Chapter 1281 The overwhelming anger

"The treasury of the Divine Dynasty of Creation?"

Uncle Lin heard Ye Feng's question, thought for a moment, and said: "Your father didn't specifically tell me about the treasury back then. After all, I was practicing in the Infinite Fire Domain, sitting on one side, and didn't do much to create the divine dynasty. City of Gods, but I remember one time when I was drinking and chatting with your father, he mentioned that the treasury seemed not to be in the spiritual world, but in the western continent on the other side of the natural chasm in the spiritual world."

Ye Feng's eyes were filled with a hint of surprise, and he said, "The treasury is in the Western Continent?"

Uncle Lin nodded and said, "Yes, it should be in the Western Continent, but I don't know where exactly it is in the Western Continent."

When Ye Feng heard what Uncle Lin said, his eyes showed a rather disappointed look.

Although I know that the treasury of the Divine Creation Dynasty is in the Western Continent, I don't know where it is specifically.

"It seems that we can only wait until we rescue the emperor first and ask the emperor himself."

Ye Feng murmured.

In any case, the treasury of the Creation God Dynasty is very important.

If he gets it, it will have a huge effect on improving his own cultivation strength and on the recovery of Uncle Lin and his father's injuries.

At this time, Ye Feng looked at Uncle Lin and said, "Let's go back to the capital of gods tomorrow. While Gu Tong Tian's true form has not returned yet, we have a greater chance of rescuing our father."

Uncle Lin nodded and said: "Now I have recovered one-tenth of my strength, which is equivalent to the cultivation of the first level of the divine realm."

Ye Feng smiled and said: "Although Uncle Lin, you have only recovered one-tenth of your cultivation level now, but you were a strong man in the true god realm at the sixth level, the pinnacle of the realm of gods. Your inheritance and fighting consciousness are not a group at all." It can be compared to the mediocre gods."

Uncle Lin also smiled and said: "Anyway, I can help you a little now."

...

Early the next morning, Ye Feng and Uncle Lin left this wild area and flew towards the center of the spiritual world.

Even though both of them were strong in the realm of gods, they had been on the road for nearly a month before they finally arrived.

Arriving at the edge of the nineteen states of the human race.

"The familiar breath of the earth..."

When Uncle Lin came into contact with this territory, he immediately squatted down and touched the hard yellow soil, his eyes full of emotion.

Next, the two of them didn't waste any time. They spent a large sum of spiritual crystals and used a cross-domain teleportation array in the nearest human state to teleport directly to a teleportation hall in the divine capital.

The two walked out of the teleportation array. Uncle Lin was now wrapped in a black robe, his eyes were extremely vicissitudes of life, looking at the prosperous scene in the divine capital, and said: "Everything here has not changed much from three thousand years ago. The divine capital is still the same. Such prosperity is the result of Brother Ye's hard work, but now it has been captured by Gu Tongtian."

Ye Feng stood aside, his eyes were extremely cold, and said: "Let's go, let's go to the Lingxiao Shrine of the eldest prince Gu Lingxiao. This time I will use the identity of the eldest prince to kill the people who were chasing me in the northwest. , Catch all the ancestors of the eight super families who made me so miserable!"

Uncle Lin's eyes were startled and he said: "The eldest prince? The heir of Gu Tongtian? You actually lurked beside the heir of Gu Tongtian?"

Ye Feng smiled and said: "Haha, I disguised my name. My name in the divine capital is 'Ye Di', and I am now known as the number one genius of the human race in the spiritual world."

When Uncle Lin heard this, he laughed loudly and said, "It's awesome!"

Next, the two of them walked through the streets and alleys, and finally arrived outside the palace.

Uncle Lin was wrapped in a black robe, looking through the hood towards the majestic palace, with a complicated look in his eyes.

At this time, Ye Feng walked to the palace gate with calm eyes.

Immediately in front of the gate, a group of tall golden guards came over and said arrogantly: "The palace is such an important place that no one can get close to it. Boy, leave quickly...Huh? No! Are you?"

"

Suddenly, these tall palace guards saw Ye Feng's true appearance, and they were shocked and said: "Master Ye Emperor! You are Lord Ye Emperor! Lord Ye Emperor...are you back?"

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, a group of palace guards immediately knelt on the ground and shouted nervously and respectfully: "See Mr. Ye Emperor!"

These palace guards all knew very well how noble the identity of Emperor Ye was.

Not only is he the number one prodigy under the First Prince, but he is also a super strong man in the Virtual God Realm whose combat power is comparable to the strongest in the God Realm!

At this time, Uncle Lin saw the scene in front of him and couldn't help but smile in surprise. It seemed that he didn't expect Ye Feng, the former crown prince, to get along so well in the current divine dynasty.

At this moment, Ye Feng stared at the group of palace guards with a calm expression and said calmly: "When you see me, you feel like you have seen a ghost. You are so shocked. Has the whole world heard that I am dead?"

"this....."

A palace guard gritted his teeth and clasped his fists and said: "Yes, as early as a few months ago, someone among the eight super families spread rumors that Lord Ye, when you were fighting against the dark aliens in the northwest, had been killed by the dark alien demon. Killed."

Ye Feng smiled coldly and said: "It seems that everyone thought that I died in the hands of the dark alien race."

"Everyone thought that was it at first."

A palace guard said: "But later, Marquis Shenjian risked his life to tell the truth. It was the ancestors of the eight super families who united to hunt down you, Mr. Ye Di. The ancestors of the eight super families were the murderers." !"

When Ye Feng heard this, his eyes suddenly moved and he said, "Did Marquis Shenjian say it?"

"Yes."

A palace guard said at this time, his face seemed hesitant.

Ye Feng stared at him, but his heart sank slightly, and said: "Is there anything else? Keep talking."

r\u003e

"yes!"

The palace guard said: "Because of this incident, the ancestors of the eight super families jointly put pressure on Shenjian Hou. They used the various connections of the super families to oppress the entire Shenjian Hou Mansion. In the end, Shenjian Hou...he Forced to commit suicide in his own palace!"

"What?!"

"Forced to commit suicide by the ancestors of the eight super families?"

When Ye Feng heard what the palace guard said, his originally calm eyes suddenly burst into monstrous anger.

Buzz!

An extremely cold and murderous aura surged out of Ye Feng's body in an instant.

It's like the arrival of endless glaciers!

At this moment, a group of palace guards with strong blood felt that their whole bodies were almost frozen at this moment.

"This young Lord Ye Di is even more terrifying than before..."

A group of palace guards showed deep awe in their eyes.

"Lord Ye Di, I will go and inform you of your return. His Highness the First Prince will definitely be very happy!"

A palace guard immediately said: "Or Mr. Ye Di, please come with me to see His Highness the First Prince."

"You go and report first. I won't go to the eldest prince for the time being."

Ye Feng spoke up, his tone was deep and low, and said: "Marquis Shenjian is not afraid of power. He told the truth for me, but he was forced to commit suicide in the Marquis Mansion. I want to go to Marquis Shenjian Mansion to worship him. , and then I will take off the eight heads of the ancestors of the eight super families who hunted me that day, and go to pay homage to the Lord Shenjian!"

Take off the eight heads of the ancestors of the eight super families?

After hearing Ye Feng's words and looking at Ye Feng's leaving figure, a group of palace guards turned pale and trembled with fear.

"The sky in this divine capital is about to change..."

They had already predicted that in the next divine capital, there would be a terrible bloody storm due to the return of Lord Ye Emperor!

Chapter 1282 Invincible Stance

The Capital of Gods, the Palace of Divine Arrow Marquis.

There were white cloths hanging everywhere in the entire mansion, which was cold and solemn.

When Ye Feng walked over, no one even realized that this young man was the legendary Ye Emperor.

Because Emperor Ye is now in the minds of everyone in the entire city, the peerless genius Ye Emperor is dead.

Moreover, they were hunted down by the ancestor-level figures of the eight super families.

No one would believe that Ye Feng would return.

Everyone feels that the legend has come to an end. .??.

Because the power of the eight super families in the divine capital is too strong.

After Lord Shenjian told the truth, everyone found out. Even the eldest prince fell silent and did not say anything to the eight super families.

Obviously, even a powerful figure like the eldest prince had compromised.

Because for such royal heirs, there is no need to offend the eight super families for the sake of a dead genius. It is definitely a very unwise thing.

And precisely because he knew this, Ye Feng came to the Shenjian Hou Mansion alone at this moment.

Perhaps before, Marquis Shenjian was just an insignificant follower to Ye Feng.

But now, when he was hunted down and framed by the eight super families, even the eldest prince remained silent. Because of his own interests, he did not dare to offend the eight super families for his own sake.

But Marquis Shenjian, a "little guy" in the eyes of countless people, stood up bravely.

Even though he knew that he would be threatened and forced by the eight super families, he still stood up and told the truth about the northwest land at that time, giving Ye Feng a clean slate.

At this moment, Ye Feng came and walked into the inner palace of Shenjian Hou Mansion.

The first thing he saw was a huge vermilion coffin lying in the inner palace.

At this time, there was no one in the entire inner palace, only Ye Feng was standing here alone.

He stared at the huge coffin, cupped his fists and cupped his hands, and said in a cold voice:
"Marquis Shenjian, don't worry, I will use the heads of the ancestors of the eight super families to send them here to commemorate you."

Uh-huh!

After speaking, Ye Feng turned and left.

"Young man, who are you? You are not from our Shenjian Marquis Mansion, are you? How could you break into the inner palace of our Shenjian Marquis Mansion!"

Suddenly, just as Ye Feng turned around, several guards from the Hou Mansion came from a short distance away and spotted Ye Feng's figure. They couldn't help but shouted immediately.

"Buzz!"

But at this time, Ye Feng jumped up and reached high in the sky.

boom! !

At this moment, his whole body burst into divine light, and his terrifying and domineering aura suddenly enveloped the entire land of God.

Next, a cold and domineering voice spread throughout the whole place.

All the gods in the land said: "Eight super families, I, Emperor Ye, am back! Today, I want to avenge myself and the Shenjianhou who you forced to death! I will kill anyone who dares to stop me!"

boom!

And almost at the moment Ye Feng's words fell, the entire city of God suddenly fell into a deep boil.

At this moment, countless people in the entire city of God heard the sound filled with endless anger and cold killing.

"What? That's...Ye Di's voice?!"

"Ye Emperor is back! He didn't die? Survived the eight ancestor-level pursuits of the eight super families?"

"But since he's not dead, he should recuperate in secret now that he's back. He shouldn't expose himself like this. Wouldn't this allow the ancestors of the eight super families to kill him again!"

At this moment, all the people from the major forces in the divine capital ran out of their places of residence.

They looked up at the sky, and at first sight they saw a young figure glowing with infinite divine light in the sky.

That figure was tall and tall, radiant, and full of infinite momentum. It was like a young god from ancient times had manifested himself and descended under the blue sky.

"hiss!"

"What a powerful momentum!"

"Is this Emperor Ye already a god?"

At this moment, many powerful men from the big forces saw something, and their eyes showed horror.

"Becoming a god?"

At this time, sneers also came from the crowd: "So what if you become a god? You are just a warrior at the first level of the divine energy realm. You must know that the ancestors of the eight super families are all at the tenth level of the divine energy realm." The cultivation level of the top of the sky is even the second level of the divine fire realm. This Ye Emperor is still too young and

frivolous. He dared to provoke the eight super families in public after escaping from death. It is really unwise. After all, he is a young man, too. He was impatient and couldn't understand that the eight super families have been able to stand in the divine capital for so many years. Their background is so profound that ordinary people can't imagine it. "

At this time, in the entire God City, some people were amazed, while others were sneering and ridiculing.

But in any case, Ye Feng is now too lazy to pay attention to the various thoughts of countless people below.

Now he just wants to kill all the strongest members of the eight super families who were chasing him!

Wash away the shame for yourself!

Pay homage to the heroic spirit of Marquis Shenjian!

"No one came out, right?"

Ye Feng looked at the extremely calm eight super families, suddenly grinned, and said: "Then

I'll beat you until you come out! "

boom!

At this moment, Ye Feng stretched out a hand and struck in a certain direction below.

That is the direction, the direction of the Zhang family, the eight super families!

Buzz!

One of Ye Feng's hands fell, and suddenly a huge purple palm, as tall as a mountain, was filled with infinite heaviness, and it suddenly struck down.

"Boom!!"

A palace of the Zhang family was shattered in an instant.

Rumble...

The big purple hand continued to bombard the ground, directly blasting out a huge ruins of big handprints.

"hiss!"

"This Emperor Ye actually attacked a super family under the spotlight!"

At this moment, countless people in the divine capital saw Ye Feng smashing the Zhang family's palace into pieces. They couldn't help but look in horror and gasped.

"Emperor Ye, you are so presumptuous!"

Suddenly, a tall young man flew out of the Zhang family's mansion.

He was wearing golden mysterious clothes, as tall as a spear, and carried three swords on his back. His body was majestic, with immortal light flowing all over his body, and his pupils were as sharp as heavenly swords, as if they could pierce the sky at any time.

"It's the forbidden genius of the Zhang family, Zhang Taiyi!"

"It is rumored that he was born with a supreme sword body! It seems that he entered the realm of gods a few days ago!"

"This is an existence comparable to the Jiang family's divine king body 'Jiang Beixuan'! He is the top young leader of our divine capital!"

At this moment, the appearance of Zhang Taiyi, the taboo genius of the Zhang family, immediately made the entire God City boil.

Because Zhang Taiyi, a taboo talent, almost represents the top young generation among the human race in the entire spiritual world!

All this time, Zhang Taiyi has been cultivating secretly in the family, and the dragon has never seen its end.

It appeared today and naturally caused a huge sensation.

But Ye Feng was standing high in the sky, staring at Zhang Taiyi below, and said indifferently: "Children, go and play, let your ancestor of the Zhang family who chased me in the northwest land come out. This is the grudge between me and him, don't Waste my time or I will kill you directly."

"Hmph! You, a junior, dare to meet our Zhang family ancestor directly. You are not qualified yet!"

Zhang Taiyi said coldly, then laughed loudly and said: "It just so happens that today I am here to see if you, the so-called number one genius in the Eighteen States Selection, are as powerful as the rumors say?"

boom!

Almost at the moment Zhang Taiyi finished speaking, he shouted loudly: "Dragon Sword! Sealing Heaven Sword! Samsara Sword! Move out! Sword against the sky!"

\u003e Boom boom boom!

At this moment, the three war swords behind Zhang Taiyi were suddenly unsheathed, and sword light burst out.

These three swords are all true god-level swords!

Zhang Taiyi has a supreme sword body, and the infinite and terrifying sword energy bursts out instantly. At this moment, he uses his unique sword moves, and the killing power is terrifying to the extreme.

"The fly shakes the tree."

At this moment, Ye Feng just said four words coldly, and then flicked his finger.

"Dang! Dang! Dang!"

A giant purple finger appeared, full of endless heaviness and hardness, and easily flicked Zhang Taiyi's three war swords away.

"What?!"

When Zhang Taiyi saw this scene, his eyes were extremely horrified.

"The Zhang family's taboo prodigy attacked in terror, but was flicked away by Emperor Ye with a flick of his finger? That was a true god-level battle sword!"

At this moment, countless people watching in the divine capital were horrified.

"How can it be!"

Zhang Taiyi's eyes widened.

"boom!"

At this moment, Ye Feng took a casual breath.

Hoo ho ho!

That breath instantly turned into a strong hurricane in the void, directly bombarding Zhang Taiyi's body.

"ah!!"

Accompanied by a scream, under the shocked and horrified eyes of countless people, Zhang Taiyi, the so-called Supreme Sword Body Taboo Prodigy, was torn to pieces by the hurricane, turned into a white skeleton, and fell to the ground from a high altitude. .

"Crack!"

The white-framed frame hit the hard ground and shattered, scattering broken bones everywhere.

"this....."

Countless people were trembling and their eyes were wide open.

Even the princes and nobles in many divine cities, the masters of great forces, or the hidden masters of the realm of gods, all changed their colors and were shocked in their hearts.

No one expected that Zhang Taiyi, the taboo genius of the Zhang family who had become a god, a supreme swordsman and a super genius with a bright future, would be blown to pieces by Ye Feng and his body would be torn to pieces. He would be killed instantly on the spot, with his bones scattered everywhere land.

Ye Feng was standing high in the sky at this moment, staring at the Zhang family, a super family, overlooking the entire land of God, and looking at the horrified looks of countless people, but his eyes were extremely calm, and he said indifferently: "Ancestor of the Zhang family, why don't you still?" Come out, do you want me to slaughter your entire Zhang family?"

Ye Feng's words at this moment were very cold and calm, but they made everyone in Shendu feel extremely cold and domineering.

One person overlooks an entire super family. This invincible posture attracts everyone's attention and arouses the feeling of shock in countless people's hearts. It is simply powerful to the extreme!

Chapter 1283 Killing God

Buzz!

Cold and domineering murderous aura emanated from Ye Feng's body, covering the entire Zhang family's mansion like waves.

At this time, the death of Zhang Taiyi, the taboo genius of the Zhang family, had shocked countless people.

Now seeing that Ye Feng is still so strong, everyone is very surprised. They didn't expect Ye Feng to press forward so hard. It seems that he will not give up until he kills the ancestor of the Zhang family.

"This kid is so crazy!"

Someone couldn't help but speak out.

"But he has crazy capital!"

Some people exclaimed, their tone full of horror and shock.

"Emperor Ye, you young man is too presumptuous."

Finally, an extremely old voice sounded from deep within the Zhang family's mansion.

Buzz!

The figure of a white-haired old man walked out from the depths of the Zhang family step by step.

His face was full of wrinkles and he was very old. He looked like he was walking unsteadily, but he gave people an extremely terrifying aura and pressure.

From this white-haired old man, everyone felt a martial arts aura that was as powerful as heaven's, very majestic and vast.

"You're finally out!"

Ye Feng stepped high in the sky and stared at the white-haired old man.

He instantly recognized that this white-haired old man was one of the eight men in black who had been chasing him before.

Moreover, this white-haired old man is one of the eight powerful men who followed Gu Tongtian's rebellion for three thousand years, and he is the ancestor of the Zhang family!

The murderous intent in Ye Feng's eyes was extremely intense at this moment.

"boom!"

Without any nonsense, he rushed directly towards the ancestor of the Zhang family.

The ancestor of the Zhang family said with cold eyes: "Young man! You dare to provoke our eight super families, you are simply playing with fire!"

"boom!"

But at this moment, Ye Feng had already punched him down.

"Big Tianyuan Shield!"

The ancestor of the Zhang family is a strong man at the top of the tenth level of the divine energy realm. At this moment, he roared loudly and displayed a very powerful defensive martial arts.

Buzz!

A large shield emitting bright silver light appeared in front of the ancestor of the Zhang family in an instant.

"Boom!!"

But at the next moment, Ye Feng's domineering and unparalleled fist burst out with bright purple light, like an indestructible war spear, and suddenly blasted through the silver shield in front of the ancestor of the Zhang family.

"Pfft!"

The purple fist, with overwhelming power, continued to bombard, directly penetrating the chest of the ancestor of the Zhang family.

"ah!!"

The ancestor of the Zhang family let out a howl of agony in an instant, his eyes were extremely frightened and angry, he stared at Ye Feng, and shouted: "You! How did your cultivation level soar and become so powerful in such a short period of time?"

"boom!"

But Ye Feng ignored the Zhang family ancestor at all, and directly stretched out his hand, spread his fingers, and grabbed the Zhang family ancestor's head.

The ancestor of the Zhang family was filled with chills and shouted: "You can't kill me! I am the ancestor of the Zhang family, and I was the minister who followed His Majesty the God Emperor to conquer the world! I have a gold medal for immunity from death. If you kill me, you will Disobeying the will of His Majesty the God Emperor...ah!"

But before the ancestor of the Zhang family could finish speaking, Ye Feng's eyes flashed with anger, and he exerted force with his five fingers.

"Pfft!"

The head of the ancestor of the Zhang family suddenly shattered like a watermelon, and blood splattered on the spot.

"hiss!"

Everyone in Shendu who saw this scene gasped instantly.

This Emperor Ye is so powerful!

Even the ancestor of the Zhang family, who was at the top of the tenth level of the Divine Qi Realm, had his head crushed and killed instantly?

What a terrifying strength this is!

"What kind of terrifying opportunity did this Emperor Ye get during this period? He actually broke through to the realm of gods in a short period of time, and also possessed such terrifying combat power that even the ancestors of the super family instantly attacked him. killed!"

At this time, countless people were extremely horrified.

What is most frightening at this moment is not only Ye Feng's powerful fighting power.

.

What makes them even more frightened is that Ye Feng is back now. He will kill the ancestor of the super family without any mercy or nonsense.

This is simply like a murderous god, with no scruples and lawlessness!

"The ancestor of the Zhang family is dead."

Ye Feng suddenly muttered at this moment and threw the body of the ancestor of the Zhang family into the Shenjian Hou Mansion, then looked in another direction, grinned and said: "Next, the Su family!"

And just when Ye Feng's eyes were looking in the direction of the Su family.

Buzz!

Suddenly, in a certain spatial direction of the Su family's mansion, the space suddenly fluctuated.

"Want to escape?"

Two blood-red beams of light suddenly shot out of Ye Feng's eyes, and his eyes turned into red laser eyes, which were the power of the Nine Nether Sky Eyes and the soul attack power of the Divine Eyes of Creation.

You know, Ye Feng has now received a huge opportunity in the Heavenly Soul Palace, and his soul power has reached a thousand levels.

The red lasers from the Nine Nether Heavenly Eyes and the Divine Eyes of Creation are already causing terrible damage.

"boom!"

The two crimson lasers were very terrifying, like two bloody lightnings, instantly penetrated the sky and directly hit the space fluctuation in the direction of the Su family's mansion.

"ah!!"

The figure of a black-haired old man suddenly appeared in the void.

At this time, he was howling in pain, his legs had been torn apart and melted by the blood-red laser, and half of his body fell directly from the sky and fell hard to the ground.

"Ancestor!"

A group of Su family disciples, all with extremely frightened eyes, filed out of the Su family mansion and looked at the black-haired old man with only the upper body left.

This old man of the Su family is not the ancestor of the Su family, because the real ancestor of the Su family was secretly assassinated by Ye Feng when he first came to the capital of God.

But this old man from the Su family was one of the eight men in black who assassinated him in the northwest.

This old man of the Su family also possesses the peak cultivation level of the tenth level of the divine energy realm, but at this moment he wants to escape, but in the end

He couldn't escape, and Ye Feng's Nine Nether Sky Eye melted and tore his lower body into pieces.

The old man of the Su family stared at Ye Feng who was walking toward him in horror. He felt that the young figure was like a god of murder. He could not resist it. Whoever wanted to kill him would have to die!

At this time, the old man of the Su family suddenly shouted in the other direction of the entire city of gods: "Why don't you come out quickly and join forces to kill this Emperor Ye! He has become a god! If you don't come out and join forces, we will all be killed by this God kill them all!"

"boom!"

"boom!"

"boom!"

And almost at the moment when the old man of the Su family finished speaking, the remaining super families in the city of God burst out with earth-shaking energy auras.

That is the aura of cultivation of the most powerful people in the realm of gods!

And there is an aura among them that even surpasses the divine fire realm, and is the strongest existence of the second level of divine fire realm!

"The ancestors of the other six super families have all revealed their auras!"

"It's really a rare opportunity in a thousand years to see all the ancestors of all super families appear in this world!"

"This Emperor Ye is really fierce. He forced him step by step and finally succeeded in provoking all the ancestors of the super family!"

"Hmph, Emperor Ye probably won't be able to end it now, he will be beaten to death!"

At this time, countless people in the city of God were making noises of horror.

The old man of the Su family stared at Ye Feng in front of him and laughed loudly: "Boy, let me go quickly! Otherwise you will...ah!!"

boom!

A hand suddenly pierced the chest of the old man of the Su family. Before he could finish his words, the whole heart was pulled out and crushed.

Ye Feng's hands were stained with blood, and his black hair danced wildly in the cold wind, looking like a mad demon. At this time, he threw the body of the dead old man of the Su family into the residence of Marquis Shenjian and outside the mourning hall of Marquis Shenjian.

Ye Feng then slowly turned around and looked at the six ancestors of the remaining six super families soaring into the air in the distance. He grinned and said coldly: "You old guys, you finally stopped being such a coward. Now Come out together, just in time for me to catch you all!"

Chapter 1284 The Bone of the Candle Dragon

"shut up!"

"presumptuous!"

"Arrogant!"

At this moment, just when Ye Feng said that he would kill all the six ancestors, cold shouts started to sound one after another.

The six ancestors from the super family were the six powerful men who followed Gu Tongtian in the rebellion.

In addition, these six ancestors were also six of the eight men in black who had previously hunted Ye Feng in the northwest.

Obviously, in order to kill Ye Feng, this peerless genius, these super families really spent a lot of money, and almost all of them were ancestors.

But it's a pity that Ye Feng's fate was too great. He survived even being beaten into a blood mist, and now he has returned to the divine capital with force.

At this time, among the six ancestors, the most powerful one is the ancestor of the Jiang family. He is wearing a golden robe, has sharp eyebrows, possesses the tyrannical cultivation of the fifth level of the divine fire realm, and is the most terrifying super strong person present.

The ancestor of the Jiang family stared at Ye Feng, who was not far away, and said coldly: "A few months ago, I beat you into a bloody mist with my own hands. Your body was broken and your soul was exhausted. How could you revive again? And become so powerful? "

At this time, even the ancestor of the Jiang family, the most powerful super family ancestor, glanced at the two corpses on the ground in the Jianhou Mansion and felt chilled in his heart.

Everyone had seen the fight between Ye Feng and the other two ancestors before, and they knew how terrifying this young murderer was.

Ye Feng's eyes showed deep coldness and said: "How did I survive? You don't need to worry about this, old people, because next, I will cut off your heads one by one!"

"presumptuous!"

"Arrogant!"

At this moment, the six ancestors were all furious.

"Deadly Scythe!"

An ancestor took action instantly, and countless black energy came out of his body, condensing into a huge death sickle in the void, as if it could cut people's souls!

"The true form of the God of Thunder!"

Another ancestor also took action instantly, and endless thunder surged from his body. His whole body began to expand, and eventually he became a thunder giant, holding a monstrous thunder sword in his hand and slashing towards Ye Feng.

br

Facing the attack from the two ancestors, Ye Feng's expression did not waver at all. He just smiled coldly and said: "A bunch of ants!"

"Die them all!"

"Great Wild God Chaos Fist!"

boom!

Ye Feng raised his head to the sky and roared, directly blasting out the Great Desolate Barbarian God Chaotic World Fist, a set of first-grade true god-level martial arts!

True god-level martial arts are very rare in the spiritual world and have almost disappeared.

Even if it was only the lowest level of first-grade true god-level martial arts, it would erupt in an instant with terrifying power that frightened countless people.

"boom!"

With Ye Feng's punch, the entire sky was almost shattered. Infinite war energy surged out of the fist, and a huge giant roaring up to the sky condensed in the void!

That is the phantom of the wild god's will!

With one punch, the world is in chaos!

Possessing boundless brute force, it can break everything and break free from all restraints!

This is the true meaning of the Great Wild God Chaotic World Fist!

"Boom!"

The terrifying punch power penetrated the sky, and the ancestor's death sickle that was the first to strike was shattered in an instant, and then the entire body was torn apart and became two halves, killing him instantly.

"ah!!"

The second ancestor who took action turned into a thunder giant, but he was also unable to withstand Ye Feng's Great Wild God Chaos Fist. His head was smashed directly. Blood exploded in the sky. The majestic headless thunder giant fell to the ground.

Two ancestors who were at the tenth level of the Divine Qi Realm fell instantly!

"What?!"

Seeing this shocking scene in the sky, the whole god was plunged into a huge boil.

"Has this Emperor Ye received the inheritance from an ancient god? Why is it so scary!"

"The power of that punch just now was so powerful.

It's scary. Could it be the true god-level inheritance that has disappeared from our spiritual world for endless years? "

"This Emperor Ye is simply lawless! He killed two ancestors of the super wealthy clan one after another!"

Countless people were making noises in fear, their whole bodies were shaking violently, and they felt terrified and uneasy.

At this time, there were only four ancestors left on the entire field.

Three of the ancestors, who were at the tenth level of the Divine Qi Realm, stared at the young man who looked like a wild god in the distance, their whole bodies trembling.

And the most powerful ancestor of the Jiang family, his eyes were extremely ugly at this moment, and he said: "Your cultivation level is in the divine energy realm, why do you have the power to make me, the most powerful person in the divine fire realm, feel scared?"

Ye Feng's eyes were cold and he said indifferently: "Why do you, a dying person, need to know so much?"

"Come together! Kill this boy!"

Suddenly, the ancestor of the Jiang family took action suddenly.

A piece of animal bone appeared in his hand, and he pressed it against his Heavenly Spirit Cover.

"Roar!"

Suddenly, a huge phantom of a divine beast blooming with bright light appeared in the void around the ancestor of the Jiang family, shrouding him, giving the ancestor of the Jiang family a huge blessing of combat power!

This mythical beast has a huge dragon-shaped body, the whole body is blood red, the two dragon horns are majestic and vicissitudes of life, especially the pair of eyes, one eye radiates the light of the sun, and the other eye radiates the light of the night, as if In the blink of an eye, day and night can change.

"Could this be...an ancient divine beast, the candle dragon!"

"Candle dragon? It's such an ancient mythical beast! It is said that the ancestors of the Jiang family once refined a candle dragon, and it turns out to be true!"

"The ancient animal bone used by the ancestor of the Jiang family is definitely the bone of the Zhulong! It gave him the majestic power of the ancient divine beast Zhulong in an instant!"

Many older figures from the big forces in the city saw the clues and couldn't help but exclaimed.

The ancestor of the Jiang family was now surrounded by the huge ancient divine beast Zhulong, and his own eyes also changed.

One became the sun, the other became the night, containing infinite mysterious power and meaning.

The ancestor of the Jiang family stared at Ye Feng, who was not far away, and said with a cold smile: "The heritage of a super family is beyond the imagination of a humble family like you. The power of this ancient beast is enough to crush you in an instant!"

"Eye of the Candle Dragon!"

The ancestor of the Jiang family roared, and his eyes began to flash. The whole city of God and the earth were affected at this moment. Everyone felt that darkness and day were all reversed, the world was in chaos, and the rules of heaven and earth were also changed. It becomes upside down and makes people feel like their life is about to run out.

"Great Wild God Chaos Fist!"

Ye Feng continued to throw terrifying punches, but he was unable to shatter the inverted mystery of night and day in the surrounding world.

He was trapped in the endless alternation of night and day, and he felt that his life force was passing quickly and was about to be exhausted.

"Hahaha!"

The ancestor of the Jiang family stared at Ye Feng, who seemed helpless, and laughed wildly: "Boy, this is the 'Yin Yang Divine Realm' that I created with the help of the sacred bones of the ancient beast Zhulong! Hahaha! You kid just stepped into it I'm afraid you don't understand what the realm of gods is, right? But you don't need to understand, because you are about to die in the endless alternation of night and day in this Yin-Yang realm!"

"Holy area?"

Ye Feng suddenly laughed at this time and said: "Is this the divine realm you are talking about? Sorry, I have one too."

Buzz!

Almost at the moment Ye Feng finished speaking, a boundless darkness suddenly appeared around him, as if the bloody dark age of ancient times had arrived, bringing a sense of doomsday and death fear to countless people.

This is the most powerful inheritance that Ye Feng received from the Savage God Emperor: the Dark Martial Arts Realm!

"How can it be?!"

The wild smile on the Jiang family ancestor's face suddenly became extremely stiff.

Because he saw that the dark divine realm around Ye Feng was quickly eroding the Yin and Yang divine realm that he had unleashed with the help of the Zhulong Divine Bone!

Chapter 1285 The Emperor is Ruthless

"How can it be!"

At this moment, the ancestor of the Jiang family looked at the endless darkness around Ye Feng, which was rapidly eroding his Yin Yang Divine Realm. The ancestor's eyes suddenly became extremely frightened and angry.

"How can you have a divine realm! You have just stepped into the divine realm, but you are only a warrior in the divine energy realm! Where did you get your divine realm?"

The ancestor of the Jiang family roared loudly, trying to activate more of the power of the ancient beasts on the candle dragon's bones.

"boom!"

But at this time, Ye Feng used the Dark Martial Arts Divine Realm to suppress the Yin and Yang Divine Realm, and then he directly released the Invincible Sword Realm.

boom!

A metal sword several hundred meters long, packed with infinite power, slashed down instantly.

"Crack!"

The ancestor of the Jiang family's body-protecting divine light was instantly shattered. ??

Uh-huh! Uh-huh! Uh-huh!

At this time, the other three ancestors flew to the side of the Jiang family ancestor in an instant to protect his safety.

Because they know very well that the only hope now is the ancestor of the Jiang family, a strong man in the divine fire realm.

"You three still dare to stop me? All of you die!"

Ye Feng's eyes were extremely cold at this time. He directly held the metal sword of Invincible Sword Domain and struck at the three ancestors with one sword.

"ah!"

"ah!"

"ah!"

These three ancestors were just tenth-level heavenly warriors in the Divine Qi Realm, and were no match for Ye Feng. They were cut in half by the metal sword in Ye Feng's hand. Blood spurted out, and their bodies fell from a high altitude, just in time to hit them. In the Shenjian Hou Mansion.

At this moment, there is only one ancestor left in the entire field, and that is the ancestor of the Jiang family!

"The eight super families, the great families that stand tall and towering at the pinnacle of the spiritual world, actually had seven ancestors killed in succession today!"

At this time, countless people in the divine capital were amazed and felt fear in their hearts.

"Snapped!"

Ye Feng was very strong and ferocious. He grabbed it with one hand. Unable to withstand the power of his domineering body, he directly tore off the Candle Dragon Bone from the ancestor of the Jiang family, and then put it into his own storage spirit ring. middle.

This Candle Dragon Bone is the bone of an ancient divine beast and possesses incredible divine power.

Even stimulating the Soul of the Candle Dragon in it can give the user the ability to temporarily have the Eye of the Candle Dragon, turning day and night upside down. In the blink of an eye, countless dark days and white nights pass by, yin and yang are reversed, the world is chaotic, and the universe is lightless, forming a An extremely powerful martial arts realm: the Yin Yang God Realm.

"This is a good thing..."

Even Ye Feng couldn't help but have a hint of excitement in his eyes at this moment.

If it weren't for the lower level of cultivation of the ancestor of the Jiang family, Ye Feng knew that even if he had the Dark Martial Arts Divine Realm, he would not be able to suppress the Yin and Yang Divine Realm of the ancestor of the Jiang family.

In that case, who wins and who loses today may have another outcome.

But Ye Feng won in the end.

"boom!"

At this time, Ye Feng punched the ancestor of the Jiang family to the ground.

Uh-huh!

Then he fell down in an instant, stepped on the ancestor of the Jiang family with the sole of his foot, and said coldly: "Kowtow to the Lord of Divine Arrow and confess your sins."

At this moment, Ye Feng and the ancestors of the Jiang family were outside the mourning hall of Marquis Shenjian.

look at that

Looking at the huge cold coffin, the ancestor of the Jiang family looked incomparably frightened and angry, and said: "What is the Marquis of Divine Arrow? What qualifications does a despicable little person have to ask this ancestor to kowtow to him and confess his guilt?"

"boom!"

But the next moment, Ye Feng directly stepped on the old head of the ancestor of the Jiang family on the ground, pointing it in the direction of the coffin of Marquis Shenjian.

"Ahhh!!!"

The ancestor of the Jiang family pressed his face against the cold ground, feeling the soles of his feet stepping on his head, and immediately let out a scream of shame and pain.

"enough!"

Suddenly at this moment, an angry shout suddenly sounded not far away.

Swish, swish, swish!

Swish, swish, swish!

Deep in the palace in the distance, escorted by a group of silver-armored guards, a young man wearing golden black clothes walked out of the palace.

It turned out to be the eldest prince Gu Lingxiao!

The eldest prince was staring at the corpses of the seven ancestors in the Shenjianhou Mansion, as well as the ancestor of the Jiang family who was stepped on by Ye Feng. His face was very ugly, and he said: "Emperor Ye, you are the subordinate of this prince." He is the founder of our Tongtian Divine Dynasty, you cannot kill him."

Ye Feng stared at the eldest prince with cold eyes and said, "After I was chased to death by the ancestors of the super family, what did your eldest prince do?"

"you....."

When the eldest prince heard this, his eyes immediately became extremely ugly.

Because after the news of Ye Feng's death spread back to the capital, even if the Lord Shenjian came forward and said that Ye Feng was killed by the eight major families, the eldest prince still did nothing, not even a word of public explanation.

Obviously, the eldest prince did not want to anger the eight super families, because Ye Feng was dead, and a dead person had no value to the eldest prince.

Ye Feng stared at the stiff-faced eldest prince and said indifferently: "Since you haven't done anything for me, you are not qualified to stop me from revenge and killing people. The death of Lord Shenjian is too unjust. I will definitely kill everyone." The super family ancestor pays homage to him in front of his mourning hall."

"Pfft!"

Almost at the moment Ye Feng finished speaking, the sword in his hand was cut off, and the head of the ancestor of the Jiang family was instantly cut off.

The last super family ancestor died!

"Really killed them all!"

At this moment, the entire God City, including countless people watching in secret, were all trembling and shocked to the extreme.

No one expected that such a big thing would suddenly happen on this peaceful day in the city of God.

The ancestors of the eight super families, the top group of super strong men who stood on the spiritual world, fell one after another in just one day, and were all wiped out by a young man who looked like a murderous god!

At this moment, in the mansions of the eight super families, countless members of the eight super families had extremely frightened eyes.

The death of their ancestor is like the collapse of the backbone of the family. It can be seen that even if Ye Feng does not take action, the future of the eight super families will be gloomy.

Ye Feng stood at the Shenjian Hou Mansion and shouted: "Brother Shenjian! Today I will use the heads of the ancestors of the eight major families to pay tribute to your heroic soul! You are in the underworld.

Come on, just close your eyes! "

At this time, countless people in the entire God City heard Ye Feng's voice.

At this time, many people actually began to have a deep admiration for Ye Feng.

This son is really a person who values friendship and righteousness!

The eldest prince and all the dignitaries in the palace who were watching looked very unhappy. ??

They wanted to stop Ye Feng, but Ye Feng was too powerful. No one in the capital could beat Ye Feng now.

They wanted to use royal laws to punish Ye Feng, but found that they could not do so.

Because it was indeed the Eight Great Ancestors who chased Ye Feng and forced Marquis Shenjian to death.

Ye Feng is back now to avenge himself and avenge his friends. Everything is reasonable and the laws of the gods cannot punish him.

Therefore, the entire God City fell into a brief silence at this moment.

Under the gray sky, countless people's eyes were fixed on Ye Feng, who was standing in front of the mourning hall in Shenjian Hou Mansion.

After a long time, Ye Feng put the corpses of the ancestors of the eight super families into the storage ring, then turned around and left.

At this time, Ye Feng and the eldest prince had already broken up with each other, and Ye Feng no longer had to return to the eldest prince's Lingxiao Palace.

Buzz!

But suddenly at this moment, a bright divine light suddenly bloomed from the direction of the palace.

In the horrified eyes of countless people, under the gray sky, a huge human-shaped light and shadow stood up from the depths of the palace. It was extremely towering, exuding a vast and heavy terrifying aura, like an ancient god coming. The supreme will, overlooking the world, makes countless people feel depressed and breathless.

This god-like light and shadow turned out to be the clone of Gu Tongtian, the God-Emperor!

At this time, it suddenly appeared, making countless people look shocked.

"Greetings to His Majesty the God Emperor!"

At this moment, whether they were civilians, nobles, or ministers and princes in the palace, they all spoke respectfully, their eyes full of awe.

Because that ray of light is the strongest human being in the spiritual world, His Majesty the Tongtian Divine Emperor!

He is the only eternal being in the spiritual world who has transcended the six levels of the divine realm!

Even the divine descendant families in the sky are afraid of the power of the Tongtian God Emperor.

Even if only a clone of Emperor Tongtian descended at this time, it would make everyone feel that they were facing the might of God for a moment, and it was so majestic.

Ye Feng was standing in the Shenjianhou Mansion at this moment, and he suddenly felt the supreme majesty of heaven and earth descending on him.

His entire body was shaking, and the solid bones and flesh of Cangtian Hegemon's body were almost unable to withstand the terrifying power of the momentum.

"Gu Tongtian is indeed very strong, as strong as the mighty power of heaven, and human power cannot be disobeyed..."

At this moment, Ye Feng suddenly felt an illusion as if he was facing the gods of heaven. He only felt that he was as small as an ant under the light and shadow of the Emperor of Heaven.

However, Ye Feng had no worries or fears in his heart at this moment.

Because his identity as the prince of the God of Creation has not yet been revealed.

My current identity is that I am the most powerful person among the human race in the spiritual world.

The strong young prodigy can almost be said to be the hope for the future of the human race in the spiritual world.

Therefore, Ye Feng did not believe that Gu Tongtian, the divine emperor of the divine dynasty, would be willing to kill himself, a man with a promising future.

As far as the emperor is concerned, when the eight ancestors are dead, they are dead and have no value.

And Ye Feng is now the number one prodigy of the human race, and the one who is still alive is naturally more valuable.

In order to maximize the value, Ye Feng believed that Gu Tongtian would never kill him.

Sure enough, the light and shadow towering under the sky made a majestic voice at this time: "The ancestors of the eight major families killed the peerless genius of my human race in the spiritual world for their own selfish desires. Now the cause and effect cycle has caused him to be avenged and killed. It is very reasonable, but After all, the Eight Ancestors are the founding fathers of our Tongtian Divine Dynasty. They have special status. Emperor Ye is guilty of killing the Eight Ancestors after all. The Royal Forest Army of the Divine Dynasty dispatched and imprisoned Emperor Ye in the "Black Hall" of the palace for half a year. He is not allowed to do anything he wants. Leave the city of God."

After the majestic voice fell, everyone's eyes showed deep shock.

Half a year in jail?

What's the difference between that and no punishment?

Even the eldest prince and other princes obviously did not expect that His Majesty the God Emperor would be so tolerant of that Emperor Ye.

"As expected, the emperor's family is the most ruthless."

Not only was Ye Feng not grateful to Gu Tongtian at this moment, but he felt even more cold inside.

Seven of the eight ancestors who were killed by him were the founders of the dynasty who followed Gu Tongtian to conquer the world.

But now, in order to win over himself, the number one prodigy of the human race in the spiritual world, Gu Tongtian directly ignored the deaths of his brothers who fought together in the world, and only imprisoned himself for half a year.

This is very similar to what the eldest prince did before. As long as a person dies, it has no value.

Even Ye Feng still suspected that he had been lawless in the divine capital before, killing all the eight ancestors one by one. The clone of Gu Tongtian, an old man, never appeared. When he finally appeared, it was actually this old man. A common man may just use his own hands to severely suppress the eight super families that are at the height of their power and even have great achievements.

In this way, this not only preserved the majesty of the God Emperor of Gu Tongtian, but also eliminated the power of the eight super families in the city of God.

"This Emperor Ye, I'm afraid this time is just a sword of His Majesty the God Emperor..."

At this time, many old people were quick-thinking and guessed this possibility.

But no one dared to say anything.

Next, under the shocked and complicated eyes of countless people, Ye Feng followed a group of royal guards who came out of the palace and left the scene, heading towards the "Black Hall" in the palace, which was specially for confinement.

"Humph, Emperor Ye, you won't be able to dance for long."

At this moment, the eldest prince seemed to have figured out the key point why Ye Feng was able to successfully kill the ancestors of the eight major families today. It must be that his father was using a borrowed knife to kill people, and with the help of Ye Feng's hand, he suppressed the eight super families that were in full swing.

At this time, the eldest prince thought of Ye Feng's previous actions of disobeying him under the public eye, and his eyes were very gloomy: "Ye Emperor, Ye Emperor, you won't be arrogant for long. This time you are the sword in my father's hand. You kill him." It's okay to get rid of the Eight Ancestors, but next time, my father feels that you are of no use, and he might just secretly get rid of you! Born in an imperial family, who knows my father's thoughts as well as I do, haha..."

...

Chapter 1286 Who is it?

Deep in the palace, there is a very secluded area.

This place is sparsely populated, and everywhere there are collapsed ruins or old city walls and buildings that have been in disrepair.

At this time, in this ruined land, there stood a hall made entirely of black gold.

This is the "Black Temple".

It is the place where people were imprisoned in the palace.

At this time, Ye Feng was staying in the black hall, sitting cross-legged and refining the skills of the eight ancestors.

There was no one guarding the outside of the Black Hall.

Because everyone knows that if Ye Feng really wants to go out, it will be useless no matter how many strong men come to guard him.

Simply no one would come to guard him, so as not to offend such a peerless genius with a promising future. .??.

Therefore, Ye Feng has been quietly practicing in the Black Hall these past few days.

It just so happens that this is a deserted and remote place in the palace, inaccessible, and basically no one will pay attention to it.

As for guarding against the spying of Gu Tongtian's clone deep in the palace?

With thousand-level soul power, Ye Feng used the true god-level soul skill 'The Soul Skill of Concealing the Sky and Crossing the Sea' obtained from the Heavenly Soul Palace, covering the entire Black Palace area.

If the true form of Gu Tongtian, the most powerful person in the Eternal Realm, comes, he may be able to see through Ye Feng's soul skills.

But now there is only a shadow of Gu Tongtian's clone in the depths of the palace. With Ye Feng's current thousand-level soul power, he can use the spirit technique of hiding from the sky and crossing the sea, which is enough to cover up the secrets of the sky and hide the clone's spiritual exploration.

So at this moment, Ye Feng stayed in the black palace, unscrupulously devouring and refining the power, energy and blood of the ancestors of the eight super families.

Soon, the eight shriveled corpses turned into ashes.

All the skills and life essence were swallowed and absorbed by Ye Feng.

You must know that although the ancestors of these eight super families are not very high in cultivation, they are still old monsters who have practiced for thousands of years.

After thousands of years of accumulated skill, there are still eight, which is absolutely boundless.

Even though Ye Feng practiced the Divine Art of Creation, his body was like a bottomless pit.

However, after refining the Eight Great Ancestors, his cultivation level continued to skyrocket from the seventh level of the Divine Energy Realm in just a few days, and finally broke through to the Great Perfection of the Tenth Level of the Divine Qi Realm.

Even Ye Feng saw a ball of ethereal flames appear in his dantian.

That is the divine fire!

The first level of the realm of gods is to absorb the heaven

The creation of the earth condenses the spiritual energy in the body.

At the second level, the warrior needs to ignite the divine energy in his body and turn it into divine fire, like a bright lamp, illuminating the chaotic darkness inside the entire body.

This is the divine fire realm!

However, at this time, the ball of divine fire in Ye Feng's dantian was still very vague, and it was obvious that he had not yet entered the true realm of divine fire.

"Although I haven't completely ignited the divine fire in my body now, I can still be considered half-step to the divine fire realm."

Ye Feng woke up from his cultivation state and couldn't help but murmured.

After the battle, instead of weakening, Ye Feng became stronger. The energy and blood in his body flowed like the Yangtze River, surging and terrifying.

Moreover, every move he makes can cause the space to tremble slightly, which is obviously a manifestation of the extremely terrifying strength of his body.

"Ye Feng, you have finally finished practicing. I have found the approximate location of the Nine Nether Heavenly Prison, but it still takes time to determine the real location."

From the side hall on one side of the black hall, a stunningly beautiful woman in blue walked out.

It was Ye Shenyue.

Ever since the news of "Ye Emperor's fall" spread throughout the entire city, the only person who didn't believe that Ye Feng was dead like this was Ye Shenyue in the entire city.

Because Ye Shenyue knew very well that Ye Feng had encountered countless dangers along the way from a small family, but no difficulties or crises had ever been able to defeat him.

Moreover, the eldest lady of the Ye clan also knew that Ye Feng was the crown prince of the Creation Dynasty three thousand years ago, and he must have other incredible methods.

Sure enough, Ye Shenyue waited for several months and brought Ye Feng back.

When Ye Feng was killing the ancestors of the eight super families, Ye Shenyue was standing in a crowd in the divine capital, looking at Ye Feng's peerless elegance with deep excitement in her beautiful eyes.

After Ye Feng was imprisoned in the Black Palace, Ye Shenyue was the first to look for Ye Feng.

At this time, Ye Feng looked at Ye Shenyue, with a warm smile in his eyes, and said: "Miss, I have worked hard for you these past few months. I asked you to investigate the location of the Jiuyou Heavenly Prison where my father was imprisoned. If you are discovered, that is a capital crime."

Ye Shenyue is graceful and moving

The human figure came over, stretched out his white hands, and gently arranged Ye Feng's messy hair. His beautiful eyes were full of tenderness, and he said: "I can make it this far, It's all because of you, Ye Feng, and I'm very satisfied to be able to help you a little bit."

Having said this, Ye Shenyue was silent for a moment, then stared at Ye Feng, opened her mouth slightly, and said: "Ye Feng, do you know what I am most afraid of? What I am most afraid of is that I can't help you."

When Ye Feng heard this, no matter how hard-hearted he was, his eyes showed infinite warmth at this moment. He stretched out his hand to caress Ye Shenyue's beautiful face and said, "Miss, thank you..."

"Uh-huh!"

Suddenly, a thin figure wrapped in a black robe flashed into the black hall from outside.

It's Uncle Lin, the god of fire!

Ever since the battle that day, Ye Feng was imprisoned in the Black Palace. Uncle Lin has always been outside the Black Palace to help Ye Feng protect the law and let Ye Feng practice with peace of mind.

At this time, Ye Shenyue calmed down the emotions in her eyes, first clasped her fists slightly towards Uncle Lin and said, "Hello, Senior Vulcan."

Then she looked at Ye Feng and said, "I'm leaving first. Give me some time and I can find out where the Nine Nether Heavenly Prison where Senior Ye Qingdi is imprisoned is."

After saying that, Ye Shenyue jumped up, and her graceful figure in blue disappeared into the ruins outside the black hall.

Uncle Lin looked at Ye Shenyue's retreating back, turned around and stared at Ye Feng, and said helplessly: "It seems that I came at the wrong time to disturb you, Feng'er, you have to believe that I didn't mean it. I just sensed your momentum of breakthrough, so I came in."

Ye Feng immediately stepped forward, patted Uncle Lin on the shoulder, and said, somewhat dumbfounded, "Uncle Lin, you are overthinking. By the way, Uncle Lin, judging from your current complexion, it seems that you have recovered a lot during this time." Why."

Uncle Lin couldn't help but shook his head and said with a wry smile: "After all, I only have a remnant soul body left. The physical body has been damaged. No matter how I recover now, I can't return to my peak state. I still don't have Feng'er." You are strong."

Ye Feng immediately comforted him: "Uncle Lin, don't be discouraged. You are the god of fire and the master of the infinite fire domain in the eyes of countless people. Don't worry, Uncle Lin. I will take you two away from this place once my father is rescued." The dangerous land of God, I will go to other places to help you find a way to recover."

Uncle Lin heard Ye Feng say this

, couldn't help laughing and said: "You don't need to comfort me, kid. I'm not frustrated. I just feel that I can't help you Feng'er. I feel ashamed. After all, you worked hard to rescue me from Tianhun Palace, but I became Got your oil bottle."

Ye Feng immediately said: "Uncle Lin, what are you talking about? You are my father's best brother. In order to avenge the dynasty of creation, you fought until the last drop of blood. I will definitely save you, Uncle Lin." ! Uncle Lin, believe me, I will definitely help you find the most suitable body to revive you, and even become stronger than before!"

"good!"

Uncle Lin's eyes were red, and he patted Ye Feng's shoulder hard and said: "What a boy! You are worthy of being Brother Ye's son! Like him, I value love and justice. I didn't fight Gu Tongtian in vain!"

Suddenly at this moment, Uncle Lin seemed to feel something. He suddenly looked in the direction of the entrance of the Black Hall and said, "Is there someone else here? I'm not familiar with the breath, so I'm hiding for now."

After saying that, Uncle Lin put a long hood on his head, covered himself in a black robe, and left through the apse door of the Black Hall.

At this time, Ye Feng turned around and looked outside the black hall.

His eyes were a little confused. Who dared to approach him at this time?

Could it be the Red Dust Fairy?

But Ye Feng guessed that Fairy Hongchen had left the land of God.

Because if Hongchen was still in the capital now, and she learned the news that she was not dead, she would definitely be like Ye Shenyue and immediately come to look for her.

"Squeak!"

At this time, the door of the Black Hall was pushed open.

A woman in white clothes walked in.

The first time she saw Ye Feng, she immediately showed deep joy in her eyes and said: "Ye Feng, I knew you wouldn't die so easily. You have so many tricks on your side, and they are endless. The eight super families Ancestor, I can't even kill you!"

When Ye Feng saw the woman in white clothes and plain snow, his eyes showed deep surprise, and he couldn't help but said: "Miss Lan? Why are you here?"

What Ye Feng never expected was that the strange aura that came to the black palace at this time and made Uncle Lin feel it was the mysterious Miss Lan from Gu Qin Lan!

Suddenly Miss Lan appeared in front of him, and Ye Feng's mood ranged from joy to complexity.

Who is she?

Chapter 1287 Tragic Childhood

Guqin Lan, who is this mysterious girl Lan?

This is the biggest doubt in Ye Feng's heart.

Because Gu Qinlan is very similar to herself, with a mysterious identity and endless tricks, and she has always been a loner and seems to have no other friends.

Therefore, Ye Feng had a strange feeling of empathy for this girl Lan from the first time they met.

He felt that Gu Qinlan was the same type of person as himself.

As if seeing the joy and complexity in Ye Feng's eyes, Gu Qinlan walked over slowly.

She stared at Ye Feng in front of her and said in a hollow voice, "I know that my appearance has left you with many questions, Ye Feng, but now, I can tell you everything."

Ye Feng's eyes suddenly moved and he said, "Is it because of my current achievements?"

"That's right."

Gu Qinlan nodded, with a deep look of solemnity on her beautiful face, and said: "I have never dared to tell you about my true identity before. In fact, I was afraid that you would know my identity. Being involved with me will bring you endless trouble and murderous intentions, Ye Feng. I only have you as a friend, and I don't want to see my only friend get hurt because of me."

When Gu Qin Lan said this, Ye Feng became even more curious. He solemnly stretched out his hand and pressed the soft shoulders of the girl Lan in front of him. With a firm look in his eyes, he said, "You said I am your only friend. So you should tell me everything about you, including the pressure in your heart. Between friends, we should share blessings and hardships. "

"We share blessings and share hardships..."

Gu Qinlan recited Ye Feng's words, and a glimmer of light suddenly appeared in her cold beautiful eyes. She immediately stared at Ye Feng and said: "Actually, I am the daughter of Gu Tongtian, the current God Emperor of the Tongtian Dynasty..."

Ye Feng's eyes suddenly changed, but then he nodded and said: "Actually, I have already made a guess, but the only thing that has always puzzled me is that Miss Lan, were you there before?"

When referring to His Majesty the Tongtian Divine Emperor, he calls him by his first name, even with a hint of... disrespect in his tone. I never understand why. "

When Gu Qinlan heard Ye Feng say this, her eyes suddenly showed a trace of pain, and said: "Because I hate him, I hate this His Majesty the God Emperor who makes everyone look forward to him!"

Ye Feng looked at Gu Qinlan's painful face and couldn't help but be surprised: "Why? He is your father, why do you hate him?"

Gu Qinlan stared at Ye Feng in front of her, as if recalling something from the past. Her beautiful face suddenly showed a look of painful memories, and said: "Because he killed my mother."

Ye Feng was suddenly startled and said: "The Emperor Tongtian is your father, but he killed your mother?"

Gu Qinlan nodded, her eyes extremely cold, and said: "My mother was a palace maid in the Tongtian Divine Dynasty. In an accident, she got the favor of the God Emperor, so she had me, but Tongtian Divine Many elders of the ancient royal family in the court felt that my mother was just a humble palace maid, and that the existence of my mother and I was a stain on the royal family of the Tongtian Dynasty. Therefore, those elders of the royal family wanted to treat my mother I was forced to death by my own mother. I was young at the time and had no power to resist. I went to beg my father, Gu Tongtian, huh, but this aloof His Majesty the God Emperor Tongtian faced the accusations made by a group of elders of the Gu family royal family against my mother. Forced, but silent, it seemed that in his heart, my mother was also a stain on the royal family. In the end, my mother was forced to death, and I was also targeted by countless elders of the royal family, who wanted to I also wanted to get rid of my illegitimate daughter, and I wanted to die, but I didn't expect that Gu Tongtian, a cruel person, would pretend to protect my so-called daughter and send me out of the capital of the gods to be fostered in the capital of Xuzhou. among."

Ye Feng heard what Gu Qin Lan said at this time and finally understood the identity of this girl Lan.

World.

It turns out that Gu Qinlan is really Gu Tongtian's daughter!

But as the daughter of the God Emperor, Gu Qinlan's experience was extremely miserable.

She is the illegitimate daughter of the God Emperor and a palace maid. Her mother was forced to death by the pedantic elders of the royal family.

As for herself, she could only remain anonymous, staying away from the wealthy imperial capital since she was a child, and being fostered in a remote small human state like Snow State.

At this time, Ye Feng finally understood why this girl Lan was so talented and had so many tricks. It turned out that her experiences were somewhat similar to his own.

In fact, Guqinlan's experience was even worse than her own, because she lost her mother forever and had a father who didn't cherish her at all.

At this time, Ye Feng thought of his father, Emperor Ye Qing. In order to be willing to go up to the sky alone, he did not hesitate to be seriously injured and was in danger, but also snatched back a golden magic pill to extend his life.

In addition, his mother, whom he had never met before, was willing to be imprisoned and returned to the second universe by the strong men of the Gu Kingdom for the sake of his father and himself.

These are the invisible love of the elders.

But Guqinlan has probably never experienced it.

Her mother died tragically and her father was indifferent, which gave Gu Qinlan a miserable childhood.

At this time, Ye Feng looked at Gu Qin Lan, who had a painful face and red eyes, and couldn't help but stretched out his arms to take this tragic girl Lan into his arms.

"Ye Feng, thank you..."

Gu Qinlan didn't cry, she didn't allow herself to cry, her eyes were just red at this time, and she whispered in Ye Feng's arms.

Ye Feng nodded slightly, hugged her and didn't say much.

He knew that what Gu Qinlan needed now was a shoulder to lean on temporarily.

After a long time, Gu Qinlan returned to her normal expression and took a few steps back, as if she felt that what she just did

Zhi was too intimate, and an intoxicating blush appeared on her beautiful face.

Ye Feng stared at Gu Qinlan at this time and said: "Thank you."

Gu Qinlan's eyes were curious and she said, "Thank you for what?"

Ye Feng smiled and said: "Thank you for treating me as a friend and telling me everything about you."

When Gu Qinlan heard this, she was stunned for a moment, then she smiled like a flower, and even said playfully: "Ye Feng, you are so powerful now, and you are still my only friend. Please protect me in the future."

Hearing this, Ye Feng stretched out his hand to hold the shoulder of the woman in front of him and said: "Miss Lan, don't worry, you are my friend and you still trust me so much. If you are in danger, I will protect you."

Ye Feng knew very well that she was willing to share the painful past buried in Gu Qinlan's heart with herself and tell herself the truth.

This shows what?

This shows that this girl Lan has completely trusted herself and truly regards herself as her only friend and support.

"Stop talking about this!"

Gu Qinlan suddenly spoke up. She stared at Ye Feng in front of her and said curiously: "Ye Feng, your current name of 'Ye Emperor' has resounded throughout the entire land of God. What are your plans next?" ? I know that this black palace cannot trap you. You can leave at any time if you want."

Ye Feng nodded slightly, looked at Gu Qin Lan who was smiling beautifully in front of him, and suddenly said in a low tone, "If I stand on the opposite side of you in the future, Miss Lan, what will you choose?"

"Against me?"

Gu Qinlan didn't seem to expect that Ye Feng would suddenly ask herself such a question so seriously. She couldn't help but tilt her head and think about it, then smiled and said: "We will never stand on opposite sides. Of course, if there is such a day, If we become enemies, I will not hesitate to throw away the sword in my hand and reach out to Ye Feng. I will go wherever you take me. "

Chapter 1288 Act immediately

Gu Qinlan's words were very straightforward.

But often the most straightforward words are the most touching.

When Ye Feng heard what Gu Qinlan said, his eyes showed a hint of warmth, but also a hint of complexity.

But in the end, Ye Feng didn't say anything more. He just looked at Miss Lan in front of him and said, "Okay, I'll remember it."

The two chatted for a while, then Gu Qinlan stood up and left.

But before leaving, Gu Qinlan showed a hint of curiosity in her eyes, staring at Ye Feng and saying: "I have been curious about something for a long time. Why did you, Ye Feng, change your name to 'Ye Di'? Before you entered the capital of Snow State because you were afraid that your identity as a disciple of the Sword God Tiangong would be exposed and lead to the pursuit of the big forces in Shendu. However, after you entered Shendu, the eight super families no longer pose any threat to you. You still call yourself Emperor Ye, I'm very curious."

Ye Feng looked at Gu Qin Lan, with a complicated arc at the corner of his mouth, and said, "I will explain this to you later."

Gu Qinlan nodded slightly, then smiled charmingly, and said: "Okay, I'll wait for your answer. I'll leave first. Next, my father may want to make you the general of Shendu. In the future, we will We can meet often in the city of God."

Gu Qinlan was speaking at this time, with a happy smile on her beautiful face.

Perhaps for Miss Lan, who had a miserable childhood and was lonely for so long, this is her happiest moment.

Because in the divine capital, apart from the cold palaces and the indifferent hearts of the royal family, there was finally someone who could make her feel warm.

Moreover, this person was not defeated by the numerous crises in the divine capital. Instead, he rose against the odds and became her support.

Gu Qinlan showed her first truly happy smile in so many years, and she left here with happiness.

But Ye Feng, who was standing in the black hall, was completely silent at the moment. He stared at the back of Miss Lan who left happily, and his eyes suddenly became complicated.

Uh-huh!

Uncle Lin, dressed in a black robe, walked over from the back door of the Black Hall and stood

Beside Ye Feng.

He looked at the young man beside him, patted his shoulder, and said, "I heard everything you said, Feng'er, what do you decide to do?"

Ye Feng shook his head and said: "I don't know, but my father must be rescued as soon as possible, and then I will take you out of here."

Uncle Lin stared at Ye Feng and said, "What about you, Miss Lan?"

Ye Feng shook his head and said: "I have to confess to her eventually, but that day has not come yet. Let's wait until we really have to say it."

For Gu Qinlan, a special friend and confidante, now that Ye Feng knew her true identity, his inner feelings became more complex than ever before.

But then, he thought about his body being crushed by Gu Tongtian with his own hands, about the destruction of the Divine Dynasty of Creation because of Gu Tongtian, and about his father being imprisoned by Gu Tongtian under the Nine Nether Heavenly Prison and enduring three thousand years of pain.

Ye Feng's eyes became more and more determined, and he slowly said: "No matter what, I will make Gu Tongtian, my biggest enemy, pay the price of blood one day. No one can stop my determination, even if I and I No matter how good our relationship is with Miss Lan, I will never be soft-hearted towards the culprit who destroyed the Divine Dynasty because of a woman!"

At this time, Ye Feng looked at Uncle Lin beside him and said with a serious face: "Uncle Lin, don't worry, I will never let the love between my children affect the overall situation!"

Uncle Lin saw the cold determination in Ye Feng's eyes. His expression was quite complicated, and then he nodded and said: "No matter what, let's rescue your father first."

Ye Feng nodded, then looked out the door and said, "We can just wait here for news about the eldest lady."

For the next few days, everything was calm.

Ye Feng stayed in the Black Palace, and the ups and downs in the entire divine city could not affect him.

Expect

During this time, Gu Qinlan came again, chatted with Ye Feng, and told Ye Feng a very secret and important news.

...

On the night of the third day.

Ye Shenyue's eyes showed a hint of excitement as she came to the Black Hall alone.

Ye Feng and Uncle Lin saw the joy on Ye Shenyue's face, and their eyes trembled slightly.

They knew that Ye Shenyue should have found out the specific location of Jiuyou Heavenly Prison.

Sure enough, Ye Shenyue walked up to the two of them and immediately said eagerly: "I have found the Jiuyou Heavenly Prison where senior Ye Qingdi was imprisoned."

Ye Feng's eyes suddenly brightened and he said, "Where is it?"

Uncle Lin was also very excited at this moment.

Ye Shenyue said: "It's deep inside the palace!"

Ye Feng's eyes flashed slightly and said: "Deep in the palace? That's where Gu Tongtian's clone is. Miss, are you not exposed?"

Ye Shenyue immediately shook his head and said with a smile: "I am originally a genius selected from the Eighteen States, and I am also the disciple of the Lord of Qingzhou. No one doubts my purpose."

Ye Feng then nodded and said: "Nine Nether Heavenly Prison is not in the prison area in the northwest area of the divine capital, but in the depths of the palace. It seems that Gu Tongtian, an old man, really cares about his father." He was very vigilant and imprisoned his father directly where he lived. "

Uncle Lin's eyes were solemn at this moment, and he said: "Although there is only a clone of Gu Tongtian deep in the palace, the powerful people in the Eternal Realm are terrifying existences that

have surpassed the six levels of the God Realm, even in the perfect world of the Second Universe. , they are considered masters of one side, and we can't fight against them for the time being.”

Ye Feng nodded and said: "According to the light and shadow momentum that Gu Tongtian manifested before, the clone of him sitting in the palace has at least the fifth level of the realm of gods, or even the sixth level of terrifying cultivation. Even if it is The clones are far from our opponents!”

Ye Feng was talking now, his eyes were very downcast.

Although his current strength surpasses that of the entire God City, and even the entire spiritual world, it is almost impossible to find a strong person who can compete with him.

But Gu Tongtian came from the second universe, and his cultivation was incredibly powerful. He was so powerful that he far surpassed all the so-called top experts on the spiritual world.

Even today's Ye Feng is still far away from Gu Tongtian's clone.

But Ye Feng knew that now he had no time to delay, no time to continue to grow.

Because Ye Feng has received news from Gu Qinlan in the past few days that Gu Tongtian's true self may return within the next half month.

It is said that Gu Tongtian killed several demon gods from the eternal realm among the dark alien tribes outside the territory. When he comes back this time, he will reward countless meritorious deities of the dynasty with various demon essences and treasures.

Yesterday, Gu Qinlan came over excitedly to tell Ye Feng this secret and important news, because she felt that Ye Feng, as the number one person in the divine capital, would definitely be rewarded by her father.

Although Gu Qinlan hates Gu Tongtian, Gu Tongtian is his father after all, and now Ye Feng is so valued by Gu Tongtian that it would be okay to kill the eight ancestors, so Guqinlan feels that Ye Feng will become the leader of the Tongtian Divine Dynasty in the future. General, it seems very good to be able to stay with her for a long time.

Because of Ye Feng, Gu Qinlan's hatred towards her cruel father gradually dissipated.

But what Gu Qinlan probably never expected was that the good news she brought would suddenly sound the alarm for Ye Feng.

"Gu Tongtian's true self may return at any time..."

In the black palace at this time, Ye Feng's eyes showed deep determination and his tone was decisive. He stared at Ye Shenyue and Uncle Lin in front of him and said: "We have no time. Now the location of Jiuyou Heavenly Prison has been determined. , even at the risk of alerting Gu Tongtian's clone, I will take action immediately to rescue my father from three thousand years of imprisonment!"

Chapter 1289 Deep in the Palace

Regarding the plan to rescue his father, Ye Feng felt an unprecedented sense of urgency.

That is to act quickly and act immediately!

Because once Gu Tongtian returns, the best opportunity will be lost.

Not only could he not be able to rescue his father, but even his aura of practicing the Divine Art of Creation would be instantly seen through by Gu Tongtian, a powerful man in the Eternal Realm!

Nowadays, only a clone of Gu Tongtian is sitting deep in the palace, and he still has a chance.

"Rescuing my father first is the first priority!"

Ye Feng made up his mind. He looked at Ye Shenyue and said: "Miss, I need you to leave the land of God immediately. There may be endless crises next. You must leave safely in advance, because if I rescue my father, If the matter is revealed, you will definitely be implicated."

When Ye Shenyue heard this, her beautiful eyes suddenly showed a look of alarm, and she couldn't help but said: "Ye Feng! I want to stay and help you!"

Ye Feng smiled slightly and said: "Miss, you have helped me enough. Leave everything to me."

Uncle Lin also looked at Ye Shenyue at this moment, with a serious tone, and said: "Little girl, you should leave the land of God first, and leave the next thing to Ye Feng himself. Your strength is too weak. Staying will only distract Ye Feng."

Hearing this, Ye Shenyue's beautiful eyes showed a hint of struggle, because she knew very well that what Ye Feng was about to face might be the aloof God Emperor Tongtian, who was the current ruler of the spiritual world!

But Uncle Lin's words made Ye Shenyue understand very well that she had already explored the place where Emperor Ye Qing was imprisoned. If he stayed there any longer, it would not be helpful and would only distract Ye Feng.

Ye Shenyue is not an ignorant woman. On the contrary, along the way, she knows exactly what she needs to do.

She immediately looked at Ye Feng, her beautiful eyes became firm, and said: "Okay, I will leave the land of God immediately."

Ye Feng said: "The further away, the better."

Ye Shenyue said: "

Where should I wait for you? "

Ye Feng thought for a moment and said: "I'm not sure now, because no one knows what will happen next. If the matter of rescuing my father is not exposed, I will take my father and Uncle Lin to the Demon State to find my brother. Xiao He, and then went to the second universe with him. Xiao He once told me that in the second universe, powerful men with super powers will come to the spiritual world to select disciples, and his Demon State is one of them. "

Ye Shenyue immediately said: "Xiao He? Is it Xiao He from that underworld in Longyuan Continent?"

Ye Feng nodded and said, "Yes."

"That's great."

Ye Shenyue said: "I will go to Mozhou now and go to Xiao He to wait for your news."

Ye Feng said: "Okay, if things go well, we will meet there, but if not, the entire Tongtian Divine Dynasty may want me, and I won't be able to go to Demon State."

Ye Shenyue's eyes changed and she said, "Then where will you go?"

Ye Feng shook his head and said: "I don't know now, but I will definitely go to the second universe. Only the perfect world of the second universe can allow me to continue to grow rapidly and become stronger."

Hearing this, Ye Shenyue nodded vigorously, her eyes were red, and she stared at Ye Feng and said: "Okay, whether you go to the Demon State, the second universe, or wherever you go, I will find you!"

Uh-huh!

After the words fell, Ye Shenyue jumped up, came directly in front of Ye Feng, and hugged Ye Feng tightly.

Then she took a few steps back, her eyes full of reluctance, but finally turned around and left the Black Palace, running quickly outside the Divine Capital.

Ye Feng stared at Ye Shenyue's back at this moment, then looked at Uncle Lin and said: "Uncle Lin,

Let's get started. "

Uncle Lin had a trace of hesitation in his eyes and said, "Where is your Miss Lan?"

Hearing this, Ye Feng couldn't help but sigh and said: "There is no time to explain to her now, and I can't tell her the truth. After all, she is Gu Tongtian's daughter, even if she hates Gu Tongtian because of her miserable childhood, Gu Tongtian After all, he is her bloodline father. This rescue operation is too important, and I will not allow any uncertainties to arise. "

Uncle Lin patted Ye Feng's shoulder and said, "Feng'er, good job."

After saying that, Uncle Lin walked directly towards the depths of the Black Hall and said: "I have spent some energy during this period to refine a sixth-grade true god-level pill 'Yin Yang Creation Pill'. Once I find it, If you kill your father and give it to him, he will quickly recover some strength and be able to escape from this divine capital with us."

Ye Feng's eyes suddenly lit up and he said: "True god level pill? Or sixth grade?"

Uncle Lin saw Ye Feng's seemingly shocked expression and couldn't help but smile and pat his shoulder, saying: "You kid, you don't have to be so surprised. You, Uncle Lin, I am the God of Fire, the great master of the spiritual world." The most powerful person on earth who plays with fire, I am not only a powerful warrior, but also a high-level alchemy master renowned throughout the spiritual world. My natal divine fire is a strange fire from ancient times called the Nine Heavens Holy Flame. ', all the elixirs produced are of high quality."

When Ye Feng heard what Uncle Lin said, he suddenly realized.

yes!

Uncle Lin is the controller of the Infinite Fire Domain, a master of playing with fire, and his alchemy skills must be very powerful.

Ye Feng nodded happily at this time and said: "If my father can regain some strength by then, our chances of escaping will be greater."

Uncle Lin immediately said: "Now that we are ready, let's set off."

"good!"

Ye Feng

At this time he nodded heavily.

His heart at this moment was also filled with a long-lost excitement and excitement.

I will see my father soon!

Even though Ye Feng has experienced countless ups and downs along the way, he still feels uncontrollably excited at this moment!

At this time, the familiar scene from three thousand years ago seemed to appear in front of Ye Feng's eyes.

At that time, my father was wearing a broken imperial robe, his whole body was stained with blood, and he had suffered heavy injuries. He was holding a golden magic pill in his hand, his eyes were tired, but also infinitely excited. He stared at himself and said: "This pill The magic elixir is enough to make you, Feng'er, live as long as the sun and the moon, and live as long as the heaven and the earth..."

Thinking of this, Ye Feng, who was standing in the cold hall, clenched his fists tightly, not even noticing that his nails were piercing his flesh and blood was flowing out.

Isn't it just for this moment that I have been practicing so hard and fighting so hard?

...

The night is dark and deep.

Deep in the palace, two figures were traveling quickly.

It was Ye Feng and Uncle Lin.

They all put on black night-walking clothes, and on the surface of the night-walking clothes, Ye Feng also used the Soul Concealing Technique, which could isolate the strong man's spiritual thoughts from detection, and was enough to deceive Gu Tongtian's clone's spiritual thoughts.

At this time, they quickly found the entrance to Jiuyou Heavenly Prison according to the map left by Ye Shenyue before leaving.

There, a group of imperial guards from the Tongtian Divine Dynasty, wearing cold and sturdy black armor, looked like iron-blooded warriors in the dark night, guarding a huge steel fortress.

Under the night sky, Ye Feng and Uncle Lin secretly lurked deep into the palace.

At this time, Uncle Lin stared at the map in his hand, then looked at the heavily guarded steel fortress not far away, and said in a deep voice: "Feng'er, the Nine Nether Sky Prison is under this steel fortress!"

Chapter 1290 Vitality and Recovery

At this time, the two of them stared at the huge steel fortress under the dark night, began to release traces of spiritual thoughts, and began to explore.

Ye Feng's soul power has now reached the thousand-level level, and his perception is now stronger than Uncle Lin's currently.

At this moment, Ye Feng suddenly sensed that there was indeed an extremely dark underground passage in the steel fortress, leading to the endless depths of the ground.

Ye Feng wanted to continue to detect downwards, but he could not detect anything. It seemed that there was nothing deep in the ground except endless darkness.

Uncle Lin spoke up at this time: "The imperial guards guarding the steel fortress are all powerful men in the divine realm. They are probably the strongest soldiers in the Tongtian Dynasty. It seems that the old thief Gu Tongtian values your father very much. Even though three thousand years have passed, it is still so heavily guarded."

Ye Feng nodded and said: "My father was the God Emperor of Creation back then, a half-step eternity existence. My father also practiced the God of Creation Art, and his combat power must be terrifying. Gu Tongtian must be afraid that his father would escape."

Uncle Lin nodded and said: "We are now deep in the palace. Although we have the spirit of hiding from the sky and the sea that you have used, Feng'er, Gu Tongtian is now unfathomable and may discover our lurking aura at any time."

"That's right." ??

Ye Feng immediately grabbed Uncle Lin's palm and said, "I recently practiced the secrets of space and developed a new ability. I can directly cross the void and pass through the space barrier."

At this time, Ye Feng finished speaking and directly activated the space gem in his mind.

At this moment, his and Uncle Lin's bodies were suddenly enveloped by a very strong space mystery energy.

"Buzz!"

Following a slight spatial fluctuation, the two figures disappeared instantly.

Uh-huh!

When they appeared again, they were already standing within the steel fortress.

At this time, Ye Feng and Uncle Lin were standing in a very dark corridor.

This aisle is inside the steel fortress!

Uncle Lin looked around with a look of deep amazement in his eyes, and said: "I didn't expect that Feng'er could master such a magical power of space and have such a method that can directly make the two of us silently. Entering this steel fortress while breathing."

Ye Feng did not explain that he actually used the power of the Space Gem, the Gem of the Gods. He just smiled and said: "I condensed a Space Mystery Seed in my early years, so I know a little bit about the use of Space Mystery."

Uncle Lin nodded and said: "In this way, we can perfectly avoid the imperial guards guarding the fortress outside the steel fortress, and will not alert anyone. Haha, I am afraid that the old thief Gu Tongtian will never think of it. Three thousand years The former sickly Crown Prince of the God of Creation has now reshaped his body and resurrected his life, becoming such a monster."

At this time, in Uncle Lin's eyes, Ye Feng's methods were almost as mysterious as those of Emperor Ye Qing.

"Okay, okay."

Uncle Lin looked at Ye Feng beside him with a very pleased look in his eyes.

The two people quickly walked towards the depths of the steel fortress. Soon they passed through the twists and turns of the underground passages, and they felt that they had walked into an extremely deep underground.

"I'm afraid this place is already hundreds of thousands of meters underground. It deserves to be called the Nine Nether Heavenly Prison." On the way, Uncle Lin couldn't help but say.

"I feel it now."

Suddenly Ye Feng spoke up, with a slightly startled look on his face.

Uncle Lin looked puzzled and said, "What do you feel?"

Ye Feng said with a hint of excitement: "I feel the breath of the Divine Art of Creation that has the same origin as me, and the breath of my father, deep underground! We are almost close!"

boom!

At this time, Ye Feng couldn't bear it anymore and jumped directly, releasing all his energy. His figure was like lightning, rushing towards the depths of the ground at extremely fast speeds.

Uncle Lin followed closely behind, his eyes also filled with excitement and anticipation.

Because he also wants to meet his good brother from back then!

Finally, half an hour later, the two of them arrived at the deepest part of the Nine Nether Heavenly Prison.

This place is already an unknown number of meters deep underground.

At this time, a huge ancient bronze door stood in front of the two of them.

The ancient bronze door was very heavy, like two great mountains stretching across the front, with infinite weight.

"I come!"

Ye Feng stepped forward suddenly, grabbed the ancient bronze door with both hands, and pulled it on both sides.

"Hegemonic power!"

"Open it for me!"

Ye Feng roared, the power of Cangtian Hegemon went crazy

turbulent.

boom!

In an instant, infinite power surged crazily from Ye Feng's entire body into his arms.

Almost at the next moment, Ye Feng's two hands and two arms suddenly swelled.

At this moment, Ye Feng's hands were like the hands of a giant, possessing infinite power, and he slowly opened the ancient bronze door.

"Rumble..."

With a dull pulling sound, the bronze door finally opened.

At this time, the scene behind the bronze door also came into view of Ye Feng and Uncle Lin.

Behind the door is a very dark and cold prison chamber.

An extremely tall figure, with countless iron chains piercing his whole body, was half-kneeling in the middle of the prison. He lowered his head and revealed a dead-like face under his messy hair. His whole face was pale and bloodless. The climb up was extremely miserable.

"Father!"

When Ye Feng saw this scene, it was exactly the same as the scene that appeared in his nightmare back then.

His eyes turned red instantly, and he rushed forward.

"Feng'er, be careful!"

But at this time, Uncle Lin suddenly seemed to sense something and immediately exclaimed.

"boom!"

Almost at the moment Ye Feng stepped into this dark prison, thorns of thorns suddenly appeared on the ground, like war spears, with terrifying sharpness, stabbing towards Ye Feng's body.

"Dang! Dang! Dang!"

But what made Uncle Lin behind him breath a sigh of relief was that these thorns could not penetrate Ye Feng's body.

Ye Feng's heavenly hegemonic body blocked all the thorns from the skin, and even the strong repulsive force caused these thorns to be shattered by him.

"The Divine Art of Creation is so powerful. Brother Ye's body seemed to be so powerful back then!"

At this moment, Uncle Lin's eyes were filled with wonder as he also walked into the prison.

He is the body of the remnant soul of the God of Fire, so the thorns of those thorns cannot harm him.

At this moment, Ye Feng suddenly rushed to the tall figure with countless iron ropes piercing his body, like a dead man.

This figure is none other than Ye Feng's father, Ye Feng, the God of Creation Emperor of the God of Creation back then.

Qing Emperor!

Ye Feng stared at the familiar face of his father in front of him at this time. He was filled with emotions, including excitement and excitement. But when he saw his father in such miserable condition, with countless iron ropes piercing his body, all his blood was drained, and he felt a surge of emotion in his heart. Endless murderous intent and anger.

"Crush it for me!"

Ye Feng held the black iron ropes on Emperor Ye Qing's body and released the power of the Heavenly Tyrant Body.

"Crunch, crunch..."

But the next moment, what shocked Ye Feng was that his current terrifying body power was unable to crush the iron ropes that penetrated his father's body.

Uncle Lin came over at this time, his eyes were surprised and said: "These iron ropes are probably ancient chains that surpass the material of artifacts. Even the top ninth-grade true god-level treasure cannot be destroyed. I am afraid they are made of Taoist-level materials that surpass the true god-level! "

Ye Feng's eyes suddenly became extremely dark, and he said: "An iron rope made of Taoist god-level material?"

The most powerful weapon on his body at this time is the natal treasure of the Savage God Emperor, the golden savage scepter. It is the pinnacle treasure of the ninth-grade true god level, but it still cannot destroy the iron rope.

"what to do?"

Ye Feng was in a dilemma.

At this time, Uncle Lin quickly took out the Yin Yang Creation Pill that he had refined before, and said: "Feed your father quickly. If you can wake up your father, maybe he can find a way."

"good!"

Ye Feng immediately took the Yin Yang Good Fortune Pill to the tall man in front of him.

Buzz!

And almost at the moment when the Yin Yang Creation Pill entered Emperor Ye Qing's mouth.

It seems that this small magic pill has brought a little bit of life to Emperor Ye Qing, the eternally powerful god emperor.

"Well....."

Emperor Ye Qing seemed to make an indistinct sound.

Along with this indistinct voice, Emperor Ye Qing, an ancient figure, suddenly began to exude an aura of unrivaled majesty.

There seemed to be a boundless and terrifying vitality that began to revive from the depths of his body, exuding an infinite aura.

"Click, click, click..."

What made Ye Feng and Uncle Lin look overjoyed at this time was that the black iron ropes that surpassed the god-level materials actually shattered inch by inch on Emperor Ye Qing's body after he regained his life. Come.
