

## Ancient 1291

Chapter 1291 Leave everything to me

Emperor Ye Qing, the God Emperor of Creation three thousand years ago, was very powerful, and could be said to be very powerful.

At this moment, he only regained a glimmer of vitality, and his whole body was instantly filled with a terrifying and boundless power.

Ye Feng stared at his father. It was the first time he felt his father's power at such a close range.

In Ye Feng's previous impression, although he knew that his father, the God Emperor of Creation, was very powerful, he didn't know exactly how powerful it was.

But now, Ye Feng personally felt the power and terror of his father.

At this moment, there was only a glimmer of vitality revived. The desiccated body of Emperor Ye Qing, who had been imprisoned for three thousand years and was almost dead, suddenly exuded a terrifying aura like an ancient giant beast.

That kind of momentum was so majestic and vast that it was like a giant from the ancient times resurrected.

"Buzz!"

Suddenly at this moment, Emperor Ye Qing opened his eyes, and pieces of bright divine light shone out instantly from his pupils.

"Father!"

"Brother Ye!"

At this moment, Ye Feng and Uncle Lin, who were standing in front of Emperor Ye Qing, couldn't help but exclaimed.

"you....."

Emperor Ye Qing's tall body slowly stood up. He stared at Uncle Lin in front of him, as well as Ye Feng, especially Ye Feng. The vicissitudes of the face of the God Emperor of Creation suddenly revealed a deep expression of disbelief. , said tremblingly: "Brother Lin, and Feng'er... you, what are you doing?"

Ye Feng immediately stepped forward, held Emperor Ye Qing's hand, his eyes filled with tears, and said: "Father, it was Uncle Nan who helped me reshape my blood and bones, and resurrected me after three thousand years, and Uncle Nan also helped me change my destiny, so that I would not be cursed by God in this life and be able to practice the Divine Art of Creation. Now I have cultivated the Divine Art of Creation to the eighth level and awakened a heavenly body that is comparable to a divine body!"

At this time, Ye Feng was talking, and with all the hegemonic power running around his body, a bright purple divine light was released from his body. A stream of terrifying life fluctuations emanated from the inside of Ye Feng's body, like a giant. The heart is beating.

"It's really the secret of creation!"

Emperor Ye Qing looked at the extremely powerful Ye Feng in front of him, his hands couldn't help but tremble and said: "Feng'er, you can really practice! Senior Nan, it turns out that Senior Nan did not leave with your mother back then, but stayed here silently. In this first universe."

At this time, Emperor Ye Qing said, stretched out his hand to touch Ye Feng's palm, and murmured: "This is true, this is not a dream..."

Obviously, Rao was the God Emperor of Creation who was the most powerful in the world back then. At this moment, he felt that the scene in front of him was like an illusion.

After all, Emperor Ye Qing always thought that he would be imprisoned forever from now on, but as a result, three thousand years later, in the endless darkness, he saw his son again.

Uncle Lin's eyes were also excited at this moment, his eyes were slightly red, and he said: "Brother Ye, Feng'er has become a talent now!"

Ye Feng immediately nodded fiercely and said: "Father, I am no longer the sick and innate cursed body I used to be! I am now the most powerful young talent in the entire spiritual world!"

Emperor Ye Qing nodded quickly, laughed and said: "Okay, okay, okay

! I knew that my son would be extraordinary in the future! "

Ye Feng looked at Emperor Ye Qing and said: "Father, let's leave here now. A clone of Gu Tongtian is still sitting deep in the palace. If it is discovered, it will be in trouble."

Emperor Ye Qing shook his head slightly and said, "Gu Tongtian must have noticed it the moment I woke up."

At this point, Emperor Ye Qing suddenly laughed and said: "But don't be afraid Feng'er. Now that I have recovered, Feng'er doesn't need you to carry everything by yourself. Next, leave everything to me, Gu Tongtian's true self." I sensed that it was not in this divine city, and his clone was nothing!"

boom!

Almost at the moment Emperor Ye Qing finished speaking, his eyes suddenly burst into infinite divine light, piercing through the entire Jiuyou Dungeon at once!

Emperor Ye Qing is incomparably powerful. This God Emperor of Creation three thousand years ago is a powerful being who has stepped into the realm of eternity with one foot.

Even though he had only regained a little strength now, he revived and showed infinite and terrifying combat power in an instant.

Seeing that the solid fortress of Jiuyou Tianlao, which was filled with countless molten iron, was instantly penetrated and shattered by the light in Emperor Ye Qing's eyes, Ye Feng's eyes were extremely excited.

At this moment, standing next to Emperor Ye Qing's majestic figure, he felt an extremely safe feeling for the first time.

Uncle Lin looked at Ye Feng, seeming to see the surprise in Ye Feng's eyes. He immediately smiled and said: "Your father was the strongest man in the spiritual world back then, respected by all races, and created a creation that dominated the human race. The Divine Dynasty is the son of the interface in the spiritual world, and he is the first to be recognized by the cosmic will of our first universe. He is enlightened in the will of the universe and is the destiny recognized by many super powers of the interface of our first universe three thousand years ago. My son, the Great Path of the First Universe is incomplete and cannot achieve the Eternal Realm, but your father still stepped into the Eternal Realm with one foot and became half-eternal. He is very strong!"

"Boom!"

At this time, the underground of Jiuyou Tianlao collapsed instantly, causing the steel fortress outside to explode instantly.

Then under the dark night sky, countless people in the entire God City were immediately frightened.

Deep in the palace, two white divine lights penetrated from the depths of the earth and pierced the dark sky.

"What happened deep inside the palace?"

"What a terrifying power aura fluctuation! It's like an ancient giant has resurrected!"

"What exactly happened? Is His Majesty the God Emperor practicing some magical skill?"

At this moment, the huge movement deep in the palace suddenly attracted the attention of countless people in the entire divine city.

Swish, swish, swish!

Swish, swish, swish!

At this moment, in the dark night, countless powerful lords and various princes and dignitaries in the city of gods woke up from their sleep, all walked out of their residences, and looked towards the depths of the palace.

...

"Um

? It's the breath of that One! Wasn't he imprisoned for three thousand years? Why did he suddenly wake up again? "

...

"It's the majestic aura of the God of Creation. I haven't felt it in many years. Did he escape from the trap? How is this possible!"

...

"The God Emperor of Creation was reborn? He is not dead yet. Was he rescued by someone? Is the world going to change drastically?"

...

At this moment, not only the Divine Capital area, but also the entire vast spiritual world, countless human states, as well as wild wilderness, forbidden lands, endless oceans, primitive ancient lands, etc., all heard extremely horrifying sounds.

...

At this time, deep inside the palace.

The princes, young masters, and ministers were all frightened. They walked out of their residences in the dark night and looked at the two white lights piercing the night sky deep in the palace. Their eyes were horrified and they didn't know what was happening.

"Oops! Why did Emperor Ye Qing revive!"

The many elders of the Gu family who lived behind Gu Tongtian who lived deep in the palace also changed their expressions. They rushed out of the retreat in an instant and ran towards the location of the Jiuyou Heavenly Prison.

"Gu Tongtian, you imprisoned me for three thousand years, but today my son Ye Feng came to rescue me, hahaha, from now on you can no longer restrain me!"

Emperor Ye Qing's voice, full of boundless momentum and majesty, instantly came out from the depths of the earth and resounded throughout the entire divine capital and the spiritual world.

"What? Who is the owner of this voice?"

"That legendary figure from three thousand years ago! The God of Creation!"

"It's definitely the God of Creation! He actually got out of trouble! And what did he just say? Ye Feng? Did the crown prince of the God of Creation dynasty rescue him?"

In the divine capital, countless people were in shock.

Boom!

What shocked them even more was that the ground deep inside the palace suddenly collapsed, and three figures stepped from the ground into the sky.

Among the three figures, Emperor Ye Qing was glowing with countless rays of light. His unrivaled appearance as the God Emperor naturally attracted the attention of countless people in an instant.

What shocked countless people the next moment was that the young man standing next to Emperor Ye Qing turned out to be Emperor Ye selected from the Eighteen Prefectures!

"I understand! Emperor Ye is Ye Feng! He is the crown prince of the Divine Dynasty of Creation three thousand years ago!"

"No wonder, no wonder! No wonder Ye Emperor has such a terrible talent and killed the eight ancestors. It turns out that he is the legendary crown prince three thousand years ago!"

"Hiss! It turned out to be a person who lived three thousand years ago and has infiltrated into our current divine capital. No one has noticed it. I am afraid that even His Majesty the Heavenly God Emperor has been deceived by this Ye Emperor."

In the divine capital, countless people were in deep shock at this moment.

"boom!"

At this time, Emperor Ye Qing suddenly grasped his palm, and a huge lightsaber appeared in his hand.

"Heavenly Tribulation Sword!"

This is Emperor Ye Qing cultivating the God of Creation

The first talent that Jue awakened was an extremely terrifying ancient sword.

boom!

At this time, Emperor Ye Qing looked majestic, holding the Heavenly Tribulation Sword in his hand, and slashed directly towards the central hall of the palace in the distance.

"Boom!"

The moment the Heavenly Tribulation Sword struck down, countless thunder beams suddenly descended on the endless dark night sky, which were countless Heavenly Tribulation thunder punishments!

As soon as the Heavenly Tribulation Sword was slashed out, countless thunderous punishments came down from the sky, full of destruction.

This shocking and vast scene was just like something out of an epic legend, allowing everyone to see the power and methods of the God Emperor, as if they were facing the might of God.

"Boom!"

The imperial palace in the center of the divine capital was chopped into pieces by Emperor Ye Qing's sword and turned into countless ruins.

"Hurry and protect the palace!"

There were several hundred members of the Imperial Forest Army at the Divine Aura Realm. They all flew quickly from the direction of the steel fortress, holding soldiers in hand, and attacked Emperor Ye Qing.

"boom!"

But Emperor Ye Qing held the Heavenly Tribulation Sword and struck down instantly with one strike. The infinite thunder and Heavenly Punishment once again struck down crazily from the dark night sky, crushing hundreds of Imperial Guards to pieces in an instant, killing them all in an instant!

"Emperor Ye Qing! You are so presumptuous!"

"Your legend has come to an end! Stop messing around! Go back to Jiuyou Heavenly Prison as soon as possible!"

At this time, a group of seniors from the Gu family's royal family suddenly appeared high in the sky.

There are nineteen in total, and all of them are super strong men in the second level of the divine realm, the divine fire realm, and the third level of the divine blood realm!

Such a force is enough to sweep across the entire spiritual world. This is the true heritage of the ancient royal family of the Tongtian Divine Dynasty.

"A bunch of losers dare to yell in front of me. Who gave you the courage?"

Emperor Ye Qing looked at the nineteen powerful elders of the Gu family, and suddenly smiled coldly and said: "The space is still!"

Buzz!

This is the fourth accompanying talent that Ye Qingdi cultivated and awakened from the Divine Art of Creation: Space Stillness!

Almost at this moment, the nineteen elders of the Gu family who had been so aggressive just now suddenly stood motionless at a high altitude, unable to even blink.

Emperor Ye Qing smiled coldly at the next moment, stretched out his hand and shook his palm suddenly at the nineteen elders of the Gu family who were immobilized.

"puff!"

"puff!"

"..."

In an instant, the bodies of the nineteen elders of the Gu family exploded one by one, exploding into a mist of blood that filled the sky. They were all killed in an instant, with no ability to resist at all!

"What?!"

Seeing the shocking scene high in the sky, everyone in the city was trembling violently.

That tall and stalwart middle-aged man is really too powerful!

"Incredibly strong!"

Even the many princes, princesses and ministers in the palace were all frightened to the extreme at this moment, and even couldn't help but lie on the ground.

Chapter 1292 Epic Battle

Emperor Ye Qing snorted coldly at this time, stared at the center of the palace that was reduced to ruins with his sword, and sneered: "Gu Tongtian, you should know very well that you bunch of trash from the Gu family can't stop me. Since you are doing this The clone has long since discovered that I have revived, so stop hiding and come out as soon as possible!"

Buzz!

And almost at the moment Emperor Ye Qing finished speaking, a huge human-shaped light and shadow towering into the sky suddenly stood up among the ruins.

It was the clone of Gu Tongtian who was in charge of the divine capital!

At this time, Ye Feng stood behind Emperor Ye Qing and couldn't help but whisper: "Father, you have just regained some vitality, so be careful."

Emperor Ye Qing turned his head slightly, looked at Ye Feng and said with a smile: "Feng'er, follow your Uncle Lin to stay far away. Just leave everything here to me today."

Uncle Lin nodded and took Ye Feng to a corner far away to avoid being affected by the ensuing battle.

Because it would be a battle of God-Emperor level. If you get too close, it will definitely be full of endless dangers!

At this moment, Ye Feng and Uncle Lin walked to a far corner, but he suddenly saw the door of a palace deep in the palace. The graceful figure of Lan Guqin stood there. At this time, Miss Lan looked at him. There was deep shock and infinite complexity in his eyes.

...

"Gu Tongtian! Before I leave, I will destroy this clone of yours! Let out a fierce breath of evil!"

High in the sky, Emperor Ye Qing spoke up. This former God Emperor was indeed unparalleled in domineering power, and the power of the God Emperor of Creation was invincible. Even if he had only regained a trace of vitality, he still possessed an unparalleled aura that looked down on the world!

At this time, the huge light and shadow towering under the dark night sky, Gu Tongtian's clone said: "I never expected that Emperor Ye was actually Ye Feng, the sickly crown prince who was killed by me. Haha, Ye Emperor Qing, Emperor Ye Qing, do you really think that you are invincible? When my true form comes back from outside the territory, you will still be imprisoned by me, and your son Ye Feng will be killed by me again!"

Emperor Ye Qing said coldly: "Stop talking nonsense. Your real body is entangled by the demon god from the dark alien race outside the territory, and you can't come back at all. I will kill your clone, vent my anger and leave, can you help me?" what?"

boom!

After Emperor Ye Qing finished speaking, he directly held the Heavenly Tribulation Sword in his hand, and his whole body was surging with thousands of thunders and Heavenly Punishments, full of infinite destructive power, and he directly killed Gu Tongtian's clone.

At this time, the huge avatar of Gu Tongtian

Guangying also shouted: "Although it is just a clone, I can still suppress you who have just recovered!"

Gu Tongtian's clone was equally terrifying and powerful. He stretched out a big hand of light and shadow and grabbed it in the direction of Emperor Ye Qing.

"Rumble..."

Suddenly, the space around Emperor Ye Qing was shattered. Countless space blades were like thousands of knives, trying to tear Emperor Ye Qing into pieces.

"Eternal Green Lotus!"

Emperor Ye Qing shouted loudly, and a huge green lotus suddenly appeared around him, growing in the energy of chaos and manifesting.

This is Emperor Ye Qing's second natal talent: Eternal Green Lotus!

Buzz!

The moment the eternal green lotus growing in the chaos appeared, it directly blocked the broken space around Emperor Ye Qing. The surging chaotic energy was like the strongest city wall defense in the world, almost making any force unable to move. Unable to harm Emperor Ye Qing.

"Space is still!"

Emperor Ye Qing roared and released his talent in the direction of Gu Tongtian's clone.

"Buzz!"

Gu Tongtian's clone was immediately frozen in place.

"Break it for me!"

But at the next moment, Gu Tongtian's clone roared loudly, and boundless divine light gushed out from his hands. His five fingers were like the sharpest claws in the world, and he tore the surrounding confined space into pieces in one go, just like a piece of paper. Like a mirror, it was shattered instantly and turned into countless fragments.

"The Divine Fist of Annihilation!"

Gu Tongtian's clone roared loudly, punched out, and boundless terrifying divine light burst out instantly. Space cracks tens of thousands of meters long appeared in the sky, and countless destructive energy surged out of the void.

This punch is extremely terrifying!

The entire God City and the earth were trembling, and countless people couldn't help but prostrate themselves on the ground.

Even if it is just a clone of Gu Tongtian, it still possesses unparalleled power.

"God's Throne!"

Suddenly Emperor Ye Qing also shouted loudly. His whole body suddenly became several times larger, and then a figure appeared in the void.

The majestic and noble throne of the God King.

Uh-huh!

Emperor Ye Qing sat directly on the throne of God, and his whole body was suddenly enveloped in infinite divine light.

A crown appeared on his head, like an ancient god-king descending into the world, which brought an extremely strong visual shock to everyone.

This is the third natal companion talent that Emperor Ye Qing has awakened from practicing the Divine Art of Creation: The God of Heaven!

Once it is used, Emperor Ye Qing will immediately be blessed by the power of the ancient god king after sitting on it.

"Wheel of Judgment!"

At this moment, Emperor Ye Qing did not hold back at all and directly inspired his fifth natal talent: Wheel of Judgment!

Buzz!

At this moment, Emperor Ye Qing was sitting high on the throne of God. A huge silver roulette appeared in the void behind his head. That was the Wheel of Judgment!

"boom!"

With the blessing of the God of Heaven, the Wheel of Judgment rotated rapidly, and countless terrifying energy rivers immediately appeared in front of Emperor Ye Qing.

The long rivers are all composed of energy of various elemental attributes, and have extremely terrifying destructive power. There are long rivers of thunder, long rivers of flames, long rivers of stars, long rivers of extreme cold, long rivers of darkness, long rivers of hurricanes... and so on. Thousands of long rivers of energy appeared in front of Emperor Ye Qing, like the Emperor of Heaven judging the common people, coming to destroy disaster and obliterating all existence.

"Boom!"

A terrifying collision broke out in an instant. Gu Tongtian's clone used the God Emperor's martial arts, while Emperor Ye Qing tried his best to stimulate his extremely powerful accompanying talents. The two collided crazily opposite each other.

For a time, the entire land of God, and even the entire land of the spirit world, was shaken. Countless creatures and ancient beings were awakened, and their eyes were extremely horrified.

"What a terrible battle!"

"Is this a fight between god-emperors? It's like an epic battle from ancient times!"

"It's too scary! One is the God Emperor of Creation three thousand years ago, and the other is the God Emperor Tongtian, the most powerful person in the spiritual world today. The fight between the two God Emperors is really shocking, but I am lucky enough to see such a being take action. Fighting, my martial arts career is worth it!"

...

At this time, the eyes of countless people were filled with endless shock, excitement, and heartfelt fear.

"God saves the world!"

Suddenly at this time, Gu Tongtian's clone roared again and displayed a supreme killing technique.

In an instant, a majestic and huge ancient god stood up from the ancient Tongtian clone, and suddenly stood under the dark night sky, as if it could support the endless sky.

A power that seemed capable of destroying the infinite earth surged out from the giant god who stood up from the avatar of Gu Tongtian.

"This attack probably surpasses the six levels of the realm of gods!"

At this moment, Uncle Lin, who was standing with Ye Feng not far away, suddenly changed his expression.

At this time, high in the sky, Emperor Ye Qing suddenly stood up from the throne of God. His tall and majestic figure was full of majestic aura that dominated the world.

At this time, Emperor Ye Qing suddenly closed his eyes and suddenly said: "The eighth talent is extremely brilliant!"

Extremely brilliant!

This is the eighth talent awakened by Emperor Ye Qing. It is also a terrifying and boundless accompanying talent that he awakened after completing the eighth stage of Divine Body Great Perfection in the Divine Art of Creation.

Extremely brilliant, it allows Emperor Ye Qing to burn out all the glory of his combat power in an instant, erupting into a terrifying power that surpasses everything and destroys everything.

"Boom!"

Emperor Ye Qing's body suddenly burst out with infinite divine light, majestic and shining brightly across the entire dark night sky.

He instantly turned into a ray of light, like the first ray of light that created the world, with infinite brilliance and power, and collided with the giant god on Gu Tongtianfen.

"Crash!"

"Crash!"

At this moment, in the entire city of God, starting from the palace hall, countless destructive auras surged in all directions. It was the aftermath of the collision, causing the entire city to collapse in an instant. Countless houses collapsed and the earth cracked. A series of terrifying gaps.

Obviously, the great energy collision in the sky produced extremely terrifying waves of destruction.

"Wow!"

And at this moment, in the horrified and shocked eyes of countless people, the aftermath of the divine light in the sky dissipated.

Emperor Ye Qing's face was slightly pale, and he was breathing heavily, floating high in the sky.

At this time, in the palace hall, the huge light and shadow of Gu Tongtian's clone completely disappeared.

The clone of Gu Tongtian was obliterated!

Chapter 1293 The Curse of Disaster

"The clone of His Majesty the Tongtian Divine Emperor was destroyed?"

At this moment, countless people saw this scene and were shocked.

You know, even if Gu Tongtian's clone is just a clone, it still has the power of the peak of the divine realm.

And Emperor Ye Qing, the God Emperor of Creation, has just recovered, but has regained a trace of vitality, and already has such terrifying combat power?

"They are the powerful accompanying talents of the God of Creation! That is the key to his victory in this battle!"

In the capital of the gods, some powerful elders discovered this and couldn't help but exclaimed.

"Gu Tongtian's clone has been obliterated!"

At this moment, Ye Feng and Uncle Lin, who were standing in the far corner and watching, also had extremely surprised eyes.

Ye Feng looked at his father with deep excitement in his eyes.

"Emperor Ye Qing, you are so presumptuous..."

But suddenly at this moment, above the boundless night sky, a distant and majestic voice suddenly sounded in the sky.

That turned out to be Gu Tongtian's voice!

It seemed to be transmitted from some distant interface across infinite space, ringing in the sky above the entire spiritual world.

Emperor Ye Qing looked up at the sky, smiled coldly and said: "Gu Tongtian, your true body is still an infinite distance away from the spirit world, so what does it mean to make a sound? We will have left long ago by the time your true body arrives."

After saying that, Emperor Ye Qing walked directly to Ye Feng and Uncle Lin and said, "Let's go!"

Uh-huh!

The three of them jumped up instantly and ran towards the outside of the capital.

"Emperor Ye Qing, you dared to escape from Jiuyou Heavenly Prison and kill countless ancestors of the divine dynasty, as well as my clones. You are so bold. Now I am no longer the prime minister I was back then. I am now superior. , The Eternal Emperor of Heaven! I want you to pay the price!"

"Emperor Ye Qing, what you most regretted three thousand years ago was your son who was cursed by God. Three thousand years later, you must be proud of your son's achievements now, but now I will let your son repeat what happened three thousand years ago. , so that you will still be in pain after these three thousand years."

"The curse of disaster!"

Gu Tongtian's last voice fell, and a spell mark exuding infinite blood suddenly formed high in the sky. It was full of extremely vicious aura and the power of the curse, and it instantly rushed towards Ye Feng at this moment.

"Heavenly Tribulation Sword! Kill!"

Emperor Ye Qing's eyes were filled with divine light, and he held the Heavenly Tribulation Sword in his hand and faced it instantly.

The evil curse struck and killed.

"Boom!"

However, the terrifying power was unable to cause any obstruction to the blood-red curse mark, and could not harm this calamity curse at all.

"What?"

Seeing this scene, Emperor Ye Qing and Uncle Lin were both shocked.

Today's Gu Tongtian is indeed no longer the prime minister of the Divine Dynasty of Creation back then. Instead, he has entered the realm of eternity and possesses countless incredible means.

Emperor Ye Qing knew that even if Ye Feng ran to the end of the world, he would still be hit by this calamity curse.

"Boy Ye Feng, this calamity curse was cast by a powerful person in the Eternal Realm. Once you are attacked, you will immediately fall into a place of eternal disaster!" Taotie's soul woke up from its slumber at this time. Feng screamed in his mind.

"boom!"

In front of him, a curse of calamity emitting vicious blood struck in front of Ye Feng.

At this moment, Ye Feng also felt an irresistible death crisis.

This kind of death crisis gave Ye Feng the feeling of recreating the scene three thousand years ago, when he was instantly crushed by Gu Tongtian's hand, but he had no power to resist.

"don't want!"

But suddenly at this moment, there was a woman's scream.

Uh-huh!

A beautiful and graceful figure suddenly appeared in front of Ye Feng.

Facing Ye Feng, this beautiful woman showed a bitter smile and said: "Ye Feng, you once asked me, if we were on opposite sides, what would I choose? Now this is mine. choose."

At this time, the beautiful figure standing in front of Ye Feng and facing Ye Feng was none other than Miss Guqin Lan!

"Miss Lan!"

Ye Feng's eyes instantly became extremely frightened and angry, and he wanted to pull Gu Qinlan away.

But Gu Qinlan burst out with an extremely terrifying force, stopping Ye Feng's move. A gentle smile appeared on her beautiful face, and she whispered: "I have the blood of my father, and I can do it for you." To resist this curse of misfortune that no one can resist, I will die for you without any regrets. But Ye Feng, my only friend, you must live well in the future.

, don't let me down. "

boom!

The terrifying power of the calamity curse hit Gu Qin Lan almost at that moment.

"puff!"

Gu Qinlan's delicate body trembled, and she spurted out a mouthful of blood, which sprinkled on Ye Feng's face, and then she fell limply into Ye Feng's arms.

"Miss Lan! No!!"

Ye Feng looked up to the sky and roared, his heart filled with endless anger.

His face was covered with blood, his eyes were red, and he was holding the person in his arms, almost emotionally collapsed.

He thought of Gu Qinlan's voice and smile a few days ago. This girl Lan, who had been lonely until now, thought she had met happiness, but in the end, not only did he fail to protect her, but he let her protect him and die for him. ...

"Lan'er!!" .??.

At this time, Gu Tongtian's extremely angry roar suddenly sounded in the dark sky.

It seems that the Tongtian God Emperor never thought that his daughter would block the extremely vicious curse of disaster for Ye Feng at the last moment.

Gu Tongtian has always felt deeply guilty about the death of Gu Qinlan's mother, and he also feels deeply guilty about Gu Qinlan, his youngest daughter.

Previously, Gu Tongtian had not convicted Ye Feng of pretending to be Emperor Ye, but had only been imprisoned for half a year. This was also because he had investigated his daughter Gu Qinlan in advance. Over the years, it seemed that Emperor Ye was the only friend he had.

But Gu Tongtian never imagined that Emperor Ye was actually Ye Feng, the crown prince of the Divine Dynasty three thousand years ago.

Moreover, his daughter actually loved Ye Feng so deeply that she was willing to die for Ye Feng.

Gu Tongtian knew very well how terrifying the destructive power of the calamity curse he had cast was.

Even if Guqin Lan has the blood of the God Emperor, there may be no way to save her.

"Uh-huh!"

Suddenly at this time, Emperor Ye Qing and Uncle Lin quickly flashed to Ye Feng's side, pulling Ye Feng and Gu Qinlan, who was unconscious in Ye Feng's arms, and quickly galloped away into the distance.

On the way to escape, Emperor Ye Qing looked at Ye Feng with guilt in his eyes and said: "Feng'er, I'm sorry, I was reckless and wanted to take revenge so much that I killed Gu Tongtian's clone, which resulted in the thought of Gu Tongtian's true deity. "

Ye Feng's face was covered with blood. He looked at Emperor Ye Qing beside him and said, "Father,

It's not your fault. I understand your feelings. You have been imprisoned in the darkness for three thousand years. The country you worked so hard to build was robbed by Gu Tongtian. My son was crushed to pieces by Gu Tongtian three thousand years ago. This kind of anger and hatred Yes, I understand you, Father. "

At this time, Ye Feng said, looking at the unconscious Guqin Lan in his arms, and looked at Uncle Lin beside him and said: "Uncle Lin, you are the number one alchemist in the spiritual world. Is there any way to save Miss Lan?"

Uncle Lin immediately took out a golden elixir from the storage ring and said to Ye Feng: "Give this little girl this golden elixir to take, first save her life, and wait. We have arrived at a safe area. I should have a way to save her. The calamity curse can instantly destroy all life for anyone, including you, Feng'er, but it will do less harm to this girl. After all, she is Gu Tongtian. The descendants of the Eternal Realm God Emperor may still be saved."

"good!"

When Ye Feng heard that there was still hope for help, his eyes immediately lit up.

Emperor Ye Qing said at this time: "Where are we going now?"

Whether it is Emperor Ye Qing or Uncle Lin, they were both figures from three thousand years ago, and they are not very familiar with the spiritual world today. After all, things have changed and people have changed.

"Where to go?"

Ye Feng's first subconscious reaction was to go directly to Mozhou to find Xiao He and Ye Shenyue.

But he immediately realized that although they escaped from the city of God this time, Gu Tongtian would definitely send his will to search for their whereabouts throughout the spiritual world.

Ye Feng said slowly: "Now the entire spiritual world is not safe for us. Let's go directly to the sky!"

"Go to the sky?"

Both Emperor Ye Qing and Uncle Lin were stunned.

Ye Feng hugged the unconscious Gu Qinlan and said: "The Bai family among the nine divine descendant families in the sky has a friend I know, the Bai family's little princess Xiao Tao, who is worthy of our trust. Let's sneak in secretly. Above the sky, rest and recuperate in the Bai family."

When Emperor Ye Qing and Uncle Lin heard this, they both nodded immediately and said, "Okay, Feng'er, you can arrange everything."

At this time, Emperor Ye Qing took out a metal compass from the storage ring, identified the direction, and immediately said: "Let's go in this direction. Three thousand years ago, I went to the sky once and knew a secret space passage. , connecting to the small world where the divine family lives in the sky, we can just leave the spiritual world through that secret space passage. "

Chapter 1294 Entering the Bai Family

In the next few days, Ye Feng, Ye Qingdi and Uncle Lin were all on the road.

Soon they came to the secret space passage that Emperor Ye Qing mentioned, stepped into it, and completely disappeared into the spiritual world.

At this time, throughout the entire spiritual world, countless powerful armies from the Tongtian Divine Dynasty were all dispatched to frantically search for traces of Ye Feng and the others.

But unfortunately, they may never be found.

In addition, Emperor Ye Qing escaped from trouble, and Ye Feng, the crown prince of the Divine Dynasty three thousand years ago, turned out to be the world-famous Emperor Ye. This news completely made the entire spiritual world boil.

I don't know how many people were deeply amazed by this incident.

Everything that happens in the spiritual world has nothing to do with Ye Feng at this moment.

Because at this time, Ye Feng had already passed through the secret space passage and came to the sky.

...

Above the sky, in the legends of the spiritual world since ancient times, there is an extremely terrifying restricted area of life.

But in fact, there is a small world above the sky. In addition to the terrifying restricted area of life, there are also some safe areas.

These safe areas are where the nine divine descendant families live.

At this moment, in a certain area of the small world above the sky.

The vegetation here is lush and there are towering old trees growing everywhere.

At this time, in a very ancient cave, on the dusty ground, a six-pointed star formation suddenly lit up.

"Buzz!"

Following a violent spatial fluctuation, three figures suddenly appeared in the small cave where no one had come for countless years.

It was Ye Feng, Ye Qingdi and Uncle Lin.

At this time, Emperor Ye Qing opened his eyes, walked out of the cave, looked at everything around him, and said: "Except that the surrounding trees have grown more vigorously, everything else is basically the same as it was three thousand years ago."

Emperor Ye Qing once visited Above the Sky three thousand years ago and entered a restricted area of life in this small world above Sky. He snatched a golden elixir from the lair of a dark ancient creature.

That golden elixir is naturally the soul gem in Ye Feng's mind now.

If it weren't for the Soul Gem protecting his soul, Ye Feng's soul would probably be annihilated even if his blood and bones were reshaped by Uncle Nan.

At this time, Ye Feng flashed the storage spirit ring in his hand, and with a "bang", a huge ice coffin appeared.

In this ice coffin that exudes extremely cold air, lies a beautiful female figure, which is naturally Guqin Lan.

On the way to escape, Uncle Lin, the greatest alchemist in the spiritual world, tried all kinds of methods, but could not wake up Gu Qinlan.

Today, it can be said that Guqin Lan has only her last breath left, and can only be frozen in this extremely cold ice coffin to preserve her body from decay and maintain her last vestige of vitality.

Ye Feng stared at the Guqin Lan in the ice coffin, then looked at Uncle Lin and said, "There is no holy object even found in the sky. Can it cure Miss Lan?"

Uncle Lin shook his head and said: "The sky above is not much different from the spirit world. The background of those divine families may not be as deep as the royal family of the Tongtian Divine Dynasty."

Emperor Ye Qing said at this time: "Feng'er, maybe only when you enter the perfect world of the second universe and from those powerful advanced cultivation civilizations can you find the magic medicine and resurrect this girl Gu Qinlan."

\u003e

Ye Feng nodded and said: "Father, Uncle Lin, do you want to go to the second universe with me?"

Emperor Ye Qing and Uncle Lin looked at each other, then shook their heads and said: "It's not that simple to enter the second universe. Uncle Lin and I don't want to run around for the time being. We are both seriously injured and need to recuperate. "

Ye Feng heard this and agreed: "Indeed, I think so too. When I contact Xiao Tao, my father and Uncle Lin will recuperate in the Bai family. With the Bai family's means and foundation, Gu Tongtian will definitely not be able to do anything." I will think that you are hiding in the divine family above the sky."

"good."

Emperor Ye Qing and Uncle Lin both nodded.

Uh-huh!

At this time, Ye Feng waved his hand and directly put the ice coffin in front of him into the storage ring.

There was determination in his eyes. When he arrived in the second universe, he must find the magic elixir to save Miss Lan.

Three days later, Ye Feng relied on his powerful thousand-level soul power to sense various geographical locations and finally arrived at the Bai family, a family of divine origins.

Since they were now wanted criminals in the entire Tongtian Divine Dynasty, Ye Feng took his father and Uncle Lin to use the space gem to move directly into the Bai family.

Through powerful soul power, Ye Feng directly communicated with Xiao Tao, who was practicing in a secret room deep in the Bai family.

When Xiao Tao saw Ye Feng, her eyes suddenly showed an extremely happy look.

Obviously she never expected that she would see the arrival of her son in her family.

Ye Feng saw Xiao Tao's expression showing nothing but surprise.

He immediately guessed that it seemed that his identity as the Crown Prince of the God of Creation had not yet spread from the spiritual world to the small world above the sky.

But it's reasonable to think about it. After all, the spiritual world and the sky have always been very closed to information.

They had just escaped from the capital of God to the sky. Within a few days, it was normal that the divine family here did not receive news.

But then Ye Feng still told Xiao Tao everything, after all, Xiao Tao could trust him.

After Xiaotao heard what Ye Feng said about his true identity and everything else, she was shocked beyond measure at first, but then she said solemnly: "Don't worry, young master, you can stay here with me now, incognito, slowly regain your strength, recuperate, the Bai family Our strength and foundation will definitely provide you with a safe harbor."

Ye Feng looked at Xiao Tao in front of him and couldn't help but touch her little head and said, "Thank you, Xiao Tao."

Next, Ye Feng, Emperor Ye Qing, and Uncle Lin all lived in the Bai family.

The Bai family is a divine family in the sky. The family area is extremely huge, and there are hundreds of thousands of family members.

Now there are a few more people in Xiaotao's residence, but they don't attract anyone's attention.

In the palace of Xiaotao, the little princess of the Bai family, Ye Feng saw the bald bird again.

The bald bird hasn't found the divine fire yet, and it still looks like a gray, hairless ugly duckling.

The bald bird was staring at Emperor Ye Qing and Uncle Lin standing next to Ye Feng. Its eyes were full of surprise, as if it had seen something.

At this time, Xiaotao walked up to the bald bird and whispered something to it.

"I...fuck!"

The next moment the bald bird suddenly trembled, it looked at Ye Feng and the others. In the next few days, Ye Feng, Ye Qingdi and Uncle Lin were all on the road.

Soon they came to the secret space passage that Emperor Ye Qing mentioned, stepped into it, and completely disappeared into the spiritual world.

At this time, throughout the entire spiritual world, countless powerful soldiers from the Tongtian Divine Dynasty were all dispatched to frantically search for traces of Ye Feng and the others.

But unfortunately, they may never be found.

In addition, Emperor Ye Qing escaped from trouble, and Ye Feng, the crown prince of the Divine Dynasty three thousand years ago, turned out to be the world-famous Emperor Ye. This news completely made the entire spiritual world boil.

I don't know how many people were deeply amazed by this incident.

Everything that happens in the spiritual world has nothing to do with Ye Feng at this moment. ??

Because at this time, Ye Feng had already passed through the secret space passage and came to the sky.

...

Above the sky, in the legends of the spiritual world since ancient times, there is an extremely terrifying restricted area of life.

But in fact, there is a small world above the sky. In addition to the terrifying restricted area of life, there are also some safe areas.

These safe areas are where the nine divine descendant families live.

At this moment, in a certain area of the small world above the sky.

The vegetation here is lush and there are towering old trees growing everywhere.

At this time, in a very ancient cave, on the dusty ground, a six-pointed star formation suddenly lit up.

"Buzz!"

Following a violent spatial fluctuation, three figures suddenly appeared in the small cave where no one had come for countless years.

It was Ye Feng, Ye Qingdi and Uncle Lin.

At this time, Emperor Ye Qing opened his eyes, walked out of the cave, looked at everything around him, and said: "Except that the surrounding trees have grown more vigorously, everything else is basically the same as it was three thousand years ago."

Emperor Ye Qing once visited Above the Sky three thousand years ago and entered a restricted area of life in this small world above Sky. He snatched a golden elixir from the lair of a dark ancient creature.

The next moment the bald bird's body shook, it looked at Ye Feng and the others.

Chapter 1295 Bloodline of the Kingdom of God

At this time, Bald Bird heard Xiao Tao reveal the true identities of several people.

It immediately walked tremblingly in front of Emperor Ye Qing, clasped its fists respectfully and said, "See His Majesty the God Emperor of Creation."

Emperor Ye Qing glanced at the bald bird in surprise and said, "What? Have we met before?"

The bald bird scratched his head and said with a smile: "My grandfather once served as a general in the Demon Division of the Creation God Dynasty, so our clan respects and worships you, the God Emperor of Creation."

Ye Feng stared at the bald bird at this time, patted it and said, "Why haven't I heard you say that before?"

The bald bird glanced at Ye Feng and said, "I didn't know, Mr. Feng, that you were the crown prince of the Divine Dynasty three thousand years ago, but when we were selected in the Eighteen States of the Spirit World, we were on the way to the Holy Mountain of Gods and Demons. I've already guessed part of it."

Ye Feng smiled and said, "Then why don't you just ask me if it's true?"

The bald bird rolled his eyes and said, "I don't want to get to the bottom of it, lest I arouse your resentment, Mr. Feng. I don't dare to offend someone who seems to be the crown prince of the God of Creation." .???.??

Snapped!

Ye Feng slapped the bald bird directly and said with a smile: "You think I don't know you? You dead bird are not afraid of arousing my disgust at all, but you are afraid that after confirming my identity, you are afraid that I will drag you with me. The capital of the Tongtian Divine Dynasty, you are really afraid of death."

"How can it be!"

When the bald bird heard what Ye Feng said, he immediately jumped up anxiously and began to explain, saying that he was not afraid of death or anything.

Everyone laughed when they saw this.

...

Time passes quietly through your fingers like quicksand.

In the blink of an eye, Ye Feng has been staying at Bai's house for several months.

In the past few months, Ye Feng has been relatively silent.

On this day, Ye Feng stood on a pavilion of the Bai family, looking at the vast forest in the distance, looking at the continuous trees and mountains.

"Feng'er, what are you thinking about?"

Emperor Ye Qing came over from behind and asked with a smile.

"Father."

\u003e

Ye Feng turned around slightly and looked at the tall middle-aged man beside him, with a hint of sigh in his eyes: "I was just thinking that with my own efforts, I have transformed you, Father, from the Tongtian Divine Dynasty to the powerful one." He was rescued from the Jiuyou Heavenly Prison in the God's Capital City. All this is very real, but it also gives me an incredible illusory feeling. "

Emperor Ye Qing smiled slightly, patted Ye Feng's shoulder, stood next to him, and said, "Do you want to hear the story about me and your mother?"

Ye Feng's eyes moved and he said, "I want to."

"good."

Emperor Ye Qing nodded, with a hint of memory in his deep eyes, and said: "That year, I had just entered the realm of immortality, and I was only nineteen years old..."

The whole afternoon, the father and son stood on the pavilion chatting and reminiscing about the past.

Xiaotao looked at the pavilion at the pavilion and saw that her young master seemed to have lost all his previous worries and was now really happy, and her heart was filled with joy.

Time passed quickly, and it was evening in a blink of an eye.

Emperor Ye Qing also finished telling his story. He took out a green jade pendant from his arms and handed it to Ye Feng. He said: "I am old and can't run anymore. This green jade pendant is between

me and Your mother's token of love back then. Your mother said that this piece of green jade pendant is the most precious treasure in the Gu Kingdom. But I haven't seen through the secret in it for so many years. Feng'er, on this trip to the second universe, take this piece of jade pendant with you. A piece of green jade pendant, maybe it can help you find your mother."

Ye Feng took the green jade pendant, put it into his arms solemnly, and said, "Father, don't worry, I will definitely find my mother."

Emperor Ye Qing's eyes were serious and he said: "Feng'er, don't be too impulsive. There are countless powerful beings in the perfect world of the Second Universe. The Gu Clan Divine Kingdom where your mother is located is an overlord in the starry sky of the Second Universe. The power, control of many vast and endless star fields, and the strength of the foundation are extremely strong. If you find out the news about the Gu Clan Kingdom, don't be too impulsive and make any moves. I need to remind you about this. "

Ye Feng nodded and said with a smile: "Father, don't worry, you and Uncle Lin can recuperate at the Bai family with peace of mind. When I have my own power and territory in the perfect world of the second universe, I will You and Uncle Lin take over, I will find my mother, no one can stop me, I will definitely reunite our family!"

At this time, Ye Feng said, his tone full of determination.

Just a few days ago, Ye Feng learned some news from Xiaotao.

A super powerful force from the second universe has descended on the edge of the sky.

All young people in the sky who think they have potential can go and test their qualifications.

If you meet the standards of that super power, you can follow that super power's starry sky ship, break through the boundary barrier between the first universe and the second universe, and enter the second universe, a world of advanced cultivation civilization.

After hearing the news, Ye Feng knew that this was an excellent opportunity.

Because if you enter the second universe by your own strength, it is almost impossible, it is really too difficult.

Ye Feng still remembers that in order to enter the second universe, the Space God Emperor encountered many obstacles and murderous intentions. Even the space gems were lost in the tragic battle.

And the giant starship that comes with the second universe is absolutely safe.

At this time, Emperor Ye Qing stared at Ye Feng and said: "Feng'er, in addition to the cyan jade pendant I gave you, there is one more thing I want to tell you. The Divine Secret of Creation is not just as simple as the Nine Heavens."

Ye Feng's eyes changed slightly and said: "The limit of the Divine Art of Creation is not the Nine Heavens?"

Emperor Ye Qing smiled and said: "The Divine Art of Creation is the most powerful inheritance from the overlord of the human race brought by your mother. It is not as simple as you think. I have cultivated the Divine Art of Creation to the eighth level of heaven and reached perfection. , but I have been unable to break through to the ninth heaven, maybe because I cannot enter the second universe. Only the power of heaven and earth, the perfect world of the second universe, can temper my body and allow the Divine Art of Creation to break through to the final level. The ninth heaven."

Ye Feng looked curious and said: "What kind of body will the ninth level of the Divine Art of Creation transform into?"

Emperor Ye Qing said: "Even if I practice the Divine Art of Creation and break through to the ninth level, I'm afraid I will still be in the state of the Great Perfection of the Divine Body. The Great Perfection of the Divine Body is the ultimate physique of me, the first human being in the universe, but Feng'er, you It's different. You have half of the blood inherited from your mother. Your mother is the noble princess of the human overlord of the second universe. Your body has half of the high-level human blood of the ancient kingdom of the second universe. , when you break through the Divine Art of Creation to the ninth level, you will definitely be able to open the shackles of your other half of the Kingdom of God's bloodline, and unlock the supreme inheritance of the "Chaos Heavenly Emperor Art" that your mother practiced back then. Your physique will begin to move towards the same direction! The great Chaos Heavenly Emperor's body transformed and embarked on the path of the Heavenly Emperor in the ancient times."

Ye Feng's eyes were shocked and he couldn't help but said: "Chaos Heavenly Emperor Technique?"

"That's right."

Emperor Ye Qing said: "The Divine Art of Creation is actually just the basic technique of the Emperor of Chaos Art. When you practice the Divine Art of Creation to the extreme level of the Nine Heavens and unlock the bloodline of the Kingdom of God in your body, you will be able to obtain the Art of the Chaos Emperor." Inheriting the secrets, I estimate that I will never be able to break into the ninth heaven, so I said back then that only you, Feng'er, can break through the cultivation of the Divine Art of Creation to the final level of the ninth heaven!"

Emperor Ye Qing said at this time, with a hint of excitement in his eyes, "The Chaos Heavenly Emperor's Art is the supreme inheritance. Even in the perfect world of the second universe, it is one of the top inheritances." 1. When Feng'er unlocks the bloodline shackles in your body and obtains the Chaos Heavenly Emperor's Art, you will awaken your innate talent that is countless times more powerful and magical than practicing the Divine Art of Creation! From now on, you will be on your way to becoming an immortal Heavenly Emperor! The reason why the Gu Clan Kingdom is still able to dominate in the perfect world of the Second Universe is because of the powerful bloodline of the Gu Clan itself and the supreme inheritance method of Chaos Heavenly Emperor Art that allows them to continuously awaken! All kinds of terrifying natal talents that destroy the world! Standing proudly on top of the universe!"

Ye Feng was greatly shocked when he heard what Emperor Ye Qing said, but at the same time, he was also deeply excited.

Chapter 1296 Grand Domination

"Chaos Heavenly Emperor Technique..."

At this moment, Ye Feng murmured, with a hint of expectation in his tone.

Ye Feng never thought that the Divine Art of Creation was just an initial practice technique.

The true ultimate inheritance of the most powerful is the legendary Chaos Heavenly Emperor Technique!

It exists in half of the blood of the Kingdom of God contained in his body.

You need to practice the Divine Art of Creation to the ultimate level in the ninth heaven before you can unlock the Chaos Heavenly Emperor Art, achieve the supreme Chaos Body, embark on the path of the Heavenly Emperor, and finally completely transform into the body of the Heavenly Emperor, second only to the legendary one. The eternal body dominated by the gods!

Ye Feng suddenly seemed to have thought of something at this time, and stared at Emperor Ye Qing beside him, and asked: "Father, you just said that by opening the bloodline of the Kingdom of God in my body, I can obtain and practice the legendary How terrifying would it be if everyone in the Gu Clan Kingdom has practiced the Chaos Heavenly Emperor Technique?"

"Silly boy."

Emperor Ye Qing couldn't help but shook his head and said with a smile: "It's not such an exaggeration. The Chaos Heavenly Emperor Art can only be practiced by the royal bloodline of the Gu Clan Kingdom. Your mother is the noble princess of the Gu Clan Kingdom, and what you inherit is the ancient art. The blood of the royal family in the Kingdom of God is extremely noble."

Ye Feng immediately breathed a sigh of relief and said, "That's good, otherwise the Gu's Kingdom would be really scary." ??

Ye Feng knew very well that the basic cultivation techniques of the Divine Art of Creation had given him so many powerful natural talents.

The Chaos Heavenly Emperor Art is the ultimate inheritance based on the Divine Art of Creation. It will definitely be more terrifying, and the awakening will be more destructive bloodline talents.

...

Three days later, Ye Feng left the Bai family and walked toward the edge of the sky alone.

His steps were extremely determined, and the destination of his trip was exactly where the super power of the second universe had descended on this small world above the sky to recruit disciples for trial.

In the palace of the Bai family, Emperor Ye Qing, Uncle Lin, Xiao Tao, Bald Bird and other figures all looked at the back of Ye Feng leaving alone, with a trace of reluctance in their eyes, but more of them were The look of anticipation.

Because Ye Feng's trip will break into the perfect world of the second universe where there are many powerful powers!

That is the real stage for spiritual practice!

In the wild forest far away from the Bai family, Ye Feng's footsteps were very firm.

Going to the second universe is Ye Feng's only choice.

Because there is a stronger inheritance there, there are greater opportunities, and there are more countless geniuses competing, which can make oneself grow quickly.

"Miss Lan, I will definitely find the ultimate magic medicine to save you!"

\u003e

"And mother, I will definitely find Gu's Kingdom and tell you face to face that your son is capable of taking you home, and our family will definitely be reunited! No one can try to break up our family!"

Ye Feng clenched his fists as he walked on the road.

During this trip to the second universe, Ye Feng did not feel lonely or afraid.

On the contrary, he was high-spirited and full of infinite heroic spirit.

"Second Universe, I wonder if Brother Xiao He and the eldest lady also went to the Second Universe in the Demon State?"

"There are also Sister Su Su from Tianhun Palace and Xiaoyu, that girl from the witch clan. I'm afraid they have also entered the fairyland of the second universe."

"There is also the senior Space God Emperor. I don't know how he is doing in this perfect world of the second universe..."

Ye Feng had a lot of thoughts in his mind at this moment. He suddenly felt that this trip broke through the constraints of the first universe and went to the second universe. He didn't feel lonely at all.

He also has many people he knows, all in that perfect world.

Finally, Ye Feng thought of Uncle Nan, "I don't know where Uncle Nan is now. He went to the Demon Realm to hunt down the Demon God. Why has he disappeared for so long? He asked me to wait for him in the Sword God's Heavenly Palace in Snow State, but he never Never appeared..."

Ye Feng actually missed the old man Uncle Nan very much, especially after knowing that he was his mother's old servant. In order to reshape his body and resurrect himself, he consumed all his perfect divine energy and became so old.

"well."

Finally, Ye Feng sighed with emotion, jumped up, directly passed through the space constraints, and leaped towards the edge of the small world above the sky.

But not long after Ye Feng left, a most beautiful woman came to the Bai family.

With a sweep of her mind, she didn't sense Ye Feng's aura. The look on her beautiful face suddenly became extremely ugly. She couldn't help but murmured: "Your Highness, am I too late..."

This beautiful woman is none other than the little princess Ye Feng served him three thousand years ago, Zhi Xin.

On her beautiful face, at this moment, she shed tears of despair.

Buzz!

But suddenly at this moment, the space around Zhi Xin fluctuated.

A tall and majestic man appeared, with a majestic face and endless depth in his eyes, giving people a sense of supreme majesty.

"Ah? It's Your Majesty!"

Zhi Xin's eyes widened.

The person who appeared in front of her at this moment was none other than Emperor Ye Qing!

Although she passed the huge intelligence system of Tianyin Pavilion and learned what happened in the Capital of Gods a few months ago, and found out that the most likely place for Ye Feng to go after leaving the spiritual world is the white sky above the sky. Home.

That's why Zhi Xin didn't stop and came directly to the real body outside the Bai family.

Although she knew that His Majesty the God Emperor of Creation might be with His Highness the Crown Prince, she was still extremely shocked when she actually saw Emperor Ye Qing with her own eyes.

"Greetings to Your Majesty!"

Even though Zhi Xin was now the Holy Mother of Tianyin Pavilion, she still immediately knelt down in front of Emperor Ye Qing and paid homage respectfully.

Emperor Ye Qing nodded slightly, looking at Zhi Xin's crying look, he couldn't help but said: "Prince, he went to the second universe to obtain more powerful power and to find his mother. He is not a warrior setting out to fight. I can't go back, why are you crying? I'll see you again."

When Zhi Xin heard what Emperor Ye Qing said, she immediately wiped the tears from her face and said, "Yes, Your Majesty, Zhi Xin understands!"

"Um."

Emperor Ye Qing nodded, then his eyes were cold and his face was extremely solemn, and he said: "Hmph, this stupid person Gu Tongtian, in order to prevent me from establishing a unified faith among thousands of races in the spiritual world, he also stopped me. The cosmic will that refines the first universe has imprisoned me for so many years. How abominable! If I could have enslaved all

the races in the spiritual world, established the supreme god-emperor faith on the human land, and concentrated the power of the entire human race on me, I would have You can obtain the cosmic will of the first universe and become the master of the first universe! Humph, that old boy Gu Tongtian comes from the Kingdom of God in the second universe. He has pedantic ideas. He is my prime minister, but he does not support my great cause for all generations! , damn it!”

Not far away at this time, Uncle Lin's figure slowly walked over, looked at Emperor Ye Qing, and said: "Brother Ye, calm down, now that Feng'er has achieved such great achievements, he will definitely be able to make a mark in the second universe in the future. Heaven and earth, this time we have come to the Bai family. I have made plans with the head of the Bai family in the past few months. He will fully support us. When we control the first universe, we will then plan to attack the second universe. Brother Ye, your grand plan Hegemony will definitely be achieved!”

Emperor Ye Qing couldn't help but nodded when he heard this. He looked at Zhi Xin with cold eyes and said, "Next, you can use the huge power of Tianyin Pavilion to help me go to the Western Continent to find the treasury of the Divine Dynasty of Creation, as well as Creation." I will also deal with those clowns in our alliance one by one!”

At this time, Emperor Ye Qing said, with endless ambition in his deep eyes. He stared at Zhi Xin and saw the frightened look on Zhi Xin's face. He said: "As for Feng'er, don't tell him the truth for the time being. Zhi Xin Please remember that you are not allowed to go to the second universe without permission to tell him about my grand plan for hegemony. When Feng'er returns from the second universe, I am afraid that the first universe will have been completely controlled by me. By then, I will have killed Gu Tongtian and plundered the second universe. The will of the universe can enslave all races in the spiritual world, establish supreme faith, and become the master of the first universe. At that time, if I tell Feng'er everything, Feng'er will definitely understand me. If Feng'er is in the second universe by then, If I can rescue his mother, then I have a trustworthy helper. His mother and I had the same view back then, which is to use the countless creatures in the first universe as believers and nutrients to strengthen our own supreme strength, and even It is possible to achieve immortality, but it is a pity that the pedantic people in Gu's Kingdom of the Second Universe don't understand, and they call me and Feng'er's mother careerists, which is cruel. Huh, how can we be cruel after practicing cultivation? The winner is the king and the loser is the enemy!”

At this time, Emperor Ye Qing said, clasping his hands behind his back, looking at the vast sky, and said: "No one can stop my grand hegemony! I want my name as the God Emperor of Creation to spread throughout the entire universe and starry sky!”

Uncle Lin walked to Emperor Ye Qing's side at this moment and said with a smile: "Brother Ye, don't worry, Feng'er is so accomplished now and has peerless talent. He will definitely be able to make a difference in the second universe. When we take control of the entire The first universe uses the first universe as its base, tells Feng'er the truth, and joins forces with Feng'er to plan to attack

the perfect world of the second universe. That is the real big world with endless treasures and resources! "

At this time, Zhi Xin looked at the two careerists in front of her, and thought of another careerist queen who was trapped in the Gu Shi Kingdom in the second universe. She was trembling all over, but that kind of trembling was filled with fear and excitement. .

...

...

At this moment, the edge of the small world above the sky.

A huge starry sky ship floats in the void at the edge of the small world.

That giant ship in the starry sky is a super power in the second universe that came to the small world to recruit disciples.

Not far away, Ye Feng walked alone. He saw the huge and majestic starry sky ship at the first sight, and his face suddenly showed a hint of joy.

"arrive!"

Ye Feng ran over quickly, and at the same time he was praying in his heart, hoping that this time his cultivation qualifications would be noticed by the great power of the second universe in this giant starry sky ship, so that he could follow this huge starry sky ship, break through the barriers of the universe, and enter The vast and perfect world of the second universe.

Chapter 1297 Galaxy Holy Land

At this time, Ye Feng reached the end of the small world above the sky.

Looking into the distance from here, it is a land of stars.

In the void of the galaxy, there was an incomparably huge starship floating in the sky.

This giant ship in the starry sky is definitely the super power that descended from the second universe.

Ye Feng heard his father say before that in the perfect world of the Second Universe, the division of power is based on star regions.

The continental plates of the second universe are very rare, and all major interfaces are floating in the star field of the universe.

Therefore, many super powers in the second universe, their disciples, etc., have occupied planets, continents, etc., and established sects in the entire star field.

When Ye Feng arrived at the selection place for super powerful forces, he immediately saw many figures standing here.

There are dozens of figures in total, and some of them are human beings, who are obviously the descendants of the divine family in the sky.

Most of the figures exude a very strong aura of demons, and are obviously the descendants of demons in other restricted areas of life above the sky.

This time, a super power from the second universe came here to recruit disciples and go to the perfect world of advanced cultivation civilization. Naturally, it caused a sensation in the entire sky.

Many descendants of the divine family, including the descendants of monsters and descendants of gods and demons in the restricted areas of life, want to give it a try.

After all, if you enter the super power of the second universe, it will be like a carp jumping over the dragon's gate. From then on, you will become a high-class person and your status will become noble.

Among these figures, Ye Feng also saw two acquaintances. They were Chu Wudi and Xuanyuan Splittian whom they met together in the Holy Mountain of Gods and Demons before. Both of them were descendants of the nine great divine descendant families, and they were obviously here this time. Here, I want to try to join the super power of the second universe, enter that perfect world, and obtain more advanced and powerful power and inheritance.

The moment Ye Feng walked over, he covered his entire body with a black robe.

His current identity is too sensitive, and he is being hunted by the entire Tongtian Divine Dynasty. Naturally, he does not want to reveal his identity, because both Chu Wudi and Xuanyuan Splittian know him.

Ye Feng did not approach the group of descendants of the divine family, but walked to the scattered crowd.

these figures

Most of them are the descendants of forbidden creatures in the restricted areas of life and the depths of the wilderness. Each one of them has a lonely look and a majestic and vast aura, giving people an inaccessible edge.

Ye Feng came closer, and when he looked at the majestic starry sky ship, a look of surprise suddenly flashed in his eyes under the black robe.

The four ancient characters "Galaxy Holy Land" were written and carved on the sails of the giant ship in the starry sky.

There was a trace of surprise in Ye Feng's eyes, and he couldn't help but murmured: "Galaxy Holy Land? It's actually this sect?"

At this moment, Ye Feng suddenly remembered a piece of the past. During the selection process in the Eighteen States, Ye Feng and Uncle Scar encountered a group of powerful young people from the second universe in the ancient tomb of the Emperor Planet.

That group of young people seemed to be from the Galaxy Holy Land.

"What a coincidence."

Ye Feng couldn't help but shook his head.

At this time, there were more and more figures around, and in the blink of an eye, more than a hundred young strong men had arrived.

These young and strong men, whether in the sky or on the land of the spirit world, are definitely the top and most powerful beings. The weakest ones are also those who have reached the tenth level of the Virtual God Realm and are very powerful.

But at this moment, they are here, but they are just the new disciples that the Galaxy Holy Land is about to recruit.

No!

We can't say that we are new disciples yet.

Because in the future, the Galaxy Holy Land, the super power of the second universe, will also conduct various tests on all young and powerful people who arrive, such as cultivation, talent, willpower, etc.

Only by passing the test can you join the Galaxy Holy Land, board that giant starship, break through the barriers of the first universe, and enter the perfect world of the second universe.

"Oh, that's right! Have you received some secret news from your respective families? It is said that the standards for recruiting disciples in this Galaxy Holy Land are very high."

"I heard from an ancestor of our family that if you want to join the Galaxy Holy Land, there are three basic conditions. The first is that you must be under thirty years old.

Next, the second is that the cultivation level needs to be at least the realm of God, and the third is that you must pass a special test before you can finally board the starry sky ship and go to the Galaxy Holy Land to practice. "

"What? This Galaxy Holy Land is so demanding in recruiting disciples? Moreover, this is only recruiting registered disciples. Isn't the requirement too high?"

"Hmph, what do you think? The Galaxy Holy Land is a giant force in the Tiannan Star Region of the second universe. In the entire star domain, it controls countless life planets, life continents, etc.,

and its power is huge. If you want to enter the Galaxy Holy Land, you will naturally It requires extremely high talent.”

“That's right. Although we are already the top geniuses in the first universe, when we go to the perfect world of the second universe, we may not even be considered scum.”

...

At this moment, many young and powerful people on the field were talking about it.

Ye Feng's eyes flashed slightly when he heard what everyone said.

The requirements and standards for recruiting new disciples in this Galaxy Holy Land are indeed very strict.

Fortunately, these conditions are not too difficult for Ye Feng.

Ye Feng's age and cultivation level are all in line, and now he just has to pass the special test.

“This Galaxy Holy Land is a giant force in the Tiannan Star Territory. I don't know if this Tiannan Star Territory is a very large star field in the second universe, or is it a very small one? There is also this Tiannan Star Territory, which is far away from my mother. How far away is the Gu Clan Divine Kingdom?”

At this time, Ye Feng had many questions in his heart.

But he knows that he needs to actually enter the Galaxy Holy Land to find these one by one.

“Buzz!”

“Buzz!”

“...”

And suddenly at this moment, in the void at the edge of the small world where everyone was standing, in front of the giant starry sky ship, platforms condensed with blue divine light appeared. There were thirty-six of them in total.

The next moment, an old and majestic voice came from the giant ship in the starry sky: "This is a total of thirty-six test benches, which can accommodate thirty-six people for the entry test. This time, our Galaxy Holy Land only recruits fifty. There are only fifty disciples, first come first served, can you

Tested on the test bench. "

"Only fifty places?"

"Or is it first come, first served?"

"In other words, if the test successfully recruits fifty people, then those who have not yet been tested, even if they are qualified, will not be able to enter the Galaxy Holy Land?"

At this time, the more than a hundred young and powerful people present all looked shocked.

"Save a seat first! There are thirty-six test benches in total!"

At this moment, all the young and powerful men rushed towards the test bench where the thirty-six divine lights were condensed.

Boom!

There was even a fight breaking out between young and strong men, just to grab a test bench.

Ye Feng quickly took action at this time, defeated several of the nearest descendants of the Life Restricted Area, and seized possession of a test bench.

He was covered in a black robe and stood on the testing platform.

In the blink of an eye, all the other test benches were full of people.

Although many other young experts are unwilling to give in, those who can stand on the thirty-six test platforms at this time are the most powerful ones among the people. Others can only wait for the next round. test.

"The first round of people has been gathered, so the test will begin."

Floating in the starry sky giant ship in the void, accompanied by the old and majestic voice before, a white-haired old man wearing ancient clothes stepped out of the giant ship and floated on the top of the thirty-six test platforms.

He stared at the thirty-six young experts on the thirty-six test benches, and said in an indifferent tone: "Although you are all the top wizards in the first universe, you must know that our second universe is the real The perfect world has countless advanced cultivation traditions and civilizations. After you enter the Galaxy Holy Land, you will find that you will become extremely mediocre. You must be aware of this. "

After saying that, the white-haired old man from the Galaxy Holy Land turned his palm, and a small ancient bronze bell appeared in his palm, and said: "The test is actually very simple. This ancient bronze bell is a ninth-grade true god level treasure. "What you have to do is to punch or palm this ancient bronze bell with all your strength. As long as the bell rings, it means you have passed the test."

Chapter 1298 Contempt in the Bone

At this time, the words of the white-haired old man from the Galaxy Holy Land fell.

Buzz!

The ancient bronze bell in his hand instantly floated in front of the first young strong man standing on the test platform.

This young strong man is the heir of the lord of a restricted area of life in the sky. He has inherited the bloodline of the demon god of the first universe. He has peerless talent. He also has the powerful cultivation of the sixth level of the first level of the divine realm, the divine energy realm. He is very powerful. .

"Punch out a punch with all your strength and hit this ancient bronze bell."

The white-haired old man from the Galaxy Holy Land spoke out, his tone indifferent.

Obviously, he seemed a little absent-minded about recruiting disciples in this small first universe. This super powerful man from the perfect world of the second universe seemed a little absent-minded.

But at this moment, the son of the Lord of the Forbidden Zone who came from the Life Forbidden Zone was full of excitement, and he suddenly punched out his powerful punch with all his strength.

"when!"

As a result, the fist collided with the ancient bronze bell, making a moderate bell sound.

The white-haired old man of the Galaxy Holy Land glanced at the heir of the Lord of the Forbidden Zone, and said calmly: "Passed."

Although the white-haired old man's tone was calm and he just said three simple words "passed", the heir of the lord of the restricted area suddenly showed deep excitement and excitement on his face.

Because he knows that after joining the Galaxy Holy Land, it means becoming an advanced being in the perfect world of the second universe, with a broader and boundless cultivation stage!

At this time, the young strong man standing on the second test platform couldn't help it anymore and punched the ancient bronze bell that floated in front of him fiercely.

"Buzz..."

But in the end, the ancient bronze bell only emitted a dull buzzing sound, and did not emit a crisp chime.

The white-haired old man standing above didn't even look at the young strong man, and just said indifferently: "Failure."

"Isn't the dull sound of this ancient bell not considered a bell? It must have a clear sound to be considered a bell?"

This young strong man suddenly showed a look of disbelief on his face.

The white-haired old man stared at him and said: "The rules are set by our Galaxy Holy Land. The clear bell must ring to pass the test. If you fail, get out."

boom!

The white-haired old man waved his hand, and suddenly the whole world seemed to collapse.

"boom!"

The terrifying force of space squeezing suddenly blasted the young and powerful man who was still in a daze, and he fell hard to the ground in the distance, in a miserable state.

"What a powerful cultivation aura!"

"This white-haired old man is at least a powerful being in the Divine Bone Realm, the fourth level of the Divine Realm!"

"Such a cultivation level is definitely the top-notch existence in our first universe."

"No wonder the second universe never takes our new first universe seriously, and treats them all as ants."

"I once heard that the legendary God Emperor of Creation founded the most prosperous Dynasty of Creation three thousand years ago. I wanted to work hard to change everything, and I wanted to make the second universe pay the price for all the arrogance and contempt of our first universe, but the result But it failed, alas, what a pity."

"Yeah, it's such a pity that those ambitious heroes are now being brutally suppressed by a supreme god in the second universe. Their son was killed, and his wife

He was kidnapped and imprisoned for three thousand years. He was almost useless and disappeared from everyone since then! "

"Yes, our first universe is now controlled by the Tongtian God Emperor from the second universe. He is a loser. Every year, he is forced to contribute countless rare resources to the supreme kingdom of God in the second universe. If this continues, we All the resources in the first universe will slowly dry up, and the land we live on has almost become a captive place for the supreme god's kingdom in the second universe. It is humble and has no dignity at all!"

"Although our First Universe is safe and stable now, all living beings live humble and humble lives, like pigs in captivity, with no dignity and no progress. So what's the point of living in such a muddle? If this continues, our First Universe will The universe will always be a vassal of the second universe. One day, a super power in the second universe is in a bad mood and will destroy our first universe. Life and death all depend on the mood of others. This feeling is too uncomfortable. , too depressing..."

...

At this moment, many people watched the young strong man being slapped away by the white-haired old man. He was lying on the ground in the distance, with countless broken bones in his body, and streams of blood pouring out of his mouth. , obviously he won't live long.

This young man just questioned the rules of this test and was seriously injured and even almost died.

Many people saw this scene and understood the indifference of the people of the second universe towards the native creatures of their first universe, and also had a deep and heartfelt contempt and disdain.

At this time, the white-haired old man seemed to see the dissatisfaction in everyone's eyes. He didn't care at all and just said: "Continue the test next."

Although everyone was dissatisfied, this was their only chance to enter the perfect world of the second universe, and no one dared to point out what the white-haired old man had done.

"when!"

The third young strong man punched with all his strength, and the crisp bell rang.

Lucky for him, he passed the test.

Next fourth, pass.

Fifth, passed.

Sixth, failure.

Seventh, passed.

...

After testing one by one, most of them passed.

Because those who have the confidence to come to the end of this small world this time are basically the top beings in the sky.

At this time, seeing everyone pass the test, many young experts who were waiting for the second round of tests were a little unable to sit still.

Because Galaxy Holy Land only recruits fifty disciples this time, there are only fifty places.

At this time, there were a total of thirty-six young strong men in the first round, and now the test has reached the thirtieth, and twenty-seven have passed.

This speed of passing made many young experts waiting under the test bench unable to sit still.

"Uh-huh!"

Suddenly, several figures flew to the remaining five or six young geniuses on the test stage and began to threaten them to step down and wait for the second round.

Ye Feng was wrapped in a black robe and stood on the 32nd test bench. He was also being watched.

This is a young man with a burly body and majesty like an iron tower. His aura is like a demon. There are magic lines growing on his knife-like face, which makes him look like he is full of demonic energy.

He came to Ye Feng, with a kind of contempt in his eyes, and said in a commanding tone: "You nameless boy, get out of here quickly, your test bench will be mine next, otherwise I will kill you directly!" At this time, the white-haired old man from the Galaxy Holy Land fell.

Buzz!

The ancient bronze bell in his hand instantly floated in front of the first young strong man standing on the test platform.

Chapter 1299 Martial Arts Emperor

Ye Feng glanced at the aggressive young man indifferently and said coldly: "I will not give up the test bench to anyone else."

The demon-like young man immediately showed a cruel smile in his eyes and said: "Boy, do you know who I am? My name is Yuwen Tuo, and I am the young master of the first restricted area of life in the sky, the Mausoleum of the Meteor God. , with the blood of ancient demons, if you go against me, you will definitely die miserably. "

Ye Feng looked at Yuwen Tuo, and suddenly a sneer appeared at the corner of his mouth, and said: "What bullshit Meteor God's Tomb, I have never heard of it, and what you are has nothing to do with me. You want mine?" Test stand, don't talk nonsense. Threats are of no use to me. If you have the guts, just take action and I'll see who kills whom in the end."

"you.....!"

Yuwen Tuo, the heir of the Lord of the First Life Forbidden Zone, heard such arrogant words from the mediocre young man in front of him, and he immediately trembled with anger. .??.

"The Devil's Prison Suppression Technique!"

"kill!"

Yuwen Tuo is indeed very powerful. He actually has the same half-step divine fire realm cultivation level as Ye Feng. At this moment, boundless billowing demonic energy surged out of his body, as if he had transformed into an ancient powerful demon, trying to destroy Ye Feng. The wind was swallowed up in the infinite evil spirit.

"Buzz!"

But suddenly at this moment, an ancient bronze bell suddenly floated in front of Ye Feng.

By coincidence, at this time, it was Ye Feng's turn to be tested.

boom!

The ancient bronze bell suddenly burst out with an extremely strong wave of energy, sending Yuwen Tuo, the young master of the Meteor God Mausoleum, away, who was about to attack Ye Feng.

Obviously, this ancient bronze bell is a ninth-grade true god-level treasure and has its own spiritual wisdom.

During the test, no outsiders are allowed to be disturbed.

"Damn it!"

When Yuwen Tuo saw this scene, he immediately became furious, but he had no choice but to do so, because even though he was a supreme genius, he could not possibly fight against a ninth-grade true god-level treasure with spiritual intelligence.

"You, get out of here!"

Soon Yuwen Tuo relied on the powerful

His strength drove away the young strong man standing on the 33rd test stand next to Ye Feng.

He stood next to Ye Feng at this time, his eyes full of ferocity, and said: "Boy, if you dare to speak to me like this, you will regret it. I will make your death ugly."

Ye Feng completely ignored the words of the forbidden person next to him and didn't bother to pay attention to him.

He was just staring at the ancient bronze bell in front of him, took a deep breath, and punched out fiercely.

This punch was a punch in which Ye Feng melted all his power.

After all, at the critical moment of this test, Ye Feng was not sure whether his control of power would make the ancient bell ring.

Simply, he unleashed all his strength.

"when!"

The ancient bronze bell suddenly emitted a crisp chime.

At this time, Yuwen Tuo, who was standing on the test bench next to Ye Feng, immediately smiled proudly and said: "It's my turn now!"

"when!"

But at the next moment, the ancient bronze bell did not move. Instead, another bell sounded from inside the ancient bell.

"What?!"

Everyone who saw this scene was stunned.

You know, all the young strong men who bombarded this ancient bronze bell have never been in this situation.

"Um?"

At this moment, the white-haired old man standing above with an indifferent expression suddenly moved his eyes and opened his slightly closed eyes.

"when!"

At this moment, a sound suddenly came from the ancient bronze bell again.

"What?!"

"Ringed again?"

"What's going on? Is the ancient bronze bell broken?"

"Are you kidding me? This ancient bronze bell is a ninth-grade true god-level treasure. How could it be broken?"

...

At this time, everyone was finally excited.

At this time, the white-haired old man in the Galaxy Holy Land finally showed surprise in his eyes, and couldn't help but said: "Three rings of the ancient bell? This is a very powerful qualification. Even in our Tiannan Star Territory in the perfect world, Such qualifications rarely exist."

"when!"

And just after the white-haired old man finished speaking, the ancient bronze bell rang again.

"Four rings!" ??

At this time, the white-haired old man was finally horrified. His eyes were full of shock and he said: "Many of our current core disciples in the Holy Land of Galaxy, when they used this ancient bronze bell to test their martial arts qualifications, they only rang six times!"

The number of chimes of this ancient bronze bell does not represent how powerful a warrior is, but represents a warrior's future potential and the level of martial arts qualifications.

At this moment, Ye Feng stood in front of the ancient bronze bell, and he was stunned, his eyes a little surprised.

Unexpectedly, one of his punches caused the bell to ring four times.

The white-haired old man looked at Ye Feng with a hint of approval and said: "Young man, your qualifications are very good. After you return to the Galaxy Holy Land with us this time, even if your cultivation level is still low, you will be able to With your martial arts qualifications, you can already directly qualify as an inner disciple identity token. When the time comes, you will be able

to enjoy all kinds of treatment as an inner disciple, second only to the core disciples.  
Congratulations..."

"when!"

Suddenly, the bell rang again.

Before the white-haired old man finished speaking, the bell suddenly rang for the fifth time.

"when!"

Immediately, the sixth bell rang.

"The appearance of a core disciple!"

The white-haired old man was shocked, and everyone was shocked.

"Dang! Dang! Dang..."

\u003c

br\u003e But at this moment, what shocked the people on the scene even more, and even made them tremble in shock, was that the ancient bronze bell continued to ring one after another.

The sound of the bell was like a heavy hammer, hitting everyone's hearts hard, including the white-haired old man in the Galaxy Holy Land. They were all dumbfounded at this time.

"Dang! Dang! Dang! Dang..."

Ye Feng, who stood in front of the ancient bronze bell, did not make any move, but the bell kept ringing. Apparently, Ye Feng's previous punch that forged all his strength and martial arts will caused some kind of chain reaction inside the ancient bronze bell. Everlasting.

It finally rang a full ninety-nine and eighty-one times before finally stopping.

At this moment, let alone the other people taking the test together.

Even the white-haired old man in the Galaxy Holy Land was trembling all over.

Uh-huh! Uh-huh! Uh-huh!

Even at this time, from the giant ship in the starry sky in the distance, more than a dozen old men with the same cultivation level as the white-haired old man flew out. They may all be elders of the Galaxy Holy Land.

Their eyes were extremely shocked, and they stared at Ye Feng, who was standing on the test platform at a loss, with eyes full of passion and excitement.

An old man finally spoke up, his tone full of deep shock, and said: "Nine-nine to the extreme, the appearance of an emperor! This is the legendary martial arts emperor's qualifications! The entire Tiannan Star Territory where our Galaxy Holy Land is located has hundreds of billions of people. There are human warriors and spiritual practitioners of other races, but there has never been a martial arts emperor with such legendary martial arts qualifications!"

Another old man from the Galaxy Holy Land had endless excitement in his eyes, and he quickly whispered secretly to a few old people beside him: "This is an eternal genius! This is a peerless evildoer! Even in our Tiannan Star Region, this kind of legendary creature has never appeared before! The qualifications are even more terrifying than those of the Holy Sons in our Holy Land! Hurry and invite this young man to come up! We must serve him well! If we bring this kind of genius back, our entire Galaxy Holy Land will be in a state of excitement. We will definitely be rewarded with endless rewards and training resources! We are so lucky!"

Chapter 1300 The Defined Son of God

And just when a group of elders from the Galaxy Holy Land were having a heated discussion in low voices.

Buzz!

In the boundless starry sky, from the perfect world on the other side of the first universe, a very terrifying supreme will suddenly transmitted, like an eternal existence.

At this time, everyone immediately saw a figure condensed by divine light appearing on the field.

"See the Holy Lord!"

Suddenly at this moment, the elders of the Galaxy Holy Land all bowed down and saluted with clasped fists.

"Lord Holy Lord?"

Hearing the voices of a group of elders, many young experts who were testing below were shocked.

The ancient bronze bell rang ninety-nine and eighty-one times, and it actually alerted the Holy Lord of the Galaxy in the Galaxy Holy Land?

Buzz!

Buzz!

...

But at this moment, what shocked countless people even more.

A series of grand and powerful phantoms of will manifested in the depths of the starry sky.

This group of phantoms of will gave everyone the feeling of being extremely powerful and terrifying.

"I'm afraid these are all beings at the peak of the sixth level of the God Realm, and they have even half-stepped into the Eternal Realm!"

At this time, in Ye Feng's mind, Taotie Soul spoke up, with a hint of teasing smile in his tone, saying: "Boy Feng, if you make this ancient bronze bell ring ninety-nine and eighty-one times,

maybe it really is." The performance is so outstanding that you can't keep a low profile even if you want to."

At this moment, Ye Feng looked at the phantoms of great will manifested in the vast starry sky, each representing a superpower in the Galaxy Holy Land.

He couldn't help but be shocked at this time.

His punch actually caused such a big movement?

"No..."

Ye Feng himself was a little dumbfounded at this time.

Previously, Ye Feng was afraid that he would not be able to ring the ancient bronze bell, so he simply punched out with his strongest punch.

But the result was such a huge formation that even many powers from the Galaxy Holy Land and even a will figure of the Galaxy Holy Lord himself descended.

"Good guy!"

"This is too exaggerated!"

"That young man wrapped in a black robe, is he our first

What part of the universe is sacred? "

At this moment, countless other young experts who were testing had extremely surprised eyes.

Whether he was a descendant of the divine family in this small world above the sky or a descendant of the lord of some restricted area, his eyes widened at this moment, feeling deeply shocked.

There are some young strong men who are born with strange eye skills and want to see through the true face under the black robe, but in the end they are unable to see through.

The figure under the black robe seemed to be surrounded by endless fog, making it impossible to capture its true identity.

Ye Feng was hiding under the black robe at the moment. He was a little lucky that he had covered himself with a black robe to avoid the prying eyes of everyone in the sky.

A group of big shots arrived, and the dozen or so elders responsible for recruiting new disciples were stunned.

Even they have never encountered such a large formation. Even the Holy Lord and many other powerful people from the Holy Land have descended upon them with powerful will.

"Buzz!"

At this moment, in the depths of the first universe, there seems to be a very great and vast power of will, which condenses endless heavenly tribulations and thunder punishments, apparently to repel these great powers of the Galaxy Holy Land who suddenly descend on the world of the first universe. projection.

The Holy Lord of the Galaxy didn't care. He just looked at the group of powerful phantoms around him and passed on the exchanges that could not be heard by any of the young powerful men and elders present: "Brothers and sisters, this is the moment. He is extremely talented and can be said to be rare throughout the ages. If he grows up, he will definitely be a strong support for our Galaxy Holy Land. But now the other major giants in our Tiannan Star Region are eyeing our Galaxy Holy Land. The God King Bell has rung ninety-nine and eighty. At this time, it is estimated that other giants in our Tiannan Star Region, such as the Danhuang Holy Sect, Sea Holy Land, Tiannan Soul Sect, Tianmo Palace and other major forces, have noticed it. In addition, other major star regions adjacent to our Tiannan Star Region have noticed this. , I am afraid that the most powerful people have noticed this movement, so I personally think that we must keep the identity of this person secret today. "

"Senior Brother Holy Master is right."

A female powerful woman spoke up and said: "Although this son's current cultivation level is very low, his martial arts qualifications are those of an emperor, even surpassing the qualifications of

many saints in our Galaxy Holy Land. He should be regarded as the 'Son of God'." But in that case, it will definitely attract the attention of countless powerful people, and there is no guarantee that there will be other giants.

The old monsters in the middle took action at all costs and strangled the young son of God. "

"Junior sister Tianmei is right, we need to protect this talented person."

Another big man's voice rang out, saying: "The best way now is for us to secretly designate this boy as the future 'Son of God', and let him grow up normally with ordinary disciples first, and wait until he reaches a certain level of cultivation." level, and then publicly reveal his identity."

Holy Lord Galaxy heard the discussion among a group of powerful people and finally came to a conclusion, saying: "According to everyone's opinion, only people like us know about this matter."

...

The discussions among a group of powerful people from the Galaxy Holy Land were extremely secretive exchanges of spiritual thoughts, and no one could hear them.

Even the dozen or so elders who recruited disciples had no right to participate in the discussion of this matter.

Finally, under the attention of everyone, the majestic and boundless shadow of the Galaxy Holy Lord announced on the spot: "This ancient bronze bell has some problems with the ancient magic circle imprinted inside, so it rang nine nine eighty one continuously. The bell rings."

"Is there something wrong with the ancient bronze clock being tested?"

The group of young strong men present looked stunned.

Even the elders were a little dumbfounded.

Although they have some doubts in their hearts.

But this was announced by the supreme Holy Lord, so naturally no one dared to say anything.

However, some people really believed in the words of the Lord of the Galaxy.

After all, the ancient bronze bell rang out ninety-nine and eighty-one tones. This was a legendary scene that had never been achieved before.

But today it appeared in a young man from the small universe of the first universe, which is really too suspicious.

This is indeed a bit hard to believe.

At this time, coupled with what the Holy Lord of Galaxy said, everyone immediately believed that there was something wrong with the ancient bronze clock.

At this thought, the group of elders who just thought they had discovered a treasure all sighed.

"I'm so happy for nothing..."

A group of elders couldn't help but smiled bitterly and shook their heads.

"I knew there was something wrong with the ancient bronze clock!"

And Yuwen Tuo, the young master of the restricted area who was panicking just now, this

The face of the demonic young man suddenly showed a look of deep ecstasy.

After all, Ye Feng's performance just now really scared him.

But now it was all a misunderstanding, and Yuwen Tuo immediately breathed a sigh of relief.

After all, what the Holy Lord of Galaxy and other powerful people of the second universe said, in the hearts of this group of people, is that the gods are speaking. Naturally, they believe it deeply and

cannot be a lie. Otherwise, Ye Feng would have been deceived long ago. They took him away directly.

Buzz! Buzz! Buzz...

At this moment, the powerful shadows of the Galaxy Holy Land dissipated one after another in the depths of the starry sky.

Ye Feng himself was a little surprised at this time, but he didn't expect that there was something wrong with the ancient bronze bell.

But no matter what, it doesn't matter to Ye Feng, as long as he can enter the Galaxy Holy Land, a major force in the second universe, to practice.

Other so-called false names don't matter to Ye Feng.

On the contrary, Ye Feng also felt that if he was too outstanding from the beginning and was called a peerless genius or a saint, it would not be of any benefit to his subsequent cultivation.

On the contrary, it will make you attract too much attention from others, thus attracting endless killings.

After all, the current me is definitely not a master in the perfect world of the second universe, and is as weak as an ant.

Ye Feng raised his head slightly at this time and looked at the shadow of the will of Holy Lord Galaxy that was about to dissipate.

His eyes suddenly froze, because at the last moment, Ye Feng seemed to have seen the phantom of the Lord of the Galaxy staring at him and blinking at him...

"I must have read it correctly, right? A powerful Holy Lord from an ancient force, perhaps a supreme being that has transcended the eternal realm, actually blinked at a warrior as weak as an ant like me?"

Ye Feng only felt that he had seen it wrong because it was too outrageous.

In the end, in order to avoid the divine punishment from the vast cosmic will of the First Universe, the phantoms of the will of a group of powerful people disappeared and could no longer stay.

At this moment, a group of elders from the Galaxy Holy Land replaced the ancient bronze bell with a new one and continued testing.

Ye Feng jumped to the starry sky ship at the end of the void. He stood among a group of young strong men who had passed by before. He closed his eyes slightly and calmly, waiting to go to the perfect world of the second universe!
