Chapter 1311 Ten Thousand Beast Demon Sect

With more and more people and the appearance of six masters, the entire earth platform fell into a commotion.

"Everyone be quiet."

Suddenly at this moment, a clear female voice sounded.

Buzz!

Along with this sound, a huge air that made everyone feel suffocated descended on the entire earth platform in an instant.

"What a powerful cultivation aura!"

"He is a distinguished elder from the inner sect!"

Suddenly, at this moment, a dashing woman wearing a moon-white robe appeared in everyone's eyes.

Although she is a woman, she has a heroic appearance and carries a battle sword made of amethyst on her back, which gives people a very powerful feeling.

This person is an inner sect elder in the Galaxy Holy Land.

She looked around the entire field at this time, with a hint of satisfaction in her eyes, and said: "The number of registered disciples in this session is pretty good, there are more than 300,000."

At this time, this heroic and beautiful inner sect elder attracted the special attention of a group of registered disciples.

"This inner sect elder is called Mu Qing. He is very powerful in cultivation. I heard that he is a rare awakened sword spirit and has an innate sword spirit body."

"Yes, this beautiful lady has a very high status in the inner sect. Even our core disciples in the Galaxy Holy Land will respectfully call her 'Elder Mu' when they see her."

"I didn't expect that this time our starry sky secret realm trial would be led by such a famous and beautiful elder from the inner sect. We are really lucky."

"Yes, I am satisfied to be able to watch such a beautiful elder who coexists with beauty and strength from a distance, even if she falls in the Starry Sky Secret Realm trial this time."

At this moment, every male disciple on the field was whispering, obviously paying great attention to this beautiful elder Mu.

Apparently this beautiful elder from the inner sect named Mu Qing is very popular in the Galaxy Holy Land.

Even within the group of named disciples, many people know each other.

At this time, Mu Qing looked at the more than 300,000 registered disciples on the field. He used his skills to expand his voice and said: "The rules of this Starry Sky Secret Realm trial are very simple, that is, in the Starry Sky Secret Realm Live for half a year. Before entering the secret realm of the starry sky, you must carry a teleportation token with you and hide it closely. After half a year, the teleportation token will automatically teleport you out of the secret realm of the starry sky. "

Having said this, Mu Qing's beautiful eyes looked at the group of outer sect elders beside her and said, "You guys, please move quickly and make sure that every named disciple has a teleportation token."

"Yes, Elder Mu!"

Several outer sect elders were all old people, but at this moment, they behaved respectfully in front of this young inner sect elder, not daring to delay her order at all.

And just when a group of outer sect elders were issuing teleportation tokens to all named disciples.

Mu Qing continued: "There are hundreds of thousands of registered disciples participating in the Starry Sky Secret Realm trial this time, but in the end only the first 10,000 registered disciples will be qualified to become outer disciples, so this time You must work hard. As the most powerful giant in the Tiannan Star Territory, our Galaxy Holy Land will naturally not let waste linger in the Holy Land."

At this time, Mu Qing was speaking, and the woman's tone was full of sharpness and chilling meaning.

She continued: "This time

Our upper level has located a secret realm in the starry sky that should be left behind by a group called the 'Ten Thousand Beast Demon Sect' a hundred thousand years ago, and this time your trial will be in it. "

"In this secret realm of the starry sky of the Ten Thousand Beast Demon Sect, there are countless demons, beasts, demons and other vicious creatures left over from ancient times. After you enter it, you will have to fight these vicious creatures."

"So the judging criteria for this assessment trial are very simple. Every time you kill an evil creature, the teleportation token on your body will automatically absorb the remnant soul of that evil creature. As a record, whose identity token will be in the end The more remnant souls there are and the stronger the remnant souls are, the higher the ranking will be."

"Furthermore, one thing I want to emphasize is..."

Speaking of this, Mu Qing, a beautiful elder from the inner sect, paused, and then slowly said: "In this trial, the upper echelons of the sect are allowed to fight each other, and even to kill each other is no problem. If you have the ability, Kill other disciples and plunder their teleportation tokens. As long as you crush other people's tokens, the remaining souls collected in the tokens will immediately be sucked into your teleportation token. Do you understand? ?"

hiss!

Almost as soon as Mu Qing finished speaking, everyone on the field couldn't help but take a breath of air.

It seems that this trial in the Starry Sky Secret Realm is definitely very cruel.

It's like raising a gu.

Finally select the most powerful group!

Mu Qing glanced at the faces of many registered disciples on the field, and they all showed fear.

She didn't care, and just said indifferently: "Okay, the time is coming, you all hurry up and choose any starry sky ship. We will set off directly to the starry sky secret realm, which is just away from our Galaxy Holy Land. In the starry sky not far from the planet, there is an ancient starry sky teleportation array node. From there, you will enter the secret realm of the starry sky left by the Ten Thousand Beast Demon Sect. "

As Mu Qing finished speaking, one by one the named disciples ran to the surrounding giant ships in the starry sky, getting ready to go.

Not a single registered disciple quit because they had gone through so much hard work to join the Galaxy Holy Land.

If you don't participate in the Starry Sky Secret Realm because of fear, you will be eliminated immediately, and then kicked out of the Galaxy Holy Land and returned to your family.

Being kicked out of the Galaxy Holy Land is a huge shame for every disciple, and is even more uncomfortable than death.

Therefore, almost no one would quit every Starry Sky Secret Realm trial. Even if they died in the Starry Sky Secret Realm, it would be better than being kicked out of the Holy Land and then returning to the family to be despised by countless people.

Ye Feng and Lu Yaoyao also quickly walked into a nearby starry sky ship.

Lu Yaoyao was a little silent at this time, not as lively as usual.

Obviously, even this girl, who has always been optimistic and cheerful, feels a deep sense of heaviness and depression at this moment.

At this time, Ye Feng understood clearly in his heart. It turned out that the so-called secret realm of the starry sky was a small world left by some big forces in ancient times. It was floating in the boundless starry sky of the universe. If it was found by future generations, they could locate and enter it. plundering wealth among them.

"The secret realm of the starry sky left by the Ten Thousand Beasts Demon Sect that we entered this time is probably very dangerous. It is impossible to select such a huge group of more than 300,000 people in a place that is not dangerous."

Ye Feng muttered silently in his heart. He seemed to have seen the brutal killing scene that followed. The mountains of corpses and seas of blood were heart-stopping. With more and more people and the appearance of six masters, the entire platform fell into a commotion.

"Everyone be quiet."

Chapter 1312 In the Secret Realm

Boom!

Boom!

Accompanied by bursts of loud noises, hundreds of huge starships rushed from the surface of the planet into the starry sky in an instant.

These hundreds of starry sky giant ships, carrying hundreds of thousands of registered disciples from the Galaxy Holy Land, flew towards a secret starry sky realm in the Tiannan Star Region.

Half a month later, hundreds of giant starships shuttled through the boundless starry sky and finally arrived at their destination.

Everyone was sitting in the giant starry sky ship. Looking through the transparent spacecraft windows, they immediately saw that they had arrived at an extremely dark starry sky area.

You can't even see the stars twinkling around here, it's just pitch black all around, as if you're in a black hole in the starry sky, cut off from everything outside.

"All named disciples should disembark and enter the ancient teleportation array. The teleportation tokens on your body must be protected. That is the only way for you to automatically teleport out of the secret realm of the starry sky after half a year. Otherwise, you will be lost forever in the depths of the starry sky. In the secret world!"

The voice of Mu Qing, the beautiful elder of the inner sect, sounded again at this moment.

"Rumble..."

"Rumble..."

Next, the metal doors of hundreds of giant starships opened one after another.

Buzz!

On the surface of the black hole not far away, there was a void of stars. At this moment, a huge formation actually appeared.

That is the ancient teleportation array in the secret realm of the starry sky that entered this outer sect trial.

This time, the Secret Realm of the Starry Sky is a small world left behind by the Ten Thousand Beast Demon Sect, a powerful force that existed a hundred thousand years ago.

Even though the ancient power of the Ten Thousand Beasts Demon Sect was destroyed due to natural disasters, there must still be countless terrifying beasts and monsters surviving in it.

"Uh-huh!"

"Uh-huh!"

"..."

One by one, the named disciples took a deep breath, then instantly got off the starry sky ship, rushed into the ancient teleportation formation shining with light in the black hole in the starry sky in the distance, and suddenly disappeared.

At this time, Ye Feng quickly walked out of the starry sky ship among the crowded crowd, and then flew to the ancient teleportation array on the surface of the black hole, disappearing in an instant.

...

"Buzz!"

When Ye Feng opened his eyes again, he found that there was no longer a black hole in the starry sky around him.

At this time, he was standing in a vast and endless swamp.

Under the soles of the feet was damp mud, exuding a rotten smell.

There was light rain falling in the sky, and the sky was dark and gloomy.

Wow!

Wow!

Ye Feng was surrounded by invisible Qi. Whether it was the rain falling from the sky or the mud under his feet, it could not contaminate him and was blocked by the invisible Qi around him.

"Is this the secret realm of the starry sky left by the Ten Thousand Beasts Demon Sect? It is indeed as I guessed. It is a small world of its own, floating in the boundless starry sky, surrounded by the great power of the Galaxy Holy Land. The teleportation array at the entrance was found, which became the place for this trial. "

Ye Feng didn't know if the entire starry sky secret realm had been fully inspected by the powerful men of the Galaxy Holy Land.

Therefore, he cannot rule out the existence of ferocious ancient creatures that threaten his life in this entire small world.

So for safety reasons, Ye Feng carefully walked in a certain direction around him.

Buzz!

His majestic soul power spread out and carefully searched every inch of the surrounding land.

Because soul power detection is countless times more delicate and sensitive than a warrior's spiritual thoughts.

Therefore, in the trial in this secret realm of the starry sky where danger may appear at any time, compared to other registered disciples, the existence of soul martial fellow practitioners like Ye Feng definitely has a unique and huge advantage.

Three days later, Ye Feng almost walked through the swamp where he landed.

However, after he carefully searched the surrounding area, Ye Feng did not find any other named disciples.

Obviously, the small world of this trial is very majestic.

Although there are hundreds of thousands of registered disciples of the Galaxy Holy Land who have entered this secret realm of the starry sky.

But you must know that an ancient small world like this one hundred thousand years ago is extremely huge, even larger than some stars in the sky.

The area of the floating lost continent is vast.

Not to mention 300,000 people, even if there were millions of people scattered throughout the small world, they would probably not be able to touch each other within a month and a half.

Therefore, Ye Feng did not meet anyone else in the surrounding swamp, which was quite normal.

"Boom!"

Suddenly, not far away, the swamp on the ground suddenly exploded.

"Roar!"

A golden centipede that was hundreds of meters tall, with dense scales all over its body, and fine centipede claws, impregnated with green poison, looked extremely ferocious.

boom!

This extremely ferocious golden centipede does not look like an evil beast bred by nature itself. Whether it is the dense golden scales on its body or the green venom on the centipede claws, it does not look like it was produced by its own mutation.

"Maybe it was a strange evil beast cultivated by the powerful Ten Thousand Beast Demon Sect in this small world. After tens of thousands of years of evolution, it finally mutated into this very ferocious creature!"

Ye Feng made quick guesses in his mind, but he was not afraid at all when faced with the provocation of the mutated golden centipede.

The life fluctuations on this mutated golden centipede are at best comparable to those of human warriors with divine fire realm cultivation.

"boom!"

There was nothing flashy about Ye Feng. He used all his strength to punch out violently.

Boom! !

Immediately, the infinite hegemonic power of the Cangtian Overlord exploded, and the terrifying power surged out from Ye Feng's fist. With a "puff", the ferocious mutated golden centipede was beaten into pieces all over the sky!

This mutated golden centipede almost didn't have time to scream before it instantly turned into death.

"Swallow!"

Ye Feng shouted loudly, and a dark devouring field suddenly appeared around his body.

Buzz!

The terrifying devouring power swallowed up all the blood and demonic energy of the mutated golden centipede in one go.

"Buzz!"

At this moment, Ye Feng nodded with satisfaction.

He felt that his Dan

Tanaka's cultivation skills are growing rapidly.

"It is indeed an evil beast that has been gestated for tens of thousands of years. Although it is not very powerful, its blood and demonic energy are extremely powerful!"

Ye Feng's eyes were bright, and he continued to explore the situation around the swamp, searching for all kinds of elixirs and herbs growing there.

After all, no one has visited this land in the secret realm of the starry sky for tens of thousands of years.

Therefore, in addition to vicious demons, there are also various precious elixirs that are very rare in the outside world.

These spiritual herbs and elixirs as well as heavenly materials and earthly treasures are all very high-grade and rare. There are basically no ordinary medicines below the true god level.

Ye Feng has now decided to practice alchemy. He did not devour these extremely precious high-grade elixirs and herbs directly, because it would be too wasteful to devour them directly and only get some of the medicinal power.

If he could take it out, Ye Feng would be able to combine different types of spiritual herbs and elixirs together with his alchemy skills, and then refine them, which would greatly enhance his own strength or elixirs of great value.

Swish, swish, swish!

Suddenly at this moment, three figures suddenly descended from high in the sky.

These three figures are two men and one woman. Naturally, all three of them are registered disciples of the Galaxy Holy Land.

The fluctuations in their cultivation are very powerful, and they all almost have the cultivation of the seventh level of the Divine Fire Realm.

At this time, the three of them noticed the fluctuations in Ye Feng's cultivation, which was only the fifth level of the Divine Fire Realm.

This discovery made all three of them show a hint of contempt in their eyes.

The man with cold eyes standing in the middle immediately said: "Junior brother, there are many spiritual herbs and elixirs growing in the swamp here. It is a very rare area. I now declare that everything here belongs to It's for the three of us. Hand over all the spiritual herbs and elixirs you picked just now, and then leave here. I will promise not to snatch the teleportation token from you and spare your life."

After the cold man finished speaking, a man and a woman standing beside him immediately spoke indifferently to Ye Feng who was not far away: "Boy, our Senior Brother Mo has spoken, quickly hand over the elixir in your hand. Spirit Grass, then leave quickly, don't try to resist, because it will be in vain, the three of us are masters of the seventh level of the Divine Fire Realm."

Chapter 1313 Large Group

At this time, the attitude of these three named disciples was very aloof.

They stared at Ye Feng not far away, their voices full of disdain.

Obviously Ye Feng's fifth-level cultivation in the Divine Fire Realm was nothing at all in the eyes of these three people.

"Wow, it turns out to be a 'purple-eyed crystal flower'! This is a third-grade true god-level elixir!"

Among the three people, the only woman suddenly saw a rare elixir growing not far away, and immediately ran over to pick it.

"boom!"

But suddenly at this moment, an extremely violent sword energy burst out from a distance, tearing a huge crack into the swamp in front of the woman.

"Boy! How dare you attack me?"

The woman was immediately startled, and then she looked at Ye Feng, who was not far away, and screamed, her tone full of anger.

Ye Feng held the Heavenly Tribulation Sword in his hand and said coldly: "You want to rob me of my elixir and herb. I didn't kill you directly with this sword just now. I already gave you a lot of

face. Now you hold on tight to me." Disappear in front of me, don't try to challenge my patience, otherwise I will not show mercy."

"Show mercy?"

"Ha ha ha ha!"

Almost as soon as Ye Feng finished speaking, the three named disciples burst out laughing.

Especially the young man at the head, stared at Ye Feng for a while, his eyes were cold and said: "Do you know that your words make me feel very ridiculous, you are only a fifth-level god of fire realm, who are you? Give you the courage to speak like this to our three masters?"

Ye Feng shook his head and said: "What kind of experts are you three? In my eyes, you are just three trash."

"waste?"

The woman among the three people immediately screamed: "Two senior brothers, let's not talk nonsense with this boy. Since he refuses to hand over the elixir on his own initiative and is so rude to us, let's just kill him. Anyway, in this Starry Sky Secret Realm trial, even the elders allow us to fight and kill each other."

"good!"

The two men nodded immediately.

"The two of us take action together! Don't let this kid in black escape!"

Among the three of them, the two male disciples of the seventh level of the Divine Fire Realm immediately jumped in front of and behind Ye Feng, blocking his way.

At this time, although the female disciple was quite pretty, her eyes were filled with ruthlessness. She stared at Ye Feng and said, "You dared to strike me with a sword just now. You were so rude

and scared me." I was shocked, now I want you to kneel in front of me and ask for atonement, and I will ask my two senior brothers to spare you, how about that?"

boom!

But at the moment when the female disciple finished speaking, two red laser beams

, burst out from Ye Feng's eyes in an instant.

It's the Nine Nethers that lead to the Third Eye!

"Pfft!"

The female disciple who had said harsh words just now didn't even have time to react. Two red energy lasers directly shattered her head.

"Bang!"

The beautiful headless corpse, stained with blood, collapsed to the ground the next moment.

"What?!"

"That red divine light is so powerful and fast? Is this boy born with divine eyes? Is he an awakened one?"

Seeing that the crimson laser erupting from Ye Feng's eyes had such terrifying power, the two male disciples who were trying to surround Ye Feng immediately turned pale with fear.

"run!"

The two male disciples were a little scared at this time, and they fled towards the distance.

"I can't leave anymore."

Ye Feng spoke indifferently at this time.

Buzz!

He stretched out his hands and instantly grabbed the two male disciples in the direction in which they were fleeing.

"Dark Martial Arts Realm!"

Ye Feng released his powerful martial arts realm at this time. He pressed his two hands in the direction of the past. The two male disciples suddenly fell into endless darkness, full of despair, as if they had reached the end of their lives. .

"This is... the martial arts realm!"

"How is that possible! In the Martial Arts Divine Realm, only those who have entered the sixth level of the Divine Realm and are at the peak of the Divine Realm can realize it! How can you, a boy who cannot reach the Divine Fire Realm, have your own Martial Arts Divine Realm?"

The two male disciples' eyes were extremely horrified at this time.

Because they saw things appear that could not have existed.

"Swallow!"

But Ye Feng didn't have time to explain anything at this time.

He directly released his Devouring Domain in the Dark Martial Arts Realm and merged it into one.

"ah!"

"ah!"

Accompanied by two howls of fear, the two male disciples who had been yelling just now had all their blood and skills sucked out of them in an instant, and were swallowed up by Ye Feng.

Snap!

Snap!

There were only two shriveled bodies left that had lost all their life essence. They fell from a high altitude and were shattered into pieces in one fell swoop.

Next, Ye Feng used his own Nine Nether Eyes to Heavenly Eyes before.

The skill and life essence of the female disciple who was killed was also swallowed up.

Plus the majestic demonic energy and vitality of the mutated golden centipede that he swallowed before.

"boom!"

At this moment, Ye Feng's body was finally filled with accumulated strength, and a new and powerful martial arts aura suddenly burst out.

"It's the sixth level of the Divine Fire Realm!"

Ye Feng's eyes were extremely bright.

He then searched all the storage rings on the three people.

Most of the disciples who can join the Galaxy Holy Land, even if they are just registered disciples, come from big families in the Tiannan Star Region. ??

Therefore, these three named disciples are extremely wealthy.

Ye Feng discovered six space capsules containing starships alone.

And among these six starships, there is also a second-level starship.

The second-level starship has much more space and can accommodate several people.

Moreover, the surface of the starship is imprinted with primary defense formations and acceleration formations, which allows people to activate these formations and form a defensive mask when driving the starship and traveling through the starry sky, which can withstand many crises, such as meteorites. The collision, the bite of the starry sky beast, etc.

"I became rich all of a sudden!"

Ye Feng was very happy and crushed the teleportation tokens on the three people.

The teleportation token on his body immediately harvested a lot of remnant souls of demons and beasts.

It took Ye Feng several more days to finally pick all the natural materials, treasures and elixirs growing in this swamp and put them all into his storage ring.

Then Ye Feng hurriedly left this swampy place.

This time, the Starry Sky Secret Realm trial lasted for half a year. Ye Feng was not in a hurry to hunt down the monsters and beasts in this small world and accumulate residual souls.

What he wants most now is to collect all kinds of spiritual herbs and elixirs that are rare in the outside world.

Because when the secret realm trial is over and Ye Feng returns to the Galaxy Holy Land, he will have enough materials to continue experimenting with alchemy techniques and improve his alchemy knowledge.

In addition, there are many rare treasures in this starry sky secret realm, such as crystal stones containing dragon energy, strange gems dyed with divine blood, etc.

After collecting these things, when you get outside, you can go directly to the Tiannan Continent in the center of the Tiannan Star Territory and sell them to the big chambers of commerce. You can definitely sell them at a high price, or they can be used to exchange for a large number of Holy Land contribution points inside the Galaxy Holy Land.

So in the next period of time, Ye Feng was releasing powerful soul power to collect these rare elixirs, herbs and rare treasures from the outside world. \u003c

br\u003e

For a whole month or two, Ye Feng did nothing but collected these things. He gained so much that he almost filled an entire storage ring.

On this day, Ye Feng had just picked a lot of lava crystals from an extinct volcano.

He had just walked out of the extinct volcano, but he happened to meet a group of other registered disciples.

There are more than a dozen of these named disciples, and most of them have cultivation levels near the sixth level of the Divine Fire Realm, which is similar to Ye Feng's cultivation level.

The leader of this group of people is a somewhat gentle-looking male disciple wearing a green shirt. He is the most powerful among them and has the eighth level of the Divine Fire Realm.

At this time, he saw Ye Feng, and immediately stepped forward, clasped his fists, and said, "This junior brother seems to be walking alone until today. I wonder if he is willing to join our small group? It is said that the six masters have already formed Large groups, in this secret realm of the starry sky, searched everywhere for the wealth of ordinary registered disciples like us. However, they did not crush our teleportation tokens, but only plundered our wealth and let us go. Afterwards, they continued to plunder. Obviously It makes us their slaves!"

When Ye Feng heard this, his eyes were slightly surprised, but he was not surprised.

The six masters are very popular among the registered disciples and have strong cultivation. They will definitely gather their own power and plunder the wealth of other ordinary disciples.

Ye Feng looked at the man in green shirt, smiled and said: "I'm used to living alone, and I don't want to join you, but I can help you solve the big troubles around here for free. I must be among these big groups. It's exciting to have gathered countless wealth. Tell me, which of the six masters is entrenched here?"

When the man in green shirt heard this, he felt that Ye Feng was bragging. After all, such a small ordinary disciple of the sixth level of the Divine Fire Realm dared to trouble a large group of six masters?

However, the man in green shirt still said: "This area is controlled by Lin Yu, who ranks sixth among the six masters. He has gathered many masters under his command and has hundreds of powerful disciples working for him. This Lin Yu is entering the secret realm of the starry sky. Before, it seemed that he had swallowed a ninth-grade true god-level treasure pill, and his cultivation level skyrocketed. Now he has broken through to the third level of the divine realm, the divine blood realm. It is very powerful, and its combat power is almost as good as the real outsiders of our Galaxy Holy Land. Disciple."

"Lin Yu! It's him!"

Ye Feng's eyes suddenly turned cold and he said: "He and I had a grudge before, but this time we just settled it together."

Uh-huh!

After Ye Feng finished speaking, he jumped up and disappeared into the distance.

"What a boy! So brave! Are you going to challenge Lin Yu among the six masters alone?"

At this time, a group of people were shocked when they looked at Ye Feng's leaving figure.

Chapter 1314 Direct declaration of war

Ye Feng never expected that he would end up in Lin Yu's territory by accident.

Lin Yu is a conceited, narrow-minded, extremely insidious and ruthless person.

Before, in front of the nine-story magic tower in the Galaxy Holy Land, Ye Feng just didn't cut in line for Lin Yu, so Lin Yu kept an eye on Ye Feng and wanted to get rid of Ye Feng all the time.

So to Ye Feng, this Lin Yu is like a poisonous snake hiding in the dark, who never knows when he will give you a fatal blow.

Therefore, Ye Feng had no qualms about Lin Yu. If given the chance, he would definitely kill Lin Yu immediately.

According to the previous group of ordinary registered disciples, Lin Yu has now broken through to the third level of the God Realm, the Divine Blood Realm, with the help of a very high-level pill.

However, Ye Feng is not afraid of this, because his current cultivation strength has also been greatly improved.

Moreover, before entering this starry sky secret realm, Ye Feng also refined the Dragon Spirit Holy Fire.

Now Ye Feng's methods are enough for him to face a super master of the third level of the divine blood realm.

Ye Feng quickly searched the entire area and found the location of the large group founded by Lin Yu.

It was a low-lying valley, surrounded by towering mountains. It was a natural place that was easy to defend but difficult to attack.

Ye Feng hid his life fluctuations and quickly approached the valley depression.

He saw that in the valley, pavilions made entirely of solid wood had been built.

Every pavilion is full of people.

Moreover, these people are not ordinary registered disciples, but elites among registered disciples.

The cultivation level of each one is basically close to the eighth and ninth heaven of the second level of divine fire realm.

This level of cultivation can be said to be very powerful, and among the more than 300,000 named disciples, it is considered an elite level.

Buzz!

At this time, under the induction of his powerful soul power, Ye Feng initially realized that there were three to four hundred named disciples in the entire valley.

"I didn't expect that this Lin Yu is really quite capable. In just one or two months, he has already gathered three to four hundred people to work for him. He deserves to be one of the six masters."

Ye Fengxin

Zhong murmured secretly.

Facing such a huge group, Ye Feng was not arrogant enough to rush in directly.

He chose to lurk around for the time being to explore the situation.

...

night.

The whole world was pitch black.

After a day of careful investigation, Ye Feng finally determined that Lin Yu himself was not in the valley.

"This Lin Yu is so powerful now, he must be out fighting for territory."

Ye Feng secretly guessed in his heart, and his eyes also showed a trace of fiery color.

In such a place that is easy to defend and difficult to attack, the leader Lin Yu is not here, and only a group of ordinary elite registered disciples are staying in it. This is definitely the best moment for him to attack.

Ye Feng thought in his heart, and then walked directly into it majestically.

"Who is your Excellency? This is the core place founded by our senior brother Lin Yu. The rest of you should leave as soon as possible."

Because Ye Feng did not conceal his aura at this time, a young man in a golden robe immediately emerged from the hall in the center of the valley, stood in front of Ye Feng, and stared at him coldly.

Ye Feng sensed this person's cultivation level, which was at the peak of the tenth level of the Divine Fire Realm.

It seems that this person is one of Lin Yu's right-hand men.

Ye Feng asked: "I came here for no other reason than to gain control of this valley."

"What?!"

Ye Feng's words were extremely direct and overbearing, and they were a direct declaration of war.

This made the man in golden robe suddenly look stunned.

He couldn't help but stare at Ye Feng and said, "Boy, are you out of your mind? How dare you say such rebellious words?"

"Treason?"

Ye Feng smiled and said: "I have a grudge against your leader Lin Yu, so this time I came to seek revenge from him, but since he is not in this valley, I have to take over his 'property' first. "

The property Ye Feng mentioned is naturally

It means control of the entire valley.

"Who is this kid? He's so arrogant!"

"Senior Brother Lin Yu is one of the six masters among our registered disciples. He actually wants to cause trouble for Senior Brother Lin Yu?"

At this time, all the registered disciples in the valley came over one after another, obviously noticing the movement at the entrance of the valley.

The golden-robed man at the top of the tenth level of the Divine Fire Realm sneered: "Boy, since you are so arrogant, I will capture you first, and then wait for Senior Brother Lin Yu to return before dealing with you."

boom!

The man in golden robe took action in an instant.

"hold head high!"

A golden dragon soul suddenly rushed out of his body.

At this time, the golden dragon soul merged into the golden-robed man's fist, and his fist suddenly turned into a ferocious and strong golden dragon claw, with incredible tearing and destructive power.

"Great Wild God Chaos Fist!"

boom!

Ye Feng shouted loudly and directly displayed his strongest martial arts inheritance, the first-grade true god level martial arts.

"Boom!!"

The golden dragon claw collided with the fist of the barbarian god, and an astonishing spatial fluctuation burst out in the void.

"Swish!"

At this moment, both sides retreated, feeling some pain in their fists.

"What a powerful force!"

At this moment, the man in golden robe was extremely surprised.

He stared at Ye Feng opposite me and couldn't help but said: "Your cultivation level is so much lower than mine, how can you actually tie with me?"

At this time, Ye Feng smiled lowly and laughed at himself, "It seems that my current hegemonic body and the first-grade true god-level martial arts brought from the first universe really give me no big advantage over my generation. "

Although Ye Feng resisted the man in gold robe who was much higher than him.

But it did not cause any harm to the man in gold robe.

This made Ye Feng feel that some of his previous methods were indeed somewhat inadequate in this perfect world of the second universe of advanced cultivation civilization.

"It seems that this time the starry sky

The secret realm is over, and I need to buy some more advanced and powerful martial arts inheritance from the Galaxy Holy Land. "

Ye Feng thought silently in his heart.

"Boy! I'm asking you a question! Who are you?"

At this moment, the man in golden robe not far away was yelling.

Apparently, he punched Ye Feng before and actually forced him back, which made the man in gold robe feel incredible.

Ye Feng suddenly looked forward at this time, stared at the man in gold robe, smiled coldly, and said: "Now I will give you a chance, surrender to me, and then cooperate with me to kill Lin Yu, I will spare you a life." Life."

"Submit to you?"

The man in gold robe was stunned at first, then immediately laughed and said: "Although you are powerful in combat, my cultivation advantage is enough to overwhelm you. How dare you speak so brazenly in front of me? I can't defeat you alone. Have you forgotten that I still have a lot of helpers?"

Uh-huh! Uh-huh! Uh-huh!

Almost at the moment when the golden-robed man finished speaking, three figures suddenly rushed out from the crowd of other spectators in the valley, namely two men and one woman.

The cultivation aura of these three people is impressively from the ninth level of the Divine Fire Realm!

Moreover, each of them has an invisible aura flowing around them. It is obvious that each of them has their own special and powerful inheritance.

"Kill this arrogant boy who dares to provoke our valley!"

The hundreds of registered disciples behind were all laughing wildly and shouting, their voices full of excited killing intent.

At this time, Ye Feng looked at the four young masters, grinned, and said: "If you don't have to drink wine as a penalty, then I will let you know what my true means and confidence are."

boom!

And almost at the moment Ye Feng finished speaking, a ball of golden flames suddenly surged out of his body.

Buzz!

A terrifying and huge aura of fiery power that could burn the sky and destroy the earth suddenly enveloped the entire heaven and earth.

"What a terrifying aura of destruction..."

"What kind of flame is that?"

Almost at this moment, the hundreds of registered disciples in the valley who were laughing excitedly all of a sudden changed their expressions.

Chapter 1315 God Meeting

"Is this the legendary holy fire?"

"That's right! Only the Holy Fire has such a majestic power to burn mountains and boil seas!"

"Is that young man in black an extremely rare person who has awakened the Holy Fire?"

Almost at this moment, everyone in the valley stared at Ye Feng, whose body was burning with golden flames, and their eyes became extremely frightened.

Awakener!

These three words were like a heavy hammer, hitting everyone's heart hard, making everyone tremble.

"The Holy Fire Awakener is a very advanced being among the Awakened Ones. He should go to the Alchemy Emperor Sect in our Tiannan Star Region. Why does he worship in our Galaxy Holy Land?"

At this time, every registered disciple in the valley couldn't help but exclaimed, feeling very incredible.

In their impression, the awakened ones are definitely those who directly become true disciples, or at the worst, are those at the level of the six masters.

But what I didn't expect was that a noble Holy Fire Awakener actually blended into the ordinary disciples of this Starry Sky Secret Realm trial, and was still standing in front of them at this moment.

"What? Are you actually the controller of the Holy Fire?"

The man in golden robe who had yelled at Ye Feng before suddenly changed color on his face and became very stiff and ashen.

Even though Ye Feng hadn't taken action yet, the man in gold robe felt a sense of death crisis that was suffocating him from Ye Feng's body burning with golden flames.

"I'm no match for him!"

The golden-robed man, including the other three masters standing next to the golden-robed man, all had such an idea in their hearts.

Swish, swish, swish!

The three masters who had just jumped out to help the man in golden robe immediately took several steps back.

The three of them looked at Ye Feng, who was covered in golden flames and looked like a god. They immediately clasped their fists respectfully and said, "Senior brother is actually a Holy Fire Awakener. It's so terrifying. The three of us will not interfere in this matter again."

"you....."

Looking at his three helpers, they immediately gave in. The man in gold robe looked extremely ugly at this time.

"escape!"

At this moment, the man in golden robe suddenly turned around and ran wildly toward the back of the valley.

"Boy! So what if you are a Holy Fire Awakener? When I find Senior Brother Lin Yu, he is a strong man in the third level of the Divine Blood Realm. He will definitely kill you!"

The golden-robed man laughed loudly and performed a set of movement martial arts that "followed like a shadow", which was a third-grade true god-level movement technique. In an instant, he disappeared from where he was and reappeared in the direction of the mountain behind the valley.

"You still want to escape in front of me? You are so naive!"

Ye Feng suddenly roared.

boom!

The Dragon Spirit Holy Fire burst out crazily in an instant.

Now that the holy fire and the warrior are integrated into one, and supported by Ye Feng's huge skill, this high-level holy fire on the starry sky flame list has finally fully revealed its true power.

"hold head high!"

Almost at this moment, Ye Feng jumped up, and his whole body merged with the holy fire, turning into a giant dragon composed entirely of golden flames, which was several thousand feet tall.

, flew to the nine heavens, opened his mouth and spat out.

"boom!"

A golden pillar of flaming light, filled with endless destructive power, burst out from the dragon's mouth in an instant. It tore through the void, penetrated the night, and directly bombarded the man in golden robe who had just escaped to the mountain behind the valley. body.

"ah!!"

Even though this golden-robed man is a peak expert in the tenth level of the Divine Fire Realm, he is still unable to withstand the terrifying flames of the Holy Fire at this moment.

"Purple and Gold Holy Armor!"

The man in gold robe roared loudly, and a set of purple-gold armor immediately appeared on his body, flowing with a cold metallic luster.

Buzz!

But everything was of no avail. The so-called holy armor suddenly began to melt in the endless dragon spirit holy fire, and drops of metal liquid dripped onto the ground, making a "sizzling" sound on the ground.

"No! I don't want to die!!"

Under a painful scream, the man in gold robe melted directly.

"Swallow!"

A huge swallowing vortex of darkness appeared around him, plundering all his melted skills and life essence.

Uh-huh!

And at the next moment, the majestic flaming dragon in the sky suddenly converged all its divine light, and transformed into a young man in black clothes again.

At this time, Ye Feng's body instantly burst out with a new and powerful martial arts aura.

That is the momentum of breakthrough.

At this moment, he had broken through directly from the sixth heaven of the divine fire realm to the seventh heaven of the divine fire realm!

The energy and blood in the golden-robed male disciple who was at the tenth level of the Divine Fire Realm was obviously very abundant and vigorous.

At this time, Ye Feng was walking in the sky with his hands behind his back, his black clothes were like ink, and he looked extremely awe-inspiring.

Ye Feng overlooked the entire valley, and an indifferent voice sounded: "My name is Ye Feng, who else is dissatisfied?"

The hundreds of registered disciples in the valley, including the three previous masters of the ninth level of the Divine Fire Realm, now that they have seen Ye Feng's powerful methods, they no longer have any thoughts of resistance.

"Meet Senior Brother Ye!"

"Meet Senior Brother Ye!"

"..."

At this moment, accompanied by a burst of respectful voices, hundreds of registered disciples in the entire valley raised their hands and fists in the direction of Ye Feng, expressing their surrender.

Seeing this, Ye Feng nodded with great satisfaction and said: "All operations in the entire valley will continue as usual, but no one should reveal the news that I control the entire valley. When Lin Yu returns, I will come to catch turtles in a jar. I'm sure he will be surprised by then, haha..."

Next, Ye Feng searched out the storage spirit ring from the golden-robed man he killed.

Moreover, he also crushed the teleportation token on the man in gold robe that had not been melted by the holy fire.

"Crack!"

Ye Feng directly crushed the teleportation token and paused.

At that moment, he saw a large area of vicious remnant souls all automatically entering the token on his body.

Obviously, when this golden-robed man was managing the valley, he often hunted and plundered the remnant souls of ferocious beasts in the secret realm of the starry sky.

"In this way, I don't need to go out to hunt ferocious beasts by myself. Now the remnant souls of ferocious beasts and monsters in my transmission token are enough for me to enter the top 10,000 in this secret realm trial and become an outer sect. Disciple, it's a done deal."

Ye Feng couldn't help but murmur to himself at this time.

As for being the first or second among ten thousand people?

This Ye Feng has no interest at all. ??

Because this Starry Sky Secret Realm trial is just to select 10,000 outer disciples with strong qualifications. There is no reward for becoming the first or second. Why should I pursue those false names?

Next, Ye Feng continued to search for the gold-robed man's storage spirit ring, but did not find any powerful martial arts, which made Ye Feng quite disappointed.

However, it is quite normal to think that no matter how powerful these people are, they are still just registered disciples and do not have the powerful martial arts in the Holy Land.

After the war, the entire valley returned to peace.

Knowing that Ye Feng was a Holy Fire Awakener, all the named disciples did not dare to disobey Ye Feng's control.

The three masters before, two men and one woman, elite registered disciples of the ninth level of the Divine Fire Realm, have now become the three most loyal people under Ye Feng.

Obviously, they saw Ye Feng's terrifying talent and knew that Ye Feng would definitely have a bright future. Naturally, they wanted to please Ye Feng in advance, so that they would definitely gain great benefits in the Galaxy Holy Land in the future.

The two men and one woman are named Shen Hong, Li Yuntian and Bai Qiuman respectively.

Although these three people are registered disciples, like Ye Feng's roommate Lu Yaoyao, they all come from the ten major families in the northern starry sky of the Tiannan Star Region.

Although the family behind them is very small compared to giant forces like the Galaxy Holy Land.

But among the families in the entire Tiannan Star Territory, it is one of the top big families.

Therefore, the cultivation bases of the three of them are not weak, and their inheritance methods are also very extraordinary.

At this time, in the main hall in the center of the valley, Ye Feng was sitting on the throne in the middle, looking quite majestic.

At this time, Bai Qiuman, a female disciple among the three, spoke up. Her voice was clear and pleasant, but with a respectful tone, and said: "Senior Brother Ye, after all, Lin Yu is one of the six masters, even though he is ranked at the bottom. They exist, but they are also strong in the third-level divine blood realm. Do we need to set up some powerful killing formations in the valley first? In my family, there was an ancestor who became a disciple of a great formation mage in the third-level star field. , so I have also studied the battle method quite a lot."

Ye Feng was surprised and stared at Bai Qiuman, a beautiful female disciple, and said: "I didn't expect that Junior Sister Bai is also a rare formation master. That would be great. If we can set up a killing formation in the valley, the killing There is really no problem with dying Lin Yu."

"Senior Brother Ye, don't worry, I will definitely fulfill Senior Brother Ye's instructions!"

Bai Qiuman received Ye Feng's praise, and her beautiful eyes showed a hint of excitement.

Her graceful figure stood up from the chair, and then left the hall directly, apparently to set up the formation.

At this time, there were two people left in the hall, namely Shen Hong and Li Yuntian.

Ye Feng suddenly saw the expressions on the two people's faces at this time. It seemed that something was wrong, and they were hesitant to speak.

"If you have anything to say, just say it. Don't be too scrupulous. Although I am decisive in killing, it is only for the enemy. Moreover, I am not bloodthirsty, nor am I a moody person. I have always been very considerate towards friends and people in the same camp. friendly."

Ye Feng spoke up at this time, with a slight smile on his face.

Seeing Ye Feng like this, the two people in the hall breathed a sigh of relief.

Then Li Yuntian, one of the two, spoke up and said, "Senior Brother Ye, did you just say that you wanted to kill Lin Yu directly this time? I suggest that Lin Yu be imprisoned first and not kill him for the time being."

Ye Feng's eyes flashed and he said in surprise: "Oh? Why?"

Li Yuntian showed a wry smile and said, "Because Lin Yu's brother Lin Tianya is the top outer sect disciple of our Galaxy Holy Land."

Speaking of this, Shen Hong, who was next to Li Yuntian, also said in a solemn tone: "If Lin Tianya is just a top disciple of the outer sect, it would be simple. The key is that Lin Tianya has another identity. He is still our Galaxy Holy Land's God Association. 'Elite members.'

Ye Feng's eyes flashed and he said: "God Society? I have never heard of it."

Li Yuntian and Shen Hong looked at each other at this time, with wry smiles on their faces, and said: "That's because Senior Brother Ye is currently just a registered disciple. He has just entered the Holy Land and has not yet come into contact with the truly powerful people in our Galaxy Holy Land. Help people."

At this time, Li Yuntian's eyes showed a kind of deep awe and longing, and he said: "The God Society is the first of the ten saints of our Galaxy Holy Land, and the most powerful senior brother among the ten saints. So, The power of the disciple faction that was created is said to be the strength of the disciple faction. Even many elders and protector-level figures in our Holy Land have joined the Tianshen Association. "

Ye Feng narrowed his eyes slightly and said: "The head of the ten holy sons, ask the common people? God meeting?"

The two people in the main hall nodded, and said with amazement in their tone: "Ask Cangsheng, Senior Brother, not only is he the first of the ten holy sons of our Galaxy Holy Land, but he is also the three most powerful young people in the entire Tiannan Star Territory. One of them, these three people are respectfully called the "Tiannan Three Emperors" by countless forces in the Tiannan Star Region, which means that the three younger generation emperors have great power and their status is comparable to the Supreme Elders among the giant forces. They are all Tiannan Emperors. The chosen son, the one with great luck!"

When Ye Feng heard the words at this time, he really felt the hugeness of the Wen Cang Sheng and Tianshen Association.

But Lin Yu, to Ye Feng, is a poisonous snake hiding in the dark and must be killed!

Ye Feng looked at the two people in the hall and said: "You will decide whether to kill me or not. You go down first. I want to practice."

"Yes, Senior Brother Ye."

Shen Hong and Li Yuntian both clasped their fists and left the hall.

Ye Feng sat alone in the cold and empty hall, his black clothes were like ink, and his eyes were deep, "Lin Yu's brother Lin Tianya, an elite member of the Tianshen Association... The Tianshen Association, ask the people, the first of the ten saints, Tiannan One of the Three Emperors..."

Chapter 1316 Warning

Uh-huh! Uh-huh! Uh-huh!

On this day, outside the valley, three figures suddenly appeared.

These three people were Lin Yu and his two confidants.

Lin Yu was wearing a dark green gown. Now, with a ninth-grade true god-level treasure pill, he successfully broke into the third level of the divine blood realm.

They suddenly became the most powerful group of beings among the named disciples.

During this period, Lin Yu led his two closest men to kill many monsters in a nearby abandoned mine, and then successfully seized control of the mine from the monsters in this small world. right.

It was a top-grade holy crystal mine. Buried inside were all top-grade holy crystals bred by nature. They didn't even need to be polished. Just dig them out and you'd get top-grade holy crystals.

"Hurry up and send people to dig out the top-grade holy crystal mine. This time we will make a fortune!"

With a hint of excitement in his eyes, Lin Yu walked directly towards the valley with his two confidants.

When they entered the valley, they found nothing unusual. Everything in the valley was very peaceful.

"Uh-huh!"

"Uh-huh!"

"Shua"

But suddenly, just when Lin Yu was about to send his men in the valley to mine the veins.

Suddenly, hundreds of registered disciples around the valley took out their bows and arrows without even saying hello, and all of a sudden, steel arrows shot towards the three people in the middle.

"Pfft!"

"Pfft!"

The two confidants beside Lin Yu are both at the ninth level of the Divine Fire Realm and are very powerful.

But he couldn't resist the sudden rain of arrows from the sky. He was directly pierced through his entire body and became a "hedgehog". He fell to the ground and died instantly.

"Dang! Dang! Dang!"

But after all, Lin Yu is a strong man in the third level of divine blood realm. A burst of divine light suddenly emerged from his body, forming a defensive shield. The arrows from the sky shot in front of him, and all of them were broken. It was resisted by the defensive divine light.

"What are you doing?!"

The sudden scene made Lin Yu suddenly furious.

He looked around and saw hundreds of people in the entire valley looking at him,

They are all filled with a cold and ruthless look.

"what happened?"

"Who can tell me what's going on?"

Lin Yu's eyes were full of shock and anger at this time, and he couldn't help but roar.

He seemed to be unable to figure out why everything had changed since he had only been out for a few days.

"Lin Yu, haha, let me tell you the answer. During the time you were out, all your men and the entire valley were already under my control."

Suddenly, at this moment, a faintly sarcastic voice suddenly came from the main hall in the center of the valley.

"What is this sound?"

Lin Yu's expression suddenly changed.

"Squeak!"

At this time, the door of the main hall in the center of the valley opened.

A young figure dressed in black clothes slowly walked out.

"It's you! Ye Feng!"

Lin Yu stared at the face of the young figure in black, and his face suddenly became extremely angry.

This one of the six great masters never thought that the little new disciple who was in the nine-story magic tower would now reach this level and have his lair raided!

Ye Feng, with his hands behind his back and black clothes like ink, stepped out of the hall. He looked at Lin Yu who was not far away and looked shocked and angry. He smiled and said, "What? Isn't it a surprise? A surprise?"

When Lin Yu heard this, the anger on his face suddenly disappeared, but a cold smile appeared on his face, and he said: "Boy, I admit that I underestimated you. You can actually touch the place where I established my power and take advantage of my absence." I took control of this place, but do you know that in the face of absolute strength, all plots and tricks are useless!"

boom!

Almost as soon as Lin Yu finished speaking, a powerful and boundless martial arts momentum burst out from him.

That kind of martial arts momentum was as surging as the vast ocean, sweeping across the entire valley, making everyone feel an extreme pressure in an instant.

"Hahaha!"

Lin Yu laughed loudly and said: "Boy, I have already broken through to the third level of divine blood! Everyone here, including you, is not my opponent at all. I don't think you have any chance at all before you come to deal with me." Find out carefully how powerful I am now, hahaha! Get away from me, all these ants!"

Lin Yu roared suddenly, and an extremely powerful wave of power suddenly surged through his body.

"Boom!"

It was like a huge ocean wave, surging in all directions.

"ah!"

"ah!"

The hundreds of named disciples who surrounded him in the valley could not resist the violent wave of power at this moment. They were all blown away and hit the rock wall of the valley. They spurted out mouthfuls of blood and dripped down. He fell to the ground, his eyes filled with horror.

"As expected of the six masters, he is too powerful!"

At this time, countless registered disciples couldn't help but exclaimed.

"Hahaha!"

Lin Yu was laughing wildly at this time, his clothes were windless and his eyes were shining with dark green light. He stared at Ye Feng opposite him coldly and said: "Boy, you should know by now, right? In the face of strength, any conspiracy pales in comparison!"

Ye Feng suddenly laughed and said very calmly: "You are not qualified to say this."

Lin Yu instantly laughed ferociously and said, "Whether you are qualified to say this or not, we will know later."

"Toxic field!"

Lin Yu roared loudly, and waves of dark green poisonous air surged out of his body, suddenly surrounding Ye Feng.

He said cruelly: "Boy, I will see you poisoned with my own eyes, and then melt into my poisonous gas! That miserable look will definitely be very exciting!"

At this moment, Ye Feng suddenly raised his hand and shouted: "Dragon Spirit Holy Fire! Start!"

boom!

Accompanied by a violent and boundless flame power, a giant dragon with golden flames all over his body rushed out from Ye Feng's palm. The terrifying power of burning instantly wiped out the poisonous gas all over the sky. Burned into nothingness.

"What?!"

Lin Yu was stunned when he saw this scene.

He couldn't help but said in horror: "Boy! You! What kind of advanced flame do you have? How can you specifically restrain my poisonous energy?"

Ye Feng smiled disdainfully and said: "Restraint specifically? You value your poisonous energy too much! I am the holy fire of heaven and earth! It can melt all things!"

boom! !

And the moment Ye Feng finished speaking, he raised his big hand fiercely, and the endless sea of flames engulfed Lin Yu who was not far away in an instant.

"ah!"

In that piece of golden flame, a shrill howl suddenly came out.

However, Lin Yu is a master of the third level of divine blood realm after all. He is still standing in the golden flames at this moment, his whole body is burned by the golden flames, his skin is melted, and his flesh and blood are blurred.

But he still roared: "Boy! I am not willing to accept it! You are actually a Holy Fire Awakener! You, a boy from a small place, are actually a Holy Fire Awakener! I don't believe it!!"

Ye Feng looked at Lin Yu struggling in the golden flames, suddenly increased the output of the Dragon Spirit Holy Fire, and sneered: "It doesn't matter if you don't believe it, you are dead!"

"boom!"

Suddenly at this moment, a figure with a huge aura suddenly descended from high altitude into the valley.

It was a young man with a face full of black lines, carrying a black giant sword more than two meters long, and the aura on his body was like an abyss, unfathomable.

However, this person did not seem to be an enemy. He just stood not far away and stared at Ye Feng who was standing at the door of the hall. He said with a hint of warning in his tone: "You'd better not really kill this Lin Yu! He! He has a special status. My brother Lin Tianya is an elite member of the Celestial Society. If you kill him, there will be great disaster! "

Ye Feng suddenly looked at this mysterious man and said, "Who are you?"

The young man with magic marks on his face immediately said: "My name is Yin Tianzhao, one of the six masters. I originally came to Lin Yu this time and wanted to cooperate with him on something, but I didn't expect to encounter the scene in front of me, but I I have no ill intentions towards you, you are the Holy Fire Awakener and you are qualified to let me talk to you on an equal footing, so I came here to advise you not to kill Lin Yu, so as not to suffer endless disasters."

Chapter 1317 The Blood Fruit of All Beasts

The mysterious man who suddenly arrived at this time was called Yin Tianzhao.

The words he warned Ye Feng at this time were spoken on the spot without any hesitation.

At this moment, all the registered disciples in the entire valley couldn't help but change their expressions.

Obviously they didn't expect that Lin Yu actually had such an identity.

Swish, swish, swish!

A series of surprised and uncertain gazes instantly focused on Ye Feng.

At this time, in the golden flames, Lin Yu, who was burned to the point of being reduced to a human figure, was not dead yet, and his life was extremely tenacious.

His burnt face was still moving, and he let out a cruel laugh: "Ye Feng, Ye Feng! Did you hear that? You can't afford to offend me because of my background. Now you kneel in front of me immediately." , kowtow to me and confess your sins, then surrender to me and become my slave, and I won't kill you, how about that?"

Ye Feng suddenly grinned, showing his white teeth, and said: "You talk too much nonsense, I think it would be better for you to die."

The moment he finished speaking, Ye Feng stretched out his hand and shook it suddenly in Lin Yu's direction.

"boom!"

Suddenly, a big hand of golden flames appeared in the void, squeezing Lin Yu to death in the palm of his hand.

"Swallow!"

Ye Feng opened his mouth and sucked in all the power of the dead Lin Yu.

He immediately felt that his cultivation had grown tremendously.

"boom!"

At this moment, Ye Feng's cultivation level directly broke through from the seventh level of the Divine Fire Realm to the eighth level of the Divine Fire Realm!

"You really killed him!"

At this time, Yin Tianzhao, one of the six masters standing not far away, immediately showed deep shock in his eyes.

Obviously he didn't expect that Ye Feng would be so bold and actually kill Lin Yu, a person with a special status.

Yin Tianzhao couldn't help but shook his head, looked at Ye Feng and said, "You have gotten into big trouble."

There was a cold arc on the corner of Ye Feng's mouth, and he said: "The soldiers will block it, and the water will cover it with the soil."

When Yin Tianzhao heard what Ye Feng said, he couldn't help but look at him in surprise.

Then he nodded and said: "As expected of an extremely rare Holy Fire Awakener, your courage is indeed commendable. Although if you kill Lin Yu, his brother Lin Tianya will have murderous intentions towards you, but once your identity as a Holy Fire Alchemist is made public, Even Lin Tianya would not dare to confront you, because at any time there will be some strong people who will sacrifice their lives for the Holy Fire Alchemist to refine a high-quality pill."

Ye Feng looked at Yin Tianzhao and couldn't help but smile in surprise and said: "As one of the six masters, you praise me so much, aren't you afraid of losing your identity in front of everyone?"

Yin Tianzhao laughed at himself and said, "Who dares to act cold in front of a distinguished Holy Fire Alchemist?"

Ye Feng shook his head and said: "I just got the Holy Fire, and I am not an alchemist yet. In other words, I haven't even entered the palace gate of an alchemist yet."

"Sooner or later we will get there."

Yin Tianzhao said: "Having a holy fire means being a natural alchemist. Moreover, the golden holy fire you just used seems to be of a high grade. Maybe there will be elders and powerful men from the Alchemy Emperor Holy Sect coming to our Galaxy Holy Land in the future. Invite you to join the Alchemy Emperor Sect."

When Ye Feng heard this, he just shrugged, avoided the topic, and said, "Why don't you leave?"

Yin Tianzhao said: "I originally wanted to find

I asked Lin Yu, one of the six masters, to cooperate with me, but unexpectedly I met Ye Feng, a more powerful registered disciple. That would be great, I want to cooperate with you. "

Ye Feng smiled and said: "I don't necessarily want to cooperate with you. It would be so cool for me to lead so many people to search for treasures in this valley."

Yin Tianzhao shook his head and said: "There are some ordinary treasures and medicines around here. They are not of much use to masters of our level. They are just a waste of time. The real treasure of this starry sky secret realm is in this small place." At the end of the world, there are buried the true ancient ruins of the Ten Thousand Beast Demon Sect."

"What?"

Ye Feng's eyes suddenly stared at Yin Tianzhao and couldn't help but said: "Have you found the specific location of the ancient ruins of the Ten Thousand Beast Demon Sect?"

Before this small world became a lost secret realm in the starry sky, a very glorious cultivation civilization was born, and that was the Ten Thousand Beast Demon Sect.

If a super power from a hundred thousand years ago could enter the ancient ruins left behind, it would definitely contain huge opportunities.

The news brought by Yin Tianzhao shocked Ye Feng.

Unexpectedly, one hundred thousand years later, the ancient ruins of the Ten Thousand Beast Demon Sect are still somewhere in this secret realm of the starry sky, and have not completely dissipated.

"I have to say, I'm really excited."

Ye Feng's eyes flickered as he looked at Yin Tianzhao who was walking in front of him, and said with a smile: "There must be a very advanced and powerful martial arts inheritance in the ancient ruins of the Ten Thousand Beast Demon Sect, right?"

Yin Tianzhao immediately said: "That's necessary. As long as we are lucky and can work together to resist the dangers in the ancient ruins of the Ten Thousand Beast Demon Sect, we will definitely

gain huge opportunities. In addition to the inheritance of martial arts, there must be various rare medicinal materials growing in the ancient ruins. , such as the Ten Thousand Beast Blood Fruit unique to the Ten Thousand Beast Demon Sect, that kind of fruit has long since disappeared into history, and only this secret realm of the stars exists. "

"The Blood Fruit of Ten Thousand Beasts?"

When Ye Feng heard this, his eyes suddenly changed.

Immediately, there was a deep surprise.

Because Ye Feng had previously learned about it in the Library Pavilion of the Galaxy Holy Land. The Galaxy Longevity Pill that could save Gu Qinlan, the girl Lan, contained a medicinal ingredient, which was the "Ten Thousand Beasts Blood Fruit"!

With this thought, Ye Feng became more determined in his and Yin Tianzhao's determination to go to the ancient ruins of the Ten Thousand Beast Demon Sect.

Ye Feng looked at Yin Tianzhao and said: "Without further ado, let's set off directly. I think there must be other masters who know the news."

Yin Tianzhao nodded slightly and said: "That's for sure. Apart from me, this news is probably known to several other masters. There are also some extraordinary people like you, Brother Ye, who are hidden among ordinary registered disciples. We also need to be vigilant. "

Speaking of this, Yin Tianzhao suddenly smiled again and said: "But Brother Ye, you have the holy fire to protect your body. I am also the second strongest among the six masters. There should be no one better than us among the group of registered disciples this time. This combination is more powerful, and the only thing we need to guard against is the ancient dangers that may exist in the ancient ruins of the Ten Thousand Beast Demon Sect."

Ye Feng nodded and said, "Okay, then Brother Yin, you can lead the way."

"Um."

Yin Tianzhao took out a starship from the storage ring.

The two people sat in the starship, and then with a "boom", the starship quickly rushed towards the distance and disappeared at the end of the sky in the blink of an eye.

In the valley, a group of registered disciples left the place where Lin Yu died to avoid getting into trouble. The mysterious man who suddenly arrived at this time was named Yin Tianzhao.

The words he warned Ye Feng at this time were spoken on the spot without any hesitation.

At this moment, all the registered disciples in the entire valley couldn't help but change their expressions.

Obviously they didn't expect that Lin Yu actually had such an identity.

Swish, swish, swish!

A series of surprised and uncertain gazes instantly focused on Ye Feng.

At this time, in the golden flames, Lin Yu, who was burned to the point of being reduced to a human figure, was not dead yet, and his life was extremely tenacious.

His burnt face was still moving, and he let out a cruel laugh: "Ye Feng, Ye Feng! Did you hear that? You can't afford to offend me because of my background. Now you kneel in front of me immediately.", kowtow to me and confess your sins, then surrender to me and become my slave, and I won't kill you, how about that?"

Ye Feng suddenly grinned, showing his white teeth, and said: "You talk too much nonsense, I think it would be better for you to die."

The moment he finished speaking, Ye Feng stretched out his hand and shook it suddenly in Lin Yu's direction.

"boom!"

Suddenly, a big hand of golden flames appeared in the void, squeezing Lin Yu to death in the palm of his hand.

"Swallow!"

Ye Feng opened his mouth and sucked in all the power of the dead Lin Yu.

He immediately felt that his cultivation had grown tremendously.

"boom!"

At this moment, Ye Feng's cultivation level directly broke through from the seventh level of the Divine Fire Realm to the eighth level of the Divine Fire Realm!

"You really killed him!"

At this time, Yin Tianzhao, one of the six masters standing not far away, immediately showed deep shock in his eyes.

Obviously he didn't expect that Ye Feng would be so bold and actually kill Lin Yu, a person with a special status.

Yin Tianzhao couldn't help but shook his head, looked at Ye Feng and said, "You have gotten into big trouble."

There was a cold arc on the corner of Ye Feng's mouth, and he said: "The soldiers will block it, and the water will cover it with the soil."

When Yin Tianzhao heard what Ye Feng said, he couldn't help but look at him in surprise.

Then he nodded and said: "As expected of an extremely rare Holy Fire Awakener, your courage is commendable. Although if you kill Lin Yu, his brother Lin Tianya will have murderous intentions towards you, but once your identity as a Holy Fire Alchemist is made public, Even Lin Tianya would not dare to confront you, because at any time there will be some strong people who will sacrifice their lives for the Holy Fire Alchemist to refine a high-quality pill."

Ye Feng looked at Yin Tianzhao and couldn't help but smile in surprise and said: "As one of the six masters, you praise me so much, aren't you afraid of losing your identity in front of everyone?"

Yin Tianzhao laughed at himself and said, "Who dares to act cold in front of a distinguished Holy Fire Alchemist?"

Ye Feng shook his head and said: "I just got the Holy Fire, and I am not an alchemist yet. In other words, I haven't even entered the palace gate of an alchemist yet."

"Sooner or later we will get there."

Yin Tianzhao said: "Having a holy fire means being a natural alchemist. Moreover, the golden holy fire you just used seems to be of a high grade. "The Blood Fruit of Ten Thousand Beasts?"

When Ye Feng heard this, his eyes suddenly changed.

The two people sat in the starship, and then with a "boom", the starship quickly rushed towards the distance and disappeared at the end of the sky in the blink of an eye.

In the valley, a group of registered disciples left the place where Lin Yu died to avoid getting into trouble.

Chapter 1318: Loot everything

Ye Feng and Yin Tianzhao can now be said to be the top masters among the entire group of registered disciples.

Some monsters and monsters in this small world they encountered along the way basically posed no threat to them, and they could be killed directly by the starship they drove.

The two drove the starship very quickly. In just three days, they had reached the end of this small world.

At this time, they walked out of the starship and were standing in front of a void of space.

This is already the end of the secret realm of the starry sky. It is equivalent to the edge of a small world, connected to the void space. There are turbulent voids everywhere, which is very dangerous.

Yin Tianzhao's eyes were filled with a trace of fiery color, and he said: "Brother Ye, the ancient ruins of the Ten Thousand Beast Demon Sect are in this void space. Brother Ye, you have the Holy Fire, even if you haven't started to become an alchemist yet. , the holy fire should have baptized your mental power to a very strong level, so now I need you, Brother Ye, to use your mental power to carefully explore the specific location of the entrance to the ancient ruins of the Ten Thousand Beast Demon Sect in this turbulent void. "

Ye Feng nodded slightly and said, "Okay."

Buzz!

At this time, what Ye Feng released was not his spiritual power, but his most original soul power.

Using soul power to detect is a level higher than using mental power to detect.

Buzz!

So almost at the next moment, Ye Feng's soul power suddenly felt a trace of ancient aura fluctuations from the void space.

His eyes suddenly lit up and he said: "I have found it. That should be the entrance to the ancient ruins of the Ten Thousand Beast Demon Sect."

Yin Tianzhao immediately looked surprised and said: "Brother Ye, you are really amazing. You have found the entrance to the ancient ruins from the void space so quickly. You are worthy of being the Awakener of the Holy Fire!"

Ye Feng didn't explain anything, he just said: "Let's go in directly."

"good."

Yin Tianzhao nodded immediately.

Uh-huh!

Uh-huh!

The next moment, the two of them released their own skills, formed a body-protecting divine light outside their bodies, and then rushed into the void space one after another.

For masters of their level, ordinary void turbulence will not cause any substantial harm to them.

So they safely traveled through a large area of void, and finally saw a white jade square suspended in the depths of the void among the layers of fog.

In this white jade square, there are huge totems standing on the left and right.

Between the two totem poles, there is a space vortex, which is slowly rotating and emitting extremely strong space fluctuations.

Ye Feng and the others immediately stepped forward and immediately determined that this space vortex should be a very ancient teleportation array. The other end of the teleportation array must be the ancient ruins of the Ten Thousand Beast Demon Sect.

Yin Tianzhao immediately said: "Let's enter quickly."

Ye Feng nodded and said, "Okay."

With the Space Gem, a gem of the gods, Ye Feng doesn't have to be so cautious about this dangerous and unknown teleportation array.

Buzz!

Buzz!

Almost at the next moment, the two of them stepped into the space vortex.

Following a violent spatial fluctuation, their figures disappeared into this white jade square.

And in the next moment, the vision in front of the two people suddenly changed.

They found that they had arrived among lush mountains and valleys.

It's like a mountain of 100,000 mountains, standing on the vast land.

This is another independent small space in the secret realm of the starry sky. There are monsters and beasts roaring and roaring everywhere. It seems that there is a huge danger hidden in the mountains and valleys.

"This is where the real headquarters of the Ten Thousand Beast Demon Sect was located."

Yin Tianzhao looked at Ye Feng beside him and said with excitement in his eyes.

Ye Feng seemed to have discovered something at this time. He immediately pointed in a certain direction in the distance and said, "Look there!"

"That is....."

Yin Tianzhao looked over there, and his eyes suddenly changed slightly.

He saw that an ancient palace collapsed on a mountain not far away.

The ground was covered with the dead bodies of monsters and beasts, and the entire mountain peak was dyed red with blood.

Yin Tianzhao immediately couldn't help but said: "Someone has arrived at this ancient ruins before us."

Ye Feng nodded and said: "That's right, let's rush towards the depths of this ancient ruins. If we don't go, maybe all the opportunities will be robbed by others."

"hateful!"

Yin Tianzhao suddenly became furious and immediately rushed away.

At this time, he was extremely anxious, and he ignored Ye Feng and flew directly towards the depths of the ancient ruins.

Ye Feng was also a little anxious and quickly followed him.

...

After three days and three nights, the two of them hurried on with all their strength until they were exhausted and panting, and they finally reached the deepest part of this ancient ruins.

On a barren land, a huge towering square made of black crystal appeared in front of the two people.

They didn't see anyone around the square at this time.

Obviously, with their full efforts, coupled with Ye Feng's soul exploration and accurate judgment of the location, they arrived at this most precious place earlier than those who entered the ancient ruins first.

"That is the treasure house of the Ten Thousand Beast Demon Sect!"

Suddenly at this moment, Yin Tianzhao took out a map, quickly identified a location, and punched the ground somewhere in the square.

"Boom!"

Along with a huge roar, the entire square ground collapsed.

Among the countless rolling rubble, a huge underground treasure house was revealed.

Ye Feng and Yin Tianzhao looked down and immediately discovered a large amount of treasures.

In the underground treasure house, there were boxes containing countless strange fruits and elixirs, as well as many bottles and jars of magical elixirs, as well as things that made the two of them even more excited.

, the treasure house is filled with mountain-like beast cores.

These beast cores must be the cores of ancient evil beasts cultivated by the powerful men of the Ten Thousand Beast Demon Sect. Each beast core must be of great value and represent huge wealth.

Ye Feng's eyes also lit up. Those piles of mountain-like beast cores were more useful to him if he directly devoured the majestic beast essence in them than selling them.

"That's a box of Ten Thousand Beasts Blood Fruit!"

Suddenly Yin Tianzhao spoke up and said with a smile: "Brother Ye, you said before that you need the Blood Fruit of Ten Thousand Beasts. Look, there is a box there. These Blood Fruits of Ten Thousand Beasts are good things. They are priceless treasures of heaven and earth. We Warriors can eat it directly, which can greatly improve the blood energy in our body. In addition, this beast blood fruit is also a necessary material for refining many high-level elixirs. "

Ye Feng nodded and looked at the box of Ten Thousand Beasts Blood Fruits, feeling very happy in his heart. "Just keep one as a way to refine the Galaxy Longevity Pill later. I have devoured all the

other Ten Thousand Beasts Blood Fruits. It will definitely provide me with enough. With so much blood energy, maybe I can use this to skyrocket my cultivation!"

Ye Feng thought in his mind and said to Yin Tianzhao beside him: "Let's just share the wealth in these treasure houses equally."

Yin Tianzhao nodded and said, "Okay, without further ado, let's collect it quickly."

Next, there was a harvest feast for the two of them, and they collected all the countless wealth and treasures in the treasure house.

In the end, they plundered the entire treasure house of the Ten Thousand Beast Demon Sect.

The two returned to the ground, and Yin Tianzhao was extremely excited. This time he really made a fortune.

However, he was still a little confused and said: "In that treasure house, there was no such thing as martial arts inheritance. This Ten Thousand Beast Demon Sect was a super power in the starry sky a hundred thousand years ago. It has not been inherited, but it is really What a loss."

Ye Feng spoke up at this time: "You even know where the treasure house of this ancient ruins is. Don't you know where the inheritance of the Ten Thousand Beast Demon Sect is?"

Yin Tianzhao smiled bitterly and shook his head, saying, "I don't know about this. It's not recorded on the map."

"boom!"

"boom!"

"boom!"

And just as the two were discussing, suddenly an extremely powerful momentum descended on the square.

Swish, swish, swish!

Swish, swish, swish!

There were more than a dozen young strong men, both men and women, and their cultivation aura was actually that of third-level, first-level divine-blood realm powerhouses.

Among them, there are four people whose cultivation levels are impressively at the third level of the Divine Blood Realm, and they are extremely powerful.

Yin Tianzhao immediately looked surprised and said: "These dozen or so people are all top-notch registered disciples. They are probably the strongest group of people in this Starry Sky Secret Realm trial. They must be the group of people who entered the ancient ruins in advance. Among them are four masters besides me and Lin Yu, those four strong men from the third level of the Divine Blood Realm!"

Ye Feng's eyes were also condensed at this moment, and he said: "A dozen top registered disciples, plus four top masters, this lineup is indeed amazing."

"Yin Tianzhao! Did you snatch all the treasures?"

Those dozen young strong men saw that they were hollowed out

The underground treasure house suddenly looked extremely ugly.

They knew Yin Tianzhao, one of the six masters.

But he didn't know Ye Feng.

"You two are going to die today!"

"The treasure house you robbed originally belonged to us!"

A group of more than a dozen young top powerhouses all took action at this moment.

"Hammer of All Evil!"

"Ice storm!"

"A sky-cutting strike!"

"..."

Almost at this moment, countless terrifying and destructive energy surged around Ye Feng and Yin Tianzhao.

More than a dozen top experts took action one after another, making both of them unable to help but change their expressions.

"Break out separately! Otherwise we will both die here today!"

Yin Tianzhao suddenly roared and flew quickly in one direction.

"Asura's true form!"

Yin Tianzhao roared loudly, and his whole body suddenly expanded into a Shura body that was dozens of meters tall. It had terrifying hardness and violent power, and he could withstand the destructive attacks around him. He just spit out blood and continued to run wildly outside.

"Invincible Sword Domain!"

"Death to the Gods!"

At this moment, Ye Feng released the Invincible Sword Realm. More than 300 war swords immediately condensed into a metal sword more than 300 meters long in his hand.

Ye Feng roared loudly and slashed with his sword in the other direction.

"ah!"

"ah!"

The extremely violent sword energy storm instantly shattered the two young strong men of the first level of the divine blood realm who were surrounding him in this direction.

"No! This boy in black is also a master! No less than one of our six masters!"

At this moment, among the dozen or so young and powerful men, three of the six master levels rushed toward Ye Feng.

"Boom!!"

A terrifying force of destruction instantly hit Ye Feng's back.

"puff!"

Even Ye Feng, who at this moment suffered a combined blow from three top masters of the third level of the Divine Blood Realm, could not help but spurt out a mouthful of blood.

But it was only a minor injury, not fatal.

Ye Feng turned around fiercely, stared at the three top masters, and said: "I will make you pay the price."

After the words fell, Ye Feng instantly took advantage of the impact of the attack and disappeared into the mountains and ravines in the distance.

"boom!"

In the other direction, Yin Tianzhao, who had transformed into Shura's true form, also broke through the crowd's encirclement and disappeared into the endless forest in the distance like an invincible Shura God of War.

"Chase!"

"We must search out these two people! Then kill them!"

At this moment, a dozen young strong men, led by the four masters, angrily began to search the entire mountains and valleys.

Chapter 1319 Bloodline Awakening

Just a dozen young experts, led by four top experts, frantically searched this ancient ruins space.

At this time, what they didn't know was that Ye Feng and Yin Tianzhao had already met at the exit of the ancient ruins space.

Because when they first entered this ancient ruins, they had already noticed that other masters had entered in advance.

So the two of them had already discussed what might happen on their way to the deepest part of the ancient ruins, including being besieged by other strong men.

Yin Tianzhao looked at Ye Feng and said with a smile: "Let's go out and let those people waste time searching aimlessly."

Ye Feng also smiled at this time and said: "Okay."

Buzz!

Buzz!

The two of them stepped into the space vortex.

Uh-huh!

When their vision changed, they once again arrived at the floating square floating in the void space.

There are two huge totem poles in this square, and in the middle of the totem poles is a space vortex.

"Brother Ye, I'm leaving first. There are still more than two months left before the half-year trial. I need to try my luck elsewhere to see if I can find other opportunities."

At this time, Yin Tianzhao hugged Ye Feng, jumped up, and left the floating square directly.

At this time, Ye Feng looked at the space vortex behind him, and his eyes flashed. He did not leave here, but sat cross-legged directly on the floating square.

Ye Feng's purpose is very simple, that is, to guard this exit!

It was so miserable when he was attacked by a dozen young strong men before and even spit out a mouthful of blood.

Ye Feng decided to guard the only exit of the ancient ruins, and kill one of them, a pair of them, and a pair of them.

As for the lack of cultivation strength?

At this time, Ye Feng took out half of the treasure house of the Ten Thousand Beast Demon Sect that he had plundered from the ancient ruins.

They are piles of ancient beast cores, containing majestic demonic essence.

There are also blood fruits of all beasts, blood fruits grown from the blood of countless demons and evil beasts, which can

It is enough to provide warriors with huge and abundant blood energy.

"Swallow!"

Ye Feng shouted loudly, and a dark and deep swallowing vortex immediately appeared around him.

"Boom boom boom..."

In an instant, the beast cores and beast blood fruits around him quickly shriveled up one by one, and were drained of the energy contained in them.

At this moment, Ye Feng's cultivation level was also improving at a terrifying speed.

Half a month later.

"boom!"

A new and powerful martial arts aura erupted from Ye Feng's body.

"The Ninth Level of Divine Fire Realm!"

Another half month has passed.

"boom!"

Ye Feng's cultivation has skyrocketed to the peak of the tenth level of the Divine Fire Realm!

At this time, all the beast cores and beast blood fruits around Ye Feng were completely dried up, drained of energy, and turned into fly ash.

Of course, there is still a Ten Thousand Beasts Blood Fruit left in Ye Feng's storage spirit ring, which is a material used to refine the Galaxy Ten Thousand Beasts Pill for Miss Lan.

Uh-huh!

Ye Feng suddenly stood up and looked towards the spatial vortex behind him with a sneer in his eyes.

...

Three days later.

"Buzz!"

Suddenly, a violent spatial fluctuation surged out of the space vortex.

In an instant, a dozen figures appeared on the floating square.

The moment they saw Ye Feng, they immediately looked in shock and said, "You kid, you haven't left yet? God helps me! We have been looking for you for so long! You are dead!"

A group of more than a dozen strong men, including the four masters, burst out with powerful force and charged towards Ye Feng.

"Hahaha!"

Ye Feng laughed loudly at this time,

With a trace of sarcasm in his eyes, he said: "You guys are no longer my opponent now. I am much stronger now than when I was besieged by you in the ancient ruins!"

boom!

Almost at the moment Ye Feng finished speaking, he suddenly stretched out his hand, and endless golden flames surged out of his palm.

It's the Dragon Spirit Holy Fire!

With Ye Feng's current powerful cultivation level, the boundless and terrifying golden flames instantly turned into a sea of fire, shrouding a dozen young strong men in it.

"What?"

"What kind of flame is this? Why is it that even my third-grade true god-level soldier is about to melt!"

"Is this... the Holy Fire? Impossible! This kid is actually a Holy Fire Awakener?"

At this time, in the endless sea of golden flames, all the arrogant young strong men fell into fear.

The weapons in their hands were almost melting, not to mention their flesh and blood, which was almost scorched at this time.

"ah!"

"ah!"

"..."

In the end, amid a burst of miserable screams, more than a dozen young powerful men, including the four top masters of the third level of the Divine Blood Realm, were all burned to death in the sea of holy fire.

When Ye Feng saw this scene, his eyes were extremely surprised, "It seems that the holy fire really has infinite original power. As my cultivation level increases, the power of the dragon spirit holy fire released becomes more powerful. No wonder the whole Countless people in the Tiannan Star Territory are in awe of the Holy Fire Alchemist!"

Ye Feng now walked to the corpses of more than a dozen young strong men.

This group of a dozen young and powerful men are all top-notch beings among hundreds of thousands of registered disciples.

But now, Ye Feng has caught them all in one fell swoop!

If this news spreads, it will definitely shock the entire Tiannan Star Territory.

But Ye Feng would never let this secret get out.

“Swallow the realm!

”

With a big hand, Ye Feng grabbed a dozen young strong men who had been burned alive by his holy fire, and all of them were shrouded in a dark devouring field.

"Boom boom boom..."

Waves of majestic skill and life essence immediately followed the swallowing vortex and poured into Ye Feng's entire body from his palm.

Ye Feng immediately felt that his cultivation skills were rapidly growing.

"boom!"

Finally, at this moment, Ye Feng suddenly burst out with a terrifying aura that shocked all directions.

That is the powerful cultivation level of the third level of divine blood realm!

"The first level of the divine blood realm has finally entered the third level."

Ye Feng murmured at this time. He held his fists and felt that every inch of flesh and bone in his entire body was full of violent power.

And suddenly at this time.

"Buzz!"

An extremely complex and mysterious information suddenly appeared in Ye Feng's mind.

At this moment, Ye Feng's eyes were extremely horrified. He saw that the blood in his body was emitting a chaotic light.

An ancient aura like an ancient behemoth emanated from the depths of his blood.

"Could it be that...the blood of the Kingdom of God that my body originated from my mother has awakened?"

Almost at this moment, Ye Feng thought of this amazing possibility.

"At the third level of the divine blood realm, warriors are able to fully exploit the treasures in their own bloodline!"

"That's right! It must be like this! I have stepped into the third level of the divine blood realm, and the treasure hidden in my bloodline, which is the bloodline of the kingdom of God derived from my mother, has finally been opened!"

At this moment, Ye Feng's whole body is shrouded in the light of chaos. His body, the Heavenly Hegemony, is evolving towards a greater, greater and deeper life, that is the body of chaos!

And the complex and mysterious information that appeared out of thin air in Ye Feng's mind at this time was the most powerful inheritance of the human race and divine kingdom of the second universe hidden in his bloodline, the Chaos Heavenly Emperor Technique!

Chapter 1320 Return

Chaos Heavenly Emperor Technique!

The body of chaos!

This is the huge treasure of the half of the Kingdom of God's bloodline hidden in Ye Feng's body.

At this time, Ye Feng could feel that an ancient and majestic energy was surging out of his blood, tempering his entire body.

That is the blood power of the royal family of the Kingdom of God derived from my mother!

Ye Feng could feel at this moment that his body was evolving from a hegemonic body to a greater life level.

That is the body of chaos! .??.

At this time, the bloodline information "Chaos Emperor Technique" received in Ye Feng's mind formed a golden chapter, containing the secret of the ultimate inheritance, floating in Ye Feng's spiritual sea.

Through the information in the Chaos Heavenly Emperor's Art, Ye Feng immediately understood the mystery of the Chaos Body.

It turns out that his physique is about to completely transform into a chaotic body!

But the Chaos Body that it initially transformed into was only the first level of the Chaos Body.

It takes a total of nine chaotic tribulations to achieve the Dzogchen Chaos Body!

And when the Chaos Body has survived nine Chaos Heavenly Tribulations and achieved the Great Perfect Chaos Body, Ye Feng has to face the last Heavenly Tribulation, which is called the "Heavenly Emperor Tribulation".

If he can survive the Heavenly Emperor's Tribulation, Ye Feng will transform into the final Heavenly Emperor's body.

The body of the Emperor of Heaven is the body of immortality second only to the Lord!

So it can be seen from this that how terrifying the Chaos Emperor Art hidden in Ye Feng's half of the Kingdom of God's bloodline is!

In addition, Ye Feng also heard from his father that practicing the Chaos Heavenly Emperor Art would allow him to continuously awaken bloodline talents that are even more magical and powerful than the God of Creation Art.

"I wonder what kind of blood talent it will be? Is it one kind? Or many kinds?"

Ye Feng was very excited and looking forward to it at this moment.

...

Three days later, Ye Feng's physique finally transformed from a hegemonic body to a chaotic body!

Although it is only the first level of the Chaos Body, Ye Feng's life essence has indeed undergone a real evolution.

Ye Feng felt that his whole body was filled with extremely violent power.

Is able to wrestle with a giant dragon.

However, Ye Feng was slightly surprised that his bloodline talent had not been awakened.

"It seems that the Chaos Emperor Art is different from the Divine Art of Creation. Every time the Divine Art of Creation breaks through to the first level, a kind of natal accompanying talent will be awakened. However, this does not seem to be the case with the Chaos Emperor Art. But it may also be due to my current cultivation level. It is impossible to awaken the blood of the Kingdom of God in the body at a deeper level, and it is not possible to activate the innate abilities hidden in the blood for the time being."

Ye Feng secretly guessed in his heart.

But no matter what, finally the Chaos Heavenly Emperor Technique can start to be practiced.

Moreover, his body constitution also transformed into a body of chaos.

This is already a huge achievement and gain!

Ye Feng, who now possesses the body of chaos, only feels that his combat power has increased by an unknown number of times.

Uh-huh!

At this time, Ye Feng grabbed a dozen teleportation tokens scattered on the ground with his big hand, and crushed them all with a "click".

Buzz!

Suddenly, more than a dozen young experts, including four top masters among the six masters, all the remnant souls of evil beasts collected in their tokens were absorbed by Ye Feng's token at this moment.

At this moment, Ye Feng discovered that the teleportation token on his body was vibrating as if he was full.

But it's normal to think about it.

You must know that the dozen or so young powerful men that Ye Feng killed just now were all top masters among hundreds of thousands of registered disciples.

Each of these dozen young experts can compete for the top ten in this starry sky secret realm trial.

But now, Ye Feng has captured them all and absorbed all the remnant souls in their teleportation tokens. Naturally, the number of remnant souls in his tokens has accumulated to a very huge level.

At this thought, even Ye Feng himself felt a little confused, "When the Starry Sky Secret Realm trial is over, the number of remaining souls in the teleportation token will be counted.

When it comes time to measure, shouldn't I be the number one in this trial? "

After Ye Feng thought for a while, he shook his head with a smile, jumped up, left the floating square, and stepped onto the small world of the Starry Sky Secret Realm again.

In the days that followed, while Ye Feng was trying to understand the Chaos Heavenly Emperor's Art and awakening a new and powerful bloodline talent, he was relying on a thousand levels of powerful soul power to conduct a carpet-like search of the entire starry sky secret realm, and found a plant. All the rare treasures of heaven and earth were put into his storage ring, waiting to return to the Galaxy Holy Land to start practicing alchemy.

After all, having the Holy Fire but not practicing alchemy is really a huge waste.

Moreover, Ye Feng practiced alchemy in order to refine the legendary immortality elixir, Galaxy Longevity Pill, so as to revive Miss Lan who had blocked the fatal blow for him.

Time passes quietly through your fingers like quicksand.

In the blink of an eye, half a year is coming.

On this very day.

"Buzz!"

All the registered disciples who survived in the entire starry sky secret realm had their teleportation tokens glowing with divine light.

The token on Ye Feng was no exception, emitting a sacred light.

"Uh-huh!"

Immediately, in a violent space fluctuation, Ye Feng's entire body was wrapped in a divine light, and he instantly disappeared on the earth of this mysterious starry sky.

At this time, like Ye Feng, all the registered disciples who were still alive disappeared into the starry sky secret realm and were teleported out.

And this time.

The black hole entrance to the starry sky where countless registered disciples entered the secret realm of the starry sky before.

"Buzz!"

"Buzz!"

"..."

Along with the violent space fluctuations, the named disciples who disappeared in the secret realm of the starry sky all appeared in this starry sky.

They all used their strength and returned to the huge starships nearby.

Ye Feng also teleported out. He saw everyone entering the starry sky ship, and silently walked into a huge starry sky ship.

"Set sail and return!"

Mu Qing, the beautiful elder from the inner sect who had led the crowd before, appeared again, and her heroic voice rang out among all the giant ships in the starry sky.

Obviously, this is a very special kind of diffused sound transmission, which allows every giant ship in the starry sky to have its own sound, showing its unpredictable abilities.

Boom!

Boom!

And at the next moment, huge starships all started instantly and drove quickly towards the planet where the Galaxy Holy Land was located.

"Senior Brother Ye Feng! How was your trial in the Starry Sky Secret Realm this time?"

In a giant ship in the starry sky, Ye Feng was sitting and thinking about something, when a nice girl's voice suddenly sounded next to him.

Ye Feng turned his head and saw Lu Yaoyao walking towards him not far away.

He couldn't help but smile and said: "Junior sister Yaoyao, seeing how happy you are, you must have gained a lot in the Starry Sky Secret Realm this time, right?"

Lu Yaoyao came up with a graceful figure and sat beside Ye Feng generously. She approached Ye Feng and said with a smile: "Senior Brother Ye Feng, you guessed it right. I really got a lot of benefits this time." , I found a set of inheritance books from the ancient powerful members of the Ten Thousand Beasts Demon Sect, and also obtained a lot of heavenly materials and earthly treasures, as well as a high-grade crystal sword."

Ye Feng looked at the happy look of the girl next to him and couldn't help but smile and said: "That's great. I have gained a lot this time. By the way, when will the number of token souls we have been counted?"

Lu Yaoyao thought for a while and said: "We should wait until we return to the Holy Land base camp to do the counting, and then select the top 10,000 to enter the outer sect, become outer sect disciples, and enjoy better treatment."

Speaking of this, Lu Yaoyao stared at Ye Feng with a smile and said, "Senior brother Ye Feng, are you confident that you will enter the top 10,000 this time? I am confident that I will enter."

When Ye Feng heard this, he just smiled and said calmly: "I should be able to do it too."
