Chapter 1321 Starry Sky Behemoth

Boom!

Boom!

Huge starships, carrying the named disciples who survived the trials in the Starry Sky Secret Realm, flew towards the planet where the Galaxy Holy Land is located.

There are more than 300,000 named disciples who entered the Starry Sky Secret Realm this time.

But now, according to the statistics of a group of outer sect elders, there are only a few hundred thousand people left alive in the giant ship in the starry sky.

Almost half the number of people was lost!

This is very shocking data!

This shows how cruel this Starry Sky Secret Realm trial is.

"sensation!"

And just when more than a dozen giant starry sky ships were traveling to a certain patch of starry sky, one of the giant starry sky ships suddenly shook violently, as if it had touched something solid.

"Roar!"

Suddenly at this moment, an earth-shattering roar suddenly sounded.

"what is that?"

The registered disciples in the giant starry sky ships all heard this roar, and all looked at the outside of the starry sky giant ships with horrified eyes.

The next moment, in the shocking sight of countless people, a majestic behemoth with a height of tens of thousands of feet, like a small planet, appeared in everyone's eyes.

This behemoth is a giant starry beast floating in the darkness deep in the starry sky!

This starry sky beast looks like a sphere as a whole, but the surface of its body is covered with dense silver scales. It does not look like a living body, but like a small silver planet.

But everyone saw that in the middle of the belly of this "silver little planet", there was a very ferocious beast's head. At this time, two eyes shining with scarlet light were staring at the ships. Everyone in the starship.

"Oops! This starry sky beast was sleeping in the darkness of the starry sky, but it was accidentally collided by one of our starships."

At this time, many outer sect elders' eyes changed slightly, feeling a faint sense of fear.

After all, it was a giant beast in the starry sky. Surviving in the boundless starry sky must be extremely terrifying.

"Boom!"

Sure enough, the behemoth in the starry sky that looked like a small silver planet roared violently, huge

His body crashed into a starship.

"Crack!"

Even though the starship had a defensive light shield, it was suddenly shattered, and cracks appeared on the surface of the starship.

"ah!"

"ah!"

In an instant, a dozen registered disciples who were near the collision point of the starship were all shattered by the terrifying concussive force and turned into a blood mist, dyeing the entire cabin of the starship red.

"ah!!"

Many of the registered disciples on the starry sky ship immediately screamed out in alarm, panicking to the extreme.

In this starry sky ship, it is the starry sky ship where Ye Feng is.

"It's too unlucky..."

At this time, Ye Feng looked at the silver-scaled starry sky beast that was crashing crazily outside the starry sky ship, and his eyes couldn't help but a trace of speechlessness flashed across his eyes.

However, when a starship travels in the dark and lonely starry sky, there is indeed a chance of colliding with a starry sky beast sleeping in the darkness of the starry sky, and causing such big trouble.

"You evil beast! How dare you attack our Galaxy Holy Land fleet? Didn't you see the flag of my Holy Land?"

But suddenly at this moment, a woman's cold shout suddenly sounded throughout the starry sky.

Although the vacuum in the starry sky cannot propagate sound, it is strange that this woman's voice can directly propagate in the vacuum through some unknown means and be heard by everyone. It is very magical.

Ye Feng's eyes moved at this time. Sure enough, in the perfect world of the second universe, the cultivation civilization is very advanced. Everything cannot be explained according to common sense. There are too many unscientific things.

Uh-huh!

The next moment, everyone immediately saw the heroic figure of Mu Qing, a beautiful elder from the inner sect, appearing directly above the starry sky ship, floating in the starry sky, staring coldly at the crazy silver-scaled starry sky beast. .

Her black hair was fluttering in the starry sky, she was fully clothed, and she held an amethyst sword in her hand. She was filled with an extremely sharp sword energy. She was like a female sword goddess, standing proudly in the starry sky. .

and that one

Compared to the behemoth that was as big as a small planet, Mu Qing at this time was as small as a tiny ant.

But the sword energy in Mu Qing gave everyone a sense of boundless vastness. Her whole body was like a sharp sword with an unrivaled edge that could tear everything apart.

"Wow! Elder Mu takes action!"

"It is rumored that this beautiful elder from the inner sect is an extremely rare awakened sword spirit, capable of tearing apart the heaven and earth with her sword skills!"

At this moment, all the named disciples in the entire starry sky ship screamed in surprise.

Ye Feng also looked through the transparent crystal window of the starship, staring at the heroic figure of a woman outside facing the giant beast in the starry sky, with a strange look in his eyes.

This elder Mu Qingmu is indeed very powerful, and his cultivation aura is estimated to be at the fifth or even sixth level of the realm of gods.

Moreover, she is the awakened sword spirit, which is countless times rarer than the innate sword body.

Because any sword spirit in the world is pregnant with an ancient and ultimate powerful swordsmanship inheritance.

Therefore, this elder Mu Qingmu may seem very young, but in fact it can be said that he is the reincarnation of an ancient swordsman.

"Roar!!"

At this time, the silver-scaled giant beast in the starry sky let out a terrifying roar.

boom!

Suddenly, a destructive wave of energy burst out from the mouth of this giant silver-scaled beast, instantly penetrating the starry sky, filled with unparalleled terrifying and destructive power.

"Flying Immortal with One Sword!"

But at this moment, Mu Qing, the elder Mu, suddenly shouted coldly, and the amethyst sword in her hand suddenly burst into unparalleled swordsmanship light.

Under the shocked gazes of countless people, Mu Qing seemed as if he had suddenly become a flying immortal from outside the world. The sword in his hand was like an immortal sword falling from the sky, instantly cutting into pieces the wave of destructive light. .

"Pfft!"

The starry sky beast, which was as majestic as a small planet, had a large set of scales on its body, but it was chopped into countless pieces, with purple-blue blood flowing out.

"Roar!!"

That biting cutting pain made this

A huge beast suddenly let out an angry and painful roar.

"So powerful!"

Almost at this moment, all the registered disciples in the starry sky ship showed deep awe in their eyes.

"Elder Mu is truly worthy of being one of the most beautiful and powerful women in the inner sect! Injuring such a majestic starry sky beast with just one sword! It's really amazing!"

At this time, even a group of outer sect elders leading the team in the starship could not help but exclaim.

At this time, in the starry sky.

Mu Qing stared coldly at the starry sky beast and said indifferently: "If you want to fight me desperately, believe me. Although I may be seriously injured, you will definitely be the one who falls in the end!"

Mu Qing's words at this moment were full of the peerless edge of a swordsman.

"Roar....."

The red pupils of the silver-scaled starry sky beast stared at Mu Qing, a seemingly small human race. Finally, the behemoth roared and floated quickly towards the depths of the starry sky.

Obviously, this starry sky beast is afraid.

"That giant starry beast escaped?"

"Great! The crisis is over!"

"We're safe!"

When countless registered disciples in the starship saw this scene, they immediately cheered excitedly.

"Keep sailing!"

Next, Mu Qing was alone, sitting directly above the leading starship, sitting cross-legged and holding a sword in her hand, like a female sword goddess in the starry sky, guarding the normal navigation of the entire starship fleet.

Ye Feng stood in the starry sky ship, looking at the figure of a woman with peerless grace outside, and his heart was very passionate at the moment.

"Only such a being can truly be called a strong person! One person and one sword can control the universe and the stars. It is so desirable!"

Ye Feng murmured, and his eyes suddenly burst into endless fighting spirit.

Even if he is just a young disciple in the first-level star field force.

But a single spark can start a prairie fire.

One day, Ye Feng secretly vowed that he must stand at the top of the starry sky in the universe!

Chapter 1322 Boundless Shock

Half a month later.

One after another, the giant starships finally crossed the boundless starry sky and finally landed on the surface of the planet where the Galaxy Holy Land is located.

"Finally back to the Holy Land!"

"The depths of the starry sky are too dangerous, so it's better to be in a holy place full of protection!"

One by one, the named disciples walked out of the starry sky ship. Looking at the blue sky and the extremely safe earth, they just felt like they were surviving a disaster.

If Mu Qing, a powerful inner sect elder, hadn't been here this time, I'm afraid the entire starry sky fleet would have been destroyed by the ferocious attack of that starry sky beast.

Uh-huh! Uh-huh! Uh-huh...

At this time, one by one the named disciples came out of their respective starships.

They did not leave, but stood still, waiting for the final results and results of this starry sky secret realm trial.

Ye Feng and Lu Yaoyao were standing in the crowd at this time, both looking at the ten figures of old men on the huge platform not far away.

Those ten old men, all wearing ancient clothes and with gray hair, were obviously the guest elders in the Galaxy Holy Land, responsible for the investigation and supervision of the results of this trial.

At this time, an old man looked at a large group of registered disciples who had returned from the starry sky and said: "The next step is the ceremony to select the top ten thousand. I and several other guest elders will work together to activate the secret treasure 'Ten Thousand Beasts Map'." "Record", as long as you stand in front of the Ten Thousand Beasts Atlas, how many demon remnant souls you have collected on the token will be revealed instantly."

At this time, the old man said, he looked at the other nine old men, and they all nodded.

"The Catalog of Beasts! Start!"

At this time, the ten Keqing elders all shouted with serious faces.

"Buzz!"

In an instant, ten fragments of the catalog that exuded strong divine light flew out from the bodies of the ten of them.

These fragments of the catalog were all put together at this time, and a huge catalog of all beasts was instantly condensed.

r\u003e

Like a picture of mountains and rivers, it floated in front of everyone.

An elder Ke Qing immediately spoke out: "Now all registered disciples, listen to the order and place one of your hands on the Atlas of Ten Thousand Beasts in front of you."

The huge catalog exuding divine light was like a huge mirror, floating vertically in front of everyone.

"Buzz!"

A named disciple tried to put a hand on it.

Roar!

Almost at this moment, a strange power surged out of the token on his body.

Those are the remnant souls of demons collected by this named disciple in the secret realm of the starry sky.

"Roar!"

The soul of an evil beast that was three to four meters high suddenly appeared in the two-dimensional world of the Ten Thousand Beasts Catalog in front of this registered disciple.

"so amazing!"

At this time, many named disciples saw this scene with a hint of surprise in their eyes.

An elder Ke Qing smiled slightly and said: "This catalog of ten thousand beasts is equivalent to a mirror world. The heights of the souls of evil beasts that appear in it can reflect the number of remnant souls collected in the tokens on your body. The greater the number of remnant souls. The stronger the remnant soul is, the taller and more majestic the evil beast soul you will manifest in the mirror world of the Ten Thousand Beasts Atlas. Do you understand this now?"

At this time, a group of registered disciples looked at the huge catalog of beasts that covered the sky in front of them. At this time, they finally understood the purpose of this catalog.

"Buzz!"

"Buzz!"

"..."

Almost at this moment, each of the named disciples no longer hesitated and placed one hand on the catalog of beasts in front of them.

"Roar!"

"Roar!"

Suddenly, the souls of roaring evil beasts appeared directly in the mirror world of the Atlas of Ten Thousand Beasts.

The souls of evil beasts manifested by some named disciples are only one or two meters high.

But some are more than ten meters, or even hundreds of meters tall and majestic.

The majesty of the evil beast's soul now represents a huge glory.

"Let's see how I am too!"

Lu Yaoyao couldn't help it at this time and stretched out a jade-like hand directly and pressed it on the catalog of beasts.

"Roar!"

In the mirror world in front of her, the soul of an evil beast over forty meters tall suddenly appeared.

More than 40 meters high, it almost defeated 90% of the registered disciples.

"It's no problem to get into the top 10,000!"

Lu Yaoyao immediately cheered happily.

For her, just being among the top 10,000 and becoming an outer disciple would be a great joy.

And just when one by one the named disciples manifested the souls of various evil beasts.

The ten guest elders standing not far away were watching the audience and discussing with each other at this moment.

"Brother Mo, the registered disciples of our Galaxy Holy Land this time are not good. They are generally more than ten meters tall evil beast souls. The evil beast souls embodied by Yin Tianzhao, the most powerful among the six masters, are only four. About five hundred meters."

An elder in a green gown couldn't help but sigh.

"Yes, I feel that the new disciples recruited by our Galaxy Holy Land are not as good as the previous ones. They are so different from the previous class ten years ago. I remember Lin Tianya in that class and the evil beast soul that finally appeared. But it is more than 900 meters tall, almost reaching the level of 1,000 meters. It is really powerful. "

Another guest elder wearing white clothes spoke up.

, with a hint of disappointment in his tone.

"Roar!!!"

Suddenly, at this moment, a deafening roar, as if it was tearing the sky apart, resounded throughout the entire venue.

"That is?!"

Almost at this moment, the top ten guest elders, who were sighing, suddenly focused their eyes on a certain direction not far away.

At this moment, the countless registered disciples present were also frightened by the roar that could destroy the heaven and earth.

Swish, swish, swish!

Swish, swish, swish!

Countless gazes were focused on a certain direction not far away at this moment.

"That is....."

Under the shocked gazes of countless people, in the mirror world of the Atlas of Beasts at that location, the soul of a terrifying evil beast with a towering height of 10,000 meters stood on the earth, roaring towards the sky under the endless sky. It roared like an ancient demon.

Shocking!

Boundless shock!

At this moment, everyone was shivering and felt a deep fear from the depths of their souls.

"Ten thousand...ten thousand meters..."

"How can this be?"

Looking at the infinitely majestic and huge evil beast soul, even the top ten guest elders were stunned and froze on the spot.

At this time, everyone's eyes were focused on the young man standing under the soul of the ten-thousand-meter evil beast.

It was a young man in black clothes. He was scratching his head and seemed to be shocked by himself.

Ye Feng looked at the eyes of countless people gathered on him at this time, and was muttering secretly in his heart, "It seems that I can't keep a low profile this time. The sum of the remaining souls of the dozen top masters who were killed by me is indeed It's so terrifying, it made the evil beast's remnant soul reach 10,000 meters in height!"

Chapter 1323 The Hand of Time

quiet!

Deadly quiet!

At this time, everyone in the entire square stared at Ye Feng with dull eyes.

Even Lu Yaoyao, the roommate who lived with Ye Feng, had his eyes wide open at this time, staring at Ye Feng beside him, as if it was the first day he met this senior brother Ye Feng.

At this time, everyone was already talking about it.

"Who is this kid? How come he is so young and has hunted so many demon souls?"

"Yes! This is impossible! Even Senior Brother Yin Tianzhao, who ranks at the top among the six masters, the evil beast soul that manifested is only a few hundred meters tall."

"But this young man in black doesn't seem to be famous before, but his evil beast soul turns out to be ten thousand meters tall. This is really an exaggeration!"

At this time, all the named disciples spoke out one after another, their voices obviously full of disbelief and disbelief.

"Brother Ye, you can't be..." At this time, Yin Tianzhao, who was standing in the crowd on the other side, seemed to have thought of something, and suddenly his pupils shrank suddenly.

At this time, more than 100,000 registered disciples in the entire field were whispering.

At this time, the eyes of countless people were all focused on the top ten guest elders standing on the platform in the distance.

Obviously everyone is waiting for the final judgment and results.

The top ten guest elders also had a hint of uncertainty on their faces at this time. They carefully checked the entire catalog of beasts and made sure that everything was OK.

An elder Keqing said: "Nothing went wrong. It seems that a peerless genius emerged from our starry sky secret realm trial this time!"

A named disciple couldn't help but said with jealousy in his tone: "The soul of an evil beast that is 10,000 meters tall has never appeared before. I don't believe it. This boy in black must be the descendant of a big shot in our Holy Land, so He deliberately manipulated it to let him win the first place in the outer sect trial, so as to get the precious first place reward. "

Ye Feng originally planned to keep a low profile, but when he heard the words of this registered disciple, his eyes suddenly turned cold, he stared at this registered disciple, and said coldly: "If it is really as you said, then I just have to do it It's enough to make my evil beast's soul reach a height of 1,000 meters. Am I that stupid to directly manipulate my evil spirit's soul to become 10,000 meters tall, thereby deliberately arousing others' suspicion?"

At this time, Ye Feng's words fell, and the registered disciple who was still jealous and slanderous suddenly became a little stiff and speechless.

At this time, an elder from Keqing said: "Okay, don't say it anymore. The facts are the facts. Even if we don't want to believe it, it is still the fact. Nothing in this world is impossible, so this starry sky trial As a result, congratulations to this registered disciple named Ye Feng for successfully winning the first place in the trial! Next, the top three will come to me this time, and I will give you the reward of the Holy Land."

"Yes, elder!"

At this time, Ye Feng immediately clasped his fists.

His eyes were slightly happy. He didn't expect that there would be a reward for entering the top three. This was not mentioned before the trial.

Uh-huh! Uh-huh! Uh-huh!

At this moment, three young figures suddenly appeared in front of the elder Ke Qing on the high platform from below.

They are Ye Feng, Yin Tianzhao, and a beautiful woman in a red dress, that is the third place.

"Uh-huh!"

At this time, Elder Keqing waved his sleeves, and the three people immediately discovered that the identity tokens on their bodies suddenly added one million contribution points.

"One million contribution points!"

"This time the top three rewards are actually one million contribution points!"

"Oh my god! It's so enviable! In the last selection trial for outer disciples, the rewards for the top three were only 200,000 contribution points!"

At this time, many registered disciples around him were extremely envious.

At this time, Elder Keqing focused on Ye Feng, who was in first place.

Even though he was a very high-ranking elder, he was quite polite to Ye Feng at this moment. He smiled gently and said: "You are the first place, and you are so amazing and talented. With such good grades, except for the million Contribution points, the Holy Land's higher-ups have just decided to secretly send a message to me, asking me to give you a set of sixth-grade true god-level inheritance, which is the martial arts inheritance of the outer gate of my Galaxy Holy Land: the Holy Dragon Fist of the Sky!"

Ye Feng's eyes flashed with joy, and he couldn't help but said: "Sky Dragon Fist? Sixth-grade true god-level martial arts inheritance?"

You must know that Ye Feng's most powerful martial arts inheritance now is only the first-grade true god-level martial arts of Dahuang Barbarian God Chaotic World Fist.

This is a martial arts inheritance obtained from an ancient ruins in the first universe. After Ye Feng entered the starry sky of the second universe, a higher-level civilization, he found that the Great Wild God Chaotic World Fist was increasingly unable to satisfy his soaring desire. Cultivation required.

The power exerted by these low-level martial arts inheritances is increasingly insufficient to fully unleash their powerful combat power.

Therefore, Ye Feng had already planned in his heart when he was undergoing trials in the Starry Sky Secret Realm. After returning to the Galaxy Holy Land, he would obtain a more powerful and advanced martial arts inheritance from the Holy Land, even if it cost a lot.

Ye Feng stared at the smiling elder Keqing in front of him, and was very surprised. This was really giving him a pillow when he felt sleepy.

"Accept the inheritance!"

At this time, Elder Keqing did not hand Ye Feng any books, but pointed directly at the center of Ye Feng's eyebrows.

"Buzz!"

Suddenly, a huge and mysterious inheritance information rushed into Ye Feng's mind.

Ye Feng could feel at this moment that a kind of sacred spiritual power entered his spiritual soul.

However, Ye Feng's soul power is very powerful. At this moment, he easily accepted this set of powerful sixth-grade true god-level martial arts "Sky Dragon Fist"!

Elder Ke Qing said with a smile: "This set of Holy Dragon Fist of the Sky is from our Holy Land of the Galaxy. Many years ago, a powerful ancestor observed a group of noble starry races in the depths of the starry sky on a lost continent." A powerful boxing technique created after fighting and fighting with the Holy Dragon of the Sky. It is fierce and crushing. The Holy Dragon Boxing of the Sky is very suitable for your kind of physical training. "

Obviously, although Elder Keqing could not see through Ye Feng's chaotic body, he was able to see through Ye Feng's body. He was very powerful and must have been physically cultivated.

Ye Feng immediately said respectfully: "Thank you, Mr. Elder, for the gift."

Elder Keqing stroked his long beard and said with a smile: "This is the decision of the upper echelons of the Holy Land, an additional reward for you. You must know that this set of sixth-grade true god-level martial arts inheritance is worth six million contribution points. "

"Worth six million contribution points?"

At this time, not to mention Ye Feng, even Yin Tianzhao and the female disciple in the red dress who were standing next to Ye Feng couldn't help but take a breath of cold air, with deep envy in their eyes.

Elder Ke Qing stared at Ye Feng and said with a smile:

"Don't be too surprised. You have achieved such excellent results in this outer sect selection trial. It is appropriate to give you some special rewards. What you have to do next is to practice hard and continue to enhance your abilities. Strengthen your cultivation and expand the territory for the development of our holy land in the future."

Ye Feng immediately clasped his fists and said, "Don't worry, Elder, I am a person who knows my grudges clearly. The Holy Land is kind to me, and I will keep this in my heart."

Elder Ke Qing immediately smiled and said: "Okay, very good, as long as you have this intention, it is not in vain that the Holy Land cultivates you."

Next, the top ten guest elders began to count the 10,000 registered disciples before this trial, and all of them upgraded their identity tokens and became outer disciples.

Outer disciples have very good benefits. They can get one thousand contribution points every month. Furthermore, with their identity tokens, they can purchase high-end items in the Magic Treasure Hall, Secret Treasures Pavilion, Spirit Pill Hall, etc. in the Holy Land. With the cultivation materials, you have more authority.

After the outer sect selection trial ended, some were happy and some were sad.

But this time, Ye Feng's name spread among the entire group of registered disciples, even among the outer sects.

...

At night, in the Crystal Palace.

After chatting with his chattering roommate Lu Yaoyao for several hours, Ye Feng returned to his room.

This time, Ye Feng's cultivation and wealth have been greatly improved in the Starry Sky Secret Realm trial.

What makes Ye Feng most happy is that in addition to the one million contribution points and a set of sixth-grade true god-level martial arts inheritance he got during the day, what makes him most excited is that in this small world of the Starry Sky Secret Realm, Ye Feng finally It is to activate half of the blood of the Kingdom of God in his body.

This not only allowed Ye Feng's physique to directly transform into the first level of the Chaos Body, but also started the cultivation of the Chaos Heavenly Emperor Technique.

Ye Feng could feel that even if he was only the Chaos Body of the First Heaven, it was countless times more powerful than the previous Cangtian Hegemon Body.

The Chaos Body is one of the most powerful physiques in the world that surpasses any other physique.

Ye Feng believes that as long as he works hard, he will be able to survive the nine chaotic tribulations and transform his chaotic body into great perfection.

Once he possesses the Great Perfection Chaos Body, even if he has not transformed into the final body of the Heavenly Emperor, by that time, it is estimated that even in the perfect world of the second universe, his strength will be able to dominate the world.

Uh-huh!

Ye Feng suddenly took out a cyan jade pendant from the storage ring.

This piece of green jade pendant looks very ordinary, but Ye Feng knows that this piece of jade pendant must be very extraordinary.

Because this piece of cyan jade pendant was given to me by my father very solemnly before I left the First Universe. It was a token of love between my father and my mother, the princess of the Gu Clan Kingdom.

Ye Feng was sitting alone in the dark room, holding the green jade pendant in his hand, and couldn't help but murmur, "One day, I will unlock the secret of this jade pendant, and, mother, wait for me, I will definitely find you..."

Buzz!

And suddenly at this moment, in the darkness, the cyan jade pendant suddenly lit up with a hazy light.

Ye Feng stared at the suddenly glowing cyan jade pendant in his hand, and his eyes immediately became very surprised.

"This jade pendant actually glows on its own initiative?"

Ye Feng suddenly became a little excited.

At this time, he thought about it and suddenly input a trace of the power of the first level of the Chaos Emperor Art that he had cultivated.

Measured into this green jade pendant.

"Buzz!"

Almost at this moment, the green jade pendant flew to the top of Ye Feng's head, and then shed a piece of sacred green light, covering Ye Feng's entire body.

"Buzz..."

At this moment, Ye Feng suddenly felt that the blood of the Kingdom of God in his body was throbbing deeply.

It is a kind of profound energy hidden deep in the bloodline, and it is about to spread out.

Ye Feng felt the throbbing deep in his blood at this time, and suddenly thought of a bold possibility. He immediately couldn't help but murmured to himself with excitement: "Could this piece of cyan jade pendant that my father gave me... Is it a bloodline talent that can help me unlock every level of the Chaos Heavenly Emperor Art?"

Buzz!

And just when Ye Feng was whispering secretly, an ancient and mysterious secret suddenly poured out from the depths of his blood and poured into his mind.

Buzz!

Ye Feng suddenly raised his hand and saw that his right hand was covered with a layer of misty green light.

This green light seems to be an extremely strong life energy!

At this moment, Ye Feng also received in his mind a bloodline talent message originating from the depths of his own bloodline in the Kingdom of God:

"The first level of the Chaos Heavenly Emperor's Art, the bloodline talent is activated: Hand of Time."

"By constantly consuming your own power and using the hand of time, you can produce extremely strong green life energy, which can make any plant you touch grow rapidly in just a few seconds. It can last for decades or even a lifetime in just a few seconds. Hundreds, thousands of years of maturity!"

When Ye Feng received the bloodline talent information of "Hand of Time", his eyes were immediately shocked to the extreme.

"This is equivalent to being able to ripen any plant instantly!"

"As long as I have enough skills, I can immediately mature a seed into a towering tree overnight!"

Ye Feng's eyes were extremely bright.

Although this ability sounds useless, if the hand of time is used on those medicinal materials.

You know, the reason why many medicinal materials are rare is because they grow for too few years.

Most of the extremely precious medicines require hundreds, thousands, or even tens of thousands of years to grow.

In this world, no one can control time. They can only wait slowly for some rare medicinal materials to grow slowly.

But Ye Feng has the Hand of Time, and as long as his skill allows, he can continue to ripen various rare and precious elixirs, and he can obtain countless peerless elixirs that are hundreds or even thousands of years old in one go!

"This is simply an extremely terrifying way to make money. I'm really going to make a fortune!"

Ye Feng looked at his palm shrouded in green light at this time, his eyes suddenly filled with fiery color.

"Sure enough, it is much more magical and powerful than the natural talent awakened by the God of Creation..."

...

The very next day, Ye Feng spent thousands of contribution points to buy a lot of rare elixir seeds from the Holy Medicine Hall in the Holy Land.

These seeds are very cheap. Dozens of different types of elixir seeds only cost a few thousand contribution points.

At this time, Ye Feng looked at the dozens of seeds in front of him with a hint of expectation in his eyes. He immediately stretched out his right hand, pressed it on the dozens of seeds, and began to use his Chaos Heavenly Emperor Technique to awaken from the first level. Blood talent: Hand of Time.

Chapter 1324 Give you two choices

Ye Feng used his bloodline talent "Hand of Time", slowly consuming his own power at this time, making the green life energy in his right hand more vigorous.

Ye Feng's palm immediately seemed to be filled with the breath of time, with the power of time surging.

"Uh-huh!"

"Uh-huh!"

At this time, the naked eye could see that among the dozens of seeds covered by Ye Feng's hand, the shriveled seed shells suddenly burst, and colorful spiritual herbs and elixirs grew out.

"continue!"

Ye Feng practiced the Chaos Heavenly Emperor Art, which made his skills even more powerful and vast than when he originally practiced the Divine Art of Creation, so at this time, he had no scruples and continued to increase the consumption of his skills.

"Click, click..."

The saplings grown from dozens of seeds immediately began to grow rapidly.

Three seconds later, dozens of spiritual herbs and elixirs of different colors all grew to the height of a person.

Ten seconds later, the branches of dozens of spiritual herbs and elixirs had grown to the point where they were almost touching the top of the house.

Moreover, the hands of time have truly given these plants time and life, so the growth of dozens of spiritual herbs and elixirs will not affect the quality of the medicinal materials at all, but will only become more and more powerful.

"call!"

Suddenly at this moment, Ye Feng suddenly stopped using the "Hand of Time".

Because in just ten seconds, he felt that the huge and powerful skill in his body was almost exhausted and needed a period of recovery.

"It is worthy of the hand of time. The power of time and time, as well as the power of life, are really too advanced. This has already involved the deepest mysteries of life in all the worlds. It consumes too much..."

Ye Feng murmured. Although he was sweating profusely, he looked at the huge spiritual herbs and elixirs in the room in front of him with a deep sense of satisfaction in his eyes.

These dozens of spiritual herbs and elixirs, in just a dozen seconds, turned from seeds into medicinal herbs that may be hundreds of years old. This is really a huge harvest.

Although medicinal materials that are hundreds of years old are not very precious in the Tiannan Star Territory, they are still of great value.

Moreover, Ye Feng has just realized the bloodline talent of "Hand of Time". When he comprehends it again and improves his cultivation level, he can directly give birth to thousand-year-old souls in a short period of time. Herbal elixir, or even a peerless elixir that is tens of thousands of years old, will definitely make Ye Feng rich overnight.

"You still need to work hard to improve your cultivation."

Ye Feng looked at the dozens of spiritual herbs and elixirs that filled the room. He made a preliminary estimate that the seeds that cost several thousand contribution points to buy were probably worth tens of thousands of contribution points now.

In just ten seconds, Ye Feng increased the value of these seeds by more than ten times!

This is simply unbelievable!

If word spreads, it will definitely shake the entire Galaxy Holy Land, and even the entire Tiannan Star Region.

But Ye Feng would not be stupid enough to expose his magical bloodline talent.

If he wants to use it secretly, making a fortune silently is the best option at the moment.

"I was originally worried that practicing alchemy would consume spiritual herbs and elixirs, and I would not have the money to buy so many materials. But now that I have the 'Hand of Time', all problems have been solved!"

Ye Feng thought to himself, and then grabbed all the dozens of spiritual herbs and elixirs in front of him into his storage ring.

Next, Ye Feng continued to spend tens of thousands of contribution points to buy hundreds of seeds, all of which spawned hundreds of years.

share.

Then Ye Feng did not sell these spiritual herbs and elixirs, but began to study the art of alchemy in his room.

"To refine the elixir, I also need an elixir furnace."

Ye Feng walked out of his residence and walked towards the Holy Medicine Hall of the Galaxy Holy Land.

The Holy Medicine Hall is where many alchemists in the Holy Land gather. It not only has introductory books on alchemy, but also has many high-quality alchemy furnaces for sale.

Ye Feng still has hundreds of thousands of contribution points, so he is naturally not afraid of running out of money to buy alchemy furnaces and alchemy books.

Moreover, with hundreds of spiritual herbs and elixirs that he had spawned by himself, Ye Feng could keep trying and making mistakes without fear of waste.

After a while, Ye Feng came to the Holy Medicine Hall alone.

The place where the Holy Medicine Hall stands is surrounded by alchemy rooms everywhere, like a maze.

But in the middle, there is a majestic and magnificent hall, which is the central hall of the Holy Medicine Hall.

Ye Feng walked over and saw many ordinary alchemists in many alchemy rooms along the way, all refining elixirs with the help of the earth's core flames.

Because these ordinary alchemists have not awakened their natal flames.

Moreover, even if some alchemists awaken the flame, it may only be a very ordinary low-level flame, which is not enough to support the refining of high-quality elixirs, so they need to use the power of earth fire.

And a being like Ye Feng who possesses the Holy Fire is simply the favored child of God. He is a true alchemist and a distinguished Holy Fire Alchemist.

Ye Feng currently does not want to announce that he owns the Holy Fire.

So he walked into the central hall of the Holy Medicine Hall at this time, came to the counter, looked at a cute female disciple behind the counter, and said: "This beautiful young sister, I want to spend contribution points to buy a junior statue. Alchemy furnace, you also need to buy a few introductory alchemy books."

The cute female disciple behind the counter raised her head slightly and looked at Ye Feng. She found that he was very young. She couldn't help but have a look of surprise in her eyes. She seemed to be surprised that such a young junior disciple was actually an alchemist?

However, the female disciple didn't ask any more questions. She just took out a palm-sized emerald alchemy furnace and a few yellowing books and said, "Everything you want is here. You need to pay a total of 8,000 contribution points."

"Eight thousand contribution points?"

Ye Feng's eyes moved, and he was secretly surprised that refining alchemy was really expensive.

Just a basic alchemy furnace and a few introductory books would require 8,000 contribution points.

You know, if Ye Feng hadn't received a one million contribution point reward from the upper echelon of the Holy Land during the outer sect selection trial, I'm afraid he really wouldn't be able to afford it now.

"Fortunately, I don't need to worry about the most expensive spiritual herbs and elixirs. Otherwise, an elixir that is hundreds of years old would require more than a thousand contribution points. That would be really scary."

Ye Feng thought to himself, and then paid 8,000 contribution points with his identity token. After taking the jade alchemy furnace and the introductory alchemy book, he hurriedly left the Holy Medicine Hall.

In the next few days, Ye Feng stayed in his room, concentrating on studying alchemy.

First night.

"boom!"

Ye Feng was halfway through refining when the alchemy furnace exploded.

"The furnace exploded...exploded?"

Ye Feng's eyes were stunned, and then he

Come to think of it, the Dragon Spirit Holy Fire is too advanced, and the elementary alchemy furnace cannot withstand the high temperature smelting of the Holy Fire.

Then Ye Feng could only grit his teeth and spent more than 200,000 contribution points to buy a top-level alchemy furnace in the Holy Medicine Hall.

This time, the furnace finally didn't explode again.

With the blessing of the Dragon Spirit Holy Fire, coupled with the hundreds of spiritual herbs and elixirs that are hundreds of years old, Ye Feng supports Ye Feng's continuous trial and error.

Finally, on the morning of the seventh day, Ye Feng successfully refined a batch of intact elixirs.

"Crack!"

At this time, Ye Feng opened the lid of the alchemy furnace. Inside, there were thirteen flawless white jade elixirs, which were round and exuding dragon energy.

The wisps of golden dragon energy are naturally the blessing of the dragon spirit holy fire, which improves the quality of this furnace of elixirs.

This furnace of thirteen pills is a first-grade true god-level pill called "White Jade Body Tempering Pill". ??

When warriors take it, they can use the medicinal power in the elixir to temper their body, flesh, and physique.

Ye Feng refined this elixir not only to train and improve his alchemy skills, but also to be able to use it himself after refining the elixir.

Although this white jade body tempering elixir is only a first-grade true god-level elixir and is not of a high grade, it still has some tempering effect on Ye Feng's physique because of the blessing of the holy fire.

Ye Feng wants to refine his first-level chaotic body to the late first-level chaos body as soon as possible, and then he can start to overcome the chaos tribulation and transform towards the second-level chaotic body. By then, the Chaos Heavenly Emperor Art will be It will allow you to awaken a magical and powerful blood talent again, giving yourself more and stronger talents!

"True God Level, Tao God Level, Avenue Level, Immortal Level, Supreme Level, Chaos Level, Dominant Level... We are still far away from refining immortal level elixirs like Resurrection Lan's Galaxy Longevity Pill."

Ye Feng murmured at this time, feeling that the road ahead was long.

But although the road is long, Ye Feng is extremely determined in his heart.

As long as you have confidence, courage, and perseverance, you will definitely achieve something in the end!

"In any case, now I can be considered an alchemist, and I am also a Holy Fire Alchemist..."

Ye Feng smiled slightly at this time.

"Uh-huh!"

Then he reached out and grabbed the furnace of thirteen white jade body tempering pills and put them into the storage ring. Then he stood up and walked out of the house.

Ye Feng was going to find a deserted and remote place outside the Galaxy Holy Land. While swallowing the White Jade Body Tempering Pill, he would temper and improve his body constitution. On the other side, he happened to need an open place to practice what the elder Ke Qing had taught him before. His own sixth-grade true god-level powerful martial arts inheritance "Sky Dragon Fist"!

The Chaos Body combined with the Heavenly Holy Dragon Fist, which is known for its strength and crushing power, must be able to explode with earth-shattering energy.

"This is it! That Ye Feng lives here! The death of cousin Lin Yu must be related to him! When I was in the nine-story magic tower, I saw with my own eyes that cousin Lin Yu had a conflict with that Ye Feng. This time the outer door test Cousin Lin Yu's death in refining must have something to do with Ye Feng! Cousin Lin Tianya, you must be the one who decides on Cousin Lin Yu's death!"

But before Ye Feng walked out of the house, an angry female voice suddenly came from outside the door.

The woman's voice was very familiar to Ye Feng. It was the cousin Wang Xin who was standing next to Lin Yu when Ye Feng and Lin Yu had a conflict in the nine-story magic tower before the Starry Sky Secret Realm trial.

Yan!

"Lin Tianya, Lin Yu's biological brother, the top disciple of the outer sect, and an elite member of the Celestial Society, he is here so quickly..."

Ye Feng stood in the room, thinking quickly in his mind, then his eyes showed a solemn look, he opened the door and walked out.

No matter what, you still have to face what you have to face. If Lin Tianya dares to take action against him, then he will fight!

Now Ye Feng's physique has transformed into the body of chaos, and he also possesses the Dragon Spirit Holy Fire.

To be honest, even if Ye Feng has just entered the outer sect, he is not that afraid of the top disciples in the outer sect.

What Ye Feng is really afraid of is actually the God Society behind Lin Tianya.

"Squeak!"

Opening the door, Ye Feng walked out of the house and came outside the Crystal Palace.

Sure enough, at first glance, he saw two figures standing not far away.

They were a pretty young woman wearing a light pink dress. This person was none other than the cousin Wang Xinyan who was following Lin Yu outside the nine-story magic tower.

Next to Wang Xinyan, stood a slightly thin man in green clothes. He was tall and thin, carrying a long bloody knife on his back, giving people the feeling of killing an iron-blooded man.

This person is obviously Lin Yu's brother Lin Tianya!

Moreover, his cultivation is that of a fourth-level divine bone realm expert. His bones are made of divine iron and are indestructible.

This Lin Tianya is nearly a level higher than Ye Feng, who is currently only at the first level of the third level of divine blood realm.

The gap in cultivation strength between the two is indeed a bit big.

"As expected of the top disciple of the outer sect, he is indeed extremely powerful."

Ye Feng was secretly frightened at this time.

But there was no fear in his eyes, he just stared at the two of them and said, "Who are you two?"

"Don't act like you don't know anything!"

Wang Xinyan, Lin Yu's cousin, suddenly became extremely angry and said angrily: "Ye Feng! Tell me quickly! Did you kill Lin Yu's cousin? Tell me quickly! Kill me yourself...ah!!"

Snapped!

But suddenly at the next moment, Ye Feng slapped Wang Xinyan in the face, swollen her pretty face and turned it into a pig's head.

"ah!!"

Wang Xinyan immediately screamed in pain, her eyes suddenly showed deep hatred, she stared at Ye Feng, and screamed: "Ye Feng! You, a humble country boy, how dare you hit me? !"

Snapped!

But at the next moment, Ye Feng slapped her again from a distance, which stunned Wang Xinyan and froze on the spot. For a moment, she was a little scared and did not dare to speak anymore.

Ye Feng just snorted coldly and said: "You, a registered disciple, are you qualified to question me in front of me? You still yell at me, and even ask me to take the initiative to kill you? Do you really think that you are the superior Holy Master in the Holy Land? "

Lin Tianya, who had been silent at this time, glanced at Ye Feng indifferently, and suddenly spoke, with a commanding tone, saying: "Ye Feng, right? I only give you two choices now. , the first one, you take the initiative to admit that you killed my brother Lin Yu, and then follow me to the Punishment Hall in the Holy Land to be judged. The second option is to accept my slave contract and become my slave. I appreciate that you are a talent. , follow me into the Celestial Society and work for me, which one do you choose? I'll give you ten seconds to think about it."

Chapter 1325 Very Ridiculous

Lin Tianya's voice at this time was extremely cold and aloof, with a commanding tone that seemed to ignore the common people.

Obviously, in his eyes, new disciples like Ye Feng who had just entered the outer sect were nothing more than fish on the chopping board and could be slaughtered at will.

But what disappointed Lin Tianya was that Ye Feng was not afraid of him at all.

Ye Feng sneered at this time and said: "Lin Tianya, I still said what I just said, do you really think you are a superior Holy Lord? You can issue orders to anyone and dominate other people's future? Let me tell you, you I don't have that qualification yet."

When Lin Tianya heard what Ye Feng said, his eyes narrowed.

He didn't seem to expect that this little new disciple of the first level of the third level of the divine blood realm in front of him would dare to talk to him like this.

Lin Tianya stared at Ye Feng for a while, and said with some uncertainty: "Do you still not know my identity?"

Ye Feng shook his head and smiled, and said: "Lin Tianya, a top disciple of the outer sect, a master of the fourth level Divine Bone Realm, and an elite member of the Celestial Society, am I right?"

Lin Tianya became even more curious after hearing this, and couldn't help but ask: "Since you know my noble status, why do you dare to disobey me in person?"

Ye Feng suddenly shook his head, smiled, and said: "Noble status? If you are the saints in our Galaxy Holy Land, you may have the right to say that you are noble in front of me, but you Lin Tianya, a mere outer disciple, dare to say so Are you noble? Sorry, your words really make me feel ridiculous."??

"Feeling ridiculous?"

Lin Tianya looked at the smile on Ye Feng's face, and his eyes suddenly darkened.

He took a sudden step, and the huge momentum of the fourth level of Divine Bone Realm suddenly surged out of his body like a savage beast and charged towards Ye Feng.

"boom!"

Ye Feng did not retreat at this moment. Instead, an incomparably powerful aura surged out of him. In that aura, there was a hint of chaos, full of nobility and heaviness.

"Boom!"

"

Click, click..."

Two powerful and huge momentums collided in the space instantly, and the entire ground cracked and shattered.

Kick!

The next moment, Ye Feng suddenly took two steps back, while Lin Tianya on the opposite side remained motionless.

But in fact, Lin Tianya has already lost.

Because Lin Tianya's cultivation level is a whole level higher than Ye Feng's.

Ye Feng stared at Lin Tianya, who had a gloomy face, and said with a smile: "If you want to take action against me, just do it!"

Lin Tianya's eyes suddenly flashed with a deep murderous intent, and he shouted coldly: "Boy, don't be too arrogant, it was just martial arts momentum. If I really use my killing move, you will definitely die!"

boom!

And almost at the moment when he finished speaking, Lin Tianya really had no inhibitions and directly pulled out the bloody long knife from behind, instantly setting off a dazzling bloody knife light in the void, heading directly towards Ye Feng. Crazy attack and go away.

"Crazy Thirteen Swordsmen!"

Lin Tianya shouted loudly. This is a very powerful sword technique. It is definitely a high-grade sword technique inherited from the true god level.

"boom!"

"boom!"

"boom!"

The blood-colored long knife in Lin Tianya's hand slashed wildly, and immediately there was a blood-red knife light all over the sky, like a large cutting net that trapped the sky and the earth, wrapping around Ye Feng.

"Great Wild God Chaos Fist!"

Ye Feng instantly used the huge chaotic power of his Chaos Body and punched out with a fierce punch. A huge phantom of the Barbarian God appeared, roaring to the sky, and crushing towards the bloody sword light in the sky.

Ye Feng has not yet practiced the sixth-grade true god-level martial art of Heavenly Holy Dragon Fist, so he can only do it temporarily.

Displayed this set of Great Wilderness Barbarian God Chaos Fist, a first-grade true god-level martial arts.

But with the blessing of the terrifying body power of the Chaos Body, Ye Feng's ordinary punch still burst out with a very powerful wave of power.

"Boom!"

A violent collision and roar suddenly erupted in the sky. The scene was very terrifying. Even the space was trembling, almost shattering and collapsing, and black holes of nothingness appeared.

"boom!!"

Finally, at the next moment, Ye Feng suddenly stepped back more than ten steps, and Lin Tianya was also broken by Ye Feng's terrifying punch power. Then he took a blow to the chest and couldn't help but groan and backed up. Three or four steps.

"What?!"

Wang Xinyan's expression suddenly changed when she saw this scene.

It seems that she never thought that the little registered disciple who had a conflict with Lin Yu before had grown to such an extent that he could compete with a top outer disciple like Lin Tianya.

"It's a whole realm higher than me, and it's indeed very powerful, but I'm still not afraid!"

Although Ye Feng was at a disadvantage at this time, his eyes were full of confidence.

On the other side, Lin Tianya, who was holding his aching chest, was secretly shocked by Ye Feng's terrifying fighting power.

You know, if there were ordinary third-level divine-blood realm first-level heavenly warriors, not to mention one, but ten of them, Lin Tianya would have killed them all with just that sword blow.

But Ye Feng not only broke through his sword light with one punch, but also knocked him back.

This shocked Lin Tianya to the extreme.

"This evildoer! We must get rid of him! Otherwise he will be a formidable enemy in the future!"

Lin Tianya immediately felt a huge sense of crisis in his heart. He took out a jade communication talisman from the storage ring and threw it directly into the sky.

Snap!

That messenger jade

The talisman directly exploded into a brilliant light high in the sky.

"Whoa! Whoa! Whoa!"

Almost at the next moment, a dozen figures suddenly flashed out of the surrounding buildings.

These dozen or so figures, including men and women, all have cultivation auras that are impressively strong at the fourth level of the Divine Bone Realm.

There are even several figures whose cultivation aura is deeper and stronger than Lin Tianya.

"Junior Brother Lin, what happened?"

"Yes, Junior Brother Lin, did you encounter a life-or-death crisis when you suddenly threw out our Celestial Society's special summoning jade talisman?"

A group of more than a dozen strong men spoke out one after another.

And this time.

Ye Feng, who was standing not far away, suddenly changed his eyes.

These dozen or so fourth-level divine bone realm experts are all members of the Celestial Society?

Lin Tianya's purpose is already obvious, that is to summon other members of the God Society to surround and kill Ye Feng!

"I am no match for the dozen or so fourth-level Divine Bone Realm experts! If they are surrounded, I will definitely die!"

Almost at this moment, Ye Feng jumped up suddenly and ran quickly towards the distance.

When Lin Tianya saw this, he immediately shouted to the dozen or so members of the Celestial Society around him: "Brothers and sisters, hurry up and help me stop that boy in black. I must kill that boy in black! He is my mortal enemy. All senior brothers and sisters must help me!"

When a group of more than a dozen members of the Celestial Society heard this, they immediately showed murderous intent and said, "Okay! Junior Brother Lin, don't worry! We members of the Celestial Society are all one family, and that boy in black is your mortal enemy, so he is our must-kill." No matter what the circumstances, anyone who dares to offend our God Society will eventually die!"

Swish, swish, swish!

Swish, swish, swish!

A group of more than a dozen members of the Celestial Society, together with Lin Tianya, chased Ye Feng in an instant!

Chapter 1326 Ten thousand fires burn the sky

Uh-huh!

Swish, swish, swish!

At this time, in the outer disciple area of the Galaxy Holy Land, a group of more than a dozen powerful men from the Celestial Society were chasing and killing a young man in black clothes.

Ye Feng quickly ran away in the distance, looked back at the murderous group of people behind him, and thought to himself: "These members of the God Society are really overbearing and unreasonable, indiscriminate, and just want to kill people. They are really arbitrary!"

"Boy, you can't run away today!"

Lin Tianya shouted loudly among the group of people chasing behind him: "You have offended our Celestial God Society. You are a new disciple with no power and no power. You will be of no use wherever you run. In this outer sect area, even those who The elders of the outer sect don't dare to offend our Heavenly God Association! The president of our Heavenly God Association asked Senior Brother Cansheng, that is the most powerful Holy Son in our Galaxy Holy Land, and he is also one of the Three Emperors of Tiannan, Ye Feng, you! In the eyes of our God Society, you are just an ant. The moment you offended me, your fate was already determined, that is, you must die to apologize!"

The tone of more than a dozen members of the Celestial Society was full of murderous intent.

Obviously, as elite members of the Celestial Society, these people have always been pretentious and have always been the only ones in the Galaxy Holy Land.

So at this time, more than a dozen strong men even dared to chase Ye Feng directly in the outer gate area, without caring about what other people thought.

"Look! Those people are the elite members of the Celestial Society! They all seem to be the top masters of our outer sect!"

"Who is the person they are chasing? Is he worthy of being personally attacked by more than a dozen top experts?"

"The young man in black who was being hunted looked so familiar... I recognized him! The young man in black is Ye Feng, who ranked first among the new disciples in the last trial!"

At this moment, groups of disciples came out of buildings in the outer gate area of the Holy Land. When they saw the scene on the field, they all had deep shocks in their eyes.

"The number one new disciple actually offended the master of the Celestial God Association?"

At this moment, the news spread throughout the entire outer gate area.

"Even if Ye Feng is the number one new disciple, if he offends the Celestial God Society, he will probably end up very miserable."

Many disciples were whispering.

It is obvious that the God Society is a commander-in-chief in the entire Galaxy Holy Land.

Even many of the Supreme Elders, Keqing Elders, Inner Sect Elders and other important figures are very afraid of the Heavenly Gods Association.

Because there were rumors that the president of the Celestial Society asked the people that he was likely to become the next generation of the Holy Master of the Galaxy Holy Land.

Therefore, in the minds of many disciples, the entire God Society is definitely a supreme existence.

"boom!"

A large emerald-colored hand, the size of a mountain, suddenly suppressed it from high in the sky behind.

It was a member of the Celestial Society among the dozen or so strong men who were chasing Ye Feng, who took action and displayed a set of palm skills that were overwhelming.

"Buzz!"

The mountain-like emerald hand was filled with endless pressure. At this moment, it suddenly came down and hit Ye Feng's body.

"Bang!"

Ye Feng instantly felt a huge force coming from the big emerald hand.

"boom!"

However, Ye Feng just groaned and felt a slight pain, but nothing else happened.

Because his current physique is that of chaos, every inch of flesh and bone is filled with a trace of chaos energy, which makes Ye Feng's body really strong.

He withstood an attack from a member of the Celestial Society with almost no damage.

Instead, Ye Feng relied on the powerful counter-shock force to quickly jump to a distant hall, then immediately stopped, turned around, and looked at the dozen or so members of the Celestial Society.

When Lin Tianya saw Ye Feng stop, he immediately smiled cruelly and said: "Boy! Has your strength exhausted? You can't escape, right? Now you come to me immediately and kneel in front of me.

Now, how about becoming my slave and I give you a chance to live? "

At this time, Lin Tianya was supported by more than a dozen members of the Celestial Society who had the same cultivation level as him. Like a cat catching a mouse, Lin Tianya stared at Ye Feng who stopped in front of him with a playful look.

At this time, Ye Feng had a sneer in his eyes and said: "I stopped because the death day of more than a dozen of you has arrived."

"oh?"

Lin Tianya and other members of the Tianshen Guild were stunned for a moment, and then immediately burst into laughter.

"Boy! I think you were chased by us until you had no way to go to heaven and no way to go to earth, and then you went crazy, right?"

"How dare you say such a thing? Your name is Ye Feng, right? I think you are really a lunatic!"

More than a dozen fourth-level Divine Bone Realm experts burst into laughter, their voices full of disdain for Ye Feng.

Lin Tianya's eyes were gloomy at this time, staring at Ye Feng opposite him, and said: "Who gave you the courage to say such a thing? You are just a weak person in the third level of the divine blood realm, what qualifications do you have to dare to say that? Why do you want to sell out a dozen of us fourth-level experts when it's time to die?"

Ye Feng smiled indifferently, and suddenly opened his hands, and a ball of golden flame suddenly rose in the center of his two palms.

Ye Feng looked at the alchemy rooms around him and said: "The place I escaped to was not chosen randomly. This is the Holy Medicine Hall area. There are tens of thousands of alchemy rooms in the entire area, and each one in the alchemy room, there is a fire from the center of the earth that is used to refine elixirs for ordinary alchemists. "

Lin Tianya smiled sinisterly and said, "So what?"

Ye Feng laughed loudly and suddenly shouted: "Then I will let you know how terrible the consequences of offending a Holy Fire Alchemist will be!"

"Holy Fire Alchemist?"

Lin Tianya and a dozen other members of the Celestial Society immediately showed doubts in their eyes, wondering what Ye Feng meant by these words.

But at this time, Ye Feng suddenly raised his hands to the sky and shouted: "In the name of the holy fire, I will draw thousands of fires from the center of the earth, listen to my orders!"

r\u003e

boom!

And almost at the moment Ye Feng said these words.

"boom!"

"boom!"

"boom!"

Under the shocked gazes of countless people in the audience, tens of thousands of alchemy rooms exploded in the area around where Ye Feng was standing.

Groups of terrifying fire from the core of the earth surged out with endless flames, just like volcanoes erupting. Countless flames gathered around Ye Feng.

"hold head high!"

At this moment, a golden dragon of flames emerged from Ye Feng's body, roaring and hissing upwards, surrounded by thousands of flames.

Buzz!

At this moment.

Ye Fengchen floated high into the sky, his body burning with golden flames, surrounded by thousands of earth-centered fires.

He was like an ancient flame king who had awakened. With one word of command, thousands of fires burned the sky!

This scene is full of endless visual shock.

Countless disciples watching throughout the field were all trembling to the extreme.

On the opposite side, a group of members of the Celestial Society, including Lin Tianya, who were sneering, finally changed their expressions when they looked at the shocking scene in front of them and felt the power of the terrifying flames like thousands of fires burning the sky.

"I am the Holy Fire Alchemist, and the Holy Fire is the emperor among thousands of flames. I escaped to this Holy Medicine Hall area just to use the thousands of earth-centered fires to make it impossible for you so-called top masters to come back!"

Ye Feng's loud shout, full of endless tyranny, suddenly sounded at this moment.

"Burn it!"

Ye Feng's big hand pointed in the direction of a dozen or so people in Lin Tianya in the distance.

"Rumble..."

Immediately, endless flames, like wild waves and a sea of fire, instantly engulfed a group of more than a dozen super masters in Lin Tianya.

"ah!!"

And almost at the next moment, a series of miserable howls suddenly sounded from the sea of flames.

Chapter 1327 I'll give you this opportunity

"ah....."

More than a dozen members of the Celestial Society, including Lin Tianya, and more than a dozen fourth-level Divine Bone Realm experts, were all howling miserably in the endless flames at this moment.

Even though pieces of protective divine light erupted from their bodies, they were unable to withstand the terrifying flames.

You know, this sea of fire is a sea of flames that Ye Feng led tens of thousands of fires from the center of the earth to cast in the name of the holy fire.

With this terrifying flaming energy like thousands of fires burning the sky, the elite members of the Celestial Society at the fourth level of the Realm of Gods, even the top masters of the outer sect, were unable to withstand the scorching heat.

"Ah! Boy Ye Feng! You can't kill us! We are members of the Celestial Society!"

"Yes! If you kill us, you have offended our entire Celestial Society! There will no longer be a place for you in the Galaxy Holy Land!"

In the sea of flames, angry voices came out one after another.

But at this time, Ye Feng, who was floating high in the sky, was indifferent. He was burning with golden holy fire and rushed directly into the sea of fire.

"Die them all! Threats have no use to me!"

Ye Feng showed no mercy to this group of pretentious members of the Celestial Society.

He instantly grabbed it with his big hand, and huge flame dragons immediately formed in the entire ocean of flames, roaring crazily towards more than a dozen members of the Celestial Society.

"ah!"

"ah!"

"ah!"

Accompanied by shrill screams, all the masters of the Celestial Society who had been chasing Ye Feng were burned to death in the sea of fire.

"Swallow!"

Ye Feng quickly rotated the Devouring Domain and began to devour the majestic skills of the dead masters of the Celestial Society.

In this endless sea of fire, the surroundings were shrouded in endless flames, so no one outside could see what happened in this sea of fire.

At this time, in this sea of flames, Ye Feng could do anything he wanted to do.

"Boom boom boom..."

Along with the devouring, huge amounts of power were absorbed by Ye Feng.

His cultivation momentum is also rapidly increasing.

"boom!"

The second level of the divine blood realm!

"boom!"

The third level of the divine blood realm!

"boom!"

The fourth level of the divine blood realm!

"boom!"

The fifth level of the divine blood realm!

"boom!"

The sixth level of the divine blood realm!

Finally, after devouring more than a dozen top masters from the outer sect, including Lin Tianya, Ye Feng's cultivation directly broke through the fifth level.

From the third level of the Divine Realm, the first level of the Divine Blood Realm, it continued to surge to the sixth level of the Divine Blood Realm, before finally reaching saturation.

Ye Feng's eyes were filled with excitement.

"boom!"

Next, Ye Feng controlled the sea of flames and burned all the dozen shriveled corpses into ashes.

Then he grabbed it with his palm, and a dozen storage rings were sucked into his hand.

Buzz!

Under the investigation with his spiritual mind, Ye Feng immediately looked overjoyed.

These dozen or so people are not only the top disciples of the outer sect, but also members of the Celestial Society. Naturally, they possess extremely rich wealth.

"It's a small fortune."

Ye Feng murmured.

This time it seemed like all the enemies were wiped out, but it was actually very dangerous.

Because if it weren't for the help of the natural energy of the earth's core fires around the Holy Medicine Hall to integrate with his own holy fire, Ye Feng might have died in the end this time.

"Buzz!"

At this moment, the sea of flames all over the sky dispersed.

The entire Holy Medicine Hall area was in a mess.

When the flames dissipated, everyone's eyes were focused.

"What about the dozen masters from the Celestial Society?"

Everyone's eyes were stunned.

Because they saw that Ye Feng was the only one left on the field at this time.

"Did this Ye Feng kill all the top ten masters?"

Thinking of this possibility, countless disciples on the field were suddenly horrified to the extreme.

"hiss!"

Then a series of gasping sounds sounded one after another.

At this time, everyone was staring at the figure of a young man in black clothes on the field, their eyes filled with deep fear.

"Holy Fire Alchemist... is amazing..."

At this time, many alchemy disciples in the Holy Medicine Hall came out one after another. Looking at the ruins on the ground, they could only smile bitterly.

If Ye Feng were an ordinary disciple, just by destroying tens of thousands of alchemy rooms around the entire Holy Medicine Hall, he might have been captured by the people of the Punishment Hall and imprisoned for decades.

But now Ye Feng has released the holy fire that is rare in the world. This is the first time in the Galaxy Holy Land that a rare holy fire alchemist has appeared.

Everyone understood that the elders in the Holy Medicine Hall might not only not blame Ye Feng for causing damage, but would instead treat Ye Feng like a treasure.

"Buzz!"

But suddenly at this moment, a sudden change occurred.

An unparalleled terrifying martial arts momentum suddenly descended on the Holy Medicine Hall area.

High in the sky, a tall young man appeared on a golden ancient warship.

He has a majestic and tall body, shoulders towering like a god, a face as sharp as a knife, and sharp eyebrows. He is wearing a set of glazed and purple gold battle clothes that flow with divine light. He looks like he has an extremely noble status.

The aura of cultivation on his body now covered the whole place, and everyone felt suffocated.

Even Ye Feng, facing the tall young man high in the sky, felt that his whole body was almost broken.

"Click, click..."

At this moment, everyone was shocked to find that the molten iron ground under Ye Feng's feet actually cracked with deep gaps.

It can be seen from this that Ye Feng is under terrible pressure at this moment!

"This is definitely a super-powerful existence at the fifth level of the 'spiritual realm!'"

At this moment, Ye Feng suddenly felt a huge crisis in his heart.

The young man standing on the golden ancient warship gave him the feeling that he was countless times more powerful than Lin Tianya and a dozen other masters combined before.

It's like, one thought can kill you!

"It's Senior Brother Chu Haotian!"

"It turned out to be this one of the top ten disciples of the inner sect! It is said that his cultivation is earth-shattering! Why is he targeting Ye Feng?"

At this time, many of the outer disciples watching had doubts in their eyes.

At this moment, Chu Haotian, who was standing on the golden ancient warship high in the sky, said indifferently: "I have joined the Celestial Gods Association, and now I am one of the six guardians of the Celestial Gods Association."

Chu Haotian's words immediately made everyone in the audience suddenly realize.

No wonder!

It turns out that this one of the top ten disciples of the inner sect has already joined the Celestial Society.

Moreover, he also became one of the six guardians?

"The Heavenly God Society is becoming more and more powerful now, attracting countless amazing geniuses from our Galaxy Holy Land to join it. In the future, maybe Senior Brother Qingsheng can really become

The first person in the entire Tiannan Star Territory! "

Many disciples were whispering at this time, their eyes full of excitement.

At this time, Chu Haotian, who was high up in the sky, with his hands behind his back and an indifferent look in his eyes, looked down at Ye Feng who was standing in the ruins below and said: "You killed more than a dozen elite members of my Celestial Society. This is It is a grave crime to punish the Nine Tribes. You should immediately follow me to the Punishment Hall. First, you will be stripped of all your cultivation, then you will be cut into pieces with a thousand cuts and executed at an early age. Finally, your body will be hung in the Valley of the Dead in my Galaxy Holy Land to be exposed to the sun for three months. Only in this way can your sins be paid for."

At this time, Chu Haotian's words were extremely indifferent, and he said such cruel words without any emotion, which made countless disciples around him feel cold.

"Hahaha!"

But suddenly at this moment, Ye Feng, who was standing underneath, burst into laughter.

His eyes were extremely cold, and he stared at Chu Haotian high in the sky, and said: "A dozen or so masters of your God Society took the initiative to hunt me down, and now I use my own methods to kill me. This is called revenge with a grudge, and revenge with a grudge. , What crime am I guilty of? Moreover, you are the protector of the Heavenly God Society, so you can take the place of the entire Holy Land's Punishment Hall and accuse me of these unwarranted crimes? Hahaha! So what about the top ten disciples? Give me half a year and I will kill your head with the sword!"

Ye Feng's words were full of endless confidence and carried the soaring pride of a young man.

This made many disciples around him secretly admire this courage.

Because if they faced Chu Haotian, a powerful disciple of the top ten inner sects and a protector of the Celestial God Society, they would definitely be so frightened that their legs and feet would become weak and they would be speechless at all.

Chu Haotian stared at Ye Feng at this time, sneered and said: "Half a year? Huh, even if I give you ten years, you can't surpass me. You are making progress, am I not making progress? Besides, you don't have time anymore." , Now, hurry up and follow me to the Valley of the Dead to face trial!"

boom!

Chu Haotian shouted and stretched out his hand to grab Ye Feng's direction.

"Boom!"

Immediately, the ground opened with countless broken cracks.

And Ye Feng also felt a terrible and huge pressure coming down on him in an instant.

Even the chaotic body is unable to withstand that terrifying and powerful pressure at this moment.

Ye Feng only felt that his chaotic body in the early stage of the first heaven was about to shatter into pieces at this moment.

This Chu Haotian is too powerful to resist!

"Buzz!"

But suddenly at this moment, an extremely powerful old aura suddenly came from the depths of the Holy Medicine Hall.

"Boom!!"

This old aura in the Holy Medicine Hall shattered all the pressure on Ye Feng in an instant.

"call!"

Ye Feng let out a sigh of relief.

It seems that I made the right bet!

That's right!

The reason why Ye Feng chose to come to the Holy Medicine Hall, to kill Lin Tianya and a dozen other elite members of the Celestial Society, and to activate his Dragon Spirit Holy Fire, was so that the ancient strong men in the Holy Medicine Hall could take action for him!

Now, Ye Feng made the right bet!

Sure enough, there was an older and powerful person in the Holy Medicine Hall who took action for him!

"What?"

At this time, Chu Haotian, who was standing in the golden ancient warship high in the sky, immediately changed his eyes slightly.

He stared into the depths of the Holy Medicine Hall and said, "Elder Yao, do you want to go against our Celestial God Association?"

The next moment an old voice came from the Holy Medicine Hall: "This Ye Feng turned out to be a Holy Fire Alchemist. Although he has only just mastered the Holy Fire, he has a bright future in alchemy. Naturally, I will not just watch.

As a future Holy Fire Alchemist is being strangled by you, Chu Haotian, please leave. "

When Chu Haotian heard this, his eyes turned extremely ugly. He was immediately frightened and said, "Elder Yao, have you ever thought about the consequences of going against our God Society?"

"roll!"

But suddenly the next moment, the old voice that was originally gentle and elegant suddenly became rough and direct, saying: "Chu Haotian, don't be so shameless. You are only a disciple of the inner sect, but you dare to talk to me like this? I asked you to Get out, hurry up and get out, go back and ask your master, who dares to mess with me in the entire Galaxy Holy Land?"

When Chu Haotian heard these words, he immediately trembled with fear.

yes!

This Elder Medicine is the master of the Holy Medicine Hall and the most powerful alchemist in the Galaxy Holy Land.

It is said that he is a "Taoist level" alchemy master who has surpassed the true god level!

Over the years, he has refined elixirs for countless powerful people in the Tiannan Star Territory. He has friends all over the world. Who wouldn't give this elder medicine a three-point compliment?

Thinking of this, Chu Haotian's eyes immediately became a little uncertain.

Now the president of the Celestial Society asked Cangsheng that the senior brother was not in the Galaxy Holy Land, but had followed several Supreme Elders into the depths of a certain starry sky in the Tiannan Star Territory. It seemed that there was something important.

So at this time, Chu Haotian was very afraid of Elder Yao. He stared at Ye Feng below with twinkling eyes. Finally, he smiled coldly and said: "Boy, you are lucky, but I will find a chance to get rid of you." !"

"No need, I'll give you this chance."

Suddenly Ye Feng spoke up.

Then in the astonished eyes of countless people, Ye Feng stared at Chu Haotian in the sky and said: "Every word I said is true. As I said just now, after half a year, Chu Haotian, I will A life and death battle with you!"

"Wow!"

Almost as soon as Ye Feng finished speaking, the entire venue was in a state of excitement.

"Um?"

Even Chu Haotian's eyes showed a trace of surprise, but then he smiled coldly, stared at Ye Feng, and said: "Confidence is a good thing, but blind confidence is stupid, Ye Feng. Ye Feng, you are just an ant in my eyes, I will kill you with my own hands in half a year!"

Uh-huh!

After Chu Haotian finished speaking, he sneered. As soon as he stepped on it, the golden ancient warship under his feet immediately turned into a golden stream of light, flew to the far end of the sky, and disappeared in the blink of an eye.

At this time, many disciples present were staring at Ye Feng, with very shocked expressions in their eyes.

Obviously, in their eyes, Ye Feng, a new disciple who had just entered the outer sect, was nothing compared to Chu Haotian, the top ten disciples of the inner sect.

"I guess this Ye Feng is just trying to save some face in front of everyone."

"Yes, I guess he will never dare to have a life-or-death battle with a super strong person like Chu Haotian in half a year."

"I guess it's just a mouthful. Don't take it seriously. He is a Holy Fire Awakener. Just stay in the Holy Medicine Hall."

Every disciple on the field smiled, shook their heads, turned and left.

But at this time, Ye Feng's eyes were full of determination. It was obvious that he meant what he said before.

"Young man, your name is Ye Feng, right? Come into the inner hall of the Holy Medicine Hall now. I want to see you."

Suddenly, an old voice sounded in Ye Feng's ears.

When Ye Feng heard this, his eyes flashed slightly, then he nodded and walked towards the interior of the Holy Medicine Hall.

Chapter 1328 Alchemy Master

When Ye Feng came to the inner hall of the Holy Medicine Hall, the first thing he saw was a thin old man in the middle of the hall, wearing a clean alchemy robe, standing there with his hands behind his back.

At first glance, this old man looked very ordinary, like a lean little old man.

But his body exuded a kind of flame aura that made people feel heart-stopping.

This person is the elder Yao who helped Ye Feng out of the siege before. He is also the master of the Holy Medicine Hall, a "Taoist level" alchemy master who has surpassed the true god level!

Ye Feng stepped forward at this time, immediately clasped his fists respectfully and said, "Thank you, Elder Yao, for your help just now, otherwise I might really be taken away and killed by Chu Haotian today regardless of the cost."

Elder Yao turned around, with a slight smile on his old face, and said: "It doesn't matter, you are the awakened person of the Holy Fire, and you will have a bright future in my alchemy journey. As long as you are in the Holy Land, under my guidance, I won't let anyone hurt you under my nose."

Ye Feng immediately clasped his fists and said, "Thank you, Elder Yao, for your consideration."

Elder Yao suddenly flashed his eyes at this moment and said: "Just now you said under the spotlight that you would have a life-and-death battle with Chu Haotian in half a year. This is really an unwise choice. I think it was not considered."

Ye Feng shook his head with a smile and said: "Elder Yao, don't worry so much. Half a year is enough for me to grow up. Although Chu Haotian is one of the top ten disciples of the inner sect and is very powerful, he is not powerful enough to make me grow." The thought of being insurmountable, and the promise I just made, will also increase my motivation to practice martial arts, which is equivalent to forcing myself." .??.

Elder Yao glanced at Ye Feng in surprise, and then said solemnly: "Actually, you should focus more on alchemy. You have a holy fire, and it seems that it is not an ordinary holy fire, but a very high-ranking holy fire. This It means that you are the favorite of God. Not specializing in alchemy is a waste of your holy fire qualifications. I hope you can think about it carefully. "

Ye Feng smiled slightly, and then said seriously with a trace of solemnity: "Elder Yao, I have my own plan. I want to major in martial arts, because strength is the truth I believe in, and alchemy is important to me. "Yan, after all, it's just an assistant to help you practice, but I won't waste my holy fire talent. I will also work hard to practice alchemy. I want to become an all-round talent."

Having said this, Ye Feng suddenly bowed slightly, clasped his fists at the thin old man in front of him and said, "Elder Yao is not only a famous alchemy master in our Galaxy Holy Land, but also in the entire Tiannan Star Territory. I want to follow you, Elder Yao." Learn alchemy."

When Ye Feng said such words at this time, he naturally had his own deep considerations.

If I could study with this respected elder Yao,

Alchemy, first of all, can definitely improve one's alchemy skills quickly, and also allow one to get various conveniences in the Holy Medicine Hall, the richest place in the Galaxy Holy Land. Secondly, Elder Yao, a special existence in the Galaxy Holy Land, if he can become himself The Alchemy Master also acted as an invisible deterrent to the behemoth of the Celestial Society, preventing them from causing chaos in public in the Holy Land.

However, Ye Feng knows very well that as the leader of the Holy Medicine Hall, Elder Yao has a very high status. He is currently just a new disciple who has just entered the outer sect. Even if he has the Holy Fire, Elder Yao may not be so quick. If you agree to your request, there may be some tests, or you may be asked to achieve certain achievements before accepting yourself as an alchemy disciple.

But at the next moment, Ye Feng was a little surprised that Elder Yao suddenly showed an inexplicable smile on his face, stared at him, and said: "Are you really willing to follow me to learn alchemy? This is equivalent to asking me to be your teacher. ah."

Ye Feng clasped his fists and said: "Elder Yao is the most powerful alchemy master in the Galaxy Holy Land. Naturally, I am very willing to become Elder Yao's alchemy disciple."

"good!"

Elder Yao immediately laughed out loud and said: "Ye Feng, if you are willing to accept me as your master, then I will accept you as my disciple."

After saying that, Elder Yao immediately spoke in the direction around the hall: "You guys, stop refining elixirs and hurry up and come out to meet your little junior brother!"

"Yes, Master!"

And almost at that moment, a dozen young men and women filed out from around the hall, and all came to Elder Yao's side.

"Hello, little junior brother!"

"Wow, my junior brother looks so young. Are you an adult?"

"What's your junior brother's name? Let's meet him!"

A dozen young men and women are all very advanced alchemists and alchemy wizards in the Galaxy Holy Land.

But at this time, they all greeted Ye Feng with approachable eyes and friendly smiles.

"Hello, fellow senior brothers and sisters."

Ye Feng's eyes were a little stunned. He didn't expect Elder Yao to have so many apprentices, and all of them were senior alchemists. They were really powerful.

Elder Yao smiled and said: "These will be your senior sisters and brothers from now on. If you don't understand anything about alchemy, you can ask them in the future."

At this time, Elder Yao said, looking at the dozen young people beside him, and said: "You, this young junior brother, is my most important person."

Your valued young disciple is a Holy Fire Awakener. You must spare no effort to help this young junior disciple in the future. Do you understand? "

"Yes, Master!"

There are more than a dozen senior alchemists outside, all of them are extremely noble beings, but in this Holy Medicine Hall, in front of Elder Yao, even apprentices must be respectful.

A group of senior alchemy masters, brothers and sisters, all walked around Ye Feng at this time, stared at him, and said with some envy and surprise: "Junior brother is actually the Holy Fire Awakener, then he will be the Holy Fire Alchemist in the future, don't worry, young brother, The senior brothers and sisters will teach and pamper you well."

When Ye Feng heard this, he immediately became rude and directly clasped his fists and said: "Brothers and sisters, to be honest, I have just learned how to make alchemy during this period, and I have many questions. Now I just want to ask all the brothers and sisters. "

"Just ask."

A dashing senior sister in blue smiled and stretched out her hand, patted Ye Feng's shoulder and said, "Come to senior sister's room, and senior sister will help you answer your questions alone."

...

Watching Ye Feng follow a group of senior brothers and sisters into the alchemy room inside the Holy Medicine Hall to learn alchemy.

A proud smile suddenly flashed across Elder Yao's old face at this time. He murmured, "Those old guys, I'm afraid they never thought that I would get the moon first when I'm near the water, and I'd make this young unofficial decision." Son of God, he took over to be his disciple first, haha, but if he followed me to learn alchemy, it would not be considered as a disgrace to his status as Son of God. I am a seventh-grade Taoist god-level alchemist, even more pretentious than those pretentious old guys from the Alchemy Emperor Sect. They are not much weaker, huh..."

...

Three days later.

Ye Feng walked out of the Holy Medicine Hall.

In just three days, under the careful instruction of a group of senior alchemist brothers and sisters, Ye Feng's alchemy skills have been greatly improved.

Just last night, Ye Feng successfully refined a furnace of second-grade true god-level elixirs, a total of thirteen blue body tempering elixirs, and they were all of top quality, surrounded by golden dragon energy, which shocked a group of senior brothers and sisters in the Holy Medicine Hall. them.

"Being able to successfully refine a furnace of second-grade true god-level elixirs, I can now be considered a second-grade true god-level alchemist..."

Ye Feng walked out of the Holy Medicine Hall, feeling a little happy in his heart.

With the hands of time, he doesn't need to worry about the most expensive raw materials for alchemy.

As long as he spends some energy, Ye Feng can continuously obtain numerous spiritual herbs and elixirs that are hundreds of years old.

Moreover, with the improvement of cultivation level and the deepening of skill, Ye Feng's blood

The pulse talent ability will also be strengthened.

In the future, Ye Feng may be able to obtain a steady stream of rare medicinal materials that are thousands of years old!

"It is worthy of the Chaos Heavenly Emperor's Technique, and it is worthy of the blood talent of the Kingdom of God. It is so powerful, it is simply a creation that takes over the world. I wonder what kind of heaven-defying blood talent will be awakened next?"

Ye Feng did not return to his residence, but walked out of the Galaxy Holy Land and came to the polar ice field of the planet where the Holy Land's base camp is located.

This polar ice sheet covered with wind and snow is an inaccessible place.

Ye Feng plans to practice quietly here for a while.

In addition, Ye Feng is preparing to refine some more elixirs.

In addition to taking it yourself, the refined elixirs can also be brought to the Tiannan Continent, the center of the Tiannan Star Territory, to be sold to the big chambers of commerce and earn huge wealth.

With huge wealth, Ye Feng can purchase various other resources needed for practice from the big chambers of commerce in Tiannan Continent, such as body refining treasures, advanced martial arts, powerful soldiers, mysterious ancient treasures, starry sky treasure maps, Large starships and more.

You must know that although the Galaxy Holy Land is a giant force in the Tiannan Star Region, it is ultimately a cultivation sect, martial arts inheritance, and cultivation resources, including weapons, magic weapons, etc. There are not many reserves in the Holy Land, and there are not many types.

Only those large and financially strong chambers of commerce that specialize in operating various cultivation resources have countless magic weapons, resources, medicinal materials, etc.

So in the following time, while Ye Feng studied and practiced the sixth-grade true god-level martial arts "Celestial Holy Dragon Fist", he continued to use his bloodline talent, the Hand of Time, to spawn cheap seeds that became hundreds of millions of dollars worth. Year-old medicinal materials, and then continuously refine first-grade true god-level elixirs and second-grade true god-level elixirs.

After becoming a disciple of the Medicine Elder of the Holy Medicine Hall, Ye Feng received many precious prescriptions of first-grade and second-grade true god-level elixirs for free.

These elixirs are of great value outside, but there are many in the Holy Medicine Hall. Now that Ye Feng is a member of the Holy Medicine Hall, he can naturally borrow and watch them for free.

In the deserted polar ice field, Ye Feng was alone, and then fell into the mad refining of elixirs. Although the first- and second-grade true god-level elixirs were not very precious, they could not handle the large quantities.

Anyway, for Ye Feng, the raw materials for refining the elixir are almost free of charge. All he has to do is use his energy to ripen the seeds.

"Alchemy man! Alchemy soul! Refining alchemy to become a master!"

Ye Feng yelled in his heart that he needed to be fully prepared in order to go to the Great Chamber of Commerce in Tiannan Continent for the next transaction. He decided to refine tens of thousands of pills and put them in the storage ring!

Chapter 1329 90% probability

For half a month, Ye Feng spent all his sleep and food, and finally refined a total of 30,000 first-grade true god-level elixirs, and 20,000 second-grade true god-level elixirs.

These elixirs are divided into many types, including elixirs for healing, elixirs for improving blood energy, elixirs for strengthening the body, etc.

Although these low-level pills are of little use to Ye Feng himself.

However, because these elixirs are refined through the Dragon Spirit Holy Fire, they are of very high quality, with almost no impurities, and are extremely pure. They are much more expensive than ordinary elixirs on the market.

Many people from big families and powerful forces in the Tiannan Star Region, in order to train their descendants and prevent their martial arts foundation from being destroyed, would spend high prices to purchase such high-grade elixirs without impurities.

So Ye Feng knew very well that even though he was refining only first-grade true god level and second-grade true god level elixirs.

But the quality of the elixir is very high, and it will definitely be sold at a high price when it reaches the large chambers of commerce in Tiannan Continent.

"Uh-huh!"

At this time, Ye Feng took out a large jar.

This large jar contains all round pills, including white pills and blue pills.

These elixirs are the first-grade true god-level elixir "White Jade Body Tempering Pill" and the second-grade true god-level elixir "Blue Blue Body Tempering Pill".

A whole jar contains hundreds of pills, all of which are body-refining pills that Ye Feng refined for himself in his spare time.

"Gulu!"

Next, Ye Feng took out a white jade body tempering pill and swallowed it directly.

"Buzz!"

Suddenly, a bright white divine light appeared on the surface of his body.

At this moment, Ye Feng could feel that the medicinal power in the White Jade Body Tempering Pill was integrating into his flesh and bones, constantly warming and strengthening his body.

"Gulu!"

Next, Ye Feng continued to swallow a white jade body tempering pill.

Then Ye Feng started taking the pill and swallowed it in big gulps.

Until the White Jade Body Tempering Pill has less and less effect on Ye Feng's body tempering.

Next, Ye Feng began to swallow the second-grade true god-level blue body tempering pill and continued to temper his body.

On the third day.

"boom!"

A majestic body blood spread from Ye Feng's body, shaking in all directions.

This is not the momentum of a breakthrough in cultivation, but the momentum of pure transformation and growth of physical power.

"Buzz!"

At this moment, it can be seen that on the surface of Ye Feng's body, layers of chaotic light shine through the flesh and bones, filling Ye Feng's body with majestic and powerful power.

"Finally, my physique has transformed a small level, and I have entered the middle stage of the first level of the Chaos Body!"

Ye Feng's tone contained a hint of excitement.

"Boom!"

He suddenly jumped to a high altitude and instantly blasted towards the boundless ice field in the distance.

"boom!"

"Click! Click click..."

The entire ice field and countless glaciers exploded and shattered at this moment, turning into ice crystals all over the sky.

Ye Feng's current body strength is at least ten times higher than before!

"However, the White Jade Body Tempering Pill and the Blue Blue Body Tempering Pill are no longer of much use to me. The level of the pills is too low. It seems that this trip must go to Tiannan Continent as soon as possible. There must be advanced practitioners in those big chambers of commerce. Body elixir recipe."

Ye Feng is very clear that his most important thing is to continue to practice the Chaos Heavenly Emperor Technique and temper his chaotic body.

Only when the body of chaos is transformed and improved can the Chaos Heavenly Emperor Secret Art awaken the next powerful bloodline talent.

Uh-huh!

Ye Feng jumped at this time and left this glacier and snowfield directly.

Three days later, he returned to the base camp of the Galaxy Holy Land in the center of the planet.

Ye Feng went straight back to his residence. He was going to tidy up and then headed to the Tiannan Continent, the center of the Tiannan Star Territory, to sell elixirs at the Great Chamber of Commerce and earn wealth.

Moreover, during this trip, you can get some experience and see if you can find some good opportunities.

Nearly one-sixth of the time has passed since the six-month life-and-death battle with Chu Haotian, one of the top ten disciples of the inner sect.

Time is running out!

Ye Feng didn't want any delay.

"Buzz!"

Suddenly, just when Ye Feng entered the crystal palace where he lived.

He immediately sensed a very chaotic aura coming from a certain training room in the palace.

"This breath is so messy?" ??

Ye Feng immediately rushed to the training room and happened to see his roommate Lu Yaoyao sitting on the ground with her eyes closed tightly.

On her forehead, there was a very deep black energy that never dispersed. The black energy even condensed into the shape of a skull.

"Is this an obsession?"

Ye Feng's eyes were stunned, and he rushed to Lu Yaoyao and quickly pointed on her forehead.

A huge force of chaos was transmitted from Ye Feng's fingers, shattering the black skull on Lu Yaoyao's forehead.

Lu Yaoyao, a generous girl, had always given her a starry sky ship, a starry sky map, etc. as soon as she opened her mouth.

For this generous and friendly roommate, Ye Feng naturally would not just watch her go crazy and fall like this.

"puff!"

Suddenly, Lu Yaoyao spat out a mouthful of blood.

Her beautiful face was now filled with paleness.

"Thank you, Senior Brother Ye Feng."

\u003c

Lu Yaoyao opened her eyes, knowing that Ye Feng had saved her, she couldn't help but express her gratitude.

But her face was filled with a bitter smile because she failed to attack the third level of divine blood realm.

After all, not everyone is like Ye Feng, who can forcibly swallow the creation of heaven and earth and break through any obstacles of cultivation bottleneck.

Ye Feng smiled, took out a light blue pill from the storage spirit ring, threw it to Lu Yaoyao, and said: "This is a 'Breaking Realm Pill' I just refined, a second-grade true god-level pill. The medicine has no impurities and is effective for warriors below the third level of the realm of gods. If you swallow it, there is a 90% chance of breaking through the bottleneck. Junior sister Yaoyao, take it. I believe you will be able to break through to the realm of gods next time. Blood Realm."

"Breaking Realm Pill? Second-grade true god-level pill? 90% probability? Did you refine it yourself, Senior Brother Ye Feng?"

Lu Yaoyao was stunned and couldn't help but exclaimed: "Brother Ye Feng, you can actually refine such a powerful elixir? You know, even the realm-breaking elixir refined by some alchemy masters only has five There is a 90% chance of breaking through the cultivation bottleneck, but Senior Brother Ye Feng, your elixir has a 90% chance."

Ye Feng looked at the surprised Lu Yaoyao and said with a smile: "I have now joined the Holy Medicine Hall, become a disciple of the Medicine Elder, and am already a second-grade true god-level alchemist. You know, I am still a Holy Fire Alchemist."

After saying that, Ye Feng turned around and prepared to leave.

"Senior Brother Ye Feng!"

Lu Yaoyao looked at the realm-breaking pill exuding a faint golden dragon energy in her hand and said: "This is too precious, I can't have it!"

Ye Feng did not turn around, but waved his hand behind him and said casually: "Junior sister Yaoyao, just accept it. I have tens of thousands of these."

After saying that, Ye Feng jumped up and left his residence. He took out the starship in the open space outside, then drove the starship into the sky and rushed towards the center of the Tiannan Star Territory.

"What? Tens of thousands..."

At this time, in the training room, Lu Yaoyao stood there blankly, her beautiful eyes widened, and she was obviously shocked and speechless.

Chapter 1330 Tiannan Chamber of Commerce

The Tiannan Continent is an extremely vast continental plate, standing in the starry sky at the very center of the Tiannan Star Region.

Although it is called a continent, it is actually a very complete and huge interface, almost ten times the area of the spiritual world.

"Uh-huh!"

A first-class starship flew from the starry sky, entered the atmosphere of Tiannan Continent, and then quickly landed in a wilderness of Tiannan Continent.

"Crack!"

The hatch of the starship opened, and a young man in black clothes walked out.

After Ye Feng put the starship into the space capsule, he immediately took out a map of the Tiannan Continent. After identifying the surrounding directions, he quickly rushed towards the center of the Tiannan Continent.

Soon, Ye Feng walked out of the wilderness and passed by a large number of ancient cities and buildings.

But Ye Feng didn't stay too long in these small cities.

He galloped straight towards the center.

...

On the seventh day, Ye Feng finally arrived at the center of Tiannan Continent.

You can see all kinds of huge city buildings everywhere here, and there are huge crowds of people. In addition to the human race, there are also creatures from other star races.

This is the most prosperous place in the entire Tiannan Star Region. Without the intervention of the sect kingdom, everything is controlled by the major chambers of commerce.

Ye Feng walked to Tiannan City and looked at the rows of ancient buildings, various large shops, pavilions, ancient towers, etc., which looked like a prosperous scene.

Here, as long as you have money, you can buy almost anything you want.

Ye Feng came to Tiannan Continent this time, naturally for trading.

Next, Ye Feng went directly to the Tiannan Chamber of Commerce, the largest chamber of commerce in Tiannan City, without any hesitation.

The main building of the Tiannan Chamber of Commerce is extremely huge. It is a majestic white jade palace. The walls are inlaid with gems that exude aura. The floor is paved with gold, and it looks extremely luxurious.

It can also be seen from this that as the largest chamber of commerce in the entire Tiannan Star Region, the Tiannan Chamber of Commerce controls the entire Tiannan Continent. How wealthy it is.

Ye Feng walked into the white jade hall of the Tiannan Chamber of Commerce and immediately saw tens of thousands of people conducting various transactions there.

There are thousands of counters in the entire Tiannan Chamber of Commerce, and the area is very huge.

Ye Feng walked to a counter, looked at a white-haired old man behind the counter, and said, "I need to sell a batch of elixirs to the Tiannan Chamber of Commerce."

"A batch of pills?"

The white-haired old man raised his head slightly, nodded and said, "What level of elixir is it?"

Ye Feng said: "The first-grade true god-level elixir and the second-grade true god-level elixir."

When the white-haired old man heard this, he couldn't help but show a hint of disappointment in his eyes.

With a look on his face, he said: "Such a low-level elixir? Our Tiannan Chamber of Commerce is the largest chamber of commerce in the Tiannan Star Territory. We will not purchase such low-level elixirs. Young man, I suggest you go to some other small chambers of commerce to sell them."

"Wait a moment."

Ye Feng's expression remained unchanged at this time. He took out a second-grade true god-level elixir "Breaking Realm Pill" from the storage spirit ring, handed it to the white-haired old man, and said with a smile: "Old man, take a closer look. Although my elixir is low-grade, it is of high quality."

"Isn't this just an ordinary realm-breaking pill?"

The white-haired old man shook his head, smiled helplessly, and said: "Young man, let's go. Don't insist on it. Our Tiannan Chamber of Commerce really doesn't buy such low-level elixirs. I am just a small employee and have no rights." To help you, try other small chambers of commerce."

Hearing this, Ye Feng took back the realm-breaking pill and couldn't help but shook his head.

I didn't expect that the Tiannan Chamber of Commerce would be so ignorant. This is a pure and top-quality elixir without impurities.

"That's all, let's try our luck at other chambers of commerce."

Ye Feng murmured and prepared to leave.

"Brother in black, please wait a moment."

But suddenly at this moment, a man's voice suddenly sounded.

Ye Feng turned around slightly and immediately saw a handsome young man wearing a moon-white red robe, walking out of the Tiannan Chamber of Commerce.

Before Ye Feng could say anything, everyone else in the White Jade Hall looked shocked and made a sound.

"Look, it's Master Guyu. He actually walked out of the Chamber of Commerce. Did he discover something?"

"This ancient jade is a genius alchemist in the Tiannan Chamber of Commerce. At a young age, he is already a sixth-grade true god-level alchemist. He also masters a very advanced flame, which is very powerful."

"This ancient jade master is one of the most talented young people in Tiannan City. He is the dream husband of many ladies."

At this time, people around were talking a lot and their eyes were excited. It was obvious that this ancient jade had a very extraordinary status.

At this time, Ye Feng heard the voices of the people around him, and his eyes moved slightly, "Ancient jade? A sixth-grade true god-level alchemist. He is indeed very powerful. He is almost comparable to many senior brothers and sisters in the Holy Medicine Hall."

"Brother, don't leave yet."

At this time, Gu Yu walked directly in front of Ye Feng and said with a gentle smile: "Brother, can you give me the realm-breaking pill that you took out before?"

This ancient jade is a very prestigious person in the Tiannan Chamber of Commerce, and he is also a high-level sixth-grade true god-level alchemist. His attitude towards Ye Feng,

It's already very good.

Ye Feng thought the young man in front of him was good, so he couldn't help but nodded and handed him the Realm-Breaking Pill in his hand.

At this time, Gu Yuzai carefully observed the Breakthrough Pill, which looked like the most perfect jade in the world, and then his eyes showed a look of surprise, saying: "This pill has almost zero impurities. This is simply the best." The best, brother, is he a disciple from the Danhuang Holy Sect?"

Ye Feng didn't expect that this ancient jade had such good eyesight, so he couldn't help but smile and said: "I am not from the Alchemy Emperor Sect, but from the Galaxy Holy Land."

"Galaxy Holy Land? Martial Arts Sect?"

Gu Yu sighed and said: "I didn't expect that a martial arts sect could produce such a powerful alchemist as Xiongtai, and if my guess is correct, this elixir is refined with the holy fire. Isn't Xiongtai a Holy Fire Alchemist?"

Wow!

As soon as Gu Yu said this, everyone in the Tiannan Chamber of Commerce's hall immediately fell into a boil.

"Holy...Holy Fire Alchemist?"

At this time, the white-haired old man who had rejected Ye Feng just now trembled all over, and his old face turned pale with fear.

Holy Fire Alchemist!

That is equivalent to being a noble among alchemists!

No matter how low-level the Holy Fire Alchemist is, he will be treated as a guest wherever he goes!

"Sir...Sir, I am wrong. I am blind and unaware that you are a noble Holy Fire Alchemist!"

At this time, the white-haired old man behind the counter suddenly knelt down to Ye Feng with a "pop" on the spot, obviously very frightened.

Ye Feng was a little dumbfounded. Unexpectedly, the white-haired old man knelt down directly in front of him on the spot. It seemed that he had underestimated the importance of the Holy Fire Alchemist in the outside world.

"Get up. I don't blame you. Not everyone can see the secret of my elixir."

Ye Feng smiled slightly and helped the white-haired old man behind the counter up.

Although this white-haired old man rejected me, he did it as a matter of routine, and his attitude towards me was pretty good. He also kindly persuaded me to try other small chambers of commerce, unlike some people who just drove him away impatiently.

So Ye Feng looked at the white-haired old man with a smile and said, "Can I sell the elixir I refined now?"

"Okay, okay! Of course!"

The white-haired old man suddenly said with great joy.

Although these elixirs are not of high grade, the ancient jade has been identified just now, and they are almost pure elixirs without any impurities. These are the best, and there will definitely be countless powerful families competing for them.

Because if this pure elixir is taken, it will not cause any harm to the warrior

Any sequelae are very pure and flawless.

Ye Feng looked at the white-haired old man and took out all the tens of thousands of pills he had prepared.

"Crash!"

There were several large baskets filled with a lot of pure elixirs.

"Wow! This is too exaggerated! How many tens of thousands of pieces were sold directly?"

"This young man in black is so powerful. I'm afraid he is the heir of a certain alchemy family!"

"To refine so many elixirs, I'm afraid there are countless raw materials. This young man must have the background of a very large family behind him."

At this time, many people around were shocked by the scene in front of them.

"sharp."

Even Gu Yu, a sixth-grade true god-level talented young alchemist, couldn't help but praise him.

The white-haired old man quickly calculated the price, and finally said: "Master Holy Fire Alchemist, your elixirs are worth five million holy crystals in total."

Ye Feng's eyes were filled with joy. Five million Saint Crystals were equivalent to 500 million Spiritual Crystals.

This is already a huge fortune!

And you must know that this time Ye Feng was just trying to refine a low-level elixir.

Next time you refine high-end elixirs, tens of thousands of them, and all of them are pure elixirs baptized by the holy fire, how much can you sell them for?

And with the blood talent of Time Hand, Ye Feng does not need to consider the lack of raw materials at all.

This is simply a business without capital. You can make sure profits without losing money, and you can even get rich!

"Get rich!"

Ye Feng accepted the five million Saint Crystals and was extremely happy.

He looked at Gu Yu beside him and suddenly said: "My name is Ye Feng. Brother Gu is a well-known person in the Tiannan Chamber of Commerce. I wonder if you can introduce me to whether there is anyone in the Tiannan Chamber of Commerce who can Treasures to improve physical fitness and cultivation? Or elixirs, ancient elixirs, powerful weapons, martial arts, etc., I really need them."

Hearing this, Gu Yu smiled slightly and said: "Brother Ye, don't worry, our Tiannan Chamber of Commerce has nothing else. The cultivation resources will definitely open your eyes, whether it is martial arts, magic weapons, elixirs, or various secret techniques, maps, There are many kinds of ancient remnant soldiers and so on."

Ye Feng's eyes were filled with joy and he said: "That's great. I am in urgent need of training resources to improve my cultivation and physical fitness."

Gu Yu immediately smiled and said: "Well, Brother Ye, if you don't mind the trouble, just follow me to the Tiannan Chamber of Commerce's main warehouse. I'm going to inspect the main warehouse. What will Brother Ye see? , I can use my identity to let Brother Ye buy it at the lowest price in the chamber of commerce, just to make you a friend, how about it?"

Ye Feng smiled boldly, without any pretense, nodded directly and said: "Okay! Then Brother Gu is my friend!"
