Chapter 1331 Three Things

In less than a moment, Gu Yu had brought Ye Feng to the depths of Tiannan City.

Everywhere here is guarded by guards wearing black iron armor, full of iron-blooded killing spirit.

The security here is extremely tight, and it is obviously an important place.

When Gu Yu came here, a group of black iron guards moved out of the way, obviously knowing Gu Yu.

Ye Feng followed Gu Yu into this area and immediately saw a huge city standing not far away.

There is not a single person in the entire city, but countless goods are piled up, including various cultivation materials.

Gu Yu seemed to see the surprise in Ye Feng's eyes, and couldn't help but smile and said: "That's right, our Tiannan Chamber of Commerce built a city directly in order to store goods. The city you see now is It is the main warehouse of our Tiannan Chamber of Commerce."

"Build a city as a warehouse?"

Ye Feng was slightly surprised and couldn't help but sigh at the generosity of the Tiannan Chamber of Commerce. It was indeed the largest chamber of commerce in the Tiannan Star Territory.

The two of them walked towards the city. Ye Feng looked both ways and saw a lot of precious training materials.

But most of them are very expensive.

Therefore, there must be a choice.

Half an hour later, Ye Feng chose what he needed to buy.

They are respectively a third-grade true god-level magic weapon "Nine Demons Locking the Sky".

A set of third-grade true god-level kendo martial arts "True Flame Sword Cut".

There is also a fourth-grade true god-level elixir called "Ancient Qi Refining Pill".

These three things were all the five million Saint Crystals that Ye Feng had just obtained.

Moreover, this was purchased by Gu Yu in his capacity, and it was the lowest price within the Chamber of Commerce.

Otherwise, these three things would be absolutely worth seven million Saint Crystals on the market.

Ye Feng had to lament at this time that high-level martial arts inheritance, magic pills, etc. were too expensive.

Ye Feng thought of the reward for being first in the outer sect trial before. The set of Holy Dragon Fist of the Sky that he got was a sixth-grade true god-level martial arts inheritance.

If it were placed outside, it would probably be priceless and not something ordinary people could buy.

"It seems that my alchemy skills need to be improved as soon as possible. I also want to make more money!"

Ye Feng secretly murmured in his heart.

At this time, Gu Yu came over with three things and handed them to Ye Feng.

The Nine Demons Locking the Sky Diagram was a sect-suppressing treasure of the Starry Sky Demonic Sect. However, due to a disaster, the demon sect was destroyed by a larger force, leaving only the Nine Demons Locking the Sky Diagram remaining in the world.

This is a very powerful magic weapon. Once it is used, nine-headed demons will appear and can trap very powerful warriors. It is considered a defensive magic weapon that Ye Feng bought for himself.

There is also a set of third-grade true god-level kendo martial arts, True Flame Sword Slash, which is a special kendo martial arts that is like drawing a sword. It is an inheritance with an instantaneous explosive nature. One sword is an instant, and life and death can only be achieved with one sword.

Moreover, this True Flame Sword Slash, in addition to its super instantaneous explosive power, also has the attribute of fire, allowing Ye Feng to melt the power of his holy fire into the way of the sword and burst out with terrifying destructive attack power.

As for the last fourth-grade true god-level pill, the ancient Qi Refining Pill, it is a Qi Refining Pill left behind by ancient monks. It has very powerful medicinal power and can greatly increase the warrior's Qi and blood.

Ye Feng practices the Chaos Heavenly Emperor Technique, which is a body of chaos. If he wants to break through in cultivation, what he needs most is the support of huge energy and blood.

These three things I ended up buying

West is a choice that Ye Feng has carefully considered to adapt to his current state of practice.

Ye Feng looked at Gu Yu beside him at this time and asked: "Do you still have some high-level body tempering pill formulas in your Tiannan Chamber of Commerce?"

Gu Yu shook his head and said: "There are many first- and second-grade body-tempering pill formulas, but there are currently no high-level ones."

When Ye Feng heard this, he couldn't help but reveal a rather disappointed look in his eyes.

If you want your Chaos Body to become stronger, it is most useful to take high-level body tempering elixirs, otherwise the growth will be too slow.

There are almost no body tempering elixirs in the Holy Medicine Hall of the Galaxy Holy Land.

Ye Feng suddenly thought of another giant force in the Tiannan Star Region, the Alchemy Emperor Holy Sect.

There might be such a specialized alchemist sect.

However, Ye Feng will not directly go to the Alchemy Emperor Holy Sect for the time being. After all, his cultivation level is still very low and his identity is not well-known. Going to the Alchemy Emperor Holy Sect is probably of no use. .??.

Gu Yu suddenly spoke up at this time: "Brother Ye, if you really want the body tempering elixir or prescription, I can mobilize the power of our Tiannan Chamber of Commerce to help you search for it in Tiannan Continent."

When Ye Feng heard this, his eyes immediately lit up with joy, he clasped his fists and said, "Thank you so much, Brother Gu."

Gu Yu smiled slightly and said: "Brother Ye can live in our Tiannan Chamber of Commerce during this period. It just so happens that I want to exchange alchemy techniques with Brother Ye, and if Brother Ye is willing, I hope Brother Ye can release your holy fire. , to help improve the quality of my natal elixir fire."

When Ye Feng heard this, he immediately understood why this ancient jade was so polite to him. It turned out to be to let him use the holy fire to temper his natal elixir fire and improve the quality of his elixir fire.

However, this ancient jade was quite a good person and helped him a lot.

Ye Feng smiled,

Said: "Okay, this is just a small matter."

For the next period of time, Ye Feng lived in the Tiannan Chamber of Commerce.

While he was refining the Nine Demons Locking the Heaven Diagram, a third-grade true god-level treasure he had just purchased, he was also practicing and comprehending the True Flame Sword Slash, a set of instant burst kendo martial arts.

In addition, Ye Feng didn't hesitate at all and swallowed the ancient Qi Refining Pill. In an instant, the energy and blood all over his body surged like a big river.

"boom!"

"boom!"

His cultivation level instantly broke through two levels in a row, suddenly rising from the sixth level of the divine blood realm to the eighth level of the divine blood realm!

"As expected, it is an ancient Qi Refining Pill left behind by ancient monks in ancient times. It is indeed a good thing. My cultivation level suddenly broke through two levels in a row. It is really amazing!"

Ye Feng suddenly opened his eyes and woke up from his cultivation state, with a hint of excitement in his expression.

At this time, he was sitting in a training room of Tiannan Chamber of Commerce.

It has been nearly a month since Ye Feng came to Tiannan Chamber of Commerce.

"Dong dong dong..."

Outside the training room, there was a sudden knock on the door.

Ye Feng stood up, walked over and opened the door.

Squeak!

The door opened.

Standing outside the door was a beautiful girl with a somewhat nervous expression, wearing a green skirt, looking innocent and ignorant.

The moment she saw Ye Feng, she immediately said respectfully: "Hello, Mr. Ye, I am an alchemy boy under Master Gu Yu. Master Gu Yu said that he has found the information you need for you, about advanced body tempering. Things about Danfang."

When Ye Feng heard this, his eyes couldn't help but shine, and he immediately stared at the girl in the skirt in front of him and said, "Take me to see Brother Gu quickly!"

Chapter 1332 Ancient Alchemy Formula

Under the leadership of the girl in the skirt, Ye Feng came to the core area of Tiannan Chamber of Commerce.

There are magnificent palaces and pavilions standing here. Only those with status in the Tiannan Chamber of Commerce can live here.

Soon, Ye Feng followed the girl in the skirt to a huge iron tower.

The girl in the skirt said: "Master Gu Yu is among them, Master Ye can go in."

Ye Feng nodded slightly, pushed open the door of the giant tower, and walked in directly.

The moment he entered the giant tower, Ye Feng smelled a very strong scent of elixir.

In his field of vision, inside the entire giant tower, there were all alchemy furnaces. The fire in the center of the earth was surging. Alchemy boys were refining pills in batches. There were hundreds of them.

At this time, at the highest level, Gu Yu was guiding and training these alchemy boys.

Ye Feng understood it all at once. No wonder Gu Yu had a high status in the Tiannan Chamber of Commerce. He actually owned an alchemy factory with hundreds of people that mass-produced elixirs. It was of huge value to the Tiannan Chamber of Commerce. .

"Brother Ye!"

At this time, Gu Yu, who was standing on the top of the giant tower, saw Ye Feng coming in. He immediately jumped down from the top and walked to Ye Feng.

Ye Feng looked at the scene around him and couldn't help but smile and said: "Brother Gu really has a business acumen."

Gu Yu helplessly shook his head and said: "They are just some low-level pills. They don't matter. Let's talk about business."

Ye Feng nodded slightly, with a solemn look in his eyes, and said, "Brother Gu has found the news about the high-level body tempering pill formula that I need?"

Gu Yu took out a token from his arms and handed it to Ye Feng, saying: "Brother Ye, this is my identity token. You can take this token and go to the big family in the north of Tiannan Continent to deposit it." "Family, I got news just yesterday that the Shen family is going to destroy a demon force in the Beihai of our Tiannan Continent called the 'Beiming Demon Hall'."

Ye Feng looked confused and said: "Then the Shen family wants to destroy the Beiming Demon Hall, what does it have to do with me?"

Gu Yu's eyes showed a hint of coldness at this time, and he said: "A few years ago, the powerful demons from the Beiming Demon Hall once went out on a large scale to plunder a convoy full of goods from our Tiannan Chamber of Commerce. That batch of goods Among them, there is an ancient elixir called 'Star Body Refining Pill', which is a fourth-grade true god-level elixir. It is very precious and of great value."

When Ye Feng heard this, his eyes suddenly lit up and he couldn't help but said: "Star body refining pill? Fourth-grade true god level elixir? That is the same level of elixir as the ancient Qi refining pill!"

Gu Yu smiled and said: "That is the recipe for the Star Body Refining Pill. If you get it, as long as the raw materials are sufficient, there will be a steady stream of Star Body Refining Pill, so

It is of great value. Brother Ye, if you take my identity token to the Shen family this time, the head of the Shen family will definitely treat you as a distinguished guest. Moreover, you can be regarded

as one of my recommended helpers, and so will the head of the Shen family. Looking for strong people to help them kill the evildoers. "

Ye Feng held the token and said: "Okay, I have to go on this trip. The recipe for the fourth-grade true god-level star body refining pill is really precious. I need it very much."

Gu Yu cupped his hands and said, "Then I wish Brother Ye a safe journey."

...

Half a month later.

Ye Feng crossed most of the Tiannan Continent and finally came to the northern area.

On this day, Ye Feng was dressed in black and looked calm as he walked into Beicheng, the most prosperous capital in the northern region.

Ye Feng did not waste any time. After asking several passers-by in the capital, he walked directly to the gate of a majestic mansion.

"Who is coming?"

A tall guard wearing golden armor immediately asked.

Ye Feng showed Liang Guyu's token and said, "I want to see the head of your Shen family."

"Is this... the token of the Ancient Jade Master of the Tiannan Chamber of Commerce?"

The tall guard was immediately startled. He stared at the young man in black clothes in front of him carefully for several times. Then he nodded and said with a hint of respect in his tone: "This way, my lord, please."

After a while, the two walked through a large area of luxurious mansion gardens and came to an antique inner hall.

Ye Feng stepped into it and met Shen Fugui, the head of the Shen family.

Shen Fugui is a very wealthy middle-aged man, chubby and looks very kind.

When he heard that Ye Feng was recommended by Gu Yu and was also a Holy Fire Alchemist with very strong cultivation, the head of the Shen family was very happy.

"Master Ye's arrival is just timely."

Shen Fugui was very happy and said: "The powerful demon clan of Beiming Demon Hall has always been burning, killing and looting in our northern region. They do all kinds of evil. This time I led all the families in the entire northern region to form a group to destroy The Demon Alliance is going to annihilate the Beiming Demon Hall in the North Sea. Mr. Ye is not only a Holy Fire Alchemist, but also a disciple of the Galaxy Holy Land. He has strong combat power. He will definitely be a great help to my Shen family this time."

Ye Feng smiled and said: "Master Shen, I can help you destroy the demon clan, but there is one thing

I have agreed in advance that after destroying the Beiming Demon Hall, I need to take away the precious ancient elixir recipe of the fourth-grade true god-level star body refining pill, and I need half of the wealth of the Beiming Demon Hall. "

Hearing this, Shen Fugui thought for a while, then nodded and said: "As long as Young Master Ye can help our Shen family to annihilate the Beiming Demon Hall, he should get the ancient elixir and half of the wealth."

Ye Feng nodded and said: "That's good, let's go directly."

Shen Fugui was stunned and said, "Leave now? Don't you plan ahead?"

Ye Feng smiled and said: "Before I arrived, I had already learned through the Tiannan Chamber of Commerce's information system that the strongest person in the Beiming Demon Hall, that is, the demon clan master, has the fourth level. Although the cultivation level of the first level of the Divine Bone Realm is not weak, it is not very powerful either."

The corners of Shen Fugui's mouth twitched and he said: "But Young Master Ye, your cultivation level is at the eighth level of the Divine Blood Realm, which is a whole level behind that of the Demon Clan Hall Master."

Ye Feng glanced at Shen Fugui and said, "Believe me, the demon master of the Beiming Demon Hall will not be my opponent."

Seeing Ye Feng being so confident, Shen Fugui couldn't help but look affirmatively, nodded, and said: "Okay, Mr. Ye is a helper recommended by Master Gu Yu, so I naturally believe it."

...

Next, under the mobilization of Shen Fugui, the entire Shen family, including several other families in the northern region, all led the family masters to gather at the edge of the North Sea.

"Crash..."

The waves in the distance are blue and lapping on the beach.

But in the seemingly beautiful depths of the ocean, there lurks an extremely vicious demonic force, the Beiming Demonic Hall!

At this time, several northern region family heads gathered together.

Next to Shen Fugui, a family head in yellow clothes looked at Ye Feng, who was standing at the front, and whispered: "Master Shen, originally according to our plan, we needed to sneak around the Beiming Demon Hall at night, and then We only have half the chance of winning through sneak attacks, but now, we just attack openly like this, is it really okay?"

Another family head wearing a red robe spoke up, with a hint of suspicion in his tone: "That young man in black is just an outer disciple of the Galaxy Holy Land. Is he that powerful?"

When Shen Fugui, the head of the Shen family, heard what the surrounding family heads said, he began to murmur in his heart, wondering if he was too reckless and just believed Ye Feng, a young disciple of the sect.

After all, usually these come from

The disciples of the giant and powerful sects are all arrogant and do not take anyone seriously. Maybe Ye Feng's self-confidence is just blind self-confidence.

Thinking of this, Shen Fugui walked forward, as if he was preparing to persuade Ye Feng not to be so impulsive, but to plan carefully first and then act.

"boom!"

But suddenly at this moment, Ye Feng suddenly burst out with a tyrannical momentum, soared into the sky, and shouted towards the depths of the ocean in front of him: "The Demon Lord of Beiming Demon Hall! Give me Come out! You have done so many evil things in our human land, burning, killing and looting for so many years. Today is the day for you, the devil, to die!"

"What?"

Seeing Ye Feng soaring into the air and declaring war, a group of big family heads and masters behind him all trembled a little.

This is too impulsive!

Even Shen Fugui, the head of the Shen family, couldn't help but step forward and shouted to the sky: "Master Ye, be careful! That demon clan leader is the strongest person in the first level of the fourth level of the divine bone realm. Moreover, the demons have many methods and are naturally stronger than us humans, very powerful and dangerous!"

Ye Feng stepped high in the sky, looked at the worried people below, and immediately burst into laughter and said: "Master Shen, family heads, don't worry. Although I come from the Holy Land of Giants, I am not an arrogant person. I do this, naturally have enough confidence to kill the demon clan leader."

"boom!"

Suddenly at this moment, in the depths of the blue ocean in the distance, a monstrous demonic energy suddenly rose into the sky.

Buzz!

In the midst of the demonic aura, a tall demon creature sitting on the dark gold throne appeared.

Wearing dark golden magic armor, he held a black halberd in his hand. He slowly stood up from the throne and suddenly stared at Ye Feng in the sky opposite. A pair of red magic eyes revealed a sinister look. Smiling, he said: "I'm telling you who is so arrogant. It turns out to be a disciple of the Holy Land of Giants, but you are too trusting. You are so much lower than me in cultivation and you dare to provoke me. You are an ant in the divine blood realm." ? Haha, I can crush you to death with one slap!"

"Troll World Destroyer!"

Suddenly, the demon clan leader took action. He stretched out a hand from a distance, and the hand immediately enlarged and turned into a demonic palm that covered the sky, wrapped in billowing demonic energy, and its demonic power was overwhelming.

Rumble...

The huge demonic palm covering the sky, like a mountain suppressing it, pressed towards the coast at once, covering a thousand meters of land. The entire sky instantly darkened, as if the end of the world was coming!

Chapter 1333 Impacting the bottleneck

Buzz!

The huge demonic palm that covered the sky brought an unparalleled sense of suffocation to everyone in the audience.

Even the heads of the major families were trembling all over at this moment, without even the slightest thought of resistance.

"The strong men in the divine bone realm at the fourth level are really terrifying!"

"I said we shouldn't be so impulsive, we will all be killed!"

"It's over now! We directly provoked the demon master of Beiming Demon Hall!"

At this moment, everyone in the big family couldn't help but exclaimed, their voices full of despair.

Obviously, with the cultivation strength of the demon clan leader, the monstrous demonic energy that exploded from the inheritance was so powerful that no one could produce any resistance in their hearts. ??

"Zhen Yan cuts with one sword!"

"Exterminate demons in heaven and earth!"

But suddenly at this moment, Ye Feng's cold shout suddenly sounded throughout the world.

"boom!"

And almost at the next moment, under the shocked eyes of countless people, a huge golden flame sword light suddenly cut out from the demonic energy in the sky, cutting and shattering the big hand that covered the sky.

"This sword... is so strong!"

The people of the major families, who were originally filled with despair, immediately became excited when they saw the god-like flaming giant sword.

"boom!"

At this time, Ye Feng's whole body was burning with golden flames, and he was holding a metal sword in his hand. There was a layer of golden flames attached to the cold blade, making the sword full of stronger power.

In addition to the edge of the sword, there is also the destruction of fire!

"Zhen Yan cuts with one sword!"

Ye Feng once again activated this powerful kendo martial arts.

boom!

The flaming giant sword in his hand tore through the sky in an instant, landed on the head of the demon clan leader, and then slashed it down in an instant.

"The Great Demon Destruction Fist!"

The demon clan leader roared loudly, his pupils glowed with red light, he punched out, and the water in the entire ocean turned into a deep black, being sucked into the energy frenzy of this punch.

"Boom!!"

The flaming giant sword and the demonic fist collided together, and there was an earth-shattering roar.

At this moment, Ye Feng quickly retreated and thought to himself: "This demon clan leader is indeed a fourth-level divine bone realm expert. He really has some tricks and is very powerful."

At this time, the demon clan leader's eyes were even more horrified, and he couldn't help but say: "You, a human boy, with such a low level of cultivation, how can you have such a powerful combat power? If you are an ordinary third-level divine blood realm human warrior, I can kill even the tenth level of the Divine Blood Realm with one palm, but this human kid..."

Ye Feng smiled indifferently and said: "I come from Tiannan Star Territory

In this holy land of giants, it is naturally impossible to speculate based on common sense. You, a demon, are indeed very powerful, but you will die next! "

boom!

The moment Ye Feng finished speaking, he soared thousands of feet into the sky.

The demon clan leader laughed loudly and said: "No matter how strong your combat power is, you can at most be tied with me. I also have countless demon clan armies!"

Boom!

Boom!

And the moment the demon clan leader finished speaking, tall and ferocious-looking demon clan soldiers rushed in from the depths of the ocean on wind and waves. The scene was very spectacular and terrifying.

Ye Feng was currently suspended high in the sky, and suddenly dived downwards.

"Buzz!"

While he was diving, Ye Feng suddenly stretched out a hand downwards.

"Sixth level true god level martial arts!"

"Holy Dragon Fist of the Sky!"

Boom! !

Ye Feng's palms instantly clenched into fists and he punched down hard.

"hold head high!"

And almost at this moment, accompanied by a fierce dragon roar, a giant dragon condensed with white light rushed out from Ye Feng's punch, roaring and roaring, carrying infinite impact force, and suddenly it was fierce. The bombardment hit the demon clan leader.

"Pfft!"

The demon clan leader didn't even have time to let out a miserable howl. The entire demon body was instantly shattered and turned into a bloody mist.

"died?!"

Countless people in the distance saw this shocking scene and couldn't help but gasp.

A demon clan leader who was at the first level of the fourth level Divine Bone Realm was killed by Ye Feng with just one punch?

"That punch just now blasted out a giant dragon condensed with white light. It is definitely a peerless martial arts in the Galaxy Holy Land! The power is too terrifying!"

"As expected of a master disciple from one of the giants in our Tiannan Star Region, he is truly amazing!"

"The demon clan leader has been eliminated, which means that the biggest threat is gone! Let's rush forward. This time we will wipe out all the demon clan forces in the entire ocean!"

At this moment, the heads of all the families shouted in excitement.

The heads of the families who were worried about Ye Feng's lack of strength also showed shame on their faces.

High above the ocean not far away.

"Swallow!"

Ye Feng released the devouring domain and directly devoured and refined all the life essence and rich demon source of the slain demon clan leader.

His power is at this moment

During this time, I got a huge improvement all of a sudden.

However, Ye Feng's cultivation level has not broken through to the eighth level of the Divine Blood Realm.

"not enough!"

Ye Feng's eyes revealed a trace of scorching heat as he stared at the headquarters of Beiming Demon Hall in the depths of the ocean in the distance, and rushed over at once.

"Enemy attack! Enemy attack!"

At this time, the entire Beiming Demon Hall headquarters was in chaos.

Countless demon masters are shouting loudly to build up their strength.

"boom!"

Ye Feng flew over, without any nonsense, and directly pressed down with one hand. ??

"Rumble..."

The big hands exuding chaos energy were filled with endless heaviness and terrifying destructive power.

In an instant, a huge hole was blasted out of the entire Beiming Demon Hall, the demon clan's stronghold.

"ah!"

"ah!"

Along with the screams, evil demons were killed one after another, and the black demon blood stained the entire ocean island.

"Swallow!"

At this time, Ye Feng was finally able to devour it to his heart's content.

"Boom boom boom..."

Streams of pure and huge demonic energy and blood were absorbed into the dark swallowing vortex behind Ye Feng, and then turned into pure and flawless abilities and injected into Ye Feng's body.

"boom!"

At this moment, Ye Feng received sufficient energy replenishment, and a brand new martial arts aura suddenly burst out from his body, which was very vast, like an abyss and a prison.

"The ninth level of the divine blood realm!"

Ye Feng's eyes were bright, and he continued to control hundreds of swords in the Invincible Sword Domain, like a meat grinder, frantically harvesting the lives of the group of vicious demons below.

The lives of the demons were harvested and became Ye Feng's nourishment, providing Ye Feng with a steady stream of energy.

"boom!"

Finally, half an hour later, Ye Feng's cultivation once again ushered in a breakthrough and transformation.

He rushed into the peak cultivation state of the tenth level of the divine blood realm, the third level of the realm of gods!

"Uh-huh!"

"Uh-huh!"

"..."

At this time, a group of family heads and masters from the distant ocean had just arrived.

When they were about to fight desperately with more enemies in the base camp of the demonic forces, they discovered that countless demons in the entire base camp had been slaughtered.

Black demonic blood stained the entire ocean island.

At this time, there was only a young man in black clothes, standing among countless withered bones, giving people an extremely shocking feeling.

, even a scary feeling.

"hiss!"

At this time, everyone in the audience couldn't help but gasped, they were simply horrified to the extreme.

Ye Feng looked at the group of family heads at this time, smiled slightly, and said: "The evildoer has been destroyed, it's time for me to leave."

Buzz!

At this moment, Ye Feng used his huge soul power and immediately searched for the "Star Body Refining Pill", an ancient elixir of the fourth-grade true god-level precious elixir, from the demon clan's stronghold.

Boom!

Then he split the treasure house in the Demon Clan's base camp in half with one sword, and left the ocean carrying half of the treasure house.

"Congratulations to Mr. Ye!"

At this time, the heads of the big families all bowed their hands and saluted Ye Feng's retreating back with very respectful expressions.

...

Three days later, Ye Feng came to a remote wilderness jungle in Tiannan Continent.

He found a small valley, set up a simple hiding formation around it, and then began to practice quietly in the small valley.

This time, I got half of the treasure house from the Beiming Demon Hall, which contained many blood elixirs and heavenly materials and earthly treasures that could increase my cultivation.

Ye Feng decided to hit the bottleneck of the fourth level of Divine Bone Realm in this small valley.

Currently, his cultivation is at the third level of the Divine Blood Realm, tenth level, and he is only one step away from reaching the fourth level.

And if he steps into the fourth level, Ye Feng will no longer be afraid of Chu Haotian, the protector of the Tianshenhui.

However, if you want to kill Chu Haotian, just entering the fourth level of Divine Bone Realm is not enough, and you need stronger cultivation.

Because Chu Haotian, as a protector of the Celestial Gods Association and one of the top ten disciples of the inner sect of the Galaxy Holy Land, has already entered the fifth level of the spiritual realm, and his strength is very terrifying.

"The current plan is to improve your cultivation to the fourth level of Divine Bone Realm first. Anyway, there is still nearly half of the half-year period."

Ye Feng now has the ancient recipe for the Star Body Refining Pill, but he is still unable to refine the fourth-grade true god-level elixir.

He decided to wait until he broke through to the fourth level of Divine Bone Realm in this small valley, then returned to the Tiannan Chamber of Commerce to find Gu Yu, a senior alchemist, and ask him to help refine the Star Body Refining Pill.

There is still half of the half-year period left. In just three months, Ye Feng knows that it is impossible for him to step into the fifth level of the divine realm. It would be too difficult.

Therefore, Ye Feng decided to start by enhancing his body constitution. If he could refine the first level of his Chaos Body to the Great Perfection, he would definitely be able to explode into super powerful combat power!

For a moment, Ye Feng quickly isolated his spiritual thoughts, concentrated on digesting half of the treasure trove in the demon clan's base camp, and began to accumulate energy, preparing to see if he could reach the fourth level of the divine bone realm!

Chapter 1334 Demon Fetus

A month later, in the small valley.

"Boom!!"

Suddenly the earth and rocks in a cave exploded, and rubble rolled.

In the endless smoke and dust, a young figure in black clothes walked out of it with steady steps.

Ye Feng's face showed a hint of gloom at this time.

Because for a whole month, he had devoured and refined half of the treasure house's heavenly materials, earthly treasures and pills to improve his cultivation, but there was still no breakthrough in his cultivation.

For Ye Feng, who practices the Chaos Heavenly Emperor Technique inherited from the royal family of the Kingdom of God, there are almost no bottlenecks when he breaks through each realm, and he will not go crazy or have a lack of enlightenment.

As long as he has enough energy, he can continuously break through the shackles of his own cultivation.

But Ye Feng now discovered that his body was really like a bottomless pit.

And as his cultivation level continues to improve and grow, the energy required for Ye Feng to break through to a great realm becomes more and more terrifying.

For example, this time, half of the resources of the demon clan's treasury were devoured. Although Ye Feng's cultivation and blood were much stronger, he was still unable to break through the final shackles of the tenth level of the third level of the divine blood realm.

Finally, it increased from the early stage of the tenth heaven of the divine blood realm to the late stage of the tenth heaven of the divine blood realm.

But he just couldn't break through to the fourth level of divine bone realm, a completely new level of cultivation.

That's why Ye Feng's face turned a little gloomy at this time, and he felt quite depressed.

However, Ye Feng is also lucky that he chose to come to this perfect world of the second universe full of vast resources in time.

Otherwise, relying on the meager cultivation resources of the First Universe, I would not have been able to make such rapid progress in such a short period of time.

"It seems that I should return to the Tiannan Chamber of Commerce first and find Gu Yu, a senior alchemist, to help me start refining the Star Body Refining Pill. I don't have much time left."

Ye Feng shook his head and walked directly out of the small valley, preparing to rush towards the center of Tiannan Continent.

"Buzz!"

But just when Ye Feng stepped out of the valley, a surge of demonic energy suddenly rushed high into the sky from a certain direction not far away.

Looking from a distance, it looks like a black beam of light penetrating the sky and the earth.

"Huh? There is a big demon hidden deep in this wilderness?"

Ye Feng's eyes suddenly moved.

Then came a deep surprise.

Because at this moment, he not only felt a huge demonic energy, but also sensed a very powerful life fluctuation.

"It may be a demon creature that is more powerful than the previous demon clan leader!"

Ye Fengtu

Then I remembered, because the Beihai of Tiannan Continent is connected to the interface barrier of a higher demon world.

Therefore, in this area, powerful demons often appear, lurking in the depths of the ocean, or lurking in the depths of the wilderness mountains, slaughtering the weak humans in the wilderness, and devouring the blood of the humans to cultivate.

"Maybe this is the key to my breakthrough!"

Ye Feng thought in his mind and quickly flew and lurked in that direction.

Soon, Ye Feng arrived at his destination.

At this time, he was lying in a bush, and he immediately saw that in the abyss under a cliff in the distance, a huge beating demon fetus was emitting strong demonic energy and life fluctuations.

"It turns out to be an ancient demon fetus!"

Ye Feng's eyes moved. He thought a big demon was born, but he didn't expect it was just an ancient demon fetus.

But he didn't wait for Ye Feng to take action.

Uh-huh! Uh-huh! Uh-huh!

In the sky not far away, several figures suddenly appeared.

The most eye-catching one is a young woman wearing a warrior's attire. Although she has long hair tied up, she has fair skin and beautiful eyes. Even if she is disguised as a man, you can tell at a glance that she is a stunning woman. Beautiful woman.

At this time, a middle-aged man with a big belly stood next to the young woman. Behind the middle-aged man, there were also a group of more than a dozen powerful guards.

The middle-aged man immediately pointed to the demon fetus under the cliff and said: "Miss Bai, the demon fetus of the Demon Lord of Destruction is under this cliff. I hope Miss Bai can take action immediately to help our family destroy this Demon Lord of Destruction." Otherwise, once the Demon King of Destruction is born, all the families nearby will suffer. "

The beautiful woman known as Miss Bai nodded slightly, with a hint of smile in her eyes, and said: "Master Qu, don't worry, the sect mission I took over this time is to help your family kill this Demon King of Destruction. The devil's fetus."

At this time, several people were discussing, and Ye Feng, who was lurking not far away, flashed his eyes slightly.

It seems that Miss Bai is a disciple of a certain large sect. She came here to complete the sect's mission, earn sect contribution points, and help the Qu family kill the demon fetus that destroyed the Demon Lord.

But just when Ye Feng was about to sneak over and snatch the loot.

"boom!"

Suddenly, the head of the Qu family not far away stood behind the girl Bai and suddenly slapped her on the back.

"puff!"

That white girl didn't do that at all.

Thinking that the head of the Qu family would take action against her, she was unprepared and spit out a mouthful of blood.

"Master Qu! You...!"

Miss Bai turned around suddenly and stared at the head of the Qu family.

But at this time, the head of the Qu family, including the dozen or so family guards behind the head of the Qu family, all had an extremely strong magic light in their pupils.

Miss Bai's eyes immediately changed and she exclaimed: "Has your entire family been controlled by the demonic thoughts of the Demon Lord of Destruction?"

The leader of the Qu family immediately laughed and said: "Yes, you naive sect disciples are really easy to deceive. We, the Qu family, ask the powerful sect to help us deal with the task of destroying the demon king's demon fetus. It's just a pretense, the real purpose is to attract you innocent sect disciples to come here, and then be tricked and killed by us, and become the nourishment for the Demon Lord of Destruction! Waiting for the Demon Lord of Destruction to be reborn from the devil's womb again! "

The severely injured Miss Bai, a sect disciple, now had eyes full of shock and anger, and said: "It turns out that all this is a conspiracy! No wonder the disciples who took over this task disappeared one by one. We all originally I guessed that this mission was too dangerous, but I didn't expect that it was all a conspiracy to destroy the Demon Lord!"

Miss Bai's name is Bai Muqiu, and she is the daughter of the master of the Star Spirit Palace of the "Tianchen Divine Palace", a giant in the third-level star field.

Her status is actually very high and noble, but this time she was too bored, so she pretended to be an ordinary disciple and came to take over this task. The purpose was to experience the life of an ordinary disciple and wanted to go out for a walk. Let's practice some by the way.

But she never expected that she would be caught in a fatal conspiracy.

boom!

Suddenly, an extremely powerful starlight surged out of Bai Muchiu's body, and she jumped high into the sky, trying to break away from the blockade here.

"You can't run away!"

The head of the Qu family was filled with demonic energy, and his cultivation level at the first level of the fourth level Divine Bone Realm exploded instantly.

"Get away!"

Bai Muqiu shouted coldly, and a light wheel condensed with the light of the stars appeared in his palm. It rotated and cut at once, knocking away the master of the Qu family.

"What a powerful force! How can a mere little girl from the ninth level of the Divine Blood Realm have such powerful energy? This power definitely does not belong to you!"

The palm of the master of the Qu family was cut into pieces, and blood was flowing out, but his expression did not show any pain. Instead, his eyes showed excitement and said: "You little girl,

you are definitely not an ordinary disciple in Tianchen Shrine, you must be someone with an extraordinary status. ! It's just that he hasn't grown up yet and his cultivation level is still very low.”

Uh-huh! Uh-huh!

Suddenly at this moment, in the abyss under the cliff, a large amount of demonic energy suddenly rushed out of the huge demonic fetus. The demonic energy condensed into an extremely strong black iron chain, and it suddenly blocked the person who was about to escape. Bai Muqiu was trapped and then dragged down into the abyss.

"No....."

After all, Bai Muqiu is a pampered and powerful young lady. She originally wanted to experience the life of an ordinary disciple out of boredom, but she ended up falling into a conspiracy. Now she is about to be swallowed by a vicious demon fetus. She immediately turned pale with fear. Even burst into tears.

"The demon fetus of the Demon Lord of Destruction? You dare to harm our human race before you are born? Today is the day of your death!"

But just when Bai Muchiu was desperate, a shocking loud shout suddenly sounded from high in the sky.

"That is....."

The next moment, in Bai Muqiu's field of vision, she saw a man in black descending from the sky. He punched down from the vast sky. A majestic white light holy dragon suddenly rushed out of his fist, and the ferocious devil fetus was instantly killed. It was blown to pieces.

"Uh-huh!"

Bai Muchiu broke free of the demonic chains in an instant and flew to the edge of the cliff. She was saved.

"No!!!"

At this time, the head of the Qu family not far away suddenly fell into madness when he looked at the broken demon fetus.

"Pfft!"

But the next moment, Ye Feng swung his sword and slashed, and the true flames exploded with the sword slash, melting the destructive flame sword energy of the holy fire, and cut the Qu family leader in half in one fell swoop, killing him instantly.

"So strong!"

At this time, Bai Muchiu, who was standing aside, was stunned, with a pair of beautiful eyes full of shock.

"Swallow!"

However, Ye Feng never looked at Bai Muqiu. Instead, he quickly released the Devouring Domain and began to devour the broken demon fetus of the Demon King of Refining and Destruction, as well as the skills of the killed Qu Family Master and other Qu Family masters.

Bai Muqiu saw that the demon fetuses around Ye Feng were quickly becoming shriveled up, and the same was true for a group of Qu Jia masters, who seemed to have been sucked out of their life essence.

This pampered young lady from Tianchen Shrine originally wanted to step forward and thank the handsome man in black for his life-saving grace.

But when he saw the terrifying scene on the field, Bai Muchiu couldn't help but show a hint of fear in his eyes, and secretly murmured in his heart: "Is this person a vicious demonic monk? It's over, it's over, I'm done. Could it be that he just came out of the wolf's den and entered the tiger's mouth again? Will he also devour and refine me next..."

Chapter 1335 The First Universe Changes

"Rumble..."

Huge energy was surging in Ye Feng's body at this time.

At this moment, the skill and life force provided by the ancient demon fetus and a group of masters from big families are really too powerful.

A heart-stopping aura emanated from Ye Feng's entire body.

"boom!"

After all, just half an hour later, a new and terrifying martial arts momentum spread from Ye Feng's body like a river craze.

"Click, click..."

The surrounding ground and mountains were all cracked with cracks at this moment.

At this time, Ye Feng finally entered the realm he had dreamed of, the fourth level of the Divine Realm, the first level of the Divine Bone Realm!

"What a powerful force..."

At this moment, Ye Feng could feel that all the bones in his body were almost brand new.

It's like all the bones in the body have been tempered again by an extremely powerful divine power, becoming stronger and containing even more terrifying explosive and destructive power.

"Huh? Why are you still here?"

Ye Feng stood up at this time, and suddenly saw the young and beautiful woman not far away still standing there, and couldn't help but be a little surprised.

"I...I didn't dare to leave..."

Bai Muqiu's eyes were a little frightened, fearing that Ye Feng, a "devil cultivator", would also refine her.

Seeing Bai Muqiu's look, Ye Feng seemed to understand something. He couldn't help but smiled casually and said, "I'm not the kind of person you imagined. I'm just going to save you. You can go."

After saying that, Ye Feng walked directly towards the distance, preparing to return to the Tiannan Chamber of Commerce, and quickly refined the Star Body Refining Pill to temper his first-level Chaos Body.

"Benefactor, wait a moment."

Suddenly at this time, Bai Muqiu spoke up, with a trace of expectation in her beautiful eyes, and said: "Can you tell me your name, my benefactor? I will definitely repay you when I go back."

Ye Feng jumped up and jumped far away, and the last voice came: "We will meet each other if we are destined."

After the words fell, Ye Feng's figure hastily disappeared into the distance.

For Ye Feng, rescuing Bai Muqiu was just a small incident.

At this moment, Bai Muchiu was standing there, her beautiful eyes twinkling, wondering what she was thinking.

...

Half a month later.

Ye Feng returned to Tiannan City in the center of Tiannan Continent.

He walked into the giant city and came to the Tiannan Chamber of Commerce, and soon found Gu Yu again, a high-level alchemist at the sixth-grade true god level.

Gu Yu was very happy to see Ye Feng returning so quickly and said: "Brother Ye, you are too fast. Have you successfully obtained the ancient pill formula of the Star Body Refining Pill?"

Ye Feng nodded and said: "I've got it, Brother Gu, now I need you to help me refine the Star Body Refining Pill. I am now a second-grade true god-level alchemist and cannot refine a fourth-grade Star Body Refining Pill." True god-level elixir."

Gu Yu nodded and said: "I am happy to help you, but the raw materials for this star body refining pill are very rare. It needs to be refined with the star essence from fallen stars. This rare star essence, even if it is Our Tiannan Chamber of Commerce has very little inventory, and the price is extremely expensive. The star essence required to refine a star body refining pill is estimated to be worth one million holy crystals. "

When Ye Feng heard this, he immediately glared and said, "Just the raw materials are so expensive?"

Ye Feng felt a little helpless.

But he knew that the fourth-grade true god-level elixir was still a very rare ancient body-tempering elixir, and it was indeed worth the price.

But things like star essence are not plants.

Materials of the physical system cannot be spawned by the hands of time.

At this time, Gu Yu took out a thick account book from the storage spirit ring, looked through it, and then said: "Our Tiannan Chamber of Commerce currently has only enough star essence inventory left to refine three stars. Body Refining Pill."

"Three pills are definitely not enough."

Ye Feng's eyes showed a hint of thinking, and then he suddenly said: "Brother Gu, has your Tiannan Chamber of Commerce recorded some dead and fallen stars around Tiannan Continent? I will go to those stars to search for the star essence myself."

Gu Yu nodded and said: "This is also a good idea, but the star field around Tiannan Continent is not peaceful. There are many large chambers of commerce in Tiannan Continent, three religions and nine streams, starry sky thieves, etc., so Brother Ye must be careful. "

Ye Feng said: "Time is almost running out. I urgently need the Star Body Refining Pill to temper my body and improve my physique, because next I have a life and death duel, which is very dangerous, and I need to be fully prepared."

Next, Ye Feng got a map of the star field around Tiannan Continent from Gu Yu, and directly drove the starship to leave Tiannan Continent and rush into the starry sky.

...

Three days later, Ye Feng drove the starship and landed on the surface of a small star in the starry sky.

At this moment, the entire star body had no luster. At this moment, Ye Feng walked out of the starship. The surface of the stars under his feet was also barren, without any life.

"This is a dead and exhausted star. The will of the star has been destroyed. There should be no danger in mining the star essence..."

Ye Feng murmured, and then took out a huge cylinder from the storage ring.

"Boom!"

A slender metal tube immediately rushed out of the cylinder, like a spear, piercing the ground and spreading towards the core of the fallen star.

This huge cylinder is a magical magic weapon refined by the great weapon refiner of Tiannan Chamber of Commerce. It can be used to quickly mine and absorb the essence power from the star core of fallen stars.

At this time, Ye Feng saw that as the metal tube penetrated deeply into the star core of the star, streams of blue star essence, exuding an intoxicating pure light, were drawn from the depths of the

metal tube. It was absorbed and then injected into the cylindrical magic weapon collected on the surface of the stars.

"I'm so lucky. The first Death Star I came to contains such abundant star essence. It seems that it has not been mined by anyone else."

Ye Feng looked overjoyed. If he got the star essence of an entire star, it would be enough to refine the star body refining pill this time.

"Boom!"

Suddenly at this moment, an earth-shattering roar suddenly sounded from somewhere in this death star.

"what happened?"

Ye Feng's eyes were immediately startled. At this critical moment, he didn't want anything to go wrong.

"Poison-eating insects, you are here to guard the magic weapon that mines the essence of the stars. I will go and check the situation and come back."

Ye Feng released dozens of poison-eating insects, each of which was the size of a fist.

One of the poison-eating insects with a big face opened its vicious insect mouth covered with dense silver fangs, and actually made a human voice, saying: "Master, don't worry, who dares to approach here and try to destroy the master's magic weapon to mine the essence of the stars? We brothers will poison them immediately!"

"good!"

Ye Feng smiled and patted the leading bitch.

The poisonous insect's big head immediately jumped up and flew away into the distance.

Half an hour later, Ye Feng arrived at the hinterland of the Death Star.

At this time, on the desolate land in front of him, there was actually a huge volcano standing, and at this time, streams of extremely blazing molten flames were erupting from the crater.

"It turned out to be a volcanic eruption, which scared me."

When Ye Feng saw this scene, he couldn't help but breathed a sigh of relief and prepared to turn around and leave.

"Huh? There seems to be a figure in the endless lava of the volcano?"

At this time, Ye Feng suddenly looked over carefully and found a small figure floating in the terrifying molten flames, as if he was tempering himself with the infinite flames.

"That is....."

Next, Ye Feng approached with curiosity.

But after he looked carefully, his eyes immediately revealed a hint of surprise: "Xiao Huo? It's actually Xiao Huo!"

Xiao Huo is the little unicorn hatched from a mysterious fire unicorn egg that Ye Feng accidentally obtained in the first universe.

At that time, Ye Feng also got acquainted with an unreliable five-clawed golden dragon, and one person and one dragon hatched Xiao Huo, a young black fire unicorn.

Ye Feng still remembers that in order not to delay the growth of Xiao Huo, a cub of the starry sky overlord race, the five-clawed golden dragon took Xiao Huo away from the human race in the spiritual world and went to other places to find the strange fires in the world and help Xiao Huo grow.

At this time, a burst of memories emerged, and Ye Feng immediately rushed towards the place where the volcano erupted.

"I advise you to leave as soon as possible! Otherwise you will be dead!"

Suddenly at this moment, a very familiar voice sounded to Ye Feng.

Not far in front of Ye Feng, a five-clawed golden dragon that was as tall as a person appeared. It stood upright, held its head high, and spoke disdainfully, quite proudly.

Ye Feng laughed loudly and said: "Old Jinlong! I haven't seen you for so many years, don't you recognize me?"

"This sound is..."

The five-clawed golden dragon in front of him shook his head suddenly and suddenly looked stunned. Then he looked carefully at the young man in black clothes in front of him, and then he was shocked and said: "Wow! Feng Boy! It's unexpected! It's you! Mad, is it true? How can you be here? This is unscientific!"

Ye Feng walked over directly, slapped the old Jinlong who was shaking his head, and said, "Why can't it be me?"

At this time, Ye Feng looked at the mysterious fire unicorn in the volcanic lava ahead and said, "How is Xiaohuo improving now?"

The old golden dragon was quite proud of himself, grinning widely, and said: "This kid, Xiao Huo, has now reached the peak of his childhood stage. This time, with the help of the power of the volcanic lava of the entire star, he may be able to completely transform into Growth period! By then, Xiao Huo's strength will be comparable to that of a fifth-level spiritual master!"

Ye Feng's eyes immediately lit up, "Really or not? So awesome!"

The old golden dragon chuckled and said: "Then let's see who is cultivating Xiaohuo? I am the greatest and most noble five-clawed golden dragon in all the worlds."

Having said this, Lao Jinlong suddenly stared at Ye Feng beside him and said with some surprise: "By the way, Mr. Feng, how come you have come to the second universe? All the entrance passages of the first universe have been blocked by the universes of the first universe. The will is closed, how did you get out?"

"What? The entrance to the first universe is closed?"

Ye Feng's eyes suddenly changed and he said: "I have come to the perfect world of the Second Universe a long time ago. In order to seek more powerful power, before I came out, I came to the First Universe

The entrance is fine. "

Old Jinlong's eyes were also startled, and he said: "Then I don't know what's going on. Anyway, I learned from some strong people that the cosmic will of the first universe is about to close all entrances, so I took Xiao Huo and left quickly. The first universe has come to the perfect world of the second universe. Only in this vast perfect world can the starry sky overlord race like Xiao Huo grow to the strongest level. "

Ye Feng looked at Old Jinlong and couldn't help but worry: "Why did the cosmic will of the first universe suddenly close all the entrance passages?"

Old Jinlong shook his head and said: "I don't know either, but before I left the first universe, I heard the news that your father, Emperor Ye Qing, seemed to have used a very special method to combine himself and The cosmic will of the first universe merged together, and then closed the entire first universe, seeming to give birth to something very terrifying. Of course, this is just a rumor, and I don't know whether it is true or not."

When Ye Feng heard this, his eyes were slightly startled and he said: "My father has integrated the cosmic will of the first universe? Impossible! Even if the first universe is a small universe, even a peak eternal state power like Gu Tongtian I don't dare to take action against the will of the universe. Is my father that strong?"

Lao Jinlong shrugged and said, "I don't know either, I just heard about it."

Speaking of this, Lao Jinlong suddenly looked at Ye Feng with some seriousness and said: "Boy Feng, don't underestimate your father. Emperor Ye Qing is the most important person in the spiritual world and the first universe since its birth. The most amazing and talented existence in the world, he

was called the "Son of Destiny" by all the people in the spiritual world. He must be planning something, to merge with the will of the universe. This is so majestic that it makes this dragon feel terrified. Feel."

When Ye Feng heard what Lao Jinlong said, he frowned slightly and couldn't help asking: "So, we can't re-enter the first universe?"

Old Jinlong nodded and said: "That's right, unless the cosmic will of the first universe reopens the entrance channel, even the most powerful person in the second universe who has transcended the eternal realm will not be able to enter the first universe. The cosmic will can't be a joke. Even though the first universe is just a new universe, the existence of the will of the universe is too grand. Your father is also a great person who dares to integrate the will of the first universe. Anyway, the first universe is in a closed state. The universe will definitely give birth to something terrible, and it will be related to your father, Emperor Ye Qing."

Hearing this, Ye Feng could only nod his head and said: "I still thought about transcending the six levels of the realm of gods, and after entering the eternal realm, I would return to the first universe to find Gu Tongtian for a decisive battle, but now it seems that it is unlikely."

Lao Jinlong patted Ye Feng on the shoulder and said: "Boy Feng, don't think too much. Although Gu Tongtian is extremely powerful, he may not be your father's opponent. Your father is not a simple person, he is an extremely powerful hero. , don't worry about him, think about yourself first. In this perfect world of the second universe, what you will face in the future is an immortal human divine kingdom. The human divine kingdom is very terrifying, and it is probably the top one. A behemoth at the level of the Golden Star Territory."

Ye Feng nodded, his eyes firm, and said: "I believe my father. He must have his own reasons for doing what he did in the first universe. Perhaps it was also to fight against the behemoth behind my mother. And I will also do it in this perfect world." No matter what, my father, my mother, and I are a family connected by blood, and I will definitely reunite our family!"

Reuniting the family is Ye Feng's inner obsession!

This is also the motivation for Ye Feng to enter martial arts practice and continue to increase his strength.

Ye Feng, who has always been alone and practiced like an ascetic, really hopes that one day, his father, mother, and himself can reunite together and live together in peace.

How wonderful that would be...

Chapter 1336 Living together

And just when Ye Feng and Lao Jinlong were chatting without a word.

"Boom!"

The lava from the volcano not far away suddenly exploded.

"Roar!!"

A unicorn with a red divine light all over its body, extremely powerful, leapt out from the exploding molten lava, roaring to the sky.

It's Xiao Huo!

Now Xiao Huo has grown from the cub back then to a unicorn that is as tall as a person. Although it is not that big yet, it has already transformed into a growth stage. ??

"Buzz!"

Suddenly at this moment, a huge starship suddenly flew over the starry sky.

There was actually a flag embroidered with a black skull on the starship.

"It's the Star Pirates!"

Ye Feng's eyes moved and he wanted to step over to help Xiao Huo.

But at this time, the old golden dragon suddenly stretched out a big golden claw, grabbed Ye Feng, and said with a smile: "Feng boy, don't worry, the little unicorn can handle it. It just happened that it has transformed into an adult this time." In the long run, let this little guy see blood and kill those star pirates."

When Ye Feng heard this, he thought about it and said with a smile, "That's fine."

And just when one person and one dragon were talking.

Uh-huh! Uh-huh!

Two vicious thieves had jumped out of the starry sky pirate ship.

They looked at the small fire bathed in volcanic lava below, their eyes full of greed.

"Brother, this Fire Qilin doesn't seem to be an ordinary Qilin. It may be an extremely powerful Qilin cub. We captured it, directly released the Qilin's blood, and then bathed in this Fire Qilin's blood, which may be able to greatly transform us. The body and constitution transform into the legendary Qilin Holy Body!"

At this time, a starry sky thief from the ninth level of the third level of the divine blood realm laughed and said, the laughter was full of greed and cruelty.

The other big thief was a strong man at the fourth level of the Divine Bone Realm. He also had extremely fiery eyes and said, "You are right. The fire unicorn at the bottom looks extremely powerful. It is definitely a very extraordinary kind of unicorn." The cub looks like it has just transformed. It is when it is weak. We rush to catch it. This is priceless.

, we are so lucky! "

The two thieves laughed as they piloted the starship and flew towards the small fire bathed in the volcanic lava.

At this time, black iron ropes appeared in the hands of both of them. The surface of the iron ropes was full of ferocious steel thorns, and they looked extremely cruel.

This seems to be a magic weapon iron rope for catching strange beasts.

"Roar!"

But before the two starry sky thieves could release the magic iron rope in their hands, Xiaohuo suddenly discovered them.

Xiaohuo let out an angry roar, opened his mouth and spit out a red pillar of flame, which hit the two starry sky thieves in an instant.

"Hmph! It's just a fire unicorn cub. It's still early for your flames to harm us!"

A big thief sneered and instantly activated the energy defense shield on the starship.

"Wow!"

But at the next moment, the crimson flame beam erupted from the small fire without any hindrance, and it shattered the energy defense shield outside the starry sky ship.

"What?!"

In an instant, the two starry sky thieves were shocked.

They seemed to have no idea that the fire unicorn that looked like a cub, and the flames it sprayed out from its mouth, actually had such terrifying smelting power.

You know, the energy shield of their starry sky pirate ship can even withstand the attacks of superpowers at the peak of the fourth level of the Divine Bone Realm, tenth level.

"What kind of terrifying race is this Fire Qilin? It has just transformed into the growth stage, and it has terrifying attack power that surpasses the fourth level of the Divine Bone Realm! How is this possible?"

The two starry sky thieves immediately fled in a hurry towards the distance.

"boom!"

But at the next moment, the small fire once again erupted into a pillar of crimson flames, which shot straight from the ground to the sky, resplendent in the entire dark night sky.

"ah!"

A weaker star thief was immediately burned to ashes and died instantly.

The second starry sky thief sacrificed a one-dollar heavy water drop at the critical moment, extinguishing the flames in the sky.

"Uh-huh!"

The starry sky thief glanced hard at Xiao Huo below, and then quickly rushed out of the starry sky.

"boom!!"

But suddenly at this moment, a golden flaming giant sword, like a god waving a long sword, suddenly fell from the starry sky, instantly splitting the escaping starry sky thief and the entire starry sky ship into two halves .

"Ho ho ho!"

Xiaohuo was stunned for a moment, but then he saw a familiar young figure in black clothes, stepping from high in the starry sky. He immediately rushed to the sky happily, and used his own clothes on the corner of the young figure's clothes. Rubbing his big head.

The young figure in black clothes is naturally Ye Feng, who has been watching secretly. ??

In the end, he took action and killed the escaping starry sky thief in a single slash with his True Flame sword.

At this moment, Ye Feng looked at Xiao Huo, who was extremely affectionate to him. He couldn't help but touch Huo Qilin's huge, flame-burning head, and smiled and said, "Xiao Huo, long time no see."

Uh-huh!

At this time, Lao Jinlong also flew over from not far away, glanced at Xiaohuo, curled his lips and said: "This little thing, you should be more affectionate with me, little Zephyr."

"correct."

Suddenly, Ye Feng stared at Old Jinlong and asked, "Where's that guy Teng She? I remember that he left to practice with you, Old Jinlong."

Old Jinlong grinned and said: "That boy Teng She was lucky. He was spotted by a big shot in the ancient dragon world. He was taken away half a year ago and entered the dragon world."

Hearing this, Ye Feng couldn't help but nodded slightly and said: "Teng Snake's qualifications are indeed good. I once heard him say that he was originally just a little snake living in the Long Yuan River on the Long Yuan Continent in the first universe, but Because he passively absorbed some of the primitive energy from the primitive fragments in Longyuan Continent, he was reborn and evolved into the ancient Soaring Snake.

The big shots in the dragon world are interested in it, and this is also his destiny. "

After saying that, Ye Feng looked at Lao Jinlong and Xiaohuo and said, "What are your plans next? Continue to wander in the starry sky of the second universe?"

"Ho ho ho!"

Xiao Huo immediately rubbed the hem of Ye Feng's clothes intimately. Although he could not speak human language yet, he conveyed a thought to Ye Feng and Lao Jinlong: "I want to live with my brother."

The "brother" in Xiao Huo's mouth naturally refers to Ye Feng.

The old golden dragon was silent for a while, then nodded and said: "The second universe is much vaster and more dangerous than the first universe. I brought Xiaohuo, a five-clawed golden dragon, and a starry sky overlord race Xuanhuo. Qilin can indeed easily become a favorite in the eyes of

various strong men and powerful forces, so just follow Xiao Huo's wishes and follow you, Feng Boy."

Ye Feng laughed and said: "Don't worry, now I have stabilized in the Galaxy Holy Land. There is no problem for you to live with me for the time being. The place where I live is the distinguished disciple area in the Holy Land, which is a crystal palace. , there's a lot of space inside, and there's plenty of space."

"Ho ho ho!"

Although Xiao Huo can't speak human language yet, he can understand human language, and he immediately roared excitedly.

Next, Ye Feng took Lao Jinlong and Xiao Huo back to the place where he collected the star essence.

Lao Jinlong saw a group of fist-sized poison-eating insects from a distance, guarding there. Especially when he saw the leader of the poison-eating insects as big as a basin, he was immediately startled and couldn't help but said: "Feng Boy, this is A group of vicious bugs have grown so big?"

Ye Feng smiled slightly and said, "Yes, these poison-eating insects are very tenacious."

With that said, Ye Feng put the group of poison-eating insects into the spirit beast bag with one move.

Then he saw that the cylindrical magic weapon that extracted the Death Star was filled with star essence that exuded intoxicating blue light.

"These should be enough!"

Ye Feng looked overjoyed and put away the magic weapon, then took out a second-level starship and flew towards Tiannan Continent with Old Golden Dragon and Xiao Huo.

Chapter 1337: Stay with me to the end

The speed of the starship was very fast. In less than a few days, Ye Feng, Lao Jinlong and Xiao Huo were almost approaching the Tiannan Continent.

"Buzz!!"

But suddenly at this moment, a very terrifying energy fluctuation, exuding a frightening aura of destruction, suddenly came from the depths of the starry sky not far away.

"Buzz buzz!"

At this time, even the starship driven by Ye Feng shook violently, and the energy array on the starship was almost shattered by the energy fluctuations.

"What happened in that place?"

At this moment, Ye Feng and Lao Jinlong looked at each other.

"Let's go and have a look!"

One person and one dragon said almost in unison.

Obviously, they are extremely curious.

"Ho ho ho!"

Although Xiaohuo didn't know what happened, he couldn't help but screamed beside Ye Feng and Lao Jinlong.

The three of them all have adventure factors in their hearts, and they are not afraid of anything.

Uh-huh!

The starship immediately flew in the direction of the devastating energy fluctuation.

Soon, they came to an area of broken starry sky filled with countless meteorites, large and small.

At this time, the starship floated behind a huge meteorite, covering the hull.

Ye Feng and Lao Jinlong both looked in that direction, with a hint of surprise in their eyes.

In the center of this broken starry sky area, there were actually four figures floating.

These four figures all exude a huge aura of cultivation that is terrifying to the extreme.

The four figures were an old man and a young man.

The two old men seemed to be the strongest of the two giants.

The two young men are both young men, with unrivaled elegance and powerful aura.

Behind a huge meteorite not far away, the old golden dragon in the starship said in surprise: "It seems that two top young powerhouses from the Tiannan Star Region are fighting in the depths of the starry sky."

At this time, Ye Feng's eyes were fixed on one of the two groups of people.

This group of two people, the old man and the young prodigy, were wearing clothes from the Galaxy Holy Land!

At this time, Ye Feng saw this young man wearing the costume of the Holy Land of Galaxy. The huge aura of cultivation surging on his body made Ye Feng feel very suffocated and simply couldn't breathe.

"The cultivation of these two young people may be the sixth level of the Realm of God, the cultivation of the tenth level of the True God Realm, or even the existence of the Half-step Eternal Realm. Among the younger generation of the Tiannan Star Region, the first-level star region, , It is definitely the most top-notch combat power."

At this time, Lao Jinlong spoke from the side, with a hint of surprise in his tone.

"Half step into eternity?"

leaf

Feng Yan was startled, and then a name popped up in his mind: Ask the People.

Asking the common people, the strongest of the ten holy sons of the Galaxy Holy Land, founded the Celestial God Society, with members all over the Galaxy Holy Land.

Moreover, he is also known as one of the "Three Emperors of Tiannan" and one of the three most amazing and talented people among the younger generation in the Tiannan Star Region.

"Only if you ask the common people, can you have that terrifying cultivation momentum..."

Ye Feng murmured, took another look at the handsome young man in the center of the meteorite zone in the distance, and then quickly left here in the starship.

Ye Feng knew that this might be a secret competition between the top young geniuses in the Tiannan Star Region.

But he didn't want to read any more, because it didn't make any sense.

The current self is still too far away from that kind of existence.

At this time, Lao Jinlong muttered quite depressedly, "I thought some strange treasure in the starry sky was born."

Ye Feng smiled slightly and said: "The place we are going to next is the largest chamber of commerce in the Tiannan Continent. The Tiannan Chamber of Commerce owns a city as a general warehouse, which stores countless precious and exotic treasures. Old Golden Dragon, If you have money, you can buy anything you want."

Old Jinlong couldn't help but his eyes lit up when he heard this, and said: "I have traveled all over the world with Xiaohuo over the years and accumulated a lot of wealth. This time I just went crazy to purchase some needed things."

Having said this, Lao Jinlong suddenly stared at Ye Feng, who was driving the starship next to him. His eyes flashed and he said, "Do you seem to know one of the two top geniuses just now?"

Ye Feng shook his head and said: "I don't know him, but I guessed his identity. He is the most powerful young genius in the Galaxy Holy Land where I am now. Ask the people."

"Ask the common people?"

The old golden dragon nodded slightly and said: "The name is quite domineering, and the strength is not weak. It is very powerful. He has entered the half-step of eternity at a young age. Moreover, it seems that he is not an ordinary human race. I am a five-clawed golden dragon, right. The aura of dragons is very sensitive, and just now I smelled the vast aura of an ancient ancestral dragon from his body."

Ye Feng's eyes darkened slightly when he heard this.

Ancient Ancestral Dragon?

That was the supreme ancestral dragon clan in the dragon world, and it was very terrifying.

Asking the common people is actually related to the ancient ancestral dragon in the dragon world?

Could it be that he is the hybrid descendant of an ancient ancestral dragon in the human world?

At this time, Lao Jinlong asked aloud: "Little Feng, you don't have any grudge against that scary guy, do you?"

Ye Feng shook his head with a smile and said: "There is no hatred, I just have some conflicts with members of a disciple faction he founded. And, believe me, one day, I will surpass

Better than him! "

Uh-huh!

After the words fell, Ye Feng increased his driving force, and the starship instantly accelerated its speed.

On the night of the next day, the starship driven by Ye Feng safely arrived outside Tiannan City in the center of Tiannan Continent.

This time, Ye Feng had the exact map. He no longer needed to blindly descend into the wilderness of Tiannan Continent and rush to Tiannan City. He arrived directly outside Tiannan City.

With Lao Jinlong and Xiao Huo, Ye Feng quickly walked into Tiannan City and rushed straight towards Tiannan Chamber of Commerce.

"stop!"

Suddenly, on a street, a young man wearing noble clothes stopped Ye Feng.

This young man stared at the five-clawed golden dragon and Xiao Huo behind Ye Feng, and said proudly: "Boy, these two beasts of yours are of extraordinary blood. They are actually the rare golden dragon and fire unicorn. I will give you one now." Tens of thousands of holy crystals, your two pet beasts belong to me."

Ye Feng looked calm and said: "Sorry, they are not my pet beasts, but my friends."

Snap!

But this young man in Jinyi didn't bother to listen to what Ye Feng said. He casually threw a storage ring to Ye Feng and said: "It contains 10 million Saint Crystals, take it."

Then the young master in brocade clothes said directly to the two tall guards beside him: "Take two ropes and bring the golden dragon and the fire unicorn to me."

"Yes, young master!"

The two guards immediately clasped their fists and shouted, then walked towards Lao Jinlong and Xiao Huo.

"Roar!!"

But suddenly at this moment, Xiao Huo suddenly opened his mouth and sprayed out a pillar of crimson flames, which instantly hit the two tall guards.

"ah!"

"ah!"

Accompanied by two screams, the two tall guards were immediately burned black, their hair and clothes were burnt, and they were extremely miserable.

"What?"

The young master in Jinyi immediately changed his expression and couldn't help but said: "My two guards are both third-level divine blood realm ninth-level warriors. How can a little fire unicorn cub be so powerful? It must be because of the terrifying bloodline. The Qilin race! He may even be the emperor of the Qilin clan!"

The young master in brocade clothes didn't even care about the two guards who were burned miserably. Instead, he immediately stared at Xiao Huo with scorching eyes and said, "I must get you!"

Ye Feng gently stroked Xiao Huo's big unicorn head, then looked at the young man in brocade clothes not far away, and said indifferently: "If you keep pestering me, don't blame me for being rude."

"Hahaha!"

The young man in Jinyi immediately laughed and said: "Boy, who are you? How dare you talk to me like this? You don't even want to ask."

I want to ask, what kind of identity does this young master Ao Yuxiao have in Tiannan City? "

Ao Yuxiao?

Ye Feng's eyes were stunned, then he shook his head and said with a cold look: "I have never heard of you, but I advise you to leave as soon as possible. If you dare to pester me again and want to buy and sell my friends by force, I will let you know what regret feels like."

"You are presumptuous!"

The young man in Jinyi who called himself Ao Yuxiao immediately shouted coldly, with a playful and mocking smile on his face, and said: "Boy, you are very good, you are really very good, you are the first one in so many years who dares to contradict me like this. I don't mind playing with you, let's see who regrets it in the end."

Wow!

Almost at the moment Ao Yuxiao finished speaking, he suddenly took out a communication talisman from the storage ring and immediately threw it high into the sky.

"Snapped!"

The communication talisman directly exploded a divine light high in the sky.

In an instant, the attention of countless people was attracted.

Ao Yuxiao looked at Ye Feng not far away, and immediately smiled coldly and said: "Boy, just wait to die!"

At this time, beside Ye Feng, several kind-hearted warriors suddenly silently sent a message to Ye Feng, saying: "Little brother, leave here quickly and find a place to hide! This Ao Yuxiao is our Tiannan City giant. The young master of the proud family has always been domineering. Anyone who dared to offend him died, and died miserably. His body would be hung on an old locust tree outside Tiannan City and displayed to the public for a month. It is very scary! "

At this time, another warrior among the people around him said: "Little brother, although you are extraordinary in strength, the Ao family is a giant family in Tiannan City and has a profound foundation. You are no match for them! Run away quickly!"

...

I heard the voice transmissions from many people.

At this time, Ye Feng passed the message back to several people around him and said: "Thank you for your kind reminder, but since I have come to Tiannan City, I will not leave easily."

After the words fell, Ye Feng looked at Lao Jinlong and Xiao Huo beside him, and suddenly said: "Are you afraid?"

Old Jinlong immediately grinned and said: "If it is the giant power in the entire Tiannan Star Region, then I may be afraid, but the so-called giant family in the Tiannan Continent City is nothing to be afraid of!"

Roar! !

Xiao Huo also roared loudly, and a ball of blazing crimson flames suddenly burst out from the majestic Qilin's body, which also showed its attitude.

Ye Feng looked at the arrogant Ao Yuxiao across from him at this time, with a hint of coldness in his eyes, and said: "Ao Yuxiao, young master of the Ao family, you want to play, right? Then I don't mind accompanying you to the end. !"

Wow!

When Ye Feng's words fell, it was like a huge stone falling into the sea, which instantly aroused the horror and excitement of countless people around him.

Chapter 1338 Fifty Million Saint Crystals

quiet!

Deadly quiet!

At this time, everyone on the field stared at the young man in black clothes with a hint of disbelief.

They seemed to have never imagined that in Tiannan City, someone would dare to confront Ao Yuxiao like this after knowing the identity of Ao Yuxiao, the young master of the Ao family.

"Isn't this looking for death?"

Many people on the surrounding streets couldn't help but shake their heads.

"This Ao Yuxiao is very cruel. It is said that even the starry sky thief dare not offend him. The last time a starry sky thief offended Ao Yuxiao, he was chased by the Ao family until he had no way to go to heaven or to the earth. The last one After the Starry Sky Thief was caught, he was skinned and cramped, and then his body was hung outside the city gate and exposed for three months! "

Many people couldn't help but speak out at this time, with a hint of fear in their tone.

Therefore, in the eyes of everyone, if Ye Feng dared to provoke Ao Yuxiao, the young master of the Ao family, he was seeking his own death.

"This young man can't survive. The heritage of the Ao family is too deep."

Everyone around stared at the young man in black clothes, shaking their heads and sighing.

At this moment, Ao Yuxiao stared at Ye Feng across from him, with an unbelievable look in his eyes, and said: "You...how dare you talk to me like this?"

Ye Feng sneered and said: "Who are you? Why don't I dare to talk to you like this? Come here!"

boom!

Ye Feng suddenly took action and grabbed it with one hand.

His hand suddenly began to expand in the sky, swelling into a huge chaotic palm.

It was like a giant's hand covering Ao Yuxiao's head.

Although this young master of the Ao family is arrogant and looks very arrogant, in fact his own cultivation is not strong, he is only at the sixth level of the divine blood realm.

"ah!"

He felt Ye Feng's terrifying and majestic aura when he took action, and he immediately said in horror: "The master of the family behind me hasn't arrived yet, and you took action against me?"

Ye Feng's eyes showed a cold smile and said: "Who said that I have to wait until your help comes before I can take action? Come here obediently!"

boom!

The big, chaotic hand suddenly grabbed hold of Ao Yu, the young master of the Ao family.

Xiao, as if grabbing a little chicken, grabbed it directly.

"You can't...ah!"

Ao Yuxiao was about to say something, but was slapped down by Ye Feng and then stepped on him.

"hiss!"

Everyone around them couldn't help but gasped when they saw this scene.

They never expected that this young man in black would be so ferocious, imprisoning Ao Yuxiao, the young master of the Ao family, and trampling on him.

"Incredible! Incredible!"

Many people couldn't help but exclaimed.

They had a premonition that there would be a brutal and bloody fight in Tiannan City.

Uh-huh! Uh-huh! Uh-huh!

And suddenly at this moment, a dozen figures suddenly appeared from the end of the street not far away.

The cultivation auras of these dozen figures are extremely powerful.

Astonishingly, there were more than a dozen fourth-level Divine Bone Realm powerhouses.

In this Tiannan City, he can definitely be regarded as a first-rate master.

They stared at Ao Yuxiao who was stepping on Ye Feng's feet at this moment, and immediately said in shock and anger: "Young Master! What's wrong with you?"

Ao Yuxiao immediately yelled: "What's wrong with me? Can't you see it? I was severely humiliated by this boy in black! Hurry up and kill this boy in black! I want to see him with my own eyes die!"

At this time, the dozen Ao family masters immediately stared at Ye Feng and said in a cold tone: "Boy, you are too courageous. Let our young master of the Ao family go quickly. I promise to keep your body intact."

"Leave me a whole body?"

Ye Feng smiled and suddenly took out a golden sword from the storage ring with a "clang" sound.

He held the golden sword, and the cold tip of the sword was instantly pressed against the throat of Ao Yuxiao under his feet. He said coldly: "It's easy for me to let him go. I'll use 50 million Saint Crystals to redeem your little one." Young Master, otherwise the sword has no eyes, and my sword may pierce this Ao Yuxiao's throat in the next second."

"you.....!"

Ao Yuxiao, the young master of the Ao family, finally became afraid after hearing Ye Feng's cold and biting words.

, he quickly shouted in horror: "Fifty million Saint Crystals? My life is not that valuable! Fifty million Saint Crystals can buy half of the family behind me!"

Poof!

Ye Feng suddenly drew his sword, cut off one of Ao Yuxiao's fingers, and said indifferently: "Did I let you speak?"

"ah!!"

The fingers were linked to the heart, and when one of the fingers was cut off, Ao Yuxiao immediately howled in agony.

This proud young master has been a pampered master since he was a child. He has never suffered such pain. He broke a finger and almost fainted from the pain.

"What a waste."

Old Jinlong sneered at this time, then stretched out his big golden claws, fiddled with Ao Yuxiao's other fingers, and said to a dozen Ao family masters in the distance: "Hurry up and use 50 million Saint Crystals to redeem people. , otherwise Ben Long would also try the feeling of breaking someone's fingers, it would be very wonderful."

Fifty million Saint Crystals!

This is a huge sum of money!

Ye Feng and Lao Jinlong looked at each other and smiled. If they got it, they would really become rich overnight.

One person and one dragon are no big deal.

"Siege them directly! I don't believe they really dare to kill the young master!"

Suddenly at this moment, those dozen Ao family masters took action one after another.

They drew their swords and rushed directly towards Ye Feng with terrifying murderous intent.

"Small fire! Burn them to death!"

Suddenly Lao Jinlong shouted.

"Roar!!"

Accompanied by an earth-shattering roar, Xiaohuo suddenly opened his huge Qilin mouth, and a ball of extremely blazing flames rushed out in an instant, turning into a pillar of flames and directly hitting the dozen Aojia masters. in front of you.

"A mere fire unicorn cub wants to burn top experts like us to death? He thinks too highly of himself!"

An Ao family master sneered, holding the ancient black golden sword in his hand. This was a second-grade true god level magic weapon, very powerful.

"boom!"

He slashed down with his knife, trying to break into pieces the flaming beam of light spit out by Xiao Huo.

"Buzz..."

But the moment the blade of the ancient black golden sword in his hand touched the pillar of flames, the entire solid body of the sword suddenly suddenly

It just melted into drops of molten iron and dripped onto the earth.

"What? Melted?"

The master of the Ao family suddenly looked in disbelief, and couldn't help but said in horror:
"How is that possible!"

"ah!"

But in the next moment, the proud master was enveloped in a large fire, and then let out a painful howl.

A moment later, more than a dozen Ao family masters at the fourth level of the divine bone realm were all killed and burned to ashes.

"Ding-ding-ding-ding-ding..."

There were only a dozen storage rings that fell from the sky. They were the storage rings of a dozen proud masters.

Uh-huh!

Ye Feng stretched out his hand and sucked the dozen storage rings directly into his hand, and then divided them equally with Lao Jinlong and Xiao Huo.

"Hahaha! It's so cool! It's just free money!"

Old Jinlong screamed with joy.

"Ho ho ho!"

Xiaohuo was also very happy.

At this time, Ye Feng looked at Ao Yuxiao at his feet, and then stabbed the long sword into his skin a little bit, and blood flowed out drop by drop.

Then Ye Feng suddenly exerted all his energy and shouted in the direction of the Ao family in Tiannan City: "Listen, people of the Ao family! Your young master got into trouble outside. Hurry up and redeem yourself with 50 million Saint Crystals, otherwise This sword of mine will pierce his throat directly, don't think that I dare not kill him."

At this time, Ye Feng said, the metal tip of the long sword pierced Ao Yuxiao's skin a little bit, causing many people around to see it and couldn't help but tremble.

This young man in black is really fierce!

"Show mercy!"

Finally, a middle-aged man's majestic voice came from the direction of the Ao family: "If you let my son go, I will hand over the 50 million Saint Crystals directly to you."

The moment the voice fell, a big spiritual hand suddenly stretched out from the depths of the Ao family, holding a mountain of holy crystals in its hand. The amount of that mountain of holy crystals was definitely worth 50 million holy crystals!

"It's the head of the Ao family, Ao Wuchang!"

Suddenly there were bursts of exclamations from the crowd.

Obviously, everyone did not expect that the heroic head of the Ao family, Ao Wuchang, would eventually choose to compromise.

Chapter 1339 Body Transformation

Ye Feng reached out and grabbed the Saint Crystal Mountain worth fifty million and put it into his storage ring.

"Get rich!"

Such an idea came to his mind, and then he picked up Ao Yuxiao, who was like a dead dog on the ground, and threw him into the distance. He said indifferently: "Let's go. Before I cause trouble next time, I'll keep an eye on you. Don't mess with you." A remarkable existence."

After the words fell, Ye Feng took Lao Jinlong and Xiaohuo and walked towards the Tiannan Chamber of Commerce in the inner area of Tiannan City.

At this time, Ao Yuxiao's eyes revealed a look of extreme shame.

There was a vicious look in his eyes, staring fiercely at the retreating figures of Ye Feng and his group.

...

When Ye Feng came to Tiannan Chamber of Commerce, he quickly found Gu Yu.

Gu Yu was very surprised to see Ye Feng returning so soon, and said: "Brother Ye, I didn't expect you to come back so soon? How is your star essence collection going?"

Ye Feng smiled slightly and took out the previous cylinder magic weapon.

At this time, the storage space of the transparent cylinder was filled with star essence, exuding a mesmerizing sky-blue divine light.

"This is probably the star essence of nearly an entire small star!"

Gu Yu was a little shocked, and then said: "Brother Ye's luck is really good."

When Ye Feng saw what Gu Yu said, he couldn't help but asked with some anticipation: "How many star body refining pills can be refined from this whole jar of star essence?"

Gu Yu thought for a moment and then said: "It is estimated that one hundred star body refining pills can be refined, and it will take a month to refine them."

Ye Feng immediately showed a hint of excitement in his eyes and said: "One hundred? Can they be refined in a month? That's great!"

Gu Yu smiled bitterly and said: "Brother Ye, don't get too happy yet. To refine the Star Body Refining Pill, the star essence is only the main ingredient. In addition, many other expensive auxiliary materials are needed. I made a preliminary estimate. The auxiliary materials required for hundreds of star body refining pills can be purchased from our Tiannan Chamber of Commerce at the lowest price. I am afraid that it will also require a full 10 million holy crystals. Brother Ye, do you think you need to refine some less? After all, it is a Thousands of holy crystals."

Ye Feng smiled slightly and said: "Ten million Saint Crystals? No big deal, I just picked up 50 million Saint Crystals for nothing."

"

Picked up 50 million Saint Crystals for nothing? "

Gu Yu didn't know why, but looked shocked.

...

In the following days, Gu Yu received a 1% remuneration to help Ye Feng devote himself to refining the Star Body Refining Pill.

Gu Yu is quite a good person. As a sixth-grade true god-level alchemist, it is usually difficult to ask him to help, and he has been helping people refine alchemy for a month in a row.

Therefore, although Gu Yu originally said that he would not charge commission, Ye Feng still gave him 1% of the commission.

After all, you can't let people work in vain just because they are friends. In that case, Ye Feng himself will be embarrassed.

A month later, Gu Yu successfully handed one hundred and three star body refining pills into Ye Feng's hands.

Ye Feng looked at the more than 100 pills that exuded the light of stars, and felt very happy.

After he handed Gu Yu a 1% commission, he left Tiannan Continent with Lao Jinlong and Xiao Huo.

In the starry sky around Tiannan Continent, Ye Feng found a desolate small planet and temporarily lived here, preparing to refine all the star body refining pills.

Before returning to the Holy Land of Galaxy, Ye Feng naturally hoped to improve his physical fitness.

Lao Jinlong took Xiao Huo to look for opportunities on this abandoned and desolate planet.

The three of them made an appointment to meet again here a month later.

Ye Feng found a very hidden cave nearby and took out the star body refining pills one by one.

The Star Body Refining Pill, a fourth-grade true god level elixir, is many times more advanced than the White Jade Body Refining Pill that Ye Feng had taken before.

"Gulu!"

At this time, Ye Feng had no hesitation at all and simply swallowed a star body refining pill.

Buzz!

Almost at this moment, he immediately felt a very powerful and majestic star essence exploding in his body.

At this moment, meat

As far as the eye can see, wisps of bright starlight are emanating from the inside of Ye Feng's body.

At this time, Ye Feng's entire body was bathed in the radiance of bright stars, which made him look filled with a divine aura.

"Grrrrrrrrrrr..."

Ye Feng could feel that the energy of the Star Body Refining Pill was quickly integrating into his flesh and bones. ??

His entire body was undergoing a subtle and huge transformation.

The chaotic body is growing rapidly.

"Gulu!"

Ye Feng next swallowed the star body refining pills one by one, and then quickly refined them.

Every star body refining pill is priceless.

But Ye Feng didn't feel any distress at this moment. He swallowed them all as if he were eating fried jelly beans.

Because Ye Feng knows very well that the real wealth is the growth of his cultivation strength.

If you are not willing to invest in your own cultivation strength, then no matter how much wealth you have, it will be in vain in the end.

Only by constantly becoming stronger is the last word!

In this way, Ye Feng sat in the dark and lightless cave for a whole month.

On this very day.

"boom!"

A huge wave of life suddenly emanated from the depths of the earth.

That kind of life fluctuation is as majestic and powerful as an ancient behemoth.

"Boom!"

The entire ground exploded, and Ye Feng rushed out from the dark depths of the ground and stepped onto the ground again.

At this time, there was even a layer of mysterious blue light shining on the surface of his skin.

For a whole month, Ye Feng swallowed and refined one hundred and three star body refining pills. His physique, the chaotic body of the first heaven, finally entered the late stage from the middle stage!

Although he failed to break through to the Great Consummation state of the first heaven of the Chaos Body in the end, this was already a great progress.

Because if it weren't for the help of the One Hundred and Three Stars Body Refining Pill, Ye Feng would have wanted to

It may take decades of accumulation for Chaos Body to grow to the later stage.

"Although my cultivation is still at the fourth level of Divine Bone Realm, the strength of my body has improved too much this time!"

Ye Feng's eyes were bright, and he directly exuded huge soul power, wanting to recall the old golden dragon and Xiao Huo on this abandoned planet.

Counting the time, it has been almost half a year since I left the Holy Land.

It's time to go back!

"Chu Haotian, top ten disciples of the inner sect, huh, I'm not afraid of you anymore!"

Ye Feng secretly murmured in his heart.

"boom!"

"boom!"

"boom!"

But suddenly at this moment, three majestic large starships suddenly descended on the atmosphere of this abandoned planet.

On every large starship, there are strong men wearing black armor standing there. There are hundreds of people, all of whom are fourth-level divine bone realm strongmen.

Three large starships, forming a triangle, came towards Ye Feng from all sides, surrounding him.

At this time, on the largest ship in the starry sky, there was a majestic middle-aged man wearing a golden robe and standing with his hands behind his back. He looked like a high and mighty king. He looked down at Ye Feng on the surface of the abandoned planet below and said indifferently. :
"Young man, I finally found you."

This voice was very familiar to Ye Feng. It was the voice of the head of the Nancheng Ao family that day.

"You are the head of the Ao family, Ao Wuchang!"

Ye Feng's eyes were cold, he didn't expect this person to be so vindictive.

And at this time.

Behind Ao Wuchang's tall body, a young man with sinister eyes walked out. It was Ao Yuxiao, the young master of the Ao family.

He stared at the lonely Ye Feng below, with an extremely cruel smile on his face, and said: "We have sent people to lure your two powerful helpers from the monster tribe to a very remote place, and there is no time to rescue them. You, now you are surrounded by the three most powerful star fleets of our entire Ao family, boy, you are dead today! I will pay back all the humiliation you caused me in Tiannan City today!"

Chapter 1340 Crazy breakthrough

Buzz!

Buzz!

Buzz!

Three super-large starry sky ships formed three powerful starry sky fleets. At this time, they were like three cosmic beasts with teeth and claws, slowly descending in the direction of Ye Feng, giving people a suffocating and depressing feeling. .

Ye Feng raised his head slightly, clenched his fists, grinned suddenly, and said: "If you had come earlier, maybe I would have been killed off guard, but now that you have found me, you are just looking for death!"

"presumptuous!"

Standing on the top of the largest starry sky ship, the head of the Ao family, Ao Wuchang, suddenly shouted, put his hands behind his back, and sneered: "Boy, the aura of cultivation in your body is just that you have just stepped into the fourth level of the divine bone realm. You are at the first level of the Divine Bone Realm. Who gave you the courage to say such a thing when facing the three strongest star fleets of my Ao family? "

At this time, Ao Yuxiao, the young master of the Ao family, could no longer bear it and shouted: "The first fleet is following me. I will personally kill this arrogant boy! I will make the surface of this abandoned planet dyed red." His blood!" .???.??

boom!

Almost at the moment Ao Yuxiao finished speaking, the surface of his body was immediately covered with a layer of purple-gold battle armor. His whole body exuded a cold metallic luster and flowed with a heart-stopping purple-gold divine light.

Ao Yuxiao laughed proudly and said: "This set of armor is a fourth-grade true god-level battle armor that I invited the most powerful weapon refiner from our Ao family to refine. The entire body is made of purple gold. Made from the scales of the Purple Dragon King of the Dragon King clan, I am equipped with this set of purple gold battle armor. Boy, you are definitely no match for me!"

boom!

At this time, Ao Yuxiao's voice was full of confidence, and he led a group of dozens of Ao family masters, covered in purple gold armor, holding a black halberd, and instantly killed Ye Feng.

"It's just a good time to use this group of people to test the power of my Chaos Body now that it has entered the late stage of the first heaven."

Ye Feng murmured, then instantly rushed to the sky, clenched his fist and punched Ao Yuxiao who was leading the front.

This is the first time Ye Feng has fully unleashed the power of his chaotic body.

Moreover, it is the Chaos Body that has just surged in strength!

"boom!"

A surging chaotic energy suddenly erupted from his fist.

Buzz!

The entire void was suddenly shaken and shattered by Ye Feng's physical fist. Void turbulence appeared, and the scene was very terrifying.

"boom!"

Ao Yuxiao came over with a big halberd in his hand, and the two suddenly collided with each other.

"Crack!"

Almost in an instant, the black halberd in his hand was blown to pieces.

Ye Feng's fist was surging with the light of chaos, like the most ferocious weapon in the world, capable of destroying everything.

"boom!"

Ye Feng took advantage of the situation and punched Ao Yuxiao's body, directly shattering a large piece of the so-called purple gold battle armor.

"puff!"

Ao Yuxiao's originally high-spirited face suddenly turned livid in pain, and then he spat out a mouthful of blood, even the fragments of his internal organs were included in the blood.

"ah!!"

He suddenly let out a howl of extreme pain.

"No!"

It was cold not far away

Ao Wuchang, the head of the Ao family who was watching indifferently, finally couldn't stand anymore. His face suddenly changed and he rushed towards the battle field where Ye Feng and Ao Yuxiao were.

"It's too late!"

Ye Feng's eyes were extremely cold, and he punched out again without any fancy, his fist was like a war spear, crushing everything.

"boom!"

Ao Yuxiao's purple-gold armor was shattered, and his body was shattered inch by inch at this moment. The young master of the Ao family cried out in horror: "If you kill me, it will be extremely serious." s consequence....."

"Pfft!"

But the next moment, Ye Feng's eyes were cold and ruthless, and he showed no mercy to the enemy. He directly slapped Ao Yuxiao with his big hand of chaos and smashed Ao Yuxiao's entire body into a bloody mist.

"No!!!"

Ao Wuchang, who had just arrived not far away, saw the scene on the field and saw with his own eyes that his son was photographed into a bloody mist. The hero of this big family could no longer maintain his usual calmness. His eyes It turned red instantly.

Ao Wuchang's face was extremely ferocious, and his whole body erupted with a huge cultivation level belonging to the seventh level of the Divine Bone Realm, and he shouted: "Boy! I want you to die! I want you to be buried with my son!!!"

"God Fist of Destruction!"

Ao Wuchang burst out with extremely terrifying power. He punched out one punch after another. Countless shadows of the Demon God of Destruction flashed out in the light of his fists, possessing incredible pressure and power.

"Fist of Chaos!"

boom!

Ye Feng also released the terrifying power of his chaotic body at this moment.

Even though it is only the late stage of the first level of the Chaos Body.

But you must know that even if the Chaos Body is only in the first stage, it can overwhelm countless powerful physiques.

Therefore, even if Ye Feng does not use his martial arts inheritance, every punch is like a giant dragon hitting the sky, full of terrifying and boundless power.

"boom!"

"boom!"

"boom!!"

Ye Feng and Ao Wuchang both released the divine light all over their bodies, and they were fighting fiercely and horribly on this abandoned planet.

Rumble, rumble...

Suddenly, the entire surface of the planet was constantly collapsing, rivers were shattered, and countless floods surged into the sky, creating devastating disaster scenes.

Three huge starship fleets were floating high in the sky around them, unable to get close at all.

Because the destructive fluctuations on the central battlefield were simply terrifying to the extreme.

Even the three large starships of the Ao family may be destroyed in an instant if they get close!

"Boom!!"

Suddenly at this moment, in the center of the battlefield not far away, accompanied by a terrifying roar, the two figures suddenly separated.

At this time, blood flowed from the corner of Ao Wuchang's mouth, and his eyes were full of horror. The golden robe on his body was all in pieces, and it was obvious that he had not gained the upper hand in the fight just now.

Ye Feng's whole body was shrouded in the light of chaos, his black hair was dancing wildly, and his eyes were red. At this moment, he was simply extremely powerful, stimulating the terrifying power of the chaotic body.

"Go together!"

"

"Help the head of the family! Kill that little thief!"

All the hundreds of Ao family masters from the three giant starships flew out one after another, floating behind Ao Wuchang, like a starry sky army.

"This kid is so terrifying! What kind of physique does he have? Just the power of his body can actually burst out with such terrifying power! It's simply shocking!"

Ao Wuchang, a hero from the Ao family and Tiannan City, felt deeply shocked and frightened at this moment.

He immediately looked at the hundreds of Ao family masters behind him and shouted: "Okay! All the sons of the Ao family, follow me and use countless attacks to completely kill that boy!" ??

"Yes, Master!"

"Yes, Master!"

"..."

One by one, the masters of the Ao family shouted loudly, with an earth-shattering murderous intention in their tone.

But Ye Feng stood on the opposite side now, but he was not afraid at all.

After the battle just now, Ye Feng already knew very clearly how powerful he was now that he had transformed into the late-stage Chaos Body of the First Heaven.

"Kill! Kill! Kill!"

At this moment, Ye Feng was like an ancient warrior who was invincible in a hundred battles. He did not give in at all and launched a more powerful attack.

His pupils release red lasers that can tear apart everything.

His hands suddenly stretched out, and the two big hands condensed with chaotic energy were indestructible and as heavy as mountains. They were pressed down from the sky at once, capable of crushing everything.

His whole body moved, like lightning piercing the void, and he suddenly landed in front of a group of proud masters.

"boom!"

The power of his whole body exploded, and the chaotic energy spread in all directions. The light of chaos was like thousands of stars falling, smashing down on the earth, and smashing everything.

At this moment, Ye Feng simply burst out with unspeakable terrifying power. He was alone and fiercely fought against hundreds of Ao family masters.

"puff!"

"puff!"

"puff!"

The terrifying violent momentum swept through the entire venue like a hurricane. In an instant, the bodies of more than a dozen Aojia masters from the first and second heavens of the Divine Bone Realm were smashed into pieces, exploded, and turned into blood mist all over the sky.

"What a terrifying power!"

"This is simply not a person, but as ferocious as a starry beast!"

Countless Ao family masters couldn't help but exclaimed at this moment.

At this time, their previous courage suddenly disappeared.

All that was left in my heart was the deep feeling of fear.

Fear of Ye Feng!

That powerful power suffocated countless people!

"Run!"

At this moment, hundreds of Aojia masters fled madly towards the distance.

At the moment of life and death, they had long ago abandoned their inner loyalty to their master. Saving their lives was the most important thing.

"you.....!"

Ao Wuchang, the head of the Ao family, saw countless Ao family masters running for their lives, and he was so angry that he spat out a mouthful of blood.

"Abi Hell Road!"

Suddenly Ao Wuchang performed a forbidden secret technique inheritance, and a martial arts divine realm appeared around him, which belonged to Abi.

In the terrifying realm of hell, countless undead souls roared and roared, as if they had brought the terrifying power of hell to the human world.

"Martial Arts Divine Inscriptions!"

boom!

Ye Feng had no fear at all at this moment, and roared directly. The awakened martial arts sacred text, the word "power", turned into infinite divine light, melted into his punch, and then blasted out fiercely.

"Boom!!!"

Ao Wuchang fought back desperately, and the Abi Hell realm was instantly shattered by Ye Feng's fist that had cast his own martial arts inscriptions, turning it into fragments filled with divine light.

"ah!!"

Ao Wuchang howled miserably, and his entire body was penetrated by Ye Feng's punch.

Ye Feng's attack at this moment really released the purest power.

One force can defeat ten!

One punch breaks all laws!

Power is the eternal truth!

"No one can escape!"

Ye Feng roared and released the Dark Devouring Domain.

Buzz!

In an instant, endless darkness, accompanied by groups of terrifying swallowing vortices, covered the entire surface of the abandoned planet, shrouding hundreds of Ao family masters, including Ao Wuchang, in darkness, and then quickly Devour and absorb their power.

"Ah! My power is dissipating quickly!"

"I feel like my life force is about to run out. Someone come and save me!"

"No! I don't want to die!"

At this moment, in the endless darkness devouring the realm, every proud master let out a deep roar of despair.

"Buzz buzz!"

At this moment, huge waves of energy and skill surged out from the Devouring Domain and poured into Ye Feng's body.

All the masters from the entire Tiannan City family, including a great figure at the level of a hero in the seventh level of the fourth level Divine Bone Realm.

What terrifying and majestic energy and skill that must be!

"boom!"

"boom!"

"boom!"

In an instant, waves of powerful cultivation aura erupted from Ye Feng's body.

That's the momentum of a crazy breakthrough!

"boom!"

Divine Bone Realm Second Heaven!

"boom!"

The third level of Divine Bone Realm!

"boom!"

The fourth level of Divine Bone Realm!

"boom!"

The fifth level of Divine Bone Realm!

"boom!"

The sixth level of Divine Bone Realm!

"boom....."

"Seventh Heaven of Divine Bone Realm!!!"

At this moment, Ye Feng looked up to the sky and roared, with a violent and heart-stopping aura surging throughout his body.

At this time, in that darkness-devouring realm, hundreds of Ao family masters, including Ao Wuchang, had all turned into shriveled corpses. The sight was terrifying!

At this time, Ye Feng suddenly looked at the three large starships floating in the sky.

Every giant ship in the starry sky contains the huge wealth of the Ao family.

Even Ye Feng couldn't help but murmur: "Ao Yuxiao, Ao Yuxiao, you are really my money-giving boy..."
