Chapter 1341 Alchemy Notes

Uh-huh!

Uh-huh!

And suddenly at this moment, two figures flew over quickly not far away.

It was Lao Jinlong and Xiao Huo who looked eager.

The two of them were originally very worried about Ye Feng's safety, but now looking at the shriveled corpses on the ground, the scene was horrifying.

Lao Jinlong immediately took a breath of air and couldn't help but said in surprise: "My dear, the entire Ao family was wiped out by the group? Boy Feng, what kind of terrifying strength have you improved to in this month?"

Uh-huh!

At this time, Xiaohuo rushed to Ye Feng's side, rubbed his big head against the corner of his clothes, and conveyed a thought: "Brother, I'm late. Uncle Long and I were deceived by a group of bad people." It was led into a black hole in the starry sky, and it took a lot of effort to get out. "

Ye Feng touched Xiaohuo's unicorn head, smiled slightly and said: "It doesn't matter, my body and physique have undergone great transformation in the past month. Those bad guys couldn't cause any harm to me, and I destroyed them all. "

At this time, Old Jinlong's eyes were shining, he rubbed his golden dragon claws excitedly, and ran towards the three huge starships with a smile, murmuring: "These are three starships belonging to a big family in Tiannan City. Fleet, there must be very rich wealth and treasures in these three large starships!"

Ye Feng walked over, slapped Lao Jinlong in the face, and said: "These three starships are all mine, and they don't belong to you. Why did you come so late?"

Old Jinlong chuckled, touched his golden faucet, and said: "Feng Boy, let me help you count the wealth here, how about giving me 1% of the hard work?"

Ye Feng nodded and said: "Okay, it just so happens that I don't have time to count the wealth. You and Xiao Huo can count it together."

After half a day, Ye Feng, Lao Jinlong and Xiaohuo were all stunned by the mountains of wealth in front of them.

It has to be said that this Ao family is indeed extremely rich, and is worthy of being a giant family in Tiannan City.

"Let's go!"

Ye Feng waved his hand and collected all the wealth that was piled up like a mountain in front of him.

then he

A starship was released, taking Old Golden Dragon and Xiao Huo towards the Galaxy Holy Land in Tiannan Star Region.

Half a month later.

They traveled through most of the Tiannan Star Territory and finally arrived at the surface of the planet where the base camp of the Galaxy Holy Land is located.

Ye Feng took Lao Jinlong and Xiao Huo directly to the Crystal Palace where he lived.

"Squeak!"

When I opened the door, my roommate Lu Yaoyao was not there. She might have gone out to practice.

Ye Feng looked at Lao Jinlong and Xiao Huo beside him, and said with a smile: "Except for the room in the north, which belongs to my roommate, you can choose the other rooms as you please."

"Not bad! Mr. Feng, your treatment in this Galaxy Holy Land is very good!"

Old Jinlong chuckled and said: "This Galaxy Holy Land seems to have drawn all the dragon veins on the entire planet to the base camp. I can feel a lot of free dragon vein energy from the air. Living in such an environment every day, it can subtly strengthen the body's constitution and improve its cultivation qualifications."

"Ho ho ho!"

Xiaohuo was also very happy for his new home, roaring with excitement.

After settling down the two wandering guys, Ye Feng walked into his training room at this time.

He was ready to stabilize the cultivation of the seventh heavenly realm of the fourth level of divine bone realm that he had just broken through.

Originally, it was just the chaotic body that had entered the late stage of the first heaven. Ye Feng also felt that Chu Haotian, who might not be able to kill Tianshenhui in a life-and-death battle, could only defeat him.

But now with the skills of hundreds of masters from the Ao family, Ye Feng has grown to the seventh level of the Divine Bone Realm, and Ye Feng immediately has super combat power.

In the decisive battle of life and death, killing Chu Haotian is no longer a dream!

However, there is still more than a month left before the original half-year appointment.

"I still have to find a way to improve my alchemist level.

If I can become a fourth-level true god-level alchemist, I will also be able to refine fourth-level true god-level elixirs such as the Star Body Refining Pill. "

Ye Feng is very aware of the huge role that the Star Body Refining Pill plays in the transformation and evolution of his body.

So when he returned to the Galaxy Holy Land this time, the most important thing was to go to the Holy Medicine Hall to learn alchemy and continue to improve his alchemist level.

"Bang!"

Half a month later, Ye Feng opened the door of the training room. .??.

At this time, in the Crystal Palace, Old Jinlong was lying on the ground and basking in the sun through the window.

Xiaohuo, on the other hand, was very diligent, breathing in the dragon's energy in the air.

"I'm going to the Holy Medicine Hall in the Holy Land to practice for a while. You two can stay here quietly."

After saying that, Ye Feng directly opened the door of the hall and walked outside.

Along the way, Ye Feng indeed discovered a lot of pale golden dragon vein energy, spreading in the surrounding air.

Ye Feng didn't notice it before, but now as his cultivation level has improved, his perception has become more terrifying, and he can discover some things that cannot be discovered normally.

In less than half an hour, Ye Feng arrived at the Holy Medicine Hall located in the inner area of the Galaxy Holy Land.

Here, Ye Feng once again met his alchemy master, Elder Yao.

When Elder Yao saw Ye Feng for the first time, he was very surprised and couldn't help but said: "In just half a year, your cultivation level has broken through so quickly?"

Ye Feng smiled, clasped his fists slightly and said: "Master, I don't know. In the past six months, I have been to the Tiannan Continent, the most prosperous place in our Tiannan Star Territory. I gained a lot there and got a lot of opportunities and blessings. It broke through so quickly."

Elder Yao nodded with satisfaction, stroked his long beard, and said: "Not bad, not bad. I can still feel that your body is also terrifying to the extreme. The space around you moves with your body. It's shaking slightly, which is really amazing."

Having said this, Elder Yao took out a book from his arms

The yellowed book was handed to Ye Feng, and he said with a kind smile: "This is my alchemy note. Many of your senior brothers and sisters have important matters, and they are all very busy. I also need to retreat for a month to refine alchemy. To prepare for the next big thing, Ye Feng, this alchemy notebook is enough for you to understand alchemy at the moment. "

Ye Feng took the alchemy notes and his eyes were slightly happy.

These are the notes of an alchemy master like Elder Yao. They are like treasures and cannot be obtained by ordinary people.

Now that I have these alchemy notes, if I stand on the shoulders of giants and learn alchemy, I will definitely be able to make rapid progress.

But at this moment, Ye Feng suddenly thought of something and couldn't help but ask: "Master, what is the big thing you just mentioned? Even your family members need to retreat for a month to refine alchemy?"

A mysterious smile appeared on Elder Yao's face, and he said: "I won't tell you this first, otherwise it will disturb your mind in practicing alchemy. You will know later that it is an earth-shattering event that concerns our entire Galaxy Holy Land. s future!"

As soon as he finished speaking, Elder Yao turned around and walked into the alchemy room deep in the Holy Medicine Hall, locking himself in the alchemy room, determined not to leave until he refined tens of thousands of elixirs.

Ye Feng's eyes were full of deep curiosity at this time, and he couldn't help being shocked.

What big thing is going to happen that will make Elder Yao and many senior brothers and sisters of the Holy Medicine Hall who are senior alchemists so busy?

"Elixirs are necessary for warriors to practice and recover. They are equivalent to the food and grass in ancient dynastic wars. Could it be that... the big thing that Master said is that our Galaxy Holy Land will launch a war at the level of giants and powerful forces in the future? "

Suddenly such a guess flashed through Ye Feng's mind, and he was secretly shocked.

"No matter what, I'd better study Elder Yao's alchemy notes as soon as possible, upgrade the alchemist level as soon as possible, refine the star body refining pill, and temper my chaotic body!"

Ye Feng's eyes were fixed, and he immediately found an alchemy room in the Holy Medicine Hall and began to study in seclusion to study alchemy.

Chapter 1342 Life and Death Duel Hall

Time passes quietly through your fingertips like quicksand.

Ye Feng has been practicing in an alchemy room in the Holy Medicine Hall for a whole month.

And with the alchemy notes of Elder Yao, a "Taoist level" alchemy master who surpassed the true god level, Ye Feng's alchemy skills improved quickly.

With the successful refining of a furnace of third-grade true god-level elixirs, it means that Ye Feng's alchemist level has successfully entered the level of a third-grade true god-level alchemist.

"The improvement of the alchemist level is really too slow. I have the evil talent transformed by the soul gem, and coupled with Elder Yao's alchemy notes, it took me a whole month to reach one level."

In the alchemy room, Ye Feng couldn't help but murmur.

But if his words spread, it will definitely arouse the indignation of countless people.

Because it usually takes an ordinary alchemist several years, or even more than ten years, to advance to the next level. .??.

But Ye Feng was promoted to a rank in just one month.

This is already very evil!

And just when Ye Feng was about to continue to understand the art of alchemy.

A harsh cold shout suddenly sounded in the alchemy room: "Ye Feng boy! Get out quickly! We know you are hiding in here! Come out if you have the guts, half a year has come! Brother Chu Haotian Association I'll crush you to death, hahaha!"

This voice was filled with deep mockery, obviously to provoke the general, fearing that Ye Feng would not be able to hide.

After all, Ye Feng is now Elder Yao's disciple. If he really hides in the Holy Medicine Hall and cannot come out, Chu Haotian can't do anything to him.

Ye Feng suddenly stood up in the alchemy room.

There was a hint of cold light in his eyes.

"Half a year is so fast..."

Ye Feng murmured and pushed open the door of the alchemy room.

At this time, he walked out of the Holy Medicine Hall and immediately saw what was happening outside.

A crowd gathered.

Standing in the middle is a young man wearing a glazed purple and gold battle suit. His body is majestic, giving people an epic and vast atmosphere.

It's Chu Haotian!

The one who just shouted for Ye Feng to come out was another young man standing next to Chu Haotian.

At this time, there were several people standing next to Chu Haotian, all of whom had strong auras. They should be senior members of the Celestial Society like Chu Haotian.

Ye Feng smiled faintly, stared at Chu Haotian, and said, "What? Don't you have the confidence to fight with me in a life-and-death duel? Why did you find so many helpers to help?"

Chu Haotian stepped on a huge golden warship, with his hands behind his back, looking down at Ye Feng, as aloof as usual, and said indifferently: "Killing you is as simple as squeezing an ant to death. These friends of mine are here today, just to see how you, the clown, will be crushed to death by me."

Uh-huh! Uh-huh! Uh-huh...

At this time, the movement on the field also attracted other people in the Holy Medicine Hall.

A group of senior brothers and sisters from the Holy Medicine Hall came out and looked at Ye Feng: "Little brother, don't accept the challenge. This Chu Haotian is very powerful. You are no match for the time being. As long as you stay in the Holy Medicine Hall, we will protect your safety. Absolutely no one dares to mess around, not even the God Society."

Ye Feng looked at the group of brothers and sisters from the Holy Medicine Hall who cared about him, and couldn't help but clasp his fists and said: "Brothers and sisters, don't worry, since I dare to challenge, I am confident of winning. Don't worry, just wait for me to come back victorious."

After saying that, Ye Feng soared directly into the sky.

"Uh-huh!"

"Uh-huh!"

At this time, old

Golden Dragon and Xiao Huo flew over from a short distance.

Ye Feng looked surprised and said, "What are you doing here?"

Lao Jinlong chuckled and said, "Of course I'm cheering for you, Mr. Feng!"

Xiao Huo also shouted: "Ho ho!"

"Five-clawed golden dragon and black fire unicorn?"

At this time, a group of senior brothers and sisters in the Holy Medicine Hall couldn't help but exclaimed.

A handsome and handsome fellow from the Holy Medicine Hall said: "My junior brother is actually able to be followed by two rare and rare beasts. This represents great luck. We don't have to worry. My junior brother is not as simple as we imagined. "

At this time, Chu Haotian, who was on the golden battlefield not far away, said coldly: "Don't waste time, Ye Feng, I'll wait for you in the Duel Hall of Life and Death."

boom!

Chu Haotian stepped forward, and the golden warship under his feet instantly cut through the sky and disappeared into the depths of the Galaxy Holy Land.

"Let's go too!"

Ye Feng, Lao Jinlong and Xiao Huo also immediately chased Chu Haotian and his party.

Soon they arrived outside a majestic and towering cold hall.

Ye Feng and the other three walked in and immediately saw an architectural design like a circular arena.

At this time, a group of people following Chu Haotian, including five or six masters of the Celestial Society, were standing in the auditorium around the circular arena with sneers on their faces.

There was no one else in the entire life and death duel hall.

Obviously this life and death duel is a secret duel.

At this time, Chu Haotian was wearing a glazed and purple gold battle suit, his body as tall and straight as a spear, standing in the arena, his eyes indifferent and aloof.

He saw Ye Feng coming in and went out directly

The voice said: "Come up and die."

Beside Ye Feng, Lao Jinlong reminded in a low voice: "Boy Feng, there is no one else in this life-and-death duel field. I feel that if you defeat Chu Haotian, this group of masters from the God Society may beat you up, but we still Be careful, after all, these are a group of fifth-level spiritual masters."

Xiaohuo roared and conveyed his thoughts: "Brother, Uncle Long, don't worry, my flames are very powerful now. If they dare to cheat, I will breathe fire and burn them to death!"

Ye Feng smiled and touched Xiao Huo's big unicorn head and said: "I will kill Chu Haotian. If other strong men from the God Association dare to intervene, the three of us will join forces to kill them all!"

"Hey hey hey!"

Old Jinlong smiled sinisterly and said: "Young man Feng, if you put it like that, I'm really looking forward to the intervention of those strong men from the Celestial Gods Association. After all, these

people are all strong men, and they are also senior members of the Celestial Gods Association in the Galaxy Holy Land. They must be extremely rich." Oil!"

Lao Jinlong and Xiao Huo were secretly on guard and walked to the audience.

Uh-huh!

At this time, Ye Feng jumped up and jumped onto the circular arena. The invisible murderous thoughts surged wildly into the void like cold sea water. He slowly said: "Chu Haotian, I have been waiting for this for half a year." It's been a long time."

Chu Haotian laughed loudly and shouted: "Ye Feng, who are you? You dare to talk to me like this? You are just an insignificant bug in the outer sect. I am the top ten disciples of the inner sect and possess the fifth level of the spiritual realm. With Zhongtian's super-powerful cultivation, a strong man like me can kill you, a poor ant, with just one slap!"

"Die!"

boom!

And almost at the moment Chu Haotian finished speaking, he stretched out one hand, and it immediately turned into a black evil beast's claws, grabbing directly towards Ye Feng, each claw was shining and entwined. There were jet-black lightnings, exuding an aura of destruction.

Chapter 1343 The terrifying

"You are the one who should die!"

Seeing Chu Haotian coming to kill him, Ye Feng shouted loudly, and his fist emitted the light of chaos and struck him instantly.

"boom!"

When the two collided, a very strong energy wave erupted directly on the field.

"Crack!"

Chu Haotian's transformed black claw was instantly smashed to pieces by Ye Feng's fist.

"How can it be!"

Chu Haotian immediately made a sound of shock and anger.

He originally thought that with one claw he could directly tear Ye Feng, a weakling who could not reach the divine bone realm, into pieces.

But what he never expected was that Ye Feng smashed his black claws with a punch.

Ye Feng laughed and said: "Chu Haotian, in your eyes, am I an ant? Hahaha! In fact, in my opinion, you are the poor ant!"

boom!

Ye Feng shouted loudly and unleashed the power of his chaotic body with all his strength.

"Crack!"

"Crack!"

Chu Haotian was beaten back and forth, and the sharp claws that appeared were shattered.

At this moment, Chu Haotian felt deeply ashamed.

He is a whole level higher than Ye Feng's cultivation level.

But now he was being beaten by Ye Feng.

"I don't believe it! I am one of the top ten disciples of the inner sect, with extraordinary combat power!"

Chu Haotian shouted: "Black Dragon Fighting Technique!"

boom!

This is an extremely terrifying killing technique!

In an instant, huge black dragons were directly derived from Chu Haotian's hands, one after another, leaping in the void, condensed with terrifying murderous aura, penetrating through thousands of spaces, possessing extremely terrifying power. Destructive power.

"Zhen Yan cuts with one sword!"

Ye Feng shouted loudly, and quickly condensed a metal sword in his hand. The sword body was instantly covered with a layer of golden dragon spirit holy fire, and he slashed directly towards the front.

"Pfft!"

"Pfft!"

Suddenly, the giant black dragons were cut off by Ye Feng's flaming sword.

"Holy Dragon Fist of the Sky!"

And at the next moment, Ye Feng displayed his most powerful martial arts inheritance, the sixth-grade true god-level martial arts!

"hold head high!"

In an instant, a sacred white light dragon emerged directly from Ye Feng's body.

It rushed out of the body, let out an earth-shattering roar, suddenly fell from the sky, and directly bombarded Chu Haotian on the opposite side.

"ah!!"

Chu Haotian never expected that Ye Feng would counterattack so quickly.

He was directly hit by the white light dragon, and the glazed and purple gold battle clothes on his body were shattered inch by inch and exploded.

Pieces of metal fragments pierced into his body, causing Chu Haotian to scream in agony.

"What?"

When seeing this scene, the expressions of several other powerful men from the Celestial Society in the audience changed.

They were prepared to watch a good show, to see how Chu Haotian brutally squeezed Ye Feng, a little outer disciple, to death.

But the result was a surprise to them. Chu Haotian was defeated completely and miserably.

"Holy Dragon Fist of the Sky!"

Ye Feng once again displayed this powerful set of boxing techniques.

One of his arms turned into a white light dragon, possessing infinite power, and struck Chu Haotian's body in an instant.

"Uh-huh!"

Chu Haotian quickly raised his arms to resist.

But now that the glazed and purple gold battle clothes he wears are broken, how can he compare with Ye Feng in the chaotic body?

"Pfft!"

So almost at this moment, Chu Haotian's resisting arms were crushed into pieces.

Ye Feng's fist was like a mountain made of steel. It not only possessed terrifying hardness, but also contained tremendous power.

"ah!!"

His arms were shattered into pieces. Chu Haotian, one of the top ten disciples of the inner sect, could no longer maintain his usual aloofness and aloofness. His face was suddenly distorted in pain.

"Stop!"

"Boy! You can't kill senior members of my Celestial Society!"

"Chu Haotian is one of the six guardians of our Celestial Society. He has a distinguished status. If you kill him, you will be in great trouble!"

Almost at this moment, several powerful men from the Celestial Society who were standing in the audience burst out with murderous intent and jumped directly to the circular arena to help Chu Haotian escape.

Ye Feng's eyes were extremely cold and he shouted: "The battle between life and death"

Fighting is a very sacred thing. The winner lives and the loser dies. This is the rule! Now that Chu Haotian has stepped onto this life-and-death duel stage, his fate is death! "

"boom!"

The moment Ye Feng finished speaking, he rushed towards Chu Haotian who was retreating quickly.

Chu Haotian's eyes were filled with fear. After the shadow of death enveloped him, he lost all courage and instead shouted in fear: "You can't..."

"Pfft!"

But before he finished speaking, Ye Feng had secretly activated the power of the space gem, flashed in front of him in an instant, and raised his sword to cut off Chu Haotian's head.

Snap!

Chu Haotian's headless body suddenly fell on the gladiatorial stage and died instantly.

"presumptuous!"

"Be bold!"

"Ye Feng! You are ignoring the majesty of our Celestial God Association!"

Several powerful men from the Celestial Society who wanted to save Chu Haotian landed on the arena, but it was already too late. Chu Haotian was already dead.

"Ye Feng, you have to go back with us and plead guilty!"

Several powerful men from the Celestial Society immediately rushed towards Ye Feng, their voices full of cold murderous intent.

Ye Feng shouted loudly: "You just wanted to intervene, which violated the rules of a life-and-death duel. Now you want to take me back to plead guilty? Hahaha! This is impossible!"

Uh-huh! Uh-huh!

At this moment, Lao Jinlong and Xiaohuo suddenly flashed to Ye Feng's side.

Several powerful men from the Celestial Society immediately couldn't help but made a sound of surprise.

Then one of the young and powerful men among them showed a deep sarcasm and said: "We are not weaker than Chu Haotian, but you and your two stupid beast pets naively thought that you could stay." All of us? This is ridiculous...ah!"

However, before the words of this young and powerful man from the Celestial Society could be fully finished, a ball of terrifying flames spewed out from the small fire had already surrounded his entire body. The protective divine light all over his body was directly burned to pieces, and his body was also burned to pieces. Burnt and blackened.

"ah!"

This young prodigy was boasting a lot just now, but now he immediately started howling miserably, unable to extinguish the flames on his body.

"Let's take action together! Kill Ye Feng first!"

The few remaining powerful men from the Celestial Society immediately rushed toward Ye Feng, their eyes filled with murderous intent.

"Thunder Formation!"

"kill!"

Suddenly the old golden dragon roared. This old ruffian dragon had some tricks up his sleeve, and he actually deployed a very powerful thunder formation in a short period of time.

"boom!"

"boom!"

"..."

In an instant, dozens of thunder beams struck down from high in the sky, exuding an aura of destruction, directly striking the powerful men of the Celestial Society until they were covered in smoke and twitching.

Ye Feng, on the other hand, stood silently on the field at this time, looking at everything in front of him quite relaxedly.

"Pfft!"

Then he directly held a battle sword and hit the target with a last strike. In a few seconds, he harvested the lives of all the strong men of the Celestial Society.

It has to be said that the terrifying "threesome" of Ye Feng, Lao Jinlong and Xiao Huo came together and suddenly burst out with extremely terrifying killing power.

In just a short moment, several arrogant fifth-level spiritual realm powerhouses from the Celestial God Society were all killed!

Chapter 1344 Super Master

"Swallow!"

Ye Feng did not hesitate at this time and directly released the Devouring Domain.

Buzz!

A large area of darkness swallowed up the entire field in an instant.

The strong men of the Celestial Society who were executed one after another, including Chu Haotian, the top ten disciples of the inner sect, and the six fifth-level spiritual realm second-level strong men, their skills and energy were being rapidly absorbed by the Devouring Domain. , and then merged into Ye Feng's body.

Ye Feng's cultivation power is increasing at an extremely terrifying speed at this moment.

"boom!"

"boom!"

"boom!"

Finally, just half an hour later, three consecutive huge waves of cultivation momentum burst out from Ye Feng's body.

After devouring six senior members of the Celestial Society, Ye Feng's cultivation level directly broke through the third level, from the seventh level of the fourth level of the Divine Bone Realm to the tenth level of the Divine Bone Realm, the Great Perfection in an instant!

"Cool!"

Ye Feng roared loudly, his voice filled with soaring joy.

At this time, he looked at the several shriveled corpses of senior members of the Celestial Society around him.

Ye Feng's palm shook, directly shattering the corpses into pieces.

At this time, his eyes were filled with a kind of soaring joy.

Although this time he completely offended the Celestial Society.

But Ye Feng also received huge benefits.

Moreover, the people of the God Society are always against him and want to kill him.

If you don't show them any color, do you really think that you are a soft persimmon who can be pinched at will?

"Boy Feng, these people are really rich. In their storage rings, they have 30 million reserves of holy crystals alone!"

At this time, Old Jinlong walked over with a smile on his face, holding several storage rings in his big golden claws.

"Ho ho ho!"

Xiaohuo's big mouth also ran over with a jade slip in his mouth.

It conveyed its thoughts to Ye Feng and said: "Brother, this jade slip is a set of martial arts inheritance that I collected from Chu Haotian. Brother will definitely need it."

Ye Feng's eyes lit up and he took the jade slip. After examining it with his spiritual mind, he immediately saw that a set of powerful killing and inheritance techniques were imprinted on the jade slip with his spiritual mind.

It is the terrifying fighting technique that Chu Haotian used before: the black dragon fighting technique!

This turned out to be a set of sixth-grade true god-level martial arts inheritance that was comparable to his own Heavenly Holy Dragon Fist. It was priceless and extremely precious.

"This Chu Haotian is one of the top ten disciples of the inner sect, and is also one of the six guardians of the Celestial Society. It is normal for him to possess such powerful inherited martial arts.

, this is an advantage for me. If I use Holy Land contribution points to exchange for this black dragon fighting technique, it will probably cost several million contribution points. "

Ye Feng put away the jade slips, then looked at Old Jinlong, and said: "Let's quickly divide the wealth in these storage rings, and then leave here. This time Chu Haotian brought several A powerful helper came to this deserted life-and-death duel hall. He may have thought that he could defeat me, but he probably never thought that I am now so powerful, and there are also Old Jinlong and Xiaohuo, you two are such great helpers."

Lao Jinlong chuckled and said, "Xiaohuo and I will follow you, Feng Xiaozi, so we won't let anyone bully you!"

Ye Feng stared at Old Jinlong and said in surprise: "I remember you were very timid before. Why have you become so strong now?"

Lao Jinlong grinned and said: "I am brave enough to beat up a drowned dog. If I encounter someone who is irresistible, don't worry, Mr. Feng, I will run faster than anyone else."

Ye Feng: "..."

...

Half an hour later, Ye Feng returned to the Holy Medicine Hall with Lao Jinlong and Xiaohuo.

When a group of brothers and sisters from the Holy Medicine Hall saw Ye Feng returning safely, they immediately understood that their junior brother had won!

"It's best not to make this matter public, lest it cause a stir in the city, and there may be huge disasters." A senior fellow from the Holy Medicine Hall said, obviously thinking very carefully.

Ye Feng next devoted himself to practicing alchemy in the Holy Medicine Hall.

Although Elder Yao and all the senior brothers and sisters are in seclusion and refining alchemy, they are very busy.

But with Elder Yao's alchemy notes, Ye Feng was able to comprehend the secrets of alchemy on his own, and he also improved very quickly.

As for Lao Jinlong and Xiao Huo, they focused on a large alchemy room in the center of the Holy Medicine Hall.

The fire in the center of the earth in this large alchemy room is the most ferocious fire in the center of the earth among the more than 10,000 alchemy rooms in the Holy Medicine Hall, and the amount is extremely huge.

Lao Jinlong wanted Xiao Huo to steal some of the earth's core fire and transform into a fire unicorn.

Originally, Ye Feng wanted to remind the two of them not to be too exaggerated and to stop when they were ready.

But what surprised Ye Feng was that after Elder Yao came out of seclusion and discovered this incident, he did not get angry. Instead, he let Lao Jinlong and Xiao Huo relax and do whatever they wanted in the largest alchemy room.

Lao Jinlong was very satisfied with this and couldn't help but patted Ye Feng on the shoulder and said with a smile: "Boy Feng, you are quite proud."

Ye Feng shook his head slightly and said: "Perhaps Elder Yao has his own
own plan. "

Sure enough, just half a month later, Elder Yao wanted to seek a drop of the golden dragon's blood from the old golden dragon to refine a very high-grade elixir.

Old Jinlong used to praise Elder Yao every day for being a wise man with a broad mind.

But since this incident, Lao Jinlong secretly cursed Elder Yao every day as an old and sinister person.

However, Lao Jinlong scolded him, but he still obediently gave Elder Yao a drop of his own golden dragon's blood.

Because during this period, it didn't even know how many elixirs it had eaten from the elixir warehouse of the Holy Medicine Hall. ??

The mouth of the cannibal is short, and the hands of the taker are short. Now that Elder Yao wants a drop of dragon blood from it, Old Jinlong can only hold his nose and admit it.

Time passed so quickly, and it was rare to be very peaceful and calm.

Xiao Huo practiced in the fire of the earth's core in the largest alchemy room, bathed in the huge amount of earth fire, and grew a lot. The red flames on the scales of his body became more and more powerful.

Ye Feng also gained a lot from practicing alchemy in seclusion.

Although he has been unable to transform from a third-grade true god-level alchemist to the next stage.

But Ye Feng feels that as long as he is given a period of time or an opportunity, he can step into the level of the fourth-grade true god-level alchemist!

But on this day, a group of people with terrifying strength arrived outside the Holy Medicine Hall, breaking this rare tranquility.

"Ye Feng! The fact that you secretly killed six senior core members of our Celestial Society has been exposed! You simply treat our Celestial Society as if it were nothing! Today I invite the senior brothers from the Punishment Hall to come together. You must go to the Punishment Hall with us. Fu Zhu! Atone for the heinous sins you have committed!"

A majestic and indifferent voice instantly exploded over the entire Holy Medicine Hall.

Uh-huh!

At this moment, Ye Feng immediately walked out of the retreat in the alchemy room.

He opened the door and immediately saw that the sky outside the Holy Medicine Hall was already filled with figures with majestic auras.

There are men and women in this group of people, but without exception, their cultivation momentum is very terrifying. Standing high in the sky, they are like majestic mountains standing there, giving people a suffocating feeling, like The god looked down at the ants below.

The moment Ye Feng walked out, he immediately felt a huge pressure coming down on him.

Even though Ye Feng's cultivation level has skyrocketed, he feels as if a huge mountain has been pressed down on his body at this moment, with a huge weight.

"Click, click..."

At this time, the solid iron stone ground under his feet was shattering inch by inch.

It can be seen from this that the group of people

How powerful and terrifying is the pressure of cultivation.

Among this group of people, a man in white stared at Ye Feng below and said: "Ye Feng, you are dead. Today our great protector of the Celestial Society, Brother Luo Feng, is also a core disciple of the Punishment Hall, a sixth-level True God Realm expert, he has arrived, you can't escape today! Ye Feng, you must use your life to pay for the heinous sins you committed in the Duel Hall of Life and Death!"

Buzz!

At this time, after the man in white finished speaking, a young man in a blue gown stood directly next to him.

This young man is none other than Senior Brother Luo Feng!

The aura and coercion emanating from his body was truly overwhelming and filled with an endless sense of heaviness.

"A super master of the sixth level of true god realm..."

Ye Feng, who was standing below, couldn't help but his eyes darkened slightly at this moment.

It seems that the last time they killed all the senior members of the Celestial Society, they really angered the entire Celestial Society, and even the core disciples of the Punishment Hall were invited over.

It has to be said that the strength of the Celestial Society is really huge and terrifying. This Luo Feng is actually the great protector among the six Dharma protectors of the Celestial Society, and his strength is so terrifying.

Uh-huh!

Uh-huh!

At this time, two figures quickly flew out from the inner area of the Holy Medicine Hall and stood on both sides of Ye Feng. They were Lao Jinlong and Xiao Huo.

Lao Jinlong's eyes were a little surprised, he shrank back, and couldn't help but said: "The one with revenge is here?"

Xiao Huo's huge fire unicorn body stood in front of Ye Feng, like a shield, to protect Ye Feng.

Ye Feng looked at the group of people in the sky at this time, his eyes were extremely cold, and said: "Chu Haotian was fighting a life-and-death duel with me. I killed him as a matter of course, but the other senior members of the Celestial Society violated the rules. They jointly tried to kill me, but I killed them instead. What do you think I am guilty of? "

Luo Feng stood high above the sky with his hands behind his back. He glanced indifferently at Ye Feng below and said slowly: "How dare a small outer disciple talk so much nonsense in front of me? I You have to do whatever you are told!"

Snap!

As he spoke, he threw a bunch of shackles and shackles made of steel downwards and threw them in front of Ye Feng.

Luo Feng said indifferently: "I will give you three seconds to lock yourself immediately, and then follow me back to the punishment hall to accept the punishment. If you cooperate well, maybe in the end I will consider just destroying your cultivation and leaving you alone." You have a low life, otherwise once I take action now, you will have no chance of survival. Don't think about the Holy Medicine Hall protecting you. Your master, Elder Yao, has probably been deceived by the master of my Punishment Hall. Now there is no one in the entire Holy Medicine Hall. Who can protect you?"

Chapter 1345 Help from noble people

Luo Feng's words were full of deep aloofness and indifference, with an irresistible tyranny.

The cold voice echoed throughout the sky, and everyone felt a deep sense of coldness.

Ye Feng's eyes were very downcast at the moment. He didn't expect that this time the God Society would directly descend upon a super master of the sixth level True God Realm.

With such an existence, he is currently far from his opponent.

"This time the gods will feel that they are serious and want to kill you." ??

Lao Jinlong was standing next to Ye Feng at this time, with a pair of dark golden dragon eyes filled with deep solemnity.

"Ho ho ho..."

At this time, even Xiao Huo was roaring in a low voice, feeling a deep death threat.

The Luo Feng standing high in the sky with his hands behind his back gave everyone the impression that he was too powerful!

The sixth level of the Realm of God, the super strong man at the level of the True God Realm, makes people unable to resist.

And at this critical moment.

"Uh-huh!"

A beautiful figure with a graceful posture suddenly flashed over and stood in front of Ye Feng. Facing Luo Feng who was not far away in the sky, he said indifferently: "I want to take Ye Feng away."

This beautiful figure is none other than Mu Qing, the beautiful elder from the inner sect who had led the Starry Sky Secret Realm trial before.

She was wearing a light cyan gown, carrying an amethyst sword on her back, and her beautiful face was full of indifference.

"Elder Mu?"

No one expected that at this critical moment, Mu Qing, a special inner sect elder, would appear and seemed to want to help Ye Feng out of the siege.

"Why?"

A group of members of the Celestial Society could not help but look extremely ugly.

It was Elder Yao who helped Ye Feng before, and even accepted Ye Feng as his disciple and protected him in the Holy Medicine Hall.

But this time, Elder Yao

After being taken away, everyone thought they would succeed.

But Mu Qing, a beautiful elder from the inner sect who couldn't compete with Ye Feng, unexpectedly jumped out again.

"what is happening?"

"How come Ye Feng is so lucky? Someone helps him every time?"

Many members of the Celestial Society could not help but speak out in anger at this time.

Luo Feng stared at Mu Qing who was standing in front of Ye Feng, his eyes were cold, and said: "Elder Mu, this Ye Feng killed so many members of my Celestial Society, are you sure you want to protect him?"

Mu Qing shook her head and said, "I don't want to protect him, but I want to take him away immediately."

Luo Feng's eyes were extremely cold and he stared at Mu Qing. He exuded a faint and huge murderous intention. He said slowly: "Since I'm here today, Ye Feng can't leave, even if it's Mu Qing." Qing, you can't stop me, you are just an inner sect elder, and I am the core disciple of the Holy Land, you can't order or stop me."

Mu Qing did not get angry, but just smiled indifferently and said, "What if Elder Jian asked me to pick up Ye Feng?"

"What? Elder Sword?"

Suddenly Luo Feng's eyes suddenly changed and he said: "Mu Qing, don't talk about the tiger's skin with me! Elder Jian is one of the most noble elders in our Galaxy Holy Land. How could he know a humble appearance like Ye Feng?" Disciple? This is impossible!"

Uh-huh!

But at this moment, Mu Qing suddenly took out a sword-shaped token from his storage ring, raised it instantly, and shouted in a cold tone: "Here is the order from Elder Sword!"

"See Elder Sword!"

Almost at the next moment, many members of the Celestial Society, as well as all the Galaxy Holy Land disciples watching around the Holy Medicine Hall, all looked at him one after another.

Mu Qing cupped her hands and clasped her fists in the direction of Mu Qing, with a respectful expression on her face.

To be precise, he saluted the sword-shaped token in Mu Qing's hand.

Because every Supreme Elder in the Galaxy Holy Land has a transcendent status, when seeing their tokens, they must salute if they see themselves, even the Holy Son!

Luo Feng was staring at the sword-shaped token in Mu Qing's hand. His head, originally aloof, finally lowered.

He took a deep breath, then faced the direction of Mu Qing, bowed and clasped his fists, and said word by word: "See Elder Sword!"

Ye Feng stood behind Mu Qing at this time and glanced at the sword-shaped token in the hand of this beautiful elder from the inner sect. He did not expect that a small token could be so majestic.

And Old Jinlong whispered beside Ye Feng: "Boy Feng, you are still the best. How many days have you been in this Galaxy Holy Land? You actually managed to win over such a powerful female elder?"

The corner of Ye Feng's mouth twitched slightly, he glared at Old Jinlong, and whispered: "Don't talk nonsense! This Elder Mu Qingmu, I am not familiar with her, and I don't know why she suddenly appeared to help me, and it seems that she is I'll find out the order from a supreme elder named 'Elder Sword' later."

At this time, Ye Feng did have a lot of doubts in his heart.

But it would be nice if someone suddenly came to help and help him get through this crisis.

At this time, Luo Feng, who was high up in the sky, looked very ugly. He finally gave Ye Feng a hard look and said, "Boy, you can escape for a while, but you can't escape for the rest of your life."

Ye Feng smiled indifferently and said: "If you give me enough time to grow, when my cultivation level is the same as yours, I will kill you like a dog."

"snort!"

Luo Feng just snorted disdainfully and left with a group of experts from the Celestial Society.

The crisis is over.

At this time, Mu Qing turned around and stared at Ye Feng with a pair of cold eyes, seemingly with a hint of inexplicable surprise.

She couldn't help but ask: "Ye Feng, right? What is your relationship with my master, Elder Sword? Why did your master immediately ask me to hold the sword order to help you rescue you when you encountered a crisis?"

Ye Feng looked stunned and said: "Elder Jian? I don't know him."

"do not know?"

Mu Qing's beautiful eyes immediately moved, and then she became more confused and said: "This is impossible, my master, Elder Jian, is one of the most noble group of elders in the Galaxy Holy Land. He is more noble than your master, Elder Yao. You If you don't know him, why would he bother asking me to rescue you?"

Ye Feng spread his hands, looked at the beautiful elder from the inner sect, smiled bitterly and said: "Elder Mu, I really don't know what's going on. By the way, just now Elder Mu said he would take me to see that person. The supreme sword elder, just wait and ask."

Mu Qing nodded slightly and said, "Okay, I will believe you for now. Then you come with me and I will take you to see my master, Elder Jian."

Ye Feng nodded and said, "Okay."

Although Ye Feng didn't know why the noble sword elder wanted to help him, this supreme elder definitely had no ill intentions towards him.

Therefore, Ye Feng did not hesitate at this time and followed Mu Qing towards the inner world of Galaxy Holy Land.

There is a small world inside the Galaxy Holy Land, which is a place where the supreme elders devote themselves to practice. It is so sacred that non-core disciples or true disciples cannot enter it.

"What exactly is going on?"

Ye Feng suddenly remembered that Elder Yao seemed to be quite polite to him before.

Following Mu Qing, a beautiful elder from the inner sect, Ye Feng was lost in thought.

Chapter 1346 Surprise and Pressure

Following Mu Qing, Ye Feng soon arrived at the small world inside the Galaxy Holy Land.

With Mu Qing, the inner sect elder and the disciple of the sword elder, leading the way, the journey was smooth and no one dared to stop it.

"Buzz!"

The two of them stepped into a huge teleportation array emitting light blue light and disappeared instantly.

The next moment, they were already standing in a small floating world.

This small world has no ground and all the buildings are floating in the sky, which looks very magical.

Mu Qing took Ye Feng and flew to the door of a huge palace. She glanced at Ye Feng who was following behind her and said, "You can go in alone. I am just an ordinary disciple under Master. Master, he usually He doesn't like to let strangers into his retreat."

Ye Feng looked at the main hall in front of him, then nodded and walked directly into it.

At this time, Mu Qing looked at Ye Feng's back disappearing into the depths of the hall, with deep curiosity in his beautiful eyes, and couldn't help but murmur, "This Ye Feng is just an outer disciple. It seems that I am still a newbie who has just entered the Holy Land. Why can I be valued by such a noble Supreme Elder as Master? Even if I am in danger, I have never seen Master so anxious, and Master also asked me to rescue Ye Feng. The old man himself didn't take action himself, but kept it mysterious. Who is this Ye Feng..."

...

And just when Mu Qing, a beautiful elder from the inner sect, was waiting outside the hall, puzzled.

Ye Feng was already alone and came to the depths of the floating hall.

After reaching the end, Ye Feng saw a giant sword-shaped door to the inner hall, blocking the way.

This door to the inner hall is entirely made of bronze, and is engraved with a figure of a swordsman in green riding the wind and wielding a sword. He steps on the sword and flies with the sword, carefree between heaven and earth.

Ye Feng's eyes were a little confused and he wanted to push open the bronze door in front of him.

"Buzz!"

However, the moment his hand touched the bronze door, Ye Feng suddenly submerged into the bronze door and entered the world of bronze pictures carved on the bronze door.

At this time, Ye Feng's eyes were shocked. His surroundings were no longer the cold hall, but a world of clouds and mist in the sky.

"This is... the world of pictures engraved on the bronze door!"

Ye Feng felt so magical that he didn't expect that a seemingly ordinary bronze door could actually hide such a vast "world in the painting"!

What kind of powerful magical power must this be to be able to do this.

"Ye Feng, are you here?"

Suddenly at this moment, a voice with a slight smile sounded.

Uh-huh!

At this time, in front of Ye Feng, amid the endless clouds and mist, a figure wearing a navy blue robe came flying in with a sword.

What surprised Ye Feng slightly was that this figure turned out to be a young man who looked to be no more than thirteen or fourteen years old. He was dressed in a navy blue robe and had sword-shaped eyebrows and starry eyes, but he had a pair of aged eyes.

From this green-robed young man, Ye Feng felt a sense of vastness, as if facing a towering mountain.

Ye Feng couldn't help but said: "Senior is... Elder Jian?"

The young man in green robe with sword-shaped eyebrows and starry eyes smiled slightly, but his voice was that of an old man, and said: "Yes, I am a sword elder. I practice a kind of nine-turn reincarnation art, so I am rejuvenated in appearance. Don't be so surprised. In fact, I have been practicing for almost a thousand years."

Ye Feng was confirmed that the young man in green robes in front of him was an extremely high-ranking elder in the Holy Land of Galaxy.

The young man in front of me may be a transcendent existence in the eternal realm that has transcended the six levels of the realm of gods!

Ye Feng immediately clasped his fists and said: "Disciple Ye Feng, I would like to pay my respects to Elder Jian. This time, I would like to thank Elder Jian for letting Elder Mu Qing take action to help this disciple."

Elder Jian smiled slightly and said: "It doesn't matter, I'm just doing a favor, but the Celestial Society is very powerful. Since they are targeting you, you have to be careful."

Ye Feng's eyes moved and he said: "Elder Lian Jian, are you, the supreme elder, very afraid of disciples like the Celestial Society?"

Elder Jian smiled and shook his head, saying: "I am not afraid of the Celestial Gods Association, but the president of the Celestial Gods Association, who is the current leader of our Galaxy Holy Land,

The first person of the younger generation to ask the common people, he has an extraordinary status. Not only does he have great cultivation, but there is also a very terrifying and powerful person standing behind him. The involvement is too great. Many of the Supreme Elders of our Galaxy Holy Land are They are loyalists who protect him, but the Holy Lord and our limited number of Supreme Elders are worried that asking the people will destroy the balance of our Galaxy Holy Land and destroy the orthodoxy of our Galaxy Holy Land through wanton behavior. "

When Ye Feng heard this, he was secretly surprised. What Elder Jian said at this time was the huge secret of the entire Galaxy Holy Land.

Ye Feng hesitated for a moment, but still couldn't hold it back and asked: "Elder Jian, why do you and I have no connection, so you want to save me? Moreover, after I came to the Holy Land, I seemed to have preferential treatment everywhere. As soon as I came in, I was inexplicably assigned to In the area where the distinguished disciples live, after the trial in the secret realm of the starry sky, an elder said that in line with the upper-level will of the Holy Land, he taught me a very powerful martial arts inheritance, the Holy Dragon Fist of the Sky. Today, Elder Sword, you asked Elder Mu Qing to hold the sword. Please come and save me from danger..."

Elder Jian looked at Ye Feng in front of him and suddenly smiled and said: "Do you still remember that when the expatriates in our Galaxy Holy Land recruited new disciples at the end of the small universe in the first universe, Ye Feng, you The ancient bronze bell that was tested once rang ninety-nine and eighty-one times, resounding throughout the starry sky. Do you still remember?"

Ye Feng recalled for a moment, and then couldn't help but said: "But I remember that at that time, the supreme Holy Lord announced that the ancient bronze clock was wrong."

"Ha ha."

Elder Jian smiled and shook his head, saying: "No, no, that's all true, and there is nothing wrong. You made the ancient bronze bell for the test roar a full ninety-nine and eighty-one times. It is unprecedented and legendary. The martial arts emperor's qualifications in the book shocked me and the Holy Master and a group of other brothers and sisters. Our will came to us one after another. We felt that Ye Feng, a young disciple like you, might be able to fight against that ambitious god in the future. The president asked the people, the group of other supreme elders who supported him, and the key to the most powerful person behind him. "

Having said this, Elder Jian stared at Ye Feng and said very solemnly: "We have already designated you as the future 'Son of God'."

Ye Feng was a little surprised and said, "Why don't you tell me the truth directly?"

sword

The elder said: "If we tell you in advance, we are afraid of making you arrogant, and we choose to conceal it because we are afraid that other hostile powerful people in the Tiannan Star Region will take action against you and strangle you, the young son of God. We, the Galaxy Holy Land, stand in the Tiannan Star Region. For so many years, we have been fighting in the north and south, and there are many powerful enemies outside. "

Ye Feng heard the words, nodded slightly, and then asked: "So, does the Holy Lord prefer me now, or does he prefer the common people?"

Elder Jian said: "This...Senior Brother Holy Lord has his own considerations. Although he has huge ambitions and the big names behind him are too involved, he is a peerless talent after all, and he is likely to bring great benefits to our Galaxy Holy Land. Different brilliance, but the disadvantage is that this person is too unstable and dangerous, but Ye Feng is different. After this period of observation, we found that you value love and justice, and your qualifications are incredible, but you are not. You are proud and arrogant, and most importantly, you have a clean origin and are more suitable to be the successor of our Holy Lord of the Galaxy Holy Land, so I am telling you the truth today."

Hearing this, Ye Feng took a deep breath and said: "So, the Holy Lord is not partial to anyone now. Everything still depends on how the gods and I will compete with the common people in the future?"

Elder Jian nodded slightly and said: "There is nothing we can do about this. My Holy Master Brother, as the commander of the entire Galaxy Holy Land, he can only make this choice. Everything is for the sake of the overall situation, but of course Holy Lord Senior Brother is more... I hope you, Ye Feng, can accept his position as Holy Lord. We have been secretly observing you for a long time and feel that you are qualified."

When Ye Feng heard what Elder Jian said, he didn't know whether he was happy or worried.

There are surprises though.

But the pressure also doubled instantly.

Ye Feng clasped his fists at Elder Jian and said, "Anyway, thank you all the Supreme Elders for your secret protection and special treatment."

Elder Jian smiled and said: "Ye Feng, the core competition of our Galaxy Holy Land is coming soon. If you can enter the top three in the core competition and become the core seed figure of my Holy Land, you will be considered to have truly grown up. Then I believe that Brother Holy Lord will never hide it anymore, but will completely announce your identity as the default Son of God. By then, you will become the most noble person in our entire Galaxy Holy Land, second only to Brother Holy Lord. In terms of identity, Said, that is inferior to one person and superior to millions of people!"

Chapter 1347 Enlightenment Ancient Pill

"Core Competition, Core Competition..."

Ye Feng, who left the world of pictures, muttered softly.

Elder Jian's words still echoed in his ears.

"If you win the top three in the core competition, you will be immediately recognized as the Son of God. From now on, you will be lower than one person and higher than millions of people. In terms of status, even the Son of God will be lower than the Son of God."

At this moment, Ye Feng's heart was filled with a trace of surprise, and at the same time, there was also a trace of worry, and he felt even more stressed.

Ye Feng walked out of the hall with a heavy heart. He saw that Mu Qing, a beautiful elder from the inner sect, was still waiting outside.

When Mu Qing saw Ye Feng coming out, she immediately trotted over. With a hint of curiosity in her beautiful eyes, she said, "Ye Feng, what did Master say to you?"

Ye Feng shrugged and said: "Elder Jian asked me to keep it a secret. You will know after the core competition."

"Core competition?"

Mu Qing's beautiful eyes revealed a look of surprise and said, "Are you going to participate in the Core Competition?"

Ye Feng nodded and said, "Yes, I must participate."

Mu Qing stared at Ye Feng with a serious look in his eyes and said: "The Core Competition is not as simple as the Starry Sky Secret Realm trial you participated in last time. The Core Competition will have countless powerful disciples from the inner sect participating, and The true disciples of the major elders may also participate, and even occasionally a few powerful saints will participate, competing for the top few to receive generous rewards from the upper levels of the Holy Land, which is very dangerous. "

Ye Feng said firmly, "No matter what, I will definitely participate in the core competition. Next, I will do my best to improve my cultivation."

Seeing Ye Feng like this, Mu Qing couldn't help but fell silent, and then said: "Huh, whatever you want, I have already warned you. Anyway, we are not related. If you are willing to die, there is nothing I can do."

After saying that, Mu Qing glanced at Ye Feng, seeming a little annoyed that Ye Feng didn't listen to her advice, so he jumped up and disappeared into the distance.

Ye Feng stood there at this time, looking a little innocent, "Why are you so angry just talking?"

Unable to think clearly, Ye Feng also left this small world where the Supreme Elder retreated and cultivated.

...

After returning to the Holy Medicine Hall, a group of senior brothers and sisters immediately gathered around and asked quickly: "Junior brother, how are you doing?"

Ye Feng smiled and said: "Brothers and sisters, don't worry, everything is fine. Elder Jian asked me to go, so he just talked to me for a few words."

"Boom!!"

Suddenly at this moment, there was a huge roar not far away.

Swish, swish, swish!

Everyone's eyes instantly looked in that direction.

They immediately saw that the main hall of the Penal Palace was burned by a strange blue-purple flame.

The temple collapsed and there was a panic.

"That blue-purple flame is the natal elixir fire 'Purple Dragon Flame' of our master, Elder Yao!"

A group of senior brothers and sisters in the Holy Medicine Hall couldn't help but exclaimed.

And at this moment, an angry voice suddenly sounded from the direction of the Punishment Palace:
"Master of the Punishment Palace, you dare to trick me this time to find..."

Bao, if you deliberately lure me away from the Holy Medicine Hall, I will burn down your punishment hall! If I hadn't raised my arms for the sake of the Holy Lord, the martial arts masters in the entire Tiannan Star Region who had received the favor of my alchemy would have directly killed you, the master of the Punishment Palace, in a group fight! Pooh! "

This voice was clearly the voice of the master of the Holy Medicine Hall, Elder Yao.

Ye Feng's heart suddenly moved at this time.

It seems that the master of the punishment hall is one of the factions that the gods will ask the people to belong to.

When Luo Feng brought a group of members of the God Society to trouble him before, it was the master of the Punishment Hall who deceived Elder Yao, leaving no one to protect him in the Holy Medicine Hall.

It seems that Elder Yao has now known about this matter, and is now very angry.

But what Ye Feng didn't expect was that Elder Yao, an alchemy master who usually seemed gentle and friendly, would be extremely ferocious when he launched a rampage, and immediately burned down the punishment hall.

Moreover, it is estimated that the Master of the Punishment Hall does not dare to say anything more.

Because although Elder Yao is a master of alchemy and not very strong in combat, the alchemist is like a hornet's nest. If he pokes him, he will immediately attract countless strong men to chase him.

Over the years, Elder Yao has refined various elixirs for many martial arts masters in the Tiannan Star Region. There are elixirs that help others break through, and there are also elixirs that save people's lives. It can be said that he has friends all over the world, and that's not just on the surface. A friend is a friend who is truly grateful to him.

So at this time, Elder Yao went crazy and burned down the entire punishment hall. The master of the punishment hall didn't even dare to fart.

Uh-huh!

Not far away from the direction of the Punishment Hall, an old figure wearing an alchemist's robe stepped forward.

It is Elder Yao.

"Master!"

A group of disciples from the Holy Medicine Hall saluted one after another.

Elder Yao just looked at Ye Feng and said anxiously: "Are you okay?"

Ye Feng cupped his hands and said, "Master, don't worry, I'm fine. Elder Mu Qing helped me out."

"That girl Mu Qing?"

Elder Yao's eyes flashed, and then he said: "It must have been instructed by Elder Jian."

Ye Feng said: "Yes, I also went to see Elder Jian."

Elder Yao smiled slightly and said, "If you say so, it seems that you already know the truth."

Ye Feng nodded and said: "Well, I already know it, and Elder Jian suggested that I participate in the next core competition."

"Core competition?"

Elder Yao's eyes were startled, and then he couldn't help but said angrily: "What does Elder Jian want to do? Let you participate in the Core Competition? The Core Competition is too cruel, and everyone is the most powerful and cruel group in our Galaxy Holy Land. Core disciples, true disciples, and even some powerful saints who are latent cultivators will take action to compete for generous rewards. Elder Jian is too eager for quick success! "

Ye Feng said: "Elder Yao, don't worry. I will work hard to improve my cultivation during this period. It is risky to participate in the core competition. Although I have to compete with a group of powerful core disciples and true disciples so early, it is true."

It is actually an excellent opportunity, a chance for me to make a name for myself. "

When Elder Yao heard what Ye Feng said, he could only sigh and nodded slightly: "Okay, since this is your own decision, then you should work hard. I thought Elder Jian forced you to participate in the core competition. Than."

Ye Feng smiled and said: "That's not true. Elder Jian just gave me this suggestion. Everything is my own choice. God will press too hard and take action against me at any time. If I can win the core competition After making a great show and being declared as the 'Son of God' by the Holy Lord, those people from the Celestial Society will not dare to be so presumptuous towards me at least openly. "

Elder Yao nodded slightly, but then said with some worry: "However, once your identity as the Son of God is exposed, it will attract countless murderous intentions, including not only the internal Celestial Society, but also other hostile forces and hidden enemies outside our Galaxy Holy Land. "

Hearing this, Ye Feng solemnly said: "Master, I have already considered everything. What should be faced must be faced, and there is no escaping. Now the gods will press on step by step, and even come to the door under the spotlight." They came to attack me because I am just an outer disciple with a humble status, and they can do whatever they want. Therefore, I must participate in the next core competition, not to compete for any rich rewards, but just to compete for a breath. , Humph, I will trample all those people under my feet sooner or later!"

Seeing that Ye Feng had such confidence, Elder Yao didn't say anything more, but patted him on the shoulder and said with appreciation: "Okay! Young people should have the hard work of young people. This is good, old man. Support you! Come with me to the Holy Medicine Hall, and I will give you a good thing to help you."

"What good stuff?"

Suddenly, a golden figure flashed not far away, with evil eyes.

It's this guy Lao Jinlong.

"Snapped!"

But Ye Feng slapped the old golden dragon away and said, "Aren't you taking enough pills these days?"

A group of brothers and sisters from the Holy Medicine Hall around saw a noble five-clawed golden dragon, the emperor of the dragon clan, just slapped away by Ye Feng with a casual slap. They couldn't help but twitch the corners of their mouths.

This little junior brother is really fierce.

And what shocked them even more.

The old golden dragon got up from the ground and trotted to Ye Feng's side. He smiled and said, "Boy Feng, as a righteous five-clawed golden dragon, how could I covet your opportunity? I'm just curious. , This old alchemy guy wants to give you something good, just out of curiosity, really."

Uh-huh!

At this time, Xiaohuo suddenly ran over with his hooves open, opened his big Qilin mouth, and bit the old golden dragon's tail.

"Damn! Xiao Huo, what are you doing?!"

While the old golden dragon was screaming, Xiaohuo bit its tail and dragged the old ruffian dragon away, leaving the crowd around dumbfounded.

"The old one and the young one are really two guys who haven't grown up..."

Ye Feng shook his head and smiled, then quickly followed the Medicine Elder in front and walked into the inner area of the Holy Medicine Hall.

Soon, they arrived at the large alchemy room at the end of the Holy Medicine Hall.

.

Elder Yao entered and very solemnly took out a thumb-sized white elixir from a hidden compartment on the counter.

On the surface of this white elixir, there are actually tiny ancient spell-like characters flashing on the surface of the elixir, which looks very strange.

Ye Feng was staring at the elixir covered with ancient talismans at this moment, and he was extremely curious in his heart.

To be able to make an alchemy master like Elder Yao behave so solemnly, this white elixir is definitely very valuable.

Elder Yao turned around at this time, holding the jade box containing the white elixir in his hand, looked at Ye Feng, and said: "This elixir has no grade, it is an ancient elixir."

"Shanggu Qidan?"

Ye Feng's eyes moved.

Ancient Qidan refers to the magical elixir handed down from ancient times.

Although future generations of alchemists cannot accurately determine the grade of these ancient elixirs, each ancient elixir has various special magical effects.

At this time, Elder Yao handed the pill in his hand that was covered with dense talismans on its surface to Ye Feng and said: "This ancient strange pill is called the 'Ancient Pill of Enlightenment', which I got from an ancient secret realm in the starry sky. Yes, as long as you take it, you can immediately enter the state of enlightenment. During this period, Ye Feng, you have been staying in the Holy Medicine Hall and practicing alchemy like crazy. I know that you must be trying to improve your alchemy level as soon as possible so that you can make alchemy. Make high-level elixirs to improve your strength, so this ancient elixir of enlightenment should be very useful to you now, allowing you to break through the alchemist level in a short time, so take it."

Ye Feng took the precious ancient elixir of enlightenment, bowed his hands deeply to the old man in front of him, and solemnly said: "Master's kindness, Ye Feng will definitely remember it in his heart."

At this time, Ye Feng's expression was very solemn and serious, showing his true feelings.

Kill the enemy with iron blood!

Treat your friends sincerely!

Be grateful to your benefactor!

These were the teachings of his father back then, words that Ye Feng always kept in mind, and also the principles for his conduct in life.

No matter what you do, if you have a clear conscience, you will be able to live a free and transparent life.

At this time, Elder Yao listened to Ye Feng's words and couldn't help but smile and said: "Okay, okay, go and take the ancient pill of enlightenment to practice alchemy. I am looking forward to you as the future Holy Fire Alchemist. Fight and kill me." I don't care about you, but in alchemy, Ye Feng, you must not let me down."

Ye Feng nodded vigorously and said, "Master, don't worry!"

After the words fell, Ye Feng turned and left.

"If I can become a fourth-level true god-level alchemist, I can quickly start to refine two fourth-level true god-level elixirs, namely, the Star Body Refining Pill and the Ancient Qi Refining Pill. One can improve physical fitness, and the other can replenish qi and blood. Because I am self-sufficient, my strength will definitely grow rapidly in a short period of time!"

Ye Feng thought secretly in his heart, and then quickly found a quiet practice room in the Holy Medicine Hall. He swallowed the ancient pill of enlightenment and instantly fell into a mysterious and mysterious state of enlightenment. He began to study the alchemy notes and work hard to improve his alchemy skills!

Chapter 1348 Star War

In the dark and lonely training room, Ye Feng took the ancient elixir of enlightenment and immediately felt that he had fallen into a mysterious and mysterious state of enlightenment.

At this time, Ye Feng went to look at Elder Yao's alchemy notes and immediately felt that his understanding of the various alchemy techniques in them suddenly became very clear and transparent.

It was like there was a cloud and mist in front of him, covering everything, but now there was a strong wind that blew away all the clouds and mist, revealing the true appearance behind the cloud and mist.

At this moment, with the help of the ancient elixir of enlightenment, Ye Feng felt that he had seen the essence of alchemy.

"The effectiveness of the Ancient Enlightenment Pill is limited, I need to improve my alchemy skills as soon as possible!"

At this time, Ye Feng released the Dragon Spirit Holy Fire, took out his own alchemy cauldron, and while actually refining the elixir, he also studied the theoretical knowledge in the alchemy notes.

With the combination of theory and practice, Ye Feng's alchemy skills improved extremely quickly. ??

Every moment and every second, Ye Feng's knowledge of alchemy is growing rapidly.

...

Twenty-three days later.

"Squeak!"

The door of the training room was pushed open, and Ye Feng stepped out directly.

At this time, there was a lot of dust on his body, and his hair was stained with dust.

But there was a hint of smile on that face.

The efficacy of the Ancient Enlightenment Pill lasted for twenty-three days. At midnight last night, Ye Feng mastered a lot of knowledge on alchemy and successfully refined a furnace of fourth-grade true god-level pills, a total of thirteen ancient Qi-refining pills. .

This means that Ye Feng's current alchemist level has successfully entered the fourth level of true god level alchemist.

Moreover, Ye Feng is a holy fire alchemy master, and the fourth-grade true god-level elixirs he refines are definitely of very high quality, with almost zero impurities and high efficacy.

"how's it going?"

At this time, Lao Jinlong suddenly came over, tutted his tongue and said: "The ancient elixir of enlightenment, this is a very magical ancient elixir, but it is of no use to me."

Ye Feng smiled and said: "I have now successfully become a fourth-grade true god-level alchemist. Next, I need to go to the stars to collect star essence and refine the star body refining pill."

At this time, Ye Feng was thinking that if he had enough star body refining pills, he would definitely be able to temper his chaotic body again.

Now the Chaos Body is in the late stage of the First Heaven. If it can be tempered to the Great Perfection, its strength will undergo earth-shaking changes.

Moreover, Ye Feng's eyes flickered. What he hoped for most was to be able to transform his chaotic body into the second heaven.

\u003c

br\u003e When the Chaos Heavenly Emperor Technique breaks through to the second heaven, he will be able to awaken an extremely powerful bloodline talent.

After all, the hand of time can only promote the birth of botanical medicinal materials, which is a long-term accumulation.

In the short term, Hand of Time cannot bring any substantial improvement to Ye Feng's strength.

"However, most of the raw materials for ancient Qi Refining Pills are plant medicines. However, we can use the hands of time to generate more of them. We can continuously refine the Ancient Qi Refining Pills to increase Qi and blood and improve our cultivation. However, the fourth-grade True God level The ancient Qi Refining Pill will probably not be of much use once my cultivation level reaches a higher level. The level of the pill is a bit low, but it can still be used for now. "

Ye Feng thought in his mind, looked at Lao Jinlong beside him, and said, "Where is Xiaohuo?"

Old Jinlong pointed to the huge alchemy room not far away and said, "It's absorbing the fire from the center of the earth inside."

Ye Feng nodded slightly and said: "Old Jinlong, you protect Xiao Huo as he grows up in the Holy Medicine Hall. The Gods will not dare to act arrogantly in the Holy Medicine Hall. I am planning to leave the Galaxy Holy Land for this trip and go to look for stars in the starry sky outside. Essence, I won't take you with me."

Old Jinlong thought for a while and said: "The Holy Medicine Hall is indeed a good place. I can take pills every day. I am old and can't run anymore. I need to rest. This time I will not accompany you to the starry sky, Mr. Feng." I have found the essence of the stars. When Xiao Huo undergoes his next transformation and growth, I will take him to find you, Feng Xiaozhi."

"good."

Ye Feng nodded slightly and then left the Holy Medicine Hall.

Half an hour later, he returned to his residence, the Crystal Palace.

Roommate Lu Yaoyao was actually in the Crystal Palace at this time, packing her things, as if she was going on a long trip.

Ye Feng walked in and said in surprise: "Junior Sister Yaoyao, where are you going?"

Lu Yaoyao's big eyes lit up when she saw Ye Feng, and she quickly said: "Senior Brother Ye Feng, why have you disappeared for so long? I have lived in the Crystal Palace for more than a month and I haven't seen you come back."

Ye Feng smiled and said, "I have been studying alchemy in the Holy Medicine Hall during this period."

Lu Yaoyao's eyes immediately lit up and she said: "Looking at the smile on your face, Senior Brother Ye Feng, it seems that you have achieved something. Senior Brother Ye Feng, you are really amazing. From now on, you will be a distinguished Holy Fire Alchemist." , even in the entire Tiannan Star Territory, it is possible to become a big shot in a famous town."

Ye Feng laughed, shook his head and said: "It's still early, I'm

The level of alchemist is still very low, and there is still a long way to go. By the way, Junior Sister Yaoyao, where are you going in such a hurry? "

When Lu Yaoyao heard this, she couldn't help but said: "Brother Ye Feng, don't you know, something big has happened in our Tiannan Star Territory! The sky is about to change!"

"Is the sky going to change?"

Ye Feng was a little surprised and couldn't help but said: "What happened? So exaggerated?"

Lu Yaoyao stared at Ye Feng, shook her head, moved her little nose cutely, put her hand on her forehead, and said: "Senior brother Ye Feng, you really don't hear anything outside the window, you only focus on reading. Alchemy Book, there have been so many big things happening in the Tiannan Star Territory recently, and you don't even know about it, oh! Let me tell you, there is going to be a terrible war in our Tiannan Star Territory!"

"war?"

Ye Feng's eyes moved, and he immediately thought of the elder Yao and a group of brothers and sisters from the Holy Medicine Hall who were busy refining various elixirs and seemed to be preparing for something.

Ye Feng stared at the cute junior sister in front of him and couldn't help but said in surprise: "Junior sister Yaoyao, is our Galaxy Holy Land preparing to start a war with some other giant force?"

"no!"

Lu Yaoyao immediately shook her head, and then said with a hint of solemnity in her tone: "It is not a war between giant forces and giant forces, but a war between star fields and star fields!"

When Ye Feng heard this, his expression finally changed and he said: "A war between stars?"

This news shocked Ye Feng's heart.

He never thought that the big event this time would be the war between Star Territory and Star Territory!

Star field!

Even a first-level star field like Tiannan Star Field is extremely vast, with several giant forces with millions of disciples. Under these giant forces, there are thousands of various small forces and families. , sect, star country, etc.

The entire Tiannan Star Region is going to have an inter-star war with another star region?

What a vast war that would be?

Lu Yaoyao continued to speak at this time: "We, several giants in the Tiannan Star Region, are preparing to unite together this time to attack another star region, which is a second-level star region!"

Ye Feng's eyes changed and he said: "Second-level star field? It's a star field that's higher-level and vaster than our Tiannan star field. If we take the initiative to attack, isn't that looking for death?"

Ye Feng is not an alarmist. The classification of star fields is very strict. The area of the second-level star field is at least ten times larger than that of the first-level star field, and the cultivation in it is very strict.

Walkers basically crush the first-level star fields.

It was precisely because Ye Feng knew this huge gap that he felt extremely shocked at this moment.

When Lu Yaoyao heard what Ye Feng said, a smile appeared on her little face, and she said: "When I first heard the news, I had the same reaction as you, Senior Brother Ye Feng. After all, the star field is strictly divided into two levels. Although the domain is only one level higher than the first-level star domain, its strength and background are vastly different. The second-level star domain is equivalent to the sum of ten first-level star domains! But God seems to be favoring our Tiannan star domain, and we are going to attack this second-level star domain! The Star Territory is controlled by a unified force, the Taiyin Demon Sect. This Taiyin Demon Sect has tens of millions of disciples

and countless strong masters. It is a behemoth. However, because the Taiyin Demon Sect is too impulsive, in order to open up a The ancient starry sky secret realm sent most of the elites of the sect into the ancient starry sky secret realm. As a result, the ancient starry sky secret realm turned out to be a forbidden area of life. Countless powerful masters and elites of the Taiyin Demon Sect suffered heavy casualties in it. In an instant, the vitality was severely damaged, and the sect's foundation was severely damaged. Therefore, after learning this exciting news, the upper echelons of the major giants in the entire Tiannan Star Region gathered together overnight to discuss taking the initiative to attack the Taiyin Demon Sect adjacent to us. The second-level star field will not hesitate to launch an interstellar war, but also strive for eternal glory for our Tiannan Star Region. Therefore, this time in our Tiannan Star Region, the major giants will temporarily put aside their prejudices and temporarily unite together. Once successful, our Tiannan Star Region will After annexing the Taiyin Demon Sect, the entire Tiannan Star Territory will be greatly expanded and become a new second-level star territory. The major giants will also carve up a larger star field and obtain countless cosmic star resources. That will be a new and glorious situation!"

Ye Feng heard Lu Yaoyao say it in one breath, and finally understood what all this was about, and couldn't help but take a breath of air.

Lu Yaoyao had already packed up and saluted, and hurriedly ran towards the outside of the Crystal Palace. She waved back to Ye Feng and said, "Senior Brother Feng, I will leave first and go directly to the edge of Tiannan Continent to gather with the Taiyin Demon. There is a huge battlefield adjacent to the boundary of the second-level star domain of the sect. This time, in order to encourage the disciples to fight, every time we kill a disciple of the Taiyin Demon Sect, we will receive a huge reward from the upper level! "

After the words fell, Lu Yaoyao's figure had disappeared outside the palace door.

"Star War..."

Ye Feng murmured, although he was shocked in his heart, but at the same time there was also a deep excitement and excitement, "Perhaps this is a great opportunity for me to grow rapidly!"

At this thought, Ye Feng also quickly packed up his salute, took out the starship directly, flew into the sky, and rushed towards the border battlefield that Lu Yaoyao said, which was the Tiannan Continent.

Chapter 1349 War Giant City

The end of the Tiannan Continent is adjacent to the secondary star field 'Taiyin Star Field' where the Taiyin Demon Sect is located.

Now that the Tiannan Star Region and the Taiyin Star Region are at war, the border between the two vast star regions is very long, with thousands of battlefields, large and small.

The junction between the end of Tiannan Continent and the Lunar Star Territory is one of these thousands of large and small battlefields.

Because the Tiannan Continent is a very special place in the Tiannan Star Territory, major chambers of commerce and three religions and nine streams gather together, making it extremely prosperous.

Therefore, the battlefield at the end of the Tiannan Continent was particularly fierce, because the powerful Taiyin Demon Sect in the Taiyin Star Region also wanted to occupy the Tiannan Continent, which was the most prosperous and rich in the Tiannan Star Region, as soon as possible.

Ye Feng chose to come here naturally because the battlefield at the end of Tiannan Continent was the most brutal.

The more tragic the battlefield, although it was indeed extremely dangerous, Ye Feng felt that it might become his own paradise.

With the devouring talent derived from the oven of creation, Ye Feng knew that the battlefield of fierce fighting and sufficient blood would bring him extremely majestic energy.

Soon, Ye Feng drove the starship to the edge of Tiannan Continent.

In the starry sky landing area of Tiannan Continent, Ye Feng saw many starry sky ships, all of which were arriving here quickly.

There are a lot of these starships, much more than the last time Ye Feng came.

After Ye Feng landed on the ground of Tiannan Continent, he took back the starship and rushed directly towards the other end of Tiannan Continent.

Three days later, Ye Feng passed through several large teleportation arrays and arrived at the end of Tiannan Continent.

On what was originally a barren land, a towering, cold steel city suddenly stood up.

This giant steel city spreads hundreds of thousands of miles across the land and is hundreds of thousands of feet high!

It was like a giant steel city with an invisible width and height, like a towering cold behemoth, lying on the ground, giving people a feeling of suffocation.

At this time, Ye Feng walked in front of this giant steel city with no end in sight, and felt that he was extremely small.

Like a little ant, overlooking the majestic giant beast.

Even if Ye Feng used the magic of heaven and earth to transform into a golden giant, he would stand hundreds of thousands of feet high.

In front of the giant steel city, he was as small as an ant.

"What a vast project this is..."

Ye Feng couldn't help but sigh.

"Where does this brother come from? Do you want to form a team with us and enter this giant war city?"

Suddenly at this moment, a woman's voice sounded beside him.

Ye Feng looked to the side and found a man and a woman walking beside him.

The man looked extremely young, only seventeen or eighteen years old.

The woman is quite pretty, wearing a light blue skirt, very graceful and charming.

It was this graceful woman who spoke just now.

Ye Feng looked a little surprised and said: "Who are you two?"

"My name is Su Xiaoxiao, from the Wenjian Sect in the northern area of the Tiannan Star Territory."

The graceful woman smiled loudly, looked at the young man beside her, and said, "This is my junior brother, his name is Cai Tinggui."

At this time, Ye Feng's eyes were filled with doubts.

Ask the Sword Sect?

It seems that I have never heard of it, and it is not a giant force in the Tiannan Star Region.

However, the Tiannan Star Region as a whole is so vast. In addition to a few giant forces, there are countless other sects, sects, etc., thousands of them.

Out of politeness, Ye Feng smiled and said: "It turns out that you are a master disciple of Wenjian Sect. I wonder why you two want to form a team with me?"

Cai Tinggui clasped his fists at this time and said: "Your cultivation aura is very obscure. Neither my senior sister nor I can see through it. I must be a very powerful master, so we want to form a team with you. After all, now and A battle in a vast second-level star field will definitely be very dangerous, so it is safer to form a team."

Ye Feng nodded slightly and said: "That's right, it's my first time here, so I'm not familiar with everything, but I can imagine that the Taiyin Demon Sect, the unified force in the second domain, must have countless powerful people. "

Su Xiaoxiao

Her beautiful eyes were overjoyed and she said, "Then the young master has agreed to form a team with us?"

Ye Feng smiled slightly and said: "Yes, but we have agreed in advance that chance will bring us, and everyone will depend on their ability."

"That's for sure."

The two disciples of Wenjian Sect immediately smiled and nodded.

The reason why Ye Feng agreed to team up with these two people was mainly to get familiar with the situation of the entire war city through these two people as soon as possible.

Although these two people are not giants from the Tiannan Star Territory, their cultivation is quite strong. They are both fourth-level divine bone realm tenth-level powerhouses, which are the same as Ye Feng's cultivation.

At this time, Ye Feng and the others walked towards the giant war city.

There were no guards at the door, and people came and went without anyone stopping them.

When the three people entered the giant war city, they immediately saw a magnificent scene.

Countless large starships are flying throughout the war city.

In addition, there are also strong men who are conducting various transactions in the giant war city.

"Buzz!"

"Buzz!"

On the farthest side of the giant war city, there are large teleportation arrays, emitting monstrous light and surging with violent spatial fluctuations.

Groups of cultivators from the Tiannan Star Region stepped into the large teleportation array and were then teleported away.

In addition, there were batches of people who were teleported back by the large teleportation array. Their bodies were stained with blood. Some even had half of their bodies broken and suffered heavy injuries. They had obviously just returned from the battlefield.

When Ye Feng, Su Xiaoxiao and Cai Tinggui saw this scene, their eyes showed shock.

You know, the giant war city in Tiannan Continent is just one of thousands of junction battlefields, but it is already so tragic and terrifying.

"The war between the stars is indeed vast and magnificent to the extreme."

Several people were sighing secretly.

At this time, a group of warriors with broken armors, covered in blood and wrapped in bandages, came over from a distance.

This group of warriors who returned from the bloody battle seemed to be soldiers of the Tiannan Alliance temporarily formed by the major giants in the Tiannan Star Region.

Ye Feng and the others were shocked when they saw the soldiers who suffered heavy casualties one after another.

They also saw the horror of the second level domain.

You know, the Taiyin Demon Sect in the Taiyin Star Territory has suffered heavy losses in a secret realm of the starry sky in a restricted area of life, and its vitality has been severely damaged.

But even so, the war situation is still not optimistic. Whether Tiannan Star Territory can win this star territory war is still unknown.

Ye Feng felt at this time that this war was not as simple as he had imagined before, and was much more tragic and cruel than he had imagined.

"I need to increase my strength immediately. Otherwise, if I go to the battlefield, even if I am hiding and swallowing blood, I may be in danger of falling at any time."

Ye Feng thought of this at this time.

He immediately looked at the two disciples of the Wenjian Sect, Su Xiaoxiao and Cai Tinggui, and said, "I came here in a hurry, and I am not familiar with anything about this giant war city. You should be well prepared before you come. You know I wonder where there is a large chamber of commerce that sells star essence in the giant war city?"

Star essence is a very pure and advanced form of starry cosmic energy, so many large chambers of commerce have sufficient reserves.

The last time he was at the Tiannan Chamber of Commerce, Ye Feng was unlucky, and happened to catch up with the Tiannan Chamber of Commerce's stock of star essences. In the end, he had to search for the dead stars and collect the star essences by himself.

But now, Ye Feng doesn't have that much time to search for death stars around Tiannan Continent. He needs to buy them.

Now Ye Feng's wealth is very rich. The last time he harvested the Ao family in Tiannan City and killed several senior members of the Celestial Society, Ye Feng now has strong financial resources. He is not worried at the moment. There is no money to buy training resources.

At this time, Su Xiaoxiao immediately said: "Star Essence? There are many of these things in the war city, because the major defense formations of the war city, the large teleportation array, and the consumption of starships all require star essence to maintain, Ye Brother, I will take you to a chamber of commerce. That chamber of commerce specializes in supplying star essence to the giant war city, so it must have sufficient reserves."

Chapter 1350 The First Heavenly Perfection

Under the leadership of Su Xiaoxiao, a female disciple of the Wenjian Sect, Ye Feng successfully purchased enough star essence from a chamber of commerce.

Ye Feng estimated that the star essence this time was enough to refine thousands of star body refining pills.

After learning that Ye Feng turned out to be a Holy Fire Alchemist who could refine fourth-grade true god-level elixirs, Su Xiaoxiao and Cai Tinggui showed deep surprise in their eyes.

They never thought that this young man they met on the road was actually an alchemist.

And the level is not low, he is a fourth-grade true god-level alchemist.

At this time, Ye Feng said goodbye to the two of them, directly found an inn in the giant war city, and stayed there first.

In his room, he began to quickly refine the Star Body Refining Pill.

In addition, Ye Feng also purchased a lot of seeds from the chamber of commerce, which are the raw materials for refining ancient Qi training pills. He plans to use the hands of time to bring them to life, so that these seeds can grow up and become medicinal materials for hundreds of years. Refining ancient Qi training pills.

The ancient Qi training pill is not only a pill that can improve your cultivation, Qi and blood, but also if your skills are exhausted in battle, taking the ancient Qi training pill can immediately restore your blood and Qi skills.

Therefore, although the level of ancient Qi Lian Dan, a fourth-grade true god-level elixir, is not too high, it is of great help in wars and is equivalent to food in wars in the mortal world.

So Ye Feng discovered a business opportunity. In this giant war city, he might be able to make high profits by refining a steady stream of ancient Qi training pills and selling them to countless practitioners in this giant war city.

You must know that the raw materials for refining ancient Qi training pills are basically plant materials. Ye Feng can buy countless seeds at low prices, consume his skill, and directly produce a steady stream of raw materials.

These extremely low-cost raw materials can be refined and transformed into a steady stream of ancient Qi training pills through Ye Feng's alchemy skills.

When Ye Feng thought of this, he immediately fell into seclusion and started refining frantically.

Ancient Qi training pill.

Of course, the Star Body Refining Pill is also being refined and swallowed to temper one's body constitution.

The chaotic body of the first heaven is undergoing rapid transformation.

...

For a whole month, Ye Feng did not leave the inn where he lived.

Even the innkeeper felt that Ye Feng was just a dandy from a certain big family. He came to this giant war city just for sightseeing and not to fight with the people of the Demon Cult in the Taiyin Star Territory.

Otherwise, how could he not even dare to go out of the inn and stay in his own house all the time.

this day.

"Squeak!"

Ye Feng opened the door and finally walked out.

At this time, he had swallowed more than a thousand star body refining pills.

The Star Body Refining Pill has no effect on Ye Feng now.

However, Ye Feng was not disappointed, but was very happy, because more than a thousand star body refining pills finally tempered and transformed his chaotic body to the first level of heavenly perfection!

Originally, Ye Feng thought about continuing to swallow the Star Body Refining Pill, and in one fell swoop, he would temper the Chaos Body and transform it into the second level.

But it is a pity that the Star Body Refining Pill, a fourth-grade true god-level body refining elixir, has no effect.

"It seems that if you want to completely transform the chaotic body into the second heaven, you can only enter the star field battlefield to find opportunities for the final transformation and breakthrough."

Ye Feng murmured and then walked out of the inn.

He was going to go directly to the large teleportation array in this giant war city and enter the star field battlefield.

But at this moment,

Ye Feng saw a familiar figure outside the inn.

It turned out to be roommate Lu Yaoyao.

At this time, there was a young man wearing a light golden gown beside her.

This young man was constantly saying something to Lu Yaoyao, but Lu Yaoyao's beautiful little face was full of impatience.

She couldn't help but said: "Ouyang Xing, don't follow me. Although we have a baby kiss, that is just the decision of the elders and has nothing to do with me. I have grown up now, and I have to decide my own life."

Ouyang Xing, who was wearing a pale golden gown, saw a gloomy look in his eyes when he saw Lu Yaoyao being so impatient with him.

But he didn't show anything on the surface, but still had a fake smile on his face, saying: "Sister Yaoyao, listen to me, this time I took such a big risk to come to this war giant. I came here specifically for you, but you ignored me, which makes me very sad. "

Lu Yaoyao turned around, looked at Ouyang Xing beside her, with a hint of helplessness in her eyes, and said, "I've already said, I don't like you, don't follow me."

"Hey! Senior brother Ye Feng!"

Suddenly, Lu Yaoyao happened to see Ye Feng walking out of the inn, and her beautiful eyes were immediately delighted. She hurriedly stepped forward, her big eyes shining brightly, and said: "Senior Brother Ye Feng, I didn't expect to meet you here, so do you. Are you ready to enter the Starfield battlefield? Let's go together."

Ye Feng smiled slightly, stepped forward and said, "Junior sister Yaoyao, what a coincidence."

"Who is this person?"

Ouyang Xing suddenly stared at Ye Feng, and his eyes suddenly became extremely gloomy.

Lu Yaoyao walked to Ye Feng's side and said with a smile: "Ouyang Xing, let me introduce to you. This is my senior brother Ye Feng in the Galaxy Holy Land. At the same time, he is also my roommate."

"roommate?!"

Ouyang Xing's originally gloomy expression suddenly became extremely furious.

He couldn't help but stared at Ye Feng and said angrily: "Boy, I advise you to leave sister Yaoyao as soon as possible, otherwise I will let you know what cruelty is!"

"Ouyang Xing!"

At this time, Lu Yaoyao couldn't help but said: "What did you say? Senior brother Ye Feng is my roommate, and I don't allow you to talk to him like this!"

At this time, Lu Yaoyao's behavior was like protecting a calf.

This immediately made Ouyang Xing's jealousy explode, and his face instantly became extremely ferocious, and he yelled at Ye Feng: "Boy! I want to duel with you! Only the one who wins can get sister Yaoyao's Fang Xin!"

Lu Yaoyao immediately couldn't help shouting: "Ouyang Xing! What are you talking about!"

But Ouyang Xing just stared at Ye Feng.

Ye Feng said indifferently at this time: "I will not duel with you."

Ouyang Xing immediately smiled sarcastically and said, "Don't you dare?"

Ye Feng shook his head and said: "It's not that I don't dare, but I won't treat Junior Sister Yaoyao as a trophy. She is my roommate, my fellow Junior Sister, and my friend. She is with me." In my eyes, I see living people, not trophies!"

When Ouyang Xing heard this, his face immediately turned pale.

At this time, Lu Yaoyao heard Ye Feng's words and was almost moved to tears.

Because in Lu Yaoyao's world, in the eyes of the upper echelons of the family and other people around them, they are a tool for family marriage, or a trophy in the eyes of the young masters of other families.

But Ye Feng's words at this time made Lu Yaoyao feel a dignity she had never felt before!

At this time, Ouyang Xing's face turned pale. He knew that even if he didn't take action, he had lost, completely lost!
