

## Ancient 1351

Chapter 1351 Secondary Star Field Battlefield

Ouyang Xing's eyes were extremely hard to see at this time.

Obviously, he never expected that Ye Feng would say such words that he could not refute at all.

But Ouyang Xing was very annoyed.

He instantly stared at Ye Feng in front of him and said coldly: "No matter how nice your words are, they are all false after all. In this giant war city, strength is king!"

boom!

Almost as soon as Ouyang Xing finished speaking, a very strong murderous aura suddenly burst out from his body.

"No matter what, I will fight with you to prove who is the strong one!"

Ouyang Xing roared loudly at this time, and a terrifying and violent aura suddenly erupted from his body.

Buzz!

This violent momentum instantly condensed into a huge phantom of the demon god behind Ouyang Xing.

This phantom of the demon god is obviously a phantom condensed by Ouyang Xing's martial arts inheritance and will. It is very terrifying and exudes a heart-stopping demonic energy.

"Ouyang Xing! Do you really want to take action? I won't allow you to be so rude to my senior brother Ye Feng!"

Lu Yaoyao suddenly became furious and was obviously about to take action.

But at this moment, Ye Feng stretched out a hand and pulled Lu Yaoyao back.

"give it to me."

Ye Feng took a step forward, staring at Ouyang Xing in front of him with a hint of coldness.

Ye Feng said coldly: "You seem to be using a very powerful magic inheritance, but your cultivation level is the same as mine, so you will definitely lose!"

Ouyang Xing laughed loudly and said: "Boy, don't think too highly of yourself. Although you are a disciple of the Galaxy Holy Land, I am also a disciple of the Tiannan Star Territory's giant force, the Heavenly Demon Hall, so I am also a genius who can fight across levels! "

After finishing speaking, Ouyang Xingyan

Shen Shen was cold, showing a trace of cruelty, and said: "I will destroy you directly later!"

boom!

The moment the words fell, Ouyang Xing's whole body erupted with powerful demonic energy, and he rushed towards Ye Feng in an instant.

"Zhen Yan cuts with one sword!"

Without hesitation, Ye Feng instantly took out a war sword from his storage spirit ring. The sword's blade was immediately engraved with the Dragon Spirit Holy Fire, and he slashed towards Ouyang Xing on the opposite side.

True Flame Sword Slash is originally a very powerful third-grade true god-level combat martial art.

Now coupled with Ye Feng's terrifying power of the Holy Fire, countless flames suddenly turned into raging sword energy, strangled madly towards Ouyang Xing on the opposite side.

"Pfft!"

"Pfft!"

Almost at the next moment, the huge demon phantom around Ouyang Xing was pierced through the entire body by Ye Feng's countless violent flame sword energy.

"Crack!"

"Crack!"

Drops of blood dripped directly from Ouyang Xing's body to the ground.

Ouyang Xing's eyes widened, as if he never expected that he would die so quickly.

That's right!

Just at that moment.

Countless violent flaming sword energy pierced Ouyang Xing's entire body at once.

Although Ouyang Xing had tenacious vitality, he died instantly after being pierced by thousands of arrows.

"Bang!"

Ouyang Xing's body suddenly fell to the ground.

At this time the leaves

Feng walked over directly and plundered all the wealth from him.

At this time, Lu Yaoyao, who was standing behind her, said with a hint of shock in her eyes: "Senior Brother Ye Feng, did you kill Ouyang Xing directly?"

Ye Feng glanced at Lu Yaoyao, smiled nonchalantly, and said: "Anyone who dares to provoke me like this will only end up dead."

Lu Yaoyao was a little nervous and said: "This Ouyang Xing is a disciple of the Heavenly Demon Hall after all, and now in this giant war city, there are many disciples of the Heavenly Demon Hall, and all of them are very powerful."

Ye Feng smiled and said: "It's okay, don't worry, if they dare to mess with me, then I will kill them all. In such a giant war city, as Ouyang Xing said when he was alive, strength is That's everything."

As the chaotic body of the first heaven transformed into the Great Perfection state, Ye Feng's current combat power has simply been elevated to a whole new level.

Ye Feng looked at Lu Yaoyao in front of him and said: "Junior sister Yaoyao, are you ready to enter the second-level battlefield directly now?"

Lu Yaoyao shook her head and said: "My current cultivation strength is still relatively weak. I want to practice in this giant war city for a while. In this case, when my strength improves and I enter the battlefield, my survivability will be improved." It will improve. Brother Ye Feng, you are so powerful. I think you can go directly to the battlefield to try your luck. You must know that the Taiyin Star Territory controlled by the Taiyin Demon Cult is a second-level territory, which is more than ten times vaster than our Tiannan Star Territory. The territory is vast, the opportunities are countless, and the treasure resources in the star field are extremely rich!"

Ye Feng nodded and said: "I have actually been in seclusion alone for more than a month, and my cultivation has improved a lot, so the place I want to go now is indeed the legendary second-level domain, Taiyin Star. area!"

After bidding farewell to Lu Yaoyao, Ye Feng walked directly to the edge of the wall of the giant war city.

“Buzz

!"

He stepped directly into a large teleportation array.

In a fierce flash of light, Ye Feng's figure suddenly disappeared in the giant war city.

And at the next moment, Ye Feng's vision changed, and he found that he had arrived in an isolated starry sky.

Around this starry sky, Ye Feng discovered many broken continents, and these continental plates were stained red with blood.

Obviously this is already the junction of the Tiannan Star Territory and the Lunar Star Territory.

Moreover, it belongs to the territory of the Lunar Star Territory.

Because this time in the Star Territory War, the Tiannan Star Territory took the initiative to attack the Taiyin Star Territory.

Therefore, the place where the large teleportation array in the giant war city teleports to, where Ye Feng is standing at the moment, is already the territory of the Taiyin Star Territory.

Ye Feng flew to the Broken Continent. This small land mass was about one-tenth the size of Tiannan Continent, but it was also extremely vast.

"Buzz!"

Suddenly, a large black demonic cloud appeared in the sky.

Within the demonic cloud, two voices suddenly came out.

"I didn't expect that we would meet a boy whose cultivation level is no more than the tenth level of the fourth level of the Divine Bone Realm. He is from the Tiannan Star Region!"

"Let's go down quickly, kill him, and get his head. We can go directly back to our Taiyin Demon Cult and get a reward of one hundred holy crystals."

At this time, two men in black robes, exuding strong demonic aura, immediately stepped down from the demonic cloud.

Their eyes were staring at Ye Feng, who had just arrived underground, with a trace of greed in their eyes.

Chapter 1352 Demon City Base

These two men who came out of the dark clouds in the sky were obviously disciples of the Taiyin Demon Sect.

"Harvest my head and get a hundred holy crystals as a reward?"

Ye Feng's eyes flashed.

His perception was so strong that he naturally heard the conversation between the two Taiyin Demon Cult disciples above.

"The value of my head is too low."

Ye Feng smiled and shook his head.

Then he suddenly looked up at the sky. .??.

The two Taiyin Demon Cult disciples had just descended into the air.

The cultivation level of these two people is impressive. They are both strong men in the third level of the fifth level of the spirit realm.

He is worthy of being a disciple of Taiyin Demon Sect, the super powerful force in the second level domain. Ordinary disciples are so powerful.

Ye Feng said: "You two are looking for me, do you have something to do?"

The two Taiyin Demon Cult disciples immediately smiled coldly and said, "Boy, don't act stupid. We will naturally kill you and use your head in exchange for rewards."

With that said, a disciple of the Taiyin Demon Sect took out a black gold war spear from the storage ring and charged directly towards Ye Feng.

"Crack!"

But at the next moment, a sword appeared in Ye Feng's hand, and with a flash of sword light, the black gold war spear had been cut off.

The body of the man holding the black gold war spear had been chopped into two halves and fell to the ground.

"What?!"

Another Taiyin Demon Cult disciple's eyes suddenly became very frightened and angry, and said: "Boy, who are you? Why are you so powerful? Are you the core disciple of the giant force in the Tiannan Star Territory?"

Ye Feng smiled slightly and said: "I am just an ordinary outer disciple for the time being."

Uh-huh!

This disciple of the Taiyin Demon Cult was so frightened that he quickly fled away.

At this time, Ye Feng was just taking the body of the first Taiyin Demon Sect disciple who died.

After plundering the wealth, he did not directly pursue and kill the Taiyin Demon Cult disciple who escaped. Instead, he lurked and followed the Taiyin Demon Cult disciple.

"Following this person, we may be able to go directly to the Taiyin Demon Sect's station near this battlefield. There must be many powerful Taiyin Demon Sect members in this kind of station. If they are all swallowed up, my cultivators will definitely be able to defeat them. For a huge boost."

Ye Feng was murmuring in his heart at this time.

While he was following the Taiyin Demon Cult disciple from a distance, he was absorbing the skills and vitality of the Taiyin Demon Cult disciple who died before.

Soon, half an hour later, Ye Feng found that he was approaching a huge planet.

Uh-huh!

He saw that the Taiyin Demon Sect disciple who had escaped before disappeared into the planet in front of him.

Ye Feng stepped forward directly, tried his best to restrain his life fluctuations, and quickly landed on the planet.

Uh-huh! Uh-huh! Uh-huh!

He was as light as a swallow, and his whole body was like a piece of floating catkins, and he quickly flew to the hinterland of the planet.

On a huge ice and snow plain, Ye Feng saw a dark magic city.

The huge city has countless Taiyin Demon Sect disciples standing on the city walls. In addition, there are also groups of Taiyin Demon Sect disciples wearing armor, coming in and out of this demon city, walking in a hurry, obviously... Temporary soldiers who are going to the battlefield to support the war.

At this time, both the Tiannan Star Region and the Taiyin Demon Sect were all disciples of the generals, forming powerful armies in the starry sky and fighting extremely fiercely.

Ye Feng was lying behind a glacier, staring at the huge magic city not far away.

"It seems that this city is really a logistics supply point for this battlefield. There are so many masters of Taiyin Demon Cult disciples stationed there. It seems to be a very important rear base."

Ye Feng exuded powerful soul power at this time. After preliminary induction, he judged that there were at least several thousand Taiyin Demon Sect disciples with similar cultivation levels as himself in this demon city.

In addition, there are hundreds of fifth-level spiritual masters.

There were even some terrifying and deep auras that made Ye Feng extremely afraid.

That is definitely a profound existence in the realm of gods!

He might even be a sixth-level true god realm super master! .??.

"I originally planned to destroy the camp directly, but I didn't expect to be unlucky and encountered a demon city with a profound foundation of the Taiyin Demon Sect."

Ye Feng's eyes moved slightly at this time, and he suddenly thought of an excellent way.

"Uh-huh!"

Ye Feng quickly left here and rushed directly into the starry sky on the planet.

Buzz!

At this time, Ye Feng engraved a mark of his own spiritual thoughts on the planet where the Taiyin Demon Sect's demon city is located.

He planned to go to the stars to find an extremely powerful and terrifying starry sky beast, and lead the starry sky beast to this planet to directly destroy the base city of the Taiyin Demon Sect.

However, this method is very risky, and it may not be successful, and it may even involve Ye Feng himself.

But Ye Feng's eyes were fierce. If he wanted to obtain the energy and blood skills of the countless Taiyin Demon Sect strongmen in the entire city, there was only one way.

Because Ye Feng's current cultivation level is really a bit low.

In the vast war with the second-level domain, it is nothing.

He can only choose to take the wrong path!

"Buzz!"

At this time, Ye Feng was flying in the surrounding dark starry sky, releasing his thousand-level soul power, and began to search for various living objects.

Hard work pays off.

On the third day.

Ye Feng detected the life breath of a huge creature.

That behemoth was a ferocious dragon in the starry sky, currently sleeping in a dark black hole.

This ferocious dragon in the starry sky is one of the most terrifying races in the starry sky.

Not only is the whole body covered with scales as big as the mouth of a bowl, but in the gaps between the scales, there are also extremely ferocious and terrifying black sharp thorns, just like a large hedgehog dragon.

That's why this starry sky behemoth is called the Starry Sky Feral Dragon, which represents a very terrifying creature.

Under Ye Feng's perception, this starry sky ferocious dragon sleeping in the black hole was thousands of feet long, giving people a very strong visual impact and shock.

"boom!"

Ye Feng did not hesitate and instantly took out a war sword from the storage ring. The sword was wrapped with the holy fire and struck the body of the ferocious dragon in the starry sky in an instant.

"Crack!"

On the body of the Starry Sky Feral Dragon, there was a small crack in a small pitch-black scale that was struck by Ye Feng's sword.

"Buzz!"

Almost at this moment, the ferocious dragon in the starry sky opened two red eyes as big as planets.

At this moment, the dark starry sky area where Ye Feng was was suddenly dyed red!

"run!"

At this moment, Ye Feng felt the murderous aura of the ferocious dragon in the starry sky, which was as terrifying as a volcanic eruption. He immediately activated the space gem and ran madly towards the planet where a demon city base of the Taiyin Demon Sect stood.

Chapter 1353 The planet is broken

Uh-huh! Uh-huh! Uh-huh...

Ye Feng flew quickly through the starry sky.

With the special power of space provided by the space gem, he is very fast and unpredictable.

"Roar!!"

The starry sky ferocious dragon behind him, with its huge and majestic dragon body, rushed out of the black hole and moved quickly in the starry sky.

Half an hour later, Ye Feng finally arrived at the planet he had landed on before.

In the hinterland of the surface of this planet, there stands a huge magic city.

This huge demon city is the temporary base of the Taiyin Demon Sect on the battlefield here.

Although it is a temporary garrison, it is still strong and there are many martial arts experts and masters.

At this time, Ye Feng finally came to this planet.

He rushed into the planet's atmosphere in an instant, and then lurked somewhere in the planet, holding his breath.

"Roar!!"

The ferocious dragon in the starry sky discovered Ye Feng's aura and suddenly disappeared from the planet.

Immediately there was an angry roar.

But roaring was of no use, because it couldn't find Ye Feng at all. Where was the ant that provoked him just now?

Simply, everything is destroyed!

"boom!"

The ferocious dragon in the starry sky instantly opened its huge mouth, and a monstrous wave of black light burst out from its mouth, instantly shattering the planet in front of it.

An entire huge and towering planet suddenly exploded and turned into countless fragments. Many continental plates were formed in the starry sky, floating in the cold star field.

"boom!"

After seeing this scene, the ferocious dragon in the starry sky left in the distance with satisfaction.

And in one of the countless fragments, Ye Feng was lying on it, with a hint of incredulity in his eyes.

He never expected that this ferocious dragon would directly smash the entire planet to pieces.

"still

Hurry up and search for the wealth in the Taiyin Demon Sect's demon city..."

Ye Feng's eyes flickered at this time, and he suddenly jumped towards the distance.

Buzz!

At this time, he also began to emit powerful soul power, like a sophisticated scanner, quickly exploring the starry sky where the entire broken planet was located.

"Huh? Found it!"

Soon, Ye Feng discovered a lot of rich blood energy.

Uh-huh!

He instantly flew to a very huge planet fragment.

In this piece of debris, the majestic Demon City has long been torn into pieces, broken from the middle. All the strong men of the Taiyin Demon Cult inside were affected, and were either seriously injured and dying, or directly turned into corpses that were not humanoid. .

"You...who are you?"

A disciple of the Taiyin Demon Sect, when he saw Ye Feng ducking towards him, he immediately lay on the ground and struggled to make a sound.

"Pfft!"

But Ye Feng killed this Taiyin Demon Cult disciple with one sword.

When two major star regions go to war, there is no right or wrong, only positions.

"Swallow!"

Next, Ye Feng directly released the Devouring Domain.

Buzz!

A dark and deep devouring field suddenly enveloped half of the broken Demon City.

"Ah! No! I don't want to die!"

"It must be this boy! It's the giant starry beast that this hateful boy attracted!"

"I'm not willing to give in! I'm not willing to give in!"

At this time, the screams of Taiyin Demon Cult disciples came from the half-broken Demon City.

But there was nothing they could do about it.

Because the moment the entire planet exploded, they were not alert at all, and they were hit hard all of a sudden.

.

And Ye Feng had been prepared and on guard for a long time, so when he saw the ferocious dragon in the starry sky was going to destroy the entire planet, he instantly released his golden dragon scale armor, covering his whole body.

With the protection of the golden dragon scale armor, Ye Feng hardly suffered any damage.

"Buzz..."

At this time, huge streams of blood energy were quickly gathering from half of the broken magic city to the entire devouring field, and then entered Ye Feng's body.

At this moment, Ye Feng immediately felt that the cultivation skills in his body were rapidly improving.

In addition, Ye Feng also discovered that these powerful disciples of the Taiyin Demon Sect were all practicing in the advanced second-level star field, so their skills were very pure.

"boom!!"

Finally, just half an hour later, a new and powerful martial arts momentum burst out from Ye Feng's entire body. .???.??

At this moment, Ye Feng's cultivation finally completely transformed from the fourth level of Divine Bone Realm to the fifth level of Divine Spirit Realm!

"First level of the spiritual realm!"

Ye Feng's eyes were extremely bright, blooming with dazzling light.

At this moment, he felt that his cultivation level had once again been greatly improved.

The combat power is also rapidly increasing.

"It's a pity that half of the Demon City was completely destroyed in the previous planet explosion, and the qi and blood skills in it cannot be obtained."

Ye Feng shook his head.

"Buzz!"

Suddenly at this moment, a very majestic and vast momentum suddenly descended on this broken starry sky area.

It was a kind of mighty demonic power, so terrifying that it made people's hearts tremble.

"He is a super strong person in the sixth level of True God Realm!"

"It seems that the explosion of the planet caused a huge commotion, causing the surrounding Taiyin Demon Cult to

All the strong men are attracted! "

Ye Feng's eyes were startled, and then he quickly flew away into the distance.

In the blink of an eye, he disappeared into the starry sky.

Uh-huh!

Uh-huh!

At this time, several Taiyin Demon Sect disciples with powerful auras arrived.

They looked at the mess at the scene.

They all couldn't help but gasped.

"hiss!"

"What happened? Why did a planet suddenly explode?"

"It seems like a giant starry beast passed by and destroyed the entire planet."

"What a bad luck..."

Many strong men from the Taiyin Demon Cult showed a hint of fear in their eyes.

There is a war in the starry sky. The danger comes not only from the hostile star field, but also from the entire mysterious and vast starry sky of the universe, which is very scary.

...

After Ye Feng left the broken planet, he did not stay on the battlefield for too long. Instead, he found the base of the teleportation array that he had sent before and sent it back to the giant war city.

After all, this starry sky battlefield is full of dangers. If you stay too long, your aura may be locked by some powerful creatures or strong men from the Taiyin Demon Sect. If you can't escape later, you will be in trouble.

Therefore, many warriors from the Tiannan Star Region in the giant war city will not choose to stay in the starry sky battlefield all the time, but will return to the giant war city from time to time to take a rest.

In addition to wanting to rest, Ye Feng also had another idea, which was to use the wealth collected from the Taiyin Demon Cult's half of the Broken Demon City to exchange for huge wealth in the giant war city, and buy a high-level pill that was more powerful than the Star Body Refining Pill. Body tempering elixir.

After seeing the danger and terror of the starry sky battlefield, Ye Feng could not wait to completely transform his chaotic body from the first heaven to the second heaven.

When the time comes, a very terrifying bloodline talent will be awakened again, and my safety factor will be greatly improved in this star war.

Chapter 1354 Ouyang Xin

In the giant war city.

Buzz!

Accompanied by a burst of space fluctuations from the large teleportation array.

In a ray of light, Ye Feng's figure appeared.

He walked straight towards an inn where he had lived before.

Ye Feng planned to stay in the inn for a while longer and turn the wealth he collected from the Starry Sky Battlefield into currency-like things like Saint Crystal.

"Um?"

Suddenly Ye Feng saw a girl covered in injuries limping away outside the inn.

"Junior sister Yaoyao?"

At this moment, Ye Feng's eyes suddenly revealed a look of shock and anger.

Uh-huh!

He rushed to Lu Yaoyao in an instant, held down the girl's shoulders and said, "Junior sister Yaoyao, what's wrong with you? Are you being bullied by someone?"

Lu Yaoyao saw Ye Feng in front of her, her eyes were startled for a moment, and then she burst into tears and said, "I was taught a lesson by Ouyang Xing's sister, Ouyang Xin, because I refused to tell the truth about Ouyang Xing's death."

When Ye Feng heard this, his eyes immediately turned cold and he said, "I was the one who killed Ouyang Xing. I will bear this responsibility. Come on, I will take you to settle the score with Ouyang Xing's sister, Ouyang Xin!"

Lu Yaoyao's injuries were very serious, and Ye Feng was naturally extremely angry.

After all, this happened because of myself.

But at this time, Lu Yaoyao grabbed Ye Feng and said with some fear: "Senior Brother Ye Feng, I'm not dead anyway. If I get hurt, just get hurt. That Ouyang Xin is a very powerful female devil. In the Demon Everyone in the palace has a high status and is not easy to mess with."

Ye Feng smiled slightly and said: "I went to the Starry Sky Battlefield recently and made a huge breakthrough in my cultivation. Those people are no match for me. You suffered such a serious injury. This account, You have to do the math!"

After saying that, without waiting for Lu Yaoyao to say anything, Ye Feng directly took her little white jade hand and walked towards a certain direction in the giant war city.

The Heavenly Demon Palace, as a giant in Tiannan Star Territory

The leading force, in the giant war city, is naturally powerful and has its own exclusive residence.

"Tianmo Mansion"

Half an hour later, Ye Feng pulled Lu Yaoyao and arrived in front of a huge mansion.

In this mansion, there lived a group of disciples from the Heavenly Demon Hall.

"You, a despicable outer disciple of the Galaxy Holy Land, have been taught so badly by our Senior Sister Ouyang Xin, and yet you dare to come back? You are simply seeking death!"

In the mansion, disciples from the Heavenly Demon Hall immediately saw Ye Feng and Lu Yaoyao outside the door.

Their expressions all showed sneers.

"Boom!"

But at this time, without saying a word, Ye Feng took out a war sword from the storage ring and smashed the vermilion wood door of the mansion into pieces.

"What?"

"You're brave, boy!"

"Who are you to dare to stir up trouble in our headquarters of the Heavenly Demon Palace? Don't you want to live anymore!"

After the vermilion gate was broken, a large group of disciples of the Heavenly Demon Hall were alarmed.

This group of disciples from the Heavenly Demon Hall all stepped out of the mansion one after another.

A disciple of the Heavenly Demon Palace with a cultivation level of the fourth level of the Divine Bone Realm, tenth level, just sneered and said: "Boy, if you want a hero to save a beauty, you have to see if you have the strength."

Ye Feng held Lu Yaoyao's little hand in one hand and the cold sword in the other.

He stared at the Heavenly Demon Hall disciple in front of him with cold eyes, and said: "I came here today to settle accounts. As for whether I have the strength, won't you know if you try it?"

"Arrogant!"

Almost at the moment Ye Feng's words fell, the disciple of the Heavenly Demon Hall suddenly showed a furious look in his eyes and pulled out a black magic weapon on his back.

The knife rushed towards Ye Feng in an instant.

"Qiang!"

But the next moment, everyone only heard a harsh sword cry.

Then a golden flaming sword light flashed.

"Pfft!"

The disciple from the Heavenly Demon Hall was split into two halves before he could even rush in front of Ye Feng.

Snap!

The broken body fell from the sky and dyed the entire ground red in an instant.

"hiss!"

"So strong!"

At this time, everyone watching around couldn't help but gasped.

At this time, many people had gathered around the mansion.

They were all very curious as to who dared to provoke the people from the Demon Palace.

Seeing how young Ye Feng was, everyone thought that he was a crazy boy who didn't know what to call, and would definitely die miserably in the end.

But what they never expected was that Ye Feng was so powerful.

And it's powerful beyond everyone's imagination.

You know, the disciple of the Heavenly Demon Hall who took action just now is not a bastard.

Rather, he is a master who possesses the Dzogchen cultivation base of the fourth level of the Divine Bone Realm.

But just now it was just an instant, and in an instant, he fell.

He was directly chopped into two halves by Ye Feng's sword.

It can be said that the strength is really terrifying!

Everyone's eyes were fixed on Ye Feng at this time, and they all showed a trace of surprise and uncertainty.

They seemed to be thinking about Ye Feng's identity and what kind of existence he was.

"Is this son a core disciple in the Galaxy Holy Land?"

"But the core disciples of the Galaxy Holy Land are all well-known. We have basically seen this guy.

He is young and does not look like a core disciple, but a new disciple. "

"New disciple? How is this possible? Are you kidding me? A new disciple is so powerful? He killed the inner disciples in the Demon Hall with one sword?"

...

Everyone was talking a lot.

"Junior Brother Mo!"

"You died so miserably!"

At this time, after a brief daze, a group of Heavenly Demon Hall disciples in the mansion saw the disciple who was chopped into two halves, and their eyes showed deep shock and anger.

They never seemed to have thought that in their territory of the Heavenly Demon Palace, someone would actually dare to kill the disciples of their Heavenly Demon Palace.

This is really audacious to the extreme!

"Lu Yaoyao, I thought I taught you a lesson and you would never dare to come here again, but I didn't expect that you actually dared to find helpers and wanted to vent your anger on yourself? Let me tell you, this is absolutely impossible!"

Suddenly at this moment, accompanied by an angry voice, a beautiful and graceful woman wearing a black robe walked out of the mansion.

This person is Ouyang Xing's sister, Ouyang Xin!

She is the core disciple in the Demon Palace.

He is also a profound being in the fifth-level spirit realm, with extremely powerful cultivation!

In addition, although Ouyang Xin is a woman with a beautiful and charming face, no one dares to covet her.

Because everyone knows that this is a cruel and ruthless female devil.

Ouyang Xin was once dissatisfied because the young master of a family made a comment about her. In anger, Ouyang Xin killed all eighty-one members of that family with one sword and blood flowed like a river.

At this time, Ouyang Xin looked at Ye Feng opposite, and said indifferently to a man in green next to him: "Junior brother Yu Haotian, please take action, kill the boy in black, and then bring his head

to me. I disdain to take action against the humble outer disciples in the Galaxy Holy Land, it is beneath my status.”

Chapter 1355 Apology

Ouyang Xin's words at this time were full of deep contempt.

Obviously, as a core disciple of the Heavenly Demon Hall, she is pretentious.

When facing Ye Feng, he even said the words "disdain to take action".

"As expected of the female devil in the Demon Palace, her behavior is ruthless and extremely powerful."

Many people around could not help but speak out.

Uh-huh! .??.

At this time, the disciple of the Heavenly Demon Hall who was named by Ouyang Xin was called Yu Haotian, and he had a powerful cultivation level of the third level of the fifth level of the spirit realm.

At this time, he stepped out, and his body suddenly exuded a breathtaking martial arts aura.

"Click, click..."

At this time, the hard ground in front of Yu Haotian was cracked inch by inch.

Obviously, this person's cultivation level is indeed very terrifying.

Just the slightest hint of aura was revealed, and an extremely terrifying vision occurred.

The surrounding environment is rapidly disintegrating.

Ye Feng was not afraid at all, but with cold eyes, he stared at Yu Haotian and said indifferently: "Ouyang Xin, take action yourself. These scoundrels of yours are just trash and can't hurt me."

"presumptuous!"

Yu Haotian immediately showed deep anger in his eyes, and said suddenly: "Shut up! Who are you, how dare you say such arrogant words! Go to hell!"

"The Great Heavenly Slayer Divine Sword!"

Yu Haotian shouted, clenched his hands instantly, and pulled out a huge black sword from the void.

This black sword bloomed with divine light, and the shadow of the demon god roared in the light of the sword, full of infinite power.

"boom!"

Yu Haotian held the big heaven-slaying sword and felt that with the sword in his hand, I have it in the world.

"Hahaha! Boy! One knife is enough to kill you!"

"Even if I give you ten thousand knives, you can't kill me."

Ye Feng suddenly spoke up at this time, with a hint of coldness in his tone.

"Zhen Yan cuts with one sword!"

Ye Feng

The sword in his hand was instantly covered with a layer of blazing golden flames.

It is the Dragon Spirit Holy Fire!

The sword with the power of the holy fire turned into a peerless warrior with fire attributes in an instant.

"Boom!!"

The extremely violent war sword suddenly headed towards the opposite side to kill.

"Crack!"

The black sword in Yu Haotian's hand immediately shattered with a tiny crack.

"boom!"

And a huge repulsive force was directly transmitted from the black sword in Yu Haotian's hand to his palm, sending him flying back more than ten steps.

"ah!"

And a piece of golden holy fire burned on Yu Haotian's palm, directly burning his palm to bloody pulp, and he immediately let out an extremely sad howl.

"What? Senior Brother Yu Haotian was repulsed?"

At this moment, all the disciples in the Heavenly Demon Hall in the mansion had deep horror in their eyes.

Obviously, they never thought that the helper Lu Yaoyao brought, the young man in black clothes, would have such terrifying combat power.

Lu Yaoyao also opened her beautiful big eyes at this time, staring at Ye Feng beside her in disbelief, as if she was seeing Ye Feng for the first time.

Ye Feng looked at the widened eyes of Lu Yaoyao beside him. The frost on his face disappeared, and instead he smiled slightly and said, "Junior Sister Yaoyao, what's wrong?"

Lu Yaoyao immediately shook her head vigorously and said quickly: "Nothing, I just think that Senior Brother Ye Feng, you... are so awesome!"

Originally, Lu Yaoyao was very worried about Ye Feng's safety.

But what he never expected was that Ye Feng would be so powerful.

Even Yu Haotian, the top ten disciples of the inner hall in the Heavenly Demon Hall, is no match for Ye Feng.

Uh-huh!

at this time

Ye Feng immediately stepped forward and grabbed Yu Haotian with one hand.

"kill!"

"Three cuts to kill the god!"

boom! boom! boom!

At this moment, Yu Haotian roared loudly, holding the black sword in his hand, and at an incredible speed, he struck Ye Feng three times in a row in just one moment!

"Don't waste your efforts."

But Ye Feng just made a cold voice.

"Boom!"

At this moment, Ye Feng didn't show any fancy, he just made a fist with his hand and then punched forward fiercely.

"boom!!"

"Crack!"

Almost at the next moment, Yu Haotian's three swords burst out in desperate situation. They seemed extremely fierce, but they were all shattered by Ye Feng's punch.

The sword light that could crush everything did not leave a single mark on the skin of Ye Feng's fist.

"What?!"

"What a terrifying body this is!"

When Yu Haotian saw this scene, he was immediately frightened and was covered in cold sweat.

He backed away quickly, trying to escape.

"late!"

But how could Ye Feng let him escape at this time?

boom!

Ye Feng immediately activated a trace of the power of the space gem, and in an instant he flashed in front of Yu Haotian and punched him directly.

"stop!"

At this moment, Ouyang Xin, who was watching a show, finally couldn't bear it any longer and burst into laughter.

"You told me to stop? Who do you think you are?"

Ye Feng laughed loudly, his eyes were very firm, and without any sign of stopping, he directly punched Yu Haotian's body.

"Pfft!"

Along with the sound of flesh and blood being broken, Yu Haotian's chest was directly punched through by Ye Feng's fist.

"ah!"

Yu Haotian howled miserably, his pupils suddenly enlarged, and he felt a heartbreaking pain.

"I don't want to die!"

Yu Haotian roared, and a talisman emitting light red light suddenly rushed out from the inside of his body. It suddenly became extremely huge and moved towards Ye Feng in an instant.

This is Yu Haotian's guardian talisman.

It has a very terrifying power to block the town.

"Break it for me!"

Ye Feng shouted loudly, fully stimulating the terrifying power of the Chaos Body's first heavenly perfection state.

boom!

In an instant, an unimaginable force was blasted out of Ye Feng's fist.

"Crack!"

The guardian talisman was directly bombarded and shattered.

"Crack!"

The next moment, Ye Feng opened his five fingers and turned into a heavy hand that exuded the light of chaos. He smashed Yu Haotian's whole body into pieces and turned it into a bloody mist.

Everything happened so fast!

Ye Feng's power was simply overwhelming!

Uh-huh!

At this time, Ouyang Xin, the core disciple of the Heavenly Demon Hall, had just stepped over.

But in the end, only Yu Haotian's blood mist was sprinkled on Ouyang Xin's dress.

"hateful!"

Ouyang Xin's beautiful eyes were filled with magic light and evil aura.

Ye Feng immediately stared at Ouyang Xin and said, "Apologise to my friend Lu Yaoyao, otherwise I will continue to kill him."

Indifferent words, without any emotion, but full of determination and chilling meaning.

Lu Yaoyao stared at Senior Brother Ye Feng beside her. She had never been so moved since she was born, and she had never been so moved to tears.

"Buzz!"

At this time, Ye Feng reached behind his back with one hand, secretly devouring the energy and blood power of the two disciples of the Heavenly Demon Hall who had just been killed to strengthen his own cultivation.

Chapter 1356 Leave safely

Ouyang Xin's eyes were extremely gloomy at this time.

She stared at Ye Feng opposite him coldly and said, "It's impossible for me to apologize."

Ye Feng's eyes were cold and he held the sword in his hand. He exuded an extremely cold murderous aura and said, "Then I will beat you until you apologize."

Ouyang Xin sneered and said: "It seems that you are not an ordinary disciple in the Galaxy Holy Land. Your combat power is very extraordinary. But if you dare to go against me, it is definitely the worst choice you have made in your life!"

Buzz!

Almost at the moment Ouyang Xin finished speaking.

Her whole body suddenly surged with boundless and vast demonic energy.

Ouyang Xin's whole body instantly floated high into the sky, and a pair of beautiful pupils exuded a terrifying dark magic light.

Ye Feng's eyes suddenly turned cold and he said: "Since you refuse to apologize, then I will beat you until you apologize!"

boom!

A heart-stopping energy of chaos emanated from Ye Feng's body at this moment.

His whole body was filled with the light of chaos, as if an ancient Supreme Lord had arrived and stepped out of the chaos, filled with extremely huge momentum.

At this time, Ye Feng's feet were covered with blood and dead bones, the corpses of the disciples of the Heavenly Demon Hall that he had just killed.

Obviously, once Ye Feng takes action, he will be extremely decisive and move forward without any possibility of compromise.

"Ouyang Xin, the feared female devil, I want to see if you are as powerful as the rumors say?"

Ye Feng spoke out, his tone carrying a deep coldness and coldness.

He instantly rushed towards the beautiful figure opposite.

Although she was a very beautiful woman.

But Ye Feng's eyes at this moment showed no mercy.

He is like a decisive general on the battlefield. Once he takes action, no matter who the opponent is, he must die.

"boom!"

At this time, Ouyang Xin also took action.

This female devil is by no means in vain, even though she looks graceful

Touching and stunningly beautiful.

But once she takes action, her body is full of demonic energy, and her long hair dances wildly in the cold wind, giving people a very vast aura of an empress.

"Destroy the world!"

The cold words came out of the female devil's mouth.

And at the next moment, her hands were holding up the sky, and countless demonic energy suddenly descended on the sky, condensing thousands of troops and horses, roaring and charging towards Ye Feng.

Ye Feng was not afraid, but his punch was nothing fancy. It just greatly stimulated the power of chaos in his body and melted it into his punch.

"Boom!!"

Like a big bell striking the heavenly gate, a thunderous roar suddenly sounded in the sky in front of the mansion.

And at the next moment, Ye Feng was filled with the energy of chaos, and without any pause, he headed straight towards Ouyang Xin.

Now Ye Feng's strongest method is the powerful physical power of the chaotic body that he has stepped into the first level of heavenly perfection.

Therefore, Ye Feng relied on his terrifying body to defeat Ouyang Xin personally.

"Magic Cloud Fan!"

A pitch-black iron fan appeared in Ouyang Xin's hand. Steel thorns like pear blossom needles shot out in an instant, like the fangs of a poisonous snake, capable of killing enemies at close range.

Obviously, this female devil also realized that Ye Feng's terrifying and strong body, which was made of divine iron, was really full of huge oppressive power.

"Dang Dang Dang!"

But those steel thorns like the fangs of poisonous snakes struck the surface of Ye Feng's body, making a harsh sound like metal collision.

These steel thorns didn't even pierce Ye Feng's skin!

"hiss!"

"How terrifying is this body?"

"It's just steel and iron!"

Many people around saw this scene, with incredible looks in their eyes.

"Kneel down!"

Ye Feng suddenly shouted loudly at this moment, as if a demon was angry.

He opened his big hand, and the roots of his five fingers were like giant peaks, emitting chaotic energy, suppressing it like a five-finger mountain.

"Crack!"

When Ouyang Xin wasn't paying attention, the spine on his back was directly broken.

"ah!"

The female devil couldn't help but scream, and she half-knelt on the ground.

She was in agony and humiliated.

But at this time, Ye Feng's big hand exuding chaos energy pressed her hard, making the female devil unable to resist at all.

Ye Feng was condescending and said coldly: "This incident happened because of me, but you dared to seriously hurt my friend Lu Yaoyao. You apologize to her now."

Ouyang Xin's beautiful eyes were stained with blood, and she said angrily: "I will not apologize!"

"Pfft!"

Ye Feng drew his sword and cut off her head.

Gulu!

A beautiful head rolled to the ground.

Before she died, Ouyang Xin, the female devil, had her eyes wide open.

It seemed that he never expected that Ye Feng would really dare to kill her.

You know, she is the core disciple of the Heavenly Demon Hall, a giant force in the Tiannan Star Region.

Noble status.

But at this moment, the female devil was killed, shocking everyone!

"this....."

In the mansion, many disciples of the Heavenly Demon Hall had frightened eyes, trembling, and did not dare to look directly at Ye Feng on the field.

Ye Feng glanced at the group of people coldly and said: "There is an injustice and a debtor. If you want revenge, you can come to me, but if you dare to offend my friends, I will retaliate with tooth for tooth and blood for blood!"

After finishing his words, Ye Feng put the headless corpse of Ouyang Xin, the female devil, into the storage ring, and then pulled Lu

Yaoyao left the residence of the Demon Palace.

The giant war city at the end of the Tiannan Continent is just one of thousands of battlefields at the junction of the Tiannan Star Region and the Lunar Star Region.

Therefore, after Ouyang Xin was killed in the mansion of the Demon Palace, no master dared to come forward again.

Ye Feng left peacefully.

No one in the mansion dared to take action.

The warriors from various major forces on the surrounding streets all had expressions of sadness in their eyes.

"Sure enough, there are people outside the world, and there is a sky outside the world."

"This Heavenly Demon Palace has always regarded itself as a powerful force and acted recklessly in this giant war city. This time, it finally offended someone it shouldn't be offended."

"That young man in black clothes seems to be the core disciple in the Galaxy Holy Land. His fighting power is so strong that it makes people feel heart-stopped."

"This giant war city at the end of our Tiannan Continent has so many young masters here this time. It seems that victory is possible."

...

Many people around were talking secretly.

And just after Ye Feng took Lu Yaoyao out of the residence where the Demon Palace was stationed, they turned into a small alley.

Uh-huh!

A young man in black clothes with gold embroidery suddenly stood at the exit of the alley, blocking the way of Ye Feng and Lu Yaoyao.

Ye Feng looked at the figure in black with gold patterns, his back turned to him, exuding a strong demonic energy. His eyes darkened and he said: "Your Excellency, you are a master of the Demon Palace? You took so long to attack me? Is it because you want to take action?" Do you want to get rid of my secret in this deserted alley? "

Uh-huh!

But at this moment, the figure in black with gold patterns turned around, revealing a familiar stern face.

"Xiao He?"

Ye Feng's eyes were stunned, and then he said happily: "Brother, why do you suddenly appear here?"

The young figure in black clothes with gold patterns was none other than Xiao He, Ye Feng's good brother who he met again in Longyuan Continent and later in the spiritual world of the first universe!

Chapter 1357 The past

"Xiao He!"

Ye Feng never thought that he would meet his good brother Xiao He here.

Xiao He's face looked unchanged from before.

But there was a lot of vicissitudes of life in his eyes.

Obviously, he has been through a lot during this time.

However, the journey of martial arts practice is inherently full of dangers.

As long as people are still there and have not died, that is already the greatest victory.

"Ye Feng!"

Xiao He also stepped forward suddenly at this time and patted Ye Feng's shoulder hard. There was a trace of excitement in his cold and vicissitudes of eyes.

In this foreign country, two good brothers from the same hometown met.

There's nothing more exciting than that.

Ye Feng saw Xiao He's clothes as a disciple of the Heavenly Demon Palace and couldn't help but said in surprise: "You have indeed joined the Heavenly Demon Palace."

When he was in the spiritual world of the first universe, Xiao He practiced in the Demon State and was the inheritor of the Demonic Way among the human race.

Therefore, Ye Feng had guessed that maybe Xiao He was in the Heavenly Demon Hall in the Tiannan Star Region, the only human demonic force.

Sure enough, Ye Feng guessed correctly.

At this time, Ye Feng was a little hesitant and said, "When I killed the disciples of the Heavenly Demon Hall just now, were you watching in secret?"

Xiao He nodded slightly, and then said with a smile: "Although they and I are the same disciples, there are many disciple factions in the Heavenly Demon Hall. Ouyang Xin and I are not from the same faction, so their death has nothing to do with me. I will just watch with cold eyes."

Ye Feng heard this and immediately said: "That's good. By the way, how are you doing in the Demon Palace now?"

"Well enough."

Xiao He smiled slightly, and suddenly a huge and boundless martial arts momentum surged from his body.

That belongs to the fourth level of the Divine Bone Realm, the tenth level.

Perfect and powerful cultivation.

Although it is one level weaker than Ye Feng.

But it's already very difficult.

Ye Feng's eyes lit up and he said: "Not bad, not bad."

Xiao He spread his hands and said helplessly: "I still haven't caught up with you."

After the words fell, Ye Feng laughed and said: "Let's go drink and have a good chat!"

Ye Feng was naturally very happy to meet his good brother from back then in this giant war city.

Xiao He's eyes fell on Lu Yaoyao next to Ye Feng.

Looking at this beautiful and lovely girl, Xiao He immediately greeted with a smile: "Is this the new sister-in-law?"

Siblings?

Lu Yaoyao was stunned at first, and then her ears turned red with embarrassment.

Ye Feng said quickly: "Xiao He, don't be ridiculous, this is my junior sister from the same sect, an outer disciple of the Galaxy Holy Land, Lu Yaoyao, and the eldest lady of the Lu family, the top ten families in the northern Tiannan Star Region."

Xiao He laughed and said: "I understand, I understand."

As he said that, Xiao He stared at Ye Feng and said through his spiritual mind: "Brother, to be honest, I really envy you. There are so many beautiful girls following you everywhere and they like you. This kind of treatment is really enviable. come!"

Ye Feng patted his shoulder and said with a helpless smile: "It's not like I'm messing around with women. You misunderstood me, brother."

The two were chatting and laughing, with Lu Yaoyao following behind, feeling a little happy inside.

...

In an inn in the war giant city, Ye Feng and Xiao He chatted for a long time, and the wine on the table was empty.

Both of them were slightly drunk, but they were not

There are people who use their skills to dispel drunkenness.

That dizzy feeling is pretty good.

Ye Feng looked at Xiao He and asked: "In that case, the eldest lady finally went to find me in the sky and did not come to this vast second universe with you."

Xiao He nodded slightly, picked up the bowl in front of him, drank all the wine in it, and said: "Yes, Ye Shenyue knows that the Tongtian Divine Dynasty is chasing you throughout the spiritual world. She is very smart and knows that you should Escaped into the sky."

Speaking of this, Xiao He couldn't help but said: "Brother, I really didn't expect that you are still the Crown Prince of the Creation God Dynasty. I was shocked for a long time when I learned the news."

Ye Feng shook his head, couldn't help but smile bitterly, and said: "Xiao He, don't blame me for not telling you the truth. I didn't choose to tell you the secret because the power of the Tongtian Divine Dynasty in the spiritual world is too huge. I don't want people around me to be innocently implicated because of me."

Xiao He nodded and said: "I understand you, so I am not angry. I just feel that I am lucky enough to be able to be the only son of a legendary figure like the God Emperor of Creation. This may be the greatest honor in my life."

Hearing this, Ye Feng suddenly thought of something and couldn't help but said: "I heard that all the entrances to the first universe were closed, and the cosmic will of the first universe was fused with my father."

When Xiao He heard this, his eyes became a little serious and said: "I have also heard about this, and it has attracted the attention of many super powers in the second universe. But now, even the super strongest who have surpassed many levels of the eternal realm, it is no longer possible to observe any situation in the first universe. The new universe of the first universe has completely fallen into a closed state. "

Ye Feng nodded slightly and said: "In any case, now we can no longer spy on the first universe. I hope that my father can successfully integrate the will of the first universe and kill Gu Tongtian."

I will kill the villain who killed Miss Lan once, once and for all! "

"Kill Miss Lan once?"

At this time, Xiao He's eyes suddenly changed and he said: "Miss Lan...?"

Ye Feng's eyes showed a hint of gloom, and said: "Miss Lan was seriously injured by Gu Tongtian's fatal blow in order to save my life. Now I have frozen her in a ten-year-old ice coffin. Only the immortal grade can be refined." Only by using the elixir 'Galaxy Longevity Pill' can I resurrect Miss Lan. Now I am embarking on the journey of alchemy, not only for my own practice, but also to save Miss Lan. "

At this time, Ye Feng said, opening a space crack in the storage ring in his hand.

In a corner of the storage spirit ring space, an ice coffin is placed in it.

In the ice coffin, Gu Qinlan's eyes were slightly closed, and her beautiful figure lay in it, looking as if she had slept peacefully.

Xiao He was slightly silent when he saw this scene.

Then he patted Ye Feng's shoulder and said, "I believe you can resurrect Miss Lan."

"Miss Lan?"

At this time, Lu Yaoyao, who was sitting aside to help the two of them pour wine, flashed her beautiful big eyes. She didn't expect that Senior Brother Ye Feng still had such a sad past.

"Boom!"

Suddenly at this moment, the wooden door of the inn was kicked open by a huge force.

The person who stepped into the door of the inn was a tall young man wearing golden armor.

His eyes were like cold lightning, his body was towering, and his momentum was soaring into the sky. He looked around the entire inn like a demon god, and said coldly: "Who is Ye Feng, who dares to kill so many disciples of my Heavenly Demon Hall, and who dares to kill my 'Golden Armor Club' Ouyang Xin, the core member, is so bold, Ye Feng, get out and die! Otherwise, I will kill everyone in the inn!"

Chapter 1358 True God Realm Super Master

The tall and mighty young man, wearing thick golden armor, had a deep and huge aura, like an abyss and a prison. Just standing there gave people a feeling of suffocation.

Xiao He, who was sitting in the inn, was immediately startled, and then hurriedly said to Ye Feng beside him: "Ye Feng, this person is called Lie Yuntian, and he is a deputy of the 'Golden Armor

Society', the disciple faction of our Heavenly Demon Hall. President, your cultivation skills are very powerful, let's hurry up and escape."

Ye Feng nodded slightly. He sensed that the cultivation aura on Lie Yuntian's body was that of a super master at the sixth level of True God Realm!

At present, he is indeed not his opponent for the time being.

At this time, Ye Feng and Xiao He took Lu Yaoyao and prepared to run away directly.

"Xiao He!"

Suddenly at this moment, Lie Yuntian recognized Xiao He's face.

They are all disciples of the Heavenly Demon Hall, although Lie Yuntian knows Xiao He.

However, Lie Yuntian suddenly stared at Ye Feng next to Xiao He.

He looked coldly and said, "You must be that Ye Feng! You are so courageous!"

boom!

Lie Yuntian's hand instantly burst out with monstrous demonic energy, and he grabbed Ye Feng directly.

"Lie Yuntian! Ye Feng is my brother, you'd better not take action against him!"

Xiao He stood up immediately and shouted coldly: "The wheel of life and death!"

boom!

A huge wheel of life and death, containing the secret of the six paths of reincarnation, appeared in front of Xiao He in an instant, spinning rapidly, generating an extremely huge defensive force.

"boom!"

Lie Yuntian's huge demonic hand bombarded Xiao He's Wheel of Life and Death, and was temporarily blocked.

"Hmph! I didn't expect that Senior Sister Moqingtian would value you so much. She actually fused the power of the Six Paths of Reincarnation into your wheel of life and death. Her power was greatly increased, and she was two realms lower than me. She was able to stop me. A move."

Lie Yuntian sneered, and immediately shouted: "But it can only resist one of my moves, break it!"

boom!

Lie Yuntian's pupils were full of demonic light, and the demonic energy in his hands became more and more majestic.

"puff!"

Almost at this moment, Xiao He was blown away by a huge energy, spurting out a mouthful of blood in the air, and his breath suddenly exhausted.

"Xiao He!"

Ye Feng's eyes were startled, and he quickly ducked over and supported Xiao He.

Lu Yaoyao trotted up to the two of them at this time, her eyes were very anxious and she said, "What should we do?"

Ye Feng's eyes were cold and he said: "There is only one battle!"

Buzz!

At this moment, a huge and boundless martial arts momentum surged out of Ye Feng's body.

At this moment, many people were attracted by the movement in the inn.

"Isn't that the disciple in black from the Galaxy Holy Land who killed the demon Ouyang Xin before?"

"Who is the man in golden armor taking action now?"

"It seems to be Lie Yuntian, the vice-president of the top ten 'Golden Armor Club' among the disciple factions of the Demon Hall!"

"Lie Yuntian? Isn't that a super master at the sixth level of the True God Realm? Now the disciples in black in the Galaxy Holy Land are in dire straits!"

...

Many people around him couldn't help but exclaimed in surprise.

At this moment, many former disciples of the Heavenly Demon Hall also gathered over.

"It's Senior Brother Lie Yuntian, the vice-president of our Golden Armor Club!"

"Great! Finally a super master is here! Senior Sister Ouyang Xin's revenge can be avenged!"

"Senior Brother Lie Yuntian, the boy in black from the Galaxy Holy Land is called Ye Feng. Although he is powerful in combat, he is still only an outer disciple of the Galaxy Holy Land and has a low status. Kill him as soon as possible. There will be no future troubles."

...

All the disciples of the Demon Palace of the Golden Armor Club spoke out one after another, and their tone was merciless.

Ye Feng's eyes showed no fear as he stared coldly at Lie Yuntian opposite him and said, "You want to kill me?"

Lie Yuntian shook his head and said: "I won't kill you, but I will cripple you and let you fight in this huge war."

I make a living by begging in the city. I will leave you a miserable life and let you die in endless pain. This is the price for offending my Golden Armor Club! "

The disciple faction Jinjiahui in the Heavenly Demon Hall is a very large disciple faction with many powerful people.

Although it is far inferior to the Tianshen Guild in the Galaxy Holy Land, it is still extremely difficult for Ye Feng at present.

At this moment, Ye Feng knew that he could only fight with his back to the wall.

"Destroy the magic light wave!"

Lie Yuntian roared and directly unleashed a set of very powerful killing techniques.

He stretched out a hand, and a deep dark wave of light suddenly burst out from his palm.

"Boom!!"

Ye Feng raised his arms, running the energy of the chaotic body crazily, and blocked in an instant.

"Clang!"

At the next moment, the dark magic light wave seemed to bombard the copper wall and iron wall, and suddenly made a huge roar like the sea hitting the sky.

"Rumble..."

At this time, the entire inn collapsed instantly.

Kick, kick, kick!

Ye Feng suddenly stepped back several steps, and the clothes on his arms shattered.

But there was no damage at all on the skin of both arms bombarded by the demonic wave of destruction, only wisps of smoke rising up.

"What?!"

"Blocked it with both arms?"

"Really! I saw it right! What kind of arm is this? A unicorn arm!"

Countless people around were shocked to the extreme.

You must know that Ye Feng is the first level of the fifth level of the divine realm, while Lie Yuntian is a super master of the second level of the sixth level of the true god realm.

There is a huge difference between the two of them!

But now Ye Feng relied on his own arms to withstand Lie Yuntian's terrifying magic light wave attack.

"Hahaha!"

Ye Feng laughed loudly, stared at Lie Yuntian opposite, and shouted: "Lie Yuntian? Vice President of the Golden Armor Society? Is this all you can do?"

Is this all you can do?

Ye Feng's words made Lie Yuntian's eyes suddenly darken to the extreme.

But Lie Yuntian's expression also showed a trace of surprise, as if he didn't expect Ye Feng's body to be so strong, as if it was made of divine iron and was indestructible.

"hateful....."

Lie Yuntian originally thought that he could kill Ye Feng instantly with just one move.

But what he didn't expect was that Ye Feng blocked his attack, causing the expert demeanor he created to dissipate in an instant.

"The next move will kill you!"

Lie Yuntian finally became serious at this moment, and a violent demonic aura like a prison-locked dragon surged out of his body.

His entire body instantly erupted with ten thousand feet of demonic light, truly erupting into the terrifying cultivation of his sixth level, True God Realm, Second Heaven.

At this moment, Ye Feng felt that his whole body was about to burst into pieces.

This Lie Yuntian, when taken seriously, is indeed very terrifying.

"In the giant war city, it is prohibited for those at the sixth level of true god level to take action, in order to prevent the aftermath of the battle from being too great and causing incalculable consequences of destruction to the giant war city."

Suddenly at this moment, a deep and powerful voice sounded.

Buzz!

And at the next moment, a huge and boundless martial arts momentum, like a mountain and a sea, suddenly covered the inn area, suppressing the terrifying power that Lie Yuntian was about to burst out.

"who?"

Everyone was startled at this moment and looked towards the distance.

They saw a young man wearing brocade clothes with his hands on his back, stepping from a high altitude in the distance, looking very chic.

"dragon!"

Someone saw the blood-colored iron plate on the waist of this young man in brocade clothes, with the word "dragon" engraved on it.

Someone suddenly thought of something and couldn't help but exclaimed: "The person with such a level of cultivation must be him! The captain of the 'Giant City Guard' of our giant war city, Duan Jinglong! He is the lord of the giant war city. Your right-hand man!"

Chapter 1359 Elite Squad

Duan Jinglong!

Captain of the giant city guard of the giant war city!

The right-hand man of the city lord!

A powerful existence in the ninth level of the true god realm at the sixth level!

As soon as this person arrived, the entire field immediately fell into a state of exclamation.

No one thought that such a powerful man would come to this small inn at this time.

And this Duan Jinglong seems to have some intention of helping Ye Feng to save himself.

This made many people around have a hint of surprise in their eyes.

At this time, the one with the gloomiest face was naturally Lie Yuntian, who was about to take action just now.

The vice-president of the Golden Armor Society of the Heavenly Demon Palace stared at Duan Jinglong who was walking not far away with gloomy eyes, and said in a deep voice: "Duan Jinglong, although your cultivation is powerful, you are only a little person after all. I'm just the commander of the guards of the giant war city, do you really want to stop me from doing something?"

Duan Jinglong smiled slightly and said: "Lie Yuntian, although you are a disciple of the Heavenly Demon Hall, don't forget that strong dragons do not overwhelm local snakes. The giant war city is jointly controlled by the entire Tiannan Alliance, not you, a giant of the Heavenly Demon Hall. Therefore, in a giant war city, there should be rules in a giant war city. If I say you can't use force in the city, then you can't use force. "

"you.....!"

Lie Yuntian's eyes suddenly became extremely frightened and angry.

A very cold and cold murderous intention suddenly surged from his body.

"Huh? Do you still want to fight me?"

Duan Jinglong's eyes suddenly became extremely cold at this moment.

hold head high!

Along with a fierce dragon roar, a crimson dragon soul suddenly rushed out of his body.

"boom!!"

The majestic and huge red dragon soul suddenly stretched out a majestic dragon claw that covered the sky, generating extremely huge power, and instantly

Lie Yuntian was blown away.

"puff!"

Lie Yuntian suddenly spurted out a mouthful of blood in mid-air, his long hair disheveled, and his expression was extremely embarrassed.

He couldn't help but exclaimed: "Red Demon Dragon Soul Technique! Master Lu Ming actually taught you this set of techniques. It seems that he really regards you as the successor to the position of the next city lord."

Lu Ming is the city lord of the giant war city. He is a super strong man in the eternal realm who has surpassed the six levels of the realm of gods!

At this time, Lie Yuntian's eyes were a little uncertain, and then he snorted fiercely, turned around and walked away.

Before leaving, he stared at Ye Feng fiercely and said: "Boy, although I don't know what means you used to make Duan Jinglong come to rescue you, please remember it. As long as I find the opportunity, I will definitely help you." I will kill you!"

Ye Feng said coldly: "If you want to kill me, just come!"

"snort!"

In the end, Lie Yuntian snorted coldly, turned around and left.

At this time, Ye Feng supported Xiao He and led Lu Yaoyao to Duan Jinglong, clasped his fists and said, "Thank you for your help."

Ye Feng was actually wondering why Duan Jinglong, a distinguished figure in a huge war city, would save him at this critical moment?

If it was a coincidence, Ye Feng didn't believe it at all.

Because in a giant war city, order is chaotic, killing and stealing is common.

After all, those who survive here are either the Tiannan Alliance's army or ruthless wandering people who want to take a share of this vast star war.

Duan Jinglong smiled slightly and said: "The city lord asked me to rescue you."

Ye Feng's eyes moved and he couldn't bear it

The resident said: "Lord City Lord? Lord Lu Ming?"

Ye Feng had heard before that the city lord of the giant war city on the battlefield at the end of the Tiannan Continent was called Lu Ming. He was a super strong man in the Eternal Realm who had surpassed the six levels of the Realm of Gods and was comparable to all the major cities in the Tiannan Star Territory. The supreme elder among the giants.

But Ye Feng thought about this City Lord Lu Ming carefully and realized that he really didn't know him.

Duan Jinglong saw the confusion on Ye Feng's face and said with a smile: "The city lord is also from the Galaxy Holy Land. He was once a saint son of the previous generation in the Galaxy Holy Land. Now he has broken through the eternal realm and did not choose to become a Tai in the Galaxy Holy Land. The elder came to this giant war city and served as the city lord of a war city in the Tiannan Alliance. He contributed his own strength to the expansion of the Tiannan Star Territory. So how could the city lord watch his own death? In the territory, let other giant forces bully the disciples of the Galaxy Holy Land."

When Ye Feng heard this, he suddenly realized.

At this time, Lu Yaoyao stood behind her and lowered her head slightly, thinking to herself, "When I was bullied by that female devil Ouyang Xin, why didn't I see Master Lu Ming ask someone to rescue me? Sure enough, I am not worthy..."

When Xiao He heard Duan Jinglong's words, he immediately looked at Ye Feng beside him in surprise, and couldn't help but said: "Ye Feng, you feel good now, there is an Eternal Realm super strong man protecting you from behind! "

Ye Feng smiled helplessly and said: "Master Lu Ming asked Captain Duan Jinglong to rescue me. It must not be just to save me, there should be other things."

Duan Jinglong glanced at Ye Feng with appreciation, then nodded and said: "There are indeed other things. We have been observing you for a long time. Ye Feng, your qualifications are very terrifying, and your combat power is also extremely tyrannical, which makes the city lord... He is amazed, so he asked me to invite you, hoping that you can join the giant city guard of our war giant city and become a member of the giant city guard. "

Ye Feng's eyes moved and he said: "This, I need to take the test

Think about it. "

Duan Jinglong said: "Okay, I'll wait for your news. By the way, let me tell you again. This invitation to you to join the Giant City Guard is not for you to join the Giant City Guard permanently, but to join temporarily. , the Lord of the City is now searching for powerful geniuses throughout the entire war city. He wants to form a squad of elite soldiers to complete a very difficult task. Although it is difficult, once the task is completed, every participant will receive countless rewards. Wealth, and generous rewards!"

After finishing his words, Duan Jinglong turned around and walked away without any hesitation.

Obviously, besides rescuing Ye Feng, he came here to convey this important news.

"Elite squad?"

"Hard mission?"

"Countless wealth?"

"Big reward?"

I have to say that Ye Feng was a little attracted.

This time he came to the giant war city to search for rich training resources and improve his strength.

Joining the unified force of the Tiannan Alliance, such as the War City Lord's Mansion, may provide you with many opportunities.

On the spot, Xiao He stared at Ye Feng and said, "I think I can give it a try."

Lu Yaoyao also spoke out: "Senior Brother Ye Feng, if you follow a super strong person in the Eternal Realm into the battlefield, you must have great opportunities!"

When Ye Feng heard both of them saying this, he couldn't help but nodded and said, "Okay, I also want to see what the mission is."

After the words fell, Ye Feng walked directly towards the city lord's palace, looked at Xiao He and Lu Yaoyao behind him, and said: "Brothers and junior sisters, let's say goodbye for now. I hope everyone has a bright future."

Xiao He waved his hand and said: "Brother, take care. The next time I succeed in my studies at the Heavenly Demon Hall, I will definitely go to the Galaxy Holy Land to find you! By then, no one will be able to bully us two brothers again!"

#### Chapter 1360 Beheading Operation

This giant war city at the end of the Tiannan Continent is just one of the thousands of giant war cities at the junction of the two major star fields.

But when Ye Feng arrived at the city lord's mansion, he was still shocked.

At this time, the city lord's mansion in front of him was tens of thousands of feet tall. The majestic mansion penetrated the clouds and reached the sky. Two sculptures of ancient human god kings stood at the door, which looked full of majesty and nobility.

"Who is coming?"

Suddenly, at this moment, several extraordinary silver-armored soldiers walked out of the majestic city lord's palace.

Ye Feng smiled slightly and said: "Captain Duan Jinglong of the giant city guard asked me to come. He said that the city lord wanted to form a squad of elite soldiers."

When several silver-armored soldiers heard what Ye Feng said, they immediately couldn't help but look shocked and said quickly: "Young Master is a peerless genius selected by the Lord of the City?"

After saying that, these silver-armored soldiers immediately became very respectful, clasped their fists and said, "Master, please come in."

They did not doubt Ye Feng's identity. If he dared to come to the city lord's palace in this war giant city alone, he must not be a fake. Otherwise, if he entered the city lord's palace and exposed his secret, the only outcome would be death.

Soon, Ye Feng, led by several silver-armored soldiers, walked into the majestic building of the City Lord's Mansion.

Half an hour later, Ye Feng once again saw Duan Jinglong, who had helped him before, in the central hall of the City Lord's Mansion.

Duan Jinglong seemed to have expected that Ye Feng's choice would eventually be to accept the invitation.

At this time, he came from the central hall, even holding a huge brocade box in his hand, and said: "This is the treasure I prepared for you, it is what you need for this special mission."

Ye Feng's eyes moved and he said: "Captain Duan, what is the special mission you mentioned before about forming an elite team?"

Duan Jinglong's eyes flashed, and then he said: "This is an extremely special beheading operation."

"Decapitation operation?"

Ye Feng's eyes moved slightly, and then he seemed to have guessed something, and said: "Captain Duan means that the Lord of the City has formed a small team of elite soldiers to let us sneak into the base camp of the Taiyin Star Territory in the battlefield here to carry out operations. A beheading operation to kill the key figures in the base camp."

Duan Jinglong nodded appreciatively and said: "Yes, that's probably what it means. This time we will try our best to sneak into the commander's fortress of the Taiyin Star Territory army that is facing our war giant city. As long as the beheading operation is carried out, If successful, the City Lord will reward everyone with one billion Saint Crystals!"

"One billion holy crystals?!"

Ye Feng suddenly looked shocked.

One billion holy crystals!

What a terrifying and huge wealth that would be?

I'm afraid I can buy a medium-sized chamber of commerce in the Tiannan Star Territory!

"If I can get one billion Saint Crystals, how many high-end body refining elixirs or body refining materials will I be able to buy from the large chamber of commerce in the giant war city?"

Ye Feng was very excited.

The advanced body refining materials purchased with one billion holy crystals will definitely allow your chaotic body to completely transform and break through from the first heaven to the second heaven!

By then, the Chaos Heavenly Emperor Technique will allow you to awaken a new magical and powerful bloodline talent!

I really need this huge wealth!

If I were to look for opportunities and accumulate wealth alone, I would be afraid that

I'm afraid it will take several years to save one billion Saint Crystals.

Ye Feng secretly suppressed the excitement in his heart, his eyes flashed at this time, and he said: "The city lord attaches so much importance to this beheading operation, and the reward is so generous. It seems that the target we want to behead must have a very noble status." "

Duan Jinglong nodded, with a hint of fear in his eyes, and said: "That man's name is Sima Suantian. He is a great military advisor in the Taiyin Star Territory camp opposite our battlefield. He does not have any martial arts training and specializes in martial arts. The soul is very mysterious, and is proficient in the method of confrontation between the two armies, and can calculate all the secrets. The existence of this person is very detrimental to our Tiannan Alliance army. He needs to be beheaded and completely killed to reverse this star war. situation!"

"Sima Guantian?"

Ye Feng nodded slightly, with a strange look in his eyes, and said: "This person's name actually dares to be named 'Suan Tian', which shows his huge ambition."

Duan Jinglong nodded, even though he was a strong man at the sixth level of True God Realm and Ninth Level, his eyes were full of solemnity at this moment, and he said: "Sima Suantian himself is an unpredictable soul master. And there must be countless masters from the Taiyin Demon Cult camp around to protect us, so this mission is very difficult. Moreover, the Lord of the City is a powerful person in the Eternal Realm and needs to be in the war city, so he cannot take action. "

Ye Feng's eyes flashed and he said: "Captain Duan, will you lead the team this time?"

Duan Jinglong nodded slightly and said: "Yes, I will lead this small team of elite soldiers to lurk in the war area outside our giant war city, enter the commander's fortress in the Taiyin Star Territory, and wait for opportunities to hunt down Sima It's up to you."

Having said this, Duan Jinglong looked at Ye Feng and couldn't help but smile and said: "Although the task is difficult, it is not as difficult as imagined. Ye Feng, you don't need to be too stressed. If the assassination fails, the city lord will not To blame, this beheading operation is actually to prepare for the next official war in the Star Territory. One month later, thousands of war giants in our Tiannan Star Territory will attack the Taiyin Star Territory in an effort to defeat the Taiyin Demon Cult in one fell swoop. All the armies were scattered and completely occupied the core of the secondary star field, the Taiyin Star Territory."

Ye Feng nodded, with a hint of excitement in his eyes.

The real general attack is coming.

By then, in the vast battlefields of the two star regions, there will be such terrifying energy and blood that I can devour.

But before that, Ye Feng naturally hopes to complete this beheading operation and get the billion holy crystals.

As long as you get one billion Saint Crystals, your Chaos Body will be able to transform into the second heaven, and it will definitely be stable.

When the time comes, you will be able to fight to your heart's content in that vast battlefield and strengthen your cultivation strength.

Uh-huh!

Suddenly at this moment, a talisman emitting divine light flew over from not far away.

The divine light talisman floated in front of Duan Jinglong, and a calm and powerful voice of a majestic middle-aged man came from inside: "Jinglong, bring the young man from the Galaxy Holy Land who you invited today to my training room. I have something to say to him."

This voice is the voice of Lu Ming, the city lord of the giant war city!

He was once one of the previous generation of Saint Sons of the Galaxy Holy Land. He had the cultivation of Eternal Realm and was a real giant.

Duan Jinglong immediately looked at Ye Feng, with a hint of smile in his eyes, and said: "The city lord seems to think highly of you. This time you go to see the city lord, you may get an unexpected surprise. The city lord likes to train you the most." Young people, especially Ye Feng, you are still a disciple of the Galaxy Holy Land. "This giant war city at the end of the Tiannan Continent is just one of the thousands of giant war cities at the junction of the two star fields.
