Chapter 1371 A miserable death

Lie Yuntian's words were full of deep aggression.

Beyond that, there was a hint of deep contempt.

Obviously, in the eyes of the vice-president of the Golden Armor Society, Ye Feng is just an ant.

At this time, Ye Feng's eyes were extremely cold and he said word by word: "It's not yet certain who will be crushed to death."

Lie Yuntian laughed loudly, looked at the dozen or so people around him, and said, "Forget it, I'm too lazy to take action. You can take action and capture that Ye Feng, and I will judge his fate."

At this time, Lie Yuntian said, with his hands behind his back, he looked like a high and mighty emperor, who could control the life and death of others with his words and deeds.

He is extremely indifferent and aloof.

"Yes, Vice President!"

A group of disciples from the Golden Armor Club of the Heavenly Demon Palace spoke out one after another.

Uh-huh! ??

Uh-huh! ??

Uh-huh! ??

In an instant, all the Jinjiahui disciples released huge murderous aura and rushed towards Ye Feng.

"A bunch of miscellaneous fish dare to attack me? All of them will die!"

Ye Feng shouted loudly, and divine light surged from his fists.

Boom!

Immediately, a large piece of fist light blasted out, destroying all the surrounding starry sky meteorites. It was like the stars all over the sky had condensed together. The vast white area enveloped all the dozen or so Jinjiahui disciples.

"ah!"

"ah!"

The fist light that filled the sky was full of terrifying destructive power, destroying the bodies of more than a dozen so-called masters and turning them into blood mist.

"Devouring the Realm!"

A large swallowing vortex appeared around Ye Feng, turning into a dark realm and spreading around, swallowing up all the blood mist that the masters turned into after their death.

"What? All died in an instant?"

Lie Yuntian, who was standing on the golden warship not far away, suddenly showed deep shock in his eyes.

He was originally indifferent and aloof, thinking that the disciples he brought could easily kill Ye Feng if he didn't take action.

But in the end, he never expected that Ye Feng would be so powerful now.

The white, destructive fist light wave that was blasted out by the punch just now was simply terrifying to the extreme.

Lie Yuntian immediately became furious and said: "Boy! You are so brave! You dare to kill all my disciples in front of me. Even if the King of Heaven comes today, I will not be able to save you. I will kill you!"

Ye Feng laughed loudly and sneered: "I was really no match for you before, but now, you are no longer qualified to say such things in front of me. The person who died today is definitely you!"

Lie Yuntian stopped talking nonsense, his eyes were extremely fierce, and he directly released his terrifying killing move.

"The devil is coming to the heavens!"

"Kill the people!"

boom!

The huge and boundless black demonic energy was released from Lie Yuntian's body.

His entire body unexpectedly disappeared, turning into black demonic energy that filled the sky, covering hundreds of millions of stars in the sky, turning the entire universe into a dark forest, making it difficult to see any direction or object.

"I am the Demon God, and I will judge everything. With just one thought from me, all living beings will perish."

A solemn and majestic voice, carrying a supreme meaning, came out from the mist of black demonic energy.

Faintly, the shadow of a towering demon god appeared in the black demonic energy that covered the starry sky and the universe.

"Wow!"

A towering black hand, filled with endless power, suddenly stretched out from the vast black demonic energy and grabbed Ye Feng, full of destructive energy.

Ye Feng was alone at this time, facing the endless black demonic energy and the phantom of the devil floating in the dark demonic energy, with a sneer in his eyes

, said: "You alone dare to say the words 'judge everything'? Break it for me!"

Invincible Sword Domain!

Dragon Spirit Holy Fire!

Ye Feng shouted loudly, and a metal sword that was more than 300 meters long suddenly formed in his hand.

Then Ye Feng thought, and a layer of golden holy fire suddenly emerged from the blade of the metal sword, which could cut through the sky and burn up the stars.

"Zhen Yan cuts with one sword!"

Ye Feng shouted loudly, holding a metal flame sword more than 300 meters long, and immediately slashed at the black demonic energy that filled the sky.

"Boom!!"

Immediately, infinitely terrifying flames broke out.

This sword has the ultimate edge of a sword, and at the same time it has the majestic burning power of the holy fire.

"boom!"

The dark demonic energy that covered the starry sky was suddenly split open.

The ultimate edge of the sword and the monstrous golden holy fire merged into one furnace and turned into a terrifying destructive power, killing all the demonic shadows in the black demonic energy.

"What?"

Lie Yuntian, who was hiding at the very back of the black demonic energy, finally changed his expression and couldn't help shouting: "You! What kind of flame are you talking about?"

Ye Feng smiled coldly and said: "The murderous flame!"

boom!

Although the Dragon Spirit Holy Fire is currently only at the first-level quality level.

But after all, it is an extremely rare holy fire in the world.

Moreover, it is also a very high-ranking Holy Fire.

The power of the holy fire is extremely terrifying.

At this moment, Ye Feng mobilized all his skills and inspired the destructive and burning power of the Dragon Spirit Holy Fire, which was naturally full of extremely powerful destructive power.

"The Demon-Slaying God Tower!"

Lie Yuntian roared, black light shone in his body, and a majestic tower rushed out.

The huge tower is extremely dark, and the tower body

There are dense ancient patterns engraved on it, and they have the ferocious aura of ancient creatures, which makes people's hearts tremble.

Obviously, this is a very powerful high-level killing warrior, at least a powerful magic weapon around the seventh-grade true god level.

At this moment, even the golden holy fire that Ye Feng Zhenyan slashed with his sword was faintly suppressed.

"Hahaha! Boy, compared to me, you still lack some martial arts knowledge after all!"

Lie Yuntian laughed wildly all of a sudden, his tone full of deep joy.

"Don't get too proud too early."

Ye Feng's tone was still extremely indifferent. He suddenly raised his head and said slowly: "Red Demon Dragon Soul Skill!"

This is the most advanced inheritance that Ye Feng has now. It is a half-step god-level inherited martial arts that surpasses the true god level.

At this moment, Ye Feng's pupils suddenly burst into brilliant purple-black light.

His whole body suddenly transformed into a huge black dragon, with purple-black divine light blooming all over his body.

"boom!!"

The giant black dragon roared and roared, blasting away the suppressed giant tower.

"boom!"

Ye Feng transformed into a black dragon and continued to rush wildly, knocking Lieyuntian back and vomiting blood.

"What? This is the inheritance of the Lord of the Giant War City, and he actually taught you something like an ant!"

Lie Yuntian's eyes were filled with an incredible look, and his face was stained red with blood.

"Die!"

The black dragon that Ye Feng transformed into at this moment let out a roar that soared into the sky. The terrifying dragon's body slammed into Lie Yuntian's body, shattering the golden armor all over his body, and his body was also rapidly disintegrating. He yelled in horror: "No..."

"boom!"

But at this time, Ye Feng's eyes were cold and merciless, and the dragon's sharp claws ripped out the sky, directly tearing Lie Yuntian's whole body into pieces, turning him into pieces of flesh and blood, and his death was miserable.

Chapter 1372 The general attack is ahead of schedule

Lie Yuntian died, and his death was extremely miserable.

It was torn into countless pieces of flesh and blood by the huge black dragon's claws.

"Swallow!"

Ye Feng instantly burst out his own dark devouring domain, swallowing up all of Lie Yuntian's power, energy and blood in one fell swoop.

"boom!"

Ye Feng's body suddenly burst out with a huge martial arts aura.

"Finally, the tenth level of the spiritual realm has been completed!"

At this time, Ye Feng couldn't help but murmur.

Lie Yuntian is worthy of being a super master at the second level of the sixth level of True God Realm.

The power in his body was extremely powerful.

If it weren't for Ye Feng's powerful fighting power, he wouldn't be able to kill Lie Yuntian at all.

But it is a pity that Ye Feng's cultivation and combat power have improved too much during this period.

Even a powerful being like Lie Yuntian was eventually killed, staining the starry sky with blood.

"Uh-huh!"

Ye Feng stretched out his hand and took a breath not far away.

In an instant, more than a dozen storage spirit rings were absorbed.

Buzz!

Through his spiritual exploration, Ye Feng discovered a lot of wealth.

At this time, Ye Feng focused his attention on the golden warship floating in the starry sky not far away.

This golden warship is a fifth-level starship, extremely sturdy and full of power.

Ye Feng was currently lacking a good starship, so he directly pocketed this golden warship.

"This group of people are all masters in the Demon Palace, especially Lieyuntian, whose wealth is even greater."

Ye Feng murmured.

"Crash..."

With a thought, Ye Feng took out all the magic weapons and weapons from the dozen or so storage rings in his hands, including some things made of special materials.

"Protoss Gloves!"

Ye Feng used his second bloodline talent, and a glove made of nine-color metal immediately appeared on his right hand.

Ye Feng didn't hesitate at all, he used all the waste and started to touch the magic weapons one by one.

"Sturdiness attribute extraction."

"Metal property extraction."

"Extraction of the attributes of the devil's will."

"Extraction of the original attributes of demonic energy."

"Extraction of the attributes of the evil spirit's remnant soul."

"..."

At this moment, Ye Feng suddenly felt a stream of different types of attribute power transmitted from the God Clan gloves to his body, integrating into his flesh and blood, bones, and spiritual soul.

In the end, Ye Feng's body strength directly exceeded the level.

"The sixth level of the initial stage of the second heaven of the Chaos Body!"

Directly transformed and broke through a level!

Moreover, Ye Feng's cultivation skills became even more powerful at this time.

But after all, these magical weapons did not have much pure skill, which did not allow Ye Feng's cultivation to continue to break through, but only made it slightly stronger and more powerful.

At this time, Ye Feng discovered that his soul power had also broken through several levels and entered the one thousand and thirty soul power level.

"Uh-huh!"

Suddenly at this moment, at the end of the starry sky, a talisman emitting light suddenly flew towards Ye Feng and rushed towards him.

This is a musical instrument.

Flying across the endless starry sky.

The voice of Lu Ming, the Lord of War City, came out: "Junior Brother Ye, our War City's general attack on the Taiyin Star Territory is about to begin. Come back quickly. This general attack is very important. We need Brother Ye."

With the help of a young prodigy like you, I need to reorganize my former elite squad into a 'sharp knife team', rush into the star field battlefield, and break through the lunar star field army's camp! "

Lu Ming's voice had a hint of urgency.

Obviously, the general attack is really about to begin.

Ye Feng's eyes were confused, "I didn't expect that the general attack had already started in advance?"

Even though the star field battlefield at the end of the Tiannan Continent is just one of thousands of battlefields at the junction of the two star fields.

But it was definitely magnificent and vast. It must have been a collision of billions of human armies, and it was so terrifying. ??

This kind of vast war will definitely involve countless blood.

Ye Feng is naturally looking forward to it.

"Looks like we have to go back directly!"

Ye Feng did not waste any time and directly released the golden warship that he had plundered before, and then began to drive a powerful fifth-level starship, rushing towards the star field of Tiannan Continent in an instant.

Half a month later, Ye Feng was in a hurry and returned to the outside of the giant war city at the end of Tiannan Continent.

After landing, Ye Feng took back the golden warship and quickly walked into the war city.

He walked in a hurry and arrived outside the city lord's mansion.

"Master Ye, you are finally back!"

A silver-armored guard from the city lord's palace came to greet him immediately, obviously he had been waiting for a long time.

Ye Feng said: "Where is the City Lord? Take me there."

The silver-armored guard immediately said: "The city lord, captain, and other young geniuses have all been waiting in the central hall of the mansion for a long time. I will take you there, Mr. Ye."

"good."

Ye Feng nodded.

Walking in the city lord's mansion, Ye Feng clearly felt a chilling air that he had not felt before.

Obviously, the war with the Lunar Star Territory outside the giant war city may break out at any time.

Soon Ye Feng arrived at the central hall of the City Lord's Mansion.

In the central hall, Ye Feng indeed saw the city lord Lu Ming discussing matters with a group of senior officials of the city lord's mansion.

Duan Jinglong and a dozen young geniuses who had previously carried out beheading operations were standing in the hall with serious expressions.

"Senior Brother Lu, I'm back."

Ye Feng walked into the central hall and hugged his fists.

"Junior Brother Ye!"

When Lu Ming saw Ye Feng walking in, his eyes immediately lit up with joy.

Originally, Lu Ming only felt that he was a disciple of the Galaxy Holy Land like himself, so he took more care of Ye Feng, his younger junior brother.

But since the last beheading operation and seeing Ye Feng's super execution ability, Lu Ming attaches great importance to Ye Feng, and even taught his inheritance "Red Demon Dragon Soul Skill" to Ye Feng. It can be seen that he attaches great importance to it.

At this time, Ye Feng immediately stepped forward and asked, "Senior Brother Lu, I have received your transmission instrument. Is the general offensive about to begin? Why is it suddenly advanced by nearly two months?"

Lu Ming spoke up: "Because the military commander Sima Suantian was lost in the opposite Taiyin Star Territory camp, the commander of the Taiyin Star Territory army was very angry. He directly gathered a billion human troops and launched a general attack on our war giant city."

Ye Feng's eyes were startled and he said: "That Sima Suantian, with such a high status, actually attracted such attention from the commander of the Taiyin Star Territory army?"

Lu Ming smiled and said: "Although Sima Suantian is not strong, he has super wisdom and is as resourceful as a demon. Without Sima Suantian as a great strategist, the Taiyin Star Territory army will lose its mastermind, so I don't want to delay it. We must directly launch a fierce general attack."

Ye Feng nodded slightly, with sharp eyes, and said: "Okay, I understand. If they want to fight, then they will fight!"

Chapter 1373 Divine Ruins

After continuing to discuss in the central hall for a while, Ye Feng returned to his residence in the city lord's mansion.

Sima Suantian, the great strategist of the Taiyin Star Territory camp who was captured in the last beheading operation, is still imprisoned in the city lord's mansion.

After Ye Feng returned, he saw Sima Suantian holding an ancient scroll in his hand and seemed to be reading.

He was not like an imprisoned person. Instead, he was very carefree and content, and seemed to take life and death lightly.

Ye Feng stepped forward and said with a smile: "I didn't expect you to really regard the City Lord's Mansion as your home."

When Sima Suantian saw Ye Feng's return, he couldn't help but look happy and said: "You are finally back."

Ye Feng walked in and said: "I left you alive in the first place because I needed you to take me to find the fragments that can quickly increase my soul power and find the first taboo soul weapon in the soul path, the Great Nine-Ji Divine Sword. "

Sima Suantian said: "I do know a very secret place, a special place that only belongs to our soul masters. There are resources that allow soul masters to grow quickly. Moreover, the fragment of the Great Jiuji God-Slaying Sword is most likely to exist. The place is also there."

Ye Feng's eyes showed a trace of curiosity and said: "Where is it?"

Sima Suantian said in a mysterious tone: "Shenxu."

"Shenxu?"

Ye Feng looked surprised and said: "I have never heard of this place."

Sima Shuantian couldn't help but said: "You have such a powerful inheritance of the Soul Dao and the Soul Emperor Seal, but you don't understand the world of Soul Dao practice. It seems that you did not inherit the Soul Emperor Seal from your ancestors, but from yourself." Got it by accident."

Ye Feng smiled and said: "Yes, this Soul Emperor Seal is indeed the Soul Dao inheritance I accidentally obtained. I didn't expect it to be so involved."

Sima Suantian couldn't help but admired: "I'm really envious. Your martial arts cultivation is also so strong. I'm afraid it's also some kind of extremely powerful martial arts inheritance. When you took action before,

, with the chaotic energy circulating, your martial arts inheritance may also come from some vast high-level star field inheritance. "

Ye Feng glanced at Sima Suantian in surprise. He had to say that this wise and wise military advisor had very good eyesight.

At this time, Ye Feng said: "Stop talking nonsense, tell me, what kind of place is that Shenxu?"

Sima Suantian said: "Actually, I have never been to Shenxu. My master told me that Shenxu can only be entered by soul masters. It is a special small world that is independent of all the heavens and

worlds. It is a very special world. A place created by the terrifying ancient Soul Dao force, the Soul Master Association."

Ye Feng's eyes darkened and he said, "Have you never been to the Shenxu?"

"Yes."

Sima Suantian smiled bitterly and said: "My soul power level is too low. I need at least two thousand levels of soul power to enter the 'Shen Ruins', trade with soul masters from all major interfaces, and explore Shenxu."

Ye Feng nodded and said, "Except for the restriction of two thousand soul power levels, where is the entrance to the Divine Ruins?"

Sima Suantian said: "There is no specific entrance to Shenxu. Instead, the soul master needs to recite an obscure soul spell to let his soul enter Shenxu."

Ye Feng's eyes moved and he said, "You mean, only souls can enter the Divine Ruins?"

Sima Suantian nodded and said: "Yes, Shenxu is a world where only souls can exist. It sounds bizarre, but it is true. These are what my master told me, and the spell to enter Shenxu, I Master should know."

Ye Feng thought for a moment and said: "For the time being, I need to trap you by my side. When I reach the two thousand level soul power,

I will take you to find your master. By the way, what level is your master's soul power? "

Sima Shuantian said: "About two thousand steps."

"good."

Ye Feng stretched out his hand and put Sima Suantian into the oven of creation in his body, temporarily trapping him in the oven space.

"The cave inside the body?"

Sima Suantian's eyes lit up and he couldn't help but said: "It's amazing."

At this time, Ye Feng was sitting cross-legged in the room and began to enter a state of cultivation.

...

Three days later.

Ye Feng was awakened by the emergency summons from the city lord's mansion.

"Everyone come and gather above the City Lord's Mansion."

Lu Ming's majestic voice sounded throughout the city lord's mansion.

Uh-huh!

Ye Feng immediately rushed out of the house and came outside.

He raised his head and instantly saw a huge steel war fortress, like a starry beast, floating high in the sky, blocking the sky and the sun.

This is the most advanced war fortress in the giant war city, which can accommodate hundreds of millions of human troops.

At this time, Lu Ming, dressed in military uniform, stood at the front of the war fortress with a cold face.

Ye Feng immediately jumped up and stood beside Lu Ming.

At this time, Jinglong, the captain of the giant city guard, was also standing aside, holding Senhan's sword in his hand, with an iron-blooded aura.

The dozen or so members of the elite squad around them were also wearing black iron armor and were armed to the teeth, like cold war machines.

When Lu Ming saw Ye Feng arriving, he immediately said happily: "Junior Brother Ye, you will be the leader later and lead a dozen squads of elite soldiers to fight towards the center of the billion-strong army in the entire Lunar Star Territory. I need you like a sharp knife." , thrusting into the billion-strong army in the Lunar Star Territory

Go in, scatter all the lineups, destroy as much as you want, and cause chaos in the local camp. "

"Yes, Lord City Lord!"

"Yes, Senior Brother Lu!"

At this time, Ye Feng and more than a dozen members of the elite squad all clasped their fists and shouted in a murderous tone.

Lu Ming looked at Duan Jinglong beside him and said, "Follow them and protect this 'sharp knife team'."

Duan Jinglong immediately clasped his fists and said, "Yes, Lord City Lord."

At this time, Lu Ming looked at Ye Feng and said, "Go to the war fortress to get a set of black iron armor, which can withstand the impact of sharp blades on the battlefield."

Ye Feng's eyes showed a smile and said: "No need, I have it myself."

Click, click...

The next moment, layers of cold golden dragon scale armor suddenly grew all over Ye Feng's body, covering his entire body.

Golden dragon scale armor.

Plus the chaotic body on the sixth level in the early stage of the second heaven.

Ye Feng has full confidence in his defense.

"Armor made of five-clawed golden dragon scales?"

At this time, a group of people around saw Ye Feng's whole body wrapped in dragon scales, and their eyes showed envy.

Lu Ming even laughed loudly and said, "Okay, it seems that Junior Brother Ye is already prepared!"

boom!

At this time, the huge steel war fortress had flown out of the giant war city and arrived in the dark cosmic starry sky outside the Tiannan Star Territory.

This starry sky territory already belongs to the second-level star domain of the lunar star domain.

Everyone was a master of martial arts and had excellent eyesight. They saw instantly that at the end of the distant starry sky, a floating continent was standing there, exuding a majestic and vast aura.

That is the base camp of the Taiyin Star Territory here!

Chapter 1374 Let's fight to the fullest

And the moment Lu Ming commanded the entire steel war fortress and arrived in the starry sky.

Not far away from the Taiyin Star Territory Base Camp, that is, on the floating continent, countless soldiers also flew out in an instant.

They were fully armed human warriors, all wearing cold metal armor, holding uniform black weapons in their hands, and filled with murderous intent.

A dense army composed of billions of people stood in the starry sky in the distance, looking full of incomparable shock.

Lu Ming's eyes were cold. At this moment, he exerted all his energy and shouted: "Kill!"

"kill!"

"kill!"

"..."

Almost at the next moment, countless armies rushed out from the steel war fortress in the Tiannan Star Territory and charged towards the opposite side.

"kill!!"

"Kill the Tiannan army!"

The Taiyin Star Territory army on the opposite side also let out earth-shattering roars and killing sounds in an instant.

Uh-huh! Uh-huh! Uh-huh!

At this time, Ye Feng, Duan Jinglong and more than a dozen elite squad members at the forefront of the Tiannan Star Territory army rushed out, like a sharp knife, instantly piercing the billions of troops in the entire Lunar Star Territory. middle.

"boom!"

Ye Feng punched out, and the terrifying fist light turned into a wave of destructive light that filled the sky. The white sheet directly smashed hundreds of human warriors in the Taiyin Star Territory.

"Pfft!"

"Pfft!"

The dozen or so members of the elite squad following Ye Feng also burst out with powerful killing power, killing thousands of Taiyin Star Territory warriors in an instant.

This is a cruel star war with no right or wrong, only the departure of the camp.

The brutal murderous intent surged into the sky, making the entire cold and deep starry sky dyed red with hot blood.

"Kill the sharp knife team in the Southern Star Region that day!"

At this time, many powerful generals in the Taiyin Star Territory army realized the horror of Ye Feng and his party, and ran over to support them.

"boom!"

A lady wearing golden armor

General Yin Xingyu held a huge silver spear in his hand and stabbed Ye Feng directly.

This is a master from the Taiyin Star Territory in the first level of the sixth level of True God Realm!

"die!"

Ye Feng shouted loudly, swatted away the spear from the general of the Taiyin Star Territory with both hands, and then tore it apart with all his strength.

"Zi la!"

This master of the Taiyin Star Territory was torn into two halves in an instant, staining the starry sky with blood.

Ye Feng's fighting style was simply barbaric to the extreme.

Not only does it frighten the warriors in the surrounding Taiyin Star Territory.

Even Duan Jinglong and other members of the elite squad felt a deep sense of horror.

"Brother Ye's fighting power is really fierce!"

Several people couldn't help but sigh.

At this time, Ye Feng suddenly released his Devouring Domain.

He looked at Duan Jinglong and others around him and said, "Let's spread out and speed up the destruction of the entire Lunar Star Territory army. Moreover, once my Devouring Territory opens, if you don't stay away from me, I'm afraid Wretched on all of you!"

"good!"

Duan Jinglong and others nodded one after another, scattered around, turned into "small sharp knives", and continued to charge towards the hinterland of the vast Taiyin Star Territory army.

At this time, they were already killing each other like crazy.

And Ye Feng also experienced such a terrifying and vast war for the first time.

He looked at the entire battlefield. Tens of thousands or even hundreds of thousands of people were dying and fighting in bloody battles anytime and anywhere.

The previous life-and-death battle in the sect's holy land was just like playing house.

"Devouring the Realm!"

"Invincible Sword Domain!"

"Dragon Spirit Holy Fire!"

boom! boom! boom!

At this time, Ye Feng roared loudly and released his own

A terrifying killing move.

A devouring field of endless darkness appeared around him, devouring crazily and absorbing the majestic blood.

When the Invincible Sword Realm was released, three hundred and twenty-six war swords appeared around Ye Feng and began to spin rapidly, like a meat grinder, frantically cutting into the warriors from the Taiyin Star Realm who were charging around.

Moreover, the blade of each war sword is covered with a layer of golden dragon spirit holy fire.

This makes every ordinary war sword instantly become a sacred fire sword with terrifying destructive and burning power.

Cutting those ordinary warriors in the Taiyin Star Territory was like cutting leeks, and a large piece fell down as soon as they were cut.

Along with the continuous killings, a steady stream of blood energy was rapidly melting in Ye Feng's body like a vast ocean.

"boom!"

Half an hour later, a new and powerful martial arts aura erupted from his body. .??.

That is the momentum of breakthrough.

At this moment, under the accumulation of countless huge blood energy, Ye Feng's cultivation level directly broke through from the fifth level of the tenth level of the divine realm to the sixth level of the true god realm of the first level!

You must know that these soldiers in the Taiyin Star Territory are not ordinary mortals. No matter how low their cultivation level is, they are still monks and warriors, with sufficient blood and energy to the extreme.

Ye Feng's whole body was filled with divine light. He fought in the fierce battlefield without any fatigue. Instead, he became more and more courageous as he fought, and his momentum became stronger and stronger.

Around him, blood splattered and his body turned into ashes.

In addition to the majestic blood energy being swallowed up, a trace of the remaining souls left behind by the soldiers of the Taiyin Star Territory army after their death were also swallowed up, strengthening Ye Feng's soul power.

Although a remnant soul can only replenish a small amount of soul power, it can't stand up to so many people.

You know, this is a vast and endless battlefield where billions of troops are charging.

Even if the area where Ye Feng is at this time is only a small part, the number of people there is extremely terrifying.

Ye Feng alone has probably killed nearly hundreds of thousands of people at this moment.

The soldiers of the Taiyin Star Territory army.

In addition to his martial arts skills, Ye Feng's soul power is also growing rapidly.

"Cool!"

"It's so cool!"

Feeling the rapidly growing skill in his body and the continued growth of his soul power, Ye Feng felt a deep sense of joy and satisfaction.

Ye Feng not only got huge benefits this time, but his quick killing and crazy strangulation also gave the Tiannan Star Territory army an excellent opportunity.

Because the army camp on the opposite side of the Taiyin Star Territory has been dispersed.

Now the entire starry sky and the vast battlefield were plunged into chaos.

And Ye Feng's eye-catching performance finally attracted the attention of many powerful men in the Taiyin Star Territory army.

Uh-huh! Uh-huh! Uh-huh! Uh-huh!

Almost at this moment, four tall figures suddenly appeared in front of Ye Feng.

They were all wearing cold metal armor, and they were full of aura.

These are four powerful men from the ninth level of the sixth level of the True God Realm!

He is an existence at the same level of cultivation as Duan Jinglong, second only to the superpower at the Eternal Realm level!

"We are the four generals of the Taiyin Star Territory! Boy, we have noticed you for a long time, and your death will be next!"

The four Taiyin Star Territory war generals let out resolute and ruthless killing sounds, which instantly turned into four terrifying killing auras, charging towards Ye Feng from all directions.

The power of the four powerful men of the ninth level of the sixth level of the True God Realm is really terrifying.

Not to mention four, even one can kill an ordinary young genius like Ye Feng in an instant.

"Looks like I'm being targeted!"

Ye Feng's heart sank at this moment, and then his eyes showed a crazy look, saying: "Simply, let's fight to the fullest!"

"The future body of Dzogchen!"

"Come out!"

Buzz!

A vast and majestic figure stepped out from Ye Feng's body, full of monstrous power.

Chapter 1375 Taiyin Demon Sect Disciples

Buzz!

An incomparably majestic figure stepped out from Ye Feng's body, full of vast and majestic aura.

Along with Ye Feng's cultivation, he entered the sixth level of True God Realm, First Heaven.

The cultivation level of the future body at this moment is directly the state of perfection in the tenth level of the True God Realm!

The moment the future body appeared, the four warriors of the Taiyin Star Territory who were originally going to kill the sky suddenly looked extremely surprised in their eyes.

"This is?"

"The tenth level of the True God Realm!"

The four generals were all powerful men in the ninth level of the True God Realm. After they were surprised, their eyes revealed a ruthless look.

"He's just a tenth level true god. Let's join forces to kill the protective will in this kid!"

The four major war generals have spoken out one after another.

Apparently they regarded the future body of Dzogchen as Ye Feng's strong will to protect him.

However, they underestimated the power of the future body of Dzogchen.

The future body of Dzogchen is not an ordinary strong person in the tenth level of True God Realm.

But Ye Feng possesses the combat power represented by the tenth level of True God Realm.

How terrifying is that?

"Boom!"

Almost at this moment, the future body of Dzogchen stretched out a hand, and suddenly a heavy and vast hand of chaotic energy appeared, and directly squeezed a warrior to death with a "snap".

"What?!"

Seeing one of their comrades being crushed to death in an instant without any resistance, the other three generals immediately showed deep shock and anger in their eyes.

"boom!"

And just when the other three generals were stunned, Dzogchen's future self took action again.

This time it was a punch, still nothing fancy, just pure peak-to-extreme power.

"ah!!"

A Taiyin Star Territory warrior only had time to let out a miserable howl, and his whole body was instantly beaten to pieces.

Another warrior has fallen!

"This guy is weird!"

The remaining two generals were all cold, and felt extremely frightened.

Uh-huh! Uh-huh!

They immediately fled into the distance.

"Can't leave."

Ye Feng's indifferent voice sounded.

"boom!"

“Boom!”

The future body of Dzogchen punched the sky twice in a row, causing the starry sky to boil. Chaos energy was like a rainbow penetrating the sun, tearing up a large area of the starry sky in an instant and directly bombarding the two generals who turned and fled.

"ah!"

"ah!"

With two screams, the two generals were beaten to pieces.

"Swallow!"

Ye Feng's eyes lit up, and he immediately controlled the Devouring Domain, swallowing up all the blood energy skills of the four war generals before they died.

"boom!"

"boom!"

At this moment, two terrifying martial arts auras burst out from his body.

That is the momentum of continuous breakthroughs!

At this moment, Ye Feng's cultivation level once again broke through the second level of heaven and rushed into the third level of the sixth level of True God Realm!

"boom!"

"boom!"

"boom!"

But suddenly at this moment, three consecutive bright red sword lights suddenly struck down from the starry sky.

"Deng Deng Deng!"

Even the future body of Dzogchen, which possesses the cultivation level of the tenth level of the True God Realm, was knocked back several steps at this moment, and then its whole body broke apart and dissipated directly between the heaven and the earth.

"What?"

Ye Feng was shocked.

The future body of Dzogchen was actually split into pieces!

Buzz!

At this moment, Ye Feng saw a young man as skinny as a knife flying over from high in the sky in front of him.

He held a sword in his hand that exuded a red demonic light, with sharp eyes and a cold face.

This is an existence who has stepped into the eternal realm with one foot, a strong man with half a step into the eternal realm!

"You are so young, but you have such terrifying cultivation strength. You are a disciple of the Taiyin Demon Sect!"

Ye Feng's expression immediately changed slightly.

He immediately guessed the identity of this sharp young man holding a sword in his hand.

As expected, among the army in the Taiyin Star Territory, Taiyin

A disciple in this behemoth of a demon sect.

Moreover, he is an extremely powerful disciple!

At this time, the young man holding the sword sneered and said: "You are very smart, and you guessed my identity in an instant. Yes, my name is Wu Tian, and I am the core disciple of the Taiyin Demon Sect. You kid, With great combat power, numerous means, and the protection of a strong will, I am afraid he is also the core disciple of the giant force in the Tiannan Star Territory. Unfortunately, the core disciples of the giant force in the first-level domain are really too weak compared to my second-level domain. Weakened."

This Wu Tian was extremely arrogant when he spoke.

But Ye Feng did not respond.

Because what Wu Tian said was not wrong.

There is really a huge gap between the background of disciples in the first-level domain and the second-level domain.

Wu Tian's three swords chopped the future body of Dzogchen into pieces. He is indeed qualified to say such arrogant words.

But Ye Feng's eyes were very cold and he said: "The luck of the Taiyin Demon Sect has declined, and it cannot stop our conquest in the Tiannan Star Region."

Wu Tian smiled coldly at this time and said: "Who are you, an ant-like thing, who dares to discuss the dispute in the star field? Die!"

boom!

Wu Tian held the sword in his hand and slashed directly towards him.

Just a simple knife.

But Ye Feng felt that the whole world was attacking him, and no matter where he went, he could not escape the lock of the sword.

In an instant, a life-and-death crisis suddenly occurred in my heart.

Even the future body of Dzogchen cannot resist Wu Tian's three swords.

"You want to kill me with one knife, it's impossible!"

Ye Feng suddenly shouted loudly at this moment.

Divine light surged out from his whole body, and infinite brute force surged throughout his body, like a prison-locked dragon, roaring ferociously!

"Crack!"

Ye Feng broke free from everything in an instant and rushed out from Wu Tian's "sword power".

"Red Demon Dragon Soul Skill!"

hold head high!

Ye Feng jumped up and used the Red Demon Dragon Soul Technique, a half-step god-level inheritance that surpassed the true god level.

His entire body instantly transformed into a giant black dragon, leaping between heaven, earth, and the universe, possessing boundless power.

r\u003e

"Boom!"

Ye Feng transformed into a dragon and ran rampant, striking hard with Wu Tian's sword.

In the entire starry sky battlefield, an extremely terrifying energy aftermath suddenly appeared, spreading in all directions.

"puff!"

"puff!"

"..."

The soldiers of the army who were fighting all around were immediately swept away by the aftermath of the dark energy, and their bodies exploded. In one fell swoop, hundreds of thousands of soldiers of the army exploded into blood mist and died.

At this time, at the center of the collision, Ye Feng instantly retreated and restored his true body.

There was a bone-deep crack in his fist, and blood was flowing out.

On the opposite side, the sword in Wu Tian's hand actually broke into pieces!

"blocked!"

Ye Feng's eyes were filled with excitement.

Wu Tian's eyes on the opposite side were very ugly.

Because he is a powerful person in the half-step eternal realm, but he couldn't kill an ant in his eyes with one knife.

"Demon Sword!"

Wu Tian shouted coldly at this moment. The sword in his hand emitted a strange red light and instantly absorbed the majestic blood energy in the surrounding battlefield. The cracks on the sword were automatically repaired and became shiny and new again!

"What?"

Ye Feng's eyes changed slightly.

"Die, boy! The sword I just used was just my ordinary sword!"

At this time, Wu Tian roared and unleashed his super combat power, heading towards Ye Feng.

The crimson sword light that filled the sky was filled with unparalleled destructive power, and like a violent storm, it enveloped Ye Feng's entire body.

"No! This Wutian cultivation base is too strong. I can't resist him now if he takes action seriously. If he resists forcefully, he will only be killed!"

Ye Feng quickly analyzed in his mind, and without overestimation, he instantly activated the power of the space gem, and the secrets of the space under his feet flowed. His whole person turned into a stream of light, and immediately retreated towards the rear of the battlefield.

"Don't even think about leaving!"

Wu Tian roared loudly, looking like a madman, holding a sword in his hand, slashing with a shocking bright red sword light, and chased Ye Feng.

It seems that he will not give up until he kills Ye Feng!

Chapter 1376 It's incredible

Uh-huh! Uh-huh! Uh-huh!

With the secret blessing of the space gem, Ye Feng immediately shuttled quickly through the starry sky battlefield, ignoring any restraints and locks.

"Why is this boy who has just entered the sixth level of the True God Realm so fast? Moreover, I have been practicing my sword skills for many years, but I can't lock him. How is this possible!"

Wu Tian, the core disciple of the Taiyin Demon Sect and a half-step eternity expert, was frantically chasing Ye Feng.

He held the sword in his hand that exuded a terrifying red demonic light, but he couldn't make a single slash.

Because Ye Feng's figure at this time was like a ghost, erratic, flashing rapidly across the starry sky battlefield, making it impossible to capture his specific traces and location.

"Damn it!"

Wu Tian, who had been unable to lock on for a long time, was so depressed that he almost vomited blood.

This feeling was like he had accumulated all the power but could not release it. It was so frustrating.

"The operation of the space gem takes too much effort!"

At this time, Ye Feng's eyes showed a trace of gloominess.

Because he felt that the power in his body was quickly running out.

After all, the space gem is one of the nine gems of the gods.

And it is a rather special gem of the gods.

Even if Ye Feng only unlocked a trace of the power seal of the space gem, it would still be extremely energy-consuming.

"No! If you continue like this, sooner or later you will be chased by the core disciples of the Taiyin Demon Sect, and then you will be killed."

Ye Feng looked around and found that there were chaotic fighting battlefields everywhere, and there was no support from the powerful people in the Tiannan Star Region.

Obviously, now in the entire starry sky battlefield, more than one billion people are colliding and fighting together, which has really plunged this vast starry sky territory into the ultimate killing chaos.

"It seems I can only rely on myself."

At this time, Ye Feng's eyes changed from downcast to firm, and there was an idea in his heart that was not a solution.

Law.

That is, in the process of being chased by Wu Tian, the core disciple of the Taiyin Demon Sect, he tried his best to kill as many soldiers of the Taiyin Star Territory army on the way to escape, madly devouring their blood, and improving his cultivation skills until Able to rival that Wu Tian!

Dzogchen's future body only possesses Ye Feng's Dzogchen cultivation, but it is unable to display any killing martial arts or powerful inheritance, and does not even have combat skills.

Although it was chopped into pieces by Wu Tian's three swords, because the future body was equal to resisting Wu Tian's three swords.

But Ye Feng's true self is different.

He has a powerful inheritance, advanced martial arts, countless combat skills, and a powerful Chaos Body.

As long as your cultivation and body strength are raised to a certain height, you can turn defeat into victory.

"Kill! Kill! Kill!"

At this moment, Ye Feng could be said to be furious.

He holds a metal sword in his hand and crazily kills the soldiers of the Taiyin Star Territory in the enemy camp.

"Pfft!"

"Pfft!"

As the lives of each enemy were harvested, streams of blood gathered like water into a river, all flowing into Ye Feng's body and turning into energy that strengthened him.

In the process of escaping, Ye Feng held a sword in his right hand to kill the enemy, while his left hand was wearing a god's glove, touching the weapons scattered throughout the starry sky on the battlefield.

Although the grades of these weapons are not high, they can't stand up to the large quantity.

Every time Ye Feng touches it, the solid warrior made of steel suddenly softens and loses its solid and metallic properties.

The two basic attributes of solidity and metal were quickly extracted by the God Clan gloves, and then tempered Ye Feng's body constitution.

Ye Feng could feel that the strength of his body was rapidly becoming stronger and more indestructible.

"Hurry, hurry!"

Ye Feng felt the cultivation and strength of his body that was rapidly increasing, and his heart became more and more excited.

For three days and three nights, Ye Feng charged, devoured, and extracted attribute power throughout the battlefield.

"Ah! Boy! Even if I burn all my blood, I still want you to die!"

Wu Tian, the core disciple of the Taiyin Demon Sect who had been chasing Ye Feng for three days and three nights, was about to collapse at this moment.

After holding back the killing power for three days and three nights, Wu Tian couldn't wait any longer.

"Abidao three swords!"

"Kill the God of Death with one strike!"

"Zhantian!"

"Cut the ground!"

"Kill all living beings!"

boom! boom! boom!

Almost at this moment, Wu Tian burned a lot of essence and blood, and his speed suddenly increased. He came in front of Ye Feng in an instant, and struck down with three consecutive knives, which was impossible to avoid.

"Boy, you're dead!"

Wu Tian's eyes were full of cruelty at this moment.

Even if he spent a lot of blood and essence, he would kill Ye Feng completely this time!

"boom!"

"boom!"

"boom!"

But at this moment, what made Wu Tian almost stare out of his eyes was that Ye Feng turned around suddenly and punched out three times in a row, which actually shattered all three of his killing sword lights and turned them into divine light all over the sky. .

Ye Feng's fist, on the other hand, was flowing with chaotic energy, without any damage.

"What?!"

Seeing this shocking scene, Wu Tian's eyes widened and his jaw almost dropped in shock.

You know, three days ago, Ye Feng couldn't even block his sword.

.

But now, three of his sword lights were shattered in succession, and the most astonishing thing was that Ye Feng was not injured at all.

This is simply incredible!

"How is that possible! Your current cultivation level is...the sixth level of True God Realm, seventh level!"

At this time, Wu Tian suddenly sensed the cultivation aura of Ye Feng, who was in the seventh level of the True God Realm!

This shocked him even more.

Ye Feng was grinning at this moment.

Because not only had his cultivation level been greatly improved at this time, but in the past three days and three nights, he had used the God Clan gloves to extract hundreds of thousands of combat weapons.

The strength of his body has actually skyrocketed from the sixth level of the initial stage of the second heaven of the Chaos Body to the ninth level of the initial stage!

Therefore, Ye Feng's current cultivation skills and physical strength have been greatly improved in both directions.

Ye Feng stood in the vast and chaotic starry sky battlefield, and once again looked at Wu Tian not far away. His eyes were no longer fearful, but filled with a deep fighting spirit and killing intent.

After Wu Tian was briefly horrified, he then smiled coldly and said: "Boy, although I don't know what means you used to increase your combat power to such a terrifying level, but after all, you are

a being in the realm of gods. Understand what kind of terrifying power a strong man like me who has stepped into the eternal realm has!"

"boom!"

After Wu Tian finished speaking, he held the monster sword in his hand and instantly burst out with monstrous murderous aura. The sword radiance all over his body could tear the sky apart.

"No matter how terrifying your power is, you will still be the dead soul under my sword!"

Ye Feng's eyes were cold and he no longer ran away. He held a metal sword burning with golden holy fire, roaring to shake the mountains, rivers and earth, and shattering the stars and the universe!

"Death to the Gods!!"

boom! !

The boundless sword energy of destruction, coupled with the golden flame as majestic as the sea, suddenly burst out from the sword in Ye Feng's hand.

Chapter 1377 Mother

"Boom!"

Endless violent sword energy and flame energy erupted throughout the starry sky battlefield.

The Sorrow of the Gods is Ye Feng's most powerful kendo and martial arts inheritance.

So far, Ye Feng has defeated many powerful enemies using the secret of this sword move.

Now it is displayed again, with Ye Feng's current powerful cultivation, it is simply earth-shattering and the starry sky trembles.

"ah!!"

Wu Tian immediately let out a shrill howl at this time.

The sword in his hand was melted by the golden holy fire.

Moreover, the metal armor he was wearing was destroyed inch by inch by the violent sword energy of the Gods of Sorrow.

Uh-huh!

At this moment, Ye Feng immediately jumped up and rushed directly in front of Wu Tian.

"boom!"

He didn't show any fancy, just punched out.

The terrifying power given by the Chaos Body suddenly burst out from Ye Feng's fist.

"Crack!"

Wu Tian's chest was instantly dented by the blast.

"puff!"

He spat out a mouthful of blood, which was mixed with debris.

"Don't kill me! I'll tell you a secret!"

Wu Tian suddenly cried out in fear.

At this time, feeling his collapsed chest and his internal organs about to break, he finally felt a death crisis that he had never felt before.

Ye Feng stared at him and said coldly: "What secret? You and I don't know each other. What secrets can you have that would interest me?"

Wu Tian immediately said: "Actually, I don't really want to kill you, just for the reward."

Ye Feng's eyes moved and he said, "What do you mean?"

Wu Tian said: "I was actually bribed by the higher-ups of the Celestial Society of your Galaxy Holy Land to search for you in this starry sky battlefield and then kill you!"

When Ye Feng heard this, he immediately looked furious and said: "No wonder I, a small disciple who has just entered the sixth level of true god realm, attracted a strong man like you!"

\u003e The gods will be destroyed in order to destroy themselves, the "son of god" who has not yet been revealed.

He even went so far as to bribe a core disciple of the Taiyin Demon Sect in the opposing camp to hunt and kill him on this battlefield.

This is simply abominable to the extreme!

"The gods will meet!"

"Ask the people!"

"They must know that I am the future Son of God, so they are so crazy and want to destroy me!"

Ye Feng's face looked a little uncertain.

If it weren't for the Devouring Domain and the God Clan Gloves.

I am afraid that I will really die in this starry sky battlefield.

Moreover, no one could find out that the God Society was behind this incident.

At this time, Wu Tian quickly took out a crystal that exuded nine-color divine light from the storage spirit ring, threw it to Ye Feng, and said: "This is a sixth-grade fairy crystal that surpasses the holy crystal, and it is priceless. , estimated to be worth one billion Saint Crystals, which is also my reward for this time, I will give it to you, please don't kill me."

Uh-huh!

Ye Feng stretched out his hand and took the sixth-grade immortal crystal, feeling the nine-color divine light energy contained in it. It was as if there was an ocean of spiritual power sealed in this small crystal.

Wu Tian stared at Ye Feng's calm eyes, couldn't help but breathed a sigh of relief, turned around and prepared to leave.

"Pfft!"

But almost the moment he turned around, a cold sword light tore through the sky, splitting his body in half and staining the starry sky with blood.

Before Wu Tian died, he never thought that Ye Feng would not let him go and kill him directly with one sword!

"Swallow!"

Ye Feng activated the devouring domain and swallowed up all the blood and energy skills of Wu Tian, a half-step eternity level expert.

"Rumble..."

Suddenly, majestic and vast energy surged through Ye Feng's entire body.

Ye Feng's cultivation at this moment is also

Break through every obstacle directly.

"boom!"

True God Realm Eighth Heaven!

"boom!"

True God Realm Ninth Heaven!

"boom!"

The tenth level of True God Realm!

Finally at this moment, the cultivation momentum stopped soaring.

Ye Feng's cultivation skills finally stabilized at the sixth level of the true god realm, tenth level! .???.??

The speed of this breakthrough is simply extremely fast!

The main reason is that Wu Tian, the core disciple of Taiyin Demon Sect, is a half-step eternity realm expert.

Moreover, the Taiyin Demon Sect, a giant force in the second-level domain, is extremely powerful and has sufficient energy.

That's why Ye Feng was able to break through so quickly this time, breaking through several levels in a row.

Directly breaking through to the sixth level of the Realm of God, the Realm of God, the Tenth Level of Heavenly Perfection!

At this time, Ye Feng's eyes were filled with excitement.

This time he came to this star field battlefield, and what he gained was simply incomparably huge.

"Continue to kill!"

"Gather strength!"

"This cruel star field battlefield is simply my paradise of growth!"

Ye Feng roared loudly and continued to charge quickly throughout the battlefield, devouring a steady stream of huge amounts of blood.

...

And just when Ye Feng was charging on this battlefield.

At the end of the vast and perfect world of the second universe.

The center of a super-large star field group composed of countless large and small star fields.

In the depths of the boundless universe, stands a magnificent golden palace.

Inside the palace, on a beautiful pavilion floating on the galaxy, a female figure who looked like a descendant of the god of heaven, wearing a thin white gauze, was standing there, looking at the stars in the sky.

This seemingly magnificent and magnificent palace of gods is actually a heavily defended galaxy prison.

\u003c

br\u003e The imprisoned person is the woman standing on the Galaxy Pavilion.

This woman has a great status. She is the tenth descendant of the God Lord of the Gu Clan Divine Kingdom who controls the entire Golden Star Territory!

Moreover, she was the most favored daughter of God Lord Gu.

But now, he has become a prisoner and has been imprisoned in this galaxy pavilion for more than three thousand years.

That's right!

This woman is exactly the mother Ye Feng has been looking for!

The tenth son of the Lord of the Gu Kingdom, the most beloved princess of the Kingdom!

"Buzz!"

Suddenly at this moment, the space in front of the woman fluctuated, and an old figure appeared.

"Nan Lao!"

When the woman saw this figure, her eyes were a little excited and she asked, "How's it going?"

This old figure is none other than Uncle Nan, who has not been seen for a long time. He is also the old servant and protector of Mother Ye Feng.

At this time, Uncle Nan clasped his fists at the woman and said: "Ten Princess, I have already investigated. The first universe is completely closed. Emperor Ye Qing is merging with the will of the first universe. Maybe an extremely terrifying thing will be born in the future." Gu Tongtian is also trapped in the first universe. Many powerful people from our Kingdom of God have arrived at the edge of the first universe, but they are helpless. Even if the first universe is just a new universe, the will of the universe is not the same as ours. The cosmic will of the second universe is a great existence of equality, and not even the God Lord can do anything about it."

When the woman heard this, she immediately smiled and said: "That's great, by the way, where is my Feng'er? Is he following his father?"

Uncle Nan paused for a moment and said: "According to my last understanding, the little master should have left the first universe before the first universe was completely closed and came to the perfect world of our second universe, but I don't know now. Wherever it is, I will continue to look for it."

The woman immediately said: "Okay, Mr. Nan, thank you for your hard work. This news must not be known to other people in the Kingdom of God. Mr. Nan, if you find my Feng'er, you must tell him that my mother misses him very much. My mother will always wait for him, waiting for him to see her!"

...

Chapter 1378 Transaction

In the starry sky battlefield at the junction of the Tiannan Star Territory and the Lunar Star Territory.

Ye Feng was literally covered in blood.

He rampages through the chaos of the battlefield, unstoppable.

Now that he has entered the sixth level of True God Realm, the Tenth Heavenly Perfection, Ye Feng's combat power has simply soared to an extreme.

And with the growth and transformation of his body's strength, Ye Feng's defense power is also terrifyingly powerful.

Ordinary Taiyin Star Territory warriors were no match for him, and could not even pierce Ye Feng's skin.

Not to mention killing Ye Feng.

So everything went smoothly in the next fight on the battlefield.

The Eternal Realm level experts in the opposing camp were restrained by Lu Ming, the Eternal Realm City Lord, and were unable to control the entire battlefield.

Therefore, the entire camp in the Taiyin Star Territory was instantly dispersed, especially torn apart by Ye Feng's "sharp knife".

The entire army in the Taiyin Star Territory is retreating steadily!

"kill!"

At this time, many soldiers from the Tiannan Star Territory army had already reached the floating continent where the commander of the Taiyin Star Territory had his headquarters.

"Grab it!"

"Search for the wealth in the Taiyin Star Territory base camp on the entire floating continent!"

"Charge! Kill! Completely crush the enemy army!"

At this time, countless soldiers in the Tiannan Star Region were going crazy and their blood was boiling.

Ye Feng also rushed to the floating continent at this time.

He quickly plundered all kinds of wealth in the entire Taiyin Star Territory base camp, including the weapons warehouse, elixir warehouse, spiritual material warehouse, war machinery warehouse, etc., all of which were smashed by Tiannan Star Territory warriors one by one, and then everyone Looting.

This plundering feast lasted for nearly seven days and nights.

The entire base camp of the vast Taiyin Star Territory army on the floating continent was turned upside down.

"ah!"

On this day, suddenly from the depths of the starry sky, an earth-shaking scream came.

The next moment, Lu Ming's clothes were stained with blood and he flew from the depths of the starry sky.

He looked at the countless Tiannan Star Territory army soldiers, summoned enough strength, and slowly said: "The enemy's commander has been killed by me!"

"Wow!"

The moment Lu Ming's words fell, the entire venue suddenly fell into a boil.

"The city lord is mighty!"

"The Lord of the City is invincible!"

At this time, countless soldiers from the giant war city roared with excitement.

At this time, Lu Ming suddenly looked at a young man in black clothes in the crowd, and said with a smile: "This time, I want to praise a person with great merit, that is my junior brother, Ye Feng!"

Ye Feng stood in the crowd and was slightly startled when he heard Lu Ming suddenly say his name.

Immediately following Lu Ming's gaze, countless eyes focused on Ye Feng.

At this time, Lu Ming spoke with admiration in his tone: "This time Ye Feng was simply the sharpest knife in our army. It deeply stung the entire army of the Taiyin Star Territory and defeated the entire Taiyin Star Territory. The formation of the army has made great contributions to the victory of this huge war city in our Tiannan Star Region!"

When Ye Feng heard this, he immediately clasped his fists and said, "Senior Brother Lu is so complimentary. I just tried my best. The victory in this battle is the result of everyone's efforts."

"Hahaha!"

When Lu Ming heard what Ye Feng said, he couldn't help but said: "Junior Brother Ye, you are too humble, but indeed, as my Junior Brother Ye said, the victory of this battle is the credit of all of us. Victory in this battle is a small step for our war giant, but it is a big step for our entire Tiannan Star Territory!"

I believe that in the near future, our Tiannan Star Territory will swallow the entire Lunar Star Territory! "

"Tiannan will win!"

"Tiannan will win!"

"..."

At this moment, countless people were roaring and roaring on the field, their tone full of excitement and excitement.

Obviously, this vast star war has awakened the most primitive passion in countless people's hearts.

Lu Ming was also high-spirited at this moment and laughed: "Leave a part of the army to station in this star field. This place already belongs to our Tiannan Star Field. Next, we need to build a starry sky teleportation array to prevent our war giant city from coming at any time." support."

Several generals from the Tiannan Star Territory army immediately clasped their fists and said, "Don't worry, City Lord, we will arrange everything here."

"good."

Lu Ming laughed and said: "Everyone else, follow me back to the giant war city and have a good drink. After a while, we will move the base of the giant war city to this floating continent, and then continue to move towards As we advance into our territory, this war is destined to be protracted."

Uh-huh! Uh-huh! Uh-huh...

Next, each army soldier, including Ye Feng, jumped to the previous steel war fortress.

"boom!"

The Steel War Fortress quickly moved in the direction it came from, and soon arrived at the Giant War City.

Lu Ming was very happy. He took out all the fine wine that had been stored in the city lord's palace for many years and gave it to many warriors to drink together.

Even Ye Feng was persuaded by the people around him to drink a few bottles of wine, and his face was a little rosy.

This kind of wine is no ordinary wine, but a fairy wine brewed by a senior winemaker.

Even with Ye Feng's strong physique, he would still be drunk after drinking too much.

In the middle of the night, the entire city lord's mansion was full of drunk people on the ground.

Obviously the bloody battle

Cruel, it takes a good drink of wine to resolve the murderous intention.

Ye Feng did not deliberately dispel the alcohol, and lay drunkenly on the ground, feeling the cold wind blowing, which was very comfortable.

Everything seems to be forgotten.

For the first time, Ye Feng fell asleep and had a good sleep.

Wait for the early morning sun to shine on the entire land the next day.

Ninety percent of people haven't woken up yet.

"belch!"

Ye Feng burped and woke up.

He stood up and saw the drunks everywhere, and couldn't help but smile.

"I didn't expect that even I was drunk last night."

Ye Feng regained his energy and returned to his previous residence in the city lord's mansion.

Sima Suantian was still imprisoned here, still very calm, holding a book and reading.

"Victory?"

Sima Suantian saw Ye Feng approaching and couldn't help but ask.

"Um."

Ye Feng nodded and said: "It can be seen that you have expected that the army of the Taiyin Star Territory will fail. Why don't you look sad at all? Aren't you the great military advisor of the Taiyin Star Territory?"

Sima Suantian smiled slightly and said: "I was only hired to the Taiyin Star Territory as a great military advisor. I am not from the Taiyin Star Territory, but a disciple of the third-level star territory controlling force 'Tianchen Shrine'. I Master is an elder of Tianchen Shrine. The Taiyin Star Territory army was defeated. I just feel that I have neglected my duty, but if I say I feel sad, then I am not. "

Ye Feng nodded slightly and said, "So, we are no longer enemies, so I want to make a deal with you."

Sima Suantian's eyes flashed and he said, "What kind of deal?"

Ye Feng said: "I can take you out of this giant war city, and even unlock the cultivation seal on your body, but you need to take me to see your master and ask him to tell me the part that will allow my soul to enter the 'God'." The Soul Spell of the Ruins Realm."

Chapter 1379 Asking the identity of common people

Naturally, Sima Suantian would not refuse this deal.

Because for him, this transaction is completely beneficial and has no harm at all.

Not only can he become friends with Ye Feng, a soul master with unlimited potential who practices the Soul Emperor Seal, but he can also escape from the city lord's palace in the giant war city.

Sima Suantian naturally agreed 100 times.

Ye Feng smiled slightly and said: "But I practice the technique of the Soul Emperor Seal, and you need to keep it secret for me, otherwise I won't let you go."

Sima Suantian nodded and said: "I know, I won't say it easily. I still want to see you fully explode the glory of the Soul Emperor Seal in the future."

Ye Feng nodded and said, "You should stay with me from now on."

After saying that, Ye Feng threw out a musical instrument and said a few words into it.

Uh-huh!

The telegraph instrument flew out immediately and disappeared at the end of the sky in the blink of an eye.

In less than a moment, a figure wearing silver armor flew towards him from a distance.

It was Duan Jinglong, the captain of the giant city guard of the giant war city.

At this time, Jinglong smiled slightly at Ye Feng, with a hint of awe in his tone, and said, "Ye Feng, what's wrong? Do you have anything to do with me?"

Ye Feng pointed to Sima Suantian beside him and said: "Captain Duan, please take action and remove the seal of the 'Five Elements Locking Finger' on his body."

Duan Jinglong's eyes moved and he said, "Ye Feng, this Sima Suantian is as resourceful as a demon. Don't let him fool you."

Ye Feng smiled slightly and said: "Captain, don't worry, I have my own sense of discretion."

Seeing Ye Feng's determination, Duan Jinglong nodded, looked at Sima Suantian, and said: "Now that your army has been completely defeated, it will be of no use even if you run back after unlocking your seal. "

Uh-huh! Uh-huh!

As soon as he finished speaking, Duan Jinglong quickly pointed several fingers at Sima Suantian's body.

"Buzz!"

Almost at the next moment, a very powerful soul power spread out from Sima Suantian's body.

The seal of his cultivation was released.

Ye Feng initially sensed that Sima Suantian's soul power level was around level 800, which was much weaker than his own.

So Ye Feng didn't have anything to worry about. He just hugged Duan Jinglong's fists and said, "Thank you, captain, for taking action."

Duan Jinglong laughed and said: "It doesn't matter, this time you have made great contributions to our war city. After you return to the sect, the city owner has already contacted the Galaxy Holy Land and will directly reward you with a huge amount of Holy Land contribution points. ”

"A huge amount of contribution points?"

Ye Feng's eyes were filled with joy, and he couldn't help but feel a little hopeful.

Ye Feng spent the next few days in the secret training room.

He was summarizing the gains from this Star Territory War.

The first is martial arts cultivation, which directly breaks through to the sixth level of true god realm and the tenth level of heavenly perfection.

Next is the soul power, which has also skyrocketed to one thousand and thirty levels.

Finally, the physical strength of the body has transformed into the ninth level of the early stage of the second heaven of the Chaos Body!

What surprised Ye Feng the most was the bloodline talent of the Chaos Emperor's Art, which was awakened in the second heaven, the God Clan Gloves.

This ability and talent that can extract various original attributes is simply an artifact-like existence.

"There is also the martial arts inheritance that Senior Brother Lu Ming gave me. The semi-god-level Red Demon Dragon Soul Technique is really powerful."

Ye Feng sat in the secret cultivation room, summarizing secretly in his heart.

Time is like quicksand, passing quietly through your fingers.

In the blink of an eye, three months

time has passed.

In the past three months, Ye Feng has been practicing quietly, stabilizing all his realm levels, and gained a lot in his understanding of the Red Demon Dragon Soul Technique.

On this day, Ye Feng opened the door of the training room and walked out.

At this time, Sima Suantian was waiting outside the door.

Sima Suantian smiled and said: "I think we should leave. Now the headquarters of the giant war city has been moved to the floating continent in the Taiyin Star Territory. There is no war here for the time being."

Ye Feng nodded and said, "I am also preparing to leave."

Sima Suantian asked: "Go directly to my master?"

Ye Feng shook his head and said: "According to what you said, the Shenxu Realm is a special interface that only souls can enter. My soul power is currently much lower than your master, so naturally I will not take the risk to see your master and enter the Shenxu Realm. , wait until my soul power continues to grow a lot."

Sima Suantian nodded and said, "Then where should we go?"

Ye Feng said: "Go back to my sect, the Holy Land of Galaxy."

Sima Suantian said: "Okay, I will follow you now anyway. I have no objection to where you go. Just don't let me die. You decide the rest."

When Ye Feng heard what Sima Suantian said, he couldn't help but smile. He didn't expect that this wise and wise military advisor could be quite humorous sometimes.

Next, Ye Feng took Sima Suantian to the central hall of the city lord.

As the giant war city moved to the suspended continent in the Lunar Star Territory, the city lord's mansion now became very deserted.

However, Ye Feng still saw Lu Ming, the city lord, here.

At this time, Ye Feng walked in, cupped his fists and said, "Senior Brother Lu, I am ready to leave and return to the Holy Land of Galaxy."

Lu Ming didn't seem surprised, he just smiled slightly and said: "I returned to the Galaxy Holy Land during this time.

After one trip, I learned a lot of things. Junior brother Ye Feng, you must pay attention to the Celestial God Society. The president of the Celestial God Society asked the common people that he broke through to the eternal realm just a month ago. "

"Eternal realm?"

Ye Feng's eyes darkened slightly when he heard this.

But when I think about myself now, my cultivation has also skyrocketed to the sixth level of True God Realm, the Tenth Level of Perfection, and I can't help but feel a fierce fighting spirit in my heart.

When he asked Cangsheng before, Ye Feng was like a little ant in front of him.

Maybe a single thought from the common people can kill Ye Feng thousands of times.

But now, this star war has achieved Ye Feng's glory.

Wen Cang Sheng Even now that he has entered the Eternal Realm, Ye Feng is no longer as fearful as before. Instead, he has a deep sense of fighting in his heart.

It seemed that he was about to have a showdown with Wen Cangsheng, one of the Three Emperors of Tiannan.

As if he felt the fighting spirit in Ye Feng, Lu Ming's eyes were slightly serious and said: "Junior Brother Ye Feng, you are the hope of our Holy Lord's lineage and the future Son of God. Don't be impulsive. Then ask the common people about their fighting power. , very terrifying, and his identity is the descendant of an ancient ancestral dragon and the human race in the ancient dragon world. He is a half-dragon, inheriting the fate of the human race and the dragon race. He is very powerful, even me. The saint sons of the previous generation were extremely afraid of him."

Ye Feng nodded slightly, with stern eyes, and said: "Brother Lu Ming, don't worry, I won't be impulsive. What I want to do when I go back now is to win the top three in the core competition. Under the spotlight, get what has long been mine." 'Son of God' identity!"

Hearing this, Lu Ming laughed and patted Ye Feng on the shoulder, saying: "Come on, junior brother! I believe in your future! As long as you become the Son of God, you will be able to legitimately get many privileges in our Galaxy Holy Land and have abundant cultivation resources. Tilt it to you, your strength will be greatly improved!"

Chapter 1380 Tiger Commander

In the afternoon, Ye Feng and Sima Suantian left the giant war city and came to a wilderness in Tiannan Continent.

Ye Feng took out his most advanced fifth-level starship, which was a golden warship.

The two people rode the golden warship, soaring into the sky with a roar, and soon passed through the atmosphere of Tiannan Continent and entered the starry sky.

Ye Feng looked at the starry sky map in his hand and drove quickly towards the location of the Galaxy Holy Land.

With such an advanced starship, it can successfully withstand most crises encountered in the starry sky, such as the collision of meteorites and the constraints of black holes.

Along the way, Ye Feng and Sima Suantian chatted a lot about the cultivation of the Soul Dao.

Although Sima Suantian is not as powerful as Ye Feng's soul power, he has grown up in this perfect world after all, and the master he followed grew up in a giant force in the third-level domain.

So after chatting for a long time, Ye Feng discovered that Sima Shuantian's understanding of the soul path and other knowledge of various soul masters were much better than his own.

As Sima Shuantian got acquainted with Ye Feng, he also discovered that the young man in black in front of him was not so cruel, but had a very calm and gentle personality.

The two sides were on opposite sides before, it had nothing to do with right or wrong, it was just because they were on different lineups. .??.

"Boom!!"

Suddenly, just as the two were chatting happily, a violent roar and very powerful energy fluctuations suddenly came from the direction of the starry sky not far away.

"What happened there?"

In the golden starship, Ye Feng and Sima Shuantian both had a look of surprise in their eyes.

Originally they were driving smoothly, but unexpectedly they encountered a wave of huge energy and explosions ahead.

In the starry sky ship, Sima Shuantian said: "Now that the Tiannan Star Territory and the Lunar Star Territory have launched a star war, the starry sky area at the junction of the Tiannan Star Territory and the Lunar Star Territory is very unstable.

It is certain that various tragic wars may break out at any time. "

Ye Feng nodded slightly, agreed, and said: "Our Tiannan Star Territory took the initiative to attack the Taiyin Star Territory and launched a star war. Now that it has been so long, the Taiyin Star Territory will definitely send a large army to attack the Tiannan Star Territory. Anyway, no matter what, This will be a long-lasting battle."

Having said this, Ye Feng thought for a while and said: "Let's take a detour. There may be many strong people fighting in front of us. It's better not to take this journey through the muddy water. The most important thing for me now is to return to the Holy Land of Galaxy. There's no need to waste any more time participating in the core competition."

Uh-huh!

Ye Feng drove the golden starship and quickly circled to the right, trying to avoid the area where the battle was ahead.

"There is a strange starship here, hurry up and intercept it! This time, the news about our operation against the Holy Land of the Sea must not be leaked! If people know that there is a battle here, then the location of the secret base camp we set up here will be exposed, so we must intercept the golden starship and kill all the people inside!"

But suddenly at this moment, a frightening and angry voice suddenly sounded.

Ye Feng was driving the starship and was preparing to take a detour.

But at this time, the moment the voice fell, three small black starships had already flown in front of him.

"boom!"

"boom!"

"boom!"

At this moment, Ye Feng hadn't even spoken yet. The three small black starships suddenly appeared in front of him. Black energy beams suddenly burst out from the front of the hulls, which were terrifyingly destructive. The child was heading towards the golden starship driven by Ye Feng.

"Just do it right away

? To destroy us? "

Ye Feng and Sima Suantian both had angry eyes.

"If we don't let you run away, then do it!"

Ye Feng roared and directly activated the energy formation in the golden starship.

"boom!"

A golden energy beam as thick as a water tank burst out from the starship driven by Ye Feng in an instant, shattering all the black energy beams that passed through the hole in front.

"Boom!!"

Among the three pitch-black starships, one was directly shot. The hull exploded immediately, and the person piloting it died instantly.

"What?!"

"This is an extremely advanced starship!"

The pilots of the other two remaining starships couldn't help but have horror in their eyes.

They turned around one after another, trying to escape from here and look for reinforcements.

"Uh-huh!"

But at this time, Ye Feng had already flashed out of his golden starship and smashed the second starship with a sword.

Ye Feng stepped forward to the last starship, smashed the crystal transparent protective cover of the starship with a fist, and pulled out the pilot inside.

Ye Feng said coldly: "Are you from the Taiyin Star Territory?"

The man's eyes were horrified and he nodded immediately: "Sir, please don't kill me. Everything has been explained. We are the 'Tiger Army' of the Taiyin Star Territory. We are led by Lord Hushuai. This time, we have set up the base camp of our army here." , happened to be discovered by a team from Sea Holy Land, a giant force in your Tiannan Star Region, so we are now encircling and killing that team from Sea Holy Land. "

"Hu Ben Army?"

"Tiger handsome?"

"Sea Holy Land?"

Ye Feng

His eyes moved, and then he stared at the person in front of him and said: "What level of cultivation strength does your commander, that is, Commander Tiger have?"

The person in front of him immediately couldn't help but said: "Our Tiger Commander is a first-level expert in the Eternal Realm who has entered the Eternal Realm for the first time."

"Eternal Realm First Level?"

Ye Feng's eyes darkened.

But there was a vague feeling of expectation in my heart.

Now my cultivation level has entered the sixth level of the Realm of God, the Realm of God, the tenth level of Heavenly Perfection.

Maybe he can fight against the strong men from the first level of the Eternal Realm.

That Tiger Commander is definitely not as good as Wen Cangsheng, a genius-level Eternal Realm expert with unparalleled combat power.

So Ye Feng wanted to give it a try at this time.

And after experiencing the last general attack on the giant city, Ye Feng was very interested in where the Taiyin Star Territory army was.

Because it represents a steady stream of blood energy, and there are also many magical weapons and soldiers made of countless high-grade materials, as well as starry sky fleets, etc., your own God Clan gloves can directly extract the tough attributes and temper yourself. body of chaos.

"Sir, can I leave?"

The person from the Taiyin Star Territory in front of him asked.

"Pfft!"

Ye Feng didn't bother to say another word, and just crushed the head of the person in front of him with one hand.

Ye Feng returned to his starship, looked at Sima Suantian, and said, "Brother Sima, tell me, how should I choose?"

Sima Suantian smiled slightly and said: "Brother Ye's combat power is extraordinary. Maybe you can give it a try. Not only can you save the people in the Tiannan Star Region, but you can also gain a lot of wealth. As for the Tiger Commander of the first level of the Eternal Realm, I really can't beat him." , you can always get away if you run."

Hearing this, Ye Feng nodded slightly and said, "Heroes have similar views, and I have exactly the same intention."
