Chapter 1401 Galaxy Ancestor

The young figure in black clothes is none other than Ye Feng, who has been watching from the audience.

Ye Feng has now officially broken up with the Tianshen Society and is a mortal enemy.

And the enemy of my enemy is my friend.

So Ye Feng took action now.

In addition, Ye Feng is also preparing for his next star war.

As long as they are not the top geniuses of the God Society, they are all the people Ye Feng wants to win over to work for him, such as the previous 'Five Gentlemen', 'Little Sword God' Chu Wushuang, 'Butcher's Sword' Ren Cangqiong and so on.

Most of these wizards practice alone or create their own disciple factions. They are not in the same camp as the Celestial Society and can become their friends at any time.

"It's Ye Feng!"

"It was the ruthless man who killed the vice-president of the Celestial Society during the core competition!"

"As expected, he took action, just to confront the people of the Celestial God Society. He is really a role model for our generation!"

At this moment, many disciples in the audience could not help but shout with excitement, their faces full of expressions of watching a good show.

Originally, the God Society was the only one in the entire Galaxy Holy Land.

But now a ruthless man named Ye Feng has appeared. Not only did he confront the Tianshen Association, but he also killed a distinguished vice-president of the Tianshen Association. He was still alive and kicking without any trouble.

Many core disciples were not stupid. They immediately understood that behind Ye Feng, there were probably seniors from another upper-level faction in the Holy Land supporting him.

So at this time, everyone around the competition platform did not have the slightest worry about Ye Feng. Instead, they were happy to see it, with smiles on their faces as they watched the show.

Ren Cangqiong did not expect that the person who saved him was Ye Feng, whom he did not know.

Ren Cangqiong couldn't help but asked: "Ye Feng, you and I have never met, why did you save me?"

Ye Feng smiled slightly and said: "You and I are both disciples of the same sect, and I admire your martial arts spirit of being willing to bend rather than bend, so I rescued you."

When Ren Cangqiong heard this, he was quite moved, but his expression remained unchanged as he said, "How do you want me to repay you?"

Ye Feng laughed loudly and said: "There is no need to say anything about repayment. I just drew my sword to help when there was an injustice. I have always been very unhappy with this god meeting."

When Ren Cangqiong heard what Ye Feng said, he immediately nodded and said, "Ye Feng, thank you very much. I'm committed to your friend!"

Ye Feng nodded slightly and was about to take Ren Cangqiong off the stage.

"etc!"

But at this time, Wen Juntian, who was opposite, finally couldn't help but said: "Ye Feng, stop! You are so presumptuous! You are so presumptuous!"

At this time, Wen Juntian's eyes were filled with cold murderous intent.

He stared at Ye Feng and said: "Before, you killed Mo Han, the vice-president of the Celestial Society, and I wanted to kill you on the spot, but I didn't expect that Elder Jian would protect you, but today's final decision In the decisive battle, even the Holy Lord has no right to stop me from killing you."

"hehe."

Ye Feng suddenly grinned, looked at Wen Juntian across from him, and said with an extremely cold tone: "Who are you, and you have the right to kill me?"

Wen Juntian laughed loudly, and the huge cultivation aura of the fourth level of the eternal realm burst out instantly, pouring out like a vast ocean, making everyone in the audience feel a deep sense of suffocation.

Wen Juntian smiled coldly,

Said: "Ye Feng, if you have the guts, fight me right now. I will challenge you to life and death!"

Life and death challenge!

Almost as soon as Wen Juntian finished speaking, the entire venue was in a state of uproar.

"What? Ask Juntian to challenge Ye Feng directly?"

"I don't know if Ye Feng dares to accept Wen Juntian's challenge. You know, Wen Juntian is definitely the top among the six masters."

"Are the two candidates for the king going to collide directly?"

At this moment, many people couldn't help but speak out.

"The final battle is of great significance. It is not a child's play. It needs to be carried out according to the arrangements of the Holy Land."

But before Ye Feng could say anything, a Supreme Elder suddenly spoke up.

This supreme elder was very old, his hair was all white, and his whole body was rotten, like a rotten old log.

But at the moment when the Supreme Elder spoke, countless people in the entire field, even the top Supreme Elders including Elder Jian and Elder Fengyun, all looked solemn.

Obviously, this old man who looks like he is about to rot and die is definitely an extremely terrifying existence. His status in the Holy Land is extremely high, perhaps even higher than that of the Holy Lord.

"Yes, ancestor!"

But at this moment, even Wen Juntian flashed his eyes and hurriedly clasped his fists.

This old man is none other than the most powerful guardian of the Galaxy Holy Land - the Galaxy Ancestor!

At this moment, Ren Cangqiong whispered beside Ye Feng: "Brother Ye, this one is the head of the Supreme Elders, the ancestor of the galaxy, a super strong man who has surpassed the eternal realm."

"Beyond the realm of eternity?"

Ye Feng's eyes moved and he asked: "Ren Cangqiong, do you know what the realm above the eternal realm is?"

Ren Cangqiong nodded and said: "Beyond eternity is the path to enlightenment. When the eternal mark transforms to the final stage in the warrior's body, the warrior needs to begin to comprehend the heaven, earth and universe, and attain enlightenment in the entire starry sky. Therefore, above the realm of eternity, is the path to enlightenment. He is a strong person in the 'Proving Dao Realm!'"

"The realm of enlightenment?"

Ye Feng took a slight breath and nodded.

At this time, Wen Juntian looked at Ye Feng, with a cruel smile in his eyes, and said: "Since the ancestor has spoken, let this kid like you live a little longer."

After saying that, Wen Juntian snorted coldly, turned around and jumped off the competition platform.

At this time, Ye Feng and Ren Cangqiong also turned around and walked off the competition stage.

Ren Cangqiong said: "Brother Ye, this Wenjuntian is very powerful. The cultivation level of the fourth heaven of the eternal realm is absolutely comparable to that of an ordinary being of the sixth or even seventh heaven of the eternal realm. The combat power is too great." It's scary, he seems to have received some unique skills from his elder brother Wen Cangsheng, and his combat power has soared."

Ye Feng nodded and said: "I know that Wen Cangsheng is one of the Three Emperors of Tiannan, and this Wen Juntian is Wen Cangsheng's biological brother. His methods must be very extraordinary. I will pay attention to it."

At this time, around the huge competition stage, the elders in charge spoke out: "In this duel, Ren Cangqiong will lose and Wenjun Tian will win. In the next duel, there will be 'Great Gentleman' Mu Chen. Ye Feng!"

"Ye Feng!"

At this time, 'Great Gentleman' Mu Chen couldn't bear it any longer and immediately jumped onto the competition stage. His eyes were full of excitement and fighting spirit, and he stared at Ye Feng below, haha He smiled and said: "Brother Ye, what a fate, come up and fight me!" The young figure in black clothes was none other than Ye Feng, who had been watching from the audience.

At this time, 'Great Gentleman' Mu Chen couldn't bear it any longer and immediately jumped onto the competition stage. His eyes were full of excitement and fighting spirit, and he stared at Ye Feng below, haha He smiled and said: "Brother Ye, it's fate, come up and fight me!"

Chapter 1402 Like an Emperor

'Great Gentleman' Mu Chen has been looking forward to this battle for a long time.

"good."

At this time, Ye Feng also smiled slightly and jumped onto the huge competition platform.

Buzz!

Buzz!

At this time, a strong fighting spirit emerged from both of them.

"Click, click..."

At this moment, the ground in the middle of the fighting platform where the two of them were standing was cracked with cracks.

"So strong!"

Many of the disciples below couldn't help but exclaim in surprise.

"Brother, come on!"

The other four people among the 'Five Gentlemen' below all shouted loudly and cheered for their eldest brother.

"Brother Ye Feng, come on! Defeat that gentleman!"

At this time, a woman's voice sounded from under the competition platform.

It was roommate Lu Yaoyao.

Now that Junior Sister Yaoyao knows that Ye Feng is very powerful, she is also cheering for Ye Feng, her little face flushed with excitement.

Beside Lu Yaoyao, Sima Suantian was also standing there, holding a cup of tea in his hand, occasionally taking a sip, looking very leisurely and at ease.

"Brother Ye, be careful, I'm about to take action!"

On the huge competition stage, 'Great Gentleman' Mu Chen spoke up at this time, with a solemn tone.

Buzz!

He suddenly jumped up into the sky, then dived down and stretched out a hand.

'Great Gentleman' Mu Chen spoke in an extremely solemn tone, and said slowly: "Brother Ye, this palm technique that I have dropped from the sky is called 'Ten Thousand Saints Return to the Clan'. I have gathered the power of thousands of saints to create a powerful The incomparable palm technique is also my most powerful attack method. Brother Ye, you and I are both ordinary people. There is no need to test each other and fight, we will determine the outcome with one move!"

"good!"

Ye Feng raised his head at this moment

Looking at the sky, his eyes full of fighting spirit, he said: "Brother Mu Chen, take action as much as you like, let me see if the most powerful method of the gentleman in the Gentlemen's Association is as powerful as the rumors!"

Buzz!

At this moment, Ye Feng did not support himself, but began to surge the huge power in his body.

Waves of powerful chaotic energy and chaotic light emitted from every inch of Ye Feng's body, permeating the entire surface of his body.

At this moment, Ye Feng stood on the competition platform, as if his whole body and the entire earth were integrated and connected together, filled with endless and thick vast air, as if his feet were rooted in the earth, indestructible and unbreakable by any means. Not even the storm could move it.

"Heaven moves vigorously, and a gentleman strives to constantly strive for self-improvement!"

"In the name of my gentleman, I can inspire the will of all saints!"

"Halloween returns to the clan!"

Suddenly at this time, the voice of 'Great Gentleman' Mu Chen suddenly sounded from high in the sky.

That sound was full of boundless holiness and grandeur.

At this moment, figures glowing with white light suddenly appeared in the space around Mu Chen's body.

It was the light and shadow of the sage, exuding rich white light and exuding a sacred aura.

Thousands of white-light saints' phantoms appeared and were melted into a furnace by the 'Great Gentleman' Mu Chen. They were all smelted into his palm that fell from the sky. They were filled with the vast light of the saints and exploded into a shocking explosion. Power!

"If you slap me, I'll punch you!"

Ye Feng laughed heartily, and condensed all the energy and light of chaos in his body. He stretched out his right hand, clenched it into a fist, and struck at the vast "Hand of Holy Light" in the sky.

"Boom!"

At this moment, the entire field was suddenly plunged into an endless and terrifying wave of light.

The aftermath of endless destructive energy set off a raging wind in the void, sweeping madly in all directions from high in the sky.

This is a huge collision between two top young talents.

It was even more magnificent and shocking than the previous attacks by Ren Cangqiong and Wen Juntian.

"Boom!"

This collision erupted with overwhelming power and destructive power.

The super large competition platform made of ninth-grade true god grade starry sky steel was destroyed every inch at this moment. More than half of the competition platform was shattered and turned into fly ash. Even the people under the competition platform were destroyed. A huge pit appeared on the ground, with green smoke rising. The scene was very scary.

"What a terrible collision!"

"It is indeed a battle between the top geniuses of our Galaxy Holy Land!"

"This year's core competition is really a battle between dragons and tigers. This time it is really an eye-opener."

...

In the entire competition area, tens of thousands of people looked at each other with a hint of amazement.

"Ahem!"

Suddenly, in the endless smoke and dust, accompanied by a light cough, a figure with torn clothes and messy hair walked out of the ruins.

This person is none other than the 'Great Gentleman' Mu Chen!

"Where's Ye Feng?"

"Could it be that he was blasted into the underground ruins?"

At this moment, many people couldn't help but exclaimed.

Because the entire competition stage was empty except for the slightly embarrassed figure of Mu Chen.

"High in the sky!"

Suddenly at this time, an exclamation suddenly sounded.

Swish, swish, swish!

r\u003e

Swish, swish, swish!

At this moment, countless people's eyes were looking high into the sky.

Immediately, everyone's eyes became horrified and shocked to the extreme.

At this time, high in the sky, a young figure in black clothes stood in the sky, with long black hair swinging in the wind, bright eyes, and chaotic light all over his body. He looked like a young god king, full of energy. The huge and boundless martial arts momentum makes people have a strange feeling of worshipping him.

"This feels like..."

"It's like facing an emperor in the martial arts world!"

Many people couldn't help but murmur, their voices full of sighs.

At this time, Mu Chen, the 'Great Gentleman' on the competition stage, gave a slightly bitter smile and said: "I lost, completely defeated. I used up all my strength to release the most powerful and surrendering spirit. I'm proud of the pinnacle move, but I still haven't been able to defeat you, Brother Ye, and I haven't even tested your true strength, Brother Ye."

At this moment, 'Great Gentleman' Mu Chen even felt that Ye Feng's qualifications were already comparable to the legendary figure 'Ask the People' in the Galaxy Holy Land!

"Too strong!"

At this time, Ren Cangqiong's eyes were shocked, and then a hint of excitement appeared on his face.

No wonder Ye Feng dared to go against the entire Celestial Society. He even ignored Wen Juntian, the younger brother of Wen Cangsheng, and provoked him at will.

This feeling of wanton behavior and gratification made Ren Cangqiong feel happy even just looking at it.

"This is what a warrior should do!"

"Young and frivolous! Decisive in killing! Gratitude and revenge! This is what a true man should do!"

At this moment, Ren Cangqiong was staring at Ye Feng's figure high in the sky. Even though he was arrogant, his eyes were full of admiration at this moment!

Chapter 1403 Definitely No. 1

Ye Feng's powerful strength completely conquered the hearts of everyone present.

Even the top geniuses such as Ren Cangqiong, 'Great Gentleman' Mu Chen, and Little Sword God Chu Wushuang all admire Ye Feng in their hearts.

In their minds, although Ye Feng may not be as powerful as Wen Cangsheng, his martial arts aptitude is comparable to that of an eternal wizard like Wen Cangsheng.

They knew that as long as they gave Ye Feng some time to catch up with Cang Sheng, it would definitely not be a problem.

At this moment, the God Hui Wen Juntian, who was very disdainful of Ye Feng before, now has a look of solemnity in his eyes, and at the same time there is an ugly look in his eyes.

'Great Gentleman' Mu Chen studied the books of saints diligently, traveled to more than a dozen first-level and second-level star areas around Tiannan Star Area, cultivated a hundred years of great righteousness, and achieved the status of a saint and a sage.

Wen Juntian knew how powerful the 'Great Gentleman' Mu Chen was.

If there was anyone present who was the greatest threat to Wen Juntian, then Wen Juntian would definitely say it was the 'great gentleman' Mu Chen.

But at this moment, Mu Chen was defeated by Ye Feng.

This made Wen Juntian, who was originally aloof, feel his heart sink to the bottom.

Because now even Wen Juntian felt a deep sense of crisis from Ye Feng.

And with the following decisive battles, one person was eliminated.

In the end, only Ye Feng and Wen Juntian were left on the field.

Obviously, these two will compete for the position of the final young king.

Countless people's eyes were all focused on Ye Feng and Wen Juntian.

At this time, Wen Juntian's eyes were extremely gloomy, because he knew that he was definitely not Ye Feng's opponent.

But at this time, Wen Juntian suddenly heard something, and his eyes suddenly lit up with joy.

He instantly looked at Ye Feng and said: "Although there are only two of us left on the field now, and I am not your opponent, you still need to admit defeat, because the top spot in this core competition is determined by default. I, my eldest brother asked the people about this matter

It was decided together with our Galaxy Ancestor, the strongest person in the Galaxy Holy Land, that even if you have the protection of Elder Jian or even the Holy Lord, you cannot disobey this undetermined fact. "

"Unofficial decision?"

Ye Feng's eyes showed a hint of sneer, and said: "This matter of informal decision also requires strength to prove. If your strength is not as good as mine, then I will naturally not give in!"

boom!

The moment he finished speaking, Ye Feng jumped up, his momentum bursting out, and he stood directly on the competition stage.

"Come up!"

Ye Feng looked at Wen Juntian below and said with a sharp tone: "Come up and fight me. Stop talking nonsense. I will destroy any conspiracy and conspiracy with one punch!"

At this time, Ye Feng's words were full of infinite determination, an indomitable martial arts will, like steel, which shocked everyone's hearts.

After all, the threats Ye Feng faces now are from the legendary figure Wen Cangsheng, one of the Three Emperors of Tiannan, and the strongest person in the Galaxy Holy Land, Galaxy Ancestor.

Now many people understand that although Wen Cangsheng controls many big figures in the Galaxy Holy Land, such as the Master of the Punishment Hall, the top young prodigy, and other Supreme Elders, Fengyun Elders, etc.

Even the ancestors of Galaxy, who are super powerful in the realm of enlightenment and have transcended the eternal realm, and are the real behind-the-scenes controllers of the Holy Land of Galaxy, prefer to ask the common people.

But now a Ye Feng has appeared. Maybe his background is not as good as that of Asking the People, but his martial arts qualifications are already comparable to that of Asking the People. It is only a matter of time before he catches up with Asking the People.

In addition, behind Ye Feng, there are also several elders and powerful men standing, such as Elder Sword, the Holy Lord, the representative person of the current Galaxy Holy Land, and Elder Yao, etc.

This seems to have formed two major camps in the entire Galaxy Holy Land, one is the local faction, and the other is led by Wen Cansheng.

The outsiders felt that the descendants of the ancestral dragons of the ancient dragon world, such as Wen Cangsheng, could bring greater glory to the Galaxy Holy Land.

As for the most powerful person behind the scenes of the Galaxy Holy Land, the Galaxy Ancestor, although he prefers to ask the common people, in fact no one can guess his thoughts, maybe he is also raising a gu.

Because at this time Wen Juntian had already told the public that he was the unofficial number one, Ye Feng was still standing on the competition platform, and the ancestor of Xinghe was also sitting on the high platform with a calm expression, not caring about this matter. .

This may be the tacit recognition of the ancestors of Galaxy. Now Ye Feng is already qualified to contend with the dark inside story of the upper levels of the Holy Land.

At this time, Wen Juntian saw that Ancestor Xinghe didn't say anything, so he couldn't help but said: "Ancestor, what do you think of this matter?"

"You can solve it yourself."

The ancestor of Xinghe said something at this time, and then his body moved and disappeared from the place, as if he evaporated out of thin air.

When Wen Juntian saw this scene, his eyes immediately became extremely ugly.

No one can guess what this galaxy ancestor is thinking. ??

At this time, Wen Juntian was really riding a tiger and it was hard to get off.

"Buzz!"

And at this moment, a huge space gap suddenly opened high in the sky.

A grand and vast martial arts aura suddenly emanated from inside.

That kind of martial arts momentum is like a savage beast, like the god of heaven and earth, giving people a sense of suffocation and vast and majestic mountains.

Behind that space crack, there must be an extremely terrifying being standing, possessing monstrous cultivation and strength.

"That's the aura of asking the common people!"

"That's right! Only a legendary figure like Wen Cangsheng has such huge power and aura."

"It is said that Wen Cangsheng stayed at the tenth level of the sixth level of the realm of gods for three full years in order to accumulate strength so that when he broke through the eternal realm, he could cross the tenth level in one fell swoop and his cultivation would skyrocket.

To the tenth level of the eternal realm, I originally thought this was just an exaggeration, but now it seems that it is true. "

"This inheritance from the common people comes from the high-level interface 'Ancient Dragon Realm', and he is also the descendant of an ancestral dragon in the human world. He contains half of the blood of the ancestral dragon. He has great potential for cultivation and terrifying martial arts strength."

...

At this moment, countless disciples in the entire competition area could not help but scream in surprise.

"Ask Juntian, I will give you a 'Taoist level' magic weapon: the Diagram of Life and Death. Take it and kill all those who stand in your way. The reward for first place in the core competition, the 'True Dragon Tower', is very important to me. , you need to get."

Suddenly at this moment, a majestic and unparalleled voice came out of the huge space crack, carrying a kind of domineering and domineering voice.

That voice was the voice of the president of the Celestial God Society asking the common people!

Everyone's eyes were shocked. Unexpectedly, Wen Cangsheng intervened at the critical moment.

"Buzz!"

At this time, a scroll of pictures emitting black light and white light suddenly floated out and fell into Wen Juntian's hands.

This is the 'Tao God level' magic weapon that surpasses the true god level. The life and death diagram contains the secret of life and death. It has mysterious and unpredictable terrifying power, which is enough to kill the powerful people of the eternal realm at a high level.

On the high platform, many of the Supreme Elders remained motionless.

Obviously, a person of this level and status is qualified to ignore the basic rules of the Holy Land.

Ye Feng's eyes were a little solemn at this moment, and the aura and pressure coming from the cracks in the space made him feel palpitated.

This question to the common people is definitely countless times more powerful than I imagined.

Asking the common people is even more mysterious than what people hear.

Even Ye Feng felt that the real cultivation level of this person who asked the people was not just a person who had just broken through to the eternal realm as rumored by everyone, but a super-powerful being who was about to enter the realm of enlightenment!

Chapter 1404 No Compromise

At this time, Wen Juntian received the powerful magic weapon "Picture of Life and Death" given to him by Wen Cangsheng, and his eyes immediately became extremely excited.

This Diagram of Life and Death is a first-grade Taoist God-level magic weapon that has surpassed the True God level. Its power is very terrifying, and it is also a rare treasure that contains the secret of life and death.

At this moment, Wen Juntian held the diagram of life and death in his hand and jumped onto the competition stage. The energy of life and death was diffused all over his body, and his combat power was greatly increased.

"Do not disappoint me."

At this time, the voice of asking Cangsheng came out from the other end of the space crack.

Buzz!

Immediately, the space cracks dissipated in the sky, and Wen Cangsheng seemed to have something important at this time. His true body could not come, but he was hundreds of millions of miles away, opened a space channel, and gave Wen Juntian a powerful magic weapon. Want to help him defeat the enemy.

"Brother, don't worry, I will kill anyone who stands in front of me!"

Wen Juntian looked at the disappearing space crack and immediately said loudly.

At this time, Elder Jian's voice suddenly sounded in Ye Feng's ears: "Ye Feng, even if you don't compete for first place now, you are still second in this core competition. Brother Holy Master told me that you should Stop, he can declare you to be the Son of God of the Galaxy Holy Land. Asking the common people, he is not as weak as outsiders say. He is the descendant of an ancestral dragon in the ancient dragon world. His background and strength are really terrifying. Now your cultivation is still relatively weak. , don't fight him for the time being. I heard that Wen Cangsheng is currently competing for a starry sky mine with a super strong man in the deep area of the secondary domain of the Lunar Star Territory. His cultivation level is probably about to surpass the eternal realm and break through. We have reached the realm of enlightenment."

Elder Jian's voice was full of a deep warning.

Obviously, even a powerful man like Elder Jian, who is at the top of the tenth level of the Eternal Realm, is very afraid of Wen Cangsheng.

Ye Feng was silent for a moment, looking at Wen Juntian's extremely provocative eyes across the competition platform and the cruel smile on his face.

He slowly sent the message back and said: "Elder Jian, I'm sorry, I can't listen to your opinion this time. This time I will never compromise! I have to fight this question to Juntian. The core competition is The throne of One belongs to me!"

boom!

Almost at the moment Ye Feng finished speaking, an extremely tyrannical martial arts momentum and power burst out from his body.

This time Ye Feng didn't think about it at all

Compromise, in addition, Wen Cangsheng said that the reward for first place in this core competition is very important to him, so this reward must not be obtained by Wen Cangsheng!

Ye Feng didn't believe that Wen Cangsheng would come to kill him in his true form. He had not yet reached that level of lawlessness.

So at this moment, Ye Feng was filled with murderous intent. He looked at Wen Juntian across from him and said with a cold smile: "Even if you get this Taoist-level magic weapon, the Life and Death Diagram, you are still no match for me!"

Wen Juntian smiled contemptuously and said: "Ye Feng, Ye Feng, I can only say that you are too naive. You don't understand how powerful my elder brother is, and you don't understand how terrifying he is standing behind him. "Existence, that is a big shot from the ancient dragon world. Even a super powerful person like the Galaxy Ancestor needs to be polite to my elder brother. If you fight against my elder brother, you are destined to die."

Ye Feng's face was calm at this time, without the slightest fear, and he said: "You God Society have gone too far in bullying me and tried to kill me time and time again. I will trample to death each and every one of your so-called God Society with my own hands. "

Hearing this, Wen Juntian immediately burst into laughter and said, "Ye Feng, who are you? How dare you say such things? You're just a humble ant, relying on some good luck to avoid murderous attempts again and again. This time, you will never leave! You will die in my hands!"

boom!

Almost at this moment, Wen Juntian input a huge amount of mana into the life and death diagram in his hand.

"Buzz!"

Immediately, a wave of energy light alternating between darkness and light was released from the life and death diagram, covering the entire competition stage.

At this time, the blue sky over the entire competition area has disappeared, replaced by the alternation of night and day, which represents the cycle of life and death.

"Buzz!"

At this time, many core disciples around him were affected, and their whole bodies quickly became older.

He was originally a young man full of vitality, but under the shadow of the diagram of life and death, he soon became gray-haired, his skin was full of wrinkles, and he suddenly turned into an old man.

"No!!!"

These few

Even if the core disciples have longevity, they are still deprived of longevity and life essence at this moment, and they have become extremely old.

"What a terrible picture of life and death!"

"If you ask Cangsheng, you can use it casually. It's such a powerful Taoist-level magic weapon. It's so powerful!"

"As expected, he is indeed the president of the Celestial Society, a powerful being who can claim the throne in the Tiannan Star Territory!"

...

At this moment, countless spectators around him, including some inner sect elders, all retreated, their eyes full of horror.

At this time, in the cycle of life and death in the life and death diagram, Ye Feng was the first to bear the brunt and suffered a huge impact of life and death energy.

But his entire body did not change at all.

A piece of chaotic energy emitted from Ye Feng's body and spread around, seemingly able to withstand the power of life and death over the years.

"Ask Juntian! Do you really think that you can defeat me just because you have obtained a powerful magic weapon? Then you underestimate me too much!"

Ye Feng suddenly roared.

Invincible Sword Domain!

Dragon Spirit Holy Fire!

At this moment, sharp swords appeared in the space around Ye Feng. They all condensed and turned into a metal sword that was more than 300 meters long.

Then he stretched out his hand and flicked the entire huge metal sword blade.

"Wow!"

The metal sword, which was more than 300 meters long, seemed to be enchanted. The entire huge metal sword suddenly burned with a layer of thick golden flames.

It is the Dragon Spirit Holy Fire!

Now the level of Dragon Spirit Holy Fire has transformed to the first-level mid-level, and its power is even more terrifying than before.

At this moment, Ye Feng was holding the golden flaming giant sword, with infinite determination and sharpness in his eyes. He was like a peerless swordsman emperor. He suddenly rushed to the vast and dark sky, holding the giant sword in both hands, He slashed down hard in the direction of Wen Juntian, as if one sword could split open the entire planet where the Galaxy Holy Land is located!

"Boom!!"

The infinitely terrifying violent flaming sword light struck down, destroying the entire dark world of life and death.

That terrifying golden flame, forging the peerless edge of the sword, is simply the most terrifying destruction in the world.

The power of destruction destroyed everything, shattered everything, and broke through everything!

"What? This sword! It's so terrifying!"

At this moment, Wen Juntian's expression turned pale all of a sudden, and he felt like the flames were burning all over his body, and his whole body was about to melt.

"Ask the common people!"

Suddenly, Wen Juntian displayed a very powerful set of inherited secrets.

This is a kind of Taoist artistic conception, which seems to be the unique skill of asking common people, and asking Juntian has also received some inheritance.

At this moment, a shadow of will suddenly appeared on his body. This shadow of will had an extremely huge momentum. Sometimes he was like an emperor, dominating the world, and sometimes he was like a saint, educating the common people.

This is the great way of Wen Cangsheng, which was taught to his younger brother Wen Juntian. At this time, Wen Juntian showed it, and in conjunction with the attack of the life and death diagram, it was overwhelming.

"Future body! Help me!"

At this moment, Ye Feng's eyes were full of fighting intent. He secretly used the power of his future body, and a long river of time rushed out of his body. The shadow of his future body merged with Ye Feng's true form, and he punched out instantly.

The power of this punch was so terrifying that the sky was penetrated. Countless meteorites fell to the ground like raindrops, which foreshadowed the glory of Ye Feng's punch.

"Boom!!"

Accompanied by an earth-shattering roar, Ye Feng's fist, containing boundless brute force, punched through the diagram of life and death in one fell swoop, and shattered the phantom of emperor-like will that surrounded Wen Juntian. .

"ah!!"

Wen Juntian's chest was suddenly blasted through, blood spurted out, and his whole body was blown away. Blood was vomited from his mouth, and his eyes were filled with horror.

"I won't give in! How can you be so powerful! Impossible! Apart from my eldest brother, I am the most powerful among the younger generation!"

Wen Juntian yelled in disbelief. At this moment, he suddenly took out a golden pill from the storage ring. It was round and about the size of a fist.

"This is a dragon pill!"

On the high platform, a Supreme Elder couldn't help but stand up, his eyes startled.

Dragon Pill, the giant dragon inner pill spread from the ancient dragon world, contains the majestic dragon power energy.

Legend has it that as long as a mortal swallows a dragon pill, a mortal can immediately transform into a dragon and ascend to the upper world!

Chapter 1405 Asking the common people to come

"Gulu!"

At this time, Wen Juntian's eyes were crazy, and he swallowed the golden dragon pill in his hand in an instant.

"boom!!"

Suddenly, a boundless power spread out from his entire body.

In addition, there are inches of bright golden divine light emanating from Wen Juntian's entire body.

His entire body was undergoing huge changes at this moment.

First of all, pieces of golden dragon scales began to grow on the surface of Wen Juntian's body. In addition, his entire human body was rapidly colliding and growing in size, gradually transforming in the direction of a real dragon.

"That dragon pill definitely contains the extremely terrifying power of a true dragon, which can turn people into dragons!"

At this time, many people watching around couldn't help but exclaimed in surprise.

Ye Feng saw that after Wen Juntian swallowed the dragon pill, the injuries on his body and the broken blood hole in his chest were healing quickly.

A vast aura like an ancient epic emanated from Wen Juntian's body.

At this time, Wen Juntian suddenly turned into a golden dragon.

"Roar!!"

He transformed from a man into a golden dragon, possessing tremendous power and letting out terrifying roars, roaring across the mountains and rivers.

"Boom!"

The golden dragon grabbed it with one claw, and the entire huge competition platform was like a broken sack. It was torn and broken into countless pieces. Three deep cracks appeared on the ground, which were bottomless and pitch black. .

"boom!"

Another golden dragon claw struck down, knocking Ye Feng away.

"What a powerful force!"

Countless people around him couldn't help but exclaimed.

"During the competition, I swallowed a dragon pill that was against the heavens. This is considered cheating!"

But some people think that the method of asking Juntian is too dishonest.

"Huh, cheating? You can ignore the rules if you ask the common people, but what if his brother asked Juntian for cheating? No one will care!"

Someone snorted coldly, and he didn't know whether his tone was mocking or helpless.

"

Transformed into a dragon? "

Although Ye Feng was knocked away at this time, he was not injured.

He was a little surprised. He didn't expect that dragon pill to be so powerful. It was indeed something from the ancient dragon world, and it instantly gave Wen Juntian such a strong power.

"But I'm not a vegetarian either."

Ye Feng smiled cruelly and shouted: "If you turn into a dragon, then I will become a human giant!"

boom!

At this moment, Ye Feng activated his seventh talent of the Divine Art of Creation, Law of Heaven and Earth!

"Buzz!!"

Almost at the next moment, under the shocking gazes of countless people, Ye Feng, who was originally a small human body, immediately started to collide with each other. Like a small seedling, it rose up from the ground and grew into a tree. Giant trees!

"That is....."

Under the horrified gazes of many core disciples, including a group of Supreme Elders, Ye Feng transformed into a golden giant with a height of tens of thousands of feet. His muscles were like a horned dragon, and his skin and bones were made of steel. He exuded the aura of the ancient world. It's heart-stopping to the extreme.

The giant golden giant suddenly rose from the ground and towered under the sky.

This scene really has an extremely strong visual impact.

Everyone present was shocked.

The golden giant that Ye Feng transformed into at this moment looked at the giant dragon transformed by Wen Juntian across from him with golden pupils, and made a loud voice: "No matter how hard you struggle, you will eventually be my dead soul! This game should be over. , die to me!"

boom!

Ye Feng roared loudly, like an ancient giant roaring.

He instantly stepped forward and before the dragon that Wen Juntian transformed into could react, he grabbed the dragon's head with one hand and the dragon's tail with the other, and tore it apart with all his strength.

"Pfft!"

Under the shocked gazes of countless people, the dragon's entire body was torn into two halves from the middle. Blood spilled into the sky, and screams resounded throughout the entire universe.

Wow!

The giant dragon was torn in half. In an instant, the dragon body dissipated and transformed into Wen Juntian's human body. However, Wen Juntian was already dead at this time, and his body split into two halves. He was about to die. In front of him, his eyes were still wide open, as if he never expected that Ye Feng would turn into a giant and tear him into pieces and kill him.

"Buzz!"

At this moment, Ye Feng also dissipated the body of the golden giant and transformed into a normal human. He flew to Wenjuntian's broken body. Without hesitation, he stretched out his hand and grabbed it. A darkness swallowed the whirlpool, and immediately killed Wenjuntian's body. Breathed in, it disappeared.

"hiss!"

At this time, everyone on the field let out a gasp of air, one after another, lasting for a long time.

"powerful!"

"Incredibly strong!"

Countless people's eyes were all focused on Ye Feng.

That figure in black clothes, stepping on the broken competition stage, has become a rising new legend in the minds of everyone!

"boom!"

At this time, Ye Feng quickly refined Wen Juntian's skills and blood energy, and his cultivation level directly broke through the first heaven and entered the fourth heaven of the eternal realm!

But this is just a small thing.

Ye Feng's entire attention now falls on the supreme elders on the high platform.

He said slowly: "Dear elders, the number one winner of this core competition should be announced, right?"

Elder Jian's eyes were shocked at this moment, staring at Ye Feng, and nodded with relief.

He also didn't expect that Ye Feng would be able to burst out with such powerful power at the last critical moment, which shocked everyone present.

At this time, a Supreme Elder slowly stood up on the high platform with a complicated expression. It seemed that he did not expect that the default number one Wen Juntian in this core competition would actually be killed.

The supreme elder finally said slowly: "This time, Ye Feng defeated all the young disciples who participated in the core competition and became the number one in the core competition..."

"shut up!"

Suddenly at this moment, a majestic and unparalleled voice suddenly sounded throughout the sky.

Buzz!

High in the sky, an extremely oppressive and huge momentum suddenly spread out.

That momentum had appeared once before, suffocating everyone.

That is the momentum of asking the common people!

"Buzz!"

Following a burst of violent space fluctuations, a tall and majestic young man, wearing a bright yellow Kowloon robe, with his hands behind his back and a face as majestic as a god, suddenly walked out of a space crack high in the sky.

"I'm asking Senior Brother Cangsheng!"

At this moment, the eyes of countless people became excited, excited, fearful, and shocked.

No one expected that Qing Cang Sheng would actually come!

"Ask the common people..."

Ye Feng was standing on the broken competition platform at this time. When he saw the majestic figure like a god in the sky, his eyes suddenly darkened.

This Wen Cang Sheng's martial arts cultivation aura seems to have already stepped into the realm of enlightenment!

"He has definitely obtained huge treasures during this period of time in the second-level star domain of the Taiyin Star Domain! His strength has improved so quickly!"

Ye Feng immediately started thinking in his heart.

At this time, Wen Cangsheng was standing high in the sky, his eyes like a god scanning everyone in the audience.

The supreme elder who was about to announce the results of the core competition just now was caught by Wen Cangsheng's eyes. Thinking of the other party's strength and identity, he trembled with fear and quickly closed his mouth, not daring to continue talking. Went down.

Wen Cangsheng stared at Ye Feng below, and said with an extremely cold tone: "Although Wen Juntian is my adopted brother, he is the most powerful genius I have trained. How dare you kill him in public?" , you simply don't take me seriously. Now I order you to kneel in front of me immediately to admit your mistake, and replace Wen Juntian as my subordinate. I will forgive your sins and give you the first place in this core competition. The name is given to you, hurry up and choose."

Asking Cangsheng's tone was full of endless domineering, his every move was like a godless king, controlling the life, death and destiny of others at will.

Chapter 1406 The Holy Lord takes action

The words that Wen Cangsheng said at this time resounded throughout the competition area.

Everyone heard the overbearing voice and were shocked in their hearts.

At this moment, everyone came to understand one after another and asked how powerful Cang Sheng was.

Many disciples, and even many elders, heard everything they originally asked the common people.

But now they have seen with their own eyes how terrifying Wen Cang Sheng's cultivation strength is, and they have almost stepped into the realm of enlightenment above the eternal realm.

At this time, Wen Cangsheng's huge cultivation aura was all emitted, covering the area of space where Ye Feng was standing.

"Click, click!"

At this moment, huge gaps opened involuntarily under Ye Feng's feet.

This shows how terrible pressure Ye Feng was under at this time.

"Buzz!"

The power of Ye Feng's movement of the chaotic body, diffused with the energy of chaos and the light of chaos, can withstand that kind of terrifying pressure.

At this time, Ye Feng's eyes were extremely cold, staring at Wen Cangsheng in the sky, and said: "Becoming your subordinate? This is impossible!"

Wen Cangsheng's face immediately darkened and he said, "Are you disobeying my will?"

boom!

Wen Cangsheng just snorted coldly at this time, and suddenly a terrifying and boundless pressure from heaven and earth enveloped Ye Feng's whole person in an instant.

"Boom, boom, boom!"

The terrifying energy frenzy, like huge hammers, came invisibly, full of terrifying power, bombarding Ye Feng's whole body.

Ye Feng immediately punched out one punch after another, the light of chaos burst out, and the terrifying punch power shattered all the pressure transmitted from the void.

However, Ye Feng's eyes were full of solemnity, because what he was fighting now was just a cold snort from Cang Sheng.

"Future body..."

Ye Feng is preparing to summon his future body, merge with himself, and achieve the tenth level of eternity in a short period of time.

Let's see if he can fight with Wen Cangsheng.

"Uh-huh!"

But suddenly at this moment, a figure flashed next to Ye Feng.

He is a young man with sword-shaped eyebrows and starry eyes. He is the sword elder who practices the art of rejuvenation!

Elder Sword possesses the cultivation level of the tenth level of the Eternal Realm. At this time, he stands beside Ye Feng, taking a lot of the pressure off Ye Feng.

He looked at Wen Cangsheng high up in the sky and said in a deep voice: "Wen Cangsheng, although you are extremely talented and have a noble status, you are still a disciple in our Holy Land of Galaxy for thousands of years. The core competition is our holy land for thousands of years. According to the tradition, the winner takes all, and you are not allowed to interfere so unscrupulously! "

But Wen Cangsheng just smiled coldly at this time. Even when facing Elder Jian, the top elder, he shouted: "Old man, get out of here!"

boom!

What shocked countless people was that Wen Cangsheng took action brazenly at this moment, targeting Elder Jian.

"Qiang!"

"Here comes the sword!"

The sword elder shouted loudly, pulled out a stream of pure heaven and earth vitality from the void, condensed a long sword of vitality, and slashed directly forward.

Wen Cangsheng casually grabbed it with his big hand and activated a powerful inheritance exclusive to him, which seemed to come from the dragon world!

"Dragon Soul Emperor Art!"

boom! boom! boom!

Wen Cangsheng shouted loudly, and void passages suddenly appeared in the space around him. These void passages seemed to be connected to a great and vast interface. Waves of majestic golden dragon energy poured out crazily from those void passages. Come out, and then around Cangsheng, thousands of golden dragon souls condensed, roaring and roaring, chanting into the sky.

"Boom!!"

I asked Cangsheng to press down his hand instantly, and suddenly there were thousands of golden colors all over my body.

The dragon soul surrounded his hand and bombarded it, full of infinite terrifying attack power.

"I asked Cangsheng that Senior Brother actually took action against Elder Jian?"

At this time, everyone on the field couldn't help but exclaimed.

No one would have thought that Cangsheng, the president of the Celestial Society and the first holy son of the Galaxy Holy Land, would be so lawless.

"Boom!!"

And at the next moment, the big hand surrounded by thousands of dragon souls actually crushed all the sword light that the sword elder had shot out.

"Deng Deng Deng!"

Even Elder Jian was suffering from a very terrifying attack force at this moment. He couldn't help but take a dozen steps back before finally stopping. His face was a little pale, and even a trace of blood spilled from the corner of his mouth.

"This question seems to be able to open up the void passage in the dark and borrow the power of the Dragon Realm from a super large interface like the Ancient Dragon Realm. Even Elder Jian is not his opponent!"

At this time, many other seniors of the Galaxy Holy Land saw the method of asking the common people at this time, and their eyes showed deep horror.

At this time, Wen Cangsheng was floating high in the sky. In the countless void passages around him, there were surging golden dragon energy, giving Wen Cangsheng extremely terrifying killing power.

"Elder Jian, are you okay?"

Ye Feng immediately came to Elder Jian, his eyes full of gloom.

He didn't expect that this question would be much more powerful than he imagined.

Not only is his cultivation level at the half-step enlightenment stage, but he is also able to borrow the high-level ancient dragon power from the ancient dragon world, which is really shocking.

At this moment, Ye Feng knew immediately that even if he summoned the future body of Dzogchen, he would not be able to challenge Cangsheng.

At this moment, Ye Feng suddenly stared at Wen Cangsheng who was high up in the sky. His tone was sharper than bending, and said: "Wen Cangsheng, if I were of the same level as you, I would kill you like a pig butchered dog!"

\u003c

br\u003e Wen Cangsheng smiled coldly and said: "Everyone can tell big words. No matter what, if you don't kneel in front of me today and surrender to me, I will let you, the number one king of the core competition, die!"

boom!

The moment Wen Cangsheng finished speaking, he once again stretched out a big hand entwined with thousands of golden dragon souls. It was filled with surging power like a vast ocean, and it suddenly bombarded the bottom crazily.

"Fight!"

At this moment, Ye Feng's eyes revealed a ferocious look, and he was about to unleash all his means. Even if he fought to the death, he could not succumb to this man who asked the common people.

"Ask Cangsheng, please stop for now, you can't kill this Ye Feng today."

Suddenly at this moment, a majestic middle-aged man's voice sounded.

"Buzz!"

And at this moment, a man wearing a long robe, who looked like a middle-aged Confucian scholar, walked out from the depths of the Galaxy Holy Land. He pointed his finger forward, and immediately a space crack appeared, and he was about to attack Cang Sheng. They all fell into the cracks and disappeared in the blink of an eye.

This method simply turns decay into magic. There is no destructive collision and fluctuation, but simply swallowing everything with void.

"It's the Holy Lord!"

At this time, many core disciples around him recognized the identity of this middle-aged Confucian scholar.

This person is the official representative of the Galaxy Holy Land, the Galaxy Holy Lord!

"Is this the Holy Lord?"

Ye Feng's eyes moved at this time and he looked at the middle-aged Confucian scholar not far away.

At this time, Elder Jian wiped the blood from the corner of his mouth, walked to Ye Feng's side, showed a relieved smile, and said: "I knew that Brother Holy Lord would take action. Although this question was favored by the ancestors of Galaxy, he met When you get to the Holy Lord, you must be honest."

Chapter 1407 Fear

The middle-aged Confucian scholar walked out from the depths of the Galaxy Holy Land at this time, with a look of indifference on his face.

Obviously, his cultivation level is more advanced than asking ordinary people, and he may have entered the realm of enlightenment.

In a casual move, he neutralized Wen Cangsheng's terrifying attack force.

Wen Cangsheng's eyes suddenly became a little gloomy, and he said, "Holy Lord, do you want to stop me from killing an ant?"

The middle-aged Confucian scholar smiled and said: "You are all disciples of my Holy Land of Galaxy, brothers of the same sect. Why do you want to kill each other? Wouldn't it be better to unite together and contribute to Holy Land of Galaxy?"

Wen Cangsheng snorted coldly, looked at Ye Feng in the other direction, and said: "This kid is too arrogant and refuses to surrender to me, so what's the use of having him exist? Holy Lord, you can't control me. , Ancestor Xinghe and I have already discussed that you will give up the throne in one year, and I will become the new generation of Holy Lord, commanding the entire Galaxy Holy Land, and leading the Holy Land to glory in the Tiannan Star Territory!"

The words he asked the people at this time were full of deep and boundless domineering power.

But no one dared to refute his words, because he did have the qualifications.

At this time, the middle-aged Confucian scholar who was the Holy Lord was not angry. He just smiled and said: "That was also a year later. Now I am still the Holy Lord. Today, I ask the people to stop. I will not allow you to destroy the entire core." You are already too presumptuous compared to the rules, and there is an upper limit to our tolerance in the Holy Land of Galaxy."

When Wen Cangsheng heard what the middle-aged Confucian scholar said, his face suddenly darkened.

At this time, he stared at Ye Feng, who was not far away, with a ruthless look in his eyes, and said: "I will let you go this time. Next time, I will kill you on the spot and will never give you anything." way to survive."

Speaking of this, Wen Cangsheng once again looked at the middle-aged Confucian scholar opposite and said: "Bai Yuxiao, I compromised this time, but this will definitely not happen next time. I got a huge building in the Taiyin Star Territory. The Starry Sky Treasure is a relic of an ancient war. When I return from my cultivation, the entire Galaxy Holy Land will be my world!"

Wow!

After Wen Cangsheng finished speaking, his figure immediately disappeared on the spot.

"This is just a clone of him."

When many people saw this scene, they couldn't help but have deep horror in their eyes.

No one thought that the Wen Cang Sheng who came today and swept across the wilderness was just a clone.

A clone that is hundreds of millions of miles away possesses such terrifying combat power?

With one palm, he was able to repel a super strong man like Elder Jian, who was in the Tenth Level of Eternal Realm and reached Perfection.

Moreover, even the Holy Lord Bai Yuxiao did not take action directly against the common people and seemed to be very afraid.

Elder Jian walked to Ye Feng at this time, his eyes full of deep fear, and said: "Ye Feng, this question is more terrifying than a few months ago. It seems that he is in the Taiyin Star Territory." During the war, he got unimaginable benefits and discovered some ancient ruins in the starry sky. I estimate that after he completes his cultivation this time and his true body returns, he will really sweep everything and completely control the entire Galaxy Holy Land. By that time, the Holy Land will Brother Master probably won't be able to suppress him, and we will all become prisoners being hunted down!"

Ye Feng's eyes were extremely firm at this time and he said: "Don't worry, Elder Jian, I won't let that day come. If you ask the people, I will kill all his ambitions!"

"Junior Brother Jian, Ye Feng, you two follow me."

At this time, Holy Lord Bai Yuxiao

After making a sound, he first flew towards the depths of the Galaxy Holy Land base camp.

"The Holy Master must have come to us to discuss something important."

At this time, Elder Jian spoke up.

Ye Feng nodded, and the two of them chased in the direction of the Holy Lord's flight, leaving only the shocked people present.

...

Soon, Ye Feng and Elder Jian followed the Holy Lord and came deep into the base camp of the Galaxy Holy Land.

This is a magnificent hall, with carved beams and painted pillars, resplendent and magnificent, and looks extremely majestic.

At this time, a middle-aged Confucian scholar wearing a white gown was standing there, waiting for the arrival of Ye Feng and Elder Jian.

"You are here."

Seeing Ye Feng and Elder Jian coming to this hall, the Holy Master immediately smiled and spoke.

"Brother Holy Lord!"

"Meet the Holy Lord!"

At this time, Elder Jian and Ye Feng both clasped their fists and made noises.

"No need to be polite."

The Holy Lord sighed with emotion and said: "I didn't expect that Wen Cangsheng has become so powerful now. He is truly an eternal genius and a genius."

Elder Jian also gave a wry smile and said: "Even I am no longer his opponent. Asking Cangsheng, this son is assisted by a big shot in the ancient dragon world, and he is also half of the blood of the ancestral dragon. Naturally, his qualifications are outstanding and unmatched by ordinary people. "

The Holy Master looked at Ye Feng and said: "Ye Feng, you are the only one with the potential to hunt down Wen Cang Sheng and suppress him, preventing Wen Cang Sheng from seizing the power of the Galaxy Holy Land in a year's time."

Ye Feng was a little confused and said: "Is the ancestor of Galaxy the most powerful existence in our Galaxy Holy Land?"

The Holy Lord nodded and said: "Yes, I have the cultivation level of the first level of the Realization Realm, while the ancestor of Xinghe has the cultivation level of the seventh level of the Realization Realm."

Ye Feng asked aloud: "Then what does the ancestor of Xinghe mean now?"

The Holy Lord said: "He prefers to ask Cangsheng. After all, behind Asking Cangsheng is a powerful figure in the high-level world of the Ancient Dragon Realm. The Galaxy Ancestor wants to please the person behind Asking Cangsheng."

Ye Feng said: "Then we can't give away the entire Galaxy Holy Land."

The Holy Lord nodded and said: "That will definitely not be given away, so the Galaxy Ancestor now asks Wen Cangsheng to hurry up and improve. When Wen Cangsheng can defeat me, then he will be the worthy Holy Lord of the next generation."

Ye Feng was a little strange and said: "Ask the people, since there is a big shot in the Taikoo Dragon Realm standing behind him and he has such a strong martial arts qualification, why doesn't he just go to the Taikoo Dragon Realm to practice? Wouldn't he grow faster?"

When the Holy Lord heard this, he couldn't help but smile and said: "There are countless different types of dragons living in the Taikoo Dragon Realm, and the Ancestral Dragon is just one of the dragon clan forces. And in the special high-level interface of the Taikoo Dragon Realm, this is not allowed. In addition to other races other than dragons entering it, although our human race is huge in the starry sky, we still have many powerful enemies in many high-level interfaces. So I asked Cangsheng, this half-dragon, if he is not strong enough to enter. After the ancient dragon world, if it is discovered, it will definitely be killed by countless dragons! "

After Ye Feng heard this, he realized that it seemed that the Ancestral Dragon Clan behind Wen Cang Sheng wanted Wen Cang Sheng to hone his skills in a place like the Tiannan Star Territory.

The Holy Lord suddenly said: "Ye Feng, what are your plans next? I am going to announce your identity as the Son of God in three days." The middle-aged Confucian scholar walked out from the depths of the Galaxy Holy Land at this time. His face was full of indifference.

Obviously, his cultivation level is more advanced than asking ordinary people, and he may have entered the realm of enlightenment.

In a casual move, he neutralized Wen Cangsheng's terrifying attack force.

During the war, he got unimaginable benefits and discovered some ancient ruins in the starry sky. I estimate that after he completes his cultivation this time and his true body returns, he will really sweep everything and completely control the entire Galaxy Holy Land. By that time, the Holy Land will Brother Master probably won't be able to suppress him, and we will all become prisoners being hunted down!"

Ye Feng's eyes were extremely firm at this time and he said: "Don't worry, Elder Jian, I won't let that day come. If you ask the people, I will kill all his ambitions!"

"Junior Brother Jian, Ye Feng, you two follow me."

At this time, Holy Lord Bai Yuxiao

After making a sound, he first flew towards the depths of the Galaxy Holy Land base camp.

"The Holy Lord must have come to us to discuss something important."

At this time, Elder Jian spoke up.

Ye Feng nodded, and the two of them chased in the direction of the Holy Lord's flight, leaving only the shocked people present.

...

Soon, Ye Feng and Elder Jian followed the Holy Lord and came deep into the base camp of the Galaxy Holy Land.

This is a magnificent hall, with carved beams and painted pillars, resplendent and magnificent, and looks extremely majestic.

At this time, a middle-aged Confucian scholar wearing a white gown was standing there, waiting for the arrival of Ye Feng and Elder Jian.

"You are here."

Seeing Ye Feng and Elder Jian coming to this hall, the Holy Master immediately smiled and said something.

"Brother Holy Lord!"

"Meet the Holy Lord!"

At this time, Elder Jian and Ye Feng both clasped their fists and made noises.

"No need to be polite."

The Holy Lord sighed with emotion and said: "I didn't expect that Wen Cang Sheng has become so powerful now. He is truly an eternal genius and a genius."

Elder Jian also gave a wry smile and said: "Even I am no longer his opponent. Asking Cangsheng, this son is assisted by a big shot in the ancient dragon world, and he is also half of the blood of the ancestral dragon. Naturally, his qualifications are outstanding and unmatched by ordinary people. "

The Holy Master looked at Ye Feng and said: "Ye Feng, you are the only one with the potential to hunt down Wen Cang Sheng and suppress him, preventing Wen Cang Sheng from seizing the power of the Galaxy Holy Land in a year's time."

Ye Feng was a little confused and said: "Is the ancestor of Galaxy the most powerful existence in our Galaxy Holy Land?"

The Holy Lord nodded and said: "Yes, I have the cultivation level of the first level of the Realization Realm, while the ancestor of Xinghe has the cultivation level of the seventh level of the Realization Realm."

Ye Feng asked aloud: "Then what does the ancestor of Xinghe mean now?"

The Holy Lord said: "He prefers to ask Cangsheng. After all, behind Asking Cangsheng is a powerful figure in the high-level world of the Ancient Dragon Realm. The Galaxy Ancestor wants to please the person behind Asking Cangsheng."

Ye Feng said: "Then we can't give away the entire Galaxy Holy Land."

The Holy Lord nodded and said: "That will definitely not be given away, so the Galaxy Ancestor now asks Wen Cangsheng to hurry up and improve. When Wen Cangsheng can defeat me, then he will be the worthy Holy Lord of the next generation."

Ye Feng was a little strange and said: "Ask the people, since there is a big shot in the Taikoo Dragon Realm standing behind him and he has such a strong martial arts qualification, why doesn't he just go to the Taikoo Dragon Realm to practice? Wouldn't he grow faster?"

When the Holy Lord heard this, he couldn't help but smile and said: "There are countless different types of dragons living in the Taikoo Dragon Realm, and the Ancestral Dragon is just one of the dragon clan forces. And in the special high-level interface of the Taikoo Dragon Realm, this is not allowed. In addition to other races other than dragons entering it, although our human race is huge in the starry sky, we still have many powerful enemies in many high-level interfaces. So I asked Cangsheng, this half-dragon, if he is not strong enough to enter. After the ancient dragon world, if it is discovered, it will definitely be killed by countless dragons! "

After hearing this, Ye Feng realized that it seemed that the Ancestral Dragon Clan behind Wen Cang Sheng wanted Wen Cang Sheng to hone his skills in a place like the Tiannan Star Region.

The Holy Lord suddenly spoke up at this time: "Ye Feng, what are your plans next? I plan to announce your identity as the Son of God in three days."

Chapter 1408 Pure Yang Qi

When Ye Feng heard what the Holy Lord said at this time, he nodded slightly and said: "I want to obtain the identity of the Son of God, and my plan is to establish my own disciple force and follow me into the starry sky battlefields of the Tiannan Star Territory and the Taiyin Star Territory among."

Elder Jian was a little surprised at this time and said: "Ye Feng, you want to attack the Taiyin Star Territory on a large scale? That is extremely dangerous."

Ye Feng nodded and said: "Only the starry sky battlefield is the best place to hone a warrior. Only through blood and fire can one grow and grow rapidly."

In front of the Holy Lord and the Sword Elder, Ye Feng naturally would not reveal his biggest purpose, which was to use the majestic blood energy on the battlefield in the war to strengthen his cultivation foundation.

At this time, the Holy Lord heard what Ye Feng said and couldn't help but said: "Okay, it's very good that you can have this awareness. I ask the people that they are growing and becoming stronger now. I have the will but no power. Now I can only rely on you." "

Ye Feng nodded and said: "Don't worry, as long as the Holy Lord gives me the identity of the Son of God, helps me form a disciple faction of mine, recruit a group of top geniuses who are dissatisfied with the God Society, and follow me to attack the Taiyin Star Territory and launch a huge By fighting, I can become stronger quickly."

The Holy Lord said: "Okay, I will meet all your requirements. I don't need the future of our Galaxy Holy Land to become a vassal force of the Ancestral Dragon Clan of the Ancient Dragon Realm. My dream is to make the Galaxy Holy Land grow into the entire The overlord of the universe, let the name of the Galaxy Holy Land spread throughout the billions of stars and the earth."

Ye Feng looked at the eyes of the Holy Lord in front of him and couldn't help but nodded secretly.

This Holy Lord is still very ambitious.

Much better than the Galaxy Ancestor who only wanted to please the common people and the Ancient Dragon Realm.

"Then Holy Master, I will take my leave first."

Ye Feng turned around and left.

"etc."

The Holy Lord suddenly spoke up and said with a smile: "You haven't gotten the reward for being first in the core competition this time.

Woolen cloth. "

Buzz!

At this time, the Holy Master stretched out his hand and pressed it against the void, and a small golden tower appeared and floated in the void.

This small golden tower has nine floors in total. It looks extremely small, but it exudes an ancient and vast atmosphere of ancient epics, giving people a sense of vicissitudes that makes them want to worship.

The Holy Lord said: "This is the 'True Dragon Tower' that is the reward of this core competition, which contains the powerful pure Yang energy."

Ye Feng's eyes moved and said: "Wen Cangsheng seemed to be very concerned about the True Dragon Tower before. For a person like Wen Cangsheng to value so much, this True Dragon Tower must be very extraordinary, but at this time I am I can't feel any powerful attacking power from it, it feels like a very ordinary magic weapon."

The Holy Lord smiled and said: "Because the most precious thing about this True Dragon Tower is not its offensive power, but the pure Yang energy contained in it."

"Pure Yang Qi?"

Ye Feng's eyes were puzzled, and he didn't understand why this pure Yang Qi was precious.

At this time, Elder Jian explained from the side: "The next level of the Enlightenment Realm is called the 'Pure Yang Realm'. Warriors need to absorb the power of pure Yang in the heaven, earth and universe to create a perfect pure Yang body, so I asked The people only care so much about the True Dragon Tower because they have to prepare themselves to enter the Pure Yang Realm. Pure Yang Qi has a huge effect on warriors and increases the chance of entering the Pure Yang Realm in the future, which is equivalent to giving A good foundation has been laid for the future."

When Ye Feng heard this, he suddenly realized that it was no wonder that the common people valued the small True Dragon Tower so much. It turned out to be the pure Yang energy in it.

Below the realm of enlightenment

One realm is the pure Yang realm!

At this time, the Holy Lord handed the small True Dragon Tower to Ye Feng and said: "We all value you very much, and you must not disappoint our expectations. After becoming the Son of God, you will have supreme power in the Holy Land. If you make good use of your privileges and form your own disciple faction, it will be justifiable. I think many people will be willing to follow you as the Son of God."

Ye Feng took the True Dragon Tower and solemnly said: "Okay, I will work hard."

As soon as he finished speaking, Ye Feng left the Holy Lord's Hall and disappeared into the countless buildings outside.

At this time, in the main hall, Elder Jian looked at Ye Feng's retreating back and suddenly said: "Brother Holy Master, do you think Ye Feng has hope?"

The Holy Lord was silent for a moment, then nodded and said: "No matter whether there is hope or not, he is our only hope now. We can only choose to believe in him. This time Ye Feng uses the

name of the Son of God to form his own power and army. Go to the Taiyin Star Territory to fight. Brother Jian, you and Elder Yao go to help him and assist him."

Elder Jian immediately clasped his fists and said, "Yes, Senior Brother Holy Lord, I will inform Junior Brother Yao right now!"

Uh-huh!

After saying that, Elder Jian also jumped up and disappeared into the hall.

At this time, the Holy Lord stood alone in the temple, with his hands behind his back, and murmured, "Even if he can fight against the common people, the great figure in the ancient spiritual world standing behind him is also terrifying. I hope that ancient dragon will Big figures in the world, who can be afraid of our Starry Sky Human Race Alliance, will not choose to cross the border to send power..."

...

After Ye Feng returned to his residence, he heard many people discussing him along the way.

After all, the final battle of this core competition is really exciting.

for these discussions

, there were praises and criticisms, but Ye Feng didn't take them all to heart.

After all, his most urgent thing now is to consider creating his own faction.

If Ye Feng was just a nobody, it would be very difficult to create his own faction, and no one would even care about him.

But now, the confrontation between the core competition and the Celestial Society, as well as the Holy Lord's action, and the Holy Lord will announce his identity as the Son of God in the next few days.

All these made Ye Feng very clear that his fame will be resounding throughout the Galaxy Holy Land, and it will be logical to create his own power faction when the time comes.

With a lot of thoughts in mind, Ye Feng returned to his residence.

At first glance, he saw Sima Suantian waiting for him.

Ye Feng's eyes lit up and he said: "Brother Sima, I have a big thing coming up and I need your help."

Sima Suantian smiled and said: "Form your own force and participate in the entire war between Tiannan Star Territory and Taiyin Star Territory?"

Ye Feng smiled with satisfaction and said: "As expected of Brother Sima, who is as resourceful as a demon, he has already guessed my next plan."

Sima Suantian said with a smile: "Brother Ye, if you want to fight against the Tianshenhui and Wen Cangsheng, you must quickly improve your strength in a short period of time. And Brother Ye, you have that magical devouring ability, and the Starfield battlefield is your best." Choice, but you can't do it alone, you can't control the whole place. Only by creating an army of your own and fighting in the Lunar Star Territory can you create tragic battlefields. "

Ye Feng nodded slightly and said: "Now there is only one way left. Brother Sima, you will become my great military advisor. Moreover, you have been a military advisor in the Taiyin Star Territory for a period of time. For the entire starry sky territory of the Taiyin Star Territory, He must be very familiar with it, and it will help me conquer every battlefield in the Lunar Star Territory, and even attack my hometown in the Lunar Star Territory."

Chapter 1409 Assistance

When Sima Suantian heard what Ye Feng said, he couldn't help but smile and said, "This feels a bit unethical."

Ye Feng grinned and said: "In this kind of star war, there is no right or wrong in itself. There are only camps and positions. There is no right and wrong. So Brother Sima doesn't have to have too much psychological burden. After all, you are not a lunar star. The people from the domain were just hired to be their military advisers, now you are considered to be hired by me."

Sima Suantian couldn't help but said: "Sometimes I really envy Brother Ye your straightforward logic and character."

Ye Feng grinned and said, "People have too many thoughts, and life will be very tiring."

Sima Suantian nodded and said: "Brother Ye, don't worry, I will try my best to help you. Anyway, we are standing on the same boat now. If you are killed by Wen Cangsheng, I will also die miserably. If Wen Cangsheng then I will never let go of anyone related to you, Brother Ye."

Ye Feng's eyes were cold and he said: "Huh, if Cangsheng is so powerful, most of it is not his own strength, but his ability to use the ancient power of the ancient dragon world. But even so, as long as you give me time, I can still defeat him Step hard under your feet!"

...

For the next several days, Ye Feng was discussing with Sima Suantian the plan for a large-scale attack on the starry sky of the Lunar Star Territory.

This plan is very grand and requires careful consideration.

Because this time Ye Feng led his own army to launch an attack on the Taiyin Star Territory, and it was not just a small fight in the giant war city.

With Sima Suantian, a great military advisor who is familiar with the territory of the Lunar Star Territory, Ye Feng's pressure is much less.

In addition, in the past few days, a blockbuster news has completely made the entire Galaxy Holy Land and even the Tiannan Star Territory excited.

That is, the Holy Lord of Galaxy openly announced that he appointed Ye Feng to be the Son of God of the entire Galaxy Holy Land.

Son of God!

That is a more noble status than the Holy Son!

Son of God, this is an extremely lofty status title. Even among the giants in the entire Tiannan Star Region, there has never been a disciple named "Son of God" in history.

\u003e

But Galaxy Holy Land has set this precedent.

Suddenly, Ye Feng's name spread throughout the Tiannan Star Territory.

Everyone knows that there is a fierce man in the Holy Land of Galaxy who dares to go against the Celestial Gods Association and Wen Cangsheng. His name is Ye Feng. He is a peerless genius. Under the suppression of the Celestial Gods Association, he can become the Son of God of the Galaxy Holy Land. It is true. It's stunningly talented.

As Ye Feng became the Son of God of the Galaxy Holy Land, Ye Feng also began to form his own disciple faction, and invited the Five Gentlemen, 'Butcher's Sword' Ren Cangqiong, 'Little Sword God' Chu Wushuang and other top geniuses who were not convinced by the Celestial God Society. .

Everyone originally admired Ye Feng very much and had a good impression.

Now that Ye Feng has become the Son of God, these arrogant top geniuses will naturally not refuse Ye Feng's invitation.

Sima Shutian was told by Ye Feng to form the entire army these days.

Ye Feng himself was nestled in the training room, preparing to improve his cultivation.

"Buzz!"

In the slightly dark training room at this time, Ye Feng stretched out a hand, the storage ring on his finger flashed, and a bright golden small tower immediately appeared.

This small golden tower was the reward given to Ye Feng by the Holy Lord for first place in the Core Competition, the True Dragon Tower.

This small True Dragon Tower exudes an ancient aura that makes one's heart palpitate.

The golden aura is pure Yang energy.

It is the original power needed for the Pure Yang Realm, the next realm of the Enlightenment Realm.

If absorbed now, not only can the warrior's cultivation skills be improved, but these pure yang energy can also settle inside the warrior's body, laying a good foundation for future breakthroughs to the pure yang realm, or even promotion of breakthroughs to the pure yang realm. probability.

Although Ye Feng is now at the fourth level of the Eternal Realm,

.

But Ye Feng's goal is not limited to the realm of enlightenment.

So now that he has obtained the True Dragon Tower, a treasure that contains pure Yang energy, Ye Feng naturally wants to make full use of it.

"Crack!"

At this moment, Ye Feng squeezed hard and crushed the True Dragon Tower in his palm.

"Buzz buzz..."

In an instant, streams of rich golden pure Yang energy overflowed from the crushed pieces of the True Dragon Tower.

"Wow!"

Ye Feng opened his mouth and swallowed all the pure Yang energy in the entire small tower into his stomach.

At this moment, Ye Feng did not feel any violent power. Instead, he felt a very gentle and warm energy that slowly melted in his body and then settled in the deep layers of his body.

"Huh? There has been no change in cultivation?"

Ye Feng's eyes were stunned, and his skill had not increased.

"But the original quality of my skills seems to have improved a lot."

Ye Feng felt at this time that every ounce of his strength had become thicker.

Obviously, this pure Yang Qi can essentially improve a warrior's skill and quality.

"After the Enlightenment Realm is the Pure Yang Realm. It seems that the superpowers at the Pure Yang Realm level have begun to transform from the origin of their skills."

At this moment, Ye Feng had a lot of insights into the upcoming martial arts realm.

In any case, although this pure Yang Qi has no obvious effect now.

But it will have huge benefits for the next breakthrough in cultivation.

Just like Ye Feng has now laid a huge and good foundation for his next level of cultivation.

"Dong dong dong."

Suddenly at this moment, the door of the training room rang.

have

Someone is knocking on the door.

"Uh-huh!"

Ye Feng came to the door in a flash and opened the door.

Ye Feng did not expect that the person standing at the outer door was actually his alchemy master, Elder Yao.

When the old man saw Ye Feng, he was very happy. He patted Ye Feng's shoulder hard and said, "Good boy, you really have become the son of God of our Galaxy Holy Land, and you have also given all the two vice-presidents of the Tianshen Association." Get rid of it!"

Ye Feng smiled in surprise and said: "Master, don't be too eager to be happy. Aren't you on the frontline battlefield refining elixirs for the entire Tiannan Alliance? Why did you suddenly come back? Is this Star Territory War over?"

Ye Feng is really worried now. If the Star Territory War is over, his war plan will be ruined.

Elder Yao laughed and said: "The war is far from over. Our alliance army in the Tiannan Star Region has just attacked a small half of the Taiyin Star Region. The Taiyin Star Region is a second-level star region, which is smaller than the starry sky in our Tiannan Star Region." The territory is ten times larger! It's so vast. I estimate that this star war will last for hundreds of years."

Ye Feng's eyes lit up and he immediately said: "So, what is the purpose of master's return this time?"

"To help you kid!"

Elder Yao laughed and said: "Senior Brother Jian has sent me a message. Senior Brother Shengzhu asked me and Brother Jian to follow you, Ye Feng, to the Taiyin Star Territory to fight. Senior Brother Jian will be responsible for killing, and I will be responsible for refining elixirs and providing you with food and grass." Pill, this time, Brother Shengzhu has great expectations for you."

"Both Elder Jian and Master, do you want to assist me?"

Ye Feng looked shocked. He didn't expect that he would be treated so well.

You must know that Elder Sword and Elder Yao are both the top elders in the Holy Land of Galaxy. They have a distinguished status and are the kind of big shots who are like dragons.

"It seems that the Holy Lord has really spent a lot of money this time, betting that I can rise."

Ye Feng's eyes showed a trace of determination: "I will never lose this time!"

Chapter 1410 The battle begins

In the cold and dark starry sky of the universe, a war fortress the size of a city slowly drove over.

There are hundreds of thousands of people in the war fortress.

These people are all core disciples and inner disciples in the Galaxy Holy Land.

Although the number is not large, they are all elites.

This elite force can be said to be comparable to an ordinary human army of several billion.

At this time, on the high platform at the front of the war fortress, Ye Feng stood there with his hands behind his back, looking at the boundless starry sky in front of him.

At this time, Sima Suantian stood beside him, looking at the bright but cold and lonely starry sky in the universe, and said slowly: "The place where we are coming now already belongs to the starry sky territory of the Lunar Star Territory, but it is far away from here. The Taiyin Demon Cult, a giant in the Taiyin Star Territory, is still far away. It is considered a relatively remote place in the Taiyin Star Territory. When we are just starting out, it is best to take root in such a relatively remote place and develop slowly. After all, it is a war. , it needs to be done slowly."

Ye Feng nodded slightly and said: "Your idea is good, but Wen Cangsheng is growing rapidly now, and seems to be competing for huge opportunities in an ancient ruins in the starry sky, so I don't have much time."

Hearing this, Sima Suantian couldn't help but nodded and said: "So I have a plan now, which is to let some armies with weaker cultivation base move and station in remote areas here, and try to

plunder the starry sky of this lunar star field as much as possible. There are mineral deposits in the territory, and we lead some of the elites directly into the hinterland of the Lunar Star Territory to fight and kill them, which can be regarded as exploring the way for our large army. "

Ye Feng's eyes moved and he immediately said: "This is a good idea, then I will select some of the best among the best."

In the following time, Ye Feng issued orders one by one according to Sima Suantian's arrangements and plans.

Sima Suantian led a large basic force and set up camp in this relatively remote star field. It was regarded as a base camp and could explore various starry sky mineral deposits in the surrounding lunar star field.

Elder Yao also stayed and needed to lead a group of disciples from the Holy Medicine Hall in the base camp to quickly refine the elixir.

As for resources, in the secondary star field of the Lunar Star Territory, the resources in the starry sky are very large.

It is much richer than the first-level star field of Tiannan Star Territory.

And the people led by Ye Feng are all the best among the best, and all of them are very powerful in combat.

The elite of these elites, totaling tens of thousands of people, were divided into several teams, led by several top geniuses who had taken refuge in Ye Feng, such as the great gentleman Mu Chen, the butcher knife Ren Cangqiong, the little sword god Chu Wushuang and so on.

In addition, Elder Jian, a super-powerful man who is in the tenth level of eternity, is also hiding around Ye Feng, providing protection for Ye Feng.

Not only to deal with the powerful people in the Taiyin Star Territory, but also to deal with the threats from the Celestial Society.

Even if the common people are currently fighting for the treasures of ancient ruins in the starry sky in a certain area of the Lunar Star Territory,

However, there are still many Supreme Elders who are as powerful as Elder Jian among the members of the Celestial Society.

Now that Ye Feng has become the Son of God, he has also actively attracted the talents and core disciples to form his own disciple faction, and his every move has been noticed.

Therefore, it is not ruled out that there are super strong men from the God Society who are eyeing Ye Feng and want to strangle Ye Feng.

"boom!"

Ye Feng led a group of elites and quickly flew away into the distance.

A group of elites all concealed their auras and lurked towards the hinterland of the Taiyin Star Territory.

Before leaving, Sima Suantian had drawn a picture of the distribution of battlefield forces in the Taiyin Star Territory that he knew based on his own memory, and handed it into Ye Feng's hands.

Therefore, Ye Feng now leads a group of elites who will not get lost, but will find a fixed place and directly capture and kill them, which is faster and more efficient.

Half a day passed by in a flash.

There is no day or night in the starry sky. There is always the starry sky with bright stars but cold and lonely universe.

In this kind of cosmic starry sky, it is easy for people to

Will be disoriented.

Fortunately, Ye Feng had a map. Six hours later, he successfully led a group of elites to the first location marked on the map.

This location is a war city in the Taiyin Star Territory, where tens of millions of troops are stationed, and there are also many core experts from the Taiyin Demon Sect who serve as commanders.

Ye Feng led a group of people and quickly arrived at this location.

From a distance, they saw a huge broken continent floating in the endless starry sky in the distance.

On this broken continent, a huge steel city was built. ??

This steel city is so majestic that it penetrates the sky and is even built from the ground of the Broken Continent into the starry sky of the universe, giving people an extremely shocking feeling.

At this time, Ye Feng gathered several top geniuses together and said: "According to Sima Suantian's memory, this is a war city in the Lunar Star Territory. There are 90 million ordinary troops in it, and they are like ants. , there is no need to care, what we need to care about is that in this city of war, there are many core strong men of the Taiyin Demon Sect. They are probably core disciples, and they all have at least the peak level of the realm of gods. It cannot be ruled out that there are The powerful ones in the eternal realm are here."

Having said this, Ye Feng solemnly looked at Ren Cangqiong, Chu Wushuang, the great gentleman Mu Chen and others in front of him, and said: "So your mission is to lead our tens of thousands of elites this time to quickly lurk in the war city. In the starry sky around the standing Broken Continent, a huge killing formation is deployed, covering the entire Broken Continent there. After the formation is arranged, launch the formation directly, and then you start to attack. "

At this time, the little sword god Chu Wushuang couldn't help but said: "In such a huge war city, there must be Eternal Realm powerhouses from the Taiyin Demon Sect. The formation we have laid out cannot withstand the Eternal Realm level existence. attack."

Ye Feng smiled slightly and said: "Brother Chu, don't worry, the Eternal Realm experts will be left to me and Elder Jian. The formation you have laid out does not require a strong attack power, but you must ensure that no one is missed."

If one soldier from the Yin Star Territory is allowed to escape, then the news about our elite team will be leaked, which will arouse the vigilance of other war bases in the Lunar Star Territory in the surrounding stars. Then our next battle will be But it is very difficult. In this Lunar Star Territory, we will be the target of countless war bases. Only by surprise can we capture the bases in the Lunar Star Territory. "

"good!"

After Ye Feng finished speaking, several people around him nodded, and each led a team of elites to fly towards the Broken Continent in the starry sky ahead. The troops were divided into several groups and jointly arranged a large formation.

Buzz!

At this time, the figure of Elder Jian appeared next to Ye Feng and said: "I have sensed that in the war city of the Broken Continent, there are several auras of Eternal Realm strongmen, four Eternal Realm Third Heaven There are six strong men in the sixth level of the eternal realm, and one strong man in the ninth level of the eternal realm."

Ye Feng sighed with his eyes and said: "It is indeed a giant force in the second-level star field. There are so many Eternal Realm powerhouses in a very ordinary war city. It is really too rich."

Elder Jian smiled slightly and said: "It's a pity that in order to explore a secret realm in the starry sky, the Taiyin Demon Sect didn't expect that it turned out to be a life forbidden area. As a result, many of the top experts in the Taiyin Demon Sect died in the life forbidden area. My vitality is severely damaged. This is a once-in-a-thousand-year opportunity to expand our Tiannan Star Territory. Ye Feng, please don't waste this opportunity."

Ye Feng nodded and said: "Of course not! Elder Jian, let's go there quickly and join forces to kill the Eternal Realm powerhouse of the Taiyin Demon Cult in the War City!"

Ye Feng knew very well that the foundation of a war city was the presence of top powerhouses.

Once all the top powerhouses die, the tens of millions of armies will instantly collapse, and they will all become nourishment for their own cultivation!
