Chapter 1411 Killing high-level combat forces

Ye Feng and Elder Jian are now the most powerful beings in the entire elite team.

Therefore, they are the main combat force in this attack on War City.

Uh-huh! Uh-huh!

At this time, Ye Feng and Elder Jian hid their auras and jumped into the starry sky at the top of the Broken Continent where the War City was located.

"Buzz!"

At this time, Ye Feng silently released his huge soul power, covering the entire war city on the Broken Continent without anyone noticing.

Sure enough, just as Elder Jian sensed, Ye Feng noticed several Eternal Realm powerhouses.

Four powerful men of the third level of eternity.

Six powerful men from the sixth level of eternity.

There is also a super strong man from the ninth level of eternity.

Ye Feng locked his position at this moment, looked at Elder Jian, and said: "After the others have arranged the formation, and they rush to kill tens of millions of soldiers in the entire War City, the two of us will specially target those Eternal Realm powerhouses. Detain and kill them."

Elder Jian nodded slightly, with a hint of excitement in his eyes, and said: "Since I became the Supreme Elder of the Galaxy Holy Land, I haven't fought so hard for hundreds of years. My sword is almost rusty. This time I just want to shine it. "

Obviously, although the elder swordsman usually seems a bit taciturn, he still has the edge of a swordsman hidden in his heart, and he likes the pleasure of killing powerful enemies.

So at this time, Elder Jian's body suddenly exuded a faint and terrifying murderous aura that made people feel palpitated, as well as a sharp sword intention.

At this time, Ye Feng sensed the killing intent of the sword elder beside him and couldn't help but smile.

Elder Jian is the top Supreme Elder of the Galaxy Holy Land. He possesses the powerful cultivation level of the Tenth Heavenly Perfection of the Eternal Realm and is tyrannical.

What's more, you must know that Elder Jian is a sword practitioner. The attack power and lethality of a sword practitioner are very terrifying.

"boom!

"

Suddenly at this moment, huge waves of offensive energy suddenly erupted in the starry sky around the floating continent where the entire War City stood below.

At this moment, a sky-blue light shield surrounded the entire war city in the Lunar Star Territory.

The entire floating continent seemed to be wrapped in a huge bubble.

This sudden change immediately caused the entire War City to boil.

"what happened?"

"What's going on! Our entire city seems to be surrounded by a large formation!"

"Enemy attack, enemy attack! This must be the army from Tiannan Star Region lurking here quietly!"

...

At this moment, countless people screamed in surprise throughout the War City.

In this war city in the Taiyin Star Territory, strong men with murderous intent rushed out in an instant.

Behind each of these powerful men were leading countless ordinary warriors and soldiers. They seemed to be the core disciples of the Taiyin Demon Sect.

"Don't panic, they're just a bunch of thieves. As long as I'm here, this city can't be broken!"

Suddenly a majestic voice sounded throughout the city.

boom!

A general filled with powerful fighting spirit, wearing thick black gold armor and holding a sky-opening battle ax, rushed out from the deepest hall of this war city.

His whole body was emitting a deep black light, and there was a third eye between his eyebrows, with red flames surging in it, making him look full of domineering power.

This warrior is exactly what Ye Feng and Elder Jian sensed before.

A super strong man in the ninth level of eternity.

At this time, the general looked around, and the third eye between his eyebrows seemed to be able to see through the dark and deep starry sky. He smiled coldly and said: "It's just a team of tens of thousands from the Tiannan Star Region. Don't panic, just hold on to your position. "

"A strong man from the Taiyin Star Territory, your opponent is me!"

But suddenly at this moment, Elder Jian's voice suddenly spread throughout the War City.

Uh-huh!

The elder swordsman holds a long sword with a wooden texture in his hand. He looks like a young man with sword-shaped eyebrows and starry eyes. His white gown is as white as snow. He looks very elegant and free, and has the unique temperament of a prodigal son of a swordsman.

But Elder Jian is not just handsome at the moment.

The kendo aura on his body was simply earth-shattering. It felt like a huge sword rising from his body, thrusting straight into the sky, almost tearing apart the entire sky.

"The tenth level of eternity!" .??.

The Taiyin Demon Sect's warrior who was high-spirited and confident just now suddenly changed his expression.

The opponent is a strong man in the tenth level of the Eternal Realm, and he is also a powerful swordsman whose main focus is on attack power.

This kind of opponent is absolutely terrifying.

The warrior immediately shouted to the rear: "Six elders and three guardians, all come out and help me fight this powerful swordsman from the Tiannan Star Region!"

The six elders and the third protector should be the six powerful people in the sixth heaven of the eternal realm, and the four powerful people in the third heaven of the eternal realm.

"ah!"

"ah!"

But at this time, two extremely shrill screams suddenly came from the depths of the city.

"Boom!"

A majestic city wall collapsed in the distance, and the warrior immediately saw that there were two protectors of the third level of eternity, who had become

For the corpses, a huge blood hole appeared on their chests, as if they were blasted through their chests by a terrifying brute force, and they were blasted to death.

"What?"

When the generals of the Taiyin Demon Cult saw this scene, their expressions immediately changed.

At this time, Ye Feng's figure in black clothes appeared inside the city, his fists stained with bright red blood.

It was the blood of the two slain Eternal Realm Third Heaven Protectors!

"There is also a young strong man! He is the aura of the fourth level of eternal realm cultivation, but why is his combat power so strong?"

At this moment, the Taiyin Star Territory general who commanded the entire War City immediately darkened his eyes, knowing that this time the opponent was well prepared.

"Who the hell are you?"

The Taiyin Star Territory war general roared, his tone filled with anger and fear.

"boom!"

But what answered him was the terrifying sword light from Elder Jian.

The purpose of Ye Feng and Elder Jian this time is very simple, that is to kill all the high-level combat forces of this war city as quickly as possible. By then, Ren Cangqiong, Chu Wushuang and

others, leading tens of thousands of elites, can kill the entire city. The tens of millions of troops from the Taiyin Star Territory in the War City were crushed and killed.

The death order Ye Feng gave to all the soldiers in the Tiannan Star Region this time was to kill them all without leaving a single person alive.

Because the star field war itself is extremely cruel.

Two different camps will end up fighting each other to the death, regardless of right or wrong.

"kill!"

At this time, Ye Feng roared and continued to rush into the city to kill the remaining elders and protectors of the Taiyin Demon Sect!

Chapter 1412: Ask the common people for news

"Hurry up and resist this boy in black!"

At this time, in the inner area of the war city, several other Eternal Realm powerhouses from the Taiyin Star Region, including the six elders of the Sixth Eternal Realm and the two remaining Eternal Realm Third Heaven protectors who have not yet fallen, all started to rush. He used a powerful killing move to kill Ye Feng.

They were very shocked. They didn't expect that this young man whose cultivation level was no more than the fourth level of the Eternal Realm, and who also came from a first-level star field that was even lower than the Lunar Star Territory, could be so powerful. It was almost like a person from Like the young God of War who came from the ancient times.

"Even in our Taiyin Star Territory, there are rarely existences with such terrifying combat power!"

One of the guardians couldn't help but scream in horror.

"I received a message a few days ago that a supreme elder of our Taiyin Demon Sect, who is also my master 'Shenwen Zhenren', is organizing together with several other supreme elders to fight against a young genius with unparalleled power. That young genius seems to be from the Tiannan Star Territory. What is his name? Ask the common people..."

Another young protector in white spoke up.

boom!

Suddenly, at the moment when the white-clothed protector's voice fell, Ye Feng was filled with overwhelming fighting spirit. He rushed in front of him and shouted: "What did you just say? Your master, the real person with divine patterns, is dealing with the people." ?"

At this moment, Ye Feng's eyes immediately showed a hint of surprise.

Unexpectedly, I accidentally got some clues about Wen Cangsheng, the great enemy.

This white-clothed protector who was confronted by Ye Feng was only a third-level warrior in the Eternal Realm. How could he withstand Ye Feng's terrifying combat power?

He immediately looked fearful and hurriedly replied with a trembling voice: "Yes, I am talking about that person from your Tiannan Star Territory who is fighting for the most precious treasure of an ancient starry sky ruin in our Taiyin Star Territory. We Taiyin Demons A group of supreme elders from the teaching have united together to deal with him and kill him, hahaha, you will never succeed!"

"good."

But what surprised the protector in white clothes was that instead of worrying, Ye Feng showed a cold smile in his eyes, stared at the protector in white clothes, and said: "What are the cultivation levels of the supreme elders of your Taiyin Demon Sect?"

The protector in white said: "Anyway, my master, the real master Shenwen, is a super strong man in the third level of the Dao Realm!"

Ye Feng frowned and said: "The third level of the Dao Realm? Why is it so weak? It is absolutely impossible to kill such a being!"

The white-clothed protector's eyes widened: "You...you are deliberately humiliating me! Ahh! Even if I blow myself up, I will still hit you hard!"

Buzz!

At this moment, a heart-stopping aura of destruction surged out of the body of the protector in white.

That was when he was detonating his Dantian, directly exploding his cultivation and producing huge lethality!

"Just stay still! I have something to ask you later!"

Ye Feng laughed loudly and slapped the white-clothed protector on the head.

boom!

An unparalleled huge power was instantly transmitted from Ye Feng's palm, suppressing and blocking all the skills and power of the white-clothed protector.

Then he directly knocked the guardian in white unconscious and threw him to the side of the war city.

This protector in white holds the information about the common people and has a huge effect on Ye Feng.

Ye Feng knew that for an existence like Wen Cangsheng, several Taiyin Demon Sect's third-level Proving Dao Realm supreme elders could not kill him at all. They might even be killed by Wen Cangsheng, and then let Wen Cangsheng win the starry sky. The treasures of ancient ruins are growing rapidly.

In this case, Ye Feng himself might be in trouble.

"It seems I still need to take action personally."

Ye Feng thought secretly in his heart.

But the most important thing now is to kill all the war cities here.

"kill!"

Ye Feng turned around suddenly and punched out wildly.

His current cultivation level and the powerful Chaos Body were melted together, turning Ye Feng into a humanoid weapon.

Every punch, every palm, every finger is an explosion of majestic brute force that makes people's hearts palpitate.

"Crack!"

The black gold sword, a ninth-grade true god-level magic weapon in the hands of a strong man in the sixth level of the Eternal Realm of the Taiyin Star Region, was directly pierced by Ye Feng's finger, and a finger hole appeared.

"What?!"

This powerful man from the sixth level of the Eternal Realm of the Taiyin Star Territory was immediately stunned when he saw this scene.

"Die!"

Ye Feng gave a cold shout, opened his fingers, and unleashed great brute force. He slapped the head of the sixth-level Eternal Realm powerhouse in front of him into his stomach, killing him instantly.

"continue!"

Ye Feng's eyes were as cold as lightning as he looked at the other Eternal Realm powerhouses.

"Run away!"

"This guy is weird! This guy is scary!"

"We can't resist! We can only pass the message on! Request reinforcements!"

At this moment, several other Eternal Realm experts in the Taiyin Star Territory were so frightened that their souls trembled, and they fled towards the surrounding distance.

"There's no escape!"

Red Demon Dragon Soul Skill!

This is a very powerful half-step god-level inheritance, which is very precious.

At this time, Ye Feng exerted his power, and all of a sudden he turned into a black dragon with a height of tens of thousands of feet in the starry sky, full of boundless power, like a giant beast in the starry sky, which was terrifying.

"Pfft!"

"Pfft!"

"Pfft!"

Ye Feng instantly stretched out one

The huge dragon claws, with three claw tips that were as black as black gold and as sharp as a divine sword, instantly pierced the bodies of the three Eternal Realm experts who escaped.

"ah!"

"ah!"

"ah!"

They immediately let out shrill howls, obviously in extreme pain.

"Three more!"

At this moment, Ye Feng once again stretched out a huge dragon claw, piercing the other three remaining Eternal Realm experts from head to toe in an instant, killing them instantly!

"Too strong....."

In the city of war below, countless soldiers from the Taiyin Star Territory saw this scene, and their hearts were filled with despair.

This young man in black from the Tiannan Star Territory is like the God of Death from the ancient times. His methods are brutal and powerful, and he is simply irresistible.

"ah!!"

At this moment, another earth-shattering scream sounded high in the sky.

Countless people looked up high in the sky and saw the bloody scene of Elder Sword slashing the ninth level warrior general of the Eternal Realm of the Lunar Star Territory into two halves.

"good!"

At this time, Ren Cangqiong, Chu Wushuang, Mu Chen and others all laughed loudly, their voices full of excitement.

"I want to practice!"

Ye Feng asked the sword elder to guard the previous guardian in white, and then he flew to the top starry sky in the entire War City area and began to operate the Devouring Domain.

In front of his own strength, Ye Feng didn't bother to hide it anymore and directly released the Devouring Domain.

"boom!"

Suddenly, a dark and huge swallowing vortex appeared around Ye Feng.

Buzz!

Buzz!

Waves of majestic blood, like a vast ocean, formed the shape of a tornado and quickly gathered towards Ye Feng in the starry sky.

Chapter 1413 Devouring Madly

"Boom boom boom..."

The blood energy as huge as the vast ocean was swallowed up one by one by the swallowing vortex around Ye Feng.

An extremely abundant energy was injected into Ye Feng's body.

In the entire war city below, several Eternal Realm powerhouses died, and thousands of soldiers from the Taiyin Star Territory were killed at any time.

This kind of blood energy generated is really powerful to the extreme.

Even Ye Feng's bottomless pit-like body felt a huge sense of fullness and swelling in an instant.

It was like forcefully injecting energy into every inch of Ye Feng's body, strengthening his flesh and blood meridians and strengthening his bones and spinal cord.

The ultimate royal inheritance of the Gu Clan Kingdom that Ye Feng has now awakened is the "Chaos Heavenly Emperor Technique", which is a very magical inheritance technique.

At this moment, Ye Feng could feel that the deepest things in his life, such as tiny cells, one billion and ninety million cells, were all undergoing silent transformation.

Ye Feng even guessed that at the end of his cultivation, every cell was like a dantian, storing huge amounts of energy.

Then what kind of terrifying destructive power can his every move cause?

It's simply unimaginable!

"boom!"

At this moment, a new and powerful martial arts aura suddenly broke out from Ye Feng's body and spread in all directions.

At this moment, Ye Feng achieved a breakthrough in his cultivation and entered the fifth level of eternity!

"It feels so powerful!"

Ye Feng's eyes were full of bright colors at this time.

Even if he only broke through the first level, he felt that his own strength was undergoing earth-shaking changes.

The Eternal Realm is a very special realm. Even if the difference is only one level, the combat strength is vastly different.

At this time, the fighting in the War City below was still going on.

remove

In addition, the blood and energy of several Eternal Realm experts from the Taiyin Star Region who were killed have not been completely devoured.

"Continue to devour and refine!"

If Ye Feng is crazy, he will continue to increase the area of devourment.

Buzz!

At this moment, the sky above the floating continent where the entire War City stood suddenly became pitch black.

It was like going from day to night.

"Whoosh, whoosh!"

Rivers of blood even gathered together from the ground battlefield in the City of War, rushing into the dark night in the sky.

The entire sky seemed to have turned into the mouth of a starry sky beast, rapidly devouring all the blood and energy on the entire battlefield.

At this moment, Ye Feng is devouring it crazily!

Elder Jian was standing not far away at this time, guarding the guardian in white from the Taiyin Star Territory who knew the news about the common people.

But now he looked up at the sky with unstoppable horror in his eyes.

"It's like a great demon has come to the world. This kind of inheritance is so terrifying..."

Even Elder Jian's eyes showed a trace of horror at this moment.

Obviously, Ye Feng's current state is like the arrival of a legendary demon king.

However, Elder Jian did not say much, because he knew that if the faction formed by him, Elder Yao, Holy Master and others wanted to win and completely control the entire Galaxy Holy Land, they could only rely on Ye Feng, a young genius with unlimited potential. !

"Fortunately, Ye Feng is a person who knows right from wrong. He is friendly to his friends and ruthless to his enemies. He has a clear distinction between right and wrong."

Elder Jian thought to himself and breathed a sigh of relief.

complete

After all, inheritance is not good or bad.

No matter how terrifying the inherited technique is, if it falls into the hands of an upright person, it will be a blessing to the cultivation world.

"kill!"

"kill!"

"..."

At this time, in the war city below, the fighting situation became more and more intense, and warriors and soldiers fell every moment.

And at the moment when these warrior soldiers fell, their bodies quickly shriveled up, and all their blood, energy, and energy were absorbed by the dark devouring vortex in the sky, and were all melted into Ye Feng's body.

"boom!"

"boom!"

Finally, under the injection of that majestic energy, Ye Feng's cultivation level once again broke through two levels in a row. ??

Direct impact and breakthrough to the seventh heaven of eternity!

At this moment, marks of the gods appeared involuntarily around Ye Feng's body. Countless gods were singing the praises of the Lord in them, which looked extremely majestic and sacred.

But Ye Feng quickly restrained the marks of the gods.

Elder Jian had been protecting Ye Feng's practice. At that moment, he saw the majestic sacred light of the marks of the gods, and his eyes suddenly became extremely horrified.

However, Elder Jian didn't dare to say anything more. He always felt that maybe the disciple that their Galaxy Holy Land selected from that small universe back then had a greater background than Qing Cang Sheng.

This kind of thing is too taboo and involves too many things. If you are not careful, you may get involved yourself, so even Elder Jian did not dare to think too much at this time and could only pretend not to see anything. .

At this time, the battle below was finally over.

Ye Feng opened his eyes high in the sky, and there was a divine light flickering in his pupils. There seemed to be endless worlds floating in his pupils, looking very magical.

Ye Feng took back the Devouring Domain, and from high altitude

Stepped down.

He looked at the entire battlefield and ordered: "Everyone, after cleaning up the entire battlefield, gather all the weapons and weapons in the center of this war city. I will be of great use."

Ye Feng awakened his second bloodline talent, which is the "God Clan Glove", which can extract the original attributes of various rare things in the world and strengthen himself.

Therefore, Ye Feng may not be very fond of the countless magic weapons in this war city, but if they are all extracted, they will also have huge attribute power, which can definitely increase the strength of his body!

"Yes, Son of God!"

A group of core elite disciples from the Galaxy Holy Land below all spoke out one after another.

Then everyone quickly started to clean up the battlefield and piled the collected magic weapons, soldiers and armors in the central area of the entire War City.

A "weapon mountain" is slowly taking shape.

At this time, Ye Feng landed from high altitude.

He walked straight to the previous white-clothed protector from the Taiyin Star Territory.

At this time, the guardian in white clothes was in a coma.

"Snapped!"

Elder Jian knew that Ye Feng wanted to ask questions, so he slapped the white-clothed protector directly.

"ah!"

The protector in white was immediately awakened by the pain.

At this time, he looked at the withered bones all over the city, and even the powerful Eternal Realm Nine Heavens Warrior they were following had their bodies shriveled up and turned into withered bones.

The city was filled with withered bones. This horrifying sight immediately broke down the psychological defense of the guardian in white.

His eyes immediately became dull and he murmured: "It's over, everything is over."

At this time, Ye Feng stretched out a hand and pinched the white-clothed protector's neck. His eyes were indifferent and he said: "Tell me everything you know about asking the common people, and maybe I can spare your life."

Chapter 1414 Never allowed

The moment Ye Feng finished speaking, the guardian in white in front of him seemed to have grasped the last straw and said quickly: "As long as you spare my life, I will tell you everything I know!"

Ye Feng nodded slightly and said, "Go on, don't waste my time."

The white-clothed protector immediately spoke out: "One year ago, when your Tiannan Star Region was not the enemy of our Taiyin Star Region, the Galaxy Ancestor of your Tiannan Star Region's Galaxy Holy Land once came to our Taiyin Star Region. I taught you once and exchanged an extremely precious treasure for the news of an ancient ruin in the starry sky in our Lunar Star Territory."

Hearing this, Ye Feng's eyes suddenly darkened and he said, "I wonder if the ancient ruins in the starry sky that the people are exploring and plundering were obtained by the ancestors of Galaxy in exchange for precious treasures?"

The white-clothed protector immediately nodded and said: "Yes, the person who negotiated at that time was my master, the 'Shenwen Zhenren', so I knew it very well. I was standing behind my master at the time. The news about the ruins brought out the Galaxy Holy Mirror, the most important treasure of the Galaxy Holy Land."

"Galaxy Holy Mirror?"

Elder Jian couldn't help but change his eyes at the side, and said angrily: "How can he do this, ancestor? The Holy Mirror of the Galaxy is a sixth-grade Taoist-level magic weapon that surpasses the true god level. It is the most important treasure of our Galaxy Holy Land, and he actually took it. I went to exchange for information about the ancient ruins in the starry sky, just to give the

common people an opportunity to plunder fortune and improve their strength! I guess the Holy Master doesn't even know about this, otherwise he would definitely not agree to it."

Ye Feng said coldly at this moment: "So what if the Holy Lord disagrees? The ancestor of Xinghe is a super strong man in the seventh level of the Proving Dao Realm. In front of the ancestor of Xinghe, the Holy Lord is also a junior and a weak one. He has no decision at all. right."

At this time, Ye Feng's heart was cold. He did not expect that the ancestor of Galaxy would be so fond of asking the common people that he would not hesitate to hand over all the treasures that were the foundation of Galaxy Holy Land.

This really chilled the hearts of his disciples.

Ye Feng felt a little chilled at this moment.

"Ancestor Xinghe..."

Ye Feng murmured, with a cold tone, and said: "Since the ancestor of Xinghe so hopes that Wen Cangsheng can obtain the treasure of the ancient starry sky ruins in the Taiyin Star Region, then I will go against his wish and prevent Wen Cangsheng from obtaining the ancient starry sky ruins. I will never allow this!"

Never allowed!

At this time, Ye Feng's tone was full of coldness and determination.

At this moment, the temperature of the surrounding air dropped a lot and became cold.

At this time, Ye Feng stared at the guardian in white in front of him and said, "Tell me where the ancient ruins in the starry sky are."

When Elder Jian heard this, he immediately couldn't help but said: "Ye Feng, are you going to stop asking the people?"

Ye Feng nodded and said: "Wen Cangsheng is a very powerful person. He is also a man of great luck and has countless tricks. Even if several supreme elders from the Taiyin Demon Sect who are at the third level of the Dao Realm join forces to deal with Wen Cangsheng, It is estimated that Wen Cangsheng will still not be defeated, and may even survive and become stronger."

Ye Feng said at this time, feeling that Wen Cangsheng was the same type of person as himself, with great luck and countless means, and could always survive in desperate situations.

So this time, Ye Feng had a strong will in his heart to personally stop Wen Cangsheng from obtaining the opportunity, otherwise everything would be over when Wen Cangsheng became stronger.

"I have to go on this trip!"

Ye Feng stares at

He looked at the white-clothed protector in front of him and said, "Tell me your name and all the behaviors of your master, Shenwen Zhenren. I will disguise myself as you and go to the ancient ruins in the starry sky!"

Elder Jian said at this time: "Ye Feng, I will go with you."

"Need not."

Ye Feng shook his head and said: "It's best for me to go alone for this trip. Disguising myself as the white-clothed protector of the Taiyin Demon Sect will make my movements very convenient. I can even sneak into the Taiyin Demon Sect's team and take action at the right time. Elder Sword, you are now There is a more important task, which is to lead other elite soldiers to continue to conquer this territory of the Lunar Star Territory, and use space treasures to collect battlefield blood and various weapons for me, which I need very much. "

When Elder Jian heard this, he could only nod his head and said, "Okay, then be careful."

Ye Feng smiled and said: "I will do this in secret, and I will ask the people in the light. There will be no problems."

At this time, Ye Feng directly grabbed the white-clothed protector of the Taiyin Star Territory beside him and came to the central area of the War City.

The central area was now filled with a "mountain of weapons."

Ye Feng activated his bloodline talent, and a metal glove emitting nine-colored divine light immediately appeared on his palm.

It's the second bloodline talent, the God Clan Gloves!

As long as you wear the God Clan gloves and touch all things, you can extract the original attributes contained in all things.

"Buzz!"

Ye Feng was wearing the God Clan gloves at the moment and directly touched the huge 'weapon mountain'.

Visible to everyone's naked eyes, the ferocious weapons on the battlefield began to soften at this time, and even turned into molten iron, dripping onto the ground.

It's like being drained of all the weapons' origins.

"Toughness attribute extraction!"

"Extraction of metal properties!"

"Extraction of evil spirit attributes!"

"Extracting the attributes of the soldier soul!"

"..."

At this moment, a stream of attribute power was quickly extracted from the God Clan's gloves and integrated into Ye Feng's body, wildly increasing the strength of his body.

In the process, Ye Feng spoke up and said to the dumbfounded guardian in white: "I'm practicing while you're talking, don't waste time."

The guardian in white clothes nodded tremblingly and began to speak: "My name is Yuan Jiankong. I have a cultivation level of the third level of the eternal realm. I am a guardian of the Taiyin Demon Sect. My master is called the 'Taoist Divine Pattern'. I am a cultivator of the gods. The art of patterning, a divine pattern pen, can depict the general trend of the world and burst out vast power. It has the cultivation strength of the third level of the Dao Realm. He is a supreme elder of the Taiyin Demon Sect. This time, my master and The other two supreme elders of the Taiyin Demon Sect joined forces and went to stop Wen Cangsheng. The two supreme elders were Master Flame and Master Bingpo respectively. They were a pair of brothers and sisters, possessing powerful cultivation skills at the fourth level of the Dao Realm. for....."

At this moment, the protector in white named Yuan Jiankong knew that Wen Cangsheng was the enemy of the young man in black in front of him. In order to save his life, he naturally told everything he knew.

Ye Feng was extracting the power of attributes while listening to Yuan Jiankong's story. He listened very carefully and refused to miss any detail.

Because Ye Feng's next plan is to disguise himself as the white-clothed protector Yuan Jiankong in front of him, mix into the team of Shenwen Taoist and two other Supreme Elders, and prevent Wen Cangsheng from seizing the treasures in the ancient ruins of the starry sky. The moment Ye Feng finished speaking, the guardian in white in front of him seemed to have grasped the last straw and said quickly: "As long as you spare my life, I will tell you everything I know!"

Ye Feng nodded slightly and said, "Go on, don't waste my time."

The white-clothed protector immediately spoke out: "One year ago, when your Tiannan Star Region was not the enemy of our Taiyin Star Region, the Galaxy Ancestor of your Tiannan Star Region's Galaxy Holy Land once came to our Taiyin Star Region. Elder Sword, you are now There is a more important task, which is to lead other elite soldiers to continue to conquer this territory of the Lunar Star Territory, and use space treasures to collect battlefield blood and various weapons for me, which I need very much. "

When Elder Jian heard this, he could only nod his head and said, "Okay, then be careful."

Ye Feng smiled and said: "I will do this in secret, and I will ask the people in the light. There will be no problems."

At this time, Ye Feng directly grabbed the white-clothed protector of the Taiyin Star Territory beside him and came to the central area of the War City.

The central area was now filled with a "mountain of weapons."

Ye Feng activated his bloodline talent, and a metal glove emitting nine-colored divine light immediately appeared on his palm.

It's the second bloodline talent, the God Clan Gloves!

As long as you wear the gods' gloves and touch all things, you can extract the original attributes contained in all things.

"Buzz!"

Ye Feng was wearing the God Clan gloves at the moment and directly touched the huge 'weapon mountain'.

Visible to everyone's naked eyes, the ferocious weapons on the battlefield began to soften at this time, and even turned into molten iron, dripping onto the ground.

It's like being drained of all the weapons' origins.

"Toughness attribute extraction!"

"Extraction of metal properties!"

"Extraction of evil spirit attributes!"

"Extracting the attributes of the soldier soul!"

"..."

At this moment, a stream of attribute power was quickly extracted from the God Clan's gloves and integrated into Ye Feng's body, wildly increasing the strength of his body.

In the process, Ye Feng spoke up and said to the dumbfounded guardian in white: "I'm practicing while you're talking, don't waste time."

The guardian in white clothes nodded tremblingly and began to speak: "My name is Yuan Jiankong. I have the cultivation of the third level of the eternal realm. I am a guardian of the Taiyin Demon Sect. My master is known as the 'Taoist Divine Pattern'. I am a cultivator of the gods." The art of patterning, a divine pattern pen, can depict the general trend of the world and burst out vast power. It has the cultivation strength of the third level of the Dao Realm. He is a supreme elder of the Taiyin Demon Sect. This time, my master and The other two supreme elders of the Taiyin Demon Sect joined forces and went to stop Wen Cangsheng. The two supreme elders were Master Flame and Master Bingpo respectively. They were a pair of brothers and sisters, possessing powerful cultivation skills at the fourth level of the Dao Realm. for....."

At this moment, the protector in white named Yuan Jiankong knew that Wen Cangsheng was the enemy of the young man in black in front of him. In order to save his life, he naturally told everything he knew.

Ye Feng was extracting the power of attributes while listening to Yuan Jiankong's story very carefully, not wanting to miss any detail.

Because Ye Feng's next plan is to disguise himself as the white-clothed protector Yuan Jiankong in front of him, mix into the team of Shenwen Taoist and two other Supreme Elders, and prevent Wen Cangsheng from seizing the treasures in the ancient ruins of the starry sky.

Chapter 1415 Disguising Yuan Jiankong

Three days later, Ye Feng extracted the entire "Weapon Mountain", and his body strength suddenly increased significantly.

Although those weapons and magic weapons are all used by ordinary soldiers, there are very few advanced weapons and magic weapons.

But you must know that this war city in the Taiyin Star Territory has tens of millions of soldiers.

Even if it is an ordinary weapon or magic weapon, the number of tens of millions is still very terrifying and majestic.

Therefore, Ye Feng's body strength finally increased from the third level in the late stage of the second heaven of the Chaos Body to the ninth level in the later stage!

We are about to enter the Great Completion Stage of the Second Heaven!

This speed of improvement is already very fast.

"When I reach the third level of the Chaos Emperor Art, I will be able to awaken a heaven-defying bloodline talent. I wonder what it will be?"

Ye Feng thought secretly in his heart.

Then he looked at the white-clothed protector Yuan Jiankong in front of him and said: "You tell me everything, and I will naturally keep my promise not to kill you, but I will not let you go, and you will become me Be a war slave of my forces, work hard and contribute to my forces. "

"What?"

When the white-clothed protector Yuan Jiankong heard what Ye Feng said, his expression immediately changed. It seemed that he did not expect that Ye Feng's tricks were so deep. Although

he was not killed, he was made to work as a slave to do hard work. This was even more uncomfortable than killing him. .

Ye Feng stared at Yuan Jiankong for a moment, with a trace of terrifying murderous intent in his eyes, and said: "Huh? Are you going to disobey my decision?"

Yuan Jiankong's expression immediately changed, and he said in a panic: "Don't you dare! It's my honor to serve your Lord's army."

Yuan Jiankong accepted his fate at this time. He knew that this terrifying young man in black might really be able to conquer the entire Taiyin Star Territory.

In front of such a scary person, it is better to be honest.

Ye Feng nodded, looked at Elder Jian not far away, and said: "Elder Jian, I leave this Yuan Jiankong to you. A strong man from the third level of eternity, he is considered the best among the best in our army. , you can ask him to provide his skills in the war fortress, the skills of the Eternal Realm powerhouse are very strong. "

Elder Jian smiled slightly and said: "Ye Feng, don't worry, I am very skilled in dealing with prisoners of war. I will definitely tame this Yuan Jiankong into an obedient one."

At this time, Elder Jian looked at the white-clothed protector Yuan Jiankong, and Yuan Jiankong couldn't help but tremble.

Ye Feng nodded slightly and said: "Elder Jian, everything here will be left to you. We will make two preparations. You will collect battlefield blood and weapons and magic weapons for me. I will stop and ask the people."

"good."

Elder Jian immediately promised: "When you return, I will definitely give you the vitality and energy of ten war cities and billions of weapons and magic weapons."

Ye Feng's eyes lit up, and then he patted Elder Jian's shoulder, jumped directly into the sky, and then rushed towards a certain direction in the starry sky.

In the boundless icy starry sky, Ye Feng used a disguise technique and transformed into the appearance and body shape of Yuan Jiankong, the protector of the Taiyin Demon Cult.

In addition, Ye Feng shattered the black clothes on his body and put on a long gown with white clothes and snow.

Moreover, Ye Feng also found Yuan Jiankong's inheritance of skills from Yuan Jiankong, which is called "Chengfeng Sword Technique".

It turned out to be a half-step god-level inheritance, the same level as Ye Feng's own Red Demon Dragon Soul Skill.

It can be said that the inheritance of Yuan Jiankong is still very powerful, and he is worthy of having a supreme elder as his master, who is extremely rich.

In addition, Yuan Jiankong's natal magic weapon for practicing Chengfeng Swordsmanship, a total of eighty-one golden magic weapon long swords, was also brought by Ye Feng.

Since you want to disguise yourself as Yuan Jiankong, you must consider all aspects, otherwise your identity will be discovered easily.

Buzz!

At this time, Ye Feng stretched out a hand, and a small golden sword immediately appeared on the palm of his hand.

This golden sword is the natal magic weapon refined by Yuan Jiankong's practice of Chengfeng Sword Controlling Technique, one of the ninety-nine and eighty-one magic weapon long swords.

"Crack!"

At this time, the golden sword in Ye Feng's hand was not made of metal, but made of golden spiritual wood. Golden lightning flashed on the surface of the sword, which seemed to be extremely destructive.

According to Yuan Jiankong, these ninety-nine and eighty-one natal magic swords are all made of an extremely rare spiritual wood. That spiritual wood is a kind of bamboo as tough as iron, called "Golden Lightning". Thunder Bamboo".

The magic weapon sword made of this kind of golden thunder bamboo is not only as hard as steel, but also can erupt with golden lightning when it is released against the enemy, with huge power.

This was originally a very powerful combination of inheritance and magic weapon, but Yuan Jiankong was too unlucky to encounter a chaotic body like Ye Feng, which was invulnerable to water, fire, thunder and lightning, and could only be beaten.

At this time, Ye Feng was rushing on the road, recalling everything Yuan Jiakong had told him before, including Yuan Jiakong's inheritance of skills, the use of magic weapons, etc., which he needed to become proficient in quickly.

Fortunately, Ye Feng had a soul gem among the gems of the gods in his mind, which made his understanding astonishing and demonic, so Ye Feng quickly became familiar with everything, and the rest could only be dictated by the wind.

At this moment, Ye Feng had a huge golden sword under his feet, golden thunder surging, and he was flying with the sword.

He was dressed in white and handsome, and his aura was that of eternity. He looked quite dashing.

At this time, he had already successfully disguised himself and became Yuan Jiankong!

Yuan Jiankong is actually not weak. Even in a second-level star domain like the Taiyin Star Domain, a strong person in the third level of the Eternal Realm is definitely a master among masters, not a bad person.

In order to disguise himself as Yuan Jiankong, Ye Feng also suppressed his original cultivation level of the seventh level of eternal realm to the third level of eternal realm.

Finally, in the early morning of the third day, Ye Feng arrived at the center of the Lunar Star Territory.

On the way, Ye Feng met many patrolling experts from the Taiyin Demon Sect, but they all relied on Yuan Jiankong's identity and token to successfully pass through layers of obstacles and reach the central area at this time.

After all, ordinary people would not carefully investigate the powerful people in the Eternal Realm. They are like big shot beings.

At this time, in front of Ye Feng, in the boundless starry sky, stood countless densely packed huge buildings, including palaces, pavilions, war cities, huge steel fortresses, and floating continents and planets, surrounded by a magnificent The formations were refined together, and the masses gathered together to form a majestic architectural wonder of the starry sky.

Here is the core of the Taiyin Star Territory, the headquarters of the Taiyin Demon Sect! Three days later, Ye Feng extracted the entire "Weapon Mountain", and his body strength suddenly increased significantly.

Yuan Jiankong's expression immediately changed, and he said in a panic: "Don't you dare! It's my honor to serve your Lord's army."

Yuan Jiancong accepted his fate at this time. He knew that this terrifying young man in black might really be able to conquer the entire Taiyin Star Territory.

In front of such a scary person, it is better to be honest.

Ye Feng nodded, looked at Elder Jian not far away, and said: "Elder Jian, I leave this Yuan Jiankong to you. The magical long sword made of this kind of golden thunder bamboo is not only as hard as steel, but also can erupt with golden lightning when it is released against the enemy, with great power.

This was originally a very powerful combination of inheritance and magic weapon, but Yuan Jiankong was too unlucky to encounter a chaotic body like Ye Feng, which was invulnerable to water, fire, thunder and lightning, and could only be beaten.

Here is the core of the Taiyin Star Territory, the headquarters of the Taiyin Demon Sect!

Chapter 1416 The initial goal is achieved

Ye Feng looked at the majestic buildings in front of him. They were majestic and vast, giving people a deep sense of suffocation.

In addition, at this moment, Ye Feng also sensed a lot of terrifying auras through his powerful soul power that made him tremble with fear.

That must be the most powerful person in the Taiyin Demon Cult!

Although the Taiyin Demon Sect is now severely damaged due to a restricted life zone, most of the elite masters in the Demon Sect have been killed or injured.

But after all, a emaciated camel is bigger than a horse.

This giant force in the second-level star field still has an extremely terrifying background.

"That seems to be the aura of the most powerful person in the Pure Yang Realm who has surpassed the Realm of Enlightenment..."

Ye Feng thought to himself, then took a deep breath and entered the huge and continuous starry sky building complex in front of him.

According to the memory route that Yuan Jiakong told him before, Ye Feng quickly found the residence of Yuan Jiakong's master, the real person Shenwen, in the Taiyin Demon Sect's base camp.

This is a small building like a Taoist temple. It is made of bluestone and looks very ordinary.

But among them, there lives a super powerful being, a peerless strongman who transcends the eternal realm and reaches the third level of the Dao Realm, the Divine Mark Master!

Moreover, the real divine pattern master is an extremely rare divine pattern master, one level higher than the spiritual pattern master.

What the spirit pattern master can trace are some of the most basic spirit pattern veins between heaven and earth.

Divine Pattern Masters are at another lofty level. With every move they make, they can capture the special powerful patterns called "Divine Patterns" in the universe, bursting out terrifying and boundless power.

Shenwen Zhenren is such a very powerful existence.

Ye Feng walked to the door of this small gym and took a deep breath in his heart, "I hope my identity will not be discovered, otherwise I will be in trouble."

After chanting silently, Ye Feng stepped into the small gym.

The moment he entered the gym, Ye Feng's vision suddenly became clear.

From the outside, the gymnasium is just a small building.

But the moment he stepped inside the gym, the entire interior space of the gym suddenly expanded infinitely.

Ye Feng felt as if he was in an extremely grand place at this moment.

In the main hall, directly above the main hall, stands a huge statue, which seems to be a statue of a god.

"Disciple, why are you back? Weren't you ordered to guard a war city on the frontline battlefield?"

Suddenly at this moment, an old voice sounded.

Ye Feng's eyes flashed and he quickly looked to his side.

From an entrance not far away, an old man in green shirt with an immortal air slowly walked out.

This old man in green shirt is none other than the real person Shenwen!

Although the old man looks like a fairy, his old eyes are filled with dark magic light. If you look closely, you will see that he is an out-and-out old devil!

Ye Feng hurriedly clasped his fists and said: "Disciple pays homage to Master. The reason why I came back from this trip is because I captured a boy named Ye Feng from the Tiannan Star Region on the frontline battlefield. From Ye Feng's mouth, I learned about it." There is a lot of news about asking the common people, so I came back specially to report it to Master. "

In order to make everything more real, Ye Feng even did not hesitate to tell his original name at this time.

Even if Master Shenwen immediately went to verify whether there was such a person, Ye Feng could still tell the lie perfectly.

Master Shenwen did not doubt the identity of his disciple "Yuan Jiankong" in front of him.

Because the skills Ye Feng cultivates can completely disguise his original skills into energy of any attribute.

The Chaos Heavenly Emperor Art is an advanced version of the Divine Art of Creation, and naturally possesses all the abilities and attributes of the Divine Art of Creation.

At this time, Ye Feng's disguise can be said to be flawless.

Master Shenwen was staring at Ye Feng at this time. He had no suspicion, but said in surprise: "Oh? Disciple Jiankong, you actually found out the relevant news about asking Cang Sheng?"

Ye Feng immediately said: "Yes, I already know that person who asked the people. He is the descendant of an ancestral dragon from the ancient dragon world in our human territory. He is a half-dragon, but he inherits the ancestral dragon and the human race. He has great luck and is very difficult to kill, and the techniques he practices also come from the 'Dragon Soul Emperor' of the ancient dragon world.

"Gong', Master and the two other uncles who are traveling with us must be well prepared. If it doesn't work, bring more people." "

At this time, Ye Feng told everything he knew, in order to arouse the vigilance of Master Shenwen and prevent him from despising the common people.

Sure enough, the moment Ye Feng's words fell, Master Shenwen was immediately shocked and said: "That person who asked the common people is actually the descendant of an ancestral dragon in the ancient dragon world? No wonder he has such a heaven-defying qualification, and also has Such great luck has even made the Galaxy Ancestor of the Galaxy Holy Land not hesitate to use the Galaxy Holy Land's ancestral treasure 'Galaxy Holy Mirror' in exchange for the news of an ancient starry sky relic treasure in our Lunar Star Region. It seems that the Galaxy Ancestor , It's not because I prefer to ask the people, but because I want to please the people!"

At this time, Master Shenwen spoke, with a hint of exclamation in his tone, without the previous casualness.

Originally, Master Shenwen felt that if he brought the other two Supreme Elders and three Supreme Elders, he would be able to deal with a small Qingsheng, wouldn't it be easy to capture him?

After all, according to the previous understanding of Master Shenwen, even if he is a monster, he is still a young genius, and his cultivation level is only half-step to the realm of enlightenment.

But now that he heard the key news brought by the disciple "Yuan Jiankong" in front of him, Master Shenwen immediately became vigilant.

Asking Cangsheng, this person has such a special identity and must have countless means, which is not comparable to that of ordinary geniuses.

"This is definitely a huge danger!"

Ye Feng spoke out at this time.

Master Shenwen nodded, looked at Ye Feng, and said: "Jiankong, the news you brought is really crucial. I will immediately invite some more Supreme Elders to follow me."

When Ye Feng heard what Master Shenwen said, he immediately felt happy.

My initial goal was finally achieved.

And at the next moment, Master Shenwen suddenly said something that surprised Ye Feng to the extreme.

Master Shenwen took out his identity token, handed it to Ye Feng, and said loudly: "Disciple Jiankong, this time you have mastered the method of asking the common people.

No news, you will follow us to the ancient ruins in the starry sky to deal with the common people. However, your cultivation is too weak, and my master may not have time to protect you by then. Therefore, you take your master's token and go to our demons. Teach the guardian of the treasure

house to let you use the Galaxy Sacred Mirror in the treasure house. It is the treasure of a giant in the Tiannan Star Region. It is a Taoist-level magic weapon that surpasses the true god level, and it is still a sixth-grade Taoist-level magic weapon. The powerful magic weapon is considered an extremely powerful treasure even in our Lunar Star Territory. "

"Galaxy Holy Mirror?"

Ye Feng's eyes instantly showed ecstasy.

He even wanted to laugh in his heart.

Unexpectedly, the ancestral treasure of the Galaxy Holy Land given by the Galaxy Ancestor would go round and round and finally end up in his own hands.

Ye Feng took the identity token of Master Shenwen and immediately clasped his fists in surprise: "Thank you, Master, for the reward!"

Master Shenwen smiled slightly and said: "Jiankong, you're welcome. This time you brought me crucial news. This is what you deserve. This time you used a treasure like the Galaxy Sacred Mirror to help us deal with it." Then ask Cang Sheng. By the way, the information you mentioned before came from a boy named Ye Feng who was captured by you. As for the others, bring them over directly and let the master use torture to interrogate him. Maybe he can also ask more. Something of value."

Ye Feng couldn't help but feel something in his heart when he heard what Master Shenwen said, and immediately said: "Master, that Ye Feng from the Tiannan Star Territory is just a loser. He is very timid. After being captured by me, he was tortured. During the interrogation, I only had time to tell some information about asking the people, but I was scared to death. I had already thrown Ye Feng's body out to feed the dogs. "

Hearing this, Master Shenwen couldn't help but nodded and said: "Well, that's a pity, but it's normal. After all, the torture technique you mastered, my disciple, was learned from your master. You can treat a low-level star. It's normal for the good-for-nothing boy in the domain to be scared to death."

After saying that, Master Shenwen walked towards the distance, and the last voice came: "Master, please invite some other Supreme Elders to go together to deal with the common people. Disciple Jiankong, hurry up and go to the treasure house to get the Galaxy." Holy Mirror, we have limited time and we have to leave tomorrow."

Chapter 1417 The Tenth Devil

The sacred treasure of the Galaxy Holy Land, the Galaxy Sacred Mirror, is a sixth-grade Taoist god-level magic weapon with very powerful power.

You know, Ye Feng's whole body now doesn't even have the lowest level of first-grade Taoist god-level weapons and magic weapons.

The only high-end one may be the ninety-nine and eighty-one half-step god-level magic weapon long swords forged from the golden thunder bamboo that was just looted from Yuan Jiankong.

Ye Feng has not integrated these special magic swords into his invincible sword domain for the time being.

Because if these special magic swords made of golden lightning bamboo are integrated into the Invincible Sword Domain, the true power of the wind-riding swordsmanship will not be released.

Ye Feng is ready to wait a little longer. Now he still needs to specialize in the art of flying swords to be able to unleash the strongest power.

Moreover, if you get the Galaxy Sacred Mirror this time, it will definitely increase your combat power.

Soon, Ye Feng came to the entrance of the Taiyin Demon Cult's treasure house.

Here, he saw a burly old man.

This old man was more than ten meters tall. He definitely had the blood of the ancient giant spirit god, which is why he was so tall and majestic.

Ye Feng stepped forward, clasped his fists at the old man and said: "Greetings to the guardian, this is the identity token of my master Shenwen Zhenren. I need you, guardian, to help me get the magic weapon of the Galaxy Holy Mirror from the treasure house. Take it out, I want to use it."

The tall giant spirit god-like guardian looked at the token at this moment, nodded slightly, and said: "Okay, this is the token of Master Shenwen. I will get it for you."

With that said, the guardian turned around and prepared to enter the treasure house to retrieve the treasure.

"etc."

But suddenly at this moment, an inappropriate voice suddenly sounded.

Suddenly, a young man wearing a black gown came not far away.

This person's name is Zhu Qingshan, and he is one of the top ten demons of the Taiyin Demon Sect, ranking tenth.

Even though he is ranked tenth, among the powerful forces of a second-level star field,

The tenth devil is very terrifying when you think about it.

"See Mako."

The tall guardian of the treasure house immediately clasped his fists respectfully and shouted.

Obviously, the top ten devils of the Taiyin Demon Sect, even the tenth devil with the lowest ranking, are extremely precious, and their status in the demon sect is very high.

Zhu Qingshan walked over slowly, stared at Ye Feng with a sneer on his face, and said: "Yuan Jiakong, I didn't expect that you didn't die on the front line of the battlefield and came back again."

Ye Feng stared at the tenth devil, secretly guessing that Yuan Jiakong might have a grudge against the tenth devil.

Although this has nothing to do with him, Ye Feng is currently pretending to be Yuan Jiankong.

If this tenth devil wants to meddle in other people's business, he will block Ye Feng's financial path, and Ye Feng will naturally not agree.

At this moment, Ye Feng looked at Zhu Qingshan and said in a deep voice: "Your Highness, Demon Son, this matter is an order from my master, Divine Mark. Do you want to go against my master, Divine Mark?"

Although the Zhu Qingshan in front of him is the tenth devil, he is still a younger generation in the Taiyin Demon Sect. He will definitely not be too arrogant in front of an elder like Master Shenwen.

Sure enough, after Ye Feng told the name of the real person with divine patterns, Zhu Qingshan, the tenth devil's face, originally sneered, immediately turned a little ugly.

Zhu Qingshan immediately snorted coldly and said: "Yuan Jiankong, don't just rely on yourself as the disciple of Shenwen Zhenren to act arrogantly in front of me. You must know that you are just an ordinary core disciple, and I am the devil." !"

Ye Feng's eyes turned cold and he said: "I call you Devil to give you face, don't stand in my way, get out!"

boom!

Almost at this moment, Ye Feng's body suddenly surged with a huge and incomparable force.

The momentum beside him instantly shook Zhu Qingshan back a dozen steps.

"What?"

Zhu Qingshan's eyes suddenly became horrified, and he said: "I have already entered the sixth level of the eternal realm. How could you knock me backwards with just your momentum?"

Ye Feng said: "So, don't block my way."

At this time, Ye Feng looked at the guardian, his tone was no longer polite, and said: "Guardian, hurry up and take out the Galaxy Holy Mirror from the treasure house!"

Ye Feng understood at this time that in a place like Taiyin Demon Sect, as long as he did not reveal his identity and used the identity of Yuan Jiankong, he needed to be strong when he should be strong, otherwise he would be bullied by others and ridiculed by others.

At this time, the guardian immediately ran towards the treasure house, obviously to get the Galaxy Sacred Mirror for Ye Feng.

At this time, Zhu Qingshan, the tenth devil, looked ugly, stared at Ye Feng, and said: "Yuan Jiankong, it seems that you have received huge opportunities from the front-line battlefield, and you have improved so much, but don't be too happy. Too early, the Holy Mirror of the Galaxy is a treasure belonging to our entire Taiyin Demon Sect, and now that you are using it at will, does Master Shenwen really regard himself as the controller of the Taiyin Demon Sect? "

Ye Feng smiled slightly and said: "If you want to know this, you can ask my master Shenwen yourself in person, just don't bother me."

Ye Feng's words were very arrogant at this time, but he didn't care.

Because he was just pretending to be Yuan Jiankong temporarily, after following the Shenwen Zhenren to stop asking the common people this time, everything about the Taiyin Demon Sect would be none of his business.

It doesn't matter no matter how many people he offends, anyway, what Ye Feng wants most now is to quickly get the most precious treasure, the Holy Mirror of the Galaxy.

Zhu Qingshan's eyes were extremely gloomy. He wanted to say something angrily, but he thought of Ye Feng's terrible strength before, so he had to give up.

After he snorted coldly, he stepped directly

and walked away.

And Ye Feng also sneered and didn't say much.

Soon, the guardian had taken out the Galaxy Holy Mirror.

At this time, he had a space jade box in his hand and said, "The power of the Galaxy Holy Mirror is too terrifying, and the energy is too huge. The storage spirit ring cannot be loaded. It can only be stored in this space jade box made of special cold jade."

At this time, the guardian said, and handed the space jade box to Ye Feng.

Ye Feng nodded slightly, opened the space jade box on the spot, and immediately saw the space inside. A mirror emitting a thousand-foot-high galaxy divine light was floating in the space. It seemed to be made of the most exquisite galaxy holy iron in the world, surging with a palpitating breath.

"Wow!"

Ye Feng swallowed the Galaxy Holy Mirror in one gulp, and directly operated the domineering chaos power in his body to begin refining the Galaxy Holy Mirror.

Perhaps the intention of the Divine Pattern Master was to let Ye Feng use the Holy Galaxy Mirror for a short period of time.

But now that it is in Ye Feng's hands, there is no reason to send it back.

Seeing Ye Feng swallow the Holy Galaxy Mirror and refine it, the guardian was shocked, but he didn't say much.

At this time, Ye Feng walked towards his residence according to the memory map that Yuan Jiankong had drawn for him before.

After a night's rest, it would be time to set off tomorrow.

However, just when Ye Feng arrived at Yuan Jiankong's residence, a terrifying murderous aura suddenly attacked from a building nearby.

"Swish!"

It was a man in black, with his entire head covered and his face could not be seen clearly.

But Ye Feng suddenly sensed the cultivation aura of the masked man in black, which was the aura of the Tenth Demon Son Zhu Qingshan before!

"Stubborn!"

Ye Feng's eyes were filled with murderous intent.

Chapter 1418 The newly joined strong man

"It seems that Yuan Jiankong has a deep grudge with this tenth devil. He has actually ambushed me at my residence and wants to assassinate me directly?"

Ye Feng suddenly had this idea in his mind.

If it was the original Yuan Jiankong, he might have been assassinated by this tenth devil.

But Ye Feng is a fellow soul martial artist, and his perception is far beyond that of ordinary people.

The moment the Tenth Devil took action, his murderous murderous intent was directly sensed.

"Get out of here!"

Ye Feng did not use his own methods at this time, but directly used the wind-riding sword technique.

Uh-huh!

Uh-huh!

Uh-huh!

In an instant, a magic sword with golden thunder rushed out from Ye Feng's body, like sharp-edged arrows, instantly repelling the black-clothed masked man who was assassinating him. A dozen steps.

"Click, click!"

Even the sword in the hand of the masked man in black was shattered inch by inch.

It has to be said that Yuan Jiankong's natal inheritance is still very powerful.

When displayed in Ye Feng's hands, it is even more powerful!

"Chengfeng swordsmanship? You are really Yuan Jiankong!"

The masked man in black suddenly lifted his mask, it was Zhu Qingshan, the tenth devil.

His eyes were very ugly and he said: "You had such a powerful cultivation before. I thought it was another strong person pretending to be you, because I know that you are just a waste, a cowardly waste! I didn't expect that you are now Really changed, completely transformed."

The sword-controlling technique of Chengfeng and the magic sword made of golden lightning and thunder bamboo dispelled the doubts in Zhu Qingshan's heart.

At this time, Ye Feng felt something in his heart. It seemed that this tenth devil was not a stupid person, but an extremely clear-minded person. He even instantly doubted his identity due to the powerful aura he had erupted before.

Fortunately, I was well-prepared and had learned Yuan Jiankong's inheritance of skills and weapons with great proficiency.

This dispelled Zhu Qingshan's suspicion.

But Ye Feng

His eyes were extremely cold at that moment.

Because he was afraid that Zhu Qingshan would go out and talk nonsense.

An icy cold killing intent emanated from Ye Feng's body in an instant.

But Zhu Qingshan did not notice Ye Feng's change at this time. He just smiled and shook his head and said: "I didn't expect that Yuan Jiakong, my defeated general back then, would now become so powerful on the frontline battlefield. , Sure enough, a place of blood and fire like the battlefield can greatly sharpen the strength and mental will of a warrior. It seems that I also need to go to the frontline battlefield to hone my skills. "

With that said, Zhu Qingshan turned around and prepared to leave.

"Pfft!"

But suddenly at this moment, a steel-like hand suddenly pierced Zhu Qingshan's entire back and stretched out directly from the front of his body. The hand was stained with blood.

"What? You..."

Zhu Qingshan's face suddenly became painful and shocked to the extreme.

He turned his head with difficulty, looked at "Yuan Jiankong" behind him, and said: "You...you killed me? It was just a small conflict between us, but you actually..."

"I'm not Yuan Jiankong."

Ye Feng suddenly spoke up, causing Zhu Qingshan, the tenth devil, to suddenly widen his pupils.

Ye Feng continued: "Although you tested me just now and dispelled your suspicions, after all, you have had doubts, so I don't trust you to continue to live, so I can only send you to die. "

Poof!

The moment Ye Feng finished speaking, before the tenth demon Zhu Qingshan could say anything, he was torn in half, and then Ye Feng directly devoured all his skills and blood energy.

Later, Ye Feng released the Dragon Spirit Holy Fire, burning Zhu Qingshan's shriveled skeleton directly to ashes.

"If I send you on your way with the holy fire, you will deserve to die."

Ye Feng murmured and then walked directly into his residence.

It can only be said that Zhu Qingshan, the tenth demon son of the Taiyin Demon Sect, is really unlucky, and his cleverness was misled by his cleverness.

But maybe Zhu Qingshan felt that even if Yuan Jiankong was disguised by another strong person, he was at most a little stronger than himself, so he could always escape.

But what Zhu Qingshan probably never expected was that Ye Feng, who was disguised as Yuan Jiankong, was extremely powerful and killed him, the tenth devil, in just an instant.

After returning to his residence, Ye Feng wasted no time, running the Chaos Power like crazy and quickly refining the Galaxy Holy Mirror in his body.

In the next journey to stop and ask the common people, Ye Feng knew very well that the Galaxy Holy Mirror, the most precious treasure of the Galaxy Holy Land, was very important to him and would be his strongest trump card.

The night passed quickly.

By the time dawn came, Ye Feng had already stayed up late and almost successfully refined the Galaxy Holy Mirror.

With the refining of the Holy Mirror of the Galaxy, Ye Feng was also horrified to discover that the Holy Mirror of the Galaxy was indeed a sixth-grade Taoist god-level magic weapon. In this mirror, a mirror made of tens of thousands of small particles was really cast. A galaxy of stars.

Every time it is used, it can instantly release the heavy and majestic power of a galaxy.

Perhaps a galaxy composed of tens of thousands of stars is not that big, but for a human warrior, it is already very terrifying.

Ye Feng quickly walked out of his residence and rushed to the small gym of Shenwen Zhenren.

At this time, several people were already standing at the entrance of the gym.

In addition to Yuan Jiankong's master Divine Pattern, there are four other figures.

There are two figures among them, a man and a woman, exuding the aura of fire and ice. They should be the Flame Master and the Ice Soul Master whom Ye Feng heard Yuan Jiankong mentioned before. They are a pair of biological brothers and sisters, both of whom have the same personality. A powerful cultivation level at the fourth level of the Dao Realm.

In addition to Master Shenwen, Master Flame and Master Bingpo, the two remaining figures are the newly joined powerful Taiyin Demon Sect this time.

These two people

Very mysterious, one is shrouded in black robes, and the other is shrouded in white robes.

At this time, Master Shenwen saw Ye Feng coming and immediately introduced with a smile: "Disciple Jiankong, I would like to introduce to you the two newly joined Supreme Elders, known as 'Black and White Impermanence', who are practicing It is an inherited skill from the most mysterious ghost world in the underworld. It has been practiced in the small soul world of our Taiyin Demon Sect all year round. You have never seen it before. Come and get to know it now. They are all good friends you have made as a teacher over the years. "

Ye Feng immediately stepped forward, clasped his fists at Black and White Wuchang and said, "Junior Yuan Jiankong, I would like to pay my respects to our two martial uncles, Black and White Wuchang."

The two men, black and white, were covered in robes, and it was difficult to see what they looked like.

At this time, a woman's voice came out of Bai Wuchang's white robe, saying: "Master Shenwen, your disciple's soul power fluctuates very much. Is he a soul master?"

When Ye Feng heard this, his heart suddenly trembled.

These people are indeed very powerful beings. Even if they try their best to cover up, some small details will occasionally be exposed.

At this time, Ye Feng immediately said: "Uncle Bai Wuchang, this junior just swallowed a star soul fruit that grew in the starry sky on the frontline battlefield, so his soul power has become a lot stronger."

"Star Soul Fruit?"

There was a trace of surprise in Bai Wuchang's tone, and then he nodded slightly and said, "Yes, yes, it seems that you are a person enveloped by luck. This time your master asked you to follow, it seems that it may have some effect on us."

At this time, Shenwen Zhenren released a huge starship, which was cast from a kind of purple star fine iron. It looked very high-end.

Master Shenwen said: "Let's not waste time, hurry up and set off. We must not let him grow up that day in the Southern Star Territory. Otherwise, it will definitely be a huge disaster for our Taiyin Demon Sect!"

Chapter 1419 Asura

The cold, dark and boundless starry sky.

A huge purple starship is flying quickly.

In this starry sky ship, it was Ye Feng, Shenwen Zhenren and others.

On the third day, they finally arrived at the edge of a black hole in the starry sky.

Uh-huh! Uh-huh! Uh-huh!

At this time, several people jumped out of the starship and floated in the starry sky.

The huge, dark black hole opposite was slowly rotating, like a demon's eye in the endless starry sky. It looked extremely scary, like an endless abyss of nothingness.

At this time, Master Shenwen stared at the terrifying black hole and said in a solemn tone: "This is the entrance to a very precious ancient starry sky ruins in our Taiyin Star Territory, and Nawen Cangsheng is among them."

The Flame Master next to him was a big man, wearing a red robe. At this time, he said: "Then I ask Cangsheng if he has escaped?" ??

Bingpo Zhenren is a beautiful woman. At this time, she smiled and said: "Brother, you don't have to worry. It has only been half a month since Wen Cangsheng entered this ancient ruins. There is no way he has left."

At this time, Hei Wuchang in Black and White Wuchang spoke up, and it was the voice of an old man: "Master Shenwen, what exactly exists in these ancient ruins, so that the ancestor of the Galaxy in the Tiannan Star Region is willing to use a treasure like the Galaxy Sacred Mirror to fight with you? In exchange for the news here?"

At this time, Hei Wuchang said that several people, including Ye Feng, cast curious eyes on the body of the real person Shenwen.

Master Shenwen smiled slightly and said: "This is the territory of the ancient starry sky demon clan that was sealed by the great power of our human race. It is a demonic land where many vicious and powerful starry sky demon clan live. It is said that it was once a piece of the demon world that collapsed. Continent of Fragments."

"Star Demon Clan?"

Bingpo's beautiful eyes showed a strange color, and he couldn't help but ask: "Then Cangsheng is the descendant of the ancestral dragon of the ancient dragon world. Why does he go to this kind of

demonic land? Logically speaking, he should be looking for the starry sky related to the dragon clan. "Relics."

Master Shenwen said: "I heard this from the ancestor of Xinghe. It is said that deep in this demonic land, there is a top-notch supreme treasure. It seems to be a ninth-grade Taoist god-level magic weapon, called the 'Ship of the Sage'. The most important thing is that the ship of sages contains the precious wealth left by the ancient saints. The purpose of this trip is to get the ship of sages and the original power and infinite wealth of the ancient saints in it. "

Ye Feng suddenly felt anxious at this time and couldn't help but said: "With the terrifying strength and great luck of the people, he has already entered half of the world."

It's already been a month, could it be that you have obtained the sage's ship? "

Master Shenwen laughed and said: "Jiankong disciple, don't worry, asking the common people is not as powerful as you think. Moreover, the Sage's Ship, the most precious treasure of the ancient saints, exists in that piece of demonic land. There is a reason. In the ancient times, the ship of the sage was used by the ancient saints to suppress an extremely vicious ancient demon king. "

"The emperor of the ancient demon clan?"

Master Huo Huo, a burly man, was trembling all over at this moment. He seemed to have thought of something, and said with a little fear in his eyes: "The emperor of the ancient demon clan you are talking about is the extremely vicious one who almost slaughtered half of the Taiyin Star Territory back then. Asura?"

"Asura!"

At this time, Master Huo Huo said this name, and several people present, including Master Bingpo and Black and White Wuchang, were suddenly startled in their eyes.

Asura, this seems to be an extremely terrifying title, and even a historical existence that is unwilling to listen to.

But at this moment, Master Shenwen said with great certainty: "Yes, at the end of the demonic soil connected to the inside of this black hole, the ancient existence suppressed by the ship of sages is the extremely vicious Asura, the emperor of the ancient demon clan. , flowing with the noble blood

of the Starry Sky Demon Clan, is a terrifying dark existence from the previous era, and is an out-and-out evil demon!"

Even though Ye Feng had never heard of this Asura, he saw how frightened the group of Dao Proving Realm powerhouses in front of him were, as well as the words of Master Huo Huo just now, "I almost massacred half of the Taiyin Star Territory back then." He also understood the horror of Asura.

Master Shenwen continued to speak at this time: "But that Asura has lived for too long, and has been suppressed by the ship of sages. He is baptized by the sacred power of the ancient saints in the ship of sages day and night. , It is estimated that it has become extremely weak, so we still have to rush over as soon as possible. The old Asura is probably not a match for the common people, so we don't have to worry about that Asura, it is already in a state of decay. "

"So good!"

At this time, Hei Wuchang suddenly spoke up, his tone was a bit sinister, and said: "If I can capture that Asura in this trip, then I will be able to refine a demon puppet with unparalleled demonic power!"

After the words fell, the group of people no longer hesitated and rushed into the dark and deep place in an instant.

In the black hole.

"Buzz!"

Everyone is a strong person in the realm of enlightenment. Ye Feng himself is a body of chaos, and he is protected by the precious treasure of the Galaxy Sacred Mirror, so he did not suffer any harm when traveling through the black hole.

When they passed through the black hole, they suddenly saw a vast and dim world.

The entire earth was scorched black, the sky and the earth were full of demonic energy, and there were several bloody waning moons in the sky. This was a truly ancient demonic land.

At this time, the group of people were located high in the sky.

They looked behind them and saw a huge black hole, which was exactly the other end of the black hole they saw in the starry sky.

"Uh-huh!"

The group of people landed quickly, and then chased toward the end of the demonic land.

"That question to the common people is indeed extremely powerful!"

Along the way, a group of people saw various corpses of demons. Even this group of powerful people in the Dao Enlightenment Realm couldn't help but sigh at the powerful fighting power of the common people.

There were demon corpses one after another, including humanoid demons and demons that looked like giant beasts in the starry sky. They were as majestic as mountains, but they all fell on the ground.

Ye Feng looked a little jealous at this moment and wanted to devour or collect it.

But thinking that there were so many powerful people from the Taoist Realm of the Taiyin Star Region present, I temporarily put away this idea.

"It's better not to waste time. Let's get down to business first."

Ye Feng immediately followed the group in front and hurried towards the end of the Demonic Land.

The group's cultivation was very strong and their speed was very fast. They arrived at the end of the Demonic Land in a blink of an eye.

"Boom!!"

At this moment, an earth-shattering roar suddenly came from the center of the end area of the Demonic Land.

"Hahaha! Even a rotten Asura dares to stop me from snatching the Sage's Ship. I will free you directly!"

This is the voice asking the common people!

Ye Feng immediately spoke out: "Master, fellow masters and uncles, ask the people who are there, they seem to be fighting with that Asura!"

The eyes of Master Shenwen and others all brightened up, and he said: "It seems we are not late, let's go and ambush that person asking the common people!"

Swish, swish, swish!

Swish, swish, swish!

The group of people rushed forward quickly.

But the moment they entered the central area, they suddenly saw an incredible scene.

At this time, a huge ancient demon covered with dark golden magic scales should be Asura. He was actually standing with Wen Cangsheng, who was wearing a white gown, and stared at the group of real people with divine patterns who had just walked out with a sneer in his eyes.

"They are not fighting, but waiting for us!"

At this time, Master Shenwen's eyes suddenly changed.

Wen Cangsheng's eyes were extremely cold and he said: "I knew that the strong men from the Taiyin Demon Sect were coming to ambush me, and I guessed it right. I had already set up an informant, and when you entered this world of demonic soil, I knew you were coming."

At this time, Wen Cangsheng looked at the majestic Asura next to him, and said with a smile: "I didn't expect that the Taiyin Demon Sect would come to so many powerful people in the realm of enlightenment. If we kill them all, use their blood, I should be able to unlock the ancient seal on you."

Asura was very burly, more than ten meters tall, like an ancient troll. An evil smile appeared on his ugly face covered with golden scales, and he said: "A total of five powerful people in the realm of enlightenment are enough." Just ask the people to help me and unlock my seal. I will not only give you the sage ship, but I will also follow you personally for a year to kill all the enemies who stand in your way and assist you. Your grand ambition!"

At this time, after hearing the conversation between Asura and Wen Cangsheng, the five masters of the Tao Realm of the Taiyin Demon Sect, including Master Shenwen and Master Huo, all had extremely ugly expressions on their faces.

They never expected that Wen Cang Sheng would actually reach a cooperation agreement with Asura, the demon emperor who had been dusted for endless years.

"Asking the common people, it turns out that he has great luck. I don't know what means he used, but even an ancient demon like Asura is willing to help him!"

Ye Feng, who was standing among a group of powerful people in the Dao Enlightenment Realm, had extremely cold eyes.

"This time, all of Qin Cang Sheng's plans must be disrupted and destroyed! Otherwise, if he and Asura join forces, there will no longer be a place for me in the Tiannan Star Territory!"

At this moment, Ye Feng felt an unprecedented determination in his heart.

Even if a group of supreme elders from the Taiyin Demon Sect cannot kill Wen Cangsheng this time, they must break the alliance between Wen Cangsheng and Asura, and must not let Wen Cangsheng get the Sage's Ship!

Chapter 1420 Asura's plan

Buzz!

At this time, around the area where Ye Feng, Shenwen Zhenren and the others were standing, the ground cracked open instantly, and jets of dark demonic energy rushed out.

These pitch-black demonic energies were pure demonic demonic energies. At this time, they were controlled by the ferocious Asura, forming a huge dark prison in the sky, covering the entire area.

"There is no escape."

"Then fight them!"

"Fortunately, I invited Black and White Wuchang again this time, otherwise I would really be in trouble!"

At this time, Master Shenwen, Master Flame, Master Bingpo and Black and White Wuchang all took action one after another.

As for Ye Feng, everyone ignored him.

Even Asura and Wen Cangsheng opposite him were not paying attention to him.

Because Ye Feng's cultivation is only at the seventh level of the Eternal Realm, no one cares about a weak junior like him.

Ye Feng retreated slightly at this time and looked at a group of strong men in the Dao Realm fighting together on the field.

His eyes were very calm, and he knew that everyone present did not take him seriously.

But Ye Feng was sneering in his heart.

In his hand now, he holds a trump card, that is, the most precious treasure of the Galaxy Holy Land, the "Galaxy Holy Mirror" is in his hand.

Only Master Shenwen knows this secret.

Master Shenwen would never have imagined that Ye Feng had completely refined the precious treasure of the Galaxy Sacred Mirror in a short period of time.

After all, Shenwen Zhenren took Ye Feng with him at the beginning and did not expect Ye Feng to provide any help. It would be good if he could hold the Galaxy Sacred Mirror to protect himself.

So at this time, Ye Feng has simply become a little transparent in everyone's eyes.

Ye Feng was also happy with this. He was lurking, hiding in a certain space around him, like a snake in the dark, hiding its fangs, ready to find the right opportunity to deliver a fatal blow to the enemy.

"Boom!"

"Boom!"

At this time, the field was plunged into a boiling battle.

"Divine Pattern Technique!"

"Wan Jianning!"

"Mountains and rivers roar!"

"Eye of the storm!"

The master of divine patterns holds a silver spiritual pattern pen. Every time the big pen is touched, it can trace various divine patterns and manifest various powerful and terrifying strange attacks.

With one stroke, thousands of war swords condensed out, glowing in the void, and charged towards Wen Cansheng and Asura to attack and assassinate.

With another stroke, the majestic scenery of mountains and rivers appeared in the sky, full of endless expanse, heavy and boundless.

As the last stroke fell, a huge eye appeared. It was the eye of a storm composed of countless hurricanes. The howling wind contained extremely terrifying tearing power, as if it could shatter everything in the world.

Although Master Shenwen has the lowest cultivation level among the Taiyin Demon Cult members, the moment he strikes, he is met with a scene of horrific destruction, making people feel as insignificant as an ant.

At this time, several other powerful masters of the Taiyin Demon Sect also began to use their own methods and trump cards.

"The true form of the God of Fire!"

Master Huo Zhenzhen roared, and flame spells rushed out from his body. A huge flame spell giant like a dharma was condensed around him, and every move he made had the power to destroy the heaven and the earth.

"Ice Soul Holy Sword!"

A holy sword like cold jade appeared in the hand of Bingpo Zhenren. With a slash of the sword, the sky was freezing and the entire three thousand miles of space was frozen, making it difficult to move even an inch.

"The Yin Spirit Death Curse!"

The two men, Black and White, also worked together to release a very strange spell, which exuded a strong red light.

"Asura, let's work together and kill all these immortals from the Taiyin Demon Sect!"

Wen Cangsheng roared loudly, and golden dragon energy rushed out of his body instantly, turning into a completely golden dragon, surrounding him, making him look like a supreme dragon emperor.

Although Wen Cangsheng's cultivation level is only half-step to the Dao Enlightenment stage, at this moment he has harnessed the majestic power of the Ancient Dragon Realm, and the aura and combat power he has exploded can compete with almost all the powerful people in the Taiyin Demon Sect's Dao Enlightenment stage.

"So powerful!"

"Unparalleled

Talent! "

"As expected of the descendant of Zulong, he has such powerful combat power!"

At this moment, Master Shenwen, Master Flame and others couldn't help but exclaimed.

"Boom!!"

At this moment, the endless golden dragons rushed out from around Wen Cangsheng's body one by one, roaring and roaring, and all collided with the attacks of the Taiyin Demon Sect's powerful men in the Dao Realm.

The entire center of the Demonic Land suddenly emitted an earth-shattering roar that resounded throughout the sky.

"Wrath of Asura!"

Suddenly at this moment, Asura roared, and boundless golden demonic energy rushed out of his body, condensing a huge and majestic demonic shadow around him.

It was a huge demon with a bull's head and a human body. It was a terrifying method and power that could only be unleashed by the ancient Asura bloodline.

"Boom!!"

At this time, the huge evil stepped down instantly, and the entire sky was covered in an instant.

In an instant, the sky collapsed and the earth shattered, the eight wastelands were shattered, and the entire Demonic Land seemed to collapse.

"ah!"

"ah!"

Black and White Wuchang practiced Yin Ling Kung Fu, and his body was weak. The two of them were crushed to pieces in an instant and exploded into a bloody mist.

"hateful!"

Immediately, the eyes of Master Shenwen, Master Bingpo and Master Flame were extremely frightened and angry.

"kill!"

They roared and roared with utmost brilliance, releasing terrifying and boundless power.

"Deng Deng Deng!"

The three masters of the Dao Enlightenment Realm tried their best, and Wen Cangsheng was finally repelled, taking several steps back.

"Asura! Don't hold back! Release your forbidden moves!"

At this moment, Wen Cangsheng, no matter how strong his combat power was, was still exhausted in the previous confrontation. He immediately yelled at Asura and asked Asura to fight hard.

"good!"

Asura's eyes were crazy, and he suddenly stretched out a ferocious devil's claw and tore off one of his arms.

Wow!

A pile of paint

Black demonic blood burst out from his arm instantly.

"Amina Menggu..."

At this moment, the Asura began to chant ancient spells that were not in the human language, as if he was about to perform an extremely taboo ancient secret technique.

But the people who were fighting fiercely on the field did not notice that a figure in black clothes suddenly flashed to the area where Black and White Wuchang had fallen before, and was quickly devouring the blood and energy of the two powerful men in the Dao Realm.

It's Ye Feng!

"The Seventh Heaven of Eternal Realm!"

"Eighth Heaven of Eternal Realm!"

"Ninth Heaven of Eternal Realm!"

The blood and energy of the Taiyin Demon Sect strongmen from the fourth level of the Dao Proving Realm, Black and White, were directly swallowed by Ye Feng, and he broke through to the ninth level of the Eternal Realm!

"The secret method of the Nine Forbidden Immortals - the Curse of Ten Thousand Destructions!"

Suddenly at this moment, the burly Asura roared loudly, and used his demon king essence and blood to perform a very ancient forbidden technique of destruction.

This is not an ordinary magic spell to destroy the secret method, but an ancient secret method originating from the depths of the royal bloodline of this Asura. It is very ancient, very terrifying, and has the terrifying power to destroy the heaven and the earth.

At this moment, a vast and boundless light of destruction enveloped the entire Demon Land in an instant.

"not good!"

At this time, let alone the three powerful Taoist Realm masters of the Taiyin Demon Sect, Master Shenwen, Master Bingpo, and Master Flame.

Even Wen Cangsheng, who was in alliance with Asura, suddenly changed his expression.

He stared at Asura not far away in disbelief, and found that the light of destruction shrouded even his ally!

Obviously, Asura betrayed Wen Cangsheng and even plotted against Wen Cangsheng!

At this time, Asura was showing an evil and cruel smile to Wen Cangsheng, "Wen Cangsheng, you are still too young. Remember one sentence, never make friends with devils, so you all should die for me! Ha! Ha ha!"

Boom, boom!

And the moment Asura said his last words, the entire demonic land was instantly plunged into a terrifying and boundless light of destruction. It was like encountering a catastrophe of annihilation, and the entire land was bombarded by countless lights of destruction. , landslides and landslides.
