

Ancient 1421

Chapter 1421 The Final Winner

"Boom, boom, boom..."

The terrifying roar resounded throughout the entire Demonic Land.

The ancient Asuras were extremely powerful in cultivation.

Even though it has been sealed at the end of this demonic land for countless years.

But at this time, this ancient forbidden magic secret that originated from the depths of the blood was released, and it still exploded with majestic and extremely destructive power.

A kind of light of destruction that darkened the world and covered the entire area at the end of the Demonic Land.

The entire earth is rapidly collapsing and shattering, including the boundless sky, the starry sky and the sea, all have been destroyed. It is like a vast ocean hurricane, sweeping everything, capable of destroying everything in the world.

Asura looked at the devastating scene in front of him, with a cruel smile on the face of an ugly demon covered with dark golden scales.

Even a strong person at the level of the Dao Enlightenment Realm is swaying unsteadily in this light of destruction, like a boat in the vast ocean, unable to resist the extremely devastating destructive power.

At this moment, Ye Feng's eyes suddenly changed.

Because of that terrifying destructive power, it can definitely cut oneself into pieces in an instant.

"Space gem!"

Ye Feng didn't hesitate and directly released the power of the space gem in his mind.

His current cultivation level is much higher than before.

Therefore, he has become more and more proficient in the use of space gems.

At this time, Ye Feng inspired a trace of the power of the space gem, and his entire body disappeared in the space, hiding in the deeper void of the space.

This is equivalent to the fact that although Ye Feng is still in the original spatial position, he is in a different dimensional void.

This also means that the terrifying light of destruction released by Asura just now cannot harm Ye Feng at all, because Ye Feng is now in a different space dimension at the same location.

This method can be said to be very strange, and I am afraid that even a strong person in the Pure Yang realm who has surpassed the realm of enlightenment will not be able to do this.

"I heard Elder Jian say before that the existence above the Pure Yang Realm is the Broken Realm. Super strong men at the Broken Realm level can already directly break the void and hide in different spatial dimensions at the same location."

At this time, Ye Feng secretly murmured in his heart.

With a special gem such as the Space Gem, Ye Feng has mastered some abilities in advance that can only be possessed by superpowers in the Broken Realm.

In other words, Ye Feng was hiding in the depths of the void at this time, watching the devastating scene on the field very leisurely.

To Ye Feng's regret, the entire bodies of the three Taoist Realm masters from the Taiyin Demon Sect were disintegrated by Asura's light of destruction and turned into nothingness. Even their blood and energy skills could not be swallowed up.

"Crack!"

"Crack!"

However, at the moment when their bodies disintegrated and fell, the brothers and sisters Flame Master and Ice Soul Master fell down two round beads. Each one was the size of a fist, and they were respectively a crimson round ball surging with the light of the flames. Beads, and an ice blue round bead surging with ice energy.

"Holy Bead of Flame and Holy Bead of Ice Soul!"

The soul of the evil beast Taotie, who had not spoken for a long time, suddenly spoke in Ye Feng's mind.

"Holy Flame Bead and Ice Soul Bead? Are they good things?"

Ye Feng couldn't help but ask.

Taotie Soul said in his mind: "I was sleeping in your mind, but I was awakened by the breath of these two holy beads. The flame holy beads and the ice soul holy beads both represent that this is the most powerful person in the world. I won't be able to explain the power attribute beads to you for a while. Anyway, it's just a treasure. If you hold it, it has great uses."

"good."

Ye Feng nodded immediately, running the space treasure

The power of the stone moved in the void, stretched out his hand from the void, grabbed the Ice Soul Holy Bead and Flame Holy Bead without leaving any trace, and put them into his storage spirit ring.

In the following time, Ye Feng waited for half an hour before the light of destruction in this area at the end of the Demonic Land finally completely dissipated.

At this time, the entire land was devastated, the destroyed land collapsed, landslides and ground cracks, and even the underground volcanoes erupted, with red flames and molten lava surging up.

A scene of doomsday!

The bodies of several powerful Taoist Realm masters from the Taiyin Demon Sect, such as the Divine Pattern Master, the Ice Soul Master, and the Flame Master, were completely destroyed, and even the treasures and storage spiritual rings on their bodies were all shattered. , turned into nothingness.

It has to be said that this Asura, who has been sealed for endless years, is indeed worthy of being the emperor of the Star Demon Clan. He has an extremely ancient bloodline and contains terrifying power.

Even after being suppressed for so many years, this extremely vicious Asura still released such a terrifying light of destruction.

But obviously the cost is also very huge.

Asura, who was standing on the field at this moment, his burly body stooped slightly, and the magic light in his eyes was much exhausted at this moment.

It was obvious that this ancient demon had almost exhausted all his power in order to plot against everyone on the field.

However, the result was very successful. The three powerful masters of the Taiyin Demon Sect all fell into the realm of enlightenment.

Moreover, Wen Cangsheng, the son of fate, also had his clothes in pieces, his body was covered with blood, his hair was disheveled, he looked extremely embarrassed, and he was obviously seriously injured.

"You're not dead?"

Asura was shocked.

Unexpectedly, Wen Cangsheng did not die in the light of destruction just now.

At this moment, Wen Cangsheng stood up with support on his body.

There was a golden light surging between his eyebrows, and the surface of his body was covered with a battle suit composed of golden light.

It seems that this set of golden light battle clothes protected Wen Cangsheng's life in the huge light of destruction just now.

But Wen Cangsheng was indeed seriously injured. He stared at Asura not far away with his fierce eyes, and said in an extremely frightened and angry tone: "I will completely kill you, this untrustworthy demon! Use it!" Use your blood to repay the harm and huge loss you caused me this time!"

It can be seen that there are huge cracks in the golden light suit on the surface of Wen Cangsheng's body.

Obviously this was a life-saving treasure, but now it was almost destroyed by the light of destruction.

So Qing Cangsheng was very angry at this time.

"boom!"

But suddenly at this moment, Asura laughed ferociously and said, "Do you think this is all I have?"

Roar!

Roar!

As Asura's voice fell, ferocious roars suddenly sounded from the mountains behind him.

That's the roar of countless demons!

"Your army of demons!"

Wen Cangsheng's eyes changed, and then he quickly stepped back and said gloomily: "Asura, the harm you just did to me was not great. I only need to rest for a few more days before I can come back. If you don't kill me, I will never be able to free you." After I go to the starry sky outside this demonic land to rest for a few days, I will come back and kill you completely! I will rob you of all your wealth and plunder the ship of the saints. Everything is mine!"

Uh-huh!

When asking people, the tone is full of greed

Greedy, he was ready to leave quickly.

"Buzz!"

But suddenly at this moment, a huge mirror suddenly appeared above his head.

"What's this?"

Wen Cangsheng's eyes changed slightly.

boom!

But at the next moment, a galaxy as majestic as the vast ocean, packed with rolling power, suddenly impacted out of the huge mirror, like a torrent of the times, bombarding directly to destroy everything.

This is the sneak attack that Ye Feng has been waiting for for a long time!

It's Ye Feng who is using the Galaxy Sacred Mirror!

"Is this the Holy Land of the Galaxy?"

Wen Cangsheng's eyes suddenly changed, and he finally knew what this mirror was.

This is an extremely powerful treasure!

"How is that possible! How is it possible that there are other people alive here?"

Asking Cangsheng, he couldn't figure it out that there could be someone who could escape his detection and hide around here, and who had not died in the Asura's light of destruction just now.

Ye Feng's figure emerged, but he still looked like Yuan Jiankong.

At this time, Wen Cangsheng immediately exclaimed: "It's you, you ant!"

really.

This person asked Cang Sheng not to miss anything, but just ignored his existence.

But what Wen Cangsheng didn't expect was that all the powerful men in the Taiyin Demon Sect died, but this kid from the Eternal Realm was still alive and well.

"How can it be!"

Wen Cangsheng had no time to think at this time.

Because no matter how low Ye Feng's cultivation level is, at this moment, he is fully activating the power of the Galaxy Sacred Mirror, which is as murderous as the vast ocean, and can pose a huge threat to the strong ones in the Dao Realm.

"Your cultivation is too weak. Even with the Galaxy Sacred Mirror, you can't kill me!"

Wen Cangsheng roared, waving his fist and hitting the sky hard.

Boom! !

Suddenly, a golden dragon rushed out from his arm. It was so powerful that it shattered the galaxy.

"Soul Emperor Seal!!"

But Ye Feng's ultimate move is not just a Galaxy Holy Mirror.

He knew that his martial arts cultivation would be difficult to harm Wen Cangsheng, even if Wen Cangsheng was seriously injured.

Therefore, Ye Feng's ultimate hidden killer move was the Soul Emperor Seal.

Even if it can't kill Wen Cangsheng, it can still cause serious damage to Wen Cangsheng.

That's enough.

As long as Wen Cangsheng is severely damaged, Ye Feng will have a chance to breathe and grow!

After all, there is still a big gap between Ye Feng's current cultivation level and Wen Cangsheng's.

Being able to do this is already a huge success.

Sure enough, Wen Cangsheng didn't expect that the other party, a small eternal warrior, was actually a mysterious and powerful soul master.

"ah!!"

As soon as the Soul Emperor Seal was activated, it immediately caused huge damage to the soul and spirit of the people.

This proud man of heaven suddenly screamed in pain, and blood flowed from his eyes.

"boom!"

The next moment, Wen Cangsheng didn't dare to stay any longer, so he directly swiped his palm, tearing apart the space, and escaped instantly.

"Can't leave!"

Ye Feng roared and moved the space gem to seal the void where Cang Sheng was asked.

Wen Cangsheng was directly fixed in the middle of the crack in the void.

"Boom!!"

\u003c

But suddenly at this moment, on the endless dark sky, a monstrous golden dragon claw suddenly stretched out, like an ancient dragon taking action, and suddenly the blocked space was
Tear it to pieces and ask Cang Sheng to successfully escape!

"He is the most powerful person in the ancient dragon world!"

Ye Feng's eyes were extremely shocked.

But fortunately, the golden dragon claw that tore through the interface barrier did not stay for too long and quickly dissipated.

After a moment of silence, Ye Feng smiled casually, "In any case, this time the body and soul of this question have been severely damaged. In about half a year, I will not be able to regain my full strength. Half a year is enough for me to grow up. When the time comes, I will be the center of everyone's attention." I will defeat him, or even kill him, to completely consolidate my position in the Holy Land of Galaxy!"

When Ye Feng thought of this, the determination in his eyes became more intense.

At this time, Ye Feng suddenly turned around and walked towards Asura not far away with murderous intent.

The burly Asura was half lying on the ground, exhausted.

By this time, the roars of the demons behind him had disappeared.

Obviously, there is no demonic army at all, it is Asura's trick to scare away the common people.

At this time, Asura was staring at Ye Feng. Even this extremely vicious demon king had a look of deep admiration on his face, "I didn't expect that the final winner would be you, an inconspicuous boy from the Eternal Realm."

Ye Feng smiled softly and said: "The things that are easiest for people to ignore are often the most terrifying."

Asura nodded as if there was something wrong and said, "I can see that you have a grudge against that questioner."

Ye Feng said indifferently: "What does it have to do with you?"

Asura stood up, his burly body like a dark golden iron tower, he said slowly: "I am exhausted, you want to kill me, in a moment, but if you don't kill me, and are willing to cooperate with me, I will help You deal with the most powerful Ancestral Dragon of the Ancient Dragon Realm behind the people."

Ye Feng's eyes were surprised, and he glanced at Asura in front of him suspiciously, and said: "Can you defeat the owner of the monstrous dragon claw just now?"

Asura laughed deeply and said: "I have been suppressed by the power of the ancient saints for endless years, and my power is almost exhausted. If you don't kill me, let me recover my cultivation strength. The one that crossed the interface barrier before Ancestral Dragon is just a ninth-level warrior in the Pure Yang Realm, it's nothing."

Ye Feng was a little shocked when he heard this.

The Ancestral Dragon of the Pure Yang Realm, which has surpassed the Realm of Dao Realm, is still the most powerful dragon in the Nine Heavens of the Pure Yang Realm. How could this Asura say that it is nothing?

How terrifying should Asura be at his peak?

Ye Feng was a little brooding at this time, thinking.

Because Asura was right, if he killed Asura at this time, he would only get the body of a demon king whose power was exhausted, which would not be of much use.

Keeping this Asura is indeed of great use, as it can help him fight against the extremely powerful ancestral dragon behind Wen Cang Sheng.

Because Ye Feng knew very well that there was destined to be a battle between himself and Wen Cangsheng!

After thinking this, Ye Feng stared at Asura in front of him and said: "A devil like you is so cunning. I don't trust you, so I need to use some means."

Asura said: "What method?"

Ye Feng flipped his palm, and a poison-eating insect as big as a fist appeared. It was an ugly dark golden insect with a mouth full of dense silver fangs. It looked ferocious and terrifying.

Ye Feng said: "Swallow it and I will promise not to kill you and cooperate with you."

"This is....."

Asura stared at the insect carefully, then his eyes changed slightly and said: "This is an ancient evil insect, a poison-eating insect? How come you have such a terrifying insect?"

Chapter 1422 Shock

The poison-eating insects have now entered a mature stage.

It is as big as a fist and has a mouth full of silver fangs, which are densely packed and looks very ferocious.

Even Asura, the emperor of the ancient demon clan, was staring at the poison-eating insect with silver fangs, and there was a trace of ugly look on the ugly dark golden demon face.

At this time, Ye Feng's eyes were calm and he said: "This poison-eating insect will definitely not be able to poison an ancient demon king like you, Asura, but it will definitely make you miserable, so this is a means of containment for me. , I hope Lord Asura can accept it, otherwise we will not cooperate. After all, you yourself have said that you should never be friends with the devil. "

Hearing this, Asura took a deep breath and said: "Okay, I agree. I have to say that you are much better than that person who asked the common people."

After saying that, Asura grabbed the poison-eating insect in Ye Feng's hand, and then swallowed it with a "Gulu" sound.

Ye Feng laughed loudly and said: "Okay, Your Excellency Asura is worthy of being the emperor of the demon clan. He is indeed courageous!"

Saying that, Ye Feng stretched out a hand and shook Asura's dark claw, which represented the completion of cooperation.

The next step is to discuss the matter of unsealing Asura.

This matter may be a bit difficult to ask the common people, and it is necessary to kill the strong men of the Taiyin Demon Cult and use a blood spell to unblock it.

But now the strong men of the Taiyin Demon Sect have all turned into ashes, and Wen Cangsheng escaped without being killed.

So at this time, Asura was a little frustrated and said: "It seems that we have to plan for a while longer, and attract a few more powerful people in the realm of enlightenment, and use their blood to cast the blood curse."

Ye Feng's eyes were a little surprised and he said: "I heard that the sage ship that suppressed and sealed you is a ninth-grade Taoist god-level magic weapon, which is very powerful. However, no matter how powerful the ninth-grade Taoist god-level magic weapon is, it logically cannot be suppressed. You are an ancient demon king."

Asura shook his head and said in a solemn tone: "The ninth-grade Taoist-level sage's ship is already very powerful for ordinary practitioners, but as you said, that sage's ship is too powerful for me. , it is indeed not powerful, but what I am most afraid of is the will of the ancient saints contained in the ship of sages, which is sacred and inviolable. That is what I am most afraid of, and the blood curse planned by me and Wen Cangsheng The art is just to defile

Contaminate the will of the ancient saints in that ship of saints. "

Ye Feng nodded slightly and said: "This is just a very inferior way to lift the seal."

Asura's eyes moved and he said, "Oh? In that case, do you have a better way?"

At this time, Asura's eyes were filled with a hint of suspicion.

Although he knew that the black-clad human boy in front of him was a ruthless character.

But after all, Ye Feng's cultivation level is not something Asura values much in the Eternal Realm.

Ye Feng saw the doubt in Asura's eyes, but he smiled slightly and said very calmly: "Your Excellency Asura, if it were other seals, maybe I really can't do anything, but your seal is the ancient saints That's what I'm good at."

Having said this, Ye Feng walked directly not far away.

On the ground not far away, stood a dilapidated magic city.

This demonic city is the place where Asura is sealed.

Asura can only move around this demonic city, otherwise whips condensed from the power of various saints will appear between heaven and earth and whip him.

Asura looked at the confidence on Ye Feng's face, although he didn't know where the confidence of this human boy who was only in the eternal realm came from.

But Asura still followed him. After all, he could only rely on Ye Feng now.

Soon, Ye Feng and Asura walked into this ruined magic city.

Looking through the layers of ruins of the giant city, Ye Feng immediately saw a huge white jade ship, suspended in the sky, emitting a sacred white light that was incompatible with the entire Demonic Land.

Obviously, that is the Ship of the Sages, a ninth-grade Taoist-level treasure, much higher than the Galaxy Sacred Mirror.

After all, it belongs to the ancient saints, so it is naturally of a very high grade.

"If I get this Sage's Ship, my overall strength will continue to skyrocket!"

Ye Feng's eyes suddenly became extremely fiery.

If it were other seals, Ye Feng really had no choice but to listen to Asura's advice.

But facing the seals of the ancient saints, Ye Feng was full of confidence.

Because he has encountered many sealing stone tablets of ancient saints before, and he is already very experienced.

Ye Feng knew very well that the will of the ancient gods and sages would surrender to the gems of the gods in his mind. ??

Therefore, as long as the power of the gems of the gods is stimulated, the will of the ancient saints can be subdued.

At this time, Ye Feng looked at Asura and said, "Wait for me here. I'll come as soon as I go."

Uh-huh!

After Ye Feng finished speaking, he stepped directly and flew upward.

He soon came to the side of the huge sage ship and walked directly into the hull.

Buzz!

Buzz!

Almost at this moment, huge shadows, all condensed from white sacred light, suddenly appeared on the entire hull.

They were the phantoms of the wills of the ancient saints. Their whole bodies were composed of pure and incomparable sacred power, exuding a heart-stopping ancient aura.

"The saints have manifested themselves!"

Even if the Asura below was the king of the demons, he couldn't help but tremble a little when he saw the scene of the saints appearing.

He felt that Ye Feng was taking a bit of a risk. Even if Ye Feng was not a demon but a human being, if he rashly offended the ancient saints, he would be obliterated by the will of the ancient saints.

But at the next moment, what made Asura, who had lived for endless years, almost make his eyes pop out. At this time, the sacred will shadows of the groups of ancient saints actually bowed and knelt down in front of Ye Feng. .

Just like a group of ministers who met the emperor, they felt deep respect.

All saints bow down!

This scene is extremely visually shocking.

Especially for an ancient demon emperor like Asura, it was even more horrifying.

Because Asura's own knowledge is countless times higher than that of ordinary monks.

So Asura knew very well what kind of terrifying existence those ancient saints in the ship of saints were.

Even in the previous era, the ancient saints were a group of human sages who shocked all the worlds and races in the stars.

But at this moment, the shadows of the will of these ancient saints all knelt down to Ye Feng.

Ye Feng glanced down slightly at this time and saw the shocked look on the face of Asura, the old demon.

He smiled with satisfaction, his goal was achieved.

Ye Feng used this method to unlock the seal. In addition to being convenient, it also served to invisibly scare this Asura so that he would not have any treacherous thoughts towards him, otherwise the consequences would be serious.

"Buzz!"

At this time, Ye Feng used the gems of the gods to release a trace of the supreme aura of the masters of the gods, and easily surrendered to the will of a group of ancient saints.

At this time, Ye Feng directly collected the Sage's Ship, and then jumped down from the sky, feeling quite good.

This time, it was really fruitful.

At this time, Asura looked at Ye Feng with a completely different look.

From the previous indifference and casualness, to the current uncertainty, and even a trace of fear.

Ye Feng looked at Asura and said: "Gather all the demons in this demonic land. Anyway, if you and I leave, this demonic land will not come back again."

Asura looked puzzled and said: "Why did you ask me to summon all the demons? Do you want to form an army of demons? But once the demon army appears in your human territory, it will attract the attention of all kinds of superpowers."

Ye Feng shook his head, with a fiery look in his eyes, and said: "I am not trying to form an army of demons, but I need the lives of demons in this entire demon land to strengthen the foundation of my cultivation, the ninth level of the eternal realm, and the question of Compared with ordinary people, it is still far from enough, and the sneak attack did not kill him, so I will continue to attack the realm!"

--

Chapter 1423 Leaving the Demonic Land

Asura's eyes were very shocked at this time, and he said: "You want to use the demons from the entire demon land to practice? Aren't you a human race? You humans can't bear the power of our demons."

Ye Feng smiled slightly and said: "The human race is the greatest race in the world. There are endless mysteries in the body. There are many things that even you, Asura, may not understand."

When Asura heard what Ye Feng said, he wanted to refute something, but suddenly at this time, he thought of the will of the ancient saints just now, and they all knelt down and surrendered to Ye Feng.

Asura immediately understood that the human boy in front of him could not be speculated according to common sense.

Asura nodded and said: "Okay, since I have cooperated with you now, then naturally everything will be done according to what you said. After we leave this demonic land, the one who asked the common people might recover from his injuries. He will come back to seek revenge from me later. Instead of letting him go on a killing spree, it would be better to let all the demons in this demonic land become nourishment to help Ye Feng improve your cultivation. At least it will have some meaning. "

After finishing speaking, Asura immediately took out a war horn from his storage space.

"Buzz!"

He exerted all his strength and blew the war horn in his hand. ??

And at the next moment, countless demons, large and small, across the entire Demonic Land, heard the war horn, their eyes became excited, and they all ran towards the end of the Demonic Land.

"In the name of Emperor Asura, I now order all of you demons to dedicate your lives to my friends. This can be considered a contribution to me."

At this time, Asura roared loudly, and all the demons in the Demon Land heard this sentence.

What surprised Ye Feng was that when these demons heard Asura asking them to sacrifice their lives, not only were they not afraid, but they were even more excited and excited, running towards the end of the demon land.

Asura seemed to see Ye Feng's surprised eyes, he smiled and said: "This

The demons in the demonic land are all soldiers I have cultivated, and they are all my dead warriors. Although each of them has not yet developed their intelligence and cultivation level, they will all obey my orders and strictly implement my requirements. It is their honor to be able to sacrifice their lives for me. This is the servility hidden in their blood. "

Ye Feng nodded slightly, and at this time he understood that this small world of demon soil was probably created by this Asura.

This Asura is probably a creation god in the demonic land, and all living things must obey his orders.

"The oven of creation!"

Ye Feng didn't waste any time at this time.

He directly unleashes the oven of his own creation.

"Clang!"

Suddenly, a huge, primitive melting pot of chaotic colors appeared.

This is Ye Feng's first awakening natal talent, the furnace of creation!

It is also the talent that has had the greatest impact on Ye Feng since he started practicing.

At this time, the lid of the oven of creation was opened, and Ye Feng said to Asura beside him:
"When those demons arrive, just let them jump into the oven of creation."

Asura nodded and said, "Okay."

Next, Asura issued this order.

"Dedicate your life for my emperor!"

"Burn your blood for my emperor!"

"Dedicate everything to my emperor!"

Devils, either strong or weak, the smallest one was only half a person tall, and the big one was as towering as a mountain. At this time, they stepped forward one by one, and they all shouted loudly, and their tone was full of deep respect. all

They all jumped into the oven of creation, turned into very majestic demonic origin power, and were then swallowed and refined by the oven of creation.

The pure power after swallowing and refining turned into long rivers of energy and was injected into Ye Feng's body.

"What kind of physique does this human boy have? And this method is also frightening." At this time, Asura was thinking secretly in his heart.

Ye Feng suddenly looked at Asura beside him and said: "These demons you created have all jumped into the oven of creation. Do you feel bad?"

Asura smiled disdainfully and said: "These demons, big and small, are like the lice that fell off my body. Their lives are all given by me. Naturally, I also have the right to decide their lives. If I want, I can do it at any time." Shake the lice off your body and create so many more demons."

Obviously in Asura's eyes, these demons are just ants, just like the lice on his body, not worth mentioning and can create more at any time.

Ye Feng felt relieved when he heard what Asura said.

He was smelting rapidly at this time, with the majestic power transmitted from the oven of creation.

"boom!"

After three days and three nights, Ye Feng finally broke through in his cultivation and entered the tenth level of eternity!

However, Asura next to him looked surprised and said: "You have almost smelted the demons in the entire demon land. Although these demons are not powerful, they are all created by me, and they are definitely not that weak." , you swallowed tens of millions of demons, and you only broke through the first level of heaven? I thought you could directly enter the realm of enlightenment!"

Ye Feng grinned and said: "I am very satisfied to be able to break through to the tenth level of the eternal realm, because I know very well that with the improvement of my cultivation and the growth of my body's strength, I need to break through every time.

The energy I want will become more and more powerful, and my whole body is like a bottomless pit. It can't even be called a bottomless pit. My body is an endless abyss. "

When Asura heard what Ye Feng said, he fell silent slightly.

Originally, this Asura thought that the young human being who was cooperating with him was just a young man with a little bit of skill.

But now with the continuous contact with Ye Feng, Asura has discovered more and more that this seemingly ordinary human boy has too many secrets hidden in him, and it seems to be very terrifying.

Even the emperor of the ancient demon clan like Asura felt a feeling from Ye Feng that made him afraid at this moment.

Ye Feng ignored Asura's thoughts at this time. Ye Feng did not trust this demon king Asura at all, and just regarded him as a temporary tool for his own use.

At this time, Ye Fengxiu broke through, looked at the empty Demonic Land, and said: "It's time for us to go out and ask the people. Although he was rescued by an ancestral dragon from the Taikoo Dragon Realm at the last moment, his body and soul He has suffered heavy injuries and is no longer a threat to me in a short period of time, but before he recovers, I must at least completely transcend the eternal realm and step into the realm of enlightenment. Only in this way can I kill the ambition of Wen Cangsheng. Turn the tide in the Galaxy Holy Land!"

Having said this, Ye Feng looked at Asura beside him and said: "You should stay with me from now on. I will also find a way to restore some strength to you. After all, I still need you, Asura, to deal with that question." The most powerful person in the Ancient Dragon Realm behind the common people is a super powerful person in the ninth level of the Pure Yang Realm who has surpassed the Proving Dao Realm!"

Asura nodded slightly and said: "Okay, what we have to do next is indeed to improve our strength."

As soon as the words fell, Ye Feng and Asura rushed high into the sky and left this small world of demonic soil in the blink of an eye.

Chapter 1424 Northern Divine Temple

After leaving the small world of Demonic Land, Ye Feng and Asura returned to the starry sky.

At this moment, looking at the empty space in the starry sky, Ye Feng felt a little emotional.

When I came here before, there were so many strong people together.

But now, he is the only one left.

But this is the case in the world of martial arts practice.

Brutal and realistic.

No one knows that one day they will be unlucky, encounter an irresistible disaster, and eventually die.

Even though Ye Feng has many trump cards, he has almost died several times since he entered the world of cultivation.

Ye Feng calmed down, took out a set of huge black robes from the storage ring, threw them to Asura beside him, and said: "Put on this black robe to cover your burly demon body. "

Asura nodded and put on the black robe honestly.

But at this time, he looked at the starry sky outside and felt the rich power of the starry sky and the universe. Asura couldn't help but said: "After many years, I finally escaped from the trap."

Ye Feng identified a direction at this time and said: "Let's go back to the army base I established in the Taiyin Star Territory this time. This Star Territory War has really brought me too much convenience. "

Asura nodded and said: "The battlefield of the Star Territory War is full of vitality and has countless energy. For people like Ye Feng, it is more useful than exploring some secret realms in the starry sky."

Ye Feng smiled and said: "That's why I came to the Taiyin Star Territory this time, and I even didn't hesitate to form a large army and fight in person. In fact, asking the people is just a small obstacle on the road for me. When I get rid of it, After asking the people to unify the entire Galaxy Holy Land, I want to merge the entire Tiannan Star Territory and occupy the Taiyin Star Territory to create a greater force. "

Asura said: "You are very ambitious and want to create a huge force of your own and become a master."

Ye Feng shook his head and said: "I actually don't have any ambitions, and I don't want to be a master. I just want to get more cultivation resources, because sometimes the increase in status and power means that I can control more rights. and resources, my ultimate goal is to

In order to strengthen my own cultivation strength, only if I become stronger, that is the real meaning. "

Asura looked at Ye Feng and said: "I can feel that your martial arts heart is very firm, and your approach is also the best approach, but have you ever thought that no matter what, you are only on the first level star after all?" Small places like the domain and the secondary star domain."

Ye Feng said with a smile: "After my strength reaches a certain level, I plan to go to a third-level star field called the 'Tianchen Star Field' with my friend Sima Suantian. Perhaps, I can get a stronger inheritance there. and strength."

"too slow."

However, Asura shook his head at this time, stared at Ye Feng, and said with a hint of deepness and mystery in his tone: "If you really don't have much interest in power and just want to quickly improve your strength, in the whole To gain a foothold in this perfect universe, I suggest you not to indulge in the petty quarrels in these small star fields. With your secrets and inheritance, the place you should go to is the 'Northern Territory Divine Monastery' A behemoth that stands at the top of the pyramid of the entire universe."

"Northern Divine Monastery?"

Ye Feng's eyes flashed slightly. This was the first time he heard this title.

However, being able to call itself a "divine temple", and even being called a behemoth by an ancient demon clan figure like Asura, shows that this northern region temple is definitely a very huge force.

Asura seemed to see the doubtful look on Ye Feng's face.

This ancient existence knew a lot and immediately began to explain: "This perfect world we live in is a mature world of the universe, which contains all the heavens and worlds. However, the main territory of your human race is still in the starry sky of this universe. Within it, there are countless vast star fields."

"The place where we are now is a very small position in the vast star field of the human race. The star field of the entire universe is divided into first-level star fields according to the size and the presence of powerful creatures, from low to high. Second-level star field, third-level star field, fourth-level star field, fifth-level star field, sixth-level star field

, seventh-level star fields, eighth-level star fields, ninth-level star fields, and even bronze forces, silver forces, and the top gold forces that control countless star fields. "

"I think you should know this common sense, Ye Feng, and the Northern Territory Temple I'm talking about is the most powerful training holy place in the 'Northern Star Territory' in the human territory where we are located. The Northern Star Territory, referred to as the Northern Territory, does not have an independent gold power, only several silver forces coexist. "

"In order to compete with the comprehensive star fields in other human territories in our northern star field, those high-ranking silver forces who control countless vast star fields have united together and invested countless manpower and material resources to form a coalition. Then It's the 'Northern Divine Academy', so the Northern Divine Academy is a combination of the few remaining silver powers in our northern star region, which is comparable to the golden powers in other star regions."

"So over time, the Northern Star Territory where we are located has become more and more prosperous in the entire human territory with the continuous cultivation of various talents by the Northern Territory Seminary. Even the ancient saints, many of them came from the Northern Territory Seminary. ."??.

At this time Asura finished speaking, Ye Feng was shocked by the vast power of the universe.

"I don't know which star field my mother's Gu's Kingdom is in the human territory."

Ye Feng thought secretly in his heart.

Anyway, it should not be in the northern star field at this time.

Because there is no big gold power in the Northern Territory.

The only Northern Territory Seminary that could rival the great gold forces was formed by several silver forces.

"Maybe in other star fields."

Ye Feng did not ask Asura beside him at this time because he did not want to expose his secret.

If his true identity is exposed and attracts the attention of a gold-level power like the Gu Kingdom, he may immediately suffer various dimensionality reduction blows, and he may die immediately.

After all, Ye Feng still doesn't know whether other people in Gu's Divine Kingdom, except his mother, are enemies or friends.

Although the royal family of Gu's Kingdom are considered his relatives.

But Ye Feng was not happy at all. Instead, he felt that those royal relatives would feel that he, the illegitimate son of his mother from the first universe, was a shame to their royal family.

So Ye Feng tried his best to hide his true identity.

"No matter what, one day, I will find Gu's Kingdom, find my mother, rescue her, and rectify the unequal treatment my mother suffered back then! All those who despise me and look down on me will be punished by me. Step on it!"

Although Ye Feng looked calm on the surface at the moment, his heart was turbulent.

The next moment, Ye Feng stared at Asura next to him and said, "What qualifications do you need to enter the Northern Temple?"

Asura touched his chin and said: "I really don't know this, but the requirements must be very high. After all, it is a behemoth that stands at the top of the pyramid in the entire northern star region. Even at my peak, I was in the Northern Divine Academy. In front of him, he is just an ant. In the eyes of the Northern Divine Academy, not to mention the second-level star field of the Taiyin Star Territory where we are now, even the vast and endless ninth-level star field. In the eyes of the Northern Divine Academy, it is also Like ants."

Ye Feng took a deep breath and said: "According to what you said, the Northern Divine Academy is indeed a giant that I want to join."

The Northern Divine Temple may be able to compete with the Gu Clan Divine Kingdom!

Ye Feng thought secretly in his heart.

All this time, when Ye Feng came to the perfect world of the second universe, the greatest pressure came from the Gu Clan Divine Kingdom where his mother was.

But now, Ye Feng saw a glimmer of hope.

Asura pointed out a broader bright road for himself.

Ye Feng looked at Asura at this time and said: "No matter what, I need to quickly improve my strength now. This is the right way."

Having said this, Ye Feng took Asura directly to fly towards a remote edge of the Taiyin Star Territory.

That's where the army base where Ye Feng led his team was stationed.

After such a long time, Elder Jian, Sima Suantian and others must have collected a lot of battlefield blood energy and magical weapons for themselves.

Chapter 1425 Looking for helper

Three days later, Ye Feng took Asura back to the army base.

This place is located near the edge of the Lunar Star Domain.

Although the resources in the starry sky area are not very rich.

But it is a good place to set up a base camp and garrison a large army.

At this time, Ye Feng glanced over and found that many stars, broken continents, etc. had been moved over with great magic power and combined together to form a very brilliant base camp.

Many buildings have been built on the continuous combination of stars and broken continents, including formation towers, war cities, mansions, barracks, etc., and it has become a very complete war base camp.

When Ye Feng arrived, he did not deliberately conceal his aura, but directly released it.

So all of a sudden, many soldiers and strong men in this war base were alarmed.

Everyone was initially shocked, thinking that a powerful person from the Taiyin Star Territory was coming.

But in the end, when everyone's eyes were focused on Ye Feng, their eyes immediately became extremely surprised.

"The commander-in-chief is back!"

"It's Senior Brother Ye Feng!"

"Go and inform everyone that Senior Brother Ye Feng is back!"

At this moment, everyone in the entire war base camp cheered.

Although they have now established a very complete war base, it looks indestructible.

But once a superpower from the Taiyin Star Territory arrives, this seemingly indestructible war base will be destroyed in an instant.

But now Ye Feng is back!

All the soldiers in the war base camp, including the elite soldiers who were the core disciples of the Galaxy Holy Land, all had excited smiles on their faces.

Because in the minds of everyone, Ye Feng is a peerless genius with terrifying combat power, like the backbone of the entire war base camp.

Uh-huh!

At this time, an elegant man in white flew out from a mansion deep in the war base camp.

It is Sima Suantian, the great military advisor!

Sima Suantian flew in front of Ye Feng, smiled slightly and said, "It seems that Brother Ye has gained a lot from this trip."

Although Ye Feng did not deliberately reveal his cultivation aura.

But Sima Suantian is a rare soul master.

He could feel that the aura fluctuations on Ye Feng's body were many times stronger than before.

This shows that Ye Feng's cultivation has definitely improved many times this time.

Ye Feng smiled slightly and said: "I have gained a lot this time, but Sima

Brother, you have also done a lot of things. You have cast so many buildings out of an empty starry sky, and even connected the stars and the broken continent floating in the starry sky together to form a The indestructible war base camp provides our army with excellent logistical supplies. "

Sima Suantian laughed and didn't say anything more. He just looked at the black-robed figure beside Ye Feng.

At this time, Asura's whole body was covered by a wide black robe, and he looked majestic and majestic, like a huge dark magic tower, standing in the starry sky.

Sima Suantian wanted to investigate, but he found that his soul power had touched Asura's body, as if it had touched an endless abyss, dark and deep.

"What a terrifying feeling, unfathomable..."

At this time, Sima Suantian suddenly showed a hint of surprise in his eyes.

Because he couldn't see through the mysterious figure beside Ye Feng at all, as if he was facing a vast and endless dark abyss.

Ye Feng saw the horror in Sima Suantian's eyes and knew that Sima Suantian was probing Asura.

He couldn't help but send a message to Sima Suantian: "Brother Sima, the existence under the black robe is very scary. You should not explore at will. Let's return to the mansion in the war base camp now and I will tell you the truth."

Sima Suantian immediately nodded slightly and said to the two people in front of him: "We should hurry back to the mansion of the war base camp and discuss the recent gains and results. Elder Jian and many other elite teams have not returned yet. , maybe we still have to wait a while."

Ye Feng nodded, looked at Asura beside him, and said: "You can find a place to live in this war base. If you need any things or resources to restore your strength, just ask the waiters in this war base." , if we have it, we will try our best to provide it to you."

Asura's muffled voice came from the black robe: "Okay, if you need my help with anything, just let me know."

Uh-huh!

After the words fell, Asura jumped up and disappeared from the two of them, going somewhere unknown.

At this time, Sima Suantian took Ye Feng to the central mansion of the war base camp.

At this time, Sima Suantian couldn't help it anymore and asked aloud: "Ye Feng, who is this person you brought back? It feels so terrible to me, like a dark abyss. I just used my soul to After investigating, I felt that my soul had fallen into the infinite forever.

In the darkness, this person is absolutely terrifying. What is his identity? "

Seeing Sima Suantian's excited look, Ye Feng couldn't help but shook his head and said: "That's not our human race, but the emperor of the Star Demon Clan, Asura."

"Asura?!"

Sima Suantian had obviously heard of the name of this race, and he immediately jumped up in shock and said: "Brother Ye, you actually brought back a living Asura? This is an extremely vicious and evil creature. It will bring us great disaster."

Ye Feng smiled and held Sima Suantian's shoulders and said: "Brother Sima, there is no need to worry so much. That Asura is now taking orders from me and will not pose any threat to us."

When Sima Suantian heard what Ye Feng said, he couldn't help but be a little suspicious and said: "The extremely vicious Asura, but the emperor of the Starry Sky Demon Clan, is synonymous with disaster. How can he listen to your orders like that?"

Ye Feng smiled slightly and said: "You also saw it just now. The Asura stood behind me without saying a word, just like a loyal guard. So don't worry, I came back with an Asura. I will have a future with you." Dayong, this Asura will live in our war base. If he needs any resources, I will try my best to satisfy him. I need an extremely powerful help. "

Sima Suantian reacted immediately and said: "Brother Ye, do you mean to drive away wolves and swallow tigers? Do you want to use this extremely vicious Asura to deal with the common people?"

A smile flashed across the corner of Ye Feng's lips, and he said: "Ask Cangsheng? He has already been seriously injured by my sneak attack and escaped. Using a Demon King Asura to deal with Wen Cangsheng is simply overkill. Ask Cangsheng myself I can deal with this Asura. I need to use him to deal with the most powerful person in the ancient dragon world standing behind Wen Cangsheng, an ancestral dragon that has surpassed the ninth level of the Pure Yang Realm!"

Sima Shuantian's eyes were startled and he said: "The ancestral dragon of the ninth level of the Pure Yang Realm? So, Brother Ye, you have already encountered the most powerful person behind the common people before."

Ye Feng nodded and said: "That's right, that's why I didn't kill that Asura. Instead, I reached a cooperation agreement with this Asura. I rescued him and helped him regain his strength, and he helped me compete. Ask the ancestral dragon behind the people."

When Sima Suantian heard what Ye Feng said, he finally took a deep breath and understood everything.

He couldn't help but admire: "Brother Ye's cooperation with a vicious Asura is really amazing, but this is the only way now. After all, Elder Sword and Holy Master on our side are unreliable and too weak, and behind the question of the common people, there is not only the ancestor of Xinghe, the super master of the seventh level of the Dao Realm.

A master, and with the support of an ancestral dragon from the Pure Yang Realm Ninth Level in the Ancient Dragon Realm, it is indeed difficult to do so. Joining forces with Asura is the right choice, but only a genius like you, Brother Ye, can fight with Demons cooperate and can suppress such vicious people. "

Ye Feng smiled and said: "Let's not talk about this anymore. The most important thing now is to improve my own cultivation strength. Whether it is to scare Asura and prevent him from messing around, or to deal with the people who ask questions in the future, I need to do it as soon as possible. prepare for."

When Sima Suantian heard what Ye Feng said, his eyes showed a hint of helplessness, and said: "Brother Ye, we haven't actually plundered much blood from the battlefield of War City during this

period, because we have too few manpower. , the Taiyin Star Territory is vast, there are too few top geniuses who are willing to follow you, Brother Ye, and now there are only Elder Jian, leaving several top geniuses in the sky to fight outside, the speed is too slow, we need to recruit people, but the Galaxy Holy Land The other top beings are all loyal to the Celestial Society, which is difficult to deal with. "

Ye Feng also fell silent after hearing this.

really.

There are too few manpower on our side, which is indeed a big problem.

But now, most of the other top beings in the Galaxy Holy Land, whether they are the top geniuses or the top Supreme Elders, are in the Celestial Society and will not come to help him at all.

After all, in the minds of many people now, Ye Feng knows that he is far from comparable to Wen Cangsheng, the Three Emperors of Tiannan who have been famous for a long time.

Ye Feng was thinking, and suddenly thought of something at this moment, and said: "I have several other giants in the Tiannan Star Territory, and I have many friends. I will immediately look for them and ask them to join me and help me open up the world." The battlefield, the starry sky battlefield in the Lunar Star Territory, is also a huge benefit to them. After tempering in the war, they will become stronger and gain more training resources. "

At this time, Ye Feng already had several candidates in mind.

Nangong Muxue in the Holy Land of the Sea.

Xiao He, a good brother in the Demon Palace.

There is also the Ice Dew from the Danhuang Holy Sect who masters the extremely cold holy fire.

This core female disciple was innately awakened to the Extreme Cold Holy Fire and was extremely powerful. She once had an intersection with Ye Feng when they were competing for the Dragon Spirit Holy Fire.

Ye Feng felt that if she could promise to use the Dragon Spirit Holy Fire to help Binglu improve the quality of her Extremely Cold Holy Fire, she would definitely turn the conflict into friendship and be very willing to help him.

As soon as he thought of this, Ye Feng immediately said to Sima Suantian in front of him: "I want to return to the Tiannan Star Territory. You continue to develop here. I will soon bring you a few capable assistants to help our war base camp conquer the entire Taiyin Star Territory. !"

Chapter 1426 Don't wait

This trip returned to the Tiannan Star Territory, and Ye Feng chose to go alone.

Sima Suantian persuaded Ye Feng to take Asura, the demon emperor, with him.

Because Ye Feng is about to go to the major giant forces in the Tiannan Star Region, and it is very likely that he will encounter the elders and strong men of the major giant forces.

But Ye Feng felt that Asura's stay at the war base camp was most useful at this time.

After all, Asura is Ye Feng's biggest trump card. He needs to regain his strength quickly and quietly, so he is not suitable for running around.

In addition, with Asura, the demon emperor, sitting in the entire war base, Ye Feng felt relieved to leave.

If a super master from the Taiyin Star Territory comes to attack him, Asura can crush him to death.

Therefore, after comprehensive consideration, Ye Feng chose to return to the Tiannan Star Territory alone.

...

At this time, there is a starry sky area in the Tiannan Star Region.

There are countless meteorites here, floating in the endless dark starry sky.

There are hundreds of thousands of these meteorites, all of which emit a faint light. They seem to be pulled by some magical force and rotate around a huge living planet, just like a protective shield.

The surface of this living planet is not filled with the singing of birds and the fragrance of flowers. Instead, it exudes strong demonic energy. There are dark magic towers everywhere, and many people are practicing in them.

This is where the headquarters of the Tiannan Star Territory giant's "Temple Demon Palace" is located.

At this time, in a huge palace in the hinterland of the planet where demonic energy surged, several people surrounded a young man wearing a blue gown.

This man in blue shirt is Ye Feng's good brother Xiao He.

Xiao He came from the first universe to the Tiannan Star Region of this perfect universe, and his qualifications and luck are also extremely extraordinary.

Now he is in the Demon Palace,

It's also extremely easy to mix.

However, during this period, Xiao He encountered a lot of troubles.

Because the news that he and Ye Feng were friends was spread out for some reason.

But now Ye Feng has become the Son of God of the Galaxy Holy Land, and is completely on the opposite side of the Heavenly God Hui Wen Sheng.

The Celestial Society has many supporters not only in the Galaxy Holy Land, but also among the major giants in the entire Tiannan Star Region.

The few people surrounding Xiao He at this time were the supporters of the Heavenly God Society in the Heavenly Demon Hall.

These people are all core disciples in the Heavenly Demon Hall. Their cultivation strength is at the first level of the Eternal Realm, and they are already very powerful in the Tiannan Star Region.

At this time, this group of people surrounded Xiao He, who was only half a step into the eternal realm, and said: "Xiao He, you and Ye Feng are companions and friends. They come from the same place. Now the higher-ups of the Celestial Society want to arrest you and go to the Galaxy Holy Land. You It's better to just let it go."

Xiao He's eyes were extremely gloomy and he said: "You treat me like this, aren't you afraid that my brother Ye Feng will come and kill you all?"

"Hahaha!"

The group of core disciples of the Heavenly Demon Hall who surrounded Xiao He immediately laughed wildly, with a tone full of contempt, saying: "That Ye Feng is indeed powerful, but in front of Wen Cangsheng, he is just like an ant. Now according to Xinghe According to the information revealed by insiders in the Holy Land, Ye Feng and many people have fled the Galaxy Holy Land base camp. Apparently he was afraid of asking the people, so he ran away. It is said that he has left the Tiannan Star Territory, and he does not know where he is hiding. Damn it, hahaha! He's just a coward, what the hell."

"Oh? Who do you think I am? Who gave you the courage?"

Angry, dare to say such a thing. "

Suddenly at this moment, a sonorous and powerful young voice, carrying a great majesty, and the sound was extremely penetrating, suddenly sounded here.

"who?"

Almost at this moment, the faces of the few core disciples of the Heavenly Demon Hall who were originally disdainful changed and they looked behind.

They immediately saw an extremely young man in black descending from the sky not far away.

It's Ye Feng!

"You are...Ye Feng!"

"It actually happened!"

Although a group of core disciples of the Heavenly Demon Hall have not met Ye Feng in person, they have seen Ye Feng's portrait.

So they recognized it at a glance. The young man in black who came at this time was Ye Feng himself!

Because Ye Feng has become famous since he became the Son of God of the Galaxy Holy Land.

Throughout the Tiannan Star Territory, Ye Feng's portrait was circulated everywhere, so many people knew Ye Feng.

At this time, the core disciples of the Heavenly Demon Hall immediately became weak in their legs and feet.

The expression of contempt and disdain just now suddenly turned into panic.

Although these people are all core disciples and have powerful cultivation in the first level of the Eternal Realm, at this time they are facing Ye Feng who dares to challenge the gods.

The final news of the last core competition in the Galaxy Holy Land had already spread throughout the Tiannan Star Territory.

Who among the major forces doesn't know that Ye Feng, the divine son of the Galaxy Holy Land, was a ruthless man who directly killed the two vice-presidents of the Celestial Society. He even killed his adopted brother. He was extremely cruel.

.

So at this moment, these few core disciples of the Demon Palace, who were proud of themselves, immediately became weak in their legs and feet, and could not even stand up straight.

"Brother Ye Feng, why did you come to my Heavenly Demon Palace?"

At this time, Xiao He's eyes lit up and he immediately ran to Ye Feng's side. He didn't expect Ye Feng to come so quickly and by such a coincidence.

Ye Feng smiled slightly and said: "I came to the Demon Palace this time just to find Xiao He. I am now leading an elite army to fight in the vast second-level star field of the Taiyin Star Territory, but I lack helpers. I need Xiao He, follow me and lead the elite army to fight in the starry sky."

Xiao He's eyes moved, and then he smiled bitterly and said: "Ye Feng, my cultivation level is too low now, are you sure I can help you?"

Ye Feng laughed loudly and said: "Xiao He, your martial arts qualifications are very powerful. I have seen this for a long time. When I was in Longyuan Continent, I saw that your qualifications are unparalleled and you will definitely be extraordinary in the future. It's a pity that in this Heavenly Demon Palace, because you come from a small place, you are unable to stand out and do not receive abundant training resources. Naturally, you make mistakes at every step, and your martial arts qualifications are wasted. "

When Xiao He heard this, he couldn't help but nodded slightly and said: "There is indeed this reason. Ever since I entered the Heavenly Demon Hall, I feel that I have been marginalized and have no cultivation resources at all."

Ye Feng said: "So Xiao He, come with me now. I will give you more abundant resources, and your cultivation strength will grow immediately."

Xiao He nodded vigorously. He knew very well that Ye Feng's current status was absolutely qualified to say such things.

Xiao He suddenly looked at the group of core disciples of the Heavenly Demon Hall behind him, suddenly tore off the Heavenly Demon Hall disciples' clothes, threw them on the ground, and sneered: "This Heavenly Demon Hall, don't wait any longer!"

Chapter 1427 Demonic Heaven

The moment Xiao He finished speaking, he turned around and prepared to follow Ye Feng to leave the Demon Palace.

But at this moment, a very powerful energy wave suddenly came out of a glorious hall deep in the Demon Palace.

That is the fluctuation of cultivation level in the realm of enlightenment!

Very scary!

Buzz!

A figure walked out of the deep hall.

This person was covered with a layer of golden armor and had majestic features. He was a young man who looked powerful.

"It's you?"

At this time, Ye Feng's eyes suddenly moved.

He had a chance encounter with this person. .??.

Back then, Ye Feng had just entered the Galaxy Holy Land, and when he went to Tiannan Continent for training, he accidentally encountered a secret competition between Wen Cangsheng and another top talent.

The person in front of him at this time was the existence that he had secretly competed with Wen Cangsheng in the depths of the starry sky.

Xiao He's eyes changed slightly at this time, and he immediately said in Ye Feng's ear: "Ye Feng, this person is the president of the 'Demon Dragon Society', the largest disciple faction of our Heavenly Demon Hall, Mo Qingtian, very powerful, it is said that he once had a secret battle with Wen Cang Sheng, but lost to Wen Cang Sheng by one move. He is the third-ranked existence among the Three Emperors of Tiannan, and Wen Cang Sheng ranks first. "

In any case, to be known as the Three Emperors of Tiannan is already very terrifying.

This Moqingtian is very powerful, and the cultivation aura on his body is impressively that of the third-level Heavenly Realm of Demonstration Realm!

Mo Qingtian stared at Ye Feng coldly at this time, and said with a sneer: "Ye Feng, you are so courageous. You dare to openly enter the hinterland of my Heavenly Demon Palace. Outsiders are not allowed to enter here. Who dares to do so? Breaking in is a capital crime."

Originally, Mo Qingtian was still a little afraid of Ye Feng who dared to go against Wen Cangsheng.

But now, Mo Qingtian saw Ye Feng with his own eyes and sensed the aura of cultivation on Ye Feng's body. He was only in the tenth level of the Eternal Realm, and had not even entered the Dao Enlightenment Realm.

He immediately understood that the Ye Feng in front of him, the Son of God of the Galaxy Holy Land, was still very weak and had not grown up at all.

Therefore, Mo Qingtian's tone at this time had a kind of condescending indifference, and seemed to have a deep disdain.

Ye Feng's eyes were calm and he said: "Mo Qingtian, right? I advise you not to mess with me. I'm just here to take my brother away. I don't want any conflicts to occur, but I'm not afraid of conflicts either."

At this time, Ye Feng said, and a very powerful aura suddenly came out of his body.

Although his cultivation is currently at the tenth level of the Eternal Realm, Ye Feng's martial arts foundation is extremely powerful.

The aura released from him at this time was as majestic as a mountain and as majestic as the vast sea, able to compete with the Demon Qing Tian on the opposite side.

"snort!"

Mo Qingtian sneered

, seemed to intend to go against Ye Feng, and snorted coldly: "Do you think our Heavenly Demon Palace is a place where you can come and leave whenever you want? How can it be so casual! You trespassing on the important place of our Heavenly Demon Palace, you are a Now I will suppress and imprison you, and then give it to Wen Cangsheng, and maybe you can get some good chance magic weapons from Wen Cangsheng, hahaha!"

Mo Qingtian laughed at this moment, his tone full of disdain for Ye Feng.

After all, Ye Feng's tenth level of eternal realm cultivation is much lower than Mo Qingtian's third level of enlightenment realm.

Moreover, Mo Qingtian is very confident. He is one of the Three Emperors of Tiannan, and his combat power is extremely powerful. With his cultivation at the third level of the Proving Dao Realm, his combat power is absolutely comparable to the ordinary fourth level of the Proving Dao Realm, or even the fifth level. Chongtian exists.

At this time, Xiao He couldn't help but said: "Brother Mo Qingtian, I left voluntarily with Ye Feng. Ye Feng came here to find me, not to be an enemy of the Demon Palace!"

Xiao He wanted to plead for his brother Ye Feng. After all, the momentum of this Mo Qingtian really gave Xiao He an irresistible feeling of fear.

"Get out! What are you?"

But Mo Qingtian slapped Xiao He away with a slap.

"ah!"

Xiao He screamed, his body flew out like a broken sack, and hit a palace not far away. He was smashed to pieces and blood spurted out of his mouth.

Mo Qingtian sneered and said: "An ant-like thing dares to talk to me? I don't know who gave you the courage."

"You are presumptuous!"

But suddenly at this moment, Ye Feng roared loudly.

He saw Xiao He's miserable appearance not far away, and immediately a strong murderous intention boiled over, saying: "Mo Qingtian, you are so presumptuous that you dare to beat my brother in front of me. It seems that You are really determined to go against me. I didn't want to cause a bloody storm, but you are forcing me."

boom!

Ye Feng was not a good person either. At this moment, his whole body suddenly burst out with a mighty murderous aura, and he took action without bothering to talk nonsense, and he immediately killed Mo Qingtian on the opposite side.

The Demon Qingtian of this Heavenly Demon Palace is really deceiving people too much!

"Well done, I will directly suppress this ungrateful boy like you, the Son of God of the Galaxy Holy Land? Hahaha, in front of my eyes, it's just a joke!"

Mo Qingtian was very crazy. At this time, he laughed loudly and opened his palms. His five fingers suddenly turned into dark chains. On each chain, dense black gold grew out. Stab can kill the opponent in an instant

Cut to pieces.

"Dark Life Chain!"

This is Mo Qingtian's killing move. It is very powerful and its power is terrifying. Once released, the five fingers turn into five life-threatening dark chains, just like the iron chains of the abyss, pulling living beings into the endless... In the darkness of hell.

"Fancy!"

When Ye Feng saw this scene, he smiled coldly, and suddenly shouted: "Look at me breaking through all kinds of magic with one punch! Breaking the sky with one force!"

boom!

Ye Feng frantically circulated the power of chaos in his body. At this moment, he punched out, and the infinite chaos energy and chaos light burst out, condensing into a giant fist of chaos, which seemed to be able to blast away the sky and the earth with one punch, causing all things to rise and fall. .

"Boom!"

A terrifying roar sounded. ??

The five life-threatening iron chains displayed by Mo Qingtian were instantly shattered by the bombardment.

"ah!"

He howled immediately, all five fingers were shattered, and even a bloody hole was punched through his palm.

"Ye Feng! You haven't even entered the realm of enlightenment, how can you be so powerful?"

Mo Qingtian let out a cry of fear.

"So powerful!"

Xiao He, who was not far away, had eyes full of excitement and excitement.

He never thought that his brother Ye Feng would become so powerful in such a short period of time.

Even Mo Qingtian, who is one of the Three Emperors of Tiannan, is no longer a match for Ye Feng.

At this time, Ye Feng sneered and said: "Mo Qingtian, you stay in the Demon Palace all day, and you are already sitting in the well watching the sky. The outside world is changing with each passing day, and geniuses emerge in endlessly. You are lagging behind, and you have no idea how powerful I am. If you dare to confront me, I will reward you with death!"

"Red Demon Dragon Soul Technique!"

Ye Feng roared and displayed this half-step god-level inheritance.

hold head high! !

Accompanied by a majestic and sacred dragon roar, Ye Feng stretched out a hand, and a black sky-covering dragon claw covering the universe appeared.

The huge dragon claws, pitch black, like the claws of an ancient demonic dragon, were suddenly snatched from the sky. "Puff", "Puff", "Puff", three black dragon claws made of steel, pulled the demon away. Qingtian's entire body was pierced and nailed to the mansion at the core of the Heavenly Demon Hall.

"Elder brother is dead?"

At this moment, countless disciples from the Heavenly Demon Hall who came around to watch all had extremely horrified expressions on their faces, and their bodies were trembling.

Xiao He was also trembling, but he was trembling with excitement. Ye Feng's fighting power really surprised him!

Ye Feng's eyes were calm at this moment.

, grabbed Mo Qingtian's body with one hand and put it into the storage ring.

"Young man, although you are the Son of God of the Galaxy Holy Land, you are also too courageous. It seems that I want to take good care of an arrogant junior like you on behalf of the Holy Lord of the Galaxy Holy Land."

Suddenly at this moment, a majestic middle-aged man's voice sounded.

"What is this sound?"

Xiao He's expression suddenly changed and he couldn't help but said: "Ye Feng, this is the Demon Lord of the Heavenly Demon Palace! He is a super strong man who has reached the seventh level of the Demonstration Realm! He is a big shot on the same level as the Galaxy Ancestor of your Galaxy Holy Land! "

Ye Feng's eyes showed a hint of fear at this time.

Because indeed, the moment the Demon Lord finished speaking, an aura as huge as the power of God suddenly covered the entire earth.

A strong person at the seventh level of the Proving Dao Realm is indeed a forbidden super strong person in the Tiannan Star Region.

However, there was no fear in Ye Feng's eyes.

It's just a trace of fear.

For today's Ye Feng, as long as there is no pure Yang realm strongman who has surpassed the realm of enlightenment, there is no threat to his life.

So Ye Feng did not run away at this time, but came to Xiao He's side, then looked at the deep area of the Heavenly Demon Palace, and said indifferently: "The Demon Lord of the Heavenly Demon Palace, right? Okay, come out, how do you want to discipline me? ? Just come!"

"Be bold!"

At this time, a dozen guards wearing silver armor, all elites trained in the Demon Palace, armed to the teeth, like a dozen fighting machines, flew out from the depths of the Demon Palace.

"It's the Demon Lord's bodyguard!"

"It seems that the Lord Demon Lord is really angry this time, and he came out with all the guards."

At this moment, many disciples in the surrounding Heavenly Demon Hall could not help but show deep excitement in their eyes.

At this time, Ye Feng looked at the dozen Demon Lord guards. They were all at the tenth level of the Eternal Realm, comparable to a dozen Supreme Elders from the Galaxy Holy Land.

This is a very shocking lineup.

But it's a pity that it's not enough for Ye Feng.

"boom!"

Ye Feng waved his hand, and a violent hurricane blew all the more than a dozen top guards to the point where they could no longer stand still. They couldn't help but step back hundreds of steps before they stopped. , the faces of many guards suddenly turned ashen, and at the same time they were shocked, shocked by the terrifying strength of the young man in black opposite.

Ye Feng laughed loudly at this time and said: "Demon Lord, don't let your dozen or so so-called top bodyguards show off their embarrassment. They are not good enough in front of me. I can't be defeated through the crowd tactics. Demon Lord, you'd better show up on your own."

Chapter 1428 Demon Lord

At this time, Ye Feng's words must be said to be very domineering.

Just ask the Demon Lord of the Heavenly Demon Hall to show up in person.

This shocked everyone present deeply.

You know, the Demon Lord of the Heavenly Demon Hall is the top existence in the Tiannan Star Region.

Even the Supreme Elders from other giant forces, and even the Holy Lords from the major giant forces, must be polite when they see the Demon Lord in the Heavenly Demon Hall.

After all, in the Heavenly Demon Hall, the Demon Lord is the most powerful, comparable to the Galaxy Ancestor of the Galaxy Holy Land, and possesses a powerful cultivation level at the seventh level of the Demonstration Realm.

This is a very advanced level of cultivation, and it is almost the top level in the Tiannan Star Territory.

But now, Ye Feng, a junior, dares to directly contradict the Demon Lord, and even threatens to quarrel with the Demon Lord under the spotlight.

This really shocked everyone present.

"This Ye Feng is really too arrogant!"

"Even if I ask the common people to come, I'm afraid I won't dare to be so presumptuous towards the Demon Lord!"

"Although this Ye Feng is indeed powerful, even a son of god that has been rarely seen in the Galaxy Holy Land for thousands of years, he is still of the younger generation, and he is so presumptuous towards the strongest of the older generation. Isn't he afraid of being killed on the spot? ?"

At this moment, many disciples in the Heavenly Demon Hall were talking aloud.

Ye Feng looked around with a sneer at this time and said: "Perhaps in your minds, the demon lord is a high-ranking figure, a god-like existence who cannot disobey and resist, but to be honest, in my eyes, your demon The Lord is just a slightly stronger warrior, I'm not afraid at all."

Buzz!

Suddenly at this time, accompanied by a terrifying aura that covered the sky and the sun, a tall middle-aged man wrapped in pitch black armor, exuding demonic aura, emerged from the depths of the Demon Palace.

Came out.

This middle-aged man in armor who looks like a god and demon is the controller of the Tianmo Palace, a giant force in the Tiannan Star Region, the Demon Lord!

"See Lord Demon!"

"See Lord Demon!"

"..."

The moment the Demon Lord appeared, all the disciples of the Heavenly Demon Hall knelt on one knee.

Many of the elders and guardians of the Heavenly Demon Hall around them knelt down on one knee.

Everyone's movements were in unison and looked extremely harmonious.

Obviously, in the Heavenly Demon Hall, this Demon Lord is definitely a self-centered figure. Unlike the Holy Lord of the Galaxy Holy Land, he is still controlled by others. The Galaxy Ancestor is the real controller of the Galaxy Holy Land.

Of course, this is also related to his own cultivation strength. After all, this demon lord is a powerful being that can rival ancient figures like the Galaxy Ancestor.

The scene on the field at this time showed how noble the Demon Lord's prestige was in the minds of all the disciples and guardian elders of the Demon Hall.

Even Xiao He, a disciple who had already chosen to withdraw from the Heavenly Demon Hall, couldn't help but want to kneel down on one knee and salute when he saw the demon master's divine aura.

But at this moment, Ye Feng suddenly burst out with a super strong aura that was unyielding to the world and contained a huge martial arts will. Xiao He was so energetic that he stopped preparing to kneel down on one knee to salute.

The Demon Lord stared at Ye Feng at this time and said: "You are indeed a person. At a young age, you already have the vision and will to look down upon the big shots."

Ye Feng stared at

Although this Demon Lord was a little scared, he was not afraid. He just smiled and said: "Demon Lord, neither you nor I are big shots. The real big shot is the golden power that stands at the top of the pyramid in the northern region of our human race. The Northern Territory Temple is where the real big names gather. The Tiannan Star Territory we are in is just a small place in the Northern Star Territory of our human race. Compared with the entire starry sky of the universe, it is pitifully small. "

"Northern Divine Monastery?"

The Demon Lord's eyes changed slightly, he stared at Ye Feng, looked at it carefully, and said with some surprise: "You actually know about the Northern Divine Academy? It seems that you are not from a remote small town as the Galaxy Holy Land claims. Place, what is your identity?"

The Demon Lord didn't care at first, but when he heard Ye Feng say these words, he immediately became vigilant.

Although the Demon Lord is very self-centered, he also understands that outside the Tiannan Star Territory, the world is still very big, the universe is vast, and there are countless super big shots and powerful forces that he cannot afford to offend. .???.??

When Ye Feng saw the Demon Lord's appearance, he immediately knew that he had been bluffed by him.

In fact, Ye Fenggang only heard everything about the Northern Divine Academy from Asura, the emperor of the demon clan.

But obviously the effect was very good, even the top influential figures in the Tiannan Star Region like the Demon Lord were bluffed by him.

This time Ye Feng came to the Demon Palace mainly to pick up his brother Xiao He.

Therefore, unless it was absolutely necessary, Ye Feng did not want to fight against a super strong person like the Demon Lord in the seventh level of the Dao Realm for the time being.

Ye Feng was not afraid, but felt that it was unnecessary, because the demon lord couldn't kill him, but he couldn't kill the demon lord either.

If this demon lord is the same as the previous demon lord, Ye Feng has a sure way to kill him.

Yes, he has already taken action, and he doesn't talk nonsense now.

Ye Feng didn't want to waste time, so he spoke out at this time: "Demon Lord, you will know my identity in the future. I didn't come here this time to be an enemy of your Heavenly Demon Palace. I don't think you want me to be in your Heavenly Demon Palace either." Let's start a killing spree?"

When the Demon Lord heard what Ye Feng said, he couldn't help but chuckle and said: "No matter how powerful you are, you will never be my opponent."

Ye Feng grinned and said: "But you, Demon Lord, can't kill me. Mo Qingtian was targeting me just now and I killed him. My anger has gone away. I hope you, Demon Lord, will not make me angry again. Although I am not a demon." Even if you are your opponent, you can't kill me. If you anger me, I think I will massacre the entire Heavenly Demon Palace."

The Demon Lord's eyes changed and he said: "You...!"

Ye Feng looked at Xiao He and said: "Let's go, don't waste time, we need to find a few other people as soon as possible and return to the battlefield in the Taiyin Star Territory."

After saying that, Ye Feng ignored what the Demon Lord thought and took Xiao He directly out of the Demon Palace.

The demon lord was filled with terrifying murderous intent, surging around his body like an angry sea. Even the space could not bear it, and it cracked and shattered.

But the Demon Lord did not take action after all.

Because what Ye Feng threatened him just now might really happen.

The Demon Lord threw the rat weapon into a trap, so he could only choose to compromise and suffer a small loss. He couldn't bear to fight Ye Feng to the death. He couldn't help but sighed, "No matter how amazing and talented I am, I have met my opponent this time..."

At this moment, the Demon Lord was actually looking forward to who would control the Galaxy Holy Land in the future.

Is he a man of noble status who inherits the fate of the human race and the Ancestral Dragon Clan?

Or Ye Feng, the son of God who suddenly emerged?

Chapter 1429 Success

After leaving the Demon Palace, Ye Feng and Xiao He flew in the starry sky on a starship.

At this time, Xiao He still felt a dreamlike feeling.

He stared at Ye Feng beside him, with a hint of excitement in his eyes, and said: "Ye Feng, what have you experienced to become so powerful now? Even the aloof and solemn Demon Lord in the Demon Palace has He was so afraid of you that he finally chose to compromise and let us leave safely. "

Ye Feng said with a smile while driving the starship: "During this period, I have indeed experienced a lot of things and gained a lot."

Xiao He gave a thumbs up and said: "Even the Demon Lord is afraid of you, you should be more powerful than ordinary people now."

Ye Feng shook his head and said: "Not necessarily, if you ask the people, this person is definitely more terrifying than everyone in the world imagined. Not only is he powerful in his own cultivation, but he also inherited the fate of the human race and the ancestor dragon race. , there is even a powerful person in the Pure Yang Realm who has surpassed the Enlightenment Realm."

"The most powerful one in the Pure Yang Realm?"

When Xiao He heard this, his eyes were immediately startled and he said, "Is it an ancestral dragon from the ancient dragon world?"

Ye Feng nodded and said: "Yes, it is indeed an ancestral dragon from the ancient dragon world. It has a very high level of cultivation. I almost killed Cangsheng in a sneak attack in an ancient starry sky ruins, but in the end, A golden monstrous dragon claw crossed the interface barrier and fell directly from the sky, saving Wen Cangsheng. "

Xiao He's eyes showed a trace of alarm, and then he sighed: "That's a pity. If Ye Feng succeeds in your sneak attack, that would be great, but then the people do have great luck. Many times, they have saved themselves from danger and put themselves to death. And later in life."

Ye Feng nodded slightly, "This questioner is indeed extraordinary. He is the most difficult person I have encountered since I started practicing."

At this point, Ye Feng suddenly snorted coldly and said: "But when I grow up in the future, asking the people is just a stepping stone for me. I will kill them!"

Xiao He nodded immediately and said with excitement: "Yes, for you Ye Feng, the real big stage is the entire perfect universe. Asking the people is just a small obstacle."

Xiao He watched Ye Fengcong with his own eyes

From a small place, we have come step by step to what we are today.

So he knew very well that Ye Feng's future had unlimited potential. He was a child of luck and a peerless person with potential.

Xiao He said: "Ye Feng, are we going to the Sea Holy Land to find Nangong Muxue next?"

Ye Feng nodded and said, "That's right."

...

Three days later.

In Ye Feng and Xiao He's starship, there is another beautiful and generous girl figure.

It was Nangong Muxue.

The journey to the Sea Holy Land to find Nangong Muxue was quite smooth.

Because the environment of Poseidon Holy Land is very relaxed, it is not as sharp as the Demon Palace.

However, Ye Feng guessed that his domineering behavior in the Heavenly Demon Palace might have been passed on by the Demon Lord. The upper echelons of the Sea Holy Land already knew about it, so they did not dare to provoke him.

"Brother Ye Feng, who else should we look for next?"

Nangong Muxue was very happy at this time.

When she met an old friend from the past, she naturally felt more cordial.

Ye Feng smiled slightly and said: "I have another candidate, and that is a core disciple of the Danhuang Holy Sect, named Binglu, who once competed with me for the Dragon Spirit Holy Fire."

Xiao He's eyes moved and he said, "Is he Ye Feng your enemy?"

Ye Feng shook his head and said: "It's not an enemy. I originally didn't want to find someone I wasn't familiar with, but now I have no choice. That Ice Dew has awakened the Extreme Cold Holy Fire, and his talent is extremely powerful. Not only can he help me... The army refines a steady stream of high-quality elixirs, and her magic of using holy fire is also extremely powerful. I have experienced it before, and her combat power is also very powerful, so it plays a huge role in my strategy. "

Nangong Muxue's beautiful eyes flashed slightly, and she said: "The Danhuang Holy Sect is a very special giant force in our Tiannan Star Region. There are many great alchemists in it. The Danhuang Holy Sect is

It is rich in all kinds of high-quality elixirs, and there are countless powerful people in the force. Even in many other high-level star regions outside the Tiannan Star Region, there are strong men stationed there, just to get the top-quality elixirs from the Alchemy Emperor Holy Sect. "

Ye Feng smiled slightly, looked at Nangong Muxue beside him, and said: "Don't worry, we are not going to the Danhuang Holy Sect this time to fight, but to invite the core disciple Binglu. No matter how powerful the Danhuang Holy Sect is, , we don't need to worry too much, after all, I am now considered the Son of God of the Galaxy Holy Land, and I guess those people from the Alchemy Emperor Sect will be polite to me if they know that I am here."

"yes!"

Nangong Muxue's eyes suddenly lit up and she said: "Brother Ye Feng, you are now the Son of God of the Galaxy Holy Land. You have a high status. The Pill Emperor Sect is not a demonic force like the Heavenly Demon Palace. Maybe you will treat Brother Ye Feng like you?" The Son of God of the Galaxy Holy Land is very respectful."

Ye Feng heard this and immediately smiled and nodded.

This is the benefit of having a noble status.

If Ye Feng was just an ordinary disciple in the Galaxy Holy Land, even if he was a core disciple, he probably would not be welcomed in the Alchemy Emperor Holy Sect.

But now Ye Feng's identity is the Son of God of the Galaxy Holy Land.

The meaning is different.

Sure enough, the group caused quite a stir when they arrived at the Alchemy Emperor Sect.

After Ye Feng revealed his identity, Murong Ming, the young master of the Danhuang Holy Sect, brought a group of inner sect elders to specially welcome Ye Feng and invited Ye Feng into the inner hall of the Danhuang Holy Sect.

After all, the Tiannan Star Territory is currently engaged in a Star Territory War with the Taiyin Star Territory.

The star field war requires various elixirs to support the consumption of each army of soldiers.

Therefore, Galaxy Holy Land is the largest buyer of countless pills from the Alchemy Emperor Holy Sect in the entire Tiannan Star Territory.

For such a big buyer, the Son of God, who is equivalent to half of his successor, the Danhuang Holy Sect is naturally very polite.

After Ye Feng explained his purpose of coming, Murong Ming, the young master of the Danhuang Holy Sect, patted his chest and said: "I will make arrangements for the Son of God!"

With that said, Murong Ming directly summoned Binglu, a core disciple, and asked him to join Ye Feng's camp.

When Binglu came to the inner hall, she saw Ye Feng, her eyes couldn't help showing shock.

Then she couldn't help but said: "Ever since you took the Dragon Spirit Holy Fire from my hand, I knew that you would be extraordinary in the future, but I didn't expect that you would be so extraordinary and become the Son of God of the Galaxy Holy Land."

The young master of the Danhuang Holy Sect saw that the two people seemed to know each other, and immediately said happily: "Junior sister Binglu, do you know Ye Shenzi? That would be great! Now Ye Shenzi needs to form some powerful subordinates to help him in the battle Taiyin Star Territory, this is really an ambitious plan. I hope that Junior Sister Binglu can join Ye Shenzi's team with peace of mind and contribute to Ye Shenzi."

Ye Feng smiled slightly, looked at Murong Ming, and said, "Thank you very much, Young Sect Master."

Murong Ming chuckled and said, "Thank you for nothing. Ye Shenzi is too unconventional. Just buy more elixirs from our Alchemy Emperor Sect in the future."

Ye Feng laughed loudly and said: "Okay, I want to conquer the entire Taiyin Star Territory this time, and I need a huge amount of pills as a reserve for the army. This time I just bought it from the Pill Emperor Holy Sect."

Ye Feng killed many strong men during this period and obtained many of their storage spiritual rings. The wealth among them was huge, enough to consume the rest of the army.

In this way, Binglu joined Ye Feng's team.

Even Ye Feng himself felt that this process was very smooth. He originally thought that he would have to spend more words, but he did not expect that the young master of the Danhuang Holy Sect was very good at doing things.

the next day.

"boom!"

Accompanied by a huge roar.

Ye Feng drove his golden starship and took Xiao He, Nangong Muxue and Binglu towards the direction of the Taiyin Star Territory.

This time, Ye Feng secretly made up his mind to fight again and again at all costs. He must completely transform and break through to the realm of enlightenment!

Only by breaking through to the realm of enlightenment can you truly be qualified to challenge the common people in their heyday!

Chapter 1430 Blood Energy

The speed of the starship is very fast, like a meteor streaking across the vast starry sky.

On the seventh day, Ye Feng piloted the starship and finally arrived at an edge of the Lunar Star Territory.

This edge is where Ye Feng asked Sima Suantian to establish a base.

From a distance, Ye Feng saw that many stars and suspended continents were connected together by a large formation, forming a war base.

Xiao He, Nangong Muxue and Binglu who were on the starship saw the war base that stretched like a steel city, and they were all shocked by the majestic scene in front of them.

Xiao He couldn't help but said excitedly: "Ye Feng, all of this belongs to you?"

Ye Feng laughed and said: "Of course, these are all the elite disciples I brought from the Galaxy Holy Land to form an army, and there are countless other aspiring people from the Tiannan Star Region who have joined me."

Xiao He said: "It's so spectacular. I didn't expect that one day I would be able to enter such a huge war base and become the commander."

Ye Feng took back the starship at this time and brought several people to the war base camp.

This time Ye Feng did not deliberately reveal his aura, but simply passed through the entrance of the war base camp and flew straight towards the central mansion of the war base camp.

On a planet, there stood a tall vermilion hall.

This is the core of the war base camp and where the major commanders command.

When Ye Feng came here, he directly sensed Sima Suantian's aura in it.

Ye Feng immediately spoke out: "Brother Sima, I'm back and I've brought back three right-hand men. You can make arrangements for them."

Uh-huh!

Sima Suantian's figure in elegant white clothes walked out of the central hall in an instant.

He was very happy to see Ye Feng's return and said: "Brother Ye, you are finally back. Now is the time when we are short of people. Ever since the news of Wen Cangsheng's escape from the ancient ruins of the Starry Sky was severely injured, the entire Tiannan Star Territory has countless members of the Celestial Society are panic-stricken. Many warriors from the Tiannan Star Region have begun to take refuge with us. Brother Ye, you, the Holy Land of the Galaxy,

Son of God, our team is getting bigger and bigger, but we lack a commander-in-chief. "

Ye Feng was a little surprised by this news. He didn't expect that the news about Wen Cangsheng's serious injury and escape would be known to everyone, and now it is known to the whole world.

But that's a good thing.

Ye Feng looked at Xiao He, Nangong Muxue and Binglu behind him, and said: "You guys have come to meet Brother Sima. Brother Sima was the war strategist of the Taiyin Star Territory back then. Now he has become my friend, and he is also on our side. He is a military advisor. You just need to follow his arrangements in this war base. I need to retreat and attack the realm of enlightenment with all my strength. I may not have the energy to care about things outside. "

At this time, Xiao He immediately patted Ye Feng on the shoulder and said: "Ye Feng, just feel free to practice. Leave the rest to us. We will fight hard and plunder the abundant resources of the Taiyin Star Territory for you to practice with."

Nangong Muxue also smiled and said: "Brother Ye Feng, you can rest assured and practice in seclusion."

Binglu also nodded slightly and said: "Ye Feng, your current opponent is the terrifying Wen Cang Sheng. When Wen Can Sheng returns to full strength, there will be a complete war, so there is not much time left for us. I Although I am a member of the Danhuang Holy Sect, I will try my best to help you."

Ye Feng nodded and said, "Okay, thank you all."

Uh-huh!

At this moment, Ye Feng immediately jumped up to a dark red star above his head.

Sitting on the barren surface of this star, Ye Feng began to call for an existence.

"Buzz!"

And at the next moment, Asura's tall body appeared.

At this time, the dark lines of demonic energy on his body became more and more obvious, and the energy fluctuations on his body became more and more terrifying.

Obviously, during this period of time, Asura has recovered a lot of strength in this war base camp.

Asura said: "You call me

What's matter? "

Ye Feng said: "I need to practice in seclusion on this star. As my guardian, you patrol around this star and cannot let anyone get close to me, not even my friends."

In the following training, Ye Feng needs to concentrate on breaking through to the realm of enlightenment, so there can be no interruptions.

If Asura eats a poison-eating insect, it will not kill him.

Moreover, Asura himself is extremely powerful and is just suitable to be his protector.

Hearing this, Asura nodded and said, "Okay, you can practice with peace of mind."

Uh-huh!

After saying that, Asura jumped up, and his tall and majestic body floated on the top of the star. He stood in the starry sky and overlooked the entire star surface.

Ye Feng nodded with relief and then sat down cross-legged.

Buzz!

At this time, Ye Feng took out Mo Qingtian's corpse from the storage spirit ring and swallowed it directly.

"boom!"

Suddenly, a huge amount of blood energy and powerful skills were integrated into Ye Feng's body.

But this was far from enough. Ye Feng only felt that his skill had only increased a little.

"For me, it is too difficult to break through to the realm of enlightenment, such a big realm."

Ye Feng couldn't help but laugh bitterly at this time.

This "difficulty" is not the difficulty of having a cultivation bottleneck.

Instead, it requires a terrifying amount of energy.

At this time, Ye Feng's soul power communicated with Sima Suantian in the War Base Camp Under One Star, and said: "Brother Sima, transfer all the battlefield blood energy stored in the War Base Camp during this period to me, and All the battlefield weapons and magic weapons collected are also sent to me."

"good!"

Sima Suantian in the mansion under the stars received Ye Feng's soul power transmission, and immediately nodded and started to prepare.

Just this afternoon.

The star where Ye Feng is

At the bottom of Chen, a huge storage box was opened.

"boom!!"

A blood-red sky-reaching light column suddenly erupted from inside.

It was the blood energy light column condensed from the infinite majestic battlefield blood energy, and it suddenly enveloped the star floating at the top.

Ye Feng immediately saw that the star where he was was shrouded in endless battlefield blood.

"What a majestic and powerful blood!"

Ye Feng's eyes were extremely excited.

He created this army to fight in the entire Lunar Star Territory just for this day.

"Devouring the Realm!"

Ye Feng suddenly released his Devouring Domain at this moment.

Buzz!

Suddenly, a dark and endless devouring field appeared around Ye Feng, covering several kilometers in radius.

"Boom boom boom..."

Streams of majestic and vigorous blood were instantly swallowed up by the dark devouring realm around Ye Feng, and then quickly transformed into pure energy and injected into Ye Feng's body.

"ah!"

It was a kind of terrifying majestic blood energy, equivalent to the blood of tens of millions of warriors. It rushed into Ye Feng's body at once. The huge swelling made Ye Feng couldn't help but look up to the sky and howl. He just felt His body is about to explode.

But Ye Feng held back and quickly devoured the endless blood energy.

Because this is the fastest way to break through the bottleneck and step into the realm of enlightenment!

Asura, who was protecting the law in the starry sky, could not help but show a trace of surprise in his eyes when he looked at Ye Feng's cultivation breakthrough method.

"What kind of inheritance does this boy practice?"

Asura thought to himself.

Even if he lived for endless years, he still couldn't tell where Ye Feng's inheritance came from.
