Chapter 1451 Demon

In the martial arts square, Ye Feng and Bai Xiaohua were discussing.

A white-haired elder announcing a mission on a high platform suddenly spoke up: "Everyone, I am announcing something very important now."

Uh-huh! Uh-huh! Uh-huh!

Almost at the moment when the white-haired elder finished speaking, tens of thousands of disciples and students of the Northern Territory Seminary who were selecting tasks in the entire martial arts square all turned their eyes.

Many disciples looked very surprised, because this was the first time they saw a high-ranking elder taking the initiative to announce something.

It seems that this matter must be very important and urgent.

At this time, the white-haired elder pointed to a mission panel not far away and said: "In the territory of Tianchen Star Territory, traces of the core figures of the Demon Clan and the Demonic Poison Sect have appeared. This incident has caused a stir. The upper echelons of our Northern Divine Seminary are highly concerned, so this time the upper echelons issued a special order for this mission, that is, the head of an ordinary member of the Demon Clan or the Demonic Poison Cult is worth one divine crystal, except for In addition, who can kill the Poison Master, the Skeleton Taoist, the Demonic Sword Scholar, and the Poisonous Scorpion Princess, and then carry their heads back to the Northern Temple. The heads of such core figures of evil and evil ways are of great value. One hundred divine crystals!"

"One hundred divine crystals!"

After everyone heard the elder's words, their eyes showed great excitement.

The entire martial arts square immediately fell into a commotion.

Divine Crystal, this is definitely an extremely precious cultivation resource for many disciples.

At this moment, many people were looking at the mission panel of the Tianchen Star Territory, writing down the coordinates of the starry sky, and preparing to go to the Tianchen Star Territory.

At this time, both Ye Feng and Bai Xiaohua had a hint of surprise in their eyes.

Unexpectedly, a high-status elder personally came out to announce the mission they had just chosen.

Bai Xiaohua couldn't help but sigh.

: "This time, not only the disciples of the outer court, but also many masters of the inner court may go to the Tianchen Star Territory to kill the core figures of the Heavenly Demon Clan and the Demonic Poison Sect."

Ye Feng nodded and said, "I don't know if Sister Su Su is going."

Bai Xiaohua said: "Yesterday I went to Sunu Mountain and found that the Amethyst Palace and the clan leader were missing. Maybe they have already gone."

Ye Feng's eyes moved and he said: "Then let's hurry up and set off. This time many powerful masters will go. Although we new disciples are weak in cultivation, the more chaotic the better, maybe we can take advantage of the chaos to get huge opportunities. "

Bai Xiaohua said: "Yes, I think so too. The more chaotic it is, the more profitable it will be for us newcomers and disciples at the bottom."

Ye Feng and Bai Xiaohua walked directly towards the outside of the Northern Territory Seminary.

This time when he went to the Tianchen Star Territory, Ye Feng not only wanted to get a share of this chaos, but the most important thing was to find Sima Suantian and then learn from his master how to connect his soul to the Shenxu Realm. get.

In this Northern Divine Academy, each of the disciples has their own trump cards, and they are all extremely powerful.

In addition to martial arts methods, Ye Feng naturally wanted to improve his soul master's power.

In this case, Ye Feng can protect himself at all times.

afternoon.

"boom!"

With a roar, Ye Feng and Bai Xiaohua took a starship, and immediately soared from the edge of the Northern Divine Academy into the starry sky.

"The Tianchen Star Territory is very far away. Our trip may take several months."

Bai Xiaohua said aloud in the starship at this time.

Ye Feng's eyes flashed and he said: "When Sister Su Su took me to the Northern Divine Academy, I crossed hundreds of millions of miles of starry sky in one moment. What level of starry sky ship is that?"

Bai Xiaohua's delicate little face showed a look of envy, and said: "That is a special starship that can only be obtained by the core figures in the inner courtyard of our Northern Divine Academy. That kind of starship is refined by the master of the weapon refiner and has 'micro-insects' on it." The "hole transporting god-level formation" can consume a huge amount of divine crystals to create a micro-wormhole passage that penetrates the entire universe and travels through the endless and distant starry sky in an instant."

"Microwormhole transporting god-level formation?"

When Ye Feng heard this, he immediately felt a little confused. He didn't ask any more questions and just meditated in the starship with peace of mind.

More than a month later, the starship shuttled through vast star fields and finally landed on the surface of a huge planet.

At this time, Ye Feng and Bai Xiaohua walked out of the starship. They were surrounded by green mountains and green water, and the blue sky was high in the sky.

Bai Xiaohua couldn't help but said: "This planet is called Tianchen Star, and it is the main area of Tianchen Star Territory. Why doesn't it look like it was invaded by evil spirits?"

Ye Feng suddenly smelled something at this time, and immediately flew in a certain direction, saying: "There seems to be something going on over there, let's go take a look."

"good."

Bai Xiaohua knew that Ye Feng had very strong senses, so she immediately followed him.

Half an hour later, the two stood on a mountain peak.

At this time, in front of them, in the huge valley, there were piles of corpses everywhere, including human beings, orcs and monsters, and the smell of blood was soaring to the sky.

"It must be those evil spirits who did it in a crooked way!"

Bai Xiaohua looked at the blood in front of his eyes

The fishy scene was very sad and angry.

Ye Feng is much more calm. He has experienced too much, and few things can make him feel sad and angry.

At this time, Ye Feng calmly analyzed: "There might be Heavenly Demon Clan or disciples of Demonic Poison Sect living in this valley."

Bai Xiaohua also suppressed the anger in his heart at this moment. After hearing Ye Feng's analysis, he couldn't help but nodded and said: "Maybe there is a demon using these corpses to refine some evil treasure."

Suddenly at this moment, a cold sneer suddenly came from not far away.

"Jie Jie Jie! I didn't expect the disciples from the Northern Divine Academy to come so quickly. My magic weapon has not been successfully refined yet. What should I do? It seems that I can only kill both of you. One and a half steps pure Yang Realm, a Pure Yang Realm first level. It seems that you are the new disciples of the Northern Territory Temple. You are really just a newborn calf who is not afraid of tigers."

Buzz!

At the end of the distant sky, a large group of black bats floated over immediately.

The moment these black bats came over, a strange young man wearing a blood-red robe suddenly appeared, his eyes filled with dark light.

The demonic cultivation level in his body is impressively that of the third level of Pure Yang Realm!

"The black bat... this is not a demon practitioner from the Demonic Poison Sect, but a real demon! It is said that all the demons of the demon tribe can transform into various forms, ever-changing, very powerful, and impossible to guard against!"

At this time, Bai Xiaohua stared at the strange young man high in the sky, and immediately couldn't help but change his expression.

"The real Heavenly Demon? Is this the creature from the Heavenly Demon Clan that makes countless people fearful? The most top-notch and largest demon race among the Starry Sky Demon Clan!"

Ye Feng suddenly stared at the demon master not far away, and it was unclear whether the look in his eyes was fear or excitement.

Chapter 1452 On a whim

The strange young man wearing a blood-red robe is a master of the Heavenly Demon Clan who has reached the third level of the Pure Yang Realm.

He is not a human being, but a creature from the most powerful and weird demon clan in the universe.

The creatures of the Demon Tribe can all take on various forms, such as the black bat that the strange young man turned into before.

This is the weirdness of the Demon Clan, which makes it difficult for people to guard against it.

Maybe a dark cloud floating in the sky was transformed into a demon creature.

At this time, Bai Xiaohua took action immediately without any hesitation.

"Uh-huh!"

A red sword with shining aura appeared in her hand. She stabbed out with the sword. Suddenly, like a rainbow piercing the sun, the red sword light like a blazing flame hit the devil in front of her in an instant.

"A little girl in the first level of the Pure Yang Realm dares to attack me. I'm really tired of living. But seeing how tender and tender you are, I won't kill you first, I will imprison you, and then serve me every day! Hahaha!"

This demon laughed loudly, his eyes full of greed and cruelty.

"boom!"

He stretched out a hand, and that hand immediately turned into black bats.

"Click, click!"

These black bats all had sharp steel teeth, and the densely packed bats chewed up the red sword in Bai Xiaohua's hand to pieces in an instant.

"What?"

Bai Xiaohua was shocked. He didn't expect that the swordsmanship that he was proud of and the sword that was given as a gift to new disciples by the seminary would be broken into pieces all of a sudden.

"Jiejie, beautiful human race, you are mine!"

This demon immediately grabbed Bai Xiaohua.

"boom!"

But suddenly at this moment, a large piece of golden flame suddenly enveloped this demon.

It was Ye Feng who released the flames from the side, forming a sea of fire and covering the demon.

When this demon saw the flames released by Ye Feng, a human warrior who was only half a step into the Pure Yang realm, he immediately smiled disdainfully and said: "It's ridiculous that a mere ordinary fire wants to harm a great race of demons like me.ah!!"

But before the demon could finish his words, the golden flames enveloped his entire body in an instant, and then began to burn violently.

This demon only felt that his demon energy was being burned rapidly by the golden flame, causing tremendous pain.

"What? How is it possible? The energy of my heavenly demon origin is the royal energy of the heavenly demon clan. Even the immortals and Buddhas in the world of heaven and world cannot harm me. How could you, a boy like you, harm me? What a flame!"

This demon was frightened at this moment.

His body turned into countless bats and flew towards the distance, but each bat was burned by the golden flames and could not extinguish the flames at all.

Ye Feng smiled indifferently at this and said: "I am the top holy fire. It can burn everything in the world. Naturally, a demon from the third level of Pure Yang Realm cannot extinguish my holy fire."

"Holy fire?"

The beautiful eyes of Bai Xiaohua beside him showed a look of surprise and said: "Ye Feng, you actually control a kind of holy fire. You must know that the holy fire is the nemesis of the Demon Clan! That's great!"

r\u003e

"Ahhh!"

At this time, the demon not far away had been burned until only the last bat remained.

That bat carries the last soul of this demon.

He was screaming and begging for mercy: "Lord Holy Fire! Spare me! Spare me!"

"Pfft!"

But Ye Feng's eyes were calm, and he stretched out his hand to hold it in the air. The last bat was immediately a dead bat with its body split open and burnt to black.

"Bang!"

At this time, countless bats that were burned to death unexpectedly reorganized themselves into a charred corpse and fell from the sky.

It was the corpse of that demon!

At this time, Ye Feng walked over and put the corpse of the demon into the storage ring.

Bai Xiaohua was a little curious and said: "This kind of demon corpse still contains a very strong aura of the demon, which can easily affect the mind of our practitioners. Even someone with the blood of the immortal clan like me will find it difficult to resist. If you want this What is the corpse of a demon doing all harm but no benefit to?"

Ye Feng smiled and just explained casually: "I have the holy fire, and the corpse of the demon can be used to refine some special elixirs."

"Refining special elixirs?"

Bai Xiaohua's eyes showed doubts.

But she didn't think much about it. After all, Ye Feng did possess the Holy Fire and was a Holy Fire Alchemist.

At this time, he discovered that Ye Feng was actually a Holy Fire Alchemist, which surprised Bai Xiaohua.

She had never seen that Ye Feng actually had such a powerful trump card.

At this time, after Ye Feng put the corpse of the demon into the storage ring, he secretly devoured the corpse of the third-level pure Yang realm demon from the storage ring.

It had to be said that Ye Feng felt that it would be difficult for him to kill this demon if faced with a head-on challenge.

But this time, he was very lucky. His Dragon Spirit Holy Fire was the nemesis of the Heavenly Demon Clan. The sneak attack was successful and he directly burned a powerful Heavenly Demon alive.

I have to say that this rare demon died in a very depressing manner.

"boom!"

The energy in the demon's body is a very high-level energy.

At this moment, Ye Feng swallowed it up. After integrating the demon energy into his body, he directly felt that his skill had transformed.

"boom!"

A new and huge momentum suddenly broke out in Ye Feng.

That's the momentum of a breakthrough!

At this moment, Ye Feng's cultivation finally broke through the half-step of Pure Yang Realm and successfully entered the first level of Pure Yang Realm!

"What?"

Ye Feng's breakthrough was something he didn't even expect. He had to say that the demon was a great help.

Therefore, Ye Feng did not suppress his momentum of breakthrough at this time.

Bai Xiaohua next to him was frightened by the sudden burst of pure Yang realm first-level cultivation aura from Ye Feng.

Her delicate face was full of shock

, stared at Ye Feng and said: "Ye Feng, did you... just suddenly achieve a breakthrough in cultivation?"

Ye Feng said: "It seems... right."

Bai Xiaohuazai looked at Ye Feng carefully and said, "Why did you suddenly achieve a breakthrough in cultivation?"

Ye Feng spread his hands and said, "I don't know, maybe I made a breakthrough on a whim." ??

"Whim.....?"

Bai Xiaohua suddenly showed a look of astonishment on his face.

Others achieve breakthroughs by working hard, accumulating, and being careful and cautious.

But Ye Feng's breakthrough was actually achieved on a whim?

This is so irritating!

Bai Xiaohua had accumulated it for several years, and then refined an entire star ore vein before breaking through to the first level of Pure Yang Realm.

At this time, she stared at Ye Feng and couldn't help but said: "Now I understand more and more why the patriarch loves you so much. You have so many secrets that are really unpredictable."

"Rumble..."

And just when Bai Xiaohua stared at Ye Feng and felt a little hairy.

Suddenly, a huge golden War City ship flew over from a distance.

At this time, a tall young man wearing white jade armor and holding a white jade war spear was standing at the forefront of the golden war city, overlooking the entire mountains, rivers and land, looking extraordinary.

"It's the Golden Stone Platform!"

Bai Xiaohua's eyes moved slightly.

"Jinshitai? Who is it?"

Ye Feng also turned around and looked up at the sky behind him.

And it was this look that made Ye Feng's heart skip a beat.

The tall young man standing at the forefront of the Golden Battle Formation City turned out to be the captain of the temple guard team that Ye Feng met when he first entered the Northern Territory Temple. He was a master of the ninth level of Pure Yang Realm.

"The captain of the escort team, named Jinshitai, is actually him!"

Ye Feng thought of how he secretly killed six members of the escort team when he was practicing on a certain small interface.

Those six members of the escort team were ordered by the captain Jin Shitai to snatch the more than a thousand divine crystals on his body.

"But I am the only one who knows that I killed six members of the escort team. This Jinshitai certainly doesn't know either, and he certainly won't suspect that it was me who killed him, because I was only at the level of enlightenment at that time. , it is impossible to kill six pure Yang realm third-level guard masters alone."

Ye Feng thought quickly in his mind. At this time, he was unlucky enough to encounter Jinshitai, who had also come to the Tianchen Star Territory. He could only say that he was unlucky.

At this time, Jin Shitai, the guard captain of the ninth level of Pure Yang Realm, obviously noticed Ye Feng and Bai Xiaohua below.

"Um?"

In an instant, he controlled the huge and towering golden battle formation city to land.

Jin Shitai looked at the two of them with an indifferent expression and asked aloud: "Did you come with Senior Sister Bai Susu?"

"us....."

Bai Xiaohua was about to say something.

But Ye Feng immediately responded and said: "Sister Su Su is chasing her behind the valley not far away.

A ferocious demon should be back soon. "

"Bai Susu is really here?"

Jin Shitai's eyes showed suspicion.

But at this time, he glanced in the direction of the valley, his eyes flashing slightly.

Indeed, there are countless dead bodies in the valley, which should be the work of demons or evil people.

"Since Bai Susu is here in this area, I won't bother you."

Jin Shitai glanced at Ye Feng coldly, then drove the Golden War City and left quickly.

Obviously, he is very afraid of the great master Bai Susu.

And Ye Feng saw murderous intent in Jin Shitai's last look.

He immediately understood that if he hadn't just thought out of his wits and said that Bai Susu was here to scare Jin Shitai away, perhaps Jin Shitai would have silenced both himself and Bai Xiaohua.

Bai Xiaohua looked at Ye Feng at this time and said with some confusion: "Ye Feng, the clan leader is not here at all. Why did you deceive that senior brother Jinshitai?"

Ye Feng looked at Bai Xiaohua, smiled helplessly, and could only tell Bai Xiaohua everything that happened in the small interface before.

After hearing this, Bai Xiaohua was so frightened that he broke out in a cold sweat and said, "When we were mining on that small interface, if it weren't for you Ye Feng, we would have been killed and silenced by six guards masters?"

Ye Feng nodded and said: "Yes, the more than a thousand divine crystals on my body now are simply a crime of harboring treasures. Even if the Jinshitai didn't know that I killed the six masters of the escort team, he encountered it again I definitely want to continue to kill me and take back all the more than a thousand divine crystals."

Bai Xiaohua couldn't help but said: "Then what should we do?"

Ye Feng thought for a while and said: "Now I use the name of Sister Su Su to scare the Jinshi Platform away, but this is not a long-term solution. We now walk in the opposite direction of the Jinshi Platform, and then quickly Improve strength."

At night, Ye Feng and Bai Xiaohua crossed a distant area and came to a land of glaciers and snowfields.

There are goose-feather-like snowflakes floating on the sky here, and the ice and snow on the ground are condensed together, making it very cold.

However, Ye Feng and Bai Xiaohua are both pure Yang realm warriors. Their bodies and blood are as strong as a big oven, and they are not afraid of this severe cold at all.

"We've been traveling all day, let's take a rest."

Bai Xiaohua was a little tired. After all, she had been driving the starship for more than a month in the Tianchen Star Territory, which consumed a lot of mana and mental energy.

Ye Feng nodded at this time, and took out a small wooden house from the storage ring. It was cast when he was free, kept it in the storage ring, and carried it with him.

Ye Feng said: "Xiao Hua, this cabin has a bed made of monster furs and a wood-burning fireplace to warm up. You can go in and have a rest. I will keep watch outside. After all, there might be something in this ice field. Evil beasts are out."

Bai Xiaohua stared blankly at the warm bed and the firelight of the fireplace in the small wooden house. Then under Ye Feng's stunned expression, the girl tapped his face.

"Ye Feng, you are the first person to be so kind to me in all these years. Thank you."

After Bai Xiaohua finished speaking, her graceful figure had already entered the cabin. She did not close the door completely, but just kept it ajar, as if she was waiting for something.

Chapter 1453 White Bone Skeleton Giant

"Bang" sound.

Ye Feng walked over and closed the door of the cabin that was not closed tightly.

He couldn't help but shook his head and smiled, "What a careless girl. She didn't know how to close the door tightly in such a heavy snowstorm, but maybe she was too tired."

Ye Feng murmured, then sat in a patch of snow next to the wooden house and began to meditate.

"Buzz!"

At this time, Ye Feng took out a crystal that exuded a faint divine light from the storage spirit ring. It was a divine crystal.

There are more than a thousand divine crystals in his storage spirit ring. .??.

At this time, Ye Feng thought of the cold murderous intention that Jin Shitai, the captain of the escort team, had towards him.

"Jinshitai is a strong man at the ninth level of Pure Yang Realm. Even if I summon the future body of Dzogchen, I may not be able to kill him. Jinshitai, the top genius of the outer courtyard of the Northern Divine Academy, has all kinds of things on his body. There are many ways to attack and save your life."

Ye Feng murmured at this time.

When they met Jin Shitai before, Ye Feng used Bai Susu's name to scare away the guard captain.

The main reason why he did not choose to kill Jin Shitai himself was because he was afraid that he would not be able to kill Jin Shitai completely, thus alerting the enemy. It would be difficult to kill Jin Shitai in the future, because Jin Shitai must have been wary.

In addition, another reason is that the summons of Dzogchen's future body will consume a huge amount of Ye Feng's own skills every moment and every second.

Especially as Ye Feng's cultivation level continues to improve, the consumption is getting bigger and bigger, because the energy carried by Dzogchen's future body is getting bigger and bigger.

If you think about it, you will know that the gap between the first level of Pure Yang Realm and the tenth level of Pure Yang Realm is definitely much larger than the gap between the first level of Pure Yang Realm and the tenth level of Proving Dao Realm in the previous realm.

Although the Dzogchen future body possesses Dzogchen cultivation in every realm, it cannot perform various martial arts moves. It only has the power of the tenth level of Pure Yang Realm.

If the golden stone platform cannot kill him in a short time, when his power is exhausted, it will be his death.

Therefore, after considering it, Ye Feng did not risk summoning the future body of Dzogchen at that time.

"If my own cultivation level is not the first level of Pure Yang Realm, but breaks through to the fifth or sixth level of Pure Yang Realm, then together with the future body, I am absolutely 100% sure to completely kill that Jinshi Platform. Let him have any chance to escape!"

Ye Feng thought about it and then began to absorb the divine crystal in his hand.

Now that Ye Feng has entered the first level of Pure Yang Realm, he can finally absorb the divine energy from the divine crystal.

"boom!"

At this time, when Ye Feng began to absorb it, he felt it in an instant

An extremely majestic divine power was absorbed from the divine crystal and injected into his body.

At this moment, Ye Feng felt that the small piece of divine crystal he held in his hand seemed to contain a long river of spiritual energy, and the energy was simply surging to the extreme.

"It is worthy of being a divine crystal that surpasses fairy crystals. Each of these small stones seems to contain a long river of spiritual power, and it is also full of very high-level divine substances. It seems that these divine crystal veins, really fell into the starry sky of the universe after the legendary God Realm was broken."

After Ye Feng muttered something, he began to continuously absorb the divine power in the divine crystal, accumulating skills and cultivation, which was growing rapidly.

With the devouring domain, Ye Feng devoured, refined and absorbed the divine crystals very quickly.

By the second half of the night, Ye Feng had devoured nearly thirty divine crystals.

This speed is already very fast.

You know, for an ordinary pure Yang realm warrior to absorb all the energy from a divine crystal, it would probably take half a month.

But Ye Feng spent half the night absorbing and refining more than thirty pills.

Even though Ye Feng's body was like a bottomless pit, the majestic power of more than thirty divine crystals allowed Ye Feng to break through an entire sky.

Now his cultivation has been successfully accumulated and transformed to the second level of Pure Yang Realm.

Ye Feng looked up at the sky and found that the sky was still dark and the moon and stars were sparse.

It was still early, and Ye Feng was ready to continue refining the divine crystal.

More than a thousand divine crystals are definitely a huge cultivation resource and wealth for a warrior in the early stage of Pure Yang Realm like Ye Feng.

"Crack."

"Crack."

"..."

But suddenly at this moment, Ye Feng's ears twitched, and he suddenly heard a very heavy footsteps coming from the depths of the ice field.

"It sounds like the footsteps of some kind of giant beast? Is it a powerful evil beast that lives in the ice field?"

Ye Feng immediately became alert.

"Squeak."

At this time, Bai Xiaohua in the cabin obviously heard the heavy footsteps, woke up from his sleep, and walked out.

"Uh-huh!"

At this time, Ye Feng reached out and grabbed the cabin and put it into the storage ring. Then he and Bai Xiaohua lay down slightly and hid at the foot of a glacier mountain.

Bai Xiaohua looked at Ye Feng beside him and said, "Did you see what it was?"

Ye Feng shook his head and said: "I just heard the footsteps. They were very heavy, but I didn't see clearly what they were. Let's avoid them first and see what the situation is."

And just as the two of them waited anxiously for nearly a quarter of an hour, they suddenly saw a very shocking scene.

A giant with white bones and skeletons that was several thousand feet tall and as tall as a mountain, walked out from the depths of the ice field.

"Boom." .??.

"boom....."

Every step he took was like a mountain hitting the ground, causing a huge vibration.

"Thousands of feet tall white skeleton? Is this a Dharma image? Or a puppet?"

Ye Feng was a little shaken.

At this time, Bai Xiaohua suddenly thought of something, his face suddenly changed, and he said: "This is the bone puppet of the skeleton Taoist of the Demonic Poison Sect!"

Ye Feng's eyes moved and he said: "Yes! This time in the Tianchen Star Region, it is said that many core figures of the Demonic Poison Sect have come. This huge white bone skeleton may really be the puppet of the Skeleton Taoist. It feels very powerful. Look, Xiao Hua, do you know what the cultivation level of that skeleton Taoist is?"

Bai Xiaohua said: "Taoist Skeleton and Mr. Poison are on the same level. They should be at the half-step level of Broken Realm. Moreover, they are both masters of using poison. They are estimated to be able to compete with the real strong ones in Broken Realm. The Demonic Sword

Scholar and the Poisonous Scorpion Princess are even more famous and are truly strong in the Broken Realm, comparable to the inner masters of our Northern Divine Academy.”

When Ye Feng heard this, he couldn't help but nodded and said: "Above the Pure Yang Realm is the Broken Realm, what about above the Broken Realm?"

Bai Xiaohua said: "Beyond the Broken Realm is the Heaven-Human Realm, which means that martial arts are broken and Heaven and Man are unified. The reason why the Patriarch is one of the top ten core figures in the inner courtyard of our Northern Divine Academy is because of the Patriarch. His cultivation level is about to break through to the heavenly realm. Once he breaks through to the heavenly realm, his status in the Northern Temple will become extremely noble, and he will be focused on by the upper echelons of the entire temple, and will be cultivated as a mainstay in the future. "

Ye Feng's eyes showed a hint of surprise and said: "I didn't expect Sister Su Su to be so powerful."

"Of course."

Bai Xiaohua said with a smile: "Our clan leader was a big shot tens of thousands of years ago. He was sealed in a stone underground for tens of thousands of years in a catastrophe in the fairy world. Then he was unsealed from history by a destined person and resurrected in the world. In this world, our clan leader has inherited the great fortune of the entire Immortal World Feather Clan, and we will have the opportunity to ascend to the legendary heaven in the future. "

And while the two were talking quietly. \u003c

br\u003e

"Boom!"

The exaggeratedly large skeleton giant in the distance suddenly stretched out a big bone hand and smashed a glacier in front of him.

Among the countless fragments of the glacier, a huge golden war city suddenly appeared.

"Hahaha! As expected of Master Skeleton, he actually knows that I have been lying in wait here for a long time!"

On the golden city of war, there was a figure standing. It was the Jinshitai whom Ye Feng and Bai Xiaohua had just met not long ago!

The captain of the guard team of the Northern Territory Seminary actually appeared here again.

"It's him!"

Ye Feng and Bai Xiaohua were hiding not far away, their eyes slightly startled.

Fortunately, they arrived in this ice field area very early, otherwise Jinshitai might have discovered their whereabouts.

But now that the two of them are in the dark and the stone platform is in the light, it's much better.

At this time, Ye Feng said: "This Golden Stone Platform is only in the ninth level of the Pure Yang Realm, but it dares to challenge the core figure of the Demonic Poison Cult like the Skeleton Taoist? It's a bit strange."

boom! boom! boom!

And the moment Ye Feng finished his words, a dozen figures suddenly flew down from the ice field in the distance. All of them were filled with the profound cultivation of the Pure Yang Realm. They surrounded the white-bone skeleton giant. Surrounded.

These dozen people are all disciples of the Northern Divine Academy, and all of them are masters of the outer academy.

Moreover, the most stunning thing is a beautiful woman wearing a crimson feathered robe. Her eyes are extremely cold. Her cultivation aura is even higher than that of the Golden Stone Platform. She is as powerful as the Perfect Perfection of the Tenth Heaven of the Pure Yang Realm. Cultivation!

"That one is Yu Honglian! She is one of the top three legendary female disciples in the outer courtyard of our Northern Territory Seminary! I have seen her portrait and legendary biography in the central hall of the outer courtyard."

Bai Xiaohua suddenly couldn't help but exclaimed.

"Yu Honglian? Top three in the outer courtyard? Legendary female disciple?"

Ye Feng's eyes flashed slightly. Sure enough, he was right not to risk taking action against Jinshitai before. He also brought so many helpers.

It seemed that Jinshitai was well prepared this time. In order to kill the skeleton Taoist, he invited many masters from the outer courtyard to help him.

And this also shows that old disciples like Jin Shitai have a wide network of contacts in the Northern Territory Seminary.

Even the top three experts from the outer courtyard can be invited.

"To kill Jinshitai, we need to consider the long term."

Ye Feng secretly murmured in his heart at this moment.

Chapter 1454: Heavenly Demon Poison Technique

While Ye Feng and Bai Xiaohua were discussing secretly.

On the ice sheet not far away, the smell of gunpowder was already very strong.

A dozen masters from the Northern Divine Academy, including Jin Shitai and Yu Honglian, surrounded the thousands-foot-long giant skeleton.

At this time, on the broad shoulders of the white skeleton, stood a young man wearing a skeleton robe.

This young man is none other than Taoist Skeleton!

Not only does the Skeleton Taoist look not evil at all, but he also looks very handsome, like a simple boy.

It's just that the large robe engraved with skull patterns on his body makes this young man look a little uncoordinated and evil.

At this time, Taoist Skeleton's eyes were extremely indifferent, staring at the group of disciples of the Northern Territory Seminary around him, and said coldly: "I didn't expect that I am so famous. So many disciples of the Northern Territory Seminary united to deal with me, and even the outer courtyard The first legendary female disciple Yu Honglian is here, I have to say, I am really honored."

Although the voice of the Skeleton Taoist was very indifferent, one could hear the sarcasm and disdain contained in it.

Obviously, as a skeleton Taoist who is half-step into the Broken Realm, he does not take the group of people in front of him into consideration at all.

At this time, Jin Shitai stood on the huge golden war city, stared at the Skeleton Taoist opposite, and asked aloud: "Skeleton Taoist, we are here today not really to fight you to the death, but to Do you know what the Demonic Poison Sect and the Heavenly Demon Tribe are planning in this small Tianchen Star Territory?"

The skeleton Taoist suddenly grinned and said: "Oh? You mean, you guys, a group of righteous people, still want to cooperate with an evil and crooked person like me?"

"You think too much."

Yu Honglian, the legendary female disciple of the outer courtyard of the Northern Territory Seminary, spoke up. She was very cold, holding a red ancient sword. At this time, she stepped on the void, looked at the skeleton Taoist, and said: " It is impossible for us to cooperate with your evil ways. I am just giving you an opportunity. If you tell us what you are planning, I will let you go this time."

"Hahaha!"

The Taoist Skeleton laughed out loud immediately, his eyes full of deep disdain, and said: "Yu Honglian, who are you? You are just a small disciple of the outer courtyard, and you dare to talk so shamelessly in front of me?"

Yu Honglian was very calm and said indifferently: "I am a Dzogchen cultivator of the tenth level of Pure Yang Realm. Junior Brother Jinshitai is a being of the ninth level of Pure Yang Realm. In addition, we have more than a dozen Pure Yang Realm Masters of the Seventh Heaven, do you think you have a chance to survive under the siege of this kind of lineup?"

The skeleton Taoist immediately said with disdain: "You have helpers, but I am not prepared? Come out! My army of the living dead!"

boom!

boom!

boom.....

Almost at the moment the Skeleton Taoist finished speaking.

Around the white-bone skeleton giant he was standing on, the ice on the ground exploded, and everyone was wearing

The dead bodies in ancient bronze armor had all crawled out of the ice deep underground. Their pupils were burning with red soul light. There were thousands of living dead puppets, and each one was invulnerable. How terrible!

"This is an extremely evil dark soul technique!"

"Has this skeleton Taoist mastered the Dark Soul Technique to this level? He can actually awaken the ancient corpses that have been sleeping underground for endless years from under this ice sheet and become his army of the living dead?"

At this moment, a group of masters from the outer courtyard of the Northern Divine Academy, including Yu Honglian, all changed their expressions.

"No matter what, this skeleton Taoist must be imprisoned today! We must ask the Devil Poison Sect and the Demon Clan what they are planning in the Tianchen Star Territory. Maybe this secret can help us all improve our cultivation. Promoted to the lofty status of inner court disciple!"

At this time, Yu Hongren immediately spoke coldly.

"That's right! Even if you can't find out any secrets, the head of this skeleton Taoist is still worth a hundred divine crystals if you take it back to the Northern Divine Academy!"

Jin Shitai also spoke out a little greedily at this time.

"Let's go together! Kill the evil spirits and crooked ways!"

At this time, Yu Honglian jumped forward and killed in the direction of the Skeleton Taoist.

The crimson sword in her hand erupted with an extremely bright sword light in an instant. The light shone for nine days, filled with endless burning power, and melted the ice and snow of the entire ice field.

"This sword is called the Crimson Flame Sword! It is made from the melted metal of the sun, the strongest sun in the world. It is specially used to restrain the dark attributes of your Demonic Poison Cult. Mr. Skeleton Taoist, I am fully prepared this time. Come, you can only choose to surrender or die!"

Yu Honglian shouted coldly. She was indeed one of the top three legendary figures in the outer courtyard of the Northern Divine Academy. She was holding a sword and had terrifying killing power.

"Pfft!"

"Pfft!"

A large swath of dead bodies in the ice field surrounded them, all cut into pieces by the red flame sword in Yu Honglian's hand, and then burned into ashes in an instant.

"Crack!"

One of the ribs of the thousand-foot-tall white-skeleton giant was also broken by Yu Honglian's sword. The bones melted directly and turned into soup, dripping to the ground.

"Crimson Flame Sword! This is the natal sword of the Northern Divine Academy, Chi Yan, and it was taught to you! Damn it!"

Seeing how fierce Yu Honglian was, especially that sword, which specialized in dark attributes, made the originally indifferent Taoist Skeleton a little angry.

"Don't underestimate the disciples of our Northern Divine Academy! Our Northern Divine Academy is the master of the entire Northern Star Territory!"

At this time, all the disciples of the Northern Territory Seminary were shouting excitedly and frantically besieged the skeleton Taoist.

"Boom!"

At this time, Jinshitai also controlled the majestic and huge Golden War City, and directly bombarded the skeleton Taoist's thousand-foot white skeleton, knocking the skeleton giant back and almost falling to the ground.

Bai Xiaohua, who was hiding in the dark at this time, couldn't help but said excitedly: "She is indeed the most amazing woman in the outer courtyard, Senior Sister Yu Honglian! She is so powerful! She defeated the Skeleton Taoist in an instant!"

Ye Feng was not as excited as Bai Xiaohua at this time. Instead, his eyes flickered and he carefully observed all the movements on the ice field battlefield in the distance. He wanted to see if he could fish in troubled waters and get something from this master battle. Some benefits.

However, the fighting situation on the field at this time was simply one-sided, which made Ye Feng feel helpless. It seemed that this time he could only watch the fun.

Yu Honglian holds the red flame sword that seems to be the famous Red Flame Master. She is like a female sword god. With one sword strike, the color of the world changes, the wind and clouds change, and all the evil spirits will die in this terrifying Under the red flame sword energy.

"Ahhh! I'm so angry! Today I'm going to kill all of you insidious little people who are ambushing me, even if I am seriously injured!"

"The Demonic Poison Technique!"

The skeleton Taoist roared loudly at this time, and suddenly his whole body exploded, turning into a cloud of poisonous demonic energy!

These poisonous demonic energies suddenly turned into a poisonous field, covering the entire ice field, covering all those who attacked him.

"This is the poisonous energy of the devil!"

Yu Honglian's expression changed and she said: "This skeleton Taoist must have received help from the powerful Heavenly Demon Clan. He actually merged his own demonic skills with the Heavenly Demon Disintegration Technique, and created the Heavenly Demon Poison Technique." A vicious and terrifying method!"

"Red flame body protection!"

At this moment, Yu Honglian shouted loudly, and the red flame sword in his hand suddenly turned into a ball of crimson fire, covering the entire space around Yu Honglian, resisting the overwhelming and extremely poisonous aura of the devil!

"Everyone, come to me quickly! The Red Flame Sword given to me by my master, Master Chi Yan, is a Dao-level magic weapon that surpasses the Tao God level! The red-gold flames released by the sun-melted material in it can resist these evil evil ways. The poisonous gas!"

Yu Honglian shouted loudly at this time and asked other disciples to come to her to avoid the poisonous aura of the demon from the Skeleton Taoist.

"Bang!"

"Bang!"

"..."

However, the Demonic Poison Technique performed by Master Skeleton at the expense of a huge amount of energy was too fast and extremely toxic.

Many masters from the outer courtyard of the Northern Territory Seminary had no time to fly to Yu Honglian's side and were directly penetrated by the poisonous gas.

, the whole body instantly became pitch black, and then he died of poison, his body rotted, and he fell to the earth from a high altitude.

A dozen disciples of the seventh level of Pure Yang Realm were all spared. They were instantly poisoned to death and fell to the ground, turning into a pool of pus and blood.

"very scary!"

Even Yu Honglian was shocked by the strong toxicity of this devil's poisonous aura.

"Senior Sister Honglian!"

At this time, Jin Shitai held on, and flashed to Yu Honglian's side in an instant, but he was also poisoned, and there was a mark of black energy between his eyebrows, and it was obvious that he was about to die.

Yu Honglian stared at Jin Shitai, with an extremely ugly face, and couldn't help but said: "Junior brother Jin, Taoist Skeleton's Demonic Poison Technique cannot last long. When he can no longer hold on and reveals his original form, his vitality is severely injured. That's the fish on the chopping board. I'll kill it with the Red Flame Sword, and then activate the original fire in the Red Flame Sword to help you dispel the poisonous gas."

Jin Shitai suddenly spoke up at this time: "Thank you, Senior Sister Honglian, for telling me that Skeleton Taoist will be seriously injured in a short while, and the secret of the original fire of the Red Flame Sword that can detoxify."

Yu Honglian's eyes were confused, and she looked to her side and said, "Junior Brother Jin, what do you mean?"

"Pfft!"

But at this moment, in Yu Honglian's unbelievable eyes, she saw that Jin Shitai pierced her abdomen with a blade stained with the poisonous air from outside.

"Junior Brother Jin, you...!"

Yu Honglian was poisoned all of a sudden, her whole body went limp for a moment, and her life was passing quickly.

The face of this legendary female disciple of the outer courtyard was filled with deep confusion, as well as shock and anger. She seemed to have never expected that the fellow disciple who had been with her day and night would suddenly attack and assassinate her, and even use the Taoist Skeleton-contaminated weapon. The blade of poisonous air pierced her.

Although Jin Shitai was poisoned at this time, his face was full of a cold smile, and he said slowly and carefully: "Senior Sister Honglian, just die with peace of mind, I will kill that skeleton Taoist, your Dao-level I will also take good care of the magic weapon Red Flame Sword. After I return to the temple, I will tell your master that you and the Skeleton Taoist perished together, but I survived by luck. I took the Skeleton Taoist's head back, not only can I Enjoy the results of this victory alone and get all the wealth on your body. No one will doubt the truth of what happened today, hahaha!"

At this time, the poisonous air in the sky dissipated, and the original form of the skeleton Taoist appeared not far away, but his vitality was severely injured, and he could not even move.

But at this time, his face was full of deep sarcasm and a sad smile, and he said: "Is this the so-called righteous way of a famous family? Hahaha... I think it is more cunning and cruel than our evil evil way! For the sake of profit, all the sects and sects are involved." Disciples are going to be ruthless! I think everyone is the same as the evil ones! Hahaha! It's satisfying to see this scene before you die!"

Chapter 1455 Good timing

Yu Honglian was punctured in the abdomen at this time, and the poison had penetrated deep into his bone marrow, making him unable to be treated.

As the vitality slowly disappeared, the brilliance in the beautiful eyes of this legendary female disciple of the outer courtyard of the Northern Territory Seminary was about to disappear.

Once upon a time, she held the red flame sword in her hand and was so magnificent.

But in the end, she was harmed by a villain. At the end of her life, she hated herself. Why didn't she have a more considerate mind?

Yu Honglian really never thought that the same disciple who lived with him day and night would actually attack him, just to monopolize the wealth and head of the Skeleton Taoist.

Sure enough, greed will completely plunge a person's humanity into endless darkness.

Yu Honglian was desperate, fell to the ground and closed her eyes.

The skeleton Taoist was still sarcastic not far away. ??

"Pfft!"

Jin Shitai held the red flame sword in his hand and beheaded the core figure of the Demonic Poison Sect in one fell swoop.

"Humph, all wealth must belong to me!"

Jin Shitai's eyes were full of viciousness at this time.

Obviously, this person is a vicious person who can even trample on basic human morality for profit. He is even more dehumanizing than some evil evil ways.

Because even some warriors in the demonic path would not attack their fellow disciples who they get along with day and night.

"Crack, snap."

At this time, Jin Shitai walked towards Yu Honglian step by step.

At this time, the only person still alive on the field was Yu Honglian.

"Buzz!"

But at this time, Jin Shitai's steps trembled.

He was also poisoned just now and was a little powerless at this time.

"It's better to use the natal flame in the Red Flame Sword to expel the toxins from my body."

Jin Shitai glanced at Yu Honglian lying on the ground not far away. Anyway, this Yu Honglian was already dead. Killing him early or later would be the same.

"Jinshitai, why are you

To harm your fellow disciples out of greed is really a loss of humanity! "

But suddenly at this moment, a cold shout made Jin Shitai turn pale with fright.

Because if everything that happened here today spreads out, then his Jinshitai's reputation will be completely lost, and he will become a street rat that everyone shouts about.

At the next moment, Ye Feng and Bai Xiaohua walked out of the darkness.

The person speaking at this time was none other than Bai Xiaohua.

She watched helplessly how Yu Honglian was betrayed and assassinated, and she felt very angry inside.

If Ye Feng hadn't held her back to prevent her from acting rashly, Bai Xiaohua would have jumped out long ago.

At this time, Ye Feng finally took the initiative to take Bai Xiaohua out.

Because Ye Feng knew that now was a good time to clean up the mess.

"Is it you two?"

Jin Shitai's eyes were stunned at first, and then his face turned pale, and he suddenly became extremely disdainful, saying: "It's you two weak new disciples, you are really arrogant, you should have run away directly. , choosing to tell others this news is the best way, but you are so stupid and just show up, then I will not be polite, I will wipe out everything that happened here today! It must not be revealed!"

boom!

Even if Jin Shitai was poisoned at this time, he was only slightly poisoned after all, not deeply.

At this time, all the huge cultivation power of his Pure Yang Realm Nine Heavens was released, which was extremely terrifying.

Suddenly, a golden sun appeared behind Jin Shitai's head.

"boom!"

"boom!"

In the golden sun, golden divine light that was as sharp as a war spear suddenly burst out, capable of piercing everything.

This is the powerful inherited technique practiced by Jinshitai, the golden sun shines for nine days!

It can absorb the power of the sun at all times, store the golden light of the sun, and release the power of the sun in an instant when facing the enemy, forming a golden light with extremely terrifying penetrating power, like the sharpest war spear in the world. Same.

"Dang! Dang! Dang!"

Even though Bai Xiaohua was guarded by a half-step avenue-level amethyst round shield, he was being beaten back steadily at this moment, with a look of hard resistance on his little face.

Obviously, this golden stone platform is very powerful. It is worthy of being the captain of the guard team of the outer courtyard of the temple. Its methods are terrifying and its inheritance is amazing.

"You're dead."

Jinshitai made a sinister sound.

Dzogchen future body!

But at this time, Ye Feng no longer hesitated and directly summoned the future body of Dzogchen.

"Buzz!" .??.

A huge figure with boundless majesty appeared behind Ye Feng in an instant.

It is the shadow of the future body of Dzogchen!

He possesses the perfect cultivation level of the tenth level of Pure Yang Realm.

Although unable to release any moves.

But at this moment, the slap from the Dzogchen future body was also extremely terrifying and had tremendous power.

"boom!"

The palm of the future body formed a big hand of divine light, which instantly shattered the golden sun behind the golden stone platform on the opposite side.

"What?!"

Jin Shitai's eyes were frightened to the extreme, and he couldn't help shouting: "What kind of power is this? The tenth level of Pure Yang Realm? Impossible! Your kid's own cultivation level is no more than the second level of Pure Yang Realm. An ant can also do it Controlling such a powerful force? This is impossible! It goes against the common sense of martial arts!"

"Common sense? Common sense is something that evil geniuses like me use to break!"

Ye Feng laughed out loud, and in his own hand, he also

A golden dragon-patterned war sword appeared.

It is the Ancestral Dragon Emperor Sword from the Taikoo Dragon Realm!

It is a very powerful war sword.

It is a sixth-grade Taoist-level magic weapon.

"boom!"

Ye Feng slashed down with his sword, and a golden dragon's divine light roared out from the Ancestral Dragon Emperor Sword, blasting away the golden stone platform.

"hateful!!"

Jin Shitai holds the Red Flame Sword in his hand, but because it has not been refined, he cannot exert the terrifying power of the Red Flame Sword, a first-grade Dao-level magic weapon.

What's even worse is that the toxins in Jin Shitai's body began to take effect at this moment, and his whole body became limp in an instant, and he couldn't use any strength at all.

It has to be said that the last big move performed by the Skeleton Taoist, the Demonic Poison Technique, emitted a highly poisonous aura that was truly terrifying and extremely toxic.

"boom!"

At this time, Ye Feng once again approached, beat the drowned dog hard, and punched Jin Shitai in the chest.

"Golden Armor Saint Cloth!"

Jin Shitai roared, and a piece of golden battle armor immediately appeared on the surface of his body, exuding strong holy power.

"It's unstoppable!"

Ye Feng roared loudly, fully erupting the super power of his third-level chaotic body.

"boom!!"

A terrifying brute force like a wild beast suddenly surged out of Ye Feng's fist, full of extremely terrifying impact.

"Click, click!"

The golden armor holy clothes were shattered in an instant, and Jin Shitai's entire body seemed to have been trampled by a beast, spurting out blood. His body flew out like a torn sack, and then with a "bang", it hit hard on the ground. He fell onto the hard ground, his muscles and bones all shattered, his flesh and blood turned into powder, and he could no longer die.

Chapter 1456 Recovery

Ye Feng killed Jinshitai. In a brutal and rough way, he used his iron fist to kill Jinshitai.

This scene is very shocking.

After all, Ye Feng's cultivation level is only at the second level of Pure Yang Realm.

Not far away, Bai Xiaohua was stunned, and the dying Yu Honglian also had a hint of shock in her beautiful eyes.

This was her first time seeing such a fierce new disciple.

However, Ye Feng himself knew that being able to kill Jinshitai so smoothly this time did not mean that his combat power was so powerful.

Mainly because I encountered a good opportunity.

Poisoning of this golden stone platform is the key.

The severe toxicity of the skeleton Taoist caused Jinshitai to lose almost half of its combat effectiveness.

However, Ye Feng knew very well that even though he summoned his future body, even if he was not afraid of Jinshitai, he would definitely not be able to kill Jinshitai.

Now that Jin Shitai was killed, Ye Feng finally breathed a sigh of relief.

At least no one will care about the more than a thousand divine crystals on his body.

However, Ye Feng also knew that Jin Shitai had an extraordinary status in the Northern Temple and had many connections.

If the news that he killed Jinshitai was spread today, it would definitely be extremely dangerous for him.

At this moment, Ye Feng looked at Yu Honglian, who was not far away and Bai Xiaohua was helping to treat him. He threw the red flame sword in Jin Shitai's hand to the legendary female disciple of the outer courtyard and said: "Everything here today, I hope Senior Sister Honglian can help us keep it secret."

Yu Honglian knew Ye Feng's worries, and immediately nodded, with a smile on her beautiful face, and said: "Junior brother, don't worry, I won't talk nonsense. This time, junior brother saved my life, I'm sure everything will be fine." Listen to my junior brother."

"puff!"

As Yu Honglian was speaking, a mouthful of blood suddenly spurted out from her mouth.

The blood was already dark in color and looked touching

Shocking.

Bai Xiaohua's eyes changed and he said: "The poison attacks the heart and penetrates deep into the bone marrow. Senior Sister Honglian, you are hopeless!"

Yu Honglian smiled miserably and said: "That's what I know. Jinshitai's vicious stab and the blade filled with poisonous energy have completely made me lose the chance to live. Even if I use the flames of the Red Flame Sword now, There is no use in removing the poison. The poison attacks the heart and penetrates deep into the bone marrow, so there is really no hope. "

Yu Honglian was very unwilling to accept that a legend of her own had just died in this little nameless place. She still had a lot of things to do.

Uh-huh!

At this time, Ye Feng suddenly stepped in front of Yu Honglian, holding a small black gold insect in his hand, and said: "Senior Sister Honglian, if you believe me, just swallow this little insect and I will cure your illness. "

At this time, the two women, Yu Honglian and Bai Xiaohua, focused their attention on the poison-eating insect in Ye Feng's hand.

Looking at the vicious little bug with dense silver fangs, the two women couldn't help but get goosebumps and felt a little scared.

Even Yu Honglian, a master of the tenth level of the Pure Yang Realm, swallowed his saliva at this moment and seemed to have trouble sleeping and eating.

"Don't hesitate, swallow it! Otherwise you are really hopeless and will die of poison!"

The next moment, seeing Yu Honglian's pitiful look, Ye Feng was too lazy to talk nonsense and directly slapped the poisonous insect into Yu Honglian's mouth.

Then Ye Feng hit Yu Honglian's snow-white neck, causing Yu Honglian to swallow the poisonous insect without paying attention.

There are three reasons for Ye Feng to save Yu Honglian.

First Yu Honglian is a fellow senior sister, and she is also a disciple of the Northern Territory Seminary.

Of course, if you have the ability, you have to lend a helping hand. Of course, the premise is that you have the ability. If you don't have the ability, forget it, so as not to ask for trouble.

The second reason is that the highly toxic poison in Yu Honglian's body is a great tonic for the poison-eating bugs, allowing their own little bugs to evolve.

The third reason is because Yu Honglian is one of the top three core figures in the outer courtyard of the Northern Divine Academy, and is a master of the tenth level of the Pure Yang Realm. If he saves her, he can let Yu Honglian join his team. , experience together in this Tianchen Star Territory, your own safety will be greatly guaranteed.

After all, the entire Tianchen Star Territory is now filled with powerful men from various Heavenly Demon Clan and Demonic Poison Sect.

Ye Feng naturally has his own considerations before doing anything.

In any case, getting rid of Jinshitai this time is a huge gain.

Otherwise, there would be someone staring at the more than a thousand divine crystals on his body every day, which would really make people feel uneasy when sleeping.

At this moment, Yu Honglian is recovering quickly, and Bai Xiaohua is protecting the law. After all, Yu Honglian is Bai Xiaohua's idol.

Ye Feng, on the other hand, was cleaning up the battlefield and searching for wealth.

This battle was the endgame, with almost the entire army wiped out.

So the wealth is also huge.

First of all, the dozen or so disciples of the Northern Territory Seminary who died had a lot of wealth on their bodies.

In addition, Taoist Skull and Jin Shitai are the core young figures among the two major forces.

The storage rings on the two of them not only contained huge amounts of wealth, but also contained a lot of cultivation resources.

There are thousands of divine crystals!

And the most important thing is that the inheritance of Jinshitai's "Golden Yang Yao Jiutian" is a ninth-grade Taoist-level inheritance.

Ye Feng just used it for practice, saving him the huge amount of credit he had to do at the Northern Divine Academy.

Click exchange.

At this time, Ye Feng looked at the field and saw the last thing left.

This thing is a big guy, it is the thousand-foot-tall white-bone skeleton giant refined by the Skeleton Taoist.

Ye Feng's initial idea was to use the Protoss Glove to directly extract the skeleton giant.

But when Ye Feng extracted the attributes, the original attributes provided by the Bone Skeleton Giant were only very weak bone attributes and evil spirit attributes, which were of little use.

"It's better to use this skeleton giant as your own strongman. In the future, he can help move mountains and seas and do some chores in building caves."

Ye Feng thought in his mind, and found the magic weapon to control this thousand-foot-tall white-bone skeleton giant from the skeleton Taoist's storage ring.

It is a small black mirror with a skull pattern engraved on it. It exudes evil energy and looks very evil.

However, the skills Ye Feng cultivates can accommodate any kind of attribute power in the world. It is also easy to control the magic weapon of the devil, and there will be no conflict in the attributes of the skills.

Just when Ye Feng was searching the entire battle field.

Not far away, Yu Honglian was finally swallowed up by poison-eating insects.

Uh-huh!

The poison-eating insect finally flew out of Yu Honglian's mouth. The insect's belly was bulging, and it was obviously full. It staggered and flew into Ye Feng's spirit insect bag, and fell asleep.

"Buzz!"

At this time, Yu Honglian's body suddenly spread out with a huge cultivation aura of the tenth level of Pure Yang Realm.

Streams of crimson flames emitted from Yu Honglian's body again, sweeping across the wasteland in all directions.

At this moment, Yu Hongren, from a dying person, once again regained her former glory and became a powerful and peerless Valkyrie!

Chapter 1457 The core characters gather together

Just when Yu Honglian was about to recover his full strength, Ye Feng dragged all the corpses of the masters in the battle field into a dense jungle in the distance and devoured them directly, leaving only the head of the Skeleton Taoist worth 100 divine crystals. Ye Feng's cultivation level broke through again silently, and even broke through two levels, directly stepping into the fourth level of the Pure Yang Realm! However, Ye Feng deliberately restrained his cultivation aura, and even Yu Honglian, a top three master in the outer courtyard, did not notice Ye Feng's breakthrough aura. At this time, Yu Honglian and Bai Xiaohua in the open space saw Ye Feng walking out of the dense jungle alone and asked, "Did you bury all these people?"

Ye Feng said calmly, "Although they are all enemies, it is better to let them return to dust."

Yu Honglian couldn't help but give a thumbs up, her beautiful eyes shining with a strange light, and praised, "Junior Brother Ye is broad-minded, and I admire you very much."

Ye Feng smiled and said, "I collected all the cultivation resources and storage spirit rings from them, and it is my duty to send them off for the last time."

Bai Xiaohua Hua was staring at the head of the Skeleton Taoist in Ye Feng's hand at this time, and said with some surprise: "I didn't expect that we really got the head of the Skeleton Taoist."

Ye Feng put the head of the Skeleton Taoist into his storage spirit ring and said: "Senior Sister Honglian, do you want to practice with us next?"

Yu Honglian stared at Ye Feng, seemed to see what Ye Feng meant, nodded, and said: "Okay."

It must be said that Yu Honglian is still good, at least she knows how to repay kindness, even if Ye Feng and Bai Xiaohua are relatively weak in cultivation, she is still willing to take these two "burdens" with her.

Ye Feng saw that Yu Honglian agreed, and nodded secretly, it was worth saving her life.

Bai Xiaohua seemed a little excited, with a delightful look on her delicate face, "Senior Sister Honglian is going to travel with us, that's great."

At this time, Yu Honglian's face suddenly became a little solemn, and she said, "This time, the traces of the Demon Poison Sect and the Heavenly Demon Clan's masters all appeared in the small third-level star field of Tianchen Star Field. I don't know why."

Ye Feng suddenly spoke up and said, "Maybe we can ask the local big forces."

Yu Honglian's eyes moved, and said, "You mean, we go directly to the controlling forces of Tianchen Star Field to ask about the situation?"

Ye Feng Nodding, he said, "This time, the mission was proactively released by Tianchen Star Region to the Northern Territory Divine Academy for help, so they must know some secrets and situations. Let's go directly to the big forces in Tianchen Star Region to ask. Moreover, I have an old friend named Sima Suantian who lives in Tianchen Star Region. Maybe we can meet him.

"

Yu Honglian thought for a while, and then said, "Okay, then do as you say, Junior Brother Ye Feng."

...

The hinterland of the main planet of Tianchen Star Region is an extremely vast grassland, vast and boundless, and has not yet suffered the ravages of the confrontation between the two major forces of the righteous and the evil.

Tianchen Divine Palace, as the controlling force of Tianchen Star Region, stands on this vast grassland.

At this time, three figures flashed in the distant sky, and in a blink of an eye they arrived at the center of this grassland.

They looked at the huge cities looming in the depths of the distant grassland, and couldn't help showing a hint of joy on their faces.

The three people were Ye Feng, Yu Honglian and Bai Xiaohua who came all the way.

Their purpose this time was to come to the Tianchen Palace in the center of the planet and ask about the purpose of the alliance between the Demon Poison Sect and the Heavenly Demon Clan.

"We're almost there."

Bai Xiaohua looked at the huge and continuous city in the distance and couldn't help but let out a long breath.

The main planet of Tianchen Planet is really big, with an extremely vast area, which is equivalent to dozens of normal-sized planets.

Even the three people with strong cultivation had been traveling for almost three days and three nights.

Seeing the outline of the city of Tianchen Palace at this time, the three of them naturally breathed a sigh of relief.

But just when the three of them were about to go to the city base of Tianchen Palace.

"Boom!!"

Suddenly, a huge roar sounded in the sky in the distance.

"Boom!"

The three of them immediately saw that in the sky not far away, a huge black magic sword, like a huge mountain piercing the sky, suddenly bombarded the ground below, and instantly cut the countless cities of the entire Tianchen Palace in half.

"This power... is a terrifying aura of cultivation that surpasses the Pure Yang Realm and reaches the Broken Realm!" Yu Honglian suddenly spoke. The top three legendary female disciples in the outer courtyard all looked extremely ugly and said, "The owner of the magic sword should be another very powerful core figure in the Demonic Poison Sect, the Demon Sword Scholar! A Broken Realm expert!" "The Demon Sword Scholar?" Ye Feng and Bai Xiaohua heard this and looked at the countless cities in the distance that were instantly split in half. They couldn't help but feel a little cold. A Broken Realm expert is really so terrifying! "Boom!" At this moment, another mountain in the distance broke apart. A huge black scorpion as majestic as a mountain appeared in the countless rolling rubble.

This huge black scorpion is like an ancient evil beast. It looks extremely ferocious. The eight scorpion legs are as thick as sky pillars, and there is a curved stinger growing on its back. It looks like it is made of steel. It is extremely terrifying.

But at this time, a small palace was built on the big head of the vicious black scorpion.

In the palace, there sat a strange and beautiful woman wearing a red dress, who looked a bit evil.

"Princess Poisonous Scorpion has also appeared!"

Yu Honglian looked at the ferocious black scorpion as big as a mountain in the distance, and the beauty on the head of the scorpion, with a pair of eyes full of deep fear.

The poisonous scorpion princess and the magic sword scholar unexpectedly appeared at the same time.

Two core figures of the Broken Realm level of the Demonic Poison Cult, the two most powerful figures this time, unexpectedly appeared in the headquarters of Tianchen Shrine.

Buzz!

At this time, a large area of poisonous demonic energy appeared in the distance. A young man in white clothes was floating in the poisonous demonic energy, and he was also rushing towards the Tianchen Shrine in the distance.

That turned out to be the poisonous young master that Ye Feng and Bai Xiaohua had encountered before, possessing half-step of Shattered Realm cultivation.

At this moment, except for the skeleton Taoist who had been killed.

Poisonous Young Master, Demonic Sword Scholar and Poisonous Scorpion Princess, the three most core demonic figures of the Demonic Poison Cult, all appear here!

Ye Feng's eyes moved, and he couldn't help but guess: "Could it be that the Demonic Poison Sect's plot this time is in the headquarters of Tianchen Shrine?"

Bai Xiaohua said with some confusion: "But Tianchen Divine Palace is just a small controlling force in the third-level star field. What precious things can be found in such a small force? Many core members of the younger generation of the Demonic Poison Sect The characters have arrived."

Ye Feng's eyes were stunned, and then he nodded and said: "That's right, the Demonic Poison Sect is a powerful silver force in the Northern Star Territory. Even the Northern Divine Academy cannot completely get rid of this big cancer. This huge Demonic Cult , why are you so interested in a small third-level star field?"

Yu Honglian suddenly seemed to sense something at this time, and said suddenly: "Other core figures from our Northern Divine Academy have arrived! I feel an extremely powerful aura!"

boom!

And almost at the moment Yu Honglian finished speaking,

.

In the distant sky above the ruins of Tianchen Shrine, the thick dark clouds were suddenly split open by a white blade of light.

A beautiful woman shrouded in fairy spirit descended from the sky. The space around her was shining with divine light. The huge white wings behind her were flapping, and she held a wheel of judgment in her hand.

It turned out to be Bai Susu!

"It's the clan leader!"

In the prairie, Bai Xiaohua immediately burst into surprise.

"Sister Susu is here too?"

Ye Feng's eyes also moved.

"Sister Susu?"

When Yu Honglian heard Ye Feng's address to Bai Susu, a look of surprise flashed across her eyes.

She didn't expect that the junior disciple who saved her as a new disciple would actually have such a relationship with Bai Susu.

Yu Honglian knew that Bai Susu, as one of the ten core figures in the inner courtyard, inherited the great fortune of the immortal world, and would be the focus of training in the entire Northern Divine Academy in the future.

Unexpectedly, this Junior Brother Ye Feng turned out to be the younger brother of Bai Susu, a core figure in the seminary.

"The treasure of the divine world that Tianchen Divine Palace secretly obtained belongs to our Northern Divine Academy. You people from the Demonic Poison Cult should get out of here quickly, or don't blame my Wheel of Judgment for being rude."

At this time, Bai Susu was standing in the boundless sky, with divine light shining in all directions. Her tone was extremely indifferent, but it contained deep domineering power. She challenged the three core figures of the Demonic Poison Cult by one person.

"Haha, Bai Susu, are you too confident in your own strength?"

At this time, the poisonous scorpion princess standing on top of the huge black scorpion suddenly stood up, stared coldly at Bai Susu in the sky, and said: "Today, the three of us happened to join

forces to kill you, the so-called future of the Northern Divine Academy. The core disciples were killed directly!”

Uh-huh!

At this time, a young man with white hair and black clothes suddenly appeared on the hilt of the black giant sword that shattered the entire Tianchen Star Territory. His eyes were cold and there was a surge of magic light. He was the Demon Sword Scholar.

At this time, the Demon Sword Scholar looked at Princess Poisonous Scorpion and Mr. Poison not far away, and said: "You two hold Bai Susu, I will go to Tianchen Palace to find the treasure left behind by the God Realm. Don't be reluctant to fight, get that God Realm Treasure left, this Bai Susu's strength is even more terrifying than before!”

The Demonic Sword Scholar was very cautious and quickly arranged their respective tasks at this time.

At this time, Princess Poison Scorpion did not dare to talk back, but she and Mr. Poison quickly used their methods to kill Bai Susu.

Obviously, the Demon Sword Scholar has the highest status among the three and has the right to command.

Chapter 1458 Seven Color Altar

"boom!"

"boom!"

At this time, Princess Poisonous Scorpion and Master Poison both used their killing moves to kill Bai Susu high in the sky, filled with poisonous demonic energy.

"Crack!"

The Poisonous Scorpion Princess relies solely on the huge mountain-like black scorpion under her feet. Its huge poisonous stinger can pierce an entire mountain range in an instant.

As a half-step Broken Realm warrior, Mr. Du can only provide support on the side.

But even if it is just an auxiliary function, the attack of Mr. Poison cannot be underestimated. He is holding a Qiankun bag in his hand, and a large amount of poisonous demonic energy rushes out of the bag, which simply blocks the sky and the sun. All the plants and trees encountered are in one place. It withered instantly and turned into fly ash, and its toxicity was extremely severe.

"Hmph, I didn't expect you to refuse to surrender and dare to attack me directly. Well, then I will kill all of you demons today!"

Bai Susu was very powerful. She snorted coldly at this moment, and the wheel of judgment in her hand suddenly burst out with a bright divine light.

"Judgement!"

Bai Susu sang, she stretched out a hand and made a sharp stroke in front of her.

"boom!"

Suddenly, a huge light blade appeared in the Wheel of Judgment, tearing the sky and the earth apart, as if it could cut the entire sky.

"Pfft!"

The big black scorpion that rushed over first had one of its legs cut off and fell into the mountains and dense forests.

"howl!"

The extremely ferocious big scorpion immediately let out a shrill howl.

Even the monstrous poisonous demonic energy released from the poisonous master's universe bag was torn open in a huge hole.

"So strong!"

"That Wheel of Judgment is indeed the peerless inheritance weapon of that big shot in the fairy world!"

At this moment, Princess Poison Scorpion and Master Poison couldn't help but exclaimed.

Even though both of them were core disciples of the Demonic Poison Sect, they were still horrified by Bai Susu's terrifying combat power at this moment.

"I am undergoing a huge transformation every moment. Now I have the strength to kill you. You can all stay here."

Bai Susu waved the white wings on her back and rushed not far away from Mr. Poison in an instant.

"Don't come over here!"

The poisonous young man was so frightened that his face immediately turned pale.

At this time, he finally sensed that Bai Susu's cultivation aura was about to surpass the Broken Realm, almost transforming into the Heavenly Realm above the Broken Realm!

Realm of Heaven and Humanity!

\u003c

br\u003e That is the cultivation strength of the elders at the elder level among the major forces.

But now, Bai Susu, a young disciple of the Northern Territory Seminary, is about to reach it.

"Is this Bai Susu really the reincarnation of the legendary immortal world figure? Otherwise, how could he be so powerful!"

At this moment, as if he had thought of some secret rumors, Master Du's expression changed drastically and he wanted to run away like crazy.

"Pfft!"

But the next moment, the Wheel of Judgment in Bai Susu's hand spun violently, and a blade of light descended from the sky in an instant, splitting Master Du into two halves.

Poisonous young man, die!

"What?"

When Princess Poisonous Scorpion saw this scene, she turned pale with fright.

Although Mr. Poison is only half a step into the Broken Realm.

But Princess Poison Scorpion is only at the first level of Broken Realm, not much better than Mr. Poison.

And the Bai Susu who arrived at this time was already halfway to the realm of heaven and human beings!

This is already comparable to the terrifying cultivation of many figures from the older generation of the Demonic Poison Sect.

"Uh-huh!"

At this moment, Princess Poisonous Scorpion couldn't care less about the Demon Sword Scholar who was searching for the divine treasure in the ruins of Tianchen Palace. Instead, she quickly leapt towards the distance, trying to escape from this terrible place.

"Amethyst Palace!"

But at this time, Bai Susu stretched out a slender jade-like palm and grabbed the scorpion princess in the distance in the direction of her escape.

Boom!

Suddenly, a huge purple crystal palace arrived, and the Poisonous Scorpion Princess and the big black scorpion under her feet were all placed into the purple crystal palace.

Bai Susu's Amethyst Palace is a Dao-level magic weapon that surpasses the Taoist God level, and it is also a very high-quality Dao-level magic weapon. I don't know how many grades it is, but it must be very powerful.

"Let me out quickly!!"

The Poisonous Scorpion Princess and her big black scorpion were screaming in the Amethyst Palace.

"Dang! Dang! Dang!"

The big black scorpion used its steel-like stingers to attack the Amethyst Palace crazily, but it was unable to leave a single trace on the walls inside the Amethyst Palace.

"Refining!"

At this time, Bai Susu suddenly whispered softly.

"boom!"

"Pfft!!"

Almost at the next moment, the poisonous scorpion princess who was still shouting in the Amethyst Palace and the big black scorpion like a mountain under her feet all exploded and turned into a blood mist, which was absorbed by the Amethyst Palace.

The Amethyst Palace absorbed the blood mist and emitted a more powerful purple crystal light.

It has to be said that the treasures on Bai Susu's body, whether it is the Wheel of Judgment or the Amethyst Palace, are supreme treasures and have extremely terrifying killing power.

"As expected of the clan leader! So awesome!"

Bai Xiaohua in the distance looked fascinated.

And Ye Feng also realized how powerful Bai Susu was, it was so powerful that it was a bit abnormal.

"Found it! Let's go!"

Suddenly, the Demon Sword Scholar carried a huge seven-color altar in his hand and flew out from the ruins of Tianchen Palace below.

This altar is very strange. It is an altar cast from seven colors, red, orange, yellow, green, blue, and purple.

This should be the treasure that was left behind in the God Realm and is privately stored in Tianchen Shrine.

"What? All dead?"

But what surprised the Demon Sword Scholar at this time was that when he flew up, he had already sensed the death auras of the Poisonous Young Master and the Poisonous Scorpion Princess.

The Demonic Sword Scholar stared at Bai Susu not far away for a moment, and said angrily: "You killed them all? And the aura of cultivation on your body, this... is about to surpass the Broken Realm, and is about to transform into a god. In human state?"

Although the Demon Sword Scholar is the most powerful being among the three, his true cultivation level is only at the sixth level of the Broken Realm, and he cannot be Bai Susu's opponent.

Bai Susu is so powerful that it makes people feel suffocated.

"boom!"

But Bai Susu's attack, a white light that could tear the sky, had already fallen from the sky and struck hard at the Demon Sword Scholar.

"The ultimate secret of the Demonic Sword - the chessboard of life and death!"

The Demon Sword Scholar roared, and struck out with the black giant sword in his hand. The sword energy suddenly turned into a huge chessboard in the void. The chessboard showed the alternation of yin and yang, representing every step of the chess, life and death!

"Boom!!!"

But this was unable to stop the light blade on Bai Susu's wheel of judgment.

The entire chessboard of life and death was shattered in an instant.

"puff!"

The Demon Sword Scholar suddenly spat out a mouthful of blood and fell back again and again.

The wheel of judgment seems to be like a scepter in the hands of the gods, able to judge the fate of all things in the world.

"Bang!"

The treasure from the God Realm and the seven-color altar that the Demon Sword Scholar was holding suddenly fell to the ground.

Uh-huh!

At this time, the Demonic Sword Scholar quickly used a Demonic Blood Shield technique. A blood mist appeared around him, and in an instant, his figure had already teleported to a hundred thousand miles away.

"Brother Ye Feng, take the seven-color altar first! I will hunt down the magic sword scholar, and we will meet at the ruins of Tianchen Palace later."

Suddenly at this time, Bai Susu said something in the direction of the prairie in the distance, and then her graceful figure moved and turned into a ray of divine light, streaking across the sky, and immediately chased the scholar with the magic sword in the distance.

Obviously, with Bai Susu's powerful spiritual consciousness, she had long been aware of Ye Feng, Bai Xiaohua and Yu Honglian who were secretly observing the battle in the distant prairie.

"good!"

Ye Feng immediately flew to the ruins of Tianchen Shrine in the distance and lifted up the seven-color altar.

"Is this the treasure that fell from the legendary God Realm into the universe?"

Ye Feng carefully looked at the seven-color altar, and felt a sense of vastness from it, which was like the ancient era of gods and demons.

Although this seven-color altar does not seem to be of much use, it seems to be just a very ordinary altar.

But this seven-color altar comes from the legendary world of gods, the highest and number one among the legendary heavens, and there must be something extraordinary about it.

Because no matter how ordinary something is, once it has a relationship with the legendary world of gods, it will definitely no longer be ordinary, but a treasure. This is a symbol of status.

But at this moment, Ye Feng could only look at it with jealousy, and could not take it for himself, because he was only temporarily keeping such a precious thing as the seven-color altar for Bai Susu.

Maybe even Bai Susu can't take it for himself. This seven-color altar from the God Realm will definitely be handed over to the upper levels of the Northern Territory Seminary for study.

"Is this the treasure planned by the Demonic Poison Sect?"

At this time, Bai Xiaohua and Yu Honglian came over one after another, staring at the seven-color altar with curiosity.

"Hungry, hungry, eat the altar of the gods for me..."

But suddenly at this moment, a voice suddenly sounded in Ye Feng's mind.

It was a female voice that seemed to be extremely hungry.

Where the sound came from, Ye Feng was shocked to find that it was the picture of the Queen of Yaochi that he carried with him!

Chapter 1459 Xiaoyao

In the picture of Queen Yaochi, a hungry woman's voice suddenly came out.

Moreover, the voice in the picture of the Queen of Yaochi actually wanted to eat the altar of the gods that Ye Feng was holding in his hand.

"Is it a weapon spirit?"

"Is it still the regrets of Queen Yaochi?"

Ye Feng's eyes showed a hint of doubt.

"Buzz!"

But at this moment, Ye Feng suddenly felt that a mysterious and ancient power suddenly came from the picture of the Queen that he had hidden close to his body.

"not good!"

Ye Feng seemed to have guessed something. His expression immediately changed and he wanted to throw the seven-color altar in his hand.

"Bang!"

The seven-color altar was thrown out by Ye Feng in an instant and fell to the ground.

But by this time it was already too late.

Ye Feng's soul power could sense that the moment he took the seven-color altar away, the power of the divine realm in the seven-color altar had been swallowed up by the picture of the Queen hidden close to his body.

"No! This is a divine treasure that Sister Susu asked me to hold. It will eventually be taken back to the Northern Territory Temple and handed over to the upper levels of the temple. If it breaks, it will be in trouble."

But just when Ye Feng was about to change his expression, he discovered that the seven-color altar thrown out did not look strange at all.

It still has that simple and vicissitudes of appearance, and ordinary people can't find any abnormalities at all.

That is to say, Ye Feng himself is a soul master, and he can feel that the innermost core of the seven-color altar that fell from the God Realm into the starry sky of the universe has been swallowed up by the voice owner in the Queen's Picture. .

"Fortunately, there is nothing strange about the seven-color altar, otherwise it would be troublesome."

Ye Feng quickly wiped away a cold sweat secretly.

At this time, Bai Xiaohua and Yu Honglian were very surprised and asked quickly: "Ye Feng, what's wrong? Is there any abnormal change in the seven-color altar?"

"..."

Ye Feng responded quickly: "I just wanted to try out what's special about this altar from the God Realm, but after observing it for a long time, there was nothing special, so I threw it away in anger!"

Bai Xiaohua hurriedly walked far away and picked up the seven-color altar. He gave Ye Feng a blank look and said, "Even if this altar is an ordinary thing in the God Realm, it may just be an ordinary decoration for the creatures in the God Realm. , but as long as it has a relationship with the divine world, it is a treasure. This is called a symbol of status and the effect of fame. After all, the legendary divine realm is the number one legendary interface in our universe, but the divine realm seems In the previous era, the Minggu Era, the most chaotic era in history, was shattered, so the God Realm seems to have ceased to exist, but some people say that the God Realm can

Automatic recovery has now been completely restored, but no one has ever entered the divine realm. "

When Ye Feng heard this, he couldn't help but look at him and said: "Is the God Realm so powerful? Ranked first among all the worlds?"

Yu Honglian nodded at this time. This legendary female disciple of the outer court knew a lot, and said at this time: "In the ancient legends, the origin of all cultivation civilization comes from the illusory prehistoric continent. It is said that the prehistoric continent, Boundless and vast, it exists in a legendary space dimension, independent and superior to the heavens and the universe, and the God Realm is an interface evolved from a fragment of the ancient continent. "

Ye Feng's eyes were startled and he couldn't help but said: "The God Realm, known as the first interface of the universe, is just a fragment of the ancient continent? Then what is the origin of the civilization of the heavens, the ancient continent? Vast and advanced?"

Yu Honglian nodded and said: "Yes, but these are all legends. Our universe of heavens has experienced three vast eras. The first era is called the Ancient Era, which is the vast world where

gods and demons coexisted in the ancient times. Era, the God Realm still existed at that time, and there were traces of it in the ancient continent. After countless years, we came to the second era. "

"The second era is the extremely chaotic Minggu era. My master Chi Yan once mentioned to me that it was a dark era in which the heavens were turbulent and the universe collapsed, but it was also a time when geniuses emerged in large numbers and countless extraordinary figures emerged. In the legendary era with the rise of great forces, chaos often means glory, but after all, the dark turmoil of the Hades era was so terrifying that it shattered the divine world, countless ancient great figures fell, and the ancient continent has no trace left. With stability after chaos comes our era."

"Our era is called the Age of Immortals, and it is also called the Age of Civilization. With the fall of the ancient gods and demons, the disappearance of the darkness of the underworld, the entire world of cultivation in the universe has become stable, and the alien races in the heavens have been suppressed. , the great power of the human race has risen to control the entire universe and starry sky, so our era is the best era, but it is also the worst era, because the ancient and glorious cultivation civilization has disappeared in the dark age of Hades. "

At this time, Yu Honglian was speaking, slowly unveiling a layer of ancient history with each word. Every sentence conveyed a sense of vicissitudes of life, which made Ye Feng and Bai Xiaohua present. I was slightly silent, feeling that in the face of the huge torrent of the times, immortals, humans, and gods were unable to compete.

At this time, Ye Feng suddenly thought of the picture of the Queen who had swallowed the divine power of the gods contained in the seven-color altar.

"Senior, is this the Queen of Yaochi?"

Ye Feng found a secluded place in the surrounding ruins of Tianchen Shrine, and used his spiritual thoughts to talk to the Queen's figure hidden close to him.

But the result is that there is no

response.

"Try using soul power."

Ye Feng used his soul power this time to touch the picture of the Queen hidden close to his body.

"Buzz!"

Almost at this moment, Ye Feng immediately felt his soul entering a vast space.

That's picture space!

The picture space of the Queen's picture is a vast land.

Above the nine-sky clouds of the vast land, there was a figure of a peerless and graceful queen stepping on it.

However, Ye Feng only entered for a moment, and the next moment his soul returned to his body.

At this time, a woman's voice finally came out from the picture of the queen: "I don't know who I am, Queen of Yaochi? This name seems very familiar and the name is nice. Then you can call me Xiaoyao from now on." , Hehe, I'm very difficult to raise."

Ye Feng's eyes were stunned. Listening to this voice, it seemed that it did not sound like the words of a magnificent queen, but more like a little girl who had not grown up.

"Could it be that the voice in the Queen's picture is just a new weapon spirit, not the real Queen of Yaochi?"

Ye Feng was slightly disappointed.

But the next moment, "Xiao Yao" in the Queen's picture immediately said: "What's your name?"

"Ye Feng."

Ye Feng replied weakly.

Xiao Yao continued to speak: "It turns out to be Xiao Zi. I was very full just now after eating the divine power of the divine realm in the altar of the divine realm. I finally woke up from my deep

sleep. Next, you have to behave well and find more of the origin of the divine realm. Powerful stuff that fills me up.”

Ye Feng couldn't help but said: "What's the use of feeding a weapon spirit like you? You're just an ordinary queen."

Xiaoyao immediately screamed: "I am not a weapon spirit, I am the Queen of Yaochi!"

Ye Feng couldn't help but smile when he heard the scream like a little girl, and said: "The Queen of Yaochi sounds like a very powerful big shot. She is a high-ranking and peerless queen. How can she be as irritable and excited as you?"

Xiaoyao was speechless when Ye Feng said this, but she still hesitated and said: "I don't care! Anyway, I am the Queen of Yaochi! Xiaoye, if you follow me from now on, I guarantee that you will be popular and drink spicy food. ”

Ye Feng shook his head helplessly and said, "Are you strong in combat?"

Xiaoyao: "I'm... not strong."

Ye Feng continued: "Can you provide me with countless cultivation resources?"

Xiaoyao: "I... no."

Ye Feng said: "Yes, so you only have a picture of eating, which is of no use."

Xiaoyao immediately said in the picture: "That's because I haven't recovered my strength yet.

, although I have lost many memories, I am indeed the Queen of Yaochi. This picture itself is a treasure. As long as I continue to eat the power of the gods, I can restore my memory and help you, little Yezi, find the Queen of Yaochi... Of course, It is also my own treasure. I am the only human queen in the ancient times who has attained the Great Dao! Shocked an era! "

At this time, Ye Feng heard Xiaoyao's bragging. Although he thought it was a bit ridiculous, Xiaoyao actually mentioned the Minggu era and knew some secrets of this era. In this way, it seems that his identity is quite extraordinary, not just a simple little person. Small tool spirit.

"I believe you for now."

Ye Feng finally nodded and said: "Queen Yaochi's treasure and inheritance, I hope you can remember it quickly and take me to find the treasure."

Xiao Yao chuckled and said: "Then it depends on whether you work hard, little Ye Zi, and find more food from the God Realm for this queen to eat. Once this queen is full, she will be able to restore her memory and strength."

At this time, Ye Feng looked inside and watched with his soul. He immediately saw a cute little girl wearing a pink skirt appearing in the picture world in the picture of Queen Yaochi.

Presumably, this is Xiaoyao's true body.

Looking at the cute little foodie girl, the corner of Ye Feng's mouth twitched slightly.

This image does not seem to match at all with the peerless human queen from the Hades era who was able to suppress the Nine Heavens and Ten Earths.

But no matter what, according to Xiaoyao, at least this picture itself is a treasure, coming from the previous Hades era.

Moreover, you might be able to obtain the peerless inheritance and treasures of Queen Yaochi in the future.

So, let's keep it free-range for now...

Anyway, things in the divine world are not that easy to find.

At this time, Ye Feng no longer looked at the picture of the Queen of Yaochi, but ran towards the mountain peak not far away.

Mr. Du was split in half by Bai Susu with the Wheel of Judgment before, staining the barren mountains with blood. Maybe he can find a storage ring to absorb some blood instantly.

After all, Young Master Du is also a half-step Broken Realm expert.

Thinking of this matter at this time, Ye Feng was naturally willing to make a trip.

"Junior Brother Ye Feng, let's guard the Seven Color Altar together. Why are you going to the barren mountain?"

Seeing Ye Feng running towards the barren mountains in the distance, Bai Xiaohua and Yu Honglian immediately asked.

Ye Feng ran away, waved his hand and said: "I have three urgent needs. I will go to the barren mountain for a while. The two senior sisters must not come over. I will be back soon."

With a "swish" sound, Ye Feng disappeared quickly after finishing speaking.

Bai Xiaohua and Yu Honglian, who were standing there, looked at each other and couldn't help but smile awkwardly.

"Junior brother Ye Feng is really straightforward in front of us girls..."

Chapter 1460 Chaos

When Ye Feng came to the barren mountains and dense forests, he released his huge soul power and found the body of Mr. Du in an instant.

At this time, Master Du's body had been cut into two halves and fell to the ground, looking extremely miserable.

However, his body was surrounded by a trace of poisonous gas, which made some wild beasts in the jungle who smelled the smell of blood and rushed over did not dare to come forward, but just roared in the distance.

"Tap, step, step..."

With a hint of expectation in his eyes, Ye Feng walked to the two halves of Mr. Poison's body.

"Swallow!"

First of all, Ye Feng did not waste anything. He swallowed and refined all the blood energy of Mr. Du, a strong man in the half-step broken state, into his body.

"boom!"

Ye Feng's body immediately erupted with a powerful martial arts aura.

It is the cultivation momentum of the fifth level of Pure Yang Realm!

Next, Ye Feng picked up the storage rings that fell around.

Buzz!

After investigation with his spiritual sense, most of the poisonous master's storage rings contained highly poisonous substances.

Although the value is not much, at least Ye Feng can use it. These highly toxic substances can be used to cultivate poison-eating insects so that they can continue to transform.

"Huh? This is it?"

At this moment, Ye Feng suddenly noticed a small cloth bag that fell on the edge of a patch of dirt at his feet.

"This is Mr. Poison's poisonous universe bag! It can release poisonous energy that will cause disaster to even strong people in the Broken Realm! This is a good thing! It can defeat the enemy at critical moments!"

Ye Feng immediately put away the poisonous universe bag.

"Uh-huh!"

And at this moment, from the far end of the sky, a white figure of divine light flickered.

It's Bai Susu!

At this moment, Bai Susu was holding a human head in her hand. It was the head of the Demonic Sword Scholar, the core figure of the younger generation of the Demonic Poison Sect!

At this point, all the core figures who came to the Tianchen Star Territory from the Demonic Poison Cult have fallen.

Ye Feng walked out of the dense forest. At this time, Bai Susu took the seven-color altar from Bai Xiaohua's hand and put it into the storage spirit ring. Later, it was to be handed over to the Northern Temple to be given to the upper echelons of the temple. Monsters study.

Ye Feng's eyes flashed slightly at this, but he didn't say much.

Fortunately, Xiao Yao in the Queen's picture did not change the appearance of the seven-color altar after swallowing the divine power of the seven-color altar.

Otherwise, I would really get into trouble.

At this time, Bai Susu stared at the

Ye Feng, who came out of the barren mountain area, couldn't help but smile slightly and said: "Brother Ye Feng, your cultivation level has broken through very quickly during this period. You have already reached the fifth level of Pure Yang Realm."

"Fifth level of pure Yang realm?"

Bai Xiaohua's eyes were startled at this moment.

She really didn't sense any changes in Ye Feng's cultivation.

Unexpectedly, Ye Feng had already reached the fifth level of Pure Yang Realm, far surpassing Bai Xiaohua himself.

This shocked Bai Xiaohua's heart. Ye Feng had always been by her side, but she didn't expect that he had made so many breakthroughs without even realizing it.

Yu Honglian's eyes were also shocked at this time. What surprised her was not how high Ye Feng's cultivation level was, but that Ye Feng's cultivation level was so low, but he had killed Jin Shitai before.

How much combat power does this require to be able to do this?

At this time, Bai Susu continued to speak: "Brother Ye Feng, it seems that your inheritance is suitable for growing up in killing. Next, I suggest that you continue walking towards the inner area of the Tianchen Star Territory, where many demons have gathered. The creatures seem to be planning something big, and the people from the Demonic Poison Sect this time are just minions. "

Ye Feng's eyes flashed and he said: "Sister Su Su, do you mean that you want to continue to go deep into the Tianchen Star Territory?"

Bai Susu nodded and said: "That's right, I came to the Tianchen Star Territory this time and got orders from some big shots from the upper echelons of the Northern Territory Temple. It was mainly to investigate the group of demons gathering in the depths of the Tianchen Star Territory. For what reason, as for the people who killed the Demonic Poison Sect just now, they just did it casually. "

Uh-huh!

Suddenly, at this moment, a telegraph instrument flew over from a distance.

It is the special transmission talisman of the Northern Territory Seminary!

"Snapped!"

Bai Susu reached out and grabbed the transmission note, then put it to her ear and listened for a while, then her face couldn't help but change slightly.

Then she looked at the three people in front of her, Ye Feng, Bai Xiaohua and Yu Honglian, and said: "Don't continue to go deep into the Tianchen Star Territory. The situation has changed. The Demon Clan seems to be holding an ancestor worship ceremony. They want to start from In the dust of the times, their demon ancestors are summoned back, and I need to stop them immediately. This time it is not just me, but many other powerful core disciples from the Northern Divine Academy have arrived. There will be a huge chaos. The cultivation of the three of you is too weak. Leave this place of right and wrong as soon as possible, even I may not be able to protect myself."

After saying that, Bai Susu turned into a stream of light and hurriedly left here.

At this time, several people present looked at each other, and they all saw a trace of shock in each other's eyes.

To be able to change the expression of a core figure in the inner courtyard of the Northern Divine Academy like Bai Susu, the deepest area of the Tianchen Star Territory must have undergone major changes.

At this time, Bai Xiaohua believed in Bai Susu and strictly followed Bai Susu's request. She immediately looked at Ye Feng and said: "Ye Feng, let's just follow what the clan leader said and leave as soon as possible. This Tianchen Star Territory is no longer something we can interfere with."

Ye Feng was a little hesitant. First of all, he had just arrived in the Tianchen Star Territory. To be honest, he had not received any luck at all and his gains were limited. He did not want to leave just like that.

The second thing is that Ye Feng has not yet found Sima Suantian as a friend, and has not yet asked Master Sima Suantian how to let his soul enter the Shenxu Realm, a special soul interface exclusive to soul masters.

Therefore, Ye Feng does not want to leave at this time, even if the Tianchen Star Territory may really fall into a catastrophe next.

Thinking of this, Ye Feng stared at Bai Xiaohua in front of him and said: "Xiaohua, you and Senior Sister Honglian go back first. I still need to stay in the Tianchen Star Territory for a while. At the very least, I want to find my place. My friend, I have something very important to ask him."

Bai Xiaohua heard what Ye Feng said and seemed to see the firmness in Ye Feng's eyes. He could only nod his head and said: "Okay, then Senior Sister Honglian and I will leave first, because I don't want to be there by then." Being a burden to the clan leader makes the clan leader distracted from protecting us. "

Ye Feng knew that Bai Xiaohua was also telling him these words.

Ye Feng couldn't help but patted Bai Xiaohua's shoulder and said with a smile: "Don't worry, I will leave as soon as I find my friend. I won't take any further risks."

After saying that, Ye Feng was afraid that Bai Xiaohua would continue talking, so he jumped directly and disappeared into the ruins of Tianchen Shrine in the distance.

Bai Xiaohua, who was standing there, gave a helpless smile, looked at Yu Honglian, and said, "Senior Sister Honglian, I'm really worried that Ye Feng is in danger."

Yu Honglian looked at the direction Ye Feng left and said: "Don't worry, junior sister, I know you are very reluctant to leave Ye Feng, but you are afraid that staying will cause trouble to your clan leader. Let's leave first. Junior Brother Ye is not an ordinary person. He has strong combat power, amazing inheritance, and is a man of great luck. He will not encounter crises so easily, and even if he encounters a crisis, I believe that Junior Brother Ye can turn the crisis into good. "

At this time, Yu Honglian said, her heroic and beautiful face was full of fascinating confidence in Ye Feng.

This legendary female disciple of the Northern Divine Seminary seemed to have her own unique views on Ye Feng.

This made Bai Xiaohua a little surprised, but then she shook her head. She could not interfere with Ye Feng's decision. She could only pray in her heart that nothing would happen to Ye Feng and the clan leader.

"let's go."

At this time Yu

Honglian took out a starship, took Bai Xiaohua to the sky and disappeared into the sky.

At this time, Ye Feng entered the ruins area of Tianchen Shrine that had been split open by the Demon Sword Scholar before.

Along the way, Ye Feng saw countless indigenous residents of the Tianchen Star Territory whose homes had been destroyed, and countless people had been displaced.

This made Ye Feng see the cruelty of the Star Territory War.

It also made Ye Feng understand that the seemingly glorious and prosperous star giants could be easily destroyed in the eyes of the real overlord race of the universe.

At this time, Ye Feng also understood more and more why his father had to take huge risks to integrate the new cosmic will of the first universe, in order to become the controller of the universe of the first universe and obtain the highest level of cosmic will power. .

Because after witnessing the terrifying vastness of the second universe, the vast universe, they realized their own insignificance. If they wanted to confront another perfect world, the creatures in the first universe could only choose to take shortcuts.

Emperor Ye Qing took this path.

At this time, Ye Feng remembered the news that Old Jinlong had brought to him before. Old Jinlong seemed to say that his father was a tycoon with huge ambitions.

But at this moment, Ye Feng feels that from the overall perspective of the existence of the entire universe, whether his father is doing it because of his own ambition or for the sake of the people of the new universe of the First Universe, he is a generation of human god emperors, which may be beneficial to him. is the best choice.

"Ye Feng? Why are you here? Didn't you go to the Northern Divine Academy?"

Suddenly, while Ye Feng was thinking secretly, a surprised and pleasant voice suddenly sounded.

"This is Brother Sima's voice!"

Ye Feng's eyes were filled with joy, and he looked not far away, and immediately saw Sima Suantian, his former friend, in a dilapidated gymnasium in that direction, wearing a Taoist robe, standing at the door of the gymnasium facing him. waving to himself.

Uh-huh!

Ye Feng immediately dodged over, looked at Sima Suantian's dress, and couldn't help but said: "You are indeed in the base camp area of Tianchen Shrine, why are you dressed like this?"

Sima Shuantian smiled slightly and said, "Why don't you tell people's fortunes in this small gym?"

Ye Feng looked stunned and said: "You are a powerful soul master, how come you are so miserable?"

When Sima Suantian heard what Ye Feng said, he couldn't help laughing and said: "Brother Ye, you have misunderstood me. I don't tell fortunes for people to survive, but just to experience my own state of mind in this mortal world. I didn't expect to be so unlucky. It's really unlucky to meet a powerful person like the Demonic Poison Sect in the Northern Starry Sky."
