

Ancient 1461

Chapter 1461 Unimaginable

Sima Suantian was talking at this time, and his eyes suddenly noticed that the clothes on Ye Feng were the most formal disciple clothes of the Northern Territory Seminary.

He couldn't help but his eyes lit up, and he said: "Brother Ye, have you become an official disciple of the Northern Territory Seminary?"

Ye Feng nodded and said with a smile: "I have indeed become an official disciple of the outer courtyard of the Northern Territory Seminary. This time, in addition to killing evil demons and crooked ways, I also want to find you, Brother Sima."

Sima Shuantian immediately understood what Ye Feng meant and said, "You want to find my master to find the soul spell that enters the world of the gods?"

Ye Feng nodded and said: "Even in the Northern Divine Academy, there are very few records about soul masters, let alone the Shenxu world that is dedicated to soul masters. There is no such knowledge at all. It seems that soul masters The group is really passed down from generation to generation in ancient times, and it has not formed a huge practice system at all. "

Sima Suantian also said with some emotion: "Yes, since ancient times, soul masters have been extremely rare, and there are very few systematic cultivation sects. Moreover, the more soul masters practice to the end, the more lonely they become."

Ye Feng said: "So I am eager to know how to enter the Shenxu Realm. The Shenxu Realm is a special interface world that only soul masters can ascend to heaven and enter. If I get this secret spell, Then my soul master skills will be greatly improved, and I can also consult other soul masters from the major interface worlds in the Shenxu world."

Sima Shuantian nodded and said: "Okay, I will take you to find my master, but whether you can let my master tell you this special soul spell to enter the Shenxu world depends on Ye Feng. After all, even I can't get this soul spell from my master to enter the Shenxu Realm."

Ye Feng's eyes flickered and he said, "Take me to see your master first. As for the rest, I will find a way."

...

The southwest area of the Tianchen Star Territory is already very deep into the Tianchen Star Territory.

The entire sky was covered by a dark atmosphere.

That is the aura of the demon, which means that there are countless demons living in this area.

Ye Feng and Sima Shuantian were walking on the ground, looking at the sky full of demonic black energy, their expressions were a little solemn.

"The place of chaos that Sister Su Su finally went to seems to be not too far away from here..."

Ye Feng secretly murmured in his heart

I didn't expect that I would end up in this extremely dangerous area by accident.

But as long as you are not unlucky enough to encounter a group of demons, there is not much danger.

At this time, Sima Suantian stopped under a mountain range, looked at the highest point of the mountain range, and said: "My master lives in seclusion in this mountain range, but I don't know where exactly."

Uh-huh!

Uh-huh!

Just when Ye Feng was about to say something, two tall figures suddenly jumped out from the mountains.

These are clearly two demons!

The tall and burly body is covered with dense scales. There is a ferocious black horn growing on the head. There are two wings on the back. He holds a huge black war weapon in his hand. He looks powerful.

There is a huge gap between these two demons and the demon form that Ye Feng first came to Tianchen Star Territory to burn to death with the holy fire.

However, the Demon Clan is just like this. It is very strange. It does not have any fixed form and is ever-changing. Each form represents a different focused ability.

For example, the two heads in front of me at this time are heavenly demons from the underground feather-winged demon clan, and they are definitely powerful heavenly demons.

The demon that Ye Feng met before that could turn into bats all over the sky was an agile demon.

"Jie Jie Jie, I didn't expect to encounter two delicious human races in this outer area. They are both young people. Their flesh and blood are absolutely delicious."

"We hurry up and kill these two human races. Lord Demon Lord is capturing the human soul master in the mountains. He wants to use it as a sacrifice to awaken the ancestors who have been buried in history. We don't want to delay Lord Demon Lord's important event."

At this time, two powerful demons were talking.

The content of their conversation made Sima Suantian's eyes change slightly, and he couldn't help but say to Ye Feng beside him: "Ye Feng, that Lord Demon Jue must be arresting my master, my master He is a powerful soul master with a soul power of two thousand levels. It is the high-level sacrifice that the Demon Clan needs to awaken their ancestors. Let us hurry up and help the Master. Although the Master has a strong soul power, he is already too old and will definitely not be able to survive. Will he be the opponent of a Demon Lord from the Heavenly Demon Clan?

hand. "

Ye Feng nodded and said: "Okay, hurry up and deal with these two demons!"

boom!

Ye Feng rushed directly towards the two demons in the distance.

"How dare this human kid take action against us? Hahaha, he is so bold. Just in time, send him on his way!"

A demon laughed disdainfully, held the dark war weapon in his hand, and stabbed Ye Feng directly, as if he wanted to pierce Ye Feng's entire body.

"boom!"

"Click! Click..."

But the result was that Ye Feng's iron fist shattered the dark war weapon in Tian Mo's hand, and then in Tian Mo's horrified eyes, he punched his chest to pieces.

"ah!!"

The demon howled miserably, but instead of dying, it retreated crazily.

"An ordinary demon who is no more than the sixth level of Pure Yang Realm dares to stand in my way and die!"

Ye Feng roared, and his cultivation aura from the fifth level of the Pure Yang Realm exploded crazily.

He directly used the first inheritance of the outer courtyard of the Northern Divine Academy that he had plundered from Jin Shitai before, Jin Yang Yao Jiutian!

This is a ninth-grade Taoist-level inheritance!

He can dominate the inheritance in the outer courtyard.

"Buzz!"

A huge golden sun light wheel instantly appeared behind Ye Feng's head. In an instant, streaks of red gold light burst out, turning into golden war spears and stabbing towards the fleeing demon.

"Pfft!"

"Pfft!"

"..."

The burly demon body of this demon was pierced in an instant, and it was densely covered with golden war spears. They were inserted into the body and became a "golden hedgehog", which could not die anymore.

"hiss!"

Sima Suantian, who was not far away, saw Ye Feng take action and instantly defeated what he thought was an extremely powerful demon. He immediately couldn't help but gasped in shock.

"What? You are only a human warrior from the fifth level of the Pure Yang Realm, how can you be so powerful!"

The other demon was immediately frightened so hard that his black face turned pale.

"I want to inform Lord Demon Lord that masters from the human race have descended on this mountain range!"

br

The demon thought in his mind, and immediately spread the black wings on his back, instantly turning into a black lightning and running towards the inside of the mountain range.

"No! This demon wants to inform other powerful demons!"

Sima Suantian's eyes changed.

But there was no way he could stop it. The demon was too fast, as fast as lightning.

"Boom!!"

But suddenly, at an unknown moment, a thousand-foot-tall white skeleton appeared in the sky. He stepped on it and crashed down like a mountain, instantly crushing the second demon that was escaping in the distance.

"This is....."

Sima Suantian was almost dumbfounded when he looked at the thousand-foot white skeleton giant that towered like a mountain.

Ye Feng's face was extremely calm, "The thousand-foot white bone skeleton giant refined by the Skeleton Taoist is quite good. It is more than enough to deal with the creatures in the Broken Realm."

Uh-huh!

At this time, Ye Feng ducked over and took the skeleton giant back into the storage ring.

Then he directly devoured the two slain Pure Yang Realm Sixth Level Heavenly Demons on the spot.

"Buzz!"

Ye Feng immediately felt that his skills had become much more powerful.

But there was no breakthrough because of this. After all, the energy of the two demons was too little.

"I wonder what kind of powerful cultivation that Lord Demon Lord of the Heavenly Demon Clan has."

Ye Feng thought secretly in his heart.

However, at this time, Ye Feng's own cultivation has broken through to the fifth level of Pure Yang Realm. In addition, he can summon the future body of Dzogchen at any time. Ye Feng is no longer afraid of the ordinary first or second level strong men of Shattered Realm.

What's more, the Dragon Spirit Holy Fire on Ye Feng's body has a natural suppressive effect on starry sky demons like the Sky Demon Clan.

Seeing Sima Suantian dazed not far away, Ye Feng immediately reminded: "Brother Sima, hurry up and save your master!"

"Huh? Oh, okay!"

Sima Suantian was probably stunned by Ye Feng's powerful strength and methods at this time.

Because it hasn't been long since Ye Feng went from the Tiannan Star Region to the Northern Territory Temple.

But Ye Feng's current strength is beyond the imagination of Sima Suantian, his former friend.

Chapter 1462 Sufficient preparation

Uh-huh!

Uh-huh!

At this time, two figures were flying across the vast mountains and plains, seemingly looking for something.

It was Ye Feng and Sima Suantian.

They entered the rolling mountains in order to find Sima Suantian's master.

At this time, Ye Feng also knew that Sima Suantian's master was called Tianhun Zhenren, and he had more than two thousand levels of powerful soul power.

But because Tianhun Zhenren is already old and his body is about to decay, Sima Suantian is very worried about his master at this time. He is no match for a demon king from the Tianmo clan who is suspected of being in the Broken Realm.

Now that he has seen Ye Feng's powerful strength, Sima Suantian's courage has grown.

He immediately stopped searching and said, "Ye Feng, let's make a huge noise here and lure my master over, otherwise we don't know how long it will take to find him."

Hearing this, Ye Feng couldn't help but nodded and said: "Okay, let's use this method, but before that, I need to arrange the scene. After all, what we are about to face is a Lord Demon Lord from the Demon Clan. Broken People with strong backgrounds need to be treated with caution."

At this time, Ye Feng said, taking out the thousand-foot skeleton giant that had been plundered from the skeleton Taoist, and letting the huge white bone giant lie behind a mountain behind here, lurking quietly.

The brute strength of this thousand-foot-long skeleton giant is definitely comparable to that of an ordinary Broken Realm powerhouse.

In addition, Ye Feng also secretly injected the flame of the Dragon Spirit Holy Fire into the depths of the earth under his feet. When Ye Feng thought about it, infinite golden holy fire would burst out from the earth.

"Xiaoyao!"

At this time, Ye Feng called the picture of the Queen of Yaochi that was hidden close to him, and said through his soul: "Xiao Yao, wake up quickly."

"Little Leaf, what's wrong?"

In the picture of the Queen of Yaochi, a voice that seemed to have not woken up suddenly sounded.

.

Ye Feng said: "Xiao Yao, you swallowed the power of the God Realm Altar before, woke up, and recovered some strength. This time, I hope you can help me at the critical moment."

At this time, Xiaoyao's cute little figure raised her mouth in the picture of Queen of Yaochi, and said: "But I have just woken up, little Ye Zi, let me start working."

Ye Feng couldn't help but said: "I don't bother you with ordinary opponents, but this time my opponent is a demon lord from the demon tribe. He is a powerful demon at the Broken Realm level, so I may need your help. If you don't help me, I won't support you anymore."

"Don't fail to support me!"

Xiaoyao was immediately hit in a sore spot.

She quickly shouted in the picture space of the Queen of Yaochi picture: "Little Ye Zi, let me help you, I will definitely help you!"

"That's good."

Ye Feng nodded with satisfaction.

Although the little girl Xiaoyao seems a bit unreliable.

But after all, she was once a powerful person in the dark and chaotic era of the Hades.

Even if he is in despair now, he is still extremely powerful and can exert great power.

Ye Feng didn't believe that Xiaoyao was just an innocent little girl and she must have her own tricks.

What's more, the Yaochi Queen Picture itself is a treasure, and Xiaoyao can exert great power when controlling it.

At this time, he was fully prepared. Ye Feng looked at Sima Suantian beside him and said, "Brother Sima, you can start."

"good."

Sima Suantian patted Ye Feng on the shoulder and said, "No matter what,

Success or not, I thank you for being able to do it all. "

After the words fell, Sima Suantian suddenly started to make hand seals. A series of soul power spell marks emitting light blue light instantly rose up from his hands, and suddenly condensed in the high altitude here. A huge soul spell mark appeared, emitting a bright blue light.

Because this large area of land is already very close to the depths of the Tianchen Star Territory.

So at this time, the entire sky high up in the sky was enveloped and diffused by the black aura of the devil.

The whole mountain range was very dark.

But this just made the soul spell that Sima Suantian cast at this time, and the blue light emitted suddenly became extremely eye-catching, shining across the vast mountains.

At this time, Sima Suantian seemed to have consumed a lot of money. He looked at Ye Feng who was not far away and said: "My soul spell is a spell that my master once taught me. I believe that when he sees it, he will immediately Understand, his disciple came to save him."

Ye Feng looked at the soul spell mark on the sky that radiated endless blue divine light. He couldn't help but nodded and said, "Unless your master is blind, it is impossible not to see this mark."

Sima Suantian said: "But this may attract the attention of other demons in the entire mountain range."

Ye Feng smiled and said: "You don't have to be afraid of ordinary demons. If you come one, I will kill one, if two come, I will kill a pair!"

Uh-huh!

Uh-huh!

Uh-huh!

And the moment Ye Feng finished speaking, three demons flew over from not far away.

"It's the human race!"

"Catch them! Send them all to the ancient altar as a sacrifice to awaken the ancestors!"

"The current human race is really bold. Knowing that this area is already controlled by our demon race, they still dare to release such a dazzling mark of divine light. They really don't know how to live or die!"

The three demons are all extremely tall, with wings on their backs, golden scales all over their bodies, and they hold a black steel fork like a trident in their hands.

This is another form of demon, which looks very ferocious.

"Pfft!"

"Pfft!"

"Pfft!"

But at the next moment, Ye Feng held the Ancestral Dragon Emperor Sword in his hand and slashed down with the sword. Golden light burst out, and the sword energy was everywhere. The bodies of

the three ordinary demons who had just made disdainful sounds were separated, and their heads were severed. The demonic body fell to the ground and died instantly.

The ground was shockingly stained with bright red demon blood, and many of the demons who were secretly attracted were too frightened to move forward.

"Swallow!"

Ye Feng grabbed it with his big hand, and a dark tornado burst out from his palm and turned into a swallowing vortex, swallowing up the three ordinary demons of the fourth level of pure Yang realm who were killed on the ground.

The skill has been strengthened.

But after all, the energy was too low and there was no breakthrough in cultivation.

Ye Feng's eyes flashed at this moment, and he actually hoped that the powerful Demon Lord would arrive as soon as possible.

"Sima Tu'er, run quickly, the demon lord of the demon tribe that day is a strong man from the third level of the Broken Realm! We can't resist it!"

Suddenly at this moment, an old man's urgent voice suddenly came from the distance.

The old man was a skinny little old man wearing a green shirt. He was scurrying around with his head in his hands, looking very embarrassed. He didn't look like a senior soul master at all.

But at this moment, Sima Shuantian's eyes suddenly lit up and he said: "That is my master Tianhun Zhenren!"

Chapter 1463 Sword Qi Fire Storm

"That's Master Tianhun?"

Ye Feng looked at the skinny old man running away not far away with his head in his arms, a hint of suspicion in his eyes.

Tianhun Zhenren is a great soul master with two thousand levels of soul power.

Although it is somewhat different from the imagined image of Immortal Wind Daogu.

But Ye Feng shouted loudly at this time: "Senior Tianhun Zhenren! Come to us quickly! We are here to save you, and kill the monsters of the Tianmo Clan by the way!"

Uh-huh!

Tianhun Zhenren flashed in front of Ye Feng and Sima Suantian in an instant, and said urgently: "That Demon Lord of the Heavenly Demon Clan has the cultivation of the third level of the Broken Realm. You two young people are no match for you, so hurry up and run away! "

But Sima Suantian grabbed the shoulders of Master Tianhun and said with a helpless smile: "Master, don't be afraid. I, Brother Ye, are very powerful. I am a disciple of the Northern Divine Academy."

"A disciple of the Northern Territory Seminary?"

Master Tianhun's eyes were suddenly startled.

After all, the Northern Divine Temple is the largest and top-level human gold power in the entire northern star region.

Even the Demon Clan, the overlord of the starry sky like the Heavenly Demon Clan, would not dare to act arrogantly in front of the Northern Divine Academy.

Tianhun Zhenren stared at Ye Feng, shook his head and said: "Even if he comes from the Northern Divine Academy and his cultivation is only at the fifth level of the Pure Yang Realm, he will definitely be killed by the Demon Lord in one fell swoop!"

boom!

And just when Tianhun Zhenren was very discouraged, a group of extremely rich demonic energy struck from a distance in an instant and enveloped the entire sky and earth.

"Buzz!"

A huge dark golden throne emerged from the rich demonic aura.

Sitting on the throne was a tall demon, dressed in purple gold armor and holding an ancient scepter in his hand. He looked extremely noble and epic.

This is the Demon Lord of the Demon Clan that day!

Possessing the terrifying cultivation level of the third level of Broken Realm!

At this time, the Lord Demon Lord was sitting on the dark gold throne, overlooking Ye Feng below, and suddenly smiled and said: "Young man of the human race, I am very curious, who gave you the courage to dare Save people in front of me?"

Ye Feng looked calm and said: "My own strength gives me the courage."

"Hahaha!"

That day, the Demon Lord of the Demon Tribe laughed out loud, and then his eyes showed deep sarcasm, and said: "Your strength? Pure Yang Realm fifth level? Can such ridiculous strength bring you courage?"

"Die!"

At this moment, the Demon Lord seemed to be too lazy to talk nonsense with a weak ant like Ye Feng. He instantly raised the ancient scepter in his hand and pointed it at the bottom.

"boom!"

Suddenly, the demon energy around his dark gold throne condensed into an extremely ferocious black evil dragon, roaring and roaring, charging towards Ye Feng and the three people below.

"Uh-huh!"

Ye Feng jumped up and shouted:

"Today, I will let you, the Demon Lord of the Heavenly Demon Clan, see the true power of my human warrior!"

boom!

Ye Feng holds the Ancestral Dragon Emperor Sword in his hand, and the light of chaos shines in all directions.

"Pfft!"

Ye Feng swung his sword and slashed, like the autumn wind sweeping away fallen leaves. The terrifying golden sword light tore through the darkness of the world, and instantly chopped the black evil dragon condensed with the devil's energy into countless pieces.

"Oh? It's interesting."

The Demon Lord on the dark gold throne finally stood up.

He clenched his fists, and the purple gold armor all over his body made a clanging sound.

"I haven't moved my muscles for a long time, so I will personally take action and kill you, a human prodigy."

Even now, the Demon Lord still has a look of indifference and disdain on his face.

boom!

The Demon Lord's tall body instantly crashed down from the dark gold throne high in the sky.

The ancient scepter he held in his hand was used as an ancient war spear, and he suddenly slashed down at Ye Feng.

"Boom!!"

Ye Feng held the sword in both hands to block, and the ancient scepter struck the sword body. Immediately, a huge force like a vast ocean was transmitted to Ye Feng's arms, causing Ye Feng's body to fall quickly. .

There was a "boom"!

Ye Feng's entire body hit the ground, directly punching a large hole in the hard mountain ground, which was bottomless.

The demon king looked at the big hole in the ground and couldn't help but smile sarcastically and said: "I'm so impatient, I'll die in one move."

"boom!"

But suddenly at this moment, endless golden flames suddenly burst out from the entire mountain range and enveloped the Demon Lord.

"Click, click..."

At this time, the earth cracked open, and streams of golden flame lava flowed out from deep underground.

A golden beam of light penetrated from the infinite flames. Ye Feng's black hair was dancing wildly at this moment. He was sinking and floating in the golden flame beam, as if a young fire god had arrived.

"This is...the holy fire!"

The Demon Lord's expression finally changed.

He immediately stared at Ye Feng, who was bathed in the golden holy fire, with a ruthless look in his eyes: "It turns out that you are the awakener of the holy fire in the human race. This is the nemesis of my demon clan. Unfortunately, your cultivation is too weak and you cannot display it at all. To unleash the true power of the Holy Fire, I am lucky today to kill you, the young awakener of the Holy Fire from the human race, to get rid of any future troubles!"

"Demon Qiankun Hand!"

The Demon Lord of the Heavenly Demon Tribe roared loudly at this moment, literally bursting out all the power of his third-level cultivation in the Broken Realm.

one of his

The hand immediately expanded in the void to the size of a thousand meters, able to cover the sky and the sun, obliterating everything, as if the end was coming.

"Galaxy Holy Mirror!"

"Ship of the Sages!"

Two divine lights immediately rushed out of Ye Feng's body.

They are two treasures!

"Crash!"

A large expanse of white stars burst out of the Holy Mirror of the Galaxy, bursting out in the void with an extremely terrifying impact.

"When the saint comes, all demons retreat."

At this time, the voice of the will of the ancient saints also came from the ship of sages.

The lights and shadows of the ancient saints appeared one after another, each one exuding sacred white light and possessing ancient power.

"Boom!"

A big collision suddenly occurred in the sky, and the roar resounded throughout the nine heavens and ten earth, making countless demons around, as well as Sima Suantian and Tianhun Zhenren, couldn't help but retreat quickly and felt shaken.

At this time, Master Tianhun looked at Sima Suantian and couldn't help but said: "You finally gave me a chance to bring such a monster to the Northern Divine Academy!"

"boom!"

At this time, Ye Feng released two treasures from high in the sky and resisted the demon king's big hand. He himself held a sword with a holy fire and rushed directly in front of the demon king with a sharp sword. Cut it down hard.

"Death to the Gods!"

Ye Feng subconsciously used the sword that Uncle Nan taught him back then.

The sorrow of the gods seems to never go out of style. Now with the blessing of the holy fire sword, a huge destructive and terrifying sword energy fire storm suddenly appeared in the void!

Half of the purple gold armor of the Demon Lord was instantly covered by the sword energy fire storm, and the armor was rapidly shattering.

"hateful!"

The demon king yelled angrily: "You are a bug-like thing, and you actually hurt me! I want you to die immediately!"

"The forbidden technique of the devil - the light of destruction!"

The Demon Lord roared, and a large area of dark and destructive light burst out from his eyes.

Ye Feng's whole body was covered. Even the chaotic body in the early stage of the third heaven was being destroyed quickly at this moment. It was dripping with blood and the bones were visible.

"Future body!"

Ye Feng no longer hesitated at this moment, and instantly communicated with the future body of Dzugchen.

Buzz!

A majestic light and shadow, exuding an epic and boundless aura, stepped out from Ye Feng's body and slapped the Demon Lord in front of him.

"Crack!"

All the purple gold armor on Demon Lord's body was shattered, and the metal fragments of the armor suddenly penetrated deeply into the flesh and blood of Demon Lord's body.

"ah!!"

This makes Demon Lord, the big devil of the third level of Broken Realm,

They all let out screams of extreme pain all at once.

But the demon king's eyes were extremely fierce. He stared at Ye Feng and laughed cruelly: "You have been illuminated by my light of destruction. You are destined to die."

At this moment, Ye Feng's whole body was being destroyed by that dark and destructive light.

"Xiaoyao!"

"protect me!"

Ye Feng shouted loudly.

"Little Ye Zi, this queen is here!"

Xiaoyao's sweet voice sounded.

"Wow!"

Almost at the next moment, a peerless and alluring picture of the Queen rushed out of Ye Feng's body, surrounding Ye Feng's entire body, emitting a hazy pink light.

Those dark and destructive lights were shining at this time, but they were completely blocked by the Queen of Yaochi. They were unable to invade and destroy Ye Feng's body.

"What?!"

When the demon lord not far away saw this scene, his face immediately changed and he roared: "Impossible! This light of destruction is the super powerful forbidden technique of my demon clan. Boy, what kind of picture is this on you? ? How can it be possible to withstand this great light of destruction? Even a Dao-level magic weapon cannot withstand this great light of destruction!"

"boom!"

But Ye Feng didn't talk nonsense at all. He and Lai Shen attacked the demon king instantly.

"boom!"

A slap from the future body contains a mountain-like power.

Ye Feng himself wielded the Holy Fire Sword again, slashing out the Gods of Shang, and a huge storm of sword energy and fire enveloped the entire Demon Lord.

"ah!!"

Accompanied by an earth-shattering scream, the Lord Demon Lord of the Heavenly Demon Clan could no longer resist and was directly swallowed up by the storm of sword energy and fire.

"Crack!"

A burly demon corpse fell from the sword energy fire storm high in the sky and fell to the ground hard. It couldn't die any more.

The Demon Lord of the generation died!

At this time, Ye Feng looked at the Demon Lord's body underneath with slightly surprised eyes.

I didn't expect that the combination of skills I had just improvised, the Holy Fire of the Dragon Spirit, a war sword, and the Sorrow of the Gods, the sword energy and fire storm created by it was so terrifying!

"It's time to finish the work!"

At this time, along with Xiaoyao's lovely voice, the picture of Queen Yaochi who protected Ye Feng at the last moment once again automatically got into Ye Feng's clothes and hid it closely.

"What?"

"The great Demon Lord is dead?"

"How is that possible! That's just a young human being from the fifth level of Pure Yang Realm!"

"I do not believe!!"

At this moment, in the entire surrounding mountains, countless demons were making sounds of fear.

Chapter 1464 Inherited Bones

quiet!

Deadly quiet!

The entire mountain range, which was originally noisy, fell into a dead silence at this moment.

"Crash..."

At this time, countless ordinary demons in the entire mountain range were extremely frightened, and they were running wildly around. They did not dare to offend the young murderer of the human race. It was too scary. .??.

Uh-huh!

At this time, Ye Feng had no time to chase down the ordinary demons, so he landed from high altitude and walked towards the burly, charred corpse of the demon lord of the demon clan who was killed by the sword energy and fire storm.

Although this Demon Lord from the third level of Broken Realm has already fallen and died.

But Ye Feng could feel a majestic and profound blood energy from his body.

In addition, there is also a high-level energy exclusive to the Demon Clan.

That kind of high-level energy was so pure and so evil that Ye Feng had never sensed it in any other demon.

"It seems that this Demon Lord of the Heavenly Demon Clan is of noble bloodline among the Heavenly Demon Clan, and is different from other ordinary Heavenly Demons. But for me, this is a great supplement!"

Ye Feng released the Devouring Domain on the spot.

"boom!"

Suddenly a dark vortex suddenly enveloped the entire huge demonic body of the Demon Lord of the Heavenly Demon Clan on the ground in front of him.

"Grrrrrrrrrrr..."

Suddenly, waves of majestic high-level energy were devoured from the Demon Lord's body and injected into Ye Feng's body.

Ye Feng immediately felt at this moment that his skill was growing rapidly.

A creature whose cultivation is at the third level of the Broken Realm is inherently very powerful.

What's more, this is a Demon Lord from the Heavenly Demon Clan, and the skill and energy contained in his body are even more powerful.

"boom!"

The next moment, a new and powerful martial arts aura burst out from Ye Feng's body.

Pure Yang Realm Sixth Heaven!

But at this time, the energy in the entire Demon Lord's body was swallowed up by Ye Feng.

Less than a third.

"boom!"

Half an hour later, Ye Feng's cultivation continued to accumulate breakthroughs, and he entered the seventh level of Pure Yang Realm!

At this time, Lord Demon Lord's demonic body had completely shriveled up and lost all its life essence.

And Ye Feng's aura was also stable at the seventh level of Pure Yang Realm.

As your cultivation level continues to improve, more and more energy is required for breakthrough.

In the end, two-thirds of the Demon Lord's energy only allowed Ye Feng to break through the first level and enter the seventh level of Pure Yang Realm, but failed to enter the eighth level.

But this already made Ye Feng very satisfied.

Because it is very difficult to improve the cultivation level of Pure Yang Realm.

Ordinary warriors, even some geniuses and geniuses in the Northern Divine Academy, if they don't have the opportunity to cultivate normally, it will take at least half a year to break through the first level of pure Yang realm.

And now Ye Feng has devoured the entire Demon Lord of the Heavenly Demon Clan, and his cultivation has broken through two heavens in a row. He has broken through from the fifth heaven of the Pure Yang Realm to the seventh heaven of the Pure Yang Realm, which is already very good.

And this time in the battle with the Demon Lord, Ye Feng also realized something and realized the "Sword Qi Fire Storm" combination skill.

The power of the Sword Qi Fire Storm is very terrifying. It has the flames of the Dragon Spirit Holy Fire and the terrifying sword Qi of the Sword of Gods.

"Although the grade of the Zulong Emperor Sword is still good, ranking as a sixth-grade Taoist-level magic weapon, it can hardly keep up with my use. If there is a higher-level sword, maybe my sword Qi Fire Storm, It will exert even more terrifying power."

Ye Feng thought secretly in his heart and prepared to leave this place.

"Little Ye Zi, wait a minute, there seems to be energy from a divine substance surging inside the Demon Lord's body. Quickly dissect his body and look for it."

Suddenly at this time, Xiaoyao's lovely voice sounded in the picture of Queen of Yaochi.

"Divinity

substance? "

Ye Feng's eyes were startled and he said: "A divine substance that even my current swallowing vortex cannot swallow? That should be very precious."

Uh-huh!

After Xiaoyao's reminder, Ye Feng immediately squatted down, took out a magic weapon dagger from the storage ring, and began to cut into the Demon Lord's shriveled body.

"when!"

"Crack!"

But the moment the magic weapon dagger touched the Demon Lord's shriveled body, it was immediately shattered by the counter-shock force.

"so hard!"

Ye Feng's eyes flashed, and then he stretched out his hand, replacing the knife with his hand, and with a "sizzle", he directly tore the Demon Lord's body into pieces.

"Crack!"

A small pitch-black bone suddenly fell to the ground, shining with a faint light.

"This is it!"

Xiao Yao immediately said in surprise in the picture of Queen Yaochi: "I sensed a very strong divine substance from it. It must be the inherited bone of the demon god born by this demon king. Quickly swallow the divine power in it, my The strength will be restored, and the power of the Queen's figure will also be improved a lot. "

Ye Feng's eyes moved and he said: "How much can it be improved?"

Xiao Yao said: "Last time, I swallowed the divine power from a divine altar. This time, if I swallow the divine power from the inheritance bone of the demon god, I will definitely be able to release the power of Queen Tu that is comparable to a first-grade avenue-level magic weapon." "

"A first-grade Dao-level magic weapon, surpassing the Taoist level!"

Ye Feng's eyes lit up, and then he nodded and said: "But before you swallow this Demon God's inheritance bone, I need my soul to enter this Demon God's inheritance bone to see if I can get the powerful inheritance of the Demon Clan in this inheritance bone. "

Buzz!

Ye Feng put the dark Demon God's inheritance bone on his forehead, used his soul power to forcefully break through the seal of the inheritance bone, and entered the inheritance of the inheritance bone.

"Uh-huh!"

The next moment, Ye Feng's soul body suddenly came to a dark and boundless world.

In the world.

At this time, a majestic demon god stood in the distance, tens of millions of feet tall, standing tall with the sky and the ground, and his body almost filled the entire starry sky.

This demon god used a forbidden technique, and a large area of dark light enveloped the entire universe. Planets, suspended continents, and interfaces were all destroyed in an instant and became There are countless debris, as if the end is coming, this is a disaster in the star field.

"Uh-huh!"

And at this moment, Ye Feng's soul returned to his original body.

And a mysterious message about the inheritance of the demon appeared in Ye Feng's mind.

It is the inheritance in the bones of the demon god, and it is also the forbidden technique that the demon king used before, the light of destruction!

It is definitely a Tao-level inherited forbidden art that surpasses the Taoist level, and it is definitely a high-level inherited forbidden art in the Tao-level!

"This is a powerful forbidden technique among the Demon Clan."

Ye Feng's eyes were overjoyed. He didn't expect that he would be able to obtain such a terrifying set of forbidden techniques of destruction in the end.

If Xiao Yao hadn't used the Queen's Diagram to protect her, her third-level chaotic body couldn't stop the light of destruction unleashed by the Demon Lord, and was almost destroyed.

"I can eat it now."

Xiao Yao's weak voice came from the picture of Queen Yaochi.

"Okay, let's eat."

Ye Feng smiled slightly and threw the demon inheritance bone in his hand directly into the picture space of the Yaochi Queen's picture.

"Buzz!"

After Xiaoyao swallowed the divine substance, Ye Feng could feel that the aura of the treasure of the Queen of Yaochi hidden close to his body had indeed become much stronger.

But there is one more important thing now. Ye Feng looked at Sima Suantian and Tianhun Zhenren who were recovering from their injuries not far away, and slowly walked over.

This time I saved the life of Master Tianhun, and it shouldn't be that difficult to find the soul spell to enter the Shenxu Realm.

Chapter 1465 Soul Spell

Ye Feng walked not far away at this time and came to Sima Suantian and his master Tianhun Zhenren.

Although Master Tianhun did not look like a powerful soul master at all, Ye Feng still clasped his fists and said: "Senior Master Tianhun, I came to the Tianchen Star Territory this time specifically to ask senior about the Shen Ruins. world thing."

Master Tianhun nodded and said: "Sima Tuer has already told me about this matter just now. Don't worry, I will teach you the soul spell passed down by our ancestors to enter the Shenxu Realm, but the Shenxu Realm does not It's not as beautiful as imagined, and it involves a lot of risks. I also know a little bit about your Soul Dao skills. The things involved are too scary. Don't reveal them easily in the Shenxu world, otherwise you may be exposed to the Shenxu world. The super soul master is targeting him."

Ye Feng's eyes flickered for a moment, and then he said: "Okay, thank you senior for your teachings."

Master Tianhun nodded and said: "I am helping you because I hope that you will become a big shot in the Northern Divine Academy in the future and be able to help me, the Sima Tuer."

Ye Feng stared at Sima Suantian and said with a smile: "Don't worry, if I have my own territory in the Northern Divine Academy in the future, many of my friends will invite me to help me. Brother Sima is very resourceful. My first choice for great strategist."

Hearing this, Sima Suantian couldn't help but bow his head and smile helplessly, saying: "Brother Ye, please stop making fun of me. If you really invite me, the chores can still be arranged properly for you anyway."

At this time, even Sima Suantian understood that Ye Feng's future must be one of great glory.

As Ye Feng's friend, his status will naturally rise in the future.

Uh-huh!

At this time, Master Tianhun took action, pointed a finger on Ye Feng's eyebrows, and said: "I will teach you the soul spell to enter the Shenxu Realm now, but you have to promise me that this special soul The spell has been passed down from generation to generation by my ancestors, and you must not teach it to anyone else, not even my Sima disciple."

Ye Feng nodded immediately and said: "Okay.

I promise senior. "

At this time, Ye Feng secretly guessed in his heart that the ancestor of Tianhun Zhenren must be a very powerful soul master. He actually controlled the soul spell to enter the Shenxu Realm that was not even recorded in such a behemoth as the Northern Divine Academy.

However, the Northern Territory Seminary is mainly a giant force in martial arts practice. The more soul masters reach the end, the more difficult it is for them to form a practice system. They all work alone and cannot be restrained.

Therefore, in the Northern Territory Seminary, there is not even a department dedicated to teaching soul masters the knowledge of cultivation.

It can be seen that if Ye Feng wants to improve the strength of the soul master in the future, he still needs to rely on himself.

And this is why Ye Feng is so determined to come to Tianchen Star Territory this time and find Sima Suantian and his master Tianhun Zhenren.

Because once Ye Feng obtains the soul spell to enter the Shenxu Realm, it means that Ye Feng has obtained a new door to the soul master's practice.

"Buzz!"

At this moment, Master Tianhun loosened his fingers.

At this time, a very obscure soul spell has been deeply imprinted in Ye Feng's mind.

That is the soul spell that allows the soul master's own soul to enter the legendary world of gods.

Master Tianhun was very solemn at this time and said: "The Shenxu Realm is very dangerous, but it is also a place where powerful soul masters must go. It can provide soul masters with an excellent future, because those who can enter the Shenxu Realm, all are soul masters, and they are all our kind. In addition, before the soul power has increased to two thousand levels, do not try to enter the Shenxu Realm, otherwise you will be shocked by the terrifying void soul power storm. Soul-crushing."

Ye Feng got this special soul spell at this time, which was equivalent to getting a chance to enter the divine world.

The key to the gate of the ruin world.

This made Ye Feng very happy, and he immediately clasped his fists and said, "Thank you, senior, for your teachings and spells. Don't worry, I will definitely try to pass the soul spell to enter the Divine Ruins Realm when my soul power reaches two thousand levels."

At this time, Ye Feng's soul power was only one thousand and thirty levels, which was still far behind the two thousand levels of soul power required to enter the Shenxu Realm.

However, Ye Feng is not in a hurry. As long as he does not die, he will one day be able to increase his soul power to two thousand levels.

"We're leaving."

At this time, Sima Suantian suddenly spoke up. He supported his Master Cang, looked at Ye Feng, and said: "The Tianchen Star Territory is now being targeted by the Demon Clan and the Demonic Poison Sect, and you can't live anywhere. So I'm going to take my master with me to settle down in other star regions."

Ye Feng nodded and said: "Okay, it is the right choice for you to leave this place of right and wrong as soon as possible."

At this time, Ye Feng looked in the distance. That was the deepest area of the Tianchen Star Territory, where countless armies of the Demon Tribe were stationed.

For some unknown reason, countless Heavenly Demons chose the land at the end of the third-level star field, the Tianchen Star Region, to build ancient altars in an attempt to call out their ancestors, the Heavenly Demon Ancestors. This was very dangerous.

Sima Suantian seemed to have guessed Ye Feng's inner thoughts at this time, and couldn't help but said: "Brother Ye, are you going to stop the Demon Clan?"

Ye Feng shook his head and said helplessly: "With my current level of cultivation, if I try to stop the demon, I will just die."

Master Tianhun smiled slightly and said, "Young Ye Ye must be trying to take advantage of the chaos."

Ye Feng looked at Master Tianhun and said in surprise: "What the senior said is indeed what I think in my heart."

Master Tianhun nodded and said: "You and I are of the same sect. I have also been following the strong and picking up bargains to reach my current state."

Sima Suantian couldn't help but glance at himself

The master looked helpless, and seemed to feel that he was a little embarrassed to be in front of such a strange master.

Master Tianhun ignored Sima Suantian's eyes and continued to speak to Ye Feng: "After you have the ability to enter the Shenxu Realm, I will teach you a way to quickly increase your soul power, which is to secretly follow some powerful souls. Maybe we can pick up the leaks around the teacher."

"Master, let's leave quickly. If we don't leave, it will be too late!"

Sima Suantian immediately dragged Master Tianhun towards the distance and said to Ye Feng behind him: "Brother Ye, you must be careful next time we meet again."

Ye Feng waved his hand in the direction where the two people left, but he felt that what Tianhun said was very reasonable.

"I don't know what the Shenxu Realm, a special interface world that only soul masters can enter, is like."

Ye Feng became even more curious.

But now that the soul power is too low, Ye Feng will naturally not take risks, lest his soul will be crushed by the void soul power storm before the Shenxu Realm has entered.

Uh-huh!

Ye Feng jumped at this moment and turned into afterimages, running and lurking towards the depths of the Tianchen Star Territory.

Ye Feng had already predicted that there would be a fierce battle between the Demon Clan and the Northern Divine Academy and other powerful righteous forces.

Although it is extremely dangerous, opportunities and good fortune will also be very abundant.

Now Ye Feng's strength has improved a lot again, and he can even kill the Demon Lord, which makes him more confident. After all, Ye Feng originally planned to leave the Tianchen Star Territory directly after meeting the real Tianhun.

But now, Ye Feng wants to give it a try. Maybe he can quickly break through his cultivation and improve his strength. When he returns to the Northern Divine Academy, his status will be different and he will enjoy greater power. Moreover, the more Heavenly Demons you hunt, the more reward points you will receive from the upper echelons of the Northern Territory Temple, which means more merit points.

Chapter 1466 Chaotic battlefield

Ye Feng's speed was extremely fast at this time.

He traveled through mountains and mountains, crossed mountains and ridges, and finally arrived at the deep area of Tianchen Star Territory.

This is already the end of the main planet of the Tianchen Star Territory, the edge of the earth.

At this time, Ye Feng was alone, standing on the top of a mountain, looking into the distance. .??.

He saw that on the ground at the end of the distance stood a huge ancient altar as tall as a mountain.

The huge ancient altar was actually made of the bones of countless creatures.

The majestic Altar of Heavenly Demons is entirely made of bones.

From a distance, this is simply full of huge shock.

"How many humans in the Tianchen Star Region did this group of demons kill before they obtained these billions of bones and built an altar to the demons..."

Ye Feng stood on the mountain peak and was shocked when he saw the scene in the distance.

There was a hint of shock and anger in his eyes, and he was frightened and angered by the cruelty of the Demon Clan.

Sure enough, the existence of alien races such as the Demon Clan poses a huge threat to the survival of the human race.

These ferocious aliens from the heavens, regardless of right or wrong, are natural enemies of the human race, because in the eyes of these alien races from the heavens, the humans are just fish and meat to be slaughtered, their blood food.

At this time, Ye Feng also immediately understood why the Northern Divine Academy wanted to wipe out all the demon clan.

Because it is impossible for these ferocious alien races from the heavens to live in peace with the human race, especially the ferocious alien races such as the demon race and the hell race. Their existence is to destroy and destroy, launch star wars, poison the world's creatures, and bring harm to the world. The entire universe has brought endless bloodshed and cruelty.

"The demon tribe must be punished!"

Ye Feng secretly made a great ambition in his heart, that is, if he has a chance in his lifetime, he must completely kill, destroy and eradicate these ferocious alien races like the Demon Clan.

Although there are wars and killings within the human race, after all, they are not killing for the sake of killing.

But these heavenly demons and ferocious alien races are...

It's killing for the sake of killing, living for the sake of destruction.

Just when Ye Feng was thinking about this.

Not far away, at the end of the earth, in the huge and majestic Demon Altar area, something big happened.

"Boom!"

"Boom!"

Powerful figures one after another, shrouded in divine light, including thunder, flames, and sacred light, descended from high in the sky and launched powerful attacks at the huge demon altar in the middle.

Those are all strong masters from the human race or other peaceful races!

Each and every one of them had powerful fighting energy and divine light erupting from their bodies, and they all had terrifying cultivation levels of the ninth or even tenth level of the Broken Realm.

There are even a few figures, and the aura diffused around them is about to surpass the Broken Realm and enter the Heavenly Realm!

"Enemy attack! Enemy attack!"

"Hurry up and kill those stupid people who come to cause destruction! Kill them all!"

"Attention, everyone, guard the Demon Altar!"

At this moment, all the powerful Heavenly Demons roared loudly.

"boom!"

"boom!"

In an instant, there were more than a dozen demon nobles from the heavenly demon clan with extremely powerful cultivation, attacking and killing the incoming human race strongmen.

Rumble, rumble...

The entire earth suddenly collapsed, turned upside down, and filled with endless chaos.

"rush!"

"The goal this time is to destroy the demon altar in the middle!"

At this time, teams of human monks suddenly rushed out from the depths of the surrounding mountains.

There are teams composed of disciples from the Northern Divine Academy, as well as armies of elite warriors from other large star regions around the Tianchen Star Region.

Obviously, this was a long-planned

The general attack!

Ye Feng watched the blood surging on the mountain in the distance, wishing he could rush in and fight countless demons.

But Ye Feng quickly calmed down.

Almost all those who participated in this general attack were experts at the tenth level of Pure Yang Realm, half-step Broken Realm, and even Broken Realm level. ??

Moreover, the countless armies of demons on the opposite side are also extremely powerful.

If you think about it, you will know that those who can protect the Heavenly Demon Altar in the rear area are naturally the best among the elites of the Heavenly Demon Clan.

Even at this moment, Ye Feng, with his powerful soul power, felt an extremely terrifying ancient aura, which was about to revive in the majestic altar of the demon. It seemed that an extremely terrifying old demon was about to awaken from the dust of history. .

Obviously, that must be the Heavenly Demon Ancestor, a very terrifying and ancient figure in the Heavenly Demon Clan, who is about to resurrect and come to the human world.

But Ye Feng knew that he had no ability to take care of them.

"It's better to lurk on the edge of the battlefield and silently devour and absorb the blood and energy in the battlefield."

Ye Feng quickly flew to the outer area of the battlefield at the end of the earth without entering.

But even so, Ye Feng still felt a kind of majestic blood energy emanating from the battlefield.

This battlefield is no ordinary low-level star field war.

It was a contest and fight between countless elites of the human race and the demon race.

Those who died were all masters with extremely powerful cultivation.

"Swallow!"

Ye Feng was wandering on the edge of the battlefield at this time, moving quickly, and unleashed his devouring power with all his strength.

Buzz! Buzz!

In order to prevent too much movement from attracting attention, Ye Feng only released two devouring vortices around himself, using the maximum suction power to absorb the majestic high-level blood energy emanating from the devouring battlefield.

"Boom boom boom..."

Waves of majestic energy, instantly

The time was injected into Ye Feng's body.

"boom!"

In less than half an hour, a powerful martial arts aura erupted from Ye Feng's body.

That's the momentum of a breakthrough!

At this moment, his cultivation level actually broke through and he entered the eighth level of Pure Yang Realm.

Extremely fast!

Even Ye Feng himself didn't expect that he could break through so quickly.

All this is mainly due to the existence of fighting on the entire battlefield. They are all practitioners and demons with strong cultivation. The blood energy they provide is naturally very high-level and has an extremely tonic effect.

"It seems that this time we came to the right place."

Ye Feng's eyes showed a hint of joy.

But before Ye Feng could continue to devour it.

"There is a human boy who actually knows the ancient devouring ability! Let's surround him quickly and kill him!"

Suddenly, at this moment, a group of Demon Clan squads holding pitch-black weapons and wearing ancient dark gold armor noticed Ye Feng's anomaly. They immediately stared at Ye Feng with ferocious eyes and quickly charged towards Ye Feng.

"No, the aura of breakthrough in cultivation attracted the attention of the Demon Team on the battlefield!"

Ye Feng's eyes changed slightly.

Because he sensed that the team of demons that rushed over, more than a dozen demons, all had the cultivation level of the first or even second level of the Broken Realm. The captain of the demon team that day even had the cultivation of the fourth level of the Broken Realm. of cultivation!

Such a force was extremely huge and dangerous for Ye Feng.

"Do you want to escape from here? No! I can't retreat! This is a great opportunity to improve my cultivation. It may even completely transform my cultivation and rush into the Broken Realm!"

Ye Feng's eyes were filled with fighting spirit. He instantly stared at the dozen or so ferocious demons not far away, and suddenly rushed towards them. He held the Ancestral Dragon Emperor Sword in one hand, and started to use "Golden Yang Yao Jiutian" is a powerful inheritance that ranks first among the outer courtyards of the Northern Divine Seminary!

Chapter 1467 Demon Leader

"Sword Qi Fire Storm!"

Ye Feng held the war sword in his hand at this moment, and instantly released the Dragon Spirit Holy Fire, attached it to the sword body, and then slashed out the Gods of Shang.

"Crash!"

A large swath of flaming sword energy formed a violent and terrifying flame storm in the sky, enveloping more than a dozen demons in it.

"ah!"

"ah!"

Immediately, two demons from the first level of Broken Realm who were slightly weak in strength were scorched, howling miserably, and their bodies fell to the ground.

Sword Qi Fire Storm is a set of powerful killing moves that Ye Feng inadvertently created. It has the burning power of the holy fire, the terrifying tearing power of the sword Qi, and the sword power of the war sword itself. Naturally, its destructive power is huge.

"Damn it! This human kid is only at the eighth level of the Pure Yang realm, but how can his combat power and moves be so powerful!"

At this time, the remaining ten demons were not feeling well. They were instantly enveloped by the sword energy and the storm. The ancient demon armors on their bodies were burned red, causing their skin to be scorched and sending out wisps of green smoke. .

"The golden sun shines for nine days!"

But before they could react, Ye Feng's next killing move struck again.

In his other hand, a golden sun condensed with divine light appeared, and golden beams of light erupted from it in an instant, like golden ancient war spears, with extremely terrifying impact and penetration.

"Pfft!"

"Pfft!"

"Pfft!"

In an instant, several demons from the second level of the Broken Realm were stabbed into golden hedgehogs and fell to the ground dead. They could no longer die.

"Go! Go! Go!"

The captain of the Demon Team suddenly became anxious. He took the lead and rushed in front of Ye Feng. The huge black battle ax in his hand suddenly slashed down.

The captain of this demon team is a truly powerful being at the fourth level of the Broken Realm.

"Boom!!"

Ye Feng raised his sword to block, and the black giant ax struck the sword body, and a huge roar suddenly erupted.

"Deng Deng Deng!"

Ye Feng couldn't help but retreat immediately.

Several steps.

The captain of the Demon Squadron of the fourth level of the Broken Realm indeed possesses huge brute strength.

"What?"

But this scene not only did not make the captain of the demon team happy, but instead made this demon extremely shocked.

"You are only at the eighth level of the Pure Yang Realm! And I am at the fourth level of the Broken Realm. There is a gulf-like difference in cultivation, but you can actually block my axe?"

The demon captain exclaimed.

Because if it is an ordinary pure Yang realm human warrior.

No!

Even the human warriors at the first level of the Broken Realm would be shattered to pieces under his axe, unable to withstand his huge power.

But at this moment, Ye Feng, a human warrior who looked extremely young and weak in cultivation, raised his sword to block his axe.

"impossible!"

The demon captain felt the shame, and he immediately roared, and a large black light suddenly emerged from his body, and a dark troll thousands of meters high condensed in the void behind him.

A giant ax composed of divine light also appeared in the hands of this dark troll.

"Human boy, you will definitely die with this axe!"

The demon captain let out a huge roar, holding the big ax in his hands and slashing down with all his strength.

Following his movements, the thousand-meter-tall black troll behind him suddenly grasped the thousands-meter-high divine light giant ax in his hand, and instantly slashed down at Ye Feng, possessing terrifying and incomparable destructive power. .

At this moment, the ground around Ye Feng immediately collapsed and the earth shattered crazily.

"Hahaha! Boy, you are dead!"

The demon captain let out a cruel laugh.

Obviously, he was very confident and satisfied with his ax that activated the giant spirit's bloodline.

"The Great Light of Destruction!"

But at this time, Ye Feng no longer hid, directly raised his hands to the sky, and chanted the ancient demon clan

The spell was cast, and the forbidden technique obtained from the inherited bone of the previous Demon Lord was cast, the light of great destruction!

This is a terrifying inherited forbidden technique at the avenue level!

"Crash!"

Suddenly, a large swath of dark and destructive light burst out from Ye Feng's hands at this moment. Like a black ocean, it suddenly covered and hit the front of the demon captain.

"Boom! Click, click, click!"

In an instant, the light of destruction destroyed all the huge axes.

The entire burly demon body of the demon captain was also rapidly disintegrating.

"What?"

"This is...the light of great destruction!"

"This is a forbidden technique of our Demon Clan! How could a human kid like you possess it? And, be able to use human skills to perform it? This is impossible!"

At this time, Captain Tianmo immediately let out a horrified and unbelievable roar.

It was obvious from what he saw before him that Ye Feng used the powerful forbidden technique of the Heavenly Demon Clan, which completely subverted the Heavenly Demon Captain's cognition.

"ah!!"

In a burst of miserable howling, the demon captain's entire body was instantly destroyed and disintegrated.

The remaining demons around him were also killed in the light of destruction, and their bodies were destroyed beyond recognition.

"Swallow!"

Ye Feng grabbed all these dozen fallen demons with his big hand and put them into the devouring vortex in the palm of his hand.

"boom!"

Suddenly, a huge amount of blood energy and demonic power were injected into Ye Feng's body.

At this moment, Ye Feng's own cultivation skills were rapidly growing.

"boom!"

In an instant, he was forcibly transported to the ninth level of the Pure Yang Realm by a huge amount of energy and skill!

"Howl!"

Ye Feng couldn't help but scream up to the sky at this moment. This rapid improvement in strength and the crazy accumulation and growth of his own strength were so exciting!

Swish, swish, swish!

And Ye Feng didn't have it at this time either.

I forgot to put all the remaining magic weapons left on the battlefield into my storage ring.

These attributes extracted from the God Clan gloves can make one's body stronger and stronger.

"Huh? There is actually the aura of the Great Light of Destruction? It was actually cast by a human kid who is not in the Pure Yang realm? It's weird. I want to capture you and study it carefully."

Suddenly at this moment, a terrifying thought came to Ye Feng.

This kind of idea is very huge, and it definitely far surpasses Ye Feng's own cultivation. It is very likely that he is a powerful demon at the level of Heaven and Human Realm that has surpassed the Broken Realm!

"Oops!"

Ye Feng's expression immediately changed and he looked not far away.

He immediately discovered that under the majestic Heavenly Demon Altar, a burly Heavenly Demon sitting on a bone throne, like a demon god, was staring at him with eyes shining with red blood.

That must be a super-powerful demon at the level of celestial beings, a big shot at the level of the leader of the demons in the demon clan!

Even if Ye Feng's cultivation level has greatly increased now, he will never be a match for such a demon leader.

"escape!"

Ye Feng instantly mobilized all his strength and ran away crazily into the distance. At this moment, there was only one thought left in his heart.

"You can't escape, human boy, you are too insignificant in front of me."

The huge idea of the demon leader came once again.

The demon leader, who was sitting on the bone throne, did not make any other movements. He just stretched out a demonic hand and slightly grabbed it in the direction of Ye Feng in the distance.

"boom!"

Ye Feng suddenly felt that the entire space around him had turned into cold and hard iron, imprisoning his entire body, making him unable to move at all.

Even if Ye Feng quickly activates the space gem in his mind at this moment, it will be of no use. The gap between his cultivation level and that of the demon leader is too big.

"This time I miscalculated! I shouldn't have used the Light of Destruction on the territory of this kind of demon tribe! I was too eager to kill that squad of demons!"

At this moment, Ye Feng's heart suddenly sank to the lowest point.

Chapter 1468 Captured

"when!"

"when!"

"..."

At this time, Ye Feng used all his strength to attack the surrounding space crazily.

But the result was a sound of iron and stone colliding, and there was no way to escape.

"Xiaoyao! Help me!"

In the end, Ye Feng could only ask Xiaoyao for help.

"Buzz!"

Almost at this moment, the picture of the Queen of Yaochi hidden close to Ye Feng's body burst out with an intense pink divine light.

"Click, click!"

That pink divine light had ancient power, and almost instantly shattered the space around Ye Feng that was as hard as stone.

"Uh-huh!"

Ye Feng immediately looked overjoyed and ran away into the distance.

"boom!"

But at this moment, a dark magic hand covering the sky appeared.

It was the demon leader who personally took action that day and pinched Ye Feng's entire body in one fell swoop, just like pinching a bed bug.

"Click, click!"

Even the pink divine light emanating from the Yaochi Queen's picture was instantly crushed by the demonic hand that covered the sky.

"Oops! Little Ye Zi! You have really met your opponent this time! I can't help you, and neither can I!"

Xiao Yao immediately spoke out in the picture of the Queen of Yaochi: "The power I can exert now is too little, and I can't fight against the leader of the demon, a strong man in the heaven and human realm who has surpassed the broken realm!"

Ye Feng's face darkened instantly, but he didn't expect that he would not be able to escape in the end.

At this time, he looked around and found that on the entire battlefield, the countless masters from the Northern Divine Academy who had originally attacked and destroyed the Demon Altar, as well as the righteous masters from other star regions, were all retreating.

Even Bai Susu and other core young figures of the Northern Divine Academy in a distant battlefield area were besieged by countless demons and retreated steadily. They all failed and fled towards the distance in great embarrassment.

In the end, this surprise battle ended with the victory of the Demon Clan.

And Ye Feng, as well as many other human masters, were all captured.

However, Ye Feng's life is not in danger yet.

Because he, a human being, could cast the light of destruction of the demon clan, aroused the curiosity of the demon leader.

Ye Feng temporarily and other human masters

The same, being imprisoned in the prison of the Demon Clan underground.

However, although the human masters failed, the Heavenly Demon Altar was disturbed by this battle, so the call to the ancestors of the Heavenly Demon clan has not been successful yet, and it is estimated that they will have to wait until the next time to continue the call.

In the cold and dark underground, Ye Feng was currently squatting in a small steel prison, with his arms and legs all shackled.

These shackles are engraved with ancient demon patterns, which can emit special power, making the locked creatures unable to exert their own skills at all.

Therefore, Ye Feng is now a useless person who cannot perform martial arts.

But after all, Ye Feng's body is powerful and is a chaotic body, so he did not suffer any damage.

But the other human masters who were imprisoned at the same time were different.

After their cultivation skills were locked up and they became powerless people, after being imprisoned for half a month in this dark and humid underground, their bodies were deteriorating, they became sick and went crazy.

They all turned out to be outstanding figures from the Northern Territory Divine Academy or other first-class powerful forces in the Northern Star Territory.

Now that he was trapped by the lock and became a prisoner of the Demon Clan, he naturally became extremely desperate.

Moreover, the next sacrifice on the altar was almost approaching.

They, these prisoners, will all become sacrifices for the Demon Clan to call their ancestors.

But on this night, Ye Feng took action.

"Buzz!"

He used the magical power that he had mastered a long time ago, which was the vampire's magical talent, the Blood Demon Sea.

Ye Feng's entire body suddenly began to "melt" at this moment, turning into a piece of flowing blood.

"Crack!"

"Crack!"

The two shackles that locked Ye Feng immediately fell to the ground of the prison.

However, Ye Feng did not release all the power of the Blood Demon Sea.

He just turned himself into liquid and became a small pool of blood. Without disturbing anyone, it flowed out from the cracks in the steel prison, and then flowed out of the underground prison.

Soon, Ye Feng came to the ground

superior.

"Buzz!"

At this moment, Ye Feng once again transformed into a human form.

At this time, he looked towards the exit of the base camp not far away where the Demon Tribe was stationed. .??.

That's the place to escape!

"No! We can't just come here in vain!"

Ye Feng thought in his heart, he simply restrained his aura and lurked and flickered towards the majestic Altar of Heavenly Demon.

At this time, he was like a black ghost, shuttling in the dark night, and soon he flashed around the huge Altar of the Demon.

This huge demon altar, standing in front of it, is really shocking.

The entire body is made of the bones of various creatures, and it looks extremely terrifying.

At this time, Ye Feng approached this majestic Altar of Heavenly Demons, and he immediately felt a very great and boundless will rising and falling in it.

“Do you want to risk the extraction?”

Ye Feng now had divine gloves in his hands.

But he hesitated.

After all, no one knows whether there will be any changes in the Demon Altar once it is extracted.

After all, in this Heavenly Demon Sacrifice, an ancestor of the Heavenly Demon Tribe is about to arrive.

That is definitely a super big shot, a terrifying creature that shakes the heavens!

"We warriors! We should be brave and enterprising! Although my cultivation level has improved now, I feel that I am getting less and less courageous. Damn the danger. It is this exciting feeling that I pursue!"

Ye Feng secretly roared in his heart at this moment, and immediately pressed the palm wearing the god's glove directly on the vast and majestic altar of the demon.

"boom!"

Suddenly, a majestic and majestic attribute power was frantically injected into Ye Feng's God Clan gloves from the Demon Altar, and then merged into Ye Feng's entire body.

"Toughness attribute extraction!"

"Bone attribute extraction!"

"Extract the ancient power attributes of the demon!"

"Extracting the demon's belief attributes!"

...

At this moment, Ye Feng was frantically extracting the attribute wealth contained in the entire Demon Altar through the God Clan gloves!

His body, Chaos Body, is also rapidly growing in strength.

r\u003e

Moreover, this Demon Altar also contains the ancient power of the Demon Clan, as well as the power of faith of countless Demon Clan creatures in their ancestors.

After these were extracted, Ye Feng's soul power was rapidly growing!

So at this moment, Ye Feng's body, body, and soul power are both rapidly improving at the same time.

"The first level of the initial stage of the third heaven of the Chaos Body!"

"Second floor!"

"the third floor!"

"..."

"Ninth floor!"

...

"Soul power level, one thousand and thirty!"

"One thousand and thirty-one levels!"

"One thousand and thirty-two levels!"

"One thousand and thirty-three levels!"

"..."

"Level 1,196!"

Finally, at this moment, Ye Feng gained a huge harvest.

And the entire majestic Demon Altar suddenly collapsed.

"Rumble..."

The terrifying roar resounded throughout the entire base camp of the Demon Tribe, and it was very harsh under the dark night sky.

"what happened?"

"what happened?"

"The Demon Altar collapsed? What's going on?"

Almost at this moment, all the powerful Heavenly Demons were awakened.

Countless demons cast their horrified gazes on the huge altar area in the center.

"time to go!"

Ye Feng stole all the attribute resources in the Demon Altar. At this moment, he was ecstatic and ran away madly in the distance.

Unexpectedly, the biggest gain this time was that the soul power had improved so much.

But it makes sense when you think about it. After all, this demon altar is used by countless demons to call their demon ancestors. It naturally contains a large enough power of demon belief. What is extracted by the gods' gloves is the pure power of thought, which is the soul. Power.

"Anyway, not only did I not die this time, I actually made a lot of money!"

Ye Feng discerned the direction at this moment and ran quickly towards a mountain range outside the Demon Clan's base camp.

There, Ye Feng sensed the auras of many powerful human beings. It was definitely a temporary gathering place for many human masters who had been defeated before.

Chapter 1469 The Furious Demon Clan

"Who dares to destroy the Heavenly Demon Altar of our Heavenly Demon Clan? It is an unforgivable sin! It is a heinous crime!"

Suddenly at this moment, a majestic voice suddenly sounded in the night sky.

Buzz!

Above the boundless dark sky, a demonic energy surged immediately.

In the middle of the demonic energy, a huge bone throne appeared, suspended in the air.

On the throne of bones, there sat a tall dark golden demon, exuding a vast aura as heavy as a mountain, which was extremely terrifying.

This existence is exactly the demon leader who captured Ye Feng before. He possesses a powerful cultivation level in the heavenly realm and is a core figure in the demon clan!

At this moment, the demon leader appeared, and the overwhelming terrifying demonic thoughts suddenly covered the land thousands of miles in radius.

"Huh? Is it him?"

The demon leader instantly caught the scent of Ye Feng who was fleeing in the distance.

"Damn it! It's actually this human kid!"

The demon leader's eyes were very frightened and angry at this moment.

Originally, he had captured Ye Feng and imprisoned him, and was preparing to study this human boy who could perform the forbidden skills of their Heavenly Demon Clan.

But because he had to repair the Demon Altar that was damaged due to the war, the Demon leader had no time to study Ye Feng for the time being.

Originally, the leader of the demons thought that the shackles of their demon clan were treasures engraved with the ancient formations of the demon gods, which could block any cultivation and methods of human warriors.

But in the end, Ye Feng still escaped.

Even Ye Feng was so bold that he destroyed all the Demon Altar.

This gave the demon leader a momentary and aggrieved feeling of inviting a wolf into his house.

"Damn it! This time, I am going to make you, a humble ant of the human race, die without a burial place!"

The Bone Throne under the demon leader burst out with a huge amount of energy in an instant.

"Buzz!"

At this moment, the Bone Throne, which was originally as big as a person, immediately began to expand and become larger in the entire sky.

In the end, it turned out to be tens of thousands of meters tall, covering the sky and the sun.

Under the dark night sky, a majestic bone throne tens of thousands of meters high floated in the air, with a troll-like demon leader sitting on it.

This scene is really full of huge shock!

Just like the human race's magical powers of heaven and earth!

However, at this time, Ye Feng had already arrived at the mountain range where a group of human race experts gathered.

He immediately shouted: "The demon leader is crazy! He wants to drive us all away! Let's resist together!"

Wow!

Thousands of the core human race experts in the entire mountain range who were planning the next attack were all awakened at this moment.

They were not in the mood to distinguish who was yelling at this time.

Because the moment they opened their eyes, they indeed saw, above the entire dark sky, a giant demon-like demon leader, covered in dark gold, extremely domineering, sitting on a majestic 10,000-meter bone throne, full of lofty aura. Majesty and power.

"Resist quickly!"

"Everyone takes action! Resist this demon leader!"

At this moment, thousands of human race masters all took action.

"boom!"

"boom!"

"boom!"

In an instant, in the dark mountains under the night sky, the divine light of a magic weapon suddenly appeared. The fighting spirit roared proudly for nine days, the space trembled, countless mountains collapsed, and the sky collapsed. It looked very scary.

At this moment, all the human masters were attacking and fighting against the extremely powerful demon leader who suddenly appeared for some reason.

In the midst of this chaos, a figure of a young man in black quickly shuttled through the entire mountain range.

It's Ye Feng!

No one would have thought that the initiator of this huge chaos would be this young man who was no more than the ninth level of Pure Yang Realm.

At this time, Ye Feng diverted troubles to the east, drove away wolves and devoured tigers, and mobilized all the masters of the race to fight against the powerful leader of the Heavenly Demon in the Heavenly Realm.

At this time, Ye Feng walked up to a graceful and beautiful woman in white among the crowd in the mountains, took her hand and ran towards the outside of the mountains.

This woman is none other than Bai Susu!

As one of the top ten core disciples in the inner courtyard of the Northern Territory Seminary, she naturally participated in the difficult task of destroying the Demon Altar.

In the last battle, Bai Susu was seriously injured and rested in this mountain range.

"Brother Ye Feng? Why are you here?"

Bai Susu looked at Ye Feng who suddenly appeared next to her and pulled her quickly towards the outside of the mountains. She couldn't help but look in shock.

Ye Feng held Bai Susu's hand and said while running: "Sister Su Su, hurry up and leave. There were countless masters in the demon clan's base camp that day. I have been locked in the underground prison of the demon clan's base camp these days. In the middle, I sensed the auras of more than a dozen powerful people in the Heavenly Realm who are at the level of Demon Leaders, and they should all be here to annihilate all of us in the human race."

"What? A dozen demon leader-level existences?"

Even Bai Susu, one of the ten core disciples in the inner courtyard, was shocked by the news.

"But....."

Bai Susu's beautiful eyes showed a trace of unwillingness, and said: "But the Heavenly Demon Altar has not been destroyed yet. If the ancestors of the Heavenly Demon Clan are allowed to come, it will definitely be a huge disaster for our northern star region."

Ye Feng smiled slightly at this moment and said: "Sister Su Su, don't worry.

Well, before I escaped, I had already destroyed all those demon altars. Otherwise, why would the demon leader suddenly be so angry and not hesitate to release his body of law, heaven, elephant and earth to capture me. "

Bai Susu's beautiful eyes were startled and she said: "What? Brother Ye Feng, did you destroy the Demon Altar?"

Ye Feng nodded immediately and said: "That's right, I used a special method to destroy all the Heavenly Demon Altar. The ancestors of the Heavenly Demon Clan will no longer be able to come."

Bai Susu did not doubt Ye Feng's words, because it was impossible for Ye Feng to lie about such a major matter.

Moreover, Bai Susu instantly felt that, in addition to the demon leader sitting on the Bone Throne, there were several auras of powerful demons at the Heavenly Realm level, locking in on the location where she and Ye Feng were escaping.

"It seems that the Demon Tribe is really angry this time! Brother Ye Feng, I will take you to escape! Those people can't resist for long!"

Bai Susu immediately took out her own Amethyst Palace, led Ye Feng into the Amethyst Palace, and activated this avenue-level magic weapon, which turned into a purple divine light under the night sky and quickly shot away in the distance.

"Go after the human kid who destroyed the Demon Altar with all your strength!"

At this time, including the demon leader sitting on the Bone Throne, there were a total of six or seven demon leader-level figures in the heavenly realm, deeply locking the Amethyst Palace where Ye Feng and Bai Susu escaped, and headed towards Chase them away.

"Oops! We attracted six demon leaders from the realm of gods and humans!"

In the Amethyst Palace, the eyes of Ye Feng and Bai Susu suddenly sank.

Ye Feng did not expect that the destruction of the Demon Altar this time would make the Demon Clan so furious that they would directly dispatch so many terrifying powerful men.

Although Bai Susu is one of the top ten core disciples in the inner courtyard and has an astonishing inheritance, she is still a member of the younger generation. Her cultivation is at the half-step heavenly realm. She can compete with one demon leader, but at this moment, there are six demons. Leader, that is definitely no match!

Chapter 1470 The Chief Disciple of the Inner Court

"Boom!"

"Boom!"

High in the dark sky, large hands of demonic energy bombarded down, making the Amethyst Palace tremble.

"Poof!" ??

In the Amethyst Palace, Bai Susu, who was controlling, could not help but spurt out a mouthful of blood.

The bright red blood was sprinkled on the ground of the Amethyst Palace, which looked shocking.

"Sister Susu!"

Ye Feng couldn't help but exclaimed immediately, and hurriedly stepped forward, supported Bai Susu, and said: "It's my fault, I shouldn't have destroyed the Demon Altar and provoked so many powerful enemies!"

Bai Susu's beautiful face was a little pale. She couldn't help but shook her head and tried her best to squeeze out a smile and said: "Brother Ye Feng, it's not your fault. You destroyed the Demon Altar. What a loss to our Northern Divine Academy and to the entire world." This is a huge credit to the Northern Star Territory. You have disintegrated a huge conspiracy of the Demon Clan. This is a supreme credit. Even if we both die because of it, it is worth it."

When Ye Feng heard what Bai Susu said, he couldn't help but smile bitterly.

This sister Su Su really cares about the world.

"I'll control the Amethyst Palace!"

Ye Feng asked Bai Susu to step aside to rest, then he took hold of the control array base of the Amethyst Palace and began to input huge amounts of mana.

Bai Susu had been seriously injured in the previous chaotic battle, and now that she had been chased by six demon leaders for so long, she was naturally more injured and could no longer hold on.

"boom!"

Another demonic hand bombarded from high altitude and attacked the Amethyst Palace.

"Click, click..."

The huge power surged down the entire Amethyst Palace, and it was all borne by Ye Feng alone. Even though his chaotic body had strengthened a lot, he was still making sounds like broken porcelain.

"Brother Ye Feng, your cultivation level is too low and you can't handle it, so I'll do it!"

Bai Susu immediately stepped forward, her beautiful eyes filled with worry, and wanted to pull Ye Feng away.

"Hoo ho ho!"

But suddenly at this moment, heavy snow suddenly fell on the plain ahead.

Every snowflake is filled with endless cold. The extreme cold between heaven and earth seems to be able to freeze everything.

"Why did it suddenly snow?"

Ye Feng was very confused. This plain was originally like spring all year round.

"This extreme cold..."

\u003c

br\u003e Bai Susu suddenly thought of it, her beautiful eyes suddenly lit up, "Could it be him?"

"who?"

Ye Feng's eyes were puzzled.

"Boom!"

And at this moment, six huge hands of black energy, like six black mountains, pressed down from high in the sky.

"Boom!"

This is the all-out attack of the six demon leaders at the Heavenly Realm level, containing unparalleled terrifying destructive power and impact.

Even if the Amethyst Palace is a high-quality Dao-level magic weapon, it cannot withstand such a terrifying attack.

"puff!"

"puff!"

Although the Amethyst Palace itself was not harmed, after all, the grade was too high and it was a treasure.

But the two people in the Amethyst Palace suddenly suffered a huge shock.

Bai Susu spat out a mouthful of blood again, her momentum completely weakened, and she fell directly into the Amethyst Palace.

Ye Feng was even more miserable, his whole body was cracked, and streams of hot blood were pouring out.

And the next wave of concussive force directly shook Ye Feng out of the Amethyst Palace, and he quickly fell down from the high altitude.

"Jie, Jie, Jie, boy, you were finally shaken out of this turtle shell. You dare to destroy the Heavenly Demon Altar and destroy the big plan that our Heavenly Demon clan has been planning for several years! You will definitely die today!"

Among the six demon leaders, the demon leader sitting on the Bone Throne is also among them.

At this time, he looked at the figure of Ye Feng who was blown away from the Amethyst Palace. The demon leader let out a cold laugh.

"I said that if I want this hateful boy like you to die without a burial place, then you must die without a burial place. Even the gods can't save you, I said that!"

The demon leader sitting on the Bone Throne let out a cruel and cold shout.

"boom!"

He acted with great contempt, as if he was deliberately humiliating Ye Feng, and stretched out a small finger.

That finger instantly swelled in the void and turned into a huge ancient magic finger. Like a black sky pillar, it blasted straight towards the rapidly falling Ye Feng.

"Little Ye Zi! How did you provoke such a terrifying demon? You're done! I'm done playing too!"

Xiaoyao was also awakened in the picture of Queen Yaochi and couldn't help but scream.

"Damn it..."

Ye Feng was also extremely frightened and angry, even though he was already the best among the new disciples.

But compared with the core figures of these powerful races in the real universe, they are still far behind. .??.

"boom!"

Ye Feng, who suddenly fell rapidly, suddenly found himself being held in a strong embrace.

The next moment, Ye Feng looked to his side and happened to see a stern man's face.

This is a young man with spotless clothes, long flowing hair, handsome appearance, and an unparalleled noble temperament at first glance.

At this time, the young man looked at the huge demonic finger coming towards him, and just opened his mouth and uttered one word: "Ice."

boom! !

Immediately, endless snowflakes and cold air surged across the entire world, freezing the magic finger directly in mid-air, making it impossible to move at all.

"What?"

The demon leader sitting opposite on the Bone Throne suddenly changed his expression and even couldn't help but stand up.

"Who are you?"

The demon leader seemed to be aware of the terrifying aura of the young man who suddenly appeared, and couldn't help but say in surprise.

At this moment, the young man landed on the ground, put Ye Feng down, and said: "Junior brother, don't worry, I will not allow anyone to harm my disciples of the Northern Divine Academy when I am here!"

boom!

Almost at the moment this mysterious young man finished speaking, he suddenly stepped forward and walked forward.

As soon as the young man's body moved, the wind and snow in the sky moved with him.

The clothes are not stained by dust, and the snow covers thousands of mountains!

This person is obviously also a disciple of the Northern Territory Seminary, and he is a young talent with terrifying strength!

"who are you?"

At this moment, the six demon leaders high in the sky all felt an extreme coldness, approaching them.

The young man with spotless clothes finally spoke slowly: "It's snowing for hundreds of miles, chief disciple of the inner courtyard of the Northern Territory Seminary, you devils and monsters..."

Damn it, you dare to harm my Northern Divine Academy disciples, all of them will die today, and no one can escape. "

"Wow!"

Almost as soon as the young man finished speaking, the expression of the leader of the six heavenly demons suddenly changed.

"It's him!"

"The chief disciple of the inner courtyard of the Northern Territory Seminary!"

"It turns out to be this terrifying guy! He is the younger king of the Northern Divine Academy! It is said that he has already stepped into the realm of gods above the realm of gods! Run away!"

The six demon leaders, who were originally aloof, all panicked at this moment, their faces changed drastically, and they ran for their lives frantically.

But at this moment, Baili Piaoxue's eyes were indifferent, and he suddenly stretched out his hand towards the sky.

"boom!!"

The boundless, vast and vast drifting snow and the endless cold air suddenly covered the entire sky and earth, freezing the entire sky thousands of miles high in an instant.

The bodies of the six demon leaders were frozen high in the sky before they even had time to move, turning into six ice sculptures.

The power of one move is so terrifying!

"The chief disciple of the inner court!"

"A young king who has surpassed the realm of gods and humans!"

Ye Feng, who was watching from a distance, was shocked in his heart.

Unexpectedly, the chief disciple of the inner courtyard of the Northern Territory Seminary would appear here.

Moreover, he also saved himself.

Uh-huh!

At this time, Bai Susu quickly controlled the Amethyst Palace to land from high altitude.

She flashed to Ye Feng's side in an instant, quickly fed Ye Feng a healing pill, and said, "Brother Ye Feng, are you okay?"

"I'm fine."

At this moment, Ye Feng just stared at Baili Piaoxue not far away and said: "Sister Su Su, this senior brother Baili is so awesome."

Bai Susu was completely relaxed at this moment, and immediately said with a smile: "Of course, Senior Brother Baili is the chief disciple of our Northern Divine Academy, a younger generation of kings at the divine level, and is recognized by our Northern Divine Academy. Eldest Brother, this time he has arrived, so we don't have to worry. Even if a powerful demon from the Heavenly Demon Clan arrives, it will definitely not be the opponent of Eldest Brother. Eldest Brother saved you just now and hugged you personally. It seems that he attaches great importance to you. Maybe he heard our conversation when he came from thousands of miles away and knew that you, brother Ye Feng, destroyed the Demon Altar. This is a great achievement."
