Chapter 1471 Reincarnation

At this moment, the snow and wind in the sky disappeared.

But the six demon leaders high in the sky were all frozen into ice sculptures, and they didn't know whether they were dead or alive.

"Uh-huh!"

Baili Piauxue, who was not far away, reached out and grabbed all six ice sculptures, and put all six ice sculptures into his storage ring, preparing to take them back to the upper level of the Northern Temple for processing.

He did not kill these six demon leaders, but temporarily frozen them, because these six demon leaders also played a great strategic role in the Northern Territory Temple's dealing with the entire demon clan, and could ask many questions about the demons. clan secret.

After all, in the vast territory of the northern star region, apart from the Demonic Poison Sect, the biggest enemy of the Northern Divine Academy is the Tianmo Clan, the cruel and evil starry sky overlord demon clan.

At this time, Baili Piauxue returned to Ye Feng and Bai Susu's place. With a flick of his finger, two pills emitting a hazy green light appeared in front of them.

"This is a first-grade avenue-level holy medicine for healing, Qingtian Warm Jade Pill. It contains the essence of Warm Jade and can restore all damage in the human body in an instant."

Bai Susu's eyes were slightly happy at this moment, she stood up, clasped her fists and said, "Thank you, Senior Brother, for the elixir."

Avenue-level healing elixir?

Ye Feng was also shocked. He didn't expect Baili Piauxue to be so generous.

He also stood up, cupped his fists and said, "Thank you, senior brother."

"It doesn't matter."

Baili Piauxue smiled slightly and said: "Even if you didn't make great contributions to destroying the Demon Altar, you are a disciple of my Northern Divine Academy, and I will help you. You two are seriously injured, so hurry up and take these two Give me a healing pill, I will interrogate the demon leaders not far away, just in time to heal and protect you."

Saying that, Baili Piauxue jumped up, ducked to a big tree not far away, and sat down cross-legged.

Ye Feng glanced at Baili Piauxue in surprise. He didn't expect that the chief disciple of the inner courtyard, as a powerful person in the divine realm, would be so friendly. He didn't have the condescending feeling of being the chief disciple at all. On the contrary, It gives people a refreshing and easy-going feeling.

Bai Susu smiled and said to Ye Feng: "Brother Ye Feng, Senior Brother Baili is different from the senior brothers you met in those small sects who only knew how to act arbitrarily. As the chief disciple of the inner courtyard of the Northern Territory Seminary, Senior Brother Baili understands his guardian responsibilities and identity very well. This is the pattern. The entire

In the Northern Divine Monastery, Senior Brother Baili is the idol of countless disciples, and he is a very positive idol. "

Ye Feng nodded slightly and said, "I feel it."

Since Ye Feng started practicing, this was the first time he met such a friendly senior brother.

This feeling is quite good.

This gave Ye Feng a slight sense of identification with the Northern Divine Academy.

Although there are competitive people within the Northern Territory Seminary, there are also insidious people.

But the chief disciple of the entire seminary has such good qualities, which shows that the upper echelons of the Northern Region seminary are very discerning.

Ye Feng looked at Baili Piaoxue, who was silently protecting him and Bai Susu not far away, with a smile on his lips.

"Gulu!"

"Gulu!"

Next, Ye Feng and Bai Susu both swallowed the healing pill given to them by Baili Piaoxue.

Qingtian Warm Jade Pill is indeed a great-level healing pill.

Even though it is only the lowest first-grade Dao level, it is precious enough for Ye Feng and Bai Susu's current cultivation.

"Buzz!"

Almost instantly, Ye Feng felt a very warm medicinal power, pure and flawless, exploded throughout his body, and then flowed towards every part of his body.

At this moment, Ye Feng felt that every inch of his flesh and blood, every inch of his bones, and every meridian was wrapped in warm energy and was being repaired quickly.

Ye Feng had been severely injured before, and his body was almost like broken porcelain, about to crack.

But at this moment, with the help of this avenue-level healing elixir, the vigorous vitality of the whole body has been restored.

In addition, Ye Feng discovered that most of the potency of this pill has not been consumed yet.

"It is worthy of being a Dao-level elixir. It can really be called a holy medicine."

Ye Feng sighed.

Then his eyes suddenly moved, and he began to guide the unfinished medicinal power towards his own elixir energy.

The sea leads away.

"boom!"

Half an hour later, Ye Feng's body suddenly burst out with a huge martial arts aura.

He really used the remaining half of the medicine to break through!

However, Ye Feng knew that this medicinal power was just a last-minute impact.

Ye Feng had already accumulated a lot of energy by killing demons on the battlefield.

Anyway, this is a good thing.

Ye Feng stood up and clenched his fists, very happy.

This time not only did all his injuries recover, but his cultivation level once again broke through and he entered the tenth level of Pure Yang Realm.

There is only one step left to hit the broken realm!

"Brother Ye Feng, your cultivation speed is too fast."

Suddenly, Bai Susu's voice came from beside her. There was a hint of sigh in her beautiful and noble eyes, and she said: "You were brought to the Northern Divine Academy by me for only about

half a year, but you have already entered the tenth level of the Pure Yang Realm. Heaven is perfect, but in comparison, Bai Xiaohua, who I was looking forward to more, seems very mediocre."

Ye Feng couldn't help but smile and said: "Xiao Hua, as a saint of the Yu clan, naturally has her own strengths, and my strength is just that my cultivation level improves quickly."

"you are too humble."

Suddenly Baili Piao xue, the chief disciple of the inner courtyard, walked over from not far away.

He is very cold and stern, but when facing his fellow disciples, he looks easy-going.

Baili Piao xue looked at Ye Feng and said: "You are a good seedling. Bai Susu has told me that you come from a small place, a very remote and fringe place, but you can stand out among countless young people in the entire northern star field." To stand out among the practitioners and achieve such an achievement, it shows that you are very extraordinary, so you don't need to be humble. Fortunately, I arrived in time this time, otherwise our Northern Divine Academy would have lost a peerless talent. "

Bai Susu smiled and said at this time: "Brother Ye Feng, congratulations. Being praised like this by senior brother means that you are going to be prosperous."

Ye Feng smiled and scratched his head and said, "Sister Susu, senior brother, you have too many expectations for me, which will put a lot of pressure on me."

"Ha ha!"

Hundred

Li Piao xue laughed, stretched out his hand, picked up the snowflakes falling from the sky, and said: "It is a good thing for young people to have pressure. Only by constantly tempering in suffering can we forge a tough self. The edge of a sword is sharpened, Plum blossom from the bitter cold."

Ye Feng nodded and said: "My father once told me that before heaven assigns a great responsibility to an individual, he must first work hard on his will, strain his muscles and bones, and let him suffer tremendous hardships, so that he can hone his strong will and outstanding ability. ability."

Baili Piauxue smiled slightly and said, "To be able to say such things, your father must be an extraordinary person."

At this time, Bai Susu couldn't help but shook her head and said: "What? Are you two going to have a good discussion over wine?"

Baili Piauxue smiled hoarsely, looked up and said: "Bai Susu, take Junior Brother Ye Feng back to the sect quickly. You are the reincarnation of the Lord of Judgement in the Immortal World. Your identity is unusual, and you may be more powerful and terrifying. The devil will come and kill you."

Bai Susu nodded and said, "Okay."

Ye Feng's eyes suddenly moved when he heard what Baili Piauxue said unintentionally.

Sister Su Su is the reincarnation of the Lord of Judgment in the Immortal World?

This Lord of Justice in the Immortal Realm definitely sounds like an extremely terrifying figure.

"The Lord of Judgment?"

At this time, Xiao Yao suddenly exclaimed in the picture of the Queen of Yaochi: "The Lord of Judgment in the Immortal World was also a well-known big shot in the Ming Dynasty. He was very powerful. What kind of sister like you is actually the Lord of Judgment?" Reincarnated body, little Ye Zi, you have to hug me in advance, you may have great blessings and luck in the future. "

Ye Feng was stunned. While following Bai Susu into the Amethyst Palace, he flew out of the Tianchen Star Territory and rushed towards the North Territory Temple. He secretly used his soul power to communicate with Xiaoyao and asked: "What about you? Who was more powerful, the Queen of Yaochi, or the Lord of Immortal Realm?"

"this....."

Xiaoyao paused for a moment, then bit her teeth, crossed her waist in the picture space, and said: "Of course this queen is so powerful! Little Yezi! You not only have to hug the thigh of Sister Susu like you, You still have to hug this queen's thigh, huh!"

Chapter 1472 Shangguan Haotian

After returning to the Northern Territory Temple, the Amethyst Palace landed on Sunu Mountain.

Ye Feng and Bai Susu walked out.

Bai Susu laughed out loud and said: "Brother Ye Feng, come to my Sunu Pavilion to drink some tea before leaving. That is the high-quality tea I have recently cultivated. After drinking it, it can dispel the inner demons of martial arts and let the warriors The spirit is relaxed and the soul is clear."

Ye Feng nodded slightly and said, "Okay, thank you Sister Su Su for your hospitality."

The two of them walked towards the top of the mountain together, where there stood a small attic, which was the Sunu Pavilion.

On the way, Ye Feng saw many Sunu Mountain attendants and slaves working in the medicine fields of the surrounding mountains, and he couldn't help but sigh in his heart.

Half a year ago, he had just arrived at the Northern Divine Monastery. Like them, he could only hide in the Sunu Mountain, as humble as a servant.

But in just half a year, in just half a year, I have grown to where I am now.

In terms of cultivation alone, regardless of combat power, Ye Feng's current cultivation at the tenth level of the Pure Yang Realm is considered to be the top one in the entire outer courtyard, and he can stand alone.

What's more, Ye Feng's true combat power far exceeds his superficial cultivation.

Bai Susu looked at Ye Feng beside her, smiled slightly and said: "Brother Ye Feng, this time you have returned to the Northern Divine Academy, it is best not to go out, and make good use of the combat understanding and training resources in the Tianchen Star Territory. "

Ye Feng nodded and said: "Sister Su Su is right. I have this plan as well. I probably won't be able to go out in a short time. I have experienced a lot of life and death situations this time and I have learned a lot. I really need to calm down and retreat for a while." "

Bai Susu's eyes showed a trace of satisfaction, and she loved this adopted godbrother very much.

Because Ye Feng is not only young and has monstrous martial arts qualifications, but his mood is much better than that of his peers. He is really a good prospect that can only be encountered but cannot be sought.

Bai Susu said: "After drinking tea later, I will take you to the Celestial Palace to tell the superiors of the temple about your destruction of the Demon Altar. You will be rewarded with many merit points."

Ye Feng's eyes were filled with joy. He knew very well the role of merit points in the Northern Territory Seminary, and he couldn't help but said, "Thank you, Sister Su Su."

Bai Susu smiled carelessly and said: "It doesn't matter, anyway, I have something to hand over this time. In addition to the seven-color altar dropped from the God Realm, there is also the head of the Demon Sword Scholar. It's just that the Poisonous Scorpion Princess was used by me in the Amethyst Palace. It was shattered and absorbed, but it was a loss of a hundred divine crystals."

When Ye Feng heard this, he couldn't help but feel something in his heart. In his storage spirit ring, there seemed to be a skull of a Taoist skeleton, which was also worth a hundred divine crystals. This time, he went to the Dengtian Temple to redeem it.

Bai Susu continued at this time: "Brother Ye Feng, when you break through the Pure Yang Realm and enter the Shattered Realm, you will be qualified to certify the disciples of the inner court. When the time comes, remember to certify in time, because after becoming a disciple of the inner court, there are many benefits. Duoduo,

You will slowly understand the specific benefits after you get certified. "

Ye Feng nodded and said, "Okay, Sister Susu, I'll write it down."

"Here we are."

At this time, a smile appeared on Bai Susu's beautiful face.

The two of them had arrived at the Su Nu Pavilion at the top of the mountain before they knew it.

After entering the pavilion and taking a seat, Bai Susu personally brewed a pot of tea.

The tea leaves are grown by Bai Susu himself. They use special spiritual fields and water them with the best spiritual spring water. The quality of the tea leaves is very high.

“Good tea.”

Ye Feng took a sip and felt that his spirit and soul had been cleansed and became free and clear.

"Of course it's good tea."

Bai Susu smiled slightly and said: "This is the spiritual tea that I carefully planted. I use it when I am upset. It can help me calm down quickly. Even many elders in the temple have never asked me for this kind of tea." , I won't even give it."

Ye Feng discovered that as he got along with Bai Susu, the relationship between the two became closer and closer.

Now Ye Feng is not only Bai Susu's savior, but also has formed a true sister-brother relationship with Bai Susu.

At this moment, Bai Susu and Ye Feng were sitting alone in a quiet pavilion, with no one around. She no longer maintained her cold and noble image to the outside world, but lay slightly lazily on the bench, with her gorgeous long skirt outlining her figure. The perfect figure of this fairy beauty.

This is unimaginable. You must know that Bai Susu is one of the top ten core figures in the inner court, and he is also the reincarnation of a powerful person in the immortal world.

This shows that she really regards Ye Feng in front of her as the person closest to her.

Ye Feng was slightly stunned at this moment and stared at Bai Susu's graceful and beautiful figure.

Then he quickly picked up the spiritual tea on the table in front of him, took a sip, and calmed down his anger.

The quiet time didn't last long.

"Is Bai Susu here?"

An old voice sounded outside Sunu Mountain.

"Um?"

Bai Susu, who was lying lazily, opened her beautiful eyes.

"It's the voice of Elder Mo from the inner courtyard. Why did he come to me? Is it to ask for the spiritual tea I planted?"

Bai Susu stood up in the pavilion, regaining her former cool and noble temperament.

She walked out of the pavilion and walked towards the foot of Sunu Mountain.

Ye Feng too

His eyes moved and he followed.

At this time, several people were waiting anxiously at the foot of Sunu Mountain.

Four people in total.

Among them, the old man wearing a green robe should be the elder Mo from the inner courtyard that Bai Susu mentioned.

The other three were two tall guards wearing silver armor, and a member of a large family who looked like he had an extremely extraordinary status.

This son of a big family, dressed in gold robes, brocade clothes, silk and satin, looks pampered and has an extraordinary temperament.

The aura of cultivation on his body is clearly that of a powerful cultivation in the heavenly realm!

However, it may be that the cultivation level was forcibly filled up with precious elixirs, so the whole person's aura seemed very empty, with very unstable fluctuations in cultivation level.

Bai Susu walked down and her eyes immediately darkened when she saw this young man from a big family wearing golden robes and brocade clothes.

Then she turned around and left without saying a word.

"Bai Susu!"

Elder Mo immediately smiled kindly and said, "Don't leave in a hurry. Master Haotian has been waiting for you here for several days. Can't you just talk for a few words?"

Bai Susu turned around and looked at Elder Mo. Her beautiful face was expressionless and she said, "Elder Mo, I hope you won't use your identity as the inner elder to help me as a matchmaker in the future. I'm not interested."

"Matchmaking?"

Ye Feng was standing behind Bai Susu with a slightly surprised look in his eyes.

He looked at the disciple of the big family, and he didn't expect that in the Northern Territory Seminary, the top powerful academy in the northern star region, there would be an elder from the inner dean who would mediate with the disciples.

This really opened up Ye Feng's horizons.

However, Bai Susu's face was expressionless at the moment, obviously very dissatisfied and impatient with this matchmaking.

Elder Mo hurriedly said: "Bai Susu, Master Haotian is the third young master of the Shangguan family. He is young and promising. His appearance, character and cultivation are all worthy of you. Bai Susu, you and Master Haotian are the same." Move around more, this is also the intention of the upper level of the seminary."

Ye Feng was listening at this moment, thinking secretly in his heart, this Shangguan family seemed to be an extremely powerful family, and it actually made the upper echelons of the Northern Divine Academy want to please.

"Elder Mo!"

But Bai Susu's eyes turned cold at this moment and said: "I told you, I'm not interested. My current goal is to become stronger in practice, and I have no idea about the love between my children. Elder Mo, please tell some of the so-called upper-level officials in the seminary." , don't bother me with such boring things anymore."

"Susu."

Suddenly Shangguan Haotian came out

Sounded.

The third young master of the Shangguan family, with his hands behind his back, his eyes arrogant and domineering, said in a voice: "Susu, you..."

"Don't call me that!"

Bai Susu suddenly stared at Shangguan Haotian and said, "I'm not familiar with you."

Shangguan Haotian's face immediately turned livid, but he controlled the anger in his heart very well, and instead showed a calm and generous image. He smiled slightly and said: "Okay, Miss Bai,

I have been here since the last time." I was already infatuated with you during the academy trial. Although you are ignoring me now, I will let you know that I am worthy of you, and you will eventually belong to me, Shangguan Haotian!"

"Qiang!"

Suddenly, a huge war sword suddenly appeared high in the sky, facing Shangguan Haotian, shocking everyone present, including Shangguan Haotian himself.

This huge battle sword is condensed by Bai Susu.

Her eyes were as cold as snow, and she said: "Shangguan Haotian, I warn you, next time you dare to speak to me like this, I will take action without hesitation! Although the Shangguan family is powerful, I am not afraid."

After the words fell, Bai Susu looked at Ye Feng beside him and said: "Brother Ye Feng, let's go. I will take you to the Dengtian Temple to ask the upper levels of the temple for instructions on your great contribution to the Tianchen Star Territory. Award credit points."

"Um."

Ye Feng naturally nodded and prepared to leave directly.

But at this time, Shangguan Haotian, whose face was ashen, suddenly moved his eyes, stared at Ye Feng, and said: "Are you Miss Bai's younger brother? Or are you a disciple of our Northern Divine Academy? Very good! I think your cultivation is weak. , but it is only the tenth level of the Pure Yang Realm, which is really too low. Now I will give you a first-grade Dao-level Nine Yang Great Return Pill. After you swallow it, you can 100% directly break through to the Shattered Realm and become the Northern Territory. Inner courtyard disciples of the seminary, take it quickly, this is the reward you get as Miss Bai's younger brother."

Obviously, at this time, Shangguan Haotian saw that Bai Susu was ignoring him at all, and he wanted to bribe Ye Feng, who had a special relationship with Bai Susu.

The third young master of the Shangguan family had a playful smile on his face at the moment.

You, Bai Susu, are ignoring me, right?

Then I will use heavy treasures to buy the people around you, and then we will get closer to you step by step.

Shangguan Haotian didn't believe that a small disciple of Chunyang Foreign Academy would not be indifferent to a precious pill like Jiuyang Great Return Pill.

After all, how many outer disciples of the Northern Divine Seminary cried and shouted for this precious elixir that ignored bottlenecks.

This extremely rare elixir can only be refined by the Shangguan family, one of the major silver powers behind the Northern Divine Academy.

Chapter 1473: People are always humiliated
reward?

At this time, Ye Feng saw Shangguan Haotian's condescending look, as if he was giving alms, and a coldness flashed deep in his eyes.

At this moment, Elder Mo and Bai Susu who were present were all staring at Ye Feng.

Such a precious elixir would definitely be a huge temptation for an ordinary outer courtyard disciple.

"No."

And at the next moment, Ye Feng's indifferent voice sounded. He looked at Shangguan Haotian and said: "It's just the Broken Realm, it's nothing. I will be able to break through it myself in a while."

Ye Feng really wasn't interested at all in the so-called Nine Yang Great Return Pill.

Because Ye Feng himself has no cultivation bottlenecks to speak of, there is no need for this pill that ignores bottlenecks.

What he needs is the accumulation of huge energy, and he has plenty of divine crystals.

And the most important thing is that at this time, Shangguan Haotian is obviously trying to give Bai Susu a blow.

Shangguan Haotian wants to show his status and identity through Ye Feng and let Ye Feng accept his reward.

Unfortunately, he made the wrong calculation.

For a person like Ye Feng, his martial arts will cannot be disobeyed by just a pill.

And Ye Feng knew very well that at this time, he represented not only himself, but also Bai Susu's face.

Besides, Ye Feng didn't have a good impression of this Shangguan Haotian, so he naturally didn't give him a good look.

Like Bai Susu, Ye Feng had a cold expression on his face.

Sure enough, after Ye Feng said the words "No need", a touching smile suddenly appeared on Bai Susu's cold and beautiful face.

She looked at Ye Feng, nodded slightly, and said through the message: "Brother Ye Feng, good job. If you feel that you have lost something, my sister will make it up to you later."

Ye Feng smiled hoarsely and said via voice: "Sister Su Su, this is what it should be. You're welcome. You are my sister Su Su, and I will naturally stand by you."

But at this moment, Shangguan Haotian standing opposite had an ugly look on his face.

He was originally condescending and complacent, just waiting for that ordinary outer courtyard disciple to please and flatter him.

But in the end, the other party refused lightly, and his face was cold, just like Bai Susu.

"Bai Susu is one of the top ten core figures in the inner courtyard, and I am partial to her. I can tolerate her being rude to me, but who are you, a little outer courtyard disciple? How dare you speak to me like this?"

Shangguan Haotian's eyes immediately became extremely gloomy, as if he wanted to kill someone, and he immediately stared at Ye Feng.

"Shangguan Haotian!"

Bai Susu finally got angry, and she said coldly: "If you dare to do harm to my brother Ye Feng, don't blame me for being merciless and kill you on the spot!"

Buzz!

Almost at the moment Bai Susu finished speaking, a huge wheel of judgment really appeared behind her, emitting a sacred but murderous white light, and seemed to have infinite momentum.

"Deng Deng Deng!"

At this time, don't

Speaking of Shangguan Haotian, even the inner dean, Elder Mo, couldn't help but take several steps back, seemingly unable to resist the terrifying edge and power of Bai Susu.

"After she came back from the Tianchen Star Territory this time, she became stronger, almost comparable to the elders and powerful men in our inner courtyard!"

At this time, Elder Mo's eyes were horrified, and he was secretly horrified by Bai Susu's power and terror.

Although Shangguan Haotian and Bai Susu are both warriors who have cultivated in the heaven and human realm.

But in fact, Shangguan Haotian is just a medicine pot. He has improved his cultivation by taking drugs since he was a child. Although he is at the same level of cultivation, at this time he cannot even stand firmly under the power of Bai Susu's attack.

Seeing Bai Susu really angry and feeling the overwhelming terrifying murderous intent, Shangguan Haotian suddenly thought that this Bai Susu was not as holy and holy as she seemed on the surface, but a proper female murderer.

Rumor has it that Mo Shenghao, the young leader of the Mosha Poison Sect, was almost killed by Bai Susu in a certain starry sky because he angered Bai Susu.

As soon as he thought of this, Shangguan Haotian's big beads of sweat suddenly dripped from his forehead.

There was a trace of fear in his eyes, but at the same time, there was also a deep anger and resentment in his heart.

Shangguan Haotian didn't dare to have any resentment towards Bai Susu, so he could only glare fiercely at Ye Feng who was standing next to Bai Susu, as if he was threatening.

But then, Ye Feng extended his middle finger directly to the third young master of the Shangguan family.

"you.....!"

Shangguan Haotian's face instantly turned red, obviously angry.

He was actually despised and humiliated by a humble ant in the outer courtyard?

"Those who humiliate others will always be humiliated."

Ye Feng's message reached Shangguan Haotian's ears.

"presumptuous!"

Shangguan Haotian immediately roared, a strong silver divine light gushed out from his body, and a huge phantom of a giant god appeared on his body.

"Boom!"

But at this time, a light of judgment struck from the Wheel of Judgment behind Bai Susu, directly exploding a large area of ground in front of Shangguan Haotian, causing gravel to roll and soil to splash.

"Third Young Master, let's go!"

When Elder Mo saw that the situation was not good, he immediately pulled Shangguan Haotian and ran away into the distance, disappearing in the blink of an eye.

But at this time, in the same place.

Bai Susu withdrew her power. She looked at Ye Feng beside her, patted his shoulder and said, "You did a good job this time."

Ye Feng spread his hands and said, "That's right. I don't want to see good cabbage being eaten by pigs."

"The good cabbage was humped by the pig?"

Bai Susu was obsessed with practicing and didn't know much about the world and worldly terms. She didn't understand Ye Feng's meaning and couldn't help but ask: "What do you mean?"

Ye Feng laughed and said: "It's not interesting, Sister Su Su. Now let's go to the Dengtian Hall in the center of the temple as soon as possible to see if we can get a huge amount of credit points for some special training in the Northern Temple. The land, the Heritage Temple, the Earth Fire God Refining Tower, the Martial Ancestor Battle Ground, etc., I am still very interested in these places."

Bai Susu nodded and said: "These are indeed good places that can quickly improve your martial arts cultivation and combat skills. However, entering these special training places requires a huge amount of merit points. But this time you destroyed the demon." The altar has prevented a major

conspiracy of the Demon Clan. When the upper echelons of the temple find out about this, they will definitely give you very generous credit points. "

The two of them were talking as they walked towards the Dengtian Hall in the central area of the Northern Divine Monastery.

With Bai Susu's leadership, everything went smoothly.

Ye Feng got a lot of credit points from the Dengtian Palace.

A total of 300,000 contribution points!

This is a massive reward. ??

Even Bai Susu herself was a little surprised. She didn't expect the higher-ups of the seminary to be so willing and directly gave Ye Feng 300,000 credit points.

However, after thinking about it, once the Heavenly Demon Altar is successful and summons the Heavenly Demon ancestor of the Heavenly Demon Clan, such an old demon will definitely be a powerful enemy for the Northern Divine Academy.

In addition, Ye Feng took out the skull of Taoist Skeleton, which also surprised Bai Susu.

Unexpectedly, another core figure of the Demonic Poison Sect, Taoist Skeleton, who had never appeared in the Tianchen Star Territory, had been secretly eradicated by Ye Feng.

Of course Ye Feng would not say that he had killed Jin Shitai to get the skull of Taoist Skeleton.

He just said that he was lucky and happened to encounter a skeleton Taoist who was seriously injured and escaped, so he cut off his head.

So in the end, Ye Feng not only received a huge 300,000 merit points, but also received an additional 100 divine crystals.

After coming out of the Dengtian Palace, before the two parted ways, Ye Feng asked Bai Susu: "Sister Susu, I want to exercise my spiritual and soul power. Where should I go to practice?"

Ever since he received the soul spell to enter the Shenxu Realm in the Tianchen Star Territory, Ye Feng has been looking forward to raising his soul power to two thousand levels.

Now that Ye Feng's martial arts cultivation has entered the tenth level of Pure Yang Realm, it will still take a period of energy accumulation before he can finally transform and break through.

Therefore, Ye Feng is not anxious about improving his martial arts cultivation for the time being.

After all, he has returned to the Northern Divine Academy, and there is currently no crisis from the external starry sky demons.

Therefore, Ye Feng wanted to increase his soul power as soon as possible.

The improvement of soul power will not only allow you to enter the Shenxu Realm quickly, but also enhance your overall strength and means.

If you think about it, in a life-and-death battle, if the enemy doesn't know that you are a soul master, and you can attack the enemy with a soul attack at a critical moment, it will definitely be a killer weapon.

"Exercise improves mental and soul power?"

Although Bai Susu doesn't know

Dao Ye Feng is a soul master, but she knows that Ye Feng is an alchemist, so she is not surprised.

Bai Susu thought for a while and then suggested: "Brother Ye Feng, if you want to improve your spiritual soul power, you can first go to the inheritance temple to see if there is any secret method to improve your soul power. Our Northern Divine Temple is the most powerful in the northern star region. A powerful force should have secret books on this aspect. In addition, I heard that the Earth Fire God Refining Tower also has a huge tempering effect on the alchemist's spiritual power. The spirit and soul are interconnected, so it also has a great influence on the soul power. big effect."

Heritage Temple!

Earth Fire God Refining Tower!

Ye Feng secretly noted it down, then clasped his fists and said, "Thank you, Sister Su Su, for your advice."

Bai Susu smiled slightly and said: "If you have time, you should think more about martial arts practice. Martial arts strength is the king, and alchemy is only a supplement after all. So brother Ye Feng, when you have time, go to the 'Martial Ancestor Battlefield' and the many martial arts ancestors." Fight with Will Shadow and improve your fighting skills. Anyway, you have enough merit points now for you to use."

After saying that, Bai Susu jumped up and turned into a white light and disappeared into the mountains and buildings in the distance.

Ye Feng, on the other hand, identified a direction and walked straight towards it.

In that direction, on a huge and towering mountain, stood a palace shining with golden light, like a palace of gods.

That is the most sacred place in the Northern Territory Seminary, the Heritage Temple!

The inheritance temple gathers the entire northern star region, including the human race, the fairy race, the elves, the angels, the dragons, the spirit beasts, the hells, and even the demons, etc., and the inherited secrets and ancient holy arts of many races.

There are countless ancestral books stored in it, which is an ocean of knowledge and the most essential and precious place in the entire Northern Territory Seminary.

Ye Feng is now going to the inheritance temple, following Bai Susu's suggestion, to see if he can find a method that can actively refine and enhance soul power.

Swish, swish, swish!

But just when Ye Feng was halfway there, three male disciples wearing inner courtyard clothes suddenly jumped out of the surrounding mountains and buildings.

"Your boy is Ye Feng, right? Bai Susu's godbrother?"

"That's right, it's this boy. The portrait the Third Young Master gave us exactly matches this boy's appearance."

"That's him. Block his way, destroy his cultivation, let him kneel at the gate of the temple for three days and three nights, make Master Haotian happy, and we will get a huge reward."

The three inner court disciples discussed for a while, and then the ferocious-looking young man standing in the middle looked at Ye Feng who was blocked by them, and said disdainfully: "It turns out that he is really just an outer court boy who is not in the Pure Yang realm. He dares to offend him." The third young master of our Shangguan family is really tired of living."

Another disciple from the inner courtyard had an indifferent face and a cruel tone, and said: "Hmph, such an ant-like boy should never have imagined how powerful our Shangguan family is in the entire Northern Divine Academy. Today we will let him You know, if you offend the noble third young master of the Shangguan family, you will die without a burial!"

Chapter 1474 Destined to Die

At this time, the three inner courtyard disciples who jumped out to block Ye Feng were obviously Shangguan Haotian's henchmen and disciples of the Shangguan family in the Northern Divine Academy.

However, I have to say that the Shangguan family is indeed one of the major silver forces behind the Northern Divine Academy.

The foundation and layout of the entire Northern Territory Seminary is very strong.

He was able to mobilize three inner court disciples from the Broken Realm to attack and teach Ye Feng a lesson.

"It's a pity that they are just a bunch of trash from the third level of the Broken Realm."

Ye Feng shook his head at this moment and smiled indifferently.

"What?"

"How dare you, a boy from the outer courtyard, call us trash?"

The three inner court disciples heard Ye Feng's words at this moment, and even felt that there was something wrong with their ears.

How dare this boy, who is only in the Pure Yang realm, dare to say such arrogant words in the face of three powerful masters from the Broken Territory Academy?

"No wonder Master Haotian said that you are an arrogant and stupid little brat. It seems that there is something wrong with your brain!"

"Don't think that because Bai Susu is behind you, we don't dare to deal with you. No matter how amazing and talented Bai Susu is, she is still alone. How can she fight against our huge Shangguan family?"

"As for you kid, you are as humble as an ant. Let me completely disappear from this world today."

Among the three inner court disciples, the leader with fierce eyes was the first to take action.

A long knife appeared in his hand. It was blood red and emitted a strange light. It was obviously a very powerful evil weapon that could kill people invisible.

Ye Feng stood on the spot and said coldly: "Killing fellow disciples in the Northern Divine Academy is a capital crime. How dare you disobey the rules of the Northern Divine Academy? The Northern Divine Academy does not belong to your Shangguan family!"

"Hahaha!"

The fierce man holding the monster long sword immediately laughed with disdain and said: "Rules? Our Shangguan family has rules! Besides, you are a small disciple of the outer courtyard with a low status. Even if we kill you, we will just say that we are with you." If I kill you because of a mistake

in the fight, I believe the people in the punishment hall of the temple will be very sensible and will not pursue the mistakes of us, the heirs of the Shangguan family, because of a dead man."

boom!

The moment this fierce man finished speaking, the red demonic sword in his hand, with a shocking red light, had already struck Ye Feng's head.

"Hahaha! This kid is dead!"

The other two inner courtyard disciples of the Shangguan family standing not far away were watching the show, with cruelty and disdain on their faces.

"when!"

But at the next moment, two fingers suddenly clamped the red demon sword, preventing it from moving at all.

"What?"

The two inner court disciples who were watching the show were immediately dumbfounded.

\u003c

br\u003e And the fierce man who was holding the scarlet demon sword and preparing to kill was also stunned for a moment.

His sword was a sword that had been charged for a long time. It had extremely terrifying destructive power, capable of splitting mountains and seas and tearing apart everything.

Isn't it easy to kill a boy who is no more than the tenth level of Pure Yang Realm?

But at this moment, the scene on the field stunned the three inner court disciples who were looking for trouble.

Ye Feng held the red demonic sword in front of him between his two fingers. The wind was light and the clouds were calm. It seemed that he did not use all his strength at all, but took action very simply.

"How can this be?"

The fierce man in front of him stared at the seemingly mocking eyes of Ye Feng, who was close at hand, and he was immediately frightened to death.

"This guy is weird!"

"escape!"

The fierce man immediately let go of the demon knife and backed away crazily, trying to get away from Ye Feng.

"If you dare to cause trouble for me, you don't have to live anymore. Just stay and become my training nourishment."

Ye Feng spoke out, his tone was calm, but there was a sense of terror that made the fierce man's heart tremble.

"Don't kill me! I am not only a disciple of the inner courtyard, but also a descendant of the Shangguan family! If you kill me, you will have endless troubles... Ah!"

The fierce man wanted to threaten Ye Feng, but before he could finish speaking, a simple fist had already struck in front of him.

"Pfft!"

Like a watermelon shattering, the fierce man's head exploded with Ye Feng's punch.

A disciple of the inner courtyard of the third level of Broken Realm fell instantly!

"What? How can it be so powerful!"

"Isn't this Ye Feng only at the 10th level of the Pure Yang Realm? It's impossible for him to have such strong combat power!"

The other two Shangguan family members who were looking for trouble immediately turned pale, knowing that they were on the receiving end.

He originally thought he was just an ordinary disciple from the outer courtyard, but unexpectedly he encountered a peerless monster with incredible combat power.

"Let's go! Go back and inform Master Haotian that this kid needs a very powerful being to deal with!"

"That's right, don't be fooled by his superficial cultivation. You can only come and give one away, and it's all in vain!"

The two Shangguan family disciples, who were also disciples of the inner courtyard, were all extremely frightened and ran away like crazy.

But Ye Feng had already used the space gem to flash behind them, and stretched out his empty hands instantly.

"Pfft!"

"Pfft!"

At this moment, Ye Feng's two hands were like infinite iron hands.

, pierced through the backs of the two inner courtyard disciples, mincing their internal organs.

"ah!"

"ah!"

Accompanied by two shrill and painful howls, the two Shangguan family members died instantly, and their limp bodies fell from the sky.

Ye Feng's hands were stained with blood at this moment, and he looked like Shura.

"Wow!"

But when Ye Feng shook his hands, all the blood stained red in his hands was dispersed by the powerful Qi, turned into gas, and spread into the surrounding air. .??.

Ye Feng's hands became clean and white again.

"Swallow!"

Next, Ye Feng wasted no time and directly released the Devouring Domain.

"boom!"

A huge whirlpool of darkness, like the mouth of an evil beast, swallowed up all the skills and blood energy of the three Shangguan family members at once, leaving no residue behind.

"Buzz!"

Ye Feng immediately felt that his skill had grown a lot, and his body strength had increased a lot in an instant.

"boom!"

A new and powerful martial arts momentum burst out from Ye Feng's body.

At this moment, his cultivation finally broke through from the tenth level of Pure Yang Realm to the half-step Broken Realm by accumulating huge energy!

It's only half a step away from the true Broken Realm cultivation!

"Uh-huh!"

A smile flashed across Ye Feng's lips at this time, he grabbed the three storage rings on the ground and put them away.

After investigating with his spiritual sense, Ye Feng discovered that the three storage rings contained hundreds of divine crystals alone.

In addition, there are other weapons, magic weapons, talismans, elixirs, etc. When you have nothing to do, you can use the God Clan gloves to extract the attributes and increase the strength of the body.

"As expected of a disciple of the Shangguan family, he is much wealthier than ordinary inner court disciples."

Ye Feng muttered.

Killing three inner court disciples was like crushing three ants.

He left this place very easily and walked towards the Heritage Temple.

"Shangguan family, huh, even if you are one of the major silver forces behind the Northern Divine Academy, if you dare to mess with me, I will still make you pay the price!"

Ye Feng left all the way, his eyes full of coldness and determination, without any fear.

And just when Ye Feng killed three Shangguan family members and left.

In the northwest area of the Northern Divine Temple, there is a magnificent golden palace.

Shangguan Haotian, who was sitting on the throne above, looked at the three broken soul cards in front of him, and his eyes immediately became confused.

Saw the extreme.

"Trash! Three inner courtyard disciples from the third level of the Broken Realm can't deal with a boy who can't even deal with the Pure Yang Realm. What a bunch of losers!"

Shangguan Haotian roared with a ferocious expression, his tone full of rage.

There are still many people standing under the hall, including young people and old people. They should all be under the command of Shangguan Haotian, the third young master.

At this time, an old man stepped forward and said: "Master Haotian is unwilling to take action personally because he does not want to leave a bad influence on Bai Susu. He can only fake Ye Feng's conflict with the inner courtyard disciples and then be killed. But that Ye Feng seems not as weak as we thought, and this matter needs to be considered in the long run. "

After the old man finished speaking, a frosty young woman next to him took a step forward and spoke to Shangguan Haotian on the throne: "Master Haotian, it is very simple to make an outer courtyard disciple die unknowingly. If you have a conflict with other disciples, you can also die in the trial, and no one will know that it was us."

Shangguan Haotian stopped his ferocious roar. He looked at the cold young woman and said with some surprise: "Oh? Shirley, do you have any other ideas? Although my Shangguan family is one of the founders of the Northern Divine Academy, "One, but you can't just launch a trial in the temple."

Shirley smiled slightly, with a trace of murderous intent in her cold eyes, and said: "We already know that Ye Feng, he is at the tenth level of the Pure Yang Realm. Presumably, when he breaks through to the Broken Realm, he will go to certify the Northern God. If you want to become an inner court disciple, you have to take part in a special inner court trial, so we don't have to worry now and wait slowly until Ye Feng takes part in the inner court trial to certify the inner court disciples. Lian, if we secretly kill him again, I will personally take action to solve this thorn in Master Haotian's side."

"very good!"

Shangguan Haotian's eyes immediately lit up, and then he smiled coldly and said: "A follower around Bai Susu is nothing more than a bedbug, but he dares to go against me. If I hadn't been worried about Bai Susu, I would have crushed this bedbug to death with one hand." , But Ye Feng, Ye Feng, you bedbug will still die after all!"

Having said this, Shangguan Haotian looked at the frosty woman and said, "Then I'll leave this matter to you, Shirley. I'll wait for you to bring back Ye Feng's body."

This Shirley's full name is Shangguan Shirley, and she is a collateral descendant of the Shangguan family.

Although she is a collateral disciple, Shangguan Shirley's martial arts qualifications are extremely terrifying, and she has cultivated all by herself to the realm of heaven and humanity.

Shangguan Haotian's eyes were full of cruelty, and he said: "With Shirley, you personally take action, that Ye Feng is destined to die no matter how much he can jump around!"

...

Chapter 1475 The method of tempering

Just when Shangguan Haotian and his subordinates were plotting to assassinate Ye Feng.

However, Ye Feng himself hummed a little tune and came to the inheritance temple in the central area of Beiyu Temple.

The inheritance temple is the most precious essence of the entire temple, storing the martial arts inheritance and knowledge of countless ancestors.

Walking into the inheritance temple, Ye Feng immediately felt the aura of a vast ancient epic book rushing towards his face.

At this moment, Ye Feng felt as if he had crossed over the dust of history and arrived in an ancient era.

At this time, there was no one in the huge hall of the Heritage Temple.

Ye Feng only felt a little strange. Logically speaking, there should be strong men from the temple guarding such a place.

He walked straight towards the inside. On the ground in front of him, there was a huge scroll sculpture cast.

"Buzz!"

At this time, an old man's figure made of white light suddenly stepped out of the scroll sculpture.

Ye Feng's eyes were startled. The figure in front of him didn't seem to be a human being, but a soul-like existence.

But the aura of the old man's phantom composed of white light was frightening. He was definitely an extremely terrifying old guy.

At this time, Ye Feng immediately clasped his fists and said: "Senior, I came here to enter the inheritance temple to find some inheritance books."

The old man Baiguang was not cold and stern, but smiled slightly and said in a very easy-going manner: "The disciples of the Northern Territory Seminary don't have to be so restrained when they see me. I am not a senior, I am just a guarding book spirit of the inheritance temple."

"Shu Ling?"

Ye Feng's eyes moved.

The book spirit is similar to the weapon spirit in weapons. It is not a physical creature, but an innate will born from the weapon or object.

"Little Yezi, this old man is very powerful." Suddenly Xiaoyao's voice sounded in the picture of Queen of Yaochi.

Ye Fengwei nodded. He naturally knew that the old book spirit in front of him was absolutely powerful and terrifying.

You must know that this inheritance temple is the most precious and essence place of the Northern Territory Temple.

But there is no one to look after him, there is only such an old man with a book spirit.

It can be seen from this that how powerful this old Shuling man is to be able to guard the inheritance temple of the entire Northern Territory Seminary alone.

At this time, the old scholar said: "Young man, what do you need?"

What kind of inheritance can I help you find? My purpose here is not only to guard the entire inheritance temple, but also to be a guide for the disciples, so that you don't have to waste time going to the bookshelves in the endless space inside the temple. I looked through it. "

"Guide?"

Ye Feng's eyes lit up, and he immediately said: "Senior Shu Ling, what I need to look for this time are inherited books that can enhance the spiritual power of the soul."

Old Shu Ling was not surprised or had any other mood swings. He just nodded and said, "Okay, I'll help you search."

At this time, the eyes of the old man Shu Ling immediately began to flash with divine light, as if he was searching the huge library of books.

"Yes."

Suddenly the old man Shu Ling spoke up, and within thirty seconds, he waved with one hand.

"Crash!"

There were already a lot of books on the ground in front of Ye Feng. Many of the books were yellowed and it was obvious that they had not been read for a long time.

"Let me see!"

Ye Feng's eyes lit up and he immediately squatted down to look for it.

The first book he picked up was called "Silver Needle Stimulation Technique", in which a magic weapon-level silver steel needle was inserted into his skull to stimulate his spiritual and soul potential.

"This is a way to catch the last straw. Although it can greatly increase the spiritual power in a short period of time, it will cause permanent damage to the spiritual soul. This is not acceptable."

At this time, Ye Feng picked up another book on the method of tempering spiritual and soul power.

"Hell Buddha Contemplation Method!"

The contents recorded in this book of tempering methods opened Ye Feng's eyes.

The improvement of spiritual soul power explained in the Buddha's Meditation on Hell is actually very simple. That is to follow this set of visualization methods to first let your spiritual soul sink into hell and accept the torture and torture of the eighteen levels of hell. Test, and then let your spirit and soul ascend to the heaven, in front of the ancient Buddha, and accept the baptism of the power of the holy Buddha.

Like day and night, like yin and yang, like righteousness and evil.

"What a strange tempering method, what a grand method of observing and improving spiritual and soul power!"

Ye Feng thought carefully and felt that this "Buddha's view of hell"

"Ideas" contain great philosophy and mysteries.

He immediately said to the old Shu Ling in front of him: "Senior Shu Ling, I want this one."

The old man Shu Ling said: "Okay, this Dao-level spiritual soul tempering method is worth 250,000 merit points. Please pay."

"Two hundred and fifty thousand?!"

Ye Feng was shocked.

It's not that the merit points of the Northern Divine Academy are not durable, but that this special set of soul tempering methods is too expensive.

At this time, Ye Feng looked towards other books and originally wanted to choose a few more.

The old man Shu Ling suddenly spoke up: "This book, 'Buddha's Concept of Hell', is the most advanced method of soul tempering. The others are nothing compared to this one. You must buy it and watch it. Right?" You make a big difference."

Ye Feng could only nod and paid 250,000 merit points.

All that was left was 50,000 merit points, and he became a pauper.

However, Ye Feng did realize the preciousness of this soul tempering method.

After all, it is a set of avenue-level soul tempering methods. It is very rare and a rare thing.

"It's money well spent."

In the end, Ye Feng could only comfort himself like this.

After he left the Heritage Temple, he originally wanted to experience the Martial Ancestor Battlefield and the Earth Fire God Refining Tower.

But now Ye Feng has given up this original plan and idea.

Because he only has 50,000 points of credit left, which is too little.

"It seems that I need to take on more tasks issued by the higher-ups of the seminary to earn more credit."

Ye Feng thought to himself that Bai Susu's previous mission of patrolling the entire northern starry sky was very good.

Ye Feng planned to go back to practice the soul tempering method he had just obtained, and then go to the Dengtian Hall of the temple to ask if there had been any recent missions to patrol the northern starry sky territory.

If there is, Ye Feng is ready to take over and become a supervisory messenger. This kind of task is relatively easy, and he can also look for opportunities in various star fields.

In addition, Ye Feng also has a hidden purpose, which is to take advantage of the opportunity of inspection to return to the starry sky area at the entrance to the first universe.

Now Ye Feng's cultivation level has been promoted to the half-step broken state.

Ye Feng became more and more impatient to explore the current situation of the First Universe at such a powerful level.

Although the new universe of the First Universe is now closed, Ye Feng is very worried about his father's safety.

After all, using a human body to fuse the supreme will of the universe is too risky.

Ye Feng wanted to go back and see if he could communicate with his father and ask how the situation was.

Secretly planning in his heart, Ye Feng left the inheritance temple and prepared to return to the No. 6 training tower where he lived. First, he practiced the soul tempering method he had just obtained, the hell Buddha contemplation method.

...

At this time, near the No. 6 training tower.

There was a "pop" sound!

Bai Xiaohua was slapped away by a group of powerful inner court female disciples from the Broken Realm.

Her slender body hit the training tower, and she immediately spurted out a mouthful of blood.

Although a female disciple from the inner courtyard was beautiful, her eyes showed viciousness. She stared at Bai Xiaohua and said: "Jin Shitai is the sixth prince of the Great Jin Dynasty. Now that he is dead, the royal family of the Great Jin Dynasty has promised Heavy money, let us find the murderer. We found out that Jin Shitai was with Yu Honglian in the Tianchen Star Territory, and you, Bai Xiaohua, returned to the Northern Territory Temple with Yu Honglian some time ago, Yu Honglian With Master Chi Yan as our master, we dare not offend her, but you are different. You are a small disciple of the outer courtyard. Please tell me who killed Jin Shitai. Tell me quickly, or I will let you know. What is cruelty!"

Bai Xiaohua's delicate little face was stained with blood at this time, but his expression was still as cold as frost. He gritted his teeth and said, "I really don't know anything about Jin Shitai's death."

"Stubborn!"

"Be tough!"

Several female disciples from the inner courtyard immediately surrounded Bai Xiaohua, and daggers with shining cold light appeared in their hands.

The eyes of the leading female disciple from the inner courtyard were full of cruelty. Holding the cold dagger in her hand, she slowly approached Bai Xiaohua's delicate little face and said with a

cold smile: "What a beautiful and delicate face. What a pity." , I will cut him to pieces with a thousand daggers soon, and he will turn into an ugly monster."

Uh-huh!

After saying that, the female disciple from the inner courtyard immediately took the dagger in her hand and stabbed the delicate face of Bai Xiaohua who was very close at hand, intending to stab the face of the girl in front of her to pieces, extremely vicious.

Chapter 1476 Feeling quite pressured

The cold and hard dagger was about to stab Bai Xiaohua's delicate face.

But at this moment, a slender finger appeared in front of Bai Xiaohua's face.

"when!"

The dagger of the magic weapon level is extremely sharp, but when it was pierced on the slender finger, it did not even pierce the skin, but made a "dang" sound, as if it had hit a copper wall.

"boom!!"

But before she could take action, the female disciple in the inner courtyard was horrified when she saw that one finger flick, and a huge force exploded instantly.

"Crack! Click!"

The magic weapon dagger immediately shattered into pieces, and the metal fragments flew out in an instant, directly piercing the female disciple's chest.

"How can it be....."

This female disciple of the inner courtyard of the first level of Broken Realm didn't even have time to say a word. She fell to the ground and died instantly.

At this moment, a young man in black clothes was standing next to Bai Xiaohua, his eyes were extremely cold.

"Ye Feng!"

Bai Xiaohua's blood-stained face immediately revealed a hint of excitement.

"Are you okay?"

Ye Feng helped the girl next to him up, looked at the other female disciples from the inner courtyard who were watching the show not far away, and said coldly: "You can stay too."

It is a serious crime to kill the inner court disciples.

Naturally, it cannot be leaked.

Therefore, Ye Feng did not feel any softness in his heart at this moment, and rushed forward directly towards the other three female disciples from the inner courtyard.

These three female disciples from the inner courtyard are all at the first and second levels of the Broken Realm.

In front of Ye Feng now, this kind of cultivation is no longer enough, he is really weak.

"Who are you?"

"How dare you kill someone in the temple!"

"You're dead! You're dead!"

The other three female disciples from the inner courtyard turned pale with horror and ran away frantically when they saw their leader being killed instantly.

"Can't run away

of. "

Ye Feng's indifferent voice sounded.

As the sound fell, the entire field was immediately plunged into a light of destruction.

A large piece of dark light enveloped all the space in front.

"ah!!"

The three female disciples in the inner courtyard were shrouded in the light of great destruction, and their vitality was instantly destroyed. They fell to the ground and could no longer die.

Uh-huh!

Ye Feng rushed over in an instant and directly used the Devouring Domain to devour all the female disciples in the inner courtyard who came to cause trouble this time, leaving no trace at the scene.

"boom!"

A huge amount of skill energy exploded in Ye Feng's body.

Ye Feng could feel that he was getting closer and closer to the point where he would accumulate and transform into a true state of fragmentation.

"Ye Feng, why have you become so powerful now?"

The most shocked person at this time was Bai Xiaohua.

She lived with Ye Feng in Sunu Mountain half a year ago.

At that time, Ye Feng had just arrived at the Northern Divine Monastery, but he was a small Dao Proving Stage warrior and could only survive in the Sunu Mountain.

But this is only a short period of half a year.

Ye Feng has grown to where he is now.

Even ordinary disciples in the inner courtyard can be killed at will.

At this time, Ye Feng looked at Bai Xiaohua and said, "Are they here because of Jin Shitai's death?"

Bai Xiaohua nodded and said with some worry: "Jin Shitai's identity is extraordinary. He is the sixth prince of the Great Jin Dynasty who controls the ninth-level star territory in our northern star territory. Now that he is dead, the Great Jin Dynasty spent a lot of money. We hired many inner courtyard disciples in the Northern Territory Seminary to investigate this matter."

Ye Feng's eyes flashed slightly and said: "Don't worry, it's just a ninth-level star power. It's nothing. The four female disciples were secretly killed by me just now. It shouldn't happen for the time being."

Someone has found out about you and me. "

Bai Xiaohua's eyes still had a hint of worry, and he said: "I am going to move back to Sunu Mountain. With the clan leader here, I feel safer. Ye Feng, please follow me back to Sunu Mountain."

Ye Feng shook his head and said, "I don't want to cause any more trouble to Sister Su Su, and I'm not afraid even if these people come."

After saying that, Ye Feng stepped into the No. 6 training tower.

Ye Feng went straight into an underground training chamber in the training tower, where no one was disturbing him.

He opened the "Buddha's Concept of Hell" which he obtained by spending twenty-five huge merit points.

"Buzz!"

At this moment, Ye Feng's soul suddenly fell into a bottomless hell.

Countless horrific hell scenes, the trials of the eighteen levels of hell and the torture of souls, all appeared around Ye Feng.

Pulling out the tongue, piercing the head, tearing the spine, peeling the skin and removing the bones...etc., all kinds of torture methods and torture are terrible and painful.

Before Ye Feng could react, these tortures from hell immediately began to be imposed on Ye Feng.

"ah!!"

Although he knew that this was an illusion in his spiritual soul, Ye Feng still felt a terrifying pain that could cause a person's spirit to collapse.

If Ye Feng hadn't experienced all kinds of ups and downs, life and death crises along the way, his martial arts will would have been tempered to be very tenacious.

I'm afraid that at this moment, he has completely collapsed in endless pain.

The horrific torture lasted for half an hour.

Ye Feng's soul has been scarred by torture.

But at this time, the scene of eighteen levels of hell around Ye Feng suddenly disappeared.

Instead, there is the legendary heaven above, in the infinite clouds, shrouded in golden auspicious light, and a huge Buddha, standing like a mountain in the nine heavens.

"Buzz!"

\u003e

At this time, pieces of Buddha's holy light shone down, shining on Ye Feng's soul body, and began to repair his scarred soul body.

At this moment, Ye Feng felt warm all over his body.

It's like going from hell to heaven all at once.

"Buzz!"

In the next moment, Ye Feng's soul consciousness returned to its original form once again.

Surrounded by the underground chambers of the cultivation tower, hell has disappeared, and the Buddha in heaven has also disappeared.

At this moment, Ye Feng's whole body was soaked in cold sweat.

"My soul power..."

Ye Feng was surprised to find that his soul power had increased by four levels!

Directly upgraded from level 1,196 to level 1,200!

You know, this is without taking any heavenly materials, earthly treasures or elixirs that enhance soul power.

It is completely based on the soul power cultivated through martial arts.

This is simply a heaven-and-earth creation!

"It is indeed a great avenue-level soul tempering method!"

Ye Feng's eyes were overjoyed.

But at this time, Ye Feng looked outside the sky, and it was completely dark.

"I didn't expect that a whole day has passed."

Ye Feng felt very surprised, because when his soul was tortured just now, he only felt that only half an hour had passed.

But in fact, a whole day has passed.

Uh-huh!

Ye Feng immediately stood up and walked towards the outside of the training tower.

The most important thing now is to go to the Dengtian Palace to see if there are any inspection missions.

Ye Feng still wanted to go out and look for opportunities, complete tasks, earn credit points, and take a look at the situation in the first universe.

Now that the Shangguan family was standing in front of him, Ye Feng felt quite pressured.

After all, the Shangguan family is one of the major silver forces behind the Northern Divine Academy.

Chapter 1477 Feat

When Ye Feng arrived at the Dengtian Hall, there were many young people standing in the entire hall.

The cultivation auras of these young people are all around the first or second level of Pure Yang Realm.

Obviously, these people are a new round of newcomers who have come to verify the identity of the disciples of the outer courtyard of the Northern Divine Seminary, and they come from all the major star regions.

At this time, Ye Feng came wearing the formal disciple's clothes from the outer courtyard, exuding the aura of half-step Broken Realm cultivation, which immediately made many young newcomers in the Ascension Palace look over.

"Hello, senior brother!"

"Hello, senior brother!"

In an instant, many girls with sweet mouths showed their charming smiles and shouted.

Obviously, these girls have their own scheming. Before they join the Northern Territory Seminary, they have already started to have a relationship with Ye Feng, an "old disciple".

Ye Feng just smiled politely at this, and then walked towards the side hall of the Dengtian Palace.

This side hall is where the upper levels of the Northern Territory Seminary issue tasks.

Ye Feng walked into it and asked the mission elder.

He is very lucky, no one has taken over the inspection task this month.

Ye Feng immediately took over the inspection mission. The mission was very simple. It was to patrol the vast starry sky in the entire northern star region to see if there were any forces fighting privately. The main purpose was to observe hostile forces such as the Demon Clan and the Demonic Poison Sect. movement.

Nowadays, the Northern Divine Temple is at the height of its power in the entire Northern Star Territory, and even the Heavenly Demon Clan or the Demonic Poison Sect do not dare to act openly.

Therefore, inspection tasks are generally very easy.

Inspections generally take one month.

Ye Feng chose several other tasks, such as killing a starry sky thief in a certain northern star field, helping a seventh-level starry field kill a ferocious starry sky beast, etc.

Although these tasks are not difficult, the rewards are not bad. In total, there are almost 50,000 merit points.

After Ye Feng selected several tasks, he wore the patrol envoy identity token specially produced by the Northern Divine Academy.

This identity token is made of innate cold iron, with special formation patterns engraved on it, allowing the user to release the power of the sixth level of the Broken Realm.

After Ye Feng took all the things at this time, he walked directly outside the Dengtian Palace.

But before Ye Feng walked out of the side hall, he met someone he didn't want to meet.

He was an old man. Although he had a kind smile on his face, his small eyes were filled with a cold feeling.

It turned out to be Elder Mo who was the matchmaker for Bai Susu at that time.

He is an elder in the inner court.

Although he is just an ordinary elder, he possesses a powerful cultivation level that is half a step to the heavenly realm.

Ye Feng looked at Elder Mo walking towards him, his eyes darkened slightly.

This person is definitely a loyal lackey of Shangguan Haotian. He just wants to please the Shangguan family and get protection and promotion.

At this moment, Elder Mo suddenly saw Ye Feng, and his kind smile suddenly disappeared, turning into a sarcastic expression that was half a smile but not a smile.

The last time Shangguan Haotian was involved

Furious for this kid.

Elder Mo thought that if he could target Ye Feng properly, he would definitely be able to please Master Haotian.

"It turns out to be your boy."

Elder Mo walked in front of Ye Feng and blocked his way.

Ye Feng stared at Elder Mo and said, "Elder Mo, I don't seem to have offended you, right?"

Elder Mo smiled coldly and said: "The last time you dared to offend Master Haotian, you offended me."

Ye Feng's eyes turned cold and he said, "What? Are you going to take action against me?"

Buzz!

A huge and boundless pressure was released from Elder Mo's body in an instant.

"Click, click..."

Ye Feng suddenly felt a huge pressure coming on him.

The ground beneath his feet was shattering inch by inch at the moment.

The movement here suddenly attracted the attention of many people in the entire side hall.

Each and every disciple of the Northern Territory Seminary, including some elders, looked over in surprise.

"Who is that young disciple? He actually asked Elder Mo to do it himself?"

"I guess this young junior brother has offended Elder Mo. Alas, it's a pity that he has offended Elder Mo. This young junior brother probably won't be able to survive in this outer courtyard."

"Yeah, it's really unlucky."

Many people were talking secretly around them.

"boom!"

But at this moment, Ye Feng's body also burst out with an extremely powerful martial arts aura, which shattered all the pressure into pieces.

This is the huge aura that Ye Feng formed by melting his martial arts momentum and soul power together.

"Hmph, you dare to confront this elder? I think you, a little disciple from the outer courtyard, are really bold! This elder is going to take you to the trial platform for punishment!"

Elder Mo immediately shouted loudly, his tone was cold and ruthless, and he directly grabbed Ye Feng with one hand.

"The golden sun shines for nine days!"

"boom!!"

Ye Feng roared instantly, unyielding, and punched out fiercely, fully stimulating the brute force of the Chaos Body, and a golden sun appeared on his fist.

In addition, Ye Feng also secretly sent a voice message to the Queen of Yaochi who was hiding close to him: "Xiao Yao, lend me some power!"

"boom!"

An even greater force suddenly rushed out from the picture of the Queen of Yaochi and was cast into Ye Feng's punch.

The golden sun on the fist suddenly bloomed with divine light.

"Boom!!"

The next moment, an extremely terrifying roar sounded, and countless terrifying and destructive divine light fluctuations spread across the entire side.

The temple erupted.

The entire ground was shaking violently, and it felt like the earth was shaking.

Fortunately, the entire Dengtian Palace, including the auxiliary palaces such as the side halls, are built very solidly, with reinforcement spiritual formations engraved on the walls.

Therefore, in this collision, there was no collapse or damage.

Uh-huh!

At this time, in the smoke and dust at the center of the collision, a figure quickly took several steps back.

It's Ye Feng!

At this moment, he only felt a little sore and numb in his fist, but Ye Feng's eyes were very excited.

Because he relied on his own strength and means to resist the attack of a half-step Heavenly Realm warrior like Elder Mo!

Although this Elder Mo is just a very ordinary half-step Heavenly Realm warrior.

Moreover, the attack just now was just a simple attack by Elder Mo.

But this is already a huge achievement for Ye Feng.

This is a symbol of the mighty monster's fighting power!

But at this moment, Elder Mo stood there, his face looking extremely ugly.

Because just now he was knocked back half a step by Ye Feng's terrifying punch!

Even though it's only half a step!

But this is a huge shame for Elder Mo.

At this moment, countless disciples in the entire side hall were shocked.

"What? Elder Mo didn't defeat the junior brother who was only half a step into the Broken Realm, but he even took half a step back?"

"How is this possible! Elder Mo has a cultivation level of half-step to the heavenly realm! Not to mention that this junior brother in black is only a disciple of the outer courtyard. Even in the inner courtyard, except for the ten core disciples, no one can resist Elder Mo. "

"What is the name of this junior brother in black? I'm so curious. We may have encountered a peerless monster in the outer courtyard today! He has heaven-defying combat power!"

Countless disciples around him couldn't help but exclaimed in surprise, staring at Ye Feng with deep disbelief.

Because the gap in cultivation between Ye Feng and Elder Mo is really huge, one is on the ground and the other is in the sky.

But Ye Feng broke this huge gap under the spotlight and publicly challenged Elder Mo, without any trouble at all.

Of course, the most shocked person at this time was Elder Mo himself.

"This elder is a super master who is halfway to the heavenly realm..."

Elder Mo stared at Ye Feng across from him in disbelief, and couldn't help but said angrily: "Boy, do you have an extremely powerful magic weapon in your body?"

Ye Feng smiled coldly and said: "What does this have to do with you? Come and fight me again if you dare!"

"You... are so brave!"

Elder Mo's expression suddenly became furious, and he exuded a heart-stopping aura of destruction.

He showed undisguised horror and murderous intent.

Obviously, Elder Mo is serious this time and wants to completely defeat Ye

Feng, capture Ye Feng and bring him back to Shangguan Haotian for credit.

Ye Feng's eyes became solemn for a moment, and he informed Xiaoyao that he was ready to fight together.

"stop!"

But at this moment, a cold shout suddenly sounded throughout the side hall, full of irresistible majesty.

Buzz!

That is the terrifying and boundless aura of a true Heavenly Realm cultivation level.

At this moment, the fighting spirit in Ye Feng and Elder Mo was suppressed.

Elder Mo's eyes were extremely ugly. He saw an old man in white robes walking out of the side hall.

His face was gloomy and uncertain, but he finally restrained his murderous intent, cupped his fists at the white-robed old man and said, "Senior Brother Yue, I was impulsive."

The white-robed old man gave Elder Mo a cold look and said, "As an elder, I bullied an outer courtyard disciple in front of everyone, and if people spread this, what kind of scandal would it be? It is simply a shame to our elder team! madness!"

After speaking, the old man in white robe looked at Ye Feng and said calmly: "Let's go quickly."

Ye Feng hugged his fists to the old man in white robes who maintained order, expressed his gratitude, and then quickly left the side hall.

Before leaving, Ye Feng noticed a sinister gaze like a gleam on his back, which was Elder Mo's unwilling murderous gaze.

However, Ye Feng smiled coldly in his heart.

After he completes his mission outside this time and breaks through to the true Broken Realm, Elder Mo will no longer be a threat. When the time comes, he will directly find an opportunity to kill and devour him!

Ye Feng quickly left the side hall. Many people looked at the back of the black-clad figure and couldn't help but sigh: "Another peerless evildoer has appeared in the outer courtyard!"

With a cultivation level of half a step in the Broken Realm, he fought against a powerful elder who was half a step in the Heavenly Realm.

This is an achievement that is unimaginable for normal disciples, and can even be called a feat!

...

Before Ye Feng left the Northern Divine Academy, he went to Sunu Mountain to ask Bai Susu to pay attention to the revenge from Shangguan Haotian.

Bai Susu nodded and said not to worry, and told Ye Feng not to forget to participate in the inner court disciple certification every six months.

The certification of disciples in the inner courtyard is different from that in the outer courtyard. All disciples need to enter a special place outside the Northern Territory Seminary for trials.

The time is next month, if you miss it, you will have to wait until next year.

After Ye Feng said that he remembered it, he flew away from Sunu Mountain and flew towards the starry sky outside the Northern Divine Academy.

He took out the starship and started positioning it.

For the first inspection location, Ye Feng did not choose the Tiannan Star Region near the entrance to the first universe.

It is a fifth-level star field called "Qingyang Star Field".

Because this Qingyang Star Territory is the closest to the starting point of the Northern Territory Temple.

Moreover, among the several tasks that Ye Feng took over in the side hall of the Ascension Palace, one of them was in the Qingyang Star Territory, to kill a starry sky thief who did all kinds of evil and bring back his head, which was worth 10,000 credit points!

Chapter 1478 Emperor Qingyang

In the vast starry sky of the northern star field, a one-man starship is sailing quickly.

Ye Feng sat in it, staring at the starry sky map in his hand with a hint of thinking in his eyes.

According to the description in the released mission, the starry sky thief to be killed this time is an independent thief and does not belong to a certain group.

However, Ye Feng pondered a little. Starry sky thieves who do not belong to the team and who work alone are often the most difficult to find.

"It seems that I can't search blindly. I can only go to the control force of Qingyang Star Territory first and ask about the situation."

Ye Feng thought in his mind, and then identified the coordinates of a certain star field in the starry sky map, and began to activate the power formation on the starry sky ship. ??

"boom!"

The starship made a huge roar, and instantly exploded towards the distance in the boundless starry sky.

It took three whole days for Ye Feng to finally drive the starship and arrive at the first destination of the trip, Qingyang Star Territory.

Qingyang Star Territory is a fifth-level star territory, and the power controlled by it is a very large star territory dynasty.

At this time, in the most central area of the Qingyang Star Territory, there was a huge planet, the Emperor Planet, where stood a majestic palace complex covering an area of hundreds of thousands of square meters.

Countless warriors and soldiers wearing golden armor were standing in this majestic palace building, holding powerful magic weapons in their hands, their eyes were cold and solemn, and they looked full of shock.

This is the powerful force that controls the Qingyang Star Territory. The Qingyang Dynasty is an extremely vast Star Territory dynasty.

At this time, a starship appeared above the majestic Emperor Star.

Ye Feng, dressed in black like ink, walked out of the starship.

Wearing the uniform of a disciple of the Northern Divine Seminary, with an inspector's badge hanging on his waist, he slowly flew down from the starry sky.

"Stop!"

Almost at this moment, hundreds of armored soldiers on the Emperor Star immediately burst out with cold murderous aura, rushing into the starry sky and surrounding Ye Feng.

Ye Feng's eyes did not change much, his face was calm, and he shouted loudly: "Your Majesty, the Emperor of the Qingyang Dynasty, I am the patrol envoy of the Northern Divine Academy, come and see me."

"Northern Divine Monastery?"

"Inspection messenger?"

"what does it mean?"

A group of hundreds of tall soldiers from the Qingyang Dynasty surrounded Ye Feng, all with doubts in their eyes.

They are all soldiers, living at the bottom. They only know how to do things according to orders, and have no access to news about such a behemoth as the Northern Territory Seminary.

After all, the Northern Territory Temple is the most noble golden power in the entire Northern Star Territory.

Not to mention this group of soldiers, even the many nobles and royal heirs of the Qingyang Dynasty may not have access to news about the Northern Divine Academy.

"Huangkou kid, what are you shouting about here? Hurry up and leave the palace of Qingyang Dynasty, or I will kill you on the spot!"

Among a group of soldiers, a tall young man wearing cyan armor and a golden helmet appeared, with a trace of murderous intent in his eyes.

He is the commander of the imperial army of the Qingyang Dynasty, and he is ready to directly attack Ye Feng.

"Presumptuous! Everyone, step back!"

But suddenly at this moment, a majestic and boundless voice sounded, spreading throughout the starry sky on the Emperor Planet.

"His Majesty!"

"His Majesty!"

When every soldier, including the commander of the Forbidden Army, heard this voice, their expressions immediately turned to fear and reverence, and they immediately knelt down on the spot and worshiped in the direction of the Emperor Star.

Buzz!

At this time, deep in the huge Emperor Star, in a majestic palace hall, a golden and majestic dragon aura suddenly rose into the sky.

The golden dragon energy instantly condensed into a huge golden throne high in the sky, and a middle-aged emperor wearing a dragon robe and a flat crown appeared.

This is the emperor of the Qingyang Dynasty, an emperor who controls the fifth-level star field!

Emperor Qingyang immediately stood up from the golden throne, with a respectful look on his face, and immediately walked to Ye Feng.

His eyes noticed the token of inspection messenger on Ye Feng's waist, and he immediately became more respectful. He clasped his fists and said, "Dear envoy of the temple, please come here. I will ask all civil and military officials to come to court, and You discuss things about the starry sky thief."

Ye Feng looked a little surprised and said, "Oh? Do you know the purpose of my coming?"

Emperor Qingyang immediately gave a wry smile and said: "That mission was... issued by me."

Emperor Qingyang originally wanted to call himself "I", but he thought that the young man in front of him came from the supreme Northern Divine Academy and had a distinguished status, so he quickly changed his name to "I", fearing to arouse the attention of the patrol envoy in front of him. dissatisfied.

In the entire Qingyang Dynasty, Emperor Qingyang was the most noble and had the greatest authority and power.

But Emperor Qingyang knew very well that the one who ruled this entire boundless universe was the aloof Northern Divine Academy!

"What? Your Majesty, he is so respectful to that young man?"

"What is going on? Who is that young man?" .??.

At this moment, looking at Emperor Qingyang's attitude towards Ye Feng, he was so respectful that he didn't even dare to speak out loud.

This scene fell into the eyes of countless Imperial Palace Forbidden Soldiers, and it shocked them to the extreme.

Especially the commander of the Forbidden Army who had yelled at Ye Feng just now, was suddenly covered in cold sweat.

At this time, the commander of the Forbidden Army immediately understood Ye Feng's identity, which was definitely at a level that he could not even come into contact with.

As soon as he thought of this, the Commander-in-Chief of the Forbidden Army lowered his head even further, not even daring to look at Ye Feng.

At this time, Ye Feng just stared at the emperor of the Qingyang Star Domain Dynasty in front of him, and said: "There is no need to talk nonsense. I am in a hurry this time, so I will help you kill the starry sky thief and tell me the strength of the starry sky thief. and hiding place, I will go directly to kill them."

When Emperor Qingyang heard this, he couldn't help but hesitate and said: "We do know where the starry sky thief is now, but we shouldn't act rashly."

Ye Feng looked confused and said: "What's wrong?"

Don't believe in my strength? Are you afraid that I won't be able to kill him and will let him run away? "

Ye Feng already knew from the task list that the starry sky thief had the cultivation of the sixth level of Broken Realm and was not difficult to deal with.

"No, no!"

Emperor Qingyang immediately shook his head and said: "The main reason is that the starry sky thief is not alone. Recently, the starry sky thief recognized an elder brother. That elder brother is the controller of a powerful demonic force in our Qingyang Star Territory. That powerful demonic force is called the 'Black Mountain Demon Cave', and its controller calls himself the Black Mountain Old Demon. He possesses the power of the ninth level of the Broken Realm, is very terrifying, and has countless masters under his command."

"Oh? Are you a powerful demonic force in the Qingyang Star Region?"

Ye Feng's eyes flashed, and then he nodded and said: "Then let's enter your palace first, and then make a long-term plan."

"Okay, okay!"

When Emperor Qingyang saw that Ye Feng did not leave, but instead agreed to stay and help them deal with the Starry Sky Thieves, and even deal with the old Black Mountain Demon, he was immediately overjoyed and said: "Please follow me, Sir Envoy, I will definitely entertain you with good wine and beauty!" "

Although Emperor Qingyang is the controller of a vast fifth-level star field, he still has to maintain deep respect in front of Ye Feng, the patrolling envoy of the Northern Divine Academy.

Because Emperor Qingyang knew very well that maybe he was the aloof Emperor of the Star Territory in normal times, but in front of Ye Feng, he was just a rich country man.

At this time, Ye Feng felt happy in his heart when he saw that the emperor of a fifth-level star domain dynasty was so respectful to him.

As expected, the identity of the patrol envoy of the Northern Divine Academy is very good in all the major star regions in the northern star region. Even the master of a big force must be respectful to him and not dare to be presumptuous.

After all, to them, he was like a messenger sent from heaven.

"The Starry Sky Thief, the Black Mountain Old Demon, one at the sixth level of the Broken Realm, and one at the ninth level of the Broken Realm. Not bad, not bad. If I kill them all and devour them all, then I will definitely be able to break into the Broken Realm."

With a smile on his lips, Ye Feng followed Emperor Qingyang into the majestic palace on the underground emperor star.

Chapter 1479 The Supreme Elder of the Royal Family

After Ye Feng and Emperor Qingyang returned to the palace hall on the Emperor Planet, they directly began to ask Emperor Qingyang about all the news about the Star Thief, the Black Mountain Old Demon and the Black Mountain Demon Cave.

Emperor Qingyang smiled bitterly at this time and said: "Your Majesty the Envoy, many of this matter was investigated by the senior members of our royal family. We will discuss it tomorrow because I need to summon everyone to tell the truth to the Envoy. All situations."

Hearing this, Ye Feng couldn't help but nodded and said: "Okay, then you can gather everyone together tomorrow. If possible, you can take me directly to encircle and suppress the Black Mountain Demon Cave and attack directly."

For Ye Feng, the starry sky thief from the sixth level of the Broken Realm is not a problem.

The Black Mountain Old Demon in the ninth level of the Broken Realm needs to fight hard.

However, Ye Feng has many trump cards, and Xiao Yao secretly helps him. He also has the confidence to kill ordinary people from the ninth level of Broken Realm.

The night goes by quickly.

Early the next morning, Ye Feng came to the palace hall of Qingyang Dynasty.

At this time, Emperor Qingyang and more than a dozen royal elders had been waiting for a long time.

When Ye Feng walked over, a group of more than a dozen elders from the royal family's group of elders all had a hint of respect in their eyes.

Obviously, this group of old people already knew Ye Feng's identity in advance.

So the way they looked at Ye Feng at this moment was naturally like a courtier looking at an emperor.

Because no matter how noble their status is in the Qingyang Star Territory and they are the ancestors of the royal family, they are still low-status civilians in front of inspection envoys from the Northern Territory Temple like Ye Feng.

Ye Feng's eyes were calm at this moment, he just looked at a group of old men and said: "Tell me in detail about the strength division of the Black Mountain Demon Cave."

A Supreme Elder immediately spoke up: "I'm telling you, Lord Inspector, that the founder of the Black Mountain Demon Cave is a terrifying guy with half-demon blood. He calls himself the Black Mountain Old Demon and has a powerful cultivation level in the ninth level of the Broken Realm..."

Speaking of this, all the great elders looked at Ye Feng.

There was a trace of hesitation in everyone's eyes.

Because the cultivation aura on Ye Feng's body was only half a step into the broken state.

Although Ye Feng is indeed from the Northern Territory Seminary, he is an inspection envoy.

But is it too much to deal with a Broken Realm ninth level demon like the old demon of Black Mountain?

However, for the sake of face, a group of supreme elders did not say anything. Instead, they emphasized that the Black Mountain Old Demon's cultivation strength was at the ninth level of the Broken Realm.

Because they knew very well that if Ye Feng acted impulsively and forcibly attacked the Black Mountain Demon Cave, not only would he be killed, but his dynasty in the Qingyang Star Territory would also suffer a huge disaster.

Ye Feng saw the hesitant looks in the eyes of many supreme elders around him, and immediately understood the reason for the hesitation of these people.

At this time, Ye Feng smiled slightly, looked at a group of more than a dozen elders from the Qingyang Dynasty, and asked: "Why didn't the old Black Mountain demon from the Black Mountain Demon Cave take the initiative to attack your Qingyang Dynasty and massacre the living beings?"

A group of more than a dozen Supreme Elders immediately spoke loudly: "Because we old guys join forces, we can fight against the old demon of Black Mountain. The old demon of Black Mountain is afraid of us old guys, so he has been in Qingyang Star." The territory was secretly watching, but it has not launched a general attack. "

"very good."

Ye Feng nodded, and then said: "Then I will let you know,

How powerful is my true strength! "

boom!

Almost as soon as Ye Feng finished speaking, a huge and boundless terrifying energy aura erupted from his body.

"All the elders of the Qingyang royal family, take the call!"

boom!

Ye Feng shouted loudly and slapped all the dozen or so people on the field.

A majestic big hand composed of chaotic energy, like the palm of a god, instantly appeared high in the sky and bombarded everyone present. It was like a great mountain rising across the sky, filled with extremely terrifying energy. pressure.

"What?"

"Is this smell so scary?"

"It is simply comparable to the peak existence of Broken Realm!"

A group of elders from the Qingyang royal family were all shocked at this moment.

The aura of cultivation exuding from Ye Feng's body does indeed seem to be a simple half-step of Shattering Realm.

But the moment he took action, a terrifying pressure surged across the sky.

"boom!"

The big hand composed of chaotic energy suddenly bombarded down.

More than a dozen Supreme Elders jumped up one after another. They couldn't help but unite together, and released their inheritance and soldiers one after another to resist the big hand of chaos.

"Boom!!"

A terrifying roar sounded instantly.

The entire palace hall was shaking violently.

Even the entire huge emperor planet was shaken at this moment, causing every creature living on the planet to look in fear, not knowing what was going on.

At this time, the dust and smoke dispersed in the palace hall.

Ye Feng stood there with his hands behind his back, acting extremely calm and calm.

In front of him, on the ground made of fine iron, a deep hole with large handprints had appeared.

The dozen or so elders from the fifth and sixth heavens of the Shattered Realm of the Qingyang royal family were all in extremely miserable condition and looked a little disgraced.

Although they did resist one of Ye Feng's hands, it was obviously difficult to resist.

Ye Feng looked at the group of people present, smiled slightly, and said, "How is it? Is this strength enough?"

"That's it!"

A group of supreme elders, including Emperor Qingyang, all looked overjoyed.

But they felt that Ye Feng's cultivation was not enough to deal with the Starry Sky Thief and the Black Mountain Old Demon.

But now Ye Feng's hidden strength revealed really surprised everyone present.

"Then let's go directly to the Black Mountain Demon Cave where the Star Thief and the Black Mountain Old Demon are."

Ye Feng said aloud: "I am responsible for killing the Star Thief and the Black Mountain Old Demon. For the other minions in the Black Mountain Demon Cave, you are responsible for eradicating the roots."

Ye Feng naturally adheres to the principle of killing this kind of demonic force who has done many evil things.

At this time, a group of elders from the Qingyang Dynasty immediately said: "Yes, let's set off right now."

Emperor Qingyang also immediately spoke out: "I will immediately summon all the troops of the dynasty to siege the Black Mountain Demon Cave together. This time I must kill all these demons and restore the entire Qingyang Star Territory." A bright future for the human race!" After Ye Feng and Emperor Qingyang returned to the palace hall on the Emperor Planet, they directly began to ask Emperor Qingyang about all the news about the Star Thief, the Black Mountain Old Demon, and the Black Mountain Demon Cave.

Emperor Qingyang smiled bitterly at this time and said: "Your Majesty the Envoy, many of this matter was investigated by the senior members of our royal family. We will discuss it tomorrow because I need to summon everyone to tell the truth to the Envoy. All situations."

Chapter 1480 Departing from the Demon Cave

Under the imperial orders of Emperor Qingyang, all Qingyang soldiers wearing armor and full of murderous intent gathered from the entire planet, and then lined up in the starry sky.

At this time, beside Emperor Qingyang, in addition to a dozen powerful royal elders, there was also a young man in black clothes standing.

It's Ye Feng!

At this time, countless people looked at Ye Feng with eyes full of deep awe.

Because now they already know Ye Feng's identity and Ye Feng's powerful and terrifying strength.

Under the deliberate spread of Emperor Qingyang, the news that Ye Feng had defeated a dozen royal elders with a slap spread throughout the entire army in an instant.

After this news was passed on, the morale of the entire Qingyang Dynasty army was suddenly lifted to the top.

All the soldiers had deep excitement in their eyes and great fighting spirit. They followed the royal family and Ye Feng to annihilate the demonic forces in the Black Mountain Demon Cave.

"Set off!"

At this time, Emperor Qingyang gave an order, and an army of tens of millions immediately began to rumble towards a certain direction in the starry sky.

Moreover, Ye Feng also took a dozen royal elders and flew quickly in that direction.

In the northwest starry sky area of the Qingyang Star Territory, in the dark starry sky, stands a huge broken continent.

On this suspended continent, towering black mountains stand on the earth.

Under those black mountains, there are caves.

These caves are the headquarters of the Black Mountain Demon Cave.

There are many demonic practitioners living among them, and each one of them exudes extremely rich demonic energy.

At this time, in the deepest part of the Black Mountain Demon Cave, there is a very luxurious underground palace.

Although the palace is built underground, the walls and dome of the entire palace are inlaid with

Each luminous pearl exudes a mesmerizing light.

At this time, in the entire hall of the underground palace, there were demon girls with perfect postures dancing.

At the top of the palace, there are two huge bronze thrones.

At this time, on the two bronze thrones, there was a middle-aged man with a strong aura sitting on each one.

A man was wearing a black gown, carrying a huge long knife on his back, and had a fierce look in his eyes. He knew he was the Star Thief at first glance.

Obviously, the tall middle-aged man sitting on the other bronze chair is the owner of this dark cave, the Old Demon of Montenegro!

The old demon of Heishan looked at the bewitching witches below and said, "After the dance, brother, just choose one and enjoy it."

The starry sky thief's eyes were filled with greed and he said, "Thank you, brother, for the reward."

The old demon of Montenegro said: "But I still need your help, brother, for what I just talked about."

The starry sky thief immediately smiled and said: "Easy to say, I can use my supreme treasure to rival the strong men of the eighth level of the Broken Realm. When the time is right, I will accompany my elder brother to the central area of the Qingyang Star Territory. Destroy all the royal families of the Qingyang Dynasty, and you and I will take control of the entire Qingyang Star Territory and become the emperor of one side!"

"Hahaha!"

The old demon of Heishan laughed out loud immediately, his eyes full of ambition, and said: "Okay! Brother, if you help me, we can definitely kill all the old guys from the royal family of the Qingyang Dynasty by working together!"

Boom! !

But just when the Star Thief and the Black Mountain Old Demon were happily discussing and looking forward to a better future, an earth-shattering roar suddenly came from outside the Black Mountain Demon Cave.

"

Click! Click! "

Cracks immediately appeared on the walls of the entire underground palace, almost as if they were about to collapse.

"what's the situation?"

The Starry Sky Thief and the Black Mountain Old Demon, who were discussing important matters, suddenly showed frightened and angry expressions in their eyes.

Uh-huh!

At this time, a subordinate from the Black Mountain Demon Cave immediately rushed out from outside the underground palace. He quickly knelt down in front of the old demon from the Black Mountain. He looked a little panicked and clasped his fists and said: "Inform the master, there is an army of the Qingyang Dynasty coming outside." Attacked our base camp."

"What?"

The old demon of Montenegro looked stunned and said: "How dare they be so bold? I didn't even bother them, but they came to trouble me? Do they have any other helpers?"

The subordinate thought for a while and said: "It seems not. In addition to the ordinary soldiers of the Qingyang Dynasty, there are Emperor Qingyang and a dozen royal elders."

The old demon of Montenegro immediately laughed and said: "That's okay! A group of old immortals must want to fight me desperately, but what they don't know is that now I have a powerful helper."

At this time, the Black Mountain Old Demon looked at the Starry Sky Thief beside him and said: "Let's go out and take a look. This time, we don't have to go to the Qingyang Dynasty in person. We can wipe out all of them at our doorstep." Lose."

The starry sky thief was also very confident in his own strength and trump card. He showed a cruel smile on his face and said: "This time they come to kill as many as they can. The vast starry sky territory of Qingyang Star Territory is destined to be between you and me. of!"

Uh-huh!

Uh-huh!

The two of them were talking at this time, and rushed out of the underground palace in a flash.

When they came to the ground, they found that many black mountains around the underground cave had been blown to pieces.

The whole ground is full of people

They were fighting, and it was obvious that the war had reached a fever pitch.

"It's really those old fools! They are so courageous!"

At this time, the old demon of Heishan saw for the first time the elders of the royal family not far away, who were taking action to kill the disciples in the entire Black Mountain Demon Cave, causing rivers of blood to flow.

"hateful!"

"Today we must kill all these royal family elders, and then go to the Qingyang Dynasty to burn, kill and loot to their heart's content! Hahaha!"

The Black Mountain Old Demon roared loudly at this time, and a powerful energy aura burst out from his body.

That is the cultivation aura of the ninth level of the Broken Realm!

Like a vast ocean, and like a huge mountain, it gives people a terrible feeling of being heavy, vast, and suffocating.

But at this time, all the troops of the Qingyang Dynasty, including the Supreme Elders, were still killing all the disciples in the Black Mountain Demon Cave, and they seemed to ignore the old demon of the Black Mountain.

"You are so presumptuous! I have released such a powerful martial arts aura, and you don't even pay attention to me? Ahh! I want to kill all of you!"

The old demon of Montenegro was so frightened and angry that he roared loudly.

But this time.

The moment he was about to take action.

Uh-huh!

A young man in black clothes, holding a dragon-marked war sword, suddenly blocked his way.

The cultivation aura on his body turned out to be only half a step into the broken state.

"Who are you?"

Although the Black Mountain Old Demon felt that the young man in front of him was only a small half-step Broken Realm cultivation level, he felt on a deeper level that the young man in front of him actually gave him a terrible feeling of palpitations.

At this time, the starry sky thief suddenly stared at the token on the waist of the young man in black, and couldn't help but exclaimed: "Northern Divine Academy! Inspector!"
