

## Ancient 1481

### Chapter 1481 Escape

"Northern Divine Seminary? Inspector?"

At this time, he heard the exclamation of the starry sky thief beside him, and the old demon of Montenegro was also shocked.

After all, at their level, they have come into contact with some secrets of the entire universe.

They naturally understand what the Northern Divine Temple represents.

Originally, the two thought this was just a battle within their small star field.

But he never expected that he would provoke all the supervisors from the Northern Territory Seminary.

"However, isn't this supervisory envoy's cultivation too weak?"

At this time, after the starry sky thief exclaimed briefly, his eyes suddenly revealed a cold and cruel smile.

The old demon of Heishan also nodded and said: "Anyway, since you are here today, brother, let's deal with all these supervisory messengers."

Although the Black Mountain Old Demon did feel a deep feeling of palpitations from the young man in black who was half-step into the Broken Realm in front of him. .??.??

But after all, the young man in black in front of him was only half-step into the Broken Realm.

Even if they knew that the disciples of the Northern Territory Seminary were all extremely powerful in combat.

But with half a level of cultivation in the Broken Realm, you want to defeat the strongest person in the ninth level of the Broken Realm?

This is absolutely impossible to happen.

Moreover, the old demon of Montenegro knew that the Star Thief also had a treasure that could unleash the same combat power as him.

If the two powerful men at the ninth level of the Broken Realm can't even kill a half-step Broken Realm genius, then it's really unscientific.

"kill!"

So at this time, the Starry Sky Thief didn't hesitate at all and took action directly.

"Starry Sky Divine Light Slash!"

The inheritance learned by the Star Thief is very strange.

At this time, his hands were like knives, he raised them suddenly and slashed in the direction of Ye Feng.

boom!

\u003c

br\u003e At this moment, all the light from the stars in the sky gathered in the hands of the starry sky thief, forming a sword light that penetrated the sky and the earth and was several thousand feet long. It slashed down suddenly and filled with endless energy. Horrible destruction.

It has to be said that although this starry sky thief is notorious, he still has some tricks that are very powerful.

"The golden sun shines for nine days!"

boom!

Ye Feng also made a big move at this time, and directly blasted out a golden sun with one punch. Sunlights like golden war spears burst out from the sun, instantly destroying the huge sword light. It was riddled with holes and was directly shattered.

"Sure enough! But you will die eventually!"

At this time, the old demon of Montenegro also took action instantly.

"Powerful Bull Demon Fist!"

The old demon from Montenegro waved his fist, and a huge bull demon that could fill up the entire starry sky appeared. It was full of endless pressure, as if it could smash an entire interface continent, and rampaged across the starry sky, directly He blasted toward Ye Feng.

"Sword Qi Fire Storm!"

At this moment, Ye Feng's sword in his other hand suddenly slashed down.

Boom!

Boom! !

Immediately, an endless fire storm appeared and swept across the entire starry sky. Not only did it envelope the Old Demon of Black Mountain, it even enveloped the starry sky thief in this fire storm.

Sword Qi Fire Storm is a very powerful attack technique that Ye Feng has learned by himself. He is naturally very comfortable in using it and can give full play to his own strength.

"ah!"

The starry sky thief was the first to howl out, his

Half of his body was enveloped by the fire storm, burned black, and he almost died.

"Boy! I want you to die!"

The starry sky thief had never suffered such a big loss. At this time, he suddenly desperate and released his extremely powerful treasure.

Buzz!

A huge mirror that burned with flames but exuded an aura of ice appeared.

"boom!"

Suddenly, a terrifying and terrifying river of ice and fire burst out from the mirror. .??.

The air of ice can freeze everything.

The long river of flames can destroy everything.

Anyway, this long river of ice and fire is very terrifying. As long as it covers all the space, earth and buildings, it will be shattered.

"Click, click..."

Even though Ye Feng's body was extremely strong, it was frozen and burning and was about to burst into pieces at this moment.

"As expected of a great-level magic weapon! It's so powerful! No matter how terrifying this kid's combat power is, he will never escape death! Hahaha!"

The old demon of Montenegro got rid of the fire storm at this time, and when he saw this scene on the field, he immediately laughed wildly and cruelly.

"The Great Light of Destruction!"

But before the Black Mountain Old Demon could be happy, a loud and terrifying sound came from Ye Feng's mouth.

"Boom!"

Almost at the next moment, Ye Feng's hands were released, a powerful light of destruction.

Wherever this light of destruction covers, all living structures, including physical objects, will be destroyed.

The river of ice and fire that was supposed to freeze Ye Feng's body was suddenly destroyed by the light of destruction.

Even the magical mirror of the Great Daoji has been greatly

The light of destruction was bombarded and fell from the sky.

"What? My Ice and Fire Magic Mirror is an avenue level magic weapon, and it is also a second-grade avenue level magic weapon. What kind of attack are you doing? How could you knock down all my ice and fire magic mirrors? Impossible!"

At this moment, Starry Sky Thief's eyes were filled with deep shock and anger.

He never thought that the second-grade Dao-level magic weapon he found from an ancient starry sky ruins at the risk of his life would be shot down by a young man who was only half a step into the Shattered Realm. He temporarily lost the power of the magic weapon. .

"No!"

At this time, Ye Feng was already holding the dragon-patterned sword in his hand, the blade burning with golden flames, and stabbed him in front of the starry sky thief.

"Pfft!"

The cold and hard tip of the war sword pierced the starry sky thief's chest and broke his heart.

And the most terrifying thing is that almost at this moment, the golden holy fire attached to the body of the war sword instantly destroyed all the life in the entire starry sky thief's body.

"ah!!"

In the end, the Star Thief only had time to let out a shrill scream, and his body fell to the ground, unable to die any longer.

At this time, the old demon of Montenegro was stunned.

He never thought that the starry sky thief who was just about to show off his power would die so soon.

"escape!"

At this moment, the Black Mountain Old Demon only had one thought left in his mind.

Moreover, his inner fear for the Northern Territory Seminary was getting deeper and deeper.

It's really terrifying that a kid who is only half a step into the Broken Realm can unleash such powerful combat power and destructive power!

"Can't run away."

Ye Feng's voice, like the death sentence, sounded behind the Black Mountain Old Demon.

Chapter 1482 The Great Seal Technique

Seeing Ye Feng chasing after him quickly, the old demon from Black Mountain was so frightened that his soul trembled.

At this time, Ye Feng's young figure in black clothes was simply the incarnation of death in the eyes of the old devil Heishan.

The old demon from Montenegro glared hard and shouted: "Boy! Since you want me to die so much, then I will die with you!"

boom! ??

At this time, the Black Mountain Old Demon actually stopped high in the air and faced Ye Feng who was chasing him.

He actually stopped running away and took out a dark and deep token from his body.

This token looks extremely ancient, exuding an ancient aura that makes one's heart palpitate.

At this moment, the eyes of the old demon from Black Mountain were full of madness, and he shouted: "I will sacrifice my ancestors with my body! Awaken the ancient demon king!"

boom! ??

Almost at the next moment, he was in the horrified eyes of countless people on the field.

All the blood and essence in the Black Mountain Old Demon's body was suddenly absorbed by the dark token in his hand.

His originally burly body suddenly shriveled up.

At this time, the Black Mountain Old Demon has become like a mummy, losing all his essence, blood and skills, but he is not dead. After all, the vitality of practitioners in the ninth level of the Broken Realm is still very tenacious.

But it can be seen that although the old demon of Montenegro is alive, he is just hanging on to his last breath.

All of his essence and blood energy was absorbed by that black token, which was equivalent to sacrificing all his life.

"Boom!"

At this moment, an extremely terrifying life fluctuation was transmitted from the dark token.

Uh-huh!

The token immediately turned into a black light and penetrated into the ground of the floating continent where the entire Black Mountain Demon Cave is located.

"Buzz!"

A terrifying and boundless aura fluctuated, like an ancient demon awakening, spreading over the field.

Not far away, the eyes of the old demon from Heishan were filled with deep madness. He stared at Ye Feng opposite him, staring at all the people from the Qingyang Dynasty on the field, and shouted:

"You are all going to die! You are all going to die! The ancient and great Demon King is about to awaken. You probably don't know that the entire floating continent where our Black Mountain Demon Cave stands is made of the body of that Demon King."

The moment the old demon from Black Mountain finished speaking, everyone on the field, including a group of supreme elders from the Qingyang Dynasty, couldn't help but change their expressions.

They seemed to be thinking of some legend passed down from ancient times, and couldn't help but change their expressions.

"Oops! This floating continent may really be the body of a demon king from the Hades era!"

"What should we do? A demon king from the ancient Hades era has awakened. It would be a huge disaster not only for our Qingyang Star Region, but also for all the surrounding low-level star regions."

At this time, a group of elders from the Qingyang Dynasty could not help but change their expressions.

Ye Feng's eyes darkened slightly at this time.

He also felt a terrifying and majestic life fluctuation, which was transmitted from the entire earth under his feet, exuding a heart-stopping aura of vastness.

"Little Ye Zi? What happened? I felt a terrifying underworld aura surging, which woke me up from my sleep."

At this time, Xiaoyao's voice sounded in Ye Feng's mind.

Ye Feng immediately sent a message from his soul: "Xiao Yao, think of a solution quickly. There is a broken person now."

The demonic monks in the ninth level sacrificed their essence, blood and life to awaken the demon king in the entire floating continent. It seemed to be a very powerful demon king in the Hades era. "

"The Demon King?"

Xiaoyao's tone was a little surprised, and then a powerful thought came out from the picture of the Queen of Yaochi hidden by Ye Feng.

Then Xiaoyao's cute little figure appeared in the Queen's picture. She stared outside, feeling the ancient atmosphere, and couldn't help but said: "It seems to be the atmosphere of the ancient times I used to live in. A demon king, interesting, interesting."

At this time, when he heard the tone of Xiao Yao in the Queen's picture, not only was he not nervous, but he was interested, Ye Feng's eyes immediately lit up and he asked quickly: "Xiao Yao, from your tone, it seems that you are interested in this demon king." Not very afraid?"

"Of course I'm not afraid!"

Xiaoyao snorted coldly, crossed her waist in the picture of the Queen, and couldn't help but said: "Although the Demon King is powerful, he has been sleeping for a long time due to serious injuries, even for an era. Even the huge demon body, They all turned into a floating continent in the starry sky. This shows that the Demon King is almost dead. Now it is just a small Shattered Realm monk who sacrificed his blood and essence to awaken a thought of the Demon King. It is nothing. , Xiao Yezi, I will teach you a way to seal the awakening thoughts of this demon king. "

Ye Feng's eyes lit up and he said: "Okay, that's great, Xiaoyao, please teach me!"

Xiao Yao nodded, her tone became serious at this moment, and said: "This is an ancient forbidden technique created by this queen, called the Great Sealing Technique. As long as you have strong enough mental power, little Ye Ye, theoretically speaking , you will be able to seal any existence in the world with the Great Seal Technique!"

After saying that, Xiaoyao pointed out the Queen's picture, and instantly a huge and boundless obscure secret of inheritance was in Ye Feng's mind.

emerge in the sea.

"ah!"

Even though Ye Feng's spirit and soul power were extremely powerful, he still felt a heartbreaking pain in his head at this moment.

Buzz!

Fortunately, at this moment, the soul gem in his mind emitted a supreme sacred golden light, allowing Ye Feng's spirit and soul to quickly calm down the pain.

"Great sealing technique!"

Ye Feng opened his eyes at this moment, and in his pupils, various formations, runes, patterns, and other lights seemed to flash past in an instant.

Uh-huh!

At this moment, Ye Feng rushed to the sky in an instant, quickly kneading the secrets with his hands, and operating the ancient secret of the Great Seal Technique.

At this moment, his mental and soul power was being consumed rapidly.

I was almost exhausted!

But the effect is also very significant!

"boom!"

"boom!"

"boom!"

In the shocked eyes of countless people, pure seal lines suddenly appeared between heaven and earth, rushing out from Ye Feng's hands, like threads of heaven and earth, covering the vast land of the entire floating continent below. They are all locked up.

The thoughts of the Demon King hidden in the depths of the earth were suddenly sealed before it could be revived.

That earth-shattering, suffocating and terrifying ancient aura also dissipated throughout the entire world and disappeared completely.

"What?!"

The old demon from Montenegro, who was originally prepared to watch a good show, suddenly had extremely frightened eyes at this moment, and he almost dropped his eyes in shock.

Everything he did was in vain!

Chapter 1483 Return to the entrance

The old demon of Montenegro was completely desperate at this time.

Tears of fear flowed from his eyes.

An old devil of a generation was so frightened that he cried?

"Pfft!"

Ye Feng killed the old demon from Black Mountain with one sword.

"It's a pity that all his energy, blood and energy were used to sacrifice to awaken the will of the demon king."

Ye Feng shook his head and sighed, feeling quite sorry.

However, there was still a lot of blood on the entire battlefield at this time.

In addition, there is also the skill of Star Thief, a strong man from the sixth level of the Broken Realm.

"Swallow!" .??.

Ye Feng instantly flew to high altitude and released the Devouring Domain.

Buzz!

Suddenly, a huge and boundless whirlpool of darkness enveloped the entire Black Mountain Demon Cave area, as if night had fallen.

"Rumble..."

Almost at the next moment, the boundless blood energy, filled with majestic power, was poured into Ye Feng's body and integrated into every inch of his flesh and bones.

"boom!"

After half a day, all the blood energy on the field, including the Star Thief's skills, were plundered by the endless Devouring Domain.

Ye Feng's body immediately burst out with a new and powerful aura.

That is the momentum of breakthrough!

At this moment, he finally completely broke the shackles of the half-step Broken Realm, and instantly broke through to the first level of the Broken Realm!

"Finally we have entered the true realm of brokenness!"

At this time, Ye Feng's eyes were filled with divine light.

He clenched his fists and felt that there was an infinite ocean of power roaring and roaring in his body, limbs and bones, like an angry dragon.

This is a vision that can only be caused by extremely huge and terrifying power.

Ye Feng landed from high altitude at this time and looked at the whole earth, feeling a little moved in his heart.

In this vast land, there is something hidden

It looks like the huge body of the demon king from ancient times.

At this time, Ye Feng asked in his mind: "Xiao Yao, can I plot the body of the Demon King now?"

Xiaoyao rolled her eyes at Ye Feng in the picture space and said: "Perhaps when you transcend the Broken Realm and the Heavenly Realm and enter the Divine Realm, you will be able to plot the body treasure of this demon king. Now you If you dare to approach that demon king, you will definitely die."

When Ye Feng heard this, he could only give up.

"The realm of divine status, that is the powerful realm of Baili Piaoxue, the chief disciple of the inner courtyard of the Northern Divine Academy. It is still too long for me now, but I believe that one day I will reach that level. Yes, maybe at that time, we can go to the Gu Kingdom in the central star field to find my mother..."

Ye Feng secretly murmured in his heart.

The reason why he practiced so hard was to be able to stand at the pinnacle level of the universe, find his mother, and bring her home safely to reunite with his father.

A family must be together to be a family.

Ye Feng would never allow anyone or any force to separate their family.

For this goal, Ye Feng has been working hard.

"Your Majesty the Inspector."

At this time, Emperor Qingyang flew over with more than a dozen royal family elders.

"Congratulations to the Inspector for your breakthrough in cultivation."

They first complimented Ye Feng.

Then Emperor Qingyang said with some fear: "Will the demon king just wake up again?"

Ye Feng shook his head and said: "That demon king was originally seriously injured and dying, but now it has been sealed by my great sealing technique. It will not come out to cause trouble. And when I complete my cultivation, I will come from the Northern Territory The Divine Academy comes to your Qingyang Star Territory once again to capture and take away the demon king."

Emperor Qingyang immediately couldn't help but said with joy: "That's great! Thank you, Lord Inspector!"

"What's going on here is over. I've completed my mission and I'm leaving."

Ye Feng didn't miss anything. He cut off the starry sky thief's head and put it into the storage ring. Then he jumped into the starry sky and disappeared at the end of the starry sky in the universe.

...

After crossing the boundless starry sky, Ye Feng's second stop was the Tiannan Star Region. .??.

He needs to communicate with the entrance to the first universe and see if he can have spiritual communication with his father.

On the way, Ye Feng took out a small mirror.

It was the Ice and Fire Magic Mirror that the Star Thief had used before.

This ice and fire magic mirror is a second-grade Dao-level magic weapon. It is very powerful. It is many times more powerful than Ye Feng's previous Galaxy Holy Mirror.

It's just that the Star Thief's skills are too weak to unleash the full power of this treasure.

And when this Ice and Fire Magic Mirror is in Ye Feng's hands, only under Ye Feng's powerful sea-like magic power can it unleash the true power and destructive power of this treasure.

Xiao Yao spoke out in the picture space at this time: "Little Ye Zi, if you have time, help me find some more treasures that contain the power of the gods. Let me eat more, so that I can regain a stronger body." Power, the Queen of Yaochi will also burst out with a higher level of power, which is much more powerful than this junk thing in your hand. "

Junk stuff?

The corner of Ye Feng's mouth twitched slightly.

Xiao Yao actually called a second-grade Dao-level magic weapon a junk, which made Ye Feng feel helpless.

However, Ye Feng also knew that Xiaoyao was a big shot in the Ming Dynasty back then, so he naturally looked down upon these things.

Moreover, the picture of the Queen of Yaochi itself is a very high-grade magic weapon.

Ye Feng couldn't help but said: "Xiao Yao, a treasure from the divine world

It's not that easy to find, but I will definitely ask for more information. If there is any, I will definitely fight for it for you. "

Xiaoyao immediately said happily: "Yeah, little Yezi is the best to me. I'm waiting for your divine treasure. Now I'm sleepy and want to go to sleep."

"call!"

After saying that, a sound of snoring came from the picture space, and Xiaoyao fell asleep for a second.

"arrive."

At this time, a familiar star field appeared in front of Ye Feng.

It's the Tiannan Star Territory!

"Buzz!"

At this time, under Ye Feng's spiritual thoughts, the entire Tiannan Star Territory was very calm.

Ye Feng also sensed many old friends and relatives, including Xiao He, Nangong Muxue, Binglu, the Holy Lord of the Galaxy, etc.

However, most of them were practicing in seclusion, and Ye Feng did not bother them.

He directly crossed the Tiannan Star Territory and flew to the entrance where he sailed out of the first universe.

At this time, Ye Feng came to the entrance and found that the entire first universe was wrapped in endless black holes and chaotic whirlpools, just like the scene when the world first opened.

"The entire first universe, this new small universe, seems to have become a huge 'cocoon', gestating something terrifying."

Ye Feng saw something unusual.

That is, the entire first universe seems to have become a whole, a living body.

This is something Ye Feng has never seen before.

"Buzz!"

Ye Feng tried to use his spiritual thoughts and soul power to cover the entire first universe.

But all the spiritual thoughts and soul power were like a mud cow entering the sea, without any response.

"I wonder if my father is in danger..."

Ye Feng murmured, temporarily sitting at the entrance to the first universe, and decided to sense it for a while to see if there was any response.

Chapter 1484 The Great Demon Alliance

In the dark and lonely starry sky.

The entrance to the first universe.

Ye Feng was dressed in black, like a dark ghost in the universe, sitting in the starry sky.

Buzz!

Huge spiritual thoughts and soul power spread out from Ye Feng's body.

It showed an overwhelming force and headed toward the first universe in front of it.

This is already Ye Feng's seventh day in the starry sky at the entrance to the first universe.

In the past seven days, Ye Feng has been trying to use his spiritual thoughts and soul power to sense all the breaths of the entire first universe.

But what disappointed Ye Feng was that he couldn't get any response at all.

The entire First Universe, as Old Jin Long said back then, is really completely closed.

No matter how powerful the existence is, I am afraid that it will not be able to open the first universe again.

We can only wait for the transformation of the first universe itself.

"I don't know how my father's cosmic will to merge with the first universe is going. I hope he will not be in danger..."

Ye Feng stood up on a meteorite in the starry sky.

He turned to leave.

"Feng'er..."

But suddenly at this moment, a vague, ancient call suddenly came from the endless black hole and chaos of the first universe.

"It's my father's idea!"

Ye Feng was shocked.

Uh-huh!

He immediately turned around and looked towards Universe One.

"Buzz!"

At this moment, Ye Feng also quickly released his spiritual thoughts and soul power, trying to touch the vague thoughts.

"wait for me....."

At this time, in the endless black hole and chaos of the first universe, the vague voice of Emperor Ye Qing came out again.

"Father!"

Then Ye Feng tried to sense it again, but received it instead.

There are no more messages or sounds.

Ye Feng stood alone in the cold and dark starry sky, silent for half an hour.

Then Ye Feng turned around and flew into the distance, leaving the entrance area of the first universe.

"In any case, this time it is confirmed that my father has not died and is definitely still in the process of integrating the cosmic will of the first universe."

Ye Feng was not absolutely disappointed with the closure of the First Universe, but felt that it was right.

Because after the first universe is completely closed, as long as the supreme cosmic will of the second universe does not manifest, no one can open the closed state of the first universe.

Even though the first universe is just a new universe, the cosmic will of the first universe is a noble existence that overrides everything.

Ye Feng decided to wait a few years and come back to see the situation.

At this time, Ye Feng was driving the starship. The place he was going to was the destination of the second mission - Hanging Mountain.

Hanging Mountain is located at the edge of a corner of the northern star field.

Recently, people from several low-level star regions near Xuankong Mountain have asked for help from the Northern Territory Temple.

Because for some unknown reason, many ancient great demons appeared in the Hanging Mountain, and they established some kind of alliance of great demons. They crazily plundered all kinds of cultivation resources and wealth from the surrounding human star regions, and killed the human race without mercy.

The major human star regions formed large armies, but they were unable to defeat the great demon alliance in the Hanging Mountain. Countless people were miserable.

One of the tasks Ye Feng took over this time was to eradicate the Great Demon Alliance in Hanging Mountain.

Ye Feng was very interested in this kind of task.

Because by eradicating the place where such big monsters are spread, there will be countless rich blood and energy of the monsters to devour.

For Ye Feng, this is more than just being able to earn merit.

If you work a little harder, you can still plunder enough blood energy to make your cultivation continue to grow.

Ever since he broke through to the first level of Broken Realm in Qingyang Star Territory, Ye Feng has been thinking about the inner court trial.

The outer courtyard and the inner courtyard of the Northern Territory Seminary are two completely different levels.

The disciples in the outer courtyard are mostly just filling in the numbers and doing odd jobs.

Only when you enter the inner courtyard can you truly become the elite of the Northern Divine Academy.

If you can become a disciple of the inner courtyard, even Shangguan Haotian, the third young master of the Shangguan family, cannot deal with you casually. The upper echelons of the temple will never allow involution among the disciples of the inner courtyard.

And after entering the inner courtyard, the training resources you get will be more abundant.

Ye Feng thought more about it. If he became a disciple of the inner court, he would be qualified to go to the central star field to communicate with other big forces in martial arts.

Maybe we can secretly contact the Gu Clan Kingdom far away in the central star field.

In any case, Ye Feng doesn't have a good impression of Gu's Kingdom. .??.

For the sake of profit, Gu's Kingdom not only ruined his family, but also imprisoned his father and mother for three thousand years.

If Uncle Nan hadn't spent a huge amount of money to reshape his body and revive him after more than three thousand years, everything might have been a pity.

Therefore, Ye Feng must use all his strength to make up for the regrets that have lasted for more than three thousand years!

And the premise of all this is that Ye Feng has the power to be proud of the entire universe!

"Buzz!"

On this day, Ye Feng finally arrived at Xuankong Mountain.

Hanging Mountain is a huge ancient mountain comparable to a floating continent, suspended in the dark starry sky in the distance.

There are tiny stars surrounding the huge and towering Hanging Mountain.

Ye Feng saw it immediately. Every ring

Above the surrounding stars, there are figures with strong demonic aura standing, guarding the entire Hanging Mountain.

Buzz!

Ye Feng's soul power was emitted at this moment, and he could sense it immediately.

In the entire Hanging Mountain, most of the demon clan's cultivation auras are in the Pure Yang realm.

In addition, there are seven demon clans from the third heaven of the Broken Realm, six demon clans from the seventh heaven of the Broken Realm, and three from the ninth heaven of the Broken Realm.

There is also the last mysterious aura, which seems to be half a step into the realm of heaven!

It has to be said that the overall demon clan strength of this big demon alliance in Xuankong Mountain is already very terrifying, and it can indeed sweep away one party.

But Ye Feng didn't have the slightest fear at this moment.

Now Ye Feng's cultivation level has broken through to the first level of the Broken Realm, and he summoned the future body of Dzogchen, which is the Dzogchen cultivation level of the tenth level of the Broken Realm.

Although maintaining the Dzogchen future body requires a huge amount of effort, one can only rely on the future body for a short period of time.

But Ye Feng knew that this was enough.

In the entire Xuankong Mountain, the only person who poses a threat to him is the great demon with half-step to the Heavenly Realm.

This threat can be dealt with in the future.

The others, in Ye Feng's eyes now, are not that powerful. As long as he uses his methods, he can kill them one by one!

Uh-huh!

After Ye Feng investigated it, he no longer hid himself.

He stepped directly into the Xuankong Mountain range in a majestic step and walked towards the depths of the Xuankong Mountain.

"It's the breath of human race!"

"There are people who dare to come to our Xuankong Mountain to die?"

"Hehehe, it just so happens that I haven't seen any meat these days. Eat this human to make up for it!"

At this moment, several demon masters from the Great Demon Alliance stationed on the outermost stars of Hanging Mountain immediately discovered Ye Feng.

Chapter 1485 Quick decision

The moment Ye Feng appeared, the entire star garrison area outside Hanging Mountain began to boil.

The demon clans of the Great Demon Alliance who stood on the stars and guarded Hanging Mountain all released their majestic demon energy. They held weapons in their hands and charged towards Ye Feng with cruel eyes.

"How dare a group of demon soldiers who are only a few levels above the Pure Yang Realm dare to attack me? It's simply presumptuous."

Ye Feng smiled coldly, and even the soldiers didn't bother to take it out, and directly blasted forward with both hands.

"boom!" .??.

"boom!" .??.

"boom!" .??.

Powerful breath pressure instantly burst out from the palms of Ye Feng's hands, blasting all the dozen or so demon guardians rushing in front. Their bodies exploded and turned into blood mist.

Buzz!

At this time, Ye Feng also released the swallowing vortex.

Naturally, the blood energy generated by this group of Hanging Mountain Monster Clan cannot be wasted in this killing feast.

However, the blood energy of the demon soldiers in the Pure Yang realm is extremely low for Ye Feng now.

But now Ye Feng still swallows it, because it is better than not swallowing it at all.

At the very least, you can improve your own skills a little bit.

Ye Feng is too poor now, so naturally he will not miss any opportunity to improve his skills.

With one move, he eliminated more than a dozen monster guardians. Ye Feng walked towards the central area of Xuankong Mountain, stepping on the piles of corpses.

"Enemy attack! Enemy attack!"

"Hurry up and activate the mountain defense formation! Keep this strong human race out!"

Ye Feng's killing just now made the mountain-guarding demon clan inside Xuankong Mountain look extremely horrified.

They immediately understood that this was an extremely powerful enemy.

"Buzz!"

At this time, a group of monsters activated the mountain guarding formation of Xuankong Mountain.

In an instant, a crimson light mask suddenly appeared outside the entire Hanging Mountain, like a transparent egg shell, protecting the entire Hanging Mountain.

"You can't stop me. I came today just to

Eradicate your Xuankong Mountain, this ferocious monster clan that has done many evil things. "

At this time, Ye Feng made a sound, and suddenly struck the huge red light shield with a palm.

"Boom!!"

Suddenly, billions of billions of terrifying power erupted, and the crimson light shield shattered into pieces with a "click-click" sound.

Ye Feng's current physical strength is really too tyrannical.

A single palm blast can unleash earth-shattering pressure.

"What? The mountain guarding formation was shattered in an instant?"

At this time, many demon clans in Xuankong Mountain had their eyes widened.

They have never seen such a ferocious human being.

In the past, they were the ones who burned, killed, looted and committed evil in the surrounding star fields.

But now it was their turn to be attacked, trampled on, and killed.

This group of Hanging Mountain Monster Clan all looked frightened.

"Qiang!"

At this time, a sword appeared in Ye Feng's hand.

It is the Zulong Emperor Sword.

Although the grade is not high, Ye Feng can only make do with it now.

He planned to return to the Northern Territory Seminary this time to see if he could spend his merit points to buy a high-end war sword from the Sword Hidden Pavilion of the Seminary.

Because the more advanced a sword is, the more powerful and destructive it can be.

"Sword Qi Fire Storm!"

Looking at the tens of thousands of monsters in the Hanging Mountain, Ye Feng's eyes were cold and he killed them with a sword.

"Boom!"

Suddenly the sky was enveloped in endless flames.

Waves of destructive sword energy and fierce flames enveloped the entire Hanging Mountain.

"ah!"

"ah!"

One by one, the strong men of the demon race had their entire bodies destroyed instantly by the terrifying sword energy and storm, and screams came one after another.

At this moment, the entire Hanging Mountain was enveloped in an endless sea of flames.

"This is definitely a peerless genius among the human race!"

At this time, countless monsters were struggling to withstand the flames of the sword fire storm, while making sounds in fear.

"Who dares to act so recklessly on my Xuankong Mountain!"

Suddenly at this moment, an ancient voice full of endless majesty sounded.

Uh-huh!

A tall and towering middle-aged man in red robe appeared from inside Hanging Mountain.

There were actually two huge horns on his head. He was obviously an ancient and powerful monster from the demon clan!

The aura of cultivation emanating from this red-robed monster clan was clearly the existence of the Half-Step Heavenly Realm that Ye Feng sensed before.

"Human boy! Die for me!"

The red-robed demon clan roared loudly, stretched out one hand, and immediately turned into a huge hoof similar to a rhino's hoof. It turned into the size of a mountain in the high air, and was suppressed suddenly.

"Boom!!"

Ye Feng also punched out, using Jin Yang Yao Jiutian, coupled with the super tyrannical brute force of the Chaos Body, he collided with the huge rhinoceros hoof, making an earth-shattering roar.

"boom!"

Ye Feng immediately took a dozen steps back, and then stood firmly on his feet.

"What? He's not dead?"

The red-robed demon clan's eyes were filled with deep horror for a moment.

He is the Lord of Hanging Mountain and the leader of many great demons.

Possessing a super-powerful cultivation level that is half a step into the heavenly realm, he woke up from his slumber and originally wanted to dominate the world.

But the result was unexpected. In just a few days, such a powerful young man from the human race came to his door.

The red-robed monster clan is cold

Said: "Human boy, I can let you leave now, but from now on you are not allowed to disturb my Xuankong Mountain again."

Ye Feng smiled and said, "Why should I leave?"

The red-robed monster said coldly, "Because you are no match for me. Although you are powerful in combat, your cultivation level is too low after all. You are only at the first level of Broken Realm. Now I am giving you this opportunity to escape. If you don't cherish it, then even if I spend some of my original demon blood, I will completely kill you, this impudent human boy!"

Ye Feng's eyes were calm at this moment and he said slowly: "Do you really think I don't have other helpers?"

Buzz!

Almost as soon as Ye Feng finished speaking, a crystal mirror appeared behind him.

"Wow!"

A vast and vast river of time rushed out of the crystal mirror in an instant, flowing in the boundless starry sky.

At the end of the long river of time, the future body of Dzogchen is standing, with the terrifying cultivation momentum of the tenth level of the Broken Realm surging in it.

"This is.....?"

The red-robed demon clan, the master of Xuankong Mountain, was immediately shocked and wanted to say something.

"Boom!"

But the slap from the future body of Dzogchen has already hit him.

"ah!!"

The red-robed monsters who were half-stepping into the realm of celestial beings were immediately blown away, directly smashing into pieces the entire Hanging Mountain. The mountain collapsed and countless rubbles rolled down.

"How is it possible? How come you, a human boy, have such incredible means?"

The red-robed demon clan did not die, but crawled out of the ruins. His body was very wasteful, and he exclaimed in disbelief.

"Still a little hard."

Ye Feng was communicating with his future body at this time, and the two figures were killing the red-robed monster together.

As long as the Lord of Hanging Mountain is solved, there will be no threat to other demon clans.

The future body's existence time is limited, Ye Feng needs to make a quick decision!

Chapter 1486: Just a local chicken and a dog

Because Ye Feng and his future body are the same person, but in different time dimensions.

Therefore, the two of them joined forces, had the same mind, and their fighting ability was very efficient.

"boom!"

Although the future body of Dzogchen cannot release various magical powers, his cultivation power of Dzogchen, the tenth level of the Broken Realm, is already very terrifying.

"Boom!!"

Every palm of the future body was like a mighty mountain, filled with infinite brute force. It pushed the commander of the Great Demon Alliance, the red-robed demon clan, back continuously, making it impossible to resist.

Even if the commander of the Great Demon Alliance is only half-step into the realm of heavenly beings, he still cannot withstand the vast and infinite magic power of his future body at this moment.

"Sword Qi Fire Storm!"

Ye Feng himself was also assisting in the attack, and every sword was full of terrifying destructive power.

The power of the Dragon Spirit Holy Fire exploded with brilliant destructive power under Ye Feng's self-created Sword Qi Fire Storm.

At this time, the commander of the Great Demon Alliance's eyes were full of horror, because there were more and more wounds on his body, and he was bleeding profusely.

If this continues, maybe he will really fall on his own hanging mountain.

"All demon generals! Stop seclusion! Come out and help me! Otherwise, I will die!"

Suddenly at this moment, the commander of the Great Demon Alliance suddenly shouted towards the interior of Xuankong Mountain.

"What? The commander is in trouble?"

"How is that possible! Who in this star field has the ability to force the commander to call us?"

"Hurry up and get out of seclusion and help the commander-in-chief fight against the enemy!"

Almost at this moment, many powerful thoughts spoke out in the depths of Xuankong Mountain.

boom!

boom!

boom!

And at the next moment, more than a dozen figures with soaring demonic energy rushed out from inside the Hanging Mountain.

These dozen figures are all ancient demon powerhouses at the Broken Realm level.

They are seven demon clans from the third heaven of the Broken Realm, six demon clans from the seventh heaven of the Broken Realm, and three from the ninth heaven of the Broken Realm.

It was the aura of those great demons that Ye Feng had sensed before he came to Hanging Mountain.

Therefore, Ye Feng was not surprised at all at this moment, and had no fluctuation in his heart. He just said indifferently: "I will kill as many as you come today!"

"presumptuous!"

"We have so many powerful people united now. No matter how terrifying your fighting power is, there is absolutely no way you can defeat us."

"That's right! If you dare to come here today, you are throwing yourself into a trap, and you will definitely die without a burial place!"

At this time, a group of generals from the Great Demon Alliance roared loudly, their expressions full of confidence.

After all, their lineup is too numerous, too huge, and suffocating.

"They're just a bunch of chickens and dogs."

Ye Feng sneered.

"presumptuous!"

A group of generals from the Great Demon Alliance, as well as the half-step Celestial Realm commander, all became furious.

The human boy in front of him is really too arrogant.

Many great demons released their own devastating attacks.

"Wind and residual clouds!"

A great wind-attributed demon took action, and in an instant, a fierce blue wind blew in the starry sky, full of violent and destructive power.

"Shuangtianxuewu!"

Another ice attribute demon opened his mouth and roared, and from his ferocious mouth, pieces of ice energy that seemed to be able to freeze everything rushed out.

"Five thunder strikes!"

"Death from hell!"

"The Heavenly Demon Slaying God Technique!"

"Sea of Purgatory Fire!"

...

At this time, all the big monsters released their most powerful attacks.

They believed that in this wave of terror and destruction, no matter how powerful the boy in front was, his vitality would definitely be destroyed in an instant and he would become a dead man.

"This boy is so powerful in battle. After his death, he will definitely have countless treasures and precious inheritances. We will share them equally." At this time, there was even a big demon discussing what happened after Ye Feng's death.

pity

, these big monsters simply don't understand that the young human race they met today is a peerless monster.

"Future body, give me strength!"

Ye Feng suddenly roared.

"Buzz!"

The future body suddenly walked into Ye Feng's body.

boom!

In an instant, Ye Feng had the tenth level of Dzogchen Shattered Realm in his future body.

However, this combination can only last for a moment.

Ye Feng can only perform one move, and the power of his future body will be exhausted in an instant.

This move is extremely important.

It's a sure blow.

Therefore, Ye Feng did not hesitate at all and directly released the light of destruction.

This is a terrifying inheritance from the Demon Clan. It is a great-level inheritance. It is also a rare secret technique inherited from demon bones. It is very powerful.

"The Great Light of Destruction!"

Boom!

Boom!

Almost at this moment, the infinite light of darkness and destruction burst out from Ye Feng's hand, like a black ocean with turbulent waves, covering the entire Hanging Mountain.

You know, the current Ye Feng and his future body have become one.

His cultivation level is that of the Great Perfection of the Tenth Level of the Broken Realm!

The light of destruction released is naturally full of infinite destructive power.

"Click, click,..."

Under the light of great destruction, everything was destroyed and destroyed.

"This light of great destruction, and the great destruction technique in the three thousand avenues of the heavens, do have some essence, but it is only the beginning." At this time, Xiaoyao's eyes moved slightly in the picture space.

"ah!"

"ah!"

At this time, all the powerful demon clan men shrouded in the light of destruction screamed in agony.

At this time, the light of destruction released by Ye Feng with the tenth level of the Broken Realm's Dzogchen cultivation, actually

Now it has terrifying and boundless destructive power.

Even these ancient great demons, all of whom possess powerful cultivation and sturdy demon bodies, are unable to withstand the light of darkness and destruction at this moment.

All were destroyed, their bodies were broken, stained with shocking blood, they fell from the sky and fell hard to the ground.

Even the most powerful commander of the half-step celestial realm, the Great Demon Alliance, was unable to withstand the devastating light of destruction at this time. His entire burly body was suddenly covered in blood from being destroyed, and even his body was covered with blood. The inner elixir of the great demon is about to shatter.

"Sir, please don't kill me! I am willing to be your loyal dog behind your back! Be your eagle dog and serve you my whole life!"

At this time, the commander of the Great Demon Alliance, who was half-stepping into the realm of celestial beings, suddenly began to beg for mercy. He knelt on the ground and kowtowed vigorously.

Uh-huh!

Ye Feng stepped forward and swung the sword in his hand down instantly.

"Pfft!"

The head of the commander of the Great Demon Alliance instantly fell to the ground and rolled away.

"I don't need a weak dog like you. It's better to be the nourishment for my cultivation to grow."

Ye Feng smiled indifferently, and then sat down cross-legged on the ground in the middle of the entire Hanging Mountain. A dark and endless swallowing field appeared around him, and began to swallow the huge blood energy of the entire Hanging Mountain.

"This wave should be able to greatly improve my cultivation."

Ye Feng was refining and murmuring at the same time.

He plans to start participating in the inner court trial after returning to the Northern Territory Seminary this time.

Now I can improve my cultivation as much as possible, which is a good thing.

After all, Ye Feng knew very well that the last time Shangguan Haotian, the third young master of the Shangguan family, asked a few thugs to deal with him, it did not succeed, and he would definitely think of other ways to deal with him.

In the inner court trial, there may be strong men from the Shangguan family who will specifically target him.

But Ye Feng thought about this and was not afraid.

No matter who wants to kill him, he must pay the price with blood!

Chapter 1487 President Shen

At this moment, the skill cultivation in Ye Feng's body is rapidly growing.

"boom!"

Broken Realm Second Heaven!

"boom!"

The third level of Broken Realm! ??

"boom!"

The fourth level of Broken Realm!

Finally, the momentum of cultivation slowly stopped.

Ye Feng's cultivation finally broke through the third heaven in a frantic manner and rushed into the fourth heaven of Broken Realm!

At this moment, all the bodies of the great demons in the entire Hanging Mountain area have completely shriveled up, losing all their life essence and blood energy.

Uh-huh!

Ye Feng stood up suddenly and took out the task list that he had taken over before.

"The last mission is to protect a wealthy president of a large chamber of commerce and the richest man in the Sea of Stars from participating in a large auction in the Sea of Stars. A special treasure, and escorting the richest man in the Sea of Stars back to his Chamber of Commerce headquarters, even if the task is completed. This task is worth 30,000 merit points. The richest man in the Sea of Stars will also pay a thousand divine crystals personally, which is a big deal. "

Ye Feng looked at the last mission introduction on the mission list, then took out the starship and rushed towards the chaotic star sea.

In the starry sky of the universe, there is actually a huge sea of stars. It has to be said that this sea of stars is a very strange starry sky territory.

And Ye Feng's last mission was also very clear, which was to protect a treasure being auctioned by the richest man in the Sea of Stars, and to escort it home safely in the chaotic Sea of Stars. To put it simply, he was to be a bodyguard.

...

In the early morning of the third day, Ye Feng drove the starship and finally arrived at the Chaos Star Sea area.

At this time, Ye Feng looked into the distance and immediately saw a shocking scene.

I saw only a blue ocean floating in the endless starry sky, covering almost half of the universe. There were many starry islands floating on it, floating continents, and huge planets with half of their faces exposed, etc.

This scene looks extremely shocking.

shake.

"As expected of the universe, it is indeed full of wonders."

At this time, Ye Feng remembered the introduction about Chaotic Star Sea.

This chaotic star sea is boundless and vast, and it connects two major starry sky regions, namely the northern star region where Ye Feng is located, and the eastern star region on the other side.

It is said that the Eastern Star Territory is much more prosperous than the Northern Star Territory, and its area is several times that of the Northern Star Territory. It has three golden powers, namely the Immortal Martial Sword Sect, the Divine Dragon Academy and the Demonic God Sect.

It is said that if there were not the Human Holy Alliance in the universe secretly coordinating the balance of the major star regions, there would have been a golden force in the eastern star region long ago, crossing the sea of chaos and launching a war against the northern star region.

However, large-scale wars do not exist, but small-scale frictions do.

The Sea of Chaotic Stars is located between the Northern Star Territory and the Eastern Star Territory. It has naturally become a chaotic zone. The chaos here is extremely chaotic. There are disciples of all major forces everywhere, including bandits and bandits, starry sky thieves, and people from all three religions and nine streams. It is extremely chaotic. confusion.

That's why the richest man in the Sea of Chaotic Stars spent a lot of money to hire powerful Tianjiao disciples in the Northern Divine Academy as bodyguards to escort him to participate in an auction in the Sea of Chaotic Stars.

Ye Feng guessed that the treasure that the richest man in Luan Xinghai was bidding for this time must be very important, otherwise it would be impossible for the richest man to do it himself and hire disciples from the golden power to protect him.

Uh-huh!

Ye Feng thought for a while, then took back the starship and flew towards the starry sky alone.

Following the map guidance on the task list, Ye Feng soon arrived at a small island on the edge of the Sea of Stars.

This island is really small, probably only enough for a dozen people to stand.

When Ye Feng arrived, he immediately saw a skinny little old man standing there.

Could this be the richest man in Luan Xinghai?

one person

The president of a large chamber of commerce?

Ye Feng hesitated a little, stepped forward and asked, "Who is your Excellency?"

"You are a disciple of the Northern Territory Seminary, right?"

The skinny little old man immediately smiled politely, stretched out his hand and said: "Hello, I am the richest man in Luan Xinghai and the publisher of this mission."

Ye Feng shook hands with the skinny old man in front of him and said with a smile: "My name is Ye Feng."

The skinny little old man smiled and said: "Master Ye, just call me 'President Shen'."

Ye Feng nodded and said: "President Shen, since I have arrived, let's go directly to attend the auction. I will protect you throughout the process."

Chairman Shen suddenly smiled and shook his head, saying: "I'm afraid we can't set off directly now because we have several other people who need to wait."

Ye Feng's eyes were stunned and he said: "Is there anyone else?"

President Shen smiled and said: "Master Ye, please don't be angry. I have also hired a few people from several major golden forces in the Eastern Star Region, just to be on the safe side." ??

Ye Feng smiled hoarsely and said: "I'm not angry. President Shen is a rich man, so naturally he can hire a few more. It's safer this way."

Chairman Shen immediately nodded and said, "Don't worry, Mr. Ye, even if several people come together, all the rewards that should be given to Mr. Ye will definitely not be less than a penny."

Ye Feng said: "That's good."

After saying that, Ye Feng stopped making any sound, but stood beside President Shen, holding an ancient sword, closing his eyes and resting, waiting for the arrival of several others.

The agreed time was today, so the other people were very fast.

In less than three hours, two more people flew over from the other end of the Chaotic Star Sea from the direction of the Eastern Star Territory. One man and one woman landed on this small island.

The two men were wearing the same clothes and were obviously from the same sect.

President Shen, the richest man in Chaos Xinghai, immediately introduced the two parties with a smile:

"this

The two are disciples from the 'Dragon Academy' in the Eastern Star Territory. They are brothers and sisters, named Ye Sen and An Miaoyi respectively. "

"This little friend in black comes from the Northern Territory Seminary in the Northern Star Territory, and his name is Ye Feng."

At this time, under President Shen's introduction, both sides were observing each other.

At this time, Ye Sen sensed the cultivation aura on Ye Feng's body, which was only from the fourth level of the Broken Realm. He seemed to smile disdainfully and said: "President Shen, you are a person hired from the Northern Territory Seminary, and your cultivation level is not very high. Ah, my junior sister and I are both at the tenth level of the Broken Realm, so if this kid who is only at the fourth level of the Broken Realm is with us, he will obviously be a drag."

Ye Feng glanced at Ye Sen lightly and said, "Although my cultivation level is not as high as yours, my true combat power may not be as strong as mine."

"What did you say?"

Ye Sen's eyes immediately became angry, and a huge aura suddenly surged out of his body.

"Senior brother, calm down."

Suddenly the junior sister named An Miaoyi beside him spoke up and said: "Senior brother, we are here to carry out a protection mission this time. Don't be so competitive and bring trouble to President Shen. You forgot to leave before leaving. Did you follow the teachings of your former master? Don't underestimate the people of the world."

When Ye Sen heard what junior sister An Miaoyi said, he couldn't help but snorted and said nothing more.

Ye Feng didn't bother to pay attention to such arrogant people. He stood next to President Shen holding the ancient sword and didn't bother to say a word.

President Shen immediately smoothed things over and said with a smile: "Everyone's first priority is to protect me, but don't fight among yourself, so as not to hurt the harmony. This time, as long as you protect me, let me bring that piece back safely. For the treasures being auctioned, I will double the reward for all three of you."

When Ye Sen heard this, his eyes suddenly lit up and he said: "It's easy to talk, don't worry, President Shen, as long as I tell you the name of our Shenlong Academy, this young man in the chaotic sea of stars will not dare to act rashly, or even be respectful to us."

Ye Feng glanced at this Ye Sen. He was indeed an arrogant person, but he didn't say much. This time, Ye Feng just wanted to complete the protection task as soon as possible and then return to the Northern Divine Academy.

Chapter 1488 Chaos Star Auction

Buzz!

At this time, a huge white jade magic weapon spirit boat was flying over the endless ocean of the Chaotic Star Sea, flying towards the center of the Chaotic Star Sea.

There were four people standing on top of the spirit boat, namely President Shen, Ye Feng, and two disciples from Shenlong Academy, brother and sister Ye Sen and An Miaoyi.

At this time, Chairman Shen said: "The auction I am going to attend on this trip is in the center of this chaotic star sea. There is a huge planet there, and a large auction house stands on the surface of the planet."

Ye Sen asked with a trace of curiosity in his eyes: "President Shen, I wonder what kind of treasure you are going to bid for this time? You are so solemn."

Obviously, Ye Sen and Chairman Shen seemed to have worked together before, and they spoke very familiarly.

Chairman Shen smiled slightly, and did not care about his news being leaked, and said: "The treasure I participated in the auction this time is not a weapon, but an innate spirit. I bought it to train my subordinates. A young heir of my family, I hope to cultivate a super master for my chamber of commerce."

"Innate spirit?"

Ye Sen and An Miaoyi both looked at each other, then nodded and said: "No wonder you attach so much importance this time and spend a lot of money to hire us to protect you. It turns out that it is to improve a person's innate spiritual root. Don't worry, with me and my junior sister here, you will not be in any danger."

President Shen immediately smiled and said, "Thank you both very much."

At this time, the three people were talking, seemingly ignoring Ye Feng, who had been standing quietly next to him.

In fact, President Shen does rely more on the two disciples from Shenlong Academy.

Because Shenlong Academy is the golden power in the Eastern Star Region, the Eastern Star Region is much more prosperous than the Northern Star Region.

Moreover, brothers and sisters Ye Sen and An Miaoyi both possess powerful cultivations at the tenth level of the Broken Realm, so they are naturally more trustworthy.

Ye Feng didn't care about this either.

Anyway, as long as you reward yourself in the end.

He stood beside him, holding the sword, closing his eyes and concentrating.

The speed of the spirit boat was very fast, and it traveled through most of the chaotic star sea in the blink of an eye.

Although there were indeed some blind thieves and bandits along the way, they were all eliminated by Ye Sen with one move.

Every time Ye Sen made a move, he looked at Ye Feng provocatively, as if to promote his own strength.

However, Ye Feng kept his eyes slightly closed the whole time, resting his mind and was too lazy to pay attention to him.

This made Ye Sen very angry and felt that he was doing useless work.

However, thinking of his master's teachings, not to cause trouble outside, Ye Sen could only resist not taking action against Ye Feng, but secretly cursed Ye Feng in his heart as a coward who was just here to make up for the numbers.

On this day, directly in front of the spirit boat, in the endless ocean, a huge planet appeared.

The majestic and vast planet is full of majesty, just floating on the ocean.

Half of the planet is submerged in the ocean, and the other half is exposed above the ocean, looking full of vastness and grandeur.

At this time, Ye Feng looked at President Shen beside him and said, "Who controls this planet?"

Chairman Shen said with a smile: "It is controlled by the largest force in the Chaotic Star Sea, the owner of this auction, the Chaotic Star Auction."

Ye Feng couldn't help but nodded when he heard this, and continued to ask: "How is the overall strength of this Luanxing Auction?"

Although President Shen thought Ye Feng's question was strange, he still answered aloud: "Luan Xing Pai"

The strength of the auction house is very strong, otherwise it would be impossible to control half of the planet area in the middle of the entire Chaotic Star Sea. Among the Chaotic Star Auction House, the most powerful one is the president of the Chaotic Star Auction House. He has the cultivation of the Heavenly Realm. Because, they are very powerful, and the four King Kongs under the leadership of the president of Luanxing Auction House all have half-step of the cultivation level of the Heavenly Realm. "

Ye Feng nodded slightly and said: "The cultivation of the Heavenly Realm is indeed very powerful. Even in our Northern Divine Academy, he is considered a master."

At this time, Ye Sen beside him suddenly spoke up: "Ye Feng, why are you asking these questions? Are you worried that people from the Luanxing Auction will attack President Shen? Let me tell you, your worries are ridiculous. How could Star Auction do such a thing? Our Shenlong Academy has cooperated with Luan Xing Auction, and Luan Xing Auction cannot be so trustless."

At this time, Ye Sen was a little scornful of Ye Feng's words. ??

Because he felt that Ye Feng was just worrying blindly.

Even An Miaoyi smiled slightly at this time and said: "Master Ye Feng, you don't have to worry so much. The Luan Xing Auction is very popular in the entire Luan Xing Sea. Everyone knows about this auction. He is very trustworthy and would never do anything detrimental to the bidder."

President Shen also smiled and said: "Master Ye, the president of Luanxing Auction and I are old friends. He will not do such a thing."

Ye Feng shrugged and said, "I'm just asking, I don't mean anything else."

While a few people were discussing, the huge spirit boat had already flown to half of the planet, and then landed outside a huge auction venue.

At this time, President Shen came out of the spirit boat and was immediately greeted by a group of hundreds of guards wearing silver armor.

"Meet the president!"

"We're already

I arrived early and had carefully inspected the auction venue. There were no thieves hiding in the auction venue. "

There are hundreds of silver-armored guards, all of whom are masters of the tenth level of the Pure Yang Realm.

They were sent by President Shen in advance to investigate the situation.

Ye Sen was very disdainful and said: "President Shen, you are really wasting your time. With a top talent like me, no one can hurt you. Moreover, my junior sister and I join forces, even if you are a strong person in the Heavenly Realm, , can't defeat us."

President Shen laughed loudly and said: "I have a lot of money and I have endless money, so I care about my life very much, which makes Master Ye Sen laugh."

At this time, several people were followed by hundreds of silver armored guards, and they walked towards the auction hall in an instant, attracting the attention of many people along the way.

The next step is to start the auction.

The entire auction process went very smoothly.

Half an hour later, President Shen spent a lot of money to auction off the treasure he needed, the Innate Spirit.

The innate spirit was sealed in a small metal box.

After President Shen got this innate spirit, he immediately left the auction, not wanting to stay any longer, he was very decisive.

Three young masters, Ye Feng, Ye Sen and An Miaoyi, escorted them. Hundreds of silver armored guards were surrounding them on guard. President Shen stood alone in the middle, boarded the spirit boat, and headed towards the edge of Chaotic Star Overseas. Go.

As long as you reach the headquarters area of the Chamber of Commerce where President Shen is located, you will be completely safe.

Not long after the spirit boat sailed, Ye Sen, who was standing at the front of the spirit boat, suddenly grinned, looked at the calm sea ahead, and said disdainfully: "Sure enough, there are bandits who are not afraid of death lurking around, I feel it. Murderous, but very weak, I am enough."

Chapter 1489 Gussed correctly

"boom!"

"boom!"

The moment Ye Sen finished speaking, the sea in front suddenly exploded, and two figures wrapped in black appeared.

The cultivation auras on their bodies were clearly from the ninth level of the Broken Realm!

These are two very powerful besiegers.

But at this moment, Ye Sen suddenly stopped An Miaoyi who was about to take action, and said: "Junior sister, you don't need to take action, it's just two little thieves from the ninth level of the Broken Realm, I am enough!"

Ye Sen was very confident, with the huge aura of the tenth level of the Broken Realm surging all over his body. Thirteen war swords emitting golden thunder and lightning rushed out of his body, surrounding him.

This makes him look like a golden thunder sword god, exuding a terrifying killing aura that makes people's hearts palpitate.

"Everyone will die by my sword."

Ye Sen raised his head slightly at this time and jumped out of the spirit boat.

He instantly rushed towards the ocean and killed the two men in black.

"boom!"

"boom!"

Thirteen war swords emitting golden thunder, filled with terrifying power, blew away the two men in black in an instant.

"Hahaha! What a bunch of trash! How dare you come to assassinate me with such a weak cultivation base? What a joke!"

Ye Sen laughed out loud, with unconcealable arrogance and disdain in his tone.

"boom!"

"boom!"

"..."

But suddenly at this moment, the calm ocean surface under Ye Sen's feet suddenly exploded.

There were actually more than a dozen men in black from the ninth level of the Broken Realm, who rushed out of the ocean in an instant.

And all of them were holding an iron wire in their hands.

These wires are connected together to form a large net.

This large network was surging with a blue-purple thunder and lightning light, exuding a heart-stopping aura of destruction.

"Senior Brother Ye Sen! Be careful!"

Junior sister An Miaoyi, who was standing on the spirit boat not far away, couldn't help but exclaimed.

"boom!"

But it was already too late. A dozen men in black instantly grasped the big net and immediately wrapped it around Ye Sen.

"ah!!"

Immediately, endless lightning surged out from the power grid, electrocuting Ye Sen from head to toe in an instant.

At this moment, Ye Sen let out an earth-shattering howl.

"Brother!"

An Miaoyi's eyes suddenly turned pale with fright, and a golden holy sword immediately appeared in Qian Qianyu's hand, and she rushed towards her senior brother, hoping to rescue him.

But it's too late.

In the moment just now, Ye Sen was completely electrocuted and turned into a charred corpse. He fell into the sea and was hit by the violent current.

Ye Sen didn't even use his own killing moves or trump cards.

He was immediately attacked and killed by a dozen men in black.

All I can say is that this Ye Sen is too arrogant.

"Die so quickly?"

Ye Feng's eyes couldn't help but change slightly at this time.

He was originally planning to rescue with An Miaoyi. After all, Ye Sen was considered a partner on his side.

But he never expected that Ye Sen would die so quickly.

"Xiao Yao, go and steal Ye Sen's body."

At this time Ye Feng spoke up.

"Okay, little leaf."

Xiaoyao's voice sounded immediately.

Uh-huh!

At this moment, a picture secretly rushed out of Ye Feng's body, exuding pink light, and sneaked into

In the sea, we went to look for Ye Sen's body.

"Brother!!"

The most sad and angry person at this time was An Miaoyi.

She watched helplessly as her beloved senior brother died in front of her eyes.

This made An Miaoyi a little hard to accept for a while.

"Kill! Kill! Kill!"

An Miaoyi seemed to be going crazy. Although she was a woman, she was holding the holy sword in her hand, like a female sword goddess, full of terrifying power.

Even the dozen men in black who were in the ninth level of the Broken Realm couldn't help but avoid the sharp edge at this moment.

But An Miaoyi's power was limited after all, and it was quickly exhausted under her wanton squandering.

"boom!"

A dozen men in black seized the opportunity and used a huge war spear, which directly pierced An Miaoyi's chest and nailed An Miaoyi's graceful body to a piece of the ocean. On a small island.

"Hahaha! The two biggest threats have been eliminated. President Shen, you are now a piece of meat on the chopping board."

Suddenly at this moment, a burst of laughter suddenly sounded.

A young man wearing a sea-blue robe, with a huge sea turtle under his feet, emerged from the depths of the ocean not far away.

The young man's face was full of joking at this time.

The aura of cultivation on his body was astonishingly that of a half-step heaven-human realm.

"It's you! Yuan Wudao!"

President Shen, who was standing on the spirit boat, suddenly turned extremely ugly.

Ye Feng couldn't help but asked in surprise: "President Shen, who is this Yuan Wudao?"

President Shen's tone was extremely solemn, with a hint of anger, and said: "This Yuan Wudao is the first general under the leadership of the president of the Luanxing Auction Association. He has a cultivation level of half a step to the heavenly realm. It is said that his The blood of the ancient ocean holy beast still flows in his body, and his strength is terrifying to the extreme. I am afraid that only Ye Sen and An Miaoyi can defeat it together.

Its defeat, but..."

At this time, Ye Sen has become a corpse.

An Miaoyi was also injured by a dozen men in black and was nailed to a small rocky island in the distance. She was not far from death and was seriously injured and dying.

At this time, President Shen immediately sighed: "Young Master Ye Feng, you have guessed everything right. This Chaotic Star Auction is indeed a wild ambition. After receiving my huge auction wealth, you want to use the innate wealth I got." I am really angry to snatch the spirit back, but now there is no way to survive. Mr. Ye Feng, you don't have to die with me, an old man. You can just run away. If you run away regardless of me, maybe there will be A glimmer of life, alas."

In President Shen's eyes, Ye Feng's fourth-level cultivation in the Broken Realm is indeed not enough.

At this time, Yuan Wudao, who was not far away, was standing on the huge sea monster turtle, with cold eyes, looking down at the two people on the spirit boat, and said: "If you surrender obediently, maybe I can spare your lives. "

Ye Feng grinned at this moment and said: "Half-step Heavenly Realm? I killed one when I was at the first level of the Broken Realm. Now that I am at the fourth level of the Broken Realm, it should be easy to solve."

"What?!"

Almost as soon as Ye Feng finished speaking, the entire venue was in a state of excitement.

Chairman Shen's eyes were shocked.

The group of men in black on the opposite side, as well as the first battle general Yuan Wudao, all laughed at this moment.

"Boy, are you out of your mind? How dare you say such arrogant things."

"Master Warlord, I think this boy may have been too scared, which led to him being stupid and started talking nonsense."

"Hahaha, I didn't expect that disciples from the golden power would be scared into fools at the moment of death. It's really eye-opening. What nonsense top disciples are, I think they are all a bunch of trash!"

...

A group of men in black disdained and sneered.

Chapter 1490 The real master

And just when many people in black were laughing and laughing in disdain.

Ye Feng took a sudden step, and a martial arts aura as huge as the power of heaven, like a violent wind and tornado, burst out from his body.

"boom!!"

That terrifying martial arts momentum suddenly blew up waves tens of thousands of feet high on the surface of the ocean in front of them.

"What?"

"So fierce?"

A group of people in black immediately changed color.

The sarcastic smile on his face suddenly stiffened.

They just felt themselves as humble and small as ants in front of the huge waves.

This made a group of black-clothed masters from the Luanxing Auction immediately look solemn.

"What are you afraid of?"

Suddenly, Yuan Wudao, who was standing on the giant turtle, spoke out.

The number one general in the Chaos Star Auction, his eyes were extremely cold at this moment, and he said: "No matter how powerful this kid's martial arts momentum is, he is only a warrior of the fourth level of the Broken Realm after all. The gap in cultivation is such that he will never be able to A gap to cross!"

After saying that, Yuan Wudao asked a group of men in black to take action directly to kill Ye Feng.

"Uh-huh!"

"Uh-huh!"

"..."

Immediately, a group of men in black took action and surrounded and killed Ye Feng.

You know, these men in black are all elites sent by Luan Xing Auction.

All of them are strong men from the ninth level of the Broken Realm. They are absolute masters among the masters in this area of the Chaos Star Sea.

So at this time, when a dozen men in black took action, the entire ocean was shaken, and the earth was turned upside down with murderous intent.

"kill!"

Ye Feng no longer wasted any time at this moment. He held the sword in his hand and rushed out with a fierce fighting spirit. He swung the sword directly to kill in front of him.

"boom!"

"boom!"

Ye Feng's sword burst out with the sharp edge of the sword and the brute force of his powerful body. With one sword strike, all the dozen men in black were sent flying.

"puff!"

"puff!"

Even nearly half of the men in black spurted out a mouthful of blood and suffered heavy injuries in an instant.

"What?"

This scene made President Shen and the other party's Yuan Wudao look shocked.

You know, even if Yuan Wudao is a half-step Heavenly Realm expert, he probably won't be able to kill more than a dozen Broken Realm ninth-layer experts with one sword, right?

"This kid is really awesome!"

Yuan Wudao was immediately shocked.

"So strong!"

President Shen, the little old man's wrinkled face, was suddenly filled with horror.

Only then did he realize that Ye Feng, who had always been unknown, was the real master.

And the former Shenlong Academy disciple Ye Sen, who was always chattering and arrogant, was really useless.

"Fortunately, Ye Feng was here this time, otherwise my old life would really be gone. I still have so much money, but I haven't fully enjoyed it yet. I can't die yet."

At this moment, Chairman Shen couldn't help but sigh with fear.

"Sword Qi Fire Storm!"

At this time, Ye Feng struck out with his sword again, and a majestic flame storm appeared.

"boom!"

The endless sea water in the entire surrounding ocean was evaporated all at once, revealing the dry seabed under the ocean.

This sight is very scary.

At this moment, a dozen men in black who were struggling to resist in front were instantly burnt to black.

Then it fell from a high altitude.

At this time, Na Yuan Wudao couldn't help but retreat continuously.

"It seems that I made a miscalculation today. I didn't expect that there would be such a powerful young prodigy next to President Shen!"

At this time, Yuan Wudao couldn't help but be horrified, and flew away into the distance instantly.

"Future body!"

Ye Feng roared, and instantly a majestic figure stepped out from his body.

"boom!"

The cultivation of the Great Perfection of the Tenth Level of the Broken Realm burst out, and a big hand that could cover the sky and the sun reached far away in an instant and directly bombarded Yuan Wudao's body.

"puff!"

Yuan Wudao couldn't help but spit out a mouthful of blood, but at this moment, blue scales grew on the surface of his body, which offset most of the power, which was very magical.

"Boy, I will never let you go!"

At this time, Yuan Wudao only had time to say a harsh word, and his figure quickly disappeared into the distance.

Ye Feng knew that he could no longer catch up. This Yuan Wudao seemed to have a very special bloodline, which actually caused his body to grow a kind of extremely strong scales that looked like a sea monster, which could withstand the inevitable damage of the future body. A killing blow.

But at this moment, Ye Feng looked at the charred corpses of more than a dozen black-clothed men from the ninth level of the Broken Realm floating on the ocean. He immediately waved his hand and put all of these powerful bodies into the storage ring.

"Uh-huh!"

At this time, in a certain direction in the depths of the ocean, a picture emitted pink light and flew over in an instant and entered Ye Feng's clothes.

It is the picture of the Queen of Yaochi.

Xiaoyao's voice also sounded at this time: "Xiao Zizi, I found Ye Sen's body, please check it."

After Ye Feng's mental exploration, he cleared the picture

The corpse of Ye Sen was secretly put into his storage ring.

This Ye Sen died of arrogance and arrogance, which can only be said to be a pity.

Ye Feng naturally wants to recycle waste.

Moreover, this Ye Sen came from Shenlong Academy, one of the three golden powers in the Eastern Star Territory. His wealth must be extraordinary, and he might also have a powerful inheritance from Shenlong Academy.

At this time, after Ye Feng had collected all the loot, he looked at President Shen beside him and said: "Let's go, I will escort you home."

President Shen nodded and immediately said: "Great, let's leave quickly!"

At this time, a faint cry for help suddenly came from not far away: "Don't forget me, help me..."

Ye Feng and President Shen looked towards the distance not far away in confusion.

They saw that on a small rocky island, An Miaoyi, a beautiful disciple of Shenlong Academy, was penetrated by a huge war spear and nailed to the island.

"Oh yes, and her."

Ye Feng almost forgot about An Miaoyi, the female disciple of Shenlong Academy who was not dead yet.

He walked over directly and pulled out the war spear with a pop.

"ah!"

An Miaoyi screamed and fainted from the pain.

President Shen walked over and couldn't help but smile bitterly: "Master Ye Feng, why don't you know how to show mercy to such a beautiful woman?"

Ye Feng picked up An Miaoyi's graceful figure and said, "President Shen, please stop talking nonsense. Let's go back to your chamber of commerce headquarters first."

Ye Feng was still a little wary of the president of the Luanxing Auction who was in the Celestial Realm, fearing that the Celestial Realm expert would suddenly arrive.

"Yes, yes, it's business to return to a safe area as soon as possible!"

President Shen nodded immediately, quickly drove the spirit boat, and quickly led Ye Feng in a certain direction.
