

## Ancient 1491

### Chapter 1491 I join

On the way, Ye Feng injected a stream of vital energy into An Miaoyi in his arms, helping An Miaoyi maintain her last vitality.

President Shen, who was driving the spirit boat at this time, said: "Don't worry, when we return to the headquarters of the Chamber of Commerce, I will immediately order someone to bring a life-returning elixir. This girl An Miaoyi will definitely survive." ”

Hearing this, Ye Feng nodded slightly and said, "I didn't expect that I would really guess this time. The people at the Luanxing Auction really want to snatch the innate spirit that you, President Shen, auctioned according to the rules."

President Shen's old eyes had a hint of coldness in them at this moment, and he said: "I'm afraid that their robbery of my treasure is just a pretense. Their real purpose is to make me, an old man, die."

Ye Feng's eyes flashed and he said: "President Shen is the richest man in Luan Xinghai, and he is also the president of the Great Chamber of Commerce Alliance, a chaotic place in Luanxing Sea. If you are secretly killed, the entire Great Chamber of Commerce Alliance will fall into turmoil. ”

President Shen nodded and said: "At that time, the Luanxing Auction was able to take advantage of the chaos to occupy various resources and wealth of our big chamber of commerce alliance. It was really a wolfish ambition and it was heartbreaking. It's my fault that the Luanxing Auction was still there. as a partner and friend.”

Ye Feng smiled slightly and said: "In a chaotic place like Chaos Xinghai where no one cares, there are no permanent friends, only permanent interests."

When President Shen heard this, he couldn't help but smile bitterly and said: "Master Ye Feng is young and what he said is indeed reasonable. In a place like Luan Xinghai, interests are indeed the priority. For the sake of interests, I treated you a second ago. People who greet you with a smile may kill you in the next second, so I hired you, the most talented people, from the golden power this time, because I know that you are all people of your word.”

Ye Feng smiled and said: "I am a person who keeps his word, but even among the golden powers, not everyone has a bottom line. There are many bad people who have no moral bottom line."

After finishing his words, Ye Feng walked to the front of the spirit boat and looked at the vast blue ocean, feeling relaxed and happy.

In any case, in this ambush, I really made a fortune, and got the bodies of more than a dozen peak Shattered Realm experts full of skills and energy.

There are also storage rings.

At this time, Ye Feng was about to return to the headquarters of the Chamber of Commerce where President Shen was located, and directly devoured all those masters.

"The sea is endless and makes people feel relaxed and happy."

Ye Feng murmured. After a big battle, he felt that he needed to rest.

Ye Feng took out the Jianyi tea leaves from the storage ring, brewed a pot of tea and drank it.

These Jianyi tea leaves were obtained by Ye Feng from an ancient Jianyi tea tree a long time ago. They are used to make tea and drink them to continuously improve his kendo skills.

When Ye Feng was in Longyuan Continent in the first universe, he wanted to bring some Sword Intent tea to Uncle Nan, but he forgot about it.

Since Ye Feng left Longyuan Continent that year, he has never seen Uncle Nan again.

"I don't know where Uncle Nan is now. Is he in the closed first universe, or has he arrived in the second universe, the big universe of all heavens..."

While Ye Feng drank tea, he looked at the endless blue ocean and fell into deep thought.

"Cough cough cough..."

Suddenly at this moment, there was a violent cough from behind.

It was An Miaoyi, a disciple of Shenlong Academy, who woke up.

She felt extremely weak all over. Not to mention her energy and magic power, she couldn't even use the strength to raise her hands.

"It's over. The meridians in my body are disordered, and many bones have been destroyed by the fighting spirit in the war spear. Am I considered useless?"

An Miaoyi couldn't help but exclaimed.

"Don't worry. Once we return to the Chamber of Commerce's headquarters, I will immediately send you a healing holy medicine, which will restore Miss An to all her cultivation and strength."

At this time, President Shen's voice sounded.

"Thank you very much."

This made An Miaoyi couldn't help but breathe a sigh of relief.

At this moment, An Miaoyi's beautiful eyes suddenly looked at Ye Feng, who was standing at the front of the spirit boat.

"Master Ye, I didn't expect you to be so powerful. We all thought you were... weak..."

An Miaoyi struggled to stand up, walked to Ye Feng's side in small steps, and sat down.

After all, there is not much to talk about with President Shen, an old man.

In An Miaoyi's eyes, a disciple of a powerful force like Ye Feng was in the same category as her.

Ye Feng looked at An Miaoyi beside him. The girl's beautiful white face was stained with traces of bright red blood. She looked both shocking and charming in a different way.

An Miaoyi spoke up at this time: "I want to avenge my senior brother. He died so tragically that even his body was washed away by the ocean. There is no body left."

Hearing this, Ye Feng looked calm and withdrew his gaze, saying: "My condolences, please don't think about revenge now. When you return to the Chamber of Commerce's headquarters, heal your injuries first. Even I may not be that good." Don't even think about the opponent of the president of Luanxing Auction."

An Miaoyi gritted her teeth and said stubbornly: "I will go to Shenlong Academy and ask the powerful elders in the academy to take action to destroy the heinous evil force of Luanxing Auction House!"

Ye Feng smiled and shook his head without saying anything more.

Anyway, my mission is almost completed.

All this has nothing to do with myself.

But at this time, President Shen, who was driving the spirit boat, suddenly spoke up: "Master Ye Feng, I have a plan. I wonder if you are interested?"

Ye Feng's eyes moved and he said, "Oh? What plans does President Shen have, and does it have to do with me?"

President Shen nodded, with a hint of fierceness in his eyes, and said: "Master Ye Feng, I hope to invite you."

, cooperated with our entire large chamber of commerce alliance to destroy the entire Luanxing Auction, and together we divided up all the wealth of the entire Luanxing Auction! "

When Ye Feng heard this, he immediately looked slightly shocked, as if he didn't expect that President Shen was so ferocious and wanted to directly destroy the Luanxing Auction.

An Miaoyi, who was sitting on the side, was also shocked and couldn't help but said: "I can invite the elders of our Shenlong Academy to take action because the Chaos Star Auction killed my senior brother."

"No."

President Shen shook his head and said: "If you invite the elders of Shenlong Academy to come, then even if the Star Auction is destroyed, we will not get any benefits. The last benefit will be obtained by an elder of your Shenlong Academy. Moreover, in a chaotic place like the Chaotic Star Sea, external forces are not allowed to interfere. It is unlikely that the strongest men from your Shenlong Academy will come because there are big forces in the dark to restrain each other. The Chaotic Star Sea is a zone where no one cares, and our internal forces are fighting. It won't attract the attention of the big shots in the dark."

When An Miaoyi heard what President Shen said, she immediately said: "Okay, but you agree to take me with you. I am not here to share the wealth of the Luanxing Auction. I just want to help my senior brother." revenge."

At this moment, President Shen and An Miaoyi's eyes were focused on the third person, Ye Feng.

Chairman Shen is for profit.

An Miaoyi wanted to take revenge.

At this time, Ye Feng was the only one left.

Ye Feng saw the two people's gazes and couldn't help but smile slightly and said: "I will join and be responsible for dealing with the top powerhouses of the Luanxing Auction, but the premise is that I will share half of the wealth treasury of the Luanxing Auction, because I am the only one People want to eliminate the biggest threat to the Chaotic Star Auction."

President Shen laughed and said, "Okay! It's been decided happily!"

Chapter 1492 Young Master of the Chamber of Commerce

The speed of the spirit boat was very fast, and the rest of the journey was very safe.

Chairman Shen took Ye Feng and An Miaoyi and soon returned to the headquarters of the Great Chamber of Commerce Alliance.

This place is already located on the edge of the Chaos Star Sea, and there is a huge island standing there.

In the center of the huge island, many tall buildings were built, including pavilions, palaces, and giant towers, all of which looked full of nobility. ??

At this time, President Shen led the two of them and drove straight in to the center of this prosperous island.

Here stands a towering tower that reaches into the clouds, with countless floors.

"Union Tower"

Three ancient characters are engraved on the plaque of this majestic tower. Every stroke and every stroke is like a dragon flying and a phoenix dancing, iron paintings and silver hooks, full of vigor and majesty.

President Shen smiled slightly and said: "Ye Feng, this is where I usually live. You and Miss An Miaoyi will live here for a while. After I discuss it with the senior leaders of other large chambers of commerce, we will Let's set off immediately and attack the entire Luanxing Auction."

Chairman Shen is very much looking forward to this plan.

Although Ye Feng wants to divide half of the wealth from Luanxing Auction.

But what President Shen really cares about is that after destroying the Luanxing Auction, their big chamber of commerce alliance will be able to get the Luanxing Auction's territory, and even take over the Luanxing Auction's business.

If you get the auction business in a place like Chaotic Star Sea, you can really make huge profits. It is simply a money-making machine.

So this is what President Shen really cares about. The treasure trove of wealth at the Luanxing Auction is secondary.

Ye Feng naturally knew what President Shen really cared about, so he asked for half of the wealth in the Luanxing Auction House.

Because he knew that President Shen, in order to win over himself as a top

Fighting power, I will never refuse.

At this time, President Shen left in a hurry and entered the giant tower, obviously going to discuss important matters.

At this time, a delicate-looking maid came out of the giant tower, looked at Ye Feng and An Miaoyi standing outside, and said respectfully: "Two adults, please follow me, I will be responsible for the arrangements this time. Accommodation for two adults."

At this time, An Miaoyi was still very weak. Ye Feng supported her and said, "First arrange a place for her."

An Miaoyi suddenly spoke up: "Arrange me and Mr. Ye Feng to live together. I am worried about the big chamber of commerce alliance. I am afraid that some young people will do harm to me while I am weak."

Ye Feng glanced at An Miaoyi in surprise, then nodded to the maid in front of him and said, "Let's arrange it this way."

Ye Feng knew that An Miaoyi didn't have other ideas, but was really afraid that others would be disadvantageous to her.

After all, she is very weak now, and she trusts herself even more, who is also a disciple from a big force.

"Okay, distinguished two adults, please follow me."

The delicate-looking maid nodded slightly and immediately led Ye Feng and An Miaoyi towards the giant tower.

But when they just arrived at the entrance of the giant tower, they happened to meet a group of young men wearing brocade clothes, and they happened to arrive at the entrance of the giant tower.

"Huh? What a beautiful and elegant woman!"

A group of young men in brocade clothes saw An Miaoyi standing next to Ye Feng, and their eyes suddenly lit up.

As a disciple of Shenlong Academy and a proud daughter of the tenth level of the Broken Realm, An Miaoyi is naturally very

Temperamental and very beautiful.

Especially now that An Miaoyi has been severely injured, her beautiful white face, with a trace of morbid tenderness, actually has a different kind of beauty.

So at this time, the eyes of the group of young men in brocade clothes were all fixed on An Miaoyi with a deep burning look.

"Um?"

An Miaoyi suddenly became aware of the blazing gazes of a group of people.

A hint of disgust instantly appeared in her beautiful eyes.

On a normal day, she would have taken action to teach these brocade buddies who made her feel sick.

But now, An Miaoyi was severely injured and could only lean her delicate body slightly behind Ye Feng, trying to avoid herself.

Ye Feng naturally became a thorn in the side of those young men in brocade clothes.

"Huh? Who is this boy? He actually let that beautiful lady be so intimate?"

"It's unscientific for a seemingly ordinary boy in black to be favored by such a great beauty. It should be us, the noble young men of the Chamber of Commerce, who should be favored by such a beauty."

"Hmph, when faced with this situation, it's very simple, just blast the boy in black away."

At this time, a group of young men in brocade clothes immediately sneered and their tone was full of disdain.

These brocade-clad young men are obviously the heirs of high-level officials of the Great Chamber of Commerce Alliance. They have high status and are used to being domineering in the entire Chamber of Commerce headquarters.

So at this time, they had no intention of giving up. Instead, a young man in red walked up to Ye Feng and said provocatively: "Brother, we brothers are very interested in this girl behind you. You know what you are interested in." A little, hurry up and get out of the way,

Otherwise, the consequences will not be something you can bear. You should know our identities. "

An Miaoyi hid behind Ye Feng at this time, without saying anything, just holding Ye Feng's clothes tightly with her small white hands.

Obviously, she was now in an extremely weak state and could only rely on Ye Feng.

"Will he ignore me? After all, there is no need for him to offend so many high-ranking heirs of the big chamber of commerce for me, a stranger."

At this time, An Miaoyi was thinking secretly, fearing that Ye Feng would suddenly walk away at this time.

But Ye Feng was staring at the young man in red who walked up to him. He suddenly grinned and said, "I'm sorry, I really don't know who you are."

Hearing this, the young man in red suddenly showed a cold look in his eyes and said: "Then I will tell you, what is my identity? I am..."

"No."

Ye Feng suddenly interrupted the young man in red, with a cold look in his eyes, and said: "To tell you the truth, in this big chamber of commerce alliance like yours, I don't need to know who you or anyone else is. , because no matter what your status is, you cannot be as high as me."

"Wow!"

Almost as soon as Ye Feng finished speaking, the entire field fell into an uproar.

"What an arrogant boy!"

Several young men behind the young man in red could not help but look shocked and angry.

The young man in red standing at the front was stunned for a moment, and then his face became extremely sarcastic. He stared at Ye Feng and said coldly: "I have never seen such an arrogant boy like you, who dares to do this in this place. You are so presumptuous in front of the young master, well, today I will personally take action and teach a young man like you who does not know the bounds of heaven and earth a lesson!"

Chapter 1493 Seven Days

The young man in red was obviously used to being domineering and domineering on weekdays. At this moment, he didn't make any sense and took action in an instant.

His cultivation level is not weak. As the heir of a high-ranking member of the Great Chamber of Commerce Alliance, he possesses a powerful cultivation level at the sixth level of the Broken Realm.

And this is why the young man in red dared to attack Ye Feng at this time.

In addition to his own incomparable dignity, there is also his own incomparable strength.

The young man in red was very confident in his own cultivation strength, so when he took action, his eyes were full of contempt.

It seemed that Ye Feng was going to be beaten down by him in the next moment.

"boom!"

But just when the young man in red came within one meter of Ye Feng.

Ye Feng's body suddenly burst out with a huge and boundless terrifying aura.

That kind of momentum was endless, like an ancient giant beast, suddenly resurrected in Ye Feng's body, full of unparalleled terrifying pressure.

"Bang!"

The young man in red didn't even touch Ye Feng. He was suddenly blown away by Ye Feng's huge martial arts aura, and he directly hit a pillar in the hall on the first floor of the giant tower. , spitting out a mouthful of blood, very embarrassed.

"What?!"

"One move, no, not even one move, and you're defeated?"

Seeing the fate of the young man in red, the eyes of several other young men from the Chamber of Commerce suddenly became extremely shocked.

At the same time, there was a hint of fear in their eyes.

Everyone unanimously looked at the young figure in black clothes not far away, and immediately understood that this was a peerless genius who should not be messed with.

At this time, a group of usually domineering young masters stood in front of Ye Feng. Their bodies were all trembling, and they did not dare to look at Ye Feng again, even once.

The one that was blown away far away

The young man in red was also frightened and fainted.

"What are you doing?"

Suddenly at this moment, President Shen led a group of seniors and walked down from the upper level of the giant tower.

"Old Shen!"

A group of young men seemed to have seen a savior and immediately ran over to complain to President Shen.

Many young masters looked at Ye Feng with a hint of sarcasm.

It seems to be saying: Our big backer, the richest man in Luan Xinghai is here, you are dead.

Because President Shen is the biggest backer in the eyes of these young men.

"Confused!"

But after listening to the complaints of these young men, President Shen became furious and cursed them all.

"You bunch of uneducated trash! Young Master Ye Feng and Miss An Miaoyi are distinguished disciples of the Northern Divine Academy and the Divine Dragon Academy. Can you afford to offend them?"

President Shen shouted angrily: "You bastards, hurry up and apologize! Let Mr. Ye Feng forgive you, otherwise I won't be able to save you. If Mr. Ye Feng is really angry, all your lives will be lost!"

"What?"

"Northern Territory Seminary? The golden power of the Northern Star Territory!"

"Shenlong Academy? The golden power in the Eastern Star Region!"

At this time, a group of young men could not help but change their expressions after hearing what President Shen said.

They stared in horror at Ye Feng and An Miaoyi not far away. They never thought that these two young men and a woman had such high and noble status.

At this time, they suddenly thought of what Ye Feng said in public before.

"I don't need to know your or anyone else's identity, because no matter what your identity is, it is impossible for you to be as high as mine."

Thinking of this at this time, a group of young men from the big chamber of commerce couldn't help but break out in cold sweat.

They feel very regretful now, why didn't they realize earlier that the young man in front of them might be really extraordinary.

At this time, President Shen had an angry look on his face, urging all the young men to apologize quickly.

If this group of useless second-generation ancestors really offends a peerless genius like Ye Feng, then this plan to attack the Luanxing Auction will be completely in vain.

"Sir, we were wrong!"

A group of young men lowered their expensive heads and bowed their hands to Ye Feng, feeling regretful in their hearts.

Ye Feng looked at this group of people and didn't bother to pay attention. He said, "For President Shen's sake, I will spare your lives today. If you dare to bother me again in the future, I will kill you all."

After the words fell, a group of young men couldn't help but tremble.

If Ye Feng had said this before, they would have scoffed and even burst into laughter.

But now that they knew Ye Feng's identity and strength, and when they heard what Ye Feng said, everyone immediately knew that it must be true. They couldn't help but tremble, obviously frightened.

"Thank you."

At this time, An Miaoyi, a great beauty, whispered her thanks behind Ye Feng.

In response, Ye Feng nodded slightly and didn't say much.

At this time, President Shen immediately stepped forward and walked in front of Ye Feng. His old face was full of apologies and said, "Brother Ye, I'm really sorry for making you laugh."

Ye Feng smiled and said: "It doesn't matter, some small

That's it, by the way, seeing how happy you are, President Shen, have you decided on the time to attack Luanxing Auction so quickly? "

President Shen nodded immediately, with a hint of excitement in his eyes, and said: "Yes, I have just discussed it with the senior leaders of the major chambers of commerce, and everyone agrees on this matter. This may change our society. Regarding the fate of the Chamber of Commerce Alliance, we have decided to launch a general attack on the Star Auction in seven days."

Ye Feng nodded and said, "Okay, seven days are almost here."

Chairman Shen looked puzzled and said, "Seven days is about the same time? What does Mr. Ye mean?"

Ye Feng smiled and said: "I need to continue to break through the cultivation level. After all, the president of the Chaos Star Auction, you said that he is a real super powerhouse at the Heavenly Realm level. Naturally, I have to be prepared."

"Yeah!"

When President Shen heard this, he immediately nodded and said: "Master Ye, this time it all depends on you. Our Chamber of Commerce Alliance will also dispatch six supreme elders who are half-step to the heavenly realm to help you fight against the enemy. After all, the Chaos Star Auction has a very deep foundation, and there may be more than one powerful person in the Heavenly Realm, so we need to be fully prepared."

"Maybe there is more than one powerful person in the Heavenly Realm? In other words, there may be two, or even three?"

Ye Feng's eyes moved slightly, and he felt quite stressed. After all, it might be very difficult for him to deal with a strong person in the Heavenly Realm now.

"It seems like we really need to make good use of these seven days."

Ye Feng suddenly looked at President Shen and said: "Your entire chamber of commerce alliance has been doing business in this chaotic sea of stars for many years, and you should have accumulated a lot of precious things. I want to go and buy some resources to improve your cultivation."

Chairman Shen immediately patted his chest and promised: "In these seven days, if Brother Ye needs any cultivation resources, just tell me, I will provide them all to you, and you don't need to pay, Brother Ye, they will all be counted as mine." On the head!"

Chapter 1494 Ten Thousand Years Ancient Sword

Seven days are very tight.

But although Ye Feng felt the pressure, there was also a faint excitement and motivation in his heart.

If this auction of destroying chaotic stars is successful, then he will get a lot of wealth.

And the most important thing is that he may be devoured by the power of several powerful people in the Celestial Realm.

When the time comes, your cultivation will definitely experience a surge.

Opportunities like this don't come around often, so Ye Feng cherishes this opportunity very much. He will never allow failure and must gain something.

Originally, Ye Feng could have chosen not to help President Shen at this time, and returned directly to the Northern Territory Seminary, without taking the risk of wiping out the local snakes in the Chaotic Star Sea area such as the Chaotic Star Auction House. After all, there was still a risk.

But Ye Feng thought that if he participated in the inner court trial, he might be assassinated by Shangguan Haotian, the third young master of the Shangguan family.

Therefore, Ye Feng cannot participate in the inner court trial with a very low level of cultivation.

The higher your cultivation level, the safer it is to participate in the inner court trial.

...

At this time, there was a huge island on the edge of the Chaos Star Sea.

In the center of the building, on the 18th floor of the giant tower, in a guest room.

An Miaoyi meditated on the side and regained her strength.

She had just swallowed a healing pill sent by President Shen and was already quickly repairing the hidden wounds in her body.

Not far away from An Miaoyi, a female disciple of Shenlong Academy, Ye Feng was lying on the bed, swallowing a dragon blood rejuvenation pill that replenished his skills, accumulating and strengthening his own strength.

On the table next to him, in a large basin, there were many round, blood-colored elixirs, which were none other than the Dragon Blood Great Returning Elixir. They were all ninth-grade Taoist level elixirs.

Although it is not as good as the Taoist-level elixir, it is already the most top-notch and precious elixir among the Taoist-level elixirs.

These dragon blood rejuvenation pills that supplement and improve skills were naturally sent by Chairman Shen to be used by Ye Feng to improve his cultivation.

After all, having seen Ye Feng's powerful combat power with his own eyes, President Shen now naturally regards Ye Feng as his strongest move against the Star Auction.

"boom!"

Suddenly, Ye Feng, who was lying on the bed, ate and digested the thirty-sixth Dragon's Blood Great Return Pill, and a new and powerful martial arts aura erupted from his body.

He actually broke through while lying down and entered the fifth level of the Broken Realm!

"It's so relaxing..."

An Miaoyi, who was sitting not far away, saw Ye Feng's breakthrough in cultivation lying on the bed, and immediately couldn't help but reveal a look of surprise in her beautiful eyes.

It seems that Ye Feng's breakthrough was unexpectedly so simple and leisurely.

You know, in order to achieve breakthroughs in cultivation, other people have to practice hard in sects or in deserted mountains for months, or even years, before they can break through to the first level with difficulty.

But what about Ye Feng?

I lay on the bed, hummed a tune, took some medicine, and immediately broke through.

An Miaoyi stood up, moved her steps lightly, and her graceful figure had already reached Ye Feng's bedside.

She looked at the leisurely Ye Feng and couldn't help but ask: "Master Ye Feng, although the Dragon Blood Pill is a high-level pill, it is still a pill, and it is a three-point poison. You can break through it by taking the pill. There may be hidden dangers and it will be very bad for your future practice."

Ye Feng turned over and looked at An Miaoyi standing by the bed in surprise. He did not expect that this female disciple of Shenlong Academy was quite concerned about him.

However, Ye Feng has no fluctuations in his heart, because his cultivation inheritance is too special. There is an oven of creation in his body, which can automatically filter and burn away pills or useless waste residue in living skills, just like a big oven filtering The weapon left only the purest energy and replenished it into Ye Feng's body.

Therefore, since Ye Feng entered the cultivation path in the small place of Nanyang County of the Great Yan Dynasty, he has always used this method to improve his cultivation strength without any hidden dangers.

This is something that others simply cannot do.

Even some practitioners in the demonic path, who have cultivation methods similar to devouring, cannot do the same as Ye Feng.

They swallow up other people's skills and may have huge hidden dangers.

But Ye Feng didn't have any hidden dangers.

Because the oven of creation that Ye Feng awakened is like a natural large oven filter, it can burn away any residue that is not good for Ye Feng's body and burn it into fly ash, leaving only the pure power that is helpful to Ye Feng. .

At this time, Ye Feng looked at An Miaoyi beside the bed, smiled and said: "Miss An, you'd better hurry up and recover your cultivation. I haven't."

Don't worry about me. There are still a few days until the general attack on the Chaos Star Auction. I hope you can recover and fight against the enemy together. "

Although An Miaoyi was seriously injured, if she recovers all her injuries, this female disciple from Shenlong Academy will still be very powerful.

"Okay, I know."

An Miaoyi saw that Ye Feng didn't seem to care much about her worries, and her beautiful eyes showed a hint of disappointment. Then she turned and walked towards the other side of the room, continuing to sit cross-legged and restore her cultivation.

At this time, all the Dragon Blood Pills beside Ye Feng had been eaten. .??.

He got off the bed, looked at An Miaoyi, and said, "I need to go outside now and I'll be back soon."

"Master Ye Feng, where are you going? I want to go with you..."

But before An Miaoyi could finish speaking, Ye Feng's figure had disappeared into the room.

When An Miaoyi saw this scene, the look of disappointment on her beautiful face became even stronger.

...

Uh-huh!

Uh-huh!

Ye Feng's figure flickered among the many buildings and soon flew out of the headquarters of the Chamber of Commerce Alliance.

He came to the ocean area in the Chaos Star Sea and found a small rocky island to stop.

Ye Feng came out this time, naturally because he had finished eating the Dragon Blood Redemption Pill and he needed to start devouring the previous loot.

In addition to the dozen men in black from the ninth level of the Shattered Realm at the Chaos Star Auction, they also included An Miaoyi's senior brother, Ye Sen.

That's why Ye Feng walked out of the room, and even left the base camp of the Chamber of Commerce Alliance. He didn't want others to know that he was practicing by devouring other people's skills.

"boom!"

At this time, Ye Feng took out a group of trophies and began to release the Devouring Domain.

Suddenly a large dark swallowing vortex appeared, quickly swallowing and absorbing the skill and blood energy in the body of the trophy.

"Buzz buzz..."

Waves of majestic skill energy surged rapidly through Ye Feng's body.

His cultivation level is also growing rapidly.

Three days later.

"Boom!!"

The entire island exploded.

r\u003e

Among the endless gravel and wind and waves, Ye Feng, dressed in black like ink, walked out of it.

The aura of his cultivation at this moment was already at the seventh level of the Broken Realm!

Ye Feng's cultivation has once again broken through two levels in the past three days!

"Seventh level of Broken Realm!"

Ye Feng's eyes are bright, and now he is more confident about the auction of destroying chaotic stars.

Even if there are several powerful people in the Heavenly Realm, as long as they are not in the advanced Heavenly Realm, there will be no problem.

"Devil Dragon Sword! Today your ten-thousand-year-old sword should be born! Just follow me obediently. Ancestor, I will definitely restore you to your former glory and make you powerful in the world again!"

Suddenly at this moment, from a certain direction in the ocean not far away, a burst of cold laughter like an old devil suddenly came.

"Dragon Sword?"

"A thousand-year-old sword?"

"It seems that an incredible weapon has been born!"

Ye Feng immediately showed a strange look in his eyes and quickly ran in that direction.

Soon Ye Feng approached a huge ocean island.

This is a medium-sized island, standing in the depths of the ocean.

At this time, on the island, an old man wearing a skeleton robe was fighting with a huge black dragon.

The black dragon is not a physical dragon, but a phantom of a dragon soul.

Inside the body of the black dragon, there is a giant sword as black as ink, which is several times larger than an ordinary sword. It looks like a huge broad sword and is very powerful.

The body of the pitch-black giant sword was engraved with dense dragon spells, exuding ancient power, and transformed into a black dragon, fighting with the old man wearing a skeleton robe.

This black giant sword is obviously the thousand-year-old sword, the Demonic Dragon Sword!

Ye Feng lurked around, deeply restrained his life fluctuations, hid in the depths of the sea next to the island, and watched silently.

"The old man wearing the skeleton robe seems to be a strong man from the Demonic Poison Sect. He may be an elder. He actually has a powerful cultivation level in the third level of the Heavenly Realm!"

Ye Feng was hiding deep under the sea and couldn't help but think and judge secretly in his heart.

Chapter 1495 Making a lot of money

It is not uncommon for a strong man from the Demonic Poison Sect to appear in this chaotic sea of stars.

Because the Demonic Poison Sect in the Northern Star Territory was able to survive the suppression of the Northern Territory Seminary and develop more and more powerfully, it was because it relied on the Chaotic Three in the Chaos Star Sea at the junction of the Northern Star Territory and the Eastern Star Territory. No matter the place.

"Boom!"

"Boom!"

At this time, a big shaking was happening high in the sky over the entire island.

A series of roars resounded throughout the sky, making people feel heart-stopping.

I have to say that the ten-thousand-year-old sword Demonic Dragon Sword is very powerful, and the sword spirit is very powerful.

The black dragon transformed by the sword spirit was actually able to fight on par with the Demonic Poison Sect, a super strong person in the third level of Heaven and Human Realm. It was really incomparable.

"Hahaha! Demon Dragon Sword, you have been buried deep under this island for so many years. Your sharpness and strength are almost exhausted. Now you can still be cruel. In a few hours, you will become me. The plaything in your hand! Hahaha!"

The old man in the skull robe laughed loudly, his tone full of excitement.

This old man is the Demon Soul Elder of the Demonic Poison Sect. He has strong cultivation. This time, in order to find a useful weapon, he spent a lot of money and obtained the Demonic Dragon Sword, a thousand-year-old sword through some special channels. The exact place of burial.

It's deep in an ocean island in the Chaos Star Sea.

This time the demon soul elder was very happy, he was about to surrender this demon dragon sword.

It is said that this magic dragon sword is very extraordinary. It contains a black dragon soul. It is an ancient sword from ten thousand years ago. It is even older, and some people say it is a product of the previous era.

So at this moment, the eyes of the elder Demon Soul staring at the Demon Dragon Sword were full of greed and passion.

"Boom!"

"Boom!"

At this moment, huge roars and vibrations occurred in the entire sky. Huge waves were set off in the entire ocean above, and countless islands around were shattered.

"hold head high!!

"

The giant black dragon transformed into a battle sword let out a terrifying roar, and when he opened his mouth, countless destructive lights of sword energy spread out, covering the entire world.

"This is your last struggle!"

The demon soul elder suddenly roared.

"The devil changes!"

The demon soul elder performed a very special inherited move.

Buzz!

A huge amount of demonic energy suddenly surged out of his body.

This kind of demonic energy is very pure, just like the demonic energy of the real demon clan.

This demon soul elder must have been bathed in the pure blood of the demon clan, otherwise it would be impossible to release such pure demonic energy.

"boom!"

With a violent roar, the demon soul elder's originally thin body suddenly expanded rapidly and became larger.

At this moment, every inch of his bones, flesh and blood, and even the meridians and membranes all over his body began to grow rapidly, and finally expanded and expanded on the surface of the entire ocean to become a giant like a troll.

"This is my Heavenly Demon Supreme Technique! It allows me to possess the majestic power of the ancient Heavenly Demon Giant in an instant!"

At this moment, Elder Demon Soul made a loud and boundless sound from the giant's mouth.

The power of sound waves alone can shatter all ocean islands with a radius of thousands of miles into pieces.

It has to be said that this demon soul elder is indeed very powerful. He has a powerful cultivation level of the third level of heaven and human realm, and has unlimited means. His unique skills are terrifying, and his combat power is tyrannical. He can be called a peerless strongman.

"Uh-huh!"

The black dragon transformed from the Demonic Dragon Sword actually felt a deep fear at this moment, and suddenly flew away into the distance.

"At this time, I still think

Want to escape? "

The demon soul elder burst out laughing all of a sudden, but there was a deep chill in that laughter.

"Destroy it!"

The demon soul elder held his giant fist and punched it in the distance.

"Boom!!"

Suddenly, a huge and boundless demonic energy condensed into a black beam of light, which instantly bombarded the giant dragon in the distance.

"Boom! Click! Click!"

The entire black dragon was shattered into pieces at once.

The magic dragon sword hidden in the body of the black dragon, which had spirituality, also screamed sadly at this moment, lost all resistance, and fell from the sky into the ocean below.

"Hahaha! With the assistance of the Demon Dragon Sword, my combat power will once again increase many times!" .??.

The demon soul elder shouted excitedly and immediately prepared to fly towards the ocean area where the demon dragon sword fell.

"Wow!"

Suddenly at this moment, in the ocean behind Elder Demon Soul, the sea surface suddenly rolled, and a giant skeleton with a height of several thousand feet appeared.

"What?"

The demon soul elder was suddenly startled and looked behind him.

The thousand-foot-tall skeleton giant suddenly stood up from the depths of the ocean and towered under the sky, instantly giving people an extremely shocking visual impact.

Even the elder Demon Soul was stunned when he saw this sudden scene.

But at the next moment, the demon soul elder suddenly felt something was wrong.

The thousand-foot-tall skeleton giant behind him stood up from the depths of the ocean and remained motionless.

"The aura emanating from this skeleton puppet is only the energy aura of the half-step Broken Realm?"

The demon soul elder looked confused, but at the next moment, he suddenly seemed to understand something.

"No! This is

A plan to lure the tiger away from the mountain! My magic dragon sword! "

The elder Demon Soul suddenly turned around and flew towards the ocean area where the Demon Dragon Sword had been struck and dropped by him.

But when the Demon Soul Elder arrived there, he could not find the slightest trace of the Demonic Dragon Sword.

The Demonic Dragon Sword has disappeared!

"Damn it!! What kind of thief is so audacious that he even dares to secretly plot my treasure? When I find you, I will definitely beat you, the thief, to death!"

At this moment, the elder Demon Soul was simply frightened, angry and angry to the extreme.

His mentality was shattered. He had worked hard for so long and almost got the Demonic Dragon Sword, but it was stolen by someone due to negligence.

At this time, the demon soul elder also understood that the thousand-foot-tall skeleton giant that appeared behind him just now seemed to have an extremely strong visual shock, but in fact it was just a thing that diverted his attention.

"hateful!"

Elder Demon Soul, the big demon of the Demonic Poison Sect, roared loudly and slapped the giant skeleton of a thousand feet in the distance.

"Boom!!"

The huge pitch-black hand instantly blasted the thousand-foot skeletal giant into countless fragments, scattered throughout the ocean.

At this moment, it was not far from the ocean area where the demon soul elder was angry.

Ye Feng held the Demonic Dragon Sword that was struggling fiercely in his hand, restrained the thousand-year-old sword with the energy of chaos, and ran quickly towards the headquarters of the Chamber of Commerce Alliance.

"This time I exchanged an abandoned giant skeleton puppet for a thousand-year-old sword. It's really a big profit!"

Ye Feng stared at the violently trembling Demon Dragon Sword in his hand, his eyes filled with deep excitement.

He himself never thought that he would encounter such a good thing in just a few days when he came out to practice Devouring.

Not only did he use his strategy to obtain the Demonic Dragon Sword, but he also happened to defeat the arrogance of the demonic disciples like the Demonic Poison Cult. It was really like killing two birds with one stone.

Chapter 1496 Set out for revenge

After returning to the Chamber of Commerce headquarters, Ye Feng rushed straight into the guest room in the giant tower.

At this time, nearly three or four days had passed since Ye Feng left the guest room to practice.

At this time, An Miaoyi, who had been recuperating silently in the room, had almost returned to his peak cultivation period.

At this time, Ye Feng was holding the violently trembling Demon Dragon Sword in his arms. The moment he rushed into the room, An Miaoyi was startled, thinking he was a thief.

When she saw it was Ye Feng, she couldn't help but be surprised and said: "Master Ye, what's wrong with you? Are you in such a hurry?"

This was the first time An Miaoyi saw Ye Feng in such a state, and she couldn't help but be very surprised.

Ye Feng immediately said: "Miss An, hurry up and help me suppress an ancient magic sword. I just got this ownerless sword and I need to suppress it immediately."

Along the way, Ye Feng found that he was unable to suppress this magic dragon sword.

I have to say that this thousand-year-old sword is really powerful, and the weapon spirit contained in it, a black dragon soul, is really terrifying.

Even though it had been shattered once before by the super strong man from the Demonic Poison Sect, it still had the power to resist fiercely.

An Miaoyi is a disciple of Shenlong Academy. She possesses the perfect cultivation level of the tenth level of the Broken Realm, and her own strength is still very powerful.

At this time, she recovered her cultivation and recovered from her injuries. She immediately nodded and said, "Okay, I'll help you!"

Naturally, An Miaoyi helped Ye Feng's request unconditionally.

Because Ye Feng also stood up for her in front of a group of young men and protected her behind him, which made An Miaoyi feel a sense of security and warmth that she had not seen for a long time after her senior brother died.

"True Dragon Art!"

An Miaoyi was running her own inheritance at this time, which came from Shenlong Academy in the Eastern Star Region.

Buzz!

In her hands, golden dragon power that was no thicker than an arm suddenly bloomed, covering the magic dragon sword in front of Ye Feng.

The combined power of the two people was so powerful that they formed golden energy threads that entangled the entire body of the Demonic Dragon Sword.

"Buzz!"

this

At this moment, the Demonic Dragon Sword, which was originally restless, quickly stabilized.

Ye Feng grabbed the hilt of the Demon Dragon Sword and could sense the huge ancient power contained in the sword body.

Once released, the world will be turned upside down!

At this time, An Miaoyi's beautiful eyes were filled with curiosity, staring at the magic dragon sword in Ye Feng's hand, and asked aloud: "Mr. Ye, you ran out of the room in a hurry just to capture this ancient sword. Sword? The power of this ancient sword seems to be very strong. It is definitely a Dao-level magic weapon that surpasses the Taoist level. It may not be of low grade."

Ye Feng smiled and said: "I also accidentally came across such an ancient magic sword. I was lucky enough to get it."

This Demonic Dragon Sword is a Dao-level magic weapon. It is many times more advanced than the Ancestral Dragon Emperor Sword used by Ye Feng before.

Ye Feng believed that if he used the Demonic Dragon Sword to perform the Sword Qi Fire Storm, the power of his move would definitely be greatly enhanced.

Sword Qi Fire Storm is composed of three parts, the sword, dragon spirit holy fire and the sword charm of the Gods' Sorrow.

As long as one of them can be improved, the power of this set of combined skills will be greatly improved.

Ye Feng knew very well that his most lethal sword, Qi Fire Storm, would definitely be the strongest trump card against the powerful Celestial Realm warriors at the Luanxing Auction.

"The Dragon Spirit Holy Fire is now at the first-grade mid-level. The grade is too low. If there is time, we have to find ways to improve the quality of the Dragon Spirit Holy Fire."

Ye Feng thought secretly in his heart, and then began to slowly refine the Demonic Dragon Sword.

As the day to attack the Luanxing Auction gets closer, Ye Feng still needs to have a good run-in with the Demonic Dragon Sword, a thousand-year-old sword.

After all, powerful weapons have their own spirituality, and they need to be well blended before they can be integrated into one and unleash the strongest power.

...

Time passes quietly through your fingers like quicksand.

In the blink of an eye, the day came when President Shen decided to attack the Luanxing Auction.

On this day, the entire Chamber of Commerce Alliance headquarters

On the sea outside, huge ships and warships appeared.

There are tens of thousands of masters from the Chamber of Commerce Alliance, most of whom are in the Pure Yang realm. They stand together, their eyes are extremely cold, and their whole bodies are full of chilling intent.

Although President Shen has a skinny body, he stands upright, like a big gun, standing proudly under the blue sky.

He may be old, but his heart is not old, and he still has passion and ambition.

At this time, President Shen was flying in the air, commanding the masters of the entire Chamber of Commerce Alliance, and shouted: "Whether we can destroy the Chaotic Star Auction today, occupy the main area of the entire Chaotic Star Sea, and achieve the glory of our Chamber of Commerce Alliance depends on everyone." It's all about human effort! Success or failure depends on this!"

...

"kill!" ??

"kill!" ??

"kill!" ??

Immediately, countless experts from the Chamber of Commerce Alliance shouted loudly across the field.

"Set off!"

President Shen shouted, and with half-step Heavenly Realm elders from the six major chambers of commerce alliances, as well as thousands of alliance masters, with murderous intent, they headed towards the Luanxing Auction in the central area of Luanxing Sea.

Ye Feng and An Miaoyi, two young geniuses, also followed behind everyone to protect them.

Soon, they crossed more than half of the Chaotic Star Sea and finally arrived at the headquarters of the Chaotic Star Auction.

At this time, there was a vast island standing in the ocean.

This huge island is where the Star Auction's headquarters is located.

At this time, a majestic and towering palace stood in the center of the giant island.

There were still countless people coming in and out of the palace at this time. It was obvious that the auction business at Luanxing Auction was still very popular.

Every day, thousands of warriors stop in the Sea of Chaotic Stars, hoping to find some rare treasures in the Chaotic Stars auction.

Buzz!

But at this time, countless masters from the Chamber of Commerce Alliance arrived, and the cold murderous intent that shot into the sky instantly dimmed the entire sky.

"what is that?"

Countless warriors who were about to enter the main hall of the Luanxing Auction saw a group of murderous strong men.

When they arrived, everyone's expressions changed.

At this time, Chairman Shen was suspended in the sky, overlooking the entire ground. He had enough energy to shout loudly: "You don't need to panic, we are here to settle accounts with Luanxing Auction today, and it has nothing to do with you. You can go immediately now Get out of here, otherwise I will be accidentally injured, and I can only say sorry. The Luanxing Auction Company secretly ambushed me and wanted to snatch the treasure I just got from the auction. This revenge must be avenged today!"

Wow!

Almost as soon as President Shen finished speaking, the entire venue was in a state of uproar.

"What? The Star Auction will secretly ambush customers who get treasures from normal auctions?"

"This is simply too dark! How could Star Auction do such an immoral thing? Damn it!"

"Let's leave quickly. This is a grudge between the two major forces in Chaotic Star Sea. We must not get involved, otherwise we won't know how we died."

At this time, all the warriors on the giant island of Chaos Star Auction had fled the entire island.

There is only a lonely auction hall left, standing on the giant island.

"kill!"

President Shen fell down with a sound, and Ye Feng had already made a bold move. With one strike of his sword, a jet-black demonic sword light suddenly slashed down, directly cutting the majestic Luanxing Auction Hall into two halves.

"Rumble..."

Debris rolled and the giant island collapsed.

Many members of the Chaos Star Auction didn't know what was going on and died directly in the collapsing building.

"President Shen! You are so presumptuous! How dare you directly attack my Luan Xing Auction? Don't you know that I have already entered the Heavenly Realm? Who gave you the courage to challenge me?"

Suddenly at this moment, in the depths of the giant island, in a luxurious garden building, a middle-aged man wearing a scarlet robe suddenly rushed out.

His face was majestic, his eyes were full of fear and anger, and his aura was as terrifying and majestic as an abyss.

This middle-aged man in red robe is none other than the president of Luanxing Auction!

A true powerhouse in the Heavenly Realm!

Chapter 1497 The number one enemy

At this time, the president of the Luanxing Auction Association was wearing a red robe. The aura exuding from his body was clearly that of a first-level cultivation in the Heavenly Realm!

This is a true strong man in the heaven and human realm, very terrifying.

"Click, click!"

At this time, the billowing murderous aura of this powerful deity spread in all directions, and it was so cold that the entire ocean around the giant island almost froze, and a layer of ice appeared.

At this time, Chairman Shen immediately sent a message to Ye Feng beside him and said: "Brother Ye, this person is the president of Luanxing Auction, his name is Ling Tian, and he entered the first level of the Heavenly Realm half a year ago. It is very powerful and has extraordinary methods. It is our number one enemy this time, so you must be careful. "

Ye Feng sent a message back and said: "Brother Shen, don't worry, my cultivation has also been greatly improved recently. I am no longer so afraid of the early Heavenly Realm first-level Heavenly Powerhouses."

President Shen was immediately overjoyed when he heard what Ye Feng said.

Then he looked at Ling Tian, the president of Luan Xing Auction opposite, and said coldly and confidently: "Ling Tian, you dare to ask me why I provoke you, don't you know what you did? I still regard you as a friend, but I didn't expect you to plot against me, kill me in the chaotic sea of chaos, and then swallow up the entire chamber of commerce alliance controlled by me, right? Let me tell you, you don't have this chance, right? Yes, you will definitely die today!"

"Ha ha ha ha!" .???.??

When Ling Tian heard President Shen's words, he immediately let out a disdainful laugh: "Old man, since ancient times, the waves behind have pushed the waves ahead. You, old man, have lived for so many years and it's time to die. Today, you think You, with a bunch of rubbish, can destroy this Chaotic Star Auction? Do you think too highly of yourself?"

As soon as he finished speaking, Ling Tian suddenly burst out with a huge martial arts aura. He looked down at the whole place like an emperor and said indifferently: "Today, one person here is enough to wipe out all of you bunch of chickens and dogs!"

boom!

A transparent ice battle ax instantly appeared in Ling Tian's hand, exuding an extremely strong cold air, as if it could freeze the entire ocean in an instant.

"All of them will die to me!"

Ling Tian held the ice battle ax in his hand at this moment, and instantly slashed it down with force in front of him.

"Boom!!"

A blast of cold air, as cold as the frozen world, rushed out of the ice battle ax in an instant.

"It's so cold!"

Thousands of masters from the Chamber of Commerce Alliance felt like the energy and blood in their bodies were freezing to death at this moment.

"Protect the President!"

The six most senior elders of the Chamber of Commerce who were half-step into the Heavenly Realm stood in front of President Shen, offering weapons surging with divine light to resist the terrifying murderous intention.

"Click, click!"

But almost at that moment, the endless cold air blasted out from the ice battle ax had forced the six half-step celestial realm elders of the Chamber of Commerce to retreat step by step, and all the magic weapons in their hands began to freeze. , and then shattered inch by inch.

"A super strong person in the Heavenly Realm has realized that heaven and man are one, and every move implies the power of the great avenue of heaven and earth. Fighting against a strong person in the Heavenly Realm is like fighting against the entire world. It's so terrifying!"

At this time, a group of elders from the Chamber of Commerce Alliance couldn't help but scream in horror.

"

Clang! "

But suddenly at this moment, a sword sound suddenly sounded in the world.

boom! !

A blazing flaming sword light shattered all the infinite cold air that was about to freeze the world in an instant.

"Wow!"

At this moment, it started to rain heavily all over the sky, and all the masters of the Chamber of Commerce Alliance immediately felt warm and no longer cold.

"Huh? There is actually a young swordsman?"

At this time, Ling Tian, the president of Luanxing Auction, suddenly moved his eyes and stared at a young man in black clothes not far away.

It was him. The sword he just fired instantly shattered the coldness of the entire frozen world.

Ling Tian felt something at this time, and suddenly his eyes showed a hint of surprise, and said: "Seventh level of the Broken Realm? With such a weak and pitiful cultivation level at the seventh level of the Broken Realm, he can actually cut through my cold air freeze with one sword? I am surprised. Somewhat impressive."

Ye Feng was dressed in black at the moment. He was holding the Demon Dragon Sword in his hand. His eyes were very calm. He looked at Ling Tian not far away and said: "I can not only cut off your cold air with one sword, but also cut off your coldness with one sword." 's head.

Ling Tian chuckled, with an undisguised sarcasm in his eyes, and said: "The gap in cultivation between you and me is like the gap between heaven and earth. It cannot be bridged by relying on some means and swordsmanship."

"boom!"

Ye Feng did not speak at this moment, but directly chose to take action boldly, using practical actions to prove what he just said.

"Sword Qi Fire Storm!"

At this moment, Ye Feng directly used his killing move. To deal with a super master of the Heavenly Realm like Ling Tian, a simple fight was meaningless.

"Wow!"

In an instant, a golden flame storm that destroyed the heaven and earth erupted from the Demonic Dragon Sword in Ye Feng's hand, sweeping across the entire blue sky and earth.

"Zi la! Zhi la!"

At this moment, the ice battle ax in Ling Tian's hand was melting rapidly.

"What?"

Ling Tian was stunned for a moment and couldn't help but said: "What kind of sword is this? What kind of fire is this? Not even the battle ax that I spent hundreds of years forging from thousands of years of ice on the bottom of the Chaotic Star Sea can't resist your sword." Plant sword energy flame!"

"boom!"

But what was waiting for Ling Tian was Ye Feng's sword energy fire storm attack again.

It has to be said that Ye Feng's overall comprehensive combat power these days has improved many times compared to before.

A strong man in the first level of the Heavenly Realm is no match for Ye Feng at all.

"ah!"

Ling Tian screamed at this moment, the ice battle ax in his hand completely melted, and half of his body was burned.

The combination of the Demonic Dragon Sword and the Dragon Spirit Holy Fire simply possesses extremely terrifying power, and it can also restrain a cultivating warrior with ice attributes like Ling Tian!

"kill!"

Ye Feng didn't hesitate at all, he bullied him directly, and without giving Ling Tian time to react, he punched out fiercely, and his body

The brute force of the chaotic body exploded instantly.

"boom!"

One of Ling Tian's arms was directly shattered, and he fell from a high altitude onto the giant island, smashing into a large area of buildings of the Star Auction.

"wild!"

"So cruel!"

The people in the Chamber of Commerce Alliance who were watching this scene behind their backs all had extremely frightened eyes.

"Protect Lord Lingtian!"

At this moment, suddenly a large number of people rushed out from the deep building of Luanxing Auction House, including Yuan Wudao, the first general who escaped under Ye Feng last time.

"It's our turn!"

At this moment, President Shen roared out and led a group of thousands of masters from the Chamber of Commerce Alliance towards the giant island and began to kill.

Uh-huh!

However, An Miaoyi suddenly moved to Ye Feng's side, looked in the direction of the ruins where Ling Tian had fallen, and said in a serious tone: "Master Ye Feng, have you sensed any terrible aura?"

Ye Feng nodded slightly and said: "Ling Tian is not dead. Someone rescued him who was seriously injured under the ruins. It should be another strong man in the Celestial Realm in the Luanxing Auction. I sensed it. He is the second level of the Celestial Realm." "

An Miaoyi's beautiful eyes were startled and she said: "Second level of heaven and human realm? Then are they going to join forces to deal with you, Mr. Ye Feng? I will help you fight together!"

Ye Feng was about to say something, but suddenly his eyes changed slightly, and he suddenly looked in a certain direction of the giant island, and said: "They are running away! That other strong man of the second level of Heaven and Human Realm is running away with Ling Tian ! An Miaoyi, come with me to cut off the road!"

boom!

Before An Miaoyi could say anything, she was pulled by Ye Feng and instantly flashed to a mountain range behind the giant island.

There are high mountains and primeval jungles on ocean islands.

"Aim in that direction and attack hard!"

Suddenly, Ye Feng's soul force captured something. He pointed in a direction and immediately spoke to An Miaoyi beside him.

"Sword Qi Fire Storm!"

When Ye Feng said this, he had already struck down with a fierce fire storm sword.

That is a place where a great mountain stands.

An Miaoyi didn't know how Ye Feng judged it, but as a disciple of Shenlong Academy, she had extremely high martial arts literacy. The moment Ye Feng made a sound, she also slammed one hand in that direction.

"Dragon dominates mountains and rivers!"

This is a powerful inheritance of An Miaoyi's cultivation, ranking at the first-level Dao level.

boom!

Her small white hand turned into a huge red-gold dragon claw at this moment. It was so powerful that it could reach the sky. It was full of endless edge and ferocity. Together with Ye Feng's fire storm, it blasted in that direction.

"Boom!!"

The peak attacks of the two golden power disciples were so terrifying that in an instant the big mountain in the distance exploded, the ground was almost penetrated, and the entire giant island almost collapsed.

This shows how terrifying and destructive the combined attack of the two is.

"ah!"

"ah!"

And then, two screams suddenly sounded in the underground ruins.

"They are actually there! Mr. Ye Feng, how did you predict it?"

An Miaoyi, who was walking in the air at this time, was very shocked. She couldn't figure out how Ye Feng did this unpredictable method.

Ye Feng had no time to respond to An Miaoyi's shock. He instantly dodged and flew to the ruins below, and in an instant he saw Ling Tian, who was covered in scars.

Beside Ling Tian, there was an old man in green robe who was also seriously injured.

"boom!"

Ye Feng punched Ling Tian without any hesitation.

"You can't..." Ling Tian's eyes were horrified.

"Pfft!"

The hard fist containing tremendous brute force had already shattered Ling Tian's head.

"Ling Tian's nephew!!"

The old man in green robe made a cry of anger, his eyes were full of anger, but also frightened.

Because the strength of the young man in black in front of him is really too powerful.

"Even if I blow myself up, I will die with you, a kid like me!!"

The old man in green robe gritted his teeth and roared, and a crimson light of destruction suddenly emerged from his body.

He's about to blow himself up!

A strong man of the second heaven of the heaven and human realm takes the initiative to self-destruct his dantian. The huge air flow and destructive power produced are enough to kill a strong man of the fourth or even fifth heaven of the heaven and human realm.

"Boom!!"

An earth-shattering roar sounded.

A burst of crimson light of destruction blew up the entire giant island.

A mushroom cloud-like crimson destructive light group suddenly appeared on the spot.

Ye Feng's entire body was enveloped and he was still at the center of the explosion.

"ah!"

Even An Miaoyi, who was far up in the sky, was affected and was knocked away, with a mouthful of blood spurting out of her mouth.

But at this time, the female disciple of Shenlong Academy just looked at the center of the explosion in shock and anger, and couldn't help shouting: "Master Ye Feng!!"

Under that kind of destructive aura, even a strong man in the fifth level of the Heavenly Realm would not be able to survive. His body would be destroyed instantly.

"Pap, tap..."

But at this moment, a skeleton with some flesh and blood hanging on his bones walked out from the center of the explosion with difficulty, and made a familiar but shocked voice to An Miaoyi: "Guard me to the chaotic stars now." In the battlefield of the auction, I want to devour the blood and recover."

This miserable "skeleton" is none other than Ye Feng!

He is a body of chaos, with extremely tenacious vitality. Although most of his flesh and blood have been destroyed, he can still move.

"Fortunately, at the last moment, the body of Ling Tian, a warrior in the Heavenly Realm, was put into the storage ring, otherwise we would have really suffered a big loss this time..."

Ye Feng couldn't help but murmured at this time.

Obviously, he didn't expect that the old man in green robe would be so determined, and instantly self-destructed, wanting to die with him.

This also allows Ye Feng to gain more experience against enemies in the future, which is to prevent enemies from jumping over the wall and choosing to self-destruct.

Chapter 1498 Farewell

An Miaoyi stared at Ye Feng, who had only a skeleton in front of him. He could still walk and talk, and his beautiful eyes were simply stunned.

But at this time, An Miaoyi did not stand dumbly, but immediately supported Ye Feng and ran towards the battlefield on the other side of the giant island.

Soon they arrived at the base camp area of the Star Auction.

At this time, the entire base camp was already bleeding like a river.

Countless members of the Chaos Star Auction were killed by the masters of the Chamber of Commerce Alliance, their fighting spirit soaring into the sky, and their blood full of blood.

Ye Feng was supported by An Miaoyi and walked over. He felt the majestic blood energy on the battlefield, and his eyes suddenly lit up.

He immediately said: "An Miaoyi, I need to absorb the blood energy of the entire battlefield immediately to recover. Can you protect me from the side? Don't let anyone disturb my practice."

An Miaoyi nodded immediately and said: "Young Master Ye Feng, don't worry. I'm here and I won't let anyone get in your way. Anyone who dares to attack you will be killed on the spot instantly!"

When Ye Feng heard this, he immediately nodded, and then began to release the Devouring Domain.

"Boom!" .??.

Suddenly, a large vortex of darkness rushed out of Ye Feng's body and floated around his entire body.

At this time, An Miaoyi, who was standing aside, felt that she had fallen into boundless and deep darkness for a moment.

She stared at Ye Feng who was not far away, her eyes full of surprise, "What kind of inheritance is this? Why does it give me such a weird and terrifying feeling?"

Although An Miaoyi was very confused, she didn't say much. After all, Ye Feng could be regarded as her savior. Naturally, she had no other thoughts. She just silently held the sword in her hand and concentrated on protecting Ye Feng. .

"Buzz buzz..."

At this moment, huge streams of blood energy on the battlefield were attracted like a vast ocean, and were all swallowed up by the dark swallowing vortex around Ye Feng.

"Boom boom boom..."

At the same time, Ye Feng suddenly felt that waves of pure power began to be injected into his body.

"Crunch, crunch..."

At this moment, what made people feel very miraculous was that pieces of fresh flesh and blood began to grow rapidly on the surface of the bones on Ye Feng's skeletal body.

His entire body was recovering rapidly, as if his flesh and blood had been reborn.

When An Miaoyi on the side saw this, a look of horror immediately appeared in her beautiful eyes.

"There is such a magical skill in the world that can plunder the blood energy on the battlefield and replenish and restore one's body and strength. It is simply rare in the world!"

An Miaoyi exclaimed.

But he still focused on his surroundings and concentrated on protecting Ye Feng.

At this time, as Ye Feng continued to devour the blood energy, his body finally recovered.

Ye Feng casually took out a set of white clothes from the storage ring and put them on in an instant.

However, most of the blood on the battlefield at the Luanxing Auction at this time was that of pure Yang realm warriors, which was very low-level.

Although he helped Ye Feng recover his entire body, it could not improve Ye Feng's cultivation further.

"Help me practice!"

At this moment, Ye Feng took out the body of Ling Tian, the president of the Luanxing Auction Association that he had killed before, and began to directly devour his power and vitality.

"boom!"

Suddenly, a huge amount of energy exploded in Ye Feng's body.

A true heavenly warrior at the first level of the heavenly realm can provide Ye Feng with quite sufficient energy, which is a great tonic.

"boom!"

Ye Feng swallowed up Ling Tian's

After using up his skills and blood energy, two huge martial arts auras suddenly burst out from his whole body.

At this moment, he broke through two heavens in a row!

The cultivation level directly rushed into the ninth level of the Broken Realm!

"Cool!"

At this moment, Ye Feng roared and stood up suddenly, feeling like he was reborn from the ashes.

"Master Ye Feng, have you...recovered everything? Did you break through? Or did you break through two heavens in a row?"

An Miaoyi's graceful figure flashed over and her tone was full of exclamation and admiration for Ye Feng.

At this time, in the Luanxing Auction headquarters area not far away, countless buildings collapsed.

The battle also came to an end.

"We made it!"

Among the people from the Chamber of Commerce Alliance in the distance, President Shen laughed loudly, his tone full of excitement.

Uh-huh! Uh-huh! Uh-huh!

At this moment, everyone's eyes were turned to Ye Feng.

At this time, Ye Feng put on a new white gown, which was whiter than snow. On the bloody and ruined battlefield, he looked very elegant and chic.

Because everyone knows that the key to their victory in this battle is this young man in white clothes.

This young man's combat power is extremely powerful and he will be the biggest threat to the Chaos Star Auction. He killed two powerful men in the Heavenly Realm all by himself.

That's why the entire Chamber of Commerce Alliance was able to attack so smoothly this time, almost completely destroying everything.

...

Three days later, at the headquarters of the Chamber of Commerce Alliance, Ye Feng said goodbye to President Shen.

At this time, his storage ring contained half of the wealth from the Luanxing Auction, all of which were converted into divine crystals by Ye Feng, and he received 100,000 divine crystals from President Shen.

One hundred thousand divine crystals.

\u003c

br\u003e This is a huge sum of money!

And it is an extremely rich cultivation resource.

However, Ye Feng did not directly refine it, because these rich divine crystals contained the purest energy in the world.

In times of life crisis, it can provide yourself with a glimmer of hope.

For example, Ye Feng was implicated in self-destruction before. If he had enough divine crystals in his body, he would not need to absorb the blood energy on the battlefield and could quickly recover using the divine crystals.

At this time, Ye Feng, dressed in white, was standing at the gate of the Chamber of Commerce Alliance.

Chairman Shen's old face showed a trace of awe, gratitude, and a fearful expression, which was very complicated.

He clasped his fists and said, "I hope Brother Ye can soar into the sky in the future."

Ye Feng smiled and said: "Thank you Brother Shen for your hope. I will probably come back to Chaos Xinghai in the future. It will be enough if Brother Shen can give me a place to live."

President Shen laughed loudly and said: "Brother Ye, you can come to our Chamber of Commerce Alliance at any time. You will be my most distinguished guest and friend!"

"Farewell."

Ye Feng nodded, turned around and left with An Miaoyi.

Above the boundless ocean, Ye Feng stopped, looked at the graceful figure beside him, and said, "An Miaoyi, it's time for you to go back."

An Miaoyi nodded, her beautiful eyes seemed to have a trace of reluctance, but she finally said: "If you have the opportunity in the future, I welcome Ye Feng to come to Shenlong Academy to exchange martial arts with me."

Ye Feng smiled slightly and said, "Okay, I will definitely come and have an in-depth discussion with Miss An when I have the opportunity."

Uh-huh!

After the words fell, Ye Feng jumped up and his figure disappeared into the distance.

An Miaoyi stood still for a long time, until Ye Feng's back completely disappeared from sight, then she sighed softly, her graceful figure moved, and flew in another direction.

Chapter 1499 Hell Battlefield

After spending half a month, Ye Feng drove the starship to speed through the boundless starry sky of the universe. Finally, in the early morning of this day, he returned to the Northern Divine Academy.

After passing through the huge golden arch of the North Territory Temple, Ye Feng took the items for this mission directly to the Dengtian Hall in the center of the temple.

In the magnificent hall, Ye Feng handed over all the tasks for this trip and successfully obtained 50,000 merit points.

Including the 50,000 credit points left by Ye Feng before, the total is 100,000 credit points.

Ye Feng directly took 100,000 merit points and rushed to a very special training place in the temple: the Earth Fire God Refining Tower.

Ye Feng has long wanted to go to the Earth Fire God Refining Tower.

But before, Ye Feng was too poor and his merit points were too low, so he could only look back and sigh.

But this time Ye Feng accumulated a full 100,000 contribution points in his hands, and he decided to enter the Earth Fire God Refining Tower to practice.

The Earth Fire God Refining Tower is a special training place that can enhance the spirit and soul power of warriors.

Although Ye Feng had previously learned a very advanced soul tempering method called "Hell Buddha Contemplation Method".

But according to the old man Shu Ling of the Heritage Temple, practicing the soul tempering method in the Earth Fire God Refining Tower is the most effective. It can quickly increase the soul power and increase the efficiency of the hell Buddha's contemplation method.

The inner court trial is getting closer and closer, and Ye Feng wants to break through to two thousand levels of soul power before participating in the trial.

At that time, even if a high-level powerhouse in the realm of gods wants to deal with him, he will need to weigh whether he has the strength first.

In addition, Ye Feng is eager to increase his soul power to the level of two thousand.

Because Ye Feng is very curious about what the Shenxu Realm, that special void soul power interface that only soul masters can enter with their souls, looks like.

Throughout Ye Feng's journey, he has always been alone as a spiritual master, with few like-minded people.

Therefore, Ye Feng is eager to find "similar people" like himself, that is, the group of soul masters. Entering the world of Shenxu, he can definitely find a sense of identity.

"My soul power is currently at level 1,200, which is still some distance from level 2,000."

Ye Feng thought in his heart, and then walked towards the Earth Fire God Refining Tower.

"Ye Feng? You are finally back!"

Suddenly, just when Ye Feng walked out of the Dengtian Palace.

A sound of surprise suddenly sounded.

It's Bai Xiaohua!

At this moment, Bai Xiaohua's small and graceful figure immediately flew over from a distance.

There was a trace of urgency on her little face at this time, and she said: "Ye Feng, clan leader, she and a group of inner courtyard disciples are trapped in the hell battlefield. I want to find the elders to rescue them, but there is no one in the outer courtyard." An elder dares to enter the hell battlefield, Ye Feng, can you think of a way? She may be in danger of death at any time."

"Sister Su Su is trapped in the hell battlefield?"

Ye Feng's eyes suddenly changed, and there was a trace of fear in his eyes.

The hell battlefield, as the name suggests, is a chaotic and dark place where the human territory is connected to the hell interface.

There are countless terrifying hell creatures living among them.

Among the dark races in the universe, the Hell Clan is comparable to the huge dark race like the Demon Clan.

Although the hell battlefield is not really in the hell world, it is just an intersection with the human starry sky territory.

But this also frightens many people.

Because the people living there are all extremely vicious hell creatures.

All of them are ferocious and terrifying, and can tear a human warrior into pieces at any time.

Ye Feng stared at the anxious Bai Xiaohua in front of him and couldn't help but said: "How did you know this news?"

Bai Xiaohua held a transmission talisman in his hand and said, "This is the patriarch's private transmission talisman. She sent it to me through the air. Ye Feng, please think of a way. The patriarch can't die like this!"

At this time, Bai Xiaohua was anxious, and even tears began to appear on his delicate little face.

Ye Feng's eyes were determined and he said: "You take me to the hell battlefield, and I will rescue Sister Su Su."

Bai Susu, the leader of the Yu Clan from the fairy world, has a great favor to Ye Feng. The two have a very good relationship, and Ye Feng will naturally not stand idly by at this time.

And after returning from this trip, Ye Feng's cultivation and combat power have undergone a radical change, so Ye Feng also has stronger confidence to say that he wants to rescue Bai Susu.

"Only you?"

Bai Xiaohua couldn't help but said: "Ye Feng, your current cultivation level..."

"boom!"

A huge and boundless aura, a terrifying and majestic aura belonging to the ninth level of the Broken Realm, suddenly burst out from Ye Feng's body.

"Deng Deng Deng!"

Bai Xiaohua couldn't help but was hit by the momentum and took several steps back.

"This is....."

Bai Xiaohua was immediately stunned and said, "Ye Feng, your cultivation has actually reached the ninth level of the Broken Realm?"

Ye Feng smiled slightly and said: "Yes, this time I went out to do a mission and got a lot of opportunities. My strength has undergone earth-shaking changes compared to before. Now I can even compete with real heavenly beings." Realm warriors fight, so you take me to the hell battlefield immediately, don't waste any more time, those pampered people

The elders will definitely not take risks with us, we can only rescue them ourselves. "

Bai Xiaohua's eyes struggled for a moment, then he nodded solemnly and said, "Okay, then let's go rescue the clan leader together!"

Uh-huh!

Bai Xiaohua immediately flew in a certain direction.

Ye Feng also jumped up and followed immediately.

It has to be said that Ye Feng's confidence is indeed quite strong now.

Even a dangerous place like the hell battlefield was just a matter of time.

If it were before, Ye Feng would definitely think about it carefully.

But now, there is only one word in Ye Feng's heart, do it!

"The hell battlefield is just the perfect place to fight with the hell clan to sharpen my martial arts!"

"Furthermore, if I were in hell, my soul-tempering method, 'Hell Buddha Contemplation Method,' I would definitely be able to better understand the true meaning of this method."

Ye Feng thought in his heart, pulled Bai Xiaohua directly behind him, stretched out his hand to grab her slightly delicate shoulders, and said: "Xiaohua, you are too slow, tell me what happened in the

hell battlefield." I will take you to the location where Sister Susu is trapped. You can't waste any more time. I don't want to see Sister Susu's withered bones when I go there."

Bai Xiaohua nodded immediately and pointed at Ye Feng's eyebrows.

Buzz!

Suddenly, a map location composed of spiritual thoughts appeared in Ye Feng's mind.

"I see."

The next moment, Ye Feng nodded slightly and directly used the power of the space gem.

"boom!"

The figures of him and Bai Xiaohua pierced the void in an instant. In a few blinks, they had disappeared into the Northern Divine Academy and entered a certain direction in the starry sky outside.

Chapter 1500 Taixu Fire Emperor

The environment of the hell battlefield is very harsh.

When Ye Feng brought Bai Xiaohua to the entrance.

They immediately saw a huge black hole crossing in front of them.

At this time, streams of corrosive black gas were emitted from the black hole.

This is the entrance to the hell battlefield.

Many wreckage and bones are floating in the starry sky around the black hole at the entrance.

Those bones were obviously some powerful creatures, and they were buried in the starry sky after death. They seemed to add a sense of loneliness and desolation to the whole environment.

Even though Bai Xiaohua had just approached the entrance, he was still trembling with cold.

Her teeth chattered and she said: "Although I know that this black hole is just a hell battlefield and not a real hell interface, I still feel a huge terror, as if there is an abyss troll hiding in this black hole. After that, it's ready to show its fangs and swallow us all." .??.

Ye Feng sensed a trace of the aura of hell coming from inside the black hole. It was an extremely evil aura.

"Chaos Heavenly Emperor Technique."

However, at this time, Ye Feng used the Chaos Heavenly Emperor Technique for a while, but found that he could actually absorb this evil and terrifying hell energy and transform it into his own power.

Moreover, this hellish energy is still a very advanced energy.

"The Chaos Heavenly Emperor Art is the strongest inheritance of the universe that evolved from the God of Creation Art. It naturally possesses the characteristics of the God of Creation Art and can still accommodate the power of thousands of attributes in the heavens."

Ye Feng murmured.

He looked at Bai Xiaohua, who was already pale beside him, and couldn't help but said: "Xiaohua, don't go in, leave everything to me, I will bring Sister Susu out intact, you can meet me at the entrance of this black hole That's it for us."

Bai Xiaohua knew that going in was just a drag. She nodded without any pretense and said, "Okay, I'll meet you at the entrance. If you haven't come out in seven days, I'll rush back even if I try to break the rules." Beiyu Temple broke into the depths of the Dengtian Temple and asked the elders in the Dengtian Temple for rescue. "

When Ye Feng heard this, he didn't say much, but stepped directly into the deep black hole.

"Buzz!"

At this moment, Ye Feng's figure suddenly disappeared into the black hole.

Bai Xiaohua outside could only pray nervously that Ye Feng and the clan leader would come out safely.

...

Buzz!

Accompanied by a violent spatial fluctuation.

Ye Feng passed through the black hole and found that he was standing on a vast dark land.

The entire world is dark, and visibility is close to zero.

Fortunately, Ye Feng had the Divine Eye of Creation, so he could see everything clearly.

"Buzz!"

At this time, a huge swallowing vortex automatically appeared around Ye Feng.

A steady stream of pure hell energy was swallowed up, strengthening Ye Feng's cultivation skills.

However, the speed of this growth is not fast, but it is better than nothing.

At the very least, Ye Feng can keep fighting in this hellish battlefield.

You must know that other human warriors, even those of the demonic path, may not dare to directly absorb such evil and poisonous hell energy.

But Ye Feng can, and can devour it unscrupulously.

Following the location of the spiritual map in his mind, Ye Feng activated his strength and ran quickly in that direction.

The most important thing now is to rescue Bai Susu.

Previously, in Ye Feng's eyes, Bai Susu, a core figure in the inner courtyard of the Heavenly Realm, was aloof and untouchable.

But now, Ye Feng found that he was almost catching up with Bai Susu without knowing it.

"Little Ye Zi! Where are you now? How do I feel?"

To the great evil! "

Suddenly, Xiaoyao's exclamation came from the Queen's picture.

Ye Feng immediately said: "I am in the hell battlefield. This is the junction between the human starry sky territory and the hell interface. It is very dangerous."

"Hell battlefield?"

Xiaoyao suddenly seemed to have thought of something, and said in surprise: "Little Yezi, you actually ran to the hell battlefield? Is it the hell battlefield in the northern star region?"

Ye Feng's eyes were a little confused, but he still answered truthfully: "This is the hell battlefield closest to the Northern Territory Temple. It should be the hell battlefield in the Northern Star Territory."

"Very good!" ??

Xiaoyao was excited and immediately shouted in the Queen's Picture: "Little Yezi! You have come to the right place! In my long memory, there is a large tomb of a human emperor from the Hades era, buried in this northern star field. "The depths of the hellish battlefield."

Ye Feng's eyes lit up and he said: "The tomb of the human emperor from the ancient times? Who is more powerful, that human emperor or you?"

Xiao Yao was immediately speechless, and then said angrily: "Little Ye Zi, why do you always like to compare others with me? This queen is one of the strongest people in the ancient times, and is not comparable to cats and dogs, but The human emperor in the depths of this hell battlefield is pretty good. He had gained some fame in the previous era. For you, little Ye Zi, he is already a big shot."

Seeing Xiao Yao being so excited, Ye Feng suddenly grinned and said: "Xiao Yao, seeing how excited and impulsive you are, you should be able to get a lot of benefits from the tomb of the human emperor."

"this....."

Xiao Yao immediately hesitated and said: "Well...this...is indeed true. The emperor of the human race is called the 'Taixu Fire Emperor'. He once obtained a ball of Taixu Fire that fell from an alchemy furnace in the God Realm. After achieving his glory, after his death, he was afraid that others would dig his grave, so he used his last ounce of power to order his disciples to bury him deep in a vicious place like the hell battlefield, and then buried his disciples.

Kill all the disciples and keep this secret forever. This secret was rarely known by anyone in the previous era, let alone Xiao Yezi, you are now in this immortal era. But by coincidence, this queen knows this extremely secretive news, hehe laugh! "

Ye Feng's eyes immediately brightened and he said: "The fire of Taixu? The flame that fell from an alchemy furnace in the legendary God Realm? If my dragon spirit holy fire can fuse with this fire of Taixu, how many levels will it be able to improve? ah!"

Xiaoyao immediately said with some arrogance: "It will definitely improve the quality of your Dragon Spirit Holy Fire, Xiaoyezi! And if we enter the tomb of Taixu Fire Emperor, Xiaoyezi, you can still get his inheritance, yes An extremely powerful fire control technique, it will be of great benefit to you, little Ye Zi, in your use of your holy fire, and it will also be of great benefit to your alchemy skills! Moreover, if this Queen swallows the Taixu Fire Emperor's divine power, she will My strength will skyrocket, and I will be able to help you secretly better, Xiao Zi! We are now on the same boat, Xiao Zi, don't worry, I won't cheat you."

Ye Feng nodded and said: "Okay, I understand. Let's look for Taixu Fire Emperor's tomb later. The most important thing for me now is to rescue Sister Su Su, and Sister Su Su is very powerful. If I can After rescuing Sister Su Su, we jointly go to the depths of the Hell Battlefield to search for the big tomb. The chance of finding the big tomb is also greater. To be honest, I really don't dare to go deep into the inner area of this terrifying Hell Battlefield for the time being. , it's definitely more sinister there."

Xiaoyao couldn't help but said: "Can you trust your sister Su Su?"

Ye Feng smiled slightly and said: "I absolutely believe it. We are friends of life and death. She was cut out of the dust of history by me, and I was also dragged to the Northern Divine Academy by her, soaring into the sky. If she were there this time With her help, we will be even more powerful, and she has the reincarnation inheritance of the great figure in the fairy world, the Lord of Judgment, which is already very top-notch and a very powerful inheritance in the universe. She definitely does not need to share the inheritance of Taixu Fire Emperor with me. "
