

Ancient 1501

Chapter 1501 No retreat

According to the mental map in his mind, Ye Feng quickly arrived at the final location of the map.

This is already a relatively internal area of the Hell Battlefield, but it has not yet reached the real interior.

The aura of the surrounding hell creatures, Ye Feng sensed, most of them were at the peak of the tenth level of the Broken Realm, or even half-step into the Heavenly Realm. There were tens of thousands of them, which was very terrifying.

At this time, Ye Feng came to the place of memory, but did not find any figure of Bai Susu.

"Buzz!"

At this moment, Ye Feng quickly released his huge soul power and began an overwhelming search.

"Huh? There!"

Ye Feng immediately noticed an extremely strong human aura, which was incompatible with the entire hell battlefield and was surging in a certain direction.

"Boom!" ??

He rushed over instantly and immediately saw a huge dark valley behind a mountain.

At this time, in the center of the dark valley, the ground was filled with dark corpses, corroded by the terrifying air of hell.

"Boom!" ??

"Boom!" ??

"Boom!" ??

At this time, the overwhelming hell race creatures, all covered with black scales and with black wings, rushed downwards, with ferocious and ferocious smiles on their faces.

"Kill this human woman!"

"The blood in her body is so pure! She must be a peerless genius among the human race!"

"Eat it and our life levels will evolve!"

Every hell demon is roaring and roaring, their demonic energy is rising to the sky, they are holding black steel forks in their hands, and they are stabbing at the bottom crazily.

"Buzz!"

At this time, a stunningly beautiful woman in white was sitting on her knees in the center of the dark valley.

A wheel of judgment rotated rapidly around her, forming a shield of divine light to protect her.

But it's obvious that she can't hold on much longer. The shield of divine light is about to break and her strength is about to run out.

In this hell battlefield, she was unable to absorb the power between heaven and earth to restore her skills, and she had reached the end of her strength.

The dead people on the ground around her were all her companions on this trip, all inner disciples of the Northern Divine Seminary.

"Crack!"

"boom!!"

Suddenly the entire divine light shield shattered.

Countless hell demons roared and roared, holding steel forks and rushing toward the woman below.

"Am I going to fall into this dark hell today? I really can't bear to accept it..."

This stunningly beautiful female figure is naturally Bai Susu.

At this moment, Bai Susu murmured, her cold beautiful eyes filled with deep sadness and despair.

"Boom!!"

But suddenly at this moment, a terrifying fire storm suddenly struck from a distance.

"ah!"

"ah!"

Before thousands of hell demons could get close to Bai Susu, they were instantly swept away by the sudden fire storm. They all screamed and fell from the sky, all burned.

"Um?"

Bai Susu was about to die in despair, but at this moment, the gorgeous fire storm wiped out thousands of ferocious hell demons.

Her eyes suddenly trembled for a moment, and she saw a young man in white clothes in the fire storm, holding a huge black sword in his hand, walking towards the sky with golden flames.

"Brother Ye Feng!"

Bai Susu never thought that when she was most desperate, Ye Feng, who was still a child in her eyes, would come to save her.

Moreover, Ye Feng's strength was countless times stronger than before.

"Sister Susu! Are you okay?"

Uh-huh!

Ye Feng rushed over instantly, landed next to Bai Susu, and helped Bai Susu's tall and attractive figure up.

"Sister Susu, take this healing elixir."

Ye Feng quickly took out a spiritual elixir from the storage ring and handed it to Bai Susu's mouth.

"Gulu."

Bai Susu hesitated for a moment, then swallowed the elixir with a blushing face, and then her expression returned to normal.

She stared at Ye Feng beside her and said in surprise: "Brother Ye Feng, why are you here? I sent a message to Xiao Hua to find the elders to rescue me."

Ye Feng shook his head and said: "The elders that Xiao Hua can come into contact with are all elders from outside the dean. They are not strong enough and dare not enter the ground at all.

Prison Battlefield came to rescue Sister Susu. I got the news and rushed over immediately. I happened to have just returned from completing an academy mission outside. "

Bai Susu looked at Ye Feng beside her and leaned her weak body against him.

Ye Feng immediately carried Bai Susu on his back and said, "Sister Susu, leave everything to me."

"Um."

Bai Susu nodded, her face stained with blood, and leaned on Ye Feng's shoulder.

She did not ask why Ye Feng became so powerful in such a short period of time.

He also did not ask Ye Feng why he could absorb the hell energy from the hell battlefield to replenish the consumed skills.

Now Bai Susu just wants to have a good sleep.

She was trapped in this dark valley for nearly half a month. All the elixirs and resources in the storage ring were exhausted, and she was about to run out of gas.

Fortunately, Ye Feng finally arrived in time.

Otherwise, Bai Susu might end up like her companions, turning into withered bones and being buried in this unknown battlefield of hell.

"Stop that Terran!"

"Another human genius is here? Great! Capture them all! Dedicate them to His Majesty the Dark Lord!"

At this moment, thousands of hell creatures were flying around the valley, roaring towards Ye Feng and Bai Susu.

These hell creatures include winged demons covered with pitch-black scales, ethereal evil spirits that are in the state of souls, and can invisibly invade the spiritual will of human warriors, as well as giant hell beasts with extremely large bodies, which are extremely terrifying.

Most of these hell creatures are at half-step to the Celestial Realm, and there are also many powerful dark creatures in the Celestial Realm!

Even Ye Feng couldn't help but gasp when he looked at the densely packed dark creatures of the hell tribe.

"kill!"

But in the end, Ye Feng carried Bai Susu on his back and had no choice but to fight with his back to the wall!

"Sword Qi Fire Storm!"

Ye Feng roared loudly and slashed wildly with the Demonic Dragon Sword in his hand. A terrifying fire storm swept across all directions in an instant, covering all the countless demons of the hell clan. In an instant, screams could be heard everywhere.

"Jie Jie Jie! Human boy, your attacks can't hurt us evil spirits from hell."

Suddenly at this time, an eerie voice sounded in Ye Feng's mind.

It turned out to be a group of hellish evil spirits in soul state. They were not affected by the sword energy fire storm and passed through all obstacles directly and arrived in front of Ye Feng.

These hellish evil spirits are in the state of souls and can instantly invade the spirit of human warriors.

"Jie Jie Jie, you boy from the human race, please become the puppet of my inner demon..."

One by one, the evil spirits of the hell clan turned into black energy, let out ferocious laughter, and rushed towards Ye Feng's mind.

"If a human warrior at the top of the tenth level of the Heavenly Realm were here, I'm afraid you would all succeed!"

"But not mine! If you dare to invade my spiritual soul, you are seeking death!"

"Soul Emperor Seal! Suppress it!"

boom!

But at this moment, Ye Feng's body suddenly burst out with a huge aura like a soul emperor.

A soul emperor covered with blue thunder appeared on the surface of Ye Feng's body. All of a sudden, endless thunder and lightning burst out, instantly killing all the evil spirits from hell who were close to Ye Feng and howling miserably.

"Ah!! What kind of power method is this?"

"Is this human race the reincarnation of the God of Thunder? This kind of thunder is soul thunder! How is this possible?"

"Ah! It hurts so much! I can't bear it anymore!"

"This human boy is not an ordinary person at all. He is the Soul Emperor! He is the ancient Soul Mage! Run!"

A group of evil spirits from hell screamed and fled into the distance.

"Swallow it for me!"

Ye Feng shouted loudly and released the Devouring Domain, directly swallowing a group of hellish evil spirits that had suffered heavy losses.

"Buzz!"

Ye Feng instantly felt that his soul power had grown a lot at this moment.

Although these evil spirits from hell are ferocious and evil, they are themselves formed from extremely pure souls, so at this moment they provided Ye Feng with very pure and huge soul power, which was absorbed by Ye Feng.

"Buzz!"

At this moment, Ye Feng's soul power skyrocketed, from level 1,200 to level 1,230!

The soul power surged to thirty levels in an instant!

--

Chapter 1502 Dark Lord

At this moment, feeling the soaring soul power, Ye Feng's eyes were full of surprise.

He never thought that these evil spirits from hell could actually be swallowed up and help him increase his soul power.

This made Ye Feng's eyes suddenly brighten.

Perhaps the evil spirits from hell that others were afraid to avoid had become a favorite among Ye Feng.

Ye Feng was still worried that his soul power was growing too slowly.

But now, Ye Feng has thought of an excellent way.

That is, swallowing these evil spirits from hell.

At this moment, in Ye Feng's eyes, those evil spirits that made countless people fearful became as precious as diamonds and silver mountains.

"Soul Emperor Seal!"

"Great Thunder Emperor Seal!" .??.

"Thunder shakes all directions! The emperor travels all over the world!"

Ye Feng roared loudly at this moment, and a huge and infinite thunder giant suddenly appeared around him. It was a thunder giant in the soul state.

This is the Great Thunder Emperor Seal in the Soul Emperor Seal. Based on Ye Feng's body, a soul emperor with thunder attributes was manifested.

"boom!"

At this moment, countless terrifying thunder lights burst out from the Thunder Soul Emperor, spreading towards the surroundings.

"Crash!"

"Crash!"

The entire dark valley suddenly fell into a sea of thunder.

"ah!"

"ah!"

Countless evil spirits from hell that rushed over all let out howls of incomparable pain.

Because thunder is originally the most powerful force in the world, full of destructive power, it has natural restraint against dark creatures such as the demon clan, the hell clan and so on.

A head was originally an extremely ferocious evil spirit from hell, but its independent will was suddenly destroyed.

Originally a ferocious evil spirit from hell, it directly became a very pure soul body.

"Swallow!"

Ye Feng roared, swallowing the darkness in the domain, covering the entire dark valley.

"boom!"

Suddenly Ye Feng felt that his soul power had grown tremendously.

...

"Three hundred steps!"

...

"One thousand four hundred steps!"

...

"Fifteen hundred steps!"

At this moment, Ye Feng's soul was greatly improved.

At this time, the entire dark valley became empty.

The physical hell demons were all burned to death by the sword energy fire storm and fell to the ground, charred black.

As for the hell evil spirits in the soul state, they were all killed by the Thunder Soul Emperor and devoured by Ye Feng.

Bai Susu was exhausted and fainted on Ye Feng's shoulder.

Otherwise, if she saw this scene, she would be extremely shocked.

Although Bai Susu's single combat ability is very strong, much stronger than Ye Feng.

But Ye Feng's current group lethality has surpassed Bai Susu's.

Ye Feng has too many methods, and they have extremely terrifying lethality.

At this time, Ye Feng continued to release the Devouring Domain and began to devour other hell demons killed by the Sword Qi Fire Storm.

"Crash!"

"Crash!"

Suddenly, streams of advanced skills and pure blood energy drained out of the corpses of the demons, all flowing into Ye Feng's devouring vortex, and began to increase Ye Feng's power.

"boom!"

Finally, at the last moment, Ye Feng accumulated enough strength and made another breakthrough in cultivation, directly stepping into the tenth level of the Broken Realm and the Great Perfection Realm!

At this time, the entire dark valley was empty. Ye Feng took a deep breath and quickly flew in a certain direction with Bai Susu on his back.

He planned to find a safe place first so that Bai Susu could recover quickly.

Because Ye Feng has already sensed that Bai Susu's vitality is declining at this time.

Need treatment as soon as possible!

...

Not long after Ye Feng left the dark valley.

boom!

A huge bone throne suddenly descended from the sky.

Then, a tall demon sitting on the bone throne appeared.

This demon was not covered with dense scales, but wore dark golden armor, and its face did not look ferocious, but looked like a human face, except that the skin was dark black and the pupils were glowing scarlet.

Obviously this is a very extraordinary demon, his identity is absolutely extremely noble, and his aura is extremely terrifying.

This tall demon sitting on the bone throne is a dark monarch in the demon lineage of the hell tribe, commanding countless evil dark creatures.

The dark monarch glanced at the entire empty dark valley at this time.

He observed the demons on the ground that were burnt, with their bodies shriveled up, and they died in strange ways.

The Dark Lord suddenly murmured: "What method is this? It is more terrifying than the vampire demons among us dark creatures."

"Report to Your Majesty!"

Suddenly, a dozen hell demons, wearing black armor, jumped from not far away. They knelt on one knee, cupped their fists and said, "We didn't find any traces of the two previous humans nearby."

The Dark Lord smiled coldly and said: "They will not leave the battlefield of hell so quickly. Increase our efforts to search. Among the two human races, one of them has a big secret hidden in him. If I get his hands on it, will be able to seize heaven and earth

It is not impossible to use countless demons to achieve ultimate glory and evolve into the demon king. "

Uh-huh!

After saying that, the Bone Throne under the Dark Lord instantly soared into the sky and turned into billowing demonic energy, surging towards the surroundings.

Obviously, even this dark lord, the overlord who commanded one side in the hell battlefield, started to search personally.

...

At this moment, Ye Feng and Bai Susu quietly lurked to a remote place in the hell battlefield.

This is a dark forest where many huge monsters live.

But hell demons are very rare.

So this is a relatively safe place for Ye Feng.

"boom!"

Ye Feng held the Demon Dragon Sword and split open the bottom of a large mountain in front of him, creating a huge cave.

He put Bai Susu down, then pressed his hands on Bai Susu's back, and began to transfer his powerful energy.

The skill that Ye Feng has cultivated is extremely noble. It is the power of chaos, which can be integrated and transformed into power of any attribute in the world.

Ye Feng transformed all his true energy and magic power into a kind of life energy with restorative effect, and poured it into Bai Susu's body.

It can be seen with the naked eye that Bai Susu's injuries are recovering quickly.

"puff!"

Suddenly Bai Susu spurted out a mouthful of blood.

The blood was black, not the normal red color.

It can be seen that these are the toxins in Bai Susu's body, which are expelled at this time.

Bai Susu opened her heavy eyes with force, and felt Ye Feng touching her from behind. She couldn't help showing gratitude in her eyes, and said: "Brother Ye Feng, it seems that we are out of danger. Thank you for this time, brother Ye Feng." Otherwise, I might really die in this dark place."

Chapter 1503 The Abyss

Under Ye Feng's powerful healing power, even though Bai Susu was a strong person in the Heavenly Realm, her body, which was already exhausted, was once again filled to the brim on the morning of the third day.

Bai Susu has restored her cultivation to her heyday. Although she is still injured, she already has powerful attack power.

At this moment, she exuded a cold air that made people stay away from her.

Obviously at this moment, Bai Susu once again became a strong woman with terrifying strength from the weak woman who was on the verge of death!

At this time, the cultivation aura on her body was clearly that of the sixth level of heaven and human realm!

Ye Feng also stood up at this time and said: "Sister Su Su, it's good that you have recovered. In the past few days, I can feel that more and more hell demons have appeared around the dark forest, and they seem to be looking for What, I guess it's just to search for the whereabouts of the two of us."

Bai Susu nodded, seeming to have thought of something, and said: "There is an overlord in this hell battlefield, called the Dark Lord, who possesses the powerful cultivation of the tenth level of the Heavenly Realm. I was defeated by him before and was seriously injured. "

Ye Feng's eyes changed slightly, and he said: "The tenth level of Heavenly Realm and Dzogchen Dzogchen cultivation? That Dark Lord is so powerful."

Bai Susu said: "Brother Ye Feng, let's leave the hell battlefield as soon as possible. That dark monarch is not something we can fight against. It's too powerful. I'm afraid we are the only dean of the Northern Territory Temple who has surpassed the realm of gods and humans. Only then can we kill the Dark Lord."

Ye Feng's eyes showed a trace of hesitation and said: "But, I still have other things to do in this hell battlefield."

Bai Susu looked confused and said, "What's the matter?"

Ye Feng said: "I learned a secret about this hell battlefield, that is, somewhere deep inside this hell battlefield, there is buried a big shot from the last Hades era. That big shot is called Taixu Fire Emperor, if I want to find that big tomb, my strength will be greatly improved."

\u003c

br\u003e "Taixu Fire Emperor?"

Bai Susu's beautiful eyes showed a trace of surprise, and then she nodded and said: "Since we are very important to you, brother Ye Feng, we will not leave this hell battlefield for the time being, and I will accompany you to find the Taixu Fire. The emperor's tomb."

Ye Feng's eyes were filled with joy and he said: "That's great. With Sister Susu, a master like you, my chance of success will be even greater."

Bai Susu smiled and said: "You are no longer weak now, and you can save me from countless demons. It seems that brother Ye Feng, you have indeed received extremely huge opportunities during this period."

Ye Feng laughed and said: "Anyway, now I am finally catching up with you, Sister Su Su. I had this expectation before. One day I can fight side by side with you, Sister Su Su. That is definitely what I just did." I didn't expect that my dream of entering the Northern Territory Seminary would come true so soon."

When Bai Susu heard this, she couldn't help but stretched out her hand to touch Ye Feng's head and said, "My younger brother has grown up and he knows how to share the worries of his elder sister."

Suddenly at this moment, there was a sound outside the cave.

"There is a strange cave here. It seems to be dug by man. Let's go in and take a look. Maybe the two human races are hiding here."

This is the voice of the hell demon.

"Pap, tap..."

Almost at the next moment, a group of a dozen hell demons walked in.

This group of hellish demons are all covered with black scales and hold steel forks in their hands. They look very ferocious.

Their eyes were all emitting scarlet light, which looked particularly dazzling in the dark cave, as they were looking for something.

"boom!"

But suddenly at this moment, a fist appeared in front of all the hell demons.

"Pfft!!"

A dozen demons didn't even react, they were all smashed to pieces by the energy of chaos in that fist.

"boom!"

A dark swallowing vortex swallowed up all the blood in an instant.

Snap, snap.

Following the sound of two footsteps, the figures of Ye Feng and Bai Susu walked out from the darkness deep in the cave.

The fist just now was naturally the one punched by Ye Feng.

With the strength of his current Chaos Body, the brute force he unleashes is still terrifying.

It instantly destroyed a dozen demon soldiers. It was very simple and a piece of cake.

Ye Feng smiled and said: "Killing these demons with pure physical strength will not cause energy fluctuations and will not attract other demons and the powerful dark monarch."

Bai Susu nodded, staring at Ye Feng's body with a pair of beautiful eyes for several times, seeming a little surprised that Ye Feng's body was so powerful.

"Sister Susu, let's go."

Ye Feng took Bai Susu out of the cave and rushed towards the deep area of the hell battlefield.

At this time, Xiaoyao secretly communicated with Ye Feng in the Queen's Picture, looking for and locking the location of the Taixu Fire Emperor's tomb.

Bai Susu followed Ye Feng closely, looking around vigilantly to avoid being discovered by the demon soldiers.

Ye Feng felt very at ease at this time.

Having Bai Susu, a master of the sixth level of Heaven and Human Realm, by his side really gave Ye Feng a huge sense of security.

The two of them moved very quickly, and in a blink of an eye they were deep into the inner area of the hell battlefield.

At this time they came to the edge of a desolate grand canyon.

Under the feet in front of you is a dark and deep abyss.

Xiao Yao's lovely voice sounded in Ye Feng's mind: "Little Ye Zi, if I remember correctly, the tomb of Taixu Fire Emperor is under this abyss, but I feel that the abyss is There seems to be a lot of hell demons living down here, and it may be very dangerous to go down rashly."

After Ye Feng heard this, he was silent for a while and said: "Even if there is a huge danger ahead, I must move forward. I can't miss this opportunity."

Xiaoyao said: "I support you, little Yezi, come on!"

At this time, Ye Feng looked at Bai Susu beside him and suddenly said: "Sister Susu, are you afraid?"

Bai Susu glanced at Ye Feng and said, "You, the younger brother, are not afraid. How could your sister be afraid? Let's go."

Bai Susu stretched out a jade-like white palm, grabbed Ye Feng and said, "Last time you protected me, this time, my sister will protect you."

boom!

Almost at this moment, all the terrifying cultivation of the sixth level of the Heavenly Realm burst out from Bai Susu's body.

Buzz!

A huge wheel of judgment, exuding terrifying and majestic power, also appeared around Bai Susu.

"Uh-huh!"

She pulled Ye Feng and instantly jumped into the abyss in front of the Grand Canyon.

Ye Feng, who was pulled into the abyss, was stunned at this moment.

He thought in his heart: "I just want to ask Sister Susu if you are afraid. If you are, we can wait until our cultivation becomes stronger in the future, and then go to the depths of the hell battlefield to find the tomb of the Taixu Fire Emperor. There is no need to rush right away. Just take the risk."

But what Ye Feng didn't expect was that before he could finish his words, Bai Susu had already pulled him into the abyss...

Chapter 1504 Flying Demon King

boom!

The moment the two of them jumped into the abyss.

Their bodies dropped rapidly.

"Jiejiejie..."

But at this time, ferocious laughter sounded from the stone walls around the abyss, which sounded very penetrating.

Ye Feng and Bai Susu are both masters. Their eyesight is very good, like divine eyes. Even in the dark, they can see everything around them clearly.

At this moment, they looked around and felt a chill in their hearts.

I saw giant bat-like hell creatures lying on all the stone walls next to the abyss.

The eerie laughter just now was caused by these giant bat-like hell creatures.

"This is the flying demon from the hell tribe!"

Bai Susu was well-informed, and a deep seriousness suddenly appeared on her beautiful face.

"Flying Demon?"

Ye Feng looked at the big black bat-like demons on the stone wall. Each one had huge wings, no hands or feet, and all had dark claws. They looked extremely ferocious.

It has to be said that there are too many types of dark creatures in the hell tribe.

Even in this hell battlefield, several different hell creatures have appeared.

You must know that this hell battlefield is just the junction between a small human starry sky territory and the real hell interface.

It can be seen from this that how vast and endless dark creatures exist in the real hell world.

"No wonder the number one enemies of the Northern Divine Academy, no, even all the races in the entire universe, are the Dark Creatures such as the Heavenly Demon Clan, the Hell Clan, the Vampire Demon Clan, the Blood Clan, etc., because their groups are really It's too huge, and it inherently represents destruction. Dark creatures will bring endless disasters wherever they go, destroying all living things, and destroying them is a cancer for the entire universe!"

Ye Feng thought secretly in his heart.

Uh-huh!

Uh-huh!

Uh-huh!

And at this moment,

Before the two of them landed at the bottom of the abyss, they were already surrounded by countless flying demons like giant bats.

"Wheel of Judgment!"

Bai Susu shouted loudly, and the suspended wheel of judgment around her suddenly turned rapidly.

boom!

boom!

boom!

Rays of light of judgment, exuding sacred white light, rushed out from the wheel of judgment in an instant, like white jade war spears, shooting wildly towards the surroundings.

"Pfft!"

"Pfft!"

"..."

Almost at this moment, the bodies of the flying demons all around were pierced, and they let out bursts of miserable howls.

The white divine light flashing from these wheels of judgment seemed to be able to purify everything. All the flying demons that were penetrated were instantly turned into ashes.

"What a waste!"

Ye Feng looked at the flying demons that were purified and turned into ashes, and he couldn't help but take action.

"Sword Qi Fire Storm!"

He held the Demon Dragon Sword and let the Dragon Spirit Holy Fire attach to the sword body. The entire sword immediately turned into a golden flaming giant sword.

Boom!

Ye Feng slashed out with his sword, and the sword spirit in the Demonic Dragon Sword was activated.

"hold head high!"

Along with a fierce dragon roar, a giant dragon with golden flames all over its body rushed out of the sword in Ye Feng's hand in an instant.

"Boom!"

The entire darkness beneath the abyss was illuminated at this moment.

Groups of flying demons, like moths flying into flames, were all scorched black by the flaming dragon, and fell from the sky towards the bottom one after another.

"Wow!"

But this time

At this time, Ye Feng grabbed it with his big hand, opened the entrance to the storage ring's space, and put all the scorched flying demons into it, preparing to use it to devour and practice.

"boom!"

Finally at this time, the two of them landed on the ground beneath the abyss.

All around here are underground caves.

Ye Feng immediately sent a message with his spiritual thoughts: "Xiao Yao, hurry up and find where the Taixu Fire Emperor's tomb is in these underground caves!"

At this time, under the abyss of ten thousand feet, there were all densely packed flying demons, dozens of times more than those lying on the rock wall.

Ye Feng initially estimated that there might be hundreds of thousands of flying demons under this abyss.

Moreover, the cultivation strength of these flying demons is still very strong. Most of them are in the half-step celestial realm, or even advanced existences in the celestial realm.

No matter how powerful Ye Feng and Bai Susu's cultivation and combat power are, they still cannot cope with the onslaught of countless demons at once. It is too terrifying and cannot be resisted by human beings.

"found it!"

Xiaoyao's voice suddenly sounded in Ye Feng's mind.

Uh-huh!

Then Ye Feng immediately received Xiaoyao's thoughts.

That is a map location idea!

"Sister Susu, come this way!"

Ye Feng immediately pulled Bai Susu and ran towards the direction pointed by Xiaoyao.

"Brother Ye Feng, have you found the location of the Taixu Fire Emperor's tomb?"

Bai Susu's eyes were full of surprise.

"found it."

Ye Feng nodded immediately, killed a dozen flying demons that rushed towards him with one sword, skillfully put the storage ring into his body, and responded loudly.

At this time, the direction Ye Feng was running in was the entrance to a very huge underground cave.

But just when the two of them were about to enter the entrance of the underground cave.

"boom!"

Suddenly a huge black spurge, like an ancient monument, fell from high altitude in an instant, blocking the entrance to the underground cave.

"open!"

Ye Feng shouted loudly and slashed at the dark halberd blocking the entrance in front of him with his sword.

"when!"

But in the end, Ye Feng did not smash the black spurge, but it seemed like it had hit a solid copper wall and iron wall, making a violent roar without leaving even a trace.

"What?"

Ye Feng's eyes were startled.

You must know that this sword of yours was struck by a high-quality ten thousand-year-old sword like the Demonic Dragon Sword, and it was also blessed by the Holy Fire and the Gods' Sword Qi.

But it still didn't split the huge black spurge that was as big as an ancient monument.

"Jie Jie Jie! Two human races with such rich and abundant blood, it seems that they are both the geniuses of the human race among the great forces. The skills and energy they have cultivated are so pure and advanced. Great, this time I will meet Good luck! Hahaha!"

Accompanied by an extremely evil laugh, a tall and majestic giant flying demon descended from the sky and stood at the top of the pitch-black halberd.

This extremely tall flying demon is different from other flying demons. He is unusually tall and tall. What grows on his body is not black scales, but dark golden scales. There is also a natural hell charm on each scale. , looking full of dignity.

This flying demon is the king among demons, a flying demon king!

The aura on his body was astonishingly that of the eighth level of heaven and human realm!

Only a little weaker than the Dark Lord.

"This is a high-level flying demon king!"

Bai Susu immediately pulled the Wheel of Judgment back in front of her to protect herself and Ye Feng.

Her eyes were extremely solemn and she said: "Brother Ye Feng, we may really be in trouble."

Chapter 1505 There is only one way

Ye Feng's eyes were also a little solemn at this time.

The flying demon king standing on a pitch-black halberd opposite him was extremely tall, giving people a heart-stopping sense of oppression.

The powerful cultivation level emanating from him was clearly at the eighth level of the Heavenly Realm.

He is two levels higher than Bai Susu, a master of the sixth level of heaven and human realm. .??.??

Moreover, this flying demon king is definitely not an ordinary demon, and his bloodline must be very noble.

"You two geniuses of the human race, stop struggling and become my king's blood food! No! It would be good to train you to become my king's slaves. It would be a pity to eat you directly. After all, the depth of this hell battlefield is But it's very rare to encounter human beings, it's so rare."

The Flying Demon King let out a cold laugh.

boom!

He landed instantly, holding the pitch-black halberd in his huge demonic hand.

This halberd is very heavy and looks like it is made of the strongest black gold in the world.

The body of the halberd is engraved with ancient runes and spells. There are three sharp blades on the tip of the halberd, like a large steel fork. It looks majestic, cold and breathtaking.

"The name of this halberd is the 'Divine and Demonic Halberd', which has been passed down from generation to generation by the royal family ancestors of this king. Although you two are the most powerful geniuses of the human race, you are destined to become prisoners when you meet this king today."

The Flying Demon King seemed to be deliberately showing off when he said these words.

Bai Susu's eyes were extremely cold and she said: "What nonsense? If you want to fight, then come!"

Buzz!

The Wheel of Judgment rotated rapidly in front of her, emitting a dazzling white holy light that could dispel the darkness and coldness.

"You little girl with a tough mouth, I will suppress you completely later, and you won't be so presumptuous!"

The Flying Demon King shouted loudly, holding the mountain-like black god-demon halberd in his hand, and instantly slashed it down in the air.

"Boom!"

The spurge was like a black mountain ridge, majestic and majestic. It was bombarded all of a sudden. In an instant, countless caves around it collapsed, and rubble rolled. The scene was horrifying.

r\u003e

"when!"

Bai Susu mobilized her strength and used the Wheel of Judgment to resist, and a thunderous roar suddenly erupted from the field.

"Deng Deng Deng!"

The next moment, Bai Susu couldn't help but take several steps back.

This made Ye Feng on the side look a little frightened.

He knew how powerful his sister Su Su was.

Moreover, the Wheel of Judgment used by Bai Susu is almost Bai Susu's strongest trump card.

But the flying demon king opposite, the halberd that struck down just now, might just be a normal attack from this demon king.

"We have to find a way!"

Ye Feng's eyes flashed rapidly.

If they can't think of a way, maybe the two of them will really die under this abyss today.

"Boom!"

While Ye Feng was thinking, the Flying Demon King took action again. This time the euphoria was heavier and more terrifying.

"Crack!"

The wheel of judgment condensed in front of Bai Susu even began to shatter, with a crack appearing. The sacred light on the wheel of judgment also dissipated a lot and became dimmed.

"Well....."

A trace of blood also overflowed from the corner of her mouth, and she gritted her teeth, obviously unable to hold on any longer.

Ye Feng saw it in his eyes and felt anxious in his heart.

Because of his current strength, he is not even qualified to intervene in the confrontation between Bai Susu and the Flying Demon King.

"There is only one way! That is to accumulate quickly, strive to break through the tenth level of the Broken Realm, and step into the true Heavenly Realm!"

Ye Feng's eyes immediately showed a determined look.

As long as he can break through to the true realm of heaven and humanity, even if it is just heaven

The human realm is on the same level as heaven.

Then you can summon your future body with the tenth level of Heavenly Realm and Great Perfection cultivation, and use it to deal with the flying demon king.

As soon as he thought of this, Ye Feng immediately said to Bai Susu beside him: "Sister Susu, please hold on for a little longer. It will take me a while to accumulate breakthroughs. As long as I can break through to the first level of the Heavenly Realm, I will be able to exert a powerful force. Use his trump card to kill the flying demon king!"

Are you trying to kill a big demon like the Flying Demon King who is in the first level of the heaven and human realm and is in the eighth level of the heaven and human realm?

This statement sounds simply unbelievable and a fantasy.

But Bai Susu looked at Ye Feng's serious and firm eyes. She nodded immediately and said, "Okay, I believe you, and I will buy time for you."

"Judgement Halo!"

At this moment, Bai Susu shouted coldly, and a huge aperture suddenly appeared on her body.

This huge aperture not only exudes sacred white light, but also exudes a more mysterious nine-color light. That kind of atmosphere is ancient and mysterious, as if it comes from the thirty-three heavens.

This is obviously another very powerful trump card of Bai Susu. It is a power derived from the blood of the immortal race in half of her body.

"boom!"

Enveloped by this nine-colored halo, Bai Susu seemed to have become a Guaghan fairy in the nine heavens. Every move she made was able to mobilize the mighty power of heaven and earth and release incomparable terrifying power.

Suddenly, the flying demon king was beaten back by her.

But it can be seen that every time Bai Susu attacks, the look on her beautiful face turns white. It is obvious that the power to maintain this nine-color aperture consumes a huge amount.

The Flying Demon King obviously also discovered this. He laughed ferociously and said: "Even if you use the immortal power of the immortal world, you can't maintain it for too long. You can't kill me. When your power is exhausted, you will be me." The fish is on the chopping board, let me slaughter it!"

When Bai Susu heard this, her expression was cold and she didn't react at all. She just consumed her strength crazily.

Attack the flying demon king.

At this time, Ye Feng was quickly killing the endless army of flying demons behind him.

"Sword Qi Fire Storm!"

"The Great Light of Destruction!"

Boom!

Boom!

Crazy power burst out from Ye Feng's body.

At this moment, Ye Feng released almost all of his destructive moves.

"Pfft!"

"Pfft!"

"..."

The surging flying demon army was being slaughtered crazily every moment.

"Rumble..."

The majestic and powerful blood energy, as well as the advanced skills of the hell flying demons, were all absorbed into the huge dark vortex behind Ye Feng.

In Ye Feng's body, every inch of flesh and blood, every inch of bone, even all the limbs and bones, and all the major meridians are surging with energy like an angry dragon.

His cultivation skills are growing crazily.

"boom!"

And suddenly at this moment, Bai Susu's strength was exhausted and she fell from the sky, landing next to Ye Feng.

She looked at Ye Feng, who was making a breakthrough, with a bitter smile in her eyes, "Brother Ye Feng, I tried my best..."

"Hahaha! Let them all die for me!"

At this time, the Flying Demon King stepped high in the sky and let out an extremely cruel and hideous laugh.

"Buzz!"

But suddenly at this moment, a majestic and vast energy aura suddenly emerged from Ye Feng's body.

The next moment, Ye Feng suddenly opened his eyes.

He broke through!

Relying on the blood energy ability of endless killing and devouring flying demons, at this moment, he finally broke through to the first level of the Heavenly Realm!

Chapter 1506 The Secret Technique of Clone

Buzz!

The moment Ye Feng broke through, he didn't hesitate at all, and instantly communicated with the future body of Dzogchen.

"All die!"

At this time, the Flying Demon King laughed ferociously, and the god-demon halberd in his hand had already struck down, full of destructive power that shattered everything.

"Buzz!" ??

But at this moment, the majestic shadow of Dzogchen's future body suddenly stepped out of Ye Feng's body.

"boom!"

Dzogchen's future body stretched out one hand and grabbed the flying demon king's jet-black halberd in the air, making a thunderous roar.

"What?!"

The flying demon king's eyes widened immediately when he saw this scene.

He seemed to have never imagined that a small warrior like Ye Feng, who was at the first level of the Heavenly Realm, could actually have a shadow that could withstand his killing power.

"What method is this?"

The Flying Demon King let out an angry roar at this time.

At this moment, even Bai Susu stared in horror at the majestic figure surging out of Ye Feng's body in disbelief.

"kill!"

But at this time, Ye Feng had no nonsense at all.

Directly control the future body and kill the flying demon king in front.

The higher the cultivation level of the Dzogchen future body, the more energy is consumed to maintain the existence of the future body.

At this time, the future body of Dzogchen simply caught the halberd struck by the Flying Demon King, but Ye Feng's own skill was being consumed rapidly.

"Snapped!"

The future body of Dzogchen has a strong cultivation base and tremendous power. With a slap, it directly flew away the halberd in the hand of the Flying Demon King.

"Bang!"

The god-demon halberd was very heavy. After it flew out, it fell to the ground and directly smashed into a large mountain.

"I don't believe it! How can you, an ant-like thing, possibly use such terrifying means? Your combat power is on par with me? This is impossible!"

The Flying Demon King roared loudly and began to perform an ancient and powerful secret technique.

r\u003e

"The heavens are in turmoil!"

"Demons destroy the common people!"

The Flying Demon King roared repeatedly at this moment, and the ancient demon spells on every scale on his body suddenly bloomed with bright magic light.

At this time, the body of the Flying Demon King actually began to split, and then split again, and finally nine demon kings appeared. The aura of each demon king was not weaker than the aura of the Flying Demon King himself.

"This is the ancient hell tribe's clone technique!"

Bai Susu, who was seriously injured, struggled to stand up.

Her eyes were full of horror at the moment.

A total of nine figures of the Flying Demon King stood high in the sky. Each one exuded the overwhelming demonic energy of the eighth level of the Heaven and Human Realm, giving people an extremely oppressive feeling.

When Ye Feng saw this scene, he couldn't help but change his expression: "Nine flying demon kings? How can we fight like this?"

What Ye Feng immediately thought of was to escape with Bai Susu and let the future be broken.

You can search for Taixu Fire Emperor's tomb at any time, there is no need to risk your life.

"Little Ye Zi, wait!"

But at this moment, Xiaoyao's voice suddenly sounded in Ye Feng's mind.

She said loudly: "Little Ye Zi, don't run away in a hurry. Don't be afraid. Those are not nine flying demon kings at all. It is just a kind of illusion. Only one of the nine is the real flying demon king. The other eight All of them are phantoms and illusions, but they need to be judged. If you can't judge which one is the real one, you will be suddenly attacked and killed by the real body of the Flying Demon King. "

When Ye Feng heard this, his eyes immediately moved and he said, "Xiaoyao, how should I judge?"

Xiaoyao said: "I don't know either, I can't judge."

Ye Feng: "..."

He didn't expect that Xiaoyao, a little girl, would make a joke at this critical moment.

Ye Feng used the Divine Eye of Creation and found that he couldn't see his true identity, so he wanted to continue running away.

Xiaoyao continued to speak out

"Little Yezi, although we can't directly tell with the naked eye which one is the true form of the Flying Demon King, little Yezi, I remember I taught you a move called the Great Sealing Technique. If you use it with all your strength, you will definitely be able to The eight fake clones were sealed instantly, and the one that was not sealed and could move is definitely the real one!"

When Ye Feng heard this, his eyes suddenly lit up and he said, "The Great Seal Technique still has this kind of ability?"

Xiaoyao immediately said in the Queen's picture: "Yes! Of course there is such an ability! The Great Sealing Technique is the nineteenth most powerful avenue among the three thousand avenues of the universe. It has unparalleled power. It's something that countless people can only meet but cannot ask for, little Ye Zi, please use it quickly!"

"Boom!"

At this moment, the future body of Dzogchen was beaten by nine flying demon kings until it almost dissipated.

Because the future body of Dzogchen could not tell which one was the true body of the Flying Demon King, he was suddenly attacked miserably.

"Uh-huh!"

Ye Feng himself jumped high into the sky at this moment.

In order to increase the power of the great sealing technique, strive for success once.

Ye Feng instantly inspired a special and powerful talent that he had not used for a long time.

"Ancient Divine Ring!"

This is the second natal companion talent that Ye Feng awakened during the Divine Art of Creation period.

Buzz!

As long as Ye Feng quickly burns his blood, ancient divine rings emitting dazzling light will appear all over his body.

The more ancient divine rings there are, the more Ye Feng's combat power can be continuously enhanced, there is no upper limit!

Buzz!

At this time, under the reflection of the light of thousands of ancient divine rings, Ye Feng stood high in the sky, rendered like an invincible human emperor, full of endless brilliance and momentum.

Even Bai Susu, the core female genius of the inner courtyard of the Northern Territory Seminary, couldn't help but have a moment of surprise in her eyes when she looked at Ye Feng's peerless grace high in the sky.

"Great sealing technique!"

Ye Feng's combat power is now in the Ancient God

With the blessing of Huan, he was promoted to a peak level, and one hand instantly pressed down on the flying demon king who was fighting with his future body below.

"Buzz!"

An invisible and unparalleled power burst out instantly.

Under Ye Feng's palm, there was no destructive energy or fluctuation on the field.

Only an artistic conception appeared that seemed to be able to lock the entire universe.

Any existence, under the great sealing technique, will be completely sealed, lose all energy, and become a mortal thing.

"Buzz!"

Almost at the next moment, eight of the nine flying demon king figures who were frantically beating their future bodies below suddenly stopped moving, as if they were frozen in place.

There was only one figure left, moving quickly.

"That is the Flying Demon King himself!" Ye Feng immediately conveyed his thoughts to his future body.

At this time, the flying demon king was extremely horrified and couldn't help shouting: "What's going on? This... how is it possible! This is the most powerful secret technique of my hell clan! How can you, a mere little human ant, see through it?"ah!!"

Before the Flying Demon King could finish speaking, a monstrous hand from the future body of Dzogchen had already suppressed it and struck at the Flying Demon King.

"Snapped!"

The flying demon king finally had time to scream, and the entire demon body was suddenly beaten into a pool of fragments by the future body of the Great Perfection, which was scattered on the ground.

The flying demon king of a generation dies!

"Swallow!"

At this time, Ye Feng did not waste any time, and immediately flew to the center of the battlefield, and began to release the Devouring Domain, quickly devouring the blood and energy after the death of the Flying Demon King.

In the process of devouring it, Ye Feng suddenly noticed that among the fragments after the death of the Flying Demon King, a piece of demon bone was emitting a faint light.

Ye Feng could tell at a glance that it was the inherited demon bone of the Flying Demon King.

The inheritance contained in it is very likely to be the magical clone secret technique of the hell tribe that the Flying Demon King just used, which can transform one into nine!

Chapter 1507 Entering the Cave

The secret technique of the Hell Clan that transforms into nine is really very powerful.

Although the other clones do not have the same cultivation level as the original one, they are able to greatly confuse other enemies during the battle.

It's the best secret technique for sneak attacks!

At this time, Ye Feng was devouring the blood energy after the death of the Flying Demon King, while taking the inherited demon bone in his hand. His soul power spread out, wrapped around the inherited demon bone, and began to comprehend.

"Sure enough, it's the secret technique of the Flying Demon King that transforms one into nine hell clans!"

After Ye Feng realized this, his eyes immediately became overjoyed.

Unexpectedly, this time I came under the abyss and before I found the tomb of the Taixu Fire Emperor, I had already obtained a set of secret techniques inherited from the hell clan, and they were also very practical auxiliary secret techniques, which can be said to be a treasure.

"boom!"

And just when Ye Feng was silently comprehending, a huge martial arts aura suddenly erupted from his body.

That is the momentum of breakthrough.

And it is a continuous breakthrough.

"The third level of heaven and human realm!"

Ye Feng opened his eyes, his eyes extremely bright.

At this time, Bai Susu also came over.

She saw with her own eyes Ye Feng's weird and terrifying devouring ability.

But Bai Susu didn't ask any more questions, because everyone had their own secrets.

She was very happy to see that Ye Feng had become so powerful now.

"Uh-huh!"

"Uh-huh!"

And suddenly at this moment, two shadows that were exactly the same as Ye Feng suddenly appeared next to Ye Feng.

There were three figures in total, almost all of them identical.

"Huh? Is this... the secret technique inherited from the Hell clan just now by the Flying Demon King?"

Bai Susu's eyes were immediately startled, and she couldn't help but said: "Ye Feng, have you actually successfully practiced this set of secret techniques?"

Ye Feng smiled slightly, dispersed the two clones, and said: "I just realized something temporarily.

Therefore, only two clones can be separated at present, plus the original figure, there are three figures in total. "

At this time, Ye Feng immediately stared at Bai Susu and said seriously: "Sister Susu, thanks to you providing me with the time this time, I will teach you this secret technique of the hell clan's clone."

Bai Susu's eyes lit up and she said, "Really? Brother Ye Feng, you are so good to me."

Ye Feng smiled and said: "Sister Su Su, you don't have to be so polite. You and I are together in the Northern Divine Monastery. We are like relatives. I have long regarded Sister Su Su as my biological sister."

Saying that, Ye Feng pointed out and touched Bai Susu's white forehead with his fingertips.

Buzz!

At this moment, the secret message of the hell tribe's clone secret technique was transmitted from Ye Feng's fingers to Bai Susu's mind.

"I'll try."

Even Bai Susu, a proud woman in the fairy world, is a little eager to try at this moment. After all, the eight clones displayed by the flying demon king before, together with the body of the original body, a total of nine figures, are fake and real, and it is impossible to prevent them. It looks really shocking.

"puff!"

But the moment Bai Susu just cast it, she suddenly spurted out a mouthful of blood.

"Sister Susu!"

Ye Feng immediately stepped forward, supported Bai Susu, and couldn't help but ask: "What's wrong?"

Bai Susu smiled bitterly and said: "This is the secret technique of the hell clan. No other race can practice it. Even if I get the secret of inheritance, I can't use it. Once I use it, my power will flow backwards, my meridians will be disordered, and I will almost become possessed."

Ye Feng's eyes were startled and he said: "Will this happen again? I have never encountered a situation where I was unable to practice the secret skills of other races."

Bai Susu stared at Ye Feng with a look of amazement in her eyes and said: "Brother Ye Feng, I really don't know how you did it. You are obviously the best."

A pure human race. "

Ye Feng was secretly thinking that this was the power of his bloodline inheritance.

His body is like a big oven, capable of containing the power of any attribute in the universe.

But at this time, although Ye Feng was proud of his achievements.

But deep down in his heart, Ye Feng thought of the Gu Clan Divine Kingdom where his mother was.

The orthodox royal family in Gu's Kingdom of God probably have the same inheritance as their own.

Moreover, the royal family of the Gu Clan Divine Kingdom must have been cultivating for many years, and in the Divine Kingdom, they have had endless resources since they were young.

This put Ye Feng under great pressure.

But Ye Feng himself also has his own unique pride.

In addition to his royal bloodline inheritance from the Gu Clan Divine Kingdom, he also possesses the most powerful inheritance of a soul master, the Soul Emperor Seal, whose origin is also very mysterious and powerful.

In addition, since Ye Feng entered the path of spiritual practice, he has had countless more life and death hardships and experiences than those of the royal family of the Kingdom of God. His martial arts will has long been sharpened like steel.

Moreover, the most terrifying thing about Ye Feng is that through training and suffering, he realized his own way of power.

The avenue of power uses pure power to crush everything and crush everything. This is an existence that transcends the three thousand avenues of the heavens. It is a powerful power technique exclusive to Ye Feng. It has been subtly integrated into every move of Ye Feng, in every formula.

With this thought, Ye Feng became more determined, more motivated and confident.

At this time, after Bai Susu recovered for a while, she said: "Anyway, I got this set of hell clan's secret skills of clones. Although I can't cast them, I can use the hell clan's secret skills of clones to see if I can create another one by myself." A similar technique of clone."

Ye Feng couldn't help but nodded when he heard this. He knew that Bai Susu was not joking.

As far as Ye Feng knows now, his sister Su Su is a great figure in the immortal world.

The reincarnation of the character 'Lord of Judgment' has huge potential that has not yet been fully realized.

"Uh-huh!"

Bai Susu suddenly stretched out her slender white palm and grabbed it in the distance.

"boom!"

A pitch-black halberd engraved with traces of dark gold spells was absorbed from the broken mountains in the distance.

Bai Susu held the halberd, handed it to Ye Feng in front of him, and said with a smile: "This divine and demonic halberd is the natal weapon of the flying demon king. It is ranked as a sixth-grade avenue-level magic weapon. Since you can cast the secret of the hell clan's clone, You can definitely use this kind of Hell Clan weapon with magic skills. If you hold it, you may be able to unleash shocking power."

"good!"

Ye Feng held the Divine Demon Halberd and felt his palms sink.

This made Ye Feng secretly surprised in his heart. He secretly wondered how terrifying and towering the weight of this divine and demonic halberd must be. The body of the halberd seemed to contain a huge mountain, heavy and ancient.

"This kind of violent weapon is really suitable for me. Judging from the destructive power of the weapon itself, it is probably even more powerful than the Demonic Dragon Sword."

Ye Feng secretly thought that this time when he returned to the Northern Territory Seminary, he might go to the Heritage Temple to find the weapon inheritance about the halberd technique.

"Sister Susu, it's time to go into the underground cave."

Ye Feng looked at the huge underground cave before and walked towards the entrance.

When Bai Susu heard this, she immediately followed him.

After the two of them entered the underground cave, they immediately felt a gloomy and cold air, which seemed to be able to penetrate the skin and invade the warrior's body.

Buzz!

At this time, the wheel of judgment immediately appeared above Bai Susu's head, spinning slowly and emitting sacred white light.

Ye Feng was also holding the God-Demon Halberd he had just obtained, holding the pitch-black halberd in front of him, on alert.

After all, deep in this cave is the tomb of a human emperor from the ancient Hades era.

Chapter 1508 Coffin

But what made the two men feel relieved was that they entered the deepest area of the underground cave and encountered no danger along the way.

At this time, Ye Feng and Bai Susu were already standing in front of a huge and majestic golden gate.

This golden gate now blocked their way to the deepest part of the underground cave.

Ye Feng's eyes flickered and he said: "Sister Su Su, behind this golden gate may be the tomb of the Taixu Fire Emperor."

Bai Susu nodded slightly and said: "Brother Ye Feng, we must be careful. Since a big figure like Taixu Fire Emperor of the previous era chose to bury himself under the abyss of this hell battlefield, it seems that the purpose is to prevent future generations from finding your own tomb, so there may be extremely terrifying defense methods in this large tomb. "

"boom!"

Ye Feng waved the God and Demon Halberd in his hand and slashed forward in an instant.

"Crash!!"

The entire golden gate was shattered instantly.

Uh-huh! Uh-huh!

The two quickly stepped into it, and happened to see a brilliant underground tomb.

The entire underground mausoleum is simply like an underground kingdom under the ground.

This area of the ground was hollowed out, and ancient city walls, palaces, and many clay sculptures of soldiers were built.

Bai Susu spoke up: "It seems that the Taixu Fire Emperor really regarded himself as the emperor of the human race. After his death, he actually built such a magnificent palace for himself in such a remote place, underground. The underground kingdom, cities, walls, palaces, clay sculptures of soldiers, etc. all exist."

Ye Feng smiled and said: "It is indeed not easy for someone to be the emperor in the last era, the ancient era. Sister Su Su, we should hurry up and find the inheritance place of Taixu Fire Emperor."

With that said, Ye Feng began to speak to Xiao Yao in the Queen's picture: "Xiao Yao, now we have arrived at the tomb of the Taixu Fire Emperor. Quickly check out the most precious inheritance of the Taixu Fire Emperor.

where? "

Xiaoyao immediately said: "I'm already looking. Little Yezi, just walk from the southeast. I sensed a very special aura from there."

"Southeast?"

Ye Feng's eyes lit up, and he immediately said to Bai Susu beside him: "Sister Susu, the inheritance place of Taixu Fire Emperor should be in the southeast. Let's go there quickly."

Bai Susu nodded and said, "Okay, let's go together."

Uh-huh!

Calculate!

The two of them rushed in that direction quickly.

"boom!"

"boom!"

"boom!"

But just as the two of them were setting off, they passed by a battlefield outside the city.

There were many tall clay sculpture soldiers on this battlefield. At this time, these clay sculpture soldiers actually started to move.

The eyeballs made of stones suddenly glowed with scarlet light, looking very strange and terrifying.

"Anyone who breaks into our emperor's tomb without permission will be killed without mercy!"

"Anyone who breaks into our emperor's tomb without permission will be killed without mercy!"

...

Voices full of killing intent came from the tall clay soldiers.

The power fluctuations on these clay soldiers are very terrifying.

"when!"

Ye Feng held the Divine Demon Halberd and struck it with a sudden strike, hitting the head of a clay sculpture soldier, but the result was a sound of metal collision.

The clay soldiers were still intact.

"What?"

this

This scene shocked Ye Feng.

You must know that with Ye Feng's current strong physique, combined with the brute force and impact of an unparalleled halberd such as the God and Demon Halberd, he can definitely destroy a huge city covering a thousand miles in an instant.

But when the halberd hits the head of a clay soldier, it cannot penetrate the clay soldier's puppet body.

This shows that the bodies of these clay soldiers are as strong as divine iron and are very terrifying.

Xiao Yao immediately spoke out in the Queen's picture: "The Taixu Fire Emperor is not only the strongest fire attribute warrior, but also a powerful fire control master. As a fire control master, he is naturally very good at refining pills and refining weapons. Skilled, Taixu Fire Emperor is probably a master of weapon refining, and the materials made from these clay soldiers are probably of extremely high quality!"

Ye Feng's eyes darkened. There were thousands of clay sculpture soldiers who suddenly woke up on the field.

"Boom!"

At this time, the Wheel of Judgment above Bai Susu's head bloomed with sacred white light, resisting the group of thousands of clay soldiers.

"This is a formation puppet!"

Bai Susu immediately said: "Brother Ye Feng, I will stop these clay soldiers for you, and you go find the inheritance of the Taixu Fire Emperor."

Ye Feng knew that he could not waste time now, lest it cause other chain reactions in the tomb. He immediately nodded and said: "Sister Su Su, be careful!"

Uh-huh!

The moment he finished speaking, Ye Feng jumped up and ran directly towards the center of the underground kingdom.

There was a huge palace made of mud. Xiaoyao guided the direction so that Ye Feng no longer had to waste time searching everywhere.

"Uh-huh!"

At the end, Xiao Yao directly urged the Queen Picture to fly out of Ye Feng's arms, leading Ye Feng to quickly rush into the palace.

When they arrived at the palace, there was no danger in the entire palace.

Ye Feng stepped directly into the palace. The first thing he saw was a coffin lying quietly on a high platform in the center of the palace.

In the majestic and majestic palace, in the most precious place in the center, there is a vermilion coffin, which looks extremely strange.

The Queen's Picture was floating next to Ye Feng, emitting a faint pink light.

Xiaoyao's petite girl figure appeared in the queen's picture space.

She was staring at the scarlet coffin and suddenly said: "Little Ye Zi, that should be the coffin of Taixu Fire Emperor. If there is any inheritance, it should be hidden in that coffin."

Ye Feng was a little unsure and said: "I always feel that it's not that simple. A big figure like Taixu Fire Emperor from the ancient times, didn't have any other precautions to place his coffin in the center of the palace openly?"

Xiao Yao was a little unsure when Ye Feng said this, and said: "Little Ye Zi, what you said seems to make some sense. The coffin has to be opened anyway, so I, the Queen, will go and have a look!"

Uh-huh!

Xiaoyao activated the Queen Picture and immediately flew over, setting off a hurricane to destroy the coffin.

"boom!"

But suddenly at this moment, the vermilion coffin lid suddenly opened a gap automatically, and a strange palm covered with black hair suddenly stretched out, and instantly grabbed the queen figure where Xiaoyao was. Then he was forcefully pulled into the coffin.

"Little Ye Zi, save me!"

Xiaoyao finally had time to make such a sound, and the coffin lid closed again.

"Xiaoyao!"

Ye Feng, who was standing not far away, was shocked. He immediately held the God-Devil Halberd and rushed over with an angry look, slashing directly at the coffin.

Chapter 1509 The most powerful inheritance

"Boom!!"

Ye Feng held the Divine Demon Halberd and slashed hard on the vermilion coffin.

But the result was just a roar and the coffin remained intact.

"What?"

"So hard!"

Ye Feng's eyes were startled.

But thinking that Xiaoyao and Queen Tu were caught in the coffin by a strange hand covered with black hair, they might be in danger at any time.

"The Great Light of Destruction!"

Ye Feng instantly displayed this extremely destructive demon inheritance.

"Boom!"

The terrifying light of destruction struck the vermilion coffin.

But what made Ye Feng's expression change was that the wood of the coffin was like divine iron and could not be destroyed at all.

"hateful!"

"Future body! Smash me hard!"

Ye Feng also went crazy and directly summoned the Dzogchen future body.

Buzz!

A majestic figure walked out of Ye Feng's body in an instant.

"Boom!!"

The future body possesses the cultivation level of the tenth level of heaven and human realm, and is directly blasted away with a slap.

This slap may seem simple and casual, but it is the strongest attack of the future body, forging Ye Feng's monstrous power to enter the tenth level of heaven and human realm in the future.

"Crack!"

To Ye Feng's joy, the corner of the vermilion coffin finally broke into pieces under the slap of his future body.

"Roar....."

At this time, there seemed to be a roar like a wild beast in the coffin.

"Clang!"

Almost at the next moment, the lid of the vermilion coffin opened another gap, and the strange palm covered with black hair stretched out again and grabbed Ye Feng.

"when!"

Ye Feng swung the Divine Demon Halberd and struck it on the black-haired palm, causing a burst of lightning and stone fire, which was extremely hard.

"Isn't this rigor mortis?"

Ye Feng looked at the palms covered with black hair, and an idea suddenly came to his mind.

That is, the Taixu Fire Emperor, a human emperor from the ancient underworld, became a terrifying and strange rigor mortis due to absorbing the earth's yin energy under the ground for many years.

Once the corpse of such a strong man turns into rigor mortis, it will definitely be as strong as divine iron and extremely terrifying.

"No matter what, we must rescue Xiaoyao!"

Ye Feng once again struck hard at the black-haired palm.

"Zi la!"

This time, the God-Demon Halberd combined with Ye Feng's Chaos Body brute force finally cut off a piece of black hair on the surface of the black-haired palm, revealing the skin inside.

It was golden iron-like skin, which looked very strange.

!

"Golden skin? This is a sign of sanctification of the body!"

Ye Feng's eyes were startled, and then he became deeply confused.

Logically speaking, if the body is sanctified and the body is like a saint, the Yin Qi from the ground cannot invade the sanctified corpse body, let alone turn into rigor mortis.

But the hand in front of me was indeed rigor mortis.

"Uh-huh!"

But no matter what, Ye Feng wanted to go in and see what happened.

He saw that the black-haired palm was about to retract, and Ye Feng immediately rushed forward, pinched the black-haired palm with one hand, and was pulled into the coffin by the black-haired palm.

"This is....."

The moment Ye Feng entered the coffin, he immediately saw a surprising scene.

Inside this coffin, it turns out to be a small world of its own.

However, this small world is very small, only about the size of a palace, but it can accommodate living creatures.

"Little Leaf!"

Suddenly a picture flew over from not far away, and flew into Ye Feng's arms, hiding itself closely.

Xiaoyao was a little frightened in the Queen's Picture at this time and said: "Little Yezi, I was almost scared to death. Fortunately, the Queen's Picture itself is a treasure. The black-haired rigor mortis could not do anything to me, so it let me go."

At this time, Ye Feng looked not far away and happened to see a tall black-haired rigor mortis standing in a corner of the inner space of the coffin.

A pair of scarlet eyes were staring at him.

"These black hairs are... they seem to be unknown..."

Ye Feng suddenly discovered something unusual.

"It is impossible for a normal corpse of a strong human being with a sanctified body to become rigor mortis, but this Taixu Fire Emperor turned into rigor mortis. Could it be that it was due to an unknown infection that finally turned into rigor mortis?"

Ye Feng thought in his mind, and saw that the black-haired rigor mortis did not attack him. He couldn't help but get braver. He stepped forward and tried to ask: "Senior, may I ask if you have ever been infected with something unknown?"

Xiao Yao shouted in the Queen's Picture: "Little Ye Zi, I think we should escape. There is nothing here, just a terrifying black-haired rigor mortis."

Ye Feng did not respond to Xiao Yao, but just stared at the black-haired rigor mortis not far away.

"It's unknown... You, a young man who has passed through endless years, still know that it's unknown..."

Suddenly at this moment, a hoarse sound like metal friction came from the mouth of the black-haired rigor mortis.

"Oh my god! The black-haired rigor mortis actually spoke?" Xiaoyao's eyes widened in the Queen's picture, and her shocked look was extremely cute.

Ye Feng, on the other hand, looked happy and said, "It seems that I guessed it right. Senior is really

He was infected with an unknown disease, and was invaded by Yin Qi in the depths of the earth, becoming rigor mortis. However, although this is unfortunate, it is also lucky to think about it from another perspective. At least the senior did not really die, but lived in another state of life. Survive. "

The black-haired rigor mortis smiled coldly and said, "This majestic generation of human emperors has now become this rigor mortis that is neither human nor ghost. Is this luck?"

Ye Feng felt the anger and murderous intent on the black-haired rigor mortis, and couldn't help but fell silent.

The black-haired rigor mortis continued to speak: "You go, my Emperor's Taixu Fire was shattered in a great battle in the Hades Era, and there is nothing left here."

Xiaoyao suddenly shouted in the Queen's Picture: "The most precious thing is not the Fire of Taixu, but the Ancient Burning Heaven Technique that you got from a ruin in the God Realm that wandered into the universe! I don't believe it. You don't have the inherited secret of the Ancient Burning Heaven Technique."

The Ancient Burning Heaven Technique?

Ye Feng's eyes moved, but he didn't say much. It would be better to let Xiao Yao, the Queen of Yaochi, do the talking now. ??

After all, she and the Taixu Fire Emperor who turned into black-haired rigor mortis were from the same era.

"The Ancient Burning Heaven Technique!"

The black-haired rigor mortis' originally calm tone suddenly became extremely alarming. He stared at Ye Feng and said: "Boy, who is the weapon spirit in the magic weapon on your body? How could you know the spirit of the previous era? secret?"

Obviously, although the Taixu Fire Emperor captured the Queen's picture before, he did not recognize that it was the Queen of Yaochi.

Ye Feng naturally would not tell Xiao Yao's identity, but just said: "Senior Taixu Fire Emperor, it doesn't matter who my partner is. What matters is that I am willing to use any treasure I have in exchange for your Taikoo." "Burning Heaven Technique."

At this time, Ye Feng's tone was extremely firm, because just now, Xiao Yao told Ye Feng that the Ancient Burning Heaven Technique was very important. It was the strongest fire attribute inheritance passed down from the God Realm to the universe, and could be used to fuse Various types of flames, even holy fires, can be forcibly fused together, constantly advancing and transforming into powerful flames.

For Ye Feng, the temptation was too great.

But after hearing Ye Feng's words, the black-haired rigor mortis just sneered and said: "Young man, you are a little Heavenly Realm warrior, what treasures can you have on your body? You want to

exchange for my Emperor's Ancient Burning Heaven Art?" ? Do you know what the Ancient Burning Heaven Technique represents?"

Ye Feng's face was calm and he said: "Of course I know what it means. The Ancient Burning Heaven Technique is one of the ultimate inheritances of the Hadean Era. It was handed down from the legendary God Realm and can forcibly fuse all kinds of things. All kinds of flames and holy fires can be forcibly fused together to continuously transform into the strongest flame. It is the strongest inheritance in the eyes of alchemists, weapon refiners, or fire attribute warriors!"

The black-haired rigor mortis chuckled and said: "Since you know all this, it's good, Taikoo

Burning Heaven Technique, it is impossible for me to exchange it for you. You should go, otherwise I will be angry. Even if I try to be killed by the unknown power in my body, I will release the fire of my life and kill this ungrateful young man like you. Kill people! "

Ye Feng suddenly spoke up: "What if I could get rid of the ominousness in the body that my predecessor worked so hard to suppress?"

"What did you say?!"

The black-haired rigor mortis' eyes suddenly glowed red, and he rushed in front of Ye Feng. Two rigor mortis claws like divine iron pinched Ye Feng's shoulders, showing the excitement in his eyes.

Although the Taixu Fire Emperor became rigor mortis, he survived the endless years after all, and becoming something like rigor mortis also has advantages, that is, he is not in the cycle of life and death and is almost immortal.

But what has been giving Taixu Fire Emperor a headache is that the unknown force that he struggled to resist with his own life fire has made his body more and more exhausted, and he is almost dying.

Therefore, the Taixu Fire Emperor has never left this hellish battlefield, because he is desperate in his heart, knowing that he has an immortal body of rigor mortis, but the unknown in his body is torturing him to death.

This made his life and future gloomy, with no future in sight.

The unknown is so weird, weirder than rigor mortis and the undead. It is the source of weirdness in the universe.

If Taixu Fire Emperor hadn't been the emperor of the human race for a generation, and had achieved eternal rigor mortis, and the advanced natal fire he had cultivated back then couldn't withstand it inside his body, I'm afraid he would have died long ago.

But now, the young man in front of him said that he could drive away the unknown evil in his body. This made the Taixu Fire Emperor, who had become immortal rigor mortis, suddenly have hope of living again.

Taixu Fire Emperor immediately stared at Ye Feng, and said eagerly and excitedly: "Little brother, if you can dispel the unknown in my body, once I go out, I will be able to achieve glory again, even better than others." The ancient age of Hades is even more glorious, because due to some strange combination of circumstances, this emperor now possesses the immortal body of rigor mortis!"

At this time, Ye Feng looked at the excited black-haired rigor mortis in front of him. He moved the black hair growing on the face of rigor mortis that was almost touching him and said in a voice: "Use the Ancient Burning Heaven Art to exchange for it." "

Taixu Fire Emperor did not hesitate at all and said: "As long as you can dispel the unknown in my body, then I will definitely teach you the Ancient Burning Heaven Technique. In the future, if I establish a huge sect's great cause outside, you can Come to me at any time, and the position of the first inheritor of my sect's great achievements will always belong to you!"

The Taixu Fire Emperor was the emperor of the human race in the last dark and turbulent era, and he was a big shot. Naturally, what he said was not false.

Ye Feng, including Xiao Yao, have no doubt that once a big figure like the Taixu Fire Emperor is expelled from the ancient times, and possesses the body of eternal rigor mortis, once he is born, he will definitely shock this era of cultivation.

Chapter 1510 Dark Conjecture

Ye Feng was also infected with an unknown disease, and his whole body was covered with black hair, which was very strange and terrifying, making people despair.

But Ye Feng was very lucky. He had received a death spine, which was melted into his own spine and used to contain the unknown in his body.

That's why Ye Feng spoke so confidently at this time.

The unknown that gave big figures like Taixu Fire Emperor a headache could be contained by Ye Feng.

At this time, Ye Feng looked at Taixu Fire Emperor in front of him and said, "If senior believes in me, no matter what happens next, senior, don't panic and take action."

Taixu Fire Emperor smiled at this time and said: "I will not panic. Whatever means you have, use them all. As long as you can dispel the unknown in my body, it will be a great favor to me."

Ye Feng nodded slightly, and then began to activate the death spine in his spine.

"boom!"

Suddenly, a dark aura rushed out of Ye Feng's body.

"Crunch, crunch..."

What made people feel palpitated at this time was that the skin on Ye Feng's back spine area instantly peeled away inch by inch.

A huge, pitch-black spine, intricately connected, spread out from Ye Feng's body like a ferocious black dragon.

This scene looked extremely ferocious and terrifying.

Xiaoyao was so frightened that she covered her eyes in the picture of the Queen.

Even the Taixu Fire Emperor, the eternal rigor mortis, couldn't help but reveal a hint of horror in his eyes as he stared at the strange scene happening to Ye Feng.

"Wow!"

At this time, the backbone of the Death God that rushed out of Ye Feng's body became tangled and began to spread towards the Taixu Fire Emperor on the opposite side.

Taixu Fire Emperor instinctively wanted to retreat.

But he suddenly thought of what Ye Feng said before.

Moreover, Ye Feng wanted to help him dispel the unknown in his body.

So Taixu Fire Emperor stood firm again and stood motionless.

At this moment, Ye Feng controlled the backbone of the God of Death, and it instantly spread to the top of Taixu Fire Emperor's head.

"boom!"

The spine of the god of death turned into a big black hand and pinched Taixu Fire Emperor's head directly.

"boom!"

Suddenly, a huge force of death rushed out from the back of the god of death, and began to frantically absorb the unknown energy from Taixu Fire Emperor's body.

This kind of ominousness is a strange energy that Ye Feng cannot even swallow in the Devouring Domain.

For so long, the only useful thing Ye Feng has encountered is the Death Spine.

r\u003e

The power of Death's spine can suppress the unknown and maintain a delicate balance in his body.

So what Ye Feng did at this time was to use the Death Spine to transfer all the unknown things from the Taixu Fire Emperor to his own body.

Although this approach is very risky, and it puts more and more hidden dangers in your body.

But Ye Feng thought, anyway, there is already a strong and incomparable ominousness in him, it doesn't matter if it's more or less.

At this moment, Ye Feng could immediately feel that his Death Backbone was already beginning to absorb the unknown contamination from Taixu Fire Emperor's body.

Because Ye Feng felt that strange and cold energy appeared in his body.

"If this continues, I will become a source of bad luck."

Ye Feng secretly smiled bitterly at this moment.

At this time, the death spine accompanying Ye Feng continued to absorb unknown power.

The black hair that grew on Taixu Fire Emperor's body slowly faded and disappeared, revealing the appearance of a middle-aged man as gentle as jade, like a scholar.

Although the Taixu Fire Emperor has become an eternal zombie, he still looks like a normal human being.

"It's really all gone...all the unknown things have disappeared..."

At this time, Taixu Fire Emperor suddenly burst into laughter.

Buzz!

At this moment, a burst of flame energy that seemed capable of destroying the world surged out of his body.

His natal fire can be used again, and he no longer needs to contend with the unknown in his body.

Because the unknown has all disappeared.

Uh-huh!

At this time, Ye Feng withdrew his death spine.

At this time, Ye Feng stared at the Taixu Fire Emperor with the monstrous power in front of him, grinned, and said: "Senior Taixu Fire Emperor, are you going to destroy me directly?"

When Taixu Fire Emperor heard this, his eyes flashed, and then he laughed loudly and said: "You are a good seedling!"

With that said, Taixu Fire Emperor did not go back on his promise, but handed a book exuding crimson flames to Ye Feng and said: "This is the inheritance book of the ancient Burning Heaven Technique. You can take it back and understand it yourself." , this Emperor obtained the secret of the Ancient Burning Sky Technique from a relic that was exiled from the God Realm to the universe. However, it took decades of practice to initially comprehend the meaning of the Ancient Burning Sky Technique.

The initial secret, young man, come on. "

After saying that, Taixu Fire Emperor dissipated the pressure of flames on his body and rushed out of the coffin space.

"boom!!"

The coffin lid that Ye Feng couldn't split open with the Divine Demon Halberd was accidentally bumped into by the Taixu Fire Emperor who had initially recovered his strength, and exploded into countless pieces.

Obviously, the Taixu Fire Emperor is more powerful than before in this life, and has greater potential.

Not only does he possess the most powerful fire attribute inheritance in the world, the ancient Burning Heaven Technique from the God Realm.

His own body, due to a combination of circumstances, became an immortal body with rigor mortis.

It can be said that as long as Taixu Fire Emperor is given enough time to recover, he may become one of the strongest in the entire northern star field.

Ye Feng did not directly follow Taixu Fire Emperor.

After all, it was just a transaction between Taixu Fire Emperor and himself.

Moreover, the Taixu Fire Emperor is no longer a human being, but rigor mortis.

No one knows whether his character has changed during these endless years of torture.

Therefore, it is impossible for Ye Feng to follow someone he doesn't understand at all.

Xiaoyao also said in the Queen's picture: "Little Yezi, this Taixu Fire Emperor was a character who was both good and evil in the ancient times. This time you got the Ancient Burning Heaven Art, you got huge benefits. In the end, you So stay away from him to avoid being implicated."

Ye Feng nodded slightly and rushed out of the coffin space.

In any case, Ye Feng gained a great deal this time, and obtained the most powerful ultimate inheritance of the fire attribute, the Ancient Burning Heaven Technique, which can smelt all fires in the world and create his most powerful natal flame.

At this time, Xiao Yao spoke up: "Little Ye Zi, I have to remind you that the Taixu Fire Emperor gave you the Ancient Burning Heaven Technique so readily. I have a darker guess, that is, he hopes that you can continue to collect The Ten Thousand Fires in the World are getting stronger and

stronger, and when they reach a certain level, the Taixu Fire Emperor will be able to directly kill Xiao Yezi, seize your life flame, and make himself stronger. "

Regarding Xiao Yao's dark conjecture, Ye Feng nodded slightly and said: "Whether the Taixu Fire Emperor is true or fake, it has nothing to do with me now. Now that I have obtained the Ancient Burning Heaven Art, it is equivalent to obtaining a huge trump card plays a huge role for me. I can continuously improve the quality level of the Dragon Spirit Holy Fire, as long as I keep looking for other flames, or holy fires, and forcibly fuse with the Dragon Spirit Holy Fire. "

While Ye Feng and Xiao Yao were discussing, a graceful and beautiful figure in white flew over not far away.

It is Bai Susu.

When Bai Susu saw that Ye Feng was okay, she immediately breathed a sigh of relief and said, "Brother Ye Feng, it's great that you're okay. A powerful man just appeared and turned thousands of clay soldiers into powder with a wave of his hand. horrible."

Ye Feng nodded slightly and said: "I have already dealt with him, and that person is Taixu Fire Emperor."

"Taixu Fire Emperor?"

Bai Susu's eyes suddenly showed a look of horror, and she said: "Taixu Fire Emperor, that was a big shot in the Minggu Era of the previous era. He is not dead yet?"

Ye Feng's eyes were a little solemn, and he said: "He is actually dead, but he has come back to life. He is no longer a human race, and cannot even be called a living being, but a kind of alien that is not in the cycle of life and death in the five elements of heaven and earth, called Rigor mortis is what is called zombie in the secular world, but in our spiritual world, it is called rigor mortis, and it is an extremely terrifying alien species. "

"rigor mortis?"

Bai Susu's eyes were startled, and then she nodded and said: "I have heard of rigor mortis. The way it is born is very terrible. After becoming rigor mortis, few people in the world can kill him."

Speaking of this, Bai Susu seemed to suddenly think of something, and suddenly asked: "By the way, brother Ye Feng, our group of people broke into the tomb of Taixu Fire Emperor and disturbed his sleep, why didn't he Kill us?"

Ye Feng smiled and said, "Because I helped him."

When Bai Susu heard this, she couldn't help but show surprise in her eyes, and she became more and more surprised at the methods of Ye Feng's younger brother.

However, Bai Susu saw that Ye Feng didn't take the initiative to say anything, so she didn't ask any more questions, but said: "Brother Ye Feng, it's time for us to go back to the Northern Divine Academy. This time you participate in the inner courtyard trial and hurry up to become the inner courtyard." Disciple, when the time comes, you can have your own training place on the mountain in the Northern Divine Monastery. When the time comes, you choose to be with me, Sunu Mountain, so that we, my sister and brother, can take care of each other. This time I almost missed it. Being trapped in this hellish battlefield is absolutely inseparable from the Shangguan family and Shangguan Haotian."

Ye Feng's eyes were extremely cold at this moment, and he said: "Shangguan family? Shangguan Haotian? Huh! When I really grow up, I will make them pay the price!"

Now with countless powerful inheritances and methods.

When Ye Feng faced the Shangguan family, one of the forces behind the Northern Temple, he no longer had any fear, but was filled with burning fighting spirit.
