

Ancient 1521

Chapter 1521 Ridicule

Ye Feng's blood-colored demonic energy surged all over his body at this time, and he seemed to be full of a noble temperament.

He stepped into the castle palace and immediately saw a huge and spacious hall.

At this time, all the people standing in this hall were tall and majestic hell demons.

The cultivation levels of these hell demons are extremely powerful.

The cultivation aura of most demons is clearly at the level of the heavenly realm.

At this time, a very tall figure sat on a huge golden throne at the front of the hall.

This figure is different from other demons.

Most of the other demons have dense black scales covering their bodies.

But at this moment, the tall demon sitting on the golden throne had scales all over his body, which were green in color and looked very strange.

This tall demon sitting on the golden throne is the demon commander who controls this corner area of the hell realm, that is, the Green Devil Soldier Master of the Green Devil Corps!

At this time, Ye Feng walked into the hall and saw the green demon soldier face to face, and suddenly felt a very depressing atmosphere.

That oppressive aura was like a huge mountain, traversing Ye Feng's body.

At this moment, Ye Feng even felt a sense of suffocation that he couldn't breathe.

"The strength of this green demon warrior master is definitely far beyond mine. It is definitely a dark creature at the divine level above the heavenly realm!"

Ye Feng smiled quickly in his heart, and his heart was secretly shaken.

A strong man of this level is indeed qualified to command this entire corner of hell.

However, Ye Feng is not worried that his identity will be exposed.

Because the skills he cultivated have completely transformed his power and aura, including his life

The origin of life was transformed into the blood demon clan.

Therefore, not to mention beings in the divine realm such as the Green Demon Soldier Master, even terrifying dark creatures at the Qiankun realm that have transcended the divine realm cannot see through their true identity.

The moment Ye Feng entered the hall, all eyes fell on him.

Ye Feng first clasped his fists and spoke: "I am the Blood River Lord, a descendant of the Blood Demon Clan who has been hiding in the human territory for many years. I have met His Highness the Green Demon Soldier Lord."

The Green Demon Soldier Master suddenly stood up from the golden throne.

His majestic Green Goblin body, which is nearly ten meters tall, gives people a very depressing and suffocating feeling.

At this time, a smile appeared on the demonic face of the Green Demon Soldier Master, and he said: "Monarch of the Blood River, you are very good. The feeling you gave me is very well hidden, but you Blood Demon clan disappeared in the hell world. It has been a long time. I never thought that a descendant of the Blood Demon Clan would appear in my territory. It is really rare. But this time I invite you to help me figure out how to defeat the human race. The protective formation of the tomb of the strongest."

Ye Feng smiled slightly. Facing a powerful demon like the Green Demon Soldier Master who was at the god level, he was neither humble nor arrogant. He said: "Take me to see the tomb of the strongest human being first. Maybe I can find a way to break it." Open that protective formation."

But at this moment, a demon wearing ancient cyan armor sneered: "Your Highness, Lord of War, I think this guy from the Blood Demon Clan is just here to get a piece of the pie. He has no use at all. But It's just a weak cultivation level at the fifth level of the Heavenly Realm, what use can it be?"

This demon wearing ancient cyan armor has an aura of cultivation at the tenth level of the Heavenly Realm.

Dzogchen.

This demon obviously has an extraordinary status and is a top figure in the Green Devil Corps, so he dared to question Ye Feng in public at this time.

Ye Feng glanced at this demon and couldn't help but smile and said: "Let me ask you, even His Highness the Green Demon Soldier Master can't do anything to protect the formation. It is impossible to rely on hard attacks. You must find someone to protect the formation." Find the location of the formation eye, and then destroy the core of the formation, and then you can enter the tomb of the most powerful person in the ancient human race. "

The demon wearing ancient cyan armor couldn't help but said: "Your Highness, the Lord of War, give me 30,000 elite troops, and I will definitely be able to break the protective formation."

Ye Feng suddenly said: "If this is true, you and the 30,000 elite troops will all die in the guarding formation. It doesn't matter if an arrogant person like you who doesn't take anyone in his eyes dies. What a pity for those 30,000 elite troops."

"Boy, you...!"

The demon wearing ancient cyan armor immediately couldn't help but burst into anger.

"boom!"

An extremely strong killing intent suddenly burst out from this demon's body.

The air in the entire hall suddenly turned cold at this moment.

"Agu! Don't do anything casually!"

But suddenly at this moment, the Green Demon Soldier Leader standing at the top suddenly spoke up.

Buzz!

A kind of aura belonging to the most powerful person in the divine realm suddenly burst out from the body of the Green Demon Soldier Master, shocking the entire audience.

The demon wearing cyan armor is called Agu, and he should be a confidant of the Green Demon Soldier Master.

At this time, Agu's eyes were a little angry, and he seemed to think that Ye Feng was nothing more than a drunkard with a false reputation.

The Green Demon Soldier Master said: "Agu,

If you are really unconvinced, then later we will go to the tomb of the most powerful human race in ancient times. You will lead an elite army of 30,000 people to see if you can break through the protective formation. If you succeed, I will reward you heavily. you. "

Agu immediately knelt down on one knee, clasped his fists and said, "Don't worry, Your Highness, I will definitely succeed!"

After Agu finished speaking, he looked provocatively at Ye Feng, who was not far away.

But in the end, he saw that Ye Feng was already chatting and laughing with a beautiful devil's daughter.

"Damn it! This kid is definitely just a bastard!"

Agu was filled with anger.

At this time, the Green Demon Soldier Master looked at all the powerful men in the entire hall and said: "Let's set off directly to the tomb of the most powerful ancient human race. This time we must successfully break through the protective formation. !"

"Yes, Your Highness the Soldier!"

"Yes, Your Highness the Soldier!"

...

At this moment, all the powerful men of the Green Devil Corps in the main hall roared loudly with excited expressions.

Agu even raised the blue ax in his hand and shouted the loudest, seeming to be extremely confident in himself.

At this time, Ye Feng was indeed chatting with a beautiful devil girl from the hell tribe.

Because Xiao Yao just sensed that this demon girl of the hell clan seemed to have something from the divine realm in her body, which contained the divine power of the divine realm, which Xiao Yao coveted very much.

Ye Feng was chatting with the devil's daughter at this time, just to ask what the divine thing that Xiao Yao sensed was and whether it could be bought by trade.

After all, Xiaoyao's promotion is a great security guarantee for Ye Feng.

In this chaotic and dangerous world of hell, it is of great significance.

Chapter 1522 The Ancient Scroll

On the way a group of Green Goblin soldiers were walking towards the tomb of the most powerful ancient human being.

Ye Feng was chatting with the devil's daughter named "Lili".

Ye Feng went straight to the point and said with a smile: "Miss Lili, I am a businessman. I have a sensitive sense of smell. I can smell the scent of a treasure on your body, which makes me very intoxicated."

Lili is a daughter of a demon. She has lived in the hell world since she was a child. It is common for her to be competitive, but she has never heard such funny words from Ye Feng. .??.

Not only did she not feel embarrassed at all, but she said with a smile: "Lord of Blood River, you speak differently from the rest of our Green Goblin Corps. What you say is very interesting. Did you learn from the human race?"

Ye Feng smiled and said: "I have been in the human race's universe for a long time, and I am indeed becoming more and more similar to the human race."

Lili also smiled slightly and said: "Actually, although I am from the hell clan, I also yearn for the very glorious and splendid human world in the legend. Unfortunately, the entrance to the human universe from our hell world has the strongest human beings. The guards couldn't get out at all."

Ye Feng glanced at Lili in surprise, feeling that this devil's daughter was different from other vicious and cruel dark creatures.

However, Ye Feng was only slightly surprised and had no other thoughts.

What he wants to do most now is to buy the divine things that are of great benefit to Xiao Yao from the hands of the demon girl named Lili in front of him.

So at this time Ye Feng said: "Miss Lili, you also know that I am a wandering businessman wandering in the hell world and the human starry sky universe. I am very curious and sensitive to all kinds of strange things and items. I am interested, so I would like to ask, Miss Lili, can I take a look at all the things in your storage ring? If there are good products, I will exchange them for the unique divine crystals of the human race."

Lili seemed to like Ye Feng, a clean and fair young man from the Blood Demon Tribe. She smiled and stretched out a small white hand with a storage ring on her little finger, saying: "Here~ this is my storage ring." Spirit Ring, you can see it if you want."

Ye Feng's eyes were filled with joy. He didn't expect this devil's daughter to be so easy to talk to. He immediately took the storage ring into his hand, released his spiritual thoughts, and began to explore.

Sure enough, Ye Feng found an ancient scroll from a corner of the inner space of this storage ring.

This seems to be a kind of ancient scroll, with jade material on both sides and an unknown animal skin material in the middle.

Anyway, it looks very ancient.

"Little Ye Zi! It's this ancient scroll! It contains very rich power of the divine world. Maybe after I swallow the refining, I can greatly restore my strength and the quality of the Queen's Picture.

, the power of the divine realm in this ancient scroll is even more powerful than the divine power in the altar of the divine realm last time. "

At this time, Xiaoyao's urgent voice sounded in Ye Feng's mind.

Ye Feng immediately nodded slightly.

"Uh-huh!"

With a thought from his mind, the ancient scroll in the storage ring was immediately taken out by Ye Feng.

Ye Feng held the ancient scroll, looked at the demon daughter Lili in front of him, and said with a smile: "Miss Lili, this scroll seems to be a good thing. I wonder if you can sell it to me?"

Lili glanced at the ancient scroll and said, "Are you talking about this scroll? I picked it up from the back mountain when I was a child. It is of no use to me. You can give it to me for free."

Ye Feng finally gave Lili a dozen divine crystals, making the devil's daughter happy for a while.

After Ye Feng obtained the Ancient Scroll, he did not investigate the details and directly threw the Ancient Scroll to Xiao Yao in the Queen's Picture.

Xiaoyao was very happy and said happily in the Queen's picture: "Thank you, Little Yezi! When this Queen swallows the power of the gods in this ancient scroll and gets promoted, she will definitely protect you, Little Yezi!"

After the words fell, Xiao Yao fell silent, apparently beginning to swallow the power of the divine world in the ancient scroll.

At this time, Ye Feng, following a group of strong men from the Hell Race of the Green Devil Corps, had arrived at a dark wilderness outside the Demon City.

The moment Ye Feng stepped into this dark wilderness, he immediately saw a huge crack opening in the distant earth, spreading tens of thousands of miles.

"Buzz!"

At this time, a large formation emitting thousands of feet of golden light shrouded the entire huge crack, like an indestructible golden light shield.

"hold head high!"

"hold head high!"

There were even golden dragon souls roaring and roaring in the formation.

A total of nine golden dragon souls, showing the momentum of nine dragons playing with pearls, surround the entire golden light formation, overwhelming the sky and the earth with the terrifying pressure of the guardian formation.

At this time, even the green demon soldier leader who had been leading from the front had a serious look on his face.

Agu couldn't wait for a long time. The demon commander shouted: "Thirty thousand elites, follow me! Let's rush into the protective formation together. What is the so-called human formation? Under the iron hooves of so many of our demon elites." Next, everything will be shattered by the impact and turned into nothingness!"

Rumble...

The 30,000 elite demon army, led by Agu, the powerful commander of the Green Demon Corps, were very confident and rushed straight into the golden formation with great vigor. On the way a group of green demon soldiers were walking towards the tomb of the most powerful ancient human being.

Lili seemed to be very fond of Ye Feng, a young and handsome man from the Blood Demon Tribe who was fair and clean. She smiled and stretched out a small white hand with a storage ring on her little finger and said: "Here~ This is my storage ring." Spirit Ring, you can see it if you want."

Rumble...

The 30,000 elite demon army, led by Agu, the powerful commander of the Green Demon Corps, were very confident and charged directly into the golden formation with great vigor.

Chapter 1523: Make some money

"Rumble..."

Agu led the 30,000 elite demon army, rampaged, and rushed directly into the huge golden formation.

"boom!"

"boom!"

"boom!"

The attacks caused by the elite demon warriors, coupled with Agu, a powerful tenth-level heavenly warrior, were extremely terrifying.

But when their attack hit the golden light formation, it was like hitting invisible gas, without causing any damage.

"this.....?"

"How can it be!"

All the demon elites, including Agu himself, couldn't help but exclaimed.

Ye Feng, who was standing outside at this time, saw a sneer on his face when he saw this scene.

Formations are essentially killing methods arranged with the help of the general trend of heaven and earth.

The spatial position of the power manifested by the formation is changing at any time.

This group of stupid hellish demons actually tried to break through the formation with brute force, but it was in vain.

"boom!"

And just when Agu and a group of 30,000 demons were attacking in vain.

The entire huge protective formation suddenly shook violently.

A total of nine huge golden dragon souls appeared above the formation in an instant.

"boom!"

"boom!"

...

The nine-headed golden dragon soul roared, erupting with shocking and terrifying destructive power, and suddenly struck down from high altitude.

"ah!"

"ah!"

"..."

All the elite demon warriors were instantly shattered by the bombardment of the nine golden dragon souls, turning into blood mist all over the sky.

"boom!"

Even Agu, a powerful demon in the tenth level of the Heavenly Realm, had deep fear in his eyes.

He held the green ax in his hand and pointed it at Gao

Kong slashed violently.

But it couldn't hit the golden dragon soul at all, as if it was chopped in the air.

"boom!"

But the power of the golden dragon soul was able to cause harm to Agu.

"Crack!"

At this moment, the golden dragon soul swooped down, and Agu was blown away. The ancient cyan armor on his body was shattered inch by inch.

"ah!!"

Agu howled miserably, bleeding from all his orifices. His majestic demonic body fell to the ground and died on the spot.

At this point, the 30,000 elite demon army, plus Agu, a powerful and top commander, all died in the guardian formation.

"What?!"

"Damn it!"

Seeing this scene, countless strong men from the Green Goblin Corps outside couldn't help but look very angry and ugly.

But then no one dared to continue to charge forward.

Because even the most valiant and skilled Commander Agu died instantly in that formation.

"Damn it..."

At this moment, the Green Demon Soldier Master couldn't help but sigh.

He knew that there was really nothing he could do this time.

"Your Highness the Green Demon Soldier, Agu seems to have failed. Now it's my turn..."

Suddenly at this moment, Ye Feng's figure appeared next to the Green Demon Soldier Master.

The Green Demon Soldier's eyes were stunned, and he almost forgot about this Blood River Lord.

He immediately said: "Your Excellency, Lord Blood River, can you do anything?"

Ye Feng nodded and said: "I do have a way, I just need His Highness the Green Demon Soldier to give me some materials to break the formation."

The Green Demon Soldier Master heard Ye Feng say that there was a way to defeat

Formation, he couldn't help but said immediately: "Okay! Whatever materials you need to break the formation, I can promise to give it to you."

When Ye Feng heard what the Green Demon Soldier Master said, his eyes suddenly showed a hint of joy.

For Ye Feng, breaking the formation is very simple. As long as he uses the Divine Eye of Creation to detect illusions, find the formation eye that guards the formation, and destroy the formation eye, he can break through the guarding formation.

But Ye Feng naturally couldn't work in vain, so he used the excuse that he needed materials to break the formation and prepared to get a lot of wool from the Green Demon Soldier Master.

At this time, the Green Devil Soldier Master immediately spoke to all the powerful Green Devil Soldiers on the field: "You have taken out all your storage rings and let the Blood River Lord find the materials to break the formation."

Ye Feng was even more delighted when he heard what the Green Demon Soldier Master said.

I didn't expect that this green demon soldier support me so much, it's really cool.

However, Ye Feng knew very well that the Green Demon Soldier Master did not really support him, but wanted to enable him to break the formation as soon as possible.

In this case, his Green Goblin Corps will definitely usher in a huge development if they obtain the countless wealth and treasures in the tomb of the most powerful ancient human being.

That's why the Green Demon Warlord supported Ye Feng so much at this time. ??

At this time, the Green Demon Soldier Master suddenly looked at Ye Feng again and said: "Monarch of Blood River, I hope that after you get the materials you need, you can successfully destroy that formation. If you dare to play tricks on me, Then I will kill you on the spot."

Demon lords like the Green Demon Soldier Lord are indeed moody beings.

His willingness to support Ye Feng in this way naturally has his own considerations.

Ye Feng had no fear, just smiled and said with great confidence: "I am not that stupid Commander Agu under your command. I can't break the ancient human race's protective formation by running rampant."

The Green Demon Soldier Master heard what Ye Feng said and nodded.

Said: "You start selecting the materials needed to break the formation. I have already prepared them."

At this moment, dozens of strong men from the Green Demon Corps, including the Green Demon Soldier Master, were holding their storage rings in their hands, waiting for Ye Feng to explore and select them.

"Little Ye Zi, you are such a thief!" At this time, Xiao Yao couldn't help but speak out in the Queen's picture.

Ye Feng smiled slightly and communicated with his soul: "Xiao Yao, I am not a thief, but a deserved reward. I help them break the formation and make some profit myself. That is definitely necessary, otherwise I will be too loss."

Ye Feng knew that the Green Demon Soldier Master was a powerful person in the divine realm, and there were many powerful people at the peak of the celestial realm.

If the protective formation is broken and the tomb is opened, maybe nothing will happen to me.

Now that the protective formation has not been broken, the Green Devil Corps still has something to ask of themselves. Now that I have the conditions to get some profit from them, naturally I can't let this good opportunity pass, otherwise it will really be a wasted trip.

So at this time, Ye Feng felt very at ease and began to look for the training materials he needed from the storage rings of the powerful demons.

Of course, Ye Feng couldn't take them all. That would be too exaggerated and he would be beaten by a group of people.

So in the end, Ye Feng took away one-fifth of the resources from each demon strongman's storage ring, all of which were the cultivation resources he needed.

When many demons saw that Ye Feng even wanted to take away the demon blood pills, they couldn't help but complain: "Is what this Blood River Lord is really taking away the formation-breaking materials?"

Another demon whispered: "Don't question it, this is the decision of His Majesty the Lord of War. Maybe the human formation is so magical and requires pills to crack it."

And just when many demonic warriors from the Green Devil Corps were talking about it.

Ye Feng was satisfied with collecting a huge amount of wealth and training resources, and walked towards the guardian formation not far away that exuded thousands of feet of golden light.

Chapter 1524 Admiration

Buzz!

Under the gaze of everyone, Ye Feng walked towards the protective formation alone and very courageously.

At this moment, many powerful demons were talking about it behind the scenes.

"Can this Blood Demon Clan boy do it?"

"I find it a bit suspenseful. After all, even a strong man like Commander Agu was killed in the guardian formation."

"In any case, the Blood River Lord of the Blood Demon Clan has already collected so many resources from us to break the formation. If he is unable to break the formation, His Highness the Soldier Master will definitely kill him instantly in a rage!"

...

All the powerful men in the Green Goblin Corps were talking in low voices.

Apparently Ye Feng had plundered a lot of good things from each of them before, which made these powerful demons feel a little unhappy.

They even expected Ye Feng to die directly so that they could get back their resources.

At this moment, Ye Feng walked directly into the guarding formation alone.

The infinite golden light suddenly enveloped his entire figure.

At this moment, Ye Feng disappeared into the formation alone, and no demons outside could see him.

"I hope he can successfully break the formation inside."

At this time, the Green Demon Soldier Master looked at Ye Feng's disappearing figure and murmured loudly.

At this time, within the formation.

Ye Feng did not immediately activate the Divine Eye of Creation.

Instead, he walked to the place where Agu and 30,000 demon elites were obliterated by the formation, and began to operate the Devouring Domain.

"boom!"

It was a large swallowing vortex of darkness that struck out from Ye Feng's body.

Although this army of demons has been wiped out for a while.

But the place where they died was still filled with a lot of rich blood essence.

These are all great supplements for Ye Feng.

You must know that these dead demon elites are all powerful warriors in the Green Demon Corps.

There is even a god like Agu

The demon commander of the tenth level of the human realm.

Although after they were wiped out, a lot of their blood energy had dissipated.

But even the remaining blood essence allowed Ye Feng to have a full meal.

"Wow!"

At this time, Ye Feng opened his mouth and inhaled, and the essence of demon blood in the sky was swallowed by him.

"boom!"

A huge amount of heat exploded in Ye Feng's body in an instant.

It was extremely pure energy, full of majestic vitality.

At this moment, Ye Feng's skill cultivation was rapidly increasing at a speed visible to the naked eye.

"boom!"

"boom!"

"boom!"

The next moment, three huge martial arts auras burst out from Ye Feng's body.

At this moment, he broke through the third heaven in a row and rushed directly from the fifth heaven of the heaven-human realm to the eighth heaven-human realm!

"The cultivation of the eighth level of the Heavenly Realm is getting closer and closer to the Divine Realm."

Ye Feng murmured, his eyes full of joy.

This time, he disguised himself as a blood demon and broke into the hell demon city. It seemed that he made the right choice.

"hold head high!"

"hold head high!"

And suddenly at this moment, nine golden dragon souls condensed in the sky above the guardian formation, roared into the sky, and charged towards Ye Feng.

The attacks of these golden dragon souls were terrifying. Ye Feng had only seen them before.

Even a powerful demon commander like Agu who was at the tenth level of the Heavenly Realm was destroyed by these golden dragon souls in an instant and fell instantly.

Uh-huh!

Ye Feng's eyes condensed, and he immediately turned the space gem. His whole body suddenly flashed to the high altitude of the guardian formation, avoiding the golden dragon.

Soul attack.

"The Divine Eye of Creation!"

Ye Feng was running the Divine Eye of Creation at this moment, and in an instant all the internal secrets of the entire protective formation were transformed into the most original threads in his eyes.

At this time, under Ye Feng's Divine Eye of Creation, the originally solid world seemed to have turned into its most primitive form, becoming a strange scene composed of threads of the most original power.

This feeling is like analyzing the entire real world from the deepest level. This ability can be said to be very evil.

It has to be said that with the improvement of Ye Feng's cultivation, the various talents he had awakened before are also growing subtly.

You know, the Divine Eye of Creation did not have such terrifying ability before.

But now, Ye Feng once again used the Divine Eye of Creation and immediately saw the most fundamental thing in this world.

It is composed of countless most original energy threads.

Including the invisible protective formation, everything was clearly visible in Ye Feng's eyes.

"Buzz!"

Ye Feng immediately saw that somewhere in the southeast of the protective formation, a group of energy light emitting violent red light was floating there, continuously providing energy to the entire formation.

"That's the formation eye!"

Ye Feng's eyes were filled with joy, and he immediately jumped up and flew directly in that direction.

The formation seems to be aware of the enemy Ye Feng, and is now quickly approaching its core area, which is the eye of the formation.

"boom!"

"boom!"

"boom!"

Suddenly, beams of destructive energy burst out from above the entire formation, blasting towards Ye Feng.

Those terrifying energy beams emitted thousands of feet of golden light and were filled with endless destructive power.

I am afraid that even a strong man at the level of God will completely fall under the bombardment of countless energy beams, and his body and soul will disappear.

, turned into dust.

At this time, even though Ye Feng possessed a powerful Chaos Body, he felt a shadow of death enveloped him.

"Future body!"

"Die for me once!"

Almost at this moment, without any hesitation, Ye Feng directly called out from the crystal mirror the Dzogchen future body standing at the end of the long river of time.

"boom!"

The moment the stalwart figure of the perfect future body at the tenth level of the Heavenly Realm appeared, an aura of vastness was immediately exuded from all over the sky.

"Boom!!"

The future body of Dzogchen is like a fearless warrior at this moment, rushing towards the destructive energy beams all over the sky in an instant.

And Ye Feng himself has no time to pay attention to this place at this time.

Uh-huh!

He quickly rushed to the direction of the formation's eye and directly slapped it on the formation's eye.

"Boom!!"

"Boom!!"

Two terrifying roars sounded instantly, with earth-shattering power and aura.

These two terrifying roars were the roar of Ye Feng's slap that shattered the formation eye, and the roar of countless energy beams penetrating and destroying the Dzogchen future body.

At this moment, the huge golden light shield that worried countless strong men in the entire Green Devil Corps finally began to disintegrate inch by inch.

At this time, in the dark wilderness outside the formation, a group of strong men from the Green Devil Corps saw that the protective formation was disintegrating inch by inch, and their faces instantly showed expressions of disbelief.

"That boy from the Blood Demon Clan...really succeeded?"

Countless strong men from the Green Devil Corps felt deep admiration for Ye Feng in their hearts at this moment.

Chapter 1525 Map Guide

As the protective formation disintegrated inch by inch, the entire Green Devil Corps suddenly cheered.

They never thought that the seemingly ordinary boy from the Blood Demon Clan could actually have such a method. He destroyed the ancient formation of the human race that even the Master of Arms could not break as soon as he entered.

"It seems that the Blood River Lord is really extraordinary."

At this time, many of the powerful demons in the Green Devil Corps couldn't help but sigh.

At this time, the Green Demon Soldier Master, who was in charge, couldn't help but his eyes lit up when he saw the protective formation that was disintegrating inch by inch.

Originally, he was about to give up on this tomb of the most powerful man in ancient times.

But now a Hell Clan businessman who traveled all over the world suddenly appeared, and he really cracked this protective formation that was easy to defend and difficult to attack. It made even the super masters of the God Realm like the Green Demon Soldier Master feel the same. A deep sense of wonder.

After all, there was nothing he could do about this protective formation. Even the power of the divine realm could not destroy this protective formation.

But not long after Ye Feng entered, the entire protective formation quickly disintegrated.

This magical method made all the strong men of the Hell Clan present show deep awe in their eyes.

Although Ye Feng's cultivation level is not particularly high, this method convinced every devil.

Uh-huh!

Ye Feng's figure rushed out from the protective formation.

At this time, many demons looked at Ye Feng, and their eyes had changed from disdain to awe now.

The Green Demon Soldier Master also looked overjoyed and said, "This protective formation has really been unlocked. That's great. Let's go in directly."

boom!

The Green Demon Soldier Master couldn't bear it any longer. He led dozens of top warriors from the Green Demon Corps and rushed directly into the cracks in the earth behind the guardian formation.

Ye Feng's eyes flashed, and he followed behind many strong men and flew in.

This big crack in the ground is very deep and bottomless.

Many strong men descended nearly tens of thousands of feet before finally touching the ground beneath the ground.

Snap.

Snap.

One by one, all the strong men of the Green Devil Corps landed.

Ye Feng also came to the depths of the earth.

A very shocking scene suddenly appeared before their eyes.

In front of this deep underground, there is an ancient battlefield.

That's right!

It's an ancient battlefield.

Among them are countless remnant soldiers with broken armors, spreading red all over the world.

The brutal killing intent, even after endless years, still makes countless strong men shiver at this moment.

At this time, the Green Demon Soldier Master couldn't help but change his face when he looked at the extremely tragic ancient battlefield underground, and said: "This is not the tomb of a powerful ancient human being at all, but a mausoleum." Very ancient underground battlefield ruins."

Many powerful men from the Hell Clan in the Green Devil Corps couldn't help but look shocked when they heard this.

"It's not a mausoleum from an ancient battlefield of the human race, but a tragic ancient battlefield?"

"In that case, if we spent so much effort to attack, wouldn't it be in vain?"

"This trip is not in vain. You must know that there are many treasures left behind in the ancient battlefield."

"Yes, many ancient treasures have not decayed after endless years. They must contain great value. We directly entered the tragic battlefield to search.

Scratch it. "

The strong men of the Green Devil Corps suddenly became excited in their eyes, and they all ran towards the tragic ancient battlefield.

The Green Demon Soldier obviously did not expect to see such a shocking ancient battlefield under the ground.

But the next moment he also entered the tragic ancient battlefield, hoping to find some treasures.

After all, in this kind of ancient battlefield, it is very likely that some powerful relics will appear.

Uh-huh!

Ye Feng did not hesitate at this time and quickly rushed into the ancient battlefield.

Under the induction of his spiritual mind, he discovered that the entire ancient battlefield had gone through endless years, and the strong men of the human race and the hell race who fought back then had lost all their energy and blood long ago.

"It's such a pity that I can't swallow the blood of the ancient strong man."

Ye Feng muttered in his heart, feeling a little pity.

"Let's collect these broken soldiers and armor that are not decayed first."

At this time, Ye Feng waved his hands repeatedly and collected many weapons and armors covered in dust on the ground into his storage ring.

The weapons and armor on these ancient battlefields have basically lost their original spirituality, and are just a set of heavy weapons and armor without spirituality.

Therefore, the other powerful men of the Hell clan in the Green Devil Corps have no interest in these armor weapons that have lost their spirituality.

But Ye Feng is different.

He obtained these armor weapons not for his own use, but to extract their original attributes.

Although these armor weapons have lost their original spirituality.

But the original attributes contained in them have always existed.

Suddenly at this moment, Xiaoyao appeared in the Queen's Picture

He spoke out: "Little Ye Zi, in the ancient scroll you gave me before, there was a map traced on it, but I still couldn't understand where the map pointed. But now you have come down to this ancient world under the ground. The battlefield, but I suddenly remembered that the ancient map in the Elder Scroll seems to be consistent with this ancient battlefield. "

When Ye Feng heard Xiao Yao's voice, he couldn't help but move his eyes and said, "Then the Elder Scroll is an underground map?"

Xiaoyao nodded and said: "I swallowed the power of the divine world. I originally wanted to throw away the ancient scroll, but out of curiosity, I opened the scroll and saw an ancient map. The map Part of the terrain is exactly the same as the ancient underground battlefield where you are now, Xiaoye. There is also a large crack in the ground depicted on it, and there is an underground battlefield underneath. "

Hearing this, Ye Feng looked around and determined that the other powerful men from the hell tribe were frantically searching the ancient battlefields and did not pay attention to him.

At this time, Ye Feng took out the ancient scroll from the Queen's Map. After opening it, he saw a map on it.

At the beginning of the map, a large crack in the ground was traced. Under the crack, there was an underground world, which eventually led to a certain direction.

"This ancient scroll fell from the legendary world of gods. I feel that there is definitely a big secret hidden deep in the underground world and in the direction pointed out on the map."

Ye Feng and Xiao Yao discussed it and then quickly flew in a certain direction.

At this moment, the Green Demon Soldier Master also disappeared in this ancient battlefield.

Obviously, the Green Demon Soldier Master is not very interested in this ancient battlefield. They are just some remnant soldiers with broken armor.

He was obviously going to explore the deepest areas of the underground world.

At this time, Ye Feng also followed the guidance on the ancient scroll and flew towards a certain direction in the underground world.

Chapter 1526 Extremely Cold Flame

Uh-huh!

Uh-huh!

Ye Feng was very fast, and with the guidance of the map, he quickly reached the deepest part of the underground world.

In the deepest part, there is a large underground river.

The river water is extremely cold, and the cold air emanating from it can freeze all the energy and blood in a person's entire body.

"That is....."

Ye Feng saw at this time that on the other side of this underground cold river, there was an ice crystal hall standing impressively.

The entire hall is made of transparent ice crystals.

It seemed to be a kind of eternal ice, exuding the ultimate coldness that could freeze the blood.

Even Ye Feng's now powerful Chaos Body felt a cold feeling at this moment.

"I haven't experienced the cold feeling in a long time."

Ye Feng murmured, and then his eyes showed a deep fiery look.

You know, now there is a whole river between you and the ice crystal hall.

But even at such a long distance, Ye Feng still felt an extremely terrifying cold air.

This shocked Ye Feng.

But apart from the shock, there was also deep excitement and enthusiasm.

Because the chance creation contained in the ice crystal hall is absolutely terrifying.

"Boom!"

Suddenly at this moment, an extremely loud roar suddenly came from the ice crystal hall.

The roaring sound was obviously the effect of powerful forces colliding together.

At this time, Ye Feng's eyes suddenly showed a look of fear.

"ah!"

Along with the huge roar before, another vague roar came from the ice crystal hall.

The timbre of that roar was very familiar to Ye Feng. It was the voice of the Green Demon Soldier Master before.

"Sure enough, the green demon warrior master is indeed a strong man in the divine realm. He found this place one step ahead of time. I still had a map to guide me before I finally arrived here. I have to say that the spiritual thoughts of a strong man in the divine realm are really terrifying. "

Ye Feng thought in his mind, quickly crossed the cold river in front of him, and lurked next to the Ice Crystal Hall.

At this time, Ye Feng hid his aura and used the Divine Eye of Creation to break through all the obstacles and saw the scene in the ice crystal hall.

At this time, in the main hall, the Green Demon Soldier Master was full of demonic energy and was fighting an ice giant.

Inside the body of this ice giant, a ball of flame exuding extremely cold air was burning fiercely.

This ball of ice flames provided the ice giant with a steady stream of huge energy, so much so that the green demon soldier couldn't help but retreat.

"That's the flame of extreme cold! The most powerful holy fire ranked 679th on the list of holy fires in the heavens!"

At this moment, Xiaoyao spoke out in the Queen's picture.

Xiaoyao was the Queen of Yaochi back then. Although she lost a lot of memory, basic common sense is still deeply imprinted in her mind, which is the so-called subconscious knowledge reserve.

So Xiaoyao blurted out at this time.

"The flame of extreme cold? Is it the holy fire?"

Ye Feng's eyes suddenly moved, and then his face showed deep surprise.

Unexpectedly, under the ground of this hell world, I would encounter this kind of sacred fire that is rare but cannot be sought.

The Dragon Spirit Holy Fire that Ye Feng obtained before was ranked 368th.

And this extremely cold flame ranks 679th on the list of all fires in the world.

Although the rankings are quite different, this does not mean that the Extreme Cold Flame is weaker than the Dragon Spirit Holy Fire.

Because each kind of holy fire has its own unique ability.

The Ten Thousand Fires List only ranks the holy fires based on comprehensive considerations.

In fact, every kind of flame, as long as it is a holy fire, no matter what its ranking, is a unique existence in the world.

So Ye Feng's eyes were very excited at this time.

His face was full of joy.

In the past, even if Ye Feng met the Holy Fire, he might not be too interested.

Because the holy fire is unique.

Many holy fire alchemists, after integrating one kind of holy fire, can no longer accommodate other holy fires.

Because the holy fire has its own will, the two holy fires cannot be merged together.

If they are forcibly fused, they will definitely explode and die.

But now Ye Feng has obtained a set of supreme fire-attribute inheritance from the God Realm from the hands of a powerful man from the Hades Era: the Ancient Burning Heaven Technique.

Possessing the Ancient Burning Heaven Technique, Ye Feng can ignore the rejection of any flame.

He can even fuse two or more different types of the most powerful holy fire into his body to create his own most powerful mixed natal fire!

The reason why the Taixu Fire Emperor became the overlord of the human race in a chaotic era like the Ming Dynasty was because this ancient Burning Heaven Technique was so overbearing and terrifying.

I am afraid that even in the God Realm, the most legendary interface among the heavens, the Ancient Burning Heaven Technique may be one of the most powerful ultimate inheritances.

However, the Taixu Fire Emperor has now achieved an eternal zombie body, invincible to water, fire, thunder and lightning, and will definitely become more terrifying.

Ye Feng thought for a while and became very determined in his heart. The extremely cold flame that appeared in the ice crystal hall was the holy fire, and he must get it.

If you obtain the Extreme Cold Flame and fuse the Extreme Cold Flame with the Dragon Spirit Holy Fire, your natal fire level will experience a huge improvement.

When the two holy fires merge, the power that explodes is absolutely terrifying! Uh-huh!

Uh-huh!

Ye Feng was very fast, and with the guidance of the map, he quickly reached the deepest part of the underground world.

Chapter 1527 Fully Wanted

"Boom!"

"Boom!"

At this time, in the ice crystal hall, the green demon warrior master and the ice giant whose body was burning with extremely cold flames were fighting fiercely.

"boom!"

At this time, the ice giant suddenly condensed a huge battle ax in his hand, and instantly chopped it on the shoulder of the green demon warrior master.

"Pfft!"

Blood splattered, and the Green Demon Soldier didn't pay attention. His shoulder was slashed and a huge scar appeared.

"hateful!"

The Green Demon Soldier did not expect that this ice giant transformed into extremely cold flames would be so powerful.

He roared and unleashed a supreme killing technique: "Hell's Judgment!"

boom!

This is not a fixed move, but an extremely terrifying secret technique.

At this moment, the Green Demon Soldier Master unleashed his power, and he blasted forward with both hands.

"Boom!"

Immediately, a terrifying energy like the power of judgment broke out.

The entire ice giant was covered.

"Click, click..."

The ice giant was originally extremely brave, but its solid body of ice and snow was disintegrating inch by inch at this moment. The scene looked extremely terrifying.

"Hahaha! The power of my Hell's Judgment can destroy anything solid under the sky. Even the ice giant formed by the extremely cold flames is destined to be unable to escape! You must become the one in my palm."

At this time, the Green Devil's eyes suddenly became extremely greedy and fiery.

He instantly rushed towards the shattering ice giant and grabbed one hand directly at the ball of extremely cold flames in the ice giant's body.

"boom!!"

But at this moment, the ice giant exploded.

Countless terrifying icy air, as well as sharp-edged ice fragments all over the sky, at the moment of the explosion, under the impact of the terrifying air waves, had extremely terrifying penetrating power and spread rapidly towards the surroundings.

"Pfft!"

"Pfft!"

"..."

In an instant, the Green Demon Soldier Master was stabbed into a sieve, and the entire burly demon body suddenly became scarred.

"ah!!"

However, the Green Demon Soldier Master is, after all, a powerful person in the divine realm, and he is a member of the Green Demon clan among the hell clan, with a powerful demonic body.

At this time, he was not dead, but he was seriously injured. He retreated hundreds of steps and retreated to the corner of the hall.

At the location of the explosion just now, the ice giant completely disintegrated and disappeared.

Only a ball of extremely cold flames was left, burning quietly in place, seemingly losing all its power.

But now the Green Demon Soldier Master is completely scared.

At that moment, he almost died.

At this time, the Green Demon Soldier Master was recuperating in place, quickly regaining his strength, and then went to find out.

"Uh-huh!"

But suddenly at this moment, a figure suddenly flashed in from outside the hall, grabbed the ball of extremely cold flames, and then quickly ran outside.

"What?!"

The Green Demon Soldier Master didn't even react, and the extremely cold flames had disappeared from his sight.

"That figure from the back is... the Lord of Blood River!"

When the Green Demon Soldier Master saw the fleeing figure, his face suddenly became extremely angry.

"Thieves, please leave!"

The Green Demon Soldier Master did not care about the serious injuries on his body at this time, and suddenly burst out with powerful power belonging to the god level.

"boom!"

He suddenly stretched out a hand, and a pitch-black claw covering thousands of feet appeared in the sky, covering Ye Feng's figure.

"boom!"

The huge black claws attacked Ye Feng fiercely.

"puff!"

Ye Feng instantly spurted out a mouthful of blood

.

But he did not die, but continued to escape into the distance.

"What?"

When the Green Devil Soldier Master saw this scene, he suddenly became extremely frightened and angry.

Even if a strong Dzogchen practitioner in the tenth level of the Heavenly Realm is attacked by a strong person like the Green Demon Soldier Master in the Divine Realm, his body will be blown to pieces immediately.

But Ye Feng didn't, he just spit out a mouthful of blood.

You know, Ye Feng's cultivation level is only at the eighth level of the Heavenly Realm. ??

"impossible!"

The green demon soldier's eyes were extremely angry, and he couldn't help shouting: "The body of the blood demon clan cannot be so strong!"

He still wanted to take action, but the blow just now was already the most powerful one.

At this time, the Green Demon Soldier took action again and again, and his own strength was getting weaker and weaker, but he was unable to attack Ye Feng.

Ye Feng's back has completely disappeared from the sight of the Green Demon Soldier Master.

"hateful!"

"puff!"

When the Green Demon Soldier Master saw this scene, he immediately spat out a mouthful of blood in anger.

The Green Goblin Soldier worked hard, even consuming the blood of the original Green Goblin, and used the forbidden technique of "Hell's Judgment" to finally smash the Ice Giant into pieces.

But in the end, the fruit of victory, Extreme Cold Flame, was snatched away by a weak thief at the last moment.

This made the Green Devil Soldier Master so depressed that he wanted to go crazy.

"We are going all out to find Lord Blood River, this evil thief! If I catch him, I will make sure that he is cut into pieces and his bones are shattered into ashes!!!"

The angry roar of the Green Demon Soldier Master spread throughout the entire underground world in an instant.

Immediately, many strong men from the Green Devil Corps heard this angry voice.

"What's going on? Aren't the Lords of Blood River and His Royal Highness the Soldiers in a cooperative relationship? Why are they turning against each other now?"

"It seems that Lord Blood River robbed the treasure of His Highness the Lord of War. Didn't you hear His Highness the Lord of War calling Lord Blood River the 'evil thief'?"

? "

"No matter what, we must obey the orders of His Royal Highness, the Lord of War, and from now on, we will go all out to hunt down the Blood River Lord!"

...

The strong men of the Green Devil Corps all spoke out one after another at this time.

And just when the entire Green Goblin Corps was looking for the Blood River Lord.

Ye Feng had already returned to the ground.

As his aura changed, he changed from the blood demon clan to the human clan again, and his appearance returned to its original appearance.

When disguised as the Blood River Lord, Ye Feng naturally changed his appearance.

Therefore, Ye Feng is not afraid of being wanted by the Green Devil Corps, because they don't know his own body at all.

The Lord of Blood River has completely disappeared from this world at this time.

"Buzz!"

Ye Feng now endures the danger of freezing his whole body, holding the ball of extremely cold flames in his hand, and wants to find a safe place immediately, ranking this ball at the 679th place

on the Ten Thousand Fires List. His holy fire was refined, merged with the dragon spirit holy fire, and all integrated into his body, becoming his own natal fire!

Xiao Yao spoke out in the Queen's Picture: "Little Ye Zi, there is a dark forest to the southeast of here. I sensed it inside and found that there are no particularly powerful hell demons. You can go to the depths of that dark forest to refine it. This ball of extremely cold flames."

Xiaoyao, who has swallowed the divine power of the gods in the Elder Scrolls, has obviously regained her strength and improved a lot. The range of her spiritual thoughts can already cover a large area.

Ye Feng's whole arm was about to freeze, but his eyes were full of excitement. He immediately nodded and said: "Okay, let's go to the dark forest. This time, we just need to fuse this ball of extremely cold flames with the Dragon Spirit Holy Fire." Entering my body, the two holy fires merge, and the level of my natal flame will definitely be greatly improved!"

You must know that Ye Feng's current natal flame, which is the Dragon Spirit Holy Fire, is only an intermediate level one, which is too low, so Ye Feng is very looking forward to the next fusion.

Uh-huh!

He jumped up and quickly rushed towards the dark forest directed by Xiaoyao.

Chapter 1528 The Sky-Swallowing Demonic Python

Deep in the dark forest is a huge pool.

In the pool, there lives a huge three-headed python.

"Three-headed sky-swallowing demonic python!"

When Ye Feng arrived deep into the dark forest, he couldn't help but be surprised when he saw the three pythons lurking in the pool.

This sky-swallowing demon python should be the overlord of the entire dark forest.

The aura emanating from the huge three-headed python was clearly half-step to the divine realm!

"Roar!!"

Naturally, the Sky-Swallowing Demonic Python sensed Ye Feng's aura and rushed out from the depths of the pool, letting out a thundering roar.

"A giant beast from hell that is half a step into the realm of gods!"

Ye Feng's eyes were immediately startled.

Even with his current level of cultivation, he would not be afraid of fighting a half-step god-level being.

But you must know that Ye Feng is holding a ball of extremely cold flame in his hand that is in urgent need of refining.

"Little Ye Zi, leave this little python to me. Hurry up and refine the extreme cold flame!"

At this moment, Xiaoyao suddenly spoke up.

Uh-huh!

The Queen's Picture immediately flew out of Ye Feng's clothes.

"boom!"

Xiaoyao suddenly stepped out of the Queen's Picture at this moment.

But at this time, Xiaoyao is no longer in the form of a little girl, but in the form of a stunning queen with a perfect figure!

At this moment, Xiaoyao entered the fighting form and changed from her usual little girl form to become a charming queen with unparalleled elegance.

"This is....."

Ye Feng himself saw that perfect woman with peerless elegance, cold, holy, and noble.

This is the real Queen of Yaochi!

"Xiaoyao has grown up?"

Ye Feng's eyes were filled with surprise.

Compare.

The little girl suddenly turned into a stunning beauty!

This strong visual contrast made Ye Feng feel amazed.

"boom!"

At this moment, Xiaoyao, who had transformed into the queen's form, slapped her out.

A palm radiating white holy light instantly fell from the sky and subdued the roaring sky-swallowing demon python.

"howl....."

The sky-swallowing demon python was knocked unconscious, and the huge three-headed snake suddenly fell to the ground.

Buzz!

And this palm seemed to condense all Xiaoyao's power.

After it was displayed, the peerless and alluring queen's form suddenly shrank, and finally turned into the form of a little girl.

"Little Ye Zi, this queen is tired and needs to go to sleep."

Xiaoyao seemed to be too sleepy to open her eyes and returned to the Queen's Picture.

Uh-huh!

Ye Feng reached out and grabbed the Queen's Picture and put it away again.

His mind entered the space of the Queen's Picture and found that Xiaoyao's small body was already lying in the inner space of the Queen's Picture and began to sleep soundly.

"After swallowing the divine power from the ancient scrolls, Xiaoyao seemed to have really recovered a lot and become a lot stronger. She knocked out the sky-swallowing demon python with one slap."

Ye Feng thought in his heart, and then he didn't dare to waste any more time, and immediately started to use the Ancient Burning Heaven Technique.

Buzz!

At this time, Ye Feng's right hand held a ball of flames exuding extremely cold air, which was the extremely cold flame.

At this time, Ye Feng stretched out his left hand again, and the palm of his left hand also felt

A golden flame came out, burning brightly.

This is the Dragon Spirit Holy Fire.

"The Ancient Burning Heaven Technique!"

Ye Feng roared and instantly merged the two holy fires in his left and right hands together.

"boom!!"

The two terrifying holy fires merged together at this time, and suddenly a terrifying energy burst out, full of destructive power.

At this moment, the flesh and blood of Ye Feng's hands were burned cleanly, turning into two skeleton hands.

"The Ancient Burning Heaven Technique! Fusion for me!!"

Ye Feng endured the horrific pain at this time and roared out instantly.

"boom!"

In an instant, the profound power of the Ancient Burning Sky Technique surged out of Ye Feng's body, acting like a catalyst and fusion agent, fusing the two holy fires of the Dragon Spirit Holy Fire and the Extreme Cold Flame together as much as possible.

The whole process lasted three days and three nights.

Finally on the morning of the fourth day.

"boom!"

A surging flame energy, filled with endless rolling heat waves, spread out in all directions with Ye Feng as the center.

Ye Feng stood up immediately.

At this time, a layer of flames burned around his body surface.

This layer of flames is a pale golden firework, but at the same time, there are waves of hidden extreme cold air coming out. It is sometimes cold and sometimes hot. It is so cold that it can freeze people's souls and bodies, and it is so hot that it can burn mountains. Boil the sea.

"The fusion was successful!"

Ye Feng stretched out his hand at this time, and a ball of pale golden cold flame appeared.

He could feel an extremely terrifying power of fire from this fused flame.

That is the terrifying burning power of the twin holy fires!

"If I could merge all the holy fires and powerful flames on the Ten Thousand Fires List into one, then my natal flame would become so terrifying that it might really burn the sky with just one thought!"

Ye Feng secretly thought to himself, looking forward to this great idea.

At this time, Ye Feng's fused natal flame has gathered the dragon spirit holy fire and the extreme cold flame. The grade has evolved from the first-grade mid-level to the first-grade high-level!

The level of flame is very difficult to break through.

The first-level promotions are all very different.

At this time, Ye Feng's natal flame is definitely much stronger than when it was just the Dragon Spirit Holy Fire.

This is of great benefit to Ye Feng's alchemy skills and the improvement of the power of Sword Qi Fire Storm.

Suddenly at this moment, Ye Feng seemed to have thought of something and suddenly looked not far away.

The slap that Xiaoyao took before transforming into the queen's form seemed to be a bit too hard.

The three-headed sky-swallowing demon python was still unconscious at this time, its huge snake body lying on the ground, and it had not yet woken up.

"Even if it is half-step to the divine level, it will not have much improvement effect for me now. This three-headed sky-swallowing demon python is the king of the hell beast in the dark forest. It should have good potential as a mount. It should be pretty good, I'm afraid it will be very popular."

Ye Feng thought in his mind, and then directly used the Soul Emperor Seal and began to imprint his master's mark on the beast soul of the three-headed sky-swallowing demon python that fainted.

"When these three heaven-swallowing demonic pythons wake up, they can directly become my pet beasts."

Ye Feng began to use soul master methods.

I have to say that in the world of spiritual practice, knowing more and being omnipotent is the way to go.

Along with the soul marks, Ye Feng penetrated the beast souls of the three heaven-swallowing demon pythons. The three sky-swallowing demon pythons also began to wake up slowly with some confusion.

Chapter 1529 Never expected

As the Sky-Swallowing Demonic Python awakened, this evil beast from Hell suddenly sensed that there seemed to be something in its soul.

The Sky-Swallowing Demonic Python was about to investigate, but suddenly found a young man in black standing in front of it.

"Human race?"

The sky-swallowing demon python made a sound, and a fierce look suddenly appeared in its eyes, "Where is the strong woman who knocked me out before? I want to challenge her! She attacked me sneakily, it's so abominable!"

Ye Feng just smiled at this time and said: "She has left, you can follow me from now on."

"Follow you?"

The Heaven-Swallowing Demonic Python laughed out loud: "Are you worthy?"

Ye Feng suddenly muttered: "Kneel down."

Boom!

The next moment, the body of the Heaven-Swallowing Demon Python knelt on the ground uncontrollably.

"What?"

The Heaven-Swallowing Demonic Python was immediately frightened and couldn't help shouting: "I don't accept it!"

This hell beast wanted to struggle violently, but there was a power like a master in his soul, controlling it not to resist Ye Feng's orders.

"This is an ancient soul mark!"

The Sky-Swallowing Demonic Python roared angrily: "Human race, you are so despicable! You actually forcibly imprinted a soul mark on me while I was sleeping, trying to control me and become your slave."

Ye Feng smiled and said: "I can't talk about being a slave. I just think you are very good. You will become my pet beast. Don't worry, I won't let you suffer."

Having said this, Ye Feng jumped up and stood directly on the giant snake head in the middle of the three heads of the Heaven-Swallowing Demonic Python.

Ye Feng stood proudly in the world, full of energy, and said: "Let's go, count the time, the inner court trial is almost over, you better be honest, Sky-Swallowing Demon Python, otherwise I may kill you in anger. If you stew it directly, the meat of the Sky-Swallowing Demonic Python should be delicious."

"Stewed...stewed?"

When the Sky-Swallowing Demonic Python heard Ye Feng's exaggerated words, he immediately became furious.

But it did not dare to say anything after all, because its current wealth and life were indeed in Ye Feng's hands.

“Damn it!”

The sky-swallowing demon python felt extremely aggrieved.

But after Ye Feng gave an order, the evil beast had no choice but to lead Ye Feng towards the distance.

"I left my hometown during this trip and became the pet of a young boy. Why am I so miserable..."

On the way, the Sky-Swallowing Demonic Python was very confused.

Ye Feng stood on the head of the giant snake with his hands behind his back, feeling the vast wind blowing in his face, enjoying it very much.

This is the feeling of being strong and free!

...

Three days later, Ye Feng finally arrived at the initial area where he entered the hell realm.

In a jungle on the edge of this initial area, Ye Feng thought for a while and put the sky-swallowing demon python into the storage ring, letting the evil beast stay in the storage ring space for a while.

After all, it would be too ostentatious to just step on the sky-swallowing demon python and return to the Northern Temple.

Ye Feng knew that it was better for him to keep a low profile.

After all, there are many people suffering from red eye nowadays.

When others see that you have great achievements, they will try to kill you.

Therefore, ever since Ye Feng entered the cultivation path, he had kept a low profile until his strength was not strong enough to crush everything.

Ye Feng quickly arrived at the center of the initial area.

From a distance, Ye Feng saw many tents set up in that place.

There must be the inner dean elders living inside, waiting for the return of the trial disciples.

Ye Feng was about to go to that place.

Uh-huh!

But at this moment, Ye Feng's powerful inspiration suddenly sensed a figure full of terrifying murderous intent, approaching him.

"Is it an assassin?"

Ye Feng's eyes moved and he immediately turned around and looked in that direction.

He immediately saw it, a

The ice-cold and beautiful woman suddenly flashed to the opposite side of her.

Ye Feng saw the word "Shangguan" embroidered on the sleeves of this beautiful woman. He couldn't help but froze in his eyes and said, "Are you from the Shangguan family?"

Ye Feng immediately thought that he had offended Shangguan Haotian, the third young master of the Shangguan family, because of Bai Susu.

Ye Feng had also guessed that Shangguan Haotian would definitely send his strong men to deal with him in the inner court trial.

At this time, the beautiful woman was a young genius named Shangguan Shirley from the Shangguan family.

At this time, Shangguan Shirley smiled and said: "Ye Feng, right? It seems you have guessed that I am the killer sent by Master Haotian."

Ye Feng also smiled and said: "I did guess it, but there is one thing I never expected."

Shangguan Shirley said coldly: "What is it that you never expected?"

Ye Feng said slowly: "What I never expected was that Shangguan Haotian would send a weak assassin like you to assassinate me during the trial in the inner courtyard. It really makes people want to laugh."

"you shut up!"

Shangguan Shirley immediately couldn't help scolding: "I am the top genius in the branch of Shangguan family, with the cultivation level of the first level of heaven and human realm. You, Ye Feng, are just a new disciple. Master Haotian said that you are only in the broken realm." With your sixth level cultivation, I can crush you to death with just one slap!"

"Sixth level of Broken Realm?"

Ye Feng suddenly laughed and said: "What you know about me is how long ago I was. The information is too limited. Do you know what my current cultivation level is? Then I will show you!"

boom!

Ye Feng's body suddenly burst out with a huge and boundless martial arts aura.

That is exactly the terrifying momentum of the eighth level of the Heavenly Realm!

"What?"

Shangguan Shirley, who had a cold face at first, suddenly turned pale with shock.

She was about to say something.

"Pfft!"

But Ye Feng stretched out his hand towards her and pinched Shangguan Shirley's beautiful body.

All of a sudden it exploded into a bloody mist.

Ye Feng didn't even bother to swallow it and walked directly towards the center of the initial area.

For Ye Feng, killing Shangguan Shirley was like crushing a small ant.

And maybe Shangguan Shirley never thought before she died that it was not herself but Ye Feng who crushed the opponent with a slap.

Soon Ye Feng came to the area where the inner dean was stationed in the tent.

Ye Feng immediately sensed a dozen very powerful auras surging in the tents.

Obviously, these dozen powerful auras were the elders of the inner dean who led the team on this trip.

However, with Ye Feng's current methods and strength, Ye Feng is no longer afraid of the inner dean elder who is half a god level, and can definitely draw a tie.

The only person Ye Feng felt he could not resist for the time being was the elder of the inner courtyard who was carrying the black ancient sword on his back, that is, the elder of the black sword who was in the divine realm.

"Huh? This disciple came back on time?"

"It took exactly three months to get back."

"In other words, he was not embarrassed at all during the trial in this hell world. Instead, he was able to handle it with ease. He is a good prospect and deserves our attention."

What Ye Feng didn't know at this time was that the moment he landed in this initial landing area, many of the inner dean elders in the tent were already secretly observing him and were very satisfied.

"Lord of the Blood River! Where are you? I am going to cut you into pieces! You have the aura of extremely cold flames on your body. I have sensed it. You are in the nearby area!"

But suddenly at this moment, a cruel roar suddenly sounded from a certain direction not far away.

Ye Feng's eyes suddenly changed.

The Green Devil Soldier Master actually came to visit?

By sensing the breath of extreme cold flames?

He is worthy of being a powerful hell demon at the divine level!

Chapter 1530 It's over

The voice of the Green Demon Soldier Master suddenly resounded throughout the entire sky.

There was a trace of horror in Ye Feng's eyes.

Unexpectedly, the Green Demon Soldier Master found his approximate location by sensing the breath of the extremely cold flames.

However, although Ye Feng was horrified in his heart, he was not too worried.

Because the Blood River Lord that he pretended to be no longer exists in the world.

Even in front of him, the Green Demon Soldier Master probably wouldn't recognize Ye Feng as the previous Blood River Lord.

So Ye Feng wasn't worried at all, he just stayed deep in the tent area.

Even if the sky falls, there will naturally be tall people to hold it up.

And Elder Heijian is this "tall man".

"Buzz!"

Accompanied by a huge and powerful martial arts momentum, an old man carrying a black ancient sword walked out of a tent in the center.

It was Elder Black Sword.

At this time, his eyes seemed to be full of doubts, and he murmured: "The place we are in is so remote, why is there a strong man from the hell clan with the aura of a god?"

However, although Elder Black Sword was a little apprehensive, he was not afraid.

He looked at a group of inner dean elders in other tents, with a hint of fighting intent in his eyes, and said: "If that god-level hell demon really finds us later, then junior brothers, let's take action together, We must kill the hell demon directly and not let it destroy the place where we are."

"Yes, senior brother!"

"Yes, Senior Brother Black Sword!"

A group of inner dean elders all spoke out one after another.

"Buzz!"

And at this moment, an extremely powerful pressure of divine thoughts descended on everyone in an instant.

Everyone's expressions changed slightly.

After all, they were defeated by the Green Demon Soldier Master.

Found out.

"Jie Jie Jie, I didn't expect that there are so many human masters here. This time I didn't find the Blood River Lord, but I met a master from the human territory. It's interesting."

Suddenly at this moment, the voice of the Green Demon Soldier Master sounded.

"Boom!"

And at the next moment, an army of fierce-looking demons wearing armor appeared on the edge of the initial area and marched towards the tent area.

The Green Demon Soldier Master has already regained his full strength.

His tall demonic body sat on a huge golden throne, holding a long sword in his hand, which looked extremely terrifying.

At this time, the Green Demon Warlord appeared high in the sky, overlooking the entire underground, staring at a group of inner dean elders of the Northern Territory Seminary. He smiled coldly and said: "You don't have to leave today, you will all become my blood food." Well, I just happen to be in a bad mood these days, so I want to take it out on you ants."

Clang!

A powerful sword intent suddenly burst out from Elder Black Sword's body.

He slowly pulled out the pitch-black sword from behind, and said to the dozen or so inner dean elders beside him: "Juniors, let's face the enemy together. We are being targeted by an entire Hell Clan demon corps. On our side Let's kill the enemy together and use the Void Spirit Talisman to contact the headquarters of the Northern Territory Seminary and ask the upper echelons of the Seminary to come to support us!"

After saying that, Elder Black Sword surged out with a surge of sword energy that could tear the sky apart, and he instantly rushed towards the most powerful Green Demon Soldier Master.

Obviously, Elder Black Sword is just an ordinary warrior in the divine realm, and is no match for the green demon warrior master in the divine realm.

That's why he now asked several other inner dean elders to use the Void Spirit Talisman to contact the Northern Territory

The headquarters of the temple.

"kill!"

"Destroy these human bugs!"

The green demon warrior leader roared loudly at this time, his tone filled with a deep meaning of killing.

"boom!"

The entire Green Devil Corps army, hundreds of thousands of demons, and hundreds of demon commanders from the tenth level of the celestial realm, and even the half-step god realm, all began to attack.

This is simply a torrent of steel, it is really terrifying.

"withstand!"

The dozen or so inner dean elders all roared loudly, with immeasurable divine light gushing out from their bodies, and they rushed towards the surroundings, frantically killing the countless demons that came over.

At this time, Ye Feng's eyes were also a little shaken. Unexpectedly, the Green Devil Soldier Leader directly led the entire Green Devil Army to attack.

"There is no other way now but to bite the bullet. I hope the support from the Northern Territory Seminary will arrive as soon as possible!"

Ye Feng's cultivation is not weak, and he has grown to the eighth level of heaven and human realm in the hell world.

His real combat power is no worse than some inner dean elders.

At this time, Ye Feng immediately burst out with powerful skills and joined the battlefield.

Although there are very few people on the human side, only a dozen people.

But everyone, including Ye Feng, has almost top-notch combat power.

Therefore, even if he fights against an army of hundreds of thousands of demons, he can still withstand it in a short time.

In addition, more and more trial disciples from the Northern Territory Seminary rushed back from the surroundings. Seeing the brutal fighting, they were shocked for a moment and then joined the battle.

The entire battlefield was suddenly expanded infinitely, and the flames of war ignited this corner of the entire hell world.

"Swallow!"

"Swallow it to your heart's content!"

And Ye Feng

At this moment, in the fight of life and death, there is another opportunity to devour blood and energy.

With the fierce fighting on the battlefield, Ye Feng's skills are also rapidly increasing.

"ah!"

But suddenly at this moment, Elder Black Sword suddenly screamed from high in the sky.

One of his arms was torn apart by the Green Goblin Soldier Master.

But on the chest of the Green Demon Soldier Master, Elder Black Sword also tore a huge bloody hole with his terrifying battle sword, and green demon blood flowed out.

"hateful!"

The Green Demon Soldier Master's eyes were very gloomy. He didn't expect that among this group of humans, there would be such a powerful god-level swordsman.

"It seems that I need to find some help."

Suddenly the Green Demon Soldier's lips moved slightly.

"boom!"

"boom!"

"boom!"

At this time, three terrifying and boundless demonic energies suddenly erupted from the distant areas in three directions around this place.

"That is....."

"Three super powerful men in the divine realm!"

"Is another hell demon at the level of the three-headed soldier coming?"

Almost at this moment, many of the elders and disciples of the North Territory Seminary in the field sensed the majestic aura of cultivation, and their expressions suddenly changed.

"What....."

Even the elder Black Sword, who was fighting like a sword god in a bloody battle, sensed three god-level demons coming quickly from a distant direction at this moment, and there was a violent tremor in his eyes.

A green demon warrior master is already very difficult to deal with.

Now there are three more powerful demons from the hell tribe with the same cultivation level as gods!

"It's over!"

This is what everyone is thinking.
