Chapter 1531 Purple Gold Guards

The Green Demon Soldier Master's eyes were filled with deep ferocity and sarcasm.

He looked at the group of human warriors who were fighting with the demon army below, and said coldly: "This is not your human territory, but the interface of hell. Even though it is just a very corner place, as soon as I call, there will be powerful helpers immediately. Come and help me, my three helpers have the same cultivation level as me, you are dead this time and will be wiped out!"

When the elders of Black Sword heard this, their expressions suddenly became extremely gloomy, but they didn't know how to refute.

Uh-huh! .??.

Uh-huh! .??.

Uh-huh! .??.

And at the next moment, three tall demons were already standing beside the Green Demon Soldier Master.

These three demons are a demon with the head of a deer, a demon with the head of a bull, and a beautiful woman who looks not much different from a human being.

The cultivation auras of these three demons are astonishingly the same as those of the Green Demon Soldier Master, who are super demons at the divine level.

At this time, all the four powerful demons in the divine realm gathered together and stood side by side high in the sky. The overwhelming demonic thoughts were like a vast ocean, giving people an extremely depressing and terrifying feeling of heart palpitations.

Even Elder Black Sword flew from high altitude to the ground at this moment and shouted: "All elders and disciples, surround me!"

Uh-huh! .??.Whoosh! Uh-huh...

In an instant, many disciples and elders of the Northern Territory Seminary around them all ducked around Elder Black Sword.

Ye Feng also stopped killing at this time, and like everyone else, flew around Elder Black Sword.

Because now they can only stick together to continue to persevere.

"Golden Sun Umbrella!"

When everyone gathered around Elder Black Sword.

Elder Black Sword immediately shouted loudly and sacrificed a very powerful treasure.

Buzz!

It was a huge golden umbrella-shaped treasure. The umbrella was opened suddenly, but it became a big umbrella covering the sky, emitting thousands of feet of golden light, covering everyone in an area.

"Boom!"

"Boom!"

Even the four god-level demons, including the Green Demon Soldier Master, were unable to break the defensive light shield of the golden sun-shielding umbrella under the violent attack at this time.

"This is the ninth-grade Dao-level magic weapon of the Northern Divine Academy, the Golden Sun Umbrella! Second only to the legendary Immortal-level treasure!"

"The Golden Sun Umbrella? Isn't that the most precious treasure in the inner courtyard of the Northern Divine Monastery? This human race holding a black sword in his hand must have an extraordinary status."

"Hmph, you have an extraordinary status and have come to our hell realm. You are a lamb to be slaughtered!"

The Green Demon Soldiers, several powerful god-level demons, all sneered at this moment.

"boom!"

At this time, a huge green battle ax suddenly appeared in the hand of the Green Demon Soldier Master.

He slashed down suddenly, using all his strength.

"Boom!!"

Suddenly a roar sounded.

The green battle ax struck the Golden Sun Umbrella. Although it did not break through the protective barrier, it caused a big shake in the entire Golden Sun Umbrella.

"puff!"

The elder Black Sword who controlled the Golden Sun Umbrella suddenly spat out a mouthful of blood.

"Senior Brother Black Sword!"

"Elder Black Sword!"

At this moment, many elders and disciples of the Northern Territory Seminary could not help but look shocked.

At this moment, the only support in their hearts is Elder Black Sword, who has the cultivation level of a god.

But now it seems that Elder Black Sword has mastered the most powerful magic weapon of the ninth-grade avenue level, the Golden Sun Umbrella, and is about to lose control.

"Ha ha ha ha!"

At this time, the Green Demon Soldier Master high in the sky suddenly laughed out loud, with a sinister tone in his tone, and said: "As expected, as I expected, although this Golden Sun Umbrella is powerful, it still needs the help of Elder Black Sword. It's something that a strong person can activate. When you and I fought just now, you already suffered heavy losses. Now you are forcing this kind of power-consuming treasure to be activated. If we attack a few more times, the defense of the Golden Sun Umbrella will be reduced. It will be self-destructive, hahaha!"

boom!

boom!

boom!

As he said that, the Green Demon Soldier Master and the other three god-level demon masters all took action in an instant, using powerful attacks to bombard the Golden Sun Umbrella.

"puff!"

"puff!"

"puff!"

At this moment, the elder Heijian who controlled the Golden Sun Umbrella spurted three mouthfuls of blood, and his face suddenly turned pale.

The golden light emitted by the entire Golden Sun-shading umbrella suddenly dimmed at this moment.

The entire golden umbrella was shaking rapidly, as if it was about to fall at the next moment.

"Let's help activate the Golden Sun Umbrella together!"

A group of disciples from the Northern Territory Seminary all came to the side of Elder Black Sword, wanting to take over the Golden Sun Umbrella.

"Buzz!"

But just when they were transferring their skills to the Golden Sun Umbrella, all the skills in their bodies were sucked dry.

"Bang!"

"Bang!"

Several disciples who were in the tenth level of the Heavenly Realm, and even elders who were half-step into the Divine Realm, suddenly became weak and fell to the ground.

"What a terrifying power consumption!"

"We don't even have the qualifications to activate the Golden Sun Umbrella!"

"

At this time, everyone was shocked.

They also understood that Elder Black Sword was able to mobilize the Golden Sun Umbrella to such a powerful defensive force alone, and how terrifying and vast his skills were to be able to do this.

"boom!!"

And at this moment, high in the sky, the Green Demon Warrior Master held a giant ax in his hand and struck it down with a bang again. It concealed huge power and destructive power, and was extremely terrifying and destructive.

"puff!"

Elder Black Sword suddenly spurted out a mouthful of blood again, and his old and thin body could no longer hold up and half-knelt on the ground.

As for the Golden Sun Umbrella he activated, because there was no input of power, the light quickly dimmed, and the golden defensive shield also dissipated instantly. ??

"Oops!"

At this moment, all the disciples and elders of the Northern Territory Seminary present could not help but change their expressions.

They all fell into deep despair, because except for Elder Black Sword, a powerful person in the divine realm, no one else was qualified to activate the Golden Sun Umbrella, a powerful magic weapon at the ninth-grade avenue level. .

"Hahahaha! You are all dead!"

Seeing the panic of a group of human masters from the Northern Divine Academy who had lost their protection below, the Green Demon Soldier Master and the other three god-level demons couldn't help laughing, their laughter full of sarcasm.

"Snapped!"

But suddenly at this moment, a slender hand suddenly grasped the Golden Sun Umbrella, and once again held up this huge and precious umbrella.

"Buzz!"

The vast and endless skill is continuously transmitted from that slender palm into the Golden Sun Umbrella.

A huge golden energy shield once again appeared under the dark sky, protecting all the people in the Northern Divine Academy.

"What?"

Seeing this scene, not to mention the Green Demon Soldier Master and a group of hell demons, even a group of disciples and elders from the Northern Divine Academy were stunned for a moment.

"who is it?"

"So powerful? He actually activated the Golden Sun Umbrella again?"

"Even the half-step god-level elders were sucked dry by the Golden Sun Umbrella in an instant. Who has the vast power comparable to the powerful god-level elders like Black Sword Elder?"

At this moment, countless eyes were all focused on the figure under the golden umbrella.

That was a young man in black. Although his cultivation aura was only at the eighth level of the Heavenly Realm, his vast power was comparable to that of a powerful person in the Divine Realm!

The one holding the Golden Sun Umbrella at this moment was naturally Ye Feng!

Ye Feng crazily activated his huge power and activated the Golden Sun Umbrella because he would not take action again.

, maybe everyone here, including himself, will really be wiped out by a group of powerful hell demons such as the Green Demon Soldier Master.

The only way now is to wait for the reinforcements from the Northern Territory Temple to arrive.

"Huh? How can a human boy be so powerful?"

The Green Demon Soldier Master and the other three powerful demons in the divine realm all had shocked expressions in their eyes.

Obviously, they did not expect that there would be such a stunningly talented young human among the group of humans across from them.

No matter how much he cultivates to the eighth level of the Heavenly Realm, he possesses vast skills comparable to those in the Divine Realm.

"What a terrifying and solid foundation of martial arts this must be."

Even the elder Black Sword had a look of surprise in his eyes at this moment.

He stared at Ye Feng. While he was shocked, he was also secretly expecting that this young man would definitely be the brightest star in the future of the Northern Territory Seminary.

"Boom!"

Next, the Green Demon Soldier Master and a group of hellish demon warriors continued to attack the protective barrier.

What shocked a group of demons was that the golden protective light shield manifested by the Golden Sun Umbrella this time was more stable than before, just like a copper wall and an iron wall, indestructible.

"How can this be!"

The green demon warrior leader couldn't attack for a long time, and immediately started to yell incompetently and furiously: "You are a small eighth-level celestial warrior of the celestial realm. You are just an ant. You will die if you step on it. How can you have a higher status than that of a god?" Even an old man like you still has powerful skills? Are you a descendant of the human race's gods?"

Buzz!

Just as the Green Demon Soldier roared angrily, suddenly, a huge space crack opened in the sky above the dark sky.

A powerful human warrior wearing noble purple gold armor stepped out of the space crack. Each figure was blooming with divine light, looking like a heavenly soldier and general, full of noble and sacred aura.

"This is...the Purple Gold Divine Guards!"

"That's right! It's the Purple Gold Divine Guard composed of the most powerful top geniuses of our Northern Divine Academy!"

"So, the legendary figure Captain Shangguan Hutian has also arrived?"

"Great! Great! This time the Purple Gold Divine Guards have come to rescue us in person! All those demons will die, hahaha!"

...

Seeing a group of teams wearing purple gold armor appearing in the sky, all the disciples of the Northern Territory Seminary turned from despair to excitement and excitement.

Because that is the most top-notch and powerful Purple Gold Divine Guard in the entire Northern Divine Academy, and even in the entire Northern Star Region.

It was created by the legendary figure Shangguan Lutian, the eldest son of the Shangguan family, and was voluntarily joined and formed by countless top geniuses. It is a top-level warrior guard with countless brilliant achievements.

Chapter 1532 Shangguan Killing the Sky

From the large space crack in the dark sky, a group of strong human beings wearing purple gold armor came out.

These powerful human beings are all still very young, but most of their cultivation auras are at the half-step god level.

Moreover, the leader, a tall young man wearing heavy armor, is simply like a killing machine, with a knife-like face, mechanical eyes, piercing killing intent, and a towering body like an iron tower. An extreme sense of oppression.

This leader is none other than the founder of the Purple Gold Divine Guards, the captain of the Purple Gold Divine Guards, Shangguan Lutian!

This Shangguan Lutian has a profound level of cultivation in the realm of gods. He is the eldest son of the Shangguan family, one of the several powerful silver forces behind the Northern Divine Academy, and is also one of the most amazing and talented figures in the Shangguan family.

In the entire northern star region of the human race, Shangguan Lutian and Baili Piao xue are collectively known as the "peerless twins" of the Northern Divine Academy.

Baili Piao xue, the chief disciple, represents the most famous genius of the Northern Territory Seminary.

Then Shangguan Lutian is the king of darkness among the younger generation of the Northern Divine Academy!

Baili Piao xue, the impeccable chief disciple, always gives people a warm and reliable feeling like a spring breeze wherever he goes.

Shangguan Lutian gives people the feeling of darkness, cruelty, iron-bloodedness and killing! ??

Some people rumored that Shangguan Lutian had obtained the true inheritance of the ancestor of the Shangguan family, and even obtained the secret inheritance of the ancient Botian family.

There is even a legend that Shangguan Lutian, the eldest son of the Shangguan family, could speak the moment he was born. He named himself "Lutian", which contained his great ambition and determination to dominate the world.

At this moment, when Shangguan Lutian appeared with a group of powerful men from the Purple Gold Divine Guards, many disciples and elders felt a fearful and murderous aura for a moment.

But at the same time, they also felt a deep sense of security.

Because Shangguan Lutian leads the Purple Gold Divine Guards, they really block the gods and kill the gods, and the demons block the demons!

br

Ye Feng, who was currently moving the Golden Sun Umbrella, heard the discussion of the people around him, and his expression changed slightly.

The suffocatingly powerful captain of the Purple Gold Divine Guard turned out to be the eldest son of the Shangguan family, the biological brother of Shangguan Haotian.

This is not a good thing for Ye Feng.

"Is this the top genius of the Northern Divine Academy, Shangguan Lutian?"

At this moment, even the Green Demon Soldier Leader seemed to have heard of Shangguan Lutian's name, and couldn't help but have a look of deep fear in his eyes.

He immediately looked at the tall young man at the front of the group of Purple Gold Divine Guards and said: "It turns out to be Shangguan Lutian. I'm convinced. I'll leave now. I don't want to have a dispute with you."

With that said, the Green Demon Soldier Master turned around and left with an army of demons.

"boom!!"

But suddenly at this moment, Shangguan Lutian grabbed the Green Demon Soldier Master with one hand, and the Green Demon Soldier Master's entire tall body exploded into a bloody mist.

"What?"

"Kill the demon warrior master in the divine realm with one move?"

"Just...crushed it?"

Countless people stared with wide eyes.

Even the group of powerful demons trembled all of a sudden.

This Shangguan Lutian is really terrifyingly powerful!

"Run!"

A group of demons immediately fled around in fear.

At this time, Shangguan Lutian was like squeezing an ant to death, with an evil arc at the corner of his mouth, and said to a group of dozens of top-level members of the Purple Gold Guards around him:

"Kill all the demons and pack up all their demonic corpses. I will refine a demonic treasure recently and need the corpses of these demons."

At this time, many people heard Shangguan Lutian's words and suddenly understood.

Shangguan Lutian led a group of noble Purple Gold Divine Guards to come to this hell world. In addition to rescuing those in the Northern Divine Academy, they also mainly wanted to plunder the corpses of these demons.

"kill!"

"kill!"

"kill!"

A group of members of the Purple Gold Divine Guards all shouted loudly, their murderous intent shaking the earth.

They turned into streaks of purple divine light one after another, like heavenly soldiers and divine generals, possessing extremely terrifying combat power and killing power, and instantly began to slaughter the demon army one-sidedly.

In addition to the Green Demon Soldier Master, the other three god-level demons were also controlled by Shangguan Lutian with one hand.

Shangguan Lutian stretched out one hand, and his basic fingers turned into thick heavenly divine pillars, forming a huge visionary shadow of the ancient heaven. Like a prison in the divine realm, three powerful demons at the divine level were instantly captured. Imprisoned.

Buzz!

Then the ancient heavenly prison in the God Realm shrank rapidly, imprisoning three god level demons, and flew into Shangguan Lutian's sleeves before disappearing.

"This method... is amazing!"

Shangguan Lutian once again made everyone in the audience feel what it means to be truly powerful.

He killed a powerful god-level demon with a wave of his hand, and imprisoned three more god-level demons with a snap of his fingers.

This is the real strong man!

This kind of power makes everyone present can only look up!

At this moment, many disciples of the Northern Territory Seminary present, and even many elders, hurriedly faced the god-like Shangguan Lutian and raised their fists respectfully.

He said: "Thank you, Senior Brother Shangguan, for your help."

This dark king, who is as good as Baili Piauxue, is famous for his domination and killing, which makes people even more awe-inspiring.

Shangguan Lutian glanced at everyone present, including Elder Black Sword, who still looked indifferent.

He said aloud: "You are pretty good. You can still hold on for so long under the attack of the four god-level demons. I thought I would see corpses everywhere when I came, but you won't be so lucky next time. "

Shangguan Lutian's words seemed to be a compliment, but in fact they were a sign of contempt and contempt for the many disciples and elders.

He seems to really regard himself as a god in heaven, judging everyone casually from God's supreme perspective.

However, when everyone heard this, they did not dare to say anything. After all, this Shangguan Loutian was one of the two most powerful men who could rival the chief disciple, and he was also famous for his dominance and killing.

"Thank you, Senior Brother Shangguan, for your praise and teachings."

At this time, everyone could only respectfully clasp their fists and speak out, not daring to express any dissatisfaction in their tone.

"Who was the last disciple to activate the Golden Sun Umbrella just now? Let me see, it seems to be you, the boy in black clothes. Is your name Ye Feng?"

Suddenly at this time, Shangguan Lutian spoke up again, and named Ye Feng by name.

"What? He knows me?"

Ye Feng was hiding in the crowd, but when he was named, he was immediately shocked.

This Shangguan Hutian is so high up that it is impossible for him to recognize himself.

The only possibility is that Shangguan Haotian, the third young master of the Shangguan family, whom he has offended, has already told his eldest brother, Shangguan Lutian in front of him, about his affairs.

A huge sense of crisis immediately rose from the depths of Ye Feng's heart!

Chapter 1533 He is the rule

Buzz!

At this time, the atmosphere on the field suddenly became silent.

Everyone's eyes were full of surprise.

It seems that he did not expect that Shangguan Lutian, who was as high as a god, would be interested in a small outer court disciple like Ye Feng.

At this time, Ye Feng walked out of the crowd.

"In public, no matter how domineering and arrogant this Shangguan Hutian is, he can't kill me just because I offended his brother. Let's just talk to him directly and see what he wants to say."

Ye Feng was thinking secretly in his heart at this time.

Then he clasped his fists generously and said, "Senior Brother Shangguan suddenly mentioned me. Is there anything you want to tell me?"

When Shangguan Lutian saw Ye Feng's neither humble nor arrogant look, he just smiled indifferently and said: "I know very well the grudges between my third brother Shangguan Haotian and you. This time he sent a killer to assassinate you. Shangguan Xue Li should have been killed by you."

Ye Feng's eyes changed slightly, Shangguan Hutian had indeed guessed correctly.

However, Ye Feng naturally would not admit it and said: "I don't know what Senior Brother Shangguan said. Shangguan Shirley may have died in the hands of a demon in the hell world. After all, the hell world is so dangerous."

"hehe."

Shangguan Lutian smiled softly and did not continue. He just stared at Ye Feng and said: "You should be a good opponent for the growth of my playboy third brother. If I wanted to kill you, I would have killed you on the spot. Even if you kill me, Elder Black Sword can't stop you, but I don't want to kill you directly, because you will be a very good whetstone for my third brother Shangguan Haotian. With you as my third brother's opponent, I should be able to help my third brother grow up, so keeping you has some uses. "

Shangguan Lutian's words at this time were full of deep contempt. Under the spotlight, he described Ye Feng as his brother's whetstone, as if he could just kill him when he was no longer needed.

Shangguan Lutian's words suddenly made Ye Feng's eyes turn cold, and his heart was filled with boiling murderous intent.

But Ye Feng held back.

The current self may really be just like a weak ant in front of Shangguan Lutian, the top genius of the Northern Divine Academy.

Just as Shangguan Lutian said, if he wanted to kill him, he could just crush him to death.

"call."

Ye Feng took a deep breath, didn't say a word, just remained silent.

Everyone around them was so breathless that they didn't dare to breathe.

When Shangguan Lutian saw Ye Feng's silence, he didn't say anything more, but smiled contemptuously and stretched out his hand to grab it.

"Uh-huh!"

The huge golden sun-shielding umbrella was suddenly absorbed by Shangguan Xuantian and held in his hands.

Elder Heijian's eyes changed and he said, "Shangguan Lutian, what do you want to do?"

Shangguan Lutian glanced at Elder Heijian, and sneered: "Old man, you are so weak, you almost lost this inner court treasure this time. Do you know what a big sin this is? This Jinyang It's better for me to keep the umbrella."

"you.....!"

Elder Heijian was immediately trembling with anger. He would rather Shangguan Hutian didn't come to the rescue than be so aggrieved.

"Elder."

At this time, Ye Feng walked to the side of the Black Sword Elder, and said through his spiritual mind: "This Shangguan Killtian is lawless, and his momentum is at its peak now. We don't want to confront him head-on. There will be many opportunities to kill him in the future!"

Elder Heijian glanced at Ye Feng in surprise. He did not expect that this little outer courtyard disciple would not be afraid when facing Shangguan Lutian, but instead harbored such terrifying murderous intent in his heart.

Elder Black Sword immediately nodded and said nothing more.

At this time, on the battlefield outside, a group of dozens of top-level members of the Purple Gold Guards had slaughtered all the demons, and all the demon corpses were placed in a huge alchemy furnace.

"let's go."

Shangguan Lutian glanced coldly at Elder Heijian and Ye Feng who were standing together, smiled disdainfully, then turned around and left the hell world with a group of members of the Purple Gold Divine Guard, disappearing into the space crack in the sky.

Ye Feng stared at Shangguan Lutian's back at this time, his eyes were extremely cold, and he murmured cruelly, "Shangguan Lutian, Shangguan Lutian, you didn't kill me directly today, it's definitely what you have done in this life. The biggest mistake, I will definitely let you know how it feels to be stepped on..."

...

Next, all the living outer courtyard disciples followed a dozen inner courtyard elders and flew out of the hell world, passed through the black hole exit again, and returned to the junction of the hell battlefield.

The hell battlefield was still empty, and everyone did not encounter any danger along the way and returned to the starry sky.

"Finally home!"

When all the disciples and even the elders returned to the northern star field of the human race, they all felt like they had been reborn.

After all, this time entering the inner court trial of the hell realm was too dangerous in the end.

Everyone was almost wiped out!

At this time, Elder Black Sword suddenly looked around the entire field and said: "Although everyone has experienced dangers this time that may never be forgotten in their lifetime, the edge of the sword has been sharpened, and the huge dangers this time have also sharpened our skills." With the will and spirit of martial arts, I believe that those who can still stand here after this life and death crisis are definitely first-class warriors, and you will all be able to achieve glory in the Northern Territory Temple in the future!"

The moment Elder Heijian finished speaking, countless disciples on the field immediately clasped their fists and shouted: "Thank you, Elder, for your encouragement! We will definitely work harder!"

Elder Black Sword nodded with great satisfaction and said: "After returning to the Northern Territory Seminary this time, all of you are qualified to certify the identity of the inner courtyard disciples. After you have certified the identity of the inner courtyard disciples, you can go to the Northern Territory Temple." A place like the seminary, where every inch of land is precious, has its own dedicated place for cultivation, so let's go back as soon as possible."

Uh-huh!

Elder Black Sword said, and immediately built a huge palace.

One by one, the disciples jumped up and entered the palace.

"boom!"

The palace instantly turned into a divine light and disappeared at the end of the starry sky.

Three days later, everyone successfully returned to the Northern Temple.

Even Ye Feng couldn't help but feel a sense of intimacy when he returned to the Northern Temple again after staying in a bloody and chaotic place like hell for a long time.

It is very fast to certify inner court disciples.

After Ye Feng was authenticated, he received his identity as a disciple of the inner courtyard.

Token, he couldn't help but rush towards Sunu Mountain.

Ye Feng and Bai Susu have already agreed that when they become inner courtyard disciples, they will set up their exclusive residence next to Su Nu Mountain, so that the two of them can take care of each other in the Northern Divine Academy.

Moreover, this time being targeted by a terrifying figure like Shangguan Lutian in the hell world, Ye Feng was also ready to meet up with Bai Susu as soon as possible to discuss the countermeasures.

But before Ye Feng got halfway, he was suddenly surrounded by a group of people.

There are a total of six people in this group, both male and female. Each of them has a very powerful cultivation aura. They have the cultivation of the tenth level of the Heavenly Realm. They are all the top talents in the inner courtyard and their combat power is certain. Extraordinary people.

"You are that Ye Feng, right?"

A young man wearing a red gown sneered.

Ye Feng glanced at them, then stared at the young man in red shirt and said, "Yes, I am Ye Feng. What do you, brothers and sisters, do you want to do?"

"What are you doing?"

Another disciple in Tsing Yi smiled and said: "Ye Feng, you are now a thorn in the side of Shangguan Haotian, the third young master of the Shangguan family. Naturally, we came here to lend you your head. After all, your head is for the Shangguan family. But it can get a lot of benefits."

At this time, a group of six inner court disciples suddenly surrounded Ye Feng.

Buzz!

Waves of cold and terrifying murderous intent instantly blocked Ye Feng's path.

"It's Shangguan Haotian again!"

Ye Feng's eyes were cold and he said: "This is the Northern Territory Seminary. If you kill me, you will have to pay a huge price. Don't you know the rules of the upper echelons of the Seminary? No life-and-death fights are allowed in the Seminary."

"Hahaha!"

The moment Ye Feng's words fell, the Sequoia disciple among the six people immediately laughed out loud and said disdainfully: "Ye Feng, Ye Feng, I'm afraid you don't know yet, Senior Brother Shangguan Hutian has issued an order, in the fight between you and Master Shangguan Haotian, casualties are not counted. In other words, even if you are in the temple, Master Shangguan Haotian can kill you at any time if he wants to kill you. We have nothing at all. The consequences, because this is what Senior Brother Shangguan Hutian said, he is the upper echelon of the seminary, and he is the rule! "

Chapter 1534 Come and save me

The six inner court disciples in front of him were obviously top masters in the inner court of the Northern Territory Seminary.

Their cultivation levels are all at the tenth level of the Heavenly Realm, and their combat power is tyrannical. At this time, they surrounded Ye Feng with a fierce momentum.

Ye Feng's eyes were extremely cold at this moment. He never thought that Shangguan Lutian, the eldest son of the Shangguan family, would have such great power and influence that he could directly change the rules of the academy.

His third brother Shangguan Haotian can kill him at any time in the temple.

At this thought, Ye Feng was angry and at the same time his desire for more powerful power became more and more intense.

Because this Shangguan Hutian was really bullying others and acted very arrogantly and domineeringly.

"Boy, don't be stunned. No matter how hard you think, you can't escape. Today we will take your head to collect the reward."

The red-shirted disciple had a hint of sneer in his eyes, and he immediately held the sword in his hand and rushed towards Ye Feng.

He knew that Ye Feng's combat prowess was extraordinary and he stood out in this inner court trial.

So at this time, he launched an extremely powerful attack.

"Destroy all life with the sword!"

"This is the power of the Nirvana Sword that I have understood. Ye Feng, if you can die under my sword, you deserve to die."

The red-shirted disciple laughed loudly, his tone full of pride.

"boom!"

The sword in his hand burst out with a heaven-destroying aura the moment it struck down.

The terrifying sharp sword light seemed to be able to split the entire sky.

"when!"

But at the next moment, everyone in the audience looked horrified.

Ye Feng then just stretched out a hand and grabbed the sky. Countless sword lights were all shattered, and then he directly grabbed the red-shirted disciple's sword blade with one hand.

"What?!"

The five other disciples not far away had dew in their eyes at this moment.

A look of deep horror appeared.

At this time, the red-shirted disciple holding the sword was even more shocked.

"What is your cultivation level?"

The red-shirted disciple only felt a little doubtful about life at this moment.

Because the knife just now used up almost all his strength.

Originally, with this sword, the red-shirted disciple felt that even if he could not kill Ye Feng, he would definitely be able to severely injure him.

But what he never expected was that Ye Feng just casually stretched out a hand and grabbed his sword.

"Crunch, crunch..."

At this moment, under the horrified eyes of everyone, Ye Feng smiled and used strength. The sword he was holding was crushed into pieces and fell into pieces. on the ground.

"You...ah!!"

The red-shirted disciple's eyes were horrified, and he was about to say something, but the next moment Ye Feng's palm touched his chest, and the red-shirted disciple immediately screamed in extreme pain.

The moment his chest was touched by Ye Feng's palm, it suddenly collapsed. In an instant, countless bones and flesh were shattered.

"ah!!"

The red-shirted disciple let out an earth-shattering cry of terror: "Brothers and sisters, come and save me!"

"Junior brother!"

"Junior brother!"

The five other inner courtyard disciples who were not far away and had been preparing to watch the show were so frightened when they saw this scene that they all fled madly towards the distance, not caring about the life or death of the red-shirted disciple.

Because Ye Feng's strength is really too scary.

"you....."

The disciples in red shirts saw that all their companions were crazy

Fleeing, his frightened and angry eyes immediately showed a look of despair.

"boom!"

But at the next moment, Ye Feng suddenly turned the Devouring Domain, and a small vortex of Devouring Darkness suddenly appeared on his palm.

Buzz!

At this moment, the red-shirted disciple was in panic, and his whole body was sucked into a mummy.

"boom!"

Ye Feng shook with force, and the red-shirted disciple immediately turned into fly ash and disappeared from this world without leaving any trace.

At this time, after devouring the red-shirted disciple's skill, Ye Feng found that his cultivation level had become much stronger again.

Although there was no breakthrough, I gained a lot of skill accumulation.

As for the other five inner courtyard disciples who escaped, Ye Feng could no longer catch up.

But Ye Feng doesn't care. Disciples under the divine realm pose no threat to Ye Feng at all.

And the five inner court disciples who escaped were able to spread the news that they were extremely powerful, so that there would be no point in having some overestimating cats and dogs provoking themselves and devouring them every day.

If you want to challenge yourself, bring a powerful existence. Killing and then devouring it can greatly replenish your own skills.

"Uh-huh!"

After Ye Feng thought for a while, he jumped up and flew towards Sunu Mountain.

After a while, Ye Feng flew to Sunu Mountain.

Sunu Mountain is still as it was when Ye Feng first arrived, filled with a kind of sacred light. The vegetation on the entire mountain is lush and the environment is very beautiful.

In the middle of the circular peak at the center of Sonu Mountain, a huge amethyst palace is suspended.

Ye Feng stepped directly into the sky and flew towards the Amethyst Palace.

That was Bai Susu's bedroom.

"Buzz!"

r\u003e

A protective mask suddenly appeared, trying to stop Ye Feng.

This layer of protective light shield is enough to block out any existence under the divine realm.

However, although Ye Feng's current cultivation level is at the eighth level of the Heavenly Realm, his combat power has already far exceeded the Heavenly Realm level.

"boom!"

Therefore, Ye Feng directly bumped forward with his body at this time, breaking through the protective light barrier and walking into the Amethyst Palace.

"Sister Susu..."

Ye Feng had a trace of eagerness on his face and was about to call out.

But suddenly the moment he walked into the depths of the Amethyst Palace, Ye Feng saw a very beautiful scene.

Deep in the Amethyst Palace, there is a hot spring exuding a light white mist.

A stunningly beautiful silhouette is floating in it.

"Brother Ye Feng! Wait for sister!"

A woman's exclamation suddenly sounded.

That figure is none other than Bai Susu!

"She...is taking a bath?"

At this time, Ye Feng saw the white area in his field of vision, and his eyes immediately froze.

Soon, Bai Susu, wrapped in tulle, walked out of the room deep in the Amethyst Palace like a goddess who had descended to earth.

Ye Feng was a little embarrassed at this time and couldn't help scratching his head and said: "Sister Su Su, I didn't mean it. I thought you were practicing."

Encountering this situation, Bai Susu's cold and beautiful white face also showed a trace of rosy color.

But she shook her head and said: "It doesn't matter, brother Ye Feng is so anxious to come to me this time. Is there something important?"

Speaking of business, Ye Feng immediately looked serious and said: "Sister Su Su, I have some bad news for you. When I was conducting the inner court trial in the hell world, I met the eldest young master of the Shangguan family, Shangguan Lu. sky!"

Chapter 1535: Retreat in seclusion

"Shangguan Hutian?"

When Bai Susu heard the name at this time, she couldn't help but reveal a hint of deep fear in her beautiful eyes.

She nodded slightly, stared at Ye Feng, and said, "You offended Shangguan Haotian because of me. I will protect you, brother Ye Feng."

Ye Feng smiled and said: "I'm not afraid of Shangguan Haotian, but his eldest brother Shangguan Lutian is a troublesome person."

Bai Susu nodded and said: "Shangguan Lutian has an extraordinary inheritance. He is the most amazingly talented and powerful descendant of the Shangguan family in the past thousand years. He is as famous as senior brother Baili Piao-xue and is known as the leader of our Northern Divine Academy. "Peerless twins, I am no match for him."

Ye Feng said: "By the way, one more thing. I have passed the inner court trial and been certified as a disciple of the inner court. Next, I will build my residence near Sunu Mountain."

Bai Susu's eyes were filled with joy and she said: "Okay, from now on we can take care of each other. The Shangguan family may also want to take action on me. After all, they are very afraid of the inheritance of the Lord of Judgment in me and are afraid that I will lead the Immortal Clan in the Northern Territory." Becoming another big family in the temple threatens the Shangguan family's status in the temple in the north. "

Ye Feng's eyes moved and he said: "Sister Su Su, I have heard a long time ago that there are several big silver forces supporting and controlling the Northern Divine Academy. In addition to the Shangguan family, what other big silver forces are there?"

Bai Susu heard this and said: "I actually don't know this very well. After all, it hasn't been too long since I came to the Northern Divine Academy. The most active one at present is the Shangguan family. It is estimated that the Shangguan family is also the most powerful one. One of the people behind the scenes is the Baiyin family. In addition, the Baili family behind Senior Brother Baili Piaoxue also seems to belong to a big silver family behind our Northern Divine Academy. "

Ye Feng didn't expect that even Bai Susu didn't know this very well.

At this time, Bai Susu looked at Ye Feng, changed the topic, and said: "

Brother Ye Feng, with our current strength, if we want to fight against Shangguan Lutian or the entire Shangguan family, we are simply overestimating our capabilities. Therefore, we need to practice quietly for a while, try not to cause trouble, and improve our strength as soon as possible. "

Hearing this, Ye Feng nodded and said: "Sister Su Su, you are right, very correct. I think the best thing we can do now is to cultivate in secret and declare it to the outside world. In this way, we can avoid many big and small things. It's a small provocation, so as not to waste your cultivation energy, it's the best way to improve your cultivation as soon as possible."

Bai Susu said: "That Shangguan Hutian has always been extremely domineering. Now the main thing is that he doesn't take us seriously, so he just wants his third brother to have fun with you Ye Feng. But this is just the time for us to take a breather." If Shangguan Luntian really starts to take us seriously, maybe that will be the beginning of disaster."

Ye Feng nodded and said: "I will invite the elders in the inner courtyard as soon as possible to build a peak for me next to Sunu Mountain as a place to live. She can also move the small paintings from the No. 6 Cultivation Tower. Come and practice with us, otherwise I'm worried that she may be constantly troubled by the Shangguan family, and her life may be in danger."

Bai Susu said: "Okay, I'll contact Bai Xiaohua. Brother Ye Feng, please build your residence as soon as possible."

Ye Feng nodded slightly, then quickly left Sunu Mountain and ran towards the central hall of the inner courtyard.

After spending 10,000 contribution points, Ye Feng invited more than a dozen construction masters, formation masters, etc., selected a mist-shrouded peak next to Sunu Mountain, and built a majestic black gold palace, as well as facilities for the mountain guarding formation.

The whole process lasted for half a month, and a majestic

The majestic mountain peaks and palace residences were built.

"Wind Temple."

Ye Feng personally took up the pen and wrote these three words on the plaque of the palace where he lived.

"Brother Ye Feng is indeed a man with great ambitions."

Bai Susu flew over from Sunu Mountain to watch. When she saw the three words "Wind Temple", she couldn't help but smile and praise.

Bai Xiaohua followed Bai Susu to the top of the mountain where Ye Feng lived.

She looked at the majestic palace and said with a smile: "Ye Feng, do you mind if I live with you from now on?"

Ye Feng laughed and said: "Xiao Hua, as long as you want to live, you can live as long as you want. I don't care at all. Of course, if you have nothing to do, you can tidy up all the flowers and plants in my mountain hall. , clean it up, that would be great."

Bai Xiaohua's pretty face immediately showed a look of disgust and said: "Ye Feng, I have seen through your trick. You let me live with you just to find a servant who can clean the mountain. Humph, I won't do it."

In the end, Bai Xiaohua still lived in Ye Feng's Wind Temple.

Because it is very safe to live here.

Moreover, Ye Feng personally used the spirit pattern technique that he had practiced a long time ago, and carved a large spirit gathering formation in the entire Wind Temple and the surrounding peaks. The spiritual energy was extremely rich, even greater than that of Sunu Mountain. Rich.

In the following time, Ye Feng and Bai Susu each stayed in their own mountain peaks and concentrated on practicing.

It's too dangerous to go out now, after all, everyone in the Shangguan family is watching.

Ye Feng was currently in an underground training chamber inside the Wind Temple.

This secret cultivation room is inside the mountain peak where the entire Wind Temple is located.

Ye Feng asked the master builder to hollow out the entire mountain and build a secret underground training room inside the mountain.

In this way, Ye Feng now has a very large training chamber, where he can freely display and experiment with various martial arts inheritance without fear of running out of space to perform.

At this time, he was in the secret cultivation room inside the huge mountain.

Ye Feng released the sky-devouring demon python that he had captured from the hell world, letting this half-step god-level hell snake hover outside the entire Wind Temple. As a mountain-guarding behemoth, it could scare away any young person. .

Even Bai Xiaohua, who was planting elixirs in an elixir field around the Wind Temple, was startled by the sudden appearance of a three-headed sky-swallowing demon python.

After all, the size of this behemoth, hovering as towering as a mountain, is indeed a bit scary.

At this time, in the secret training room inside the mountain peak, Ye Feng began to swallow the divine crystals as rewards from the trials in the inner courtyard, including the rich training materials he had received before, and continued to accumulate and strengthen his own skills.

Before, Ye Feng was a little reluctant to swallow such a precious thing as the divine crystal, but now, he was willing to risk it.

During this trip to the hell world, Ye Feng got a lot of training materials, which can now be used to refine and comprehensively improve his martial arts skills.

Moreover, Ye Feng had previously exchanged rare gadgets from the human race in the Devil's City in the Hell Realm for many exclusive heavenly materials and earthly treasures in the Hell Realm.

For example, Hell Mandala, this strange hell flower, can be used to greatly enhance Ye Feng's soul and mental power.

Suddenly, Ye Feng's skill and soul were constantly growing, and he entered a deep state of latent cultivation.

Chapter 1536 Limit Breakthrough Method

Inside the mountain below the Wind Temple, there is a secret training room.

Ye Feng's aura cultivation level increased dramatically every day.

Powerful and destructive energy fluctuations emitted from inside Ye Feng's body.

If they hadn't seen it with their own eyes at this time, others might have thought that there was an ancient beast hidden inside the mountain peak.

This shows that Ye Feng's current vitality and physique have reached an incredible level.

After half a year of retreat, Ye Feng had consumed all his training resources.

In other words, he became a pauper again.

But the effect is also significant.

Under the accumulation of rich resources previously plundered.

Ye Feng's cultivation has successfully entered the tenth level of the heavenly realm and the perfect realm!

Moreover, Ye Feng's soul power has also skyrocketed from the previous level of 1,550 to 1,763 levels.

This is the result of Ye Feng's half-year retreat, which is very remarkable.

Ye Feng at this time was much more powerful than half a year ago.

On this day, Ye Feng opened his eyes.

Because his cultivation resources have been completely consumed.

"The bottleneck between the heavenly realm and the divine realm is a bit difficult."

Ye Feng murmured at this time.

In fact, he had already broken through to the tenth level of the Heavenly Realm three months ago.

In the last three months of this half year, Ye Feng has been trying to break through the bottleneck of the tenth level of the Heavenly Realm, trying to reach the realm of the Divine Realm.

But there has always been no success, energy is insufficient, and resources are exhausted.

"For a body like mine with a bottomless pit, it requires an extremely powerful and majestic energy to explode in the body in an instant to allow me to cross this threshold."

Ye Feng murmured and stood up in the secret training room.

He was going to go to the inheritance temple of the Northern Territory Seminary to find some high-grade elixirs, refine enough elixirs, swallow them all at once, and then make a breakthrough.

Just do it!

Ye Feng took out a set of black robes, covered his whole body, secretly flew out of the Wind Temple, and went to the Heritage Temple. He spent a huge amount of contribution points in exchange for several avenue-level pill prescriptions.

After returning to the Wind Temple again, Ye Feng mobilized the hands of time to cultivate the needed medicinal materials and refine baskets of pills.

Then Ye Feng once again entered the secret training room inside the mountain under the Wind Temple, and began to swallow the pill in large gulps, hoping to use the huge power of the medicine to break through.

But half a month later, all the baskets of pills were consumed.

Ye Feng found that although his skill was several times stronger.

However, the realm of cultivation still remains at the tenth level of heaven and human realm, the Great Perfection.

"why is that?"

Ye Feng encountered this situation for the first time.

"Maybe the pill I took didn't have enough energy."

Ye Feng guessed this and prepared to continue refining the elixir.

But Xiaoyao spoke out in the Queen's picture at this time: "Little Yezi, if you eat again, your body will probably explode and die. I can feel the energy that can be contained in every inch of your flesh and blood and meridians. It's reached its limit."

Ye Feng's eyes were a little thoughtful and he said: "Then why can't I take that last step?"

Xiaoyao thought for a while and said: "The skill is enough, but it is unable to break through the realm. I have encountered this situation before. This is a problem of mentality."

Ye Feng looked surprised and said: "Is it a mental problem?"

"That's right."

Xiaoyao nodded and said: "You have been practicing in seclusion for the past six months. Your mentality has become more peaceful, so it may affect your breakthrough in cultivation."

Ye Feng was a little confused and asked very simply: "Xiaoyao, your cultivation experience is much richer than mine. Tell me what should I do now?"

Stepping into the divine realm means that he is considered a master in the Northern Divine Academy.

This is very important to Ye Feng.

At this time, Xiaoyao thought for a while and said: "The limit breakthrough method."

Ye Feng couldn't help but ask: "What is the limit breakthrough method?"

Xiaoyao explained: "We human warriors, no matter what level or realm we are, once we encounter the limit, such as a life and death crisis, we can unleash unprecedented potential. A person's potential is unlimited, so as long as Xiao Yezi, you can Push yourself to your limits and you can unleash your unlimited potential."

Xiaoyao's words were a bit mysterious, but Ye Feng's eyes lit up.

Because Ye Feng himself had many breakthroughs at critical moments of life and death.

Therefore, the limit breakthrough method mentioned by Xiaoyao should be useful.

Ye Feng then fell into deep thought, "But where can I go to enter the ultimate state? Challenge the giant beast in the starry sky? That is tantamount to seeking death. Challenging someone with similar strength to me will not be of much use..."

Suddenly, an idea flashed in Ye Feng's mind: "That's right! There are many special training places in the Northern Divine Monastery. I have always said that I want to go, but I have never had the chance. I have been delayed. Now maybe I can try it. Try." Inside the mountain below the Wind Temple, in the secret training room.

Ye Feng's aura cultivation level increased dramatically every day.

Powerful and destructive energy fluctuations emitted from inside Ye Feng's body.

Ye Feng's cultivation has successfully entered the tenth level of heaven and human realm, the perfect realm of heaven and earth!

Moreover, Ye Feng's soul power has also skyrocketed from the previous level of 1,550 to 1,763 levels.

This is the result of Ye Feng's half-year retreat, which is very remarkable.

Chapter 1537 It's settled

Thinking of this, Ye Feng immediately flew out of the secret practice room.

He came to the Wind Temple from inside the mountain peak. After walking out, he found Bai Xiaohua farming in the distance with the sky-swallowing demon python.

It seems that Bai Xiaohua has become friends with the Sky-Swallowing Demonic Python.

Ye Feng flew directly towards the Sunu Mountain next to him.

This time Ye Feng arrived outside the Amethyst Palace and did not go in directly.

He said directly and loudly: "Sister Su Su, come out and see me. I have something to ask you."

But the next moment, a female voice came from the Amethyst Palace: "Brother Ye Feng, I am at a critical juncture in my cultivation. I am afraid I cannot see you and can only communicate with you spiritually. Do you have anything particularly important? "

Ye Feng immediately said: "It's not too important. I just want to ask which of the special training places in our Northern Divine Academy can put me into the ultimate state and force my potential, but there is no Life-threatening."

Bai Susu's voice came out again: "The Martial Ancestor Battlefield can meet your requirements. In the Martial Ancestor Battlefield, you will fight the phantoms of the martial arts ancestors of our human race. Each of those martial arts ancestors are... He is a master who stands at the pinnacle of ancient martial arts. The phantoms of his will that have been preserved are all proficient in various combat skills and have reached the highest level. They will definitely push you to the limit and fully stimulate your own martial arts potential." ?? .

"Martial Ancestor Battle Ground!"

Ye Feng immediately clasped his fists and said, "Thank you Sister Su Su for your guidance!"

Bai Susu's voice continued: "Brother Ye Feng, keep practicing and improve your strength as much as possible. After coming out of seclusion this time, I need you to do me a favor."

Ye Feng asked: "What are you busy with?"

Bai Susu said: "Accompany me to the Eastern Star Territory at the other end of the Chaos Star Sea. I need to enter a place called the 'Storm Island' in the Eastern Star Territory to find the natal treasure 'Great Judgment Scepter' that the Lord of Judgment left there. This Great Judgment Scepter plays a vital role for me."

Ye Feng's face showed a hint of surprise, then nodded and said: "Okay, I will accompany you, Sister Su Su!"

Uh-huh!

As soon as he finished speaking, Ye Feng quickly turned around and rushed towards the central area of the Northern Divine Monastery.

The most urgent task now is to go to the Martial Ancestor Battlefield to fight the phantom of the will of the martial ancestors, push yourself to the limit, and strive to break through the shackles of your current cultivation level at the limit!

But before Ye Feng left the mountain area where he lived.

A cold and icy voice had already come.

"Ye Feng! You little turtle is finally willing to come out! After waiting for you for half a year, I thought you would be so scared that you would never come out and die of old age in the secret cultivation room!"

Along with this voice, a young man in white, with a look of contempt on his face, flew over from a distance.

This person is Shangguan Hao

sky!

He is the third young master of the Shangguan family and the third brother of Shangguan Lutian.

At this time, around Shangguan Haotian, there were still several aloof disciples with very strong cultivation auras, including men and women.

These disciples who look very cold and aloof, the cultivation auras on their bodies are all half-step to the divine realm. There is even a man wearing a green shirt who is a real strong man in the divine realm!

These people, at first glance, are the powerful disciples of the Northern Territory Seminary who usually remain anonymous.

Shangguan Haotian was obviously well prepared this time, and he had recruited such a powerful group of senior brothers and sisters to help him and wanted to deal with Ye Feng.

Ye Feng stared at Shangguan Haotian opposite, frowned slightly, and said: "Shangguan Haotian, I don't have time to talk nonsense with you now."

Shangguan Haotian burst out laughing immediately, and then his eyes showed a deep coldness, and said: "Ye Feng! You think too highly of yourself! This time I am here in person, how dare you be so arrogant, do you know, you are already dying!"

Ye Feng smiled coldly and said, "Oh? What's the way to die?"

Shangguan Haotian immediately became furious when he saw Ye Feng's fearless appearance that day.

He immediately shouted: "Ye Feng, this time I invited many senior brothers and sisters to help me, and the most powerful one is this Qingshan senior brother. His name is Lu Jun, and he is the top one on the Northern Territory combat power list. He is a super genius, a peerless master, and possesses the cultivation level of the first level of the god realm. Ye Feng, you will not be able to escape this time!"

"Northern Territory Combat Ranking?"

"Top 100 super geniuses?"

Ye Feng's eyes flashed suddenly.

Ye Feng has never heard of the Northern Territory combat power list.

It may be that at his current level, he is still inaccessible.

But what is certain is that Lu Jun, who is wearing a green shirt, is definitely an extremely powerful being.

If Shangguan Haotian hadn't been the third young master of the Shangguan family, he probably wouldn't have been able to hire such a powerful top master.

Shangguan Haotian sneered at this time and said: "Ye Feng, judging from your appearance, I'm afraid you haven't heard of what the Northern Territory Combat Power List is, huh, you are such an ignorant boy, but I think you are going to die. For my own sake, I will popularize it for you for free."

"The Northern Territory Combat Power Ranking is a list of the most powerful super geniuses in the entire Northern Star Territory before they turn 100 years old. They represent the most powerful geniuses in the entire Northern Star Territory of the human race!"

"The senior brother Lu Jun I invited this time is the 100th-ranked super genius on the Northern Territory's combat power list. However, senior brother Lu Jun will not take action this time. He is just here to suppress the battle, because to kill Ye Feng, you, There is no need for a strong man like Senior Brother Lu Jun to take action, the other half-step god-level senior brothers and sisters I invited are enough to take care of you! Hahaha!"

At this time, Shangguan Haotian's words were full of deep self-confidence, as if he felt that he had decided to defeat Ye Feng. Thinking of this, Ye Feng immediately flew out of the secret training room.

He came to the Wind Temple from inside the mountain peak. After walking out, he found Bai Xiaohua farming in the distance with the sky-swallowing demon python.

At this time, Shangguan Haotian's words were full of deep self-confidence, as if he felt that he had won over Ye Feng.

Chapter 1538 Stunned

At this time, facing Shangguan Haotian's aggressiveness, Ye Feng just smiled indifferently and said: "Your eldest brother Shangguan Lutian regards me as your whetstone, but now it seems that you will only look for all kinds of powerful helpers to help you, I guess your elder brother will be very disappointed, you are just a coward without any courage. "

Ye Feng's words made Shangguan Haotian's face, which was originally sneering, turn red all of a sudden.

He immediately pointed at Ye Feng and yelled: "Shut up! No matter what I do, it's not your turn to make random comments!"

At this time, Shangguan Haotian immediately looked at the several Half-Step God Realm disciples around him and said: "Brothers and sisters, please take action to suppress this Ye Feng. I will take him back and torture him slowly."

"good."

Several half-step god level disciples are all inconspicuous existences in the Northern Territory Temple.

They are very powerful and have superb cultivation. At this time, they all smiled and said: "A mere boy of the tenth level of the Heavenly Realm is considered a good disciple of our Northern Divine Academy on the surface, but among us who are truly latent, In the eyes of people like Xiu, it's nothing more than a joke."

With that said, several Half-Step God Realm disciples immediately flew towards Ye Feng, their actions were full of calmness and calmness, as if they thought that catching Ye Feng was a piece of cake.

"I'm busy right now, and I don't have time to wrangle with you. Get out of here all of you!"

boom!

Suddenly Ye Feng shouted loudly, and a huge martial arts aura suddenly burst out from his body.

That kind of momentum is like a vast ocean, like an abyss like a prison, like the giant hooves of a violent ancient bull, capable of crushing and breaking through everything.

"boom!"

"boom!"

"boom!"

Almost at this moment, the three half-step god-level disciples who were about to rush in front of Ye Feng were immediately blown away by the arrogant and boundless martial arts momentum.

"puff!"

"puff!"

"puff!"

The three half-step god level disciples looked lonely and arrogant just now, but now they were knocked down.

He flew out and spurted out a mouthful of blood. His eyes were full of horror, and he was extremely embarrassed.

"What?!"

At this time, Shangguan Haotian was immediately stunned by the scene in front of him.

Because in his imagination, Ye Feng should have been suppressed and destroyed in one fell swoop.

But now, three powerful senior brothers and sisters who were in the half-step god realm were knocked away by Ye Feng in an instant.

This is simply unimaginably powerful.

So scary!

"Senior Brother Lu Jun, protect me quickly!"

Shangguan Haotian instantly hid behind Lu Jun, a master in the northern region's combat power list who was in the first level of the divine realm.

Uh-huh!

But at this time, Ye Feng did not go to capture Shangguan Haotian at all. Instead, he jumped and flew far away and disappeared.

Ye Feng had no intention of getting entangled with this group of people.

Because there was Lu Jun, who was in the first level of divine realm, present.

This Lu Jun is a super genius ranked in the top 100 in the Northern Territory's combat power list.

Ye Feng estimated that Lu Jun's true combat power was probably comparable to that of an ordinary third-level heavenly warrior in the divine realm.

So Ye Feng did not choose to fight at this time, because it would only hurt both sides and the gain would not be worth the loss.

The most important thing for him now is to rush to the Martial Ancestor Battlefield to break through his limits and strive to transform his cultivation.

Just wait until you break through and transform to the true first level of the divine realm.

So let alone Lu Jun, even if Shangguan Lutian came in person, Ye Feng no longer had to be so afraid.

With the protection of the future body of Dzogchen, as long as Shangguan Lutian doesn't break through to the Qiankun realm above the divine realm for one day, he can't even think of killing himself by force.

"This time I gave Shangguan Haotian a severe shock.

, but my powerful combat power that far exceeds my cultivation level has also been exposed. Perhaps this will cause Shangguan Lutian to take action personally. I need to be promoted to the divine realm as soon as possible! "

Ye Feng thought in his mind and quickly flew towards the Martial Ancestor battle field.

And now in the same place.

Shangguan Haotian's eyes were still in a state of fear.

The terrifying aura that Ye Feng burst out in an instant made the third young master of the Shangguan family feel deep fear and tremble from the bottom of his soul.

That kind of powerful aura made Shangguan Haotian feel like he was facing an ancient scourge that could crush him at any time.

"How is this possible? How is this possible! How did this boy Ye Feng become so powerful?"

At this time, Shangguan Haotian's eyes were filled with deep doubts and fear.

He suddenly thought of the relationship between Ye Feng and Bai Susu, which seemed to be very close.

"It must be Bai Susu who is training Ye Feng! Bai Susu is the inheritor of the ancient power of the immortal world, the 'Lord of Judgment'. She must have given Ye Feng all kinds of powerful immortal world inheritance and resources to make Ye Feng, a humble and humble person, Servant, finally got to where he is now."

At this moment, Shangguan Haotian, the third young master of the Shangguan family, was thinking crazily, his eyes filled with deep jealousy.

"Death! Ye Feng! Bai Susu! I want all of you, this pair of bastards, to die!"

At this time, Shangguan Haotian roared furiously in his heart.

But on the surface, Shangguan Haotian looked gloomy and showed no signs of anger, which showed that he still had some connections in the city and was a sinister person.

At this time, Shangguan Haotian looked at Lu Jun beside him and said, "Senior Brother Lu Jun, why didn't you take action to suppress that Ye Feng just now?"

Lu Jun glanced at Shangguan Haotian and said: "Judging from the momentum that Ye Feng burst out, even if I can defeat him, the price I have to pay may be very huge."

Shangguan Haotian heard about Lu Jun's Northern Territory combat power list.

The top 100 super geniuses all said this, and their expressions suddenly became extremely ugly, saying: "Do you really want to find Big Brother? But Big Brother will definitely be furious if he knows that I am so weak."

Lu Jun suddenly spoke up at this time: "Master Haotian, as long as the reward you give is enough, I can invite some more powerful brothers and sisters than me. They are all super masters on the Northern Territory's combat power list. Let's unite together. We will definitely be able to kill that Ye Feng."

"real?"

Shangguan Haotian's eyes immediately lit up and he said: "That's great! The wealth of my Shangguan family is huge, and the reward is just a small thing."

Lu Jun nodded and said: "Okay, then Master Haotian will keep an eye on Ye Feng's next movements. If he walks out of the Northern Territory Temple, notify me immediately, and I will immediately bring other Northern Territory combat forces with him." The top experts on the list are here to help you kill Ye Feng."

When Shangguan Haotian heard this, he immediately said excitedly: "Okay! Great! Then I'll leave this matter to you, Senior Brother Lu Jun! As long as you successfully kill Ye Feng, you can get whatever reward you want!"

...

At this moment, Ye Feng came to the gate of a huge circular castle in the inner area of Beiyu Temple.

This huge castle looks like a circular arena, which is where the Martial Ancestor fights!

As long as you spend enough merit points, you can enter it, fight against the will shadow of the human race's martial arts ancestors, and hone your martial arts fighting skills.

Even if you can defeat the Martial Ancestor Phantom, not only will the credit points consumed be returned to you, but you will also receive a huge reward from the upper echelons of the Northern Territory Temple, who think you are a talent.

However, it is extremely difficult to defeat the shadow of Martial Ancestor's will.

You know, the phantoms of Martial Ancestor's will are all martial arts masters from the ancient times of the human race.

Since the establishment of the Northern Divine Academy, it seems that there has never been anyone who has defeated the phantom of Martial Ancestor's will. Even the peerless twins like Baili Piao xue and Shangguan Lutian have never succeeded.

Chapter 1539 Half a Month

Looking at the majestic and majestic circular arena castle in front of him.

Ye Feng took a deep breath and walked inside.

After passing through the golden door, Ye Feng saw a skinny old man with white hair behind the counter next to the arena, lying on a rocking chair, holding a wine jar in his hand, and seemed to be asleep.

Ye Feng stepped forward, knocked on the counter with a "dong dong dong", and said: "This elder, my name is Ye Feng, I am a disciple of the inner courtyard. I came to the Martial Ancestor Battle Ground to practice. I also ask the elder to start the Martial Ancestor Battle." field."

Hearing Ye Feng's voice, the old man lying on the rocking chair, holding a wine jar, half-squinted his eyes and said: "Bring me the identity token, I will deduct your merit points, and you will hone yourself in the Wu Zu Battle Field for an hour. It just requires five thousand merit points."

"One hour? Five thousand merit points?"

Ye Feng's eyes were shocked. He didn't expect that the Martial Ancestor Battlefield would be so expensive.

The guardian elder holding the wine jar seemed to have guessed Ye Feng's thoughts, and said with a smile: "Young man, if you want to inspire the phantom of Martial Ancestor's will in this Martial Ancestor battle field, you need a rare Martial Ancestor core. To be able to maintain operation and charge you five thousand merit points per hour is already a huge benefit given to you disciples by the academy's upper management. Otherwise, how could you have the opportunity to practice with the martial arts ancestors from endless years ago? This is a huge benefit."

Ye Feng saw that what the guardian elder said was clear and logical, so he didn't say much. He just handed his identity token to the old man behind the counter and said, "Elder Guardian, this is my identity token. There are tens of thousands of coins in it." Give me some credit, I will enter the Martial Ancestor Battlefield to practice later. As long as I don't tell you to stop, don't close the Martial Ancestor Will Shadow in the Martial Ancestor Battlefield."

"Just call me 'Jiu Elder'."

The guardian elder, also known as the wine elder, spoke up. He smiled and said: "Young man, next time I come to bring some jars of good wine. If the wine satisfies me, maybe I can give it to you when I am happy. The consumption of some merit sheets will be reduced, allowing you to spend more time fighting in the Martial Ancestor Battlefield."

The speaker has no intention, the listener has intention.

When Ye Feng heard what the wine elder said, he was immediately slightly shocked.

You know, Wu Zuzhan

The rules for the consumption of merit points in the arena were determined by the upper echelons of the Northern Territory Seminary.

Even the guardian elders of the Martial Ancestor Battlefield have no right to change it.

But the wine elder in front of him casually said that he could reduce the cost of his merit points, which was tantamount to casually saying that he wanted to change the rules of the upper echelon of the Northern Territory Seminary.

"It seems that this elder Jiu has a very extraordinary status. He is not just a guardian elder of the Martial Ancestor Battlefield."

Ye Feng murmured in his heart.

Then Ye Feng immediately smiled and said: "Okay, next time the disciple comes, I will definitely bring some jars of good wine for you to try, Elder Jiu!"

After saying that, Ye Feng jumped directly and ducked into the middle of the Martial Ancestor battle field, which looked like an ancient circular arena.

"Buzz!"

At this time, the wine elder behind the counter at the door had already activated the formations of the entire Martial Ancestor Battlefield.

Uh-huh!

In an instant, a tall and thin blurry figure appeared on the field directly in front of Ye Feng.

This phantom is the phantom of the Martial Ancestor's will, representing the essence of the ancient human martial arts masters.

"Uh-huh!"

Ye Feng was about to take action, but at this moment, the shadow of the Martial Ancestor flashed behind him.

"Bang" sound!

Ye Feng only felt a pain in the back of his neck, and suddenly fainted on the ground.

Buzz!

But the next moment, an energy essence was injected into Ye Feng's body from the formation.

"hiss!"

Ye Feng woke up immediately and gasped in pain.

At this time, he was able to wake up immediately because there was an energy essence in the formation that could immediately wake up the warrior's mind.

"If it were an actual battle

, I was already dead at that moment, and I died before I could use any of my moves. "

At this moment, Ye Feng suddenly stared at the shadow of Martial Ancestor standing motionless opposite, his eyes full of seriousness.

The gentle wind and calm clouds before had long since disappeared.

Instead, there was deep solemnity.

At that moment, the instant harvest of Martial Ancestor's shadow made Ye Feng look forward to the Martial Ancestor battle field more and more.

It really is a great place to push yourself to your limits.

At this time, Xiaoyao's voice also sounded in the Queen's Picture: "Little Yezi, it will be of great benefit if you fight more with this Martial Ancestor's shadow. Moreover, I am watching the various movements of this Martial Ancestor's shadow in the Queen's Picture. You can also get a lot of gains. The golden powers of your era still have some foundations. This kind of Martial Ancestor battle field was not even able to be built by some of the great powers in the ancient Ming Dynasty. "

Xiaoyao's words made Ye Feng's fighting spirit stronger and stronger.

Uh-huh!

Suddenly at this moment, the shadow of Martial Ancestor flickered once again.

But Ye Feng was very vigilant this time, and he was a natural soul master. The powerful soul power enveloped him within one meter, making it impossible for the Martial Ancestor Phantom to approach him quietly.

Uh-huh! Uh-huh! Uh-huh!

Next, it turned out that no matter what method Martial Ancestor Xuying used, he was unable to completely approach Ye Feng and sneak attack Ye Feng.

So he could only start a head-on confrontation with Ye Feng.

"Huh? This guy is a bit interesting."

The wine elder behind the counter not far away was watching the battle scene on the field and couldn't help but have a faint smile on his lips.

At this time, Wu Zu was in the battle field.

"boom!"

The shadow of the Martial Ancestor is equivalent to a clone of the ancient martial arts master. At this time, if he grabs it with a slap, it is like a piece of heaven and earth oppressing him, giving people a feeling that they cannot escape.

"boom!"

No matter how Ye Feng evaded, he couldn't escape.

It can only be passively confronted head-on.

"boom!"

Ye Feng used his powerful martial arts moves to fight against the Martial Ancestor Xu Ying again and again.

Throughout the process, Ye Feng found that he had been greatly tempered.

Every move and style of Martial Ancestor Xuying condenses the essence of the ancient human martial arts masters, and is worthy of learning by any descendant of the human race.

For half a month, Ye Feng fought day and night against Wu Zu's shadow in the Wu Zu battle field.

If it were an ordinary disciple, he might be tired after fighting for an hour.

Half a month is simply unimaginable.

But Ye Feng seemed to have endless energy, fighting non-stop like a fighting machine.

He pushed himself to the limit.

On this night.

"boom!"

Ye Feng's body suddenly burst out with a huge and boundless martial arts aura.

That is the aura of cultivation at the half-step god level!

"I finally stepped into the realm of God, and the limit breakthrough method really worked for me!"

Ye Feng's expression immediately became extremely excited.

Although he has not entered the true realm of God.

But Ye Feng was already satisfied.

Half-step to the divine realm means that Ye Feng's bottleneck shackles have been half broken.

This is already a huge achievement and breakthrough.

Uh-huh!

Suddenly at this time, Martial Ancestor's shadow disappeared.

Ye Feng looked outside the field and found that the elder Jiu was staring at him with a smile.

Ye Feng looked at the sky and woke up suddenly.

seemingly.....

I have been fighting for half a month.

Ye Feng had been immersed in the battle before, so he forgot about time.

Half a month, how many hours should that be?

The amount of credit points I have consumed is probably an astronomical figure!

Chapter 1540 Bad News

Feeling anxious in his heart, Ye Feng immediately walked out of the Martial Ancestor battle field.

He looked at Elder Jiu at this time and said a little embarrassedly: "Elder Jiu, after half a month of fighting, have I already owed countless credit points?"

The wine elder smiled and said: "That's right, you owe me probably several million credit points."

"Oh my God! How many millions of credit points?!"

When Ye Feng heard this result, he was so shocked that he almost lost his balance.

But Elder Jiu said something that surprised Ye Feng at this time. The old man said slowly: "But I will exempt you from the millions of credit points you owe."

Ye Feng's eyes were filled with joy and he said: "Thank you, Elder Jiu!"

Elder Jiu nodded slightly and said: "You are a good seedling. This time I am making an exception to exempt you, but this does not mean that you can still use the Martial Ancestor Battlefield for free next time. After all, the credit points I exempted you from are all It's my fault, old man."

Hearing this, Ye Feng was greatly moved and said, "Thank you very much, Elder Jiu, for your love."

The wine elder said with a smile: "Next time you come to the Wuzu Battle Ground, remember to earn more credit points before coming back. A battle madman like you consumes too much. Also, don't forget to bring some fine wine to the old man." ??

Ye Feng immediately clasped his fists and said, "Okay, disciple, remember it!"

The wine elder continued: "I have drunk most of the fine wines in the world, so I don't need ordinary wine. I want that kind of special rare wine. I hope you can find it."

After saying that, Elder Jiu continued to lie on the recliner and fell asleep.

Ye Feng continued to bow his hands to Elder Jiu to express his gratitude, and then left the Martial Ancestor battle field.

After returning to the Wind Temple from the Martial Ancestor Battlefield, it was almost dawn.

Ye Feng saw a stunningly beautiful woman in a white dress from a distance, standing on the top of the mountain where the Wind Temple was located.

"Sister Su Su, why did you come to my Wind Temple?"

Ye Feng flew over and asked with a hint of curiosity in his eyes.

"Brother Ye Feng, have you... broken through to the half-step god realm?"

A hint of surprise suddenly appeared in Bai Susu's beautiful eyes.

At this time, Ye Feng sensed the aura of cultivation on Bai Susu's body, which was also half-step into the divine realm. He couldn't help but brighten his eyes and said: "It seems that this time, Sister Susu, you have gained a lot from your retreat."

Bai Susu smiled and said: "Brother Ye Feng, you are so powerful. You rely entirely on yourself. I have the support of the treasure trove left by the Lord of Judgment, but you still caught up with me within a year."

When Ye Feng heard this, he just smiled and said nothing more.

At this time, Bai Susu said: "By the way, this time I have the wind

The temple is specially designed to wait for your return. This time your strength has greatly increased, so I will be even more relieved. "

Ye Feng's eyes moved, as if he had thought of something, and said: "Sister Su Su came to the Wind Temple to wait for me, because of what you said before about going to the 'Storm Island' in the Eastern Star Territory?"

Bai Susu nodded, with a hint of expectation in her eyes, and said: "Yes, in a star field in the Eastern Star Territory, there is an ancient island floating in the starry sky of the universe, called Storm Island. I am going to find the Lord of Judgment. A natal treasure, the Great Scepter of Judgment. As long as I obtain the Great Scepter of Judgment, I may be able to use this treasure to directly break through to the true divine realm, or even rush into the higher levels of the divine realm in one fell swoop, such as the seventh level of the divine realm. Heaven, even the eighth heaven."

Hearing this, Ye Feng's eyes were startled and he said: "So powerful? Then you must go! This time I will accompany you, Sister Su Su, to find the Great Scepter of Judgment."

Bai Susu nodded and said: "In addition to the Great Judgment Scepter of the Lord of Judgment, there must be other leftover resources of ancient powerful people on the Storm Island. Brother Ye Feng may also be able to obtain huge opportunities by then. We need to do it as soon as possible. Promoted to the divine realm, because just a few days ago, I got bad news. With the help of the Shangguan family's clan treasure, Shangguan Lutian broke through the level of the divine realm and stepped into the half-step world realm. , now he is accumulating in seclusion within his family, trying to transform into the true realm of heaven and earth!"

When Ye Feng heard this, he immediately looked shocked and said, "What? Shangguan Lutian has already broken through to the half-step Qiankun realm?"

Bai Susu nodded and said: "So we need to speed up. As long as we find the Storm Island, I got the Great Judgment Scepter. When I break through to the Divine Realm, and rush into the Seventh Heaven of the Divine Realm, with the help of the Great Judgment Power Even a strong person in the Qiankun Realm can't do anything to me."

Ye Feng realized the seriousness of the matter and immediately said: "Okay! This time I will try my best to help Sister Su Su get the treasure of the Lord of Judgment! By the way, how is Senior Brother Baili Piaoxue doing now?"

Ye Feng still has a good impression of Baili Piaoxue, the fair and friendly chief disciple of the Northern Territory Seminary.

Bai Susu said: "Senior Brother Baili Piaoxue is currently practicing a powerful technique in seclusion in his family. Perhaps the news that Shangguan Lutian broke through to the Qiankun realm has put huge pressure on Baili Piaoxue. Baili Piaoxue Senior Brother Xue also started to become more anxious."

Ye Feng nodded and said: "If necessary, bring Senior Brother Baili Piaoxue to our side and fight against Shangguan Lutian together."

Bai Susu smiled slightly and said: "I have thought of this too, but if we want Senior Brother Baili Piaoxue to recognize us, we also need to become stronger. After all, no matter how friendly the dragon is, he will not cooperate with the snake. "

Ye Feng said: "Okay, then we will prepare as soon as possible, passing through the northern star field and chaotic star sea, heading to the eastern star field, looking for the storm island." Feeling anxious in his heart, Ye Feng immediately walked out of the Martial Ancestor battle field.

He looked at Elder Jiu at this time and said a little embarrassedly: "Elder Jiu, after half a month of fighting, have I already owed countless credit points?"

Ye Feng realized the seriousness of the matter and immediately said: "Okay! This time I will try my best to help Sister Su Su get the ultimate treasure of the Lord of Judgment! By the way, how is Senior Brother Baili Piaoxue doing now?"
