Chapter 1541 Return to the Sea of Chaotic Stars

Chaos Star Sea, the junction of the Northern Star Territory and the Eastern Star Territory.

This is an extremely chaotic starry ocean area.

In the boundless starry sky of the universe, there is actually a vast and endless ocean, floating among the stars. I really have to marvel at the miraculous craftsmanship of nature.

At this time, in the starry sky at the edge of the Chaotic Star Sea adjacent to the northern star field, a purple starry sky ship descended.

"Click."

The cabin door opened, and two young figures, a man and a woman, stepped out of it.

These two people were Ye Feng and Bai Susu.

After they left the Northern Territory Temple, they traveled through the entire Northern Star Territory without stopping at all, and finally arrived at the Sea of Chaotic Stars.

"This is my second time coming to Chaotic Star Sea."

Ye Feng laughed out loud at this time.

He looked at the endless ocean floating in the starry sky in front of him, and felt a sense of familiarity when he came to the sea of chaotic stars.

Bai Susu smiled and said: "You told me on the way here that the task you took over in an academy before was to come to this sea of random stars to protect the richest man in the sea of random stars."

Ye Feng nodded and said: "In the end, we worked together to destroy the Luanxing Auction. Now it is estimated that Chairman Shen's Chamber of Commerce Alliance has become a giant force in Luanxing Sea."

Speaking of this, Ye Feng suddenly thought of something.

The Taixu Fire Emperor, who was unsealed from the hell battlefield, the human emperor of the Hades, has now become an eternal zombie, and may be in this chaotic sea of stars.

However, Ye Feng had previously used a transmission talisman to remind President Shen in the chaotic sea of stars that if he encountered the Taixu Fire Emperor, he must choose to surrender.

Bai Susu said at this time: "We have come all the way and are very tired. It just so happens that Brother Ye Feng knows someone in Chaos Xinghai, so we will go to his place to have a rest, and it is also a good time to find out where we are going on this trip. Where exactly is the Storm Island located in the Eastern Star Region?"

Ye Feng glanced at the beautiful lady next to him in surprise and said, "Su Su

Sister, you don't know where the Storm Island is? "

Bai Susu shook her head and said: "I don't know the specific location, so I need to find out the information."

Ye Feng nodded and said with a smile: "Okay then, let's explore this chaotic star sea, just in time to take a rest."

Just in time, Ye Feng wanted to go to the Chamber of Commerce Alliance of Luan Xinghai to have a look. He didn't know whether Chairman Shen, the richest man in Luan Xinghai, had encountered the terrifying guy of the previous era, Taixu Fire Emperor.

Shaking his head, Ye Feng took Bai Susu and flew towards a certain direction in the endless ocean of Chaotic Star Sea.

Ye Feng had been to Chaotic Star Sea once, so he knew the basic directions.

On the contrary, Bai Susu has never left the Northern Star Territory, and now she can only follow Ye Feng.

Staring at the back of the young man in front of her, Bai Susu felt an inexplicable emotion in her heart at this moment, which seemed to be a warm and reliable feeling.

Bai Susu has always been alone, fighting against the crowd, killing powerful enemies, and looking for opportunities.

But this time, with Ye Feng accompanying him, Bai Susu felt a strange feeling in her heart that she had never experienced before.

This made her cold sacred heart feel throbbing.

"What am I thinking about? Ye Feng is my younger brother. Although he is my godbrother, he is much younger than me..."

At this time, Bai Susu seemed to have thought of something, and immediately shook her head vigorously, throwing away the strange thoughts that suddenly flashed in her heart.

At this time, Ye Feng had already taken Bai Susu through a large ocean area and arrived at a group of island buildings.

Looking at the familiar building in the distance, Ye Feng immediately breathed a sigh of relief.

"The buildings of the Chamber of Commerce Alliance are exactly the same as when I came here before. This shows that the chaos of the Star Sea is not the same as when I came here before.

Nothing much has changed. "

Ye Feng thought in his mind and took Bai Susu into the island area of the Chamber of Commerce Alliance.

Buzz!

"Brother Shen, I'm here. Come out and see me."

At this moment, Ye Feng threw out a transmission note.

Uh-huh!

In less than a moment, a graceful old man's figure flew out of the Chamber of Commerce Alliance buildings.

The moment he saw Ye Feng, he immediately looked overjoyed and said, "Brother Ye, long time no see!"

This old man is none other than President Shen, the richest man in Chaos Xinghai!

At this time, President Shen glanced at Bai Susu next to Ye Feng, and immediately said with a smile: "Brother Ye, I didn't expect you to bring out all your siblings this time?"

Brother...sister-in-law?

The corner of Ye Feng's mouth twitched slightly and he said quickly: "Brother Shen, you misunderstood. This is Bai Susu, my god-sister. She is also my senior sister and one of the top ten core disciples of the inner courtyard of the Northern Territory Seminary."

When President Shen heard this, his eyes were suddenly startled, and he quickly clasped his fists and said: "It turns out that he is a senior disciple of the Northern Divine Academy and one of the ten core disciples of the inner academy. I am blind, so please forgive me."

Even if the richest man in Chaos Xinghai like President Shen meets a core disciple of a golden power like Northern Divine Academy, he must remain respectful, otherwise the consequences will be very serious.

There was no wave on Bai Susu's beautiful face at this time, she just said: "It doesn't matter."

Ye Feng quickly changed the subject and said: "Brother Shen, let's go to the Chamber of Commerce Alliance first. This time Sister Su Su and I are here to find a special place. In the Eastern Star Territory, we may have to trouble you, Brother Shen." Use your intelligence power to help us find out."

President Shen immediately smiled and said: "This is a small matter. As long as I have the ability, I will definitely help you, Brother Ye. By the way, follow me to the hall of the Chamber of Commerce Alliance. There is a big shot who wants to see you.

"

Ye Feng looked confused and said: "The big shot wants to see me?"

Chairman Shen glanced at Bai Susu who was not far away, and then whispered in Ye Feng's ear: "Brother Ye, that big shot you sent me a message about half a year ago, asking me to surrender, that big shot, It's really scary, I'm so shocked."

When Ye Feng heard what President Shen said, a look of surprise immediately appeared on his face.

It seems that the big shot President Shen is talking about is the Taixu Fire Emperor.

In other words, President Shen in front of him may have become the lackey of Taixu Fire Emperor, the eternal zombie.

Although Xiaoyao had reminded Ye Feng that the Taixu Fire Emperor gave him the Ancient Burning Heaven Technique, possibly to plot against him.

But for now, he can take advantage of the Taixu Fire Emperor's power.

At present, he has just merged the two holy fires. An ancient figure like Taixu Fire Emperor has no reason to attack him.

Even if you take action, you have to wait until you gain weight.

Along the way, Ye Feng and Bai Susu sensed that there seemed to be a strong person following them behind them.

Ye Feng guessed that it might be Shangguan Haotian, a guy who was unwilling to give up.

"Perhaps this time, we can use the power of Taixu Fire Emperor to catch all those strong men who are following us."

Ye Feng thought secretly in his heart.

Then he looked at President Shen in front of him and said with a smile: "Brother Shen, let's go. I just want to meet that big shot."

Big shot?

Bai Susu's beautiful eyes had a trace of doubt at this moment, but she didn't ask any more questions.

Judging from Ye Feng's expression, there doesn't seem to be any danger, so that's fine.

Now Bai Susu maintains complete trust in Ye Feng, her adopted godbrother.

The three of them were talking at this time and walking towards the Chamber of Commerce Alliance building complex not far away.

Chapter 1542 Murder in the Night

When Ye Feng and Bai Susu followed President Shen to the central hall of the Chamber of Commerce Alliance.

A young man wearing a light blue gown had been standing there for what seemed like a long time.

The moment Ye Feng stepped in, he immediately stared at this young man.

Although his appearance had changed, he recognized at a glance that this figure who seemed to have been reborn was none other than the Taixu Fire Emperor!

The feeling that Taixu Fire Emperor gave Ye Feng now was many times more powerful than that under the cemetery in the hell battlefield before.

Obviously, after Ye Feng extracted the unknown strange thing from Taixu Fire Emperor's body, Taixu Fire Emperor was no longer troubled by the unknown, and his cultivation strength was increasing day by day.

Moreover, Taixu Fire Emperor now has a body that is rigor mortis, invulnerable to water and fire, invulnerable to thunder and lightning, and is immortal for all eternity. It can be said that he is extremely powerful.

Ye Feng knew very well that the Taixu Fire Emperor was just a low-key person. If the Taixu Fire Emperor was willing to be born, he would surely shock the world.

No one knows better than Ye Feng how terrifying Taixu Fire Emperor, the human emperor from the ancient times, is now.

At this time, Ye Feng took a slight breath, walked into the hall, looked at Taixu Fire Emperor, clasped his fists slightly, and said: "I haven't seen you for many days, Senior Taixu's energy and energy are getting better and better."

At this time, Taixu Fire Emperor didn't seem to be hostile, he just smiled and said: "Little friend Ye Feng has also made great progress. How is your practice of the Ancient Burning Heaven Technique?"

Ye Feng said: "It's not bad."

Taixu Fire Emperor felt it slightly and said: "You have successfully fused the Dragon Spirit Holy Fire and the Extremely Cold Flame. Yes, you have opened the first door on the path of practicing the Ancient Burning Heaven Technique."

When Ye Feng heard this, his eyes showed a trace of surprise.

The strength of this Taixu Fire Emperor was indeed unfathomable, and he could sense the changes in himself in an instant.

\u003c

br\u003e God knows what kind of terrifying strength this old monster, who survived from the Hades era and turned into rigor mortis, has now.

At this time, Ye Feng smiled and said: "Senior Taixu has a keen eye, and this junior has indeed harvested the flames of extreme cold."

At this time, Bai Susu on the side heard the conversation between the two and looked at Ye Feng in surprise.

She obviously didn't expect that her younger brother Ye Feng would silently merge the two holy fires.

"It seems that my understanding of you, brother Ye Feng, is not deep enough..." Bai Susu murmured secretly.

At this time, President Shen walked in from outside the hall and said with a smile: "Brother Ye, I have prepared a banquet for you to wash away the dust. Senior Taixu, please go with us."

Taixu Fire Emperor shook his head and said: "I won't go, there are other things to do."

Uh-huh!

After saying that, Taixu Fire Emperor moved and disappeared from the place.

Ye Feng looked at Bai Susu beside him and said with a smile: "Sister Susu, let's go. While enjoying the food, we can ask Brother Shen about the news about Storm Island."

Bai Susu nodded and said, "Okay."

President Shen was very polite. Ninety-nine and eighty-one dishes were prepared for this dinner, which was enough to show that President Shen valued Ye Feng.

At the dinner, Ye Feng asked President Shen about the news about Storm Island.

But President Shen has never heard of any storm islands in the Eastern Star Region.

Bai Susu said: "Storm Island was once a battlefield for the immortal armies and dark creatures. It has a history of 100,000 years.

It's history, and it's normal for future generations of humans not to know. "

President Shen said: "Don't worry, you two, I will mobilize the strength of the entire Chamber of Commerce Alliance under my command to go to the Eastern Star Territory to inquire about the news about Storm Island."

Ye Feng looked at President Shen, smiled and said: "Brother Shen now relies on the power of Taixu Fire Emperor, so his power should be even stronger."

President Shen laughed and said: "Thanks to Brother Ye's reminder. If Brother Ye hadn't sent me the transmission notes in advance and told me that I must surrender to Senior Taixu, I'm afraid I would have become a dead person now. "

There was no one around at this time, and President Shen secretly whispered: "When Senior Taixu first came to Chaotic Star Sea, he approached many forces, but they were all rejected. I am the only one willing to surrender to Senior Taixu." , As a result, all those who refused were killed by Senior Taixu who was slowly recovering his strength. Now most of the forces in the entire Chaotic Star Sea are in the hands of our Chamber of Commerce Alliance. "

Ye Feng smiled and patted President Shen on the shoulder and said: "Work hard. The identity of this senior Taixu is far beyond your imagination."

President Shen nodded immediately, stood up, picked up the wine glass, toasted a glass of wine, and said: "Brother Ye, thank you very much, I drank this glass of wine!"

Gulu!

With that said, President Shen drank all the wine in his glass.

...

It's night, the moon is as cold as water.

After the dinner.

Ye Feng and Bai Susu left the central hall and walked towards the building complex where the Chamber of Commerce Alliance specializes in entertaining distinguished guests.

On the road, the moonlight stretched the shadows of the two people very long.

Bai Susu's beautiful face looked even more sacred and noble under the diffuse moonlight.

At this time, Bai Susu suddenly spoke up: "Brother Ye Feng, do you think we can successfully find the true treasure of the Lord of Judgment? After all, it is just a legend."

Ye Feng looked at the beautiful figure beside him, looking a little lonely and cold. He couldn't help but stretched out his hand, took Bai Susu's slender jade hand, and said: "Sister Susu, don't worry, you have me as a big helper now, you will definitely succeed. Yes, we have been staying in the Chamber of Commerce Alliance for the past few days, waiting for news from President Shen. "

At this time, Ye Feng suddenly held her hand. Bai Susu didn't even hear Ye Feng's words clearly. She just trembled like an electric shock all over her body.

In so many years, this is the first time Bai Susu has been touched by the opposite sex.

Although Ye Feng has always been regarded as her younger brother in Bai Susu's heart.

But at this time, feeling the strong palm held by Ye Feng, Bai Susu's heart was far from the calmness she imagined, but there was a violent wave.

But at the next moment, Ye Feng let go of his hand and said, "So sister Susu, don't worry. As long as I'm here, I will never allow failure."

In the slightly dim night, Ye Feng did not see the blush on Bai Susu's beautiful face at this moment.

Bai Susu quickly regained her composure and tried to keep her tone normal, saying, "This time I really trouble you, brother Ye Feng."

Ye Feng laughed, looked at the bright moon in the sky, and said: "Sister Su Su and I will go to the storm island together, and maybe we can find my own opportunity."

Buzz!

While the two were talking, a cold and murderous intention suddenly appeared in the darkness.

"boom!"

There were more than a dozen of those terrifying murderous intentions, like an endless wave of cold water, drowning the two of them in an instant.

Chapter 1543 Follow your words

"No! It's a killer lurking in the dark. It seems that he has been following us before!"

At this moment, Bai Susu immediately exclaimed.

Uh-huh!

At this time, Ye Feng had already pulled Bai Susu away from the place.

"Boom!"

The place where the two of them were standing just now exploded immediately, and a large pit appeared, which was bottomless.

The attack at this moment was obviously very terrifying. ??

If the two of them didn't leave in time, even if they didn't die, they would probably be seriously injured immediately!

"Who is it?"

At this moment, Ye Feng and Bai Susu, who had flashed into the distance, both had frightened and angry expressions in their eyes.

"It was quite quick to hide, but unfortunately, you will definitely die tonight."

At this moment, a sinister laughter that was very familiar to both of them suddenly sounded in the darkness.

"This voice is... Shangguan Haotian!"

Ye Feng and Bai Susu's eyes changed instantly.

Sure enough, the person who had been secretly following them was Shangguan Haotian, the third young master of the Shangguan family.

"This Shangguan Haotian is really haunted..." Ye Feng murmured, with a cold murderous intent flashing in his eyes.

Buzz!

Buzz!

At this moment, in the darkness in front of the two of them, Shangguan Haotian's figure slowly walked out.

Behind him, there were more than a dozen figures suspended in the sky.

The cultivation auras of these dozen figures are all impressively at the first or even second level of the divine realm!

"Why do so many powerful people in the divine realm suddenly appear?"

At this moment, Bai Susu's beautiful eyes showed a hint of shock.

"It's him!"

At this time, Ye Feng saw Lu Jun from the last time among the dozens of figures.

This Lu Jun is the 100th-ranked super master on the Northern Territory's combat power list.

At this time, Ye Feng immediately said to Bai Susu beside him: "Sister Susu, these people are probably all super geniuses on the Northern Territory's combat power list."

"Northern Territory Combat Ranking?"

Bai Susu had obviously heard of it, and her eyes immediately sank and she said:

"This Shangguan Haotian seems to have spent a lot of money to invite so many super geniuses on the Northern Territory's combat power list to kill us."

At this time, Shangguan Haotian stared at Ye Feng and Bai Susu, with a sinister smile on his face, and said: "You two bastards, I want you all to die this time! No! Before you die, I want to play with you!"

Shangguan Haotian looked at the dozen god-level masters behind him and said: "First, destroy the cultivation of these two people and make them become mortals without the power to restrain chickens, and then hand them over to me to torture them." Them! Hahahaha!"

At this time, Shangguan Haotian seemed to have thought of some exciting thought, and immediately let out a burst of cruel laughter.

At this time, Ye Feng looked around.

But one of the dozen or so masters in the realm of gods sneered and said, "Don't think about others coming to save you. Before we officially took action, we had already covered the area we were in with a large shielding formation. No matter how loud the sound and energy fluctuations are here, they cannot be transmitted out. This large shielding formation is enough to isolate any powerful person from detecting their spiritual thoughts. Even the most powerful person in the Qiankun realm who is above the divine realm cannot detect it. This obscures the internal situation of the formation."

At this time, Lu Jun also smiled and said: "Ye Feng, Bai Susu, you just wait to be abolished."

As he said this, a dozen masters of the divine realm were preparing to take action.

But at this time, Ye Feng made a cold arc at the corner of his mouth and said: "This large shielding formation cannot even be detected by the spiritual thoughts of the strong men in the Qiankun realm, but if there are people in the chamber of commerce alliance that we are in that are far beyond What about the existence of Qiankun Realm?"

Wow!

The moment Ye Feng finished speaking, the entire field fell into a dead silence.

"Hahaha!"

But the next moment, the whole room burst into laughter.

At this time, whether it was Shangguan Haotian or Lu Jun and other god-level super geniuses on the Northern Territory's combat power list, their expressions suddenly became extremely mocking.

"Ye Feng, Ye Feng, are you so scared that you start talking nonsense?"

"This small alliance of the Chaos Star Sea Chamber of Commerce, let alone the existence beyond the Qiankun realm, is probably even the god-level warriors under the Qiankun realm.

Not many. "

"Hahaha! This kid may have been frightened, and now he can only talk nonsense to scare us away."

"What a fool, and a strong person who has surpassed the Qiankun Realm? That kind of existence is suppressing one of the major golden forces. It is the most powerful existence of the divine dragon that has never seen its end. Will it appear in such a bad place?"

...

Everyone on the opposite side was laughing sarcastically at this moment, uttering words of mocking disdain without mercy.

Shangguan Haotian immediately shouted: "Brothers and sisters, don't waste time, give this kid a good blow and destroy his Dantian!"

"good!"

A second-level master of the divine realm immediately flew towards Ye Feng, with a cruel smile in his eyes: "Ye Feng, you are a talented person, but unfortunately, you have offended the Shangguan family, then you will only die. Accept your fate. Bar."

Buzz!

This master of the second level of the divine realm, at this moment, a blazing golden beam of light burst out from his eyes. It could tear everything apart in an instant and shoot towards Ye Feng's dantian.

"boom!"

But suddenly at this moment, a young man in a light blue robe suddenly appeared in front of Ye Feng, and with a flick of his finger, he shattered the golden sun-like blazing beam.

"What?!"

Seeing that calm scene, everyone present was immediately shocked.

But what shocked them even more was that this young man in a light blue robe appeared in front of Ye Feng inexplicably under the eyes of countless masters of the God Realm, and no one noticed that he had entered this shielding formation.

At this time, everyone suddenly thought of the existence that Ye Feng had mentioned before that transcended the Qiankun Realm.

"Impossible..."

The masters of the God Realm on Shangguan Haotian's side stared at the man in a light blue robe at this moment, and their faces suddenly became frightened.

At this time, Ye Feng looked at the Taixu Fire Emperor who appeared in front of him and said with a smile: "Thank you, Senior Taixu, for your help."

Taixu Fire Emperor just said lightly: "Someone is making trouble in my territory, so I will naturally take care of it."

Shangguan Haotian suddenly shouted at this time: "Playing tricks! This must be a guy playing tricks! Brothers and sisters, this man in green is definitely not a strong man, it's just Ye Feng's trick. It's impossible for anyone to enter the shielding formation. You all quickly work together to break Ye Feng's trick!"

Lu Jun also spoke at this time: "Everyone, I don't believe that there is such a terrifying existence in this small Chaos Star Sea, so let's work together to try the real strength of the man in green."

More than a dozen super geniuses on the Northern Territory Combat Power List are still very confident in their own strength.

They could not feel the aura of cultivation from the Taixu Fire Emperor, and thought that this might really be just a trick. After all, in their cognition, the existences that surpassed the Qiankun Realm were all great figures in the starry sky, and there were only a handful of them. It was impossible for such a level of existence to appear in this Chaos Star Sea.

"Boom!"

At this time, more than a dozen masters of the God Realm united in an instant and launched the most powerful attack.

Countless divine lights and destructive auras suddenly broke out on the field, and were bombarded by more than a dozen masters of the God Realm, sweeping towards Ye Feng.

Shangguan Haotian saw this scene, his eyes were full of sinister color: "Die! Hurry up and die!"

The Taixu Fire Emperor took a step forward at this time, glanced at the sky-wide attack indifferently, and gently uttered a word: "Destroy."

Boom! !

A kind of infinite and terrifying heaven and earth trend appeared, which disintegrated the sky-wide attack in an instant.

Also disintegrated more than a dozen masters of the God Realm who attacked.

The powerful dozen or so super geniuses on the Northern Territory Combat Power List, the powerful God Realm masters who dominated the area, were as weak as ants in front of the Taixu Fire Emperor. They were all killed with just one word.

"Words... words come true..."

At this time, Shangguan Haotian looked at the dozen or so God Realm masters who were killed in an instant, and his face suddenly turned extremely pale.

Bang!

In an instant, his legs and feet became weak and he fell to the ground, his pupils dilated, and he lost his breath in an instant.

The third young master of the Shangguan family witnessed what might be the most terrifying scene in his life, and was actually scared to death in this instant!

Chapter 1544 Elemental Tide

At this time, Ye Feng looked at Shangguan Haotian who was scared to death and couldn't help but shake his head.

Compared with the eldest young master, the third young master of the Shangguan family, he is simply a world away. There is a huge difference.

But at this time, Ye Feng looked at the Taixu Fire Emperor in front of him, and he didn't expect that this ancient figure from the Hadean Era would actually understand the legendary "following the rules of what he says".

Just make a sound, without any movement, and the power of the laws of heaven and earth will come and obliterate everything.

It must be said that this ability is indeed rare, terrifying and shocking.

Bai Susu obviously didn't expect that a huge crisis could be solved so easily.

As quickly as it came, it could go as quickly as it came.

At this time, Bai Susu also suddenly understood why Ye Feng hurriedly came to the Chamber of Commerce Alliance as soon as he came to this chaotic sea of stars.

It turned out that he was trying to borrow a knife to kill someone.

Sure enough, Taixu Fire Emperor took action.

Simply, all the masters of the divine realm were wiped out in an instant.

This kind of strength is simply terrifying.

"This Taixu Fire Emperor's current strength is probably comparable to some unborn antiques in the Northern Divine Academy."

At this time, Bai Susu couldn't help but murmur secretly in her heart.

And she already understood from Ye Feng that this Taixu Fire Emperor is no longer a human race, but another kind of life existence, an eternal rigor mortis. God knows how deep his true strength is now. Unfathomable.

Ye Feng looked at Taixu Fire Emperor at this time, clasped his fists slightly and said: "Thank you, Senior Taixu, for helping me this time, otherwise Sister Susu and I would definitely be in a hurry."

Taixu Fire Emperor nodded, without saying anything else, he took one step and his figure disappeared into the darkness.

Ye Feng looked at Bai Susu at this time and said: "Sister Susu, I will kill someone with a borrowed knife."

, not bad, wipe out all these insidious villains. "

Bai Susu smiled brightly and said: "No wonder you are so impatient to come to this Chamber of Commerce Alliance. It seems that you have already guessed that Taixu Fire Emperor will be in this Chamber of Commerce Alliance."

Ye Feng nodded and said: "Yes, when Taixu Fire Emperor comes to Chaotic Star Sea, he will definitely integrate all major forces and secretly develop his own foundation. Moreover, I have already informed President Shen before to surrender to Taixu Fire Emperor, so I Before coming to Luan Xinghai, I guessed that Taixu Fire Emperor would be in the Chamber of Commerce Alliance."

At this time, Ye Feng walked towards the battlefield not far away.

The blood of more than a dozen masters of the Northern Territory's combat power list who were in the first and second heavens of the divine realm still dispersed in the air after being crushed.

There was also Shangguan Haotian, the third young master of the Shangguan family who was frightened to death, and his body was lying on the ground.

Ye Feng grabbed all the storage rings with his big hand and put them all in his bag.

These people have extraordinary status, especially Shangguan Haotian, the third young master of the Shangguan family, who must be extremely rich.

After Ye Feng Shen Nian investigated, his face suddenly became happy.

The wealth stored in these people's storage rings is indeed extremely rich.

Bai Susu looked at Shangguan Haotian's body not far away and couldn't help but said: "Shangguan Haotian's death will definitely make the entire Shangguan family furious, and even Shangguan Lutian will personally come to Luan Xinghai to investigate."

Ye Feng smiled slightly, with a strange light in his eyes, and said: "Then let them investigate. The more they come, the better."

When Bai Susu heard what Ye Feng said, she thought of the terrifying figure Taixu Fire Emperor in Chaotic Star Sea, and couldn't help but smile.

After seeing with her own eyes the Taixu Fire Emperor's method of "following his words," Bai Susu felt that even if the patriarch of the Shangguan family came in person, he would not be able to defeat the Taixu Fire Emperor.

"I hope that the ancient killing sky can come to investigate in person, and then be suppressed by the Taixu Fire Emperor." Bai Susu said with a smile at this time.

At this time, Ye Feng released the Devouring Domain and began to devour the blood energy of more than a dozen God Realm masters still dispersed in the air.

Bai Susu is no longer surprised by Ye Feng's method which is more domineering than the magic method.

So at this time, she stood around and concentrated on Ye Feng's practice and protection.

"Boom! Boom..."

At this time, huge streams of energy essence were swallowed up by Ye Feng, absorbed into his body, and began to smelt and strengthen his own cultivation skills.

To transform from a half-step to a true godly state, you need a huge amount of accumulation, as well as all kinds of favorable conditions, places, and people.

Otherwise, Bai Susu would not have gone all the way from the northern star field to the eastern star field to find some storm island.

But you must know that Ye Feng had already broken through the limit of his state of mind at the Martial Ancestor Battlefield and entered the half-step state of godhood.

So at this time, with the accumulation of blood energy from more than a dozen masters of the Northern Territory's combat power list, Ye Feng's skill has successfully undergone a huge transformation.

"boom!!!"

At this moment, a new and huge terrifying aura, majestic and vast, like an abyss and a prison, burst out from Ye Feng's body and spread in all directions.

"Finally a breakthrough!"

"First level of divine realm!"

Ye Feng's eyes were filled with excitement and excitement.

After working hard for so long, he finally touched the true realm of God.

"Buzz!"

And at this moment, a strange phenomenon suddenly appeared in the dark sky.

A golden beam of light instantly descended from the dark night sky, directly covering Ye Feng's entire body.

Ye Feng instinctively wanted to resist the power of heaven and earth.

But Bai Susu immediately reminded him: "Brother Ye Feng, don't resist this golden beam of light falling from the sky. This is called the 'tide of elements'. The moment creatures of any race step into the realm of gods, they can trigger the tidal wave in the underworld." The will of God allows God to descend the 'tide of elements' from the legendary God Realm. The energy of the elemental tide in this golden beam of light contains various divine powers, which can enhance a warrior's health from all aspects such as body, soul, spirit, and brain. Martial arts practice quality."

"Elemental Tide?"

Ye Feng's eyes immediately moved, then nodded and said: "Okay, I understand, thank you Sister Su Su for the reminder."

Buzz!

Next, Ye Feng, who was shrouded in the golden light pillar, no longer resisted the power of heaven and earth, but began to try to accept and absorb the ancient divine power and elemental power contained in the golden light pillar.

At this moment, Ye Feng could clearly feel that his body and soul were rapidly improving.

Especially the soul power, to Ye Feng's surprise, was rapidly increasing.

"Maybe I can use this to increase my soul power to two thousand levels!"

Ye Feng was overjoyed and immediately devoted himself to absorbing the elemental tidal power in the golden light pillar.

His soul power is also constantly growing and improving.

"One thousand eight hundred steps..."

"One thousand eight hundred and tenth level..."

"One thousand eight hundred and twenty levels..."

"..."

Chapter 1545 First visit to the world of Shenxu

At this moment, a golden beam of light fell from the sky, covering Ye Feng's entire body.

These elemental tides contain extremely rich power from the divine realm, which can cleanse Ye Feng's entire body and soul and improve his martial arts qualities in all aspects.

At this time, Ye Feng's soul power was growing rapidly.

Xiao Yao also shouted happily in the Queen's Picture at this time: "Wow! This is the tide of elements! Only the talented human warriors and peerless monsters can cause the gods to descend at the moment of breakthrough. Xiao Ye, you are too That's great! Just in time, I can absorb the divine power from these elemental tides, and this time I will definitely be able to restore a lot of my queen's strength."

Obviously, this elemental tide has also been of great help to Xiaoyao.

Therefore, at this time, the picture of the Queen of Yaochi in Ye Feng's arms was also rapidly absorbing the elemental power from the entire golden light column.

"Two thousand steps!"

At this moment, Ye Feng's soul power finally surged to two thousand levels!

"Finally, I've reached level 2,000, and I can enter the Divine Ruins Realm!"

Ye Feng's eyes immediately became extremely excited.

Uh-huh!

At this time, the golden beam of light on his body also disappeared, obviously his power was exhausted.

At this time, Ye Feng walked towards Bai Susu and said with a smile: "Sister Susu, I really got a huge improvement and gain this time."

Bai Susu said: "Only those with extraordinary talents and peerless monsters can get the approval of God when they break through to the realm of gods. The arrival of this golden light pillar contains the elemental tide and has rich divine power, which can greatly Improve the overall martial arts cultivation quality of warriors."

Ye Feng said: "Sister Su Su, when you break through, you will definitely appear."

Bai Susu smiled slightly and said, "I hope so."

At this time, Ye Feng and Bai Susu walked towards the distance.

Soon they each returned to their resting places.

Ye Feng returned to his room and immediately closed the door.

He spoke out: "Xiao Yao, come out of the Queen's Picture and help me protect the law. Next, I need to test a special method of the soul master. It may cause the soul to leave the body. You must protect my body."

Uh-huh!

Xiaoyao's cute little girl's shadow rushed out from the Queen's picture and said: "Xiao Yezi, don't worry, I have absorbed a lot of divine power in that elemental tide just now, and now my strength has been restored. Quite a few, and the Queen's figure has been restored to the sixth-grade Dao level magic weapon."

Ye Feng's eyes lit up and said: "Xiao Yao, the Queen's Picture has been restored to the sixth-grade avenue-level magic weapon? That's great. Now you control the sixth-grade avenue-level magic weapon, and the power that bursts out is absolutely powerful. "

At this moment, Ye Feng was completely relieved.

At this time, Ye Feng immediately sat down cross-legged in the room.

"Buzz!"

Next, Ye Feng closed his eyes and began to recite the special soul spell that entered the world of Shenxu.

"boom!"

The moment Ye Feng finished reciting this special spell, he suddenly felt his head explode.

Buzz!

At this moment, Ye Feng felt that his soul had entered an extremely violent and chaotic storm of nothingness.

There is endless darkness all around.

Ye Feng didn't know what space and place his soul had reached at this time.

"Huh? There's a door there!"

Ye Feng's soul at this time, in this void storm, suddenly saw a portal emitting white light at the top.

Uh-huh!

Ye Feng's eyes lit up, and he instantly controlled his soul and flew towards the portal that emitted white light.

"Buzz!"

The moment he struggled through the white light portal.

Ye Feng suddenly discovered that his soul body had arrived in a dark world.

The land here is completely dry, with countless volcanoes erupting in the distance, and ancient bone dragons walking around. It looks like a world of the undead.

At this time, Ye Feng looked at his hands, which were translucent.

"Is this world that seems to be the world of the undead the legendary world of the gods that only soul masters can enter with their souls?"

Ye Feng was a little confused and walked towards the distance.

All Ye Feng saw along the way were all kinds of collapsed ruins, which seemed to be relics left over from ancient wars.

"It seems that the Shenxu Realm is a very special interface. There really is no existence with any physical life."

At this time, Ye Feng really didn't find any physical life along the way.

Only the ruins and collapsed buildings that exude an ancient atmosphere seem to silently tell the vicissitudes of history.

"Huh? There is a dilapidated city ahead?"

Ye Feng didn't know how long he had been walking when he suddenly saw a city in the distance with half of its walls collapsed.

In the city, Ye Feng saw figures covered in black robes, walking among them.

Ye Feng also subconsciously wanted to take out a black robe from the storage ring.

But in the end, he suddenly discovered that he was entering the Shenxu Realm in the form of a divine soul.

The storage ring on his finger is also in a phantom state, and nothing can be taken out at all.

"This is how to do?"

Ye Feng saw the souls of the group of soul masters from a distance, all wearing black robes. He didn't know how they did it.

"It seems that before they entered the Shenxu Realm, their bodies were wearing black robes, so when they manifested their soul bodies in the Shenxu Realm, they also had black robes, which could cover their faces and prevent them from being exposed.

His face must be remembered by those who care about him. "

Ye Feng thought secretly in his heart, and finally did not enter the ruined city.

At this time, Ye Feng felt dizzy.

Obviously, entering this world of gods requires constant consumption of one's own soul power.

"Now my soul power has just reached the two thousand level, which is equivalent to a newcomer in the world of gods. Even if I enter the ruined city, no one will probably take me to play, so I'd better go back first. The main reason for coming this time is to see the gods. What does the Ruins Realm look like?"

He murmured, and then he recited the special soul spell, and the soul immediately disappeared in the world of Shenxu.

"Buzz!"

At this time, in the guest room of the Luan Xinghai Chamber of Commerce Alliance.

Ye Feng suddenly opened his eyes.

He recalled his previous experience in the Shenxu Realm, feeling surprised and excited in his heart.

In any case, Ye Feng finally made his initial attempt to enter the Shenxu Realm.

It was a place that only accommodated the soul of nothingness, it was very magical.

There, Ye Feng sensed many powerful soul masters, probably from the entire universe and thousands of interfaces.

"Next time, when the soul power is stronger, we can enter and see if we can exchange practice experience with other soul masters, find a way to quickly increase the soul power, or trade some things."

Ye Feng thought secretly in his heart.

At this time, it was already light outside.

Xiaoyao returns to the Queen's picture.

She didn't know that Ye Feng's soul had entered another endless and distant special interface.

Otherwise, the little girl would definitely be curious and keep asking questions.

"Brother Ye Feng, are you still practicing? President Shen informed me early in the morning that he has found out the news about Storm Island in the Eastern Star Territory."

Suddenly at this time, Bai Susu's slightly anxious voice came from outside.

Chapter 1546 Absorbing Hurricane

"Squeak!"

Ye Feng opened the door, and Bai Susu's beautiful and graceful figure immediately appeared in his field of vision.

He smiled and said: "I didn't expect President Shen to be so efficient. He had already found the location of Storm Island in just one night."

Bai Susu was also a little happy and said: "Indeed, the intelligence system of the Chamber of Commerce Alliance in Chaos Xinghai is indeed very powerful."

Ye Feng nodded and said: "Then let's go directly to the storm island."

...

Three days later, the two left the Chaos Star Sea and entered the Eastern Star Territory at the other end.

The Eastern Star Region is much more prosperous than the Northern Star Region, which can be seen from the fact that there are three major golden forces in the Eastern Star Region.

You know, there is only one Northern Territory Temple in the Northern Star Territory, and it is just an ordinary golden power.

The truly top gold powers are all in the central star field.

The central star field is the most prosperous core place in this universe.

At this time, the two of them were flying in the vast starry sky of the Eastern Star Territory, flying towards the location mark of the Storm Island given to them by President Shen.

There are three great golden powers in the Eastern Star Territory, namely the Immortal Martial Sword Sect, the Divine Dragon Academy and the Demonic God Sect.

Among the three behemoths, there is the Demonic Sect, a demonic force, so the Eastern Star Region is still quite dangerous.

Ye Feng and Bai Susu were flying in the vast starry sky.

They avoided the areas of major forces along the way, so the whole process went very smoothly without encountering any obstacles.

At this time, Bai Susu looked at the map in her hand, her eyes moved, and said: "Brother Ye Feng, we are almost close to the destination."

Ye Feng looked around at this time and saw inside. In a star field in the distant starry sky, there was a majestic and huge island, or it could be called a floating continent.

"That must be the Storm Island!"

Bai Susu's eyes showed a hint of surprise at this time.

At this time, she could no longer maintain the calmness and coolness of the past.

Instead, he closed his eyes, as if sensing something.

At this time, Bai Susu suddenly spoke out

"I sensed that there was the ancient aura of the Lord of Judgment on that starry sky island."

Ye Feng nodded and said: "Okay, let's hurry over and take a look, and find as soon as possible the most valuable treasure of the Lord of Judgment that you need, Sister Su Su, the Great Scepter of Judgment, and get the truly valuable thing from the Lord of Judgment. "

Bai Susu was also very anxious and said: "Okay, let's go to the storm island as soon as possible."

Ye Feng immediately said: "Let's go."

Uh-huh!

Uh-huh!

The two of them flew away in an instant.

When the two of them were about to get close, a vast and vast ancient aura suddenly hit their faces.

Ye Feng and Bai Susu immediately felt a sense of palpitations.

"Uh-huh!"

The two of them ducked into the storm island.

Hoo ho ho!

Hoo ho ho!

Suddenly they felt a very fierce hurricane roaring across the entire island.

Even young top players like Ye Feng and Bai Susu were shaken by those hurricanes and were about to fall to the ground.

"boom!"

"boom!"

A burst of protective spiritual light suddenly erupted from the two of them, beginning to block the violent hurricane.

"It is indeed a storm island. The hurricane on this island is so weird. Every inch of the ground is trembling violently."

At this time, Ye Feng's eyes showed a trace of surprise.

Sure enough, this storm island was just as imagined. As soon as we landed, such a harsh natural environment appeared.

"boom!"

Suddenly at this moment, a huge tornado roared in the distance.

Uh-huh!

Bai Susu's whole body was suddenly blown away.

"boom!"

Fortunately, Ye Feng had quick eyes and quick hands. He stretched out his hand, grabbed Bai Susu's palm, and held Bai Susu firmly.

"Thank you, brother Ye Feng!"

At this time, Bai Susu was a little frightened and said: "The further you go inside, the more violent the hurricane will be. If it weren't for brother Ye Feng, your body is as strong as the green pine trees in the mountains, taking root in the earth. I'm afraid we would all have been blown away just now."
„

Ye Feng nodded and said: "That's true, but don't panic. I can now take Sister Su Su to the deepest part of the storm island safely."

At this time, Ye Feng activated the Soul Emperor Seal.

A huge phantom of the emperor appeared around Ye Feng.

Soul Emperor Seal, Ye Feng has practiced to this day, and has gradually awakened and developed four great emperor seals with different attributes, namely: the Great Thunder Emperor Seal, the Fire Emperor Seal, the Gale Emperor Seal, and the Great Gold Emperor Seal.

At this time, the huge shadow that appeared around Ye Feng was none other than the Gale Emperor Seal.

Although it is a soul master's method, it is acting on the real physical environment at this time.

So at this time Ye Feng released the Gale Emperor Seal Queen.

The majestic Wind Emperor shrouded Ye Feng and Bai Susu.

"Buzz!"

At this moment, they immediately felt that the hurricane that originally made it difficult for them to move was immediately blocked by the Gale Emperor Seal.

It cannot be said that he resisted.

Rather, it should be said to be absorption and transformation.

Because at this time, the Gale Emperor Seal was rapidly absorbing and swallowing the strong hurricane force.

The wind on the Storm Island is very high-level. It is not an ordinary wind. It seems to be a wind left over from ancient times that contains high-level wind attribute energy.

So at this time, Ye Feng was pleasantly surprised to find that the released Soul Wind Emperor Seal could not only block the terrible hurricanes on the storm island for them, but also continuously absorb these ancient hurricanes, and by devouring the essence of the wind attribute power in them, Continue to grow and improve the Gale Emperor Seal.

And the Gale Emperor Seal has been improved

, and can also feed Ye Feng's soul back.

Ye Feng's soul power is rapidly improving.

"My soul power has improved. This is great. As long as my soul power becomes stronger, I will have the confidence to talk to other soul masters next time I enter the Shenxu Realm."

Ye Feng thought secretly in his heart, and then pulled Bai Susu and flew towards the depths of the storm island under the protection of the Gale Emperor's Seal.

At this time, somewhere not far away from them, a group of masters dressed in black and exuding demonic energy were also rushing towards the depths of the storm island.

There were more than a dozen people, and there was a huge windmill-like magic weapon above their heads, which was holding against the hurricane.

Most of the cultivation auras of this group of masters are at the divine level.

There was also a middle-aged man among them, who seemed to be the senior expert who led the team, but he was actually a half-step Qiankun Realm expert who had surpassed the Divine Realm!

The overall strength of this team of experts is truly terrifying to the extreme.

They are the demonic forces from the three golden forces in the Eastern Star Territory, the Demonic God Sect!

The middle-aged man who was leading the team at this time was half a step into the Qiankun realm. He was an internal sect elder named Tu Ling in the Devil's God Sect.

At this time, Tu Ling spoke to the dozen god-level disciples of the Demon God Sect behind him: "This time our target is the tomb of gods and demons in the deepest part of the Storm Island, where countless great figures from the ancient era are buried. Although it may be just a legend, we must find out whether the Tomb of Gods and Demons exists this time."

"Yes, Elder Tu Ling!"

"Yes, Elder Tu Ling!"

At this moment, all the top geniuses in the divine realm of the Demon God Sect were respectfully speaking to the middle-aged man.

At this time, the spirit-slayer continued: "The news about the Tomb of Gods and Demons has actually spread. Next, some of the old antiques from our Demonic God Sect will probably come. We are just the vanguard team. This time, the other two major figures in our Eastern Star Territory will be the Taoist forces, the powerful men from the Xianwu Sword Sect and Shenlong Academy, may also gather here, so if you encounter these righteous people, you will kill them without mercy!"

Chapter 1547 Ancient Buildings in the Basin

The deep area of Storm Island.

The hurricanes all over the land here are getting more and more terrifying.

With every step he took, terrifying hurricanes that could tear ordinary warriors to pieces swept in from all directions.

Fortunately, Ye Feng released the Gale Emperor Seal, so he didn't have any worries.

"This is already a relatively deep area of Storm Island, but I didn't see any ancient buildings."

Ye Feng spoke out, looked at Bai Susu beside him, and said with some confusion: "Sister Susu, are we in the wrong place?" ??

Bai Susu shook her head and said: "It's impossible. Before I landed on this island, I had already sensed the aura left by the Lord of Judgment, which is interconnected with my inheritance. Therefore, there must be a Lord of Judgment deep in the storm island. The legacy of the Lord."

At this time, Ye Feng said: "If you sense it carefully, you may be able to find the exact location."

Bai Susu smiled and said, "Okay, I'll try again."

Buzz!

At this time, Bai Susu closed her eyes and began to run her own inheritance.

An aura of judgment came from her body.

At this time, Ye Feng was absorbing the original attribute power from the surrounding hurricanes.

As the Gale Emperor Seal continues to strengthen, Ye Feng's soul power is also constantly improving.

At this moment, Ye Feng's soul power has grown from level 2,000 to level 2,036.

This growth rate is still very fast.

Ye Feng was prepared to spend some time on the storm island to absorb the power of the hurricane that was everywhere on the island.

"I can't feel it."

At this time, Bai Susu standing next to her suddenly spoke up.

There was a hint of helplessness and a wry smile in her beautiful eyes.

Ye Feng said: "I have a way to increase your perception. Give it a try."

Saying that, Ye Feng stretched out a hand and pressed it on Bai Susu's forehead.

"Buzz

!"

At this moment, a huge and boundless soul power immediately poured out from Ye Feng's hands and entered Bai Susu's brain.

"What a powerful soul!"

Even Bai Susu's beautiful eyes suddenly became extremely shocked.

At this time, she finally understood how powerful and vast the soul power of her younger brother Ye Feng was.

"Sister Susu, concentrate, you can sense it again."

Ye Feng's voice sounded.

Hearing this sound, Bai Susu immediately concentrated her attention and began to continue sensing.

At this time, what shocked Bai Susu was that her perception suddenly increased many times.

Ye Feng's method of this move is to use his powerful soul power to infuse into other people's brains and stimulate their brain's perception.

So at this moment, Bai Susu suddenly had the perception of Ye Feng, a powerful soul master.

At this moment, Ye Feng immediately said: "Sister Su Su, use my powerful soul power to carefully sense and find the exact location."

Bai Susu nodded and began to sense and search quickly.

I have to say that Ye Feng's move is very useful.

Almost at the next moment, Bai Susu seemed to suddenly sense something and flew not far away, saying: "Brother Ye Feng, follow me, I will take you to that place."

"good."

Ye Feng nodded, still pressing his palm on Bai Susu's fair forehead.

The two people flew in a certain direction.

Soon they arrived at a huge underground building.

This area is a huge basin.

In the basin, there are ancient

Old dilapidated building.

"The aura left by the Lord of Judgment that I sensed is in the deepest part of countless ancient buildings in this basin."

Bai Susu spoke out at this time, with a hint of excitement in her eyes.

Because she was about to see the final inherited treasure of the Lord of Judgment.

However, Bai Susu also knew that there might be great dangers in the ancient buildings in the vast basin not far away.

Bai Susu said to Ye Feng beside her: "Brother Ye Feng, you must be careful later. The place where the Lord of Judgment fell will definitely not be a geomantic treasure, but a place of great danger and evil." .?? .

Ye Feng's eyes were startled and he said: "Sister Su Su, do you mean that this is not the place arranged by the Lord of Judgment to receive the inheritance, but the place where she fell?"

Bai Susu nodded, frowned and said, "Yes, in some of my ancient memory fragments, I died here in my previous life."

Hearing this, Ye Feng's eyes became solemn and he said: "Okay, we must be careful, endless years have passed here, and even if it was a dangerous place back then, it may not be too dangerous now."
"

At this time, Bai Susu heard what Ye Feng said. Although she knew that Ye Feng was comforting her, Bai Susu still felt a frightened feeling.

Bai Susu is the reincarnation of the Lord of Judgment. The Lord of Judgment met a great danger here and died.

Although Bai Susu in this life is already a personality with independent thoughts, she naturally feels a strange sense of fear when she comes to the place where she fell in her previous life.

"Buzz!"

But at this moment, a strong palm grasped Bai Susu's small white jade hand.

It was Ye Feng.

Bai Susu's feeling of fear immediately dissipated a lot.

From those strong palms, she felt confidence, care, and a sense of warmth.

"Ye Feng, thank you, you are a good person."

br

Bai Susu murmured softly.

At this time, she did not call Ye Feng "Brother Ye Feng", but directly called him by his name.

Because at this time, in Bai Susu's mind, Ye Feng's importance is no longer as simple as a younger brother, and may have other definitions.

At this time, Ye Feng was focused on the ancient buildings in the basin below, and did not notice Bai Susu's changes in mood and title.

He just held Bai Susu's hand and said, "Sister Susu, let's go down. You don't have to be afraid as I'm by your side."

Ye Feng knew very well that when Bai Susu once again came to the place where he fell in his previous life, the place of death, there must be a huge shadow.

But now we can only move forward, move forward without hesitation.

"Uh-huh."

Bai Susu was pulled by Ye Feng and nodded.

Uh-huh!

Uh-huh!

In an instant, the two of them jumped directly from the ground towards the basin below.

boom!

boom!

The two of them arrived at the ancient building area of the basin.

"Jiejiejie..."

Bursts of weird laughter suddenly rang out, coming from the surrounding ancient buildings, making people couldn't help but feel chills all over their bodies.

"what is that?"

Bai Susu's eyes turned cold. She saw many figures with rotting bodies walking out of the surrounding ancient buildings, exuding an evil black aura.

"It's ancient rigor mortis. Fortunately, it's just a group of low-level rigor mortis."

Ye Feng spoke out, but his tone was still solemn.

Because he knew that this was just the outer area of the ancient building.

If it's an inner zone, there might be more advanced forms of rigor mortis.

If a top-level immortal zombie like Taixu Fire Emperor appeared, it would definitely be a disaster.

Chapter 1548 Golden Gate

"Tap tap tap..."

Ancient rigor mortis, whose entire body had begun to decay, staggered out of the surrounding ancient buildings in the basin.

"Jiejiejie..."

Their faces were rotting away, but there were still bursts of sly smiles coming from their mouths.

But these rigor mortis movements are very slow, so they don't actually pose much of a threat.

"boom!"

Ye Feng took out the Demonic Dragon Sword from the storage ring and slashed forward with the sword. A huge jet-black sword energy immediately burst out.

"Bang! Bang! Bang!"

The dozens of rigor mortis that had just approached were immediately knocked away.

But Ye Feng's sword energy did not cut them in half, but left a huge crack in the body, with dark blood flowing out.

"Even this low-level rigor mortis, the body is as hard as divine iron. It's hard to imagine how terrifying the body of an immortal-level rigor mortis from the previous era like Taixu Fire Emperor is. I'm afraid it will be comparable to my future one. It's the Dzogchen Chaos Body."

At this time, Ye Feng murmured in his heart.

Ye Feng then pulled Bai Susu beside him and said: "Sister Susu, let's go deep into the ancient buildings in this basin quickly. Don't get entangled with these rigor mortis, otherwise we will be consumed here."

At this time, along with the movement here, more and more ancient rigor mortis ran out from the surrounding buildings. The black tide of corpses looked very scary and made people palpitate.

"good!"

At this time, Bai Susu nodded and instantly activated his inheritance of skills.

Buzz!

The light of the Wheel of Judgment suddenly emanated from her back.

"Boom!!"

The two of them joined forces at this time, blasting an exit directly out of the tide of thousands of corpses, and rushed towards the interior of the ancient building in the basin.

Along the way, from every ancient building, corpses covered in rotten corpses would rush out, looking extremely vicious.

It seems that this basin is a cursed place.

actually

How could so many ancient rigor mortis be born!

When the two of them arrived at the deepest part of the ancient building in the basin, they immediately saw a very shocking scene.

At this time, a sculpture of an evil beast tens of thousands of feet tall stood on the ground in front of him.

At the bottom of this evil beast sculpture, there is a golden door.

Bai Susu immediately said: "My feeling is getting stronger and stronger."

Ye Feng nodded and said: "The place where the Lord of Judgment fell in his previous life is right behind this golden gate."

Uh-huh!

Uh-huh!

The two of them ducked and flew over in an instant.

At this time, Ye Feng held the Demon Dragon Sword and directly struck out with the sword energy fire storm.

"Boom!!"

There was an earth-shattering roar immediately on the field.

But the golden door didn't move at all.

"So strong!"

Ye Feng and Bai Susu immediately gasped.

"I'll try!"

Bai Susu also activated the powerful power of the Wheel of Judgment at this moment.

boom!

A large swath of holy white light of judgment instantly rushed out of the Wheel of Judgment, like a torrent of time, bombarding the golden gate.

"when!!"

But the result is still the same. The golden door is motionless, and there are no signs of damage on the surface.

"What should I do?"

Bai Susu was dumbfounded at this time. This golden gate was simply not something she and Ye Feng could destroy at their level of cultivation.

But when you think about it, it is clear that this is the place where the great figures of the past era fought. The place where the Lord of Judgment fell is naturally very ancient.

"howl!!"

"howl!!"

At this time, there was a continuous rain in the house, and a black mass of ancient rigor mortis appeared behind it, roaring with excitement and bloodthirsty, and rushed towards the two of them.

"Oops!"

When Bai Susu saw this scene, her beautiful eyes immediately darkened.

But Ye Feng suddenly said: "Sister Su Su, go and resist those ancient rigor mortis. Give me some time, and I can crack this indestructible golden door."

At this time, Ye Feng said that a colorful glove automatically appeared on his right hand.

It's the Protoss Gloves!

Able to extract the power of the original attributes from anything it touches.

"A weird glove?"

Bai Susu saw the divine gloves appearing in Ye Feng's hand, and her beautiful eyes couldn't help but reveal a trace of surprise.

What can such an ordinary-looking glove do?

Can you break through that extremely solid golden door?

However, Bai Susu didn't delay at all. At this time, she immediately followed Ye Feng's order and ran directly to the rear, launching a powerful attack to resist the hordes of ancient zombie armies.

Because now Bai Susu has complete trust in Ye Feng.

Although the glove seemed useless at all, Bai Susu still chose to trust it completely.

With this time coming from the Northern Star Territory to the Eastern Star Territory, Bai Susu's attitude towards Ye Feng has also undergone a huge change.

Perhaps before, Bai Susu thought that Ye Feng was just his younger brother and needed his protection.

But now, deep in Bai Susu's heart, Ye Feng has brought her a huge sense of security and reliability.

"Boom!!"

And just when Bai Susu launched the Wheel of Judgment and frantically attacked the mountains of corpses surrounding them from a distance.

Ye Feng, wearing divine gloves, touched and pressed the ancient and solid golden door in front of him.

"Buzz!"

At this moment, Ye Feng immediately

I felt that a stream of source attribute power was quickly being absorbed from the golden door.

Ye Feng's eyes suddenly lit up with joy.

really!

The Protoss Glove can still extract anything.

"Sturdiness attribute extraction."

"Metal property extraction."

"Extraction of ancient divine power attributes."

"Golden Glory Attribute Extraction."

"..."

At this moment, with the continuous extraction of God Clan gloves, Ye Feng's overall comprehensive martial arts quality is growing rapidly.

The golden gate that was originally extremely solid in front of it began to soften slowly.

It has to be said that the golden gate could have resisted any existence at the divine level.

But unfortunately, the Golden Gate met Ye Feng, who had the incredible talent of God Clan Gloves.

"boom!"

Finally, half an hour later, the golden door in front of Ye Feng collapsed.

The entire door fell to the ground, but it was not broken into pieces. It was just as soft as a sponge.

"Amazing!"

When Bai Susu, who was not far away, saw this scene, her beautiful eyes immediately lit up with joy.

"Sister Susu, let's go in quickly!"

Ye Feng rushed forward at this time and swept away a large group of corpses in front of Bai Susu.

Then the two of them rushed directly into the dark passage behind the golden gate.

The countless ancient zombies, like a frenzy, all surged to the entrance of the golden gate.

But as a result, this group of ancient zombies suddenly stopped at the entrance of the golden gate and could no longer enter. They all surrounded the entrance, forming a mountain of corpses and a sea of corpses.

The dark passage inside the entrance of the golden gate seemed to have some special aura or power, which made these ancient zombies afraid to move forward. Instead, they all stood at the entrance, waiting for Ye Feng and Bai Susu to return. Appear once.

Chapter 1549 The goal is achieved

At this time, Ye Feng was in the dark passage and saw that the mountain of corpses were no longer chasing after him, and he immediately breathed a sigh of relief.

Bai Susu also breathed a sigh of relief and said: "It seems that there is something very special in this dark passage, so that countless ancient rigor mortis did not dare to step into it after death."

Ye Feng nodded and said: "But we have no retreat now. We are surrounded by countless mountains of corpses, so we can only move forward."

At this time, Ye Feng said, and Bai Susu walked directly towards the depths of the dark passage.

The further you go inside, the darker it becomes, and the chill in the air becomes colder and colder.

Even the two young top experts, Ye Feng and Bai Susu, felt that their bodies were about to freeze.

Finally they came to the end of the dark passage and immediately saw a shocking scene.

At this time, a frozen world appeared in their field of vision.

On the land ahead, there is a huge bridge.

This bridge is very old, and there are ancient sculptures of gods standing on the railings on both sides.

These statues of gods are covered with thick frost, and their true forms are basically invisible.

But it can be vaguely seen that each of those statues and sculptures is extremely delicately carved, and they should be some kind of ancient gods.

"Stone Road Shinto."

Five ancient characters are engraved on the front of the bridge.

At this time, Bai Susu suddenly said: "I once had a strange dream, that is, I came to a frozen world, crossed a bridge, wanted to find something, but ended up falling into darkness. "

Hearing this, Ye Feng couldn't help but move his eyes, and said: "Sister Su Su, the frozen world you dreamed about may be this place in front of us. Your dream may be the memory of the Lord of Judgment in your previous life."

Bai Susu seemed a little frightened and said: "I

I remember, the Lord of Judgment in the previous life seemed to be looking for something, crossed the huge bridge in front of us, and then died, so every time I dream, at the end of the stone statue road, I fall into in the dark. "

Ye Feng walked over, patted Bai Susu's trembling shoulders slightly, and said: "Sister Susu, put yourself to death and live again. You will have me in this life, and you will not be in danger."

After the words fell, Ye Feng took Bai Susu's slender hand and walked onto the frozen bridge, which was the stone statue road.

Walking on the Stone Statue Road, every time Ye Feng and Bai Susu took a step, the ancient stone statues on both sides of the surrounding bridges trembled.

Ye Feng and Bai Susu sensed the abnormal fluctuations of ancient energy, but all they can do now is to stay vigilant at all times.

At this time, Ye Feng suddenly showed a trace of horror in his eyes.

Because he saw that as they walked on the stone statue road, the ice on the surface of the surrounding stone statues was rapidly cracking into cracks.

"Oops! We may have triggered some power to revive these stone sculptures!"

Ye Feng immediately pulled Bai Susu and ran away.

But it's too late.

"boom!"

"boom!"

"..."

Along with violent roars, the ice on the surface of each stone sculpture exploded.

Suddenly, strangely shaped stone sculptures were revealed.

These stone sculptures range from humanoid to monster-shaped. They look all kinds of strange and seem to include many races.

This kind of

They must all be very ancient races, because Ye Feng didn't know any of them.

"boom!"

A group of stone sculptures containing ancient power immediately rushed down the steps and rushed towards Ye Feng and Bai Susu.

"Boom!!" .??.

Ye Feng immediately punched him, and a huge force burst out.

Kick, kick, kick!

Even though Ye Feng now possesses a powerful Chaos Body, he was suddenly knocked back several steps.

At this moment, Ye Feng immediately said to Bai Susu beside him: "Sister Susu, run quickly!"

boom!

boom!

At this time, both of them immediately gave up their thoughts of confronting these stone sculptures.

They all used their most powerful skills and rushed towards the other end of the frozen bridge.

"Sword Qi Fire Storm!"

"Wheel of Judgment!"

While escaping, Ye Feng and Bai Susu naturally used their powerful martial arts skills to attack the stone sculptures running from behind.

Finally they reached the end of the frozen bridge and suddenly saw an underground battlefield.

There are only two figures on this underground battlefield.

The two figures have now turned into white bones.

A white skeleton is only human-sized. The skeleton is also wearing an extremely noble silver garment.

Even though endless years have passed, the surface of this set of silver treasure clothes still flows with immortal divine brilliance.

In addition, this humanoid skeleton also holds a huge silver scepter in its hand.

At this time, the silver scepter was suppressing another body.

Huge white skeleton.

This other white-bone skeleton is not humanoid, but an extremely majestic giant beast.

Even though there is only one giant beast skeleton left, you can still feel an ancient aura of vicissitudes from it, as well as a ferocious aura like the King of Beasts.

At this time, even those stone sculptures dare not approach this underground battlefield area.

"That humanoid skeleton wearing silver treasure clothes is definitely the Lord of Judgment of the previous era!"

Bai Susu now walked to the center of the underground battlefield.

She stared blankly at the white skeleton wearing silver treasure clothes and holding a huge scepter. A pair of beautiful eyes revealed an emotion that seemed to be reminiscence or sadness.

When Ye Feng saw this scene, he was also very happy.

It seems that the fallen body of the Lord of Judgment has finally been found.

The purpose of this trip has been achieved.

That silver treasured clothing looks like a very powerful and advanced clothing magic weapon.

And the huge silver scepter held in the hand of the white-bone skeleton must be the Great Scepter of Judgment!

"Buzz!"

But suddenly at this moment, a ball of green light exuding a vicious aura rushed out of the giant beast's skeleton, and instantly disappeared into the mind of Bai Susu, who was staring at the skeleton of the Lord of Judgment.

"That's the evil spirit of the ancient giant beast! It's not good!"

When Ye Feng saw this scene, his expression immediately changed.

And at this time.

Bai Susu's eyes suddenly turned into a dark green light, as if she was controlled by the evil spirit of the ancient beast.

"Snapped!"

Ye Feng rushed forward, put his palm on Bai Susu's head, and began to release the Soul Emperor Seal.

Chapter 1550 The Big Secret

"Buzz!"

At this moment, in a hurry, Ye Feng's soul power exploded crazily.

From his palm, it was immediately injected into Bai Susu's brain in front of him.

At this time, Ye Feng's soul entered Bai Susu's mental world.

Ye Feng's soul was currently in a slightly gray void space.

This slightly gray void space is Bai Susu's spiritual world.

At this time, Ye Feng's soul was floating in it. He immediately saw the soul of an evil beast not far away that looked like an ancient glutton. It exuded a dark green light and possessed overwhelming power. It was thinking of swallowing Bai Susu's core. Soul light group. ??

That's right, in a void space not far away, there is a light group emitting sacred white light.

That is Bai Susu's soul light group.

Bai Susu is not a soul master, and the soul world is very fragile.

Her soul light group also has no defense.

At this moment, the ferocious beast's soul was about to swallow Bai Susu's soul light ball.

"Soul Emperor Seal!"

"Great Thunder Emperor Seal!"

boom!

Ye Feng shouted loudly, and his entire soul suddenly grew in size, directly in Bai Susu's soul world, expanding into a Thunder Emperor several thousand meters tall.

"Crash!"

Endless blue-purple thunder light surged throughout Ye Feng's body.

At this time, Ye Feng shouted: "Who dares to act unruly in my sister Su Su's soul! Die!"

boom!

Ye Feng's entire soul turned into a thunder emperor, holding thousands of thunder lights in his hand, and rushed towards the soul of the ferocious beast.

"What is this?"

"How can there be a thunder giant in the spirit of a little human girl?"

At this time, the ferocious beast soul saw the Thunder Emperor suddenly appearing in the distance, and his eyes immediately showed shock.

But the next moment, it seemed to have discovered something, and said suddenly: "Is it a powerful human soul master? But the soul power is not too strong. You want to be my enemy? Then go to hell!"

boom!

At this time, the evil beast's soul did not swallow Bai Susu's soul light group. Instead, it exuded a demonic light and killed the thunder giant transformed into Ye Feng's soul.

"The Sorrow of Ten Thousand Demons!"

The evil beast soul roared loudly at this time, and its whole body suddenly erupted with a terrifying demonic light.

Those demon lights suddenly turned into sharp green thorns in the void, stabbing towards Ye Feng.

"The thunder shook the ghosts and gods!"

The Thunder Emperor that Ye Feng transformed into at this moment issued a majestic voice from his mouth.

"boom!"

Suddenly there was a huge thunder sound throughout the spiritual world.

That kind of thunder is like rolling thunder, thunder in the daytime, which can shatter all kinds of monsters, monsters and monsters.

"ah!"

The ferocious beast soul not far away screamed in agony. The entire body of the soul suddenly cracked and was about to dissipate.

"What a terrifying power of thunder!"

At this moment, even Ye Feng himself felt the terrifying power of the Great Thunder Emperor Seal to kill other souls.

Sure enough, with the improvement of soul power, the ultimate soul inheritance of the Soul Emperor Seal has become more and more impressive.

"Human soul master, please remember this. If you dare to stop me from seizing your body this time, I will definitely kill you and destroy your soul next time!"

The soul of the ferocious beast not far away uttered a harsh word, and then quickly fled away from Bai Susu's soul.

"Uh-huh!"

At this time, in the outside world, a green soul with a towering height of several thousand feet rushed out of Bai Susu's mind. She was very panicked and wanted to escape outside.

But at this time, Ye Feng's spirit also rushed out.

"Since you dare to take away my sister Su Su's soul, then don't even think about running away, stay with me! Become the nurturing force that strengthens my soul.

material! "

boom!

Ye Feng took action all of a sudden, and the Soul Emperor Seal was running wildly.

"Boom!" ??

"Boom!" ??

"Boom!" ??

"Boom!" ??

Suddenly four soul emperors with different origin attributes appeared.

They are the Great Thunder Emperor Seal, the Great Fire Emperor Seal, the Great Wind Emperor Seal and the Great Golden Emperor Seal.

Currently, Ye Feng has only awakened these four soul emperor seals.

But it was still enough to deal with a ferocious beast demon spirit that was about to run out of soul many years ago.

"boom!!"

The majestic figures of the four soul emperors suddenly blocked the escape path of the ferocious beast soul just now and surrounded it.

"How is this possible? I don't believe it!"

At this moment, the soul of the ferocious beast just now made a frightened sound.

It looked at the four soul emperors who were like heavenly emperors, with fear in their eyes.

The Thunder Emperor has already made this ferocious beast soul feel unable to fight.

Not to mention, four soul emperors suddenly appeared.

Every soul emperor is full of huge power.

"Human boy, who are you?"

At this time, the beast's soul suddenly looked towards Ye Feng, who was not far away.

"Boom!" ??

But Ye Feng was too lazy to talk nonsense, and stretched out a hand directly, shaking his hand towards the void.

Immediately, the four soul emperors launched a direct attack.

"Rumble..."

Destructive thunder, flames that burn everything, hurricanes that tear apart everything, and golden blades of light that cut through anything that exists, all appeared.

"ah....."

The soul of that ferocious beast only had time to let out a scream, and was directly wiped out in the terrifying attack frenzy.

"Crash!"

The moment the soul of the ferocious beast was wiped out, the soul exploded, forming a

A stock of extremely pure soul power.

"suck!"

Ye Feng opened his mouth and inhaled, swallowing the extremely pure ancient soul power directly, and then integrated it into his soul.

"boom!"

Ye Feng immediately felt that at this moment, his soul power surged.

"Two thousand and thirty-seven levels!"

"Two thousand and thirty-eight levels!"

"Two thousand and thirty-nine levels!"

"..."

"Two thousand one hundred and fifty-six levels!"

Finally, Ye Feng's soul power stopped growing.

"This time it can be said to be a huge harvest!"

Ye Feng felt the surge in his soul power, his eyes filled with excitement.

Now for Ye Feng, the attack method of soul power has become more and more a powerful trump card that he is proud of.

"What happened to me just now?"

At this time, Bai Susu seemed to have just recovered from her confusion and couldn't help but ask.

"Sister Su Su, your soul has just been invaded by ancient demon spirits."

Ye Feng came over and said with a smile: "But that ancient demon spirit has been dealt with by me. Now Sister Su Su, you can safely accept the inherited treasures of the Lord of Judgment, the Judgment Clothes and the Great Judgment Scepter. , you refine it as soon as possible."

Bai Susu immediately said: "Okay, I'll go and refine it right now!"

Bai Susu knew that the dangers here were huge, so she no longer wasted time and began to refine the Judgment Clothes and the Great Judgment Scepter on the Lord of Judgment's skeleton.

At this time, Ye Feng began to wander around the surrounding underground battlefield.

Buzz!

He exuded huge soul power and searched carefully inch by inch. He might be able to find some special chance creations and treasures.

"Back then, the Lord of Judgment came to this underground place and encountered such a terrifying ancient beast. He must have been looking for something, but in the end both of them died. There is definitely a big secret near this underground battlefield."

Ye Feng murmured and began to search hard.
