

Ancient 1551

Chapter 1551 Memory Fragments

Buzz!

Under the extremely empty underground battlefield, Bai Susu's whole body was exuding sacred white light.

At this time, the two treasures of Judgment Clothes and Great Judgment Scepter were suspended above Bai Susu's head, exuding a kind of heart-stopping energy fluctuation.

"Grrrrrrrrrrr..."

And it can be seen that streams of extremely pure skill essence, exclusive to the Lord of Judgment, are being transferred from the Great Judgment Scepter into Bai Susu's body.

Ye Feng saw this scene not far away, his eyes were very strange.

Ye Feng had heard Bai Susu say this before at the Northern Divine Academy before setting off to the storm island.

As long as she finds the Great Judgment Scepter of the Lord of Judgment, she will not only be able to obtain this supreme treasure of the Lord of Judgment, but also the pure skills left behind by the Lord of Judgment. There is a great possibility that Bai Susu can directly obtain it from the Half Step into the realm of God, and jump to the sixth or even seventh heaven of God's realm.

This is the accumulation of generations of Lords of Judgment, allowing each reincarnation to become stronger quickly and possess more powerful talents and abilities than the previous life.

Not far away at this time, Ye Feng, who had been searching for a long time and found no big secret, began to observe Bai Susu who was practicing in the middle.

At this time, Bai Susu was infused with the pure power of the Great Judgment Scepter, and her whole aura became stronger and stronger.

The aura on her body seemed to be ascending at this moment, giving people the feeling of becoming a fairy.

"boom!!"

Suddenly at the next moment, Bai Susu opened her eyes, and she completed the inheritance of power from her previous life.

Her body underwent a huge transformation in her cultivation. In an instant of energy, she transformed from a half-step to the divine realm and reached the seventh level of the divine realm!

Uh-huh!

Bai Susu suddenly stood up and felt

The powerful power surged in his body, and he couldn't help but said happily: "The essence of power left to me in the previous life is so rich, it has allowed me to transform so much, it is like reaching the sky in one step."

Ye Feng came from not far away and said with a smile: "Congratulations to Sister Su Su for finally breaking through to the Divine Realm, and also achieving such a profound seventh level of the Divine Realm!"

Bai Susu looked at Ye Feng and said: "Although I succeeded, most of the credit belongs to you Ye Feng. This time I came to Storm Island and entered the deep underground battlefield. If it weren't for your help, Ye Feng I am afraid that I have died several times to protect me, so this honor belongs not only to me, but also to you, Ye Feng."

Ye Feng smiled and said: "Sister Su Su is so polite. The two of us help and support each other in the Northern Divine Monastery. Sister Su Su has become stronger, which is of great benefit to me."

Speaking of this, Ye Feng looked around and couldn't help but said: "While Sister Su Su was practicing just now, I searched the entire underground battlefield around me, inch by inch, but found nothing. Any chance of creation, I am very confused, what must be the reason for the war between the Lord of Judgment and the ancient beasts back then, including the frozen world outside and the

stone road Shinto, there is a mysterious atmosphere everywhere, I always feel that there is There's still a big secret hidden."

Bai Susu suddenly spoke up at this time: "When I accepted the inheritance from my previous life just now, I got some memory fragments. Those are the memory fragments of the Lord of Judgment in my previous life. They seem to record some secrets about this underground space."

When Ye Feng heard what Bai Susu said, his eyes immediately lit up and he said, "Really? That's great! Sister Susu, please quickly search for where the big secrets around here are."

Bai Susu nodded and began to recall the fragments of memories she had received when she received the inheritance.

piece.

She walked to a certain area in the southeast of the underground battlefield, squatted down, touched the solid ground with her hand, and said: "In the memory fragments, it seems that the big secret hidden in the underground world is contained here. Underneath a place."

Ye Feng walked over with some confusion and looked at the ground. There were no ancient lines or patterns imprinted on the surface of the dry yellow stones.

"It's just a plain surface."

Ye Feng muttered in his heart.

But Bai Susu's memory fragments were left behind by the Lord of Judgment in his previous life.

The big secret that can make a powerful person like the Lord of Judgment go crazy and even fall, must be very ancient and terrifying.

At this time, Ye Feng was thinking secretly in his heart, and then he stretched out his hand and touched the ordinary ground in front of him.

Ye Feng had just sensed this ground with his soul power, and found nothing special.

It's just an ordinary ground.

"Is there any key needed to open this place?"

Ye Feng's eyes flashed slightly, and then he looked around. There was no "key" in the empty underground battlefield.

Bai Susu seemed to have thought of something at this time, and suddenly said: "Maybe I can try to input some of my power, the memory fragments of the Lord of Judgment, to guide me here, it definitely has its own special features."

At this time, Bai Susu said, pressing her jade-like slender palms on the ground, and then began to output her own skills.

"Buzz!"

Sure enough, at the next moment, the originally dry yellow ground began to emit streams of golden light.

These golden rays of light were very grand and sacred, and suddenly made the originally slightly dark ancient underground battlefield become extremely bright.

"It really works!"

Bai Susu's beautiful eyes lit up at this moment.

Ye Feng was also extremely surprised and said: "Sister Su Su, don't stop, continue to input your skills."

Bai Susu nodded and said excitedly: "Okay!"

Buzz!

At this time, as Bai Susu inputs her special Lord of Judgment power, the entire ground immediately changes from withered yellow to an extremely noble golden color.

At this moment, the two people immediately saw a huge groove appearing on the entire ground.

The groove is a circular hole.

"This is the keyhole!"

Ye Feng's eyes immediately lit up and he said: "Sister Su Su, try to insert the Great Judgment Scepter you just got into the groove of this circular hole."

Bai Susu immediately said: "Okay!"

Uh-huh!

At this moment, she thought, and a noble and sacred silver scepter suddenly appeared in her hand.

It is the Great Scepter of Judgment!

"boom!"

The moment Bai Susu inserted the Great Judgment Scepter into the grooved hole on the ground, a powerful ancient power burst out from deep within the ground.

"Click, click..."

At this moment, a huge crack immediately appeared on the ground in front of Ye Feng and Bai Susu. Then the crack expanded rapidly, and finally a bottomless underground space appeared in front of the two people.

At this time, a pure golden ancient staircase appeared in front of the two people, leading to an unknown place under the ground.

Ye Feng and Bai Susu glanced at each other, both seeing the strange look in each other's eyes, and then they nodded almost at the same time.

The two of them walked directly up the ancient stairs and walked towards the deeper space underground.

Chapter 1552 The Dark Land

When the two of them walked along the golden stairs to the bottom.

In their field of vision, a very dry and dark land suddenly appeared.

"I didn't expect that there is a cave beneath this earth."

Ye Feng looked at the dark land in front of him at this time, with a strange color flashing in his eyes.

This dark land seems to have no end, as if it is endless.

At this time, Bai Susu's beautiful eyes were staring at the darkness in the distance, and she couldn't help but say: "I don't know what exists at the end of this dark land, which can make the Lord of Judgment of the previous generation so fascinated, and even fall. Here it is."

Ye Feng said: "In this dark land, there are absolutely incredible things hidden. The Lord of Judgment's Great Judgment Scepter is actually just the key to the space of this dark land. It can be seen that this dark land, in the end, is What kind of weight it has, it must be very shocking."

Bai Susu said: "Not even the Lord of Judgment of the previous generation has entered this dark land. It seems that the Great Scepter of Judgment was forged by the Lord of Judgment from an earlier generation."

Ye Feng walked down the golden stairs and truly stepped on the ground of this dark earth.

He felt it immediately, a heart-stopping aura coming towards his face.

"Uh-huh!"

"Uh-huh!"

"Uh-huh!"

Almost at this moment, several black shadows immediately emerged from the surrounding darkness.

These black figures were covered with black scales, with black wings on their backs, their faces were extremely ferocious, and their eyes were radiating red and scarlet light.

"It's a creature of the Demon Clan!"

At this time, Bai Susu suddenly spoke up and said: "I remembered the memories of my previous lives. At the end of this dark land, there are the tombs of countless ancient powerful men. It is the location of the legendary 'Mausoleum of Gods and Demons'."

Ye Feng's eyes were suddenly startled, and he said: "The Tomb of Gods and Demons? I have heard of it. I have seen it in the inheritance temple of our Northern Temple. It is a legendary place where all kinds of things are buried. In the vast universe, there are countless powerful people who can be called 'gods and demons' in ancient times. I thought it was just a legend, but I didn't expect it to be true. "

Bai Susu also sighed a little at this time: "The first generation of Lords of Judgment was once the master of the interface in the fairy world, and was buried in the Tomb of Gods and Demons by future generations. I guess the reason why the previous generation of Lords of Judgment entered here at all costs is that In order to get something important from the most powerful Lord of Judgment of the first generation, and this is also the message conveyed to me in the memory fragment, I must find the Lord of Judgment of the first generation."

Hearing this, Ye Feng couldn't help but nodded and said: "Okay, then we will go through this dark land to find the legendary tomb of gods and demons."

Just when Ye Feng and Bai Susu were discussing.

Several demon creatures that appeared not far away finally couldn't bear it any longer and let out ferocious roars, charging towards Ye Feng and Bai Susu.

"Leave these to me!"

At this moment, Bai Susu shouted loudly. With the cultivation of the seventh heaven of the divine realm, she once again became the confident and strong woman at this moment.

"boom!"

The Wheel of Judgment appeared behind her, becoming more noble than before.

And at this time, a set of silver judgment treasure clothes automatically appeared on Bai Susu's body, exuding a charming luster.

A great scepter of judgment also appeared in her hand, and she looked extremely noble.

"boom!"

Bai Susu held the Great Judgment Scepter in her hand, and her eyes were filled with divine light.

At this time, she waved the scepter in her hand. Every time she waved, the sacred light condensed and then swayed forward.

"Pfft!"

"Pfft!"

Those sacred rays of light turned into a rain of light, which was beautiful and beautiful, but every grain of light rain contained extremely terrifying penetrating power. In an instant, several heavenly demons rushed over, and the sturdy bodies of the heavenly demons were directly hit. It pierced.

"ah!"

"ah!!"

A group of demons immediately let out a shrill howl.

"Very strong!"

Ye Feng, who was watching from the sidelines, couldn't help but give Bai Susu a thumbs up.

The power of this attack is simply extremely powerful.

At this moment, Ye Feng also burst out with powerful murderous aura and rushed forward.

"Sword Qi Fire Storm!"

Ye Feng held the sword in his hand with cold eyes.

Every time he struck with his sword, an extremely strong golden flame burst out from the blade.

The group of demons that rushed over were burned to ashes without even making a scream.

Now Ye Feng's flame is a fusion of two holy fires, the dragon spirit holy fire and the extreme cold flame, and the quality of the flame has been advanced to the first level.

So now Ye Feng's flames are extremely powerful.

At this time, Ye Feng and Bai Susu jointly killed the enemy, and the group of demons could not resist them at all.

During the killing, the two people moved forward quickly.

After half a day, the number of demons not only did not decrease, but actually increased.

Even many demon lords with noble bloodlines appeared.

One has dark golden scales on his body

The demon lord has a human head and a lizard body, and looks full of power.

"This is a low-level noble among the demon clan, the lizard-man demon!"

Bai Susu spoke out, with a hint of surprise in her tone.

Ye Feng looked at the lizard man covered with dark golden scales and nodded, saying: "It seems that a certain area in this dark land is really the tomb of gods and demons, otherwise it would be impossible to breed such a high-level bloodline. Heavenly Demon, maybe you can capture these Heavenly Demons and find out the location of the Gods and Demons' Tombs!"

At this time, Ye Feng said, and immediately stared at the lizard man demon with noble blood not far away, and rushed directly towards him, the sword in his hand burning with blazing flames.

"There are actually human beings here, I'm going to kill you all!"

The lizard-man demon not far away made a cold killing sound.

He held a dark golden war spear in his hand, and the magic patterns imprinted on the surface immediately erupted into pieces of terrifying magic light.

"howl!!"

Faintly, there seemed to be an ancient demon god appearing from the war spear, making a majestic and terrifying roar.

"boom!!"

Ye Feng held the Holy Fire Sword in his hand and struck a hard blow with the lizard-man devil, causing a huge roar.

At this moment, both of them took several steps back.

"What a powerful force!"

Ye Feng couldn't help but show a hint of surprise in his eyes.

As expected of a lizardman demon with noble blood, this seems to be a powerful race of demons.

But the one who was more surprised than Ye Feng was the lizard-man demon. His eyes showed shock: "You, a small human boy with a divine status of the first level, can actually withstand the demon war spear of my lord? This is impossible. !"

Chapter 1553 Little Dragon Girl

Bai Susu stepped forward at this time. Her current cultivation level is much stronger than Ye Feng.

"The Great Scepter of Judgment!"

Bai Susu holds the silver scepter, stimulating the power of the magic weapon.

boom!

In an instant, a sacred white beam of light erupted from the scepter in her hand, immediately covering the lizard-man demon not far away. .???.??

"ah!"

The white beam of divine light has a violent corrosive effect on dark creatures like the Demon Clan.

So the moment the white divine light beam hit the lizard-man demon, it directly made the lizard-man demon scream in pain.

"ah!"

Visible to the naked eye, the entire body of this lizard-man demon is rapidly shattering.

The sacred white light on the Great Judgment Scepter is extremely corrosive to dark creatures.

"Save him a life."

Ye Feng suddenly spoke up.

"good."

Bai Susu nodded and immediately took back the Great Judgment Scepter.

At this time, the lizard-man demon's dark golden scales had mostly broken into pieces, and dark demon blood was flowing. It was seriously injured and dying, and its eyes were full of fear.

At this time, Ye Feng walked up to the lizard-man demon and asked, "Tell me, where is the tomb of the gods and demons?"

Although the lizard-man demon was seriously injured and dying, his eyes were still fierce and he sneered: "How could I, a little demon lord, know this? It's just a legend, we..."

"Pfft!"

Ye Feng raised his sword and cut off the lizard man's head.

The lizard-man demon was already dead before he could even finish his words.

Ye Feng said indifferently: "He doesn't know the specific location of the tomb of gods and demons.

Then there is no use value. "

"Swallow!"

At this time, Ye Feng released the Devouring Domain, directly devouring the many demons that were killed around him, as well as the lizardman demon who had just died.

"boom!"

Ye Feng's body immediately burst out with a huge and boundless new martial arts aura.

That is the momentum of breakthrough!

"Second Heaven of Divine Realm!"

With the help of many demonic energy and blood, Ye Feng finally broke through the first level of accumulation again.

At this time, Ye Feng looked at Bai Susu beside him and said, "Sister Susu, it seems we still need to look for it ourselves."

Bai Susu nodded and said: "Then let's look for it ourselves. The Tomb of Gods and Demons is a legendary place. This dark land is so vast. I don't know how long it will take to search?"

Rumble...

Just when the two of them were thinking about which direction to take, a violent roar suddenly came from a certain direction in the distance.

At this moment, the two people's expressions immediately changed.

Buzz!

At this time, Ye Feng emitted soul power and instantly captured a powerful energy fluctuation.

"There is the demonic energy of the demon, the fighting energy of the human race, and the energy attribute of the magic weapon."

Ye Feng sensed it for a moment, and then said: "It seems that other human warriors have arrived in other areas of this dark land."

Bai Susu exclaimed in amazement at this time: "Ye Feng, your soul power is getting bigger and bigger. You can even detect the subtle attributes in the energy fluctuations. It's really amazing."

leaf

Feng just smiled slightly at this and said, "My soul power has indeed improved a lot in recent times."

At this point, the two of them quickly rushed towards the direction where the roar came from just now.

Now they have lost their way in this dark land. If they can secretly observe other human warriors who enter this dark land, they may be able to find some clues about the tombs of gods and demons.

In less than half an hour, Ye Feng and Bai Susu had arrived at the place where the roaring sound was heard.

They saw a shocking scene.

An army of hundreds of thousands of demons were fighting with a petite little human girl.

That's right! ??

This scene looks so strange.

Hundreds of thousands of demons, each one tall and burly, and there are even many powerful lizard-man demons, holding huge demon weapons, are killing the little girl in red.

But the little girl in red clothes held a jade ruyi in her hand. The jade ruyi emitted a blazing red light, forming a huge red dragon soul, surrounding the little girl, emitting a thunderous dragon spirit. Yin, resisting the impact of countless demon armies.

"That crimson jade Ruyi is definitely a top-notch treasure! It may be an immortal-level treasure that surpasses the avenue level!"

At this time, Bai Susu was watching from a distance, her beautiful eyes full of shock: "The identity of this little girl in red is definitely extraordinary, but I don't know why there are no guards around her. She seems to be in trouble alone."

Ye Feng noticed at this time that there were two small dragon horns growing on both sides of the forehead of the little girl in red.

The two small dragon horns, like small crystal horns, look very cute, but they also have a noble temperament.

"With two small dragon horns, and a Jade Ruyi in her hand that is suspected to be an immortal magic weapon, which can release the red dragon soul for protection, this little girl is probably the daughter of a big shot in the 'Dragon Academy', one of the three golden forces in the Eastern Star Territory. Descendants and descendants."

Ye Feng expressed his guess at this time.

"Shenlong Academy?"

Bai Susu beside her nodded and said, "It's possible. I once heard that Dean Shenlong of Shenlong Academy has a daughter called Little Dragon Girl. Maybe that little girl is Little Dragon Girl."

Ye Feng said: "Should we help?"

At this time, the little girl in red clothes not far away was besieged by countless demon armies and was about to die. She even started crying.

The jade Ruyi in her hand, even if it is an immortal magic weapon, will eventually run out of energy.

Bai Susu said: "Let's rescue her. I can't bear to see a little girl of the same race die in the hands of the devil. Moreover, if we save this little dragon girl, we will also gain a huge favor from Shenlong Academy." "

Ye Feng nodded and said: "I think so too, then let's take action directly."

boom!

Almost at the next moment, a flaming battle sword appeared in Ye Feng's hand, and he rushed directly towards the distant demon battlefield.

At this time, Bai Susu also immediately turned the Wheel of Judgment, and a pair of white feather wings appeared behind him, following Ye Feng, one after another, directly rushing into the army of demons in front, towards the besieged little girl in red clothes. Fly in the direction.

At this time, the little girl suddenly noticed the figures of Ye Feng and Bai Susu, and immediately said in surprise: "Big brother, big sister, please help me! I am Xiao Longnu, and my father is Dean Shenlong. You saved me, I'll let my dad thank you!"

Chapter 1554 Unparalleled Power

boom!

boom!

At this time, both of them burst out with powerful murderous intent and flew towards the distance.

In an instant, he rushed into the endless battlefield of demons ahead.

Ye Feng's eyes were full of killing intent.

Because the demons on this battlefield seemed to be of the aristocratic bloodline of the demons passed down and bred from the tombs of gods and demons.

Therefore, the essence and blood of these demons, including the energy on their bodies, are all very high-level.

If Zhu Sha devours it, it will definitely be a very high-level and majestic nourishment for Ye Feng. ??

So Ye Feng entered the battlefield at this moment and unleashed his killing methods to his heart's content.

"Sword Qi Fire Storm!"

"The Great Light of Destruction!"

"The Ancient Burning Heaven Technique!"

boom! boom! boom!

Waves of huge aura burst out from Ye Feng's body in an instant.

He holds the sword in his right hand, and the golden holy fire burns on the blade.

His left hand was clenched into a fist, and with every punch he punched, a mighty light of destruction erupted.

At this moment, in front of Ye Feng, fierce and powerful demons burst into pieces and turned into blood mist all over the sky.

"Swallow!"

Ye Feng released the Devouring Domain, and suddenly a large dark vortex appeared in the space around Ye Feng.

boom! !

Suddenly, a boundless absorbing power rushed out from the dark devouring vortex around Ye Feng, quickly absorbing the blood energy in the surrounding battlefield.

At this moment, Ye Feng immediately felt a stream of pure and vast energy being injected into his body.

His cultivation skills began to increase dramatically in an instant, becoming more and more powerful and majestic.

However, at Ye Feng's current level of cultivation, the energy required for each breakthrough is extremely huge.

His body was truly becoming more and more bottomless.

Therefore, Ye Feng likes this kind of battlefield very much, because he can kill the dark aliens to his heart's content, and he can also swallow the energy and blood of these dark creatures, quickly accumulate strength, and strive for faster transformation and breakthrough.

"Big brother, big sister! I'm here! I'm here!"

At this time, the little girl wearing red clothes not far away, also known as Xiao Longnu, screamed loudly, her eyes full of excitement.

This time she sneaked out from Shenlong Academy and wanted to find the legendary tombs of gods and demons, just for fun.

But what he didn't expect was that before Xiao Longnu could reach the location indicated on the map, she was already trapped in the siege of countless demon armies.

Although Xiao Longnu's cultivation is not very strong, she is still young after all, only six or seven years old.

But she has various treasures given to her by her father, Dean Shenlong.

Especially the jade Ruyi in her hand at this time, which contained a red dragon soul sealed in it. It was very powerful, and its defensive power was comparable to that of a powerful being in the Half-Step Qiankun Realm.

That's why he was able to persist for so long under the siege of so many demon armies and protect Xiao Longnu for a long time.

"Boom!"

"Boom!"

At this time, Ye Feng and Bai Susu worked together to fight their way through countless demon armies and finally arrived in front of Xiao Longnu.

"You're finally here! I'm dying!"

Xiao Longnu was so frightened that she started to cry. She squeezed the dimmed Yu Ruyi in her hand and fell to the ground softly.

Although Xiao Longnu is the daughter of the Supreme Commander of Shenlong Academy, Master Shenlong, she is a little princess who belongs to the golden power and has a noble status.

But after all, she is just a naughty little girl, only six or seven years old.

Facing the endless army of demons, I am extremely scared after all. It is already very long for me to be able to persist until now.

That's pretty good.

Uh-huh!

Ye Feng immediately rushed forward and put Xiao Longnu's limp body on his shoulders.

"kill!"

At this moment, Ye Feng and Bai Susu worked together to continue killing, trying to break out of this demonic battlefield and find a safe place.

Because the number of demons here is indeed a bit too much.

Even Ye Feng, with his powerful skills, felt mentally exhausted at this moment and was about to reach the point of exhaustion.

"We must capture the little girl in red with two crystal dragon horns on her head. She is the successor of a super powerful force in the human race. Her status is extremely noble and has a huge effect on us. She is the one who negotiates with the overlord of the human race. huge bargaining chip."

At this time, a fierce sound suddenly sounded.

Those were several powerful demon lords.

The cultivation auras on their bodies were all powerful beings from the sixth, seventh or eighth heaven of the divine realm.

"The Demon-Slaying Divine Sword!"

"The Great Devil's Poison Curse!"

"Peerless Demonic Thorn!"

...

At this time, each of the demon lords who were in the seventh or eighth level of the divine realm released their powerful attacks one after another, forming a terrifying killing frenzy that suddenly reached Ye Feng, Bai Susu, and Xiao Longnu. In front of the person.

"The Great Scepter of Judgment!"

Bai Susu now held a huge silver scepter in her hand, emitting a monstrous divine light.

"Boom!"

But when several powerful demon lords attack together, the destructive power caused is extremely terrifying.

So at this time, even Bai Susu was holding the Great Judgment Scepter, feeling tremendous pressure.

"Crack! Click!"

The protective light shield in front of her even began to crack at this moment.

\u003c

br\u003e Finally, at the next moment, Bai Susu spurted out a mouthful of blood, and her body couldn't help but take several steps back.

"Hahaha! A group of weak humans dare to resist noble and advanced races like us. You will all die today!"

At this time, a group of several demon lords laughed loudly, their eyes full of ferocious and cruel looks.

For the human race, these dark creatures are naturally exterminated.

And this time Ye Feng and Bai Susu ruined their plan to capture the little dragon girl, which naturally made these demons even more furious. A group of demon lords have united to completely kill Ye Feng and the others without giving them any way to escape. Chance.

"Even the most powerful eldest sister failed, what should I do?"

Xiao Longnu, who was carried on Ye Feng's shoulders, immediately showed a look of fear and panic on her baby-fat little face.

"Future body!"

At this time, Ye Feng no longer hesitated and directly called for the future body of Dzogchen.

The future body had previously resisted a death attack for Ye Feng, so for such a long time, Ye Feng had been silently recovering from the long river of time.

Now Ye Feng has been able to summon the future body of Dzogchen again.

"boom!"

Almost at this moment, a crystal mirror appeared behind Ye Feng.

Wow!

A vast white river of time burst out of the crystal mirror in an instant.

A majestic and boundless figure, like the ancient god of war, stepped from the end of the long river of time, carrying the vastness of the air.

"boom!!"

The future body of Dzogchen stretched out a strong and powerful palm, pressed it down from the sky, and a terrifying force burst out instantly.

The bodies of a group of ferocious demon lords exploded one after another at this moment, unable to resist the unparalleled power that seemed to be able to crush the whole world!

Chapter 1555 Animal Skin Map

The demon lords are extremely powerful.

But at this moment, he couldn't resist the slap from the future body of Dzogchen.

It exploded directly into a bloody mist.

"What?!"

The other strong men from the Heavenly Demon Clan who were about to arrive not far away were suddenly shocked.

It seems that they never thought that that young man from the human race who looked ordinary could have such terrifying methods.

He directly summoned a kind of will that seemed to be that of a martial arts expert with Dzogchen cultivation. He suppressed everything with one hand. It was terrifying. .??.

"escape!"

At this moment, several powerful demons who were about to arrive fled towards the distance.

"Now that you're here, don't leave. Let everything become nourishment to strengthen my cultivation."

But at this time, Ye Feng's cold and killing voice sounded.

"boom!"

The future body of Dzogchen possesses the cultivation of Dzogchen, the tenth level of the divine realm.

Although he was just a shadow of will, the vast aura emanating from his body at this moment gave everyone a majestic and vast sense of oppression.

"Boom!"

The hand of Dzogchen's future body struck forward.

Suddenly, a big hand covering the sky and the sun appeared in the sky, vast and majestic.

boom!

The big hand suddenly covered it, like an ancient sacred mountain bombarding it, full of endless destructive power.

"ah!"

"ah!"

The bodies of the demon lords who were in the seventh or eighth level of the divine realm were shattered in an instant.

They howled in agony, but in the end they could only be bombarded into blood mist by that hand and died miserably.

At this time, Ye Feng jumped directly and flew in that direction without any hesitation.

"Swallow!"

Ye Feng roared loudly, and suddenly appeared around him

An endless swallowing vortex of darkness formed, surrounding the entire surrounding area.

Boom!

Wave after wave of blood energy, billowing like a tide, surged from the surrounding battlefield and was absorbed by the dark devouring vortex around Ye Feng.

At this moment, Ye Feng's cultivation skills were increasing at an incredible speed.

You know, this time the Dzogchen Future Incarnation killed a dozen demon lords who were in the seventh or eighth level of the divine realm.

Therefore, the blood energy that Ye Feng devoured this time was really tremendous.

"boom!"

After a while, Ye Feng's body burst out with a new and powerful aura.

That is the momentum of breakthrough.

"The third level of the divine realm!"

Ye Feng suddenly opened his eyes, his eyes full of excitement.

At this time, he looked around and found that the entire army of demons had already dispersed.

The entire field became empty again.

At this time, Bai Susu was protecting the law. Seeing Ye Feng's success, he couldn't help but smile and said, "Congratulations on the breakthrough."

Ye Feng smiled and said, "Thank you, Sister Su Su, for protecting me."

At this time, Ye Feng put down the little dragon girl on his shoulders.

The little girl in red clothes stared at Ye Feng with her big eyes and said, "Brother, your cultivation method just now scared me so much."

Obviously, the energy swallowing the vortex made the little dragon girl feel a terrifying feeling that she had never experienced before.

Ye Feng smiled and shook his head and said, "How did you enter this dark land alone?"

Xiao Longnu said: "This dark land contains the legendary tombs of gods and demons.

, naturally there are many entrances. I have a map that I stole from my father. "

At this time, Xiao Longnu said, taking out a roll of animal skin maps from her belly pocket.

Without any scheming, she took out the animal skin map and gave it to Ye Feng for viewing.

However, Ye Feng saved her life, which naturally made Xiao Longnu trust the two people in front of her.

"map?"

"A map of this dark land?"

At this time, Ye Feng and Bai Susu looked at the animal skin map in Xiao Longnu's hand, and their eyes suddenly moved.

Ye Feng then took the map over, and then forcibly used his huge soul power to copy it in his mind.

This map leads to a special location, specially marked with a red arrow.

However, the map did not indicate what that location represented.

But Ye Feng guessed that it was probably the specific location of the tomb of gods and demons hidden deep in the dark earth.

However, what Xiao Longnu said just now reminded Ye Feng.

In this dark land, there are many other passages that allow powerful outsiders to enter.

In other words, the people who are plotting the tomb of gods and demons are not just a few of them, but also powerful men from other major forces.

The first thing Ye Feng thought of was the three golden forces in the Eastern Star Territory, the Xianwu Sword Sect, the Dragon Academy and the Demonic God Sect.

Bai Susu obviously thought of this at this time, and immediately said: "Ye Feng, we have to be more careful next. In this dark land, there are not only threats from dark creatures, but also from other major forces in the Eastern Star Territory. 's spying."

Ye Feng nodded and said: "However, apart from Xiao Longnu, we didn't meet anyone else along the way. Obviously our entrance to this dark land is definitely a very secret one."

Little Dragon Girl spoke up at this time: "Big brother and big sister, can we take a break now? I have been resisting the demon army for several days, and I am almost exhausted."

Ye Feng smiled and said, "Okay, then let's rest nearby."

Bai Susu looked at Ye Feng and said in surprise: "Don't we rush to the Tomb of Gods and Demons?"

Ye Feng shook his head and said: "The Tomb of Gods and Demons has now become a battleground in the eyes of all the major forces. No matter how early we go, I am afraid someone will already be guarding there, and the Tomb of Gods and Demons is such an ancient place. The burial place of the strong is not so easy to enter, and there must be great dangers. We don't need to worry, we need to recharge our batteries first."

Bai Susu heard the words and said: "Ye Feng, you are right, the Tomb of Gods and Demons exists, it is not so easy to get benefits from it, even if it is a Qiankun Realm powerhouse who has surpassed the Divine Realm, after entering it, there will be huge dangers."

Ye Feng said: "We still need to continue to improve our cultivation during this period."

"Brother, do you want to improve your cultivation? Do you want to use the devouring method you used before?"

Suddenly, the little dragon girl on the side said: "Then I can tell you a good place, big brother."

With that said, Xiao Longnu took out the red jade Ruyi from before.

This is an immortal magic weapon that surpasses the Dao level and is very precious.

If word spreads, it will definitely cause a bloody storm.

At this time, the little dragon girl touched the jade ruyi in her hand and said: "Uncle Long, come out quickly and tell the elder brother where the Heavenly Demon Canyon we discovered before is. We have discovered many things in the Heavenly Demon Canyon. The immortal body of a powerful ancient demon has been transformed into it, and it will definitely be able to help big brother."

"Tianmo Canyon?"

"The immortal body of the ancient demon?"

When Ye Feng heard this, his eyes suddenly lit up.

Chapter 1556 A Place of Pilgrimage

At Xiao Longnu's call, the jade Ruyi flashed a crimson light.

A huge red dragon soul flew out from the Yu Ruyi.

This red dragon soul looks extremely majestic.

But the look she looked at Xiao Longnu was full of helplessness and love.

"Little Master, we found that Demonic Canyon with great effort. We will inform the dean in the future and ask the dean to send strong men from the academy to mine it."

At this time, this red dragon soul obviously did not want to tell the two outsiders, Ye Feng and Bai Susu, the location of Tianmo Canyon.

But the little dragon girl immediately said: "Uncle Long, don't be stingy. Isn't it just a Demon Canyon? Brother Ye Feng saved my life and is my great benefactor. I should tell him everything." of."

The red dragon soul glanced at the little dragon girl helplessly, and could only nod in agreement: "Okay, I can't disobey your order, little master."

After saying that, the red dragon soul looked at Ye Feng and Bai Susu and said, "You guys come with me." .??.

Uh-huh!

The red dragon soul immediately flew towards a certain direction in the dark land.

Ye Feng and others also set off quickly and followed them quickly.

Soon, they traveled through many dark areas and finally arrived at a golden canyon.

The red dragon soul looked at the huge and majestic golden canyon and said: "This is the Heavenly Demon Canyon. Although it is filled with the immortal bodies of the ancient Heavenly Demon, it is very likely that it also contains ancient dangers. We must be careful."

At this time, the red dragon soul said and got into Yu Ruyi again.

Buzz!

A red light shield emitted from Yu Ruyi, covering Xiao Longnu's whole body, forming a very powerful defensive light shield.

At this time, Ye Feng and Bai Susu also released their body-protecting auras, and cautiously led Xiao Longnu into the Devil's Canyon.

The moment they stepped into the Demonic Canyon, they saw a very shocking scene at first sight.

A giant

The giant ancient demon's body was covered with dense dark golden scales. It had six heads and nine huge demon arms, sitting cross-legged right in front of the Demonic Canyon.

Buzz!

Although it still exudes an aura of desolation that makes one's heart palpitate.

But at the same time, there is a strong smell of death.

Obviously, this behemoth, a grotesque ancient troll, has long been dead, and may have been dead for endless years.

Only the immortal demonic body is left, still standing here. When people see it after endless years, they still feel a sense of shock.

"What a majestic demon blood!"

Ye Feng rushed forward and placed one hand on the head of the ancient troll.

"boom!"

He had no inhibitions and directly released the Devouring Domain and began to devour it crazily.

"Crash..."

Immediately, a large amount of pure blood was absorbed by Ye Feng from the ancient troll. It was transferred and merged into his own body along his palm, continuously strengthening his cultivation skills.

Visible to the naked eye, the towering demonic body of the ancient troll under Ye Feng's feet was quickly becoming shriveled up, and the scene looked very terrifying.

"Fortunately, big brother is not a bad person, otherwise the entire spiritual practice world would be in crisis."

Xiao Longnu saw this heart-stopping scene from below and couldn't help but murmur innocently.

At this moment, Ye Feng's cultivation level was rapidly increasing.

"boom!"

Finally, a violent momentum burst out from his body and spread in all directions.

"The fourth level of the divine realm!"

Ye Feng's eyes were bright.

Uh-huh!

He jumped up and reached the ground below.

At this time, the ancient troll had been devoured into a shriveled corpse and was completely worthless.

Ye Feng looked at Bai Susu and Xiao Longnu beside him and said with a smile: "Sister Susu, Xiao Longnu, let's move on."

Xiao Longnu suddenly spoke up at this time: "Uncle Long in Yu Ruyi's spiritual message just now sent me a message, asking Brother Ye Feng and me to go far away, saying that Brother Ye Feng, you are very dangerous, but Brother Ye Feng, you won't harm me, right?"

When Ye Feng heard this, he was slightly startled, then smiled and touched Xiao Longnu's little head, and said: "I will definitely not harm you, Xiao Longnu, don't worry."

The red dragon soul in Yu Ruyi obviously still regards Ye Feng as an outsider and a threat.

That's why it secretly reminded Xiao Longnu to keep Xiao Longnu and Ye Feng away.

But Xiao Longnu was innocent and said it directly without any thought.

Maybe the red dragon soul in Yu Ruyi is speechless now.

However, Ye Feng didn't care about this. He also understood the red dragon soul's painstaking efforts to protect the little dragon girl.

"Let's move on."

Ye Feng gained huge benefits from the fallen ancient troll.

So Ye Feng was very excited at this time and wanted to continue going deep into the Demonic Canyon.

Along the way, they once again saw many corpses of demons.

There are no injuries on these demon corpses, but they are just sitting here.

Several people were very surprised by this.

But Ye Feng was very strange, swallowing did not fall.

Every demon corpse had the blood and energy of the ancient demon swallowed up by Ye Feng.

This makes Ye Feng's skill continue to grow.

At this time, Xiaoyao spoke out in the Queen's picture: "Little Ye Zi, this

None of the ancient demons here had any injuries. It was obvious that they did not fall here because of the battle, but sat voluntarily in this canyon. "

Ye Feng's eyes moved and he communicated with his spiritual thoughts: "Xiaoyao, did you notice something?"

Xiao Yao said: "I guess this may be a place of pilgrimage for the ancient demons. Only in places of pilgrimage will a group of vicious ancient demons willingly sit here and die, because they believe that during the pilgrimage, If you die, your soul will become eternal."

Ye Feng couldn't help but nodded solemnly when he heard what Xiaoyao said.

If you put it this way, there may be something very extraordinary deep in the Devil's Canyon, and I don't know if it is a blessing or a curse.

"Brother Ye Feng."

Suddenly at this time, Little Dragon Girl spoke up: "Uncle Long just said that this may be a pilgrimage place for ancient demons. It is a place of great terror. He told us not to move forward."

Bai Susu was observing her surroundings. When she heard this, her eyes flashed and she said, "A place of pilgrimage? Do dark creatures like the ancient demon still have their own beliefs?"

Ye Feng nodded and said: "I'm afraid this is really the place of pilgrimage for the Ancient Demon. There may indeed be great terror and danger ahead, but I won't be willing to retreat if I am asked to do so."

At this time, Ye Feng looked at Bai Susu and Xiao Longnu beside him and said, "You two, please don't go any further. Wait for me here. I'll go in and take a look alone."

Bai Susu's eyes tightened, and she quickly grabbed Ye Feng's palm and said, "I can't let you take risks alone."

Ye Feng smiled slightly and said: "Sister Su Su, don't worry. If there is an irresistible danger, I will withdraw in an instant. I know the secret of space. When it comes to escape, no one can beat me."

After the words fell, Ye Feng no longer hesitated and walked towards the deepest area of the canyon alone.

He wanted to see what was so strange about this place of pilgrimage that made ancient demons willing to die.

Chapter 1557 Weird Devil Egg

Ye Feng was alone, walking deep in the desolate and dim canyon.

According to the unanimous opinion of Xiaoyao and Yu Ruyi, the depths of this canyon are the pilgrimage places for many demons in ancient times.

Being able to allow many ancient demons with ferocious and cruel natures to make pilgrimages, the depths of this canyon are absolutely extraordinary.

It may even contain something that shocks the world.

When Ye Feng thought of this, he became more and more curious and expectant.

Perhaps, you can find some ancient treasure here that will be of endless use to you. ,

"Tap, step, step..."

At this time, in the depths of the canyon, only Ye Feng's footsteps could be heard.

Surrounded by black jagged rocks and various black vines and weeds, it was a dilapidated and desolate scene.

"This is the place of pilgrimage for the ancient demons. Isn't it a bit too shabby?"

Ye Feng looked at the surrounding environment and couldn't help but shook his head.

Xiaoyao was also looking outside the Queen's Picture at this time, and said with some uncertainty: "Did I make a mistake in my judgment? This is just an ordinary canyon?"

Ye Feng shook his head and said: "Probably not. The red dragon soul in Xiao Longnu's treasure also guesses that this is a pilgrimage place for the Demon Clan."

Xiaoyao suddenly said: "By the way, if you didn't tell me, I would have forgotten that the immortal magic weapon Jade Ruyi contains a very high-level and pure innate energy. I really want to swallow it."

Ye Feng suddenly twitched the corner of his mouth slightly and said: "Don't covet this for now. The power of the jade Ruyi in Xiao Longnu's hand is very terrifying, and it is the treasure of a golden power. Don't covet it." Recklessly."

Xiaoyao said with a smile: "Of course I won't be impulsive, and I can't beat the red dragon soul in Yu Ruyi now."

When Ye Feng heard this, he couldn't help but smile immediately and said: "You are the peerless queen of the previous era, but you can't beat the dragon soul weapon spirit of later generations?"

\u003e

"Little Ye Zi, look ahead!"

Suddenly at this time, Xiaoyao exclaimed in the Queen's picture, as if she saw something extraordinary.

"That is....."

Ye Feng immediately looked forward, and his eyes were shocked.

He saw that in the depths of the canyon ahead, the ground was covered with white bones and skeletons.

These white-bone skeletons include humanoids, giant beasts, and all kinds of strange shapes.

But equally, these creatures were once absolutely very powerful, extremely powerful.

Because although these creatures turned into white bones and skeletons, those ancient bones still exuded a kind of terrifying pressure that made people palpitate.

It was like facing a desolate flood beast, and my heart palpitated extremely.

And right in the middle of these piles of bones, there is a huge ancient altar.

Ancient charms are engraved on the surface of the altar, which looks full of historical vicissitudes.

"These countless bones seem to be surrounding the ancient altar. It seems that in some ancient era, something terrible happened here."

Ye Feng looked at the scene on the field and murmured, with a hint of surprise in his eyes.

"Buzz!"

At this time, Ye Feng did not move forward rashly, but released his huge soul power and headed towards the ancient altar in the middle.

At this moment, Ye Feng sensed it immediately.

There seemed to be something strange inside the ancient altar, exuding a very special aura.

"Is that the breath of life?"

Ye Feng's eyes suddenly became very strange.

The air of life actually appeared among the dead bones on the ground?

This is a very strange scene.

Among the countless deaths, the breath of life appeared.

Xiaoyao suddenly spoke up at this time: "Perhaps, the life energy in the ancient altar was born from the countless white bones and skeletons on the ground."

Ye Feng's eyes were astonished and he said: "Life has been born out of countless deaths. Endless years have passed. I wonder what has been born in this ancient altar?"

At this time, Ye Feng stepped forward and came to the side of the ancient altar.

He looked inside and his eyes were suddenly startled: "A devil egg?"

At this time, there was nothing in the entire ancient altar, only a devil egg as big as a human head, lying quietly in it.

The eggshell of the magic egg is engraved with dense black magic patterns, which looks very evil.

Xiaoyao also saw this scene from the Queen's picture, and couldn't help but said: "This must be a devil egg of a dark creature from the extremely evil Demon Clan."

At this time, Ye Feng's eyes flashed, and he took out the magic egg from the ancient altar and said, "Take it first and then talk about it."

Uh-huh!

With that said, Ye Feng put this extremely mysterious devil egg into his storage spirit ring.

Immediately, he looked around and found no other treasures, so he had no choice but to go back.

But before leaving, Ye Feng collected the bones of countless ancient creatures on the ground.

Using the Protoss gloves to extract attributes should be able to extract a lot of the original attribute power.

And just when Ye Feng left the depths of the Demonic Canyon.

Deep in the dark starry sky somewhere in the universe, from a terrifying demon nest of the Heavenly Demon Clan, an extremely terrifying roar suddenly came out: "The Demon Prince who has been sleeping for tens of millions of years has finally made some movement. Hurry!" Click to

find the Demon Prince and welcome back the future emperor of our Heavenly Demon clan. Whoever touches the Demon Prince will be killed without mercy!"

...

The Eastern Star Territory, deep in the Storm Island.

In the dark earth beneath the earth.

Ye Feng walked out from the depths of the canyon, looking as if nothing had happened.

Bai Susu and Xiao Longnu, two beauties waiting outside the canyon, one big and one small, immediately surrounded them.

"Ye Feng, you didn't encounter any danger, did you?"

"Brother, what is there in the depths of this canyon? Is it a place of pilgrimage?"

Ye Feng looked at the two of them, smiled, and said: "There is no danger in the depths of this canyon. There are only the bones and skeletons of many ancient demons after they died."

Ye Feng did not tell about the mysterious and strange devil egg he got from the ancient altar.

Because, he always felt that this magic egg was very weird and involved too much. If others knew about it, it might cause big trouble. It was better to study it privately first.

At this time, Bai Susu breathed a sigh of relief and said: "Ye Feng, let's leave this Demon Canyon as soon as possible. There is always something weird in it that makes me feel palpitated."

The little dragon girl also nodded immediately and said: "Eldest sister is right, there seemed to be something weird trying to get close to us just now. If it weren't for the sacred light on eldest sister's body, I'm afraid we would have encountered something unexpected."

Ye Feng suddenly looked in a certain direction at this time and said, "Is that the weird thing you mentioned?"

At this time, the two women looked in the direction of Ye Feng and saw a black robed shadow between reality and reality, floating in the air like a dark ghost, giving people a strange feeling.

Chapter 1558: Soaring one hundred levels

"It's this weird thing! It's been trying to sneak attack us just now!"

At this moment, Bai Susu and Xiao Longnu saw the dark, ghostly black-robed shadow, and they immediately exclaimed in surprise.

Ye Feng nodded and said: "This is the thought of gods. It should be something condensed from the residual thoughts of countless dead creatures in the Demon Canyon. I have encountered this kind of existence before, and it is a great threat."

Ye Feng said at this time, without hesitation, he directly used the Soul Emperor Seal.

"The Great Thunder Emperor's Seal."

Behind him, a huge Soul Thunder Emperor immediately appeared.

The Thunder Emperor was extremely towering, more than two thousand meters tall, standing in the void around Ye Feng.

The Thunder Emperor's whole body was glowing with blue-purple thunder and lightning. ??

These thunder and lightning lights are not physical thunder, but ethereal thunder and lightning at the soul level, which can directly harm any existence in the soul state.

So at the moment when Ye Feng released Soul Thunder Emperor, the dark ghostly divine thought not far away immediately ran away in shock.

"Amazing!"

The little dragon girl behind her immediately couldn't help but wave her little fists in excitement.

The red soul of the weapon spirit in Yu Ruyi was extremely shocked, "Who is this boy? He is actually a rare soul martial fellow practitioner. I don't know if there is any conspiracy behind him approaching the young master."

At this time, Ye Feng looked at the two beautiful women behind him, one large and one small, and said: "Stay close to me and let the Soul Thunder Emperor protect you. That divine thought may suddenly take action, so don't take it lightly."

"good!"

Bai Susu and Xiao Longnu both nodded, very obedient.

The two of them suddenly approached Ye Feng and stood behind Ye Feng.

Looking at the majestic thunder giant above their heads, both women felt an unprecedented sense of security.

"Uh-huh!"

Suddenly, when a few people were walking, a black shadow quickly rushed towards the three of them.

\u003e

It was that dark and ghostly divine thought just now!

Sure enough, it suddenly attacked!

"The thunder shook the ghosts and gods!"

But at this moment, Ye Feng shouted loudly.

boom!

Suddenly, the Soul Thunder Emperor around him pointed to the sky with one hand, and a soul thunder instantly exploded towards the rushing god.

"Boom!!"

Thunder and lightning hit the divine thought at once, and a violent roar suddenly sounded in the sky.

"howl!!"

The god thought was covered in smoke, let out a miserable howl, and immediately ran towards the distance.

But at this time, Ye Feng became interested in this divine thought.

"Perhaps in this divine thought, there is a message about the strange devil egg I obtained."

Ye Feng thought in his mind and shouted directly: "Thunder Spear!"

boom!

A huge thunder war spear instantly appeared in the hand of the Thunder Emperor.

The thunder war spear was like a thunderbolt, and it shot out in an instant, directly stabbing the fleeing god's thought and nailing it to the void.

"What a powerful soul method!"

The red dragon soul in the jade Ruyi in Xiao Longnu's hand suddenly screamed out in surprise.

Xiao Longnu could only shout excitedly that big brother was awesome.

But as the red dragon soul of Yu Ruyi, this ancient weapon spirit, he knew very well how amazing Ye Feng's killing move just now was.

Even if a strong person in the Qiankun Realm who has transcended the Divine Realm encounters such a strange existence as the Divine Mind, I am afraid it will give them a huge headache.

But at this time, a baby was born in the Devil's Canyon

The strange divine thought he had, was forcibly nailed to death in the void by Ye Feng.

"The inheritance of the soul in this young man seems to be very extraordinary. Where does he come from? I feel like I have seen that thunderous soul giant several thousand meters tall somewhere, and it looks a bit familiar..." The red dragon soul was at this time Yu Ruyi murmured in Xiao Longnu's hand.

At this time, Ye Feng had already flashed into the void not far away.

At this time, he stretched out his hand and grabbed the crucified god.

"boom!"

Suddenly, a huge soul suction force surged out from Ye Feng's palm.

The entire black-robed shadow was immediately sucked into Ye Feng's hand, and then integrated into his soul power.

"Buzz..."

At this moment, Ye Feng's soul power was greatly improved.

It skyrocketed to a hundred levels!

From the previous level of 2156, it has skyrocketed to 2256 levels!

At this moment, Ye Feng's soul also received a lot of information from the divine thoughts, including many memory fragments of the ancient demon.

At this time, Ye Feng suddenly understood that this Demon Canyon was not a place of pilgrimage at all, but a dark and evil place of sacrifice!

However, the memory fragments from the ancient era have become blurry.

Even if Ye Feng swallowed this divine thought, he didn't get much information about the identity of the strange devil egg.

Ye Feng opened his eyes at this time. After preparing to return to the Northern Divine Academy, he directly used the gods' gloves to extract the strange devil egg.

"Ye Feng, how are you?"

At this time, Bai Susu flew over.

She saw Ye Feng absorbing the entire divine mind and felt frightened.

Ye Feng smiled and said: "This

God's Mind is a good meal for me. My soul power has increased a lot. This time I went to the Tomb of Gods and Demons, my overall strength became stronger and stronger. "

Half an hour later, the three of them finally walked out of the Demonic Canyon.

At this time, Ye Feng looked at the little dragon girl next to him and asked: "Now your eldest sister and I are going to the depths of this dark land. According to the map, we are going to the Tomb of Gods and Demons. Little dragon girl, I think you should go back." Well, this dangerous place is not suitable for you."

When Xiao Longnu heard this, she immediately pouted, grabbed a corner of Ye Feng's clothes, and said hurriedly: "I'm not going back! It's too boring to go back. My father is busy dealing with

important things every day, and my mother is in seclusion every day." I don't have any other friends in cultivation. I don't want to go back. I want to go on an adventure with you two, big brother and big sister. That will be fun!"

At this time, Xiao Longnu was talking, her big eyes full of desire for adventure.

Seeing this, Ye Feng could only smile helplessly, nodded, and said: "We are willing to take you with us, but your guardian may not agree."

At this time, Ye Feng stared at the jade Ruyi in Xiao Longnu's hand.

Little Dragon Girl suddenly understood and said: "You mean Uncle Long? Uncle Long will not interfere with my decision. Brother, let's go directly to the tomb of gods and demons. It must be very interesting, hahaha!"

As she said that, the little dragon girl jumped up and down and ran towards the distance.

Ye Feng and Bai Susu looked at each other and saw the strange look in each other's eyes.

Xiao Longnu's identity is very extraordinary in the Eastern Star Region.

If you take Little Dragon Girl with you to the Tomb of Gods and Demons, you will encounter people from other powerful forces, which will be an invisible shock.

Moreover, there is still a chance to hide the identity of the two people from the northern star field.

Ye Feng immediately stepped forward, stared at Little Dragon Girl, and said, "Little Dragon Girl, let's play a game. Next, my eldest sister and I will play the role of your bodyguards. What do you think?"

Chapter 1559: Inspiring Generals

When Xiao Longnu heard Ye Feng say that he wanted to play games, she immediately said happily: "Great, great, I like playing games the most!"

Ye Feng and Bai Susu looked at each other and smiled at each other.

They pretended to be Xiao Longnu's bodyguards, and when they arrived at the Tomb of Gods and Demons, they would be able to have a legitimate identity.

In addition, Xiao Longnu's identity is very extraordinary. She is the daughter of the master of the Divine Dragon Academy of the Golden Dragon Academy in the Eastern Star Region. ??

Therefore, with the presence of Xiao Longnu, it will be a great deterrent to other forces.

At this time, the three people walked out of the Demon Canyon and started to rush in a certain direction according to the guidance of the previous map.

Their speed was very fast, and in less than three days, they had arrived at the location guided by the map.

An area shrouded in dark light suddenly appeared in front of their eyes.

The outer area of this area was shrouded in a thick layer of darkness.

"Three children are here unexpectedly. I don't know which force they are disciples of. You will die soon."

An old man suddenly flew over from the sky, glanced at Ye Feng and the others below, and sneered.

Obviously, this old man felt that Ye Feng and the others were young people who didn't know how to live or die, and they came here purely out of curiosity.

"Buzz!"

The old man flew into the black light barrier and disappeared.

"It seems that this black mask is not dangerous."

Ye Feng murmured, and then said: "Then let's go in and see what's going on inside."

Bai Susu and Xiao Longnu both nodded.

Now that we are all here, no matter how dangerous it is, we have to enter, otherwise it would be too unwilling.

You know, what is contained in this black mask is the legendary tomb of gods and demons.

Those who can be collectively referred to as "gods and demons" are definitely the most amazing and talented group of powerful people in ancient times.

"Buzz!"

At this time, several people walked into the dark light shield, and they

His field of vision suddenly broadened.

They saw countless ancient buildings standing on the land around and in the distance, built among the mountains.

However, these ancient buildings have basically collapsed, are dilapidated, and look very desolate.

Xiao Longnu's big eyes were full of curiosity.

She stared at the dilapidated ancient buildings, her dark eyes flashing, and she said with a smile: "I wonder if there are any good treasures in these ancient buildings?"

Hearing this, Ye Feng couldn't help but smile and said: "Many people should have entered this place before us, so even if there are treasures in these ancient buildings, they have probably been looted long ago. We don't need to check anymore. Don't waste time."

Hearing what Ye Feng said, Xiao Longnu was obviously very disappointed and said: "It seems that there is no chance to find the treasure."

Bai Susu said at this time: "Let's continue to go deep into this area. The old man who passed by just now has disappeared. I'm afraid he has also entered this deep area. It is very possible that the land we are stepping on at this time It's the outer area of the Tomb of Gods and Demons."

Ye Feng agreed, and the three of them continued on their way.

Along the way, they not only saw countless dilapidated ancient buildings, but also many terrifying killing formations that seemed to have been passed down from ancient times.

"We must be careful when walking along the way. This is the outskirts of the Tomb of Gods and Demons. It is a very ancient place with invisible killing formations. It is very possible that one may fall into some terrifying formation without paying attention and be killed. Instantly obliterated."

Ye Feng spoke up at this time, reminding the two women behind him.

Bai Susu and Xiao Longnu also saw many dangerous areas along the way, and naturally they all nodded.

Half an hour later, they reached the end of this broken land.

There is a huge arch bridge at the end.

It's unclear where the other end is.

Bai Susu said: "I sensed the aura of ancient gods and demons, which was wafting from the other end of this arch bridge. The other end of this arch bridge is definitely the core location of the real tombs of gods and demons!"

Bai Susu made a sound, even her eyes were a little excited at the moment, and she could not hold back her excitement.

But I remember the moment when they were about to step onto the arch bridge.

Buzz!

A figure of a man in black suddenly appeared.

His whole body was covered in black robes, and no face could be seen clearly.

At this time, a gloomy voice came from the black robe: "The ruins of the Tomb of Gods and Demons are very precious, and not just any cat or dog can enter it. You three should please come back quickly, and don't force me to take action."

Xiao Longnu suddenly shouted angrily: "Who are you? How dare you stop me? Take off your mask quickly, I will let my father deal with you!"

At this moment, the man in black immediately fixed his eyes on Xiao Longnu.

He saw the jade Ruyi in Xiao Longnu's hand and seemed to recognize it. He immediately said in a surprised tone, "Oh? She is actually the little princess of Shenlong Academy? Then you are qualified to enter."

As he said that, the man in black moved his figure and disappeared on the spot.

At this moment, Ye Feng and Bai Susu looked at each other and saw the smile in each other's eyes.

It seemed that he really made the right choice by taking Xiao Longnu with him this time.

With Xiao Longnu's status, few people would dare to provoke them.

It is also much more convenient to explore the ruins of the tomb of gods and demons.

After the three of them crossed the huge arch bridge, they came to the other end.

They immediately saw that this was a land of ice and snow. Warriors of all kinds, from all major forces, from three religions and nine streams, were all standing in this land of ice and snow, looking in a certain direction in the distance, as if they were waiting for something.

\u003e

The aura of cultivation in this group of warriors is very powerful, and many of the clothes they wear are uniform. They are obviously strong disciples from major forces.

When Ye Feng and the others walked in, they immediately attracted the attention of many people.

Apparently, the man in black who blocked the road previously leaked Xiao Longnu's identity information.

Moreover, most of this group of warriors are from the Eastern Star Territory, and naturally they all know Xiao Longnu, the special little princess of the Divine Dragon Academy.

Although Xiao Longnu's status is very extraordinary, her own cultivation level is not high.

At this time, a young man with a gloomy face immediately sneered: "A little girl dares to come to a place like the Tomb of Gods and Demons. She really dies without knowing how she died."

This young man with a gloomy face was wearing a set of dark magic robes. He was obviously a member of the devil's sect.

It is very likely that he is a disciple of the "Demon God Sect", the three major golden forces in the Eastern Star Region.

Because the main hostile forces of the Demonic God Sect in the Eastern Star Region are the two righteous forces of Shenlong Academy and Xianwu Sword Sect.

So when he met Xiao Longnu, the little princess of Shenlong Academy, who was a disciple of the Demon God Sect, he naturally made fun of her.

Because he didn't dare to take action against a noble being like Xiao Longnu, but in his words, he showed all kinds of insults and contempt, as if he was just trying to satisfy his taste.

Xiao Longnu was a child at heart, and when she was provoked by the disciple of the Demon God Cult, her face turned red with anger and said: "Why can't I come to the Tomb of Gods and Demons? Besides, I'm not young anymore, and I know how to kill people. "

boom!

After saying that, Xiao Longnu rushed directly towards the disciple of the Demon God Sect, wanting to teach this person who insulted him a lesson.

But at this time, the Demon God Sect disciple suddenly showed a strange smile on his face and said: "Little Dragon Girl, this is not your Dragon Academy. If you dare to attack me in public, then I have the right to kill you! You You're a little brat, I can crush you to death with just one hand!"

Chapter 1560 Not yet opened

The moment this disciple of the Demonic God Sect finished speaking, an extremely powerful martial arts aura suddenly burst out from his body.

That is the aura of the sixth level of the divine realm!

He is a master among masters!

Naturally, Xiao Longnu could not be her opponent.

"boom!"

Almost at this moment, the disciple of the Devil God Sect knocked Xiao Longnu away with one punch.

Buzz!

The jade Ruyi in Xiao Longnu's hand suddenly erupted with a layer of red light, surrounding her whole body.

"puff!"

But Xiao Longnu couldn't help but spit out a mouthful of blood.

The strength of the disciple of the Demon God Sect was simply terrifying to the extreme, comparable to many strong men of the older generation.

Even the red dragon soul in Yu Ruyi couldn't resist it at that moment.

"Die!"

A ferocious smile suddenly appeared on the face of the Demon God Cult disciple.

He was exuding a strong magic light, and he immediately grabbed hold of Xiao Longnu.

boom!

A pitch-black claw appeared in the sky instantly, filled with terrifying killing power.

Seeing that huge claws were about to catch Xiao Longnu.

"Qiang!"

But suddenly at this moment, an earth-shattering sword sound sounded.

boom!

Along with the sound of the sword, a monstrous golden flame burst out, directly shattering the dark claw.

"who is it?"

Seeing this, the Demon God Sect disciple's eyes suddenly became frightened and angry.

He instantly looked not far away and found that the person who drew the sword was a young man in black clothes.

He didn't know this young man in black, he was obviously an unknown person.

This disciple of the Demon God Sect said coldly: "How dare an unknown person take action against me?"

draw sword

The person is naturally Ye Feng.

At this time, he walked to Xiao Longnu's side and said, "Are you okay?"

"you.....!"

Seeing that Ye Feng ignored him at all, the disciple of the Devil's God Sect suddenly became extremely pale.

This way of ignoring is not very harmful, but it is extremely insulting!

"I want you to die!"

The huge aura of the sixth level of the divine realm burst out from the disciples of the Demon God Sect.

Infinite magic light appeared around him, like a demon god rushing towards Ye Feng and Xiao Longnu.

"boom!"

Suddenly at this moment, a sacred white light suddenly appeared in the sky, like a heavenly war spear stabbing down.

"Pfft!"

This disciple of the Demon God Sect was penetrated from head to tail and died instantly.

"What? Die so soon?"

Many people around who were watching the show were shocked at this moment.

They all looked towards the sky, and immediately saw a beautiful woman in white floating in the sky, holding a silver scepter, looking extremely sacred.

The sacred light that killed the disciples of the Demon God Sect at that moment was the power exerted by this beautiful woman in white. The lethality was terrifying and shocking.

Uh-huh!

Bai Susu landed from high altitude at this time, looked at Xiao Longnu and said, "Okay, I'll help you solve it."

Xiao Longnu immediately giggled and said: "Thank you, big brother and big sister, you are so kind to me. I will definitely invite you to my house in the future. There is a jar in my father's room, which is full of delicious elixirs. I will definitely do it when the time comes." Please have a taste."

While the three of them were laughing and talking, everyone around them was talking a lot.

"The one next to this little dragon girl

A man and a woman, so young, have such terrifying strength. Who are they? "

"It should be the top genius in Shenlong Academy, right? Otherwise, he wouldn't be so powerful."

"I don't think so, because the methods and energy attributes of the techniques used by these two people are different from the inheritance of Shenlong Academy."

.....??.

Everyone around them was secretly guessing about the identities of Ye Feng and Bai Susu.

Before, everyone thought that if the disciples of the Demon God Sect succeeded, Xiao Longnu would die.

But the result was that no one expected that there would be two such powerful young men beside Xiao Longnu.

Moreover, these two young men looked very strange. None of the major forces in the Eastern Star Territory knew them. They felt that they were extremely mysterious. They might be the top geniuses secretly cultivated by Shenlong Academy.

Ye Feng saw the scene on the field and was very satisfied.

His purpose was to let everyone know that he and Bai Susu were both the secret geniuses of Shenlong Academy.

In this case, on the one hand, it can scare some young people.

On the other hand, many people from the Eastern Star Territory would not reject these two people from the Northern Star Territory.

If his identity as a disciple of the Northern Divine Academy is exposed, he will definitely be ostracized by all the Eastern Star Territory warriors present. Otherwise, he and Bai Susu, two outsiders, will rob them of the treasures in the ancient ruins of the tombs of gods and demons.

At this time, Xiao Longnu suddenly looked in a certain direction not far away and shouted coldly: "Don't leave!"

In that direction, a figure in black robe was trying to sneak away.

This man in black robe is exactly the one who blocked Ye Feng and the others at the other end of the bridge.

Xiao Longnu immediately said: "It must be you who leaked my identity and made me targeted by the disciples of the Demon God Sect. Do you want to apologize to me?"

The cultivation level of the man in black is nothing more than a divine status

The third level of heaven.

He originally thought that the cultivation of Ye Feng and the others was very weak.

But after the battle just now, the man in black saw the horror of the three of them.

Especially the beautiful woman who is as holy as a fairy, holding a silver scepter in her hand, looking very noble.

At this time, the man in black immediately had a grimace on his face, and hurriedly cupped his hands and said, "Ms. Xiao Longnu, I was wrong, I was really wrong, I shouldn't have offended you, I feel deeply sorry."

Xiao Longnu put her hands on her hips and snorted: "That's pretty much it."

When the man in black saw Xiao Longnu calm down, his eyes lit up with joy and he quickly wanted to run away.

"etc."

But at this time, Ye Feng suddenly spoke up.

When the man in black saw Ye Feng, he immediately trembled and said, "Do you have any other instructions, sir?"

Ye Feng asked: "Has the Tomb of Gods and Demons not been born yet? Why do I see so many people waiting here?"

The man in black immediately replied: "Replying to your lord, the Tomb of Gods and Demons has indeed not been born yet. According to some formation masters from the big forces, it is estimated that it will take some time, so everyone is meditating and practicing here, waiting for the entrance. Turn on."

Ye Feng couldn't help but nodded when he heard this, and then continued to ask: "Are there any other disciples of the Demon God Sect here?"

The man in black replied: "It's gone for the time being. After all, the Devil's God Sect is a member of the Devil's Sect, and their behavior is very secretive. Maybe they are hiding in the dark, watching you."

Ye Feng nodded slightly and said, "It's okay, you can go."

When the man in black heard this, he quickly ran away.

At this time, Ye Feng collected the body of the Demon God Sect disciple who was killed just now.

Then he looked at the two women beside him and said: "Since the entrance to the Tomb of Gods and Demons will not be opened for some time, let's find a secluded place to stay temporarily. It just so happens that I want to refine this disciple of the Demon God Sect."
