

Ancient 1561

Chapter 1561 Native Residents

That night.

In the mountains outside the entrance to the Tomb of Gods and Demons.

Ye Feng took out the body of the Demon God Sect disciple who was killed by Bai Susu before.

"Swallow!"

Ye Feng rotates the swallowing vortex and directly begins to swallow blood energy and skill.

Although this disciple of the Devil's God Cult doesn't know his name, he is definitely not an ordinary person as he is a powerful person in the sixth level of the divine realm.

Therefore, his skill allowed Ye Feng to accumulate a lot of cultivation.

Although there is no immediate breakthrough, it is definitely approaching the boundary of breakthrough.

At this time, Ye Feng also took out the storage spirit ring of this disciple of the Demon God Sect.

This disciple's cultivation is so strong, and he must have a lot of wealth.

At this time, the accumulation of energy has reached a critical moment.

Ye Feng naturally wanted to strike while the iron was hot and strive to achieve a breakthrough in his cultivation level as soon as possible.

So at this time, he opened the disciple's storage spirit ring and searched it casually with his spiritual mind. A trace of joy suddenly appeared on Ye Feng's face.

Because there are a lot of good things in the storage spirit ring of this disciple of the Demon God Sect.

Not only do they have a variety of very high-level elixirs, but they also have various inheritance techniques from demonic sects.

However, Ye Feng is not very interested in the inheritance of these skills.

What he is interested in are the treasures and elixirs that can improve his cultivation and accumulate energy.

At this time, Ye Feng took out various elixirs from the storage ring and swallowed them directly without any hesitation, because he urgently needed to accumulate powerful energy.

"Boom boom boom..."

Suddenly, surging energy exploded in his body.

Ye Feng could feel that the power in his body was quickly becoming huge and surging.

His cultivation also directly broke through the threshold at this moment and transformed instantly.

"boom!"

A new and huge martial arts momentum burst out in Ye Feng's body in an instant.

At this time, Ye Feng's cultivation finally made another breakthrough and entered the fifth level of the divine realm.

At this moment, the movement of Ye Feng's breakthrough attracted the attention of the other two people not far away.

Bai Susu has long been accustomed to Ye Feng's evil qualities.

At this time, Ye Feng saw another breakthrough, and there was only a slight smile on her beautiful face.

Xiao Longnu covered her mouth, her big eyes full of surprise.

at this time.

"Buzz!"

There seemed to be a very strong surge of energy in the distance.

Under the dark night, a bright light burst out in a certain direction not far away.

"what's the situation?"

At this moment, several people, including Ye Feng, suddenly woke up and looked towards the distance.

Uh-huh!

Uh-huh!

Next to Ye Feng, two beauties, one big and one small, flashed over in an instant.

It was Bai Susu and Xiao Longnu.

At this time, Bai Susu said thoughtfully: "It should be that the entrance to the Tomb of Gods and Demons has been opened."

Xiao Longnu was very excited, her big eyes full of anticipation, and said: "Then let's set off quickly. I feel that there must be a lot of interesting things in this tomb of gods and demons."

"Something fun?"

Ye Feng heard what Xiao Longnu said and couldn't help but smile and shake his head, saying: "Xiao Longnu, that tomb of gods and demons contains countless powerful people from ancient times. There must be countless dangers in it. You must not hug it." If you are just having fun, be careful."

When Xiao Longnu heard this, she immediately smiled and said, "Okay, I know, big brother, let's go and have a look quickly."

"good."

Ye Feng nodded and took the two women to fly towards the bright place in the distance.

They soon arrived at their destination.

This is a barren land, and the darkness above the entire sky has been dispelled.

On the ground in the distance stood a huge statue of a god.

The dazzling light that turned the entire sky into daylight was emanated from this statue.

At this time, there were many strong men from other major forces present, all staring at the glowing statue with deep astonishment in their eyes.

"It seems that the entrance has not been opened yet, but this statue suddenly changed and emitted a dazzling light."

Ye Feng stared at the glowing statue and couldn't help but murmur.

At this time, Bai Susu looked at the group of strong men around who were ready to move, and whispered: "The treasures in the Tomb of Gods and Demons are really rich. I guess many people are looking forward to it. After we enter the Tomb of Gods and Demons, we will definitely Be careful, no matter how careful you are, these jealous people will probably kill each other in order to seize the treasure without caring about their identity."

When Xiao Longnu saw the group of people with red eyes around her, she shrank her head and said, "Uncle Long, you must protect me when the time comes."

The jade Ruyi in her hand made an old voice: "Little master, I have never been to the tomb of the God's Tomb. Little master, you should go back and don't go in. If I fail to protect you, something will happen to the little master." Then I am really guilty."

Hearing this, the little dragon girl couldn't help but smile and said: "Uncle Long, don't worry, I still have my eldest brother and eldest sister by my side. They are both very powerful, and I also have an immortal magic weapon like you, Uncle Long. When the time comes, If you let Big Brother motivate you, you will definitely be able to unleash terrifying power."

At this time, Xiao Longnu was speaking without any scheming.

So the speaker is unintentional, but the listener is intentional.

Ye Feng heard Xiao Longnu say this and looked at the jade Ruyi in her hand, his expression changed slightly.

In fact, Xiao Longnu was right. The jade Ruyi in her hand was an immortal magic weapon that surpassed the Dao level.

Xiao Longnu's cultivation is not enough. If she activates it, she won't be able to unleash any powerful power.

But Ye Feng is different.

Ye Feng's cultivation has greatly increased now, and he has extremely profound skills.

If Ye Feng came to activate Yu Ruyi, the immortal treasure of Shenlong Academy, he would definitely be able to unleash earth-shattering destructive power.

The red dragon soul fell silent in Yu Ruyi's mind and didn't say much.

"Little Dragon Girl, why are you here? Who are the strangers standing with you? They are not my disciples of Shenlong Academy. Be careful that these two people are up to no good."

Suddenly at this moment, a cold voice came from behind Ye Feng and the others.

The three people immediately looked towards the window, and immediately saw a group of young people with extraordinary temperament walking over from a distance.

The leader of this group of people was a handsome man wearing a silver gown, with an extremely powerful aura surging around his body. He was clearly a peerless genius who had reached the tenth level of the divine realm.

Even Bai Susu felt a deep sense of fear at this time.

Ye Feng's eyes also moved. This man was indeed a young master.

When Xiao Longnu saw this handsome man, she instinctively felt a hint of fear and said, "Senior Brother Mu Tian, why are you here?"

At this time, Xiao Longnu introduced to Ye Feng and Bai Susu in a low voice: "This person is the top disciple of our Shenlong Academy's inner courtyard. His name is Mu Tian. He is very powerful. He is a close disciple of my father. He is A person with a bad temper gets angry easily and is self-centered."

At this time, Na Mutian led a group of top disciples of Shenlong Academy, looked at Xiao Longnu, and said: "You should hurry up and come to our side. These two people around you are very likely to plot against you because of your identity."

Xiao Longnu immediately spoke up: "Senior Brother Mu Tian, don't talk nonsense. Brother Ye Feng and Sister Bai Susu both saved my life. They are my good friends. How could they plot against me?"

When Mu Tian heard this, he saw that Xiao Longnu dared to defy his decision in public, which made him feel a sense of contempt.

So at this moment Mu Tian Leng shouted: "Little Dragon Girl, stop messing around and come to my side. I will take you into the Tomb of Gods and Demons when the time comes. For the sake of the master, I will take good care of you."

Xiao Longnu said angrily: "I don't need your care, as long as my big brother and big sister are here."

"you.....!"

Mu Tian stared coldly at Ye Feng and Bai Susu next to Xiao Longnu, and suddenly said in a cold voice with a overlooking attitude: "You two know each other, hurry up and leave Xiao Longnu's side voluntarily, don't try to control Xiao Long. If you are a woman, you can climb the dragon and follow the phoenix."

"Climb the dragon and attach yourself to the phoenix?"

Ye Feng's eyes showed a hint of coldness at this time, and said: "Senior sister, I, and Xiao Longnu are all friends. You slandering us in public really makes me feel ridiculous about the quality of the disciples of Shenlong Academy. It feels like a bunch of unqualified people."

"Boy, shut up!"

"Shut up! How can you insult our senior brother?"

Almost at this moment, several disciples from Shenlong Academy standing behind Mu Tian all made angry noises.

They all released surging murderous intent, all pointing their swords at Ye Feng.

"It doesn't matter."

Mu Tian suddenly spoke up at this time, staring at Ye Feng with a hint of sneer in his eyes, and said: "Boy, you are very brave, you dare to speak to me like this, but for Xiao Longnu's sake, I forgive you for the sin you committed against me this time, but Xiao Longnu must stay with us."

"I dont go!"

Xiao Longnu immediately shouted.

Mu Tiandao: "It's okay if you don't come to our side, but the jade Ruyi in your hand is the most precious treasure of our Shenlong Academy. It is an immortal magic weapon that Master has worked hard to refine for hundreds of years. This important The treasure is too dangerous to be placed in the hands of a child like you, Xiao Longnu. Give it to me quickly. I have enough strength to protect this treasure. This kind of treasure, which is very important to our Shenlong Academy, must not be tolerated. There is a loss."

Xiao Longnu seemed to understand after hearing what Mu Tian said.

What? Immediately, a look of surprise appeared on his face, and he said: "Senior Brother Mutian, it turns out that you are not doing it for me at all, but for the Jade Ruyi Supreme Treasure in my hand! But I tell you it's impossible, it's impossible to give it to It's yours. This is a protective treasure given to me by my father. It can only be used by me and my friends. "

"You have to hand it over today if you don't want to!"

At this time, Mu Tian took action boldly, and the aura of perfect cultivation in the tenth level of the divine realm was instantly released.

He stretched out a hand, and that hand suddenly turned into a golden dragon claw high in the sky. It was made of the hardest steel in the world, full of endless ferocity and sharpness, and it suddenly moved towards He grabbed it in the direction of Xiao Longnu.

"The Great Scepter of Judgment!"

"Sword Qi Fire Storm!"

Almost at this moment, Ye Feng and Bai Susu took action instantly, releasing their most powerful attack methods.

Because Mutian opposite him is indeed a real master, so people have to treat him with caution.

"Boom!"

A huge roar immediately sounded from high in the sky, attracting the attention of many people around.

"Look, who is taking action?"

"It seems to be a disciple of Shenlong Academy. Huh, no, that is the chief disciple of the inner courtyard of Shenlong Academy, Mutian?"

"It seems like it's him. How dare someone dare to take action against a top genius like Mu Tian? I'm really tired of living."

At this moment, many people around him gathered around and started talking.

When everyone saw Mu Tian appearing here, their eyes unconsciously revealed a look of awe and fear.

Obviously Mutian is very famous in the entire Eastern Star Territory.

"Wow!"

At this moment, the aftermath of the collision dissipated.

At this time, a huge hole appeared on the ground in the middle, which was shattered by the aftermath of the collision.

Both sides had no injuries. Ye Feng and Bai Susu worked together to resist Mu Tian's blow.

"What?"

"Then the two of them worked together to resist the attack of a top genius like Mu Tian?"

"The two young men next to Xiao Longnu are obviously not disciples of Shenlong Academy. Where do they come from? They are so powerful."

The people around who were preparing to watch the show were all shocked by the scene in front of them.

Because Mutian has a great reputation in the entire Eastern Star Territory. He once killed ten ancestors of the same realm by himself, and his combat power was unparalleled and terrifying.

"oh?"

At this time, Mutian himself was very surprised and said: "I didn't expect that you two are still masters, but just a casual blow from me, and now I'm going to show off my power, I guess both of you will die in an instant. "

Uh-huh!

But suddenly at this moment, Xiao Longnu flew to Ye Feng's side.

She put the jade Ruyi in her hand directly into Ye Feng's hand and said: "Brother, use my treasure to deal with him."

When Mu Tian saw this scene, his calm expression suddenly changed. He said gloomily: "Little Dragon Girl, you have gone too far. You actually handed over the treasure of our Shenlong Academy to a stranger to deal with." My fellow disciple, you have committed a serious crime. Even if you are the daughter of the dean, I can still let the Punishment Hall punish you after you return to Shenlong Academy!"

Xiao Longnu didn't care at all, but said with a smile: "You impersonal guy, why should I give you my treasure? I will use it for my big brother. I will make you angry. If you have the ability, just come to me directly." Let me reason with you, and let me see if my father will favor me or you."

"you.....!"

When Mu Tian heard what Xiao Longnu said, his eyes suddenly darkened.

If he really went to argue with the master of the Shenlong Academy, it would definitely be him, Mutian, who suffered the loss, because it was indeed Mutian who took the initiative to snatch the jade Ruyi.

At this time, Mu Tian stared at Ye Feng, who was not far away, and said coldly: "Boy, you are very good. You dare to seduce Xiao Longnu and make her willingly contribute to you. We will settle this account slowly in the future."

After Mu Tian finished speaking, he snorted coldly, then led several top disciples of Shenlong Academy behind him and walked towards the entrance of some mausoleum.

At this time, a space door had appeared behind the glowing statue, and many people were preparing to walk in.

Ye Feng glanced at Mu Tian at this time, without any fear in his eyes.

Even without the jade Ruyi Xiao Longnu gave him, Mu Tian would never be able to kill him.

Bai Susu said at this time: "It seems that after we entered the Tomb of Gods and Demons this time, we have another powerful enemy. Mutian, the inner court disciple of Shenlong Academy, I have heard of him before. He is very powerful and has very high qualifications." He is one of the top geniuses in the entire Eastern Star Territory. He seems to have fought against Senior Brother Baili Piauxue, the chief disciple of our Northern Territory Seminary, and the two of them had no chance of winning. "

Ye Feng nodded and said: "In any case, the current strength of the two of us will be different in this world."

During this time of walking, we have also grown tremendously. We don't need to be too afraid of those top geniuses who looked down on us before. Even if they can't defeat us, they can't kill us. "

When Bai Susu heard what Ye Feng said, she immediately smiled brightly and said: "Brother Ye Feng, you are right. Now we have grown to a certain level. Although we cannot defeat those top geniuses, they can't even think of killing me, and this Once I find the remains of the first-generation

Lord of Judgment in the tomb of gods and demons, my strength will undergo earth-shaking changes. This is the power of inheritance."

Ye Feng said: "This time entering the Tomb of Gods and Demons is our last chance to get huge growth. We must seize it and find enough treasures and growth. In this case, when we return to the Northern Divine Academy, We no longer have to fear the threat of the Shanguan family."

Bai Susu nodded, her beautiful eyes showing determination.

Xiao Longnu said at this time: "Brother, many people have already entered the entrance behind the statue not far away, including Mu Tian and his group. It seems there is no danger. "

Ye Feng said: "Okay, let's go directly to the entrance and enter it. The real tomb of gods and demons should be there."

When the three of them arrived at the space entrance behind the statue, Ye Feng used the space gems in his mind to investigate, and suddenly said: "This space entrance is a random teleportation formation. The three of us are holding hands. , I use the power of space mysteries that I have comprehended to cover the space between the three of us, hoping not to be separated by random teleportation."

When Bai Susu and Xiao Longnu heard this, they both nodded immediately, and then each held one of Ye Feng's hands.

Buzz!

Ye Feng grabbed the two women's small hands at this time, and then used the power of the space gem.

What's more, a strange force of space mystery covered the surface of the three people's bodies and enveloped this small space.

It's like three people are imprisoned together. Even if they are about to enter a random teleportation space formation, they may not be randomly scattered.

"Let's go."

Next, Ye Feng took the two women, took a deep breath, and stepped directly into the entrance of the space.

Buzz!

The moment they walked into the entrance of this space, the three of them immediately felt an extremely violent tearing force in the space.

If it weren't for the protection of Ye Feng's power of space mystery, the three of them would have been seriously injured in an instant before they passed the entrance to this space.

I don't know how long it took, but the vision in front of the three people finally became wider.

At this time, the three of them were already standing on a vast plain.

Xiao Longnu opened her eyes and said very happily: "Brother, you succeeded! The three of us are really not separated!"

Bai Susu is also very happy. After all, in the ancient ruins of the tomb of gods and demons, if there are powerful helpers around, the survival probability and safety will be greatly improved.

At this time, Ye Feng also calmed down his dazed consciousness, looked at the vast grassland around him, and said with some doubts: "Is this the Tomb of Gods and Demons? It feels different from what I imagined."

Bai Susu was also a little surprised and said: "Yes, the tomb of gods and demons in my imagination is full of countless killings and tragic atmosphere, and it is dark and dark, with broken buildings and ancient tombs everywhere, but in front of me is the wind So beautiful, this green prairie is completely like a paradise, without the slightest hint of a mausoleum."

Xiao Longnu suddenly spoke up: "Brother and sister, look there, there is a moving city, it's so amazing!"

Ye Feng and Bai Susu both looked in the direction of Xiao Longnu.

The next moment they also saw a very shocking and strange scene.

On the plain not far away, a huge ancient city slowly moved from the end of the earth.

"That is not a moving city, but a giant turtle. The city is built on the shell of the giant turtle."

Suddenly Ye Feng spoke up.

Just next, along with the movement of the mobile city, Bai Susu and Xiao Longnu also saw it.

It was indeed a huge turtle walking on the earth.

A huge city was built on top of the thick turtle shell, and there seemed to be figures flashing in the city.

"This huge turtle is most likely a spiritual beast left behind by the most powerful people in ancient times."

Bai Susu guessed aloud: "It seems that in the world of the Tomb of Gods and Demons, there are descendants of the most powerful people from ancient times. There seems to be people living in the city on the shell of the giant turtle. It is very likely that this is the Tomb of Gods and Demons." The native inhabitants of the world."

When Ye Feng heard this, his eyes lit up and he said, "Then let's just go and visit and ask where the tombs of the most powerful people who were called 'gods and demons' in ancient times are buried nearby."

In fact, all three of them have understood that this Tomb of Gods and Demons is not a place of tombs stacked together, but an entire vast world. The remains of the most powerful ancient gods and demons may be randomly buried in this vast world. Every place in the world needs to be slowly searched by future generations before they can be discovered.

Chapter 1562 Weird Giant City

The three of them were flying into the sky at this time, flying towards the ancient city on the back of the giant turtle.

As Ye Feng expected, when they approached the giant turtle, they immediately saw many people wearing ancient costumes living in that ancient city.

Obviously, these people living in the city are definitely the native residents of this world of tombs of gods and demons.

Ye Fengfei stepped forward and said directly: "Everyone, I would like to ask if there is a tomb of an ancient powerful person nearby? If anyone can provide me with information, I am willing to pay ten divine crystals as a reward."

In the ancient city on the back of the giant turtle, everyone heard Ye Feng's voice and seemed to realize that three strangers appeared in front of them.

At this moment, an old man wearing an ancient animal robe walked out.

This old man in a beast robe is already very old, his hair is completely white, and his body is extremely rickety.

He held a crutch and walked above the giant turtle's head. He looked at Ye Feng and the other two people in front of him and said slowly: "We have lived here for countless years. It has been passed down from generation to generation. Those ancient times have been handed down from generation to generation." The mausoleums of the powerful have long since disappeared, and we don't know these things, so please let us go."

Hearing this, Ye Feng nodded slightly and said, "Well, if you don't know, then I have no choice but to leave first."

The old man in the animal robe suddenly spoke up at this time: "Although we don't know the news about the tomb of the most powerful person in ancient times, there is a holy spring in our clan. The three of them don't seem to be bad people. If you want, you can come to us. Being a guest in the clan and washing your body with the holy spring can greatly transform your life essence."

Ye Feng's eyes moved and he said: "The old man is so polite, it seems he has something to ask for, right?"

The old man in the animal robe nodded and said: "The three of them are from the outside world, and they must have some incredible elixirs that can help young children develop martial arts qualifications. I hope that I can use the holy spring to exchange for these special effects on the three of them. The panacea."

Xiao Longnu looked at Ye Feng beside her and whispered: "Brother, I have a lot of the panacea for developing young people's martial arts qualifications. My father gave them to me as snacks. I think we can go Try that ancient holy spring, maybe it can really transform our potential. After all, this ancient race that lives on the turtle, but the descendants passed down from the era of gods and demons, still has some ancient things and heritage. "

When Ye Feng heard what Xiao Longnu said, his heart moved slightly, and then he nodded and said: "Okay, okay, then let's go and take a look at this clan's city."

When Bai Susu saw that both Ye Feng and Xiao Longnu were interested, she naturally wouldn't refuse.

The three of them flew into the ancient city pool on the giant turtle shell, and immediately felt an ancient and desolate atmosphere.

At this time, the old man in the beast robe was very happy, because there were many boys and girls in his clan, but due to the lack of resources in this closed world, the entire younger generation had no successors.

So this time, the old man in the animal robe could tell at a glance that Ye Feng and the others were from the outside world and had extraordinary status. He wanted to use the holy spring passed down by the clan from ancient times in exchange for some precious elixirs that could help young people build their foundations.

"Distinguished guests, please follow me."

The old man in the animal robe was leading the way.

This city built on a huge turtle shell is very ancient, as if it has a history of hundreds of thousands of years.

Moreover, the tribesmen living among them are all very ancient human tribes. Their clothes, including the techniques they practice, all have an ancient feel that has been passed down through the ages.

At this time, many members of this clan looked curiously at the three Ye Feng people walking on the road.

Obviously, Ye Feng and the others are the first distinguished guests from their clan over the years.

"Hello you guys!"

Xiao Longnu's childlike innocence was still intact at this time, and she greeted the tribesmen around her, which made many young people feel a little shy.

"This is a very simple ethnic group, inherited from ancient times."

Bai Susu couldn't help but speak out at this time.

The three people followed the old man in the beast robe for a while, and finally arrived at the deepest part of the ancient city.

In the deep area of this ancient city, there are many trees and grass, and a spring water flows on the ground.

This spring water is very strange. Every drop of water exudes a sacred light and looks like the most perfect diamond in the world.

The old man in the animal robe turned to look at the three of them and said with a smile: "This is the holy spring that has been passed down for hundreds of thousands of years to our turtle clan. It is the essence spring water bred by the guardian sacred beast of our clan. It can wash away the life essence of any living thing. , becomes more resilient, exorcises inner demons, and has a great effect on purifying the spirit."

Ye Feng slightly cupped his hands and said, "Then let's try the effect of this holy spring first."

The old man in the animal robe seemed to be hesitant to speak when he heard what Ye Feng said.

Ye Feng saw the thoughts of the old man in the animal robe, and couldn't help but look at the little dragon girl beside him, and said: "Little dragon girl, give this old man some miraculous medicine that he needs."

When the old man in the animal robe heard this, he immediately felt happy.

What he urgently needs now is those magical elixirs that can build a foundation for the young people of their race and create a strong foundation for cultivation.

Wow!

Wow!

At this time, Ye Feng, Bai Susu, and Xiao Longnu couldn't help but jump into the ancient holy spring.

"

boom! "

At this moment, they immediately felt a pure and pure power, which was quickly transmitted from the entire holy spring to all parts of their bodies.

This pure power not only penetrated their physical bodies, but even began to penetrate their souls and spirits.

That feeling is very beautiful, as if the whole body and soul have been double sublimated.

"It is indeed a holy spring born from the ancient eye of spiritual spring."

At this time, Ye Feng couldn't help but make a sound.

Even his body, which was like a bottomless pit, was being greatly replenished at this moment.

Ye Feng could see that in the deepest part of the holy spring, there was a sparkling light group.

This sparkling light group is the eye of the entire holy spring.

Ye Feng did not rob the soul eye, because once it was robbed, all the energy sources of the entire holy spring would be exhausted.

And in addition, I am afraid that the giant turtles under the entire ancient city will fall into death.

"boom!"

Finally, after half an hour, Ye Feng absorbed enough energy.

His body suddenly erupted with a powerful martial arts aura.

That is the momentum of breakthrough!

"The sixth level of the divine realm!"

There was a hint of joy in Ye Feng's eyes.

Unexpectedly, this time it was such a coincidence that using this ancient holy spring not only cleansed his body and soul, but also made a breakthrough in his cultivation.

At this time, Bai Susu and Xiao Longnu, who were staying near the holy spring not far away, both woke up from their cultivation state.

Although they have not achieved any breakthrough in their cultivation, it can be seen from the joy on their faces that both of them have benefited greatly from this holy spring.

At this time, they saw that the entire holy spring, and the light in every drop of water had dissipated.

It was obvious that all the energy in the holy spring had been absorbed by the three of them.

Seeing this, the old man in the beast robe couldn't help but smile bitterly and said: "It seems that the next time the energy of the holy spring is condensed, we have to wait for several more years."

With a trace of apology on his face, Ye Feng clasped his fists and said, "Old man, I'm really sorry. When I was practicing just now, I was too involved and failed to control the amount of absorption. As a result, I absorbed all the energy from the entire holy spring. "

The old man in the animal robe smiled quickly, waved his hand and said: "Dear guests, you don't need to be so polite. The energy in the holy spring water has dissipated, but it does not mean that it will disappear permanently. As long as the Eye of the Holy Spring is there, it will recover in a few years." , and you have given me so many elixirs that can improve my martial arts qualifications, which will cultivate many powerful young people for our tribe. This is already a huge favor. If the three of them were bad people, they would have killed us long ago. They were all killed, and I am very grateful to the three of them."

Ye Feng, Bai Susu and Xiao Longnu all clasped their fists and thanked each other before leaving this ancient city.

"Boom!"

"Boom!"

The huge ancient turtle dragged the heavy and majestic ancient city away once again.

On the same spot, Ye Feng looked at Bai Susu and said, "Sister Su Su, you have obtained the Great Scepter of Judgment. Let's see if you can sense the aura of the first generation Lord of Judgment in this world of Tombs of Gods and Demons. Let's It is impossible to aimlessly search for the tomb of the most powerful person now. It would be a waste of time, so let's first search for where the first generation Lord of Judgment is."

Bai Susu nodded and said: "Okay, then I will sense the aura of the first generation Lord of Judgement."

Boom! !

But before Bai Susu could sense it, a huge roar suddenly sounded from a certain direction in the distance.

In this roar, there seemed to be many fighting and shouting sounds.

"That direction is...the direction that the giant turtle human race left just now!"

On the same spot, Ye Feng and the other two people were all startled, and immediately flew quickly in that direction.

When they arrived at the place where the roar sounded, they immediately saw a scene that made them extremely shocked and angry.

The plain in the distance was already stained red with blood.

Countless ancient people, including the old man in animal robes who had joked with Ye Feng and the others before, fell into a pool of blood and were killed.

The ruins of the ancient city were scattered on the ground.

And the giant turtle disappeared.

Obviously, the powerful foreigner you entered into this world captured the ancient giant turtle and killed everyone in the city like it was on the turtle shell.

You know, most of the ancient people in the city were innocent mortals with low cultivation levels, but they were still brutally killed.

"Wow!"

When Xiao Longnu saw this scene as bloody as a slaughterhouse, her face turned pale with fright, and she even couldn't help but tremble all over.

Bai Susu's beautiful eyes were also extremely cold. I don't know who was so cruel and killed so many innocent ancient people.

Ye Feng silently walked forward and looked at the hands of the old man in the beast robe.

, still clutching several foundation-building pills tightly, his face before death was full of deep fear.

"Whoever killed you, I will definitely avenge you."

Seeing the simple old man who was kind and amiable just now, now lying in a pool of blood, even Ye Feng, who had gone through ups and downs, felt a sense of sadness and anger at this moment.

"Boom!"

At this time, Ye Feng took out a war sword and slashed at the surrounding ground, creating a huge deep pit.

Next, Ye Feng buried all the corpses of a group of ancient people in deep pits.

He erected a stone tablet which read:

"The Tomb of the Simple Ancient Tribe, Ye Fengliu"

At this time, Bai Susu suddenly spoke up: "We are chasing after the smell of blood. Those ruthless murderers probably haven't gone too far yet."

Ye Feng nodded silently and said, "Okay, no matter who kills them, I will definitely make them pay the price." ??

With that said, the three of them quickly pursued the bloody aura and rushed in a certain direction.

Soon they came to the end of the plain.

At the end of the plain is a stretch of mountains.

But at this time, among the mountains, an ancient giant city suspended in the sky was built with the mountains as pillars and countless vegetation as fulcrums.

The vast buildings in front of us look extremely vast and majestic, making people unable to help but feel a kind of admiration for the prosperity of ancient civilizations.

"This is definitely a building that can only be cast by the most powerful people in ancient times. It is just like the palace of the gods above the nine heavens." Xiao Longnu sighed at this time.

Bai Susu was a little surprised and said: "I didn't expect that when we chased the murderer, we would come to such an ancient giant city in the sky. It seems that the murderers must have a map in their hands to be able to find the world of the tomb of gods and demons so accurately. Special place."

Ye Feng smiled coldly and said: "That's just right. Once we find them, we will kill all these murderers to avenge those simple ancient people and maybe get other windfalls."

Bai Susu nodded, looking at the majestic and vicissitudes of the Sky City, she couldn't help but said eagerly: "Then let's set off, go in and take a look."

Uh-huh!

Uh-huh!

Uh-huh!

The three of them did not hesitate at this time and quickly flew towards the giant city in the sky.

The moment they approached the city in the sky, the three of them felt a very familiar atmosphere.

This kind of aura is very similar to the disciple of the Demon God Sect they killed before.

"They are from the Demon God Sect in the Eastern Star Region!"

The three of them looked at each other with a look of surprise in their eyes.

Sure enough, only people from the Demon Cult can be so cruel and wantonly kill all kinds of innocent people.

At this time, Ye Feng's eyes were extremely cold and he said: "No one from this group of Demon God Sect can be left alive!"

Uh-huh!

The three of them quickly walked to the gate of the giant sky city.

But what shocked their eyes was that at the gate of the giant city, several people were already dead on the ground.

The few people who died were all wearing disciples of the Demon God Sect.

"As expected, he is a member of the Demon God Sect."

"But it seems they encountered something unexpected at the gate of the city, and several masters died."

At this time, the three of them sensed that the disciples of the Demonic God Sect who died were not weak in cultivation, and they were at least strong men in the fifth level of the divine realm.

But they all died, and after death, the blood on their bodies turned pitch black, and their bodies exuded a strong aura of death, which looked very strange.

And what's even more weird is that Ye Feng can't feel any life and blood from these dead Demon God Sect disciples at this moment.

In other words, although these dead disciples of the Devil's God Sect may appear to be full-bodied, in fact, their life energy has completely disappeared, and they cannot even be swallowed because there is only an empty shell left.

This was the first time Ye Feng had seen such a strange state after death, which gave him a faint sense of fear in his heart.

Bai Susu and Xiao Longnu beside them seemed to be aware of the strangeness and couldn't help but get closer to Ye Feng.

Ye Feng looked at the majestic giant city in the sky in front of him and said: "This is an extremely strange ancient giant city. It seems to have a very strange existence. It is hidden in the dark and no one can detect it. Sister Su Su, Xiao Longnu, and so on. When we come down and enter the city, you must follow me closely. My soul power is strong and I can predict danger in advance."

Bai Susu and Xiao Longnu both nodded immediately and got closer to Ye Feng.

The fragrance of the two beauties, one big and one small, was fragrant, but Ye Feng was not in the mood to enjoy it at this time.

His eyes were as sharp as an eagle, and he was highly focused, sensing everything around him.

As long as there is any abnormal movement around, Ye Feng can instantly sense it and make a counterattack.

Soon, the three of them walked into this strange sky city.

They saw the streets criss-crossing the giant city.

And on both sides of these streets, there are actually buildings standing

Ancient shops, pavilions, halls, pharmacies, etc. look very prosperous and have everything.

But the strange thing is that the entire giant city is completely empty, without any sound or any breath of life.

There was only a chilly air that made people feel heart palpitating, permeating the air.

"This huge city must have been very prosperous back then."

Looking at the countless buildings in the city, all of which were intact, Bai Susu said: "I just don't know why, but it suddenly turned into this dead city. Everything is complete, but there are no people and no life. "

Xiao Longnu's face was so frightened that she even couldn't help but hold Ye Feng's hand. She was obviously very frightened.

In order to lighten the atmosphere, Ye Feng couldn't help but said to the little dragon girl next to him: "Little girl, didn't you promise before that you would bravely enter this place to take risks? Why are you so scared now?" "

Xiao Longnu pouted and couldn't help but said: "Brother, you are still laughing at me at this time. I am still a child, a girl. I will definitely be scared when I encounter such a weird dead city."

As he spoke, Xiao Longnu's small and exquisite body came closer and closer to Ye Feng.

"boom!"

And suddenly at this moment, a huge murderous aura suddenly came from a building not far away, and attacked Ye Feng and the other three fiercely.

"Are they the masters of the Demon God Sect? How dare they sneak attack us?"

Bai Susu reacted in an instant, holding the Great Judgment Scepter in her hand and blasting it in the direction behind her.

"Boom!"

A large swath of white divine light burst out from the Great Judgment Scepter and bombarded the rear in an instant.

Bang!

The figure that suddenly rushed over not far away was blown away and hit a shop on the street not far away.

The walls of the shop were extremely strong, as if they were made of divine iron, and they did not collapse.

The figure that was blasted away suddenly fell down.

Bai Susu looked over, her eyes startled, and said, "Huh? The one who attacked us was not the disciples of the Demon God Sect, but someone else!"

At this time, the figure that was blown away in the field of vision was not a master of the Devil's God Sect, but a strange figure wrapped in a wide black robe and wearing a bronze ghost face mask on his face!

Ye Feng stared at the strange figure and said: "He may not be a human being. I didn't feel any life energy from his body. This strange figure with a bronze ghost face mask should have existed in this strange giant for a long time." The city is most likely a remnant of the era of gods and demons."

At this time, Xiao Longnu said curiously: "Big sister knocked this strange figure away with one move. It seems that it is not very powerful."

Ye Feng shook his head and said: "There is more than one of them."

At this time, on the roofs of buildings on both sides of the ancient street where the three of them were standing, strange figures wearing bronze ghost-face masks appeared. There seemed to be countless pairs of cold eyes, looking towards them through the bronze ghost-face masks. Ye Feng and the others looked over.

"Oops, we are surrounded by these weird things!" Xiao Longnu couldn't help but exclaimed.

At this time, Ye Feng pulled Xiao Longnu and said to Bai Susu beside him: "Sister Susu, let's leave here quickly and walk towards the inside of this weird giant city. I just walked from the direction of the inner area of this giant city. I felt the fluctuations in the souls of many people. It must have been a gathering place for the masters of the Demonic God Sect before, and they might be able to escape the siege of this group of strange figures. "

Bai Susu's whole body erupted with divine light, and a wheel of judgment turned rapidly behind her. She nodded immediately and said: "Okay, let's leave quickly! These weird figures are difficult to kill, and we don't want to waste time with them."

Swish!

Ye Feng and the others quickly ran towards the interior of this strange giant city.

There were more and more people wearing bronze ghost-face masks behind them, and in the end there were tens of thousands of figures, chasing Ye Feng and the others like a tide.

When Ye Feng and the others arrived at the inner area of the giant city, they saw at first glance a group of more than a dozen disciples of the Demon God Sect, gathering there and attacking the gate of a purple-gold palace in the center of the giant city, trying to break it open.

"Huh? How can anyone else find this huge city? We are the only ones with the map."

Seeing the three Ye Feng people coming not far away, a group of Demon God Sect disciples immediately looked at each other.

The team was led by a burly middle-aged man with a half-step Qiankun realm. He was an internal sect elder of the Devil's God Sect, named Tu Ling.

At this time, Tu Ling stared coldly at Ye Feng and the other three people who were running not far away, and said without any emotion in his tone: "These three young people dare to fight for the opportunity and fortune from us without knowing whether to live or die, then we will send them on their way directly. Let's kill them all!"

As he spoke, Tu Ling's body suddenly exuded a huge and boundless martial arts aura.

It was an aura that belonged to the Half-Step Qiankun Realm, surpassing the Divine Realm. It was very terrifying, extremely depressing, and made people feel palpitating.

But suddenly at this moment, densely packed strange figures with tens of thousands of bronze ghost-face masks appeared behind Ye Feng and the others.

This made Tu Ling, an elder of the Demonic God Sect, pale in shock. He couldn't help but ask, "How did you three provoke so many weird puppets?"

Chapter 1563 Darkroom Treasure

At this time, he looked at the densely packed countless strange figures wearing bronze masks in the distance.

Even Tu Ling, a half-step Qiankun Realm elder of the Demonic God Sect, felt a deep chill all over his body at this moment.

"No matter! Kill these three of you first!"

Tu Ling roared, and a magic knife instantly appeared in his hand, emitting a terrifying killing light, and instantly killed Ye Feng and the others.

"boom!"

A strong man at the Half-Step Qiankun Realm is extremely terrifying.

A single stab can cause extremely terrible damage.

"Boom!"

Tu Ling struck out with one strike, and immediately there was a terrifying and boundless killing frenzy, surging out from the blade of the strike and sweeping across the entire sky.

"Work together to resist!"

Ye Feng and Bai Susu took action at this time, each using their own powerful skills.

"Sword Qi Fire Storm!"

"The Great Scepter of Judgment!"

The violent and gorgeous flames and the incomparably sacred light of judgment merged together at this moment, fully resisting the terrifying sword light that was attacking the soul.

"Boom!!"

Suddenly, a terrifying roar erupted from the void between the two sides.

Kick, kick, kick!

Immediately, Ye Feng and Bai Susu took several steps back.

But the Tu Ling's body was as steady as a mountain, without moving at all.

"So powerful!"

At this time, Ye Feng and Bai Susu looked at each other, and both saw the solemn look in each other's eyes.

This Tu Ling is an internal sect elder in the Demonic Heaven Sect. He possesses a powerful cultivation level of half a step to the Qiankun realm, and his combat power is indeed terrifying.

"Huh? You two young people actually withstood my attack?"

At this time, Tu Ling saw that Ye Feng and Bai Susu on the opposite side only took a few steps back and were not hurt, and his eyes suddenly showed surprise.

"Come again! This time I will kill you!"

Tu Ling was really angry at this time, because he couldn't even kill two young men, which made him lose face.

After all, behind him, there was a group of disciples of the Demon God Sect, all watching.

"The God of Carnage Thanos Sword!"

Tu Ling let out a loud roar, and his two arms instantly expanded and thickened, becoming like pillars of heaven. He suddenly held the big knife in his hand and slashed it down from a high altitude, as if he could smash any solid thing under the sky. It's like they were all chopped into pieces.

"This knife is terrifying!"

Before the monstrous sword light fell, Ye Feng and Bai Susu felt that their bodies were beginning to disintegrate, and they were unable to resist the terrifying sword power.

"Little Dragon Girl! Lend Yu Ruyi to me!"

Ye Feng immediately spoke to the little girl next to him.

"Big brother, here you go!"

Without any hesitation, Xiao Longnu directly handed the jade Ruyi in her hand to Ye Feng.

"boom!"

At this moment, Ye Feng directly poured his huge mana into the Jade Ruyi in his hand.

"hold head high!!"

Next, accompanied by an earth-shattering dragon roar, a majestic red dragon with a height of tens of thousands of meters suddenly rushed out of Yu Ruyi in Ye Feng's hand.

When Xiao Longnu used Yu Ruyi before, the red dragon soul she could release was only a few kilometers in size.

But now Ye Feng activates the jade Ruyi, and the red dragon soul released is tens of thousands of meters long!

The towering and majestic dragon, covered with crimson scales, is tens of thousands of meters tall, and looks extremely majestic and shocking.

"Boom!!"

The tens of thousands of meters long red dragon soul shot straight into the sky, and suddenly collided with the Ling-Slaying Elder who was chopped down from high in the sky.

Jade Ruyi is an immortal magic weapon, the most precious treasure in Shenlong Academy. In Ye Feng's hands, it releases earth-shattering power.

"ah!!"

Along with a shrill scream, the long knife in Tu Ling's hand suddenly shattered.

And his whole body was also under the bombardment of the red dragon soul at this time, and a huge blood hole was pierced through his chest.

"What?!"

Not far away, a group of more than a dozen disciples of the Sky God Sect who were preparing to watch the show suddenly changed their expressions when they saw that their leader, Elder Tu Ling, was shot through the chest.

"Go and save Elder Tu Ling!"

"Hurry, hurry! Otherwise the elder will really die!"

At this time, all the disciples of the Demonic God Sect looked very anxious and flew towards the direction of Tu Ling.

But the result was already too late.

"boom!"

Ye Feng once again consumed a huge amount of mana to activate the jade Ruyi in his hand.

Another 10,000-meter-long red dragon soul flew out, and it opened its mouth to swallow Elder Tu Ling in an instant.

"What?"

The dozen or so disciples of the Demon God Sect who had just ran here were stunned when they saw this scene.

They stood there for a moment, not knowing what to do, because they did not have the strength to fight against the 10,000-meter-long red dragon soul.

At this moment, Ye Feng grabbed the red dragon soul that had swallowed the elder Lingslaying with his big hand, and instantly opened his mouth and spat out a corpse.

It is the body of Elder Tu Ling!

A bloody hole was opened in his chest, and he was swallowed by the red dragon soul again.

This was originally an extremely majestic elder of the Devil's God Sect, a half-step Qiankun Realm expert, but now he became a dead body.

"Swallow!"

Ye Feng stretched out his hand and grabbed the body of Elder Tu Ling, and a dark swallowing vortex suddenly appeared in the center of his palm.

"Crash!"

A stream of majestic blood energy and demonic skills were immediately absorbed by Ye Feng and injected into his own body, beginning to strengthen his cultivation and skills.

"boom!"

The power of a half-step Qiankun realm expert is not generally strong. It is as majestic as the vast ocean, filled with extremely terrifying energy.

Almost at this moment, Ye Feng's cultivation level broke through the first level and he rushed directly into the seventh level of the divine realm!

At this time, what frightened many disciples of the Devil's God Sect present was that the plump body of Elder Tu Ling had completely shriveled up and turned into a mummy, which looked very strange and terrifying.

"hiss!"

At this moment, many disciples of the Demon God Sect could not help but take a breath of air.

The other party's methods were simply more bizarre and terrifying than those of people in the demonic way like them.

A disciple of the Demon God Sect couldn't help but asked: "Who are you? How come you practice such evil techniques?"

Ye Feng smiled coldly and said: "The inheritance of the skills is just a training tool, without any subjective thoughts, so the inheritance of the skills has never been divided into good and evil. Whether it is evil or not depends on the practitioner."

At this time, Ye Feng said, urging the jade Ruyi in his hand, and rushed towards the dozen disciples of the Demon God Sect.

This is something Ye Feng has already tested. The lethality unleashed by activating Yu Ruyi is definitely comparable to a true Qiankun Realm expert!

After all, the elder Tu Ling who was halfway to the Qiankun realm was killed by Ye Feng using Yu Ruyi twice.

Although activating a treasure like Yu Ruyi consumes a huge amount of skill, the lethality released in the end is terrifying and frightening.

"Boom!!"

Accompanied by a violent roar of dragons, a red dragon soul struck down from high altitude, instantly wiping out more than a dozen disciples of the Demon God Sect in front of them, not even the scum left.

At this time, Ye Feng looked at the tens of thousands of strange masked figures behind him, and suddenly found that they had not moved.

This made Ye Feng immediately speculate that these strange figures wearing bronze ghost masks on their faces should be some kind of power that prevented them from approaching the central hall.

"Let's go and open this central hall. The central hall that can be coveted by all the strong men of the Devil's God Sect must contain extremely precious treasures."

Ye Feng was speaking at this time, looking at the central hall with unconcealed excitement and excitement in his eyes.

After all, this strange giant city is very extraordinary, and the treasures buried in the central hall are absolutely extraordinary.

"boom!"

Ye Feng held Yu Ruyi in his hands, and a dozen red dragon souls were spinning around him, exuding the vast dragon power.

At this time, Ye Feng was holding the treasure of Shenlong Academy, and his power was comparable to that of a true Universe Mirror powerhouse.

He released a powerful attack, and the red dragon soul surrounding him suddenly rushed out and bombarded the door of the central hall.

"Wow!"

No matter how strong the door was, under the bombardment of this force, it was shattered into countless pieces and scattered on the ground.

"The door is open, let's go in quickly."

After Ye Feng said something, he took the lead and rushed in.

Bai Susu and Xiao Longnu also followed immediately.

When they entered the central hall, they immediately saw an ancient bronze coffin lying quietly in the middle of the central hall.

Next to this ancient bronze coffin, there are more than a dozen sculptures of ancient giant beasts of various shapes, standing on the ground, forming a circle.

"This should be the tomb of a powerful person in the ancient world of tombs of gods and demons. It is really a generous act to use a strange giant city as his tomb."

Ye Feng murmured, and then began to search other places in the hall.

Because the ancient bronze coffin looks a little weird, it's best not to touch it for the time being and continue to explore it at the end.

At this time, the three people spread out and searched throughout the hall.

Ye Feng released his soul power, covering the surrounding directions.

He didn't want to drop an inch and searched carefully.

Because he was very sure that there must be treasures from ancient times in this central hall.

Suddenly at this moment, Ye Feng felt some strange fluctuations in his soul power.

He instantly looked in a certain direction not far away, and immediately saw the surface of a wall, with a piece of masonry that was slightly raised.

This piece of brick and stone exudes a trace of spiritual power fluctuations.

If Ye Feng was not a soul master and his soul power was extremely powerful, he would not have noticed the strange movement on the bricks.

"Sister Susu, Xiao Longnu, come here and take a look. There is definitely something behind this wall."

Ye Feng immediately spoke to the other two people.

"Really? I

have a look! "

"Brother Ye Feng, what abnormality did you find?"

At this time, Xiao Longnu and Bai Susu stopped what they were doing and walked towards Ye Feng.

When they arrived, Ye Feng had already stretched out two fingers and smashed the slightly protruding piece of brick.

The moment the masonry shattered, the wall also collapsed.

"Rumble..."

Along with a huge roar, a very unfathomable dark room immediately appeared behind the wall of the hall.

When Bai Susu saw this scene, she couldn't help but her eyes lit up, and she said: "I once heard the seniors in the sect say that in ancient times, the place where the most powerful people buried themselves would habitually create There is a dark room, and all the treasures are buried in that dark room."

Xiao Longnu's big eyes were full of excitement at this time, and she cheered: "Okay! We finally discovered a treasure land of the most powerful person in ancient times. Let's go in and take a look."

"Wait a moment."

But at this time, Ye Feng suddenly spoke up: "Before entering such a dark room left by the most powerful person in ancient times, we'd better be careful, because there may be dangers hidden in the darkness, and something may happen at any time. It will kill us. I have entered this kind of place many times. You must believe me. I am very experienced."

When Xiao Longnu heard what Ye Feng said, she immediately retracted her steps and was about to step out. She said with a smile: "Okay, I believe in the eldest brother the most. I will do whatever the eldest brother says."

Ye Feng nodded and took out a small puppet from his arms. It was a puppet that he made when he was bored and had no power.

Although this kind of puppet does not have any strength, it does play a huge role in exploring the path in this ancient ruins.

"Pap, tap..."

Ye Feng concentrated at this time, controlled the puppet, and walked step by step towards the darkness of the dark room.

"boom!"

Suddenly at this moment, just as the puppet man walked into the entrance of the dark room.

A strong red light attacked from the top of the dark room in an instant. It was filled with huge fiery power and melted the puppet in an instant, turning into a pool of liquid and flowing on the ground.

"hiss!"

Seeing this thrilling scene, Xiao Longnu couldn't help but gasp.

"Fortunately, big brother, you have enough experience, otherwise we would be the ones turning into this puddle of liquid."

Xiao Longnu was so frightened that she couldn't help but pat her chest.

At this time, Bai Susu held the Great Judgment Scepter in her hand and blasted away at the top of the dark room.

"Wow!"

The upper end of the darkroom was immediately blown to pieces.

At this time, you can see that ancient lines are carved on the surface of the shattered soil.

Obviously these are the patterns of the formation, which are imprinted on the upper masonry of the dark room. As long as other creatures approach, this terrifying formation will be activated at once, bursting out a red laser, and instantly can it melt people.

"Okay, let's go in."

After Ye Feng's soul power investigated, he found that there was no other danger. He immediately led the two women into the dark room.

"Wow! So many shiny things!"

The moment the three of them walked into the dark room, they were immediately shocked by the scene in front of them.

The entire darkroom is very large, like an underground square.

At this time, on the dark floor of the dark room, there were piles of golden armors, soldiers, long knives, halberds, etc., all of which were extremely precious and looked very impressive.

In addition, there are boxes of agate jade, etc., all of which exude strong spiritual power fluctuations. They are obviously not ordinary agate jade, but energy gems from ancient times that are comparable to divine crystals.

In addition, Ye Feng also saw many puppet warriors whose entire bodies were made of meteorite iron.

There is a square groove on the back of these puppet warriors, which is obviously used by others to put the divine crystals.

Bai Susu's beautiful eyes were shining brightly at this time, and she said: "These are all Hercules puppets created in ancient times. They are all made of the most precious steel. The material is very rare. They must be extremely high-level puppet armor." Scholars are of great value and can be brought back to the Northern Divine Academy to serve as guardian figures in our respective peaks."

Hearing this, Ye Feng couldn't help but nodded and said: "Sister Su Su, you are right. The casting skills of these puppet warriors have long disappeared in the ancient practice era. We can find so many of them. It's really... Great harvest, as long as these ancient puppet warriors are equipped with divine crystals in the grooves on their backs, these puppet warriors should be able to 'come to life' again and burst out with powerful killing power. "

While Ye Feng and Bai Susu were talking, Xiao Longnu, the little princess of Shenlong Academy, had already rushed into the dark room and started searching everywhere for the treasure she wanted.

At this time, Ye Feng also walked into the dark room, opened the entrance to the storage ring space on his finger, and frantically collected the treasures and treasures in the dark room.

Soon, the entire darkroom was evacuated by three people.

But at this time, a gloomy sound suddenly sounded from a certain direction not far away.

"Jiejieje..."

It seemed like someone was making a weird laugh.

"who is it?"

At this time, the three of them immediately left the dark room and returned to the central hall.

The first thing they saw was that outside the central hall, the soil exploded, and zombies wearing rotten armor crawled out of the ground. There was a weird look on their ugly and ferocious rotten faces. smile.

The eyes of these ancient zombies are emitting a strange green light and look very strange.

Ye Feng felt a powerful aura from these zombies.

These zombies didn't feel like dead people to him, but like very powerful warriors.

"These are definitely not ordinary zombies. They must have been very powerful warriors when they were alive."

Ye Feng made this judgment.

At this time, Bai Susu directly released the Wheel of Judgment.

Buzz!

A huge wheel of judgment, emitting sacred white light, rose behind Bai Susu.

"boom!"

White beams of light, like white jade war spears, instantly burst out from the madness behind Bai Susu and bombarded a group of rotting zombies not far away.

when!

when!

when!

But what surprised Bai Susu was that the white beam released by the Wheel of Judgment behind her was unable to penetrate the bodies of those rotting zombies.

The beam bombarded the surface of these zombies' bodies, but it made a sound like metal colliding and delivering.

These ancient zombies that suddenly crawled out from the depths of the earth not only had their bodies as hard as magical iron, but the seemingly tattered armor they wore were also as indestructible as magical weapons.

"These zombies may have been the masters of the most powerful man buried in this central hall during their lifetime. They were buried here with the most powerful man in the past. They were buried deep in the ground for endless years. Their bodies have long been destroyed by the extreme cold in the ground. The Yin Qi is tempered and indestructible, just like steel that has been tempered thousands of times. Ordinary attacks have no effect on them. "

Ye Feng had talked about this topic with Taixu Fire Emperor before, so he still had some understanding of the existence of underground zombies.

At this time, Ye Feng ducked in front of an ancient zombie, clenched his palms into fists, and then used the huge power of his chaotic body to punch out like a dragon, which instantly hit the ancient zombie in front of him.

"Crack!"

Almost at this moment, a huge gap suddenly opened where Ye Feng's fist collided.

That's a broken gap!

The ancient zombie's defense, which even the Holy Light of the Wheel of Judgment could not break, was directly blasted by Ye Feng's fist to create a huge crack!

It can be seen that Ye Feng's third-level chaotic body is already very powerful.

"Big brother is so brave! That fist is like an iron fist!"

At this time, Xiao Longnu's beautiful big eyes were full of excitement.

Obviously, the power of Ye Feng's punch just now made this little girl who admires the strong feel excited inside.

"boom!"

At this time, Ye Feng punched out again.

The entire body of the ancient zombie in front of him exploded and was smashed into countless pieces!

Bai Susu was also extremely amazed. She obviously didn't expect Ye Feng's body to be as hard as a magic weapon, with extremely terrifying impact and destructive power.

""Buzz!" "

At this moment, Bai Susu also took out his weapon, the Great Judgment Scepter.

She now understands that the best way to deal with and kill these ancient zombies with hard bodies is to directly use harder weapons to fight head-on.

The energy beams released by martial arts heritage such as the Wheel of Judgment are not very harmful to these ancient zombies.

"boom!"

Bai Susu didn't say anything at this time. She held a huge silver scepter, which was also very sturdy, and directly bombarded it from high altitude.

"Pfft!"

The ancient zombies that had just crawled out of the underground soil were crushed to pieces before they even reacted.

"Uh-huh!"

At this time, after Ye Feng killed these ancient zombies, he quickly collected the broken fragments of these zombies.

Whether it is the fragments of their bodies or the fragments of their armored soldiers, they are all handed down from ancient times. They are very precious and have extremely high value.

Ye Feng thought that after bringing these things back to the Northern Territory Seminary, they might be able to sell them to some old antiques in the temple in exchange for good credit points.

In addition, even if he can't sell it, Ye Feng owns the God Clan gloves and can continue to extract the original attribute power from these ancient zombie fragments.

After all, these are products of ancient times and are of great value.

"boom!"

"boom!"

And just as the three of them quickly killed the group of ancient zombies crawling out of the ground.

"Crunch, crunch..."

Suddenly, the lid of the ancient bronze coffin in the center of the central hall rang.

The person buried in this ancient bronze coffin was definitely a powerful person from ancient times.

How terrifying must the ancient most powerful person who can be called a 'god and demon' be?

But now, this most powerful man seems to be alive again...

Chapter 1564 Dispersion

"Crunch, crunch..."

In the ancient central hall, the lid of the ancient bronze coffin was slowly opening.

The sound of friction made people's skin crawl.

"boom!"

Suddenly at this moment, the lid of the ancient bronze coffin exploded.

A tall zombie, wearing golden armor, holding a dark golden sword in his hand, his eyes glowing green, jumped out of the bronze coffin in an instant.

Buzz!

This zombie is very huge and exudes a heart-stopping aura of death.

At this time, he let out a terrifying roar from his mouth, held the golden giant sword in his hand, and rushed towards Ye Feng and the others.

"Sword Qi Fire Storm!"

Ye Feng didn't hesitate at all. A battle sword instantly appeared in his hand. He directly activated the secret of the sword's fire storm and slashed at the tall zombie rushing in front of him.

"Boom!!"

Suddenly, endless flames covered the tall zombie.

Almost at this moment, the tall zombie let out a painful roar.

"It's really incredible that a dead thing like a zombie can still hurt. It's really eye-opening."

At this time, Xiao Longnu saw this scene from the side and immediately couldn't help but make a sound.

After all, in this little girl's mind, these rotten and ugly zombies have no life at all.

Uh-huh!

Suddenly at this moment, the tall zombie rushed out of the endless flames.

The golden armor worn by this ancient zombie was able to withstand the smelting of the holy fire.

Only the hair on his body was burned a lot, but his overall body did not suffer much damage.

"boom!"

The tall zombie held the dark golden giant sword in his hand. With extremely terrifying strength, he slashed down on Ye Feng's head.

"when!!"

Ye Feng instantly raised the sword in his hand and quickly blocked it in front of him.

The golden broadsword struck Ye Feng's sword, and a huge roar suddenly erupted.

boom! Click!

The ground where Ye Feng was standing immediately shattered.

Amidst countless splashes of soil, Ye Feng was knocked directly into a deep pit.

However, the battle sword in his hand was not damaged, but the tiger's mouth holding the sword's hilt was shaking out a trace of blood.

I have to say that the strength of this tall zombie is simply terrifying to the extreme.

Even Ye Feng's chaotic body was a little unable to withstand it at this moment, and was directly attacked with a layer of skin shattered and even blood flowing out.

"The Great Scepter of Judgment!"

At this moment, Bai Susu, who was standing not far away, also flew over.

He held the silver scepter in his hand and struck it down from high in the air like a hammer.

"Uh-huh!"

The tall zombie seemed to be very smart. In fact, he suddenly raised the dark golden giant sword in his hand and slashed towards the sky.

"puff!!"

Bai Susu didn't have a body as strong as Ye Feng. In fact, the golden giant sword struck the Great Judgment Scepter. She was blown away in an instant and even spurted out a mouthful of blood high in the air.

"Sister Susu!"

When Ye Feng saw this scene, he couldn't help but his expression changed immediately.

He simply reached out and grabbed the jade ruyi in Xiao Longnu's hand and sucked it into his own hand.

"boom!"

To deal with the tall zombies turned into by the most powerful man, Ye Feng unreservedly poured his huge mana into Yu Ruyi.

Suddenly, a 10,000-meter-long red dragon soul, full of infinite majesty and tallness, rushed out of Yu Ruyi in Ye Feng's hand.

"hold head high!!"

The giant dragon let out a thunderous roar and charged directly at the tall zombie, carrying a shocking destructive power.

"kill!"

At this moment, the tall zombie seemed to be aware of the sense of crisis. He actually uttered a sound in his mouth, then he clenched the golden giant sword in his hand and slashed at the red dragon soul swooping down from high in the sky.

"Boom!"

Almost at the moment when the two collided, the entire central hall was shattered by the energy aftermath.

Wow...

The entire earth was shattered, and bottomless cracks and chasms appeared. The scene looked extremely terrifying.

The aftermath of this collision made the three people present unable to help but retreat.

The next moment, the endless smoke and dust dispersed.

When the three of them saw the scene in front of them, they immediately looked happy.

At this time, the armor of the tall and ferocious zombie had been completely shattered, and only half of the zombie's body was left, lying on the ground.

Next to the half zombie body, there was just a golden giant sword, which was the weapon used by the tall zombie just now.

This sword seems to be forged from the secret gold of ancient times. It has extremely terrifying sturdiness. Even the immortal magic weapon that surpasses the Dao level, Yu Ruyi, cannot be destroyed.

"Finally killed this zombie king!"

Xiao Longnu was very happy and immediately cheered on the spot.

She walked towards the golden giant sword and stretched out a pair of white hands, trying to pull out the giant sword.

But in the end, she couldn't pull it out, and she immediately pouted angrily: "Humph! This sword is so heavy, how can you use it?"

Ye Feng came over at this time. Seeing Xiao Longnu's angry look, he couldn't help but shake his head and smile: "Little girl, you are too young and not very strong. When you grow up, you will be able to pull it out." Such a heavy sword."

At this time, Ye Feng said, he himself held the hilt of the golden giant sword with one hand, and then pulled it out hard.

"boom!"

This golden giant sword, which had been used by the most powerful man, was suddenly pulled out by Ye Feng.

Boom! !

At this time, Ye Feng tried to input some skills into the golden giant sword, and suddenly a bright golden sword light burst out from the huge sword body, splitting a mountain in the distance into pieces.

"What a powerful force!"

Ye Feng's eyes suddenly lit up when he saw this terrifying destructive power.

This giant sword seemed to be forged from ancient secret gold. It was incredibly strong and powerful.

Although it may not be better than not

This immortal-level jade that went to Shenlong Academy is Ruyi.

But in terms of hardness, it is enough to compete with Jade Ruyi.

"This is at least a low-grade immortal sword! And it's also a huge sword, which is just right for my powerful body and can unleash terrifying brute force."

Ye Feng's eyes at this time were all fixed on the golden giant sword in his hand.

He was very satisfied with this sword.

This time I came to this strange giant city, and I was sure that I was right.

Just when the three of them were packing up the battlefield and preparing to leave.

Suddenly a cruel voice like an eternal ancient demon sounded.

"Hahahaha, I didn't expect that after so many years, there were actually outsiders who opened the passage and entered the world of the tombs of gods and demons. They also killed each other and contributed so much blood to my ancestor. I am now recovering. Now, everyone who enters this world will become the blood food of this ancestor!"

This sound did not sound in a certain direction, but sounded in the entire sky, spreading throughout every inch of the world in the Tomb of Gods and Demons.

In other words, the moment this sound sounded, everyone who entered the world of the Tomb of Gods and Demons heard it.

Ye Feng and the three people outside the central hall naturally heard this voice that sounded like an eternal ancient demon.

They all realized the seriousness of the situation in an instant. It seemed that somewhere in this world of tombs of gods and demons, an extremely terrifying ancient powerhouse had awakened.

And this kind of awakening is not the awakening of a zombie, but the awakening of the real body.

Bai Susu's eyes were very cold at this time, and she said: "Sure enough, among these ancient ruins, there will always be some ancient figures who are lingering."

Having said this, Bai Susu looked at Ye Feng beside her and couldn't help but ask: "Brother Ye Feng, what should we do now? Should we leave this world of tombs of gods and demons directly, or continue to explore the vast world of other powerful people?" The place of tomb ruins?"

Ye Feng was holding the cyan giant sword in his hand at this time, with a trace of hesitation in his eyes.

After all, the eternal demon-like voice just now was so frightening that it made people feel chilled all over. It was definitely an extremely terrifying guy who had woken up.

But so far, they have only unearthed the remains of a powerful man's tomb in a real sense.

After working so hard to enter this world of tombs of gods and demons, it would be a bit unwilling to give up halfway.

Ye Feng thought for a moment, then said: "I still want to continue exploring, so it's a shame to just leave like this. Moreover, the moment the voice sounded just now, it was actually the ancient figure who was telling everyone Demonstration, since he has said that he will not let everyone leave this world, and that everyone will become his blood food, then I think the normal entrance to get out is actually closed now, so the best way now is to continue to explore and improve strength. , trying to survive the coming crisis and find a way to leave."

When Bai Susu heard Ye Feng's analysis, she immediately nodded and said: "I agree with you, Ye Feng. We are returning along the original route now. Maybe the intersection has been closed, so we might as well be like you, Ye Feng." As I said, continue to search for the ancient tomb ruins of the most powerful people in this world, and try to improve your strength as much as possible. This is a once-in-a-lifetime opportunity, and we cannot give up halfway. "

When Xiao Longnu heard what the two said, she immediately cheered and said, "Adventure! I like adventure!"

"Then let's leave this huge city first. We have already plundered the treasures here. "

Clean. "

Ye Feng spoke out at this time.

"good."

Bai Susu and Xiao Longnu both nodded.

"Buzz!"

But at this moment, the ground under the feet of the three people suddenly lit up with a burst of light.

Along with the surge of these lights, a strong spatial fluctuation also radiated from the soles of the three people's feet.

"No! This is a teleportation formation! It will randomly teleport the three of us to different areas! It must be the method of the ancient demon from before! He seems to have launched a space formation targeting everyone in the world, which will All the teams gathered together were dispersed to achieve his goal of killing them one by one!"

At this moment, Ye Feng immediately guessed this possibility.

He subconsciously wanted to use the space gem, but he was already a step too late.

Buzz!

Buzz!

Buzz!

In a burst of violent spatial fluctuations, the three people immediately disappeared and disappeared.

Ye Feng immediately felt that he was transported to a place far away from the giant city.

When the space fluctuations around it disappeared, Ye Feng found himself standing in a primeval forest.

Uh-huh!

Ye Feng instantly flew high into the sky and looked around, but he couldn't see any buildings in the giant city.

All he could see at this time was the endless virgin forest.

"I don't know which area of the Tomb of Gods and Demons world I was transported to. I hope that Sister Su Su and Xiao Longnu will both be safe."

Ye Feng was floating high in the sky at this time, looking at the endless virgin forest around him, and couldn't help but shake his head.

It seems that they still underestimated the strength of the eternal old demon.

It can actually teleport everyone in this world to different areas in an instant, completely spreading out all the team's strength.

However, Ye Feng is not that worried about his two partners.

First of all, Bai Susu has obtained the Great Judgment Scepter, and her own strength and cultivation are also very high, so she should not encounter any danger in a short time.

The little dragon girl is holding the immortal treasure Jade Ruyi in her hand, and the red dragon soul weapon spirit inside will protect her.

"Let's first see what kind of area this is and then make plans."

Ye Feng thought in his mind, he decided on a direction and flew directly in that direction.

Buzz!

Moreover, Ye Feng's soul power was also fully emitted at this time, in order to prevent him from missing some places he passed that might contain opportunities.

However, according to Ye Feng's own preliminary inspection, there seemed to be no ancient ruins in this primitive forest.

You still need to look for it in a populated place.

"howl!"

Just as Ye Feng was flying, a violent neighing sound suddenly sounded.

Not far up in the sky, a large bird with a pure golden body flew over.

It was a golden eagle, with feathers all over its body as if made of iron, full of extremely terrifying power!

This is an out-and-out ferocious bird. It obviously discovered Ye Feng's aura. It neighed and swooped over, intending to tear Ye Feng into pieces as if he were prey!

Chapter 1565 Come on hard

Buzz!

The golden eagle has thick feathers all over its body. Each feather seems to be made of pure gold. It looks extremely sharp, like a golden sword.

Obviously, this golden eagle is the overlord and fierce bird in this primitive forest. It has extremely high cultivation level, and the demonic energy fluctuations emanating from it are impressively the tenth level of the divine realm!

This kind of cultivation is already very terrifying among ferocious beasts, and it is definitely a leader-level ferocious beast.

"howl!"

At this time, this golden eagle screamed, vigorous and powerful, like a golden sharp light, swooping from a distance and tearing away at Ye Feng.

"Just in time to try the golden giant sword in the hands of the zombie king before."

Facing this extremely powerful and fierce bird, Ye Feng's eyes not only showed no fear, but also a hint of excitement.

The storage spirit ring in his hand flashed, and an extremely heavy golden sword appeared in his hand.

This golden giant sword was what Ye Feng snatched from the hands of a zombie king turned into a powerful man.

This is a battle sword that can withstand a terrifying immortal-level explosion like Yu Ruyi, which is very powerful.

At this time, Ye Feng held the golden giant sword in his hand, which was as heavy as a mountain. He instantly slashed forward fiercely.

"when!"

Almost at the next moment, the golden giant sword struck the goshawk.

A huge roar suddenly sounded all over the sky.

The golden giant sword and the golden eagle's claws collided together, and a huge force was transmitted to each other.

Uh-huh!

Uh-huh!

Almost at this moment, the golden eagle and Ye Feng retreated one after another.

"This fierce bird is so powerful!"

Ye Feng's heart was shaken secretly.

At this time, the golden eagle's eyes couldn't help but reveal a hint of shock.

Obviously, it didn't expect that the ordinary-looking young man from the human race in front of it would actually have such a powerful body.

You know, ordinary human beings in the divine realm can be torn into pieces in an instant under its giant claws.

"Where are you from the human race? How do you have such a powerful body?"

At this time, the golden eagle's mouth actually said the words of the human race

Discourse.

Obviously, this fierce bird has already given birth to spiritual intelligence and has independent thoughts and will.

Ye Feng smiled and said, "It doesn't matter where I come from. What's important is that you will soon become my pet."

Because Ye Feng suddenly had an idea at this time. This golden eagle must have lived in this primitive forest for many years.

If this golden eagle can be suppressed, it must know all the conditions in the surrounding area, and maybe it can find the tomb ruins of some powerful people.

"Human boy, what are you talking about? Beast pet?"

When this golden eagle heard what Ye Feng said, his eyes immediately revealed an extremely angry look.

Who is that?

It is the natural king of the sky, the overlord of this primeval forest airspace!

But now, a human boy in front of him dared to say something that would make him a beast pet.

This made the golden eagle feel extremely humiliated.

It suddenly made an angry voice: "Boy! I didn't want to be your enemy at first, but now you dare to say such arrogant words, then I will really tear you apart!"

boom!

This golden eagle's body suddenly erupted with a ball of golden light like the blazing sun.

"Whoa! Whoa! Whoa!"

Almost at the next moment, all the golden feathers on its body came out of the body and turned into golden swords, full of monstrous sharpness, and they suddenly headed towards Ye Feng to assassinate him. .

"Endless Sword Rain!"

The golden eagle roared, obviously this was one of its powerful killing techniques.

That is to turn the golden feathers that have been tempered for countless years into thousands of sharp swords that can penetrate everything and explode out in an instant, covering the entire sky area, leaving no escape.

"Sword Qi Fire Storm!"

Even Ye Feng felt the fierceness of the sword rain in the sky at this time.

He was holding the golden giant sword in his hand, inputting all his magic power at once, and then launched the powerful martial art of Sword Qi Fire Storm.

"boom!!"

Suddenly, boundless and terrifying sword light and sword energy, surging with endless flames, suddenly burst out from the blade of the golden giant sword in Ye Feng's hand.

"Crash!"

"Crash!"

Suddenly, the two forces collided together, making a terrifying roar, and the energy aftermath swept across all directions, capable of destroying everything.

"Click, click..."

Under the space they were in, a large forest of trees collapsed.

Many other low-level ferocious beasts in the primeval forest couldn't help but lie down on the ground when they felt the battle in the sky, trembling, and did not dare to move at all.

At this moment, the battle at high altitude had already been decided.

"puff!"

At this time, after the aftermath of the energy dissipated, the golden eagle spurted a mouthful of blood, obviously suffering heavy injuries.

Opposite it, the golden sword held in Ye Feng's hand was intact.

He stood there, and although his clothes were a little damaged, they did not affect his powerful momentum.

At this moment, Ye Feng truly felt how important it was to have a peerless sword.

At that moment, Ye Feng released a sword energy fire storm. With the blessing of a powerful sword like the golden giant sword, the power released was many times more powerful than before.

Therefore, even a ferocious overlord beast like the Golden Goshawk, which was in the tenth level of the divine realm, was seriously injured in an instant and could not withstand Ye Feng's terrifying sword energy and fire storm.

At this moment, Ye Feng rushed in front of the golden goshawk, looked down at it, and said, "Are you convinced now? Become my pet beast."

Although the golden goshawk vomited blood, his eyes were extremely cold, like a sword, and he said: "I am the overlord of the noble primeval forest. Even if I die, I cannot become your human race's pet beast." !”

Uh-huh!

After the golden goshawk finished speaking, it suddenly moved its body and flew away into the distance.

Obviously at this time, this overlord-level ferocious beast wanted to escape immediately.

But it was impossible for Ye Feng to let this golden goshawk escape.

"Since you are unwilling to give in, I will have no choice but to be tough."

\u003c

br\u003e Ye Feng murmured at this time.

Uh-huh!

He instantly grabbed the golden goshawk not far away.

boom!

A big hand of chaos immediately appeared in the sky, full of endless pressure and possessing extremely terrifying brute force. In an instant, it covered the head of the golden goshawk.

This hand is extremely huge, giving the impression that it is like a mountain, very vast and deep.

Almost at this moment, the golden goshawk was caught in the hand of Chaos.

"No!!!"

This overlord-level ferocious beast made a painful sound, but nothing could be done, because Ye Feng's chaos manifestation was now very powerful. Even the body of this overlord-level ferocious beast could not withstand the power of the big hand of chaos.

"You human boy, you can never make me your pet, because of my will, I will never give in to you. No matter how much you torture me, I will never give in until I die."

At this time, the golden goshawk roared loudly, with a tone that was neither humble nor arrogant.

But when Ye Feng heard it say this, he didn't look ugly at all, but showed a seemingly mysterious smile on his face.

"Soul Emperor Seal!"

Almost at this moment, Ye Feng used his soul inheritance.

Immediately, Ye Feng's soul transformed into the Soul Emperor and descended directly into the spiritual world of the Golden Goshawk.

The spiritual soul world of the Golden Goshawk is a chaotic dark space.

At this time, Ye Feng transformed into the Thunder Emperor and came to this dark space. He immediately saw a golden light group floating in the center of this dark space.

In this golden light group, a mini eagle soul was neighing.

This is the soul of the golden goshawk, and it is also the core of its soul!

What Ye Feng wants to do next is naturally to enslave the soul of this golden goshawk!

Because only in this way can this golden goshawk be made to listen to him honestly.

This is the most worry-free way.

Now Ye Feng's soul power has increased a lot, which is also Ye Feng's confidence to directly invade the soul of the overlord and fierce bird like the golden goshawk.

Chapter 1566 The Mother Kingdom of the Western Queen

Buzz!

At this moment, in the golden goshawk's soul world, Ye Feng's manifested state was that of a soul emperor full of thunder.

The thunder on his body was full of destructive aura. The mini golden goshawk soul in the center not far away shivered when he saw the thunder giant walking towards him.

The soul of the golden goshawk made a fearful voice: "Human race, who are you? How could you enter my soul world and possess such terrifying soul power? Are you the most mysterious soul in the world in legend? division?"

It has to be said that this golden eagle's knowledge is quite broad, and he even knows about soul masters.

At this time, Ye Feng became the soul emperor. A smile appeared on his face and he slowly said: "I just said it, even if you don't surrender to me, you will still surrender to me in the end, because you simply can't." There is no right to resist."

At this time, Ye Feng said, directly stretched out a hand and grabbed the light ball in the center.

Ye Feng has now become the Thunder Soul Emperor, with one hand filled with destructive thunder light.

The moment he stretched out his hand, the entire soul world was filled with thunderous light. This scene was very scary.

With the fall of a big soul hand, the soul of the golden goshawk immediately began to tremble, and then began to fear, and even the entire soul was about to collapse.

The golden goshawk suddenly made a painful sound.

He simply has no strength to resist this terrifying thunder soul giant.

At this time, Ye Feng easily crushed the soul of the golden goshawk.

Then he engraved his soul mark on these soul fragments and reshaped the golden goshawk's soul.

Buzz!

At the next moment, Ye Feng withdrew his soul from the spiritual world of the golden goshawk.

At this time, in the high altitude of the virgin forest outside, Ye Feng took back his soul emperor.

He now looked at the golden eagle in front of him.

The ferocious beast overlord, who was originally very irritable, now had a look of surrender in his eyes.

Even this golden goshawk knelt down in front of Ye Feng, looking extremely docile.

If this scene was seen by outsiders, their eyes would definitely fall out in shock.

Because this kind of jungle overlord is naturally noble, with pride and pride in his body, it is impossible for him to surrender to any existence.

But Ye Feng did something that is impossible for ordinary people to do.

This is the power of the soul master.

Being able to control others from the deepest level of the soul is tantamount to attacking others from the deepest level.

"let's go."

Ye Feng jumped directly onto the head of the golden goshawk.

He looked around at this time and asked aloud: "Xiao Jin, how long have you lived in this primitive forest?"

The golden goshawk replied: "I have been living in this primeval forest for nearly hundreds of years."

"Hundreds of years?"

Hearing this, Ye Feng couldn't help but nodded and spoke.

He smiled and said: "In that case, you must be very familiar with this area. What I want to find now is the burial place of the most powerful person in ancient times, or the place where the ancient ruins of this world of tombs of gods and demons are located, Xiao Jin, Think about it carefully, have you ever found such a place in the hundreds of years you have lived?"

The reason why Ye Feng asked about this ferocious bird was because this golden goshawk was a local overlord ferocious beast, possessing the cultivation level of the tenth level of the divine realm.

For a strong man of this level, he must know more secrets than ordinary creatures.

That's why Ye Feng used his soul method to control this golden goshawk in his hands.

Otherwise, Ye Feng wouldn't have been so troublesome. He might have struck the golden goshawk with one sword and then swallowed it up.

At this time, the golden goshawk thought for a moment, and then said in a very respectful voice: "I'm telling you, Master, I have lived in this area for hundreds of years, and I have indeed discovered several ancient ruins, but most of them have been climbed first. There are also some ancient ruins. I went to explore them myself, but I didn't find anything valuable. They were all ordinary ruins. However, there is one ruins called the 'West Queen's Mother Country', which is an underground cultivating civilization race. It should be It contains a lot of good fortune, but I can't even enter the entrance of the Western Queen Mother Kingdom, because the entrance of the Western Queen Mother Kingdom is shrouded by an ancient formation. Even my strength cannot break through the formation. The master is from The human race is a naturally intelligent race, so maybe there is a way to break through that ancient formation."

When Ye Feng heard what Golden Goshawk said, his eyes immediately lit up and he said: "The ancient Western Queen Mother Kingdom is a legendary racial civilization. Then take me to that place quickly. There must be great fortune hidden in it."

The golden goshawk nodded, moved its majestic body, and immediately flew away in a certain direction in the distance.

Ye Feng stood above the head of the golden goshawk. At this time, he did not need to use his strength at all. He was moving quickly, feeling the hurricane blowing in front of him, and was very satisfied.

I have to say that this golden goshawk is quite good as my mount.

Their speed was very fast, and in less than half a day they had passed through the entire primeval forest and arrived at an ancient barren land.

In the center of this desolate land, there is a huge ancient city and building complex.

The golden goshawk spoke up at this time and said: "Master, the Naxi Queen Mother Kingdom I am talking about is deep in the ancient city in the distance. This ancient city is a building outside, and all the treasures have been looted. , but no one can open the inner area, even I can't break through that ancient formation, and can't enter the real core area of the Western Queen's Motherland,"

When Ye Feng heard what Golden Goshawk said, he immediately nodded and said: "Leave the formation to me. I have broken many formations all the way through my practice. This ancient formation I've seen a lot, so it shouldn't be a big problem, so just take me down."

The golden goshawk nodded, and instantly landed in the ancient city below, deep inside the building.

"Huh? There seems to be someone else's breath?"

At this time, Ye Feng suddenly felt the fighting spirit of other warriors. Apparently someone had already arrived here first.

"Hurry up and have a look!"

Ye Feng instantly flew in that direction with the golden goshawk, wanting to see who had arrived first and whether he had entered the Kingdom of the Queen Mother of Naxi. Buzz!

At this moment, in the golden goshawk's soul world, Ye Feng's manifested state was that of a soul emperor full of thunder.

Ye Feng instantly flew in that direction with the golden goshawk, wanting to see who had arrived first and whether he had entered the Kingdom of the Queen Mother of Naxi.

Chapter 1567 Female Disciple of Shenlong Academy

The cultivation aura Ye Feng sensed just now was definitely the fighting aura of a human warrior.

It's coming from a certain direction around here.

Because Ye Feng's soul was very powerful, he felt the breath of a human warrior that ordinary people could not detect at all.

When Ye Feng and Golden Goshawk walked in that direction.

In less than half an hour, they had arrived at the center of this ancient building.

Next thing they saw.

A group of more than a dozen young women were surrounded by several powerful black-clothed demon sect members.

Ye Feng was very familiar with the clothes these young women were wearing. They were the disciples' clothes of the Dragon Academy in the Eastern Star Region. .??.

"How come the disciples of Shenlong Academy are here? It seems that they were randomly teleported here by the previously teleported formation."

Ye Feng looked at the scene not far away and couldn't help but murmur in his heart.

At this time, Ye Feng saw a very familiar face among the group of people.

That turned out to be the chief disciple of Shenlong Academy, Mutian, who they had encountered before.

"It's actually him?"

Mutian, Ye Feng, the chief disciple of Shenlong Academy, is very clear that he is a self-centered guy.

Before, I had to snatch Jade Ruyi away from Xiao Longnu.

If he hadn't been by Xiao Longnu's side, he would have inspired Yu Ruyi's powerful power.

Perhaps the jade Ruyi in Xiao Longnu's hand was snatched away by this Mutian.

Ye Feng naturally had no good impression of the chief disciple of Shenlong Academy.

However, Ye Feng was very interested in the group of strong men from the Demon God Sect who surrounded the disciples of Shenlong Academy.

Because for Ye Feng, it was an extremely powerful skill.

While Ye Feng was secretly watching, a group of students from Shenlong Academy were standing on the field not far away.

The female disciple fell into despair.

Because Mutian, the chief disciple who was supposed to protect them, turned against him because of fear of death and succumbed to a group of strong men from the Demonic God Sect.

There are a total of six people in this group of strong men from the Devil's God Sect, all of whom are at the tenth level of the Divine Realm. One of them has even entered the half-step of the Qiankun Realm.

At this time, Mu Tian looked at a group of strong men from the Demon God Sect, with a flattering smile on his face, and said: "Brothers, these dozen young female disciples following me are all as beautiful as flowers from our Shenlong Academy. As a female disciple, just a few brothers can enjoy it slowly."

Obviously, at this time, in order to please this group of strong men from the Demon God Sect, and in order to prevent these strong men from killing him and save his own life, Mu Tian even said such evil words.

The dozen or so female disciples from Shenlong Academy across from them all had expressions of deep shock and anger in their eyes.

Obviously, they never thought about the majestic and upright senior brother in their eyes.

When life and death are at stake, he will betray his trust.

Surrender into the arms of the enemy, or even give them to the enemy as playthings.

A female disciple from Shenlong Academy immediately couldn't help but yelled: "Senior Brother, you really disappoint us. Fortunately, you were still an idol in my heart before. I didn't expect you to be so cowardly as a mouse." People, and so disgusting."

Mu Tian stared at the female disciple of Shenlong Academy with a hint of sneer in his eyes, and said loudly: "My own life is the most important thing, who are you? Maybe among the sects , I will fulfill my responsibility as a senior brother to protect you and maintain my identity as a senior brother, but in this wilderness, if I want to survive, I can only sacrifice the innocence of all the junior sisters. "

Mutian

The moment those words were spoken, the dozen or so beautiful disciples from Shenlong Academy couldn't help but change their expressions.

"you.....!"

"It's so shameless!"

"If we survive, we will definitely publicize all your ugliness and let the world see what a vicious and dark person the admirable senior brother in Shenlong Academy really is!"

At this time, a group of female disciples from Shenlong Academy could not help but burst into anger.

But Mu Tian smiled coldly and said, "It's a pity that after you are played with today, you will all be killed!"

"Okay! Stop talking nonsense and just go ahead!"

A group of powerful men from the Devil's God Sect had greedy and eager eyes at this moment, and they obviously couldn't bear it any longer.

"Even if we die, we cannot fall into the hands of these evil people. Let's fight together!"

A group of more than a dozen female disciples from Shenlong Academy all had a look of death in their eyes. A burst of crimson blood energy surged from their bodies, and they were actually preparing to self-destruct collectively.

Because this group of female disciples knew very well that most of their own cultivation levels were only at the fourth or fifth level of the divine realm.

They are no match for that group of strong men from the Demon God Sect, and cannot be defeated at all.

Therefore, they would rather self-destruct than fall into the hands of these evil people and be tortured.

"These little girls actually want to self-destruct? Hahaha! Impossible! How could we allow you to self-destruct right under our noses? What a waste!"

Several strong men from the Devil's God Sect smiled gloomily and took action in an instant, releasing huge coercion from their bodies.

Buzz!

In an instant, more than a dozen female disciples of Shenlong Academy felt a heavy pressure covering their bodies.

At this moment, the power that was about to explode all over their bodies was suppressed at once.

There is no way to activate any skills.

"What?"

"All our skills can't be stimulated. It's like we have become a mortal with no power?!"

"No!!!"

A group of more than a dozen female disciples from Shenlong Academy showed deep despair in their eyes at this moment.

"Hey, be good and become our plaything."

Several strong men from the Devil's God Sect walked towards the dozen female disciples at once, with greedy expressions on their faces, looking extremely evil.

"boom!!"

But suddenly at this critical moment, a huge golden sword suddenly crashed down from high in the sky.

"What? Who dares to take action against strong men like us?"

Almost at this moment, all six powerful men from the Devil's God Sect turned around and all attacked the golden giant sword that dropped from the sky.

"Boom!!"

An earth-shaking roar suddenly erupted on the field.

"Deng Deng Deng!"

"Deng Deng Deng!"

Almost at the next moment, the six powerful men of the Devil's God Sect couldn't help but take several steps back.

This group of top strong men were all knocked backwards by a golden giant sword that suddenly appeared?

I have to say that this scene was so shocking that everyone in the audience fell into a brief daze.

Even Mu Tian couldn't help but stare blankly, he didn't expect such a situation to happen.

"The power of a sword is so terrifying, how powerful must the owner of this giant sword be?"

A group of more than a dozen beautiful disciples from Shenlong Academy, after a brief shock, could not help but show excitement and admiration on their beautiful faces.

Chapter 1568 So shocking

"Who is it? How dare you take action against our Demon God Sect? Don't you want to live anymore?"

The six powerful men of the Devil's God Sect all had expressions of shock and anger on their faces at this time.

They instantly looked up to the sky, wanting to see who was so bold as to dare to attack them.

At this moment, the dozen or so female disciples of Shenlong Academy, including Mutian, the chief disciple, looked up to the sky with deep curiosity in their eyes.

They want to know who is so powerful in this world of tombs of gods and demons, and can actually fight one against six.

You must know that these six people are all top powerhouses at the Great Perfection level of the Tenth Heavenly Realm of the Demonic God Sect.

"That is....."

And at the next moment, in everyone's field of vision, high in the sky, they saw an extremely handsome figure.

It was a young man dressed in black, standing on top of a golden eagle, with an extremely vast aura.

"It's actually him?!"

Mu Tian was the first to change his expression.

He never expected that Ye Feng would become so powerful now.

You know, when he met Ye Feng more than half a month ago, Ye Feng was not as strong as him, and he still had to rely on activating the jade Ruyi in Xiao Longnu's hand to compete with him.

But now, the power unleashed by Ye Feng's sword just now was so terrifying that Mu Tian felt a deep sense of fear in his heart.

"How is it possible! How could this boy who was hiding behind Little Dragon Girl become so powerful now? Moreover, the golden eagle under his feet seems to be a ferocious beast overlord. How could this humble boy's fate be possible? It's so good, I don't believe it!"

Mu Tian was roaring in his heart, his eyes filled with jealousy.

Uh-huh!

At this moment, Ye Feng jumped down from the golden eagle and stood in front of a dozen female disciples of Shenlong Academy.

"Thank you very much, Master, for your life-saving grace!"

At this time, more than a dozen female disciples from Shennong College spoke out one after another.

They saw that Ye Feng was not very old, and he was completely different from the old man they imagined.

Seeing that Ye Feng is so young and handsome, and possesses such strong strength, just now

Saved them from danger.

Several beautiful disciples from Shenlong Academy couldn't help but show a hint of admiration in their eyes when looking at Ye Feng.

Ye Feng didn't pay much attention to the dozen or so female disciples of Shenlong Academy. He just said: "I am good friends with your little princess Xiao Longnu of Shenlong Academy. I

happened to pass by here this time and saw that you seemed to be framed. And the enemy is a member of the demon sect that everyone wants to beat, so I took action."

After speaking at this time, Ye Feng directly pulled out the golden giant sword stuck on the ground. With a hint of joking in his eyes, he stared at Mu Tian who was standing in the crowd opposite, and said loudly: "Brother Mu Tian, we met again, I didn't expect that you are not only arrogant, but also such a despicable and shameless villain. You really are not worthy of being the chief disciple of an academy."

At this moment, Ye Feng suddenly thought that Baili Piauxue, the chief disciple of the Northern Territory Seminary where he was located, was a very gentle and responsible senior brother.

At this time, a strong man from the Demon God Sect said coldly: "Boy, who are you? I don't think you are a disciple of Shenlong Academy. Are you the genius of Xianwu Sword Sect?"

In the entire Eastern Star Territory, it is very rare to be as strong as Ye Feng at such an age.

Only the three major gold-level powers can give birth to such a top talent.

That's why this powerful man from the Demon God Sect guessed that Ye Feng was the genius of the three golden forces "Xianwu Sword Sect".

Another strong man from the Devil's God Sect spoke up at this time: "We have all seen your strength. Although it is very powerful, once the six of us join forces and release a killing move, you may not be able to stop it at all, so I advise you to leave as soon as possible and stop meddling in other people's business. These are some female disciples from Shenlong Academy, and they are not worth risking your life to save."

At this time, after the powerful man from the Demonic God Sect spoke out, the dozen or so female disciples of Shenlong Academy behind him couldn't help but tremble.

Because this strong man from the Devil's God Sect was right, even though the sword Ye Feng just fired was very shocking and stunning.

But at this time, everyone sensed that the cultivation aura exuding from Ye Feng was only the seventh level of the divine realm.

Although Ye Feng's combat power is very powerful, his cultivation level is not as high as expected.

The enemies on the opposite side were six powerful demon cultists who were at the tenth level of the Divine Realm, one of whom was still at the Half-Step Heaven and Earth Realm.

It is really too difficult to fight one against six.

So at this time, more than a dozen female disciples from Sage Academy were really afraid that Ye Feng would suddenly leave.

But at this time, Ye Feng held the golden giant sword in his hand and suddenly grinned and said: "Actually, to be honest, you may not know that the reason why I suddenly took action this time to save the female disciple of Shenlong Academy was just a matter of convenience. For this reason, what I really want are you six powerful demon masters."

"What you really want is us? What do you mean? Why can't I understand?"

The six powerful men of the Demon God Sect all had doubts on their faces at this time.

boom! !

But at this time, Ye Feng had already taken action and was too lazy to waste any more time.

He also wants to explore the Motherland of the Western Queen hidden in these ancient ruins.

So at this moment, Ye Feng held the golden giant sword in his hand, attached his own flame to the blade, and directly slashed with the sword fire storm.

"Boom!!"

In an instant, endless flames enveloped the entire land in front.

The six powerful men of the Demon God Sect were suddenly enveloped in flames.

"The Demonic Dragon Soul Technique!"

"Destroy the sky with demonic light and kill!"

"The secret method of the Great Demon!"

"Demon Emperor Tyrannosaurus Hand!"

...

Almost at this moment, the six powerful men of the Demon God Sect released their powerful moves one after another.

In an instant, endless demonic energy and killing energy were released from the bodies of the six people, and they immediately bombarded the surrounding flames.

As a result, at the next moment, the endless flames were blocked.

"Hahaha! Boy! I'm telling you that you are no match for the six of us together, so just wait for death!"

The six powerful men of the Demon God Sect all laughed loudly at this time.

"My real killer move hasn't been unleashed yet."

But at this time, Ye Feng suddenly spoke up.

"Future body!"

Almost at the next moment, Ye Feng summoned the future body of Dzogchen.

"boom!!"

The future god of Dzogchen, one hand suddenly fell from the sky, like a meteorite, suddenly hitting the ground.

"ah!"

"ah!"

Almost at this moment, the six strong men of the Demon God Sect were severely injured at once. They were blasted into the ground one after another, spurting out blood. I don't know how many bones in their bodies were broken at this moment, and they died. 's can't die anymore.

"This... are all dead?"

When the dozen or so female disciples from Shenlong Academy not far away saw this scene, their eyes suddenly widened.

They seemed unable to believe what they saw before them because it was so shocking.

The big hand that suddenly descended from the sky just now was like the palm of a god. It had incredible destructive power and power, which shocked people.

What no one noticed at this time was that in a corner not far away, Mutian, the chief disciple of Shenlong Academy, was trembling all over and trying to sneak away.

"howl!"

But suddenly at this moment, the golden goshawk descended from the sky and scratched Mu Tian's Dantian into pieces with one claw.

"Ah! I'm useless!"

Mu Tian howled miserably in an instant, his eyes full of despair.

At this time, Ye Feng glanced at Mu Tian who was not far away indifferently, then looked at the dozen female disciples from Shennong College behind him, and said lightly: "This Mu Tian has been destroyed by my beast pet. , his life and death will be left to you."

After saying that, Ye Feng walked towards the place where the six powerful men of the Demonic God Sect died not far away, preparing to devour the skills of these six powerful men, which would surely give him a boost.

"Very good!"

More than a dozen female disciples from Shenlong Academy have long wanted to vent their anger.

At this time, they all had evil eyes, took out their respective swords and swords, and walked towards Mutian.

"You...don't come here...!"

Mu Tian's previous self-centered look disappeared, and now his face was filled with deep fear.

Chapter 1569 Qingqing

"ah!"

"ah!"

...

Amidst a burst of miserable howls, Mutian, the chief disciple of Shenlong Academy, was stabbed to death by a group of more than a dozen female disciples of Shenlong Academy who were filled with righteous indignation.

At this time, Ye Feng walked not far away. He looked at the corpses of the six powerful men of the Demon God Sect, and his eyes could not help but reveal a fiery look.

These six powerful men of the Demonic God Sect are all beings at the level of the Great Perfection of the Tenth Level of the Divine Realm. They are very powerful, and their cultivation skills are naturally very strong.

"Swallow!"

At this moment, Ye Feng did not hesitate at all, he directly released his Devouring Domain and began to devour it directly.

As his cultivation level continues to grow, Ye Feng becomes less and less restrained.

Even though there were more than a dozen female disciples of Shenlong Academy not far away, Ye Feng was able to release the Devouring Domain all at once.

He doesn't care about other people's opinions at all, because he doesn't need to care at all.

For Ye Feng, who is now about to reach completion, there are not many people among the younger generation in the Eastern Star Region that he can feel afraid of.

Almost at this moment, groups of black swallowing vortices suddenly appeared around Ye Feng, covering the bodies of the six powerful men of the Demon God Sect.

In just a moment, the bodies of the six strong men began to wither.

The skill and blood energy in their bodies were all absorbed by the devouring vortex.

All of it was injected into Ye Feng's own body and became Ye Feng's own power.

So at this moment.

There was a "boom"!

A new and powerful martial arts aura immediately spread out from Ye Feng's body.

That's right!

After devouring the skills of the six powerful men, Ye Feng has achieved a breakthrough in cultivation at this moment, even if his body is a bottomless pit.

He rushed directly into the eighth level of the divine realm!

Ye Feng's cultivation process was undoubtedly all in the eyes of a dozen female disciples of Shenlong Academy not far away.

The terrifying process of devouring is indeed very strange and terrifying.

But the dozen or so female disciples of Shenlong Academy didn't say much. Instead, they felt more and more in awe of Ye Feng.

This must be a very mysterious and powerful young man!

Maybe it comes from a hidden ancient family in their eastern star region!

Otherwise, it would be impossible to have such a strong combat power and such a weird cultivation method.

As for Ye Feng, saving these dozen female disciples from Shenlong Academy was simply a matter of convenience.

At this time, he didn't care what the other female disciples thought, and simply collected all the storage rings on the field.

Including Mutian, these people are all top young powerhouses among the major forces, and their cultivation resources are naturally very rich.

At this time, Ye Feng used his spiritual mind to explore the major storage rings, and immediately saw many treasures stored in them.

This made him feel very happy. He didn't expect that he had already gained such a huge harvest even before he entered this ancient city area.

It can be said that I made an unexpected fortune!

After Ye Feng cleaned up all the treasures on the battlefield, he took the golden goshawk and walked towards the depths of the ancient city.

He is going to find the Queen Mother Kingdom of the West.

Because Ye Feng knew very well that the real huge treasure was still hidden in the tomb of the most powerful person.

After finally arriving in this world of tombs of gods and demons, if we don't plunder the tombs of a few more powerful people, then our trip will really be in vain.

You must take advantage of this great opportunity to improve your strength to a level that others cannot imagine.

In this case, when Ye Feng returns to the Northern Divine Academy, he won't have to fear anyone or any force.

Ye Feng no longer has to be so afraid of the Shangguan family, the powerful silver force behind the Northern Divine Academy.

"This young master, I don't know where he is going next. Can you take us with him?"

Seeing that Ye Feng was about to leave, a female disciple from Shenlong Academy couldn't help but speak out.

Now that these female disciples of Shenlong Academy have seen Ye Feng's powerful combat power, they all have a sense of admiration and belonging in their hearts.

They all wanted to attach themselves to Ye Feng at this moment.

In this case, they will not be in any great danger in this world of tombs of gods and demons.

Having been besieged by the six powerful men of the Demonic God Sect before, and even almost being reduced to playthings, this group of more than a dozen beautiful disciples from Shenlong Academy felt very frightened.

Now, a young and strong man finally appeared, and he looked so handsome and dashing, with a good character. He actually rescued them, which made a group of female disciples of Shenlong Academy feel very happy.

Ye Feng turned his head slightly at this time and looked at the group of more than a dozen beautiful disciples from Shenlong Academy who were looking forward to it. He slowly said: "The place I am going to explore next is called the Kingdom of the Western Queen. It is very beautiful. It's dangerous. If I take you in, you might just be a drag to me, so it's better for you to stay outside. It's the best choice for me and for you."

What Ye Feng said at this time was without any mercy. He was telling the truth and had no intention of giving any face to the dozen or so beautiful disciples present.

Because it's true.

More than a dozen female disciples from Shenlong Academy, this

When they heard Ye Feng say this, they also fell silent, because it was indeed the case and they didn't know how to refute.

However, these female disciples had no other ideas. After all, Ye Feng had saved them. If Ye Feng really didn't take them with him, they wouldn't have any complaints.

"The Mother Kingdom of the Western Queen?"

But at this moment, a female disciple of Shenlong Academy suddenly said: "Sir, I once heard my ancestors say that the most distant ancestor of our generation is from the Kingdom of the Queen Mother of the West. What you mean, sir, is that this ancient city The ruins of the tomb of the most powerful person in the depths of the pool are the legendary motherland of the Western Queen?"

Ye Feng glanced at the female disciple in surprise and couldn't help but said: "You said you are a descendant of the mother kingdom of the Western Queen?"

This female disciple of Shenlong Academy is wearing a long cyan dress. She has fair skin, a delicate body, an oval face, and a beautiful face. She also looks soft and weak. She may be introverted and lovable.

At this time, she nodded slightly, as if she didn't dare to look directly into the eyes of a powerful genius like Ye Feng, and whispered: "Yes, my ancestors did tell me this, but I don't know if it is true. of."

Ye Feng nodded, looked at the female disciple of Shenlong Academy, and said with a smile: "If you say that, I want to take you into the Kingdom of the West Queen. Maybe you, the descendant, can help me escape from some dangers. You It is also possible for me to receive a huge inheritance. By the way, what is your name?"

The delicate female disciple said: "Master, just call me Qingqing."

Ye Feng smiled and said: "Okay, Qingqing, by the way, you don't need to call me Young Master from now on. I am friends with your Dragon Girl from Shenlong Academy. You can call me Senior Brother Ye."

Qingqing was slightly shy and said, "Okay, Senior Brother Ye."

At this time, a group of other female disciples of Shenlong Academy standing around looked at Qingqing, their eyes full of envy for being favored by this mysterious Senior Brother Ye.

Chapter 1570 Entering the Ancient Temple

At this time, Ye Feng took the golden goshawk and Qing Qing, a female disciple of Shenlong Academy who looked weak and lovable, and walked towards the depths of these ancient city buildings.

This Qingqing, as a disciple of Shenlong Academy, is actually not too weak to be able to enter the world of the Tomb of Gods and Demons, and possesses the fourth level of cultivation in the divine realm.

Compared with normal warriors, he is already very powerful.

But next to Ye Feng, he seemed a bit mediocre.

Ye Feng looked at the golden goshawk beside him and said: "After entering the ruins of the Western Queen's Motherland, stand next to Qingqing and protect her safety." ??

This Qingqing is a descendant of the Queen Mother Kingdom of the West. Ye Feng thought it might be of great use, so he took her with him.

At this time, Qingqing heard what Ye Feng said to the golden goshawk, and her beautiful, slightly shy eyes suddenly showed deep emotion.

No one had ever been so kind to her, except her dead parents.

Qingqing couldn't help but whispered: "Senior Brother Ye, thank you."

Ye Feng smiled slightly and said: "It's nothing, it should be, because you may have a great effect on me next, so I must protect your safety."

And just as the two of them were talking, they had reached the deepest part of this ancient city building.

At this time, the golden goshawk stretched out a sharp talon, pointed forward, and said: "The entrance to the Queen Mother Kingdom of Naxi is in that ancient temple."

After Golden Goshawk finished speaking, Ye Feng and Qing Qing both looked in the direction he pointed.

They immediately saw a temple that looked like it was made of old bricks and stones. It looked extremely simple, standing on the mountain peak not far away, and looked unremarkable.

But just when the three of them were approaching.

"Boom!"

A brilliant red

The red light wave suddenly burst out from the ordinary temple, turning into a majestic red lightsaber with a height of tens of thousands of feet. It assassinated people from high in the sky and bombarded them fiercely. On the earth, a giant sword guard was formed!

In front of the huge red lightsaber tens of thousands of meters tall, Ye Feng and others felt a sense of insignificance.

They stared at the huge lightsaber in front of them, thinking that it was the sword of the gods, sacred and inviolable, and indestructible by human power.

The golden goshawk, the overlord among the ferocious beasts, faced the red giant sword at this moment, with a hint of fear in his eyes, and said in a voice: "I once tried to pass through this giant sword. The sword guard almost pierced the entire body and died outside the temple, so if we want to enter the temple, we must pass through the guard of this red lightsaber. "

The golden goshawk spoke at this time, his tone full of fear.

Ye Feng stared at the red giant sword and asked aloud: "Xiao Jin, when you tried to force your way into the temple before, you should have felt the power of this red lightsaber."

The golden goshawk nodded and said in a solemn tone: "The attack power of this crimson lightsaber definitely far exceeds the power of the divine realm, and is almost comparable to the advanced beings in the Qiankun realm. It is almost the fourth or fifth of the Qiankun realm. I have a rough estimate of Zhongtian's attack power."

"The fourth and fifth heavens of the Qiankun Realm?"

Ye Feng shook his head and said: "If it is only comparable to the first and second heavens in the early stage of Qiankun Realm, maybe we can find a way to destroy this crimson lightsaber, but it is impossible now. This crimson lightsaber The Colored Light Sword is the result of an extremely powerful protective formation. It seems we need to find the formation's eyes."

At this time, Ye Feng said,

Then the talent of the Divine Eye of Creation was opened.

Buzz!

In his eyes at this time, the pupils immediately turned dark and deep.

At this moment, Ye Feng, in his field of vision, the entire real world seemed to suddenly appear in its most original state, turning into scenes composed of the most primitive source power lines, analyzing the world. the most original state.

"Huh? Why don't you have a formation eye?"

Next, under Ye Feng's observation, he didn't even notice the formation eye of the large formation in front of him.

This also means that Ye Feng cannot find the weakness of the huge lightsaber in front of him.

"The Western Queen Mother Kingdom was definitely an extremely powerful force back then. The ancient formations it deployed cannot even detect the weaknesses with my current Divine Eye of Creation. It seems that my soul power still needs to be improved."

Ye Feng murmured secretly at this time. .??.

At this moment, Ye Feng withdrew the Divine Eye of Creation, looked at the golden goshawk and Qingqing beside him, and said: "I used a method to spy on the origin of the world of all things, but I couldn't find the weakness of the giant sword guarding in front of me. It seems that we have to force our way into the ancient temple before we can enter the Kingdom of the Western Queen."

"Forced entry?"

At this time, the golden goshawk's body trembled, as if recalling his previous tragic experience, when he was almost pierced by countless sword energy and fell here.

Ye Feng laughed loudly at this time and said: "I will protect you two. Don't worry too much. I can still withstand the attack power of the fourth and fifth levels of Qiankun Realm."

With that said, Ye Feng took out the golden giant sword he had obtained before.

This golden giant sword is also the sword of a zombie king in this world of tombs of gods and demons. It is very strong, and its hardness is comparable to the immortal magic weapon that exceeds the avenue level.

"rush

! "

Almost at the next moment, Ye Feng held the golden goshawk's hard talons with one hand and Qingqing's soft little hand with the other, blocking the broad golden giant sword above his head. As a "shield", he suddenly moved towards the ancient rushed over to the temple.

"boom!!"

And almost at this moment, the crimson lightsaber that penetrated the sky and the earth suddenly burst out with thousands of terrifying sharp sword lights, like a rain of light in the sky, and instantly bombarded and assassinated Ye Feng in mid-air.

"Dang! Dang! Dang!"

However, the golden giant sword was very strong and successfully withstood the assassination and impact of the sword light in the sky.

However, Ye Feng also felt tremendous pressure at this moment.

Every blast of sword light gave Ye Feng the feeling as if a huge mountain had hit the golden giant sword above his head.

If Ye Feng's chaotic body hadn't been very powerful, he would have shattered his entire body in an instant by the concussive force transmitted from the golden giant sword.

"Uh-huh!"

Three minutes later, Ye Feng's head almost split open.

But finally they came to the temple and stepped on the hard temple floor.

"Buzz!"

At this moment, the crimson sword light that filled the sky finally disappeared.

Qingqing saw a crack on Ye Feng's forehead and blood was flowing out. She immediately gently wiped away the blood with a tissue and said with some worry: "Senior Brother Ye, are you okay with your brain?"

Ye Feng shook his head slightly and said, "It's okay, it's just a flesh wound."

At this time, Ye Feng looked at the golden goshawk, which seemed to be still in shock, slapped it with a "pop" sound, and said: "I have withstood all the pressure throughout the whole process, why are you so distracted here? Hurry up and find the entrance to the Western Queen's Motherland in this ancient temple."
