Chapter 1571 Dead City

The golden goshawk received a slap and immediately reacted, saying quickly: "Okay, okay! I'll go look for it right now!"

Buzz!

The golden goshawk possesses the special talent of the monster clan and can sense special passages within a radius of dozens of meters.

And it was precisely because of this ability that the Golden Goshawk was able to discover the entrance to the legendary Western Queen's Motherland in this ancient city area.

At this time, the golden goshawk displayed its talent for finding entrances.

At this moment, Ye Feng suddenly sensed that when the Golden Goshawk was using its talent, a weak sense of space fluctuations emanated from the Golden Goshawk.

"It seems that Xiao Jin's racial talent for finding entrance passages is related to the power of space."

Ye Feng murmured secretly.

"found it!"

Suddenly at this moment, the golden goshawk suddenly made a sound of surprise.

"where?"

At this moment, Ye Feng and Qing Qing both looked in the direction of the golden goshawk.

The golden goshawk flew to a place not far away, and its sharp golden claws instantly grabbed it, shattering a masonry wall in front of it.

"Zi la..."

After the masonry and soil on the surface fell off, the golden walls were immediately revealed.

The beautiful green eyes showed a hint of surprise and said: "There is also a golden wall hidden in this masonry wall. It seems to be made of some very special metal and is very strong."

"boom!!"

But before Qing Qing could finish his words, Ye Feng had already struck at him with the golden giant sword in his hand.

"Crack!"

The entire golden wall suddenly cracked with a huge gap.

"boom!!"

Next

At the same moment, Ye Feng struck out with his sword again, and the entire golden wall collapsed in an instant, turning into countless metal fragments scattered in all directions.

Ye Feng glanced at Qing Qing, whose eyes were shocked not far away, grinned, and said, "Let's go and see what the legendary Mother Kingdom of the West is like."

After the words fell, Ye Feng took the lead and walked into the broken golden wall.

Golden Goshawk and Qingqing quickly followed.

The two of them were walking in the dark passage behind the golden wall.

This passage is very dark and damp, and I don't know where it leads.

Qingqing seemed to sense something and couldn't help but said: "I feel something throbbing deep in my blood."

Ye Feng smiled and said: "That's right, what we are about to arrive at is the legendary Queen Mother Kingdom of the West."

The golden goshawk also had excitement in its eyes. After all, it had always wanted to enter the Kingdom of the Western Queen, but it had been unable to break through the giant sword guarding formation outside.

But now, thanks to Ye Feng, it can enter the real ancient ruins of the Queen Mother Kingdom of the West.

Just as the two were chatting, suddenly a burst of light appeared in front of them.

"Finally we've reached the end of this passage."

At this moment, Ye Feng walked out immediately.

My vision suddenly opens up!

At this time, a virgin forest appeared in front of them, with tall ancient trees towering into the sky, green shade covering the sky, and everywhere filled with the ancient atmosphere of the ancient wild forest.

At this time, a huge city building stood in the center of this ancient wild forest, and its tall and majestic outline could be seen from a distance.

, it looks like it has a very vast atmosphere.

At this moment, Ye Feng immediately felt a heart-stopping aura emanating from the ancient city building.

"The major buildings hidden in this primeval forest were definitely built and left behind by the legendary Western Queen Mother Kingdom. Let's go and take a look."

The golden goshawk's eyes were filled with excitement at this time, as if he couldn't wait any longer.

Ye Feng nodded and said with a smile: "Then let's set off directly to see what kind of secrets are hidden in this ancient building. I heard that the Motherland of the Western Queen was a very powerful nation in the ancient times. A glorious and powerful transcendent force. If these buildings are really left over from the Mother Kingdom of the West, then we will definitely make a fortune!"

Qingqing, the descendant of the Queen Mother of the West, also looked excited at this time, with expectations in her eyes.

Because Qingqing knew very well that her qualifications in Shenlong Academy were not that great, and could only be considered above average.

But she has always harbored a dream in her heart that could make her soar to the sky, and that was the blood of the descendants of the Western Queen's Mother Kingdom contained in her body.

Therefore, Qingqing spent his whole life searching for the legendary Motherland of the Western Queen.

Because once she finds the Motherland of the Western Queen, she will most likely activate and awaken the powerful bloodline of her ancestors.

By that time, her cultivation aptitude will become extremely powerful and evil.

So at this moment, Qingqing was about to enter the ancient ruins of the Mother Kingdom of the West, and Qingqing was naturally excited and looking forward to it.

"Tap tap tap..."

In the extremely dense primeval forest, only the footsteps of Ye Feng, Qing Qing and the golden goshawk sounded.

The seemingly dangerous primeval forest actually contains no powerful beasts. It feels like a very ordinary place.

It is like a forest in the mortal world, not like a place left by a great transcendent force.

Their speed was very fast. In less than half an hour, they had traveled through nearly half of the virgin forest and arrived at the ancient building in the central area.

This is a huge temple, standing in the middle of countless ruined cities.

The shape of this temple was exactly the same as the one they saw outside before.

But the temple in front of him was hundreds of times larger than the one at the entrance outside.

This temple is like a huge mountain stretching across the sky, looking extremely majestic and majestic.

"Uh-huh!"

"Uh-huh!"

"Uh-huh!"

The two of them rushed into the huge temple instantly.

Buzz!

Almost at this moment, the power of space fluctuated.

An elegant and exquisite scene suddenly appeared before their eyes.

That is, within this temple, there is actually a small world of its own.

In this small world, birds are singing, flowers are fragrant, running water is traceless, and garden palaces like small towns in the south of the Yangtze River are scattered throughout the small world, which looks very peaceful.

“Very nice and comfortable feeling.”

At this time, Qingqing spoke up and opened her arms, as if she wanted to embrace the entire Spring Garden scenery.

But at this time, Ye Feng suddenly said: "I always feel a little weird. Although the scenery in front of you is very beautiful, don't you feel that something is missing?"

The golden goshawk's eyes were extremely solemn and he said: "Without vitality, this flowing water garden town that seems to be full of vitality and charming scenery has no life at all. It feels like a dead city."

Chapter 1572 Hexagram Teleportation Formation

Buzz...

It looks like a small city with beautiful scenery and charming scenery, but there is no trace of life in it.

This feels very strange.

At this time, Qingqing couldn't help but look at Ye Feng beside her, and asked aloud: "Senior Brother Ye, what should we do now? Leave here directly?"

Ye Feng shook his head and said: "We have already come here, so naturally it is impossible to leave. Wouldn't that mean giving up halfway?"

The golden goshawk suddenly said: "I have my own talent and can sense various passages and places where opportunities are hidden. Let's just follow my talent to find it."

Ye Feng nodded and said: "Okay, just do what you said, Xiao Jin. You can release your innate induction. Qingqing and I will follow you behind."

The golden goshawk immediately released his innate induction and began to sense the entire city and town.

"Huh? There are some abnormal energy fluctuations there."

At this moment, the golden goshawk made a sound instantly.

Ye Feng looked surprised and said: "So fast? Faster than my soul power induction. It seems that it is really a natural racial talent."

At this time, the golden goshawk had already leaped over a small river in front of him, flew to a building on the opposite side of the river, and landed under it.

It was squatting down, as if exploring something.

Uh-huh!

At this time, Qingqing also immediately flew towards the pavilion on the other side of the river.

But just when she was halfway through the flight.

"boom!"

In the calm river water, a cold and white bone palm suddenly stretched out.

The white-bone palm was extremely huge, with some pieces of meat still sandwiched between the bones. It looked very strange, like a palm that had been melted by concentrated sulfuric acid, leaving only bones and some pieces of meat.

The scene on the field looked extremely terrifying.

"What?"

Qingqing's expression immediately changed when she saw the bone-white palm grabbing towards her.

"The dragon roars to the sky!"

At this moment, a dragon-shaped war sword suddenly appeared in Qingqing's hand, and a powerful set of kendo martial arts was revealed with one strike.

As a disciple of Shenlong Academy, she is indeed a bit mediocre compared to Ye Feng and Golden Goshawk. However, compared with ordinary practitioners, Qingqing, as a disciple of Shenlong Academy, a golden power in the Eastern Star Territory, still has certain powerful abilities. Powerful.

"Boom!!"

Almost at this moment, a golden dragon soul rushed out of the sword in Qingqing's hand, and instantly struck the big bone-white hand that was grabbing at her.

Almost at this moment, a huge roar suddenly sounded across the entire field.

The roar was so terrifying that it exploded the entire surrounding pool, sending waves all over the sky.

"Crack!"

The big skeletal hand was cut off at once, split into two halves, and fell from the sky.

At this moment, in everyone's field of vision, a very huge skeleton appeared under the exploding pool.

The shape of this huge skeleton is extremely strange. It looks like neither a human race nor an orc race. It looks like some very ancient race.

"Uh-huh!"

At this time, Qingqing successfully flew to the other side of the river and landed behind the exploring golden goshawk.

Her face was a little pale, and she was obviously frightened by the big skeletal hand that suddenly stretched out from the river just now.

Uh-huh!

Ye Feng's figure flashed and he came to the other side of the river.

At this time, he was staring at the skeleton in the mud at the bottom of the river, his eyes showing thinking.

This skeleton has obviously been dead for many years, and only the white bones are left.

But for some reason, there is a mysterious force that seems to be able to control this skeleton.

Although Qingqing cut off a big bone hand, as a girl, she was still a little frightened at this time. She couldn't help but ask: "Senior Brother Ye, a skeleton that has been dead for many years can still make a sudden move. The motherland of the West Kingdom was absolutely It was because he encountered something very strange that he suddenly fell."

Ye Feng nodded and said, "That should be the case."

At this time, Ye Feng looked at the charming city and town around him, sighed slightly, and said: "Is there really eternal existence in this world? In the ancient times, there were all kinds of transcendent powers. But in the end, it still failed to withstand the erosion of time and became a pile of ruins. This kind of transcendent power cannot be passed down, and can we, as individuals, really achieve the legendary immortality?"

Qingqing heard Ye Feng's murmuring voice and couldn't help but fell silent. For some reason, she felt a great sadness in the ruins of the ancient Western Queen Mother Kingdom.

"Little Ye Zi, when a person practices cultivation to the end, he can definitely achieve eternal life! The legendary supreme master who has mastered the nine most powerful gems of the gods is the existence of eternal life. Except for the master who voluntarily disintegrates and dies, there is nothing in this world. Something can make the master fall, not even time and fate."

Xiao Yao suddenly spoke in Ye Feng's mind: "Little Ye Zi, when you are practicing martial arts, don't feel confused, because once you fall into this confused state, you will have doubts about your martial arts practice. Having doubts and thoughts of doubt will definitely make your martial arts deteriorate."

Ye Feng couldn't help but smile when he heard what Xiaoyao in the Queen's picture said, and communicated with his soul: "Don't worry, I just sighed slightly. It's not that I have any doubts about my own practice, because I still want to pursue powerful people." Strength, go to the Gu's Divine Kingdom in the central star field to find my mother, and rescue my father who is trapped in the will of the first universe."

"found it!"

Suddenly at this moment, not far away

The golden goshawk seemed to have discovered something, and it suddenly burst into surprise.

Uh-huh!

Uh-huh!

Upon hearing this, Ye Feng and Qingqing immediately rushed to the side of the golden goshawk.

They saw it instantly, after the golden goshawk shattered a floor under the pavilion.

There was a very obscure six-pointed star formation engraved in the soil underground.

"This seems to be a teleportation formation? I don't know where it is teleported to?"

Qingqing spoke up at this time, with a hint of doubt in her tone.

Ye Feng said: "No matter where we are teleported to, we have to give it a try. In this strange city and town without any life energy, I guess there is no luck, and there may be all kinds of weird things." It's dangerous. Now that Xiao Jin has discovered this six-pointed star teleportation array, we must go in and see where it is. It may lead to the final inheritance place of the Western Queen Mother Kingdom. "

Seeing Ye Feng's determined look, Qing Qing immediately nodded and said, "I believe in Senior Brother Ye. I will always follow you, Senior Brother Ye."

As she said that, Qingqing stretched out a jade-white little hand and grabbed Ye Feng's palm, seeming to seek some warmth and security. Obviously she was still very nervous and not as indifferent as she seemed on the surface.

Naturally, Golden Goshawk did not hesitate at all and said: "Then I will directly activate the six-pointed star teleportation formation. I hope our luck will not be too bad."

Buzz!

At this time, the golden goshawk opened its mouth and spat out, and a golden light burst out in an instant, hitting the lines of the hexagram teleportation formation underneath.

"boom!"

Almost at this moment, the ancient six-pointed star teleportation formation was activated all of a sudden, emitting a violent space fluctuation, wrapping up the three figures present, and directly teleporting into a special ancient space.

Chapter 1573 Bronze Pillar

When Ye Feng, Qing Qing and Golden Goshawk opened their eyes, they immediately saw a very shocking scene.

At this time, they had been teleported to a space that seemed to be deep underground.

In the middle of the depths of the earth, a huge bronze pillar rising straight into the sky stood on the earth.

This bronze pillar is very majestic, and every inch of its surface is engraved with ancient patterns, which seem to record the glorious history of the Mother Kingdom of the West.

At this time, they walked into the bronze pillar and immediately felt an ancient charm of history.

"This bronze pillar must have a history of more than tens of millions of years."

The golden goshawk made a sound at this time.

Even the ferocious beast overlord of the primitive forest couldn't help but sigh at this moment: "The history of the Western Queen Mother Kingdom is indeed very long."

This huge bronze pillar can only be hugged by ten people. It reaches from the depths of the ground to the sky, and there is no telling how high it is.

Qingqing walked over, seemed to sense something, and pressed her palm up.

"Buzz!"

Almost at this moment, a green light suddenly appeared in the bronze pillar, covering Qing Qing's entire body.

"What's this?"

Qingqing was so frightened that she almost ran away.

"Uh-huh!"

But at this moment, Ye Feng came over, held down Qing Qing's hand that was about to retract with one hand, and said: "Don't panic, this is the mysterious power in the bronze pillar, which was triggered by you. It may be the ancient power in the West Queen Mother Kingdom. You have to know that the blood of the descendants of the West Queen Mother Kingdom flows deep in your body. It is normal to be able to activate the power in the bronze pillars. If you concentrate on sensing it, maybe you can What kind of inheritance do you get?"

Qingqing nodded and said: "Okay, I know Senior Brother Ye, I will understand it with my heart. When I get the ancient inheritance, I will definitely share it with Senior Brother Ye."

When Ye Feng heard this, he smiled slightly and said nothing more.

At this time, Ye Feng looked at the golden goshawk and said, "Let's go, let's go around and see if there is any danger or chance."

The golden goshawk nodded and said: "Okay."

Uh-huh!

Ye Feng and the golden goshawk were speeding towards the depths of the ground.

However, after searching around, they found nothing unusual, which meant that there was no chance. The only strange thing deep underground was the huge bronze pillar in the middle.

And at this moment, he stretched out his hand and touched Qing Qing on the bronze pillar. Suddenly, his whole body flew up uncontrollably and moved quickly towards the bronze pillar.

"Senior Brother Ye, there is a mysterious force pulling me upwards. I can't control myself."

Qing Qing, who was moving towards the top, couldn't help but make a sound immediately.

Ye Feng flew up instantly and said, "Don't be afraid. Xiaojin and I are following you, just in time to see what is on top of the bronze pillar. This is where the six-pointed star teleportation formation will teleport us. It must be very special, and it may have been the core place of the Western Queen's Motherland."

At this time, Ye Feng and the golden goshawk were flying upward, following Qing Qing's side.

Having someone to accompany her made this female disciple of Shenlong Academy feel a lot more at ease.

They estimated that they had been flying upward for nearly several hours, but still had not reached the top.

This made the golden goshawk very shocked, and he couldn't help but said: "I think there must be something extraordinary at the top of this bronze pillar. With our cultivation, we have been flying for so long and have not yet reached the top. This bronze pillar How high is it?"

Ye Feng also showed a trace of surprise in his eyes, and said loudly: "It's true, with our cultivation level, we have been flying for several hours, and it is estimated to be hundreds of thousands of feet high. When these bronze pillars were cast, , it must have consumed countless manpower and material resources of the Western Queen Mother Kingdom, and I don't know where the top of it leads to. "

As Ye Feng spoke, a bold idea suddenly came to his mind.

That's until we explore the secret at the top of this bronze pillar.

After that, we must find a way to pocket this bronze pillar, which may be hundreds of thousands of feet long.

This bronze pillar itself may be a very mysterious and powerful treasure.

Even if it is not an exotic treasure, if you use the gods' gloves to extract the original attributes of this bronze pillar, you will probably gain a lot.

"I don't know if my storage ring can hold such a long bronze pillar."

Ye Feng had a trace of doubt in his heart.

"Ordinary storage rings can never fit such a long bronze pillar, but little Ye Zi, you can pull out this bronze pillar and place it in my Queen's Picture. The space in my Queen's Picture is extremely huge. As I When the strength is restored, the Queen's Picture is equivalent to a small picture world."

Xiaoyao spoke out in the Queen's Picture at this time, seeming to see Ye Feng's doubts.

Obviously, Xiaoyao is also very interested in this ancient bronze pillar.

Because the history of the Western Queen Mother Kingdom may be older than the Hades era where Xiao Yao lived, and it is a product of the ancient era.

As time passed, even Ye Feng himself didn't know how long he had been flying. Finally, they saw a trace of light appearing at the top.

"Is it finally almost the top?"

Ye Feng's eyes showed a trace of excitement and expectation.

The golden goshawk's eyes were also shocked, and the demonic aura from his whole body came out, and he was ready.

But now after they reached the top, their expressions changed drastically.

Because at the top of this bronze pillar, there is just a barren land.

The entire desolate land is desolate. Not to mention the chance, there is not even a hair on it.

"how so?"

No matter how good Ye Feng and Golden Goshawk were, they couldn't help but feel a little emotional when they saw the scene in front of them.

They went through a lot of hardships before finally reaching such a deep place from the outside.

I thought I could get a lot of treasures from the Queen Mother Kingdom of the West, but in the end I found nothing.

"Impossible! I don't believe it! I have been guarding the entrance to the ancient ruins of the Western Queen Mother Kingdom since I was a child, trying to enter it to find treasures. I have endured a lot of hardships, but in the end I found nothing. This is impossible!"

Golden Goshawk's mentality had completely exploded now, and he started yelling regardless of the other two people present. He obviously collapsed.

Ye Feng's face also had a slightly gloomy look at this time. After all, he had worked hard for so long and entered the depths with great expectations, but in the end he found that the bamboo basket was in vain. Anyone who encountered this would probably have an explosive mentality.

"puff!"

But suddenly at this moment, Qing Qing, who had flown to the top of the bronze pillar not far away, suddenly spat out a mouthful of blood, and his face turned very pale.

Ye Feng immediately looked over, supported Qingqing's frail body, and couldn't help but ask: "Qingqing, what's wrong with you? Did you find anything? Did you get the inheritance?"

At this time, Qingqing's eyes seemed to be filled with deep fear, and with trembling lips, she grabbed Ye Feng's arm and said: "Ye...Senior Brother Ye, I didn't get the inheritance, but I learned from the inside of the bronze pillar. I saw countless ancient figures full of ferocity. They roared in pain and almost wiped out my soul. "

Ye Feng's eyes changed and he said: "You mean...this bronze pillar has its own space inside, imprisoning countless ancient prisoners?"

Qingqing trembled and said: "Yes, this is not the core place where the Western Queen Mother Kingdom stores its treasures, but the place where the Western Queen Mother Kingdom suppressed countless powerful prisoners. This bronze pillar hundreds of thousands of feet long is the The country spent countless materials to build a super prison. There are tens of thousands of layers of space in it. In each layer of space, a vicious practitioner from the ancient times is imprisoned. There are humans, monsters, and beasts. There are also dark races and so on! That scene is too scary, Brother Ye, you must not let this bronze pillar break, otherwise countless vicious prisoners from the ancient times will escape, and it will be a disaster for our entire Eastern Star Territory. It's a huge disaster!"

Qingqing was saying in horror at this time, but what she didn't notice was that after hearing the news, Ye Feng not only didn't have any fear on his face, but in the depths of his eyes, he began to reveal a hint of deep excitement. color.

At this time, Qingqing was talking and did not notice the change in Ye Feng's eyes.

Qingqing was so frightened that she hurried away from the bronze pillar and never wanted to get close to it again.

But Ye Feng stepped in front of the bronze pillar and stared at the ancient pillar, his eyes full of anticipation and excitement.

If what Qing Qing said is true, then this bronze pillar will be the biggest treasure of this trip to Ye Feng.

Ye Feng stretched out his hand and pressed it on the bronze pillar.

He wanted to find out for himself.

"Buzz!"

At this time, Ye Feng immediately released his soul power.

At this moment, Ye Feng's soul entered the inner space of the bronze pillar.

Sure enough, the next moment, just as Qing Qing said, after Ye Feng's soul body entered the bronze pillar, he suddenly saw a huge space inside the bronze pillar.

In this huge space, there are tens of thousands of small spaces separated, like space prisons. In each space prison, there is imprisoned a very ferocious and evil person from the era of the Western Kingdom's motherland. There are human beings and some other races.

Ye Feng also saw many ferocious monsters from ancient times.

He suddenly remembered that the Chaos Heavenly Emperor Technique he had practiced and the bloodline talent "Altar of Heaven" awakened in the third heaven had such a function, that is, he could kill the ferocious demons on the Altar of Heaven. Received all kinds of rare treasures sent from God, even peerless holy weapons and peerless inheritance.

Ye Feng couldn't help but murmur: "In addition to vicious practitioners, this bronze pillar also imprisons many great demons from the ancient times. If they can be released and killed, maybe God can be activated." The power of the altar."

At this time, Ye Feng suddenly exited his soul and returned to his true body.

"But no matter what, this bronze pillar cannot be opened casually at present. We still need to explore and explore this bronze pillar.

Ability. "

Ye Feng murmured in his heart, and then under the shocked gazes of the golden goshawk and Qing Qing beside him, he stretched out his hands and hugged the top of the bronze pillar.

"What is Senior Brother Ye doing?"

Qingqing's eyes were immediately startled.

"Master seems to want to pull out the bronze pillar and take it away."

The golden goshawk made a sound at this time.

"What?"

Qingqing couldn't help but change her face and said: "That bronze pillar is a taboo thing. There are countless vicious practitioners from ancient times imprisoned inside, as well as great demons and dark creatures from the ancient times. They are extremely terrifying."

The golden goshawk smiled slightly and said: "Don't worry, the master's ability is beyond your imagination. This bronze pillar may be a huge disaster and weapon to other people, but to the master, it may be Great opportunity."

And while one person and one eagle were discussing.

"Boom!!"

Suddenly, a huge roar sounded from deep underground.

That's Ye Feng!

He literally pulled out the entire bronze pillar directly from the center of the earth, and then installed it into the Queen's Picture.

Xiaoyao was very excited in the Queen's Picture and said: "This bronze pillar is not only an ancient prison, but also a treasure in itself. It can imprison so many vicious people from the ancient times. It is very possible that the grade of this bronze pillar is a supreme magic weapon that surpasses the immortal level, and may even be a chaos level treasure!"

Ye Feng smiled and said: "Xiao Yao, you happened to study this bronze pillar in the Queen's Picture to see if you can figure out how to control this bronze pillar."

column method. "

Xiao Yao nodded her head obediently and said with a smile: "Don't worry, little Ye Zi, this queen is very smart and will definitely be able to figure out the secret of this bronze pillar."

At this time, Qing Qing, who had recovered from the shock not far away, walked to Ye Feng's side and couldn't help but said: "Brother Ye, are you sure you can control that bronze pillar? It is a taboo in ancient times. This thing is the prison of the Western Queen's motherland."

Ye Feng smiled and said: "Don't worry, since I have it in my pocket, I am definitely not afraid of this bronze pillar. In any case, I would like to thank you, Qingqing. If you hadn't discovered this bronze pillar, Qingqing, Maybe I will miss this bronze pillar."

At this time, Ye Feng suddenly shuddered.

If Qingqing hadn't discovered this bronze pillar, it would have been a huge prison.

Then I might directly use the Protoss Gloves to extract the original attributes of this bronze pillar.

At that time, as the bronze pillars disintegrate, countless terrifying great demons from the ancient times may come out.

That's when it's over.

Thinking of this, Ye Feng couldn't help but feel a little scared. ??

Fortunately, he brought Qingqing, a descendant of the Western Queen's Mother Kingdom.

The golden goshawk suddenly spoke at this time: "Look, there seems to be something underneath the ground where the bronze pillar was pulled out."

Uh-huh!

At this moment, the two of them immediately jumped into the depths of the ground again.

A few hours later, they once again arrived at the ground deep underground.

They saw that after the bronze pillars were pulled out, a corner of a curved ancient eaves appeared under the cracked ground.

"Isn't there an ancient palace from the Mother Kingdom of the Western Queen buried beneath the ground?"

r\u003e

The golden goshawk said this, and then they began to dig.

Soon, they dug out all the soil on the ground.

Suddenly, the roof of an entire huge underground palace appeared in sight.

Ye Feng's eyes were filled with joy and he said: "This must be an ancient palace left over from the Kingdom of the Western Queen. There may be rare treasures stored in it. Let's go down and have a look."

boom!

Ye Feng punched out, and the power of the Chaos Body exploded.

"Crack!"

A big hole was punched through the roof of the entire palace.

Swish, swish, swish!

The two of them jumped down immediately.

They instantly entered the dark hall.

"Buzz!"

At this time, the golden goshawk opened its mouth and spat out, and a wave of golden light suddenly rushed out, illuminating the entire dark palace.

They immediately discovered that there was not just a palace underneath, but a huge palace complex.

Ancient and vicissitudes of palaces are located in the space beneath the ground.

Qingqing seemed to have thought of something at this time, and suddenly exclaimed: "My ancestors once handed down a scroll, which showed a very prosperous imperial city. It was the imperial city of the legendary Western Queen Mother Kingdom. In that scroll The scattered locations of the palace buildings are exactly the same as what we see now!"

The golden goshawk's eyes were also extremely excited, and he said: "The legendary imperial city of the Western Queen's Motherland! It's actually deep underground! It's really incredible!"

Ye Feng was very calm and said: "Let's quickly search for the treasures and resources left by the Western Queen's Mother Kingdom. Remember, we must be careful. The sudden destruction of the Western Queen's Mother Kingdom is very strange. There may be some strange power. "

Chapter 1575 Tiandao Sect

In response to Ye Feng's reminder, Golden Goshawk and Qing Qing both nodded.

Regarding the entire underground imperial city, Ye Feng has a mentality of looking for treasures casually.

Because just now, the bronze pillar he got was already the greatest treasure.

So at this time, Ye Feng put safety first and took Golden Goshawk and Qing Qing into the vast underground imperial city.

Along the way, they entered many buildings in the imperial city and discovered many treasures from the remnants of the Western Queen's motherland, as well as some alchemy furnaces and so on.

"Look! There is blood here!"

Suddenly Qingqing discovered something, pointed to a corner of the hall and said.

At this time, Ye Feng and Golden Goshawk looked over and indeed discovered a pool of blood in the corner of the hall.

Ye Feng walked over, stretched out his fingers and touched the pool of blood. After feeling it for a while, he said loudly: "This pool of blood still has a certain temperature. It is fresh blood. I guess it was left here not long ago." of."

With a hint of surprise in Qingqing's eyes, she said, "If you put it this way, there are other people entering the ruins of the ancient imperial city of the Mother Kingdom of the West that we entered at this time."

The golden goshawk nodded and said: "This kind of ancient underground building must have various entrances. The entrance we entered is just one of them. Someone else should have entered. Maybe during the fight for the treasure, something happened. The fight left blood behind."

Ye Feng suddenly stood up and said: "Since outsiders have come in, let's hurry up and look for the treasures, otherwise they will all be looted by others."

"good!"

Qingqing and Golden Goshawk both made noises.

However, the three of them did not separate, because not only were there threats from outsiders, but the reason for the destruction of the Western Queen Mother Kingdom was also very strange, and there might be danger at any time.

Next, the three of them were very fast, searching in each building, and indeed found a lot of treasures, as well as training resources. Qingqing also obtained a set of powerful ancient inheritance, which can be said to have something.

have to.

On the afternoon of the next day, Ye Feng and the others finally met others.

Those were several warriors from the human race, and they should all be from the Eastern Star Region.

However, people on both sides realized how powerful the other party was, and did not choose to take action. Instead, they smiled at each other in fear, and then left one after another.

Even if Ye Feng's cultivation has become much stronger now, he will not find fault with others casually. After all, the most important thing for them now is to find treasures and training resources quickly. There is no need to fight with a group of people and waste time.

And on the night of the second day, in the ruins of the ancient imperial city of the Western Queen's Motherland, in the streets and alleys, and in the darkness, groups of green flames appeared, like will-o'-the-wisps.

Qingqing was a girl after all, and she turned pale because of the will-o'-the-wisps all over the city.

The golden goshawk was very curious, stretched out its talons that looked like gold, and grabbed at these green will-o'-the-wisps.

"ah!"

But it ended up screaming.

The moment its golden claws touched these green flames, they immediately became corroded pits.

This caused great pain, and the golden goshawk couldn't help screaming and quickly retracted its talons.

"Buzz!"

At this time, Ye Feng released the Devouring Domain and began to devour these green flames.

"boom!"

In an instant, Ye Feng felt that his soul power had improved all of a sudden.

His face suddenly showed a deep joy, and he couldn't help but said: "These are indeed the soul fires formed after the death of the ancient strong man."

Devour!

Devour again!

Ye Feng's body moved at this time,

Running all over the city, he began to devour these soul fires and increase his soul power crazily.

"Too fierce!"

The golden goshawk couldn't help but sigh when he saw Ye Feng's fierce scene.

Qingqing's eyes widened and she followed Ye Feng in disbelief, accompanying him.

"Buzz buzz..."

At this moment, Ye Feng's soul power was rapidly increasing.

"Two thousand two hundred and fifty-seven levels!"

"Two thousand two hundred and sixty-seven levels!"

"Two thousand two hundred and seventy-seven levels!" .??.??

"..."

With every time he devoured a ball of soul fire, Ye Feng's soul power suddenly increased by ten levels.

This speed of improvement can be said to be very terrifying.

In the end, Ye Feng devoured all the soul fire around him, and his soul power actually increased to 2,400 levels!

This is a huge improvement!

What a surprise!

But suddenly at this moment, high in the dark sky, a loud shout suddenly sounded.

"What kind of evil demon can swallow will-o'-the-wisp! Come and die!"

At the moment when these words fell, a young man wearing Taoist robes suddenly appeared in the night sky.

This young man looks very handsome, as if he were carved from jade, and he looks like he has a natural sense of greatness.

At this time, he was holding a gourd in his hand, and he pulled out the lid suddenly towards Ye Feng. A suction force instantly sucked Ye Feng into the internal space of the gourd.

"Hahaha! The evil devil is crooked and actually swallowed the soul fire. Now that I have put it into the treasure gourd, don't even think about it. It will turn into a puddle of pus tomorrow."

The young man in Taoist robes laughed loudly, his tone full of deep confidence.

"leaf

Senior brother! "

"Owner!"

At this time, Qing Qing and Golden Goshawk saw that Ye Feng was instantly sucked into the gourd, and their expressions suddenly changed.

"Huh? You two are the companions of that evil and crooked way. People of the same kind flock together and birds of a feather flock together. It seems that you also belong to the evil and crooked way. Then I will accept you all!"

This young man in Taoist robes has an extremely unpredictable level of cultivation. Although his true level of cultivation cannot be seen, one can feel that it is extremely powerful.

Uh-huh!

At this moment, the man in Taoist robes was ready to take action against the green and golden goshawks below.

"Boom!!"

But suddenly at this moment, an extremely strong vibration suddenly came from the inside of the gourd.

It was like a terrifying beast from ancient times, rampaging through the gourd.

"What?"

The Taoist-robed man's originally indifferent expression suddenly changed slightly.

"boom!!"

And at the next moment, what made the Taoist man's face change drastically was that the surface of the gourd in his hand began to crack with cracks.

This treasure actually started to break!

"This...how is this possible! This is a powerful treasure refined by my Tiandao Sect!"

The man in Taoist robe couldn't help but said.

"Tiandao Sect?"

At this time, when Qingqing heard these three words, his expression changed and he said: "It turned out to be Tiandao Sect, which is the most mysterious and unpredictable force in our universe. It is said that its strength is comparable to that of the Central Star Territory. The top golden power, this person is a disciple of Tiandao Sect, no wonder he is so amazing and talented, but Tiandao Sect, this mysterious sect, is said to have disappeared in the universe for thousands of years. Some people even think that it is Tiandao Sect has been extinct, but I didn't expect it to appear again. The world of Tombs of Gods and Demons is really attractive."

Chapter 1576 God can't save you

"Tiandao Sect?"

The golden goshawk heard what Qing Qing said at this time, and his eyes were full of doubts.

Because it is a native ferocious bird in this world of tombs of gods and demons. It doesn't know much about the outside world of cultivation in the universe, and has never heard of Tiandao Sect.

"No matter who you are, hurry up and release the master!"

The golden goshawk saw the gourd shaking and even cracking. It immediately understood that Ye Feng was not dead, but was running rampant in it.

At this time, the golden goshawk said, and immediately rushed to the sky, spitting out golden waves of destruction, and killed the Tiandao Sect disciple wearing a Taoist robe.

"boom!"

After all, the golden goshawk is a ferocious bird that reaches the tenth level of the divine realm, and its attacks are still very terrifying, with extremely powerful destructive power.

"A small trick." ??

But at this time, the Tiandao Sect disciple sneered and immediately stretched out a hand.

Buzz!

He opened his five fingers, and a ball of cyan light condensed into a Bagua pattern, which appeared in the palm of the Tiandao Sect disciple's hand. It instantly shattered the golden light waves bombarded by the golden goshawk.

"Suppress me!"

boom!

This Tiandao Sect disciple shouted loudly, spread his fingers, and pressed in the direction of the golden goshawk.

Suddenly, a huge Bagua formation appeared, and the golden goshawk was blown away.

"Rumble..."

The golden goshawk spat out a mouthful of blood in an instant, suffered heavy damage, and was blasted to the ground. It smashed a large area of underground imperial city buildings and was buried in the ruins. It was unknown whether he was dead or alive.

"What? So powerful?"

Qingqing's expression suddenly changed to the extreme.

"And you, let's suppress it together!"

At this time, the Tiandao Sect disciple stared at Qing Qing not far away and stretched out a finger.

boom!

Immediately, a huge green finger reaching the sky appeared, directly touching the green finger.

Qing was hit.

"Crack! Boom!"

Suddenly the entire ground shattered, and Qingqing was buried in the ruins, not knowing whether he was alive or dead.

I have to say that the strength of this Tiandao Sect disciple is indeed terrifying, frightening, and terrifyingly powerful!

"Crack!"

But suddenly at this moment, the gourd in the hands of the Tiandao Sect disciple left a gap again.

"not good!"

The disciples of Tiandao Sect immediately made seals with both hands, trying to strengthen the seal of the gourd.

But the next moment.

Before he could finish making the seal, the whole gourd exploded.

"boom!"

Among the countless fragments, Ye Feng's figure appeared.

He was exuding a divine light, his black hair was dancing wildly in the wind, and his eyes were extremely cold.

Especially when he saw Qing Qing and Golden Goshawk buried in the ruins, Ye Feng's eyes were filled with murderous intent.

"Buzz!"

An overwhelming killing intent, like a vast ocean, emanated from Ye Feng's body.

He stared at the disciple of Tian Dao Sect opposite him, and said in a cold tone: "You are dead today, even God can't save you, I said so!"

boom!

Almost as soon as Ye Feng finished speaking, he held the Zombie King's golden giant sword in his hand and shouted:

"Sword Qi Fire Storm!"

Boom! !

Immediately, endless flames burst out from the blade of the giant sword in Ye Feng's hand, like a sea of flames that filled the sky, flooding the entire dark night sky.

At this time, the disciple of Tian Dao Sect sneered and said: "A boy in the eighth level of the divine realm dares to say such arrogant words. He really does not know how to live or die! It seems that our Tiandao Sect has been silent in this world for too long. , the world has forgotten the majesty and terror of our Tiandao Sect, no matter what, today I will take action on you, a young genius, you should be the top genius in the Eastern Star Region, I just want to kill you, and start my Tiandao Sect's return to the world. The first battle!" "Tiandao Sect?"

The golden goshawk heard what Qing Qing said at this time, and his eyes were full of doubts.

Because it is a native ferocious bird in this world of tombs of gods and demons. It doesn't know much about the outside world of cultivation in the universe, and has never heard of Tiandao Sect at all.

"boom!"

After all, the golden goshawk is a ferocious bird that reaches the tenth level of the divine realm, and its attacks are still very terrifying, possessing extremely powerful destructive power.

"Little tricks."

But at this time, the Tiandao Sect disciple sneered and immediately stretched out a hand.

Buzz!

He opened his five fingers, and a ball of cyan light condensed into a Bagua pattern, which appeared in the palm of the Tiandao Sect disciple, and instantly shattered the golden light waves bombarded by the golden goshawk.

"Buzz!"

An overwhelming killing intent, like a vast ocean, emanated from Ye Feng's body.

He stared at the disciple of that day's Dao Sect opposite him, and said in a cold tone: "You are going to die today, even God can't save you, I said so!"

boom!

Almost as soon as Ye Feng finished speaking, he held the Zombie King's golden giant sword in his hand and shouted:

"Sword Qi Fire Storm!"

It seems that our Tiandao Sect has been silent in this world for too long. , the world has forgotten the majesty and terror of our Tiandao Sect, no matter what, today I will take action on you, a young genius. You should be the top genius in the Eastern Star Region. I just want to kill you and start the journey of my Tiandao Sect's comeback. The first battle!"

Chapter 1577 The Ancestral Instructions of the Tiandao Sect

The young man wearing Taoist robes, as a disciple of Tiandao Sect, is indeed extremely powerful, not arrogant.

"boom!"

At this time, the Tiandao Sect disciple struck out with a palm, and a Bagua Seal appeared, blocking all Ye Feng's sword energy and storm.

"What a magical inheritance. This Tiandao Sect does have something."

Even Ye Feng felt a hint of surprise at this moment.

You know, his natal flame that combines two holy fires cannot be easily resisted.

"It seems that this disciple of Tiandao Sect is proficient in magic. I can't win with the secrets of martial arts, I can only suppress him with my strong body."

Ye Feng thought for a moment and then determined the next battle plan.

That is to use his powerful chaotic body to suppress the mysterious Tiandao Sect disciple opposite.

"Uh-huh!"

Almost at the next moment, Ye Feng withdrew the golden giant sword in his hand, moved his figure, and rushed towards the Tiandao Sect disciple.

"boom!"

He waved his fist and punched forward. Incomparable brute force erupted from his fist, just like an ancient behemoth trampling everything and capable of crushing any existence.

"Boom! Click!!!"

So almost at that moment, the Bagua Seal in front of the Dao Sect disciples that day was directly shattered by Ye Feng's brute force.

"Sure enough, this disciple of the Tiandao Sect is powerful in his magic, and I use my own strong body to attack, which has the effect of getting twice the result with half the effort. He can defend against the powerful martial arts secrets, but he cannot defend against my pure body. Power!"

Ye Feng's eyes were filled with joy at this moment. He had indeed guessed correctly.

As expected of me!

At this moment, the disciple of Tian Dao Sect, who had a confident look on his face, saw Ye Feng smashing his Bagua array with one punch, and his eyes suddenly showed a trace of surprise.

"You humble boy, you can actually... ah!"

This Tiandao Sect disciple was about to say something, but at the next moment, Ye Feng slapped him in the face.

boom!

The Tiandao Sect disciple screamed, and was immediately blown away by Ye Feng. His body hit the ground hard, leaving a mess of waste.

Ruins.

Ye Feng smiled coldly at this time and deliberately sarcastically said: "What a bullshit disciple of the mysterious powerful Tiandao Sect. I think it's just like that. It's just ordinary. He was slapped away by me. He is really weak." , I didn't even exert any force, why did you fall down?"

When the Tiandao Sect disciple in the ruins below heard what Ye Feng said, his face turned livid with anger and his eyes turned red.

He immediately yelled angrily: "Boy, you have completely angered me! You must die today!"

boom!

Almost at this moment, this Tiandao Sect disciple took out a huge writing brush from his storage ring.

This writing brush is like a spear. The pen barrel is strong and the tip of the pen is like the tip of a spear. It is extremely sharp and exudes an extremely sharp aura.

"This is a powerful magic weapon from my Tiandao Sect. It is called the Judge's Pen. It is blended with a trace of the secret of the Great Destiny Technique. It is an immortal-level magic weapon. It can kill you in just a moment!"

At this time, the Tiandao Sect disciple shouted coldly, his tone full of deep confidence.

Uh-huh!

Almost at the next moment, he held the judge's pen in his hand, and an aura of great destiny magic erupted from his body, as if he had become the overlord who judged all people in the world. When the pen fell, it could kill any existence.

"What about fate? I'll break it with one punch!"

At this moment, Ye Feng also had a surge of fighting spirit in his body, and the powerful power technique he had comprehended surged out crazily.

The Great Destiny Technique is the first technique among the three thousand avenues in the heavens and can judge the fate of any living being.

Even if the Judge's Pen in the hands of Tiandaozong only incorporates a hint of the secret of the Great Destiny Technique, it would still be extremely terrifying.

Because as long as they are alive, they have their own destiny, and they are all under the shroud of the Great Destiny.

Therefore, there is a rumor in the spiritual world that once the Great Destiny Technique is released, any attack will be invincible and will be severely restrained.

But what this Tiandao Sect disciple would never have thought of is that Ye Feng has gone through a lot of hardships and countless hardships along the way.

After suffering many hardships, he finally comprehended and condensed his own Great Power Technique, which is the number one technique in the world that can disintegrate the Great Destiny Technique.

"Nothing is eternal, not even fate. Only the extremely powerful power, the brute force that is enough to break through any constraints and rules, is the ultimate eternity!"

"As long as my power is strong enough, then all the laws, all fates, and all fates in the world can be shattered!"

At this time, Ye Feng roared loudly, and a powerful and unparalleled power suddenly surged out of his body, capable of tearing apart eternity and destroying eight wastelands.

"boom!!!"

Ye Feng's fist burst out with divine light, surging with chaotic energy, and unleashed a powerful power technique with one punch.

Almost at this moment, the judge's pen, which can judge the common people, was blown away by Ye Feng.

"What?!"

"Who are you? You can actually break my Tiandao Sect's strongest spell?"

That day, the expressions of the Dao Sect disciples all of a sudden became extremely ugly.

So he suddenly seemed to have thought of something, and his expression suddenly changed and he said: "My Tiandao Sect has an ancestral saying, which is related to the destiny of our Tiandao Sect to dominate the entire universe in the future, that is, 'The Son of Defiance, the Way of Killing Heaven, All Things "Destroy, the fate of heaven", there has never been anything in this world that can resist our Tiandao Sect's great destiny technique, because destiny represents the way of heaven, all living creatures and any existence must follow the operation of heaven and destiny, but you are

not afraid of fate , and shattered the destiny. Are you the person that our Tiandao Sect has been most afraid of for all eternity? You have appeared, you are the Son of Heaven!"

This Tiandao Sect disciple said some words that ordinary people could not understand at all, and his expression suddenly became extremely frightened.

Then he instantly threw out a talisman and sent a message: "Brothers and elders! The Ni Tianzi in the ancestral precepts has appeared, and will be the biggest threat to our Tiandao Sect to dominate the Zhutian Universe. We must take advantage of Ni Tianzi Get rid of it when you are still young! Today I use my life to deliver this message!"

Uh-huh!

The telegraph instrument immediately flew into the distance.

"not good!"

Although I don't quite understand this day

Why did the Dao Sect disciples suddenly react so violently, but Ye Feng subconsciously felt that this Tiandao Sect might have an extremely mysterious connection with him in the future.

"Uh-huh!"

Ye Feng instantly grabbed the telegraph instrument.

"Hahaha! Son of Heaven! I didn't expect you to be discovered by us at such a young age. Even if I die, you will die if you pass this news on!"

Suddenly at this time, that day's Dao Sect disciple, a powerful genius who was half a step into the Qiankun Realm, suddenly released a crimson light all over his body.

He actually chose to self-destruct directly!

"Boom!!!"

A strong man in the Half-Step Qiankun realm, and also a talented disciple from such a mysterious force, suddenly self-destructed, and the destructive light wave produced was simply terrifying to the extreme. In the next instant, all buildings within a thousand miles were destroyed. .

Uh-huh!

Feeling the terrifying destructive light wave, Ye Feng immediately stepped back and avoided the central area of the self-destruction. He only injured his skin and flesh, but was not seriously injured.

It's a pity that the telegraph instrument has disappeared without a trace, and in the end nothing can be done to stop it.

"Tiandao Sect, Tiandao Sect... It seems that this time I have found enough opportunities in this world of tombs of gods and demons. I have to return to the Northern Divine Academy as soon as possible. Tiandao Sect, this is an extremely mysterious and terrifying hidden force. "

Ye Feng thought in his heart, and then flew downwards.

In the ruins, he found the seriously injured Golden Goshawk and Qingqing.

Fortunately, one person and one eagle were buried in the ruins underground just now, and they did not suffer much damage, so they are all still alive.

Ye Feng injected some mana into them and revived them.

"Tiandao Sect disciples are so terrifying!"

Qingqing is still a little shocked.

Even the Golden Goshawk, who had always refused to admit defeat, could not help but remain silent at this time and did not say anything more.

Ye Feng, on the other hand, was thinking back to what the disciples of the Dao Sect said just that day: The Son of Defiance, the Dao of Heaven, the destruction of all things, the fall of the Dao of Heaven.

He was lost in thought.

Chapter 1578 Trapped

While Ye Feng was meditating, the golden goshawk picked up the judge pen in the distance.

It was sent to Ye Feng and he said excitedly: "Master, this Judge's Pen comes from the legendary Tiandao Sect. It contains the secret of the Great Destiny Technique, the number one technique in the world. It is absolutely It is a treasure that can suppress any other magic in the world."

Hearing this, Ye Feng just smiled and said: "It's not as exaggerated as you said. The disciple of Tiandao Sect who blew himself up just now is probably just an ordinary disciple of Tiandao Sect. Although the judge's pen in his hand is very It is powerful, but it is probably just an ordinary magic weapon in Tiandao Sect. However, it is an ordinary magic weapon for Tiandao Sect, but for us, it is a treasure. "

At this time, Ye Feng said, holding the Judge's Pen in his hand, and he immediately felt a mysterious aura of destiny flowing through the entire Judge's Pen.

In any case, the harvest this time is still quite huge.

At this time, Ye Feng reached out and grabbed the storage spirit ring of that day's Dao Sect disciple.

Buzz!

Under the investigation with his spiritual mind, his eyes suddenly lit up with joy.

There are still many treasures and cultivation resources in this storage spirit ring.

Qingqing came over at this time, with a serious look in his eyes and said: "Senior Brother Ye, we have got into trouble with the Tiandao Sect. The Tiandao Sect is the most mysterious and unpredictable power in the entire universe, comparable to those in the central star field. The top golden powers are many times more powerful than the ordinary golden powers like our Shenlong Academy."

Ye Feng nodded slightly and said: "I have also seen the power of Tiandao Sect. After all, one of the ordinary disciples has such a strong strength, but in the end it was just a transmission note. If Tiandao Sect wants to find I don't know when it will be, and after I finish exploring the world of the Tomb of Gods and Demons, I will immediately leave the Eastern Star Territory and return to the Northern Territory."

Hearing this, Qingqing nodded. Ye Feng returned to the Northern Star Territory. Even if Tiandao Sect wanted to find Ye Feng, it would probably be extremely difficult.

After all, the entire universe is infinitely vast, and trying to find someone in it is like looking for a needle in a haystack.

However, although Ye Feng understood this, he was still full of vigilance in his heart.

Because this Tiandao Sect might have some special way to locate its position.

"After returning to the Northern Divine Temple this time, I must digest what I have gained this time, enter a state of seclusion, and improve my strength as much as possible. If my strength reaches a certain level, I can control the heavens and the universe. Then I have nothing to fear, even if it's the central star field, I can go there at will."

At this moment, Ye Feng's pursuit of power became more and more intense.

Because as his cultivation level improved, he saw more and more of the tip of the iceberg of this world.

The more terrifying forces emerged on the surface of the water, making Ye Feng feel that he was still very insignificant. He still had a long way to go in the future, and he didn't know when he would be able to climb to the pinnacle of martial arts.

Next, the three of them continued to explore the ruins of the imperial city of the Mother Kingdom of the West.

"Everything is turned upside down!"

And on this day, suddenly an old and ancient voice sounded in the sky above the whole world.

This old voice was exactly the voice of the eternal ancient demon that had sounded in this mausoleum of gods and demons before.

And at the moment when the voice fell, it seemed that the world was really turned upside down. \u003c

br\u003e

In the entire world of Tomb of Gods and Demons, no matter where they were, the entire sky suddenly became dark, and then everyone was transported to an ancient ruins.

Even if Ye Feng mastered the space gem, he was now unable to exert the true power of the space gem and was involuntarily transported from the ruins of the Imperial City of the Queen Mother Kingdom to an ancient ruins.

This ancient ruins are full of broken city walls and tiles, and it seems to be an extremely ancient city of a powerful force.

At this time, after Ye Feng, Golden Goshawk and Qing Qing were teleported, they immediately saw that everyone was teleported to this ancient ruins.

Among them, Ye Feng also saw Bai Susu and Xiao Longnu who had been separated from him.

"Sister Susu!"

Ye Feng's eyes showed a hint of joy and he immediately walked over.

"Brother Ye Feng!"

Bai Susu saw Ye Feng again, and her worried heart finally calmed down.

After they were randomly teleported away before, Bai Susu had been worried that they would never see each other again.

But now, they meet again.

"Brother Ye Feng!"

Xiao Longnu, the little princess of Shenlong Academy, was very happy after seeing Ye Feng again, and she immediately threw her little body into Ye Feng's arms.

"Meet Her Highness Xiao Longnu."

At this time, Qingqing, as an ordinary disciple of Shenlong Academy, saw Xiao Longnu and naturally bowed respectfully.

When Qingqing saw how intimate Xiao Longnu and Ye Feng were, her beautiful eyes were full of surprise.

She had indeed heard Ye Feng say before that he and Xiao Longnu were good friends.

But what Qingqing didn't expect was that the relationship between the two of them was so good.

At this time, more and more people appeared in the entire ancient ruins, with doubts and panic on their faces.

Apparently, they were all transported from various places in the world of Tombs of Gods and Demons to this ruined city of ancient ruins.

All of this is obviously the method of the eternal old demon deep in the world of the Tomb of Gods and Demons.

However, after everyone was teleported over, the eternal ancient demon fell silent again, making no sound or using any more methods.

But just because there was no further movement, many experts were terrified and didn't know what was going on.

"We rush out of this ancient ruins! We must not be led by the eternal ancient demon!"

At this moment, many martial arts masters could not help but rush towards the outside of the ancient ruins city.

"ah!"

"ah!"

But it seemed that the moment they stepped out of the strange city, a strange force drained their blood instantly. The entire bodies of several martial arts masters immediately shriveled from fullness and turned into mummies.

This scene is extremely weird!

"hiss!"

Many strong men in the city couldn't help but take a breath when they saw this scene.

Obviously at this moment, there is a very strange force outside this ancient ruins city, and it is impossible to get out.

It can be said that everyone is trapped in this small ancient ruins city, not knowing what their fate will be next. While Ye Feng was meditating, the golden goshawk picked up the judge pen in the distance.

It was sent to Ye Feng and he said excitedly: "Master, this Judge's Pen comes from the legendary Tiandao Sect. It contains the secret of the Great Destiny Technique, the number one technique in the world. It is absolutely It is a treasure that can suppress any other magic in the world."

Apparently, they were all transported from various places in the world of Tombs of Gods and Demons to this ruined city of ancient ruins.

All of this is obviously the method of the eternal old demon deep in the world of the Tomb of Gods and Demons.

However, after everyone was teleported over, the eternal ancient demon fell silent again, making no sound or using any more methods.

But just because there was no further movement, many experts were terrified and didn't know what was going on.

"We rush out of this ancient ruins! We must not be led by the eternal ancient demon!"

At this moment, many martial arts masters could not help but rush towards the outside of the ancient ruins city.

"ah!"

"ah!"

But it seemed that the moment they stepped out of the strange city, a strange force drained their blood instantly. The entire bodies of several martial arts masters immediately shriveled from fullness and turned into mummies.

This scene is extremely weird!

"hiss!"

Many strong men in the city couldn't help but take a breath when they saw this scene.

Obviously at this moment, there is a very strange force outside this ancient ruins city, and it is impossible to get out at all.

It can be said that everyone is trapped in this small ancient ruins city, not knowing what their fate will be next.

Chapter 1579 An opportunity to soar into the sky

At this time, many experts were trapped in this strange ancient ruins city.

The mentality of many masters cannot help but collapse.

Because the few people who had just walked out of the ruins city and were instantly sucked into mummies were all very powerful and not weak, but they still died instantly, and they still died in such a weird way.

"Are we really all going to die here today?"

"Damn it! Damn it! How many years have passed in this Tomb of Gods and Demons world? How come there are still those eternal ancient demons alive?"

"It's over, it's over! It's completely over now! We will all become sacrifices to that eternal ancient demon!"

...

At this moment, despair spread in everyone's hearts.

Some people even couldn't help but cursed and cried bitterly. It was obvious that their mentality had completely exploded.

At this time, the faces of Ye Feng and others were also extremely solemn.

Originally, Ye Feng was planning to leave the world of the Tomb of Gods and Demons immediately after exploring the secrets of the Imperial City of the Western Queen Mother Kingdom.

But what he never expected was that the Eternal Ancient Demon that had been silent for a long time suddenly took action again and teleported everyone to this small ancient ruins city, and they were still unable to leave the city. Who knew where it was? What is the eternal old demon thinking?

No one could guess this, so everyone was extremely frightened.

Because people often feel very afraid of unknown things.

Ye Feng looked at Bai Susu and the others beside him at this time and said: "Let's recuperate first and adjust our condition to the best, and then carefully consider how to escape from here."

Bai Susu and others nodded and said: "Indeed, we have no other way now. We can only cope with the changes by staying the same."

At this time, Ye Feng sent a message to Xiaoyao in the Queen's picture and asked: "Xiaoyao, what do you think we should do now? This weird thing outside the weird city

Power, I don't dare to try it easily now. "

Xiaoyao was actually thinking, and said: "The small ancient ruins city you are in now, I guess, is shrouded by a killing array from the ancient times."

"A killing formation from ancient times?"

Ye Feng's eyes moved slightly and said: "Xiao Yao, what you mean is that the so-called strange power outside the ancient ruins city, which can instantly drain a person's blood, is actually the ability of the formation, and there is nothing weird about it. existence lurking in the darkness?"

Xiaoyao nodded and said: "I guess that's the case. The eternal old demon probably used this method to scare all of you, so that you don't dare to act rashly and escape."

When Ye Feng heard what Xiaoyao said, his eyes suddenly lit up.

If there are really weird creatures in the darkness outside the ancient ruins city, then it will be a big trouble.

But if it was just the power of the ancient formation, maybe I could try to crack it.

Xiao Yao suddenly said at this time: "Little Ye Zi, in fact, you don't have to rush to break the formation and leave here. The reason why the eternal ancient demon is silent now means that this eternal ancient demon is not as good as you think." It's scary, if he was really that powerful, he would have killed all of you long ago."

Ye Feng nodded and agreed: "I also think so, because if that eternal ancient demon is really so powerful, why bother to spend so much time teleporting us to this small ancient ruins city, we would have been there long ago. Kill us all."

When Ye Feng said this, he was a little confused and said: "Then what is the purpose of that eternal ancient demon teleporting us all to this small ancient ruins city?"

Small

Yao said: "Actually, I have already guessed a little bit, but I am not sure yet. The eternal ancient demon should be plotting something in the world of the tomb of gods and demons, and it needs you strong human masters to sacrifice as sacrifices. "

"Sacrifice?"

Ye Feng suddenly felt a chill in his body and said: "There are tens of thousands of us here. You must know that these tens of thousands of people are not ordinary people. Those who can enter the world of the Tomb of Gods are definitely masters. There are so many The masters are offering sacrifices together, and what the eternal ancient demon is plotting is probably very unusual."

Xiao Yao nodded and said: "Maybe this is your chance, little Ye Zi. Haven't you always disliked that your cultivation level is too low and your background cannot keep up with others? This time may be your chance to soar into the sky!" ??

Ye Feng's eyes moved and he said, "What should I say?"

Xiao Yao said: "Stay still for now, then find an opportunity to kill the eternal old demon and rob it of what it plans."

"Snatch that thing that the eternal old demon planned?"

Ye Feng's face changed slightly, and then he couldn't help but smile bitterly and said: "Xiao Yao, the strength of that eternal old demon is unfathomable. Do you think I can rob him? It feels a bit too exaggerated. I think It's better to find a way to break the formation and leave this ghost place as soon as possible."

Xiao Yao immediately smiled and said: "Little Ye Zi, this is a once-in-a-lifetime opportunity. Don't be so cowardly. I will help you at the critical moment."

Ye Feng suddenly showed a strange look on his face, and said: "It seems that you have been of great help to me for what the ancient demon has planned, and you must have greatly improved Xiaoyao, right?"

Xiaoyao smiled sheepishly and said: "It seems that I can't hide anything from you, Xiaoye, and you actually want to see through it. Yes, I have already guessed what the eternal old demon is planning, but for the time being I I'm not sure yet, so I won't tell you.

, if it really is that kind of thing and we get it, it will definitely be developed instantly! "

When Ye Feng heard what Xiaoyao said, he immediately felt extremely curious.

However, Xiao Yao didn't say what the thing was, and Ye Feng didn't force him to ask.

Because he knew that when Xiaoyao really wanted to tell him, she would definitely take the initiative to say it.

So now, Ye Feng knows that all he can do is to stay put, recuperate, and adjust his condition to the best as soon as possible to prepare for the war that he may encounter in the future.

At this time, Ye Feng sent a message to Bai Susu, Xiao Longnu, Golden Goshawk and Qingqing beside him, telling them some secrets about this strange city.

Of course, Xiao Yao told Ye Feng what the ancient demon was plotting, but Ye Feng did not tell this news.

He just told a few people to stay put for the time being and not to panic. Everything was not as desperate as imagined.

"I don't believe it! I will definitely be able to rush out!"

"Okay! Let's rush out together! I have black iron armor to protect me!"

But at this moment, a large number of powerful practitioners couldn't bear it anymore and rushed towards the ruins of the ancient city.

But without exception, when this group of people rushed out of the edge of the ancient ruins city, even if they were protected by powerful armor, the blood in their bodies was drained in an instant, turned into mummies, and fell down. The scene was very strange. And appalling.

When Ye Feng saw this scene, he secretly shook his head.

Because he knew the secret, the entire city was shrouded by an ancient killing array. The killing array in the ancient era was almost incomprehensible to future generations and impossible to resist.

The only way now is to wait and see what happens, waiting for the eternal old demon to take action again.

Chapter 1580 Sun Holy Cult

In the desolate ancient ruins city, everyone stood there with deep despair on their faces, seemingly ready to accept the fate of death.

However, there are also some people who are recuperating, exuding a strong fighting spirit, and want to fight in the last wave of blood to find a way out.

In any case, everyone is now waiting for the next move of the eternal old demon.

Because there was no way to escape from this ancient ruins city, they could only wait quietly for the next development.

Ye Feng and the others did not waste any time. They worked hard to adjust their state to the peak while practicing quickly.

"boom!"

Three days later, Ye Feng's body conveyed a new and powerful martial arts aura.

That is the momentum of breakthrough.

With the accumulation of resources from the storage rings of Dao Sect disciples that day, Ye Feng successfully broke through a level again and stepped into the ninth level of the divine realm!

Although Ye Feng's martial arts cultivation is not top-notch among the tens of thousands of people in this ancient ruins city.

But you must know that Ye Feng's combat power is definitely the best.

At this time, Ye Feng took out the trophy left by the mysterious Tiandao Sect disciple, the Judge's Pen.

This Judge's Pen is very similar to the Human Emperor's Pen that Ye Feng had obtained back then. They are both pen-type magic weapons.

A close friend of Ye Feng in those days, Shang once said that the sharp edge of a pen is the sharpest thing in the world, sharper than swords, guns, swords and halberds.

This judge's pen not only has a terrifying pen edge, but also contains a trace of the secret of the great destiny technique from the Tiandao Sect. With one stroke, it can lock the fate of others and judge the life and death of others. It is truly like the Ten Palaces. Like Yama, he holds a judge's pen to determine life and death in the world.

In any case, this is a mysterious treasure.

"Buzz!"

\u003c

br\u003e Ye Feng now inputs his own mana into the Judge's Pen, preparing to quickly refine this treasure.

Now Ye Feng is trying his best to improve his overall strength and silently prepare for the next confrontation with the eternal ancient demon.

In fact, many of the people here who are willing to die like this are gearing up one by one, silently improving their strength, hoping to break out of this prison.

Many people have even formed groups, hoping to use the power of the group to resist the huge crisis that may arise next.

"ah!"

"ah!"

Suddenly at this moment, several screams were heard not far away.

Everyone looked over and saw an extremely bloody scene.

Several casual warriors without sects were besieged and killed by a group of disciples from a large sect.

They did not die from the strange power of this strange ancient city, but were killed by humans of the same race.

"Hmph, there is no need for a group of casual cultivators to live. You might as well contribute your cultivation resources to us and improve our strength. This way we have a greater chance of getting out alive."

The leader of the group of disciples who killed the scattered warriors sneered, his tone full of cruelty.

Obviously, in order to improve their own strength, this group of disciples directly killed some unsectarian warriors in public and openly robbed the training resources of these innocent warriors.

It can be said that this kind of behavior is very cruel and is despised by everyone.

But right there

At this time, there were actually groups of disciples from other sects who were also ready to take action. They began to stare at the casual cultivators around them, and seemed to want to follow suit.

Because of the current situation, everyone knows very well that if they want to survive, they must race against time to improve their strength.

But they were trapped in this small ancient ruins city, unable to go out to find training resources and improve themselves.

Therefore, some people with evil intentions began to attack their fellow tribesmen around them.

"ah!"

"ah!"

Almost at the next moment, a dozen disciples from an unknown sect killed five or six casual cultivators around them, and then looted their belongings and cultivation resources for their own use.

Obviously, someone sets a precedent, and more and more people follow suit. This is human nature.

If a man does not serve himself, he will be punished by heaven and earth!

"Damn it..."

At this time, many casual cultivators or lone sect disciples in the entire ancient ruins city had fright and anger in their eyes.

What they never expected was that they had not died in the calculation of the ancient demon, but they had died in the hands of people of the same race. It must be said that this was a kind of tragedy.

Ye Feng and Bai Susu were also targeted because they were weak and weak.

What stared at them was a group of sixteen disciples, all wearing golden gowns with the word "sun" embroidered on their collars.

"He is a disciple of the 'Sun Holy Cult', a silver power second only to the gold power in the Eastern Star Region."

At this time Qingqing spoke up, she knew much more than Xiao Longnu.

There are a total of sixteen disciples of the Sun Sect, all of whom are gods.

The cultivation level of Dzogchen in the Ninth Heaven or the Tenth Heaven.

This group of disciples of the Sun Sect stared coldly at Ye Feng and the others, especially Xiao Longnu, and sneered and threatened: "If you are wise, hand over all your cultivation resources, as well as the powerful magic weapons you have. You must also hand it over, or I will kill you all."

A disciple of the Sun Sect stared at Little Dragon Girl and said: "Little Dragon Girl of Shenlong Academy, you must have a lot of treasures on you, hand them all over. You are here alone now, we are not afraid of you!"

Buzz!

At this time, more than a dozen disciples of the Sun Sect were talking, with strong murderous aura exuding from their bodies.

"These young people are so pitiful. They were targeted by the disciples of the Sun Sect. They are destined to die."

Many people around saw this scene, all mourning for Ye Feng and the others.

Everyone felt that Ye Feng and the others were definitely dead.

The disciples of the Sun Sect had deep aloofness in their eyes at this time, waiting for the surrender of Ye Feng and the others.

But to their disappointment, Ye Feng just smiled indifferently and said, "You idiots like you dare to provoke me? I can only say that you have chosen the wrong person to provoke me."

"Trash fish?"

"presumptuous!"

"Kid, shut up!"

A group of more than a dozen powerful disciples of the Sun Sect all became furious in an instant.

A disciple of the Sun Sect who was in the ninth level of the divine realm stepped out, his whole body exuding golden sunlight, like a sun god, looking down at Ye Feng from high above.

A golden war spear appeared in his hand. He smiled coldly and said, "Brothers and sisters, please let me end the life of this reckless boy."
