Chapter 1581 Stay All

This disciple of the Sun Sect roared loudly at this moment, and the golden war spear in his hand suddenly burst out with thousands of blazing sun lights, shining brightly in the entire dark night sky.

"boom!"

This attack is extremely terrifying, with the melting power of the sun and the sharp edge of a war spear, which is enough to instantly melt and penetrate ordinary warriors of the same level.

But Ye Feng is no ordinary warrior.

Facing that huge blow, a sneer flashed across Ye Feng's lips.

"Destroy it with one punch!"

Ye Feng just clenched his fist and blasted it high into the sky.

"Boom!!"

Suddenly, a terrifying roar sounded on the field.

In the horrified gaze of everyone, Ye Feng's fist surged out with boundless billowing chaos energy, and it suddenly shattered the golden war spear in the hands of the disciple of the Sun Sect.

"Crack!"

"boom!!"

The war spear exploded with a bang, and pieces of metal fragments flew back, instantly piercing into the body of the disciple of the Sun Sect.

"ah!"

This disciple of the Sun Sect immediately let out a painful scream.

Because the metal fragments from the exploded war spears not only pierced his flesh and blood, but also penetrated deeply into his bones.

This kind of pain is simply a pain that goes deep into the bone marrow.

At this moment, Ye Feng laughed loudly: "Since it's so painful, I'll give you a happy one!"

boom!

"Pfft!!"

Ye Feng instantly ducked in front of the Sun Sect disciple and punched out instantly.

This disciple of the Sun Sect didn't even have time to let out a miserable howl. His whole body exploded and was shattered into countless fragments.

"Junior Brother Lu!"

The dozen or so other disciples of the Sun Sect immediately shouted in shock and anger.

They didn't even have time to take action and watched them helplessly

Their fellow junior fellow apprentice died in front of their eyes.

These disciples of the Sun Sect never expected that their junior brother would die so quickly.

"That boy in black is definitely a genius! His fighting power is incredible!"

A group of disciples of the Sun Sect immediately retreated, unwilling to provoke him again.

But at this moment, an indifferent voice sounded:

"You offended me and you want to get away. How can such a good thing happen in this world?"

Ye Feng spoke slowly, with endless murderous intent in his tone.

This group of disciples of the Sun Sect had just said that they wanted to kill Ye Feng and others.

Now I know I'm afraid, but it's too late.

"Boy, what do you want to do?"

A disciple of the Sun Sect shouted coldly: "We have already lost one of our junior brothers, so I won't care about you anymore. You still want to keep all of us?"

Ye Feng smiled coldly and said: "That's right, I just want to keep all of you, so that I can snatch your cultivation resources and provide me with the accumulation of strength."

"you.....!"

Hearing what Ye Feng said, a group of disciples of the Sun Sect could not help but turn pale.

They never expected that Ye Feng would say such arrogant words.

Ye Feng looked at everyone's expressions and said indifferently: "I am just trying to counteract others in my own way. You want to rob us of our cultivation resources and magic weapons, so now, I will also use all of yours." All the treasures have been collected, and now I give you two choices, one is to hand over all the treasures, and the other is to die!"

A Sun Sect disciple immediately shouted angrily: "Arrogant boy! Let's fight him!"

Another disciple pulled out the long sword on his back and shouted coldly: "No matter how powerful this kid is,

Big, there are more than a dozen of us. Let's take action together. If we unite, even the powerful Qiankun Realm who have surpassed the Divine Realm will have to avoid the edge for the time being! "

"good!"

"Let's go together!"

"Kill this officer!"

One by one, the disciples of the Sun Sect shouted loudly.

boom!

boom!

Each disciple's body erupted with extremely bright golden light.

They took action one by one, all bathed in the golden sun, looking very grand and sacred.

"Just in time to test the power of the Judge's Pen."

At this time, Ye Feng thought, and a huge brush appeared in his hand.

This writing brush is entirely made of steel, and the tip of the brush is made of steel wires, giving it a terrifying edge.

And the most important thing is that at this time, Ye Feng is holding the Judge's Pen, and activates the Secret Art of Destiny in the Judge's Pen. In an instant, the power of the Great Destiny Magic envelops a group of Sun Saints not far away. disciple.

"Buzz!"

At this moment, more than a dozen disciples of the Sun Sect immediately felt that their skills were enveloped by an invisible field.

It is a field of destiny. After being enveloped, it is like entering the whirlpool of their own destiny, trapped in the six paths of reincarnation, and unable to escape.

A group of more than a dozen Sun Sect disciples immediately panicked.

"What's going on? What kind of magic weapon is the pen in this kid's hand? Why is it so weird?"

"Yes! I feel like all the skills in my body are trapped by the locks, and I feel like my fate is being judged by him. I feel a sense of despair that I can't resist at all!"

"Is that the legendary Judge's Pen of the Tiandao Sect? But how could the magic weapon of the Tiandao Sect appear in the hands of this young cultivator?"

At this moment, every disciple of the Sun Sect was

They couldn't help but screamed in anger, their voices full of fear for Ye Feng.

At this time, Ye Feng remained silent, just holding the judge's pen in his hand, and drew down the steel-like pen, hitting a disciple of the Sun Sect in one fell swoop.

"Pfft!"

The sharp tip of the pen passed by, and the body of this disciple of the Sun Sect was directly torn into two halves, blood was spilled, and he died instantly.

When the other disciples of the Sun Sect saw this, they were all frightened and shivered.

"Spare your life! Spare your life!"

Finally someone begged for mercy, with fear in their eyes.

"Pfft!"

"Pfft!"

"..."

But Ye Feng showed no mercy or hesitation at all. The judge's pen in his hand fell again and again, and each time he took away the life of a disciple of the Sun Sect.

"powerful!"

"Incredibly strong!"

"What kind of force did this young man in black come from? He single-handedly challenged more than a dozen disciples of the entire Sun Sect. They were all killed, and none of them survived."

At this moment, looking at the killing scene on the field, many people around could not help but tremble.

And at this time, there are more and more speculations about Ye Feng's identity.

Although Ye Feng and Xiao Longnu were together, it was impossible for a being with such incredible combat power to appear in Shenlong Academy.

At this time, Ye Feng suddenly became an extremely mysterious young top talent in the eyes of everyone.

Everyone looked at Ye Feng with deep awe and fear at this moment.

No one dares to provoke Ye Feng's small group anymore.

However, Ye Feng did not pay attention to everyone's attention. He grabbed the bodies of the dozen disciples of the Sun Sect who were killed by him and put them all into the storage ring.

While waiting for the crowd to disperse, secretly devour and refine them all.

Chapter 1582 Bloody Evil Spirit

At this time, with a hint of joy in Ye Feng's eyes, he collected the bodies of more than a dozen disciples of the Sun Sect.

Others don't know why Ye Feng wants to collect them. They may think that Ye Feng has a weird habit and likes to collect the bodies of people he killed.

But what Ye Feng really wants to do is to devour their blood energy and skills.

At this time, Ye Feng sat down cross-legged and began to devour it silently.

He immediately felt a very blazing, hot energy injected into his body.

It has to be said that the skills developed by this group of disciples of the Sun Sect are very strong, and they have the special attributes of the sun, which are very hot and give people the feeling of a magnificent light.

After swallowing it, it will have huge benefits for the improvement of Qi and blood and the accumulation of skill.

"boom!"

Finally, with the accumulation of skills from more than a dozen disciples of the Sun Sect who came to his door, Ye Feng's martial arts cultivation finally reached the perfection level of the tenth level of the divine realm!

At this time, Ye Feng may have been able to fight against a true Qiankun Realm expert.

Even among the strong men of the older generation, he is considered a first-rate master.

After all, strong men at the Qiankun realm are still very rare.

The appearance of every powerful person in the Qiankun Realm will cause excitement in the cultivation world.

At this time, Bai Susu stared at Ye Feng who had woken up from his cultivation state, and couldn't help but said: "Brother Ye Feng, your cultivation speed is too fast. Now you have entered the realm of the tenth heavenly perfection of the divine realm. After we go back "

Ye Feng shook his head and said: "This time when I came out of the Eastern Star Territory, I saw that there are people outside the world, and there is a sky outside the sky. Shangguan Lutian was about to break through to the Qiankun realm when we left the Northern Territory Temple, and the threat was still great. Yes, we cannot take it lightly."

When Bai Susu heard what Ye Feng said, she nodded slightly, with a solemn look in her eyes, and said, "Yes, we really can't take it lightly. The Shangguan family has a rich heritage, and Shangguan Lutian is even more amazing and talented.

We cannot underestimate them. "

Ye Feng smiled and said: "But this time we came to the Eastern Star Territory, we have indeed gained a lot, especially our strength, which has been greatly improved. At least we don't have to be as afraid of this and that as before. "

At this time, Xiao Longnu heard the conversation between the two and couldn't help but be surprised: "It turns out that the eldest brother and eldest sister are both from the Northern Territory Divine Academy in the Northern Star Territory. No wonder they are so powerful."

In the following time, there were more and more battles killing lone masters throughout the ancient ruins city.

But no one dared to offend Ye Feng and his group.

After all, they had just seen with their own eyes that more than a dozen top Sun Sect disciples all died in the hands of Ye Feng.

Who dares to provoke him?

That is absolutely life-threatening!

So in the following time, only the area where Ye Feng was located seemed extremely calm.

Other parts of the ancient ruins city were filled with shouts of killing.

The lone masters were killed one by one and became the meat on the chopping board of major groups.

Xiao Longnu was sitting next to Ye Feng, looking at the tragic and bloody scenes elsewhere, her eyes filled with joy.

If it weren't for the presence of Ye Feng by their side, they might have ended up like those lone masters, already becoming dead souls under the blades of other large groups.

"Buzz!"

Suddenly on this night.

A mysterious power field suddenly enveloped the entire ancient ruins city.

"Uuuuuuuuuuuuuuuuuuuuu"

Accompanied by a sound of howling ghosts and wolves.

Wisps of blood-red gas suddenly emerged from the cracks in the ground of the ancient ruins city.

"No! This is the blood evil energy from the ancient times! Seal your breathing acupoints quickly!"

At this time, Xiaoyao's reminder sounded in Ye Feng's mind.

Uh-huh!

At this moment, Ye Feng immediately stretched out a finger and touched his neck directly.

He blocked his breathing acupuncture points.

At this time, Ye Feng also immediately said to the people around him: "Hurry up and hold your breath, seal your breathing acupoints, the ancient blood evil energy is beginning to emerge from the depths of the ground."

The blood-evil gas from the ancient times is extremely terrifying. Once inhaled by the human body, it will immediately make a person extremely bloodthirsty and lose any sense of reason.

Bai Susu, Qingqing and Golden Goshawk all reacted instantly and quickly held their breath.

"What's wrong?"

But Xiao Longnu was still a little girl, so she didn't react quickly enough. She rubbed her sleepy eyes and asked in confusion: "What happened? Blood evil energy, what is that?"

Buzz!

Almost at the next moment, Xiao Longnu inhaled some blood-red evil energy.

Her big, pure and bright eyes suddenly turned blood red, as if she had been poisoned.

"I'm going to kill you!"

Xiao Longnu suddenly seemed to have changed into a different person. Her youthful and cute face suddenly turned ferocious and bloody. She bared her teeth and claws and charged towards Ye Feng and the others, full of murderous intent.

"What a terrible blood evil energy!"

At this moment, Bai Susu and Qingqing could not help but change their eyes.

Ye Feng shouted loudly: "Wake up!"

Soul Emperor Seal!

Ye Feng used his soul method and pressed one hand on the top of Xiao Longnu's head.

This kind of blood evil energy affects people's mind and spirit.

So the spirit

The soul master's methods should be able to dispel this weird blood evil spirit.

"Buzz!"

Sure enough, the moment Ye Feng cast the Soul Emperor Seal, the violent murderous intention in Xiao Longnu's spirit was dispelled and disappeared.

"What happened to me just now?"

Xiao Longnu immediately scratched her head in confusion.

At this time, Xiao Longnu had obviously forgotten what she had just done.

Ye Feng said in a serious tone at this time: "This sudden appearance of blood evil energy affects people's consciousness and turns them into monsters who can only kill each other. He should be the one hidden in the tomb of gods and demons. The Eternal Ancient Demon has secretly taken action, and he wants to use us as a sacrifice. The blood sacrifice in this ancient ruins city will probably awaken something."

At this time, Ye Feng revealed his guess, which made several people around him feel cold.

"kill!"

"Kill!"

At this time, in the entire ancient ruins city, every warrior who was sleeping or in a deep state of cultivation had inhaled this vicious blood-evil energy. Their eyes were all red and they were killing each other.

Under the entire dark night sky, they were plunged into countless brutal fights in an instant.

Almost everyone fell into the trap, because this kind of blood evil energy was really hard to guard against.

Even though Ye Feng is a soul master and has super strong perception, he was not able to detect this blood evil energy in an instant.

If Xiaoyao in the Queen's picture hadn't reminded him, Ye Feng himself would probably have been tricked!

Bai Susu asked at this time: "What should we do now?"

Ye Feng looked around at the darkness and said: "When the fighting is over, the Eternal Demon will definitely appear. Now we just lie on the ground and pretend to be dead, don't attract attention, and then wait and see what happens."

Chapter 1583 Priceless Treasure

"kill"

"kill!"

"kill!"

At this time, the whole ancient ruins city was getting more and more crazy.

Countless human monks were infected by the blood evil energy at this moment and turned into complete madmen who only knew about killing.

Countless strong men fought together crazily, with white knives coming in and red knives coming out, killing each other in a very simple and direct way.

At this time, Ye Feng and the others took advantage of the chaos and lay down in a remote corner. They held their breath, suppressed the fluctuations of their lives, and began to pretend to be dead. .??.

They must pretend to be dead, otherwise they will become the target of public criticism.

While pretending to be dead, Ye Feng reminded through a voice message from his spiritual mind: "We must stay calm and not reveal the slightest clue, because once there is any flaw, it will attract everyone's attention, and it will also alert the snake and hide the other side. The eternal old demon in the dark noticed it, and our plan failed."

At this time, Ye Feng said, looking forward to the next development more and more.

Because this eternal ancient demon must have existed in the world of the tomb of gods and demons for many years.

Something that could make him plot something must be very extraordinary and precious.

If you get it, it must be a great blessing.

"ah!"

"ah!"

"..."

Accompanied by screams, screams resounded throughout the ancient ruins.

The body of a strong human race man fell down into a pool of blood. The scene was extremely tragic.

This bloody process lasted for several days and nights.

Finally on the night of the third day, the last person fell.

The entire ancient ruins city fell into a dead silence.

"Buzz!"

And almost at this moment, the ancient relics

In the mid-air of Ji City, the space suddenly fluctuated violently.

A tall and majestic figure walked out of the space and floated in the air.

The skin of this figure is pitch black. Although it has the shape of a human, its head is that of a demon.

"It seems to be an old demon like a dark creature. Is this the eternal old demon that has been hiding in the dark?"

Ye Feng pretended to be dead and lay on the ground. He opened his eyes slightly and looked at the old demon in the sky in the distance.

At this time, the dark old devil appeared high in the sky. Looking at the countless corpses lying in a pool of blood in the entire ancient ruins city, he immediately laughed unabashedly and said: "Finally, they are all dead, although my strength has regressed." I can't kill these tens of thousands of people with my own strength, but I can make you all kill each other with a little help!"

At this time, the dark old devil said, directly stretched out his hands and began to make a complicated handprint.

"Sacrifice! Open the door to the heart of gods and demons for me!"

The old dark demon roared loudly at this time, and suddenly in the entire ancient ruins city below, the dead strong men were all dead, and all the blood essence in their bodies was drained out in an instant.

Ye Feng and others are still alive and have not been affected.

Moreover, they were pretending to be dead in a very remote ruins, and the dark old devil did not notice that there were still a few people alive.

All the attention of this dark old devil is now focused on the central area of the ancient ruins city.

So he didn't care at all whether the people lying in the ruins on the edge were dead or alive.

At this moment, all the Dark Demon's attention is focused on this ancient ruins city.

A place on the ground in the middle of the pool.

It seems that something will appear on the ground.

"Buzz!"

And at this moment, the bodies of the dead strong men all shriveled up.

Streams of blood-red blood energy gathered towards the central area of the ancient city. ??

In the central ground, a huge six-pointed star formation suddenly appeared, shining brightly in the dark night.

The moment this six-pointed star formation appeared.

Buzz!

A gate to space appeared.

Crash.

With the opening of the space door, a beating heart, like a huge ruby, appeared on the field.

"Bang!"

"Bang!"

The huge ruby-like heart was beating rapidly at this time.

Every beat is like the roar of mountains and rivers, emitting very strong fluctuations.

This heart looks like the most perfect work of art in the world, but every beat contains terrifying surging vitality.

"Is this the heart of a god?"

In the ruins not far away, Ye Feng saw this scene with a hint of surprise in his eyes.

But a mere god's heart shouldn't have allowed this eternal ancient demon to plot for so long.

At this time, the eternal ancient demon stared at the beating heart, his eyes filled with infinite heat.

He murmured: "The biggest treasure in the tomb of gods and demons is a heart of gods and demons smelted by countless gods and demons. It has boundless vitality and contains the extremely terrifying origin of gods and demons. If I can bring this one

If the heart of gods and demons is integrated into my body, then I will gain boundless power, and in the future I will achieve an eternal body! This is a priceless treasure! "

At this time, this eternal ancient demon murmured, and his eyes were extremely hot.

Uh-huh!

Almost at this moment, the Eternal Demon suddenly walked towards the front, stretched out a huge black claw, and grabbed the heart of the god and demon.

Seeing that the heart of the gods and demons was about to be captured by this eternal ancient demon.

"Buzz!"

But suddenly at this moment, a shadow suddenly rushed out of the void, stretched out a hand, and pocketed the heart of the god and demon in advance.

"What?"

When the Eternal Demon saw this scene, he immediately couldn't help shouting angrily: "Boy, if you dare to snatch my creation in front of me, you are dead!"

The phantom that robbed the heart of the gods and demons was Ye Feng who used the space gem to teleport to him instantly.

Although Ye Feng cannot use all the power of the space gem now, he can use a little bit of ability to teleport himself.

This ability is crucial when hunting for treasure.

So Ye Feng succeeded.

"Heart of Gods and Demons! A priceless treasure! This is mine!"

At this time, Ye Feng, who had grabbed the heart of the god and demon, was more excited than ever before and immediately flew away into the distance.

At this time, Bai Susu, Xiao Longnu and others had actually sneaked away long ago to avoid being held hostage by the eternal ancient demon.

So at this time, Ye Feng didn't have any burden at all and flew madly towards the distance.

His only thought at this moment is to take the heart of gods and demons and escape from this world of tombs of gods and demons, away from everything!

Chapter 1584 Fusion

Uh-huh!

Uh-huh!

Uh-huh!

On the dark and empty land, Ye Feng was running away quickly.

"Boom!"

"Boom!"

Behind him, on the ground, stood an eternal ancient demon that was several kilometers tall and majestic. It roared angrily and was chasing Ye Feng.

For this heart of a god and demon, the ancient demon has been hiding for nearly millions of years. It has been lurking for so long and plotting for so long. It is finally going to succeed. But unexpectedly, a human boy pops out halfway and kills it. Cut off.

So at this moment, this eternal ancient demon can be said to be extremely frustrated and angry.

"You kid from the human race, you can't run away! Today, I will definitely cut you into pieces and execute you Lingchi!" .??.

The Eternal Demon made an extremely terrifying roar.

He suddenly shouted: "Dark Seal!"

boom!

Almost at the moment the Eternal Demon's voice fell, an extremely terrifying forbidden spell was activated.

From the high altitude in the distance, a jet-black talisman light suddenly rushed down, instantly covering the fleeing Ye Feng.

"Buzz!"

At this moment, Ye Feng immediately felt that his entire soul was imprisoned.

"Ha ha ha ha!"

The Eternal Ancient Demon in the distance laughed triumphantly and said sarcastically: "You humble brat of the human race, you can never imagine how strange and terrifying my methods are. This dark seal is my Brought from the Kingdom of Darkness, it can imprison and obliterate a person's soul in an instant, causing your soul to sink into the endless abyss of darkness. There is no way to get rid of it. Boy, just wait for your soul to sink. Fall! Hahaha!"

But just when the ancient demon was laughing wildly, he was hacked

Ye Feng, who was shrouded in darkness, suddenly burst out with a burst of blue-purple thunder and lightning, breaking away all the dark seals.

"What?!"

Seeing this scene, the eternal old demon felt as if he had seen a ghost. He was stunned and couldn't believe that a weak human young man could break its dark seal. Forbidden spells in the realm of darkness.

At this time, Ye Feng broke away from the dark seal, with a trace of luck in his eyes.

If he hadn't cultivated the Soul Emperor Seal and had strong soul power, perhaps his soul would have been completely sealed by the dark seal just now.

"boom!"

At this time, as the two of them chased, they had reached the end of the world of the Tomb of Gods and Demons.

"Space gem!"

"Buzz!"

At this moment, Ye Feng activated the Space Gem, and he suddenly penetrated the interface barrier, completely escaped from the world of the Tomb of Gods and Demons, and returned to the Storm Island.

"sensation!"

"sensation!"

At this time, Ye Feng could sense that on the other side of the interface barrier, the eternal old demon was beating the interface barrier crazily.

However, no matter how powerful this eternal ancient demon is, it cannot rely on its own brute force to break through the interface barrier.

Interface barriers are extremely strong things in all the worlds.

If Ye Feng hadn't happened to possess the space gem, he wouldn't have been able to pass through the interface barrier so easily.

At this moment, a powerful demonic thought suddenly came from the other side of the interface barrier: "Human boy, I

I have memorized your face and breath. You committed a heinous crime today and dared to rob me of the heart of gods and demons. Wait for me until I find a way to escape from this mausoleum of gods and demons. At that time, even if you are in the immortal world above the thirty-three days, I will cut you into pieces! "

Ye Feng didn't bother to care about the threat of this eternal demon's evil thoughts.

He just shook his head and left the place.

At this time, Ye Feng took out the heart of gods and demons. He could feel the extremely strong vitality, and what was extremely terrifying was that the origins of countless gods and demons were sealed in this heart of gods and demons.

"It is indeed something that the ancient demons have been spying on for eternity. It is really a treasure!"

At this time, Xiao Yao spoke out in the Queen's Picture, her tone was extremely happy and excited, and said: "Little Ye Zi, I said you will definitely be able to get the final blessing. This heart of gods and demons is definitely priceless. , Little Ye Zi, hurry up and integrate this heart of gods and demons into your own body. It will provide you with a steady stream of power and vitality, and the origin of gods and demons contained in the hearts of gods and demons will be released subtly. , will help you reborn and accelerate your cultivation."

When Ye Feng heard Xiao Yao say this, he couldn't help but show a trace of surprise in his eyes, and said: "Integrate this heart of gods and demons into my body?"

Ye Feng's original idea was to directly use his devouring ability to devour the heart of the god and demon.

But if you think about it carefully, this would be a bit of a loss.

Because he used the Devouring Domain to devour the hearts of gods and demons, what Ye Feng finally got was pure energy, and all other beneficial things were smelted away by the oven of creation.

The method Xiao Yao mentioned is to directly integrate this heart of gods and demons into your body and integrate it with your own heart. This is the most effective method.

Because of this

Come, it is equivalent to having a heart of a god and a demon.

The heart is the strongest organ in the human body.

If a person has a heart of gods and demons.

How terrifying would that be?

I'm afraid it can make a person burst out with tremendous power!

"Okay, let's do it!"

Ye Feng thought for a moment, then his eyes fixed, and he immediately asked: "Xiaoyao, how should I fuse this heart of gods and demons now?"

Xiaoyao said with a smile: "It's very simple, that is to break open your chest, activate your own heart, and suck in the heart of the gods and demons for fusion."

When Ye Feng heard what Xiaoyao said, the corners of his mouth twitched and said, "So direct? Xiaoyao, are you sure you are not kidding me?"

Xiaoyao shook her head and said: "Little Ye Zi, why am I joking with you? Don't worry about mother-in-law and mother-in-law, hurry up and start. Hurry up and fuse the hearts of gods and demons, so as to avoid long nights and dreams."

Seeing this, Ye Feng could only nod with difficulty and said, "Okay, that's it."

Poof!

Next, Ye Feng used the sharp blade of the golden giant sword to cut open his chest.

Then according to Xiao Yao, he quickly brought the heart of the gods and demons close to his own heart, and then activated the power.

"Buzz!"

And almost at this moment, the heart of the gods and demons truly merged into Ye Feng's own heart.

An incomparable power spread from Ye Feng's heart to his entire body in an instant.

At this moment, Ye Feng truly possesses a perfect heart of gods and demons. Every time his heart beats, it is like the heart of an ancient giant beast, strong and powerful, and extremely frightening.

Chapter 1585 The Demonic Disaster

After fusing the heart of gods and demons, Ye Feng could clearly feel that his heart was able to provide him with extremely powerful energy and motivation at all times.

However, Ye Feng is still unable to absorb all the gods and demons' origins in the hearts of gods and demons. It is too difficult. He can only slowly let the gods and demons' hearts actively release the gods and demons' origins. From the position of the heart, along the major meridians, The limbs and bones penetrated the whole body, subtly transforming Ye Feng's body.

At this time, Ye Feng suddenly saw several figures flying not far away.

It was Bai Susu, Xiao Longnu, Golden Goshawk and Qingqing who escaped earlier.

They flew over at this time, staring at Ye Feng with a hint of expectation in their eyes.

Ye Feng saw the looks of several people, nodded slightly, and said: "The heart of gods and demons has been obtained, and it has been integrated into my heart. From then on, I have a heart of gods and demons from ancient times. "

"Very good!"

Bai Susu was the happiest at this time and couldn't help but said: "Brother Ye Feng, this is a great blessing. A heart of gods and demons is a priceless treasure, representing unlimited potential. This time after we return to the Northern Divine Academy, if you tell this, the higher ups of the seminary will know that you have a heart of a god and a devil, and they will definitely focus on cultivating you. No matter how powerful the Shangguan family is, they will not dare to strangle you openly. "

Hearing this, Ye Feng couldn't help but smile slightly and said: "Yes, I think so too, but the heart of the gods and demons is very important. In order to prevent being targeted by others, I will tell the upper management of the temple in detail when the time comes. I will make plans later. "

Bai Susu nodded and said, "Yeah, okay."

"Are you going back to the Northern Star Territory?"

At this time, Xiao Longnu spoke up, her tone seemed to be reluctant, and said: "Big brother, big sister, you don't have to leave so fast. Come to my Shenlong Academy to have fun, I will treat you well."

Yours. "

Ye Feng smiled and touched Xiao Longnu's little head and said: "Little girl, please go back next time. Your eldest sister and I are anxious to go back now, because we have been away from the Northern Temple for too long this time and need to go back. Otherwise, he might be classified as an abnormal disciple by the upper echelons of the seminary."

"That's it..."

Xiao Longnu pouted her lips and could only nod her head slightly disappointedly without saying anything more.

At this time, Qingqing also walked in front of Ye Feng.

This descendant of the Western Kingdom, who is also a disciple of Shenlong Academy, stared at Ye Feng, a little shy, and said: "Senior Brother Ye, thank you for protecting me and taking care of me along the way this time, otherwise I wouldn't have said that I got it. The inheritance of the Western Queen's Mother Kingdom is probably a question of whether it can survive."

Ye Feng smiled, patted Qingqing's thin shoulder, and said: "Practice hard, and when I come to the Eastern Star Territory next time, I will go to Shenlong Academy to see how you progress."

Ye Feng still likes Qingqing, a simple and shy girl.

At this time, Ye Feng looked at the golden goshawk beside him and said: "You can follow me next."

The golden goshawk nodded and said: "Wherever the master goes, I will go."

Ye Feng nodded, then looked at Xiao Longnu and Qing Qing, and said: "You should also leave this storm island quickly. That eternal ancient demon may break through the interface barrier at any time, so hurry up and return to the big force behind you. the safest."

Uh-huh!

Uh-huh!

After saying that, Ye Feng and Bai Susu, carrying the golden goshawk, three figures jumped up

He jumped and flew away quickly.

"Big brother! Remember to come to Shenlong Academy to see me!"

Xiao Longnu immediately shouted loudly.

...

The cultivation levels of Ye Feng, Bai Susu and Golden Goshawk are not weak.

They are very fast.

Less than half a month.

They had left the Eastern Star Territory, passed through the middle Sea of Stars, and returned to the Northern Star Territory.

When passing by the Sea of Chaotic Stars, Ye Feng could clearly feel that a terrifying and boundless wave of life was hidden in the depths of the Sea of Chaotic Stars.

That must be the Taixu Fire Emperor's life fluctuation, which is very terrifying, like an ancient giant beast.

However, Ye Feng did not visit the ancient figure Taixu Fire Emperor again, but passed directly through the Chaos Star Sea.

Because he felt that it was of no great significance to visit Taixu Fire Emperor now.

On the contrary, this eternal rigor mortis may plot against his newly fused heart of gods and demons.

Ye Feng and Taixu Fire Emperor have always been friends and foes.

Therefore, Ye Feng has always been wary of Taixu Fire Emperor.

"We are almost at the edge of the Northern Divine Monastery."

At this time, in the starry sky in the northern star field, Bai Susu said with a smile.

"There is a Starry Sky Tower not far away. That is the edge guard tower of the Northern Territory Temple."

Ye Feng also smiled and said, he still remembered this edge place, they had been there before.

"Um?"

But after they continued walking for nearly half an hour, they saw a very shocking scene.

The one not far away

The guard tower on the edge of the Northern Divine Monastery was actually occupied by a group of demons at this time. The demonic energy was soaring into the sky, and all the human warriors inside were apparently killed.

"What? The guard tower of our Northern Divine Academy was actually occupied by the Demon Clan? How is this possible?"

At this moment, Bai Susu immediately looked away and couldn't figure out why.

Because even the guard tower in the fringe area is still the territory and stronghold of the Northern Divine Academy.

Normally, the Demon Clan or the Demon Cult would not dare to invade at all. At most, they would cause trouble in the Northern Star Territory outside the territory of the Northern Territory Temple.

But this time, the Demon Clan actually occupied a guard tower on the edge of the Northern Territory Temple.

This is really shocking.

"Did something big happen in the Northern Star Territory while we were away?"

Bai Susu couldn't help but said.

Ye Feng thought for a while and said: "It seems that the devil has started to cause chaos in the northern star region. I don't know what the situation is now. It seems that we have to ask."

Bai Susu was a little confused and said: "How to ask?"

Ye Feng stared at the guard tower occupied by the Demon Clan not far away, grinned, and said: "Of course, ask the Demon Clan directly. You must know that our current strength is no longer what it was before. Now that he is weak, he can be regarded as a top-notch expert even in the great battle in

the Northern Star Territory. There is no need to be so timid. Let's just go to the guardian tower and ask the commander of the Heavenly Demon Tribe."

Uh-huh!

At this time, Ye Feng said, and strode directly towards the guardian tower with soaring demonic energy.

The golden goshawk follows closely behind.

Bai Susu looked at Ye Feng's leaving back and couldn't help but sigh: "Brother Ye Feng is becoming more and more strong."

Chapter 1586 Demon Queen

Uh-huh!

At this time, Ye Feng flew towards the guard tower that had been occupied by the demon.

Bai Susu and Golden Goshawk followed closely behind.

But before they could get close to the guard tower, a group of more than a dozen demon soldiers blocked their way. .??.

The leader of the demon is a tall and majestic demon general.

The aura of cultivation emanating from this demon general is impressively at the level of the tenth level of the divine realm!

At the tenth level of the divine realm, he is definitely considered a master among masters in the northern star region.

Even in the Northern Divine Monastery, those who are at the tenth level of the divine realm are definitely extremely powerful beings and are elder-level big shots.

But at this time, there is such a powerful demon general in the guard tower in this edge area.

This is obviously extremely scary.

This shows that the strength of the Demon Clan is really very powerful.

At this time, the demon general, with a group of demon warriors, blocked Ye Feng's path in an instant.

This demon general, who is at the tenth level of the divine realm, stared at Ye Feng and the others with a hint of ridicule in his eyes, and said: "Human race, you guys are so brave, you dare to Come directly to our Demon Clan's headquarters?"

Ye Feng smiled coldly and said: "This place was clearly the guard tower of our Northern Divine Academy before, but I didn't expect that it is now occupied by your demon clan."

When the Heavenly Demon General heard this, his eyes immediately showed surprise and said: "How long have you not returned to the Northern Star Territory? Now the entire Northern Star Territory has long been in chaos, and the Northern Territory Temple is also in danger. It seems that how many of you have You are all disciples of the Northern Divine Academy who are training outside. You don't know that the world has changed, so I just took you in. You can use it to sacrifice one of my magic weapons!"

boom!

At this time, as the demon general spoke, a white bone demon sword appeared in his hand.

The moment the Bone Demon Sword appeared, a burst of ghostly cries and howling sounds rang out.

A faint shadow of the demon god suddenly appeared on the blade of the bone demon sword, with its teeth and claws showing, terrifying and ferocious.

"Demon Sky Slash!"

The Demon General roared loudly, holding the White Bone Demon Sword in his hand, and instantly rushed towards Ye Feng, killing him fiercely.

"Too weak, I'll kill you with one punch."

But at this time, Ye Feng shook his head in disdain and slapped him away.

"Boom!!"

Suddenly, Ye Feng's hand turned into a huge hand of chaos, as if it was made of the strongest material in the world, full of unparalleled terrifying destructive power and energy.

"Snapped!"

After the demon leader was hit that day, the bone demon sword in his hand broke instantly.

His entire demonic body was shattered inch by inch in an instant.

"ah!!"

The demon general suddenly let out an extremely sad howl.

But before his voice could finish, the entire demonic body had exploded into a bloody mist.

"What??"

When a group of demon warriors around saw this scene, their eyes suddenly revealed a look of deep horror.

Originally, their eyes were full of pride and disdain for the human race.

But now, the sudden appearance of this young man in black made them feel deeply afraid.

Because this man was so powerful, even their generals were beaten into blood mist.

What kind of cultivation strength is this?

It's really scary!

At this moment, a group of demon warriors all moved towards

Escape from a distance.

Because this young man from the black-clothed human race gave them a really terrifying feeling.

"Hurry up and report to Her Majesty the Queen, a top expert from the human race is coming in with a quick attack!"

At this time, a group of demon warriors fled frantically towards the interior of the guard tower.

At this time, Ye Feng did not stop him.

Ye Feng had already sensed the Demon Queen when he first set foot here.

The cultivation level should be around the second level of Qiankun Realm.

For ordinary warriors, he is indeed a very terrifying figure.

But for Ye Feng now, it is nothing to be afraid of.

Because Ye Feng has completely transformed now.

Since the trip to the Eastern Star Territory ended, Ye Feng felt that he had returned to the Northern Star Territory. Apart from some hidden old monsters, he really had nothing to fear.

So at this moment, Ye Feng dared to be so arrogant and rushed directly into the guard tower occupied by the demon.

"Devouring the Realm!"

At this time, Ye Feng released the Devouring Domain.

Buzz!

Immediately, the energy and blood of the demon general who was killed before was absorbed.

At this moment, Ye Feng immediately felt an abundant life energy injected into his body.

"But it's not enough!"

Ye Feng stared at the depths of the guard tower and murmured, "I still need more powerful energy to completely transform my cultivation."

boom!

And almost at this moment.

A majestic demonic energy suddenly burst out from the depths of the guard tower.

"Who dares to kill my first general? Have you eaten the heart of a bear and the courage of a leopard?"

? "

Along with a sharp female voice, a graceful woman with an enchanting appearance appeared.

She has a perfect figure and an extremely beautiful face.

But it is a real demon clan!

"This is a noble member of the Demon Clan, so she can call herself queen."

Bai Susu spoke from beside her at this time, with a hint of fear in her tone.

Because the cultivation aura emanating from that Demon Queen was extremely terrifying.

Astonishingly, he is a powerful being at the second level of the Universe Realm!

In other words, this is a strong man who is comparable to many elders of the Northern Divine Seminary!

The Demon Queen stared at Ye Feng with a pair of beautiful eyes filled with demonic energy, and said coldly: "It's you who just killed my first general? Where is his body?"

Ye Feng smiled slightly and said: "That first general of yours was too weak. I accidentally beat him into a blood mist. Naturally, his body was gone. Now it's your turn."

"presumptuous!"

A group of dozens of god-level demon guards immediately flew out of the guard tower.

They were all wearing metal armor, holding powerful soldiers, and their eyes were full of majesty.

Obviously, this group of demons is the most elite escort team under the Queen of Demons, and their fighting spirit and murderous aura are very strong.

"kill!"

"Anyone who dares to offend the Queen must die!"

...

Dozens of gods-level Heavenly Demon clan guards charged together, and the power was still very terrifying.

It's like a torrent of steel, capable of crashing into everything and shattering everything.

The Demon Queen of that day also crossed her arms at this time, with a joking look on her face. It seemed that she did not intend to take action, but wanted to watch Ye Feng being crushed by her powerful guards from an overlooking attitude!

Chapter 1587 Unbelievable

Looking at the torrent of steel rushing over, Ye Feng's eyes showed no fear at all.

Instead, he smiled faintly and said: "Don't say dozens, even hundreds or thousands of you, they will not be my opponents. My real opponent is your Demon Queen!"

Ye Feng was very interested in the Demon Queen who seemed to have the noble bloodline of the Demon Clan.

If he could devour and refine the Demon Queen of that day, maybe his cultivation would reach another breakthrough.

At this time, Ye Feng rushed forward instantly.

"boom!"

A huge and boundless martial arts aura suddenly burst out from his body.

At this moment, Ye Feng's whole person seemed to have suddenly transformed from a small person into an ancient giant, full of terrifying collision force.

"Boom!"

Almost at this moment, Ye Feng collided with dozens of demon guards.

"Pfft!"

"Pfft!"

"..."

Almost at this moment.

Every one of the Heavenly Demon clan guards who were hit by Ye Feng were smashed into pieces in an instant.

This so-called torrent of steel is extremely fragile in front of Ye Feng personally, and is no match for Ye Feng at all.

"ah!"

"ah!"

At this moment, each of the Heavenly Demon Clan guards howled in agony.

Their eyes were filled with fear.

Because they felt that the human race they collided with was like an ancient giant beast. The impact was so terrifying that they could not resist it at all.

"stop!"

As for the Demon Queen, who was looking at the one-sided battle, the joking look on her face immediately disappeared.

She roared angrily, and a large flag suddenly appeared in her hand. Ancient demonic characters were engraved on the flag, and it looked like

Full of ancient and historical vicissitudes of texture.

At this moment, a violent demonic energy rushed out from the big flag and instantly turned into a big black hand, directly bombarding Ye Feng's face.

"boom!"

Ye Feng waved his fist and hit the big black hand head-on.

"Deng Deng Deng!"

In an instant, Ye Feng immediately took several steps back before finally stopping.

"As expected of a strong man in the Qiankun Realm, he is really powerful!"

Ye Feng felt the huge power coming from his fist just now, and his eyes couldn't help showing a trace of surprise.

"How can it be?"

But the one who was most shocked at this time was the Demon Queen.

Because she is very aware of the power of the big flag in her hand.

This big flag is a treasure passed down from her ancestors. It is a treasure with ancient power among the demon clan.

Not to mention Ye Feng is a tenth-level warrior in the divine realm, even a second-level warrior in the Qiankun realm who is in the same realm as her will be seriously injured in an instant if he is hit by the big flag in her hand.

But what shocked her to the extreme was that Ye Feng didn't suffer any serious injuries, or even minor injuries. He just took several steps back.

this.....

Still human? !

The Demon Queen's eyes were filled with deep surprise.

Only then did she look at Ye Feng carefully.

The Demon Queen discovered that the surface of Ye Feng's body was actually exuding wisps of chaos energy.

"Could it be that this boy has a rare physique among the human race and is a peerless genius?"

The Demon Queen knows very well that there are some people in the human race who are born with kingly physiques and have incredible powers.

ability.

"Just right!"

The Demon Queen smiled cruelly and said: "Human boy, I didn't expect that you have a special physique among the human race and are so powerful in combat. That's just right. After I capture you, I can refine you into my puppet demon." "General, he will definitely be able to explode with great power."

Ye Feng's eyes were indifferent and his face was calm, and he said: "I also have this idea. It would be very interesting if I could subdue a queen of the demon clan and become my slave."

The Demon Queen smiled coldly and said: "Don't be too happy. If you think you can fight me just by blocking one of my attacks, then I can only say that you are too naive. My true power has not yet been revealed." come out." .??.

"boom!"

Almost as soon as the Demon Queen finished speaking, she waved the big flag in her hand, and the demonic mist that covered the sky appeared in an instant.

The magic mist was extremely thick and full of violent toxins, covering the entire front in an instant.

Ye Feng's entire body also disappeared into the magic mist.

"Brother Ye Feng!"

Bai Susu's eyes were startled, and she quickly wanted to rush in.

"Hahaha! Just some poisonous mist, just want to kill me? Demon Queen, then you think too highly of yourself!"

But suddenly at this moment, Ye Feng's laughter suddenly came out from the thick black magic mist.

Almost at this moment, Ye Feng's body burst into divine light, and he rushed out of the magic mist.

"Uh-huh!"

At this moment, his whole body was filled with two kinds of holy fire, blending together.

"Sword Qi Fire Storm!"

Ye Feng held the golden giant sword in his hand and suddenly slashed forward.

Almost at this moment.

"Rumble..."

The endless flames, accompanied by the terrifying edge of the sword energy, suddenly enveloped the entire guard tower in front. Including the Demon Queen, they were all covered by the endless sword energy and storm.

"ah!"

"ah!"

"ah!"

Almost at this moment, a series of miserable howls suddenly sounded in the sword energy fire storm.

Wait until the smoke clears.

The entire guard tower was completely empty.

The tens of thousands of heavenly demons stationed here were all scorched in the fire storm and turned into corpses. The scene looked extremely terrifying and horrifying.

At this moment, even the powerful Demon Queen suffered heavy injuries, her black hair was burnt, and the treasure flag she held in her hand was burned to pieces.

"How can it be....."

The Demon Queen's eyes were filled with fear and deep disbelief.

She never thought that the human boy opposite, who was only at the tenth level of the divine realm, would have such terrifying strength.

And that kind of flame is really terrifying.

That is definitely not mortal fire!

At this time, the Demon Queen's momentum was exhausted. She stared at Ye Feng not far away and said with difficulty: "What kind of flame is the most powerful flame you just displayed? Even the magic weapon banner passed down from my ancestors is... It's irresistible, how is this possible?"

Ye Feng smiled slightly, took back the golden giant sword in his hand, walked towards the Demon Queen, and said: "You are no longer qualified to ask questions. Now I want to ask you questions. I ask a question, and you answer. Otherwise, you will be killed and you cooperate with me honestly. Maybe I will let you be my maid because you are of the noble blood of the Demon Clan. After all, you are still very powerful in the second level of Qiankun Realm. It would be a pity to kill you directly. "

Chapter 1588 It's as difficult as climbing to the sky

The Demon Queen suffered heavy injuries at this time, and the injuries all over her body were extremely serious.

She was severely injured by Ye Feng's flames and was unable to resist at all for a short time.

At this time, the Heavenly Demon Queen stared at Ye Feng coldly and said: "It's impossible for a Heavenly Demon noble like me to lower his head. Just kill me."

Ye Feng smiled slightly and said: "There is still a use for me to keep you. Now that the demons in the entire northern star region are in trouble, I need an internal response, and you are my internal response in the demon clan."

Hearing what Ye Feng said, the Demon Queen immediately smiled sarcastically and said, "You'd better kill me, because it's impossible for me to become your internal agent. It's impossible for me to betray my race."

Ye Feng immediately smiled and said, "That's not up to you."

Uh-huh!

Almost at this moment, Ye Feng stretched out a hand and pressed it on the top of the Demon Queen's head.

"boom!"

Almost at this moment, a huge amount of soul power rushed directly from Ye Feng's palm into the soul world of the Demon Queen.

"Uh-huh!"

At this time, Ye Feng directly used the Soul Emperor Seal!

"Buzz!"

Ye Feng's soul immediately appeared as the Soul Emperor and directly entered the soul world of the Demon Queen.

This is a dark and borderless world of nothingness, which is the soul world of the Demon Queen, the Demon Clan.

Buzz!

A soul emperor stands tall in this soul world.

Full of endless pressure!

"Who are you among the human race? You can actually enter my soul directly?"

At this moment, in the soul world, the spirit of the Demon Queen made a fearful sound.

Her soul has taken shape and is in a humanoid soul state.

But in Ye Feng's soul,

In front of the emperor, he was as small as an ant.

At this time, Ye Feng suddenly flew in front of the soul of the Demon Queen.

He stretched out his hand, pinched the Demon Queen's soul, and said: "Hypnotize!"

boom!

In an instant, endless and huge soul power surged towards the Demon Queen's soul crazily.

Ye Feng launched his soul master method, which was full of terrifying attack power.

Half an hour later.

Ye Feng's soul returned to his original body.

He has finished hypnosis.

at this time.

Ye Feng looked at the Demon Queen in front of him again.

At this time, the Demon Queen has been controlled by hypnosis.

She lowered her head, stared at Ye Feng, with a submissive look in her eyes, and said: "Greetings to the master, I will be the master's slave from now on."

Bai Susu next to her could only sigh when she saw this scene.

The methods of Ye Feng's younger brother are really mysterious.

At this moment, Ye Feng looked at the Demon Queen in front of him and said, "Take me into your castle to rest first. I have something to ask you."

"OK."

The Demon Queen immediately led a few people towards the guard tower.

At the top of the guard tower stands a huge castle.

This huge castle is made entirely of blue-yellow stone. It is engraved with magic patterns and looks full of vicissitudes of time and ancient profound aura.

After a few people entered, they immediately saw that the entire castle interior was simply magnificent.

Incomparably gorgeous.

At this time, Ye Feng immediately sat on the middle seat.

At this time, he stared at the Demon Queen below and said, "When did the Demon Disaster begin?"

The Demon Queen answered honestly: "About three months ago."

Ye Feng was surprised, looked at Bai Susu next to him, and said, "That happened to be when we left the Northern Divine Academy."

Bai Susu nodded and said: "That's really a coincidence. We just happened to avoid the beginning of the demon disaster."

At this time, Ye Feng continued to ask the Demon Queen, "To what extent has your Demon Clan occupied the entire northern star region now?"

The Heavenly Demon Queen immediately spoke out: "This time, not only our Heavenly Demon Clan, but also the major dark creature races, the Hell Clan, the Vampire Clan, etc., are all out to compete for your human race's territory. After all, all the most abundant resource in the universe is the starry sky area occupied by your human race. There are vast star fields and stars here, as well as starry sky mineral deposits. Our dark race has always been very coveted. Now the entire northern star field is 100% Fifty of them have been occupied by our dark race."

Ye Feng's eyes darkened at this time and said: "Have your dark race occupied fifty percent of the northern star territory?"

This was something Ye Feng didn't expect. He didn't expect the dark race to move so fast.

However, Ye Feng knows that the power of the dark race is huge, and the demon race alone is already very terrifying.

So at this time, Ye Feng looked at the Demon Queen and said, "You can find a way for me to quickly return to the Northern Territory Temple."

The Demon Queen showed a look of embarrassment on her face, and said: "Now the entire Northern Star Territory is guarded by strong men of our dark race, almost separating the Northern Territory Temple from the outside world.

Absolutely, if you want to pass through all the obstacles and enter the Northern Territory Temple, it may be as difficult as climbing to the sky. "

Ye Feng's eyes turned cold and he said: "Queen of Demons, I think you have to figure it out. The reason why I kept you alive is because you are still valuable to me. I said that if you want to return to the Northern Divine Academy, you must Come up with something for me."

When the Demon Queen heard this, she was so frightened that she turned pale. She quickly knelt down in front of Ye Feng and said, "Master, calm down! Master, calm down! I will find a way right now, and I will definitely satisfy the master." of!"

At this time, the Demon Queen said and immediately left the castle, seemingly ready to communicate with other Demons.

At this time, Bai Susu was a little worried and said: "Ye Feng, this Demon Queen won't just run away."

Ye Feng smiled and said: "Don't worry, I have completely hypnotized this Demon Queen. Although she has independent consciousness, she cannot betray me. In her subconscious, she must obey me."

Hearing this, Bai Susu nodded and said, "In this case, that's the best. Let's just wait for now."

Ye Feng said: "That's right, no matter what, we can't rush back to the Northern Territory Temple now. After all, nearly half of the entire Northern Star Territory has been occupied by dark races such as the Demon Tribe and the Hell Tribe."

Bai Susu sighed and said: "I didn't expect that in just a few months, the northern star field has undergone such a big change."

Ye Feng nodded and said: "If it really doesn't work, we can go to the Taixu Fire Emperor and practice in the Chaos Star Sea."

Bai Susu smiled and said: "Brother Ye Feng, haven't you always been very afraid of the Taixu Fire Emperor?"

Ye Feng shrugged, smiled helplessly, and said: "If the entire Northern Star Territory really falls, then the only option is to seek refuge with the Taixu Fire Emperor, or to enter the Eastern Star Territory, find Little Dragon Girl, and enter the Divine Dragon Academy."

Chapter 1589 Purple Flame Divine Bull

It took about three or four days to wait.

The Demon Queen is finally back.

Behind her were several figures wrapped in black cloaks.

At this time, the Demon Queen came to her castle with three figures in black robes.

Ye Feng was standing in front at this time. When he saw the return of the Demon Queen, he couldn't help but said: "How is it? Have you found a solution?"

The Demon Queen nodded and said, "We found a way."

As she spoke, she turned around suddenly and struck out boldly. A jade-like hand stretched out and turned into a ferocious black claw. It pierced the chests of the three black-robed figures behind her and killed them instantly.

Bang!

Bang!

Almost at this moment, three figures fell to the ground, their hoods lifted, and they were all demons.

Ye Feng looked confused and said, "What does this mean?"

The Demon Queen immediately clasped her fists and said respectfully: "Master, these three are all nobles of the Demon Clan, with names and surnames. Now I will kill them all and give their identities to the Master and the Master's two friends. In disguise, maybe I can take you through the levels and enter the current territory of the Northern Divine Academy."

Hearing this, Ye Feng couldn't help but move his eyes and said: "This is a way, you can give it a try."

After saying that, Ye Feng looked at Bai Susu and Golden Goshawk beside him and said, "You all should disguise yourself."

Uh-huh!

Bai Susu flashed over in an instant, put a black robe on her body, and put the identity token of the dead Demon Clan noble on her waist.

The golden goshawk also transformed into a human form in a ray of light, a young man.

He also picked up a set of black robes and an identity token, pretending to be a demon noble.

At this time, Ye Feng grabbed a token with his palm.

"Agu."

Ye Feng saw that the name on his identity token was "Agu".

At this moment, Ye Feng was running his skills, and his whole body's skills suddenly changed dramatically.

Directly from the vast and masculine human fighting spirit, it turned into a dark and sinister demonic spirit.

It was as if he had transformed from a human being into a complete demon in an instant.

Even the Demon Queen showed deep surprise in her eyes when she saw Ye Feng's changes.

Because the change in Ye Feng's aura was really a fundamental change, which was really shocking.

The Heavenly Demon Queen couldn't help but murmur at this moment: "If I hadn't known that the master was a pure human race, maybe I really felt that the person standing in front of me at this time was a pure-blooded king of my Heavenly Demon Clan!"

Ye Feng grinned and said: "Let's go, let's go directly, don't waste time."

The Demon Queen nodded and said, "Okay, let's just start from this guardian tower and walk in the southeast direction."

The group of people walked together towards the distance.

At this time, Ye Feng, Bai Susu and Golden Goshawk all put on black cloaks.

The Demon Queen was leading the way.

Along the way, they saw groups of dark creatures, including the Heavenly Demon Clan, the Hell Clan, the Black Winged Clan, etc., wandering around in the starry sky, exuding strong demonic aura.

In addition to the demons, they also saw many human demonic monks, who were also mixed among these dark creatures, just like puppet troops.

"These human demons

Dao monks should all be members of the Demonic Poison Sect. "

At this time, Bai Susu spoke out under the black robe.

Hearing this, Ye Feng nodded slightly.

When he first joined the Northern Territory Seminary, he had already dealt with people from the Demonic Poison Cult.

The human cultivators of the Demonic Poison Cult basically betrayed the human race and became vassals of the race of dark creatures.

Nowadays, in the demonic chaos in the Northern Territory, the Demonic Poison Sect has become the vanguard and the puppet army, specifically dealing with the righteous monks and warriors of the Northern Territory Temple.

However, when Ye Feng and Bai Susu saw this, they did not say anything. They just followed the Demon Queen silently, hoping to pass through the encirclement of these dark races and return to the Northern Divine Academy as soon as possible.

Ye Feng actually doesn't have much sense of belonging to the Northern Territory Seminary.

He just regarded the Northern Territory Temple as a place of cultivation for him.

The reason why Ye Feng did not choose to leave the Northern Star Territory was because he wanted to profit from this huge war.

This is a great opportunity to gain endless energy.

And now that the devil is in trouble, the Northern Divine Academy will definitely be shaken.

After he returns, even a big silver power like the Shangguan family will definitely be in a hurry and have no time to deal with him.

That's why Ye Feng finally decided that it would be better to return to the Northern Territory Seminary.

"Hurry up and kill that giant starry sky beast! That's a whole mine of starry sky spiritual crystals!"

Just when the Heavenly Demon Queen and Ye Feng and his party passed by a Heavenly Demon Clan starry sky bunker.

In a starry sky area not far away, a group of demon soldiers were roaring loudly.

"Starry Sky Spirit Crystal Mineral Veins?"

Ye Feng's eyes moved slightly and he stood up

The horse looked toward the starry sky not far away.

He immediately saw a huge floating mountain standing in the starry sky not far away.

In the collapsed mountain of the floating mountain, pieces of shiny stone appeared unexpectedly.

Those are all starry sky spiritual crystals!

It is a very high-grade crystal among spiritual crystals.

Contains the incomparably majestic power of the starry sky!

If ordinary warriors devour and refine it, there is a certain probability that they can condense the starry sky body.

When you practice in the future, you will be able to draw a steady stream of star power from the starry sky in the universe.

For warriors, it has huge benefits.

"Roar!!"

But at this time, a giant starry sky beast the size of a star, like a rhinoceros tens of thousands of times larger, was guarding the front of the starry sky spiritual crystal mineral vein, roaring crazily, and spraying out a stream of water from its bloody mouth. A monstrous purple flame can burn hundreds of demon soldiers to ashes in an instant. It is really terrifying.

"Purple Flame Divine Ox!"

Bai Susu was well-informed and immediately recognized the identity of this fire-breathing starry sky beast.

She said aloud: "This is a relic of a starry sky beast that has inherited the bloodline of the ancient Vulcan. It is very powerful. The purple flames it spurts are comparable to ordinary holy fires. It can melt gold and iron, even powerful demons." The body of the clan will be burned to ashes in an instant."

The Demon Queen said at this time: "Let's leave quickly, this is not something we can interfere with."

"etc."

Ye Feng suddenly spoke up at this time: "I am very interested in the beast fire of the Purple Flame Divine Bull and the starry sky spiritual crystal mine. Perhaps it can help me transcend the tenth level of the divine realm. The level of Dzogchen has completely transformed into the realm of heaven and earth!"

Chapter 1590 Conquering the Giant Beast

At this time, Ye Feng said, staring at the purple flame sacred cow in the starry sky opposite.

The Purple Flame Divine Ox is extremely majestic and huge, like a planet, standing in the starry sky, giving people a heavy and vast aura.

"Roar!!"

At this time, under the siege of a group of tens of thousands of demon warriors, although his body had suffered a lot of wounds, he was still roaring and full of ferocity.

And every time the Purple Flame Divine Bull roars, it releases endless purple flames, burning many demon clans into nothingness and turning them into ashes.

Many demon warriors had fear in their eyes.

This starry sky beast is really difficult to deal with.

At this time, Ye Feng was flying towards the starry sky area with the Demon Queen and others.

There was a look of worry on the beautiful face of the Demon Queen, and she said: "Master Ye Feng, that Purple Flame Divine Bull is a very advanced starry sky beast. It inherits the blood of the ancient Vulcan in its body, and its purple flame, It is an advanced flame comparable to the holy fire."

The Demon Queen said, her tone full of fear.

Ye Feng looked at the beautiful witch next to him and said with some surprise: "You are a powerful demon noble with the second level of cultivation in the Qiankun realm, and you are still afraid of a giant beast in the starry sky?"

The Demon Queen couldn't help but smile bitterly and said: "Such a high-level starry sky beast is like a war fortress. The collision force and destructive power are very terrifying and terrifying, and cannot be shaken by human power."

Ye Feng smiled slightly at this time and said: "Then I would like to see whether this purple flame sacred cow is as powerful as you said."

boom!

Almost at this moment, a huge and boundless momentum surged out of Ye Feng's body, and he jumped into the starry sky not far away.

He floated in front of the Purple Flame Divine Bull, staring at this behemoth, trying to see where the weakness of the giant beast in front of him was.

.

Because the entire body of this purple flame sacred cow is covered with dense purple scales, as if it is made of purple gold. It is indestructible, flowing with immortal metallic luster, and looks cold and solid.

At this time, the moment Ye Feng appeared, a group of demons around him suddenly had doubtful looks on their faces.

"Who is this kid? Dare you fly directly in front of the Purple Flame Divine Ox?"

"He doesn't want to live anymore! Come back quickly! This is simply a way to die!"

At this time, a group of demon warriors immediately shouted loudly.

"Don't worry about him."

At this time, the Demon Queen suddenly spoke up: "This one is a very powerful peerless genius in our clan, possessing extremely powerful combat power."

"Meet the nobility!"

"Meet the nobility!"

"..."

The moment the Heavenly Demon Queen appeared, all the Heavenly Demon clan warriors immediately spoke respectfully.

They felt the oppression of the nobility from deep within their bloodline.

However, even though the Demon Queen said so, there are still many Demon warriors who simply do not believe that Ye Feng is so powerful.

So at this time, although many demon warriors said nothing more, they still stared at the young black-robed man in the starry sky with suspicious expressions.

At this moment, under the horrified gaze of everyone, Ye Feng rushed towards the huge and majestic purple-flame sacred bull.

"What?"

"He actually wants to rush directly in front of the Purple Flame Divine Ox?"

"Is he going to fight directly with his body? Is he crazy? Even if
