Chapter 1601 Nine-tailed Serpent

Crouching dragon and phoenix chick?

Ye Feng heard what Xiaoyao said and couldn't help but shook his head and said: "What kind of sleeping dragon and phoenix am I? My father is now integrated with the will of the first universe and is in a state of chaos. I don't know whether he can succeed or not. I don't know whether she is dead or alive, and although my mother is a royal goddess of the Gu Clan Kingdom, she has been imprisoned. "

When Xiaoyao heard what Ye Feng said, a look of astonishment suddenly appeared on her face, then she nodded and said, "That's indeed a bit tragic."

After saying that, Xiaoyao stretched out her little hand, patted Ye Feng's shoulder, and said with a smile: "But little Ye Zi, you don't have to be sad, there is still this queen with you, I will help you save your father and find your mother in the future!" .??.

Ye Feng looked at the Queen of Yaochi in the form of a little girl beside him. The little girl's vow was very touching.

"good."

Ye Feng nodded, stretched out his arm, hugged Xiaoyao's thin shoulders, laughed and said, "We will walk together in the future."

After the words fell, Ye Feng looked at the bronze pillar in the world of the Queen's Picture and said: "Xiao Yao, you just said that you can release and suppress a vicious creature from the ninth level of the Qiankun Realm. Then release one now. I want to Try my bloodline talent and improve your strength."

Xiaoyao nodded immediately and said, "Okay, I'll start now."

Buzz!

At this time, Xiaoyao stretched out her white jade-like hand and pressed hard on the towering bronze pillar in front of her.

She was murmuring loudly, as if stimulating the power of the entire Queen's Diagram to activate the bronze pillar a second time.

Because now, under Xiao Yao's intentional refining, this bronze pillar from the God Realm is about to become one with the entire Queen's Picture.

So at this time, Xiaoyao has almost become half the owner of the bronze pillar.

At this time, as Xiao Yao exerted his power, the top of the bronze pillar, which was as tall as the support of heaven and earth, suddenly burst out with a green light.

The cyan light shines straight down,

In front of Ye Feng and Xiaoyao, a huge space portal condensed on the ground.

"Buzz!"

Along with an ancient and vicissitudes of wilderness air, a nine-tailed snake covered with pitch black scales slowly walked out of the space door!

This kind of beast is unheard of. It is definitely a strange species from ancient times. It has never appeared in the universe and has not even been recorded in books.

"Roar!!"

At this time, the released nine-tailed snake let out a terrifying roar. The roar almost shook the entire mountain, river and land, exuding a monstrous aura.

"Crash!"

"Crash!"

But at this moment, Xiao Yao moved her little hand, and thick bronze chains, densely packed with thousands of them, burst out from the bronze pillars in an instant, piercing the roaring and struggling nine-tailed snake instantly. His body was locked tightly, unable to move at all.

"very good!"

When Ye Feng saw this, his eyes lit up instantly, he flew high into the sky, and shouted: "Come out, my third bloodline talent, the Altar of Heaven!"

The Altar of Heaven is the third bloodline talent that Ye Feng awakened by practicing the Chaos Heavenly Emperor Technique.

As long as you kill and sacrifice the extremely evil big demon on the altar of God, you can get all kinds of opportunities and blessings from God.

Because the Altar of Heaven is said to have been cast by the gods and monarchs in ancient times, adhering to the destiny of heaven and earth.

Killing the most vicious ancient demons is for the righteous path of heaven and earth. The will of heaven and earth will naturally reward the slayer with various opportunities and good fortunes, because it is for the sake of exterminating demons and defending the path of heaven and earth.

So now that Ye Feng had awakened the Altar of God, he was naturally ready to give it a try.

He killed the nine-tailed serpent. Not only could he swallow the energy of the nine-tailed serpent, but he could also obtain rewards from God through the Altar of God. It could be said that he killed two birds with one stone! Crouching dragon and phoenix chick?

Ye Feng heard what Xiaoyao said and couldn't help but shook his head and said: "What kind of sleeping dragon and phoenix am I? He killed the nine-tailed serpent. Not only could he swallow the energy of the nine-tailed serpent, but he could also obtain rewards from God through the Altar of God. It could be said that he killed two birds with one stone!

Chapter 1602 You succeeded

Uh-huh!

At this time, Ye Feng flew directly in front of the nine-tailed snake.

He stared at the extremely ferocious ancient beast in front of him, his eyes showing no emotion at all.

These evil beasts imprisoned in the prison of the divine world are evil spirits that did evil in the entire world in ancient times.

Therefore, Ye Feng has no psychological burden at all when killing this ferocious prisoner beast.

Moreover, if this evil beast is killed, it is very likely that the Altar of God can be activated.

Ye Feng has never used the God Altar until now.

So now he is not sure whether the Altar of God can be activated.

"kill!"

Suddenly at this moment, Ye Feng's eyes became fierce, and he punched the nine-tailed snake in front of him.

"when!!"

But at the next moment, Ye Feng's destructive fist hit the nine-tailed snake. It didn't hurt the nine-tailed snake at all. Instead, it made a sound like metal collision with the scales on the snake.

"so hard!"

Ye Feng couldn't help but exclaimed.

Because he knows very well how powerful and hard his current chaotic body is.

But in the end, his full blow did not harm the nine-tailed snake at all.

I have to say that this evil beast that seems to come from ancient times is really ridiculously powerful.

"It must have been a golden and brilliant spiritual world back then."

Ye Feng murmured.

"Roar!!"

At this time, the nine-tailed serpent roared angrily and said, "But I don't know how a humble boy like you got this bronze pillar, and was able to control part of the bronze pillar's power to lock the trapped people." Save me, but you can never hurt me. A practitioner like you, who has been practicing for countless years in later generations, is far worse than the creatures like us in ancient

times. There is no way you can hurt me. Yes, when your power is exhausted, I may escape, and when I escape, I will definitely crush you to death!"

At this time, the nine-tailed snake spoke up, his tone filled with a wild smile and full of threats.

When Ye Feng heard what the nine-tailed snake said, he immediately couldn't help grinning and said: "I just tried my fist power, and I will kill you next."

At this time, Ye Feng grabbed his palm and a golden giant sword appeared in his hand.

This golden giant sword is a very powerful treasure obtained by Ye Feng. The sword is made of secret gold from ancient times and has terrifying hardness and sharpness.

"Break it for me!"

Ye Feng roared and almost used up all his strength to move the golden giant sword in his hand.

"Pfft!!"

Sure enough, Ye Feng's brute force, coupled with the hardness and sharpness of the golden giant sword, pierced the huge scales on the Nine-tailed Serpent in one go.

"ah!!"

The Nine-Tailed Orochi immediately let out a huge howl, feeling extremely painful.

"Crunch, crunch..."

At this moment, Ye Feng's face was full of calm, and he directly thrust the golden giant sword in his hand into the body of the Nine-tailed Serpent.

"ah!!"

The nine-tailed snake was so painful that he couldn't help but beg for mercy: "Sir! Master! Spare my life! Spare your life, sir! I am willing to give everything for you, I am willing to be your pet, I am willing to ride for you, I am willing to be your I will become your lackey and your eagle dog! As long as you can spare my life! I have been imprisoned for so many years and I have endured so many years of loneliness. I am looking forward to living a new life. I really don't want to die. ah!"

Poof!

But before the Nine-tailed Serpent could finish speaking, Ye Feng took out another sword and cut off its head, killing it on the altar of heaven.

"Wow!"

The blood of evil beasts was sprinkled on the altar of God.

Buzz!

And almost at this moment, an ancient power suddenly surged out of the altar of heaven.

"boom!"

The next moment, a purple beam of light burst out from the entire altar, and instantly rushed into the sky.

Xiaoyao flew over from not far away, stared at the sky, and couldn't help but said in surprise: "Little Yezi! You succeeded! God's will seems to have awakened! Supreme luck is about to come!" Whoa!

At this time, Ye Feng flew directly in front of the nine-tailed snake.

Chapter 1603 Two things

"boom"

Just when Xiaoyao shouted excitedly.

Suddenly at this moment, the situation high in the sky changed.

A golden pillar of luck suddenly penetrated from the endless dark sky and directly bombarded the earth.

"Boom!!"

The entire ground suddenly exploded into a large crater with a radius of several kilometers. .??.

"Look!"

Suddenly at this moment, Xiaoyao immediately exclaimed: "There is something in that big pit!"

Ye Feng's eyes lit up, and he also saw something sparkling in the huge pothole.

Uh-huh!

Uh-huh!

Ye Feng and Xiaoyao ducked over in an instant.

When they came to the edge of the huge pit, they immediately saw two things floating in the middle of the huge pit.

The first thing was a golden elixir. There were streaks of thunder and lightning flashing around the elixir, which looked very extraordinary.

The second thing is a red flame in the shape of a lotus. This red flame exudes the aura of six reincarnations, which is very special and rare.

"I have never seen these two things before, even in ancient books."

Ye Feng was a little dumbfounded at this time.

He asked himself that it had been a long time since he started practicing cultivation.

I have read thousands, if not tens of thousands, of all kinds of ancient spiritual practice books. It can be said that I am well-read.

But as a result, Ye Feng didn't even recognize the two things in front of him.

I can't even guess what it is.

Ye Feng couldn't help but sigh, "As expected, these are the things rewarded by the will of God. They are indeed rare treasures. I have never seen them before. Xiaoyao, do you recognize them?"

Xiaoyao stared at the two things at this time, seeming to be thinking about something. She suddenly said: "I want to

Woke up! The pill surrounded by thunder and lightning seemed to be the legendary Heavenly Tribulation Pill. "

"Heavenly Tribulation Pill?"

Ye Feng looked surprised and said: "Heavenly Tribulation Pill, what kind of pill is this? I seem to have never heard of it."

Xiaoyao explained: "The Heavenly Tribulation Pill is a very ancient pill that has long since disappeared in the long river of history. Legend has it that only a great alchemist refined it in the ancient times. As long as any living being takes the Heavenly Tribulation Pill, it will The calamity pill can cause heavenly calamity."

Hearing this, Ye Feng couldn't help but twitch the corner of his mouth and said: "Can you cause a heavenly calamity by taking the Heavenly Tribulation Pill? What kind of effect is this? This is simply asking for trouble."

Xiao Yao looked at Ye Feng's stupid look and couldn't help but put her hands on her waist and said: "Little Ye Zi, do you think that going through the heavenly tribulation is just looking for punishment? That's not necessarily the case! You must know that in the ancient times, many strong men They can no longer find anything or power in this world that can make them stronger, so at this time they will focus on the Heavenly Tribulation. If they take the Heavenly Tribulation Pill, they will be able to usher in the Heavenly Tribulation Thunder. The catastrophes, the catastrophes and thunder tribulations that come from heaven are very terrifying. They contain extremely majestic power and can greatly temper the body and soul of a living being."

Ye Feng's eyes moved and he said: "You mean, the Heavenly Tribulation Pill can be used to induce the Heavenly Tribulation and use the Heavenly Tribulation to temper the body?"

Use Heavenly Tribulation to temper your body!

I have to say that Ye Feng admires the imagination of ancient practitioners.

It can be said that he is really tough!

"So, this pill is a good thing. My Chaos Body will definitely need various powerful forces to train it in the future."

Ye Feng immediately stretched out his hand, grabbed the Heavenly Tribulation Pill, and pocketed it.

At this time, Ye Feng looked at the second thing.

It was a red flame in the state of a red lotus, and it actually exuded the energy of reincarnation in the six realms of reincarnation, which made people unable to help but be surprised.

At this time, Xiaoyao's tone actually showed the slightest solemnity, saying: "If I guessed correctly, this flame is the legendary 'karma fire'. It is not a real flame, but represents The karmic fire of heaven is burning with the power of all obstacles! "Boom"

Just when Xiaoyao shouted excitedly.

Chapter 1604 Evolution

"God's karma fire?"

"Representing the karmic fire burning with the power of all physical barriers?"

After hearing what Xiao Yao said, Ye Feng stared at the red flame in the form of a red lotus, his eyes showing a hint of thinking.

The fire of karma is indeed a flame that cannot be contaminated.

But Ye Feng was not reconciled.

Because he finally killed an ancient ferocious giant beast.

Only then did he finally activate the Altar of God in exchange for a reward from God.

You know, Xiaoyao can only control the bronze pillar once every half a month.

So Ye Feng was very unwilling.

"No matter what, I'm going to give it a try."

Ye Feng suddenly spoke up at this time.

Xiao Yao's eyes were startled, and she quickly stretched out her little hand to grab Ye Feng's sleeve and said, "Little Ye Zi, what do you want to do?"

Ye Feng's eyes were firm, staring at the red karma fire, and said: "I will use the Ancient Burning Heaven Technique to see if I can smelt this ball of heaven's karma fire and merge it into my natal flame."

"What?"

After hearing what Ye Feng said at this time, Xiao Yao couldn't help but said: "Little Ye Zi, please don't mess around. The karma fire thing is very weird. Even the ancient gods don't dare to do it casually. Touch."

Ye Feng nodded and said: "Now I have the heart protection of gods and demons, and I have the strongest bloodline of the royal family of the ancient kingdom of God. I practice the Chaos

Heavenly Emperor Technique, and I am walking on the path of the Supreme Emperor of Heaven. I am more brave than the ancient gods. In ancient times, I am not afraid of things that gods dare not touch.”

With that said, Ye Feng flew directly into the mid-air of the big pit in front of him, approaching the red fire of heaven's karma.

Ye Feng approached the karma fire at this time, and immediately saw the scene of billions of living beings struggling and roaring in the red lotus state of the karma fire, which was very shocking.

"Wow!"

Even if Ye Feng's soul power was strong enough, he was so shocked that he was covered in cold sweat at this moment.

"It is indeed the most bizarre karmic fire among the flames. It's too scary."

It's scary, but I don't know why. The scarier it is, the more excited I am! "

Ye Feng murmured at this time, stretched out a hand, and immediately caught the ball of karma fire in the red lotus state.

"boom!"

Almost at this moment, Ye Feng felt that his mind and soul were almost exploded by the power of countless karma.

"Soul Emperor Seal!"

However, at the most critical moment, Ye Feng successfully activated the soul inheritance of the Soul Emperor Seal.

Buzz!

In an instant, a god-like soul emperor appeared in his mind and soul, making a majestic voice that shook the sky in his soul world, suppressing the countless violent karma.

"The Ancient Burning Heaven Technique!"

"Fusion!"

boom!

At this moment, Ye Feng frantically ran the secret of the Ancient Burning Heaven Technique.

The karmic fire that descended from God began to forcibly merge with his own natal flame.

I have to say that the Taixu Fire Emperor is really an amazingly talented guy.

At this time, the Ancient Burning Heaven Technique really began to merge the Karmic Fire with Ye Feng's other flames.

"Can you even fuse karma fire?"

Xiao Yao, who was not far away, was also dumbfounded and couldn't help but admire: "The Taixu Fire Emperor is amazing. He shouldn't have had such a low reputation in the Ming Dynasty... Could it be that he fell into a deep sleep and buried himself early? Is it deliberately to achieve the eternal zombie body and revive it in this era? Is there anything special about this ancient immortal era? "

At this time, Xiaoyao fell into deep thinking, and she seemed to have thought of some shocking guess.

At this moment, Ye Feng was ecstatic.

Because the karmic fire finally successfully merged with his natal flame.

Ye Feng's natal flame successfully transformed at this moment, directly evolving from the first-level Dacheng state to the first-level Dzogchen state.

There is only one step left to evolve into a second-grade flame! "God's karma fire?"

"Representing the karmic fire burning with the power of all physical barriers?"

After hearing what Xiao Yao said, Ye Feng stared at the red flame in the form of a red lotus, his eyes showing a hint of thinking.

There is only one step left to evolve into a second-grade flame!

Chapter 1605 Invisible Vortex

After the grade of the natal flame has been evolved.

Ye Feng could feel that his overall strength had also been greatly improved.

Xiaoyao flew to Ye Feng's side at this time and asked aloud: "Ye Feng, I just thought of a very shocking guess."

Ye Feng's eyes were surprised and he said: "Oh? What shocking guess?"

Xiaoyao's eyes flashed and she said: "I guess that Taixu Fire Emperor deliberately resurrected in this era."

Ye Feng was a little confused and said: "Deliberately resurrected? Why?"

Xiao Yao said: "The Taixu Fire Emperor can create such a powerful technique as the Ancient Burning Heaven Technique, and can even forcibly suppress and fuse the karma fire. This shows how amazing and talented this Taixu Fire Emperor is. , I already admit myself as inferior, but he was not very famous in the Hades era, so he deliberately hid himself, buried himself in the tomb early, and endured endless years in the dark underground, just for The sudden resurgence of this kind of person in this era, condensed into a body that is immortal and rigor mortis, is definitely not an accident, but his careful calculation. "

When Ye Feng heard what Xiaoyao said, he couldn't help but nodded and said: "The Taixu Fire Emperor is indeed the only person I have not been able to understand in all these years. He is very mysterious and must know many truths and secrets."

Xiao Yao said: "If you have time, go to Chaos Xinghai and listen around the Taixu Fire Emperor. Maybe you can get some shocking secrets."

The corners of Ye Feng's mouth twitched and he said: "The Taixu Fire Emperor is now a being who follows his words. If I do this, it is tantamount to courting death."

Xiao Yao smiled and said: "You don't really think that Taixu Fire Emperor taught you the Ancient Burning Heaven Technique out of gratitude to you, right? The Taixu Fire Emperor taught you the Ancient Burning Heaven Technique, and he must have his own Plans and reasons, so you temporarily

Don't be afraid that the Taixu Fire Emperor will be bad for you. "

When Ye Feng heard Xiaoyao's conspiracy theory, he couldn't help but feel hungry and cold, and said: "Listening to your analysis, I feel more and more that I am in a huge invisible whirlpool all the time."

Xiaoyao sighed and said: "The entire universe is a huge whirlpool. Everyone is swept into it. There is no way to escape. The only thing that can be done is to improve the strength as soon as possible and strive to survive the drastic changes in the future. Get life."

Ye Feng looked at Xiaoyao like that and immediately understood that Xiaoyao, the Queen of Yaochi, might have foreseen some terrible future, but she did not say it directly and was unwilling to reveal the secret.

Ye Feng did not ask further questions, because he knew this kind of thing, and even if he knew the truth for the time being, it would be meaningless.

It's better to spend all your energy on improving your own strength.

At this time, Ye Feng took out the Heavenly Tribulation Pill and said, "Xiao Yao, what do you think of me taking this pill now to induce the Heavenly Tribulation Tempering Body?"

Xiaoyao glanced at Ye Feng and struck mercilessly: "You will be killed by the calamity."

Ye Feng smiled awkwardly, put away the Heavenly Tribulation Pill, and said: "I also think the result will be like this, let's wait and see."

At this time, Ye Feng once again looked at the body of the nine-tailed snake on the bronze pillar that he had killed, and said, "It's time to swallow the blood of this evil beast."

boom!

Ye Fengfei stepped forward, directly released the swallowing vortex, and began to devour it crazily.

"Buzz buzz..."

Instantly, streams of ancient and powerful energy were continuously injected into Ye Feng's body.

And the body of the majestic nine-tailed serpent was rapidly withering... after the grade of the natal flame was evolved.

Ye Feng could feel that his overall strength had also been greatly improved.

And the body of the majestic nine-tailed serpent was rapidly withering...

Chapter 1606 Divine Exploration

When Ye Feng came out of the secret room of seclusion.

The aura of cultivation surging all over his body was astonishingly that he was already at the fourth level of the Qiankun Realm!

The nine-tailed snake in the bronze pillar, which is from the ninth level of the Universe Realm, has so much energy.

After Ye Feng devoured and refined it, he directly broke through two heavens in a row.

From the second level of the Qiankun Realm, he directly broke through and was promoted to the fourth level of the Qiankun Realm!

At this time, Ye Feng had a confident smile on his face.

With my current cultivation level, I am afraid that I can be regarded as a true master even among the elders and powerful men in the entire Northern Territory Seminary.

Ye Feng walked out of the secret training room and walked in the Sunu Mountain.

Buzz!

His soul at this time was so powerful that he could envelope the entire Sunu Mountain with just a few moments of induction.

Ye Feng sensed that Bai Susu was practicing in seclusion deep in the Amethyst Palace at the center of Sunu Mountain, and the energy aura fluctuated extremely powerfully.

Apparently, during this trip, Bai Susu obtained the inherited treasures of the Lord of Judgment, the Great Judgment Scepter, and the Judgment Battle Clothes, and is now practicing with great concentration in an attempt to refine them.

"Buzz!"

At this time, Ye Feng unintentionally expanded the coverage of his soul.

His spiritual thoughts, also under the blessing of powerful soul power, became very terrifying.

It was like a huge wind and a huge wave, starting from Sunu Mountain and sweeping towards other areas of the base camp of the entire Northern Territory Seminary.

Ye Feng's spiritual exploration at this time can be said to be unscrupulous.

If it were before, Ye Feng would not have dared to release his spiritual thoughts so unscrupulously to cover all major areas of the Northern Divine Temple.

Because once this is discovered, punishment will definitely be inevitable.

But now Ye Feng's cultivation has gradually matured, and he has reached the point where he can be a little unscrupulous.

At this time, during the spread of Ye Feng's spiritual thoughts, he sensed waves of extremely powerful auras, lurking in the entire Northern Divine Seminary base camp.

"Sure enough, the Northern Territory Temple

There are still many terrifying existences in the world. No wonder the dark race is so huge and they dare not easily attack the base camp of the Northern Territory Seminary. "

Ye Feng murmured at this time.

At this time, he was bored and sent out his spiritual thoughts to explore. In addition to wanting to see how many powerful people there were in the Northern Divine Academy, he also had another purpose.

That is, Ye Feng wants to find out whether the treasure related to the suppression of the Northern Territory Seminary exists, and if it exists, where is it hidden.

Since the last time Bai Susu said that the Northern Divine Academy has a treasure from the divine world that can suppress the foundation of the academy.

Ye Feng has been thinking about this since then.

"Who dares to spy on my small world of statues in the Northern Divine Temple?"

Suddenly at this moment, a huge scolding sound sounded in Ye Feng's mind.

It turned out that at this time, Ye Feng's spiritual thoughts had spread unbridled to the deepest core area of the Northern Divine Temple.

In this core area, there is a huge statue, which is more than ten thousand feet high. It penetrates the clouds into the sky and towers above the earth. It looks full of infinite majesty and atmosphere.

When Ye Feng was investigating at this time, he suddenly found that this huge statue was very unusual.

It seems that there is a cave inside the statue.

But before Ye Feng could investigate carefully, the scolding sound just now suddenly sounded.

"He is a powerful person in the Dao realm who has surpassed the Qiankun realm!"

Ye Feng sensed the source of the sound, which was very powerful, and immediately withdrew his spiritual thoughts.

Because Ye Feng's soul power is now very powerful, even a powerful person in the Great Dao Realm cannot trace the source of Ye Feng's spiritual thoughts, and naturally cannot find where Ye Feng is.

And just when Ye Feng retreated from his spiritual thoughts, during the process of retreating, he suddenly discovered that murderous intent was everywhere in a certain house in the Northern Territory Seminary.

A group of masked men in black robes, all of whom were at the half-step Qiankun realm, were lurking in the house, heading towards the depths of the house.

And this house seems to be where senior brother Baili Piauxue lives. When Ye Feng came out of the secret room of seclusion.

And this house seems to be where senior brother Baili Piaoxue lives.

Chapter 1607 Internal and external cooperation

Baili Piaoxue is the chief disciple of the Northern Divine Academy.

Back then, Ye Feng had just entered the Northern Divine Academy. During a trial, he encountered great danger and almost died.

Fortunately, Senior Brother Baili Piauxue passed by and rescued Ye Feng.

Therefore, Ye Feng still has a very good impression of Baili Piauxue, the chief disciple.

"Someone actually sent a killer to assassinate Senior Brother Baili Piauxue." ??

Ye Feng's eyes showed a hint of surprise at this time.

Uh-huh!

He jumped up and flew towards the big mansion, lurking in the darkness.

With Ye Feng's current cultivation and methods, he lurks himself in the space so that no one can detect him.

Possessing the space gem, Ye Feng is a natural space hider.

Swish, swish, swish!

Swish, swish, swish!

While Ye Feng was secretly observing, a group of powerful black-clothed men who were halfway to the Qiankun realm had secretly sneaked into the mansion.

"ah!!"

Suddenly at this moment, a painful roar suddenly came from inside the mansion.

"Boom!"

A house not far away suddenly exploded.

A handsome man in white clothes with a poison-soaked dagger stuck in his chest, his eyes full of disbelief.

At this moment, there was a beautiful woman standing in front of him.

The beautiful woman let go of the dagger at this time, and then quickly backed away.

This handsome man in white clothes is none other than Baili Piauxue.

Baili Piauxue had a dagger stuck in her chest, her face was dark, and she was obviously poisoned.

But he didn't care at all. Instead, he stared at the beautiful woman with a painful look on his face and said, "Chi'er, I love you so much, but I didn't expect you to turn around and try to harm me."

It seems that the beautiful woman is called Chi'er.

At this time, Chi'er's beautiful eyes were ruthless and cold, looking at Baili

Piauxue said: "I see that you are an infatuated person, so I will tell you. Do you know what my last name is?"

Baili Piauxue said: "I don't know."

Chi'er spoke up: "My full name is Shangguan Chi'er."

When Baili Piauxue heard this, her eyes suddenly trembled and she said, "Are you from the Shangguan family? You are a spy sent by Shangguan Hutian!"

Shangguan Chi'er said coldly: "Yes, I have no feelings for you at all. This is to capture your sincerity, find an opportunity to take action, and kill you. The dagger I pierce into your heart now is soaked in the sky." The most powerful poison is there. No matter how strong your cultivation is and

how deep your skills are, if you can force the poison out, even if you can't die, you will definitely be disabled. Then you will not pose any threat to our eldest young master. "

When Baili Piao xue heard this, her expression suddenly became extremely painful. She didn't expect that the truth would be like this.

Shangguan Chi'er looked at Baili Piao xue's painful expression. She didn't have the slightest sympathy at all, but was extremely indifferent and said: "If you want to blame it, it's your own ignorance of current affairs. The eldest young master of our Shangguan family, Shangguan Lutian I came to invite you personally and wanted you to join the Sky Killing Alliance, but you refused without hesitation, which made our eldest young master very embarrassed, so I designed to get close to you just to get rid of you as a thorn in my side."

Baili Piao xue's eyes suddenly became extremely cold as she listened to Shangguan Chi'er's talk, as if she had given up completely.

He said coldly: "Shangguan Chi'er, even if I am poisoned, I can only kill you for a moment."

Shangguan Chi'er smiled slightly and said: "Of course I know, so I also asked my helpers to lurk here early to prepare."

Uh-huh! Uh-huh! Uh-huh!

Swish, swish, swish...

Almost as soon as Shangguan Chi'er finished speaking, a group of more than a dozen men in black appeared in the air behind her.

The cultivation aura of every man in black is astonishingly that of a half-step Qiankun realm expert!

It was the group of black-clothed killers who had lurked into the mansion before.

Obviously, they and Shangguan Chi'er are all in the same group, working together inside and outside, with the purpose of killing Baili Piao xue, the chief disciple of the Northern Divine Academy! Baili Piao xue is the chief disciple of the Northern Divine Academy.

## Chapter 1608 Ice Sculpture

At this time, Baili Piaoxue was obviously heartbroken.

He looked at the group of powerful men in black in front of him, with no fear in his eyes, only endless silence and endless anger.

He immediately stared at Shangguan Chi'er, who was standing in the middle, and said in a cold tone: "Even if I die, I will support you, a cruel woman!"

boom!

Baili Piaoxue possesses the cultivation level of the first level of Qiankun Realm.

Even if he was poisoned, after he risked his life to release his power at this moment, a terrifying aura that made people's hearts palpitate suddenly appeared.

"Buzz!"

In the space around him, white snowflakes appeared in an instant, exuding the aura of ice crystals.

The whole world suddenly became cold.

"Huhuhu..."

Even on the entire sky, there were patches of snow falling down, and the entire world was dyed white, able to freeze everything.

The clothes are not stained by dust, and the snow covers thousands of mountains!

Baili Piaoxue is still the cold senior brother.

He gave the order, and like a king of ice and snow, heavy snow suddenly fell in the sky.

An extremely cold air froze almost all the energy and blood in everyone present.

"What a powerful ice attribute technique!"

"This Baili Piauxue is worthy of being the chief disciple of our Northern Divine Academy."

"Already poisoned in the body and mind, I didn't expect to be able to explode with such fighting power."

...

At this moment, all the men in black could not help but speak out.

Obviously these men in black are all masters of the Shangguan family.

They still have a very clear understanding of Baili Piauxue.

"Take action!"

"Otherwise we will all become ice sculptures!"

At this time, Shangguan Chi'er suddenly spoke out.

This woman deceived Baili Piauxue and was extremely cruel and devoid of any emotion.

"kill!"

At this moment, more than a dozen strong men in black who were half-stepping into the Qiankun realm held the soldiers in their hands. They burst out with terrifying murderous aura, blowing away all the snowflakes in the whole world and drifting toward Baili. Snow kills.

"Absolutely freezing air!"

Suddenly Baili Piaoxue made a sound.

He stretched out his hand and grabbed it in front of him.

boom!

A very special and terrifying freezing energy burst out from his palm, instantly freezing the three men in black who rushed over first.

"Click, click..."

These three powerful men in black are all masters of the Half-Step Qiankun Realm, and are powerful beings secretly cultivated by the Shangguan family.

But at this time, they didn't even let out a scream, and their entire bodies were frozen, covered with a layer of ice crystals.

After the three people were frozen into ice sculptures, they suddenly lost their ability to fly and fell from high altitude one after another, hitting the ground.

"Crack!"

"Crack!"

"Crack!"

The three human-shaped ice sculptures shattered in response, and their bodies also disintegrated with the shattering of ice crystals. They became fragments and scattered on the ground. The blood did not flow out because the blood had been frozen.

Obviously these three men in black died the moment they were frozen.

"Absolutely freezing air!"

When a group of other men in black saw this scene, their faces turned pale with fright, and they couldn't help saying: "This hundred miles of snow has actually cultivated the legendary absolute freezing energy, which can only be condensed by the ice attribute gods in the ancient times. It's so cold!"

"puff!"

But suddenly at this moment, Baili Piauxue spurted out a mouthful of blood.

The blood turned out to be dark in color.

When a group of men in black saw this, they immediately said with great joy: "He used the absolute freezing energy. Although it is very powerful, there is a price to pay. You see, he has been deeply poisoned now. We took action together, and he has no resistance." You have the ability!" At this time, Baili Piauxue was obviously heartbroken.

He looked at the group of powerful men in black in front of him, with no fear in his eyes, only endless silence and endless anger.

He immediately stared at Shangguan Chi'er, who was standing in the middle, and said with a cold tone: "Even if I die, I will support you, a cruel woman!"

In the space around him, white snowflakes appeared in an instant, exuding the aura of ice crystals.

The whole world suddenly became cold.

"Huhuhu..."

Even on the entire sky, there are patches of goose feather snow falling, and the entire world is dyed a white snow, which can freeze everything.

Chapter 1609 Just a bunch of trash fish

"boom!"

The remaining group of men in black attacked very ferociously.

Although Baili Piaoxue killed three men in black in an instant.

But it is indeed using one's own original power.

So at this time, he had already poisoned his heart, and it was even deeper.

He already seemed a little out of his depth.

"ah!"

Suddenly at a certain moment, a man in black held a purple-gold sledgehammer in his hand, and blew away the snow falling for hundreds of miles.

"Crack!" .??.

Baili Piaoxue was hit in the back, and his spine was immediately broken.

He screamed in pain, but it was all to no avail.

Baili Piaoxue was surrounded by poisonous gas, and the skills in her body had been corroded.

He is now unable to use any of his skills, has lost his strength, and is as if he has become a mortal.

Wow!

Baili Piaoxue was falling rapidly from high altitude.

The men in black not far away looked at Baili Piaoxue with deep amusement in their eyes.

Shangguan Chi'er's beautiful face at this time showed a joking and vicious look, and said: "It must be very interesting to see the chief disciple of the Northern Territory Seminary fall to death with my own eyes."

The snow that was falling for hundreds of miles was falling rapidly at this time.

He was filled with despair.

Because his great revenge has not yet been avenged.

But now, he is dying.

"I can not be reconciled!"

"I'm not willing to give in..."

The snow was falling rapidly, and his consciousness had begun to drift.

He knew very well that no matter how powerful his cultivation was, his body was not powerful because he had not practiced any special body-refining method.

If you fall from such a high altitude, you will definitely fall into pieces in an instant.

"boom!"

But suddenly at this time.

A strong embrace suddenly hugged Baili Piaoxue around the waist.

"you....."

The snow falling over a hundred miles is slightly lifted

He turned his head and found himself in the arms of a young man in black.

"Junior Brother Ye!"

Baili Piaoxue remembered it.

The young man in black in front of him was a junior brother he had saved back then. It seemed that this junior brother had a good relationship with Bai Susu.

The young man in black is naturally Ye Feng.

At this time, Ye Feng looked at Baili Piauxue in his arms and said with a smile: "Elder brother, when you were in the trial, you also saved me once. This time I happened to be passing by and saw you being besieged. You could say it's fate."

Saying that, Ye Feng hugged Baili Piauxue and dropped it to the ground.

He put Baili Piauxue down, moved his fingers, and a poison-eating insect flew out from his fingers.

Ye Feng said: "Senior Brother, if you swallow this bug, it can cure all poisons."

Baili Piauxue didn't hesitate at all, nodded, and swallowed the poison-eating insect.

"Buzz!"

Almost at this moment, Baili Piauxue was surprised to find that the toxins in his body were really dissipating quickly.

The black poisonous gas surrounding Baili Piauxue's body was also dissipating rapidly.

"Boy, who are you? How dare you meddle in your own business?"

A sudden scene made the faces of a group of men in black who were preparing to watch a show not far away become extremely ugly.

At this time, Baili Piauxue immediately said: "Junior Brother Ye, let's leave quickly. This group of people is very powerful. Even if I am not poisoned, it will be difficult to deal with so many people at once. What's more, I am now highly poisoned and suffering from Heavy damage, great loss of combat power."

Ye Feng suddenly smiled at this moment, turned around slightly, and said: "Elder brother, just rest and recuperate on the side, watch my wonderful performance, it's just a bunch of fish, it's nothing."

Just a bunch of fish?

Baili Piaoxue looked stunned and didn't understand why this young Junior Brother Ye was so confident.

You know, they are a group of powerful and terrifying Half-Step Qiankun Realm experts.

Moreover, they are all the best among the best trained by the Shangguan family!

The author has something to say:

(Third update! Just to clarify, a chapter needs at least a thousand words to be published. Someone complaining about a chapter of three to four hundred words is too exaggerated.) "Boom!"

The remaining group of men in black attacked very ferociously.

Although Baili Piaoxue killed three men in black in an instant.

But it is indeed using one's own original power.

So at this time, he had already poisoned his heart, and it was even deeper.

He already seemed a little out of his depth.

"ah!"

Suddenly at a certain moment, a man in black held a purple-gold sledgehammer in his hand, and blew away the snow falling for hundreds of miles.

"Crack!"

Baili Piauxue was hit in the back, and his spine was immediately broken.

He screamed in pain, but it was all to no avail.

Baili Piauxue was surrounded by poisonous gas, and the skills in her body had been corroded.

He put Baili Piao-xue down, moved his fingers, and a poison-eating insect flew out from his fingers.

Ye Feng said: "Senior Brother, if you swallow this bug, it can cure all poisons."

Baili Piao-xue didn't hesitate at all, nodded, and swallowed the poison-eating insect.

Chapter 1610 Begging for mercy

Perhaps in Baili Piaoxue's understanding, Ye Feng is still just a new disciple.

So at this time, Baili Piaoxue didn't understand Ye Feng's mysterious confidence.

But he didn't ask any more questions.

Because a group of men in black on the opposite side had already come directly to kill them.

"Destroy!"

At this moment, Ye Feng slapped him away.

boom!

Suddenly a big hand of chaos, like the hand of heaven and earth, was filled with endless heaviness and majesty.

"Snapped!" .??.

"Snapped!" .??.

"Snapped!" .??.

A group of men in black who were halfway to the Qiankun realm even had time to howl in agony.

Along with the explosions, their bodies exploded and exploded into streams of blood mist.

"What?!"

Shangguan Chi'er, who was watching in the distance, was so scared that his face turned pale with fear.

She was trembling all over and wanted to run away from here like crazy.

She couldn't figure it out, when did such a terrifying young disciple in black emerge from the Northern Divine Academy?

Who is he?

But now Shangguan Chi'er has no time to think carefully.

The only thing she wants to do now is to escape from here.

The young disciple in black gave her the feeling of extreme fear.

"What? Killed them all with one slap?"

The most shocking thing at this time was the falling snow.

The eyes of this chief disciple of the Northern Territory Seminary were filled with deep shock.

He originally thought that Ye Feng was just a new disciple and still needed his protection.

But now Baili Piauxue suddenly realized it.

Ye Feng had unknowingly grown to a point where even he, the chief disciple, was shocked.

\u003e

"Junior Brother Ye, what have you experienced in this short period of time..."

At this time, Baili Piauxue was filled with horror, shock, and emotion.

"Uh-huh!"

At this moment, Ye Feng casually grabbed it.

Wow!

Shangguan Chi'er was fleeing not far away, and the space around him was suddenly imprisoned.

"when!!"

Shangguan Chi'er struck hard, but found that the space around him was already as hard as cast iron, making it impossible to escape.

"Uh-huh!"

She could only watch as she was absorbed by Ye Feng.

Shangguan Chi'er was staring at Ye Feng with a pair of beautiful eyes, full of fear.

Plop!

She suddenly knelt down, kowtowed to Ye Feng, tears of fear flooded her beautiful face, and quickly begged for mercy: "Senior Brother Ye, I was wrong, I was really wrong! You sir have a lot of money, please spare me, I He didn't mean to harm Senior Brother Baili Piauxue, he was just ordered by Shangguan Lutian, the eldest son of our Shangguan family."

Ye Feng stared at Shangguan Chi'er in front of him and said, "I have a few questions to ask you."

Shangguan Chi'er's eyes flashed, and he immediately nodded and said, "Senior Brother Ye, please ask, I will tell you everything I know, and I will not hide anything."

Ye Feng said: "What level of cultivation has Shangguan Lutian reached now?"

This Shangguan Lutian is indeed an amazingly talented person.

Ye Feng remembered that when he left the Northern Divine Academy and set off for the Storm Island, Shangguan Lutian seemed to have broken through to the Qiankun realm.

At this time, Shangguan Chi'er in front of him immediately replied: "The eldest young master of our Shangguan family, Shangguan Lutian, has now broken through to the ninth level of the Qiankun Realm."

"Ninth Heaven of the Universe Realm?"

Ye Feng's eyes changed slightly and said: "Impossible! No matter how amazing and talented he is, it is impossible for him to practice so fast. This is too exaggerated. I may not be able to achieve this kind of achievement." Maybe in Baili Piao xue In his understanding, Ye Feng is still the new disciple who has just started.

So at this time, Baili Piao xue didn't understand Ye Feng's mysterious confidence.

But he didn't ask any more questions.
