Chapter 1621 Tree of Life

boom!

boom!

boom.....

Dark ghosts, exuding terrifying and cold murderous souls, rushed towards Ye Feng.

At this moment, Ye Feng suddenly felt a huge pressure from his soul.

This is very different from the pressure of martial arts momentum.

It gives people a very depressing feeling.

"Thunder Emperor!"

"The thunder shook the ghosts and gods!"

boom!

Ye Feng roared loudly, and a huge and boundless soul power suddenly burst out from his body.

"Boom!"

"Boom!"

In an instant, endless thunder burst out from the Thunder Emperor around Ye Feng.

At this time, the Thunder Emperor waved the thunder scepter in his hand, and an extremely violent thunder light burst out in an instant.

These thunderous rays of light suddenly covered the entire field, shrouding all the dark ghosts.

"Crack!"

Almost at this moment, each of the dark ghosts, who were originally extremely ferocious, suddenly trembled with electricity and let out a series of miserable howls.

"howl!!"

"howl!!"

These dark ghosts were electrocuted by those thunders and were very miserable at this time.

Perhaps to other people, these dark ghosts are so terrifying that they are simply impossible to guard against, and they are the most terrifying killers in the darkness.

But for Ye Feng, after cultivating the Soul Emperor Seal, he released the Thunder Emperor, the pure and fierce light of thunder, which was a natural suppression for this dark ghost.

"Swallow!"

At this time, Ye Feng did not waste time.

He directly released the Devouring Domain and began to absorb the energy from the electrocuted dark ghosts.

These dark ghosts are not physical, but spiritual.

So the energy they emit after death is a kind of soul energy.

After Ye Feng swallowed it, he immediately felt that his soul power had suddenly increased a lot.

And with the death of each dark ghost, a whirlpool of souls even appeared on the entire field, continuously strengthening Ye Feng's soul power.

"Two thousand four hundred and one levels!"

"Two thousand four hundred and two levels!"

"Two thousand four hundred and three levels!"

"..."

In the end, Ye Feng absorbed and devoured the soul energy of all the dark ghosts present.

His soul power increased to two thousand five hundred

Order!

I have to say, these dark ghosts are really a great supplement.

Ye Feng's soul power at this moment increased by a hundred levels!

"It's really an unexpected surprise!"

Feeling the hugeness of his soul power, Ye Feng couldn't hide the joy on his face.

"My soul power has increased a lot during this period. If I have the opportunity to enter the Shenxu Realm again and communicate with those powerful soul masters, I might be able to obtain some soul-related methods."

Ye Feng discovered that although he was a soul master, his soul skills were still very limited.

This is something that Ye Feng has always felt very regretful about.

Soul masters are actually very powerful.

Otherwise, soul masters would not be known as the most mysterious group of people in the world.

From the time Ye Feng started practicing until now, he is actually far from being able to display the true power and prowess of a soul master.

And while Ye Feng was thinking, he followed the Queen's Picture and finally arrived at the deepest core area of the River of Darkness.

At this time, he immediately saw a very shocking scene.

In a dark vortex in the distance, a large green tree with a height of several thousand feet was actually rooted in the center of the dark vortex, standing in the endless darkness.

This scene is extremely shocking and full of ultimate visual impact!

Uh-huh!

The Queen's Picture suddenly flew into Ye Feng's body.

At this time, Xiaoyao's voice sounded: "Is this the legendary Tree of Life? Only the Tree of Life can take root in the endless darkness, absorb the power of darkness, provide itself with nutrients, and survive forever."

Ye Feng saw at this time that there were vines hanging down one by one on the so-called tree of life.

At the end of each vine, there is a person wrapped around it.

Everyone fell into a deep sleep.

Baili Piauxue and his father Baili Tianming were among this group of people, wrapped in vines and fell into a deep sleep.

Ye Feng's eyes were startled and he said: "Xiao Yao, the tree of life you mentioned is a bit evil. It is not only absorbing the power of darkness, but also absorbing the life force of these people."

Xiaoyao said: "The tree of life is originally a very evil plant. Little Yezi, you have to be careful, but this is also a great opportunity, because you may not need to find the source of darkness and comprehend the great darkness by yourself. The tree of life is rooted in the depths of darkness. The core of darkness may have condensed inside this tree. As long as you get the core of darkness and swallow it, you can instantly obtain the great darkness technique!"

Chapter 1622 Fire overcomes wood

"Dark Core?"

"By swallowing the core of darkness, can you directly obtain the great darkness technique?"

When Ye Feng heard what Xiaoyao said, his eyes immediately lit up.

Originally, he was still worried about whether his comprehension ability was strong or not, and whether he could comprehend the Great Dark Technique.

But now with the help of the Tree of Life, as long as we can kill the Tree of Life and dig out the dark core inside it, we can obtain the Great Darkness Technique.

This is much simpler than meditating on it yourself!

Ye Feng immediately stepped forward and said, "First save Baili Piauxue and Baili Tianming."

Uh-huh!

Ye Feng ducked and flew towards the tree of life.

"Snapped!"

But suddenly at this moment, an emerald green vine rushed out of the Tree of Life and headed towards Ye Feng.

The vine was obviously extremely hard, and the moment it was pulled down, there was a crackling sound in the air.

"boom!"

Ye Feng punched the vine directly.

There was a roar instantly on the field.

"Click! Click..."

The spear-like vine was shattered inch by inch by Ye Feng's fist.

"ah!"

The moment the vines broke, a human-like scream came out of the Tree of Life.

Apparently, the vine is to the tree of life what a human finger is.

Fingers connected to the heart.

The finger was broken, and naturally it was extremely painful.

"Human, who are you? You can actually enter the core of this dark river? Didn't those dark ghosts swallow you up?"

An old voice came from the Tree of Life.

Ye Feng smiled indifferently and said: "It doesn't matter who I am. What's important is that you interest me very much. I'll give you a chance now. Donate the dark core bred inside your body as soon as possible. Otherwise, I will do it myself." Kill you and take it away."

The Tree of Life immediately made a voice of shock and anger: "How do you know that I am the Tree of Life and that I can give birth to the core of darkness? How do you know so many ancient secrets at such a young age?"

Ye Feng was too lazy to talk nonsense at this time, and his eyes turned cold and said: "So you are not going to compromise? Okay! I will come and get it myself!"

Uh-huh!

Ye Feng rushed to the tree of life in an instant.

\u003e A golden giant sword appeared in his hand.

"Pfft!"

The giant sword fell, directly cutting off the vines that trapped Baili Piaoxue and his son.

"presumptuous!!"

The Tree of Life roared with rage.

"Sacrifice of life!"

"Wanteng Citian!"

The Tree of Life now displayed a secret method of inheritance.

Among its countless leaves, emerald green vines burst out all of a sudden, with tens of thousands of them.

Every vine is emitting immortal light at this time, like a war spear, capable of piercing everything.

The Tree of Life laughed loudly and said: "You brave boy, you will be stabbed into countless holes soon. When the time comes, I will swallow the life force in your body. You are the human race with the most powerful life fluctuations I have ever seen. You must be Special physique, more delicious than the inheritors of the Baili family!"

Uh-huh! Uh-huh! Uh-huh...

At this moment, emerald green vines penetrated crazily.

Ye Feng struck with his fist.

"Dang! Dang! Dang!"

But the result was the sound of metal colliding.

Ye Feng could no longer break these emerald green vines.

Obviously, the vines released by the Tree of Life at this time have been blessed by his secret method and have become as hard as divine iron.

"Pfft!"

"Pfft!"

And when Ye Feng was not paying attention, his shoulder was instantly pierced by an emerald green vine.

Seeing this, the Tree of Life laughed even more crazily: "Boy, can't you hold on anymore? You're going to die soon! Even a strong man in the Dao Realm above the Qiankun Realm can't resist my move!"

Ye Feng suddenly grinned at this time and said: "Fire defeats wood."

boom!

Sword Qi Fire Storm!

Ye Feng directly slashed with his sword, and a terrifying flame instantly erupted with the sword energy, covering the sky with emerald green vines.

In an instant, countless vines that were as hard as divine iron were ignited and began to burn violently.

"ah!!"

The Tree of Life, which was originally proud of itself, immediately howled in pain at this moment.

## Chapter 1623 The Dark Emperor

"ah!!"

Accompanied by the screams of the Tree of Life.

The endless fire spread from the vines to the main body of the Tree of Life.

The tree of life, which was several thousand feet tall, became a "tree of fire" at this moment!

"Boy! This is impossible! I am an ancient strange tree! Even the holy fire cannot burn me!"

At this time, the Tree of Life let out an incredible roar.

Ye Feng smiled slightly and said: "My natal flame is not just a single holy fire, but a terrifying flame that combines several powerful holy fires and strange fires."

The Tree of Life was immediately shocked and couldn't help but said: "What?! Can the Holy Fire merge with each other? This is impossible! I don't study well, you kid, don't lie to me!"

Ye Feng shrugged and said: "Really, I have only four kinds of fused flames at present, which is not too much, but even so, they have already burned you to the point of roaring. It seems that you are a tree of life." It's not that good, he's a noob."

"you.....!"

When the Tree of Life heard Ye Feng's words, he was so angry that he couldn't speak.

Half an hour later.

The tree of life was burned alive.

Uh-huh!

Ye Feng instantly flashed in front of the Tree of Life.

At this time, the trunk of the Tree of Life was already charred black.

Xiaoyao said in her mind at this time: "Little Ye Zi, dig up this charred tree trunk. The core of darkness should be inside."

Ye Feng nodded and said: "Okay, I have been looking forward to the Dark Core for a long time."

At this time, Ye Feng stretched out his hand and spread his fingers like an iron claw, tearing open the charred tree trunk in front of him.

"Buzz!"

Almost at this moment, something like a gem emitting dark light existed in the torn tree trunk.

"This is the core of darkness!"

Xiaoyao immediately spoke excitedly.

Ye Feng is also a god

He was so excited that he swallowed the dark core without any hesitation.

"boom!"

Almost at this moment.

Ye Feng immediately felt an extremely strong dark force erupting in his body.

At this time, his entire body was shrouded in a dark light.

An extremely pure source of darkness is surging in every inch of Ye Feng's body at this moment.

At this time, Ye Feng was shocked to discover that not only had he obtained the secret of the Great Dark Technique, but his Soul Emperor Seal was rapidly absorbing the pure source of darkness.

It's like awakening the next soul emperor seal.

That's the "Great Black Emperor's Seal"!

Represents the dark attribute!

He is the fifth awakened soul emperor!

The Dark Emperor!

"Great! I didn't expect that the origin of darkness would awaken my Soul Emperor Seal again!"

Ye Feng originally thought that he could only obtain the Great Darkness Technique.

But to my surprise, my Soul Emperor Seal was activated and awakened another Soul Emperor with another attribute, the Dark Emperor!

This really made Ye Feng feel extremely happy.

Xiaoyao spoke up at this time: "Little Yezi, how are you doing with your understanding of the Great Darkness Technique?"

Ye Feng smiled and said: "After swallowing the core of darkness, I instantly gained the Great Darkness Technique!"

boom!

But suddenly at this moment, in the dark whirlpool not far away, a big bone-white hand suddenly appeared, exuding terrifying extreme pressure and destructive power, and grabbed Ye Feng fiercely.

Xiao Yao immediately exclaimed: "This big hand with bones is most likely the Dark Lord who fell here back then! He didn't die completely. He seemed to be relying on the tree of life to continue his life. Now, little Yezi, you will take the tree of life." The tree was burned to death and woke it up!"

He seemed to be relying on the tree of life to continue his life. Now, little leaf, you will use the tree of life to save your life." The tree was burned to death and woke it up!"

Chapter 1624 Large Cutting Technique

boom!

That big bone hand was extremely terrifying.

He was suddenly snatched out of the dark vortex, which caught people off guard.

Fortunately, Ye Feng is a soul master and his perception is extremely powerful.

He had already noticed it almost the moment the big bone hand appeared.

"Chaos body!"

At this moment, Ye Feng instantly activated the powerful brute force of his chaotic body.

Thousands of feet of chaotic light appeared in his hand, and he clenched it directly into a fist, like the hardest war spear in the world, and suddenly struck the big bone hand.

"when!!!"

In an instant, there was a huge roar on the field.

The white bone hand and Ye Feng's fist of chaos collided together, causing an uproar.

The entire river of darkness was violently turbulent, as if the world had been turned upside down.

This shows how terrible this collision is.

"Deng Deng Deng!"

It has to be said that this Dark Lord is still very powerful even after his death.

After the collision, although Ye Feng was not hurt, he couldn't help but take several steps back.

"boom!"

At this moment, the big bone-white hand continued to grab Ye Feng.

Like a big mountain, it suddenly pressed down, full of infinite power, as if it could crush everything.

"I won't play with you anymore!"

Ye Feng was finally serious at this time.

He took out the golden giant sword in an instant, and then killed the Gods of Sorrow in an instant.

"Crack!"

A finger on the big bone hand was chopped off in an instant.

"The Great Cutting Technique!"

Ye Feng shouted loudly.

This great cutting technique ranks 2678th among the three thousand avenues of heaven.

It was Ye Feng who drew the sword from the iron-painted silver hook.

Comes from enlightenment.

Even though the ranking is not particularly high.

But you must know that this is a real art of three thousand avenues!

Even if the ranking is not high, it is still the origin of the martial arts inheritance related to cutting!

So at this time Ye Feng used the big cutting technique.

In the space not far away, a burst of cutting power suddenly appeared, which was many times stronger than swords, qi, qi, qi, daggers and light.

"Crack!"

"Crack!"

Almost at this moment, the big bone hand was cut into countless pieces.

"Uh-huh!"

Ye Feng grabbed all the fragments of the bones with his big hand.

After all, these are the bone fragments of a powerful man, with extremely strong hardness.

After collecting them, you can use the Protoss Gloves to extract the toughness properties in them, which will definitely allow you to continue to strengthen your physique.

"Who is it? Dare to destroy my hand bones?"

And suddenly at this moment, in the dark whirlpool, an ancient and vicissitudes of voice suddenly sounded.

That is definitely the voice of the Dark Lord!

Ye Feng's eyes were filled with a hint of ferocity, and he said: "I was the one who destroyed it! Now I'm going to take the initiative to find you! You've been dead for so many years and have long since lost your former power, so why not become my nourishment!" "

boom!

At this moment, Ye Feng's body suddenly surged with a powerful aura.

His whole body suddenly rushed into the dark vortex.

He wants to find the Dark Lord himself!

Ye Feng felt the big bone hand that was shattered with the large cutting technique just now.

The Dark Lord, who has been sleeping in this dark vortex for so many years, is no longer as powerful as the legend says.

He already has the qualifications to take the initiative to attack!

The author has something to say:

(Second update) Boom!

Chapter 1625 Unkillable

At this time, Ye Feng chose to take the initiative to attack.

Because the Dark Lord does not seem to be as terrifying and powerful as he originally imagined.

So at this time, Ye Feng was full of fighting spirit and murderous intent.

"Buzz!"

He rushed into the dark vortex in an instant.

The next moment, a dark and endless underground space suddenly appeared in Ye Feng's vision.

In this underground space, a skeleton giant several kilometers long was lying on the earth.

This giant has no flesh and blood on his body, and is all white bones.

At this time, one of his hands was cut off at the root. It was obviously the hand that Ye Feng had cut off with the large cutting technique just now. ??

When the Dark Lord saw someone coming in, he immediately couldn't help being surprised and said: "Endless years have passed, but someone actually dares to come down to this dark whirlpool? Should I say that you are very courageous, or that you are too stupid? "

Ye Feng grinned at this time and said: "One of your hands was instantly cut into pieces by my big cutting technique. Do you think you have the qualifications to be proud in front of me?"

"Hahaha!"

The moment Ye Feng finished speaking, the Dark Lord burst into laughter.

In the eyes of its skull, the green eyes stared at Ye Feng and said: "Boy, I can only say that you are too young. Don't you know that I am the Lord of Darkness, under this dark whirlpool?" , has endless dark origin, I am immortal and eternal!"

At this moment, the Dark Lord said that his broken hand, under the turbulence of the surrounding darkness, suddenly grew back, recovered, and became intact again.

Ye Feng didn't have the slightest fear, and said: "You are just lingering under this dark whirlpool, and you dare to say that you are immortal. Only the legendary supreme master is immortal, and all under the master are ants. !"

boom!

After Ye Feng finished speaking, he immediately stretched out his hand and launched a large cutting technique at the dark monarch in front.

"Crack!"

"Crack!"

"Crack!"

In an instant, a burst of cutting power, like the most terrifying edge in the world, enveloped the Dark Lord and quickly cut its entire skeletal body.

"Click, click..."

At this moment, the entire skeletal body of the Dark Lord immediately shattered.

But at the next moment, the power of darkness around the dark vortex surged, and the body of the Dark Lord reorganized again, becoming intact.

Every time Ye Feng cut and shattered, the Dark Lord was able to reorganize his skeletal body again.

"Hahaha!"

The Dark Lord laughed loudly: "Boy, don't waste your efforts in vain. I will never die. The infinite source of darkness in this dark vortex will make me constantly reorganize my body. You can't kill me completely." mine."

Ye Feng's eyes suddenly darkened as he looked at the Dark Lord who was reorganizing his body again and again.

"You've cut me off so many times, it's my turn to show off your majesty!"

The Dark Lord suddenly shouted: "Five declines of heaven and man! Darkness has fallen!"

This is a very ancient and powerful secret technique, which was used by the Dark Lord.

Immediately, the endless darkness, exuding the terrifying power of time that devastated both heaven and human beings, directly enveloped Ye Feng.

Ye Feng's entire body was visibly engulfed in darkness.

Moreover, his body and soul were actually in the state of decay at this time, rapidly aging and drying up.

"Oops! You underestimated the enemy! This dark monarch comes from ancient times. He really has two skills and is not that easy to deal with!"

Ye Feng felt that his body and soul were rapidly drying up, being rapidly destroyed by a strange force, which seemed to be called the Five Declines of Heaven and Man.

A huge sense of crisis suddenly arose in his heart.

Chapter 1626 Isolating the Source of Darkness

"Xiaoyao! What should I do now?"

Ye Feng immediately called Xiaoyao in his mind.

Xiaoyao's voice sounded instantly: "You are now enveloped by the power of darkness. It is the source of darkness that is extracting your life force and soul power."

Ye Feng's eyes moved and he said: "Then my only way now is to use darkness to fight against darkness?"

Xiaoyao smiled slightly and said: "You are right, the only way to fight against darkness is darkness itself."

At this moment, after Ye Feng knew the key to everything, he began to use the Great Dark Technique.

After swallowing the core of darkness before, Ye Feng has mastered the true meaning and meaning of the great darkness.

Therefore, Ye Feng can directly use the Great Dark Technique at this time.

Buzz!

Almost at the next moment, patches of dark light burst out from Ye Feng's body.

The darkness that shrouded Ye Feng's body at this time was instantly dispelled by the light of darkness within Ye Feng's body.

The darkness that seemed to be able to engulf Ye Feng disappeared instantly.

At this moment, Ye Feng himself has become darkness.

It's like if I can't beat you, I will blend into you.

So at this time, the Dark Lord's attack was simply ineffective against Ye Feng.

"What?"

"How can this be!"

Not far away, the Dark Lord who was watching the show saw this scene and immediately couldn't help shouting in horror, his eyes filled with deep shock.

He yelled in disbelief: "Boy, how can you cast the Great Dark Art? Only I can possess this kind of great art!"

Ye Feng was out of danger at this time, with an extremely calm look on his face, and said: "You probably don't know, but the tree of life that you rely on for survival is actually secretly absorbing your dark origin and has condensed it. A dark core came out, and after I swallowed it, I understood the great darkness technique."

"What?"

When the Dark Lord heard what Ye Feng said, his face suddenly became extremely ugly.

Because he never expected that Ye Feng actually knew such ancient secrets, knew how to obtain the core of darkness from the Tree of Life, and directly comprehend the Great Dark Technique.

"Damn it!"

The Dark Lord suddenly roared with rage.

"Great Darkness!"

Ye Feng, who had found the key point at this moment, without any hesitation, directly used the Great Darkness Technique to completely cover the huge white bones and skeleton of the Dark Lord.

At this moment, Ye Feng's dark light completely isolated the Dark Lord from the source of darkness in the surrounding whirlpool.

"No!!"

The Dark Lord, who clearly sensed something was wrong, suddenly cried out in horror.

"You're not immortal now, are you?"

Ye Feng sneered.

"The Great Cutting Technique!"

boom!

The infinite sharp blades cut wildly in the space, shattering the entire skeletal body of the Dark Lord into pieces in an instant.

This time, the Dark Lord could no longer reorganize his body.

Because Ye Feng has used the Great Darkness Technique to isolate it from absorbing the source of darkness.

Having lost the origin of darkness, that is, the source of power, the Dark Lord could no longer hold on this time and turned into bone fragments.

"Crash!"

Ye Feng was very excited and put all the bone fragments piled up in the place into his storage ring.

"The huge amount of dark origin in this dark vortex is also a huge wealth!"

Xiaoyao's voice sounded in the Queen's picture at this time.

Uh-huh!

The Queen's Picture instantly flew out of Ye Feng's body.

Then a hazy divine light emitted.

The entire dark vortex was actually put into the Queen's picture.

Ye Feng was very surprised when he saw this scene.

Queen Tu is really a "big eater"!

Last time, hundreds of thousands of feet of bronze pillars were installed.

This time, the endless dark vortex was put in again.

But that's a good thing.

After obtaining the dark vortex, Ye Feng can absorb the source of darkness in it at any time, heal himself, strengthen the power of the Great Darkness Technique, and enhance the ability of the Great Black Emperor Seal, all of which have huge benefits.

Chapter 1627 Disintegration

At this time.

Along with the dark vortex being swallowed by the Queen's picture.

The entire dark river gradually dissipated.

Ye Feng immediately saw that the darkness around him began to disappear.

Baili Piao xue and his father Baili Tianming also lost the effect of darkness at this moment and began to wake up.

"This is..."

They opened their eyes.

They were immediately shocked by the scene in front of them.

Because the entire dark river was dissipating rapidly.

The terrifying darkness disappeared bit by bit.

"Junior Brother Ye?"

Baili Piao xue saw it at first sight.

At the end of the dark river, Ye Feng's figure stood there.

"Is it Junior Brother Ye who saved us? And made the dark river disappear?"

Baili Piao xue's eyes showed deep doubts.

Otherwise, how did they get out of trouble?

"Is Junior Brother Ye so powerful? He is very hidden."

Baili Piao xue murmured secretly.

At this moment, in his mind, Ye Feng has become the kind of unpredictable and mysterious existence.

Perhaps Ye Feng is still not well-known in the Northern Territory Divine Academy.

But in fact, Ye Feng has quietly surpassed countless people.

Even Baili Piauxue, the chief disciple of the Northern Territory Divine Academy, was deeply shocked by Ye Feng.

"Big Brother, are you awake?"

At this time, Ye Feng flashed in front of Baili Piauxue behind him and laughed.

Baili Piauxue struggled to get up and asked, "Did Junior Brother Ye do all this?"

Ye Feng nodded and said, "I saw that you, Senior Brother, had not come out of the Dark River, so I was very worried. I came in to take a look. I didn't expect to see you and your father trapped in the vines of a strange tree."

"That's right!"

Baili Piauxue was startled and looked around quickly, saying, "Where is that scary tree demon?"

Ye Feng smiled and said, "I have burned it to death with the holy fire. Senior Brother, don't worry, the Dark River has completely collapsed."

Baili Piauxue was stunned and said, "Burn...burned to death?"

Is it so casual?

At this time, he continued to ask: "Did Junior Brother Ye see a swallowing vortex?"

Ye Feng pretended to be confused, fearing to cause trouble, so he lied: "I did see a swallowing vortex, but after the tree of life was burned to death, the swallowing vortex automatically disintegrated, and the entire dark river began to dissipate."

Bai Li Piao Xue heard this, although there was still a trace of doubt in his eyes, but he did not ask any more questions.

Because under the dark vortex, a dark monarch was buried, this was just a legend.

Bai Li Piao Xue didn't care about this now, as long as he and his father didn't die.

"It's true that young people are heroes."

At this time, Bai Li Tian Ming, the head of the Bai Li family next to Bai Li Piao Xue, also woke up.

Baili Tianming stared at Ye Feng and said with a smile: "Little brother Ye, you will be the great benefactor of our Baili family in the future. Not only did you save me and my son, but you also completely solved the hidden dangers of the Dark River, the first life forbidden zone in our ancestral land. This is a huge contribution to our entire Baili family!" Ye Feng smiled and said, "Senior, you are too kind. I may have to live in the Baili family in the future. It is my duty to make some contributions to the Baili family." Just as the three of them were talking happily. As the entire Dark River dissipated, a group of people who were anxiously waiting outside also saw the three people inside. "Look! It's the young clan leader and the clan leader!" "It's really the head of the family! He's still alive! That's great!" "The Dark River actually disintegrated for some reason? It's incredible!" The members of the Baili family outside couldn't help but exclaimed. At this time. As the dark vortex was swallowed by the Queen's picture. The entire Dark River gradually dissipated. Ye Feng immediately saw that the darkness around him began to disappear. Baili Piao Xue and his father Baili Tianming also lost the effect of darkness at this moment and began to wake up.

At this time, Baili Tianming, the head of the Baili family next to Baili Piao xue, also woke up.

Baili Tianming stared at Ye Feng and said with a smile: "Brother Ye, you will be the great benefactor of our Baili family from now on. Not only did you save my son and I, but you also brought the first restricted area of life in our ancestral land to the Dark River. The hidden dangers have been completely resolved, which is a huge contribution to our entire Baili family!"

Ye Feng smiled at this time and said: "Senior, you are serious. I may have to live in the Baili family next time. It is appropriate to make some contributions to the Baili family."

And just when the three of them were chatting happily.

As the entire river of darkness dissipated, a group of people waiting anxiously outside also saw the three people inside.

"Look! It's the young patriarch and the patriarch!"

"It's really the head of the family! He's still alive! That's great!"

"The River of Darkness collapsed for some unknown reason? It's incredible!"

Every member of the Baili family outside couldn't help but exclaim in surprise.

Chapter 1628 The storm is coming

Three days later.

In a small house of the Baili family.

Ye Feng stood by a rockery pond, looked at Bai Susu beside him, and said, "Sister Susu, it seems that Shangguan Hutian has indeed received the attention of the true god of the gods."

Ye Feng has been living in the Baili family since he rescued Baili Piaoxue and Baili Tianming from the river of darkness three days ago.

Three days have passed by now.

In these three days, a lot of things happened.

The first thing was that the true god from the God Realm who came to the Northern Divine Temple began to put pressure on the major families behind the Northern Divine Temple and make them surrender to his rule.

Now the Shangguan family has taken the lead in surrendering to the true god.

The Baili family has not expressed its stance yet, but it is also facing tremendous pressure.

It is said that many powerful disciples in the Northern Temple, as well as elder protectors, etc., were all conquered by that true god.

The method of subjugation is very simple, first use strong strength to oppress them, and then promise that these people will be taken into the God Realm in the future.

The typical approach is to hammer first and then add some sweetness.

Although this trick is simple, it is very effective.

But now Shangguan Lutian has even been accepted as a close disciple by the true god of the God Realm, and he has been taught the advanced inheritance and secret knowledge from the God Realm.

The previous deans all succumbed to the command of this true god of the God Realm.

However, there are also many old monsters in the Northern Divine Temple who have strong self-esteem and are not willing to submit to others, but they were eventually suppressed.

It can be said that the power of the Northern Divine Academy has now completely fallen into the hands of the True God of the God Realm and Shangguan Lutian.

This news is very serious for all major families.

No matter how old and powerful the Baili family is,

I felt a sense of oppression that was about to come.

If it weren't for the ancestor of the Baili family, who was also a strong man in the True God realm, he would have been dealt with by Shangguan Lutian long ago.

Nowadays, the entire Northern Star Territory is in chaos with demons and dark races running rampant. The human race in the Northern Territory Temple has become seriously involved. It can be said that it is in chaos.

At this time, in the small house, Bai Susu thought for a while and said: "Brother Ye Feng, follow me to the fairy world. Once in the fairy world, with the protection of the Yu clan behind me, we will not be in danger."

In the past few days, Bai Susu has decided to leave this place of right and wrong, because no one knows how the situation will develop next. There may be a chaotic war and a river of blood.

Not to mention those who are strong in the Qiankun Realm, even those who are strong in the Great Dao Realm, and even those in the True God Realm, may all fall.

Bai Susu is preparing to take a group of her own people from Sunu Mountain back to the Yu Clan in the fairy world.

Because she was originally the clan leader of the Feather Clan in the Immortal World.

The safety of other tribesmen in Sonu Mountain needs to be considered.

Ye Feng shook his head and said: "The strong wind is blowing and blood is flying! Although the entire Northern Territory may be in chaos next, I will not leave. I came back from the Eastern Star Territory just to gain great benefits in this chaos. Opportunity, great fortune."

Bai Susu seemed to know that Ye Feng would say this. At this moment, she could only helplessly smile and said: "But I have to leave for the sake of my people, otherwise I will stay and fight with you, brother Ye Feng, Ye Brother Feng, you don't blame me for not helping you, do you?"

Ye Feng smiled, stretched out his hand and shook Bai Susu's white palm, and said: "No, this is human nature. If there are bonds around me, I will choose to leave. Otherwise, I will be tied up. Sister Susu, you Leaving now is the right choice, because you still have a choice, and I have no choice."

In order to become stronger and control his own destiny, Ye Feng must seize every golden opportunity. Even if this opportunity is full of dangers, he must move forward with his head held high, fear nothing, and work hard! Three days later.

Chapter 1629 The decisive battle

Bai Susu finally left with her tribe.

Before leaving, Bai Susu hugged Ye Feng slightly without saying a word.

it is more than words.

Outside the Baili family.

Looking at Bai Susu's group of people walking away.

Ye Feng stood there, and for a moment, a feeling of reluctance spread in his heart.

Baili Piauxue, who was beside him, turned his head and glanced at Ye Feng, and said with a smile: "Junior Brother Ye, are you reluctant to let go?"

Ye Feng shook his head and smiled, and said: "No, I've just been with Sister Susu all the time, and now I suddenly have someone left beside me. I feel a little uncomfortable."

Hearing this, Baili Piauxue didn't say much, but her expression became solemn and she said: "The decisive battle may be about to begin."

Ye Feng's eyes moved and he said: "Is your Baili family planning to go to war with the Northern Divine Academy?"

Baili Piauxue nodded and said: "Although our ancestors are also in the True God Realm, they have lived for countless years. They have begun to suffer from the symptoms of the five degenerations of heaven and humans, and they will not live much longer."

Ye Feng's expression immediately changed slightly and he said, "So your ancestors decided to take advantage of the fact that he is still alive to have a fight with the current true god of the God Realm in the Northern Divine Academy?"

Baili Piauxue sighed and nodded, then clenched his fists and said: "This is also an opportunity for our Baili family. If we can defeat the true god of the God Realm and get rid of the Shangguan family, then our Baili family will become the number one controller of the Northern Territory Temple! From then on, the entire Northern Territory, thousands of stars and forces will be dominated by my Baili family."

Ye Feng nodded and said: "This is indeed a once-in-a-lifetime opportunity, and that's why I didn't leave, because I didn't want to miss this opportunity that might make me soar into the sky."

Baili Piauxue patted Ye Feng's shoulder hard and said: "My father, as well as my ancestors, all value you very much and think you are the lucky star of our Baili family. If you can help our Baili family this time, If the family wins, you will have a share in the position of vice-president of the Northern Territory Seminary in the future."

Ye Feng smiled and said: "I have no interest in fame. What I want is to grow in this battle and break through my limits. I am in the Northern Territory

The place I will eventually go to after staying here soon is the central star field, where there are the people I have always expected. "

Baili Piauxue nodded. He had heard Ye Feng say that Ye Feng's mother was trapped in a big force in the central star field.

At this time, Baili Piauxue patted Ye Feng on the shoulder, with a serious look on his face, and promised: "If our Baili family controls the entire northern star field, our entire family will help you rescue your mother."

Ye Feng looked at Baili Piauxue, smiled slightly and said, "Thank you, brother."

"Big brother!"

Suddenly at this moment, a beautiful and graceful young woman flew over from not far away and stood in front of Ye Feng. She behaved in a very affectionate manner.

This young woman is none other than the little girl Ye Feng met in Longyuan Continent, Baili Weiwei!

Just a few days ago, in order to confirm his guess, Ye Feng met Baili Piauxue's Grandpa Jiu and Baili Weiwei alone at the Baili family.

Sure enough, Baili Weiwei recognized Ye Feng the moment they met, and regardless of any image, she jumped directly into Ye Feng's arms.

Ever since he became successful in cultivation, Ye Feng has maintained his appearance of around nineteen or twenty years old.

So Baili Weiwei recognized Ye Feng at a glance.

And Baili Weiwei also grew up from the four or five-year-old girl in Shenjian Village to the slim young girl she is today.

But Baili Weiwei did not hesitate at all, and directly threw herself into Ye Feng's arms. At that time, she almost shocked the eyes of many Baili family members.

Many young members of the Baili family are envious and jealous.

Because Baili Weiwei was the heir whom Grandpa Ninth focused on cultivating. She was extremely beautiful and talented. She was truly a proud daughter of heaven. She had the bones of the arrow spirit and was pure and pure.

And it was precisely because of Ye Feng that the family line and Grandpa Jiu's line turned into conflicts, made peace with each other, and first faced the enemy together.

At this moment, outside the small house.

Ye Feng looked at Baili Weiwei, who was almost as tall as him, and couldn't help but touch her black hair, and said with a gentle smile: "Weiwei, come to me so early, what's the matter?" Bai Susu was after all. She left with her people.

Before leaving, Bai Susu hugged Ye Feng slightly without saying a word.

it is more than words.

Outside the Baili family.

Looking at Bai Susu's group of people walking away.

Ye Feng stood there, and for a moment, a feeling of reluctance spread in his heart.

Baili Piao xue, who was beside him, turned his head and glanced at Ye Feng, and said with a smile: "Junior brother Ye, are you reluctant to let go?" ??

Ye Feng shook his head and smiled, and said: "No, I've just been with Sister Susu all the time, and now I suddenly have someone left beside me. I feel a little uncomfortable."

Hearing this, Baili Piauxue didn't say much, but her expression became solemn and she said, "The decisive battle may be about to begin."

Ye Feng's eyes moved and he said, "Is your Baili family planning to go to war with the Northern Divine Academy?"

Baili Piauxue nodded and said: "Although our ancestors are also in the True God Realm, they have lived for countless years. They have begun to suffer from the symptoms of the five degenerations of heaven and humans, and they will not live much longer."

Ye Feng's expression immediately changed slightly and he said, "So your ancestors decided to take advantage of the fact that he is still alive to have a fight with the current true god of the God Realm in the Northern Divine Academy?"

Chapter 1630 Battle of Sky Armor

Baili Weiwei stared at Ye Feng with a look of attachment in her beautiful eyes, and said: "The head of the family asked me to inform the eldest brother and the young patriarch to go to the main hall of the family center to discuss a very important matter. "

Something very important?

Ye Feng and Baili Piaoxue looked at each other, and both saw the surprise in each other's eyes.

After all, the entire Baili family is now actively preparing for the decisive battle that may happen next.

At this time, the head of the family actually still has time to invite the two juniors to discuss some major matter?

It seems to be a very special thing.

Ye Feng nodded and said, "Okay, let's go to the family center hall."

The three people walked towards the main hall of the Baili family's family center.

Soon they arrived at the central hall of the family.

The main hall is extremely solemn and solemn, and the family guards around it are all solemn and solemn at this critical period.

At this time, Ye Feng, Baili Piauxue and Baili Weiwei arrived.

In the main hall, there were already several powerful old men sitting at the top, obviously waiting for a long time.

Among these old men was Baili Longyin, the ninth grandfather of Baili Weiwei's lineage.

Baili Piauxue's father, Baili Tianming, was also sitting in it.

"See you elders!"

The moment Ye Feng and the others came in, they immediately clasped their fists and made noises to the several old men present.

These old men are all the elders of the Baili family. They have strong cultivation and are the real people in power.

Baili Piauxue asked in confusion: "Dad, elders, I wonder if you summoned the three of us for something particularly important?"

Baili Tianming, the head of the family, spoke up: "Piauxue, there is indeed a very important thing for you to come here this time. I need the three of you to secretly leave the Baili family and go to a planet called 'Devil's Cave' to find a statue. My Baili family

The ancestors of the clan once had their natal treasure. "

Baili Piauxue's eyes moved and she said, "What is that?"

Baili Tianming said with a hint of longing, "The Battle Armor is a powerful armor spread from the Supreme Immortal Realm. Once worn, it can unleash unprecedented terrifying power and combat

power. Our ancestors are now alive." At the end of the Yuan Dynasty, we need to put on this set of ancient armor to fight against the true form from the God Realm in the Northern Divine Academy! "

"Zhan Tianjia?"

The three young people present had a hint of surprise in their eyes when they heard this.

This was the first time they heard the name of this treasure.

At this time, Grandpa Ninth of Baili Weiwei's lineage, Baili Longyin, this burly, lion-like old man also spoke out: "It is said that there are thirty-six immortal worlds in total, and the most powerful thirty-six The Lord of the Six Heavens Immortal Realm once used the supreme power of creation to refine a thirty-six heaven creation artifact. It is a supreme treasure and is powerful enough to shatter a floating continent in an instant. "

"The thirty-six heavenly creation artifacts are composed of a total of thirty-six kinds of magic weapons. They were broken by the first generation of the Lord of Judgment in the fairy world and turned into thirty-six fragments, namely: the Sky-Mending Stone and the Heaven-Destroying Sword. , Heaven-Seizing Spear, Tyrant Halberd, Hengtian Tower, Heaven-Destroying Spear, Tongtian Bridge, Ancient Heaven Ring, Black Heaven Crown, Battle Heaven Armor, Fusion Heaven Cauldron, Heaven-Tearing Claw, Heaven-Destroying Picture, Hidden Heaven Pan, Collapse Heaven Cannons and so on."

"The War Heaven Armor you are looking for now is a fragment of the natal treasure of the Lord of the Thirty-Six Heavens Immortal Realm. But even if it is just a fragment, it is just a component of the Thirty-Six Heavens Creation Artifact. It is also full of infinite The power of creation."

"According to our investigation and the notes left by the ancestors of our Baili family, the Zhantian Armor is on a planet called 'Devil's Cave' in our northern star region. Our ancestors really need this set of treasured armor, so it is possible. Defeat the true god who descended from the God Realm. We old guys are all being watched. Only you young people will not attract the attention of the North Territory Temple. We will secretly send you out. "

"I hope you can complete this mission. The future of my Baili family will be in your hands." Baili Weiwei looked at Ye Feng with a look of attachment in her beautiful eyes and said. : "The head of the family asked me to inform the eldest brother and the young patriarch to go to the main hall of the family center to discuss a very important matter."
