Chapter 1631 Black Sea

Under the explanation of the old man Baili Longyin, several people finally understood what kind of existence Zhan Tianjia was.

It turned out to be one of the thirty-six components of the artifact created by the Lord of the Thirty-Six Celestial World.

Possessing the terrifying power of an artifact of creation!

Baili Piaoxue realized that this was a difficult task.

He immediately clasped his fists solemnly and said, "I will definitely complete the mission!"

Ye Feng also nodded at this time.

He had passed by that Devil's Cave planet before when he and the Demon Queen returned from the outer zone to the Northern Territory Temple.

The Demon Cave Planet is extremely majestic and huge, with spectacular natural landscapes and creations of nature everywhere. There are also many demons, and many ancient ruins of immortal predecessors are buried there.

If you go to this planet, you might be able to find a lot of opportunities and treasure resources.

So Ye Feng naturally wanted to go on this trip.

Baili Weiwei also wants to go with her.

But he was stopped by Baili Longyin.

He said earnestly: "Weiwei, your arrow spirit bones have not been fully activated, and your talents have not been fully stimulated. If you go out now, you will most likely be targeted by the strongest, and then kill you. You can rest assured now." Just stay within the family and practice."

Baili Weiwei felt very aggrieved and said, "But I want to help eldest brother and the young patriarch."

Ye Feng looked at Baili Weiwei at this time, touched her little head, and said: "Weiwei, your ninth grandfather is right. It is better for you to stay within the family and practice now. It is too dangerous outside. You may encounter great danger at any time."

Baili Weiwei grabbed Ye Feng's clothes and said, "But I'm also afraid that my eldest brother will encounter danger that he can't resist."

Ye Feng laughed and said: "Weiwei, have you forgotten? From that small place in Longyuan Continent to here now, I have survived so many strong winds and waves. You don't have to worry too much about me."

When Baili Weiwei heard what Ye Feng said, she could only nod her head.

He said loudly: "Big brother, you must be careful. When I fully awaken my talent in the family, I will be able to help big brother!"

Ye Feng nodded and encouraged: "Okay! Then Weiwei, just practice hard and wait for me to come back."

"Uh-huh!"

Baili Weiwei immediately nodded vigorously.

...

In the early morning of the next day, Ye Feng and Baili Piaoxue hit the road.

The two of them left without disturbing anyone.

He left the Baili family completely secretly.

With the assistance of Ye Feng's space secrets, the two quietly left the Baili family and came to the starry sky in the northern star field.

Baili Piaoxue was holding a map in her hand and was looking for it carefully.

This map was given to him by a Baili family patriarch before he left.

"No need to look anymore."

Ye Feng suddenly spoke up and said with a smile: "I passed by the Devil's Nest Planet before when I came back. I know where it is."

Baili Piaoxue's eyes lit up and she said, "Since Junior Brother Ye knows, that's great."

The two of them kept walking in the endless starry sky.

Finally, on the night of the third day, they came to a huge and towering planet not far away.

At this time, the two of them were lurking in a meteorite belt on the periphery of the planet.

A full 80% of the entire surface of the majestic planet in front of us was covered by the black sea.

Baili Piaoxue said: "That's the Black Sea. My father told me before he left that the first generation ancestor of our Baili family encountered a strong enemy in this Black Sea and died in battle. Zhan Tianjia should be in this black sea, but if we want to find it, it's like looking for a needle in a haystack."

Ye Feng looked at the endless black ocean, pondered for a moment, and then said: "No matter what, let's go to the sea first, and search for cultivation resources while searching."

Baili Piauxue nodded and said, "That's all we can do now." Under the explanation of the old man Baili Longyin, several people finally understood what kind of existence Zhan Tianjia was.

Baili Piaoxue nodded and said, "This is the only thing we can do now."

Chapter 1632 Ocean Spirit Pearl

Devil's Cave Planet.

Eighty percent of the huge planet's surface is covered by oceans.

And this kind of ocean is different from the ordinary blue ocean.

The ocean on the Demon Cave Planet is a completely black ocean.

When Ye Feng and Baili Piauxue arrived on the surface of the Demon Nest planet.

They happened to land on an island.

Looking at the pitch black ocean, the darkness is so deep that one cannot help but feel a natural sense of fear.

Baili Piauxue looked at the endless black ocean, couldn't help but press her temples, and said: "I don't know why, I feel a little dizzy and palpitation. It seems that I have a phobia of the deep sea."

Ye Feng looked at the endless dark ocean with a calm expression.

Now that he has obtained the Great Darkness Technique, he doesn't feel much fear or palpitations towards this black ocean.

Instead, Ye Feng felt that he could merge with the dark ocean at any time and become a part of the darkness.

This is the benefit of the Great Darkness.

From then on, Ye Feng was not afraid of the dark.

At this time, Baili Piauxue took out a map and said: "According to the handwriting left by our ancestors, the place where he died in battle should be not far from here, in an ocean whirlpool in the southeast."

Ye Feng nodded and said: "Then we will head southeast to Xunzhai and see the ocean whirlpool."

Ye Feng thought about releasing the destiny disk of the heavens that he had awakened when he practiced the Divine Art of Creation, which could burn longevity and blood to deduce the specific location of the treasure.

But this kind of thing is so outrageous that Ye Feng doesn't want to show it to outsiders so easily.

It's not that he doesn't trust Baili Piao xue, the senior brother, but that Baili Piao xue might tell such things and spread them to the ears of some caring people, which would be bad.

Place

After seeing the map index in Baili Piao xue's hand, Ye Feng did not use the Destiny Chart.

It just so happened that Ye Feng didn't want to find the location of this trip's mission so quickly.

Because Ye Feng came out this time, in addition to helping Baili Piao xue find the Zhantian Armor, he also had another purpose, which was to find more cultivation resources in this black sea, strengthen his cultivation skills, and try his best to Before the decisive battle comes, improve your combat power.

After all, the current opponents of the entire Baili family are the entire Shangguan family and the Northern Divine Academy, as well as a true god from the God Realm, who is very terrifying.

At this time, Ye Feng and Baili Piao xue were speeding through the ocean.

Buzz!

The spiritual thoughts of both of them are spreading.

Because maybe you can find some cultivation resources on the road.

After all, the Black Sea is a treasure of nature. Nature has given birth to countless rare treasures, all hidden in the sea, waiting for people to discover them.

On the way, Baili Piauxue reminded him: "Junior Brother Ye, this black ocean is said to be home to countless ferocious demons, human pirates, and various ancient ferocious beasts bred in the depths of the Black Sea. We When walking, you must be careful, because you may encounter danger at any time and lose your life. "

Ye Feng nodded and said: "I just sent out my spiritual thoughts, and I have already felt that there are many powerful life fluctuations hidden in this black sea."

Baili Piauxue looked at the map at this time and said: "The map in my hand was drawn by my ancestor. It not only records the last place where he fought, but also records some hidden treasures along the way. The place with precious natural resources is not far from our place. There seems to be an area where countless 'ocean spirit beads' grow. We can go and take a look. The ocean spirit beads contain rich ocean resources. The origin, absorbed by us human warriors, can improve the quality of our bloodline, which is of great benefit to our practice. "Moku Planet.

Chapter 1633 Pirates

The two of them moved very quickly. Following the map, they came to the area where the ocean spirit beads grew.

The sea here is no longer black, but extremely clear water.

Under the sea water, there are pieces of coral stone. On the surface of these coral stones, pearls emitting white light grow.

Baili Piauxue's eyes lit up and he said: "These are the ocean spirit beads. These are the pearls condensed by these spirit corals absorbing the endless essence of the ocean. Even though these ocean spirit beads are small, each one is Each grain contains the most powerful ocean essence."

No wonder Baili Piauxue is so happy.

Because what he practices is the ice attribute inheritance technique, which is of the same type as the water attribute.

Therefore, the essence of the ocean has a special blessing effect on Baili Piauxue.

Uh-huh!

He immediately rushed downwards.

"Wait a moment!"

But suddenly at this moment, Ye Feng seemed to notice something and shouted loudly.

"What?"

Baili Piauxue was about to turn back.

"Pfft!"

Suddenly, an extremely sharp arrow burst out from the darkness deep in the area where the ocean spirit beads grew, and directly pierced one of Baili Piauxue's arms.

"What? Someone is ambushing you here?"

Baili Piaoxue was covering her shoulders at this time, with a look of shock and anger on her face.

If it weren't for Ye Feng's timely reminder just now, he would be alert.

Maybe the arrow just now had pierced his head or heart and sent him to his death.

So Baili Piaoxue was very shocked and angry at this time, after all, he almost died just now.

"Huh? I didn't expect that one of these two boys would be so alert. We used the sky-hiding formation to hide our aura, but we didn't hide it from the boy in black."

Following a strange sound, a dozen people in black robes instantly flew up from the area in the ocean below.

They surrounded Ye Feng and Baili Piaoxue, their eyes filled with ferocious looks.

"It's a pirate from the Black Sea!"

Baili Piaoxue's eyes moved.

The cultivation auras of these dozen people are all in the first or second heaven of the Qiankun Realm.

All are masters.

Very powerful.

A pirate said with a joking look in his eyes: "You two are young masters from some big family, right? You can tell by the look on your face. You are all tender-skinned and tender, and you must have not suffered any hardships. Geniuses trained in big families, I really envy your life, but now that you have met us, you should have guessed our identity. We are pirates in this ocean. Now I order you to take all the treasures you have with you. Hand them over and I'll spare your lives, okay?"

Ye Feng suddenly said: "Not very good."

"What?!"

When a group of ferocious pirates heard what Ye Feng said, they immediately had expressions of disbelief on their faces.

The two boys were already surrounded by them.

But still so tough?

A pirate as burly as an iron tower took a step forward, with a cruel look in his eyes, and said: "Boy, who gave you the courage to say such a thing? Now I want you to kneel down and admit your mistake immediately, otherwise you will Enjoy the top ten tortures in our pirate circle. I like to torture you, the flowers in the greenhouse of the big family, hahaha!" The two of them moved very quickly. Following the map, they came to the area where ocean spirits grew. bead area.

Chapter 1634 Freeze

At this time, the iron tower-like pirate spoke, and his tall and burly body suddenly burst out with a huge and boundless martial arts momentum.

That is the powerful cultivation momentum of the third heaven of Qiankun Realm!

Although Ye Feng is now a warrior at the fourth level of Qiankun Realm.

But as long as he doesn't deliberately reveal his cultivation aura, others will never be able to discover his true cultivation.

So at this moment, these pirates saw Ye Feng's extremely young age, only about nineteen or twenty years old, and felt that he must be a young master from a big family, and he had no strength at all.

"Boy, this is not your family. This is a dark ocean with great chaos. If you provoke vicious pirates like us, the consequences will be extremely miserable. Later, you will have a good experience of what cruelty is!"

At this time, the iron tower-like pirate laughed loudly, and his laughter was full of cruelty.

He stretched out a big hand like a cattail leaf fan and grabbed Ye Feng directly, feeling that he could crush Ye Feng to death in one fell swoop.

"Uh-huh!"

But at this time, Ye Feng just stretched out a finger and touched the pirate's palm.

"Snapped!"

With a crisp sound, the pirate's palm was shattered and turned into countless fragments. The bones were shattered and scattered on the surface of the ocean below.

"ah!!"

This originally ferocious pirate suddenly howled in pain at this moment.

His hand was completely broken, and only a bare wrist was left, which was bleeding and looked extremely terrifying.

"What?"

"So powerful?"

Almost at this moment, a dozen pirates couldn't help but exclaimed.

That iron-tower-like pirate was powerful enough to rank among the top three among this group of pirates.

But even so, the Iron Tower Pirate's hand was still easily broken by Ye Feng.

"This kid is very powerful! Let's suppress him together!"

The iron-tower-like pirate instantly became furious.

"boom!"

"boom!"

"boom!"

Almost at the next moment, a group of other pirates burst out with murderous intent.

Weapons appeared in their hands, including swords, guns, swords and halberds. They emitted strong weapon fluctuations. They were all powerful magic weapons that could explode.

Sending out shocking power.

More than a dozen Qiankun Realm experts took action together, and the power was still very terrifying.

"Absolutely freezing gas."

But suddenly at this moment, Baili Piauxue suddenly shouted coldly.

He is the chief disciple of the Northern Divine Academy. He is also a strong man in the Qiankun realm. He possesses extremely powerful and heaven-defying combat power, and is also very terrifying.

At this time, Baili Piauxue displayed his powerful inheritance, which was a very terrifying killing move.

"Rumble..."

In an instant, a long river of cold air surged out from Baili Piauxue's body, covering the entire sky and sea.

"Crack!"

"Crack!"

"..."

Almost in an instant, a dozen pirates who were ready to attack were unable to move.

The surface of their bodies was freezing rapidly, and their whole bodies were about to be frozen.

"What?"

"This is the legendary absolute freezing air!"

"These two people... are they super disciples of the golden power in the northern star region?"

At this moment, the pirates whose bodies were rapidly freezing had extremely frightened looks in their eyes.

At this time, they finally understood the identities of these two young people.

But it's too late.

"Click, click..."

All the dozen pirates were frozen and turned into humanoid ice sculptures.

Ye Feng smiled slightly and said: "Eldest Brother's absolute freezing energy is getting more and more powerful."

Baili Piao xue shook her head and said with a smile: "It's okay to deal with some little thieves."

At this time, Ye Feng grabbed a dozen ice sculptures with his big hand and put them into his storage ring. These were all sources of power.

Although the cultivation level is not high, it can also enhance some of one's own skills.

As for the pirates' storage rings, Ye Feng and Baili Piao xue shared them equally.

The two of them looked at the storage ring with joy in their eyes.

Baili Piao xue couldn't help but said: "I have to say that although this group of pirates are not very powerful, they still have quite a lot of wealth."

Ye Feng looked at the ocean area below and said: "We have collected these ocean spirit beads, so we should hurry up and continue setting off. The fighting here may attract other more vicious and powerful people."

Baili Piao xue nodded and said: "Okay!" At this time, the iron tower-like pirate said, and his tall and burly body suddenly burst out with a huge and boundless martial arts momentum.

Baili Piauxue nodded and said, "Okay!"

Chapter 1635 Golden Thunder Tribulation

Ocean Lingzhu contains very rich ocean essence, which is a gift from nature.

At this moment, Ye Feng and Baili Piao xue were quickly picking up ocean spirit beads.

Now they don't have time to refine it, so they will collect it first.

"Crash!"

"Crash!"

There are too many spiritual beads growing in the sea below.

Both of them grabbed a lot of them.

It took them half an hour to carve up all the ocean spirit beads on the bottom of the sea.

The faces of the two people were filled with happy smiles at this time.

Although they shared it equally with each other this time, everyone also received a huge amount of ocean spirit beads.

If you refine them all, your cultivation will definitely be greatly improved.

Moreover, the ocean spirit beads also have an extremely special nourishing effect on the physical essence of human warriors.

Uh-huh!

Uh-huh!

The two of them jumped out of the sea in an instant and continued to move in the designated direction.

But it wasn't long before they advanced.

"Crash!"

High above the ocean, thick dark clouds suddenly gathered.

These thick dark clouds seemed to be able to cover the sky, and there was a faint light of thunder flashing inside.

And this kind of thunderous light is very strange. It is not the ordinary blue-purple light, but a golden thunderous light.

Baili Piao xue suddenly stopped and said, "Junior brother Ye, wait a minute, something seems wrong."

Ye Feng also stopped, looking at the thick dark clouds ahead and the golden thunder in the dark clouds, he couldn't help but said: "Elder brother, these dark clouds seem to be

What suddenly gathered was very fast, and was accompanied by a strange and incomparable golden thunder. It should be some kind of powerful monster beast in the ocean passing through the thunder tribulation. "

Baili Piao xue glanced at Ye Feng in surprise, then nodded with a smile and said: "Junior brother Ye has extraordinary eyesight, and it is exactly as I guessed. I have seen such a scene before. Three years ago, I and an elder of our family , arrived in the desert area of a strange continent. In the center of that desert, we saw with our own eyes a terrifying scorpion monster the size of a mountain. It was going through a tribulation, a golden thunder tribulation. It obviously had an extremely special bloodline. , can trigger this extremely special golden thunder."

Ye Feng nodded and said: "I have seen in ancient books that this kind of golden thunder tribulation will only occur when rare and exotic animals survive the thunder tribulation. Let's take a detour and don't provoke such monsters."

Baili Piao xue's eyes flashed and she said, "Junior brother Ye, don't you know that no matter how powerful a monster is, it is at its weakest after going through a tribulation?"

Ye Feng glanced at Baili Piao xue in surprise and said, "Senior Brother, are you preparing to lurk around and plan on that ocean monster that will overcome the calamity?"

Baili Piao xue nodded, sighed, and said: "Our entire Baili family is in danger now. In order to be more effective in the next decisive battle, we must make full use of every opportunity to improve our strength. , If we can plan to get this ocean monster that triggers the golden thunder disaster, it must be the dominant beast in the Black Sea, and we will definitely become rich overnight. "

Hearing this, Ye Feng thought for a while, nodded, and said: "Okay, let's do it! This is indeed a once-in-a-lifetime opportunity. No matter how dangerous it is, we should give it a try. It would be a bit of a loss if we just leave directly. "

Baili Piao xue immediately excitedly patted Ye Feng on the shoulder and said, "With Junior Brother Ye's help, we will definitely succeed if we work together! This time I came out, my father secretly gave me a big killer weapon."

Ye Feng's eyes suddenly moved and he said: "Oh? A big killer weapon? What is it?" The ocean spirit beads contain very rich ocean essence, which is a gift from nature.

At this moment, Ye Feng and Baili Piao xue were quickly picking up ocean spirit beads one after another.

Now they don't have time to refine it, so they will collect it first.

"Crash!"

"Crash!"

There are too many spiritual beads growing in the sea below.

Both of them grabbed a lot of them.

It took them half an hour to carve up all the ocean spirit beads on the bottom of the sea.

The faces of the two people were filled with happy smiles at this time.

Although they shared it equally with each other this time, everyone also received a huge amount of ocean spirit beads.

If you refine them all, your cultivation will definitely be greatly improved.

Moreover, the ocean spirit beads also have an extremely special nourishing effect on the physical essence of human warriors.

Uh-huh!

Uh-huh!

The two of them jumped out of the sea in an instant and continued to move in the designated direction.

But it wasn't long before they advanced.

"Crash!"

High above the ocean, thick dark clouds suddenly gathered.

These thick dark clouds seemed to be able to cover the sky, and there was a faint light of thunder flashing inside.

And this kind of thunderous light is very strange. It is not the ordinary blue-purple light, but a golden thunderous light.

Baili Piauxue suddenly stopped and said, "Junior brother Ye, wait a minute, something seems wrong."

Ye Feng also stopped, looking at the thick dark clouds ahead and the golden thunder in the dark clouds, he couldn't help but said: "Elder brother, these dark clouds seem to be

Ye Feng's eyes suddenly moved and he said: "Oh? A big murder weapon? What is it?"

Chapter 1636 Behemoth

Baili Piauxue smiled slightly at this time and said: "This big killer is one of my strongest trump cards for this trip."

At this time, Baili Piao xue turned his palm, and a crimson talisman appeared in his palm.

This seems to be a kind of spiritual talisman, with patterns like stars engraved on it, full of destructive fluctuations.

Ye Feng stared at the small talisman in Baili Piao xue's hand, and immediately felt a huge palpitation in his heart. He subconsciously sensed that it was an extremely terrifying thing.

Ye Feng looked surprised and asked: "What kind of talisman is this?"

Baili Piao xue smiled slightly and said: "This talisman is called the 'Nine Heavens Star Explosion Talisman'. Our Baili family has a great talisman master who refines the star cores of the nine stars in a special way. This Nine Heavens Star Explosion Talisman is in the sky."

"The cores of nine stars?" .???.??

Ye Feng's eyes were suddenly startled.

All the energy of the nine huge stars was compressed and re-compressed, and refined into a small talisman.

How terrifying would it be if it exploded?

It's unimaginable!

Ye Feng immediately asked curiously: "Once this Nine Heavens Star Explosion Talisman is detonated, what level of terrifying destructive power will it be able to unleash?"

Baili Piao xue said: "The Nine Heavens Star Explosion Talisman is a Dao-level treasure. Once detonated, it can explode with the attack power of a Dao-level superpower that surpasses the Qiankun Realm!"

Ye Feng's eyes moved and he said: "The attack power of a great avenue level powerhouse? That is indeed extremely terrifying."

Knowing that Baili Piauxue still had such a powerful weapon in his hand, Ye Feng's inner worries dissipated a lot.

Uh-huh!

Uh-huh!

At this time, the two of them stopped talking nonsense and lurked directly towards the sea ahead.

At this time, the dark clouds were getting thicker and thicker in the sky over this sea area.

Rays of golden thunder flashed, making a thunderous roar.

r\u003e

"boom!!"

Suddenly at this moment, a huge creature suddenly emerged from the center of this sea area.

"That is....."

Ye Feng and Baili Piauxue were watching from a distance, and they were both shocked by the shape of this huge creature.

It turned out to be a majestic giant ocean turtle that was several thousand feet tall. It had an emerald-colored turtle shell, a mountain-like body, and four claws that seemed to be able to tear the sky apart. It was full of infinite momentum and ferocity.

"It is definitely an ancient relic!"

Baili Piauxue said with certainty.

"It is indeed a creature that has never been seen before. This giant ocean turtle should inherit the bloodline of some ancient evil beast from the ancient times. Especially the emerald-colored turtle shell is so rare that it is like a work of art."

Ye Feng also murmured at this time.

And while the two of them were observing secretly.

"Wow!"

"Wow!"

High above the sea in the distance, golden lightning disasters as thick as a barrel had descended from high altitudes and struck hard on the giant ocean turtle.

"Dang! Dang! Dang..."

The golden thunder full of destructive power bombarded the emerald shell of the giant ocean turtle, and made a series of metallic roars like the collision of copper and iron walls.

Baili Piauxue's eyes were excited and she said: "The emerald turtle shell is simply a natural and strong shield, it can easily withstand even the golden thunder tribulation."

Ye Feng saw something at this time and suddenly said: "That's not necessarily true. Senior brother, look carefully. Under the bombardment of the golden thunder, although the emerald shell of the giant ocean turtle was not damaged at all, the giant ocean turtle's emerald shell was not damaged at all. The turtle's mouth has begun to vomit blood. Obviously, the turtle shell cannot resist all injuries."
"

Baili Piauxue's eyes moved and he said: "It seems true, but this is a good thing for us. The greater the damage caused by the thunder tribulation to the giant ocean turtle, the easier it will be for us to deal with this giant ocean monster in the future!" Baili Piauxue said! Piauxue smiled slightly at this time and said: "This big killer weapon is one of my strongest trump cards for this trip."

At this time, Baili Piauxue turned his palm, and a crimson talisman appeared in his palm.

Chapter 1637 Explosion

Boom!

Boom! !

Streams of golden thunder poured down from the endless dark clouds high in the sky and struck hard on the giant ocean turtle.

"puff!"

"puff!"

No matter how powerful the giant ocean turtle is, it is still bombarded by the golden thunder calamity from heaven and earth until it spurts blood.

"Roar!!"

This huge beast let out an extremely angry roar and roared to the sky.

But to no avail.

The golden thunder became even crazier, bombarding it continuously. .??.

At this moment, the giant ocean turtle's body was already covered in scars.

Even the emerald turtle shell, which was as strong as divine iron, had cracks exposed.

The giant ocean turtle is almost at the end of its tether!

"Roar!"

At this moment, the giant ocean turtle opened its mouth and suddenly spat out an emerald bead the size of its head.

This emerald round bead exudes a faint light and has the finest jade texture. It looks like the most perfect work of art in the world.

Baili Piao xue suddenly became excited and said quickly: "That is the inner elixir of the giant ocean turtle! It must be! The inner elixir has been spit out to resist the thunder tribulation, which means that the thunder tribulation is about to end, and the ocean giant turtle is also We are preparing for the last wave of desperate struggle, Junior Brother Ye, we are ready."

Ye Feng's eyes lit up and said: "Is it almost over? Okay! I have understood the secret of space. When the time comes, I can take you, senior brother, to flash not far away from the giant ocean turtle. Then, senior brother, you can Directly detonate the Nine Heavens Star Explosion Talisman."

Baili Piao xue's eyes were startled, and then he said happily: "The secret of space? Teleportation? Okay! Great! Only by detonating it in the nearest place can it cause the greatest damage to the giant ocean turtle."

The demonic aura of this giant ocean turtle is extremely huge. It is a genuine black sea overlord-level demon with a cultivation level that transcends the realm of heaven and earth.

Even if this giant ocean turtle suffered heavy damage during the tribulation, the emaciated camel is still bigger than a horse. It is not the same as Ye Feng and Baili Piao xue.

People can fight against it personally.

Therefore, it is crucial to detonate the Nine Heavens Star Explosion Talisman and cause huge damage to the giant ocean turtle in an instant.

At this moment, Ye Feng and Baili Piao xue were ready to go.

Because they know that the next fatal blow is very important and must not be wrong, otherwise they will fall short.

"boom!!"

Suddenly at this moment, on the sea level in the distance.

The last golden thunder struck down, which was as thick as a dozen buckets.

"Boom!"

The golden thunder suddenly struck the inner elixir of the giant ocean turtle.

The inner elixir condenses the essence of the ocean giant turtle's skills.

"Crack!"

A huge gap opened in the inner alchemy in an instant.

But in the end, the last thunderbolt was resisted.

The inner elixir was damaged, and the giant ocean turtle was shaken all over, with a lot of blood coming out.

But this behemoth made a happy sound at this time, and it survived after all.

After this thunderstorm ends, the life essence of the giant ocean turtle will evolve and it will become even more powerful.

"Buzz!"

But before the giant ocean turtle could swallow its jade inner elixir, a burst of space fluctuations suddenly appeared on the sea surface not far from it.

"Um?"

The giant ocean turtle suddenly became alert and looked in that direction.

But the next moment, it just saw a small talisman flying out of a space crack.

"This is?"

The giant ocean turtle was very confused about the small talisman and didn't take it seriously.

"boom!!!"

But at the next moment, the talisman exploded.

On the surface of the ocean, there were endless huge waves in an instant.

The terrifying energy of destruction formed a huge mushroom cloud-like air wave in place!

The exploding talisman was the Nine Heavens Star Exploding Talisman. Boom!

The exploding talisman was the Nine Heavens Star Exploding Talisman.

Chapter 1638 Refining on the spot

"Rumble..."

The power of the Nine Heavens Star Explosion Talisman is extremely terrifying.

It can even be said to be terrifying to the extreme.

At this moment, the entire sea suddenly stirred up waves tens of thousands of feet high.

There is also a mushroom cloud-like aura of destruction.

It looks extremely scary!

"howl!!"

At the very center of the explosion, the screams of the giant ocean turtle could be heard.

Obviously, no matter how powerful the giant ocean turtle is, it suffered incurable damage in the sudden and terrifying explosion.

On the sea in the distance, two people stood side by side.

It was Ye Feng and Baili Piaoxue.

At this time, Baili Piaoxue looked at the violent roaring scene in the distance and sighed: "The Nine Heavens Star Explosion Talisman is indeed as terrifying as what dad said. I wonder if it can cause serious damage to this giant ocean turtle."

Ye Feng on the side smiled and said: "Don't worry, senior brother. If you use a big killer weapon like yours, you will definitely be able to seriously injure this giant ocean turtle. I just experienced that kind of damage at close range." The aftermath of the destruction almost destroyed my chaotic body. You know, I was just standing on the edge of the explosion, and the giant ocean turtle was at the center of the explosion."

Baili Piaoxue suddenly said: "The sea level has calmed down. Let's go over and take a look. But we must stay vigilant and be careful that the giant ocean turtle is not dead."

Uh-huh! Uh-huh!

The two of them activated their power and instantly flew to the surface of the ocean where the explosion occurred not far away.

At this time, the wind and waves in the sky had disappeared, and the aftermath of the explosion had also dissipated.

There were many corpses of little sea monsters floating on the entire sea surface.

Obviously, the explosion just now affected a lot of sea areas.

At this moment, in the field of vision of the two of them, the corpse of a giant ocean turtle that was several thousand feet tall was stained with bright red blood and was floating on the sea level. It looked full of visual shock.

"It really blew up to death!"

Baili Piaoxue was very happy.

"It seems we don't need to do it ourselves."

Ye Feng also smiled and said.

Uh-huh! Uh-huh!

The two of them flew to the body of the giant ocean turtle in an instant.

At this moment, Ye Feng suddenly felt an extremely rich blood energy, continuously surging out from the body of the giant ocean turtle.

"The body of this giant ocean turtle definitely contains blood energy that is as powerful as mountains and rivers. It is so powerful!"

Ye Feng was speaking at this time, and his eyes couldn't help but show a trace of excitement and excitement.

At this time, Baili Piauxue took out a treasure that looked like a wine bottle.

He opened the lid of the jug.

"Buzz!"

Suddenly, a huge suction force sucked in the emerald turtle shell of the giant ocean turtle.

Baili Piauxue grinned and said: "This emerald turtle shell is definitely a rare material for refining powerful treasures and armors. Junior Brother Ye, I know that your cultivation inheritance can refine the Qi and blood of other living beings for your own use. This I'll give you the body of the giant ocean turtle."

Ye Feng nodded and agreed with this allocation.

He flew above the body of the giant ocean turtle and said to Baili Piauxue, who was playing with the emerald turtle shell not far away: "Elder brother, I have to practice now and improve my cultivation as much as possible, because next time When we look for Zhan Tianjia, we may encounter huge dangers."

Baili Piauxue nodded and said with a smile: "Junior Brother Ye, you can just practice. I will protect you nearby. Don't worry, no monsters or pirates in the ocean will disturb you."

Ye Feng laughed loudly and said, "Thanks!"

Devour!

Almost at this moment, Ye Feng directly released the Devouring Domain.

Immediately, streams of majestic energy and blood were absorbed by Ye Feng from the body of the giant ocean turtle, devoured and refined into his own body, crazily strengthening his martial arts foundation and life source.

Ye Feng is looking forward to it very much. How much energy can this giant ocean turtle accumulate for himself, and how much cultivation can he achieve? "Rumble..."

Ye Feng is looking forward to it very much. How much energy can this giant ocean turtle accumulate for himself, and how much cultivation can he achieve?

Chapter 1639 A strong man in the Great Dao realm

"Grrrrrrrrrrr..."

Accompanied by the injection of majestic blood energy.

Ye Feng could feel that his limbs and bones were suddenly filled with infinite energy.

At this moment, Ye Feng guided these majestic energies and began to integrate them into every inch of his body.

Then these energies form a weekly cycle, and finally merge into Ye Feng's Dantian energy sea.

"boom!"

Suddenly, an extremely powerful martial arts aura burst out from Ye Feng's body.

He broke through!

Stepping into the fifth heaven of Qiankun Realm! .??.

At this time, the body of the giant ocean turtle had shriveled up to only one-third.

"Keep devouring!"

Ye Feng increased his devouring force.

In an instant, the entire body of the giant ocean turtle was sucked dry.

"boom!!"

And in Ye Feng's body at this time, a terrifying and majestic force as vast as the vast sea burst out instantly.

Crazy expansion of his cultivation!

At this moment, Ye Feng's martial arts momentum continued to rise!

"boom!"

"boom!"

Next, he broke through the sky twice in a row.

Stepping directly into the seventh heaven of Qiankun Realm!

This is a huge improvement and breakthrough.

"Buzz!"

At this time, Ye Feng took out the ocean spirit beads he had obtained before and began to absorb the ocean essence in them to repair the meridians in his body that were burst due to rapid devouring.

Not far away, Baili Piauxue couldn't help but exclaimed: "Junior Brother Ye, your cultivation inheritance is really shocking. Such a big ocean turtle, you took all of it in just a few minutes. After swallowing it, all the abundant energy and blood in your body will be transformed into your own energy. It's so powerful."

Ye Feng stood up at this time, smiled and said: "If it was normal, I would definitely swallow it slowly, but now we are pressed for time, so I increased my intensity, which caused a lot of rupture of the meridians in my body. "

Baili Piaoxue nodded and said: "The ocean essence in the ocean spirit beads can help you repair your broken meridians."

But suddenly here

when.

An extremely angry roar suddenly sounded:

"Why did the giant ocean turtle become such a shriveled look?! Who did it?"

On the sea in the distance, a young man covered in black gold armor, his eyes glowing red, suddenly flew towards him.

The cultivation aura released from his body turned out to be the cultivation aura of the Great Dao Realm!

"He is a powerful person in the Great Dao Realm!"

Ye Feng and Baili Piaoxue couldn't help but look surprised.

Looking at the other party's clothes, he is wearing blood-stained black gold armor and has a fierce look in his eyes. He is obviously a ruthless man in the Black Sea, most likely a powerful pirate leader.

If the opponent is at the tenth level of the Qiankun Realm, or at the Half-Step Great Dao Realm, the two of them might be able to give it a try.

But the other party is a genuine Dao Realm superpower!

Far beyond the Qiankun realm!

The crisis appeared all of a sudden!

"Buzz!"

At this time, the man in black gold armor from the Great Dao Realm not far away was released all of a sudden. An overwhelming terrifying killing intent locked onto Ye Feng and Baili Piao xue who were standing on the sea.

"Did you two guys conspire against the giant ocean turtle? I'm actually late? I let you get there first! Damn it! Both of you are going to die!!"

The man in the black gold armor was extremely ferocious. He roared, and instantly carried the terrifying power of the Great Dao Realm and forced him towards the two of them.

"boom!"

Baili Piao xue wanted to release absolute freezing energy to resist.

But this time his absolute freezing energy didn't work, and he was slapped away by the man in black gold armor. He spurted out a mouthful of blood and fell to the bottom of the ocean. He didn't know whether he was dead or alive.

"So strong!"

"As expected of a powerful man in the Great Dao Realm!"

Ye Feng was shocked, knowing that he was definitely no match, and immediately fled in a certain direction.

"You can't run away! You have a strong demonic power of the giant ocean turtle in your body. Did you swallow the giant ocean turtle? Very good! I'll kill you, and then I'll take away the origin of the giant ocean turtle. Refining the demon essence!"

The man in black gold armor smiled cruelly and immediately chased Ye Feng in the direction where he was fleeing. "Grrrrrrrrrr..."

Accompanied by the injection of majestic blood energy.

Ye Feng could feel that his limbs and bones were suddenly filled with infinite energy.

At this moment, Ye Feng guided these majestic energies and began to integrate them into every inch of his body.

Then these energies form a weekly cycle, and finally merge into Ye Feng's Dantian energy sea.

"boom!"

Suddenly, an extremely powerful martial arts aura burst out from Ye Feng's body.

He broke through!

Stepping into the fifth heaven of Qiankun Realm!

At this time, the body of the giant ocean turtle had shriveled up to only one third.

"Keep devouring!"

Ye Feng increased his devouring force.

In an instant, the entire body of the giant ocean turtle was sucked dry.

"boom!!!"

And in Ye Feng's body at this time, a terrifying and majestic force as vast as the vast sea burst out instantly.

Crazy expansion of his cultivation!

At this moment, Ye Feng's martial arts momentum continued to rise!

"boom!"

"boom!"

Next, he broke through the sky twice in a row.

Stepping directly into the seventh heaven of Qiankun Realm!

This is a huge improvement and breakthrough.

"Buzz!"

At this time, Ye Feng took out the ocean spirit beads he had obtained before and began to absorb the ocean essence in them to repair the meridians in his body that were burst due to rapid devouring.

Not far away, Baili Piauxue couldn't help but exclaimed: "Junior brother Ye, your cultivation inheritance is really shocking. Such a big ocean turtle, you took all of it in just a few minutes. After swallowing it, all the abundant energy and blood in your body will be transformed into your own energy. It's so powerful."

Ye Feng stood up at this time, smiled and said: "If it were normal, I would definitely swallow it slowly, but now we are pressed for time, so I increased the intensity, which caused a lot of rupture of the meridians in my body. "

Baili Piauxue nodded and said: "The ocean essence in the ocean spirit beads can help you repair your broken meridians."

But suddenly here

when.

An extremely angry roar suddenly sounded:

"How did the giant ocean turtle become such a shriveled look?! Who did it?"

On the sea in the distance, a young man covered in black gold armor, his eyes glowing red, suddenly flew towards him.

The cultivation aura released from his body turned out to be the cultivation aura of the Great Dao Realm!

"He is a powerful person in the Great Dao Realm!"

Ye Feng and Baili Piauxue couldn't help but look surprised.

Looking at the other party's clothes, he is wearing blood-stained black gold armor and has a fierce look in his eyes. He is obviously a ruthless man in the Black Sea, most likely a powerful pirate leader.

If the opponent is at the tenth level of the Qiankun Realm, or at the Half-Step Great Dao Realm, the two of them might be able to give it a try.

But the other party is a genuine Dao Realm superpower!

Far beyond the Qiankun realm!

The crisis appeared all of a sudden!

"Buzz!"

At this time, the man in black gold armor of the Great Dao Realm not far away was released all of a sudden. An overwhelming terrifying murderous intent locked onto Ye Feng and Baili Piauxue who were standing on the sea.

Chapter 1640 Integration

Uh-huh!

Uh-huh!

High above the black ocean, two figures were chasing each other.

The person who escaped was naturally Ye Feng.

The person who was chasing him was the man in black gold armor who was in the Great Dao Realm.

At this time, they had been chasing each other for nearly three days.

During this period, Ye Feng was so determined that he even summoned the future body of Dzogchen to fight against this man in black gold armor. .???.??

But he failed and was almost killed by this man in black gold armor.

Because this man in black gold armor is very powerful. He is not an ordinary Dao realm strongman, but a fierce pirate who has experienced countless life-and-death fights in the black sea.

Therefore, this man in black gold armor is an extremely terrifying enemy.

Ye Feng's final choice was to escape.

Fortunately, with the help of the space gem, Ye Feng was never really caught.

"You can't run away!"

Behind him, the man in black gold armor made a cold voice.

Ye Feng tried to use his identity to negotiate and said: "Sir, you must know that I am a disciple of the Northern Territory Seminary."

The man in the black gold armor laughed loudly: "Even if you are a disciple of the Northern Territory Seminary, you must die if you snatch the chance creation that originally belonged to me in this black sea! Now that the entire Northern Star Territory is in chaos, the Northern Territory Seminary may be affected. You will not be able to protect yourself, let alone a small disciple like you."

Hearing what the man in black gold armor said, Ye Feng's eyes immediately darkened.

He could tell that this man in black gold armor had an extremely fierce will and would not be frightened by anything at all.

"Little Ye Zi, this ocean is a dark ocean. You can use the Great Darkness Technique to integrate yourself with the entire ocean. You can use the majestic power of nature in the entire Black Sea! Maybe you can have a fight with this person!"

Suddenly at this time, Xiaoyao's voice sounded in Ye Feng's mind.

When Ye Feng heard this, his eyes suddenly moved and he said, "Really? That's great! I'll give it a try!"

Uh-huh!

At this moment, Ye Feng jumped directly into the black ocean below.

The man in black gold armor high in the sky sneered and said: "Want to sneak into the ocean to escape? Boy, you are too naive. My spiritual mind has locked you firmly. Even if you escape to the ends of the world, I will not If I can catch you, give up escaping!"

At this time, Ye Feng was floating in the black ocean. His eyes were fixed on the man in black gold armor high in the sky. He smiled and said, "Who said I was going to run away?"

Great dark magic!

Almost at this moment, Ye Feng cast the Great Darkness Technique.

Waves of dark power burst out from Ye Feng's body in an instant, merging with the entire black ocean.

At this moment, Ye Feng immediately felt that he and the entire ocean seemed to be integrated into one.

Ye Feng can clearly feel every part of the black ocean, just like every part of his body!

"This feeling is so amazing..."

Ye Feng couldn't help but murmured.

"Pretend to be a ghost!"

The man in black gold armor high in the sky didn't bother to make a sound at this time, and immediately grabbed the bottom with one hand.

The terrifying power of the Great Dao Realm exploded all of a sudden, as if it could destroy everything.

"Break it for me!"

But Ye Feng no longer ran away at this time, but roared loudly and punched out.

boom! !

Following Ye Feng's punch, the entire black ocean suddenly surged.

In the shocking gaze of the man in black gold armor, endless huge waves rolled over and condensed into a towering hand of black sea water tens of thousands of feet, which directly bombarded the man in black gold armor.

"boom!!"

Suddenly, an extremely terrifying force burst out.

And the next moment.

"ah!!"

The man in black gold armor was bombarded by tens of thousands of tons of sea water. He let out a miserable howl and spurted blood from his mouth.
