

## Ancient 1641

Chapter 1641 Everywhere

The man in black gold armor never thought that Ye Feng would be able to draw on the entire power of the Black Sea.

This is the general trend of heaven and earth and the majestic power of nature!

"How can it be!"

The man in black gold armor roared in disbelief.

"boom!"

But another big hand of seawater weighing tens of thousands of tons came down and hit him hard.

"puff!!"

The man in black gold armor spat out a mouthful of blood again, and the powerful armor on his body was about to shatter inch by inch.

"escape!"

At this moment, the man in black gold armor flew away into the distance.

He finally wanted to escape at this time.

Because Ye Feng, who is integrated with the black ocean, is simply terrifying.

Every move he makes is filled with tremendous power.

"Want to run?"

"If you still want to run away at this time, it's already too late."

Ye Feng was floating in the ocean at this time, looking at the man in black gold armor running away in the distance, with a hint of ridicule in his eyes.

At this moment, he has merged with the black ocean.

Ye Feng is everywhere now.

So at this time, the man in black gold armor had just escaped a few kilometers.

Uh-huh!

Ye Feng instantly appeared on the surface of the ocean beneath him.

"What?"

When the man in black gold armor saw it, Ye Feng instantly appeared underneath him, and his eyes immediately revealed a look of deep horror.

He never thought that Ye Feng, who was originally hunted by him and had no way to go to heaven or earth, would suddenly find such a powerful way.

It was literally everywhere, like a ghost.

"Boy, since you are forcing me like this, then I will die with you."

The man in black gold armor showed a stern look in his eyes.

He seemed to be preparing to use some very powerful means.

"Blade of Great Destruction!"

Almost at this moment, the man in black gold armor roared loudly.

His whole body suddenly bloomed, a terrifying light of destruction.

\u003e

At this moment, the man in black gold armor turned into a blade full of endless destructive power.

In an instant, he was filled with soaring murderous intent and slashed towards the depths of the ocean below.

This attack consumed a huge amount of his energy and was obviously a surefire blow.

Either you die or I die!

But at this time, Ye Feng's eyes showed a hint of ridicule.

He just had a slight movement of his mind.

In an instant, his whole body merged into the black ocean, and there was no trace of him.

"Boom!!"

The blow struck by the man in black gold armor was indeed full of terrifying power, causing extremely terrifying destructive power.

But in the end, he missed it.

Because there was no sign of Ye Feng in the ocean below.

It's like a futile blow.

"Ahhh!"

The man in black gold armor suddenly went crazy.

Because he spent countless amounts of energy to form a killing blow, but it failed.

This is really unacceptable to the man in black gold armor.

"Boy, get out!!"

The man in black gold armor made a frantic noise, his tortured mentality about to burst.

Because Ye Feng can attack him at any time.

But he was unable to capture Ye Feng's true body.

Because Ye Feng is now integrated with the entire ocean.

omnipresent.

This ability is simply abnormal!

It's simply impossible to resist.

"If you let me come out, I will give you a face and come out directly."

Ye Feng's voice suddenly sounded above the head of the man in black gold armor.

At this time, the man in black gold armor suddenly turned around and his body trembled slightly.

He immediately saw a shocking scene.

I saw a giant composed of infinite sea water, tens of thousands of feet tall, towering under the sky.

This scene is full of endless shock.

A deep sense of despair suddenly arose in people's hearts.

...

(First update) The man in black gold armor never imagined that Ye Feng could actually draw on the entire ocean power of the Black Sea.

This is the general trend of heaven and earth and the majestic power of nature!

"How can it be!"

The man in black gold armor roared in disbelief.

"boom!"

But another big hand of seawater weighing tens of thousands of tons came down and hit him hard.

"puff!!"

The man in black gold armor spat out a mouthful of blood again, and the powerful armor on his body was about to shatter inch by inch.

"Escape!" .??.

At this moment, the man in black gold armor flew away into the distance.

He finally wanted to escape at this time.

The black-gold armored man saw Ye Feng appear below him instantly, and his eyes immediately showed deep horror.

He never thought that Ye Feng, who was originally being chased by him and had no way to go up to the sky or down to the earth, suddenly found such a powerful way.

He was everywhere, like a ghost.

"Boy, since you force me so much, I will die with you."

The black-gold armored man's eyes showed a trace of fierceness.

He seemed to be preparing to use some very powerful means.

"Great Destruction Blade!"

His whole body suddenly burst out, and a terrifying light of destruction.

At this moment, the black-gold armored man turned into a blade full of endless destructive power.

In an instant, he was wrapped in a murderous intent that soared to the sky, and slashed towards the depths of the ocean below.

This attack consumed a huge amount of his energy, and it was obviously a fatal blow.

Either you die or I die!

But at this time, Ye Feng's eyes showed a trace of mockery.

He just moved his mind slightly.

In an instant, his whole body merged into the black ocean, and no trace could be found.

"Boom!!"

The blow from the black-gold armored man was indeed full of terrifying power, causing extremely terrible destructive power.

But in the end, he chopped into nothing.

Because there was no trace of Ye Feng in the ocean below.

It was equivalent to a futile blow.

"Ahhh!"

The black-gold armored man went crazy all of a sudden.

Because he consumed countless energy, and the fatal blow that was gathered together actually missed.

This was really unacceptable to the black-gold armored man.

"Boy, get out!!"

The black-gold armored man shouted frantically, and his tortured mentality was about to explode.

Because Ye Feng could attack him at any time.

But he could not capture the real body of Ye Feng.

Because Ye Feng is now integrated with the entire ocean.

Everywhere.

This ability is simply abnormal!

It is impossible to resist at all.

"If you let me out, then I will give you a face and come out directly."

Ye Feng's voice suddenly sounded above the head of the man in black gold armor.

...

Chapter 1642 Big Tonic

A giant tens of thousands of feet tall composed of infinite sea water.

Full of infinite power.

It's like a giant that stepped from the ancient times, crossed the dust of history, and suddenly appeared in front of you.

"How can this be?"

The man in black gold armor had shock in his eyes at this time.

Because he could never have imagined that a boy who was originally being chased by him would suddenly turn into such a powerful being.

"What kind of method is this?"

The eyes of the man in black gold armor were full of disbelief.

He was filled with a deep sense of helplessness at this time.

I thought I was bound to win.

But it turned out that he was the insignificant one.

"Boom!"

And at this time.

The giant condensed from the infinite sea water instantly struck down with one hand.

The man in black gold armor roared angrily and unwillingly: "I don't believe it!! Resist me!!"

The armor on his body suddenly split apart at this moment.

An extremely huge shield was condensed directly in front of him.

I want to resist the palm of that ocean giant once and for all.

"Boom!!"

Almost at the next moment, a terrifying roar sounded.

The shield in front of the man in black gold armor was impossible to withstand.

"Click, click..."

The huge shield shattered instantly.

It turned into pieces of metal fragments and scattered on the ocean.

At this moment, the man in black gold armor howled miserably, and his entire body was shattered.

His body was broken into pieces, looking extremely miserable.

"Ah! Boy! I am the third master of Destiny Island. If you kill me, my eldest and second brothers will definitely find you and cut you into pieces! We will meet under the underworld soon! Hahaha!"

Before dying, the man in black gold armor laughed happily.

He didn't seem to be afraid of death at all.

Because those who hang out on the Black Sea are basically lickens.

They have lived very transparently for a long time and may die at any time.

"Destiny Island?"

Ye Feng dispersed the seawater giant at this time, and he landed from high altitude alone.

At this time, Ye Feng flew to the body of the man in black gold armor.

He reached out and grabbed it, and a storage ring fell into his hands.

Ye Feng explored it, but there was only a hint of joy on his face.

This man in black gold armor, the third master of Destiny Island, is indeed a pirate leader, and his wealth is very rich.

Ye Feng will definitely make a fortune after getting this storage ring.

"Swallow!"

At this moment, Ye Feng instantly released the Devouring Domain and began to devour and refine the remaining blood, energy, and skill of this man in black gold armor.

Half an hour later, two powerful auras suddenly burst out from Ye Feng's body.

He broke through.

And it still broke through two levels in a row.

Directly from the seventh heaven of the Qiankun Realm, he stepped into the ninth heaven of the Qiankun Realm!

I have to say that this man in black gold armor is very good.

Buzz!

Suddenly at this moment, an extremely powerful and ferocious aura suddenly came from the distance.

"Who killed my third brother? I must cut him into pieces!"

It was a man's roar, full of endless anger.

Ye Feng's eyes changed slightly, and he flew towards the distance in an instant, and soon left this sea area.

Just now he sensed that the cultivation aura of the owner of this voice seemed to be an extremely advanced existence in the Great Dao Realm.

Even if he could blend into the dark ocean, he might not be able to fight it, so he'd better run away first.

Ye Feng returned to the previous location and found Baili Piaoxue's fainted body from the depths of the seabed.

"Fortunately, I'm still alive and not dead."

Ye Feng stretched out his hand, breathed a sigh of relief, and felt relieved.

...

(Second update) A giant tens of thousands of feet tall composed of infinite sea water.

Full of infinite power.

It's like a giant that stepped from the ancient times, crossed the dust of history, and suddenly appeared in front of you.

The man in black gold armor had shock in his eyes at this time.

## Chapter 1643 Vision

With Ye Feng's help, Baili Piauxue quickly regained consciousness.

"Thank you, Junior Brother Ye, for your help!"

Baili Piauxue was very grateful, her eyes filled with gratitude.

At this time, Baili Piauxue seemed to have thought of something, and suddenly asked: "Have you gotten rid of that super strong man in the Great Dao Realm?"

Baili Piauxue naturally couldn't believe that Ye Feng had killed the man in black gold armor.

Ye Feng didn't say much about this.

He just smiled and said: "I used a method to get rid of the man in black gold armor. Now he can't find us, and we can move on."

Baili Piauxue, hearing Ye Feng say this, immediately breathed a sigh of relief.

Seeing that he was very afraid of the man in black gold armor.

After all, the black-hearted armored man from before almost killed Baili Piauxue with one slap.

This kind of strength is really terrifying.

Baili Piauxue now has a psychological shadow.

"Let's continue on our way."

Baili Piauxue took out the map in her hand, determined a direction, and flew towards it.

After seven days and seven nights, the two traveled through almost half of the black ocean and finally arrived at the edge of a huge island.

Baili Piauxue looked at the huge island and said aloud: "According to the map, this huge island is as big as a floating continent. It was once a battlefield for ancient powerful people. There were many powerful people. He fought here and then died. The ancestor of our Baili family also died here. Finally, he left a trace of his soul and returned to the family with his handwriting. "

Ye Feng saw the huge island, his eyes showed a trace of vigilance, and said: "I feel a heart-stopping aura from this huge island, we must be careful."

Baili Piauxue nodded and said: "Okay, let's not stay on the road for too long and go directly to the place where our ancestors of the Baili family died. This is

This way our risk will be much less. "

Hearing this, Ye Feng's eyes flashed slightly and said: "If we encounter other chance creations or the relics of other ancient powerful men on the road, then we must still investigate. Maybe we will encounter some powerful opportunity that can Greatly enhance our strength."

Baili Piauxue nodded and said nothing more.

Because he also knew very well that the reason why Ye Feng chose to help him this time was mainly to get some opportunities for himself.

Therefore, even if Baili Piauxue was very anxious to find the Zhan Tianjia left behind by his ancestors, he could not force Ye Feng to do anything.

Uh-huh!

Uh-huh!

At this time, the two people jumped directly to the huge island.

At first glance, they saw extremely dilapidated buildings, standing on the entire island.

However, most of these buildings are dilapidated, and there is no wealth left to find.

So neither of them looked at these buildings because they knew that if there was any wealth inside, it would have been looted long ago.

After all, there are still many people living in this Black Sea area.

Moreover, there are many demons from the Dark God Clan stationed in the nearby area.

At this time, the two people did not choose to fly directly on the island because it was too eye-catching.

The two of them walked on the ground, their steps speeding up, almost as fast as flying, but they would never attract the attention of other creatures.

"boom!"

Suddenly I felt that at this time, in a dilapidated hall not far away, a bright golden light pillar suddenly lit up, and in an instant it rushed out of the hall and straight into the sky.

"Huh? Such an obvious vision? It might be a very powerful treasure. Let's hurry over and take a look."

Ye Feng and Baili Piauxue's eyes lit up and they flew in that direction instantly.

...

(Third update, please give me some gifts) With Ye Feng's help, Baili Piauxue quickly regained consciousness.

"Thank you, Junior Brother Ye, for your help!"

Baili Piauxue was very grateful, her eyes filled with gratitude.

At this time, Baili Piauxue seemed to have thought of something, and suddenly asked: "Have you gotten rid of that super strong man in the Great Dao Realm?"

Ye Feng and Baili Piaoxue's eyes lit up and they immediately flew in that direction.

...

Chapter 1644 Preparation

When the two people flew around the hall.

They all saw many figures standing not far from the main hall.

Among these figures, there are strong men from the human race, who should be pirates in the Black Sea.

In addition, there are demons from the dark race.

These demon heads are covered with pitch black scales.

Some demons have wings on their backs, their eyes are all red, and they look extremely demonic.

At this time, everyone was observing the dilapidated hall full of imagery.

Obviously, they were all attracted by the bright golden light pillar.

"There must be powerful treasures or opportunities hidden in this hall."

One of the pirates had fiery eyes and spoke out at this time.

He immediately rushed towards the main hall.

"ah!!"

But the moment he came into contact with the golden light pillar, he immediately howled miserably.

The pirate's entire body was rapidly disintegrating, looking extremely shocking and terrifying.

Obviously, the golden light pillar is full of huge destructive power. No matter how powerful the being is, as long as it touches the golden light pillar, its entire body will be destroyed in an instant.

Sure enough, at the next moment, the impulsive pirate didn't even have time to retreat. Half of his body was shattered and he died all of a sudden.

"hiss!"

Everyone who saw this scene couldn't help but gasped.

The energy in that golden beam of light is really terrifying.

At this moment, everyone who originally wanted to risk rushing in couldn't help but take several steps back, not daring to enter again.

The pirate who paid the price with his life because of his previous impulsiveness was a genuine strong man at the Dzogchen level of the tenth level of the Qiankun Realm.

But even so, he was still dead.

So you can see how terrifying the golden light pillar is.

But now everyone is very afraid of this golden light pillar.

But their eyes were filled with deep excitement.

Because the more terrifying the vision of the golden light pillar is, the more powerful the opportunities hidden in this hall are.

At this time, an old man nearby spoke up: "It is said that this island was originally from ancient times.

It is an area where the strongest people fight, so many architectural ruins actually have extraordinary origins, and the creation of the strongest people is hidden inside. If our descendants get it, they will have great luck, and it is not impossible to soar into the sky from now on. "

The moment the old man finished speaking, everyone present became more and more excited and looking forward to the chance creation hidden in the golden hall.

But then there were more and more people around, which made many people wary.

Many people know that once the golden light pillar phenomenon disappears, there may be a big fight here.

So at this time, everyone took out their weapons one after another, and even ran their own skills and inheritance, maintaining a state of readiness.

Because this golden light pillar phenomenon may disappear at any time.

And when the golden light beam disappears, everyone will definitely rush in.

It will definitely be a very brutal fighting situation by then.

So at this time, everyone is keeping their inner vigilance and preparing to enter the hall and look for treasures.

At this moment, Ye Feng and Baili Piaoxue were also ready.

They have now concluded that there must be a coveted treasure hidden in the dilapidated hall.

But now so many people are gathered here.

There are also extremely ferocious demons from the dark race, staring covetously.

As long as you can survive the big fight and grab the treasure, you will have earned it.

At this time, Ye Feng once again faced so many powerful people, and he no longer had much fear.

Because his current strength and cultivation have been raised to a new level.

Ordinary strong men can't do any harm to him at all.

Even if he is a powerful person at the level of the Great Dao Realm, Ye Feng is not so afraid now and can fight with him.

"Buzz!"

And just when everyone was gearing up to prepare.

The golden light pillar in the ruined hall finally slowly dissipated.

"boom!"

Almost at this moment, a man burst out with shocking fighting spirit and murderous intent, rushing towards the dilapidated hall.

"Kill!"

"Grab it!"

Countless people let out shocking shouts and roars.

...

Chapter 1645 The Mighty Demon King

boom!

boom!

boom!

At this moment, countless huge waves of murderous intent erupted outside the dilapidated hall.

"ah!"

"ah!"

Suddenly, there were screams one after another.

Greed is the original sin.

Before anyone even entered the ruined hall, many people were already lying in a pool of blood outside.

"Treasure! I'm coming!!"

One by one, with red eyes, they rushed towards the dilapidated hall, fearless and fearless.

At this time, Ye Feng and Baili Piauxue were also preparing to rush directly into the hall.

But at this moment, Ye Feng suddenly discovered something and suddenly pulled Baili Piauxue beside him.

"What's wrong?"

Baili Piauxue turned around and looked at Ye Feng, with a trace of doubt in his eyes, and said: "Junior Brother Ye, let's hurry up and rush into the dilapidated hall, otherwise all the treasures will be robbed by others later."

Ye Feng heard the words, but his eyes looked towards a certain direction not far away with meaning, and whispered: "Elder brother, I had the same idea as you and everyone at the beginning, but I just noticed that the demons of the dark race standing outside were very indifferent and kept standing there. "

When Baili Piauxue heard what Ye Feng said, her eyes were slightly startled and she looked not far away.

"real!"

Baili Piauxue immediately saw a group of demons standing outside the dilapidated hall, all of them standing motionless, not making any movement at all.

Moreover, these demons seemed to have a trace of teasing in their eyes when they looked at the group of strong human beings who were rushing into the ruined hall.

"It's weird, really weird."

Baili Piauxue was not a fool. After Ye Feng's reminder, he immediately thought of something and said suddenly: "Junior brother Ye, could it be that what is hidden in this dilapidated hall is not a treasure at all, but a monster with the characteristics of It's very dangerous."

Ye Feng shook his head and said: "I can't make a casual judgment now, but what I am sure of is that the reason why these demons did not move is because

It's not because they are afraid of us humans, but because they are waiting for something. "

"What are you waiting for?"

Baili Piauxue had a look of confusion on her face.

And while the two were discussing.

The many human warriors on the field were basically dead or injured. All the powerful warriors entered the dilapidated hall.

But that's it.

A sudden change occurred!

"ah!"

"ah!"

"ah!"

A series of heart-numbing screams suddenly sounded in the dilapidated hall.

"Pfft!"

"Pfft!"

"..."

What followed was the sound of shattering flesh and bones that made one's teeth sore.

Obviously, at this moment, a tragedy that is unimaginable to outsiders is happening in the dilapidated hall.

"what's the situation?"

Many weak warriors who had not yet had time to enter the hall were trembling with fear and turned pale.

"It's better to hurry up and leave!"

"This may not be an ancient building hiding treasures, but a building full of endless dangers!"

Each of the weak human warriors felt lucky that they could not enter the hall.

They instantly backed up and wanted to get out of here.

"Pfft!"

"Pfft!"

But suddenly at this moment, a group of strong demon warriors not far away who had been silent all began to raise their butcher knives, frantically killing those weak human warriors who wanted to leave this place.

A cruel smile appeared on the face of a demon clan, and he laughed and said: "Hahaha! A bunch of stupid humans, this hall is where our demon clan's 'Great Mighty Demon King' sleeps, and now the great mighty demon king wants to live again." Once you wake up, you just need the energy and blood essence of you stupid humans to devour! Just die obediently and become the nourishment for our noble mighty demon king!"

...

(Fifth update, please give some gifts to give motivation to Chang Ge) Boom!

boom!

boom!

At this moment, countless huge waves of murderous intent erupted outside the dilapidated hall.

"ah!"

"ah!"

Suddenly, there were screams one after another.

Greed is the original sin.

Before anyone even entered the ruined hall, many people were already lying in a pool of blood outside.

"Treasure! I'm coming!!" .??.

One by one, with red eyes, they rushed towards the dilapidated hall, fearless and fearless.

At this time, Ye Feng and Baili Piaoxue were also preparing to rush directly into the hall.

But at this moment, Ye Feng suddenly discovered something and suddenly pulled Baili Piaoxue beside him.

"What's wrong?"

Baili Piaoxue turned around and looked at Ye Feng, with a trace of doubt in his eyes, and said: "Junior Brother Ye, let's hurry up and rush into the dilapidated hall, otherwise all the treasures will be robbed by others later."

Ye Feng heard the words, but his eyes looked towards a certain direction not far away with meaning, and whispered: "Elder brother, I had the same idea as you and everyone at the beginning, but I just noticed that the demons of the dark race standing outside were very indifferent and kept standing there. "

When Baili Piaoxue heard what Ye Feng said, her eyes were slightly startled and she looked not far away.

"real!"

Baili Piauxue immediately saw a group of demons standing outside the dilapidated hall, all of them standing motionless, not making any movement at all.

Moreover, these demons seemed to have a trace of teasing in their eyes when they looked at the group of strong human beings who were rushing into the ruined hall.

"It's very strange, very strange indeed."

Baili Piauxue was not a fool. After Ye Feng's reminder, he immediately thought of something and said suddenly: "Junior brother Ye, could it be that what is hidden in this dilapidated hall is not a treasure at all, but a monster with the characteristics of It's a big danger."

Ye Feng shook his head and said: "I can't make a casual judgment now, but what I am sure of is that the reason why these demons did not move is because

It's not because they are afraid of us humans, but because they are waiting for something. "

"What are you waiting for?"

Baili Piauxue had a look of confusion on her face.

Chapter 1646 Magic Talisman Array

"ah!"

"ah!"

...

Along with screams, the humans outside were killed by the demons one after another.

These human warriors who failed to enter the hall were not strong.

Therefore, they are no match for the demons at this time.

The real strong men of the human race were all in the main hall and could not escape. They were killed by the powerful demon king in the main hall and screamed repeatedly.

The scene was once very desperate.

"let's go."

At this time, Ye Feng seemed to have sensed something, and his expression immediately changed, and he said: "Senior Brother, the aura of the mighty demon king sleeping in the hall seems to have surpassed the Great Dao Realm, and is a terrifying old demon at the True God Realm level! "

When Baili Piauxue heard this, she was immediately shocked and said, "What? True God Realm?"

It has to be said that the cultivation aura Ye Feng sensed at this time made both of them a little frightened.

"Let's go!"

At this moment, the two of them no longer hesitated, soaring into the sky and quickly escaping into the distance.

"Don't even think about leaving!"

But suddenly at this moment, a group of demons not far away suddenly roared.

"You are all nourishment for the mighty demon king. It would be a sin if you just left like this."

More than a dozen demons roared loudly, and black talismans suddenly appeared in their hands.

These talismans are magic talismans!

"Swish, swish, swish..."

More than a dozen black talismans flew into the sky in an instant, and then condensed into a large array, forming a black light mask, which instantly blocked the path of Ye Feng and Baili Piauxue!

"when!"

They frantically attacked the black light shield, but they made sounds like metal collisions and could not be broken at all.

"Hahaha!"

A group of demons not far away laughed loudly: "These talismans are all high-level magic talismans refined by the mighty demon king. They can trap the powerful in the Dao realm. You two human guys

, it's just the Qiankun realm level, how can it be destroyed? "

Ye Feng's eyes showed a crazy look, and a golden giant sword appeared in his hand, instantly launching a sword energy fire storm!

The natal fire that combines several powerful flames has now become extremely terrifying.

Along with Ye Feng's sword, the Gods of Shang came out.

"Boom!!"

The mighty sword fire storm like a long river, full of infinite impact and destructive power, suddenly bombarded the black light shield.

"Click, click..."

At this moment, the surface of the black mask suddenly shattered into pieces.

Even the magic talismans forming the large array were shaking violently, obviously due to lack of energy.

"What?!"

"This human kid, who is only in the Qiankun realm, actually smashed the magic talisman array refined by the mighty demon king?"

"How can this be!"

"How can a warrior in the Qiankun Realm be so weak that he can burst out with such powerful power?"

A group of demons all exclaimed in surprise at this time, their eyes full of disbelief.

Obviously they have never seen such a monster young man from the human race.

Can such a terrifying destructive power be unleashed at a cultivation level that is no higher than the Qiankun Realm?

"Uh-huh!"

"Uh-huh!"

At this moment, the black light shield shattered, and Ye Feng and Baili Piaoxue quickly flew into the distance.

"Oh? A good human boy with endless potential. Then stay as my king's attendant and assist me in dominating the world."

Suddenly at this moment, an extremely majestic ancient voice suddenly sounded from the dilapidated hall below.

Buzz!

And at the next moment, a monstrous black claw, filled with infinite power, seemed to be able to crush the wasteland and tear the sky. In an instant, it stretched out from the depths of the hall, covering the sky and the earth, and blocking the sky. On the same day, Ye Feng was captured.

Chapter 1647 Enslaving the Soul

This claw of the mighty demon king is very terrifying.

At this moment when he caught the sky, Ye Feng felt that the surrounding space was suddenly imprisoned.

He struggled wildly, but to no avail. The claw seemed to be made of divine iron, full of hardness, and even Ye Feng's current level of chaos body could not tear it open.

Baili Piao xue saw this scene from a distance and was immediately shocked.

He instantly displayed his power and released absolute freezing energy.

Boom!

A huge burst of cold air suddenly burst out from Baili Piao xue's body and bombarded in the direction of Ye Feng.

"Little tricks."

But from the hall below, only the seemingly disdainful voice of the mighty Demon King could be heard.

With a flick of his huge claw, all the mighty absolute freezing energy was instantly shattered.

Almost at this moment, Baili Piao xue didn't even have time to react, and his whole body was hit by the claw.

"ah!"

One of Baili Piao xue's arms exploded in an instant, and his whole body was blown away by the huge impact, flying into the distance and disappearing.

At this moment, huge claws grabbed Ye Feng and directly pulled Ye Feng into the hall.

"Uh-huh!"

Between changes in vision.

Ye Feng arrived at the dilapidated hall in an instant.

He immediately saw that the many powerful human beings who had entered the hall before had all turned into corpses and were lying on the ground.

All the energy and blood in their bodies disappeared, and they were obviously tricked by the mighty devil king, and became the nourishment for the mighty devil king to revive.

At this moment, Ye Feng immediately

Then he saw a tall dark golden devil sitting on the throne at the top of the hall.

This dark golden devil looks full of majesty, with an extremely terrifying and powerful aura surging from his body.

That was the aura of True God Realm cultivation that surpassed the Great Dao Realm!

This is a big demon at the level of a true god!

The mighty demon king!

At this time, Ye Feng stared at it and said, "Why don't you just kill me?"

The Demon King Dawei laughed and said: "You should be a peerless genius among the human race. It would be a pity to kill you. I want to transform you directly into a slave and become my confidant."

At this moment, the mighty demon king said that he suddenly flashed in front of Ye Feng and placed one hand on Ye Feng's head.

"boom!"

Almost at this moment, Ye Feng immediately felt a huge mental pressure coming on him.

Ye Feng seemed to feel something, and suddenly said angrily: "You want to enslave my soul?"

The mighty demon king instantly smiled cruelly and said: "You kid has a lot of experience in the world. Yes, I will completely make your soul my slave now. No one can stop this method. Hahaha, the human race Tianjiao, just feel free to become my demon slave!"

boom!

From the head of the mighty demon king, a soul-like soul of the demon king suddenly rushed out and rushed directly into Ye Feng's mind.

This is the soul of the mighty demon king, who wants to personally enter Ye Feng's brain and soul and enslave Ye Feng's soul.

But at this moment, a smile suddenly flashed across Ye Feng's lips.

"Slaving my soul will be the stupidest decision you have ever made, the mighty demon king!"

...

Chapter 1648 Body

To say that the attack Ye Feng was least afraid of during his cultivation was the enemy's attack on his soul.

Especially when other people's souls ran directly into his brain and soul world.

That was exactly what Ye Feng wanted.

Because he has the Soul Stone in his mind.

The soul gem is one of the gems of the gods in the Lord's Crown.

Possessing a hint of dominating power.

Therefore, as long as a foreign enemy invades the soul world, the soul gem will automatically protect the owner.

So at this time, after the soul of the Demon King David entered Ye Feng's soul world, the demon's soul immediately saw an incredible scene.

At this moment, in Ye Feng's soul world, the soul gem suddenly transformed into a golden giant tens of thousands of feet tall, standing in the void soul world, exuding overwhelming majesty.

"What is this?!"

The proud expression on the mighty demon king's face disappeared in an instant.

He stared at the golden giant tens of thousands of feet tall, full of irresistible power, and a sense of despair welled up in his heart.

"How could such a terrifying thing appear in the mind of a little human boy? This is such a taboo thing!"

The mighty demon king roared in horror at this time, his eyes full of horror.

His soul frantically wanted to escape from Ye Feng's soul world.

But it's too late now.

"boom!!"

The golden giant transformed by the soul gem is the soul of the legendary master, possessing incredible power.

At this time, the golden giant pressed down with one hand, directly smashing the powerful soul of the mighty demon king into pieces in an instant.

"ah!!"

The soul of the mighty demon king suddenly let out an earth-shaking howl.

Almost in an instant, the spirit of the Great Heavenly Demon King was shattered into pieces.

\u003e

The soul of this big devil died and dried up in an instant.

Buzz!

At this time, in the main hall, Ye Feng opened his eyes.

At this time, the tall and powerful body of the Demon King in front of him was already motionless.

Obviously, as the demon's soul was shattered, his body also became an empty shell.

Although his vitality is still surging, he actually has no soul and has become a vegetative state.

Ye Feng stared at the body of the mighty Demon King in front of him, with a trace of strangeness in his eyes.

At this time, Ye Feng asked Xiao Yao in the Queen's picture, "Xiao Yao, is there any way for me to dedicate part of my soul power to live in the body of this mighty demon king?"

You know, this mighty demon king is a genuine true god realm powerhouse.

He is an extremely powerful demon king!

Even if it loses its soul, if it can control its body, it will definitely be able to explode with shocking power.

So Ye Feng is now very interested in the body of this Demon King David.

If he directly devoured the body of this mighty demon king, Ye Feng guessed that he would only be able to break through to the first or second level of the early stage of the Great Dao Realm at most.

But if there is a way, let your soul or a trace of spiritual thoughts settle in the body of this mighty demon king.

That is equivalent to having a clone that is comparable to a powerful person in the True God Realm all of a sudden.

This feeling feels so good just thinking about it!

Xiao Yao spoke out in the Queen's picture at this time: "There is a way. I have a secret method that can allow you to separate a part of your soul and settle in the body of this mighty demon king. But splitting the soul is like tearing the body apart." Are you sure you can bear that kind of horrific pain?"

Ye Feng glanced at the body of the powerful demon king that exuded the aura of a true god realm, then grinned and said: "Come on."

Chapter 1649 Powerful Power

Uh-huh!

Xiaoyao flew out of the Queen's picture.

She looks like a little girl.

At this time, Xiaoyao stood in front of Ye Feng, with a saw-like magic weapon appearing in her hand, and said: "This treasure is called the 'Soul Saw'. It can cut off a part of your original soul, and then use special secret techniques to Enter the body of the mighty demon king."

Looking at the big saw with cold light, Ye Feng swallowed slightly and felt a little chill in his body.

But in order to get the True God Realm body of the Great Demon King, Ye Feng could only nod his head, closed his eyes, and said: "Let's get started!"

Zhila!

Xiaoyao held the big saw in her hand and slashed it at Ye Feng in an instant.

The saw was actually able to penetrate Ye Feng's body and tear out part of his soul.

"ah!"

No matter how strong Ye Feng's willpower was, he couldn't help but scream when he experienced the painful feeling of his soul being sawed open. He was covered in cold sweat and his legs and feet were getting weak.

This feeling is really painful.

I definitely don't want to suffer it a second time.

"alright!"

At this moment, Xiaoyao's voice suddenly sounded.

"alright?"

Ye Feng opened his eyes.

He immediately saw that the mighty demon king in front of him could actually start to move.

Moreover, he can control the movements of the mighty demon king at will.

It feels like controlling a part of your body.

"boom!"

With a thought from Ye Feng, the mighty demon king punched not far away.

"Boom!!"

The extremely solid hall was instantly shattered into pieces by the terrifying fist of this demonic body.

"What a powerful force!"

"Even if it's just the pure power of the body, it can defeat an ordinary true god realm powerhouse!"

Ye Feng's eyes were extremely excited at this time.

This time, he was able to obtain the body of this precious demon king. It was really a combination of circumstances, but in the end, it was Ye Feng himself.

If the mighty demon king was still alive and saw this scene, he would definitely be furious.

This big devil may never have thought that what was originally a sure thing would end up being dead because he entered Ye Feng's soul world.

Moreover, his powerful demon body has become Ye Feng's killing tool.

"Your Majesty the Great Demon King, what happened inside?"

Suddenly at this moment, a group of demons walked in from outside the hall.

They were attracted by the huge movement of Ye Feng controlling the powerful demon king to smash the hall into pieces with one punch.

"This is?"

But at the next moment, what shocked this group of demons was.

The unparalleled and supreme Demon King in their minds was actually standing behind Ye Feng at this moment, as if he had become Ye Feng's most loyal bodyguard.

"What...what's going on?"

The group of demons were all dumbfounded, not knowing what was happening.

"Kill them."

But at this time, Ye Feng suddenly spoke up.

Uh-huh!

Uh-huh!

Almost at the next moment, the mighty demon king standing behind him suddenly moved.

"Pfft!"

"Pfft!"

"..."

In just a moment, the dozen powerful demons in front of them were torn to pieces by the mighty Demon King.

Among this group of powerful demons, there are those in the Great Dao realm.

But the body of the mighty demon king was torn apart in an instant, without the slightest resistance.

"Not bad."

Seeing this scene in front of him, Ye Feng immediately nodded with satisfaction.

"Swallow!"

Next, Ye Feng naturally would not waste the abundant blood energy of these dozen powerful demons, and began to devour and refine the energy on the spot.

"Big devil! Give me back to my Junior Brother Ye!!!"

Suddenly at this moment, Baili Piauxue rushed in from outside the hall, holding a spiritual talisman exuding destructive waves in his hand. He stared at the mighty demon king with a crazy look on his face and shouted: "Demon! Hurry and capture me. Let Junior Brother Ye go, or I will explode the Eighteen-Star Explosive Talisman in my hand and die with you!"

With a thought from Ye Feng, the mighty demon king punched not far away.

"Boom!!"

The extremely solid hall was instantly shattered into pieces by the terrifying fist of this demonic body.

"What a powerful force!"

"Even if it's just the pure power of the body, it can defeat an ordinary true god realm powerhouse!"

Ye Feng's eyes were extremely excited at this time.

This time, he was able to obtain the body of this precious demon king. It was really a combination of circumstances, but in the end, it was Ye Feng himself.

If the mighty demon king was still alive and saw this scene, he would definitely be furious.

This big devil may never have thought that what was originally a sure thing would end up being dead because he entered Ye Feng's soul world.

Moreover, his powerful demon body has become Ye Feng's killing tool.

"Your Majesty the Great Demon King, what happened inside?"

Suddenly at this moment, a group of demons walked in from outside the hall.

They were attracted by the huge movement of Ye Feng controlling the powerful demon king to smash the hall into pieces with one punch.

"This is?"

But at the next moment, what shocked this group of demons was.

The unparalleled and supreme Demon King in their minds was actually standing behind Ye Feng at this moment, as if he had become Ye Feng's most loyal bodyguard.

"What...what's going on?"

The group of demons were all dumbfounded, not knowing what was happening.

"Kill them."

But at this time, Ye Feng suddenly spoke up.

Uh-huh!

Uh-huh!

Almost at the next moment, the mighty demon king standing behind him suddenly moved.

"Pfft!"

"Pfft!"

"..."

In just a moment, the dozen powerful demons in front of them were torn to pieces by the mighty Demon King.

Among this group of powerful demons, there are those in the Great Dao realm.

But the body of the mighty demon king was torn apart in an instant, without the slightest resistance.

"Not bad."

Seeing this scene in front of him, Ye Feng immediately nodded with satisfaction.

"Swallow!"

Next, Ye Feng naturally would not waste the abundant blood energy of these dozen powerful demons, and began to devour and refine the energy on the spot.

"Big devil! Give me back to my Junior Brother Ye!!"

Suddenly at this moment, Baili Piauxue rushed in from outside the hall, holding a spiritual talisman exuding destructive waves in his hand. He stared at the mighty demon king with a crazy look on his face and shouted: "Demon! Hurry and capture me. Let Junior Brother Ye go, or I will explode the Eighteen-Star Explosive Talisman in my hand and die with you!"

Chapter 1650 Destination

Baili Piauxue's sudden intrusion was completely unexpected by Ye Feng and almost startled him.

"Elder brother! Don't be impulsive!"

Ye Feng stood up immediately, with a laugh on his face, and said: "Elder brother, you misunderstood. Now the mighty demon king has become my subordinate."

"What?"

When Baili Piauxue heard what Ye Feng said, she couldn't help but froze in her eyes and said, "What's going on?"

At this time, Baili Piauxue did see the tall demon body of the mighty demon king, standing behind Ye Feng, motionless and silent, just like a little brother.

"What's going on here? How come an old devil from the True God Realm became your subordinate, Junior Brother Ye?"

After confirming that there was no danger, Baili Piauxue took back the talisman in her hand.

He walked to the main hall and came to Ye Feng.

But at this moment, Baili Piauxue was staring at the motionless Great Demon King, his eyes still filled with a trace of fear and precaution.

Because even if the mighty demon king is just standing there, motionless, he gives people a very terrifying sense of oppressive momentum.

Baili Piauxue whispered: "Junior Brother Ye, how did you subdue this powerful demon king? This is a genuine dark demon at the true god level."

Ye Feng smiled slightly and said: "The method is a bit complicated and it takes time to explain. Anyway, senior brother, all you need to know is that now the mighty demon king will not only not oppose us, but will spare no effort to help me."

Hearing this, Baili Piauxue's eyes naturally showed a hint of suspicion.

No matter how much he trusted Ye Feng, he still couldn't believe that something like this would happen.

Because it's so outrageous!

Ye Feng naturally saw Baili Piauxue's suspicious eyes.

He smiled slightly and suddenly said to the mighty demon king: "Go and bring a cup of tea to my senior brother Baili Piauxue."

Uh-huh!

The moment the words fell, before Baili Piauxue could say anything, the mighty demon king had already walked into the inner hall of the main hall, and soon brought a cup of tea to Baili Piauxue.

"this....."

Baili Piauxue saw with her own eyes how respectful Demon King Dawei Tian was to Ye Feng, and she was completely dumbfounded.

It seems that what Junior Brother Ye said...is true!

The powerful demon king has truly become his little brother.

Will you also serve tea and water?

And without any complaints.

"It's incredible..."

Baili Piauxue took the tea brought by Demon King Dawei Tian with trembling hands, and drank it all in one gulp.

The young patriarch of the Baili family had surprise and excitement in his eyes at this moment.

Because Ye Feng now has the help of the mighty demon king, their Baili family's chances of winning are getting better and better.

Next, Ye Feng devoured the blood energy and skills of more than a dozen slain powerful demons on the field.

His cultivation level instantly broke through to the tenth level of the Qiankun Realm, the Great Perfection Realm!

At this time, Ye Feng and Baili Piao xue continued to set off, flying towards the depths of this huge island.

Finally, in the early morning of the ninth day, they arrived at the final destination on the map in Baili Piao xue's hand.

At this time, there was a huge and endless primeval forest in front of the two of them.

Baili Piao xue looked at the map and said: "According to the handwriting brought back by the remnant soul of our ancestor, the place where he finally died in battle is in the deepest part of the primeval forest. There seems to be the ruins of a temple there. We were hundreds of years ago. The ancestors of the Li family fought with a powerful man for the treasure in the ruins of the temple, which seemed to be a treasure passed down from a higher level. In the end, they died in the depths of the primeval forest and were buried in a foreign land. For hundreds of thousands of years, no one has dared to come here to explore the remains of our ancestors. Now that our Baili family is in danger, we can only try our luck here. "
