

Ancient 1651

Chapter 1651 Temple Ruins

At this time, the two of them were walking in the endless virgin forest.

They heard the roars of many beasts around them.

Obviously, there must be many powerful ancient beasts living in this primitive forest.

Neither Ye Feng nor Baili Piao xue took the initiative to provoke these ancient beasts.

Because they don't have much time to waste now.

Their biggest goal now is to find Zhan Tianjia.

As long as they can find Zhan Tianjia, their mission will be completed.

Originally, the two of them were slightly worried about searching for the Zhantian Armor in the temple ruins deep in the primeval forest.

After all, no one knows what kind of danger exists in the temple ruins?

But now Ye Feng has the powerful Demon King, who can burst out the power of the true god realm.

This made both of them feel a lot more at ease.

Even if you encounter any huge dangers in the temple ruins, you can still calmly resolve them.

However, the two of them still maintained a basic sense of vigilance.

After all, the ancestors of the Baili family who died in the ruins of the temple were also at the True God realm.

Therefore, even if you are at the True God Realm, you may encounter unexpected events in the ruins of the temple.

Regarding this worry, Ye Feng smiled and said to Baili Piauxue: "Don't worry, senior brother, I have a talent that can locate the specific location of the treasure by burning longevity and blood energy, and predict basic dangers."

When Baili Piauxue heard what Ye Feng said, her eyes immediately showed admiration and said: "Junior brother Ye, you are really the most evil person I have ever seen!"

In response, Ye Feng just smiled and said nothing more.

At this time, the two of them finally traveled through the entire primeval forest.

At this time, a land of dilapidated ruins appeared in their field of vision.

Baili Piauxue was very excited and said: "This is the ruins hidden deep in the primeval forest. Very few people will find this place. If it weren't for the notes brought back by the ancestors' remnant souls, I wouldn't have found this place." place."

Ye Feng's eyes moved at this time and said: "I learned from this ancient ruins

I felt the aura fluctuations of other strong men. "

Baili Piauxue's eyes were startled and she said, "Is it true or not?"

Ye Feng nodded and said: "Really, you also know that my soul power is very powerful, so I can sense things that ordinary people can't feel. Let's hurry up and go deep into this ancient ruins. Don't let others get there first. After all, That Zhan Tianjia belongs to your Baili family."

Baili Piauxue immediately nodded and said: "Okay, let's go deep into this ancient ruins quickly. The Battle Sky Armor is the key item for our Baili family's decisive battle with the Shanguan family this time. We must not lose anything!"

Uh-huh!

Uh-huh!

The two mobilized their strength and instantly flew towards the depths of the ancient ruins.

Their speed was very fast, and they reached the deepest part of the ancient ruins in a blink of an eye.

A huge and magnificent temple instantly appeared in their field of vision.

The whole body of this temple is made of a very special kind of stone, exuding bright sacred light and full of infinite power.

Even just standing outside this temple, people feel a sense of sacredness that they want to pay homage to.

At this moment, Ye Feng felt it immediately.

In this temple, a very special kind of divine power surges.

Xiaoyao suddenly spoke out in the Queen's Picture: "Little Yezi, this temple ruins feels like it fell from the God Realm. It hides the divine power that makes me very intoxicated. After you go in, remember to find the God Realm for me. If it has divine power, if I swallow it, I can continue to recover a lot of strength."

Ye Feng nodded immediately and communicated with his spiritual thoughts: "Don't worry, Xiaoyao, if there is really something you need, I will definitely help you get it."

Along the way, Xiaoyao helped him a lot.

Ye Feng will naturally not owe Xiaoyao.

As long as Xiaoyao needs it, Ye Feng will try his best to get it.

After all, as Xiaoyao continues to regain her strength, she is becoming more and more helpful to Ye Feng.

so

Entering this temple this time, Ye Feng naturally wanted to keep an eye out to find the power of the gods for Xiaoyao.

At this time, Ye Feng and Baili Piauxue walked to the gate of the temple.

They saw that the temple door was open.

In other words, before they arrived, others had already entered the temple.

"We have to hurry up!"

There was a hint of urgency in Baili Piauxue's eyes.

Because he was very afraid that the Zhantian Armor of his Baili family ancestor would fall into the hands of others.

At this time, Ye Feng also consoled him: "Elder brother, don't worry so much. Since the ancestors of your Baili family have left a trace of their souls behind, they brought back a handwriting book for the descendants of your Baili family to search for Zhan Tianjia." , This shows that the ancestors of your Baili family must have made some preparations before, and it is impossible for others to get it easily. "

Hearing this, Baili Piauxue immediately nodded and said, "I think so too. Anyway, let's hurry up and enter the temple to search."

At this time, the two quickly stepped into the temple.

But at the moment they entered.

"Whoosh!"

"Whoosh!"

Suddenly, several flying swords flew towards them in an instant.

"when!"

Ye Feng stretched out one hand and instantly grabbed these flying swords.

"Click, click!"

He squeezed hard, and these flying swords were crushed in an instant.

It turned into pieces of metal fragments and fell to the ground.

"What?"

"so smart?"

Almost at this moment, there was a horrifying sound from a certain direction in the temple not far away.

"Someone is specifically ambushing the entrance of this temple to plot against those who enter."

At this time, the snow falling over a hundred miles made a cold sound.

He saw that there were several corpses lying on the ground not far from the entrance of the temple.

The storage spirits on these corpses

The precepts have all disappeared.

"run!"

At this moment, the conspirators ran away into the distance.

"Chase!"

Baili Piaoxue wants to pursue.

"Wait a moment."

But Ye Feng said loudly: "Don't chase the poor criminals, they are just a group of thieves who want to trick people. Next, we will kill them when we encounter them. The most important thing for us now is to kill the Zhantian of your Baili family first." A found."

Hearing this, Baili Piaoxue nodded immediately and said: "Junior brother Ye is right. The most important thing now is to find our family's Zhan Tianjia first. According to the handwriting left by our ancestors, the ruins of this temple It's very complicated and winding like a maze. We can't chase down others easily, otherwise it will be over if we get lost."

Ye Feng smiled and said: "Listen to what you said, senior brother, it seems that you have something special to guide you in your hands."

Baili Piaoxue smiled slightly and said: "Indeed, I do have something in my hand that can guide the direction."

At this moment Baili Piaoxue said that he instantly took out a small jade talisman from the storage ring.

This jade talisman is made entirely of crimson crystal, exuding a faint spiritual light, and looks extremely strange.

Baili Piaoxue said: "This spiritual talisman is the only thing contained in the notebook when the remnant soul of our ancestor came back. Just like the ancestor's token, our Baili family's

Generations of family heads have studied it. This jade talisman is a token of our ancestors. It can guide us in the direction of the ruins of this temple. I don't know how to use it yet. "

Ye Feng stared at the jade talisman and said, "Elder brother, would you mind letting me examine this jade talisman? Let me see how to use it."

Baili Piauxue generously handed the jade talisman to Ye Feng and said with a smile: "Of course I don't mind. Junior Brother Ye, with your many methods, you may be able to discover the secrets and solve the problems that our Baili family has been unable to solve for generations." problem."

Buzz!

At this time, after Ye Feng took over the jade talisman, he directly released his huge soul power, wrapped the jade talisman in his hand, and began to carefully explore it inch by inch.

Chapter 1652 Black Sky Crown

At this time, under the exploration of Ye Feng's powerful soul power, the jade talisman in his hand actually flashed with light.

Visible to the naked eye, Ye Feng seemed to have activated something in the jade talisman.

In the center of this jade talisman, red lines like silk threads appeared.

Ye Feng's eyes moved and he said to Baili Piauxue beside him: "I understand, Senior Brother, this jade talisman requires the blood of the descendants of your ancestors to be activated."

Baili Piauxue's eyes were stunned and she said, "Bloodline activation? Is it that simple?"

As he spoke, Baili Piauxue pricked one of his fingers, squeezed out a drop of blood, and dropped it directly on the jade talisman.

"Crack!"

But the moment blood dripped on the jade talisman.

Buzz!

The entire jade talisman immediately released a strong crimson light.

"Uh-huh!"

The jade talisman came out instantly and flew towards a certain direction in the ruins of the temple.

"We follow the jade talisman that guides us!"

Ye Feng and Baili Piauxue's eyes lit up, and they immediately chased in the direction of the jade talisman.

Jade Talisman led the two of them through various winding buildings inside the temple, and finally stopped at the door of a dark room deep in the temple.

Uh-huh!

At this time, there was a groove at the door of the darkroom, and the jade talisman automatically flew into the groove.

"Crash..."

The door to the darkroom opened instantly.

"That is....."

Next, Ye Feng and Baili Piauxue both saw a shocking scene.

At this time, in the slightly dim dark room, there was an extremely vast underground space.

In this underground space, on the empty and desolate land, a human figure

The skeleton was wearing a set of ancient armor that exuded golden light, holding a sword in his hand, staring at the ground with a huge skeleton that was tens of millions of meters long.

Evidently endless years have passed here.

No matter how powerful a creature is, it will eventually turn into withered bones under the erosion of time.

"Those are the remains of the ancestors of my Baili family!"

Baili Piaoxue didn't even think about it. The feeling of blood connection made his eyes turn red immediately.

It was a shocking feeling to see the origin of a family.

Ye Feng said: "The set of golden armor on the bones of your ancestors should be the Zhantian Armor."

At this time, Baili Piaoxue walked over, carefully put the ancestor's remains into the storage ring, and murmured, "Ancestor, I will take you home to rest in peace."

Ye Feng suggested: "Elder brother, you'd better put on the Battle Sky Armor now. If you encounter any danger next, the Battle Sky Armor can protect you."

The identity of the Zhantian Armor is very unusual. It is an artifact of creation refined by the Lord of the Thirty-Six Heavenly Immortals. It is very terrifying and has incredible power.

When Baili Piaoxue heard what Ye Feng said, her eyes immediately lit up, she nodded and said, "Junior Brother Ye, what you said makes sense."

At this time, Baili Piaoxue said, taking out the Battle Sky Armor and putting it on himself.

"Buzz!"

In an instant, the Zhantian Armor emitted a golden light, covering Baili Piaoxue's entire body, making him look like a young God of War, with extraordinary momentum and a very sacred and powerful look.

Bailipiao

Xue clenched her fists, her eyes full of excitement, and said, "I can feel the overwhelming power from this set of armor. Once released, it will turn the world upside down!"

Baili Piaoxue was like a child who got a new toy, acting extremely happy and excited.

At this time, Ye Feng was observing the huge evil beast that was killed by the ancestors of the Baili family.

The flesh and blood of this evil beast had long since drained away, and now only a huge skeleton was left. The skeleton was now very fragile and without any value.

But Ye Feng was thinking in his heart that this evil beast that was able to die with the ancestors of the Baili family who were part of the artifact of creation such as the War Sky Armor was definitely very extraordinary, and there must be treasures of the same level. Able to compete with the ancestors of the Baili family.

"Huh? That is?"

Sure enough, Ye Feng watched carefully for a long time and suddenly discovered that thousands of meters in the air, this huge evil beast actually had a small head growing on it. .??.

On that small head, there was actually a crown exuding black energy at this moment.

Uh-huh!

Ye Feng instantly flew up and stared at the black-gold crown exuding black energy.

"Black Sky Crown!"

Xiaoyao's voice suddenly sounded in the Queen's picture.

"Black Sky Crown?"

Ye Feng's eyes moved and he said, "Is it an artifact of creation?"

Xiao Yao said: "The Black Sky Crown and the War Sky Armor are both one of the thirty-six parts of the most powerful artifact that was refined by the Lord of the Thirty-Six Heavenly Immortal Realm."

Ye Feng immediately looked happy and said, "I knew there was something unusual about this huge evil beast."

r\u003e

Xiaoyao was also quite surprised and said: "The natal artifact of the Lord of the Thirty-six Heavenly Immortals Realm was really shattered by the Lord of Judgment back then. It turned into thirty-six fragments and scattered throughout the universe. Little Ye Ye, you are also lucky. Two of them have been found now. If you can collect all the fragments, you can recreate the terrifying power of the Lord of the Thirty-six Heavenly Worlds."

When Ye Feng heard this, he couldn't help but smile and said: "It's too difficult. There are thirty-six fragments, and they are all part of the terrifyingly powerful artifact of creation. If you want to collect them all, you will probably spend your whole life."

Ye Feng has long heard about the divine artifact of the Lord of the Immortal Realm. It consists of the Heaven-Building Stone, the Heaven-Destroying Sword, the Heaven-Seizing Spear, the Overlord Halberd, the Hengtian Tower, the Heaven-Destroying Spear, the Tongtian Bridge, the Ancient Heaven Ring, Black Sky Crown, Battle Sky Armor, Fusion Sky Cauldron, Sky Ripping Claw, Sky Killing Map, Sky Hiding Disk, Sky Collapse Cannon, Sky Shaking Hammer, Sky Supporting Tree, Sky Gate, Sky Covering Umbrella, Sky Hiding Bag, Sky Breaking Arrow. It is composed of thirty-six immeasurable fragments of treasures, such as the Eye of Death, the Sky-piercing Blade, the Cave-Heaven Gourd, the Sky-Seizing Key, and the Palm-Heaven Bottle.

At this time, Ye Feng stretched out his hand and grabbed Hei Tianguan.

No matter what, if you meet one, you must get it.

This is already an unexpected surprise.

Belongs to great luck!

"Buzz!"

But at the moment when Ye Feng's palm touched Heitian Guan.

Suddenly, a green soul surged out from the black sky crown, and directly condensed and manifested into the form of a huge evil beast tens of millions of meters high in the sky.

The soul of this huge evil beast let out a cruel laugh at this time: "It's not in vain that I have stored my soul in Heitianguan for so many years. Endless years have passed, and finally a living person has entered this small dark room, boy. , I want to take over your body and live another life!"

Chapter 1653 Battle of Souls

The soul of this evil beast possesses extremely terrifying majesty and possesses an extremely strong sense of soul oppression.

Even though Ye Feng's soul power was extremely powerful and he was a soul master, he still felt a palpitation coming from the depths of his soul at this moment.

"It is indeed the soul of an evil beast from ancient times. It is truly terrifying. It made me feel pressure from my soul for the first time."

Ye Feng couldn't help but murmured and backed away quickly.

Uh-huh!

He instantly flew to Baili Piauxue's side and said, "Elder brother, let's work together to deal with the soul of this evil beast."

For such a powerful evil beast soul, Ye Feng found that he might not be a match on his own.

Moreover, the mighty demon king can only exert the power of the true god realm on his body, but he cannot deal with the soul.

Now Baili Piauxue is wearing the Battle Sky Armor. The Battle Sky Armor, a treasure at the level of an artifact of creation, can hurt the soul.

At this time, Ye Feng put the Black Sky Crown into the storage ring.

Then he instantly released the Soul Emperor Seal.

"boom!"

In an instant, a majestic figure of the Thunder Emperor appeared in the void behind Ye Feng, floating up and down.

At this time, Baili Piauxue also immediately activated the power of Zhantian Armor.

"Buzz!"

In the space around him, a huge golden human-shaped light and shadow also stood up.

That is condensed by the will in Zhantian Armor, and it has a harmful effect on the soul.

At this time, the majestic evil beast soul not far away, tens of millions of meters tall, stared at the War Sky Armor on Baili Piauxue, and couldn't help but sneered: "It turns out that it is the descendant of that person back then, so quickly it is with him. The Zhantian Armor is integrated, but you will all die today, and the Zhantian Armor and the Black Sky Crown will be mine!"

boom!

At the moment when the evil beast soul finished speaking.

An extremely strong soul storm appeared on the field.

"Boom!"

The terrifying soul storm is a secret soul technique performed by the soul of the evil beast.

"What a terrible soul storm! I feel like my soul is about to be torn apart!"

At this time Baili Piao

Snow gritted her teeth and made a sound.

If he hadn't been protected by the War Sky Armor, he might have died in the tearing of this soul storm.

"Let me break this soul storm!"

Ye Feng roared loudly, he jumped up and merged with the Thunder Emperor.

"Thunder Blade!"

At this moment, Ye Feng transformed into the Thunder Emperor, clasped his hands together, and suddenly condensed an extremely terrifying thunder blade, which instantly slashed crazily towards the soul storm in the void ahead.

"Boom!!"

Accompanied by an earth-shattering roar.

The thunder blade instantly split the soul storm in half.

The terrifying storm suddenly dissipated into the void.

"What?"

When the evil beast soul saw this, he was immediately shocked.

It seemed that it never expected that a small human race could be so accomplished in the realm of souls.

"Are you the mysterious soul master among the human race?"

The evil beast soul is well-informed. At this time, it stared at Ye Feng and immediately couldn't help but say something.

"It's good to know."

Ye Feng said coldly.

Then he continued to release the Soul Emperor Seal without any hesitation.

In an instant, Ye Feng transformed into the Thunder Emperor. His entire body suddenly increased by several hundred meters and became extremely strong.

"Thunder Spear!"

Ye Feng condensed a thunder spear in his hand. He held the spear and turned it into a bolt of lightning, instantly rushing towards the soul of the evil beast ahead.

When the evil beast soul saw Ye Feng continuing to attack, he immediately couldn't help but smile cruelly and said: "Don't think that just because you are a soul master in the human race, you think you can kill me. I have more methods than you can imagine."

"Soul Flame!"

The evil beast soul roared.

In an instant, the space in front of him turned out to be

Balls of soul fire appeared, burning with soul-destroying flames, enveloping Ye Feng's Thunder Emperor.

"Hahaha! Boy, enjoy the painful feeling of your soul being burned by the flames!"

The evil beast soul let out a hearty laugh, feeling that everything was under its control.

But at this time, Ye Feng's mouth cracked into a smile.

"Soul Emperor Seal!"

"Fire Emperor Seal!"

boom!

Ye Feng's Soul Emperor Seal is not as simple as the evil beast soul imagined.

At this moment, a towering giant figure once again appeared on Ye Feng's body.

But what is different from the Thunder Giant is that this soul giant is all burning with soul flames. .??.

He wore a crown of flames on his head and a cape of flames, looking extremely domineering.

This is exactly another type of Emperor Seal among the Soul Emperor Seals, the Fire Emperor Seal!

The moment the Fire Emperor Seal appeared, Ye Feng was instantly immune to the soul flames.

Even the Fire Emperor Seal can absorb the soul flame released by the evil beast's soul, and then strengthen Ye Feng's soul power.

"What?"

"How can this be!"

Seeing this scene, the evil beast soul almost dropped his eyes in shock.

"Boy, who are you?"

At this time, even the soul of this evil beast from ancient times began to doubt whether Ye Feng's identity was very unusual.

Ye Feng sneered, not bothering to answer the evil beast soul's words. He directly urged the Thunder Emperor and the Flame Emperor to come to the evil beast soul in an instant and attack it all at once.

"boom!"

"boom!"

In an instant, the terrifying light of thunder and the light of blazing flames bombarded the evil beast's soul.

"ah!!"

The soul of this evil beast was severely injured all of a sudden, and it screamed repeatedly, obviously in great pain.

"Soul burst!"

Suddenly the evil beast's soul tore half of his soul apart, and it exploded all of a sudden.

"Boom!!"

A huge explosion immediately occurred on the spot.

Even Ye Feng couldn't help but retreat at this moment, temporarily avoiding the edge.

He didn't expect that this evil beast's soul was so powerful that it could tear half of his soul apart and explode it.

Uh-huh!

At this time, the remaining half of the evil beast's soul had fled far away.

"Boy, I will come back. When I find you next time, I will definitely have recovered all my strength. I will definitely chop you into pieces!"

The evil beast soul threatened fiercely and was ready to escape from the dark room.

At this time, Ye Feng could no longer catch up.

"You forget there's another person on the field."

But suddenly at this moment, Baili Piao xue's slightly teasing voice sounded.

Buzz!

Unexpectedly, Baili Piao xue had already stood at the entrance of the dark room, blocking the path of the evil beast's soul.

"What?"

The evil beast soul looked horrified.

At this time, it tore apart half of its soul and detonated it, and it was extremely weak.

"kill!"

Baili Piauxue activated the power in Zhan Tianjia, and the golden light and shadow condensed around him. In an instant, he was holding a huge golden sword and slashed at the soul of the evil beast.

"Pfft!!"

The soul of the evil beast was instantly split into pieces, completely dead in this world.

"Uh-huh!"

Ye Feng immediately flashed over at this time, releasing the Devouring Domain, and said with bright eyes: "These fragments of evil beast souls are good things, they can greatly enhance my soul power!"

Baili Piauxue said with a smile: "This Battle Sky Armor is really powerful. No wonder the elders and my father asked me to come home to find this Battle Sky Armor. When I went back, my ancestors put on this armor." Zhan Tianjia will definitely be able to unleash super powerful combat power!"Chapter 1654 The Destiny Chart of the Heavens

As Ye Feng devoured the soul fragments of the remaining half of the evil beast's soul.

Ye Feng's own soul power is growing rapidly.

Although only half of the evil beast's soul is left.

But you must know that this evil beast was an evil beast from the ancient times, countless years ago.

His own cultivation level is already very terrifying.

After all, he is a being who can die together with the ancestors of the Baili family.

Therefore, half of the soul of this evil beast is extremely beneficial to Ye Feng now. .??.

"Buzz!"

"Buzz!"

At this moment, Ye Feng's soul power was growing at an extremely fast rate.

"Two thousand five hundred levels!"

"Two thousand six hundred levels!"

"Two thousand seven hundred levels!"

...

In the end, Ye Feng's soul power skyrocketed to three thousand levels!

The whole process is increasing at a speed of one hundred steps.

This speed is simply appalling!

Ye Feng couldn't help but murmur at this time, "If I let my soul enter the Shenxu Realm again now, I don't have to be so restrained. With my powerful soul power of three thousand levels, even in the Shenxu Realm, It should be a relatively powerful existence."

The last time Ye Feng entered the Shenxu Realm, it was the first time. Ye Feng almost didn't dare to contact other soul masters.

But now that his soul power has surged again, Ye Feng has this idea again and wants to enter the world of Shenxu to have a look.

He planned to enter the Divine Realm to explore again after returning to the Baili Family this time.

Ye Feng was very interested in the soul spells that the evil beast's soul had performed continuously just now.

It's a pity that after swallowing the soul fragments of this evil beast's soul, Ye Feng didn't discover any secrets of soul skill inheritance.

"Look! There seems to be someone fighting in this dark room!"

"explain

There may be powerful treasures inside. Let's hurry up and take a look. Maybe we can reap the benefits. "

Suddenly at this moment, there was a noise outside the darkroom.

As a result, at the next moment, several big men wearing pirate costumes, exuding the powerful cultivation of the tenth level of Qiankun Realm, appeared at the door of the dark room.

When this group of pirates looked into the dark room.

They immediately couldn't help but said: "Why is it empty? It seems that the treasures have been searched. It must have been searched by these two boys. They are really lucky to have found such a dark room that is not dangerous, but their It was also very bad luck because they happened to be met by us."

At this time, a big pirate man immediately walked into the dark room, stared at the two people inside, and said: "Hurry up and hand over all the treasures you have found, maybe I can spare your life."

"Pfft!"

But before the pirate burly man could finish speaking, Baili Piao xue, wearing Battle Sky Armor, condensed a golden light blade and split the pirate burly man in half.

"What?!"

Seeing their companions being hacked to death in one fell swoop, the remaining pirates turned pale with fear.

"Run!"

These pirates immediately ran towards the distance.

"Absolutely freezing air!"

But at this moment, Baili Piaoxue released absolute freezing energy.

Wow!

In an instant, an extremely strong cold air emanated from his body, freezing all the pirates not far away, and several ice sculptures suddenly appeared in front of him.

Baili Piaoxue wasn't that powerful originally, but now he has the Battle Sky Armor

With the help of this kind of artifact fragment, all methods have become much stronger.

Ye Feng didn't care about these little thieves at all. He just stepped forward and stretched out his hand to devour all the pirates' skills.

But the skills of the current Dzogchen warriors in the tenth level of Qiankun Realm are nothing to today's Ye Feng, they are just a drop in the bucket.

So at this time, Ye Feng's cultivation level has not broken through at all, and he still stays at the tenth level of Qiankun Realm.

But Ye Feng could feel that his skill accumulation had increased a lot.

In any case, no matter how few mosquito legs are, they are still meat.

It can never be wasted.

At this time, Baili Piauxue was already used to Ye Feng's devouring ability.

After Ye Feng finished devouring it, he said aloud: "Junior Brother Ye, since the Zhantian Armor has been found, we are not in a hurry to go back now. We should explore more in the ruins of the temple to see if we can find any other 's baby."

Now that he has experienced a treasure like Zhantian Armor, the bonus to his own strength is very significant, making Baili Piauxue's desire for treasures more and more intense.

It turned out that he didn't think anything was wrong.

But now I experience the blessing effect of this treasure on my own strength.

Baili Piauxue obviously wanted to get more treasures.

Ye Feng smiled and said: "Okay, the ruins of this temple are very large, winding and winding like a maze. There must be a lot of treasures hidden, and none of them have been discovered by outsiders."

Baili Piauxue sighed and said: "But the map in the notes in my hand is of no use now, because the map only points to the place where the ancestors died, which is the dark room where we are at this time."

Ye Feng smiled and said: "This is already very good. After all, you got the Battle Sky Armor, and I also got a Black Sky Crown. They are all fragments of the creation artifact of the Lord of the Thirty-Six Celestial World. Although Just fragments

, but it can burst out a trace of the terrifying power of the artifact. For us, this is already a huge opportunity. "

At this time, Ye Feng said and began to release his powerful talent.

Buzz!

At this moment, a huge disk immediately appeared above Ye Feng's head, with a pointer slowly rotating on it, exuding the atmosphere of ancient vicissitudes, with a hint of fate in it.

This is the horoscope of the heavens!

It is the sixth natal companion talent that Ye Feng awakened when he was practicing the Divine Art of Creation.

The natal chart of the heavens has many functions. It can not only deduce the ultimate secrets of various damaged martial arts, but also deduce the locations of various strange objects in a certain space. It can even repair damaged treasures to perfection. Anyway, it can make up for everything. The shortcomings of things.

At this moment, Ye Feng released the destiny disks, with the purpose of finding the location of various treasures in the ruins of the temple.

Baili Piao Xu had heard Ye Feng mention his talent before.

At this time, he saw Ye Feng releasing the destiny charts with his own eyes, and the senior brother's eyes were full of envy.

"Shou Yuan is burning!"

"Blood is burning!"

At this moment, Ye Feng began to burn his longevity and blood to provide energy for the heavenly fortune boards above his head.

"Crash."

In an instant, the natal charts began to rotate, and then the pointer pointed in a certain direction.

"Elder brother, let's follow the destiny charts of the heavens."

Ye Feng immediately spoke out.

"good."

Baili Piao xue's eyes also showed a trace of excitement at this time, and she followed Ye Feng and ran in a certain direction towards the ruins of the temple.

He wanted to see with his own eyes whether the horoscope of the heavens that his junior brother Ye boasted about was as magical as the legend said?

Chapter 1655 Restricted Area

The two people moved very quickly, and within a few minutes they arrived at the first position guided by the heavenly horoscope.

This is a small palace in the ruins of the temple.

There were a lot of broken debris piled among them.

It looks like a utility room.

Baili Piao xue had a hint of suspicion in her eyes and said, "Junior brother Ye, are you sure there is a treasure in this place?" .??.

Ye Feng smiled slightly, pointed to the horoscope above his head, and said, "I believe it."

With that said, Ye Feng walked directly into the palace that looked like a utility room.

The two of them released their spiritual thoughts and began to search.

"This is....."

Suddenly at this moment, Baili Piao xue moved a broken stone tablet, and immediately saw a vermilion fruit growing in the soil under the stone tablet.

This vermilion fruit turned out to be in the shape of a dragon, looking like a small red dragon.

The entire dragon-shaped fruit exudes a faint spiritual light, and even has a hint of dragon power, which looks very strange.

Ye Feng came over and said with a smile: "The treasure guided by the destiny chart of the heavens is probably this spiritual fruit."

After all, Baili Piauxue is the young patriarch of the Baili family. He has studied very well since he was a child and has read many books.

So at this time, he immediately recognized the identity of this scarlet fruit.

Baili Piauxue held back her excitement and said: "This seems to be the legendary dragon soul fruit. If eaten, an ordinary person can instantly possess the body of dragon blood. This is the ancient truth soaked in Fruits that can only be grown with the blood of the dragon clan will definitely fetch sky-high prices at auction, because many powerful forces will buy this kind of innate fruit without any side effects in order to cultivate their own heirs. "

Ye Feng smiled and said: "This kind of fruit is not of much use to me."

Ye Feng's current physique is already the top chaotic body in all the worlds.

He just needs to slowly evolve his chaotic body to the highest level.

Baili Piauxue said at this time: "Junior Brother Ye, if you don't need it, on behalf of the entire Baili family, I am willing to buy this fruit from you. This fruit can cultivate a powerful dragon for our Baili family." Blood warrior!"

Ye Feng nodded and said, "Okay, senior brother can just make his own decision."

Baili Piauxue immediately said happily: "Junior Brother Ye, don't worry, this fruit was found by you, Junior Brother Ye. Then I will definitely buy your fruit at the market price, and I will never let Junior Brother Ye suffer. This do not worry."

Ye Feng laughed and said: "Of course I feel very relieved about my senior brother. After I was captured by the mighty demon king, senior brother came back to save me even if he died together, which moved me very much."

Baili Piauxue scratched his head and said: "But I didn't expect that it would end up being an error in the end. The mighty demon king has been solved by Junior Brother Ye Feng a long time ago."

Ye Feng patted Baili Piauxue on the shoulder and said, "Let's continue looking for the next treasure."

At this time, Ye Feng continued to burn his longevity and blood. Under the guidance of the heavens' fortune boards, the two of them discovered treasures one after another.

All these treasures are hidden in inaccessible places.

If you were a normal person, you would never think of coming to such a remote place to look for treasures.

They all ran towards the center of the temple ruins.

But now Ye Feng and Baili Piauxue have found many priceless treasures in the outer area.

If this scene was discovered by others, it would definitely arouse the envy of many people.

"It's time for us to head towards the center of the temple. I've basically discovered all the treasures on the periphery."

At this time, Ye Feng saw that there were no guiding arrows on the destiny charts.

This shows that there are no treasures worth exploring in the surrounding area.

Baili Piauxue also nodded at this time and said: "Even if we don't go to the center of the temple ruins now, we have already had a great harvest. In just half a day, under the leadership of the heavens, we have spent almost no time. You can find a lot of precious things with any effort, Junior Brother Ye, your talent in the destiny chart is really incredible!"

At this moment, Baili Piauxue no longer had any doubts.

He saw with his own eyes the magic of the natal charts of the heavens and felt extremely incredible.

Uh-huh!

Uh-huh!

At this time, the two people quickly ran towards the center of the temple ruins.

Along the way, they met many other strong men, all rushing towards the center of the temple ruins.

However, there were no conflicts or conflicts among the people.

After all, they don't want to waste time on the road.

Everyone knows it now.

The right choice is to rush to the center of the temple ruins first.

Conflicts on the road do no good to either party.

Therefore, Ye Feng and Baili Piauxue did not encounter any danger along the way.

They arrived at the central area of the temple ruins easily.

In the central area of the temple ruins, there are not many dilapidated scenes visible.

Compared with the completely destroyed scene in the outer area, the center of the temple ruins can be said to be extremely perfect and sacred.

Huge palaces float above the nine heavens, exuding a sacred aura that makes people worship.

In addition, there are complete pavilions standing on the mountainside, which seem to have not been developed yet.

"boom!"

But at the moment when a person wants to tentatively enter this central area.

A golden thunder suddenly struck down from high in the sky.

The man was instantly chopped into pieces, with no ashes left, as if he had disappeared out of thin air.

"hiss!"

Everyone who saw this scene couldn't help but gasped.

There was an array master among the crowd, who couldn't help but said: "Now I know the central area of the temple ruins. Why is it so completely preserved? It turns out that the entire central area is guarded by a huge golden divine thunder array. I am afraid that even the powerful ones at the Dao level will not be able to break through this golden divine thunder formation!"

The moment the array master finished speaking, the entire field immediately fell into a boil.

"What? Even a powerful person in the Great Dao Realm can't break this formation?"

"Does it require the arrival of a supreme being at the level of a true god?"

"Those who are powerful in the True God Realm are the existences of divine dragons that only see the beginning but not the end."

Everyone was talking a lot at this time, and their faces were very ugly, because this meant that their trip was in vain.

After all, there are probably only a few powerful people in the true god realm, not to mention in this Demon Cave Planet, even in the entire northern star field. They are all ancestors of the major forces who have suppressed the clan. They are all as ancient as living fossils. It is impossible for the characters to appear.

"Hey~"

Everyone sighed slightly at this time and all left the central area of the temple.

There are also many strong people, even those in the Dao realm, who are simply not willing to give in.

An old man is a being in the Great Dao Realm. He seems to have been severely injured and his life is about to disappear.

"I have lived for thousands of years, but in a great war, I suffered severe damage to my origin, and my life was about to be exhausted. I could only enter the central area of the temple ruins to find the legendary magic medicine to sustain my life. I'm going to give it a try anyway."

As the old man spoke, he took out a set of green armor from his storage ring and put it on.

This set of turquoise armor is obviously of a very high grade and can withstand extremely strong damage.

After this old man put on the armor, he exuded the aura of great cultivation in the realm of the Great Dao, as if he had grown up from a dying man.

The old man turned into a god of war with unparalleled fighting power.

He shouted, his whole body burst into divine light, and he rushed into the center of the temple ruins.

"boom!"

Sure enough, from high in the sky, a golden beam of thunder struck down in an instant and struck the old man hard.

"Crack!"

The turquoise armor on the old man withstood the golden thunder, and the armor was shattered inch by inch, but the old man was fine and unharmed.

"Very good!"

The old man burst into laughter and immediately flew towards the temple inside.

"boom!"

But suddenly at this moment, another golden thunder struck down from high in the sky.

"What? A second time?"

The old man was so frightened that he wanted to go back and escape.

But the golden thunder was so fast that it hit the old man who had no defense at once.

"ah!"

This old man in the Great Dao Realm, perhaps the ancestor of a certain big family, howled miserably in the golden thunder, and instantly died and turned into ashes.

"There's no way we can get in!"

Many powerful people who were originally unwilling to leave suddenly gave up after seeing this scene.

They left the area in an instant.

For them, the central area of the temple is simply like a restricted area.

Although it looks extremely perfect and sacred, the hidden protective formation makes everyone stop and dare not step into it.

Slowly, almost everyone outside left.

Ye Feng and Baili Piauxue looked at each other at this time, and they both saw a trace of fiery color in the other's eyes.

Because Ye Feng has the body of a powerful demon king who can withstand the bombardment of that kind of golden divine thunder!

Baili Piauxue couldn't help but said: "Junior brother Ye, this is your supreme opportunity. It is a rare opportunity in ten thousand years. You should take action quickly to avoid long nights and dreams."

Ye Feng nodded, also a little excited, and said: "Later, I will control the body of the Great Demon King to enter the central area of the temple. Senior brother, please remember to help me protect the law. I will control the Great Demon King with all my heart and transfer my soul to it." Integrating into the body of the Great Powerful Demon King can maximize the power of the Great Powerful Demon King's body."

Baili Piauxue promised: "Junior Brother Ye, you can safely control the body of the Great Demon King to enter the forbidden area in the central area of the temple to hunt for treasures. I am now wearing the Battle Sky Armor, and my combat power is comparable to that of a powerful Dao Realm man. I won't let no one come near to harm you!"

Chapter 1656 Battle Puppet

"Uh-huh!"

At this time, Ye Feng took out the body of the mighty demon king from the storage spirit ring.

Suddenly, a heart-stopping aura of a powerful person in the True God Realm was released.

By this time, all the people around him had disappeared.

Many people saw Ye Feng and Baili Piao xue still staying in place, with a sarcastic smile in their eyes.

Obviously they thought that these two people's attempt to enter the restricted area in the center of the temple was just a dream.

The two of them didn't care about the looks of the people around them.

After everyone left, Ye Feng started to take action.

In order to better control the body of the Great Demon King, Ye Feng must concentrate on integrating his soul into the Great Demon King.

If it were just for the Great Powerful Demon King to fight, Ye Feng wouldn't need to concentrate at all. Part of his soul was already possessed by the Great Powerful Demon King's body.

But now they are entering the restricted area in the center of the temple ruins to hunt for treasure, and they have to resist the ubiquitous golden divine thunder.

So to be on the safe side, Ye Feng had to concentrate on controlling the mighty demon king.

Fortunately, there was snow falling for hundreds of miles, and this senior brother was beside me.

Otherwise, Ye Feng might not be able to devote himself to treasure hunting.

"Buzz!"

At this time, Baili Piao xue was wearing the War Sky Armor, and his whole body was emitting golden light, making him look like a God of War, full of huge momentum and breathtaking majesty, comparable to those in the Great Dao Realm.

"I'm starting."

At this time, Ye Feng spoke up.

He sat cross-legged on the ground and settled all of his soul into the body of the mighty demon king.

Almost at this moment, Ye Feng immediately had a strange feeling.

It was as if he had completely separated from his original body and became a powerful demon king!

At this time, Ye Feng looked at his hands. They were huge, shiny black claws, like the hardest sharp blade in the world, capable of tearing everything apart.

Ye Feng has now completely become the mighty demon king, controlling the body of this true god realm demon.

Although it is impossible to display any martial arts inheritance and spells.

But just this body of a true god realm demon made Ye Feng feel the majestic power of the vast ocean.

"call!"

He took a deep breath, moved his powerful demon legs, and instantly rushed towards the restricted area in the center of the temple in front of him.

"boom!"

Sure enough, it felt like Ye Feng entered the edge of the penalty area.

A golden thunder suddenly condensed high in the sky and bombarded it instantly.

"Crack!"

Almost at this moment, the golden thunder struck Ye Feng.

superior.

Ye Feng's soul felt a devastating blow.

But in the end, he opened his eyes and discovered the golden thunder, which did not even leave any mark on the surface of his mighty demon king's body.

"What a strong body!"

When Ye Feng saw this, his eyes were overjoyed.

He no longer cared about the bombardment of the golden thunder. In one bounce, he rushed to the entrance of a palace halfway up the mountainside of the restricted area.

"boom!"

"Wow!"

At this moment, Ye Feng was the body of the mighty Demon King, without any bells and whistles, just blasting forward with his claws, pure physical strength.

Boom! !

The palace gate was blown open by Ye Feng's claw.

In the palace, Ye Feng immediately saw a huge statue of an unknown ancient god, standing in the palace.

Apart from this statue, there is nothing else.

"receive!"

Ye Feng naturally did not waste it and moved the huge statue directly to his storage ring.

No matter whether this statue has any use or not, let's collect it first.

Uh-huh!

Next, Ye Feng walked out of the palace and continued to the next location.

In other pavilions and palaces, Ye Feng found a lot of ancient elixirs, as well as some weapons and magic weapons made of special materials, which were not ordinary things.

After Ye Feng plundered all the palaces on the ground or halfway up the mountain.

His eyes at this moment were looking high into the sky.

In the restricted area at the center of the temple, many towering halls are suspended high in the sky.

From the appearance point of view, these palaces suspended in the sky are much more advanced than the palaces on the ground.

"But what I control now is the body of the mighty demon king. I only have the power of the body and cannot fly at all."

Ye Feng thought for a while.

Uh-huh!

He stepped on the ground suddenly, and instantly a powerful counter-shock force erupted.

"boom!"

The tall and majestic demon body suddenly bounced high from the ground and rushed into the sky in an instant.

Uh-huh!

Ye Feng landed directly on the roof of a palace floating in the sky.

"Uh-huh!"

"Uh-huh!"

"Uh-huh!"

But suddenly at this moment, one by one

The puppet made of steel suddenly rushed out from the high-altitude hall buildings, its eyes glowing red, and it instantly rushed towards Ye Feng.

"It's a guardian puppet!"

"And the fluctuations in combat power on his body are very powerful."

"If my combat power is ten thousand, then the combat power of these guardian puppets is at least nine thousand!"

Ye Feng made a quick judgment in his mind.

In the surrounding palace buildings, the number of battle puppets that came out one after another suddenly increased to hundreds.

"Avoid the edge for now!"

Even though Ye Feng was now the body of the mighty Demon King, he did not dare to go head-to-head with these hundreds of battle puppets.

At this time, Xiao Yao said in the Queen's picture: "If you can collect all these hundreds of powerful battle puppets, then Xiao Yezi, you will have hundreds of Dao Realm Tenth Heavenly Peaks all at once. Under his command, you can run rampant in the entire Northern Star Territory."

Xiaoyao's tone contained a hint of excitement.

But Ye Feng knew that this was just a delusion.

With these hundreds of terrifying battle puppets, even controlling the body of the mighty demon king has to be temporarily avoided, let alone taking all these battle puppets as one's own, which is nothing more than a dream.

So at this moment, Ye Feng quickly escaped from the place and flew towards the surrounding suspended palace, quickly looking for treasures.

In any case, after finally reaching the restricted area of the temple ruins, I must search for all the treasures I can get.

"Uh-huh!"

"Uh-huh!"

"Uh-huh!"

At this time, Ye Feng was moving quickly.

The True God Realm body of the Great Demon King has no magic power, but its body is very strong, giving Ye Feng extremely powerful mobility at this moment.

So Ye Feng quickly raided all the suspended palaces.

Not to mention the treasures and elixirs, even the statues and sculptures built in the palace were all evacuated by Ye Feng.

Fortunately, the speed of the battle puppets was not fast, so they could not catch up with Ye Feng.

After Ye Feng had plundered all the suspended palaces, the group of hundreds of battle puppets slowly chased Ye Feng from a distance.

Although all the suspended palaces have now been plundered, Ye Feng fell into thinking as he looked at the group of hundreds of battle puppets rushing over slowly.

Ye Feng Shen Nian communicated and said: "Xiao Yao, is there any way you can subdue these hundreds of battle puppets?"

Xiaoyao said: "No."

Ye Feng: "..."

Answered so simply?

\u003e

Ye Feng felt helpless, sighed, and prepared to leave the floating palaces.

But Xiaoyao suddenly spoke up again: "Little Yezi, although I can't subdue these hundreds of powerful battle puppets for the time being, we can introduce them into the Queen's Picture world first. Then I will have time. I can slowly think of ways to see if I can control them all."

When Ye Feng heard this, his eyes suddenly lit up and he said, "This is possible, but how do we introduce them into the Queen's Picture?"

Xiao Yao smiled and said: "It's simple. After all, this group of fighting puppets are all mindless and stupid. They only know how to hunt you down. Little Ye Zi, just use it as bait and introduce them into the world of the Queen's Picture."

Buzz!

At this time, Xiaoyao said, controlling the Queen Picture to fly out of Ye Feng's body.

"Wow!"

The Queen's Picture instantly rolled out, forming a magical world behind Ye Feng.

Ye Feng was staring at the group of hundreds of battle puppets not far away at this time, laughing and saying: "You guys come after me. If you catch up with me, I will let you..."

Uh-huh!

At this time, Ye Feng said while rushing into the world of the Queen's Picture.

And a group of hundreds of iron-Hanhan-like battle puppets directly chased Ye Feng into the world of the Queen's Picture.

"Uh-huh!"

At this time, Ye Feng flew out of the Queen's Picture World again.

But those battle puppets can no longer come out.

Because of the interface barriers of Queen Picture, they are trapped in the picture world.

"Dang Dang Dang!"

"Dang Dang Dang!"

A group of battle puppets frantically bombarded the interface barrier of the Queen's Picture, but to no avail.

They turned to destroying the bronze pillars in the Queen's picture, but again to no avail.

At this time, Xiaoyao controlled the Queen Picture to fly back to Ye Feng's body.

Ye Feng looked inside and saw hundreds of combat puppets in the picture world wreaking havoc everywhere. He couldn't help but grin, "Xiao Yao, I'll leave the rest to you."

Xiaoyao was very confident and said: "As long as you give me time, I will definitely be able to find a way to subdue these Tiehanhan and let them obediently become your steel army, little Yezi."

At this time, Xiaoyao suddenly continued: "Little Yezi, you promised me before that you would find the power of the divine world for me. You won't forget it, right? If I get the power of the divine realm and get promoted, then It is also of great use against a group of fighting puppets in this picture world."

Hearing this, Ye Feng slapped his forehead and said, "I almost forgot about this incident. I will help you find the power of the divine realm later. There should be the power of the divine realm in the ruins of this temple." , Xiaoyao, don't worry."

Chapter 1657 Delaying time

After collecting a batch of hundreds of combat puppets with the tenth level of the Great Dao Realm, Ye Feng is now in a good mood.

This time, not only were countless treasures and elixirs obtained from the restricted area of the temple ruins, but also hundreds of combat puppets were obtained, equivalent to a steel army.

I have to say this is a huge gain.

Ye Feng hummed a tune at this time and walked out from the restricted area of the temple ruins.

All the palaces in this restricted area have been looted.

"Sure enough, my choice was right. This time I followed Baili Piaoxue and the harvest was really huge."

Ye Feng murmured secretly while walking. ??

At this moment, there was a sudden cry of killing outside.

"Buzz!"

Almost at this moment, Ye Feng immediately felt dizzy in his soul.

"My body is under attack!"

Ye Feng immediately determined the cause of this soul dizziness.

His expression changed, and in an instant he controlled the body of the mighty demon king and ran quickly outside.

Every time a foot landed, a cloud of dust exploded from the ground.

This shows how urgent Ye Feng is at this moment.

...

At this time, outside the restricted area.

Baili Piaoxue was covered in blood, and the battle armor he was wearing was a bit dull.

He stood firmly in front of Ye Feng's body, staring at the figures in front of him.

These figures are all young people, but they all have extremely powerful auras surging around them.

The clothes they wear are skeleton black robes, which are uniform clothes.

This is the costume of the Demonic Poison Cult!

In other words, these people are all masters of the Demonic Poison Cult!

Four in total

Individually, the leader is a tall and tall young man wearing heavy black gold armor. The cultivation aura surging around him is clearly that of the first level of the Great Dao Realm!

Moreover, in the hands of this leading young man, he holds a pitch-black spurt, which is a treasure. It can actually suppress Baili Piauxue's Heavenly War Armor with its magical power!

In other words, this jet-black spurge is of the same quality as the Heavenly War Armor, an artifact of creation!

Baili Piauxue stared at the young man at the head with extremely ugly eyes, and said: "Demon Saint Hao, I didn't expect to meet you here."

Mo Sheng Hao is the young leader of Mo Sha Poison Sect!

The Demonic Poison Sect is the only major demonic force in the Northern Star Territory that can compete with the Northern Territory Temple.

Demon Sheng Hao, as the young leader of the Demonic Poison Cult, is an astonishing talent.

At this time, Demon Sheng Hao stared at Baili Piauxue, who was covered in blood, with a hint of joking in his eyes, and said: "Baili Piauxue, fortunately you are still the chief disciple of the Northern Divine Academy, you are really too much now. He is too weak and far behind Shangguan Lutian. I fought against Shangguan Lutian not long ago and he was very powerful. I am no match for him."

Baili Piauxue's eyes were cold. Now he had to find a way to delay the time and wait for Ye Feng to control the body of the mighty demon king to return.

So Baili Piauxue was very calm at this time, because he knew that the most important thing for him now was to delay time, not to anger the Demon Sheng Hao in front of him.

At this time, although Baili Piauxue was beaten with blood by several strong men from the Demonic Poison Sect, he perfectly hid his anger and said very calmly: "Demon Saint Hao, the reason why you can change You definitely didn't get this powerful by practicing on your own. When I fought you a few years ago, we were only 50-50 apart. You must have used some other method. What on earth was it?"

"

Demon Sheng Hao, the young leader of the Demonic Poison Cult, smiled in surprise and said: "Baili Piauxue, you are not stupid, you can guess all this. Indeed, I am not so powerful through my own cultivation. Over the past year, I have relied on the elders of our Demonic Poison Sect to instill my skills and help me build the strongest martial arts foundation, so I have the terrifying fighting power I have today!"

At this time, Mo Shenghao seemed to be showing off and said with a smile: "Baili Piauxue, you are going to be killed by me soon, so it doesn't matter if I tell you this secret now. After all, the dead cannot reveal secrets. To be honest, you are really like an ant in front of me now. Among the younger generation in the entire Northern Star Territory, no one except Shangguan Lutian can be my opponent, even many of your elders from the Northern Territory Divine Academy The monster is no longer my opponent."

At this time, Mo Shenghao said, looking at Baili Piauxue from a bird's eye view, his tone full of pride.

Baili Piauxue suddenly asked: "Before I die, can I ask one more question? What level of treasure is the black spurge in your hand, and why can it restrain the Battle Sky Armor on me?"

This question is indeed very confusing to Baili Piauxue.

If it weren't for the pitch-black halberd in Demon Shenghao's hand that restrained his Heavenly War Armor, Baili Piauxue wouldn't be in such a miserable state now.

Demon Sheng Hao waved the halberd in his hand, smiled coldly, and said: "Those who are about to die, it doesn't matter if I tell you, the halberd in my hand is called the 'God's Tyrant Halberd', and it is my evil poison." A Supreme Elder found it from the depths of a black hole in the Northern Territory. Just like the War Sky Armor you are wearing, they are both fragments of the legendary

artifact of creation of the Lord of the Thirty-six Heavenly Immortal Worlds, so Overlord Only a halberd can suppress your Zhantian Armor!"

At this time, Mo Shenghao smiled and said: "Are you satisfied now? Then you can die!"

boom! ??

Demon Sheng Hao held the Overlord Halberd in his hand. The blade was so sharp that it was cold and hard.

, and suddenly stabbed towards Baili Piaoxue's head.

Baili Piaoxue suddenly smiled at this time and said: "Demon Saint Hao, if you die, you must die from talking too much."

Uh-huh!

Almost at this moment.

A tall and majestic demon body appeared behind Baili Piaoxue.

The powerful demon king controlled by Ye Feng is finally back!

Baili Piaoxue was very successful in delaying time.

Finally waiting for the killer weapon to return!

"when!"

At this time, Ye Feng stretched out a devil's claw, and immediately slapped away the halberd that Demon Sheng Hao was stabbing at.

"What?!"

Seeing a big demon appear in front of Baili Piauxue, Demon Sheng Hao suddenly shouted in shock and anger: "Baili Piauxue, you actually fell into the demon clan?"

Baili Piauxue sneered, not bothering to explain anything at all.

At this time, Ye Feng looked at the blood all over Baili Piauxue, and his eyes suddenly became furious.

A crimson light suddenly emitted from those pair of demon eyes, filled with endless violence.

"die!"

An indistinct sound came from the throat of the mighty demon king.

"boom!!"

Ye Feng controlled the mighty Demon King and immediately rushed in front of Demon Sheng Hao, grabbing with one claw.

"Pfft!"

One of Demon Sheng Hao's arms was torn off, and it fell to the ground stained with blood.

"ah!!"

Demon Sheng Hao immediately roared in pain and couldn't help but said in horror: "What kind of strength does this demon have? There is no mana fluctuation at all, but how can it be so powerful?"

Chapter 1658 Crazy Idea

Mo Shenghao was shocked to the extreme at this time.

The ferocious demon in front of him was so fast that he couldn't react at all.

Moreover, Demon Sheng Hao could not feel any fluctuations in mana from the demon in front of him.

This weird thing made the young leader of the Demonic Poison Sect feel a deep chill in his heart.

"The Tyrant Halberd!"

"Batian Slash!"

boom!

Demon Sheng Hao used his remaining arm to hold the Tyrant Halberd and slashed at the mighty Demon King.

"Little tricks."

Ye Feng snorted coldly and controlled the mighty demon king. He didn't even bother to dodge and directly slapped the Tyrant Halberd.

"boom!"

Along with a huge shock force, the Tyrant Halberd was once again blasted away.

Moreover, the palm of Demon Sheng Hao's hand holding the Tyrant Halberd was suddenly shaken out by a strong concussive force, and the blood in his hand was shattered.

Although the Tyrant Halberd is a fragment of an artifact of creation, Demon Sheng Hao is obviously still unable to exert the true power of the Tyrant Halberd.

So at this time, the mighty demon king simply swept everything with the power of his true god level body.

"Little Lord!"

"Young master, be careful!"

At this time, the several masters of the Demonic Poison Sect who were following behind Demon Shenghao all looked startled and took action towards the mighty demon king one after another.

"Tianlong Breaking Cang Fist!"

"Fire flame splitting the sky!"

The two masters of the Demonic Poison Sect, who were guarding Demon Shenghao, all displayed their powerful martial arts heritage and blasted out terrifying attack light.

But after all, they are only Dao realm level existences.

Although the mighty Demon King can only exert his physical power now, it is not something that a Dao Realm warrior can resist.

"boom!!"

Ye Feng controlled the mighty demon king and grabbed it with his ferocious and heavy claws, destroying all the attacks. It was simply devastating.

Then the devil's claws fell on the two masters of the Demonic Poison Cult.

"Pfft!"

"Pfft!"

The two masters didn't even have time to let out a scream, their bodies were immediately torn into pieces by the claws, and they died instantly!

"What?"

Mo Shenghao was dumbfounded.

He couldn't help but trembled: "This... this is the power of the True God Realm! How is it possible! How can the most powerful person of the True God Realm appear here!"

Mo Shenghao was completely frightened.

He didn't even dare to take the Tyrant Halberd. In an instant, he turned into a bloody light, performed an escape technique, and quickly disappeared into the distance.

"The Blood Light Escape Technique of the Demonic Poison Cult."

Baili Piao xue looked at the direction where Demon Sheng Hao disappeared and couldn't help but exclaimed.

Ye Feng was now living in the body of the mighty demon king, unable to use his magic power. At this moment, he was unable to stop Demon Sheng Hao from escaping.

At this time, Ye Feng returned his soul to his own body and put away the mighty demon king.

Ye Feng looked at the corpses of the two powerful men from the Demonic Poison Sect who were killed by him and started to devour them.

"boom!"

"boom!"

In an instant, two huge and powerful forces rushed into his body.

Almost at this moment, Ye Feng felt that his cultivation level had immediately increased many times.

But still failed to break through the final hurdle.

At this time, Baili Piauxue rested for a while, looked at Ye Feng, and couldn't help but exclaimed: "Junior brother Ye, you have absorbed the skills of so many powerful people, and you haven't even broken through to the half-step Dao realm. Your martial arts It's really shocking how powerful the foundation is."

Ye Feng smiled helplessly and said: "This is what I practice. As my cultivation improves, the power my body can hold becomes larger and larger. It's like becoming a bottomless pit, so every time I make a breakthrough, , all require vast energy to impact before they can finally transform."

Baili Piauxue ran not far away at this time, leaving Demon Sheng Hao behind

He brought the Tyrant Halberd and handed it to Ye Feng, saying: "It's yours."

Ye Feng didn't show any pretense, he grabbed the Tyrant Halberd in his hand, and instantly felt a majestic ancient power stored in the Tyrant Halberd.

A large halberd seemed to contain an ancient black dragon, exuding terrifying energy fluctuations that made people palpitate.

"Um?"

But at this moment, Ye Feng discovered a very powerful seal that sealed the energy in the Tyrant Halberd.

Ye Feng suddenly realized and said: "No wonder the Demon Saint Hao can't release the power of this artifact fragment. It turns out there is an ancient seal in this Tyrant Halberd that even I can't break."

Ye Feng said, refining the Tyrannical Halberd into his body and slowly breaking the ancient seal.

At this time, Ye Feng looked at Baili Piauxue and asked with some confusion: "Why does the young leader of the Demonic Poison Sect appear here?"

Baili Piauxue gave a bitter smile and said: "I almost forgot that the base camp of the Demonic Poison Sect is in a star field not far from the Demon Cave Planet, so it is normal for Demon Sheng Hao to appear here."

Ye Feng's eyes moved and he said: "The base camp of the Demonic Poison Cult is near the Demonic Cave Planet? No wonder."

Speaking of this, Ye Feng suddenly had a crazy idea in his heart, and couldn't help but said: "Elder brother, that Demon Sheng Hao escaped, do you want to take revenge?"

Baili Piao xue's eyes showed a trace of anger, and said: "Of course I want to take revenge, but Demon Sheng Hao has already escaped. We can't intercept him halfway. He is now a frightened bird and will definitely run to the base camp of Demonic Poison Sect. Hiding."

Ye Feng said: "What's wrong with running to the base camp? Let's go directly to the base camp of the Demonic Poison Cult to find him to settle the score."

When Baili Piao xue heard what Ye Feng said, her eyes immediately revealed a look of shock, and said: "Junior brother Ye, I know that you now have the body of the mighty demon king at the true god level. It is a little swollen, but the evil poison is After all, the cult is the most powerful demonic force in our Northern Territory Seminary. It is a big silver force. Although it is not as deep as the Northern Territory Seminary, it is not something we can provoke now. "

Ye Fengchu

He said: "The mighty Demon King is enough to deal with the most powerful True God Realm expert in the Demonic Poison Cult."

Baili Piao xue said: "It is true that the Demonic Poison Sect only has one powerful man in the True God Realm, but in addition to that powerful man in the True God Realm, there are also many strong men in the Great Dao Realm. After all, the Demonic Poison Cult can stand in the northern star field. After so many years, our foundation is too deep, and the two of us cannot fight against so many Dao realm experts from the Demonic Poison Sect, and the Demonic Poison Sect also has a large protective formation, which is very scary. "

When Ye Feng heard what Baili Piao xue said, there was a hint of fear in his eyes. This Demonic Poison Sect could challenge the Northern Territory Seminary. It has still existed for so many years despite the pursuit of the Northern Territory Seminary. It really cannot be underestimated.

But at this time, Ye Feng remembered the hundreds of steel battle puppets with the tenth level of the Great Dao Realm that had just been collected in the Queen's Picture, and his confidence burned again.

Ye Feng stared at Baili Piauxue and said: "Elder brother, if we can find the power of the divine realm in the ruins of this temple next, let one of my partners increase his strength and control hundreds of steel battle puppets. , then we can go to the Demonic Poison Sect and kill them."

Baili Piauxue's eyes moved and she said, "Oh? Junior Brother Ye has such a trump card?"

Ye Feng smiled and said: "I just harvested a large number of steel battle puppets from the suspended palace high in the restricted area. Each battle puppet has a combat power comparable to the Great Perfection of the Tenth Level of the Great Dao Realm!"

Baili Piauxue's eyes were shocked, and she said: "The combat power of the Great Perfection of the Tenth Level of the Great Dao Realm? Oh my God! So powerful? Junior Brother Ye, how many do you have in total?"

Ye Feng smiled and said: "Hundreds."

"hiss!"

When Baili Piauxue heard this, she couldn't help but take a breath of cold air and felt deeply shocked in her heart.

The combat power of hundreds of Dazo Realm Tenth Heavenly Perfection level?

And they are all combat puppets who are not afraid of pain or death?

If you can really control this steel army, you can really go toe-to-toe with the entire Demonic Poison Sect!

...

Chapter 1659 The weird ninth floor

Baili Piauxue nodded, with excitement in his eyes, and said: "Then let's quickly find the power of the God Realm. Let Junior Brother Ye and your partner quickly increase their strength and try to control those hundreds of people." A steel battle puppet."

Ye Feng smiled and said: "Okay, this is my plan now."

"Come out, heavenly horoscopes!"

Buzz!

At this time, Ye Feng directly used the Destiny Chart.

A huge turntable immediately appeared above Ye Feng's head. .??.

"boom!"

Ye Feng began to burn longevity and qi and blood to provide energy for the heavens' fortune boards.

Buzz!

In an instant, the natal charts began to rotate.

The pointer appeared, pointing in a certain direction.

"Let's go."

Ye Feng jumped up and flew towards the direction pointed by the pointer.

Baili Piauxue followed immediately from behind.

In less than half an hour, the two of them had arrived at a very remote place in the temple ruins area.

There are dilapidated buildings and ruins everywhere on the ground here, making it look desolate and desolate.

And the entire ground is bare, with no buildings at all.

Baili Piauxue was a little surprised and said: "Will there be power from the divine realm in a place where such a bird doesn't poop?"

Even Ye Feng felt very surprised this time. He didn't know why the destiny chart of the gods guided him to this place.

After all, the entire ground here is full of ruins and broken walls. There is no building as far as the eye can see. It is like a desert with nothing at all.

"Unfortunately, the horoscope of the heavens can only guide you to a certain location, not too big or too small, but cannot be accurate to a single point."

Ye Feng suddenly spoke up, shrugged and said, "Senior Brother, it seems that we can only look for it ourselves now."

Baili Piauxue patted her chest and said, "Don't worry, Junior Brother Ye, even if I have to dig three feet into the ground, I will find out the power of the God Realm."

...

Half a day later.

Baili Piauxue was so tired that she almost collapsed on the ground. She said feebly: "Junior brother Ye, I am really exhausted. I haven't found anything."

At this moment, the two of them had joined forces to turn the entire desert land upside down, but still could not find anything related to the divine power of the God Realm.

Ye Feng was also a little dumbfounded.

But the heavenly horoscope should not give wrong guidance.

At this time, Ye Feng took out the Queen's Picture and said, "Xiaoyao, we really have no choice. You can go out and find it yourself."

Uh-huh!

A graceful and cute little girl with a soul state flew out of the Queen's picture.

Baili Piaoxue, who was not far away, saw this scene and his eyes were very surprised.

Obviously he didn't expect that the powerful partner Ye Feng mentioned just now was actually such a naive little girl.

However, Baili Piaoxue knew that those who were related to Ye Feng were all unusual people, so he did not underestimate the little girl in the soul state, but was very cautious.

At this time, Xiaoyao came out of the Queen's Picture, closed her eyes, felt it slightly, and suddenly looked up into the sky and said: "In the sky."

"What?"

Ye Feng and Baili Piaoxue immediately raised their heads.

The next moment, they all had stunned looks on their faces.

Because at this time, high in the sky, among the floating clouds, a towering tower was looming among them.

"Snapped!"

Baili Piaoxue slapped her thigh and couldn't help shouting: "We have been focusing on the ground, why didn't we think of looking up to the sky?"

Ye Feng also scratched his head in embarrassment and said, "It's true, sometimes subconscious habits are really scary.

."

"Stop sighing."

Xiaoyao suddenly spoke up and said: "Let's go up and steal the divine power of the gods. I estimate that there are extremely powerful guardians in the tower."

Ye Feng smiled and said: "I have the body of the mighty Demon King, which can unleash the power of the strongest person in the True God Realm. I will beat up whoever dares to stop him."

Xiaoyao smiled and said, "That's true."

Uh-huh! .??.

Uh-huh! .??.

Xiaoyao and Queen Tu floated beside Ye Feng, and they rushed high into the sky instantly.

At this moment, they immediately flew high into the sky and stepped into the clouds.

At this time, a huge tower stood in front of several people.

The tower was pitch black and seemed to be made of an extremely special black material, with ancient characters engraved on its surface.

"Those are the ancient words of the gods in the divine world. They have disappeared in the world for a long time."

At this time, Xiao Yao spoke up, "I have studied the writings of this kind of gods in the ancient times. As long as you understand a kind of writings of the gods, you can burst out with extremely powerful power."

Ye Feng heard the words and carefully stared at the ancient characters on the surface of the giant tower without leaving any trace. He secretly imprinted the shapes of these characters in his mind and memory, maybe he could use them in the future.

After all, according to Xiao Yao, if these divine texts spread from the divine world can be understood in the future, they can explode with incredible power.

"Let's go in."

Ye Feng took a deep breath and walked towards the entrance of the tower with Baili Piao xue and Xiaoyao.

They came to the entrance of the first floor and found that there was no door, so they walked in directly.

There was no danger as imagined, it was empty and empty.

Baili Piao xue couldn't help but said: "Could this place have been looted by someone?"

Ye Feng's eyes changed slightly and he immediately walked towards the second floor.

.

"really!"

When they arrived at the second floor, they found that it was also empty. There was nothing left, not even a hair.

Xiaoyao looked a little ugly and said: "That shouldn't be the case. I clearly feel a kind of divine power from this high tower, and it's very strong."

"Keep going up."

Ye Feng looked calm and continued to run upward.

As a result, the third floor, the fourth floor, and even the eighth floor were all empty and completely looted.

All three of them's eyes darkened.

"There is also the last level, the ninth level."

Ye Feng believed in the guidance of the heavenly destiny charts, and there was definitely something on the ninth level.

Sure enough, when they arrived at the entrance to the ninth floor, they looked inside and saw an extremely shocking scene.

This ninth floor is an inner hall space like a palace.

At this time, there were thousands of corpses lying on the ground of the hall. All of them were flesh and blood that had disappeared and turned into skeletons.

"There's blood on the ground!"

Baili Piauxue discovered something, and his body felt a little chilly. He said: "These bones are definitely not from ancient times, but were formed not long ago. The blood stains on the ground are still very fresh."

Xiaoyao looked at the strange scene in front of her, frowned, and said, "This ninth floor is an extremely evil place. Does it have the power of the gods?"

Ye Feng spoke up: "No matter what, we have to go in and take a look. Let me explore the way first. You two are waiting for me outside. I am protected by the mighty Demon King, so don't worry."

Uh-huh!

At this time, Ye Feng took out the body of the Great Powerful Demon King and asked the Great Powerful Demon King to follow him, ready to protect him at any time.

"Tap tap tap..."

Immediately, Ye Feng stepped towards this strange ninth-level space, his eyes full of vigilance.

Chapter 1660 The Will of the Evil God

Walking in this weird ninth level space, Ye Feng's eyes were full of vigilance.

Even with the body of the mighty Demon King protecting him, Ye Feng himself is always ready to attack.

After all, the fresh bones all over the ninth layer of space look really weird.

There must be an inexplicable danger within this ninth floor.

"Why does the power of the gods exist in such a weird place?"

This is a question that Ye Feng can't figure out.

Because it stands to reason that the divine power of the divine realm is usually found in very sacred and majestic places.

But here, it is filled with a strange cold air.

"Uh-huh!"

Suddenly at this moment, an afterimage rushed in front of Ye Feng.

It turned out to be a skeleton not far away from him. It suddenly stood up and flew in front of him, seeming to have life again.

This scene looks extremely weird.

"boom!"

Ye Feng was startled by the sudden scene, and subconsciously punched out.

"Crack!"

The bones in front of him were instantly shattered into pieces by the blast.

Although this skeleton is very weird, it has to be said that it is very fragile and was shattered by Ye Feng's punch.

It can only be said that Ye Feng's body is extremely powerful.

This also proves that in the face of absolute power, all monsters and monsters are paper tigers, and they can all be smashed with one punch.

"Jie Jie Jie, I didn't expect that at this time, there would still be people who would dare to enter the realm of this god."

Suddenly at this moment, a gloomy voice suddenly sounded throughout the ninth floor space.

"who is it?"

Ye Feng, Baili Piaoxue and Xiaoyao who were standing at the entrance behind them all exclaimed and looked around.

The gloomy voice continued: "This god is everywhere."

boom!

\u003c

Suddenly a huge pressure hit Ye Feng.

"Crack!"

Even Ye Feng's now extremely powerful chaotic body was bent down by the pressure at this moment, and his knees suddenly hit the ground.

"Boom!!"

A big hole was immediately made on the ground, and dust was flying.

"It's the power of heaven and earth!"

Ye Feng was so pressed that he almost fell to the ground, but he did not panic. Instead, he immediately concluded that the source of this power was a general trend of heaven and earth.

"Little Leaf!"

"Junior Brother Ye!"

At this time, Baili Piauxue and Xiaoyao, who were standing outside the entrance to the ninth floor space, couldn't help but exclaimed when they saw the scene inside. Their eyes were worried, as if they wanted to rush in to help Ye Feng.

"Don't come in!"

At this time, Ye Feng suddenly stopped the two of them.

He stood up abruptly on the spot. Not only did his eyes show no fear, but he laughed loudly and said: "There is no need to be afraid of the existence hiding in the dark that attacks me. If he had the ability to kill me, he would have killed me long ago." Get rid of him. He just used the power of heaven and earth to attack me, not to kill me at all, but to scare me and make me leave here as soon as possible, because he found that he could not kill me at all. "

At this time, Baili Piauxue and Xiaoyao who were outside heard this, and their faces suddenly became slightly happy.

Ye Feng is right.

In such a strange and dangerous place, if the man in the dark could really kill Ye Feng, he would have killed him long ago.

Until now, the secret existence was just scaring Ye Feng.

After Ye Feng finished speaking, the entire ninth-level space suddenly became quiet.

The gloomy voice in the darkness also disappeared.

"I was right!"

Ye Feng grinned, rushed forward, and shouted: "Since you are unwilling to come out on your own initiative, then I will have to come to you personally!"

boom!

boom!

Almost at this moment, Ye Feng immediately punched the surroundings violently. .??.

At this time, he freely released the powerful body power of the Chaos Body.

Waves of terrifying power burst out, shattering everything in the surrounding ninth-level space.

The scene looked extremely chaotic and terrifying.

No matter what statues, buildings, seats, etc., they were all smashed to pieces by Ye Feng.

"Buzz!"

And suddenly, the moment Ye Feng smashed a certain statue into pieces.

A dark light and shadow appeared instantly.

This jet-black light and shadow was filled with an evil aura.

But although it is evil, its origin is the divine power of the divine realm.

Ye Feng's eyes moved and he said: "It's you! You must be the will of a certain god in the god world, and you may be an evil god."

The dark light and shadow didn't answer at all, but quickly rushed towards the distance, like a black lightning.

"Soul Emperor Seal!"

At this moment, Ye Feng released the Soul Emperor Seal.

Buzz!

The huge soul emperor manifested around Ye Feng in an instant.

"boom!"

The Soul Emperor stretched out a hand, cut through the void, and directly grabbed the black light and shadow in his hand.

This black light and shadow didn't have much power at all, and it was simply caught.

"put

Awesome book! This god is the great evil god in the divine world! If you kill this will of mine, my true form, the Evil God, will be sensed in the God Realm. After he remembers your aura, you will be destroyed by the Evil God when you arrive in the God Realm! "

This black light and shadow was struggling and roaring crazily at this time.

This voice was exactly the gloomy voice from before.

Ye Feng smiled and said: "The God Realm is just a legend. It is as far away as billions of galaxies from me. I have no control over this place."

As he spoke, Ye Feng exerted a sudden force.

"Pfft!"

This black light and shadow was instantly crushed, and streams of divine power from the divine realm flowed out.

"The power of the gods!"

Xiaoyao immediately flew over from a distance and began to absorb the divine power of the gods.

Buzz!

At this moment, the light on Xiaoyao's body became more and more intense.

And just when Xiaoyao absorbed it.

Uh-huh!

However, Baili Piaoxue dodged to Ye Feng's side and said, "I hope that your partner can regain his strength and surrender those hundreds of battle puppets."

Ye Feng's eyes also had a hint of expectation and he said, "I hope so too."

Baili Piao xue suddenly said: "Junior Brother Ye, in fact, the God Realm is not a legend, and it is not far away from us. It is rumored that the Central Star Region, the most glorious place, has many great human forces and has a close relationship with the God Realm. Yes, there are even many big forces that can communicate with the God Realm and send their talented children to the God Realm, the largest interface in the world, for cultivation. "

Hearing this, Ye Feng couldn't help but move his eyes and said: "So, by obliterating that evil god's will, I offended the real evil god in the God Realm."

Baili Piao xue laughed and said: "I think that jet-black light and shadow is bragging. The Evil God is said to be one of the most powerful gods in the God Realm. How could there be a residual thought in such a small place."
