

## Ancient 1661

Chapter 1661 A visit

And just when Ye Feng and Baili Piauxue were discussing things about the God Realm.

"I'm stuffed."

Xiaoyao, who was not far away, suddenly spoke up.

At this time, she burped, rubbed her belly with great satisfaction, looked at Ye Feng, and said: "Little Ye Zi, I'm full. Give me a few more days, I should be able to Those hundreds of battle puppets have been tamed."

Ye Feng's eyes lit up and he immediately said: "Okay, I'm waiting for your good news."

Uh-huh!

Next, Xiaoyao flew into Ye Feng's body with the Queen's Picture.

Ye Feng looked at Baili Piauxue beside him and said with a smile: "Elder brother, let's go to the base camp of Mosha Poison Sect."

Baili Piauxue's eyes flashed with excitement and said: "Okay, this time I want to watch the Demonic Poison Sect, a cancer in the northern star region, be completely destroyed!" ??

...

Three days later, Ye Feng and Baili Piauxue left the Demon Nest Planet.

They were flying in the starry sky, heading towards a star field near the Demon Cave Planet.

Baili Piauxue, as the chief disciple of the Northern Territory Seminary, can be said to be a veteran in the Northern Star Territory cultivation world.

He quickly took Ye Feng to find the headquarters of the Demonic Poison Sect.

Uh-huh!

Uh-huh!

At this time, the two of them were standing on a starry sky.

Not far in front of them, a huge and towering floating continent stood deep in the starry sky.

This floating continent is about the same size as the floating continent where the headquarters of the Northern Territory Seminary stands, and they are equally boundless and vast.

It has to be said that the founder of the Demonic Poison Sect is still very ambitious.

He directly selected a floating continent with the same style as the Northern Divine Academy and built the foundation of the Demonic Poison Cult.

At this time, Ye Feng and Baili Piauxue looked over from a high altitude and found that the base camp of the Demonic Poison Sect on the entire floating continent was built like a hierarchical structure.

The same dynasty.

Baili Piauxue said at this time: "Junior Brother Ye, what should we do now?"

Ye Feng smiled slightly and said, "Just go down and find fault."

Go straight down to find trouble?

Baili Piauxue's mouth twitched.

Ye Feng's method is really simple and crude.

But this is also in line with Ye Feng's character.

"Uh-huh!"

"Uh-huh!"

The two of them landed from high altitude.

"Who is coming?"

"Send your name quickly!"

At this time, the two gatekeeper disciples of the Demonic Poison Sect immediately shouted loudly.

Ye Feng smiled indifferently and said: "Ye Feng, a disciple of the Northern Territory Seminary, came to visit."

"A disciple of the Northern Territory Seminary?"

Almost the moment Ye Feng finished speaking, the two gatekeeper disciples of the Demonic Poison Sect were immediately shocked.

The eyes of these two people showed a hint of hidden murderous intent.

But they felt the powerful aura fluctuations on Ye Feng's body.

This is definitely a master!

The visitor is not good!

A gatekeeper disciple tried his best to stay steady and said: "It turns out that he is a senior disciple of the Northern Territory Seminary. Please wait a moment. I will go and report to the young leader of our Demonic Poison Sect. He is now responsible for receiving foreign guests."

With that said, the gatekeeper disciple thought about walking inside. He obviously wanted to inform everyone that an uninvited guest was coming.

"Do you want to report it to your young leader, Demon Shenghao?"

Ye Feng suddenly spoke up and said very calmly: "Then you don't have to go and report, just take me to him directly."

Well, I came here mainly to find him. "

With that said, Ye Feng and Baili Piaoxue walked directly towards the interior of the Demonic Poison Sect.

"stop!"

"You two are so presumptuous! You dare to step into the territory of our Demonic Poison Sect without the permission of our young leader. This is a capital crime!"

The two gatekeeper disciples instantly took out the soldiers in their hands and stood directly in front of them.

"boom!"

But Ye Feng directly punched out at this time, blasting the body of a gatekeeper disciple into pieces.

"ah!!"

The other gatekeeper disciple was immediately frightened and screamed.

After all, seeing someone next to you explode into a mist of blood is really terrifying.

Ye Feng smiled coldly and said: "I am here to make trouble today. If you dare to stop me, you will die."

The Demonic Poison Sect is a cancer in the northern star region, burning, killing, looting, and doing everything.

This time, Ye Feng came not only to seek revenge against the young leader, Demon Shenghao, but he also had another idea, which was to completely destroy the Demonic Poison Sect!

"Ah! There is an invasion from a foreign enemy!!"

Another gatekeeper disciple immediately blew the war horn in his hand and issued a warning to the entire Demonic Poison Cult base camp.

"court death!"

Baili Piauxue's eyes showed a hint of cruelty, and she directly pointed a finger on the head of the gatekeeper disciple.

"Wow!"

Invisible cold air rushed out from that finger and immediately enveloped the gatekeeper's head.

The gatekeeper's head was instantly wrapped in ice and turned into an ice pimple.

"Crack!"

Then Baili Piauxue flicked his finger, and the ice knots shattered, and the head of the gatekeeper disciple of the Demonic Poison Cult

It also burst into pieces in response, turning into a headless corpse and falling to the ground.

At this time, many people in the Demonic Poison Sect's base camp discovered the anomaly at the entrance to the sect, and immediately became excited, with their eyes filled with endless shock and anger.

"What? Someone actually killed our disciples of the Demonic Poison Sect in public?"

"Who are those two young men? How dare they be so bold!"

"Hurry up and notify the Punishment Hall and ask the elders to come and kill these two young men!"

A group of Demonic Poison Cult disciples made angry noises one after another, and all rushed towards Ye Feng and Baili Piao xue.

"A group of foreign disciples, so weak, dare to block our steps?"

For such a small character, Ye Feng doesn't even need to take action.

Baili Piao xue sneered, and instantly put on the Battle Sky Armor, condensed a golden light blade several thousand meters long in his hand, and instantly slashed towards the front.

"Pfft!"

"Pfft!"

"..."

Almost at that moment, the thousands of Demonic Poison Sect disciples who rushed over were instantly torn in half by the golden light blade that was several kilometers long.

It has to be said that Baili Piao xue has truly let go, and her combat power is still very terrifying.

Especially, he also put on the Battle Armor.

At this moment, Ye Feng also released the body of the mighty Demon King to prevent the strongest man from the Demonic Poison Sect from suddenly taking action.

"Who the hell are you?"

Many disciples of the Demonic Poison Sect were killed and felt a little scared.

Ye Feng smiled coldly and said: "Who are we? You should ask your young leader Mo Shenghao about this question. Did he provoke us and think everything will be fine if he escapes? No! We will hunt him down to the end! Even if he provokes us, does he think everything will be fine if he escapes? He is hiding in his lair, we must find him out too!"

Chapter 1662 The background of the Demonic Poison Cult

At this time, Ye Feng shouted loudly in public, which made everyone in the Masha Poison Sect couldn't help but look a little ugly.

After saying this, they understood that everything seemed to be the fault of their young leader, Demon Sheng Hao!

"Buzz!"

At this moment, Ye Feng directly took out the two artifact fragments from his body.

They are Black Sky Crown and Tyrant Halberd. .??.

Krishna's crown was placed on his head.

Buzz!

In an instant, a dark protective light enveloped Ye Feng's entire body.

The Tyrannical Halberd also released a powerful fighting spirit.

With two artifacts of creation in hand, Ye Feng's own combat power has now reached its peak.

What Ye Feng wants is to destroy the entire Demonic Poison Sect.

Therefore, he did not reveal all his trump cards directly.

Otherwise, the other party will be frightened and run away, which will be troublesome.

So at this time, the mighty demon king stood motionless beside him and never made a move.

There are also hundreds of steel battle puppets, which Ye Feng is hiding for the time being.

"That's the Tyrant Halberd!"

"It's our young leader's Tyrant Halberd, and now it's in the hands of this boy in black!"

At this moment, many Demonic Poison Cult disciples couldn't help but exclaimed.

Ye Feng and Baili Piauxue, one was shrouded in dark light, and the other was wearing battle armor, with golden light reaching into the sky.

It looks like a dark war god and a golden war god.

It gives people a very frightening feeling.

"You two are so presumptuous!"

Suddenly, at this moment, an extremely shocked and angry young voice sounded.

It was Mo Shenghao, the young leader of Mo Sha Poison Cult, wearing a pale white gown and walking out from the depths of Mo Sha Poison Cult.

At this time, one of Demon Sheng Hao's torn arms had grown back.

Demon Sheng Hao's eyes were filled with a hint of ugliness as he stared at the thousands of dead foreign disciples of the Demonic Poison Sect on the ground.

He immediately stared at Ye Feng and Baili Piaoxue on the opposite side, and said cruelly: "You two are indeed extremely powerful, but you are so audacious that you dare to come directly to my demon evil spirit alone. The headquarters of the Poison Sect, do you know that you have fallen into a dragon's den?"

boom!

Almost at the moment when the young leader, Demon Sheng Hao, finished speaking.

The entire base camp of the Demonic Poison Cult suddenly rose up into a huge formation, shining with countless rays of light, enveloping the entire earth.

Demon Sheng Hao smiled cruelly and said: "This great formation is called the 'Heaven Locking Formation'. Once it is released, it will not disappear for three days and three nights. Even the strongest in the True God Realm will take a certain amount of time to do so." Break the formation and escape, you are dead, you can't escape anymore."

There was no fear on Ye Feng's face. At this time, facing Demon Sheng Hao's threatening words, he instead grinned and said: "Demon Sheng Hao, who said we are going to escape? It happened that this formation surrounded the entire base camp. Come on, you are really in a cocoon."

"Trapped in a cocoon? Hahahaha!"

Demon Saint

Hao suddenly laughed loudly: "Even if you two have fragments of a powerful artifact of creation, your combat power is at best that of the younger generation. Our Demonic Poison Sect has been standing in the Northern Divine Academy for endless years. Even you The behemoth of the Northern Territory Temple behind us is not capable of completely eradicating us, let alone you two young boys!"

At this time, Mo Shenghao said, and immediately spoke to the two old men around him: "Two elders Fengyun, hurry up and catch these two boys. Don't rush to kill them first. These two people have been If I lose one of my arms, I will let them bear this pain ten times!"

"Yes, young master!"

The two old men beside Demon Sheng Hao are naturally Demon Sheng Hao's protectors.

Both of them are veterans of the Demonic Poison Cult. They possess powerful strength at the sixth level of the Great Dao Realm. They are extremely terrifying. They are almost the top experts in the Demonic Poison Cult.

At this time, an old protector smiled coldly, stared at the two people in front of him, and said: "You two are indeed peerless geniuses, but it is a pity that you two are so arrogant that you dare to rely on your strength for a while. Zhiyong, go directly to the base camp of our Demonic Poison Sect. When you get here, you will have entered the dragon's den and you will not be able to get out!"

Another old guardian also smiled and said to his companion: "Old man, you choose which kid you want to kill first."

The old protector beside him regarded human life as nothing, and said with a smile: "Then I will choose the kid in black who looks the craziest. I am very interested in the black sky crown on his head. When I kill him, then The Black Sky Crown belongs to me."

The two old guardians were actually very casual at this time. They were chatting and killing Ye Feng and Baili Piaoxue.

Obviously in the eyes of these two powerful men in the Great Dao Realm, the two young men not far away are just Qiankun Realm warriors under the Great Dao Realm.

Even if they are peerless geniuses, no matter how unparalleled their combat prowess is, they cannot be better than the powerful elders like them.

Therefore, these two old guardians were very casual and contemptuous at this time.

An old protector flew not far from Ye Feng, looked down at him, and said: "Do you know who I am? I am one of the top elders of the Demonic Poison Sect. I am so powerful that you cannot resist it. Now I give you a choice. Take the initiative to surrender and offer the Tyrannical Halberd and

Black Sky Crown in your hands. Maybe I will beg for mercy in front of the young leader, spare your life, and be a slave under me from now on. How about that? "

At this time, the old protector said with contempt in his eyes, looking down at Ye Feng, as if he felt that he had a chance to win.

"boom!"

But suddenly at this moment, Ye Feng held the Tyrant Halberd in his hand, released a surge of fighting spirit from his whole body, and suddenly killed the old protector.

The Overlord Halberd was broken open by Ye Feng's arrogant power and a trace of the ancient seal was released. An earth-shattering light and momentum was immediately released from it. There was a faint ancient Overlord shouting and roaring in the midst of the halberd's killing. If it could be chaotic The heaven and earth shook, and the power shook the whole world.

"Hmph! How dare you take the initiative! Although you have the fragments of the artifact to increase your combat power, I can't kill you with just one hand!"

The old protector suddenly

He shouted angrily, and instantly pointed his finger, displaying a powerful martial art:

"The Finger of Annihilation!"

Almost at the moment when the old protector pointed the finger, a simple and ancient black big finger appeared in the sky, like the finger of an ancient giant, full of endless concentration and pressure, and it suddenly suppressed Ye Feng. And go.

"boom!!!"

But how powerful is Ye Feng now?

There are also two blessings from the artifact fragments!

Ye Feng himself didn't even know how strong he was now.

The moment the simple black big finger touched the Tyrant Halberd in Ye Feng's hand, he even had no ability to resist. The Blade of the Tyrant Halberd tore off the entire finger in one fell swoop.

"Pfft!"

The arm of the old protector was also suddenly pierced.

"ah!"

The look of contempt on the old guardian's face finally disappeared. At this moment, he yelled in horror and backed away crazily.

"late!"

Ye Feng roared, and the brute force of the Chaos Body instantly poured into his arm. He held the Tyrant Halberd and stabbed forward suddenly.

"Pfft!"

The old protector's neck was cut off directly.

"Crack!"

An old head soared into the sky in an instant, and then fell to the ground with a thud. The look of shock on his face had solidified.

"What?!"

This scene happened extremely quickly.

It was so fast that no one present could react.

Almost at the moment when the old guardian died, everyone on the scene made a sound of fear.

"Did you die so quickly?"

Countless disciples of the Demonic Poison Sect were in deep shock.

They knew that the two old men following the young leader were both the Demonic Poison Sect and even the top experts in the entire Northern Star Territory.

But now, he died instantly in Ye Feng's hands, his head was cut off directly, and his death was extremely miserable.

"Old boy!!"

The eyes of the other old protector suddenly turned red with fright and anger.

Uh-huh!

But he did not attack, but retreated instantly, caught the young leader Mo Shenghao, and ran quickly towards the depths of the Demonic Poison Sect: "Young leader, that boy in black is a peerless genius. I am afraid that our Demonic Poison Sect only has Only the leader can kill him, let's go and wake up the leader who is in retreat!"

The young leader, Mo Shenghao, was extremely unwilling and shouted: "I still have a trump card! Our Mo Sha Poison Sect also has a suppressive force of 600 great-level elders, all of whom live in the small community of our Mo Sha Poison Sect. World, as the young leader, I ask them all to kill those two hateful boys!"

At this time, Mo Shenghao's face was filled with a ferocious smile.

"boom!"

He instantly took out a golden token from his storage ring and threw it forcefully into the distance.

The token immediately turned into a fan in the sky

The golden door to space.

"How many years has it been? Our Demonic Poison Sect is in danger of being exterminated?"

"This is the original command card of the young leader. It seems that our Demonic Poison Sect has indeed encountered a big crisis."

...

At this moment, along with the sounds, old and tall figures walked out of the golden space door.

There are a total of six hundred people, and the cultivation aura surging on each one of them is clearly a powerful person in the Great Dao Realm!

Six hundred powerful people in the Great Dao Realm!

This is really shocking!

These six hundred people are naturally people with a lot of background only known to the young leader, Demon Sheng Hao.

So at this moment, let alone the countless ordinary disciples of the Demonic Poison Sect around him, even the old man who was the protector of Demonic Saint Hao was a little dumbfounded at this moment.

When did their Demonic Poison Cult have such a terrifying and powerful person?

Six hundred powerful people in the Great Dao Realm!

This gave all the people of the Moshu Poison Sect a huge sense of security.

Even if the gods came, they could not destroy the Demonic Poison Cult.

At this time, Demon Sheng Hao stared at Ye Feng across from him, smiled proudly and cruelly, and said: "Boy, the true background of such a behemoth as our Demonic Poison Sect is beyond the imagination of a young disciple like you. Now you can accept death in peace."

"Crack, snap, snap."

Ye Feng suddenly applauded at this time. There was no fear on his face. Instead, he said with a faint smile: "That's right. Six hundred powerful men in the Great Dao Realm. The background of the Demonic Poison Sect is indeed unusual. No wonder Even after all these years, the Northern Territory Seminary has been unable to get rid of a demonic cancer like you."

The young leader Mo Shenghao looked at Ye Feng's calm expression and sneered: "There is no use in pretending to be indifferent now."

"Pretending to be indifferent?"

Ye Feng smiled, with a hint of sarcasm in his eyes, and said, "Demon Saint Hao, if I wasn't fully prepared, do you think I would be stupid enough to come to your Demonic Poison Sect's base camp?"

Demon Sheng Hao yelled: "Impossible! Even if all the powerful men from the Northern Divine Academy come, it is impossible to destroy our Demonic Poison Sect. You, a young disciple, cannot let the many powerful people from the Northern Divine Academy come. Those who follow you! Moreover, it is said that the Northern Territory Temple is now under the control of Shangguan Hutian, and you and Baili Piaoxue beside you are nothing but lost dogs. "

Ye Feng smiled and said: "A bereaved dog? Is the Northern Divine Academy worthy of me calling it home? You think too highly of the status of the Northern Divine Academy in my mind. That guy Shangguan Lutian, and the divine world behind him After I go back this time, I will settle accounts with them."

When Mo Shenghao saw Ye Feng talking freely, he seemed to be really not afraid at all. His face was a little ugly, and he no longer hesitated, and immediately ordered to the six hundred powerful

men behind him: "You all take action together, hurry up and kill this The boy in black will be beaten to pieces by me, I want to see him die without a burial place in front of me!"

For some reason, Demon Shenghao felt an increasingly frightening feeling from Ye Feng's body, which made him feel very uncomfortable.

Demon Saint Hao smiled ferociously and said: "Ye Feng, you are alone. I don't believe you have anything to withstand the impact of our Demonic Poison Sect's 600 Dao Realm powerhouses. Even if it is a True God Realm existence, in the 600 Dao Realm powerhouses Even if we join forces, we must flee in panic to avoid the edge for the time being!"

Chapter 1663 Deadly Quiet

Buzz!

The aura and pressure of six hundred powerful men from the Great Dao Realm gathered together was really terrifying.

When they walked out of the golden space door, the entire floating continent where the Demonic Poison Sect was located sank in the starry sky, seeming to be under tremendous pressure.

The young leader Mo Shenghao originally saw Ye Feng's indifferent expression, and even felt a little worried in his heart.

But at this moment, feeling the terrifying majesty of the six hundred powerful men in the Great Dao Realm around him, just like the mighty power of heaven, Demon Sheng Hao once again regained his confidence.

There was a sarcastic smile on his face, he looked at Ye Feng, smiled disdainfully, and said: "All the powerful men from the Northern Divine Academy may choose to avoid the edge temporarily, not to mention you are alone now, I feel your indifference It's just pretending, you want to delay, right?"

Ye Feng smiled indifferently and said: "Next you will know why I am so indifferent."

"Come out!"

"My Iron Legion!"

boom! boom! boom.....

Almost at the moment Ye Feng finished speaking, the Queen's figure in his body immediately opened a space crack and released a number of steel battle puppets.

These steel battle puppets are all tall and majestic, and their bodies exude a heart-stopping aura fluctuation.

"Battle puppet?"

Looking at the densely packed tall battle puppets appearing around Ye Feng.

The young leader Mo Shenghao opposite showed a look of surprise at first, and then laughed loudly and said: "Ye Feng, Ye Feng, you are too naive, aren't you? Do you think these few hundred battle puppets can do anything? Let you turn defeat into victory and turn the tide of the war? "

At this time, Mo Shenghao laughed, his smile was extremely hearty.

What trump card did he think Ye Feng could bring out?

It turned out to be just a few hundred broken puppets?

Demon Saint Hao sneered: "The most powerful combat puppet in our northern star region is in the treasure house of our Demonic Poison Sect. It can only be compared to the strong men in the early stage of the Great Dao Realm. Where did you come from? It's just a fool's errand to have hundreds of broken puppets fight against me, a powerful person in the Six Hundred Great Dao Realm!"

Ye Feng suddenly smiled and said: "Ignorant and ignorant."

Mo Shenghao suddenly became furious and said, "Boy, shut up!"

Ye Feng laughed loudly: "Then I will let you see

For a moment, what is despair! "

"boom!"

"boom!"

"boom!"

The moment Ye Feng finished speaking, the three hundred steel battle puppets behind him suddenly burst out with extremely powerful momentum.

Those soaring cultivation auras are all the aura of the Great Dao Realm!

Moreover, they are all at the level of Dzogchen, the tenth level of the Great Dao Realm!

"What?!"

Almost at this moment, everyone on the field was shocked.

Especially the young leader, Demon Sheng Hao, was so horrified that he was trembling all over.

"How can this be!"

Demon Sheng Hao murmured, and his whole body suddenly became extremely cold.

But the next moment, Demon Sheng Hao suddenly shouted: "Come on! Destroy all those three hundred battle puppets! There are six hundred of us here!"

"boom!!!"

A terrifying battle and collision broke out instantly.

The entire field immediately fell into terrible chaos.

Almost a thousand Dao Realm powerhouses fought in the air, causing the entire earth to crack, and countless buildings were destroyed and turned into ruins.

This kind of battle is really terrifying and brutal. Blood rains from the sky, and broken arms and limbs fall down, which is shocking.

However, the young leader, Demon Sheng Hao, was completely wrong.

His six hundred Dao Realm powerhouses had not destroyed a few steel battle puppets, but only half of them themselves had been torn apart by the battle puppets.

"No.....!!!"

Demon Sheng Hao looked at countless strong men falling in a pool of blood, and suddenly half-knelt on the ground in despair.

Ye Feng spoke up: "Hundreds of steel combat puppets who are tireless, fearless and death-less, and are also refined products from the God Realm. This is my Iron Legion, this is my confidence, this is It's my trump card that keeps me calm!"

At this time, Ye Feng's words were like a bell, hitting Demon Sheng Hao's heart hard, making the young leader of the Demonic Poison Sect no longer dare to be arrogant. His face was pale, as if he had lost all his strength. Vibrant and spirited.

At this time, the 600 Dao realm powerhouses who suppressed the Demonic Poison Sect had been crazily slaughtered by the battle puppets, leaving only more than a hundred people.

"terrible!"

"This is a massacre!"

Countless people were shocked and frightened.

The entire base camp of the Demonic Poison Cult was already bleeding like a river.

"Who dares to act arrogantly in our Demonic Poison Sect! Be bold!"

Suddenly at this moment, a middle-aged man as tall as a lion, wearing a golden dragon-patterned armor, suddenly flew out of a hall deep in the Demonic Poison Cult.

When he saw the scene of blood flowing into the river outside, his face suddenly showed a look of fright and fury, and he shouted: "The sea is boundless!"

Boom! !

Endless waves and waves erupted from his body, rolling like a tide, like the torrent of the times, blowing hundreds of steel combat puppets upside down.

"Um?"

Ye Feng's eyes suddenly moved.

This middle-aged man was able to repel hundreds of steel battle puppets with one person in an instant.

It seems that this is the strongest person of Mosha Poison Cult, the leader of Mosha Poison Sect!

However, I sensed the cultivation aura of this Demonic Cult Master. He had just stepped into the first level of the True God Realm, and the cultivation aura on his body was still very unstable.

He can only be regarded as a half-baked True God Realm expert.

Ye Feng grinned.

...

But this time.

As soon as the Demonic Cult Leader appeared, he showed off his power and blasted away hundreds of steel combat puppets in one breath.

This made all the people present in the Demonic Poison Sect who had fallen into despair suddenly seem to have regained their former self-confidence. They all looked overjoyed and shouted respectfully.

"Welcome to the leader!"

"Welcome to the leader!"

"..."

The shouts were filled with deep excitement and excitement.

Mo Shenghao seemed to have grasped the last straw and shouted excitedly: "Dad! Have you finally broken through to the true god realm? Great, great!"

In the eyes of countless people from the Demonic Poison Sect, the True God Realm is a person who is as high as a god, an invincible existence, and an invincible transcendent strong man!

So at this time, after the Demonic Demonic Cult Master arrived with the power of the True God Realm, all the Demonic Demonic Poison Cult members felt a huge sense of security.

At this time, the leader of the Demonic Poison Cult stared at Ye Feng. His eyes were majestic, like a superior god. He looked down at him and said coldly: "You have killed so many powerful people in our Demonic Poison Cult. You have committed a heinous crime. This is unforgivable." Please commit suicide and apologize for your sins. I will only give you ten breaths..."

"boom!!"

Suddenly, the body of the mighty demon king behind Ye Feng took action.

The tall and majestic demonic figure, carrying boundless demonic energy, rushed in front of the demonic leader, and its dark claws grabbed him instantly.

"A demon puppet? It's just a small thing, but it won't make it to the stage."

The Demonic Cult Master smiled sarcastically, stretched out a hand and struck forward.

"boom!!"

But at the next moment, the dark claws of the mighty demon king tore into pieces the palm of the evil demon leader, and also scratched his neck, bringing out a pool of blood.

"you....."

Before the Demonic Leader even had time to let out a loud roar, his neck was torn apart by the claws of the mighty Demon King. His head fell with a grunt, and his body fell to the ground with a crash, killing him in an instant!

Ye Feng laughed loudly at this moment: "What a bullshit demon evil leader, he is just a chicken and a dog in front of me!"

But at this time, the countless Demonic Poison Sect members all fell into a deep sluggish state.

"The leader..."

"Just die like that..."

"That's a mythical figure in our hearts..."

The mood of despair spread in the hearts of countless people.

The entire field fell into a strange dead silence.

quiet!

Deadly quiet!

Chapter 1664 Soul Slavery

At this time, the entire field was completely silent.

Everyone looked dull, looking at the body of the Demonic Cult Leader lying on the ground, their eyes full of disbelief.

fear!

It's so scary!

They never thought that the Demonic Cult Leader, who was revered like a god in their minds and a superior and transcendent being, would be killed so quickly.

For all the people of the Demonic Poison Sect, this is tantamount to a huge nightmare, filling people's hearts with fear.

At this moment, staring at the blood-stained corpse of the Demonic Cult Leader, everyone was trembling, and their hearts were extremely cold.

At this time, Ye Feng once again looked at the young leader Mo Shenghao.

At this time, the other party was already trembling and lying on the ground, not even daring to look at Ye Feng.

Ye Feng was originally planning to kill Mo Shenghao directly.

But after seeing the huge territory of the Demonic Poison Sect, countless disciples, and a rich background.

Ye Feng suddenly changed his mind.

He looked at Mo Shenghao and said, "Follow me, I won't kill you."

At this time, Ye Feng said, walking towards the inner hall of the Demonic Poison Cult.

When Mo Shenghao heard Ye Feng say not to kill him, he seemed to have grasped the last straw and immediately followed Ye Feng into the inner hall.

At this time, in this cold and empty inner hall.

Ye Feng looked at Mo Shenghao and suddenly grinned.

His idea was very simple, that is, to hypnotize Demon Sheng Hao and make the young leader of the Demonic Poison Sect become his disciple and manage the entire Demonic Poison Sect for him. This huge power might be used at some point.

Moreover, in the decisive battle between the Baili family and the Northern Divine Academy and the Shangguan family, if they can control the entire Demonic Poison Sect, it will definitely be of great help.

At this time, Ye Feng suddenly stretched out a hand, spread his fingers, and grabbed Mo Shenghao's head.

"Soul Emperor Seal!"

boom!

Ye Feng instantly released huge soul power,

It was poured directly into Demon Sheng Hao's head.

"ah!!"

Demon Sheng Hao felt that his soul was about to be controlled and enslaved, and he immediately let out a terrifying roar in shock and anger.

But all to no avail.

Because Ye Feng's current soul power is too huge and powerful.

Mo Shenghao's little soul power was simply unable to withstand the impact of Ye Feng's powerful soul power.

"Soul Slavery!"

Ye Feng shouted loudly, and Demon Shenghao finally let out a loud roar, and was finally completely hypnotized and controlled.

At this time, Mo Shenghao raised his head slightly, his face no longer showed signs of struggle and pain, but instead looked peaceful and tranquil.

Mo Shenghao stood up and said with a smile: "Thank you, master, for letting my soul escape from the sea of suffering. From now on, I will devote myself to doing good and dedicating myself to the master."

Ye Feng smiled and nodded, saying: "Very good, your father was killed by me, what should you do next?"

Demon Sheng Hao couldn't see the sadness and joy, and said with a calm smile: "My father, Master Mo Sha, has many sins. My master killed him to eliminate harm for the people of the world. If it were me, I would also kill my relatives with justice. Next, I will Lead the entire Demonic Poison Sect to surrender under the command of the master. They will no longer burn, kill, and loot. From now on, they can practice with peace of mind. Demons are also righteous and obey the master's orders. "

Ye Feng said: "Yes, then you should do what you should do now."

"good."

Demon Shenghao nodded, left the inner hall, and walked outside.

Ye Feng also walked out.

Mo Shenghao was outside to reassure people and clean up the mess.

Baili Piaoxue walked over, staring at Ye Feng with incredible eyes, and said: "How did you tame this Demon Sheng Hao?"

Ye Feng smiled and said, "I purified him from the soul."

After saying that, Ye Feng no longer wasted time and asked people to carry the Mosha Cult leader, hundreds of corpses of powerful men in the Great Dao Realm, and many fancy masters of the Mosha Poison Sect, all to the Mosha Poison Sect. In a secret training room inside.

"Boom!"

The door to the secret room slammed shut, and Ye Feng entered it alone. .??.

Baili Piaoxue naturally knew what Ye Feng wanted to do.

He was wearing War Sky Armor, with a majestic body and shrouded in golden light, like an ancient god of war, standing in front of the door outside the secret room, protecting Ye Feng.

...

In a dark secret room.

Ye Feng was alone, facing the fresh corpses of countless strong men.

"Swallow!"

Around him, a vast swallowing vortex of darkness instantly appeared, covering the entire secret room.

Endless streams of blood essence were instantly injected into Ye Feng's body, wildly strengthening his cultivation base and skills.

The devouring lasted for three days and three nights.

boom!

"Half step to the great realm!"

boom!

"First level of the Great Dao Realm!"

boom! !

"Second Heaven of the Great Dao Realm!"

boom! ! !

"The Third Heaven of the Great Dao Realm!"

Finally, Ye Feng's cultivation growth stopped.

To the third level of the Great Dao Realm, this is a huge breakthrough.

At this moment, in front of Ye Feng, there was already a shriveled skeleton.

"Wow!"

Ye Feng opened the door to the secret room and walked out.

Baili Piauxue, who was protecting the law outside, saw Ye Feng, sensed the aura of cultivation on his body, and suddenly looked shocked, and then said with great joy: "Junior Brother Ye! You have broken through to the Great Dao Realm!"

Ye Feng nodded slightly and didn't say anything more. He just said softly: "Elder brother,

It's time for me to go back. "

When Baili Piauxue heard this, her eyes immediately moved and she said, "Okay!"

After the words fell, Baili Piauxue looked at the entire Demonic Poison Sect and said, "What about them?"

Ye Feng said: "I have communicated with Demon Saint Hao just now. When your Baili family has a decisive battle with Beiyu Seminary and Shangguan family, Demonic Poison Church will send troops to help."

When Baili Piauxue heard this, she looked delighted and said, "That's great!"

At this moment, Baili Piauxue's admiration for Junior Brother Ye was as continuous as a torrential river.

...

Before leaving, Ye Feng plundered all the miraculous elixirs in the Demonic Poison Sect's treasure house that were useful for increasing his cultivation.

Although he had broken through to the Great Dao realm, Ye Feng still had a sense of crisis.

Without stepping into the Realm of True God, Ye Feng did not dare to leave the northern star field easily and go to the most glorious central star field.

Ye Feng knew very well that once he solved the matter in the northern star field, he would definitely go to the central star field to find his mother and Uncle Nan.

"When I enter the central star field, I may have to face a huge Gu Clan Kingdom. I want to improve my cultivation as much as possible before this moment arrives, so that I can be able to deal with all possible events with ease. "

Ye Feng had grown up in the Northern Star Territory for so long, and he already had great confidence in going to the Central Star Territory.

But now the secrets of the God Realm, the largest interface among the heavens, are known to Ye Feng. Even the Shangguan family of the Northern Divine Academy can communicate with people in the God Realm and involve the existence of the God Realm into the universe. The field of human cultivation.

This makes Ye Feng feel more and more that the real inside story of the spiritual world is still very deep.

Especially the most prosperous central star field is definitely more closely connected with the divine world.

The water in the central star field must be deeper.

There is definitely the center of the largest vortex in the universe.

You must be fully prepared.

Chapter 1665 The Beginning

Half a month later.

Ye Feng and Baili Piaoxue once again returned to the Baili family near the Beiyu Temple.

The moment the two of them walked into the Baili family, they immediately felt a chilling atmosphere that made people feel chilled in their hearts.

On the road, every member of the Baili family was wearing armor, holding soldiers in their hands, and their expressions were full of solemnity.

Ye Feng and Baili Piaoxue looked at each other and saw the serious look in each other's eyes.

It seems that the decisive battle is about to begin.

Sure enough, when the two came to the Baili family's main hall.

All the clan elders, including the clan leader, were sitting at attention in the main hall.

At this time, sitting on the top seat of the main hall, an old man with white hair and beard was sitting, wearing a Taoist robe, looking like an immortal and with extraordinary aura.

This old man in Taoist robes exuded a powerful aura from the seventh level of the True God Realm, which was very terrifying.

The moment Ye Feng saw this old man in Taoist robes, he immediately concluded that even if he tried his best and joined forces with the body of the mighty demon king, he would never be a match for this old man.

If the mighty demon king is still alive, has vast magic power, and can perform various forbidden techniques inherited from the demon clan, he may be able to fight against this ancestor of the Baili family.

But now the powerful demon king only has the power of his body. Ye Feng has estimated that it is at most equivalent to the combat power of a third-level true god.

Therefore, the key to this decisive battle is to rely on a high-level True God Realm powerhouse from the Baili family.

Ye Feng guessed that the True God Realm being from the God Realm behind Shangguan Lutian was most likely the strongest person in the ninth or even tenth level of the True God Realm.

Otherwise, it would be impossible for the Baili family to be so fearful, and even ask them to find their ancestors' Heavenly War Armor.

At this time, the moment Baili Piaoxue stepped into the main hall, he immediately respectfully clasped his fists at the old man in Taoist robes at the top and said: "Ancestor, you are finally out of seclusion!"

The ancestor of the Baili family did not have the majesty of his predecessors. Instead, he smiled very kindly and said: "If I don't come out of seclusion, the entire Baili family will be destroyed."

Although it sounded like a joke, everyone felt a sense of heaviness.

At this time, the patriarch Baili Tianming looked at his son, hesitant and expectant, and asked

Said: "Piaoxue, how did you and little brother Ye Feng gain from this trip to the Devil's Nest Planet?"

Uh-huh! Uh-huh! Uh-huh!

At this time, the eyes of all the elders in the entire hall were all focused on Baili Piaoxue.

There was a trace of nervousness and expectation in these eyes.

Baili Piaoxue took a deep breath and said slowly: "Fortunately, I have fulfilled my destiny! I have found the ancestor's Heavenly War Armor and brought it back!"

The moment he finished speaking, the storage ring on Baili Piaoxue's finger flashed.

Uh-huh!

A set of golden armor exuding nobility has appeared in the hall.

It's Zhan Tianjia!

The moment this set of armor appeared, all the old people in the entire hall stood up in an instant.

A pair of old eyes were staring at the golden Zhantian Armor with tears in their eyes, as if they had seen their ancestors and the glory of the Baili family in the past.

At this time, the ancestor of the Baili family was also extremely excited and laughed loudly: "Okay! Piaoxue, you did a good job this time!"

Uh-huh!

The ancestor of the Baili family made a move with one hand, and the Zhan Tianjia instantly flew in front of him.

"Click, click..."

And at the next moment, the pieces of Zhan Tianjia were separated, quickly put together on the ancestor of the Baili family, and put on.

"Buzz!"

An infinite power emanated from the Zhantian Armor, filled with soaring power.

"Today, with the glory of my ancestors, I will fight against the Northern Divine Academy!"

The ancestor of the Baili family laughed loudly and instantly broke through the dome of the hall and reached the sky outside.

At this moment, his combat power has definitely increased to a peak state.

The decadent and old posture of the past is gone.

The current ancestor of the Baili family is exuding a majestic life essence and surging fighting spirit, as if

It surged like wild waves and filled the entire sky, making everyone feel a sense of pressure and heart palpitations like the power of God.

The ancestor of the Baili family was no longer repressed at this time. His golden pupils shot straight into the central area of the North Territory Temple and shouted: "What about the people of the God Realm? Come out and fight!"

boom!

This loud roar, sound waves rolling like wild waves exploding high in the sky, was heard by everyone.

"Has the ancestor of the Baili family finally been born?"

"Is the Armageddon finally coming?"

"It seems that the entire northern star field will be completely boiling today!"

At this time, in the direction of the central area of Beiyu Seminary, countless disciples of Beiyu Seminary, as well as members of the Shangguan family, were thinking fiercely in their hearts.

"Mortal, you are too presumptuous and dare to declare war on this god." .??.

Buzz!

Suddenly at this moment, a majestic and divine voice sounded.

An infinite divine light rose from the central area of the Northern Divine Monastery.

A huge crystal throne was suspended in the divine light.

On the Crystal Throne, a young man wearing brocade and satin sat casually, his eyes looking aloof and indifferent to the common people.

This person is the God Realm being who came down from the Shangguan family's communication with the God Realm.

This true god of the gods indeed has a unique temperament, giving people a sense of supreme sanctity. As soon as people see it, they feel a desire to worship him.

"Hahaha!"

But at this time, the ancestor of the Baili family suddenly laughed wildly and said very domineeringly: "Pretending! He is just an ordinary person in the God Realm. He came to my universe and pretended to be some bullshit god. He really thought he was Is he a god? Then I will kill the god for everyone to see today!"

boom!

The ancestor of the Baili family was so proud that at this moment, his old body, under the blessing of the Battle Sky Armor, burst out with boundless power, capable of beating the gods.

"Wide world!"

The ancestor of the Baili family roared and unleashed the powerful martial arts field he had cultivated for countless years.

"

Defy God with force! "

The ancestor of the Baili family released the pure fighting spirit of the human race, and the realm of thousands of worlds appeared around him. The phantoms of the worlds surrounded him, and they were bombarded by his punches, as if they could destroy thousands of small worlds!

"Today I will let you see how serious the consequences will be if you offend the gods with mortals!"

The true God of the God Realm on the Crystal Throne finally stood up.

Although he said it very arrogantly.

But the fear in his eyes could not be concealed.

The ancestor of the Baili family was right. Although he came from the God Realm, he was just an ordinary cultivator in the God Realm. He was in the tenth level of the True God Realm and had perfect cultivation.

Facing the ancestor of the Baili family who is wearing the Battle Sky Armor, the True God of the God Realm must take it seriously, otherwise he may really fall.

In this lower realm, there are still old monsters from the human race that can kill people from the divine realm.

"Tide of divine power!"

Faced with the bombardment of thousands of small worlds from the ancestors of the Baili family, the true god of the God Realm exuded bright holy light all over his body, like an oven between heaven and earth, emitting endless light and heat. Every time he raised his hand, there were terrifying tides of divine power bursting out from his fingertips, piercing the void and surging into the sky, causing countless people to feel a fatal sense of suffocation.

"Boom!"

In an instant, extremely terrifying roars and collisions suddenly occurred in the sky above the entire Northern Territory Temple, and countless people felt their souls tremble.

"Kill!"

At this time, Shangguan Lutian suddenly appeared, leading countless Shangguan family soldiers and rushing towards the Baili family, with great determination and murderous intention to destroy the Baili family.

"Shangguan Lutian! We can finally fight head on!"

Baili Piauxue flew high into the sky, leading countless strong men from the Baili family to face Shangguan Lutian who was not far away and was wearing black armor.

At this time, Ye Feng led his hundreds of steel puppet legions and rushed towards the Northern Divine Temple.

Ye Feng has a more difficult task, which is to suppress and resolve the terrifying pressure from the upper levels of the Northern Divine Academy.

The decisive battle begins!

Today, the entire Northern Territory is destined to boil!

Chapter 1666 Is this still a human being?

"Boom!"

The war between the True God of the God Realm and the ancestors of the Baili Family has spread to the endless sky.

Everyone only heard bursts of thunderous sounds like the power of heaven, which made people feel extremely heart-beating, coming from high in the sky.

Everyone is guessing who will be the ultimate winner.

And the battle below became increasingly fierce.

The Shangguan family led by Shangguan Lutian and the Baili family led by Baili Piauxue, countless people and masters rushed together, turning the entire Northern Territory Temple into a Shura field, cruel and bloody, with murderous intent rising into the sky. It shook away the auspicious clouds nine days away.

At this time, Ye Feng led his Iron Legion to the deep area of the Northern Divine Monastery.

Many high-level officials of the Northern Divine Temple here have already been tamed by the true gods of the God Realm.

Many disciples and elders who refused to admit defeat were imprisoned by Shangguan Hutian in the back mountain prison of the Northern Territory Temple.

Uh-huh!

Ye Feng's current idea is very simple, that is to release all the people in the prison.

"Stop boy!"

An old man wearing a Bagua robe, with gray hair but very energetic, suddenly blocked Ye Feng's way.

Ye Feng knew this man. This old man was the master of the Punishment Hall of the Northern Territory Seminary, and was in charge of the life and death of many disciples of the Seminary.

At this time, the Master of the Punishment Hall stared at Ye Feng and sensed Ye Feng's extraordinary cultivation. He immediately said: "Only by surrendering to the True God of the God Realm can we make the Northern Territory Temple to glory. Boy, you Don't make a mistake and die in vain!"

Ye Feng said coldly: "If the Northern Territory Seminary wants to rise, the most important thing is to condense the ethos of the Seminary and establish an unyielding and tenacious martial arts will for all disciples. This is the key. Now you so-called upper-levels are all You have lost your true nature as a warrior by flattering the true god of the gods. Today I will kill you and clean up the gates of the Northern Territory Temple!"

"presumptuous!!"

The Master of the Punishment Hall immediately became furious and shouted coldly: "Don't be so arrogant, kid! Who do you think you are? You dare to teach me a lesson? You will die!"

"Hammer of Punishment!"

A silver sledgehammer instantly appeared in the hand of the Master of the Punishment Hall, releasing crackling thunder and lightning, which was very scary.

"boom!"

He held a silver sledgehammer and struck Ye Feng with one hammer.

Wow!

In an instant, it appeared from high in the sky

A long river of thunder appeared like a huge wave, and with the fall of the silver sledgehammer, it all bombarded it, as if it was going to destroy the world.

"Break you with one punch!"

Ye Feng laughed loudly. The chaotic body of the third heaven was already extremely powerful. At this moment, every inch of his body was rumbling loudly. Infinite brute force surged out of his body, allowing Ye Feng to explode with boundless power with one punch, as if The flying dragon is in the sky, and the giant god blasts into the sky!

"Boom!!"

Ye Feng punched the silver sledgehammer of the Master of the Punishment Hall.

"Click" sound!

The silver sledgehammer was directly blasted apart and turned into countless metal fragments scattered on the ground.

The river of thunder struck by the sledgehammer hit Ye Feng's body without any damage.

Because Ye Feng's body was like a copper wall. No matter how violent the force was, it could not break through his body's defense.

"What?!"

The Master of the Punishment Hall, including other senior officials of the Northern Territory Seminary, were all dumbfounded at this moment, their eyes filled with dull expressions.

What body is this?

One punch shattered the avenue-level silver sledgehammer magic weapon!

Moreover, he directly ignored the impact of Nine Heavens Thunder!

"Is that human being!"

Countless senior officials thought that the execution of the Master of the Punishment Hall would be an immediate success, but the result shocked everyone so much that their eyes almost fell out.

"Except for Baili Piao xue and Shangguan Lutian, when did our Northern Divine Academy have such a monster young disciple?"

Countless senior officials of the Northern Territory Seminary were trembling all over at this time.

Even some of the elders and powerful men couldn't help but feel fear in their hearts when they saw the terrifying power of Ye Feng's punch that could break through all kinds of magic in the distance, like a young god of war.

"Who are you? You can't be a disciple of my Northern Divine Academy. How can you be more powerful than Shangguan Lutian?"

At this moment, the master of the punishment hall turned pale with fear.

He backed away crazily, trying to avoid Ye Feng, this terrifying young man.

"Who am I? Haha, I'm just an ordinary new disciple of the Northern Divine Academy."

Ye Feng made a sound, but his figure distorted the space, and flashed in front of the master of the Punishment Hall in a strange moment.

"Pfft!"

Ye Feng stretched out his five fingers and pierced the entire face of the Master of the Punishment Hall at once.

"Swallow!"

Ye Feng burst out with devouring power in an instant. Amidst the pitiful howls, the master of the Punishment Hall was devoured in a few breaths and turned into a shriveled corpse. He fell to the ground from a high altitude and fell to the ground. Gotta smash.

"hiss!"

Everyone was frightened after seeing this strange scene.

Ye Feng looked at the many high-level officials of the Northern Territory Seminary who were trembling not far away, grinned, and said: "Don't be afraid, all of you who surrendered to Shangguan Hutian will die later."

Ye Feng showed no mercy to these traitors from the Northern Divine Academy.

They were not even given a chance to beg for mercy.

Because these people are simply not worth giving them a chance to live.

They're all just wallflowers.

Best to kill.

Save yourself the trouble of betraying later.

This time Ye Feng helped Baili Piauxue in order to completely consolidate their foundation in the Northern Territory Temple.

Therefore, all unstable factors should be eliminated without giving any chance.

"What? So strong?"

Shangguan Lutian, who was fighting with the Baili family not far away, glanced slightly in the direction of the Northern Territory Temple, and happened to see Ye Feng easily kill the master of the Punishment Hall.

The eldest son of the Shangguan family, a heroic young man, also had a gloomy and ugly look on his face.

He originally thought that the Baili family would definitely lose this time.

But unexpectedly, the ancestor of the Baili family put on the ancestor's battle armor.

Moreover, in addition to Baili Piauxue, an extremely evil character like Ye Feng also appeared.

Baili Piauxue was very high-spirited at the moment and laughed loudly: "Shangguan Lutian, you are dead this time!"

Shangguan Lutian's eyes were gloomy, but he seemed to have thought of something at this time. He grinned sinisterly and said: "Baili Piauxue, don't be happy too early. The dean of the Northern Divine Academy has been killed by the True God of the God Realm. Having enslaved the soul, the Dean is a half-step True God Realm powerhouse. He holds the treasure of the Northern Divine Academy, which is comparable to a real True God Realm powerhouse! We have two here!

A true god realm expert, I wonder how you can win? Hahaha! "

Buzz!

Almost at the moment Shangguan Lutian finished speaking.

An elegant middle-aged man wearing a white robe suddenly walked out of the small world of the statues in the Northern Temple.

This person is the dean of the Northern Territory Seminary!

He possesses the cultivation level of half-step True God Realm, but at this moment, there is a dark golden door floating above his head.

From the ancient dark gold gate, streams of heavy and pure nine-color fairy energy spilled down, bathing the dean's entire body.

This made the dean exude a terrifying and boundless aura that was comparable to the first level of the True God Realm.

The fluctuations emitted from this dark gold door turned out to be the energy fluctuations of the artifact.

"This is the 'Tongtian Gate'! A magical gate that can connect to the origin of the entire fairy world interface! It is a fragment of the divine artifact created by the Lord of the Thirty-Six Heavenly Worlds!"

Among the Baili family's army, some powerful elders recognized the identity of the dark gold gate and couldn't help but exclaimed.

At this moment, the dean has the blessing of Tongtian Sect, exuding the aura of the true god realm, boundless and vast, making everyone present feel a feeling of palpitations.

"What?"

"Another transcendent being at the True God level appears over Shangguan Lutian?"

Countless members of the hundreds of miles of family all changed their expressions.

What should I do?

The addition of another true god realm powerhouse will definitely make the battle situation one-sided!

Shangguan Lutian laughed loudly at this time and said: "A hundred miles of snow! Ye Feng! How can you two clowns fight with me?"

The faces of everyone on the field were full of deep fear and ugliness.

But at this time, under the spotlight of everyone, Ye Feng suddenly smiled and said: "Shangguan Lutian, you have a trump card, don't I?"

boom!

Almost at the moment Ye Feng finished speaking, the tall and mighty body of the Demon King appeared behind Ye Feng.

The life fluctuations emanating from this big demon are also the energy aura of the True God Realm level!

"What?!"

At this moment, Shangguan Lutian's originally proud expression suddenly became stiff.

Chapter 1667 The End of the Hero

Another transcendent existence at the True God level appeared on the field!

Moreover, he seems to be a big demon!

Not to mention the people on Shangguan Lutian's side, even the Baili family members led by Baili Piaoxue felt a sense of deep surprise and horror at this moment.

However, after being surprised, everyone in the Baili family, including the very old elders, showed deep excitement in their eyes.

Originally, Shangguan Lutian was supported by the dean of the Northern Territory Seminary holding a treasure, which made many members of the Baili family feel depressed and breathless, and even despaired in their hearts.

But it was only a few seconds later, but Ye Feng suddenly took out another powerful trump card and hit Shangguan Lutian hard in the face.

"A true god realm demon? This...how is it possible!"

Shangguan Lutian immediately stared at the mighty Demon King behind Ye Feng. He was very angry and couldn't help but said: "Your Highness the Demon King, why do you have to lower yourself to help a human boy with low cultivation level?" ? If you are willing to join me, I will agree to whatever you ask for." ??

At this time, the Demon King Dawei was controlled by Ye Feng's soul. Under Ye Feng's thoughts, he directly stared at Shangguan Lutian. He smiled with a devilish aura and said, "Do you really agree to all my requests?"

When Shangguan Lutian saw that Demon King Daweitian was paying attention to him, he immediately couldn't help but said excitedly: "Yes! Your Highness the Demon King, as long as you join my camp, you can do anything you ask for."

The Demon King Dawei Tian smiled and said: "If you recognize me as your father, then I can consider helping your son."

"you.....!"

The moment the Demon King Dawei Tian finished speaking, Shangguan Lutian, who was originally looking excited, suddenly turned pale with anger.

He understood instantly that the mighty demon king was deliberately entertaining him.

"Master Dean! Kill this abominable devil! Kill them all, including Ye Feng!"

Shangguan Lutian has great confidence in the dean of the Northern Territory Seminary who holds the fragment of the artifact of creation.

After all, the dean of the Northern Territory Seminary is the most influential figure in the entire Northern Star Territory!

"boom!"

However, when the mighty demon king just used his body power, he bombarded the dean of the Northern Territory Seminary until he spurted blood, and even the fragments of the divine artifact of creation, the Heavenly Gate, were knocked away.

Seeing this scene, Shangguan Lutian's face suddenly turned completely gloomy.

This demon is so powerful.

Absolutely comparable to the strongest in the third and fourth levels of the True God Realm!

"Where did Ye Feng find such a powerful helper, and he is also a strong man among the demons."

This is something Shangguan Lutian can't figure out even if he wants to die.

After all, he knew that Ye Feng was just a country boy with no background.

The reason why I was able to join the Northern Territory Seminary was because of the promotion of Bai Susu, an old disciple.

While Shangguan Lutian was thinking, Ye Feng picked up the Tongtianmen that had been blown away, and happily put this piece of the artifact fragment into the storage ring.

Not counting the Battle Sky Armor, Ye Feng has now obtained three of the thirty-six fragments, namely the Black Sky Crown, the Tyrant Halberd, and the Tongtian Gate he just obtained.

"boom!"

At this time, the mighty Demon King has already

After escorting the disabled dean of the Northern Territory Seminary, he came to Ye Feng.

"The most magnificent dean of the Northern Territory, a great figure, was beaten to a disability just like that?"

Countless people saw this scene, and while they were shocked, they also felt a sense of sadness.

This generation of the dean of the Northern Territory Seminary met a terrible end.

First, his soul was enslaved by the True God of the God Realm, and now he was beaten to a disability by an old demon.

What a miserable word!

"good."

Ye Feng looked at the dean of the Northern Territory Seminary in front of him. Although he was disabled, his skills were still there, and his blood was surging and fresh.

"boom!"

Ye Feng directly stretched out his palm, clasped his five fingers on the head of the dean, and started to devour it directly under the attention of everyone. It was very rough and jaw-dropping.

"ah....."

Along with a burst of screams, the dean's body gradually shriveled up, and finally he burped and fell to the ground.

A generation of heroes from the Northern Territory died in a very miserable state and was very useless.

It can only be said that he is in the wrong camp.

And this time.

"boom!"

Ye Feng swallowed half of the power of a true god realm expert. He only felt that the meridians all over his body were very swollen, and he was unable to refine such a huge and pure power for a while.

To put it simply, it means eating too much at one time and causing some indigestion.

In the end, Ye Feng did not choose to forcibly refine it to avoid damaging his martial arts foundation.

He stored such a huge amount of energy throughout his body, preparing to digest it slowly.

"ah!"

And suddenly at this moment, a miserable howl sounded from high in the sky.

"Is the battle between the top experts determined?"

At this moment, everyone's eyes were looking up to the sky.

Although the fighting below them was also very fierce.

But everyone knows very well that the final outcome of this war is determined by the two strongest men fighting in the sky.

boom!

The first person to fall from the sky was the old patriarch of the Baili family.

At this time, his hair was disheveled, and most of the Battle Sky Armor on his body was broken into pieces. However, after all, the Battle Sky Armor was an artifact of creation. Although it was shattered, it was able to automatically absorb the power of creation between heaven and earth. The armor was repairing itself. middle.

"Ancestor!"

Everyone in the Baili family, including Baili Piaoxue, all screamed in surprise at this moment.

Because the appearance of the ancestor of the Baili family is not very good now. It can be said that it is very miserable. One-third of the old man's body has been broken into pieces. He is bleeding and is very embarrassed. It can be seen that the man who fought in the sky just now Tragic.

But before the people on Shangguan Hutian's side could cheer, several fragments of the Crystal Throne fell from the sky and hit the ground with a "bang" and "bang".

Shangguan Lutian suddenly had a bad feeling in his heart.

"That is....."

Next, in the horrified eyes of countless people.

The true god in the God Realm was left with only a blood-stained head, which flew down from the sky with a look of pain on his face.

He's not dead yet!

However, life is almost exhausted!

In layman's terms, it means that death is not far away.

"Shangguan Hutian! Hurry and protect this god!"

The head of the true God of the God Realm can still speak, and the divine light shines in his pupils, trying to restore his true body.

But before Shangguan Lutian stepped forward to protect him.

"Crunch!"

The mighty demon king instantly flew in front of the head of the true god of the gods, opened the demon's bloody mouth, swallowed it, chewed it up, and blood stains flowed from the corners of his mouth, making everyone in the audience feel chilled.

"you lose."

Ye Feng looked at Shangguan Lutian not far away and said calmly.

"Hehehe..."

Shangguan Lutian is now at the end of his life.

He laughed miserably, stared at Ye Feng, his eyes changed, and said: "If it hadn't been for your accident, the Baili family would have been a bunch of chickens and dogs, and the entire Northern Territory would have been in the palm of my hand."

At this time, Shangguan Lutian looked at the countless members of the Baili family, his eyes that had gone through vicissitudes of life turned into disdain and arrogance, and said: "A bunch of losers, if the son of luck hadn't taken you with you, all of you would have been my prisoners!"

At this moment, Shangguan Lutian actually called Ye Feng the son of fate.

This kind of title can be uttered from the mouth of such an arrogant and heroic figure as Shangguan Lutian, which shows how much he values Ye Feng.

"Only I can take my life!"

Suddenly Shangguan Lutian shouted loudly, with boundless domineering power, and pulled out the battle sword from his waist.

"Pfft!"

He killed himself.

The body collapsed.

Even until death, he was unwilling to give in.

Nor does he allow others to kill him.

He can only kill himself.

How sad is the end of the hero.

Everyone on the field was silent.

...

The next step is simple. All the betrayers of the Northern Divine Academy were imprisoned by the Baili family.

The tough-minded people of the Northern Divine Academy who were previously imprisoned, and the disciples and elders who were unwilling to submit to the true God of the God Realm were all released.

This battle was extremely brutal.

The battlefield was cleared for three days and three nights, and calm was restored in front of the mountain gate of the Northern Divine Monastery.

With the support of Ye Feng and many Baili family elders, Baili Piauxue became the temporary dean of the Northern Territory Seminary.

With Ye Feng's encouragement and strong support, Bai Susu also overcame the bad habit of women not taking power and became the vice president of the Northern Territory Seminary.

Baili Weiwei, a little girl, always sticks to Ye Feng's side all day long, calling her "big brother" again and again, so affectionately that Ye Feng feels helpless.

...

Seven days later.

Outside the Dengtian Hall of the Northern Territory Seminary.

"If Junior Brother Ye is willing, I can give up my position as dean at any time." Baili Piauxue stood there

On the White Jade Square, looking at the clouds and mist surrounding the mountains, he spoke to Ye Feng beside him.

At this time, Ye Feng was carrying a sword on his back and dressed in white clothes like Sheng Xue, looking very chic.

When Ye Feng heard what Baili Piauxue said, he waved his hands and said with a smile: "I don't like the struggle for power. It's a waste of energy to manage the affairs of the seminary. That's not my dream. "

Baili Piauxue joked: "I know that Junior Brother Ye's dream is to reach the pinnacle of martial arts and see the beauties in the world."

beauty?

Senior brother, you have changed.

Ye Feng glanced at Baili Piao xue and said nothing more.

He just waved his hand towards the back and said: "Senior Brother, see you later. Things are going on in the Northern Territory. I am leaving for the Central Star Territory."

"Central Star Territory?"

Baili Piao xue put away his joking expression, his eyes were a little solemn, and said: "That is the most prosperous area of our human race in the universe. It is as far away as hundreds of millions of sands from our northern territory. Are you sure now?" Are you going?"

Ye Feng nodded and said seriously: "The reason why I have been working so hard is to see my mother and save her from the pain of imprisonment. Moreover, I feel that the upper limit of my cultivation level is coming soon in the Northern Territory. I need to go to martial arts." A more prosperous place to practice."

Baili Piao xue patted Ye Feng on the shoulder and said with emotion: "Junior brother Ye has great ambitions. Senior brother, I admire him very much, but you must be careful during this trip."

Ye Feng smiled and said: "Don't worry, I will come back alive to see how you develop and expand the Northern Divine Academy."

Baili Piao xue laughed, looked at the Dengtian Palace, his eyes showed ambition, and said: "Junior brother Ye, when you come back, I will definitely let you see a powerful Northern Divine Academy. By then, I, and the entire Northern Territory The Territory Divine Academy will be your biggest support, after all, half of the Northern Territory Divine Academy is due to you. "

"Ha ha."

Ye Feng smiled and patted Baili Piao xue on the shoulder and said, "Your ancestor of the Baili family gave me the Battle Sky Armor a few days ago, which is already the greatest thank you to me."

After saying that, Ye Feng seemed to see several graceful and beautiful figures approaching in the distance.

He was immediately ready to set off.

"Why don't you wait for the confidantes who care about you?"

Baili Piaoxue hurriedly spoke out, and he also saw that the beautiful figures walking over not far away were Bai Susu, Baili Weiwei and Bai Xiaohua.

"No."

Ye Feng shook his head and said: "If I meet them, I guess I will be entangled and unable to leave. Tell them that I will come back after I have taken care of my mother's affairs. Don't worry about me. Don't worry." Just practice."

Uh-huh!

After saying that, Ye Feng jumped up, and the handsome figure in white clothes Sheng Xue disappeared into the clouds and mist of the mountains, flying towards the central star field.

"From here to the central star field, with my current cultivation level, if I travel with all my strength, it will probably take me several decades to fly, right?"

"Well, it's indeed a bit far..."

"But it seems that my lifespan is infinite now, so it doesn't matter, just fly slowly..."

"Just take a look at this great universe and see the beauties in the world. Oh no, the beautiful scenery..."

Ye Feng murmured to himself, and the lonely and tall figure in white quickly disappeared into the vast depths of the starry sky outside the Northern Divine Academy...

Chapter 1668 The Great God Dynasty

The central star field is located in the center of the universe.

This represents the most prosperous place for martial arts practice.

The place with the strongest luck in the entire central star field is a boundless continent.

This continent is called the Prehistoric Continent. It is rumored that it is a fragment of the God Realm that fell into the universe and formed the land of destiny in the central star field.

The prehistoric continent is boundless and vast, occupying almost half of the starry sky in the entire central star field.

This is very scary!

"The area of this ancient continent is estimated to be tens of thousands of times larger than the floating continent where the Northern Divine Academy is located."

A young man in white clothes came from the end of the starry sky not far away. He looked at the ancient continent that stretched across the starry sky in the middle of the entire central star field with a hint of wonder in his eyes.

The young man in white clothes is Ye Feng! .??.

He spent twenty-two years flying in the starry sky of the universe and finally arrived at the central star field.

However, Ye Feng's appearance has not changed, and he has always looked like he was about eighteen or nineteen years old.

At this time, Ye Feng had already heard some news in the central star field.

What shocked him extremely was.

The Gu Clan Divine Kingdom he wanted to go to turned out to be a unified divine kingdom in the entire central star region, ruling the entire prehistoric continent, with centralized imperial power, strict hierarchy, and supreme majesty and heritage.

Even gods and demons would not dare to invade such a huge unified kingdom.

Moreover, Ye Feng called the unified divine kingdom created by the Gu clan the Gu clan's divine kingdom, but in fact the full name of the real divine kingdom was "The Great Desolate Divine Dynasty"!

The name "Prehistoric" shows the ambition of the emperor, the founder of the first generation of the divine dynasty, to make the entire divine dynasty last forever!

However, this made Ye Feng feel that it was difficult to start.

Because facing a unified dynasty like the Prehistoric Dynasty that controls the entire prehistoric continent and commands the entire central vast star field, there must be a very terrifying and forbidding system.

In the strict management system, everyone from the common people, to the nobles, to the princes, generals, and even the royal nobles, etc., all do their own thing and abide by the laws of the divine dynasty.

It is absolutely extremely difficult to blend into such a unified divine dynasty and find your mother who is imprisoned in the palace.

Moreover, Ye Feng entered the Prehistoric Continent and inquired secretly, and found that his cultivation level in the Great Dao Realm could only be regarded as a medium cultivation level in the Prehistoric Dynasty.

Not too low, but not too high either.

The Primordial Divine Dynasty controlled the entire Primordial Continent and commanded the most prosperous central star region. It was paid tribute and worshiped by countless major forces in the surrounding star regions. It had great luck and rich heritage that ordinary people could not imagine.

Ye Feng thought for a while and first lived on the vast central land of the Prehistoric Continent for a while to see if he could find an opportunity to enter the behemoth of the Prehistoric Divine Dynasty.

Ye Feng would not tell his identity directly. He was the son of the nine princesses of the present-day Prehistoric God Dynasty, and the grandson of His Majesty the God Emperor of the present-day Prehistoric God Dynasty, and thus entered the Prehistoric God Dynasty.

That would be a fool's errand.

Because not only would no one believe him, but he would be regarded as a lunatic and would be executed on the spot for offending the majesty of the royal family.

And even if someone believed it, Ye Feng felt that he would be involved in the whirlpool of the imperial power struggle in the ancient dynasty in an instant.

Moreover, although he is indeed the son of his mother's ninth princess, he is also the grandson of His Majesty the current God Emperor.

But no one recognizes this identity.

After all, His Majesty the God Emperor of the Ancient God Dynasty personally ordered that my mother be captured and imprisoned from the First Universe.

Because he felt that Her Royal Highness the Ninth Princess of the Ancient God Dynasty actually fell in love with a person in a remote and small place in the universe. This was an insult to the royal family of the Ancient God Dynasty.

Place

Ye Feng knew very well that his identity was just that of an illegitimate child, and he would definitely not be welcomed in the ancient dynasty.

Moreover, except for the current royal family members of the Great Desolate Divine Dynasty, probably no one knows that Her Royal Highness the Ninth Princess, who was named the 'goddess' of the Great Desolate Divine Dynasty, has secretly given birth to an illegitimate child outside.

"Anyway, we have arrived at the Prehistoric Continent, so I am not in a hurry. I will first observe the Prehistoric Divine Dynasty."

Ye Feng thought in his mind, while practicing on the ancient continent, he rushed to the central area of the Shen Dynasty Imperial City in the center of the ancient continent.

Along the way, Ye Feng also gradually learned about the history and grandeur of this transcendent power that his mother belonged to.

The prehistoric divine dynasty was extremely prosperous, commanding the endless starry sky and the earth. It was regarded as the Kingdom of Abundance by countless major forces in other star regions. It can be said that thousands of dynasties came to congratulate it.

This unified divine dynasty has been ruling the world for six thousand years.

His Majesty, the God-Emperor of the present-day Great Desolate Divine Dynasty, is known as the "Eternal Divine Emperor", which shows his great ambition to make the Great Desolate Divine Dynasty last forever in the world.

The hierarchy of the ancient divine dynasty was very strict. If you want to attract the attention of the people in the divine dynasty, you must have corresponding meritorious deeds and become a prince or nobleman.

Ye Feng knew this, and he suddenly realized that all his previous plans to rescue his mother were of no use.

The prehistoric dynasty was too huge and hierarchical, and it was impossible for me to fight it with human power.

"If you can't beat it, join it."

Ye Feng muttered.

He had a purpose within him.

That is to enter the prehistoric dynasty and find ways to continuously advance.

On the one hand, you can rely on this unified behemoth to improve your self-cultivation.

On the one hand, you can continue to accumulate your own fame and power, and then you can slowly come into contact with the royal family and the inner circle of the divine dynasty where your mother is.

The preliminary plan gradually took shape in Ye Feng's mind.

"Boom!"

Suddenly at this moment, a huge roar suddenly sounded not far away.

The place where Ye Feng was at this time was in the wilderness outside the Imperial City of the Prehistoric Dynasty.

That huge roar came from a certain direction deep in the wilderness.

"Um?"

When Ye Feng heard the sound, his eyes immediately moved slightly.

The management of the prehistoric dynasty was very strict. Even in the wilderness outside the imperial city, there were usually soldiers from the major dynasties patrolling day and night.

How could there be such a big movement suddenly?

Ye Feng's eyes moved and he immediately flew towards the direction of the sound.

Soon, he saw a huge mountain explode.

Among the countless rubbles, a huge rhinoceros-like beast covered in red scales was frantically attacking a group of people.

The identity of this group of people is very extraordinary at first glance.

All of them were wearing very gorgeous black and gold armor, and the soldiers they held in their hands also exuded extremely strong terrifying waves. They were definitely magical weapons, very powerful.

However, Ye Feng noticed a very special existence among this group of people.

It was a young man who looked slightly younger than himself. He was not wearing armor but brocade silk. He was holding a sword in his hand and his clothes were embroidered with nine golden pythons.

"This is a python robe. Being able to wear a python robe that is one level lower than the dragon robe in the ancient dynasty means you are definitely a descendant of the royal family!"

Ye Feng's eyes lit up immediately.

He was originally worried about how to get in touch with the royal family of the divine dynasty.

But there was a great opportunity right in front of us.

At this time, the group of people not far away were already under the attack of the red rhino beast and were about to lose their support.

Chapter 1669 The Seventh Young Master

At this time, Gu Jian'an's expression was very bad.

In order to celebrate the birthday of his father, King Qin, as the seventh son of King Qin, he led a group of his own soldiers and guards to come to the depths of the wilderness to find ancient relics, capture them, and present them to King Qin at the birthday banquet. To please the King of Qin.

But Gu Jian'an, the seventh son of King Qin, never thought that the strength of the ancient relics was so terrifying that he and a group of personal guards could not compete with him.

Looking at the red rhinoceros, which was the size of a mountain, it breathed out boundless flames that could burn everything. Its iron hooves, as thick as pillars of heaven, fell down and trampled everything.

It's really scary.

A guard wearing black gold armor said anxiously: "Seventh Young Master, you'd better hurry up and escape. We can't fight this red rhino beast. This evil beast has a powerful cultivation level that is comparable to that of our human race. I'm afraid only the government can defeat it." Only some of the masters of the guest can kill them, but we guards are unable to resist them."

"ah!"

At this moment, a scream sounded.

A guard from the sixth level of the Qiankun Realm not far away was crushed to pieces by a huge iron hoof of the Red Devil Rhinoceros Beast in an instant, and turned into fragments on the ground. It looked extremely terrifying and shocking.

Even though Gu Jian'an was a descendant of the royal family in Prince Qin's palace, he felt a chill in his body at this moment, feeling that this ancient relic of the Great Dao Realm was too scary.

I'm afraid only some of the guest elders in Prince Qin's palace can deal with it.

"Walk!"

Gu Jianan could only choose to give up.

Although there was reluctance in his eyes.

But now he couldn't just watch his guards die one by one.

"I didn't expect that there is a good ancient relic here, which is just right to kill for barbecue."

Suddenly at this moment, a hearty young laughter sounded.

"That is....."

The next moment, everyone saw it.

High in the sky, a young man in white clothes came with a sword. In an instant, he flew in front of the huge mountain-like Red Devil Rhinoceros Beast, very cool and unrestrained.

"What did he just say he was going to do?"

"It seems like I'm going to kill the Red Devil Rhinoceros and then...barbecue it?"

Everyone, including Gu Jian'an, the seventh young master of Prince Qin's Mansion, felt that this young man in white was too arrogant.

You must know that this red devil rhinoceros beast is an evil beast at the level of the Great Dao Realm, and it is also an ancient relic, and its combat power is very terrifying.

But at the next moment, everyone present was shocked.

"Roar!!"

The Red Devil Rhinoceros, which was originally extremely arrogant, actually let out a low growl of fear when it saw the young man in white clothes.

Then.

"Boom!"

This evil beast is crazy

He moved his thick iron hooves wildly and ran away in a flash.

"What?"

The eyes of everyone present in Prince Qin's Mansion suddenly became dull.

What's happening here?

Is that ordinary-looking young man in white really so powerful?

"Want to run?"

The young man in white was naturally Ye Feng. When he saw the Red Devil Rhinoceros running away, he immediately laughed and slashed out with his sword.

"boom!!"

A golden sword light thousands of meters long erupted from the long sword in Ye Feng's hand in an instant, which was enough to split the river, break the mountains, and tear the sky apart.

"What a strong sword light!"

"This sword is comparable to those masters of the Great Dao Realm in Prince Qin's Palace."

The Seventh Young Master Gu Jian'an and all the black gold guards of Prince Qin's Palace were all shocked at this moment.

This young man in white turned out to be a rare master of the Great Dao Realm.

"Pfft!"

At this time, the red demon rhinoceros beast was seriously injured by the sword, its scales were broken, a huge gash was opened in its abdomen, and blood surged wildly.

Although he did not die immediately, he fell to the ground feebly and was dying.

Ye Feng noticed the shocked expressions of the group of people behind him.

He couldn't help but smile to himself.

The purpose of Ye Feng's action at this moment was naturally to make this group of nobles from Prince Qin's Mansion pay attention to and respect him.

"It seems that the cultivation level of the Great Dao is not considered weak among the prehistoric dynasties, but belongs to the ranks of masters."

Ye Feng secretly judged based on everyone's reactions.

Sure enough, although the central star field is scary, it is not as scary as I imagined.

You must know that your cultivation level is at the top level in the Northern Star Territory, second only to the most powerful ones in the True God Realm.

If this kind of cultivation was at the bottom level in the central star field, then the prehistoric divine dynasty would have ruled the entire universe long ago, instead of just ruling the prehistoric continent in the central star field.

At this moment, Ye Feng also thought of the rumors he heard back then. It was said that the ancient continent was the origin of the cultivation of all things.

But now it seems that is not the case, the rumors are wrong.

Sure enough, the higher the level of contact, the truth of the world will be truly revealed in front of you.

The divine realm is the real supreme interface.

The prehistoric continent is the central continent in the starry sky of the universe.

Just when Ye Feng was thinking secretly.

"This brother please spare the Red Devil Rhinoceros.

The life of the bull beast! "

Suddenly, not far away, Gu Jian'an, the seventh young master of Prince Qin's Mansion, shouted anxiously.

Ye Feng pretended to be confused and turned around, asking in surprise: "Brother, what's wrong? Is there something wrong?"

But the moment Ye Feng said these words, a group of black gold guards from Prince Qin's Mansion immediately shouted loudly.

"Little brother, although you are very powerful, please pay attention to your title. This one among us is the Seventh Young Master of Prince Qin's Palace! You should call him 'His Royal Highness'." .??.

Obviously, on the ancient continent, the central star region of the great unification, the hierarchy is extremely strict.

Common people must maintain a respectful attitude and address towards nobles, especially those from the royal family, otherwise it will be disrespectful to the imperial power of the gods.

This kind of thinking is obviously engraved in everyone's bones. It is different from other star regions such as the Northern Star Region. In other star regions, warriors are respected, and the imperial dynasty and others are vassals of major sects.

But in this unified ancient continent, this is not the case.

The imperial power was extremely concentrated.

In the whole world, could it be the royal land?

On the shore of the land, could it be the king's ministers!

Nobles, royalty, are extremely noble.

When Ye Feng heard the scolding of the guards, he smiled secretly in his heart.

I am the descendant of the nine princesses of today's prehistoric dynasty.

The Gu Jian'an in front of him was the heir of King Qin.

The King of Qin, Ye Feng had also heard about it during this period, was the third son of the emperor of the prehistoric dynasty, the third prince, and was named the "King of Qin".

Although the princes and princesses are not the same mother and were born to different concubines, they are ultimately the same father, who is the current God Emperor.

Therefore, in terms of status, both Ye Feng and Gu Jian'an belong to the third generation of the royal family of the Divine Dynasty.

It is reasonable for him to call Gu Jian'an "brother".

Moreover, Gu Jianan looks younger than Ye Feng.

He should be called "little brother".

However, Ye Feng will naturally not reveal his true identity at this time.

He pretended to be surprised and said: "It turns out to be His Highness the Seventh Young Master of Prince Qin's Mansion. He is disrespectful and disrespectful."

Although Ye Feng said this, there was no respect in his tone.

A group of black gold guards looked sulky, because in the ancient continent, the royal family was the most noble existence.

Even if the opponent is a true god realm expert who has surpassed the Great Dao realm, he must remain in awe of the royal family.

"This young man in white is obviously a barbarian who doesn't understand anything."

All the black gold guards, including Gu Jianan himself, thought so.

br

Because only the ancient people who have lived in the barbarian wilderness since childhood would not have the slightest respect for the laws of the divine dynasty.

A black gold guard took a step forward and was about to say something.

"It doesn't matter."

But Gu Jian'an suddenly spoke up. He didn't get angry. Instead, he bowed his hands to Ye Feng very politely and said, "Brother, you are a great talent. You have entered the Great Dao Realm at a young age. You can look forward to the future."

The little brother is quite sensible.

Ye Feng smiled inwardly, but on the surface he pretended not to care and said, "If nothing happens, I will take the Red Devil Rhinoceros to barbecue."

"Wait a moment."

Gu Jian'an suddenly said: "Brother, if you want to eat barbecue, I can take you to Tianxiang Tower, the best in the imperial city of our ancient dynasty. There is the best barbecue and delicious food in the world. There are fine wines. This red devil rhinoceros beast is an extremely rare ancient relic. I need it very much. I want to give it to my father for his upcoming birthday. As a birthday gift, I hope you can make it happen. "

Ye Feng thought for a while and said with a smile: "Okay, Your Highness, Seventh Young Master, please invite me to Tianxiang Tower for dinner, and give me one million divine crystals to buy the Red Devil Rhinoceros I just captured."

"What? You want one million divine crystals?"

A group of black gold guards immediately turned pale with fright, and shouted one after another: "You guys from the barbarian wilderness, don't push yourself too far. Being invited by the Seventh Young Master of Prince Qin's Palace is already the greatest honor for a commoner like you. What else do you think? If you want one million divine crystals, the lion will open your mouth!"

"Shut up, Master!"

Suddenly Gu Jianan shouted loudly, causing a group of black gold guards to shut their mouths, looking frightened and not daring to say anything more.

Gu Jian'an then looked at Ye Feng, and the majestic expression on his face turned into a warm smile, and said: "Okay, I agree to brother's request. By the way, my name is Gu Jian'an. From now on, brother, just call me Jian'an." , what do you call Xiongtai? I must make a friend who is informal."

At this time, Gu Jian'an's words made the surrounding black gold guards widen their eyes. They couldn't figure out why the Seventh Young Master was so polite to a civilian boy in the barbaric wilderness.

But what Gu Jian'an was thinking in his heart was that he was so lucky that he met a powerful and peerless genius.

This peerless prodigy has a personality that suits him very well, he is informal and unafraid of power.

And the most important thing is that this peerless genius does not belong to any powerful circle in the Imperial City of God, and is a person with clean officialdom.

If you can recruit them, it will be your greatest help.

At this moment, in the eyes of Gu Jian'an, the seventh young master of the Qin Palace, the Red Devil Rhino Beast is not very important. The most important thing now is how he can recruit Ye Feng, a peerless genius who came out of the barbarian wilderness.

Chapter 1670 The first step is successful

The imperial city of the Prehistoric Dynasty was extremely vast. The center was the palace. The outer city area was where major shops, inns, teahouses, Tianyinfang, etc. stood. The streets were wide and there were countless antique buildings that could not be seen at a glance. The end.

From this prosperous and bustling imperial city scene, we can see how powerful the ancient dynasty was.

Entering the Imperial City requires registration and background checks.

But under the leadership of Gu Jian'an, the seventh young master of the Qin Palace, everything went smoothly.

Ye Feng walked into the imperial city of the ancient dynasty very smoothly.

Looking at the prosperous scene in front of him, even Ye Feng had to sigh at the prosperity of the ancient dynasty.

The Seventh Young Master Gu Jian'an glanced at Ye Feng beside him and saw the stunning look in Ye Feng's eyes. .??.

This little brother seemed to be very satisfied with Ye Feng's performance, and he couldn't help but say proudly: "Brother Ye comes from the depths of the wilderness, so he may not know something. Our Primordial Divine Dynasty turned out to be just an ordinary divine kingdom, dominating one side. That's all, but under the leadership of His Majesty, after thousands of years of battles, the unification of the entire central star field was finally completed, and the foundation of the divine dynasty was established on the prehistoric continent, the central continent of the universe. , our prehistoric divine dynasty, Dingding World, has experienced tremendous development for six thousand years. Buddhism, demons, Confucianism, demons, heaven, Gu, Yin and other great sects are all inherited by the imperial power of our divine dynasty. His Majesty the Divine Emperor is the Son of Heaven, and the world is amazed at how powerful our ancient dynasty is now."

As a descendant of King Qin, Gu Jian'an is a member of the royal family. Naturally, he has great praise for His Majesty, the current God Emperor. His words are all filled with pride, revealing a kind of natural pride of the royal family.

As expected, the little brother couldn't help but show off his superiority... Ye Feng thought to himself, but on the surface he had an expression of admiration and said: "His Majesty in the current divine dynasty is indeed a legendary figure throughout the ages."

Ye Feng's words were not a compliment to his grandfather, whom he had never met before.

Because Ye Feng is a soul master and knows some techniques of observing Qi, he did see the prosperity of Qi in the entire imperial city, which is rare in all ages.

Being able to conquer the world and complete the unification of the divine dynasty in just a few thousand years, the guy who is in charge of the ancient divine dynasty and calls himself the Eternal God Emperor does have a few tricks up his sleeve.

However, this does not change Ye Feng's perception of the Eternal God Emperor as an old-fashioned and cold emperor from the beginning.

After all, it was this old guy who separated his father and mother.

Currently, my father is fused with the will of the First Universe and does not know whether he will live or die.

My mother was the ninth princess of the divine dynasty and was once named a 'goddess', but she was still under house arrest deep in the palace, in the dark.

"What should I do with such a grandpa in the future?"

This is what Ye Feng is thinking about.

"Brother Ye, Tianxiang Tower has arrived."

Just when Ye Feng was in a daze, Gu Jian'an beside him suddenly poked his arm.

, said openly: "This Tianxiang Restaurant is the most luxurious restaurant in the outer area of our imperial city. It only entertains princes and nobles. Today I will bring Brother Ye to have a taste of the dishes here. They are all top-quality delicacies."

This little brother is quite nice to me... Ye Feng said with a smile: "Thank you so much, Brother Jian'an, for your hospitality. I have been wandering for more than 20 years and I can finally eat delicious food."

It was not easy. Ye Feng wandered in the lonely and boundless universe for more than twenty years before he arrived at the ancient continent, the core of the universe.

During the days of wandering, Ye Feng's life and practice were extremely lonely. Now that he is here again in this world of fireworks, Ye Feng enjoys it very much.

Ye Feng was not in a hurry to enter the whirlpool of the unified empire that was the Primordial God Dynasty and compete for power. Ye Feng was prepared to plan slowly.

After all, when wandering in such a super empire, it is possible to suddenly anger a powerful faction at any time, and then be quietly wiped out.

The reason why Ye Feng chose Gu Jian'an was not only because he liked this young man, but also because of the strength and foundation of Prince Qin's Mansion, which was very powerful and suitable for him who was currently powerless to live in temporarily.

The King of Qin is the third son of His Majesty the current Emperor. He has made great achievements in battle and was named the 'King of Qin'. Although he is not as good as the Crown Prince, he can be named a royal prince. This shows that the status of the King of Qin in the entire imperial city is very high.

Tianxiang Tower has three floors in total. When Gu Jian'an led Ye Feng and a group of guards in, he was immediately greeted by a plump and beautiful young woman. Her face was respectful, but she spoke very familiarly, saying: "Oh! , Isn't this His Highness the Seventh Young Master of Prince Qin's Mansion? Why is Yaxing coming to Tianxiang Tower today?"

Gu Jian'an smiled and said: "Shopkeeper Mei, today I came to Tianxiang Tower to entertain a friend I just met. You can take me to the third floor immediately and prepare the best banquet. By the way, call a few people." A singer with excellent musical skills entertains us with drinks."

This plump and beautiful young woman is called Shopkeeper Mei. She is very good at observing people's emotions. At this time, when she saw that Gu Jian'an, the seventh son of the Prince of Qin, paid so much attention to the young man in white next to her, a look of surprise flashed through her beautiful and experienced eyes. .

The beautiful lady silently made a mental note that this young man in white, who seemed to have come to the imperial city for the first time, should be a proud person with extraordinary status, otherwise it would be impossible for the Seventh Young Master of Prince Qin's Palace to take him so seriously.

"Well, this young man in white is so young and handsome, and he is so valued by the prince's descendants. It makes me a little curious about his identity."

Shopkeeper Mei was thinking silently in his heart, and did not show any abnormality. He just smiled and said: "Everything is according to the arrangements of the seventh young master. Ling'er, Mudan, you two bring the two distinguished guests upstairs, and you must entertain the two young masters well. If there is anything that you two young masters feel is neglectful, I will ask you two girls!"

Ye Feng noticed that the plump shopkeeper Mei was staring at him, as if he wanted to eat him. He couldn't help but thought to himself, "Am I really so handsome that I can take advantage of anyone of any age group?"

...

In the private room on the third floor, Ye Feng gorged himself on the food, drinking wine and chewing on the greasy and fragrant rhinoceros legs. He was like a ghost reincarnated to death.

"What a poor boy from the barbaric wilderness!"

A group of guards in black gold armor standing guard at the door saw this scene through the crack in the door and couldn't help but shake their heads secretly.

They didn't understand, there were so many masters in the Great Dao Realm, why the Seventh Young Master paid so much attention to this country boy who knew nothing and only had some brute strength.

The eyes of the next group of guards were all focused on the two graceful and beautiful singers in the private room.

At this time, beside Ye Feng, Gu Jian'an looked at Ye Feng's eating look and just smiled without saying a word.

Ye Feng looked like he was reincarnated as a starving ghost, which made the seventh young master of Prince Qin's Mansion dispel the last doubt in his heart, that is, Ye Feng deliberately calculated the right time to get close to him in the wilderness.

What Gu Jian'an didn't see was that Ye Feng's face, which was buried among a group of food, also showed a slight smile at this moment.

The reason why Ye Feng acted like this was not only because he was really hungry, but also to dispel Gu Jian'an's inner doubts about himself and make this little brother feel that he really ran out of the barbarian wilderness and approached him. The seventh son of the Prince of Qin's Palace did not have any special purpose.

After three rounds of drinking.

Gu Jian'an held a beautiful singer in his arms, smelled the fragrance, pointed at another graceful singer, and said to Ye Feng with a smile: "Brother Ye, you don't need to be restrained, you can enjoy it to your heart's content. "

Ye Feng was a little surprised and said: "They are not just performing arts?"

After all, these two singers are both stunningly beautiful. They look cold and holy, and their appearance and temperament are comparable to the top beauties Ye Feng has seen before.

At this time, another beautiful singer naturally came to Ye Feng's side, and took the initiative to pour wine for Ye Feng. An intoxicating smile appeared on her cold and holy face, and she said: "We will not yield to ordinary guests casually, but Mr. Ye and His Highness the Seventh Young Master

are our distinguished guests at Tianxiang Tower. This is what Shopkeeper Mei has told us, and we two sisters cannot ignore it."

At this time, Ye Feng immediately understood what Shopkeeper Mei meant when he said "we must entertain the two young masters well".

"I'm not that kind of person!"

Ye Feng really wanted to refuse righteously.

But after a while, he let nature take its course.

I couldn't help but mutter to myself, "What a good shopkeeper."

At this time, outside the door, a group of guards wearing black gold armor were so envious that their saliva was almost drooling.

...

The banquet lasted for a long time until midnight.

After leaving Tianxiang Tower, Ye Feng still stared at the restaurant behind him.

Gu Jian'an, who was a little drunk next to him, seemed to feel that he had found a kindred spirit. He smiled and said: "Brother Ye, there is no need to linger, this is just a small place. You just need to come back to the palace with me and live with me. Next time I will take you to Tianyinfang. Tianyinfang is a real place of romance. All the famous girls in the imperial city are there. Countless dignitaries and elegant students regard it as a holy place. When the time comes, I will take you to see the real world."

Ye Feng was very serious and said: "I come from a remote country and have a low vision. I urgently need to improve my vision. Why don't you, brother Jian'an, take me to Tianyinfang now to see the world."

Gu Jian'an: "..."

"It's getting late."

The Seventh Young Master of Prince Qin's Palace smiled and said, "So, Brother Ye doesn't plan to leave, and is he willing to go back to the Palace with me?"

Ye Feng stretched out a hand and put his arms around Gu Jian'an. He seemed drunk and said with a smile: "There are wine, meat and beauties, why should I leave? Brother Jian'an, I have decided that I will stay with you next." Well, I'll be drunk and dreaming with you. I'm just a rough guy. I don't know how to do anything, but I will definitely help you chop people. If anyone messes with you, I will go up and chop at you. If you can't chop to death, it's mine. If you chop to death, it's mine. your."

Hearing this, Gu Jian'an looked at the drunk Ye Feng and smiled inwardly.

Conquered successfully!

"With the help of this genius, I will be like a god in the palace of Prince Qin in the future."

Gu Jianan thought to himself.

At this time, the drunken Ye Feng, who was being supported by Gu Jian'an, had a strange light in the depths of his seemingly drunken eyes.

Little brother, do you think I don't know what you are thinking? Isn't it just to win over me by serving you with good wine and meat?

But, that's what I'm here for.

Entering the Prince of Qin's Mansion was a successful first step. It had officially opened the first door to the great empire of the Great God Dynasty.

The road ahead is still long.

But Ye Feng was not in a hurry.

In the imperial city, Ye Feng felt that he was already with his mother.

Although Ye Feng is eager to see his mother.

But he knew that just seeing his mother didn't mean anything.

Ye Feng originally wanted to take his mother away and escape.

But I saw the ancient and ancient divine dynasty at its peak, prosperous and prosperous, and had the power to unify the entire universe.
