

## Ancient 1691

### Chapter 1691 Tianya Club

A group of night watchmen, protecting Shao Siming in the middle, hurried on their way.

Three days later, after crossing thousands of mountains and ridges, they finally arrived at their destination, the northwest desert.

The Northwest Desert is located in the northwest region of the ancient continent. The entire land is covered with brown-red sand. It looks extremely desolate and desolate, without any life.

At this time, everyone's eyes were filled with a trace of vigilance.

Because this northwest desert is the territory of the Divine Dynasty, but because of the harsh living environment, the Divine Dynasty's army will not be stationed here.

Therefore, over time, groups of vicious people appeared in the northwest desert, living here, burning, killing and looting.

Some of these vicious people are prisoners on death row in the divine dynasty who have escaped. The world is so vast and there is nowhere to go, so they have become bandits and survive in this northwest desert.

In addition to the vicious people of the divine dynasty, there are also other vicious races, such as the abyss demons, the dark races of hell, etc., gathered here to form a vicious force.

So after actually entering the northwest desert, everyone's expressions became solemn and they began to be alert.

Even the leader Chen Jiu, a powerful silver-armored night watchman, looked serious at this moment. His hand holding the knife tightened and his whole body tensed up to ensure that he could gain momentum at any time. Ready to go.

"Let me divine where that treasure is."

Shao Siming spoke up.

She turned her little hand over at this moment, and a small Bagua mirror appeared in her palm.

"Buzz!"

At this time, the Bagua Mirror immediately began to float in front of Shao Siming.

And the Bagua Mirror began to emit a mysterious purple light.

"Is this the most mysterious divination technique of the Tianming Department?"

At this time, a group of night watchmen around them all stared with curiosity in their eyes, staring at the graceful and beautiful mysterious young Siming casting spells in the middle.

"Divination?"

At this moment, Ye Feng also looked at Shao Siming.

There was some envy in his eyes.

I have to say that the Tianming Department is indeed a good place, and there are countless soul-related secrets hidden there.

The methods of soul magic and magicians are extremely miraculous.

Ye Feng really wanted to learn the spells in the Tianming Division. After all, he was a soul master himself. Learning these spells would definitely get twice the result with half the effort.

"If you have the chance, you must go to Tianming Division to learn this magical technique."

Ye Feng watched Shao Siming perform divination with a hint of anticipation in his eyes.

At this time, the Bagua Mirror suddenly began to tremble violently, and a ray of golden dragon energy emerged from it, and it flew quickly towards a certain direction in the northwest desert.

"Follow up!"

Shao Siming's beautiful eyes lit up and he immediately followed the golden dragon energy and flew towards the distance.

"We'll follow too."

At this time, Chen Jiu, the silver-armored night watchman, also spoke up immediately.

Uh-huh! Uh-huh! Uh-huh!

The other group of bronze-armored night watchmen held long knives and immediately followed.

Ye Feng also jumped up and flew towards the people in the distance.

No matter what, this mission must be completed with due diligence.

Moreover, if there is an opportunity on the road, it would be very good to establish a good relationship with this young Siming of Tianming Division.

Because this young Siming is the direct disciple of the mysterious and unpredictable Great Siming of Tianming Division.

And it is said that among the many disciples of Da Siming, this Young Siming is the one who values him the most.

If he could have a good relationship with Shao Siming, Ye Feng would have the opportunity to learn the countless magical soul magic techniques in Tianming Division.

But not long after everyone entered the northwest desert.

"boom!"

Suddenly, a huge black sword landed from high altitude and stuck directly on the ground. Dust and gravel flew everywhere.

The majestic pitch-black sword suddenly appeared, like a chasm crossing in front of the group of people, blocking their way.

"careful!"

A group of night watchmen immediately held long knives and guarded Shao Siming behind their backs.

Ye Feng's eyes also moved at this moment, and he pulled out the long knife from his waist with a "clang" sound.

This is made by the Night Watch Department by asking the alchemists in the Star Reaching Tower to use high-quality fairy iron. It is of extremely high grade and can even hurt super strong people at the True God level.

At this time, Shao Siming's eyes moved slightly and he said: "Dark Iron Heavy Sword? This is definitely not an ordinary bandit in the northwest desert. Only an alchemist with extremely powerful forging methods can cast such a huge Dark Iron Heavy Sword." sword."

At this time, Shao Siming was shocked by the huge black sword that penetrated the ground in front of him.

She seemed to have sensed something, and suddenly said to the surroundings: "It's the Tianya Society! The Tianya Society is the remnant of the major forces and the remnants of the Kingdom of God in the unification of our prehistoric dynasty. It is the resistance of the people. Our divine dynasty rules an extremely powerful Jianghu force, be careful of the shadow killers in the Tianya Society!"

"Pfft!" ??.

"Pfft!" .??.

"Pfft!" .??.

But what Shao Siming said was too late. The three bronze-armored night watchmen who had no time to defend themselves suddenly saw a shadowy killer appear in the void behind them. They were directly pierced through the chest with a sword, killing them instantly.

"Buzz!"

At this moment, a shadowy dark figure instantly appeared in the void behind each night watchman.

This ability is very terrifying, just like the shadow killer composed of darkness. It is a very strange and terrifying shadow attribute ability.

Behind Ye Feng, a shadow killer naturally appeared.

But Ye Feng is a soul master with strong perception, so he noticed it immediately.

"boom!"

He turned around in an instant, and the long knife in his hand suddenly slashed out, directly cutting the shadow killer in half, staining the spot with blood.

This shows that the actual combat power of the Shadow Killer is not strong, but the ability to blend into the darkness of the void and turn into shadow to assassinate the enemy is really weird and terrifying.

"when!!"

Several other bronze-armored night watchmen were also very extraordinary. They reacted instantly and drew their swords one after another to force the shadow killer behind them back.

But the only people present who could really kill the shadow with one strike were the silver-armored night watchman Chen Jiu and Ye Feng.

"Amazing!"

The other two bronze-armored night watchmen who were not killed looked at Ye Feng with shock in their eyes.

Originally, they didn't think highly of this new young night watchman.

But now it seems that this newcomer is very powerful.

At that moment, Ye Feng achieved the martial arts qualities and reactions of a silver-armored night watchman.

This is very rare.

"Tianya Club!"

As the leader at this time, Chen Jiu, the silver-armored night watchman, looked very ugly.

Tianyahui is indeed an extremely powerful Jianghu force.

The appearance of the shadow killers of the Tianya Society this time was definitely not a coincidence. The whereabouts of Shao Siming and others must have been leaked, so there was such an ambush.

Ye Feng was also slightly surprised in his heart. It seemed that although the ancient dynasty was extremely prosperous, it was still very dangerous in the territory, especially in places beyond the reach of the whip, and there were many remnants hidden there.

After all, in the unification campaign of the Great Empire, the Great Ancient God Dynasty, countless great forces were wiped out, including sects, holy lands, other divine kingdoms, star dynasties, etc.

The strong ones among these great forces did not die, and those who survived became the remnants in the territory of the ancient dynasty of gods. They specifically hunted and killed important figures in the dynasty of gods, with the purpose of weakening the strength of this unified empire.

Unexpectedly, this time he would be bumped into by Ye Feng.

Moreover, the Jianghu forces formed by these remnants were so powerful that even the bronze-armored night watchmen were somewhat unable to resist, and three of them were killed by the Shadow Killer in an instant.

At this time, apart from Shao Siming, the only ones left on the field were Chen Jiu, Ye Feng and two other bronze-armored night watchmen who were very vigilant.

At this time, everyone's eyes were extremely solemn.

Because the owner of the black iron heavy sword crossing in front of a group of people has not yet appeared.

Chapter 1692 Escape

The Tianya Society, a force composed of the remnants of the major forces that had been wiped out by the Primordial Divine Dynasty, should not be underestimated.

At this time, it suddenly appeared, and everyone was shocked. It was obviously not expected.

Moreover, the mysterious shadow killer appeared and disappeared, killing three bronze-armored night watchmen in an instant, making everyone present feel chills in their hearts.

Chen Jiu, the silver-armored night watchman who took the lead, made a decisive decision: "Young Siming, we'd better return. We may not be able to resist the masters of the Tianya Society."

Shao Siming, on the other hand, looked hesitant and said: "But this time I went through all the trouble to come to this northwest desert and the treasure I was looking for is very important to our Tianming Division and to our divine dynasty. Master Before he left, I specifically told me that I must find it. If I miss the opportunity, the treasure may fall into the hands of others, and it will be difficult to find it. "

When Chen Jiu heard what Shao Siming said, he frowned and was about to say something.

"Since we have arrived at our ambush circle, it would be too naive to still want to leave now."

Suddenly a voice with a cold smile sounded.

Uh-huh!

On the majestic mountain-like dark iron heavy sword in front, a burly young man suddenly appeared. His body was as muscular as a horned dragon. He looked powerful and powerful, and his momentum was as majestic as the vast ocean.

"Chirp!"

And suddenly at this moment, an extremely harsh neighing sound sounded.

A big white bird, with feathers all over its body as if made of white jade, suddenly appeared high in the sky, suspended.

A young man in white clothes, as handsome as jade, was standing on the big bird that was made of white jade and looked like a perfect handicraft.

The aura and pressure emanating from this man in white was as majestic as the vast ocean, making everyone present feel an extremely heavy pressure.

At this moment, the eyes of the group of night watchmen present suddenly became extremely solemn.

Shao Siming's beautiful eyes showed a deep look of solemnity at this moment, and said: "The two generals of the Tianya Society are the black iron heavy sword 'Chonglou' and the white jade crane 'Feiyu'."

These two are both generals in the Tianya Society. Their martial arts abilities are very strong and they are at the True God Realm level.

Among the group of night watchmen present, three have died. The remaining ones, except for Chen Jiu, a silver-armored night watchman in the true god realm, and the three remaining bronze armors, including Ye Feng, are all true gods. Dao realm warriors who are below the realm can be regarded as minions.

So at this time, there was a huge sense of crisis on the field.

At this moment, even if it is a little

Si Ming also showed a trace of solemnity in his eyes.

Obviously, being besieged by the true god realm warriors of the two Tianya sects, coupled with the unpredictable shadow killers, warriors who mastered the shadow attribute, lurking in the darkness, made it even more difficult to detect.

The crisis came in an instant.

Feiyu was standing on the white jade crane with an indifferent and aloof look in his eyes. He looked at the burly man standing on the black iron epee below and said: "Chonglou, I didn't expect to be able to ambush you this time." Young Siming from the Tianming Division of the Primordial Divine Dynasty is a big fish. I didn't expect that the information from the one in the Imperial City was quite good and quite accurate."

At this time, after Fei Yu finished speaking, the group of night watchmen and Shao Siming present couldn't help but their eyes suddenly changed.

"There are people in the imperial city who are providing intelligence and news to rebellious remnants like the Tianya Society!"

Chen Jiu and other night watchmen could not help but change their expressions.

They never thought that in the imperial city of the Divine Dynasty, there would be people in the dark, providing all kinds of intelligence to remnant forces like the Tianya Society, allowing them to accurately hunt down important figures of the Divine Dynasty who were out on missions. .

At this moment, even Shao Siming's eyes suddenly became frightened and angry.

There is a traitor in the Imperial City of God!

Ye Feng was standing in the crowd at this time, his eyes flashing slightly.

It seems that the seemingly prosperous Imperial City of the Ancient God Dynasty is not monolithic. Instead, there are various forces lurking there, including those who want to rebel against the rule of the God Dynasty. They secretly collude with external forces such as the Tianya Society, constantly killing big figures in various departments in the divine dynasty!

At this moment, Ye Feng immediately began to look around to see if there was any chance of escape.

Because the crisis is too big now.

What they faced head-on were two True God Realm powerhouses from the Tianya Society.

In addition, there are special shadow killers in the surrounding darkness.

To be honest, what surprised Ye Feng was not the two True God Realm experts from the Tianya Society at the front, but the shadow killer who could hide in the darkness of the void.

In fact, these shadow killers are not very powerful themselves, otherwise Ye Feng would not be able to split a shadow killer in half with one knife.

But these shadow killers are very special and can actually control shadows.

The sub-attribute, integrated with the darkness, truly transformed from a human into a shadow.

So at this time, Ye Feng was very curious about this ability. He felt that this ability was not cultivated by the shadow killers themselves, but was given to them by others.

"Give ordinary warriors shadow attributes, turning an ordinary warrior into a peerless assassin in an instant. This ability is a bit scary. Moreover, I don't know if other attributes can be given, such as fire, wind, and lightning attributes. ..."

At this moment, Ye Feng immediately thought of a lot.

It seems that there is a very mysterious and special existence in this Tianya Club.

Ye Feng felt more and more that the Great Desolate Continent was worthy of being the center of the entire world, with all kinds of cultivation methods and abilities that he had never seen before, some of which were incredible.

"Look for an opportunity and run away quickly."

Ye Feng sent a message to Shao Siming.

Shao Siming glanced at Ye Feng in the crowd and immediately said via voice: "Okay."

Obviously, Shao Siming is also very clear that such a small force cannot fight against the two true god realm powerhouses like Tianyahui, as well as the shadow killers hiding in the darkness of the void around them, who may give you a fatal blow at any time. hit.

"I'm here to deal with the silver armor among the night watchmen! It is said that the night watchmen of the ancient dynasty are all masters among masters, the best of the elite. I want to see if the night watchmen of the ancient dynasty are as rumored. So awesome, hahaha!"

Standing on the Xuantie epee, Chonglou laughed and held the hilt of the epee in an instant. He pulled out the dark giant sword from the ground and slashed at Chen Jiu who was not far away. It was like a mountain bombarding down, full of momentum and power like a mountain, and as sharp and terrifying as a sword.

Chen Jiu shouted: "You guys in bronze armor, protect Young Siming as he retreats, I'll stop these two Tianya Society masters!"

At this moment, Chen Jiu suddenly burst out with terrifying and boundless power. The silver armor on his body was like silver scales. Pieces of it flew around his body, forming a defensive armor cover that instantly blocked the giant sword that was attacking. Resisted.

"when!!"

The entire field suddenly heard a huge roar.

That heavy sword can definitely cut an ordinary True God Realm expert in half in an instant.

But at this time, the silver armor around Chen Jiu withstood the terrifying giant sword slash. It can be seen that Chen Jiu, as the silver armor among the night watchmen, does have two brushes.

, very powerful, with combat power and defensive power far exceeding those of True God Realm warriors at the same level.

"Huh? As expected of the night watchman of the Divine Dynasty, this power is really good!"

Seeing Chen Jiu resisting the blow of the heavy sword, Chonglou, the owner of the black iron heavy sword, immediately showed a trace of surprise in his eyes at this moment.

Obviously he didn't expect that Chen Jiu, the silver-armored night watchman, was indeed as powerful as the rumors said.

"I'm coming too!"

At this time, Fei Yu, who was standing on the white jade crane, saw that Chonglou seemed to be no match for the silver-armored night watchman. He also jumped down from the white jade crane, and his whole body was filled with white jade divine beams, like a huge giant. The white hedgehog quickly rushed towards Chen Jiu, the silver-armored night watchman below.

"Start with one sword!"

"The knife splits the sky!"

Almost at this moment, Chen Jiu, the silver-armored night watchman, suddenly pulled out the long knife from his waist and slashed towards the sky in an instant.

"boom!!"

The terrifying sword light poured out from the scabbard before the sword was completely unsheathed. Like a long river of white light, it rushed out instantly. Along with the long sword, it directly slashed to the two powerful Tianya Club. In front of the person, a huge roar erupted.

"boom!"

"boom!"

"boom!!"

At this moment, the three powerful men immediately broke out into terrifying battles and fights at high altitudes. They collided wildly and erupted with terrifying energy aftermath, spreading in all directions and tearing the entire earth apart inch by inch.

The field was immediately enveloped by countless light waves, full of huge destructive power and destructive power.

At this moment, the three bronze-armored night watchmen, including Ye Feng, took Shao Siming and quickly fled towards the distance.

"Buzz!"

"Buzz!"

In the fluctuations of the void, a large group of shadow killers merged into the darkness of the void and were quickly chasing Shao Siming and others.

On the way, Ye Feng still couldn't hold it back and asked through a message: "Young Siming, you are the most mysterious and unpredictable Tianming Secretary in our dynasty, Young Siming. Logically speaking, you should have the skills no less than those of the silver-armored night watchman. "

Shao Siming glanced at Ye Feng, a little speechless, and responded: "The major departments in the Imperial City of the Divine Dynasty have a clear division of labor. Our Tianming Department is not a combat organization. Most of the techniques we learn are auxiliary and gazing. With this technique, if you encounter a strong person who is mainly responsible for killing, you will naturally be unable to defeat him, and there is nothing you can do about it."

Chapter 1693 Counterattack

Uh-huh! Uh-huh! Uh-huh!

Suddenly three shadows appeared behind the three bronze-armored night watchmen. The three shadows held sharp spears in their hands and moved forward quickly to assassinate them.

At this moment, the two bronze-armored night watchmen were pierced directly through the back, their spines were pierced, and they were picked out, looking extremely cruel.

Ye Feng was not pierced in the back, because the spear in the shadow hand behind him could not pierce her body, but made a crisp sound.

Then.

"Click! Click!" .??.

The war spear immediately broke and turned into fragments, which fell to the ground with a clanking sound.

"What?!"

Seeing this scene, the shadow behind Ye Feng was immediately stunned, and his eyes almost fell out in shock.

The war spear in his hand is not an ordinary war spear, but a powerful weapon specially forged by the weapon refiner masters of the Tianya Society. It has extremely terrifying hardness.

Moreover, the spear tip of this war spear is also engraved with a formation pattern with piercing properties, which has terrifying piercing power and impact.

With such a close distance, it can definitely pierce through the strongest body in the world at once.

But what the shadow killer never expected was that Ye Feng's body was like an iron wall, unable to be pierced or even scratched. This was really terrifying.

So at this time, after the shadow killer was stunned, he was immediately horrified and wanted to quickly disappear into the darkness of the void.

"Crunch!"

But at this time, Ye Feng turned around suddenly, stretched out one hand and crushed the shadow killer's neck, killing him instantly.

At this moment, there were only two people left on the field.

That is Ye Feng and Shao Siming.

Ye Feng looked at Shao Siming and stopped transmitting messages through his soul because everyone was dead.

Ye Feng shouted directly: "As Young Siming of the Tianming Department, you should quickly think of a way to get rid of these killers."

Although these shadow killers of the Tianya Society are not very powerful, they are able to fuse with the dark shadows and are unable to take the initiative to attack. They are simply impossible to guard against and very annoying.

\u003e

Shao Siming said while flying: "I haven't thought of any good solution for the moment, so let's escape first."

Uh-huh!

But suddenly at this moment, Ye Feng stopped directly.

He stood there with a hint of thinking in his eyes.

"What's wrong?"

Shao Siming also stopped and stood beside Ye Feng, staring at her with doubts in his eyes.

At this time, Ye Feng said: "Escape like this is not an option. Silver-armored Chen Jiu is still there dragging two masters from the Tianya Society. We can't just leave him here. If the Shadow Killer goes back, Chen Jiu will die." undoubtedly!"

Shao Siming glanced at Ye Feng and said: "Then what should we do? We can't protect ourselves. We didn't expect that there would be traitors in the imperial city who leaked our whereabouts and let the strong men and killers from the Tianya Society lurk here, thinking It will kill us."

At this time, Ye Feng immediately said: "I have a way, but I need Shao Si to order you to help me kill the enemy."

Ye Feng had used the Divine Eye of Creation before to observe the surroundings, hoping to find and locate the shadow killers hidden in the darkness of the void.

But the result made Ye Feng feel quite depressed.

Because he discovered that his divine pupil of creation could not spy on the shadow killers who merged into the darkness.

The dark shadow attributes of these shadow killers are so weird and powerful that even Ye Feng's Divine Eye of Creation cannot spy on them.

So Ye Feng stared at Young Siming at this moment and said, "Do you have any techniques to help improve your eye skills?"

Shao Siming looked a little surprised and said: "Improve eye skills? Let me think about it, it seems there is."

When Ye Feng heard this, his eyes suddenly lit up and he said: "Then Master Siming, please help me quickly. The confidence of those shadow killers is that they can blend their bodies into the dark shadows, making it impossible for people to spy on them. But as long as we can discover their specific The hiding positions can be destroyed one by one. "

When Shao Siming heard what Ye Feng said, he said: "I have thought of the method you mentioned before, but I used the pupil technique to spy on me, and I couldn't find it at all.

The technique is an extremely powerful eye-pupil inheritance technique in our Tianming Division. I can't even discover it, but you think you can. "

Ye Feng immediately showed a hint of confidence in his eyes and said: "You don't have to worry about this young Siming. As long as you can assist my pupil skills and improve my pupil skills, I should be able to spot those shadow killers." 's hiding place."

When Shao Siming heard what Ye Feng said, he immediately nodded slightly and said, "Okay, I'll try my best."

With that said, Shao Siming immediately ducked behind Ye Feng, then stretched out two jade fingers and tapped Ye Feng's temples from behind.

"Buzz!"

At this moment, Ye Feng immediately felt that his pupils were wrapped by a powerful soul power.

"The Divine Eye of Creation!"

At this time, Ye Feng directly used the Divine Eye of Creation, and suddenly two dazzling soul lights burst out from his pupils, exuding a large river of soul light, like the sun in the dark night, absorbing all the darkness and void around him. Everything is illuminated.

At this moment, Ye Feng immediately said: "Young Siming, increase your strength!"

Shao Siming nodded and immediately poured all his soul power into Ye Feng's eyes through his two fingers.

"boom!"

At this moment, Ye Feng immediately saw the entire surrounding dark void with his eyes, hiding shadows, and his figure was immediately revealed.

There were a dozen figures in total, all appearing in Ye Feng's field of vision at this time, as if they had been positioned using ultrasonic waves.

"Did you see it?" Shao Siming said from behind Ye Feng. Because he was relatively close, Ye Feng could even feel the fragrant heat.

Ye Feng nodded immediately and said: "I saw it! These shadow killers are dead!"

When fighting against these shadow killers before, it was like being blinded.

But now that he saw it, Ye Feng discovered everyone's location and immediately became extremely confident.

"kill!"

Ye Feng jumped up, waved his fist, and blasted into the darkness of the void.

"Pfft!"

one

A shadow killer lurking in this dark place in the void was immediately shattered into pieces, and his death was extremely miserable.

"Could this boy be able to discover our location?"

"How is it possible! This boy is just a small bronze-armored night watchman in the ancient dynasty. How can he see through the shadow attribute ability given to us by the president?"

"This is impossible! I don't believe it!"

...

In the darkness of the void, the frightening discussions of the shadow killers of the Tianya Society immediately resounded.

"Pfft!"

But at this moment, Ye Feng punched out again, and the body of a shadow killer in the void was directly shattered, and blood and flesh flew everywhere, which was very tragic.

"ah!"

"ah!"

The screams that followed in the darkness of the void made a group of shadow killers from the Tianya Society couldn't help but tremble.

"This kid is so evil! A small Dao Dao realm warrior can actually accurately see where we are hiding and can kill us with one punch. It's so scary!"

"Hurry up and run!"

Each of the remaining shadow killers screamed in fear and quickly ran away into the distance.

If other masters in the arena saw this scene, they would definitely be shocked.

Because the shadow killers of the Tianya Society have a title in the arena of the ancient continent, called the "Shadow Demon Legion". They follow them like a shadow and are as ferocious as

demons, making countless people frightened because the Shadow Legion is really hard to guard against and kills people in strange ways.

But now, this group of shadow demons, who were frightened by countless people, were forced by Ye Feng to flee in fear and did not dare to stay any longer.

Because in just a short moment, Ye Feng had pulled out five shadow killers from the dark void and smashed them to pieces on the spot. It was too terrifying to see.

Young Siming looked at the scene in front of him, looking at Ye Feng's heroic and vigorous figure, killing like a god and demon, Young Siming of the Tianming Department couldn't help but have a look of surprise in his eyes at this moment.

In her heart, she gradually agreed with the words of her master, Da Siming.

The heirs of Her Royal Highness the Ninth Princess cannot be treated with ordinary eyes.

Chapter 1694 Meritorious Service

Uh-huh! Uh-huh! Whoa...

One by one, the shadow killers were hidden in the darkness and moved quickly through the void.

"boom!"

Ye Feng, who was like a dragon, jumped up and dodged directly behind a shadow killer.

"Boom!"

He punched out, directly shattering the shadow killer's back, and then shattered his heart. ??

"ah!"

The shadow killer immediately let out a huge howl.

Ye Feng directly said: "Young Siming, you can use other techniques to capture these shadow killers."

"good!"

Shao Siming immediately nodded and cast a spell.

Buzz!

In an instant, a terrifying power of imprisonment covered the entire field.

At this moment, the other shadow killers who were running away quickly stopped in place, as if they were frozen.

At this time, Ye Feng quickly dodged and killed all the shadow killers.

During the killing process, the storage rings and weapons on these shadow killers were all pocketed by Ye Feng.

Finally, Ye Feng killed the last shadow killer and walked out of the void. His body was not stained with blood. He looked at Shao Siming and said: "Everyone has been dealt with. No one is left alive."

Shao Siming looked at Ye Feng, and his eyes were different from before. Her voice was ethereal and light, and she said: "You are indeed good, very powerful, and you have methods that surprised me, but your The foundation is still too weak and needs to be accumulated to be successful in the future."

Shao Siming knew Ye Feng's true identity. He was the heir of Her Royal Highness the Ninth Princess. He was an illegitimate son in the royal family of the Divine Dynasty. It was considered a shameful past for the royal family.

So Shao Siming knew very well what Ye Feng wanted when he came to the imperial city of the ancient dynasty.

Ye Feng looked at Shao Siming at this time, nodded slightly, and said: "I know everything you said. I do have many methods, but my accumulated experience is indeed insufficient. By the way, since Shao Siming thinks I am a good person, I wonder if I have the opportunity to learn the techniques of your Tianming Division."

When Shao Siming heard what Ye Feng said, she was about to refuse out loud as usual, but she thought of Ye Fengzhi

He also learned about the previous soul method, Ye Feng's true identity, and his relationship with his master.

Shao Siming was noncommittal and just said: "I can't decide on this. Tianming Division's techniques are basically taught to all of us by my master, Da Siming, so if you want to learn Tianming Division's techniques, I need to ask my master."

Ye Feng couldn't help but said: "But with my current status in the imperial city, I can't contact your master at all."

Shao Siming thought for a while and said, "When I return to the imperial city this time, I can take you to find my master."

When Ye Feng heard this, his eyes immediately lit up and he said, "Okay, that's great!"

At this time, a big stone in Ye Feng's heart finally fell.

According to what Shao Siming said, the mysterious and powerful Da Siming was his mother's good friend.

If he talks to Da Siming face to face, he might be able to get Da Siming to agree to let him learn Tianming Division's techniques.

However, Ye Feng also knows that a transcendent existence like Da Siming may not necessarily take into account the so-called caring for his friends' children.

Some transcendent existence, all emotions will slowly disappear.

At this time, Ye Feng looked towards the direction he had escaped from and said, "Young Master, let's go back and rescue Mr. Chen Jiu."

Shao Siming nodded and said: "Half an hour, he should not be dead."

Ye Feng no longer hesitated and immediately returned the same way with Shao Siming.

When they arrived at their original location, they found that the three powerful men were still fighting at high altitude.

Chen Jiu was worthy of being a silver-armored night watchman. He fought one against two, his whole body filled with fighting spirit. He roared and screamed, shaking the mountains and rivers. There was no sign of exhaustion.

"Why are you back?"

At this time, Chen Jiu saw Ye Feng and Shao Siming below from high in the sky. His face immediately showed a frightened expression. He was a little frightened and shouted to Ye Feng: "You are a bronze armored person, why don't you listen to me?" "I received the order to return with Shao Siming, which made everything I have done come to naught!"

At this time, I saw Ye Fenghe

When Shao Siming returned, two generals from the Tianya Club were seen in the sky. Zhonglou and Feiyu immediately laughed and said, "The night watchmen are really a bunch of idiots. They actually came back with Shao Siming. This time, don't Want to leave!"

But Ye Feng suddenly spoke up: "I came back not to die, but to kill you, the remnants of the Tianya Society!"

boom!

Almost at the moment Ye Feng finished speaking, an extremely powerful martial arts aura suddenly burst out from his body.

Uh-huh!

Ye Feng suddenly flew high into the sky, his whole body exuding a dazzling light of chaos.

That kind of power is comparable to that of a powerful person in the True God Realm!

"Huh? How can this little bronze-armored night watchman be so powerful?"

The two generals of the Tianya Club had surprised expressions in their eyes at this time.

At this time, Fei Yu, one of the two generals, suddenly seemed to have thought of something and suddenly said: "Where are the dozen shadow warriors?"

"Killed by me."

Ye Feng suddenly spoke up, causing everyone present to look at him coldly.

"Kill them all?"

"No one left?"

Chonglou and Feiyu of the Tianya Club couldn't help but their eyelids twitched.

For this ordinary bronze-armored night watchman, he immediately took it seriously.

Because even if they were two True God Realm warriors, when facing the shadow warriors, they couldn't kill them all, and they even couldn't find the shadow warriors at all.

"How come this bronze-armored boy has the ability to kill all the shadow warriors in our Tianya Society?"

At this time, the eyes of the two generals were extremely frightened and angry.

"boom!"

But at this moment, Ye Feng burst out with a killing move. A blazing and boundless divine light gushed out from his body. The night watchman's sword in his hand shook out an earth-shattering sword light, and he was suddenly facing Tianyahui. The warrior beheaded him and left.

During this process, Ye Feng also immediately sent a message to Shinjia Chen Jiu who was not far away, saying: "The two of us will work together to kill all the remaining members of the Tianya Society!"

Ye Fengzhi

So for working so hard, in addition to rescuing his colleague Chen Jiu, the other thing is to accumulate merit.

The Tianya Society was a relatively active and well-known force in the prehistoric dynasty that resisted the imperial rule. If two of the powerful generals could be captured or killed, after returning to the imperial city, Ye Feng, who was a night watchman, it is very likely that a huge amount of merit will be accumulated.

Although the two generals will not allow Ye Feng to be promoted to a higher rank, they can at least accumulate a large amount of merit to prepare for future promotions.

At this moment, Ye Feng directly collided with the heavy building between the two war generals.

Although Chonglou holds a black iron heavy sword and is an extremely terrifying true god realm expert with powerful strength, Ye Feng possesses a chaotic body, and the power of his body is equally powerful. With every punch and kick, the void explodes.

"Deng Deng Deng!"

Even Chonglou was beaten back by Ye Feng at this moment. For a moment, he was a little unable to withstand Ye Feng's terrifying storm of attacks.

"Hahaha! Ye Feng! I knew you were no ordinary person! I didn't expect that this is your true strength! Hahaha! Great! Let these remnants of the world know my reputation as the night watchman of the Divine Dynasty today!"

At this time, Chen Jiu also burst out with terrifying fighting spirit, and his silver armor made a vibrating sound. His eyes were like lightning, and his body was like a rainbow. He instantly stepped through the sky and flashed directly in front of the second general Fei Yu, striking him with a sword. Then he slashed and killed him fiercely.

"Boom!"

"Boom!"

At this moment, the entire high altitude suddenly fell into a more intense and tragic battle.

Shao Siming, who was standing below, was not idle either. Instead, he was making seals in his hands and using a mysterious technique to keep the entire fighting area in a hidden state to prevent other attacks. Members of the Tianya Society, or the vicious forces in the northwest desert, were attracted.

In addition, Shao Siming also offered a large golden umbrella. The big umbrella emitted golden light. Ye Feng and Chen Jiu, who were illuminated by the golden light, felt that a layer of golden armor appeared on the surface of their bodies, which was as solid as gold. Can withstand severe damage.

These are the auxiliary spells in the Tianming Division, which can greatly improve the defense and endurance of Ye Feng and Chen Jiu. The two major Tianya Battles will be retreating steadily, and it is extremely difficult to see in their hearts.

Chapter 1695 Beheading

"boom!!"

High in the sky, the four powerful men had an unimaginably terrifying battle.

With the help of Shao Siming, the two generals from the Tianya Society were defeated one after another and were beaten badly.

"Let's go quickly! Otherwise, we may really die here today!"

At this time, the two generals of the Tianya Club could not help but speak out.

There was anger and unwillingness in their eyes.

They have been lurking here for so long in order to completely catch Shao Siming and others.

But in the end, they never expected that among this group of people, there would be a stunningly talented bronze-armored night watchman.

This little bronze-armored night watchman not only possesses the ability to see through and kill shadow warriors, but he is also able to burst out with martial arts strength comparable to the True God Realm.

This variable made the plan of the two Tianyahui generals fall short and completely failed.

So at this time, the two generals of the Tianya Society, Chonglou and Feiyu, began to think of retreating, and immediately ran away quickly towards the distance.

"Want to escape? Impossible!"

Chen Jiu roared loudly, and the long sword in his hand instantly erupted with an earth-shattering sword light, cutting off the retreat of the two powerful men in an instant.

The two Tianya battle generals were forced to the point where they could not escape at all and could only accept the battle bravely.

"The power of chaos!"

At this time, Ye Feng was also accumulating strength and concentrated all the chaotic power in his fists.

"boom!!"

At this moment, Ye Feng immediately burst out a terrifying and invincible force in his fist, forming a strong shock wave, which suddenly bombarded the two generals not far away until their whole bodies were about to burst.

"What a terrifying brute force!"

"Is this kid a barbarian from the north?"

At this moment, the two generals of Tianya Club couldn't help but exclaimed, their eyes full of disbelief.

Because they were bombarded by a small Dao Realm warrior and retreated steadily.

If this matter spreads, it will definitely shock the whole world. \u003c

br\u003e

Because in the history of the prehistoric continent, there has never been a time when a person with a low level could make a person with a high level retreat.

But today, Ye Feng did it.

Moreover, it's still one versus two!

When Chen Jiu saw this scene, he couldn't help but exclaimed: "Boy Ye Feng, although you have not stepped into the true god realm, your martial arts strength is already comparable to the ordinary silver armor among our night watchmen. This time Go back and report to the commander, maybe you can be directly promoted to Silver Armor."

Ye Feng's eyes lit up and he immediately asked: "If I can kill these two remnants of the Tianya Society and take their heads back, can I become a noble?"

Chen Jiu shook his head and said: "Although these two are powerful generals in the Tianya Club, they are not enough for you to directly become a noble and obtain a title. However, you will

definitely be able to get a large amount of merit points as you continue to accumulate them. With merit points, you can be promoted to an official position in our divine dynasty."

Ye Feng nodded and said: "Okay, I understand. No matter what, these two Tianya generals are big fish, and there will definitely be rewards for catching them."

At this moment, Ye Feng continued to unleash his powerful combat power, using a knife instead of a sword to kill with such terrifying sword moves as the Death of the Gods.

The high-grade sword with the characteristics of the Night Watchman slashed out the Gods' Sorrow, and suddenly the infinite and terrifying sword light and sword energy burst out from the long sword in Ye Feng's hand, full of great destruction and destruction.

The two generals from the Tianya Meeting who were at the end of their rope had no energy to dodge anymore, and were directly surrounded by Ye Feng's terrifying sword light and sword energy, shrouded in a terrifying area of destruction.

"This sword is so shocking that it is stunning. Even in my heyday, I would have to avoid the sharp edge for a while." Chen Jiu murmured at this time.

Shao Siming heard Chen Jiu's murmur, and her eyes showed a hint of surprise. She didn't expect that the silver-armored night watchman had such a high opinion of Ye Feng.

"ah!"

"ah!"

At this moment, the area was enveloped by the sword light and sword energy.

In the covered area, the miserable howls of the two Tianya Society generals could be heard.

It can be vaguely seen that whether it is Zhonglou or Feiyu, these two true god realm warriors, in the whirlpool of sword light and sword energy, their whole bodies are disintegrating inch by inch, their skin is cracked, their flesh and blood are flying everywhere, and their bones are all broken. In the midst of cracking and shattering.

This scene looks very scary.

But this also illustrates the terrifying nature of Ye Feng's sword.

Uh-huh!

At this time, Ye Feng himself rushed into the whirlpool of sword light and sword energy.

But the powerful and destructive sword light and sword energy around him seemed to have autonomous consciousness and would not cause harm to the master Ye Feng.

At this time, Ye Feng walked directly in front of the two generals of the Tianya Society. These two true god realm experts had no strength to speak at this moment. They just stared with wide eyes, full of fear and hatred. The leaves are blown by the wind.

However, Ye Feng turned a blind eye to this kind of look, because he had seen too much and was already immune to this kind of look.

"Qiang!"

Ye Feng drew his sword instantly.

"Pfft!"

"Pfft!"

As the sword flashed, the heads of the two Tianya Society generals fell.

Uh-huh!

The next moment, Ye Feng pocketed the two people's storage rings, then lifted their heads and flew underneath.

At this time, Chen Jiu's eyes were filled with a trace of disbelief, staring at the head in Ye Feng's hand, and said: "I didn't expect that the two great generals of Tianya, the real god realm masters, the two masters who were well-known in the world, died just like this, died in the hands of Ye Feng, an unknown copper-armored night watchman. If this matter spreads out, your fame will definitely be heard in the world in an instant." Ye Feng smiled and said: "I don't want this matter to spread out, then I may become a thorn in the eyes of Tianya." Chen Jiu looked at Ye Feng in surprise and said: "I thought you were an impatient young man, but I didn't expect you to behave so maturely, but this is a good thing. It's better to be low-key, otherwise you may be targeted by the villains around you at any time." Shao Siming smiled slightly at this time and said: "It seems that Ye Feng will be promoted this time." Ye Feng shrugged and said: "These two people are not enough to make me get the title." Shao Siming heard Ye Feng say this, and naturally knew why Ye Feng wanted to get the title so much, because it represented identity and status in the imperial city. If Ye Feng's identity as an illegitimate child is exposed in the future, he will not be looked down upon by the royal family.

So Shao Siming said: "Accumulate merits first, and you will definitely have the opportunity to obtain a title in the future. You also have the identity of a night watchman. As long as you don't offend some big shots in the imperial city, you will be able to do it for the time being."

At this time, Chen Jiu, who was standing aside, saw that Ye Feng and Shao Siming were actually talking happily, giving people the feeling that two old friends were talking.

This surprised Chen Jiu, the silver armor, and he was confused in his heart, but he didn't ask much, after all, Shao Siming's identity was special.

He was going to ask Ye Feng alone later if he had anything to do with Shao Siming in secret.

At this time, Shao Siming said: "Let's keep moving forward. I feel that we are very close to the fortune treasure."

Ye Feng and Chen Jiu nodded when they heard this, and without saying anything more, they quickly rushed towards the depths of the northwest desert with Shao Siming.

The appearance and ambush of the Tianyahui strongman this time made the three of them not want to waste any more time. They quickly found the treasure related to luck that the Tianming Department needed for this trip, and then quickly returned to the imperial city to report the news about the activities of the remnants of the Tianyahui.

The Night Watch Department maintains the safety of the entire Divine Dynasty Imperial City, and is a natural enemy of the remnant forces such as the Tianyahui.

Chen Jiu smiled and said to Ye Feng on the way: "Ye Feng, this time you killed two great generals, and the Marshal will definitely be extremely rewarded. Maybe you can make an exception to promote you to the ranks of the Silver Armor Night Watch. If so, you will break the record of the fastest promotion speed of our Night Watch."

Ye Feng nodded with a little joy when he heard this. Even if he could not get the title in one leap, the promotion of the Night Watch would make the big man in the court who was targeting him more fearful and dare not act rashly.

Chapter 1696 Shao Siming's horror

Deep in the northwest desert, in the boundless loess, a sandstorm suddenly blew up.

For half the sky, it was all yellow sand, sweeping across the entire sky.

But at this time, in this terrifying sandstorm, the three figures were as motionless as a mountain, walking very steadily as if they were walking on flat ground.

These three people were Ye Feng, Chen Jiu and Shao Siming who had just entered the depths of the northwest desert.

They buried the few dead bronze-armored night watchmen and couldn't wait to come to the depths of the desert.

At this time, Shao Siming held a small Bagua compass in his fair hands and was looking for the location.

When several people reached a barren hill, Shao Siming suddenly lit up his beautiful eyes and said, "Found it! It's under the barren mountain ahead."

Ye Feng and Chen Jiu looked not far away, and sure enough they saw a medium-sized barren mountain, standing on the sand dunes.

Shao Siming immediately flew over, flipping his little hand, and a medium-sized flag appeared in his palm.

This flag has unknown strange symbols engraved on it.

After Shao Siming muttered a few times, the flag immediately emitted a strong light, directly piercing the barren mountain in front of it.

"Rumble..."

Along with a roar, the barren mountain immediately collapsed.

Among the countless rubble rolling, a huge portal was revealed inside.

This portal is entirely made of gold and looks extremely majestic.

Many unknown ancient behemoths are engraved on the surface of the gate, which are so lifelike that they immediately give people a very palpitating feeling.

When Shao Siming saw this door, his eyes showed joy.

Uh-huh!

As soon as her graceful figure moved, she immediately flew towards the golden door.

.

"Your Highness, Young Master, be careful, there is danger!"

Although Chen Jiu likes to go to Tianyinfang, he is extremely loyal to his duties. A strong fighting force bursts out from his body, his silver armor trembles, and he immediately ducks around to guard against Shao Siming.

Ye Feng was holding a long knife at this moment and came to Shao Siming's side, staring at the golden door.

Shao Siming spoke up: "I know this gate. It is exactly the same as the one painted in the book. The treasure related to luck that Master asked me to find is hidden behind this gate. It seems to be an ancient palace. In the mausoleum, an emperor from ancient times is buried, but it seems that he is not a human emperor, but an ancient relic emperor who disappeared in history. "

Ye Feng said at this time: "There may be great dangers inside, we must be careful."

Shao Siming nodded, then walked directly in front of the golden door, stretched out a jade-like hand, and pressed it on the surface of the golden door.

"Buzz!"

She released a burst of magic power and began to inject it into the golden door, trying to open it.

"Roar!!"

But suddenly at this moment, the countless pictures of ancient evil beasts imprinted on the surface of the golden gate seemed to suddenly come to life, and terrifying beast souls suddenly appeared, roaring and roaring at Young Siming.

"Oops! That ancient emperor planted a soul forbidden spell on this door, sealing the souls of countless ancient beasts. As long as we try to open it, these beast souls will be inspired to attack us!"

Shao Siming's expression changed slightly and he quickly retreated.

"boom!"

But a beast soul that looked like an ancient rhinoceros had already stepped on Shao Siming's soul, making Shao Siming's beautiful face turn pale. It was obvious that his soul had been severely damaged at this moment.

"boom!"

Chen Jiu was very alert and killed him with a knife.

Boom!

However, the light of the sword could not touch the beast soul, and it struck directly at the golden gate, but did not cause any damage to the gate.

"Roar!!"

Instead, this angered several ferocious beast spirits, which immediately roared and rushed towards Chen Jiu.

"Blooded masculinity!"

Looking at the terrifying beast soul, Chen Jiu's expression immediately changed. He quickly activated all the blood in his body to form a blood-colored Gangyuan shield, which appeared around his body and could provide a certain degree of defense against soul attacks. .

"puff!!"

But after all, Chen Jiu was just a pure warrior. No matter how strong his energy and blood were, he could not withstand the roaring attacks of countless beast souls. He immediately spurted out a mouthful of blood and felt that his energy was sluggish.

Obviously, Chen Jiu's injuries were probably much more serious than Shao Siming's.

It can also be seen from this that no matter how high Chen Jiu's cultivation level is, when he encounters a practice field that he is not familiar with, he is just like a newbie, unable to resist at all, and directly suffered heavy losses.

The most stable person at this time should be Ye Feng.

Facing the roaring attacks of countless beast souls, Ye Feng stood with his hands behind his back, standing on the same spot, his body majestic and motionless as a mountain!

A majestic soul giant suddenly appeared behind him.

This soul giant is full of thunder and exudes strong thunder light.

It is the Soul Thunder Emperor!

☪

Among the several awakened Soul Emperor Seals, Ye Feng felt that the most powerful one, especially the one with the most powerful attack power, was naturally the Great Thunder Emperor Seal.

Because the power of thunder is inherently suppressive to the soul.

Therefore, every time Ye Feng faced an enemy in the soul state, he would instantly display the Great Thunder Emperor Seal, causing huge attack damage to the opponent.

"Thunder rises!"

Suddenly Ye Feng took action.

He controls the Thunder Emperor and instantly releases countless thunder lights aimed at souls.

In an instant, a terrifying roar exploded on the field.

Those beast souls, which were originally extremely vicious, were like mice seeing a cat at this moment. They quickly retreated towards the back, not daring to get even close to Ye Feng.

Because the power of the Thunder Emperor behind Ye Feng is really terrifying, and the destructive power of the thunder emitted is suffocating.

"Thunder's soul power!"

Shao Siming saw the Thunder Emperor behind Ye Feng, and his lonely eyes finally revealed a look of horror.

Because her master, Da Siming, once told her that any soul in the world is afraid of thunder.

Therefore, even the most powerful warlock cannot control the mighty force of heaven and earth like thunder.

But at this moment, Shao Siming saw this miracle in an ordinary young man.

Is there anyone who can really control the power of thunder in the soul?

This is simply extremely rare!

Even though Young Siming had always been calm and unfazed, at this moment, looking at the majestic Thunder Emperor, standing quietly behind Ye Feng, looking majestic and incomparable, Young Siming of the Tianming Department also felt horrified.

Chapter 1697 Dragon Flame

"Destroy them all for me!"

Ye Feng suddenly shouted loudly at this moment.

boom!

The Thunder Emperor behind him immediately appeared in his hand with a huge scepter.

The Thunder Emperor waved his scepter, and countless thunderbolts, surging with violent and destructive light of power, instantly covered the area of the golden gate in front.

"ah!"

"ah!"

In an instant, one after another the beast souls let out violent howls.

Obviously, this group of beast souls can no longer do evil in front of Ye Feng.

Under the power of thunder specifically targeting souls, these ancient beast souls were shattered one by one and turned into pieces of soul fragments.

Seeing those soul fragments exuding ancient and mysterious soul energy, Ye Feng's eyes suddenly lit up and he murmured to himself: "These are all good things!"

With that said, Ye Feng opened his mouth and sucked in all the soul fragments, and then integrated them into his own soul power.

Now with the improvement of cultivation level, the Fortune Furnace can not only smelt Qi and blood skills, but also smelt these soul fragments, remove the residual beast souls in these soul fragments, turn them into the purest soul power, and replenish it into Ye Feng's soul. In the soul, Ye Feng's soul is growing.

So at this time, after swallowing these soul fragments, Ye Feng immediately felt that his soul was also exploding.

"Four thousand one hundred levels!"

"Four thousand two hundred steps!"

"Four thousand three hundred levels!"

...

"Four thousand six hundred levels!"

In the end, Ye Feng's final soul power stopped at level 4,600.

These soul fragments of ancient beast souls are almost comparable to the shadow of the saint's will that Ye Feng killed and swallowed last time.

It directly caused Ye Feng's soul power to increase by six hundred levels!

This is incredibly fast!

Ye Feng could feel that his soul at this time was simply powerful and abundant to a whole new level.

Just at this time.

"Click, click..."

The golden door in front of several people,

It actually started to crack inch by inch.

Chen Jiu's eyes were full of disbelief at this time, and he stared at Ye Feng and said: "Ye Feng, I thought that your martial arts strength is comparable to that of a true god realm expert, but I didn't expect that your soul skills are also so powerful. "

Chen Jiu was really filled with wonder at this time.

Because the countless beast souls just ran out of the golden portal, even Shao Siming, the successor of the Tianming Division, was unable to resist for a while and was severely injured.

But Ye Feng was so powerful that he directly destroyed all the beast souls.

"He is indeed a monster." Shao Siming also spoke out at this time, his tone could not be said to be one of envy or jealousy.

Ye Feng said with a smile: "I just have a stronger soul power, and I happen to have the thunder method to restrain the soul. In terms of the diversity of soul magic techniques, I am far behind Shao Siming."

When Shao Siming heard this, he didn't say much. He just looked at the cracked golden door and said: "This golden door is so strong, mainly because it is supported by those beast souls. Now all those ancient beast souls have been If you destroy Ye Feng, this golden gate will naturally be broken without attack."

Boom! !

And while the three people were discussing, the golden door in front of them suddenly fell to the ground and fell into pieces.

"Let's go in."

Shao Siming took the lead and walked in.

Ye Feng and Chen Jiu also left to follow.

On the way, Chen Jiu whispered to Ye Feng: "His Royal Highness Young Siming is full of praise for you. He seems to be interested in you."

Ye Feng glanced at Chen Jiu and said, "Boss, you said that Young Siming is interested in me. What do you mean?"

Chen Jiu chuckled and said: "Ye Feng boy, don't pretend to be innocent and ignorant. Shao Siming is interested in you, of course, in a male and female way. You kid must take good care of it, Shao Siming But the dream lover of countless young masters in the imperial city is the most mysterious girl in the imperial city. "

Ye Feng: "..."

"

Take a look. "

At this time, Shao Siming's voice suddenly came from the front.

Ye Feng and Chen Jiu quickly stepped forward and were immediately shocked by the scene in front of them.

At this time, in the vision of the three people, a huge golden dungeon appeared in front of them.

At the gate of this golden dungeon, a winding giant dragon made of bluestone spread across the entire golden dungeon.

Shao Siming was a little excited and said: "Everything is exactly as recorded in the books. The object of luck that Master wants me to look for is at the head of this winding dragon."

Chen Jiu pulled out the long knife from his waist, alerted his surroundings, and said, "Then let's go look for it."

Uh-huh! Uh-huh! Uh-huh!

The three of them jumped instantly and flew towards the head of the winding dragon.

Along the way, they flew in mid-air, looking at the majestic underground golden city below. It was like a glorious force, but it was buried in the clouds of history. Under the ground, it had not seen the sky for a long time. Day. ??

"boom!"

"boom!"

But just when the three of them were flying halfway, in a cemetery in the Golden Valley City below, the soil on the ground suddenly exploded, and zombies with green eyes and shriveled bodies jumped out of the cemetery soil in an instant. He came out and ran towards the three people, roaring.

"It's thousand-year rigor mortis!"

Chen Jiu didn't panic. He pulled out the long knife from his waist and slashed out a bright sword light that was several kilometers long. He instantly chopped down more than a dozen zombies flying up. The extremely strong zombies Their bodies were chopped to pieces.

"Hmph, just a bunch of ordinary zombies." Chen Jiu snorted coldly, showing the arrogance of a silver-armored night watchman.

It has to be said that Chen Jiu, as a silver-armored night watchman, is indeed powerful in combat and very powerful in martial arts.

"Here we are!"

At this time, Shao Siming finally flew to the head of the winding dragon and landed instantly.

Ye Feng and Chen Jiu also landed after them.

They were immediately

Seeing it, they were already standing next to a huge altar.

In the middle of the altar, there was a huge furnace, which was burning fiercely at this moment.

The source of this flame is clearly the mouth of the winding dragon made of bluestone.

"This is Dragon Flame."

Shao Siming saw Ye Feng staring at the flames in the furnace, and rarely took the initiative to explain.

"Dragon Flame?"

Ye Feng felt the flame and could feel a very high-quality flame power from it.

At this moment, the Ancient Burning Heaven Technique practiced by Ye Feng started to operate automatically, giving birth to a desire to merge with the dragon's flame.

At this time, Shao Siming looked towards the top of the furnace. High in the sky, flames were burning and refining a huge ancient totem pole. On the totem pole, there was a carving of a five-clawed golden dragon, which looked vast and majestic. , vigorous and powerful, exuding the breath of luck.

Shao Siming's eyes were bright and he said: "What I'm looking for is this ancient totem pole!"

Ye Feng said: "You don't need the dragon flame in this furnace, right?"

While Shao Siming was loading the ancient totem pole into the storage spirit ring, he and Chen Jiu looked at Ye Feng and said, "We don't need it, what's wrong?"

Ye Feng smiled slightly and said: "Then I will take away this dragon flame."

"What's the meaning?"

Shao Siming and Shinjia Chen Jiu were both stunned.

Then they saw, deep in Ye Feng's palm, a ball of original flame appeared on his palm, and began to engulf the dragon's flame fused in the oven.

"You... actually practice alchemy??"

Shao Siming and Chen Jiuyi were shocked to the extreme in an instant.

Martial arts.

Soul Road.

Now comes another alchemy flame?

this.....

Still human? !

"I'm so jealous!"

Not to mention the martial artist Chen Jiu, even the mysterious and noble Shao Siming was sore at this moment.

Chapter 1698 Grade Improvement

"Buzz!"

At this moment, Ye Feng used the Ancient Burning Heaven Technique to quickly engulf the dragon flame burning in the oven, and then merged it into his own natal flame.

"A small human being also wants to fuse a noble flame like my Dragon Flame? You are not qualified yet! Ant!"

But suddenly at this moment, the dragon's flame in the oven suddenly burned violently. .??.

boom!

The fierce flames rushed out of the oven and spread directly to the sky.

The infinite flames condensed into a dragon shape, like a giant flame dragon, appearing on the field, roaring and roaring.

The terrifying power of burning almost burned the entire void red, causing everyone to feel a burning sensation.

"The legendary dragon flame is indeed extraordinary. It is an extremely advanced flame. It is impossible for us humans to succumb to it!"

Chen Jiu's silver armor at this time emitted a wave of power, forming an energy shield, protecting Shao Siming and Ye Feng behind him.

Shao Siming also glanced at Ye Feng and said: "This dragon flame is a very advanced flame. Even some powerful alchemists or alchemists in the Star Picking Tower in the Imperial City cannot conquer this wonder of heaven and earth." Fire, we'd better leave as soon as possible. If the dragon's flame breaks away from the shackles of the ancient oven, the three of us will be unable to resist it and we will be in a very awkward situation."

But at this moment, Ye Feng suddenly took a step forward and walked out of Chen Jiu's energy defense light shield.

"Ye Feng! Come back! Don't die!"

At this moment, Chen Jiu immediately exclaimed, his tone full of shock and anger.

"Commander Chen Jiu, don't worry. In front of me, this Dragon Flame is just a younger brother who poses no threat! I will let it know what the fear of flames is."

boom!

Almost at the moment Ye Feng's words fell, a terrifying flame burst out from Ye Feng's body.

Come.

This is Ye Feng's natal flame, which is composed of several colors.

But if you think this flame just looks gorgeous, you are totally wrong.

Ye Feng's current natal flame is made up of the fusion of several extremely terrifying high-quality flames, namely Dragon Spirit Holy Fire, Extreme Cold Flame, Purple Flame Divine Fire, and God's Karma Fire.

Each of these four flames, taken individually, can rival or even surpass the Dragon Flame.

Therefore, the flames formed by the combination of the four flames are even more terrifying to the extreme.

At this time, it was vaguely visible that the flames pouring out of Ye Feng's body actually condensed into a huge flame crown, floating on top of Ye Feng's head.

In the blazing crown, four terrifying flame wills formed the shadows of four flame emperors, exuding overwhelming coercion.

"What? This is..."

The dragon flame transformed into a huge flame dragon. Looking at Ye Feng, who looked like the arrival of the ancient fire god, his eyes immediately revealed a look of deep fear.

Dragon Zhiyan probably never thought that the young human boy in front of him would have such a terrifying flame, which made him feel a terrible sense of suffocation.

At this time, Ye Feng's eyes were filled with flaming lava, and his whole body was filled with flames, as if an ancient fire god had descended. He stared at the dragon's flames and made a majestic voice: "Submission or destruction, you choose one yourself."

A short sentence, but full of boundless domineering power.

Chen Jiu and Shao Siming in the rear were both stunned.

They originally thought that Ye Feng's ability to control flames was already shocking.

But what they never expected was that the flames controlled by Ye Feng were so terrifying that even Dragon Flame was afraid.

"I am willing to surrender."

Suddenly Dragon Flame softened.

Ye Feng was very satisfied, grabbed it with his big hand, and directly activated the Ancient Burning Heaven Technique.

"boom!!"

A beam of flaming light instantly rushed out of Ye Feng's palm, covering the entire oven underneath.

This oven is made of bronze, an ancient material.

But at this time, it was covered in Ye Feng's flames, and the bronze oven began to melt instantly.

"This oven is made of meteorite copper. Even though I have spent so many years, I have not melted the oven, so I can't escape. But I didn't expect that the flames of this young human race would bake the bronze in an instant. The furnace melted, it was terrible."

Long Zhiyan's heart was filled with shock at this moment, and he no longer dared to resist Ye Feng.

Ye Feng then used the Ancient Burning Heaven Technique to absorb and engulf all the dragon flames.

Buzz!

Almost at this moment, Ye Feng's natal flame level became higher.

His natal flame was burning stronger and stronger.

Ye Feng's natal flame once again had an additional color.

Ye Feng immediately felt that his natal flame had been upgraded to another level after being fused with the Dragon Flame.

From the first-grade Dzogchen, he was promoted to the second-grade elementary level.

The power of the flames is becoming more and more powerful.

Ye Feng only felt that with a wave of his hand, he could burn mountains and boil seas, bursting out with shocking flame power.

"It's an unexpected surprise to have harvested a powerful flame like Dragon Flame this time."

Ye Feng murmured and landed from high altitude.

At this time, Shao Siming came over, with a trace of strangeness in his eyes, and said: "Ye Feng, I really didn't realize that your natal flame is so powerful, so ancient dragon flame The flames all surrendered directly."

Although Shao Siming knew Ye Feng's identity, he was the heir of Her Royal Highness the Ninth Princess.

But even so, he is not such a monster.

However, I thought of Ye Feng, who finally came to this ancient continent from an endlessly distant place in the new universe.

Shao Siming stared at the seemingly delicate and innocent young man in front of him, his deep eyes seemed to be filled with vicissitudes of life.

Ye Feng smiled and said: "Young Siming, if I go to the Star-Zhaing Tower, can I join some of the powerful alchemists in the Star-Zhaing Tower? Learn alchemy."

Shao Siming glanced at Ye Feng and said: "I advise you not to go, and don't show your powerful high-level flames for the time being. Your status in the imperial city is still too low, and your martial arts strength is not that good." It's not that powerful. If you encounter the jealousy disease, you may be miserable, and all the opportunities and blessings in your body will be robbed."

Chen Jiu walked up to Ye Feng at this time and said: "Don't worry, as long as you are still with us as a night watchman, no one in the imperial city will dare to touch you openly, and the commander will not allow it. This kind of thing happens, but His Highness Shao Siming is right. Someone may

be jealous of you and secretly mess with you, which will make you very upset. I have also had such troubles. "

Ye Feng glanced at Chen Jiu, a big martial artist, and said, "Commander Chen Jiu, why are some people jealous of you, and why are you so troubled?"

Chen Jiudao: "I was very handsome when I was young. I was an extremely beautiful man. Some people were secretly jealous of my appearance and tried every means to disfigure me. This made me very troubled."

Ye Feng: "..."

Shao Siming: "..."

Chapter 1699 Reward

The ancient totem pole was found, and Shao Siming's mission was successfully completed.

On the way back, Ye Feng's face was also filled with happiness.

During this trip, Ye Feng came to this northwest desert to look for items of luck, and Ye Feng was quite successful.

Not only did he kill two generals from the Tianya Society, his soul power surged, but he also incorporated another powerful flame, the Dragon Flame.

Ye Feng could feel that his overall strength had improved a lot this time.

Of course, Ye Feng's most important thing now is his meritorious service in the ancient dynasty. If he has enough merit and can obtain a title, even the lowest baron, that would be great.

On the way back, the only person with a depressed expression was Chen Jiu, the silver-armored night watchman.

After all, during this guarding mission, he was unexpectedly ambushed by powerful men from the Tianya Society. As a result, five bronze-armored night watchmen died.

This can be said to be a huge loss for the Night Watch department.

Because every night watchman is carefully selected and has been personally reviewed and recognized by the commander.

Therefore, every night watchman was the best among the best. Five of them were lost at once, which made Chen Jiu very panicked, fearing that the commander would punish him.

Ye Feng saw Chen Jiu's worries, patted him on the shoulder and said: "Don't worry too much, this time it was an unexpected situation, and we also worked together to kill two Tianya Society generals, and even killed more than a dozen generals. Kill all the weird shadow warriors, the commander will not blame them."

Chen Jiu smiled bitterly and said: "Even so, the death of five bronze-armored night watchmen at once is a huge loss. As the leader, I am the most guilty this time."

Young Siming looked over and said: "Don't worry, I will ask the Tianming Division to inform you, the Night Watch Commander. This time, a traitor appeared in our imperial city and our whereabouts were revealed."

Hearing this, Chen Jiu frowned and said: "You really need to pay attention to this. I didn't expect that in our hierarchical imperial city, a group of remnants of traitors from the Tianya Society would appear, and the whereabouts of His Highness Lian Shao Siming would appear." They all knew very well that they got the news immediately and set up an ambush in the northwest desert. This kind of thing was too serious. If Ye Feng hadn't made a surprise with his many tricks this time, I'm afraid we would all be buried in this desert. bingo."

Shao Siming nodded and said: "Maintaining the stability of the imperial city and investigating and arresting the remnants of traitors are your Night Watchmen's specialty. After I return this time, I will tell you Night Watchmen everything about the situation through the messenger from the Department of Heavenly Mandate."

Chen Jiu nodded, with a cold look in his eyes, and said: "We must find out the traitor in the imperial city! Let's see who has the courage to collude with remnants like Tianya Society and plot to hunt down An important figure in the Killing Dynasty."

Next, on the way back, the three of them encountered no danger.

Even if some thieves from the northwest desert occasionally jumped out, they were all thieves with very ordinary cultivation, and they were all eliminated by Chen Jiu and Ye Feng with just a few blows.

Seven days later, they finally returned to the imperial city of the Divine Dynasty.

After stepping into this majestic imperial city again, the three of them breathed a sigh of relief, and their tense spirits relaxed.

Although there may be some remnants and traitors hidden in the imperial city, at least they dare not take action openly. After all, this is the center of the entire prehistoric dynasty. There are countless powerful people from the dynasty sitting there, even in the abyss. The demon gods or the evil beasts in the starry sky do not dare to act recklessly here.

"I'll go back to the Tianming Department to deliver the ancient totem pole."

At the gate of the inner city of the imperial city, Shao Siming said goodbye to Ye Feng and Chen Jiu.

Before leaving, Shao Siming stared at Ye Feng and said, "Come to the Tianming Department when you have time. I have something to tell you alone."

After the words fell, before Ye Feng could say anything, Shao Siming had already turned around and left, disappearing into the crowd on the street.

Chen Jiu stared at Ye Feng at this time, smiled, with a hint of meaning on his rough face, and said: "Ye Feng, you still say that Young Siming is not interested in you? This is already an obvious invitation and indication. Well, although your current status is indeed not worthy of His Highness Shao Siming, your potential is huge, and the various methods you have shown this time must have shocked His Highness Shao Siming. "

Ye Feng shrugged and walked towards the night watchman headquarters.

He said: "I think she might just want to ask about my secrets."

Chen Jiu walked beside Ye Feng and said with a smile: "Just be curious. Only when a woman is curious about a man will she gradually be attracted to him. This is the first step. Brother, I have been here. Ye Feng, let me tell you, Your Highness Young Siming is the dream lover in the eyes of countless young masters in our imperial city, and she is not only good-looking, but the art of destiny that she practices is also very mysterious, definitely everyone Young Master Huaichun considers you to be the best training partner, Ye Feng, you can be said to be the first to win, so you must seize the opportunity, otherwise it will be a big loss. "

Ye Feng glanced at Chen Jiu and said, "I didn't expect you to know Shao Siming so well. It seems that you have been paying attention to Shao Siming for a long time."

Chen Jiu couldn't help but froze when he heard this, and said: "Ye Feng, don't talk nonsense! I can't afford to offend people from the Tianming Department. I'm just an ordinary silver armor, but you, Ye Feng, are different. You have a bright future."

Ye Feng shook his head and said: "In this treacherous imperial city, no one can predict what the future will be like."

Chen Jiu patted Ye Feng on the shoulder and said: "Let's not talk about this anymore. Let's go back to the headquarters and report everything about our trip. I hope the commander will not punish me."

Ye Feng smiled and said: "No, we should be able to overcome it this time."

...

Night Watch Headquarters.

The top of the nine-story pavilion.

The night watchman, who was dressed in black armor, looked at Ye Feng and Chen Jiu in front of him, as well as the two heads in the brocade box in front of them, and said: "Chonglou and Feiyu from Tianya Club?"

Chen Jiu immediately said respectfully: "Let me tell you, Marshal, yes, these two are the two great generals Chonglou and Feiyu of the Tianya Society."

The handsome man was covered in cold and hard black armor. He looked clearly at his appearance and could only tell from his voice that he seemed to be a stern middle-aged man.

The commander spoke up, his voice as sharp as iron and stone, and said: "Chen Jiu, you alone cannot kill Chonglou and Feiyu. What's more, once the people from the Tianya Society appear, there will definitely be more weird shadow warriors. You How did you fight back and escape?"

Chen Jiu glanced at Ye Feng beside him, and then continued

Busily clasping his fists, he told everything that happened in the northwest desert exactly as it was.

"Oh? Are you assisted by Ye Feng?"

The commander's face, wrapped in cold armor, moved to Ye Feng's side.

Ye Feng could feel at this moment that a terrifying look was staring at him.

Ye Feng was about to say something, but Chen Jiu immediately replied: "Reporting to the Commander-in-Chief, to be precise, it was not me who was assisted by Ye Feng, but Ye Feng who was assisted by me. Ye Feng was the one who counterattacked this time." The main force not only killed a dozen shadow warriors, but also personally killed the two generals Feiyu and Zhonglou. "

Ye Feng spoke up: "If Commander Chen Jiu hadn't exhausted his strength in the battle between Feiyu and Chonglou, I wouldn't have been able to kill them so easily."

Ye Feng was telling the truth, but Chen Jiu still gave Ye Feng a grateful look, because Ye Feng meant to help Chen Jiu improve his contribution.

"I see."

The commander spoke up at this time, and then was silent for a while, then said to the two people in front of him: "Chen Jiu, you should have been punished for losing five bronze armors this time, but because you have merit in killing the remnants of the Tianya Society, the merits and demerits are offset. "

When Chen Jiu heard this, he immediately said in surprise: "Thank you so much, Commander, for not punishing me!"

The commander looked at Ye Feng again at this time and said: "You are in bronze armor, but you are powerful in battle. You have made such a feat and saved Chen Jiu and Shao Si Ming from danger. The Tianming Division also sent a thank you just now. Let me reward you well, Ye Feng."

When Ye Feng heard this, he immediately understood that it was Shao Siming who specifically asked the people from the Tianming Department to say this, obviously to help him in the Night Watch department.

Ye Feng immediately clasped his fists and said, "This is a humble duty, I don't ask for rewards."

The commander nodded slightly and said: "I have always made clear rewards and punishments. This time you have made a great contribution. First, I made an exception and promoted you to the Silver Armored Night Watchman. Second, within three years, you can Receive double salary. Thirdly, let Chen Jiu take you to the Martial Arts Temple and choose a set of martial arts inheritance at the peak of the True God Realm. Fourthly, you kill two Tianya Society generals, and I will help you record these merit points. You are on the case, and if you make meritorious service in the future, I will personally fight for your title in the court. Okay, you both can go down."

Chapter 1700 Fight

When he came down from the ninth floor, Ye Feng still had a look of surprise on his face.

He didn't expect that the commander-in-chief would give him so many rewards all at once.

This made Ye Feng feel like he was hit by happiness for a moment.

Chen Jiu, who was beside him, stared at Ye Feng with envy at this time and said: "I didn't expect you to be promoted to Silver Armor so soon, but it's okay, we can patrol the imperial city together in the future, Ye Feng, you There are many methods, and I am safer. Now the imperial city seems to be getting more and more unstable, and many remnants are resurrected, and they are making big moves." ??

Ye Feng looked at Chen Jiu and said: "Take me to the Martial Arts Temple first. I want to choose a set of martial arts inheritance at the peak of the True God Realm. This is of great significance to me now."

Chen Jiu said with a smile: "Don't worry, I will take you to the back hall of the headquarters first and replace the bronze armor on your body with silver armor. It's so majestic. I am the silver armor vigilante who worked hard for decades to be promoted." Man, I didn't expect that your boy would turn into a silver armor in just half a month. When the news gets out, you will probably become a celebrity among our night watchmen, Ye Feng."

Having said this, Chen Jiu suddenly seemed to have thought of something and asked: "By the way, I heard that the private manor given to you by the Ministry of Revenue was a haunted house. Is it okay for you to live in it?"

Ye Feng shook his head and said: "Nothing happened, everything is normal. By the way, before leaving just now, the commander-in-chief asked us to find the traitors in the imperial city who have close contact with Tianya Society. How should we find them?"

Although Ye Feng received a reward on the ninth floor of the pavilion, he received a task from the commander himself, which was to find out from the vast imperial city those who secretly colluded with remnants of the Tianya Society. The traitor may be one person or a group of traitors.

This task was given to Ye Feng and Chen Jiu, one a new Shinjia and the other a veteran Shinjia.

The commander-in-chief still attaches great importance to the remnants of the Tianya Society who are extremely famous in the world.

At this time, Chen Jiu brought Ye Feng to the inner hall of the Night Watch headquarters.

He stared at an old man in the inner hall and said: "Old man, take out a set of good night watchman silver armor from the arsenal. This one is the newly promoted silver armor."

At this time, Chen Jiu took out Ye Feng's identity token, which already had the silver armor logo imprinted by the commander himself.

The old man in the inner hall immediately said respectfully: "Yes, Lord Shining Armor."

With that said, the old man walked directly towards the depths of the inner hall.

When he comes out

At this time, he already held a brand new set of silver armor in his hands.

The silver armor of the Night Watchmen is as thin as a cicada's wings. It is specially made. Although it is very thin, it is extremely strong. It can be activated with magic power at critical moments and can also release an energy light shield.

Moreover, silver armor also has a huge bonus on improving a warrior's combat power.

Previously, Chen Jiu was able to fight against the two generals of Tianyahui for so long, exhausting his strength in two battles and allowing Ye Feng to kill him directly. It was because of the set of Night Watch silver armor on his body that gave him the stamina to fight for a long time. .

Therefore, the improvement of the Night Watchman's level is not only the reputation, but also the equipment, silver armor, silver sword, and grade are all at the peak of the true god level, which is very powerful.

After Ye Feng put on the silver armor at this time and held the silver sword in his hand, even if he didn't use his trump card, he could still fight with ordinary true god realm experts with just his martial arts strength.

"He is just a newcomer, a waste from the fifth level of the Great Dao Realm. He has not even touched the threshold of the first level of the True God Realm. How can he wear silver armor? This is impossible!"

Suddenly at this time, an angry voice suddenly sounded not far away.

Outside the inner hall, a young man wearing bronze armor came.

Although this young man is wearing bronze armor, his cultivation aura is that of the first level of the True God Realm.

This man has majestic features and handsome features, but there is a sinister look in his eyes. He is not a normal person.

At this moment, Chen Jiu immediately whispered in Ye Feng's ear: "This man is called Chu Tian, and he is the son of Tianyinghou in the imperial city. Tianyinghou is the title of Viscount, which is one level higher than Baron. Chu Tian is The young Marquis has a very domineering personality, so it's best not to mess with him."

With that said, Chen Jiu took Ye Feng and walked directly outside.

Ye Feng was too lazy to pay attention to this kind of young man. He didn't say anything, just walked out with a cold face.

"etc!"

But at this time, Chu Tian, the son of Ying Hou, suddenly spoke up.

"Qiang!"

He pulled out the long knife from his waist and raised it, blocking Ye Feng and Chen Jiu's path.

Chen Jiu frowned and said: "Little Marquis, although you are the son of Tianying Marquis,

He is the heir of a noble family, but you have to know that this is the headquarters of the Night Watch, and there is no room for your little brazen brazeness! "

Chen Jiu is not afraid of this Chu Tian, because he is the only night watchman in the imperial city, and he is also a silver armor. He has his own pride and is not afraid of the noble heirs.

Chu Tian smiled coldly at this time, staring at Ye Feng beside Chen Jiu, looking at the set of silver armor that Ye Feng had just put on, shiny and cold, a look of envy suddenly appeared in the eyes of the young marquis, and then It turned into deep jealousy.

Chu Tian spoke up: "I am the first level of the True God Realm, and I have been unable to be promoted to Silver Armor, but this newcomer, who is only the fifth level of the Great Dao Realm, has directly become the Silver Armor, and he has only been here for a few days. Chen Jiu, Are you practicing favoritism and opening a backdoor for this kid through your own connections?"

"Shut up!"

Chen Jiu immediately reprimanded: "Chutian, don't think that just because you are a young prince, you can slander others unscrupulously. Ye Feng has made great contributions this time when he went out. The commander personally commended Ye Feng and promoted him to Silver Armor. If you don't accept it, Chutian, go directly to the commander to argue, don't be so incompetent and angry in front of us."

"Incompetent rage?"

Chu Tian was stimulated by these four words. His face immediately turned red and he shouted: "Chen Jiu, you have nothing to do with me here. I want to duel with this newcomer! He is only at the fifth level of the Great Dao Realm. I'm not willing to give in to this piece of trash! I want to fight him to see who is the most qualified to wear this set of silver armor!"

At this time, Chu Tian's words suddenly attracted many night watchmen.

There are bronze armors and silver armors.

They all stared at Ye Feng with suspicion in their eyes.

Because of the fifth level of Dao Realm, he became a silver armor, which is really unbelievable.

Such a situation has never occurred in the Night Watch Department.

Did the newcomer really go through the back door?

Chen Jiu looked at the people around him pointing, his eyes were furious, and he was about to take action.

"Snapped!"

But Ye Feng held Chen Jiu's shoulders, smiled slightly, and said, "I'll do it."

Ye Feng looked at Chu Tian who was not far away, and said in a calm tone: "You want to know why I can become Silver Armor, right? Okay, I will meet your request and fight with me, but if I win, I will Kneel down and apologize to me, a proud man who cannot be insulted."

"Kneel down and apologize?"

Everyone around him looked shocked when he heard this.

On the opposite side, the young Marquis Chu Tian's eyes were filled with shock and anger. He did not expect Ye Feng to make such a request.

He didn't respond at all. Instead, he held the knife in his hand and shouted: "I will kill a clown like you first! What qualifications do you have to negotiate terms with me!"

boom!

Chu Tian's whole body suddenly erupted with a strong ice sword light, freezing everything in the surrounding world.

This is an extremely powerful sword technique!

"In my eyes, you are the real clown!"

Ye Feng suddenly shouted loudly at this moment.

"Qiang!"

The long sword was unsheathed, and the Wrath of the Gods was launched.

Boom! !

A terrifying destructive sword energy instantly shattered Little Marquis Chu Tian's ice sword light and directly enveloped Chu Tian's entire body.

"ah!!"

Chu Tian instantly let out a howl of extreme pain.

"What?"

"A single sword put a first-level warrior like Chu Tian in the True God Realm into danger?"

The many night watchmen watching around couldn't help but look horrified at this moment.

"Plop!"

The next moment, Ye Feng strode forward and stepped on Chu Tian under his feet. He made the young prince kneel in front of him, looked down at him, and said coldly: "Now I know why I can wear this silver armor." Yet?"

"puff!!"

Little Marquis Chu Tian was stepped on by Ye Feng. Looking at the pointing fingers of the people around him, he was so angry that he spat out a mouthful of blood and fainted on the ground.

"snort!"

Ye Feng snorted coldly, and walked towards the outside of the Night Watch headquarters with Chen Jiu.

At this moment, no one doubted Ye Feng's strength anymore.

And what no one saw at this time was.

Just when Ye Feng and Chu Tian were fighting and drawing out their swords.

On the ninth floor of the Night Watch headquarters.

The commander, covered in black armor, stood by the window of the pavilion. Looking at Ye Feng's sword, he suddenly murmured, "It's his sword move. Is this guy really related to the Chaos God Clan..."
