Chapter 1711 Senior Brother Song

"Are you an exception?"

Liu Yemei, a female disciple of the Tianming Department, looked at Ye Feng with a confident smile on his face, and his face showed surprise.

She didn't understand Ye Feng's words, so she asked helplessly: "Ye Feng, are you talking nonsense before you wake up? What do you mean?"

Ye Feng asked aloud: "Is Da Si Ming in the Tianming Department?"

Liu Yemei shook her head and said: "Da Si Ming is not in the Tian Ming Department. She seems to be above the sky. She seems to have entered a magical realm when she realizes the destiny of heaven."

Ye Feng continued to ask: "Where is Young Siming?"

Liu Yimeei nodded and said: "I just saw His Highness Young Siming coming to the Tianming Division this morning. He should be practicing in the Yuxu Palace deep in the Tianming Division now."

Ye Feng said: "That's enough. You go to Young Siming and tell him that I'm here to practice magic. Ask her to give you a pass token or something. Anyway, it will be enough to allow me to enter the Tianming Department to learn magic." "

When Liu Yemei heard what Ye Feng said, she couldn't help but stretched out a small white hand, pressed Ye Feng's forehead, and said: "Ye Feng, there is nothing wrong with your mind, right? Who do you think you are, letting the noble Shao Si ordered His Highness to give you a pass?"

Ye Feng patted Liu Yemei's hand away and said, "Believe me for once and go to see Young Siming. Just tell her that Ye Feng has come to the Tianming Division to learn magic and let her make arrangements."

Seeing Ye Feng being so confident, Liu Yimei could only nod doubtfully, glared at Ye Feng fiercely, and said: "Okay, I will go find His Highness Young Siming for you. If Ye Feng dares to trick me, you will Nice looking, huh."

After saying that, Liu Yimei walked towards Tianming Division.

Ye Feng was waiting at the door.

Soon, Liu Yimei came back.

There was a hint of weirdness in her expression when she came back.

Walking in front of Ye Feng, Liu Yimei's eyes showed a strange look and said: "Ye Feng, I didn't realize it. What you said is true. When His Highness Shao Siming heard your name, it was as if he heard something very strange. The news was the same, so I gave her the token directly and asked me to give it to you. "

At this time, Liu Yimei held a purple-gold token in her hand.

She handed the token to Ye Feng.

After Ye Feng took it, he could smell the lingering fragrance of Shao Siming on the token.

Ye Feng smiled and said: "With this personal token of Shao Siming, I can freely travel and study in the Tianming Department."

Liu Yimei nodded and said: "Basically you can go anywhere, but there are some forbidden places that you cannot enter. Anyway, I will take you. His Highness Shao Siming asked me to take you to learn magic. "

Ye Feng took the token and said, "Then let's go."

Liu Yimei followed and asked curiously: "What is your relationship with Shao Siming? Why does she value you so much? When she heard your name, she gave me the identity token without saying a word."

Ye Feng said: "I have a normal relationship with Young Siming. I can only say that we know each other. It's mainly because of the rights given to me by Chief Siming. The last time I performed the night watchman mission, I made great achievements. The Commander helped me in the mission. Rights earned in the face of fate."

When Liu Yimei heard this, she immediately said suddenly: "I see, no wonder Shao Siming has such a good attitude towards you."

Half an hour later.

The two came to the gate of a huge castle deep in the Tianming Division.

Liu Yimei said: "This castle is where the basic spells of our Tianming Division are stored. I will take you in and you can see what spells you want to learn."

"stop!"

Suddenly at this moment, a cold shout suddenly sounded.

Not far away, a young man wearing a blue robe walked up, followed by several people, both men and women, all with extraordinary temperament, led by this young man.

"Senior Brother Song?"

Liu Yimei turned around and saw the young man in blue robe, and immediately spoke with a hint of respect in his tone.

The young man in blue robe stared at Ye Feng beside Liu Yimei, frowned, and said: "Junior sister Liu, you know the rules of our Tianming Department. You cannot bring outsiders in. Aren't you afraid of being punished?"

Liu Yimei explained: "Senior Brother Song doesn't know that the Ye Feng next to me was personally told by His Highness Young Siming to let him enter the Tianming Division to learn magic."

With that said, Liu Yimei pointed to the token in Ye Feng's hand and said, "Senior Brother Song, look, His Highness Shao Siming gave all his personal tokens directly to Ye Feng."

The young man in blue robe saw the purple gold token in Ye Feng's hand, which was indeed Shao Siming's personal token.

However, this Senior Brother Song not only did not express understanding and awe, but instead showed a deep jealousy in his eyes.

What no one knows is that in his heart, Senior Brother Song has always had a deep admiration and love for the noble and beautiful Young Highness, Young Siming.

So at this time, I saw that Shao Siming's personal token was actually given to a strange man. Moreover, this man was not from the Tianming Department, but an outsider. He looked dressed in civilian clothes and seemed to have no identity.

This made Senior Brother Song feel more and more unbalanced in his heart. Did Shao Siming have a bad brain? He was so kind to an unknown boy?

The fire of jealousy surged in Senior Brother Song's heart. He smiled coldly, stared at Ye Feng, and said: "The token in this boy's hand is indeed the personal token of His Highness Shao Siming, but how do I know if this token belongs to this boy?" Stolen?"

Hearing this, Liu Yimei couldn't help but her expression changed immediately, and said: "Senior Brother Song, this token was really given to me by His Highness Shao Siming personally and asked me to give it to Ye Feng."

"Shut up!"

Suddenly, Senior Brother Song shouted loudly, and two green soul lights appeared in his eyes, instantly knocking Liu Yimei back invisibly.

Liu Yimei's face suddenly turned a little pale, her body couldn't help but trembled, and her soul was traumatized.

Obviously, in the Tianming Division, the means of attacking each other are to directly attack the soul.

An injury to the soul is definitely much more serious than an injury to the body.

"Liu Yemei!"

Seeing Liu Yemei's pale face, his soul obviously hurt, Ye Feng's eyes suddenly changed.

He immediately stared at the young man in blue robe opposite, his face became extremely cold, and said: "My friends and I have no enmity with you, why do you suddenly take action against us?"

Senior Brother Song sneered and said: "Because now I suspect that you are a thief who stole the personal token of our Tianming Division's distinguished Young Master, His Highness, and want to steal the inheritance of our Tianming Division. Today I will You, the thief, will be caught, and then you will be suppressed on the spot, and your cultivation will be destroyed, so that you will no longer cause harm to the world!" "Are you an exception?"

Liu Yemei, a female disciple of the Tianming Department, looked at Ye Feng with a confident smile on his face, and his face showed surprise.

She didn't understand Ye Feng's words, so she asked helplessly: "Ye Feng, are you talking nonsense before you wake up? What do you mean?"

Today I will catch you thief and suppress you on the spot, destroying your cultivation so that you will no longer cause harm to the world!"

Chapter 1712 Blind Man

What Senior Brother Song said at this time made both Ye Feng and Liu Yimei change their expressions.

Because almost everything Senior Brother Song said was slandering Ye Feng.

But the other people on the field now are all warlocks from the Tianming Department, and naturally they will not speak for an outsider like Ye Feng.

Moreover, Senior Brother Song has a very high status in the Tianming Division. Even if other Tianming Division Warlocks knew that Senior Brother Song was slandering others, they would not come forward.

So at this moment, Senior Brother Song stared at Ye Feng with a controlling smile in his eyes, as if to say: I've got you, boy.

Liu Yimei wanted to say something.

But at this time, Ye Feng stretched out his hand and pulled Liu Yimei back.

"Let me do it."

Ye Feng said softly, and then stood in front of Liu Yimei, facing Senior Brother Song not far ahead.

Liu Yimei's eyes were filled with worry. Although she knew that Ye Feng was a fellow practitioner of Soul Martial Arts, Ye Feng was mainly focused on Martial Arts after all, and he might not be very good at Soul Arts.

You must know that their opponent at this time, Senior Brother Song, is a very powerful Soul Dao master in the Tianming Division, and he has mastered many Soul Dao techniques.

Therefore, Liu Yimei was very nervous about Ye Feng's safety at this time.

But now she has no chance to escape and report to His Highness Young Siming.

He could only watch Senior Brother Song walking towards Ye Feng step by step.

"Eye of Peering into the Void!"

Senior Brother Song suddenly shouted loudly, and two turquoise rays of light were instantly released from his pupils, as if they could penetrate the Nine Nethers and directly attack people's souls. Liu Yemei was hit by this attack just now, and his soul suffered. trauma.

"Little tricks."

Nine Nethers reach the Third Eye!

Ye Feng immediately released the fusion move of Divine Eye of Creation and Nine Nether Sky Eye.

"boom!"

"boom!"

Almost at the next moment, Ye Feng's pupils suddenly burst out with two red laser beams, which collided with Senior Brother Song's two cyan beams.

"Boom!!"

The entire field immediately erupted with a terrifying energy collision.

"What? This kid actually practices this kind of pupil technique, and it seems to be on par with Senior Brother Song's?"

At this moment, the other Tianming Division disciples around them couldn't help but have a trace of horror in their eyes.

They never thought that a young boy who looked ordinary could actually possess such a powerful pupil technique and be able to release a terrifying soul attack light.

"Soul Emperor Seal!"

Suddenly at this time, Ye Feng directly used the Soul Emperor Seal, frantically agitating his huge soul power, and blessing the power of the Nine Nether Sky Eyes to the maximum extent.

"boom!!"

Almost at this moment, the crimson laser released from Ye Feng's eyes was like taking gunpowder for an instant, shining brightly in an instant, directly shattering the cyan divine light that was fighting against it, and then two The crimson laser directly hit Senior Brother Song's eyes.

"Pfft!"

The crimson laser pierced both of Senior Brother Song's eyes at once, and penetrated through the back of his head.

"ah!!"

Senior Brother Song's eye sockets were pierced immediately, becoming two big holes, and his eyes were pierced and shattered by the red laser.

He immediately let out a roar of great pain.

"Boy! You crippled my eyes? You crippled my eyes?! You deserve to die!!"

Senior Brother Song let out a desperate roar, his tone filled with a series of complex emotions such as anger, fear, and panic.

Obviously, for him, the proud man of heaven, he originally thought he could kill the opponent easily.

But in the end, his eyes were pierced, and he became a blind man from then on, which was equivalent to being directly disabled.

"No! I won't give in!!"

Senior Brother Song screamed miserably, rolling and roaring on the ground.

But at this time, no one came forward to sympathize.

Because this Senior Brother Song has no background to begin with.

And he often relies on his status as one of the top ten disciples of the inner division to dominate and bully newcomers.

So at this time, Senior Brother Song was deposed by Ye Feng, and no one stepped forward to seek justice for Senior Brother Song.

Moreover, there is no justice that can be administered. After all, anyone with a discerning eye can see that this Senior Brother Song brought the blame on himself. He was clearly jealous of the personal token in Ye Feng's hand, so he targeted Ye Feng.

But Tianming Division has Tianming Division's rules after all.

"This boy crippled Senior Brother Song and made Senior Brother Song a blind warlock from then on. I am afraid that the law enforcers in the Tianming Division will be furious. They will arrest this boy in white and throw him into the imperial city prison, where he will be imprisoned for dozens of people. It's possible every year."

At this time, many Tianming Division disciples around him couldn't help but make comments.

Ye Feng turned around, looked at Liu Yemei beside him, pulled her and said: "Let's go, there is nothing to see here."

Ye Feng knew that both Da Siming and Shao Siming knew his true identity.

You shouldn't be embarrassed

Has.

After all, this Senior Brother Song was jealous of him and killed him.

With both emotion and reason, Ye Feng is not afraid of others confronting him in court.

At this time, Ye Feng looked at Liu Yemei beside him, looking at the woman's worried eyes, he couldn't help but smile and said: "Are you worried about me?"

Liu Yemei sighed and said: "Ye Feng, Ye Feng, can you still laugh? Although this Senior Brother Song has no background, he is one of the top ten internal disciples of our Tianming Division. You have disabled his eyes. If Senior Brother Song becomes blind from now on, I'm afraid our law enforcers from the Tianming Division will come to trouble you. "

Ye Feng shrugged and said, "I already have enough troubles, and I don't care about a few more."

Liu Yemei could only sigh helplessly when she saw Ye Feng's attitude of not being afraid of boiling water.

But then, Liu Yemei's beautiful eyes flashed slightly and said: "Ye Feng, I really didn't notice that your soul method is also hidden."

Ye Feng shrugged and said casually: "I have indeed practiced a special pupil technique, which is very powerful. At that moment, I suddenly increased my strength in order to seriously injure Senior Brother Song at once and take advantage of him to look down on me. , catch him off guard, otherwise I won't be able to win when that Senior Brother Song uses all the magical spells of your Tianming Division, and I will have to deal with it in a panic. "

Liu Yimeimei heard this and agreed very much: "Ye Feng, you are so smart and powerful."

Ye Feng smiled and said: "Then you should serve me well and introduce more powerful and wonderful destiny magic spells to me. When I learn a lot of soul magic spells and become a great soul magician, I will Tianming Division, I will protect you, no one will dare to bully you."

Hearing this, Liu Yimeimei's beautiful eyes sparkled and she said with a smile: "Okay, I will serve you Ye Feng well. I can serve you however you want me to."

Chapter 1713 Soul Blade

What happened next did not develop as everyone imagined.

The law enforcers in the Tianming Division did not deal with the fight between Ye Feng and Senior Brother Song at all.

After Ye Feng selected some wonderful spells, he left the Tianming Department safely.

And Senior Brother Song became blind. He cried for a long time but no one cared about him. He could only emit soul power as his third eye and groped his way back to where he lived silently.

After Ye Feng left the Tianming Division, his storage spirit ring contained several wonderful books on soul magic. He was quite happy and walked in the wind, returning to his luxurious private manor. .??.??

Ye Feng walked into the gate of the manor and saw the sea-viewing monk and young Aling practicing silently on a garden lawn not far away.

Monk Guanhai holds a purple-gold Hunyuan stick in his hand and is performing a stick technique, which should be a martial art tailor-made for him by the demon. The Buddha's light shines all over his body and he looks quite sacred.

And the young man Aling, with purple hair and purple eyes, exuding a faint purple divine light, sat cross-legged and breathed in. With every breath, the air of a unicorn mentality wafted out from his nostrils. It looks very magical.

Both of these two people have infinite potential, practice very quickly, and the innate energy in their bodies is slowly being activated.

At this time, Ye Feng came over, and the two of them stood up, clasped their fists at Ye Feng and said, "Sir!"

Ye Feng nodded slightly and said: "You continue to practice and strive to become the pillar of this large manor as soon as possible."

Monk Guanhai and young Aling both had eyes full of fighting spirit and said respectfully: "Don't worry, sir! We will definitely work hard to practice!"

The two people's respect for Ye Feng came from the bottom of their hearts.

It was Ye Feng who ordered the demon to select the two of them from countless refugees, gave them good food and drink, and also taught them the method of cultivation, making them masters.

This kindness of knowing each other was naturally deeply imprinted in the hearts of the two of them.

Ye Feng was quite satisfied with the two people's practice. After saying a few words of encouragement, he returned to the main hall of the manor alone.

Buzz!

r\u003e

A demonic figure dressed in red appeared next to Ye Feng.

She spoke in a respectful tone: "Master, Gu Bingling, the sixth lady from Prince Qin's Mansion, came here this morning and seemed to want to find you, Master, but Master is not here, so I asked her to leave first."

Ye Feng nodded and said, "What's wrong with her?"

Youmei said: "She left a message: The old master of the gym wants to discuss something important with you."

Ye Feng's eyes flashed, and then he said: "I understand, you can go down."

"Yes, Master."

The charming figure in red disappeared into the void.

At this time, Ye Feng was lost in thought.

Then the sage Old Master in the gym is looking for me?

It seems that this is the first time that the other party has taken the initiative to find me and asked Gu Bingling to send a message. It seems that the matter is very important.

"Uh-huh!"

Ye Feng immediately stood up in the hall and walked outside.

Soon he walked out of the imperial city and walked deep into the wilderness.

And just when Ye Feng left the imperial city, a group of masters wearing black armor and black masks followed Ye Feng in an instant.

This group of masters, including dozens of them, were strong and strong, exuding a murderous aura. They were obviously strong men in the army. They had participated in battlefield killings and were very terrifying.

Half an hour later.

Ye Feng walked among the mountains.

"Uh-huh!"

"Uh-huh!"

Suddenly at this moment, a large group of masters wearing black armor and black masks on their faces, like well-trained soldiers, instantly pulled out the long knives at their waists and started to kill Ye Feng. .

This group of people doesn't have any nonsense, nor any unnecessary actions. The moment they make a move, it's a killer move.

Ye Feng was not given time to react.

But is Ye Feng an ordinary person?

His soul power is very powerful, and he has actually sensed this group of powerful ambush people for a long time.

"Twenty-six well-trained iron-blooded soldiers, and they are all martial arts masters in the true god realm. It seems that you were sent by Lord Tianying to kill me."

At this moment, Ye Feng instantly jumped into the sky, looked down at the group of iron-blooded soldiers below, and said aloud.

The last time Tian Yinghou came to the Night Watch headquarters, he wanted to catch Ye Feng and suppress him, so as to avenge his son.

But in the end, Ye Feng forced Tian Ying Hou back with two swords, causing Tian Ying Hou to lose his face.

In the end, the commander appeared and squeezed out all the Divine Eagle Beast Cores from Tian Yinghou.

This made Marquis Tianying feel gloomy and wanted to take revenge on Ye Feng crazily. After all, he did not dare to take revenge on the commander-in-chief.

Ye Feng could guess from the identities of these iron-blooded soldiers that they were powerful and well-trained warriors under the command of Tian Yinghou.

"Kill him as soon as possible!"

Sure enough, after hearing Ye Feng's words, the eyes of a group of iron-blooded soldiers changed, and then they shouted loudly and burst out with terrifying killing power.

"boom!!"

In an instant, the terrifying murderous intent, wrapped in the light of the sword that chopped everything, overwhelmed the sky and covered the earth. Ye Feng was surrounded in an instant, and there was no way to escape.

An armored soldier sneered: "All your escape routes are blocked by us, you can't escape."

Ye Feng grinned at this time and said: "Escape? Who said I was going to escape."

"boom!"

Ye Feng instantly took out the Night Watchman's silver long knife from the storage ring and directly slashed out the cursed tyrant sword.

"Boom!!"

In an instant, the earth-shaking sword light burst out from the long sword in Ye Feng's hand, traversing the entire sky.

Along with a huge roar, dozens of iron-blooded soldiers were knocked back one after another.

"Sir Shinjia's skills are indeed extraordinary. He is worthy of being a young martial arts wizard who can force our Lord Marquis back with two swords."

A leading armored soldier spoke out, but then he sneered: "But how many more slashes can you make? Will you be exhausted with the second slash?"

Ye Feng suddenly smiled sarcastically at this moment and said: "In addition to the martial arts energy, I also incorporated the power of the soul blade with the sword just now. Don't you think there is something wrong with your soul?"

Soul Blade.

It is a soul magic method that Ye Feng obtained from Tianming Division.

It can be integrated into one's own martial arts sword light, causing invisible damage to the enemy's soul.

"What?"

After hearing what Ye Feng said, the eyes of a group of dozens of iron-blooded soldiers changed.

Because they did feel the huge pain in their minds and spirits, as if their souls had been cut off.

"ah!"

"ah!"

Accompanied by miserable howls, the armored soldiers fell one by one.

This group of elites in the True God Realm never thought that Ye Feng's sword attack just now, which seemed to be extremely ferocious, was actually just to deceive others.

The real killing move is the "soul blade" hidden in this sword energy, which can instantly crush the warrior's soul.

"Bang!"

"Bang!"

"..."

At this moment, more than twenty elite soldiers of the true god realm fell to the ground one after another. Their souls were damaged. No matter how strong their bodies were, they could not hold up and fell one by one.

Ye Feng looked at the dozens of True God Realm warriors lying on the ground struggling, with a dark light in his eyes: "These are all the best of the best, with strong martial arts skills, Tian Ying Hou, Tian Ying Hou, You are here to bring me nourishment for martial arts practice."

The next moment, Ye Feng no longer hesitated, and instantly grabbed it with his big hand. Countless dark swallowing vortexes appeared on the field, wrapping all the soldiers and began to crazily devour their pure skills!

Chapter 1714 Meeting of Gods

"Boom boom boom..."

At this moment, huge and pure warrior skills were injected crazily into Ye Feng's body.

Ye Feng's skill at this time is growing rapidly.

You know, these are dozens of true god level warriors.

Moreover, all of them are iron-blooded soldiers struggling on the battlefield. Whether it is martial arts skills or the life essence contained in their bodies, they are all extremely powerful.

So this time, Ye Feng no longer suppressed his devouring power, and he was not afraid of strong men spying on him in this wilderness.

Therefore, at this time, Ye Feng madly released the devouring vortex.

Buzz!

The endless darkness swallowed the whirlpool, shrouding all the elite warriors of Tian Yinghou.

This group of warriors who ambushed Ye Feng were all masters among masters, the best among the best.

But their souls were severely damaged and were almost split into pieces by the Soul Blade.

So at this time, they were completely powerless and unable to resist. They could only watch their bodies collapse and roar in fear.

"My life essence is draining away!"

"My skill is also dissipating rapidly. That is the boy's skill that I have practiced for thirty years!"

"No! I don't want it! I don't want to become a useless person and die miserably!"

...

At this moment, the faces of the iron-blooded soldiers dispatched by Lord Tianying suddenly became extremely frightened.

These soldiers were able to fight on the battlefield without changing their color even when they saw the bloody scenes that looked like Shura Hell.

But at this moment, they watched helplessly as they slowly lost their strength, their life essence was drained out, and they slowly died.

This feeling is really torturous.

Dozens of strong men in the True God Realm, decisive warriors, were completely defeated by Ye Feng's terrifying devouring method at this moment.

"Help!!"

They screamed in fear and even cried uncontrollably.

But all in vain.

They chose to ambush Ye Feng in this uninhabited wilderness, and it can only be said that they suffered at their own peril.

In the end, there were dozens of corpses on the ground, shriveled up and losing all their vitality.

At this moment, Ye Feng immediately felt that there was a terrifying and boundless power stored in his body.

That is the source of power for dozens of peak True God Realm warriors!

"boom!"

A brand new and huge martial arts momentum burst out in Ye Feng's body in an instant.

Spreading in all directions, shaking the world, causing the surrounding earth to crack and crack.

Ye Feng's cultivation aura is constantly rising!

"boom!"

"The sixth level of the Great Dao Realm!"

"boom!"

"Seventh level of the Great Dao Realm!"

"boom!"

"The eighth level of the Great Dao Realm!"

"boom!"

"The Ninth Level of the Great Dao Realm!"

"boom!"

"The tenth level of the Great Dao Realm!"

"boom!"

The terrifying power has not stopped yet and is still surging in Ye Feng's body.

"Do you still want to

breakthrough? "

Ye Feng himself was shocked.

It seems that the warriors of the Primordial Divine Dynasty, warriors in such high-end cultivation areas, have extremely high-quality skills and are very powerful.

"boom!"

Another burst of martial arts aura erupted from Ye Feng's body.

"Half-step to the realm of true gods!"

boom!

"First level of True God Realm!"

boom!

"Second Heaven of True God Realm!"

boom! !

"Third Heaven of True God Realm!!"

Finally, the martial arts skills and life essence of dozens of warriors were refined.

This allowed Ye Feng to achieve a huge leap in cultivation.

Directly from the fifth level of the Great Dao Realm, he suddenly broke through to the third level of the True God Realm!

This breakthrough speed is very terrifying.

"Qiang!"

At this time, Ye Feng pulled out the long knife from his waist and slashed at the ground in front of him, directly chopping dozens of masters under the command of Tian Yinghou into flying ash.

The death of these dozens of masters is very strange. Their bodies are shriveled and they have lost all their life essence. They must not be seen by others, otherwise they may attract the attention of many strong men and they may become suspicious of themselves. That would be troublesome.

At this time, it is the simplest way to chop everyone into flying ash with one knife. The corpses will be destroyed and no traces will be left, leaving no trace.

"Uh-huh!"

Ye Feng, who had broken through to the third level of True God Realm, was quite happy at this time.

This time Tian Yinghou gave himself a "big gift".

Will definitely return it if I have the chance.

Uh-huh!

Ye Feng jumped up and flew towards the distance.

Soon, Ye Feng came to a familiar place.

Among the mountains, on the mountainside, a dilapidated gym stood there, as if isolated from the world.

Ye Fengfei arrived in front of the gym and immediately saw a group of rabbit spirits studying books inside.

"Brother Ye Feng is here?"

"Brother Ye Feng, did you bring us anything interesting this time?"

A group of rabbits transformed into little girls and gathered around Ye Feng, chattering.

Ye Feng looked at a group of innocent and cute bunny girls, took out a lot of unofficial history books with strong stories from the storage rings, and distributed them to a group of girls who had not grown up.

"Thank you, brother Ye Feng!"

A group of little girls immediately ran to the side happily and started reading.

Ye Feng walked into the gym.

In the middle of the gym, a dilapidated stone statue of a saint stood there.

At this time, Ye Feng walked up to the stone statue and said, "Senior, you asked me to come here immediately. Is there anything particularly important?"

Buzz!

The dilapidated stone statue suddenly emitted a layer of sacred light.

The shadow of the old master came out of the stone statue.

His body exudes an unfathomable majesty of a saint, which is sacred and grand.

Obviously, this old master is hiding

Being in this dilapidated gym does not mean that all his power has disappeared. He seems to be silently accumulating strength.

The old master smiled and said: "Ye Feng, how is your recent practice of Haoran Zhengqi Jue?"

Ye Feng clasped his fists slightly and said: "With a little bit of success, I can pronounce words and give them the power of literature."

When the old master heard this, his eyes lit up and he said, "Oh? Then your cultivation speed is very fast. For a person who has never been exposed to literature and art, your achievements are already very good."

Ye Feng asked aloud: "Senior asked me to come this time. Is there anything important?"

When the old master heard this, he stared at Ye Feng and said slowly: "It has been a long time since you and I met. Now I will tell you a secret. I have formed a very special organizational force called the 'Shenming Association'." ' ', I personally selected various special talents with different identities and talents. Ye Feng, you are the ninth and the last member of the Divine Society that I want to select. There are nine people in total, representing the ninety-nine. The supreme meaning."

Ye Feng's eyes suddenly moved and he said: "What is the purpose of the Gods Association established by the senior himself?"

The old master hesitated for a moment, and then said: "The purpose is very simple, to seize the imperial power and luck of the ancient divine dynasty, let the nine of us in the divine society share it, and connect them together to form the Nine-Nine Supreme Method, so as to ascend to the divine world!"

Wow!

The moment the old master finished speaking, Ye Feng immediately fell into shock.

At this time, he finally understood why the old master wanted to treat him so well. It turned out to be to cultivate the power he had established.

This force, together with the old master, has a total of nine people. They are all people with different identities and different talents. They have formed together in an attempt to use a method of ninety-nine supremes to seize the imperial power and great fortune of the prehistoric dynasty, thereby allowing the nine people to Ascend to the divine realm.

This goal can be said to be very ambitious.

Ye Feng stared at the old master and said, "Does Gu Bingling know?"

"have no idea."

The old master shook his head and said, "Although that girl has good talent, she is still too ordinary compared to the entire world of talents."

Ye Feng smiled and said: "Then am I so extraordinary here? I asked senior to tell me all his biggest secrets."

The old master stared at Ye Feng and said very seriously: "Ye Feng, although your talent is not the most evil one I have ever seen, it is the strangest one I have ever seen, because your methods and talents are too complicated. Even I couldn't see through it for a while."

Ye Feng nodded and said, "Okay, I'll join."

The old master was stunned and said: "Decided so quickly? You have to know that joining the Society of Gods will be a serious crime of treason in the future and betraying the imperial power."

Ye Feng shrugged and said: "I originally had a very casual view of imperial power. The strong are respected. As long as it can make me stronger, it doesn't matter what the imperial power is or not."

The old master stared at Ye Feng with burning eyes and said, "I did see you right!"

Ye Feng said: "So, there are nine people in the Divine Society?"

The old master said: "That's right, you are the ninth and the last person. From now on, your code name will be 'No. 9'. As the founder, I am the president of the Shenming Association, and I am also 'No. 1'. You can call me Hui Either long or one size is fine."

Ye Feng asked: "Where are the others? They must be very extraordinary if they can enter the eyes of the seniors."

The old master said: "Yes, they are all geniuses, and some of them have very special identities, but I can't tell you the specific identities of others, including your identity, and I won't tell other members, then my The original intention is to establish an association of gods that can help each other, just like a Datong society. People are not judged by their status. Everyone can communicate and help equally. If the status is known, it will not be beneficial to each of them. "

Ye Feng nodded and said: "Indeed, the senior's approach is correct. In this case, the other members must be scattered all over the world. So how should we communicate with each other and help each other?"

The old master smiled and said: "I have used my great supernatural power to secure the entire Shenxu Realm. No other soul masters can enter the Shenxu Realm. Only those selected by me can enter the Shenxu Realm with their souls."

When Ye Feng heard this, he was immediately surprised.

He suddenly remembered that he had entered the Shenxu Realm a long time ago, but found that there was no one in the entire Shenxu Realm. It turned out that the old master had reserved the place.

And the fact that he was able to enter at that time meant that the old master had secretly chosen him.

As soon as he thought about this, Ye Feng immediately became more and more frightened by the shadow of the saint's will in front of him.

Even if this old master only has an afterimage of his will left now, his methods are probably extremely terrifying.

Maybe it is an existence that can compete with the top and most powerful people in the prehistoric dynasty.

However, the old master did not directly enter the imperial city to provoke the Primordial God Dynasty. It seems that his strength is still much lower than that of the entire Primordial God Dynasty.

After all, after the prehistoric dynasty established the world, it developed for thousands of years and reached its peak of prosperity.

Ye Feng looked at the old master at this time and said loudly: "Only nine people from our Shenming Association can enter the Shenxu Realm. So, as long as I enter the Shenxu Realm, the people I meet will definitely be from the Shenming Association."

The old master smiled and said: "Yes, but not everyone will be in the Shenxu Realm at any time. Everyone has their own things and is very busy. Only when something big happens, they will go online to the Shenxu Realm to communicate and help each other."

Ye Feng nodded and said, "I understand."

It is indeed a wonderful idea for the old master to book the entire Shenxu Realm.

Because no matter where the major members are, they can let their souls enter the Shenxu Realm at any time, regardless of the real distance limit, and the major members can gather together to communicate directly.

Ye Feng thought for a while and suddenly said: "I won't be able to come here for a while. I have something to communicate with in the Shenxu Realm, because I want to lurk into the Shenchao Palace to help the commander find a book called 'Twilight of the Gods'." Cheats."

Ye Feng deliberately revealed a bit of information, just to see if he could get some information and secrets about the supreme secret book "Twilight of the Gods" from the old master.

After all, Ye Feng couldn't get any useful information from the commander. The commander just asked Ye Feng to steal the supreme secret book of the demon clan.

When the old master heard what Ye Feng said, he couldn't help but look surprised and said: "Twilight of the Gods? It seems that the commander of your night watchman is approaching the critical moment of the decline of the five gods and humans. He wants to start from the Twilight of the Gods, the demon clan." In the supreme secret book, you can understand the secret of breaking through the constraints of the five degenerations of heaven and man."

Chapter 1715 Coming to the door

"The Five Decline of Heaven and Man?"

Ye Feng couldn't help but reveal a strange look in his eyes when he heard what the old master said.

He had heard the term "Five Declines of Heaven and Man" before, but only by ear. It seemed to represent something very terrifying.

Ye Feng couldn't help but ask: "Senior, do you mean that the Night Watch Commander is in a difficult situation now?"

The old master nodded first, then shook his head, and said: "The five declines of heaven and man are not just a dilemma, but a state of complete transformation of human beings. As long as we can break through the five declines of heaven and man, we can Completely sublimate your spirit and body, and then enter a new level, a great level."

At this time, the old master said, there was a kind of yearning and longing in his tone.

Ye Feng's eyes flashed slightly, it seemed that the Marshal's realm was indeed very extraordinary.

The "Twilight of the Gods" book he asked himself to steal may record the key points that can allow the commander to break the situation.

The old master said: "The five declines of heaven and man represent the five meanings of death, decay, decay, destruction, and destruction. They are the most wonderful state, or realm, in the journey of spiritual practice."

Ye Feng's eyes moved and he asked: "Senior, can you tell me the next level of cultivation?"

The old master nodded and said: "Start with your current level of cultivation, the True God Realm, and continue to the Immortal Realm, Myth Realm, Supreme Realm, Daluo Realm, and Chaos Realm."

Having said this, the old master paused and said: "The realm of chaos is already the highest level in the universe. After the realm of chaos, there is the state or realm of the five declines of heaven and man. This period of time is the most advanced stage for a practitioner. It is a difficult and most terrifying stage, but at the same time, it is also a state of breaking out of the cocoon and becoming a butterfly. As long as the practitioner can survive the five declines of heaven and man, the practitioner can sublimate in all aspects from the inside to the outside, thereby touching the legend. Only by touching the mysterious and mysterious ladder can practitioners break through the constraints of the heavens and the universe and ascend into the legendary world of gods."

Ye Feng was very surprised and said: "It is so difficult to enter the God Realm? But why I heard that the Lord Martial God of the Martial Arts Temple can resist the God Realm's attack on the ancient dynasty with one person's power."

"Shit."

The old master cursed a rare curse word, and then said disdainfully: "That is just a way for the emperor of the Ancient God Dynasty to whitewash peace. In order to make the people of the world feel at ease under his rule, the God Realm did take action against the Ancient God Dynasty. But they are just some trash fish in the God Realm, not very powerful. The real big names in the God Realm don't care about our universe at all, because the God Realm is the origin of the cultivation of all things, and the prehistoric continent is so vast and endless. , is just a fragment that fell from the God Realm back then. In the real God Realm, every big shot can create a brand new universe at any time."

When Ye Feng heard what the old master said, he felt that his world view had once again been infinitely magnified.

It turns out that it is not as Gu Bingling, the sixth lady of Prince Qin's palace, said, Lord Martial God is omnipotent. He can resist the intervention of the divine world by himself. It is just a means used by the emperor to whitewash peace and calm the people's hearts.

In fact, the truth is that the real big figures and powerful forces in the divine world have not paid much attention to the universe in which they live.

The old master saw Ye Feng deep in thought,

As if he was afraid that Ye Feng would think too much, he couldn't help but said: "That's why I want to create the Gods Association. In addition to gathering a group of people with great luck, the ultimate goal is that we can ascend to the God Realm together and no longer suffer from this small... You must know that once there is some kind of extremely evil big man or big force in the God Realm that notices the universe we live in, it may launch a terrifying cosmic war. At that time, even the prehistoric divine dynasty This kind of unified divine dynasty cannot withstand the butcher's knife from the divine realm. Therefore, if we can ascend to the divine realm as soon as possible and become a part of the divine realm, then we will be truly safe, because the divine realm is truly immortal. Existing in the mythical dimension, it lasts forever and is not imprisoned by fate or time."

Ye Feng nodded, and his understanding of the divine world became much clearer again.

But no matter what, the key is to survive in the Ancient God Dynasty first.

Ye Feng knew that the reason why the old master confessed to him tonight was not only the luck talent he valued, but also his identity.

He is the night watchman of the ancient dynasty and the popular figure in front of the commander. The old master wants to steal the imperial power and fortune of the ancient dynasty, so he plays a huge role in him.

As for whether he really wants to steal the destiny of the emperor, Ye Feng can only take it one step at a time.

After all, both the Night Watch Commander and this mysterious Old Master Saint are both thighs and need to be held.

Especially if you join the Society of Gods, you will get help from other children of luck at the same level as yourself.

This is the reason why Ye Feng did not hesitate to join the Shenming Association.

His real purpose is to strengthen himself.

As for other grand ambitions, they are still too far away for Ye Feng.

On the way back to the imperial city, Xiao Yao spoke out in the Queen's Picture: "Little Ye Zi, I think that old master is just deceiving you by saying so much. No one in the God Realm has ever really come into contact with it, it only exists in legends."

Ye Feng nodded slightly and said: "I would rather believe that it exists than believe that it does not exist. In any case, it will be helpful for me to join the gods now."

Xiaoyao teased: "In that case, little Yezi, aren't you now in two boats? Aren't you afraid that you will capsize?"

Ye Feng smiled and said: "These two ships are just a passing thing to me. My real purpose is to use all possible means to improve my own strength, whether it is the old master with ulterior motives or the ruthless emperor." I will not really give in to the gods, or to the night watchman who occasionally treats me as a tool. I can hold my thigh, but I will not be a licking dog, because in the end, nothing will be left. "

After the words fell, Ye Feng chuckled, jumped up, and disappeared under the night.

Half an hour later, Ye Feng returned to the imperial city and walked straight to the private manor in the wilderness of the inner city.

Here he saw an acquaintance.

A peerless beauty stands under the moonlight, looking holy and hazy, both real and illusory, intoxicating.

"Fox Fairy An Miaoyi!"

Ye Feng's eyes suddenly widened, and a huge sense of crisis and coldness arose in his heart.

This one of the seven great demons in the world who colluded with the queen actually did not escape from the imperial city, and even came to the door! "The Five Decline of Heaven and Man?"

Ye Feng couldn't help but reveal a strange look in his eyes when he heard what the old master said.

A peerless beauty stands under the moonlight, looking holy and hazy, both real and illusory, intoxicating.

"Fox Fairy An Miaoyi!"

Ye Feng's eyes suddenly widened, and a huge sense of crisis and coldness arose in his heart.

This one of the seven great demon immortals in the world who colluded with the queen actually did not escape from the imperial city, and even came to find him!

Chapter 1716 Fox Fairy

Fox Fairy An Miaoyi suddenly appeared at the door of his private manor. This was something Ye Feng didn't expect at all.

Ye Feng never thought that he had always been afraid that this fox fairy would cause trouble for him, but he didn't expect that he would actually come to his door. This would be a big trouble.

Ye Feng knew that the fox fairy An Miaoyi had tens of thousands of levels of soul power.

His soul power is countless times stronger than his own.

Even if he is a fellow soul martial artist, there is absolutely no way he can be the opponent of one of the seven great demon immortals in the world.

However, according to the intelligence among the night watchmen, the fox fairy An Miaoyi was jointly killed by the top ten golden armored night watchmen and suffered heavy losses. Her current strength may have fallen to a low point.

But no one can be sure about this kind of thing. After all, this fox fairy An Miaoyi is the top master in the demon world.

How can a being who can collude with the empress in the palace today be an ordinary person?

Almost at this moment, Ye Feng immediately became extremely vigilant and said, "Miss An Miaoyi, I wonder what you are doing here?" .??.

An Miaoyi, the fox fairy, stared at Ye Feng with a pair of eyes that seemed to be able to enchant the common people. She spoke softly, as if she was not here to seek revenge.

She said aloud: "I didn't expect that a small staff member in the Qin Prince's Mansion could get to where he is today. Mr. Ye, I didn't expect that I would be wrong one day."

Ye Feng smiled slightly and said: "First of all, thank you Miss An Miaoyi for your compliment. Secondly, if Miss An Miaoyi has anything to do, you can tell me directly."

Ye Feng said at this time, all the energy and spirit in his body were condensed together.

At this moment, Ye Feng was almost ready to reach his peak.

My soul and body are at a level of concentration.

Once An Miaoyi attacks him, Ye Feng can react instantly and give the opponent a fierce attack instantly.

But the next moment, An Miaoyi showed a beautiful smile and said: "It seems that Mr. Ye is very guarded against me. He speaks with an edge and evil spirit. To be honest, it doesn't matter between you and me. "What's the grudge? What you ruined was the Queen's plan, and it has nothing to do with me. I just helped her check something out that night."

Ye Feng said calmly, "But it was because I revealed your identity to the commander-in-chief that the commander-in-chief uprooted you and the queen. You were even seriously injured."

He was seriously injured, and these four words were bitten hard by Ye Feng.

He was also warning the fox fairy An Miaoyi not to try to attack him, otherwise he would not be a vegetarian.

Although I can't fight against the peak fox fairy, but you are seriously injured now, then I have a chance.

An Miaoyi obviously knew this. She hid the murderous intent in her eyes, and then sighed, "Actually, I want to hate you, but I also want to thank you."

Ye Feng was a little surprised and said, "Oh? Miss An Miaoyi, what do you want to thank me for?"

An Miaoyi smiled and said: "I was only forced to help the Queen, but now you let the Night Watch Commander temporarily defeat the Queen, which made His Majesty furious and sent the Queen to the cold palace. The Queen can no longer interfere with the gods of demons. If the queen wants to order me to do anything, then I can be considered liberated and no longer under anyone's control.

She ordered me. The only thing she wants to think about now is how to calm down His Majesty and release her from the cold palace. "

Ye Feng nodded and said: "That's the truth, but Miss An Miaoyi, you have said so much in front of me now, but your real purpose has not been revealed yet. I am just about to listen."

An Miaoyi made a swish sound and floated not far from Ye Feng, saying: "I suffered a heavy blow, and now the entire city's forbidden army team, night watchmen, criminal department head arresters, etc. are all looking for me and want to beat me up." After entering the prison, I need a quiet and safe place to recover. "

Ye Feng's eyes changed and he said, "You mean, you want to stay here to recuperate?"

An Miaoyi pursed her lips and smiled and said: "Yes, Mr. Ye's luxurious private manor has a good environment, and Mr. Ye himself is the night watchman. It can be said that I am very safe when I live here. No one in the world would think that The Fox Fairy, one of the seven fairies, lives in a private manor owned by a silver-armored night watchman."

Ye Feng's eyes showed a trace of inexplicable color, and said: "Your Excellency Fox Fairy, you also know that I am a silver-armored night watchman. If you live here, are you not afraid that I will report you and let a group of powerful night watchmen take care of you?" You caught it?"

Hearing this, An Miaoyi smiled and said, "I'm not living here for free. If you are willing to take me in temporarily, I will tell you where the book 'Twilight of the Gods' in the queen's palace is and how to do it." To find?"

When Ye Feng heard this, his eyes immediately changed and he said, "You, how did you know that I was going to the palace to look for Ragnarok?"

An Miaoyi smiled and said: "The ten golden-armored night watchmen were not able to seriously injure me. It was your night watch commander who took action, but he only seriously injured me but did not kill me. Do you know why?"

Ye Feng's eyes were shocked and he said: "He kept you just to let you know where the gods are in the Queen's Palace at Ragnarok, because you are very familiar with the Queen's Palace, but why didn't the Marshal catch you and question you personally? What else? Set up a foreshadowing, let me sneak into the palace, and force you to come to live in seclusion with me. "

An Miaoyi sneered and said: "Mr. Ye, our ancient dynasty has regulations for those below. The secrets of demons and evil ways are all forbidden books. They cannot be read, let alone practiced. If they are discovered, even if they are Princes and nobles will also be punished by the laws of the dynasty in an instant. If you, the commander of the Night Watch, don't question me personally, you naturally don't want to get involved in a lawsuit. After all, the Commander of the Night Watch has been in the dynasty for so many years. As a sword in the hand of the emperor, I don't know. He has provoked so many political enemies, so he can't put himself in danger and let others take advantage of him. And you, Ye Feng, are just a small person and no one cares about you, so he let you be a tool to steal Ragnarok from the palace. Give him the supreme secret book of the demon clan."

When Ye Feng heard An Miaoyi's analysis, he felt more and more that the other party was not sowing discord, but that this was the real situation.

However, as a night watchman, it seems quite normal for him to be treated as a tool by the commander-in-chief. Otherwise, why would the commander-in-chief pay so much attention to him? Isn't it just to raise troops for a thousand days and use them for a while.

Ye Feng looked at An Miaoyi in front of him and said: "There is no need to say these words. You can live with me, but we must make an agreement."

An Miaoyi nodded and said with a smile: "Master Ye, you can tell me what the three-part agreement is, I can do it."

Ye Feng said: "First, when you live here with me, you cannot expose any trace of yourself. It is best not to take a step out of the manor. Second, you must tell me all the secrets of the queen's palace, not only including the Twilight of the Gods. For example, other monster treasures or practice secrets. Thirdly, there is a special being in my private manor called Youmei. She is my personal maid and has the same origin as your monster clan. You can guide her practice if you have nothing to do. Teach some powerful demon clan hair techniques."

An Miaoyi stared at Ye Feng and couldn't help but smile helplessly and said: "Master Ye, you really regard me as one of your own. When you tell me to work, you are not ambiguous at all."

Ye Feng chuckled and said: "That's for sure. Miss An Miaoyi is one of the seven great fairies in the world. Naturally, she needs to be used. Otherwise, wouldn't it be a big loss for me? After all, I take you in, even if I get a big Shuai secretly agrees, and I am taking a huge risk. If this news is revealed, I will no longer be able to survive in the imperial city. "

An Miaoyi nodded and said, "Okay, it's all up to you. Whatever Master Ye says, you can do whatever you want."

That night, Ye Feng took An Miaoyi back to the manor and arranged a room for her.

On the way, Ye Feng asked An Miaoyi to tell all the secrets of the queen's palace.

But what leaves Ye Feng a little speechless is that An Miaoyi, the fox fairy, doesn't know much.

But she finally provided some useful information, that is, Ragnarok and some of the queen's treasures that Ye Feng wanted may be under a dry well in the deepest part of the queen's palace.

According to An Miaoyi, the queen ordered someone to dig a dry well in the deep area of her palace. Her treasures were all hidden in the ground under the dry well. There seemed to be a small treasure house.

This is extremely useful news for Ye Feng.

Otherwise, even if Ye Feng lurked in the palace and tried to find the secret book of the demon clan that the commander needed in the queen's palace, it would be like looking for a needle in a haystack.

"It turns out that the commander-in-chief has taken everything into consideration. The city is too deep."

Ye Feng couldn't help but sigh in his heart. Not only was this Night Watch commander's martial arts prowess terrifying, his strategy for the city was as deep as thousands of ravines. He was simply unpredictable. He was worthy of being one of his chosen ones. .

In the private manor, after Ye Feng understood all the situation, he took An Miaoyi to see the demon.

The moment An Miaoyi saw the demon, her beautiful eyes moved slightly, as if she was a little surprised, and she couldn't help but said: "The origin of the demon, the form of a ghost, is indeed a very special existence. This is my first time. I was very surprised to see this state of life."

When Yao Mei saw An Miaoyi, although she didn't know this charming fox fairy, she subconsciously felt the other's nobility, and couldn't help showing fear in her eyes.

Ye Feng quickly introduced: "Yao Mei, haven't you been worried that you have no way to practice? Now I have chosen a good master for you. This girl is called An Miaoyi, and she is an immortal among the monster clan. , is a demon fairy, she will be responsible for guiding your cultivation from now on, you should study closely with her, this is a once-in-a-lifetime opportunity. "

"Fairy?"

Yao Mei was stunned for a moment and quickly saluted respectfully: "It turns out to be Senior Yao Xian!"

An Miaoyi looked at Ye Feng and said, "What happened?"

Let me tell you first, I will only give her some tips on her practice, and will not pass on my true teachings to her, unless she can really make me want to take on a disciple. "

Ye Feng looked at Yaoxian and said: "Work hard and don't let Senior Yaoxian look down on you."

The demon nodded vigorously and said: "Master, this slave will definitely work hard and will never embarrass the master!"

Ye Feng laughed and said: "Okay, next I have to enter the palace. I may not come back for a long time. If an enemy invades my big manor during this period, such as the Yinghou that day, or the Ming Secretary being attacked by me that day, Brother Song who is blind, wait, whenever you encounter a huge danger, you can ask for help from this girl An Miaoyi, she will help solve it. "

At this time, after Ye Feng finished speaking, An Miaoyi rolled her eyes at Ye Feng and said: "Master Ye, I dare you to really regard me as your subordinate. Why do I feel that I came to your manor not to recuperate, but to recuperate?" I'm here to work for you."

Ye Feng smiled slightly and said: "Miss An Miaoyi, we are mutually beneficial. I will provide you with a safe place to recuperate, and you will be responsible for guiding my men and protecting the safety of the manor. This is also good for you. In fact, it is As you said, the grievances between us are just small grudges. We don't need to be so hostile to each other. We can actually become friends. "

When An Miaoyi heard what Ye Feng said, she couldn't help but smile and said, "Master Ye, are you trying to win me over?"

Ye Feng immediately said: "How can my small temple accommodate a giant Buddha like you? Miss An Miaoyi, you are one of the seven great demons in the world."

An Miaoyi saw Ye Feng's deliberately teasing and bragging look, rolled her eyes at him, and then said: "Okay, after talking for so long, I'm tired. I want to rest first. If you have anything to do, I'll wait for you from now on." Let's talk about it when we come back alive in the palace."

Finished.

An Miaoyi's figure moved and disappeared from the place.

At this time, the demon came close to Ye Feng and whispered: "Master, is this the fox fairy empress who caused trouble in the city?"

Ye Feng nodded and said: "Although this is a hot potato, it is also a huge help. I have made a lot of enemies in the imperial city recently. With such a fox fairy in the big manor, I will feel more at ease when I enter the palace. You Mei, you can just learn sorcery and magic with An Miaoyi and perform better. If you can be favored by her and accept you as a disciple, you will make a lot of money. "

The demon immediately said respectfully: "Master, this slave will definitely work hard and will not let the master down."

Ye Feng nodded, then turned and walked towards his room.

A night of silence.

Early the next morning, several bronze armors came to Ye Feng's large manor.

A bronze armor shouted at the door of the large manor: "Master Ye Feng Silver Armor, the commander-in-chief has ordered you to go to the Night Watch headquarters immediately! No mistake!"

Uh-huh!

Ye Feng's figure stepped out of his room in an instant.

He looked at the several bronze-armored night watchmen outside and knew that the marshal was probably planning to sneak into the palace today.

Ye Feng nodded and said, "Okay, I understand, let's go."

Ye Feng walked out of the large manor directly. He did not put on his uniform and silver armor. He just wore a plain white gown and dressed very ordinary. He walked towards the night watch headquarters with the bronze armored night watchmen.

Chapter 1717 Lurking into the palace

When Ye Feng arrived at the Night Watch headquarters, he went directly to the ninth floor pavilion.

In the room on the ninth floor of the pavilion, a handsome man wearing pitch black armor was standing there.

When Ye Feng came up, the commander turned around, looked at Ye Feng through the dark metal mask, and said, "It seems you are ready."

Ye Feng paused in his heart. There was something in the commander's words. It seemed that the commander already knew that he had taken in the fox fairy An Miaoyi.

Ye Feng said: "My subordinates are indeed ready. When they enter the palace this time, they will definitely find the Twilight of the Gods, the supreme secret book of the demon clan, for the commander as soon as possible, and live up to the commander's expectations."

The commander nodded and said, "Okay, then you can set off immediately."

With that said, the Marshal took out a piece of paper from his storage ring and handed it to Ye Feng, saying: "I have forged your identity certificate for entering the palace. You can take this piece of paper and go directly." Just register at the palace office, I have already contacted the organizer there, but after entering the palace, everything depends on your own cleverness. "

Ye Feng nodded, put the document into his storage ring, cupped his fists and said, "Commander, I'm going!"

After saying that, Ye Feng stepped directly out of the ninth floor pavilion, left the Night Watch headquarters, and returned to his private manor.

Ye Feng exchanged for an ordinary gray gown and dressed himself up like a poor boy. He restrained all his sharp edges, and instantly his whole temperament was like that of a man who had just come from the countryside to meet in the imperial city. A worldly young man, silly and honest. .??.

Soon Ye Feng arrived at the palace recruitment office in the center of the imperial city.

"Recruiting eunuchs"

Ye Feng walked to the recruitment office. There was almost no queue here, so Ye Feng quickly met the recruiter.

Ye Feng looked at the recruiter, smiled and handed the piece of paper that the commander gave him to the recruiter.

The recruiter didn't care at first, but when he saw the document in Ye Feng's hand, his eyes were immediately startled, and he quickly whispered: "My lord, please follow me."

Ye Feng smiled and followed the recruiter towards the palace.

At this time, the recruiter spoke up: "Your Excellency, you are an undercover agent sent by the Commander-in-Chief to investigate the collusion between the Queen and the Ten Thousand Demon Kingdom of the Demon Realm?"

Ye Feng smiled and said: "Exactly, in order to conceal my identity, the commander asked me to pretend to be a young eunuch in the palace."

The recruiter immediately clasped his fists and said, "I've really wronged you, sir. I want to serve the country and the people and eradicate the evil."

Ye Feng understood in his heart that the commander's reason for convincing this recruiter was really Wei Guangzheng.

In fact, he came to steal things for the commander.

The recruiter brought Ye Feng to the West Factory, exchanged Ye Feng for a set of eunuch clothes, and reminded him loudly: "Sir, when you enter the palace, everything depends on your own attention. Although the Queen is being Although he is in the cold palace, His Royal Highness lives in the East Palace next to the Queen's Palace area, and there may be many powerful people from the Ten Thousand Demons Kingdom lurking in the Queen's Palace, so you must investigate carefully. "

Ye Feng nodded, smiled and said to the recruiter: "Don't worry, I will pay attention."

After saying that, Ye Feng took the token he had just obtained and walked towards the depths of the palace.

On the way, Ye Feng looked at his appointment document. The boss he was following was called Eunuch Cao. He was the boss in charge of the entire harem area.

eunuch.

Soon Ye Feng came to a large mansion.

This large mansion is very desolate, with fallen leaves everywhere, and the environment looks extremely bleak.

But the moment Ye Feng stepped in, he felt an extremely powerful aura surging deep in the mansion.

"Who is coming? Not everyone can come to my house."

Suddenly a voice sounded.

A tall man with gray hair walked out of the big house.

He looked majestic and upright, not like a eunuch at all.

This person is Eunuch Cao.

Ye Feng immediately stepped forward, clasped his fists in a loud voice and said: "Little Ye Ye, the humble eunuch, is the young eunuch who just entered the palace today. He was assigned to Eunuch Cao by the office. From now on, humble post will belong to Eunuch Cao."

Eunuch Cao stared at Ye Feng with some surprise in his eyes, as if he didn't expect that he would be assigned a young eunuch here.

Eunuch Cao reminded: "Little Yezi, right? You must know that I have a very weird personality and temper. The little eunuchs around me basically run away to death. Are you sure you want to stay here with me?"

Ye Feng sensed the aura of Eunuch Cao early on. It was very strange. He must have practiced some kind of very vicious evil skill.

Although Eunuch Cao looks like a normal person now, it is very likely that when evil powers take hold, he will turn into a murderous maniac.

However, the commander-in-chief asked him to steal the supreme secret book of the demon clan in the queen's palace, so he had to stay under the command of Eunuch Cao, the eunuch in charge of the harem area.

Ye Feng immediately raised his hands and said: "Return to Eunuch Cao, I was assigned here by the office. I don't dare to disobey the orders of my superiors. If I leave now, I will definitely be thrown into prison. The consequences will be It's not something a villain can bear."

When Eunuch Cao saw Ye Feng's persistence, he couldn't help but nodded and said: "My house is usually empty and very desolate. You can choose a house to live in. Your daily task is very simple. Just count the people in the harem area. , and another task is that you must remember to check the entire harem area and don't let those lonely and unbearable concubines wander around, otherwise your Majesty will blame you, and you and I will not get any good results. "

Ye Feng immediately clasped his fists and said, "Yes, Eunuch Cao, I know!"

In this way, Ye Feng settled in Eunuch Cao's house.

In the first few days, Ye Feng was very honest. He did not do anything extraordinary, nor did he deliberately go to the queen's palace to explore the secrets. Instead, he first became familiar with the entire harem area.

After arriving in this harem area for more than ten days, Ye Feng finally decided to take action.

Late that night, Eunuch Cao suddenly left the mansion, not knowing what he was doing.

Ye Feng, who was alone, sneaked out of his room, put on a pair of night clothes, and quickly lurked towards the queen's palace.

Along the way, Ye Feng didn't feel how powerful a master was lurking in the dark.

After all, Ye Feng was in the harem area, where His Majesty the Emperor's concubines were, and there were no powerful men in the palace lurking here.

Soon Ye Feng arrived at the queen's palace. After sensing the situation, he found that there were only some ordinary maids standing outside the palace.

"Uh-huh!"

Ye Feng activated the power of the space gem and instantly teleported into the queen's palace without disturbing anyone. When Ye Feng arrived at the Night Watch headquarters, he went directly to the ninth floor pavilion.

In the room on the ninth floor of the pavilion, a handsome man wearing pitch black armor was standing there.

Eunuch Cao stared at Ye Feng with some surprise in his eyes, as if he didn't expect that he would be assigned a young eunuch here.

Chapter 1718 Asking for help

According to the information provided by Fox Immortal An Miaoyi, the most likely place where the secret book of the demon clan, Twilight of Ragnarok, is hidden, is under a dry well deep in the queen's palace.

So at this time, Ye Feng didn't explore anything else at all. He flew straight towards the depths of the queen's palace.

Soon Ye Feng came to the deepest part of the queen's palace, which was a huge royal garden area.

Huge trees are planted everywhere, as well as rare elixirs and herbs.

At this time, Ye Feng exuded his soul power and quickly searched for dry wells in the royal garden.

But after a while, Ye Feng was a little stunned to find that there were hundreds of dry wells deep in the royal garden.

"Are you kidding me?"

Ye Feng looked at the densely packed dry wells, and his eyes couldn't help but become a little downcast.

When Fox Immortal An Miaoyi told him the news, he never said that there were so many dry wells in the depths.

"You're here anyway, let's look for them one by one!"

Ye Feng made up his mind and jumped directly to the first dry well.

But in the end, there was nothing but mud under the first dry well.

"the second!"

Ye Feng continued to jump to the second dry well, but found nothing except well water and mud.

"continue....."

Next, Ye Feng jumped into every dry well, but the results were exactly the same. There was nothing under each dry well, except mud, mud, and even some skeletons. It was probably that some murders had occurred in the harem, or those who offended the Queen were secretly eliminated and then thrown under these dry wells, but Ye Feng was not interested in these. What he was interested in was whether the Demon Clan's supreme secret book Ragnarok was used by the Queen. Hidden somewhere, the Queen probably wouldn't carry that supreme secret with her, after all, it was too valuable.

Suddenly at this moment, Ye Feng seemed to have thought of something, suddenly jumped to the high altitude, and then looked down at the hundreds of dry wells below.

He suddenly discovered that these hundreds of dry wells were all arranged according to a certain mysterious trajectory.

"These dry wells are actually formations! This is a big

Formation! "

Ye Feng immediately became excited.

It seems that I have not come to the wrong place, but the real treasure place is hidden.

"This is an extremely mysterious formation."

Ye Feng recorded the order of these hundreds of fixed arrangements. He couldn't solve the problem for a while, so he could only leave first because he had sensed that there seemed to be a strong demon clan in the queen's palace, and he could not stay for a long time. Otherwise, they will be discovered sooner or later, and it would be bad if they were alerted.

"Buzz!"

Next, Ye Feng's figure flashed and disappeared under the dark night sky.

He returned directly to the large mansion where he lived.

Ye Feng took out a piece of paper and drew all the dry wells he had recorded on the paper.

"We have to find a way to unlock this big formation."

Ye Feng thought hard, he was still too unfamiliar with formations and could not solve such a complicated treasure formation.

And it seems that this is not a human formation, but a demon formation from the demon world.

"I can't leave the palace now. I'm really alone in this palace. After all, I don't know anyone."

Ye Feng thought secretly in his heart.

Suddenly he thought of the members of the Divine Society that the old master had told him. It seemed that all of them were talented people and he could ask for help from them.

Maybe there is a formation master among them.

"Buzz!"

Thinking of this, Ye Feng's eyes immediately lit up with joy, he sat up cross-legged and began to enter the mysterious world of Shenxu.

boom!

At the next moment, Ye Feng's soul broke free from the shackles of space, passed through the void storm, and entered the divine ruins world.

The world of Shenxu, as usual, is full of broken earth and dark sky. It looks like a post-apocalyptic world scene.

Ye Feng's soul body came to the world of Shenxu, and a set of black magic appeared automatically.

The colored robe covered all his face and body shape to hide his identity.

Although everyone in the Shenming Association helps each other for the same goal, even the founder, Old Master, recommends hiding their identities in the early stage, otherwise it may cause unnecessary trouble.

After all, each person in the Divine Society may have a different identity, status, beliefs, values, and even race.

Therefore, when communicating, it is enough if we can hide our identities and treat each other as hidden friends who can help each other.

After all, heroes don't ask where they come from.

Hiding their respective identities and just claiming to be members of the Divine Society will save them a lot of suspicion and trouble.

At this time, Ye Feng entered the Shenxu Realm.

Buzz! ??.

Suddenly, not far from him, a piece of sacred light appeared.

The saintly will of the old master appeared.

Old Master is the founder, and the members of the Divine Society are all selected and invited by him, so Old Master himself does not wear a black robe to hide his identity. He, the founder, is the only one who knows the identities of all members.

Ye Feng's eyes moved and he said: "Senior Old Master, why did you suddenly appear?"

The old master smiled and said: "During this period, I have studied some methods to refine the entire Shenxu Realm and improve the functions of the Shenxu Realm. As long as a member of the Shenming Association enters the Shenxu Realm, the Shenxu Realm will alert Some of the other members have entered the Shenxu Realm and may need help or need to trade something."

When Ye Feng heard this, he immediately gave a thumbs up and said: "Senior Old Master, your method is so powerful."

The old master smiled and said: "It's not just for the meeting of gods, it's for everyone's convenience."

Buzz! .??.

While the two were chatting, there was another wave of space fluctuations.

Another soul shadow appeared. Like Ye Feng, it was wrapped in a black robe, but it outlined exquisite curves. It was a woman.

"Senior Old Master, has the world of Shenxu improved now?"

? It actually reminded my soul that someone had entered the Shenxu Realm, so I just came to take a look. "

This woman spoke out. Although her face could not be seen clearly, her voice was gentle and pleasant.

The old master smiled and said: "Let me introduce you. This is the new member of our Divine Society. He is No. 9 and the last member of our Divine Society."

At this time, the old master said, pointing at Ye Feng.

The woman in black robe nodded slightly, looked at Ye Feng, and said: "Our identities are hidden anyway, even our voices have been specially processed by us. Even if we meet in the real world in

the future, I'm afraid we won't be able to recognize each other. Come on, old master, can't we be honest with each other?"

The old master smiled slightly and said: "This depends on everyone's wishes. If you really feel that you can be honest with each other, you can discuss it privately."

Buzz!

Buzz!

And suddenly at this moment, two more men in black robes appeared.

The man in black robe looks very short, like a child wearing a black robe.

The other man in black robe is extremely majestic, very tall and burly.

The old master smiled and said to Ye Feng: "Since you entered the Shenxu Realm first, it seems that you need everyone's help for something. If you have anything, just tell me directly. If you have any way, you can help this newcomer. Member No. 9.

At this time, the three other members who appeared in the Shenxu Realm all spoke out: "The new No. 9? If they can be selected by Senior Old Master, they must be dragons among men, and No. 9 is the last candidate. , Senior Old Master must have considered it carefully and carefully."

Listening to the words of these members, Ye Feng found that everyone was quite enthusiastic. After all, they all joined the Society of Gods and worked hard to ascend to the divine world and achieve eternal life.

So at this time, Ye Feng stopped pretending, and used his soul power to draw the distribution map of the dry wells in the void in front of him, and said: "Fellow like-minded Taoists, this one seems to be the mysterious formation of the demon clan. , I haven't been able to break it after thinking hard. I wonder if any fellow Taoists know the formation very well, can you help me break through this monster formation?"

Chapter 1719 Cracks in the Earth

When Ye Feng drew the map of the formation, the eyes of several people present were immediately fixed on it.

The woman in black robe looked at it for a while, shrugged, and said, "I don't know anything about battle techniques, so it seems I can't help."

After saying that, the figure of the black-robed woman moved, disappeared into the world of Shenxu, and went offline directly.

The other two members stared at the formation and seemed to understand a little bit.

The burly black-robed member spoke up: "I seem to have seen this demon formation before. It is a very classic formation in the demon world. It should be used to hide something. Ordinary people simply can't. These hundreds of dry wells will not be linked together."

The burly member looked at Ye Feng and said, "It seems that this new Daoist No. 9 should also know something about formations."

Ye Feng immediately responded with a smile: "I understand a little, just a little bit. I really don't know how to break this formation, so I can only ask everyone for help."

The burly member seems to be very generous, and has some research on the demon clan's formation, or maybe this burly member is a demon clan.

He spoke out: "This dry well formation is composed of an ancient arrangement of heaven and earth in the demon clan. In order to break through this formation and find the real treasure hiding place, several of them must be destroyed. If you use a dry well to scatter the entire formation and leak out the power of the formation, you will be able to find the real treasure spot."

When Ye Feng heard this, his eyes shrouded in black robes couldn't help but light up. It seemed that he had come to the right place. These people were really talented. They found the solution to the dry well strategy in an instant.

Ye Feng quickly stared at the burly black-robed man and asked, "Fellow Taoist, would you like to ask me for advice on how to break through this dry well formation?"

The burly man in black robe smiled and said: "I am number four, the woman in black robe just now is number two, and the short one next to me is number five."

"Silly big number four! I don't allow you to call me short! I just haven't grown up yet!"

Suddenly No. 4 spoke up, and the voice turned out to be that of a very pure little girl.

Ye Feng found it quite interesting. It was quite interesting to chat with a group of like-minded people, and they didn't know his identity and appearance, only his approximate age and gender.

The old master smiled and watched several people chatting. These people were all his chosen sons of future destiny. Being able to see these people getting along well with each other, as the number one president, the old master was naturally very happy.

At this time, the burly Taoist No. 4 spoke up and began to explain to Ye Feng how to break through the demon clan's dry well formation deep in the queen's palace.

No. 5, a short man in black robe, seemed to be a little girl who had not grown up. At this moment, he came over and listened to No. 4's explanation.

She seemed to be very interested in the formation as well.

The previous No. 2, the woman in black robe, was not interested at all and simply quit the Shenxu Realm and went offline.

After some explanations by the burly man No. 4, Ye Feng's eyes became brighter and brighter, and he became more and more confident about cracking the demon clan's dry well formation.

"Silly man, although you look stupid and tall, I didn't expect you to have such great research on formations. You can find a way to crack such a complicated and strange dry well formation. It's really amazing. incredible."

No. 5, a short-looking girl, clapped her hands and shouted happily, with a hint of admiration in her tone.

Ye Feng looked at the small black-robed figure No. 5 and couldn't help but shake his head and smile.

\u003e This No. 5, I don't know what his identity is. He seems to have no ambition or scheming, and he speaks quickly, but there must be something special about him, otherwise the old master would not have chosen her.

At this time, Ye Feng knew how to crack it, hugged his fists towards the burly No. 4, and said thank you: "Thank you for your help, Fellow Daoist No. 4, it really helped me a lot."

The burly No. 4 seemed to be a big man from the demon clan. At this time, he laughed, and a bold voice came from the black robe: "We are all chosen by the old master, and we have great luck. Now we have all chosen to join the gods. Yes, that means we are a family, and we will all work together to ascend to the divine realm."

Ye Feng clasped his fists again, and then said: "I am in a hurry to break the formation, so I will exit the Shenxu Realm first."

No. 4, a man who was suspected of being a demon clan, immediately said: "Okay, I wish fellow Taoist No. 9 that you can successfully break the formation."

The petite girl No. 5 immediately waved to Ye Feng and said: "No. 9, bye, but remember to come to the Shenxu Realm to play when you have nothing to do. I am suffocated in the mountains every day without anyone to take care of me." I play."

"OK!"

Ye Feng responded, and then his entire figure instantly dissipated on the spot.

At this time in the Shenxu Realm, the old master also dispersed his soul and disappeared into the Shenxu Realm.

Numbers 4 and 5 also withdrew from the Shenxu Realm.

...

In the imperial palace of the prehistoric dynasty.

Harem area.

Ye Feng opened his eyes, and his soul returned to his body from the world of Shenxu.

Uh-huh!

He stood up instantly, his eyes filled with immense confidence.

Because of the exchange in the Shenxu world just now, Ye Feng became more and more confident about cracking the dry well formation.

So when Ye Feng woke up at this moment, he saw that it was still early and it was still midnight.

Uh-huh!

He immediately left the mansion and flew towards the queen's palace.

Soon, Ye Feng passed through all the obstacles and once again arrived at the dry well formation deep in the queen's palace.

At this time, looking at the hundreds of dry wells arranged in rows, Ye Feng was no longer confused as before. Instead, he directly punched a few special dry wells according to the explanation given by the burly man on the 4th of Shenminghui. And go.

But before taking action, Ye Feng arranged an isolation barrier around the entire area.

This isolation barrier is a kind of soul technique. Like the soul blade, Ye Feng also learned it from the Tianming Division.

At this time, after Ye Feng set up the isolation barrier, he no longer had any worries and directly punched several specific dry wells.

"Boom!"

"Boom!"

However, several dry wells were shattered by Ye Feng, and then the entire ground moved quickly, and a gap opened in the middle of the ground.

Ye Feng immediately focused on the crack in the earth.

He knew that the underground treasure house hiding treasures was in the cracks in the earth.

"Uh-huh!"

Without any hesitation, Ye Feng jumped directly and jumped under the crack in the earth.

He thought silently in his heart, "I hope I have better luck, I hope Ragnarok is hidden under the ground." When Ye Feng drew the map of the formation, the eyes of several people present were instantly fixed on it. above.

The woman in black robe looked at it for a while, shrugged, and said, "I don't know anything about battle techniques, so it seems I can't help."

After saying that, the figure of the black-robed woman moved, disappeared into the world of Shenxu, and went offline directly.

The other two members stared at the formation and seemed to understand a little bit.

The burly black-robed member spoke up: "I seem to have seen this demon formation before. It is a very classic formation in the demon world. It should be used to hide something. Ordinary people simply can't. These hundreds of dry wells will not be linked together."

The burly member looked at Ye Feng and said, "It seems that this new Daoist No. 9 should also know something about formations."

Ye Feng immediately responded with a smile: "I understand a little, just a little bit. I really don't know how to break this formation, so I can only ask everyone for help."

The burly member seems to be very generous, and has some research on the demon clan's formation, or maybe this burly member is a demon clan.

He spoke out: "This dry well formation is composed of an ancient arrangement of heaven and earth in the demon clan. In order to break through this formation and find the real treasure hiding place, several of them must be destroyed. If you use a dry well to scatter the entire formation and leak out the power of the formation, you will be able to find the real treasure spot."

When Ye Feng heard this, his eyes shrouded in black robes couldn't help but light up. It seemed that he had come to the right place. These people were really talented. They found the solution to the dry well strategy in an instant.

Ye Feng quickly stared at the burly black-robed man and asked, "Fellow Taoist, would you like to ask me for advice on how to break through this dry well formation?"

The burly man in black robe smiled and said: "I am number four, the woman in black robe just now is number two, and the short one next to me is number five."

"Silly big number four! I don't allow you to call me short! I just haven't grown up yet!"

Suddenly No. 4 spoke up, and the voice turned out to be the voice of a very pure little girl.

Ye Feng found it quite interesting. It was quite interesting to chat with a group of like-minded people, and they didn't know his identity or appearance, only his approximate age and gender.

The old master smiled as he watched several people chatting. These people were all his chosen sons of destiny. Being able to see these people getting along well with each other, as the number one president, the old master was naturally very happy.

At this time, the burly Taoist No. 4 spoke up and began to explain to Ye Feng how to break through the demon clan's dry well formation deep in the queen's palace.

No. 5, a short man in black robe, seemed to be a little girl who had not grown up. At this moment, he came over and listened to No. 4's explanation.

She seemed to be very interested in the formation as well.

The previous No. 2, the woman in black robe, was not interested at all and simply quit the Shenxu Realm and went offline.

After some explanations by the burly man No. 4, Ye Feng's eyes became brighter and brighter, and he became more and more confident about cracking the demon clan's dry well formation.

"Silly man, although you look stupid and tall, I didn't expect you to have such great research on formations. You can find a way to crack such a complicated and strange dry well formation. It's really amazing. incredible."

No. 5, a short-looking girl, clapped her hands and shouted happily, with a hint of admiration in her tone.

Ye Feng looked at the small black-robed figure No. 5 and couldn't help but shake his head and smile.

\u003e This No. 5, I don't know what his identity is. He seems to have no ambition or scheming, and he speaks quickly, but there must be something special about him, otherwise the old master would not have chosen her.

At this time, Ye Feng knew how to crack it, hugged his fists towards the burly No. 4, and said thank you: "Thank you for your help, Fellow Daoist No. 4, it really helped me a lot."

The burly No. 4 seemed to be a big man from the demon clan. At this time, he laughed, and a bold voice came from the black robe: "We are all chosen by the old master, and we have great luck. Now we have all chosen to join the gods. Yes, that means we are a family, and we will all work together to ascend to the divine realm."

Ye Feng clasped his fists again, and then said: "I am in a hurry to break the formation, so I will exit the Shenxu Realm first."

No. 4, a man who was suspected of being a demon clan, immediately said: "Okay, I wish fellow Taoist No. 9 that you can successfully break the formation."

The petite girl No. 5 immediately waved to Ye Feng and said: "No. 9, bye, but remember to come to the Shenxu Realm to play when you have nothing to do. I am suffocated in the mountains every day without anyone to take care of me." I play."

"OK!"

Ye Feng responded, and then his entire figure instantly dissipated on the spot.

At this time in the Shenxu Realm, the old master also dispersed his soul and disappeared into the Shenxu Realm.

No. 4 and No. 5 also withdrew from the Shenxu Realm one after another.

...

In the imperial palace of the prehistoric dynasty.

Harem area.

Ye Feng opened his eyes, and his soul returned to his body from the world of Shenxu.

Uh-huh!

He stood up instantly, his eyes filled with immense confidence.

Because of the exchange in the Shenxu world just now, Ye Feng became more and more confident about cracking the dry well formation.

So when Ye Feng woke up at this moment, he saw that it was still early and it was still midnight.

Uh-huh!

He immediately left the mansion and flew towards the queen's palace.

Chapter 1720: The Small Dragon Vein of Luck

After Ye Feng entered the crack in the ground, he immediately felt a biting cold wind blowing from underneath.

Even with Ye Feng's current strong body, he couldn't help but shiver at this moment.

Obviously, the environment under the ground is very unusual.

Ye Feng fell quickly and finally reached the ground half an hour later.

The next moment, a frozen underground world suddenly appeared in his field of vision.

The space underneath is not very big, but it is all sealed by ice, like a small ice and snow country.

"I didn't expect that there would be such a wonderful scene under this palace."

Ye Feng looked at the entire frozen space, which was white and bone-chilling, and couldn't help but murmur.

Uh-huh!

At this time, a little girl appeared next to Ye Feng.

It was Xiaoyao who flew out of the Queen's picture.

Xiaoyao looked at the frozen underground space, her little eyes full of curiosity, and couldn't help but say: "Little Yezi, this underground frozen environment is definitely not natural, but man-made. I'm afraid there's something great frozen in the depths."

Ye Feng nodded and said: "Let's go in and take a look. I hope I have good luck and can successfully find Ragnarok."

With that said, Ye Feng and Xiaoyao walked towards the depths of the underground frozen space.

At this time, they suddenly saw a towering stone wall standing on the ground.

On the stone wall, there are some inscriptions of the demon clan carved on it.

Xiao Yao was the Queen of Yaochi in the ancient Ming Dynasty. She recognized these ancient characters of the demon clan and immediately read out: "Seal the dragon vein forever."

"Seal the dragon vein forever?"

Ye Feng's eyes were suddenly startled, and he said: "Is there a dragon vein sealed under this frozen space underground?"

Dragon veins.

That's a lucky thing!

If you can get a dragon vein and refine it into your body, your luck will be improved invisibly.

Ye Feng immediately ran towards the depths, and soon saw that a golden dragon soul several hundred meters long was sealed in the ice wall of an iceberg in the deepest part.

This golden dragon soul is composed of dragon vein energy.

"A few hundred meters? It seems that it is not the main dragon vein of the prehistoric dynasty, but a small branch of the dragon vein. But even the branch of the small dragon vein is priceless. You can't find this kind of dragon vein that is completely composed of luck in ordinary places. , This is something that represents the rise and fall of a dynasty."

Xiaoyao spoke up at this time. She had studied this very well and expressed her own judgment.

Ye Feng's eyes were burning, staring at the hundreds of meters of golden little dragon veins sealed in ice, and said: "Even if this is just a branch of the ancient divine tide, it still contains boundless and huge energy. transport."

Xiao Yao nodded and sighed: "The Prehistoric Divine Dynasty is indeed extremely powerful. It unified the entire central star field and made the entire Prehistoric Continent its own. It occupied the entire Prehistoric Continent and used it as its base camp. It is said that it is the center of luck in the entire universe. In addition to the legendary supreme divine realm, the prehistoric dynasty is indeed the most powerful force in the entire universe. Even if it is just a branch of a small dragon vein, it still contains huge power. Luck, well, if you can refine this small dragon vein, it is equivalent to stealing a small part of the luck power of the ancient dynasty.

, gaining part of the power of the ancient divine dynasty. "

Ye Feng walked up to the frozen little dragon vein and saw several small altars placed on the ground in front of the ice wall.

Ye Feng's eyes flashed and he said: "It seems that the queen accidentally captured this small golden dragon vein, but she did not dare to refine it directly for fear of being discovered by the emperor and her status as queen would be lost. She may not even be able to protect her son, the crown prince's status."

Xiao Yao smiled and said: "But Xiao Yezi, you can steal the refining directly. Anyway, you don't live in the palace for a long time. Even if the refining of this little dragon vein is discovered, no one can find it. On your head, but maybe you Night Watch Commander can guess it."

Ye Feng nodded and said: "No matter what, if I encounter this little dragon vein, I will definitely not let it go so easily. I will first refine this little dragon vein into my own body and store it in the palace. I can't stay for long, I will leave soon."

Just do it, Ye Feng walked to the ice wall, and then his five fingers were like iron bars, and he pierced into the ice wall with "puff" and "puff".

The tip of his finger touched the small golden dragon vein. Ye Feng used the power of devouring and directly began to devour and absorb the small dragon vein, trying to swallow it into his body.

"hold head high!!"

This small dragon vein was composed of the power of luck and had some independent intelligence. It actually made a thunderous roar, trying to resist Ye Feng's plunder.

But all resistance is in vain.

This small dragon vein had been frozen for so many years, and had its luck stolen by the Queen for so long, it was already very weak.

Now Ye Feng is in full power, bursting out with devouring power like crazy, and slowly absorbs all the golden power of luck dragon veins into his body, and then stores it.

The energy contained in this small golden dragon vein cannot make Ye Feng's cultivation breakthrough, but the benefits to Ye Feng's future are endless.

Because this is a dragon vein composed of pure luck, not the dragon veins composed of the power of the earth in the mountains and fields. Those dragon veins can only increase their own strength if swallowed, but this dragon vein composed entirely of the luck of the gods, if After swallowing it, storing it in his body is equivalent to adding luck attributes to himself. After a while, Ye Feng may go looking for some treasure and find it easily, or he may enter some dangerous place and encounter danger. The possibility is very small.

Therefore, now that Ye Feng has obtained this small dragon vein, his luck has been improved, and what we call luck is actually a person's luck.

Now that Ye Feng has obtained this small dragon vein, his luck will become very good, which will have huge benefits for his future practice. This is a hidden attribute that cannot immediately show any earth-shattering power. , but it can subtly improve a person's luck.

After absorbing the entire golden dragon vein, Ye Feng burped with satisfaction and touched his slightly bloated belly.

"That's right, just by being able to swallow this small dragon vein, I'll already be able to gain entry to the palace this time."

Ye Feng muttered, looked at Xiao Yao beside him, and said: "Xiao Yao, let's search in other places underground together to see if we can find the secret book of the Twilight of the Gods, the highest secret book of the demon clan."

Xiaoyao nodded and said, "Okay."

Uh-huh! Uh-huh!

The two of them moved quickly around, searching every corner carefully. After Ye Feng entered the crack in the ground, he immediately felt a biting cold wind blowing from underneath.

Even with Ye Feng's current strong body, he couldn't help but shiver at this moment.
