Chapter 1731 Bloodline of the Chaos Gods

Although Ye Feng is very much looking forward to and longing for the palace of the divine king in the divine world, Ye Feng also knows that this matter cannot be rushed and he needs to rely on Lao Zhang to find it slowly.

But once you find it, you will definitely become rich overnight!

Ye Feng thought in his heart, feeling excited.

In the following days, Ye Feng did not go out.

In addition to his daily patrol duties as a silver-armored night watchman, Ye Feng has always stayed in his large manor and practiced in the secret training room.

All matters in the large manor are presided over by the demon. Now that there is a butler named Lao Zhang who understands the world, the entire large manor can already operate in a coordinated manner.

In a slightly dark secret room.

Ye Feng took out dozens of Dragon Soul Pills from his body, took a deep breath, and began to devour and practice.

"hold head high!"

Along with a huge dragon roar, a golden dragon soul instantly appeared on his body, roaring and roaring.

Countless people throughout the private estate heard this terrifying dragon roar.

Even An Miaoyi, a powerful fox fairy, looked towards the secret training room where Ye Feng practiced with a hint of surprise in her beautiful eyes.

At this time, in the secret practice room.

Ye Feng was very simple and crude, and directly swallowed all the Dragon Soul Pills. His body and soul were greatly tempered in an instant.

You know, this kind of Dragon Soul Pill is a pill that even the commander-in-chief needs.

This shows how valuable it is.

"Boom!"

"Boom!"

Waves of violent momentum erupted from Ye Feng's body, even cracking the walls of the surrounding steel training chamber. The momentum alone was astonishingly destructive.

At this moment, Ye Feng's martial arts cultivation and soul power were rapidly increasing.

In the end, Ye Feng's martial arts cultivation level broke through the third level in a row, directly from the sixth level of the True God Realm to the ninth level of the True God Realm.

And Ye Feng's soul power also skyrocketed by a thousand levels!

From level 4,700, it skyrocketed to level 5,700!

After completing the practice, Ye Feng discovered that the main function of this Dragon Soul Pill was to enhance the spiritual soul power of the warrior.

"No wonder the commander-in-chief needs this kind of dragon soul elixir. It seems that the commander-in-chief is currently in the realm of the five declines of heaven and man, and his understanding of the realm of the soul is very important."

Ye Feng murmured.

Next, he continued to practice the powerful inheritance of the Dragon God Sect, the Dragon God Fighting Technique, which he received from Long Han, the second son of the Dragon God Sect.

The Shenlong Fighting Heaven Technique is a set of immortal-level inheritance that surpasses the true god level. It is an extremely terrifying killing holy art, which is even more advanced than the Cursed Overlord Sword.

If the Cursed Tyrant Sword is domineering, then the Dragon Fighting Technique is barbaric.

The Shenlong Fighting Technique is a killing technique created by the Dragon Clan. The core secret is to use the Dragon Clan's own powerful body power to explode with great power and power that can fight against the sky.

Although Ye Feng is not a dragon, he is a chaotic body, and the power of the chaotic body is even stronger than that of the dragon.

Therefore, if the Shenlong Fighting Technique is in Ye Feng's hands, it may burst into even more terrifying power.

...

While Ye Feng was practicing silently, the entire large manor was developing and growing intensively.

Deep in the imperial palace of the ancient dynasty.

In the cold palace.

The prince was covered in a black robe and brought someone with him to the cold palace.

Outside the door of a palace in Leng Palace, the prince and the people around him stopped.

The prince looked at the people around him and said: "Gu Tongtian, you have finally woken up. When you see your mother later, you must tell everything you know. Do you understand?"

Gu Tongtian hurriedly said respectfully: "Yes, Your Highness the Crown Prince! My subordinate suffered severe injuries in that new small universe and was seriously injured and fell into a coma. It was the Queen and the Crown Prince who treated and revived me. Everything my subordinate knows will be told truthfully." "

"You just come in."

At this moment, a female voice came from the palace.

The prince and Gu Tongtian walked in immediately.

In the palace, a middle-aged woman wearing gorgeous clothes stood there with a very indifferent expression.

Obviously, as the mother of Yitianxia

The empress has now been relegated to the cold palace by His Majesty, and her life is very uncomfortable.

At this time, the prince immediately saluted and said: "My son, I pay homage to my mother!"

Gu Tongtian also immediately saluted respectfully: "In this humble position, I see you, the Queen!"

Although Gu Tongtian claimed to be Tongtian Divine Emperor in the First Universe, in the ancient dynasty, he was just a subordinate beside the queen and the prince.

Back then, it was the lineage of the Queen and the Prince who sent Gu Tongtian and a group of masters from the prehistoric dynasty to suppress their cultivation, conceal the cosmic will of the First Universe, enter the new small universe of the First Universe, and win the victory of Ye Feng's mother and father. The fruit destroyed the Divine Dynasty of Creation, and established the Divine Dynasty of Tongtian on the basis of the Divine Dynasty of Creation, plundering the resources of the first universe, and continuously delivering rich resources to the Queen and Prince of the Ancient Dynasty.

But now Emperor Ye Qing took a huge risk and directly integrated the will of the first universe, leaving the entire first universe in a closed state. Gu Tongtian was found by the will of the first universe, was seriously injured, and escaped to the second universe, and returned The prehistoric dynasty.

Gu Tongtian said respectfully at this time: "Empress, that Emperor Ye Qing was originally the son of destiny in the first universe. Now he has merged with the will of the first universe. Although the fusion has not been completely successful, he can already use it. Part of the power of the will of the First Universe, I am no match for him."

When the queen heard this, her eyes were extremely cold and she said: "I didn't expect that this Emperor Ye Qing would really become a thing. If the Ninth Princess hadn't threatened him with death and made His Majesty relent, and directly killed Emperor Ye Qing, we wouldn't be where we are now." It's happened."

The prince suddenly said: "Mother, Gu Tongtian also brought an astonishing secret."

The queen's eyes moved and she said, "Oh? What amazing secret?"

Gu Tongtian immediately said respectfully: "The amazing secret is that the illegitimate son of the Ninth Princess did not die completely, but was saved by her old servant Chen Nan who changed his life against the sky. And now the illegitimate son of the Ninth Princess, has broken out of the first universe and came to our big universe. I even boldly guessed that the illegitimate son of the Ninth Princess has now come to our ancient dynasty and may be lurking in a corner. "

When the queen heard this, her expression, which was originally Gujing Wubo's, finally changed drastically.

He stood up and said coldly: "How is this possible? Emperor Ye Qing is the son of destiny in the first universe, and he has not been able to break through the first universe, let alone his son."

Gu Tongtian immediately said: "The reason why Emperor Ye Qing was able to escape from prison was because of his son's rescue. His son's talent is many times more terrifying than that of Emperor Ye Qing, because his son inherited the maternal clan of the Nine Princesses The bloodline of the Chaos Gods!"

"What?!"

The queen's expression changed immediately. No one knew the terrifying potential of the bloodline of the Chaos Gods better than the queen.

The queen once overheard her majesty mention that the Chaos Gods came from the legendary supreme divine realm.

And even in the vast and supreme interface of the God Realm, the Chaos Gods are a powerful race that can rank at the forefront.

The queen immediately spoke out: "Prince, Gu Tongtian, you hurry up and build a secret department to secretly investigate the whereabouts of the Ninth Princess's illegitimate son. You must find him out as soon as possible. You cannot let this kid grow up, otherwise the entire prehistoric dynasty will be destroyed. No one can cure him!"

Having said this, the prince looked at Gu Tongtian beside him and said, "Go down and plan this matter carefully. I have other confidential matters that I want to discuss with my mother alone."

Gu Tongtian bowed respectfully and said, "Yes, Your Highness, I have resigned from that humble position."

After saying that, Gu Tongtian left the palace.

At this time, the prince looked at the queen and said: "Mother, Ye Feng, the night watchman who accidentally sabotaged us in stealing the treasure of Prince Qin's Mansion before, this boy has really become a thing now, and this time he dares to attract the attention of everyone. It really pisses me off that you are going against me."

The queen said coldly: "I heard about this. That boy has now become the commander-in-chief's spokesperson. You should not conflict with him for the time being. The most important thing for us now is to join forces with Gu Tongtian to find Jiu Tongtian." We dare not touch the princess's illegitimate son, the Ninth Princess, but if we catch her illegitimate son, we can use a forbidden secret technique in our demon clan to plunder the awakened Chaos Divine Blood from the illegitimate child and graft it If it comes to you and me, we will gain huge potential in an instant, and even His Majesty will no longer be able to punish us!"

When the prince heard what the queen said, his eyes showed deep greed and passion.

Chapter 1732 Nothing can go back

During this time, the entire private estate was very peaceful.

This made Ye Feng very surprised. After all, he thought that when he angered the prince and the eldest son of the Dragon God Cult at the Night Watch headquarters, they would find ways to deal with him.

However, it is also possible that he is in the imperial city, and even with his status as the prince, he cannot deal with him openly.

This is the benefit of settling in the Imperial City.

The Imperial City was the core of the entire prehistoric divine dynasty and the last pure land of the divine dynasty. The most taboo thing was the occurrence of civil strife.

Therefore, according to the ancestral precepts of the royal family of the Prehistoric Dynasty, there must be peace within the imperial city, and there must be no internal fighting. Once discovered, no matter how high the status is, they will be thrown into prison.

The original intention of the founding of the Night Watch was also due to this ancestral precept.

This time, Ye Feng relied on the benefits he gained from the eldest and second sons of the Dragon God Sect, and his overall strength improved a lot, which made him very satisfied.

It seems that these are the rich heirs who come from the inheritance of big forces.

When Ye Feng walked out of the secret training room, he saw that the entire large manor was prosperous, with people coming and going, and countless servants. An Miaoyi, the fox fairy, didn't even have time to practice now. She just went to and from the large manor all day long. and the demon world, transporting a steady stream of demon goods, and then passing the divine crystals in the imperial city back to the demon world, taking a commission from it, and earning huge profits.

Of course, the bulk of the profits still belong to Ye Feng. After all, Ye Feng provided a shelter, a trading place, and a chamber of commerce channel for sales.

Ye Feng is the core link of the entire transaction.

"Ye Feng, I didn't expect that your large manor would have developed into such a prosperous place in just a few months?"

At this time, a heroic female figure walked out of the large manor.

It was Gu Bingling, the sixth lady of Prince Qin's palace.

"How come Miss Six has time to come?"

When Ye Feng saw Gu Bingling arriving, he immediately

He just greeted him with a smile on his face.

Gu Bingling, the sixth lady of Prince Qin's Mansion, can be said to be Ye Feng's first friend when he came to the Imperial City of the Ancient God.

Ye Feng has been busy in the imperial city recently and has not met Gu Bingling.

However, the two of them were not unfamiliar with each other.

Gu Bingling came over and said jokingly: "Ye Feng, now you have become a big shot, confronting the current Crown Prince at the Night Watch Headquarters, and even forcing the Crown Prince and Long Ao, the eldest son of the Dragon God Cult. Now everyone in the imperial city knows that there is a powerful young man in the night watch, who has the demeanor of the great commander back then. "

Ye Feng couldn't help but shake his head and smile, and said: "You think too highly of me, I'm just taking advantage of the situation. If it weren't for the commander-in-chief, I guess the prince and the eldest son of the Dragon God Sect would have killed me long ago."

Gu Bingling nodded slightly, and then seemed to be reminding him, saying: "In the imperial city, there are many factions and countless strong people. In addition to those on the surface, there are also many hidden strong people and characters. If Ye Feng, you are at the forefront of the storm, ,

This is not a good thing. I heard from my father at the Prince of Qin's Mansion that there seem to be many dignitaries and officials in the imperial city who secretly regard you as the spokesperson of the Marshal. "

Ye Feng's eyes were surprised and he couldn't help but laugh at himself and said: "The Marshal's spokesperson? Do some people really think so? I'm just the Marshal's tool."

Gu Bingling's face was solemn and said: "Ye Feng, don't take it seriously. The commander is now obsessed with practicing and rarely appears in public. But recently, he has taken action many times for you, exposing the demon clan's troubles and forcing his majesty to beat the queen. After entering the cold palace, you suppressed Tianying Hou in public, and now you are willing to let you take advantage of it to force His Highness the Crown Prince away. Although many people did not say anything, they are all eyeing Ye Feng. Some people think that the commander-in-chief is obsessed with practicing, but he refuses. He neglected his own power, so

If you want to cultivate a spokesperson, that would be you, Ye Feng. "

Ye Feng nodded slightly and said: "I know, I don't want to be at the forefront of the storm, but the situation is forcing me to do it. Sometimes there is really no way. There is no way to have the best of both worlds. You can't have your cake and eat it too."

When Gu Bingling heard what Ye Feng said, she could only say: "In any case, everything I remind you today does not show how smart I am. I am simply advising you as a friend. You can Stop in time and come to my Prince Qin's Mansion. My father will definitely protect you. Let's go back to the time when you were in Prince Qin's Mansion. We will practice martial arts together every day, okay?"

Ye Feng's eyes were cold and he said: "There's no going back. If I just want to practice martial arts, I don't need to come to the Imperial City. I'm in other star fields. I can practice anywhere on the vast land of the ancient continent outside the Imperial City." , But that's not what I want. I came to the Imperial City for my own purpose. This is a secret, Miss Six, you will know it later. "

Gu Bingling stared at Ye Feng, sighed, and said: "I saw it early on. You are not simply from the barbarian wilderness. You must have done it intentionally when you came to our Prince Qin's Mansion by chance."

Hearing what Gu Bingling said, Ye Feng was about to say something.

But Gu Bingling continued to speak: "But I won't ask about your secrets anymore. Since you said I will know it in the future, then I will wait and see. I won't mention it anymore. Everyone has his own ambitions. I just hope that you can be safe. That's right, because I really don't have many friends that I take seriously. Ye Feng, you are one of them. I hope you can be safe."

When Ye Feng heard what Gu Bingling said, the coldness on his face dissipated a lot, he showed a warm smile, stretched out his hand to hold Gu Bingling's white hand, and said: "Miss Sixth, thank you for your concern. You are also one of the few good friends I have in the imperial city."

Gu Bingling was held in Ye Feng's hand and couldn't help but tremble slightly.

Then she took out her little hand without leaving any trace, and did not anger Ye Feng's unintentional move. She just said: "I won't mention this anymore. By the way, I have been to a few old gymnasiums recently. The old master said that those rabbit girls, have been completely enlightened. If you need it, I can bring it to your big manor to help you build a career and develop your power. I didn't expect that the old master is still good to you, Ye Feng. "

Ye Feng's eyes flashed without leaving any trace. He naturally knew why the old master wanted to be good to him.

Because now Ye Feng has joined the Shenming Association created by Old Master. He is the ninth member of the Shenming Association, and may also be the one closest to Old Master among all the members of the Shenming Association.

Moreover, Ye Feng is located in the core imperial city of the Ancient God Dynasty, which is the place that Old Master values most, because the ultimate goal of the Divine Society is to steal the luck of the Ancient God Dynasty and allow all nine members of the Divine Society to ascend to the divine world. Achieve immortality.

Therefore, the old master naturally has some special treatment for Ye Feng, No. 9.

"Ye Feng, come here. I have something important to discuss with you."

Suddenly at this moment, the voice of An Miaoyi, the fox fairy, came to Ye Feng's ears.

Ye Feng looked at Gu Bingling in front of him and said, "Someone is looking for me. I'll go and see what's going on first. Miss Six, if you have nothing to do, you can just wander around the manor. I'll

go to the gym with you later." , let's take over those bunny girls. My big manor is developing rapidly now, and I just lack manpower. Each of those bunny girls are innocent, worthy of my training, and will not betray me in the future."

After saying that, Ye Feng immediately jumped up and disappeared, leaping towards the direction where Fox Immortal An Miaoyi lived.

Gu Bingling saw that Ye Feng was so busy. Now, let alone practicing martial arts together, there were very few opportunities to talk. The sixth lady of Prince Qin's house could not help but reveal a hint of disappointment in her beautiful eyes. .

Chapter 1733 Red Flame Clan

When Ye Feng came to the place where the fox fairy An Miaoyi lived.

He saw An Miaoyi reading a volume of books in his hand, which seemed to be an account book.

A fox fairy with an unparalleled temperament, as ethereal as a fairy from the Nine Heavens, is looking at the account book carefully, looking like a businessman. I have to say that this scene looks a bit weird.

However, Ye Feng knew that An Miaoyi had become an excellent businesswoman since she cooperated with him.

After all, there are countless goods smuggled in the demon world, and the amount of oil and water in them is outrageous, enough to make anyone jealous.

At this time, Ye Feng did not disturb An Miaoyi and asked her to read through the account books first. After all, it would be good for him to sort out these account books. .???.??

Half an hour later, An Miaoyi looked away from the ledger.

She saw Ye Feng standing in front of her, staring at her. An Miaoyi couldn't help but froze her beautiful eyes and said, "Ye Feng, why are you here? What's the matter with you?"

Ye Feng grinned and said: "Half an hour ago, you sent a message asking me to come over. Is there anything important you want to discuss with me? I saw that you worked so hard for me and looked at the account books, so I didn't bother you. "

"Oh yes!"

An Miaoyi seemed to suddenly remember something and said: "I do have a more important matter here. A powerful race in our demon world, the leader of the Red Flame Clan, wants to make a deal with you alone."

Ye Feng's eyes moved and he said: "Red Flame Clan? I've never heard of it."

An Miaoyi said: "It's not a famous race, but it can be regarded as a big clan in the demon world. The leader of the Red Flame clan asked me to ask you, do you need to develop your power in the imperial city and build your own large manor? The Crimson Flame Clan has tamed many Crimson Flame behemoths to protect the courtyard. Each Crimson Flame Behemoth has a strength comparable to the Half-Step Immortal Realm. Moreover, each of these domesticated Crimson Flame Behemoths has They are all very honest and ordinary.

Folk watchdogs have quite similar personalities. "

Ye Feng's eyes lit up and he said: "The red flame giant beast is half a step into the immortal realm. Yes, I really need beasts to protect my big manor now. At least they can guard me in the dark. How much does a red flame giant beast cost?"

An Miaoyi said: "The leader of the Red Flame Clan said that they have recently tamed a batch of red flame giant beasts, a batch of six red flame giant beasts, and I will accept 600,000 divine crystals from you."

Divine crystal is a hard currency in the entire universe, equivalent to a currency-like existence.

Ye Feng's eyes moved at this time and said: "Six hundred thousand for six, that is, one red flame giant beast sold for one hundred thousand? It's okay, the price is reasonable, I want it, you go and hand it over."

An Miaoyi said with a smile: "There is no need for me to hand over. As long as you, the rich man, agree, Chi Jiuyi, the young leader of the Red Flame Clan, will personally come to your door with six red flame giant beasts to trade with you in a few days."

Ye Feng said in surprise: "The young leader of the Red Flame Clan came from the demon world in person to trade with me? It seems that I have a lot of face."

An Miaoyi smiled slightly and said: "Yes, you are very famous in the demon world now. You can openly do business with the demon clan in the imperial city without anyone checking you. This was unimaginable before. "

When Ye Feng heard this, he couldn't help but smile inwardly. He was not a night watchman. In addition, he also used the commander's influence to make many people in the imperial city jealous, but they did not dare to do anything to him secretly.

However, as his business grows bigger and bigger, more and more people pay attention to him, and it is very likely that he will be impeached in court by some jealous people.

"It seems that I still have to find a way to accumulate merit. If I can be knighted, even the lowest baron, then I will belong to

With the number of nobles in the imperial city, and the status of night watchman, my large manor will be more stable. "

Ye Feng thought secretly in his heart.

An Miaoyi suddenly spoke up at this time: "Ye Feng, I want to remind you that some powerful people from the Kingdom of Ten Thousand Demons have noticed you and are doing business with others in the demon world and have taken away a lot of their business. After all, most of the business between the demon world and the human race was taken care of by the Ten Thousand Demons Divine Kingdom behind the Queen and the Prince. But now that the Queen has been relegated to the cold palace, the Ten Thousand Demons Divine Kingdom will definitely not just watch you get rich. Maybe he will. Find strong people to come to you and force you to cooperate with them."

Hearing this, Ye Feng showed no fear at all and smiled indifferently, saying: "I have no objection to the Ten Thousand Demons Divine Kingdom cooperating with me. As long as they are sincere, they are my partners. But if they have any excessive demands, then I'm sorry. There is no way I can agree to this. In this one-third of an acre of land in the Imperial City, let alone the Kingdom of Ten Thousand Demons, even the entire demon world would not dare to act arrogantly."

When An Miaoyi heard what Ye Feng said, she just smiled and said nothing more.

Ye Feng and An Miaoyi discussed business matters again and left here.

At the gate of the large manor, Ye Feng asked a guard: "Where is Gu Bingling, the sixth lady of Prince Qin's palace?"

The guard respectfully replied: "Reporting to your lord, Miss Six of Prince Qin's Mansion has left the manor."

Hearing this, Ye Feng nodded slightly. It seemed that he had made Gu Bingling wait too long.

Whatever. ??

It's better to go to the gym alone.

I just wanted to ask Old Master, the president of the Society of Gods, if there was any way he could quickly accumulate merit.

After all, Ye Feng suspected that this old master was definitely a big shot in the ancient dynasty, but now he has declined and is lurking in the wilderness.

, secretly formed the Divine Society.

Ye Feng originally wanted to ask the Night Watch Commander about accumulating meritorious deeds.

But the commander-in-chief is practicing in seclusion all year round, so it's hard to disturb him often.

Moreover, if people within the imperial city intervene in matters such as accumulating meritorious deeds, it is very likely that some people will regard it as a deliberate promotion, thereby stumbling on their way to becoming a knight.

So Ye Feng was going to ask the old master, and by the way, he brought the dozen rabbit spirits who had been enlightened by the light of saints by the old master to the big manor, so that he could train them into his most loyal subordinates.

...

At night, Ye Feng walked out of the large manor alone and rushed towards the wilderness outside the imperial city.

He planned to go to the gym to bring a group of bunny girls to the large manor, and discuss with the old master about accumulating meritorious service and getting promoted to a noble rank.

But just when Ye Feng left the big manor, what he didn't notice was that a stunningly beautiful woman behind him also flew out of the manor and followed him.

It is none other than Fox Fairy An Miaoyi.

With a trace of curiosity in her beautiful eyes, she followed Ye Feng and murmured, "He seems to have another secret, I wonder what it is?"

Following Ye Feng, An Miaoyi traveled through a large wilderness.

Soon she saw that Ye Feng suddenly disappeared from sight.

"Huh? My ten thousand level soul power actually lost you?"

An Miaoyi's eyes suddenly showed a hint of surprise.

"Go back, this is not the place for you to come."

But at this time, a majestic saint's light and shadow appeared under the dark sky, warning the fox fairy An Miaoyi.

Chapter 1734 The Pen of the Literary Saint

Buzz!

The majestic light and shadow of the saint stood under the dark night sky, looking full of holiness and shock.

Even though An Miaoyi is a fox fairy, one of the seven great demon fairies in the world, she suddenly feels insignificant at this moment.

The face of An Miaoyi, the fox fairy, was filled with shock.

She never thought that there was such a terrifying existence standing behind Ye Feng.

Originally, An Miaoyi felt that Ye Feng's greatest confidence was the commander of the night watchman.

But now she suddenly realized that Ye Feng, a seemingly ordinary young man, was far from being as simple as she seemed.

Buzz!

At this time, the huge and majestic saint's light and shadow disappeared among the mountains.

The wilderness once again became pitch black, as if nothing had ever happened.

But Fox Fairy An Miaoyi knew that she had come into contact with a taboo existence.

Although she was very curious, who was Ye Feng going to see at such a late hour.

But having received the warning from the big shot just now, An Miaoyi could only suppress her inner curiosity and did not dare to follow Ye Feng any more and left directly.

After this warning, An Miaoyi, the fox fairy, lost all her contempt for Ye Feng. She began to pay more and more real attention to the young human race she was working with.

At this moment, Ye Feng didn't know what was happening.

He walked quickly through the mountains and quickly arrived at the dilapidated gymnasium.

The place in the dilapidated gym is still the same as before, peaceful and quiet, seemingly isolated from the world.

"Brother Ye Feng is here?"

The moment Ye Feng entered the gym, a dozen bunny girls immediately surrounded him.

Ye Feng discovered that these rabbit girls had no demonic aura on their bodies. They all exuded sacred aura, as if the demons had become saints.

This is the benefit of bathing in the light of the saint. A dozen rabbit girls are simply reborn.

, the future potential is unlimited.

Ye Feng walked to the middle of the gym at this time.

"Buzz!"

From the dilapidated stone statue of the saint, a saint's light and shadow suddenly came out.

It was the old master.

When the old master saw Ye Feng arriving, he smiled and said, "Did Gu Bingling inform you?"

Ye Feng nodded and said: "I am now developing my own power in the imperial city and I need manpower. This group of bunny girls are extremely innocent and are suitable for me to train and become the most trustworthy team under my command."

The old master looked at a group of bunny girls not far away, and nodded, saying: "Each of them has unlimited potential. If they are well cultivated, they will definitely be able to provide you with

great help in the future. No. 9, when you are strong, you will be of great help to our gods." The plan also has huge benefits."

When Ye Feng heard the old master mentioning the Divine Society, he couldn't help but asked curiously: "Besides me, No. 9, and you, senior, as the No. 1 president, are there any other members of the Divine Society in the imperial city?"

Ye Feng didn't believe that the old master only deployed himself as a member in the imperial city of the ancient dynasty.

However, the old master just smiled slightly at Ye Feng's question and said: "I can't tell you this for the time being. If I tell you, there will be entanglements between the members of the Shenming Association that go beyond mutual help. For you currently, There is no benefit. When the time comes, you will naturally meet and get to know each other. "

When Ye Feng heard what the old master said, he could only nod and stop asking.

Ye Feng looked at the old master and continued to ask: "By the way, senior, I would like to ask how you can quickly accumulate meritorious service in the ancient dynasty? Last time, I wiped out several generals of the Tianyahui, a civil rebellious organization, and got a lot of merit, but unfortunately it is not enough to make him a baron."

The old master nodded and said: "It is a good goal and plan to accumulate merits and become a noble of the imperial city. The higher your status, the higher your position in the imperial city.

The position will be more stable. If you want to accumulate merit quickly, it is difficult to say, but it is also very simple to say simple. "

When Ye Feng heard this, his eyes lit up. He knew that the old master must have experience, and immediately asked: "Senior, please enlighten me. If my status is high, it will also be of great benefit to the future plans of our God Association."

The old master nodded and said: "Although the Prehistoric Dynasty has completed the unification of the entire Prehistoric Continent, there are still many other big forces ready to move, such as the overlord forces in several other star regions, or the endless wilderness outside the imperial city of the Prehistoric Continent. There are countless ancient races living in the deep water swamps, as well as dark creatures in various dark interfaces, as well as the remnants of the Tianya Society you just mentioned, etc. As long as they can be eradicated, they can all gain good merit. "

Ye Feng nodded and said: "I also know this, but these hostile forces are not something that can be encountered when you encounter them. I will not consider the overlord forces in other star fields, because many overlord forces and the imperial city The powerful people in the country, even members of the royal family, have a cooperative relationship, and the water is too deep. What I want most now is the news about the rebellious forces like the Tianya Society who want to fight against the imperial court. "

The old master smiled and said: "I don't know about this, but you can enter the Shenxu Realm and ask other members if they have any news about this. If so, you can exchange information with what other members need. This It's also a kind of mutual help."

The world of gods!

Other members of the Divine Society! ??

When Ye Feng heard what the old master said, he was immediately awakened.

The old master has made it clear to himself that among the other members of the Divine Society, there must be someone who knows the information about the rebellion in the world.

Ye Feng clasped his fists and said, "Thank you, senior, for your guidance. I understand."

Ye Feng was about to go back to his large manor, so he entered the Shenxu Realm and asked one by one to see if any other members could help him and give him relevant information.

Similar to the remnants of Jianghu like Tianyahui, their

In fact, there are many, many, but most of them are hidden in the rivers and lakes and cannot be found at all. It is difficult even for the power of the imperial court to find out.

If Ye Feng can find out, it will definitely be considered a great achievement. Being promoted to an official position will no longer be an unattainable dream.

"But it seems that the Society of Gods that I belong to can be regarded as a rebel in the world, maybe it can be regarded as the number one rebel..."

Ye Feng was thinking wickedly in his heart.

But of course he wouldn't find himself out on his own.

The old master looked at Ye Feng and said: "Now you sit down cross-legged, and I will transfer some of the saint's power to you to help you improve your literary practice. You probably haven't practiced the Haoran Zhengqi Technique that I taught you for a long time. "

Ye Feng scratched his head, smiled awkwardly, and said, "It's true that I haven't practiced the Haoran Righteousness Technique for a long time, mainly because I've been too busy recently."

The old master did not blame him, he just smiled calmly and said: "I will help you practice tonight and help you improve your power in literary practice, but I have one thing for you to do."

Ye Feng's eyes moved, and he secretly thought that this old master really had a purpose in helping him. He couldn't help but ask: "Senior, is there anything that I need this junior to do?"

The old master smiled and said: "If you have a chance to enter the Hanlin Academy in the imperial city, help me find something, an ink pen. That ink pen is called the 'pen of the literary saint' by the world. I need you to help me find it, and then come to this gym and bring it to me. If necessary, I will use my means to enter the imperial city to help you."

Ye Feng's eyes were startled and he said: "The pen of the literary saint? I have heard that it is the most precious treasure of Hanlin Academy. How can I get it with my current status?"

The old master smiled and said: "Don't rush this matter, just plan it slowly. I don't want you to find it and bring it back to me right away. You just need to know about it for now. And when the time is right, I will do the same." I used my means to enter the imperial city to help you."

Hearing this, Ye Feng felt relieved and said, "Okay, I'll remember this."

Chapter 1735 Chi Jiuyi

Ye Feng meditated and practiced in the dilapidated monastery throughout the rest of the night.

The old master activated the saint's light in the stone statue and enveloped Ye Feng's body.

Ye Feng could feel that every part of his body was integrated into the saint's light, as if his body and soul had been baptized and sublimated.

At this time, Ye Feng practiced the Wen Dao inheritance "Haoran Zhengqi Jue" and got twice the result with half the effort.

Throughout the night, Ye Feng was bathed in the holy light and practiced hard.

In the morning, before Ye Feng left, the old master reminded him: "Come here from now on, bathe in the light of the saint and practice the Haoran Zhengqi Jue. If you want to find the pen of the literary saint as soon as possible, improve your literary practice, and join the Hanlin Academy is the best way."

Ye Feng heard this and said, "Okay, I understand."

Next, Ye Feng led a group of more than a dozen bunny girls through the wilderness and returned to his large manor.

"Wow! I didn't expect brother Ye Feng to have such a large manor in the imperial city!"

A group of bunny girls who have never seen the world, their eyes are full of excitement and excitement.

"Monster."

Ye Feng spoke up.

"Master is back?"

The demonic red figure appeared beside Ye Feng in an instant.

Ye Feng looked at the group of bunny girls and told the demon: "I brought them back. They have great potential. I will leave them to you to arrange and train them from now on."

The demon looked at a group of innocent and cute rabbit spirits and liked them very much. She said, "Master, don't worry. I will train these young ladies well."

At this time, Ye Feng said to a group of rabbit spirits: "From now on, you will live in my big manor, and you must practice well with Sister Yamei."

A group of bunny girls immediately answered honestly: "Yes, brother Ye Feng!"

The demon brings a

The group of excited bunny girls left.

Buzz!

The graceful and graceful figure of Fox Fairy An Miaoyi appeared next to Ye Feng.

She stared at Ye Feng and didn't mention anything about what happened last night. She just said: "The six red flame giant beasts I told you last time should arrive today. You should prepare 600,000 yuan." Divine Crystal."

When Ye Feng heard this, he couldn't help but look surprised and said: "Didn't you just say it yesterday? It was delivered so quickly?"

An Miaoyi smiled and said: "When I conveyed the news that you agreed to purchase six red flame giant beasts back to the Red Flame Clan in the Demon World, the Crimson Flame Clan leader was very happy and immediately sent his son Chi Jiuyi on the road. "

Ye Feng nodded and said, "Okay, I like this execution very much."

Roar!

Roar! !

Suddenly at this moment, there was a roar of beasts outside the big manor.

An Miaoyi's eyes moved and she said, "It's already here."

Ye Feng was also looking forward to it and said: "Then let's go and take a look."

When the two of them walked to the gate of the large manor, they first saw six giant beasts walking slowly on the grass in the distance.

These six behemoths are exactly six red-flame giant beasts. Their shape is somewhat similar to that of a rhinoceros. They are hundreds of meters tall and covered with fiery red fur. From a distance, they look like flames burning on their bodies. They have extremely strong vision. A sense of impact.

Each red flame giant beast exudes a ferocious aura, giving people a sense of fear of ancient beasts.

Ye Feng's eyes were filled with joy. These red flame giant beasts are half-step immortal beings. If they are cultivated in the future, they might be able to advance to the real level.

A true line of giant beasts in the Immortal Realm.

When the time comes, even I may not be able to withstand the attack of the six red flame giant beasts.

Moreover, the six red flame giant beasts, in a group battle, are simply like six terrifying and majestic war machines.

This thing, in the prehistoric dynasty, probably only the royal palace nobles and some generals guarding the frontiers could possess.

But now, Ye Feng suddenly had six heads.

"My name is Chi Jiuyi." .??.

In front of the six giant red flame beasts, stood a tall and tall young man, wearing a red robe, looking handsome and mysterious.

This person is the young patriarch of the Scarlet Flame Clan, Chi Jiuyi, who is the number one master of the younger generation of the Crimson Flame Clan. He actually possesses the cultivation level of the Immortal Realm, and is a master of the 10th level of the Immortal Realm!

There is only one step left to step into the mythical realm and become a mythical existence in the world.

This is a very powerful cultivation!

I have to say that the foundation of the demon world is still very strong.

Chi Jiuyi stepped forward at this time, with extraordinary momentum, but when he saw An Miaoyi, he was still quite respectful, clasped his fists and said: "Fox Fairy Queen."

An Miaoyi nodded slightly, pointed at Ye Feng beside her, and introduced aloud: "Chi Jiuyi, let me introduce to you, this is Mr. Ye Fengye, the leader of all our cooperation transactions. Without his protection, it would be impossible for all our goods to be transported to the imperial city for safe transactions."

When Chi Jiuyi heard this, he couldn't help but look solemn. He looked at Ye Feng and said solemnly, "I'm Chi Jiuyi, the young leader of the Chiyan Clan in the demon world. I have met Mr. Ye."

Although Ye Feng's cultivation level is only at the ninth level of the True God Realm, it is far inferior to Chi Jiuyi.

But Ye Feng's identity is something Chi Jiuyi attaches great importance to.

Although Chi Jiuyi comes from the demon world, he knows very well that the young man in front of him can own such a luxurious manor in the imperial city, and can also trade privately with the

demon world and sell goods. This kind of right shows his special and Chi Jiuyi had to take his lofty status seriously.

Ye Feng laughed loudly at this time, stepped forward and patted Chi Jiuyi on the shoulder, saying: "Brother Chi is a young prodigy in the demon world, the number one master of the younger generation of the Chi Yan clan. Just call me Brother Ye. No need." So polite, I've always been interested in geniuses."

Chi Jiuyi was very happy to see Ye Feng's easy-going look, and felt flattered. He quickly said: "Since Mr. Ye thinks highly of me, I will boldly call Mr. Ye 'Brother Ye'." "

"good!"

Ye Feng laughed, nodded, and said: "Brother Chi, I have prepared these six red flame giant beasts and 600,000 divine crystals. Let's go directly to my big manor to trade. By the way, if brother Chi is fine, you can go to I am staying in my big manor for a few days. I have a few subordinates in my big manor. If Brother Chi is willing, can you help guide me in my practice? "

A young master in the demon world like Chi Jiuyi must have unique insights into practice. It would be great if he could be brought to a large manor to guide his practice.

An Miaoyi glanced at Ye Feng and said with a smile: "Master Ye, you want to recruit Chi Jiuyi."

Ye Feng smiled and said: "Recruitment is out of the question. With Brother Chi's status, how could he be willing to be subordinate to me? I just want to make friends with Brother Chi, that's all."

When An Miaoyi heard this, she didn't say much, but she knew Ye Feng's ambition, but it was precisely because of this ambition that An Miaoyi was willing to cooperate with Ye Feng.

An Miaoyi is a fox fairy. As one of the seven great demon fairies in the world, she naturally has her own pride. If she had not seen that Ye Feng was someone who could achieve great things, she would not have joined forces with Ye Feng.

Chapter 1736 Jianghe Alliance

With the addition of six powerful red flame beasts, Ye Feng's private estate has become increasingly safe.

Ye Feng knew very well that even some powerful figures in the imperial city had to weigh their own strength if they wanted to attack their large manor.

Chi Jiuyi, the young leader of the Red Flame Clan, a young master of the Demon Clan, was finally invited by Ye Feng to live in the large manor for a period of time.

Chi Jiuyi, the young leader of the Demon Clan, is still very interested in the human race's territory.

Now with the protection of Ye Feng, Chi Jiuyi has a legal identity when he is active in the imperial city.

However, Chi Jiuyi cannot just have fun while living in the large manor. Ye Feng made Chi Jiuyi the temporary martial arts master of the large manor, helping Ye Feng train his subordinates, such as monks, young people A Ling, Xiao Miao, etc.

As for rabbit spirits, monsters, etc., they were left to the fox fairy An Miaoyi for training.

The entire large estate is on the right track of development, everyone is making rapid progress, and wealth is constantly accumulating.

Ye Feng himself is not idle. He also uses the wealth created by the large manor to purchase many cultivation resources and materials, which he is constantly integrating into his body to strengthen his cultivation.

A month has passed, and Ye Feng's cultivation has once again achieved a breakthrough, and he has entered the tenth level of the True God Realm, the Great Perfection Realm.

Ye Feng also went to the dilapidated gym almost every night during this period, bathing in the light of the saint. He also made rapid progress in the cultivation of Wen Dao Haoran's Zhengqi Jue, and his soul power increased greatly, reaching six thousand levels!

In addition, Ye Feng took the time to enter the Queen's Diagram, use the third-level heavenly blood talent of the Chaos Heavenly Emperor Technique, the Altar of Heaven, and kill the ancient demon in the bronze pillar, and also got a lot of benefits.

Among them, many inheritances and elixirs gifted by God, which Ye Feng did not need, were all given to his subordinates.

...

This morning, the sun was shining brightly.

Ye Feng was in a forest outside the large manor, breathing in the air of heaven and earth.

His whole body exuded a faint white light, making him look divine.

"Ye Feng, are you really secretly learning the art of literature and art from a saint?"

Suddenly a woman

Zi's voice sounded from the side.

Ye Feng's eyes moved and he looked over instantly and found An Miaoyi, the fox fairy, standing on a branch not far away, standing tall and graceful with stunning beauty.

Ye Feng said: "What do you mean?"

An Miaoyi smiled slightly and said: "I don't mean anything, but one night I wanted to see where you were going every day. It's so mysterious. However, I was stopped and warned by the will of a saint who has traveled through the world. "

Hearing this, Ye Feng's eyes flickered and he said, "No wonder your attitude towards me has gotten better and better during this period. You are not as cold as before. It seems that you are frightened by the saint behind me."

An Miaoyi couldn't help but said: "I'm not scared, I'm just curious. Apart from the dean of Hanlin Academy, there are other saints in this world? It's really surprising."

Ye Feng shook his head and said: "Don't ask, and don't be too curious. I don't know who the senior saint is."

After speaking, Ye Feng stared at An Miaoyi and said, "How is your recovery from your injury?"

An Miaoyi showed a bitter smile on her face and said: "The top ten golden armors are too powerful. My soul was severely damaged. How could I recover in just a few months? It will take at least several years, or even more than ten years of cultivation. "

"so long?"

Ye Feng's eyes were surprised. He had suffered damage to his soul many times before, but he recovered quickly.

It seems that not everyone has such a fast recovery speed like me.

Ye Feng nodded and said: "Anyway, Miss An, you don't have to go anywhere now. For you, my big manor is the safest place in the world. Moreover, you can get huge benefits from the transaction. For the time being, you can Feel free to stay here with me."

Speaking of this, Ye Feng suddenly asked: "Miss An, how did you check the things I asked you to check?"

Half a month ago, Ye Feng's soul entered the world of Shenxu and exchanged it with No. 8 of the Shenming Association.

Here comes some information about the remnants of Jianghu.

So Ye Feng asked An Miaoyi to check it for him. After all, An Miaoyi, as one of the seven great demon immortals in the world, must have his own power and be placed in the vast territory of the ancient dynasty.

When An Miaoyi heard Ye Feng's question, she immediately nodded and said, "I came today just to tell you about this. I found out some information about the 'Jianghe Alliance' and their hiding place. It's in a quicksand river in the primitive continent."

The Jianghe Alliance, like the Tianya Society that Ye Feng encountered before, is a remnant of the old forces left behind by the Great Unification War during the Great Unification War. What they think about every day is to overthrow the rule of the Great Unification Dynasty and rebuild the new mountains and rivers. .

The imperial court of the Prehistoric God Dynasty was naturally very angry towards these remnants of the old forces, and wished they could get rid of them as soon as possible.

And hunting down these remnants of the old forces is also part of the Night Watch's responsibilities.

Therefore, Ye Feng received the news from No. 8 in the Divine Association. He was going to go to the Night Watch Headquarters and assemble a team of Night Watchmen to destroy the remnants of the old forces such as the Jianghe Alliance and the Tianya Association. This was under the unification of the Divine Dynasty. , the fastest way to obtain merit.

Of course, you can also go to the abyss outside the prehistoric continent to kill the abyss demon god, or go to the depths of the wilderness to find the dark race to kill.

But these are too risky for Ye Feng, and he simply doesn't have the strength now.

Therefore, purging some remnants of the old forces in the territory of the Divine Dynasty is currently the most reliable way to accumulate merit.

...

night.

Ye Feng sat in his secret practice room with his eyes closed.

His soul entered the Shenxu Realm.

A figure in black robe is in the world of Shenxu, and it seems that he has been waiting for a long time.

This black-robed figure is No. 8 in the Society of Gods. His identity seems to be very special. He has all the clues about where the remnants of the old forces are hiding.

Ye Feng secretly guessed that the true identity of No. 8 might be someone who specializes in selling information.

At this time, Ye Feng was also shrouded in a black robe and entered the world of Shenxu. He cupped his fists towards No. 8 and said: "Fellow Taoist No. 8, thank you for providing

Information, I have sent people to search according to the map and found the hiding place of some remnants of the Jianghu. "

The voice of No. 8 sounded like that of a teenager. He said, "Did you bring what I wanted?"

While Ye Feng was guessing about No. 8, No. 8 was also guessing about the identity of Ye Feng, No. 9.

Based on the information Ye Feng needed about the remnants of the Jianghu, No. 8 guessed that Ye Feng might become an official in the court of the ancient dynasty.

At this time, Ye Feng took out a small cloth bag from his arms, handed it to No. 8, and said: "The map you want about the Northern Territory of the Prehistoric God Dynasty is here. This map is in the state of the soul's void. Do you remember Just in your head."

"Thank you very much."

No. 8 took the bag and hid aside to carry the map.

And at this moment.

Buzz!

In the world of Shenxu, along with a burst of space fluctuations, another small figure in black robe appeared.

It's the No. 5 from before, who seems to be a little girl who hasn't grown up.

As soon as she entered the Shenxu Realm, she immediately stared at No. 8 and couldn't help but ask: "What are you looking at?"

Number 8 immediately looked away and concentrated on carrying the map.

"No. 9, what are you and No. 8 discussing?" The little girl No. 5 looked at Ye Feng, No. 9, again.

Ye Feng found that this little girl No. 5 was really laid-back. Every time she came to the Shenxu Realm, she would meet her.

Ye Feng said: "I still have something to do, you can play with No. 8."

After saying that, Ye Feng directly exited the Shenxu Realm and went offline.

"you....."

No. 5 was so angry that his cheeks were bulging and he said, "You guys are so boring and you don't even want to play with me!"

...

At this time, Ye Feng's soul exited the world of Shenxu and returned to his true form in the manor.

He opened his eyes and it was already early morning.

Uh-huh!

Ye Feng stood up and walked straight outside. He was going to go to the Night Watch headquarters, gather a team, and set off to the Liusha River area to find the remnants of the old force of the Jianghe Alliance.

Chapter 1737 Leaving the city

Just as Ye Feng was about to walk out of the large manor, Chi Jiuyi, the young patriarch of the Red Flame Clan and the top young master, came to Ye Feng.

Ye Feng looked surprised and said, "Brother Chi, what's the matter?"

Chi Jiuyi said: "I heard that the Queen of the Fox Fairy said that Brother Ye, you are going to leave the imperial city and go to the dangerous areas of the ancient continent to wipe out the remnants of the rivers and lakes. Those remnants of the rivers and lakes are not that easy to deal with. Fox Fairy Your Majesty means, let me go with you and protect you on the way."

When Chi Jiuyi said these words, he was not arrogant. He was the number one master of the younger generation of the Chi Yan clan. He had the perfect cultivation of the tenth level of the Immortal Realm. Naturally, he had the confidence to say the words to protect Ye Feng.

At this time, Ye Feng looked at Chi Jiuyi with a surprised look on his face. He did not expect that the fox immortal An Miaoyi was quite concerned about his safety.

Moreover, Fox Immortal An Miaoyi's reputation is quite high, and she can persuade the young master of the Red Flame Tribe like Chi Jiuyi to escort her and act as her bodyguard.

Ye Feng naturally would not refuse such a good thing. After all, this Chi Jiuyi is a powerful free fighter. His strength is probably comparable to that of a gold-armored warrior in the Night Watch.

With such a hidden strong man by his side, his safety factor will definitely be greatly improved.

At this time, Ye Feng immediately smiled and said: "Since Brother Chi is sincere, then I would rather be respectful than obey your orders. I feel wronged that Brother Chi follows me to protect me."

Chi Jiuyi smiled slightly and said: "Brother Ye is serious. Brother Ye has made a huge contribution to the prosperity of our Red Flame Clan. As the young leader of the Red Flame Clan, I also have the responsibility to protect Brother Ye."

Ye Feng patted Chi Jiuyi on the shoulder and said with a smile: "If I can achieve great merit this time and be successfully knighted, I will not treat you badly, Brother Chi. In the future, your Chi Yan Clan's business will I will take good care of you."

When Chi Jiuyi heard this, his eyes suddenly lit up.

He quickly cupped his fists and said, "Thank you so much, Brother Ye. Don't worry, Brother Ye, as long as no super strong person appears, I can keep you safe."

Ye Feng nodded, and then led Chi Jiuyi towards the Night Watch headquarters.

Although Chi Jiuyi is a demon clan, a great master like him deliberately restrains his cultivation aura at this time. He wears an animal skin gown and looks like the groom next to Ye Feng, which is inconspicuous at all.

After arriving at the Night Watch headquarters, Ye Feng reported the relevant news about the remnants of the old force of the Jianghe League to the upper management of the headquarters, and wanted to lead people to destroy it.

For these remnants of the old forces, they have always been the number one enemy of the Night Watch, and they are a thorn in the side.

In addition, Ye Feng is now secretly regarded by many in the Imperial City as the public spokesperson of the Night Watch Commander, and a popular person in front of the Commander.

Therefore, the upper management of the headquarters did not think anything at all, and directly agreed to Ye Feng's request to fight, and sent nine bronze armors to follow Ye Feng.

As for the silver armor, the headquarters will not grant it to Ye Feng unless Ye Feng is promoted to gold armor.

Otherwise, even if Ye Feng is the popular figure in front of the commander, he will not have this right. After all, this is the rule of the Night Watch since ancient times.

Ye Feng also had an indifferent attitude towards this. After all, he knew that he and Chi Jiuyi were the main combat forces in annihilating the Jianghe Alliance in the Liusha River area this time. The reason why he still led a team was that besides letting the nine coppers When the time comes, A will help clean up the minions and do odd jobs. There is another reason, and that is because he has a good reputation.

If he had just personally wiped out the remnants of old forces like the Jianghe Alliance, the imperial court would not recognize his merits.

Only the night watchman

According to the order issued by the headquarters, only by making yourself famous can you be considered as having contributed to the court and can accumulate meritorious service.

Ye Feng had personally consulted the Marshal on this knowledge, so he knew it very clearly.

With nine bronze armors and Chi Jiuyi by his side, Ye Feng went straight on the road.

The group of people walked out of the imperial city area and came to the wilderness outside.

Ye Feng held a map in his hand, and after identifying the direction, he galloped directly towards the Liusha River. .??.

The nine bronze armors behind them all hurriedly followed.

Chi Jiuyi, the young leader of the Red Flame Clan, was also following along, taking his time.

Several bronze-armored night watchmen were secretly surprised. This Chi Jiuyi looked like a horseman in simple clothes, but they didn't expect that someone with such great cultivation and low-profile could actually follow him steadily. The speed and pace of Ye Feng.

"Sure enough, Lord Shining Armor is surrounded by capable people. None of them are ordinary. Even a groom is so powerful." A bronze-armored night watchman murmured in a low voice.

...

At this time, deep inside the palace.

In the palace of His Royal Highness the Crown Prince.

Long Ao, the eldest son of the Dragon God Sect, heard the report from his subordinates, and his eyes suddenly lit up.

He couldn't help but said: "Are you telling the truth? That Ye Feng just took nine bronze armors and left the imperial city and entered the wilderness to wipe out the remaining evildoers?"

A subordinate of the Dragon God Cult in front of Long Ao said: "Reporting to the eldest son, this news is absolutely true. We brothers are guarding the city gate day and night. We saw with our own eyes that Ye Feng, with nine bronze armors The night watchman went out. Oh, by the way, he also brought a young man wearing animal skin clothing with him. He was probably his horse.

husband. "

Hearing this, Long Ao suddenly showed an excited look on his face, and laughed and said: "God helps me! This is a once-in-a-lifetime opportunity! I can't do anything to that Ye Feng in the imperial city, after all, he is He was a night watchman in silver armor, and there was a night watchman standing behind him, but Ye Feng finally couldn't stand it any longer, and actually left the imperial city secretly, wanting to wipe out the remnants of the world and accumulate merit, huh! How could I let him? As you wish?"

The subordinate of the Dragon God Cult in front of him immediately asked: "Eldest Master, should we arrange for strong men to kill Ye Feng directly?"

Long Ao shook his head and said with a sneer: "Don't worry, they are still very close to the imperial city now. If they are killed, they will probably guess that it was us. When they continue to go deep into the wilderness, we will arrange to rape them." If we kill them and let them die inexplicably, no one will find out about us. By the way! His Highness the Crown Prince just rewarded our Dragon God Sect with some war crossbows. You arrange some strong men to bring those. The War Crossbow went to intercept Ye Feng. Even if this matter is exposed, the clues left by the War Crossbow will only make others think that the prince did it, and they will not doubt me. "

The subordinate of the Dragon God Sect in front of him immediately clasped his fists and said, "Yes, eldest son! I will make arrangements!"

Long Ao nodded with satisfaction and said: "There is no need to tell His Highness the Crown Prince about this matter. I will tell him after killing Ye Feng. He will definitely be very happy. By the way, arrange for a few more Immortal Realm experts." By."

The subordinates of the Dragon God Sect were shocked and said: "That Ye Feng is only in the True God Realm. A strong man in the Immortal Realm, plus a group of people controlling the war crossbow, is enough to kill Ye Feng dozens of times."

Long Ao smiled gloomily and said: "Send out all the six immortal realm elders of our Dragon God Sect who are accompanying you this time! I will cut off all possible escape opportunities for Ye Feng! Let him die without a burial place!"

Chapter 1738 War Crossbow

In the vast and uninhabited land, the bustle and prosperity of the imperial city have long been gone. Instead, there are only towering ancient trees, deep swamps, and continuous mountains and ravines, a primitive scene.

Uh-huh! Uh-huh! Uh-huh!

At this time, a group of golden goshawks flew over from the end of the sky not far away.

There are more than a dozen of them.

On the back of each golden goshawk, there is a figure standing.

It was Ye Feng and his party!

Ye Feng left the imperial city area with nine bronze-armored night watchmen and Chi Jiuyi, a young expert from the Red Flame tribe. After traveling thousands of miles and traveling for more than ten days, he finally arrived at the Liusha River area.

It has to be said that the prehistoric continent is really vast and endless, which makes people lament their own insignificance.

"Tell Mr. Shining Armor to go through the primeval forest ahead and reach the Liusha River area."

A bronze-armored night watchman flew from the front and reported to Ye Feng, who was standing on a golden goshawk. ??

Ye Feng nodded slightly, turned his Divine Eyes of Creation, and looked into the distance.

Sure enough, on the other side of the primeval forest ahead was a huge river. The river was full of earthy yellow sand, like a quagmire and swamp. It was the legendary Quicksand River.

According to the information Ye Feng received from Shenminghui No. 8, the Jianghe Alliance's lair was hidden in the Liusha River area.

"Let's go through this primeval forest first, and then we'll lurk down to find the Jianghe Alliance's lair."

Ye Feng spoke up at this time.

"Yes, Lord Shining Armor!"

A group of nine bronze-armored night watchmen all clasped their fists and spoke respectfully.

Chi Jiuyi was standing next to Ye Feng at this time, looking at the primitive forest in the distance, frowning slightly, and felt a heart-stopping feeling.

But he just had this feeling and did not really perceive the crisis, so Chi Jiuyi didn't say much. He thought that there might be some ancient hidden existence in that primitive forest.

It's a ferocious beast, so it gave him a feeling of palpitations, but as long as this ancient ferocious beast didn't take the initiative to provoke it, there shouldn't be any danger.

However, Chi Jiuyi approached Ye Feng slightly, and his whole body showed a state of vigilance. This allowed him to launch the most violent protection at the moment when danger was approaching to ensure Ye Feng's safety.

The group of people stepped on golden goshawks and flew over the primeval forest.

Below is the virgin forest, surrounded by mountains and valleys, which looks full of wilderness.

"boom!"

"boom!"

"boom!"

...

But suddenly at this moment, huge crossbow arrows suddenly burst out from the primitive forest full of wilderness!

These crossbow arrows are not ordinary arrows. Each crossbow arrow is extremely huge, just like a spear. Carrying the terrifying spirit of war, it instantly penetrates from the depths of the primeval forest and heads towards Crazy shooting from high altitude.

"This is the royal war crossbow of our ancient dynasty!"

A bronze-armored night watchman was shocked and wanted to continue saying something.

"Pfft!"

But at the next moment, a dark crossbow arrow that looked like a war spear instantly pierced the body of the bronze-armored night watchman, piercing through the soles of his feet and piercing his head, bringing out a pool of blood.

Even if this bronze-armored night watchman was the elite among the elite, he would die in an instant after suffering such a heavy injury!

And that's not all. Then the whole place suddenly heard the screams of the night watchmen.

"ah!"

"ah!"

"ah!"

Accompanied by shrill howls, each of the bronze-armored night watchmen was pierced by war crossbow arrows, their blood spattered, and they died extremely miserably.

Those war crossbow bolts flashed out so fast that you couldn't react at all, and they were so densely packed that they were like rain falling all over the sky, making them difficult to guard against.

The nine bronze-armored night watchmen, together with the golden goshawks at their feet, were instantly transformed into hedgehogs, fell from the sky, and died in this barren area.

"Pfft!"

Even Ye Feng's arm was pierced by a sudden war crossbow arrow, and blood spattered.

"Guardian of red flames!"

Chi Jiuyi looked shocked and immediately displayed a powerful protective martial arts.

boom!

A crimson halo of light immediately enveloped Chi Jiuyi and Ye Feng.

"Buzz! Buzz! Buzz!"

When those spear-like war crossbows struck in front of Ye Feng and Chi Jiuyi, the moment they touched the crimson halo, they quickly melted into drops of molten iron and dripped onto the ground.

This shows how powerful the red flame protection displayed by Chi Jiuyi is.

Ye Feng looked at the nine bronze-armored night watchmen who were pricked into hedgehogs. His eyes were extremely frightened and angry. He couldn't help but said: "This is a war repeating

crossbow that can only be used by the royal family of our ancient dynasty! It was the prince who moved it! This primitive There is a large army stationed in the forest!"

Chi Jiuyi felt it, shook his head and said: "It's not like the army of the Divine Dynasty, but like people from the sect, but they have war crossbows in their hands."

When Ye Feng heard this, his eyes moved and he almost blurted out: "The eldest son of the Dragon God Sect, Long Ao! It's definitely him! I made him lose face last time at the Night Watch Headquarters. He must have wanted to kill me all the time to vent his anger. He is the only one who is the prince's distinguished guest and has a war rifle in his hand!"

Ye Feng never thought that Long Ao would actually

Use this weapon of war to assassinate yourself.

But at this time, it seemed that the war repeating crossbow was useless.

Uh-huh!

Uh-huh!

Uh-huh!

In the primeval forest below, six old men rushed out at once.

These six old men all had gray hair and were wearing black robes. Their robes were billowing all over their bodies, exuding an extremely powerful aura.

Astonishingly, they were six powerful men in the Immortal Realm!

Ye Feng's eyes were startled and he said: "Six immortal realm experts! Six of them appeared at once! Such a profound background must belong to Long Ao, the eldest son of the Dragon God Sect! Only he can have such a big deal, Able to use six immortal realm experts at once!"

Ye Feng was a little lucky that he brought Chi Jiuyi, the young leader of the Red Flame Clan, with him this time.

Otherwise, facing the siege of six immortal realm experts, even if he cannot die, he will definitely escape with serious injuries and be in danger.

But now, with a hint of coldness in Ye Feng's eyes, he stared at the six immortal realm old men around him and said, "Are you all strong men of the Dragon God Sect?"

"kill!"

The eyes of the six Immortal Realm old men changed slightly. For some reason, Ye Feng saw through their identities. The six of them took action instantly, bursting out with a terrifying attack and destructive momentum like a violent storm.

But at this time, Ye Feng stood still, unmoving.

And Chi Jiuyi next to him, this young man wearing animal skin clothing and looking like a groom, suddenly burst into boundless red flames, and he turned into a giant beast like a flaming unicorn in the flames. , one hoof stepped down and crushed all the attacks of the six immortal realm old men.

The terrifying flames caused the six elders of the Dragon God Sect to retreat one after another, their faces extremely horrified.

"What?"

"There is such a terrifying powerful demon hiding next to this kid?"

Chapter 1739 Failure

The eyes of the six elders of the Dragon God Sect were filled with horror at this time.

Obviously, they never thought that the ordinary man next to Ye Feng, who looked like a groom, turned out to be a hidden great demon!

Buzz!

In the endless flames, Chi Jiuyi transformed into his true body and became a huge demonic beast covered in flames.

"boom!"

He rushed forward in an instant, covering all the six Dragon God Sect elders under his attack.

"Let's work together to deal with this monster master! The others used war repeating crossbows to kill Ye Feng!"

An elder of the Dragon God Sect immediately shouted loudly, and then he and other elders released their killing moves to kill Chi Jiuyi.

"Yes, elder!"

A group of masters from the Dragon God Sect in the True God Realm spoke out from the primeval forest below.

"boom!"

"boom!"

"..."

In an instant, another war repeating crossbow exploded with extremely powerful impact, shooting towards the high altitude at high speed, trying to stab Ye Feng into a hedgehog.

"A group of true god realm warriors also want to kill me? What a wishful thinking!"

Ye Feng shouted coldly, and his whole body instantly turned into a stream of light, rushing directly towards the bottom.

"Boom! Boom! Boom..."

War crossbow arrows whizzed past his ears.

But Ye Feng did not change his expression, his eyes were full of calmness.

If so many war crossbows suddenly burst out from the virgin forest just now, it really made Ye Feng panic for a moment.

But now that he has stabilized, Ye Feng is not panicking at all.

He instantly released his huge soul power, captured the trajectories of all the war crossbow arrows that passed through his hole, and then deduced them.

Therefore, Ye Feng was able to perfectly avoid the trajectories of these war crossbow arrows. He rushed down from high altitude, like a ghost, flickering here and there, and he was able to perfectly avoid the crossbow arrows every time. Pierce.

This scene made all the masters of the Dragon God Sect in the primitive forest below almost dumbfounded.

"What? Does this kid have three eyes?"

"Not to mention three eyes, even if there are ten eyes, it is impossible to dodge all the war crossbows we release!"

All the masters of the Dragon God Sect were shocked and spoke out.

boom! !

At this time, Ye Feng finally descended to the ground and stepped onto the virgin forest floor with a bang, directly shattering the earth within a hundred meters of radius, causing cracks to appear, which looked extremely spectacular.

Ye Feng entered the forest at this time, but he saw among the mountains and valleys, masters of the Dragon God Cult were hidden inside. Every three people were operating a war repeating crossbow, and there were a total of hundreds of war repeating crossbows. !

This kind of war repeating crossbow is a masterpiece of alchemy in the Imperial City's Star Reaching Tower. It is engraved with powerful formation patterns. Each crossbow arrow is specially made and can instantly penetrate thousands of ordinary warriors.

Even those who are powerful in the True God Realm will die immediately under such war crossbows if they don't have time to dodge.

Very scary!

It can be said to be a nightmare in war!

Ye Feng saw hundreds of war repeating crossbows. He was not surprised but overjoyed. He laughed and said: "Long Ao, Long Ao, you gave me a big gift this time!"

The important weapon of war, the war repeating crossbow, is simply not available in peacetime, and even the royal family and dignitaries rarely get it.

Long Ao can possess

The hundred war repeating crossbows were probably also given as a gift from the prince.

In today's prehistoric dynasty, only His Royal Highness the Crown Prince has the wealth to be able to send out hundreds of war repeating crossbows at once.

"But now it's all going to be mine!"

Ye Feng's eyes were filled with excitement. This time, he would really be lucky if he survived the disaster.

"kill!"

Facing the group of Dragon God Sect masters, Ye Feng showed no mercy at all. He directly pulled out the long knife from his waist and killed them all.

The hundreds of Dragon God Sect masters opposite also shouted loudly.

"Let's take action together! Kill this kid!" .??.

"No matter how powerful this Ye Feng is, he is still only a warrior at the True God Realm level after all! We have hundreds of True God Realm warriors together, can't we still kill him? I don't believe it!"

One by one, the masters of the Dragon God Sect burst out with powerful power, surging with powerful divine light and destructive power, and rushed towards Ye Feng.

"The cursed tyrant sword!"

Ye Feng held a long sword in his hand and displayed this powerful sword technique in an instant.

"Boom!!"

The long knife in his hand immediately lit up with spell symbols, covering all the Dragon God Cult masters in front.

"What? I feel like I can't use my cultivation power anymore!"

"What is going on? Why is it that all our powers were sealed at once?"

All the masters of the Dragon God Cult were shocked at this time and couldn't believe what happened to them.

"boom!!"

But at this time, Ye Feng's terrifying sword light had already struck down.

"Pfft!"

"Pfft!"

Almost at this moment, all the masters of the Dragon God Sect were killed.

He cut his body in half and let out a miserable howl.

"ah!"

"ah!"

"ah!"

Hundreds of people were howling miserably.

At this time, the six elders of the Dragon God Sect who were fighting with Chi Jiuyi high in the sky heard screams coming from the forest below, and their expressions became extremely ugly.

They knew that this time their interception mission might really end in failure.

"Brother! Let's go quickly!"

An elder of the Dragon God Sect said immediately.

"Walk!"

Several other elders of the Dragon God Sect knew that the situation was over and fled towards the distance.

Ye Feng's voice came from the forest below: "Brother Chi, you don't have to hold back anymore. Try your best to keep these six Dragon God Sect elders. They are of great use to me!"

Chi Jiuyi didn't want to chase him at first, but after hearing Ye Feng's request, he immediately gritted his teeth and said, "Okay! I'll try my best!"

"The Ancient Prison!"

boom!

Chi Jiuyi roared at this time and performed a forbidden secret technique of imprisonment.

His entire monster body turned into a huge flame prison in a divine light, trapping all six Dragon God Sect elders inside.

"boom!"

And at the next moment, endless streams of flames instantly engulfed six Dragon God Sect elders.

"ah!!"

The pitiful howls of the elders of the Dragon God Sect were immediately heard from inside.

Snap!

Snap!

Finally, charred corpses fell from the sky.

The flame prison also dissipated, and Chi Jiuyi's humanoid body reappeared in its place.

Chapter 1740 A bolt from the blue

At this time, Chi Jiuyi's face was a little pale.

It was obvious that he had just turned into a prison of flames, and this secret technique consumed a lot of his origin.

Chi Jiuyi landed on the ground from high altitude and wanted to help Ye Feng.

But when he walked into the primitive forest, he saw corpses all over the forest, all of which had been cut off by Ye Feng's knife.

"What a powerful swordsmanship!" ??

Even young masters like Chi Jiuyi couldn't help but secretly admire him at this moment.

He suddenly understood that Ye Feng seemed to be weak, but in fact, his own strength was also extremely powerful.

At this time, Ye Feng loaded more than a hundred war repeating crossbows into the storage ring, smiled and said to Chi Jiuyi: "I have made a fortune this time, and brought these more than a hundred war repeating crossbows back to my private The Renmin Manor, coupled with the six red flame giant beasts purchased from your Red Flame Clan, my manor is really like a steel fortress, impregnable."

Chi Jiuyi smiled and said: "Things like the War Repeating Crossbow are indeed priceless, and I am sincerely happy for Brother Ye."

Ye Feng nodded slightly, then looked at the corpse of the strong man there and said, "Brother Chi, you protect me, I want to practice."

Chi Jiuyi looked surprised and said, "Is it right here?"

He didn't understand why Ye Feng suddenly wanted to practice.

Did he realize something in the battle just now?

However, Chi Jiuyi didn't ask any more questions. His mission this time was to protect Ye Feng.

Uh-huh!

Chi Jiuyi flew over the primeval forest and began to be wary of the surroundings.

In fact, in this barren area, the group of powerful Dragon God cultists that were intercepted and killed have been eliminated, and there is no danger anymore.

At this time, Ye Feng gathered together hundreds of True God Realm Dragon God Sect masters, as well as the six Immortal Realm Dragon God Sect elders who were burned alive by Chi Jiuyi.

Then he directly released his Devouring Domain.

"boom!"

In an instant, a dark and deep swallowing vortex appeared in front of Ye Feng.

A huge dark field was formed, covering the bodies of all the strong men.

"Boom boom boom boom..."

Suddenly, huge and abundant blood energy and skill energy were absorbed from each corpse, and then smelted in the oven of creation, turned into the purest power, and injected into Ye Feng's body.

At this moment, Ye Feng could feel that the original power in his body was growing rapidly.

Half a day later.

"boom!!"

An extremely terrifying martial arts aura suddenly erupted in the virgin forest below and spread to a thousand miles around.

This momentum even produced a terrifying hurricane on the earth, blowing down many trees in this primeval forest, and the ground surface was lifted up. The scene was extremely spectacular and terrifying.

"What's this momentum?"

Chi Jiuyi, who was protecting the law at high altitude, suddenly looked shocked and couldn't help blurting out: "The aura of immortal realm cultivation!"

Even though Chi Jiuyi was the young patriarch of the Chiyan Clan, a powerful clan in the demon world, and had always been well-informed, he was still shocked by Ye Feng's breakthrough at this moment.

You must know that Ye Feng's cultivation level half a day ago was only at the tenth level of the True God Realm.

And if normal people want to completely transform from the True God Realm and completely break through to the Immortal Realm, even if they have abundant resources, they may need to accumulate several years, or even more than ten years, before they can finally break through!

But now, it only took Ye Feng just half a day to completely transform from the true god realm to the first level of the immortal realm!

This speed is really terrifying!

Chi Jiuyi couldn't help but think to himself that if this news spread, it would probably shock the entire world!

And at this time, Ye Feng walked out of the virgin forest.

There was a divine light flashing in his eyes, his black hair was windless, and he looked extraordinary. ??

Chi Jiuyi stared at Ye Feng and said in shock: "Brother Ye, you really impress me!"

If before, Chi Jiuyi's friendly attitude towards Ye Feng was only because of Ye Feng's identity.

So now, Chi Jiuyi, the young leader of the Red Flame Clan, really agrees with Ye Feng in terms of personal strength.

Although Ye Feng's current cultivation level is still far behind him.

But as long as Ye Feng is given time, Ye Feng will surpass him sooner or later.

While Chi Jiuyi was shocked in his heart, he also paid more and more attention to Ye Feng.

Ye Feng smiled at this time and said: "Let's go and go to the Liusha River area to investigate where the Jianghe League, the lair of the remnants of the Jianghu League, is hiding. Now my cultivation has undergone a qualitative change. With the strength of the two of us, , even if a powerful person from the mythical realm appears above the immortal realm, we can still give it a try!"

What Ye Feng said at this time was naturally not a joke.

He has now broken through to the first level of the immortal realm. If he really encounters an unstoppable enemy, then Ye Feng can consume his soul power and summon the future body of the Great Perfection, which is equivalent to having one more immortal realm tenth in a short period of time. The strong men of Chongtian Dzogchen help.

This is extremely scary.

That's why Ye Feng said these words that sounded like arrogance and arrogance.

Now that Chi Jiuyi has seen Ye Feng's powerful talent, he does not doubt Ye Feng at all. Instead, he nods and laughs: "Even if there are strong men in the Myth Realm in the Jianghe Alliance, we can still fight!"

After the words fell, the two people quickly set off towards the other side of the primeval forest.

...

At this moment, far away in the depths of the imperial palace in the imperial city of the Great Desolate Dynasty.

Next to His Royal Highness the Prince's palace, there is a large mansion with beautiful mountains and rivers.

The person living in this large mansion is naturally Long Ao, the eldest son of the Dragon God Sect.

At this time, he was sitting in the rocking chair, very leisurely, and murmured to himself, "Counting the time, the elders and the others should have succeeded in intercepting the enemy."

"Crack!"

"Crack!"

At this point, sounds like breaking glass suddenly came from inside the mansion.

When Long Ao heard this voice, his originally leisurely expression immediately turned extremely ugly.

Uh-huh!

He instantly rushed into a small room inside the mansion.

I saw six special jade tokens on a shelf in the small room at this time, all of which were shattered from the middle.

These six jade tablets are the soul tablets of the six immortal realm elders of the Dragon God Sect!

The soul card is broken, which means that the person is dead!

"Are all the six elders dead?"

Long Ao, the eldest son of the Dragon God Sect, suddenly widened his eyes.

Then he felt deeply frightened and broke out in cold sweat.

"How can this be!"

"How can it be!"

Long Ao stared at the six Posu soul cards, his whole body was trembling, and he felt a deep fear.

The six elders are all dead!

This blow to Long Ao was nothing short of a bolt from the blue.

Even though Long Ao had always boasted that the city was deep, at this moment he couldn't hide the panic in his heart, and his face turned extremely pale.

He understood at this moment that the team he sent out to intercept Ye Feng might have all been killed!
