Chapter 1741 Ambush in the Valley

At the other end of the primeval forest, the entire land is very humid.

The ground is filled with flowing mud, like a deep cement pool. If an ordinary person walks on it, he will definitely sink in instantly and be swallowed up by the mud.

However, this harsh environment is nothing to great experts like Ye Feng and Chi Jiuyi.

At this time, Chi Jiuyi looked at the deserted Liusha River around him and couldn't help but said: "Brother Ye, there are desolate mountains and bad water everywhere here. How can we find the place where the grass falls in the Jianghe League? The entire Liusha River area It's just too big."

Ye Feng thought for a moment and said, "I'll take a look before talking."

Uh-huh!

Ye Feng instantly flew high into the sky, using the Divine Eye of Creation to infinitely broaden his field of vision and look towards the entire Liusha River area around him.

Almost at the next moment, he saw a continuous motorcade on the khaki land in the distance. ??

This convoy is several hundred meters long, like a long dragon that can move on the ground.

This convoy is composed of a group of low-level warriors, who do not even have the cultivation level of the True God Realm.

It seemed to be some kind of caravan, walking in this deserted Liusha River area.

Ye Feng flew down from high altitude and said to Chi Jiuyi: "I saw a convoy composed of low-level warriors. We can just ask the convoy directly. The convoy looks like it has been walking in this area all year round. It should be right. Everything around me feels familiar."

Chi Jiuyi said loudly: "Brother Ye, let's get started quickly."

Uh-huh!

Uh-huh!

The two of them instantly rushed high into the sky and flew towards the direction of the convoy.

In less than a moment, the two of them had descended from high altitude in front of the convoy.

"Enemy attack enemy attack!"

"Alert alert!"

At this moment, the entire convoy of guardian warriors roared loudly.

"We are not enemies!"

Ye Feng immediately said loudly: "We are here just to ask for some information."

At the front of the motorcade, a fierce man sneered and said, "We have no obligation to reveal the news to you two strangers."

"boom!"

But the moment the fierce man finished speaking, Chi Jiuyi suddenly burst out with a terrifying and huge aura.

It was as heavy as a mountain, directly pressing on this fierce and evil man.

"Plop!"

This ferocious man couldn't help but was forced to kneel on the ground immediately.

Chi Jiuyi stared at him and said coldly: "What's your attitude? I'll give you a chance to reorganize your language."

"My lord, have mercy on me! My lord, please have mercy on me!"

The fierce and evil man who had been taught a lesson was no longer evil anymore. A frightened and fawning smile suddenly appeared on his rough face, and he said quickly: "What do you two adults want to ask? Just ask, I will definitely know." Nothing is left unsaid, no words are left unfinished."

Ye Feng smiled and said: "I just want to ask a question. In the Liusha River area, there is a remnant force called the Jianghe Alliance. Do you know where the Jianghe Alliance's home base is?"

The big man at the head of the convoy carefully observed the silver armor on Ye Feng's body. Then he seemed to see something and suddenly exclaimed: "It's the night watchman! The two adults turned out to be servants of the imperial court. I thought they were blocking the road." Where's the bandit?"

Ye Feng glanced at this big man in surprise, and said with a smile: "You are a bit discerning, so tell me where the Jianghe Alliance's base is."

The big man smiled bitterly and said: "Jianghe League is our alliance in the Liusha River area.

A tyrant is burning, killing and looting all day long. We don't even have time to hide. How can we find out where the Jianghe Alliance's lair is? "

When Ye Feng heard this, he couldn't help but frown slightly and said, "Don't you know any news?"

The big man seemed to have remembered something, and immediately said: "I know there is a road where robbers from the Jianghe Alliance are often found, but we never take that road. If you want to know, I can tell you, but please don't let us be used as bait. I only have this little property left and I don't dare to take risks with the two adults."

Ye Feng said: "Just tell me about that road that is often visited by Jianghe Alliance robbers, and I will go by myself."

The big man nodded immediately and said: "Okay, that road is five hundred miles southeast of here. There is a valley. Robbers often appear under the valley. You can go there to try your luck. Maybe you can capture Jiang He alive." Alliance gangsters."

Ye Feng nodded and said, "I understand, thank you."

After saying that, Ye Feng and Chi Jiuyi quickly rushed in that direction.

But at that moment, the frightened big man suddenly showed a strange smile on his face.

He immediately spoke to a subordinate next to him: "Use the Thousand Mile Telephone Note to inform the first and second leaders in the valley that I caught a big fish. They are two night watchmen. One looks very ordinary, and the other is... "Silver Armor level, let the first alliance leader and the second alliance leader hurry up and ambush on the road in the valley, this time we have caught a big fish!"

It turns out that this big man is not the guardian warrior of the convoy at all, but a member of the Jianghe Alliance!

...

At this moment, Ye Feng and Chi Jiuyi were on their way.

They traveled through a large area of quicksand and finally came to a huge valley area.

This valley is very huge, majestic and a natural wonder.

middle of valley

There is a trail that is overgrown with weeds and looks like it has not been passed here for a long time.

"The place that the big man in the convoy mentioned should be here."

At this time, Chi Jiuyi spoke up and walked into the path in the middle of the valley.

Ye Feng nodded slightly and walked into the valley path.

He looked around and saw overgrown weeds. He was a little confused and said, "This doesn't look like a place where convoys travel, nor does it look like a place where robbers rob. It looks like a lair that is easy to defend but difficult to attack."

Just when Ye Feng was talking.

"Whoosh!"

"Whoosh!"

"Whoosh!"

Suddenly, a mass of black arrows burst out from the upper end of the valley, shooting wildly towards Ye Feng and Chi Jiuyi.

"ambush?"

"The big man in the convoy just now seems to be a bandit from the Jianghe Alliance."

Ye Feng and Chi Jiuyi looked at each other and saw the sudden look in each other's eyes.

However, facing the arrows in the sky, the two of them didn't panic at all, and they didn't even blink.

Even the crossbows of the prehistoric gods and royal dynasties could not hurt two people, let alone these arrows as small as the thickness of a finger.

Ye Feng smiled slightly and was not at all panicked by the arrows in the sky. Instead, he said to Chi Jiuyi beside him: "Brother Chi, it seems that these bandits from the Jianghe Alliance regard us as ordinary members of the court. "

Chi Jiuyi showed disdain on his face and said: "Indeed, the big man in the convoy probably thought that Brother Ye was just an ordinary night watchman in silver armor, so he lured us here and used the dangerous terrain here to ambush us. Kill us."

Ye Feng said with a smile: "The ambush is just right. We don't have to look for these Jianghe League thieves ourselves. It's really hard to find anywhere without wearing iron shoes. It takes no effort at all."

Chapter 1742 Leader of the Jianghe Alliance

Just when Ye Feng and Chi Jiuyi were discussing with each other.

On the rocks in the valley, there were Jianghe Alliance bandits holding big bows, which was a bit strange.

"What are those two night watchmen doing? Are they chatting?"

"We shot so many arrows, but they didn't even try to dodge? Have they lost their minds?"

"I think these two people didn't expect to be ambushed. Under the sky full of arrows, they had no choice but to accept their fate."

At this time, a group of Jianghe Alliance thieves in the valley laughed out loud.

One of the thieves said excitedly: "There was a night watchman in silver armor, and another one who seemed to be also a night watchman. We killed the two night watchmen. We really caught a big fish this time!"

But at this time.

"Dang! Dang! Dang..."

There was a sudden sound from below, like the sound of steel colliding.

"That is....."

Many thieves on the valley looked down. Their eyes, originally prepared to watch a good show, suddenly became horrified.

They saw an incredible scene!

At this time, the two people at the bottom of the valley were enveloped by countless arrows.

But when those arrows touched the bodies of the two people, it was as if they had collided with a copper wall. They all shattered and could not even pierce the skin of the two people!

"What?!"

All the bandits in the Jianghe Alliance were dumbfounded and stood there blankly.

They still had a lot of arrows in their hands, but at this time they no longer wanted to shoot them out, because it was completely futile and meaningless.

"These arrows of ours are all made of deep-sea cold iron by a powerful weapon refiner in our Jianghe Alliance, and they are also engraved with armor-piercing spiritual formations. Even if they are strong in the tenth level of the True God Realm, , can also be assassinated in an instant, unless the two young men below... are both immortal realm experts!"

one

The thief murmured, and then his eyes revealed a look of deep horror.

They immediately looked down and saw Ye Feng and Chi Jiuyi walking among countless arrows, as if strolling in a garden, very free and unrestrained.

"Oops! We have offended a top expert this time! The news sent back by the hall master may harm our entire Jianghe Alliance!"

A group of Jianghe Alliance thieves immediately ran towards the distance, wanting to retreat.

"boom!"

"boom!"

But suddenly at this moment, two figures flew up from under the valley in an instant, and each blasted out a palm, directly causing the entire majestic valley to collapse.

This kind of power that could be unleashed with every move made all the Jianghe Alliance thieves and bandits present turned pale with fright, and suddenly stood there dumbfounded.

"Sir, please spare my life!"

"Sir, please don't kill me! We were forced by the alliance leader to become bandits!"

A group of Jianghe Alliance thieves immediately fell to their knees on the ground, begging loudly for mercy, without any backbone at all.

Ye Feng stepped forward, looked at the group of thieves, and said, "Take me to your Jianghe Alliance's lair."

"this....."

A thief suddenly hesitated.

Clang!

"Pfft!"

But the next moment, the sword in Ye Feng's hand flashed, and the hesitant bandit was already dead.

"ah!"

A group of other thieves immediately screamed in fright and shouted: "Sir, spare your life! Sir, as long as you spare us, we will take you to the base camp of our Jianghe Alliance."

Ye Feng Diandian

He raised his head and said: "I'm not interested in you little minions, I'm only interested in your base camp."

Although the Jianghe Alliance ranks relatively low among the Jianghu remnant forces, it is an organized remnant force after all.

If you can bring the head of the leader of the Jianghe Alliance back to the imperial city, you will definitely get a lot of merit points, which may be no less than the merits obtained by the three Tianya generals that Ye Feng killed last time.

In addition, most of the remnant forces in the world such as the Jianghe Alliance are formed from the powerful sects or holy places left over from the great unification campaign of the prehistoric dynasty. There must be a lot of wealth from the large sects hidden among them. .

Whether it is meritorious service or wealth and resources, these are all things Ye Feng wants.

"Sir, our Jianghe Alliance headquarters is in a mountain range not far from this valley. I will take you there."

A group of thieves immediately led the way.

Ye Feng and Chi Jiuyi quickly followed.

Soon the group of people traveled through this valley area and came to the edge of a huge mountain range.

At this time, a bandit pointed at the central area of the mountain range and said, "That's it."

Ye Feng and Chi Jiuyi were so bold that they rushed directly into the center of the mountain range.

They immediately saw the mountain villages built in the mountains.

In these cottages, members of the Jianghe Alliance are walking, living and recuperating in them.

This is the home base of the Jianghe Alliance!

"who are you?"

The moment Ye Feng and Chi Jiuyi arrived, at the gate of the Jianghe Alliance's lair, two menacing men walked over with swords in their hands.

"Pfft!"

"Pfft!"

But Ye Feng didn't even bother to say anything, and killed the two thieves guarding the gate with one knife.

\u003e

Ye Feng looked at Chi Jiuyi and said, "Just fly high into the sky and don't let any fish slip through the net and escape."

"good."

Chi Jiuyi immediately flew high into the sky.

At this time, Ye Feng was holding a long knife dripping with blood, and walked step by step towards the depths of the entire village.

"Enemy attack! Enemy attack!"

Almost at this moment, huge shouts suddenly sounded throughout the entire mountain range.

Uh-huh! Uh-huh! Uh-huh...

Masters from the Jianghe Alliance flew in one after another, wanting to kill Ye Feng.

"boom!"

But now that Ye Feng has entered the realm of immortality, he is so powerful that a group of Jianghe Alliance masters cannot stop him, and they are all killed.

Snap!

Snap!

The corpses of Jianghe League masters fell into the mountains one after another, staining the mountains red, making all the bandits feel chilling and horrified to the extreme.

The young man in silver armor was like a killing god. He was incredibly powerful and could not be resisted by ordinary masters!

"It is rare for the silver-armored night watchmen of the ancient dynasty to possess such great strength. But if you dare to break into our Jianghe Alliance headquarters alone today, you have arrived at Longtan Tiger's Den. There is no way you can get out alive."

Suddenly at this moment, a majestic and domineering voice suddenly came from the depths of the entire village.

"boom!"

Accompanied by a terrifying martial arts aura, a burly middle-aged man wearing a black robe suddenly stepped out of the void from the depths of the village.

The martial arts aura emanating from him was clearly that of the tenth level of the Immortal Realm, the Dzogchen Realm!

Extremely powerful!

This person is the leader of the Jianghe Alliance!

Chapter 1743 Unheard of

The leader of the Jianghe Alliance is an extremely burly man.

He seemed to contain the blood of some kind of monster, and the skin on his arms was actually covered with purple-green scales, which looked wild and terrifying.

The leader of the Jianghe Alliance stared at Ye Feng with a pair of frightening eyes, glowing with demonic green light, his face full of cruelty and sneer.

Uh-huh!

Chi Jiuyi suddenly flew down from high altitude and came to Ye Feng's side.

He stared at the leader of the Jianghe Alliance and whispered to Ye Feng: "This person is at the tenth level of the immortal realm, and he seems to have the blood of an ancient demon in his body. His strength is unusual. How about I Let's deal with it."

Chi Jiuyi knew that Ye Feng had just broken through to the first level of the immortal realm and suddenly faced a super master of the tenth level of the immortal realm. He might not be able to resist and would suffer heavy losses.

But at this time, Ye Feng showed a confident smile on his face and said: "I just want to find an opponent to test my true combat power. This leader of the Jianghe Alliance is an excellent test opponent. , I want to fight with him, Brother Chi, just stay on guard at high altitude."

With the cultivation level of the first heaven of the Immortal Realm, you want to fight against a super strong man of the tenth heaven level of the Immortal Realm?

Anyone who says such things will probably be called arrogant.

But when it came out of Ye Feng's mouth, it seemed to be natural.

Chi Jiuyi saw the determination in Ye Feng's eyes and the fierce fighting spirit surging throughout his body. He nodded and flew high into the sky.

At this time, the leader of the Jianghe Alliance seemed surprised that Chi Jiuyi actually flew away.

He looked at Ye Feng and asked a little strangely: "Why is your helper gone?"

Ye Feng stood with his hands behind his back, the wind was light and the clouds were calm, and he said: "Because I want to fight you alone."

"you alone?"

The leader of the Jianghe Alliance was stunned for a moment, then immediately

He laughed sarcastically and said, "It's just you? How dare a boy who is only at the first level of the Immortal Realm dare to fight with me alone? I can crush you with one hand."

Ye Feng grinned and said, "Then try it and see if you can crush me with one hand."

"How dare you talk to me like that! I'll kill you first!"

The leader of the Jianghe Alliance immediately shouted loudly, and his whole body instantly erupted with a terrifying aura as huge as the ocean.

"boom!"

He instantly stretched out a hand, and that hand immediately turned into a big black hand that covered the sky and the sun in the sky. It was full of infinite heaviness and power and moved towards Ye Feng.

"The cursed tyrant sword!"

Ye Feng shouted loudly, the long knife in his hand clanked, and a terrifying and bright sword light suddenly appeared.

The sword light was like the Milky Way above the nine heavens, falling down and slashing towards the front.

"Boom!!"

A terrifying roar sounded instantly.

"Pfft!"

And at the next moment, the bright sword light directly split the big black hand in half.

"Huh? That's interesting."

The leader of the Jianghe Alliance couldn't help but be surprised when he saw Ye Feng slashing off the big spiritual power he had released with his sword. He then sneered and said: "It seems that you are a martial arts genius whose combat power far exceeds that of ordinary warriors of the same level, but even if you are No matter how powerful the martial arts prodigy is, you are only at the first level of the Immortal Realm. There is only one end for you in front of me, and that is death!"

boom!

The leader of the Jianghe Alliance will arrive immediately

Soared high into the sky, and then rushed towards Ye Feng below.

"The savage beast tramples the sky!"

He displayed a very powerful martial arts secret.

boom!

A violent and violent force suddenly poured out from the legs of the leader of the Jianghe Alliance, and his legs burst out with a demonic light at this moment.

"Buzz!"

Visible to the naked eye, the legs of the leader of the Jianghe Alliance were rapidly expanding at this moment, and finally expanded into two huge iron hooves hundreds of meters long, like the iron hooves of ancient beasts, able to step on Shatter the sky and suppress the eight wastelands.

"Boom!!"

The terrifying iron hooves, carrying a ferocious impact capable of shattering mountains and rivers, suddenly trampled Ye Feng underneath, as if they were going to crush Ye Feng in an instant.

At this time, Ye Feng's eyes were extremely cold and his fighting spirit was high. He did not dodge or evade, but suddenly raised his hands. The power of the chaotic body surged crazily all over his body, like an overlord lifting a cauldron and trampling it down high in the sky. The iron hooves grabbed it fiercely.

"What does this boy want to do?"

In the village, many thieves from the Jianghe Alliance saw Ye Feng's actions, and their eyes showed deep surprise.

"Does this kid want to use his thin arms and hands to resist the iron hooves of our alliance leader's ancient beast that can crush mountains and rivers in an instant?"

Many Jianghe Alliance thieves in the village were stunned at this time.

Then the whole place burst into laughter.

"Hahaha! Is this kid out of his mind?"

"I also think he has lost his mind. He is only in the first level of the immortal realm, but he dares to challenge the indestructible savage iron hoof of our leader?"

"I've anticipated what's coming next

Such a scene, that boy in silver armor will definitely be trampled into a puddle of debris by our leader in an instant, and die instantly! "

...

Each of the thieves and bandits were talking in a flurry of words, their voices full of deep sarcasm and ridicule.

And at this moment, the beast's iron hooves, which seemed to be able to crush the sky, finally collided with Ye Feng's hands.

"Boom!!"

An extremely terrifying roar suddenly sounded across the entire field.

Like Hong Zhong Da Lu, or like a comet hitting the earth, the terrible aftermath of the collision spread in all directions, shaking the entire mountain range to the point of breaking into pieces. The earth was shaking violently, and the scene was extremely terrifying.

"That is....."

But at the next moment, everyone's eyes widened, with expressions of extreme astonishment on their faces.

They saw an incredible scene.

The two giant beasts' iron hooves that were several hundred meters long and were held by Ye Feng's two hands.

He actually withstood that terrifying impact!

"What?!"

"How can this be!"

"The alliance leader's violent iron hooves were really blocked by that kid with both hands?"

"What kind of terrifying physical power is that!"

At this moment, countless thieves in the village could not help but turn pale with shock, their eyes filled with deep shock.

They never imagined that the boy in silver armor could withstand the violent impact of their leader, who was like an ancient behemoth.

And you must know that the boy in silver armor is only at the first level of the Immortal Realm.

This is simply unheard of!

Incredible!

Chapter 1744 Haoran's righteousness

quiet!

Deadly quiet!

At this time, everyone in the entire field held their breath and felt extremely suffocated.

Ye Feng's terrifying body power brought an extremely strong inner shock to everyone.

Even the leader of the Jianghe Alliance saw that the iron hooves of the ancient giant beast he had evolved did not trample and shatter Ye Feng's body. He immediately shouted in disbelief: "How is this possible!"

It has to be said that the leader of the Jianghe Alliance is indeed a rare tenth-level Immortal Realm powerhouse.

But unfortunately, he met Ye Feng.

"Wake it up for me!"

Ye Feng roared loudly at this moment, wildly stimulating the power of the chaotic body, and his arms suddenly surged with tremendous power.

He grabbed the iron hooves of the leader of the Jianghe Alliance and directly smashed the leader of the Jianghe Alliance towards the surrounding ground like a sack.

"boom!"

"boom!"

"boom!"

The leader of the Jianghe Alliance felt an inescapable force and grabbed his legs.

His whole body immediately collided with the ground quickly, causing huge potholes to form in the surrounding earth and mountains.

"Ah!! Damn it!!"

The leader of the Jianghe Alliance was disgraced and felt huge humiliation.

It's really a shame that I was made so disgraced by a boy who was no more than the first level of the Immortal Realm.

"Ah! I am going to kill you! I am going to kill you completely!"

The leader of the Jianghe Alliance suddenly spat out a mouthful of blood, staining his hands red. Then he used his hands as a ghostwriter to quickly draw a huge blood-colored spell in the void.

"Devil's Forbidden Curse!"

This is a very terrifying forbidden curse that can kill a person instantly.

"Brother Ye, be careful!"

Even Chi Jiuyi, who was on alert at high altitude, was patiently patient at this moment.

He couldn't help being shocked, and quickly shouted a reminder.

"Hahaha! Boy! You're dead!"

The leader of the Jianghe Alliance looked extremely gloomy, and said with a cruel smile: "This blood curse has been cast, you can't escape it! When you are hit by this blood curse, you will instantly turn into a pool of blood!"

boom!

The demon's forbidden curse exuding an evil and bloody aura instantly emitted a terrifying light and rushed towards Ye Feng, making it impossible to hide.

But at this moment, Ye Feng's eyes showed no fear. He shouted loudly: "Haoran is righteous! Cleanse the evil! The world is masculine! Everything is determined!"

boom! !

Almost at this moment, a sacred white light burst out from Ye Feng's body in an instant, dyeing the entire world a white color.

At this moment, Ye Feng was like a saint descending to earth, giving people an extremely sacred feeling.

"boom!"

The awe-inspiring righteousness emitting strong white light burst out from Ye Feng's body, capable of dispelling all evil and blood in the world, and even instantly purified and shattered the blood-red forbidden curse.

"What?!"

The leader of the Jianghe Alliance, who had a proud face on his face, saw the scene in front of him and was so shocked that his eyes almost fell out.

"this.....!"

He did not hesitate to spend his life essence and blood, and the blood curse he worked so hard to condense was originally thought to be a killing move, but in the end, it was all broken by Ye Feng casually.

"That sacred white light just now...that was the awe-inspiring righteousness of literature and art!"

The leader of the Jianghe Alliance had an incredible look in his eyes. He stared at Ye Feng and shouted in disbelief: "Aren't you a warrior? How can you still unleash the power of Confucianism?"

That was absolutely righteousness just now. Only the righteousness of a saint can break this demon's forbidden curse. How is this possible! "

Ye Feng smiled coldly and said: "Nothing is impossible in this world. After you have used your methods, it's my turn now!"

boom!

Ye Feng instantly used the most powerful inheritance of the Dragon God Sect that he had previously received from the Second Young Master of the Dragon God Sect: the Divine Dragon Fighting Technique!

This is a truly immortal secret technique!

Beyond the cursed tyrant sword!

"hold head high!"

Along with a terrifying dragon roar, Ye Feng suddenly transformed into a golden dragon, full of endless towering power, soaring into the sky and rushing towards the leader of the Jianghe Alliance, like a torrent of steel. , roaring in the void, rumbling across the sky, seeming to collapse the entire sky.

"Big Sky Blood Demon Shield!"

When the leader of the Jianghe Alliance felt the terrifying destructive power, his expression suddenly changed, and he immediately displayed a protective method.

Almost at this moment, a large bloody shield suddenly appeared around the leader of the Jianghe Alliance, with demonic light emitting from it, and countless demon souls roaring, looking extremely powerful.

"Boom!!"

But at this time, the golden dragon produced by Ye Feng had already hit the leader of the Jianghe Alliance.

The golden dragon immediately collided with the bloody shield, and the horrific aftermath spread throughout the world, causing chaos and chaos!

"ah!!"

Almost at the next moment, a miserable howl suddenly sounded.

The bloody shield was instantly shattered by the collision of the golden dragon, unable to withstand it at all.

The golden dragon was like a torrent of steel, directly hitting the body of the leader of the River Alliance.

"Click, click, click..."

"Ah!"

br

Accompanied by a shrill howl, the leader of the Jianghe Alliance, a strong man in the tenth level of the Immortal Realm, had countless broken bones in his chest and flew backwards in an instant. Then he lay limply on the ground. Dying.

"hiss!"

Everyone around them who saw this scene gasped for a moment.

"What?!"

"The alliance leader was defeated!"

"Defeated at the hands of a boy at the first level of the Immortal Realm?"

"No! I don't believe it!!"

...

At this moment, all the bandits from the Jianghe Alliance in the entire mountain stronghold were shouting loudly, their mentality completely shattered.

Ye Feng severely defeated the leader of the Jianghe Alliance, which was like shattering the faith in their hearts.

This made all the thieves suddenly hit rock bottom, as if they had lost all hope.

Uh-huh!

Chi Jiuyi also flew down from high altitude at this time, his eyes were incredulous, he stared at Ye Feng, and said excitedly: "Brother Ye! You actually relied on your own strength to kill the leader of the Jianghe Alliance. Damn! Your fighting power is so perverted!"

Ye Feng saw Chi Jiuyi's excited look, smiled and said: "In the future, you will know more of my methods and secrets, and you will get used to my monster."

After saying that, Ye Feng walked directly to the leader of the Jianghe Alliance who was lying on the ground in the distance. Looking at the dying bandit leader, he grinned and said to himself: "This is a great achievement, it should be able to accumulate a huge amount of money for me. Merit."

After the words fell, Ye Feng suddenly drew his sword.

"Pfft!"

The head of the leader of the Jianghe Alliance was instantly cut off and then put away by Ye Feng.

Next, Ye Feng looked at the bandits in the entire village, grinned, and said: "Brother Chi, kill all these people, I want to practice!"

Chapter 1745 Boxes of wealth

"Practice?"

When Chi Jiuyi heard Ye Feng say that he wanted to practice martial arts, his eyes suddenly showed deep doubts.

The last time Ye Feng practiced in the virgin forest, he suddenly achieved many breakthroughs.

This is what Chi Jiuyi has always been very confused and curious about. He wants to know how Ye Feng can practice so fast.

This time he finally had the opportunity to see how Ye Feng practiced. ??

At this time, Chi Jiuyi immediately said: "Okay! Leave these minions to me!"

Chi Jiuyi showed no mercy to these remnant bandits who burned, killed, and looted, and directly used a powerful killing technique.

"Fire Feather Arrow!"

Chi Jiuyi shouted loudly, and a burst of crimson flames suddenly burst out from his body, like a blazing sun, rising high into the sky.

"Crash!"

"Crash!"

And almost at the next moment, in the red sun, a large swath of flaming arrows rained down from high altitude, covering the entire mountain range and shooting towards every bandit.

"Pfft!"

"Pfft!"

"..."

Almost at this moment, all the arrows condensed by the flames fell down, piercing through the bodies of countless thieves in an instant.

There were hundreds of thieves in the entire village, and most of them were killed or injured in an instant.

The remaining thieves stared blankly at the red sun in the sky, feeling that the end was coming.

"Crash!"

At this moment, another flaming arrow rained down, wiping out all the remaining bandits in one wave.

Throughout the mountain fortress, corpses were strewn all over the ground, and rivers of blood flowed.

At this time, Ye Feng suddenly stepped up to the sky and sat cross-legged in the void.

"Swallow!"

Almost at this moment, dark and deep swallowing whirlpools suddenly burst out from Ye Feng's body, covering the entire mountain range.

The scene at this moment was very terrifying. An entire mountain range that was originally sunny was now plunged into endless darkness.

The blood energy in the countless corpses on the ground was quickly absorbed, and then turned into streams of energy, which merged into Ye Feng's body high in the sky.

"What? This is?"

Chi Jiuyi finally saw Ye Feng's practice method, and his eyes were filled with deep shock.

It turns out that Ye Feng was able to break through so quickly because he was practicing such a terrifying swallowing technique.

Moreover, this devouring technique is so miraculous that it can absorb the different attributes of power practiced by various warriors, and even people's skills and vitality.

This is really incredible.

Even Chi Jiuyi came from the Chiyan Clan, a large family in the demon world, and was shocked by the scene in front of him at this moment.

"This is simply an extremely cruel magic technique!"

Chi Jiuyi thought in his heart.

But then he was very confused.

Why can Ye Feng possess such sacred righteousness?

Is not this contradictory?

But these contradictions are perfectly accommodated in Ye Feng, giving people a very harmonious feeling.

Chi Jiuyi was secretly shocked. He, Brother Ye, was truly a genius.

No wonder he could get such a powerful figure as the Fox Fairy Empress to bow under his command and help him with the transactions of the large manor.

And at this time.

"boom!"

A terrifying martial arts momentum suddenly erupted high in the sky.

This kind of martial arts momentum was so terrifying that it destroyed countless trees in the surrounding mountains almost in an instant, and the solid rocks were cracked.

"Second Heaven of the Immortal Realm!"

Chi Jiuyi's eyes were shocked. He didn't expect Ye Feng to break through so quickly.

"Boom!" .??.

But at this moment, another terrifying roar sounded.

High in the sky, Ye Feng made another breakthrough.

"The Third Heaven of the Immortal Realm!"

Chi Jiuyi was shocked again.

"Boom!" .??.

But at the next moment, another huge momentum burst out.

"The fourth level of the Immortal Realm..."

Chi Jiuyi was shocked to the point of numbness...

In the end, Ye Feng's cultivation level stagnated at the fourth level of the Immortal Realm.

At this time, the whole village was covered with shriveled corpses, which looked numb.

Uh-huh!

Ye Feng landed from high altitude and saw Chi Jiuyi's shocked eyes. He couldn't help but smile and said, "Brother Chi, do you think I am a vicious person who practices magic?"

Chi Jiuyi took a deep breath, shook his head, and said: "Kung Fu does not distinguish between good and evil, only those who practice the Kung Fu distinguish between good and evil."

Ye Feng nodded slightly, seemingly very satisfied with Chi Jiuyi's words.

Ye Feng walked towards the inside of the village and said with a smile: "Now that the Jianghe League has been destroyed by us, it's time to see the wealth accumulated by the Jianghe League. This gang of gangsters has been operating in the Liusha River area for so many years. A huge fortune should have been collected."

When Chi Jiuyi heard this, he couldn't help but his eyes lit up, and he said: "The treasure house where these thieves store their wealth is definitely very rich."

The two of them quickly walked towards the inside of the cottage.

Soon they were standing in front of a stone wall in the deepest part of the mountain range.

There is a huge golden door on this stone wall.

Behind the golden gate is the treasure house where the Jianghe Alliance stores its wealth.

The door was closed at this time.

However, Ye Feng smiled slightly and slapped him directly.

"boom!!"

In an instant, a huge force burst out, and the golden door was directly shattered into pieces.

Now that Ye Feng's cultivation has entered the fourth level of the Immortal Realm, it has been greatly improved compared to before, and his strength has naturally increased exponentially.

Therefore, every move he made at this time was able to explode with extremely powerful force.

At this time, the golden gate exploded, and a huge cave was immediately revealed inside.

The top of this huge cave was inlaid with luminous pearls, which emitted bright light and illuminated the entire dark cave.

"Oh my God! So much wealth!"

At this time, Chi Jiuyi immediately exclaimed.

The entire huge mountain range was filled with boxes of wealth.

Some boxes are filled with divine crystals in various colors.

Some boxes are filled with various shiny weapons and armors.

There are also many boxes filled with talismans of various colors, all of which emit strong talisman fluctuations. They are obviously spiritual talismans with various functions.

In addition, there are various martial arts secret books piled in the corner, and there are also many strange things that even Ye Feng and Chi Jiuyi cannot name...

"Get rich."

This is Ye Feng's inner thought at this time, "If I can bring all this wealth back, then the overall strength and foundation of my large manor will be upgraded to another level, and there will never be a lack of foundation or a lack of funds! "

Chapter 1746 Ancient Demon Refining Technique

At this time, the two of them looked at each other, and Ye Feng was the first to say: "Brother Chi, take whatever you like."

Chi Jiuyi was already ready to make a move. After hearing Ye Feng's words, he immediately ran towards a wall.

Hanging on the wall of this building was a huge spear, all fiery red in color, with flaming spiritual patterns imprinted on the surface of the gun body, exuding a mysterious light.

Chi Jiuyi scanned it carefully for a long time, and then said: "What a spear! It's a fire-attributed spear. It should be an immortal-level warrior. It's just right for us, the Red Flame Clan."

Ye Feng smiled slightly and said: "A good gun matches a hero. Congratulations to Brother Chi for getting a treasure that suits you."

Chi Jiuyi laughed. Apparently he was very satisfied with this fire attribute spear and couldn't put it down.

At this time, Ye Feng also saw a good thing.

It was an ancient animal skin roll placed in a beautifully crafted jade box.

Ye Feng subconsciously felt that it must be a good thing.

Uh-huh!

He stepped over and opened the lid of this exquisite jade box.

"Buzz!"

Instantly, a vast and ancient aura emanated from this exquisite jade box and spread to the surroundings.

"Um?"

Even Chi Jiuyi, who was refining a spear at the side, was startled by such a breath at this moment, and immediately looked in the direction of the brocade box.

"What is this?"

Chi Jiuyi came over curiously.

Ye Feng picked up the ancient animal skin scroll in the brocade box. There were several ancient fonts written on the cover: "Ancient Demon Refining Art"

"Ancient magic refining?"

Ye Feng was a little confused.

"It turns out to be this magical technique!"

Chi Jiuyi's eyes showed a look of shock, and he quickly said: "I have heard about this ancient magic refining technique from an old man in my clan.

Seniors have said that it is a secret technique created by an amazingly talented top human race expert. It can refine part of the bodies of various powerful beasts into one's own body. When necessary, it can be activated to obtain powerful beasts in an instant. The majestic power of a part of the beast's body can transform a person into a combination of various powerful beasts, bursting out with earth-shattering power. "

When Ye Feng heard this, he couldn't help but move his eyes and said: "This ancient magic refining technique can actually give people such abilities? I suddenly remembered that when I fought with the leader of the Jianghe Alliance before, the leader of the Jianghe Alliance had used his The legs instantly turned into two iron hooves of ancient beasts several hundred meters thick, possessing extremely terrifying destructive power. It seems that the leader of the Jianghe Alliance has practiced this ancient magic refining technique!"

After Ye Feng learned about the effect of this ancient magic refining technique, his eyes immediately lit up. This secret technique had a huge effect on him and could greatly increase his combat power.

At this time, Chi Jiuyi suddenly said: "By the way, if you want to practice this ancient demon refining technique, you must have a special physique. Only those with natural demon attributes in the human race can practice it. Others have practiced ancient demon refining techniques." There may be a great possibility of refining magic, because one's own strength is not compatible with the ancient beasts, and the skills in the body will conflict, causing serious consequences, and even the body may explode and die. "

Hearing this, Ye Feng couldn't help but smile and said: "My physique is like a big oven, which can accommodate all kinds of power. So any demonic physique is just a child in front of a physique like mine."

Chi Jiuyi thought about Ye Feng swallowing hundreds of warrior skills with different attributes before, and immediately nodded with a wry smile.

Brother Ye himself is indeed a freak and cannot be treated according to common sense.

At this time, Ye Feng accepted the ancient magic refining technique and continued to search.

Soon he found a box

An extremely precious elixir.

The quality of these elixirs is very noble.

It should have been refined by a certain alchemy master.

At this time, Ye Feng looked at the wealth in Manshanku with some surprise in his eyes and said: "Jianghe League is just a low-ranking remnant of the Jianghu, but it has so much wealth! Those high-ranking remnants of the old forces, For example, if someone like the Tianya Society is extremely famous, wouldn't it mean that they are as wealthy as the country?"

Chi Jiuyi nodded and said with a smile: "These remnants of the old forces can secretly fight against the imperial court and assassinate important figures in the imperial court. They must have a very strong foundation."

At this time, Ye Feng waved his hand and put all the wealth into his storage ring.

If he brings it back to his own large manor, the strength of his subordinates will once again increase to another level.

At this time, Chi Jiuyi said: "This time we have a great harvest. Brother Ye, let's go back."

Ye Feng thought for a moment, and then said: "Let's not go back yet. We came out quite smoothly this time, and it didn't take long. Let's continue to the next target."

After wiping out the Jianghe Alliance, he gained huge wealth, and the huge amount of merit points that the leader of the Jianghe Alliance could exchange for made Ye Feng look forward to the next remnant force in the Jianghu.

He suddenly changed his mind and continued to look for the next target without rushing back.

As for how to search, Ye Feng plans to enter the Shenxu Realm with his soul tonight, to ask No. 8, and exchange equivalent wealth for the information No. 8 knows.

...

And at this time.

Deep in the imperial palace of the ancient dynasty.

Long Ao saw that all the six immortal elders of his Dragon God Sect had died, and he was so frightened that he went directly to the prince for help.

At this time, the prince was in the palace.

Long Ao explained what happened to him

everything.

The prince's eyes were very ugly. He didn't expect Long Ao to intercept Ye Feng without telling him.

And the most important thing is that intercepting Ye Feng failed.

Not only did six Elders of the Dragon God Sect in the Immortal Realm die, but they also lost more than a hundred war crossbows.

War repeating crossbow, this kind of important war weapon is extremely valuable.

Even the prince felt a little pained when he learned that more than a hundred war repeating crossbows were lost all of a sudden. It was such a pity.

The prince's eyes were extremely gloomy. At this time, he thought for a moment and said: "This Ye Feng seems to have really grown up now, and it seems that he has gathered a large number of masters around him. We must kill him quickly, otherwise he will definitely be killed in the future. He is the greatest enemy of this prince."

When Long Ao heard this, he immediately said happily: "His Royal Highness, you are wise! That boy Ye Feng, with such a low status, dares to contradict you, Your Highness, in public. What if he grows up?"

The prince pondered for a moment, then suddenly looked towards the void somewhere in the surrounding hall and said: "Shadow Guard."

Buzz!

Along with a burst of space fluctuation, a shadow-like figure appeared in front of the prince.

The prince said: "Go to the demon world, and in my name, invite the goddess of the Ten Thousand Demon Kingdom of my mother's mother clan to come to the Great Desolate Divine Dynasty to hunt down Ye Feng for me."

The shadow guard seemed to be hesitant and said: "The goddess of the Kingdom of Ten Thousand Demons? Your Highness the Crown Prince is referring to Ice Dream Spirit?"

The prince nodded and said: "Yes, it is Bing Mengling, the goddess of the Kingdom of Ten Thousand Demons. She has been practicing in the Kingdom of Ten Thousand Monsters for so long, and it is time for her to be born. Now that the entire prehistoric dynasty has been stable for three thousand years, it has finally begun to rise again. Let her come to the imperial city to help me conquer the world!"

"Yes, Your Highness the Crown Prince!"

The shadow guard immediately clasped his fists and made a sound, then jumped up and disappeared into the hall.

Chapter 1747 Exchange

Liusha River area.

Above the valley.

night.

In the deserted village, Chi Jiuyi was sitting on a huge blue stone, absorbing the essence of the sun and moon.

Actively absorbing the essence of the sun and moon to enhance one's own strength. This is the unique ability of the demon clan.

At this time, Ye Feng was standing on a rock at the front of the village, with his eyes closed.

Ye Feng's soul has now entered the world of Shenxu.

In the vast and vast world of Shenxu, Ye Feng's soul, shrouded in a black robe, was walking on the ruined land.

Buzz!

The figure of the old master suddenly appeared, emitting sacred white light.

In the world of Shenxu, Old Master Zi, the number one founder, no longer needs to hide his identity.

"senior."

Ye Feng immediately clasped his fists.

The old master smiled slightly and said: "Where have you been recently? I didn't feel your breath in the imperial city."

When Ye Feng heard this, his eyes moved and he said, "Senior, have you gone to the Imperial City?"

Ye Feng did not expect that this old master, with only a saint's will left, dared to leave the dilapidated gymnasium in the wilderness and enter the imperial city.

The old master smiled and said: "Yes, I entered the imperial city, but it was not to find the pen of the literary saint. I had other things. By the way, do you need me to call others for you?"

Ye Feng nodded and said: "Senior, please help me call No. 8. I need to trade some intelligence information with No. 8."

After hearing this, the old master nodded in agreement, and then began to perform a soul transmission technique.

Buzz!

Soon, a figure in black robe appeared in the world of Shenxu.

"Is there something wrong with Senior calling me to enter the Divine Ruins Realm?"

A young man's voice came from the black-robed figure, it was No. 8's voice.

The old master smiled and said: "It's not that I have trouble with you, it's that No. 9 has trouble with you."

After saying that, the old master's figure moved and disappeared from the place.

∕u003e The white light disappeared, and in the ruined space of the entire Shenxu Realm, only No. 8 and Ye Feng, No. 9, were left.

"What do you want from me on the 9th?"

No. 8 seemed to be a little busy at the moment, hurriedly logging onto the Shenxu Realm, so his tone was a little anxious.

Ye Feng didn't waste any time and said directly: "No. 8, I need your help. As per the old rules, if you provide me with another piece of information about the remnants of the old forces in the territory of the ancient dynasty of gods, I will give you an equivalent exchange of property."

No. 8 was a little surprised and said: "Have you solved the Jianghe Alliance in the Liusha River area?"

Ye Feng nodded, and his voice came from the hood of the wide black robe: "Yes, it has been solved."

Hearing this, No. 8 seemed to be very surprised and said: "Jianghe Alliance's lair is extremely secretive. Even the power behind me has not been able to find out where it is. I didn't expect you to find it in such a short time and solve it." , It seems that I am going to look at you with admiration, No. 9, the leader of the Jianghe Alliance is not weak, he is a master."

Ye Feng smiled and said, "I have helpers."

After the words fell, No. 8 nodded and said, "I'll help you check if there are any other remnants of the old forces near the Liusha River area. Give me one night and I'll let you know when I enter the Shenxu Realm tomorrow."

Ye Feng's eyes were filled with joy and he said: "Okay, by the way, what do you want me to exchange for this time?"

No. 8 thought for a while and said: "I have a piece of news in my hand. It is said that the predecessor of the Jianghe League was the Jianghe Demon Sect. In the treasure house of the Jianghe League, there must be a powerful secret technique of the Jianghe Demon Sect, called ancient demon refining. I need the secret of ancient magic."

Ye Feng thought for a while and said: "I have indeed found the ancient magic refining technique."

Hearing this, No. 8 seemed very excited and said, "Really?"

Obviously, No. 8 only asked tentatively, but he didn't expect No. 9 to actually find it.

Ye Feng said: "Far

You also know that the ancient magic of refining is very precious. I need you on the 8th to exchange it for the news of two remnants of the old forces. "

No. 8 hesitated for a moment, then said: "Okay, deal, I will immediately check for you the two remnants of the old forces near Liusha River."

After saying that, No. 8's figure immediately disappeared in the world of Shenxu. It was obvious that he couldn't wait to find out the news and wanted to exchange it for the ancient magic refining skills in Ye Feng's hands as soon as possible.

Ye Feng also left the Shenxu Realm at this time and returned to his original body in the village.

At this time, Ye Feng opened his eyes in the night, took out the ancient magic refining skills from the storage spirit ring, and then quickly used his demon understanding to quickly trace and imprint this set of secret skills.

In one night, Ye Feng had memorized all the secrets of ancient demon refining techniques.

At this time, the ancient magic refining animal skin scroll is no longer of any use to Ye Feng, because Ye Feng has completely mastered this secret technique.

It took one night to master the ancient secret art of ancient demon refining.

If this news got out, everyone would probably be shocked.

At this time, Ye Feng took this ancient demon refining animal skin scroll and used his soul power to trace out a soul picture. Then his soul carried this ancient demon refining scroll and entered the world of the gods again.

In the Shenxu Realm, Ye Feng saw No. 8 at first sight and was already waiting there anxiously.

"You're finally online!"

Number 8 immediately walked over, took out two pieces of paper engraved with souls from his arms, handed them to Ye Feng, and said: "Number 9, here is the intelligence information of two remnants of the old forces. It is very detailed. I can't bear it." I checked this information for you all night. It is all confidential information. If it is spread out, my father will definitely give me a lesson, but for the sake of ancient magic refining, I will risk it."

Every remnant of the old forces is very secretive.

It is absolutely difficult to obtain this kind of information.

Because this kind of information was not even available to the imperial court of the Great Desolate God Dynasty.

But the number 8 was spent

It took one night to find out, and the secret was passed on to Ye Feng.

Ye Feng suspected that this No. 8 was definitely in a very powerful intelligence department on some ancient continent.

Tianji Pavilion!

Ye Feng thought of this mysterious force.

Tianji Pavilion, it is said that all the secrets of the world are hidden in one pavilion.

There are many secret messages that only Tianji Pavilion can find out.

Therefore, Ye Feng suspected that No. 8 was an important figure in Tianji Pavilion.

At this time, No. 8 said: "No. 9, have you brought what I want?"

Ye Feng took the two pieces of information handed to him by No. 8 and said with a smile: "Of course I brought it."

With that said, Ye Feng handed the soul scroll engraved with the ancient magic refining skills to No. 8.

"It is indeed authentic!"

No. 8's eyes lit up as soon as he saw it, and he immediately took it into his arms.

Buzz!

Suddenly at this time, a small figure in black robe appeared in the world of Shenxu.

It's number five!

It seems that she is a little girl who has not grown up.

"No. 8 and No. 9, what are you secretly talking about? Tell me and listen. I'm so bored."

No. 5 immediately ran over with some joy.

No. 8 immediately said: "I'm going offline first."

After saying that, No. 8's soulful figure disappeared.

"No. 8, you...!"

No. 5 suddenly became a little angry and stamped his feet.

Ye Feng also said to No. 5 at this time: "I have to do some things. I will go online to the Shenxu Realm next time to chat with you."

"Hey, No. 9, don't leave as soon as you see me!"

Number Five was about to say something.

Buzz!

But at this time, Ye Feng's figure had disappeared into the world of Shenxu.

No. 5: "..."

Chapter 1748 Ice Dream Spirit

After Ye Feng's soul left the Shenxu Realm, he returned to his body. He spent some time digesting the intelligence and news he received from No. 8 of the Shenxu Realm.

Buzz!

In the mountain village, on a certain rock, Ye Feng opened his eyes and looked around, as if he was trying to identify some direction.

At this time, the darkness dissipated, and the sun was already shining brightly on the boundless sky, and the sky and the earth were filled with light.

Chi Jiuyi flew over from not far away and asked aloud: "Brother Ye, what are our plans now and where are we going?"

Ye Feng smiled and said: "Let's go to the next location, wipe out the next gangster, accumulate merits, and plunder wealth."

Hearing this, Chi Jiuyi immediately showed a look of surprise in his eyes and said, "Brother Ye, where is the next location? Do you already know it?"

Ye Feng immediately smiled confidently and said: "I have learned about two new remnants of the Jianghu forces. They are not particularly big forces. They should be similar to the strength of the Jianghe Alliance. I will destroy one more remnant force of the Jianghu and wait until I return. After the Imperial City, the more meritorious service I get, the greater the possibility of being knighted. This time, my goal is to wipe out as many remnant forces as possible. For super powerful forces like the Tianya Society, I will temporarily I can't afford to offend them, but I can still afford to destroy lower-ranked forces like the Jianghe Alliance."

Chi Jiuyi also laughed loudly, holding the flame gun he had just obtained, and said with great pride: "Okay, I will accompany you, Brother Ye, to wipe out the remnants of this old force. The harvest is huge, it is really great. "

After saying that, Ye Feng and Chi Jiuyi went on the road directly and left the mountain range where the Jianghe Alliance is located. .??.

They soon left this quicksand river area and headed towards the swamps on the further edge of the wild continent.

According to the intelligence information given by No. 8, there are two other remnants of the old forces hidden in the swamps on the edge of the Liusha River, namely the Demon Sect Association and the Tianfu Sect.

The Demon Sect Association is a group of demon monks, hidden in the swamp.

The Tianfu Sect was composed of a group of great talisman masters who could make talismans.

Compared with the Jianghe Alliance, these two forces are more powerful.

Ye Feng and Chi Jiuyi planned not to attack by force, otherwise they might capsize in the ditch.

The two planned to hide their identities and lurk among the two remaining gangsters.

But just when Ye Feng and Chi Jiuyi had just set foot in the swamp.

But they suddenly saw a cold and charming woman wearing a black dress standing on a swamp in the distance.

Although this cold and charming woman in a black dress is stunningly beautiful, she gives people a deep and dark feeling of fear.

"who is she?"

The eyes of Ye Feng and Chi Jiuyi suddenly became extremely solemn.

Because they couldn't feel any breath from this cold and charming woman in black dress.

This shows that the cultivation strength of this cold and charming woman has definitely reached a very terrifying level, which cannot even be detected by detection.

Chi Jiuyi whispered: "Brother Ye, this woman is terrifying. She is absolutely powerful. She actually makes me feel like I am in danger of death. We must be careful."

Ye Feng nodded slightly. Even the God of Creation couldn't see through the depth of this cold and charming woman in black dress. She was indeed a very terrifying existence.

Ye Feng and Chi

Jiuyi judged immediately that this cold and charming woman in black dress was definitely not from the two remnant forces in the swamp.

Because of those two remnant forces, Ye Feng once asked No. 8 that if they were not the top remnant forces, there would be absolutely no possibility that there would be such a terrifying existence as the cold-looking woman in black dress in front of them.

At this time, Chi Jiuyi stepped forward, holding the fire attribute spear in his hand, and said in a cold voice: "Who is your Excellency? Mr. Ye and I are from the Imperial City, and we are here under the orders of the Night Watch Headquarters. This is a swampy place to wipe out the remnants of the old forces. If you have nothing important to do, please leave quickly."

Although Chi Jiuyi is a demon clan, he is not stupid. He realized that the cold and charming woman in black dress was very extraordinary and a powerful person, so he immediately threw out the

identity of Ye Feng and himself, and used the prehistoric divine dynasty to Use the name of Night Watchman to scare the other party.

However, the other party didn't take it seriously at all. Instead, he showed a cold smile and said: "The night watchers are nothing, they are just a group of loyal lackeys in front of the emperor."

Ye Feng shouted coldly: "You are treasonous!"

Ye Feng was thinking quickly in his heart. He didn't expect that even the name of the night watchman could not scare this cold and glamorous woman in black dress. Moreover, when this cold and glamorous woman in black dress spoke, her tone did not seem to have any respect for the royal family of the prehistoric dynasty.

Chi Jiuyi's eyes were also a little ugly. Unexpectedly, this cold and charming woman in black dress was so indifferent. Her tone was full of arrogance and disdain, as if she was aloof from the world and independent.

"presumptuous!"

Chi Jiuyi shouted loudly, stepped forward and said: "Leave quickly!"

"I'm here just for Ye Feng. I won't leave like this unless I get Ye Feng's head."

The cold and charming woman in black dress suddenly made a sound, and a huge circular ring appeared in her hand. There were bells on the circular ring, and at this time, there was a sound.

"Ding ding ding..."

This sound seemed to have magic power. The moment it sounded, Ye Feng and Chi Jiuyi suddenly felt that their minds were spinning, as if they had entered a soul whirlpool, and their entire souls were falling into endless confusion. In the dark.

"This is the magic bell among the demon clan! It is the most precious treasure of the Ten Thousand Demon Kingdom, the leader of our demon world!"

Chi Jiuyi was immediately shocked and shouted: "Scout!"

Chi Jiuyi shouted and immediately woke up.

And Ye Feng also used the Soul Emperor Seal all at once to dispel the feeling of soul dizziness in his mind.

"not bad."

Not far away came the slightly surprised voice of a cold and charming woman in black dress: "It seems that both of your souls are stronger than ordinary people. Chi Jiuyi, you are the young patriarch of the Chi Yan Clan, I advise you to stay the same." Leave this Ye Feng, this Ye Feng is ordered to be eliminated by the prince, you will only die miserably if you follow him. "

Prince!

"It is indeed the prince!"

A cold light suddenly appeared in Ye Feng's eyes.

This prince, in order to kill himself, even invited the super masters from the Kingdom of Ten Thousand Demons.

Chi Jiuyi seemed to suddenly think of something at this time, and couldn't help but exclaimed: "You! You are the goddess of the Ten Thousand Monsters Divine Kingdom, Ice Dream Spirit!"

The cold and charming woman in black dress smiled and said: "You have eyesight, so get out of here and don't stop me from killing people." After Ye Feng's soul left the Shenxu Realm, he returned to his body and spent some time digesting it. Let's take a look at the intelligence and news we got from No. 8 of Shenxu Realm.

Buzz!

In the mountain village, on a certain rock, Ye Feng opened his eyes and looked around, as if he was trying to identify some direction.

The cold and charming woman in black dress smiled and said: "You have good eyesight, so get out of here and don't stop me from killing people."

Chapter 1749 Five Elements Hercules

At this time, the tone of the goddess Ice Mengling from the Kingdom of Ten Thousand Demons exuded cold murderous intent.

Chi Jiuyi's face was firm and he said: "There is no way I can leave, Bing Mengling. Although the Ten Thousand Monsters Divine Kingdom behind you is the lineage of the world lords of the demon world, you'd better not act arrogantly in front of the people of the Great Desolate Divine Dynasty. , Brother Ye is now the spokesperson of the Night Watch Commander. If you dare to kill him, the Commander may go directly to the demon world and slaughter all of your demon kingdom!"

It has to be said that Chi Jiuyi's adaptability is still very good, and he moved out the night watchman behind Ye Feng.

Sure enough, the Marshal's reputation is so powerful that it shakes the heavens and the universe.

Even the arrogant and cold-hearted Bing Mengling had a hint of fear in her beautiful eyes at this moment. ??

But at the next moment, Bing Mengling shouted coldly: "Don't try to disturb my state of mind! Today I have the will to kill Ye Feng! The prince wants his head, then he must die!"

boom!

Bing Mengling immediately took action at this moment.

She shook her hands at the two people in front of her and shouted: "With the power of heaven and earth, follow my instructions and kill them!"

"Crash..."

Almost at this moment, the loess earth under the feet of Ye Feng and Chi Jiuyi began to crack rapidly.

boom!

A big earth-yellow hand was instantly grabbed out from the depths of the earth. It was made of earth veins and was full of heaviness and power, capable of grabbing the heavens and imprisoning the earth.

"Flame gun! Break!"

Chi Jiuyi shouted loudly, holding the spear in his hand, and suddenly burst out with a huge and boundless power.

"boom!"

A burst of crimson flame light instantly burst out from the spear in Chi Jiuyi's hand, like a giant flame dragon, which instantly shattered the big khaki hand.

Wow!

Countless rubble was scattered on the ground.

"There are some means, but it's not enough!"

Ice Mengling, the goddess of the Kingdom of Ten Thousand Demons, shouted loudly: "The Five Elements Hercules!"

\u003e

boom!

boom!

boom.....

Almost at this moment, the five elements in the entire venue, between heaven and earth, began to surge crazily, and then five huge figures condensed on the spot, which were giants composed of the five elements of metal, wood, water, fire, and earth.

This is the Five Elements Hercules!

Possessing the most powerful power of the five elements' original attributes!

"boom!"

"Boom!"

The Five Elements Hercules roared and roared, like an elemental giant from ancient times, surrounding Ye Feng and Chi Jiuyi.

"Boom!"

An earth-yellow Hercules punched down with a punch, knocking Chi Jiuyi back.

"What a terrifying power!"

Chi Jiuyi couldn't help but exclaimed, feeling a slight pain in the palm of his hand holding the flame gun, and even blood overflowing.

It has to be said that the goddess Ice Mengling from the Kingdom of Ten Thousand Demons is very powerful. She is still very young, but she has all kinds of methods like the powerful ones of the older generation.

"Dragon Fighting Technique!"

At this moment, Ye Feng also used a powerful move of his own, which came from the powerful martial arts inheritance of the Dragon God Sect.

boom!

He soared into the sky and turned into a golden dragon, colliding head-on with the water and metal Hercules.

Boom! !

The entire venue suddenly emitted an extremely violent roar.

The next moment, the two Hercules were knocked back several steps.

"Huh? Such a strong body."

Not far away, the beautiful eyes of Bing Mengling, who controlled the Five Elements Hercules, revealed a

A look of surprise.

But she then sneered and said: "But everything is in vain, Ye Feng, you are destined to die."

boom!

boom!

...

At this moment, she quickly controlled the other Five Elements Hercules, all moving towards Ye Feng, bursting out with tremendous power in every move.

"Rumble..."

Even though Ye Feng was in Chaos Body, he was beaten back repeatedly at this moment, and even a trace of blood overflowed from the corner of his mouth.

Now I can't escape even if I want to.

Chi Jiuyi's eyes were also extremely angry, and he shouted: "Ice Dream Spirit! I, the Red Flame Clan, are incompatible with you! If I die today, you won't even think about it easy!" ??

But at this time, Ye Feng suddenly shouted: "The future body of Dzogchen!"

boom!

A terrifying martial arts momentum erupted.

A towering figure stepped out of Ye Feng's body.

It is the future body of Dzogchen!

The power of Dzogchen's future body is very terrifying, even more powerful than Hercules.

"Boom!"

"Boom!"

For a moment, the Dzogchen future body was on par with the four-headed Hercules.

Ye Feng said to Chi Jiuyi at this moment: "Brother Chi, go deal with the last Hercules, I'm going to use my killing move!"

Uh-huh!

At this moment, Ye Feng flashed to a hilltop not far away, and then took out all the more than a hundred war crossbows in the storage ring.

Then Ye Feng attached soul power to the war repeating crossbow. He alone was equivalent to a group of people, controlling more than a hundred war repeating crossbows in an instant, shooting wildly in the direction of Ice Dream Spirit.

"Boom! Boom! Boom..."

Each war crossbow arrow seems to be the sharpest in the world.

The steel war spear pierced through in an instant, shooting the void into a violent tremor.

In an instant, more than a hundred war repeating crossbows burst out, and they were concentrated at one point. It was extremely terrifying and powerful. It was estimated that it could instantly pierce a hole in a medium-sized steel city.

At this moment, these more than a hundred war repeating crossbows are Ye Feng's powerful killing move.

"Uh-huh!"

"Uh-huh!"

"Uh-huh!"

The densely packed steel crossbow arrows instantly struck in front of the goddess Bing Mengling of the Kingdom of Ten Thousand Demons.

"War Crossbow?"

Bing Mengling's eyes were startled, and then she immediately flicked her white wrist.

"Wow!"

There was a string of crystal bracelets on her wrist. At this moment, each crystal flew out and quickly rotated around Bing Mengling, forming a defensive shield composed of densely packed crystals.

"when!"

"when!"

"..."

The steel spear-like war crossbow arrows shot wildly at the spar shield, making a sound like the roar of thunder.

But no matter how powerful this crystal shield is, it can't withstand the bombardment of more than a hundred war crossbow bolts in an instant.

"Click! Click..."

Without support for a while, the crystal shield had completely shattered.

boom! boom.....

The war crossbow arrows instantly hit the Ice Dream Spirit.

"boom!!"

A layer of mysterious light automatically appeared on the surface of her body, resisting the penetration of war crossbow arrows.

But the impact of the war crossbow was very terrifying. Even if it did not penetrate the body of Ice Dream for a moment, the terrible impact caused Ice Dream to retreat continuously. Her body suffered trauma, and her beautiful and cold face revealed Pale meaning.

Chapter 1750 The Supreme Divine Object

"How dare you hurt me!"

Bing Mengling made an extremely cold voice at this time.

Apparently she underestimated Ye Feng's abilities, as he responded to all her attacks one by one, and was even able to control more than a hundred war repeating crossbows, which caused trauma to her.

"I want you to die completely!"

Ice Dream Spirit was obviously completely irritated, with a furious look on her face.

A golden copper coin instantly appeared in her hand.

Buzz!

The moment the golden copper coin was thrown out, it immediately turned into something as majestic and huge as a mountain, exuding a heavy and vast aura, as if it could crush any existence.

"Crack! Click!"

At this moment, the Five Elements Hercules was crushed to death by the mountain-like golden copper coins.

Chi Jiuyi was also oppressed to the point where his bones were broken and his whole body was stained red with blood.

The future body of Dzigchen holds the sky with both hands, holding on tightly to prevent the mountain-like golden copper coins from falling.

But I can't hold it anymore, because the figure of the future body of Dzigchen is rapidly shattering at this moment.

"In the future, Dzogchen will have the power of Dzogchen, the tenth level of my future immortal realm. What a majestic power it is. It can compete with the four Hercules, but at this moment, it is almost unable to withstand the oppression of that golden copper coin. That golden copper coin What is it?"

Ye Feng was also shocked at this time.

This goddess Ice Dream Spirit from the Kingdom of Ten Thousand Demons is indeed the most difficult enemy he has encountered since he came to the ancient continent.

The endless means and treasures really made Ye Feng feel dazzled. She was worthy of being a goddess of the Ten Thousand Demons Divine Kingdom. You must know that the Ten Thousand Demons Divine Kingdom was the inheritance power of the Demon Realm Lord.

At this time, Ye Feng immediately controlled more than a hundred war repeating crossbows and bombarded them high in the sky.

But it was of no avail. The terrifying steel crossbow arrows that could penetrate everything hit the golden copper coins, leaving even a trace on them.

None stayed.

This made Ye Feng's eyes suddenly darken.

At this time, the Ice Mengling not far away was floating in the sky, high up, like the Nine Heavens Saint, with an indifferent tone, and said: "My copper coin is an ancient divine object, and it is the master and slave of my Kingdom of Ten Thousand Demons. A god realm fell into the ruins of the god realm in the universe. The copper coin is cast from the soil known as the 'soil of creation'. It has incredible weight and power, and contains the heaven and earth. The Great Creation of Origin, you are dead."

Ye Feng's eyes were startled and he said: "This gold and copper coin comes from the divine world. Is it made from divine soil like Xi soil? No wonder even the future body of Dzogchen cannot resist it."

Xi soil, that is the sacred soil used by the ancient gods to mend the sky and create the world.

Even if it is just a grain of soil, it is as heavy as billions.

Not to mention such a big gold and copper coin.

That kind of towering weight is simply not something that human power can resist.

"Ancestors of the Red Flame Clan! At this moment of life and death, please give your descendants a share of your majestic power!"

Suddenly at this moment, Chi Jiuyi, who was about to be crushed to death, suddenly roared, his voice full of solemnity and majesty.

"boom!"

Almost at this moment, there seemed to be a solemn and vast ancient power emanating from the depths of Chi Jiuyi's body.

Buzz!

The next moment, Chi Jiuyi's humanoid body disappeared, and a roaring fire unicorn appeared on the spot, roaring at the sky.

"Qilin's Wrath!"

boom!

The fire unicorn opened its mouth and spit out a terrifying flame beam that could shoot through the sky, shining brightly across the starry sky and the earth.

This is from the inside of Chi Jiuyi's body.

The ancient power of his ancestors exhausted his original power and burst out with earth-shattering power.

"Boom!!!"

In the sky above the entire scene, it was like billions of explosive fire symbols exploding at the same time. The terrifying destructive power spread across all directions. The entire swamp land was blasted into an abyss, and a huge mushroom cloud appeared in the sky. .

This kind of explosion is really terrifying.

The Dzogchen future body was affected and was immediately shattered.

Even Ye Feng himself was blown away and looked a little disgraced.

Chi Jiuyi himself turned pale and fell to the ground, breathing heavily.

The golden copper coin was blown away and injured, changing from the size of a mountain to the size of a copper coin.

Not far away, Bing Mengling was vomiting blood, her clothes were shattered by the blast, her hair was disheveled, and she looked extremely embarrassed.

Her eyes were full of endless shock and anger, and she didn't even dare to pick up the golden copper coins, so she ran away frantically.

Because at that moment, the goddess of the Kingdom of Ten Thousand Demons felt a long-lost shadow of death.

At this time, Chi Jiuyi struggled to stand up from the broken ruins, and shouted in the direction where Bing Meng Ling escaped: "Come and fight me again if you have the guts! What about the Kingdom of Ten Thousand Monsters of the World Lord lineage? I The ancestors of the Red Flame Clan will still beat you!"

Ye Feng stood up from the ruins, limped to Chi Jiuyi's side, gave a thumbs up, and said: "The explosion just now was powerful enough!"

Chi Jiuyi looked pale, grinned, and said, "Grandma, if the tiger doesn't show off its power, it will treat me like a sick cat!"

It has to be said that Chi Jiuyi comes from a large clan in the demon world like the Red Flame Clan, and has a very rich background. At the critical moment, he turned the tide and unleashed extremely terrifying lethality, driving away all the goddesses of the Ten Thousand Demon Kingdom.

At this time, Ye Feng was very glad that he had brought

Chi Jiuyi travels together.

Otherwise, this time he might really fall into the hands of Bing Mengling, the goddess of the Ten Thousand Demons Kingdom.

At this moment, Ye Feng suddenly thought of something. He gave Chi Jiuyi a bottle of precious healing elixir, and then he immediately flew away in a certain direction.

Buzz!

Huge soul power was emitted, and he quickly searched the surrounding battlefield ruins, not sparing every inch of land.

"found it!"

Suddenly at a certain moment, Ye Feng's eyes suddenly lit up.

He quickly squatted down and found a golden copper coin the size of a fingernail in a pile of weeds.

This is exactly the "Xi soil copper coin"!

It is a copper coin cast from the soil of creation!

Inputting power into this copper coin can instantly turn it into the size of a mountain, with a weight of billions of pounds, as if the whole world has been oppressed, which is very terrifying.

This is a treasure!

It is the supreme divine creature in the divine world!

Ye Feng's eyes were overjoyed and he immediately picked up the Xirang copper coin.

Under his own induction, he felt that the small copper coin seemed to contain the weight of an entire world, towering and vast, heavy and boundless.

At this time, Chi Jiuyi came over, stared at the golden copper coin in Ye Feng's hand, and exclaimed: "The legendary artifact cast by Xi soil, even if it is just a small copper coin, is a priceless treasure and worth a lot of money. "

Ye Feng nodded and swallowed the breath soil copper coin into his stomach, which was warmed and nourished by his own magic power.

"Let's leave this battlefield quickly. The Ice Dream Spirit may have helpers, but it will be troublesome if it comes back later."

"good."

The two of them left the place quickly and disappeared into the distance in the blink of an eye.
