

Ancient 1751

Chapter 1751 Swamp City

After leaving the broken ruins of the battlefield, Ye Feng and Chi Jiuyi did not leave the swamp directly.

Because Ye Feng wants to accumulate meritorious deeds, he also needs to find the lair of the remnants of the other two old forces.

Half a day later, they passed through a special area in the swamp.

There is no swamp here, it is an oasis covered with vegetation.

In the swampy land of barren mountains and rivers, an oasis unexpectedly appeared.

I have to say, this is a wonderful sight.

Moreover, there is a huge ancient city standing on the edge of this oasis.

"Swamp City"

Four ancient characters are engraved on the plaque on the city gate.

Ye Feng and Chi Jiuyi chose to enter this small city to recuperate.

This time in the battle with the goddess Ice Dream Spirit from the Kingdom of Ten Thousand Demons, both of them tried their best, exhausted their strength, and even suffered heavy losses.

Therefore, they all need a period of time to recover before they have the energy to continue to exterminate those remaining evil forces.

The two entered the swamp city, checked into an inn, and chose to rest for a while.

"I didn't expect that in this swampy land with barren mountains and rivers, there would be such an orderly city, which is just the right place to stay."

In a guest room of the inn, Ye Feng looked at the antique house decorations around him with a hint of surprise in his eyes.

Then Ye Feng began to take out pills one by one from the storage ring and began to swallow them.

"Buzz buzz..."

Almost at this moment, surging medicinal power, containing a restorative effect, began to surge through Ye Feng's limbs and bones, constantly restoring Ye Feng's strength and strengthening his body.

While recovering, Ye Feng took out a small golden copper coin.

r\u003e

It is the small copper coin cast by Xirang.

But even though this copper coin is so small, once you input mana, when it becomes larger, it will have the weight of an interface, which is very scary.

The biggest gain this time is this Xirang copper coin.

At this time, Ye Feng touched the Breathing Soil Copper Coin and input a trace of mana. Suddenly, the small copper coin shone with layers of charming golden light.

At this moment, Ye Feng suddenly felt that the Xi soil copper coin in his hand began to become heavier and heavier.

With the input of mana, the copper coins will become heavier and heavier, even without end.

Ye Feng couldn't help but sigh, "It seems that the goddess Bing Mengling from the Kingdom of Ten Thousand Demons is far from exerting the power of this Breathing Earth Copper Coin. If a stronger existence inputs mana into this Breathing Earth Copper Coin, I'm afraid Chi Jiuyi and I were wiped out by this Xi soil copper coin in an instant."

However, while Ye Feng was sighing, he was also extremely surprised in his heart, because this breath soil copper coin can really be called an ancient artifact.

A small copper coin can explode with shocking power at critical moments.

Next, Ye Feng began to refine the breath soil copper coins.

With huge soul power as support, Ye Feng can refine any treasure very quickly.

Even an ancient divine object like the Xirang Copper Coin is no exception.

Soon, Ye Feng's soul power and spiritual thoughts penetrated deep into the Xi soil copper coins, and began to forcibly imprint his spiritual thoughts into the Xi soil copper coins.

If it succeeds, then Ye Feng will be the real owner of Xirang Copper Coin, even if it is

After the Xirang Copper Coin is stolen, the Xirang Copper Coin will automatically attack the enemy and then return to Ye Feng's side.

"I'm afraid this Breathing Earth Copper Coin was also a divine item that the Ice Dream Spirit just obtained. She didn't even have time to refine and imprint her own spiritual thoughts, so she came directly to kill me. Unfortunately, what she didn't expect was that she ended up suffering the consequences. He was severely injured and also lost this bronze coin. He really lost his wife and lost his troops. "

Ye Feng thought secretly in his heart, and then continued to refine the Xi soil copper coins.

During the refining process, Ye Feng also realized the heaviness and greatness contained in Xi soil, the soil of creation.

This is of great help to Ye Feng's martial arts state of mind.

Because Ye Feng was in the process of refining at this time, just like his own soul, traveling throughout the vast land.

This feeling is like becoming the master of the world. There is a feeling of dominating and overlooking all things in the world. It is very wonderful.

Therefore, even though Ye Feng's cultivation level did not increase during the whole process, he gained huge benefits.

For three whole days, Ye Feng was recuperating.

This morning.

"Dong dong dong!"

There was a knock on the door.

Ye Feng stood up and opened the door and found Chi Jiuyi standing outside.

Chi Jiuyi's face was no longer pale at this time, but very rosy, and his eyes were filled with divine light. He had obviously returned to his peak state.

Ye Feng smiled and said: "It seems that Brother Chi has returned to his peak condition."

Chi Jiuyi showed a smile and said: "Yes, our Red Flame Clan has a very strong natural recovery power, but what I didn't expect is that Brother Ye, you are from the human race and you can recover so quickly. I didn't expect that. "

\u003e

Ye Feng nodded and said, "What did you come to see me for?"

Hearing this, Chi Jiuyi couldn't help but look a little serious, and said: "In the past few days, I have sensed that there are some suspicious people who have been staring outside the inn. The direction they are staring at is the guest room where the two of us live, so I want to Ask, should we go and see what's going on? I'm afraid the goddess of the Ten Thousand Demons Kingdom is making a comeback."

Ye Feng thought for a while and said: "It shouldn't be Bing Mengling. With her nature, if she really found our traces, she would have attacked us by force. It is impossible to send people to follow her. That would not suit her character."

Chi Jiuyi nodded and said: "Brother Ye, what you said does make sense. Let's go arrest them and ask them what they do. Logically speaking, in this barren place, apart from the Ten Thousand Monsters and Gods we just encountered, Goddess of the country, no one will recognize us."

Ye Feng thought for a moment, but couldn't think of a reason. He said: "Let's pretend not to find them. Let's go out for a walk first and catch the person who is following us and ask them."

"Okay, let's do it."

Ye Feng and Chi Jiuyi reached an agreement and walked out of the inn directly, walking on the street of this small city.

This swamp city is not prosperous. The houses everywhere are short and look very depressed.

But after all, it is a medium-sized city. Although the buildings are rustic and not very good, there are still quite a lot of people on the streets.

At this time, when Ye Feng and Chi Jiuyi were walking, they carefully observed that someone was following them.

These people were wearing simple clothes and had strong skills. It was impossible to tell their identities.

However, the cultivation level of these people who are following them is not high, so it should be easy to catch them without leaving any traces.

Chapter 1752 Collusion in big things

At this time, Ye Feng and Chi Jiuyi were walking and turned directly into a small alley.

Uh-huh! Uh-huh!

A few seconds later, a figure wearing simple clothes suddenly flashed into the alley.

"Huh? Where have you gone?"

This man saw that there was no one in the alley, and he immediately looked stunned.

Uh-huh!

Uh-huh!

But suddenly at this moment, two figures fell from the sky and shouted coldly: "Who are you? You have been following us for so long?"

The person who spoke was Ye Feng.

Chi Jiuyi stretched out his hand directly from the side, pinched the shoulder of the stalker, and exerted a slight force.

"Crunch, crunch..."

Immediately, there was a sound of bone displacement on the shoulder of the person who was following him.

"It hurts, it hurts!"

The man who was following him immediately screamed out in pain: "You two adults, please spare your lives! I'm not following you to harm you. I was ordered to follow you two adults."

"As ordered?"

Ye Feng and Chi Jiuyi looked at each other, their eyes couldn't help but reveal a look of surprise.

At this time, Ye Feng stared at the person who was following him and said, "Tell me, who asked you to follow us?"

The person following him immediately said: "It's the City Lord of our Swamp City. I came to follow the two adults under the order of the City Lord. To be precise, I'm not following, but to observe the two adults. Not really the night watchman of the imperial court."

When Ye Feng heard this, he couldn't help but smile in surprise and said, "Oh? You also know that we are night watchmen from the imperial court?"

The person following him immediately spoke up: "Three days ago, when the two adults came to our swamp city, our city lord noticed you. At that time, this adult was wearing the silver armor of the night watchman of the prehistoric dynasty."

At this time, the person following him said, pointing at Ye Feng.

Ye Feng nodded and said: "Although this place belongs to the territory of our ancient dynasty, it is not guarded by the frontier soldiers of our ancient dynasty. Therefore, you, the city lord, should not be the city lord canonized by our dynasty."

The person following him nodded slightly and said, "That's right."

Although the Lord of the City was not canonized by the Divine Court, the Lord of the City once came from the real territory of the Ancient God. He established the swamp city here and proclaimed himself the Lord of the City. However, he still has a sense of awe for the Court of the Divine Dynasty. The Lord of the City has always been He regarded himself as a minister of the ancient divine dynasty. "

When Ye Feng heard the subordinate of the city lord's palace say this, his eyes showed a hint of surprise. It seemed that the lord of the swamp city was still a loyal person to the divine dynasty.

At this time, Chi Jiuyi stared at the subordinate of the City Lord's Mansion who was following him, and asked aloud: "Up to now, you haven't said why you are following us and observing us."

The subordinate of the City Lord's Mansion immediately said: "The City Lord asked me to observe whether the two adults are night watchmen from the Imperial City of God."

Ye Feng nodded, took out his identity token from the storage ring, raised it, and then said: "Open your eyes and see, I am indeed a silver-armored night watchman."

When the subordinates of the City Lord's Mansion saw it, they immediately said respectfully: "The City Lord asked me to confirm the identities of the two adults, and I want to invite the two adults to conspire with each other."

Ye Feng and Chi Jiuyi looked at each other, and both saw the surprise in each other's eyes.

The lord of a strange swamp city.

Want to invite them to conspire for something big?

What's the big deal?

Chi Jiuyi sent a message to Ye Feng and said: "Brother Ye, our current strength has returned to its peak state anyway. We can even fight against the goddess Ice Meng Ling of the Kingdom of Ten Thousand Demons. Even if the city lord of a mere swamp city wants to If it's bad for us, don't worry so much."

Ye Feng nodded. He looked at the subordinate of the City Lord's Mansion in front of him and said, "Okay, I believe you for the time being. Take us to see your City Lord."

"Yes, two adults!"

The subordinate of the city lord's palace immediately clasped his fists and shouted respectfully, and then led the two of them towards the central area of the swamp city.

The City Lord's Mansion stands in the center of the Swamp City.

In fact, it's just a ten-meter building

The ordinary earth-yellow hall, standing there, is the city lord's palace. It looks very ordinary, even shabby.

But Ye Feng and Chi Jiuyi did not take it lightly.

Because being able to build a city in a place like a swamp, where there are barren mountains and rivers, where wild beasts are infested, and bandits are rampant, it definitely requires extremely strong strength to protect one side.

"Lord City Lord, I brought those two adults back."

The moment the city lord's subordinate returned to the city lord's mansion, he immediately loudly shouted the report.

Buzz!

Almost at this moment, an extremely powerful aura was transmitted from the city lord's mansion.

At this time, both Ye Feng and Chi Jiuyi showed a hint of surprise in their eyes.

That aura actually transcends the realm of immortality and exists in the realm of myth!

"The first level of the Mythical Realm is at the same cultivation level as the goddess Ice Dream Spirit from the Kingdom of Ten Thousand Monsters."

Chi Jiuyi sensed the intensity of the aura at this time and couldn't help but whisper.

Ye Feng nodded slightly and whispered: "Let's wait and see what happens."

After refining an ancient divine object such as the Xi soil copper coin, Ye Feng has the confidence to face a powerful person in the myth realm.

While Ye Feng and Chi Jiuyi were chatting quietly, a middle-aged man wearing a long robe, with a resolute face and a calm face, stepped out of the main hall of the city lord's palace.

The aura on his body has a violent and rapid flavor, giving people a feeling of heart palpitations like a violent storm hidden in the body.

This person's strength is absolutely extremely powerful, and he is worthy of being a super strong man in the mythical realm.

At this time, Ye Feng had already put on the Night Watch Silver Armor.

The city lord saw Ye Feng and Chi Jiuyi, and stared directly at Ye Feng. He immediately raised his hands and said with a smile: "Silver Armored Night Watchman! I didn't expect that the little brother was already the Silver Armored Night Watchman in the court at such a young age. Man, my little brother must be very extraordinary! In Xia Yin Tianzhou, he is the lord of this swamp city. He has sent people to follow the two of them in the past few days. He has no intention of harming anyone. He just wants to confirm the identities of the two of them. Please.

The two little brothers forgive me for being abrupt. "

The lord of the swamp city who calls himself Yin Tianzhou is not as hot-tempered and rough as he seems. His words are full of logic and elegance, making it impossible to feel any anger.

Ye Feng smiled, cupped his hands and said, "City Lord Yin is too polite. Brother Chi and I are not angry about this matter. We are just curious as to why City Lord Yin pays so much attention to the two of us. Just now your subordinate said that the City Lord has We are discussing something big, but I don't know what the big thing is?"

When Yin Tianzhou heard this, he saw that Ye Feng went straight to the point and knew that the other party was a generous person and did not like playing tricks.

So Yin Tianzhou's eyes immediately became serious at this time, and he said: "I would like to invite two young masters to help me exterminate the serious banditry around the swamp city. , these days are getting more and more rampant, burning, killing and looting all around. Last time, they almost destroyed the swamp city where I was. I have been very worried about these bandits recently. This time, I happened to meet two young and powerful men from the imperial court. That's why I have no choice but to ask for your help."

Chi Jiuyi's eyes suddenly moved and he said: "City Lord Yin believes in the strength of the two of us so much. Did you see the battle between us and the goddess Bing Mengling of the Ten Thousand Demons Kingdom?"

When Yin Tianzhou heard this, he couldn't help but nodded and said: "I didn't see it with my own eyes, but I heard someone under my subordinates reported this situation, so I knew that these two are definitely top masters and can help me eliminate the banditry, and in return I will, I will provide you with the healing location of the goddess of the Ten Thousand Demons Kingdom."

"What?"

Ye Feng and Chi Jiuyi's eyes changed, and they couldn't help but said: "Do you know the healing position of Ice Dream Spirit at this moment?"

Yin Tianzhou smiled confidently and said, "I have been living in this swamp for so many years. I naturally know everything around here. So, are you two willing to cooperate with me?"

Ye Feng was originally going to wipe out the two remnants of the rivers and lakes. At this time, without any hesitation, he said: "We are willing to help City Lord Yin suppress the bandits, but there is one thing. When we go to deal with the Ice Dream Spirit, City Lord Yin needs to work with us to help Let's work together to completely suppress that Ice Dream Spirit!"

Chapter 1753 The natural chasm wall

After a few people discussed the matter of cooperation, they started to take action.

Yin Tianli, the city lord of Swamp City, immediately returned to the city lord's palace and began to issue orders one after another to stop all the city lord's palace soldiers in the entire swamp city.

Half an hour later, tens of thousands of soldiers had gathered in the square at the gate of Swamp City.

These soldiers are the elite of the city lord's palace in the swamp city. They are wearing specially made armors with spiritual patterns surging on them, which can provide these soldiers with a huge strength bonus.

At this moment, the city lord Yin Tianzhou, Ye Feng, and Chi Jiuyi stood in front of a group of soldiers.

Facing countless soldiers, Yin Tianzhou summoned up all his strength and spoke out: "It has been decades since our swamp city was established, but during this long period of time, remnant forces from the Jianghu often came to burn and kill. Looting, intercepting passing caravans, plundering our wealth, etc. Today I am lucky enough to invite the masters of the night watchman who came from the imperial city in the center of our prehistoric dynasty to help us deal with the remnants of the rivers and lakes and completely annihilate the surrounding areas. The two major cancers of the Demon Sect Association and the Tianfu Sect will completely restore a bright future to our swamp city!"

What Yin Tianzhou said at this time was very inspiring.

A group of soldiers immediately roared loudly:

"Follow the Lord of the City! Destroy the remnants of the world!"

"That's right! Kill those bandits who burned, killed and looted!"

"This group of bandits must be completely eliminated!"

...

Every soldier in the swamp city was filled with indignation, yelling, and full of murderous intent.

Apparently they lived in this swampy land and suffered from it.

Therefore, everyone wants to get rid of the remnants of the rivers and lakes who gather grass and become bandits.

But all this time, they have never had the chance to eliminate them.

After all, the two remnants of the old forces, Demon Sect Hui and Tianfu Sect, are united in their base camp, so they are very difficult to deal with.

But this time, the city lord unexpectedly invited two masters of the night watchman from the Imperial City of God.

This made all the soldiers extremely excited, invigorated, and full of fighting spirit.

Ye Feng looked at Yin Tianzhou beside him at this time, with a look of surprise in his eyes.

When he happened to meet him and Chi Jiuyi, he could actually tell that he had invited them.

I have to say that this Yin Tianzhou is very good at taking advantage of situations to inspire the courage of many soldiers in Swamp City.

Yin Tianzhou noticed Ye Feng's gaze, sighed, and said through the message: "Master Ye, don't be offended. The reason why I say this is because we have always been defeated, so our morale is very low. This time, with the help of Ye Feng, It is a helpless move to inspire the courage of all soldiers with the reputation and popularity of the night watchman behind your Lordship."

Ye Feng immediately sent a message: "I won't be offended. City Master Yin made a strong statement."

At this time, Yin Tianzhou nodded, then looked at the tens of thousands of soldiers in front of him, and shouted: "Let's go!"

"rush!"

"rush!"

"rush!"

Immediately, countless soldiers roared loudly, wearing armor, holding war guns in their hands, and running towards the endless wilderness outside the swamp city with terrifying murderous intent.

Yin Tianzhou, Ye Feng and Chi Jiuyi suddenly flew to high altitude and opened the way ahead.

Along the way, a group of mighty armies were seen. Countless ferocious beasts in the depths of the surrounding wilderness were all shocked by the terrifying murderous aura. They all roared in fear, but they did not dare to attack.

Appeared, huddled in the nest.

...

After walking for several days and nights, a huge chasm appeared in front of everyone.

This natural moat is like a huge wall, standing on the earth.

Incomparably tall and majestic, it was like a huge axe, striking deeply into the earth and cutting across the entire vicissitudes of life.

At this time, Yin Tianzhou looked at the huge moat-like wall and said: "This natural moat was forged by a clan of ancient giants. It has innate blocking power. What we have to do is to cross this moat. Then The base of the Demon Sect Association and Tianfu Sect is built behind this natural moat."

Ye Feng looked at the huge moat wall that was too high to reach the top and wide to see the sides, nodded and said: "With such a moat guarding us, no wonder City Lord Yin has been unable to hit the point directly and eliminate the two remaining evil forces for so many years."

Hearing this, Yin Tianzhou couldn't help but smile bitterly and said, "Even if I transcend the Immortal Realm and enter the first level of the Mythical Realm, I still have no ability to retreat to this chasm wall forged by an ancient giant."

Ye Feng nodded, looked at Chi Jiuyi beside him, and said: "Brother Chi, let's go up. City Lord Yin invites us to suppress bandits together, so naturally we have to show our hands."

Chi Jiuyi nodded, grinned, and said, "My hands have been itchy for a long time."

Buzz!

At this time, he was holding the flame gun in his hand, and balls of crimson flames surged out of his body, like a god of fire, full of infinite power.

"The fire dragon roars!"

boom!

Chi Jiuyi roared, and the spear in his hand instantly charged forward.

A huge flaming fire dragon roared out from the spear in Chi Jiuyi's hand, like a flying dragon in the sky, and directly bombarded it.

On top of the huge moat wall.

"Boom!"

The entire sky wall instantly emitted a huge roar, as if the sky was falling apart.

But the next moment, the smoke and dust dissipated, and the moat wall was not damaged at all.

No trace of anything on the surface.

"What?"

Chi Jiuyi was shocked. This attack was a super powerful attack, and it didn't even leave a trace on the wall of the trench.

"Damn it! This natural chasm wall is indeed extremely strong! It cannot be destroyed by human power at all!"

At this moment, Yin Tianzhou, the lord of Swamp City, couldn't help but his eyes darkened.

Suddenly at this time, on the wall of the moat, huge steel crossbow arrows were shot towards this side, like iron spears, shooting towards this side in a frenzied manner, capable of piercing through everything and stabbing. Split everything.

"It's a simplified version of the war crossbow!"

At this moment, a group of soldiers from Swamp City raised their shields and struggled to resist these simplified versions of war crossbows.

On the huge moat wall, rows of figures appeared, all of them bandits from the Demon Sect Association and Tianfu Sect.

A tall man in a black robe stood on the wall of the moat, looked at the group of people from the swamp city in front of him, and laughed and said: "In the past few decades, you have attacked us dozens of times, but You will never be able to break through this natural moat wall of ours. This natural moat wall was forged by the ancient giants hundreds of thousands of years ago from Beichuan sacred soil. Even if you use the war repeating crossbow specially made by the prehistoric dynasty. Even if you shoot thousands or tens of thousands of times, you can't break through our Heavenly Chasm Wall! Hahaha! Give up! Our Demon Sect and Tianfu Sect will be immortal!"

Chapter 1754 Crash

The laughter of a group of thieves on the fence was very harsh, and they did not hesitate to ridicule and ridicule.

This made the faces of countless soldiers from the attacking swamp city become extremely ugly.

"Is it going to fail again?"

Some soldiers voiced doubts.

The morale of the entire army once again fell to the lowest point.

"The natural chasm wall made by the ancient giants using divine soil? Haha, I want to give it a try. Which is more powerful, the divine soil or the soil of creation!"

Suddenly at this moment, a young voice with a slight chuckle sounded.

It's Ye Feng!

"Uh-huh!"

He instantly flew high into the sky, facing the majestic moat wall all alone.

At this time, on the wall, a group of thieves spoke sarcastically and said with a smile: "Boy! Who are you? But the cultivation level of the fourth heaven of the immortal realm is not as powerful as that of the master of the tenth heaven of the immortal realm. Even guns can't leave a mark on our natural chasm and walls. Who do you think you are, but you dare to provoke us? You are nothing more than an insect shaking a tree and an ant looking at the sky!"

When Ye Feng heard this, he didn't feel the slightest bit angry. He just smiled indifferently and said, "Am I looking at the sky like an ant? You'll know if you try it?"

The city lord at the rear, Yin Tianzhou, looked a little confused, wondering what Ye Feng was up to.

In fact, what Yin Tianzhou values more is Chi Jiuyi, a young master who has reached the tenth level of the immortal realm next to Ye Feng. Ye Feng only made Yin Tianzhou polite because of his identity as a silver-armored night watchman.

But in fact, Yin Tianzhou didn't have much expectations for Ye Feng's strength. What he looked forward to most was Chi Jiuyi.

Therefore, after Chi Jiuyi took action just now, he did not destroy the natural moat wall, which made Yin Tianzhou's face suddenly darken.

At this time, Chi Jiuyi saw Ye Feng's confident look and seemed to have thought of something. His eyes suddenly lit up and he said: "Brother Ye, have you already taken that thing?"

The refining was successful! "

Buzz!

Suddenly at this moment, Ye Feng stretched out a hand and opened his palm.

At this moment, there was a golden copper coin lying quietly in his palm.

The small copper coin looks ordinary and unpretentious, and seems to have no power.

But at the next moment, Ye Feng used his huge mana to pour it into the small copper coin in his hand.

"boom!"

Almost at that moment, the small Xi soil copper coin burst out with a mighty aura that was as powerful as the power of heaven.

Buzz!

The Xirang Copper Coin suddenly expanded in the sky and became as big as a mountain.

The huge and towering copper coin, carrying a power that was as majestic as the world's vicissitudes, suddenly hit the wall of the moat.

"Boom!"

Accompanied by an earth-shattering roar, it was as if two huge interfaces collided together.

"Click, click..."

Suddenly a shattering sound sounded.

The entire majestic moat wall was suddenly shattered into cracks by the impact of the Xi soil copper coin.

"What?!"

The group of thieves who were standing on the wall and laughing loudly immediately widened their eyes and almost fell out of their eyes in shock.

"The natural chasm wall forged by the ancient giant was actually shattered?"

At this time, the eyes of countless soldiers from the swamp city, who were already low in morale, suddenly brightened.

"What kind of treasure is that! It's so amazing!"

Yin Tianzhou, the city lord of the first level of the Myth Realm, had a downcast look in his eyes at this moment, but he was also suddenly extremely surprised.

Ye Feng, whom he was originally not optimistic about, actually had such a method at the critical moment, directly smashing the wall that these gangsters relied on for survival.

"Sure enough, it's that copper coin! You really refined it in just a few days! I'm afraid only Brother Ye can conquer this kind of ancient divine object."

Chi Jiuyi was also extremely surprised at this moment. .??.

"Broken!"

At this time, Ye Feng suddenly roared and once again increased his mana output.

"boom!"

This time, the Xirang Copper Coin actually grew bigger and expanded once again. It truly became as big as an interface, containing the power of the entire world and full of infinite weight. It was suddenly bombarded from high altitude, like A world suddenly crashed past.

This kind of impact is terrifying to the extreme. I am afraid that even the powerful ones in the Myth Realm will have to stay away from the edge for a while and dare not face up to this terrifying and majestic power of the world.

"Boom!"

"Boom!"

A terrible collision occurred. The wall of the trench finally could no longer hold up. It was shattered by the impact of the copper coins, and collapsed suddenly, turning into ruins.

The thieves and bandits who had stood on the wall and taunted each other before were all reduced to pieces in endless terror, completely dead.

The world behind the wall immediately appeared in everyone's eyes.

It turned out to be a vast kingdom. On the land of the kingdom, there were two towering royal cities respectively, representing the core areas of the remnants of the two old forces, the Demon Sect Association and the Tianfu Sect.

"without

To think that these two rivers and lakes forces have developed into such a huge kingdom! "

Ye Feng's eyes were a little surprised, and then he jumped directly and stepped on the huge mountain-like copper coin.

He spoke to the rear and said: "The biggest battle between these Jianghu forces has been shattered by me. Now it depends on whether you can wipe out the remnants of everyone."

"kill!"

"kill!"

"kill!"

And the moment Ye Feng finished speaking, the entire field suddenly erupted with shouts of killing, murderous intent rising into the sky, causing the entire world to change color.

City Lord Yin Tianzhou looked at the kingdom that was beginning to take shape behind the broken wall. In addition to murderous intent, there was also deep excitement and excitement in his eyes.

Because it is almost his lifelong dream to wipe out the two remaining forces in this swamp area.

Today, his dream will be completely realized.

"Children of Swamp City! Follow this city lord to kill the remaining villains! Let these thieves pay for all the sins they have committed over the years!!"

The city lord Yin Tianzhou led an army of tens of thousands and was the first to charge towards the distant kingdom.

He is worthy of being a strong man in the mythical realm. His whole body bursts out with divine light. He holds a big halberd in his hand. When the big halberd is struck, the land tens of thousands of miles away is split open. The gate of the kingdom is directly split into two. In the middle of the night, rubble was rolling, countless buildings collapsed, and smoke filled the sky. The scene was very scary.

Chi Jiuyi held the flame gun and said to Ye Feng: "Brother Ye, let's go up too! I feel the aura of the strong! Recently I feel that the bottleneck of the tenth level of the Immortal Realm is about to be broken through. Maybe this time Opportunity can completely transform me!"

Ye Feng put his hands behind his back, stood on the huge copper coin that covered the sky and the sun, and said: "Okay! I will hold the battle for you at high altitude! Brother Chi, feel free to fight and strive to break through to the mythical realm!"

Chapter 1755 Mo Wuji

"Enemy attack!"

"Enemy attack!"

...

At the moment when the majestic and boundless sky wall collapsed, many masters from the two remaining forces, the Demon Sect Association and the Tianfu Sect, shouted loudly.

Uh-huh! Uh-huh! Uh-huh...

Experts flew out from the buildings in the kingdom one by one, looking a little flustered, as if they didn't know what was happening for a while.

However, these bandits were well-trained and had formed a kingdom after all, so after a brief panic, they organized an army of bandits and roared towards the army of Swamp City.

"Yin Tianzhou! Who gave you the courage to directly attack the territory of our Demon Sect Association and Tianfu Sect? If you dare to come today, you don't have to go back. You can die here! I have recently achieved great success in my magic. If you come here, you will die!"

Suddenly at this moment, a man's voice with a cold smile sounded from the royal city of the Demon Sect Association.

Uh-huh!

At the next moment, a thin middle-aged man wearing a black dragon emperor's robe, with red eyes, flew out of the Demon Sect King's City.

The aura of cultivation on his body was very evil, exuding a strong black energy. He was clearly a strong man in the second heaven of the Mythical Realm!

This person is none other than the president of the Demon Sect Association, Mo Wuji!

He is a super strong man who is proficient in demonic cultivation. His demonic energy is as majestic as the vast sea, and every move contains powerful power.

"The devil eats the world!"

boom!

The moment Mo Wuji appeared, he immediately performed a terrifying demonic killing technique.

Immediately, a huge amount of demonic energy surged out of his body, covering the entire sky. It was as if eternal night had fallen and everything in the world had turned into darkness.

At this time, the city lord Yin Tianzhou was the first to bear the brunt and was directly enveloped by a black demonic energy.

"Zizzizi..."

br

The black demonic energy has a strong corrosive effect, corroding the iron armor on Yin Tianzhou's body into pits.

"Devil! You must die today!"

As a powerful person in the myth realm, Yin Tianzhou is naturally not so easy to bully.

A golden divine light erupted from his body, dispelling all the black demonic energy.

Then Yin Tianzhou directly displayed his powerful martial arts inheritance.

"Golden Barbarian King Kung Fu!"

Yin Tianzhou roared, and his whole body suddenly exuded a reckless aura of the ancient wilderness.

At this moment, visible to the naked eye, Yin Tianzhou began to expand rapidly, eventually turning into a golden giant several hundred meters tall, with muscles like a horned dragon, and his skin seemed to be poured with molten gold, glowing with a cold and ferocious metallic sheen. , looks very intimidating.

"boom!"

Yin Tianzhou transformed into a golden barbarian king, and with a body full of brute force, he suddenly stepped up to the sky, directly in front of Mo Wuji, and punched him hard like a golden dragon.

"boom!"

This punch caused a sonic boom in the air.

"Demon shield!"

Mo Wuji was obviously extremely fearful, and he immediately condensed a huge shield of demonic energy in front of him. On the surface of the shield was a huge devil, which was grinning ferociously. It was obviously another kind of demonic secret technique.

"Boom!!"

A terrifying roar sounded, and Yin Tianzhou punched into the demonic shield, but his arm was engulfed by the demonic energy and was imprisoned in the demonic shield.

Mo Wuji laughed loudly and said: "Yin Tianzhou, Yin Tianzhou, a body refiner like you will never

I can't even compete with a master of magic and magic like me. "

"Magic chain!"

Mo Wuji shouted loudly, and the black shield in front of him immediately turned into black chains, surrounding and locking Yin Tianzhou's entire several hundred meters of golden barbarian king.

"The gun comes out like a dragon!"

Suddenly, Chi Jiuyi seized the opportunity, held the flame gun in his hand, and stabbed Mo Wuji in the back with one shot.

"Pfft!"

"ah!!"

Accompanied by a burst of earth-shattering screams, Mo Wuji's entire back was pierced by the flame gun. With such pain, the super-powerful demon couldn't help but howl out.

"Break it for me!"

And Yin Tianzhou also took advantage of this opportunity at this time. The body of the Golden Barbarian King burst out with shocking brute force, breaking all the black chains, and then rushed in front of Mo Wuji in an instant, and slapped Mo Wuji on the chest.

"Crack!"

The protective mirror on Mo Wuji's body was shattered. He vomited blood and was extremely embarrassed.

Mo Wuji yelled at another royal city in the kingdom: "Master Tianfu! How long are you going to watch the show? If you don't take action, I will die, and you can't deal with the two of them by yourself!"

Taoist Tianfu!

He is the master of Tianfu Sect!

"Uh-huh!"

The moment Mo Wuji finished speaking, a white-haired old man wearing a navy blue robe suddenly stepped out from the depths of another royal city not far away.

The white-haired old man wearing a Taoist robe looks like a relegated immortal who has descended from the earth.

This person is the master of Tianfu Sect, Taoist Tianfu.

He is a great talisman maker

division!

Tianfu Taoist stretched out his two hands at this moment and threw two yellow talismans in the direction of Yin Tianzhou and Chi Jiuyi respectively.

The talisman thrown towards Yin Tianzhou turned into a golden prison the moment it approached Yin Tianzhou, locking Yin Tianzhou together.

The talisman thrown at Chi Jiuyi instantly turned into a blue ocean of void, covering Chi Jiuyi at once. The power of Chi Jiuyi's flames was completely suppressed.

"Amazing!"

Many thieves and bandits in the kingdom saw Tianfu Taoist take action and restrained the two masters of the opponent, and they all roared with excitement.

Mo Wuji also sneered and said: "Master Tianfu, it seems that you have refined many powerful talismans over the years."

Taoist Tianfu's own cultivation level is not high, only half-step to the mythical realm.

But every talisman he carries has a particularly powerful power and can restrain the enemy's various methods.

"boom!"

But suddenly at this moment, a copper coin as huge as a mountain suddenly crashed down from high in the sky.

A majestic force that caused the world to collapse fell upon Mo Wuji and Taoist Tianfu in an instant.

"What?"

"This kid who has been watching the show at high altitude is actually so powerful?"

Mo Wuji and Taoist Tianfu were both shocked.

They didn't seem to expect that the young man who had been watching the battle from high in the sky would be so terrifying when he made a move.

Ye Feng stared at Mo Wuji and Taoist Tianfu, stepped on the huge copper coin, smiled and said: "Two leaders of the remaining gangster forces, if I bring your heads back to the imperial city, plus As the former leader of the Jianghe Alliance, I'm afraid my promotion to the title this time is 100% guaranteed!"

Chapter 1756 Ancestral Talisman

Ye Feng's words at this time were extremely domineering. He said that he would take the heads of Mo Wuji and Taoist Tianfu and go back to claim credit.

Mo Wuji smiled coldly and said disdainfully: "You are just a boy from the fourth level of the Immortal Realm. You just want to kill me and Taoist Tianfu just because you have a powerful treasure in your hand? You are too naive!"

"Demon Elephant Prison Suppressing Technique!"

Even though Mo Wuji's back spine was pierced by the flame gun, he was still able to perform powerful secret killing moves at this moment.

It has to be said that a super strong person at the level of mythology has extremely tenacious vitality, and his own skills are also extremely profound.

Even if he suffered severe injuries, he could still maintain his peak condition in a short period of time, and even be able to operate powerful forces and release terrifying killing moves.

The powerful killing move released by Mo Wuji at this time is called "Demon Elephant Prison Suppressing Technique", which is definitely a mythical inherited martial arts that surpasses the immortal level.

"boom!!"

Almost at the moment Mo Wuji displayed this inherited martial arts, boundless demonic energy suddenly surged out of his body.

"Roar!!"

"Roar!!"

Immediately, demonic elephants as huge as mountains, such ancient demonic beasts, stepped out from the boundless demonic energy and let out a thunderous roar.

These demonic elephants are the descendants of the ancient trolls and the divine elephants of the divine realm. They possess the demonic nature of the ancient trolls and the majestic power of the divine elephants of the divine realm.

This kind of demonic elephant is majestic in size and its thighs are like pillars of heaven. It can suppress mountains and rivers and crush hell. It is very terrifying.

"sensation!"

"sensation!!!"

At this time, Mo Wuji transformed into many demon elephants, and his majestic body collided with the copper coin of Xi soil. The copper coin actually started to tremble from the impact.

I have to say that this person is worthy of being a powerful person in the realm of magic and mythology, very powerful.

"Uh-huh!"

At this moment, Taoist Tianfu also took out a special talisman.

There is a big man engraved on this talisman.

, the big man wore thunder armor and held a thunder spear in his hand, looking like an ancient thunder god.

The moment this talisman appeared, there seemed to be extremely violent thunderous light surging in the entire sky, which was connected with the talisman in Taoist Tianfu's hand.

"This is....."

Mo Wuji's eyes were startled at this moment, and he couldn't help but said: "Master Tianfu, when did you find the Thunder Ancestral Talisman?"

Taoist Tianfu smiled proudly and said: "I have been practicing Talisman for many years and have become a great Talisman master. Somewhere in my mind, I found the legendary world in the depths of a dangerous place. After all the hard work, I finally found it. The Thunder Ancestral Talisman among the Six Ancestral Talismans!"

"Ancestral Talisman!"

"Thunder Ancestral Talisman?"

At this time, Yin Tianzhou and Chi Jiuyi, who were trapped not far away, both had shocked looks in their eyes for a moment.

Chi Jiuyi immediately yelled at Ye Feng: "Brother Ye! Avoid the edge for a moment! The extremely terrifying ancestral talisman is the most powerful talisman forged by the ancient god-level talisman master! There are six great talismans in heaven and earth. The strong ancestral talisman represents the power and mystery of the oldest talisman, which are the thunder ancestral talisman, the dark ancestral talisman, the flame ancestral talisman, the ice ancestral talisman, the brute force ancestral talisman, and the magic ancestral talisman! Unique and possessing incredible terrifying power!"

"Uh-huh!"

But the moment Chi Jiuyi finished speaking, Taoist Tian Fu had already put the Thunder Ancestral Talisman in his hand on his body.

"boom!!"

An extremely terrifying force of violent thunder suddenly struck out from the Thunder Ancestral Talisman.

Visible to the naked eye, Taoist Tianfu's entire body expanded rapidly, enlarging several times. His whole body was now surrounded by countless blue electric currents, as if he was possessed by a thunder god, and every move he made seemed to be capable of destroying the world. , extremely terrifying.

Tianfu Taoist's true cultivation level is only half a step into the mythical realm.

But at this moment, he put a thunder ancestral talisman on his body, and his combat power skyrocketed. He may have surpassed Mo Wuji, a second-level demon powerhouse in the mythical realm, and the celestial talisman Taoist is also known for his destruction. The power of the Thunder Ancestral Talisman!

"boom!"

Taoist Tian Fu transformed into the God of Thunder. With a hold of his hand, countless lightnings immediately condensed into a thunder war spear, and he went straight towards Ye Feng to kill him.

"Very strong!"

Even though Ye Feng was powerful in battle, he felt a heart-stopping aura of destruction from Taoist Tianfu at this moment.

"It's a pity that the Soul Emperor Seal can only defend against the power of thunder at the soul level, and cannot resist the real power of thunder from the outside world!"

Ye Feng thought to himself, and then directly used the Shenlong Fighting Technique.

"boom!"

He jumped up and turned directly into a golden dragon, which collided with the thunder god that Taoist Tianfu had turned into.

"Boom!"

Above the entire sky, a terrifying roar like thunder immediately sounded, shaking the entire place in all directions.

"Boom!"

At the next moment, the golden dragon was knocked back to its original shape, and Ye Feng fell quickly to the ground.

"The power of the ancestral talisman! It's really terrifying!"

Ye Feng struggled to stand up from the ground, his whole body was burnt black from the electricity.

If it weren't for the powerful Chaos Body, Ye Feng might have been electrocuted to death by the terrifying thunder and lightning just now.

"What? Not dead yet?"

The Tianfu Taoist high in the sky gave a look of surprise.

He knew very well that after using the Thunder Ancestral Talisman, he became a super strong man who could rival the third or even fourth heaven of mythology.

Moreover, the thunderous destructive power of the Thunder Ancestral Talisman itself is enough to instantly

A person's physique will be completely destroyed in a short period of time.

But the kid below, who was only in the Immortal Realm, seemed to have only been slightly injured and was fine at all.

This shocked Taoist Tianfu.

This kind of ability to resist being hit is really scary.

"kill!"

Taoist Tianfu didn't hesitate at all. His whole body was filled with thunderous thunder, and he rushed down from the sky with a thunder and lightning war spear in his hand.

This strike was wrapped with thousands of thunder and lightning divine lights. Thunder shook the sky, and light surged into the heaven and earth. It seemed to be able to destroy everything. It made countless people present feel as if they had fallen into an ice cellar, trembling all over and unable to move.

It's hard to imagine what kind of terrifying pressure Ye Feng, who was the first to bear the brunt, was under at this moment.

"Brother Ye!"

"Brother Ye!"

Chi Jiuyi and Yin Tianzhou, who were trapped at this moment, were shocked and extremely worried.

Ye Feng was alone, stepping on the ground, looking at the thunder striking down from high in the sky, suddenly stretched out his hand, and used the great sealing technique ranked nineteenth among the three thousand avenues of the heavens that he had learned a long time ago.

"Buzz!"

Almost at this moment, the entire world and countless powers seemed to be trapped by all seals under the control of Ye Feng's hand.

Wanjun Thunder, the thunder god-like Taoist Tianfu, was suddenly sealed at this moment, and he was stagnant in the void, unable to move at all.

"What?!"

Everyone who saw this scene, including the leader of the Demon Sect, Mo Wuji, a strong man in the Myth Realm, suddenly widened their eyes at this moment, wondering what kind of weird and terrifying martial arts it was.

"This is magic! The most original magic in the world!"

Taoist Tianfu was sealed in the void. At this moment, his eyes almost fell out of his eyes. He shouted in disbelief: "You are a warrior! How come you have such the most advanced original magic of the heavens? How is this possible! !"

Chapter 1757 A lot of money

Taoist Tianfu was absolutely horrified at this time.

He originally thought that his attack would be able to completely obliterate Ye Feng.

But what he never expected was that all his violent attacks were suddenly frozen in the void, unable to move at all.

And all of this is because of the incredible magic that Ye Feng performed.

"What? Even an invisible thing like the energy of an attack can be fixed in the void?"

"What kind of method is this?"

At this time, countless experts around were stunned, and everyone's eyes were filled with deep shock.

And at this time, a long knife appeared in Ye Feng's hand, and he slashed out the Curse-Sealing Divine Sword.

"boom!!"

An extremely terrifying sword light shone brightly across the sky, piercing through the void in an instant. With a "puff", it chopped the immobile Tianfu Taoist into two halves.

"Crack!"

The Thunder Ancestral Talisman, one of the six great ancestral talismans of heaven and earth, fell from high altitude and was caught by Ye Feng and held in his hand.

At this moment, Ye Feng could feel a profound and extremely vast power from this small talisman.

Taoist Tian Fu simply did not fully unleash the true power of the Thunder Ancestral Talisman.

He is still too weak. Although he is extremely talented in Fu Lu, if he wants to use the true ancient power of Zu Fu, Taoist Tianfu's cultivation is far from enough.

Ye Feng immediately swallowed the Thunder Ancestral Talisman into his stomach and began to warm and refine it in his body.

"boom!"

"boom!"

At this moment, Taoist Tianfu was dead, and the trapped city lords Yin Tianzhou and Chi Jiuyi escaped instantly and went straight towards Mo Wuji.

Mo Wuji had been pierced through the back by a flame gun before and suffered severe injuries.

Now being attacked by two powerful men together,

The attack is naturally irresistible.

"ah!"

At a certain moment, Mo Wuji was punched by Yin Tianzhou and half of his body was broken into pieces.

"kill!"

Chi Jiuyi stabbed out with one shot, and the flames instantly burned the remaining half of Mo Wuji's body.

A generation of super powerful demons has fallen!

"Leave the head to me."

Ye Feng immediately flew over and put Mo Wuji's head into a brocade box.

Tianfu Taoist's head was naturally stored.

This is something that Ye Feng gained through his meritorious service when he returned to the imperial city and became an official.

After getting rid of the two major bandit leaders, the lord of Yin Tianzhou, a swamp city, was extremely excited. He shouted with great joy: "Everyone obeys the order. We will annihilate the entire bandit kingdom in one go. Those who are willing to surrender will be demoted as slaves. Take it back to Swamp City and contribute to the construction of Swamp City!"

"kill!"

"kill!"

"..."

The morale of countless soldiers in Swamp City was extremely high at this moment.

They shouted excitedly and killed towards the entire kingdom.

With Mo Wuji and Taoist Tianfu dead, Ye Feng and Chi Jiuyi no longer even needed to take action. Yin Tianzhou led his army and wiped out the entire bandit kingdom in just half an hour.

At this time, the three of them came to a huge pavilion deep in the kingdom.

This pavilion has a total of eighteen floors. According to the defeated prisoners, this eighteen-story pavilion contains the wealth of the entire bandit kingdom.

At this time, Yin Tianzhou suddenly said: "Brother Ye, little brother Chi, this time I can destroy the entire bandit kingdom and capture so many slaves."

The slave labor force has been a huge harvest for me. From now on, there will be no war in the swampland. Therefore, I will not take any of the wealth of this eighteen-story pavilion and give it all to the two little brothers! "

After Yin Tianzhou finished speaking, Ye Feng and Chi Jiuyi looked at the city lord in surprise.

Faced with such a huge temptation, he was able to resist it.

It must be said that this city lord is ambitious.

Ye Feng immediately laughed out loud and said: "Thank you very much, City Master Yin."

At this time, Chi Jiuyi also nodded. This pavilion and wealth were indeed what they deserved.

After all, this time the Swamp City eliminated the entire bandit kingdom in one fell swoop, and Ye Feng and Chi Jiuyi were indispensable, which was equivalent to doing Yin Tianzhou a huge favor.

Uh-huh!

Uh-huh!

Ye Feng and Chi Jiuyi instantly leapt into the eighteen-story pavilion and began to store treasures and wealth.

At this time, a guard appeared beside Yin Tianzhou outside the pavilion. He hesitated a little, clasped his fists and said: "City Lord, do we really give all our wealth to these two young men? Why don't we do it without stopping and unite the brothers? Let's work together to deliver these two young men to..."

At this time, the guard said and made a gesture of wiping his neck.

"Confused!"

But Yin Tianzhou scolded him fiercely and said: "Short-sighted! These two people are from the imperial city. If we kill them and the court traces them, our entire swamp city will definitely die. Moreover, I invited them to help. Now I secretly killed them for some wealth. If the news spread, I would lose face. Apart from that, let me tell you the truth, don't say just me, there are two of me, plus our entire swamp city. Even if we don't have enough troops, don't even think about killing these two young men, they are too terrifying."

At this time, after Yin Tianzhou finished speaking, the confidant guard beside him immediately lowered his head, his face was a little pale, and said: "Lord City Lord

indeed! My subordinates never dare to have such thoughts again! "

Yin Tianzhou nodded slightly and said: "Go and clean the battlefield. This time we have attacked the entire bandit kingdom. There will no longer be any opponents for us in the swamp. Our territory and city will expand again."

At this moment, in the eighteen-story pavilion, Ye Feng and Chi Jiuyi were already dazzled.

They had just entered the first floor, and the huge first-floor pavilion space was already filled with countless treasures, including rare metal common treasures such as gold, silver, and jewelry, as well as soldiers and armors that exuded aura, and colorful top-grade divine crystals. Priceless.

"This is only the first floor. There are more than ten floors above. We have really made a fortune this time! This is much richer than the Jianghe Alliance's treasure house!"

Chi Jiuyi couldn't help but exclaimed.

Ye Feng also nodded slightly and said: "These thieves and bandits live in these borderlands and are not restricted by the laws of the gods. They burn, kill and loot the surroundings. Naturally, they accumulate wealth very quickly. The two major bandit forces in this area, has developed into a small kingdom, and it is quite normal to have so much wealth, but it has made it easier for the two of us. "

After saying that, the two people quickly collected the wealth in the entire pavilion. This time they went to suppress the bandits with Yin Tianzhou, and they made a lot of money.

After collecting the wealth, the two returned outside.

At this time, Yin Tianzhou had led the army to clean up the entire battlefield.

Ye Feng, Chi Jiuyi and Yin Tianzhou met again.

Ye Feng immediately said: "City Master Yin, we helped you destroy the Demon Sect Association and Tianfu Sect. Now you should help us capture the goddess of the Ten Thousand Monsters Divine Kingdom."

When Yin Tianzhou heard what Ye Feng said, he immediately smiled and said: "Of course, brother Ye, you helped me a lot this time and eradicated the two stubborn bandit forces. I will definitely do my best to help Ye Feng." Wind you find the person you want to deal with."

Chapter 1758 Three people arrive

At this time, all the strong men in the entire Remnant Kingdom had been killed.

Yin Tianzhou ordered his men to kill all the warriors from the Demon Sect Association and Tianfu Sect.

The entire kingdom was simply a river of blood.

At this moment, the soldiers of the entire Swamp City were cleaning the entire battlefield and plundering the wealth of the entire kingdom.

Uh-huh!

Ye Feng jumped high into the sky.

"Devouring the Realm!"

At this moment, Ye Feng immediately released his Devouring Domain. ??

Buzz!

A pitch-black field instantly enveloped the entire sky.

"Buzz buzz..."

At this time, streams of majestic blood energy were instantly absorbed from the entire slaughtered kingdom battlefield below and converged towards the dark field high in the sky.

"Boom boom boom boom!"

At this moment, Ye Feng immediately felt that a stream of pure and huge power was injected into his body from the Devouring Domain.

Ye Feng felt that the extremely violent energy was surging in his limbs.

Cultivation level is rapidly increasing.

You must know that the kingdom below is composed of the remnants of the two old forces. It has a large number of people and each warrior is extremely energetic.

Therefore, Ye Feng immediately roared to the sky at this moment, and the cultivation level in his body was increasing rapidly.

boom!

"The fifth level of immortality!"

boom!

"Sixth Heaven of the Immortal Realm!"

boom!

"Seventh Heaven of the Immortal Realm!"

boom!

"Eighth Heaven of the Immortal Realm!"

boom!

"Immortal Realm Ninth Level!"

boom!

"No

The tenth level of decay! "

boom!

"Half step into the realm of myth!"

It wasn't until here that Ye Feng's cultivation finally began to stop.

In the end, Ye Feng's cultivation level broke through several levels in a row, and he directly broke through and entered the half-step mythical realm!

It must be said that the speed of this breakthrough is truly terrifying to the extreme.

At this moment, Ye Feng roared high in the sky.

"Boom!"

Ye Feng's long roar was filled with inexplicable power at this moment, and it actually shook the surrounding mountains and earth into pieces.

"What terrifying sonic energy!"

At this moment, Ye Feng's long whistle attracted the attention of countless people below.

Even the city lord Yin Tianzhou or a young master of the demon clan like Chi Jiuyi couldn't help but show surprise in their eyes at this time.

Although they could not feel the changes in Ye Feng's cultivation, what they could feel was that Ye Feng at this moment was countless times more powerful than before.

Chi Jiuyi saw the entire battlefield below, and his blood was dry. He seemed to guess something, but then he didn't say anything more, but continued to clean up the battlefield and plunder the wealth.

For three days and three nights, everyone evacuated the entire kingdom of the remaining forces.

Everyone's morale was high, their faces filled with joy and excitement, and they returned to the Swamp City.

The city lord Yin Tianzhou held a grand banquet and entertained two young masters, Ye Feng and Chi Jiuyi.

In the early morning of the next day, Ye Feng and Chi Jiuyi directly found Yin Tianzhou and asked about the whereabouts of the goddess Bing Mengling of the Ten Thousand Demons Kingdom.

Yin Tianzhou had a strong execution ability. He quickly found a spy and said: "Take us to the woman whom the city lord asked you to monitor."

A resting place for people. "

The spy, wrapped in a black robe, immediately clasped his fists and said, "Yes, Lord City Lord!"

Uh-huh!

The spy immediately jumped up and disappeared outside.

At this time, Yin Tianzhou smiled and said to Ye Feng and Chi Jiuyi beside him: "You two, let's follow directly. According to the intelligence during this period, the Ice Dream Spirit was seriously injured and has been She is recuperating in a quiet valley, and I have sent spies to monitor her there day and night. She is probably far from returning to her full strength, and the probability of us directly suppressing her and capturing her is very high."

Ye Feng nodded, his eyes full of confidence.

Because this time he smashed the wall of the sky chasm, destroyed all the kingdoms composed of the two remaining evil forces, and devoured everyone's skills, Ye Feng's cultivation level increased greatly.

Ye Feng now has a powerful cultivation level that is half a step into the mythical realm.

Even in a one-on-one fight, Ye Feng no longer has to fear the goddess Bing Mengling from the Kingdom of Ten Thousand Demons.

What's more, there are also Yin Tianzhou and Chi Jiuyi to help.

Moreover, Ye Feng was still carrying two great treasures on his body at this time, namely the Xirang Copper Coin and the Thunder Ancestral Talisman.

In Ye Feng's hands, these two rare treasures can definitely unleash extremely powerful power and possess extremely terrifying destructive power.

...

At this moment, in the wilderness one hundred thousand miles away from the swamp city.

On the edge of the extremely desolate red earth, there is an oasis growing.

In the middle of this oasis, there is an extremely quiet valley.

Inside the valley, there is a simple wooden house that seems to have just been built. The wooden surface is all new.

At this time, a charming woman wearing a black dress with a perfect figure stood at the door of the wooden house.

Although she was standing there, her eyes were slightly closed, and her body was filled with a faint black light. She was obviously practicing.

"puff!"

But suddenly at a certain moment, this cold and charming woman suddenly opened her eyes, and a mouthful of blood spurted out from her mouth, spreading on the ground in front of her, which looked shocking.

Her originally rosy complexion suddenly turned pale.

"Damn it! The powerful Qilin Fire, the ancestor of the Scarlet Flame Clan, is so terrifying that even my original divine power cannot suppress it!"

The cold and charming woman immediately murmured with an ugly expression.

This cold and charming woman is none other than the goddess Ice Mengling from the Ten Thousand Demon Kingdom who was seriously injured and escaped that day.

The last time Bing Mengling was seriously injured by Chi Jiuyi, who suddenly used the power of her ancestors, not only was she seriously injured in an instant, but the most terrifying thing was that the inside of her body was eroded by the power of the fire unicorn's flames.

Therefore, during this period of time, although Bing Mengling has been constantly using various means to recuperate and want to regain her powerful cultivation as soon as possible, the fire poison in her body has always made her recovery effect not very good.

Bing Mengling's beautiful and cold eyes were filled with an ugly look at this time. She thought for a moment and decided to go back to the demon world first, to the Kingdom of Ten Thousand Demons, to look for the Ice Soul Holy Bead to cure the tarsal-like pain in her body. Insect-like fire poison.

"Finally I found you, the goddess of the Kingdom of Ten Thousand Demons!"

But suddenly at this moment, a majestic laughter sounded.

"What? Someone found my trace? Who is it?"

Bing Mengling, who was standing at the door of the wooden house, suddenly showed a hint of surprise in her eyes.

She looked up high in the sky and happened to see three figures descending from high altitude, carrying powerful martial arts aura rolling all over their bodies.

It was Ye Feng, Chi Jiuyi and Yin Tianzhou!

Chapter 1759: Blast to the Earth

"It's you! Ye Feng!"

Looking at the three people descending from the sky, Bing Mengling almost gritted her teeth and said these words.

Obviously, her hatred for Ye Feng was extremely strong.

Originally, Bing Mengling thought that she could kill that Ye Feng at will.

But what she didn't expect was that Ye Feng was not only powerful, but there was also a young master from the top clan in the demon world hiding beside her. She ended up very miserably and suffered heavy losses. Even the copper coin of breath soil that the master had just given her was lost. lost.

"A powerful man from the mythical realm!"

The next moment Bing Mengling noticed Yin Tianzhou among the three.

She tried to bewitch and said: "This strong man, I am the goddess of the Kingdom of Ten Thousand Demons. I have huge power behind me and infinite wealth. If you are willing to help me deal with these two boys and kill them all, they All the wealth in my body belongs to you, and I will also promise you endless power."

When Yin Tianzhou heard what Bing Mengling said, he burst out laughing the next moment and scolded: "witch! Don't even think about bewitching me! I am the city lord of the swamp city, and I am in command. How can you, a witch from the demon world, be able to bewitch me?" of?"

Bing Mengling immediately shouted: "You are so presumptuous! You dare to call me a witch! You will die!"

boom!

Bing Mengling stretched out a bright hand, holding a purple-gold bell, and began to swing it rapidly.

"Ding dong dong dong dong dong..."

Accompanied by bursts of piercing bells, Yin Tianli immediately felt that his spirit fell into an infinite abyss.

"Golden Barbarian King Kung Fu!"

Yin Tianzhou was worthy of being a strong man in the Myth Realm. At this moment, his martial arts inheritance exploded. His whole body was immediately radiated with vitality, and the influence of the magic bell was instantly dissipated.

And almost at this moment, Yin Tianzhou

Ma just opened his eyes and broke free from the hallucination. He suddenly saw that Ice Dream stretched out a hand, and its five fingers turned into sharp claws of the demon clan. The roots were like wires, and they were about to catch him. in front of him.

"Witch! Die!"

Yin Tianzhou shouted loudly, and his whole body began to expand, turning into a golden barbarian king with a height of more than ten meters in the air, and he punched out.

"boom!"

Suddenly, terrifying brute force erupted, and the demonic claw of Ice Dream Spirit was directly blasted into pieces.

"ah!"

Bing Mengling howled miserably, and the beautiful figure retreated quickly, escaping towards the depths of the valley.

She knew very well that she was no match for the three powerful men today.

There is only one choice, and that is to escape!

"Boom!"

But just when Bing Mengling turned around, a golden copper coin like a mountain, covering the sky and the sun, fell directly from the sky, cutting off her retreat.

"Xi soil copper coin!"

"You were able to refine it so quickly! You still performed it so easily!"

Bing Mengling immediately made a sound with ugly eyes and stared ahead.

At this time, Ye Feng was standing on the mountain-like copper coin of Xili, with his hands behind his hands, overlooking Bing Mengling, and said: "In just a few days, your and my status have been reversed. A few days ago, you were here You are as powerful as a god in front of me, you look down on me like an ant, and now, I look at you like an ant, like a lamb waiting to be slaughtered, how does it feel?"

When Bing Mengling heard what Ye Feng said, she looked at Ye Feng who was standing on the huge copper coin. Although his face was very ugly and angry,

But he still snorted coldly: "Your background is far inferior to mine. Even if I give you another hundred years, you can't compare with my status! Behind me is the Kingdom of Ten Thousand Demons in the Demon Realm, and you Ye Ye The wind is just a little night watchman!"

boom!

The moment Bing Mengling finished speaking, Ye Feng took action.

"boom!"

Ye Feng's speed was extremely fast. After breaking through to the half-step mythical realm, his speed almost broke through the sound barrier!

He instantly turned into an afterimage, and his true body had already arrived in front of Bing Mengling.

"The world is vast, and there are countless things to realize!" ??

Bing Mengling immediately performed a demonic technique. As a goddess from the Kingdom of Ten Thousand Demons, she knew a lot of secret techniques.

At this time, Ye Feng punched out, but found that Bing Mengling had disappeared before his eyes, and his attack failed.

"Uh-huh!"

Suddenly at this moment, five sharp claws grabbed Ye Feng's neck, trying to tear off Ye Feng's head.

It's Ice Dream Spirit!

I don't know when I came to Ye Feng's back.

"when!!!"

But Ye Feng's chaotic body was so powerful that Ice Dream Spirit's demonic claws could not scratch Ye Feng's neck at all. Instead, the two collided, making a metal delivery sound like the collision of iron and stone.

"boom!"

Ye Feng's whole body immediately burst out with a powerful martial arts aura, surging like a river, and instantly knocked away the Ice Dream Spirit who was following behind him.

Ye Feng turned around, trying to find Bing Mengling's true form, but found that the other party had disappeared again.

Uh-huh! Uh-huh!

Yin Tianzhou and Chi Jiuyi immediately flew from a distance.

Chi Jiuyi's eyes were a little surprised. He glanced around and said: "This is a powerful secret technique of the Kingdom of Ten Thousand Monsters. It is called 'Great Thousand Worlds'. It allows the person who uses the secret technique to temporarily gain the ability to blend with the surrounding world. , at this time, the Ice Dream Spirit has blended into the world around us, and we cannot spy on it."

Ye Feng did not believe in evil, so he used the Divine Eye of Creation and scanned for a week, but he still could not see through the traces of Ice Dream Spirit.

But Ye Feng suddenly flashed a fierce look in his eyes and said: "Since Ice Dream Spirit has merged with the surrounding world, then if we destroy the surrounding world, won't she be forced out?"

boom!

Almost at this moment, Ye Feng took out the Thunder Ancestral Talisman and attached it to his body.

"boom!"

Suddenly, an extremely terrifying power of thunder surged out from the Thunder Ancestral Talisman on Ye Feng's body.

Ye Feng's entire body was immediately enveloped by the endless light of thunder and lightning. He suddenly transformed into the ancient God of Thunder, wearing the God of Thunder's robe and holding a thunder spear in his hand, rapidly destroying the surrounding land. With.

Thunder has been synonymous with destruction since ancient times.

At this time, Ye Feng and Thunder Ancestor merged into one, turning into the ancient thunder god. The destructive power he produced in this moment was indeed able to destroy the entire small world around him.

"puff!"

Suddenly in a certain direction in the distance, the void fluctuated, and the figure of a cold and charming woman vomiting blood was revealed.

It's Ice Dream Spirit!

"Over there!"

Yin Tianzhou and Chi Jiuyi, who were always vigilant about the surroundings, immediately brightened their eyes. The two powerful men rushed there one after another, and directly blasted out a palm from each of them, hitting Bing Mengling's body. The goddess was bombarded to the ground, suffered heavy injuries, and became motionless.

Chapter 1760 The method of disintegration of the sky demon

Three powerful men besieged her. Even though Ice Dream Spirit was a goddess from the Kingdom of Ten Thousand Demons, no matter how stunning and talented she was, she was still severely injured and was lying on the ground at this moment.

Uh-huh!

Ye Feng instantly landed from high altitude and walked towards Bing Mengling.

"The devil's mind-splitting technique!"

But suddenly at this moment, Bing Mengling, who was lying motionless on the ground, suddenly stood up and stretched out her hands towards Ye Feng.

"Boom!" .??.

Almost at this moment, Ye Feng immediately felt his entire mind, and suddenly a large dark fog appeared. The dark fog turned into a demon in the soul world. Jie Jie laughed and wanted to swallow it up. My whole spirit.

"The Devil's Mind Confusion Technique! This is an extremely taboo and cruel soul attack technique in the Kingdom of Ten Thousand Demons! Ye Feng, be careful!"

At this time, the city lord Yin Tianli immediately became frightened and shouted quickly.

But the next moment, Ye Feng suddenly shouted: "Haoran is righteous!"

boom!

Boundless white light, full of divine power, burst out from Ye Feng's entire head in an instant, dispelling all the dark fog and demons.

"howl!"

When the devil with a ferocious smile met the awe-inspiring white light, it was like ice meeting fire. It quickly melted and dissolved, and finally turned into a wisp of blue smoke, and was completely obliterated.

"What?"

"This is the awe-inspiring righteousness in Confucian literature! A magic technique specifically designed to restrain our demon clan!"

Ice Dream Spirit, who originally thought he could kill it with one strike, saw this scene and immediately screamed in horror.

At this time, she felt more and more that the methods the prince asked her to deal with, Ye Feng, were more and more unbelievable and simply terrifying.

It's like meeting an invulnerable person. Unless you use absolute power to suppress him, any spells and methods will be of no use.

Ye Feng said coldly: "You are pretending to be dead to plot against me? I have expected it a long time ago, so I have protected my whole head and spirit with Haoran's righteousness."

Uh-huh!

As Ye Feng said this, he immediately flashed in front of Bing Mengling and slapped her on the forehead.

"boom!"

Bing Mengling suffered heavy injuries again, her body was knocked out, her forehead was also cracked with gaps, and blood was flowing out.

"ah!"

Bing Mengling screamed, and her body hit a big mountain not far away.

"Crash!"

The entire mountain was shattered, and she was buried in countless rubbles.

"boom!"

But suddenly at the next moment, Ice Dream Spirit suddenly burst out of the ruins.

It has to be said that this goddess from the Kingdom of Ten Thousand Demons is indeed very tenacious.

If he were an ordinary first-level mythical realm expert, he would have died long ago under the joint attack of Ye Feng and the others.

However, Bing Mengling was now disheveled and no longer had the cool and dignified posture before. Instead, she looked like a prisoner at the end of her life, with a pair of beautiful eyes full of madness and hatred.

"You are forcing me like this and want to kill me completely, so you can't blame me. If I can't survive, you will die with me!"

At this time, Bing Mengling popped out a heart-stopping spell name from the gap between her teeth: "The Heavenly Demon Disintegration Technique!"

"What? The sky demon disintegrated

Dafa? "

"Go back! Go back!"

Almost at this moment, Yin Tianzhou and Chi Jiuyi both exclaimed and then stepped back crazily.

Ye Feng's strong soul power also instantly noticed something was wrong. He detected an aura from Bing Mengling that made him feel palpitations and death.

"boom!"

Ye Feng retreated crazily, and quickly used the Thunder Ancestral Talisman to condense a huge thunder shield around him.

"Buzz!"

At this moment, the look of madness on Bing Mengling's face was visible to the naked eye. There were cracks on the surface of her body, and a terrifying red light came out from the cracks.

"boom!!"

And at the next moment, an extremely terrifying roar resounded throughout the entire field.

A crimson light destructive energy wave covering an entire radius of thousands of miles destroyed the entire surrounding valleys and mountains in one fell swoop.

The entire wilderness was shaken violently by this terrifying explosion.

This kind of explosion is really terrifying.

View from above.

can be seen.

The entire valley disappeared, and with the Ice Dream explosion as the center, it was blown into a huge pit with a radius of tens of thousands of miles and was bottomless.

This kind of destructive power can be said to be very amazing, and it is simply earth-shattering power.

At this moment, three figures were suspended in the air in the giant pit.

It was Ye Feng, Chi Jiuyi and Yin Tianzhou.

The three of them survived after all.

But they were all very embarrassed, their clothes were torn, their scalps were disheveled, and they were charred black. They looked as if they had been imprisoned for hundreds of years and had lost their energy.

"It is worthy of the Heavenly Demon Disintegration Technique of the Kingdom of Ten Thousand Demons. The destructive power it produces is really terrifying."

At this time, Yin Tianzhou couldn't help but sigh.

Although Chi Jiuyi vomited blood and had many cracks all over his body, he was still very excited, his eyes were bright, and he said loudly: "We actually killed the goddess of the Ten Thousand Monsters Divine Kingdom!"

Yin Tianzhou suddenly shook his head and said: "Although the Heavenly Demon's Disintegration Technique is a secret technique that allows everyone to die together, it does not necessarily mean that Ice Dream Spirit is dead. Her entire body has disintegrated, but her soul may have escaped."

"Can't run away."

Ye Feng suddenly made a sound, stretched out a hand and spread his palm.

At this moment, in his palm, there is a small soul imprisoned, which is exactly what Ice Dream Spirit looks like!

Yin Tianzhou's eyes were startled and he said: "Ye Feng, just now you still had time to prevent Bing Mengling's soul from escaping?"

Ye Feng smiled and said: "I have the Breathing Soil Copper Coin and the Thunder Ancestral Talisman to protect my body. Naturally, I am much more calm than the two of you. So the moment after the explosion, I immediately covered the entire body with my soul power. As expected, I have captured the weak soul of Ice Dream Spirit, and I will imprison her forever."

After saying that, Ye Feng flipped his palm and imprisoned Bing Mengling's soul in his body.

At this time, Chi Jiuyi walked to Ye Feng's side and said: "Let's return to the imperial city as soon as possible. The death of Bing Mengling will definitely cause huge waves in the entire demon world, and even shock the entire prehistoric dynasty. If the Demon God Kingdom finds out that it was us, we will definitely not be able to resist it if we are alone."

Ye Feng nodded and said: "Let's look around for Ice Dream's storage ring. There must be a lot of treasures and wealth she brought from the Kingdom of Ten Thousand Demons. Then we will set off back to the imperial city."

"good."

Chi Jiuyi nodded immediately.
