

Ancient 1761

Chapter 1761 Consequences

The news of the death of the goddess Ice Mengling from the Kingdom of Ten Thousand Demons spread from the Kingdom of Ten Thousand Demons, and it really shocked the entire demon world.

Even the entire prehistoric continent under the command of the prehistoric dynasty caused huge waves because of this news.

Because Bing Mengling's identity is really special.

She is the goddess of the Kingdom of Ten Thousand Demons, with a high status and extremely powerful abilities.

Among the younger generation, no one is her opponent.

As for the powerful elders, they were afraid of the powerful force behind Ice Mengling, so they couldn't take action.

Therefore, the news of Bing Mengling's death made many powerful forces, both openly and secretly, unable to help but be horrified.

Suddenly, everyone was looking for the culprit behind the fall of Ice Dream Spirit.

...

"Snapped!"

Deep in the imperial palace of the ancient dynasty.

The prince suddenly threw the teacup in his hand to the ground, his face ugly and gloomy.

In front of him, a subordinate said: "His Royal Highness, could it be His Highness the goddess whom Ye Feng killed?"

The prince's eyes were cold and he said: "Impossible! Even if Ye Feng practices for ten more years, he still can't be the opponent of Ice Mengling! Ice Mengling is the goddess of the Ten Thousand Monsters Kingdom behind her mother, and is the direct disciple of the king. He has countless magic methods and ancient divine objects to protect his body, so it is impossible for him to be killed by just Ye Feng."

The subordinates were a little surprised and couldn't help but said: "His Royal Highness, you mean that the Night Watch Commander standing behind Ye Feng took action?"

The prince nodded first, then shook his head, and said in a very puzzled tone: "But I have been monitoring the entire Night Watch headquarters during this period. The Night Watch Commander has never left the imperial city, so how could he be hundreds of millions of miles away?" He killed Ice Dream Spirit in the depths of the wilderness. Is there any terrifying existence standing behind Ye Feng? "

The subordinate asked aloud: "Your Highness, do you want to pass this news to the Kingdom of Ten Thousand Demons?"

br

The prince nodded, with a sinister look in his eyes, and said: "No matter what, if you associate Bing Mengling's death with Ye Feng and pass this news on, the entire country of the Ten Thousand Demons Divine Kingdom will be outraged, and Ye Feng will definitely have a steady stream of people. Trouble, haha."

When the subordinates heard what the prince said, they immediately laughed and knelt down on one knee, clasping their fists and complimenting: "His Royal Highness, you are wise! In this way, the Ten Thousand Demon Kingdom will regard Ye Feng as a thorn in its side. This trick of using a borrowed knife to kill people, It's so brilliant, worthy of His Majesty the Crown Prince!"

The prince waved his hand slightly and said: "Go and reveal this forged news to the Ten Thousand Demons Divine Kingdom. Although I cannot order the Ten Thousand Demons Divine Kingdom, it is more than enough to eradicate Ye Feng with the help of the Ten Thousand Demons Divine Kingdom."

...

At this moment, Ye Feng and Chi Jiuyi were rushing all night, and finally walked out of the wilderness and arrived at the edge of the ancient continent.

This is a frontier place, with a huge ancient city in front of it, which is the frontier guardian city of the prehistoric dynasty.

"We are finally out of the wilderness. Let's rest for one night in the border city in the distance. We will arrive at the imperial city tomorrow."

Chi Jiuyi looked into the distance and couldn't help but let out a sigh of relief.

Even a young expert like him from the Red Flame Tribe feels tired after experiencing so many life-and-death battles during this period and wants to find a safe place to rest.

Ye Feng was also physically and mentally exhausted at the moment, and had been seriously injured in the previous big explosion.

He looked into the distance, nodded, and said: "That is indeed the frontier defense city of our prehistoric dynasty. There are tiger and wolf divisions of the divine dynasty stationed inside. It is indeed very safe for us to recuperate in the frontier defense city. It is a good choice. "

The two of them are indeed

After deciding, he quickly flew over and arrived at the gate of the border guard city in a blink of an eye.

After paying the entrance fee, the two walked directly into it.

Soon they found a small inn in the city and checked in.

Ye Feng returned to his room, and immediately began to take out the power-restoring pills from the storage ring, swallowed them, and then began to recover his skills and injuries.

It has to be said that the goddess Ice Dream Spirit of the Kingdom of Ten Thousand Demons is still very cruel.

In the end, he chose a very terrifying secret technique of self-destruction, and wanted to die with everyone.

Fortunately, Ye Feng, Chi Jiuyi and Yin Tianzhou were not ordinary people, otherwise they might have been killed by Bing Mengling.

At this time, Ye Feng, while recovering his strength, stretched out his hand and released a soul prison.

This is a small prison made of dark soul power, only as big as a palm, suspended in front of Ye Feng.

The soul of Ice Dream Spirit was imprisoned in it.

At this time, Bing Mengling was still conscious, staring at Ye Feng, and said with a cold smile: "It's useless for you to imprison me, you can't even expect to get any news from me."

Ye Feng smiled and said: "I don't want to get any information from you. You are not even afraid of self-destruction, how could you be forced to ask me for all kinds of information."

Bing Mengling, who was in the state of soul, snorted coldly and said: "It's good to know, Ye Feng, don't be too happy, it doesn't matter if you kill me, I am just a younger generation of the Ten Thousand Demon God Kingdom, we Ten Thousand Demon Gods There are still many terrifying strong men in this country, their strength is beyond your imagination. After I fall this time, you Ye Feng will definitely become the target of public criticism. Believe me, trouble will come soon, and you will be behind my back. Countless powerful men from the Ten Thousand Monsters Divine Kingdom are chasing after them."

When Ye Feng heard this, his eyes suddenly turned cold and he said: "This

I have already considered this consequence, and I am not afraid. I will return to the Imperial City soon. When I return to the Imperial City, under the protection of the Marshal, even if all the strong men in the entire Ten Thousand Demon Kingdom come together, I will Not afraid. "

When Ye Feng said the title "Commander", Bing Mengling, who was originally very arrogant, fell silent for a moment, as if she didn't know how to refute.

When Ye Feng saw this scene, he secretly sighed in his heart, the commander's reputation was indeed famous throughout the world.

Ye Feng stared at Bing Mengling in the soul prison at this time and said: "When I fought with you before, I saw that you have learned many wonderful soul techniques, and some of them are more powerful than our prehistoric gods. Some of Chaotian Mingsi's techniques are more mysterious."

Hearing what Ye Feng said, Bing Mengling immediately became vigilant and said quickly: "You want to attack the inherited magic of our Kingdom of Ten Thousand Demons? I advise you to give up. I can't possibly teach you. , No matter how big the temptation you give me, I will never waver."

Ye Feng suddenly said: "What if I help you break through the soul power bottleneck? I have noticed that your soul power is at more than nine thousand levels, but you have been unable to break through the ten thousand level level. If you break through the ten thousand level level, With soul power, one can become as good as the seven great demons in the world."

Bing Mengling's eyes moved, and then she sneered and said: "Ye Feng, it's not that I underestimate you, you are a weakling in the soul path, and you still want to help a master of the soul path like me break through the ten thousand level. Imprisonment, impossible."

Ye Feng's eyebrows suddenly split open, and a golden gem that shone with nobility and infinite soul light flew out from it, exuding the aura of the supreme master that made people worship him.

"This is....."

Bing Mengling, the goddess of the Kingdom of Ten Thousand Demons, first moved her eyes, staring at the golden gem between Ye Feng's eyebrows. Suddenly she seemed to have thought of something, and she was shocked and said: "This is... the legendary gem of the gods! It is still the most mysterious. The soul gem!"

Chapter 1762 The deal with the goddess

Seeing Bing Mengling's expression changed greatly in the prison in front of him, Ye Feng was not surprised at all.

The value of the gems of the gods is extremely huge, and it is a supreme divine object that is enough to prevent anyone from remaining indifferent.

Ye Feng didn't speak at this time, waiting for Bing Mengling in front of him to speak.

Sure enough, after being shocked for a while, Bing Mengling gradually recovered and realized that she had lost her composure.

This is not a good sign for her.

But even if Bing Mengling wanted to remain calm, her own subconscious could not do so. After all, what she had in front of her at this time was the legendary gem of the gods, and it was also the most mysterious soul gem among the nine gems of the gods.

At this time, Bing Mengling finally understood where Ye Feng's confidence came from.

The owner of the gems of the gods is definitely the one with the greatest luck in the world.

Because even in the vast and endless world of gods in legend, each of the gems of the gods is extremely rare. This is the top supreme divine object. Compared with the gems of the gods, such as the Breathing Soil Copper Coin and the Thunder Ancestral Talisman. , that is definitely a weakling.

So Bing Mengling was no longer calm at this time. Her beautiful eyes were fixed on Ye Feng in front of her and she said, "Who are you?"

Ye Feng shrugged and said: "As the prince told you, I am really just an ordinary night watchman in silver armor from the Divine Dynasty."

Ordinary?

I believe you!

At this time, Bing Mengling was complaining in her heart.

But in the end she composed herself and said: "Ye Feng, you revealed your biggest secret in front of me, the gems of the gods. It seems that you are not ready to let me go. Otherwise, if I reveal this news, let alone the prehistoric times." From the divine dynasty, even from the divine realm, terrifying superpowers will come to snatch the soul gem from you."

Ye Feng's eyes flashed and he said: "Are the gems of the gods really so popular?"

Ye Feng's question was not to deliberately show off that he owned the gems of the gods, but that he obtained the gems of the gods from a relatively low interface and small interface.

universe.

That's why Ye Feng felt that the gems of the gods were really as powerful as the legends, and were the crystallization of the power of the supreme master.

At this time, Bing Mengling rolled her eyes at Ye Feng and said: "The gems of the gods are of course the most top-notch divine objects in the world, including the divine world. Legend has it that they are the most terrifying in the world and are more powerful than the Lord of the God Realm. There are nine crystals of the power of the Supreme Lord in heaven and earth, and each one is extremely precious."

Speaking of this, Bing Mengling's beautiful eyes stared at Ye Feng in front of her, and she was very surprised and said: "I didn't expect that you actually have a gem of the gods on your body. This is great luck, even if it is the vast and endless supreme interface god In this world, many big figures cannot possess the gems of the gods. This thing cannot be obtained by force. Only extremely terrible luck can obtain it. "

Ye Feng felt happy when he saw Bing Mengling attaching such importance to him. If this goddess from the Kingdom of Ten Thousand Demons knew that she not only had a soul gem but also a space gem, she would probably be shocked and speechless. .

However, it was naturally impossible for Ye Feng to say it directly. He even felt that he had underestimated how shocking the gems of the gods were to the Ice Dream Spirit.

But what Ye Feng wanted was this effect.

At this time, Ye Feng immediately said: "Bing Mengling, now you should be able to believe that I have the ability to help you break through the shackles of cultivation. You know the potential of the soul gem better than anyone else, so how about, test Don't consider trading with me, you keep teaching me everything you have learned on the soul path, and I will help you break through the 10,000-level shackles of soul power and help you achieve the level of demon immortal."

Ye Feng still attaches great importance to Bing Mengling.

Although Bing Mengling's cultivation level is not as good as that of An Miaoyi, the fox fairy in the private manor in the imperial city.

However, Bing Mengling's identity is much higher than that of Fox Fairy An Miaoyi. She is the goddess of the Kingdom of Ten Thousand Demons. The secret arts inheritance that she has come into contact with

Definitely taboo level.

Therefore, Ye Feng has not directly killed Bing Mengling's soul until now, just so that he can obtain rich and precious soul inheritance secrets from Bing Mengling, the goddess.

For Ye Feng, Bing Mengling's soul is a huge hidden treasure.

As long as you keep digging, you can get huge wealth.

At this time, Bing Mengling thought for a moment, then nodded slightly and said: "I temporarily believe in the sincerity of your transaction with me. After all, you even exposed the soul gem in front of me."

Ye Feng nodded slightly and said with a smile: "So, when will our transaction begin?"

Bing Mengling said: "After I performed the Heavenly Demon Disintegration Technique, my soul suffered heavy damage and my soul was extremely weak. You should use soul gems to repair my soul first. It is too weak now. If you don't help me repair my soul, , my soul may be about to completely dissipate."

I have to say that Bing Mengling was quite miserable this time. Her body decomposed, leaving only a soul.

Ye Feng looked at Bing Mengling's increasingly transparent and bleak soul, nodded, and said: "Okay, I'll help you repair it first, but in return, you need to give me the soul of your Ten Thousand Monsters Kingdom. Inheriting the secret method, I don't have high requirements this time. The secret method does not need to be too precious, just about the same level."

Bing Mengling's eyes widened, as if she didn't expect Ye Feng to start trading.

But she didn't say much. After all, she didn't have the leverage to negotiate with Ye Feng now, so she could only choose to accept it.

...

Early the next morning, Ye Feng walked out of his room feeling refreshed.

Throughout the night, Ye Feng had returned to his prime.

In addition, from Bing Mengling, Ye Feng obtained a precious secret soul method from the Kingdom of Ten Thousand Demons, and gained a lot.

At this time, Ye Feng came out, went down from the second floor to the first floor, and casually looked for it in the lobby on the first floor of the inn.

He sat down and said, "Waiter, let me have a plate of ten pounds of cooked beef and a pot of good wine."

"Yes, guest!"

An inn boy immediately spoke respectfully.

"Brother Ye, are you up so early? You look good and you seem to have regained your full strength."

At this time, a hearty laughter came from the second floor.

It is Chi Jiuyi.

His energy and blood are strong, his eyes are bright, and he is obviously recovering well, but after all, he is not as good as Ye Feng's chaotic body.

At this time, Chi Jiuyi sat down next to Ye Feng, grinning and saying, "It's just the right time for you to have a meal."

Ye Feng smiled and was about to say something.

"tread."

Suddenly at this time, a woman wearing strange clothes appeared at the door of the inn.

This woman has a perfect figure, wearing what seems to be a very ancient black dress, with a white spider pattern engraved on her eyebrows. Although she is a woman, she does not have the slightest hint of weakness, but gives people a ferocious aura.

Others may not feel it, but Ye Feng and Chi Jiuyi are both masters, and they immediately felt how extraordinary this woman was.

Chi Jiuyi lowered his voice and said: "It seems that they are people from the Gu tribe on the frontier. It is said that every person in the Gu tribe is transformed by poisonous insects in the wilderness, and their methods are very vicious and cruel. Why did a member of the Gu tribe appear in the border guard city? people?"

Ye Feng saw this Gu tribe woman sitting down at a table not far away and was about to look away.

But suddenly at this moment, the Gu woman stared at Ye Feng, smiled coldly, and said: "You have been looking at me for so long, you are really wanton, I decided to dig out your eyeballs!"

Uh-huh!

After the Gu tribe woman finished speaking, she suddenly took action. Her palms were dark and filled with poison. She immediately pressed her fingers in front of Ye Feng's eyes, trying to dig out Ye Feng's eyes.

Chapter 1763 Gu Girl

It has to be said that this Gu woman is indeed as ruthless and cruel as Chi Jiuyi guessed.

Just because Ye Feng looked at her a few more times, she was about to dig out Ye Feng's eyes.

This kind of character is really hot and ruthless to the extreme.

"Uh-huh!"

Ye Feng didn't panic at all, he just stretched out a finger and pointed forward instantly.

"Crack!"

Ye Feng's fingers instantly collided with the fingers stretched out by the Gu tribe woman.

At this moment, the Gu woman felt as if her fingers had collided with a copper wall and an iron wall, which was very heavy and solid.

"Are you a body refiner from the ancient dynasty?"

The Gu tribe woman's fingers were about to break. She immediately retracted her fingers and spoke with a trace of fear in her eyes.

The most powerful thing about their Gu clan is poison.

Therefore, what the Gu clan fears the most is body refiners.

Because the Body Refiner's body is strong and his flesh and bones are tempered like steel, it is impossible to break open the Body Refiner's skin and flesh, and the toxins cannot invade the Body Refiner's body.

Therefore, powerful body refiners specialize in restraining people from the Gu clan.

At this time, Ye Feng smiled slightly and said: "This girl from the Gu tribe, I am just curious. If you look at you a few more times, you will gouge out my eyeballs. Don't you think it's too much?"

When the Gu woman heard what Ye Feng said, she immediately snorted and said nothing more.

At this time, Chi Jiuyi, who was beside him, secretly poked Ye Feng and whispered: "Brother Ye, people from the Gu tribe are not alone when they come out. They are basically in groups. We still have this Gu tribe woman. Don't get entangled with him, we have left long ago and returned to the imperial city."

Ye Feng nodded slightly and said: "Indeed, the most important thing for us now is to return to the imperial city. We have been out for too long this time and need to go back and see how it is."

Chi Jiuyi smiled and said: "Brother Ye, don't worry. There is the Fox Fairy Empress in charge of the big manor, and it is still within the imperial city. There is no possibility of any problems."

Ye Feng nodded. With the presence of Fox Fairy An Miao, he was indeed relieved.

And the last time in the Shenxu Realm, Ye Feng learned that the Saint Old Master also secretly entered the imperial city.

If his large manor is really in crisis, the old master will help secretly and will not just watch his large manor be destroyed.

At this time, after Ye Feng and Chi Jiuyi had a delicious meal, they stood up and prepared to hit the road.

"Where are you going?"

The Gu woman stood up suddenly. She was not very old, she looked no more than seventeen or eighteen years old, but she was dressed strangely and had a white spider pattern between her eyebrows, which gave her a ferocious aura.

Ye Feng turned around, looked at the Gu girl, and said, "Where are we going, and what does it have to do with you?"

This Gu girl was staring at Ye Feng's waist. To be precise, she was staring at a jade token. She said, "I didn't see it just now. Now that you stand up, I see it. The token on your body." , It must be the token of the Night Watchman of the Ancient God Dynasty."

Ye Feng nodded slightly and said, "Indeed, I am a silver-armored night watchman. What's wrong?"

The Gu girl said: "I also want to go to the Imperial City, and I want to go to the Night Watch Headquarters to find your Night Watch Commander, but I don't know how to find the Commander on my own, so can I come with you?"

Ye Feng and Chi Jiuyi looked at each other and saw the surprise in each other's eyes.

They didn't seem to have expected that a girl from the mysterious Gu clan, a ferocious person, would go to the imperial city to find the night watchman.

It seems that there seems to be a subtle relationship between this mysterious Gu girl and the night watchman.

What plot is this?

Ye Feng stared at the Gu girl, making sure that she was not lying, and said: "I will not bring an unknown person into the imperial city, or even into the Night Watch headquarters. This is too risky for me. "

"Unidentified?"

When the Gu girl heard Ye Feng's words, her originally fierce eyes turned red all of a sudden, and there were even tears in her eyes.

But the next moment, the Gu girl took a deep breath, stared at Ye Feng, bowed deeply, and said: "I apologize for my rude behavior towards you just now."

It must be said that it is not easy to make such an arrogant and cruel Gu girl bow and apologize.

Ye Feng was very surprised at this time. He stared at the Gu girl in front of him and said, "What is your relationship with our Night Watch Commander?"

When the Gu girl heard what Ye Feng said, her eyes trembled slightly. She wanted to say something, but in the end she didn't. She just said, "I can't say this, but I definitely don't have any malice. I just want to see you." You night watchman, be cool and say something to him, and then I'll leave."

Speaking of this, the Gu girl suddenly seemed to have thought of something, and suddenly took out a dark token from the storage ring on one of her fingers, with an ancient word "handsome" engraved on it.

Ye Feng stared at the dark token, his eyes slightly startled, and said: "This is the oldest commander's token of the Night Watch! I have seen it in the historical building of the headquarters, and you actually have one on your body. !"

The probability of picking up such a token is almost zero.

So Ye Feng is now convinced that the Gu girl he accidentally met in front of him may really have a special relationship with the commander-in-chief.

Judging from her tearful look, could she be the handsome young lover?

Ye Feng stopped his speculation and said to the Gu girl: "Okay, I believe you for the time being. I have been greatly favored by the commander. Since you have a relationship with the commander, I will naturally take you there." Imperial City."

When the Gu girl heard what Ye Feng said, she immediately said happily: "Thank you! Oh, by the way, my name is Zhang Xiaoling!"

Zhang Xiaoling?

Ye Feng looked at this ferocious Gu girl and felt that this name did not match her true aura at all.

However, Ye Feng didn't care and said with a smile: "Miss Zhang Xiaoling, let's get on the road immediately. This is a border guard city. It's still far away from the imperial city. We still need to travel for about half a month."

Zhang Xiaoling seemed to have found his backbone at this time, and said happily: "Okay, I won't hold you back. Although I'm not as powerful as you, I'm not weak either."

At this time, Chi Jiuyi sent a message to Ye Feng and said: "Brother Ye, the people of the Gu tribe are very cruel. No matter what, we must stay vigilant against this woman of the Gu tribe."

Ye Feng nodded slightly and agreed.

If this Gu girl hadn't taken out the commander's ancient token, Ye Feng would never have said a word to this Gu girl.

The three of them walked out of the inn and rushed towards the center of the prehistoric dynasty's territory.

That's where the imperial city is. It has to be said that this Gu tribe woman is indeed as ruthless and cruel as Chi Jiuyi guessed.

Just because Ye Feng glanced at her a few more times, she was about to dig out Ye Feng's eyes.

This kind of character is really hot and ruthless to the extreme.

Ye Feng nodded slightly and agreed.

If this Gu girl hadn't taken out the commander's ancient token, Ye Feng would never have said a word to this Gu girl.

The three of them walked out of the inn and rushed towards the center of the prehistoric dynasty's territory.

That's where the imperial city is.

Chapter 1764 Back to Headquarters

The cultivation level of the three people was not low, and they soon crossed most of the ancient continent, and finally arrived at the outer area of the imperial city.

At this time, in the field of vision of Ye Feng, Chi Jiuyi and Gu girl Zhang Xiaoling, on the vast land in front of them, stood a large area of majestic ancient buildings and ancient cities.

The towering city wall is tens of thousands of feet tall. It stands on the earth and penetrates the clouds into the sky. It looks extremely majestic.

This is the land of the imperial city!

At this time, Zhang Xiaoling, a girl from the Gu tribe, had eyes full of excitement.

If she was alone, she didn't know when she would be able to come to the imperial city of the ancient dynasty. ??

Moreover, she is a member of the Gu clan, which represents ferocity and is not tolerated by the world. Even if she comes to the imperial city, she may not be able to enter it, and she may even be killed on the spot by the guards in the imperial city.

"Let's go."

Ye Feng glanced at the excited Zhang Xiaoling next to him, and then strode towards the interior of the imperial city.

With Ye Feng, the silver-armored night watchman, Zhang Xiaoling, even though he was from the Gu clan, was not blocked and entered the imperial city smoothly.

Zhang Xiaoling, a girl from the Gu tribe, seemed to be in such a prosperous imperial city for the first time. She looked at the countless lively people in the streets and alleys, as well as the towering buildings, shops, etc., with curiosity in her eyes. color.

This gives Zhang Xiaoling, a Gu girl, an air of innocence.

It seemed that it was indeed her first time coming out, and she was not surprised at all. Although she was violent, it was a habit she had cultivated since she was a child.

Ye Feng looked at Chi Jiuyi and said: "Brother Chi, you go back to the big manor first. I will take this Gu girl to the Night Watch headquarters."

Chi Jiuyi nodded and said: "Okay, we have arrived at the imperial city anyway. Even if this Gu tribe woman has any conspiracy, she is of no use anymore."

Obviously, Chi Jiuyi has always been wary of Zhang Xiaoling, a Gu girl.

After saying that, Chi Jiuyi left the place and walked towards Ye Feng's private manor.

At this time, Zhang Xiaoling was staring at a man selling candied haws, looking at the red candied haws with a kind of longing in his eyes.

Seeing this, Ye Feng couldn't help but smile, walked over and bought a bunch of candied haws, handed it into Zhang Xiaoling's hands, and then led her towards the Night Watch headquarters.

The Night Watch headquarters is not far away from where the two of them are at this time.

Therefore, Ye Feng and Zhang Xiaoling were very fast, and in a blink of an eye they arrived outside the gate of a majestic pavilion.

At the top of the gate, there is a plaque with the three characters "Night Watch" written on it.

At this time, Zhang Xiaoling, a girl from the Gu tribe, raised her head slightly and stared at the three words on the plaque, her eyes becoming moist for a moment.

She moved her lips lightly and murmured, "It's exactly the same as the illusory scene my mother showed me. It's so majestic and majestic."

Ye Feng didn't hear the murmur of the girl next to him. He just looked in the direction of the Night Watch headquarters and said to the Gu girl beside him: "The Night Watch commander you want to

see is here. That place is above the nine-story pavilion, but you, an outsider, may not be able to enter it. Let me take you in. It just so happens that I also need to find the commander and ask him to calculate my merits this time. Can I be punished? Knighthood."

"Being knighted?"

When Zhang Xiaoling, the Gu girl next to her, heard what Ye Feng said, a hint of horror suddenly appeared in her otherwise plain eyes.

Although she is a girl from the Gu tribe, she knows very well how difficult it is to become a noble and hold a title in a huge empire like the Great Desolate Dynasty. If she has not made outstanding military exploits, it is impossible to be accepted. Knighted.

But now Ye Feng said that he might be directly named a noble and obtain a title, which shocked Zhang Xiaoling's heart.

After all, Ye Feng looks a bit too young.

To achieve such a great achievement at such a young age is really unbelievable.

At this time, Ye Feng ignored Zhang Xiaoling's shock and walked directly forward, towards the ninth floor pavilion.

To be honest at this time, Ye Feng might want to see the commander-in-chief more quickly than Zhang Xiaoling.

Because Ye Feng knew very well that if he could obtain a title and become a noble in the imperial city, his ability to survive would be greatly improved.

Even if the prince wants to deal with him, he can't be unscrupulous.

Because being knighted means that this person has made a huge contribution to the ancient dynasty, and cannot be impeached and punished casually.

"See Ye Xingjia!"

When Ye Feng reached the entrance to the first floor of the nine-story pavilion, the guards standing on both sides immediately clasped their fists respectfully and shouted.

Now everyone knows that Ye Feng, the silver-armored night watchman, is a popular figure in front of the commander-in-chief.

There were even rumors that the commander-in-chief was obsessed with cultivation and had ignored the affairs of the court for a long time, so he chose Ye Feng, a young junior, as his spokesperson.

So now Ye Feng's reputation is definitely famous in the entire imperial city of the ancient dynasty.

Not to mention the guards within the Night Watch, even the dignitaries in the palace or the imperial city

When people see Ye Feng, they probably have to be polite and don't dare to offend Ye Feng openly.

At this time, Ye Feng looked at the guards in front of him and asked, "Is the commander in chief on the ninth floor?"

The guard immediately replied respectfully: "Reporting to Ye Jinjia, the commander-in-chief always stays in the ninth floor pavilion."

Ye Feng nodded, looked at the Gu girl Zhang Xiaoling behind him, and said: "Follow me, I will take you to see the commander. I don't know the real purpose of following me, but if you have It's not my fault that the commander noticed your malice and killed you."

Zhang Xiaoling immediately nodded and said: "Don't worry, there will be absolutely no problem. If there is really a problem, I won't blame you, I will just be grateful that you fulfilled my long-held wish."

Hearing what Zhang Xiaoling said, Ye Feng nodded slightly and without saying anything else, he took the Gu girl and walked directly upstairs.

Soon, the two of them arrived at the ninth floor pavilion.

Ye Feng saw a familiar figure, wrapped in black armor, standing at the end of the ninth floor pavilion, like a lonely king, overlooking the entire vast imperial city.

"The commander is definitely stronger than before, and he's not even the slightest bit more powerful!"

The first time Ye Feng saw the commander, he immediately had this clear and terrifying feeling.

Although the commander stood there without moving, he gave Ye Feng the feeling that once he moved, it would turn the river upside down and shatter the sky!

Ye Feng was secretly shocked, "It seems that the demon clan's supreme secret book Ragnarok that I stole from the queen's palace has a great effect on the commander."

Thinking of this, Ye Feng no longer hesitated and stepped forward quickly and said: "Commander, my subordinate Ye Feng is here to pay my respects. There is a girl from the Gu tribe who calls herself Zhang Xiaoling and wants to see you, Commander."

Chapter 1765 Something is going on

Hearing Ye Feng's voice at this time, the commander turned around, looked at Ye Feng first, and said: "It seems that you have gained a lot outside this time."

Ye Feng smiled slightly, cupped his fists and said, "The commander-in-chief is ridiculous. His subordinates just wiped out a few remaining forces."

Having said this, Ye Feng looked at Zhang Xiaoling beside him and said, "This man is the commander of our night watch. If you have anything to do, you can just tell him."

At this time, Ye Feng said, curiously staring at the Gu girl next to him.

He really wanted to see what the relationship between this Gu girl and the handsome man was.

"who is she?"

At this time, the commander's eyes also fell on Zhang Xiaoling. It was obvious that he did not recognize the person Ye Feng brought. ??

At this moment, Zhang Xiaoling, a girl from the Gu tribe, suddenly took out a dark token from her arms.

It was the token that Zhang Xiaoling showed to Ye Feng before.

At this time, Ye Feng's eyes moved.

Because he saw it.

The moment Zhang Xiaoling took out the token, the handsome figure in black armor trembled slightly.

"The commander actually trembled?"

Ye Feng was greatly shocked.

You must know that an extremely powerful being like the Marshal definitely possesses the will to remain unmoved when endless mountains collapse in front of him, and the will not to tremble even in the face of death.

But at this moment, the commander actually trembled slightly.

This tremor is very subtle.

But Ye Feng noticed it.

Because Ye Feng's soul is very powerful and can detect very small things around him.

At this time, Ye Feng immediately stared at the Gu girl beside him.

It seems that his choice is correct. The relationship between this Gu girl Zhang Xiaoling and the commander is absolutely extraordinary.

At this time, the commander suddenly spoke:

"Ye Feng, please go out for a moment. I have something to say to this Gu girl. You are guarding outside and don't let anyone set foot on the ninth floor of the pavilion."

Ye Feng nodded slightly, cupped his fists and said, "Yes, Marshal."

Although he was very curious in his heart, after hearing the commander's solemn voice, Ye Feng wisely exited the ninth floor pavilion.

When he walked outside the ninth-floor pavilion, Ye Feng did not release his soul to eavesdrop, because he knew very well that the commander would definitely be able to sense it.

At this time, Ye Feng could not help but secretly guess that based on his many years of experience, this Gu girl Zhang Xiaoling was either the handsome man's former lover or his illegitimate daughter.

Ye Feng knew this routine very well.

After all, he is an illegitimate child, secretly lurking in the imperial city of this ancient dynasty.

It's just that the person Zhang Xiaoling recognized was the Marshal, the extremely powerful Night Watch Marshal, so she didn't have to worry about anything.

But the person Ye Feng recognized was his imprisoned, powerless Ninth Princess mother-in-law.

"You still need to work hard to become stronger and develop your own huge power in the imperial city."

Ye Feng secretly made up his mind.

At this time, suddenly a voice came from Ye Feng's ear: "Come in."

It's the handsome voice!

Uh-huh!

Ye Feng's figure moved and he walked into the room instantly.

He was immediately keenly aware that Zhang Xiaoling's eyes were red. He had obviously cried just now, and they were a little red and swollen. He had obviously cried hard.

However, Zhang Xiaoling's eyes were filled with joy at this time.

It seemed that the two of them had a very happy conversation in this room just now.

At this time, Ye Feng cupped his fists and said, "Commander, do you have anything to tell me?"

The commander stared at Ye Feng in front of him through the dark metal mask, and said: "Take Zhang Xiaoling to the inner hall of the headquarters and let her become a bronze-armored night watchman. From now on, she will make great achievements with you. Try together."

"What?"

When Ye Feng heard this, his eyes were suddenly startled and he said: "It seems that there has never been a woman among our night watchmen."

The commander-in-chief smiled and said: "It doesn't matter, Zhang Xiaoling is my special permission. From now on, she will be your junior sister. You have to take good care of her." .???.??

When Ye Feng heard the commander say this, he always felt that he was trying to get rid of the boss.

However, since this is the commander's order, Ye Feng naturally will not just refuse it.

He could only clasp his fists and say, "Commander, my subordinates know this. Zhang Xiaoling will be my junior sister from now on."

Ye Feng can now see that the relationship between Zhang Xiaoling and the commander is absolutely extraordinary.

It was very likely that she was the handsome illegitimate daughter, which made Ye Feng a little gossipy for a while.

I didn't expect that such an earth-shattering figure as the Marshal would have a relationship among the Gu tribe in such a remote border area.

However, Ye Feng was thinking about it at this time, and naturally he would not speak out his inner thoughts directly. After all, that would be too disrespectful to the commander-in-chief.

So at this time, Ye Feng did not mention the topic of Zhang Xiaoling again, but took out the heads of the leaders of the three remaining evil forces that he had hunted from the storage ring.

It was during this period of time that Ye Feng worked hard and traveled an endless distance to kill the heads of several strong men from the remaining forces in the depths of the distant wilderness.

They are the heads of the leader of the Jianghe Alliance, the head of the Demon Sect Guild President Mo Wuji, and the head of Tianfu Taoist Master of the Tianfu Sect.

.

The heads of these three giants are priceless.

After Ye Feng showed it at this time, the commander's eyes immediately lit up and said: "It is easy to kill them, but it is very difficult to find the hiding place of these three people. Even the intelligence system in the imperial city has It is difficult to find any specific traces of these remnant forces, Ye Feng, you are more and more impressive to me."

The commander-in-chief is indeed a commander-in-chief, and he pointed out the key point in one sentence.

Indeed, the leaders of these remnant forces are not very powerful.

But it is indeed very difficult to find the hiding place of such remnants of the world. It requires an extremely powerful intelligence system to find their specific location.

At this time, Ye Feng was a little surprised when he heard that the commander was somewhat appreciative of his intelligence.

It seems that the No. 8 in the Shenxu Realm who exchanged information with him must have a terrifying intelligence system organization behind him.

After all, this intelligence information cannot be detected by even the Imperial City or the Night Watch.

"The most powerful intelligence agency in the world, apart from the Imperial City Night Watch, is the Tianji Pavilion, which is rumored to know everything about astronomy and geography, and everything. Could it be that No. 8 is really a member of Tianji Pavilion, and is in Tianji Pavilion?" In the cabinet, his status is definitely not low."

Ye Feng secretly thought in his heart that at present, among the gods and gods founded by the old master, the one who is most helpful to him may be No. 8.

At this time, the commander-in-chief took over the heads of the three remnants of Jianghu and was quite satisfied. He said: "I will report your achievements to His Majesty in the palace as soon as possible, and the Tianyahui you killed last time." Adding up the merits obtained in the two wars, maybe this time you will be able to obtain a title and become a noble in the imperial city from a commoner."

As soon as Ye Feng heard that there was something going on, he was immediately very happy. He quickly clasped his fists and said, "Thank you, Marshal, for your appreciation!"

Chapter 1766 A black cat

When Ye Feng left the Night Watch headquarters, he still felt a deep sense of excitement in his heart.

According to what the commander said, this time he harvested the remaining forces of the three major rivers and lakes, which was enough for him to obtain the most basic title.

The titles of the prehistoric dynasty, from high to low, were duke, marquis, uncle, son, and baron.

"At least you can get a baronship."

These are the commander's original words.

Ye Feng knew very well that the commander-in-chief was so sure that he could definitely be promoted to baron.

From then on, he also had a noble status as protection in the imperial city.

The only thing Ye Feng has to do now is to go back to his private manor and wait for the imperial edict to award him the reward.

Zhang Xiaoling, a Gu girl who was suspected to be the illegitimate daughter of the commander-in-chief, did not follow Ye Feng back to the manor.

She was arranged by the commander to live in the Night Watch headquarters.

Ye Feng only needs to take Zhang Xiaoling with him when he performs his duties as a night watchman.

Ye Feng was also happy because after all, he didn't want to be the nanny of a Gu girl.

After the night watchman met with the commander and showed off his achievements, what Ye Feng wanted most now was to rush back to his private manor as soon as possible to see if there were any problems.

When Ye Feng walked to a suburb of the imperial city, he saw his private manor from a distance, standing next to a river not far away.

At this time, Ye Feng couldn't help but use the divine eye of creation and the soul-gazing technique to look towards his private manor.

The next moment, his eyes suddenly flashed with surprise, and then he was filled with deep joy.

Because Ye Feng saw at this time, there were pieces of golden auspicious clouds floating faintly in the sky above his private manor.

Those were auspicious clouds of good fortune, which represented the smooth and prosperous development of the entire power of the private manor.

This shows that during the time Ye Feng left, not only did his private estate not have any problems, but it also developed more and more prosperously.

With a look of satisfaction on Ye Feng's face, he stepped directly into his private manor.

"See Master Ye!"

"Join Mr. Ye!"

"..."

\u003e

At the entrance of the large manor, several majestic guards with strong waists and strong backs clasped their fists and shouted respectfully.

These guards were the talented people selected by Ye Feng from the refugee camp before, and he made them the gatekeepers of the private manor. During this period, their strength has obviously improved a lot, and their energy seems to be high. Very abundant.

Ye Feng smiled slightly and walked directly into the large manor.

Not far away, Ye Feng saw several majestic red flame beasts lying beside the river.

Although these giant beasts just lay there lazily and made no other movements, their towering mountain-like bodies were enough to intimidate countless young people.

"It seems that the last time I bought these giant red flame beasts from the Red Flame tribe at a big price, it was a very good deal."

With several majestic beasts guarding it, the entire private estate is absolutely impregnable.

However, Ye Feng did not sense the scent of Fox Fairy An Miaoyi in the private manor at this time.

Maybe this fox fairy is in the demon world during this time.

Nowadays, the fox fairy An Miaoyi is constantly shuttling between the demon world and the imperial city, transporting a steady stream of demon world goods to Ye Feng's private manor. It can be said that she is very busy. It is normal for her to be away from the manor.

Buzz!

While Ye Feng was watching, suddenly the space around him fluctuated, and a woman in red appeared.

It's the charm I haven't seen for a long time!

There is almost no ghostly aura in the demon body now. It is obvious that he has gained a lot from studying with the fox fairy An Miaoyi during this period, and his cultivation level has improved a lot.

For Ye Feng, the demon is the real secret butler of the entire private estate.

"Greetings to the master, the master is finally back after so long."

At this time, the charming girl saluted gracefully, her figure was extremely graceful and full of charm.

Ye Feng nodded slightly and walked towards the central hall.

The demon immediately followed.

When Ye Feng walked into the central hall, he found that the hall was very dry.

net.

The demon immediately said: "This slave will personally clean the master's central hall every day, and will not let anyone enter this hall that belongs to me and the master."

Although Yao Mei is now the secret steward of the entire private estate, with a high position of authority.

But in front of Ye Feng, the master, the demon is still the same as before, full of deep respect.

At this time, Ye Feng was very satisfied, nodded, and said with a smile: "Looking at your cultivation, your soul power has almost reached three thousand levels. Sure enough, with a demon body like yours, your cultivation talent in the demon soul path and your The speed is very high."

Even Ye Feng had to lament that the speed at which a special creature like Yao Mei could practice on the Soul Path was really shocking.

At this time, the demon immediately said respectfully: "No matter what I become, I will always be just a little slave in front of my master."

At this time, the demon was talking, and her beautiful face, which was originally a little pale, actually showed a trace of rosy color.

Ye Feng spoke up at this time: "Yao Mei, please briefly tell me everything about the entire manor during the time I left."

The apparent butler of the large manor is Lao Zhang, a descendant of the God Clan from the God Realm appointed by Ye Feng.

But Ye Feng knew that the real butler behind the private manor was Yao Mei.

So Ye Feng didn't need to find Lao Zhang, he just let Yao Mei report it to him.

Because Lao Zhang, the big housekeeper on the surface, must know all the information that Yao Mei knows. What Lao Zhang doesn't know, Yao Mei also knows.

At this time, the demon began to report in front of Ye Feng.

In the empty and dim hall, Ye Feng sat on the central throne, closing his eyes slightly and listening silently.

Finally, the demon finished his report and left.

Ye Feng opened his eyes. After the demon's report, Ye Feng discovered that the entire manor had indeed developed well during this period, otherwise the auspicious clouds of good fortune would not have condensed in the sky.

However, according to what Youmei just said, many powerful people in the imperial city have already set their sights on their own private estates.

Especially some large shops in the imperial city

, and hated the small workshop in his big manor.

Because my small workshop can transport all kinds of rare goods from the demon world, many of which are not available in big shops. Therefore, my small workshop has taken away many customers from those big shops, making those big shops profitable. A lot lower.

For these big shops, cutting off their financial resources is like cutting off their lives.

That's why Youmei just said that many big shops are ready to kill this small workshop.

When Ye Feng thought of this, his eyes were filled with a cold murderous intent.

In the past, Ye Feng might have chosen to stay away from the limelight and scale back his trading scale.

But this time when he returned from the wilderness, Ye Feng's strength had improved too much.

Therefore, Ye Feng is not afraid of ordinary forces at all.

If the enemy dares to provoke him, Ye Feng will definitely let them know what it feels like to regret.

"Meow~"

Suddenly at this moment, a slight cat meowed.

What surprised Ye Feng was that at the door of the central hall where he was, under the mottled moonlight, a very ordinary-looking black cat walked in from the dark night outside with elegant steps.

"A black cat?"

Ye Feng used the Divine Eye of Creation to see through the black cat's true nature.

"it's me."

But at this time, the black cat spoke human words.

That voice turned out to be the voice of the sage Old Master!

Ye Feng suddenly said suddenly: "Before, in the Shenxu Realm, Senior Old Master, you said that you had entered the imperial city, and you were possessed by a black cat?"

The black cat walked elegantly in front of Ye Feng, staring at Ye Feng with a pair of green cat eyes, speaking human words, and said: "Yes, I only have a saint's will left, in order to hide my soul aura from the emperor. The most powerful people in the city found out that I could only possess the flesh and blood of ordinary creatures."

Ye Feng nodded, stared at the black cat in front of him, and said: "Senior, old master, do you have anything to do with coming to the imperial city? Do you need help from this junior when you come to me tonight?"

Chapter 1767 A camp

The black cat was silent for a moment, stroking his whiskers with his cat paws, and then said: "I came to the imperial city this time. I won't tell you what I will do for now. I will come to see you tonight. , mainly to see how the power you established in the imperial city is going."

When Ye Feng heard this, he couldn't help but smile and said, "Senior, what do you think of my large manor?"

The black cat licked his long beard and said: "Yes, it has begun to take shape. You can use one person's power to build an empire in this imperial city in a short period of time. It's not easy to have such a big family fortune, and I have to look at you with admiration."

Ye Feng didn't expect that the old master would have such a high opinion of himself.

The black cat walked around the entire hall with elegant steps and said, "But I saw a bad omen from your forehead. You may be in big trouble next."

Ye Feng's eyes moved.

Can you see bad omens on your forehead and predict that you will be in disaster?

If someone else had said this, Ye Feng would definitely not take it seriously, or even sneer, thinking that the other person was trying to scare him.

But when this sentence comes from the mouth of the old master who is possessed by the black cat, the meaning is different.

That might be true!

Ye Feng immediately stared at the black cat in the hall and asked: "Who did this disaster come from?"

The black cat shook his head and said: "My strength is now damaged. I only have a saint's will left, and I am unable to use means to trace the source. Anyway, during this period, you have nothing to do and stay in the Night Watch headquarters. The cultivation of your Night Watch commander is The world can protect you and keep you safe."

When Ye Feng heard what the old master said, he could only nod his head and said, "It seems that I will be living at the Night Watch headquarters during this period."

Saying that, Ye Feng continued to ask: "By the way, senior, last time you said you wanted me to help you lurk into the Hanlin Academy in the Imperial City.

, looking for a very special 'Literary Saint's Pen'. I wonder if the senior still needs that pen now? "

The black cat stared at the cat eyes and said: "Of course it is necessary. In addition to investigating a secret matter, I came to the imperial city this time to find the pen of the literary saint."

Hearing this, Ye Feng couldn't help but curiously asked: "I have always guessed that senior should be inextricably connected with Hanlin Academy. I wonder what relationship senior has with Hanlin Academy?"

When Black Cat heard Ye Feng ask this question, he sighed and said: "When the time comes, I will tell you later. Telling you now is not of much benefit. You should help me find the literary saint now." Don't worry, the pen of the Saint of Literature does not belong to the Hanlin Academy. This magical pen belongs to me. If you help me get the pen of the Saint of Literature, you will only return this pen to its original owner. It's considered theft."

Ye Feng's eyes were startled. He didn't expect that the old master was actually the original owner of Hanlin Academy's most precious literary pen.

This is really shocking secret news.

"I knew that this old master's identity was absolutely extraordinary. He was probably a big shot in the imperial city back then. He was suppressed, leaving only a remnant of his soul. Even his history seemed to have been erased. After all, it is now clear that According to the historical records in the book, the pen of the Saint of Literature was a magic pen that fell from the divine world. It was obtained by the current dean of Hanlin Academy, thus creating Hanlin Academy, the first sacred place for literary practice in the ancient dynasty. "

Ye Feng thought to himself, then looked at the black cat that was walking quickly in the hall in front of him, and said: "I will help senior go to Hanlin Academy tomorrow to see if I can find the pen of the literary saint."

The black cat stared at Ye Feng, seemingly a little unbelievable.

Said: "You decided to go so quickly? You know, although the literary saint's pen is mine, the whole world now recognizes it as the sacred treasure of Hanlin Academy."

Hearing this, Ye Feng suddenly grinned, stared at the black cat, and said, "Who made me and you, senior, stand in the same camp now?"

Black Cat was stunned, as if he didn't expect Ye Feng to say this. He said it very lightly, but his words were full of solemnity.

Black Cat immediately said: "Okay! As long as you can help me get the Pen of the Literary Saint, my strength will be greatly improved. If you encounter any huge crisis in this imperial city, I will It can help you get through it safely."

Ye Feng nodded, he thought so in his heart, after all, he and the old master were indeed standing on the same boat now.

The old master is an ancient saint. If he can regain some strength, he will be able to explode with tremendous power, which will also be of great help to him.

Ye Feng heard the old master say before that he would be in a huge crisis.

Ye Feng could guess that this crisis most likely came from the prince's lineage deep in the palace and the Kingdom of Ten Thousand Demons.

After all, in the depths of the wilderness, he participated in the fall of the goddess of the Ten Thousand Monsters Divine Kingdom, which provoked the entire Ten Thousand Demons Divine Kingdom and the prince's lineage.

At this time, the black cat meowed, jumped up, and disappeared outside the hall.

Ye Feng was alone, sitting in the main hall, suddenly stretched out his hand and released the soul prison.

In the soul prison, the soul of Ice Mengling, the goddess of the Kingdom of Ten Thousand Demons, is curled up in it, seemingly asleep.

"Wake up."

Ye Feng conveyed his spiritual thoughts and awakened Bing Mengling's soul.

"What's wrong?"

Bing Mengling opened her eyes and stood up in the soul prison.

Ye Feng said: "You can pass the news to the Ten Thousand Demon Kingdom behind you, letting them know that you are not completely dead."

When Bing Mengling heard what Ye Feng said, she was stunned for a moment, then suddenly smiled slightly and said: "Ye Feng, are you scared and are you begging me?"

Ye Feng snorted coldly and said: "I'm not scared, nor am I begging you for anything. I just think that we have a cooperative relationship now. I don't want to destroy our cooperative relationship because of the Ten Thousand Monsters Divine Kingdom."

"Don't worry about this."

Bing Mengling suddenly spoke up: "Although I am the goddess of the Kingdom of Ten Thousand Monsters, I have nothing to do with the lineage of the king of the Kingdom of Monsters. I am not

interested in the rise and fall of the Kingdom of Monsters. I become the God of Ten Thousand Monsters." The goddess of the country is just to satisfy my own selfish desires. I want to learn the soul magic of the Kingdom of Ten Thousand Demons. "

Ye Feng said: "I didn't expect you to think like this. The Kingdom of Ten Thousand Demons is going to go to war because of your fall."

Bing Mengling sneered and said: "They are just trying to prevent the soul magic in me from leaking out. The relationship between me and the Ten Thousand Demon Kingdom is just a cooperative relationship. In our demon world, we don't have as many feelings of family and country as you humans do. We are more motivated by interests. After all, our demon tribe believes in the saying that there are no permanent friends, only eternal interests. "

After hearing this, Ye Feng nodded slightly and did not discuss any more on this issue. He just stared at Bing Mengling and said: "Then let's talk about something meaningful. I will use the soul gem to restore your soul to its heyday. "

When Bing Mengling heard this, her eyes suddenly lit up and she said, "What's the price?"

Ye Feng said: "In exchange for the secret technique of the supreme demon clan that you have at the bottom of the box, the secret technique of the Five Elements Hercules seems to be very good."

Chapter 1768 The Prince's Ambition

"The Five Elements Hercules?"

Hearing Ye Feng's request for this special set of secret techniques in exchange, Bing Mengling immediately became a little angry and said: "You just help me recover my soul, and you are so demanding?"

The Five Elements Hercules is definitely one of Ice Dream Spirit's final powerful demon clan secret arts.

At that time, Bing Mengling used this set of secret techniques to summon the Five Elements Hercules from heaven and earth, but she suppressed Ye Feng and Chi Jiuyi for a while.

If Ye Feng didn't have a Dzogchen future body, he might really be suppressed by the Five Elements Hercules.

It can be seen from this that how powerful and powerful the demon clan's secret method, Five Elements Hercules, is.

It was precisely because of personal experience that Ye Feng wanted to use this method of using the Five Elements Hercules at this time.

As for helping the goddess of the Kingdom of Ten Thousand Demons to regain the full power of her soul, it couldn't be easier for Ye Feng, who possesses the soul gem.

Bing Mengling obviously knew this, and she knew that this was a very losing deal.

But Bing Mengling also knew very well that now her life was in Ye Feng's hands, and she could only choose to accept it.

So at this time, Bing Mengling gritted her teeth and said: "Okay, I can trade with you, but you have to promise that you will not imprison me again after restoring my full spirit."

Ye Feng grinned and said: "I can't imprison you, but I need to imprint a soul mark of my own on your soul."

"Soul Mark?"

Bing Meng suddenly screamed and said angrily: "If this is the case, then I will become your slave! Impossible! This is absolutely impossible! I won't agree!"

Ye Feng spread his hands and said: "If you don't agree to my condition, there's nothing you can do about it, because you know too many of my secrets. If I don't exert some control over you, then you can escape." After that, I will definitely have a huge crisis, and I will naturally not allow this to happen. "

When Bing Mengling heard what Ye Feng said, her face suddenly became extremely ugly.

Ye Feng said: "You know the secret of my soul gem. It's impossible for me to let you go, at least not for now. So you only have two choices for the time being. The first one is to continue to be honest."

In my soul prison, secondly, I can release you, but I need to leave a soul mark in your soul as my means of control."

When Bing Mengling heard this, anger surged in her eyes.

But Ye Feng turned a blind eye and just said: "My patience is limited, have you considered it?"

Bing Mengling took a deep breath and said: "It is impossible for me to let you leave a mark of the soul in my soul, because in that case, I will always become a slave of your soul. I choose to continue to stay in your soul." In the soul prison, you help me restore my weak soul, and I teach you the secret technique of the Five Elements Hercules."

After saying that, Bing Mengling directly stretched out her hand.

"Buzz!"

In an instant, a point of light flashed out from the tip of her finger and flew directly in front of Ye Feng.

A gap opened between Ye Feng's eyebrows, and the soul gem floated out, absorbing the light spot.

Ye Feng is not afraid of any conspiracy and tricks by this Ice Dream Spirit, because anything in the soul is of no use in front of his own soul gem.

Bing Mengling obviously knows this, after all, Ye Feng is the soul treasure among the gems of the gods.

Descendants of stone.

Therefore, the light spots she handed over were indeed the inherited secrets of the Five Elements Hercules.

After Ye Feng absorbed it, he began to realize it quickly.

He opened his eyes, his eyes full of joy.

It was so easy and simple for me to obtain one of the supreme inherited secret techniques from the Kingdom of Ten Thousand Demons, the Five Elements Hercules!

It has to be said that this Ice Dream Spirit does indeed hide a treasure of the secret skills of the demon clan.

At this moment, Ye Feng naturally would not break his trust and began to activate the power of the soul gem, emitting the golden light of the gods and shining on Bing Mengling's soul.

Visible to the naked eye, the soul of Ice Dream began to recover and grow rapidly after absorbing the light of the gods emitted by those golden soul gems.

"As expected of the legendary gems of the gods, they indeed have the destiny of heaven and earth. This kind of gem, even in the vast and top-level interface such as the legendary world of gods, is a treasure-like existence."

At this time, Bing Mengling was nourished by the soul gem, and she was secretly amazed in her heart.

At the same time, she was extremely envious of Ye Feng, who was able to obtain the soul gem, and seemed to have the soul gem recognized as its owner.

This kind of luck is simply incredible.

Bing Mengling had learned from the prince before that Ye Feng was not the inheritor of a great power, but just a country boy from the edge of the wilderness.

But Ye Feng still got the soul gem.

This kind of luck can only make people marvel, and then cause deep envy.

Suddenly, the entire central hall fell into silence.

...

And at this moment.

Deep inside the palace.

The prince's palace was brightly lit.

The prince was wearing a golden python robe and stood in his palace. The expression on his face was very complicated, including horror, surprise, greed, and bloodlust.

Because the prince just learned a piece of news that shocked him to the extreme.

At this time, the prince stared at a middle-aged man in front of him and said in a deep voice: "Gu Tongtian, are you sure this is true?"

Gu Tongtian knelt down on one knee and said respectfully: "Your Highness, I dare to vouch for this with my head. It is absolutely true. Ye Feng, the silver-armored night watchman who has recently become famous in the imperial city, is Jiu Tongtian." The children born between the princess and the first son of universe destiny are also the awakened ones of the bloodline of the Chaos Gods!"

The prince's eyes were extremely fiery, and his face was full of crazy ambition. He said, "Don't tell anyone about this, not even the queen. Do you understand? I want to keep this secret to myself, because I want to be the best in the world." Before people know Ye Feng's true identity, I secretly kill Ye Feng, plunder his precious blood of the Chaos Gods, and fuse it with my own. In that case, I will have the talents of the Chaos Gods. The achievements in cultivation will surpass those of my father and everything else! The Chaos God Clan is one of the most powerful God Clan even in the supreme and vast God Realm!"

Gu Tongtian's eyes were filled with a hint of evil, and he said: "Your Highness the Crown Prince is wise! That Ye Feng indirectly killed my daughter Gu Qinlan back then, and also personally released his father Ye Qingdi, destroying my control. In the three thousand years of Tongtian Divine Dynasty, Ye Feng has destroyed everything for me, I must kill him to take revenge! I also want him to taste the despair of everything being destroyed!"

..."The Five Elements Hercules?"

Hearing Ye Feng's request for this special set of secret techniques in exchange, Bing Mengling immediately became a little angry and said: "You just help me recover my soul, and you are so demanding?"

The Five Elements Hercules is definitely one of Ice Dream Spirit's final powerful demon clan secret arts.

At that time, Bing Mengling used this set of secret techniques to summon the Five Elements Hercules from heaven and earth, but she suppressed Ye Feng and Chi Jiuyi for a while.

If Ye Feng didn't have a Dzogchen future body, he might really be suppressed by the Five Elements Hercules.

It can be seen from this that how powerful and powerful the demon clan's secret method, Five Elements Hercules, is.

It was precisely because of personal experience that Ye Feng wanted to use this method of using the Five Elements Hercules at this time.

As for helping the goddess of the Kingdom of Ten Thousand Demons to regain the full power of her soul, it couldn't be easier for Ye Feng, who possesses the soul gem.

Bing Mengling obviously knew this, and she knew that this was a very losing deal.

But Bing Mengling also knew very well that now her life was in Ye Feng's hands, and she could only choose to accept it.

So at this time, Bing Mengling gritted her teeth and said: "Okay, I can trade with you, but you have to promise that you will not imprison me again after restoring my full spirit."

Ye Feng grinned and said: "I can't imprison you, but I need to imprint a soul mark of my own on your soul."

"Soul Mark?"

Bing Meng suddenly screamed and said angrily: "If this is the case, then I will become your slave! Impossible! This is absolutely impossible! I won't agree!"

Ye Feng spread his hands and said: "If you don't agree to my condition, there's nothing you can do about it, because you know too many of my secrets. If I don't exert some control over you, then you can escape." After that, I will definitely have a huge crisis, and I will naturally not allow this to happen. "

When Bing Mengling heard what Ye Feng said, her face suddenly became extremely ugly.

Ye Feng said: "You know the secret of my soul gem. It's impossible for me to let you go, at least not for now. So you only have two choices for the time being. The first one is to continue to be honest." In my soul prison, secondly, I can release you, but I need to leave a soul mark in your soul as my means of control."

When Bing Mengling heard this, anger surged in her eyes.

But Ye Feng turned a blind eye and just said: "My patience is limited, have you considered it?"

Bing Mengling took a deep breath and said: "It is impossible for me to let you leave a mark of the soul in my soul, because in that case, I will always become a slave of your soul. I choose to continue to stay in your soul." In the soul prison, you help me restore my weak soul, and I teach you the secret technique of the Five Elements Hercules."

After saying that, Bing Mengling directly stretched out her hand.

"Buzz!"

In an instant, a point of light flashed out from the tip of her finger and flew directly in front of Ye Feng.

A gap opened between Ye Feng's eyebrows, and the soul gem floated out, absorbing the light spot.

Ye Feng is not afraid of any conspiracy and tricks by this Ice Dream Spirit, because anything in the soul is of no use in front of his own soul gem.

Bing Mengling obviously knows this, after all, Ye Feng is the soul treasure among the gems of the gods.

Descendants of stone.

Therefore, the light spots she handed over were indeed the inherited secrets of the Five Elements Hercules.

After Ye Feng absorbed it, he began to realize quickly.

He opened his eyes, his eyes full of joy.

It was so easy and simple for me to obtain one of the supreme inherited secret techniques from the Kingdom of Ten Thousand Demons, the Five Elements Hercules!

It has to be said that this Ice Dream Spirit does indeed have a treasure of the demon clan's secret skills hidden in its body.

At this moment, Ye Feng naturally would not break his trust and began to activate the power of the soul gem, emitting the golden light of the gods and shining on Bing Mengling's soul.

Visible to the naked eye, the soul of Ice Dream began to recover and grow rapidly after absorbing the light of the gods emitted by those golden soul gems.

"As expected of the legendary gems of the gods, they indeed have the destiny of heaven and earth. This kind of gem is a treasure-like existence even in the vast and top-level interface such as the legendary world of gods."

At this time, Bing Mengling was nourished by the soul gem, and she was secretly amazed in her heart.

This kind of luck is simply incredible.

Bing Mengling had learned from the prince before that Ye Feng was not the inheritor of a great force, but a country boy from the edge of the wilderness.

But Ye Feng still got the soul gem.

This kind of luck can only make people marvel, and then cause deep envy.

Suddenly, the entire central hall fell into silence.

...

And at this moment.

Chapter 1769 Entering Hanlin Academy

In the early morning of the next day, Ye Feng finally mastered the secret method of the Five Elements Hercules after studying and comprehending it all night.

Even Ice Mengling, a goddess from the Kingdom of Ten Thousand Demons, was very amazed by Ye Feng's talent that could be called a monster.

Because even she herself, under the personal guidance of her master, took nearly half a month to master the technique of using the Five Elements Hercules.

But here, Ye Feng only spent a short night.

This monster's speed of understanding, let alone the prehistoric dynasty, may be an extremely monster and terrifying existence in the entire universe, and even in the vast and endless interface of the God Realm.

Bing Mengling has always been very confident and proud of her talent, but now in front of Ye Feng, she feels more and more deeply inferior.

Because Ye Feng's talent in various aspects of practice is really shocking to the extreme, it's so amazing. ??

At this time, Ye Feng imprisoned Bing Mengling again.

He stood up in the main hall and walked outside.

At this time, there were already crowds of people outside the large manor, and everyone was performing their duties and completing the work in their hands.

At first glance, the entire large manor seemed to be a prosperous scene.

Ye Feng was very satisfied. It seemed that Youmei was very reliable in managing the entire large manor.

At this time, Ye Feng's soul power spread out and he caught a breath instantly.

Uh-huh!

His body moved and he disappeared from the spot.

In the blink of an eye, Ye Feng arrived at a river outside the large manor.

At this time, several red flame giant beasts were lying there, shivering.

Next to the giant beast stood a black cat.

It was this black cat that made several giant red flame beasts feel so frightened that they did not even dare to move.

The black cat is naturally the old master.

Ye Feng walked over and said with a smile: "Senior, we can leave now and go to Hanlin Academy."

The black cat spoke human words, and it was the voice of the old master: "Okay, no matter what, let's go and find out where the literary sage's pen is hidden in the Hanlin Academy."

Ye Feng hesitated a little and said: "What if a treasure like the Pen of the Literary Saint is in the hands of the dean of Hanlin Academy and he refines it and carries it with him?"

The black cat grinned and said: "You don't have to worry about this. The pen of the literary saint was originally my birth treasure. I imprinted my saint's mark on it. Even the dean of Hanlin Academy has not had it until now." Ability to refine it."

After Ye Feng heard this, he nodded with relief and said: "If this is really the case, that would be great. We still have a chance to get the pen of the literary saint in advance."

After speaking, Ye Feng turned around and walked towards the center of the imperial city.

Uh-huh!

At this time, the black cat jumped up, and its small cat body stood on Ye Feng's shoulders.

Soon, one person and one cat arrived at the gate of Hanlin Academy.

At the gate of Hanlin Academy, there is a formation emitting white light.

If it is evil spirits, they will not be able to pass through this gate at all.

There was no one guarding the entrance of Hanlin Academy.

Because Hanlin Academy, as a Hong

The most sacred place of literature and art in the world within the Arakami Dynasty, a large number of scholars come here every day to observe the wonders and books in the academy.

If they were checked one by one, it would be an unimaginably huge workload.

So in the end, under the decision of the senior officials of the Hanlin Academy, such a saint formation was set up directly at the gate. As long as they are not demons and evil spirits, they can enter the Hanlin Academy to study the books and literature of the saints and sages. This also demonstrates the strength of the Hanlin Academy. Atmosphere, and a universal mind.

When Ye Feng came to the Hanlin Academy, people were coming and going at the gate of the academy. Scholars with feather fans and silk scarves, or literary practitioners, all entered the Hanlin Academy, seeming to want to pay homage to the sages or study.

Only then did Ye Feng realize that he could easily enter the Hanlin Academy without using his identity as a night watchman.

Standing on the black cat on Ye Feng's shoulder, the old master said: "This saint formation was left by me back then. It was used to suppress the literary foundation of Hanlin Academy. I didn't expect that it would be used by them to guard the gate now. , It's really a waste of natural resources."

The old master was obviously very dissatisfied with the current practices of Hanlin Academy and muttered.

Ye Feng didn't express his opinion and walked in directly.

At this moment, Ye Feng, who was practicing the Haoran Righteousness Technique, immediately felt that walking in Hanlin Academy was like bathing in the light of the sage. He was very warm, and even his Haoran Righteousness was... is growing rapidly.

The black cat said on his shoulder: "It seems that they have improved the Qi gathering array of the entire Hanlin Academy, so that the entire academy is filled with the energy of saints, and they can bathe and cultivate the students and disciples in the academy anytime and anywhere. This It's actually pretty good."

The old master possessed by the black cat was walking with Ye Feng. He commented that he really looked like an old master teaching people to learn.

Ye Feng was walking along a garden path in Hanlin Academy, surrounded by various flowers, trees, and some ancient buildings.

At this time, Ye Feng looked at the black cat on his shoulder and asked aloud: "Senior, have you sensed where the Literary Saint's Pen you need is?"

Just now, Ye Feng circled the entire Hanlin Academy just to let the old master sense the specific location of the literary saint's pen.

Black Cat nodded at this time and said: "I have sensed it, but the sense is very weak. No matter what, you first go to the place where I sensed it and check it out. Strangely, the position of the Pen of the Literary Saint that I sensed seems to be in a very remote place, how could such a treasure of the town be in such a remote place?"

The old master murmured, and Ye Feng quickly walked towards a certain direction in the Hanlin Academy according to the position guided by the black cat.

Soon Ye Feng came to a group of dilapidated buildings.

This building complex, standing in a remote place inside Hanlin Academy, seems to have been abandoned for a long time.

"Senior, are you sure that the Pen of the Literary Saint is here?"

Ye Feng looked at the desolate area around him. There were spider webs everywhere in the buildings. He couldn't help but ask.

There was also doubt in the black cat's eyes, and he said: "Anyway, the place where I sensed it is here, let's look for it first."

Obviously, the old master was a little unsure at this time.

The black cat he possessed jumped down from Ye Feng's shoulder, sniffing here and there, searching quickly.

Ye Feng also released his soul power and began to continuously search the surroundings, sensing every inch. In the early morning of the next day, Ye Feng finally mastered the secret method of the Five Elements Hercules after studying and comprehending it all night.

Even Ice Mengling, a goddess from the Kingdom of Ten Thousand Demons, was very amazed by Ye Feng's talent that could be called a monster.

The black cat he possessed jumped down from Ye Feng's shoulder, sniffing here and there, searching quickly.

Ye Feng also released his soul power and began to continuously search the surroundings, sensing every inch.

Chapter 1770 Accidental collision

One person and one cat were searching quickly in a remote area of Hanlin Academy.

After all, the old master was slightly better. At a certain moment, he said loudly: "Ye Feng, I have found the source of the breath of the literary saint's pen, and it is in this old house."

At this time, the black cat stood at the door of a very old house, with excitement in his eyes.

From this old house, he felt an extremely rich aura of the pen of a literary sage.

Uh-huh!

Ye Feng quickly leapt over from not far away and stood at the door of this old house.

At this moment, the Haoran Zhengqi Jue in Ye Feng's body began to operate involuntarily. .???.??

"The pen of the literary saint is indeed in this old house!"

Ye Feng's eyes were also full of excitement and joy.

Because he helped Old Master obtain the Pen of the Literary Saint, Old Master's strength could be greatly improved.

The old master's strength has improved, which is also a huge benefit for Ye Feng himself.

After all, in this turbulent and turbulent imperial city of the ancient gods, with crises everywhere, it is still very useful to have a powerful person as a backer.

Although Ye Feng has a Night Watch Commander behind him, he is an official from the royal family after all.

It was difficult for Ye Feng to determine which side the commander-in-chief would be on when he really had a decisive battle with the prince's lineage.

But the old master is different.

What the old master thinks about every day is how to kill the royal family and steal the fortune of the ancient divine dynasty.

Therefore, the old master is just a piece of meat. If he gets involved with the prince, the old master will definitely stand on his side without hesitation.

It is precisely because of this that Ye Feng did his best to help the old master find his lost literary sage's pen.

But what makes Ye Feng a little surprised is that the literary saint's pen is said to be the treasure of Hanlin Academy. How could it be in such a remote and dilapidated old house?

At this time, one person and one cat walked directly into the old house in front of them.

What greeted them was a damp, musty smell, which made both of them frown.

They all had some doubts in their hearts. Could such a precious treasure as the Wen Sheng's Pen be in such a dark place?

The black cat took steps at this time, and suddenly rushed to a piece of floor in the corner of the old house, and then stretched out its paw.

"Crunch!"

The wooden board on the ground was torn to pieces by his cat's claws.

Under the wooden board, a very deep underground space was revealed at this moment.

"There seems to be another space underground in this old house?"

Ye Feng's eyes lit up and he immediately followed the black cat in.

A man and a cat entered the basement.

The next scene in front of them shocked both of them.

At this moment, in the basement, all kinds of precious treasures and wealth are piled everywhere. There are books of sages that exude light, and there are indestructible armors of literary saints. On the surface of the armor, there are shadows of ancient saints, exuding the vastness of the universe. gas.

In addition, there is a white jade war spear as thick as a sky pillar.

"This is the Demon-Destroying Spear of the Heavens, a weapon of the literate saint forged by the first generation of saints. It is an ancient treasure!"

The black cat clicked his tongue.

At this time, they saw another skull, which was made of crystal and was very artistic.

"Sage Crystal Skull! This is my skull! It has been refined into a saint treasure!"

When the black cat saw this thing, he blew his beard and stared in anger.

Ye Feng's eyes suddenly lit up and he said: "Senior, do you think we found the private treasure house of the Dean of Hanlin Academy by mistake?"

In this basement,

Each treasure is extremely precious and is an extremely rare ancient treasure.

Not to mention all the treasures, even if just one treasure in the basement is circulated, it will probably be auctioned for a sky-high price and be worth a fortune.

At this time, the black cat also nodded, seeming to be a little gloating, and said: "You are right, I also think that this basement is the dean's private treasure house. Every treasure in it is a priceless treasure. Outside It is impossible to encounter it at all. Even I, I am afraid that I could not collect so many cultural treasures back then. They are all treasures refined by the ancestors of literary arts. Even the dean of the Hanlin Academy today, not many of them. After a hundred years of accumulation, it is impossible to have so many priceless things."

Ye Feng's eyes were very bright and he said: "Then we became rich overnight?"

Black Cat nodded, smiled slightly and said, "You can say that."

After saying that, the black cat ran directly towards the end of the basement.

At the end, there was a shelf with a huge black ink pen hanging on it.

That should be the pen of the literary saint!

At this time, the black cat said: "Ye Feng, you can take the other things as you like. I don't need them. I just want the pen of the literary saint that belongs to me."

After saying that, the black cat opened his mouth and swallowed the pen of the literary saint into his stomach. ??

Ye Feng felt a little incredible at this time.

Originally, he thought that the process of searching for the Pen of the Literary Saint might be very difficult and even involve many dangers.

But what he never expected was that he and the old master would find the pen of the literary saint so quickly, and even discover the little treasure house of the Dean of Hanlin Academy.

Everything here is priceless.

"All collected!"

Ye Feng waved his hand, naturally adhering to the three-light policy, and put all the treasures into his storage ring.

.

The book of sages, the armor of literary saints, the demon-killing spears of the heavens, the crystal skulls of sages, the demon-killing pictures, the flying saints and immortal pictures, etc., are all packed up.

These things are simply worth more than a mountain of gold and silver.

And it has a great effect on Ye Feng.

Ye Feng knew very well that he didn't have many treasures on his body now. If he had so many more saint treasures, he would have greater confidence.

After all, this is the private treasure trove of the Dean of Hanlin Academy.

At this time, the entire basement was soon empty.

The black cat came over, his eyes full of schadenfreude.

Ye Feng was a little strange at this time and said: "Why would the dean of Hanlin Academy pile up so many treasures in such a remote and ancient place?"

Black Cat smiled and said: "Of course it is because he is afraid that others will find the wealth he has accumulated."

Ye Feng said: "Why doesn't he put it in his own storage ring and carry it with him."

Black Cat explained: "The dean of Hanlin Academy is naturally afraid that someone will intercept him and rob him of all his wealth, so it is safest to put all his wealth in the headquarters of Hanlin Academy."

Hearing this, Ye Feng nodded slightly and said, "Let's go quickly. This time we robbed the entire basement treasure house. I guess when the dean of Hanlin Academy finds out, there will definitely be a big shock!"

Uh-huh!

Uh-huh!

Without any delay, one person and one cat quickly left the basement, and then walked out of Hanlin Academy.

The whole process was very smooth and there were no obstacles.

When Ye Feng returned to his private manor with the black cat and a happy look on his face, the demon in red immediately greeted him, looking a little anxious, and said: "Master! You are finally back! Someone is coming from the palace. , saying that I have urgent matters and want to see you, Master!"
