

## Ancient 1781

Chapter 1781 Help you

Lend the ancestral talisman to the commander for use?

The words of Bing Mengling, the goddess of the Ten Thousand Demons Kingdom, instantly woke up Ye Feng.

yes!

Although his own cultivation is simply not comparable to the Lord of the Blood Demon Realm.

But many of the treasures on his body are very powerful. When placed in the hands of the strongest human race, the treasures themselves can explode with earth-shattering power.

"Uh-huh!"

At this moment, Ye Feng jumped up and suddenly reached the commander's side.

At this time, the commander's black armor was broken a lot, and blood flowed out from the gaps in the armor and dripped to the ground.

At this time, when the commander saw Ye Feng arriving, he immediately said in a deep voice: "I may not be able to defeat the three world masters in this battle, but at the critical moment, I will use my astonishing power to break through the interface barrier of the Blood Demon Realm. Create an interface channel for you to leave safely."

Ye Feng shook his head violently, with firm eyes, and said: "Commander, I'm not here to ask you to send me away safely, I'm here to help you."

"Help me?"

When the commander heard Ye Feng's words, he couldn't help but stare blankly, and said: "How can you help me with your current cultivation level? Don't be impulsive, lest you die in vain. I will find

a chance to breathe later and open up an interface channel to send you to me." You leave this dangerous place."

It has to be said that the Marshal still values friendship. Being besieged by the world lord-level demons of the three blood demon realms, he still wants to open up a life channel for Ye Feng and send Ye Feng out of here safely.

But suddenly at this moment, Ye Feng showed a confident smile on his face and said: "Commander, I don't want to fight in person, but I want to lend you a treasure to help you kill the enemy."

The handsome man's eyes moved and he said: "What treasure can you have?"

"Buzz!"

The moment the commander's voice fell, Ye Feng opened his palm, and a simple and simple ink had appeared in his palm.

Talisman.

The commander-in-chief was a little indifferent at first, but when Ye Feng took out this ancient talisman, the commander-in-chief's eyes suddenly flashed and he couldn't help but said: "This is..."

"This is the thunder ancestral talisman! One of the six most powerful ancestral talismans in the world!"

Ye Feng said aloud, with a hint of pride in his tone.

Although Ye Feng's current cultivation level is indeed not comparable to these top experts.

But he has a lot of treasures on him, which are all treasures owned by these powerful people.

This is luck.

When you are weak, you get a great treasure.

The Marshal took the Thunder Ancestral Talisman at this time, nodded slightly, and said: "This Ancestral Talisman can indeed enhance my combat power. Don't worry, I will catch these three big demons off guard later."

The commander did not use the Thunder Ancestral Talisman immediately. Instead, he put the Thunder Ancestral Talisman into his palm, and then instantly rushed towards the three most powerful demons of the Blood Demon Realm not far away.

"Commander of the Night Watch! You actually dare to rush over and die? Don't think we don't know that you are at the end of your strength!"

The Blood Demon Lord opposite had a look of deep mockery in his eyes, and then he immediately shouted: "The Blood Demon's true form!"

boom!

Almost at this moment, the Blood Demon Lord's entire body suddenly began to expand, and every inch of his body burst out with thousands of feet of blood-red light.

At the next moment, the Blood Demon Lord directly enlarged on the spot and became a huge Blood Demon with a height of tens of thousands of meters, with the sky above his head and the earth under his feet. He looked extremely majestic and majestic, just like the resurrection of an ancient demon god. .

"If I punch you, Marshal of the Night Watch, your seriously injured body will definitely be blasted into countless pieces!"

At this moment, the Blood Demon Lord turned into the ancient Blood Demon Giant, and a terrifying and vast sound came out from the huge demon mouth.

"boom!!!"

The Blood Demon Lord seemed to be very confident in his Blood Demon avatar. His majestic demon body rushed in front of the commander in an instant, stretched out a huge demon arm like a pillar of heaven, and was about to kill the commander. Blast to pieces.

"Do you really think I don't have any cards?"

The commander suddenly spoke up, with a trace of a mocking smile on his face. ??

"boom!"

Almost at this moment, an ancient talisman appeared in the commander's hand.

It is the Thunder Ancestral Talisman!

He instantly attached the Thunder Ancestral Talisman to his body.

"boom!"

With a terrifying and powerful man like the Marshal activating the Thunder Ancestral Talisman, all the foundation and energy in the Thunder Ancestral Talisman were activated almost at once.

boom!

At this moment, the thunderous light of infinite terror and destruction suddenly enveloped the commander's entire body.

The commander's whole aura suddenly became extremely terrifying. His whole body was surrounded by endless thunder and lightning, and every strand of his hair was surging and shining with lightning.

The whole thing looks extremely terrifying and powerful, and it is very visually impactful.

The commander-in-chief seemed to be possessed of thunder and lightning attributes, turning into an ancient God of Thunder, successfully stimulating the energy inherent in the Thunder Ancestral Talisman.

At this moment, you can see that from the Thunder Ancestral Talisman attached to the commander's body, a huge thunder shadow actually came out.

It looks like it has a terrifyingly powerful aura.

The commander-in-chief not only received the infinite bonus of thunder and lightning power, but also received the blessing of the ancient thunder god's will contained in the blessing of thunder.

Therefore, almost at this moment, the commander who was seriously injured suddenly returned to his peak state, even more powerful than his peak state, because the Thunder Ancestral Talisman contained the oldest, most primitive and most powerful The power of thunder god.

At this moment, the commander reached the glorious level of his combat power. He shouted instantly and blasted out endless thunder and lightning. It suddenly burst out from his fists, forming a sky full of thunder and lightning, filled with endless energy. Destructive power.

"Boom!"

The Blood Demon Lord's face suddenly became extremely frightened, because he never expected that the commander-in-chief, who was seriously injured and dying, suddenly burst out with such terrifying power of thunder and lightning.

And you must know that the power of thunder between heaven and earth is specifically designed to restrain a race of dark creatures like the Blood Demon Clan.

Moreover, this kind of thunder power is released by the Thunder Ancestral Talisman among the legendary Heaven and Earth's Most Powerful Ancestral Talisman, and represents the most powerful and original thunder attribute power in thunder.

This kind of devastation is unimaginable and full of infinite destructive power.

Therefore, almost at this moment, even the Blood Demon Lord, who had turned into a giant monster tens of thousands of meters tall, was suddenly enveloped in the endless light of thunder and lightning, and his whole body was quickly destroyed.

That originally indestructible demonic body, under the destructive power of the Thunder Ancestral Talisman, could not withstand the terrifying light of thunder and lightning at this moment, and was being destroyed rapidly.

"ah!!"

The originally arrogant face of the Blood Demon Lord suddenly became extremely frightened and painful. He let out an earth-shattering howl and quickly asked for help from the two world masters not far away: "Help me quickly!! "

Chapter 1782 Annihilation

"Help me quickly!!"

The Blood Demon Lord was really panicking at this time, because he felt the crisis of death coming to him for the first time.

This feeling was something he had never felt before. Now that he felt the shadow of death, even a big figure like the Blood Demon Lord, who was a world lord, was trembling all over and feeling terrified inside.

Sure enough, no matter how powerful a being is, once it experiences a death crisis, it will always have a feeling of fear. I am afraid that only by achieving the legendary immortality can we completely separate ourselves from death, never die, and exist forever in the entire world. , eternal in heaven and earth.

"Thunder Ancestral Talisman!"

"It turns out to be the legendary ancestral talisman of the most powerful one in the world!"

Not far away, the two world masters, the Blood Sea Ancestor and the War Demon Emperor, saw the commander who looked like a thunder god at this moment, with looks of shock and fear in their eyes. ??

For demons like them, the power of the thunder attribute such as the Thunder Ancestral Talisman is really too great a threat.

At this moment, the rescue scene that the Blood Demon Lord expected did not appear.

On the contrary, after weighing the pros and cons, the other two blood demon world lords, the Blood Sea Ancestor and the War Demon Emperor, fled quickly towards the distance and disappeared in the blink of an eye.

"What?!"

Seeing this scene, the Blood Demon Lord's face suddenly became extremely ugly, and his eyes were filled with deep anger.

But there was a deep sense of powerlessness in his eyes. His teammates actually left him at such a critical moment, which really made the Blood Demon Lord angry and helpless.

"Boom!"

The commander-in-chief didn't care about anything at this time. He just focused on stimulating and stimulating the power of the Thunder Ancestral Talisman, releasing more terrifying and majestic thunder, lightning, and lightning.

The commander's only thought at this moment is to crazily activate the power of the Thunder Ancestral Talisman to permanently obliterate the Blood Demon Lord.

"No!"

\u003c

br\u003e "No!!"

The Blood Demon Lord was enduring endless pain amid the thunder and lightning, and he roared loudly, his tone full of reluctance and anger.

boom!

boom!

He struggled desperately, trying to break out of the shackles of the Thunder Ancestral Talisman, but the sea of thunder was too majestic, and there was also a commander covered in thunder and lightning, attacking him crazily.

In just a short moment, nearly half of the entire majestic Blood Demon Lord's true body had been destroyed.

He suffered heavy injuries and was about to be completely killed by the commander and the Thunder Ancestral Talisman.

"The Blood Demon Heavenly Sacrifice Technique!"

But suddenly at this moment, the Blood Demon Lord roared loudly.

He performed a very terrifying blood demon technique, and most of the remaining body suddenly exploded.

Uh-huh! Uh-huh! Uh-huh!

Then streaks of blood appeared on the spot, and each streak of blood was wrapped in a drop of blood.

That is the most original life essence and blood of the Blood Demon Lord!

At this time, tens of thousands of bloody lights were running wildly towards the surroundings.

Even the commander with the Thunder Ancestral Talisman was unable to stop the escape of the Blood Demon Lord's clone, which contained tens of thousands of blood rays.

"Oops! This Blood Demon Lord has actually successfully practiced the Blood Demon Heavenly Sacrifice Technique!"

The commander's eyes at this moment couldn't help but change suddenly.

Now even he didn't expect that the Blood Demon Lord could actually release such a powerful escape secret at a critical moment.

Once any drop of Blood Demon Lord's blood escapes, it will not be considered as truly killing the Blood Demon Lord.

Lord, the Blood Demon Lord can be reborn with just a drop of his original blood. Then the trouble will be quite big.

"Commander, let me help you! Although I can't defeat the Blood Demon Lord in my own form, he only has drops of blood left, so I should still be able to stop him!"

Suddenly at this moment, Ye Feng suddenly spoke out.

Uh-huh!

At this moment, Ye Feng grasped his big hand and pressed hard against the entire void in front of him.

"Great sealing technique!"

He performed the great sealing technique that Xiaoyao had taught him. .??.

Almost at the next moment, the entire void in front of Ye Feng was sealed.

Those drops of blood were instantly fixed in the void, unable to move at all.

If he were the Blood Demon Lord in his true form, he would definitely be able to break away from Ye Feng's great sealing technique very easily. After all, Ye Feng's current cultivation level is still far behind compared to the Blood Demon Lord.

But at this moment, the Blood Demon Lord, who exploded his body and turned into streaks of blood, was extremely weak.

The energy of every drop of blood is not powerful.

So at this time, Ye Feng's great sealing technique suddenly made them all fixed in the void, unable to move.

"Great sealing technique?"

At this time, the commander saw Ye Feng displaying such a powerful technique, and his eyes were slightly startled.

The Great Sealing Technique is an extremely powerful technique that ranks extremely high among the three thousand avenues of heaven.

This kind of heavenly art, even if it is ranked low, is very rare and rare.

Not to mention the great sealing technique, which is a very high-ranking heavenly technique.

So at this time, Ye Feng displayed the great sealing technique, which surprised the commander very much.

"This kid is starting to impress me more and more.

, what other secrets does he have? "

The commander couldn't help but chuckle at this time.

At this moment, among the drops of blood that were fixed in the void by the Great Seal Technique, the angry voice of the Blood Demon Lord came out: "What? This is the Great Seal Technique? The Great Seal Technique is the legendary The art of heaven can only be practiced by entering the supreme and vast divine realm. Boy, who are you, and how can you possess such a rare art of heaven?"

The Blood Demon Lord's voice at this time was filled with deep shock, anger and disbelief. He seemed to be unable to understand that Ye Feng, a human boy as weak as an ant, could actually have so many incredible trump cards. .

It's simply beyond everyone's imagination!

Ye Feng sneered at this time and said: "It doesn't matter who I am. What matters is you, the Blood Demon Lord. You are going to die and will be completely annihilated in this world!"

boom! !

The moment Ye Feng finished speaking, he stretched out his hand to grab it, and an extremely powerful force of devouring burst out from his hand, quickly swallowing up the drops of blood, absorbing the powerful energy in each drop of blood, and then absorbing his own On your body, you can strengthen your cultivation.

"No!!!"

The Blood Demon Lord howled in extreme fear.

But all to no avail.

Although the commander had just used the Thunder Ancestral Talisman to destroy a lot of blood.

But there were still a lot of drops of blood left at this time.

You must know that these drops of blood are the original blood drops of a great demon like the Blood Demon Lord who is comparable to the level of the Blood Demon Realm Lord.

Every drop contains vast energy.

At this time, they were all swallowed up by Ye Feng.

Ye Feng immediately felt that the energy inside his body was surging and earth-shaking changes were taking place!

Chapter 1783 Baron

At this moment, the violent power in Ye Feng's body was boiling.

He had just swallowed nearly hundreds of drops of Blood Demon Lord's original blood in an instant.

Every drop of original blood contains the extremely majestic energy of a world lord-level creature.

"Buzz!"

At this moment, Ye Feng's entire body began to swell.

Ye Feng was unable to digest this terrifying world lord level energy for a moment.

"Gululu!"

"Gululu!"

At this time, infinite energy, like a vast ocean, rapidly expanded in Ye Feng's body.

Ye Feng felt tremendous pain. This time he was greedy and swallowed all the remaining few hundred drops of Blood Demon Lord's original blood.

"Think of a way!"

At this moment, Ye Feng calls Xiaoyao in the Queen's Picture.

But Xiaoyao couldn't give any solution at this time.

Because this energy has begun to rapidly destroy and surge in Ye Feng's body.

If it weren't for Ye Feng's chaotic body being so powerful and solid, he might have been blown apart by the swelling and exploded to death.

Uh-huh!

Suddenly at this moment, the commander descended from high altitude.

At this time, he discovered something abnormal about Ye Feng.

The commander suddenly said: "Ye Feng, you are too impulsive. You have swallowed up all the remaining original blood of the Blood Demon Lord. This power is too terrifying, and your body is far from being able to contain it!"

This was not the first time Ye Feng encountered this situation.

But he didn't expect that even if only a part of the original blood was left in a world lord-level creature, its energy would be so majestic and terrifying.

At this time, Ye Feng immediately said: "Commander

, is there any solution now? "

The commander stared at Ye Feng, thought for a moment, and said: "Now we can only temporarily seal this majestic blood demon monarch's energy in your body. You can slowly refine this majestic energy in the future." The powerful energy of the Blood Demon Lord."

At this time, the commander immediately took action and slapped Ye Feng on the head.

"boom!"

An extremely majestic power, belonging to the commander-in-chief, was poured directly into Ye Feng's body from the palm on his head.

The commander's power, his incomparable majesty, his incomparable majesty and terror.

The moment he entered Ye Feng's body, the energy of the violent and destructive Blood Demon Lord in Ye Feng's body was immediately suppressed, and was compressed into every inch of flesh and blood in Ye Feng's body.

This process was very long and painful, but it was much better than Ye Feng exploding directly to death.

After the success, Ye Feng immediately breathed a sigh of relief, clasped his fists and said, "Thank you, Commander, for saving my life."

The marshal smiled, handed the Thunder Ancestral Talisman to Ye Feng, and then said with a smile: "You saved my life just now, so we don't need to thank each other, we should hurry up and get out of here."

As the commander spoke, he couldn't help but cough up some blood.

When Ye Feng saw this, his eyes were suddenly startled and he said: "Commander, how are you injured?"

The commander waved his hand and said: "It's not a big problem. Although I was seriously injured this time, I also gained a lot of insights from the battle with the three major realm lords of the Blood Demon Realm. Maybe I can go into seclusion after returning to the Imperial City this time. After a period of time, you will be able to completely break through the shackles of the five degenerations of heaven and man, and step into the legendary new realm. "

Ye Feng nodded

, said: "If the commander can break through, that is really great news."

The commander nodded slightly, stretched out a hand, grabbed Ye Feng's shoulder, then jumped up and disappeared directly from the spot.

Soon they returned to the exit of the interface channel where they entered the Blood Demon Realm before, and left the Blood Demon Realm directly.

"Buzz!"

The two traveled through the dark and profound interface passage and returned to the starry sky again.

After identifying a direction, they quickly flew towards the ancient continent.

The commander-in-chief has suffered heavy losses now, and he just wants to rush back to the imperial city of the ancient dynasty.

Because that's the safest place.

Therefore, the two of them didn't have any delays on the way. Half a month later, they returned to the imperial city of the Great Desolate God Dynasty.

After the commander came back, he immediately announced his retreat.

Ye Feng, on the other hand, returned to his private manor alone.

The large manor is still becoming more and more prosperous.

At this time, after Ye Feng returned, he directly entered his own training room without notifying anyone, and started to retreat like the commander.

This time Ye Feng went to the Blood Demon Realm, and the harvest was simply huge.

His cultivation level has been greatly improved, and he has directly rushed to the sixth level of the mythical realm.

You know, when Ye Feng set out a few months ago, his cultivation was only halfway to the mythical realm.

But in just a few months, it has improved so much.

During this trip to the Blood Demon Realm, they experienced a life-and-death fight of mutual help, and the relationship between Ye Feng and the commander was much better than before.

Ye Feng knew very well that the better the relationship with the commander, the greater the benefits to his future.

Once the commander breaks through to a whole new level

This time, I am afraid that even the emperor must be polite to the commander-in-chief.

It is said that the Lord Martial God of the Martial Arts Temple has entered a new level beyond the five declines of heaven and man, and is comparable to the masters in the divine world. He is very powerful.

At this time, Ye Feng recalled and sorted out the various encounters and gains from this trip, and then began to practice.

The focus of his current cultivation is naturally to work hard to continuously integrate the energy of the Marshal to suppress the Blood Demon Lord sealed in every inch of his body into his own cultivation.

Hundreds of drops of Blood Demon Lord's original blood are far more powerful than any high-quality elixir that can improve one's cultivation.

Therefore, the most important thing for Ye Feng now is to refining and completely absorbing the energy in the original blood of the Blood Demon Lord.

If he succeeds, Ye Feng knows that his cultivation level will once again experience a huge surge and improvement.

However, before Ye Feng had been in seclusion for a few days, a demonic voice came from outside: "Tell me, master, someone from the court has come and said that I will grant you the title of baron. Master, you have been promoted to the nobility!"

The demonic voice outside was a little excited and happy.

Because she knew very well that it was extremely difficult to obtain a title, even the lowest baron, in the imperial city of the ancient dynasty.

Because the prehistoric dynasty is now in a peaceful and prosperous era, it is really difficult to make achievements and accumulate meritorious deeds.

But Ye Feng still did it, accumulated enough merits, and was promoted to a baron!

Uh-huh!

Ye Feng also suddenly stood up in the secret practice room.

Because after becoming a baron, he becomes a noble and can have the privilege of freely entering the palace!

"It's time to see my mother. This time, I can enter the palace openly!"

Ye Feng felt a burst of expectation in his heart.

Chapter 1784 Biyou Palace

Uh-huh!

Ye Feng ducked out of his secret training room.

Outside, a demon dressed in red was waiting respectfully.

"See Master!"

When Yao Mei saw Ye Feng coming out, she immediately saluted respectfully.

Ye Feng nodded and said, "Take me to see the person who wants to knight me."

The demon immediately said respectfully: "Yes, master." .??.

As soon as the voice fell, the demon turned around and walked towards a certain direction of the large manor.

Ye Feng, on the other hand, followed behind the demon.

On the way, Ye Feng was thinking about entering the palace after becoming a baron.

After all, the main reason why Ye Feng worked so hard to come to the imperial city of the ancient dynasty in this ancient continent was to see his mother.

So now that there is this opportunity to meet, Ye Feng will naturally not waste this good opportunity.

When Ye Feng followed Yao Mei to a hall dedicated to receiving guests in the manor, he immediately saw a middle-aged man wearing eunuch clothes standing there.

Ye Feng stepped forward, clasped his fists slightly, and said, "I've met my father-in-law."

The father-in-law of the palace did not put on airs. After all, the person in front of him was a famous young night watchman in the entire imperial city. It was said that he was the current spokesperson of the Marshal.

The father-in-law also smiled and said politely: "Congratulations to Mr. Ye, congratulations to Mr. Ye. This time, under the recommendation of the commander-in-chief, and relying on Mr. Ye's impressive achievements in wiping out the remnants of the world, your majesty personally ordered, conferring the title of baron to Mr. Ye. From then on, Mr. Ye is no longer a commoner, but a noble in the imperial city, and can enter the palace at any time to attend the morning court. "

The father-in-law was speaking at this time, with a sense of wonder in his tone.

Because Ye Feng's age is really too young.

Moreover, it had not been long since Ye Feng joined the Night Watch, not even a year.

But even so, Ye Feng has already achieved

An impressive achievement that is difficult for countless people to achieve.

Although he has only been awarded the title of baron now, this father-in-law from the imperial palace knows that a young genius with unlimited potential like Ye Feng will definitely become a big shot in the entire imperial city in the future!

At this moment, Ye Feng took the baron's identity token from the hands of the father-in-law in front of him, as well as a golden imperial edict of appointment.

After the two chatted for a few words, the father-in-law stood up and left.

The demon stood next to Ye Feng at this time, very happy, and said: "Master, from now on you are a noble in this imperial city. From now on, some young people will no longer dare to do harm to our large manor, otherwise there will be consequences Extremely serious."

Hearing this, Ye Feng couldn't help but nodded and said: "In the imperial city, after becoming a noble, even if it is just a baron, the property under his command is protected by the privileges of the laws of the gods. During this period, I heard you say that many The big chambers of commerce in the imperial city began to secretly cause trouble and frame-ups because of our deal with the demon world, but now, after the news of my becoming a baron spreads, they will definitely no longer dare to engage in such small tricks. "

Ye Feng said, and then walked towards the outside of the manor, saying: "I want to enter the palace."

After saying that, Ye Feng's figure had disappeared.

With his current level of cultivation, when he left, even the demons couldn't see clearly how he disappeared.

The demon in place was dressed in red and looked graceful and beautiful.

But at this moment, her eyes showed a trace of loss and loneliness.

Because nowadays, although Ye Feng is becoming more and more powerful and his power in the imperial city is becoming more and more powerful, unfortunately he is getting busier and busier. The demon finds that the time for him and his master to talk is getting shorter and shorter. The less.

...

After Ye Feng left the big manor, he soon

I traveled through the entire imperial city and arrived at the gate of the palace.

At this time, Ye Feng stepped forward, and immediately two tall royal guards, wearing golden armor, appeared in front of Ye Feng and stopped Ye Feng.

A tall guard said: "Who is your Excellency? This place is already the center of the palace. All the rest of you should leave as soon as possible, or else we will arrest you and put you in a prison in accordance with the laws of the gods."

At this time, the tall guard seemed to feel the powerful martial arts momentum surging in Ye Feng. He did not directly yell at him to get out, but issued a warning.

At this time, Ye Feng took out the identity token he had just obtained and waved it in front of the tall guard.

"This is....."

The tall guard stared at the token in Ye Feng's hand. He was stunned at first, and then turned pale with shock. He clasped his fists and said, "It turns out to be the Baron! Come in quickly!"

A baron, even one with the lowest title, cannot be offended by a few guards guarding the palace gate, and must be treated politely.

At this time, Ye Feng smiled and nodded. This feeling was quite good. In the future, he would basically be respected by all kinds of people in the imperial city.

Uh-huh!

Uh-huh!

At this time, the two guards moved out of the way, allowing Ye Feng to walk directly into the palace.

Ye Feng was walking in the palace at this time, surrounded by extremely splendid and towering city wall buildings.

For Ye Feng, although this was not his first time coming to the palace, it was an upright one.

Along the way, there were also teams of imperial guards patrolling the area.

However, Ye Feng had the baron's identity token on him. Although he was interrogated several times, no one stopped him.

Soon, Ye Feng came to a deeper area of the palace.

In fact, ordinary nobles can no longer enter here.

But Ye Feng's cultivation level is very high

, he moved the space gem, and soon passed through a large area of buildings, arriving at the core of the palace.

Not far away, there is a palace called "Biyou Palace", which is where Her Royal Highness the Ninth Princess lives.

Ye Feng has already found out during this time that his mother's real name is Gu Youruo.

Although Biyou Palace is the place where Gu Youruo lives, it is also her place of imprisonment.

Ever since the royal scandal that happened more than three thousand years ago, the Ninth Princess was imprisoned deep in the palace under the wrath of the God Emperor and could never go out.

At this time, Ye Feng walked towards Biyou Palace, and his heart became more and more looking forward to it.

Even the eye sockets were a little red.

Because I will see my mother soon.

Uh-huh!

Ye Feng was alone and finally arrived at the gate of Biyou Palace.

At this time, there was not even a guard at the entrance of Biyou Palace.

It seems very deserted.

"Huh? Why is there no human aura?"

At this moment, after Ye Feng sensed it, his eyes were startled, and he immediately ducked into Biyou Palace.

But in this palace, there is no trace of human life.

"Where's my mother?"

At this moment, Ye Feng suddenly looked a little ugly.

But at the next moment, Ye Feng came to the depths of Biyou Palace and suddenly saw an old man wearing coarse linen clothes, standing under a pavilion with his back to him.

The back of the old man in coarse linen clothes looked very familiar to Ye Feng.

"Uh-huh!"

At this time, the old man in coarse linen clothes suddenly turned around, looked at Ye Feng, and said with a smile: "Boy Ye Feng, we meet again."

Ye Feng's eyes were shocked, and then he was so happy that he couldn't help blurting out: "Uncle Nan!"

Chapter 1785 Prince of Chaos

Uncle Nan!

Ye Feng never expected that he would meet Uncle Nan here.

The old man wearing coarse linen clothes not far away was Uncle Nan, whom Ye Feng had not seen for many years.

After Uncle Nan disappeared from Longyuan Continent to hunt down the Demon Emperor, Ye Feng almost never met this guardian again.

Before, Ye Feng thought that Uncle Nan was just a reclusive strongman.

Finally, after meeting his father's good brother Vulcan, Ye Feng realized that it was Uncle Nan who gave him a second life when he was able to live a new life, and he was still hiding in the small Ye clan, waiting silently. The awakening of one's own life.

Therefore, Ye Feng has great respect for Uncle Nan in his heart, and also has a deep affection for him.

It can be said that besides his parents, Ye Feng has the deepest feelings for Uncle Nan.

"Boy Ye Feng, I'm very pleased that you have grown to this extent after not seeing you for so many years."

Uncle Nan walked over from not far away and said to Ye Feng with a smile.

"Uncle Nan!"

Ye Feng was about to say something, but suddenly at this moment, he seemed to notice something, and his expression immediately changed. He stretched out his hand, held Uncle Nan's shoulder, and said: "Uncle Nan, you How come all your cultivation is gone?"

Uncle Nan smiled helplessly and said: "I was crippled by the Chaos Gods. Not only was my cultivation gone, but the blood of the Chaos Gods flowing in my body was completely drained."

"What?!"

Ye Feng's eyes suddenly became extremely frightened and angry.

After hearing Uncle Nan tell such a tragic experience, I watched helplessly as the old man in front of me was already decaying, in danger, and could fall at any time.

Uncle Nan, who was so powerful back then, has become like this now.

Ye Feng immediately surged with endless anger in his heart.

He stared at Uncle Nan, his eyes were red, and shouted: "Uncle Nan! Tell me! Who did it?"

Uncle Nan sighed and said: "I am the son of the Chaos God King, the commander of the Chaos God Clan from the God Realm. The Chaos Prince of the Chaos God Clan deposed me."

When Ye Feng heard this, he was immediately horrified and said, "What? The Chaos Gods from the God Realm have come here?"

As soon as he finished speaking, Ye Feng looked at the empty Biyou Palace and immediately understood something. His expression changed and he said, "Mother was taken away by the Chaos God Clan?"

Uncle Nan nodded and said: "Your mother's Chaos bloodline has mutated and become very powerful. It seems that the oldest bloodline talent of the Chaos God Clan has been awakened.

Therefore, the Chaos God King of the Chaos God Clan is in the distant God Realm. Sensing your mother's powerful blood talent, the Chaos God King sent the Chaos Prince to come here in person from the God Realm, and took your mother away to the God Realm. Your mother became the Chosen Daughter of the Chaos God Clan. The future is bright.”

When Ye Feng heard what Uncle Nan said, his eyes suddenly froze and he said: "Then why did the Prince of Chaos want to destroy you, Uncle Nan, and also extract the blood of the Chaos Gods from you, Uncle Nan?"

Uncle Nan sighed and said: "Because the Chaos Gods have rules and the blood of the Chaos Gods cannot be spread in this low-level universe. The Chaos God King is afraid that the blood of the Chaos Gods will spread to the universe, and then another Chaos Emperor will appear. The bloodline heirs will threaten the Chaos God King's status in the God Realm.”

Ye Feng's eyes were startled and he said: "But Uncle Nan, can't you just follow them to the God Realm?"

Uncle Nan smiled helplessly, with a hint of heroism in his tone.

Years of desolation, said: "In order to reshape your body and change your fate, I have already suffered heavy losses. Almost all my cultivation and talents have been ruined. The Chaos Gods never bring waste back to the God Realm. If it weren't for your mother's hard request, the Prince of Chaos might have killed me directly. At the very least, I saved a life. This life is of some use. It can remind Ye Feng that the Chaos Gods in the God Realm are very important. Sinister, you have the blood of Chaos, so you must not be known by the Chaos God Clan. This is why, although your mother loves you very much and is reluctant to leave you, she still left with the Chaos God Clan and didn't even say hello to you. Call me, because your mother is here to protect you. The people of the Chaos God Clan don't know that in this vast universe, there is a young man who is the bloodline of the Chaos God Clan. Moreover, he has also awakened the power of the Chaos God Clan. talent."

Ye Feng heard Uncle Nan's words and understood everything.

"Chaos God King!"

"Prince of Chaos!"

"How cruel!"

"I must make them pay!"

"Uncle Nan, don't worry. No matter how powerful and terrifying the Prince of Chaos is, one day in the future, I will definitely make that Prince of Chaos kneel in front of you, Uncle Nan, and kowtow to you to admit your mistake!"

Ye Feng spoke word by word, his tone full of monstrous anger and endless cold murderous intent!

Uncle Nan has a huge kindness to him. It can be said that without Uncle Nan, Ye Feng would not be where he is today.

Therefore, Uncle Nan was treated so cruelly, which filled Ye Feng with endless anger. This kind of thing must not be tolerated!

Uncle Nan is very aware of the power of the Chaos God Clan. They are an invincible super race in the God Realm, and they are the top super race among the top 100 God Clan in the God Realm.

Uncle Nan remembered very clearly that when the Prince of Chaos and his group arrived at Biyou Palace, they were received with sincerity and fear by the emperor of the Great Desolate Dynasty and the Lord Martial God from the Martial Arts Temple.

But Uncle Nan looked at the indignant young man in front of him, his eyes were red, he patted Ye Feng on the shoulder hard, and said: "Okay! Okay! Okay! I believe you!"

At this time, Ye Feng stared at Uncle Nan, and immediately stretched out his hand, pressed on one of Uncle Nan's arms, and began to input skills into Uncle Nan, and said: "Uncle Nan, I will help you cleanse the menstrual marrow again, so that you can The old body is revitalized!"

Ye Feng is a body of chaos. The power of practicing the Chaos Heavenly Emperor Art is very pure and has the power of creation. It can help Uncle Nan reshape his body. Even if the chaos bloodline in Uncle Nan's body is drained, Ye Feng can make it Uncle Nan became a master again.

At this time, Uncle Nan sensed Ye Feng's skill, and his eyes suddenly turned pale with shock, saying: "This is not the power of creation of the God of Creation, but the Holy Power of Chaos! The Holy Power of Chaos can only awaken the lineage of the legendary Chaos God King. Only with the

blood of the God King can you cultivate it! Boy Ye Feng, have you awakened a bloodline inheritance technique that is more powerful than the Divine Art of Creation?"

Ye Feng nodded and said: "Uncle Nan, how do you know? After I came to the second universe, I awakened the bloodline technique that surpassed the Divine Art of Creation, called the Chaos Heavenly Emperor Art."

When Uncle Nan heard this, his face was horrified, and then he was overjoyed. Even this old man who had experienced countless vicissitudes could not help but excitedly said at this moment: "Chaos Heavenly Emperor Technique! Chaos Heavenly Emperor Technique! That is the awakening of Chaos God King The Chaos God Clan's most terrifying and top-notch bloodline inheritance technique cannot be matched by the Chaos God King! Boy Ye Feng, you must not spread this news to the outside world, let alone this small universe. Even if there are many gods and demons in the vast divine world, countless ancient beings will come to snatch the Chaos Heavenly Emperor Technique from you!"

Chapter 1786 The Commander's Voice Transmission

At this time, looking at Uncle Nan's excited and nervous expression in front of him, Ye Feng was a little shocked that the Chaos Emperor Technique he had awakened was so powerful.

Ye Feng knew that Uncle Nan had always been a very calm and powerful man.

Although Uncle Nan's cultivation has been abolished, his state of mind is still that of the strongest.

But even so, at this moment, Uncle Nan's expression still changed drastically, and he acted too indifferently.

This made Ye Feng begin to understand what kind of terrifying inheritance and existence the Chaos Heavenly Emperor Technique he had awakened was, enough to make the entire Supreme God Realm go crazy.

At this time, Ye Feng continued to input his power into Uncle Nan's body.

Ye Feng seemed to have thought of something at this time, and Ye Feng suddenly said: "Uncle Nan, you are also a member of the Chaos God Clan, so I will transfer some of my Chaos God Clan to you, so won't you be able to regain the talents of the Chaos God Clan? "

Uncle Nan immediately gave a bitter smile and said: "It's not that simple. If your method is feasible, then the whole world will be filled with the blood of the Chaos Gods. I was deprived of the blood of the Chaos Gods. From now on, I will no longer be able to accommodate the blood of the Chaos Gods." , if I were forcibly integrated, I might explode and die, because my current body is that of an ordinary person and cannot accommodate the supreme bloodline of the Chaos Gods. "

Hearing this, Ye Feng couldn't help but said with firm eyes: "Uncle Nan, don't worry, even if you can't restore the bloodline of the Chaos God Clan, then I will definitely find other powerful bloodlines in the future to help you reshape your body, so that you will have a body that is not weaker than Chaos." The bloodline talent of the gods!"

This is Ye Feng's promise, extremely firm.

Uncle Nan's eyes were filled with relief when he saw Ye Feng like this.

After so many years, the young man in front of me has not changed, and he still values friendship so much.

At this time, Ye Feng said: "Uncle Nan, follow me out of the palace and live in my large manor."

Uncle Nan nodded and said: "

Okay, anyway, there is no point for me to stay in the palace now. I might as well go to your place and practice slowly. Although all my cultivation and blood talents have been deprived of me, I still have the ambition to be able to Continue to practice and return to the top. "

Ye Feng saw that Uncle Nan, as an old man, was not discouraged, and immediately said happily: "Uncle Nan, you are right! As long as people are alive, there is still hope, and you must not be discouraged at any time!"

After saying that, Ye Feng took Uncle Nan directly and left the palace.

Soon they returned to the hacienda.

Looking at the prosperous large manor, Uncle Nan was very surprised and said: "I didn't expect that in this short period of time, you have developed your power to such a prosperous level. I am really impressed."

Ye Feng smiled, with a rather proud expression on his face, and said: "Uncle Nan, since I came to the Imperial City, I have been walking on thin ice. The crisis is too great, so I think about it all the time. It's to improve my own strength and develop my own forces, so I was able to build such a huge force in a short period of time."

Having said this, Ye Feng looked at Uncle Nan beside him and continued: "So, Uncle Nan, you will rest and recuperate in my private manor. I will definitely find a way to reshape your body and give you a new body." You have a different top talent."

Uncle Nan smiled and said, "Okay, I'm waiting for your promise, Ye Feng."

At this time, Ye Feng took Uncle Nan into his private manor.

Then he asked Yao Mei to arrange a place for Uncle Nan to live.

Next, Ye Feng came to his secret practice room alone.

In the next time, he was going to refine all the original blood energy of the Blood Demon Lord in his body.

In the slightly dark training room.

Ye Feng sat cross-legged.

At this moment, he quickly ran the Chaos Heavenly Emperor Technique and began to refine and absorb the blood energy of the Blood Demon Lord suppressed everywhere in his body by the commander.

"boom!"

"boom!"

"boom!"

Next, Ye Feng did not refine everything at once, but refined blood drop by drop.

In this case, Ye Feng's body will not generate an unbearable amount of energy in an instant, and he will be able to slowly and steadily increase his cultivation skills.

"Buzz buzz..."

At this moment, the power in Ye Feng's body is growing rapidly.

As drops of blood of the Blood Demon Lord were refined, Ye Feng gained huge amounts of power.

"boom!"

Breakthrough to the seventh heaven of mythical realm!

"boom!"

The eighth level of the mythical realm!

"boom!"

The ninth level of the mythical realm!

At this moment, Ye Feng's momentum finally stopped.

At this time, Ye Feng opened his eyes, and there was an extremely bright divine light shining in his pupils.

"Finally completely refined! It actually allowed me to break through the third heaven in a row and step into the ninth heaven of the mythical realm."

Ye Feng couldn't help but murmur, with a look of happiness that couldn't be concealed in his eyes.

"Uh-huh!"

Suddenly at this moment, a talisman flew over from outside the secret practice room.

this is one

The black talisman is the telegraph talisman.

"Is this the commander's exclusive transmission talisman?"

Ye Feng's eyes moved and he immediately took the talisman.

The commander's voice suddenly came from inside: "Come to the Night Watch Headquarters quickly."

The commander's tone seemed to be anxious.

Ye Feng's eyes couldn't help but show doubts.

The commander was so anxious to send him to the Night Watch headquarters. Could it be that something big had happened?

Thinking in his mind, Ye Feng stood up and walked towards the secret practice room.

He walked out of his private manor and soon came to the Imperial City Street.

Ye Feng was very fast and arrived at the Night Watch headquarters area in a blink of an eye.

He went directly to the ninth floor pavilion and saw the familiar black-armored figure of the commander standing there.

At this time, the commander saw Ye Feng arriving and couldn't help but look surprised and said: "You have made a breakthrough again in the past few days? You have reached the ninth level of the mythical realm. It seems that you have refined all the blood of the Blood Demon Lord in your body. "

Ye Feng clasped his fists slightly and said: "Yes, I did refine and absorb the blood of the Blood Demon Lord, and it became the nourishment to strengthen my cultivation."

The commander was very surprised by Ye Feng's inheritance.

But he didn't ask any more questions, but changed the topic and said: "I asked you to come here this time because of a very important matter. It is said that in the imperial city of our prehistoric dynasty, high-ranking people from the divine world will descend recently. Man, this master came to our universe to select potential disciples for a big figure in the God Realm behind him. Ye Feng, I understand your qualifications. They are very powerful. I hope you can join me when the time comes. , enter the palace, and if you can be selected by that expert, then you can follow that expert into the God Realm, and you can also become the subordinate of a big shot in the God Realm, and your future will be bright. "

#### Chapter 1787 Temple Map

After the commander finished speaking, Ye Feng's expression suddenly became extremely wonderful.

A person coming from the God Realm wants to select a disciple with unlimited potential, enter the God Realm, and worship under the command of a big shot in the God Realm?

This made Ye Feng's mind suddenly become more active.

If you can really be selected by an expert from the God Realm, it will be even better than following the gods and ascending to the God Realm yourself.

Because if he takes the initiative to ascend to the God Realm, even if he reaches the God Realm, he will still be alone and may be in great danger at any time.

After all, the God Realm is the most supreme and vast super interface in the heavens, and there must be countless powerful people.

If you can be selected by a big shot in the God Realm, then you can not only enter the God Realm, but also directly gain the protection of a big shot, which is great!

At this time, Ye Feng pondered for a moment, and then said: "Commander, this is indeed a once-in-a-lifetime opportunity, an opportunity to soar into the sky."

When the commander heard what Ye Feng said, he immediately smiled and said: "It's best for you to think so. Go back and prepare. That master from the God Realm should come to our ancient dynasty in the near future. In the palace, Ye Feng, during this period of time, you should adjust your state, strive to improve your cultivation, and strengthen your talents. When the time comes, an expert from the God Realm may be able to take a fancy to you. After all, you come from God. The big names in the world must have very high standards, but I believe in you. After all, in my opinion, your talent is probably the most powerful in our ancient dynasty. "

Hearing this, Ye Feng nodded slightly and said: "I will definitely work hard to improve my cultivation during this period and adjust my condition to the best possible condition."

After saying that, Ye Feng turned and left.

Soon he returned to his private estate.

The secret information provided by the Marshal this time is indeed very confidential and very important.

After Ye Feng walked into the private manor, he went directly to Uncle Nan's residence and told Uncle Nan about the matter.

Uncle Nan was very happy when he heard this and said: "This is a good opportunity for you. If you can be selected by a big shot in the God Realm, you will be able to enter the God Realm directly without having to go to so much trouble. Moreover, if you are selected by the people sent by that big shot, no one will dare to have bad thoughts in your private manor in the imperial city in the future. Even the emperor of the prehistoric dynasty will not dare to do anything to you. How about building a large manor, and even directly conferring you the most distinguished noble title, just to win over you. "

Uncle Nan's words inspired Ye Feng.

yes!

If you are chosen by a big shot in the God Realm, your status will rise.

Even the emperor would be in awe of himself.

Because he has joined the powerful forces of God Realm.

Those great powers in the God Realm would probably be aloof beings after they came to the Great God Dynasty.

After Uncle Nan said this, Ye Feng became more and more looking forward to the selection of talents from the masters sent by the big figures in the God Realm.

This is indeed an opportunity to soar into the sky, and it can also protect the private estate he established after he leaves the ancient dynasty.

However, before leaving at the Night Watch headquarters, the commander told Ye Feng that although he was extremely talented, his cultivation level was still a bit too low.

"No matter how talented I am, I'm afraid I have to at least break through to the next level of the mythical realm before I can enter the eyes of masters in the divine realm."

Ye Feng murmured, but he couldn't break through so much in a short period of time.

Even if the most powerful person gives him a cultivation initiation, or if he goes crazy to kill the demons, he still won't be able to survive in just a short period of time.

It would be too difficult to directly break through to the supreme realm within a short period of time.

"what can we do about it?"

"This is a once-in-a-lifetime opportunity. You must not miss it. You must be fully prepared."

Ye Feng secretly murmured in his heart, and then he suddenly seemed to think of something, and his eyes suddenly lit up: "That's right! The two beggars I rescued before are said to be from the God Realm and are descendants of the God Clan. The old man said that they He knows a big secret, he knows about the place where the palace of the God Realm fell."

Thinking of this, Ye Feng stopped wasting time and immediately went to find the old man who was a descendant of the God Clan.

The old man's name is Lao Zhang, and he is now the apparent butler of the large manor.

When Ye Feng found Lao Zhang, Lao Zhang happened to have a happy face. The moment he saw Ye Feng, he couldn't help but said: "Master Ye Feng, what a great news. After such a long time of hard work, it's finally... I have determined the place where the palace of the God Realm God I mentioned originally fell."

When Ye Feng heard this, his eyes were immediately overjoyed and he said, "Have you found the specific location?"

Lao Zhang nodded vigorously and was very excited, saying: "The hard work pays off, God bless you Lord Ye Feng, I finally found the place where the palace of the god Lord fell. There must be a great secret in it." "

When Ye Feng heard what Lao Zhang said, he hurriedly said: "Then tell me where that position is. I am in urgent need of opportunities right now." ??

Lao Zhang nodded and took out an animal skin map from his arms, with many routes densely marked on it.

At this time, Lao Zhang spoke up and said: "Master Ye Feng, I have clearly described the specific location where the palace of the god Lord fell, including how to get to that area, on this animal skin map. "Master Ye Feng, you can reach the final location just by following the route on the map in this chapter."

Ye Feng took it

The animal skin map patted Lao Zhang on the shoulder and said with a smile: "Thank you for your hard work."

Lao Zhang immediately said respectfully: "Master Ye Feng took us in, and since I am capable, I will naturally devote myself wholeheartedly to Master Ye Feng."

Ye Feng nodded, feeling that he had done the right thing by taking in the old man and the young boy.

At this time, Ye Feng took the animal skin map and walked directly towards the outside of the manor.

For Ye Feng, nothing is important now, except improving his cultivation and talents.

So at this time, Ye Feng took the animal skin map directly to find the place where the palace of the God Realm's God fell.

Although I don't know what level of powerhouse the divine king in the divine world is, he must be a very terrifying super being.

If Ye Feng can gain something from the fallen palace, he will be more confident about this talent election.

Uh-huh!

Soon Ye Feng walked out of the imperial city, looked at the map in his hand, and ran quickly in a certain direction.

At this moment, a dozen figures suddenly appeared at the entrance to the imperial city.

These dozen figures were all wearing coarse linen clothes and looked very ordinary.

But upon closer inspection, the aura of cultivation on each person's body was extremely powerful, surging to an extreme.

And among these dozen figures, there was one person whose face looked extremely familiar, and he turned out to be the prince!

The prince stared at the direction in which Ye Feng was going, and said to a group of experts around him: "This time I spent a lot of money to invite you, a group of top killers, for the purpose of killing the young man just now. I am only allowed to succeed, not fail." !"

A killer sneered and said: "Your Highness, don't worry, the dozen of us are all supreme masters, we can definitely kill that kid completely!"

Chapter 1788 Northern Polar Region

Ye Feng went to the place where the palace of the God Realm's God fell, and he went alone.

It was too important to find this palace this time, and it involved a divine king from the divine realm. It was very important, so Ye Feng didn't tell anyone.

And now Ye Feng's own cultivation strength is already very powerful and powerful.

Therefore, Ye Feng chose to go alone this time. His own strength should be enough.

Ye Feng followed the guidance of the animal skin map in his hand and soon arrived at the edge of the ancient continent.

This is the northern pole of the ancient continent. The entire land is covered with ice and snow, and the air is so cold that it looks like it will freeze at any time.

At this time, Ye Feng stepped forward, but he didn't feel cold at all.

Because with his current Qi, blood and skill, his body is like a big oven, burning strong Qi and blood at all times, generating surging heat, and he is not afraid of any severe cold at all.

Even where Ye Feng was walking, the cold and snow around him was melting rapidly, turning into drops of water flowing on the ground.

At this moment, Ye Feng looked at the animal skin map in his hand and soon came to the final location marked on the map.

This is already the deepest area in the northern polar region.

Uh-huh!

At this time, Ye Feng jumped to the top of a huge glacier, and he looked into the distance.

In his field of vision, he saw ruins appearing on the ground in a snowstorm in the distance.

Among the ruins, a huge palace fell to the ground, looming in the wind and snow.

"That should be the temple of that divine king!"

Ye Feng's eyes were filled with joy and he immediately flew away in that direction.

At this time, there was a place far behind him.

The prince, with a group of supreme killers, was struggling to cross a land of ice.

At this time, the prince's eyes were extremely ugly. He stared at the vast white world of ice and snow in front of him, his eyes were gloomy, and he said: "Why did you lose him all of a sudden?"

A group of top killers were also a little helpless and said: "Your Highness, there is nothing we can do. We have investigated Ye Feng. He is not only a powerful warrior, but also a very powerful soul master. We cannot follow him too closely, otherwise He would be discovered, so we needed to follow him from a distance, but we didn't expect him to come to this northern polar region. The sky is full of wind and snow, which interferes with sight and tracking, so we lost him. "

When the prince heard this, he couldn't help but look sad and said: "Then what should we do now?"

A killer came out, holding a strange Bagua disk in his hand, and said: "Don't worry, Your Highness, we have other tracking methods. The ancient disk in my hand can locate the approximate location of Ye Feng. We just need to follow him." , you will know if you search carefully."

The prince nodded, and the ugly look in his eyes disappeared a little. He smiled sinisterly and said: "If I hadn't wanted to know what kind of opportunity Ye Feng came here to find, I would have killed him long ago! But this time, he will definitely die! Not only did I gather a dozen top killers from the Supreme Realm, I also contacted a group of senior officials from the Kingdom of Ten Thousand Demons. They will also go here to surround and kill Ye Feng. This time Ye Feng You will never be able to escape the wind!"

...

At this time, Ye Feng was alone and had arrived at the edge of the ruins not far away.

At this time, in front of him was a majestic ancient palace,

Collapsed in ruins.

The surface of this palace is completely covered with a thick layer of ice. It has obviously been here for a long time, so it is almost frozen.

It can be seen through the ice that this palace is not complete. It was broken into pieces. Only the main palace is left. There are huge cracks on the surface of the palace, and there are various signs of damage on it. , looks shocking.

At this moment, Ye Feng wasted no time, quickly emitted soul power, and soon found the entrance to the ancient palace in front of him.

At this moment, Ye Feng immediately walked over and saw the palace door, which was also covered with a thick layer of ice.

"boom!"

Ye Feng directly punched out, and a shocking roar sounded instantly. The ice on the door in front of him shattered and exploded into countless pieces of ice, scattering on the ground.

Buzz!

At this moment, an ancient palace that had been isolated from the world for endless years came to life again.

A vicissitudes of ancient atmosphere emanated from the gate of this ancient palace.

At this time, Ye Feng's eyes became sharp and his whole body became alert.

Although this temple contains the opportunity of a divine king from the divine realm, it may also contain huge dangers.

So at this time, Ye Feng was always on alert, his muscles tense, and he was in a state where he could launch a terrifying attack at any time.

"Pap, tap..."

In the main hall, there was only the sound of Ye Feng's footsteps at this moment.

What made Ye Feng a little dumbfounded was that the entire hall was actually empty.

There is only a statue at the top of the hall, and a lamp is lit below the statue.

It was an oil lamp. Endless years had passed, but it was still burning at this time. The light was like a bean, and it looked extremely shocking.

"Is this a magic lamp?"

Ye Feng stepped forward and was about to reach out his hand to touch.

"Buzz!"

But suddenly at this moment, a terrifying and majestic divine thought appeared in the entire hall.

At this moment, Ye Feng saw it.

From the small oil lamp, a young man in white clothes stepped out.

Although this young man is a shadow, it can be seen that he looks as rich as jade and has an unparalleled aura.

At this time, Ye Feng instinctively wanted to retreat, but he found that he could not retreat.

The young man in white had a pair of eyes as bright as stars. He immediately stared at Ye Feng in the hall and said: "Chaos God Clan? In such a low-level universe, the descendants of Chaos God Clan can actually appear? They seem to be very young. "

At this time, the young man in white clothes was murmuring, and Ye Feng was shocked when he heard these words.

This divine king could actually see his bloodline inheritance at a glance?

As expected of a divine king in the divine realm, he is truly terrifying.

At this time, Ye Feng felt more and more that the strong men in the God Realm were really terrifying.

However, such a god-king level existence is probably an extremely powerful figure even in the God Realm.

At this time, Ye Feng was silently running the space gem, ready to break through the space constraints and escape at any time.

Although the mysterious divine king in front of him was only a shadow, he still possessed a terrifying power that he could not contend with. Ye Feng went to the place where the palace of the God Realm's God fell, and he went alone.

Chapter 1789 White Dragon God Lord

Buzz!

At this moment, the atmosphere in the hall was a little tense.

Ye Feng was staring at the phantom of the Divine Lord at this time, the look in his eyes flickering.

Suddenly at this time, the phantom of the god Lord said: "What's your name?"

Ye Feng replied: "Ye Feng."

"Ye Feng?"

The Lord Shen nodded and said: "Ye Feng, are you willing to do me a favor? As long as you do me this favor, you will get a great fortune."

help?

Great fortune?

When Ye Feng heard this, his eyes suddenly lit up with joy, and he quickly clasped his fists and said, "Sir Lord, please tell me, as long as this junior can do it, I will definitely try my best to help Lord Shen fulfill his last wish!"

"good."

The phantom of the Divine Lord nodded, and then his eyes became a little misty, as if he was recalling something from the past, and said: "I am known as the 'White Dragon Divine Lord' in the Divine Realm. Although I am not an earth-shattering person in the Divine Realm, A big shot, but quite famous. I created a force called the 'White Dragon Temple'. Unfortunately, hundreds of years ago, I went out alone to look for opportunities, but my enemies plotted against me. The battle was fierce, and the world was shattered. In the end, I was knocked out of the God Realm and fell into the low-level universe you are in at this time. Unexpectedly, I was waiting for a destined person. "

The destined person mentioned by the White Dragon God is naturally Ye Feng.

The reason why he chose Ye Feng was probably because he had seen through Ye Feng's Chaos God Clan bloodline.

The White Dragon God knows that if you want to fulfill your last wish, you must have extremely terrifying talents to transcend this low-level universe and enter the vast world of God Realm.

So after seeing through Ye Feng's bloodline talent, the White Dragon God was very happy. He finally found someone who could fulfill his last wish.

At this time, Ye Feng asked: "Senior White Dragon God Lord, what is the last wish you mentioned, and what help do you need from this junior?"

The White Dragon God said: "As I said just now, I still have a big force in the God Realm, which I created myself, called the White Dragon Temple. My last wish is that you, Ye Feng, can inherit my strongest power. The 'Ancient Dragon Soul Technique' was brought back to the God Realm and taught to the current new master of the White Dragon Temple."

When Ye Feng heard this, his eyes were suddenly startled and he said: "The Ancient Dragon Soul Technique, the most powerful inheritance at the level of a god!"

Ye Feng didn't know what kind of existence a powerful person at the divine king level was like in the divine world.

But according to what the White Dragon God Lord just said, a strong person at the level of a god king, even if he is not a big shot in the God Realm, is definitely not a weakling, but a master.

At this time, Ye Feng said: "Senior Bailong, how can this junior bring your most powerful ancient dragon soul skill into the divine world?"

The White Dragon God smiled slightly and then said: "You are a Chaos God Clan and can learn the inheritance of any attribute in the world. Therefore, as long as you learn the Ancient Dragon Soul Technique, you can teach it to the current temple of the White Dragon Temple. Lord."

At this time, the White Dragon God Lord said, and then suddenly stretched out a finger and touched Ye Feng's eyebrows.

"Buzz!"

Almost at this moment, Ye Feng immediately felt a very huge spiritual message transmitted into his mind.

At this moment, Ye Feng forcibly accepted a very majestic and vast inherited spiritual thought.

If Ye Feng's soul hadn't been extremely powerful, he would have been in great pain.

At this time, after the transmission of the White Dragon God Lord was completed, his entire shadow became almost transparent.

He finally said: "Ye Feng, please, I have sent a distant spiritual mark through the air to the current palace master of the God Realm. When you see him, teach him the Ancient Dragon Soul Technique. He will follow my orders and give you a great blessing!"

The White Dragon God still seemed uneasy, so after teaching Ye Feng the Ancient Dragon Soul Skill, he sent a message to the current master of the White Dragon Temple through the endless interface.

That is, as long as Ye Feng sees the current palace master in the God Realm, the current palace master must give Ye Feng a great blessing.

At this time, Ye Feng looked at the dimming shadow of the White Dragon God Lord, smiled slightly, and said: "Senior Bailong, don't worry, even if you don't need a great creation to attract me, I will send the Ancient Dragon Soul Art back to you. With your power, you have given me a huge reward by teaching me the Ancient Dragon Soul Skill."

At this moment, Ye Feng looked at the oil lamp in the hall.

The oil lamp was still burning, and the wick was burning with flames. After Ye Feng got closer, he found that his soul was warm, and his soul was actually growing.

"This is a treasure in the God Realm, called the 'Soul Burning Lamp', which can protect and strengthen a person's soul."

Xiaoyao in the Queen's picture spoke up.

"Soul-burning lamp? What a good thing."

Ye Feng immediately refined this ancient oil lamp and entered it into the world of his mind and soul.

At this moment, Ye Feng could see inside his soul that an oil lamp was burning quietly in his soul, continuously strengthening his soul power.

But what Ye Feng cares about most at this time is the ancient dragon soul skill taught to him by the White Dragon God.

This ancient dragon soul skill is a powerful inheritance at the level of a god.

This is not only a mission item that Ye Feng wants to send back to the White Dragon Temple in the God Realm, but it also has a huge effect on Ye Feng himself.

The Ancient Dragon Soul Technique, this supreme inheritance, probably does not have such an advanced technique inheritance even in the entire prehistoric divine dynasty universe.

"Buzz!"

Ye Feng closed his eyes at this time and began to understand the ancient dragon soul skill that the White Dragon God had imprinted on his soul.

At this time, Ye Feng suddenly transformed into a huge white dragon soul, filled with infinite dragon power and possessing huge energy impact.

"Uh-huh!"

The next moment, Ye Feng completed his power, and the white dragon soul once again turned into Ye Feng's true body.

"The moment I turned into a white dragon, my combat power increased by at least a hundred times!"

Ye Feng felt the difference in combat power between the front and back, his eyes filled with huge surprise.

You know, this is just Ye Feng's current superficial application of the Ancient Dragon Soul Skill, it's just a transformation.

But it has already increased Ye Feng's combat power by a hundred times!

"As expected of the divine king's inheritance from the divine world, it's so amazing."

Ye Feng couldn't help but murmur at this time.

In any case, this trip to the Ancient Dragon Soul Skill, Ye Feng knew that his qualifications had been enhanced again.

Well worth the trip!

At this time, Ye Feng suddenly seemed to have thought of something, and suddenly asked in the Queen's Picture: "By the way, Xiaoyao, when I first came to the Imperial City of the Ancient God, you said that you had a big enemy hidden in the Imperial City. "Zhong, tell me who it is. Before I go to the God Realm, I'll see if I can kill your enemy." "Buzz!"

At this moment, the atmosphere in the hall was a little tense.

Ye Feng was staring at the phantom of the Divine Lord at this time, the look in his eyes flickering.

Suddenly at this time, the phantom of the god Lord said: "What's your name?"

Ye Feng replied: "Ye Feng."

"Ye Feng?"

The Lord Shen nodded and said: "Ye Feng, are you willing to do me a favor? As long as you do me this favor, you will get a great fortune."

help?

Great fortune?

Hearing this, Ye Feng's eyes suddenly lit up with joy, and he quickly clasped his fists and said: "Sir Lord, please tell me, as long as this junior can do it, I will try my best to help Lord Shen fulfill his last wish!"

"good."

The phantom of the Divine Lord nodded, and then his eyes became a little misty, as if he was recalling something from the past, and said: "I am known as the 'White Dragon Divine Lord' in the Divine Realm. ## Chapter 1790 What I Said

After Ye Feng finished speaking, Xiao Yao in the Queen's picture was a little surprised and said: "Why do you ask this question all of a sudden? I will go to the God Realm with you, and there is no need to get rid of my great enemy."

Ye Feng shook his head and said: "The God Realm is too vast and supreme, with countless powerful people and boundless terror. Even if I can join the power of a big shot in the God Realm, it will definitely be extremely dangerous. And when I go to the God Realm, in addition to meeting me Mother, I still want to avenge Uncle Nan, and I have to fight against the super-large race of Chaos Gods that stands at the pinnacle of the entire God Realm. Therefore, it is very dangerous. I will not take anyone with me to the God Realm. I don't want to You guys come on an adventure with me."

When Xiaoyao heard this, she couldn't help but said in a anxious tone: "Then what should I do?"

Ye Feng smiled and said: "Don't worry, I will place you, Senior Taotie, and the goddess Bing Mengling from the Kingdom of Ten Thousand Demons in the large manor in the imperial city, so I want to place you, Xiaoyao, in the big manor in the imperial city before leaving. Get rid of the enemy I mentioned before."

Hearing this, Xiaoyao couldn't help but said: "But, I am reluctant to leave Ye Feng."

Ye Feng smiled slightly and said: "It's not like I won't come back. Once I avenge Uncle Nan and bring my mother back, I can live peacefully in this universe. By the way, I'll keep you." There is still an important task for you in the large manor." .??.

Xiaoyao asked: "What important task?"

At this time, Ye Feng took out an ice coffin from his storage ring and put it into the Queen's Picture.

At this time, Ye Feng's spiritual body also entered the Queen's picture.

Buzz!

Xiaoyao also turned into a little girl and stood next to Ye Feng, the spiritual body.

At this time, Ye Feng stared at the ice coffin in front of him, with a rare tenderness in his eyes.

At this time, there was a beautiful young woman frozen in the ice coffin.

"After all these years, Miss Lan, I still don't have the ability to save you. The fatal blow you blocked for me back then and the curse of disaster are really difficult to break."

At this time, Ye Feng murmured and said to the person next to him

Xiaoyao said: "If I am really selected by an expert from the God Realm in the future, after I go to the God Realm, I hope that you, Xiaoyao, can continue my promise and save Miss Lan."

Xiaoyao was also slightly silent at this time, feeling the sadness and sadness in Ye Feng's tone.

Xiaoyao nodded vigorously and said: "Little Ye Zi, don't worry, if you go to the God Realm, I will definitely find a way to save Miss Lan in the universe."

Ye Feng nodded and said: "Okay, then I will place Miss Lan's coffin in your Queen's Picture."

After saying that, Ye Feng's spiritual body exited the Queen's Picture.

At this time, Xiao Yao's voice in the Queen's picture sounded: "Little Ye Zi, who is my archenemy you asked just now? I won't tell you for the time being. You are not capable of dealing with it now. Don't worry, even if I stay in the imperial city, that enemy won't be able to find me. After I recuperate in your private manor and regain my full strength, I will kill that enemy with my own hands. All you have to do is to do your best. Enter the God Realm to practice and strive to become the most powerful person in the God Realm, and then I will be able to take advantage of it!"

When Ye Feng heard what Xiaoyao said, he immediately smiled and said: "Okay, I believe you have this ability, then I won't worry about it."

At this time, Ye Feng was talking, and suddenly there was an extremely loud roar outside.

"Boom!"

A sound like the earth was shaking suddenly sounded outside the palace.

"what's the situation?"

Ye Feng's eyes were startled and he immediately walked out of the palace of the God King.

When Ye Feng arrived outside the palace, he immediately saw a group of very powerful people frantically attacking the outer aperture of the temple.

This layer of aperture did not exist when Ye Feng came, but now it appears.

"This is the protective aperture of the temple!"

Ye Feng reacted immediately.

When he arrived, the reason why the aperture did not appear must be because the White Dragon God Lord controlled it himself.

The group of people outside at this time must have evil intentions, so they were blocked from the outside by the protective aperture of the temple.

"Huh? Is there a prince among those people?"

Ye Feng suddenly discovered that among the group of strong men who were frantically attacking the guarding aperture, there was actually a prince.

"In addition to the crown prince, there are also a group of powerful people in the supreme realm who are full of murderous intent. If it were before, I might have no problem fighting one or two, but if there are more than a dozen, I will definitely die. But it is different now. I have obtained the most powerful inheritance from the White Dragon God, the Ancient Dragon Soul Technique. Although I have only mastered a shallow level of this inheritance now, I have become a white dragon soul and can strengthen my own power hundreds of times. Strength, coupled with my second talent of awakening the Divine Art of Creation, the 'Ancient Divine Ring', as long as I continue to burn energy and blood and manifest many divine rings, each Ancient Divine Ring can double my own. With my fighting power, maybe I can kill all these strong men!"

At this time, Ye Feng stared at the group of people in the distance, especially the figure of the prince, with murderous intent in his eyes.

As for the prince, Ye Feng had already had the intention to kill when he was in the palace.

But he was stopped by King Qin at that time.

"This time, no one will stop me!"

At this time, Ye Feng was thinking secretly.

Suddenly at this time, on the glacier in the distance, the prince who had been paying attention to the area where the temple was located suddenly shouted: "Huh? That's Ye Feng! Ye Feng has appeared!"

"Boom!"

"Click, click!"

And it happened that at this moment, the protective aperture, which had lost the support of the White Dragon God Lord, was finally bombarded to pieces by more than a dozen supreme realm powerhouses.

"Click, click, click..."

At this time, the murderous intent of more than a dozen supreme realm experts gathered together, making the entire world darken.

There were cracks on the frozen ground, and they were shattered inch by inch. The scene was very scary.

At this time, the prince stood among more than a dozen powerful men in the supreme realm. He immediately stared at Ye Feng who was standing at the door of the temple. His eyes were full of deep cruelty and viciousness, and said: "Ye Feng, you and I will do this." This long period of time

should come to an end today. In this northern polar area, there are few people around. If I kill you, no one will know everything here! "

There was no fear in Ye Feng's eyes, and his tone was also cold. He said coldly: "Prince, this is what I want to say. I have wanted to kill you, the prince, for a long time. Unfortunately, there are many powerful people in the imperial city." I will protect you, but in this inaccessible ice and snow polar area, if I kill you, no one will find out that it was me who killed you."

When the prince heard this, he immediately burst into laughter, and then said disdainfully: "Ye Feng, you must have lost your mind, haven't you seen the dozen or so powerful people around me? Moreover, I will return to you later. If a powerful man from the Ten Thousand Monsters God Kingdom comes, you will be dead!"

Hearing this, Ye Feng suddenly surged with overwhelming momentum, and shouted: "Let alone a dozen or so powerful people in the supreme realm today, even dozens of them, I will kill you all! Prince, You will definitely die today, even God can't save you, I said so!"

boom! ! !

Almost as soon as Ye Feng finished speaking, he immediately transformed into a majestic white dragon soul and rose into the sky.

"Ancient Divine Ring!"

At this moment, golden halos appeared around the white dragon soul, and they kept appearing, wildly increasing Ye Feng's combat power at this moment!
