

## Ancient 1791

Chapter 1791 The sky is stained with blood

"boom!!"

At this time, Ye Feng transformed into a white dragon soul, surrounded by hundreds of ancient divine rings.

At this moment, his combat power reached a new peak.

It's almost a hundreds-fold increase in combat power!

"hold head high!!"

The white dragon soul rushed to the sky, let out an earth-shattering roar, swooped down, and rushed madly in the direction of the prince.

"His Royal Highness, dodge quickly!"

More than a dozen supreme powerhouses shouted loudly, and then joined forces to kill the white dragon soul transformed by Ye Feng.

They all used their inherited killing techniques one after another!

"boom!"

A furnace appeared in the hands of a supreme powerhouse. It was a very high-level treasure. When the lid of the furnace was opened, infinite flames suddenly spurted out and burned up the entire sky.

"Gravity Mountain!"

The arm of another supreme powerhouse unexpectedly expanded into a giant arm, holding a huge mountain made of steel in his hand, a gravity mountain of several hundred meters, and it immediately hit Ye Feng hard.

"I will always hate the swordsmanship!"

There was also a strong woman who pulled out the long sword on her back and displayed an extremely superb swordsmanship. Suddenly, the sky was filled with sword shadows and murderous intent.

"boom!!"

But at the next moment, the white dragon soul that Ye Feng transformed into, with the addition of the ancient divine ring, was like a wild beast that had broken free from the ancient seal. It had an extremely terrifying impact, and suddenly... The attacks of all the powerful men in the supreme realm were all shattered by collisions.

"What?!"

"What is the inheritance of this boy becoming a white dragon?"

"It's too powerful! The impact of this white dragon is too terrifying!"

Almost at this moment, the attacks of more than a dozen supreme realm experts were all disintegrated and shattered into pieces by the collision of the white dragon.

It was like a giant steel dragon, possessing extremely terrifying power. Its collision force was beyond imagination. It had the power to shatter the sky and shatter the eight wastelands!

"How can it be!"

r\u003e

The prince's originally arrogant face turned pale at this moment. He couldn't help but yelled: "Quickly use your killing move! Don't be afraid! This boy's cultivation is only at the ninth level of

the mythical realm. He is as big as you." Because of the gap, no matter how you join forces, you can't stop this Ye Feng!"

At this time, the prince's mentality of winning was somewhat broken. He felt that he still underestimated Ye Feng.

"Puch!"

Suddenly at this moment, the white dragon transformed by Ye Feng stretched out a dragon claw.

The white dragon claws, as if they were made of divine iron, tore the body of a supremely powerful man into pieces without enough time to react, staining the sky with blood!

"Brother!"

When a group of other supreme powerhouses saw this tragic scene, they couldn't help shouting in shock and rage.

It turns out that the person Ye Feng tore to pieces at this time was the eldest brother of this group of people.

"None of you can escape!"

The white dragon transformed by Ye Feng stood tall in the sky, overlooking a group of enemies below. A majestic and cold voice came out of the huge dragon's mouth.

"Execute your killing move!"

A group of supreme powerhouses roared loudly.

At this moment, a layer of crimson light suddenly appeared on the surface of their bodies.

One by one, they started to burn their blood!

Burning Qi and blood is equivalent to burning life and improving one's combat power.

This is tantamount to fighting for your life!

Ye Feng laughed loudly: "A supreme warrior cannot harm me in this state! I am the inheritance of the God King!"

"Heritage from the Divine Lord?"

When a group of supreme powerhouses heard this, their eyes immediately showed expressions of horror.

The prince was even more shocked, and then he was filled with deep jealousy: "Why! Why! Why do all the adventures and talents belong to you Ye Feng! I am the prehistoric god.

Your Royal Highness, the Crown Prince, I should be the one with great luck! I should have supreme talent and supreme inheritance! Ahhhh! "

At this moment, the prince's expression was extremely ferocious, and he seemed to be in a state of madness.

Jealousy makes the prince look beyond recognition!

"kill!"

While everyone was stunned, the white dragon transformed by Ye Feng swooped down from high altitude without any delay. Its huge steel-like claws suddenly tore off and bombarded the three supreme realm experts. .

"Pfft!"

"Pfft!"

In an instant, the two supreme powerhouses were shattered into pieces, and the blood mist dyed the entire sky red.

The third supreme powerhouse retreated crazily, but was not crushed to pieces immediately. Instead, he shouted: "Black rhino armor! Protect me!"

boom!

At this moment, the surface of the body of this supreme powerhouse was immediately covered with a thick layer of jet black armor, which looked extremely solid, like a steel city wall.

This is a very powerful armor made from ancient black rhinoceros scales. It is definitely the best armor of the immortal level and is very tough.

"it's useless."

But Ye Feng's indifferent voice sounded.

"Crack!"

Ye Feng grabbed the dragon's claws at this time. The dragon's claws had hundreds of times the combat power, coupled with the terrifying hardness of his own chaotic body, which made the white dragon's claws the sharpest and most terrifying killing weapon in the world.

"Pfft!"

Even though this third supreme powerhouse was wearing the so-called black rhinoceros armor, he was scratched to pieces by the dragon's claws in an instant. The blood and armor fragments were mixed together and fell from high altitude.

"This young man's fighting power is so terrifying!"

"Run! Run away! Otherwise we will all die!"

Ye Feng transformed into a giant white dragon and killed several powerful people in the supreme realm in an instant, as easily as chopping melons and vegetables. This made the remaining powerful people in the supreme realm dumbfounded.

They were so frightened that they screamed in terror and ran away into the distance.

"Don't leave! Come back quickly!"

The prince finally panicked and yelled crazily.

But it was of no avail. In the face of a life-and-death crisis, those supreme powerhouses could no longer control their employer, the prince, and they all fled like crazy.

"We can't let these people go. What happened here can't be spread out!"

At this time, Ye Feng stretched out a dragon claw towards the surroundings and shouted: "Great sealing technique!"

Buzz!

At this moment, all the powerful people in the supreme realm who were running away quickly were frozen in place.

"Fortunately, after my combat power was increased hundreds of times, I was able to temporarily immobilize these supreme warriors!"

Ye Feng murmured, and then instantly flashed in front of the supreme powerhouses, and started killing like crazy.

"Pfft!"

"Pfft!"

"Pfft!"

One by one, the powerful men in the supreme realm fell, and the sky was stained with blood.

Until the last person dies.

Ye Feng changed from the white dragon state to the original state.

Alone, he flew down from high altitude and walked step by step towards the prince who was so frightened that he collapsed on the ground.

Ye Feng stared at the prince who had no trace of blood on his face, smiled coldly, and said: "Prince of the ancient dynasty, today is your death anniversary."

The prince trembled all over and shouted: "Ye Feng! Ye Feng! You can't kill me! I am the prince, if you kill me, the entire prehistoric dynasty will be your enemy...ah!"

"Pfft!"

Ye Feng walked over, too lazy to speak, and slapped the prince's head to pieces, causing blood to splash on the floor.

The prince of the prehistoric dynasty died.

"Swallow!"

At this moment, looking at the corpses of many fallen strong men around him, Ye Feng directly released the Devouring Domain and began to frantically plunder the majestic blood and power that had not yet dissipated.

Chapter 1792 The Imperial City is turbulent

"Buzz buzz..."

At this moment, on the entire land of ice and snow, streams of majestic blood energy and skill were absorbed by the Devouring Domain from the dead Supreme Realm corpses, and then integrated into Ye Feng's body.

At this moment, Ye Feng could feel a huge and extremely terrifying energy surging through his limbs, like long dragons roaring in them.

This feeling really makes people go crazy.

But Ye Feng endured the painful swelling and tearing sensation, the pain that seemed to tear all the meridians and flesh of his body into pieces.

At this time, Ye Feng suddenly roared.

"Boom!" .??.

His whole body suddenly burst out with a huge and boundless momentum.

This is a sign of a breakthrough in cultivation.

At this moment, Ye Feng's cultivation level, with the help of that huge power, suddenly broke through to the tenth level of the mythical realm.

But that's not all!

"Boom!" .??.

At this moment, the energy in Ye Feng's body once again helped him break through the bottleneck.

"Supreme Realm First Level!"

"I finally entered the supreme realm!"

At this moment, Ye Feng stood up suddenly and couldn't help but look up to the sky and scream.

The long roar was filled with a monstrous momentum and a refreshing feeling.

At this time, the corpses of the powerful men in the surrounding ice and snow, including the corpse of the prince, were all shriveled up.

At this moment, Ye Feng glanced at the corpse of the prince not far away, with a hint of contempt in his eyes.

Originally, Ye Feng thought that the Crown Prince of the ancient dynasty would have some very powerful means of saving his life.

But the result was nothing.

To be honest, this prince is really a noob.

Not even half as good as King Qin.

I don't know how the emperor originally

Why choose the prince to be the prince of the divine dynasty?

Is it because the prince is the emperor's first son?

Or maybe the emperor was doing it for the support of the Ten Thousand Monsters Divine Kingdom from the prince's mother clan.

After all, the Kingdom of Ten Thousand Demons is the lineage of world lords in the demon world, and its power is very huge.

"Buzz!"

Suddenly, while Ye Feng was thinking secretly, an extremely terrifying aura suddenly came from not far away.

"He is a strong man in the Great Luo Realm who has surpassed the Supreme Realm!"

"And there's more than one!"

At this moment, Ye Feng's expression immediately changed slightly.

How could so many super masters suddenly appear in such an inaccessible deep area of the northern polar region?

"That's right! He must be a strong man from the Kingdom of Ten Thousand Demons!"

Ye Feng had heard from the prince before that the powerful men from the Kingdom of Ten Thousand Demons would also come this time.

"It's a pity that you came too late."

Ye Feng looked at the direction where the powerful aura was coming from, then jumped up and disappeared directly.

And a quarter of an hour later, as expected, a group of super masters with soaring aura leaped from not far away and landed in this temple.

But at this time, in their field of vision, apart from the broken palace in the distance, there were corpses on the ground.

Among them, there is also the corpse of the prince!

A powerful Daluo Realm demon from the Kingdom of Ten Thousand Demons stared at the withered corpse of the prince, his eyes extremely ugly, and said: "The murderer has left, and the prince is dead. The murderer has not destroyed the corpse. This is intentional. Let us see the prince's body, this is a huge provocation!"

Another Daluo realm powerhouse couldn't help but ask: "The prince sent us a signal to locate here before. Who do you want us to kill? Who is this?"

He was so powerful that he not only killed a dozen supreme warriors, but he even dared to kill the current prince of the ancient dynasty? "

A group of Da Luo realm demons all shook their heads. The news they received before was that the prince asked them to go to the location, but he still didn't tell them who they wanted to kill.

Unfortunately, now that the prince is dead, a group of powerful demons will never know who the murderer is.

"The prince of the Prehistoric God Dynasty died. The impact of this incident is definitely of disaster level. The entire Prehistoric God Dynasty will be boiling. This is no longer something that we Daluo Realm monster clan can participate in. None of us can Don't tell us what happened here, we all remain silent and don't get involved in this kind of thing, otherwise we may die miserably because of the wrath of the Emperor of the Ancient God Dynasty."

A big demon said loudly.

"Brother is right, we really cannot be involved in this matter, otherwise even if we are powerful people in the Daluo realm, we will be in countless troubles!"

A big demon spoke up, with a hint of panic in his tone.

After all, the person who died here at this time was His Highness the Crown Prince of the Ancient God Dynasty.

Once this news spreads, everyone can imagine how the entire prehistoric dynasty, and even the entire prehistoric continent, will be boiling and shaking.

Uh-huh! Uh-huh! Uh-huh! ??

At this moment, a group of Da Luo realm powerhouses from the Kingdom of Ten Thousand Demons left this northern polar region one after another, and decided to keep silent about what they saw and heard today, hiding it deeply in their hearts.

At this time, Ye Feng was alone and had left the ice and snow land of the northern polar regions.

He hurried on at full speed and soon returned to the imperial city of the Great Desolate God Dynasty.

At this time, nearly half a month had passed since the prince's death.

As Ye Feng expected, the prince's death was finally known to the people in the divine dynasty.

And this news

, also caused a huge shock in the whole world.

Especially the emperor was furious, and the queen was heartbroken and angry. Even if the entire continent was turned upside down, the murderer must be found and tortured to death.

But after searching for half a month, Shenchao still found nothing.

They only learned of the prince's death from the shattering of the prince's soul card. They couldn't even find out the specific location of the prince's death.

Therefore, after the prehistoric dynasty caused a sensation for half a month, there was gradually no movement regarding the death of the prince.

Because we don't even know how the prince died, or who killed him, and we haven't even found out where the prince died. How can we make any noise?

So the final result was that the third prince, King Qin, was established as the new prince.

King Qin was the most powerful martial artist among all the princes, and was secretly called the "King of Martial Arts". At this time, the prince died and King Qin was established as the new prince. Everyone had expected this.

With King Qin being established as the prince, there was another undercurrent surging in the entire imperial city of the ancient dynasty. The situation on all sides was in turmoil. Various factions and forces, both overt and covert, were all facing the challenge. There was a big purge.

But just when the whole imperial city was in turmoil.

Ye Feng, on the other hand, was very calm and leisurely, staying in his private manor, counting the harvest of storage rings from killing a dozen supreme realm experts and the prince, and practicing silently.

That night, Ye Feng was alone, sitting in the main hall at the center of the large manor.

The hall was cold, dark, and lonely.

Ye Feng sat on the throne at the top, staring at the entire empty hall with his eyes open in the darkness.

"Since you're here, let's come out and see you."

Ye Feng suddenly spoke up and said to the dark and empty hall.

Chapter 1793 The Guide

The moment Ye Feng finished speaking, a figure immediately appeared in the dark and empty hall.

This figure is very tall, exuding an extremely powerful martial arts aura.

This figure is none other than King Qin, who is currently in great power in the entire imperial city!

Ye Feng smiled and said at this time: "His Royal Highness King Qin, oh no, we should call him the new Crown Prince now. Do you have anything to do with me here?"

At this time, King Qin was silent for a moment, and then said: "Did you kill His Royal Highness?"

Ye Feng smiled slightly and said: "King Qin, you are not His Highness the Crown Prince. How can you say that His Highness the Crown Prince was killed?"

Upon hearing this, King Qin looked at the smile on the face of the young man in front of him and could only shake his head and said: "No matter what, I will not tell anyone about this matter." ??.

Ye Feng said: "You should know that I am about to go to the God Realm."

King Qin nodded and said: "I know, because some of the talented heirs in my Prince Qin's palace will also be observed by the guide who comes from the God Realm to see if they are qualified to follow that guide and enter. Practice in the realm of gods."

Ye Feng's eyes showed a trace of surprise and said: "It seems that this matter has spread throughout the imperial city."

King Qin shook his head and said: "It is unlikely that it will spread. This secret is only known to members of our royal family. It is a great kindness for the commander-in-chief to recommend you, an outsider in the eyes of others."

Ye Feng nodded, stared at King Qin, and said: "If I can follow the guide from the God Realm and enter the God Realm, I hope that King Qin, as the future prince, can take more care of my private manor. "

King Qin smiled slightly and said: "This is natural, and you don't have to worry. If you are really chosen by the leader from the God Realm, not to mention this king, even your majesty will treat you extremely. Pay attention, your power will be safe in the imperial city."

After saying that, King Qin jumped up and disappeared

In the main hall.

He seemed to be here tonight just to confirm whether Ye Feng killed the prince.

Now, he got his answer.

However, King Qin will keep this secret forever.

Because this is related to his position as prince.

After King Qin left, Ye Feng took a deep breath.

Looking at it this way, there should be no problems with his private manor after he leaves and enters the God Realm.

In the next few days, Ye Feng placed Xiaoyao, Taotie Soul, and the goddess soul from the Ten Thousand Demon Kingdom in his large manor.

Xiaoyao promised Ye Feng that she would work hard to find the elixir to save Miss Lan.

On this day, Ye Feng came to the Night Watch headquarters alone.

The commander was dressed in black armor and was already waiting there.

Seeing Ye Feng arriving at this time, the commander just said slightly: "Is everything ready?"

Ye Feng nodded and said: "My forces have been arranged, and my own state has been adjusted to the best state."

The commander stared at Ye Feng at this time, sensing Ye Feng's cultivation aura, he couldn't help but look surprised, and said: "Supreme Realm First Level? Yes, the breakthrough is very fast. It seems that you have gained something else during this period. What an incredible opportunity."

Ye Feng smiled and said: "I have indeed gained a lot during this period, so I have achieved a breakthrough in cultivation."

The commander nodded and seemed very satisfied. He said, "Follow me. The leader of the God Realm has arrived."

Uh-huh!

After the commander finished speaking, he jumped up and headed directly towards the palace.

The direction flew away.

Ye Feng quickly followed.

In less than a quarter of an hour, the two of them had arrived at the gate of the palace.

"Commander!"

"Commander!"

The palace guards at the palace gate saw the handsome man in black armor, and they all spoke respectfully.

The commander nodded and said, "Your Majesty asked you to wait here to pick us up."

A group of guards immediately said respectfully: "Yes, Marshal, please follow us."

At this time, the group of royal guards immediately led the commander and Ye Feng towards a certain direction deep in the palace.

The road was winding and winding, and when Ye Feng was about to faint, the royal guards leading the way finally stopped.

At this time, they had arrived at a very secret area deep in the palace.

There are many very simple buildings built here, which are very different from most of the luxurious buildings in the palace.

At this time, Ye Feng followed the commander to a quaint square in the middle of this area.

At this time, many people had gathered in this quaint square.

Most of them are elders from the major factions of the royal family, bringing their children and descendants here.

At this time, Ye Feng saw the emperor, who was wearing a purple-gold dragon robe and a flat crown on his head, looking extremely majestic.

But at this time, the emperor's eyes were filled with a trace of respect, standing next to a young man in black clothes.

Many princes and nobles in the palace were usually aloof, but at this moment they were all standing on either side of the young man in black clothes.

Obviously, the young man in black clothes was the one who came down from the God Realm.

He was sent by a big shot in the God Realm to come to this universe to select talented disciples and bring them into the God Realm.

At this time, there were already many young geniuses standing in the square.

The commander led Ye Feng and quickly walked over and joined the crowd.

The arrival of the commander made many people in the audience look askance.

Ye Feng's identity is now known only to King Qin.

Therefore, many people speculate that the Marshal is so kind to Ye Feng because they think Ye Feng must be the Marshal's illegitimate son outside.

At this moment, His Majesty the Emperor spoke to the young man in black clothes standing in the middle: "My lord, all the geniuses in the imperial city of our ancient dynasty are here. Your Majesty, you can start." chosen."

grown ups?

Many people, including Ye Feng, heard that His Majesty the Emperor of the Divine Dynasty actually addressed the unattractive young man in black clothes as "Sir".

This shocked many people.

As expected of an existence from the God Realm, His Majesty the Emperor is so polite.

Many young people's eyes suddenly became extremely fiery.

If they can be selected by this young man in black and ink, they will definitely skyrocket, and the family behind them will suddenly become the most popular force in the entire prehistoric dynasty.

At this moment, a pair of eyes of a young man in black clothes suddenly emitted a bright light, and he began to scan the entire field at all the young people under a hundred years old.

The young geniuses who were glanced at by the young man in black clothes all felt a terrifying coercion as huge as an ancient evil beast, which descended on them and even penetrated into their spiritual souls, making them feel... It became extremely suffocating in an instant.

Chapter 1794 Selected

At this time, Ye Feng also felt an extremely powerful spying power, scanning over his body.

This kind of spying power is different from other strong men in the prehistoric dynasty.

The spying power of other strong men is limited to their bodies.

But the spying power from the young man in black clothes has a power that can penetrate the spiritual soul.

"As expected of a strong man from the God Realm, the things he has cultivated are different from the low-level universe I am in now."

Ye Feng secretly murmured in his heart.

At this time, the entire field fell into silence.

Everyone's eyes were fixed on the young man in black clothes.

Everyone's eyes were full of expectation, hoping that this young man in black clothes would choose them.

But everyone knew that this young man in black clothes came from the God Realm, and his requirements must be very high.

Because the cost of bringing people into the God Realm is very huge, it is not so casual.

Therefore, it is impossible for geniuses who are not particularly evil to be selected.

Only young people with extremely powerful talents will be brought directly into the God Realm to practice by the big figures in the God Realm at great cost.

However, this young man in black clothes swept his eyes over every young genius present, with a hint of disappointment in his eyes.

"Weak, they are all too weak, all of them have very ordinary talents..."

This young man in black clothes spoke directly without giving any face to everyone present, because he didn't need it.

At this time, many people who were full of confidence couldn't help but have ugly looks on their faces when they heard the words of this young man in black clothes.

All of them were originally noble heirs from major families or princes, inheriting noble bloodlines, possessing extremely powerful martial arts talents since they were young, and standing tall

At the pinnacle of the younger generation in this universe.

But now the result is that he was hit so mercilessly by this young man in black clothes, and all his talents are mediocre.

This made everyone look very unhappy, but no one dared to say anything. After all, this young man in black clothes from the God Realm was a supreme being that even His Majesty the Emperor had to treat politely.

Everyone knew very well that if this young man in black clothes was angered, the entire prehistoric dynasty would probably face a disaster.

At this time, the emperor's face was a little downcast. He did not expect that no one in his divine dynasty was selected.

This is really a bit overwhelming.

The emperor knew very well that if this young man in black and ink could select a talented disciple from their ancient dynasty and bring him into the divine world, then their entire ancient dynasty would gain some of the great figures in the divine world. shelter.

The emperor knew very well that although he was respected in this universe, the God Realm was the most advanced and vast supreme interface, and many universes were attached to the God Realm.

Therefore, if someone from the Prehistoric Dynasty is selected, it will be of huge benefit to the Prehistoric Dynasty and the entire universe.

At this time, when everyone was discouraged.

"Uh-huh!"

Suddenly, the calm young man in black clothes suddenly moved and suddenly appeared in front of a young man in the crowd.

"That is?"

Almost at this moment, everyone's eyes were focused on the young man.

This young man is none other than Ye Feng!

leaf

At this time, Feng stared at the young man in black clothes standing in front of him. He felt that he was not facing a person, but a vast and dark abyss. He could not see through the depth at all. He only felt that he was very powerful and powerful. To an extreme.

At this time, when the commander standing next to Ye Feng saw this, he immediately looked overjoyed and quickly sent a message to Ye Feng: "Hurry up and say hello, this recruiter seems to have taken a liking to you."

When Ye Feng heard this, he immediately reacted and quickly clasped his fists at the young man in black clothes in front of him and said, "Junior Ye Feng, I have met my senior."

The young man in black clothes stared at Ye Feng with bright eyes and said: "You have good qualifications. Even I can't see through your secrets, but I can see that your body is extremely powerful. Every inch of flesh, muscle, and bones is as if it were made of divine iron. This is the good seed I need. Perhaps the lord will be very interested in your gifted and powerful physique."

When Ye Feng heard what this young man in black and ink said, he immediately understood that his powerful chaotic body made this young man in black and ink look at him with admiration.

At this moment, the entire field was boiling.

No one expected that this guide from the God Realm would eventually fall in love with a young man who seemed not to be very famous.

Although Ye Feng was somewhat famous when he came to the Imperial City, he was only slightly famous. Many people did not even know that this person existed.

But now, this person who is not very famous in everyone's eyes has been chosen by a young man dressed in black.

Ye Feng didn't expect that he would actually be chosen by this leader from the God Realm.

At this time, the young man in black clothes looked at Ye Feng and said: "Get ready, and then follow me to the God Realm to practice. This time, in order to consolidate his position, the lord specially let us elites

The British guards went to many universes to select various cultivation geniuses. From now on, you can practice well and don't embarrass me. After all, you are the one I chose. By the way, my code name is 'Nine'. From now on, you can just call me Senior Nine. "

Hearing this, Ye Feng immediately clasped his fists and said, "Yes, Senior Nine! This junior will definitely not let Senior Nine down!"

The young man in black clothes nodded and said: "I still have something to do in this universe. You are preparing to say goodbye to your relatives and friends these days. I will give you seven days to prepare. When you enter the God Realm, I will only bring you. You go alone, don't think of bringing anyone else with you, no one else is qualified."

Uh-huh!

As soon as he finished speaking, the Ninth Senior moved his body and disappeared from the spot.

At this moment, the eyes of everyone present were all focused on Ye Feng.

The look in his eyes contained surprise, shock, and at the same time envy, jealousy and hatred from his peers.

After all, being chosen by the Ninth Senior and entering the God Realm would be a step to heaven.

At this moment, even His Majesty the Emperor of the Ancient God Dynasty stared at Ye Feng, feeling very surprised. He did not expect that the guide would choose this boy who had just been promoted to Baron, and he seemed to be very fond of him. satisfy.

As soon as he thought about this, the emperor looked at Ye Feng and suddenly became serious about it.

He walked over, looked at Ye Feng, and said with a smile: "Ye Feng, am I right? The commander-in-chief has always been very sure of your ability. It is said that you have wiped out many remnant forces in the world. I am also very satisfied with you. You are now a baron." Right, let's do this, I will make you the highest-ranking duke immediately, the same level as a prince!"

Wow!

The moment the emperor finished speaking, everyone in the entire venue looked shocked and fell into an uproar, as if they did not expect to receive such generous treatment.

#### Chapter 1795 Fighting Spirit

Ye Feng was almost not surprised by the emperor's words at this time.

Because Ye Feng knew very well that after he was selected by Senior Nine, the guide from the God Realm, his status would rise in an instant.

Even in front of a group of royal nobles in this quaint square, his status was suddenly much higher than everyone else's.

You must know that this senior leader, Ninth Leader, not only represents a strong martial artist, but also represents the majesty of a Lord of the God Realm.

Therefore, Ye Feng can be regarded as a member of that Lord of the God Realm from now on. In this low-level universe, his status is naturally much higher.

Even His Majesty the Emperor must be polite to Ye Feng from now on.

However, Ye Feng did not reveal his identity to the emperor, because now, for Ye Feng, it was no longer important to be recognized by the royal family, and it did not mean much.

At this time, Ye Feng smiled slightly and said: "Thank you for your majesty's reward. I will share your majesty's worries after I return from my successful cultivation in the God Realm."

This was what the emperor was waiting for. Seeing how sensible Ye Feng was, the emperor immediately laughed.

At this time, the commander said: "Ye Feng, let's go back first. You only have seven days, so make good use of it."

Ye Feng nodded and followed the commander out of the palace.

Many people in the palace stared at Ye Feng's leaving figure, feeling very envious.

From now on, Ye Feng's name will probably become extremely loud in the entire royal family.

At this moment, Ye Feng followed the commander out of the palace and returned to the Night Watch headquarters.

The commander said: "If there is anything else you want to do here, after you finish it in these seven days, it will probably be difficult for you to come back from the God Realm in the future, unless your cultivation has reached an extremely terrifying state. Able to navigate advanced interface barriers at will."

\u003e

Ye Feng nodded and said: "I have a private manor in the imperial city, so I need the commander to take more care of it."

The commander smiled and said: "Don't worry, you don't have to worry about this."

Ye Feng heard this and immediately said: "Commander, are you always curious about your identity?"

The commander's eyes flashed and he said: "Actually, I have inherited your skills, and I have seen you perform the War of the Gods once before. I have roughly guessed your identity. The War of the Gods Shang is the original martial arts of a good friend of mine, his name is Chen Nan, so you are the descendant of the Ninth Princess that Chen Nan guarded in a new small universe, right? "

When Ye Feng heard what the commander said, he couldn't help but show a trace of surprise in his eyes. He didn't expect that the commander would see him when he displayed the Sorrow of the Gods.

But Ye Feng didn't care anymore. At this time, Ye Feng looked at the commander and said: "I have one last regret, that is that I have never been able to meet my father. Can the commander take me to my original first place?" The universe, the father who helps me communicate with and merge into one body with the universal will of the first universe."

The commander nodded slightly and said: "I have also heard about the fusion of your father and the cosmic will of the first universe. Your Majesty is quite concerned about this matter, because your father can provide your Majesty with experience. Your Majesty His ambition is not only to conquer the entire universe, but also to integrate the will of the universe and become the master of the universe, so as to have a majesty no weaker than that of the controller of the God Realm."

When Ye Feng heard this, he was shocked by his grandfather's ambition.

But how difficult it is to integrate the cosmic will of the big universe.

It is even said that it is impossible to do it.

But Ye Feng

Without expressing any opinions, he just said: "Commander, take me to the first universe."

The commander nodded and said, "Okay."

Uh-huh!

At this moment, the commander grabbed Ye Feng's shoulders and jumped directly. The two of them crossed the sea of stars in an instant.

Looking at the rapidly retreating continents, stars, star fields, etc. around him, Ye Feng knew that the commander's strength had once again returned to its peak state.

The last time he fought against the three world masters in the Blood Demon interface, the commander suffered heavy losses. When he returned to the ancient continent, he could only rush like an ordinary master.

But now, Marshal and Ye Feng can once again cross the galaxy in an instant.

In less than half an hour, they had left the central star field and arrived in the first universe, the area of the newborn universe.

At this moment, Ye Feng and Dashuai were both standing in the starry sky.

In front of them, the first newborn universe was still in a closed state at this moment. The entire edge was shrouded in a hazy chaos energy, and it looked extremely heavy. ??

At this time, Ye Feng exuded his spiritual thoughts and headed towards the chaos of the first universe.

But the result was as Ye Feng expected, it was of no use at all.

He still couldn't sense any aura from his father.

At this time, Ye Feng could only look at the commander beside him for help and said: "Commander, please help me and see if I can contact my father."

The commander nodded and said: "Okay, don't worry, I will try my best."

At this time, the commander said, flying directly towards the edge of the first universe alone.

He came to the edge of the chaos, stretched out a hand, and grabbed the closed first universe.

past.

The commander-in-chief has almost the highest level of cultivation in the entire universe.

So if he couldn't communicate with his father, then he really had no choice but to wait until he came back from the God Realm and then try to communicate with his father.

The commander is currently working hard to sense all the information in the entire first universe.

"boom!!"

But suddenly at this moment, in the new universe of the First Universe, thousands of terrifying thunders of destruction suddenly burst out, and they rushed out like a sea of thunder, covering the commander.

"Uh-huh!"

The commander immediately retreated, feeling a devastating destructive force that almost killed him.

At this time, Ye Feng was also shocked. He quickly flew over and asked loudly: "Commander, what's going on?"

The commander stared at the chaotic first universe and couldn't help but said: "Ye Feng, I seem to have sensed the thoughts of a person in the first universe. I originally wanted to communicate with him, but I was blocked by the will of the first universe. Because of the rejection, I forced communication and angered the will of the first universe, so the apocalyptic thunder disaster came and almost wiped out my entire being. "

Hearing this, Ye Feng could only sigh and said: "It seems that we will not be able to communicate with my father in a short time. My father has not fully integrated the will of the universe for such a long time, which is really worrying."

The marshal smiled and said: "Don't worry, your father's safety should be fine. Integrating the will of the universe is a grand project in the first place, and it won't be that fast. You can go to the God Realm to practice with peace of mind, and come back when you are successful in your practice." , there will be no difficulty in this universe that can stop you."

When Ye Feng heard this, his eyes showed a trace of fighting spirit and said: "Okay!"

After the words fell, the two people left the first universe area and flew towards the prehistoric dynasty in the central star field.

Chapter 1796 Competition between top geniuses

After Ye Feng and the Marshal returned to the imperial city of the Ancient God Dynasty, they returned to their private manor alone.

Although Ye Feng's last regret was not completed, it stimulated his strong fighting spirit and worked hard to cultivate to the supreme state. At that time, all the will of the universe will be surrendered to his own power.

So at this time, the only thought in Ye Feng's heart was to follow the guide and enter the God Realm to practice.

At this moment, Ye Feng was staying in his private manor.

At this time, a black cat with elegant steps came to Ye Feng.

This black cat is none other than the old master.

At this time, Black Cat did not know that Ye Feng was going to the God Realm.

After all, the guide from the divine world has arrived in the palace of the ancient dynasty. Only people within the royal family know about it. This is a secret within the royal family.

If Ye Feng hadn't been recommended by the commander-in-chief, he wouldn't have known about such a thing.

So at this time, the black cat asked: "Ye Feng, you have been so busy these days, is there something wrong?" ??

Naturally, Ye Feng would not tell Black Cat the secret that he was going to the God Realm. He just said: "I received a secret mission from the Night Watch Commander, and I have to go to a distant place for a mission, so for a long time in the future, I Unable to return."

Black Cat didn't have too many doubts. After all, Ye Feng was a night watchman himself, and now that he had become a baron, he naturally had a lot to do.

Black Cat said: "I have stayed in the Imperial City long enough, and I am planning to leave the Imperial City recently and go to the wild forest on the edge of the prehistoric continent to look for the next son of destiny. "

Ye Feng nodded and said nothing more.

Eventually the black cat left the manor.

Ye Feng didn't have any fear towards the old master. After all, the old master had always treated Ye Feng well, and he didn't take advantage of him even after knowing Ye Feng's true identity.

On the seventh day.

Ye Feng quietly walked out of the private manor and came to the wilderness outside the imperial city.

This wilderness was exactly where Ye Feng had agreed to meet with Senior Nine, the leader of the God Realm.

When Ye Feng arrived here, he saw indeed a young man in black clothes, standing with his hands behind his back, standing in the wilderness not far away. It seemed that he had been waiting for a long time.

At this time, Ye Feng immediately walked over, cupped his fists and said, "Senior Ninth, I'm late."

Senior Ninth heard this, smiled slightly, and said: "I have been dealing with some things in your universe during this period, and I have just arrived here. You have arrived on time, so let's leave directly."

Ye Feng nodded, and then asked curiously: "Senior Ninth, how do we go to the God Realm?"

Ye Feng knows very well that it is absolutely difficult for creatures in the lower realm or low-level universe to enter the divine realm.

Therefore, many cultivators in the universe will enter the God Realm, which is called "ascension". This shows the importance and respect for the highest interface of the God Realm.

At this time, Ye Feng was very curious about how the Ninth Senior in front of him could lead him into the God Realm.

Senior Nine heard Ye Feng's question and couldn't help but smile and said: "Entering the God Realm is very simple, as long as we find a weak point connecting the universe and the God Realm. Although the God Realm is supreme,

But during the ancient war, the God Realm was also broken into many pieces, which fell into the major universes and became the center of the major universes. The ancient continent of your universe was once a fragment of the God Realm. , you should have known this for a long time. "

Ye Feng nodded and said, "I do know this."

Senior Ninth also nodded and said: "Then let's leave directly. I'm here now to find the weak point in the space to enter the God Realm."

Ye Feng had been looking forward to entering the God Realm for a long time. At this time, he immediately said excitedly: "Okay, I will just follow my senior."

Uh-huh! Uh-huh!

As soon as the words fell, the two of them immediately jumped up and flew towards the distance.

They soon left the imperial city area and headed west.

At the westernmost edge of the ancient continent, the fragment of the God Realm, there is a Flame Mountain area, with fire in the sky and endless magma on the ground.

The environment was so harsh that no one could survive.

But at this time, Senior Nine and Ye Feng arrived, and Senior Nine said: "There is a weak point in the space leading to the God Realm here. We can enter from here."

Senior Ninth's cultivation may be even stronger than that of the commander-in-chief.

So at this moment, he grabbed Ye Feng's shoulders, and then stepped out. In an instant, the surrounding space was shattered.

Ye Feng saw it and he soared into the sky, seemingly entering another supreme dimension of space and time.

Surrounded by endless black holes, there are endless space debris.

In the end, it seemed like a few hours had passed, and it seemed like hundreds and thousands of years had passed.

Ye Feng's vision regained its brightness once again.

At this time, he and Senior Nine were standing in a beautiful oasis.

There are towering ancient trees everywhere, groups of mountains, blue sky, and rushing rivers in the distance.

"Is this the land of the gods?"

At this time, Ye Feng felt that in the air and in the entire world, there was a divine substance that could continuously strengthen the creatures living in it.

At this time, Ye Feng was a little envious of people who were born in the God Realm since he was a child. It was equivalent to being bathed in the divine energy of the God Realm since he was a child. Naturally, he could give birth to extremely terrifying talents.

At this time, Senior Nine spoke up beside him: "By the way, Ye Feng, there is something I have to tell you. Although I chose you in the low-level universe, it does not mean that you will be able to serve as Lord Lord from now on." stand out in the territory of the lord. Before you enter the lord's territory, you must go with me to the central city of the lord and fight with geniuses from other low-level universes or major low-level interfaces. Only by obtaining extremely high levels in the battle. Only those who are ranked can get the attention of the lord and can be directly taught by the lord to practice. Those ranked outside the 100th place can only get a job serving tea and water under the lord. Therefore, Ye Feng, In the next competition, you must enter at least the top 100. I estimate that there are thousands of geniuses selected from various low-level universes and interfaces this time. This will be a battle between dragons and tigers. Are you the chosen one? I have chosen you, Ye Feng, you must work hard, otherwise I will lose face."

Compete with the top geniuses from all major interfaces and universes?

Ye Feng's eyes burned with strong fighting spirit, and he said: "Senior Ninth, don't worry! I will definitely fight hard and stand out, and I will never embarrass my seniors!" After Ye Feng and the commander returned to the imperial city of the ancient dynasty, , that is, alone, returned to his private manor.

Although Ye Feng's last regret was not completed, it stimulated his strong fighting spirit and worked hard to cultivate to the supreme state. By then, all the will of the universe will be surrendered to his own power.

Chapter 1797 Lord of Heaven

Next, after identifying the location, Senior Nine took Ye Feng and galloped towards the lord's territory.

On the way, Senior Nine gave Ye Feng some basic science knowledge.

For example, the next realms of cultivation are: the Supreme Realm, the Great Luo Realm, the Chaos Realm, and then the Five Decline Realms of Heaven and Man.

It is a big threshold for a warrior to reach the realm of the five declines of heaven and man.

But as long as you cross the threshold of the five declines of heaven and man, you can usher in a new life and enter a whole new level.

After the five declines of heaven and man, there is the ladder state.

After the Heavenly Ladder Realm, the warrior needs to condense a divine palace in his body, so after the Heavenly Ladder Realm is the Divine Palace Realm.

When a warrior enters the Divine Palace realm, he must begin to condense the river of destiny in his own body, so above the Divine Palace realm is the River of Life realm.

Above the Life River Realm is the Heavenly Luck Realm. In this realm, warriors need to capture the luck between heaven and earth and condense it into their bodies.

Above the Heavenly Fate Realm is the Divine Foundation Realm. In this realm, warriors need to forge their own divine foundation stone to prepare for entering the next Titled God Realm.

Ye Feng's eyes trembled at this moment and said: "Where is the Titled God Realm?"

Senior Nine spoke out: "In the Titled God Realm, even in the God Realm, one can be regarded as the overlord of one strong person. The strength of the Titled God Realm, from weak to strong, is divided into: Divine Weapon Realm, Divine General Realm, and Divine Lord Realm. Realm, Divine King Realm, Divine Emperor Realm, Divine Sovereign Realm, Divine Emperor Realm. Our lord is respected as the 'Lord of Heaven' in the territory, and he is a super powerful person in the Divine General Realm!"

Ye Feng was extremely shocked when he heard this.

Sure enough, there are countless strong people in the God Realm.

There are so many powerful realms and beings.

Ye Feng couldn't help but ask in his heart, is there an end to the peak of martial arts?

"I didn't expect that the level of the White Dragon God Lord was quite high.

An existence of this level can be considered a strong person even in the God Realm. "

At this time, Ye Feng was thinking secretly.

Three days later, the two came to the territory of Lord Cangtian.

Ye Feng saw countless magnificent buildings at this time, which looked vast and majestic.

Obviously, the powerful people in the God Realm all like the feeling of grandeur.

Throughout Lord Cangtian's territory, there are extremely powerful puppet giants everywhere. Their whole bodies are made of steel. They hold huge steel axes in their hands and walk around step by step, guarding the entire territory. They look extremely powerful. The vast atmosphere feels like a war giant.

At this time, Senior Nine seemed to have seen Ye Feng's surprised look, and couldn't help but smile and explain: "In the God Realm, our human race is not considered the dominant race. The God Realm is too ancient, too vast, and endless. The most supreme and super large interface in all the worlds, this land is so vast that even the strongest warriors cannot reach the end, nor can they know how terrifying the race is in the entire God Realm. Our human race is in the God Realm. Among them, at most they can only be regarded as the top 100 races, not the top races. There are also many terrifying and ancient races that have survived for trillions of years. They are very terrifying and have extremely terrifying foundations. Therefore, in our human race This kind of puppet giant must be placed in the territory to be able to survey the territory at any time without intrusion from other races. "

When Ye Feng heard what Senior Nine said, his eyes flashed slightly. It seems that the divine world is very dangerous, and even the entire human race may be in danger at any time.

It seems that it was the right choice not to bring my companions with me to the God Realm because it was too dangerous.

I may not have the strength to protect myself anymore.

Not to mention protecting other people, it might be a good choice for them to stay in the low-level universe to survive.

At this moment, Ye Feng followed Senior Nine to the center of the territory.

On this piece of land, a magnificent ancient city was built. The tall buildings and city walls penetrated the clouds into the sky, looking majestic and majestic.

Ye Feng marveled at the architectural styles of people in the God Realm. They were all so vast and majestic, which was breathtaking.

After entering the city at this time, Senior Nine took Ye Feng into an inn.

Senior Ninth said: "Ye Feng, you stay at this inn for now. I have to go back to the lord's mansion to do business. You can just wait here for the next top genius competition."

Ye Feng quickly said: "Senior Ninth, how will I participate in the top talent competition next? If you don't give me anything, how will I authenticate my identity then?"

"Oh yes!"

Senior Ninth slapped his forehead and seemed to have thought of something. He immediately took out a light golden token from his arms and handed it to Ye Feng, saying: "Every top genius selected will get this piece." Token, when the time comes, you can just take this golden token to participate in the top talent competition organized in the middle of the city. I hope you can get a good result. In this case, not only will you be able to get huge rewards in the Lord's Mansion of Lord Cangtian, The resource tilt is also of great benefit to me as the selector. The lord has said that if any of us guards can bring back the evil genius to the lord's mansion, we will also be rewarded by the Lord of Heaven. "

When Ye Feng heard what Senior Nine said, he immediately felt anxious. .??.

Although Ye Feng is already considered invincible in his own universe and among the younger generation.

But

You know, this time the contestants gathered in the God Realm, the city of the Lord of Heaven, are all selected top geniuses from all over the universe.

Each of these top geniuses must be extremely powerful, have countless methods, and have extremely high talents. They need to be taken seriously and cannot be looked down upon.

After all, a true master always has the heart of a disciple.

This means that people should always maintain their original aspirations and be low-key and humble before entering a new environment. If they are too self-sufficient, they may capsiz in the gutter.

After Senior Nine left, Ye Feng stayed in the inn.

"My goal this time is not just to enter the top 100. If I want to get the attention of a powerful person like Lord Cangtian, I must at least enter the top ten to get the attention of such a big shot."

Ye Feng secretly murmured in his heart and set a goal for himself.

Even if this is the God Realm, Ye Feng will never allow himself to be mediocre!

After Ye Feng rested for a while at the inn, he got off the inn and walked into the central city of the huge and magnificent Cangtian Lord. The entire huge city, even at night, was still lit like daylight and the crowds were flowing in endlessly.

This can be said to be the most prosperous area within Lord Cangtian's territory.

The human warriors will choose to enter the territory of the powerful human lords, because here there are strong human warriors and war puppet giants guarding them, and there is no danger in the wilderness outside.

You must know that in the God Realm, the human race is not the dominant race. Once a person leaves the territory of the strong human race and enters the unowned land outside, he will most likely be killed and devoured by other powerful races. .

In the God Realm, in the eyes of many other powerful overlord races, the human race is almost like food.

Chapter 1798 Begin

Ye Feng was now alone, walking in the huge sky city.

Although there were crowds of people around him, Ye Feng felt a deep sense of loneliness in his heart.

Because after arriving in the God Realm, Ye Feng will once again be alone and face all challenges and problems.

But Ye Feng has no choice, because this is his destiny. Only by becoming the supreme master and reaching the pinnacle of true martial arts can Ye Feng control his own destiny and live the leisurely life he wants.

Now that the father has merged with the will of the universe, he does not know whether he will live or die.

My mother was taken away by the super powerful clan of the God Realm, the Chaos God Clan.

Uncle Nan was deposed by the Prince of Chaos, and this great revenge has yet to be avenged.

Ye Feng's heart was filled with a strong desire to become stronger.

Only by becoming stronger can you defeat everything!

Ye Feng screamed in his heart, if he already possesses the strongest power, then he can go directly to the Chaos God Clan to find his mother now. Whoever dares to disobey will be directly beaten to death. The Prince of Chaos, the King of Chaos God, Also tremble before yourself.

But Ye Feng knows very well that the Chaos God Clan is too terrifying, and its background is extremely terrifying.

Whether it is the Prince of Chaos or the father of the Prince of Chaos, the God King of Chaos is probably far beyond the Titled God Realm and is very terrifying.

Chaos God King is just a title, not the God King Realm in the Titled God Realm.

As the leader of the Chaos God Clan, the Chaos God King is definitely one of the most powerful beings in the God Realm.

At this moment, Ye Feng's inner thoughts were surging.

But the next moment, he took a deep breath and suppressed his inner thoughts.

Because Ye Feng knew very well that in the eyes of the most powerful people, he was probably just an ant-like existence.

If I think so much now, I am just overestimating my abilities.

The only way is to seize any opportunity to become stronger and stronger.

Taking a deep breath, Ye Feng walked around the city and returned to the inn where he lived.

At this time, there were many people eating and drinking tea in the lobby on the first floor of the inn.

They were all talking about Lord Cangtian's recruitment of disciples.

"Why

, have you heard about it? This time Lord Cangtian sent his personal bodyguards, the Cangtian Guards, from all major interfaces and universes to find all kinds of monsters and geniuses to develop and expand his own power. "

"Yes, I heard about it too. During this time, you see that there are so many young people suddenly appearing in our Cangtian City. They should all be selected top geniuses, and each of them has unlimited potential in the future. "

"It is said that the most powerful one is a top genius named Mo Qingtian. He comes from the ancient demon world, which ranks among the top in the world. He is the body of the demon emperor among the ancient human race."

...

Ye Feng overheard the discussion among people on the first floor of the inn.

It seems that the competition this time is very fierce.

However, Ye Feng did not stay on the first floor for too long. He went directly back to his private room and waited for the next genius competition.

In the next few days, Ye Feng did not waste time. He kept practicing and perfecting his martial arts.

In addition to practicing and understanding martial arts, Ye Feng also carefully inspected the treasures on his body.

After all, for a cultivator, treasures are also an important part of strengthening one's strength.

If you have powerful treasures on your body, your safety and overall strength will be greatly improved.

Ye Feng's goal in striving to improve his strength is not only to stand out in the eyes of Lord Cangtian, but more importantly, to survive safely in this world of gods where the human race is weak.

Ye Feng spent the entire three days in the inn.

On the morning of the fourth day, Ye Feng found that the pale golden token on his body suddenly began to vibrate.

"Huh? This token is the identity token given to me by Senior Nine. It is for participating in the competition. At this time, the token vibrated. Does that mean the competition is about to begin?"

Ye Feng's eyes moved and he immediately walked out of the wing and the inn.

When he arrived outside the inn, he saw many people gathering towards the center of the city.

It seems

The direction towards the center of the city is where the competition will take place.

Ye Feng quickly stopped a man in green clothes and asked: "Brother, may I ask if the place where the top geniuses will compete this time is in the center of the city?"

The man in green glanced at Ye Feng and said anxiously: "Yes! The competition between the top geniuses is about to begin. The location of the competition is in the middle of the city. I have to go and see it quickly, otherwise I will miss this wonderful competition."

After the man in Tsing Yi finished speaking, he rushed towards the distance. This man in Tsing Yi was obviously not a top genius participating in the competition, but a resident of this city. The reason why he was so anxious was not to participate in the competition, but to watch the wonderful battle of talents.

After Ye Feng knew this, he immediately flew towards the center of the city.

Half an hour later, Ye Feng arrived at the center of the city. A huge competition platform appeared in his field of vision. The entire body was made of steel, with ancient lines engraved on it, exuding a heart-stopping atmosphere. breath.

Obviously, this is where many geniuses compete.

At this time, the entire competition platform was already filled with a sea of people, and it was boiling.

Obviously for everyone in the entire city, it is a very interesting thing to be able to see the top geniuses from all major interfaces and the universe gather together and fight, which is why it attracts so many people. Many people came to watch.

And you must know that this competition was organized by Lord Cangtian himself.

Whoever can stand out among them will be able to gain the attention of Cangtian Lord, and even become the personal disciple of Cangtian Lord.

This is an extremely glorious thing!

Therefore, in this competition, both participants and viewers feel very honored, and their inner thoughts are extremely exciting and exciting.

At this moment, Ye Feng squeezed through the crowd and came to the edge of the competition platform.

"Ye Feng, I'm here."

And at this moment, a familiar voice sounded.

Ye Feng looked over and saw that it was Senior Nine. At this time, he was no longer wearing black clothes like ink, but was wearing a suit

The pale golden armor looked majestic, standing on the fighting stage.

"Senior Ninth."

Ye Feng walked over and immediately clasped his fists and said.

Senior Nine smiled and said: "The competition is about to begin, are you nervous?"

Ye Feng smiled and said: "Don't be nervous, my goal is to compete for the top ten."

When Senior Nine heard this, he couldn't help but look at Ye Feng in surprise. After all, his previous request was just for Ye Feng to try his best to enter the top 100.

At this time, Senior Nine patted Ye Feng on the shoulder and said with a smile: "Good boy, you are ambitious! Then I will wait and see!"

However, at this moment, a slightly disdainful voice sounded.

"Top ten? Lao Jiu, the young man you selected is not very strong in cultivation, but he is very good at bragging about himself."

That was another guard of Cangtian Lord. He came over at this time. Next to him was a young man wearing a black robe. He seemed to be the genius he had chosen. His cultivation level was impressively at the Ninth Level of the Supreme Realm!

At this time, Senior Nine stared at the guard and said with a smile: "Second brother, I know you chose Mo Qingtian, the little guy with the body of the Demon Emperor, who is very powerful, but the Ye Feng I chose is not weak either. He also has a special physique, and he has a strong body that I can't see through, so although he can't compare to the Mo Qingtian you chose, second brother, it's still possible for him to enter the top ten."

The second brother's eyes were filled with a disdainful smile at this time, and he said: "Lao Jiu, stop struggling. It would be good if the little guy you chose can enter the top 100. This time, all the major guards will choose I have become a very powerful top genius, but you are just a boy brought back from a low-level universe. You are too ordinary. I can't see anything special about you."

At this time, Ye Feng was staring at the young man in black robe standing next to the second brother.

It turns out that this person is Mo Qingtian.

Ye Feng was in the inn before and heard someone discussing this Demon Qingtian, an ancient human race from the ancient demon world, possessing the body of an innate demon emperor, which was very powerful.

However, Ye Feng was not afraid. Instead, there was a strong fighting spirit in his eyes.

It's exciting to be able to compete with the top talents in major interfaces and the universe!

Chapter 1799 A few moments

"Everyone, be quiet!"

At this moment, an old man wearing a gray robe appeared on the field.

His whole body exudes a powerful and boundless aura, which is many times more powerful than the many guards of Cangtian Lord. He is obviously an old-timer in Cangtian Lord's welfare.

This time, the competition between the top geniuses from all major interfaces and the universe will be hosted by this old man in robe.

The moment the old man in robes finished speaking, everyone in the entire field immediately fell silent. Everyone's eyes were fixed on the old man, waiting for his next order.

Even Senior Nine and the second brother, who were targeting each other, suddenly fell silent.

Obviously, this old man in robes has great prestige in the entire territory of Lord Cangtian.

Seeing that everyone was quiet at this time, the old man in robe nodded with great satisfaction and said: "I announce that the competition has officially begun! It will take half a day in total. All participants will enter the competition stage. Have a free-for-all!"

Melee!

The moment the old man in robe finished speaking, there was a burst of exclamations in the entire field.

Thousands of top geniuses from all major interfaces and the universe, all fighting together?

This kind of scene will definitely be very exciting!

"Today we can feast our eyes on it!"

Some of the spectators around the arena said excitedly.

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, one by one, the top geniuses flew towards the competition stage from where they were standing.

All the top geniuses had excitement on their faces, wanting to express themselves well.

Because if they can stand out in this kind of competition, their future will be boundless.

However, there are also many top geniuses who are very vigilant. At this time, they landed on the competition stage, and their bodies were tense at that moment, because they knew very well that in this kind of melee, even if their comprehensive strength No matter how strong you are, you may be attacked by others and lose, which would be a huge loss.

Many big shots in the city were sitting tall in the audience, watching everything going on on the competition stage below.

.

"It seems that what the Lord wants to test this time is not the individual strength of these top geniuses, but their ability to survive in chaos."

A big shot couldn't help but speak out.

Everyone else nodded and said: "Although this feels a bit unfair, it is not a one-on-one duel, but it is actually fair, because in our God Realm, our human race is still too weak, and we often encounter To attack other big races, if you want to grow into a strong person in the God Realm, you must learn how to survive in the chaos."

While many big shots were discussing, many of the top geniuses on the competition stage below were unable to restrain themselves and began to take action.

"boom!"

"boom!"

"boom!"

Suddenly, the entire competition stage erupted into a series of battles, and the killing energy was earth-shattering.

Visible to the naked eye, phantoms of demon gods appeared on his war spear, letting out terrifying roars. The world suddenly became pitch black, and the demonic energy surged towards Ye Feng.

"If you dare to choose to attack me from the beginning, you will definitely lose."

Suddenly at this time, Ye Feng spoke up.

He didn't even use any martial arts inheritance or use any treasures. He simply slapped his hand forward. ??

"Boom!!"

But with such a simple slap, the void seemed to be shattered.

The numerous phantoms of the demon gods and the overwhelming demonic aura were all shattered to pieces by Ye Feng's slap.

"Click, click..."

Even the pitch-black war spear was completely shattered, shattered into pieces, and fell to the ground as metal fragments that lost their strength and spirituality.

For Ye Feng's third-level Chaos Body, ordinary supreme-level experts simply cannot stop the power of his powerful body.

"How can it be?"

The man in black armor who attacked Ye Feng saw his attack instantly shattered, and even his war spear was shattered into pieces by Ye Feng's slap.

"I was wrong! Spare me!"

At this moment, the man in black armor immediately screamed, begging Ye Feng for mercy, and wanted to leave here.

"Now it's too late to know that I messed with the wrong person."

Ye Feng's eyes turned cold, and he instantly flashed in front of the black armored man, and slapped him directly on the black armored man's chest.

"boom!!"

Suddenly a terrifying and boundless force burst out.

"Crack!"

The black armor on the man's chest shattered in response, and then his whole body was blown away. He fell to the bottom of the competition platform with a "bang-dong" sound and was directly eliminated.

"Amazing!"

Many other top geniuses around saw this scene and couldn't help but look shocked.

They are not ordinary people, they are all top geniuses from all walks of life, and they all see Ye Feng's extraordinary qualities.

First of all, Ye Feng's cultivation level is only at the first level of the Supreme Realm. Among all the geniuses in Bidou Tai, he is considered to be some of the weaker ones. However, even so, Ye Feng still uses the armor of the third level of the Supreme Realm. The man was defeated.

Moreover, you must know that the man in black armor used his own martial arts killing move, but Ye Feng did not use any means. He just slapped the man in black armor away.

This shows that Ye Feng's combat power is very strong, and his trump card has not yet been used.

Suddenly, many people around Ye Feng stayed away from him, as if they didn't want to provoke this guy who was pretending to be a pig and eating a tiger.

At this time, many big shots in Cangtian City noticed the young man Ye Feng on the audience stage.

After all, Ye Feng's move just now can be regarded as a stunning move, and his trump card is far from being revealed. Many people are very curious about how much this little guy who is only the first level of the Supreme Realm can explode. Awesome power?

At this time, Senior Nine was paying attention to Ye Feng the whole time. Seeing Ye Feng easily knocking down another top genius from the third level of the Supreme Realm, he couldn't help but smile on his face.

He looked at the tall guard beside him and said with a smile: "Second brother, isn't this little guy I picked good?"

The second brother's eyes showed a trace of surprise, and some of the original contempt dissipated a lot, but he finally shook his head and said: "Although this Ye Feng does have a few tricks, compared with the real top genius, he is still There is a big difference, the Mo Qingtian I chose will be the most dazzling star in our Cangtian territory in the future."

Senior Ninth heard this, although he was a little reluctant, but he did not refute anything, because Mo Qingtian, the supreme ninth-level genius with the body of the Demon Emperor, is indeed extremely powerful.

Chapter 1800 Candidate

At this moment, the melee on the entire competition stage was still continuing and getting more intense.

An extremely heated fight broke out among the top geniuses from all major interfaces and the universe.

Even those high-level geniuses who were not planning to take action for the time being were forced to get involved in the battle at this time.

"ah!"

"ah!"

"..."

Accompanied by screams one after another, each genius was knocked off the competition stage and eliminated directly.

Only those who continue to stand on the stage can become the final winner. ??

However, in the end, those who were able to stand stably on the competition stage were, in addition to Mo Qingtian, the top genius of the ninth level of the Supreme Realm, who was recognized as the most powerful, there were also several other top geniuses, all of whom were masters among masters, and were very powerful.

Among them was a young woman in a pink dress named Liu Piaopiao.

It also includes a swordsman wearing an ancient warrior uniform, who seems to be named Yin Tianchou, and comes from an interface that specializes in sword training.

Of course, these existences also include Ye Feng.

Ye Feng's ability to remain stable really shocked everyone present.

Because everyone else, whether it is Mo Qingtian, Liu Piaopiao, or Yin Tianchou, are all cultivation beings at the ninth level of the Supreme Realm, they have such strong combat power.

But Ye Feng's cultivation is just the first time he has entered the Supreme Realm, and it is only the first level of the Supreme Realm.

Among the thousands of geniuses who are at the first level of the Supreme Realm, they are considered to have a below-average level of cultivation.

But even with such a low level of cultivation, Ye Feng is still able to defeat anyone who challenges him. Even now, for several hours, he has not even used his martial arts, nor has he sacrificed his treasures. Every time he is just a slap in the face. , just to slap away any provocative person.

It simply gives people a feeling of deep oppression that can defeat all kinds of magic with one palm and bring down ten groups with one force.

At this time, a group of guards in the audience were stunned.

Senior Ninth's face was full of excitement at this time. He didn't expect that the Ye Feng he had chosen would be so powerful. It was like he had found a treasure.

The second brother who originally despised Ye Feng couldn't help but look a little impressed at this moment, and couldn't help saying: "Lao Jiu, you really found a treasure this time, this one is called Ye Feng." The young man named Feng, I have been observing until now, and his combat power is really too strong, and the most surprising thing is that he has not used any martial arts inheritance or used any magic weapon, and his cultivation His level is still so low. Once such a person becomes very powerful and truly grows up, he will definitely be an earth-shattering powerhouse. There will be another God of War figure in our human race. "

At this moment, everyone knows that this time Ye Feng has become the biggest dark horse in this competition. Even if he cannot win the top spot, everything he shows at this moment is enough for the lord to pay attention to.

At this moment, Ye Feng was standing on the chaotic competition stage, overlooking the entire arena, but no one dared to approach.

Because in the past few hours, there have been many people who are not afraid of death to provoke Ye Feng, a 'weak person' in the first level of the supreme realm.

But in the end, without exception, they were all blown away by Ye Feng's slap.

Ye Feng's palm is like a sacred mountain, possessing extremely heavy power. It can burst out with huge force at any time and can directly slap away even the most powerful opponent.

Among the people who were slapped away was a master from the sixth level of the Supreme Realm.

This makes many geniuses on the competition stage fearful. They regard Ye Feng, a seemingly weak figure, as someone who can compete with the top ninth level supreme realms such as Mo Qingtian, Liu Piaopiao, and Yin Tianchou.

The existence of Tian Tianjiao is listed as a person who cannot be provoked.

So for a moment, Ye Feng stood on the chaotic competition stage, and no one dared to challenge him anymore. Ye Feng became extremely leisurely, and even started to look around to watch the battles of other people around him.

"Huh? No one around these people dares to provoke them. It seems that they are all top-notch beings."

At this time, Ye Feng noticed several other people, who, like himself, stood out from the crowd.

Obviously, these people are the top Mo Qingtian and others among the people, and they are recognized as top geniuses.

At this time, they seemed to have noticed Ye Feng's gaze. Mo Qingtian, Liu Piaopiao and other top geniuses all looked towards Ye Feng.

The eyes of Mo Qingtian and Yin Tianchou were full of fighting intent. It was obvious that they had recognized Ye Feng as their opponent.

And Liu Piaopiao, who was wearing a pink dress and outlining her perfect figure, stared at Ye Feng, showed a beautiful smile, and said through the voice: "Where does this young master come from, and he is so powerful?" , with the level of cultivation in the supreme realm, he can be invincible among the crowd, must the young master be the son of destiny in some universe? "

Ye Feng glanced at the woman in the pink dress in surprise. He didn't expect that Liu Piaopiao would still have time to chat with him via voice.

Ye Feng sent a message back and said: "Let's wait until the competition is over to talk about gossip. Before the competition is over, we are still opponents. We will compete for the first place later. I will not show mercy." ??

"You won't show mercy?"

When Liu Piaopiao heard what Ye Feng said, a look of anger and fun appeared on her beautiful face, "Do you think I'm trying to get close? That's not true. I'm just curious about you. , Forget it, no more words, you are right, we will talk about it after the competition is over. "

Liu Piaopiao felt a little angry inside.

, I am such a beautiful woman and a proud woman with extremely talented martial arts. I used to strike up a conversation with a man, but I was rejected.

This made her feel unwilling.

Liu Piaopiao stared at Ye Feng not far away, her beautiful eyes flickering secretly, not knowing what she was thinking.

At this moment, a huge pressure suddenly came over the entire competition platform in an instant.

"boom!"

As this huge pressure fell, all the geniuses on the entire competition stage stopped their movements for an instant.

This huge pressure was naturally caused by the old man in robes who presided over the competition.

The old man in robes said: "Half a day has come. Based on the observation and judgment of the strong people in the audience, the top five will be selected, and then the final battle will take place. Whoever can get a higher ranking will be the leader. Your Excellency takes it seriously and even accepts it as your direct disciple!"

Wow!

Almost at the moment the old man in robes finished speaking, a burst of exclamations suddenly sounded around the entire competition stage.

Then everyone's eyes were fixed on the competition stage.

At this time, the old man in robes said: "I will read out the top five candidates, namely: Mo Qingtian, Ye Feng, Liu Piaopiao, Yin Tianchou, Lei Tianhuang, the five of you, come to my house. Standing in front of you, everyone else steps down. Next, you will have a one-on-one battle to select the final ranking, which will determine your future status under the lord."

The moment the old man in robes finished speaking, everyone's eyes focused on the five young people on the competition stage.

Everyone's eyes were filled with a deep sense of expectation at this moment.

Who is the final king?
