

## Ancient 1801

### Chapter 1801 Bewitched

At this time, everyone's eyes were looking forward to the only five young people left on the competition stage.

These five young people represent the best of all young talents in the field.

Not to mention the many ordinary spectators, there were also many big figures in the auditorium, including a group of Lord Cang's guards, all staring at the five people on the competition stage with expectant eyes.

At this time, the old man in robe who was presiding over the competition also had a look of satisfaction on his face.

Obviously, these five people are deeply valued by him. In the melee just now, the five people all showed very evil talents. This time, they once again welcomed a group of powerful geniuses in Cangtian Mansion. The lord will be very happy.

"Sure enough, even in low-level universes or interfaces, there are very evil beings, and these young people are a little more hard-working than the geniuses in our God Realm. They are all a group of good seedlings. If we focus on cultivating them, in the future we will The human race can have a few more pillars."

The old man in robes secretly thought in his heart, then looked at the five young people on the field, and said loudly: "In the next battle, you will draw lots. If you draw lots of the same color, you will have a one-on-one battle, and those who have a bye will , proceed directly to the next round of competition."

At this moment, the old man in robe turned his palm, and a cylinder appeared in his palm.

At this time, there were five lots in the cylinder.

At this time, Mo Qingtian was the first to step forward and draw a lot.

The other end of the stick he pulled out was inlaid with a blue crystal stone.

"I'll be the second one."

Liu Piaopiao stepped forward, stretched out her small white hand, and pulled out another lottery ticket from the cylinder.

The other section of this stick is inlaid with a red crystal stone.

"call."

Liu Piaopiao couldn't help but breathed a sigh of relief when she saw that she was red.

It's better that I didn't run into this scary guy like Mo Qingtian.

Obviously in the first round, no one wants to run into Mo Qingtian, the recognized number one.

"I'll do the third one."

Ye Feng also took the initiative to step forward and drew out a lottery ticket.

"Blue crystal!"

The other end of this stick is inlaid with a blue crystal stone.

It's the same color as Mo Qingtian!

In other words, in the next round of one-on-one competition, Ye Feng's opponent will be Mo Qingtian!

"This Ye Feng is so unlucky.

ah! In the first round, I met Mo Qingtian, the recognized number one king. "

"It seems that this dark horse has run out of luck and will be defeated soon."

"Yes, this Ye Feng is relatively unlucky after all, otherwise he might be in the top three, but now he is stuck in the top five."

"In any case, this Ye Feng is in the limelight this time, but his cultivation level in the first level of the Supreme Realm, and his ability to reach the final battle for the top five, has impressed everyone."

At this time, there was a burst of discussion in the entire field.

At this time, even Liu Piaopiao looked at Ye Feng with her beautiful eyes, and said with a smile: "Ye Feng, you are so unlucky, you met the terrifying guy Mo Qingtian first, but none of us are willing to touch him. When it comes to him, he is not only cold, but also extremely powerful, and I don't like him anyway."

Ye Feng glanced at Liu Piaopiao in surprise, then nodded slightly and said: "No matter what, you have to face it, right, maybe I can win."

When Liu Piaopiao heard what Ye Feng said, she couldn't help but shook her head. She didn't know where Ye Feng's confidence came from.

You must know that Ye Feng and Mo Qingtian are both the top geniuses, but one is at the first level of the supreme realm, while the other is at the ninth level of the supreme realm. The gap is too big.

Although Ye Feng is powerful in combat and can fight beyond levels.

But Mo Qingtian, a monster, couldn't fight beyond the level.

Some people estimate that Mo Qingtian's combat power may be comparable to that of an ordinary first-level Daluo realm expert who is above the supreme realm.

At this time, Mo Qingtian stared at the blue crystal tag in Ye Feng's hand and couldn't help but said: "I really want to fight you. You are qualified to be my opponent, but one thing you need to know is, The one who wins in the end will be me."

Mo Qingtian's words are very confident and domineering, with a domineering personality.

Ye Feng just smiled at this and said: "Who wins and who loses, we won't know until we fight."

While a few people were talking, the other two people also drew lots.

Yin Tianqiu got a bye, while Lei Tianhuang won the red crystal tag and will fight Liu Piaopiao.

The old man in robes spoke out at this time: "The first battle, Lei Tianhuang versus Liu Piaopiao."

Uh-huh!

Swish

!

At this moment, the two of them came to the area in the middle of the competition platform.

Lei Tianhuang was very burly and seemed to be a body refiner, but the surface of his body was surrounded by flashes of blue thunder and lightning, making him look very mysterious.

At this time, Lei Tianhuang looked at Liu Piaopiao, who looked very delicate on the opposite side, and couldn't help grinning, and said: "Sister, I advise you to hurry up. You have thin arms and legs. If you are not careful, you will be beaten by me." It would be bad if it was interrupted."

When Liu Piaopiao heard this, she immediately snorted coldly and said, "Big man, don't think that just because you are fierce, you are strong. It's not certain who will win and who will lose."

"The Realm of Illusion!"

Suddenly at this moment, Liu Piaopiao took action, and as soon as he took action, he performed an illusion technique.

She actually disappeared and turned into a pink mist, covering the entire area where Lei Tianhuang was standing.

"Boom!" ??

At this moment, Lei Tianhuang was pulled into an endless illusion. It seemed that he saw something horrifying. This burly young man suddenly knelt on the ground.

"What a powerful illusion technique! It actually enchanted even a top talent like Lei Tianhuang, the seventh-level supreme genius!"

At this moment, many people around him couldn't help but exclaimed.

"No! This is all an illusion! I am no longer a weakling! I am the top genius in the Lei Yuan world! I will suppress everything!"

But suddenly at this moment, Lei Tianhuang, who was kneeling on the ground, roared loudly.

Boom!

Almost at this moment, endless thunderous light burst out from his horned dragon-like muscles, like a human volcano erupting. Thousands of thunderous light surged towards the surroundings in an instant, bombarding him. And left, destroying everything.

"ah!"

The next moment, accompanied by a scream, Liu Piaopiao's beautiful figure fell out of the misty illusion. Her body smelled burnt, and she was obviously electrocuted.

Lei Tianhuang stood up all of a sudden, his eyes became as fierce and terrifying as the ancient thunder god, as if he was possessed. He rushed to Liu Piaopiao, and grabbed Liu Piaopiao with a

big hand like a horned dragon. , it seems that the woman in front of him will be crushed into pieces in the next moment.

"No! This Lei Tianhuang seems to have been aroused by the misty illusion, and his inner ferocity has been aroused. He has become possessed at this moment, and has become a person who does not recognize his relatives.

What a ferocious beast! "

At this time, people around suddenly screamed.

"Don't kill me! I surrender!"

Liu Piaopiao was so frightened that her face turned pale, and she immediately exclaimed.

But Lei Tianhuang seemed to be stunned and lost his mind. His fingers were like iron hooves, and he still grabbed Liu Piaopiao.

Uh-huh!

At this moment, Yin Tianchou held a sword and immediately leaped in front of Liu Piaopiao.

"Drawing the Sword Technique!"

Yin Tianqiu shouted coldly. This swordsman was very elegant and elegant, and a cold sword light exploded in the air instantly.

"Bang!!"

But the next moment, Lei Tianhuang crushed the sword light into pieces with one hand.

"What?"

Yin Tianchou wanted a hero to save the beauty, but he didn't expect that he was not strong enough.

"ah!"

He was directly knocked away by Lei Tianhuang's slap, several ribs were broken, and he fell to the ground not far away.

Liu Piaopiao was also aware of the death crisis at this time. She used illusions to seem to arouse the deepest fear and anger in Lei Tianhuang's heart, and Lei Tianhuang had turned into a killing machine.

Seeing that Liu Piaopiao was about to be crushed by Lei Tianhuang.

"boom!"

Suddenly, a big hand surrounded by chaotic energy suddenly descended from high in the sky, like an ancient mountain, and directly blasted Lei Tianhuang to the ground, unable to move.

Uh-huh!

Ye Feng stepped forward, looked at Liu Piaopiao beside him, and said lightly: "I saved your life, remember to repay the favor in the future."

hiss!

At this moment, everyone on the scene couldn't help but gasped as they saw Ye Feng actually suppressing the possessed Lei Tianhuang with one hand.

What kind of terrifying power is this?

One hand pressed Lei Tianhuang, who looked like a ferocious humanoid beast, to the ground and rubbed him?

"hiss!"

"This Ye Feng looks thin and frail, but he actually has such terrifying physical power?"

"It seems that this kid is many times more terrifying than we imagined!"

At this moment, not to mention the ordinary spectators around, but also the many guards and big shots in the auditorium, their eyes were all fixed on Ye Feng, with a look of surprise and uncertainty in their eyes.

Chapter 1802 Appearance

At this moment, everyone's eyes on the field were attracted to Ye Feng on the competition stage.

No one expected that this young man, who was least favored by others, would burst out with such powerful power at a critical moment.

A thunder-attributed body refiner as powerful as Lei Tianhuang could blow away a top swordsman like Yin Tianqiu with one hand.

But at this moment, he was suppressed by one of Ye Feng's hands, pressed to the ground and unable to move.

This kind of huge power is really shocking!

"Roar!"

"Roar!"

At this moment, Lei Tianhuang, who was pressed to the ground by the big hand of Chaos, was thundering all over his body, with red light shining in his eyes, and roaring like a beast from his mouth.

Obviously, at this time, Lei Tianhuang was completely possessed and aroused the terrifying anger in his heart.

At this time, Ye Feng frowned, stared at the graceful Liu Piaopiao beside him, and asked aloud: "What did the illusion technique you used just now arouse in his heart? How did it make this Lei

Tianhuang become like this?" He is so cruel and cruel. From what I saw in his words and deeds before, I didn't think he had this kind of character, but that he was a naive person."

"Crunch! Crunch!"

At this moment, the violent energy in Lei Tianhuang's body seemed to be getting stronger and stronger. Even Ye Feng's chaotic hand was somewhat unable to suppress it and began to shake.

Liu Piaopiao was also frightened at this time. She leaned against Ye Feng, as if to seek some sense of security. She said, "I don't know what happened. My illusion technique, Being able to arouse the deepest fear in a person's heart is my ultimate move to defeat the enemy, but I didn't expect Lei Tianhuang to break through my illusion. As for what the biggest fear in his heart is, I don't know this either. Only he knows."

Uh-huh!

At this time, the old man in robes stepped over from high altitude, stared at the possessed Lei Tianhuang, frowned, and said: "He is like this, so we can only kill him, otherwise it will harm the ordinary people in Cangtian territory."

If a top genius who is obsessed with magic is allowed to leave, it will indeed be very harmful.

"etc."

Suddenly Ye Feng spoke up and said: "

Senior, let me try to see if I can rescue Lei Tianhuang. "

"Do you have any idea?"

At this moment, not to mention the old man in robe, everyone watching around, including many guards and big shots in the audience, all had expressions of surprise in their eyes, followed by deep suspicion.

After all, there are so many strong men on the field, but they can't solve Lei Tianhuang's obsession.

Not to mention you, a little kid from the first level of the Supreme Realm.

At this time, the old man in robes presiding over the competition frowned slightly, looked at Ye Feng, and said: "Young man, don't be too confident. Although your combat power is indeed powerful, it is not about rescuing a top genius from being possessed. It can be solved with strong combat power. Even I can't do anything about this kind of demonic situation. What can you, a young man, do?"

Ye Feng couldn't help but smile when he heard this and said: "Senior asked me to give it a try. If it really doesn't work, then kill this scourge. I will never stop it. I just think that Lei Tianhuang can reach where he is today." , it is fate that everyone is together, and a kind of inheritance that I have cultivated may come in handy at this time. "

After Ye Feng finished speaking, everyone present looked at him with suspicion. Everyone felt that this young man was just being blindly confident.

However, Ye Feng ignored the gazes of the people around him, and pressed the possessed Lei Tianhuang with his transformed chaotic hand, and he walked towards Lei Tianhuang alone.

"Ye Feng, be careful!" Liu Piaopiao's worried voice came from behind.

"Um."

Ye Feng nodded and immediately walked to Lei Tianhuang.

Although Lei Tianhuang was completely possessed at this time, his pupils were red.

But Ye Feng could see a deep reluctance and a huge pain in his crazy-like eyes.

Obviously, Lei Tianhuang, who seemed innocent before, must have a painful past hidden in his heart, as well as an unwillingness to accept his fate.

And this is exactly

It touched a certain part of Ye Feng's heart, making him feel that he might have some similarities with Lei Tianhuang.

That's why Ye Feng wanted to help Lei Tianhuang.

And Ye Feng also has his own confidence.

You know, Ye Feng possesses the sacred inheritance of Confucian literature and Tao, the Haoran Righteousness Art.

Haoran's righteousness, which is full of holiness and purity, is the best way to dispel the inner hostility and purify the soul.

So at this time, Ye Feng walked up to Lei Tianhuang, stretched out a hand, pressed it on Lei Tianhuang's forehead, and shouted: "Sir, help me! Dispel the evil! Purify the soul!"

boom!

Almost at that moment, a majestic white divine light rushed out from Ye Feng's palm and poured into Lei Tianhuang's head under his palm.

"Buzz!"

At this time, there was even a huge shadow of an ancient saint appearing behind Ye Feng, seemingly full of a supreme and sacred temperament.

At this moment, Ye Feng, in the eyes of everyone, is simply like the reincarnation of an ancient saint, full of a sense of sacred power.

Some of the warriors with relatively ordinary cultivation around them had a subconscious feeling that they wanted to worship Ye Feng at this moment.

This feeling makes many people feel surprised in their hearts.

"Is this kid really the reincarnation of an ancient saint?"

Seeing Lei Tianhuang's anger gradually dissipating and being purified, even the old man in robes who was hosting the competition couldn't help but look at Ye Feng with some surprise.

At this time, Liu Piaopiao, who was standing behind Ye Feng, felt the deepest feeling, because at this time, the shadow of the saint floating behind Ye Feng happened to be standing in front of her.

At this moment, Liu Piaopiao felt a kind of boundless love, fraternity, holiness and supremacy that saved the human race from dire straits.

This is the idea of the ancient saints!

With the power of a saint, save the entire human race from dire straits.

In the vast divine world where humans are food, humans are like ants caught in the cracks

Survive.

At this time, after Ye Feng "manifested himself", everyone felt the will of the ancient saint to save the human race.

Many people seem to have seen a saint. In order to save the human race, he fought alone across countless races. His body was stained with holy blood. He had a great heroism and a heartbreaking sadness.

"Alas! When can our human race really stand up on this vast land! No longer will we become food for powerful races! From now on, we will have our own backbone!"

Many old people were even moved to tears by the will of the sages and saints.

Because the saints in the human race are born with the mission of saving the entire human race. They will go through fire and water for the entire human race, and they will do their best and die without hesitation.

Therefore, in the minds of all the races in the God Realm, the ancient saints are the backbone of the human race!

In the God Realm, a vast, dangerous and terrifying land, the human race survives in the cracks of the powerful races. The human race does not worship Buddha, worship the sky, or advocate illusory belief in gods. It only respects its human ancestors who fought bloody battles. !

So at this moment, the aura of the human race's sages and saints manifested in Ye Feng infected everyone present.

"alright!"

Ye Feng suddenly withdrew his hand at this time. Lei Tianhuang's evil thoughts had been completely dispelled by his own awe-inspiring righteousness.

But the moment Ye Feng turned around, he looked at the audience and was stunned.

The eyes of everyone looking at him turned out to be red, even the elderly people who were hundreds of years old had tears in their eyes.

Even an arrogant female genius like Liu Piaopiao, the beautiful eyes staring at her at the moment are all rosy.

Everyone looked at him with an expression of emotion.

"What...what's going on?"

Ye Feng was stunned for a moment, a little confused.

Didn't you just help your teammates?

It actually moved the whole audience?

this.....

Do all people in the God Realm have such low tears?

Chapter 1803 Everyone's Attention

The abnormal behavior of everyone in the audience made Ye Feng feel at a loss for a moment and didn't know what was going on.

"I'm obsessed..."

At this time, Lei Tianhuang, who was lying on the ground, woke up. He murmured and remembered what happened just now.

Lei Tianhuang immediately bowed to Ye Feng in front of him and said: "Thank you, brother Ye Feng, for saving me! From now on, brother Ye Feng, you will be my best brother. Life or death is just a matter of words!"

After saying that, Lei Tianhuang bowed again and again to the entire audience and said, "Thank you all for caring so much about me! I'm very touched! Thank you everyone!"

Lei Tianhuang thought that everyone in the audience was acting out of concern for his safety.

At this time, Ye Feng walked up to Liu Piaopiao behind him, stepped forward and asked softly: "Miss Piaopiao, what's wrong with your expressions and eyes? Why do I feel that something is wrong in the atmosphere."

Liu Piaopiao was staring lovingly at Ye Feng in front of her, her beautiful eyes were red, and said: "No more explanation, I understand everything."

Ye Feng: "???"

In the end, Ye Feng guessed that it might be related to the Confucian literary methods he had just used.

But Ye Feng didn't bother to guess.

At this time, he looked at the old man in robe standing not far away. This strong man who was presiding over the competition seemed to be a little shocked at the moment and had not yet recovered.

At this time, Ye Feng reminded: "Senior, the competition can continue."

"Huh? Oh, okay!"

The old man in robes seemed to have recovered from his dazed state at this time. He coughed a few times, and then said: "The competition continues, this time Lei Tianhuang and Liu Piaopiao are considered a draw."

No one was surprised by this result.

Although Lei Tianhuang is indeed more powerful than Liu Piaopiao.

but

However, Lei Tianhuang was inspired by Liu Piaopiao's illusion technique to arouse his deepest fear and became possessed directly. In terms of Taoist inheritance competition, he lost to Liu Piaopiao.

But at this time, many big shots in the audience looked at these two people with satisfaction in their eyes.

Both Lei Tianhuang and Liu Piaopiao are geniuses in their respective fields.

Of course, what surprised and shocked everyone the most this time was Ye Feng, the peerless genius.

He would even be called a peerless monster!

Whether it was the powerful combat power or the suspected reincarnation of an ancient saint, everyone in the audience was shocked.

"This time, Ye Feng is really the biggest dark horse in the competition. With a weak cultivation level of the first level of the Supreme Realm, he amazes the whole audience."

Someone gave this evaluation.

"Even if he is not Mo Qingtian's opponent in the end, it will be because he has insufficient cultivation base. He will still be called the final king of this competition!"

Some people also said this, obviously they have a very high sense of identification with Ye Feng.

At this moment, the old man in robes who presided over the competition spoke out: "The next battle will be between Mo Qingtian and Ye Feng!"

At this moment, even the voice of the old man in robes was slightly high-pitched, obviously looking forward to this battle.

Originally, everyone thought that if Mo Qingtian and Ye Feng drew lottery tickets of the same color at the same time and became opponents, Mo Qingtian, the top genius of the Ninth Level Heaven with the body of the Demon Emperor, would definitely win.

But now, everyone is a little unsure.

Even a group of Cangtian Lord's guards, including a group of Cangtian City dignitaries serving as judges, suddenly showed bright and expectant eyes, staring at the two young people on the competition stage.

These two people are the top geniuses.

Mo Qing Tian, needless to say, is recognized as the king.

As for Ye Feng, he was not favored by everyone at first, but as the competition progressed, Ye Feng's prowess became more and more important and even shocking.

So at this time, the battle between Mo Qingtian and Ye Feng,

All of a sudden, the atmosphere on the entire field was aroused.

Everyone knows that although this is only the first round of battle, the final champion will be between these two people.

Because the other three, Yin Tianchou, Lei Tianhuang, and Liu Piaopiao, although they are also geniuses, they are far behind Mo Qingtian and Ye Feng.

At this moment, under the gaze of everyone, Mo Qingtian and Ye Feng finally stood on the competition stage, facing each other.

"Buzz!"

Two invisible and terrifying fighting intentions burst out from the two of them in an instant, like two towering mountains standing horizontally under the sky.

"Click, click, click..."

At this time, the entire ground of the competition platform suddenly shattered, and shocking large cracks appeared. The scene was extremely terrifying.

"They are indeed the two strongest people in this competition! This momentum alone has already defeated countless other so-called top geniuses!"

"That's right! The fighting spirit of these two people is so terrifying! They have simply surpassed the level of the Supreme Realm and are comparable to the strong men of the Great Luo Realm!"

"As Mo Qingtian is the top genius of the Ninth Level of the Supreme Realm, it is reasonable to be able to do this.

It's understandable, but that Ye Feng, whose current cultivation level is only at the first level of the Supreme Realm, can actually do this, is simply incredible! "

"..."

At this time, countless spectators around him couldn't help but exclaimed with admiration in their tone.

The two of them didn't even make a move, but the momentum of the foreplay had already made everyone present feel astonished.

How exciting would it be if a fight actually broke out?

An old man couldn't help but exclaimed: "I have no regrets in my life to be able to see such a terrifying battle of top geniuses!"

Buzz!

And just when everyone around was amazed.

Suddenly, Mo Qingtian took action.

He took the lead in launching an attack, and it was his killing move. A huge black iron bow appeared in his hand. He pulled the bowstring suddenly, and the essence of the world and the world gathered from all directions, condensing on his bowstring. The root was an arrow the size of a spear, emitting purple-red magic light.

"This is the battle bow of a Demon King from the ancient times. It can shoot down wild beasts. I wonder if you can stop it?"

At this time, Mo Qingtian spoke up, his tone carrying a chilling tone. It was obvious that he now attached great importance to Ye Feng, and he used his killing move as soon as he came up.

However, he looked cold and ruthless, but he was not bad at heart. Before attacking, he reminded Ye Feng that this arrow was extremely dangerous.

"boom!"

After the words fell, Mo Qingtian let go of the bow string in his hand. The arrows emitting purple-red magic light tore through the sky in an instant, making a huge explosion in the air. In an instant,

they assassinated Ye Feng in front of him, holding him hostage. Wrapped in earth-shaking terrifying murderous intent, it has the power to tear the sky apart, and the power to penetrate mountains, rivers, and earth!

Chapter 1804: Standing out from the crowd

Mo Qingtian's strength is indeed extraordinary. With the bonus of the ancient bow in his hand, his combat effectiveness is even more terrifying.

He was like an excellent archer, using his superb body skills to continuously shoot arrows of divine light emitting black-red light at Ye Feng.

"boom!"

"boom!"

"..."

The arrows, packed with terrifying destructive power, hit Ye Feng in an instant, as if they could pierce Ye Feng in the next moment.

But at this time, Ye Feng moved.

Facing a truly top genius like Mo Qingtian, the terrifying arrows of divine light are enough to pierce his skin.

Ye Feng grabbed it with his palm, and a small copper coin appeared.

It's the Xirang Copper Coin!

"boom!"

The small copper coin, under the input of Ye Feng's mana, suddenly began to expand and became as thick as a mountain, like a copper wall and an iron wall, blocking all the divine light arrows that passed through the holes.

"when!"

"when!"

"when!"

Those divine light arrows, which contained powerful impact and destructive power, hit the Xi soil copper coins as big as mountains, and immediately exploded into countless fragments.

The Xi soil copper coin is still floating in the sky, like an eternal monument, standing in the void.

"What?"

When Mo Qingtian not far away saw this scene, he couldn't help but look shocked.

"It seems to be a copper coin made of an extremely special material. It can actually grow from the size of a fingernail to as tall as a mountain. It is also as hard as divine iron. It is definitely an extremely powerful treasure!"

At this moment, everyone understood that Ye Feng had not released the weapon treasures. It was not that he did not have them, but that it was not necessary.

Uh-huh!

At this time, Ye Feng was alone, standing on the mountain-like soil copper coins, standing with his hands behind his back, leaning over

Looking at Mo Qingtian not far away, he said: "Use your most powerful Demon Emperor's body. Your long-range attacks have no effect on me."

The moment he finished speaking, Mo Qingtian suddenly grinned. He stared at Ye Feng and said, "You are very strong and very capable. You are worthy of my ultimate trump card."

Buzz!

After Mo Qingtian finished speaking, a terrifying aura suddenly surged out of his body that made everyone in the audience feel extremely frightened.

"Crunch, crunch..."

Visible to the naked eye, Mo Qingtian's cold and delicate image was gone. His whole body began to expand rapidly, and eventually he expanded into a giant several thousand meters tall. His body was covered with thick dark golden scales, like Like pieces of solid armor, it covers the surface of the body. On each scale, there is a natural ancient pattern growing, which looks mysterious and noble, and seems to have some ancient and terrifying power.

"Is this the power of the Demon King's body?"

The eyes of everyone in the audience were all focused on the armored giant several thousand meters tall.

But at this moment, Ye Feng's eyes showed no fear at all. Instead, he was full of fighting spirit and shouted loudly: "Okay! Today I will come to see if your so-called Demon King's body is as rumored. It's so scary!"

boom!

At this moment, Ye Feng suddenly unleashed his seventh talent that he had awakened from the Divine Art of Creation: Law of Heaven and Earth, Immortal Golden Body!

"Rumble..."

At this moment, under the shocked eyes of countless people, Ye Feng rose up from the ground and expanded directly on the spot to become a majestic golden giant with a height of tens of thousands of feet.

If we say that the giant Mo Qingtian turned into at this time is like a demon emperor.

The golden giant that Ye Feng transformed into at this moment is a real human race.

Great Emperor!

"Boom!!"

Ye Feng clenched his fist and punched out violently. Ye Feng, who had now become a chaotic body, once again used his talent of the God of Creation, and turned into a golden giant, which became even more terrifying.

His punch simply exploded with a huge force that could destroy the world. The whole world seemed to be trembling, and the mountains were shaking.

The fist conquers the mountains and rivers!

Shattered Eight Wastelands!

"ah!!"

At this moment, Mo Qingtian, who transformed into the Demon Emperor, screamed and was directly blown away by the mountain-like golden fist. He was even knocked back to his original shape and fell to the competition platform.

"Boom!!"

A big hole was created in the extremely solid competition platform. Mo Qingtian was buried in the ruins, coughing blood in the ruins.

His eyes were full of shock at this time, as if he never expected that he had inspired his biggest trump card, the Demon Emperor's body, but it was all blown away by Ye Feng's fist.

"One punch, just one punch... I am defeated..."

The moment the golden fist struck, Mo Qingtian felt an irresistible force, as if the whole world was smashed down.

It is simply not something that humans can resist!

"What kind of existence is that? What kind of existence is the golden giant that Ye Feng turned into?"

At this moment, Mo Qingtian's eyes were full of disbelief, as if he couldn't believe that a top genius like himself had lost like this?

"So strong!"

"What a terrifying punch!"

"That golden giant is so powerful! It's a combination of beauty and wildness!"

At this moment, the eyes of countless people in the audience were filled with deep shock, staring at the golden giant standing under the blue sky.

Ye Feng's appearance just now made everyone feel sacred, purified and moved.

So now

Ye Feng transformed into a golden giant, giving people a feeling of ferocity, bravery and shock!

At this moment, Ye Feng is majestic and majestic. The golden giant is suspended high in the sky, giving people an extremely strong visual impact.

"Buzz!"

At this time, the golden giant emitted a ray of light and restored the size of Ye Feng.

At this time, Ye Feng looked arrogantly at the audience, and no one dared to look at him.

Even the arrogant Mo Qingtian lowered his head at this moment, realizing that the gap between himself and Ye Feng was really too big.

"This is the peerless monster who truly dominates the audience!"

At this moment, everyone in the audience couldn't help but exclaimed in amazement.

The old man in robes who was in charge of hosting the competition looked overjoyed. It seemed that he did not expect that the guards of Lord Cangtian would bring back such an evil young man this time!

The old man in the robe seemed to be afraid that Ye Feng would run away. He quickly ducked to Ye Feng's side, stretched out an old and withered hand, grabbed Ye Feng's arm, and said excitedly: "I declare! This competition The first king is Ye Feng! He will receive the huge reward of this competition, which is a thunder spirit tree that has grown for six thousand years! It is a sacred object that refines and evolves the human body! !"

Wow!

Almost as soon as the old man in robe finished speaking, the entire venue suddenly fell into a huge boil.

No one expected that the first place in this competition would receive such a huge reward.

At this time, Senior Nine standing in the audience was extremely excited.

He never expected that Ye Feng not only entered the top five, but also single-handedly won the throne of the first king!

At this time, the second brother guard who was standing next to Senior Nine lowered his head with a wry smile. This time, he really misjudged Ye Feng, a newcomer. He didn't expect that this young man could actually Exploding such terrifying combat power, he stood out from the crowd and destroyed everything!

Chapter 1805 Genius Base

And just when countless people were shocked, Senior Nine couldn't help but stepped in front of Ye Feng, patted him hard on the shoulder, and said with a smile: "You performed really well this time. ! Give everyone who looks down on you a hard slap."

At this moment, Senior Nine was talking, and his eyes intentionally or unintentionally glanced at the second brother not far away.

It was obvious that there was a rift between the two of them before, but this time Ye Feng gave him a bad breath.

Ye Feng smiled slightly and said: "Senior Ninth attaches such importance to me, so naturally I can't embarrass Senior Ninth, so I showed a lot of trump cards this time to make everyone who looks down on us shut their mouths."

"Hahaha!"

After hearing what Ye Feng said, Senior Nine immediately burst into laughter.

For Senior Nine, he is not only happy that he can discover a peerless genius, but more importantly, he has found another possible future pillar for Lord Cangtian's mansion. This is a huge contribution to a human race territory. .

At this time, the old man in robes who presided over the competition came over and stared at Ye Feng with a smile on his face. He handed Ye Feng a palm-sized sapling and said, "This is how you won the first place in this competition." The first reward is a Thunder Spirit Tree. This is a Thunder Spirit Tree that has grown for thousands of years. It was brought back from the depths of the wilderness by the Lord himself as the first reward. "

Senior Ninth was also a little happy at this time and said: "Ye Feng, please accept it quickly. This Thunder Spirit Tree is a rare tree in the world. The innate thunder spirit power contained in it can help temper your physique and improve your flesh and blood." The power of muscles and bones is a good treasure for body training. I see that you have a special physique, and this Thunder Spirit Tree should be of great help to you."

At this time, Ye Feng also nodded and quickly took the palm-sized Thunder Spirit Tree in the hand of the old man in robe.

"Buzz!"

But suddenly at this moment, the Thunder Ancestral Talisman in Ye Feng's storage spirit ring released a bolt of thunder power, which suddenly burst out from the storage spirit ring and hit the Thunder Spirit Tree in Ye Feng's hand. middle.

No one noticed this scene.

At this time, the old man in the robe was still explaining: "Ye Feng, you must remember that this Thunder Spirit Tree is a living creature, a strange tree in the world, with its own will, and an innate spirit. It is difficult for ordinary people to Surrender, after you enter Cangtian Mansion, you need to continue to communicate with this Thunder Spirit Tree with your sincerity. It will take at least half a year before it will finally help you temper your body..."

boom!

But before the old man in robe could finish speaking earnestly.

I saw that the Thunder Spirit Tree in Ye Feng's hand suddenly burst out into a bright light of thunder.

Then a "swish" sound!

The Thunder Spirit Tree directly integrated into Ye Feng's body, took root in Ye Feng's body, and began to release streams of innate thunder spirit power to help Ye Feng continue to temper his body.

It felt like throwing myself into someone's arms.

"this....."

A sudden scene caused the old man in robe to say something that he wanted to say but was immediately stuck.

Did the Thunder Spirit Tree fall into Ye Feng's hands?

Surrendered directly?

"What's going on?"

The old man in robe was thinking hard at this moment, but he couldn't figure out the reason.

You must know that this kind of thunder spirit tree is an innate magical tree. It is an innate spirit that cannot be subdued by human power. Only by constantly touching it with your sincerity can you make it do things for you.

But what happened to Ye Feng at this time made the old man in robes feel as if he had seen a ghost.

Senior Ninth also stared at Ye Feng with a look of disbelief on his face, as if he didn't expect Ye Feng to be so attractive to Xiantian Qishu.

At this time, Ye Feng himself was

I know that all this is due to the Thunder Ancestral Talisman on my body.

The Thunder Ancestral Talisman contains the power and will of the most powerful Lei Ancestor in the world. Even a thunder spirit tree that has grown for thousands of years must obey the will of the Thunder Ancestor of the same attribute. , I dare not make any mistakes.

Therefore, this Thunder Spirit Tree honestly and proactively integrated into Ye Feng's body, emitting its own Thunder Spirit power to temper Ye Feng's body.

"Thousand-year-old Thunder Spirit Tree is really good. I feel like my body is slowly getting stronger."

At this moment, Ye Feng felt that all the flesh and bones in his body were electric and had a numbing feeling. However, after being numb, the flesh and bones became stronger and stronger. ??

This Thunder Spirit Tree is indeed an innate treasure for body refining!

Ye Feng's current chaotic body is at the sixth level in the middle stage of the third heaven, and he really needs to improve quickly.

Because Ye Feng realized that in the vast and endless supreme interface of the God Realm, the human race was very weak and was almost food in the eyes of other powerful races.

Therefore, you must work hard to become stronger, otherwise you may not even have anything to rely on in the future. The only thing you can rely on is yourself.

With the terrifying and powerful super inheritance of the Chaos Heavenly Emperor Art, Ye Feng naturally cannot waste his bloodline talent.

"In addition to the Thunder Spirit Tree, after entering the Cangtian Mansion, you need to find other ways to temper your body, strive to increase the level of the Chaos Body as soon as possible, and evolve the level of the Chaos Heavenly Emperor Technique."

At this moment, Ye Feng secretly made up his mind.

At this time, Mo Qingtian, Lei Tianhuang and other top five top geniuses also received various rewards from the top few from the old man in robes, but most of them were some pills or divine crystals. Not as good as Ye Feng's Thunder Spirit Tree.

The Thunder Spirit Tree only grows in the depths of the wilderness.

It is the territory of the human race and is very dangerous. The lord personally picked and captured a thunder spirit tree. As the first arrival, this shows the lord's desire and emphasis on genius.

Even if a group of geniuses such as Ye Feng and Mo Qingtian are selected from the low-level interface and universe under the God Realm, Lord Cangtian attaches great importance to them as long as they are geniuses. The reward for the first place is not perfunctory at all, but is given to them. Many powerful men of the older generation are extremely envious of the innate biological treasure such as the Thunder Spirit Tree.

So at this time, Ye Feng finally felt a fondness for the Lord Cangtian whom he had never met before.

Such a lord is still worthy of respect.

They didn't take things lightly just because they came from a low-level interface universe and had status.

But with extreme seriousness and attention.

Next, Ye Feng, Mo Qingtian, Lei Tianhuang, Liu Piaopiao and Yin Tianchou all gathered in front of a group of guards under Lord Cangtian.

Senior Ninth and the second brother were both standing among them. It was obvious that they both belonged to the Cangtian Guard. Senior Ninth was the ninth, and the second brother was the second.

At this time, the oldest Cangtian Guard spoke up: "You five are the five most powerful people who have been killed out of thousands of top geniuses. Next, we will take you five to the Lord's special construction. In-depth training is carried out in the genius base. That genius base is called the "No. 1 Village in the World". The Lord named it after this. The purpose is to inspire you, the genius descendants of the human race, to aim at being No. 1 in the world, practice hard, and fight against The invasion of foreign races will become the pillar of our human race in the future!"

"The best village in the world?"

"Lord Cangtian's private genius base?"

"I'm afraid there are countless other geniuses selected by Lord Cangtian living there, including peerless geniuses from the local God Realm!"

At this time, the five people present heard the guard's words, and their eyes showed deep anticipation and excitement.

Chapter 1806 Two things

The No. 1 Village in the World is the genius base that Lord Cangtian secretly established for the many geniuses he recruited.

Only the top geniuses can enter this No. 1 village in the world to practice.

In this No. 1 village in the world, there are not only top talents from many low-level interfaces and universes, but also many local geniuses from the God Realm within the territory of Lord Cangtian.

So it was definitely a place where geniuses gathered and strong men abounded.

Although Ye Feng, Mo Qingtian and the other five people were a little excited and were about to enter Lord Cangtian's genius base, they also knew very well that what awaited them next might also be endless pressure.

Because those who can enter the genius base are definitely the masters among the masters, the elites among the elites. It is a place full of monsters.

At this time, a group of guards walked towards the interior of Cangtian City and said: "You five, follow us. The No. 1 Village in the World is established in a secret place deep in the Cangtian Mansion. After you enter, you must keep the secret from the outside world. Then It is the genius base of Lord Cangtian and the hope of the entire Cangtian territory."

"yes!"

The five people all spoke out one after another and followed a group of guards towards the interior of Cangtian City.

On the way, the five people were taught a lot of basic knowledge about Cangtian territory by a group of guards.

It turns out that the Cangtian Lord is not an independent human lord, but is located in the territory of a human super empire in the divine world. This super empire is called the "Sky Blue Empire".

However, according to a group of guards, the Cangtian Lord is very powerful. He is a super strong man at the level of God General in the Titled God Realm. He is almost among the top strongest men in the Sky Blue Empire.

Therefore, although the Cangtian Territory is a subsidiary territory of the Sky Blue Empire, the Cangtian Lord relies on his own strong strength and is not a minister of the empire in the Sky Blue Empire, and does not need to obey the empire's orders.

The reason why the Sky Blue Empire accepted Lord Cang Tian was because of Lord Cang Tian's own powerful strength, which could invisibly guard the northern territory of the empire for the Sky Blue Empire.

At this time, Ye Feng couldn't help but ask his guide among the group of guards, "Senior Ninth, how big is the Sky Blue Empire?"

Senior Ninth smiled slightly and said: "The scope of our Cangtian territory is already the area of the ancient continent you came from. The entire territory of the Sky Blue Empire should be comparable to the huge area of the entire central star field where you were before."

"What?"

Ye Feng was a little shocked.

The entire Cangtian territory is as big as the Great Desolate Continent?

And the Sky Blue Empire is even more terrifying. Its territory is as big as the entire central star field?

How vast must that be?

At this moment, Senior Nine continued to speak: "And you have to know that the entire Sky Blue Empire is just an ordinary empire among our human race. There are many other big empires with even vaster territories, and our entire human race is added to it. Together, they are just a small race in the God Realm, living in the cracks. You can imagine how vast and endless the entire God Realm is, and how many powerful and ancient races exist in the entire God Realm."

After Senior Nine finished speaking, not only Ye Feng, but also Mo Qingtian, Lei Tianhuang, Liu Piaopiao and Yin Tianchou present could not help but gasp.

They were amazed in their hearts, the divine realm was indeed the most supreme in all the heavens.

The super large interface is the origin of all things and the source of all dharma. It is so vast and endless that you can't even imagine how vast and vast the entire divine world is. It is simply an eternal and immortal super large interface!

While everyone was chatting, they had already traveled through the entire main city of Cangtian City and entered the heavily guarded Cangtian Mansion.

Cangtian Mansion is built in an extremely grand manner. There are two big golden lions at the entrance. Each one is hundreds of meters tall and looks vigorous and majestic.

At this time, under the leadership of a group of Cangtian Lord's personal guards, everyone quickly arrived at the deepest area of Cangtian Mansion without encountering any obstruction.

This is a very remote place in the mansion, with only a small lake flowing on the ground.

But in this desolate land, in the mid-air above the lake, there is actually a space vortex spinning, emitting strong space fluctuations.

Ye Feng's eyes moved and he said: "That is a door to space."

At this time, a guard smiled and said: "Yes, that vortex in mid-air is the space door leading to the genius base!"

The few geniuses present at this moment couldn't help but have expressions of surprise on their faces.

They did not expect that in order to build his own genius base, Lord Cangtian actually created a small world for all geniuses, and connected it to the outside world through an extremely secretive space door.

At this time, a guard said: "Let's go in, and then I will arrange a place for you."

Uh-huh!

Uh-huh!

At this time, a group of people flew into the air above the lake and stepped into the space vortex.

"Buzz!"

Along with a severe feeling of dizziness, a small world suddenly appeared in everyone's field of vision.

Here ancient trees stand tall, rivers surge, beasts roar in the distance, and strange beasts and fierce birds fly in the sky.

It gives people a feeling as if they have arrived in the ancient wilderness.

However, everyone knows that this is a small world opened up by Lord Cangtian with great magic power. It is specially created to create this primitive and wild picture, which can inspire people's fighting spirit and keep them worried.

"Born in sorrow, die in happiness!"

At this time, at the entrance to the small world of the genius base, there is a huge stone tablet, with eight large characters carved on it. Each stroke is vigorous and powerful, and it is calm and atmospheric. It is like a crouching dragon entrenched on the stone tablet, giving people a sense of enlightenment and enlightenment. feel.

From these words, it can be seen that the Lord of Heaven is definitely a great man who strives hard to govern, has great talents and great vision.

At this time, everyone was walking in this small world, and they saw many houses cast across the entire land.

In the most central area, there are a total of nine extremely luxurious large manors, which are completely different from other buildings.

Seemingly seeing the inner doubts of several geniuses, a guard explained: "Those nine luxurious manors are the best in the world built by the lord himself. There are nine best in the world. Only geniuses Only the nine most powerful people in the base can stay in the nine No. 1 villas in the world, so after entering the genius base, there are only two things in your future life. First, practice crazy and become stronger, and second, be with the surroundings. Everyone competes and strives to

enter the nine No. 1 Villages in the World that are exclusive to the strongest! "The No. 1 Village in the World is the place where Lord Cang Tian secretly recruits many geniuses for himself. Established genius base.

Only the top geniuses can enter this No. 1 village in the world to practice.

Everyone competes and strives to enter the nine best villages in the world, which represents the supreme glory!"

Chapter 1807 Cultivation in seclusion

At this time, looking at the nine luxurious manors that represented the highest glory, the eyes of several geniuses became a little fiery.

Ye Feng stared at the nine manors at this time. Only the strongest could stay in them. He couldn't help but feel an inexplicable sense of familiarity in his heart.

Once upon a time, when Ye Feng was practicing under a certain strong man, it seemed that that strong man had such a motivational method.

It seems that no matter where in the human race, the motivation methods of most big shots are somewhat similar.

Ye Feng also understands this very well. After all, only by providing some treatment that is different from ordinary people in this genius base can the fighting spirit of the major geniuses be stimulated and make them want to become stronger all the time.

Because as long as you stay in that luxurious manor, it means being superior to others and a kind of supreme honor.

At this moment, Senior Nine suddenly looked at Ye Feng and said: "Ye Feng, you have the greatest hope among the five people. In every luxurious manor, deep in the earth, there is a lord coming from the depths of the wilderness. The captured dragon veins of heaven and earth, as long as you move in, you can bathe in the baptism of dragon veins of heaven and earth every day. Your cultivation speed will be greatly improved, and the divine dragon energy in the dragon veins of heaven and earth can help your body continue to evolve and change. Stronger."

When Ye Feng heard this, his eyes immediately showed a trace of expectation and said: "Senior Ninth, don't worry, I will definitely work hard!"

Senior Ninth nodded and said: "But you have just entered here, so don't conflict with other geniuses first. After all, many other geniuses inside are local strongmen in the God Realm, and they are all very powerful. If you go to fight now, it will be no good for you, you need to become stronger before you fight."

At this time, after Senior Nine finished speaking, the oldest guard said: "We have accompanied you all the way here. Our mission has been completed. Everything will depend on you yourself. We have other things to do." I'll leave now. I hope each of you can practice well and don't live up to our expectations of you. Each of you comes from a low-level interface and universe. It's best to

Come together and help each other, otherwise your life in this genius base will be very difficult. "

Uh-huh! Uh-huh! Uh-huh!

As soon as the words fell, several of the guards under Lord Cangtian fled the small world of the genius base and returned outside.

At this time, Mo Qingtian's eyes were filled with curiosity and he said, "How about we go take a look at the nine luxurious manors now?"

Ye Feng nodded and said, "Okay, I'm also very curious."

Yin Tianchou, Lei Tianhuang and Liu Piaopiao naturally had no objections.

For newcomers like them, the nine luxurious manors representing the highest glory are naturally a huge attraction.

So the first thing they thought about at this time was to go and take a look at the nine luxurious manors.

The few people moved very quickly and arrived not far from nine luxurious manors in a blink of an eye.

At this time, everyone sensed that there was a very powerful and terrifying cultivation aura in every luxurious manor.

Obviously, the nine luxury manors now house the top experts from the nine genius bases.

At this time, several people approached the nine luxurious manors, and immediately saw the incomparable luxury of the manor. The floors inside were paved with white jade, the pavilions and halls where they lived were all made of gold and silver, and the roofs were glazed jade tiles. The scent of extreme luxury.

And the most shocking thing is that the air of every luxurious manor is filled with wisps of pale golden dragon aura.

That is the dragon vein energy that belongs to the God Realm. It contains extremely advanced divine power and is of great benefit to human warriors.

In this environment, even if

It is an extremely ordinary snake living in it. After hundreds of years, I am afraid it will transform into a dragon and become a great monster.

Mo Qingtian suddenly spoke up at this time: "Look, there is a sign at the door of these nine luxurious manors. On each sign, there are numbers written, one to nine. The numbers in the first manor are The aura seems to be the most powerful, but the aura in the Ninth Manor is weaker than that in other manors."

Ye Feng nodded and said: "I'm familiar with this. When I was practicing on a low-level continent in my universe, I once joined a strong man. That strong man also used similar methods and means to build a building that was different from other buildings. These nine luxurious manors are estimated to be divided into strong and weak ones. The strongest can live in the first manor, while the weakest can live in the ninth manor. "

Liu Piaopian couldn't help showing a hint of shock in her beautiful eyes, and said: "Even the person in the Ninth Manor has a martial arts aura that surpasses that of a powerful Daluo Realm master in the Supreme Realm, and he seems to be a profound warrior in the Daluo Realm. Roughly speaking,

According to the induction, it is at least the sixth or seventh heaven. It is so powerful. Is this the genius base of the God Realm? "

Ye Feng looked at Liu Piaopiao beside him and said with a smile: "You are wrong. This is just a genius base established by Lord Cangtian. It is only a genius in a very small territory among the human race in the God Realm, let alone the entire vast human race. Moreover, you must know that our entire human race is nothing in the entire God Realm. It is just a small race that lives in the cracks of many taboo races. "

After Ye Feng finished speaking, the geniuses beside him couldn't help but fell into deep shock and thinking.

yes!

The genius base they marveled at was only a very small territory among the human race.

What's more, the entire human race, and even the entire vast and endless race of the gods!

"It's useless for us to think too much now. We should practice hard and try to survive in this genius base."

\u003e

Ye Feng spoke up at this time, his mind was the clearest.

Because Ye Feng has seen so many powerful geniuses along the way for so many years. The only thing he can do is not to be blindly envious and jealous, but to start working hard to become stronger. This is what he should really do. .

Moreover, Ye Feng believes that he has the strongest inheritance and chaotic body. Even in this vast and endless divine world, as long as he works hard, he can eventually become the most powerful existence!

With a raging fire of fighting spirit burning in his heart, Ye Feng walked in a certain direction and said: "Everyone should practice individually. I hope that we can all stand out in the future, otherwise we will live up to our hard work to reach the God Realm."

As soon as he finished speaking, Ye Feng jumped up and disappeared.

Several people on the spot were also awakened by Ye Feng's words.

"Ye Feng seems to be the youngest among us, but he is the most sober and rational person. We are not as good as him in this regard."

Mo Qingtian said coldly, and then walked towards the distance alone.

The few remaining people also dispersed, looking for a suitable place to survive, and then work hard to practice.

At this time, Ye Feng left the residential area of the genius base alone. He entered the wild jungle of this small world, found a huge ancient tree, built a tree house, and lived in it.

The reason why Ye Feng chose not to live in the residential area was because he was a newcomer for the time being, his cultivation level was relatively weak, and he didn't want to be troubled by others.

After all, if a new disciple enters a genius base like this and lives in a residential area, he will definitely be bullied by the old disciples. Ye Feng is very familiar with this kind of routine. He has experienced it too much.

So Ye Feng chose to walk into the wild jungle of this small world alone. He would practice in seclusion for a while. When his cultivation was sufficient, he would go to the residential area to challenge the nine luxury manors.

Chapter 1808 Challenge

The small world where the Genius Base is located is quite huge.

Ye Feng has lived alone in the tree house for three or four days without meeting anyone.

Looking at the green trees, vast land, majestic mountains, blue sky and white clouds, various ferocious beasts, etc. around him, Ye Feng was secretly surprised. Who would have thought that such a vast and real small world could be created by human power.

"That Lord of Cangtian is worthy of being a God-General in the Titled God Realm. He is indeed very powerful and has the power to change the world."

Ye Feng is also very looking forward to and longing for such a powerful high-strength realm.

Next, Ye Feng stopped wasting time and took out all the training materials from his storage ring and began to refine them to strengthen his skills.

"Buzz!"

At this time, Ye Feng took out the Thunder Spirit Tree from his body, and then stretched out his hand directly.

Buzz!

A black swallowing vortex suddenly appeared in the center of his palm.

At this moment, surging thunder power was instantly absorbed from the Thunder Spirit Tree and began to cover Ye Feng's entire body.

At this moment, Ye Feng immediately felt that both his skill and body were growing rapidly.

"It is worthy of being an innate spiritual treasure of the Great Luo realm like the Thunder Spirit Tree! The power of thunder really helped me a lot."

At this moment, Ye Feng murmured.

His skill and physique are growing rapidly.

at some point.

"boom!"

A huge martial arts aura instantly burst out from Ye Feng's body.

His cultivation level has broken through, reaching the second level of the Supreme Realm!

Moreover, Ye Feng also felt that his Chaos Body had been tempered by the Lei Yuan Power of the Thunder Spirit Tree and was promoted to the seventh level in the middle stage of the third heaven of the Chaos Body.

The Lei Yuan Power of the Lei Ling Tree was of great help to Ye Feng's physique.

You know, Ye Feng spent a long time in the low-level universe center of the Primordial God Dynasty, but he failed to improve his chaotic body.

But as soon as he came to the God Realm, he was promoted directly and got an innate treasure like the Thunder Spirit Tree.

I have to say that the God Realm is indeed filled with countless treasures. For Ye Feng, it is a place he must come to.

Otherwise, Ye Feng's strength would improve too slowly in the low-level universe.

At this moment, Ye Feng felt that coming to the God Realm was definitely the most correct choice he had made.

However, Ye Feng is also under a lot of pressure. After all, his biggest enemy in the future is the Chaos God Clan, one of the top 100 God Clan in the God Realm!

With this thought, Ye Feng continued to absorb and devour the thunder energy from the thunder spirit tree in front of him.

"Buzz buzz!"

Immediately, huge waves of thunder power began to be absorbed from the Thunder Spirit Tree, frantically helping Ye Feng to strengthen his skills and physique.

If an ordinary warrior practices, even if he obtains a Thunder Spirit Tree, he may have no choice but to let the Thunder Spirit Tree release its thunder elemental power and subtly transform and strengthen his body.

But in Ye Feng's case, he could crazily overdraw the Thunder Spirit Tree's Lei Yuan Power.

"boom!"

On the third day, Ye Feng once again burst out with a brand new martial arts aura.

"The third level of the supreme realm!"

Ye Feng opened his eyes suddenly, and the light of thunder shone in his pupils.

At this time, Ye Feng found that his Chaos Body level had been improved again.

Directly promoted to the tenth level in the middle stage of the third heaven of the Chaos Body!

There is only one step left to break through to the later stage of the third heaven.

But at this time, Ye Feng discovered that the Thunder Spirit Tree in front of him had almost been sucked dry by him.

At this moment, the Thunder Spirit Tree is no longer as lush and green as before, but is extremely dry, and even the light of thunder and lightning between the branches is almost dimmed.

"It seems that I have overdrawn a lot of the Thunder Spirit Tree's original power of thunder, and it is almost drying up.

Withered to death. "

Ye Feng was taken aback, and quickly put the Thunder Spirit Tree back into his body, and then used the Thunder Ancestral Talisman floating in his body to warm up the Thunder Spirit Tree, which was about to run out of energy.

It has to be said that the Thunder Ancestral Talisman is still very powerful. At this time, the most original power of thunder is released, and the Thunder Spirit Tree begins to slowly recover and become full of vitality again.

In this way, Ye Feng continued to use the Thunder Spirit Tree to strengthen his cultivation skills and physique.

He practiced in seclusion and practiced silently for nearly three months.

After three months of torture, innate creatures like the Thunder Spirit Tree were tortured to death and turned into dead wood, completely losing their vitality. Even the Thunder Ancestral Talisman could not be saved.

Ye Feng felt very sorry for this, but the death of Lei Lingshu was very valuable.

Because in the past three months, Ye Feng's cultivation has skyrocketed to the level of the Supreme Perfection, the Tenth Heavenly Realm!

Moreover, his physique has also been tempered countless times with Thunder Yuan Power, and has evolved to the sixth level in the later stage of the third heaven of the Chaos Body!

This is a huge improvement!

It only took three months!

It's amazing speed!

And you must know that Ye Feng's inheritance is special, his cultivation has skyrocketed, and his physique has strengthened, making his current combat power many times stronger than before.

Ye Feng felt that his more than three months of hard work was very worthwhile.

"Uh-huh!"

At this time, he jumped down from the tree house and flew directly towards the residential area of the genius base of the small world.

"It's been more than three months. I wonder how Mo Qingtian, Liu Piaopiao and the others are doing with their cultivation."

Ye Feng murmured at this time.

The other four people are also peerless geniuses, and they must have achieved great results in their cultivation.

But Ye Feng is confident that their cultivation speed is definitely not as fast as his own.

After all, my first reward, the Thunder Spirit Tree, had been exhausted of all its energy and potential in the past three months.

If he were an ordinary warrior, he would probably have to practice for decades or even

It takes hundreds of years to drain the life potential of the Thunder Spirit Tree.

But for Ye Feng, who has the strongest inheritance, this process only takes three months.

Half an hour later, Ye Feng hurried on with all his strength and finally arrived at the residential area of Little World.

At this time, there seemed to be many more people in the entire genius base than before. It seemed that Lord Cangtian had recruited many more talented warriors in the past three months.

Ye Feng spread his spiritual thoughts and found no trace of Mo Qingtian and others.

He didn't find it, didn't worry about it, and walked directly towards the Ninth Manor.

Ye Feng's purpose is very simple, he is ready to play in the gym.

The genius in the Ninth Manor is the weakest among the nine luxurious manors.

But he also possesses the cultivation level of the sixth level of Daluo Realm.

Ye Feng practiced in seclusion for more than three months this time, draining the Thunder Spirit Tree dry, and his cultivation and combat power skyrocketed.

He was preparing to challenge the geniuses of the Ninth Manor. The first was to test the extent of his current combat power. The second was that Ye Feng had drained the Thunder Spirit Tree. He was in urgent need of new resources to devour and strengthen himself. The Heaven and Earth Dragon Vein in the luxurious manor is an excellent object. It is more precious than the Thunder Spirit Tree and contains greater amounts of high-level energy and divine substances.

At this moment, when Ye Feng arrived at the Ninth Manor, he unabashedly released a monstrous will to challenge and fight.

Many geniuses around the entire genius base were alarmed by this surging fighting spirit.

Uh-huh! Uh-huh! Uh-huh!

At this moment, countless eyes were focused in the direction of the Ninth Manor.

"Who is that? He has unleashed such a strong will to fight. Is he going to challenge the top genius of the Ninth Estate?"

"The fluctuations in his cultivation are only at the tenth level of the Supreme Realm. The owner of the ninth manor is a top talent at the sixth level of the Great Luo Realm!"

"Is this kid deliberately seeking death? You must know that in our genius base, if you are accidentally injured or even killed by a powerful genius, it is possible!"

...

Suddenly, the whole surrounding was boiling.

Chapter 1809 You lost

"Who dares to run wild outside my manor?"

At this moment, a cold and majestic voice suddenly came from the Ninth Manor.

Uh-huh!

The next moment, a young man in white emerged from the Ninth Manor.

This man in white is called Mu Chen, and he is the owner of the Ninth Manor. He is a super master at the sixth level of Daluo Realm, a genius among geniuses, and an elite among elites!

Mu Chen immediately stared at Ye Feng, who was full of fighting spirit, and said coldly: "What's your name?"

Ye Feng said: "My dear, Ye Feng, I entered the Genius Base three months ago. This time I came to challenge you, the owner of the Ninth Manor, because I also want to live in the Ninth Manor."

When Ye Feng finished speaking, a group of geniuses from the genius base who gathered around to watch the show once again made an uproar.

"What? This young man is a newcomer?"

"You just entered the genius base three months ago? No wonder this kid is so brave. It seems he hasn't been beaten yet."

"With the Dzogchen cultivation level of the tenth level of the Supreme Realm, it is really overestimating one's ability to provoke the owner of the ninth manor of the sixth level of the Great Luo Realm!"

"I'm afraid this person named Ye Feng thinks that our genius base is the outside world. He can fight beyond the level. You know, who can enter the genius base and not be able to fight beyond the level?"

...

At this time, a group of people around him made mocking sounds.

Obviously, in everyone's perception, it is impossible for a newcomer like Ye Feng to be comparable to the old disciples.

And his opponent is the owner of the Ninth Manor.

Although Mu Chen, the owner of the ninth manor, is the weakest among the nine manors.

But you must know that Mu Chen is definitely at the top among the thousands of geniuses in the entire genius base.

Except for some geniuses who are not interested in fame and fortune, Mu Chen's strength is definitely ranked ninth in the entire genius base among all the geniuses on the surface.

And Ye Feng is just a newcomer. He just came to the genius base three months ago.

Even many geniuses who have practiced for several years do not dare to easily provoke the owners of the nine manors.

At this time, Mu Chen stared at Ye Feng, sneered and said: "I observed your aura, but it is just the cultivation of the tenth level of the supreme realm. Boy, who gave you the courage to directly challenge me like this?" Strong? Are you really not afraid of death? Or is there something wrong with your brain? You think this genius base is outside and you can fight beyond the level. You have to know that almost everyone who enters this genius base has With the ability to fight beyond levels, we are not ordinary warriors, we are all geniuses, and we are all top-notch geniuses."

Ye Feng just smiled faintly at Mu Chen's words and said, "Since I

If I challenge you, just accept it. Are you afraid of talking so much nonsense? "

When Mu Chen heard this, he immediately became furious and said: "You dare to say such arrogant words in front of me. You are so bold. Don't you know that there is an unwritten rule in our genius base? If anyone dares to provoke If the other party kills him, will he not be punished? "

Hearing this, Ye Feng smiled slightly and said without any fear, "Then just come and kill me as much as you want. Stop talking nonsense. What I want is your manor!"

Ye Feng knew very well that in this genius base where the jungle prevailed, if he acted too cowardly or too Buddhist, he would be looked down upon by others.

"court death!"

At this moment, Mu Chen's eyes suddenly revealed a terrifying murderous intention.

"boom!"

Mu Chen shouted loudly, stretched out a hand to press Ye Feng, and said: "You are a weak newcomer, I can knock you to the ground with one hand, crush you directly, and turn you into a Dead soul!"

boom!

As the owner of the Ninth Manor, Mu Chen possesses a powerful cultivation level at the sixth level of the Great Luo Realm. His own strength is undoubtedly extremely terrifying.

At this time, he casually stretched out a hand and was able to communicate with the power of heaven and earth. At this moment, a big black hand appeared between heaven and earth, as if the entire sky was smashed down, capable of destroying everything.

"war!"

At this moment, Ye Feng did not retain his power rights at all. He inspired the power of his chaotic body, jumped up, flew towards the sky, and waved his fist, which almost shattered the space.

"Boom!!"

Ye Feng's punch directly hit the big black hand of heaven and earth.

The entire field suddenly erupted with a huge roar.

The big black hand of heaven and earth was blasted out of a big hole, shattered, and exploded high in the sky.

"hiss!"

"What?!"

"That Ye Feng was able to neutralize the attack of Mu Chen, the owner of the Ninth Manor, with one punch?"

Countless geniuses watching around saw this scene and couldn't help but gasped.

Because they knew very well that the gap between the two people's cultivation levels was really huge.

And these two people are both peerless geniuses who can fight beyond levels.

But Ye Feng still resisted Mu Chen's attack.

this means

, Ye Feng's level-upping level is much more powerful than Mu Chen's level-upping level!

"What?"

Mu Chen himself saw the scene on the field at this moment, and couldn't help but show a hint of surprise in his eyes.

Although he did not expect that the power of his attack with one hand would not be able to kill Ye Feng.

Because according to Mu Chen's original expectations, with his own strong cultivation and strength, to deal with Ye Feng, a newcomer with a weak cultivation level, wouldn't he just crush him to death?

But Mu Chen never expected that Ye Feng would smash his attack with a punch.

"Boy, don't be too proud!"

Mu Chen suddenly yelled: "It was just my normal attack. It doesn't make any sense for you to use all your strength to smash it."

Mu Chen thought that Ye Feng had used all his strength to smash his normal attack.

Mu Chen continued to speak at this time: "You used all your strength to smash one of my normal attacks. I think this is amazing enough. I will not hold back anymore. I will use my killing move to kill Kill me completely and let you know what the price is for provoking me!"

"Slaying Heaven Sword!"

Almost at this moment, a pitch-black war sword appeared in Mu Chen's hand.

The moment he drew his sword, he displayed an extremely terrifying kendo inheritance.

Sky-killing sword!

The moment he drew his sword, the sky that was originally clear suddenly turned dark.

"The Sky-Destroying Sword! This is a powerful inheritance in the martial arts arsenal of our genius base! It is the best swordsmanship inheritance among Da Luo level!"

At this time, some people around couldn't help but exclaimed.

The sky and the earth were pitch black, and the air was filled with endless murderous intent, making countless people feel like they had fallen into an ice cellar.

Mu Chen's sword was very terrifying.

The war sword in his hand is just an ordinary sword, but at this moment, the secret inheritance of the Heaven-Slaying Sword he used is integrated into that ordinary war sword, and the ferocious aura exuding from the sword body is like a The ancient magic sword revived, as if it was about to slaughter the entire world.

"Um?"

At this moment, the terrifying momentum of the Sky-Slaying Sword woke up the owners of several other manors, and they all walked out of their luxurious manors.

"What's wrong with Mu Chen? He actually used a killing move like the Sky Killing Sword on a weak genius who can't reach the tenth level of the Supreme Realm?"

"It seems that the new genius wants to challenge Mu Chen's position as the owner of the ninth manor, which is why Mu Chen is so angry."

"The new genius is so brave that he actually forced Mu Chen to use the Sky-Destroying Sword. Then he is dead and has no chance of survival.

Opportunity. "

...

At this time, a group of other manor owners spoke out one after another.

And this time.

Ye Feng was alone, facing Mu Chen's sky-killing sword that filled the sky with darkness. The ground made of molten iron standing around him was cracking into pieces at this moment.

Even Ye Feng had to admit that Mu Chen's aura of using the Killing Moves and Heavenly Sword was so terrifying that it made people's hearts palpitate.

But Ye Feng took a deep breath at this moment, and his eyes flashed with endless fighting spirit.

Under the gaze of everyone, Ye Feng not only did not retreat, but strode forward with a terrifying aura of indomitable courage and fearlessness!

"The Ancient Dragon Soul Technique!"

Ye Feng displayed this powerful inheritance at this moment.

boom!

His whole body suddenly turned into a white dragon soul on the spot, rising into the sky, and suddenly bombarded into the infinite killing field of the Sky Killing Sword.

"Boom!"

Suddenly, there was a terrifying roar in the entire sky, like thousands of mountains colliding, resounding throughout the sky.

Poof!

Poof!

...

At this moment, the entire sky was shaking violently and rumbling, and the aftermath of countless collisions turned into aura of destruction, exuding terrible murderous intent, scattered in all directions from high in the sky, like sharp swords, destroying the entire earth. It's riddled with holes.

The fight between two top geniuses and the collision of two powerful inheritances resulted in a scene of destruction that shocked countless people, and made everyone present feel a heart-pounding sense of suffocation!

"Boom!"

Suddenly at this moment, a figure fell from the sky and fell hard to the ground, turning the place into ruins.

Click!

A broken sword fell from the sky again and was inserted right next to the ruins.

"The broken sword... is Mu Chen's battle sword!"

Suddenly someone exclaimed.

"hateful....."

At this time, accompanied by a voice of reluctance, Mu Chen climbed out of the ruins with difficulty, but his clothes were torn, stained with blood, and he was in a very embarrassed state.

Uh-huh!

At this time, a huge white dragon soul leaped down from the sky and transformed into Ye Feng's true form on the spot.

Ye Feng looked at Mu Chen who was not far away, and said in a calm voice: "You lost, and the Ninth Manor belongs to me from now on."

After finishing his words, Ye Feng walked directly towards the Ninth Manor.

Chapter 1810 So cruel

quiet!

Deadly quiet!

"Pap, tap..."

There was a dead silence on the entire field, and only the sound of Ye Feng's footsteps was heard at this time.

No one expected that the final winner would be Ye Feng, a new talent!

This was beyond the imagination of everyone present.

Even the owners of several other manors were fixating their solemn eyes on Ye Feng's slightly thin young figure. ??

At this time, everyone looked at Ye Feng again. There was no longer ridicule in their eyes, but deep awe.

This new genius, with his cultivation in the tenth level of the Supreme Realm, defeated Mu Chen, the original owner of the Ninth Manor.

This kind of achievement is really dazzling!

When other newcomers were still challenging each other to fight in ordinary residential areas.

Ye Feng has defeated the ninth genius in the genius base and successfully obtained the right to use a luxurious manor.

"The gap is too big."

Many of the new talent in the crowd couldn't help but smile bitterly.

"Ye Feng! Ye Feng!"

Suddenly at this time, several shouts rang out from the crowd.

Ye Feng looked not far away and found Mo Qingtian and others.

At this time, the four people were extremely excited and came to Ye Feng's side one after another. They said excitedly: "Just now we were on the periphery and heard someone inside challenging the owner of the Ninth Manor. It seemed that his name was Ye Feng. We all thought he was reunited with you. You're famous, I didn't expect it to be you, Ye Feng!"

At this time, even Mo Qingtian, the cold descendant of the Demon King's body, stared at Ye Feng with excitement and felt incredible.

Ye Feng smiled slightly and said: "I have been practicing in seclusion for three months and have achieved some success, so I came to challenge the Ninth Manor and give it a try. I didn't expect to succeed."

Some success?

After hearing what Ye Feng said, Mo Qingtian and the others couldn't help but smile bitterly.

What Ye Feng said really made people want to beat him up. It sounded modest, but in fact it was extremely confident.

At this moment, Liu Piaopiao's beautiful eyes flashed with excitement, and she said: "Ye Feng, you are now the owner of the Ninth Manor, can I also live in the Ninth Manor? I will serve you tea. Water! Okay?"

Lei Tianhuang scratched his head and said naively: "I'll chop down the trees and wood for Brother Ye Feng!"

Yin Tianchou was holding his sword. Although he was a cold swordsman, he couldn't help but say: "I can

To look after your home. "

Mo Qingtian's eyes were extremely cold, and he held back a sentence for a long time: "I can be your training partner in martial arts. My Demon Emperor's body is the only one among us that can withstand your training."

Ye Feng: "..."

"Hahaha!"

Ye Feng laughed loudly and said: "You can live in if you want. Anyway, I am very lonely living alone in such a luxurious manor."

"Very good!"

Several companions couldn't help but burst into laughter.

"Bo!"

Liu Piaopiao's beautiful eyes were full of joy, and she couldn't help but get in front of Ye Feng and kissed him hard to express her inner joy.

"Me too!"

Lei Tianhuang yelled and moved excitedly to Ye Feng.

"Snapped!"

But before this naive strong man could get a kiss, he was already slapped away by Ye Feng.

At this time, many geniuses around saw this scene, and they couldn't help but look envious in their eyes.

They were very envious of Ye Feng's group of friends for being able to take advantage of Ye Feng and live in the Ninth Manor.

"When one person attains enlightenment, chickens and dogs ascend to heaven!"

But some people sneered and turned around and left.

"I don't believe it! I don't believe you are so powerful!"

Suddenly at this moment, Mu Chen, who had been standing silently in the ruins for a long time, suddenly roared.

boom!

Then a crazy and ferocious smile suddenly appeared on his face, and he suddenly attacked Ye Feng's back, trying to kill Ye Feng.

"court death!"

Ye Feng's eyes suddenly turned cold. He turned around and stretched out a hand, opened his fingers and pinched the head of Mu Chen who had just rushed over.

"Pfft!"

The next moment, Ye Feng exerted force with his five fingers, and Mu Chen's head shattered.

Pieces of flesh and blood were scattered all over the floor!

"Boom!"

Muchen's headless body fell to the ground.

Everyone around who had not left couldn't help but gasped when they saw this scene.

This Ye Feng is so cruel!

Even Mo Qingtian's companions glanced at Ye Feng in surprise, as if they didn't expect that this young man who looked kind-hearted could actually have such a ruthless side.

Ye Feng looked at Mu Chen's body on the ground, looked around the audience indifferently, and said: "I defeated him without killing him directly. I gave him a chance to leave, but he still wants to kill me in a sneak attack, so I'm not polite." There is only one word for the end, death!"

After the words fell, Ye Feng collected Mu Chen's body, then flicked his sleeves and walked directly into the Ninth Manor, disappearing from behind. ??

Mo Qingtian and others also hurriedly followed and entered the ninth manor.

At this time, the owners of several other high-ranking manors originally wanted to cause trouble for the newcomer Ye Feng, but now they dare not make trouble again. This newcomer looks very difficult to mess with.

...

Inside the Ninth Manor, there is a secret training room in a pavilion.

At this time, Ye Feng took out Mu Chen's body from the storage ring, and then released the Devouring Domain.

"boom!"

Almost at this moment, a dark vortex suddenly appeared in front of Ye Feng.

The skill and life essence in Mu Chen's corpse turned into streams of pure energy and injected into Ye Feng's body.

Although death will cause a warrior to lose a lot of energy, Mu Chen is a strong man at the sixth level of the Great Luo Realm, and you must know that Mu Chen is not an ordinary warrior, but a top genius level sixth level of the Great Luo Realm. Heavenly warrior.

So even though Mu Chen lost a lot of energy in his body after his death, the remaining energy was already a huge amount of energy for Ye Feng, who was still at a relatively low level of cultivation.

So at this moment, with the devouring, Ye Feng's skill has greatly increased.

"boom!"

Half an hour later, Ye Feng made a breakthrough in cultivation, reaching the half-step Daluo realm!

This breakthrough momentum spread out from the secret cultivation room. Mo Qingtian and Liu Piaopiao, who were practicing in various places in the Ninth Manor, sensed this breakthrough momentum and couldn't help but smile. A look of shock.

"Is this... a breakthrough in momentum?"

"Ye Feng has broken through to the half-step Daluo realm?"

"This kind of breakthrough speed

, too fast. The key is that Ye Feng broke through so quickly and his martial arts foundation is still so solid. There is no instability in his realm or lack of combat power. "

"How did he do it? Is he really from a low-level interface and a low-level universe like us? Why do I feel that he is more scary than the local geniuses in the God Realm!"

...

At this moment, several people couldn't help but exclaimed.

At this time, in the secret training room, Ye Feng was very satisfied with this breakthrough.

Mu Chen in front of him was already decayed.

Ye Feng stretched out his hand and took Mu Chen's storage ring from the withered corpse into his hand.

Under the exploration of his spiritual mind, Ye Feng's eyes suddenly lit up with joy.

This Muchen is worthy of being the original owner of the Ninth Manor, and his accumulation is quite rich.

The most important thing is that Ye Feng found the "Slaying Heaven Sword" from Mu Chen's storage ring, a set of Daluo-level swordsmanship and martial arts inheritance.

When Mu Chen used it before, even Ye Feng felt threatened. If he hadn't used the Ancient Dragon Soul Technique, a powerful inheritance of the White Dragon God, he might not have been able to stop Mu Chen's killing move.

Therefore, Ye Feng is also coveting the Sky Killing Sword.

Originally, Ye Feng was planning to wait until he had made a contribution to Lord Cangtian before going to the martial arts library at the Genius Base to exchange for this set of Sky-killing Swords.

But he didn't expect that Mu Chen would dare to attack him secretly, so he didn't have to hesitate anymore to kill him directly and seize all his wealth.

Although the genius base officially prohibits geniuses from killing each other, there is an unwritten rule in the genius base. If two people really have an irresolvable personal grudge, they can kill each other.

And this is also the default rule of Lord Cangtian, because Lord Cangtian established this genius base not to raise idle people, but to select the most powerful top geniuses for his use by raising Gu.

"Uh-huh!"

At this time, Ye Feng stood up in the secret practice room and walked outside.

He was going to find Yin Tianchou to get a good war sword to practice the powerful Daluo-level top-grade martial arts inheritance of the Sky-Destroying Sword.

Yin Tianchou is a swordsman. He definitely has more than one sword, and he must have collected a lot of good swords.

Ye Feng asked a group of friends to practice in the Ninth Manor, and it shouldn't be too much to go to them for weapons.
