Chapter 1811 The First Manor Owner

At this time, Ye Feng walked out of his secret training room and walked outside.

Buzz!

He spread out his spiritual thoughts and quickly captured the location of Yin Tianchou's aura in the Ninth Manor.

At this time, Ye Feng immediately jumped in front of Yin Tianchou.

When Yin Tianchou saw Ye Feng, he immediately couldn't help but said: "Brother Ye, do you have anything to do with me?"

He could see that there seemed to be a hint of urgency on Ye Feng's face.

At this time, Ye Feng smiled and said: "Brother Yin, I have been practicing a powerful kendo martial arts inheritance recently, but I lack a good sword, so I came to you to see if I can Get a good sword."

When Yin Tianchou heard this, he couldn't help but stare blankly, and then said with a smile: "Of course I do. I started practicing swordsmanship since I was a child, so I got a lot of good swords along the way. I like swords, and I also like to collect swords. Bing, Ye Feng, wait a minute, I'll take a look at my storage ring and try to find the best sword for you, Ye Feng."

Yin Tianchou knew that Ye Feng treated his partners so generously, so he couldn't be picky.

At this time, Ye Feng saw that Yin Tianchou was looking for a sword, and couldn't help but smile. He had found the right person. Yin Tianchou, a swordsman, had indeed collected a lot of good swords.

A quarter of an hour later, Yin Tianchou suddenly took out a simple stone sword from his storage ring.

At this time, Yin Tianqiu said: "This stone sword is the most magical sword I have collected during my training. Although it is just a very ordinary stone sword, the material is extremely strong and is comparable to a magical weapon." , In addition, every time this stone sword attacks, the user does not need to consume mana to activate it. Its sword body will automatically release a very powerful cold air that can freeze the void. "

At this time, Yin Tianchou said and handed the stone sword to Ye Feng.

The stone sword does look very plain and simple.

But at this time, Ye Feng silently used the power of the Chaos Body and pinched it violently, but Shi Jian didn't react at all.

This made Ye Feng feel a little shocked.

You must know that the strength of his current Chaos Body is absolutely comparable to the hardness of the early Da Luo level.

So Ye Feng knew that no matter how bad the grade of this stone sword was, it would definitely be a Daluo-level soldier.

In addition, it seems that there is a secret of ice energy hidden inside this stone sword.

It seems that this young man Yin Tianchou is quite good. He did not perfunctorily allow him to enter his ninth manor to practice.

"Uh-huh!"

Ye Feng waved the stone sword in his hand for a moment.

Suddenly, a strong cold air was automatically released from the blade of the stone sword, freezing a pool of water not far away.

"Not bad."

Ye Feng was very satisfied and said to Yin Tianchou: "Thank you, brother."

Uh-huh!

After finishing speaking, before Yin Tianchou could speak, Ye Feng moved and disappeared.

Yin Tianchou stood there and was about to speak, but found that Ye Feng had disappeared.

He couldn't help but smile bitterly and murmured: "He is really a cultivator. No wonder we can't compare to him. It seems that I have to practice hard and try to be on par with Ye Feng!"

After Yin Tianchou finished talking to himself, he began to work hard to practice his sword skills.

At this moment, Ye Feng returned to his secret practice room alone.

Ye Feng held the stone sword and started practicing the Sky Killing Sword directly.

Too many skills don't overwhelm the body.

As long as Ye Feng has good advanced martial arts, he will naturally practice some, which can enhance his overall strength.

At this moment, Ye Feng can use the power of the soul gem to accelerate his understanding of the Sky-killing Sword.

"boom!"

At this moment, Ye Feng's

A monstrous killing momentum suddenly erupted from his body.

This kind of momentum is the momentum of the Sky Killing Sword.

Practicing the Heaven-Slaying Sword, a martial arts inheritance that focuses on killing, naturally requires a firm desire to kill.

Once you use the Heaven-Slaying Sword, you become the God of Killing. Not even the sky can stop your killing sword.

All the gods, demons, and immortals are but one sword away!

This is the core mystery of the Sky-Destroying Sword, full of a kind of domineering and killing that is arrogant to all!

...

Three days later, a guard suddenly arrived at the Ninth Manor where Ye Feng was practicing.

It's Senior Nine.

At this time, Senior Nine sent a message: "Ye Feng, come out quickly, I have something important to tell you."

Ye Feng suddenly heard the voice transmission from Senior Ninth, and couldn't help but immediately walked out of his secret training room and ducked outside the Ninth Manor.

He immediately saw the figure of Senior Nine, standing at the gate of the manor.

At this time, Ye Feng stepped forward and immediately said with a smile: "Senior Ninth, long time no see. Is there anything important? You actually asked Senior Ninth to come here in person to inform me?"

Senior Nine pulled Ye Feng away and said: "The Lord has something to do and needs to gather the owners of the nine estates in the entire genius base, because you are all the top geniuses."

Speaking of this, Senior Ninth seemed to sigh and said: "Originally, my expectation for you, Ye Feng, was that you could survive in this genius base, but what I never expected was that you would

be so powerful. In just a few months, he had killed Mu Chen, the original owner of the Ninth Manor, and replaced him with himself. This made me and the other guards look up to him with admiration. Originally, what we all looked forward to the most was the Demon Qingtian performance, but Ye Feng's achievements shocked everyone. You should be the fastest new genius to successfully challenge the master of the manor since the creation of the genius base. The lord has also heard about this, and he is very interested in you. I attach great importance to this

The sub-lord has summoned the nine top geniuses in your nine manors. There must be something particularly important, so I came here to inform you personally to see how you are doing recently. "

At this time, Senior Nine spoke a lot at once, obviously very shocked and very satisfied with Ye Feng's achievements.

Ye Feng smiled and said: "Senior Jiu is ridiculous. I just thought that the cultivation environment in the Nine Manors was very good, so I challenged myself over my own abilities. I didn't expect that the record was not bad, and I succeeded."

After hearing this, Senior Ninth patted Ye Feng on the shoulder and said: "I am very optimistic about you, practice hard, and work hard to become the most powerful one in the genius base. If you get the favor of the lord, your future will be bright. , not only in our Cangtian Lord's territory, but also in our entire Sky Blue Empire, there will be a bright future."

While the two were discussing, they had already left the small world where the genius base was located and returned to the lord's mansion outside.

After passing through the layers of buildings, the two came to the entrance of a main hall in the deepest part of the mansion.

At this time, there are already many young geniuses standing in this hall.

These young geniuses are the owners of several other luxurious estates.

Ye Feng looked over and found that the cultivation auras of these top geniuses were very powerful, which made Ye Feng feel huge fear for a moment.

In particular, there was a young woman in black standing among this group of people. The aura emanating from her body made Ye Feng most afraid.

She looked extremely cold, dressed in dark black clothes, and carrying an emerald green bamboo sword on her back, giving people a mysterious and powerful feeling.

Senior Ninth whispered in Ye Feng's ear: "This woman in black is the owner of the first manor in the genius base and the top talent in the entire genius base. Her name is Xiao Qingdai."

Ye Feng's eyes were startled, and he was a little surprised. He didn't expect that the owner of the first manor in the genius base, the first genius, was such a beautiful woman.

Chapter 1812 Final Reward

While Ye Feng was secretly observing, Xiao Qingdai, the first owner of the manor, suddenly looked towards Ye Feng.

At this moment, Ye Feng immediately saw a pair of beautiful eyes reflected in front of his eyes.

At this time, Ye Feng also felt a huge pressure, pressing towards him.

That kind of pressure is an invisible pressure that comes from the soul.

Obviously, this Xiao Qingdai seems to have practiced some kind of soul technique, and she is a cold woman who is extremely aggressive.

Just because Ye Feng glanced at her one more time in the crowd, Xiao Qingdai exerted invisible pressure on Ye Feng's soul and wanted to teach Ye Feng a lesson.

"Soul Emperor Seal!"

But at this time, Ye Feng silently operated the Soul Emperor Seal to protect his soul.

Xiao Qingdai's soul attack did not cause much harm to him.

"Um?"

When Xiao Qingdai saw Ye Feng as motionless as a mountain, she couldn't help but reveal a trace of surprise in her eyes.

Then Ye Feng suddenly heard a woman's cold voice in his mind: "You have also practiced the inheritance of soul-related skills? It seems that the low-level universe you come from is very extraordinary, and there is actually a and... I am a fellow practitioner of Hunwu."

Ye Feng's eyes showed a look of surprise. This woman's cold voice was obviously said by Xiao Qingdai not far away.

Ye Feng smiled slightly, used his soul to transmit the message, and said: "Miss Xiao, I have indeed practiced martial arts, and also practiced the soul method. Miss Xiao is also very extraordinary."

Hearing this, Xiao Qingdai did not continue to transmit the message, but shifted her gaze from Ye Feng to the door of the hall.

At this time, Ye Feng also felt something and looked towards the door of the hall.

At this time, a tall and majestic middle-aged man slowly walked outside the hall door.

This middle-aged man was wearing very simple clothes, just a very ordinary set of large black robes.

But the moment he walked in, everyone felt that what was coming was not a person, but a majestic giant. Walking over, he was filled with an endless sense of oppression, like a feeling in his heart and shoulders, All of a sudden, an extremely majestic mountain appeared, oppressing and terrifying.

"This is definitely the Cangtian Lord! A powerful being at the level of God General in the Titled God Realm! Even in the God Realm, he is also a strong person among the human race!"

At this moment, Ye Feng couldn't help but murmur in his heart.

At this moment, a group of top geniuses in the hall, including Senior Nine and other guards, all clasped their fists and said respectfully: "See you, Lord!"

Lord Cangtian has a very high majesty and status, but in the face of these top geniuses, this Lord likes them very much, so he smiled and said: "Don't be so polite, you are all the top geniuses under my command. , you will be my right-hand man from now on. The purpose of calling you here this time is to organize a large-scale trial for the entire genius base. "

"Trial?"

When everyone heard this, their eyes showed a hint of excitement.

Because they know that every time Lord Cangtian organizes a trial, there will be generous rewards.

Sure enough, Lord Cangtian spoke up at this time: "This time, all the geniuses from the genius base will participate in this trial. The trial location is the Demon Crypt on the border of our Sky Blue Empire."

\u003e "Demon Crypt!"

After hearing what Lord Cangtian said, a group of top geniuses couldn't help but exclaimed.

The Demon's Cave can be said to be the most dangerous place around the Sky Blue Empire.

Under the bottomless earth, there is a huge cave world, where countless dark creatures live.

On the surface of the cave, all the demons live, so it is called the demon cave.

But the further down you go in the Demon Cave, all kinds of terrifying dark creatures will begin to appear, all of which have survived from ancient times, and are very terrifying.

Dark creatures are everywhere in the God Realm, and they are also the number one enemy of the human race.

In many territories of the human race, there are restricted areas of life. Those restricted areas of life are where dark creatures live. Even the emperors of the human race do not dare to enter them, otherwise they may suffer an unknown death.

Although the Demon's Cave is not considered a restricted area of life, it is still a very dangerous place.

At this time, many of Cangtian Lord's guards had a hint of shock in their eyes. They seemed to have never expected that Cangtian Lord would actually arrange for many geniuses to go to such a dangerous trial place as the Devil's Cave this time.

In the past, everyone's trials were conducted deep in the small world where the genius base was located.

After all, it is a small world created by Lord Cangtian, and you can be sure to try it out in it.

But this time it was different.

The Devil's Cave is a place that even a powerful person like Lord Cangtian cannot fully control, and there are huge dangers.

Lord Cangtian seemed to have seen everyone's doubts and said with a smile: "This trial is so difficult because I am preparing to recruit direct disciples. Who can stand out in this trial in the Demon's Cave? You can become my personal disciple!"

"What?!"

Almost at the moment Lord Cangtian finished speaking, a burst of exclamations suddenly erupted from the entire field.

No one expected that Lord Cangtian was actually preparing to recruit disciples, and they were his own disciples.

You know, Lord Cangtian is such a terrifying powerhouse, but he still has no disciples.

If anyone is selected, he will be the first disciple of Lord Cangtian, and his future status will really skyrocket.

At this moment, the eyes of a group of top geniuses suddenly became extremely hot and excited.

At this time, Lord Cangtian once again dropped a bombshell: "If anyone can be selected by me to become my personal disciple, I will teach him my inheritance 'Reincarnation Skill of the Heavens'. This is a trial." The final reward, one of your old disciples knows, is that my Heavenly Reincarnation Skill is the inheritance of the top god-emperor level in the Titled God Realm. My Heavenly Reincarnation Skill was the amazingly talented Samsara God Emperor of my human race back then. The powerful inheritance I created, even the royal family of the Sky Blue Empire, covets my inheritance."

Wow!

After Lord Cangtian said these words, a shocking sound of gasping immediately sounded throughout the entire hall.

"Personal disciple!"

"The Reincarnation Kung Fu of the Heavens!"

"Inheritance at the level of a god-emperor!"

No matter which one, it deeply shocked the hearts of everyone present.

Even Ye Feng was shocked.

The final reward of this trial is too generous! While Ye Feng was secretly observing, Xiao Qingdai, the first owner of the manor, suddenly looked towards Ye Feng.

At this moment, Ye Feng immediately saw a pair of beautiful eyes reflected in front of his eyes.

At this time, Ye Feng also felt a huge pressure, pressing towards him.

The final reward of this trial is too generous!

Chapter 1813 Fighting to get first place

At this time, looking at the fiery expressions of a group of top geniuses present, Lord Cangtian smiled and said: "But the conditions for obtaining the final reward are not that easy. The evaluation of the trial results is very simple, that is, the calculation of your time in the Demon's Cave. Calculated by the number of demons hunted, or even the number of dark creatures hunted, the more powerful the demon core, or the more powerful the core of dark creatures, the better the results. "

Having said this, Lord Cangtian took out a roll of yellow cloth from the storage spirit ring and said: "This is the imperial edict just sent by the royal family of the Sky Blue Empire. This trial in the Demon Man's Cave, the royal family Countless young geniuses will also be sent to participate, and even powerful princes and princesses will participate in this trial, so you must be careful. The royal family of the Sky Blue Empire has been afraid of me, a powerful lord, for a long time. This time the young royal family Geniuses, if they meet you, they may kill you. After all, no one knows what happened in the Demon's Cave. However, we will strictly guard the entrance to the Demon's Cave and will never let the royal family let in the powerful elders. , this time is an invisible contest between my Cangtian territory and the royal family of the Sky Blue Empire, please don't embarrass me."

At this time, Lord Cangtian finished speaking, and everyone suddenly realized.

No wonder Lord Cangtian made such a splash this time, and even gave the final reward of a direct discipleship. It turned out to be to encourage a group of top geniuses to work hard to suppress each other in the competition with the royal family.

At this time, a burly young man wearing armor spoke up: "Lord, if we encounter royal members of the Sky Blue Empire, such as princes and princesses, in the Devil's Cave, if they have murderous intentions towards us, can we kill them? ?"

This young man who is as burly as a little Titan is the owner of the Third Manor. He ranks third among the genius bases and is extremely powerful. His little giant-like body exudes a wild aura that makes people feel heart-stopping. Incomparable.

At this time Lord Cangtian spoke up, his tone was full of iron-blooded killing, and said: "Of course we can fight back! The royal family feels that I am a scourge to the Sky Blue Empire, and they are trying every means to weaken the strength of my subordinates, so if they dare to show their murderous intentions, you can also fight against me. Of course, some members of the royal family

have been trying to win over me. They may have a good attitude toward you, so you can decide according to the situation. Anyway, in a word, no one knows what's inside in that demon cave. What will happen? I only have one request: to defeat the royal family of the Sky Blue Empire and completely defeat the arrogance of the royal family! If I hadn't built such a huge industry on the frontier of the Sky Blue Empire, I would have rebelled against the royal family!" .??.

At this moment, Lord Cangtian was speaking, with an extremely terrifying iron-blooded killing intent in his tone.

Obviously, although Lord Cang Tian said he was a subject of the Sky Blue Empire, in fact he had no awe or loyalty to the royal family at all.

The relationship between the two is nothing more than cooperation.

Lord Cangtian really relied on his own power to compete with the royal family of the entire Sky Blue Empire, making the royal family fear him and want to destroy him. However, the royal family also wanted to rely on the powerful strength of Lord Cangtian to scare the dark races or other people on the border of the Sky Blue Empire. Other alien races.

Ye Feng stared at the high-spirited Cangtian Lord at this time. He only felt that although this Cangtian Lord was in the Sky Blue Empire, he must not be a native of the Sky Blue Empire, but came here from other places. Otherwise, he could not explain his extremely powerful appearance. His cultivation level, and his appearance of not being respectful to the royal family at all.

At this time, Ye Feng's heart was extremely hot. If he could stand out in this Demon Man's Cave trial, the final reward would be so generous that it could almost mean reaching the sky in one step. \u003c

br\u003e

Ye Feng knew that if he wanted to become stronger quickly, he must get this opportunity.

But it's definitely very difficult.

Because there are too many talented and strong people participating in this Demon Man's Cave trial.

Even Ye Feng, who has always been very confident, felt a huge pressure this time.

At this time, Lord Cangtian spoke up: "The time is set in half a month. You should prepare well in this half month. You can't lose my face in front of the royal family. In order to help you prepare fully this time, I will prepare in this half month." If you have any questions about cultivation, you can ask me at any time, and I will try my best to answer them. For the past half month, I will live in the small world of the Genius Base. "

At this time, Lord Cangtian said, and the group of top geniuses present were all excited.

With a strong man like Lord Cangtian as a teacher to guide their martial arts practice, even if it only lasts for half a month, they will make rapid progress.

Even Xiao Qingdai, the number one genius, had a look of joy flashing in her beautiful eyes.

A being at the level of the titled God Realm and Divine General Realm, Lord Cangtian, is extremely terrifying, and his understanding of martial arts is also extremely noble.

If you can get his guidance, then everyone's practice will be like standing on the shoulders of giants.

Of course, the least excited person in the audience at this moment was probably Ye Feng.

He possesses the evil talent after the transformation of the soul gem, and does not need the guidance of a strong person at all. It is better to give himself a top-quality elixir, or some powerful martial arts inheritance. That would be more beneficial to Ye Feng. Be practical.

So the old saying is very true. What is regarded as a treasure in the eyes of some people may be regarded as dung in the eyes of others and has no value.

At this time, after Lord Cangtian made his announcement, he asked a group of top geniuses to retreat.

On the way, Ye Feng planned to see if he could devour and refine the dragon veins of heaven and earth in the Ninth Manor within half a month.

"No! I can't swallow and refine it directly. In that case, will I be beaten up by Lord Cangtian?"

Ye Feng suddenly thought that the dragon veins of heaven and earth in each of these luxurious manors were captured from the depths of the wilderness with great effort by Lord Cangtian.

If he directly swallows and refines all the dragon veins, which is equivalent to eating the entire dragon vein directly, then Lord Cangtian may be furious. After all, he is only the ninth genius now, and he cannot act unscrupulously in the genius base.

"Perhaps when I have the opportunity to become Lord Cangtian's personal disciple, I may be able to be so unscrupulous."

Ye Feng secretly thought, even if it was for the nine small dragon veins in the nine manors, he would have to work hard to get first place in the trial in half a month!

"Your name is Ye Feng, right? The newcomer who entered the Genius Base just over three months ago killed Muchen and won the Ninth Manor?"

Suddenly, on the way back to the genius base, accompanied by a cold and pleasant female voice, a graceful and beautiful figure in black appeared beside Ye Feng. Even Ye Feng did not notice it, so it was obvious that this figure in black was not there. The terrifying cultivation level.

Ye Feng's eyes were startled, and he quickly looked to his side, and found that at some point, Xiao Qingdai, the mistress of the first manor, appeared next to him.

Ye Feng was a little surprised and said: "Miss Xiao, what do you want from me?" Looking at the fiery expressions of the top geniuses present, Lord Cangtian smiled and said: "But the conditions for obtaining the final reward are not that easy. , the evaluation of the trial results is very simple, that is to calculate the number of demons you hunted in the demon cave, or even the number of dark creatures you hunted. At this time, Lord Cangtian said, and the group of top geniuses present were all excited.

With a strong man like Lord Cangtian as their teacher to guide their martial arts practice, even if it only lasts for half a month, they will make rapid progress.

Even Xiao Qingdai, the number one genius, had a look of joy flashing in her beautiful eyes.

A being at the level of the titled God Realm and Divine General Realm, Lord Cangtian, is extremely terrifying, and his understanding of martial arts is also extremely noble.

If you can get his guidance, then everyone's practice will be like standing on the shoulders of giants.

Of course, the least excited person in the audience at this moment was probably Ye Feng.

He possesses the evil talent after the transformation of the soul gem, and does not need the guidance of a strong person at all. It is better to give himself a top-quality elixir, or some powerful martial arts inheritance. That would be more beneficial to Ye Feng. Be practical.

So the old saying is very true, what is regarded as a treasure in the eyes of some people may be regarded as dung in the eyes of others and has no value.

At this time, after Lord Cangtian made his announcement, he asked a group of top geniuses to retreat.

On the way, Ye Feng planned to see if he could devour and refine the dragon veins of heaven and earth in the Ninth Manor within half a month.

"No! I can't swallow and refine it directly. In that case, will I be beaten up by Lord Cangtian?"

Ye Feng suddenly thought that the dragon veins of heaven and earth in each of these luxurious manors were captured from the depths of the wilderness with great effort by Lord Cangtian.

If he directly devours and refines all the dragon veins, which is equivalent to eating the entire dragon vein directly, then Lord Cangtian may be furious. After all, he is only the ninth genius now and cannot act unscrupulously in the genius base.

"Perhaps when I have the opportunity to become Lord Cangtian's personal disciple, I may be able to be so unscrupulous."

Ye Feng secretly thought, even if it was for the nine small dragon veins in the nine manors, he would have to work hard to get first place in the trial half a month later!

"Your name is Ye Feng, right? The newcomer who entered the Genius Base more than three months ago killed Mu Chen and won the Ninth Manor?"

Suddenly, on the way back to the genius base, accompanied by a cold and pleasant female voice, a graceful and beautiful figure in black appeared beside Ye Feng. Even Ye Feng did not notice it, so it was obvious that this figure in black was not there. The terrifying cultivation level.

Ye Feng's eyes were startled, and he quickly looked to his side, and found that at some point, Xiao Qingdai, the mistress of the first manor, appeared next to him.

Ye Feng was a little surprised and said, "Does Miss Xiao have anything to do with me?"

Chapter 1814 Da Luo Realm

At this time, Xiao Qingdai was standing next to Ye Feng, the number one peerless female prodigy. At this time, her pair of beautiful eyes were staring at Ye Feng, and she said: "This is the trial of entering the Demon Man's Cave. , is definitely the most difficult and dangerous trial in history, and I hope to team up with you then."

"What?"

When Ye Feng heard Xiao Qingdai's words, a look of surprise suddenly appeared in his eyes.

He never thought that this mysterious and powerful woman would actually say that she wanted to form a team with him.

Although Ye Feng knew that he recently killed Mu Chen and became the owner of the Ninth Manor, which attracted many people's attention.

But for the owners of several other top-ranked manors, I am afraid that my background is not enough to compete with them.

Especially this Xiao Qingdai, who is also the owner of the first manor, possesses the perfect cultivation level of the tenth level of Daluo Realm, and is even about to enter the next realm, Chaos Realm.

And you must know that the other party is still a proud woman who is as cold as the moon and never gets along with others.

Even if Xiao Qingdai wanted to form a team, she would probably choose other manor owners immediately, such as the second manor or the third manor.

Why would you deign to cooperate with yourself, a newcomer in the Ninth Estate?

Ye Feng was so curious that he couldn't help but ask: "Why did you choose me? Just because I am a fellow soul martial artist like you? Or do you think I have unlimited potential in the future, so you should establish a good relationship with me in advance?"

"neither."

Xiao Qingdai shook her head and said: "When I form a team with others, I never look at their strength or qualifications, because they are definitely not as good as me. The reason why I chose you is because you are the best among the other eight manor owners. The most handsome one, I like him better. If you team up with me, you can just help me fight."

After the words fell, Xiao Qingdai turned and left, her temperament still so cold.

Ye Feng, who was on the spot, was stunned.

Are you more handsome?

Looks good

Eye?

"This mysterious and powerful top woman Xiao Qingdai, I didn't expect that she is also a beauty control."

Ye Feng couldn't help but murmur in his heart.

Speaking of surprises, Ye Feng was still a little surprised.

After all, after all these years, I finally had to rely on my own face to make a living.

"It's great to have Xiao Qingdai, a top female talent, as a teammate. Entering the Devil's Cave in half a month will definitely be a huge help. It will be a safety net before I can fully grow up."

Ye Feng knew very well that he still needed to accumulate his own cultivation strength in the initial stage of entering the Devil's Cave.

If you have a strong person like Xiao Qingdai by your side, you will definitely be an ideal and perfect bodyguard.

Humming a little tune, Ye Feng entered the small world where the genius base was located, and then returned to his ninth manor.

This time, Ye Feng did not directly enter his secret training room, but came to a garden in the center of the Ninth Manor.

There is still half a month left before heading to the Devil's Crypt, which is neither long nor short.

So this half month is of great significance to Ye Feng.

Because Ye Feng knows very well that there is still a big gap between himself and other top geniuses.

After all, he comes from a low-level universe, and there is still a big gap between him and the top geniuses among the gods and humans in Cangtian Territory.

What's more, entering the Demon's Cave for a trial this time, in addition to countless geniuses from the genius base within the Cangtian Lord, there are also royal geniuses from the Sky Blue Empire, all of whom must be very powerful.

Therefore, if you want to become the direct disciple of Lord Cangtian, your performance this time must be very good.

, Only then can Lord Cangtian take notice and be accepted as his disciple.

At this time, Ye Feng stood in the garden of the Ninth Manor and closed his eyes slightly.

He was currently sensing the dragon veins of heaven and earth under the entire Ninth Manor.

With strong soul power as the foundation, Ye Feng used the Divine Eye of Creation and quickly saw through the entire ground.

In his field of vision, he could literally analyze the entire dark land.

In the dark underground, Ye Feng saw a golden dragon vein, which was trapped underground by a formation.

At this moment, Ye Feng stretched out his hand directly, and his five fingers were like iron bars, directly piercing deeply into the soil.

"Swallow!"

At this moment, huge devouring power burst out from Ye Feng's five fingers and began to absorb the energy of the underground dragon veins.

If it were the top geniuses from other manors, they would not be able to capture the specific location and shape of the dragon veins of heaven and earth.

They can only absorb and refine the dragon vein energy floating in the air.

But Ye Feng can do it, not only because he is a soul master, but the most important thing is that Ye Feng has awakened the talent of the Divine Eye of Creation, which allows him to spy on everything.

As his cultivation level increases, the power of Ye Feng's Divine Eye of Creation will become more and more powerful.

"Buzz buzz..."

At this time, visible to the naked eye, streams of golden energy, which is the power of dragon veins, are drawn out from the depths of the earth, flowing along Ye Feng's five fingers, and then flowing into Ye Feng's body.

"boom!"

At this moment, a huge amount of energy exploded in Ye Feng's body.

This kind of dragon vein of heaven and earth captured by Lord Cangtian from the depths of the wilderness is the dragon vein of the God Realm. It contains extremely pure energy, and this energy also contains the unique divine power of the God Realm that is not available in the low-level universe. Sexual substances.

\u003e

This kind of dragon vein power is purer and more advanced than the energy contained in the divine crystal.

For human warriors, it is definitely a natural tonic.

You must know that in the depths of the great wilderness of the God Realm, many powerful alien races and wild beasts feed on this dragon vein of heaven and earth, so they become so powerful, and their bodies are as majestic as mountains and as strong as divine iron. Become the master of the wilderness.

Ye Feng believes that the human race is the most malleable race. If the human race has unlimited resources to accumulate from a young age, has the dragon veins of heaven and earth, and uses various holy objects as food, it will eventually grow into extremely terrifying Creatures.

The ancient human race seemed to be giant-like beings, very powerful.

But that ancient glorious era belonging to the human race has passed.

In the war between the gods, all the strong men of the human race were lost, and the destiny of the human race was severely damaged. It has not been able to recover after several generations.

At this time, Ye Feng had a lot of thoughts.

"boom!"

And suddenly at this moment, Ye Feng's body suddenly burst out with a huge martial arts aura.

That's the momentum of a breakthrough!

"First level of Daluo Realm!"

Ye Feng's eyes were shocked, he was very happy, and he was ready to continue to devour the power of dragon veins.

"Buzz!"

But suddenly at this moment, a very resistant force suddenly emerged from the golden dragon vein in the ground.

At this moment, the devouring force generated by Ye Feng's five fingers was unable to fully absorb the power of the dragon's veins.

"The dragon veins under the ground seem to have a hazy will of their own, and they actually know how to resist?"

Ye Feng's eyes suddenly showed a hint of surprise.

Then he rushed into the ground, preparing to dig directly into the golden dragon vein.

Chapter 1815 Trouble coming to your door

Ye Feng's execution ability was very strong, and soon he was digging the soil, directly dug out an underground passage, and stood in front of the Ninth Manor's Heaven and Earth Dragon Veins.

At this time, in front of Ye Feng, a golden dragon vein with a length of several thousand meters did not have a real form, but was composed of pure golden energy and was sealed under the ground.

Ye Feng stretched out his hand and pressed it directly on the golden dragon vein.

"boom!"

Suddenly, a huge force of resistance rushed out from the golden dragon veins, and actually bounced Ye Feng's hand away.

"Um?"

Ye Feng's eyes showed a hint of surprise. He didn't expect that the self-will of this heaven and earth dragon vein was so strong that it was almost about to give birth to its own true wisdom.

At this moment, Ye Feng's eyes immediately turned cold, "I originally just wanted to absorb some of the power of the dragon vein, but I didn't expect that you wouldn't even give me some of the power of the dragon vein. Okay, then I'm not welcome. I'm going to You swallowed and refined them all!"

Ye Feng's tone was extremely firm.

He knew that there was a golden dragon vein buried under the ground of every manor.

Ye Feng's current identity does not dare to devour the golden dragon veins of other manor directly.

But the dragon veins of heaven and earth in the Ninth Manor belonging to him should simply be swallowed and refined.

Ye Feng, who had a clear idea, no longer hesitated at this time. There was a trace of anger in his eyes, and he grabbed it with his big hand, and his five fingers were like spears, piercing deeply into the body of the golden dragon in front of him.

"howl!!"

At this moment, even the dragon veins of heaven and earth let out a painful howl.

But Ye Feng didn't care, his eyes were full of madness.

"Swallow it to your heart's content!!"

boom! !

Streams of terrifying energy were instantly extracted by Ye Feng from the dragon veins of heaven and earth, and then injected into his body, smelted in the oven of creation inside his body, and then integrated into his limbs and bones. Dantian, crazily expanding one's own cultivation.

At this moment, Ye Feng's cultivation level, which had just broken through to the first level of the Great Luo Realm, began to skyrocket again.

For Ye Feng, there is no need for meditation, breathing in the spiritual energy of heaven and earth, or understanding the laws of heaven and earth. What he needs is to devour and plunder!

"boom!"

"Second Heaven of Daluo Realm!"

"boom!"

"The third level of Daluo Realm!"

"boom!"

"The fourth level of Daluo Realm!"

Finally, the golden dragon vein in front of Ye Feng let out a final mournful cry and then completely dimmed.

The entire golden dragon vein, which was several kilometers long, was swallowed up by Ye Feng at this moment.

Ye Feng's cultivation level also skyrocketed to the fourth level of Daluo Realm!

\u003c

\u003e "I thought a dragon vein could lift me to the sixth or seventh heaven, but I didn't expect that after it was swallowed up by me, it would help me rise to the fourth heaven of the Great Luo Realm."

Ye Feng knew very well that as his cultivation level improved, the energy required for each breakthrough became more and more huge.

Ye Feng couldn't even imagine how terrifying and huge energy would be needed to help him improve if his cultivation reached the realm of a titled god.

"It is said that on the edge of the human territory of the God Realm, there are alien battlefields everywhere. There are various races of the God Realm there, fighting in the wasteland, and the chaos is boundless. Maybe when I am strong enough, I will have the opportunity to visit such a place. It looks like It suits my swallowing ability very well."

Ye Feng thought secretly in his heart.

After coming to the genius base for so long, Ye Feng is not only practicing hard, he also took the time to see a lot of basic knowledge about the divine world.

At this time, Ye Feng was standing under the ground.

The underground space, which was originally dyed golden by the dragon veins, now became dark again as the dragon veins dried up.

Ye Feng turned his Divine Eye of Creation and looked not far away from him. His vision penetrated the thick soil and looked in the direction of several other manors.

Under the ground of several other manors, there is a golden dragon vein buried and sealed.

However, although Ye Feng covets it very much, he currently does not dare to directly hollow out the dragon veins of other manors. This will have a very bad impact on his future development in the genius base.

As the same saying goes, only when your status in the eyes of Lord Cangtian is sufficient will you be qualified to act unscrupulously.

"Uh-huh!"

After Ye Feng took another look at the other dragon veins, he wiped his saliva and then jumped up to the ground again.

"Ye Feng! Oh no! There is someone outside who wants to cause trouble for you!"

Suddenly at this time, Yin Tianchou came hurriedly from a place not far away.

Ye Feng couldn't help but be a little surprised when he saw Yin Tianchou's hurried look, and said, "What's going on? Who wants to cause trouble for me?"

At this time, Ye Feng was indeed very confused. After all, since he killed the original owner of the Ninth Manor, many people were in awe of him. How could anyone dare to cause trouble for him?

Those are definitely the owners of the top several manors. Only these top geniuses have the courage and confidence.

But Ye Feng asked himself, during this period of time, he seemed to have never had any trouble with the top geniuses in other manors, and he had never even interacted with them. How could anyone cause trouble for him?

Ye Feng asked directly: "It should be the top-ranked manor owner.

Are you looking for trouble with me? "

Yin Tianqiu's eyes were stunned and he said: "Ye Feng, how do you know? Yes, it is the owner of the Sixth Manor, Hua Tiancheng, who is looking for trouble! He is the terrifying realm of the sixth level of Daluo Realm! Ye Feng, you have just broken through to the Daluo realm, and you are far from a match for Hua Tiancheng, the master of the sixth manor, so you should hide quickly!"

At this time, Ye Feng looked at the anxious Yin Tianchou in front of him and said with a smile: "Half-step to Da Luo realm? Brother Yin, open your eyes and take a good look. What kind of realm am I in?"

boom!

Almost at this moment, Ye Feng's body suddenly burst out with a huge martial arts aura. .??.

That momentum is impressively that of the fourth level of the Great Luo Realm!

"What? This momentum cultivation is..."

Yin Tianchou felt the surging martial arts aura from Ye Feng, and his eyes widened immediately, and then he couldn't help shouting: "Oh my god! Fourth level of Da Luo realm!!!"

Yin Tianchou was stunned and exclaimed: "Ye Feng, how did you do it? Since you entered the genius base, your cultivation has skyrocketed!"

Ye Feng smiled and said: "With my current combat power, it shouldn't be a problem to deal with Hua Tiancheng, the sixth-level Daluo realm in the Sixth Manor, but let's go and see what's going on first. This Hua Tiancheng is me I have never had any conflicts with him, so why does he suddenly want to cause trouble for me, and even come to my door? "

When Ye Feng and Yin Tianchou arrived at the gate.

"boom!"

Suddenly, a figure was bombarded by people from outside and hit the gate of the Ninth Manor directly.

It's the Demon Love Heaven!

He was covered in wounds at this time, with blood spurting from his mouth. He was thrown to the door, fell hard, and was dying.

If he hadn't been in the body of the Demon Emperor and suffered such serious injuries, he might have died.

"What?"

Ye Feng flew over instantly and quickly put a healing pill into Mo Qingtian's mouth.

At this time, in the open space outside, stood a young man with an aloof temperament. He was dressed in white and had black hair like ink. He had his hands behind his back and exuded the terrifying martial arts aura of the sixth level of the Great Luo Realm.

At this time, it was Hua Tiancheng, the owner of the Sixth Manor!

He is a very powerful top talent!

At this time, Hua Tiancheng looked at Mo Qingtian, who was lying on the ground with serious injuries not far away. He smiled coldly, his eyes full of indifference, and said: "A watchdog dares to block my way. He is really looking for death. But you I was a little surprised that he wasn't slapped to death."

"you wanna die!"

Suddenly Ye Feng stood up abruptly, his cold eyes stared at Hua Tiancheng opposite him, his tone was like ice under the Nine Netherworld, and he said word by word: "Hua Tiancheng"

Come on, no matter whether you are here to trouble me today or not, if you dare to beat my partner to the point of being seriously injured and dying, then I will also destroy you, and then let my partner kill you on his own to take revenge! "

"Hahaha!"

Hua Tian immediately laughed out loud and said disdainfully: "Ye Feng, don't think that you can stand shoulder to shoulder with the masters of the top estates like us by killing the trash from the Ninth Manor. You are just a newcomer with a weak foundation. In our eyes, you people are all ants, and you, Ye Feng, are just a slightly bigger ant."

At this time, Hua Tiancheng said, and then continued: "I am here this time to bring you a reminder. Don't get too close to Miss Xiao Qingdai, otherwise you will die without knowing how. If you dare to talk to Xiao Qingdai again, or get even one meter closer to her, I will kill you with my own hands. A peerless female talent like Xiao Qingdai is not something that a country boy like you with a low-level background can covet!"

After saying that, Hua Tiancheng turned and left.

Ye Feng suddenly spoke up: "You injured my partner, insulted me with words, and then left like that?"

Hua Tiancheng turned around suddenly, with a cold look in his eyes, and said: "Boy, don't overestimate your own capabilities and provoke a strong man like me. I didn't attack you just because I was too lazy to teach you a lesson. How dare you do it?" If you make noise in front of me, I won't mind beating you to death!"

boom!

Suddenly, Ye Feng suddenly burst out with a terrifying and boundless killing intent. Ye Feng's eyes were filled with a deep anger at this moment: "Hua Tiancheng, right? You don't have to leave today! I am the ninth person today." The open space at the entrance of the manor is your grave!"

"presumptuous!!"

Hua Tiancheng suddenly yelled: "How dare you, a despicable boy from a low-level interface, speak like this to a genius like me? You are too presumptuous! You are so bold! Today I will take good care of a thorn like you on behalf of the lord." Boy! I'll break your legs and teach you a lesson for being rude!"

boom!

The moment Hua Tiancheng finished speaking, an earth-shattering martial arts momentum burst out from his body.

That martial arts aura was a terrifying aura from the sixth level of the Great Luo Realm, overwhelming the sky and the earth.

At this moment, countless people in the genius base were alarmed.

"What happened over there? Why did such a terrifying aura suddenly erupt?"

"It seems to be the aura of Hua Tiancheng, the owner of the Sixth Manor. Why did a strong man like him suddenly take action in our base? Who dares to provoke a strong man like him?"

"I saw it, it's the new owner of the Ninth Manor, that Ye Feng! How many days have passed, and he has provoked Hua Tiancheng again? This Ye Feng is too courageous!"

...

Suddenly, the entire genius base became excited and noisy.

Chapter 1816 Death from exhaustion

At this moment, many geniuses gathered around the Ninth Manor to watch.

They never thought that Hua Tiancheng from the Sixth Manor would actually take action against Ye Feng.

At this time, Ye Feng's eyes were extremely cold as he stared at Hua Tiancheng, "I will make you kneel down and atone for the mistakes you have committed!"

Hua Tiancheng shouted loudly: "I am not that good-for-nothing like Mu Chen, but I was killed by a country boy like you. I have the noble bloodline of the God Realm, I am an aboriginal genius of the God Realm, and I also have a strong inheritance. , It's not something that a lowly guy like you from a low-level interface can imagine."

The moment Hua Tiancheng finished speaking, a long knife appeared in his hand and slashed towards Ye Feng.

"Cut heaven and earth with one sword!"

boom!

The terrifying sword light suddenly erupted from the blade of the sword in Hua Tiancheng's hand, as if it could split the entire world in half, and the power was very terrifying.

At this moment, even the many geniuses watching around them, who were very far away, all felt a terrifying illusion that their bodies were about to be chopped into two halves, which made people feel like falling into an ice cellar, very scary.

It's hard to imagine what kind of terrifying pressure Ye Feng, who is bearing the brunt of this at this moment, must be enduring?

"boom!!"

But suddenly at this moment, Ye Feng suddenly burst out with a huge and boundless martial arts aura.

That kind of martial arts momentum was like an ancient true dragon, which had been sleeping for hundreds of millions of years, awakened from the depths of Ye Feng's body, and let out an earth-shattering roar.

"boom!!"

At this moment, Ye Feng's martial arts aura had directly shattered the terrifying sword light.

"What?"

Even Hua Tiancheng, who slashed with the sword, showed a trace of shock in his eyes.

Then his

His face was extremely ugly, and he couldn't help but say: "Your cultivation level has actually broken through to the fourth level of the Great Luo Realm!"

The fourth level of Daluo Realm!

Almost as soon as Hua Tiancheng's words fell, everyone in the entire field couldn't help but take a breath of air.

"hiss!"

"This Ye Feng, a newcomer, has already broken through to the fourth level of the Great Luo Realm?"

"This, how is this done?"

At this time, a series of exclamations suddenly sounded on the field.

Everyone's eyes were filled with deep disbelief, staring at Ye Feng, who was standing proudly on the ground not far away.

They knew very well that Ye Feng was in the tenth level of the Supreme Realm some time ago, wasn't he?

Why did he break through to the fourth level of the Great Luo Realm in just a few days?

This is really scary!

Even a group of geniuses from all major interfaces, including geniuses from the God Realm, all had deep shock and disbelief in their eyes.

Hua Tiancheng sneered at this time and said: "So what if you break through to the fourth level of Daluo Realm? For me, it is not a problem at all."

boom!

At this moment, Hua Tiancheng actually threw away the long knife in his hand, with a look of deep confidence in his eyes, and said: "I am a descendant of a family of spells. What I am really good at is not my martial arts inheritance, but the ancient spells." Technique!"

At this time, Hua Tiancheng quickly made seals with his hands, and mysterious and vicissitudes of life suddenly spread out from his body.

At this moment, Hua Tiancheng shouted loudly: "Meteor Star Spell!"

boom! boom! boom.....

Almost at this moment, huge meteors suddenly appeared in the sky above Ye Feng's head, and fell crazily from the sky.

Each meteor is as big as a small star, full of extremely terrifying weight, and when it suddenly falls from such a high altitude, it must have extremely terrifying impact and destructive power.

"Chaos body!"

"break out!" .???.??

At this moment, Ye Feng did not even use his martial arts inheritance. He was like an extremely ferocious humanoid beast, rushing towards the sky crazily.

"boom!"

"boom!"

Those meteorites hit Ye Feng's body, but did not cause any damage to Ye Feng. Instead, they exploded on their own.

Ye Feng's body seemed to be made of divine iron. It was full of infinite power and could not be destroyed by meteors.

"What?"

"How can you, a low-level kid from a low-level interface, have such a powerful body? You are almost as good as the master of the third manor, the real Titan!"

At this moment, Hua Tiancheng saw that his falling star spell did not bury Ye Feng, but was shattered by Ye Feng's fists.

This is really shocking!

At this time, Ye Feng sneered and said, "Hua Tiancheng, your sixth estate is destined to belong to me today."

Sky-killing sword!

At this moment, a war sword appeared in Ye Feng's hand. It was a stone sword, the sword that Yin Tianchou gave to Ye Feng.

At this time, Ye Feng directly used the Sky-Slaying Sword, and suddenly endless killing sword energy appeared in the sky, all emitting purple-black light, dyeing the entire sky world.

It became dark.

"ah!"

In the endless killing sword energy, even though Hua Tiancheng was wearing a treasured garment with extremely high defensive power, he was cut into pieces by a thousand knives at once, his whole body was covered with scars, his dantian was pierced by the sword energy, and he was completely disabled. .

"Ahhh!"

After Hua Tiancheng was deposed, he couldn't bear such a blow all of a sudden. He spit out a mouthful of blood and died.

"What?"

"Hua Tiancheng is dead?"

"That Ye Feng, in a short period of time, killed another manor owner!"

At this moment, the entire field suddenly fell into a boil.

Mo Qingtian, who was seriously injured and dying not far away, was extremely moved when he saw this scene.

He didn't expect that Ye Feng would really destroy and kill Hua Tiancheng for him.

At this time, the owners of several other manors were alarmed.

Even the beautiful figure of Xiao Qingdai in the First Manor appeared at the door of the First Manor. Looking in the direction of the Ninth Manor and seeing Ye Feng's powerful combat power, they couldn't help but be beautiful. There was a hint of surprise in his eyes.

At this time, Ye Feng dragged Hua Tiancheng's body and couldn't wait to walk into the Sixth Manor.

The Sixth Manor now also belongs to Ye Feng.

Under the ground of the Sixth Manor, there is still a dragon vein of heaven and earth.

Ye Feng originally planned to wait for the Demon Man's Cave trial to end, and then challenge each manor one by one.

But unexpectedly, before the trial started, Hua Tiancheng from the Sixth Manor came to him to die. Ye Feng couldn't blame him.

At this time, Ye Feng walked into the Sixth Manor, closed the door directly, and began to dig away at the place where the dragon veins were sealed underground.

Chapter 1817 The second owner of the manor

Within a few minutes, Ye Feng had already dug deep into the ground.

At this time, Ye Feng stood in front of a golden dragon vein.

This golden dragon vein is the dragon vein of the Sixth Manor.

"Uh-huh!"

Ye Feng didn't hesitate at all, he stretched out his hand and grabbed the golden dragon vein in front of him.

"boom!"

A huge devouring force burst out all of a sudden.

As a result, at this moment, a dark swallowing vortex appeared in Ye Feng's hand.

This devouring vortex immediately enveloped the entire golden dragon vein.

"Boom boom boom..." ??

In an instant, huge and pure energy was forcibly extracted from the golden dragon veins, and then injected into Ye Feng's body.

"plunder!"

"Swallow!"

"The speed of this breakthrough and the growth of energy are really intoxicating!"

At this moment, Ye Feng was devouring and absorbing the huge divine energy of the golden dragon vein, with a look of deep intoxication in his eyes.

This feeling is so good!

"boom!"

Just when the golden dragon vein shrunk by half, Ye Feng's body suddenly burst out with a huge momentum.

He broke through!

"Fifth level of Daluo realm!"

Ye Feng felt the powerful power boiling in his body and couldn't help but scream up to the sky. The madness in his eyes became even more intense, and he yelled with incomparable ferocity: "Swallow them all!"

boom!

At this moment, in the dark vortex behind Ye Feng, an extremely terrifying dark evil beast even appeared directly. It was ferocious and ferocious. It opened its bloody mouth and swallowed up half of the remaining golden dragon veins. .

"boom!

!"

Suddenly, an extremely majestic energy exploded in Ye Feng's body, pouring crazily into his limbs and bones.

At this moment, Ye Feng's skill was undergoing huge surges and changes.

"boom!"

Almost without any pause, a new and powerful martial arts momentum exploded directly from Ye Feng's body, sweeping across the eight wastelands, full of endless majesty and coercion, exuding extremely powerful power and momentum, which made people endure I couldn't help but feel extremely heart palpitated.

At this moment, Ye Feng's cultivation level once again made a breakthrough, directly impacting the sixth level of Daluo Realm.

At this time, the underground space around Ye Feng had returned to darkness and silence, and the golden dragon veins completely disappeared.

At this moment, Ye Feng couldn't help but murmur, "In the past, the power of a dragon vein allowed me to break through three heavens in a row, but now I can only break through two heavens. It seems that with the improvement of my cultivation, every breakthrough, I need more energy to support it, my body is really a bottomless pit!"

Ye Feng couldn't help but smiled bitterly and shook his head, but Ye Feng was not disappointed, because the huge energy accumulation meant huge combat power.

Although Ye Feng's breakthrough is extremely difficult and requires several times or even dozens of times the energy required for an ordinary person's breakthrough, Ye Feng's combat power is also dozens of times that of ordinary people.

At this time, Ye Feng jumped directly and returned to the ground of the Sixth Manor.

Not far away, Xiao Qingdai was standing there, dressed in black, outlining a perfect figure, with a beautiful silhouette and a cold temperament, like a lonely moon and stars.

Ye Feng's eyes moved and he was about to say something.

But Xiao Qingdai had already spoken out in advance: "I finally understand why you broke through the speed...

The speed is so fast, it turns out that you have a secret technique that can steal the power of dragon veins. "

Ye Feng secretly thought in his heart, with my devouring power, I can devour and refine everything in the world as long as it has energy. It is not just as simple as stealing the power of dragon veins.

But it was naturally impossible for Ye Feng to express what was in his heart directly. At this time, he said: "Miss Xiao, are you going to report to the lord?"

A rare smile appeared on Xiao Qingdai's perfect face, which was breathtakingly beautiful, and she said: "I am not that kind of person, and with your qualifications, you may become the biggest winner in this Demon Man's Cave trial. , the lord will take you very seriously."??

Ye Feng's eyes showed a hint of surprise and said: "Miss Xiao, are you so confident in me, a newcomer from a low-level interface?"

Xiao Qingdai smiled and said: "I have always been very accurate in judging people. Anyway, I teamed up with you this time. It seems that I made the right choice. Although you are from a low-level interface, you have been in the genius base during this time." Your performance impresses me. You are a genius with huge potential. If you can get key training, you will definitely achieve great achievements. Recently, the lord and I have a conspiracy. This conspiracy relies on the two of us and it is not enough. Maybe Ye Feng, you can Join us, but your current strength level is not enough. Let's wait for you to grow for a while."

At this moment, Ye Feng realized that the cultivation level of Xiao Qingdai, the proud daughter of heaven, had already stepped from the tenth level of the Daluo realm to the realm of chaos!

"The identity of Xiao Qingdai is definitely not simple. She can plot something big with Lord Cangtian. Her origin may be very terrifying."

Ye Feng secretly guessed in his heart.

At this time, he was very curious about what Xiao Qingdai said about her conspiracy with the Lord.

However, Xiao Qingdai also said that for the time being, she could not enter their level.

"No matter what, the most important thing now is to do the things in front of you. If you don't accumulate small steps, you can't reach a thousand miles. If you don't accumulate small streams, you can't become a river. You have to eat one bite at a time, and walk the road step by step. The truly strong man, They are all tempered and accumulated through countless experiences. The most important thing for me now is to participate in the Demon Cave Trial, get good results in it, and constantly improve myself."

Ye Feng thought silently in his heart.

At this time, Xiao Qingdai continued to speak: "It seems that Hua Tiancheng's action this time is because you and I are too close. Someone may cause trouble for you in the future, even the top three people will cause trouble for you. Are you afraid? If you are, you can choose to quit."

Ye Feng smiled and shook his head, saying: "I have never been afraid of anything. I welcome them when they come to trouble me. I can kill them and plunder their wealth."

Listening to Ye Feng's aggressive words at this time, Xiao Qingdai was a little dumbfounded.

But then she shook her head slightly and said: "Hua Tiancheng was instigated by someone to cause trouble for you. The person behind it is the owner of the second manor, named Yi Tiange. This person is extremely terrifying. Even I am not sure He is his opponent. He seems to have the blood heritage of the ancient heaven. He has the treasure of heaven in his hand and his combat power is terrifying. Be careful."

Uh-huh!

After saying that, Xiao Qingdai's beautiful figure had disappeared from the place.

"Second manor owner?"

"Yi Tiange?"

"The inheritor of the ancient heaven?"

Ye Feng murmured, silently remembering this person in his mind, and then he walked out of the Sixth Manor and walked towards his Ninth Manor.

The greatest value of the Sixth Manor is the dragon veins of heaven and earth beneath the ground.

Now that the dragon veins of heaven and earth have been swallowed up by Ye Feng, the Sixth Manor has no great value to Ye Feng.

Chapter 1818 Bell Ringing

When Ye Feng returned to his ninth manor.

At the gate of the Ninth Manor, there are still many geniuses from the genius base surrounding it.

It seems that everyone is waiting for the return of the king.

Ye Feng's performance this time was really dazzling.

Originally, everyone thought that Hua Tiancheng would give Ye Feng a hard lesson.

But what I never expected was that Ye Feng, a newcomer, actually destroyed Hua Tiancheng, and even made Hua Tiancheng die.

The Sixth Manor has since become Ye Feng's exclusive manor.

Many people feel that they can start coveting the Ninth Manor.

After all, Ye Feng may live in the Sixth Manor from now on.

But when they saw Ye Feng returning from the Sixth Manor to the Ninth Manor, many geniuses who coveted the Ninth Manor shrank their heads and left here quickly.

Because Ye Feng, who killed two top geniuses in a row, has already become the most brutal killer in the entire genius base in everyone's mind. No one dares to cause trouble to Ye Feng anymore, even if it means I don't dare to make any small moves.

At this time, Ye Feng returned to the Ninth Manor and found that Yin Tianqiu was walking not far away, supporting Mo Qingtian.

Obviously, Mo Qingtian's Demon Emperor's body is still very powerful. As long as he doesn't die immediately, he will continue to recover.

At this time, Mo Qingtian saw Ye Feng and seemed to be very excited. He said, "Brother Ye, you took action this time because of me. I really feel bad about it. I heard that Hua Tiancheng doesn't seem to be the same person." He is not the real owner, but is driven by others. He seems to be the terrifying existence of the Second Manor. That terrifying existence is very obsessed with Xiao Qingdai of the First Manor, so he sent Hua Tiancheng to warn you, Ye Feng. Now Ye Feng, you are surrounded by thousands of people. Killing Hua Tiancheng under the spotlight is equivalent to a slap in the face of the second manor owner. The trial in the Demon's Cave will begin soon. I'm afraid that the second manor owner will target you, Ye Feng, and strangle you in the demon cave. "In the human cave."

When Ye Feng heard this, he couldn't help but smile.

Patting Mo Qingtian on the shoulder, he said: "Don't worry too much, my current cultivation level is already very strong, and I still have many trump cards that I haven't used at all, so even if the owner of the second manor, Yi Tiange, If you dare to target me in the trial, I won't be afraid, maybe you can fight back."

At this time, Ye Feng spoke with an extremely confident tone. Yin Tianchou and Mo Qingtian couldn't help but smile bitterly when they heard this.

They knew that Ye Feng was indeed very powerful, but he was the owner of the Second Manor after all!

And it is said that the second manor Yi Tiange is the real number one in the minds of all geniuses. The main reason why he does not seize the right to use the first manor, apart from Xiao Qingdai's own strength, is because of Yi Tiange I want to use this to please Xiao Qingdai, a mysterious and cold daughter of heaven.

However, Xiao Qingdai has always been very cold and ignored Yi Tiange at all, and Yi Tiange also persisted.

This time Xiao Qingdai took the initiative to form a team with a newcomer named Ye Feng, and together they killed monsters and upgraded in the trial.

This news finally made Yi Tiange unable to sit still, but due to his majesty as a strong man, Yi Tiange could not personally warn Ye Feng, so he asked Hua Tiancheng, the sixth, to warn him.

But in the end, Ye Feng killed Hua Tiancheng directly, shocking the entire genius base.

Mo Qingtian stared at Ye Feng at this moment and said: "The last time Senior Nine took you out of the Genius Base to gather in the Lord's Mansion, it was probably because of the Demon Man's Cave Trial, right?"

Ye Feng nodded and said: "That's right, this trial in the Demon's Cave is not as simple as everyone imagined. Only the masters of the nine manors know this secret. Let me tell you directly. This time in the Demon's Cave During the trial, Lord Cangtian is going to select the geniuses with the best performance and accept them as his personal disciples."

"

What? "

After hearing the secret revealed by Ye Feng, Yin Tianchou and Mo Qingtian in front of them couldn't help but turn pale with shock.

They originally thought this was just an ordinary trial, but they didn't expect there to be such a big secret.

The aloof Lord Cang Tian actually wants to choose his own disciples?

Just from this trial?

At this time, both Mo Qingtian and Yin Tianqiu felt a deep excitement.

But they all know that they, the new disciples, have no chance.

But Ye Feng has a chance!

At this time, Mo Qingtian stared at Ye Feng and said: "Ye Feng, you must seize this opportunity! If you can become the personal disciple of Lord Cangtian, then in the future, in the entire Cangtian territory, even in the entire The Sky Blue Empire will become a peerless and dazzling existence with a high status."

Ye Feng nodded and said: "I know this very well. My goal for this trial is to become the direct disciple of Lord Cangtian. If I have this level of identity, my future development in the entire Sky Blue Empire will be greatly affected." It will be a huge convenience. Now my status is too low and I can't do many things freely."

Having said this, Ye Feng looked at the two people in front of him and said: "We are all partners who met in a competition. We are both from low-level interfaces and low-level universes. I trust you very much. This, from the devil's point of view, you The achievement of risking one's life to resist Hua Tian can be seen, which makes me very moved in my heart, so when I become the direct disciple of Lord Cangtian and truly have my own status, I will create my own force. When the time comes, you You will be the person I trust the most and I will train you vigorously."

Mo Qingtian and Yin Tianchou were shocked when they heard this, and then they said solemnly: "Thank you Ye Feng for trusting us old partners so much! To be honest, our talents are not as good as those of the top geniuses in this genius base. Not much, we just lack time and resources."

Ye Feng nodded and said

: "Time is indeed very important."

Ye Feng thought to himself that if he hadn't been short of time and wanted to accumulate it as quickly as possible, he wouldn't have wasted it and sucked up all the dragon veins of heaven and earth.

But if he doesn't do this, Ye Feng will practice slowly, and he doesn't know when he will be able to improve.

Moreover, if Ye Feng hadn't sacrificed everything in nature, swallowed up the dragon veins, and improved his cultivation strength as soon as possible, it might not be certain whether he would still be alive today.

Therefore, special times require special methods.

Ye Feng knew that there was still a big gap between himself and the powerful people in the God Realm.

There is a huge gap between him and his peers, let alone the powerful elders in the God Realm.

That's why Ye Feng is anxious to improve his strength.

With the power of devouring, Ye Feng can greatly shorten the time it takes for him to become stronger.

Others need to slowly accumulate breakthroughs.

But Ye Feng doesn't need it.

"correct."

At this time, Ye Feng suddenly said: "This time in the Devil's Cave Trial, you must not enter the caves that are too deep, because in the deep caves, those who survive are not ordinary infected demons. Humans, but a real race of dark creatures, are very terrifying, I want to remind you of this."

Mo Qingtian and Yin Tianchou both nodded and said, "Okay, we understand. This time we are not seeking victory, only stability."

Ye Feng nodded.

"Dang! Dang! Dang..."

Suddenly at this time, the entire genius base suddenly rang with an ancient and loud bell.

Ye Feng's eyes moved and he said: "It seems that the lord is going to gather us in advance to go to the Demon Man's Cave. Let's go to the central square to gather!"

After the words fell, several people walked out of the Ninth Manor and rushed towards the central area of the genius base.

Chapter 1819 Mount

When the three people came outside, they immediately saw that countless geniuses from the genius base were rushing towards the center of the base.

Uh-huh!

Suddenly at this time, a beautiful figure appeared next to Ye Feng, wearing black clothes and a bamboo sword, as lonely and cold as the moon, as cold as ice.

It was Xiao Qingdai, the owner of the first estate.

At this time, Mo Qingtian and Yin Tianchou saw this peerless female talent appearing next to Ye Feng, and they all gave Ye Feng a thumbs up, and then they said: "You two are chatting, Let's go ahead and won't disturb you."

After finishing his words, before Ye Feng could say anything, Mo Qingtian and Yin Tianchou both moved away from them.

Xiao Qingdai couldn't help but smile and said: "Ye Feng, these two friends of yours are very sensible."

Ye Feng shook his head dumbly and said, "Will the Lord personally take us there this time?"

Xiao Qingdai nodded and said: "In the previous trials, a group of guards took us there, but this time it is very important. Maybe the lord will take us there in person. After all, this time it is not just our internal The trial involves arm wrestling with the royal family of the Sky Blue Empire, and the lord takes it very seriously."

Just as the two were talking, they had arrived at the central area of the genius base.

There is a large square here. At this moment, the entire square is already crowded with people. Thousands of geniuses have gathered here.

At this time, as expected, a majestic middle-aged man stepped high into the sky.

It is Lord Cangtian!

At this time, Lord Cangtian looked around at the countless geniuses below and made a majestic voice: "In this trial in the Demon's Cave, we will compete with the royal family of the Sky Blue Empire. You must perform well and don't weaken the majesty of Lord Cangtian. Do you understand?"

"knew!"

Countless geniuses roared loudly, their eyes filled with deep awe.

For many geniuses, Lord Cang Tian's status in their hearts is probably higher than that of the Emperor of Sky Blue Empire.

Because of Cang

Lord Cang's position in the Sky Blue Empire is very special, and the royal family is afraid of Lord Cang Tian.

Lord Cangtian almost single-handedly made the entire royal family of the Sky Blue Empire extremely fearful.

This kind of achievement and majesty simply makes every young genius' blood boil.

Of course, the most important thing is that Lord Cangtian allows many young warriors from poor families to have an upward channel to continue to break through and become stronger.

You must know that in the cultivation world of the Sky Blue Empire, only members of the royal family or nobles can finally achieve advanced cultivation.

The path of upward cultivation is almost monopolized by the royal family of the Sky Blue Empire, because this can ensure that the royal power of the Sky Blue Empire is very stable.

However, the arrival of Lord Cangtian gave many children from poor families a way to be promoted.

As long as you have talent, no matter what your status is, you can stand out in the Cangtian territory.

The royal family of the Sky Blue Empire is a huge monopoly.

But within the territory of Lord Cangtian, everything depends on one's own strength and has nothing to do with one's origin.

Therefore, in the eyes of many geniuses, Lord Cangtian is definitely a big shot with great talent and great strategy.

"Set off!"

At this moment, Lord Cangtian suddenly shouted loudly.

"Boom!"

The mountains in the distance collapsed and rubble was tumbling. A dark green dragon with a height of tens of thousands of feet suddenly crawled out from the depths of the earth, and then flew high into the sky, exuding an extremely terrifying aura of a ferocious beast.

This is definitely an extremely terrifying evil beast!

"Uh-huh!"

At this moment, Lord Cang Tian jumped directly onto the head of the dark green dragon.

Then he shouted loudly: "Everyone, get on my mount, we will go directly to the Demon Man's Cave."

Uh-huh! Uh-huh! Uh-huh...

The moment Lord Cangtian gave the order, a group of geniuses, all with excitement and excitement on their faces, jumped and flew to the surface of the dark green dragon's body and stood on it.

At this time, Ye Feng and Xiao Qingdai also flew up and stepped on the dark green dragon.

At this time, Ye Feng could feel that under his feet were thick dragon scales, which seemed to be made of steel and felt very solid when stepped on.

"boom!!"

The dark green dragon, which was tens of thousands of meters long, jumped up and rushed directly to the sky, then quickly flew into the distance.

The surrounding mountains, rivers and land, green mountains, high mountains and flowing water, are all in rapid retreat.

Soon everyone was far away from the territory of Lord Cangtian and came to the sky of a desolate land.

Looking down, everyone saw countless ferocious beasts and demons, fighting in the endless forests and mountains and rivers, in a state of incomparable chaos.

Sure enough, without the protection of the strong human race, the weak human race would easily be eaten by other ferocious alien races in the God Realm.

At this time, Xiao Qingdai stood next to Ye Feng, as beautiful and cold as a lonely moon and stars, giving people an ultimate hazy beauty.

Many people's eyes are focused in this direction.

Seeing Ye Feng standing next to Xiao Qingdai, so close, everyone's eyes were full of envy.

However, Ye Feng and Xiao Qingdai ignored these glances.

At this time, Xiao Qingdai whispered: "This dark green dragon, which is tens of thousands of meters long, is the Lord's only mount. It is a dragon with the bloodline of the ancient green dragon and possesses the first level of the Titled God Realm, the Divine Weapon Realm. "

When Ye Feng heard this, he was a little shocked and said: "It's so powerful. The lord's cultivation level is the second level of the Titled God Realm, the God General Realm, and he can actually subdue such a powerful dragon."

this

At this moment, Ye Feng understood that Lord Cangtian's methods might be much more terrifying than he imagined.

You must know that this earth-shattering giant dragon is simply a war machine and a killer weapon for any major force.

No wonder the royal family of the Sky Blue Empire is so afraid of Lord Cang Tian, but at the same time they need Lord Cang Tian to help their Sky Blue Empire guard part of their territory.

Because Lord Cangtian alone and his mount are probably comparable to an army of millions of warriors!

One person can be a millionaire!

This is not a joke.

The dark green dragon was very fast. In just a few days, it had traveled nearly millions of miles and arrived at the vast frontier of the Sky Blue Empire.

The entire land here is barren, without any trace of human beings. It is sparsely populated, and there are deep swamps everywhere. There are mountains left over from ancient times, broken stone monuments, etc., and it looks like it is full of an ancient and wild atmosphere.

At this time, the dark green dragon stopped. The Cangtian Lord stood on the dragon's head and pointed to all the geniuses at a large black crack below that was tens of thousands of meters long and said: "Inside this big crack is the passage. Go to the Demon's Cave. For this trial of entering the Demon's Cave, you must act according to your ability. In the first few levels of the cave, only the Demons survive. The further down, the stronger the Demons become. Going down, the ferocious creatures of the dark race may appear. As for the specific depth of the Demon's Cave, I don't even know this. There are rumors that the deepest part of the Demon's Cave leads to the Nine Netherworld. hell."

Just when Lord Cangtian was spreading knowledge about the Demon Crypt to everyone.

"boom!"

Not far away, at the end of the northern sky, a super-large flying craft with a length of tens of thousands of meters, using the void as a river, slowly sailed over. It was vast and atmospheric, and it was more visual than a dark green dragon that was tens of thousands of meters long. A sense of impact.

"It is the war ship of the royal family of the Sky Blue Empire! It is said to be a real artifact! It can carry hundreds of millions of people!"

Some people couldn't help but exclaimed immediately.

Chapter 1820 Arrogant Jade Prince

The war ship of the Sky Blue Empire royal family slowly approached from a distance.

The tens of thousands of meters long hull looks vast and domineering, like a giant steel beast, with boundless power.

At this time, at the front of the war ship, stood a middle-aged man wearing a white robe.

This middle-aged man's robe is embroidered with several golden dragon patterns. He is definitely a member of the royal family, and he is also a royal noble with a high status.

"I didn't expect that this time the royal team would be led by Prince Jade. He is the younger brother of the current Emperor of the Sky Blue Empire. He is very powerful. He is one of the few powerful men in the Titled God Realm in the Sky Blue Empire. He is ranked in the Divine Weapon Realm. It seems that The royal family of the Sky Blue Empire also attaches great importance to this trial in the Demon Cave. This time the royal family also used war ships, and there must be many top talents in the royal family. "

At this moment, Xiao Qingdai, who was standing next to Ye Feng, spoke up. She knew the entire royal family of the Sky Blue Empire very well.

At this time, Ye Feng's eyes immediately moved, but he didn't say much.

At this time, Prince Jade stared directly at Lord Cangtian on this side, and said with a smile: "Lord Cangtian, I haven't seen you for many years, and your style is still the same."

Lord Cangtian just smiled slightly and said, "I thought His Majesty the Emperor would come in person."

Hearing this, Prince Jade said with strong confidence in his tone: "Without His Majesty coming in person, I, with a group of the royal family's top talents, can easily become the final winner of this trial."

Lord Cangtian just smiled faintly and said: "No one can tell who will be the final winner now. It all depends on strength."

After the words fell, Prince Jade just smiled coldly and said nothing more.

Prince Jade's sneer seemed to have some inexplicable meaning.

However, Lord Cangtian was not too worried. This time, a peerless evildoer appeared in their Cangtian territory. In the Demon Man's Cave, that little guy would probably really show off his ferocious methods.

At this moment, Lord Cangtian was thinking in his heart, and his eyes slightly shifted to a young figure not far away.

That young figure is none other than Ye Feng!

Obviously, Lord Cangtian takes Ye Feng's performance in the genius base seriously.

At this time, Lord Cangtian's voice suddenly sounded in Ye Feng's mind: "Perform well in this trial. If you perform well, not only will I not pursue you for stealing two dragon veins, I will also punish you." All the dragon veins in the remaining manors are given to you as gifts, young man, do your best."

Ye Feng heard the voice of Lord Cangtian that suddenly sounded in his mind, and he couldn't help but his eyelids twitched.

Sure enough, nothing can be hidden from the eyes of Lord Cangtian.

As expected, Lord Cangtian knew that he had swallowed two dragon veins, but he didn't care about it.

At this time, Ye Feng looked in the direction of Lord Cangtian and found that the other party was staring at him.

Ye Feng couldn't help but nodded vigorously, saying that he would definitely work hard.

Only then did Lord Cangtian nodded with satisfaction and said through a message: "Young man, I am very optimistic about you, don't let me down."

After the words fell, Lord Cangtian suddenly waved his big hand.

Wow!

The tens of thousands of meters long dark green dragon fell from high altitude in an instant, lying on the vast and endless land, just on the edge of the crack in the earth.

"Boom!"

this

At that time, the war ship of the Sky Blue Empire royal family also landed.

At this time, people from both sides got out of their respective vehicles one after another, divided into two groups, and gathered at the edge of the big crack leading to the Demon Man's Cave.

At this time, many geniuses looked under the big crack and felt a very palpitating feeling when they looked at the endless dark abyss.

It was as if there was a huge evil beast under the big crack, opening its ferocious dark mouth to devour everyone.

At this time, the two groups of people gathered together, and the geniuses on both sides suddenly couldn't help but show their fighting spirit, and no one was convinced by the other.

Obviously, Lord Cangtian's genius base and the royal members of the Azure Empire's royal family have had a long-standing feud.

In this trial in the Demon's Cave, one can imagine how fierce battles and even fights will occur between the two sides.

At this time, Prince Jade, the royal prince, spoke up: "The criteria for judging the results of this trial are very simple. It will last for one month and see who can finally kill the most demons or dark creatures in the demon cave. Remember. Remember, the dark core of a demon or a dark creature is the only criterion, and one thing you have to remember is that getting the core of a demon or a dark creature is not just a way of killing the demon, but also plundering it from other people. , is the second way!"

At this time, the Jade Prince almost made his words very clear.

That is, everyone can not only kill demons and dark creatures, but also kill each other and plunder the dark core!

The moment Prince Jade finished speaking, a group of geniuses from Lord Cangtian on the other side couldn't help but have a cold look in their eyes.

They didn't expect that Prince Jade, the leader of the royal family, would speak so directly and directly talk about killing each other.

This shows how arrogant and domineering the royal family of the Sky Blue Empire is, and they simply despise the group of geniuses under Lord Cang Tian.

At this time, Ye Feng's eyes were also extremely cold. He did not expect that the royal family would be so arrogant and blatantly ask the royal family members to plunder the geniuses of their group of heavenly lords.

But this is exactly what Ye Feng wants.

Because in Ye Feng's eyes, these top geniuses from the royal family are not geniuses, but moving nourishment for cultivation.

So Ye Feng looked at the group of geniuses in the royal family with a strong look of aggression.

Xiao Qingdai saw Ye Feng's eyes, and seemed to be thinking of Ye Feng's inheritance that could plunder energy. She couldn't help but understand something, and couldn't help but have an inexplicable smile flash across the corner of her mouth, which was very cold.

At this time, Lord Cangtian said: "Everyone, please leave as soon as possible."

A group of geniuses nodded one after another, and then quickly jumped into the crack in the earth in front of them.

Ye Feng and Xiao Qingdai walked together and both jumped into the cracks in the earth.

The royal family members and geniuses on the other side were also jumping towards the cracks in the earth.

At this time, the two most powerful men, Lord Cangtian and Prince Jade, were standing outside, guarding the entrance to the crack in the earth.

If there is any unforeseen crisis underground, they can go to the rescue at any time.

Although the purpose of entering the Devil's Cave for a trial this time was to train the geniuses, we should not let these geniuses die.

After all, the Demon's Cave is very dangerous, and the further you go down, the more dangerous it becomes. No one knows how deep the Demon's Cave is. The war ship of the Sky Blue Empire royal family slowly approached from a distance.

The tens of thousands of meters long hull looks vast and domineering, like a giant steel beast with boundless power.
