Chapter 1821 Killing Formation

Uh-huh!

Uh-huh!

When Ye Feng and Xiao Qingdai jumped into the cracks in the earth, they fell quickly and soon landed on the first floor of the Demon Man's Cave.

The space on the first floor was not as dark as expected, because the stone walls were all inlaid with stones emitting moonlight.

Therefore, looking at the moonstones inlaid in the first level of the Demon Man's Cave, there was a sense of beauty for a moment.

At this time, Ye Feng's eyes were filled with a trace of surprise, and he said to the beautiful woman beside him: "Why do I feel that I am not coming to a magical cave, but a romantic and beautiful underground world?"

"romantic?"

At this time, Xiao Qingdai looked at Ye Feng, with a hint of surprise in her beautiful eyes. It seemed that she did not expect that the cold and cruel Ye Feng would actually say the word "romantic".

At this time, Xiao Qingdai smiled and said: "Let's continue to the next level. There are no powerful demons living in the demon cave on the first level. The dark core obtained by killing those ordinary demons is not valuable. It's a waste of time, we only have one month of trial time, so there is no need for us to waste time on these initial levels."

Hearing this, Ye Feng nodded and said, "What Miss Xiao said makes sense, then let's just head towards the underground floors."

The two began to walk forward, looking for the entrance to the second level of the Demon's Cave.

The Devil's Cave is not only deep, but also very large. It also has many stalactite pillars, turning the entire underground into a maze.

Ye Feng and Xiao Qingdai walked for a long time without seeing anyone else.

Finally, three hours later, after killing some ordinary demons blocking the way, they finally found the entrance to the second floor.

Uh-huh!

Uh-huh!

They all jumped towards the second floor.

But at the moment when the two of them jumped to the second level, when the soles of their feet landed.

\u003e "Boom!"

In an instant, a blood-red formation directly enveloped the two of them.

"Killing Formation!"

Ye Feng and Xiao Qingdai's expressions changed slightly.

But the next moment, they felt that the power of this killing array was not as terrifying as they imagined.

Perhaps for ordinary geniuses, this killing formation is still very powerful and life-threatening.

But Ye Feng and Xiao Qingdai are the top geniuses with terrifying combat power. They have no fear at all for this level of killing array.

Obviously, this killing array was not the killing array left over from the ancient times in the Demon Man's Cave, but was artificially arranged.

"This killing array is placed right at the entrance to the second floor. It seems that someone deliberately placed it here to hunt down those who enter the second floor."

At this time, Ye Feng expressed his judgment.

And the moment his voice fell.

In the darkness outside the killing array, four young geniuses stepped out indeed. The clothes they were wearing were the clothes of the royal family of the Sky Blue Empire!

"As expected, it is the royal genius of the Sky Blue Empire who has arranged this killing array to hunt down the geniuses of our Cangtian territory."

Ye Feng's face showed a true look.

At this time, among the four young geniuses from the royal family, a powerful genius from the seventh level of the Great Luo Realm took a step forward, stared at the two people, and said with a sinister smile: "It turns out to be a man and a woman, that's great. , kill the men directly, and stay with the women, hey hey hey."

"boom!"

But before the royal genius could finish his words, Xiao Qingdai pointed her finger forward, and a terrifying and boundless divine beam burst out in an instant, like a long river, directly killing him.

The formation was shattered by the impact, and then in the frightened eyes of the royal genius, it was instantly shattered into pieces and turned into a bloody mist.

"What?!"

At this time, the remaining three royal geniuses could not help but change their faces, their eyes full of horror and fear.

They immediately focused on Xiao Qingdai!

This cold and charming woman was like a devil in their eyes.

That strength is so terrifying!

Their leader, a powerful genius from the seventh level of the Great Luo Realm, was instantly crushed by that woman.

Moreover, the killing formation was shattered all of a sudden.

It's really terrible!

"Run!"

The remaining three royal geniuses immediately screamed in fear, and then ran away frantically into the distance.

"Can't leave."

Ye Feng suddenly spoke up at this time.

boom!

At this moment, he jumped up and was behind the three royal geniuses.

"Buzz!"

At this moment, Ye Feng shouted loudly and released his Devouring Domain.

Now that Xiao Qingdai already knows the secret of her devouring, Ye Feng naturally doesn't have to restrain his hands anymore.

At this time, he didn't even bother to kill the three royal geniuses first. He directly released the Devouring Domain and enveloped the three royal geniuses.

"boom!"

Suddenly, a terrifying and boundless devouring force was released in the devouring field.

The entire bodies of the three royal geniuses suddenly shrank.

"ah!"

"ah!"

They screamed, their eyes filled with

Endless fear.

But it was all to no avail, even the attacks they unleashed could not break the endless devouring realm of darkness.

The three royal geniuses were sucked dry and turned into three lifeless mummies. They rotted and fell from the sky.

At this moment, Ye Feng obtained the skills of three royal geniuses and was rapidly refining them.

By the way, Ye Feng also covered the blood mist that was previously crushed by Xiao Qingdai with the Devouring Domain and continued to absorb it.

At this time, Ye Feng stood there with his eyes closed, and then a huge momentum suddenly burst out from his body.

Breakthrough!

Daluo Realm Seventh Heaven!

Ye Feng opened his eyes, his eyes full of greed.

Devouring and absorbing these royal geniuses is indeed of great benefit to the growth of one's skills.

These are all living nourishment.

The skills they had cultivated for many years were directly plundered by themselves and strengthened themselves. This feeling of plundering became more and more intoxicating.

At this time, Xiao Qingdai looked at the three royal geniuses who were swallowed by Ye Feng not far away, and they all turned into dry corpses.

This beautiful female genius couldn't help but frown.

But she didn't say much, she just looked at Ye Feng and said, "Congratulations on the breakthrough."

Ye Feng seemed to have noticed Xiao Qingdai's slightly cold tone, and couldn't help but asked: "What? Do you have any objections to my cultivation method?"

Xiao Qingdai shook her head and said: "No objection, everyone has their own unique way of cultivation, but to be honest, this is the first time I have encountered your cultivation inheritance. It is too overbearing and evil. It's different."

When Ye Feng heard this, he just smiled and said: "Kung Fu does not differentiate between good and evil, only talents."

After finishing his words, Ye Feng walked towards the inner area of the second floor.

Xiao Qingdai followed immediately.

Chapter 1822 The melee on the third floor

The two of them were walking on the second level of the Demon's Cave.

"Uh-huh!"

Suddenly, from the surrounding dark area, burly figures leaped out.

It was a demon, a very powerful demon. He was a human being, but he was demonized. His whole body was covered with pitch black scales, and he looked extremely evil.

He roared and opened his mouth, which was filled with dense silver fangs, looking extremely ferocious.

At this moment, Ye Feng subconsciously punched out, and suddenly collided with the black claws of the demon who was attacking him.

"when!"

Suddenly there was a sound of metal collision in the void.

"boom!"

The demon was blown away directly.

The claws were also broken into pieces.

But he didn't die. He lay on the ground, jumped up, and ran away into the distance.

Obviously, the devil is intelligent and has his own independent thoughts. He is not a monster with undeveloped intelligence.

At this time, Ye Feng was extremely surprised.

His own Chaos Body is extremely powerful.

An ordinary punch can definitely kill a warrior on the seventh level of the Great Luo Realm instantly.

But the bombardment on this demon's body only shattered his claws, but his body was unharmed.

"The devil's body has been transformed by the dark demonic energy in this cave and is very powerful. It is comparable to a divine weapon. Ordinary humans will also become very powerful and their combat power will be greatly increased. Therefore, many humans even enter on their own initiative. In this devil's cave, he actively receives the tempering and transformation of the underground demonic energy."

Xiao Qingdai spoke up, her tone carrying a hint of inexplicable meaning, whether it was ridicule or sadness.

At this time, Ye Feng took out his stone sword, jumped up, and jumped directly into the distance.

"boom

!"

Ye Feng held the stone sword in his hand and slashed forward fiercely.

At this moment, a burst of cold air burst out from the blade in Ye Feng's hand, freezing the demon who was escaping not far away.

"Crack!"

Then Ye Feng's battle sword slashed down hard, splitting the frozen demon into two halves and scattered them all over the ground.

Uh-huh!

Ye Feng squatted down instantly, then stretched out his hand and pressed it on the demon in front of him.

At this moment, Ye Feng directly released the power of devouring.

Xiao Qingdai stepped over at this time, with a hint of surprise in her eyes, and said: "Can you absorb even the demon's power?"

Ye Feng nodded and said nothing, concentrating on absorbing the demon's skills and life essence.

Looking at the demon's slowly shriveled body, Xiao Qingdai frowned slightly and felt a wave of heart palpitations.

Ye Feng's inheritance is too terrifying.

If it weren't for the aura exuding from Ye Feng's body, which was pure human aura, Xiao Qingdai would really doubt whether Ye Feng was the inheritor of some old devil.

At this time, Ye Feng drained the entire demon's body of energy.

There was no breakthrough in his cultivation, but he felt that his skills were much deeper.

"continue!"

Ye Feng stood up at this time, with a trace of greed in his eyes, and said: "This Demon Man's Cave is really a good place, allowing me to devour and refine without restraint."

At this time, Xiao Qingdai didn't say anything more, just nodded and said: "It is indeed a good place for you. This time in the Demon Man's Cave trial, even if your results

Not good enough, you can also get huge benefits from this place of trial. "

At this time, Xiao Qingdai said, and Ye Feng walked towards the inside of the Demon Man's Cave.

Soon they reached the depths of the second level of the Demon's Cave.

There are no moonstones around here, the air has become extremely cold, and the environment has become darker and darker. .??.

Xiao Qingdai became vigilant and said: "It is said that in the third layer of the Demon's Cave, real dark race creatures will appear, which are very scary, so we have to be careful. It is said that this Demon's Cave is simply It's like a huge underground world, divided into many dark race forces."

Ye Feng nodded and said: "No matter what, we must continue to move forward. It is estimated that most of the geniuses in this deep place will not come. Those who can advance to this place may all be the most powerful ones." A powerful top talent."

At this time, the two were talking.

"Boom!!"

Suddenly, there was a huge roar from a certain direction.

That direction seems to be coming from the third floor.

At this time, even Xiao Qingdai could not help but be a little surprised and said: "Someone actually entered the third level of the cave earlier than us? There seems to be a fierce fight. Let's go and take a look!"

Uh-huh!

The moment the words fell, the two people quickly rushed towards the entrance of the third floor.

Along the way, the two of them worked together to kill more than a dozen powerful demons with advanced cultivation levels.

Finally we arrived at the entrance to the third floor.

It is a huge deep hole that leads to a deeper underground world.

At this moment, Ye Feng's cultivation, after devouring more than a dozen powerful demons with advanced cultivation, finally broke through and entered the eighth level of the Great Luo Realm.

this

At this time, Xiao Qingdai finally understood why Ye Feng, a small and low-level universe, quickly upgraded all the way, and finally worked hard to reach the God Realm, and was able to hang out in the genius base of Lord Cangtian in just a few months. Things are booming.

This kind of inheritance that is constantly being devoured is really terrifying.

Xiao Qingdai couldn't even imagine how terrifying Ye Feng would be if he was given enough time!

After the two entered the third level of the cave, they immediately saw a large area of desolate land.

This third level of cave is many times wider than the previous two levels.

The entire land was dark, and there were huge black mountains everywhere, standing in the third level of the cave.

The fierce fighting sound that the two people sensed before was not far from the entrance of the third floor of the cave, otherwise they would not have heard the huge roar on the second floor.

When the two came to the source of the sound.

They were immediately shocked by the scene in front of them.

At this time, the two of them were lying behind a black mountain.

Their eyes looked into the distance.

The two discovered that on the other side of the mountain, on a vast land, thousands of creatures were fighting.

Among the thousands of creatures rushing to kill each other, there were burly demons on one side, and creatures with bull heads and human bodies on the other side.

"They are the bull demons of the dark race!"

Xiao Qingdai's tone was a little surprised at this time, her beautiful eyes looked at Ye Feng beside her, and she said: "We all guessed wrong. It is not the battle between our human genius and the cave demon, but the battle between the two major forces in the cave. The small-scale war, the conflict between the demon and the bull demon, is probably about fighting for territory. "

Ye Feng looked at the melee between the cave demon and the bull demon not far away, and his eyes suddenly lit up.

Chapter 1823 Joining the battlefield

The battle between the demons and the bull demons on the other side of the mountain made Ye Feng very happy.

Because what he likes most is the alien battlefield, Ye Feng can completely blend into it, silently swallowing energy and strengthening himself.

At this moment, Ye Feng couldn't help it. He directly said to Xiao Qingdai beside him: "Miss Xiao, I need to go to that battlefield. That is an extremely important situation for me. It's a great place, it's simply my paradise for cultivation."

"Cultivation Paradise?"

Xiao Qingdai naturally knew that Ye Feng wanted to devour energy, but she frowned at this time and said: "Ye Feng, I know what you want to do, is to enter that chaotic battlefield to kill the demons and bull demons, and devour Their skills are strong, but that is a team of several thousand people, and in addition to the demons, there are also powerful dark race bull demons. Even I don't dare to face a team of thousands of people alone! If you just go up and kill them, you are really sending yourself to death."

Ye Feng smiled and said: "Miss Xiao, what you said is wrong. Who said that when I entered that chaotic battlefield, I just went to fight? I just went to hang out. Miss Xiao, don't worry, I'm not a fool, really How could I go if I was going to die? Just wait and see."

Xiao Qingdai saw Ye Feng's confident smile. Although her heart was still full of deep doubts and didn't know what Ye Feng meant by "gangster", she still nodded. The genius base number one The proud daughter of Heaven still spoke out very loyally: "If you really encounter any danger to your life, don't worry, I will take action immediately and then take you to escape."

When Ye Feng heard what Xiao Qingdai said, he just nodded, and then flew towards the chaotic battlefield in the distance without hesitation.

On the way, Ye Feng used his own Chaos Heavenly Emperor Technique.

"Buzz!"

Almost at this moment, his whole body's aura, skill attributes, all of a sudden underwent earth-shaking changes, directly transformed from the pure aura of the human race into the aura of a demon.

At this moment, in order to camouflage and even control the surface of his skin, Ye Feng grew pieces of black-golden scales, like a thin layer of armor, covering his skin. His black hair was also on the surface. At this moment, it turned into black gold, and the dark gold pupils seemed to have an extremely enchanting but extremely noble dark temperament.

"What?"

Xiao Qingdai, who was watching from behind the mountain not far away, saw the change in Ye Feng halfway, and his expression suddenly changed extremely drastically.

"No wonder you dare to be so confident and go to that chaotic battlefield alone."

At this time, Xiao Qingdai finally understood why Ye Feng had such strong self-confidence.

Because Ye Feng's method of transformation was really shocking.

Xiao Qingdai could feel that it was not an ordinary disguise at all, but a true transformation from the origin of life to the origin of cultivation into a demon.

Looking at the black-gold scales on Ye Feng's skin, the long black-gold hair, the dark-gold pupils, and the jet-black demonic energy emanating from around her body, Xiao Qingdai felt a strange vision. There is a sense of impact and even a sense of beauty.

This made Xiao Qingdai immediately recite the Jingxin Jue silently to calm down her suddenly restless mind.

Ye Feng's normal state didn't make her feel anything big, but at this moment, Ye Feng turned into a demon form, with dark golden scales, dark demonic energy surrounding it, and cold and ruthless pupils... The different sensory impact made Xiao Qingdai suddenly felt a palpating and thrilling feeling.

r\u003e

At this time, Ye Feng turned into a demon state and sneaked into the battlefield not far away.

The battle between the demon and the bull demon was already very fierce at this time.

High in the sky, a fierce battle was taking place between the Demon Commander and the Bull Demon Commander.

These two commanders were both at the tenth level of Chaos Realm and had perfect cultivation. They were very powerful!

Most of the group of demons and bull demons fighting on the ground were at the tenth level of the Great Luo Realm, and some were at the Half-Step Chaos Realm.

At this moment, Ye Feng was mixed in, not afraid of being discovered by the commander.

He immediately started waving his fists and began to kill the Bull Demon clan, and Ye Feng secretly released the power of devouring, subtly absorbing and refining the corpse skills and life essence of the dead demons and Bull Demons on the battlefield.

"Boom boom boom..."

It was a wave of terrifying energy, surging and extremely powerful.

At this moment, Ye Feng suddenly felt a huge and boundless energy surging rapidly in his body, and it was quickly integrating into his body, strengthening his cultivation.

"boom!"

Suddenly, a new and powerful martial arts aura erupted from Ye Feng's body.

It's the momentum of a breakthrough!

"The Ninth Level of Daluo Realm!"

Ye Feng's eyes suddenly lit up.

Sure enough, in this kind of battlefield where alien races fight, huge amounts of energy and blood can be produced, which can greatly enhance Ye Feng's strength.

However, the breakthrough momentum that burst out from Ye Feng attracted the attention of a bull demon general.

"Huh? There is actually a demon who can break through in battle? This is a genius! He must be killed!"

At this moment, General Niu Mo immediately held a huge steel ax and charged towards Ye Feng.

This Bull Demon General is half a step into the realm of Chaos, and he has inherited the blood of the emperor of the ancient dark creatures, the Bull Demon Clan. Otherwise, he would not be able to become the Bull Demon General, so he is extremely powerful.

At this time, the Bull Demon General attacked, and Ye Feng found that the demons who were fighting around him were all running away frantically, obviously not daring to resist the Bull Demon General.

"Is half-step into the realm of chaos so terrifying?"

Ye Feng's eyes revealed a cold smile.

What he was really afraid of was the leaders of both sides fighting at high altitude.

But in this ground battlefield, Ye Feng is really not afraid of anyone.

"Uh-huh!"

At this time, Ye Feng looked at the General Bull Demon who was charging towards him. He did not retreat at all. Instead, he casually pulled out a black iron sword stuck on the ground around him and shouted: "General Bull Demon, I will kill you too!"

boom!

The moment he finished speaking, Ye Feng suddenly jumped high into the sky, holding the black iron sword in his hand, bursting out with overwhelming power, and slashed at the charging Bull Demon General.

"Boom!!"

Accompanied by an earth-shattering roar, and with the addition of the terrifying power of the Chaos Body, Ye Feng's broadsword directly split the ax of the Bull Demon General in front of him, including his entire Bull Demon body, into two halves.

Snap!

The two halves of the body of the Bull Demon General fell to the ground with a crash.

The whole place was completely silent! The battle between the demons and the bull demons on the other side of the mountain made Ye Feng very happy.

Because what he likes most is the alien battlefield, Ye Feng can completely blend into it, silently swallowing energy and strengthening himself.

The two halves of the body of the Bull Demon General fell to the ground with a crash.

The whole place was completely silent!

Chapter 1824 Conspiracy

quiet!

Deadly quiet!

At this time, everyone in the entire field had a hint of fear in their eyes. Their expressions changed drastically as they stared at Ye Feng, who cut the Bull Demon General in half with his sword.

The team on the Bull Demon side was frightened. Why did such a terrifying guy appear among the demons, and he was so young?

The inner activities of the team on the demon side were confused. When did their demon team have such a powerful companion, but many demons didn't know about it?

"The scales on this young demon's body are all dark gold. Could it be that he has recently awakened some special demon bloodline that made him so powerful?"

At this time, a group of demons couldn't help but speculate in their hearts.

Among the demon clan, it is indeed possible that the demon's own body may awaken the powerful demon blood, thus becoming extremely powerful all of a sudden.

Many demons speculated that Ye Feng, a newcomer, might have become so powerful because of changes in his bloodline.

In any case, Ye Feng at this moment directly attracted the attention of all the demons and bull demons present.

At this moment, Ye Feng saw that the entire field had stopped fighting all of a sudden, and he couldn't help but be stunned.

The fighting stopped?

This is not possible!

He also has to swallow the blood energy generated during battlefield killings!

"kill!"

Ye Feng roared, holding the big knife in his hand, and rushed forward.

"boom!"

He slashed down hard with his sword, and an extremely terrifying sword light suddenly appeared in the sky, instantly killing all the bull demon warriors from the ninth level of the Great Luo Realm who were still stunned not far away.

"kill!"

"kill!"

"kill!"

Almost at this moment, all the demons in the entire battlefield roared loudly.

Their eyes were full of excitement.

With the emergence of Ye Feng, an extremely powerful "devil", the entire demon team's soldiers

His anger suddenly increased.

"Pfft!"

"Pfft!"

"..."

The entire battlefield was once again filled with shouts of killing, blood was rising to the sky, and corpses fell one after another on the battlefield.

"Hahaha! Finally, I can devour it like crazy!"

Ye Feng directly released the Devouring Domain at this time, and began to madly devour and absorb the blood and energy of the entire fighting battlefield.

Other demons or bull demons could not help but feel shocked when they felt the increasingly powerful aura on Ye Feng's body.

But the Bull Demon was shocked with fear.

On the devil's side, he was excited and shocked.

At this time, behind the mountains in the distance, Xiao Qingdai looked at the massacre of Ye Feng transformed into a demon on the battlefield in the distance, with deep shock in his eyes.

She has never seen such a ferocious human genius, and his methods are also very magical. He can actually blend into the battle between the two dark races, the demon and the bull demon, and reap benefits from it.

I have to say, Ye Feng is really a talent!

"boom!"

At the end of the killing, Ye Feng finally absorbed and refined enough blood energy again, and a huge and boundless martial arts aura suddenly burst out from his body.

"The tenth level of Daluo Realm!"

Ye Feng's eyes were extremely bright, and the murderous look in his eyes became more and more intense.

He held the knife and continued to kill.

Every time the sword fell, a bull demon warrior was chopped into two halves.

It simply has the ferocious aura of a god blocking the killing god, and a Buddha blocking the destroying Buddha!

The dark race of bull demons, which should have been synonymous with ferocity, is now full of fear.

When the killing came to an end, all the Bull Demon team was slaughtered.

And Ye Feng's whole body was stained red with blood.

And the cultivation level on his body has also accumulated directly to the half-step Chaos Realm!

The speed of this breakthrough is really terrifying.

Of course, this is due to the battle between the demon and the bull demon.

"we won!"

"Hahaha! We have killed all these bull demons!"

...

At this moment, there were dozens of demon warriors left, and they all cheered.

The eyes they looked at Ye Feng were also full of deep awe.

This young Majin simply surprised all the other Majin warriors.

That terrifying combat power is intimidating.

"You dare to kill all the bull demon warriors here. You deserve to die! None of you low-level demons can escape today!"

But suddenly, just when Ye Feng was about to run away, a majestic and terrifying roar suddenly sounded from high in the sky.

Buzz!

Immediately, a huge spiritual thought reached the sky and the earth, as mighty as a vast ocean, covering it from high in the sky.

It's the voice and divine thoughts of the Bull Demon Leader!

He is a genuine and powerful man of the tenth level of chaos realm!

At this moment, many demons looked up to the sky and saw a horrifying scene.

Their Demon Commander's body was pierced by a war spear in the hands of the Bull Demon Commander. He was very miserable and the sky was stained with blood.

"Commander, dead?!"

Only then did countless demons on the ground realize that their leader had lost on the battlefield high in the sky.

"Yes, your commander has been killed by me!"

At this time, the eyes of the Bull Demon Commander were full of bloodthirsty. The war spear in his hand shook, and the body of the Demon Commander, who was also at the peak of the Chaos Realm, was blown to pieces. All the corpse fragments "bang dong" and "bang dong" "Falled to the ground

superior.

"Commander!!"

At this moment, dozens of ordinary demons all let out heart-piercing screams.

At this time, Ye Feng was about to use the space gem to break the aura of the bull demon commander high in the sky and escape directly.

But at this moment, Xiao Qingdai's voice suddenly sounded in Ye Feng's ears: "Don't leave yet, I have been watching the battle from a distance. Although the bull demon leader killed the demon leader, the bull demon leader himself was also there. We suffered heavy losses in the battle just now. A seriously injured tenth-level warrior from the Chaos Realm can no longer be feared. Ye Feng, you and I may be able to kill this bull demon leader together."

When Ye Feng heard this, his eyes suddenly lit up.

But before he could say anything.

Xiao Qingdai's voice transmission sounded again: "But I have a request. I will help you. You can devour the skills of these two powerful men, the Bull Demon Leader and the Demon Leader, but the dark core in their bodies must belong to me. , how about my reward?"

Ye Feng almost didn't hesitate at all and nodded directly in agreement: "No problem!"

And just when Ye Feng and Xiao Qingdai were plotting to communicate.

Uh-huh!

The leader of the Bull Demon had already landed from high in the sky and suddenly grabbed the front.

"boom!"

Suddenly, dozens of ordinary demons standing in front exploded one after another at this moment, and they all died without exception.

"Huh? Is there one left alive?"

But suddenly at this moment, the leader of the Bull Demon saw a young figure standing on the field in front of him. He stared at Ye Feng and said with some surprise: "You, a young demon, can withstand my attack without dying? Is that true?" I am a little surprised, it seems that you are a blood mutant among the demons, but it is a pity that all the demons present today will die! They will have to pay for the blood debt of all my dead subordinates!"

At this time, after the leader of the Bull Demon finished speaking, he directly held the war spear in his hand, bursting out thousands of purple-black demonic energies all over his body, and rushed towards Ye Feng, with astonishing destructive power.

Chapter 1825 It's simply impossible

It has to be said that the destructive power produced by the attack of the Bull Demon leader is still very terrifying.

Although this bull demon leader suffered heavy losses in the battle just now, he is after all a super strong man who has reached the tenth level of chaos realm.

So at this time, when Ye Feng was alone and faced the leader of the bull demon, he suddenly felt a feeling that his body was about to be torn apart.

The terrifying destructive power erupting from the war spear, as well as the terrifying magic light, can instantly kill any cultivator in the realm of chaos!

"Slaying Heaven Sword!"

At this time, Ye Feng naturally did not dare to directly challenge the Bull Demon leader with his own body. He directly used the powerful sword technique he had learned, the Sky Killing Sword.

boom!

A stone sword appeared in Ye Feng's hand. It was the sword given to him by Yin Tianchou. It was very strong and was born with the aura of ice. At this time, the aura of destruction accompanying the Sky Killing Sword was also set off in the void. There was a very terrifying sword light.

"Boom!"

The long sword versus the spear is like the point of a needle versus the awn of wheat.

An earth-shattering roar suddenly sounded from the entire collision site.

The entire void will be completely shattered at this moment.

At this moment, Ye Feng couldn't help but take several steps back. The stone sword in his hand ached slightly, and even the tiger's mouth was shaken open with several gaps, and a trace of blood flowed out.

"As expected of the dark race of the tenth level of the Chaos Realm! Even if the body is seriously injured, it is still so strong!"

Ye Feng couldn't help but make a sound of surprise at this moment.

But the most shocked person at this time was the leader of the Bull Demon himself.

At this time, the Bull Demon leader saw that Ye Feng was not dead, and even just took several steps back. This made the Bull Demon leader's eyes suddenly become extremely horrified, and he couldn't help but said: "You, a young demon, how could this be possible?" So powerful! The swordsmanship you performed just now is actually a powerful human swordsmanship. How did you learn it?

Although I was seriously injured, I gave you a serious blow just now and failed to kill you? Just take a few steps back, this is impossible! You are just an ant in the realm of chaos. How can you have such powerful power? "

At this time, the leader of the Bull Demon obviously had countless questions.

But the next moment, the leader of the Bull Demon smiled coldly, his eyes full of cruelty and bloodthirsty, and said: "No matter what, today I will definitely kill you, this kid, and break your body into pieces. Look, Look at what ancient bloodline you have awakened to be so powerful at such a low level."

The Bull Demon leader was very confident at this time, because although Ye Feng blocked his attack, Ye Feng was not his opponent at all. Even if the Bull Demon leader was seriously injured, it would only take a short time to kill Ye Feng.

But Ye Feng grinned at this time and said: "Chief Bull Demon, you will only die today."

When the leader of the Bull Demon heard this, he immediately smiled disdainfully and said, "How can you kill me by yourself?"

Ye Feng's eyes flashed with an inexplicable color and said: "Who said I am alone?"

"What do you mean?"

The leader of the Bull Demon was about to say something, but suddenly at this moment.

"boom!!"

A terrifying sword energy instantly erupted from a certain direction not far away, and then fiercely charged and assassinated the leader of the Bull Demon.

"What? There are still strong people hiding around? And it's the aura of the human race? How could the human race help you, a demon!"

The leader of the Bull Demon suddenly showed deep shock in his eyes.

At this time, he wanted to escape, but it was too late.

"Pfft!"

The sudden burst of sword energy was more terrifying and powerful than the Heaven-killing Sword Ye Feng had just used. It actually cut off a thick arm of the Bull Demon leader in an instant.

"ah!!"

The leader of the Bull Demon suddenly screamed in pain.

Uh-huh!

At this moment, beside Ye Feng, a beautiful and graceful figure was already standing there.

It is Xiao Qingdai who has been preparing for a long time!

The bamboo sword in Xiao Qingdai's hand was stained with blood, which was the demon blood of the leader of the Bull Demon.

Xiao Qingdai, as the number one genius in Cangtian Lord's genius base, is naturally more powerful than Ye Feng.

She had been preparing for such a long time, and the sudden attack naturally caused the leader of the Bull Demon to suffer heavy injuries and directly lost an arm.

At this time, although the leader of the Bull Demon was in great pain, his eyes were full of deep surprise, and he said: "How can you two, a demon and a pure human race, come together?"

When Ye Feng heard what the leader of the Bull Demon said, he immediately smiled and said: "Who said I am a demon?"

The moment the words fell.

"Buzz!"

Ye Feng silently ran the Chaos Heavenly Emperor Technique and restored his original skills and life attributes.

The demonic aura on his body dissipated, the dark golden scales on his skin faded away, and his pupils returned to their normal dark color.

In just a short moment, Ye Feng transformed from a devil with overwhelming demonic aura into an extremely pure young man from the human race.

This scene directly dumbfounded the leader of the Bull Demon not far away. His eyes were full of deep shock, and he even stammered: "This... how is this possible..."

Even though the leader of the Bull Demon is a super strong man in the tenth level of Chaos Realm, he was still shocked by the incredible scene that happened to Ye Feng.

Because of Ye Feng's body

The transformation, he could clearly feel, was not a simple disguise, but a real change coming from the original energy of life!

This is simply impossible!

It's like a god-like method!

"puff!"

Suddenly at this moment, the leader of the Bull Demon spurted out a mouthful of blood.

It turned out that he was seriously injured from the previous battle.

After so long, he finally couldn't suppress the injuries in his body.

"You two are lucky this time, I will kill you next time!"

The leader of the Bull Demon put down his harsh words at this time, knowing that he would not be able to kill the two young people in front of him today.

He is ready to leave here.

His expression was very relaxed.

Because the leader of the Bull Demon is very confident that he is a powerful person in the tenth level of Chaos Realm.

Even if he couldn't kill the two young people from the human race when he was seriously injured, if he wanted to leave, there were only two juniors from the human race who couldn't stop him.

"Uh-huh!"

But suddenly at this moment, Xiao Qingdai suddenly stepped forward and blocked the path of the leader of the Bull Demon.

"Get away!!!"

The leader of the Bull Demon roared loudly, holding the pitch-black war spear, and went straight towards Xiao Qingdai to drive Xiao Qingdai away!

But Xiao Qingdai sneered and said: "You can't leave today! I want the core of your body!"

boom!

At this time, Xiao Qingdai flipped her palm, and a small iron seal instantly flew out from the palm of her hand, directly turning into a steel mountain in the high air, and a vast and majestic light and shadow of the God King appeared on the big seal. around.

"God King Seal!"

"Destroy it!"

Xiao Qingdai shouted, the treasure released at this time is definitely the top treasure, with extremely terrifying and terrifying destructive power!

Chapter 1826 The Third Prince's Invitation

Seal of the God King.

It is Xiao Qingdai's treasure!

"Boom!!!"

At this time, the God King's Seal, which was like a steel mountain, suddenly bombarded down from high altitude, possessing boundless energy.

"Boom!!!"

Accompanied by a huge roar, the steel seal suddenly hit the bull demon leader.

"Crack!"

"ah!!"

Almost at that moment, the bull demon leader's back was broken.

The God King's Seal contains the God King's will, which is very terrifying. It gives this steel seal a very mysterious and powerful divine power.

Therefore, the Divine King Seal was just one blow, which shattered the back of the bull demon leader.

"Boom!"

The leader of the Bull Demon was unable to resist at this time, and his entire body lay limply on the ground.

At this time, Ye Feng's eyes were full of sneers, and he walked directly in front of the leader of the Bull Demon and said: "I have already said that the person who will die in the end will definitely be you!"

boom!

Almost at the moment when he finished speaking, Ye Feng stretched out his hand, and a huge swallowing vortex burst out from his palm, covering the entire bull demon leader in front of him.

"Ah... I am losing my power? Is it being forcibly extracted? How is this possible! Human kid, who are you, who are you?!"

At this moment, the eyes of the leader of the Bull Demon were filled with endless fear, and he roared crazily, with an incredible expression on his face.

At this time, Ye Feng showed no mercy or nonsense. After all, there was nothing to say to a dying person.

"boom!"

He directly increased the intensity of his devouring, and in one fell swoop, all the energy in the Bull Demon leader's body was sucked dry.

"boom!"

The entire shriveled body of the Bull Demon leader exploded into ashes in an instant, leaving only a dark core that fell to the ground.

Uh-huh!

Xiao Qingdai dodged over, stretched out her hand, and took the dark core directly into her hand.

After all, according to the previous agreement, the skills of the leader of the Bull Demon belong to Ye Feng, but the core belongs to Xiao Qingdai.

And this is also the basis for the cooperation between the two. Everyone must get their own benefits, otherwise the cooperation will not be able to continue.

In any case, Xiao Qingdai was very satisfied with getting the dark cores of the two dark races in the tenth level of chaos.

At this time, Ye Feng covered the bodies of other demons, the demon leader, and a group of dead bull demon warriors with the Devouring Domain.

"Boom boom boom..."

This is an incomparably huge and powerful energy, surging like a vast ocean, boiling and powerful.

Ye Feng was standing in the open space at this time, his clothes were still windless, his eyes were shining with light, and he looked full of infinite domineering power.

"boom!!"

Suddenly at this moment, Ye Feng's body suddenly burst out with a huge and terrifying aura.

That was the violent momentum of a complete breakthrough!

At this moment, Ye Feng's cultivation finally broke through the shackles and completely entered the first level of the Chaos Realm!

"I have finally entered the Realm of Chaos! The next step is to reach the Five Decline of Heaven and Man. It is worthy of being in the God Realm. The resources are so abundant. My realm is about to catch up with the Commander-in-Chief of the Night Watch."

Ye Feng clenched his fists at this time, feeling the surging power in his body, he couldn't help but his eyes brightened, and he murmured.

"You actually made a breakthrough? You completely entered the realm of chaos!"

At this time, Xiao Qingdai walked over with an incredible look in her beautiful eyes.

Obviously she didn't expect the speed of Ye Feng's breakthrough

It's so fast.

And the main thing is that this is a big bottleneck to break through the realm of chaos. It is not a breakthrough in one realm, but a breakthrough across a large realm.

If ordinary people want to cross this hurdle, I am afraid they will need the assistance of various powerful people, various kinds of heavenly materials and earthly treasures, or magical elixirs, as well as various formations to assist cultivation, etc. to assist in cultivation.

But Ye Feng doesn't need it at all. He just needs to keep devouring the huge energy from the outside world. .???.??

Moreover, Ye Feng does not have any enlightenment practice at all, nor does he realize anything. As long as he has enough energy, he can continue to break through and become stronger and stronger.

So Xiao Qingdai, who witnessed the whole process, completely realized the horror of Ye Feng.

This kind of person, no matter how weak, as long as he is given time, will be able to grow into a being that everyone looks up to.

Even though Xiao Qingdai's status was extraordinary and she was a peerless female genius, she felt frightened and shocked by Ye Feng's inheritance at this moment.

After Ye Feng broke through to the Chaos Realm, even if it was only the first level of the Chaos Realm, his combat power suddenly increased countless times.

Although it seems that the difference is only half a step from the Chaos Realm to the first level of the Chaos Realm, the strength is so different that it is like a world of difference!

At this moment, the huge fighting spirit coming from Ye Feng made Xiao Qingdai, the first genius of the genius base, feel palpitations in his heart.

If before, Xiao Qingdai only thought that Ye Feng's talent was great, now Xiao Qingdai really started to pay attention to Ye Feng's true combat power.

For Xiao Qingdai, Ye Feng has now changed from a small follower in her eyes to a true fighting partner who can fight side by side.

"Shall we move on?"

At this time, Ye Feng looked at the vast land on the third floor of the demon cave and asked aloud.

Xiao Qingdai nodded and said: "Now your cultivation has gained a lot in this battle.

After breaking through to the first level of the Chaos Realm, my combat power increased dramatically, and I am almost catching up with me. If we join forces now, plus our respective trump cards and methods, I feel that even if we encounter the Five Declines of Heaven and Man above the Chaos Realm, Even super strong men at the same level can give it a try. "

What Xiao Qingdai said at this time was very confident.

Obviously she is very confident in the current Ye Feng and even more confident in herself.

Ye Feng looked at Xiao Qingdai who spoke confidently and couldn't help but flash his eyes. It seemed that this number one female prodigy had many trump cards, even more powerful than the God King's Seal that she had just released.

As soon as he thought of this, Ye Feng immediately nodded and said: "Then let's move on. This Demon Man's Cave is indeed similar to what I expected. The dark race living in it has high-level energy, which can help me quickly accumulate cultivation knowledge and grow stronger. The foundation of martial arts."

Ye Feng and Xiao Qingdai are ready to leave.

But before they could walk for long, a group of human geniuses suddenly appeared in front of them, walking quickly towards the two of them.

"They are members of the royal family. Are they trying to plunder our wealth? Isn't that asking for death?" At this time, Xiao Qingdai suddenly spoke up, with a hint of coldness in her tone.

The clothes on that group of people were members of the royal family of the Sky Blue Empire.

There were a dozen geniuses in total, and the one standing in the middle was a young man wearing a light yellow dragon robe. He seemed to be a prince, otherwise he would not be wearing a dragon robe.

Sure enough, the young man stepped forward and smiled at Ye Feng and Xiao Qingdai. Of course, his attention was mainly focused on Xiao Qingdai. The young man said: "Miss Xiao, I know you. You are the number one under Lord Cangtian. The female genius is very powerful. I am the third prince of the royal family of the Sky Blue Empire. I have no ill intentions in coming here this time. Miss Xiao and your young partner don't need to be so vigilant. I happened to meet two masters in order to invite the two former Let's plan for a big opportunity together!"

Ye Feng and Xiao Qingdai both had a look in their eyes.

Big opportunity?

What will it be?

## Chapter 1827 Flame Demon Python

At this time, the third prince saw the hesitant expressions on the faces of the two men. He couldn't help but take a deep breath and said: "Since you two don't believe me, let me tell you a little more about me and my subordinates. In an abyss cave not far from the third floor, a flame demon python was discovered. I would like to invite you two to kill the mature flame demon python with us. It is full of treasures! "

"Fire Demon Python?"

When Xiao Qingdai heard this, a look of fear suddenly flashed across her beautiful eyes, and her tone was a bit cold, and she said: "The third prince is the prince of the empire. He must have seen the illustrations of the dark races, and dark creatures like the flame python. , even in its infancy, it is still an existence in the realm of chaos. A mature flame demon python is at its weakest a high-level existence in the realm of the five declines of heaven and human beings. Moreover, magical beasts are naturally stronger and more ferocious than human practitioners of the same level. Are you not asking us to Will I accompany you to death?"

Xiao Qingdai's tone was very unkind, with a cold and icy tone.

At this time, the third prince smiled instead of being angry and said: "Miss Xiao's temper is still as violent as ever. Please listen to me first. The flame demon python is indeed mature, but this monster was just killed by a group of demons. The team was besieged. Although they escaped, they suffered heavy losses. The demon team was unable to track the seriously injured flame python, but I have many tracking methods, so I got a big advantage this time. "

Ye Feng suddenly spoke up at this time: "If that flame python is severely injured, with the strength of the third prince and so many talented guards around you, it should be enough to kill it. Why do you still invite us?"

Ye Feng didn't believe that there was a free lunch in the world.

The third prince must have other reasons for looking for them.

Sure enough, the third prince smiled slightly and said: "Brother, that's a good question. If it was just a seriously injured flame python, I would definitely swallow it all by myself. But after our careful observation, the place where the flame python lives at this time is... There is actually an infant flame demon python, which seems to be the child of the mature flame demon python. "

"What?"

Xiao Qingdai's eyes were startled and she said: "The flame demon python in its infancy also possesses the terrifying cultivation level of at least the tenth level of Chaos Realm and Dzogchen."

The third prince smiled slightly, nodded and said: "Miss Xiao is right. There is a seriously injured mature flame demon python in that place, and there is also a juvenile flame demon python that is in the tenth level of chaos realm. I am here. The purpose of inviting two masters from the genius base is to help you deal with the juvenile flame python that is in the tenth level of chaos. As for the seriously injured mature flame python in the five realms of decline, leave it to me. How about we share the flame pythons we have to deal with with my talented guards?"

After the third prince finished speaking, Xiao Qingdai fell into deep thought.

really.

this is a good chance.

Even if it is a juvenile flame python, it is of great value.

But it's still a bit dangerous.

At this time, Xiao Qingdai looked at Ye Feng aside, her beautiful eyes twinkling, as if seeking advice.

When the third prince saw this scene, his eyes were slightly startled.

What he knew and valued was actually Xiao Qingdai, the peerless female genius who ranked number one in the genius base.

But the third prince didn't pay much attention to Ye Feng, a strange young man, thinking he was just an ordinary genius.

But now the third prince found out that Xiao Qingdai actually asked Ye Feng for his opinion when making a decision?

This shocked the third prince.

He knew that Xiao Qingdai, the number one female genius, was very aloof and did not take anyone seriously, especially men.

But at this moment

At this moment, Xiao Qingdai paid so much attention to this seemingly ordinary Ye Feng.

"Is this Ye Feng the new peerless genius of Lord Cangtian? But why have I never heard of it?"

At this time, the third prince was full of doubts.

He is the prince of the royal family, so he is naturally very concerned about Lord Cangtian's subordinates.

The Sky Blue Empire's monitoring of Lord Cangtian is absolutely very powerful. If any peerless genius appears, which may threaten the imperial power of the Sky Blue Empire, it will be recorded and focused on.

But at this time, the third prince looked at Ye Feng in front of him, but he was completely unimpressed. .??.

"It is unlikely to be a top genius. If it is a top genius, our Sky Blue Empire's intelligence system would have already monitored it. Could it be that Xiao Qingdai has taken a fancy to Ye Feng's handsomeness?"

The third prince thought in his mind, and the more he thought about it, the more likely it seemed.

After all, although Xiao Qingdai is the goddess in the minds of many people, the goddess must have all kinds of emotions and desires, and it is impossible for her to be completely unmoved by beautiful men.

"That's absolutely the case! I'm always good at judging people!"

The third prince thought in his heart, and then a hint of cruelty appeared in his eyes, "In this case, after using them all, we only need to deal with one Xiao Qingdai, then I won't worry."

Of course, at this time, the hint of viciousness and cruelty in the eyes of the third prince was well hidden, and no one around him could see it.

...

The group of people were all experts and were very fast. In a blink of an eye, they arrived at the place where the seriously injured mature flame python lurked as the third prince said.

Ahead is a dark abyss of caverns.

Waves of heart-stopping demonic power emanated from the abyss cave, causing many people present to feel chills all over their bodies.

The third prince's back

Among the group of genius guards at the back, some were so weak that their legs began to tremble.

After all, what they have to face next are the overlord-level monsters in the first few floors of the Demon's Cave.

Very scary!

"We've arrived."

At this time, the third prince's face also became serious, and he said to Xiao Qingdai and Ye Feng beside him: "Next, let's rush in. A group of guards and I will be responsible for dealing with the seriously injured mature flame python. You and you My friend is going to deal with the juvenile flame python."

Xiao Qingdai nodded and said: "Okay."

Even if the mature Flame Demon Python is seriously injured, it is still a powerful monster at the level of the Five Decline Realm of Heaven and Human, and is much more dangerous than the juvenile Flame Demon Python.

The third prince didn't say anything, so naturally Xiao Qingdai wouldn't propose that she deal with the mature flame python.

"action!"

Following the third prince's voice, everyone jumped into the abyss cave below.

Uh-huh! Uh-huh! Uh-huh!

The moment everyone landed in the abyss cave below, they immediately saw it.

Two behemoths were hovering in the abyss cave not far away.

One was several kilometers long and covered with red scales. It had a triangular head and black dragon horns. However, many of its scales were cracked and blood was flowing. It was obvious that it had been severely injured. This was exactly what happened. It's the mature flame python.

The other flame demon python is in its juvenile stage. It is much smaller in size, only a few hundred meters long, but it exudes a huge and boundless ferocious aura. It is a ferocious beast at the level of the tenth level of the Chaos Realm!

"Roar!!"

At this moment, two extremely ferocious flame pythons in the abyss cave saw the third prince and a group of uninvited guests, and they immediately let out a terrifying roar that shook the sky!

Chapter 1828 Taming

Accompanied by the shocking roars of the two flame pythons.

boom!

boom!

The two behemoths immediately opened their bloody mouths and roared towards the Third Prince and the group of people.

"Do it!"

The third prince shouted: "According to the previous opportunity, I will deal with the seriously injured mature flame python, and Miss Xiao and your partners will deal with the juvenile flame python!"

At this time, the third prince said, and immediately led a group of guards around him, holding long knives in their hands, and rushed towards the seriously injured mature flame python.

"when!"

"when!"

"when!"

The long knives of a group of royal guards slashed at the scales of the mature flame python, causing no damage at all and just making sounds like metal collisions.

"Roar!!"

At this moment, the mature flame python roared angrily, and the giant python tail wrapped in red scales swept directly, like a steel Great Wall, and suddenly hit the two royal guards hard.

"Pfft!"

"Pfft!"

It was a huge force. The two royal guards who were half-stepping into the chaos realm were smashed to pieces by the tail. The armor on their bodies was mixed with the broken flesh and blood. The scene was shocking.

"You evil beast! Die!"

The third prince was furious when he saw this scene, and a terrifying martial arts aura from the sixth level of Chaos Realm suddenly erupted from his body.

This third prince is worthy of being the prince of the Sky Blue Empire. He is very terrifying. His cultivation has reached the sixth level of Chaos Realm, which is comparable to Xiao Qingdai, the top female genius in the genius base.

"Emperor Wuji Kung Fu!"

The third prince roared loudly and unleashed all his inherited skills.

boom!

At this moment, a golden light burst out from his body, and golden dragons composed of golden light roared around the third prince.

The third prince leaped high into the sky, looked at the mature flame python below, his eyes were cold and iron-blooded, and he shouted: "Nine Dragons Suppressing Hand!"

Kowloon's Heaven-Suppressing Hand!

This is an extremely powerful martial arts inheritance, coming from the royal family of the Sky Blue Empire. Only those who have practiced the royal family's techniques can practice this martial arts.

boom!

At this moment, as the third prince pressed his palm into the air below, the long golden dragons on his body immediately circled together.

The nine golden dragons entangled together and instantly formed a huge golden light pillar, which bombarded directly downwards.

"Boom!!"

The Nine Dragons Heaven-Suppressing Hand struck down, like the palm of a god, filled with boundless terrifying power.

At this moment, the big golden hand entwined with nine golden dragons directly hit the body of the mature flame demon python.

"Boom!"

"howl!!"

Almost at the next moment, accompanied by an extremely shrill howling sound, this mature flame python suddenly let out a very painful roar.

Obviously, this palm contains huge destructive power. Even a mature flame demon python in the Five Decline Realm of Heaven and Human was hit hard at this moment.

Because this mature flame python was already seriously injured, and now it is even worse.

At this time, the direction on the other side.

Xiao Qingdai and Ye Fengzheng teamed up to deal with the juvenile flame python.

Although this flame demon python is still in its infancy, its own cultivation strength is also extremely terrifying. It is a perfect existence in the tenth level of chaos.

Moreover, this is a very ferocious dark beast at the level of a cave overlord.

"boom!!"

Accompanied by a terrifying roar, at this moment, the huge crimson scaly tail of the flame python suddenly bombarded Ye Feng and Xiao Qingdai.

"God King Seal!"

Xiao Qingdai did not dodge at all, and directly sacrificed her powerful magic weapon, the God King Seal.

boom!

Suddenly, a phantom of the God King stood tall and majestic, standing directly in the dark underground. Holding the mountain-like majestic God King Seal in his hand, he smashed directly at the flame demon python.

"Boom!!"

The huge demon python's tail directly collided with the mountain-sized God King's Seal, and a huge roar erupted that resounded throughout the sky.

"when!!"

The next moment, the God King Seal was directly blasted away.

However, this flame demon python is only in its juvenile stage after all, and the scales on its tail are not as strong as that of the mature flame demon python. Although it blew away the God King Seal, many pieces of the scales on its tail were broken. A trace of blood flowed out.

Xiao Qingdai sneered and said: "Although the flame demon python in its infancy is at the tenth level of the Chaos Realm, it is much less dangerous than the human monks of the same level holding magic weapons."

If there is no magic weapon or martial arts inheritance, and just fighting with bare hands, the flame demon python will definitely beat the human monks of the same level.

But the great thing about the human race is that they not only possess the brute strength of cultivation, but also possess wisdom. They can comprehend and create various powerful martial arts, refine various powerful magic weapons, and greatly enhance their own combat power.

Although Xiao Qingdai was only at the sixth level of Chaos Realm at this time, she held a peerless magic weapon like the God King's Seal in her hand, and the power of one strike was so terrifying.

"Sky-killing Sword!"

At this time, Ye Feng suddenly shouted loudly, and the stone sword in his hand instantly burst out with an extremely terrifying sword energy and sword light, which was full of destructiveness and directly assassinated the young fire.

On top of the flame demon python's head.

"Pfft!"

The stone sword was extremely strong. With the blessing of Ye Feng's powerful power, it was like the most terrifying drill, piercing directly into the head of the flame python and penetrating through the entire head.

"howl!!"

The juvenile flame python suddenly let out an extremely painful roar.

Ye Feng wanted to take action, but suddenly at this moment, Xiao Qingdai flew over from not far away and said: "Don't kill this juvenile flame python yet. This flame demon python is just in its infancy, and its own beast The soul is not that powerful. Can you let me try to tame this juvenile flame python? This will be a great help!"

At this time, Xiao Qingdai said, her eyes full of expectation.

At this time, Ye Feng suddenly thought that Xiao Qingdai seemed to be a soul master as well.

Ye Feng nodded and said, "Okay, then you can try it."

Ye Feng also felt that it would be a pity to kill the flame demon python directly. Even if he swallowed it, he probably wouldn't be able to break through to the next level. It would be better to let Xiao Qingdai tame the flame demon python, and then let Xiao Qingdai give him something comparable to that of his childhood. Benefits of the Flame Demon Python.

Ye Feng believes that Xiao Qingdai has a mysterious identity and extraordinary origins. In addition to the God King Seal, there must be other good treasures on her body.

"Buzz!"

At this moment, Xiao Qingdai gathered her soul and began to tame the juvenile flame python.

But just a moment later, Xiao Qingdai suddenly opened her eyes, and her pupils were already red.

"Oops! This is the beast soul of the flame python being controlled!"

Ye Feng's eyes were startled. It seemed that Xiao Qingdai was not doing well in training with the soul master.

"Now I can only tame it and make Xiao Qingdai quit!"

Ye Feng made a prompt decision and directly released his soul body, suddenly entering the soul world of the juvenile flame python in front of him!

Chapter 1829 Soul Mark

The moment when Ye Feng's soul entered the soul world of the flame python in its infancy.

He immediately saw that in the ethereal soul world, the soul of a huge flame python was emitting red flames, spitting flames and attacking Xiao Qingdai's soul.

At this time, Xiao Qingdai was trapped in the endless flames, and her eyes were extremely frightened and angry. She did not expect that the beast soul of this juvenile flame python was already so powerful.

Moreover, the natural beast soul of this flame demon python can release very terrifying power of fire, and has extremely terrifying burning power.

Xiao Qingdai regretted very much why she entered the soul world of this juvenile flame python directly regardless of the danger, which led to the huge crisis now.

"Am I going to die here today..."

Xiao Qingdai, the proud daughter of the first genius base, now had a pair of beautiful eyes filled with deep despair.

She knew that she was really taking too much risk this time.

And she also underestimated the danger of the young flame python.

The beast soul of the juvenile flame python is really too powerful, and it can also naturally release soul flames, which has a huge damaging effect on the soul body.

At this time, when Xiao Qingdai really felt that she was bound to die.

"Miss Xiao!"

Suddenly a familiar call sounded.

"Who is this voice? Ye Feng!"

Xiao Qingdai's eyes suddenly revealed a look of deep shock.

Obviously she never expected that when her life was at stake, Ye Feng would take such a risk and enter the soul world of the juvenile flame python to save herself.

At this moment, the pitiful and helpless Xiao Qingdai who was trapped in the infinite flames couldn't help but feel an emotion she had never felt before in her heart.

This kind of emotion may be called moved.

"Uh-huh!"

And at the next moment, Ye Feng's soul body flew directly from a distance and flew towards Xiao Qingdai.

Xiao Qingdai was immediately shocked and said: "Ye Feng! Be careful! The beast soul of this flame python can release extremely powerful fire power, which can instantly burn the souls of our human race to the point where there is no resistance at all. , or even directly destroyed, you must be careful!"

"Roar!!"

At this time, the Flame Demon Python instantly discovered Ye Feng, and roared loudly, making a thunderous roar.

"boom!"

The flame demon python immediately opened its mouth and spit out a huge pillar of flame light, which had extremely terrifying destructive and burning power, covering Ye Feng's entire body at once.

At this moment, Xiao Qingdai couldn't help but exclaimed: "Ye Feng! You don't want to die!"

Xiao Qingdai knew very well how terrifying the fire of the beast soul like the Flame Demon Python was, and how powerful it was.

But at this moment, Ye Feng suddenly shouted: "Fire Emperor Seal!"

It is the Fire Emperor Seal among the Soul Emperor Seals!

Buzz!

Almost at this moment, Ye Feng's soul body expanded rapidly, becoming extremely majestic, and finally became a huge giant of fire wearing a crown of flame!

This is none other than the Flame Emperor!

"Crash!"

At this time, Ye Feng opened his mouth and swallowed all the flame beams emitted by the flame python.

At this moment, Ye Feng felt that his spirit had become stronger.

"What?!"

Seeing this scene, Xiao Qingdai, who was shouting nervously not far away, was stunned.

The beast soul flame of the flame demon python, which is enough to burn and destroy any human soul, has no impact on Ye Feng at this time?

Or even, Ye Feng directly swallowed all the flames?

At this moment, Ye Feng suddenly shouted: "Bad beast! Today I will completely tame you!"

boom!

The Flame Emperor transformed by Ye Feng suddenly burst out with boundless soul power and landed directly in front of the Flame Demon Python.

"boom!"

Ye Feng stretched out a hand directly and pressed against the flame python.

The entire soul world began to tremble.

A big flaming hand appeared in the sky, full of infinite coercion. All of a sudden, it was like a big hand of a flaming god bombarding down, attacking the flame python fiercely.

"Boom!!"

This kind of attack is very terrifying and contains huge energy.

In an instant, the entire soul world was shaking violently.

The beast soul of the flame demon python was slapped by Ye Feng, the Flame Emperor, and was immediately shattered into pieces.

"howl!"

At this moment, the flame python beast souls gathered together, but they no longer dared to attack Ye Feng. Instead, they suddenly crawled in front of the Flame Emperor transformed by Ye Feng.

At this moment, the flame python soul felt a huge fear from Ye Feng.

When Ye Feng saw this scene, his eyes showed a hint of surprise. It seemed that his level of cultivation as a soul master was pretty good even in the God Realm.

I didn't expect to suppress the beast soul of this flame python.

So simple.

But this also made Ye Feng realize that as his soul power increased, the power of the Soul Emperor Seal became more and more powerful.

At this time, Ye Feng immediately stretched out his hand and began to imprint his soul mark into the beast soul of the flame python in front of him.

This juvenile flame python beast soul, under the threat of the Flame Emperor, did not dare to have any resistance at all, and allowed Ye Feng to imprint the soul mark into her beast soul.

"boom!"

Almost at this moment, Ye Feng suddenly felt that he had a complete sense of control over the juvenile flame python in front of him.

This also means that Ye Feng suddenly became the master of this juvenile flame python.

From then on, whatever Ye Feng asked the flame python to do, this evil beast would do it.

Ye Feng was a little surprised by this. He didn't expect that the juvenile flame python that Xiao Qingdai was supposed to tame would eventually be tamed by him due to some strange combination of circumstances.

But there is nothing that can be done about it. Xiao Qingdai is not very good at practicing as a soul master.

"I guess Xiao Qingdai's training in the soul path is just like mine. No, I at least have the orthodox soul path inheritance of the Soul Emperor Seal. I guess Xiao Qingdai doesn't have any, or the inheritance is very poor."

Ye Feng murmured at this time, with a strange look in his eyes.

It seems that in the God Realm, the cultivation of soul masters is also very rare.

Otherwise, since Xiao Qingdai has the talent to cultivate the Soul Path, it is impossible for her to be so weak in the Soul Path.

At this moment, Xiao Qingdai's soul body came over from not far away and said to Ye Feng: "Ye Feng, thank you for saving me this time. I really thought the soul I wanted just now is... Destroyed."

Chapter 1830: Killing the donkey

Ye Feng heard Xiao Qingdai's thank you at this time, smiled slightly, and said: "You're welcome, we are all from the same genius base, and I am your teammate. Teammates should help each other."

At this time, Xiao Qingdai saw Ye Feng's calm appearance and admired Ye Feng even more.

Because Xiao Qingdai knew very well that Ye Feng could make a very excessive request for saving her. With Xiao Qingdai's temper, she would definitely repay her kindness.

But Ye Feng just said, "Teammates should help each other."

This moved Xiao Qingdai greatly.

At this moment, Xiao Qingdai felt very good about Ye Feng's character.

Ye Feng said: "Miss Xiao, let's go out first. I don't know what happened to the seriously injured mature flame demon python that the third prince dealt with."

Xiao Qingdai nodded and said: "Okay, the third prince is a top expert among the royal children. He should be more than enough to deal with a seriously injured mature flame python."

Buzz!

Buzz!

At this time, the two people were talking, and the soul suddenly left the soul world of the juvenile flame python.

When the two came out, their souls returned to their true bodies. They immediately saw the third prince not far away, holding a huge black iron war spear and nailing the seriously injured flame python to death. on the earth.

At this time, Ye Feng couldn't help but look at Xiao Qingdai and asked: "Miss Xiao, that flame demon python is a mature, evil beast in the realm of the five declines of heaven and man. It would be great if we could tame it."

Hearing this, Xiao Qingdai shook her head and said: "The beast soul of the mature flame python is already fully mature and cannot be tamed. Once you forcefully tame it, the mature beast soul can directly self-destruct, so this time we I'm very lucky. I met a flame python that was just in its infancy. Ye Feng, please tame it."

After accepting it, if you train it properly, the growth limit of the flame demon python is very high, and its combat power is also very powerful. If we are not both top geniuses, I have the supreme treasure of the God King Seal in my hand, and we are both soul masters, It is simply impossible for us to quickly subdue this flame python from the tenth level of Chaos Realm so easily. "

At this time, Ye Feng and Xiao Qingdai were talking, but before they could walk over, the third prince not far away had not yet cleaned up the dead mature flame python, but he led a group of genius guards towards Ye Feng and Xiao Qingdai and two others came over.

The third prince's eyes were completely different from before.

When the third prince invited Ye Feng and Xiao Qingdai before, his eyes were very kind.

But now, the third prince's eyes were full of coldness and cruelty, and he said to the dozen genius guards around him: "Surround these two people!"

"Yes, Third Prince!"

A group of genius royal guards from the Sky Blue Empire immediately clasped their fists and shouted respectfully.

"Qiang!"

"Qiang!"

"Qiang!"

At this moment, a group of powerful young royal guards all drew out their long knives from their waists and surrounded Ye Feng and Xiao Qingdai with murderous intent.

When Ye Feng and Xiao Qingdai saw this scene, they were stunned for a moment, and then they seemed to understand something, and their expressions suddenly became a little shocked and angry.

The third prince is trying to kill the donkey at this moment!

They helped the third prince deal with the flame python, and now the third prince wants to kill them both.

Xiao Qingdai was very angry and yelled

Said: "Third Prince, what are you doing? Killing the donkey? You have disgraced the royal family of the Sky Blue Empire!"

The third prince heard Xiao Qingdai's angry shouts, and showed a sinister smile on his face, like a cat playing with a mouse, and said: "As long as I kill both of you, no one will know about this, let alone Not to mention that your Cangtian Territory is becoming more and more of a threat to our royal family. Xiao Qingdai, you, the most talented person under Cangtian Lord, if this prince kills you, perhaps in the eyes of the upper echelons of our royal family, this will still be a shame. This is a great achievement, because I have greatly weakened the power of the Cangtian Territory. Maybe I will be rewarded after I return to the dynasty. With so many benefits, do you think I should kill you?"

At this time, the third prince said with a hint of cruelty in his eyes.

"Third Prince, do you really think you can kill the two of us?"

Suddenly Xiao Qingdai spoke up, with a hint of sneer in her tone.

When the third prince heard this, a look of ridicule suddenly appeared on his face, and he said: "Xiao Qingdai, you failed to tame the juvenile flame python just now, right? Now that your soul has

been severely injured, what energy do you have to fight against me? Just Is that boy from the first level of Chaos Realm next to you so naive?"

At this time, the third prince made bursts of ridicule, his eyes full of cynicism.

"Oh, is it so?"

But at this time, a slightly smiling voice sounded.

It's Ye Feng!

At this time, Ye Feng suddenly took a step forward and shouted directly: "Fire Demon Python! Breath fire for me! Destroy these people surrounding us!"

Roar! !

Almost at the moment Ye Feng finished speaking, the juvenile flame python suddenly let out an earth-shattering roar.

The tall and majestic python suddenly stood upright.

Come on, open your big mouth and spit fire madly at the surroundings.

"What?!"

"The flame python was tamed by you in its infancy? Are you a hidden soul master?!"

At this moment, the third prince was finally shocked.

"Boom!"

At this time, infinite flames filled with destructive power had already erupted towards the surroundings.

"ah!"

"ah!"

"ah!"

Suddenly, there were screams all around.

Although the guards of the third prince who surrounded Ye Feng and Xiao Qingdai were all young geniuses, otherwise they would not be qualified to participate in this Demon Man's Cave trial.

But after all, most of them are half-step into the Chaos Realm, or around the first or second heaven in the early stages of the Chaos Realm.

How to withstand the attack of the flame demon python in the tenth level of chaos realm?

"Pfft!"

"Pfft!"

"..."

So at this time, all the genius guards of the royal family were burned to the point of being on fire, and they howled in pain.

They desperately tried to extinguish the flames on their bodies, but they discovered that the flames were so advanced that they could not be extinguished at all. They could only be burned to death, and then fell to the ground with a "bang-dong" and "bang-dong", becoming a There were charred corpses.

"What?!"

The third prince saw this scene and saw that all his men were lost. His eyes suddenly became extremely frightened and angry. Obviously, he never thought that the real terrifying person was not Xiao Qingdai, but her. The young guy next to me who looks ordinary!
