Chapter 1831 Blast to pieces with one punch

At this moment, the expression on the third prince's face can be said to be extremely wonderful.

There was disbelief, boundless anger, and a deep fear.

The ordinary Ye Feng standing next to Xiao Qingdai really shocked the third prince.

Even a peerless young man like the Third Prince was a little panicked at this moment.

"boom!"

Suddenly, the third prince burst out with a huge momentum, and instantly rushed towards the outside of the abyss cave.

He didn't even say a word, he just exploded with strength to run for his life!

Obviously, at this time, the third prince no longer cared about the royal family's face.

What he wants most now is to escape from here.

Because there is a powerful Xiao Qingdai, a Ye Feng who is suspected of being a terrifying soul master, and a flame demon python that has just been tamed with the Dzogchen cultivation level of the Tenth Level of Chaos Realm.

This combination is really terrible!

Even though the Third Prince's combat power was astonishing, he knew at this moment that he was unable to resist at all and could only choose to escape as soon as possible.

"You still want to escape now? It's impossible!"

At this moment, Xiao Qingdai immediately shouted coldly.

Because after the third prince cooperated with them, he actually wanted to frame them.

This kind of killing of a donkey made Xiao Qingdai extremely angry and hateful.

At this moment, she naturally wanted to kill the third prince with one sword.

"God King Seal!"

Xiao Qingdai shouted loudly and immediately threw out the God King Seal in her hand.

boom!

The Great Seal burst out with brilliant divine light and transformed into the size of a mountain in the sky.

The God King's Seal, which looked like a steel mountain, crashed down with a bang, its power was shocking and terrifying, as if it could crack the entire earth.

"Nine Dragons Suppressing Hands!"

The third prince did not dare to trust him at this time and quickly displayed his powerful martial arts inheritance.

Kowloon's Heaven-Suppressing Hand!

“Boom!”

"boom!"

"..."

Lines of golden dragon energy burst out from the palm of the third prince, forming a huge hand entwined with nine golden dragons, and blasted towards the God King's Seal in the sky.

"Boom!!"

Suddenly, there was an earth-shaking roar in the entire sky, which resounded throughout the sky and the earth, deafening.

It has to be said that the third prince's combat power is still very terrifying. This move of the Nine Dragons Suppressing Heaven Hand actually knocked away the God King's Seal.

"Fire Demon Python! Attack the Third Prince!"

But at this time, Ye Feng had already laid an ambush in the direction where the third prince was escaping.

"boom!"

The flame demon python directly spurted out a stream of terrifying flames, burning the third prince in the endless flames.

"Golden Jade Clothes!"

The third prince roared, and the pale golden prince robe he was wearing actually burst into brilliant golden light, and a layer of pale golden protective light shield like an egg shell condensed around his body.

Even the flames of the flame python were unable to harm the third prince at this moment.

"Huh? There are quite a few methods?"

At this moment, Ye Feng and Xiao Qingdai both had surprised expressions in their eyes.

Seemingly seeing that the two of them were helpless, the third prince suddenly became very arrogant and laughed loudly: "I have countless methods, each of which is extraordinary and powerful. How can you two imagine it? Although I can't kill you today. , but if you want to keep me, that's impossible!"

With that said, the third prince, protected by the golden light shield, wanted to rush out of the flames.

"Oh, is it so?"

But at this time, Ye Feng sneered.

"Thunder Ancestral Talisman

! "

At this moment, Ye Feng finally couldn't help but use one of his trump cards.

That is the Thunder Ancestral Talisman!

With Ye Feng now stepping into the first level of Chaos Realm.

Ye Feng was finally able to use most of the energy in the Thunder Ancestral Talisman.

"Buzz!"

At this moment, Ye Feng took out the Thunder Ancestral Talisman and placed it directly on his chest.

"boom!!"

Suddenly, streaks of extremely bright thunder and lightning light rushed out from the Thunder Ancestral Talisman, directly wrapping Ye Feng's entire body.

At this moment, Ye Feng seemed to have transformed into a Thunder God of War, full of infinite domineering power.

"boom!"

He suddenly leaped high into the sky, and then punched down hard from the high altitude.

"Boom!!"

Endless thunder and lightning formed a vast ocean.

All the energy in the sky was concentrated on Ye Feng's punch.

"boom!"

"Crack!!"

The thunderous fist suddenly hit the golden light shield around the third prince below.

The golden light shield was instantly shattered by the extremely destructive thunder.

"What?!"

When the third prince saw this scene, he immediately trembled with fear and wanted to retreat crazily.

"late!"

But Ye Feng showed a cold smile on his face and said: "I am not only a powerful soul master, but also a warrior with an extremely powerful body!"

boom!

Following Ye Feng's voice, the fist filled with endless thunder and lightning suddenly hit the third prince's chest.

"Click, click..."

At this moment, even if

Even the set of golden robes worn by the third prince could not withstand the destructive power of Ye Feng's terrifying fists.

It was directly destroyed inch by inch by the infinite power of thunder.

"Pfft!"

"ah!!"

Then, in the third prince's horrified eyes, Ye Feng's fist was like an extremely strong war spear, which suddenly penetrated the third prince's chest, and opened a huge bloody hole in the third prince's body. All the internal organs were shattered, and there was terrifying lightning energy destroying the third prince's vitality.

"Ahhh!"

The third prince looked at the bloody hole in his chest and felt that his life force was rapidly passing away. He immediately let out a loud roar of fear and pain.

But all is in vain!

In the end, in the third prince's eyes full of unwillingness and fear, his body collapsed to the ground and died immediately.

"Good kill!"

Xiao Qingdai flew over from not far away, with a cheerful look in her beautiful eyes.

"Pfft!"

She even waved the bamboo sword in her hand, cut off the head of the dead third prince, and then crushed it with her foot.

When Ye Feng saw this scene, he couldn't help but mourn for the third prince.

The fact that Xiao Qingdai, a woman, could reach this point really angered her, and her methods were extremely bloody and cruel.

Ye Feng looked at Xiao Qingdai and said: "Miss Xiao, please clean up the battlefield. This time we are going to attack. I will first devour the skills and life essence of all living beings and improve their cultivation."

Xiao Qingdai nodded excitedly and said, "Okay!"

A group of royal geniuses, including the third prince, are all from the royal family of the Sky Blue Empire, and the resources in their storage rings are definitely very rich!

Ye Feng released the Devouring Domain, looked at the busy Xiao Qingdai, and said: "I'm not interested in anything else. Just give me the two royal inheritances in the third prince's storage ring, Huangtian Wuji Kung, Jiulong Town Heavenly Hands."

Chapter 1832 Eclipsed

"boom!"

At this time, a dark and deep swallowing vortex emitted from Ye Feng's body in an instant, covering the entire surrounding abyss cave area.

At this moment, huge waves of devouring and absorbing power immediately emanated from the dark realm released by Ye Feng.

The remaining geniuses and powerful men on the entire earth, including the seriously injured mature flame python that was killed, had their remaining skills and life essences quickly sucked out.

"Crash!"

"Crash!"

The skill and life essence turned into long rivers of energy of different colors, which were absorbed from the dead creatures, and then were swallowed up by the dark realm, turning into pure power and injected into Ye Feng's body. .

"Boom boom boom..."

Ye Feng immediately felt an extremely terrifying energy, surging crazily in his body.

At this moment, Ye Feng suddenly stood up and roared to the sky.

"Howl!!!"

The roaring sound shook the sky, not like a human being could make it at all, but like an ancient giant beast roaring and roaring, full of mad power and wildness.

"boom!"

"boom!"

"boom!"

...

Almost at this moment, six consecutive huge and terrifying martial arts auras burst out from Ye Feng's body.

This means that Ye Feng has broken through six levels at once!

Directly from the first level of Chaos Realm, he made a crazy breakthrough to the seventh level of Chaos Realm!

This kind of breakthrough can be said to be very terrifying, it is simply too fast.

And you must know that even if Ye Feng just breaks through the first level of the sky, the energy required is extremely terrifying.

His body was like a bottomless pit!

But the conditions for breakthrough are like this

Despite all the difficulties, Ye Feng also made breakthroughs.

From this, we can imagine how much energy Ye Feng got this time.

The one that provides the most energy is probably the mature flame python, and the third prince, the top talent, ranks second in terms of energy provided.

Otherwise, Ye Feng would not be able to break through so many levels at once this time and directly enter the seventh level of the Chaos Realm!

And with his cultivation improved so much, Ye Feng's combat power is definitely countless times stronger than before.

"You actually broke through to the seventh heaven of Chaos Realm!!!"

At this time, Xiao Qingdai walked over from not far away, her beautiful eyes filled with deep horror.

She was with Ye Feng from the beginning to the end, and witnessed with her own eyes Ye Feng's magical and terrifying breakthrough speed.

It's so fast!

And the most shocking and incredible thing is that Ye Feng broke through so quickly, his cultivation foundation is still very solid, and his combat power is also extremely powerful.

Xiao Qingdai stared at Ye Feng, and she suddenly felt that her previous expectations for Ye Feng were probably too low.

If people like Ye Feng don't die in the middle of the journey, I'm afraid they will definitely become the most powerful group of people in the entire human race in the God Realm!

Xiao Qingdai has a mysterious origin and an extraordinary identity. Being able to make such a huge evaluation of Ye Feng in her heart shows how much Xiao Qingdai attaches great importance to and marvels at Ye Feng at this moment.

At this time, Ye Feng stood up immediately.

After a difficult fight and battle, Ye Feng not only did not feel any fatigue, but felt that he was very energetic and full of energy, with very strong power surging all over his body.

Uh-huh!

Xiao Qingdai never

He flashed over from a distance, holding two jade slips in his hands, placed them in front of Ye Feng, and said loudly: "The two sets of inheritances on the third prince's body are all in these two jade slips. I am very concerned about this kind of jade slips." I'm not interested in royal martial arts because I think it will affect my own martial arts."

Ye Feng smiled and took the two jade slips away, and said: "I am not afraid of affecting my own martial arts, because what I believe in is pure power, and everything can eventually be turned into power, so since I stepped into Since my cultivation, I don't care about any inherited martial arts or weapons and treasures. As long as I am strong, I need them all!"

At this time, Xiao Qingdai looked at Ye Feng's calm appearance, but was slightly shocked by Ye Feng's words.

Xiao Qingdai had never heard of Ye Feng's complex and chaotic cultivation method and the way of power, and even thought this statement was a bit ridiculous.

But these words came from Ye Feng's mouth, so Xiao Qingdai felt a little extraordinary. ??

Because I have experienced so much with Ye Feng, I have seen all kinds of different magical methods in Ye Feng.

In Xiao Qingdai's eyes, Ye Feng is already synonymous with magic.

Xiao Qingdai has never seen a strange person with such extraordinary talent as Ye Feng.

Ye Feng looked at the two jade slips in his hands at this time, and immediately started to stick them on his forehead, and began to comprehend and practice.

With the monster understanding ability transformed by the soul gem, Ye Feng didn't even bother to wait for the next step to practice.

He decided to practice on the spot.

At this time, Xiao Qingdai on the side didn't know what Ye Feng was thinking.

She saw that Ye Feng started practicing directly, and she couldn't help but said slightly: "Ye Feng, we'd better leave this abyss cave place now. A war just broke out here, and it may soon attract people." There are powerful dark creatures, or powerful geniuses from other royal families. When they see it, we will kill the third prince.

Could cause huge trouble. "

Ye Feng suddenly opened his eyes at this time and said, "I'm fine."

Xiao Qingdai's eyes were stunned and she said, "What do you mean?"

Ye Feng said: "I have successfully cultivated."

Xiao Qingdai was even more confused and said: "What kind of cultivation is successful?"

boom!

Suddenly at this moment, Ye Feng's body suddenly burst out with a huge and terrifying aura.

Waves of golden dragon energy spurted out from his body in an instant and began to wrap around the entire surface of his body.

This scene made Ye Feng look extremely noble.

It's like an emperor from the human race has arrived, giving people a majestic and vast feeling.

"This is... Tianlan Empire's Emperor Wuji Kung Fu!"

Xiao Qingdai standing next to her was instantly shocked.

What made Xiao Qingdai even more stunned.

"boom!"

At this time, Ye Feng blasted a palm in the distance. Along with the thunderous roars of dragons, nine golden dragons composed of energy immediately rushed out from the center of his palm, entangled together and manifested. A huge palm like a mountain was launched, directly bombarding a mountain in the distance.

"Boom!"

In an instant, the mountain suddenly collapsed.

Shocking power!

"This is... the Nine Dragons Heaven-Suppressing Hand! The third prince's ultimate move! Have you also learned it?"

Xiao Qingdai was shocked beyond measure at this moment.

At this time, she finally understood that the young man in front of her was simply a peerless evildoer who surpassed all martial arts geniuses.

Any so-called martial arts genius can be said to be eclipsed in front of Ye Feng!

Chapter 1833 The fourth floor

At this time, Xiao Qingdai felt more and more that it was the best choice for her to choose Ye Feng as her partner for the Demon Man's Cave trial this time.

Xiao Qingdai's feelings for Ye Feng can be said to start from her appearance, her character, and her strength.

At this time, Ye Feng tried out the royal martial arts of the Sky Blue Empire that he had just successfully practiced, and was very satisfied.

This kind of power is really huge.

Much more powerful than the Sky-Destroying Sword.

At this time, Xiao Qingdai came over and said loudly: "Ye Feng, these two sets of inheritances on the third prince are both martial arts inheritances that surpass the level of chaos and the level of the Five Declines of Heaven and Man. They are very powerful, but also very useless. Good, because if you enter the Demon Crypt and use this set of inherited martial arts in front of outsiders, your secret of killing the third prince will be exposed instantly, and you may be hunted down by the entire Sky Blue Empire royal family."? ?

When Ye Feng heard this, he immediately smiled very relaxedly and said: "Don't worry, I won't use it randomly when I go outside. And even if I use it, even if it is known to the royal family of the Sky Blue Empire, Lord Cangtian will also try his best to protect me, right?"

Hearing this, Xiao Qingdai couldn't help but nodded and said: "You are right. With Ye Feng's current martial arts talent, you can definitely get the Lord's attention. This time the Demon Man's

Cave trial is over, as long as I will tell the Lord about your various achievements in the Devil's Cave, and the Lord will definitely accept you as a disciple without any hesitation!"

Ye Feng smiled and said nothing, noncommittal.

At this time, Ye Feng and Xiao Qingdai left the abyss cave directly.

At this time, the juvenile flame python tamed by Ye Feng also began to shrink rapidly from the size of a mountain, and finally turned into a red ribbon, which was tied directly to Ye Feng's waist.

In this way, Ye

When Feng is fighting, he can ask the flame demon python to help at any time, and no one else can tell that the red ribbon-like thing around his waist is actually a terrifying flame demon python in the tenth level of chaos realm!

This is definitely a killer!

After the two people left the abyss cave, they came to the edge outside.

This is already the depths of the third level of the Devil's Cave.

If you go deeper, it will be the entrance to the fourth floor.

At this time, Xiao Qingdai hesitated and said: "Ye Feng, what should we do now?"

At this moment, even Xiao Qingdai didn't notice that she, who was originally in a dominant position, started asking Ye Feng for his advice every time.

Gradually Ye Feng takes the dominant position!

At this time, after Ye Feng thought for a while, he immediately said: "There is still nearly half a month left before the one-month trial. I think we still have enough time to enter the fourth level. Have some adventure."

Xiao Qingdai seemed to be hesitant and said: "But the fourth floor is too dangerous. There are already extremely powerful dark beasts like the Flame Demon Python on the third floor, as well as the Bull Demon, so I want to go to the third floor." I continue to hunt some dark races and demons of similar levels in the layer, and I don't want to take any more risks."

At this time, there was a hint of pleading on Xiao Qingdai's beautiful face, as if she was begging Ye Feng to accompany her.

In Xiao Qingdai's expectant beautiful eyes, Ye Feng smiled slightly and said: "Okay, then goodbye, I'll go to the fourth floor first, and you can continue hunting on the third floor."

Uh-huh!

The moment the words fell, Ye Feng's figure had disappeared.

Xiao Qingdai stood there, stunned. At this time, Xiao Qingdai felt more and more that it was the best choice for her to choose Ye Feng as her partner for the Demon Man's Cave trial this time.

Uh-huh!

The moment the words fell, Ye Feng's figure had disappeared.

Xiao Qingdai stood there, stunned.

Chapter 1834 Space Wormhole

Ye Feng's speed was very fast, and he reached the deepest part of the third floor in a blink of an eye.

There is a huge space passage here, which leads to the fourth floor of the Demon's Cave.

Most of the dark races such as the Bull Demon and Demon Man on the third level are at the entry level of the Chaos Realm and are no longer very helpful to Ye Feng.

This rapid breakthrough was mainly due to the encounter with a mature and seriously injured flame demon python, and the third prince, a top talent.

That's why Ye Feng gained huge energy and broke through to the seventh level of Chaos Realm with one leap!

But after so many breakthroughs, the consequences are huge.

That is, if Ye Feng continues to hunt those ordinary dark races in the third level, he will no longer be able to satisfy his devouring requirements.

And you must know that there is only more than half a month left for the Demon Man's Cave Trial.

Ye Feng didn't want to waste time to devour some ordinary dark races and demons.

So even though Ye Feng saw Xiao Qingdai's reluctant eyes, he left directly. ??

After all, improving your own strength is the most important thing.

Above his head, there is still the Chaos God Clan, a super-large race in the divine world, oppressing him.

But there is no time to think about personal affairs between children.

"Maybe after I kill the Chaos God King, kill the Chaos Prince, let my mother be truly free, and avenge Uncle Nan, then I can be free and easy in the world..."

Ye Feng thought secretly in his heart.

Then he no longer hesitated and jumped directly into the space channel in front of him.

As for the danger on the fourth floor?

Ye Feng is naturally not afraid of acting alone.

He practices the Divine Art of Creation and the Emperor of Chaos Art, and can change the original attributes of his power at any time.

In other words, Ye Feng can integrate into any kind of dark race anytime and anywhere without any trace.

Hoo ho ho!

At this moment, Ye Feng jumped down and immediately felt a very biting cold wind blowing across his face.

The fourth level of the cave space is very cold.

"Crack!"

When Ye Feng finally landed, the ground he stepped on was covered with a thick layer of ice.

Looking into the distance, in the extremely dark cave, the fourth floor of the cave turned out to be a dark world covered with ice and snow.

There is a huge castle in the distance, and the building is very majestic.

And around the castle, there is a dark race with a human face, a snake body, and a scorpion tail, holding a strange blood-colored scimitar weapon, and is patrolling.

This seems to be the snake and scorpion tribe among the dark races.

Even the guards patrolling outside the castle, their cultivation levels are all at the sixth level of Chaos Realm.

Not to mention, the real strong man of the snake and scorpion clan in the castle.

Ye Feng looked at the castle in the distance at this time, thinking in his heart that the dark races in the fourth floor of the cave have gradually formed a powerful force, unlike the first three floors, where they fought independently. Disorganized.

Seeing this scene, Ye Feng frowned slightly.

If it is a chaotic dark race that is fighting each other, then just defeat them one by one.

They can even start a war between their respective races and profit from it themselves.

But this fourth-level cave world is obviously ruled by the snake and scorpion tribe of the dark race.

Everything is orderly, hierarchical, and heavily guarded.

"Looks like I need to blend in."

Ye Feng

Thinking in his mind, he felt that he couldn't take the risk of declaring war directly, as that would definitely lead to the siege of countless powerful snakes and scorpions.

So at this time Ye Feng thought of an idea, that is, to get into it.

For Ye Feng, it couldn't be easier to disguise himself as a snake and scorpion tribe.

Just run the skills and let the source of your own skills change.

But what is more troublesome for Ye Feng is that he needs an identity among the snake and scorpion tribe.

Otherwise, even if you become a snake and scorpion clan through changes in skills, without a suitable identity, you will definitely arouse suspicion among the snake and scorpion clan insiders.

So at this moment, Ye Feng stared at the castle in the distance, his spiritual thoughts radiated out, and he immediately sensed that the most powerful one in this castle was the Half-Step Heavenly Man Five Decline Realm.

"Half step into the realm of the Five Decline of Heavenly Beings. With my current cultivation and the help of the juvenile Flame Demon Python, I should be able to kill him. The identity of this castle owner is exactly what I can use to disguise myself."

Ye Feng knew that the castle standing at the entrance of the fourth level must be a small territory of the huge snake and scorpion tribe of the fourth dark race.

"This little lord can be used as my disguise, and then I can plot a larger fourth-level dark race."

Ye Feng thought secretly in his heart, planned everything, and decided to lurk in this castle first.

Ye Feng did not directly declare war on the spot, because that would cause huge noise and alert the enemy.

It would be best to kill the little lord in this castle without anyone noticing.

Uh-huh!

At this time, Ye Feng dodged and leaped towards the dark castle not far away.

Soon Ye Feng came to the outside of this castle.

A wall was built around the castle, and guards from the Viper Clan were patrolling.

"Space Stone."

At this time, Ye Feng directly inspired the power and effectiveness of the space gem.

Buzz!

A void passage appeared directly in front of him.

At this moment, Ye Feng was like an ancient divine insect. He used the space gem to open up a stable space wormhole in the void space. He ignored any external tangible objects and directly shuttled through the wormhole, crossing the city wall and everyone. The snake and scorpion guards entered the castle!

"Buzz!"

Following a burst of space fluctuations, Ye Feng's body traveled directly through the void passage and arrived at the innermost part of the castle.

He directly crossed the thick city wall without alerting any of the snake and scorpion guards.

The function of the space gem can be said to be very convenient, it is simply a huge hidden weapon.

At this time, Ye Feng sent out his spiritual thoughts and sensed the location of the castle owner.

Uh-huh!

He instantly dodged and hurried towards the interior of the castle.

After a while, Ye Feng stopped outside the door of a hall in the castle.

He looked through the crack in the door and saw an extremely burly middle-aged man in the castle hall. He was wearing a set of extremely heavy armor and looked full of evil aura.

This middle-aged man took the form of an extremely powerful snake and scorpion creature.

The aura of cultivation on his body is astonishingly half-step to the realm of the Five Declines of Heaven and Man!

When Ye Feng saw this scene outside the door, he immediately started to run his skills silently. His whole body became full of demonic energy in an instant, and the aura exuding from his body was also that of the snake and scorpion clan, and there was no trace of any flaws at all.

"Lord, I have something extremely important to report!"

Ye Feng suddenly made a sound outside the hall.

Chapter 1835 Surrender

The moment Ye Feng's voice fell, the snake scorpion lord in the castle hall immediately stood up.

He looked in the direction outside the hall and said, "Come in."

"Yes, Lord Lord."

Ye Feng walked in from outside at this time.

The snake and scorpion clan leader looked at Ye Feng with a trace of doubt in his eyes.

Because Ye Feng looked very unfamiliar, as if he had never seen him before.

But the snake scorpion clan lord knew that most of his subordinates were changed frequently, so he didn't care.

At this time, the leader of the Snake Tribe asked aloud: "Is there anything important? Are you here to report it so late?" .??.

Ye Feng stepped forward quickly, raised his head, smiled, and said: "Of course there is something important, and that is to take your life!"

boom!

Almost as soon as Ye Feng finished speaking, a huge momentum burst out from his whole body.

At this moment, Ye Feng exploded all his power.

"boom!!"

Before the Snake Tribe Lord could react, Ye Feng's big chaotic hand had already pinned him to the ground.

Even though this lord of the snake and scorpion clan was a powerful being who was half a step into the five realms of devastation, he was stunned by Ye Feng's sudden attack at this moment.

And you must know that Ye Feng's cultivation level has now been promoted to the seventh level of Chaos Realm.

This shows that Ye Feng's current leapfrog combat ability is very powerful.

So Ye Feng's sudden attack caught the snake and scorpion clan lord off guard.

"who are you?!"

The lord of the Snake Clan, who was suppressed by the big hand of Chaos, couldn't help but scream in anger.

Ye Feng smiled slightly and said: "It doesn't matter who I am, what's important is that as long as you surrender to me, I won't kill you.

"

Originally, Ye Feng wanted to kill the snake and scorpion lord directly, and then disguise himself as the snake and scorpion lord.

But Ye Feng suddenly thought that even if he disguised himself as the lord of the snake and scorpion tribe, it seemed to be of little use. He didn't know the news about the fourth level of the cave at all.

Therefore, it is more useful to keep this snake and scorpion clan lord.

But Ye Feng needs this snake and scorpion clan lord to listen to him honestly.

"It is impossible for me to surrender!!!"

At this time, the snake scorpion lord's eyes showed a trace of madness.

"Buzz!"

His whole body suddenly erupted with a huge and boundless terrifying aura.

This is the momentum of self-destruction!

"You actually want to blow yourself up?"

Ye Feng's eyes immediately showed a look of shock and anger, and he shouted: "You will be fined if you don't drink the toast! Then no wonder I forcibly invaded your soul!"

boom!

At this moment, Ye Feng immediately released his soul power crazily.

A huge soul storm was directly formed, invading the soul of the snake and scorpion clan lord in front of him.

But just at the moment when Ye Feng's soul entered the soul world of the snake and scorpion lord.

"Hahahaha! Human boy, you have indeed been fooled! The souls of our snake and scorpion tribe are notoriously powerful! Although your body is very powerful, which makes me very surprised, but the power of my soul is The strength is comparable to the strength of a real creature at the level of the Five Decay Realms of Heaven and Human!"

Suddenly at this moment, the excited roar of the lord of the snake and scorpion clan echoed throughout the soul world.

There was a sound in the world.

At this moment, a huge scorpion immediately appeared in front of Ye Feng's soul body.

This huge scorpion is in the state of a soul and seems to be full of extremely vicious evil spirits.

This soul scorpion is the soul body of the lord of the snake and scorpion tribe.

At this time, the soul scorpion laughed loudly, and his whole body suddenly released the huge soul power of the true realm of the five declines of heaven and man.

"Uh-huh!"

A huge scorpion pincer, as big as a mountain, ripped directly towards Ye Feng's soul in front of him.

But at this time, Ye Feng smiled and said: "Lord Snake and Scorpion, I'm sorry, compared with the strength of my body, my soul attack is even better!"

Soul Emperor Seal!

Fire Emperor Seal!

"boom!"

Almost at the next moment, Ye Feng's entire soul body immediately expanded rapidly, becoming extremely majestic and full of monstrous momentum.

At this time, Ye Feng's entire soul directly transformed into a majestic and boundless flame emperor in the soul world, wearing a flame emperor's crown on his head and holding a flaming giant sword in his hand, as if he could burn the sky and everything, full of infinite power. .

"What?!"

The soul of Lord Snake and Scorpion, who was laughing heartily not far away, was immediately dumbfounded.

Looking at the Flame Emperor who looked like an ancient giant, Lord Snake and Scorpion suddenly showed deep fear in his eyes.

"What is this?"

"How can you, a small human race, have the aura of the ancient Vulcan in your soul!!"

At this moment, the scorpion soul of the snake scorpion lord suddenly began to tremble violently.

At this moment, Lord Snake and Scorpion immediately started to run away,

I want to escape my soul from my soul world.

"There's no escape!"

But at this time, Ye Feng's incarnation of the Flame Soul Emperor suddenly made a majestic sound.

At this moment, Ye Feng directly waved the flaming giant sword in his hand and slashed forward.

"Boom!!"

Suddenly the infinite and terrifying power of flames broke out.

The soul of the fleeing Snake Lord was instantly chopped into pieces.

Very miserable!

"ah!!"

The spirit of Lord Snake and Scorpion let out a shrill howl that resounded through the entire soul world.

At this time, Ye Feng's Flame Soul Emperor stepped directly in front of the snake scorpion lord's remnant soul that had been split into two halves, and said majestically: "Submit to me, and let me imprint my soul in your soul." Mark, so that I can control you, and you can at least save your life, otherwise if I kill you, you will really disappear from this world. "

At this time, Ye Feng's Flame Soul Emperor had a very terrifying majesty.

The snake and scorpion lord is even a super strong person who is half a step into the five realms of devastation and human beings.

I also felt deep fear at this moment.

"Plop!"

Feeling the extremely strong oppression and death aura, Lord Snake and Scorpion finally couldn't bear the terrible pressure, and knelt directly on the ground, worshiping the Flame Emperor in front of him, which was regarded as true surrender.

Ye Feng suddenly stretched out a hand, and a soul mark emitting bright red light was directly injected into the scorpion soul of the snake scorpion lord.

"Buzz!"

At this moment, Ye Feng immediately felt that he had complete control over the Snake Lord in front of him!

Chapter 1836 Dark City

Buzz!

At this time, Ye Feng's soul left the soul world of Lord Snake and Scorpion and returned to his own body in the outside world.

At this time, Ye Feng opened his eyes, and then released his hand that suppressed the Snake Lord.

At this time, Lord Snake and Scorpion stood up. This powerful dark race lord who was half a step into the realm of the Five Decline of Heavenly Man stood in front of Ye Feng, his eyes full of fear and respect.

Ye Feng said calmly: "From now on, you must obey my orders in everything you do."

Lord Snake and Scorpion immediately clasped his fists respectfully and said: "The adults have planted the soul mark in the soul of the villain. From now on, the fate of the adults and the villain will naturally go through fire and water!"

Ye Feng nodded with satisfaction and said: "First tell me briefly about the situation in the fourth level of the cave."

Lord Snake and Scorpion immediately spoke respectfully: "The controller in the fourth-level cave is a powerful existence called the Queen of Darkness. She has established a huge dark kingdom in the entire fourth-level cave world. All dark races need to obey the orders of this Dark Queen. I am just a small lord from a small marginal land. I am very weak and cannot be compared with the Lord of the Kingdom like the Dark Queen. "

When Ye Feng heard this, his eyes suddenly moved: "Queen of Darkness? Kingdom of Darkness?"

At this time, Ye Feng was thinking about it, and then asked: "Lord Snake and Scorpion, let me ask you, what kind of cultivation strength does that Queen of Darkness have?"

There was a hint of subconscious shock in Lord Viper's eyes, and it was obvious that he had a natural fear of the Queen of Darkness that came from his blood.

At this time, Lord Snake and Scorpion thought for a while and then slowly said: "The Queen of Darkness is much stronger than me. I am afraid that even adults will never be my opponent!"

"Snapped!"

Suddenly Ye Feng slapped Lord Snake and Scorpion directly and said: "Don't talk nonsense, I asked you about the cultivation strength of the Dark Queen, just tell me the result."

"Yes Yes Yes!"

The Snake Lord covered his face and immediately said: "I have never really seen the Dark Queen's cultivation, but I have gone to the kingdom to participate in a lord competition before, and I have sensed the Dark Queen's aura at close range. It is definitely beyond The realm of the five declines of heaven and man may be the ladder realm above the five realms of decline of heaven and man.

"Ladder realm?"

Hearing this, Ye Feng nodded slightly and said, "Okay, I understand."

At this time, Lord Snake and Scorpion seemed to have seen something, and suddenly asked: "Sir, you are not plotting against the Queen of Darkness, are you? I advise you not to be impulsive. The Queen of Darkness is too powerful, so you are plotting against the Darkness." Queen, if I fail, I may also be implicated and die."

"Snapped!"

Ye Feng slapped Lord Snake and Scorpion again and said, "If you keep talking nonsense, I will kill you directly!"

"I....."

Lord Snake and Scorpion immediately showed fear in his eyes and did not dare to speak anymore.

At this moment, in the entire castle hall, Ye Feng stood there with a hint of thinking in his eyes.

He was thinking about how to deal with the Queen of Darkness.

A direct force attack is definitely not possible for the time being.

That Queen of Darkness is a powerful person in the Ladder Realm who has surpassed the Five Decline Realms of Heaven and Human. She is not something that I can deal with temporarily.

If it's just the Five Declines of Heaven and Humanity, even if it's the Great Perfection of Five Declines of Heaven and Humanity, maybe Ye Feng can still give it a try.

But the Queen of Darkness has transcended

This level is a super strong person at the ladder level, which is not what I can plan now.

"If the Queen of Darkness doesn't have any plans, I can go to the heart of the Dark Kingdom. There must be other dark races with powerful cultivation. In a dark kingdom, it is impossible to have only one top powerhouse like the Dark Queen."

Ye Feng thought in his heart that he could only settle for the second best for the time being and think of ways to plot against some dark races with similar cultivation levels.

"Uh-huh!"

Ye Feng turned his head and immediately looked at Lord Snake and Scorpion, who was standing behind him. He said, "I want to enter the core of the Dark Kingdom. You can find a way to take me there."

Lord Viper's face immediately changed slightly, and then he seemed to be afraid of Ye Feng's slap, and immediately said: "Give me a few days, I will definitely find a way to bring you into the core city of the Dark Kingdom, the Dark City. "

Ye Feng nodded and said: "Okay, I'm waiting for your good news. By the way, in the past few days, you have sent me all the good resources in your territory, as well as your subordinates with strong cultivation. Send it to me."

Lord Snake and Scorpion trembled all over and said, "Okay, sir, I'll do it right away!"

Half a day later, Ye Feng stood in the hall, looking at the dozens of powerful snakes and scorpions in front of him that had been devoured into mummified corpses. He couldn't help but shake his head, feeling a little disappointed.

After devouring the most powerful snake and scorpion masters in more than a dozen territories, Ye Feng didn't even break through to the first level.

"It seems that I have to go to a high-end place like the Dark City. There are truly powerful dark races that can help me grow faster."

Ye Feng murmured at this time.

At this time, Lord Snake and Scorpion, who was standing aside, was trembling violently as he watched his dozen or so most powerful subordinates being sucked into mummies by Ye Feng.

Lord Snake and Scorpion originally thought that Ye Feng summoned his most powerful subordinates to gather a powerful team to go to the Dark City.

But Lord Snake and Scorpion discovered that he was wrong. It turned out that Ye Feng was practicing evil skills.

At this moment, Lord Snake and Scorpion stared at Ye Feng, who was standing at the top of the hall. Looking at this handsome young man from the human race, he felt that he was an evil figure even more terrifying than their dark race.

It's really terrible!

...

Three days later, Lord Snake and Scorpion and Ye Feng set off from their territory and headed to the center of the Dark Kingdom, the Dark City.

Lord Snake and Scorpion just got a piece of news in the past few days. The Lord Competition held every five years has begun again.

This made Lord Viper very happy, finally having a reason to go to the Dark City.

So the moment he learned the news, Lord Snake and Scorpion set off with Ye Feng.

In less than a few days, they had arrived in the Dark City.

The Dark City is the central city of the Dark Kingdom. The entire city is extremely huge, and the city walls are majestic and boundless, towering into the clouds, and it looks full of vastness and atmosphere.

The moment Ye Feng approached the dark city, he immediately felt a surge of dark magic energy surging in the dark city.

Obviously, that is the aura of a powerful person from the dark race!

Ye Feng's eyes suddenly lit up and he felt deeply excited.

Every aura of the dark race in this dark city is almost comparable to or even surpasses the snake scorpion lord next to him.

This is definitely a huge source of nourishment for Ye Feng! Buzz!

At this time, Ye Feng's soul left the soul world of Lord Snake and Scorpion and returned to his own body in the outside world.

At this time, Ye Feng opened his eyes, and then released his hand that suppressed the Snake Lord.

Chapter 1837 Dark Magic Tower

Ye Feng and Lord Snake and Scorpion walked directly into the dark city.

The buildings in the Dark City are very luxurious, with all kinds of pavilions and halls.

The entire Dark City is very lively now, because the lord competition is about to begin.

The lords of all the major dark races in the entire vast territory of the Dark Kingdom came to the Dark City one after another.

At this time, Lord Snake and Scorpion spread knowledge to Ye Feng and said: "Every year in the lord competition, whoever can win will be able to get a huge reward from the Queen of Darkness, and even be summoned by the Queen of Darkness alone. The Queen of Darkness is one of our dark races. My beautiful queen, it is really a great honor to be summoned by the Queen of Darkness alone, and you might even get the chance to kiss her. "

At this time, Lord Snake and Scorpion said, his eyes full of envy and expectation. ??

Ye Feng glanced at Lord Snake and Scorpion in surprise and said, "In that case, I would like to participate in this lord competition."

Lord Snake and Scorpion immediately moved his eyes and said: "However, only lords can participate in the lord competition. Your identity is unknown, sir. Even if you participate, you will be immediately disqualified."

Ye Feng smiled slightly at this time and said: "Then I can become a snake scorpion lord like you, right?"

Lord Snake and Scorpion was stunned by Ye Feng's words and asked, "What do you mean?"

Ye Feng smiled slightly and said: "Your usefulness is almost over, so let your identity be your final contribution to me."

Poof!

Before the Snake Lord could react, Ye Feng instantly stretched out a hand, with five fingers like iron bars, piercing directly into the Snake Lord's head, and then used his devouring power to suck the Snake Lord dry instantly. !

"boom!"

Then Ye Feng exerted his strength and directly shattered the mummified Snake Lord.

Next, Ye Feng circulated his own skills and inheritance, and soon the whole person

Directly turned into a snake scorpion lord.

Walking out of the alleys of the Dark City, Ye Feng was already the Snake Lord.

At this time, Ye Feng walked towards the center of the Dark City.

Soon he saw a huge competition platform being cast in the center of the Dark City.

However, this battle platform was shrouded in a huge formation.

It can be vaguely seen that there is a huge tower in the formation.

The giant tower has a total of eighteen floors. It is very majestic and looks vast and majestic.

At this time, Ye Feng heard the discussion of other dark race lords around him.

"This is the most powerful magic weapon of the Queen of Darkness! The Dark Magic Tower!"

"That's right! This Dark Magic Tower is said to have been the inherited weapon of a powerful man of the dark race at the level of a titled god. It is simply a divine weapon with extremely terrifying power."

"The rules of our competition this time are to enter this dark tower and quickly break through the levels upward. Whoever can step into the final eighteenth floor will be the final winner."

"It is said that the Queen of Darkness recently needs dual cultivation. She is waiting on the 18th floor of the Dark Tower, waiting for the most powerful dark race to practice with her!"

"It's really exciting!"

...

At this moment, a group of lords from the dark race around them all spoke out one after another, their voices full of excitement and deep expectations.

Ye Feng walked forward directly, looked at an old man in front of the eighteen-story tower, and said: "I come from the Snake Territory, and I am the Snake Lord. I am here to participate in the Lord Competition."

At this time, the old man looked at the scroll in his hand, then nodded and said: "If you are qualified, you can go in."

Uh-huh!

Ye Feng smiled slightly, jumped up, and directly entered the first floor of the Dark Magic Tower. Ye Feng and Lord Snake and Scorpion walked directly into the dark city.

Uh-huh!

Ye Feng smiled slightly and jumped directly into the first floor of the Dark Magic Tower.

Chapter 1838 Second Floor

When Ye Feng entered the first floor of the Dark Magic Tower, she immediately saw that the entire first floor was much larger than she imagined.

"Roar!"

"Roar!"

Suddenly, there were ferocious monsters with red eyes all around, charging toward him.

Most of these ferocious monsters are half-step into the Five Decline realms of Heaven and Human.

Obviously, the Queen of Darkness has particularly high requirements for the dark races that practice with her.

Whoever can break into the eighteenth floor will enjoy the privilege of practicing with the Queen of Darkness.

Ye Feng is not very interested in practicing together, but the monsters in this dark magic tower are extremely good nourishment for Ye Feng.

In addition, Ye Feng just heard outside that this dark magic tower itself is a very powerful magic weapon of the dark race. It is said that it is used by the powerful in the dark race at the level of titled gods.

Therefore, Ye Feng also has a huge interest in the Dark Magic Tower itself.

But if you want to plot this dark magic tower, the most important thing is to get rid of the Queen of Darkness.

But the Queen of Darkness is a strong person in the Ladder Realm who has surpassed the Five Decline Realms of Heaven and Human.

Ye Feng knew very well that he was no match for the Queen of Darkness now, and it could even be said that he was far from her match.

"Hey, there is no point in thinking so much now. Let's work hard to improve our strength and cultivation in this dark magic tower first."

Ye Feng thought secretly in his heart, and then rushed directly towards the roaring dark monsters in front and began to slaughter them crazily.

"boom!"

"boom!"

"boom!"

Ye Feng's current cultivation level is already very powerful. Coupled with his powerful Chaos Body, every punch he throws has earth-shattering power.

Therefore, these half-step celestial beings and five declining realm monsters look very ferocious, and may be the biggest threat to ordinary Chaos realm warriors, but for Ye Feng, there is really nothing to be afraid of.

"Pfft!"

"Pfft!"

Every time he punched out, an extremely strong shock wave was produced on the edge of the fist, which had extremely terrifying destructive power. It directly smashed a group of ferocious monsters in front of him into pieces and turned them into blood mist.

"Swallow!"

At this moment, vortexes of darkness appeared around Ye Feng, swallowing up all the majestic blood and life essence, strengthening his life source and cultivation.

For a moment, Ye Feng didn't want to enter the second level at all. He was going to kill these monsters crazily on the first level.

These magical beasts are basically creatures that are half-step into the realm of the Five Declines of Heaven and Humanity. Occasionally, one or two of the real realms of the Five Declines of Heaven and Humanity appear, which is not a problem.

I don't know how many dark monsters the Queen of Darkness captured and placed in the first level of this dark magic tower.

Anyway, this is a good thing for Ye Feng, because he can continue to kill and devour these monsters.

You know, this kind of magical beast of similar level is too difficult to find.

But now on the first floor of the Dark Magic Tower, Ye Feng's requirements can be met.

Although these monsters are not very advanced.

But as long as you keep killing, you can keep devouring.

Without accumulating small streams, it is impossible to form a river.

If you don't accumulate steps, you can't reach a thousand miles.

So what Ye Feng wants to do at this time is to keep accumulating.

He believes that quantitative changes can lead to qualitative changes.

However, Ye Feng's killing on the first floor attracted a lot of strange eyes.

Many dark race lords passing by the first floor sneered.

They stared at Ye Feng, who had now become the Snake Lord, and sneered at him, not hiding their ridicule at all.

"Hehehe, look at that Snake Lord. The first level of Warcraft craze blocked his steps. He is really weak."

"Yes, Lord Viper is probably the weakest lord in our Dark Kingdom."

"It's really good. He doesn't even dare to go up to the second level. Instead, he is stuck in the most basic first level. He can't even resist the wave of monsters and can't move forward. He's so weak!"

...

At this moment, sarcastic sneers continued to sound. ??

Obviously Ye Feng has become a big joke in the eyes of all the dark race lords.

However, Ye Feng had no response at all to these cynicism.

He just had cold eyes and was constantly killing the ferocious demonic beasts that were surging crazily on the first level.

Many other lords all left the first level and entered the second level.

Ye Feng was the only one left on the first floor.

In the first hour, Ye Feng killed five thousand dark monsters.

In the second hour, Ye Fengzhu killed 1,700 dark monsters.

In the third hour, Ye Feng had killed 30,000 dark monsters.

The fourth hour...

The fifth hour...

...

By the seventh hour, there were no more monsters on the first floor.

All were shriveled corpses of monsters.

In seven hours, Ye Feng killed all the dark monsters captured by the Queen of Darkness on the first floor!

For seven hours, Ye Feng calculated that he had killed and devoured approximately 150,000 dark monsters!

"Buzz!"

At this time, Ye Feng's body was containing the huge life essence of 150,000 dark monsters!

This is very scary!

It is equivalent to a vast river, surging in Ye Feng's body at this moment.

"Give

I'm broken! "

Suddenly at this moment, Ye Feng suddenly roared.

"boom!!"

"boom!!"

"boom!!"

Three extremely powerful auras immediately erupted from his body, as if an active volcano had erupted in his body.

This momentum was simply terrifying to the extreme, like thousands of mountains collapsing.

At this moment, Ye Feng's cultivation level broke through the third heaven in a row, directly from the seventh heaven of the chaos realm to the tenth heaven of the chaos realm, the Great Perfection level!

"Uh-huh!"

When Ye Feng saw that all the monsters on the first floor had been killed, he jumped up and rushed towards the second floor of the Dark Tower.

On the second floor of the Dark Magic Tower, there are terrifying killing formations.

Obviously the second level test is the formation.

However, Ye Feng possesses the space gem, which can create space impulses at will and carry short-distance micro-wormholes. Those formations cannot harm Ye Feng at all.

The second level is very simple for Ye Feng.

He was strolling on the second floor, very leisurely.

This shocked many other dark race lords who were trapped in the killing formation.

"What? How can this Snake Lord be able to shuttle through terrifying formations at will?"

"How is this possible! Isn't this the waste lord in the first level? He actually has such magical means?"

At this moment, many of the dark race lords who were trapped in the formation on the second level and could not escape could not help but scream in surprise.

At this time, Ye Feng, who heard the exclamation, was stunned and saw many powerful dark race lords trapped in killing formations.

He suddenly grinned.

"good chance."

Ye Feng held his sword and walked towards the group of trapped dark race lords.

Chapter 1839 Crocodile Lord

Ye Feng held his sword and walked towards the trapped dark race lords with a terrifying smile on his face.

The first person Ye Feng approached was a lord with a crocodile head and a human body.

This crocodile lord has a tall body, covered with pitch-black scales, and has a bloody mouth. He looks extremely ferocious.

He held a black iron sledgehammer in his hand, and the aura of cultivation on his body was clearly that of the third level of the Five Decline Realm of Heaven and Human.

At this time, the Crocodile Lord seemed to see the cold murderous intent in Ye Feng's eyes.

He couldn't help but said: "Lord Snake and Scorpion, what do you want to do?"

Ye Feng held up his sword, sneered, and said, "Didn't you despise me just now? You said I was weak. Now I'm here to kill you and see if I'm as weak as you thought."

In this lord competition, you can't help but kill those who are from the dark race and are cruel by nature.

At this time, the Crocodile Lord was not afraid at all, but laughed loudly and said: "Although I am controlled by this formation and cannot break free for a short time, Lord Snake and Scorpion, you are just a humble creature in the Chaos Realm, how can you be like me?" Comparable to a creature at the level of the Five Devastated Gods? You still want to kill me? Then come here, I can smash you completely with one hammer!"

At this time, many of the dark race lords trapped in the formation laughed out loud.

"How dare a small lord of the tenth level of Chaos Realm dare to compete with us? It's really ridiculous!"

"Just because you have an auxiliary treasure that can travel through formations, do you think you can be on an equal footing with powerful lords like us? Lord Snake and Scorpion, I advise you to take a break and get out of our sight. You are not qualified to fight with us. Let's talk, when we get out of trouble, we'll be the first to kill this arrogant guy like you!"

...

At this time, there are more than a dozen dark race lords trapped in the surrounding formations, and most of them are the existences of the second or third heaven of the Five Decline Realm of Heaven and Man.

Their cultivation was not perfect and they were stuck in the formations on the second level, unable to break free for the time being.

However, their cultivation is considered to be very strong. It can even be said that they are very powerful and they are top masters.

In their eyes, the aura of cultivation exuding from Ye Feng was very ordinary, just from the tenth level of Chaos Realm.

Compare

They have fallen a whole level lower.

So these dozen dark race lords naturally looked down on Ye Feng.

In their eyes, Ye Feng was undoubtedly weak.

"Pap, tap..."

At this moment, Ye Feng's footsteps did not stop, and he walked directly to the formation where the Crocodile Lord was trapped.

Buzz!

The space around him flashed, and Ye Feng directly entered the Crocodile Lord's formation.

"What?"

"Does this kid really dare to enter the Crocodile Lord's formation?"

"He's dead! The Crocodile Lord will kill him and eat him directly!"

...

At this moment, the other dark race lords around could not help but express surprise, but their tone was full of disdain.

At this time, the Crocodile Lord saw Ye Feng standing in front of him, with a hint of disbelief in his eyes, and said: "Boy, do you really dare to stand in front of me? I admire your courage, but the price is Death, I will kill you and snatch the treasure from you that can travel through the formation at will!"

The Crocodile Lord laughed loudly, and a huge and boundless evil energy suddenly burst out from his whole body.

boom!

Almost at this moment, the Crocodile Lord held the black iron sledgehammer in his hand and slammed towards Ye Feng.

"boom!!"

The black iron sledgehammer suddenly erupted with a huge force like the vast sea, smashing the entire space as if it was about to be smashed.

"when!!"

But at the next moment, Ye Feng suddenly stretched out a hand, and his small palm directly collided with the black iron sledgehammer, making a terrifying roar.

Visible to the naked eye, there were tiny cracks in the black iron sledgehammer.

It was actually almost shattered by the shock of Ye Feng's hand!

"What?!"

"How can this be!!"

Almost at this moment, not to mention the other lords watching, even the arrogant Crocodile Lord, saw this scene at this moment, and was so horrified that his eyes almost fell out! Ye Feng held his sword and walked towards the trapped dark race lords with a terrifying smile on his face.

The first person Ye Feng approached was a lord with a crocodile head and a human body.

This crocodile lord has a tall body, covered with pitch-black scales, and has a bloody mouth. He looks extremely ferocious.

He held a black iron sledgehammer in his hand, and the aura of cultivation on his body was clearly that of the third level of the Five Decline Realm of Heaven and Human.

At this time, the Crocodile Lord seemed to see the cold murderous intent in Ye Feng's eyes.

He couldn't help but said: "Lord Snake and Scorpion, what do you want to do?"

Ye Feng held up his sword, sneered and said, "Didn't you despise me just now? You said I was weak. Now I'm here to kill you and see if I'm as weak as you thought."

In this lord competition, you can't help but kill those who are from the dark race and are cruel by nature.

At this time, the Crocodile Lord was not afraid at all, but laughed loudly and said: "Although I am controlled by this formation and cannot break free for a short time, Lord Snake and Scorpion, you are just a humble creature in the Chaos Realm, how can you be like me?" Comparable to a creature at the five levels of deity? You still want to kill me? Then come here, I can smash you completely with one hammer!"

At this time, many of the dark race lords trapped in the formation laughed out loud.

"How dare a small lord of the tenth level of Chaos Realm dare to compete with us? It's really ridiculous!"

"Just because you have an auxiliary treasure that can travel through formations, do you think you can be on an equal footing with powerful lords like us? Lord Snake and Scorpion, I advise you to take a break and get out of our sight. You are not qualified to fight with us. Let's talk, when we get out of trouble, we'll be the first to kill this arrogant guy like you!"

...

At this time, there are more than a dozen dark race lords trapped in the surrounding formations, and most of them are the existences of the second or third heaven of the Five Decline Realm of Heaven and Man.

Their cultivation was not perfect and they were stuck in the formations on the second level, unable to break free for the time being.

However, their cultivation is considered to be very strong. It can even be said that they are very powerful and they are top masters.

In their eyes, the aura of cultivation exuding from Ye Feng was very ordinary, just from the tenth level of Chaos Realm.

Compare

They have fallen a whole level lower.

So these dozen dark race lords naturally looked down on Ye Feng.

In their eyes, Ye Feng was undoubtedly weak.

"Pap, tap..."

At this moment, Ye Feng's footsteps did not stop, and he walked directly to the formation where the Crocodile Lord was trapped.

Buzz!

The space around him flashed, and Ye Feng directly entered the Crocodile Lord's formation.

"What?"

"Does this kid really dare to enter the Crocodile Lord's formation?"

"He's dead! The Crocodile Lord will kill him and eat him directly!"

But at the next moment, Ye Feng suddenly stretched out a hand, and his small palm directly collided with the black iron sledgehammer, making a terrifying roar.

Visible to the naked eye, there were tiny cracks in the black iron sledgehammer.

It turned out to be almost shattered by the shock of Ye Feng's hand!

"What?!"

"How can this be!!"

Almost at this moment, not to mention the other lords watching, even the arrogant Crocodile Lord, saw this scene at this moment, and was so horrified that his eyes almost fell out!

Chapter 1840 Everything collapsed

quiet!

Deadly quiet!

At this time, the entire second-level formation area of the Dark Magic Tower fell into a dead silence.

All the dark race lords stared at the scene of Ye Feng holding a sledgehammer with one hand not far away, their eyes widened.

You know, the Crocodile Lord is a strong man in the third heaven of the Five Decline Realm of Heaven and Human.

The black iron sledgehammer in his hand is said to be made from a very rare meteorite iron found in the Devil's Cave, and it is also blessed with the power of the crocodile ancestor.

With such a terrifying blow, even an opponent of the same level would be severely injured, and might be seriously injured.

But Ye Feng, a boy who looked extremely frail, actually caught such a terrifying black iron sledgehammer with one hand.

And it doesn't look like it's very strenuous.

"How strong is this boy's body?"

At this time, all the lords were extremely shocked.

At this moment, the arrogant Crocodile Lord was also stunned. Looking at the broken hammer, his burly body could not help but tremble.

The feeling the young man in front of him gave him was really terrifying.

With that terrifying body power, I'm afraid no matter what method he uses, he can't cause harm to it, right?

"When did the Lord of the Snake and Scorpion tribe gain such a powerful body? How did he cultivate?"

This is the inner thought of the Crocodile Lord at this time.

But the next moment.

"boom!"

Ye Feng suddenly took action.

There is nothing fancy about him, just a combination of punches.

"boom!"

"boom!"

"boom!"

The Crocodile Lord was beaten to pieces, with all his flesh, flesh and bones exploding.

The scene was extremely bloody.

Very cruel!

"Swallow!"

Ye Feng instantly released his dark devouring domain, swallowing up all the fragments that the Crocodile Lord exploded into.

"Buzz!"

Ye Feng immediately felt it at this moment, and his cultivation skills suddenly increased a lot.

But there was no direct breakthrough.

Even if the Crocodile Lord is a powerful creature in the third level of the Five Decline Realm of Heaven and Human, he cannot let Ye Feng directly break through.

Because Ye Feng feels that although he is in the chaos realm now,

Chongtian, but the power reserve in his body is extremely strong, and it is estimated to be comparable to the sixth or even seventh heaven powerhouses in the Five Decline Realm of Heaven and Man.

Otherwise, it would not have been possible to kill the Crocodile Lord so easily.

At this time, Ye Feng's eyes suddenly looked towards the other dozen or so dark race lords in the surrounding formations.

This sight immediately panicked the dozen or so lords who were prepared to watch the show.

"Don't! Don't come here!"

"Let me out quickly! I don't want to participate in the lord competition!!"

"Queen of Darkness, save me! Save me!"

...

At this moment, a group of dark race lords with ferocious natures all cried out, their voices filled with endless fear.

Obviously they were really scared at this time.

Ye Feng had just smashed the sledgehammer with one palm and smashed the crocodile lord with one punch. Such a ferocious and brave performance really had a great impact on the psychological defenses of the major lords.

They all collapsed and had no intention of resisting at all.

Because they know very well that they cannot resist it at all.

"Pap, tap..."

Ye Feng walked towards the next dark race lord step by step.

For Ye Feng, these are precious and abundant nutrients.

"ah!"

"ah!"

"..."

Next, along with screams, there were more than a dozen shriveled corpses on the ground.

At this time, Ye Feng's eyes were shining with dazzling light, and his aura was extremely powerful.

At this moment, Ye Feng's cultivation has shockingly broken through the tenth level of the Chaos Realm, and directly entered the first level of the Five Decline Realm of Heaven and Man!

"Is this the realm of the Five Decline of Heavenly Beings? It is indeed very powerful, with inexhaustible divine power all over the body. The commander of the Night Watch was at this level..."

Ye Feng murmured at this time.

He was very happy that he came to the God Realm.

If you stay in a low-level universe interface, where will there be so many powerful creatures and resources for you to devour and break through like crazy?

Uh-huh!

Ye Feng did not stay on the second floor of the Dark Demon Tower for too long. Using the space gem, Ye Feng passed through the dangerous formation obstacles and rushed towards the third floor of the Dark Demon Tower.

There, there are more powerful dark race lords.

If he could kill and devour all the dark race lords participating in this competition, Ye Feng wouldn't even dare to imagine how terrifying his cultivation would be! quiet!
