

Ancient 1841

Chapter 1841 Undead

Ye Feng is very fast.

With the protection of the space gem, he quickly passed through the densely packed second floor and arrived at the third floor of the dark magic tower.

After stepping into the third floor, he immediately saw a huge cemetery.

The entire dark earth is covered with ancient tombs.

"Crunch, crunch..."

Some graves suddenly opened at this time, and strange skeletal palms protruded from them.

"This third floor seems to be a land of the dead."

At this time, Ye Feng murmured and moved forward quickly, ignoring the skeletal palms protruding from the grave. ??

The owners of these bone palms have been buried here for endless years, and they have all decayed. There is no point in swallowing them at all, and their energy and blood skills have long since disappeared.

Ye Feng moved forward quickly at this time. He saw the corpses of many powerful lords on the road. They were all torn into pieces by countless bones and devoured completely, leaving only the bones. It was a pity for Ye Feng, otherwise he could have eaten them.

"Wooooo~"

Suddenly a gust of cold wind blew in front, making people feel biting cold.

Ye Feng looked forward and saw nothing, but felt a cold wind blowing.

"The Divine Eye of Creation!"

But at this time, Ye Feng suddenly turned on the Divine Eye of Creation, and a crack opened between his eyebrows, and a powerful soul light emanated from it.

This time, Ye Feng "saw" through the Divine Eyes of Creation. In the place where the wind was howling in front of him, there were actually soul soldiers invisible to the naked eye. They were wearing soul armor and holding transparent swords in their hands, heading towards Ye Feng. Coming roaring.

"Undead soldiers?"

Ye Feng's eyes showed a look of surprise.

He somewhat understood why those powerful dark race lords died and were torn into pieces and devoured by their skeletal corpses.

It turned out that he encountered such undead soldiers that ordinary people could not see at all.

But this is not a difficult problem for Ye Feng.

"boom!!"

At this moment, Ye Feng's Godly Creation Eye burst out from the split between his eyebrows, and a mighty soul light burst out, like the Yangtze River, instantly impacting the void in front of him.

"Crack!"

"Crack!"

"..."

Accompanied by crisp sounds like broken glass, all the undead soldiers who rushed over were shattered into pieces of soul fragments.

"Swallow!"

Ye Feng's eyes lit up at this moment, and he immediately dodged over and released his Devouring Domain.

With Ye Feng's current improvement in cultivation, the Devouring Domain can even devour such soul fragments.

"boom!"

At this moment, Ye Feng suddenly felt a stream of pure and huge soul power being injected into his body.

At this moment, Ye Feng's soul power suddenly began to surge.

"Level 6,001!"

"Level 6,002!"

"Six thousand..."

All the soul fragments of this group of undead soldiers were devoured.

Ye Feng's soul power rose directly from level 6,000 to level 6,100!

Although the growth of one hundred levels is not a huge increase, it can only be said to be a slight increase.

But you must know that the entire third floor of the Dark Tower is filled with graves.

It is simply a land of thousands of burials!

There must be countless sleeping undead!

"This is a good place to strengthen my soul power!"

Ye Feng looked at the endless cemetery, feeling no fear in his heart. Instead, he was very eager for these undead souls that frightened ordinary people.

"But, I'm looking for the undead one by one, and the efficiency is too low. I have to find a way..."

Ye Feng was naturally unwilling to have his soul power increase by a hundred levels.

Since I came to this dark magic tower by chance, I naturally had to make full use of the various resources I encountered.

"That's right! Let's do it!"

Suddenly, an idea flashed in Ye Feng's mind.

He thought of a good way to devour a large number of undead soldiers.

That is.....

Release your own powerful energy and blood, and actively attract the undead to obliterate you!

"boom!"

Ye Feng no longer hesitated at the next moment, and a majestic energy of blood suddenly burst out from his whole body.

"Wow, wow, wow..."

At this moment, streams of crimson blood surged out of Ye Feng's body like a vast ocean.

Now Ye Feng's chaotic body is so powerful, every inch of his body contains a huge amount of energy and blood.

At this time, Ye Feng's firepower was fully activated, and all his energy and blood exploded.

The top of his head even formed a blood smoke, like a beacon fire, which seemed to be filled with an extremely strong sense of shock.

Sure enough, at the moment when Ye Feng released such majestic energy and blood.

"Woooooo~~"

"Woooooo~~"

Sounds like ghosts crying and wolves howling, full of sorrow and shrillness, instantly resounded throughout the surrounding infinite cemetery.

At this time, Ye Feng used the Divine Eye of Creation to scan around, and he immediately saw the undead souls in the state of souls in the tombs, exuding a dark green light, flying towards him. Ye Feng is very fast.

Chapter 1842 Breaking Ten Thousand

Uh-huh!

Uh-huh!

One after another, the undead, with ferocious smiles on their faces, rushed towards Ye Feng, who was filled with vitality and blood.

There are thousands of undead souls, enough to devour a powerful warrior of flesh and blood in an instant.

But looking at the whole terrifying scene at this moment, Ye Feng smiled.

Because he is very satisfied with his masterpiece.

He released his huge energy and blood just to attract the undead to come and devour him.

Now my goal has been achieved.

At this moment, among the thousands of undead, there were even high-level undead such as the Undead King, standing on the soul chariot, wearing the undead emperor's robe, looking extremely majestic.

Obviously, Ye Feng's full burst of energy and blood caused too much noise.

Even the undead king was attracted.

"What a strong blood energy! If I swallow that blood energy, my success rate of returning Yang will definitely increase dramatically!"

An undead king standing on the ancient soul chariot spoke out, his tone full of greed.

If it is a normal practitioner, let alone the early stage of the Five Decline Realm of Heaven and Man, it is the super strong person in the late stage of the Seventh Heaven and Eighth Heaven who encounters thousands of undead and even the appearance of the Undead Monarch. I was scared to death.

But at this time, Ye Feng, facing the thousands of undead swarming towards him, shouted loudly: "Seal of the Soul Emperor! Full explosion!"

boom!

boom!

boom!

...

Almost at this moment, five majestic soul emperors suddenly appeared around Ye Feng!

It is the five soul emperor seals with different attributes that Ye Feng is currently awakening.

They are:

The Thunder Emperor is wrapped in endless thunder and holds a thunder scepter!

The Flame Emperor is covered in flames, wearing a flame crown on his head, and holding a flame spear in his hand!

by countless

The Hurricane Emperor is composed of hurricanes and wears the robe of mountains and rivers, the sun and the moon!

The whole body looks like a metal emperor made of countless metals with a cold luster!

There is also a fifth giant shadow shrouded in darkness, that is the Dark Emperor!

The moment the five soul emperors appeared, they all had majestic bodies, with their heads in the sky and their feet on the earth. They stood between the heaven and the earth around Ye Feng. They made Ye Feng look like a supreme emperor of heaven and looked extremely powerful!

This scene is extremely visually impactful.

Full of boundless shock!

Thousands of undead that gathered together had ferocious faces, but now they were dumbfounded when they saw the five soul emperors standing tall and tall.

"What is this? Is this the legendary Soul Emperor?"

"How is it possible! How could the Soul Emperor who guarded the ancient Heavenly Emperor in mythology appear in the body of a boy?"

"I feel like a humble ant in front of these soul emperors. I can't even move!"

...

At this moment, all the undead were trembling and did not dare to get closer.

Some weak undead even knelt on the ground with a "thud" or "thud".

Even some undead monarchs standing on the soul chariot are unable to withstand the overwhelming power of the five soul emperors at this moment.

"Is this boy the reincarnation of the Emperor of Ancient Heaven? Otherwise, why is he protected by the Ancient Soul Emperor?"

Many of the undead monarchs who were attracted retreated and wanted to escape.

"boom!"

"boom!"

"..."

But suddenly at this moment, the five soul emperors around Ye Feng were released one after another.

Five different colors of light pillars suddenly enveloped the entire land for hundreds of miles.

Thousands of undead, including countless undead monarchs, were all surrounded at this moment.

"What?!"

The faces of many undead monarchs who saw this scene changed drastically.

At this time, they finally understood that Ye Feng released such a huge amount of blood energy deliberately to lure them here.

"What did that kid want to do when he trapped us?"

Many undead monarchs suddenly asked this question.

"Buzz!"

But before they could react, a realm filled with endless darkness had completely enveloped them.

"boom!!!"

Almost at this moment, a terrifying devouring power suddenly appeared in the entire world.

Each undead immediately felt in horror that their souls were rapidly weakening and failing. All the soul essence was absorbed by a kind of terrifying energy, and then integrated into the entire dark realm between heaven and earth, and finally injected into it. It arrived in Ye Feng's head.

"Buzz!!"

At this moment, Ye Feng's head suddenly became extremely bright, blooming with a dazzling soul light, like a dull black sun, the scene was very strange.

"He is absorbing all our souls!!"

Countless undead were stunned.

This was the first time they had seen such a weird method.

"Run!"

Groups of undead roared and ran away.

"boom!"

"boom!"

But at this time, the five soul emperors moved, like five ancient giants, madly trampling and slaughtering thousands of undead souls.

"ah!"

"ah!"

one after another

Screams immediately resounded throughout the audience.

Even the undead monarch was instantly crushed by the soul emperor, and even the soul chariot was shattered.

The five soul emperors are really too terrifying.

The strength is earth-shattering!

"Buzz buzz..."

Ye Feng felt the endless stream of huge soul power being rapidly injected and integrated into his head, his eyes filled with excitement.

This time, he trapped so many undead souls at once, cut the leeks vigorously, and absorbed the soul origin of thousands of undead souls, which would definitely bring a huge improvement to his soul power.

Together with the soul master, Ye Feng has always been Ye Feng's strongest hidden card.

Ye Feng is naturally looking forward to the improvement and growth of soul power.

Because this means that his comprehensive strength and means will reach a new level.

Even Ye Feng suddenly came up with a bold idea.

That is, Ye Feng feels that after he completes the eighteenth floor of the Dark Demon Tower, he may be able to compete with the extremely powerful Dark Queen.

"Boom boom boom boom..."

At this moment, as each undead soul was drained of its soul and integrated into Ye Feng's soul power, the strength of Ye Feng's soul power was growing and improving crazily.

"Six thousand two hundred levels!"

"Six thousand three hundred levels!"

"Six thousand four hundred steps!"

"..."

"Seven thousand steps..."

"Eight thousand steps..."

"Nine thousand levels..."

"Ten thousand levels!!"

Suddenly Ye Feng was shocked, and he felt a huge evolution.

The moment his soul power exceeded 10,000, Ye Feng felt that his soul power had undergone a qualitative change and became extremely terrifying!

"This is the realm of soul power of Fox Immortal An Miaoyi back then. The soul power exceeded ten thousand. It was so terrifying..."

Chapter 1843 The Eighteenth Floor

Uh-huh!

After Ye Feng's soul power exceeded 10,000, he left the fourth floor of the dark magic tower.

He arrived at the fifth floor.

But the scene in front of him made Ye Feng a little stunned.

Because the fifth floor is empty, there is nothing.

He continued on to the sixth floor.

But still nothing.

This made Ye Feng feel very strange.

Because the resources in the first few floors are very rich, there are various difficulties that require the major lords to overcome.

But the next few layers turned out to be nothing.

"I don't believe there will be nothing next."

At this moment, Ye Feng's eyes were fierce and he continued to rush towards the upper level.

But the result made Ye Feng dumbfounded again and again.

Because he went all the way to the seventeenth floor and found nothing.

All are empty!

The eighteenth floor, which is the next level up, is the top floor where the Queen of Darkness is.

"Do you want to enter the eighteenth floor?"

"I haven't seen any other powerful lords along the way. Have they all entered the 18th floor long ago?"

Ye Feng was a little confused at this time.

At this time, Ye Feng was a little hesitant to enter the final eighteenth floor to take a look.

"Forget it, go and have a look, otherwise you won't be reconciled."

Ye Feng thought for a while, and then secretly came to the 18th floor to see what was going on.

"Buzz!"

However, just as Ye Feng approached the entrance to the eighteenth floor, a terrifying suction force suddenly sucked him into the eighteenth floor space.

Even Ye Feng couldn't resist this terrifying suction force.

He was shocked inside, and in an instant, he found that he was already standing on the eighteenth floor of space.

"This is....."

And at the next moment, Ye Feng's eyes were horrified.

He saw that the entire eighteenth floor space turned out to be a main hall.

And the most important thing is that all the people lying on the ground of this hall are shriveled corpses.

These corpses were all the major lords participating in the lord competition.

But by this time, they had been sucked dry.

Ye Feng instantly looked towards the main hall above the eighteenth floor.

A beautiful woman appeared in view.

This woman is extremely perfect, with a flawless face and black hair hanging around her shoulders. She looks like an extremely perfect noble goddess.

But the lower part of this goddess's body is not a human being, but a huge scorpion tail!

This weird contrast made Ye Feng feel like his hair was standing on end for a moment.

This one is obviously the Queen of Darkness!

Ye Feng looked at the corpses on the ground and suddenly understood the significance of this lord competition.

That is, the Queen of Darkness wants to suck the life force of these dark race lords.

Thereby strengthening her cultivation and life!

"You are a very special little guy."

Suddenly, the Queen of Darkness with a body and a scorpion tail spoke out. Her voice was extremely cold, giving people a deep feeling of ice spirit.

At this time, Ye Feng was very afraid and said: "I am a human race, not a dark race. We do not interfere with the river. I will leave now so as not to disturb the Queen's enjoyment."

At this time, Ye Feng said, dispelling his disguise and revealing his true identity.

This Queen of Darkness is a super powerful person in the Ladder Realm who has surpassed the Five Decline realms of Heaven and Man.

Even if Ye Feng's cultivation strength has skyrocketed now, he still has no confidence in defeating this Queen of Darkness.

So Ye Feng didn't want to take risks at this time, but chose to leave directly.

Because this time I came to the Kingdom of Darkness, the harvest was already huge.

"Boom!"

But suddenly at this moment, a bronze door suddenly appeared at the entrance to the 18th floor, blocking the way out.

When Ye Feng saw this, his eyes suddenly darkened.

The Queen of Darkness at the back showed a playful and charming smile on her face and said: "I have never tasted the taste of human race. Young master, please don't leave in such a hurry. I want to practice with you very much." Woolen cloth."

With that said, the Queen of Darkness immediately walked towards Ye Feng.

"kill!"

Ye Feng knew that there was no way to escape, so he directly exploded with his powerful power, stimulated the huge power of the Chaos Body, and punched the Queen of Darkness directly. Uh-huh!

After Ye Feng's soul power exceeded 10,000, he left the fourth floor of the dark magic tower.

He arrived at the fifth floor.

But the scene in front of him made Ye Feng a little stunned.

"kill!"

Ye Feng knew that there was no way to escape, so he directly exploded with his powerful power, stimulated the huge power of the Chaos Body, and punched the Queen of Darkness directly.

Chapter 1844 Crisis

Uh-huh!

Ye Feng's punch was extremely terrifying and had extremely terrifying power.

"Young master actually wants to hit me, which really makes me very sad!"

At this time, the Queen of Darkness made a pitiful sound, but her movements were not slow.

Uh-huh!

The dark and ferocious scorpion's tail hook suddenly stabbed towards Ye Feng.

"when!"

Ye Feng's fist collided with the scorpion's tail hook, and a harsh sound like the collision of steel suddenly erupted.

"Um?"

The Queen of Darkness' beautiful eyes, which she didn't pay much attention to at first, suddenly became a little surprised.

Originally, in the eyes of the Queen of Darkness, Ye Feng, a human who had just entered the Five Decline Realm of Heaven and Human for the first time, was simply an ant that she could kill at any time.

The reason why she talked so much with Ye Feng is that the Queen of Darkness felt that life was boring, and suddenly she met a very interesting human boy who broke into her territory, so she wanted to have some fun, like a cat playing with a mouse. Same.

But what I didn't expect was that this human "rat" didn't seem to be as simple as I thought, and it seemed to be quite tough.

At this moment, the Queen of Darkness showed a serious expression.

At this time, her eyes were emitting a black light, which made her already beautiful face look like a cult.

"Young man from the human race, it seems that you are not ordinary, nor did you accidentally fall into my dark magic tower, but you have an ulterior motive."

The Queen of Darkness spoke up, her tone gradually becoming colder, and said: "I will arrest you and interrogate you, and then you will serve me every day until you wither and die!"

boom!

The moment the Queen of Darkness finished speaking, pitch-black iron chains suddenly appeared in her jade-like hands, rushing forward quickly, just like the chains of death, full of terrifying and evil forces. Black air.

\u003c

At this moment, the entire space was shattered. It can be seen that the Queen of Darkness is getting serious.

"Pfft!"

"Pfft!"

Almost at this moment, the only sound of two bones breaking was heard, and Ye Feng's shoulders were suddenly pierced.

It has to be said that this Queen of Darkness is very powerful, and she is worthy of being the strongest king on the fourth floor of the entire Devil's Dungeon!

"So strong!"

The terrible pain from the pipa bone in his shoulder was pierced, wildly stimulating Ye Feng's brain.

This was Ye Feng's first injury since he came to the God Realm.

He knew that ordinary methods could no longer deal with this Queen of Darkness.

Although the Chaos Body on the sixth level in the later stage of the Third Heaven can withstand the Dark Queen's scorpion sting, it is unable to compete with the powerful weapon in the Dark Queen's hands.

"Soul Emperor Seal!"

At this moment, Ye Feng instantly released the Soul Emperor Seal.

boom!

A terrifying soul shock wave was immediately released from Ye Feng's head, and then invisibly attacked the soul of the Queen of Darkness.

"ah!!"

Even a powerful person like the Queen of Darkness, who was in the first level of the Ladder Realm, was suddenly attacked by Ye Feng's terrifying soul power of over ten thousand, and felt a huge pain all of a sudden, and screamed in agony.

"Fire Demon Python!"

At this time, Ye Feng suddenly pulled out the black iron chain that penetrated his shoulders with both hands.

Then he threw out a juvenile flame python with a fiery red band around his waist.

"boom!"

The red ribbon-like flame python suddenly turned into a large crimson python at high altitude, opened its bloody mouth, and directly sprayed out a terrifying and boundless flame beam, which directly bombarded the Queen of Darkness crazily.

The flame of the Flame Demon Python is very terrifying. Even if it is not strong in its childhood, this natal flame is inherited from the distant ancestors, and its burning power is very terrifying.

Taking advantage of this moment, Ye Feng immediately activated the power of the Thunder Ancestral Talisman, and his whole body directly enlarged and expanded into a majestic Thunder Giant several hundred meters tall.

This is the original energy of the Thunder Ancestral Talisman, which allowed Ye Feng to briefly possess the true form of the God of Thunder with explosive power.

"The thunder of the Nine Heavens chaos the sky and shakes the earth and destroys the eight wastelands with light waves of destruction!!"

At this moment, Ye Feng waved his fist wrapped in endless thunder and lightning, performing a powerful thunder god inheritance move contained in the thunder ancestral talisman.

"Boom!!"

A wave of thunder and lightning that was enough to shake the earth and destroy the whole world suddenly came out of Ye Feng's fist at this time, and hit the Queen of Darkness hard.

The Dark Queen's soul was suddenly attacked by Ye Feng, and she couldn't react for a moment.

So at this time, she suddenly withstood the flame light beam of the flame demon python and the thunder and lightning light wave of Ye Feng.

The entire body was about to break apart in an instant.

"Damn it! You human boy, you dare to hurt this queen! This queen will cut you into pieces!!"

Suddenly, a huge and boundless dark energy burst out from the Queen of Darkness, dispelling all attacks.

"Dark Magic Tower!"

The Queen of Darkness roared, suddenly communicating her connection with the Dark Magic Tower.

Uh-huh!

Uh-huh!

At this moment, the Queen of Darkness and Ye Feng arrived outside the Dark Magic Tower.

And the majestic Dark Magic Tower suddenly became smaller and flew into the palm of the Dark Queen.

"What happened? Her Majesty the Queen is actually fighting with a young man?"

"Who is that young man? He is so powerful that he can compete with Her Majesty the Queen! The aura of cultivation in him is only that of the first level of the Five Decline Realm of Heavenly Man!"

"That young man seems to be the descendant of the legendary God of Thunder. He is filled with endless light of thunder and lightning, and has terrible destructive power!"

...

At this moment, a group of strong men from the Dark Kingdom who were guarding the Dark Magic Tower outside all had horrified looks in their eyes.

At this time, the Queen of Darkness shouted: "You have sealed off the entire Dark City. Today I will completely kill this hateful human boy! Let him have no way to escape!"

"Yes, Your Lady Queen!"

The moment the Queen of Darkness finished speaking, countless powerful men from the Dark Kingdom were dispatched one after another, blocking all the exits of the entire Dark City with guards.

At this moment, Ye Feng was alone, facing the siege of the entire Dark Kingdom.

However, Ye Feng's eyes were always staring at the Queen of Darkness opposite.

Because he knows very well that the other strong men in the Dark Kingdom are just minions and pose no threat.

The biggest threat is this Queen of Darkness!

As long as the Queen of Darkness, a powerful person in the first level of the Ladder Realm, can be defeated, the crisis will be lifted instantly.

But Ye Feng knows very well in his heart that this Queen of Darkness is very powerful. All his methods and fierce attacks just now only caused some minor injuries to the Queen of Darkness. This shows how powerful she is. She is worthy of surpassing the five realms of decline of heaven and human beings. The super strong man.

Chapter 1845 Slavery

"Buzz!"

At this moment, endless killing intent was released from the Queen of Darkness, filled with extremely terrifying icy air. It was as if one had fallen into an ice cellar, as if all the blood and energy in the body were frozen at this moment. .

At this time, a dark magic tower floated in the void above the Queen of Darkness, shedding wisps of powerful demonic energy, allowing her to return to her peak state.

"Dark Abyss!"

Suddenly at this time, the Queen of Darkness suddenly displayed an extremely powerful dark race inheritance. .??.

She pressed her hands towards Ye Feng from a distance, and suddenly a large dark abyss fell from the sky, directly covering Ye Feng's entire body in an endless dark abyss, making Ye Feng lose his way.

Moreover, the dark abyss of the Queen of Darkness also had the ability to devour, causing Ye Feng's strength to drain away rapidly.

"The future body of Dzogchen!"

At this moment, Ye Feng no longer hesitated and directly released the Dzogchen Future Body.

The future body of Dzogchen will possess the realm of Dzogchen, the tenth level of the five declining realms of heaven and man.

Very scary!

Has great power!

"boom!!"

At this moment, the future body of Dzigchen slammed a palm directly upward, and infinite energy suddenly burst out. The palm power roared like a vast ocean, like a dragon opening the gate of heaven, tearing everything apart.

"Zi la!"

The endless abyss of darkness was shrouded, and a huge gap was torn open.

Ye Feng and Dzigchen's future bodies jumped out directly.

"What?"

When the Queen of Darkness not far away saw this scene, her eyes suddenly showed surprise, and she couldn't help but said: "What kind of method is this? You can actually summon your Dzigchen cultivation body?"

The Queen of Darkness is not an ordinary person. She feels the mystery of time from Ye Feng's perfect future body.

The secret of time!

This is extremely terrifying stuff!

It's all heaven and earth

Realm, even in the God Realm, is an extremely terrifying force!

The legendary Great Time Technique is the second most powerful existence among the three thousand great ways in the world, second only to the first-ranked Great Destiny Technique.

Therefore, at this time, the secret of time was seen from a small human race in the five realms of heaven and human beings, which shocked the Queen of Darkness.

She paid more attention to Ye Feng, and directly sacrificed the Dark Magic Tower, shouting: "All strong men enter the Dark Magic Tower and help this queen kill the enemy!"

Uh-huh!

Uh-huh!

...

Almost at this moment, all the powerful dark race masters in the entire dark kingdom jumped into the dark magic tower.

The internal space of the Dark Magic Tower is extremely huge, enough to accommodate thousands of creatures.

Hundreds of thousands of masters from these Dark Kingdoms all entered the Dark Magic Tower, and they were able to contribute their own strength to the Dark Magic Tower together, causing the Dark Magic Tower to burst out with terrifying power.

In an instant, countless terrifying scenes were manifested in the space around the Dark Tower, such as dark hell, ferocious purgatory, abyss of death, the cave of the undead, and other terrifying scenes and phenomena, like interfaces smashed one after another. It fell down, filled with endless pressure.

"The laws of heaven and earth!"

"Ancient Divine Ring!"

Ye Feng also had no reservations at this moment and unleashed his strongest fighting power.

In an instant, his whole body swelled on the spot and became a golden giant tens of thousands of feet tall, and bright divine halos lit up around him.

"Buzz!"

And at this time, the phantom of Dzogchen's future body also stepped directly into Ye Feng's body, merged into one, and exploded with the strongest combat power.

"boom!!!"

At this moment, Ye Feng burst out his most powerful words.

The powerful attack has the terrifying power to destroy the heaven and the earth.

The terrifying attacks all hit the Dark Demon Tower, and a huge, earth-shaking roar erupted.

"puff!"

"puff!"

"..."

Almost at this moment, the terrifying destructive energy was suddenly transmitted to the interior of the Dark Demon Tower, causing all the hundreds of thousands of dark races inside who were assisting the Demon Tower to spit out a mouthful of blood.

Even the bodies of many weak dark races exploded and were shattered on the spot by the terrifying transmission force.

"What?"

The Queen of Darkness was horrified when she saw this scene.

"The Ancient Dragon Soul Technique!"

At this moment, Ye Feng did not waste time or give the Queen of Darkness a chance to react. He once again displayed the most powerful inheritance currently on his body, the inheritance of the White Dragon God, the Ancient Dragon Soul Technique.

"hold head high!!"

Along with an earth-shattering dragon roar, Ye Feng jumped up and directly manifested into a giant dragon tens of thousands of feet high in the sky.

Since Ye Feng changed from the golden giant form, the huge dragon soul he turned into at this time was not pure white like before, but pure gold. It was a majestic golden dragon tens of thousands of feet tall.

Under the dark sky, a golden dragon tens of thousands of feet roared up to the sky, shaking the heaven and the earth.

This scene really has an extremely strong visual impact!

"boom!!"

Ye Feng transformed into a golden dragon and crashed down from high altitude. In an instant, he knocked the Queen of Darkness to the ground and buried her in the ruins, her breath exhausted.

"ah!"

The painful screams of the Queen of Darkness came from the ruins. She stood up suddenly from the ruins, covered in blood, but the next moment, with a "bang-dong" sound, the Queen of Darkness fell to the ground again, suffering heavy injuries. I couldn't stand up at all.

"Varied

What? ! "

"Our Queen has actually been defeated?!"

"This human young man is so terrifying!"

...

At this moment, the hundreds of thousands of dark race creatures in the dark kingdom in the dark magic tower looked at everything outside and couldn't help but exclaimed, their eyes filled with deep horror.

At this time, Ye Feng's eyes were cold as he landed directly from the sky and stood in front of the Queen of Darkness in the ruins.

"Your cultivation is pretty good. It would be a pity to kill you. Please become my maid from now on. You can fight for me and serve me tea. It's a good choice."

Ye Feng looked at the seriously injured Queen of Darkness and spoke out.

The Queen of Darkness immediately gritted her teeth and said: "Impossible! I will never succumb to a human boy like you!"

"Um?"

When Ye Feng heard this, his eyes suddenly showed a stern expression: "The defeated generals under my command are like prisoners. How dare you disobey my decision?"

boom!

Almost at that moment, Ye Feng's face showed a hint of cruelty, and he stretched out his hand, spread his fingers, and grabbed the Queen of Darkness' head.

"boom!"

Ye Feng directly released his soul power without any reservation, and wanted to forcibly enslave the soul of the Queen of Darkness.

"ah!!"

The Queen of Darkness' beautiful blood-stained face suddenly showed a look of extreme pain.

Ye Feng looked at the beautiful face of the Queen of Darkness, howling in pain, with a vicious and cruel smile in her eyes, and said: "This is what you will get if you don't listen to me. Now I will enslave you myself!"

At this time, many dark races in the Dark Tower felt chills all over when they saw their queen in such pain, being brutally enslaved by Ye Feng in public.

This group of dark races did not even dare to escape. They just stayed in the dark magic tower, lying on the ground, waiting for Ye Feng's next trial of them, and praying that Ye Feng would not kill them.

Chapter 1846 The Power in the Deeper Caves

Half an hour later, the Dark Queen's miserable howl finally stopped.

This king of the dark race, a powerful being in the first level of the ladder realm, was finally tortured to the point of collapse by Ye Feng.

Her soul was completely shattered, and Ye Feng forcibly planted a soul mark of slavery.

From then on, the Dark Queen became Ye Feng's slave.

Ye Feng didn't think about swallowing the Queen of Darkness directly. ??

But I thought that the Queen of Darkness was a powerful person in the ladder realm. If I could enslave her, it would be an extremely powerful help for me.

"Slave, please pay homage to your master!"

At this time, the Queen of Darkness knelt on the ground respectfully and said aloud.

At this time, Ye Feng stared at the Queen of Darkness in front of him. It would not be too late to devour her directly after she had no use value anymore.

At this moment.

"Uh-huh!"

The juvenile flame python not far away once again turned into a small red ribbon, wrapping around Ye Feng's waist.

At this time, Ye Feng looked at the Dark Queen in front of him and said: "You and your hundreds of thousands of subordinates will stay in the Dark Magic Tower, control the Dark Magic Tower, and work for me. Do you understand?"

Those hundreds of thousands of dark races are all relatively weak, so it doesn't mean much if Ye Feng devours them, and his skill will probably only increase a little.

And just now Ye Feng saw the power of the Dark Magic Tower being controlled by many dark races, which was very powerful.

It is better to keep this group of dark races and let them control the dark magic tower for themselves, which can burst out extremely powerful power.

The Queen of Darkness immediately said respectfully: "Yes, Master!"

Uh-huh!

At this time, the Dark Magic Tower quickly shrunk from high in the sky, and finally turned into the size of a palm, falling into the hands of the Queen of Darkness.

"Buzz!"

Suddenly at this time

, a boundless and terrifying will that was like the power of God, suddenly spread like a violent storm and enveloped the entire Dark Kingdom area.

"What kind of terrifying divine will is this? It definitely surpasses the Ladder Realm! It's the Divine Palace Realm! It's even super powerful at the Life River Realm level!"

Suddenly at this moment, Ye Feng suddenly felt a creepy feeling.

It was an overwhelming feeling of terror!

terrible!

"escape!"

"escape!"

"escape!"

At this time, Ye Feng only had one thought left in his heart.

"boom!!"

Ye Feng took the Queen of Darkness and flew away into the distance in an instant.

The Queen of Darkness said anxiously: "Master, this is definitely a powerful person from deeper in the cave who is spying on what's going on here, because the fluctuations in our battle just now were too strong. My Dark Kingdom is also attached to a more powerful one. The dark race forces are in the deeper caves! "

When Ye Feng heard this, his face immediately showed a solemn look.

Originally, he was planning to explore the deeper caves.

But now it seems that it is more important to escape quickly.

The deeper caves are not something that Ye Feng can covet now.

There are so many strong men hidden among them that it's scary, so it's better to run away quickly.

"The genius of the human race! He actually ran into our dark cave? He also enslaved our dark race. He really deserves to die! His crime is unforgivable!"

Suddenly at this moment, a majestic sound suddenly sounded in the dark sky.

The incomparable voice was full of supreme will and earth-shattering murderous intent.

Buzz!

Almost at this moment, Ye Feng immediately felt that the space around him had solidified, as if countless molten iron had been poured into the void. He was trapped by a lock and could not move.

"Dang! Dang! Dang!"

Ye Feng's body hit the void and made crisp sounds like the collision of steel.

"The void is like iron!"

"This is the great ability of space restraint!"

"It's definitely the Divine Palace Realm above the Ladder Realm, or even the Minghe Realm powerhouse who took action!"

At this moment, the Queen of Darkness was shocked and couldn't help but scream.

"Why are you panicking!" ??

Ye Feng shouted loudly, and then directly used the power of the space gem.

"Buzz!"

Almost at the next moment, a void channel was opened up in the void in front of them.

"Void wormhole?"

"Ignore any tangible material constraints?"

When the Queen of Darkness saw this scene, she was immediately shocked. A pair of beautiful eyes stared at Ye Feng beside her. She covered her mouth and said in surprise: "The master has a mature ancient divine insect in his body? He can actually Instantly open up a wormhole in the void and pass through all obstacles? "

Ye Feng naturally would not explain that it was the function of the space gem. He just said indifferently: "Just follow me and don't ask so many nonsense."

The Queen of Darkness immediately panicked and said, "Yes, Master! I will definitely not talk too much next time!"

Ye Feng took the Queen of Darkness and quickly passed through the void wormhole, fled the scene, and disappeared into the distance.

Behind them, a group of dark race powerful men in the deeper caves were all sending out

Surprised tone.

"That human boy actually escaped from our hands?"

"He seems to have a magic weapon that can open a wormhole in space, or an ancient divine worm."

"Use all your strength to search for that human boy. He dares to come to such a deep cave to cause trouble. He is so courageous! He must be severely punished!"

"The Lord of Disaster is right, he must be severely punished! The small ant-like race of the human race has become more and more unruly in recent years! It seems that it is necessary to launch a dark chaos again to let the human race know how powerful our dark race is! "

...

At this time, angry shouts sounded in the deep levels of the cave.

But at this time, Ye Feng had already led the Queen of Darkness away from the central city of the Dark Kingdom.

Ye Feng did not waste any time and directly chose to leave the fourth level of the Demon's Cave and return to the third level of the cave.

"Buzz!"

At this time, Ye Feng released his spiritual thoughts.

Ever since Ye Feng's soul power exceeded 10,000, his spiritual power has simply reached an extreme level.

After being released at this time, the spiritual thoughts were like an endless tide, rapidly spreading around, covering tens of thousands of miles in radius!

Under such a large-scale search, Ye Feng quickly found his teammate Xiao Qingdai who was killing a high-level demon in a cave.

Uh-huh!

In a flash, Ye Feng was already in front of Xiao Qingdai.

"Ye Feng?!"

Xiao Qingdai didn't expect Ye Feng, who had disappeared for a long time, to suddenly come to her.

But before Xiao Qingdai could say anything, Ye Feng directly held her little hand, with a solemn look in his eyes, turned around and ran away, saying: "Let's leave the Demon Man's Cave quickly! The rest of the cave will be opened soon." There will be great chaos!"

Chapter 1847 The royal family's anger

Xiao Qingdai didn't even react before she was pulled by Ye Feng and ran towards the outside of the Demon Man's Cave.

Soon they reached the second level, and finally could slow down a bit.

At this time, Xiao Qingdai was very confused and couldn't help but ask: "Ye Feng, what happened? Why did you run away all of a sudden? There are still several days left before the end of the trial, so we should hunt more demons. With the dark race, accumulating dark core is the most important thing."

Ye Feng looked at Xiao Qingdai beside him, let go of his hand, and said in a serious tone: "I heard that some people have angered the powerful people in the deep dark races, and even some people in the divine palace realm have surpassed the ladder realm. , even the Minghe Realm powerhouse took action, and now the lower the Demon Man's Cave, the more dangerous it becomes."

"What?!"

After hearing Ye Feng's words, Xiao Qingdai's eyes immediately revealed a look of horror.

A strong person in the Heaven Ladder Realm is already an extremely powerful being.

But now there is a powerful person who has surpassed the ladder realm, and he is also the strongest among the dark races.

This is extremely dangerous.

It's a disaster for every genius.

At this time, Ye Feng glanced in a certain direction not far away, where the Queen of Darkness was lurking, waiting for their steps.

Ye Feng knew that he had angered the great master of the dark race and conquered the Queen of Darkness, a powerful being in the ladder realm. This matter must not be spread out.

Otherwise it could cause huge trouble.

Xiao Qingdai thought for a moment and immediately couldn't help but said: "Ye Feng, should we go back and inform the other geniuses to let them leave the Demon Man's Cave quickly, otherwise they may all be buried here."

Ye Feng nodded and said: "Let's use the Wanli Communication Talisman on us to send a message to the geniuses of our Cangtian Lord, so that they can leave the Demon Man's Cave as soon as possible. As for whether they listen to us or not, we have no control over it."

Xiao Qingdai said: "Yes, we are able to do this and we have done our best. As for whether they believe it or not, we don't have to worry about it."

Next, Ye Feng and Xiao Qingdai each threw out enough transmission notes, and then the two quickly left the second level of the Demon Man's Cave and entered the first level.

They didn't stay too long on the first floor, they just left the first floor and came to the ground.

There was still that huge crack on the ground, and there were two groups of people standing on both sides of the edge.

This group of people is the royal family of the Sky Blue Empire, headed by Prince Jade.

The other group was Lord Cangtian with a group of powerful guards.

The moment Ye Feng and Xiao Qingdai came out, they immediately attracted the attention of many people.

Prince Jade and other members of the royal family couldn't help but laugh out loud: "Lord Cangtian, these top geniuses under your command are not very good. One month's time

The time has not come yet, but you can't hold on and come out? What a disappointment. "

At this time, Ye Feng and Xiao Qingdai ignored the mocking voices of the royal family members and silently walked to Lord Cangtian.

"The first level of heaven in the five declining realms of heaven and man!"

Suddenly Lord Cangtian spoke up and stared at Ye Feng.

Rao was a powerful human being in the realm of gods, and there was a trace of shock on his face at this moment.

"What? The first level of heaven in the fifth realm of heavenly beings?"

Xiao Qingdai was stunned for a moment, and then she sensed that the cultivation aura on Ye Feng's body was indeed countless times stronger than before.

It turned out to be the realm of the five declines of heaven and man!

"This little guy is very interesting. He is so hidden that even I saw him wrong."

At this time, Lord Cangtian stared at Ye Feng, with a hint of appreciative smile in his eyes.

Ye Feng's previous performance in the genius base was nothing more than a small fuss in the eyes of Lord Cangtian.

But this time Ye Feng was undergoing a trial in the Devil's Cave. He had made so many breakthroughs in just one month, which really surprised Lord Cangtian and felt that he had underestimated this. A young man from the lower universe interface.

At this time, Ye Feng was about to report the situation in the Devil's Cave to Lord Cangtian. After all, he had to explain why he and Xiao Qingdai came out so early.

But suddenly at this moment.

"boom!!"

Along with a terrifying roar, the entire demon cave under the big crack suddenly emitted a huge roar.

"Uh-huh!"

"Uh-huh!"

"Uh-huh!"

The next moment, the top geniuses in the Cangtian Territory flew up from the cave one after another. They all came to stand behind Ye Feng and Xiao Qingdai, with lingering fears.

Obviously, they all received the transmission talismans and came up in advance.

The explosive roar in the cave just now seemed to be the action of a certain dark race power in the cave.

"In the end what happened?"

Seeing a group of the top geniuses under Lord Cangtian coming out, the Royal Jade Prince not far away showed surprise in his eyes.

"Uncle Emperor!!"

Suddenly, I felt that at this moment, a royal genius covered in blood suddenly jumped out of the cave, with a face full of horror, and ran towards Prince Jade, shouting in horror: "Uncle! All of us

are dead! We are all dead!" We were attacked by the powerful forces of the dark race, and all the members of the royal family died! I was the only one who escaped!"

"What?!"

When Prince Jade and other members of the royal family heard what this royal genius said, their expressions suddenly changed, and their eyes suddenly became extremely frightened and angry. Xiao Qingdai didn't even react before she was pulled by Ye Feng and ran towards the outside of the Demon Man's Cave.

"What?!"

When Prince Jade and other members of the royal family heard what this royal genius said, their expressions suddenly changed, and their eyes suddenly became extremely frightened and angry.

Chapter 1848 Interrogation

At this moment, the atmosphere on the entire field was somewhat solemn.

The group of people from the royal family, especially the leader, Prince Jade, looked extremely shocked, but also furious.

The members of the royal family participating in the Demon's Cave Trial this time are all the most elite and top geniuses in the Sky Blue Empire.

And among this group of top geniuses, there are also many royal heirs.

Among them was even the third son of Emperor Tianlan, the third prince.

But now, it seems that they all died in the demon cave.

How could this not make Prince Jade furious, even trembling.

This kind of loss is something that even a behemoth like the Sky Blue Empire cannot bear.

At this time, Lord Cangtian opposite him also had a look of surprise in his eyes.

It seems that he did not expect that such a change would suddenly occur under the Demon Man's Cave.

At this time, this human lord with earth-shattering cultivation was a little surprised in his heart.

How did the geniuses in his genius base escape in time?

At this time, Lord Cangtian's eyes fell on Ye Feng and Xiao Qingdai.

They were the first to run out.

It seems to be related to them.

At this time, she seemed to have noticed the meaningful gaze of Lord Cangtian. Xiao Qingdai pointed at Ye Feng beside her and said: "Ye Feng told me, and it was also what we transmitted to all the geniuses in the genius base. Everything The credit belongs to Ye Feng."

Ye Feng glanced at Xiao Qingdai, a bit confused.

Although he knew that Xiao Qingdai had good intentions and was taking credit for herself.

But.....

The real situation of this incident was caused by myself.

Ye Feng can deceive Xiao Qingdai, but he may not be able to hide it from the sophisticated Lord Cangtian!

And just when Ye Feng was thinking about how to explain.

"What the hell is going on?"

In the team of royal members opposite, the leader, Prince Jade, had eyes full of shock and anger, and couldn't help but ask.

The royal genius covered in blood said in horror

: "I don't know what happened. We were hunting ordinary demons, but the powerful ones from the dark race deep in the cave suddenly took action. We didn't know what was going on. Then we thought They tried to escape, but it was impossible to escape, and almost the entire army was destroyed."

"boom!"

The moment the royal genius finished speaking, Prince Jade angrily smashed a huge bluestone next to him into countless pieces.

His eyes were extremely gloomy, and he said: "How is it possible! The dark race powers deep in the cave have an agreement with our human race, and it is impossible to take action casually, unless it offends them, but you young geniuses generally have relatively low cultivation levels. , how could it possibly offend those powerful men of the dark race?"

At this time, Prince Jade was talking, and suddenly he seemed to have thought of something. He suddenly looked at Lord Cangtian opposite and shouted: "Lord Cangtian! Are you doing something secretly? Are you secretly working with the darkness in the devil's cave? The races have been connected. Are we going to destroy these top geniuses of our royal family?"

"Shut up!"

When Lord Cangtian heard this, his eyes suddenly turned cold, and he said coldly: "Prince Jade, don't make any conspiracy theories with me here. I am a powerful human being with the integrity and backbone of the human race. If I really You wanted to destroy these top geniuses of your royal family, so I killed them on the spot. Will I associate with those evil dark races? Prince Jade, your own royal geniuses are dead, but now you want to blame me. Are you tired of living?"

When Prince Jade heard this, his eyes suddenly became a little stiff. He also knew in his heart that what he just said were angry words.

But at this moment, Prince Jade suddenly seemed to have thought of something. He stared at Ye Feng and Xiao Qingdai not far away and said, "That's right! They were the two who came out just now, and their expressions were abnormal. They You must know something, I want to arrest him for interrogation!"

boom!

As Prince Jade spoke at this time, a terrifying pressure of the Titled God Realm suddenly erupted all over his body, and he actually took action directly, very arrogantly.

Almost at this moment, Ye Feng and Xiao Qingdai felt a terrifying pressure coming directly on them.

The two people's expressions suddenly changed. They didn't expect Prince Jade to be so unscrupulous and domineering! At this moment, the atmosphere on the entire field was somewhat solemn.

Chapter 1849: Slapped away

boom!

The cultivation aura on Prince Jade's body was extremely terrifying.

He is a powerful being at the level of a titled god.

Even if it is only the first level of the Titled God Realm, the Divine Weapon Realm, it is still an extremely terrifying superpower of the human race, enough to be called a powerful level existence.

At this time, as soon as he took action, the whole world seemed to have undergone tremendous changes. The color of the world began to change, and the scene was extremely scary.

Obviously, at this time, Prince Jade couldn't wait to interrogate Ye Feng and Xiao Qingdai to learn the truth of the matter.

Because this time, almost all the top geniuses of the royal family were wiped out, and they were all buried deep in the cave.

This incident was so serious that even though Prince Jade was the most powerful royal family member in the Tianlan Empire today, the terrible consequences of this incident were somewhat unbearable for him and he felt extremely frightened.

So now Prince Jade wants to find out what the truth is about this matter.

At this time, both Ye Feng and Xiao Qingdai felt that the space around them had solidified.

Ye Feng was shocked at this moment.

Because he found that he could not open up a void wormhole even if he used the space gem.

There is no way to escape!

It's like being frozen in the void!

"Is this the powerful ability of the Titled God Realm? It's really amazing!"

Ye Feng's eyes were shocked.

However, he knew very well that it was not that the space gem failed, but that his cultivation level was too low.

The true power of the Space Stone cannot yet be used.

You must know that the space gem is the most powerful ruler in the heavens, an immortal existence, and the treasure it possesses represents the power of the ruler.

Therefore, the abilities of the space gems are endless, and they just need to wait for Ye Feng to slowly develop them.

But at this time, both Ye Feng and Xiao Qingdai were unable to move and were frozen in the void.

But the two people's expressions showed little panic.

Sure enough, almost at this moment.

"boom!!"

A more majestic and boundless momentum suddenly burst out from Lord Cangtian.

The spatial confinement of Ye Feng and Xiao Qingdai disappeared in an instant, and they were able to move freely again.

At this time, Lord Cangtian's face was very gloomy. He stared at Prince Jade who was attacking from the opposite side and said: "Don't think that just because you are the prince of the royal family, you can do whatever you want!"

Prince Jade shouted: "Lord Cangtian, now I suspect that the destruction of our royal family's genius is related to these two young men under your command! I now represent the will of the entire royal family to arrest them and interrogate them!"

Lord Cangtian scolded directly: "Get away from your bullshit royal majesty! Your approach may work in other places, but it won't work here!"

Prince Jade's face suddenly became stiff, his eyes were extremely gloomy, and he said: "Lord Cangtian, do you really want to stop me?"

boom!

Suddenly at this moment, Lord Cangtian suddenly stretched out a hand, and a large god-like hand appeared in the sky. It was full of infinite momentum and had incredible energy. It suddenly hit Prince Jade's hand. body.

Lord Cangtian was very domineering and defensive, and he didn't even bother to speak and just attacked Prince Jade.

"you.....!"

Prince Jade's eyes were horrified, and he was about to say something, but the big hand had already struck in front of him.

"ah!!"

The next moment, Prince Jade let out a shrill and painful howl, and his whole body flew backwards, feeling extremely embarrassed.

Seeing this, Ye Feng's eyes showed a hint of shock.

He didn't seem to expect that Lord Cangtian, as a lord under the imperial authority of the Sky Blue Empire, was a minister, but he was so overbearing that even a royal family member like Prince Jade showed no mercy and slapped him away.

It's so cool! boom!

Chapter 1850 The wisest choice

"Damn it!!"

Prince Jade climbed up from the ruins not far away.

But most of the noble royal robes he wore were torn to pieces.

Blood overflowed from the corner of his mouth. Apparently Lord Cangtian's ordinary slap just now had slightly injured him.

Prince Jade's eyes were extremely angry, but at the same time he was also deeply fearful.

He was horrified to discover that Lord Cangtian's cultivation and strength were much stronger than when he first came to the territory of the Sky Blue Empire many years ago.

Suddenly at this moment, Lord Cangtian spoke up: "You slander the genius under my command without even a bit of evidence. Prince Jade, your magnanimity has become smaller and smaller over the years. I think you are still holding on to the remaining The royal genius, please go back. I feel the power of the dark race at the level of the titled god has revived in the Demon Crypt. If you hesitate any longer, you may not be able to leave." ??

At this time, Prince Jade heard what Lord Cangtian said, and his eyes immediately revealed a look of deep fear.

He did know that deep in the demon cave, there existed powerful dark races at the level of the titled gods.

Even in the darkness of the deepest caves, there are still dark races living in the 'realm of Tao' that transcend the realm of the titled gods.

Those transcendent dark creatures are so terrifying and powerful that only the most powerful 'Human Emperor' in the human race, who commands a large area, can have the strength to fight with them.

At this time, Prince Jade's expression was a little uncertain. Finally, he stared at Lord Cangtian who was opposite him and said: "Lord Cangtian, if you protect your subordinates like this, something will happen sooner or later. With an arrogant and domineering character like yours, we can't do it in time." Realize your identity and status, and something will happen to you sooner or later."

After saying these cruel words, Prince Jade led a group of royal troops and left the place in an instant, disappearing into the distant horizon in the blink of an eye.

At this time, Lord Cangtian left here with a group of geniuses from the genius base.

On the way, many geniuses looked at Ye Feng and Xiao Qingdai with gratitude in their eyes.

Because if the two of them hadn't sent out the transmission talisman in time, telling them to leave quickly, the Demon's Cave would have become extremely dangerous.

Perhaps the geniuses in their genius base, like the royal geniuses, may all be destroyed and all die.

...

Everyone quickly returned to Lord Cangtian's mansion and returned to the Genius Base.

At this time, all the geniuses breathed a sigh of relief.

Although the Genius Base is also built in a small and wild world, there are ferocious beasts.

But compared to the terrifying Demon Cave, that genius base was really a safe greenhouse!

Ye Feng and Xiao Qingdai were standing at the door of the First Manor.

A rare smile appeared on Xiao Qingdai's beautiful face, and she looked breathtakingly beautiful.

Her dark jewel-like beautiful eyes stared at Ye Feng and said: "Teaming up with you, Ye Feng, this time may be the wisest choice I have ever made in my life."

Ye Feng was a little surprised and said: "Is it so exaggerated?"

"have."

Xiao Qingdai nodded slightly, with a rare look of vicissitudes in her beautiful eyes, and said: "Many choices in my life have been wrong. This time I feel that my choice is the right one, and that is you, Ye Feng!"

Having said this, Xiao Qingdai's graceful figure moved slightly and stood in front of Ye Feng, her beautiful eyes staring at him with an emotion that Ye Feng could not understand.

Ye Feng looked at this beautiful face close at hand and asked, "What have you experienced?"

Xiao Qingdai sighed softly, turned around and walked into the first manor. A cold and bleak ethereal voice sounded in Ye Feng's ears: "Come to my manor tonight, and I will tell you my story, if you are willing to listen. "

After saying that, Xiao Qingdai's beautiful back had disappeared into the first manor.

Ye Feng murmured: "You can say it now, why do you have to say it at night?"

Ye Feng shook his head, turned around and left the First Manor, heading towards his residence.

But at this moment, a voice suddenly sounded in Ye Feng's ears: "Ye Feng, come to the central hall of the lord's mansion. I have something to ask you alone."

When Ye Feng heard this voice, his eyes immediately moved.

This voice is clearly the voice of Lord Cangtian! "Damn it!!"
