Chapter 1851 Special Mission

The moment Lord Cangtian's voice rang in his ears, Ye Feng sighed inwardly, knowing that everything he did in the Demon's Cave could not be hidden from Lord Cangtian after all.

Ye Feng knew very well that it might be better to tell the truth directly to a super powerful person like Lord Cangtian, who was in the title of God Realm, than to lie and prevaricate.

After all, he killed so many dark races in the Demon Crypt and enslaved the Dark Queen. This was considered a glorious thing for the human race.

Moreover, although he had killed so many talented members of the Sky Blue Empire royal family, the relationship between the royal family and Cang Tian Lord was not good and they were even potential enemies.

Therefore, Ye Feng felt that it would be better for him to confess, and he would even gain the attention of Lord Cangtian. ??

After all, whoever performs outstandingly in the Devil's Cave this time can become the direct disciple of Lord Cang Tian.

And once you become the direct disciple of Lord Cangtian, you may receive the inheritance from Lord Cangtian at any time.

It is said that the inheritance of Lord Cangtian is very extraordinary, and it is the super-powerful inheritance of the top god-emperor level in the realm of titled gods.

It is even more powerful than the ancient dragon soul skill of the White Dragon God that Ye Feng had obtained before.

However, it must be very difficult to obtain the inheritance of Lord Cangtian.

Ye Feng also knew this.

Next, you still have to express yourself well.

With this thought, Ye Feng walked towards the outside of the genius base and soon arrived at the central hall of the lord's mansion.

At this time, in the majestic and cold hall, there was only a burly middle-aged man standing there. His breath was very deep, giving people an unfathomable feeling.

Ye Feng took a deep breath and walked over. The moment he stepped into the hall, he clasped his fists and said, "Lord, I'm here."

When Lord Cangtian heard this voice, he turned around, with a smile on his majestic face, and said: "The changes in the Demon Man's Cave must be caused by you, right?"

Ye Feng smiled helplessly and said: "The lord guessed it. It was indeed me, but I just plundered a dark kingdom on the fourth floor. I didn't expect it would cause such a big chain reaction."

Lord Cangtian couldn't help but feel a little dumb when he heard what Ye Feng said.

Plundered a dark kingdom?

This kid really knows how to cause trouble.

Lord Cangtian smiled and shook his head, saying: "It's a miracle that you didn't die. It seems that you have a strange treasure that can escape."

When Ye Feng heard this, he couldn't help but look shocked. He didn't expect Lord Cangtian to see the extraordinary thing about him at a glance.

Ye Feng could only laugh dryly and said nothing more.

After all, things like space gems cannot be leaked.

Even when he was in the ancient continent, Ye Feng never told Uncle Nan.

Because the gems of the gods are too involved.

Ye Feng said at this time: "Lord, the people from the royal family are probably targeting me now."

Lord Cangtian nodded slightly and said: "You are right, the royal family of the Sky Blue Empire has indeed targeted you, but you don't have to worry, as long as you stay with me for one day, you will be safe for one day, even if it is Sky Blue Empire's Even the emperor dare not come to my territory."

Lord Cangtian spoke at this time, his tone full of strong confidence and domineering, completely ignoring the emperor of this vast territory.

Hearing this, Ye Feng's inner doubts became even stronger, because he had already guessed the true identity of the Cangtian Lord in front of him, and he couldn't be as simple as just a small lord of the Sky Blue Empire.

After all, how could an ordinary lord dare to go head-to-head with Emperor Tianlan?

At this time, Lord Cangtian suddenly stared at Ye Feng and said with a smile: "Are you surprised why I am not so respectful to the emperor? You should be curious about my origin and true identity."

Ye Feng immediately clasped his fists and said, "Yes, I am indeed very confused."

Lord Cangtian laughed loudly and said: "For now, your level is too low. Even if I tell you, it will be of no use. Keep working hard. When you really grow up, I will tell you everything and you will get everything from me." True biography."

At this time Lord Cangtian actually said such words directly, obviously he was very optimistic about Ye Feng.

Ye Feng's eyes showed a hint of excitement and said: "Lord, don't worry, I will work hard to practice!"

Lord Cangtian nodded, then with a flash of his eyes, he said: "I have a special task for you. You and Xiao Qingdai need to do it together. If it is done, I will give you whatever you need. Training resources!" The moment Lord Cangtian's voice rang in his ears, Ye Feng sighed inwardly, knowing that everything he had done in the Demon Man's Cave could not be hidden from Lord Cangtian after all.

Lord Cangtian heard this voice, turned around, with a smile on his majestic face, and said: "The changes in the Demon Man's Cave must be your fault, right?"

Ye Feng smiled helplessly and said: "The lord guessed it. It was indeed me, but I just plundered a dark kingdom on the fourth floor. I didn't expect it would cause such a big chain reaction."

Lord Cangtian couldn't help but feel a little dumbfounded when he heard what Ye Feng said.

Lord Cangtian nodded, then with a flash of his eyes, he said: "I have a special task for you. You and Xiao Qingdai need to do it together. If it is done, I will give you whatever you need. Cultivation resources!"

Chapter 1852 Eight Ancient Tribes

"Special mission?"

When Ye Feng heard what Lord Cangtian said, his eyes suddenly moved slightly.

Ye Feng was very interested in what Lord Cangtian said, "If it is done, I will give you any training resources you need."

What he lacks most now is training resources.

Although he is now under the command of Lord Cangtian, this does not mean that Lord Cangtian will support him in vain.

Ye Feng knows very well that there is no help in this world that does not require repayment.

Basically they all need to complement each other.

To put it simply...a transaction.

Unless it is the sincere help from relatives.

Otherwise, it's basically just a transaction if there is no relationship or connection.

At this time, Ye Feng stared at Lord Cangtian. If he could make Lord Cangtian say this, this special task must be very difficult.

Lord Cangtian did not speak, nor did he tell Ye Feng what the specific mission was, but was waiting for Ye Feng's decision.

After a moment, Ye Feng's eyes showed a hint of determination and said: "I'll do it, but Xiao Qingdai may not take risks."

Ye Feng still remembered that during the previous trial in the Devil's Cave, Xiao Qingdai did not dare to go to the fourth floor, but chose to stay on the third floor.

So Xiao Qingdai should be a person who doesn't like taking risks.

Lord Cangtian just smiled when he heard this and said, "You don't have to worry about this, I will tell her."

Having said this, Lord Cangtian suddenly asked: "By the way, Ye Feng, I said before that if this special task is completed, I will give you any training resources you need. You can tell me what you want now." Well, I can prepare in advance, because I believe you can complete this task."

Ye Feng's eyes flashed: "What do I want?"

"I want to swallow the vast power of a god emperor!"

Ye Feng wanted to say this, but he was afraid of being thrown out by Lord Cangtian.

So after thinking carefully, Ye Feng said: "I want to become your personal disciple, Lord Lord."

Ye Feng said the word "personally passed on" very seriously at this time.

Everyone who understands understands.

That is, I want your strong inheritance!

Lord Cangtian is an old man, and he obviously understood what Ye Feng meant at once.

He just laughed and said: "It's not a small ambition, but I appreciate it! Okay, I will agree to your request!"

Ye Feng was just talking, but he didn't expect that the person in front of him actually agreed.

He couldn't help but said excitedly: "Is what the lord said true?"

Lord Cangtian smiled and said: "A gentleman's words are hard to follow. Since I have made a promise, it will definitely be fulfilled. Of course, the premise is that you can successfully complete the special task I entrusted to you."

Ye Feng was very curious and said: "Lord, what is that special mission that can make you take it so seriously?"

Lord Cangtian smiled and said: "Go and call Xiao Qingdai over, and I will tell you two face to face."

"good!"

Ye Feng nodded and walked outside.

When we returned to the genius base, it was already dark.

"It's night time now."

Ye Feng thought in his mind and went directly to the first manor to find Xiao Qingdai.

One is to hear her story.

The second is to find her and go with him to obtain the Lord of Heaven

Special mission.

But just when Ye Feng arrived at the gate of the First Manor.

Swish, swish, swish!

Swish, swish, swish!

Suddenly a group of powerful young people surrounded him.

The leader was a young man wearing a silver robe, with an extremely noble temperament and an imperial crown on his head. He looked like an emperor from the ancient times was stepping forward.

Ye Feng stared at the silver-robed man and said in surprise: "Who are you? We have never met before, why do you surround me and show hostility to me?"

Ye Feng had never seen this silver-robed man before and didn't know his identity.

At this moment, the young man in silver robe suddenly sneered coldly, his tone exuding an extremely cold tone, and said: "Ye Feng, right? He's just a newcomer with good luck. Let me tell you, my name is Yi Tiange. He is the owner of the second manor, holds the scepter of the ancient heaven in his hand, and is the heir of the ancient heaven. I have had people warn you before to keep you away from Xiao Qingdai. She can only belong to me. I didn't expect that you didn't repent. Not only did you go through trials and She formed a team, and you are so brave to come to her at such a late hour! I have been practicing in seclusion, otherwise you would have died in the Demon's Cave!"

At this time, the silver-robed man, Yi Tiange, the owner of the second manor, spoke out, his tone filled with an extremely cold and murderous intention.

Ye Feng stared at the arrogant Yi Tiange and suddenly said: "You are only at the ninth level of the Chaos Realm. Why do you dare to provoke me in front of me?"

Yi Tiange sneered and said: "Boy, don't think that because of your high cultivation level, you can scare me. You were just lucky and got a breakthrough in the Demon Man's Cave, but you don't have any backer, and I am One of the eight ancient human tribes in the divine world! I am from the Yi family! And Xiao Qingdai is also from the Xiao family, the eight ancient human tribe in the divine realm!

Fa coveted Xiao Qingdai, this was the difference in status! Even Lord Cang Tian must maintain a humble attitude in front of the eight ancient clans! Now you know why I'm not afraid of you, right? Hahaha! "

"Snapped!"

Suddenly, Ye Feng slapped Yi Tiange on the face, who was laughing arrogantly.

boom!

Yi Tiange was slapped and flew out. His handsome face immediately swelled into a pig's head.

"What?!"

Yi Tiange got up all of a sudden, with an unbelievable look in his eyes, staring at Ye Feng, and shouted angrily: "You hit me! How dare you hit me? You don't know what the eight ancient clans of the human race mean What? Do you really think I'm just a genius working for a little lord in this poor place? You're so presumptuous!"

Buzz!

Suddenly at this time, Yi Tiange was so angry that he suddenly unlocked a certain power seal in his body.

A sacred and supreme white divine light suddenly bloomed from his body. The aura of cultivation that he exuded at this time has far surpassed the realm of chaos, and even surpassed the realm of the five declines of heaven and man, but the realm of ladder!

"Hahaha!"

Yi Tiange laughed loudly, Sen Han's eyes were fixed on Ye Feng, and he said with murderous intent: "I have unlocked my original cultivation level, and you are dead this time, kid! Although the family won't let me unlock my original cultivation level, I'm afraid of attracting the attention of the royal family of the Sky Blue Empire, but I can't help it anymore! I want to kill you, a country boy who doesn't know the truth!"

boom!

The terrifying boundless energy aura burst out from Yi Tiange's body in an instant, the sky and the earth changed color, and the eight wastelands shook.

Countless geniuses in the genius base who were sleeping were all shocked by this terrifying and majestic aura.

Chapter 1853 Flying Ashes

At this moment, Yi Tiange's martial arts aura was simply terrifying to the extreme.

Beyond the Five Decline Realms of Heaven and Man, it is the Ladder Realm!

"What a powerful force, this feeling is back!"

Yi Tiange's whole body was blooming with bright sacred white light, and he soared high into the sky.

There is a golden halo surrounding the back of his head, which looks full of infinite power and majesty.

It was really as if a young god emperor had revived, giving people an extremely terrifying feeling, as if he was suffocating.

"Ye Feng! I want you to die!"

Yi Tiange's eyes were filled with endless cold murderous intent.

"boom!"

At this time, a huge bow and arrow appeared among Yi Tian's singers, and it was pulled away instantly.

Almost at this moment, all the energy and vitality of the entire world was absorbed into the big bow in his hand.

"Buzz!"

I saw that a huge arrow suddenly condensed on the bow string, blooming with divine light, full of infinite power.

Before the arrow was released, countless people were shocked by the wisps of destructive aura that came out.

"Ye Feng! Die!"

Yi Tiange was extremely arrogant and ruthless, and he loosened his bowstring in an instant.

The divine light arrow filled with infinite terrifying power suddenly cut through the void like lightning and penetrated directly in front of Ye Feng.

"when!"

"Crack!"

But suddenly at this moment, Ye Feng suddenly waved his fist, and the fist turned directly into the color of chaos, as if it was cast from chaos stone, full of terrifying hardness.

At this moment, Ye Feng punched the divine light arrow with his fist, and directly bombarded the divine light arrow into pieces.

"Click, click...boom!"

The next moment, the divine light arrow exploded directly.

.

"What?!"

When everyone saw this scene, their eyes widened immediately, and they were almost so shocked that their eyeballs fell out.

Because to everyone, Yi Tiange had unlocked the cultivation level of the Heaven Ladder Realm at this time, and also used such a terrifying big bow. The burst of divine light arrows was probably enough to instantly kill a Heavenly Being in the Five Decline Realm. The strong men of the tenth level of Dzogchen were directly killed.

But Ye Feng directly punched out, blasting the divine light arrow into pieces.

You must know that Ye Feng's cultivation level is only at the first level of the Five Decline Realm of Heaven and Human, and there is a huge gap between Yi Tiange's real cultivation level.

"What?"

"It didn't even puncture your skin!"

At this moment, Yi Tiange himself saw this scene, with deep horror in his eyes.

He knew very well how terrifying his arrow was, and its destructive power was extremely terrifying.

But the result was that Ye Feng just smashed it into pieces with one fist.

"How can this be?!"

Yi Tiange was simply stunned.

Originally, he thought that after unlocking his true cultivation, he would definitely be able to get rid of Ye Feng, the clown, in an instant, just like in *The Return of the King*.

But in the end, Ye Feng was instantly slapped in the face.

"Uh-huh!"

Suddenly at this moment, Ye Feng moved.

He immediately flashed in front of Yi Tiange, smiled slightly, and said: "Even if you are a higher realm than me, you are still a waste in my eyes!"

boom!

Ye Feng punched Yi Tiange directly on the chest, and a terrifying force burst out instantly.

"Crack!!"

Almost at the next moment, several of Yi Tiange's ribs were broken.

"ah!!"

He screamed and was blown away. A mouthful of blood spurted out from his mouth. His hair was disheveled and he was extremely embarrassed. Even the powerful weapon in his hand, the silver bow, was blown away.

"Uh-huh!"

Ye Feng stretched out his hand and sucked it, and the silver bow was sucked directly into his hand.

"Buzz!"

At this moment, Ye Feng also pulled hard, and an arrow blooming with divine light was condensed in an instant, and it directly impacted in front of Yi Tiange like lightning.

"Pfft!"

Yi Tiange was shot directly through his left shoulder, bringing out a pool of blood.

"ah!"

This immediately made Yi Tiange howl in pain.

"Buzz!"

At this moment, Ye Feng drew the bowstring again and shot a divine light arrow.

With Ye Feng's profound skill, the divine light arrows pulled out were even stronger than the divine light arrows released by Yi Tiange, and had more terrifying destructive power.

Uh-huh!

"Pfft!"

The second divine light arrow pierced Yi Tiange's other shoulder, directly pinning Yi Tiange to the ground.

"ah!!"

Yi Tiange howled miserably. When had he, who came from the eight ancient tribes, suffered such pain?

So at this moment, Yi Tiange's face was both painful and filled with deep ferocity, and he shouted: "Ye Feng! You are dead! You are dead!!"

"Shut up!"

Ye Feng shouted coldly, jumped directly in front of Yi Tiange, and stepped down hard.

"Pfft!"

One of Yi Tiange's arms was directly stabbed

It was trampled to pieces, and all the flesh, flesh and bones were shattered into bloody mud!

"ah!!"

Yi Tiange let out an earth-shattering howl, and his whole body was already shaking with pain.

Ye Feng's eyes were full of violence. He looked down at Yi Tiange and said in a cold tone: "What? You're still screaming! Aren't you from one of the eight ancient tribes? You want to kill me? Come and kill me now! Huh?"

boom!

Ye Feng stepped down hard again.

"Pfft!"

One of Yi Tiange's thighs was trampled to pieces.

"Woooo..."

At this time, Yi Tiange was in so much pain that he could no longer scream. Instead, he let out an extremely painful whimper, which made countless people around him look pale with fear.

At this time, Ye Feng, who was covered in blood, gave everyone the feeling that he was like a Shura God of Killing. It was extremely terrifying and made people feel endless fear in their hearts.

Yi Tiange's eyes were now full of red bloodshot eyes. He lay on the ground and stared at Ye Feng, struggling to say: "You... you dare to do this to me... you are so brave..."

"boom!"

Ye Feng's eyes were full of anger, and he stepped on Yi Tiange's chest with a loud "Puff" sound. The flesh and blood turned into mud, and the bones turned into slag.

"ah....."

Yi Tiange's chest collapsed, and a painful low roar came from his throat that was not like a human voice, but like a beast, and he could no longer speak.

Ye Feng showed a ferocious smile, stared at Yi Tiange, and said: "Aren't you aloof? Aren't you going to kill me directly? Aren't you from one of the eight ancient tribes? Why are you being stepped down by me now? Huh? Get up! Get up and kill me!"

boom! boom! boom!

At this moment, Ye Feng wildly blasted out a palm, directly beating Yi Tiange into ashes under the horrified eyes of countless people. Blood stained the ground of the entire genius base. The scene was shocking.

Chapter 1854 Taking the initiative to confess

Yi Tiange's tragic death made everyone see Ye Feng's cruel side.

Only then did everyone realize that this young man who looked kind and elegant actually had such a bloody side.

"This Ye Feng cannot be easily provoked."

At this time, everyone present could not help but speak out in their hearts.

At this time, Ye Feng had secretly released the Devouring Domain, swallowing up all the energy and blood of the shattered Yi Tiange without leaving any trace.

"boom!"

Ye Feng's body immediately burst out with an extremely powerful aura.

It's the momentum of a breakthrough!

The second heaven of the Five Decline Realm of Heaven and Man! ??

At this time, the energy provided by Yi Tiange has not been completely consumed.

Ye Feng couldn't help but want to continue to break through.

But Ye Feng suppressed it forcefully.

After all, it is too obvious that he has made such a breakthrough now.

It will definitely make other people notice the abnormality.

So Ye Feng held back at this moment and was about to leave.

"Ye Feng!"

But suddenly at this time, a cry of exclamation sounded.

It's Xiao Qingdai.

She came from not far away.

Xiao Qingdai was not in the First Manor, but outside.

So she didn't show up for everything that just happened, precisely for this reason.

But at this moment, Xiao Qingdai happened to see the bloody scene of Ye Feng being blasted into pieces.

She immediately trotted up to Ye Feng, looking a little worried, and said: "Yi Tiange actually took the initiative to find trouble for you. I thought your life would be in danger, but I didn't expect that he had lifted the seal on his own cultivation. After beating you and being beaten to a pulp by Ye Feng, it's really great!"

Ye Feng smiled, but his tone was extremely cold, like ice: "Yi Tiange is too bullying. He wants to yell at me to kill me, and he also uses some powerful tricks on me. I want to If you want to threaten me, huh, this is the kind of threat I don't like the most since I started practicing."

Xiao Qingdai smiled slightly, her beauty was breathtaking, and said: "Anyway, Yi Tiange is dead, that's great. From now on, there will be one less fly buzzing in the ears."

Ye Feng suddenly smiled and said: "I didn't expect you to come from the Xiao family, one of the eight ancient races of the human race in the God Realm. I really didn't expect this."

Xiao Qingdai smiled slightly and said: "I originally decided to tell you tonight, but I didn't expect you to know it in advance. Yi Tiange is really disappointing. I originally wanted to be alone with you in the First Manor Talking about it at night."

Ye Feng's eyes flashed and he said: "Now we can continue to hold the candle and talk at night."

When Xiao Qingdai heard what Ye Feng said, her beautiful face suddenly showed a hint of blush.

She turned and walked towards the interior of the First Manor, and the voice sounded in Ye Feng's ears: "Ye Feng, come in, let's talk by candlelight at night, I have many stories to share with you."

After saying that, Xiao Qingdai's beautiful and graceful figure had disappeared into the depths of the First Manor.

Ye Feng's eyes flashed, an inexplicable smile flashed across his lips, and he immediately followed him and disappeared into the first manor.

At this time, countless geniuses outside saw this scene, with deep envy in their eyes.

At this time, the interior of the First Manor was extremely silent.

Ye Feng quickly caught up with Xiao Qingdai, with a hint of curiosity in his eyes, and said: "Miss Xiao, you

It comes from one of the eight ancient tribes and is very powerful. Why did it come to a small place like the Sky Blue Empire? "

Xiao Qingdai sighed softly and said: "I came to this small place like the Sky Blue Empire to avoid the family's arrangements. I just want peace and quiet."

"Family arrangement?"

Ye Feng heard the words and saw the bitter expression on Xiao Qingdai's face, and immediately understood.

This is another woman whose marriage was deeply arranged by her family.

Ye Feng said: "It was the family that arranged your marriage and treated you as a tool for marriage, right?"

Xiao Qingdai's beautiful eyes were stunned, and then she shook her head and said: "No, the family's arrangement is for me to succeed the next head of the family, but I don't like the feeling of being constrained by commanding the family. I like to be free alone. "

When Ye Feng heard this, he couldn't help but stare blankly and said: "So your family is quite good, but you are actually allowed to have a woman as the head of the family, but you are still unwilling."

Xiao Qingdai said: "The family also gave me other options, that is, let me find a suitable husband, let me have a child as soon as possible, and train the child to be the future head of the Xiao family."

Ye Feng took a deep breath, raised his thumbs up, and said, "The family tradition of your Xiao family is very good."

Xiao Qingdai shook her head with a wry smile and said, "But I never thought that I would find a husband so soon. However, I met you Ye Feng, which made my idea shaken."

At this time, what Xiao Qingdai said was very obvious. When Ye Feng heard this, he couldn't help showing a look of surprise on his face and said, "Miss Xiao is interested in me?"

Xiao Qingdai's face turned red with embarrassment and said, "You are such a stupid person. You have to tell me to understand."

have to say

, Xiao Qingdai is completely brave this time.

Such a cold goddess took the initiative to confess her love directly in front of Ye Feng.

It is conceivable that Xiao Qingdai's affection for Ye Feng is now overflowing.

When Ye Feng heard what Xiao Qingdai said, he smiled helplessly and said, "I basically focus all my energy on cultivation, so I am indeed a bit slow in this aspect."

Xiao Qingdai stared at Ye Feng, seeming to be very curious, and said: "You are so young, and you can have such a powerful talent. You must have been practicing hard for many years. Is there any pressure on you? What makes you work so hard? Practice like an ascetic."

I have to say that Xiao Qingdai has a very accurate eye for people.

Ye Feng smiled slightly and said: "I am indeed burdened with a lot of things and have the greatest pressure. It is precisely because of these pressures that I have to practice so hard."

Xiao Qingdai saw the vicissitudes in Ye Feng's eyes, and suddenly she felt a sense of distress in her heart.

"lets change a topic."

After a moment of silence, Ye Feng got down to business: "I came to see you tonight to invite you to the central hall of the lord's mansion. The lord said that he would arrange a special task for me, and the reward would be very generous."

Xiao Qingdai was a little surprised and said: "We have just returned from the Demon Man's Cave trial, and the lord is going to arrange tasks for us again?"

Ye Feng smiled and said: "This time there are only you and me. We were appointed by the lord. No one else knows about it. But I have to say one thing in advance. This special task is very dangerous. You can choose to refuse." "

Xiao Qingdai hesitated for a moment, then stared at Ye Feng, nodded, made a decision, and said: "As long as I am with you, Ye Feng, I am not afraid of any danger!"

Chapter 1855 Underground Passage

On the way to the lord's mansion, Xiao Qingdai said: "Ye Feng, although it is very satisfying that you killed Yi Tiange, it also means that you have offended the 'Yi family' among the eight ancient clans. You must be careful next time. , murderous intent may come at any time, but as long as you are with me, the Yi family will not dare to take action. The Yi family is only the weakest family among the eight ancient families, and the Xiao family behind me is the most powerful. "

When Ye Feng heard this, he just smiled and said, "Okay, I understand."

Soon the two of them left the small world of the genius base and arrived at the entrance of the central hall of the lord's mansion outside.

At this time Lord Cang Tian was waiting for the two of them.

Sensing the breath of the two people, Lord Cangtian immediately turned around, smiled and said: "You are all here, then I can tell you what the special mission this time is." ??

When Ye Feng and Xiao Qingdai heard this, they both had curious looks in their eyes.

After all, they could see that Lord Cangtian attached great importance to this task and was very excited when he spoke.

At this time, Lord Cangtian said: "For this mission, you have to lurk into the royal forbidden area of the Sky Blue Empire, find the burial place of the first generation ancestor of the Sky Blue Empire, and bring back his coffin. Give it to me, I am of great use."

"What?"

After hearing this special mission from Lord Cangtian, both Ye Feng and Xiao Qingdai couldn't help but have a hint of surprise in their eyes.

They never imagined that this special mission of Lord Cangtian would actually involve them robbing tombs!

At this time, Ye Feng said: "When we enter the forbidden royal area of the Sky Blue Empire, how will we determine which tomb belongs to the ancestor of the first emperor?"

Lord Cangtian said with a hint of smile in his eyes: "I don't know about this either. You have to rely on yourselves, so this mission is indeed very difficult, but as long as you succeed, I will give you the greatest benefits." , and this will be a huge plan for me next."

"Big plan?"

At this time, Ye Feng and Xiao Qingdai heard Lord Cangtian's meaningful words and couldn't help but flash their eyes.

They were very curious about what the "huge plan" mentioned by a super powerful man like Lord Cangtian was.

However, Lord Cangtian did not say anything more at this time, but said with a smile: "You guys, hurry up and set off. As for how to enter the royal forbidden area, I have already arranged this, but after entering the forbidden area, everything depends on you. Myself."

At this time, Lord Cangtian said, and suddenly said to the outside of the hall: "Shadow, come in and take them to the royal forbidden area of the Sky Blue Empire."

Uh-huh!

Along with a spatial fluctuation, a figure shrouded in black robes appeared on the field.

At this time, Lord Cangtian looked at Ye Feng and Xiao Qingdai and said, "The shadow will take you safely to the royal forbidden area."

Ye Feng and Xiao Qingdai looked at the black-robed figure with surprise in their eyes.

They couldn't feel the breath of any shadow at all, but there was indeed a figure standing there.

This shadow's cultivation strength is absolutely unpredictable.

At this time, the shadow flashed in front of the two of them, and a hoarse, metallic voice sounded:
"You two, follow me."

Uh-huh!

After saying that, Shadow walked directly outside.

"Lord, we leave."

Ye Feng and Xiao Qingdai hugged their fists at Lord Cangtian, and then followed the shadow directly out of the hall.

Following the shadow, the two people soon left the lord's mansion where Lord Cangtian was located, and even left the entire Cangtian territory, and came to a wilderness.

Suddenly the shadow stopped in front of a hillside in this wilderness.

"Buzz!"

Shadow stretched out his hand, and a palm-sized silver token appeared in his hand.

Uh-huh!

He instantly threw the silver token, and the token instantly hit the slanted stone wall of the hillside.

"Boom!"

Along with a huge roar, a gap suddenly appeared in the slanted stone wall on the hillside, and then quickly opened on both sides.

There turned out to be a bottomless underground passage inside.

At this time, the shadow said to Ye Feng and Xiao Qingdai beside him: "Our lord sent tens of thousands of warrior soldiers to dig this underground passage for ten years before finally opening it from the wilderness on the edge of our Cangtian territory. , dug directly into the royal forbidden area of the Sky Blue Empire."

Ye Feng and Xiao Qingdai had expressions of disbelief on their faces when they heard this.

Obviously, they never expected that Lord Cangtian would secretly carry out such a grand project.

It took tens of thousands of warriors and soldiers and a full ten years to finally build such a vast project!

"What exactly does Lord Cangtian want to do?"

At this time, Ye Feng had deep doubts in his heart.

At this time, the shadow said: "This passage has cost a huge price. This time you sneak into the forbidden area of the royal family to find the coffin of the ancestor of the first emperor of the Sky Blue Empire. This matter is very important to the Lord. It's related to all his next plans, so you must succeed!"

Ye Feng looked at Shadow and said, "Senior, your cultivation strength must be unfathomable. Why don't you come with us?"

Xiao Qingdai was also a little strange and said: "Since this matter is so important, why doesn't Lord Cangtian send more powerful people, or even go there himself? Although Ye Feng and I are among the younger generation in terms of cultivation, It's pretty good, but it's still far behind compared to the strong men of the older generation."

The shadow spoke up: "It is precisely because of your low cultivation that I sent you there. There are various spy formations in the royal forbidden area. If a person with a strong cultivation enters, he will be instantly beaten by the royal family of the Sky Blue Empire. I'm aware of it, that would

alert the enemy, so I sent you two there. You two have low cultivation levels, but you are both able to fight beyond the level, and you have many methods."

When Ye Feng and Xiao Qingdai heard what Shadow said, they immediately understood.

So that's what happened.

"Okay, I will definitely try my best."

At this time, Ye Feng spoke to the shadow, and then walked directly into the dark underground passage with Xiao Qingdai.

The shadow is standing on the spot at this time, guarding the entrance of the passage, and can also meet the two of them at any time.

Lord Cangtian secretly gave instructions that if there is any danger, Ye Feng and Xiao Qingdai must be rescued even if they do not hesitate to expose this underground passage. On the way to the lord's mansion, Xiao Qingdai said: "Ye Feng, although it is very satisfying that you killed Yi Tiange, it also means that you have offended the 'Yi family' among the eight ancient clans. You must be careful next time. , murderous intent may come at any time, but as long as you are with me, the Yi family will not dare to take action. The Yi family is only the weakest family among the eight ancient families, and the Xiao family behind me is the most powerful. "

When Ye Feng heard this, he just smiled and said, "Okay, I understand."

Soon the two of them left the small world of the genius base and arrived at the entrance of the central hall of the lord's mansion outside.

At this time Lord Cang Tian was waiting for the two of them.

Sensing the breath of the two people, Lord Cangtian immediately turned around, smiled and said: "You are all here, then I can tell you what the special mission this time is."

When Ye Feng and Xiao Qingdai heard this, they both had curious looks in their eyes.

After all, they could see that Lord Cangtian attached great importance to this task and was very excited when he spoke.

At this time, Lord Cangtian said: "For this mission, you must sneak into the royal forbidden area of the Sky Blue Empire, find the burial place of the first generation ancestor of the Sky Blue Empire, and bring back his coffin. Give it to me, I am of great use." .??.

"What?"

After hearing this special mission from Lord Cangtian, both Ye Feng and Xiao Qingdai couldn't help but have a hint of surprise in their eyes.

They never imagined that this special mission of Lord Cangtian would actually involve them robbing tombs!

At this time, Ye Feng said: "When we enter the forbidden royal area of the Sky Blue Empire, how should we judge which tomb belongs to the ancestor of the first emperor?"

Lord Cangtian said with a hint of smile in his eyes: "I don't know this either, you have to rely on yourselves, so this mission is indeed very difficult, but as long as you succeed, I will give you the greatest benefits. , and this will be a huge plan for me next."

"Big plan?"

At this time, Ye Feng and Xiao Qingdai heard Lord Cangtian's meaningful words and couldn't help but flash their eyes.

They were very curious about what the "huge plan" mentioned by a super powerful man like Lord Cangtian was.

However, Lord Cangtian did not say anything more at this time, but said with a smile: "You guys, hurry up and set off. As for how to enter the royal forbidden area, I have already arranged this, but after entering the forbidden area, everything depends on you. Myself."

At this time, Ye Feng spoke to the shadow, and then walked directly into the dark underground passage with Xiao Qingdai.

The shadow is standing on the spot at this time, guarding the entrance of the passage, and can also meet the two of them at any time.

Lord Cangtian secretly gave instructions that if there is any danger, Ye Feng and Xiao Qingdai must be rescued even if they do not hesitate to expose this underground passage.

Chapter 1856 Patroller

It took Ye Feng and Xiao Qingdai two full hours to travel through the entire underground passage.

Considering the two people's strong cultivation, it still took two full hours. This shows that this underground passage is such a vast project and it is really too long.

At this time, the two of them also understood Lord Cangtian's determination.

Many years ago, this lord was the coffin of the first generation royal ancestor who wanted to plot in the royal forbidden area of the Sky Blue Empire.

"What is hidden in that coffin? Does Lord Cangtian want it so much?"

At this time, Ye Feng was thinking secretly in his heart.

Xiao Qingdai spoke not far ahead: "Ye Feng, we have arrived at the end of the underground passage."

Uh-huh!

Ye Feng dodged over and saw an exit right ahead.

"First, let me use the power of my soul to scan this exit."

Ye Feng walked to the exit at this time, and then began to release his powerful soul power and divine thoughts, scanning towards the other side of the exit.

Ye Feng soon opened his eyes and said: "There is no one around outside, and there is no guard formation. Let's go out directly."

The two walked out of the exit and immediately found that they were in the forbidden royal area of the Sky Blue Empire.

The sky here is dark, with dark clouds floating high in the sky, and faint blue-purple thunder and lightning lights shining out of the dark clouds.

Above the earth, the air was extremely cold, and graves came into view.

It seemed that it was the first time for Xiao Qingdai to come to such a place like a mass grave. Even though she had a high level of cultivation, she still had a kind of natural fear and could not help but get slightly closer to Ye Feng beside her.

Obviously, girls are naturally very afraid of this kind of graveyard, no matter how strong her cultivation is.

At this time, Ye Feng said: "Qing Dai, this royal forbidden area is so big.

In an area, let's split up and look for the coffin of the first generation ancestor of the royal family. "

"Don't!"

When Xiao Qingdai heard what Ye Feng said, she immediately couldn't help but said: "I'm afraid of being alone."

"Afraid?"

Ye Feng looked at the cold goddess next to him in surprise. At this time, he was so frightened by this graveyard that his face turned pale. He had a feeling of pity for her beauty.

Ye Feng smiled and shook his head and said: "Don't be so afraid. You and I are both soul masters. Even if we encounter any souls, we can easily deal with them."

Xiao Qingdai had a grimace on her face, pulling on the corner of Ye Feng's clothes, with a hint of pleading in her beautiful eyes, and said: "Ye Feng, don't leave me alone, okay?"

"All right."

Ye Feng nodded and said: "I suddenly thought of a way to capture the tomb of the first generation ancestor of the royal family."

When Xiao Qingdai heard this, her eyes suddenly lit up and she said, "What can I do?"

After experiencing so much with Ye Feng, Xiao Qingdai discovered that Ye Feng had various methods and could always come up with various methods at critical moments.

So at this time, Xiao Qingdai looked at Ye Feng with a kind of deep expectation.

Ye Feng said: "I once used a special and incomparable soul technique that can superimpose the soul power of two people together, allowing me to temporarily possess an extremely powerful soul power that can sense very far away places. "

When Xiao Qingdai heard this, her beautiful eyes suddenly showed a look of surprise, and she said: "There is such a magical spell, so let's quickly increase the soul power. In this case, Ye Feng, you can cover most of this place with your spiritual thoughts. It is a forbidden area for the royal family. It will be

It is easy to find the coffin place of the royal ancestors. "

Ye Feng smiled and said, "I have the same idea."

Buzz!

But suddenly at this moment, an extremely powerful martial arts aura suddenly covered him from a certain direction not far away.

"Dodge!"

Ye Feng and Xiao Qingdai's eyes changed slightly, and they immediately hid behind a nearby tomb, hiding behind a huge tombstone.

Uh-huh!

And the moment the two of them had just hid, they suddenly saw an old man wearing special clothes landing in the open space not far away. The aura on his body was extremely powerful. He was the tenth level of the Heavenly Ladder Realm. A level of powerful existence!

"She should be a strong person among the royal family of the Sky Blue Empire, a patroller in this royal forbidden area."

Xiao Qingdai said secretly at this time.

Ye Feng nodded, stared at the old man, his eyes showed a hint of movement, and whispered: "Even if we join forces for the time being, we can't keep this old man, otherwise I want to kill him directly."

At this time, Ye Feng spoke with a deep murderous intent in his tone.

Obviously, when Ye Feng came to this royal forbidden area this time, he was not just looking for the coffins of the first generation ancestors of the royal family for Lord Cangtian. If he could get some luck in this realm, that would be great.

However, the patrolman not far away is a strong man at the tenth level of the Heavenly Ladder Realm. For Ye Feng, he is too powerful now. He is not 100% sure to kill him, so he You can't alert the snake, otherwise it will be terrible if you attract other powerful royals.

The two hid behind the tombstone and waited for about a few minutes before the royal patrol finally left.

Uh-huh!

Uh-huh!

At this time, Ye Feng and Xiao Qingdai came out of their hiding place and looked at the direction in which the royal patrol left, with a hint of fear in their eyes.

Ye Feng looked at Xiao Qingdai and said: "Let's not waste time. Now I will start to use the set of spells that can superimpose soul power. Scan the entire royal forbidden area as soon as possible and find it quickly." The tomb of the first generation ancestor of the royal family."

Xiao Qingdai nodded and said: "Okay, then Ye Feng, let's get started. Just tell me what I should do."

Ye Feng nodded slightly, and then began to operate the soul superposition technique that had not been used for many years.

"Qing Dai, just stretch out one of your fingers and point it directly between my eyebrows."

Ye Feng spoke up at this time.

"good."

Xiao Qingdai nodded slightly, then stretched out an onion-like finger and touched Ye Feng's forehead.

"boom!"

Almost at this moment, Xiao Qingdai felt an extremely powerful suction force, which sucked out all her soul power and then injected it into Ye Feng's head.

"Buzz!"

And at the next moment, Ye Feng felt that the strength of his soul power had reached its peak.

At this moment, Ye Feng immediately spread out the terrifying soul power like a vast sea, covering the entire royal forbidden area.

Ye Feng did not release the warrior's spiritual thoughts, but only released his soul power, which was invisible and would not alert any royal patrollers.

"No coffin of the first generation royal ancestor has been found nearby. We continue to move forward and explore as we go."

At this time, Ye Feng grabbed Xiao Qingdai's little hand and walked towards the deep area of the royal forbidden area.

Chapter 1857 Iron Zombie

The two people were very fast and rushed towards the inside of the royal forbidden area.

The area inside the royal forbidden area is full of ancient formations, standing around, which is very dangerous.

However, the soul powers of Ye Feng and Xiao Qingdai were all superimposed at this time, and they were able to avoid the damage of the formation in advance every time.

As the two of them moved forward, they began to discover that the gases emitted from the ground became more and more corrosive as they advanced deeper into the royal forbidden area.

Even at the end, Xiao Qingdai began to release her body-protecting divine light.

Like a glowing egg shell, it enveloped her entire body, protecting her from the corrosive atmosphere outside.

Ye Feng is a chaotic body, and his body itself is extremely powerful.

At this time, he didn't need to release any protective light shield at all.

After the corrosive gas approached Ye Feng's body, wisps of chaotic gas suddenly appeared on the surface of his skin, directly crushing the corrosive gas.

At this time, Ye Feng said with a hint of surprise in his eyes: "These corrosive gases are all corpse gas."

Xiao Qingdai's beautiful eyes were startled, and she said: "Such a strong corpse aura? It can even corrode a strong person of our level. If you put it this way, could there be any terrifying zombies bred deep in this royal forbidden area?"

Xiao Qingdai's worries were not wrong.

You must know that this is the forbidden royal cemetery of the Sky Blue Empire.

There are many powerful emperors of the Sky Blue Empire buried in it.

After so many years, nourished by such rich corpse energy and heaven and earth yin energy, maybe some terrifying zombie king can really be born.

Ye Feng said: "So we should hurry up and find the coffin of the royal ancestor. We can't delay it any longer. I always feel that the depths of this forbidden area are very dangerous. There are dangers everywhere. We may be in danger at any time."

"Boom!"

And suddenly, when Ye Feng finished speaking,

The moment it fell, a huge roar suddenly sounded from a certain direction not far away.

The whole earth was shaking violently, as if there were thousands of troops walking.

"Uh-huh!"

"Uh-huh!"

At this time, Ye Feng and Xiao Qingdai immediately jumped and flew to the top of a black mountain range.

They looked towards the distance and were immediately stunned by the scene in the distance.

At this time, on the other side of the black mountains, in the distance on the dark brown land, an army of tall zombies were walking quickly.

In these zombie armies, every zombie is wearing ancient black iron armor, holding the remnant soldiers in their hands, and their corpse energy is soaring into the sky.

Ye Feng looked at Xiao Qingdai beside him at this time, his tone was a little solemn, and said: "The depths of this royal forbidden area are probably very complicated. It is not only the burial place of the royal ancestors of the Sky Blue Empire, but it may also be a place that has existed since ancient times. of mass graves."

Fortunately, Ye Feng and Xiao Qingdai were not found in the vast army of tens of thousands of zombies.

Otherwise it would be troublesome.

The two quickly left the scene and walked away.

Along the way, the two encountered many strong zombies.

They broke through the soil from some ancient tombs they passed, rushed out, and killed the two of them.

However, under the joint efforts of two top young geniuses, Ye Feng and Xiao Qingdai, these zombie strongmen basically couldn't survive a few moves and were directly beaten to ashes.

What makes Ye Feng quite happy is that after killing a few zombies, the corpse cores that fell down were like diamond crystals, containing huge energy. After devouring several of them, Ye Feng's cultivation level also broke through. In the first heaven, he entered the third heaven in the realm of the five declines of heaven and man.

I have to say, this is an unexpected surprise.

Uh-huh!

Uh-huh!

The two of them were speeding towards the deepest part of the forbidden area.

After experiencing many thrills, Ye Feng finally sensed the tomb of the royal ancestors with his soul.

Half an hour later, the two arrived at the location Ye Feng was exploring.

At this time, in front of them, on the black ground, stood a huge golden tombstone.

On this golden tombstone, there is a line of ancient characters carved:

"The tomb of the ancestor of the first emperor of the Sky Blue Empire!"

At this time, Xiao Qingdai's eyes were full of excitement and she said: "The coffin of the royal ancestor that Lord Cangtian asked us to find is in the big tomb behind the tombstone!"

Ye Feng nodded and said, "We finally found it."

At this time, Xiao Qingdai was walking forward.

Prepare to take out the coffin from the big tomb.

But just as she was approaching the edge of the large tomb with a golden tombstone.

"boom!"

"boom!"

"boom!"

Suddenly, dozens of small tombs surrounding the big tomb suddenly exploded.

Zombie soldiers wearing ancient armor appeared one after another.

The bodies of these zombie soldiers are extremely tall and majestic, and their whole bodies are filled with extremely strong corpse and evil aura, and there is also an extremely terrifying murderous aura, which is extremely cold and terrifying.

Xiao Qingdai was startled by this sudden scene and immediately returned to Ye Feng, watching the dozens of zombie soldiers crawling out of the graves warily.

Ye Feng's eyes were a little solemn and he said: "These dozens of zombie soldiers, I guess they are all generals under the command of the ancestor of the royal family, and now they have become zombies."

Xiao Qingdai's eyes were startled and she said: "Ye Feng, do you mean that these dozens of zombies are actually the people who were buried with the ancestors of the royal family?"

Ye Feng nodded and said: "I guess so, because many royal families like to do this. After the emperor dies, the generals who followed him need to be buried with him to show the emperor's majesty and identity."

At this moment, dozens of zombie soldiers had ferocious looks on their faces, their eyes glowed scarlet, and they roared and rushed towards the two of them.

The living blood in Ye Feng and Xiao Qingdai caused the zombie soldiers to roar ferociously and bloodthirstily.

"God King Seal!"

At this moment, Xiao Qingdai did not hesitate at all and directly sacrificed her powerful soldiers.

"boom!"

The huge God King Seal suddenly grew in size in the sky and turned into a mountain-like steel seal. It contained a huge weight and smashed directly towards the dozens of zombie soldiers rushing forward.

"when!!"

But at the next moment, dozens of zombie soldiers worked together to punch out.

At this moment, a huge roar of steel suddenly sounded in the void.

The bodies of dozens of zombie soldiers have become as if they were cast from molten iron, indestructible and extremely terrifying!

"What?"

Seeing that her God King Seal was blown away by dozens of zombie soldiers, Xiao Qingdai's face suddenly showed a hint of horror.

"These are extremely powerful iron zombies. Their bodies have been tempered by the innate Yin Qi and Corpse Qi to be as strong as steel. They have become indestructible. Moreover, zombies have no souls and are very difficult to deal with!"

At this moment, Ye Feng's eyes showed a solemn look.

However, he also thought that it would definitely not be that simple to come to the royal forbidden area to take away the coffin of the royal ancestor.

Chapter 1858 The Sword of Judgment

At this time, Ye Feng stared at the dozens of zombie soldiers with copper skin and iron bones, and without any hesitation, he directly took out the Thunder Ancestral Talisman.

For these zombies bred by the yin energy of heaven and earth, the Thunder Ancestral Talisman, the yang and strong power of heaven and earth, has the greatest restraining effect.

"boom!"

At this time, Ye Feng attached the Thunder Ancestral Talisman to his body.

Suddenly, his whole body erupted with terrifying power of thunder and lightning.

His whole body directly transformed into an ancient thunder god, able to control the most destructive power of thunder in the world.

"boom!"

Ye Feng's whole body was wrapped with endless thunder and lightning, and he rushed directly towards the dozens of zombie soldiers.

"boom!!!"

Ye Feng punched a zombie soldier with his fist, and the terrifying thunder and lightning instantly enveloped the zombie soldier. ??

The destructive thunder and lightning are constantly destroying the corpse energy and Yin energy in this zombie soldier.

At this moment, the zombie soldier was electrocuted and froze in place, unable to move or attack at all.

Ye Feng's eyes moved, "I didn't expect the electric shock effect of thunder to be able to immobilize these zombie soldiers!"

"Okay! Then I'll immobilize you all!"

At this moment, Ye Feng jumped directly into the sky.

At this time, he was running his own skills frantically, injecting it into the Thunder Ancestral Talisman, and crazily stimulating the power of the Thunder Ancestral Talisman.

"Crash!"

"Crash!"

Suddenly, endless thunder and lightning power burst out from Ye Feng's body.

Even high in the sky, a sea of thunder and lightning formed.

"Roar!"

"Roar!"

"..."

An endless sea of thunder formed in the sky, causing the groups of zombie soldiers below to roar in horror.

For this group of zombies, the endless thunder and lightning is definitely their nightmare.

Although zombies have no souls, they are filled with fear and trembling from the heart.

"fall!"

Ye Feng waved his hand at this time, directing thousands of thunders like a god, and poured madly towards the bottom.

Boom!

At this moment, the endless thunder turned into a terrifying sea of lightning, which instantly enveloped dozens of zombie soldiers.

No matter how powerful these zombie soldiers are and how hard their bodies are, they are unable to move after being electrocuted at this time.

"good chance!"

At this time, Xiao Qingdai, who was not far away, flew over and suddenly pulled out the emerald green bamboo sword she was carrying.

This time Xiao Qingdai did not use the God King Seal, but used her sword for the first time, the emerald green bamboo sword.

At this time, the zombie soldiers were unable to move and were trembling in place due to the electric shock.

Xiao Qingdai had enough time to perform a terrifying killing technique.

She was seen holding the bamboo sword in her hand, closing her eyes slightly, and murmuring softly.

"The Sword of Judgment!"

"Heavenly murderous intent!"

boom!

At this moment, Xiao Qingdai opened her eyes, and an extremely murderous light surged in those beautiful eyes.

She seemed to have changed a person, becoming a peerless female murderer. The emerald green body of the bamboo sword in her hand was suddenly painted with a layer of darkness, faintly glowing with blood.

"boom!"

Xiao Qingdai drew her sword, and an infinite bloody murderous intent suddenly burst out from the bamboo sword in her hand. This sword was full of the meaning of heaven and earth's judgment. It could not only judge the life and death of people, but also the brightness and destruction of the heaven, earth and the universe. !

"Pfft!"

"Pfft!"

"Pfft!"

"..."

Almost at this moment, the heads of each zombie soldier were cut off in an instant, flew into the sky, and then hit the ground hard. .???.??

Dozens of zombies, all destroyed in an instant!

"sharp."

At this time, even Ye Feng couldn't help but show a look of surprise in his eyes, and gave a thumbs up to Xiao Qingdai who was not far away.

Uh-huh!

The next moment, Ye Feng flew to the ground and dug out all the corpse cores of dozens of zombie soldiers.

These dozens of zombie soldiers were all transformed into zombies by the ancient powerful men who were buried with the ancestors of the royal family of the Sky Blue Empire. Their cultivation during their lifetimes was extremely terrifying.

Even after so many years, their skills have become crystallized like corpse cores, which contain immense energy.

Although it is full of corrosive corpse power, Ye Feng's inheritance is tolerant of all things and can refine energy of any attribute in the world, so Ye Feng is not afraid at all.

"Swallow!"

At this moment, Ye Feng directly released the Devouring Domain and began to devour the dozens of corpse cores.

"Boom boom boom..."

Suddenly, huge waves of energy began to flow out of the corpse core and began to pour into Ye Feng's body.

Ye Feng could immediately feel that his power was growing rapidly.

boom!

And almost at the next moment, a huge martial arts momentum burst out from his body.

"boom!"

Another burst of momentum broke out, very huge!

At this moment, Ye Feng actually broke through two levels in a row and entered the fifth level of the Five Decline Realm of Heaven and Man!

It has to be said that the energy contained in these corpse cores is still very terrifying.

And Ye Feng can

I feel that the corpse core not only contains energy that can strengthen my cultivation skills, but also a special energy that can temper my physique and improve the strength of my flesh, flesh, and bones.

"That's right! These zombie soldiers have been tempered by the innate Yin Qi for thousands or even ten thousand years. Their bodies are made of copper skin and iron bones. They are very strong. It is difficult for magic weapons to break them. The corpse core can This should be the energy that improves my physique!"

Ye Feng thought in his mind and quickly ran to the corpses of dozens of killed zombie soldiers.

Then he stretched out his hand, a divine light flashed on his palm, and a glove of nine colors appeared.

It is the bloodline talent that Ye Feng awakened in the second heaven after practicing the Chaos Heavenly Emperor Technique: God Clan Gloves!

The God Clan Glove allows Ye Feng to extract the attributes of all things and increase his all-round attribute power, but it cannot directly extract life forms.

The bodies of these zombie soldiers are as hard as magic weapons.

If you can extract the attribute energy, you will definitely be able to greatly improve your chaotic body again.

At this time, Xiao Qingdai, who was not far away, saw Ye Feng wearing a strange glove and touching the corpses of those thousand-year-old zombies, and a strange look appeared in her beautiful eyes.

"What is he doing?"

Xiao Qingdai was very confused.

At this time, Ye Feng was wearing a god's glove and had already touched the first thousand-year-old zombie.

"Buzz!"

Suddenly, waves of powerful attribute power were directly extracted by Ye Feng and integrated into his body.

"Strong attribute extraction!"

"Extraction of corpse iron attributes!"

"Extraction of Millennium Bone Attributes!"

"Extracting attributes from copper skin and iron bones!"

"..."

At this moment, various attributes are extracted.

Ye Feng's body strength is growing rapidly.

Chapter 1859 Royal Ancestor

With Ye Feng's continuous extraction.

The attributes of each zombie continue to pass away, gradually softening, and finally become fly ash.

"What?"

Not far away, Xiao Qingdai watched Ye Feng touching the corpse of the zombie. The zombie turned into ashes as he touched it.

Her eyes suddenly showed a trace of horror.

Xiao Qingdai knew very well that the bodies of these thousand-year-old zombies were extremely strong and were comparable to magical weapons.

Even the God King Seal cannot smash the bodies of these thousand-year-old zombies.

But when Ye Feng touched it at this time, those zombies turned into pieces and flying ashes.

This really surprised Xiao Qingdai.

And she was a little confused, what on earth was Ye Feng doing?

And just when Xiao Qingdai was extremely confused.

Ye Feng's physique and body strength are rising sharply.

"The sixth level of the late stage of the third heaven of the Chaos Body!"

"Seventh floor!"

"Eighth floor!"

"Ninth floor!"

boom!

At this moment, Ye Feng had extracted nearly half of the thousand-year-old zombies.

Xiao Qingdai finally couldn't bear it anymore, ran over and asked loudly: "Ye Feng, what on earth are you doing?"

Ye Feng smiled and said, "I am extracting the attributes from these zombies to strengthen my physique."

When Xiao Qingdai heard this, her eyes were immediately startled and she said: "What? Extracting attributes? What kind of incredible method is this?"

Even Xiao Qingdai, who came from the eight ancient human clans in the God Realm, was shocked at this time.

Xiao Qingdai asked herself that she was the eldest lady of the Xiao family among the eight ancient clans. What scenes and things had she not seen before?

But at this moment, she had never heard of Ye Feng's so-called method of extracting attributes. \

br\u003e

Even unheard of!

It's like a fantasy!

But Ye Feng didn't have time to care about what Xiao Qingdai was thinking at this time.

He continued to diligently extract the attributes of the remaining zombies.

These zombies are all thousand-year-old zombies. They are full of color and taste, and their bodies are as strong as divine iron. They are really the best for extracting nutrients.

"Buzz!"

The moment when Ye Feng extracted the last old zombie into fly ash.

Ye Feng stood up suddenly and felt that the flesh, flesh and bones all over his body were trembling violently at this moment, as if a special elixir for strengthening the body had been injected into it, and the flesh, flesh and bones stirred out. The huge power of stocks.

At this moment, Ye Feng's physique has transformed to the first level of the Great Perfection stage of the third heaven of the Chaos Body!

As long as he has passed the great perfection of the third heaven, Ye Feng will completely transform into the fourth heaven of the chaotic body.

By then, Ye Feng's Chaos Heavenly Emperor Technique will allow him to awaken a new bloodline talent once again.

Ye Feng is very much looking forward to this.

At this time, Xiao Qingdai, who was standing next to Ye Feng, had a look of surprise in her beautiful eyes.

Although Ye Feng's cultivation level has not changed, Xiao Qingdai can vaguely feel that Ye Feng's current strength is many times stronger than before.

A stream of vitality as fierce as an ancient evil beast emanated from Ye Feng's body, making Xiao Qingdai feel suffocated for a moment.

It was the pure power emanating from the body, which was really incredible.

At this time, Ye Feng looked at the last big tomb and said, "Let's be careful. The people around us

The buried people all turned into thousand-year-old zombies, so the ancestors of the first generation royal family of the Sky Blue Empire might also have transformed into corpses. It would be absolutely terrifying. We must be careful. "

Xiao Qingdai nodded and said: "This is indeed very possible. We must be fully prepared and hope that there will be no corpse transformation, otherwise we will have an extremely tragic battle."

At this time, both of them were ready.

Xiao Qingdai held an emerald-green bamboo sword in her hand, and the Divine King's Seal was suspended above her head, casting down wisps of divine light to protect the two of them.

Ye Feng, on the other hand, attached the Thunder Ancestral Talisman to his body, and waves of thunder and lightning exuding a destructive aura surrounded his entire body. .???.??

In addition, Ye Feng has just extracted the attributes of dozens of thousand-year-old zombies, and his physical strength has risen to a level. Now, his physical strength is not necessarily much weaker than these thousand-year-old zombies, and he may be able to defeat them.

"Click, click..."

Suddenly, the two of them approached the tomb of the ancestor of the royal family of the Tianlan Empire.

Huge cracks appeared automatically on the surface of the entire tomb.

Waves of dark green corpse aura instantly emerged from those cracks, looking very strange.

"Jiejiejie..."

And suddenly at this moment, an extremely terrifying sinister laughter suddenly came from inside the huge tomb, which looked extremely weird in the dim environment.

Ye Feng and Xiao Qingdai looked at each other, both seeing the meaning in each other's eyes.

That is.....

As expected, the ancestors of the royal family also transformed into corpses!

"Attack directly!"

At this time, Ye Feng was too lazy to waste any more time. After all, there were royal patrols in this forbidden area.

just now

The battle between dozens of thousand-year-old zombies has caused huge commotion.

Royal patrols may descend here at any time.

Therefore, no longer wasting time at this time, Ye Feng chose to take the initiative.

"Thunder Punch!"

At this moment, Ye Feng stepped on the ground, his whole body rushed to the sky, and then punched the huge tomb underneath.

"boom!"

At this moment, Ye Feng condensed all the thunder and lightning into his punch, and blasted it out in an instant, directly forming a thunder beam, which crashed onto the tomb.

"boom!!"

"Crack! Click!"

Almost at this moment, the entire huge tomb exploded into countless pieces, revealing the scene inside.

At this time, what came into view turned out to be an underground palace!

Under the huge tomb, a huge and majestic underground palace was built with gold, full of infinite momentum!

Represents the most glorious royal majesty.

Even after death, it is still so luxurious.

Xiao Qingdai said at this time: "Ye Feng, the coffin of the royal family ancestor should be in the deep area of the underground palace. Do we want to enter it?"

Ye Feng frowned slightly at this time. There might be many mechanisms in this underground palace, and there might also be a royal ancestor who had turned into a corpse. It was quite dangerous and troublesome.

And just when Ye Feng and Xiao Qingdai were hesitating.

"boom!"

In the underground palace under the big tomb, accompanied by a burst of extremely rich corpse aura, a pale, skeletal hand suddenly grabbed out and grabbed directly towards Ye Feng high in the sky. The corpse aura soared into the sky, corroding everything!

Chapter 1860 Trapped

The big bone-white hand suddenly appeared and grabbed it from the depths of the underground palace. It was very fast and unexpected.

But Ye Feng's reaction was very fast. The moment the big bone hand appeared, he condensed endless thunder and lightning and blasted it out again.

"Boom!!!"

Almost at the next moment, the entire sky immediately erupted with a huge roar.

"Deng Deng Deng!"

At this moment, the big bone hand was directly bombarded by thunder and lightning and was scorched black, and it retracted instantly.

"Come on directly!"

Ye Feng roared, his whole body thundering like a thunder god, and he rushed directly into the underground palace.

Uh-huh!

When Xiao Qingdai saw Ye Feng rushing into the ground, she immediately followed him.

The bamboo sword in her hand was clanging, and could erupt with murderous intent at any time.

The moment the two entered the golden palace underground, they immediately saw a tall zombie with a burly body, like a little giant, standing up from a huge bronze coffin in the distance.

This tall zombie was wearing a set of very ancient black dragon robes. On his shriveled head, he also wore a flat crown. The skin showed a dark golden color and was obviously very strong.

This is a real zombie emperor!

"This is the first generation royal ancestor of the Sky Blue Empire! I didn't expect that the corpse would really transform!"

At this time, Ye Feng immediately said to Xiao Qingdai beside him: "I will hold back this corpse-turned royal ancestor, Qingdai, go and pack up the bronze coffin that the lord needs."

"good!"

Xiao Qingdai immediately held the bamboo sword and flew directly in the direction of the bronze coffin.

"Ancestor of the royal family! Your opponent is me!"

Ye Feng shouted loudly, and immediately his whole body was shining with thunder, and he rushed directly in front of the corpse-turned royal ancestor.

"boom!"

Ye Feng punched out and printed it directly on the emperor's body.

On the chest of the ancestor of the family.

"when!!"

But what shocked Ye Feng the next moment was that there was only a sound like a metallic roar at the collision point.

The body of the royal ancestor was towering and motionless, like a copper wall and an iron wall.

"Jie Jie Jie!"

A sinister laugh came from the mouth of the zombie, the ancestor of the royal family.

At this time, in front of Ye Feng, the zombie of the royal family's ancestor burst into laughter with maggots pouring out one after another. His teeth were all dark green.

The picture was so beautiful that I really didn't dare to look at it.

"The Ancient Dragon Soul Technique!"

Ye Feng felt chills all over, which directly inspired his powerful inheritance.

boom! !

At this moment, he turned into a huge white dragon and instantly broke free from the shackles of the zombies of the royal ancestors.

"hold head high!"

Ye Feng, who transformed into a white dragon, let out an earth-shattering roar and slammed into the old zombie underneath.

"The ultimate heaven-destroying, earth-destroying corpse path demon light wave!"

An old voice as hoarse as metal friction came from the hideous mouth of the ancestor zombie.

This ancestor zombie actually still has its own consciousness, and can also use the power of the corpse to exert a unique and terrifying power.

An extremely evil dark force suddenly surged out of the ancestor zombie's body, full of huge corrosiveness and destructiveness.

"kill!!!"

The white dragon transformed by Ye Feng, at this time, the entire surface of the majestic dragon body was also wrapped with endless thunder and lightning, like a thunder dragon from ancient times, also bursting out with endless destructive power.

"Boom!!!"

almost

The next moment, a terrifying aftermath of collision suddenly erupted in the entire underground palace. Strong winds blew, and the entire gold-paved ground was shattered piece by piece, turning into endless ruins.

"Ye Feng!"

Not far away, Xiao Qingdai, who had just put the royal ancestor's coffin into the storage ring, noticed the huge movement here. Looking at the collision of light waves that seemed to be able to destroy everything, she suddenly exclaimed in worry.

"Boom!"

Suddenly at this moment, a slightly embarrassed figure flew out from the aftermath of the collision.

It's Ye Feng!

However, most of the clothes on his body were broken at this time, and bright red blood overflowed, as if he had suffered a serious injury.

On the other side not far away, the ancestor zombie walked out from the aftermath of the collision. It turned out that there were only cracks in the skin of the body, which seemed innocuous.

"The Sword of Judgment!"

boom!

Xiao Qingdai did not hesitate at all, holding the bamboo sword in her hand, and once again released this terrifying family inheritance.

"boom!"

In an instant, Xiao Qingdai's whole body turned into a bolt of lightning, and the bamboo sword in her hand bloomed with terrifying destructive sword light, directly hitting the neck of the ancestor zombie.

Her move was very fast.

It was also this move before that instantly cut off the most vulnerable necks of dozens of thousand-year-old zombies, killing them all.

"when!!"

But at the next moment, what horrified Xiao Qingdai was that her sword struck the neck of the ancestor zombie like lightning.

But the ancestor zombie was equally incredibly fast and directly caught the lightning-like sword light.

"What?"

At this time, the bamboo sword in Xiao Qingdai's hand was caught by the ancestor zombie.

"Let go of the sword!"

Ye Feng roared from behind. \u003c

"Uh-huh!"

When Xiao Qingdai heard this voice, she subconsciously moved backwards quickly.

"Click, click!"

"boom!!"

And almost at the next moment, Xiao Qingdai's special emerald green bamboo sword was crushed to pieces by the ancestor zombie.

Uh-huh!

But Xiao Qingdai had already arrived at Ye Feng's side, supported him, and hurriedly said: "The bronze coffin for burying this royal ancestor has been obtained, let's go quickly!"

Ye Feng nodded and said: "This ancestor zombie is too powerful, we should hurry up and leave! We have completed this mission!"

Swish!

Xiao Qingdai supported Ye Feng and immediately ran away frantically outside the underground palace.

"You guys can't leave."

A hoarse old voice suddenly sounded from the mouth of the ancestor zombie.

"boom!"

At this moment, the ancestor zombie suddenly waved his hand towards the exit of the underground palace in the distance.

"Boom!!"

The only exit turned out to be an extremely strong golden door, which suddenly fell down and closed the entire exit.

"What?"

When Xiao Qingdai saw this scene, her heart immediately sank.

They are trapped in this underground palace, trapped with a terrifying ancestor zombie.

At this time, Ye Feng was also shocked. It was too late to break the golden door with the God Clan gloves.

The ancestor zombie behind is staring at him!

"All of you, please become my blood food when I come back again after a thousand years."

A voice full of hostility and evil sounded in the closed underground palace.

The ancestor zombies were full of evil energy and rushed directly towards Ye Feng and Xiao Qingdai!
