

## Ancient 1861

### Chapter 1861 Smashed

At this time, watching the ferocious ancestor zombies charging towards him, Ye Feng subconsciously wanted to use the space gem to directly pass through the blocked golden gate in front of him.

But the space gem can only be used by yourself and cannot be carried with other people.

Ye Feng suddenly turned around, looked at Xiao Qingdai beside him, and said solemnly: "Let's join forces! Fight this ancestor zombie!"

"good!"

Xiao Qingdai nodded immediately, with a hint of determination in her beautiful eyes, and said: "Even if I can bury you and Ye Feng here, I will have no regrets!"

When Ye Feng heard this, he couldn't help but feel a little dumb, and said: "Don't worry, we probably won't die. I have other powerful means."

Buzz!

The moment the words fell, Ye Feng didn't hesitate at all, and immediately began to consume his soul power and began to summon the future body of Dzogchen!

"boom!"

A long river of time immediately rushed out of Ye Feng's body, a vast expanse of white, flowing in the void, boundless.

At the end of the long river of time, a majestic figure of divine light stepped forward, full of incomparable momentum and endless vastness.

This majestic figure is the future body of Dzogchen!

He possesses the perfect cultivation level of the tenth level of the five realms of devastation and human beings!

Moreover, he possesses all the powerful combat power of Ye Feng's Dzogchen state.

"boom!"

The future body blasted a palm directly forward, and a large wave of energy light and air burst out, almost shattering the void.

"Boom!!"

This palm hindered the progress of the ancestor zombie, and even knocked the ancestor zombie back several steps.

"Amazing!"

When Xiao Qingdai saw this scene, she couldn't help but burst into surprise.

She looked at Ye Feng beside her with eyes filled with more and more admiration.

Obviously, Xiao Qingdai was completely impressed by Ye Feng this time.

Her heart was extremely determined, Ye Feng was the right husband she wanted to find. \u003c

br\u003e

Xiao Qingdai stared at Ye Feng, her beautiful eyes filled with a thrilling beauty, and murmured: "When everything is over, Ye Feng, please accompany me back to Xiao's house, okay?"

Ye Feng was nervously controlling his future body to fight at this time, and did not hear Xiao Qingdai's murmur.

He just looked at Xiao Qingdai beside him and said anxiously: "Lend me your God King Seal!"

"Huh? Oh, okay!"

Xiao Qingdai was in a daze when she heard Ye Feng's reminder and immediately handed the God King Seal to Ye Feng without hesitation.

"Qingdai, stay away!"

Ye Feng held the God King Seal and suddenly spoke.

"good!"

Xiao Qingdai immediately retreated towards the rear.

"The laws of heaven and earth!"

At this time, Ye Feng shouted directly.

boom!

Suddenly, an extremely savage force burst out from within Ye Feng's body.

His whole body began to expand rapidly on the spot, growing larger and larger, and finally rose directly from the ground, turning into a golden giant tens of thousands of feet tall.

It looks majestic and wild!

Has incredible power!

"Boom!"

"Click, click, click..."

At this time, the top of the entire underground palace was shattered inch by inch by the golden giant that Ye Feng had turned into.

"God King Seal!"

At this time, Ye Feng injected huge power into the God King Seal.

Buzz!

Immediately, the God King Seal began to expand and become as majestic as a mountain.

The mountain-like God King Seal is huge

It is extremely tall and dense, but at this time, in the hands of Ye Feng, a golden giant, it just fits in one hand.

"boom!"

Ye Feng held the God King's Seal as if he were holding a brick. He simply and roughly smashed it directly at the ancestor zombie who was fighting with the future body below.

"Boom!!!"

The entire field suddenly erupted with a huge roar.

"howl!!!"

Even though the ancestor zombie has an indestructible body, his head was smashed and his head was bleeding.

It let out a painful and shrill howl, and the zombie's head was dented directly by the God King's Seal, and black blood flowed out.

"Roar!!"

The ancestor zombie went crazy, and even made a human voice, shouting hoarsely: "Boy! Who are you? You are just an ant in the fifth level of the fifth realm of heaven and man, how can you have so many incredible methods! Where are you from? Who is your inheritor?"

But Ye Feng was too lazy to talk nonsense.

"boom!"

The future body of Dzogchen rushed in front of the ancestor zombie, stretched out his stalwart hands, and directly held down the ancestor zombie, and pinned it to the ground, unable to move.

"boom!"

"boom!"

"boom!"

At this moment, the ancestor zombie frantically stretched out his hands full of corpse poison, and quickly grabbed and scratched crazily at the Dzogchen future body that restrained him in front of him.

But the future body is completely an energy body, not a body of flesh and blood. The corpse poison of the ancestor zombies will not cause any harm to the future body at all.

"boom!!"

At this time, the golden giant that Ye Feng transformed into suddenly smashed down from high altitude with the God King Seal in his hand.

"Clang!!"

This time it was even stronger than before.

Things to know

Dao, Ye Feng himself is a chaotic body.

Now it has turned into the terrifying form of a golden giant.

Moreover, the Divine King Seal is a magical weapon brought by Xiao Qingdai from the family behind her. It is a very high-level and powerful magic weapon.

At this time, Ye Feng hit him hard again. The ancestor zombie couldn't move and could only be hit again and his head was bruised and bloody.

"how!!!"

"how!!!"

It howled wildly, but all was in vain.

"Die!"

Ye Feng roared loudly, and smashed down the God King Seal in his hand quickly and continuously.

It's like blacksmithing!

"Clang!"

"Clang!"

"Clang!"

No matter how hard the zombie head of the ancestor zombie was, at this moment, it was directly smashed to pieces by Ye Feng's crazy smash!

"Boom!"

Finally, the ancestor zombie's head was smashed, and the tall zombie fell straight to the ground.

"Finally dead!"

Ye Feng returned to his normal human form and landed from high altitude.

At this time, he was sweating profusely.

Obviously, it took a lot of effort to kill this ancestor zombie.

At this time, Xiao Qingdai not far away was still in a state of shock.

In her heart, she was still recalling the state of the golden giant that Ye Feng suddenly transformed into.

It's so barbaric!

So cruel!

So majestic!

So shocking!

Xiao Qingdai couldn't calm down for a long time.

If Ye Feng's transformation into a devil in the Devil's Cave previously surprised Xiao Qingdai, then this time, the golden giant form made the eldest lady of the Xiao family feel a deep flutter in her heart!

Chapter 1862 Royal Patroller

At this moment, Ye Feng did not notice the fiery look in Xiao Qingdai's beautiful eyes as she looked at him.

What Ye Feng is most concerned about now is the zombie body of the ancestor zombie that was killed below.

The zombie body of this ancestor zombie is countless times more powerful and precious than the bodies of the dozens of thousand-year-old zombies outside.

Ye Feng used countless methods and smashed the head of this ancestor zombie hundreds of times with the most powerful magic weapon among the eight ancient tribes, the God King's Seal.

It can be seen from this that how powerful the ancestor of the first generation royal family of the Sky Blue Empire had during his lifetime was able to transform into such a powerful zombie.

"Buzz!"

At this time, Ye Feng instantly released the God Clan gloves and directly touched the ancestor zombie.

"boom!"

In an instant, powerful and abundant attributes were quickly extracted by the God Clan's gloves and injected into Ye Feng's body.

Crazy increase the strength of his body!

"Strong attribute extraction!"

"Extraction of attributes from thousand-year corpse bones!"

"Extracting the negative attributes of zombies!"

...

At this moment, different attributes were extracted from the God Clan gloves and injected into Ye Feng's body.

Especially the "zombie Yin Power Attribute" plays a huge role in improving the body.

The main energy support for the zombies in this royal forbidden area to become copper-skinned and iron-boned is the zombie's negative attribute.

At this moment, as the zombie body of the ancestor of the royal family gradually turned into ashes, Ye Feng's body strength was rapidly increasing.

"The second level of the Dzogchen stage of the third level of the Chaos Body!"

"The third level of the third level of the Chaos Body, the Dzogchen Stage!"

"...Fourth floor!"

"...Fifth floor!"

...

until

The entire zombie body of the entire royal family's ancestors were turned into ashes, and Ye Feng's physique finally transformed to the tenth level of the third level of the Chaos Body, the Great Perfection Stage!

There is only one last step left to completely transform and step into the true fourth level of the chaotic body.

At that time, Ye Feng's Chaos Heavenly Emperor Art will once again awaken a terrifying bloodline talent.

However, Ye Feng knew very well that it was absolutely difficult to completely transform in this last step.

"I have successfully completed the mission this time. After returning to the Genius Base, I must ask Lord Cangtian to give me more benefits."

Ye Feng thought secretly in his heart.

Next, Ye Feng smashed the golden door with God's gloves and walked out directly with Xiao Qingdai.

As for the attributes of the golden gate, they are not of much use, they are all ordinary attributes.

Ye Feng's current physique has been improved to this level. Only special and advanced attributes can have an effect on improving his physique.

But just when Ye Feng and Xiao Qingdai left the underground palace.

"Buzz!"

An extremely powerful and terrifying aura suddenly fell from the sky, locking the auras of the two people.

"The aura of perfect cultivation at the tenth level of the Heavenly Ladder Realm!"

At this time, both of them looked shocked.

And the next moment.

"I didn't expect that you two hateful thieves would sneak into the forbidden area of our royal family and dig up the big tombs of my royal family ancestors. It's so abominable that you will all die without a burial place today!"

Following a majestic and fierce voice, an old man in black robes landed from the sky in an instant.

Ye Feng's eyes changed and he said: "It's in the forbidden area of the royal family.

patroller! It seems that the noise of the battle just now was so loud that it attracted the royal patrollers! "

At this time, Xiao Qingdai stared at the royal patrol on the opposite side and said: "We passed by this place accidentally. Because your royal family ancestor had a corpse transformation, we took action."

The royal patrolman smiled coldly and said: "In any case, you two outsiders dare to trespass into my forbidden royal area. This is a heinous crime and cannot be forgiven, so you must die!"

boom!

The moment the royal patrolman finished saying these words, he immediately rushed towards the two people. The murderous aura released from his body was simply earth-shattering and overwhelming!

"The tenth level of Heavenly Ladder Realm Dzogchen Dzogchen Cultivation! If it were before, maybe I would run away now, but now I am no longer the me before! Now, my physical fitness has been greatly improved, and the Heavenly Ladder Realm's attacks , it can't cause much harm to me at all!"

Suddenly, Ye Feng spoke up, his tone full of powerful confidence, like an emperor no longer hiding himself, revealing his peerless edge!

"boom!"

At this time, Ye Feng mobilized his body strength and cultivation skills, all of which were superimposed together.

Immediately, a huge and boundless aura burst out from Ye Feng's body, with such violent force that it crushed the mountains and rivers.

At this moment, Ye Feng's aura could vaguely compete with that of the royal patrolman opposite.

Xiao Qingdai's eyes widened. She didn't expect that Ye Feng would become so much stronger this time by extracting the zombie attributes of the ancestor of the royal family.

She immediately stood behind Ye Feng.

At this time, the royal patrolman on the opposite side sensed the terrifying aura on Ye Feng's body, and his expression suddenly changed slightly, becoming a little shocked.

Originally patrolling the royal family at the tenth level of the Heavenly Ladder Realm, Dzogchen Dzogchen

In the eyes of the observer, Ye Feng, who was opposite him, was only an ant in the fifth level of the fifth realm of decline of heaven and human beings. He could be crushed to death with one kick.

But at this time, this ant suddenly turned into a giant that could rival him, giving the royal patrol a sense of sudden shock.

But after a brief shock, the royal patrolman regained his composure and said with a sneer: "No matter how powerful the momentum is, what's the use? It's just a fox pretending to be a tiger. Boy, the perception between you and me is like the gap between heaven and earth. You are dead." "

boom!

At this time, the royal patrolman no longer hesitated, and immediately stretched out his hand and grabbed it in the distance.

"boom!"

The vitality of heaven and earth rioted, and a big golden hand immediately appeared on top of Ye Feng's head, trying to squeeze him to death.

"break!"

Ye Feng roared, instantly stimulating the super power of the Chaos Body.

boom! !

He punched out with such force that the space was about to be penetrated, directly blasting the big golden hand into fragments all over the sky.

"Knife domain!"

A handful of blades emitting divine light flew out from the body of the royal patrol not far away. There were thousands of them. They instantly formed a field of steel blades, surrounding Ye Feng and releasing him. He unleashed a terrifying sword light and sword energy and strangled Ye Feng crazily.

"Can't trap me!"

Ye Feng roared loudly, and his whole body exuded wisps of chaotic energy. He was like an angry dragon soaring into the sky. He smashed countless blades with his body and flew high into the sky.

"What?!"

The royal patrolman's face finally changed, and he couldn't help but said in horror: "How can you, a little boy in the fifth realm of heaven and human beings, have your body so tempered that it is so indestructible? There is no way that there is such a powerful person in the territory of the Sky Blue Empire. Body training technique!"

Chapter 1863 The Tenth Heavenly Perfection

The royal patrollers were filled with shock at this time.

Because he discovered that many of his attacks could not cause any harm to the boy who was not in the Five Decline Realm of Heaven and Human.

"I do not believe!"

The royal patrollers let out a terrible roar.

"Ten thousand swords unite! Invincible in the world!"

He displayed an extremely powerful killing technique.

"Qiang!"

"Qiang!"

"Qiang!"

Accompanied by harsh sword sounds, a war sword with a blade even more terrifying than the previous one erupted from the body of the royal patroller.

Wow!

Wow!

Thousands of long swords, boundless and sharp, gathered together to form a long river of steel sword energy, charging towards Ye Feng to fight.

"Thunder Ancestral Talisman!"

Ye Feng roared loudly, and endless thunder and lightning light surged from his body, and a huge thunder scepter suddenly condensed in his hand.

This is the weapon of Lei Ancestor in the Thunder Ancestral Talisman. It is manifested at this time. Although it is not a real weapon, it is just composed of thunder and lightning energy, but it also has incredible power.

At this moment, Ye Feng's whole body was filled with thunder. He held a huge thunder scepter and struck directly at the long river of steel sword energy attacking from a distance.

"Boom!"

"Boom!"

Suddenly there was an endless collision.

The entire sky was filled with a brilliant light of destruction.

Xiao Qingdai saw the aftermath of the battle not far away and couldn't help but look surprised.

She didn't expect that Ye Feng could really fight against a royal patroller who was at the tenth level of the Ladder Realm, and he was not at a disadvantage.

Thinking of this, Xiao Qingdai was not in a hurry. Originally, she was planning to unlock the cultivation seal on her body.

But now, leave all this to Ye Feng

That's it.

Xiao Qingdai has always relied on herself to survive any crisis she encountered.

For the first time, she felt a sense of security with a companion to rely on.

Xiao Qingdai even enjoyed this feeling.

"Uh-huh!"

At this time, high in the sky, Ye Feng quickly rushed forward and killed directly in front of the royal patroller.

"boom!"

Ye Feng knew that his advantage was the strength of his body, so he was looking for any opportunity to get closer.

"boom!!"

The terrifying chaos force burst out from Ye Feng's fist, and suddenly hit the chest of the royal patroller.

Buzz!

At this moment, the surface of the royal patroller's body suddenly lit up with a golden light, and a layer of golden protective clothing suddenly appeared, trying to resist that terrifying power.

"Ancient Divine Ring!!"

But at this time, Ye Feng roared again, and thousands of haloes of divine light suddenly lit up on his body.

He burned his energy and blood crazily, and thousands of ancient divine rings were directly manifested in this moment.

The power of Ye Feng's fist directly increased his combat power by thousands of times!

"boom!!"

This is an extremely terrifying force. It is so powerful that it can overturn the entire sky and earth and shatter all directions!

"Click, click..."

In the horrified gaze of the royal patroller, Ye Feng's explosive fist force shattered the golden guardian uniform on his body inch by inch, and then his fist blasted through the patroller's chest.

"Pfft!"

All the internal organs are affected by this

The punch shattered it and went right through the chest.

"ah!!"

The royal patrolman immediately let out an earth-shattering howl, and his whole body trembled and flew backwards. With a "bang-dong" sound, he fell to the ground hard, his face extremely pale.

"Buzz!"

And Ye Feng, who had burned all his energy and blood and exploded with thousands of times his combat power in an instant, also ran out of energy and flew down from the high altitude with a pale face.

"you you....."

At this time, the face of the royal patrolman lying on the ground was stained with blood, and his eyes were wide open. He stared at Ye Feng who was walking slowly, and said in horror: "How could that punch just now have such terrifying power?" The power has surpassed the level of the ladder realm!"

At this time, the royal patrolman couldn't figure out why Ye Feng, who was not in the Five Decline Realm of Heavenly Man, could suddenly burst out with power beyond two levels in an instant.

This is simply unbelievable!

Even the most powerful amplification secret technique in the Sky Blue Empire cannot achieve such an exaggerated and incredible level of amplification.

"Pfft!"

But Ye Feng stepped forward, without saying a word, and cut off the royal patroller's head with a sword.

A generation of super strong people who reached the tenth level of the Heavenly Ladder Realm, died!

At this time, Xiao Qingdai who was not far away suddenly ran over, holding a palm-sized dark green stone-like object in her hand, which was still emitting green light and filled with corpse energy.

Xiao Qingdai said: "Ye Feng, this is the corpse core of the royal ancestor zombie you just killed in the underground palace. You forgot to take it. This should have huge energy for you to devour. "

Ye Feng saw the palm-sized corpse core. This was the corpse core of a ten-thousand-year-old zombie.

Ye Feng slapped his forehead and said with some embarrassment: "I was thinking about extracting the attributes of the ancestor zombie before, but forgot about the attributes that were born in his body.

Corpse core, this is also a good thing. "

At this time, Ye Feng walked up to Xiao Qingdai, took the corpse core that exuded dark green light, smiled tenderly at the cold goddess in front of him, and said: "Qingdai, thank you."

In any case, Ye Feng's affection for Xiao Qingdai is increasing day by day.

"No...you're welcome."

Looking at Ye Feng's face of a man so close for the first time, Xiao Qingdai quickly lowered her head slightly, and patches of blush appeared on her cold, noble and beautiful face.

Uh-huh!

At this time, Ye Feng turned around directly, holding the core of the ancestor zombie in one hand, and pressing the corpse of the just-dead royal patroller with the other hand, and began to devour it.

"boom!!"

"boom!!"

Suddenly, two huge energies were absorbed by Ye Feng, injected into Ye Feng's body, and crazily increased his cultivation strength.

Waves of terrifying and huge momentum continued to erupt from Ye Feng's body.

boom!

"The Five Decline Realms of Heaven and Human Beings and the Sixth Level of Heaven!"

boom!

"The Seventh Heaven of the Five Decline Realms of Heaven and Man!"

boom!

"The Eighth Heaven of the Five Decline Realms of Heaven and Man!"

boom!

"Ninth Heaven of the Five Decline Realms of Heaven and Man!"

boom! !

"The Great Perfection of the Ten Heavenly Levels in the Five Decline Realms of Heaven and Man!"

call!

At this time, Ye Feng suddenly opened his eyes, and there was even a dazzling divine light in his pupils, like two divine swords bursting out, directly penetrating the ground in front of him for thousands of meters, the destructive power was amazing!

"Uh-huh!"

Ye Feng stood up immediately, feeling the terrifying power of the Great Perfection of the Tenth Level of the Five Decline Realm of Heaven and Human, and felt that his combat power at this moment was many times stronger than before!

Chapter 1864 The ambition of Lord Cangtian

"Ye Feng, you have broken through so many levels all at once! How amazing!"

Xiao Qingdai trotted over not far away, with a hint of joy in her beautiful eyes.

She was truly happy for Ye Feng.

Because the stronger Ye Feng becomes, Xiao Qingdai feels that he is her true destiny in her heart.

Even if you take him back to the family, the people in the family won't say anything.

At this time, Ye Feng smiled slightly, his eyes were quite happy, and said: "This time I came to this royal forbidden area, I didn't expect that the harvest was quite big, which surprised me a little."

Xiao Qingdai nodded vigorously and said: "Since our mission has been completed, let's leave here as soon as possible. I always feel that there are many other dangerous existences in this forbidden area."

Ye Feng said: "The environment in this royal forbidden area is indeed quite harsh. Let's leave."

Uh-huh!

Uh-huh!

The two people quickly left here and flew towards the entrance of the underground passage that had entered the royal forbidden area before.

Not long after the two people left.

A group of masters with extremely powerful auras arrived here.

These people are all old people, wearing royal clothes.

Apparently they were all royal patrollers.

The huge movement that broke out here just now attracted many people to come and watch.

And the moment everyone arrived and saw the scene in front of them, they couldn't help but immediately changed their expressions.

"The grave exploded?!"

All the royal patrollers had deep astonishment in their eyes.

Because the tomb of their ancestor of the royal family of the Sky Blue Empire actually exploded!

This is simply a huge change!

"Who broke into the forbidden area of my royal family and stole the tomb of my ancestor!!!"

At this time, a group of royal patrols entered the broken underground palace one after another and found that the entire underground palace was empty, leaving only ruins.

Everyone's faces were livid, and their bodies were trembling with anger.

"Inform His Majesty the Emperor! Make every effort to thoroughly investigate the mastermind behind the scenes!"

One by one, the royal patrollers roared loudly, and the sound resounded throughout the entire royal forbidden area.

...

At this moment, Ye Feng and Xiao Qingdai, the two masterminds, had safely traveled through the entire underground passage and returned to the previous entrance.

The shadow Lord Cangtian sent to lead the way was still standing at the entrance to the wilderness.

"Are you back?"

At this moment, Shadow saw Ye Feng and Xiao Qingdai returning intact. Even though he was a mysterious master under Lord Cangtian, he couldn't help but say with a hint of excitement in his voice: "Have you got it?"

Xiao Qingdai raised her little white jade hand, smiled sweetly, and said: "Don't worry, Senior Shadow, the coffin of the ancestor of the royal family of the Tianlan Empire is already in my storage spirit ring."

When the shadow heard this, an excited tone immediately came out from the black hood: "Great, what the lord needs is in that coffin, let's go back quickly."

At this time, the shadow took the two people directly away from this wilderness place. There were no dangers along the way, and finally returned to the mansion of Lord Cangtian.

Uh-huh!

Lord Cangtian's tall and majestic figure immediately walked out of the central hall.

Rao is a powerful man in the Titled God Realm, and he also has a look of expectation at this moment.

"Fortunately, I lived up to my fate."

Xiao Qingdai stepped forward and said these four words.

"Very good!"

At this moment, Lord Cangtian was extremely happy and said: "Hurry up and bring me the coffin of the ancestor of the royal family!"

"good."

Xiao Qingdai immediately took out an extremely ancient bronze coffin from her storage ring.

"that's it!"

Lord Cangtian's eyes suddenly glowed with infinite divine light, and he rushed forward and held the bronze coffin in his hands.

At this time, Lord Cangtian's eyes were filled with a deep passion, desire, and a burning ambition!

Xiao Qingdai had never seen this look before, and she even took a few steps back in fear.

Ye Feng walked up to Xiao Qingdai at this time, stared at Lord Cangtian, and said: "Lord, what kind of secret is hidden in this bronze coffin?"

Lord Cangtian seemed to realize at this time that he had lost his temper, and he put the bronze coffin into his storage space.

Then he stared at the two young people in front of him with a slightly deep gaze, and said loudly: "You are the two most amazing and talented people in the genius base. It doesn't matter if I tell you, because my next plan requires You serve me."

After the words fell, Ye Feng and Xiao Qingdai's eyes showed curiosity.

Even the mysterious shadow wrapped in a black robe was leaning forward slightly at this time and seemed to be very curious.

Under the gazes of several people, Lord Cangtian took out the bronze coffin again and said: "I have seen that the Royal Family of the Sky Blue Empire has been unhappy for many years. Ever since I came to this territory, I have been exploited and suppressed by the Royal Family, so I came up with the idea Got an idea

, that is, rebellion. "

"rebel?!"

The moment Lord Cangtian finished speaking, several people on the field couldn't help but exclaimed.

rebel?

Is that the royal family that overthrew the Sky Blue Empire?

Become an emperor yourself!

Xiao Qingdai was only briefly shocked, then nodded quite calmly and said: "With your strength, Lord, you are indeed enough to replace the Emperor Tianlan of the Tianlan Empire."

Lord Cangtian spoke with strong confidence, and said with a smile: "The cultivation level of Emperor Tianlan is the same as mine. He is a god-general-level existence in the titled god realm. However, his inheritance is not as good as mine, and his combat power is naturally not as good as mine." Me, but what I'm afraid of is the Luck Golden Dragon of the Sky Blue Empire!"

"Luck Golden Dragon?"

Several people present had surprised expressions in their eyes, as if it was the first time they had heard of such a thing as the Luck Golden Dragon.

At this time, Lord Cangtian smiled and explained: "In our God Realm, there are many powerful countries that have followed the path of the Luck Dynasty. The Sky Blue Empire is like this. When it was promoted from a small country to a dynasty, the entire Sky Blue Empire's luck condensed into a luck golden dragon. That luck golden dragon is very powerful, many times more powerful than the Sky Blue Emperor. I am no match for the luck golden dragon, otherwise I would have taken action long ago. "

Having said this, Lord Cang Tian stared at the bronze coffin in front of him and said: "But I once learned a secret technique from the super sect that I was a disciple of, which can pass through the skills of the ancestors of the first generation of the royal family. Buried in a coffin, I use this secret technique to suppress the strength of the Sky Blue Empire's Luck Golden Dragon. If it succeeds, then I will lead everyone to attack the Sky Blue Empire's imperial city, and I will ascend the throne and replace the Sky Blue Empire's royal family!"

At this time, Lord Cangtian spoke, his tone full of huge confidence and majesty, his sharp edge and momentum soaring to the sky!

Chapter 1865 Personal Training

Listening to everything Lord Cangtian said, several people present could not calm down for a long time.

But when they thought about it carefully, it all made sense.

Because the Cangtian Lord is not the ordinary weak lord in the Sky Blue Empire, he has a huge respect for the imperial power.

You must know that Lord Cangtian is not a native of the Sky Blue Empire, but seems to come from a super sect.

His cultivation level is comparable to that of Emperor Tianlan who commands the entire empire!

Therefore, it is reasonable for Lord Cangtian to want to rebel and be promoted from lord to Emperor Cangtian.

The royal family of the Sky Blue Empire probably also knows this, so they have been suppressing Lord Cang Tian for a long time.

However, the royal family still needs top powerhouses like Lord Cangtian to suppress the frontier areas of the Sky Blue Empire, so it can be said that the royal family loves and hates Lord Cangtian.

At this time, Lord Cangtian looked at the people in front of him and said: "This is a top secret. None of you can leak it. As for when to launch a general attack on the royal family of the Sky Blue Empire, I still need to plan. During this period, Ye Feng, I hope you can become stronger, so that I can trust you with my inheritance."

Ye Feng clasped his fists and said, "Lord, what I need most now is to improve my strength as soon as possible so that I can help the Lord in the future. I don't know if the Lord can help me break through quickly."

Ye Feng knew that his body was now a bottomless pit, and even Lord Cangtian might not have enough resources for him to devour.

Therefore, if you want to break through in a short period of time, you need other methods.

At this time Lord Cangtian smiled slightly and said: "Don't worry, I will let the shadow train you."

Ye Feng's eyes moved and he looked at the mysterious figure in black robe beside him and said: "Senior Shadow is training me?"

Shadow spoke at this time: "Ye Feng,

I will obey the Lord's orders and give you the most terrifying training. "

Scariest training ever?

Hearing this, Ye Feng suddenly shuddered for some reason.

...

In the following time, Ye Feng did not return to the genius base, but was taken out by Shadow personally and left Cangtian Mansion.

A deep place in the wilderness very far away from Cangtian Mansion.

At this time, there was a huge pit on the earth.

At this time, half of the pit was filled with cold air, while the other half was burning with raging flames.

This kind of natural place where ice and fire exist at the same time can be said to be very rare.

At this time, Ye Feng was sitting cross-legged in the pit of ice and fire, enduring the extreme cold and the endless barbecue of the flames.

If it weren't for his strong body, he would have been half frozen and half burned to death.

At this time, at the edge of the ice and fire pit, Shadow was standing there in a black robe, watching over Ye Feng.

The shadow said: "In the early years, the lord traveled in the surrounding wilderness and encountered many natural wonders and places of creation. The location of these places has been marked by the lord, so that he can use it to cultivate talents in the future. This The place I brought you to was the place of creation that the lord accidentally encountered. "

Ye Feng endured the terrifying cold and heat, sweating on his forehead, and said with difficulty: "Senior Shadow, can this so-called destructive training really allow me to break through in a short time?"

Shadow's tone seemed to contain a hint of a smile.

, said: "Don't worry, my training effect is very useful. Lord Lord told me that your cultivation inheritance is very special, and you can absorb the energy from the outside world to strengthen yourself, so what I have to do now is the first step. Through this land of ice and fire, all the remaining energy that has been swallowed up in your body will be squeezed out, helping you make the most of the undigested energy in your body. When this step is completed, I will take you to the

next one. There is a lot of energy there to devour, so you don't have to worry and just keep calm and practice."

Hearing what Shadow said, Ye Feng immediately nodded and strengthened his confidence.

If Lord Cangtian hadn't plotted rebellion this time, maybe he wouldn't have been treated so well.

Because Lord Cangtian needs talents and young geniuses to grow up quickly and help him attack the royal family of the Sky Blue Empire.

That's why Ye Feng was able to receive such special treatment and training.

Not even Xiao Qingdai was treated like this.

It seems that in the eyes of Lord Cangtian, Xiao Qingdai has never been regarded as his true subordinate.

After all, Xiao Qingdai came from the Xiao family, one of the eight ancient human clans in the divine world, and came to Cangtian territory just to escape the family's troubles.

Therefore, the only person that Lord Cang Tian values most is Ye Feng.

"I seemed to feel waves of heat, appearing inexplicably from every part of my body."

Sitting in the pit of ice and fire, Ye Feng suddenly opened his eyes and uttered some surprise.

The shadow standing not far away smiled and said: "You feel it, right? Those heat currents that suddenly appeared out of thin air in various parts of your body are the energy that you failed to refine in time after swallowing it before. Now in this land of ice and fire, "

Ye Fengdian

Nodding, this time he really believed in Shadow's method.

Three days later.

"boom!"

A huge momentum burst out from Ye Feng's body.

With the help of the remaining energy in his body, Ye Feng finally made a breakthrough.

From the Great Perfection of the Ten Heavenly Stages of the Five Declines of Heaven and Man, he has broken through to the Half-step Ladder Stage!

"good."

Shadow spoke up at this time.

"Ice and fire, disappeared?"

At this time, Ye Feng saw that the ice and flames in the pit around him had completely disappeared.

Shadow said: "The energy in the pit of ice and fire has been integrated into your body and constitution, and it seems to have given you some special attributes. You can give it a try with a punch."

boom!

At this time, Ye Feng immediately punched out normally, without stimulating his own skills or using any martial arts inheritance.

"boom!"

But at this moment, a column of cold and flame light burst out from Ye Feng's fist. The fusion of ice and fire was so powerful that it bombarded a large mountain in front of him until it collapsed.

"Huh? Normal attacks also have their own attribute power?"

Only then did Ye Feng realize that the pit of ice and fire that Shadow had brought him to was definitely not an ordinary place, but truly a place created by nature.

"Follow me, let's go to the next location."

The shadow turned around at this time and walked towards the distance.

"Wait for me!"

Ye Feng tasted the sweetness at this time, and immediately followed him, no longer doubting the shadow's training on him.

Chapter 1866 Seven Human Emperors

On the way, Shadow analyzed: "It is still very difficult to step from the half-step ladder realm to the real ladder realm. However, Ye Feng, your cultivation is special and you can strengthen yourself by devouring external energy. But this piece of land we are on, Nowadays, there are very few things that can help you at this level. You need to go to wider places to continue to break through at a high speed."

Ye Feng's eyes looked a little surprised at this time and said: "Senior Shadow, what do you mean?"

Shadow said: "The place I am taking you to now is the territory of a powerful race."

Ye Feng's eyes moved and he said: "What powerful race?"

Shadow said slowly: "The Flood Dragon Clan is in the deep sea area, so where we are going this time, the journey may be quite far, or even out of the safe place of the human race, so we have to be careful."

Ye Feng nodded and said: "The more dangerous the place, the more opportunities there may be. Is the dragon fish clan we are going to this time stronger than our human clan?"

Shadow smiled and said: "The Flood Dragon Clan is a relatively weak race among the deep-sea races. Compared with our entire human race, it is considered a strong tribe. However, the place I am

taking you to this time is a small ethnic group of the Flood Dragon Clan, and It doesn't go deep into the deep sea, it's just on the edge of the deep sea area, so there shouldn't be any big problem."

Ye Feng asked: "Are we going to fight directly against the Jiaoyu clan?"

"of course not."

Shadow shook his head dumbly and said: "To fight directly with the Jiaoyu Clan in the deep sea is like seeking death. I took you to the Jiaoyu Clan because there is a Deep Sea Saint among the small Jiaoyu Clan. Bead, that deep-sea holy bead grew in a coral reef in that small group of Jiaoyu clan. When the lord traveled there, the deep-sea holy bead had not yet fully grown and matured. Now, decades have passed. It's almost time to pick the Deep Sea Holy Pearl, so this time our goal is the Deep Sea Holy Pearl from the Jiaoyu Clan."

Deep Sea Holy Pearl?

It must contain extremely rich deep-sea energy!

Ye Feng's eyes lit up, but then he thought of something and suddenly asked: "If such a precious deep-sea holy bead is discovered by practitioners from the Jiaoyu tribe in the past few decades, wouldn't we be in vain? Take a trip?"

Shadow smiled and patted Ye Feng's shoulder and said, "Even without that deep sea holy bead, there are countless seabed mineral deposits and natural and earthly treasures in the deep sea area. It's absolutely right to go to that place. , it will be of great benefit to your strength improvement, and the deep sea area is one of the most important areas in my personal training plan for you this time."

Ye Feng heard this and said nothing more.

It seemed that Shadow had already had this plan before Lord Cangtian gave the order, and he was the one chosen to focus on training.

"Fortunately, I didn't restrain my hands in the Demon's Cave, but let go and started a big fight. Otherwise, I might not have received the attention of Lord Cangtian."

Ye Feng thought secretly in his heart.

...

After seven days and seven nights.

Ye Feng and Shadow finally arrived at their destination.

Deep sea area!

Ye Feng can no longer tell where exactly it is.

All he knew was that he had left the basic security realm of the human race and entered the territory of other powerful races.

They passed through the dense forest, and when they came out, they saw in front of them

It is an endless golden beach.

Then there is the blue ocean, which is boundless and gives people a refreshing feeling.

But there are huge dangers hidden in this deep sea, and powerful races have survived in it since ancient times.

Shadow said with a hint of sigh in his tone: "The land of God Realm is too vast, and there are countless powerful races and super powers."

Ye Feng's eyes moved. It seemed that this shadow had a lot of experience.

Moreover, Shadow is also a master who is probably secretly trained under Lord Cangtian, and is a confidant-like existence.

At this time, Ye Feng suddenly couldn't help but asked his inner doubts: "Senior Shadow, where do our lords come from?"

Shadow didn't seem to expect that Ye Feng would suddenly ask this question. He couldn't help being slightly stunned, and then said: "The Lord comes from a super power in our human race. I don't know the specific name of that super power, but I know What's more, this super force is the most powerful force in our human race in the wilderness, and it is the backbone of our human race in the wilderness, resisting the threats of powerful races outside."

"Desolate land?"

Ye Feng caught a new term, and immediately moved his eyes and said: "Senior Shadow, the place we are now is called the wilderness?"

Shadow nodded slightly and said: "Yes, these are things that the lord once popularized to me. Ordinary people have no access to them. Now that they are mentioned, I will popularize them with you, because you are destined to board us in the future. People on the big stage of the human race."

"The entire God Realm is vast and endless. Even the legendary ancient gods, ancient demon gods, etc. cannot tell how vast the God Realm is. Anyway, the knowledge spread since ancient times is that the God Realm is divided into ninety-eight thousand. Qianyu."

"But our human race territory currently only controls seven domains, and it is still the lowest-ranking small domain among the ninety-eight thousand domains. The super power that the lord comes from is the 'Desolate Domain' among these seven domains. pillar."

...

Listening to what Shadow said, Ye Feng immediately showed a hint of shock in his eyes.

The world of gods is so vast!

There are 98,000 domains!

The seemingly huge human race actually only controls seven domains.

And they are all small domains ranked at the bottom!

No wonder that after Ye Feng came to the God Realm, he kept hearing from people around him that the human race was just a very small race in the God Realm, with no sense of existence at all.

In the entire God Realm, a truly powerful race is simply unimaginable.

At this time, the shadow continued to speak: "It is rumored that the reason why our human race has been able to survive with difficulty for so many years without being destroyed is because there is a human emperor in each of the seven major domains of our human race. There are seven human emperors in total. Sitting in the seven major domains, it represents the top combat power of our human race and is the patron saint of our human race."

At this time, when Shadow talked about the seven Human Emperors, his tone was full of deep respect.

Because the reason why the human race can survive among the countless dangerous races around them is almost entirely due to the seven human emperors supporting the entire human race territory.

"Seven Realms!"

"Seven Human Emperors!"

"The patron saint of humanity!"

At this moment, Ye Feng felt a deep surging feeling in his heart. On the way, Shadow analyzed: "It is still very difficult to step from the half-step ladder realm to the real ladder realm. It seemed that Shadow had already had this plan before Lord Cangtian gave the order, and he was the one chosen to focus on training.

Ye Feng thought secretly in his heart.

At this moment, Ye Feng felt a deep surging feeling in his heart.

## Chapter 1867 The terrible poisonous insect

"Let's lurk there. This place has gone out of the wilderness where we are, and is no longer protected by the Human Emperor of the wilderness. So even if we are killed by other races, I'm afraid there will be no strong ones from our human race to save us."

At this time, Shadow spoke in a solemn tone and said: "Actually, there are many human warriors outside the seven major areas of our human territory. They do not seek stability, but want to make a living in the outside world. These people are called As a human wanderer, I have always admired the courage of the wanderers, who dare to step out of the shelter of the human emperor and enter the many lands where powerful clans are numerous, and write various glorious and legendary deeds. However, most of the wanderers Their fate was basically killed by other powerful races, which was very tragic."

At this time, Ye Feng heard what Shadow said, and secretly thought to himself that he should just stay in the Human Emperor's sanctuary first.

Soon, the two of them arrived on the beach in front, approaching the deep sea area.

"Wow!"

Suddenly at this time, part of the calm golden beach suddenly exploded, and a large dark green centipede that was as long as a person suddenly sprang out.

Uh-huh!

Like a dark green lightning, it struck towards Ye Feng in an instant.

This is a very scary poisonous insect!

"boom!"

Ye Feng punched out subconsciously.

"when!"

The next moment, Ye Feng's fist struck the dark green centipede, and a crisp sound like a metal collision broke out.

boom!

The big dark green centipede was directly blown away and fell on the beach in the distance. It did not die. Instead, it shook its ferocious centipede head, showing a vigilant state, as if waiting for the next attack.

"What? He's not dead?"

At this time, Ye Feng was very shocked.

He knows that his

A fist, how powerful and powerful it is.

But that seemingly ordinary dark green centipede didn't do any harm at all?

At this time, the shadow suddenly spoke: "Ye Feng, you must remember that our human race is not a strong race in the vast land of the God Realm, but an extremely weak race. After leaving the human race's territory, even a single person can see it. Like an ordinary poisonous insect, its ancestors may be older than our human race. Every creature is very powerful. Although you are talented, you cannot be overly proud. There are people outside the world, and there is a sky outside the world. Powerful creatures in the divine world. There are too many races."

Click, click...

At this time, the dark green centipede in the distance seemed to realize that the two of them were not easy to mess with, and immediately rushed into the beach and disappeared.

At this time, Ye Feng looked at the entire golden beach around him, feeling a little chilly in his body.

The seemingly peaceful and beautiful beach may be full of terrifying dangers that can be daunting.

"Pfft!"

Suddenly, Shadow stretched out his fingers and thrust them into the beach beneath his feet.

"Pfft!"

Like two iron bars, indestructible, they pierced into the bottom of the beach and pinched out a poisonous insect in the sand.

This poisonous insect is exactly the big dark green centipede just now.

It actually lurked under the feet of the two of them silently. It was obviously very cunning and wanted to launch another attack.

At such a close distance, he can definitely succeed in an instant.

Even with Ye Feng's current powerful soul power, he was unable to notice the dark green centipede beneath the ground.

The next one is approaching.

This was the first time Ye Feng saw Shadow take action.

He saw that the two fingers of the big centipede held by the shadow were different from ordinary human fingers. His two fingers were very long, extremely long, and glowing with metallic luster. They looked indestructible and possessed great strength. .

Otherwise, it would be impossible to pinch this big dark green centipede to death.

"Hiss!" ??

At this time, the big dark green centipede made a terrifying neighing sound and opened its mouth. It was full of dense black fangs, which looked very scary.

Ye Feng frowned as he watched this scene. This kind of centipede is definitely an ancient relic. It has mutated and is completely different from ordinary centipedes in nature.

"Pfft!"

Suddenly at this moment, Shadow's two strangely long fingers burst out with an unimaginable force, crushing the head of the dark green centipede in his hand.

"So strong!"

Ye Feng's eyes suddenly flashed.

He knew, however, that the scales on the head of the big-headed centipede that his ferocious punch did not cause any damage were extremely strong, comparable to the armor of a divine weapon.

But Shadow's two strangely long fingers crushed the centipede's brain shell wrapped in hard scales in one fell swoop.

At this moment, Ye Feng stared at the shadow, feeling that the shadow's cultivation strength was absolutely terrifying.

But it's normal to think about it. Lord Cangtian trusts Shadow so much. If Shadow doesn't have this kind of strength, it is absolutely impossible for Shadow to be reused by a big shot like Lord Cangtian.

"Crack!"

At this time, Shadow threw the dead big centipede in front of Ye Feng and said: "Swallowed it up. Although it is just an ordinary poisonous insect on the beach, it is from the ancient times after all."

The relics, ancient blood and beast essence should still be of great benefit to your current cultivation level. "

Ye Feng stared at it for a long time, then immediately stepped forward and placed a hand on the dark green centipede.

At this moment, Ye Feng directly released the Devouring Domain.

There was even a divine glove in his hand, which could be used to extract the strong properties of the dark green scales on the big centipede.

Ye Feng just saw the solidity of the entire set of scales on this dark green centipede.

"Buzz!"

At this moment, a huge amount of blood energy and skill were absorbed by Ye Feng. The solid properties of the scales were also quickly extracted and injected into Ye Feng's body, increasing his cultivation and body strength.

Visible to the naked eye, the body of the huge centipede shriveled up quickly.

Even the scales with a cold metallic luster were quickly wrinkled and became dry, as if they had dried.

"Huh? It's really weird, this inheritance."

At this time, watching the shadow of this scene, there was also a hint of surprise in my heart.

Shadow also learned about Ye Feng's devouring ability from Lord Cangtian before setting off.

He hadn't seen it with his own eyes, and he even had some doubts in his heart.

But now, looking at Ye Feng's strange devouring process, Shadow couldn't help but feel a sense of fear in his heart.

This kind of inheritance is indeed as weird as the Lord said.

Moreover, this devouring ability can actually devour all things, absorb and fuse various attributes and energy, and simply ignore any shackles of apartheid.

"If this continues, an extremely terrifying and strange existence will appear in our human race..."

At this time, Shadow couldn't help but murmur secretly.

Chapter 1868: Getting there first

"boom!"

Finally, as it was devoured, the entire dark green centipede turned directly into fly ash.

Now Ye Feng really doesn't waste anything. He has devoured his energy, blood and skill. His steel-like scales have also been extracted with the gods' gloves and turned into fly ash.

At this moment, although Ye Feng had not made a breakthrough in cultivation, he had swallowed a whole large centipede and felt that his skill and physique had improved a lot. .??.

This is a kind of subtle accumulation, just waiting for the day when the accumulation will be realized.

Shadow's eyes looked at Ye Feng at this time, obviously more solemn and serious than before.

At this time, the shadow turned around and said: "Let's enter the deep sea area. The smell of blood here will soon attract countless poisonous insects hidden under the beach. It is difficult for even me to deal with it."

Ye Feng nodded and immediately followed the shadow towards the deep blue sea area connected to the beach.

At this time, Ye Feng suddenly felt a terrifying life wave coming from the deep sea, making Ye Feng feel a terrible sense of fear.

Shadow's slightly solemn voice sounded: "When we entered the deep sea area, we both tried our best to control our aura fluctuations, in order to attract the prying eyes of the creatures of the Jiaoyu tribe."

Ye Feng nodded and said, "Okay."

This time they came to find the Deep Sea Holy Pearl, not to fight with the Jiaoyu clan.

So keep everything low-key.

"Plop!"

"Plop!"

The two jumped into the ocean and swam toward the depths.

Shadow had already memorized the map, and now he swam quickly in a certain direction.

Along the way, the two saw many ferocious deep-sea beasts, which added a sinister and majestic feeling to the ocean.

There are three-headed evil dragons as big as mountains, lying deep under the sea.

sleeping in the mud.

There is an eight-clawed squid that is glowing red all over. What it spits out from its mouth is not ink, but flames. The seawater is boiling and steaming.

There is also a big silver snake, traveling among the corals on the seabed, with cold eyes and fangs several meters long, seeming to be catching prey...

There are countless terrifying creatures living in the entire deep sea. If it weren't for that deep sea holy bead, Shadow would never have brought Ye Feng to such a dangerous place.

However, both of them are human beings, and among these deep-sea races, they are considered small in size.

Moreover, the advantage of the human race over other races is that through the efforts of the ancestors of the human race over the years, various secret techniques have been derived and created.

Both Ye Feng and Shadow have practiced a lot of hidden Qi-condensing techniques, so during the entire advancement, they easily avoided many powerful and vicious deep-sea creatures and reached their destination.

At this time, the two came to the bottom of the sea, and in front of them was a huge coral group.

Huge corals are like mountains on the seabed, standing on the seabed. Some corals even emit strange colorful lights, which look very magnificent and marvel at the miraculous craftsmanship of nature.

"On this side!"

The shadow suddenly made a sound and swam quickly in a certain direction of the coral group.

Ye Feng's eyes moved and he quickly followed.

"According to the map given to us by the lord, the deep-sea holy pearl is in the largest piece of coral not far away."

At this time, the shadow spoke up.

Ye Feng looked forward and immediately saw a huge mountain-like mountain.

Coral exudes nine colors of divine light and looks very magical and magnificent.

But when Ye Feng and Shadow saw this scene, their eyes suddenly became a little ugly.

Because the piece of coral where the Deep Sea Holy Pearl is hidden seems to be affected by the Deep Sea Holy Pearl, it becomes so magical.

And such a magical coral will definitely be very attractive.

In other words, that deep-sea holy bead may have been captured first.

Uh-huh!

Uh-huh!

The two of them ducked over and opened the huge coral. As expected, it was empty.

"hateful!"

Even Shadow was a little angry for a moment.

Because they worked so hard to get here, but the result was nothing.

This really makes people feel a bit emotional.

Ye Feng suddenly said: "The person who took away this deep-sea holy pearl is most likely the Jiaoyu tribe living in this deep-sea area."

Shadow stared at Ye Feng and said: "You mean, we go directly to the Jiaoyu clan to look for it?"

Ye Feng nodded and said: "There is only one way now. We can't just give up. That would be really unacceptable."

Ye Feng knew very well that the deep-sea holy bead, which was bred by gathering huge ocean energy, played a vital role in his cultivation.

There are not many rare treasures in the world, and the Holy Pearl of the Deep Sea is one of those things that can be encountered but not sought.

If you miss it, it will be a great regret in life.

"Too dangerous."

Shadow thought for a moment, and then spoke out, "The strongest among the Jiaoyu clan.

There are countless enemies, and we are no match at all. Once discovered, we won't even be able to escape. The lord will leave you to me for training. I can't let you take risks. "

Ye Feng said: "Senior Shadow, you misunderstood. What I mean is, Senior Shadow, you lurked into the Jiaoyu Clan alone to steal the deep sea holy bead. Senior, your cultivation is very strong and you can do it alone. The survival rate will be much higher than just the two of us together."

When Shadow heard what Ye Feng said, he was speechless for a moment, and then said, "It's very dangerous for me to go alone. If I die, who will train you?"

Ye Feng immediately said: "But I am not willing to leave like this. Let's do this. I will assist you, Senior Shadow. Let's enter the Jiaoyu Clan together and first check whether the Deep Sea Holy Pearl is in the Jiaoyu Clan." "

When Shadow heard this, he couldn't help but be a little surprised, and said: "Your current cultivation level is too weak, how can you help me?"

Ye Feng suddenly smiled mysteriously and said: "Although my cultivation is indeed not strong now, I have a secret technique that allows me to perfectly disguise myself as any race in the world, and no one can tell the difference."

Shadow suddenly looked surprised and said: "Is there such a magical secret technique? Then teach it to me immediately, and together we can perfectly disguise ourselves and blend into the Jiaoyu clan."

Ye Feng shook his head and said: "This ability is the same as swallowing. Only I can use it."

When Shadow heard this, he could only sigh and said: "Okay, then follow your plan. The lord values you very much. I hope you can become a talented person quickly and help the lord complete his grand hegemony!"

After saying that, Ye Feng nodded and directly started to use the inheritance technique. His whole life aura began to change, and pieces of fish scales from the Jiaoyu clan even began to grow on the surface of his skin.

When Shadow saw the changes in Ye Feng, he couldn't help but said: "You are really a genius!"

Chapter 1869 Coral City

After Ye Feng became a dragon fish clan, he took his shadow and walked towards the deeper areas of this sea area.

That is where the Jiaoyu tribe lives.

But it is not the base camp of the Jiaoyu clan.

It's just a small tribe of the Jiaoyu tribe.

But even if it is just a small tribe, it is extremely powerful.

According to Senior Shadow's speculation, the comprehensive background of this small Jiaoyu clan is estimated to be equivalent to that of the entire Sky Blue Empire.

In fact, it may even be stronger than the Sky Blue Empire.

This shocked Ye Feng's heart.

It seems that in the land of gods outside of the human race, there are indeed many powerful people and countless powerful races.

Even if Ye Feng is disguised as a dragon fish clan, he still has to be careful.

The two of them moved very quickly and arrived at the inner area of the deep sea area in a blink of an eye.

Here, in the boundless seabed, majestic buildings have been erected, and the scene is very spectacular.

Moreover, the entire undersea land is criss-crossed with traffic, which is simply an undersea wonder that cannot be completed by human power.

In front of the huge city wall gate, there is a huge stone tablet.

There are several ancient Chinese characters written on the stone tablet: Coral City.

"Coral City?"

Shadow suddenly spoke up: "This should be a city with a strong foundation among the Jiaoyu Clan, and its strength and foundation may be comparable to an ordinary territory in our Sky Blue Empire."

Ye Feng nodded and said: "This coral city does have many powerful auras, but it is not as exaggerated as imagined. It seems to be a large city on the edge of the Jiaoyu tribe. This city is named after 'coral'. Look. The main business here is the sale of corals. I feel that the deep-sea holy pearl was probably picked by the dragon fish pickers in this coral city. "

Shadow nodded, looked at the majestic ancient underwater city, and said: "We have to find a way to enter it now. However, although Ye Feng pretended to be a Jiaoyu tribe, you do not have a qualified identity. I feel that this The security in Coral City is very tight, I guess

Ji won't sneak in so easily. "

Ye Feng stared at the majestic coral city in the distance and frowned slightly.

really.

Even though he has completely transformed into a Jiaoyu Clan, he still finds it difficult to move forward in this hierarchical Jiaoyu Clan territory, which is like a human kingdom.

Just when the two were having trouble entering Coral City.

Suddenly Ye Feng noticed that in a certain direction not far away, huge carriages were slowly driving over.

These carriages are strange treasures in themselves. They can walk safely underwater and are pulled by dragon horses. They look very majestic.

These carriages contained large packages. It was obvious that this was a caravan that was about to enter the Coral City.

The members of these caravans are all from the Jiaoyu clan. These Jiaoyu clan are all human beings. Some have fish heads and are covered with scales. Some Jiaoyu clan have transformed into human beings, but they retain their appearance. scales.

Ye Feng was a little strange and said to the shadow beside him: "Senior Shadow, I discovered a rather strange thing. Why is our human race so weak in the divine world, but many powerful races are still willing to transform into our human race? and features?"

Shadow smiled and said: "The state of our human race is recognized as the most perfect state, so many races like to transform into humans. After all, walking and moving are very convenient."

When Ye Feng heard this, he suddenly realized.

At this time, Ye Feng pointed to the caravan not far away and said: "We can follow this group of caravans into Coral City."

Shadow nodded and said: "This is a good idea. Let's just say that we are retail investors and want to follow the large caravan into Coral City to trade items."

Ye Feng smiled and said, "That's exactly what I had in mind."

The two of them discussed it and decided to

The horse was heading towards that submarine caravan.

The leader of the caravan is actually not powerful, he is just a merchant from the Jiaoyu clan who is in the first level of the Five Decline Realm of Heaven and Humanity.

At this time, Ye Feng stepped forward, smiled and clasped his fists, and said: "Brother, can you give me a ride into Coral City to trade goods? I am a retail trader, and I was kicked out before I even entered the city. ,Why."

The caravan captain looked like a middle-aged man. He first carefully observed Ye Feng up and down.

I saw the scales of the Flood Dragon Clan growing on Ye Feng's body, and the strong aura of the Flood Dragon Clan's orthodoxy.

The caravan captain nodded and said: "I have met several retail merchants during this period, and they all want to join our big caravan. This is a very wise choice, but if you want to follow our caravan, you need to Pay me a portion of the commission."

Ye Feng immediately smiled and said: "I understand this."

With that said, Ye Feng took out dozens of divine crystals from the storage ring and stuffed them into the hands of the caravan captain.

"Yes, then you can follow us."

The caravan captain nodded and collected dozens of divine crystals.

Ye Feng immediately joined the undersea caravan with his shadow covered in black robes.

When they arrived at the gate of Coral City, sure enough, the Jiaoyu Clan guards at the gate did not stop them and allowed the caravan to enter Coral City directly.

The moment Ye Feng and Shadow in the team passed through the city gate, they couldn't help but smile.

They finally successfully entered the coral city.

At this time, Ye Feng sent a message to Shadow and said: "Senior Shadow, let's leave the team directly now to find the deep sea holy pearl."

Shadow immediately sent a message back and said: "Ye Feng, I think we missed the mark. Since we have gotten through it and entered the Coral City, and you are the perfect pretender who has become the Jiaoyu clan, we have no chance at all." We need to rush to find that deep-sea holy bead.

We can start by doing a side job in this Coral City. "

When Ye Feng heard what Shadow said, his eyes suddenly showed a look of surprise and said: "Side job? What do you mean?"

Shadow smiled mysteriously and said: "I have heard that many things in our human race are very popular among foreign races. They are things that foreign races cannot make, so this time we entered the coral city of the Jiaoyu tribe by accident. , and also following a caravan, we can take advantage of this opportunity to trade the special human items in our storage rings with the Jiaoyu tribe in exchange for the huge amount of cultivation resources we need."

When Ye Feng heard what Shadow said, he couldn't help but his eyes lit up and said, "This is a good way to make a fortune!"

Next, the two of them did not leave the caravan, but followed the caravan captain directly to the underground trading place in the coral city of the Jiaoyu Tribe.

Ye Feng and Shadow found a place, took out some unique but very cheap things from the human race directly from their storage rings, placed them on the stall in front of them, and started shouting.

"Come and take a look! Take a look! We sell extremely special items among the human race here! The prices are beautiful, welcome to trade!"

"This is a powerful tonic pill that strengthens your roots! It's a specialty of the human race. It's guaranteed to make you strong in an instant!"

"There is a musical instrument that can transmit sounds to each other thousands of miles away. It is very magical. This is the only one!"

"There is also a beauty pill that everyone is interested in. After taking it, you can keep your appearance forever and become very beautiful!"

"..."

A series of tempting shouts rang out, instantly attracting many buyers from the entire underground trading place.

Because the things placed on the stalls in front of Ye Feng and Shadow are things that many Jiaoyu tribes have never heard of, but they are very appetizing to many Jiaoyu tribe practitioners.

Because of these things.

In the underwater world, no race has the wisdom and technology to refine and cast it.

Chapter 1870 Little Pepper

Suddenly, Ye Feng and Shadow's stalls became the busiest stalls in the entire Coral City underground trading market.

Buyers from the Jiaoyu tribe came over one after another, looking at the dazzling "human race specialties" on the stall, with fiery looks in their eyes.

"I use an energy bead from a three-thousand-year-old clam essence in exchange for a Beauty Pill!"

"Wow! Can the Ten Thousand Miles Transmission Symbol really allow us to communicate with each other and hear each other's words even though we are thousands of miles away? It's amazing!"

"Brothers, how can I sell this Peiyuan Gugen Shiquan Dabu Dan? I don't want to buy it myself, but I have a friend who wants me to buy him a few pills."

...

At this moment, the entire stall was boiling.

Countless Jiaoyu Clan cultivators are extremely interested in these human race specialties.

At this time, Ye Feng smiled and said: "We need all kinds of energy-filled things, such as mineral crystals in the deep sea, energy amethysts buried in the seabed soil, and the cores of various ocean beasts, etc. These are what we need."

What Ye Feng said were all things he needed to devour to grow his cultivation.

These things are very rare in human territory.

But it is definitely very common among the dragon fish tribe.

Because the Jiaoyu tribe has lived in the ocean for generations, most of the tribe members make a living by hunting evil marine beasts.

Sure enough, when Ye Feng mentioned these trading items, many Jiaoyu tribesmen in front of the stall excitedly shouted: "We have these!"

"I'll trade you a three-thousand-year-old clam essence inner elixir for a beauty-preserving elixir, okay? If not, I'll add a thousand-year-old evil dragon bead."

"Give me dozens of Shiquan Dabu Dan. I will use a ton of energy amethyst to buy them."

"Our family needs more than a dozen transmission talismans. Please give us a price!"

...

Along with the transactions, Ye Feng and Shadow Jian...

I have been making a lot of money.

For them, these so-called beauty elixirs, transmission notes, etc. are very common things in the human race territory and are not worth a lot of money at all.

But when it came to this dragon fish clan, it suddenly became a rarity and could be sold for an astonishing price.

This is the huge intermediate profit created by the information gap in foreign trade!

At this time, Ye Feng couldn't help but send a message to Shadow and said: "Let's not go to other places from now on, just come to the Jiaoyu Clan to resell our human race's specialties."

The shadow sent a message: "This can only be done once. I have already sensed that many super strong men from the Jiaoyu clan around us are eyeing us. Although we have made a huge fortune in one fell swoop, it is estimated that it will be difficult for us to escape today. "

When Ye Feng heard this, his expression suddenly changed slightly and he said, "What?"

Buzz!

At this time, Ye Feng diffused his soul power, and sure enough, he sensed many extremely powerful eyes in an instant, staring at the stall where they were, either openly or covertly.

"It seems that someone is jealous."

Ye Feng secretly said to the shadow beside him: "Let's hurry up and escape."

Shadow nodded slightly.

The two were ready to pack up the stall and run away.

I have made huge wealth today.

Ye Feng was excited. This time, he had really obtained very precious cultivation resources from practitioners like the Jiaoyu Tribe.

If he swallowed them all, he might be able to instantly break through his current cultivation bottleneck!

But just when the two were about to close the stall.

"Wait a moment!"

suddenly no

A light and cute girl's voice came from the distance.

The two of them looked up and saw a hot-looking girl from the Jiaoyu tribe wearing a red dress already standing in front of their stall.

This girl from the Jiaoyu Tribe had an extraordinary identity at first sight. Behind her were two old men in black robes. Their auras were unfathomable. They seemed to be super masters at the level of the titled gods.

This little pepper-like girl from the Jiaoyu Tribe stared at Ye Feng, with her hands on her hips, a slightly coquettish posture, her beautiful eyes staring at Ye Feng, and said: "I want to buy the Beauty Pill!"

Ye Feng stared at this Jiaoyu tribe girl in surprise and said, "It's not good for children to eat Zhuyan Dan. It's for adults. You're so young, you don't need it."

"Who is the kid!"

The girl from the Jiaoyu tribe immediately had her eyes blazing, and she straightened her head and said, "I'm not young anymore!"

"Ahem!"

Two old men in black robes suddenly coughed slightly behind them.

This little pepper-like Jiaoyu girl seemed to feel that this was a bit unreserved, and her face immediately turned red. Then she stared at Ye Feng, stretched out her little hand, and patted the stall

table, like a little bully. Said: "I want the Zhuyan Pill not for myself, but for my mother. You must sell it to me today!"

Ye Feng spread his hands helplessly and said: "If I had sold to you earlier, Miss, no one would have trouble with the money. But I have already sold out, and you didn't see that we are all ready to close the stall."

"Sold out?"

The girl from the Jiaoyu tribe was immediately a little stunned, and then said unwillingly: "No! I want the Beauty Pill! I bought it for my mother, she will be very happy!"

Shadow also spoke up at this time: "Little girl, we are not lying to you. All the human specialties we carry are indeed sold out. I think you should have seen how popular our stall was before.

, you're late, sorry. "

At this time, Shadow didn't want to cause trouble. After saying a compliment, he closed the stall and prepared to leave with Ye Feng.

"Don't leave!"

Suddenly, the girl from the Jiaoyu clan stood in front of the two of them, stretched out her two little arms, and blocked their way.

Seeing this, Ye Feng's eyes darkened.

If it weren't for the two old men in black robes behind this Jiaoyu girl who were powerful men in the realm of gods, he would have slapped this petite and willful little pepper aside.

At this time, the girl from the Jiaoyu clan spoke up: "If you can get the specialties of the human race, you must have stayed in the territory of the human race. Can you refine the Zhuyan Pill? If so, you can refine it. If you want Whatever I can give you, I will give it to you!"

Hearing what the Jiaoyu girl said, Ye Feng looked at the little pepper in surprise.

It has to be said that this girl from the Jiaoyu tribe is quite filial. She really wants to give her mother a beauty pill to keep her mother young and beautiful.

Shadow secretly sent a message to Ye Feng at this time, saying: "If you can refine, it would be good to go with this Jiaoyu girl. Now we are being targeted by many super masters in this underground exchange." , the two of us may end up being a bit miserable if we go alone, it is better to go with this Jiaoyu tribe girl, she is guarded by two titled god-level old men, and the family behind her must be extraordinary in Coral City. "

When Ye Feng heard this, he also agreed. Then he looked at the Jiaoyu girl in front of him and said, "Okay, for your filial piety, Xiaojiao, I will go back with you and help you refine the Beauty Pill."

"Very good!"

The girl from the Jiaoyu tribe was immediately overjoyed and jumped for joy. Then she seemed to have thought of something, waved her pink fist and said, "By the way, my name is not Little Pepper, my name is Qianxunyu!"
