

## Ancient 1871

Chapter 1871 Work for me

Following the whole process of "Little Pepper" Qian Xunyue leaving the underground exchange, the strong men who were secretly watching Ye Feng and Shadow did not dare to make any rash moves.

You know, behind Qian Xunyue, a girl from the Jiaoyu tribe, there are two super strong men at the level of the titled gods.

It is not something that some young people can covet.

Therefore, Ye Feng and Shadow left the underground exchange safely and easily.

They arrived at the mansion where Qian Xunyue was. .??.

Sure enough, Qian Xunyue's status was very extraordinary, and she was a noble member of the Jiaoyu clan.

To be able to have his own special residence in a large city like Coral City.

It also covers a huge area and is built very grandly.

After Ye Feng and Shadow followed Qian Xunyue back to her family's mansion, they immediately started refining the Beauty Pill.

Shadow was very surprised and praised Ye Feng full of praise, saying: "I didn't expect that your boy is really an all-rounder. He can even make alchemy."

Ye Feng smiled and said: "I can only refine some ordinary elixirs, but I am not very proficient in them. Moreover, I have experienced a lot in these years and I have no time to study alchemy. I am very unfamiliar with it."

After refining it seven times, Ye Feng finally refined a furnace of Zhu Yan Dan.

This made Qian Xunyu, a girl from the Jiaoyu clan, extremely happy, and she directly promised to give Ye Feng huge benefits.

Ye Feng said at this time: "Can you give me a place where no one will disturb me? I need to practice."

This time in the underground exchange, Ye Feng used human specialties to earn huge amounts of cultivation resources.

Ye Feng can't wait to devour and improve his skills.

Naturally, Qian Xunyu immediately arranged a safe place where Ye Feng could calm down and practice.

This is a remote place located on the edge of Qian Xunyu's mansion.

Many ancient buildings and pavilions were built here.

At this time, Ye Feng walked to the open space and took out all the things he had harvested from the underground exchange.

They are several tons of energy amethyst, various undersea evil beast inner elixirs, and mineral crystals that emit various lights.

Uh-huh!

The shadow flashed over and said: "You can practice with peace of mind, I will protect you."

Ye Feng nodded slightly, and then directly released his huge devouring domain.

"boom!!"

Suddenly, a terrifying devouring power suddenly appeared.

Suddenly, vortexes of darkness appeared on the entire field, covering all the cultivation resources in front of them.

"Buzz buzz..."

Immediately, huge and pure energy was absorbed by Ye Feng, and then injected into his body, continuously strengthening his martial arts foundation and cultivation skills.

"Buzz!"

At this moment, a very terrifying aura suddenly burst out from Ye Feng's body.

All the cultivation resources were swallowed up at once.

This produced extremely terrifying energy, causing Ye Feng's cultivation to suddenly break through.

"boom!"

At this moment, Ye Feng finally broke through his final cultivation bottleneck and stepped directly from the half-step ladder realm to the real ladder realm.

At this time, the energy in his body has not been exhausted at all.

"boom!"

Another terrifying aura erupted from his body.

Ye Feng continues to make breakthroughs!

"Second Heaven Ladder Realm!"

boom!

"Third level of heaven ladder realm!"

boom!

"The fourth level of the Heaven Ladder Realm!"

Finally this time

Only then did the huge energy finally integrate into every inch of Ye Feng's body.

At this moment, Ye Feng's aura was simply terrifying to a whole new level.

Even the space around him began to be unable to withstand the power and began to shatter.

The martial arts momentum around Ye Feng was like a vast ocean, surging crazily.

"The breakthrough was really fast."

The shadow of the guardian not far away murmured at this moment, with a hint of surprise in his tone.

Ye Feng's inheritance of directly swallowing breakthroughs is really incredible.

At this time, Shadow flashed in front of Ye Feng and said: "Your breakthrough is really fast. I am scared when I see it. I am afraid that you will go crazy because of your breakthrough too fast."

Ye Feng smiled and said: "That's not true. I have practiced till today and haven't had any accidents. Don't worry, my martial arts inheritance is very perfect. It's not the kind of evil heretic with serious sequelae. Low-level swallowing inheritance."

In fact, there are still many inheritances of the same attributes among evil demons and heretics regarding the devouring ability.

But it can be said that there are very few people who can inherit it without any sequelae like Ye Feng, and it is almost non-existent.

At this time, the shadow said: "Ye Feng, what are your plans next?"

Ye Feng said: "This time I chose to come to her family with Qian Xun Yue, and I also refined a lot of beauty pills for her. The purpose is to make her trust me. We can use Qian Xun Yue to find that person." Where did this precious deep-sea holy bead go?"

When Shadow heard this, he couldn't help but nodded and said: "This is a good idea. This girl from the Jiaoyu tribe is a descendant of a noble and has a high status in this Coral City. She should know the news about the Deep Sea Holy Pearl. After all, that Deep Sea Pearl The Holy Pearl is very precious and a rare treasure."

Ye Feng nodded slightly, his eyes full of expectation, hoping to get the Deep Sea Saint

beads.

If you could extract the properties of this rare treasure with the Gods' gloves, you might be able to completely transform your chaotic body.

Ye Feng's Chaos Body level is now at the tenth level of the Great Perfection stage of the third heaven of the Chaos Body.

If it can be completely transformed, it will enter a new level, the fourth heaven of the chaotic body.

And once Ye Feng is able to transform his body strength to the fourth level of the Chaos Body, he will be able to awaken a special and extremely special blood talent again, which will be of great help to Ye Feng's overall strength.

Ye Feng knew very well that it was very difficult to advance into the chaotic body. Only those rare treasures could promote the evolution of his chaotic body.

At this time, Ye Feng and Shadow walked towards the center of the mansion.

He was going to directly ask Qian Xunyue, a noble girl from the Jiaoyu tribe.

But just when they left this remote place of practice.

Uh-huh!

Uh-huh!

Uh-huh!

Several figures suddenly appeared in front of them.

Among these figures, the leader is a young man from the Jiaoyu clan wearing a blue robe.

This young master from the Jiaoyu Clan has extraordinary cultivation and is actually a master at the sixth level of the Heaven Ladder Realm.

Especially behind him, there were two old men in white robes with majestic auras. They were both powerful men of the Divine Palace Realm who had surpassed the Ladder Realm!

At this time, the leader of the Jiaoyu tribe stared at Ye Feng, with a condescending attitude, as if he was giving alms, and said lightly: "I heard that you can refine various special elixirs in the human race, I will give them to you now A chance to reach the sky in one step, follow me and work for me, otherwise you will suddenly die if you don't keep it."

threaten!

The threat of Chi Guoguo!

The words of this young man from the Jiaoyu Tribe made Ye Feng and Shadow's eyes immediately turn cold.

Chapter 1872 Just a clown

The look and tone of this young master from the Jiaoyu tribe were extremely arrogant at this time.

In addition to his own powerful cultivation, it may also be because of the two guardians of the Divine Palace Realm behind him.

Ye Feng guessed that this young man from the Flood Dragon Clan, like Qian Xun Yue, was a descendant of the Flood Dragon Clan nobles in Coral City. He heard that he could refine human elixirs, so he wanted to get him.

But is Ye Feng someone who casually succumbs to others?

So at this moment Ye Feng just smiled coldly and said: "Who are you, and you are qualified to order me?"

"What did you say?!"

As if he had heard something unbelievable, the young man from the Jiaoyu Tribe suddenly revealed a terrifying anger in his eyes. He stared at Ye Feng and said, "Boy, you are so audacious!"

"roll!"

But at this time, Ye Feng burst out with a huge momentum, like a violent storm, which instantly hit the young master of the Jiaoyu clan and sent him backwards.

"Deng Deng Deng!"

At this moment, the young master of the Jiaoyu clan could not bear the huge impact of the momentum, and was directly bombarded and took several steps back, making him look a little disgraced.

"What? This kid's cultivation level is lower than mine, how could he burst out with such a powerful momentum! Even I am not his opponent!"

The young master of the Jiaoyu clan was suddenly shocked.

But on the surface, his expression did not show anything strange. Instead, he became very angry and said: "You are just a commoner in our Jiaoyu clan, but I am a noble! How dare you suddenly attack me? Do you know what a big mistake you made to make me look so disgraced? This may lead to your death!"

Ye Feng smiled indifferently and said: "There is so much nonsense, if you want to take action, do it as soon as possible!"

"you.....!"

Seeing Ye Feng's tit-for-tat confrontation, the young man from the Jiaoyu Tribe immediately turned very pale.

He immediately spoke to the two powerful men of the Divine Palace Realm behind him: "Hurry up and kill this ignorant boy! I want to see him desperately begging for mercy!"

At this time, a powerful man in the divine palace whispered: "Young master, the master of the family asked us to politely invite this alchemy master to come back and become a guest of our family. It is very rare for our Jiaoyu clan to have an alchemy master. Master, your attitude is really bad. We can't afford to blame the family master for messing up this matter."

Ye Feng's ears were amazing, and he heard the voice of this powerful man in the palace realm.

Only then did he suddenly understand that these people were here to invite him.

It's just that this young man from the Jiaoyu clan is very aloof, and with his aloof attitude, he seems to be deliberately trying to give himself a blow.

For Ye Feng, this was naturally intolerable.

Ye Feng said coldly at this time: "Don't want me to go to your family, it's impossible."

After the words fell, Ye Feng walked towards the distance with his shadow.

Uh-huh! Uh-huh!

But suddenly at this moment, the two powerful men from the Divine Palace suddenly appeared in front of the two of them and blocked their way.

Ye Feng's eyes were cold and he said, "What are you going to do?"

A powerful man in the Divine Palace realm said: "Little brother, please come with us. Even if you don't work for the family behind us, you can still make friends."

Ye Feng's face suddenly darkened and he said, "Are you threatening me?"

The two powerful men in the divine palace did not speak, but exuded huge power from their bodies and walked towards Ye Feng.

Shadow was about to take action at this moment. His strength was unpredictable, but he held back just because he didn't want to expose his human aura.

But now, he had to take action.

These two divine palace realm experts are still very powerful.

"You are so presumptuous!"

Suddenly at this moment, a girl's angry shout suddenly came from not far away.

"boom!"

"boom!"

Before the two powerful men of the Divine Palace Realm could react, they were instantly blown away by an old man. They all spat out a mouthful of blood and looked horrified.

The person coming is none other than Qian Xunyu!

The old man who took action was one of the two guardians of Qianxun Yue, a powerful being in the realm of the titled gods.

At this time, Qian Xunyue immediately walked to Ye Feng's side, stared at the two powerful men in the divine palace in front of her, and said: "You two old dogs, how dare you take action against Mr. Ye? You are really audacious. ! Mr. Mo, kill these two old dogs and throw them out!"

"Yes, Miss!"

A guardian behind Qian Xunyue took action instantly.

"No!!"

The two powerful men in the Divine Palace realm couldn't even make a cry for mercy, as their Dantian had been shattered.

"We are... useless!"

The two powerful men of the Divine Palace Realm from other families suddenly turned pale.

Boom!

Boom!

The next moment, they were thrown out and fell hard to the ground outside.

At this time, the aloof and arrogant young master of the Jiaoyu tribe was trembling with fear. He quickly looked at Qian Xunyue, his face full of flattery, and said: "Yue'er, Yue'er, don't hit me, I'll leave immediately. ! I will never break into you again...ah!"

Before the young master of the Jiaoyu Tribe could finish his words, he was thrown out by Qianxun Yue's guardian and fell hard to the ground outside.

However, this young master of the Jiaoyu clan was not abolished after all, and was thrown out directly.

He ran away in a panic, not even caring about his two subordinates. He was obviously as timid as a mouse and a complete villain.

At this time, Qianxun Yue frowned and said helplessly: "These people from the Xue family are really too presumptuous. I don't know what my father thinks. He actually allows them to come to my Qianxun family at any time without any restrictions." Without any restraint, if I hadn't come earlier, they would have taken Mr. Ye back by force. It's also my fault that I like to show off too much and revealed the news that Mr. Ye can make alchemy, which made many families in our Coral City jealous."

At this time, Qian Xun Yue said that she actually apologized to Ye Feng and admitted her mistake, saying: "This is my fault."

Ye Feng smiled and shook his head, saying: "It's okay, they're just a few clowns."

"A clown?"

Qian Xun Yue glanced at Ye Feng in surprise, as if she didn't expect Ye Feng to be so indifferent.

After all, the young master of the Xue family, Xue Wushuang, is very powerful in his own cultivation, and he even brings two powerful men in the divine palace realm with him.

But Ye Feng was so indifferent.

"Huh? Mr. Ye, what's your cultivation level?"

Suddenly at this time, Qian Xun Yue seemed to notice something, and suddenly exclaimed: "The fourth level of the ladder realm! Why is it so fast?"

Chapter 1873 Coral Princess

Even though Qian Xun Yue was a noble descendant of the Jiaoyu clan, she was very shocked at this time.

She knew that Ye Feng's cultivation level a few days ago was only half a step to the ladder level.

But it was only a few days?

He actually broke through to the fourth level of the Ladder Realm!

Even if you take pills every day, you can't break through so quickly, right?

It's simply unbelievable!

But at this time, Ye Feng did not discuss more on this topic, but asked aloud: "Miss Yue, I want to ask you something."

Qian Xun Yue endured the shock in her heart and said, "What do you want to ask Mr. Ye?"

Ye Feng began to make up a story and said: "An elder in the family behind me once accidentally encountered a deep-sea holy bead in a coral group outside the Coral City, and it was conceived in a nine-color ray of light. Among the corals, but now I come to look for it, but it has disappeared. I wonder if it was picked by someone in the Coral City? "

"Huh? You are talking about that extremely rare nine-color deep sea holy bead!"

What made Ye Feng's eyes happy was that Qianxun Yue suddenly spoke about this deep-sea holy bead.

Qian Xun Yue stared at Ye Feng and said with a hint of helplessness: "Master Ye, I have to say that your luck is really bad. The nine-color deep sea holy pearl was picked just a few days before you appeared."

Ye Feng's eyes moved and he said, "Who picked it?"

Qian Xun Yue said: "It was picked by Princess Coral, the daughter of the supreme lord of our Coral City. And it is said that the deep sea holy bead is the most advanced nine-color holy bead and has been refined by Princess Coral. Her natal magic weapon, Mr. Ye, I can only say that you should give up your thoughts as soon as possible, you may not be able to get it. "

"Coral Princess?"

Ye Feng's eyes flashed, then nodded and said, "Thank you, Miss Yue, for informing me of this news."

Seeing Ye Feng's behavior, Qian Xunyu suddenly said in surprise: "Ye Feng, you don't want to have sex with Princess Coral, right? Princess Coral has an invincible and powerful city lord father, who is the best in the Titled God Realm. The most powerful person in the God-Emperor Realm! Moreover, Princess Coral is a peerless prodigy, recognized as the number one master of the younger generation in Coral City, a peerless female prodigy whose cultivation is so unfathomable that even I can only look up to her."

Ye Feng suddenly smiled and said: "Miss Yue, you are overthinking. Of course I will not be stupid enough to go against a peerless female genius like Princess Coral. I am just asking."

Qian Xunyu nodded and said: "If this is what you really think in your heart, that would be great. By the way, I heard my father say this morning that all the young masters of the Jiaoyu clan in our Coral City will soon He will be sent to the ruins of the holy city of an ancient race, the 'Holy Dragon Clan', deep under the sea, to fight with another deep-sea overlord race, the 'Scorpion Clan', to snatch the treasures and treasures in the ruins of the holy city and the ancient Holy Dragon Clan's treasures. Peerless inheritance, Ye Feng, if you want to try your luck, I can take you with me."

When Ye Feng heard this, he immediately said: "Okay, let me think about it first."

Qian Xunyu nodded, and then left here with her guardian.

But at this time, in the same place.

"what to do?"

Shadow stared at Ye Feng at this time, and said with a hint of lowness in his tone: "I didn't expect that the deep sea holy bead would actually

However, she was found by the Coral Princess in the Coral City, and she even sacrificed it to become her own magic weapon. She also had a god-emperor-level father, the city lord, who was a

terrifying existence countless times more powerful than the lord. It seems that we really have no choice but to admit defeat this time, but being able to earn so many huge cultivation resources in the underground exchange can be regarded as a slight gain, and it is not a wasted trip. "

Ye Feng shook his head and said: "I don't want to give up just like that. Even if that Deep Sea Holy Bead is just an ordinary Holy Bead, it still has great cultivation value for me, not to mention the Deep Sea Holy Bead now. , has transformed into the most advanced nine-color deep sea holy pearl, so I have to find a way to get it."

Even though Shadow has a high level of cultivation, he frowned and said: "Don't say that we will never encounter a noble existence of the level of Coral Princess. Even if we encounter it, there is nothing we can do, because we can't be Coral at all. There are so many powerful opponents in the City Lord's Mansion."

Ye Feng suddenly smiled inexplicably and said: "But if we can meet Princess Coral alone, we can seize the nine-color deep sea holy bead in Princess Coral's hand."

When Shadow heard this, he couldn't help but said: "This is almost impossible... huh? No! That Qian Xunyu said just now that all the young masters of the Jiaoyu clan in Coral City will be sent to the ruins of the holy city of the Holy Dragon clan. Fighting against another undersea overlord race, the Scorpion Clan, so to speak, we have a chance! "

Ye Feng immediately nodded and said with a smile: "Princess Coral, as the top young master of the Jiaoyu clan in Coral City, it is naturally impossible not to participate in this battle at the ruins of the Holy City, so this gives us the opportunity to take action."

"good!"

Shadow was also a little excited at this time and said: "This is indeed a great opportunity! It seems that we are going to enter the ruins of the holy city together with Qian Xunyu."

Ye Feng said: "The ruins of the Holy City deep under the sea, according to Qian Xunyu, are ancient ruins handed down from the ancient Holy Dragon Clan. There must be a lot of chance. We just go and try our luck. , much better than going to other places for experience."

Shadow nodded and agreed, but then said: "However, there may be huge dangers. Originally, the huge race of the Jiaoyu clan has been difficult for us to deal with. Now that we enter the ruins of the

Holy City, there may be another What kind of demon scorpion tribe will we encounter? It's extremely dangerous."

Ye Feng's eyes revealed a glimmer of adventure, and he said: "It has been this way since ancient times to seek wealth and honor through danger. Unless you are born as the heir of a great man, you can only climb up step by step on your own."

When Shadow heard what Ye Feng said, he couldn't help but nodded and said: "Okay, then we will participate in the ruins of the Holy City this time. I hope we can gain something. We still need to find a way to control the Coral Princess."

Ye Feng said with a smile: "This depends on you, Senior Shadow. Although Princess Coral is a peerless genius among the Jiaoyu clan, Senior Shadow, you are the elder of our human race. It shouldn't be too big to deal with a junior from other races." Problem?"

Shadow smiled helplessly and said: "This is not necessarily true. The Jiaoyu clan is very powerful, and the young prodigy is also extremely powerful, not to mention that the Coral Princess is the top existence. But if we join forces, there should be no problem. The key is, can I be allowed? Enter the ruins of the holy city?"

Ye Feng smiled and said, "Don't worry. Now that Qianxunyu is so grateful to me for refining so many beauty pills for her, she will make good arrangements for us." Even if Qianxunyu is a member of the Jiaoyu clan, The noble heir was also very shocked at this time.

She knew that Ye Feng's cultivation level a few days ago was only half a step to the ladder level.

But it was only a few days?

Ye Feng smiled and said: "Don't worry, Qianxun Yue is so grateful to me now that I have refined so many beauty pills for her, she will arrange them well for us."

Chapter 1874 Dragon Taming Tribe

Three days later, Ye Feng and Shadow stood among a group of dragon fish clan masters.

These young masters of the Jiaoyu Tribe are all masters in the entire Coral City.

The family behind Qian Xun Yue still has huge power, and Ye Feng and Shadow are among them.

As long as Shadow doesn't take action and has Ye Feng, a "floodfish clan", protecting him, he won't expose his human aura.

Qian Xun Yue's cultivation was not enough and she did not participate in this battle for the ruins of the Holy City.

So at this moment, Ye Feng and Shadow were standing among a group of dragon fish clan masters in Coral City, and they didn't know anyone.

But the peerless young woman who looks like a Valkyrie in thin purple and gold armor standing at the front of this group of experts must be the number one expert of the younger generation in Coral City, Princess Coral!

At this moment, Ye Feng and Shadow's eyes were fixed on the graceful Coral Princess.

They sensed that this Coral Princess was indeed very powerful. Her cultivation had surpassed the Heaven Ladder Realm and the Divine Palace Realm, and she was a powerful existence at the Life River Realm level.

She is simply a female prodigy of the Jiaoyu clan with unparalleled grace, stunning talent, beauty, and incomparable power.

At this time, Ye Feng also had a preliminary glimpse of the profound background of these big families outside, as well as how terrifying and powerful the young geniuses and elders among them were.

Moreover, you must know that the strength of the Jiaoyu Clan and the Human Clan are only about the same.

And how many powerful races are there in the entire God Realm?

"The Chaos God Clan that my mother belongs to now is the top clan among the powerful races in the God Realm! As the young master of the Chaos God Clan, the Prince of Chaos must have a level of cultivation, strength and methods that are terrifying to a level that I can hardly even imagine now. Bar!"

Ye Feng thought to himself, feeling a suffocating pressure for the first time.

But this also gave Ye Feng a sudden burst of endless motivation!

As long as you give yourself time, and as long as you work hard to practice, the thousands of races in the God Realm, the most powerful protoss, will eventually be trampled under your feet!

At this time, on the side

Shadow spoke up: "Ye Feng, my cultivation level is only at the Life River Realm. I didn't expect that this Coral Princess is so young and has a powerful cultivation level at the Life River Realm. She is worthy of being the apple of the eye of the Lord of Coral City. This time we see You can't act rashly now, you need to find an opportunity to make a move."

Ye Feng nodded and said: "This Coral Princess is indeed ridiculously powerful. No wonder she can overwhelm all the top geniuses of the Flood Dragon Clan in the entire Coral City."

And just when Ye Feng and Shadow were secretly discussing how to plot the nine-color deep sea holy bead in the hands of Princess Coral.

Princess Coral, who was standing at the front, glanced at the entire team with her beautiful eyes and said loudly: "This time we go to the ruins of the Holy City. Our mission is very important. First, we must work hard to find where the treasures of the Holy Dragon Clan were hidden in the ancient times. Secondly, in the ruins of the Holy City, the Scorpion Clan has also received news and will enter it. If they encounter it, kill them directly and don't have any nonsense with them. This is related to the honor of our Coral City Jiaoyu Clan. ,Do you understand?"

"knew!"

A group of top geniuses from the Flood Dragon Clan in Coral City had no fear at all on their faces at this time, but were filled with deep excitement, and they all roared.

Obviously, this race is not a conservative and stable race, but a combative and courageous race.

"Set off!"

At this moment, Princess Coral immediately shouted loudly, and then the peerless figure like a Valkyrie rose into the sky in an instant, directly leaving the Jiaoyu tribe's territory and heading towards the deeper areas of the seabed.

Ye Feng and Shadow, followed by a group of hundreds of young geniuses from the Jiaoyu Tribe, also immediately rushed towards the direction where the Coral Princess left.

In three days and three nights, the team had advanced an unknown number of kilometers.

At this time, they had arrived at the very inner depths of the underwater world.

On the distant ocean land, unexpectedly appeared

In a huge transparent mask.

The transparent light mask exudes a faint blue light, which looks like a dream under the sea.

But at this time, Princess Coral, who was leading the team in front, showed a trace of solemnity in her beautiful eyes, saying: "The ruins of the holy city left by the ancient Holy Dragon clan are in this ancient blue light shield. Well, this dream-like light shield is actually a huge teleportation array. As long as we touch this blue light shield, we will be randomly teleported to the ruins of the holy city. "

At this time, Princess Coral said, jumped up, rushed directly into the blue light barrier, and disappeared instantly.

"Let's go in quickly! Don't let those nasty guys from the Scorpion tribe get there first!"

"Yes! There are many treasures left by the Holy Dragon Clan in the ruins of the Holy City. If found, it may lead to a huge evolution in our entire life level!"

At this time, all the young and powerful men of the Flood Dragon Clan rushed into the blue light barrier just like the Coral Princess.

At this time, Ye Feng and Shadow, who were standing in the team, wasted no time and rushed forward.

"Let's go quickly! However, this random teleportation formation may scatter us. It seems that we can only enter the ruins of the holy city first, and then find a way to contact them."

At this time, the shadow spoke up.

"good."

Ye Feng nodded and said: "We all have Ten Thousand Miles Transmission Notes on our bodies. When we are close enough, we can all sense each other."

With that said, the two of them also instantly jumped into the blue light shield.

"Buzz!"

"Buzz!"

The moment they touched the blue light shield, along with a violent spatial fluctuation, the two of them were instantly teleported to the inner space.

...

Buzz!

At this time, there was a violent spatial rotation and fluctuation.

Ye Feng felt that his head was spinning and he was very dizzy.

The next moment, he only felt that his body was falling rapidly.

"What? I can't fly?"

At this moment, Ye Feng wanted to fly, but he couldn't fly.

At this time, the holy city ruins space where he was located actually had an ancient forbidden air formation, making it impossible for any living creature to fly within it, regardless of its level of cultivation.

"It is indeed the ruins of the holy city left by the ancient Holy Dragon Clan. It is really magical that such a special place is hidden in the deepest part of the ocean."

Ye Feng had a powerful body and fell freely from a high altitude, directly smashing a large area of the earth into pieces.

Earth and rocks splash!

The earth cracks!

But nothing happened to Ye Feng, and he climbed out of the pit directly.

"I wonder how Senior Shadow is doing?"

At this time, Ye Feng was a little worried. After all, Senior Shadow did not have a solid steel body like himself.

But Senior Shadow's cultivation was so strong that he should have had his own methods to prevent him from falling to his death all of a sudden.

"Rumble..."

Just as Ye Feng was thinking secretly, a huge roar suddenly came from not far away.

"That is....."

Ye Feng looked not far away and suddenly saw a figure sitting on a majestic dinosaur dozens of meters high, flying towards his direction with majestic momentum.

They seemed to be the indigenous people in the ruins of the Holy City. They were all masters of dragon training and could control dinosaurs.

They seemed to be attracted by the sound of Ye Feng hitting the ground.

"Is there a dragon-taming tribe around here? It's a good time to ask the local aborigines for basic information about the ruins of this holy city."

Ye Feng was thinking secretly in his heart at this time, and instead of leaving the scene, he walked towards the dinosaur knights that were flying towards him.

Chapter 1875 Captain Long Tian

Ye Feng walked forward and soon came to the group of dinosaur knights.

At this time, this group of dinosaur knights consisted of dozens of people, riding on dozens of huge dinosaurs.

Each dinosaur has thick legs, sharp claws, and is covered with solid scales. It looks very ferocious.

Ye Feng guessed that these dinosaurs might be the bloodline beasts passed down from the Holy Dragon Clan in this ruins of the Holy City.

At this time, in front of this group of indigenous people, Ye Feng restored his original human aura.

At this time, a tall young man at the front of the group of dinosaur knights stared at Ye Feng. He seemed a little surprised and said: "It's our human race! This is the ruins of the holy city in the deepest part of the deep sea area, surrounded by Controlled by countless powerful deep-sea races, how could you enter the ruins of the Holy City?"

Obviously, this group of dinosaur knights, although they are indigenous people in the ruins of the Holy City, have a clear understanding of the situation outside.

Ye Feng said with a smile at this time: "Because I used a perfect disguise technique, I blended into the Jiaoyu tribe and entered the ruins of the holy city."

Hearing what Ye Feng said at this time, the leader of the dinosaur knights immediately became happy, as if he had thought of something, and suddenly said in surprise: "Are you here to rescue our tribe of humans?"

Ye Feng was about to answer no, after all, he just entered the ruins of the holy city by mistake.

But at this moment, an idea flashed in Ye Feng's head, and he admitted it directly, which might be more helpful to him.

Moreover, these human races are trapped in a foreign land, and now they meet them. If you have the ability, you may be able to take them all out.

So at this time, Ye Feng immediately nodded and said: "I am indeed here to rescue you. I heard one of my seniors say that there is another branch of our human race surviving in the ruins of the Holy City. I am very proud of this." I am curious, so I have always wanted to enter the ruins of this holy city to find the human branch that has been lost for many years. I didn't expect such a coincidence. I just came in and met you immediately. "

A group of dinosaur knights present were greatly moved when they heard what Ye Feng said.

Their human tribe has survived in the ruins of this holy city for thousands of years.

Passed down from generation to generation.

But in their hearts, they have never given up on finding the opportunity to get out of this prison-like ruins of the holy city.

So at this time, when they heard everything Ye Feng said, they were immediately moved.

Unexpectedly, among the people of the same race outside, after thousands of years, some people actually remembered their branch of the human race.

He even tried every means to avoid many dangers and entered the ruins of the holy city surrounded by powerful ocean clans.

At this time, the tall young man who led the group immediately laughed boldly and said: "This is really great! By the way, brother, what is your name? My name is Long Tian, and I am the dragon knight captain of our dragon training clan."

Ye Feng also showed a friendly smile and said: "My name is Ye Feng, and I come from the wilderness outside our human territory."

At this time, Long Tian immediately stretched out his hand and said: "Brother Ye Feng, please follow me back to the clan. The clan leader will definitely be very happy to see you."

Ye Feng discovered that although these dragon knights were extremely powerful, they did not seem to be very smart. They were all very simple human beings and were not as good as those people with deep knowledge outside. Otherwise, they would definitely be convinced by his lies. I don't believe it at all.

\u003e

Ye Feng jumped up at this time and instantly jumped to sit behind Long Tian.

Long Tian's mount is a huge purple dinosaur, covered with densely packed huge scales. It looks indestructible and has extremely ferocious power and momentum.

"Brothers, let's return to our clan!"

At this time, Long Tian immediately shouted at the hundreds of dragon knights around him.

"Yes, Captain!"

A group of dragon knights roared loudly.

"Rumble..."

The entire huge team of dragon knights returned in an instant.

Hundreds of powerful dinosaurs were galloping across the land, and the scene was extremely spectacular.

At this time, Ye Feng was slightly shaken in his heart.

These dragon knights, even if they are only a few hundred teams, once they charge on the battlefield, they will definitely be comparable to thousands of troops.

At this time, Long Tian suddenly asked: "By the way, Brother Ye Feng, the ruins of the Holy City have only been opened for a long time. How did you get in?"

Ye Feng said truthfully: "It seems that the two powerful races of the deep sea, the Jiaoyu Clan and the Scorpion Clan, were started together. A friend and I mixed into the Jiaoyu Clan, so we were able to follow the Jiaoyu Clan's team and come to the Among the ruins of the Holy City."

"What? The Fish Clan and Scorpion Clan are activated?"

"So, now many strong men from the Jiaoyu Tribe and the Scorpion Tribe have entered the space in the ruins of our Holy City?"

"It's too scary! We need to go back to the clan as soon as possible, inform the clan leader and them, and be prepared to resist!"

...

Ye Feng's words at this time immediately made many people in the entire dragon knight team scream out in surprise.

Long Tian's eyes suddenly became a little solemn, and he said: "This matter is indeed very serious. We need to go back and report immediately. Thank you Brother Ye Feng for bringing us such important information. You are really our lucky star." ah!"

Ye Feng smiled slightly and said: "I don't know about the other things, but we do need to prepare early. If a strong person from the Jiaoyu tribe or the Scorpion tribe discovers our human tribe, they may go on a killing spree. After all, Our human race's status in the divine world is too low. In the eyes of many powerful races, we humans are just like ants."

Long Tian nodded slightly, and then said aloud: "Brother Ye Feng, don't worry, now that you have come to our dragon training clan, you are our dragon training clan's best friend."

Although Long Tian said this, Ye Feng knew very well that this Long Tian thought that he came specifically for their dragon training clan and could take them away from the ruins of the holy city.

"It seems we still have to figure out how to get out."

At this time, Ye Feng was thinking secretly.

Before entering the ruins of the Holy City, Princess Coral gave each of the young and powerful members of the Jiaoyu clan a teleportation crystal ball.

Ye Feng and Shadow each have one of these teleportation crystal balls.

A month later, this teleportation crystal ball will take them directly away from the ruins of the Holy City.

But if you want to take a group of people with you, it may be more difficult.

"Let's talk about how to take this group of people away specifically. We still have a month to go. Maybe we can think of some way."

At this time, Ye Feng secretly thought that he might be able to use the teleportation crystal ball he carried to study the secret of teleportation. Ye Feng walked forward and soon came to the group of dinosaur knights.

At this time, this group of dinosaur knights consisted of dozens of people, riding on dozens of huge dinosaurs.

Chapter 1876 Nightshade

The team of dragon knights is very fast, because their dinosaur mounts run as fast as war machines.

When everyone returned to the dragon training clan.

Ye Feng saw that a huge mountain was hollowed out.

Inside the mountains, many residential houses, fortifications, etc. are cast out of stone.

And what shocked Ye Feng the most was that thousands of dinosaurs with terrifying impact were roaming the vast plains in the back mountains.

The dragon-taming clan is like some nomads in the mortal world.

However, the nomads in the ordinary world herd ordinary cattle and sheep, but the dragon-taming clan herded tall and ferocious dinosaur beasts!

"Look! Captain Long Tian is back!"

"There seems to be a stranger behind Captain Long Tian. Is it related to the loud noise we found before?"

"But we here have been surrounded by many powerful ocean races for generations. Can people from the outside come in?"

...

At this time, every member of the entire dragon-taming clan couldn't help but start talking.

They all focused their curious eyes on Ye Feng.

Uh-huh!

At this time, Ye Feng jumped down from the dinosaur.

He sensed that these dragon-taming tribesmen were all physically strong and larger than normal humans. They were born warriors and knights.

It seems that this is related to the fact that they have grown up in the ruins of this holy city for many years.

After all, in the ruins of this holy city, they can continuously capture various dinosaurs descended from the Holy Dragon clan, eat dinosaur meat, and bathe their bodies in dragon blood. All of them are physically powerful.

However, Ye Feng's chaotic body is naturally more terrifying.

At this time, the leaf wind emitted slightly

A hint of body.

Many of the tall clan members of the dragon-taming clan who were observing him felt a palpitating feeling from Ye Feng's body in an instant.

It was as if the person standing there was not a person, but a ferocious and terrifying beast!

At this time, Long Tian also jumped down from his mount, walked in front of everyone, and immediately said: "Everyone, listen up, this brother is called Ye Feng, and this time he came to the ruins of our holy city. Specifically to find our branch of the human race that has been lost for thousands of years, this time, Brother Ye Feng said that he can find a way to take all of us out. "

Wow!

Almost at the moment Long Tian's words fell, there was an uproar in the entire field.

"What?! Take our entire tribe out?"

"Brother Ye Feng looks so young, is he really capable of taking all of us out?"

"But he must have paid a lot of money to enter the ruins of this holy city specifically for us. I feel a little touched!"

...

At this time, all the members of the entire dragon-taming clan couldn't help but exclaimed in surprise.

Originally, when they saw Ye Feng, a stranger, they were still wary.

But now that they heard Captain Long Tian's words with their own ears, all the dragon-taming clan members couldn't help but feel shocked in their hearts.

The eyes they looked at Ye Feng again were filled with deep excitement and excitement.

At this time, in the eyes of these dragon-taming clan members, Ye Feng may have become their savior.

"elder brother!"

Suddenly at this time, accompanied by a clear and light voice as clear as jade, a girl trotted over from not far away.

This girl is wearing ancient animal skin clothing, with a perfect figure, beautiful eyes, and a gentle voice, but her appearance makes her look like a tribal girl with a trace of wild beauty.

"younger sister!"

Long Tian immediately walked over, with a hint of doting in his eyes, and took out a stone that exuded colorful light from his arms, saying: "I have been thinking about it for a long time. On the way back this time, I happened to find a colorful rain flower stone. "

"Yeah! Thank you brother!"

The beautiful and wild dragon-taming girl immediately screamed with joy.

At this time, Long Tian suddenly pulled Ye Feng in front of this beautiful and wild girl, and said with a smile: "Come on, come on! Brother Ye Feng! Let me introduce to you, this is my biological sister, Solanum Solanum. You can get to know each other."

Solanum solanum was different from the shy girls in the outside world, but she generously stretched out a small hand, smiled beautifully at Ye Feng and said: "Hello, I am Solanum solanum, thank you, brother Ye Feng, can you You have braved hardships and overcome the obstacles of so many powerful races under the sea to come to our dragon-taming clan. I am very touched and very grateful to you for having this heart."

Ye Feng felt a little embarrassed after being told by this girl Solanum Solanum.

After all, he just stumbled into the ruins of the holy city.

However, Ye Feng was just a little embarrassed in his heart, but on the surface his face was not red and his heart was not beating. He smiled slightly, stretched out his hand and shook Nightshade's little hand, and said: "Rescuing the lost branch of my human race, this is what I have been doing since I was a child. The vows made in the heart should be made."

Hearing Ye Feng's words, he was very solemn and serious, unconventional.

Nightshade was immediately moved by the incident.

Her eyes were slightly red as she stared at Ye Feng, feeling that this figure was extremely majestic.

At this time, Long Tian spoke from the side: "Brother Ye Feng, we will talk to my sister later. I will take you to the old clan leader first. After all, this time there are so many strong men from the Jiaoyu clan and the Scorpion clan. , we need to plan well."

Ye Feng nodded and said: "Okay, I just have something to ask your old clan leader. I came to the ruins of the Holy City for another purpose, and that is to find the treasure of the Holy Dragon clan."

Hearing this, Long Tian suddenly had an inexplicable look on his face, but without saying anything else, he led Ye Feng towards the interior of the Dragon Taming Clan.

"I want to go too!"

Nightshade, a simple girl living in the ruins of the Holy City, already regarded Ye Feng as the great hero in her heart.

She immediately trotted up behind Ye Feng and Long Tian, following them.

Even halfway through, Nightshade sneaked up to Ye Feng's side, secretly stretched out her little hand, grabbed Ye Feng's palm, and expressed her love.

Obviously, the girls from ancient tribes like the Dragon Taming Clan are all very proactive and not too immature. If they like something, they will be very proactive and enthusiastic, without hiding their inner love.

Ye Feng was a little surprised by this and could only smile helplessly and let Nightshade hold his hand.

Soon the three of them arrived inside the mountain where the dragon-taming clan lived. Not far away stood a huge stone palace.

Long Tian stepped forward, immediately clasped his fists respectfully and said, "Old Patriarch, I am here with the man who descended from heaven."

"come in."

An old voice suddenly came out from the stone palace.

Chapter 1877 Super Formation

At this time, as the old voice sounded, the door of the stone hall immediately opened automatically.

The three of them walked in, and Ye Feng saw a skinny old man at first sight, sitting cross-legged on a futon in the stone hall.

In front of him, there were many ancient statues of gods, some made of wood and some made of stone. They looked very ancient and exuded the atmosphere of vicissitudes of life.

At this time, the skinny old man suddenly opened his eyes, but his eyes were emitting a green light, looking very mysterious.

Long Tian stepped forward at this time, respectfully raised his hands and said, "Old patriarch, the man next to me is called Ye Feng, a man from heaven. He is here specifically to find the lost tribe of our human race."

The old patriarch nodded slightly and stood up.

Ye Feng immediately felt a palpitation in his soul.

The cultivation strength of this old patriarch is absolutely terrifying.

He looks like a skinny old man, but he feels like an ancient evil beast hidden in human skin.

At this time, Ye Feng immediately said: "Junior Ye Feng, from the wilderness of the seven major domains of the human race from the outside world, this time entered the ruins of the holy city to look for the lost branch of our human race. Unexpectedly, it was a coincidence that I happened to meet him. Captain Longtian, brought me to the Dragon Taming Clan."

The old patriarch's eyes showed a kind smile, and he said: "Young friend Ye Feng is really the pillar of our human race. He has a big heart and works hard for the unification of our human race. This old man has to admire me."

When Ye Feng heard what the old patriarch said, he thought to himself: Come on! Now I have really become the hero in the hearts of the entire dragon-taming clan.

If I can't bring the dragon-taming clan out this time, I'm afraid I'll be a little ashamed.

After all, these people really believe in themselves a little too much.

At this moment, Ye Feng said: "Old patriarch, this time I secretly got a teleportation crystal ball from the Jiaoyu tribe that can teleport out of the ruins of the Holy City. Maybe we can

You can study this teleportation crystal ball to see if you can understand the secret of teleportation in it, expand it, and then teleport all the members of the entire dragon-taming clan! "

What Ye Feng said at this time was naturally his previous theoretical conjecture.

But when the old patriarch heard this, he suddenly became happy and said: "Little friend Ye Feng, you have actually obtained this magical treasure from a foreign tribe. You can study it for me. I am quite knowledgeable about formations and the like. There is research."

"good."

Ye Feng nodded and immediately took out the teleportation crystal ball from his arms.

The old patriarch took the teleportation crystal ball in his hand, then studied it carefully, and said: "This teleportation crystal ball is very useful! I detected a very small micro-formation from it. If I can understand it, If we are thorough, we will definitely be able to create an expanded formation that can teleport all of our dragon-taming clan out and completely escape the constraints of the ruins of this holy city!"

At this time, seeing what the old clan leader said, Long Tian, the dragon knight captain, showed deep excitement in his eyes.

First of all, he was excited that the dragon-taming clan finally had hope of escaping from this space prison, escaping here, and returning to the embrace of human territory, without having to live a life of fear all day long.

Although their dragon-taming clan got a lot of powerful dinosaurs in the ruins of the holy city, they even trained them into national dragon knights with fierce fighting power.

But in the ruins of this holy city, after all, powerful undersea races from the outside often enter it, and they may wipe out the dragon-taming clan at any time.

Therefore, the entire dragon-taming clan's sense of crisis is very strong.

Ye Feng smiled at this time and said: "When you get out, I will take you back to the wilderness. All of the seven major areas in our human territory are..."

It is the Human Emperor, the most powerful person of the human race, who protects us. In the territory of the human race, we don't have to worry too much about the invasion of foreign races. "

When the old patriarch heard Ye Feng's words, he couldn't help but burst into tears, and said: "If there is someone who protects the emperor, then my dragon-taming clan can live forever, instead of me, an old guy, worrying about being exterminated every day." "

It can be seen that the old patriarch is under great pressure.

At this time, Solanum Solanum, a beautiful girl from the dragon-taming clan, saw the old patriarch and grandfather crying. The girl's eyes couldn't help but turn red, and then her tears fell down.

Although Nightshade is young, she knows a lot. She has always known that the dragon-taming clan is always in a life-or-death crisis.

But now, Ye Feng has brought hope to all the dragon-taming clan.

At this time, Solanum Solanum looked at Ye Feng's beautiful eyes, showing deeper admiration and admiration.

At this time, the old patriarch took the teleportation crystal ball and said: "I will study it first. Longtian, please listen carefully. Little friend Ye Feng will be treated as the most distinguished guest of our dragon training clan. , if he needs anything, you must fully cooperate."

Long Tian immediately clasped his fists and said, "Yes, old patriarch!"

The old patriarch looked at Ye Feng at this time and said with a smile: "Little friend Ye Feng, I will go study this teleportation crystal ball first. If there is anything you don't understand, please ask little friend Ye Feng to join us." Enlightenment."

The old patriarch is unfathomable and has already sensed that Ye Feng's soul power is very powerful and powerful. He must have his own research on the formation.

At this time, Ye Feng smiled slightly and said: "Okay, as long as the old patriarch needs it, I will come over immediately to understand the mysteries in this teleportation crystal ball with you, the old patriarch."

"Brother Ye Feng, are you still an array mage?"

At this time, Long Tian heard the conversation between the two and stared at Ye Ye with his eyes wide open.

wind.

Ye Feng smiled slightly and did not explain anything.

At this time, the old patriarch had already entered the secret room deep in the stone palace.

It seems that this old man, who is in danger of genocide, can't wait to study the secrets in this teleportation crystal ball.

Seeing this, Ye Feng breathed a sigh of relief.

Let's study this teleportation crystal ball for the time being, and leave it to the old patriarch of the dragon-taming clan to study it slowly.

At this time, the brothers Ye Feng and Longtian Nightshade left the central stone hall.

At this time, Long Tian was very excited because Ye Feng was recognized by the old clan leader. This time he really made a great contribution.

If the entire dragon-taming clan can escape, then Ye Feng is the number one hero, and then Long Tian is the second hero!

In the next few days, Ye Feng lived in the Dragon Taming Clan.

After Ye Feng and the old patriarch's occasional research together, they finally thoroughly studied the miniature teleportation array in the teleportation crystal ball.

This news filled the entire dragon-taming clan with great joy.

However, Ye Feng and the old patriarch calculated that if they wanted to set up a formation that could allow tens of thousands of dragon-taming tribes to teleport together, it would take at least half a year to set up.

Next, everyone in the dragon-taming clan was mobilized to look for various formation materials and prepare to set up a super teleportation formation!

The old patriarch, Ye Feng and Long Tian, left the dragon-taming clan and walked towards a deserted place.

The old patriarch said: "In my early years, when I was traveling around the ruins of the Holy City, I accidentally discovered one of the biggest secrets in the ruins of the Holy City. There is a real ancient holy dragon buried in a valley in a deserted place! This time we go to find the dead ancient holy dragon and activate our teleportation formation. We need the blood of the holy dragon that contains abundant energy to activate and provide energy. "

#### Chapter 1878 Dragon Burial Valley

In the far distance of the desolate land, the old patriarch, Ye Feng and Long Tian finally arrived at the destination of their trip.

"What a tragic smell!"

At this time, Long Tian looked at the valley not far away and felt a very tragic and bloody atmosphere.

"Roar~"

At this time, the dinosaur mounts sitting under several people's seats were trembling as they got closer to the valley, as if they were very frightened.

In the end, these ferocious dinosaur beasts did not dare to move forward anymore.

Even if Long Tian's whip struck them, the dinosaurs were unwilling to take another step forward. Instead, they fell limply to the ground and turned into a puddle of mud.

"There is an ancient holy dragon buried in the valley. The dinosaur's level is too low. It must not dare to move forward. Let's just walk there by ourselves."

At this time, after the old patriarch calmed the trembling dinosaur, he began to lead the two young people towards the Dragon Burial Valley.

Soon the three of them arrived at the edge of the valley.

They looked towards the bottom of the valley, and sure enough, they saw a huge and majestic dragon body, tens of thousands of meters long, lying in the valley.

However, this holy dragon has been dead for endless years, and the scales all over its body are broken a lot, but blood is still flowing. There are many large blood-sucking mosquitoes lying on the surface of this holy dragon's body, greedily sucking blood.

This holy dragon exudes a strong aura of death.

This breath of death spreads throughout the valley, making people feel like they are about to enter a hellish death place.

At this time, the three people watching all this in the valley all looked inexplicably horrified.

After all, I saw such a huge holy dragon dying in front of my eyes. The huge dragon body full of scars was extremely visual impact.

At this time, the old patriarch's tone seemed to be filled with vicissitudes of life, and he said: "I passed by here by accident decades ago, and saw this shocking scene, which made me feel sad for a long time.

Unable to calm down, no one would have thought that in such desolate depths, there was actually a desolate valley where an ancient holy dragon was buried. "

Ye Feng couldn't help but say at this time: "This is really a great fortune that we encountered accidentally. Why didn't you, old patriarch, bring this holy dragon back to the tribe?"

The holy dragon of ancient times, even if it is dead, is an extremely precious existence.

At this time, the old patriarch couldn't help but smile helplessly and said: "I didn't take away the dead body of this ancient holy dragon. The first reason was because my cultivation was not enough, and there were many terrible creatures gathered in the valley below. For example, there are big blood-sucking mosquitoes that can suck all the blood out of a person's body in an instant, and the death creatures bred by the 10,000-meter-long body of the Holy Dragon and the aura of death, which can specifically wipe out the souls of living things, which is very terrifying. ”

At this time, Long Tian was a little panicked by the old patriarch's words, and couldn't help but said: "Old patriarch, your current cultivation strength must have improved a lot compared to the past."

The old patriarch glanced at Long Tian and said: "You are overthinking. I am weaker than before because I am too old and my strength has been declining."

"Ah? What should we do?"

Long Tian couldn't help but exclaimed.

The old patriarch looked at Ye Feng at this time and said with a smile: "Don't forget that there is a top young talent beside us. The overall strength of little friend Ye Feng is definitely not weaker than mine."

"What?"

At this time, Long Tian couldn't help but be a little shocked when he heard what the old patriarch said.

However, he has indeed never seen Ye Feng take action until now, and he cannot sense the level of Ye Feng's cultivation level.

The old patriarch would never tell lies. Long Tian immediately focused on Ye Feng. Unexpectedly, this year

An extremely light friend is actually so powerful, able to rival the old patriarch?

Ye Feng smiled at this time and said: "The old patriarch is so complimentary, my overall strength is definitely not as good as you, the old patriarch."

When the old patriarch heard this, he just smiled and said: "Little friend Ye Feng, please stop being modest. Let us see your great strength later."

At this time, seeing Ye Feng and the old patriarch exchanging commercial blows, Long Tian on the side breathed a sigh of relief.

In any case, with the addition of Ye Feng, a man whose strength is comparable to that of the old patriarch, the danger of entering the Dragon Burial Valley below should be much less.

Although Long Tiannai is a fearless dragon knight captain, he was in the midst of a battle on the battlefield.

It has to be said that Long Tian is still somewhat resistant to going to a very dangerous life restricted area like Dragon Burial Valley.

After all, without his dinosaur mount, his overall strength would be greatly reduced.

Just like a cavalryman becomes an infantryman, his combat effectiveness naturally plummets.

Next, the three people wasted no time and jumped directly from the edge of the valley.

After coming into close contact with the majestic and majestic holy dragon corpse, several people instantly felt a vast and vast aura.

A kind of vicissitudes that seemed to come from ancient times rushed towards their faces, making several people feel a feeling of insignificance.

Wow!

Suddenly, just as the three of them arrived, a large green snake burst out from a quagmire not far away, with its mouth wide open, full of black fangs, exuding a bloody aura. He rushed towards the three people.

"boom!"

The old patriarch was the first to react, and immediately slapped the front of his face, and a black light burst out from his skinny palm.

"Pfft!"

The whole body of that big green snake

It exploded immediately.

"Crunch!"

Suddenly at this moment, the ground under the feet of the three people cracked, and a pale joint insect suddenly sprang out. The dense joints immediately wrapped the old patriarch's leg.

No one expected this pale bone joint insect that suddenly sprang out.

"Pfft!"

Almost at the next moment, the old patriarch's leg, which was hugged by the dense bone spurs of the joint insect, was immediately corroded to the point where the flesh and blood quickly festered, and green smoke was rising. In the blink of an eye, only a thigh bone was left.

"hiss!"

Even though the old patriarch was determined, he couldn't help but gasp in pain at this moment.

"Uh-huh!"

Long Tian subconsciously held the broad sword made of steel in his hand and struck hard at the joint worm on the old patriarch's thigh bone.

"when!!!"

But at the next moment, Long Tian couldn't help but be horrified that the broad sword in his hand struck the joint worm, but it didn't crush the joint worm. Instead, a crisp metal strike erupted from the collision point. There was a roar, and even sparks were thrown out by the collision, but the joint insect with countless dense tentacles did not cause any harm at all. Instead, it was still eroding the old patriarch's thigh bone.

Long Tian was dumbfounded. He looked at the old patriarch and said, "Old patriarch, even the highest-level sword in our dragon-taming clan can't chop this joint insect. Old patriarch, you're doomed."

"boom!"

Suddenly at this time, Ye Feng suddenly took action, stretched out his hands directly, clamped the joint insect like lightning, and then exerted force.

"Crack!"

The joint insect, which looked like it was made of divine iron, was crushed to pieces by Ye Feng's two fingers.

"Fingers?! What kind of strange power is this?"

When Long Tian saw this scene, his eyes immediately revealed a look of horror.

Chapter 1879 Master of the Scorpion Clan

Ye Feng's terrifying power left Long Tian on the side stunned.

At this moment, the joint worm on the old patriarch's thigh bone was crushed and turned into bone fragments, completely dead.

At this time, the old patriarch's thighs had been corroded into white bones, which looked shocking.

Long Tian's eyes were a little horrified and he said: "Old patriarch, your legs are considered useless!"

"Snapped!"

The old patriarch slapped Long Tian directly, then took out a small bottle from his arms and poured a drop of green liquid onto his thigh bone.

Buzz!

In an instant, this drop of green liquid released a very strange recovery power, which quickly healed the old patriarch's thigh.

At this time, visible to the naked eye, the bone surface of the old patriarch's thigh, which was left with only white bones, began to rapidly grow blood, flesh, meridians and skin, and then continued to repair, and finally returned to a perfect thigh.

Long Tian was very surprised when he saw this scene. He obviously didn't expect that the old patriarch had such a magical potion on his body.

When Ye Feng saw this, there was nothing surprising.

He didn't know how many times he had seen this elixir that produced flesh, blood, and bones along the way.

Moreover, many powerful people have talents that can automatically restore their own flesh and blood.

Maybe the dragon-taming clan in the ruins of the holy city has been isolated for too long.

Many things that are common in the human race are very rare in the dragon-taming clan.

At this time, Ye Feng said: "Let's move on."

At this time, the three of them continued walking, but they all became wary.

This Dragon Burial Valley is really filled with dangerous crises.

New dangers may arise at any time.

Soon the three of them experienced many dangers, and finally came to the corpse of the huge and majestic holy dragon.

Looking at the scales the size of a human head, which were indestructible, Long Tian was a little embarrassed, "Old patriarch, how should we remove such a huge holy dragon corpse?"

Take the body back. "

The old patriarch looked at Ye Feng.

Ye Feng smiled slightly and said: "Simple."

Buzz!

At this time, Ye Feng waved his hand, and the storage ring in his hand flashed. The body of the holy dragon, as majestic as a mountain, was instantly included in Ye Feng's storage ring.

"Wow!"

At this moment, looking at the empty space in front of him, the body of the holy dragon disappeared with a swish.

"this....."

The old patriarch and Long Tian were both very shocked.

The storage bag made by their dragon-taming clan can only hold some miscellaneous items at most.

The largest storage bag can only hold a small dinosaur.

But at this time, Ye Feng's storage spirit ring suddenly contained the corpse of a majestic holy dragon tens of thousands of meters tall.

For the dragon-taming clan, this was simply unbelievable and opened up a new world.

At this time, Ye Feng was very relaxed and said: "Let's go."

"Huh? Oh, okay, let's go."

Neither the old patriarch nor Long Tian expected it to be so easy this time.

Buzz!

Suddenly at this moment, a fierce battle wave suddenly came from a certain direction in the Dragon Burial Valley.

"It seems like outside races are fighting?"

Ye Feng instantly sensed the abnormality of the battle fluctuations. It was not the beasts fighting, but the practitioners fighting.

"Let's go take a look."

At this time, the three of them flew towards the direction of the battle wave in the valley.

Half an hour later, they arrived at the end of the valley.

I saw it immediately

, in a quagmire in the distance, a beautiful woman with a graceful posture was being besieged by a group of creatures whose upper bodies were human and whose lower bodies were black scorpions.

"It's the Scorpion Tribe!"

Ye Feng's eyes were slightly startled.

And the next moment, when Ye Feng's eyes focused on the beautiful woman who was besieged.

His eyes were suddenly startled, and he couldn't help blurting out: "It's the Coral Princess of the Jiaoyu Tribe!"

Ye Feng never expected that Princess Coral of the Flood Dragon Clan would suddenly appear here.

But looking at how exhausted she is now, she seems to be besieged enough.

"That's not right! The dozen or so Scorpion Clan beings that are besieging them are basically practitioners in the early stages of the Divine Palace Realm. Why is it that Princess Coral, a powerful person in the Life River Realm who is a big level above her, can't deal with them? "

Ye Feng observed carefully at this time, and immediately saw that Princess Coral's beautiful face was surrounded by a rich black aura.

"poisoned!"

"Princess Coral's cultivation has been suppressed!"

"No wonder she was hunted down so miserably by more than a dozen Scorpion creatures from the first and second heavens in the early stage of the Divine Palace Realm."

Ye Feng suddenly imagined the scene in his mind where Princess Coral was framed and poisoned.

"The Holy Pearl of the Deep Sea is on the body of Princess Coral. Do I want to save her? But if I save her, she may not give me the Holy Pearl of the Deep Sea. What if I fall out? After all, Princess Coral is from the Jiaoyu tribe. Who knows that she knows about it? If I am a human being, will they attack me?"

Ye Feng was thinking in his heart at this time.

"boom!"

But at this moment, there was a huge roar not far away. The Coral Princess was directly hit in the head by a black stick in the hands of a strong man from the Scorpion Tribe, and she suddenly fell to the ground. , and passed out instantly.

"Help!"

At this moment, Ye Feng no longer hesitated, directly holding a stone sword and rushing towards the quagmire area in the distance.

go.

Long Tian immediately looked at the old patriarch beside him and asked: "Old patriarch, what should we do?"

The old patriarch gave Long Tian a slap in the face and said: "Of course we will come together to help little friend Ye Feng!"

...

At this time, there was a quagmire area not far away.

Watching Princess Coral being knocked unconscious and falling to the ground.

A group of more than a dozen Scorpion masters couldn't help but laugh out loud: "We finally succeeded in catching the Coral Princess! The secret of the treasure in the ruins of the Holy City is in her body, we must search it out!"

Another Scorpion master couldn't help but laugh sinisterly and said, "Let me play with you later!"

As the Scorpion master said this, he immediately rubbed his hands together, seemingly very excited, and walked towards the Coral Princess who fainted not far away.

"Pfft!"

But suddenly at this moment.

A terrifying sword light suddenly burst out from the surrounding dense forest.

In an instant, he cut off the head of the master of the Scorpion Tribe.

"ah!!"

An earth-shaking scream immediately came from the headless body of this master of the Scorpion clan.

He didn't die for a moment, but his soul was still there, had his own consciousness, and screamed.

"boom!"

But the next moment, Ye Feng immediately dodged and punched the headless body of the Scorpion master into pieces.

"What?!"

"Who dares to kill me, the master of the Scorpion Tribe?"

"Presumptuous! How audacious! The crime is unforgivable!"

In an instant, a group of more than a dozen Scorpion masters roared angrily.

At this time, Ye Feng conveniently carried the unconscious Coral Princess on his back.

Then he looked at the group of Scorpion masters and sneered: "Just in time, they've sent me some nourishment."

## Chapter 1880 Explode

"presumptuous!"

At this time, the dark red eyes of a master from the Scorpion Tribe instantly stared at Ye Feng opposite him.

A trace of a disdainful smile appeared on his face, and he said: "It turns out that he is a human race kid who doesn't know whether to live or die. He has cultivated to the fourth level of the Heaven Ladder Realm. He dares to fight against strong men like us. He is really naive."

Ye Feng smiled coldly, looked at the fragment of the Scorpion master on the ground, and said: "Your companion was just killed by me."

The master of the Scorpion Tribe opposite him immediately said with disdain: "You can't be considered a hero by relying on sneak attacks to win!"

Ye Feng smiled and said: "Sneak attack? Do you think I won by relying on sneak attacks?"

Buzz!

Almost at this moment, Ye Feng's body immediately burst out with a huge and boundless martial arts aura.

This kind of martial arts momentum is like a vast ocean, filled with terrifying and boundless energy, and instantly floods the surrounding void land. .???.??

"Huh? So angry!"

Not far away, there was a group of Scorpion masters who looked disdainful, but their expressions changed slightly in an instant.

At this time, he seemed to be alarmed by this huge momentum.

Princess Coral, who was carried by Ye Feng, suddenly opened her eyes.

The moment those beautiful eyes opened, she was very surprised. Wasn't she already dead?

"It seems like someone has come to save me?"

Princess Coral murmured.

But at this time, she couldn't see the face of the person who saved her. She could only see a knife-like profile, which made her feel slightly shocked.

At this time, Ye Feng had already rushed towards the dozen powerful Scorpion clan men.

"You're too proud! With a cultivation level in the Heavenly Ladder Realm, you actually dare to fight against a dozen masters of the Demonic Scorpion Clan in the Divine Palace Realm. Why don't you just run away quickly?"

At this time, Princess Coral was thinking secretly.

But at the next moment, she felt extremely shocked.

Ye Feng punched out with a fist, and the terrifying power of the fist exploded, and it suddenly hit the front row

Fang's entire three Scorpion Clan masters were blasted to pieces.

Directly bombarded into pieces!

"What? What kind of terrifying combat power is this?"

Princess Coral was immediately horrified by this shocking scene.

Even though she was the apple of the eye of the Coral City of the Jiaoyu Tribe, she still felt a sense of shock at this moment.

At this time, Princess Coral suddenly felt weak and fainted again.

But this time, when Princess Coral passed out, she no longer felt hopeless, but felt a sense of security.

Because someone came to save her.

Although Princess Coral doesn't know this person.

"Besiege this boy!"

At this time, three Scorpion Tribes were blasted to pieces at once. The other Scorpion Tribe masters were all frightened for a moment, and they all burst out with terrifying murderous intent.

These Scorpion masters all understood at this time that the seemingly weak human boy in front of them had terrifying and earth-shattering combat power.

"Killing Blade!"

"Destroying storm!"

"The Great Ultimate Frozen Sword!"

...

Boom! !

Boom! !

More than a dozen masters of the Scorpion clan all used their powerful killing moves, and destructive energy fluctuations immediately erupted in the sky.

At this time, Ye Feng smiled indifferently and said: "A bunch of fish and shrimps."

"Thunder Ancestral Talisman!"

boom!

Ye Feng inspired the huge power of thunder, and the endless thunder and lightning light suddenly enveloped his entire body.

Ye Feng suddenly jumped up and soared directly into the sky. His whole body was full of terrifying momentum, and a huge wave of energy suddenly burst out.

"The Great Nine Extremes Endless Nine Heavens Thunder Overlord Super Divine Fist!"

Ye Feng roared loudly.

This is a very terrifying power contained in the Thunder Ancestral Talisman.

Every word is full of terrifying momentum.

The moment the words fell.

Ye Feng's fist had gathered infinite thunder light, like a thunder sun, which struck far away in an instant, vast and boundless, shining brightly across the sky.

At this moment, the endless thunder and lightning light suddenly bombarded a dozen Scorpion clan masters in the distance.

"Crash!" .??.

"Crash!" .??.

Infinite thunder enveloped all the Scorpion masters.

In an instant, an extremely terrifying wave of destruction was produced in the void.

"Boom!!"

Almost at the next moment, all attacks were disintegrated.

Because Ye Feng's punch was really terrifying and contained infinite thunder power.

"ah!"

"ah!"

"ah!"

Almost at this moment, the entire sky suddenly resounded with screams and screams.

More than a dozen masters of the Scorpion Tribe, their whole bodies exploded in an instant, and they were killed by the thunder, and their life breath was wiped out.

Uh-huh!

Uh-huh!

At this time, the old patriarch and Long Tiantian had just arrived, ready to help Ye Feng.

But at this time, they happened to see the bodies of a dozen Scorpion masters exploding in an instant.

And Ye Feng's terrifying thunder punch, it almost exploded the sky.

.

It's really shocking to the extreme!

At this time, Ye Feng opened his mouth and swallowed.

"Buzz!"

Just like a whale swallowing water, it swallowed all the exploded Scorpion masters in the sky.

"boom!!"

The next moment, a terrifying and huge energy exploded in Ye Feng's body.

"boom!"

"boom!"

"boom!"

In an instant, three consecutive huge martial arts auras burst out from Ye Feng's body.

"Seventh level of Heaven Ladder Realm!"

Ye Feng clenched his fists and felt the boiling power in his body, feeling very satisfied.

At this time, Long Tian and the old patriarch came over.

Long Tian stared at Ye Feng, as if he was meeting Ye Feng for the first time. He looked carefully, his eyes bright, and said: "Brother Ye Feng, I didn't expect your strength to be so terrifying! It really makes me feel incredible!"

Ye Feng's cultivation level is at the Ladder Realm, and he defeated more than a dozen Scorpion Clan masters at the Divine Palace Realm in an instant.

This scene is indeed full of shocking feelings.

The old patriarch also smiled slightly and said: "Little friend Ye Feng, is it your friend you are rescuing this time?"

Ye Feng glanced at the beautiful face leaning against his shoulder, smiled, and said, "They are friends, we met her once."

Long Tian chuckled at this time and said: "Old Patriarch, you don't understand this. Brother Ye Feng is a hero saving the beauty. Old people like you from the previous generation don't understand normality. No wonder you, Old Patriarch, are always single. , live alone for the rest of your life."

"Snapped!"

The old patriarch gave Long Tian a slap in the face and said, "I'll settle the score with you, a bastard, when I go back! You're talking nonsense!"

Saying that, Ye Feng smiled and said: "Let's go back quickly, I need to detoxify Princess Coral."
