Chapter 1881 Complete Transformation

After returning to the dragon-taming clan, Princess Coral still didn't wake up.

When the three of them returned to the gate of the clan, Nightshade, a beautiful girl from the dragon-taming clan, immediately jumped over and trotted over.

"Old patriarch!"

"elder brother!"

"Brother Ye Feng..."

When shouting here, Nightshade suddenly noticed a woman on Ye Feng's back. ??

This woman looks absolutely beautiful and has an extremely noble temperament. Although she has fainted, she still gives off a cold and cold temperament, like a fairy above the nine heavens.

Compared to before, Nightshade, a beautiful girl from the dragon-taming clan, immediately felt a sense of shame and loss.

In fact, nightshade is also extremely beautiful, but her beauty is like the green and hazy beauty of the girl next door.

The Coral Princess is a noble goddess with a noble temperament, like a fairy above the nine heavens, which makes people dare not look up to her.

"Brother Ye Feng and this mysterious goddess sister, are they training partners?"

At this time, Nightshade's originally bright eyes dimmed slightly.

At this time, Ye Feng stepped forward, lifted Princess Coral off his back, and said to Nightshade: "Xiao Kui'er, help me, I want to treat this woman."

This woman?

The attentive Nightshade now heard Ye Feng's name for Princess Coral, which seemed very unfamiliar, and she couldn't help but feel a hint of joy in her heart.

At this time, Nightshade was supporting Princess Coral, blinking her beautiful eyes, and asked tentatively: "Brother Ye Feng, who is this beautiful big sister? Is she your martial arts partner, Brother Ye Feng?"

"Martial arts partner?"

Ye Feng glanced at Nightshade in surprise, couldn't help but smiled and said, "How could you have such an idea?"

Nightshade was stared at by Ye Feng's eyes, and she couldn't help but lower her head slightly shyly.

At this time, Ye Feng endured

He couldn't help but smile and touch Solanum Solanum's little head, and said: "Solanum Kui'er, don't think too much. This eldest sister and I can only be regarded as a chance meeting. It's not as complicated as you think."

Solanum nigrum smiled, lowered her head slightly, and said nothing more.

Next, Ye Feng and Nightshade carried Princess Coral to the main hall within the Dragon Taming Clan.

Ye Feng took out antidote pills from his storage ring and fed them to Princess Coral.

During this process, Ye Feng took off Princess Coral's storage ring and used ten thousand levels of powerful soul power to forcefully break the seal of her storage ring.

At this moment, Ye Feng immediately captured the fluctuations of the Deep Sea Holy Pearl.

Buzz!

At this moment, Ye Feng instantly extracted the Deep Sea Holy Pearl.

The next moment, Ye Feng put the storage ring on Princess Coral's jade finger again.

Nightshade on the side was very surprised when she saw this scene, but she didn't ask any more questions.

Because brother Ye Feng must have his own reasons for doing this.

Ye Feng looked at Nightshade beside him and said, "I have given her a lot of antidote pills just now. You take her back to the house to rest. If she wakes up, let her go." I'm going to practice first."

After saying that, Ye Feng couldn't wait to take the deep-sea holy bead that emitted nine colors of light in his hand and walked towards the grassland behind the dragon-taming clan.

This vast prairie is home to thousands of ferocious dinosaurs.

It is a very safe place guarded by countless beasts and dinosaurs.

So Ye Feng chose this place to practice and make breakthroughs.

At this time, Ye Feng came to the center of the prairie.

He held the deep-sea holy bead that exuded nine colors of light in his hand, with deep excitement in his eyes.

After coveting it for so long, I finally got it!

The process of getting it can be said to be a coincidence.

"call!"

Ye Feng took a deep breath, then directly activated his devouring ability and started devouring crazily.

In addition, a divine glove appeared in his hand, and he began to extract the attribute power from this deep-sea holy bead. ??

You must know that this deep sea holy bead contains huge deep sea energy.

There are also extremely strong attribute powers, nine-color divine power, deep sea tempering power, etc., which have unparalleled and huge benefits for improving the physical strength of the human race.

"Boom boom boom..."

At this moment, Ye Feng immediately felt that huge and pure deep sea energy was immediately absorbed, surging in Ye Feng's body, and being quickly refined by Ye Feng.

"boom!!!"

Ye Feng's body immediately burst out with a huge martial arts aura.

He broke through.

Stepped into the eighth level of the ladder realm!

"boom!"

The momentum exploded again.

Stepped into the ninth level of the ladder realm!

"boom!"

"The tenth level of the ladder realm!"

"boom!"

"First level of the Divine Palace Realm!!"

At this time, the deep sea energy in the holy bead was finally devoured.

Ye Feng's cultivation strength has also undergone earth-shaking changes.

But Ye Feng's face was still solemn at this time.

Because what comes next is the most important.

Ye Feng sensed it and extracted other attributes from the Deep Sea Holy Pearl besides the deep sea energy, such as solid attributes, nine-color divine power attributes, deep sea

Tempering attributes, etc., my own chaotic body is undergoing essential transformation!

"boom!"

Finally, a terrifying and terrifying life wave burst out from Ye Feng's body and spread in all directions.

This is not a fluctuation in cultivation, but a complete fluctuation in body power and life.

The life fluctuations as huge as a monstrous evil beast, like a vast ocean, erupted and spread from Ye Feng's body, and it was extremely terrifying.

"Ho~~"

"Ho~~"

At this moment, countless ferocious dinosaurs on the entire plain were suddenly frightened and fell to the ground, letting out low roars of terror.

Thousands of giant dinosaurs were frightened in an instant!

I have to say, this scene is very visually impactful!

Very shocking!

At this time, Ye Feng, who was standing in the middle of the prairie, was ecstatic.

Because his chaotic body has finally completely transformed from the tenth level of the Dzogchen stage of the third heaven of the chaotic body.

Successfully evolved to the fourth level of the Chaos Body! !

Ye Feng's body strength suddenly became many times stronger than before.

Strong as divine iron!

Every inch of the body's surface is flowing with immortal light.

Ye Feng could deeply feel the huge explosive power contained in his body.

That's pure physical power!

Enough to turn the world upside down!

Move the world with force!

The physical strength has evolved to the fourth level of the Chaos Body, which also means that Ye Feng's Chaos Heavenly Emperor Technique has successfully entered the fourth level.

"Buzz!"

At this moment, Ye Feng immediately felt a deep throbbing in his body's blood.

That is the precursor to awakening the fourth bloodline talent!

Chapter 1882 Half a Year

At this moment, Ye Feng sensed the changes in the bloodline in his body and began to concentrate on awakening his fourth heavenly bloodline talent quickly.

"boom!"

Suddenly at a certain moment, a bright divine light suddenly appeared in the void behind Ye Feng.

The divine light dissipated, and a huge mirror appeared on the spot. It was as tall as a person and looked extremely noble and ancient.

"A mirror?"

"Is this my bloodline talent that enabled me to awaken in the fourth heaven with the Chaos Heavenly Emperor Art?"

Ye Feng's eyes showed a hint of surprise.

Even a little disappointed.

What incredible effect can a mirror have?

"Probing for information."

At this time, Ye Feng touched his soul power to the newly awakened mirror and began to explore its true function.

"The Divine Mirror of the Emperor of Heaven: By consuming a certain amount of skill, all the characteristics of an external creature can be traced out, simulated in the Divine Mirror of the Emperor of Heaven. The holder of the Divine Mirror can enter the Divine Mirror space to fight with it. Through the battle, they can learn The opponent's martial arts inheritance."

After receiving the function of the Heavenly Emperor's Divine Mirror, Ye Feng's face was a little disappointed, but he immediately became a little shocked, and then he was extremely happy.

To put it simply, this Heavenly Emperor's Divine Mirror can secretly copy all the characteristics of a strong man, including the various inherited martial arts he has practiced, and then form a simulation body in the Heavenly Emperor's Divine Mirror space. Ye Feng can personally enter the Heavenly Emperor's Mirror. Fight with this powerful simulation body in the divine mirror space.

And during the battle, this simulation can use the inherited martial arts of any copied strong person, etc. Ye Feng can secretly learn the opponent's inherited martial arts during the battle, and can hone his own combat experience in the battle. etc.

"How amazing! There is such a magical ability in the world!"

At this moment, Ye Feng felt more and more that the blood talents given to him by the Chaos Heavenly Emperor's Art were each more magical than the last.

It is many times more magical than the talent awakened by practicing the Divine Art of Creation back then!

For example, this is the Divine Mirror of the Emperor of Heaven that can copy powerful people from the outside world and form a simulation body.

The ability is incredible.

Sure enough, the world is full of wonders!

Ye Feng couldn't wait to test the power of the Emperor's Mirror at this time.

"Buzz!"

At this time, Ye Feng shined the Emperor's Mirror towards a dinosaur not far away.

Then he said silently in his heart: "Copy!"

Buzz!

Almost at the next moment, a dinosaur in an energy state appeared in the space of the Emperor's Divine Mirror.

The dinosaur that Ye Feng illuminated was a kind of flame dinosaur.

At this time, Ye Feng stepped into the Divine Mirror of the Emperor of Heaven. Facing the energy dinosaur, he truly felt the ferocious power of an ancient evil beast.

"boom!"

At this time, the energy dinosaur actually spit out endless flames and burned towards Ye Feng. It obviously had various characteristics and abilities of the copied dinosaur body.

"The Divine Mirror of the Heavenly Emperor! The ability to copy! What a great thing!"

Ye Feng laughed loudly and walked out of the Heavenly Emperor's Divine Mirror.

Ye Feng knew that if he could illuminate Lord Cangtian with the Divine Mirror of Heaven, then the energy simulation body of Lord Cangtian would appear in the divine mirror space. By fighting him in the divine mirror space, he could secretly learn the inherited martial arts of Lord Cangtian. learned.

"unbelievable!"

"It's too outrageous!"

"Hahaha!"

Ye Feng hadn't laughed like this for a long time, and he smiled very freely.

Because this Heavenly Emperor's Mirror is too practical for me!

In the future, Ye Feng will not even need to become a disciple directly. He will be able to copy the perfect virtual bodies of other powerful people into the Divine Mirror of the Heavenly Emperor, and directly fight against them, hone his own combat experience, and learn the powerful martial arts inheritance of others.

At this time, Ye Feng absorbed the Divine Mirror of the Heavenly Emperor into his body and blood.

every

Using this Heavenly Emperor Divine Mirror for the first time requires paying some price.

Therefore, Ye Feng knows very well that only when he meets a very powerful person is it worth projecting and copying into the virtual mirror space of the Divine Mirror of Heaven.

Soon Ye Feng left the prairie and returned to the tribe of the dragon-taming clan.

"Oh my god! Brother Ye Feng, you actually broke through to the divine palace realm!!!"

The moment Long Tian saw Ye Feng, he couldn't help but exclaimed in surprise, his eyes full of shock.

He immediately winked and said in a low voice: "Brother Ye Feng, did you use some dual cultivation technique to rescue you..."

Snapped!

Suddenly the old patriarch appeared behind Long Tian and slapped Long Tian away.

The old patriarch looked at Ye Feng, smiled slightly, and said: "Young friend Ye Feng, I'm here to invite you to set up the teleportation formation together."

Ye Feng nodded slightly and said: "Looking at the old patriarch's smile, it seems that the arrangement of the formation is going smoothly."

The old patriarch nodded and said: "All the materials and so on are ready. I am inviting you, little friend Ye Feng, just to activate the core of the teleportation array together with you, little friend Ye Feng. Once the core is started, , the teleportation formation can automatically absorb the energy of heaven and earth."

"good."

Ye Feng said something aloud, and then he and the old patriarch walked towards the interior of the Dragon Taming Clan.

Soon they came to the inner area.

At this time, huge white jade pillars were erected around the entire tribe.

These white jade pillars are all engraved with ancient lines and connected together, as if they formed ancient totems.

At this time, the old patriarch laughed and said: "These special pattern totems are what I studied and traced from the teleportation crystal ball. I will expand them and I will definitely succeed."

Ye Feng clicked his tongue and said: "The old patriarch is awesome, this project is too vast."

Although the old patriarch did not show it

What special means or combat power.

But Ye Feng guessed that this old patriarch of the dragon-taming clan was definitely an old soul master from an ancient tribe with terrifying soul power.

Because even with Ye Feng's current 10,000-level soul power, he couldn't guarantee that he would be able to directly enlarge the small micro formation in the teleportation crystal ball and outline such a detailed pattern totem.

Next, the two came to the core of the formation. Ye Feng and the old patriarch took action together, inputting huge amounts of skill and soul power respectively.

"Buzz!"

"Buzz!"

...

At this moment, the white jade pillars around the entire dragon-taming tribe suddenly lit up with divine light, extremely bright.

"Success!"

The old patriarch's old eyes were full of excitement, and he couldn't help but say: "The formation has been set up. As long as it absorbs the energy of heaven and earth for another half year, it can instantly wipe out all the clansmen and dinosaurs of our entire dragon-taming clan." , send them all."

Ye Feng nodded and said: "The crystal ball will take the holder out in a month, but now my crystal ball has become the core of the entire formation, then I can only wait half a year to go out with you, the old patriarch. "

The old clan leader patted Ye Feng on the shoulder and said with a smile: "Little friend Ye Feng, you can stay in our tribe for the past six months. We have already regarded you as one of our own clansmen. Let Brother Longtian and Solanum Solanum take you." Go explore some of the surrounding caves, where there are many natural materials and treasures, as well as various elixirs of creation, etc., which will definitely be of great benefit to your cultivation, little friend Ye Feng."

Ye Feng smiled and said, "Okay, I'm really interested in this."

Suddenly at this time, Ye Feng's eyes accidentally glanced at a hilltop of the Dragon Taming Clan in the distance. A figure as cold as the goddess of the Nine Heavens stood there, looking at him from a distance.

The old clan leader also noticed it and couldn't help but whisper: "It's little friend Ye Feng that the princess of the Jiaoyu clan who you saved has woken up."

Ye Feng nodded slightly, took a deep breath, and walked towards the top of the mountain, saying, "It seems she has something to say to me. I'll go take a look."

Chapter 1883 Secret Learning and Inheritance

Ye Feng walked in that direction at this time, and soon came to the top of the mountain.

Princess Coral was standing there, her cultivation still a little unstable.

With a hint of ice in her beautiful eyes, she stared at Ye Feng and said, "It turns out that you are from the human race, and you have actually blended into our Jiaoyu clan."

Ye Feng smiled and said: "I didn't expect that Princess Coral, the most talented person in Coral City, would actually remember me, whom I had only met once. I am so insignificant. Princess Coral still knows me, which really makes me feel honored. "

Princess Coral said indifferently: "Don't think that just because you saved my life, you can smile in front of me. If you hadn't saved me, you would have been killed by me now." .??.

Ye Feng didn't have the slightest fear, he just shrugged and said, "That's why I came in front of you, otherwise I would probably have run away by now."

When Princess Coral heard what Ye Feng said, she glared at him angrily.

If Princess Coral had known that Ye Feng was a traitor and pretender to their Jiaoyu tribe, she would have killed them long ago to eliminate the dissenters.

But now Ye Feng has indeed saved her and is her lifesaver.

With Princess Coral's clear-cut character of love and hate, she would naturally not harm Ye Feng.

Staring at Ye Feng coldly, Princess Coral looked arrogant and said: "I will remember your kindness for saving my life, and I will pay it back to you."

Ye Feng suddenly spoke up: "You must also know the situation of the dragon-taming clan, and you can also see that we have worked together to set up a teleportation array, which will be activated in half a year."

Hearing this, Princess Coral couldn't help but nodded slightly and said: "There are indeed wizards among you human race. In a short period of time, they have thoroughly studied and expanded the micro-formation in the teleportation crystal ball specially made by our Jiaoyu clan. , covering the entire dragon-taming clan, it really makes me a little surprised. "

Ye Feng's eyes were filled with a trace of surprise at this time, as if he didn't expect Princess Coral to say that.

But then, Ye Feng seemed to have thought of something, and suddenly said: "Princess Coral, I saved your life, and you said you would repay me, then I will raise it now."

One condition, see if you can agree to it. If you agree, we will be clear on both sides. "

Princess Coral's beautiful eyes stared at Ye Feng and said, "You tell me, as long as the request is not too much, then it's okay."

Ye Feng said: "In half a year, when the Dragon Taming Clan and I teleport out of the ruins of the Holy City, I hope Princess Coral and you, the Jiaoyu Clan, can let us leave safely."

What Ye Feng has always been troubled about is that he and the old clan leader took the entire dragon-taming clan with thousands of clansmen and dinosaurs out.

But when the ruins of the Holy City were teleported out, it was the deep sea area of the Jiaoyu Clan, and it was the territory of the Jiaoyu Clan.

If so many clansmen from the dragon-taming clan appeared together with dinosaurs, they would definitely attract the attention of the strong men from the Jiaoyu clan.

At that time, Ye Feng and the thousands of members of the entire dragon-taming clan would immediately become a living target.

Ye Feng brought up this troublesome matter at this time.

Princess Coral stared at Ye Feng for a while, and then said: "This is a piece of cake. It does not count as repaying your life-saving kindness. Although I am from the Jiaoyu tribe, I have clear grudges. Don't worry, I will repay your kindness one day." of."

After finishing speaking, Princess Coral turned and walked towards the interior of the Dragon Taming Clan. A cool and pleasant voice came: "My toxin has not been completely released. I still need to live in the Dragon Taming Clan for a few days."

After saying that, the beautiful figure of the Coral Princess almost disappeared into the distance.

"Mirror of the Emperor of Heaven!"

Suddenly at this moment, Ye Feng displayed the blood talent of the Emperor's Divine Mirror.

Buzz!

A huge mirror appeared in front of Ye Feng, shining towards the figure of the Coral Princess in the distance.

"Wow!"

The next moment, the energy simulation body of Coral Princess appeared in the Divine Mirror of the Emperor.

among.

Buzz!

But at this time, Ye Feng's body shook suddenly, and he felt as if his soul had been drained out.

"I didn't expect that copying a coral princess would almost consume all my soul power."

Ye Feng's heart was slightly shaken.

But there was joy on his face.

Because the first time I tested the Heavenly Emperor's Mirror was very successful.

At this time, Ye Feng immediately ran towards his place of residence.

"Bang!"

Ye Feng directly closed the door of his room, and then directly manifested the Divine Mirror of the Emperor.

Buzz!

Ye Feng stepped directly into the Heavenly Emperor's Divine Mirror space.

This space is very huge and seems to be endless.

At this time, in the middle of the Heavenly Emperor's Divine Mirror space, stood a beautiful silhouette.

It's the Coral Princess!

Although it is a simulated energy body copied from the Divine Mirror of the Emperor of Heaven, to the naked eye it looks almost exactly the same as a real person, down to the same hair.

At this time, Ye Feng stepped forward and touched the simulated body composed of energy, and found that the softness and other features were no different from the real person.

The only difference may be that the copied coral princess in front of you does not have any body temperature and is cold. After all, it is composed of energy.

"Fight!"

Ye Feng's eyes were excited, and with a thought in his mind, he immediately issued an order to the Divine Mirror of the Emperor.

"boom!"

But at the next moment, Princess Coral slapped out a wave of unimaginable energy, blasting Ye Feng away and falling to the ground.

"So powerful!"

Ye Feng got up all of a sudden.

He was not injured.

Because in the Divine Mirror of the Emperor of Heaven, the clone will not kill.

Princess Coral is worthy of being a powerful person in the Minghe Realm above the Divine Palace Realm, and her strength and cultivation are extremely powerful.

"continue!"

Ye Feng was unyielding and continued to fight the clone of Princess Coral.

Although it was a one-sided crushing.

But gradually, Ye Feng discovered that with the end of each battle, the energy of Princess Coral's clone continued to decay.

With the attenuation of the energy of the Coral Princess clone, the overall strength of the clone is constantly declining.

In the end, Ye Feng forced the clone to start using various inherited martial arts.

"The sea is boundless!"

The Coral Princess clone shouted loudly, and an infinite ocean appeared around it, filled with overwhelming pressure, and headed towards Ye Fengzhen to kill him.

"The boundless sea? This seems to be a powerful inheritance among the Jiaoyu clan. It belongs to the deep-sea race. With the mighty and boundless ocean, it can obliterate everything and suppress everything!"

Ye Feng's eyes were bright, he was running the soul gems in his mind, and kept learning secretly.

For two whole days, Ye Feng successfully learned secretly!

On the third day, the Coral Princess clone's energy was almost exhausted.

At the critical moment when Ye Feng was about to wipe out the clone, the Coral Princess clone felt the crisis of death, and suddenly burst out with a more profound and terrifying inheritance:

"The Goddess's Infinite Power!"

At this moment, behind the clone of Coral Princess, the will of an ancient goddess was manifested.

After being blessed by the divine light of the ancient goddess, the blessed person's power suddenly increases, as if he has unlimited mana, unlimited spirit, unlimited aura, and unlimited power in an instant.

Very powerful!

"This is definitely Princess Coral's secret secret that is kept in the bottom of the box! Unfortunately, it's mine now!"

Ye Feng's eyes lit up.

Chapter 1884 Extremely clever

For seven days, Ye Feng fought fiercely in the Heavenly Emperor's Mirror with the replica of Princess Coral, the first female genius of the Jiaoyu tribe.

A clone fights until its energy is exhausted and it is wiped out.

Ye Feng continued to let the Divine Mirror of the Emperor generate a second authentic copy.

During seven days of constant fighting.

Ye Feng successfully learned the biggest trump cards of Coral Princess, Boundless Sea and Infinite Goddess, and mastered them all.

After seven days and seven nights of fighting, Ye Feng was extremely tired and felt that his energy and skills were about to be exhausted.

"Pap, tap..."

He walked out of the Heavenly Emperor's Divine Mirror, took back the Heavenly Emperor's Divine Mirror, and prepared to have a good sleep.

But at this time, a knock on the door suddenly sounded.

"Dong dong dong!"

"Is Brother Ye Feng here?"

It was the voice of Long Tian, the captain of the dragon knights of the dragon-taming tribe.

"Squeak!"

Ye Feng walked over and opened the door, not ready to speak yet.

Long Tian saw the tiredness on Ye Feng's face and the big dark circles under his eyes, and he was immediately surprised and said: "Brother Ye Feng, pay attention to your health and exercise moderation! As the ancients said, the guns and oars will turn into ashes..."

Ye Feng wanted to sew up Long Tian's big mouth, but said feebly: "What's the matter? It's okay. I'm going to bed."

Long Tian immediately said: "Something happened! The cold goddess you rescued before has gone crazy for some unknown reason and is wreaking havoc within our dragon-taming clan!"

"What?"

When Ye Feng heard this, his eyes suddenly showed a hint of surprise.

It seems that I never thought that a good coral princess, who had already woken up, would suddenly become obsessed?

"Take me to see it quickly!"

Ye Feng grabbed Long Tian's hand, and the two of them flew directly in that direction.

Soon the two of them came

Arriving at the inner area of the dragon-taming clan.

The hollowed-out mountain was shaking violently.

Inside the mountain, Princess Coral's whole body was indeed exuding an evil black aura, and her beautiful eyes were emitting black light. She looked absolutely possessed.

"boom!"

"boom!"

"..."

Princess Coral is very powerful. She is the number one genius in the Coral City of the Jiaoyu Clan and a super master in the Life River Realm.

At this time, every time she struck out with a palm, a huge divine light palm print burst out from her palm, shattering all the surrounding buildings and the ground.

"This doesn't seem to be an obsession."

Ye Feng observed for a while and suddenly said.

Long Tian, who was standing aside, had a look of surprise in his eyes and said, "Isn't he obsessed? What's the reason? Suddenly he became this crazy and extremely destructive."

Ye Feng stared at the Coral Princess who was wreaking havoc everywhere in the distance, and said: "It should be the toxins in her body that are causing trouble. The Coral Princess was poisoned by the scorpion clan. I guess she was arrogant and arrogant. After cleansing oneself of toxins, one is ready to activate one's own skills, which leads to such consequences."

When Long Tian heard this, he immediately couldn't help but ask: "Then what should we do now, how to treat her?"

Ye Feng smiled and said: "It's very simple. Just clean up all the toxins in her body. This is much simpler than dealing with the obsession."

Uh-huh!

After saying that, Ye Feng jumped up and flew directly towards the Coral Princess who was wreaking havoc in front of her.

"boom!!"

Princess Coral saw Ye Fengfei coming. At this moment, she lost her mind and directly

Released an extremely powerful attack and struck hard at Ye Feng.

However, as Ye Feng, who had fought with the Coral Princess's clone for seven days and seven nights, he was already familiar with all of Coral Princess's fighting routines and methods. Ye Feng easily dodged this attack.

"Um?"

Even though Princess Coral was possessed, her black light-emitting eyes were stunned at this moment.

It seems that he did not expect that Ye Feng, a weakling who was only in the first level of the Divine Palace Realm, could dodge her attack so casually.

Princess Coral is a super master in the Life River Realm.

An ordinary practitioner in the divine palace realm would be instantly shattered with a slap from Princess Coral.

But Ye Feng avoided it perfectly.

"The sea is boundless!"

Princess Coral even directly displayed her powerful martial arts.

"Sure enough, it's Boundless Sea! The Divine Mirror of the Emperor of Heaven has been copied a long time ago!"

Ye Feng's eyes revealed a bright light.

For other people, even those who are powerful in the River of Life realm would be frightened and fly away if they encountered Princess Coral using Boundless Sea.

But Ye Feng was not afraid at all.

Because he has already thoroughly understood all the inherited martial arts of Dahai Wuliang.

All the mysteries and details inside have been thoroughly studied.

So at this moment, Ye Feng faced the boundless sea.

"Rumble..."

In an instant, a blue ocean appeared in the area around Princess Coral, roaring in the entire sky, exuding majestic power and sweeping towards Ye Feng.

"Brother Ye Feng, be careful!"

Not far away, Nightshade, a beautiful girl from the dragon-taming clan, exclaimed in worry.

Because that blue sea is really terrifying.

Even if the old patriarch is standing far away

Everyone everywhere had serious expressions on their faces and said: "Even a strong man like me can't resist that vast blue sea. It seems to be a very terrifying inherited martial arts among the Jiaoyu tribe. The grade is absolutely absolute." Very high."

Many members of the dragon-taming clan couldn't help but have deep horror in their eyes when they heard the old clan leader's voice.

They didn't expect that the seemingly weak beauty turned out to be such a powerful woman.

At this time, the entire dragon-taming clan was worried about Ye Feng who took action at this time.

Because that vast blue ocean is a powerful inheritance that even a strong man like the old patriarch cannot resist!

"break!"

But Ye Feng, who was facing the blue sea at this time, did not have the slightest fear on his face. Instead, he seemed to suddenly focus on a place in the blue sea, and then punched it hard.

"boom!!"

"Wow!"

Almost at the next moment, the seemingly ferocious blue ocean was shattered into pieces by Ye Feng's punch.

"What?!"

At this moment, everyone in the room who was originally worried about Ye Feng had expressions of deep disbelief on their faces.

"This is impossible!"

"How...how did you do this?"

Even the old patriarch couldn't help but murmured, his old face was full of bewilderment at this time.

Because the power of Ye Feng's punch was simply impossible to compete with the boundless terrifying destructive power of the sea.

But it was like the force of a thousand pounds, shattering the entire azure ocean.

All I can say is that it is extremely clever!

"Could it be that at that moment, little friend Ye Feng had seen all the flaws in the blue ocean and found the weak point of the blue ocean at the critical moment?"

The old patriarch was suddenly shocked by his guess.

Chapter 1885 The Treasure of the Holy Dragon Clan

Ye Feng's punch must be said to be very shocking and brilliant.

Just like a martial arts master who has practiced for countless years, he has an essential study of all martial arts inheritance and can instantly analyze the weak points of all attacks.

At this moment, even the demonized Coral Princess couldn't help but stare blankly when she saw that her boundless sea was instantly cracked.

At this time, Ye Feng instantly appeared in front of Princess Coral, stretched out his hand and pressed it on Princess Coral's white forehead.

"Buzz!" .??.

A huge amount of soul power suddenly burst out from Ye Feng's body, temporarily suppressing Princess Coral's violent mind.

"What a terrible toxin."

At this time, Ye Feng investigated and found that the residual poison in Princess Coral's body was still very strong.

It seems that the Scorpion Tribe is a powerful deep-sea race that is good at using poison.

This kind of toxin cannot be detoxified with any antidote pill.

"Poison-eating insect!"

Ye Feng immediately released his poison-eating bugs, allowing them to absorb the very strange and terrifying toxin that was happening in Princess Coral.

But at this time, the first poison-eating insect suddenly absorbed it and died suddenly, and its body turned into pitch black.

"What?!"

This was the first time Ye Feng saw a toxin that even poison-eating insects could not resist.

It really shocked Ye Feng.

At this time, Ye Feng did not hesitate at all, and instantly released a poison-eating insect king he had cultivated.

This poison-eating insect king is the king of poison-eating insects that Ye Feng spent a lot of money to cultivate.

It is the most powerful poison-eating insect on Ye Feng now.

So at this time, Ye Feng could only let the poison-eating insect king take action. \u003c

br\u003e

Buzz!

At this time, the poison-eating insect king began to absorb the toxins from the coral princess's body.

Sure enough, the poison-eating insect king is still very powerful. It is an extremely advanced poison-eating insect, much stronger than ordinary poison-eating insects.

So at this moment, the poison-eating insect king began to quickly absorb the toxins from the coral princess.

With the absorption of the poison-eating insect king, the poisonous black energy on the Coral Princess slowly began to dissipate.

After the Coral Princess returned to normal, the Venom-Eating Insect King seemed to be full and even burped, which looked quite funny.

"Not bad."

Ye Feng took back the poison-eating insect king.

He saw that the poison-eating insect king had eaten so many powerful toxins from the Scorpions and seemed to have evolved a lot.

Sure enough, the poison-eating insect king is still very powerful. It eats all the toxins, and can also digest these toxins and become a more advanced existence.

At this time, Ye Feng was also very grateful for his original decision to cultivate a poison-eating insect king from a group of ordinary poison-eating insects.

At this moment, the Coral Princess has absorbed all the toxins, and her mind has returned to normal.

At this time, Princess Coral's eyes were a little complicated, and it was obvious that she knew what she had just done.

Everything the Coral Princess did in the demonized state was normal in her own mind.

At this time, Ye Feng stared at Princess Coral, smiled, and said: "I saved you again. It seems that it will be difficult for you to repay this kindness."

Ye Feng was just joking.

But I didn't expect that Princess Coral would take it seriously.

Clearly, she is a very forthright woman.

Princess Coral said angrily: "Ye Feng! I will always remember your two life-saving graces!"

Speaking of this, Princess Coral seemed to have thought of something, and suddenly asked: "By the way, Ye Feng, I used Boundless Sea just now, let alone you, a warrior of the first level of the Divine Palace Realm, even if you are in the same realm as me. A strong person in the river realm can't resist, and will be instantly destroyed into pieces. But instead of running away, you smashed my attack with one punch. What's going on? Why do I feel that you are boundless to me? I understand very well, because my father once used a very small amount of force to crush my boundless attack with just one finger."

Ye Feng did not explain, just shrugged and said: "Maybe I was lucky, and my punch hit the weak point of your blue ocean."

"lucky?"

When Princess Coral heard this, she could only stare at Ye Feng suspiciously.

Ye Feng said it was luck, but it was impossible for this Coral Princess to believe it.

Because Princess Coral knows very well that in their fight at this level, it is impossible for luck to determine success or failure. There is only a fight between various overt or covert means.

After thinking about this, Princess Coral looked at Ye Feng again with a hint of solemnity.

She knew that this young man from the human race who followed the Jiaoyu tribe all the way to the ruins of the holy city was definitely not as simple as he seemed.

At this time, everyone in the entire dragon-taming clan couldn't help but breathe a sigh of relief when they saw the scene on the field.

Because Princess Coral, the "King of Destruction", finally regained her original sanity.

At this time, he looked at the ruins on the entire field.

The old clan leader suddenly flashed to Ye Feng's side and whispered: "Little friend Ye Feng, since your friend has recovered her previous cultivation, can she leave our tribe directly?"

The meaning of the old patriarch is very simple, that is, he feels that Princess Coral is too dangerous, and staying in the dragon-taming clan is simply a time bomb, so now he wants to drive her away.

Ye Feng naturally understood what the old patriarch meant. He nodded slightly and said, "Let me tell you."

At this time, Ye Feng looked at Princess Coral who seemed to be thinking about it, and suddenly said: "Princess Coral, you have been recuperating among the dragon-taming clan for so many days. Your cultivation strength should have been almost restored. You should still have some You have a mission to find the treasure of the Holy Dragon clan in the ruins of this holy city, shouldn't you be on your way?"

Princess Coral looked at Ye Feng with her beautiful eyes, as if she had some inexplicable meaning, and said, "Are you driving me away?"

Ye Feng was silent and did not speak.

Princess Coral looked around and saw the fearful eyes of many dragon-taming clan members looking at her.

Princess Coral seemed to understand something.

She remained silent and walked towards the outside of the Dragon Taming Clan.

But halfway through, Princess Coral suddenly turned around, looked at Ye Feng, and said through a message: "Ye Feng, you come with me. I have the secret of the treasure land of the Holy Dragon Clan. I will share the Holy Dragon Clan's treasure with you." The treasure of the Dragon Clan, this is my first life-saving grace to repay you!"

When Ye Feng heard this, his eyes suddenly froze, and then he said: "Seriously? Are you really willing to share the treasures of the Holy Dragon Clan with me, a human race?"

Princess Coral smiled slightly, showing her beautiful face, and said: "It is better to believe in my savior than to believe in my unreliable teammates."

Chapter 1886 Undead Bone Dragon

Three days later, the two left the Dragon Taming Clan.

Ye Feng told the old clan leader that after he found the treasures of the Holy Dragon clan, he would come back to train the dragon clan.

In the northwest area of the holy city ruins world, there is an endless stretch of Gobi, and the land is covered with brown-red soil.

There is almost no breath of life in the entire Great Gobi.

Only occasionally a few vultures flew high in the sky, making the entire Gobi look desolate and desolate.

But at this time, a man and a woman came to this deserted desert.

It was Ye Feng and Princess Coral.

Ye Feng looked at the endless, lifeless Gobi and couldn't help but said in surprise: "Princess Coral, are you sure that the treasures of the Holy Dragon Clan are hidden in this deserted Gobi?"

Princess Coral was very sure, nodded and said: "Before I left, the map my father gave me was to guide me here. Therefore, the treasures of the Holy Dragon Clan are hidden in this large Gobi. By the way, I heard It is said that the top young prodigy of the Scorpion Clan also has such a map in his hands, so we have to be careful, we may encounter a strong man from the Scorpion Clan at any time." ??

Ye Feng smiled slightly and said: "Those strong men from the Scorpion Clan will probably not be your opponent, Princess Coral, if they don't use dark means to frame you."

It's not that Ye Feng deliberately brags about Princess Coral, it's that Princess Coral's cultivation level is indeed very high and her methods are also very powerful.

At this time, Princess Coral heard what Ye Feng said, and her beautiful eyes seemed to show a hint of pride, saying: "This is for sure, but in the ruins of the Holy City, in addition to the threats from the Scorpion Clan, there are also We must pay close attention to other dangers, such as the methods left by the Holy Dragon Clan."

At this time, Ye Feng stopped talking, but suddenly looked in a certain direction in the distance and said, "I sensed a huge energy fluctuation."

Princess Coral glanced at Ye Feng in surprise and said, "Why didn't I sense anything? Did you sense something wrong?"

Ye Feng shook his head,

His tone was a little solemn, and he said: "That is a very terrifying fluctuation. Even I feel a huge threat. Do we want to go and take a look?"

Ye Feng was very curious as to whether that fluctuation could be the treasure of the Holy Dragon Clan.

At this time, Princess Coral knew that Ye Feng was not joking, so she couldn't help but nodded and said, "Okay, let's go and see what's going on."

Uh-huh!

Uh-huh!

The two of them quickly galloped towards the direction pointed by Ye Feng.

But at the next moment, they suddenly felt a heart-stopping feeling.

The two couldn't help but stop all of a sudden.

He quickly found a place on the hillside, lay down quickly, and looked forward.

But just looking at it like this made both of them look deeply shocked.

They saw a very shocking scene.

At this time, in the center of the Great Gobi Desert not far away, the ground collapsed.

A huge basin was formed.

At this time, in the basin, a tall white bone dragon was frantically slaughtering a group of strong men from the Scorpion Tribe.

"ah!"

"ah!"

"ah!"

Those strong men of the Scorpion Clan should be the top geniuses who entered the ruins of the Holy City this time.

But at this time, they were all like lambs waiting to be slaughtered, being slaughtered crazily by giant white-bone dragons.

There is no way to fight back at all!

Many of the scorpion tribe's geniuses looked horrified, and the magical weapons in their hands bombarded the bones of the white-bone dragon, causing no damage at all.

Princess Coral, who was lying behind the hillside, saw this scene and couldn't help but said with startled eyes: "Some incredible change must have occurred in this treasure land of the Holy Dragon clan. These Holy Dragons who have been dead for endless years, They have turned into undead bone dragons, and they are all alive again, possessing incredible power, and physical attacks cannot cause any harm to them! "

Ye Feng's eyes moved at this time and said: "I think this is a good thing. These undead ancient dragons have revived and stopped and killed all the strong men of the Scorpion clan. It is really great, otherwise these demons The strong men of the Scorpion Clan have already obtained the treasure of the Holy Dragon Clan before us."

Princess Coral couldn't help but smile helplessly and said: "But the strong men of the Scorpion Clan can't get it, and we can't get the treasure of the Holy Dragon Clan. With these terrifying undead bone dragons guarding the entrance to the treasure, we don't have it at all. The slightest chance of entering the treasure land."

Ye Feng said with a smile: "This is not necessarily true. If it is really a living holy dragon creature, maybe we really have no chance. But this group of powerful holy dragons have been dead for endless years, and now they have become If you kill the Undead Bone Dragon, it won't be that difficult to deal with."

When Princess Coral heard what Ye Feng said, her beautiful eyes showed a look of surprise, as if she didn't understand why Ye Feng was so confident.

But at this moment, Princess Coral seemed to have thought of something, and suddenly said: "Just now you sensed the energy fluctuations here from such a distance. You didn't even sense the energy fluctuations here, even though I am a level higher than you. Could it be that you are one of those people in the human race?" The most mysterious soul master?"

Ye Feng smiled slightly and said: "Princess Coral is really smart. Yes, you guessed it right. I am not only a warrior, but also a great soul master of the human race! Can the dragon-taming clan successfully activate that teleportation array? , it's my contribution."

After the words fell, Ye Feng and Princess Coral immediately lurked towards the huge basin not far away.

When two people are close

When they arrived at the huge basin, all the first batch of strong Scorpion tribesmen who arrived here had already been killed.

At this time, at the entrance to the treasure land of the Holy Dragon Clan, there were more than a dozen undead bone dragons that covered the sky and the sun. They were all huge in size and looked extremely terrifying and intimidating.

Suddenly at this time, Ye Feng and Princess Coral approached and rushed directly towards the entrance of the Holy Dragon Clan's treasure.

"Roar!!"

A dozen undead bone dragons discovered the traces of the two people in an instant, and immediately roared and killed them.

"Soul Emperor Seal!"

At this moment, Ye Feng immediately released his soul inheritance.

Soul Emperor Seal!

Buzz!

A huge soul emperor full of infinite power appeared in the sky behind Ye Feng in an instant.

Full of infinite momentum.

Has supreme majesty!

At this moment, the indomitable Soul Emperor stood high in the air at the entrance, staring eagerly at the dozen undead bone dragons rushing towards him.

What was very surprising was that when the dozen undead bone dragons looked at the majestic Soul Emperor, they suddenly stopped in place and did not dare to move forward easily for a while.

"Very good!"

Princess Coral looked back and saw this scene, and couldn't help but burst out in surprise.

She seemed to have never expected that Ye Feng, a young human being, could actually possess such magical soul skills.

Ye Feng's eyes were solemn and he said: "Don't be too happy. The soul emperor I have released now can only deter these dozen undead bone dragons, but cannot destroy them, so while the two sides are still in a stalemate, let's find the treasure quickly and get out of here."

Chapter 1887 Growth Paradise

When Princess Coral heard what Ye Feng said, she immediately nodded vigorously and said, "You are right. The most important thing for us now is to find the treasure first."

After saying that, the two of them quickly rushed towards the inside of the cave.

After passing through the extremely complicated cave passages, a magnificent underground palace complex appeared in front of them.

"How spectacular!" ??

No one thought that under this inaccessible Gobi desert, there would be such a glorious, vast and spectacular underground palace complex buried underground.

Towering palaces, giant towers, pavilions, training grounds and other ancient buildings stand under this extremely dark underground.

This is obviously a glorious building built by the Holy Dragon Clan back then. Each building is extremely tall, just like the place where ancient giants lived.

In the palace complex in the distance, many buildings are emitting strange lights, either full of danger or hiding treasures.

So at this time, Princess Coral couldn't help it anymore and said to Ye Feng beside her: "Ye Feng, let's look for the treasure next. Let's divide the work. Whoever finds it first will get it. I will go to the left area."

Ye Feng didn't care and said, "Then I'll go to the right area."

Uh-huh!

Uh-huh!

At this moment, the two parted ways.

Ye Feng's speed was very fast, and in a blink of an eye he was approaching the group of ancient buildings.

"Buzz!"

At this moment, Ye Feng instantly released his huge soul power.

Almost at the next moment, Ye Feng immediately captured a hall with mysterious energy fluctuations.

Uh-huh!

He ducked away in an instant and walked into the hall.

This is a palace made of gold. It is very majestic and majestic, just like the residence of ancient giants.

At this time, in the innermost part of this majestic hall, there is a huge copper furnace, which is placed

There was a raging fire burning underneath, and something was cooking.

"boom!"

Ye Feng rushed forward and slapped the lid of the huge copper furnace with great force.

After the lid of the huge copper stove was blown away, Ye Feng immediately saw what was inside the copper stove.

Those turned out to be golden dragon beads!

"I didn't expect that there would be a pot of dragon balls stewed in this ancient copper furnace. It's really unbelievable!"

Seeing the things in the copper furnace, even Ye Feng couldn't help but look surprised in his eyes.

Originally, Ye Feng thought that this ancient geographical structure was forged by the strong men of the Holy Dragon Clan.

But now it seems that is not the case.

Because this huge copper stove is obviously like a cooking pot, and there is a pot of golden dragon beads stewed in it.

This shows that the race that once lived here definitely relied on the ancient holy dragon as food.

"Could it be some kind of terrifying ancient race, or there really were ancient giants who once lived here, feeding on the ancient holy dragons? It's really shocking!"

At this time, Ye Feng secretly thought, without wasting time, he directly released his Devouring Domain.

Buzz!

In an instant, a large black swallowing vortex directly covered and wrapped the entire huge copper furnace.

"boom!"

The energy of the pot of golden dragon balls was immediately plundered by the swallowing vortex.

Visible to the naked eye, the dragon beads that were originally emitting golden light were quickly drying up.

Streams of pure golden dragon ball energy gathered into a river and poured into it.

In Ye Feng's body.

At this moment, Ye Feng immediately felt waves of powerful energy exploding in his body.

"boom!!"

Almost at the next moment, Ye Feng's cultivation level skyrocketed. .???.??

A new and powerful martial arts aura suddenly burst out from his body.

That is the momentum fluctuation of a breakthrough!

"Second Heaven of the Divine Palace Realm!"

At this moment, Ye Feng opened his eyes, with bright golden light shining in his eyes.

At this time, all the golden dragon beads in the huge copper furnace in front of him had been swallowed up and turned into ordinary beads that had lost their light.

"Uh-huh!"

Ye Feng jumped up and continued to fly towards another place.

With huge soul power as support, Ye Feng can search for good things very quickly.

I am afraid that even Princess Coral, who is a level higher than Ye Feng, cannot have such terrifying search speed as Ye Feng.

Soon Ye Feng found the second treasure hiding place.

This is a huge tower.

There are countless chains on the tower.

On every chain, there was actually a huge holy dragon corpse tied to it.

These holy dragon corpses were pierced by thick chains and hung on the tower, looking extremely miserable.

Looking at the scene in front of him, Ye Feng became more and more certain that this complex of buildings buried deep underground was definitely an ancient race that was even more powerful than the Holy Dragon Clan back then.

Looking at the exaggerated architectural styles, it is very likely that a clan of ancient giants once lived here and fed on the holy dragon. They were very powerful.

At this time, Ye Feng flew directly to the sky and stood at the top of this huge tower.

r\u003e

Looking at the corpses of more than a dozen holy dragons tied underneath, although countless years have passed, the corpses of these holy dragons still contain a huge amount of blood energy in their huge dragon bodies.

For Ye Feng, these are nothing short of huge treasures.

All are rich in nutrients!

"Although these dozen holy dragons are almost drying out, they are ancient holy dragons after all, and they still have blood and flesh energy to devour."

Ye Feng rushed down and directly released the Devouring Domain, devouring it to his heart's content.

The corpses of those holy dragons were almost withered to begin with, but now they were completely shriveled up, and Ye Feng drained all the remaining blood and energy from the dragon's body.

"boom!"

"boom!"

The next moment, Ye Feng's aura broke through two heavens in a row and stepped directly into the fourth heaven of the Divine Palace Realm!

"It's so cool!"

Ye Feng laughed loudly. His favorite place is this kind of ancient ruins. There are many treasures left by ancient races, which can quickly increase his strength.

After all, in the outside world, most good things have been robbed or controlled by big forces.

Nowadays, the involution of the spiritual practice world is really serious, and the hierarchy of spiritual practice is solidified. It is difficult for small people to become big people and achieve a class jump through hard work.

Because, all the precious cultivation resources are simply not available to the little people.

Ye Feng also feels the discomfort of this kind of class solidification, so he has to explore various places to find the resources left by those lost ancient civilizations, which can help him grow quickly and break the class solidification!

After devouring a dozen shriveled holy dragon corpses, Ye Feng left the place and continued to fly in another direction.

This group of underground buildings is simply Ye Feng's paradise for growth!

His cultivation level is undergoing a huge improvement, it can even be said to be skyrocketing!

Chapter 1888 Hell Talisman

At this time, Ye Feng had arrived at the third exploration location.

This is a huge pavilion.

The entire pavilion exudes a faint aura.

It looks full of magic.

When Ye Feng approached this huge pavilion, he immediately felt a very huge pressure emanating from the depths of this huge pavilion.

It feels like an ancient giant beast is lying in this huge pavilion, and it may open its bloody mouth at any time and swallow you whole.

"Do you want to go in?"

Hesitation flashed through Ye Feng's heart.

Because the depths of this huge pavilion gave him a very dangerous feeling, almost like a shadow of death.

Ye Feng trusts his own feelings very much, because he is a soul master and has an innate premonition about bad luck, and this premonition is often very accurate.

"Wealth is found in danger. Now that I'm here, if I don't go in because of some small dangers, I may regret it in the future."

Nowadays, Ye Feng can be regarded as an expert and bold person.

In fact, after some inner struggle, he resolutely stepped into the huge pavilion.

The moment Ye Feng stepped into the pavilion, he felt that the space around him was moving.

At this time, the scene around Ye Feng changed rapidly, and he unexpectedly came to a molten land filled with endless flames. There were terrifying flames everywhere that could burn people's souls, just like the flaming hell in the Nine Nether Hell.

One step to hell!

At this moment, Ye Feng suddenly felt a severe pain, arising from his soul and body.

"It's an extremely brilliant soul illusion formation!"

Ye Feng immediately realized what was happening around him.

These horrific scenes of hell and flames around us are definitely not real, but illusions.

but

Ye Feng also knows that even if the hallucination is not real.

However, once the hallucination becomes real to a certain extent, it can also cause devastating harm to people.

Just like those who have a mental breakdown, their hearts are filled with despair all of a sudden.

It's the same thing.

"Fortunately, I am a soul master with huge soul power!"

At this moment, Ye Feng instantly stimulated his soul power and released his powerful soul inheritance, the Soul Emperor Seal.

boom!

The Soul Emperor Seal released by Ye Feng at this time was the Flame Emperor.

Because the surrounding illusion is endless hellfire.

So at this time, Ye Feng released the Flame Emperor of the same attribute, which allowed his soul to merge with the surrounding illusions and not be harmed by these hell flames.

Almost at the next moment, Ye Feng, with the help of the Flame Emperor, successfully merged with the terrifying hell flames around him.

At the moment of fusion, Ye Feng immediately saw the essence of all the illusions around him.

He saw a small talisman floating high in the sky in the middle of this infinite flame hell.

All the terrifying hallucinations around him are all caused by this little talisman.

This talisman is the energy source of all hallucination scenes!

"This is definitely a high-level talisman refined by a powerful ancient talisman master. It can actually produce such a terrifying illusion. Even I, a great soul master with ten thousand levels of soul power, almost overturned!"

Ye Feng thought secretly in his heart.

He originally wanted to destroy this illusion directly.

But at this time Ye Feng changed his mind.

This ancient talisman is really

It was so rare that it was such a pity that it was destroyed like this.

"Uh-huh!"

At this time, Ye Feng saw through the essence of all illusions, so he could clearly locate the suspended position of the ancient talisman.

The direction he was heading at this time was the location of the ancient talisman.

"Buzz!"

When he arrived, Ye Feng grabbed the ancient talisman with one hand.

Wow!

The next moment, all the surrounding illusions disappeared.

Ye Feng looked around at this time, and he was still standing at the door of the huge pavilion.

"Sure enough, illusions are the most confusing things and have incredible effects."

Ye Feng held the talisman in his hand. This hell talisman was obviously an extremely high-level ancient talisman. It could conjure scenes of hell and flames. It was extremely terrifying, making people tortured and mentally broken.

"Yes, it's a good baby!"

Ye Feng was so happy that he put the hell talisman into his storage ring, and then continued walking towards the depths of the pavilion.

Soon Ye Feng walked into the interior of the pavilion. This place was different from what he imagined. It had beautiful sunshine, rockery and flowing water.

"It seems that inside the entire pavilion, there is a large formation that changes the environment of the world. The sun shines brightly inside the entire pavilion and the scenery is beautiful."

Ye Feng murmured and walked to the only hall inside the pavilion.

This hall is built in an antique style and exudes a sense of historical vicissitudes.

At this moment, Ye Feng immediately saw a huge statue standing in the upper middle area of the hall.

This statue is in human form, but its head is a huge elephant head.

"With the head of an elephant and the body of a human being, they seem to be members of the legendary elephant clan..."

Ye Feng thought secretly in his heart.

This idol sculpture should be a sculpture of a god worshiped by a clan of ancient giants.

"Buzz!"

Just as Ye Feng was secretly observing, the huge statue of an elephant suddenly released a brilliant divine light.

This divine light immediately enveloped Ye Feng.

"Is it because this statue of the idol wants to teach me the Dharma?"

Ye Feng's eyes immediately lit up with joy.

But before he could react, the piece of divine light turned into a huge divine light net, wrapping Ye Feng's entire body.

Buzz!

Then a huge pulling force suddenly pulled Ye Feng towards the statue of the idol.

At this moment, Ye Feng felt a greedy desire from the statue of the statue.

"This statue of an elephant is like an ancient evil beast. It wants to swallow me up!"

Ye Feng suddenly had such a terrifying thought in his heart.

"Break it for me!"

Ye Feng roared loudly, instantly stimulating the power of the Chaos Body and punching the statue of the idol in front of him.

"when!!"

But at the next moment, there was a huge roar at the collision point, as if it was made of steel and was indestructible.

"What?"

Ye Feng was a little shocked. His fourth-level chaotic body, which he had now transformed, could not directly smash this idol sculpture?

There wasn't even a trace left on it, which was simply shocking!

"The Goddess's Infinite Power!"

In desperation, Ye Feng directly used this powerful inheritance he had learned from the Coral Princess clone.

The Goddess' Infinite Technique is not a martial arts inheritance, but a powerful secret technique that can stimulate the human body's potential!

Chapter 1889 Inheritance from Heaven

The infinite power of the goddess!

This is a very powerful secret technique that comes from the Jiaoyu clan and has incredible power.

At this time, after Ye Feng used it, a very great shadow immediately appeared behind him.

It was a woman, an ancient goddess, with an extremely noble temperament, as if she had come from ancient times, exuding a heart-stopping aura.

At this time, the shadow of the ancient goddess appeared for a moment, and infinite divine light suddenly converged on Ye Feng.

At this moment, Ye Feng immediately felt powerful power blessing his body.

This is a blessing from the ancient goddess!

The blessed person will immediately receive bonuses from various strength attributes.

Ye Feng was blessed at this moment and felt that his various attributes and energy were drastically improving.

At this time, Ye Feng's combat power suddenly increased dramatically.

"Break it for me!!"

Ye Feng let out a terrifying roar and punched out in an instant.

Boom! !

With the addition of the goddess' infinite magic, the power of this punch increased and skyrocketed without limit, directly blasting out extremely terrifying power.

Boom!

Click! !

Finally, under this terrifying fist, the statue of the god, which was as strong as divine iron, was shattered into pieces in an instant, and then collapsed.

When Ye Feng saw this scene, he immediately showed a happy look on his face.

Because he finally smashed this weird statue of a god into pieces.

The pulling feeling disappeared immediately.

Ye Feng breathed a sigh of relief all of a sudden.

He looked forward and saw that the broken statue of the god had turned into ruins.

"Huh? What is that?"

But suddenly at this moment, Ye Feng saw something unusual.

Among the ruins of sculptures in that place, a book shining with golden light appeared.

\u003c

br\u003e "It seems to be some kind of very advanced and powerful inheritance book!"

Ye Feng's eyes immediately became a little excited.

brush!

He dodged forward, squatted down, and picked up the book that glowed with golden light.

Five ancient characters are engraved on it: Divine Elephant's Prison-Suppressing Power.

"The divine elephant's prison-suppressing power?"

This inheritance book fell out of the statue of the god. It must be very advanced and possess incredible power.

Ye Feng stared at the inheritance book in his hand, feeling very excited inside.

Because Ye Feng did not find any powerful inheritance or secret techniques when entering the underground palace building this time.

What Ye Feng lacks most now is this ancient inherited secret technique.

This book, coming from this idol sculpture, must be a very high-level existence.

After all, this statue of a god was worshiped by an ancient giant.

These ancient giants used the holy dragon as food, which was very terrifying.

The idols they worship must have incredible power.

This divine elephant's prison-suppressing skill must be the inheritance of the ancient divine elephant clan.

At this time, Ye Feng no longer hesitated and began to release his huge soul power, touching the inheritance book in his hand.

"Buzz!"

Almost at this moment, Ye Feng immediately felt that his soul was being pulled into a vast world.

At this time, he looked around and found that he was standing in an extremely dark hell space.

This is actually the legendary hell. There are countless ancient and powerful evil demons living on the entire earth.

These are all hell tribes, exuding an evil aura, giving people a very ferocious and terrifying feeling.

However, Ye Feng knew that these were all virtual images and did not exist in reality. He should be in the illusion inheritance space of the inheritance book of Divine Elephant Prison Suppression Technique.

At this time, Ye Feng exuded his soul power and understood it with his heart.

He saw it immediately.

On the land in the distance, in the lair of countless demons in hell, a huge divine elephant suddenly appeared.

This statue of a god seemed to have descended from the ancient heaven. Its whole body was exuding a pure white sacred light, and it was directly attacking countless demons in the entire hell.

"ah!"

"ah!"

At this moment, countless demons in hell were all suppressed and killed by that divine elephant.

This divine elephant is tens of thousands of feet tall and looks like an ancient sacred mountain. It is full of endless majesty and vastness, giving people a feeling of vastness.

"By the way, in ancient myths and legends, this kind of idol is the most powerful general under the command of the ancient Lord of Heaven. It represents the ultimate power and can fight for His Majesty the Emperor of Heaven in all directions, suppress hell, and punish people. Kill all the demons and possess incredible mythical power!"

At this time, Ye Feng saw the huge idols around him, which were constantly killing all the demons in hell. His eyes were filled with deep excitement, because this kind of power was so terrifying that it made people's blood boil.

At this moment, Ye Feng couldn't help but start practicing this divine elephant prison-suppressing technique.

Ye Feng even felt that the level of this divine elephant's prison-suppressing skill might have surpassed the realm of titled gods!

Because this divine elephant's prison-suppressing power is the inheritance of the ancient heavenly divine elephant, which is an existence enshrined by the ancient giant clan!

"If I can successfully practice this Divine Elephant Prison Suppressing Technique, my strength will skyrocket and improve tremendously!"

Ye Feng exited the inheritance space at this time, started to open the inheritance book in his hand, and then went to understand the mystery and inheritance of the divine elephant's prison-suppressing technique.

, all imprinted in my mind.

With the powerful comprehension power given to him by the soul gem, Ye Feng can practice various inheritances very quickly, because his comprehension power is like that of a monster.

After half an hour, Ye Feng finally opened his eyes.

At this time, in his two eyes.

One eye was shining with the light of hell, and there seemed to be endless demons roaring and roaring, like an extremely evil demon.

And his other eye is surging with the power of a divine elephant, exuding a holy and noble light, giving people the feeling of being a divine king from ancient heaven, looking full of vast sunshine and upright and clean eyes. Feel.

At this time, these two completely opposite power auras are all integrated into Ye Feng, making people feel like a god walking in hell. Although he is in endless darkness, his heart is full of energy. It is full of light and holiness, and full of endless noble atmosphere.

However, at this time, Ye Feng did not fully understand all the mysteries of the Divine Elephant's Prison Suppressing Technique, because the level of this Divine Elephant's Prison Suppressing Technique was too high. Even if Ye Feng possessed the soul gem to help him continue to comprehend, It was also not possible to comprehend everything at once, but only the initial part.

But this is already a huge achievement!

Because Ye Feng can now initially release the power of the divine elephant's prison-suppressing skill, which greatly enhances his combat power.

"Boom!"

Suddenly at this moment, a huge roar came from a certain direction in the distance, as if an extremely fierce battle had occurred.

"It seems to be in the direction of Princess Coral!"

Ye Feng walked out of the huge pavilion and looked into the distance. He found that the blood was shining in the distance, as if an extremely terrifying blood demon had been born.

Ye Feng's eyes showed a trace of surprise, and then he quickly flew in that direction.

He wanted to see what happened, as if Princess Coral had triggered some taboo!

Chapter 1890 Ancient Giant

When Ye Feng arrived at the place where the previous energy fluctuations occurred, he saw a very shocking scene.

In the middle of this underground building space, the entire ground split open on both sides, and there was a bloody ocean surging inside, which looked very evil.

At this time, Ye Feng saw that in the sea of blood not far away, Princess Coral was locked by countless blood-colored chains, and she was suspended at the top of the sea of blood.

At this time, bones and skeletons actually emerged from the boundless sea of blood. This scene looked very scary and evil.

"What happened to Princess Coral? She is so unlucky. She encounters such terrible things every time."

At this time, even Ye Feng felt that Princess Coral was a bit unlucky.

Princess Coral is the top talent among the Jiaoyu Clan. Whether it is cultivation strength or inheritance methods, she can be said to be the top among the top, the elite among the elite.

Under normal circumstances, Coral Princess is enough to cope with all dangerous situations.

But unfortunately, Princess Coral encountered incredible dangers every time.

"Jie Jie Jie! I didn't expect that I just caught a piece of food and another one came. It seems that I am very lucky!"

Suddenly at this moment, a very terrifying sound sounded from the depths of the blood sea.

Wow!

Suddenly the entire bloody ocean boiled, making a terrifying sound.

As the endless sea water rolled violently towards both sides, a huge figure appeared.

That's an ancient giant!

A huge head like a mountain protruded from the sea of blood. Instead of two eyes, there was one eye between the eyebrows. It looked extremely terrifying.

This is definitely a giant who survived from ancient times!

At this time, Ye Feng looked at the giant with extremely shocked eyes.

He never thought that in this ancient foundation building, there was actually a living ancient giant, which had survived the erosion of endless years and was hidden in this sea of blood.

I have to say that this discovery made Ye Feng feel a little shocked.

Boom!

Suddenly at this time, the ancient giant stretched out a huge palm like a mountain and grabbed Ye Feng.

The surface of this huge palm is covered with dense black scales. Each scale is the size of a human head. It looks extremely terrifying and is basically indestructible.

Ye Feng felt a huge pressure like the majesty of heaven and earth, and felt that his whole body was about to break.

The strength of this surviving ancient giant is absolutely terrifying.

Ye Feng instantly retreated backwards, trying to avoid this attack.

But that big hand was like blocking out the sky, covering all Ye Feng's escape routes.

Ye Feng could not retreat at this moment and could only choose to confront him head-on.

"Fight him!"

Almost at this moment, Ye Feng burst out all the powerful power of his chaotic body.

His whole body suddenly emitted an infinitely terrifying divine light.

"Ancient Divine Ring!"

"Infinite Goddess Dharma!"

Suddenly at this moment, a figure was blasted away from the aftermath of the collision.

It turned out to be Ye Feng!

At this time, the clothes on his body were much torn, and he seemed to look a little miserable and embarrassed. Even if it was a chaotic body that was as strong as divine iron, cracks appeared on the surface of his body at this moment, and red blood flowed out. blood.

Ye Feng fell back to the ground at this time, his hair disheveled, and he seemed to have suffered a serious injury.

Ye Feng's attack just now was directly shattered!

"Ah! Lowly creature! How dare you break my eyes! What a heinous crime you have committed!"

The giant was roaring in agony.

He only had one eye, but now it was blinded by Ye Feng, so he was extremely angry inside and yelled crazily.

Maybe this giant never thought that the seemingly humble and weak human race in front of him could actually burst out with power that hurt him, and directly broke his only eye. It was simply shocking to him. Anger and pain to the extreme.

Ye Feng felt that it would be a pity to kill him.

But now this ancient giant has become his mortal enemy.

So Ye Feng was staring at the ancient giant at this time, with an extremely cold murderous intention in his eyes!

He knew that it was now a life-and-death situation. Either the ancient giant would die, or he would perish.

"kill!"

Ye Feng suddenly roared, gathered all his strength, and directly used the set of the most powerful inherited divine elephant prison-suppressing technique from the ancient heaven that he had just obtained!
