### Chapter 1891 The Body of Doom

When Ye Feng performed the Divine Elephant Prison Suppressing Skill, his whole temperament suddenly changed.

Originally, Ye Feng looked delicate and pretty, like a gentle little scholar.

But after he released the Divine Elephant Prison Suppressing Technique, a domineering and domineering air suddenly appeared on his whole body.

The space around him began to change rapidly, and hell-like scenes appeared. Countless demons and demon gods roared in it. It looked extremely terrifying, but also very shocking.

At this time, Ye Feng's whole body immediately floated to the sky, like a king of hell.

But then, at the next moment, Ye Feng's entire body burst out with pieces of bright light.

It was a very holy white light that filled Ye Feng's entire body at this time, making him suddenly transform from the King of Hell to the Lord of Heaven, looking very noble and noble.

At this moment, a huge white elephant appeared behind Ye Feng, representing a kind of nobility and holiness from heaven, and at the same time, it also had a terrifying sense of power.

Because the divine elephant from heaven in ancient times is not only a symbol, but also represents the ultimate power. Otherwise, it would be impossible to enter hell and suppress the demons.

So at this time, Ye Feng only felt that he had received infinite power bonus, and he suddenly rushed towards the ancient giant.

"What kind of power is this? Why do I feel a terrible feeling from the depths of my blood!"

At this time, the blind ancient giant suddenly let out a loud scream of surprise.

If this ancient giant was not blind, maybe he saw the strange phenomenon on Ye Feng and the white elephant, and he would probably be so frightened that he fell to the ground.

Because the ancient idols were originally worshiped by these ancient giants.

In the minds of these ancient giants, the idols from the legendary heaven, that is, the aloof gods, are existences that cannot be disobeyed or insulted. They must be worshiped with the most pious heart and kneel down without any offense. action.

"Boom!"

At this time, Ye Feng burst out with his most powerful power. At this moment, he seemed to turn into an idol in the ancient heaven, releasing a powerful impact that suddenly bombarded the ancient giant in the distance.

The power of the Divine Elephant's Prison Suppressing Technique is extremely terrifying!

After all, it is possible to transcend the inheritance of the Titled God Realm!

So at this moment, Ye Feng's power was exerted on the ancient giant.

" ah!!!"

Suddenly, an extremely brutal howl sounded!

It's that ancient giant!

The Divine Elephant's Prison Suppressing Technique seems to have a natural suppression on the ancient giants. The moment it bombarded the ancient giants, it immediately defeated the tens of thousands of meters tall giant and fell into the sea of blood. I couldn't get up for a long time.

"Humble human being! Who are you! How can you possibly release the power of the elephant that our giant family believes in?!"

The ancient giant lying on the ground, seriously injured and dying, roared angrily.

And there was a deep sense of disbelief and reluctance in that voice.

After all, in the minds of the ancient giants, the idols from heaven were very noble existences, and it was their belief.

But now this god

The aura and power of the elephant appeared in the body of a humble human boy in his eyes. This ancient giant really couldn't figure out why.

But he has no chance to know!

Because at this time, Ye Feng had already walked towards him with a sword, and cut off his huge head with one sword.

After the ancient giant's head was severed, blood spurted out from his huge neck like a river. The blood flowed into a river, which looked very scary!

"Finally dead!"

At this time, Ye Feng himself let out a sigh of relief and sat on the ground.

In order to kill this ancient giant, Ye Feng himself used almost all means. The process was very difficult, but fortunately, he finally succeeded in killing this threatening giant.

At this time, Ye Feng turned his attention to the Coral Princess floating on the sea of blood.

He couldn't help but smile helplessly. This woman was really a troublemaker. She was always restless wherever she went and almost always caused huge disasters. She was a bit like the legendary body of bad luck. ????

But Ye Feng discovered that he was quite lucky. Every time the Coral Princess caused some bad luck, he not only saved her, but also gained a lot every time, which made his cultivation even better of strength.

For example, this time, although it was very difficult to kill the ancient giant, I did get a huge gain.

Not to mention how rich the blood energy is contained in the body of this ancient giant.

That surging sea of blood can keep an ancient giant alive from ancient times to today, and it must have its own secrets.

I'll do some research later, maybe I'll get something shocking.

Earth-moving goodies.

But the first thing is to rescue Princess Coral first.

Uh-huh!

Ye Feng jumped at this moment and flew over the sea of blood in an instant.

He was now standing in front of Princess Coral, who was still trapped by blood-colored chains and had her eyes closed.

when!

Ye Feng tried to stretch out his hand to break the blood-colored chains, but he couldn't pull them at all. Instead, they made crisp sounds like metal collisions.

"Are these chains so strong?"

Even Ye Feng was a little surprised at this time.

"It seems that we should devour everything here first and then think of a solution."

Ye Feng felt that the source of the chain's power might be the sea of blood underneath. If he swallowed this sea of blood directly, the power of Coral Princess's chain might not be able to destroy itself.

Just do it!

Ye Feng immediately released his Devouring Domain.

boom!

boom!

boom!

Suddenly, huge swallowing vortexes appeared on the entire field, covering all the surrounding space.

It was like a dark world had descended, covering the sea of blood and the corpse of the ancient giant, and then began to quickly devour the energy contained in them.

"Rumble..."

Suddenly, waves of extremely abundant energy were injected into Ye Feng's body from the Devouring Domain.

At this moment, Ye Feng's cultivation and skills were rapidly growing and transforming at an incredible speed!

Chapter 1892 I will always remember you

At this moment, Ye Feng's cultivation is undergoing rapid transformation.

For Ye Feng, whether it is the huge ancient giant or the endless vast ocean of blood, they are full of unparalleled energy.

"Rumble..."

Wave after wave of extremely surging life force was continuously absorbed by the Devouring Domain, and then injected into Ye Feng's body.

Ye Feng immediately felt that his body was filled with a huge energy that was like a vast roaring ocean.

At this moment, Ye Feng felt as if he was bathing in the Nine Heavens Immortal River, with a steady stream of energy pouring into his body. ??

"boom!"

The fifth level of the Divine Palace Realm!

"boom!"

The sixth level of the Divine Palace Realm!

"boom!"

The Seventh Heaven of the Divine Palace Realm!

"boom!"

The eighth level of the Divine Palace Realm!

Until this time, Ye Feng's breakthrough in cultivation finally stopped.

At this time, the majestic body of the ancient giant in the distance had completely shriveled up.

At this time, Ye Feng saw that the vast sea of blood had dried up.

The entire underground river bed of the Blood Sea was exposed.

Under the sea of blood, there was an energy bead emitting blood-red light.

"It seems that the ancient giant's ability to survive to this day has a lot to do with this blood-red energy bead."

At this moment, Ye Feng ducked over and directly took the blood-red energy bead in his hand.

At this moment, Ye Feng felt a terrifying energy fluctuation like a vast ocean from this blood-red energy bead.

There, it was as if there was a wild beast contained there. Although it was just a small bead, it revealed a earth-shaking blood energy fluctuation.

At this time, Ye Feng wanted to devour the blood energy in it.

Buzz!

But at this moment, golden threads appeared on the surface of the blood-red bead, wrapping the entire blood-red bead.

It's like a seal, sealing up all the energy stored in the entire blood-red bead. The outside world cannot release the blood energy inside.

Even Ye Feng's devouring power was unable to break through the golden thread seal on the surface of the bead at this moment.

At this time, Ye Feng was flying high into the sky.

This blood-red bead cannot break through the seal for the time being. Let's study it later.

At this moment, without the support of the blood sea energy, the blood-colored chains on the Coral Princess disappeared all at once.

And her whole body came to life.

The first thing he saw when he opened his eyes was Ye Feng's handsome and young face.

"what happened?"

"where am I?"

Princess Coral asked this question.

"You were captured by the ancient giant..."

Ye Feng shook his head helplessly at this time and recounted what happened to Princess Coral before.

When Princess Coral heard the last part, her beautiful eyes widened.

She said aloud: "After this trip is over, I will immediately find a safe place, stay there for a month, and then automatically teleport out. I will not go to such a dangerous place. Since entering the ruins of this holy city, I feel that I It's like I've been cursed, I've been encountering all kinds of bad luck. If you hadn't been by my side, Ye Feng, to save my life time and time again, I don't know how many times I would have died. Alas, your life-saving grace, I feel that I It's not over yet."

Ye Feng glanced at Princess Coral in surprise, as if he didn't expect that Princess Coral

The Lord actually said such words.

At this time, Ye Feng, who had just made a breakthrough in cultivation and was in a good mood, joked and said: "You still have a long life, so pay it back slowly."

Coral Princess: "..."

After being speechless for a while, Princess Coral's beautiful eyes were shining, staring at Ye Feng, and said: "Ye Feng, why don't you come back to the Jiaoyu Clan with me? I will ask my father to accept you as a disciple, and our Jiaoyu Clan will also If you can accept the human race, I can repay your kindness slowly."

When Ye Feng heard this, he smiled dumbly.

Is this the cold coral princess?

Perhaps, during this long experience between the two of them, Princess Coral has been completely conquered by Ye Feng's personality charm.

"I have other things to do."

Ye Feng spoke up.

The meaning is obvious.

That is rejection.

When Princess Coral heard what Ye Feng said, her beautiful eyes showed a trace of disappointment.

But she already knew in her heart that it was almost impossible for Ye Feng to follow her back to the Jiaoyu Clan.

After all, Ye Feng is from the human race.

And she is from the Jiaoyu clan.

Under normal circumstances, they would definitely be enemies.

But by chance, they became friends, even closer than friends.

At least that's what Princess Coral thinks in her heart.

At this time, Ye Feng looked at the entire underground building complex that had been broken into pieces around him, and said: "There is nothing good in here anymore, let's get out."

Coral Princess naturally nodded in agreement.

Soon the two of them left the underground ruins of the Holy Dragon Clan.

When they came out, they found that the dozen undead bone dragons had disappeared in the basin outside.

"They were scared away by my Soul Emperor."

Ye Feng did not expect such a result.

Originally, he thought that after his strength improved, he would come out and kill all the dozen undead bone dragons and swallow their undead soul fire.

But now I didn't expect that all of them were scared away.

"Do you want to come back to the Dragon Taming Clan with me?"

Ye Feng suddenly looked at Princess Coral next to him.

There was a hint of hesitation in Princess Coral's beautiful eyes, and then she shook her head and said: "One month is almost here, so I won't go with you. Don't worry, after you bring the dragon training clan out in half a year, I will let the strong men of the Jiaoyu clan escort you out of the deep sea area."

At this time, Ye Feng heard the words and seemed to be aware of the faint sadness of the beauty in front of him.

Ye Feng didn't say much, just nodded and said: "Take care."

Uh-huh!

After finishing his words, Ye Feng turned around and walked towards the outside of the basin.

"Wait a moment."

Suddenly the voice of Princess Coral came from behind.

"What's wrong?"

Ye Feng turned around and looked back.

Uh-huh!

But at this moment, the graceful figure of Princess Coral had already flashed in front of Ye Feng and gave Ye Feng a shallow hug.

Princess Coral smiled sweetly and said, "Thank you Ye Feng. Even if we never meet again, I will always remember you as a special friend."

Ye Feng stared at the beautiful face so close, silent for a moment, and then said: "I will remember you too."

After the words fell, Ye Feng no longer hesitated. This time he really turned around and left, and his back quickly disappeared into the distance.

Princess Coral, who was standing there, could only sigh, with a sad look in her beautiful eyes, and murmured, "Ye Feng..."

Chapter 1893 The future of the dragon-taming clan

When Ye Feng returned to the Dragon Taming Clan, he found that the entire Dragon Taming Clan's formations were already emitting a bright divine light.

Obviously, this teleportation formation has begun to take shape and is absorbing the energy of heaven and earth at an accelerated pace.

Long Tian came over from not far away and saw Ye Feng walking in from the door of the Dragon Taming Clan. His face suddenly showed a look of joy and asked: "Brother Ye Feng, you are back, this time How's the harvest outside?"

Ye Feng just smiled and said aloud: "The harvest is pretty good, my cultivation has improved a lot, and I also got some good things. By the way, where is the old patriarch? I have something I can't solve. I want to Ask him."

Long Tian pointed in the direction of the back mountain of the dragon training clan and said aloud: "The old patriarch is integrating the resources of all the dinosaurs in the entire back mountain plain during this period, and wants to build every member of our dragon training clan into a The dragon knight will be teleported directly when the time comes, and he will have strong combat power."

When Ye Feng heard what Long Tian said, he couldn't help but show a trace of surprise on his face, and said: "The old patriarch actually wants to turn the entire dragon training clan into powerful dragon knights? This is not easy!"

Long Tian nodded, smiled and said: "Brother Ye Feng, don't worry. Since the old patriarch has done this, he must have his confidence. It will take half a year for our dragon training clan to complete the teleportation formation." Being able to absorb energy from all over the world and teleport all of us out for half a year, the old patriarch naturally wants to think about the future of our dragon-taming clan."

When Ye Feng heard what Long Tian said, his eyes showed a trace of thinking, and he said aloud: "If the old patriarch can really make all of your dragon-taming clan into powerful dragon knights, I really have the power. A place is suitable for you, not only for you to display your reputation as a dragon knight, but also for you to recuperate and stay there with peace of mind. "

When Long Tian heard what Ye Feng said, his eyes couldn't help but show a trace of curiosity. He couldn't help but

He asked, "Brother Ye Feng, is there really such a good place? What place is it?"

Ye Feng laughed out loud: "That place is where I came from. It is the territory of a strong human race. If you can really form a dragon knight fighting team, that place is really suitable for you."

"Brother Ye Feng, where did you come from? The territory of a strong man?"

Hearing what Ye Feng said, Long Tian's face showed a hint of excitement.

Obviously he was very curious about the outside world and eager to get out.

Ye Feng looked at the excited Long Tian and was thinking in his heart, "If we can bring all this group of dragon knights back, then Lord Cangtian should be very happy. This is a group of dinosaur dragon knights with extraordinary combat power. If they are on the battlefield, If they charge forward to kill, they will definitely go on a rampage and be unstoppable! And if the dragon-taming clan can find a more reliable human race strongman like Lord Cangtian to protect them, it will be a better destination for them."

In fact, when Ye Feng came to this dragon-taming clan for the first time and prepared to take them out, he already had this idea in his heart.

However, Ye Feng felt that he could not make any decisions on this matter. Anyway, he could discuss it with the old patriarch then.

Long Tian looked at Ye Feng's back at this time, and suddenly a look of surprise appeared on his face. He couldn't help but asked: "Brother Ye Feng, that goddess-like beauty who was with you before, Didn't she come back with you?"

Of course what Long Tian was talking about was Princess Coral.

Although Princess Coral only lived in the Dragon Taming Clan for a few days, she left a profound impression on all the Dragon Taming Clan.

impression.

In the eyes of many members of the dragon-taming clan, people like Princess Coral are aloof and glamorous goddesses with a mysterious and noble temperament.

When he heard Long Tian ask Princess Coral, Ye Feng just smiled and said: "Yes, she has left. What's the matter? Are you reluctant to let her go?"

Long Tian's face turned red immediately, and he couldn't help but said: "I don't dare to have such thoughts. To me, such a noble and cold goddess can only be matched by a peerless evildoer like you, Brother Ye Feng." Get on."

"Brother Ye Feng, you are back!"

Suddenly at this moment, a girl's light voice came from not far away.

It's Long Tian's sister Solanum Solanum.

Nightshade, a beautiful girl from the dragon-taming clan, jumped over from a distance. When she saw Ye Feng alone, and there was no trace of Princess Coral around, the girl's heart suddenly showed a hint of joy.

Because for Nightshade, as long as Princess Coral is by Ye Feng's side, the girl will feel like an ugly duckling, without the slightest confidence, and may even be jealous.

So when she saw Ye Feng coming back alone, Nightshade was very happy.

"I'm going to see the old patriarch. I need his help with something."

After Ye Feng briefly said hello to Nightshade, he walked towards the back mountain area of the Dragon Taming Clan.

When Long Kui saw Ye Feng leaving like this, a trace of disappointment suddenly appeared in her beautiful eyes.

At this time, Solanum Solanum looked at her brother Long Tian, with tears in her big eyes. She couldn't help but said aggrievedly: "Brother, am I not good-looking at all?"

Long Tian glanced at Nightshade and immediately said angrily: "Who dares to say that my sister

It doesn't look good, I'll chop him! "

When Long Kui saw how much Long Tian pampered her, she couldn't help but burst out laughing: "Brother is the best to me. By the way, brother, let me ask you another question, who is more beautiful, Princess Coral or me?"

After hearing Solanum's question, Long Tian said almost without thinking: "Compared with that cold and glamorous goddess, sister, you are indeed a bit ordinary."

Solanum nigrum:"....."

...

At this time, Ye Feng had arrived alone in the back mountain area of the Dragon Taming Clan.

Ye Feng wanted to find the old patriarch, naturally because he wanted the old patriarch to help him figure out how to unlock the seal on the surface of the blood-red bead he got.

That blood-red bead gave birth to a vast sea of blood and fed an ancient giant. It was absolutely extraordinary. There must be huge energy hidden in it, which could make oneself greatly improved.

Therefore, Ye Feng was very eager to unlock the seal on the surface of the blood-red bead.

When Ye Feng came to the back mountain area, he immediately saw a member of the dragon-taming clan sitting on thousands of dinosaurs across the plain, who seemed to be training.

The old patriarch's skinny figure is standing high in the sky, supervising the training in the entire Great Plains. It is obvious that the old patriarch attaches great importance to this training.

Because the entire dragon-taming clan is about to relocate, it is absolutely necessary for each clan member to have their own fighting power.

"Old patriarch!"

Ye Feng came over and shouted, then flew towards the sky.

When the old patriarch saw Ye Fengfei coming over, his serious expression during training disappeared, and he laughed and said, "It turns out to be little friend Ye Feng, what's the matter?"

Chapter 1894 The future depends on you

Ye Feng said at this time: "I got a bead from the underground palace of the Holy Dragon Clan before, but there were many golden lines on the surface of that blood-red bead, like a very powerful seal. I simply can't absorb the huge blood energy contained in it, so this time I came back to the Dragon Taming Clan and wanted you, old patriarch, to take a look at what this thing is and how to unlock the seal on its surface."

When the old patriarch heard what Ye Feng said, he became interested. There was a hint of curiosity in his old eyes, and he couldn't help but said: "Oh? There is a seal that Ye Feng can't break? Then? I'm very curious, take out the bead you got and show it to me."

Ye Feng nodded and took out the blood-red bead.

"This is?"

The moment the old patriarch saw this blood-red bead, his eyes seemed to reveal a hint of memory.

He thought for a while, and suddenly couldn't help but exclaimed in horror: "This seems to be the legendary Blood God Bead!"

Ye Feng saw the horrified expression on the old patriarch's face, and couldn't help but feel moved in his heart, and asked aloud: "Blood Soul Pearl? What is that, is it very powerful?"

Being able to make the old patriarch show such a surprised expression, Ye Feng knew that the blood-red bead he obtained from the underground space was obviously a very unusual and ancient thing.

The old clan leader took the blood divine bead, observed it carefully, and then couldn't help but said: "Young friend Ye Feng, you follow me, I will go to the clan's library to study it carefully."

When Ye Feng heard what the old patriarch said, he knew that there was a chance of unlocking the seal of the Blood God Pearl. He immediately showed a happy look on his face and said, "Okay, let's go now."

The old patriarch led Ye Feng towards the dragon-taming clan's internal library.

Soon they passed through the layers of buildings and finally came to an ancient pavilion.

The entire ancient pavilion is made of solid soil, which seems to have been specially roasted with fire. It is extremely strong, and the surface even exudes a metallic luster, making it look indestructible.

Two people walked in.

At first glance, Ye Feng saw countless ancient books placed on the shelves of the library.

Most of the books are about the deeds of the ancestors of the dragon-taming clan.

There are also a small number of books on some relatively common martial arts inheritance.

Of course, there are also some more special dragon training techniques and so on.

At this time, the old patriarch walked straight towards the deepest part of the library.

Soon he came to the last row of bookshelves, and his eyes shifted to the last book on the shelf.

This book is very thick, with several thousand pages.

Uh-huh!

The old patriarch took down the last thick book and began to read it.

Ye Feng stood nearby and looked at the book in the old patriarch's hand.

He saw that most of the records in this book were very mysterious symbols and so on.

The old patriarch said aloud: "This is the encyclopedia of our dragon-taming clan. Over the past thousands of years, it has gathered records of all kinds of incredible things that all our ancestors have experienced in the ruins of this holy city. You will get I remember this blood divine bead from more than a thousand years ago, right?"

, one of the ancestors of our dragon-taming clan seems to have obtained one, but that Blood Divine Pearl seems to have lost its energy. Let me take a look at the records about the Blood Divine Pearl. Maybe it can help Ye Feng. Break the seal on the surface of the Blood Soul Pearl. "

With a smile on his face, Ye Feng clasped his fists and said, "Anyway, thank you to the old patriarch for helping me."

The old patriarch smiled and said: "Ye Feng, you are the lucky star of our dragon training clan. If you have any difficulties, not only me, but all our dragon training clan will naturally help you."

Hearing what the old patriarch said, Ye Feng smiled, and suddenly he thought about an idea he had had before.

After a pause, Ye Feng suddenly spoke up: "Old patriarch, there is something I have wanted to tell you for a long time. Have you ever considered the future of the dragon-taming clan?"

The old patriarch didn't seem to expect that Ye Feng would ask such a question. He couldn't help but said: "Ye Feng, do you have any suggestions?"

Sure enough, ginger is still spicy.

Hearing Ye Feng say such things, the old patriarch immediately guessed that Ye Feng must have his own ideas.

So at this time, the old patriarch directly asked Ye Feng to express his suggestions.

Ye Feng paused for a moment, then thought about it, and said solemnly: "I do have my own ideas and suggestions. After the dragon training clan left the ruins of the Holy City, they will definitely return to the territory of the human race, but the dragon training clan will definitely return to the territory of the human race. With so many tribesmen and dragon knights in one clan, I am afraid that any force will be very jealous, and the result of making all the major forces jealous is that either the dragon-taming clan will be enslaved, or the dragon-taming clan will be... destroyed. "

When Ye Feng said this, the old patriarch's face became very solemn.

Obviously the old patriarch also very much agrees with Ye Feng's statement, otherwise he would not show such an important expression.

After a moment of silence, the old patriarch asked: "Ye Feng, you come from the outside world and have a lot of knowledge. You must be much more knowledgeable and knowledgeable than an old man like me who has been in the dragon-taming clan for hundreds of years. Much higher, the future of the dragon-taming clan depends on you!"

When he said this, the old patriarch suddenly bowed his old body and began to salute Ye Feng.

"Old patriarch, you don't have to be like this!"

Ye Feng quickly helped the old patriarch up, and then said with a smile: "The dragon-taming clan is so honest, and you, old patriarch, are so kind to me. If I can help, I will definitely help. In fact, After the Dragon Taming Clan left the ruins of the Holy City, I have actually considered part of the future, and that is where I came from."

When the old patriarch heard what Ye Feng said, he couldn't help but asked: "Ye Feng, where did you come from?"

Ye Feng said aloud: "It is the territory of a strong human race. That strong human race is called Lord Cangtian. His character is very good, and he is powerful and has an extraordinary origin. I think he should be the best among the dragon-taming clan. place to go."

When the old patriarch heard what Ye Feng said, although he didn't know who Lord Cangtian was, he was personally recommended by Ye Feng, so the old patriarch trusted him very much.

The old patriarch said happily: "Okay, after we go out in half a year, our dragon training clan will follow Ye Feng."

Ye Feng nodded and said, "Believe me, I'm right."

At this moment, the old patriarch suddenly turned over a page and his eyes couldn't help but light up: "I found it! How to unlock the Blood Divine Orb!" Ye Feng said at this time: "I have never heard of it before. I got a bead from the underground palace of the Holy Dragon Clan, but there were many golden lines on the surface of that blood-red bead, like a very powerful seal. I couldn't absorb the huge blood energy contained in it at all, so This time I come back to the Dragon Taming Clan, and I want you, the old patriarch, to take a look at what this thing is and how to unlock the seal on its surface."

Ye Feng quickly helped the old patriarch up, and then said with a smile: "The dragon-taming clan is so honest, and you, old patriarch, are so kind to me. If I can help, I will definitely help. In fact, After the Dragon Taming Clan left the ruins of the Holy City, I have actually considered part of the future, and that is where I came from."

When the old patriarch heard what Ye Feng said, he couldn't help but asked: "Ye Feng, where did you come from?"

Ye Feng said aloud: "It is the territory of a strong human race. That strong human race is called Lord Cangtian. His character is very good, and he is powerful and has an extraordinary origin. I think he should be the best among the dragon-taming clan. place to go."

When the old patriarch heard what Ye Feng said, although he didn't know who Lord Cangtian was, he was personally recommended by Ye Feng, so the old patriarch trusted him very much.

The old patriarch said happily: "Okay, after we go out in half a year, our dragon training clan will follow Ye Feng."

Ye Feng nodded and said, "Believe me, I'm right."

At this moment, the old patriarch suddenly turned over a page and his eyes couldn't help but shine: "I found it! How to unlock the Blood Divine Orb!"

Chapter 1895 Giant of Light

"did you find it?"

When Ye Feng heard the old patriarch's voice, he couldn't help but feel deep joy in his eyes.

The old patriarch looked at the content recorded on the page and said aloud: "According to the records of the ancestors of our dragon-taming clan, the blood divine beads are the heaven and earth energy beads condensed from the blood essence left behind after the death of the ancient great masters. It has incredible energy, and once it is released, it will turn the world upside down!"

When Ye Feng heard what the old patriarch said, he immediately couldn't help but asked anxiously: "Old patriarch, what is the specific way to unlock the seal recorded in this book?"

The old patriarch smiled and said: "The method is actually very simple. As long as you use your huge soul power to contact this blood divine bead and activate the ancient powerful thoughts contained in this blood divine bead, then the surface of this blood divine bead will be broken. The seal will be broken."

Ye Feng's eyes showed a look of surprise: "Is it that simple?"

The old patriarch nodded, then frowned, and said loudly: "But this is very risky, because the ancient powerful thoughts contained in this blood god bead must be very terrifying. If this powerful thought is awakened, Ye Feng, your soul may suffer an incredible impact, and the consequences will be very terrible, and your soul may be shattered. "

When Ye Feng heard what the old patriarch said, he nodded slightly and said, "My current soul power is level 10,000. I don't know if I can withstand the impact of the ancient powerful thoughts."

After the old patriarch thought for a while, he said: "Let's work together to break it. If the idea of an ancient power really appears, it might be safer if we join forces."

Ye Feng's eyes showed a look of joy, and he immediately clasped his fists and said: "Thank you to the old patriarch for taking action. Let's do it now. The energy of this blood divine bead is very huge. If it can be If all the blood energy in the divine bead is swallowed up, then my cultivation will be raised to a new peak level. When the dragon training clan goes out

After that, I can take you back safely. "

The old patriarch nodded and said loudly: "For the future of our dragon-taming clan, I will also try my best to help you."

After the two of them studied it for a while, they were ready to break the seal of the blood divine bead.

The old patriarch arranged for many dragon knights from the Dragon Taming Clan to protect the law on the mountains outside the Dragon Taming Clan.

Ye Feng and the old patriarch went deep into the underground space under the mountains.

Because the idea of the ancient power in the Blood Soul Pearl is awakened, the impact on the soul will be very huge, and the impact will be very terrifying.

Therefore, Ye Feng and the old patriarch had to choose a place that was absolutely safe and would not affect other members of the dragon-taming clan.

So they chose to conduct this dangerous experiment underground.

Under the bottomless ground.

Ye Feng and the old patriarch stood together, staring at a bead in front of them that exuded blood-red light.

The old patriarch's tone was more solemn than ever before, and he said loudly: "Let's get started."

Ye Feng stared at the Blood Soul Pearl and nodded.

Buzz!

At this time, Ye Feng began to radiate his powerful soul power, and then formed an invisible hand, touching the surface of the Blood Soul Pearl.

Almost at the moment when Ye Feng's soul power touched the Blood Divine Bead, he immediately felt a terrifying divine thought that was as vast and as deep as hell, hidden in the deepest part of the Blood Soul Divine Bead. There is an ancient giant sleeping in the space of the Blood God Orb, exuding a heart-stopping energy.

The terrifying, vast and ancient aura made people unable to help but feel their soul and body tremble constantly. It was simply terrifying to the extreme.

Boom!

While Ye Feng was secretly observing, golden lines suddenly lit up on the surface of the Blood Soul Pearl. These lines emitted bright golden light and were highly aggressive, attacking Ye Feng suddenly. .

"Soul Prison!"

At this time, the old patriarch suddenly took action.

The old patriarch of the dragon-taming clan is indeed a powerful soul master, and his soul power is even more majestic and powerful than Ye Feng.

At this time, the old patriarch released the soul prison, and suddenly a black prison composed of soul power sealed all the golden lines, preventing the golden power released from those golden lines from attacking Ye Feng produce harm.

With the support of the old patriarch, Ye Feng was able to concentrate on awakening the ancient powerful thoughts in the Blood Soul Pearl.

"The thoughts in the Blood Divine Orb are so vast and deep. Even if I have ten thousand level soul power now, I can't awaken it or communicate with it!"

Ye Feng suddenly spoke up at this time, with a trace of struggle in his eyes.

At this time, the old patriarch put a hand on Ye Feng's shoulder and shouted: "I'm here to give you strength!!"

Buzz! !

Almost at this moment, an unimaginable amount of soul power surged out of the old palm of the old patriarch, and was instantly transmitted to Ye Feng.

"Break it for me!"

The next moment, Ye Feng roared, with a crazy look on his face.

In an instant, Ye Feng's soul power increased exponentially, and it suddenly hit the deepest part of the Blood Soul Pearl.

Almost at this moment, Ye Feng's soul finally came into contact with the majestic and profound ancient giant's spiritual thoughts in the deepest part of the Blood Divine Orb.

Buzz!

Suddenly at this moment, Ye Feng's soul suddenly entered the space inside the Blood Soul Pearl.

He suddenly felt that he had entered a dark world, and a giant glowing with blood-red light appeared in front of him.

Just like a giant of light!

It looks extremely majestic, full of monstrous momentum, as if it comes from the oldest era, and possesses incredible power.

Ye Feng felt as small as an ant in front of this bloody giant of light.

Suddenly, the bloody giant of light stared at Ye Feng, and a roaring majestic voice rang out throughout the dark space inside the Blood Divine Pearl: "For thousands of years, no new consciousness has entered this Blood Soul." Who are you among the divine beads?"

Ye Feng looked at the bloody giant of light, standing in the dark and deep space, like an eternal true god.

Ye Feng thought carefully, and then said aloud: "My purpose here is very simple, that is to kill you!"

Boom!

Boom!

Almost at the moment Ye Feng finished speaking, five huge soul emperors suddenly appeared in the dark space in front of him!

It is the five soul emperors that Ye Feng has cultivated so far: Thunder Emperor, Flame Emperor, Hurricane Emperor, Metal Emperor, and Dark Emperor!

Ye Feng didn't even say any nonsense at this time. He directly released his most powerful soul method. Five soul emperors, all exuding light with different attributes, surrounded the blood-red giant of light. , prepare for a group fight.

Chapter 1896 Somewhat tempted

Buzz!

Buzz!

...

Every soul emperor exudes extremely powerful soul fluctuations.

Five soul emperors immediately surrounded the blood-red giant of light.

"Boom!" .???.??

"Boom!" .???.??

They took action instantly.

Each soul emperor released his own huge attribute power, forming a large wave of destruction, which directly enveloped the blood-red giant of light in the aura of destruction.

"A mortal soul actually dares to run into the Blood Divine Orb and try to obliterate me? You are really audacious!"

Almost at this moment, the blood-red giant of light suddenly made a majestic voice.

The next moment, the red giant of light stretched out his hands and bombarded the five soul emperors around him.

boom!

boom!

boom!

Along with huge power fluctuations, the five soul emperors were beaten back by the giant of red light.

When Ye Feng saw this scene, he couldn't help but have a look of surprise in his eyes.

You know, Ye Feng has always been able to win the battle as long as he releases the Soul Emperor Seal in the battle of souls, directly crushing the opponent.

But today was the first time that he encountered a terrifying existence that could knock all five souls back continuously.

This red giant of light hidden in the Blood God Orb is really extremely powerful, and its attack power is too fierce.

At this time, the five soul emperors burst out with powerful power and struggled with the red giant of light. Destructive soul fluctuations suddenly occurred in the dark space of the Blood Soul Pearl.

The red giant of light was extremely powerful. Ye Feng saw that the five soul emperors he released were all defeated, and even the bodies of several soul emperors were shattered.

At this moment, Ye Feng's nose was bleeding, which was a symptom of severe soul power consumption.

Ye Feng doesn't have much soul power now.

Support the operation of the Soul Emperor.

"I didn't expect this red giant of light to be so powerful. No wonder the old patriarch said before that it was very dangerous to unlock this blood divine bead. This giant of red light is an ancient and powerful body of divine thoughts, possessing extremely terrifying powers. the power of."

Ye Feng thought to himself, and then he no longer hesitated and directly released his most powerful trump card.

The reason why he dared to enter this blood divine orb was naturally because he had his own confidence.

Ye Feng's trump card is not only the Soul Emperor Seal, but his most powerful one is the Soul Gem!

"Boom!"

Suddenly at this moment, an extremely terrifying roar suddenly sounded in the dark space within the entire Blood Soul Pearl.

It turned out that in the distance, all five soul emperors were shattered.

"Hahaha!"

Not far away, the red giant of light let out a hearty laugh, and said disdainfully: "Humble human boy, your soul inheritance is quite good, but it's a pity that your own strength is too weak. In my eyes, you are nothing more than an ant, and now I will crush you to death!"

When he said this, the majestic body of the red giant of light suddenly stepped towards Ye Feng.

An extremely terrifying wave of soul destruction suddenly filled the entire dark space.

At this moment, Ye Feng's soul felt like it was about to be broken.

Suddenly at this time.

"Come out! Soul Gem!"

Ye Feng roared loudly, and a ray of divine light suddenly rushed out from the center of his eyebrows.

In this divine light, a golden gem floated, exuding a mysterious and ancient aura that made people's hearts palpitate.

This golden gem is the soul gem on Ye Feng!

It is the most mysterious one among the gems of the gods!

"What's this....."

Almost at this moment, the red giant of light who was about to walk not far away suddenly stopped.

His eyes were filled with deep fear as he stared at the golden soul gem.

Even though this giant of red light is very powerful, it is an ancient and powerful body of spiritual thought.

But the moment the soul gem appeared, the giant of red light suddenly felt a deep and irresistible sense of powerlessness.

It is as if all souls under that gem are destined to grovel and worship.

"What the hell is this?!"

The giant of red light roared in fear.

There was disbelief in his tone, and he obviously didn't expect that such a terrifying thing could exist in a small human race.

Ye Feng just showed a cold smile on his face and said loudly: "Thankfully you are still a big shot in ancient times, but you don't even know the gems of the gods in the sky!"

"What?! This is the legendary gem of the gods!"

The giant of red light made a voice of extreme horror: "Is this the most mysterious soul gem among the gems of the gods! Otherwise, I would not be so weak! My soul has already been cultivated to the realm of immortality. Only the soul gem can Press me!"

This giant of red light is very terrifying. He is a great figure in ancient times. Otherwise, it would be impossible to have such a thing as the Blood Soul Pearl.

However, no matter how terrifying the existence is, as long as it is in the state of a divine soul, it will not be able to resist the soul gem at all.

As the most mysterious existence among the gems of the gods, the soul gem has a suppressive effect on any soul in the world, even the souls of the gods.

So now that Ye Feng controls the soul gem, he is almost invincible.

At this time, the red giant of light showed a look of horror on his face, and he quickly bowed in the direction of Ye Feng, his tone was extremely respectful, and he said loudly: "I am willing to surrender to you, the great descendant of the gems of the gods! "

Ye Feng looked at the red giant of light with a surprised look on his face and said, "You surrender to me just like that? You are a big shot in ancient times. You should rather die than surrender!"

The giant of red light immediately spoke out: "No matter how big a person is, once he comes to the critical moment of death, he will abandon all dignity, just to survive, unless he has a proud body that would rather die than surrender, but obviously I am not that kind of person , I know you want to swallow the energy and blood of the Blood God Pearl, but there is not much blood energy left in this Blood God Pearl. Even if you swallow it, you won't be able to increase your cultivation level much, but you only need to spare me. , I and the Blood God Pearl will be integrated into one, and I will be able to erupt with extremely powerful power, far exceeding your current cultivation level. You will have an extra super strong person to protect you, which should be more cost-effective for you. "

Ye Feng couldn't help but start thinking after hearing the truth about this giant of red light.

In fact, when Ye Feng entered the inside of the Blood Soul Bead, he had already felt that the inside of the Blood Soul God Bead was already pitch black. It was obvious that there was not much blood energy left. Ye Feng's original idea was to turn this red Swallowing the Giant of Light should increase some of his soul power.

But what this giant of red light said at this time really made Ye Feng a little tempted.

Ye Feng looked at the red giant of light and asked aloud: "If you merge with the Blood God Pearl now, what level of power can you unleash?"

The red giant of light seemed to be afraid that Ye Feng would kill him directly, so he quickly replied: "As long as I unlock the seal and merge with the blood divine bead, I should be able to at least explode into the second level of the title god realm. The power of the general."

"What?!"

When Ye Feng heard this red giant of light say this, his expression immediately changed!

Seeing Ye Feng's face changed drastically, the red giant of light thought that Ye Feng was dissatisfied, so he quickly said in a panic: "I know that my cultivation level is indeed low for the time being, but I will slowly regain my strength in the future. Yes, as long as I can swallow enough blood energy to continuously upgrade the Blood Soul Pearl, my strength will return to its peak state and surpass the Titled God Realm."

Chapter 1897 The old patriarch's shock

After the red giant of light finished speaking, Ye Feng fell into silence.

If you keep this giant of red light, it may really be of some great use to you.

After all, this giant of red light said that if he could not be obliterated and merge with the Blood Divine Orb, he would be able to become a super powerful warrior at the level of the God General, the second level of the Titled God Realm.

So Ye Feng is very tempted by this.

Ye Feng knew very well that if he directly swallowed the blood energy, he might only be able to rise to two or three levels in the end.

But if he could preserve the life of this giant of red light, then he would have an extra super fighter.

And he is also a super fighter at the level of a titled god!

At this time, Ye Feng had a hint of thinking in his eyes, staring at the giant red light in front of him, seeming to be deciding something.

The red giant of light stared at Ye Feng with great anticipation.

Although he was a big shot in ancient times, his heart was full of tension at this time.

Because the young man from the human race in front of him has the power over his life.

Half an hour later, Ye Feng suddenly said: "You can keep your life if you want me to, but I must plant my soul imprint in your spiritual thought. Only in this way can I fully control you. And I won't be betrayed by you."

The giant of red light immediately slapped his chest and said loudly: "It's just a matter of words!"

Buzz!

Next, Ye Feng directly radiated his soul power and began to plant his soul mark in the spiritual body of this giant of red light.

The red light giant did not resist during the whole process, so it was very convenient for Ye Feng to plant the soul mark, and it was completed in almost a few minutes.

When Ye Feng successfully planted his soul mark in the spiritual body of this giant of red light, Ye Feng himself felt a little surprised.

He seemed not to have expected that the process would go so smoothly, and that the giant of red light didn't even resist at all.

"It seems that the soul gem has a great impact on this giant of red light."

Ye Feng was thinking secretly in his heart at this time.

However, it is normal for this to happen.

After all, now I am in the mind of this giant of light, who is the descendant of the gems of the gods.

It is an existence that is very likely to become the supreme master of the next generation of heavens!

So this giant of red light has obviously regarded Ye Feng as the son of great luck.

That's why this red light was so obedient to Ye Feng.

Not only to save his own life, but also to be able to follow Ye Feng, the future son of destiny.

At this time, after Ye Feng planted the soul mark, he said: "Then you should follow me from now on. If anything happens, I will ask you to take action. If there is no order from me, don't take action without permission."

The giant of red light immediately said: "Don't worry, I will definitely obey the master's orders."

It has to be said that this giant of red light is very good at flattering, and even the title of master appears directly.

Ye Feng just smiled faintly at this and didn't say anything more. Instead, he directly left his soul from the blood divine bead.

And this time outside.

Under the slightly dark underground.

Ye Feng's soul returned to his original body.

The old patriarch saw Ye Feng's soul coming back from the side, and immediately couldn't help but ask: "Little friend Ye Feng, how are you doing? You have successfully obliterated the ancient powerful thoughts inside.

? "

The moment the old patriarch finished speaking, Ye Feng had not yet spoken, and suddenly the blood divine bead began to vibrate violently.

Then the blood divine bead suddenly turned into a giant of red light exuding endless divine light, standing underground, looking full of vicissitudes and majesty, with endless power and momentum.

Even the old patriarch was frightened by the scene in front of him, and he couldn't help but show his fighting posture.

Ye Feng hurriedly said: "Old patriarch, don't be afraid. This red giant of light has been subdued by me. He will be my bodyguard from now on. He must obey my orders and he will not cause harm to us."

When the old patriarch heard what Ye Feng said, he suddenly showed a look of shock on his face, and couldn't help but said: "Really or not? Young friend Ye Feng, you actually gave the ancient power in this blood god orb to Surrendered?"

It has to be said that Ye Feng's words at this time shocked the old patriarch's heart.

What shocked the old patriarch even more the next moment was that the blood-red giant of light, full of infinite power and momentum, suddenly made a majestic voice: "Ye Feng will be my master from now on."

Although the red giant of light has his own thoughts, he is indeed controlled by Ye Feng now.

So at this time, even the giant of red light, even the ancient power, could not show his power and arrogance in front of Ye Feng at this moment.

The old patriarch stared at Ye Feng and immediately laughed out loud: "Little friend Ye Feng, you are really powerful, you actually surrendered the ancient power! This is simply unimaginable! Even the earth-shattering ancestor of our dragon-taming clan couldn't control the powerful thoughts in the Blood Soul Pearl."

When he said this, the old patriarch suddenly seemed to have thought of something, and couldn't help but ask: "Little friend Ye Feng, what about the current cultivation level of this ancient great master?"

How is the strength? "

Obviously the old patriarch knew some secrets, and knew that the ancient power in the blood orb had extremely powerful power.

The old patriarch felt that Ye Feng's ability to defeat this ancient power was definitely through soul suppression, and could not be a competition in cultivation.

At this time, Ye Feng looked at the old patriarch, with a slight smile on his face, and said loudly: "This giant of red light is now as powerful as a powerful person in the title god realm!"

"What?!"

Hearing Ye Feng's words at this time, the old patriarch was completely shocked.

The old patriarch's old face suddenly became very wonderful.

He opened his mouth wide and seemed unable to calm down for a long time.

A powerful person in the second level of the Titled God Realm, the Divine General Realm? !

For the old patriarch, this was an earth-shattering figure!

It is a super terrifying super existence!

But now he actually appeared in front of him alive, and he became Ye Feng's subordinate inexplicably?

This is simply incredible!

But now it's really happening!

Even a man as experienced as the old patriarch couldn't help but tremble with excitement at this moment.

Ye Feng was very understanding when he saw the old patriarch acting like this.

After all, the second level of the powerful God General Realm in the Titled God Realm is indeed very terrifying, and the Lord of Heaven is also at this level.

But now at this level, he has become his subordinate.

It has to be said that everything in the world is full of surprises.

Ye Feng can really think that if he can bring the red giant of light back to the Cangtian territory, he will probably shock the eyes of everyone here!

Chapter 1898 Emperor Chu

At this time, Ye Feng looked at the red giant of light next to him and asked aloud: "By the way, I still don't know what your name is, how should I call you?"

In any case, this was a great figure from ancient times, so he couldn't always be called the Giant of Red Light.

So Ye Feng asked at this time.

The red giant of light is made entirely of light. His true face cannot be seen clearly, and he is in the state of a giant.

At this time, the giant of red light spoke up: "My name has long been forgotten. It has been too long, but I know that I was once the emperor of the Great Chu Kingdom. In ancient times, I inherited the Great Chu Kingdom." The Kingdom of God once controlled most of the territory of the human race, and it was vast. Although I am now in decline, I am still the Emperor of Chu. Master, please call me Emperor of Chu from now on. "

Emperor Chu?

Ye Feng's eyes looked a little strange when he heard this title.

Although the giant of red light called himself master, he seemed to be somewhat respectful when he called him Emperor Chu.

But this may be the only remaining self-esteem of the ancient great men. .??.

Ye Feng is not someone who cares about these details.

At this time, Ye Feng nodded and said: "Okay, I will call you Emperor Chu from now on, but your form of the red giant of light is too conspicuous, how will you follow me in the future? "

"This is simple."

Emperor Chu said, and the huge body of the red light suddenly shrank, and then turned into a piece of divine light, entering Ye Feng's storage spirit ring.

Ye Feng's eyes were a little surprised. He didn't expect that Emperor Chu could hide it in his storage ring.

In this case, it would be very convenient to carry Emperor Chu by yourself.

The old patriarch felt very pleased when he saw the scene in front of him.

Because after Ye Feng possesses Emperor Chu, the giant of red light, his overall strength has been greatly improved. After taking the dragon training clan out, he will definitely have a huge protective effect on the dragon training clan.

anyway,

This time Ye Feng got huge benefits from the Blood Soul Pearl.

The old patriarch said to Ye Feng: "For the next time, you can live in our dragon training clan and wait for the energy of the teleportation array to be fully accumulated in half a year."

When Ye Feng heard what the old patriarch said, he suddenly seemed to remember something and said aloud: "The person who came into the ruins of the Holy City with me was a companion of mine, his name is Shadow, and he is shrouded in black robes. Now I can't find him. Can the old patriarch send some powerful dragon knights from the dragon training clan to look for him? If he really can't be found, then forget it."

Now that Ye Feng has decided to teleport out with the dragon training clan, he is ready to wait half a year before going out.

Therefore, Ye Feng wanted to find Shadow and explain the situation. Otherwise, Shadow could never find him and he might feel that he had died in the ruins of the Holy City.

When the old patriarch heard what Ye Feng said, he immediately nodded with assurance: "Don't worry, I will send many dragon knights out to look for your companion shadow in the next time."

Ye Feng clasped his fists and said aloud: "Then I would be very grateful to the old patriarch."

After finishing speaking, Ye Feng and the old patriarch walked out from under the ground.

At this time, Ye Feng returned to his room. He looked at the storage ring in his hand, which was emitting a faint red light, which was the energy of the red giant of light.

Until this moment, Ye Feng felt a little illusory. He did not expect that he would inexplicably obtain a powerful being at the level of a titled god and become his subordinate.

I have to say that there are indeed many good things hidden in the ruins of this holy city.

But Ye Feng also knows that it's all because he has a powerful trump card that ordinary people don't have.

This time, not even the Soul Emperor Seal could harm the red giant of light. Even the Soul Emperor

They were all shattered by the giant of red light.

Ye Feng knew very well that if he didn't have the gems of the gods on his body, he might have been obliterated by the red giant of light.

So everything is not as simple as imagined, and there is a huge danger hidden in it.

"Fortunately, my father got me this soul gem from the sky. Otherwise, I might have died countless times along the way."

Ye Feng thought secretly in his heart.

At this time, he suddenly became very interested in other gems of the gods.

Now Ye Feng only got two gems of the gods, the soul gem and the space gem.

If you can get the gems of other gods, your overall strength will become stronger.

Moreover, Ye Feng knew that if he could collect all the gems of the gods, collect all nine gems of the gods and integrate them into his body, he wonders if he would be able to become the master immediately.

However, Ye Feng also knew very well that this idea was too crazy and bold, and it would be very difficult to realize it.

Moreover, Ye Feng guessed that he could not be the only one who was so lucky and got the gems of the gods.

In the vast and high interface of the God Realm, there must be other people or super powerful people who have obtained the gems of the gods.

Those are definitely his hidden enemies!

Thinking of this, Ye Feng felt a sense of urgency in his heart. Even if he didn't mess with others in the future, there would definitely be many super strong people who wanted to rob him of the gems of the gods.

No matter what, you must seize every opportunity to improve your strength.

"After I go out with the Dragon Taming Clan this time, I will rush back to the Cangtian Territory immediately. I wonder if Lord Cangtian can wait until the day I return to attack the royal family of the Sky Blue Empire."

Ye Feng secretly thought in his heart that he very much hoped that the dragon knights of the dragon-taming clan could find the shadow.

"If you can find the shadow, you can go out at the same time as the shadow.

...

For the next time, Ye Feng practiced alone in his room.

He began to concentrate on practicing the set of divine elephant prison-suppressing skills that he had obtained that exceeded the level of the titled god, and achieved great success.

The prison-suppressing power of the divine elephant is so powerful that even Emperor Chu, who is in the storage spirit ring, is full of praise for it.

Emperor Chu was a great figure in ancient times, and seemed to be the emperor of the Kingdom of Chu. Although it was ancient times, he was still an earth-shattering strong man. He naturally had his own vision. He was able to influence Ye Feng in terms of cultivation. Guidance, this is something Ye Feng didn't expect.

I didn't expect that I would take on a powerful subordinate who could act as half of my master.

But what Ye Feng doesn't know is that how many people want to be taught and practiced by such an ancient figure but haven't had the chance yet.

Under the guidance of Emperor Chu, the emperor of the Great Chu Kingdom in ancient times, Ye Feng's cultivation speed increased by leaps and bounds.

In less than half a month, Ye Feng has practiced the Divine Elephant Prison Suppressing Technique to a great level.

As long as Ye Feng releases the Divine Elephant Prison Suppressing Skill, endless horrific scenes of hell will appear around him, and there will also be ancient heavenly divine elephants emitting white light, looking extremely majestic and towering, very spectacular, and full of of great strength.

"Boom!"

On this day, outside the peaceful dragon-taming clan, a huge roar suddenly sounded.

Long Tian hurriedly ran to Ye Feng's residence from outside, and couldn't help but said: "Brother Ye Feng, there are strong men from the outside world coming. They are strong men from the Scorpion Clan. They are about to attack and invade our Dragon Taming Clan. 's territory!"

"Scorpion clan?"

Ye Feng's eyes showed a cold light and he said loudly: "The Scorpions dare to come here, then they don't need to go out, they all have to stay here!"

Chapter 1899 The sky is full of blood mist

Boom!

Boom!

At this time, there was a huge noise outside the dragon-taming clan.

A group of more than a dozen strong men from the Scorpion Tribe, all of whom possess the perfect cultivation level of the Tenth Level of the Divine Palace Realm.

Even the strong man from the Scorpion Tribe who took the lead was an existence at the Life River level.

This group of demon scorpions are obviously the most talented people who have experienced entering the ruins of the Holy City this time.

They accidentally met the ancient tribe of dragon taming clan, and they were all very excited.

Because they can kill and plunder.

"Senior Brother Mo, we are really lucky this time. We encountered such a native tribe in the ruins of the holy city. Now we can relax and massacre them all, leaving all the women behind."

A Scorpion tribe member spoke out to another Scorpion tribe youth beside him.

This young man from the Scorpion tribe, named Senior Brother Mo, is obviously the leader and has a powerful cultivation level at the Life River level.

At this time, Senior Brother Mo's eyes were extremely cold, staring at the dragon-taming tribe that was being destroyed, with expressionless eyes, and said loudly: "We will be automatically teleported out in a few days. In the last few days, we Let's kill these dragon-taming clans as our last spree."

The moment Senior Brother Mo finished speaking, the other group of Scorpion Tribe geniuses all roared excitedly.

They all burst out with powerful murderous intent and charged towards the dragon-taming clan, wanting to unleash their desire to kill.

"A group of Scorpions actually dare to disturb my human race. They are so audacious. None of you will be able to leave today!"

Suddenly at this moment, a majestic voice sounded.

Ye Feng appeared alone at the gate of the Dragon Taming Clan.

Behind him were many dragon-taming clans with fearful eyes.

At this time, Senior Brother Mo stared at Ye Feng with a look of merciless ridicule on his face.

, said loudly: "Who are you? A small warrior in the palace realm, dare to shout in front of me? You are the one who is so bold!"

The moment Senior Brother Mo finished speaking, a genius from the Scorpion Tribe who was at the Tenth Level of the Divine Palace Realm beside him immediately took a step forward and said loudly: "Senior Brother Mo, leave this ignorant boy to me. He's just a small human warrior from the eighth level of the Divine Palace. He's just like an ant. Don't bother Senior Brother Mo, I can kill him with just one hand."

This genius of the Scorpion Tribe is obviously very confident.

Because it itself is the cultivation of Dzogchen in the tenth level of the Divine Palace Realm, while Ye Feng is only in the eighth level of the Divine Palace Realm.

In addition, this genius of the Scorpion Clan has a more powerful combat power than his own cultivation, because he is the top genius selected from the Scorpion Clan.

That's why this genius of the Scorpion Tribe is so confident, thinking that he can crush Ye Feng to death with one hand.

Uh-huh!

This genius of the Scorpion Tribe, who is in the Tenth Level of the Divine Palace Realm, rushed to Ye Feng with a ferocious smile on his face: "Young boy from the human race, I want to see with my own eyes how you are tortured by me. And die!"

This genius of the Scorpion Tribe is very cruel. One of his hands instantly turned into a dark and ferocious claw, soaked with poison. It looks extremely terrifying. Once caught, he will probably be poisoned immediately, and his body will be poisoned. Rotting, life is worse than death.

"Boom!"

But suddenly at this moment, Ye Feng took action instantly.

He didn't use any powerful martial arts inheritance at all, he just punched forward without any fancy.

"Young boy from the human race, you, a humble race like you, dare to go head-to-head with us, the Scorpion Race? I

I can only say that you are either too naive or a fool! "

The prodigy of the Scorpion clan who took action immediately let out merciless ridicule.

"Boom!"

"Crack!!"

But at the next moment, there was a roar, and then the sound of bones and flesh breaking.

"ah!!"

Almost at this moment, the scorpion clan prodigy who had just mocked suddenly howled in pain.

Because his seemingly solid black claw was completely broken at this moment.

"How can it be?!"

At this time, the dozens of Scorpion Tribe geniuses who were watching not far away couldn't help but exclaimed.

Because they never thought that a human kid who was no more than the eighth level of the Divine Palace Realm could actually go head-to-head with their Demon Scorpion Clan and shatter their natural sharp claws.

You must know that the sharp claws born by the Scorpion Clan are not ordinary claws, but powerful claws inherited from their ancestors. Their hardness is comparable to that of a magical weapon, and is almost as strong as a powerful and advanced magic weapon.

Not to mention that the other party is only at the eighth level of the Divine Palace Realm, even if it is a half-step Life River Realm level being, his body will be broken into pieces in one fell swoop.

But the situation at the scene was indeed completely different from what they imagined.

What was finally shattered turned out to be the sharp claws of their Scorpion Tribe genius.

And the seemingly soft and fragile fists of the human boy opposite who was no more than the eighth level of the Divine Palace Realm were actually like iron walls, full of indestructible power, and directly shattered the scorpion clan's claws!

"Ah! I don't believe it! I don't believe that a humble human like you has such a powerful body!"

The claws of the genius of the Scorpion Clan were shattered, but at this moment it was hissing ferociously.

He roared and suddenly released a powerful inherited secret technique.

"Wind Demon's Sky-Tearing Claw!"

This genius of the Scorpion Tribe instantly turned into a huge claw, with its pitch-black claws stretching across the sky, capable of crushing everything under the sky.

The entire dragon-taming tribe seemed to be instantly destroyed by that huge claw.

"Today I am going to let you see that the true power of our human race is beyond your imagination!"

Ye Feng shouted coldly at this time, and his tone was filled with endless coldness, as if the entire world was about to freeze.

Almost at this moment, Ye Feng waved his fist, still not using any martial arts moves, just punching out in such a simple and unpretentious manner.

"Boom!!"

A pure physical power suddenly burst out from Ye Feng's fist.

A huge wave of air appeared in the entire sky, as if the entire sky was shattered.

"Pfft!"

Almost at the next moment, the terrifying air wave shattered all the huge claws.

The genius of the Scorpion Tribe, who transformed into a sharp claw, didn't even have time to scream, and was directly bombed, exploding into a bloody mist!

This scene is extremely visually shocking!

All the geniuses of the Scorpion tribe on the opposite side were stunned.

"That was the air wave erupted from the pure power of the body. How could it be so powerful? He is like a humanoid beast!"

Each and every one of the geniuses of the Scorpion Clan spoke out in shock, their bodies trembling at this moment.

Ye Feng, who was on the opposite side, gave them the impression that he was a big devil wearing human skin.

It's really terrible!

quiet!

Deadly quiet!

At this moment, everyone on the field fell into a dead silence.

They stared blankly at the blood mist in the sky, as if they still couldn't believe that such a powerful Scorpion Clan genius among them died so suddenly.

At this time, the eyes of all the Scorpion Clan's geniuses looked at Ye Feng, full of deep fear and shock.

Because they never imagined that this human kid, who was only in the eighth level of the Divine Palace Realm, could burst out with such a powerful force. It was really shocking. They had never seen such a monster before.

At this time, a group of Scorpion Clan geniuses could not help but retreat.

They were really scared.

Because their companions have already tested it for them, this human boy is really too powerful.

Even if they were together, they probably wouldn't be able to resist it.

But at this time, the leader, Senior Brother Mo, came out.

Senior Brother Mo is a powerful being with a cultivation level in the Minghe Realm, a true top talent among the Scorpion Clan, and a powerful being that can rival the Coral Princess in the Jiaoyu Clan.

A deep and vast aura suddenly emanated from Senior Brother Mo's body.

That was clearly the powerful aura of the sixth level of Minghe Realm!

The Minghe Realm surpasses the Divine Palace Realm and crosses a huge realm, which is very terrifying.

At this time, Senior Brother Mo stared at Ye Feng, with a hint of coldness in his eyes, and said loudly: "You are indeed a rare genius among the human race. If you are allowed to grow up, you might really treat us in the future. Other races pose a huge threat, but unfortunately, you happened to meet me today, so you are destined to never rise, because you will die in my hands today."

What Senior Brother Mo said was very calm, as if he was telling a fact that will definitely happen next. This represents Senior Brother Mo's strong self-confidence.

Ye Feng's eyes were also extremely calm. When he heard Senior Brother Mo say this, he couldn't help but sneered: "Just because the sixth level of Minghe Realm doesn't mean that I'm afraid of you."

Ye Feng did feel a hint of threat from Senior Brother Mo. After all, this Senior Brother Mo was a top talent comparable to Princess Coral.

But Ye Feng was not afraid.

On the contrary, a new and powerful fighting spirit surged out of him.

Ye Feng has grown a lot during this period, both in terms of cultivation strength and his true combat power.

Ye Feng just took advantage of this opportunity and wanted to thoroughly test what level his combat power had reached.

Suddenly, Emperor Chu's voice sounded in Ye Feng's mind: "Master, do you want me to help you deal with this bullshit Scorpion boy?"

Obviously, Emperor Chu was trying to show his courtesy.

Ye Feng shook his head and said aloud: "Senior Brother Mo from the Scorpion Clan is not as strong and unstoppable as he thought. It can be used as a good test for my combat strength after growing up during this period." Opponent, I want to see what level my combat power is now."

When he said this, Ye Feng immediately took the initiative.

"boom!"

His speed was extremely fast and his body was extremely powerful. He was suddenly moving in the void, causing a series of sonic booms.

This speed is obviously extremely terrifying, and the impact it causes must be powerful.

However, Senior Brother Mo on the opposite side had extremely calm eyes. He just stretched out a hand and yelled: "Magic Light Wave!"

Senior Brother Mo actually released one of his inheritance directly. Obviously he didn't want to waste time and wanted to use tyrannical power to kill Ye Feng, this evil human boy, as soon as possible to avoid endless troubles.

Boom! !

Almost at this moment, a large black light suddenly rushed out from the palm of Senior Brother Mo. Like a dark river, it suddenly penetrated the void and bombarded Ye Feng who was rushing over. body.

A large blue ocean, full of infinite terrifying destructive power and impact, instantly burst out from Ye Feng's body, covering the entire sky and earth, and bombarded with the magic light wave.

"Rumble..."

An earth-shattering collision sounded immediately throughout the field.

The scene looked extremely terrifying and terrifying, as if the end of the world was coming, causing extreme shock to everyone present. The strong visual impact made their minds tremble violently, as if they were falling into an ice cellar. Even breathing was a little difficult, and they couldn't help but gasp for air, as if this could relieve the pressure in their hearts.

"What?!"

Suddenly, at this moment, Senior Brother Mo's face changed drastically, and he couldn't help shouting: "You, a humble human boy, how can you use Boundless Sea! This is a powerful inheritance in the Jiaoyu Clan! A powerful inheritance like Boundless Sea, even some ordinary geniuses in the Jiaoyu clan are not qualified to practice, but you have it? And most importantly, why can you, a human being, practice and display the skills in the Jiaoyu clan? Inheritance? This kind of inheritance has racial barriers. You can actually break the racial barriers. How do you do this? "

At this time, Senior Brother Mo asked a series of questions, and his tone was full of shock and shock, with an unbelievable and unbelievable look.

Obviously at this moment, Ye Feng's display of Boundless Sea shocked Senior Brother Mo's soul and had a huge impact on him.

Ye Feng did not explain, but smiled coldly and said: "The more exciting things are yet to come."

The moment he finished speaking, Ye Feng directly used the Goddess' Infinite Technique!

Boom!

Almost at this moment, a majestic and boundless shadow of a goddess full of nobility suddenly appeared in the void behind Ye Feng. Infinite blessing light poured down from the body of the

ancient goddess, covering all of her. He killed Ye Feng and let Ye Feng's power grow infinitely at this moment.
