Chapter 19 Vastness

"Run away? Why should I run away?"

Ye Feng knew that Ye Ziling was deeply hostile to him, but he pretended not to know.

"Oh? Zi Ling, it seems that you and Ye Feng know each other, so that would be great."

Ye Shenyue was stunned for a moment, then a smile appeared on her Qingcheng face, and she said: "Ye Feng is a peerless genius among our Ye clan. I have decided that when you come of age, I will betroth you to Ye Feng."

"What?"

Ye Ziling was so angry that he almost jumped up and exclaimed: "Sister, you actually want me to marry this slave who feeds horses?"

"Snapped!"

Suddenly, Ye Shenyue slapped Ye Ziling on the face, blinding Ye Ziling directly. .??.

Ye Shenyue stared at Ye Ziling with cold eyes and said solemnly: "Zi Ling, what do you call Ye Feng?"

Ye Ziling was stunned. She covered the slap mark on her left face and cried: "Sister, is this Ye Feng filling you with ecstasy soup? He is just a good-for-nothing adopted son of the family. He has been feeding me horses. He is. A slave...ah!"

There was a "pop" sound.

Ye Shenyue slapped Ye Ziling on the face again. Ye Ziling, the last slave, didn't even finish the word "talent" and was slapped to the ground.

She screamed loudly, never expecting that her sister, who was usually so kind to her, would treat her like this for the sake of Ye Feng, the adopted son of the family.

Ye Ziling looked at Ye Feng and found that Ye Feng just smiled innocently at him, as if he didn't know what was going on.

"you....."

Ye Ziling cried loudly, but did not forget to stare at Ye Feng fiercely, and then ran away.

"This child is getting less and less tutored."

Ye Shenyue sighed, then turned to look at Ye Feng and said: "Don't mind too much about what Zi Ling said just now. Although you are the adopted son of our family, our Ye clan will never treat our adopted son as a slave... a servant. Treat it the same."

Apparently Ye Shenyue almost said the word slave, but seemed to feel it was inappropriate and used the term servant.

Because Ye Shenyue knew very well that a martial arts genius like Ye Feng would be very disgusted with being called a slave.

They may even become angry and betray the family. If such a genius runs away, then the Leaf Clan will suffer a big loss.

After seeing Ye Feng's powerful attacks and powerful energy in the wilderness outside the city, Ye Shenyue knew very well that Ye Feng's value was extremely huge.

At the same time, she was also a little confused. A martial arts wizard like Ye Feng should have become famous among the Ye clan long ago.

Why did his sister Ye Ziling call him a slave?

This is something that makes Ye Shenyue extremely confused and puzzled.

She planned to ask Ye Ziling what all this was about when she had time.

Ye Feng looked at Ye Shenyue and suddenly asked: "I just heard from the eldest lady that you are coming back this time to complete a sect mission?"

"correct."

Ye Shenyue hesitated for a moment, and then said: "It's okay to tell you this matter. Rumor has it that some branch demons of the Netherworld Demon Cult have begun to resurgence in the territory of the Great Yan Dynasty. This time, Nanyang Commandery City Young Master and I Chu He came back because the upper echelons of the sect sent us to this borderland to find out whether the news was true."

Seeing the doubtful look in Ye Feng's eyes, Ye Shenyue immediately smiled and explained: "Ye Feng, you have been in the Ye clan since you were a child. It is normal not to know the real big forces outside. Let me tell you. "

Ye Feng smiled slightly and said: "Thank you, Miss, for clarifying my doubts. I would like to hear the details."

Ye Shenyue nodded and said: "First of all, you must know that Longyuan Continent is vast and endless. Even a super master in the titled martial arts realm will not be able to reach the end after spending a lifetime."

"Is Longyuan Continent so big?" Ye Feng's eyes flashed slightly.

He has never figured out whether Longyuan Continent is on the spiritual world, because Longyuan Continent is indeed very vast.

But what Ye Feng is sure of is that the Longyuan Continent where he woke up three thousand years later is definitely related to the land of the spirit world.

Because, right on the central square of Nanyang County, Ye Feng saw the sculpture of Emperor Tongtian, the head of the Gu family who destroyed the Divine Dynasty of Creation three thousand years ago!

Ye Feng knew that he might only be able to learn the truth about this matter when he set foot on the pinnacle of Longyuan Continent.

He thought to himself, staying silent and listening to Ye Shenyue's words.

Ye Shenyue did not notice anything strange about Ye Feng, but continued to speak: "The vast Longyuan Continent has a total of five major territories, namely the Eastern Wasteland, the Southern Territory, the Western Desert, the Northern Territory and the Zhongzhou."

"Our Great Yan Dynasty seems to be an ancient dynasty that has been inherited for thousands of years, but in fact, in the eyes of the real overlord of the entire Southern Territory, it is just a slightly bigger ant."

Speaking of this, Ye Feng was a little confused and asked: "Miss, does what you are talking about have anything to do with the Nether Demon Sect?"

"Of course there is a relationship."

Ye Shenyue's tone suddenly became solemn and solemnly said: "There are four major overlord forces in the Southern Territory. These four giants have been inherited for thousands of years and have a strong foundation. They are the pinnacle overlords who truly stand at the top of the Southern Territory pyramid, overlooking the entire Southern Territory. The earth is also a giant among all the inherited forces in the entire Longyuan Continent, and the Netherworld Demon Sect is one of the four overlords in our southern region! "

"What?"

Ye Feng's eyes showed a hint of shock, and he said: "The Nether Demon Sect, which overlooks countless dynasties and sects, actually appeared in the Great Yan Dynasty?"

Ye Shenyue said: "Don't worry, the real big devil in the Netherworld Demon Cult will naturally be dealt with by the other three overlord forces in the Southern Region."

"What appeared in our Great Yan Dynasty were just some demons who were disciples of the Nether Demon Sect. They wandered here and established small demon sects such as the Demonic Blood Sect, causing trouble for the people and killing all living beings."

"However, even small demon sects such as the Demon Blood Sect are still extremely powerful threats in the eyes of the Great Yan royal family and the largest sword sect. That's why the sword sect behind me pays so much attention to it and sends many sword sect disciples to Great Yan. Search for traces of the Demon Sect in various parts of the dynasty."

"The Great Yan Dynasty also attaches great importance to this matter. The Royal Martial Arts Academy at the center of the dynasty has also sent many young geniuses, and even the sons of princes, to various parts of the dynasty to look for traces of the Demon Blood Sect's demon."

...

Ye Shenyue spoke at this time, and Ye Feng slowly understood a lot of things that he didn't know before.

Including the four major overlord forces in the Southern Territory, in addition to the Netherworld Demon Sect, the other three overlords are the Taixuan Sword Sect, the Holy Ancestor Dynasty, and Poseidon Academy, which is known as the first martial arts holy place in the Southern Territory.

Only then did Ye Feng realize that the entire Longyuan Continent was so vast that even in the Southern Territory, ordinary warriors might not be able to complete a full circle in their lifetime. "Run away? Why should I run away?"

Ye Feng knew that Ye Ziling was deeply hostile to him, but he pretended not to know.

"Oh? Zi Ling, it seems that you and Ye Feng know each other, so that would be great."
