

## Ancient 1911

### Chapter 1911 Silver-robed Law Enforcer

Ye Feng never expected that a strong man from the Golden Armor Clan would appear here.

However, these dozen or so golden-armored clansmen were only at the tenth level of Tianyun Realm, so Ye Feng was not very afraid of them.

At this time, these golden-armored tribesmen saw that Ye Feng had not moved, and they immediately exuded strong murderous aura, and said loudly: "Human ants, why don't you leave? Don't think that we don't dare to kill because of the regulations. You, if you dare to block our financial path, even if you are a disciple of the Yuhua Shenmen, we can kill you directly!"

Ye Feng's eyes were extremely cold as he stared at the dozen or so golden-armored tribesmen in front of him.

Sure enough, in the eyes of other powerful races, the human race is very humble, and they look down on the human race at all.

Ye Feng took a deep breath and said aloud: "I discovered this golden thunder tree, and there is no way I would give it away to anyone else."

"What?!"

Hearing Ye Feng actually say these words, more than a dozen powerful people from the Golden Armor clan even suspected that there was something wrong with their ears.

How could this humble kid from the human race be so bold?

Dare to go against their decision?

A golden-armored clan member of the tenth level of Tianyun Realm immediately walked up to Ye Feng, condescendingly staring at Ye Feng with infinite contempt in his eyes, and said disdainfully: "I will give you one last chance, hurry up and get out. Open it, otherwise you will die on the spot."

At this moment, a ruthless cold murderous intention suddenly emanated from the body of the golden armor clan and swept towards Ye Feng.

"kill!"

At this moment, Ye Feng had nothing to say and just took action.

Ye Feng is not very afraid of the dozen or so strong men from the Golden Armor clan who are in the tenth level of Tianyun Realm. He is enough to fight.

"The sea is boundless!"

Ye Feng suddenly displayed this set of powerful martial arts.

Boom!

The endless waves of the ocean instantly sucked in all the dozen or so strong men from the Golden Armor Clan, making it impossible for them to escape.

"What?! This boy is so powerful!"

Suddenly there was a strong Jinjia clan

The reader couldn't help but exclaimed in surprise.

They are all at the tenth level of Tianyun Realm, while Ye Feng is only a human warrior at the fifth level of Tianyun Realm.

Therefore, the boundless sea released by Ye Feng at this time enveloped them all and made them unable to move. This really shocked all the powerful people of the Golden Armor Clan.

Uh-huh!

Just when a group of strong men from the Golden Armor clan were exclaiming, Ye Feng had already flashed in front of them. Without any hesitation, he directly released his ultimate killing move: the reincarnation skill of the heavens!

"Boom..."

The rotating vortex of the six reincarnations suddenly enveloped all the dozen or so strong men of the Golden Armor Clan, crushing them all into pieces like a big millstone.

"ah!"

"ah!"

...

Almost at that moment, with a series of miserable howls, more than a dozen strong men from the Golden Armor clan were crushed into pieces and all died.

Ye Feng's eyes also showed a trace of surprise. He didn't expect that his combat power has become so strong now.

Even the ordinary inner disciples of the Ascension God Sect would encounter a dozen or so strong men from the Golden Armor Clan who were at the tenth level of the Tianyun Realm, and they would probably be quite troublesome.

Ye Feng now easily crushed them all to death.

But it's also because Ye Feng has a strong inheritance.

The power of the Heavenly Reincarnation Technique is really terrifying, and it is worthy of being one of the top secret techniques among the Yuhua Shenmen.

With this set of inheritance, let alone the inner disciples, it is probably difficult for even the core disciples to be qualified to practice.

At this time, Ye Feng couldn't help but imagine that when he was young, Senior Shen Cangtian must have been a peerless genius in the Yuhua Shenmen, otherwise he would not be qualified to practice the reincarnation skill of the heavens.

Thinking of this, Ye Feng became more cautious,

The reincarnation skill of the heavens involves too much, and it must not be easily performed in the Yuhua Shenmen. It can only be used when no one is around.

"Swallow!"

At this moment, Ye Feng suddenly released a devouring vortex, absorbing and swallowing all the energy and blood of the dozen or so strong men from the Golden Armor clan who were crushed.

"Boom!"

"Boom!"

In an instant, two powerful auras burst out from Ye Feng.

He broke through directly, broke through two heavens in a row, and entered the seventh heaven of Tianyun Realm!

"The blood energy of this golden armor clan is quite good, and it is much greater than the blood energy of the human race in the same realm."

Ye Feng murmured at this time.

Ye Feng then walked towards the Golden Thunder Wood and received this rare natural material into his storage ring.

Buzz!

Just when Ye Feng was about to leave, suddenly an extremely powerful aura suddenly enveloped him from high in the sky.

"Huh? This aura is from the Divine Foundation Realm! And it is a profound existence in the Divine Foundation Realm! At least it is the third level of the Divine Foundation Realm!"

Ye Feng's eyes suddenly changed slightly.

The cultivation of the Third Heaven of the Divine Foundation Realm was even more powerful than the dark green dragon he had dealt with before.

The dark green dragon had just entered the Divine Foundation Realm, but it was only at the first level of the Divine Foundation Realm.

Uh-huh!

While Ye Feng was thinking secretly, a young man wearing a silver robe suddenly descended from the sky.

This young man looks like a human, but his face has golden scales, and his hands have golden claws, not human palms.

Obviously, this young man wearing a silver robe is also a strong man among the Golden Armor clan!

At this time, he looked at the fragments of the Jinjia clan creatures on the ground.

This silver-robed and golden-armored man immediately showed a look of deep anger on his face. He suddenly stared at Ye Feng opposite him, coldly

He shouted: "Human race! Did you kill the members of my Golden Armor Clan? Don't you know that the Yuhua Shenmen and our Golden Armor Clan's rules prohibit killing each other?"

Ye Feng's eyes were very calm and he said loudly: "I discovered Jinleimu. They want to rob me of my destiny and even kill me. I am resisting in self-defense and do not violate the rules."

"you....."

The eyes of this silver-robed and golden-armored man suddenly revealed a gloomy look.

He knew that what Ye Feng said was probably true, because the Golden Armor Clan had always looked down on the human race from the bottom of their hearts. It was only because of the threat from the Human Emperor in the Feathered God Sect in the Desolate Realm that they decided to fight with the Feathered God. The sect has made an agreement. On the surface, the Golden Armor Clan and the Desolate Domain Human Clan cannot fight each other.

At this time, this silver-robed and golden-armored man had a very gloomy face. He stared at Ye Feng and suddenly looked around and found that this was a very remote valley.

A gloomy killing intent suddenly appeared in his eyes, and he spoke slowly: "No matter what the facts are, you actually killed a member of our Golden Armor Clan. This is an unforgivable sin, and I As a silver-robed law enforcer of the Jinjia Clan, I have the responsibility to take you back to our Jinjia Clan for interrogation."

"Hurry up and come back with me!"

The silver-robed law enforcer from the Golden Armor Tribe spoke out, and stretched out his golden claws to grab Ye Feng, trying to take Ye Feng away by force.

"Uh-huh!"

At this moment, Ye Feng immediately backed up and avoided the claws of the silver-robed law enforcer from the golden armor tribe.

"What? You still dare to resist? You dare to disobey me in front of me, human boy, you are tired of living!"

The silver-robed law enforcer from the Golden Armor Clan immediately shouted angrily: "You are already guilty, and now you dare to resist me, the law enforcer. That is adding guilt to crime! I have no problem killing you on the spot now!"

boom!

When he said this, the silver-robed law enforcer from the Golden Armor Clan immediately burst out with a powerful momentum and released a terrifying murderous intention. It was obvious that he already had a strong murderous intention towards Ye Feng.

Chapter 1912 Completely panicked

Buzz!

At this time, the silver-robed law enforcer of the Golden Armor Clan released an overwhelming killing intent, like an icy ocean, heading toward Ye Feng.

This silver-robed law enforcer is a super master of the third level of the Divine Foundation Realm.

His strength is extremely powerful, many times more powerful than the previous dozen or so Tianyun Realm tenth-level Heavenly Golden Armor clan combined. .??.

If we say that the dozen or so Tianyun Realm Tenth Heavenly Golden Armor Clan are just a bunch of stinky fish and rotten shrimps.

Then the silver-robed law enforcer in the third level of the God Foundation Realm in front of him is the master among masters, the elite among the elites.

Even among such a powerful race as the Golden Armor Clan, he can be considered a little master.

Until the critical moment of life and death, Ye Feng did not want Emperor Chu to take action.

Because if Emperor Chu keeps taking action, Ye Feng will not get any experience effect.

Not only does he need to improve his cultivation, he also needs combat experience and the tempering of martial arts will.

And Ye Feng, who has been along the way, really likes the feeling of fighting with strong people.

"Die!"

Suddenly at this moment, the silver-robed law enforcer took action.

One of his claws immediately turned into a gigantic claw high in the air. It was made of pure gold. The tip of the claw was extremely sharp, like a magic sword, capable of tearing everything into pieces.

"The Goddess's Infinite Power!"

At this moment, Ye Feng immediately used the secret technique of the Jiaoyu clan.

Buzz!

A huge phantom of a goddess immediately appeared behind him, casting down pieces of the goddess's blessing light and shrouding Ye Feng's body.

At this moment, all of Ye Feng's martial arts abilities were greatly improved.

Ye Feng had already tested it before, and found that the Goddess's infinite magic could give him unlimited magic power within ten seconds.

Within these ten seconds, Ye Feng's comprehensive combat power will be greatly improved.

So Ye Feng didn't waste time at this time. At the moment when he displayed the infinite power of the goddess,

Ye Feng took action boldly and directly used the Divine Elephant Prison Suppressing Technique, another extremely powerful inheritance.

The Divine Elephant Prison Suppression Technique was obtained by Ye Feng from an ancient relic. It is an inherited technique from heaven. Once used, it has boundless power.

Rumble...

Almost at this moment, the space around Ye Feng suddenly turned into an evil hell scene, with countless demons and devils roaring.

Ye Feng himself suddenly expanded and became a giant white elephant exuding infinite divine light. This is the divine elephant of heaven!

"Boom!"

The huge celestial elephant instantly stepped forward with its hooves like pillars of heaven, containing boundless power. It trampled violently towards the sky. The boundless white divine light burst out, like a long river of time, boundless white. A piece of it can destroy everything.

"Boom!"

"Crack!"

And almost at the next moment, the giant golden claw captured by the silver-robed law enforcer was cruelly trampled to pieces by Ye Feng's elephant hoof.

"ah!"

The silver-robed law enforcer from the Golden Armor Clan immediately let out a scream.

He took a step back suddenly and retracted his hand. You could see that one of his golden claws was stained with blood and had several pieces broken. It looked shocking.

"You, a human boy, are just an outer disciple of the Ascension God Sect. How come you have so many terrifying inheritances? It is comparable to the inheritance of the core disciples! Your cultivation level is so low, it is impossible for you to get it from the Ascension God Sect. So many inherited martial arts!"

At this moment, the silver-robed law enforcer from the Golden Armor Clan roared angrily, his tone full of disbelief.

This silver-robed law enforcer from the Jinjia Clan originally thought that Ye Feng was just an ordinary outer disciple of the Feathering God Sect. He was a dignified law enforcer from the Jinjia Clan. It was not easy to kill an outer disciple of the Feathering God Sect.

?

But the result surprised him. This seemingly ordinary outer disciple of the Yuhua Shenmen had a lot of inherited martial arts and various killing methods!

This silver-robed law enforcer from the Golden Armor Clan felt a deep sense of fear.

At this time, the silver-robed law enforcer looked at Ye Feng with a deep look in his eyes, and said loudly: "I didn't expect you to be so powerful. It seems that I underestimated you. You are strong enough to compete with It's comparable to some ordinary inner disciples in the Yuhua Shenmen."

Ye Feng smiled coldly and said, "What? Are you scared?"

The silver-robed law enforcer of the Golden Armor Clan immediately laughed: "Am I afraid? Hahaha, this is really the most ridiculous thing in the world! My true means and strength have not been displayed yet. If you really want to If you die, I will help you now!"

Boom!

Almost as soon as he finished speaking, a terrifying and bloody aura suddenly erupted from the body of the silver-robed law enforcer.

This silver-robed law enforcer from the golden-armored tribe immediately jumped up into the sky. His entire body expanded rapidly at this time, and finally expanded into a huge golden-armored evil beast like a unicorn!

This huge evil beast is extremely ferocious and terrifying. This is the true body of the silver-robed law enforcer of the Golden Armor Clan. He revealed his true body at this time, and he was obviously completely angry. The Golden Armor Clan turned into a giant. After the beast, the mana and energy in his body will expand to an extreme state.

At this moment, the silver-robed law enforcer of the Golden Armor Clan, the body of a majestic giant beast, floats high in the sky. Its surface is covered with dense golden scales, exuding bright golden light, like a golden sun. It shone brightly across the entire sky, exuding the aura of terrifying evil beasts. It was vast and vast, vigorous and huge, filling the entire world, as if it could crush everything.

"Boom!"

Almost at this moment, the huge golden-armored beast suddenly crashed down from high in the sky, like a

The golden sun fell from the sky, filled with unparalleled majesty and terrifying destructive power.

This kind of power is so terrifying that it can destroy the world and make people unable to resist at all.

This is the true power of this silver-robed law enforcer from the golden armor tribe!

"The Goddess's Infinite Power!"

"The Reincarnation Kung Fu of All Heavens!!"

At this moment, Ye Feng also tried his best to sublimate his combat power. He roared crazily, and his whole body erupted with divine light. His whole body directly turned into a huge millstone, with the secret of six paths of reincarnation imprinted on it. , like a huge roller, crushing the entire era!

"Rumble..."

Endless terrifying roars resounded throughout the entire site, and countless mountains in the wilderness were trembling, collapsing, and destroying. The aftermath of this collision has incredible destructive power. This shows that the center of the collision, in the end, What a terrifying destructive energy it contains!

"ah!"

Suddenly, at the next moment, accompanied by a shrill scream, the golden-armored giant beast transformed into a silver-robed law enforcer from the golden-armor clan was crushed to pieces by the huge millstone of the Six Paths of Reincarnation, and it quickly retreated backwards. And go.

"Don't even think about leaving!"

At this moment, Ye Feng's whole body was filled with boundless murderous aura. Every inch of his body was radiating endless light, and his eyes were filled with divine light. It looked like a young human god had arrived.

Has incredible fighting power!

The Goddess' Infinite Technique has indeed greatly improved Ye Feng's combat power.

Even the silver-robed law enforcer from the Golden Armor Clan in the Third Heaven of the Divine Foundation Realm was unable to withstand Ye Feng's combat power. He could only choose to retreat crazily to temporarily avoid the edge.

"How can you, a human boy, have so many terrifying methods in your body!"

At this time, the silver-robed law enforcer of the Golden Armor Clan was completely stunned and panicked, his eyes full of fear.

Chapter 1913 The Unlucky Emperor Chu

At this moment, the silver-robed law enforcer from the Golden Armor Clan was completely afraid to fight Ye Feng anymore.

He ran away madly, trying to escape from this terrifying place.

This outer disciple of the Yuhua Shen Sect is really a guy who pretends to be a pig and eats the tiger. It's so abominable. He looks like an ordinary disciple, but the result is so powerful. The moment he makes a move, it is earth-shattering and horrifying.

"Want to run?"

Ye Feng inspired a trace of the power of the space gem, and he opened a void passage directly in the void, and then instantly arrived in front of the silver-robed law enforcer from the golden armor tribe.

"What?!"

Seeing Ye Feng suddenly appear in front of him, the silver-robed law enforcer from the Golden Armor Clan immediately showed a horrified expression on his face.

"What kind of terrible method is this!"

The silver-robed law enforcer almost doubted his life.

This seemingly ordinary young man is really terrifying.

"Spare me! I'll be a bull and a horse for you!"

The silver-robed law enforcer immediately begged for mercy.

"You are not qualified to be a cow or a horse for me."

But Ye Feng just responded with this sentence, and then he punched out with no mercy in his eyes.

"Boom!"

Along with a huge roar, an extremely powerful force burst out from Ye Feng's fist, directly smashing the head of the silver-robed law enforcer of the Jinjia Clan in front of him.

A generation of silver-robed law enforcers died.

Buzz!

But at this moment, a golden ball of light flew out from the corpse and fled into the distance.

Uh-huh!

But the next moment, Ye Feng had already grabbed the golden ball of light with one hand.

The voice of the silver-robed law enforcer came out of this golden ball of light: "Damn it! You can actually grab other people's souls with your hands? Are you still a soul master in the human race?"

Ye Feng smiled coldly and said aloud: "When you have thoughts of killing me, your ending is destined to be sad. I didn't want to provoke you, but you Jinjia clan think so much of us humans. Humble, I can only teach you a lesson!"

A voice came out from the golden light group: "Outer disciples of Yuhua Shenmen, you can't kill all of me. I am the silver-robed law enforcer of the Jinjia Clan. If you kill me and destroy my soul, you will definitely... Being tracked by our Golden Armor Clan, the area you are currently in is all mine.

This is the territory of our Golden Armor Clan, and the Human Emperor has no right to interfere here. If you release my soul now, maybe I can consider sparing your life. "

"Pfft!"

But at the moment when the sound of the golden light group fell, Ye Feng suddenly clenched his hand and directly crushed the soul of the silver-robed law enforcer.

Ye Feng showed no mercy at all, because he knew very well that he had already formed a quarrel with the people of the Jinjia Clan. Even if he released the law enforcer's soul, it would probably be of no use and would instead expose his whereabouts.

So it's better to get it over with and directly wipe out the law enforcer's spirit.

"Swallow!"

Next, Ye Feng quickly swallowed up all the blood and energy of the silver-robed law enforcer.

His cultivation level suddenly reached a new level.

Entering the eighth level of Tianyun Realm!

"Master, I can feel an extremely powerful aura approaching here. That powerful aura is something that exists in the Titled God Realm. I'm a little afraid of it right now."

Suddenly at this moment, Emperor Chu in the storage spirit ring spoke out.

"A title-level god-level existence? It seems that other strong men from the Golden Armor Clan are also nearby, and they feel that the soul of this silver-robed law enforcer has been obliterated."

Ye Feng made a judgment call and quickly left the place.

Since Emperor Chu has issued such a warning, it seems that the strong man from the Golden Armor Clan this time is very powerful and cannot be dealt with by himself at the moment.

It's better to leave first!

I was there shortly after Ye Feng left.

On this small valley, several men from the Golden Armor tribe suddenly appeared in golden robes.

These are all golden-robed law enforcers from the Golden Armor Clan, which are one level higher than the silver-robed law enforcers. The cultivation aura of each golden-robed law enforcer is impressively beyond the Titled God Realm level of the God Foundation Realm. exist!

There are strong men at the first level of the divine weapon realm, there are also strong men at the second level of the divine general realm, and there is also a gold-robed law enforcer at the head, who is surprisingly the third level of the divine king realm!

In addition, there are powerful auras coming from not far away.

If Ye Feng were here, he would definitely be shocked. He wiped out

The arrival of a silver-robed law enforcer was like a stab at the home of the Golden Armor Clan, and many powerful Golden Armor Clan warriors descended upon them all at once.

At this time, a golden-robed law enforcer looked at the withered body of the silver-robed law enforcer in the valley, his eyes were extremely frightened and angry, and he said aloud: "Is there a blood-sucking evil demon wandering around here? How dare you absorb the law enforcement power of my golden armor clan? You are so audacious! I order all the strong men of the Golden Armor Clan in this wilderness area to search for that blood-sucking demon. They must find this hateful guy and serve as the silver-robed law enforcer of the Golden Armor Clan. revenge!"

...

Just as groups of powerful men from the Golden Armor Clan were dispatching from their nests, Ye Feng, the instigator, was quickly heading towards the human race's wilderness territory.

Ye Feng knew that this time he might have offended many strong men from the Golden Armor Clan.

Maybe there will be many super masters from the Golden Armor Clan who will besiege him.

Therefore, under the advice of Emperor Chu, Ye Feng decided to return to the wilderness of the human race as soon as possible.

As long as you return to the wilderness, it will be the territory of the Ascension God Sect. Even the clan leader of the Golden Armor Clan does not dare to easily step into the human domain. After all, there is a human emperor guarding the Ascension God Sect.

But on the third day, Ye Feng was about to enter the territory of the wilderness.

"Buzz!"

Suddenly, an invisible formation formed a spiritual barrier, blocking Ye Feng's way.

"Boom!"

Ye Feng directly used the Finger of Eternal Vicissitudes, but found that he could not break the formation barrier at all.

He was about to reach out and touch the formation to see if he could use his soul master's methods to break it.

"This seems to be an ancient restriction, specially used to block the human race!"

Emperor Chu spoke out in the storage spirit ring.

Buzz!

At this moment, a large piece of red light surged out from Ye Feng's storage ring, condensing into the figure of Emperor Chu's giant red light.

"Let me give it a try!"

Emperor Chu roared and condensed infinite red light into one fist, blasting directly towards the formation barrier.

"Crash!"

But suddenly at this moment, the formation barrier suddenly erupted with a huge and unparalleled absorption force, directly sucking Emperor Chu's fist on it, and then quickly absorbing Emperor Chu's power.

At this moment, Emperor Chu's giant body of light was shrinking rapidly.

"Oops! This seems to be a devouring formation! It can swallow my incorporeal soul power!"

Emperor Chu immediately exclaimed, loosened his fist and rushed into Ye Feng's storage ring.

Emperor Chu's slightly weak voice sounded: "Master, please don't touch this formation. I have tried it on my own for you. You can't touch this thing. It will make you weak when you touch it. I was

almost sucked dry. I guess I haven't been able to take action for many days, and even if I do, my power is definitely not as good as before. I estimate that I only have the power of the first level of the Titled God Realm, the Divine Weapon Realm. I need to be given time to recover. "

Ye Feng was speechless. He didn't expect Emperor Chu to be so unlucky.

However, Emperor Chu did block a disaster for himself, otherwise he would definitely try to touch that formation, and his soul might be sucked dry.

"Sure enough, this land is full of dangers. The Golden Armor Clan, a race that is only a little stronger than the human race, actually has so many powerful methods. It seems that our human race is indeed very weak. We cannot look down on other races. There are people in the God Realm. There are so many races, and each of them may have a much stronger foundation than our human race."

At this time, Ye Feng's inner pride dissipated a lot, and he became more and more aware that the races outside were very powerful. The methods of many races were not much weaker than his own, and were even weirder and more powerful!

"It seems we can't get out for the time being..."

Ye Feng thought secretly in his heart.

"boom!"

And suddenly at this moment, an extremely terrifying momentum suddenly descended not far away, surging towards this side.

Apparently, the fluctuations in the confrontation formation just now attracted the strong men from the Golden Armor Clan to pursue them.

That momentum was clearly that of a titled god!

"It seems that I need to hide for a while. When Emperor Chu recovers the strength of the second level of the previously titled God Realm, we can then find a way to join forces with Emperor Chu to kill this group of Jinjia clan who are chasing me!"

Ye Feng thought hard in his heart, then jumped up and ran towards a mountain behind.

Fortunately, this is a mountainous area with lofty mountains, boundless wilderness, terrifying swamps, and even some forbidden areas from ancient times. This allows Ye Feng to be able to use these terrains temporarily to escape from those golden armored tribes. The strong men chased them and dealt with them for a while.

Chapter 1914 High-spirited

After the way was blocked by the formation, Ye Feng could only choose to go back to the mountains and lurk first.

Although he was chased by a group of powerful men from the Golden Armor Clan in the Titled God Realm, Ye Feng did not regret killing the silver-robed law enforcer.

If a human warrior is oppressed by other races and does not even have the courage to kill the enemy, but also has to consider the consequences, then he will lose his pride and the will of the warrior.

"Boom!"

Among the mountains and jungles, a mountain suddenly exploded.

A huge steel gun appeared from high in the sky and stabbed directly at the bottom of the exploded mountain.

The owner of this spear is a powerful man from the Golden Armor Clan who is at the first level of the Titled God Realm, the Divine Weapon Realm.

He held the spear in his hand and stabbed towards the mountains below. The mountains exploded, and a young figure emerged.

This young figure is none other than Ye Feng!

Ye Feng had been hiding under this mountain for several days, but he didn't expect to be discovered in the end.

"Uh-huh!"

Ye Feng did not confront him head-on, but immediately ran away.

"Now that I've discovered you, I can't run away!"

Another burst of laughter rang out.

In the direction of Ye Feng's escape, another strong man from the Golden Armor clan came, who was also a strong man in the divine weapon realm.

In an instant, a large net emitting light was thrown out from his hand, and it was like a dragnet, surrounding Ye Feng's path.

"Dong dong dong!"

Ye Feng waved his fist wildly, but was unable to break the huge light network.

The strong man in the Divine Weapon Realm of the Golden Armor Clan immediately laughed out loud and said disdainfully: "You are really an ant boy who doesn't know the heights of the world. I finally caught you. This big net of mine is made of Tianwaihan iron wire. Don't You are a human boy who is not above the eighth level of Tianyun Realm, even a strong man at the first level of the Titled God Realm, the Divine Weapon Realm, will be trapped by my net!"

Soon the big net shrank quickly, trapping Ye Feng in an instant.

"A small outer disciple of the Yuhuashen Sect was caught very easily."

Two powerful men of the Divine Weapon Realm from the Golden Armor Clan were striding towards Ye Feng, preparing to capture Ye Feng and take him back to the Golden Armor Clan for trial.

"Emperor Chu! It's now!"

Suddenly at this time, Ben was caught by the big net

Ye Feng, who was under control, roared loudly.

"Here we come, brother!"

Emperor Chu's roar sounded immediately.

Boom! !

Almost at this moment, a burst of red light suddenly burst out from the storage spirit ring in Ye Feng's hand, and a giant red light condensed out, instantly bursting the big net.

"What?!"

Seeing this sudden change, the two powerful men of the Divine Weapon Realm of the Golden Armor Clan who had relaxed their vigilance were immediately frightened.

"This is the aura of power at the level of the God General, the second level of the Titled God Realm!"

"This kid actually has such a method? None of us know this!"

The two Golden Armor Clan Divine Weapon Realm experts both exclaimed in surprise.

At this time, Ye Feng's eyes were filled with a sneer. He was hiding during this period just to allow Emperor Chu to regain his strength.

Now Emperor Chu has regained his previous strength at the level of the God General, the second level of the Titled God Realm, which is extremely terrifying.

"Destroy the world!"

Emperor Chu roared, and a terrifying storm of destruction was suddenly released from the red giant of light, which directly enveloped the two powerful men of the Golden Armor clan who walked in front of him.

"ah!"

"ah!"

Almost at this moment, the two powerful men of the Golden Armor Clan were shattered into pieces. Even their souls were unable to escape, leaving only miserable howls that still echoed in the place.

"Great! Killed two powerful warriors from the Golden Armor Clan at the Divine Weapon Realm at once!"

Ye Feng was overjoyed and immediately released the Devouring Domain, wrapping up all the blood and energy of the two minced Golden Armor Clan Divine Weapon Realm powerhouses, and then swallowed and absorbed them.

"Boom!!"

Almost at this moment, a huge and boundless energy burst out in Ye Feng's body.

The skills and blood energy of the two first-level divine weapon realm warriors from the Golden Armor Clan are as abundant as the vast ocean.

For Ye Feng, who is currently only at the eighth level of Tianyun Realm, this is a great tonic!

"Rumble..."

Terrifying and powerful energy, like long dragons, roared and roared in Ye Feng's limbs, crazily increasing his cultivation strength.

Ye Feng's skill is increasing at an incredible speed.

In one fell swoop, he swallowed up two golden-armored clansmen who were at the first level of the Titled God Realm, the Divine Weapon Realm!

This is tantamount to taking two Shiquan Dabu Dan!

At this moment, the surface of Ye Feng's body began to emit a fiery red light!

"boom!"

A powerful martial arts aura suddenly burst out from Ye Feng's body. ??

In an instant, he broke through the first level and entered the ninth level of Tianyun Realm!

"boom!"

Another powerful aura erupted.

The tenth level of Tianyun Realm!

"Boom!!"

The third terrifying aura erupted.

Ye Feng directly broke through the bottleneck of the big realm and successfully broke into the first level of the Divine Foundation Realm above the Tianyun Realm!

But that's not all.

Ye Feng's aura continued to increase dramatically.

"boom!"

The second level of the Divine Foundation Realm!

"boom!"

The third level of the divine foundation realm!

"Boom!!"

The fourth level of the Divine Foundation Realm! !

Finally, at this moment, the energy of the two golden-armored warriors of the Divine Weapon Realm was completely digested.

Ye Feng's momentum also returned to calm again.

"Tsk, tsk, tsk, master, your inheritance is really unparalleled! If your ability to break racial barriers and devour thousands of creatures to strengthen yourself is revealed, it is estimated that countless powerful races in the entire God Realm will also Come to hunt you down!"

Emperor Chu spoke from the side at this time, and then turned into a red light and entered Ye Feng's storage spirit ring.

Ye Feng just smiled coldly at what Emperor Chu said: "Whoever wants to chase me, let him do it. Since all the races in this world are fighting for hegemony, and even gods can't change it, then one day, I will step on it." Loaded with corpses, ascend to the supreme throne!"

At this time, Ye Feng was simply in high spirits.

Uh-huh!

Ye Feng knows

The fluctuations in the battle here may soon attract other strong men from the Golden Armor clan to come.

So he jumped up instantly and left here.

Of course, before leaving, Ye Feng plundered all the storage rings from the two Golden Armor Clan Divine Weapon Realm powerhouses.

It has to be said that these two Jinjia tribe are worthy of being at the level of the Titled God, and their status among the Jinjia tribe must be very high. The storage rings on their bodies also contain many special elixirs made by the Jinjia tribe. For the human race, they are all good things that can strengthen Qi and blood.

"I have to find a place to refine these elixirs. Maybe they can make my cultivation level higher."

At this time, Ye Feng was thinking in his mind and quickly left the place.

At this time, Ye Feng was no longer afraid of these powerful men from the Golden Armor clan who were chasing him.

Although it is not possible to confront them head-on, through this method of chasing and killing, they can disintegrate their encirclement one by one and drag the strong men of the Golden Armor clan into the abyss of death.

"Hmph, if you dare to chase me and go against me, then I will let you meet the King of Hell one by one!"

...

Not long after Ye Feng left, a dozen golden-robed law enforcers quickly arrived under the mountain where they had been fighting.

When they saw the two dead powerful men of the Divine Weapon Realm of the Golden Armor Clan, their expressions changed.

They never seemed to have thought that two powerful divine weapon realm experts would die in a short period of time. This is really unbelievable!

"Does that kid have other helpers? For example, the powerful soul?"

A strong man from the Golden Armor clan who was at the second level of the Titled God Realm, the God General Realm, couldn't help but guess aloud.

"It should be like this. No matter how powerful that kid is, there is no way he can burst out with such terrifying power. He must have a strong soul in his body, but the strength of this strong soul must only stop at the first or second level. If he was very strong, he wouldn't have escaped and would have fought us head-on."

Another strong man from the Golden Armor clan made a guess.

A group of other strong men from the Golden Armor clan nodded one after another and discussed: "In the future, at least four of us in the Titled God Realm will have to travel together. In this way, if we meet that kid again, even if that kid has a strong soul in his body, Catch them all in one fell swoop!"

"good!"

A group of other strong men from the Golden Armor clan all agreed.

#### Chapter 1915 Laying a Trap

Among the mountains, the powerful men of the Titled God Realm of the Golden Armor Clan have formed a team of four, and are now looking for traces of Ye Feng with murderous intent.

For them, all the ways out of this wilderness have been blocked by the ancient formation, so it is impossible for Ye Feng to escape. They are now trying to catch a turtle in a jar.

So at this time, a group of strong men from the Golden Armor Clan were not in a hurry. They formed an encirclement. If they kept narrowing the encirclement, they would definitely be able to find Ye Feng.

"Look! There are traces of the death of monsters here! It was definitely done by that boy!"

At this time, a group of four strong men from the Golden Armor clan discovered the dead bodies of some monster beasts. ??

They immediately stepped forward, ready to check whether there were any traces of Ye Feng leaving.

"Boom!!"

But the moment they reached the place where the monster died, an extremely huge formation immediately lit up around them.

This is a very strange formation. The four powerful men of the Golden Armor clan in the Titled God Realm did not even react. The space and world around them had turned into a hell.

"Oops! This is a trap! The human boy from the Yuhua Shenmen deliberately left traces of the monster's death in order to attract us here and let us enter his trap!"

At this time, all four powerful men from the Golden Armor clan reacted.

But they were already in a terrible scene of hell.

It's like you've really entered hell. It's extremely scary. There's even the shadow of the devil roaring in the distance, making a terrifying and boundless roar, which is very scary.

"Don't panic!"

A tall golden-armored clan leader among the four strong golden-armored clan members said: "All four of us are strong men at the second level of the titled god realm, the god-general realm. This large formation is only

It is an illusion formation, and it certainly has no real aggressiveness, so we must maintain inner stability to break through this illusion and walk out. "

When the other three powerful men from the Golden Armor clan heard this, they all nodded vigorously and said loudly: "Yes, big brother!"

At this time, outside this illusion formation, Ye Feng walked out of the jungle next to him alone.

With a sneer in his eyes, he stared at the four powerful men from the Golden Armor clan who were titled God Realm trapped in the illusion formation.

This illusion formation is not as simple as the four Jinjia clan imagined.

This illusion formation is the hell talisman that Ye Feng obtained from the ruins of the ancient holy city!

It is a super-powerful talisman left behind by the ancestors of the ancient giant family. The hell formation transformed into it creates extremely terrifying hallucinations.

Buzz!

A red light flashed out of Ye Feng's ring, and a small red light person condensed next to Ye Feng's head.

It is the Emperor of Chu.

Emperor Chu stared at the formation and said aloud: "Master, can this thing really trap a strong man from the Golden Armor Clan who is at the second level of the Titled God Realm, the God General Realm?"

Obviously, although Emperor Chu was an ancient power, he didn't seem to have studied the battle method very much, so he didn't believe in the power of the battle method.

Ye Feng smiled faintly, very confident, and said aloud: "These Jinjia clan are not soul masters. It is difficult for them to escape the illusory predicament of this hell formation, let alone trap these four Jinjia clan strongmen. The four of them One may be frightened to death by hallucinations."

"What? Four strong men in the second level of the Titled God Realm, God General Realm, will be scared to death? I don't believe this.

"Huang Chu said aloud.

Ye Feng smiled faintly, stared at the little red light person floating in the air next to his ear, and said with a smile: "Then we will wait and see."

And while Ye Feng and Emperor Chu were chatting with each other outside.

In the illusion space in the hell formation.

The four powerful men of the Divine General Realm from the Golden Armor Clan silently said in their hearts not to think that everything in front of them was an illusion.

But when a demon god, tens of thousands of feet tall, suddenly walked in front of them, it exuded terrifying majesty and devilish aura.

This feeling is so strong and terrifying that even if I know it is an illusion, I will be scared to death.

"Ah! I can't stand it anymore!"

A strong man from the Golden Armor Clan collapsed in his heart, and he immediately released terrifying power and attacked the ten thousand-foot-long demon in front of him. ??

"Rumble..."

But all his attacks failed.

And at the next moment, this demon god had opened its extremely ferocious mouth and bit into the strong man of the Golden Armor Clan.

"No! No! Don't eat me!"

This strong man from the Golden Armor tribe made a voice of great fear, and his eyes were full of deep panic.

The next moment, he was so frightened that he lay straight on the ground, his heart contracted suddenly, and he was frightened to death!

Almost at this moment, the remaining three strong men of the Golden Armor Clan were attacked by other terrifying Hell Clan.

Although they knew that the attack was fake, the hallucination made them mentally tense and under tremendous pressure.

Suddenly, all the strong men of the Golden Armor Clan fell into a kind of mental collapse...

But at this moment, outside the illusion.

\u003e

Ye Feng waited for a long time, and finally he said out loud: "It's almost..."

At this time, Ye Feng walked forward, stretched out his hand and waved slightly, and the hell illusion suddenly disappeared.

"Master, be careful!"

The little red light person next to Ye Feng's ear flew directly in front of Ye Feng, showing a wary look.

But what he saw in front of him the next moment really shocked him.

Because at this time, the four extremely powerful and fierce Jinjia Clan's titled God Realm experts were all lying on the ground, foaming at the mouth, shaking all over, and their eyes turned white. They had obviously suffered a mental breakdown. It seemed that Suffering inhuman torture, you can imagine how they spent the half day.

At this time, Emperor Chu couldn't help but exclaimed: "To be able to make four powerful men at the level of the titled gods become such cowards, Master, your illusion formation does seem to have something."

"Pfft!"

"Pfft!"

"Pfft..."

At this time, Ye Feng had already stepped forward, holding a knife in his hand, and killed each of the Golden Armor clan members with one strike.

The next moment, Ye Feng first took off their storage spirit rings, and then began to release the Devouring Domain, which directly swallowed all four of the powerful Golden Armor clan members.

"Rumble..."

Almost at the next moment, huge waves of power instantly hit Ye Feng's body, crazily strengthening his martial arts foundation and skills.

At this time, Emperor Chu was protecting Ye Feng by his side.

Looking at Ye Feng's devouring look, the red light man's eyes showed a trace of sigh, "The young people of this generation are really smart. They actually know how to use traps to counter-hunt one by one. , we knew how to be tough in that era tens of millions of years ago."

Chapter 1916: Driving away wolves and devouring tigers

Using his brain and setting traps, Ye Feng quickly hunted and killed several Jinjia clan teams.

I have to say that although the Golden Armor Clan is powerful, they are not that smart.

They have not yet guessed what method Ye Feng used to kill all four powerful men at the second level of the Titled God Realm at once.

So in the end, the Jinjia Clan's pursuit team changed from a group of four to the current group of six.

But it still doesn't work.

Ye Feng still killed them all every time!

Because for Ye Feng, no matter how many Jinjia clan there are, as long as they fall into his trap, they will all be enveloped in that hellish and terrifying illusion, which is simply not something that human sea tactics can fight against. ??

In the end, the Jinjia Clan was in despair.

They have already killed nearly twenty powerful men at the level of God General!

No matter how powerful the Golden Armor Clan is, this is a huge loss that they cannot make up for!

Moreover, you must know that the person who caused all this is just an ordinary outer disciple of the Ascension God Sect. It is really frustrating!

The whole process lasted for half a month.

Ye Feng devoured more than twenty powerful men from the Golden Armor clan at the level of the God General Realm. His cultivation strength has undergone earth-shaking changes, and he has directly stepped into the tenth level of the God Base Realm, the Great Perfection!

With only the last step left, Ye Feng can break through the God Base Realm and step into the true Titled God Realm!

However, this last big realm bottleneck was very difficult. In the following time, Ye Feng continuously swallowed five or six Jinjia Clan God General Realm experts, but failed to break through this last bottleneck.

Emperor Chu, the former emperor of the Chu Kingdom, gave advice: "You can't swallow them one by one. You need to swallow a lot of energy at once to break through the current bottleneck!"

Ye Feng nodded, agreeing with Emperor Chu's statement.

Because for Ye Feng, he has now entered the tenth level of the Divine Realm and the Great Perfection. If he wants to break through, he needs

The energy is absolutely terrifying and huge.

If you devour them one by one, you still don't know how long it will take to accumulate them before you can break through.

"It seems that we need to find a way to bring together all the strong men from the Golden Armor clan who are chasing me this time. However, the illusion of hell has been noticed by other strong men from the Golden Armor clan, so they may not necessarily be able to get to me. It's a trap."

Ye Feng murmured, his eyes showing thinking.

He must think of a new way to set a trap and catch all the powerful men of the Golden Armor Clan in one go.

"It seems that the only way is to drive away the wolf and swallow the tiger!"

Ye Feng suddenly spoke up.

Emperor Chu murmured: "Driving away wolves and devouring tigers? What do you mean?"

Ye Feng smiled, with a cruel smile in his eyes, and said loudly: "This time I will catch them all. After chasing me for so long, it's time to give them a big gift."

When Emperor Chu heard what Ye Feng said, his eyes suddenly lit up and he couldn't help but ask: "Master, what kind of harmful move have you thought of again? Tell me quickly!"

Ye Feng looked at the little man made of red light next to him and said with a smile: "If I want to implement this plan of mine, I really need your help. Your spiritual will is very huge now. You have

given all your blessings to me. By superimposing my soul, I want to expand my soul power to the broadest extent so that it can cover a large area. I want to find the best hunting spot!"

Emperor Chu's eyes showed a trace of doubt and he said: "The best hunting spot? How to find it?"

Ye Feng smiled and said aloud: "I am very experienced in this. When I was just a little warrior, I encountered a strong enemy who wanted to kill me. I used this method. Although I couldn't defeat it myself, That powerful enemy, then I will find another existence that can defeat the enemy and help me kill the powerful enemy, such as

This group of strong men from the Golden Armor clan introduced an area where ancient evil beasts lived, and then I just hid on the side and watched the show. This was the strategy to drive away wolves and devoured tigers. "

When Emperor Chu heard what Ye Feng said, his eyes immediately lit up and he said, "This is indeed a good idea! It's too insidious! But I like it!"

In the following time, Emperor Chu put his soul power on Ye Feng's body. Ye Feng's soul power was unprecedentedly huge and spread to the entire wilderness, starting to look for very dangerous places.

The hard work paid off, and a very suitable hunting spot was quickly and easily found.

It was an extremely poisonous swamp, with mire everywhere. There were many poisonous snakes, scorpions and other poisons hidden in the mire.

"This is it!" .??.??

Ye Feng's eyes showed joy.

The next day, Ye Feng took the initiative to find the strong man from the Golden Armor clan who was chasing him.

He deliberately let himself be discovered by the strong men of the Golden Armor Clan, and then ran away quickly.

"Hahaha! I finally saw this kid! This time this kid doesn't have time to set up a killing formation! Let's catch up with him quickly, don't let him escape, and then he will set up a formation to punish us!"

At this time, all the strong men from the Golden Armor clan in this team roared loudly and chased after Ye Feng.

Their current thinking is that as long as they can continue to chase Ye Feng and make Ye Feng unable to stop, then Ye Feng will have no time to set up a killing formation, and there will be no danger.

During the pursuit, the strong men of the Golden Armor clan in this team sent out signal talismans, causing all the strong men of the Golden Armor clan in this wild forest to gather over.

"This time we gather all the strong men! We must catch this kid! Then cut him to pieces with a thousand knives! This kid is so abominable! We must let him endure endless torture before dying! Only in this way can we deserve it. Our dead brothers!"

At this time, a group of

The strong men of the Golden Armor Clan spoke out harshly one after another, their eyes filled with deep hatred.

Because this time, in order to hunt down this outer disciple of the Feathered God Sect, their Golden Armor Clan really suffered too much loss.

So this time they finally met Ye Feng. These powerful men from the Golden Armor clan naturally wanted to keep an eye on Ye Feng and not let him escape again.

In fact, if Ye Feng wants to escape, it is very simple. He only needs to release a trace of the power of the space gem, and he can instantly escape from the lock of these strong men of the Golden Armor clan.

Because the most powerful of these Jinjia Clan warriors are only creatures at the level of the God King, the third level of the Titled God Realm.

Therefore, with Ye Feng's escape method, as long as the strongest person does not come and press him to death, Ye Feng will be extremely calm.

At this time, Ye Feng deliberately hung up the strong man from the Golden Armor clan behind him.

Under the exploration of soul power, Ye Feng found that more and more powerful people from the Golden Armor clan were chasing him. From six at the beginning, they slowly became twelve, then eighteen, and finally gathered together. Fifty or sixty!

Among the fifty or sixty strong men of the Golden Armor Clan, the weakest ones are all strong men in the first level of the Titled God Realm, the Divine Weapon Realm.

The most powerful ones are those at the third level of the Divine Lord Realm.

They all gathered together and started chasing Ye Feng.

"Human boy! You can't run away! This time we have all locked you in!"

"Damn little bastard, you have tricked and killed so many members of our Golden Armor clan during this period. This time you will definitely have to pay a huge price!"

"Seize him! Hang him!"

...

A group of strong men from the Golden Armor clan all let out angry and cruel roars.

At this time, Ye Feng looked at the angry looks of many powerful people from the Golden Armor clan behind him, and he just sneered secretly in his heart.

"I'll let you know later what true despair is."

Chapter 1917 Poisonous Insect Frenzy

Under Ye Feng's deliberate pulling, a group of fifty or sixty strong men from the Golden Armor clan all came to the swamp.

At this time, they were so angry that they didn't even notice that the surrounding terrain had quietly changed.

After all, they felt that it was impossible for Ye Feng to die on his own, so they followed Ye Feng closely without paying attention to the changes in the surrounding environment.

Suddenly at this moment, Ye Feng, who had been running away in a panic, suddenly stopped.

"Boy, why don't you run away? Are you running out of strength?"

"Okay, okay! This kid finally stopped. I'm afraid he has recognized his fate of death and doesn't want to be unable to resist anymore."

"Young boy from the human race, you will definitely die without a burial this time!"

...

At this time, a group of strong men from the Golden Armor clan gathered together, walking towards Ye Feng with a ferocious look on their faces.

But suddenly at this moment, Ye Feng suddenly turned around and released the Finger of Eternal Vicissitudes. A huge finger immediately struck in the direction of the strong man from the Golden Armor Clan.

"You dare to resist when you are about to die? With your weak cultivation, no matter how powerful your martial arts is, it can't do any harm to us! We now have more than fifty strong men!"

At this time, a strong man from the Golden Armor Clan immediately laughed out loud, his tone full of sarcasm and disdain.

But at this time, Ye Feng showed a strange smile on his face and said loudly: "I am not attacking you, it is the swamp and mire under your feet."

"What's the meaning?"

A group of strong men from the Golden Armor clan were stunned by Ye Feng's inexplicable words.

"Boom!"

But at this moment, the huge finger manifested by Ye Feng had already hit the ground hard.

Suddenly, the whole earth shook violently, as if a major earthquake had occurred.

The entire swamp was shaking violently, and almost at this moment, all the poisonous creatures hiding deep in the mire were awakened.

"Crunch, crunch..."

The next moment, what shocked countless powerful people of the Golden Armor clan present was the terrifying poisonous insects, golden scorpions, pitch black centipedes, snakes covered with fangs, strange dark green poisonous beetles, and so on. Wait, they all crawled out of the mire and swamp, crawling crazily towards their flesh and blood bodies.

"Oops! This is the most dangerous swamp and quagmire! How did we catch up here without knowing it?"

"Damn it! It's this kid! This human kid must have deliberately brought us here!"

"I understand! This human kid suddenly showed his traces this time. He must have done it on purpose. He purposely led us into this swamp and let these horrible poisonous creatures deal with us!"

...

In fact, all the powerful men of the Golden Armor clan made sounds of shock and anger.

"Boom!"

"Boom!"

A powerful aura erupted from their bodies, and all the poisonous insects and poisons approaching around them were shattered.

But all this is in vain, because in the entire swamp, from the earth to the sky, poisonous insects and poisonous substances are all strange, dense, and endless, swarming towards countless strong men of the Golden Armor clan, like a swarm of poisonous insects. The ocean drowned them.

.

"ah!"

"ah!"

"..."

Almost at this moment, the pitiful howls of the powerful men of the Golden Armor clan sounded on the field.

I hope they never thought that the human boy they were chasing was so insidious, leading them into this terrifying swamp.

A strong man from the Golden Armor clan spoke to Ye Feng in the distance: "Your attack completely triggered the awakening of all the poisons in the entire swamp, and you can't escape! Do you want to die with us?" !"

Ye Feng stared at this strong man from the Golden Armor Clan with extremely cold eyes, and said with a faint smile: "Perish with you? You are not qualified to say such a thing."

The moment he finished speaking, dark poison-eating insects rushed out of Ye Feng's body.

Buzz!

These poison-eating insects immediately gathered together, forming a pitch-black armor-like barrier on the surface of Ye Feng's body. The poisons outside did not dare to approach at all, because the poison-eating insects were originally the top existences on the list of ancient poisonous insects, belonging to A noble existence among poisonous insects.

At this moment, a group of strong men from the Golden Armor clan who were deeply involved in the poisonous insect craze saw that there were no poisonous insects approaching Ye Feng in the distance. Their eyes suddenly widened with deep doubts and unwillingness in their eyes. .

"how so?!"

"Who the hell is this human boy! How come he has so many tricks!"

"Is he an outer disciple of the Ascension God Sect? Why do I feel that he is more terrifying than the inner disciples or even the core disciples of the Ascension God Sect!"

At this time, a group of strong men from the Golden Armor Clan were filled with despair.

Although Ye Feng's cultivation level is not high, his endless methods and trump cards really make all the powerful people of the Golden Armor clan feel a deep sense of irresistibility and powerlessness.

This feeling made them extremely angry, but they were powerless to change anything.

"ah....."

Amidst the bursts of miserable howls, more than fifty strong men from the Golden Armor Clan, from the first level of the Titled God Realm to the Divine Weapon Realm to the third level of the Divine Lord Realm, were all caught in the wave of poisonous insects and could not escape at all. , could only watch as he was poisoned to death, and then turned into a charred corpse lying on the ground.

It can be said that the whole scene is extremely miserable, but also very heroic.

Buzz!

At this time, the red light man flew out of the storage ring and hovered next to Ye Feng's ear.

Emperor Chu looked at the dozens of powerful men of the Golden Armor clan who were wrapped in countless poisonous insects in the distance, and suddenly burst out laughing: "These bastards from foreign races have been chasing us for so long, and this time they can finally take pains." Kill them!"

Boom!

Emperor Chu soared into the sky and turned into a huge and majestic red giant of light. Then he kicked away dozens of strong men from the Jinjia clan who were deep in the mire in the distance.

Although these dozens of powerful men from the Golden Armor Clan were powerful, they were covered in poisonous insects at this moment. They were poisoned and had no strength to resist. Emperor Chu simply kicked them one by one, and finally kicked them all to death.

Ye Feng walked over, and under the pressure of the poison-eating insects on his body, many poisonous insects dispersed.

At this time, the entire quagmire returned to calm.

Only the corpses of more than fifty strong men from the Golden Armor Clan were left, all of them were poisoned and turned pitch black, lying motionless on the ground.

Chapter 1918 Yuhua City

Dozens of powerful men from the Golden Armor Clan, ranging from the first level to the third level of the Titled God Realm.

This is a huge gain!

Although they are all dead, it doesn't matter to Ye Feng.

Because he only needs the skills of these strong men.

Although these powerful men of the Golden Armor Clan are dead, their skills and blood energy are still stored in their bodies and have not completely dissipated.

"Swallow!"

At this moment, Ye Feng did not hesitate at all and directly released the Devouring Domain.

Boom!

Boom!

Immediately, the endless terrifying darkness swallowed the vortex, and all of a sudden it enveloped all the more than fifty strong men of the Golden Armor clan lying on the ground in front of them.

At the next moment, it was almost visible to the naked eye that the bodies of more than fifty strong men of the Golden Armor clan were drying up rapidly. The blood, energy, and skills in their bodies were constantly passing by, being absorbed by the devouring vortex, and then all integrated into In Ye Feng's body.

At this moment, Ye Feng immediately felt a huge energy injected into his limbs.

Almost at this moment, Ye Feng's momentum suddenly began to explode.

"Boom!"

Finally, Ye Feng broke through the tenth level of the Divine Foundation Realm and rushed directly into the First Level of the Titled Divine Realm, the Divine Weapon Realm!

This huge bottleneck was finally broken through in an instant with the help of the terrifying energy of dozens of powerful men from the Golden Armor Clan.

But that's not all.

Ye Feng's cultivation aura is still exploding.

"Boom!"

The first level of the Divine Weapon Realm!

"Boom!"

The second level of the Divine Weapon Realm!

"Boom!"

The third level of the Divine Weapon Realm!

"Boom!"

The fourth level of the Divine Weapon Realm!

At this moment, Ye Feng felt that his body was swelling extremely, and the terrifying energy was about to burst all his flesh and bones.

But at this time, Ye Feng gritted his teeth and had to hold on. Such a rare and huge energy was rare and could only be encountered but not sought.

Therefore, Ye Feng must use the huge energy this time to attack a higher level in one go.

"Boom!"

A martial arts momentum once again arose in his body, and he continued to break through.

The fifth level of the Divine Weapon Realm!

"Boom!"

The sixth level of the Divine Weapon Realm!

“Boom!

The seventh level of the Divine Weapon Realm!

At this moment, Ye Feng just wanted to look up to the sky and scream.

This feeling of breakthrough is really great.

Feeling the rapid growth of strength in your body is like growing from an ant to an elephant. This process is extremely enjoyable.

Ye Feng felt that his true combat power was growing at an incredible speed during the breakthrough process.

Finally, Ye Feng's cultivation stopped at the eighth level of the Divine Weapon Realm.

At this time, more than fifty strong men from the Golden Armor Clan on the ground had been sucked into mummies.

Ye Feng waved his hand and smashed all the more than fifty corpses into pieces.

Then he stretched out his hand and grabbed all the more than fifty storage rings in his hand, a piece of golden light.

These powerful men of the Golden Armor Clan are all Titled God Realm level beings.

The storage rings on their bodies definitely store huge wealth.

"Congratulations, master! You've made a huge breakthrough! This time you are truly transformed! You have directly reached the Titled God Realm!"

At this time, Emperor Chu transformed into a small red light man, flew in front of Ye Feng, and congratulated.

Ye Feng smiled slightly and said aloud: "I did get a good harvest this time. I didn't expect that I was able to fight back after being hunted by the strong Jinjia clan for so long. I am really a genius."

Emperor Chu immediately spoke up and said: "The master is a genius! A genius that is rarely seen throughout the ages!"

Ye Feng nodded and said: "This wilderness is the territory of the Golden Armor Clan. This time I killed so many strong people from the Golden Armor Clan in this wilderness. Maybe I will anger the real members of the Golden Armor Clan. The most powerful one, we need to leave here immediately."

Emperor Chu spoke out at this time: "But our way has been blocked by that ancient formation."

Ye Feng smiled slightly and said aloud: "Help me search for the storage rings of these strong men of the Golden Armor Clan. This blockade formation was arranged by them. The storage ring of one of them is strong. , maybe there is a way to solve it."

When Emperor Chu heard what Ye Feng said, he immediately nodded and said, "Master's idea is right. I'll check it out right away."

The hard work paid off. In less than half an hour, Emperor Chu had found a formation disk from a storage spirit ring.

This formation disk is the key to blocking the formation, allowing Ye Feng to directly shuttle through the formation.

"very good."

Ye Feng took the formation plate and walked directly in the direction of the blocking formation.

Ye Feng was lucky and passed the blocking formation smoothly.

He finally escaped from this wilderness of the Golden Armor Clan.

And he left with a full harvest.

In less than half a month, Ye Feng traveled through the endless wilderness and finally returned to the Ascension Gate.

However, Ye Feng did not enter the sect directly at this time, but walked into a small city at the foot of Yuhua Shenmen Mountain.

This city, called Yuhua City, was jointly established by many elders and disciples of Yuhua Shenmen, including many other human warriors.

There are also various wandering warriors, all gathered here.

Therefore, this city has formed a huge trading market. Every day, countless human warriors from the wilderness carry out various transactions here, such as selling the furs of various beasts. Disciples of the Yuhua Shenmen will also come to this Yuhua. In the city, he sells the elixirs and weapons he refined in exchange for some good things brought back by wandering warriors from the dangerous wilderness.

Ye Feng walked into Yuhua City at this time, and his purpose was naturally to sell some of his belongings.

This time, Ye Feng killed many powerful people in the Jinjia Clan's realm. There were many good things in the storage rings of these powerful people in the Jinjia Clan, such as There are various powerful armored soldiers specially made by the Golden Armor Clan, as well as some special elixirs that Ye Feng cannot use, and there are many bottles and jars.

Ye Feng kept everything he didn't need, and planned to sell it all in the Ascension City in exchange for divine crystals, or some pills to increase his cultivation, and treasures from the world.

As for the precious golden thunder wood that Ye Feng had obtained before, Ye Feng did not intend to sell it in this Yuhua City. He planned to bring it back to the sect in exchange for contribution points.

In the Yuhua Shenmen, contribution points are extremely important. If you have rich contribution points, you will be like a fish in water in the Yuhua Shenmen, and can exchange for various precious treasures and ancient elixirs.

However, if you want to exchange contribution points in the Yuhua Shenmen, you can't exchange it for anything. It must be something extremely precious, such as the golden thunder wood that Ye Feng got, a special and incomparable material.

At this time, Ye Feng walked into Yuhua City, found a huge trading market, and directly set up a stall to sell.

It has to be said that the various rare gadgets from the Golden Armor Clan that Ye Feng obtained attracted a lot of people's attention.

After all, the Golden Armor Clan is a race that is not weaker than the Human Race. The civilization of this race is also very developed. The treasures they refine, as well as various elixirs with special curative effects, are of great use to the Human Race warriors. attraction.

Things from the Golden Armor Clan are not something that ordinary people can obtain. You must know that ordinary wandering warriors can only hunt some ordinary beasts in the wilderness and obtain the fangs, scales, beast elixirs, etc. .

But the things Ye Feng put on the stall at this time were all extremely rare treasures from the Golden Armor Clan.

All of a sudden, it attracted the attention of many people in the trading market.

Whether it was some wandering warriors, some local big shots in the city, or disciples from the Yuhua Shenmen who came to go shopping, they all gathered in front of Ye Feng's stall.

"Look! That seems to be a special golden armor helmet among the golden armor tribe! After wearing it, you will be protected by a layer of extremely strong golden armor! It will make you invulnerable!"

"And that thing, it seems to be the golden armor talisman that can only be refined by some ancient weapon refiners of the golden armor tribe. It is an extremely powerful defensive talisman, very advanced."

"Look, it looks like a ten

The dragon ball belonging to the rare poisonous giant dragon turned out to be a dark green dragon ball, and it also exuded a ferocious aura. It was probably obtained not long ago after hunting. For cultivators with poison attributes, this is a rare thing. thing! "

...

Almost at this moment, one by one warriors stopped in front of Ye Feng's stall, and they couldn't help but exclaimed.

"Are you an outer disciple of the Yuhua Shenmen?"

Suddenly at this time a voice sounded.

A middle-aged man wearing a purple robe slowly walked over from a short distance away.

With a hint of greed in his eyes, he stared at the various good things in Ye Feng's stall, and then said aloud: "Even if you are an outer disciple of the Yuhua Shenmen, according to the regulations, you need to buy half of the things in your stall. Pay it to me, the city lord of Yuhua City!"

The moment the purple-robed middle-aged man finished speaking, Ye Feng's eyes suddenly darkened.

This man in the purple robe actually wanted half of his wealth?

It's really too much!

There can be no such unreasonable rules in Yuhua City!

But before Ye Feng could speak, people around him started talking about it.

"It's actually the Lord of Yuhua City, Nie Hong!"

"This outer disciple of the Yuhua Shen Sect may be in trouble. He can only choose to pay half of his wealth, otherwise he will end up miserable."

"Yes! This Nie Hong is not only the city lord of Yuhua City, but his younger brother Nie Tiange is the number one genius of the inner sect of Yuhua Shenmen. Who dares to mess with him in Yuhua City? Even some ordinary disciples of the inner sect dare not mess with him. , let alone this outer disciple who sets up a stall."

"This Nie Hong is really hateful. He knows how to plunder the wealth of all kinds of civilians and bully those who are afraid of the strong. But no one can cure him. There were many people who wanted to resist before, but basically they all ended badly. They were beaten half to death. In the end, they only Can surrender."

...

At this moment, many people around looked at Ye Feng with a hint of pity.

They knew that the fate of this outer disciple would definitely be very miserable.

Or hand over half of your wealth.

Or be beaten to death by Nie Hong.

Every ending is very tragic.

At this time, Ye Feng suddenly said: "If you want the treasures in my stall, then exchange them for something of equal value. If you don't have money, get out!"

Wow!

Almost as soon as Ye Feng finished speaking, the entire field fell into a dead silence.

How could this outsider boy be so domineering?

Dare you say such crazy things in front of a big shot like Nie Hong?

"Who gave him the courage?"

"Is he really not afraid of death?"

Everyone around him couldn't help but exclaimed inwardly.

Chapter 1919 Ancient Golden Talisman

At this time, everyone present looked at Ye Feng with surprise in their eyes.

It seems that they never thought that Ye Feng would be so bold as to say such words to Nie Hong, the city lord of Yuhua City, in front of everyone's attention.

A slightly older old man immediately walked up to Ye Feng and advised: "Young man, don't be impulsive. Although Yuhua City is just a small city attached to Yuhuashen Gate, Nie Hong, as Yuhua City His status as city lord is nothing, but the most powerful one about Nie Hong is his younger brother. His younger brother is called Nie Tiange. He is the number one genius of the inner sect of the Yuhua Shenmen. He has a high status and cannot be offended by an outer sect disciple like you. Yes, even some ordinary inner sect disciples must be polite when meeting Nie Hong, because everyone is afraid of the inner sect's most talented younger brother behind him."

When Ye Feng heard what the old man said, he knew that the other person was sincerely advising him.

Ye Feng smiled and patted the old man on the shoulder, and said loudly: "Others are afraid, but I am not. Old man, you should hurry up and watch the show among the crowd."

"Why don't you, a young man, listen to my advice?"

When the old man heard what Ye Feng said, he could only sigh and shake his head, and walked back into the crowd.

At this time, Nie Hong, the city lord of Yuhua City, had a gloomy look in his eyes.

Originally, he could get whatever he wanted at any time. In this Yuhua City, who dared to disobey his decision?

But today he encountered a thorny boy who dared to resist his will in front of everyone, and even told him to get out of here.

This really gave Nie Hong a strong murderous intention in his heart.

He immediately stared at Ye Feng and said loudly: "Boy, what you just said made me very unhappy. Now I have changed my mind. If you don't dedicate all the treasures on the stall to me, then you must Accept my punishment!"

When he said this, Nie Hong immediately shouted to the people around him: "Guards! Come here! Surround this kid!"

Wow!

Wow!

Almost at this moment, a group of tall guards wearing golden armor rushed over from outside the crowd.

The momentum of each of them is extremely powerful, full of the power of the tenth level of the Divine Foundation Realm!

There were dozens of escort soldiers in total, all wearing golden armor, holding magic weapon war spears that exuded powerful waves, wearing helmets, and looking fully armed, like icy war machines. Look at them. It was so captivating that many people watching the show couldn't help but take a few steps back, feeling suffocated.

"Even the escort team was dispatched? It seems that Nie Hong is really angry this time!"

"Even if that boy is a disciple of the Yuhua Shenmen, looking at the clothes he is wearing, he is only an outer disciple after all, and his status is still too low. I estimate that Nie Hong has the support of his younger brother, and he will definitely take this outer disciple directly. Catch him and torture him to your heart's content. Although I don't dare to kill him, I guess I can still torture this boy Nie Hong. "

...

At this time, many people around him couldn't help but speak out, and their eyes looked frightened.

They were all far away from Ye Feng at this time, and it seemed that

Afraid of getting into trouble.

Nie Hong sneered at this time and said: "Boy, now I will give you another chance. I will give you all the treasures on your body, and I will take everything on your stall. Only in this way can I save your life." , before you said such arrogant words to me, you didn't ask me carefully, why can I gain a foothold in this Yuhua City? Outer disciples like you, don't think that just because you are a disciple of Yuhua Shenmen, you can be unscrupulous, I only rule. You're such a hot-blooded young man!"

When he said this, Nie Hong winked at the dozens of escort members.

A group of powerful escort members instantly surrounded Ye Feng.

Ye Feng suddenly laughed at this time: "I really feel sad. A strong human race fights bloody battles with other powerful races outside for his own race, just to protect the human race's territory. But people like you are the worms of the human race." , in the human race's rear area, not only does it not contribute to the human race, but it also intensifies its blood-sucking and blackmailing of the human race warriors, bullying the weak and fearing the strong, people like you deserve to die!"

The moment Ye Feng finished speaking, everyone on the scene changed their expressions.

They knew that Ye Feng's words were so cruel and heart-wrenching that Nie Hong would definitely explode with anger.

And sure enough, after Ye Feng's words fell, Nie Hong's face turned red all of a sudden, and he shouted instantly: "All members of the escort team, use all your strength to catch this tough-talking boy. First, Destroy his cultivation, and then imprison him in the prison of Yuhua City. Let him know the consequences of offending me! Let him know what cruelty and despair are!"

At this time, Nie Hong roared loudly, his tone extremely cruel and ferocious.

His heart was filled with boiling murderous intent.

He wished he could immediately kill the young man in front of him who had hit his sore point!

"Yes, Lord City Lord!"

A group of dozens of escort members who had reached the 10th level of the Divine Base Realm and reached the Great Perfection level immediately clasped their fists and made a sound, and then swarmed towards Ye Feng.

"Boy, if I'm to blame, it's because you spoke so freely and messed with people you shouldn't have messed with."

A group of escort members sneered.

Although Ye Feng is a disciple of the Yuhua Shenmen, he is just an outer disciple and is not very powerful at all.

At this time, Nie Hong looked at all this with a smile, and seemed to have a good idea, foreseeing Ye Feng's tragic end.

"A bunch of weak little fishes! How dare they come to arrest me? Get out!!!"

But suddenly at this moment, Ye Feng suddenly roared.

Boom! !

Almost at this moment, a huge and boundless terrifying momentum, like a vast ocean, burst out from Ye Feng's body, like a boundless giant wave, surging in the void, spreading in all directions in an instant, Shattered the void.

"boom!"

"boom!"

"..."

The next moment, under the shocked eyes of countless people, the dozens of extremely powerful members of the escort were all blown away. The armor on their bodies was shattered into pieces, and the metal armor fragments were shattered. It pierced into the flesh and blood, and the blood flowed down, looking shocking.

"What?!"

"How is this possible? Those are dozens of powerful men at the tenth level of the Divine Foundation Realm!"

"They were all blown away at once! Even the high-grade golden magic weapon armor on his body was shattered in an instant!"

...

Everyone around him couldn't help but exclaimed in surprise, and their eyes showed deep shock.

This kind of strength is too terrifying!

Is this the strength possessed by an outer disciple of the Ascension God Sect?

It's incredible!

"What! So powerful!"

At this moment, even Nie Hong, the city lord of Yuhua City, couldn't help but exclaimed.

Nie Hong's originally confident expression suddenly became extremely embarrassed, and his face was ashen. He obviously knew that this ordinary-looking outer disciple was definitely a guy pretending to be a pig and eating the tiger.

"The aura he showed at that moment seems to have surpassed the divine base realm, and is the titled divine realm!"

Nie Hong's face suddenly became extremely gloomy.

A warrior at the level of the Titled God Realm, even if he is only at the first level of the Divine Weapon Realm, definitely has a high status in the Feathered God Sect.

Although he is not as good as his younger brother Nie Tiange, the first genius of the inner sect, he can definitely be regarded as a first-rate being among the inner sect.

Therefore, Nie Hong, who was just a small lord of Yuhua City at this time, even with the support of his younger brother, suddenly panicked when facing Ye Feng who was suddenly so powerful.

He immediately took a few steps back, looked at Ye Feng, and said loudly: "I can't see Taishan. I didn't expect you to be so powerful. I'm leaving now!"

Actually gave in?

Many people around saw this scene with shocked expressions on their faces.

Nie Hong, the always lawless Lord of Yuhua City, really gave in to a young man at this moment.

And he still surrendered under the spotlight.

It seems that the great strength displayed by that young man had a great impact on Nie Hong.

However, everyone also understood that the reason why Nie Hong was so arrogant was entirely because he had the support of his younger brother.

But now the young man setting up the stall looks like he is just an outer disciple, but in fact he is an extremely powerful disciple of the Ascension God Sect. He is just pretending to be a pig and eating the tiger.

So Nie Hong would naturally relent.

But suddenly at this moment, Ye Feng suddenly shouted: "Did I let you go?"

Did I let you go?

This short sentence once again stirred up waves in the surrounding crowd.

Everyone stared at Ye Feng in shock, as if they didn't expect that Ye Feng would say such a thing.

Nie Hong was originally a body that wanted to turn around

Suddenly he became a little stiff, his face became extremely gloomy, he stared at Ye Feng and said loudly: "What else do you want? I have already given in."

Ye Feng smiled slightly and said loudly: "I am not a place where you can come and leave whenever you want. Don't talk to me about your identity. I don't like anything, including your so-called inner sect. The first proud brother is nothing in my eyes."

"you.....!"

Upon hearing Ye Feng's merciless sneer, Nie Hong's face immediately turned gloomy.

Ye Feng continued to speak at this time: "You provoked me and just wanted to leave like this. This is impossible. I will not make it difficult for you. If you dedicate all your wealth to me, I will let you

leave safely." , how about it? Although Yuhua Shenmen stipulates that killing is not allowed in Yuhua City, you can still do it if I kill you."

What Ye Feng said was very calm, as if he was speaking eloquently.

But at this moment, it sounded to everyone like it was filled with a biting coldness.

Everyone stared at Ye Feng with horrified eyes, knowing that this young man was not as gentle as he seemed, but a person who had revenge and was a ruthless person.

When Nie Hong heard what Ye Feng said, his face completely darkened.

He suddenly sneered and said: "Don't think that I am really afraid of you. I just want to compromise. Since you don't want to compromise, there is no need for me to give you face. My brother Nie Tiange is the inner sect of the Yuhua Shenmen. The first genius, he has countless tricks, how can I not have a trump card to save my life, today I will help you, release my trump card, and tell you to destroy it on the spot! "

Boom!

The moment Nie Hong finished speaking, a golden talisman rushed out from his body.

An ancient humanoid pattern is carved on the surface of this golden talisman.

"boom!!"

Almost at this moment, the human-shaped pattern on the golden talisman suddenly burst into divine light.

In the shocked eyes of countless people, a golden giant instantly walked out of the talisman, like an ancient god standing up in the void, full of unparalleled coercion, making everyone feel suffocated. .

"This is...ancient golden talisman!"

"It seems to be the reward that Nie Tiange received when he participated in the inner sect competition and won first place! This was obtained by a powerful elder in the Yuhua Shenmen from an ancient ruins of our human race!"

"I didn't expect that Nie Tiange would give this extremely precious and powerful talisman to his brother Nie Hong as a means of saving his life."

"This golden giant came out of the spiritual talisman, and the aura of cultivation on his body turned out to be a terrifying existence at the level of the Divine Lord, the third level of the Titled God Realm! Now that outer sect boy is finished!"

...

At this moment, countless people around him couldn't help but exclaimed in surprise, with deep awe in their eyes.

The golden giant released by this talisman is so powerful and terrifying that it probably has no opponent in the entire Yuhua City!

Nie Hong burst out laughing immediately, staring at Ye Feng across from him, and said with a cruel smile: "Boy, you are dead!"

Chapter 1920 Both Improvements

"Buzz!"

At this moment, the golden giant coming out of the talisman was extremely majestic, full of monstrous momentum, emitting golden light like the sun, like a scorching sun, floating high in the sky, like a sun god, giving people a feeling of extreme palpitations.

When everyone faced this golden giant, they felt as if they were facing the Sun God, and they did not dare to look up.

"This kind of power is really terrifying!"

"This Nie Hong is so lucky. He has such a powerful younger brother who has such a powerful life-saving trump card. I'm so envious!"

"I'm afraid that kid from outside is really going to die this time!"

...

At this time, many people around couldn't help but exclaimed.

Because the feeling that the golden giant brought to them was so shocking that it was simply irresistible.

Nie Hong, the city lord of Yuhua City, had a crazy look on his face at this time, and said loudly: "Boy, you forced me to do this. Once the ancient golden talisman comes out, no matter how powerful you are, you will be completely defeated. Suppress!"

Ye Feng stood there at this time, his eyes still very calm.

"Is this kid scared out of his wits?"

Many people around could not help but speak out.

At this time, Nie Hong immediately shouted: "Golden Talisman! Kill him directly!"

Boom!

In an instant, the golden giant landed directly from the sky and rushed in front of Ye Feng, trying to crush Ye Feng instantly.

"Master, do you want me to take action?"

Emperor Chu's voice rang in his mind.

"Just give me some power. I want to kill this golden giant with my own hands!"

Ye Feng said aloud.

Emperor Chu immediately said: "This ancient golden talisman has a huge effect on me. Master, after you kill this golden giant, you must snatch that talisman. This talisman is not the talisman of future generations, but It was made by the great weapon refiner of the human race in ancient times. It contains ancient divine power and the will of this golden giant. It has a particularly nourishing effect on me. "

Hearing this, Ye Feng nodded and said with a smile: "Okay, I will keep this talisman for you. You have worked hard in the Jinjia clan's territory during this period, so I will give you this talisman." reward."

If Emperor Chu is strengthened, it will also have a huge effect on Ye Feng himself.

In this world of gods, which is in crisis every step of the way, Ye Feng also feels safer with the ancient power of Emperor Chu guarding him.

When Emperor Chu heard what Ye Feng said, he immediately shouted with joy: "Okay! Thank you master for the reward! Now I will transfer some of my power to you! Blast this golden giant!"

Boom!

Almost at the next moment, Ye Feng immediately felt an extremely powerful force, which was suddenly transmitted from his storage ring to his entire body.

Almost at this moment, the entire surface of Ye Feng's body burst out in an instant.

Brilliant boundless crimson light.

His whole body turned directly into light!

Became a giant of light!

"I actually became the light..."

Ye Feng murmured and saw that his whole body was shrouded in endless red light, and he directly transformed from a small human race into the current giant of red light, possessing unparalleled power.

"What?! What kind of method is this?!"

At this moment, everyone on the field was shocked to see Ye Feng suddenly rise from the ground and become a giant of red light.

The aura of the red giant of light that Ye Feng had transformed into was no worse than that of the golden giant.

"Is there some ancient and powerful talisman in this boy's body that gives him the power of light?"

At this time, Nie Hong, the city lord of Yuhua City, once again lost his confident look and became a little wary.

"kill!"

At this time, Ye Feng turned into a red giant of light and took the initiative.

He waved his fist, and streams of terrifying red divine light immediately rushed out from his fist, condensing into sharp blades of light, slashing crazily on the golden giant.

"Rumble..."

The golden giant couldn't help but start to retreat immediately, unable to resist the red divine light blade that was constantly bombarding him.

At this moment, Ye Feng transformed into a giant of red light, showing that he had boundless power and was very ferocious. He attacked crazily from high in the sky, breaking everything and everything.

"Boom!"

"Boom!"

The golden giant was beaten back and forth, unable to withstand Ye Feng's ferocious attack.

"What?!"

Everyone who saw this scene, including Nie Hong himself, had a look of deep horror on their faces at this moment.

They never expected that after the golden giant appeared, not only failed to make a comeback, but was directly beaten by Ye Feng, unable to fight back.

"This is the talisman rewarded by the powerful elders of the Yuhua Shenmen! How can it be so vulnerable?!"

Nie Hong's mentality exploded at this time, and he immediately shouted at the sky.

Ye Feng suddenly laughed and said: "You think this talisman is vulnerable? You are wrong! This talisman is very powerful! The reason why he is vulnerable is because I am too strong!"

Boom! !

And at the next moment, Ye Feng suddenly punched out a terrifying fist, and the boundless divine light burst out, hitting the golden giant and exploding in the air, completely shattering it.

That spiritual talisman was directly captured by Ye Feng, and then sent into the storage spirit ring, allowing Emperor Chu to refine it himself.

The war ended.

The golden giant was completely defeated!

Ye Feng's ferocious power shocked the entire Yuhua City! ??

Countless people have remembered that this seemingly ordinary outer disciple actually possesses terrifying power.

"Plop!"

At this time, Nie Hong, who had used up all his cards, suddenly fell to the ground, as if all the strength in his body had been drained, and his eyes were full of fear.

He immediately kowtowed in Ye Feng's direction: "I'm sorry! I'm sorry! I shouldn't have messed with you! Please spare me! I will give you all my wealth!"

As he spoke, Nie Hong threw all his storage rings, storage bracelets, storage bags, etc. in front of him and handed them to Ye Feng.

Ye Feng stretched out his hand to grab it, checked it slightly, and his eyes suddenly lit up with joy.

This Nie Hong is worthy of being the city lord of Yuhua City. Over the years, he has plundered the people's wealth, lived frugally, and accumulated a huge amount of wealth.

It's a pity that now it's all my own!

Ye Feng looked coldly at Nie Hong, who was kneeling on the ground, and suddenly pointed out.

"Pfft!"

Suddenly, a divine light rushed out from Ye Feng's fingertips, like a sharp sword, piercing Nie Hong's dantian and often destroying it.

Although killing was not allowed here, Ye Feng destroyed Nie Hong, thus directly eliminating this future trouble.

As for whether Nie Hong's genius brother would cause trouble for him, Ye Feng didn't care at all.

I've been through big winds and waves all the way, why are I still afraid of some so-called inner sect's most talented person?

If he dares to come, he will kill him!

"You ruined me..."

Nie Hong's eyes suddenly turned deathly gray. He was crippled, which meant that he had lost all hope.

At this time, Ye Feng turned around and left directly under the shocked eyes of countless people.

After leaving Yuhua City, Ye Feng returned to Yuhua Shenmen.

In the residence of the outer gate, Ye Feng took out all of Nie Hong's wealth.

There are many elixirs that can increase cultivation and strengthen the body, as well as some rare treasures from heaven and earth.

Nie Hong is probably waiting to use these things in the future.

But now they have indeed become Ye Feng's wedding clothes.

"Boom!"

At this time, Ye Feng circulated the Devouring Domain and began to devour all the materials that could improve his cultivation.

"boom!"

"boom!"

At this moment, two extremely powerful auras burst out from Ye Feng.

Directly broke through the second heaven!

Entering the first level of the Titled God Realm and the tenth level of the Divine Weapon Realm, the Great Perfection Realm!

"Not bad, not bad, this Nie Hong still has

It is an unexpected surprise that someone with a lot of good stuff actually allowed me to break through the second level in a row. "

Ye Feng couldn't help but murmur at this time.

"Boom!"

And suddenly at this moment, a powerful aura suddenly emitted from the storage spirit ring on his finger.

That seemed to be the momentum of a breakthrough.

Before Ye Feng could ask anything, Emperor Chu's happy voice rang out: "Master, after swallowing that ancient golden talisman, my strength has increased a lot. It is now estimated to be equivalent to the fourth in the Titled God Realm." The strength of the God King Realm!"

The fourth level of the God King Realm!

Ye Feng heard the voice of Emperor Chu in the storage spirit ring and immediately couldn't help but nodded with satisfaction.

It seems that this ancient golden talisman obtained from Nie Hong is indeed a good thing. It actually made Emperor Chu's power increase so much all of a sudden.

Emperor Chu had become so much stronger, which made Ye Feng feel an unprecedented sense of security.

This time, both of them were promoted and gained huge rewards.

At this time, Ye Feng finally realized that he still had to look for some ancient things when he had time, such as ancient talismans, magic weapons, etc., so that Emperor Chu could swallow them to increase his power.

At this time, Emperor Chu also immediately cried out: "Master! You must work hard! Try to one day let me show the monstrous power that this ancient power should have! Master, when the time comes, whoever you see is unhappy, I will help you beat him up, Go up the mountain of swords and go down to the frying pan, there is no ambiguity in one sentence!"

While Emperor Chu was tirelessly talking nonsense, Ye Feng left his place of residence and walked towards the central area of the Yuhua Shenmen.

Now that Ye Feng's cultivation has reached the Titled God Realm, he can directly authenticate the identity of the inner disciples.

Once Ye Feng becomes an inner disciple of the Yuhua Shenmen, he will be eligible to participate in the inner sect competition.

If Ye Feng wants to have a higher status and keep climbing up, he must go through these competitions.

If you can stand out in the inner competition, you will be eligible to participate in the core competition.

In the Ascension God Sect, if a disciple can do well in the core competition, he might be able to become an elder.

Ye Feng felt that if he could become an elder of the Yuhua Shenmen, he would be able to secretly bring back Senior Shen Cangtian.

After all, although the elder of Yuhua Shenmen is not a very powerful figure, he can still be regarded as a mid-level figure.

They still have some power of their own and can form their own small forces.

Ye Feng entered the Yuhua Shenmen. Although he has been practicing hard, he has never forgotten his promise to Shen Cangtian, the Lord of Cangtian.

"Let's first ask when the inner sect competition will start."

Ye Feng thought secretly in his heart and walked towards the center of Yuhuashenmen. This time he happened to redeem some contribution points and asked about the promotion channels of Yuhuashenmen.
